### MICHIGAN LEADS THE NATION.

It is interesting to note that Michigan leads the nation in the school-driver-training courses it offers to high school students. Plymouth is one of the 279 high schools in Michigan that operates a driver-training course. In fact our school was one of the first in Michigan to inaugurate such a course.

It is good news, too, to read that the Motor News, which is the official publication of The Automobile Club of Michigan, has the courage to take a crack at the National Safety Council for contending that the nation's driving record is getting better.

How can it make such an assertion, when one can never pick up a newspaper without reading of scores and scores of accidents which have claimed the lives of not one, but frequently as high as six or seven people in one single accident?

It is true, that there are hundreds of thousands of drivers who travel the highways year after year without accidents, but they do so by being constantly on the alert against what the Auto News calls "Slam-Bang Drivers."

It is the elimination of the Slam-Bang Driver that the school driver training course seeks to eliminate. Every school board in the state of Michigan should insist that its school faculty inaugurate such a training course. In fact we believe that the state legislature should make a driver-training course one of the required high school subjects. For those who are unable to learn to drive safely, who display carelessness and take chances, there should be no driver licenses.

### PAY AS WE GO.

From just casual reading of Washington news, it appears that Senator Taft of Ohio has more brains and common sense than all of Truman's "official family," including Truman, put together. Politician Truman wants the country to prepare for its mighty military struggle by a little taxation now (not too much before election) and more after election. Apparently he thinks votes are more important than dollars with which to finance the desperate war we are in.

Senator Taft, who appears to believe that the people of this country have some common sense, declares that we should impose sufficient taxes NOW to pay for the war as we go along. He isn't afraid that the voters will turn against him for proposing to do what every loyal American citizen thinks we should do—PAY AS WE GO. Our country has been forced into a tough spot and we had better wake up to that fact before it is too late—and it is pretty late already.

### SOME RIGHT THINKING.

Senator Kenneth Wherry of Nebraska declares that congress will look with more favor upon President Truman's proposed tax increases to meet the cost of war if he will cut out the squandering of our defense cash on his socialistic schemes. There seems to be a lot of sense to that kind of thinking.

### WITHHOLD U. S. AID FROM SHIRKERS.

A while back we expressed some criticism of our Allied friends for their failure to do anything more than offer token aid in our fight to save the Korean Republic. A kind reader took exception to our "IF" idea that IF these foreign friends failed to do their duty by the country which twice saved their necks, we should give thought to building our own mighty war machine for our own salvation in the years to come.

Under the above heading, the patriotic Detroit Free Press, goes a bit further than we did. It suggests that IF these countries insist on letting America carry the entire burden of the conflict, that we cut off ALL aid of every kind to them. The Free Press says it is just as much their war as it is ours.

It is such a good editorial that we are passing it on to the readers of The Plymouth Mail, so they may read the viewpoint of a great metropolitan daily newspaper on the same subject we briefly discussed some two weeks ago under the heading, "IF Our Foreign Friends Fail Us." The Free Press editorial follows:

The "overwhelming voice vote" of the Senate to cut off Marshall Plan aid from any nation ignoring a United Nations appeal for help in fighting aggression will be, we think, overwhelmingly applauded by the American people.

The qualified and evasive responses of Governments which have been living on the American dole to Secretary General Trygve Lie's appeal for support in Korea hasn't passed unnoticed in this country. We have recognized our responsibility to the United Nations, as the only international agency working for peace.

We have met the challenge in Korea.

We are planning to spend tens of billions of dollars and whatever American lives may be needed to do our part in throwing back the invaders of UN-sponsored South Korea.

We have a right to expect other nations to live up to their obligations under the UN Charter they rushed to sign five years ago.

When they refuse to do this, we have the right to cut off their "allowances."

This isn't our war. This is the UN's war.

The Security Council has ordered the Soviet-backed North Koreans to cease and desist and summoned member nations to enforce this order.

Yet, with a few notable exceptions, these nations are holding back. They may be sitting on the fence, waiting to see how the battle goes before deciding whether they are against Communism or for it.

They are showing neither alacrity nor enthusiasm in coming to the UN's defense in its greatest crisis to date.

We should be untrue to the United Nations if we continued to pour more billions of our dollars into countries willing to betray it by flipping the coin of expediency to see which side is best for them.

We should be, from the point of view of our own interests, as crazy as some of the beneficiaries of our unselfish and unsound philanthropy already think we are.

The League of Nations did not fail because the United States remained out of it, as some of our "friends" abroad continue to allege, but because the nations that went into it tried to use it for their own blind and selfish aggrandizement.

The United States is in the United Nations up to the hilt and carrying more than its weight. Yet it is becoming more and more apparent that the UN is infected with the same disease which killed the League of Nations—a determination by too many of its members to get all they can out of it and to put nothing into it.

We can't go on with Marshall aid to such nations without paying in advance for the UN's funeral.

The McClellan amendment to the bill carrying the current year's ECA appropriation would leave it to the President to decide if funds should be cut off from a nation because of its refusal to respond effectively to a UN appeal for help.

The House has still to act upon it.

Yet it is already a warning to the Marshall Plan countries of how opinion in the United States is rapidly shaping up.

Americans are getting tired of being played for suckers. The cry will be heard abroad, of course, that this is "coercion," "American imperialism" and a "Wall Street plot."

What of it? The Communists have applied those epithets to the Marshall Plan from its inception.

The money is ours. We don't compel any country to accept it. They have clamored for it and in some instances blackmailed us to get it. They would sell out to the Communies, it was boldly hinted, if we didn't shell out our billions to convince them of the superior merits of democracy.

We are now learning anew the age-old lesson that you can't buy friends with dollars.

The Marshall Plan was designed to restore to the peoples who came into it a standard of living we thought would make them proof against Communist seduction and stout defenders of the United Nations.

We asked nothing for ourselves.

We were warned against hurting the feelings of "sensitive peoples" by exacting hard and fast commitments to use our largess—so as to strengthen Europe and the UN and the cause of world peace.

The failure to make such terms with their Governments seems to have given them the idea that the money is THEIR money and that we can't withhold it.

Well, Americans are beginning to wonder.

The time has come for the members of the UN to stand up and be counted.

## \$25,000 Fire Destroys New Home Tuesday

A disastrous fire completely destroyed the home of Mr. and Mrs. Don Albright of Lakeview avenue in Phoenix subdivision Tuesday night. The flames were visible from the Plymouth city limits, drawing about 500 people to the scene of the fire.

The cause of the fire, which started in the garage adjoining the home, is undetermined. Damage was estimated at about \$25,000. The home was less than a year old and was a modern five-room ranch style home. The house was partially insured.

The Albrights were in their living room when they smelled smoke. As they went out to the garage smoke filled the whole house. The Plymouth township fire department was called but its auxiliary water supply truck was delayed in getting to the fire because of traffic congestion on Five Mile road caused by people driving to the fire. Because of the intense smoke no furniture or clothing in the home could be salvaged.

Lack of water forced the Plymouth township fire department to stop fighting the spreading flames. At 8:45, approximately 50 minutes after the fire started, the Northville Community fire department arrived but was too late to save the home. Paint stored in the garage and an oil storage tank in the utility room hindered fire fighting.

Fire Chief Clayton Koch of Plymouth township stated that the Northville township fire department should have been called to the fire first as the home was in its zone. By calling the Plymouth township fire department a delay of a few minutes was involved in order for the fireman on duty to secure permission from the fire chief to go out of the township on the call. The fire chief urged all residents of the area to be sure of the fire department which serves their home and to keep the phone number handy. Firemen remained at the fire until shortly after midnight to make sure no grass fires would start from the flames.

## Sam & Son Drug to Move by Sept. 1 Across Penniman

The Sam and Son Cut Rate Drug store on Penniman avenue will move to larger and more modern quarters on or about September 1 when the store moves into the building at 859 Penniman avenue, formerly occupied by Thompson's Market.

Jack Levin, owner of the drug store, states that plans are being made for complete redecoration of the new location. New flooring will be installed as well as modern lighting and equipment. The Plymouth Men's Wear shop that shares the building with Sam and Son will occupy the entire building after the drug store moves.

## Attorney Opens Law Office on Main Street

Clifford H. Manwaring, attorney, opened his law offices at 274 South Main street last week. The attorney graduated from the University of Detroit school of law in June, 1949, where he has studied since his return from military service.

Mr. Manwaring, who has been a resident of Plymouth since 1940, was previously employed at the Michigan Cellulose company.

## Awaits Visit of Plymouth Contest Winner

General Mill's Betty Crocker who will be hostess to Mr. and Mrs. Thomas Bateman when they arrive in New York next Wednesday for an all expense weekend as guests of the "Betty Crocker Magazine of the Air." The trip was awarded Mrs. Bateman as winner of the "Tops in our Town" contest and voting conducted by the magazine and The Plymouth Mail.

## City Golf Tournament Is Sparked by Brilliant Play of Lock and Bentley

Although Larry Bentley stole qualifying honors last Saturday in the preliminaries of the city amateur golf tournament at Hill-top Golf course with a low medal score of 71, Tom Lock took second place honors with 72 to remain a strong contender for the crown which he is defending for a second time.

Shooting from long tees and putting for cups placed in tricky positions reduced the number of players who were able to score in the seventies. Next to Bentley's 71 and Lock's 72 were third low 75's scored by Al Richards, Larry Moe and James McAllister.

Winners in all flights on Saturday will move into the quarter finals in the championships and final flights and semi-finals for the second, third and fourth flights to be played August 20 at 12 noon.

Finals in all flights will be played on Saturday, August 26. The public is urged to attend the matches as they near their thrilling climax.

The annual Victors Dinner Dance will be held Saturday, August 26, at 7:30 p.m. at the Lone Pine Riding academy. The awarding of prizes and trophies will be the feature event of the evening.

Results of first matches in the championship flight were as follows: Bentley def. Al Robinson 7-6; George Kenyon def. Al Owens 2 up; George Todd def. Henry Levering 4-3; William Woods def. Bud Archer 1 up; Jerry Walsh def. Gordon Moe 5-3; Jack Palmer def. Sam Coffee 4-3.

## Accept Proposal For Hough School

Voters of the Canton Township School District No. 1 of the Hough school, okayed the borrowing of \$20,000 for the construction of a new school building in the election held Monday night. Bonds will be issued for the money.

Borrowing of the above sum was one of three propositions offered the district on the ballot Monday and it was accepted by a vote of 42-27. They also voted 49 to 32 to increase the limitation of the total amount of taxes which may be assessed against the property in the district to 8 mills for a period of 15 years.

## Michigan Daily Rolls From Mail Presses

While the press of the Michigan Daily, University of Michigan's newspaper, is being replaced by a newer model the publication is being printed nightly on the newspaper press at The Plymouth Mail.

Forms made up in the Michigan Daily plant are brought to Plymouth shortly after the deadline there at 1 a.m. and Mail pressmen produce the papers for the Ann Arbor publication early in the morning.

The Michigan Daily is one of five newspapers that have been produced on Plymouth Mail presses during breakdowns or

change overs in their own plants. The Northville Record was printed in the Mail press room for nearly two years after the disastrous fire there 23 years ago. The Chelsea Standard was also printed on Mail presses when their press was smashed in an accident about 10 years ago as was the St. Clair Press during the war for several months when they had no printers in their plant. Lastly, The Livonian has been produced in the Plymouth Mail plant for nearly 11 years but that soon will be located in a plant of its own to be built on Five Mile road across from the Livonia city hall.

## Set For Parking Options

The city manager was authorized by the city commission Monday night to take options on property for a proposed city parking lot planned for the center of the block bounded by Main, Penniman, Union and Dodge streets.

Options will be taken for an amount not to exceed 25 cents a square foot. The action followed a discussion by commissioners on the necessity of another large public parking lot in the downtown area. Property on Fralick avenue between Main street and Harvey was also considered by the commission.

Money for purchase of the property by the city probably will be taken from the general funds of the city. Money collected from parking meters now goes into the general fund.

## Enlistees Train at Great Lakes

Two Plymouth boys are now training at Great Lakes, Illinois, following their enlistment in the Navy. They are Robert Cochrane and Pat Dowling. Both will complete a 10-week training course before assignment to units of the fleet or to a service school for specialized training.

Robert, who is 17, is the son of Mr. and Mrs. Howard Cochrane of Sunset avenue. Pat, son of the Patrick Dowlings of Sheridan avenue, is 19 years old and was graduated from Plymouth High in 1949 where he played on the football team.

## Deadline Aug. 23 for Voters' Registrations

Deadline for registration for the primary city elections is on Wednesday, August 23. Registrations of qualified electors are being taken at city hall from 8 a.m. to 5 p.m. daily and the office of the city clerk will be open until 8 p.m. on the 23rd.

Primary elections will be held September 12.

## Plymouthites Among Hilltop Campers...

Unknown to many Plymouthites is the fact that the Hilltop Farm Camp operated by Mr. and Mrs. Evered Jolliffe is listed among the larger undertakings of this kind in Michigan. About 140 Michigan youngsters will attend the camp this summer and partake of the health giving food and activities that are making the camp so popular with children from Benton Harbor, Grand Rapids, Detroit, Lansing and other Michigan communities. Pictured above were seven Plymouth children found at the camp one day last week enjoying a dip in the pool which is an important part of the activity. In the water left to right are Soren Pederson, Jackie Egloff and Sharon Egloff. Seated on the edge of the pool are Bobby Cole, Susie Ellerholtz, Bobby Stevens and Perihan Berkam. The camp was established 17 years ago on the Jolliffe farm on Beck road and caters to children between the ages of 3 to 10 years. Featured amusements other than games are pony rides, horse back riding, swimming, hikes in the woods, nature study, etc., and a regular Sunday evening feature of the camp that has proven popular with children and parents alike, is the Sunday evening song festival sung to the accompaniment of the Jolliffes' Hammond organ.

## Nearly 1,000 Ballots Cast In Close Contest That Names Lois Bateman 'Tops'

It was a close election that is in the hearts of Plymouth, the "Tops in our Town!" Voting was heavy and we were very proud to see everybody give such fine support to this wonderful contest to find and honor our good neighbor, Lois Bateman, the pride of Plymouth, the person our town could least do without.

As "Tops in our Town," Mrs. Bateman has won a free trip to New York, accompanied by Mr. Bateman. They'll sure enjoy that trip to Manhattan, where they'll stay at The Statler, one of New York's luxury hotels, dine at famous restaurants, such as Billy Rose's Diamond Horseshoe, Jack Dempsey's, Lindy's, and go on sight-seeing trips to some of the city's famous landmarks, including a boat trip around the island of Manhattan. Also included in the itinerary are attendance at the

## Break Ground For New Kroger Store on Forest Avenue

Ground was broken Monday for the new Kroger super market on the east side of Forest avenue next to the Laundromat. The building is expected to be completed by December 1, when the Kroger store on Main street will move to the new location.

The building will cost approximately \$75,000 or \$80,000, and will measure 100 by 120 feet. Architects for the modern structure are Gould and Moss, Architects and Engineers.

The property was owned by Carl Shear but was sold to the Atlas Finance company who are constructing the building. Kroger's will lease from this company.

Parking facilities for the super market are planned on Main street and will extend to the alley at the rear of the store. Parking will also be available on a lot next to the store.

## Coach Launches Football Plans For Coming Year

The 1950 football program of Plymouth High school will be launched next week, according to Hilton Ponto, varsity coach. Sixteen senior lettermen graduated from the football ranks last season which definitely leaves a small nucleus for this year. Lettermen returning this fall are Jack Elliott and Charles Stark, ends; Robert Keeney and John Robinson, guards; Robert Gow, center; David Travis, halfback, and Philip Jacobus, quarterback.

Boys who will be strong contenders for back field assignments are Ronald Davis, George Hunter, Darrell McKinley, Richard Cramb, Ronald Beaver and William Runge.

In the line it is expected that Richard Nelson, Ronald Finney, Jerry Huddleston, Gary Sockow, James Stevens, Jerry Finnegan and Richard Zukosky will make strong bids for varsity play.

Jack Kropf who played one year of varsity football at Lewisville, Ohio, enrolled at Plymouth the second semester last year and will be considered at an end position.

Some sophomores who will report for early practice are Ronald Nyhus and Richard Nagel, a pair of 190 pound tackles; Jerry Vertese, 200 pound center; Albert Williams, 185 pound end; Larry Wood, 150 pound quarterback; Ronald Ritter, Peter Leemon, guards, and Richard Huebler, back.

According to Arthur Alford, junior high principal, the above mentioned boys should report for physical examinations at the (Continued on page 3)

### Rorabacher - Johnson Nuptials Read in Candlelight Ceremony

In a double ring ceremony Saturday Shirley D. Johnson, the daughter of Mr. and Mrs. Frank Johnson of Romulus, was married to Carl F. Rorabacher, son of Mr. and Mrs. Carl A. Rorabacher of Wayne.

The candlelight ceremony was read in St. John's Lutheran church before an altar decorated with palms and mums. The Rev. G. Press performed the marriage and Mrs. Press sang "Dear Ruth" and "The Lord's Prayer" at the wedding.

The bride chose a gown of white slipper satin fashioned with a high neckline, finished with a peter pan collar. The fitted bodice and full skirt and train were trimmed with Chantilly lace. Her fingertip veil fell from a crown of braided satin trimmed with pearls. She carried a bouquet of white mums and lilies of the valley tied with satin streamers.

Mrs. Edward Ash, sister of the bride, served as matron of honor, wearing a gown of pink taffeta. She carried a bouquet of aqua mums and imported lilies and wore a white picture hat with a pink bow and matching mitts.

Bridesmaids were Patricia Rorabacher, sister of the bridegroom, and Delores Schwartz, a cousin of the bride. Both wore aqua taffeta gowns fashioned like

the matron of honor's with mums and hats to match. They carried bouquets of pink mums and imported lilies.

Little Suzanne Johnson, niece of the bride, assisted as flower girl. She wore an aqua dress and her headpiece and bouquet were of baby mums. Vernon Rorabacher of Wayne served his brother as best man. The ushers were Robert Kubitsky of Wayne; Franklin Johnson, brother of the bride; Don Stockbridge of Wayne and Edward Ash, brother-in-law of the bride. The rings were carried by little Eugene Rorabacher, brother of the bridegroom.

The bride's mother wore a navy blue crepe dress with white accessories and Mrs. Rorabacher selected a royal blue crepe dress with white accessories for the occasion. Each wore white carnations and imported lily corsage.

Immediately following the wedding, a reception for 350 guests was held at the American Legion hall in Plymouth. Guests were from Plymouth, Detroit, Wayne, Dearborn, Inkster, Garden City, Ypsilanti, Ann Arbor, Milan, Saline, Morenci, Walled Lake, Romulus, Belleville, Wyandotte and Northville.

The newlyweds left for a wedding trip to northern Michigan and upon their return they will reside in Wayne.

### Edward Strong Engaged to Joanne Paton of Toledo

Mr. and Mrs. Roy W. Paton of Sherbrooke road, Toledo, announce the engagement of their daughter, Joanne, to Edward R. Strong of Plymouth. Miss Paton is a member of Gamma Phi Beta sorority at the University of Michigan and is now attending the University of Toledo.

Mr. Strong is the son of Mr. and Mrs. Sidney D. Strong of Williams street. He is completing his work toward a master's degree in business administration at the University of Michigan where he is a member of Zeta Psi fraternity. No date has been set for the wedding.

### Engaged.....

Mr. and Mrs. Kenneth Packard of Blunk street announce the engagement of their daughter, Patricia, to John J. Ort, son of Mr. and Mrs. John C. Ort of Bad Axe, Michigan.

### BIRTHS

Mrs. Ray Gardiner of Oakview street gave birth to a 6 pound, 9 ounce baby girl last Saturday night at Sessions hospital. Her name is Evelyn Ray. The proud grandparents are Mr. and Mrs. Hugh Gardiner of Pearl street, and Mr. and Mrs. James Cannady of Elmhurst street. They also have two other little girls, Vickie and Julie. Mrs. Gardner is the former Melva Cannady.

Mr. and Mrs. Lionel LaMay of Rosedale Gardens announce the birth of a son, Lionel Edward, born July 18 at Sessions hospital. The baby weighed 6 pounds, 4 ounces at birth.

### Brother Officiates at Wedding of Joann Bovee to Wm. Zimmerman

The first marriage performed by Keith Bovee, pastor for the summer at the Fairfield, Michigan, Baptist church, was that of his sister, Joanne Carolyn, who became the bride of William E. Zimmerman last Saturday.

The bride is the daughter of Mr. and Mrs. Donald Bovee of Ann Arbor trail. Keith is a student of theology at Adrian college in Adrian. The bridegroom is the son of Mrs. William A. Zimmerman of Detroit and the late Mrs. Zimmerman.

For the afternoon ceremony the bride wore a white organdy ankle length gown with white accessories. She carried a white rose nosegay centered with a corsage of red rosebuds. The bride's sister-in-law, Mrs. Robert Bovee, was matron of honor. She wore a navy dotted swiss dress with white accessories and a red carnation corsage. Joyce Bovee,

junior bridesmaid, wore a mint green organdy dress. The bridegroom's brother, Robert, was the best man.

For the wedding Mrs. Bovee chose a white print sheer dress with black accessories. A reception was held in the home of the bride's parents at 8 p.m.

On the wedding trip to Canada the bride wore a navy blue suit with white accessories. She is a graduate of Plymouth High school. Mr. Zimmerman attended Spartan university in Tulsa, Oklahoma, and is employed as assistant airport manager at Mettetal Airport. The newlyweds will make their home at 12412 Tuller avenue in Detroit.

Mr. Biggs: "Did you enjoy the cake, dear? I baked it myself."

Mr. Biggs: "Wonderful, my love. Almost as good as store cake."

### Newlyweds Travel Through East Following Wedding in Wayne

A wedding trip through the eastern states were the plans of Mr. and Mrs. Elmer H. Wriska who were married last Saturday in St. John's Evangelical Lutheran church in Wayne. The bride is the former Lucille Louise Prieskorn of North Territorial road. Mrs. Edward Shields of Ford road is the mother of the bridegroom.

The evening ceremony was performed by the Rev. G. L. Press. The bride was given in marriage by her father. Palms, white gladioli and candles decorated the church altar. "O Promise Me" and "O Perfect Love" were sung by Mrs. G. L. Press, accompanied by Mrs. Richard Press at the organ.

The bride chose a white lace over marquisette wedding gown with a lace edged train. Her veil was attached to a headpiece trimmed with rhinestones. She carried white gladioli and Calla lilies.

Pastel gowns with peter pan collars and hoop skirts were worn by the bridal attendants. Mrs. John Blinci, sister of the bridegroom, was matron of honor and wore an orchid dress with a headpiece of yellow gladioli and she carried an arm bouquet of the same flowers.

Bridesmaids included Alma Bachler, who wore a green gown with flame colored gladioli; Jeanette Prieskorn, who wore peach and carried blue gladioli, and Betty Taepke, who wore a blue gown and carried pink gladioli. Leo Wriska was best man and ushering duties were performed by Kenneth Prieskorn, Howard Stine and John Blinci.

The mother of the bride chose an aqua dress with navy accessories for the wedding and Mrs. Shields was dressed in beige with white accessories. Both of the mothers wore orchid corsages. The wedding reception following the ceremony was held in the VFW hall in Wayne. Over 250 guests attended from Plymouth.

Mrs. Elmer H. Wriska

Wayne, Detroit, Ypsilanti and Dearborn.

For her wedding trip the bride wore a navy blue suit with white accessories. The couple will make their home at 7640 North Territorial road in Plymouth.

**Licenses and 1950 Game Law Digest Ready For Hunters in September**

Michigan's 4,000 hunting license agents will have a stock of game licenses and copies of the 1950 game law digest by the second week of September, according to the conservation department. Final shipments to upper peninsula dealers are now being made.  
License fees are unchanged with residents paying \$2 for a small game license, \$3.50 for deer and bear, \$3.50 for bow and arrow hunting of deer and bear, and \$2 for the trapping license. Non-residents will continue to pay \$15 for small game hunting, \$35 for deer and bear, and \$10 for bow and arrow deer and bear hunting.

Hunters of ducks and geese must purchase, attach to license, and cancel with signature a federal migratory waterfowl stamp. Stamps can be secured only at the post office.  
The new 12-page game law digest folder, available from license agents without charge, contains the substance of basic laws on hunting, season dates and bag limits. The digest does not include waterfowl season closing dates, bag limits or possible regulation changes since this information will not be available until

late August. When the U.S. Fish and Wildlife Service sets final waterfowl regulations the hunter can check them in the newspaper and with the local conservation officer.  
Last year sportsmen were issued 1,043,111 hunting and trapping licenses.  
"There was no evidence of scare buying," stated Mr. and Mrs. L. F. Martin, owners of Martin's China shop on Ann Arbor road, in commenting on the Chicago China, Glass and Gifts show held from July 31 to August 11.  
The Martins added that all dealers were buying in normal quantities in spite of the war scare and that no raise in prices of china and glass is expected this year.  
The Golden Jubilee showing was put on by the Eastern Manufacturers and Importers Exhibit, Inc. and the China Merchandise club of the Chicago Merchandise Mart. Leading manufacturers and importers from all over the world were represented at the show.  
The Martins purchased a number of items for their shop at the show, among them a line of stemware known as Wistaria. This new purple colored stemware has not yet been on the market in the Middle West and its design and coloring was supervised by Actress Helen Hayes.  
Other new lines ordered by the Martins were Christmas tree plates for holiday parties, English brass, Epicure ware, English and American china and a handmade glass made by the Blenko company.

TOMATO ASPIC makes an excellent base for a salad, especially if you mold the aspic with some deviled eggs. Served with tossed green salad.  
Here's a delightful egg dish to serve with special luncheons. Poach two eggs for each serving and place on toast which has been covered with sauteed mushrooms. Cover with cream sauce and serve with cooked asparagus spears.  
Cold cereal treated as follows is an excellent accompaniment for fried chicken or ham: mold cereal and chill. Dredge in flour and fry in butter until crisp and golden.  
Sliced bananas can extend raspberries or strawberries when you

**RECIPE OF THE WEEK**  
Lamb Curry (Serves 4)  
1 1/2 pounds lamb shoulder meat  
1/2 cup chopped onion  
1 tablespoon butter  
3 cups hot water  
2 teaspoons salt  
1/4 teaspoon thyme, if desired  
2 tablespoons flour  
1/4 teaspoon curry powder  
1/2 cup rice  
Cut lamb in 1-inch cubes and brown lightly with onion. When brown add water, thyme and salt; let simmer very slowly for 1 1/2 hours. When cooked, add flour, curry and enough cold water to make a thin paste. Meanwhile, cook rice in 4 cups salted water until tender; rinse rice in hot water. Line buttered casserole with rice, pour lamb curry on top. Serve at once.  
have extra guests dropping in for that shortcake dessert.  
A good way to prepare toast to go with salads: slice bread thin, butter and sprinkle generously with grated Parmesan cheese. Toast in oven.  
Tender cooked broccoli, seasoned with salt, pepper and nutmeg is excellent as a base for creamed chicken. Sprinkle with cheese and toast under broiler until cheese melts.  
Try hot rice as a base for chicken or ham a la king in place of toast next time you serve either of them. You can place in a casserole and serve from there.

**Convict Youth of Reckless Driving**  
William Dunn, 17, of Novi was convicted of reckless driving in Municipal court Monday and must serve 30 days in the Detroit House of Correction. Judge Nandino Perlongo put him on two years probation and fined him \$100 plus \$50 costs.  
Dunn's attorney, Dunbar Davis, might appeal the jury's decision in Circuit court and Dunn was released on bond. Dunn was arrested as the driver of the automobile that attempted to run down two Plymouth policemen who were about to question him near Riverside cemetery July 30. The policemen, Roger Vanderveen and Loren Johnson, stated that they had to jump back into their squad car to avoid being hit by Dunn's car. They fired at the car as it sped east on Plymouth road and, after a chase, lost the car in traffic.

USE WANT ADS TO RENT SELL BUY TRADE ETC.

SUCCESSFUL PARENTHOOD By Mrs. CATHERINE CONRAD EDWARDS Associate Editor, Parents Magazine

IT HAS COME to be a family joke, told with indulgent laughter and half-pride. Father set out to buy the baby a gift, wandered from toy store to art museum, and returned home with a print he had long admired. But now, some 10 years later, the picture he bought hangs in his daughter's room and is one of her favorite possessions.

A few years ago this little girl seemed more interested in music than in art. Before she could operate the phonograph herself she would beg her mother to play classical recordings. Experts note that it is typical of children that their interests change as they grow. Yet at one time or another children enjoy all the arts—quite without pressure from parents. Indeed, most attempts at forcing art appreciation seem to produce an attitude exactly opposite to that desired. No, helping children enjoy the arts is more like gardening. You can't open the seed and pry out the potential flower. But you can provide fertile soil and a favorable climate for seed germination and growth.

Undoubtedly your home has pictures upon its walls. But how and why were these pictures hung? Because with color, emotional appeal, cleanliness of line, detail, they truly inspire? Or was that garish landscape hung in deference to Aunt Ella who presented it one week-end? Or because something was needed as a temporary cover for that cracked spot in the wall—and you never got around to making a good substitution? Even the best pictures can hang so long in one spot that no one notices them anymore. Changing the pictures on your walls now and then gives a lift to the whole family. Children

especially will notice it. They will, that is, if the pictures are hung low enough for them to see. In a child's own room at least, pictures should be hung at a child's eye level.

At first thought it seems that in most homes there are no examples of sculpture. Yet pleasingly shaped toys, well made, carefully finished, are really three dimensional art forms. Choose your youngster's playthings with some thought to their structural pleasingness. Perhaps as a child you spent happy hours playing with a collection of rocks—rough, smooth, angular, rounded.

Now that radios, phonographs and most recently television sets have become common household equipment most children have ample opportunities to hear music. Good books—those designed especially for children, and other grown-up books—should be in the home, and placed where a child can browse without having to wait for an adult to get them for him.

But don't expect children to say much about liking art. How adequately can you describe your feelings about seeing a magnificent sunset or hearing a Chopin Nocturne? And your youngster has been using words for but a fraction of the time you have. Some children, it is true, become interested intellectually. They want to know who painted the picture, how, where? But when you read a poem to a child he may feel all warm inside, or lifted with exhilaration. In all probability he will remain silent. Yet his admiration is just as genuine as that of the child who enthuses vocally. And the experience is immensely valuable to both children in terms of esthetic development.

Hold Funeral For Mrs. Rose Fulton

Funeral services were held on Saturday, August 12, at 2 p.m. at the Schrader Funeral home for Mrs. Rose Fulton who passed away early Thursday morning, August 10, at her home on 451 Lotz road in Canton township. Mrs. Fulton was 84 years of age, and has been a resident of this community for the past 50 years. She was a member of the First Presbyterian church of Plymouth and of the Ladies Auxiliary and took a very active part in all church affairs as long as her health would permit.

Her husband, John Fulton, and her step-daughter, Mrs. Maude Hix, preceded her in death. Surviving are two daughters, and one son, Miss Rose Fulton and Floyd Fulton, both of Canton township and Mrs. Alger Smith of Wayne; also surviving are her granddaughter, Mrs. John Albertson of Plymouth, and her great-granddaughter, Carol Ann Albertson.

The Rev. S. Conger Hathaway of Battle Creek officiated. Hymns were rendered on the organ. The active pallbearers were Glenn Truesdell, James Stephens, Edward Stewart, G. Alfred Bakewell, Clyde Frank and William Kaiser. Interment was in Riverside cemetery.

Funeral Held For Mr. Chamberlain

Funeral services were held on Monday for John Riley Chamberlain at the Sonderegger Funeral home with the Rev. Shurly Johnson of the Central Methodist church, Detroit, and the Rev. John Yeoman, retired Methodist minister, officiating. Interment was in Rural Hill cemetery, Northville.

The active pallbearers were Cecil Chamberlain, Harmon Chamberlain, Harold Chamberlain, Chris Rank, Alex Yeoman and Howard Ives.

Mr. Chamberlain passed away August 11 at the home of his sister, Mary Chamberlain, in Staunton, Virginia. He was 80 years old. Until his retirement 12 years ago he was employed in the Collector of Internal Revenue office in Detroit.

Besides his sister, he is survived by three sons, Harold of Romeo, Cecil of Newaygo and Harmon of Lansing; three daughters, Mrs. Frances Ives of Detroit; Mrs. Dorothy Yeoman of Plymouth, and Mrs. Ruth Rogers of Elmwood, Tennessee; a brother, William of Adrian; 15 grandchildren and eight great-grandchildren.

Charles E. Allen Dies in Ann Arbor

Charles E. Allen passed away at the University of Michigan hospital August 8 at the age of 56. Mr. Allen was born in Detroit but has lived in Plymouth for the last 30 years.

The Rosary was said at the Sonderegger Funeral home at 8:30 p.m. last Thursday by the Rev. William P. Mooney. Requiem Mass was held at 10 a.m. in Our Lady of Good Counsel church Friday and interment was in Holy Sepulchre cemetery.

Mr. Allen is survived by his wife, Georgiana, of Forest avenue; three sons, Captain Stanley Allen, serving with the United States Army in Japan; Walter and Donald of Plymouth; five daughters, Mrs. Marion Daley, Mrs. Margaret Merritt, Mrs. Mildred Wesley, Mrs. Marjorie McCullip, and Mrs. Madeline Hunt, all of Plymouth.

If you have any local news items, club news or any social news, call 1755.

Last Rites Held For Jones Child

Gordon Jones, infant son of Nadine and Richard Jones, passed away at the Beyer Memorial hospital in Ypsilanti August 14. Besides the parents, survivors include one sister, Jennifer Ann; grandparents, Mr. and Mrs. Chas. Dudley and Grayson Jones; also one great-grandfather, John H. Jones.

The baby was brought to the Sonderegger Funeral home and graveside services were held on August 15 at Riverside cemetery. The Rev. Melbourne Johnson was the officiating minister.

REV. ROBERT H. HARPER  
John, the Preacher of Repentance  
Lesson for August 20: Luke 3: 7-20  
Memory Selection: Luke 5: 8

**J**OHAN, the son of a priest and a kinsman of Jesus, dwelt in manhood in the wilderness of Judea, dressing in skins and eating locusts and wild honey. This rustic became the greatest man of his time, with the exception of Jesus. The Lord said of him that there had not arisen a greater than John the Baptist. In the wilderness John, called upon men to repent. Multitudes went to hear him, many from Jerusalem. Rich and poor, great and humble were alike included in his burning denunciations, and heard his call to repent. He pointed those who repented to a godly life. He foretold the coming of One who should gather the wheat and burn the chaff. John was baptizing with water; Jesus would baptize men with the Holy Ghost. John dared to rebuke Herod, the tetrarch, for taking his brother Philip's wife. For that he roused the hatred of the adulterous woman, and John, the man of the open, was cast into a foul dungeon. Soon his head was cut off and brought to the woman's dancer daughter. Thus John died, but he has lived on in the world through the ages since. Let us be witnesses for Christ, as bold and uncompromising with sin as was John, and as faithful in pointing men to the Saviour.

Meg: "Do you believe in planning things ahead?"

Peg: "Indeed I do—why, I even write my diary a week in advance."

### Your Police Department Speaks

Written by members of Plymouth's Police department

The State Highway department is cooperating with the Michigan State Safety commission in a program designed to make our highways safer. The campaign continues through the month of August.

This week stress is being put upon the reasons for obeying stop and go signal lights. This is an all-out drive to save lives, prevent injuries and stop the property damage on our streets and highways.

Traffic stop and go lights are very dangerous unless all drivers obey them, because drivers approaching from opposite directions depend upon each other and when one fails to heed a stop

light a crash is certain. Stop and go lights are there for driver and pedestrian protection, but do not provide automatic safety. If all drivers and pedestrians obeyed the traffic lights at all times there would be no accidents at intersections.

State Highway Commissioner Charles M. Ziegler says that stop and go signal lights are placed only after careful study determines that safety conditions at an intersection will be definitely improved. He warns that drivers trying to "beat the lights" are the greatest contributors to intersection accidents.

### This Was The Plymouth United Savings Bank in 1898

Parties in this picture are from left to right:

- Chas. Riggs
- E. L. Riggs
- Dewey Berdan
- Harry Robinson in Bank
- E. K. Bennett in Bank
- Henry Baker
- Geo. Holbrook

This picture was taken about 1898 to 1900

Probably no picture will show more clearly just how Main street looked nearly 60 years ago. The horse and buggy pictured above stands directly in front of the entrance to the first offices of this bank. To the left in the picture is the E. L. Riggs store and on the other side of the bank is the J. R. Rauch store. Both were popular stores in their day with local residents and shoppers from neighboring communities.

In the picture standing in front of the Riggs store on the left is Charles Riggs the owner's son and next to him is the father, E. L. Riggs. Dewey Berdan is standing in the entrance way of the bank and next to him in the window stands Harry C. Robinson.

In the center window of the bank is the first cashier, E. K. Bennett, who moved with the institution to its present quarters and where he served for many years, passing out friendly greetings to all those who entered

the bank institution. Standing in front of the bank, near the right of the picture is Henry Baker on the left and George Holbrook on the right. These were the good old days of the village and they were trying times for the new Plymouth United Savings Bank but the officers and directors of that institution planned well for the future. The foundation that was built made it possible for this bank to grow into one of the most stable institutions in the community and today as in the days of old "our first responsibility to our customers is service, and it has been our continued use of this policy that makes this institution the land mark today that it is on the main corner of the city in which we live."

Yes, the Plymouth United Savings Bank has come a long ways in 60 years and our village has grown into a city. What will we have to say some 60 years from now?

BY AL FINNEY

In the Plymouth Recreation all star game played at Briggs stadium last Saturday the Plymouth all stars edged out the Detroit all stars 3-1. The whole Plymouth team played a good game. The pitching was outstanding on both teams. Charles Templeton started for Plymouth and hurled three innings allowing Detroit three hits while striking out three. Wally Dzurus, the Daisy star hurler, then went in to pitch and Wally did a wonderful job as he held the Detroit all stars to one hit which was an infield hit. James Martin finished for the Plymouth all stars and he did a beautiful job as he held Detroit to one hit also.

Charles Lau of the Wayne all stars was one of the two players picked by a dozen judges to represent Michigan in the annual Hearst National Junior baseball championship at the Polo Ground August 23.

Lau who is a star athlete in Romulus High school was picked for this honor due to his ability behind the plate and the outstanding hitting he does. In the preliminary games played at Ann Arbor Lau collected seven hits in ten trips to the plate.

The Class D softball is drawing to a close again and it looks like it is going to be a close race again. The Redbirds from the Training School are now leading with a 6-2 record. The Hoots and Northville are tied for second with four victories against three setbacks. The final games will be played this week and then the teams will move into a one game knock out playoffs next week.

### Dunn Steel Team Totals 13 Wins

Dunn Steel had a very close game August 7 as they just edged out Champion Corrugated 13-12. Gray started for Dunn Steel but was relieved by McIntosh in the sixth. Caldwell was the losing hurler. This was Dunn Steel's 13th win in the Industrial league.

Dunn Steel started out as usual in the first inning and scored four runs. Becker was safe on an error and Farwell on a fielder's choice. Stout, Reid and Litzenberger all singled, scoring the four runs. Dunn Steel was then held hitless for the next four innings.

In the second for Champion Corrugated they pushed one run across as Schroeder walked and came around. In the third Hees scored another run as he singled and scored on a single by Hapcock. In the fifth Champion Corrugated scored five runs as ten men came to bat and five hit safely. In the sixth Champion Corrugated scored four more runs making the score 11-4.

In the sixth for Dunn Steel they went ahead again, scoring eight runs as 11 men came to bat. Dunn Steel collected five hits in the inning including a home run by Stout.

In the seventh frame Champion Corrugated tied up the game 12-12 as Hees scored after he had singled. In the last of the seventh Dunn Steel managed to push a run across with two outs to give them the game. With two outs McIntosh and Allen singled. Becker was then safe on an error and McIntosh came across with the winning run.

### Cardinals Down Great Americans

The Cardinals went into second place in the "F" league August 7 as they downed the Great Americans 13-8. Ferenzi was the winning pitcher and allowed one hit. Petro was the Great American hurler and allowed five hits. The game was called at the end of the fourth inning due to the time limit.

## Playground News

**DAY CAMP**  
The Day Camp season at Kensington park has drawn to a close for another year. Nature hikes, trail blazing, fire building, fishing and swimming were enjoyed by all boys and girls between the ages of nine and fourteen.

Next year we hope to extend the time to four days a week which will climinate swimming at the Rouge pools.

Through the splendid cooperation of the Day Camp staff which consisted of Mrs. Arthur Donnelly, Beth Hopeisel, Mrs. Ruth Kurtz, Barbara Daniels, Ronnie Beaver and Jim Henry, the bus driver, the camp has been a successful venture.

Beth's group went fishing and caught 13 sunfish and two bluegills. Bob Jenkins advised Beth to use a mouse casting lure and she caught two 12 inch large mouth bass. Foster Brown and Doug Wyse made a raft and a bunch of Boy Scouts shoved it in the river.

David Baker and Douglas Wyse

**PLAYGROUND**  
Through the excellent cooperation and work of the playground staff, Barbara Daniel, Margaret Daniel, Pat Pine, Ruth Kurtz, Ron Beaver, Sally Holcomb, Sue Woolweaver and Wilma Latture, the playgrounds have entertained approximately 6,000 children this summer in total attendance. Next year we hope to see more children take advantage of this opportunity in group play.

## Boys Guests of Optimists at Ball Game

Ten lucky boys from Plymouth were taken to Briggs Stadium for a Detroit Tiger game recently by members of the Optimist club. Before the game the boys went swimming at the Boys' Club of Detroit and were then taken to lunch, sporting the new baseball caps bought for them by the club. Optimist Bob Minock, Herb Woolweaver and Dick Gray, left to right, supervised the trip.

## Allen's Forced Out of Playoffs by Contractors

In the Old Timers' playoffs Allen Industry was forced out by Contractors August 9 by the score of 13-8. The Contractors have lost one game so they can't lose or they will be out. Rorabacher was the winning hurler and Atchinson the loser.

The Contractors scored three runs in the second inning as Gilles singled, Stevens walked and Rorabacher singled, driving them in. Rorabacher then scored when Kinkaid singled. In the fourth frame the Contractors scored three more runs. Gilles singled again, Stevens was safe on an error, Curtis walked and Rorabacher singled.

Allen came back in the fourth with two runs as Fann, Williams and Carr hit safely. In the fifth Allen scored three runs as Wall and Fann singled and scored when Turkett hit a home run.

In the fifth for the Contractors they scored a run and in the sixth a funny thing happened, as Rorabacher, leading off, tripled; Kinkaid doubled and Norman singled. Krumm then knocked a home run cleaning the bases. In the seventh the Contractors scored two more runs as Stevens hit a home run with Gilles on base.

In the other Old Timers' playoffs held August 9 Dunn Steel trounced VFW 13-6. Herter was the winning pitcher allowing eight hits and Burley was the loser.

Every player on Dunn Steel hit safely and everyone scored at least once. Dunn Steel hasn't lost a game yet in the playoffs.

## Beglinger Tied For Second Place

Beglinger tied for second place in the Industrial league August 7 by downing the second place team, DeHoCo, 10-3. Art Gilles was the hurler for Beglinger and he allowed five hits while striking out five. The losing pitcher was Mueller as he was tagged for 16 hits.

Beglinger scored their first run in the third frame. Newton, leading off, singled; followed by singles by Egloff and Gilles pushing Newton across.

DeHoCo jumped back to a lead in the fourth as they scored twice. Carter, leading off, struck out, but the Beglinger catcher muffed the pitch and Carter went on to

first. Spears then smashed a three base hit and scored on a passed ball.

In the fifth Beglinger bounced back in a lead again as they scored two more runs. Gilles, leading off, walked and then Dobbs smashed a double, scoring Gilles. Dobbs scored when Street singled. In the sixth Beglinger scored one more run but in the seventh Beglinger really went wild and scored six runs. Dobbs, leading off, singled; Street was safe on an error as was Wilkie and Hunt. Sasal singled and Newton doubled. Egloff singled, Gilles singled and Dobbs ended the inning flying out.

## Cavalcade Wins Open League As Gonzalez Pitches No-Hit Game

Cavalcade sewed up first place August 7 as they whipped South Side Merchants 12-0. The main feature of the game was the no-hit pitching performance of Richard Gonzalez. Gonzalez was masterful on the mound as he struck out ten men. Only three men reached first base. Two of these were walks and the other man was hit by a pitched ball. He also had three hits for the night. This was the second no-hit game hurled by a Cavalcade pitcher.

Cavalcade started out in the first inning by scoring three runs as Lula blasted a home run with two men on. In the second four more runs came across and in the third one more. In the sixth three runs scored and in the seventh one.

The whole Cavalcade team played a good game as there were

no errors and they collected 11 hits off of Wellmen who was the losing pitcher.

## Twin Pines, Jackson Coal Vie in Playoffs

In the Girl's league playoffs, DeHoCo lost their first game on August 8 to Jackson Coal 9-5. Skelt was the winning hurler allowing six hits while Petit was the losing hurler.

Jackson Coal scored seven runs in the first inning to win the game. In the other game played, Twin Pines trounced Wayne 18-9. Stevens was the winning hurler and Langlois the loser. Twin Pines and Jackson Coal are the only teams left and the winner of the playoff will be one of these teams. Jackson Coal has to beat Twin Pines once to win and Twin Pines has to beat Jackson Coal twice to win as they have lost a game already.

**Exhibits Photograph Collection...**

George Raviler III of York street holds several of the autographed photographs in his collection which will be on display this week in the lobby of the Plymouth United Savings bank. George began his hobby in 1948 and now has about 150 pictures in his collection of celebrities, many of whom George has met personally.

A meeting with Katherine Cornell started George Raviler III on his hobby of collecting autographed photographs of celebrities. After being introduced to Miss Cornell in 1948 when she was in Detroit appearing in "Anthony and Cleopatra," she presented George with a photograph of herself as Cleopatra. Since that time the two have been corresponding regularly.

George, the son of Mr. and Mrs. George Raviler II of York street, now has about 150 photographs in his collection with up to 25 new pictures a week coming in. Many of them will be on display this week in the lobby of the Plymouth United Savings bank.

George has met or seen most of the people whose photograph he has in his collection. Many are photos of stars of the Metropolitan as George has a keen interest and appreciation for classical music, and besides his photographs, has a large collection of classical and semi-classical records.

By CARL PETERSON

Americans want a lot of things, but war isn't one of them. However, a recent survey shows that folks around the country are several steps ahead of Congress on the Russian situation. While we'd all like to exist in peace and get on with the business of living and doing our best at our jobs, we don't intend to be pushed around. We don't want to rule the world... and we'd be happy to see the communists take the same stand. In the survey a big majority of people said they'd rather risk war than to allow any more communist expansion. We still recognize red as a danger sign.

**Observe City Wholesalers 1st Anniversary**

The Plymouth Wholesale company on South Main street observes its first year in business in Plymouth this month. The company is owned by Harry C. Draper.

The company features its service of supplying tobacco and candy to retailers with a large truck that is literally a "store on wheels." The growth of the company has been very satisfactory during the past 12 months and future plans call for expanding operations so that a greater area outside of Plymouth can be served.

Mr. Draper was for 20 years a factory representative in Michigan for the Liggett and Myers Tobacco company and the United States Tobacco company. Two years ago he resigned his position to get into partnership with a Detroit wholesale candy and tobacco house. He then sold his interest in Detroit to come to Plymouth. Mr. Draper has served for one year as chairman of the Detroit Tobacco Table.

At the present time, Mrs. Draper manages the store while Mr. Draper contacts the trade on the outside. The Drapers have one daughter, Diane, who will attend Plymouth junior high school this fall.

**Class of 1940 Plans Picnic**

Members of the class of 1940 of Plymouth High school will gather in Riverside park August 26 for a reunion picnic. The pot luck supper will be served in the park near the tennis courts at 5:30 p.m.

Following the picnic the group will adjourn to the high school cafeteria where a short program will be presented. James Butler is general chairman of the reunion. Joe Scarpulla is program chairman and Mrs. Les Herter is correspondence chairman.

Addresses of many members of the class are not available and those who have not yet been contacted are asked to contact Butler at 2282-J.

### Betty Jane Richwine Becomes Bride of Gerald R. Gondak

Mrs. Gerald R. Gondak

A breakfast reception for 130 guests followed the wedding ceremony Saturday at which Betty Jane Richwine, daughter of Mr. and Mrs. Perry Richwine, became the bride of Gerald Richard Gondak, son of Leopold Gondak of Ypsilanti.

The Reverend William P. Mooney officiated at the 11 o'clock ceremony in Our Lady of Good Counsel church. Baskets of white gladioli decorated the altar. The nuptial mass was sung by Mary Ann Cyk, accompanied by Mrs. Cyk at the organ.

The bride's gown was of white lace and net over taffeta. She carried a white orchid fastened to a white Bible. Her fingertip veil of illusion fell from a crown of white lace.

All bridal attendants wore identical net over taffeta white gowns with white lace jackets. Mrs. Harold Evans was matron

of honor and bridesmaids included Dorothy Jean and Mary Louise Richwine, sisters of the bride, and Betty Dely. All four attendants carried bouquets of roses. Little three year old Freddie Hindbaugh, nephew of the bridegroom, served as ring bearer.

Stanley Gondak was best man and the ushers were Harold Smith, Alphonso Jacobowski and Norman Shough.

For her daughter's wedding, Mrs. Richwine chose a pale blue lace ballerina length gown and wore navy blue accessories. Guests at the church and at the reception held in the church hall were from Plymouth, Ypsilanti, Ann Arbor and Detroit.

For a wedding trip up north the new Mrs. Gondak wore a gray suit with green accessories. She was graduated from Plymouth High school in 1948 and attended Western Michigan college and Cleary college. The newlyweds will make their home in Plymouth.

### Karker-Fulton Nuptials Held At First Methodist Church

At an evening ceremony at the First Methodist church Saturday Dorothy Lorraine Fulton became the bride of Francis E. Karker, Jr. The bride is the daughter of Mr. and Mrs. Gwynn Fulton of Hamilton street and Mr. and Mrs. Francis E. Karker, Sr. of Francis street are the parents of the bridegroom.

The Rev. Melbourne Johnson performed the ceremony. The bride's father escorted her to the altar which was decorated with bouquets of white flowers. Richard Miller played the organ.

The bride wore a white silk marquisette gown with a train and a shadow neckline. Her lace edged fingertip veil was fastened to a white bonnet that tied under her chin. She carried a colonial bouquet of white roses and button mums.

The bride's sister, Mrs. Paul Alberts, was matron of honor. Her nine green gown, styled the same as the bride's, had a hoop skirt and she carried yellow roses and button mums. Other bridal attendants were Mrs. Vern Alberts, Ann Sambrone, Joyce Karker, sister of the bridegroom, and Jackie Gilmore of Livonia. They wore orchid colored gowns identical to the matron of honor's, and carried the same flowers.

Louis Mettetal served as best

man and ushers included Bernard Jarskey, Paul Alberts, Marvin Mettetal and Sheldon Fulton, brother of the bride.

Mrs. Fulton chose a navy sheer dress with white accessories for the wedding and the bridegroom's mother, Mrs. Karker, Sr., wore a navy and white print with navy accessories. Both of the mothers wore corsages of pink carnations.

Out of town guests at the reception, which was held at the Newburg Community hall, were from New York, Pennsylvania, Virginia, northern Michigan, Livonia, Ann Arbor and Detroit. Over 200 guests attended the reception.

The newlyweds took a wedding trip to Traverse City and then planned to travel through northern Michigan and Wisconsin. For the trip the bride wore a navy suit and navy accessories. They will make their home on Elizabeth street.

Both Mr. and Mrs. Karker are graduates of Plymouth High school. Mrs. Karker is employed at the Plymouth United Savings bank and her husband works for the Utilities Line Construction company.

# Hints For Plymouth Homemakers

## Smart Homemakers Prepare Several Meals at One Time

Preparing food for several meals in one batch is a favorite time saving scheme of many Plymouth homemakers. Whether this is a wise procedure or not depends on how much loss of food value may occur during the storage period and on whether it is possible to make up for this loss by using other foods in the meal which may be especially rich in the missing nutritive elements.

Cooked potatoes lose from one-third to one-half of their vitamin C content in 24 hours, even if they are stored in the refrigerator. If you like to prepare enough at one time so you can serve them mashed the first day and have enough left over for a salad, creamed potatoes or hashed browned potatoes later, it's important to remember this loss.

It's easy to make up for it at this time of year by including an abundance of fresh fruits and vegetables which are so plentiful just now. The green leafy vegetables, particularly when they're served raw, citrus fruits, tomatoes, strawberries and melons are extra rich in vitamin C.

Another good point to remember is that you can protect that precious vitamin C as well as other vitamins and minerals by cooking the potatoes in their skins in a minimum amount of water and only until they are tender. Store them in their jackets in a covered bowl in the refrigerator until you're ready to prepare them for serving.

Mixes are great time and trou-

ble savers. A variety of them on the pantry shelf makes it possible to add something special to the simple summer meals most of us prefer without spending an undue amount of time in the kitchen.

Stores carry many of these preparations, but you may like to mix your own. Keep them in tightly covered jars in a dry place. For those which call for shortening, be sure to choose a fat that does not need refrigeration.

### PUDDING MIX

1 1/2 cups sugar  
1 1/2 cups cornstarch  
1 teaspoon salt  
7 cups dry skim milk solids  
Mix ingredients thoroughly. This can be done most quickly and efficiently by sifting them together three or four times in a flour sifter. Store in tightly covered jars.

To Prepare Pudding: Measure 3/4 cup of mix into saucepan and stir into it gradually 1 1/4 cups water to make a smooth paste. Bring to boil over low heat, stirring constantly. Remove from heat and flavor with 1/2 teaspoon vanilla. Serves 3 or 4.

### PUDDING VARIATIONS

Chocolate: Add 2 tablespoons chocolate syrup or 1 square bitter chocolate, shaved or melted, to 3/4 cup mix.

Fruit: Add 1/4 cup chopped, dried fruit to 3/4 cup mix, or serve chilled prepared pudding topped with crushed and sweetened fresh berries, canned fruit or stewed dried fruit.

Nut: Stir 1/4 to 1/2 cup chopped nuts or shredded coconut into prepared pudding, or top chilled pudding with nuts or coconut.

Serve pudding with topping of chocolate or butterscotch sauce or jam and a garnish of whipped cream. It may be used as a filling for cream pies or as cake filling. Vary the amount of water to obtain thickness liked.

### MAKE-YOUR-OWN-MIX

2 cups shortening that requires no refrigeration  
9 cups sifted enriched all-purpose flour  
1 tablespoon salt  
1/4 cup double acting baking powder

Combine sifted flour, salt and baking powder. Stir well, then sift into large bowl. Add shortening and work in with finger tips or pastry blender until mixture looks like coarse cornmeal. Store in tightly covered glass or metal containers on pantry shelf.

### PUFF CASES

1 cup make-your-own-mix  
3/4 cup boiling water  
2 eggs  
Do not pack mix into measuring cup. Add mix to boiling water in a sauce pan and stir over low heat for about 1 minute or until dough follows spoon and forms a ball. Remove from heat and beat in eggs one at a time, beating vigorously until dough looks satiny. Drop by spoonfuls on baking sheet. Bake in hot oven, 450 degrees, for 15 minutes. Reduce heat to moderate, 350 degrees F., and bake 20 minutes more. Let stand in oven with the door open for about 10 more minutes to dry out.

Fill with cream filling, whipped cream or ice cream. Serve plain, sprinkled with powdered sugar or topped with crushed, sweetened fruit or chocolate or butterscotch sauce. Makes 5 large puffs.

## Prepare Child For Return To School In Fall

Thousands of children throughout the country will soon be starting off to school for the first time. Great preparations are being made for this big event. Most of the youngsters have new clothes and some unfamiliar tools, like pencils and scissors.

Unfortunately, for some of these would-be pupils the most important part of the child's preparation for school life will be skipped. To get the most out of school the child should be in sound mental and physical condition.

A complete physical examination by the family physician and a dental checkup by the family dentist is advisable for all school children. Before school starts any corrections needed should be obtained. In addition, every school child needs protection against smallpox and diphtheria.

Many parents who mean well but who neglect the child's preschool medical and dental check-up may be sending that child off to school—into a strange life, a new life—with one or more handicaps. Among the handicaps some children face are poor eyesight, impaired hearing, faulty posture, speech defects, injured hearts, nervous and behavior disorders, diseased tonsils, foot deformities and malnutrition.

It is true that many school children have poor school records simply because they cannot see the blackboard, cannot hear the teacher or cannot speak so that they can be understood. In most cases early finding of these defects and prompt correction would make the child's school life more pleasant and more faithful.

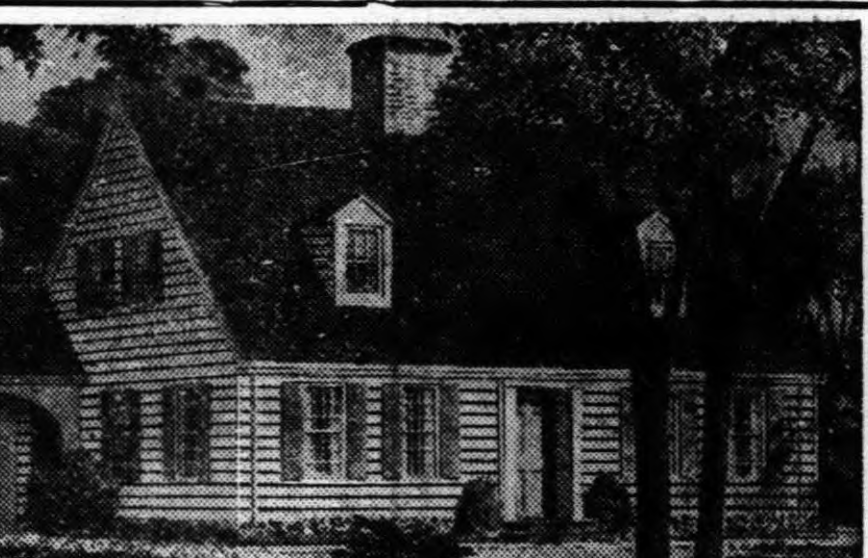

Every child who is physically and mentally well is assured of a good start in school. How about your child?

## SUCCESS IN FREEZING PEACHES

Now is the time to put peaches in your home freezer or frozen food locker. Peach shortcake, pie or sundaes will taste mighty good next fall and winter.

**Select Ripe Fruit**  
Freezing does not improve the flavor of the fruit. The peaches are ready to freeze when they are ripe enough to eat with cream and sugar.

Some fruits and berries may be frozen successfully in a dry sugar pack but peaches are best in a sugar sirup. You may guard against discoloration by adding one-fourth teaspoon of ascorbic acid to each one or one and one-half cups of cold sirup. Your neighborhood drugstore, no doubt, has the ascorbic acid for sale.

**Sugar-Water Sirup**  
Sirup should be prepared by boiling sugar and water together and chilling before adding the peaches. Medium, heavy and extra heavy sirups are satisfactory. The sweetness desired is up to you.

Put about one-half cup of cold sirup into each clean freezer container. It is important to work quickly and prepare only a few peaches at one time.

The peaches should be blanched by dipping in boiling water for one-half to one minute. Then cool in ice water and drain.  
Cut each peach in half, remove the skin and slip halves or slices quickly into the sirup. Fill the container to within three-fourths inch of the top. Add sirup to cover the peaches.  
Press a wad of cellophane or aluminum foil over the fruit just before putting the lid on. This keeps the peaches down in the sirup—another precaution to keep them from discoloring.

## Autumn Classic

You'll be snug at the stadium, debonair on the boulevard in this free-swinging greatcoat that's lined with crimson crepe and interlined with lamb's wool. Tailored from Forstmann's gray broadcloth, the coat wins Cosmopolitan magazine's fashion endorsement for its cuffed bathing sleeves and smooth, moulded shoulder line. Its high collar is rolled and notched and the pockets are slit into the side seams. The coat is made by M. J. Haberman Sons and sells for about \$80.00.

When it comes time for a tiling job on the farm, insist that a well-drawn map be made, advise Michigan State college agricultural engineers.

## Michigan Peach Supply Good But Season Short This Year

Plentiful peach supplies and good buys, but not "bargain" prices, are in store for homemakers who watch the market closely this year. This is a "short season peach year" for most Michigan families and consumers will really appreciate Michigan's large crop.

We're missing out on good supplies of early season peaches from southern states this summer. Weather has played havoc with the crop in all major producing states except Michigan, California and Missouri. In 10 southern peach states the crop is only about a third of average.

Michigan's above average crop is expected to be a fourth larger than last year's production. Early varieties are coming to market now, and the plentiful season should run through mid-September.

The earliest important varieties are Red Havens, Golden Jubilees and Rochesters. The Red Haven and Golden Jubilee varieties are medium to large size peaches of good quality, and are especially good for freezing. Rochesters are usually smaller and more fuzzy, excellent for canning. Mid-season varieties, including Fair Haven, South Haven and Hale Haven, will be next to appear. Most of the late variety crop, including the Elberta and J. H. Hale, will go to market during the first half of September.

Consider first how you plan to use the peaches. Some varieties are better for canning, others for freezing. All of them are excellent to eat fresh. Medium to large peaches are desirable for most purposes, and you'll find the freestone varieties easier to handle for home canning, freezing and general use. The stone is

easily loosened, which avoids flesh damage in preparation.

Flavor is best when peaches are picked ripe, but unfortunately they must usually be picked firm-ripe to prevent over-ripening before they reach the grocery store. Avoid buying peaches that are still green at the store. Often they don't ripen properly at home, and may even shrivel and become tough instead of ripening. A good rule is to buy firm, good colored peaches that are not fully ripe, unless they are to be used immediately. Keep them in a cool, dark place until they reach the ripeness and flavor you prefer.

Peaches are excellent frozen, but are rather difficult to prepare. They must be prepared rapidly to prevent browning. They are peeled, cut and pitted, packed in containers with a minimum of head space and covered with a 50 per cent syrup containing ascorbic acid. Three-fourths teaspoon of the acid crystals or 1000 milligrams in tablet form to each quart of cool syrup is sufficient.

"Operator," shouted the irate man on the wire, "kindly understand that I have all the stray telephone numbers I desire, so will you please stop providing me with more and give me the one I've been trying to get for the past half hour."

Once again it's time to meet old friends, make new ones at the County Fair.

Farm folk are gathering to exhibit the choicest fruits of their labor, to vie in keen but friendly competition with their neighbors, to learn new and better ways of living and working.

And as always, the 4H Club tent is a feature attraction. Be sure to spend some time there. See what splendid work our young people are doing, what skills and talents they are developing under the four leaf clover emblem.

Yes, come to the Fair! It's as American as ham and eggs for breakfast.

AUTHOR OF "HOW TO STOP WORRYING AND START LIVING"

### Meet Fear out in the Open

VIRGINIA LAYNG, Forest Hills, N. Y., says that all the time she was growing up, she was just about the most confirmed worry wart she has ever known. She worried about all the things that could happen to her but never did — as a very little girl. Just how she started this worry habit, she doesn't know, but she does know that it made her childhood far less happy than it might have been. As an adolescent, that sensitive period in the life of a young girl, or a growing boy, she suffered intensely. The remarks of her school-mates penetrated and hurt although most of the time they were not meant for her. She lay awake at night worrying about these remarks.

Carnegie

It was at the tender age of eight that her father attempted to teach her a philosophy to help her hurdle her worries. She was so young that she didn't realize the full import of what he was doing at the time, but as the years went on, she gained immeasurably from the lesson she was taught one day when a thunder storm arose.

Both Virginia and her brother were deathly afraid of thunder. They had not known anyone ever to be struck by lightning, and if they had only stopped to think, they would have known that no noise can hurt one physically unless it strikes the ear drums, which, of course didn't happen to them. However, when thunder and lightning appeared, the two children would hide under a bed or in a closet where they thought they could not be reached by this terrifying booming and flashing.

One day when a storm was brewing, their father called them to go out into it. Oh, how could they? Why would their father do such a cruel thing to them? Nevertheless, he piloted them up to the golf course where they had to face the storm out in the open.

Virginia says that to her then great surprise as the storm broke, they were not harmed. They never had been afraid of rain. In a few minutes they began to see beauty in that storm as their father pointed it out.

Not only was she never again afraid of a storm but as the years went by, she realized that other things she feared lost their terror when she faced them "out in the open."

Royal Oak, arrived home Sunday from a seven weeks' vacation trip to Honolulu, Hawaii. They left Plymouth the latter part of June for Los Angeles, California, from where they sailed for Hawaii, arriving there on July 3. They were met by friends who entertained them during their stay.

Mr. and Mrs. John L. Shackleton announce the marriage of their daughter, Evelyn, to Raymond Armitage, son of Mr. and Mrs. Charles Anderson of Evergreen avenue, Plymouth. Both were graduated from Plymouth High school, and will make their home in Plymouth.

Mr. and Mrs. Ralph Drews of Plymouth road were feted on their 20th wedding anniversary Sunday, August 5, when relatives surprised them with a pot luck dinner in the garden.

Mr. and Mrs. William Gates entertained at dinner Sunday in celebration of the birthday of their son, Arthur, and the wedding anniversary of their son and daughter-in-law, Mr. and Mrs. Irving Ray. The invited guests

# Open Michigan State Fair Sept. 1 at Fairgrounds

The Michigan State Fair, according to General Manager James D. Friel, is featuring more free entertainment and educational features this year than at any time since the fair was started over a century ago. It will be held September 1 through 10 in Detroit.

Once the family has paid admission fare this year they can visit scores of special events free of charge. Along with the carnival spirit goes the husband and hog calling contest, tug of war, greased pig contest, ax and sawing contest, clowns and parades of gay floats each day. The Old Timers Grove will be the scene of the Sheep Shearing contest, where skill and expert timing will vie for honors and prizes.

Beauty Queens from all parts of the State will be assembled in the Music Shell to pass in review for the judges and the loveliest girl from someplace in Michigan will be crowned queen. The Teeter Sisters will have two free outdoor shows daily, in which they fall from a height of 110 feet.

Teen-agers can be entertained by the fireworks that will be a nightly feature, high school bands, baton twirling contests, television shows and movies, including those of the soap box derbies.

Michigan artists will have their oil and water color paintings on display at the clubhouse. For the first time a treasure chest exhibit of replicas of the world's famous diamonds will be open for the public plus an exhibit of scarf pins valued at \$10,000.

There will be a kitchen that talks telling of its own features for the busy housewife. Kitchen stoves open and close themselves, refrigerators talk about their good points and other appliances vocally describe the workmanship of the products. The automotive industry will have an exhibition showing all the glory and luxury of new models, the comforts that the public can expect in modern design.

A cooking school, featuring leading dieticians and demonstrators from the state of Michigan will hold forth in White Hall on the Fairgrounds each afternoon and evening, with prizes for those that attend the school.

Two other features during the Fair in the Music Shell will be Body Beautiful contests for men and women.

Four-H club dress revue will be another of the added attractions during the Fair.

The 1950 Michigan State Fair is offering the public more for admission price this year than since it opened in 1849, 101 years ago.

If your cakes fall perhaps you are not using the right sized pan. When pans are too small the cake batter will run over the edges and burn. When the pans are too large the cake tends to be thin and overbaked.

## "I REMEMBER" BY THE OLDTIMERS

From J. D. Richardson of Denver, Colo.: "I remember when tallow candles were used in most homes before the days of the oil lamp. Wicks were hung in molds from crosspieces and tallow poured into the molds. When the tallow got solid, the molds would be heated slightly so the candle would slip

out. When the charred wick got too long, it would be clipped off and dropped in a little box to be emptied later. I also remember the first oil lamp. It was used only by my father to read by. Never was it taken into the kitchen."

From Mrs. G. H. Whitson of Somerset, Ky.: "I remember when Dad would butcher a beef and hang a hind quarter up to dry. Mother would go to it any time during the winter and slice off a mess to fry. Delicious! I should say!"

From Mrs. Carrie M. Crandall of Westerly, R. I.: "I remember the steamboats on the Pawcatuck river in Westerly. The first I remember seeing was the Westerly tugboat that went to Stonington, Conn., that towed two and three-decked schooners to Westerly in the days when coal was shipped east by boat; later freight trains took over. The first passenger steamer I remember was the Sadie, which sailed between Watch Hill and Westerly, R. I. Then there was the Julia, then the Golden Star, a big double ender too wide to turn. I also remember the Martha, not much bigger than the tug. This was around 1890."

If mildew stain remains after washing and drying in the sun, it may be bleached out by moistening with lemon juice and salt and then spreading in the sun. Use this treatment with care on colored clothes advises Olevia Meyer, Michigan State college home economist.

# Official Proceedings of The Board of Education

The regular meeting of the Board of Education of Plymouth Township School District, was held at the high school on August 8, 1950.

Present: Mr. Gallimore, Mr. Hulsing, Mr. Laury, Mrs. Morrow and Mr. Wesley.  
Absent: None.  
The meeting was called to order by Mr. Wesley.

The secretary's minutes of the regular meeting of June 6, the special meetings of June 10, June 15, June 20 and June 22 were read and approved. The minutes of the regular meeting of July 11 were read and approved as corrected.

A motion was made by Mr. Laury and seconded by Mr. Gallimore that a request be forwarded to the Wayne County Board of Education asking that the north-west quarter of the south-west quarter, section 19, Plymouth Township be transferred to the Plymouth Township School District, so that the west boundary line might be straightened.

Ayes: Mr. Gallimore, Mr. Hulsing, Mr. Laury, Mrs. Morrow, and Mr. Wesley.  
Nays: None.

A motion was made by Mr. Hulsing and supported by Mr. Laury to readvertise for bids on the Al Smith house on Main St. Bids to be opened August 17 at 8 o'clock P.M.

Ayes: Mr. Gallimore, Mr. Hulsing, Mr. Laury, Mrs. Morrow and Mr. Wesley.  
Nays: None.

Mr. Hulsing moved and Mr. Gallimore seconded the motion that an advertisement be placed in the paper for bids on cabinet work for the George A. Smith School to be accepted August 22 at 8 o'clock P.M.

Ayes: Mr. Gallimore, Mr. Hulsing, Mrs. Morrow and Mr. Wesley.  
Nays: None.

Mr. Hulsing moved and Mr. Gallimore seconded the motion that an advertisement be placed in the paper for bids on cabinet work for the George A. Smith School to be accepted August 22 at 8 o'clock P.M.

Ayes: Mr. Gallimore, Mr. Hulsing, Mrs. Morrow and Mr. Wesley.  
Nays: None.

Mr. Hulsing moved and Mr. Gallimore supported a motion to include all names on the plaque for the Bird Elementary School as specified in the drawing presented by Mr. Moss. The names are as follows:

Robert O. Wesley, President  
James J. S. Gallimore, Vice-Pres.  
Marian B. Morrow, Secretary  
Kenneth L. Hulsing, Treasurer  
Wallace W. Laury, Trustee  
Donald H. Sutherland, Pres. 48-49  
Dr. A. C. Williams, Treas. 48-50  
Helmer A. Nelson, Supt.  
Nathaniel O. Gould & Thomas W. Moss, Eberle M. Smith Associates, Inc., Architects - Engineers 1951

Mr. Gallimore who had investigated the availability of used half ton pick-up trucks, reported that there were very few on the used car lots and that those that were for sale were far too high priced. He was instructed to obtain prices on new half ton pick-ups from local dealers and report at the next meeting.

Mr. Nelson reported that he contacted Mr. Patrick, in the County Building together with Mr. Glassford relative to getting permission to improve Ross Street. A verbal agreement was made with Mr. Patrick that the Board of Education improve an

extension of Ross, 50 feet wide from the present end of Ross Street to the south-west corner of his property line, a distance of approximately 300 feet. He also agreed to dedicate this improved roadway to the city as soon as the improvement has been made. The matter is pending written agreement.

Mr. Laury moved and Mr. Hulsing supported the motion to approve bills as presented, subject to Mrs. Morrow's audit. Carried.  
Ayes: Mr. Gallimore, Mr. Hulsing, Mr. Laury, Mrs. Morrow and Mr. Wesley.

**SUCCESSFUL PARENTHOOD**  
By Mrs. CATHERINE CONRAD EDWARDS  
Associate Editor, Parents Magazine

**FROM ALL SIDES** mothers are bombarded with advice about what, where, when and how to feed children. But aside from admonitions to serve a balanced diet, there has been little concern over father's health. Is it the refreshing, health and energy restoring interlude it should be?

Never has the business world nor its professional or industrial counterpart been more competitive than it is today. For most men, making a living is a pretty hectic matter. Still, Mr. Americana is a pretty uncomplaining fellow, and so we tend to forget that his health and happiness depend upon his getting enough rest and relaxation after work hours. Carefully he surges out with the rush hour crowd, elbows his way into a crowded bus or train, mentally hurries himself along in eagerness to be home. But all too often when he gets there bedlam begins. His wife greets him with an admonition to hurry to the table, the youngest is hungry. He'd like to shower but Suzie is in the tub. So Dad hurriedly slaps a little water on his hot brow and sits down to a far from peaceful meal.

Feeding the children first is a partial answer. But it is not a complete solution. For if the youngsters are through eating first they are also free to interrupt the grownups unless something is done to preserve the atmosphere of an adult meal. One family successfully achieves an hour of peace by putting their toddler gate across the opening between the living and dining rooms. Each evening they make a pleasant ritual of closing the gate and saying "Now it's quiet time." Usually they promise some gay activity later—"Daddy will play catch with you outside after supper." Or "We'll all have a game of croquet." But in the meantime no questions are answered and there are no shouted conversations for the brief space of an hour.

When there's an only child, Mother provides some quiet diversion—a magazine to cut paper dolls from, some beads to string. This is a good time to turn on the television set, too, for many children's programs are scheduled from 5 to 7. In summer the children can play outside until Daddy joins them.

Of course, arranging a peaceful interlude for Dad is no easy matter for Mother since the hours between 5 and 7 are her busiest ones. Her tasks usually include children's bath, children's dinner, baby's bottle, adult dinner, table setting, dish washing. No wonder she wearily turns the youngsters over to Dad the minute he steps into the house. And she's right to expect masculine help. But she'll find Dad a much more adequate aid if he's had a 15 minute breather. Let him say "Hello" and then march straight to his room. When he's showered, changed into comfortable clothes, or just slumped in an easy chair a few minutes, he'll be able to play with Junior while Mother sets the table.

Another way to help a man relax at dinner is to avoid discussing unpleasant domestic problems at the table. After dinner, Dad will probably enjoy giving the baby his bottle, or reading to the older children. He may even suggest a rough-and-tumble game. The happy laughter of children and father will prove the value of the dinner "quiet time."

Spring is a good time to start killing weeds with the selective weed killer, 2,4-D, say Michigan State college extension specialists. Be careful not to let the spray drift to shrubbery and flowers.

Willy: "Pop, what's an after dinner speaker?"  
Parent: "It's someone who has a few words to say and takes all night to say them."

To help lower costs on dairy farms, Michigan State college agricultural economists list four major practices: improved forage production, more efficient housing, better work methods, and more economical housing.

Ira: "Say, is it true that Old Flint's a miser?"  
Myra: "Sure 'tis. Stops his clock every night to save wear and tear on it."

Michigan State college extension specialists say you should plant varieties that are adapted to freezing, harvest at the right time, and freeze according to directions.

Willie: "Dad, what's 'second wind'?"  
Parent: "Well, lad, it's something like what old Mr. Wheeze got during his lecture last night, after he said, 'and in conclusion!'"

# National Guard Accepts Recruits

All National Guard units, including those that have been alerted for federal service, are continuing to accept qualified recruits both veterans and non-veterans, it has been announced by the Adjutant General's office.

Alerted units have been authorized to expand to war strength. They may accept recruits who wish to train with their home town units up to 24 hours before the unit leaves its home station. Most other Guard units still have vacancies for qualified men, ages 17 to 35.

The 12 months extension of enlistments recently announced for members of the regular armed forces does not apply to enlistments in the Guard. Guardsmen whose enlistments expire prior to the effective date of federal induction will be discharged and reenlistments accepted only on a voluntary basis. Enlistments expiring after the unit has been inducted into federal service, however, are automatically extended for a period of 21 months from the date of the induction order.

Willie: "Dad, what's 'second wind'?"  
Parent: "Well, lad, it's something like what old Mr. Wheeze got during his lecture last night, after he said, 'and in conclusion!'"

Control of mastitis means bigger milk checks, say dairymen at Michigan State college. They advise managed milking and the use of a strip cup every day to help in the mastitis control program.

### New Oakwood Hospital to Provide Additional Facilities For Area

Ground-breaking for the new 232-bed Oakwood General hospital Monday near the corner of Oakwood and Greenfield roads southeast of Plymouth, is of more than ordinary interest to Plymouth residents. In addition to providing additional hospital services for this locality, Frederick A. Vollbrecht of West Ann Arbor trail, this city, is one of its directors. Mr. Vollbrecht, who is prominent in industrial circles in this area, has for years been interested in better and more hospital facilities for Western Wayne county.

Donald R. McLouth, president of the new hospital's board, declares that when the hospital is finished it will be one of the finest general hospitals in the United States. Builders expect to rush it to completion, not only because of the need of additional hospital services for this locality but because of threatening conditions throughout the world.

The hospital will be a six-story structure, and has been designed so that when conditions warrant, it can be expanded to ten stories, doubling its bed capacity, without disrupting any hospital services.

Designed by Architect Henry F. Stanton of Detroit, the Oakwood hospital will cost approximately \$5,500,000 and the Greater Detroit Hospital Fund another \$3,000,000. The balance will be in the form of a loan to the hospital corporation. Dr. E. Dwight Barnett of Harper hospital is consultant to the corporation.

Located on a wooded tract on Oakwood, near Southfield, the new hospital will be built 400 feet back from the roadway to assure quiet for patients. There will be ample parking space for doctors, nurses and visitors on the hospital grounds.

The building will be in the form of an offset cross with four wings jutting out from the central area of the structure. The entire hospital will be air-conditioned.

Hospital services will include four major operating rooms and facilities for two more, a minor operating room, X-ray rooms, laboratories and physical therapy rooms. Dietary kitchens will be built so that they can take care of added loads if additional floors are added. All food will be delivered from the kitchens to the bedroom floors by special conveyors so that food can be served hot to the patients in a matter of minutes after it has been prepared.

Pneumatic tubes will be installed to facilitate sending patients' records and other information from laboratories, X-ray rooms, surgery and other sections of the hospital to offices and floor stations.

All doctors in the area who meet professional standards commonly established for practice in voluntary general hospital of this type will be eligible to become members of the staff of the new hospital.

The hospital's board was organized in 1948 after the Detroit Regional Hospital Survey committee reported an acute shortage of hospital bed facilities in Western Wayne county.

Acting on the committee's recommendations, the Greater Detroit Hospital group allocated funds toward a new hospital in the area. After formation of the non-profit Oakwood Hospital corporation, the corporation's trustees retained Mr. Stanton to draw plans for the structure and Dr. Barnett to serve as adviser to the board on medical matters.

Members of the board, besides Mr. McLouth, who is president of the McLouth Steel corporation, are Truman F. Barbier of Socony Vacuum Oil company; Lee H. Clark of Sharples Chemicals, Inc.; Charles W. Davis of the Davis Stamping company, George R. Fink of Great Lakes Steel corporation, Emory M. Ford of the Wyandotte Chemicals corporation, Henry Ford, II of the Ford Motor company, Stanley H. Fulton of Goddard, McClintock, Fulton and Donovan, John W. Garvy of Murray corporation, Arnold W. Hartig of Universal Products company, Frederick A. Knorr of radio station WKMH, Neil C. McMuth of Whitehead and Kales company and Frederick A. Vollbrecht of Industrial Wire Cloth Products corporation.

Three men from Plymouth were among the members of Fighting Squadron 736 and Attack Squadron 734, who completed their annual two weeks training duty at Grosse Ile Naval Air Station, Captain Theodore O. Dahl, USN, commanding officer has announced.

Richard P. Stoyhoff, Robert Sexton and Alexander R. Andre reported aboard Grosse Ile on July 29. While at Grosse Ile squadron pilots flew daily practice missions over the bombing, strafing and rocket ranges in Lake Huron and Lake Erie. Enlisted technicians worked to keep the combat planes in first class condition to meet the rigorous flight schedule. Following completion of this training duty, squadron members will return to their civilian jobs.

## BIG MOMENT - with a Double Impact

It's a big moment when any new car rolls up to your door and you start out fresh and spanking bright. Think, then, what it's going to mean when that new car is a ROADMASTER like this one pictured here. You'll swing wide the door and slide into a car that's truly fine - and looks it. You'll put foot to treadle and touch off the might of a great, 152-horsepower Fireball straight-eight that's ready to master any road - or anything it meets there. You'll have the silken magic of Dynaflo Drive to simplify your driving, ease your way. A handsome flexible steering wheel, automatic windshield washers, soft Foamtex cushions, and many other items that are "extras" elsewhere are standard equipment here. But even while you enjoy all that, you're a still deeper satisfaction enriching your pleasure. For here you have not only a fine car, but a sound and frugal investment as well. You have paid less per pound than any comparable car costs - and automotive men will tell you price per pound is the soundest measure there is of solid, thoroughgoing merit. You've bought quality - top quality - all the fine things a fine car should provide. But you haven't spent a penny more than a fine car need cost. And that can mean a lot. For instance - Drop in on your Buick dealer. Try out a ROADMASTER. Match it, feature by feature and point by point, with any other fine car on the road. Then get the price. You may well find that you can get not only a new ROADMASTER for the sum you had in mind - but maybe a new fur coat for your wife as well!

**ON DUTY WITH DIAL** - Even in dial exchanges it still takes telephone people to give you good telephone service. There's the operator who helps you if you have difficulty making calls. There's the operator who gives you numbers not listed in the directory. And there's the operator who handles your long distance calls. Whether your service is dial or manual, these operators are always ready to serve you.

**STRONG ARMS FOR TELEPHONE POLES** - Ever stop to think how much extra weight an ice storm can add to telephone wires? Crossarms on telephone poles must be strong enough to stand up under the strain. Here you see a Bell Laboratories hydraulic testing machine bending a crossarm to the breaking point. Southern pine and Douglas fir crossarms can carry nearly 2 tons weight.

**HANDY HUNTING GROUND** - It's easy to locate a doctor, veterinarian, farm equipment dealer, feed and grain supplier, or any of the countless other people you need to call at one time or another. They're listed by trade or profession in the Yellow Pages of your telephone directory. Make a habit of using the Yellow Pages and see how much time and effort it saves you day-in and day-out all year round.

### Food For Fed-Ups

By Melbourne Johnson  
Pastor First Methodist Church

The Scripture says something about the excellence of patient continuance in well-doing but many of us have discovered that of all the things in the world that is about the most difficult to achieve. Doing well by fits and starts is not so bad, though some of us seem to make a poor fist of it even at that, but patient continuance in it, day after day, week after week, a whole lifetime through, seems rather more than we are equal to.

But, Scripture notwithstanding, oughtn't a good stunt once in a while, or an occasional break-out into goodness be considered of some little value? Isn't it much better to be good one day in seven, for instance, than not to be good at all? Isn't it better to cherish a fine, worthy impulse once a month, than not to have one from January to December? If a man cannot find it in him to continue patiently to do well three hundred and sixty-five days in the year oughtn't he to get some credit if he heroically attempts it for 12 days out of that period of time.

Put that way there might be some case made out of occasional virtue, and yet I have my every serious misgivings about it. If a man only tries to be good one day out of seven isn't there some reasonable doubts as to the kind of goodness he will be able to achieve through that Sabbatic endeavor of his? And if he only attempts a fine, worthy impulse once a month is there a ghost of a chance that he will attain unto it? And his breaking out into monthly goodness throughout a whole year might deserve some recognition if it could be done, but who believes that it can?

In fact, is there any other kind of goodness possible than the every-day - throughout - the-year type?

Men are not good just because they do good, they do good because they are good.

If you are having difficulty getting your youngsters to drink their full quota of milk every day, try disguising it as a milk shake or a special fruit drink, advise Michigan State college home economists.

In building fires for camp cookery, oak, elm, white ash and hickory give long lasting coals. Remember that huge forest fires can start from a smoldering match. Be sure your fire is completely out before you leave it.

### Doe Season Cards Soon to be Ready

The conservation department has started distribution of application cards for the special western Michigan deer season to be held December 1-5 and December 1-10. Some 4,000 hunting license agents will have a supply by September 15.

Interested hunters are asked not to write the conservation department for cards. Outline of legal hunting areas in the eight counties involved and other season information can be picked up along with the cards from the local agent.

The conservation department will issue 19,500 permits for the first real firearm "one deer" season in 29 years. Qualified hunters will be able to shoot any age deer of either sex from December 1-5 in Leelanau and parts of Benzie, Grand Traverse, Manistee, Charlevoix and Antrim counties.

Continuing the same 10-day season as held in parts of Allegan and Newaygo counties last year, 2,300 permit holders will be able to take one antlerless deer of either sex from December 1-10.

Hunting areas in Antrim, Benzie, Manistee and Newaygo counties have been reduced some because of distance from serious orchard damage areas.

# Roger Babson Says...

**Babson Discusses Our Foreign Policy**

The country is disappointed by setbacks in Korea and alarmed at the possible prospect of a third World War less than five years after the second. Even if we do succeed in Korea, it will not cause enthusiasm among us—only relief. For all thinking Americans know by now that the Russian objective is 'subjection of the whole world. So, of course, any "peaceful" solution of the Korean problem can only be temporary. For Russia's policy is to divert America's attention from her strategy, disperse and scatter U. S. troops as thinly as possible over the globe and to attack all "soft spots" everywhere from without and/or within.

**Past Stupidity**

We may be our own worst enemies. We have been blind and foolish and some among us have even committed treason. Who on behalf of the U. S. consented at Yalta to the cutting in half of Korea, with Russia given control of the best developed industrial part of the country? Who withdrew U. S. aid to Nationalist China because Chiang Kai-shek refused to take Communists into the government? China would have been a bulwark against tyranny in the Orient. Who denied the military importance of Korea and Formosa only a few months ago?

Who ordered State Department files stripped of "derogatory" information on employees as early as four years ago? Who put Alger Hiss in high position at the formation of the U. N. and at the world-dividing conference at Yalta? Who partitioned Germany so that the U. S., Britain and France had no access to its main city and capital except by grace of the Russians? Who withdrew our forces from Korea months ago? Who failed to deliver what the Non-Communist government asked in military supplies? It doesn't look to me as if our government has been operating for us. Its actions have encouraged the spread of communism, caused us anxiety of mind and a lien on our pocketbook.

**Present Political Trends**

Months ago Senators Taft, McCarthy and Knowland, among others, called attention to the danger in the Orient and the need for protective action. Today the President still appears loath to recognize the government on a non-partisan basis. There is still a failure to appoint the best brains and ability in the country to the most important administrative positions. Also there is a general feeling in Congress that all of Russia's friends have not been cleaned out of government departments.

If a real emergency develops in the near future, we have reason to believe that price, wage and material controls will go into effect immediately. Yet, it looks as if necessary action would be delayed if possible until after the coming Congressional elections. If controls come again, we should let our congressmen know that we want good judgment and restraint on the President's appointments to control jobs. The American people know now that they were pushed around by quite a few political crackpots of questionable loyalty during World War II.

## THE ONLY WAY TO HANDLE HOGS

**Outlook for Commodities and Houses**

The transportation of food-stuffs great distances and possible losses of food-carrying vessels is always to be anticipated under war conditions. Therefore, no curtailing of crop production need be expected in the next year. A sharp crackdown on civilian consumption can be expected before the summer is over. Now may be a good time to buy an automobile; but there is no reason for now hoarding foods, clothing or shoes. There will be some inventory accumulation in business; but not on a large scale.

The Korean war will tend to make prices fairly firm for the present. This applies especially to foods and livestock. The latter may drop in late summer or early fall. Grains will tend to drop too unless weather or war developments interfere. Industrial materials will rise moderately. This applies to metals, textiles and building materials. Real estate, especially residential, could have an earlier slump than now anticipated because of an expectation among younger men of being drafted. This could curtail home purchases. All of these are of necessity short-term price trends, subject to the "risk of war." If great amounts are now thrown into defense, our government must cut civilian spending. If not, we are in for more inflation. We all know how dangerous that is.

Shop the easy way. Read our advertisements first, then you will know where to buy, at the price you want to pay.

Mr. and Mrs. Melvin Michaels have been entertaining Mrs. Michaels' sister and husband at their cottage on Round lake near Milford for the past week.

Mr. and Mrs. A. Lincoln Lantz of Union street have just returned from a two weeks' trip to Montreal and Quebec and back through New York state.

Mr. and Mrs. Harold Geist and sons, Hal and Billy, of Allentown, Pennsylvania were guests in the home of Mr. and Mrs. William C. Hartmann of Blunk avenue for several days last week.

Mrs. Floyd Reddeman and her mother, Mrs. Bertha Krauter, of Plymouth; Mr. and Mrs. Arthur Krauter and daughter, Florine, of Redford; and Mr. and Mrs. Herman Krauter and Chris of Northville spent last weekend visiting in Gibson City, Illinois where they attended the Krauter family reunion.

**THIS IS THE TIME** of the year when those constant objects of public envy—the radio and television stars — just they could be wish plain butchers, bakers or even bankers as they watch the happy tourists arriving in Movietown in droves and all enjoying annual vacations . . . Few fans stop to realize it, but their entertainers rarely get to participate in the great American custom of vacations on holidays . . . Come the Fourth of July, Thanksgiving or Christmas and John Q. Public is home with his family—but he only has to turn on his radio or TV set to find out that the stars his family admire so much are working just as though the day were another ordinary Monday or Thursday.

Come summer and some big "names" get a vacation from radio, but they turn up across the country—and even in England—doing six performances a day . . . Elliott Lewis, to whom "vacation" is only a word in the dictionary, recalls a quote of some phrase-maker to describe it: "All work and no play makes Jack!" But he adds that "12 months of work may make a pile of Jack but every entertainer lives in constant fear of those between-shows periods and, like baseball and football pros, have to make it while they can get it."

**CURT MASSEY** also has an explanation of why stars dread the usually pleasant word "vacation" . . . As he sees it, "Summer ordinarily means the end of an artist's last series and the starting date—he hopes—of his next in the fall . . . He's afraid to leave town because he might miss offers and auditions . . . And if he has that angle covered, the poor guy is afraid to start out on an expensive vacation because he might need the money for groceries next winter if things go haywire."

Curt, incidentally, is getting his first real vacation in his life.
