Morris F. Beasley, a 17 year old Plymouth high school boy, son of Mr. and Mrs. J. C. Beasley, 162 Fair street, is Plymouth's first casualty of the fateful Korean war.

His parents have received a telegram advising that their son has been missing in action, since September 4. About the same time the telegram came, two letters dated September 10 were also received by the parents that had been written by their son.

In these letters he told of the constant danger his outfit was in from north Korean Communists who had infiltrated back of the American lines.

"As I sit on our truck writing this letter, we can hear their bullets whizzing by us. But if it gets too bad we will move our truck," he wrote.

The parents believe that their son probably gave the letters to some other soldier to mail and it is for that reason that they bear the postmark of a date later than the telegram which reported him missing in action.

The father has been employed for a number of years by the Wall Wire company. Morris enlisted a year ago last summer when only 16 years of age, his mother only giving her permission for his enlistment because of the boy's intense desire to become a United

Private, first class, missing in action in Korea.

Morris F. Beasley

States soldier. He entered the army soon after school vacation started a year ago last June, just after he had entered the Junior class at Plymouth High school.

The grief-stricken parents are hopeful that their son might still be alive and may later be found in some prison camp. There is one other son in the family, Marion, a 15 year old boy who is in the 9th grade of Plymouth Junior High school.

Morris, when he was sent to Korea, his parents said, had been assigned to a tank supply outfit in an armored division. The youthful soldier came to Plymouth with his parents a number of years ago from Kentucky.

## Rent Lid Is Lifted

Rent controls were lifted in Plymouth following a resolution passed by the city commission Monday night. The decision to terminate controls went into effect immediately.

The action was taken after a public hearing was held by the city last week to determine the feeling of Plymouth residents on the matter. Opinions expressed at the hearing clearly indicated that the majority were in favor of rent decontrol.

The resolution stated that the commission felt there was no longer a shortage of rental housing accommodation in the city, and that rent controls would therefore no longer be needed. All commissioners voted to accept the resolution.

Raising of rents is now up to the individual landlord, but the commission felt that owners of rental properties would not give absurd rent hikes, but would keep them in accord with the increased costs of building maintenance. Several landlords at last week's public hearing stated that more rental property would become available if rent ceilings were lifted.

## Kresge to Build Model Store on Main Street

Architects Version of Building That Will House New Store....

This is the way the new Kresge store will look when completed next year. It will replace the buildings now occupied by the Plymouth Hardware, Krogers, Dunning and Woodworths. The first three mentioned local business firms have all purchased property on Forest avenue and have already started construction on new stores or intend to in the very near future. Woodworths have leased a new location on Telegraph road, one mile south of Michigan avenue, in Dearborn and will open in that location after the first of the year.

## Contract For Work Will Be Awarded This Month

### Enrollment at New High as Total Jumps 200

Total enrollment for Plymouth schools shows an increase of almost 200 over last year's figure. Current enrollment now amounts to 2,423 while last year's total was 2,250.

A breakdown of the number of students in each school shows 1,259 pupils in grade schools with 422 attending the George A. Smith school, 433 at Starkweather and 404 in attendance at Central Grade school.

Junior high school students number 614 and 541 students are enrolled in senior high school making a total of 1,115 attending high school this year.

Construction of the high school addition, which includes a gymnasium, swimming pool and band rooms, will begin soon. The old commercial building has been torn down and the house and barn on the old Al Smith property have been removed.

Final construction work on the George A. Smith grade school is being speeded up so that all 13 classrooms will be ready for occupancy in a few weeks.

### C of C to Begin Sales Training Course Sept. 27

In order to aid local business men in training their sales staffs, the Chamber of Commerce is sponsoring a five-week Sales Training course at Plymouth High school.

The five two-hour classes will be held on Wednesday evenings at 7:30 p.m. starting September 27 through October 25. They are open to store owners and managers, store clerks, other employees and local residents interested in selling. Registrations will be taken at the first meeting September 27.

In conjunction with the course the Chamber is conducting a "Sales Clerk of the Week Contest." Shoppers are to be on the look-out for any act of politeness, helpfulness or other courteous action by sales clerks and should report them, by letter or in person, to George A. Smith at the Chamber of Commerce office on Main street.

The winner of the contest will be commended weekly, both at the sales meetings and through the columns of The Plymouth Mail.

High school students recommended for the course by Superintendent of Schools Helmer Nelson or Carvel Bentley, coordinator of trade studies and school activities, will be admitted to the course free of charge. The fee for others attending is \$5 for the entire course.

The schedule of instruction for the five meetings of the course is as follows: first meeting; Registration. How to make your selling more effective. Sound movie, "Face in the Mirror."

Second meeting; Choosing an approach to your customers, and determining their needs and desires. Sound movie, "The Things People Want."

Third meeting; Selecting and displaying the right merchandise and using the right sales talk to meet customers' objections. The sound slide film, "Where Rainbows Begin."

Fourth meeting; Increasing sales by suggestion selling and bringing the sale to a close. Sound slide film, "Challenge Across the Country."

Fifth meeting; Your selling job in the community. Graduation. Various pamphlets, booklets and dittoed articles will be distributed at each class meeting.

### Allison Remodels Garage Front

A modern new front will be completed in about two weeks on the Ernest J. Allison Chevrolet dealer's building. The automobile show room will have larger windows and Lustrum facing will cover the present brick front on the two story building on Main street.

The S. S. Kresge company has completed plans to construct a modern new store in Plymouth on South Main street, announces D. C. Fisher, company president.

The contract for the construction work will be awarded later this month and work will be started the first of the year on razing the buildings now occupying the property, he said.

The new store will be located on the west side of South Main between Ann Arbor trail and Penniman avenue on property which the Kresge company has leased since 1944 from Calvin Simon. The buildings now occupying this property house the Plymouth Hardware, Kroger's, Dunning's and Woodworth's.

The store facade will be modern and will extend approximately 119 feet along South Main street. The entire first floor will be devoted to sales and the store will extend back about 105 feet to the alley. The municipal parking lot behind the store will afford convenient parking for customers. There will be a second floor portion across the rear of the building which will house the store office and employee lounge. The basement will be used for storage and for service rooms.

"This store," said Fisher, "will incorporate the latest in over 50 years of Kresge merchandising. It will be what we call a 'combination' store. The combination stores are modern one-stop shopping centers which carry not only the long-popular five-and-ten cent merchandise, but also a wide selection of household and men's women's and children's ready-to-wear items."

It is estimated that the new Plymouth store will be open for business late next summer.

### Sportsmen Plan 1st Fall Event

The Millionaires Party, sponsored by the Western Wayne County Conservation association, is all set for next Saturday night, September 23, at 8 p.m. in the club house on Joy road. Nearly 500 guests are expected to attend.

Merchants from Plymouth and vicinity are donating numerous gifts which will be auctioned off at the party. These valuable gifts include two-gallon cans of motor oil, haircuts, chicken dinners, groceries, gift certificates and many other useful items. Everyone is welcome to attend with fun and refreshments promised for all.

The club's last Millionaires party was held in March and was so successful that the club is answering demands for another this Saturday.

Final arrangements for the affair were made at the club's meeting September 13.

### Woodworths Will Move to Dearborn

Announcement was made this week by Paul Cromley of the Woodworth 5c to \$1.00 store that they have leased a new 40 by 80 foot building in Dearborn. Due to the fact that the store must move, to make way for the new Kresge store that will be built on that location, and they were unable to find a suitable location elsewhere in Plymouth, the decision was made to move.

The store has been in operation here for the last 40 years having been opened and operated for 35 years by Roy Woodworth. During the last four years the store has been operated by Mr. Cromley who stated he was reluctant to leave the city but had no other choice.

The new location is at 3215 South Telegraph road, one mile south of Michigan avenue, and will be opened on November 1. The Plymouth store will be open until the first of the year and the remaining stock will be moved from here after the holidays.

Businessmen See Ball Game

Douglas Bathey of the Bathey Manufacturing company, Russell Hoffman of Peerless Industries, Frank Arlen of Century Metal Products and E. F. Dieterle of Champion Corrugated Container corporation were the guests of Jack Taylor and Floyd Kehrl at the Philadelphia-Detroit baseball game Tuesday afternoon. After the game the group enjoyed dinner at the Farmington Fish and Hunt club.

## Mayor Names Civilian Defense Board For City

Plans for civilian defense in Plymouth were launched at the city commission meeting Monday night as Mayor Cass S. Hough announced the appointment of the director and members of the Civilian Defense council.

Russell M. Daane was named director and council members include Dr. Elmore Carney of the Myron Beals American Legion Post, C. G. Ash of the VFW, Vern Miller of the Passage Gayde American Legion Post, John Jacobs of the Ex-Servicemen's club, all representing the Allied Veterans Council; Edwin Schradler, representing local business; Patrick McGuire, representing local industry; Clifton Tillotson, representing labor organizations; Dr. Ray Barber, representing local doctors; Perry Richwine, representing local attorneys; the Rev. Henry Walch, representing local churches; Mrs. Mowry Arnold, representing local women's groups.

Joe Merritt, representing the township and Harry Hunter representing Detroit House of Correction, will serve on an advisory board for the council along with City Manager Al Glassford, Fire Chief Robert McAllister, Chief of Police Carl Greenlee, Superintendent of Public Works Stan Besse and a representative of the schools.

The nine-man commission will be elected at the next regular election November 7. At the same election voters will decide whether or not the present city charter should be revised and if the proposal is accepted the commission will go to work improving the present charter which was adopted in 1932.

The city commissioners voted to put the charter revision proposal on the November ballot October 21. In working under the present charter they have found several sections which they felt needed revisions. Rather than attempting to improve the charter by amendment, the commission decided a complete revision should be left up to the voters and a charter commission elected for the job.

## Local Couple Hurt in 4-Car Accident

Two Plymouth residents were injured in a four-car accident on Wayne road near Avondale avenue, Nankin township, last Wednesday. They are in serious condition in Wayne County General hospital.

The two are Edward Ash of 16620 Haggerty road, driver of one of the cars, and his wife, Yvonne. A Wayne youth, Herbert Coneau, died from injuries received in the accident and Miss Mary Toupin, Jack M. Rose and Loren Williams of Nankin and Wayne Chiles of Nankin were hospitalized.

The two cars driven by Ash and Williams were attempting to pass the cars driven by Earl Throneberry of Nankin and Chiles. Throneberry's car was sideswiped by Williams' and all four cars were involved in the crash.

Not only will he represent the Plymouth lodge at the convention.

## Charter Change Commission Petitions Ready

Petitions for charter commission nominees are now available at the city hall for circulation, according to City Manager Albert Glassford. Twenty-five names of qualified voters are necessary for filing the petitions. Deadline for filing is October 28. Several petitions are now being circulated.

Nominees must have resided in Plymouth for at least three years and may not be officials or employees of the city. They will serve without compensation but will be allowed to incur expenses necessary for the commission work.

The nine-man commission will be elected at the next regular election November 7. At the same election voters will decide whether or not the present city charter should be revised and if the proposal is accepted the commission will go to work improving the present charter which was adopted in 1932.

## Former Mayor to be Awarded New Pythian Honors

Former Mayor Frank Henderson who recently completed his term as president of the Plymouth Rotary club, will next week attend the 77th annual convention of the Grand Lodge of Knights of Pythias to be held in the Civic auditorium at Grand Rapids.

Not only will he represent the Plymouth lodge at the convention.

## Local Youth in Latest Invasion

Plymouth friends of 1st Lieut. Robert W. Thams were interested to learn Monday that the 31st Infantry of the 7th division of which he is an officer went ashore at Inchon on the newest beachhead secured last weekend by the Marines. Lt. Thams, the son of Dr. and Mrs. S. N. Thams of this city, has been stationed since March 1949 at Camp Crawford on Hokkaido Island, near Japan.

March of this year Mrs. Thams and their two children joined him at Camp Crawford and are still making their residence on the island. Dr. and Mrs. Thams haven't heard whether Lt. Thams' family will return to this country which his division has moved from Hokkaido.

## Kresge Building to Remove Familiar Land Marks Built Here After Disastrous Fire in Year of 1893

The announcement by the Kresge company of their plans to remove four store buildings from their present sites on Main street will bring about the first major building change on the street since 1940. Directly after the holidays workmen will start tearing down the buildings now housing the Plymouth Hardware, Krogers, Dunning and Woodworths. These buildings are now owned by Calvin Simon but were leased in 1946 for 30 years to the S. S. Kresge company of Detroit.

The last major building change in the block came when Ralph J. Lorenz tore down the building that housed the A & P store, Gronowick's Meat Market and the Plymouth Hotel and converted it into the modern building that now houses the D & C store on the corner across from the Hotel Mayflower 10 years ago.

All four of the buildings to be affected by the Kresge program were either completely or practically rebuilt in 1893 following the disastrous fire which burned almost all of the Main street section. According to newspaper reports the fire started somewhere in the area of the present Community Pharmacy building and jumped the alley south, which was and is now where the former city comfort station now stands on Main street.

The present Taylor and Blyton location was the Lauffer building and it was from this point that the fire jumped to the Fraser building across the alley. The Fraser building is where

Woodworths are now located and is the only building of the four that carries the date on the front showing the year it was built. The present Dunning location was the Charles Miller Saloon where, according to an 1893 copy of The Mail, "The flames were stayed, not however until the building was completely gutted."

Next door on the south was the C. B. Crosby building which was occupied by the Taft Dry Goods and the Plymouth Savings bank. Most of the furnishings and merchandise of these two places were saved but the Odd Fellows Temple and the Masonic Hall which were upstairs were reported a complete loss. This building today houses Krogers, the Plymouth Hardware and the Second (Continued on page 8)

Congress Shall Make No Laws Abridging the Freedom of The Press

What I Think and Have A Right to Say

By ELTON R. EATON

### A JOB FOR EVERYBODY.

Now that we have been fortunate enough to win for George A. Smith the Republican nomination for the state legislature, our next duty is to see to it that he wins the November election.

Mr. Smith is most grateful to all the voters of Plymouth and the rest of the Seventh legislative district who did so much to make his primary election campaign a success. We know that if elected, he will make an outstanding record in the legislature and that the entire district will be proud of his work. He is highly intelligent, he knows state problems, he is especially interested in the future of our boys and girls—and he is a tireless worker—worthy, too, of the honor he seeks.

Right now is the time to begin work for the election of this commendable Plymouth candidate. We will never regret his success at the polls.

### A FARMER AND HIS HIRED MAN.

One of the best things we've read in some time about the merry-go-round instituted by the merry-go-rounders down in Washington appeared in a "house" publication known as The Textorian. It will interest you, too, even though you are not a farmer. It follows:

Once there was a farmer who raised corn, and a man who raised hens, but no corn. The hens said, "No corn, no eggs." So the man agreed to work for the farmer one day a week for \$5 a day, and the farmer agreed to sell corn to the man for \$1 a bushel. They paid each other off each time with the long green. The farmer paid the man \$5 and the man paid the \$5 back to the farmer for five bushels of corn which he wheeled home to his hens.

After a while the man said to the farmer, "Everything's going up, and I regret intensely to inform you that I can't work for less than \$6 a day."

The farmer said, "I understand. But you know, everything is going up with me, too, and I regret intensely to inform you that I can't sell you my corn for less than \$1.20 a bushel."

The man said, "I understand." So he got \$6 a day and, at \$1.20 a bushel, paid the farmer \$6 for five bushels of corn.

And both of them said, "Happy days are here again."

By 'n' by the man said to the farmer, "Things have gone up still more and I can't work for less than \$7.50 a day." The farmer agreed that that was fair, but told the man that things had gone up still higher with him, too, and he'd have to get \$1.50 a bushel for the corn. The man agreed that that was fair, also. And both of them said, "Prosperity is here. Gosh, now we're getting ahead." The man was getting \$7.50 a day—the farmer was getting \$1.50 a bushel—and the hens were getting five bushels of corn, same as always.

And so things went on until the man got \$10 a day and the farmer got \$2 a bushel. And the \$10 for five bushels of corn just the same as before. And then hens kept right on laying—even on Thursdays!

And the man told his wife, "Ain't it wonderful. \$10 a day!"

And the farmer told his wife, "Ain't it wonderful. \$2 a bushel!"

And the hens kept clucking away on five bushels of corn. And the statisticians down Washington way said, "Ain't it wonderful. National income at record levels!"

And the politicians said, "Ain't it wonderful!" and bragged that they had done it, and everybody felt so good and prosperous that the man and the farmer voted for the politicians.

And that is how it was, "egg-sactly." The man got three times as much for the eggs but paid three times as much for his shoes, and the music went round and round.

### YES, BUT WHY WORRY ABOUT IT?

Alert Editor Murl M. DeFoe of The Charlotte Republican-Tribune says: "If Russia ever conquered America, the policymakers of newspapers—large and small—would be the first to face a Red firing squad."

Didn't Harry say that some 60 percent or more of the newspapers of the country were opposed to his administration? Maybe this would be a good way to stop this everlasting nagging on the part of these editors. (That's a joke, son—that's a joke), as Kenny Delmar would say.

The Rev. Alexander Miller, pastor of St. John's Episcopal church, is the new chaplain of the Plymouth fire department. He is the first chaplain the department has had and was appointed to the post last week.

Members of the city commission and City Manager Al Glassford will attend sessions of the annual meeting of the Michigan Municipal League, to be held at the Hotel Statler, Detroit, on October 4, 5 and 6.

### Newlyweds Take Honeymoon Through New England States

An early autumn wedding was solemnized on Saturday afternoon, September 16 at 2 o'clock in St. Peter's Lutheran church when Marleeta Ladell Martin, daughter of Mr. and Mrs. William Andrew Martin of Blunk street, was united in marriage to William Dwight Walton, son of Dr. and Mrs. Harry Walton of Sussex avenue, Detroit.

The Reverend Edgar Hoenecke performed the ceremony before an altar banked with palms and white gladioli in the presence of 100 relatives and friends.

Organ music was by Gerhard Mueller and Mrs. Lois Klein-schmidt, a classmate of Miss Martin's, sang "The Lord's Prayer." The bride was beautifully gowned in white Chantilly lace over white satin and her veil of illusion was of fingertip length. She carried a white prayer book centered with a large white orchid. She was given in marriage by her father.

As her maid of honor, her sister, Maxine Martin, wore a green chiffon over taffeta with matching shoulder length veil and she carried a bouquet of yellow rosebuds and daisies.

The best man was the bridegroom's brother-in-law, Hudson Scheufele, and the bride's brother, Eldon Martin, seated the guests.

Mrs. Martin wore for her daughter's wedding a gown of winter green with chamomis accessories and a corsage of yellow roses. Mrs. Walton chose cocoa brown and winter white with a corsage of pink roses.

A reception followed at colonial Botsford Inn on Grand River avenue.

Mrs. Walton was a graduate of Plymouth High school and also attended Michigan State college. Mr. Walton graduated from the University of Michigan in 1949,

### DAR to Begin Clothing Drive

Donations of clothing for students of the approved mountain schools sponsored by the DAR were asked at the Monday meeting of the Sarah Ann Cochran chapter. The annual clothing collection will begin at the chapter's next meeting October 16. The clothing is distributed at Christmastime.

Guest speaker at the meeting was Miss Charity Crooks of Farmington who displayed and discussed antiques and heirlooms. Over 30 members were present at the group's first meeting of the year.

A regional meeting of the DAR will be held September 29 at the Presbyterian church in Tecumseh at 11 a.m.

### Couple Return to U of M After Wedding Trip

Mrs. David C. Spies

On Saturday afternoon, September 16, Patricia Catherine Isbell became the bride of David Carl Spies of Warren, Pennsylvania in a ceremony performed at the home of the bride's parents, Mr. and Mrs. G. Louis Isbell, of Auburndale avenue, Rosedale Gardens.

Canon Robert Bohaker of St. Paul's Episcopal cathedral, Detroit, officiated. Palms and large bouquets of white gladioli and chrysanthemums made a lovely setting for the bridal party.

The bride chose a gown of Chantilly lace. Her fingertip veil of illusion was caught with a coronet of white staphanotis and she carried a bouquet of white gardenias and English ivy.

As her only attendant Patricia asked Beverly Hauk to be her maid of honor. She wore a gown of teal blue satin and carried pink rosebuds.

Harry Cunningham of Dearborn performed the duties of best man while the bridegroom's brother, James, of Warren, Pennsylvania, seated the guests.

A reception following the ceremony on the vine covered terrace of the Isbell's home.

Out of town guests who attended the wedding were the bridegroom's parents, Mr. and Mrs. Carl Spies of Warren, Pennsylvania and Mrs. William Watkins, the bride's aunt from Knoxville, Tennessee.

After a short honeymoon the young couple will make their home in Ann Arbor where Patricia will finish her senior year at the University of Michigan and David will work on his master's degree.

The first organized women's strike occurred at Dover, N. H., in 1825. The labor disagreement arose in the needlework trade.

### Celebrate Golden Wedding . . .

Mr. and Mrs. Charles Rittenhouse of Roe street will celebrate their 50th wedding anniversary tomorrow, September 22, with an open house from 7 to 11 p.m. for all their relatives and friends. The couple have lived in Plymouth for 34 years. They have three children, Ralph of Dearborn, Mrs. Henry Holcomb of Rosedale Gardens and Dale of Plymouth. The Rittenhouses also have seven grandchildren.

### Rotary Anns Luncheon to be Held September 25

The Rotary Anns will hold their first meeting of the year at a luncheon in the Crystal room of the Hotel Mayflower September 25 at 1 p.m. Mrs. William Clarke is program chairman for the meeting.

### Study Club Meets

The Anna Smith Circle of the Study club met for the first meeting of the fall season with Mrs. Harold Kuisek of Ann street. Plans for the year were outlined by the president, Mrs. Floyd Reddeman. The next meeting will be October 17 with Mrs. John Mende of Plymouth road.

### Plan Nature Study Hikes

The Washtenaw chapter of the Michigan Audubon society, is sponsoring nature study hikes during the migration of the warblers. Those interested may call Ann Arbor 8187.

### Proclamation....

WHEREAS the Congress of the United States in enacting Public Law 176 has set aside the first full week of October as National Employ the Physically Handicapped Week; and WHEREAS the people of the City of Plymouth, Michigan, have shown that they wish to afford equal or preferred opportunity to their fellow citizens who have become physically handicapped, in war or in peace, so that they may by reason of gainful employment make their full individual contribution to society;

TOWHEREFORE, I, Cass S. Hough, Mayor of the City of Plymouth, do hereby set aside the week of October 1, through October 7, 1950, as Employ the Handicapped Week in our City; and

FURTHER I call upon the various agencies of our government, public officials, leaders in religion, industry, labor, education, and all other branches of community life, to join in creating an environment of opportunity in our City for those who may be handicapped physically but not in job performance and ask all citizens to cooperate with the local "Employ the Handicapped" committee and the Michigan State Employment Service so that this valuable supply of manpower may be utilized in forging the tools for defense of our Nation.

Cass S. Hough, Mayor

### To Remedy City Hall's Leaky Roof

City hall has a leaky roof—but that situation will be remedied very soon. City commissioners authorized the city manager Monday night to enter into contract with the Huron Valley Roofing company, roofers giving the lowest estimate on the job, for a complete re-roofing of the city hall.

The present slate roof on the building cannot be repaired so a fireproof shingle known as Fire Chex will be applied. The company estimated the cost at \$1636.38.

If you take the time to investigate all the new angles you will find the government owes you a living.

### Mahrley's Niece Wed Saturday

At a small but impressive ceremony in St. Peter's Lutheran church on Sunday, September 17, Leona Kuhn was united in marriage to Arthur W. Mielke. The Rev. Edgar Hoenecke officiated at the one o'clock rites before an altar banked in palms and vases of white gladioli. Organ music was presented by Gerhard Mueller. Both the bride and groom are from South Haven. Miss Kuhn is the daughter of Mr. and Mrs. August Kuhn and Mr. Mielke's parents are Mr. and Mrs. William Mielke.

The bride chose a suit of toast and wore brown accessories complemented by a white orchid corsage.

Mrs. Norman Mahrley of Plymouth was her only attendant and wore a suit of grey with black accessories and a corsage of pink carnations.

Norman Mahrley performed the duties of best man.

Mr. and Mrs. G. H. Mahrley of this city, aunt and uncle of the bride, gave a reception for the immediate family and a few close friends at their home on Ann Arbor trail.

After a short honeymoon in Niagara Falls their young couple will return to South Haven where they will make their future home.

### BPW Club to Meet Sept. 25

Miss Vemba Dunlap, state president of the Business and Professional Women's club, will be the guest speaker at the local club's first meeting next Monday, September 25, at 6:30 p.m. in St. John's Episcopal church hall.

Miss Dunlap's topic will be "Approach to Program Planning." Mrs. Duane Parkes is program chairman for the club's meetings year.

**Local News in Brief**

Mr. and Mrs. Howard Salisbury planned on dinner at Barbu's on Saturday evening and upon arriving there found Mrs. Salisbury's sisters and their husbands waiting for them as a surprise to her on her birthday. Present were Mr. and Mrs. R. Kenneth Thorpe of Plymouth and Mr. and Mrs. Ernest Eberlin of Wayne.

By CARL PETERSON

A Midwest medic claims that one of the greatest things in the world is controlled laziness. Apart from washing elephants, most of the big things have been accomplished by folks who were constructively lazy. They were constantly looking for an easier way of doing things... and their hide-and-go-seek with hard work has been a boon to us all. That goes for inventors of elevators, washing machines, snap-on bow ties, telephones, whistling tea-kettles and handles on hot pans. All progress has been paced by lethargic lads who didn't want to do it the hard way. And it sure is a wonderful excuse.

Our sincere thanks to all who helped to make our Second Anniversary a huge success. We are looking forward to next year, with another—with more of everything for everyone.

We just heard that Swedish scientists have managed to breed a race of giant rabbits. There's certainly a hare-raising idea. It's a good idea to be sure about the place you take your prescription. Accuracy is our keynote and there's always a registered pharmacist in attendance here to assure you of the very best service. Drop into PETERSON DRUG, 840 W. Ann Arbor Trail, Phone: 2080.

**Boyer's Complete Remodeling**

Bill Thomas, left, manager of Boyer's Haunted Shack, shows Sales Clerk Jim Keeth one of the many tools that can now be displayed on the store's new display rack. Boyer's have just finished a complete redecoration job in the store, including new lights and fixtures, and will celebrate a grand opening this weekend.

Other rates as listed in the proposal. A certified or cashier's check on a cash, solvent bank, in the sum of \$2,750.00, payable to Charles M. Ziegler, State Highway Commissioner, must accompany each proposal. All such checks will be returned promptly after the bidding, except that of the lowest bidder will not be returned. The execution and delivery of the contract to the State Highway Department. The right is reserved to reject any or all proposals. CHARLES M. ZIEGLER, State Highway Commissioner, Sept. 21, 1950
Attorney: Paul Bairas 3333 Michigan Ave., Detroit 26, Mich.
STATE OF MICHIGAN, COUNTY OF WAYNE, ss. No. 322545
At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the eighth day of September, in the year one thousand nine hundred and fifty. Present Joseph A. Murphy, Judge of Probate. In the Matter of the Estate of JAMES BARKUS, Deceased. On reading and filing the petition of Paul Bairas, attorney for C. Kapsalis, Consul General of Greece and attorney-in-fact for Constantine J. Barkus, sole heir of said deceased, praying that this Court adjudicate and determine who are or were at the time of the death of said deceased his heirs-at-law and entitled to inherit the estate of which said deceased died seized: It is ordered, That at the twelfth day of October, next, at ten o'clock in the forenoon at said Court Room be appointed for hearing said matter. And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulated in said County of Wayne. Today's Recipes

USE GAY colorful dollies for mealtime whenever possible. If a drop spills, you'll have only one dolly to wash in place of a whole, large tablecloth.

Use little sauce or side dishes only when you're having such foods

RECIPE OF THE WEEK

Apple Crisp (Serves 6) 2 1/2 pounds (8 cups) sliced, tart apples 1/2 cup sugar 1 teaspoon cinnamon 1/2 teaspoon nutmeg 1/2 teaspoon grated lemon rind 1/2 teaspoon salt 1/2 cup butter 1 1/2 cup crushed cornflakes Wash, peel and core apples. Slice 1/4-inch thick. Mix together sugar, spices, lemon rind and salt. Layer apples in greased casserole and sprinkle each layer with sugar mixture, cornflakes and dot with butter. Repeat until all are used, leaving a larger portion of the cornflakes and butter for the very top layer. Cover and bake in a moderate (350° F.) oven for 15 minutes. Uncover and bake for about 30 minutes longer or until apples are tender and the top crisp. Serve with cream or hard sauce.

as really need them, like stewed tomatoes, vegetables in sauce, or cream-style corn.

A three way platter saves dishes and space on the table. You can place meat in center or on one side, then potatoes to the other side, and vegetables next to them or to the meat. It's a pretty way of serving! Plan to cook and serve in the same dishes whenever possible because of the time and dishes saved, as well as the fact that you can bring them to the table at the peak of perfection.

Every now and then, add variety to serving, by preparing the plates in the kitchen. Arrange the plates right near the range where you can serve them easily, set them on a tray and bring the dinner, all served, to the table at one time.

In Sidcup, England, Mrs. Annie Skinner willed to Norman Butler, who had done her plumbing free, her bathtub, sink and water heater.

More Divorcees Break Traffic Laws Than Married People Says Report

It takes Superintendent A. Blake Gillies of the Detroit House of Correction to dig up exceptional facts—and here's one that's good for the books! A detailed tabulation of information about traffic law violators sent to his "Home for Contented Law Breakers" shows that twice as many divorced automobile drivers break the law as do married drivers.

Almost 14 times as many people who never graduated from high school break traffic laws as do high school and college graduates! Waiters, painters and plumbers do more traffic violating than do cooks, carpenters and welders. Farmers have the best record, with barbers providing a close second in the pages of "accusing" traffic statistics worked out by Warden Gillies' traffic school.

Reckless and drunk driving provide the greatest number of traffic violators who go to jail. Auto drivers between the ages of 21 and 25 do the most traffic law violating. Those between the ages of 26 and 35 provide a close second. Drivers under 20 do not make a very commendable showing. Best records are made by those over the age of 50, with top places going to drivers over the age of 60. The very few in this age bracket who are jailed because of traffic violations are for drunk or reckless driving. Amazing as it may seem drunk driving is the cause of most arrests for those convicted and sentenced between the ages of 21 and 25.

Probably never before has such a detailed traffic report ever been made out by any institution, court or traffic bureau. Superintendent Gillies has received many favorable comments on the report.

Above the HULLABALOO by LYLE HULL

WRITERS like to extol the steadfastness and intelligence of the average guy. We don't think there's any such fellow. But if he exists, this freak whose virtues and vices nullify each other and join in a dull mediocrity, he's a dope, America's court clown.

This anomaly, let us suppose just for laughs, is named J. Allardye Jones, average American, and we ask him about the Korean situation.

Some people are marveling about how remote and unknown Korea was before the fighting and what an unlikely spot it seemed for a critical war to break out. Not Allardye. He gives 'em the lie. "I've heard of this Korea many times," he boasts. "I order my ginseng from there." There's nothing the average guy likes any better than a big wad of ginseng in his jaw, if you ask Allardye.

He scratches his head, pondering the ignorance of his fellows. He is a little above the average in this respect: he uses his head—but just for whetting his finger nails. He continues: "I predict all the time war'll break out in Korea—north against south. Does Truman 'pay any attention? Any fool knows north and south are opposite. Look what happened in this country in '61."

"I've got a plan for winning the war—a reverse draft. Make the draft so airtight no one can get out and then draft the North Koreans in our army and start them advancing back the other way."

"Take us average guys. How will the war affect us million and a half of the nation's hamburger flatteners? (Ever notice how flat the hamburgers are in restaurants? That's Allardye's job.) I won't let 'em draft me. My work is vital to defense—fat, round hamburgers use too much meat and would deplete the nation's supply in six months. I'll get myself frozen to the job."

"Then there's my family I have to think about. What will become of my 2.7 children (average number of offspring)?"

"The threat of rationing has my wife worried. Not enough sugar, not enough tires, not enough gasoline, not enough rubber, therefore not enough girdles to go around. Will the government ration nylons or just allow the woman half as many legs?"

Unable to toot his sopsophone, a high school band director in Springfield, Illinois found out why: a potato vine growing in the horn had choked the coils of the instrument.

Here's Real Conservationist -- Preacher Cans Fish He Catches

Everyone knows that when it comes to preaching, Dr. Henry Walch of the Presbyterian church is "tops." In fact he ranks among the best there is in the country. But few know that he is "tops" too, in ocean fishing and that he possesses a Scotchman's idea when it comes to keeping what he gets.

While on a fishing trip out on the Pacific recently he not only made a record catch of that delicious fish, the albacore, that so many fishermen seek and seldom catch—but when he got back to shore, he had his fish canned right then and there and brought his catch in tin cans back to Plymouth! When questioned the other day about his thrift characteristics, he denied emphatically that he was born in Scotland, said he entered this troubled old world at Rochester, New York, and became thrifty because that is a necessity when one devotes his life to saving man from himself.

This all happened when Dr. and Mrs. Walch took a brief vacation trip to California—a trip that combined with it a visit to many Presbyterian church missions and institutions throughout the west.

While in California, an old friend invited the Plymouth minister to go on a fishing trip out on the Pacific near the Catalina Islands. It was one of those kind of trips where you go out so far that you do not return at night.

Dr. Walch surprised his friends by hooking a nice big albacore almost as soon as he started trolling with artificial bait. Then he landed another and another. Dr. Walch was enjoying the kind of

luck that every fisherman dreams about but seldom experiences. His host advised him that he could arrange to have the fish cleaned and canned upon their return to shore—and being the sort of thrifty preacher that he is, it didn't take Dr. Walch long to decide that that was just the thing he was going to do.

While a fisherman, the highlight of his trip was his fishing experience. To Dr. Walch his visits to the Presbyterian missions in Arizona, maintained by the church for the Indians, was the most interesting part of his visit to the west. In addition to the missions that were visited, he spent some time in going through the Presbyterian Navajo Indian hospital and one of the church high schools located in Arizona.

"I thought they said the 'Old West' was gone, but I didn't find it so. When one gets back from the main roads in New Mexico and Arizona, there is plenty of the old west to see," said Dr. Walch. The trip to and from the coast was made without difficulty, even though many hundreds of miles were traveled off the main thoroughfares.

In Bexhill, England, Mrs. Elsie Hayward opened a letter, found her lost ration books—minus the tea and candy coupons—and a religious tract exhorting the reader to give thanks for daily blessings.

The things that cause the most friction in life are the petty differences and irritations that we should be big enough to overlook. It isn't the mountain ahead that wears us out, it is the tiny pebble in our shoe.

A grimly determined gentleman in Sutton, West Virginia, was charged with assault after he bit into one hand of a recalcitrant debtor, hung on until the man wrote a check with the other hand.

### Knows Where To Get Them

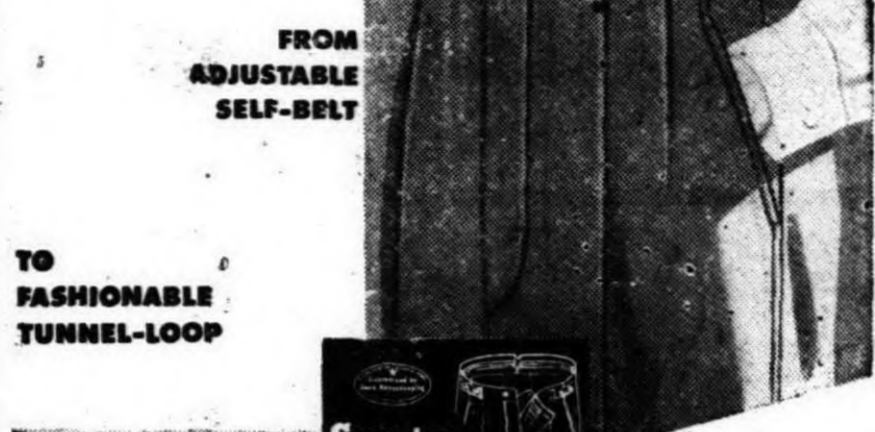

Here's proof of that fish story being told by Kenneth Stevens of 599 Virginia who caught the 35 inch, 9 1/2 pound pike pictured above in Brophy Lake near Brighton last Sunday. It was Stevens' only catch but he was quite satisfied. Stevens, who was fishing with Frank Graham, claims he has caught some 18 pounders in the same lake where he has been fishing for over 15 years.

### WHAT I THINK AND HAVE A RIGHT TO SAY

#### WHO WILL GLEAN THE SHEKLES?

Now that Louis Johnson has been kicked out as Secretary of National Defense, a job he got by raising a million or two dollars for Harry's last campaign fund, the question naturally arises as to who will look after the next "kitty." You can bet your last dollar, even though you don't know the name of the individual yet, that it will be some one with an "in" to the gamblers, the five-percenters and others getting rich and fat on expenditures of tax dollars.

#### IT'S WHAT WE VOTED FOR.

Atomic Scientists recently issued a bulletin in which it warned that Russia is contemplating a sudden, devastating atomic assault on the virtually defenseless cities of these United States. It points out that our Federal government has done almost nothing to protect the people of this country from such an assault.

The Bulletin is a most scathing indictment of the bungling, indecision and delay at the topmost government level and it demands that the people be told the truth about our plight and that something be done about it.

These scientists assert that Washington's policy of concealing the facts for fear of precipitating hysteria among the people, precludes planning for adequate civil defense and is paving the way for mass panic when the first Russian bomb bursts.

But why blame the political mob running affairs in Washington? These fakers wouldn't be there if we hadn't voted for them, would they?

Chairman W. Stuart Symington of the National Security Resources Board, says:

"For the FIRST time in the history of this country a foreign government has the capacity to attack all our home soil—has the weapons and the means to deliver those weapons; and as its stockpile of atomic bombs grows, as its planes and submarines become improved in quality and relatively greater than ours in quantity, that danger can only grow week by week and month by month."

But still you will be amazed at how many people will continue to show their approval of this sort of thing by their votes in November.

### Hold Funeral For John Carrier

Funeral services were held on Tuesday for John Carrier of 31425 Myrna street, Livonia, who was found dead in his car last Friday in Cass Benton park. The Wayne County Sheriff's office stated that a bullet hole through his head indicated suicide.

Carrier, who was 44 years old, is survived by his wife, Doris; three children, Robert, Carol and Dorene, and his mother and several sisters and brothers who reside in Montreal and Quebec. Services were held in St. Martin's Episcopal chapel in Detroit with burial in Grand Lawn cemetery.

### Send Tavern Complaints to Liquor Commission

A resolution stating that all complaints received on the conduct of customers of the three local taverns will hereafter be reported to the state liquor control commission was passed by the city commission Monday night.

Commissioner Richwine, who serves as advisor to the police department, stated that these complaints were on the increase and offered the resolution in an effort to end the complaints.

### To Attend City Managers Parley

Plymouth will be represented by City Manager Al Glassford at the 36th annual International City Manager's association conference being held November 26 to 29 in Houston, Texas.

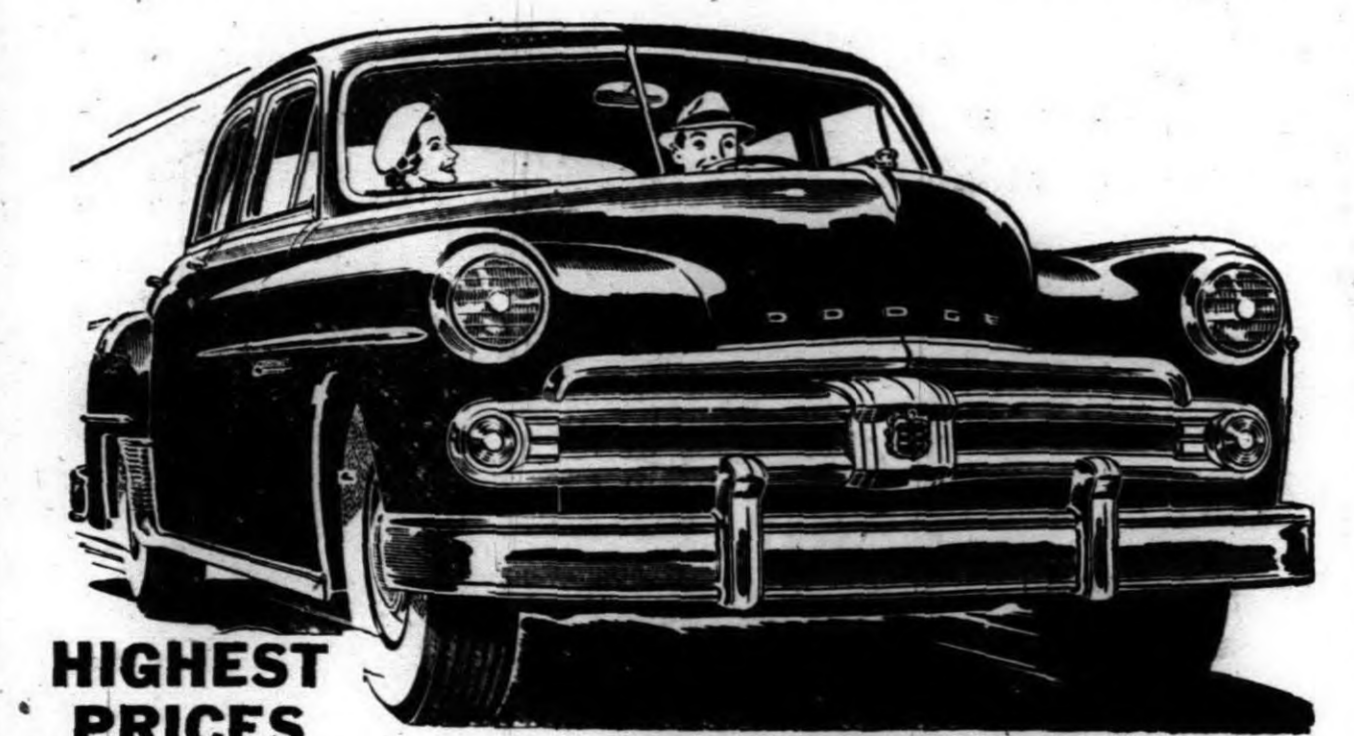

Discussions at the conference will center on civilian defense, finance and other problems of municipalities. The city manager was authorized to attend the conference by the city commission.

### U of M Alumni to Aid Atom Project

Local alumni of the University of Michigan will join Northville alumni in aiding their alma mater in launching the \$6,500,000 Phoenix Project campaign on October 2 with a dinner at 6:30 p.m. at the Northville Presbyterian church.

The dinner will precede an outstanding coast-to-coast broadcast at 8 p.m. sponsored by the university featuring such notable speakers as General Dwight D. Eisenhower, Warren Austin, University President Alexander G. Ruthven, and Coach Bennie Oosterbaan. The Michigan Marching band and the University Glee club will also take part in the program.

The Phoenix Project is a Michigan crusade to use atomic energy for the benefit of mankind rather than for the destruction of civilization. Funds collected during the campaign will finance research in this phase of uses of atomic energy.

The special broadcast will be sent only to U of M alumni groups' "Atom Day" programs. Tickets for the dinner and program may be obtained from Dr. A. E. VanOrnum, president of the Plymouth University of Michigan club, and Miss Elizabeth McDonald, club secretary. All alumni and their friends are invited to be present to hear the exclusive "Atom Day" broadcast.

In Milwaukee, Manager Arnold Brumm of the Ritz theater announced that on Monday evenings, to be known henceforth as "Dignity Nights," people who insist on eating peanuts, popcorn or candy during the show will be asked to sit in a special section.

"What is a human skeleton worth?" someone asks. It's worth a great deal to the person who's using it.

### Mayor Names Civilian Defense Board for City

(Continued from page one)

Prior to making known his choice for Plymouth's director of Civil Defense, the mayor pointed out that, originally, it had been his intention to set up a council, and let this council choose its own director. Discussions with groups already functioning, and with Donald S. Leonard, State Director of Civil Defense, however, indicated the need for a direct appointment to insure Plymouth's having a director possessing the administrative ability necessary to carry out the council's mission in Plymouth, and surrounding areas.

Rather than naming the people who are to serve as council members, the mayor chose to have them selected by the members of the city commission. Accordingly, all names of those who had volunteered, and names suggested by the various commissioners, were put on a slate by classification, and prior to Monday's meeting the commissioners balloted individually on the names submitted.

To insure complete integration of all available facilities in event of emergency, the mayor appointed a member to represent Plymouth township, and one to represent the Detroit House of Correction. The fire, police and other facilities so integrated will go far towards securing this maximum utilization.

It is realized by the commission that one group, no matter how large, cannot do the whole civil defense job. Complete cooperation by all individuals and groups in and around Plymouth, absolutely vital to the job at hand, was asked by the commission.

"The citizens of Plymouth have never failed to come up with a superior job in anything they've ever tackled," said the mayor. "I know that our civil defense council can, and will do an outstanding job. On them rests the complete responsibility for the planning necessary to safeguard our homes, families and institutions."

In Santa Fe, New Mexico, James B. Hannah, who had bought a new gas tank cap, found the old one in his car, along with a message: "Dear Sir: Undoubtedly you have by this time noticed that your gas tank cap has been missing. I borrowed the cap from you. You see, I had the same misfortune you did. I have since found my own gas cap, so I am returning yours. Yours very truly, An Honest Thief."

In 1922 Calvin Simon purchased the building where his first store was located on Main street from Floyd Hillman and followed next with the purchase from the T. P. Sherman estate of the former pool room which was then operating next door on the south. After combining the two stores which now house the Kroger store he purchased another building from the Sherman estate and this is the present site of the Plymouth Hardware. His fourth purchase was the Woodworth building which he secured from the Reconstruction Finance corporation and his last addition to the group was the present Dunning store which he purchased from Henry Murray who for many years operated a candy store there.

In 1943 Mr. Simon closed his store and in 1946 negotiated the lease with the Kresge company who now intend to use all five of the former buildings as one beautiful, modern store which will do much to change the present appearance of Main street.

### George A. Smith Wins Smashing Primary Victory

Final tabulation of the vote in the 7th legislative district of Wayne county gave Plymouth's candidate for the Republican nomination for the state legislature, George A. Smith, a very substantial vote over all of the other candidates in the contest.

Mr. Smith received a total of 2,289 votes. His nearest opponent, William Eaton of Wayne, had a total of 1,485. The other two candidates each had a vote of something like 600 votes.

Mr. Smith has requested The Plymouth Mail to express to all the voters of the district his sincere appreciation for the fine vote he received in the primary. It is his intention to put up a most effective campaign for the final election in November.

George E. Bowles of Plymouth came in second in the Democratic race in this district for the state senate. He received a total of 10,853 votes but the nomination was won by John H. Schneider who tallied 11,636. William J. Ryder was third in the race with 6,204 votes and Harrison F. Biggers fourth with 2,942.

tion, but he will serve as one of the Grand Lodge officers to which he was elected some two years ago.

Following the usual practice of Grand Lodge organizations it is expected that the former Plymouth mayor will be advanced to the position as Grand Master at Arms. Clarence L. Smith of Pontiac is the present Grand Chancellor.

Other officers expected to be advanced or re-elected include Sulho W. Jarvis of Sault Ste. Marie, Grand Vice-Chancellor; Charles F. Andress of Ypsilanti, Grand Secretary; Russell W. Clark of Detroit, Grand Treasurer; Kenneth Buckley of Muskegon, Grand Prelate; Henderson of Plymouth, Edmund Unger of Oxford, Grand Inner Guard, and Harold Miller of Charlevoix, Grand Outer Guard.

The Pythian Grand Lodge is expected to back the raising of funds and the solicitation of gifts for men in Michigan veterans hospitals.

It is also expected that the High School public speaking contests on the subject, "Turning Points in History" will furnish the prize money for the Collegiate Peace Speech contest.

Delegates will hear the report of the Michigan Pythian Recreation center on Burt lake in Cheboygan county; of the Inter-Domain Rally where Pythians from Ohio, Ontario, Kentucky and Michigan will convene in Lexington, Kentucky next May; of the work being formulated by Director of Progress H. B. Johnson.

REV. ROBERT H. HARPER  
John Mark, Who Made Good.  
Lesson for September 10: Acts 12: 12, 25; 13: 4-5, 13; 15: 36-40.  
Memory Selection: Philippians 4: 13.

JOHN MARK was the son of Mary, owner of the house in Jerusalem where, it is believed, the sacrament was instituted, where the disciples often gathered after Pentecost and where they met to pray for Peter's deliverance from prison. Thus, out of an atmosphere of Christian belief and the home of a godly mother, Mark was prepared for his first service as the companion of two great missionaries. But he failed. He left Paul and Barnabas at Perga and returned to Jerusalem. When Barnabas proposed taking Mark on a second missionary journey, Paul refused. The disagreement was sharp between them. Barnabas took Mark and departed for Cyprus; Paul chose Silas and set forth on his own course.

The young Mark needed the disapproval of Paul; he needed to see the gravity of turning back. But he also needed the chance that Barnabas gave him. And he made good, in after years Paul evidently revised his estimate of Mark, for he is favorably mentioned in II Timothy and named in Philomen among the fellow workers of Paul.

The Second Gospel, the first to be written, bears the name of Mark. It is enduring evidence that Mark indeed made good and gave great service to mankind. His life should be an inspiration to men to overcome failure and attain unto success in serving Jesus. And all can do this through Him of whom Mark writes in his Gospel.

FIRST CHURCH OF CHRIST, SCIENTIST. Sunday services at 10:30 a.m. Sunday school, 10:30 a.m. for pupils up to 20 years. "Reality" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, September 24. The Golden Text (Zechariah 2:10) is: "Lo, I come, and I will dwell in the midst of thee, saith the Lord." Among the Bible citations is this passage, (Isa. 55:9): "For as the heavens are higher than the earth, so are my ways higher than your ways, and my thoughts than your thoughts." Correlative passages to be read from the Christian textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (p. 275): "The starting-point of divine science is that God, Spirit, is All-in-All, and that there is no other might nor mind—that God is Love, and therefore He is divine Principle."

### Fisher Explains His Rent Position

City Commissioner Henry Fisher asked The Plymouth Mail to make public his stand on rent decontrol. Saying that he had taken the initiative in bringing about the commissions action on lifting the local rent ceiling he wanted it understood that he had confidence enough in the residents of Plymouth to know that they would take no unreasonable actions in rental adjustments.

Commissioner Fisher further stated that he knew the other members of the commission were of the same opinion and that when they officially took action to remove the ceiling they acted knowing and expecting that local landlords would not go out of line in their adjustments.

### Feature Daniel Home in Article

The beautiful ranch style home of Mr. and Mrs. Richard I. Daniel at 300 Adams street will be featured in the October issue of Better Homes and Gardens magazine.

Pictures of the home appear in an article entitled "Three Ways to Add Living Space" and explains how the Daniels, along with Carlton Lewis, local builder, added extra rooms to their three-room house.

"A smart remodeling job not only added space to the Daniel home," the article states, "but it improved the looks of the house at the same time... making it one of the most attractive homes in town."

The breezeway connecting the house with the garage has been made into a den since the picture appearing in the magazine was taken several months ago.

### Funeral Friday For Dale Curtis

Funeral services will be held tomorrow afternoon at 2 p.m. for Dale L. Curtis who passed away in St. Joseph's hospital after a long illness Tuesday morning. He was 27 years old and lived at 799 Arthur street.

The services will be held at the Casterline Funeral home in Northville with the Rev. Cora Pennell of the Salem Federated church officiating. Burial will be in Riverside cemetery, Plymouth.

Born in Salem, Mr. Curtis had lived most his life in Plymouth and was a graduate of Plymouth High school. He was active in the Moose lodge in Ann Arbor.

He is survived by his wife, Dorothea; a six year old son, David; his father, Leslie Curtis; and nine brothers and sisters, Cleo and Lois Curtis of Plymouth, Leon of Garden City, Don of Ann Arbor, Mrs. Iola Hall of Pinckney, Mrs. Hazel Adams of Ann Arbor, Norman of Garden City, Milton of Baltimore, Maryland, and Janice of Pontiac. His brother, Owen, preceded him in death.

## Rocks Lose First Game of Season 12-0 to Powerful Farmington Squad

Playing a very inspired game last Friday, the Rocks were downed by a powerful Farmington squad by the score of 12-0. Although losing the game, the Plymouth Rock squad played a very good game. A notable fact about the game was the excellent playing of the sophomores on the team. Dick Nagel, Bud Lamphere, Jimmy Burger and Al Williams all performed fine for their first varsity game.

The starting lineup that Coach Ponto chose included Ends Charles Stark and Jack Elliott, Tackles Gary Sockow and Jack Daggel, Guards Bob Keeny and Captain Jack Robinson, Center Bob Gow. In the backfield Coach Ponto chose Phil Jacobus, George Hunter, Dave Travis and Ron Davis. Other players who saw plenty of action were Bud Lamphere, Dick Nagel and Bill Runge.

Plymouth won the toss and elected to receive. After trying two plays the Rocks punted and Farmington took over. The whole first quarter was like this as both teams played good ball. Plymouth had several opportunities to start rolling but each time penalties set the Rocks back.

In the second quarter both teams continued to play as in the first quarter. With about four minutes until the half the Farmington squad started rolling. A touchdown was the climax of a 65 yard drive that gave Farmington a six point lead. Again penalties were the cause of the Rock falter. This was Plymouth's first game of the year and, for many, their first varsity game which could be the main reason for the penalties.

In the second quarter End Jack Elliott broke his arm as he made a flying tackle and lit in the pole vaulting pit. This was the Rocks' only serious injury.

With several new faces in the lineup the Rocks started the third quarter. After the ball was exchanged several times the powerful Farmington eleven started another touchdown drive. The Rocks finally halted it on about the 15 yard line. Here the Rocks dug in and put up a good fight. After three plays Farmington had gained hardly an inch. On the

last down Bates of Farmington broke loose and on a pile up on the goal line scored the Falcons second tally.

With several minutes remaining in the last quarter the Rocks made a last try for a touchdown. Plymouth had made a first down on about the ten yard line but again penalties came in and the ball was taken back where the Farmington squad took over and the game ended soon after with Farmington on another drive.

Tomorrow night Plymouth will play at Belleville at 8 p.m. This will be the Rock's first league game. The team is ready to roll again and win, lose or draw Plymouth can be counted to do their best.

## Women's 1st Golf Tourney a Success

The first annual Women's Michigan Recreation association golf tournament was held Saturday, September 16, at Washnetow Country club in Ypsilanti. Herb Woolweaver of the Plymouth Recreation department managed this affair that included 75 member teams from Jackson, Plymouth, Dearborn, Ypsilanti and Pontiac. Thirty-five women played for the awards given by the MRA. The trophies were personally presented by Mrs. Caddie Gerrie of the Highland Park recreation department, who is the state chairman for MRA women's activities.

The social contacts enjoyed by all contestants highlighted the occasion. Everyone agreed that this should be a continued event every year. Champions were rewarded in two divisions: Pontiac's team won the upper division with Zadah Deolt the medalist with a 96, other members of her team followed in this order: Phyllis Boyer, Dorothy Selle, Sue Oesch and Barbara Swaney. Dearborn's seconds won the lower division and rated in the following order: Helen Sundstrom, Ethel Coffee, Marion Russell, Phil Collins and Violet Daley.

Plymouth women who participated scored in the following order: Vi Partridge and Helen Meyers tied Jane Carmichael, Issi Partridge and Jane Todd. It is the plan at the present time to hold a city tournament for Plymouth women next year to form two teams for the next MRA tournament. Those under 100 will be in the upper division and over 100 in the lower division.

Any helpful suggestions to the recreation department would be appreciated in order to take part in golf. The department hopes to have a lot more women in golf classes next spring.

Ruffed grouse, nearing the top of their cycle in Ontario should provide some of the best shooting in years, according to the Ontario fish and wildlife division.

In Washington, the Fish and Wildlife service pondered a query that turned up in the mail: "How can I get help to open the overland cycle trade from the inland tide water of the Atlantic to the growth crest creed of the Pacific? I discovered the oval location of growth-set."

## Ceramics Classes to Begin October 3

Mrs. Meier of Wayne is opening a ceramics class on October 3 in the high school from 7 to 9 p.m. If you are interested in making lovely Christmas gifts, this class is what you want. Please call Mrs. Donnelly at 2075 if you wish to enroll for the six nights.

## Eckles Leads Women Bowlers

The first night of bowling for the senior division of the Parkview Ladies' league September 13 showed that the ladies were anything but rusty. Catherine Davis hit 502 for a 167 average.

F. Wendland had high single with 185 and I. Shoner second with 183. Other high games were M. Robinson, 179; E. Utley, 170; P. Hill, 179; B. Kisabeth, 175 and C. Davis with 181. Jane Todd was the most consistent with 113, 114 and 115.

Rosemary Lyka, secretary of the league, would like to express the appreciation of league members for the fine work done by Eileen Williams as league secretary last year.

## Jack Elliot Is Athlete of Week

Without a doubt the athlete of the week is Jack Elliot, senior at Plymouth High school and end on the Plymouth Rocks team. In the first game of the season Friday against Farmington, Jack was playing a good game, then knocked a ball runner out of bounds. He flew into the pole vaulting pit and broke his arm.

Jack was stricken with polio last October after he had played in three games. Since then he has worked hard to be able to play football again. Jack's arm was injured in such a way that it was necessary for him to go to the hospital Tuesday for an operation to straighten the bone. Jack feels that his injury did not result from his arm being weakened by polio and that any player might have broken an arm in that play.

Jack went out for football in 10th grade and made first string end. He had a big job cut out for him as Jack Dobbs had graduated the year before and his vacancy was well filled by Elliot.

In the 10th grade also, Jack went out for basketball and made the varsity squad. The moral support that Elliot gave to the team is really something. All the players admire his ambition to play ball again. The Rocks were victims of a 65 yard drive after Elliot had left the game.

Although not able to earn a letter by the quarter method, it would still be a nice thing if Elliot could still receive a letter. There would not be too many boys that would go out for football after having polio and still do such a good job.

### Marion Oldenburg Weds Lee Owens In Double Ring Ceremony

The First Methodist church in Plymouth was the setting Saturday evening, September 16, for the wedding of Marion Ida Oldenburg and Lee Anderson Owens, son of Mr. and Mrs. Allous Owens of Northville road. The bride is the daughter of Mr. and Mrs. John M. Oldenburg of Blunk avenue. The Reverend Melbourne Johnson officiated at the 8 o'clock double ring ceremony.

Organ music furnished by Richard Miller preceded the singing of "I Love You Truly" and "Because" by Shirley Plant. During the rites Miss Plant sang "The Lord's Prayer."

Large baskets of white gladioli and mums adorned the altar that was flanked on either side by palms and cathedral candles.

The bride wore a gown of bridal satin and Lohengrin lace, the lace fashioned the yoke which was outlined in seed pearls and extended down over the fitted bodice to form a peplum at the waist. Panels extended down to the full skirt. Her fingertip veil of illusion was caught to a halo of rolled veiling secured on each side by clusters of orange blossoms. She carried a bouquet of white gladioli and mums. She was given in marriage by her father.

Mrs. Doris Diedrick, the bride's sister, was chosen to be matron of honor. Her gown was of shrimp colored taffeta with fitted waist and peplum on each side of the full skirt. With a low draped neckline she wore a single strand of pearls. She carried a colonial bouquet of bronze rosebuds and mums.

For her bridesmaids Marion asked another sister, Carol Oldenburg; her cousin, Mrs. Mary Jane Burd, and Miss Lois Bowden, a friend. Their gowns were identical to that of the matron of honor and were of deep green taffeta. They carried colonial

Mrs. Lee A. Owens

bouquets of yellow rosebuds and mums.

The twin cousins of the bride, Lorraine and Lonnie Hake, served as flower girl and ring bearer. Lonnie wore a white jacket and dark trousers and Lorraine was dressed in pastel green with a miniature corsage of yellow mums.

As his best man the bridegroom asked Kenneth Lough of Harrisburg, Virginia, and the ushers were Ralph Diedrick, Willard Taylor and Carl Wenzel.

Mrs. Oldenburg wore a dress of toast colored crepe for her daughter's wedding while Mrs. Owens chose aqua crepe. Both mothers wore black accessories and pink rosebud corsages.

Following the ceremony the reception for 250 was held in the church parlors. Guests were present from Adrian, Detroit, Wayne, Northville, Lansing and Plymouth, also from Virginia, Illinois and Tennessee.

For her going-away outfit Mrs. Owens wore a wine suit with black velvet accessories and the center from her bridal bouquet.

Following a two week honeymoon which will take them through the Smokey mountains the young couple will return to Plymouth to make their future home.

### Plan Fall Wedding

A November wedding is being planned by Joanne Gobel and Ferris Donald Mathias. Mrs. Aileen Gobel of Evergreen street announced her daughter's engagement to Mr. Mathias this week. He is the son of Mr. and Mrs. Ferris Mathias of Blunk avenue. The wedding will take place in Our Lady of Good Counsel church.

### Couple Return From Northern Wedding Trip

In a ceremony solemnized Saturday, September 2 at 2 o'clock, Donna White exchanged marriage vows with William Trobaugh.

The rites were performed by the Rev. Britten, pastor of the Congregational church in Wayne. "I Love You Truly" and "Because" were sung preceding the nuptials.

The bride, who is the daughter of Homer Williams of South Main street, Plymouth, was gowned in white, satin with long train and fitted bodice of lace. She carried white gladioli and wore a blue necklace, gift of the bridegroom.

Miss Helen Pyle as maid of honor, wore pink silk with a bouquet of fuchsia gladioli and a headdress to match. The bridesmaids, Mary Lou Trobaugh, and Helen Trobaugh, were gowned in identical blue with fuchsia flowers and headdresses.

As his best man the bridegroom chose Gerald Pyle and the ushers were Kenneth Wolfe and Frank Marello.

William is the son of Mrs. Myrtle Trobaugh of Winifred street, Wayne. A reception for 75 friends was held in the Trobaugh home, guests coming from Wayne, Ypsilanti, Battle Creek, Ann Arbor, Wyandotte, Illinois and Plymouth.

For her going-away outfit the bride chose a navy blue suit with white accessories. After a short wedding trip to northern Michigan the couple who are both employed with the Daisy Manufacturing company are at home to their friends at 8904 Oakview street, Plymouth.

### Bachelorette-Jackson Nuptials Read In Youngstown, Ohio

The Coitsville Presbyterian church in Youngstown, Ohio was the setting of the marriage of Miss Jean Jackson, daughter of Mr. and Mrs. T. Lamar Jackson of Youngstown, to Robert W. Bachelorette, son of Mr. and Mrs. Raymond Bachelorette of Plymouth. The ceremony was performed by Dr. Henry Walch, pastor of the First Presbyterian church in Plymouth where the bride is directress of religious education. The Reverend Calvin Buchanan of the Coitsville Presbyterian church assisted at the ceremony which was solemnized at 8 p.m. on Saturday evening, September 9.

Jean was given in marriage by her father. Banked with southern palms, scheffleria foliage, and woodwardia, ferns, the altar was further decorated with white Grecian urns of gladioli and dahlias. White tapers were lighted in graduated candelabra. Wedding music was furnished by Miss Bernice Brownlee.

The bride was gowned in ivory slipper satin featuring a high round neckline and redingote outlined with tiny satin points, the graceful skirt forming a chapel train. She wore an ivory lace Juliet cap of seed pearls and a fingertip illusion veil, and carried a cascade of white glamelias and swainsonsa frilled with French maline.

For her matron of honor Jean chose her cousin, Mrs. Cortland Shields, who wore a gown of dusty rose taffeta with mandarin collar, short sleeves, and bouffant skirt. Her flowers were pink glamelias and pink chrysanthemum pompons with a matching floral head ornament.

Miss Emilie Bohnhorst of Springfield, Illinois, as maid of honor, was gowned in mint green taffeta and carried a bronze glamelias and pompons. The bridesmaids, Miss Mary Lee Jackson of Springfield, Illinois and cousin of the bride, and Mrs. John Harshman of Dayton, college classmate of Jean, also carried bouquets of bronze pompons and glamelias with apple green taffeta gowns.

Lawrence Arnold of Plymouth was best man for the bridegroom and ushering were Ralph Bachelorette and John Bachelorette, brothers of the bridegroom, and Franklin Jackson, brother of the bride.

For her daughter's wedding Mrs. Jackson chose a royal blue dress with pink accessories and pink rosebud corsage. Mrs. Bachelorette, mother of the bridegroom, wore beige crepe with green accessories and a corsage of yellow roses.

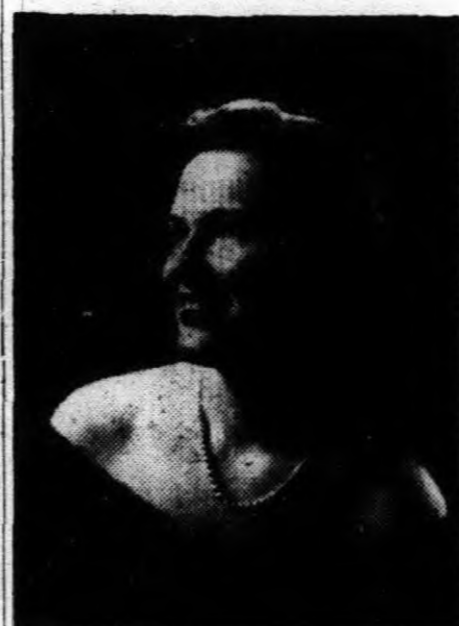

Open church was observed and later about 200 guests congratulated the bride.

lated the bridal pair at the Jackson residence, which was decorated with huge bouquets of white dahlias and chrysanthemums.

Assisting at the tea tables were Mrs. Ralph Bachelorette, Mrs. Lawrence Arnold and Miss Ruth Popovich.

After a motor trip through the Smokey mountains, Mr. and Mrs. Bachelorette have moved to 37530 Plymouth road. Mr. Bachelorette is an engineer with the Bay State Abrasive company. He is a graduate of General Motors Institute in Flint. His bride received her BA degree from Ohio State university and was graduated with a master of arts degree from McCormick Theological seminary in Chicago, Illinois.

### Tell Engagement

Mr. and Mrs. Victor Petschulat of Rosedale Gardens announce the engagement of their daughter, Victoria, to Robert D. Shely, son of Mr. and Mrs. George Shely of Garden City. Both young people are students at Michigan State college.

Mr. and Mrs. C. N. Burton and Mr. and Mrs. Walter Scott have returned from a two weeks' sight seeing trip to Quebec, Canada. They took the Canadian route going and returned through the states.

### Ida Wefsenmoe Becomes Bride Of James Nairn

Following a honeymoon in the upper peninsula, Wisconsin and Illinois, Mr. and Mrs. James E. Nairn will make their home in Plymouth. Before their marriage on Saturday, September 16, Mrs. Nairn was Ida Wefsenmoe.

The rites were performed at seven o'clock in the First Presbyterian church. Dr. Henry J. Walch officiated at the candlelight ceremony. Large baskets of peach gladioli and yellow baby mums adorned the altar.

The bride was lovely in white lace over taffeta in ballerina length with butterfly bustle, cap sleeves, high neckline with tiny covered buttons down the front and carried a bouquet of white roses and baby mums. Her illusion veil was fingertip length with a coronet of lace.

Mrs. Ole J. Wefsenmoe, sister-in-law of the bride, was matron of honor, wearing a gown of chartreuse lace and gauntlets. Her headpiece was of braided net with a puff on the side and she carried yellow roses and baby mums tied with bronze ribbons.

David Nairn, brother of the bridegroom, was his only attendant. For her daughter's wedding Mrs. Wefsenmoe chose a street length dress of soldier blue crepe with a corsage of red roses. Mrs. Nairn, mother of the bridegroom, wore navy blue with a corsage of pink roses. Both mothers wore black accessories.

A wedding supper for the immediate family and a few friends was held at 8 p.m. at Hillside Inn. Guests were present from South Lyon, Northville, Walled Lake and Plymouth. For her wedding trip Mrs. Nairn chose a suit of sage green with grey accessories and her bridal corsage.

Both young people are graduates of Plymouth High school and both are employed at the Burroughs Adding Machine company in Plymouth.

Circle I of the First Presbyterian church will hold its first meeting of the fall season on Wednesday, September 27 with a dessert luncheon at 1 p.m. Cancer pad sewing will begin at 12 noon. Mrs. Gregory Clemmons will review the book, "Crosswinds" by Martha Cheavens.

### New Idea in Dishwashing

Operating on a "revolutionary" principle of automatic dishwashing, this new Youngstown Kitchens dishwasher will do the family's dishes in less than 10 minutes. The young lady holds the partially filled upper basket to show how cups, glasses and silverware are positioned. A lower basket holds plates, larger dishes and pans. The machine will hold table service for six people. The tube in the middle of the tub is a jet tower which spins and throws powerful streams of water which shear food particles off dishes. Water at 180 degrees is delivered from a booster heater tank in the machine.

# Hints For Plymouth Homemakers

## Peach Harvest Now In Full Swing In Local Markets

Peaches are due next in the harvest parade of fresh fruits. Whether the local crop will be garnered over a relatively long period of time or reach Plymouth markets almost at once depends on the weather. Smart shoppers keep their eyes open for attractive prices on locally grown fruit and take advantage of them at once.

White peaches have a more delicate flavor which appeals to some people. As many others prefer the richness of the yellow varieties. You're lucky if you like the yellow ones best, because they are far richer in vitamin A than the white peaches. However, it's easy to boost the vitamin A by including generous amounts of dark green and yellow vegetables in your meals.

No matter which color peaches you prefer it's wise to choose those which show a yellow or

white skin. That's even more important than rosy cheeks. If the peaches in the markets still show green the chances are they were too immature when picked and are likely to shrivel before they are soft enough to use.

Then too, it's only the fruit that was left on the tree to reach the "firm ripe" stage which will have the rich sweetness and juiciness that has made the word "peach" mean something especially attractive. Peaches like this will be ready for eating within a day or two, usually ripening gradually enough to make them easy to use up.

During the season peaches can be a part of any meal from breakfast through dinner or even party refreshments. They get any day off to a good start served as a topping for the breakfast cereal.

At lunch time, use them in a main dish salad by serving the luscious peach halves topped with generous mounds of cottage cheese. For variety sprinkle the cheese with some chopped nut meats or a bit of preserved ginger.

For simple family dinners peach pie, cobbler, shortcake or dumplings are quickly made and favorites with almost everyone. If you're in the mood for splurging for either family or guests, try one of the recipes for a fancier peach dessert given below. And remember to store some away to use next winter.

**PEACH REFRIGERATOR CAKE**  
One-half pound marshmallows, 1/2 cup orange juice, 1/2 cup orange juice, 1/2 cup gingerale, 1 cup heavy cream, whipped, sponge cake or ladyfingers, 6 to 8 fresh peaches, sliced, 1/4 cup chopped crystallized ginger (optional).

Cut marshmallows in quarters, add to orange juice and stir over hot water until almost melted. Cool slightly and add gingerale. Cool until slightly thickened then fold in 3/4 cup of the whipped cream. Line a spring form mold or a straight sided pan with waxed paper. Arrange a layer of sliced sponge cake or ladyfingers on the bottom, and half of sliced peaches, then half of the marshmallow mixture. Repeat these two layers then add a third layer of cake. Cover top with waxed paper. Chill in refrigerator overnight. Unmold on serving plate. Garnish with additional peaches, the remaining cream and the chopped ginger. Makes 6 to 8 servings.

Note: To keep the peaches from discoloring, add a light sprinkling of sugar and bring to rolling boil over low heat until heated through. Allow to cool before using.

**JELLY GLAZED PEACHES**  
Six ripe peaches, peeled, 1/2 cup currant jelly, 1/4 cup raspberry jelly, 12 blanched almonds, vanilla ice cream.

Place whole peaches in serving dish. Melt jellies together and pour over fruit. Turn to cover completely with sauce. Sprinkle with almonds, chill thoroughly. Serve one peach to portion, topping with vanilla ice cream. Makes six servings.

**PICKLED PEACHES**  
For each quart of peaches use 1 cup vinegar, 2 1/4 cups sugar, 2-inch stick of cinnamon, and 1/2 teaspoon whole cloves.  
Boil vinegar, sugar and spices together for 10 minutes. In the meantime peel the peaches. Drop into boiling syrup a few at a time and boil gently until tender. Remove from syrup. When all the peaches are cooked return

them to syrup and bring quickly to full rolling boil. Place in hot, sterilized jars at once and seal immediately.

### PEACH CONSERVE

Three oranges, water, 1 1/2 cups peaches which have been peeled and cut into small pieces, 4 cups sugar, 1 cup shredded, blanched almonds.

Wash oranges, cut in thin crosswise slices, then stack the slices and cut in quarters. Place in kettle with enough water to cover them. Boil gently for about 30 minutes or until tender. Add peaches and sugar and boil mixture until thick and clear, stirring often to prevent scorching. Add the almonds, boil for 5 minutes. Seal at once in sterilized jars or glasses.

## Chocolate Cookies Children's Choice

Favorite and most famous of the cookie clan are Chocolate Crunch Cookies that are studded with morsels of semi-sweet chocolate. Easy to make, bake a batch with this tried and tested recipe:

### Chocolate Crunch Cookies

- 1 1/2 cups sifted flour
- 1/2 teaspoon soda
- 1/2 teaspoon salt
- 1/2 cup butter (or shortening)
- 6 tablespoons granulated sugar
- 6 tablespoons brown sugar
- 1 egg, beaten
- Few drops hot water
- 1/2 cup chopped nuts
- 1 package semi-sweet chocolate
- 1/2 teaspoon vanilla

Sift flour with soda and salt; set aside. Blend shortening with sugar until creamy; slowly add sugar and continue to work until light. Add egg, and beat well. Add flour mixture and mix, then add a few drops hot water and mix together until well blended. Add chopped nuts, semi-sweet chocolate and vanilla. Drop by teaspoonfuls on a greased cookie sheet. Bake in a moderate oven (375°F.) 10-12 minutes. YIELD: 50 cookies.

## Blouses Get Spotlight With Fall Suits, Skirts and Jumpers

With separates and imported-from-Paris horseshoe neckline suits playing a key role in fashion for fall, blouses assume new importance in your wardrobe.

Wool jersey is a "first" for blouses this fall. A natural for jumpers, skirts and tweed suits it promises to be most popular with deep armholes, below-elbow sleeves and a high collared neckline. Trims of sweater ribbing, velveteen piping and collars and cuffs will add softness to this tailored fabric.

Sheers will be seen in two-color blouses, sometimes a light tone on a dark tone; other times in contrasting fall colors. In one instance, this is effectively done with two layers of crinkled chiffon.

The dress-up and classic suit-blouse fabrics, such as rayon crepe, tissue faille, nylon crepe, and tricot sheer are easily tubbed at home this year and will appear in a myriad of colors, from delicate pastels through sophisticated deep tones. Many of the nylon crepe and tricot sheer blouses will be styled with tucked and frilled fronts making them especially good for wear with the new lower-cut necklines on suits and jumpers.

## Fresh Peaches Can Be Frozen Successfully

Peaches make an excellent frozen product but are more difficult to prepare than some other products. Some precautions in preparing them for freezing will give you delicious fresh peaches for next winter's difficult meals.

Recommended varieties for freezing are J. H. Hale, Hale Haven, Elberta and Red Haven. They should be harvested at the stage of firm ripeness but not softness. Avoid bruising by excessive handling.

Rapid preparation is essential to prevent browning. Peel, remove pits and cut each half into 4 to 6 pieces. Pack quickly into containers, leaving as little headspace as possible. Peaches should be covered with syrup made of equal parts of sugar and water and containing ascorbic acid.

Ascorbic acid is added to peaches to prevent them from turning dark. It is easily added to the syrup just before it is poured over the fruit. It can be purchased in crystalline or tablet form and three-fourths teaspoon of the crystals or 1000 milligrams in tablet form should be added to each quart of cool syrup. Syrups may be made with either hot or cold water but must be cooled before pouring over the fruit. A piece of crumpled waxed paper placed under the lid of the container will hold the fruit down under the syrup so that the pieces on top will not turn dark.

To can peaches, use the hot pack method. Heat peaches all through in hot syrup. If fruit is very juicy you may heat it with sugar, adding no liquid. Pack hot fruit to one-half inch of top. Cover with boiling liquid, leaving one-half of space at the top. Process in boiling water bath for 20 minutes for either pints or quarts.

Remember that odor is the best guide in buying melons. Color, plumpness, odor and freedom from bruising should be considered in buying all fruits. Size may affect the price of fruit but does not always affect its eating quality.

### DESSERT PARTY SPECIALS

An early evening dessert party is a novel way to entertain your friends. Just have them skip dessert at home and serve them one of these taste-tempters.

### Apple Sherbet

1 cup evaporated milk, chilled  
2 tablespoons lemon juice  
2 cups chilled applesauce  
Dash of nutmeg  
Whip milk very stiff. Fold in lemon juice, sweetened applesauce and nutmeg. Pour at once into cold freezing trays. Set control to coldest point to freeze.  
Yield: 1 quart. This will serve 4 to 6 persons.

### Iced chocolate brownies are a good combination with Apple Sherbet—and coffee, of course!

### For Smoothness

Evaporated milk makes these desserts especially smooth. It whips easily if thoroughly chilled. A good way to chill the milk is to pour it undiluted into a freezing tray and leave until fine ice crystals form around the edges. Use a cold bowl and beater and whip rapidly until it is very stiff.

### Graham Cracker Delight

3/4 teaspoon plain gelatin  
1 tablespoon cold water  
1 cup undiluted evaporated milk  
1/4 cup sugar  
1/2 cup graham cracker crumbs  
2 teaspoons vanilla extract  
Soften gelatin in water. Scald evaporated milk over boiling water. Add softened gelatin and stir until dissolved. Pour into freezing trays and chill thoroughly. Whip the mixture until stiff. Continue beating; add sugar gradually. Fold in graham cracker crumbs and vanilla. Pour into refrigerator tray and freeze without stirring.  
Yield: 1 1/2 pints.

### Visits England After 24 Year Absence.....

The first visit to his home town, Port Talbot, England, in 24 years was experienced this summer by Harold H. Bond, left, who spent nine weeks there with relatives and friends. His son, Harold, accompanied him on the trip. The above picture was taken as the Bonds were greeted by relatives upon arrival in Port Talbot.

Harold H. Bond of Maple street and his son, Harold, have recently returned from Mr. Bond's first reunion with his family in 24 years in Port Talbot, England.

The Bonds spent nine weeks in England, two of which were spent sight-seeing in and around London. But most of their time was spent with relatives in Port Talbot, Mr. Bond's home town. He has three brothers and two sisters living there, besides many nieces and nephews whom he had never met.

True British hospitality was extended the Bonds when they arrived. Flags bedecked the homes of neighbors of his brother and 37 relatives, friends and

neighbors were on hand to give the visitors a royal reception. When they left Port Talbot the Zion church gave a large farewell party for the two travelers.

While in London the Bonds saw many of the bombed areas of the city and visited Windsor castle. They also witnessed the changing of the guard and obtained an autograph of the Beefeater. While in London young Harold celebrated his 16th birthday. They returned on the Mauritania.

Mr. and Mrs. Frank Reafsnnyder of Northville road had as their guests from Wednesday until Friday, Mr. Reafsnnyder's daughter and husband, Mr. and Mrs. Russell Dennison of Mishawaka, Indiana.

Mr. and Mrs. Arthur A. Frost of Tawas were luncheon guests of Mr. and Mrs. Paul J. Wiedman on Monday.

Mrs. Michael Schuster was honored Sunday at a family dinner in the home of her daughter and husband, Mr. and Mrs. Herman Bakhaus on North Territorial road. The occasion was the birthday of Mrs. Schuster.

Philip Goebel, son of Mr. and Mrs. Norman Goebel; Oren Ribar, son of Mr. and Mrs. Steven Ribar, and John Ribar, son of Mr. and Mrs. Louis Ribar, are attending the Lutheran Seminary at Saginaw this year. Miss Marilyn Sheere, daughter of Mr. and Mrs. Wesley Sheere of Rose street, is also attending.

### U of M Graduate to Teach Art Classes

# Just sharpen your pencil— and there you are!

ACROSS this broad land there are thousands of people who have been doing themselves a disfavor.

Seems they "just naturally assume" a Buick is beyond their reach—and so pass up the car they're really itching to own.

Now why "assume" anything as important to your happiness as a new car?

Why not see for yourself how delivered prices run—how close Buick matches your own budget—how frequently it is priced under some cars you may be considering?

Then—if there is a particular car in mind—sharpen up your pencil a little.

Is it a six—or an eight, like Buick? If an eight, is it a valve-in-head eight? That adds a plus in efficiency, you know, even without the extra edge of Buick's Fireball power.

Will you ride on four soft coil springs, as in Buick—or on only two? Will the drive be through a sealed torque-tube that keeps the rear wheel assembly firmly aligned? It is in a Buick.

Do you get soft, low-pressure tires as part of the price—or as extras? Will you have bumper guards built as part of the bumper, or a one-piece cast-metal grille that can be costly to repair or replace?

Does the price include air cleaner; oil filter; dual horns, windshield wipers and sun visors; an automatic dome light; self-locking luggage lid; a single key for all locks?

And is there an automatic drive\*, or one in which gears still shift in normal driving?

\*Dynaflow Drive is standard on ROADMASTER, optional at extra cost on Series and Special models.

Yes, sharpen your pencil—and there you will be, in a Buick.

Whether it's a SPECIAL, a SUPER or a lordly ROADMASTER, you'll be driving the big buy of its price class, and getting a rich bonus of driving comfort, driving thrill and "fashion-first" styling.

But you have to make the first move. You are the one who has to find out. How about starting now—with a call on your Buick dealer?

In a card from Mr. and Mrs. Glenn Fraleigh they informed their friends of a stop off visit at the Dixie Sun Bowl Roundup in St. Georges, Utah. The Fraleighs were chosen by the manager of the hotel they were staying at to act as judges in the float contest which was held in conjunction with the roundup. Mr. and Mrs. Fraleigh are on a three weeks trip to the West Coast with Mr. and Mrs. Robert Broker of Detroit.

Herman Keene of North Main street has returned home after spending the past week in Sessions hospital, Northville.

### "I REMEMBER" BY THE OLD TIMERS

From Charles C. Underwood of Metalton, Ark. to E. E. Meredith: "I remember some of those old song titles, too. I was teaching around Terre Haute, Ind. when 'On the Banks of the Wabash' caught the crowds that were singing 'My Sweetheart Went Down with the Maine,' 'Just as the Sun Went Down,' 'Just One Girl,' 'A Bird in a Gilded Cage,' 'A Man Was the Cause of It All,' 'She Is More to be Pitied Than Censored,' 'The Pearl Bryan Warning,' 'Chippy Get Your Get Cut,' 'Oh Uncle John,' 'Sweet Marie,' 'Casey Jones' and 'In the Baggage Coach Ahead.'"

From Mrs. Wallace Pinkley of Costa Mesa, Calif.: "I remember when these songs were first popular: 'When You and I Were Young Maggie,' 'The Old Oaken Bucket,' 'In the Shade of the Old Apple Tree,' 'My Little Rubber Dollie' and 'O Bury Me Beneath the Willow Tree.'"

An Auto-Owners automobile policy renewal is effective at its inception date even though premium has not been received at the company's home office by that date. Yes, some policies are that strict.

### Russian Collection Displayed....

A number of Russian items collected by Mr. Fred Van Dyke on his visit to Russia in 1932 will be displayed this week in the lobby of the Plymouth United Savings bank. Mr. Van Dyke points to one of the photographs he had taken on his trip of a child's funeral. He states that death from malnutrition was so common there at that time that such funerals were accepted as an everyday occurrence.

Articles from Russia that could never be obtained behind the Iron Curtain today are found in the collection of Fred Van Dyke, 9585 Joy road, which will be on display this week in the lobby of the Plymouth United Savings bank.

In 1932, Mr. Van Dyke, who is now the local agent for the Mutual Life Insurance company of New York, went to Russia for seven months, representing the Ford Motor company.

Several photographs of places in Russia were taken by Mr. Van Dyke on his trip. He remarked that only places that were not government property could be photographed but "almost everything was government property." No undeveloped negatives were allowed to leave the country.

Mr. and Mrs. Herbert Norgrove entertained at a dinner party on Saturday evening in their home on York street honoring Miss Jane Pierce, who left on Sunday for her studies at Michigan State Normal college. Guests beside Miss Pierce included her parents, Mr. and Mrs. Frank Pierce and Mr. and Mrs. Robert Shepard and family.

### Hodges to Mark 53rd Wedding Anniversary

Young couples seeking the formula for a happy marriage might well seek the advice of Mr. and Mrs. Bert A. Hodges who will mark 53 years of wedded life this Saturday, September 23.

Pioneer residents of this area, the Hodges were both born on Plymouth road, within three miles of each other. For 25 years they operated a farm on East Eight Mile road near Northville but six years ago they moved to their present home at 16186 Francis street. Mr. Hodges is now desk clerk at the Hotel Mayflower.

The Hodges were both graduated from Plymouth High school in the class of 1891. Mrs. Hodges is the former Janet Crosby. They are the last members of their families still living.

Mrs. Hodges is active in several organizations, including the National Farm and Garden association.

### Says Children Need More Care of Teeth Today

Seven out of ten Michigan children who entered school this fall have decayed teeth.

The average Michigan five-year-old has four teeth which need treatment.

Half of Michigan's three-year-olds have teeth which have started to decay.

These facts were revealed today by the Section of Dentistry of the Michigan Department of Health.

While fluoridation of Michigan's municipal water supplies will undoubtedly help to solve the dental decay problem in Michigan children, it cannot do the job alone. Dr. Fred Wertheimer, Chief of the Dentistry Section, said today in commenting on the facts.

Good home dental care and care by a dentist are also necessary. Of first importance in home dental care is the diet of children. Every Michigan child should have a diet that is low in sugar content. He should be given nuts, popcorn, fresh fruits and cheese in place of the usual between meal snacks of candy, suckers, pop, cookies, chewing gum or jam. He should be taught to brush his teeth immediately after each meal.

Every Michigan child should be taken to a dentist before he is three years of age, and at regular intervals thereafter. The dentist or dental hygienist, by painting the child's teeth with sodium fluoride, can reduce possibility of dental decay by 40 per cent. The first application should be made at about three to be most effective. Other applications should follow at ages seven, ten and 13 years. The child may also need corrective treatment such as the straightening of teeth.

Until a child is old enough to be responsible for his own dental health, it is the parents' responsibility to see that he has good home dental care and the services of a good dentist, Dr. Wertheimer said. Sound, attractive teeth are important to both the physical and mental health of children.

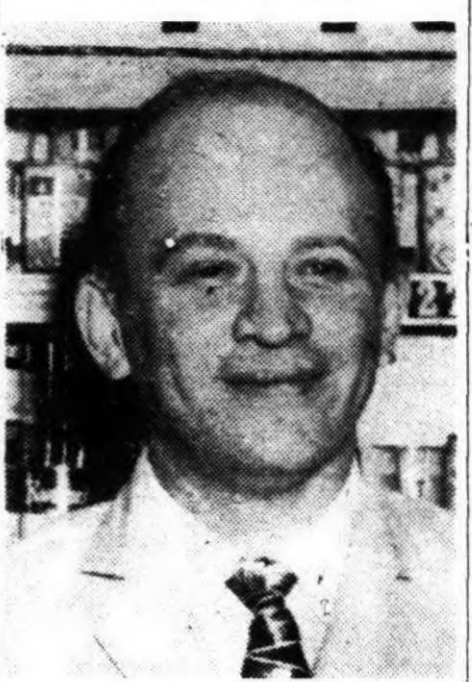

New Orleans cops found Lawrence Dorsey sitting in a parked automobile behind a suburban bank, locked him up despite his protestations that one of his two loaded pistols was a war souvenir and he just didn't know where the other one had come from.

### Kroger Contest For Employees

A \$32,500 prize contest for customers and a simultaneous contest for Kroger store employees will be features of the Kroger company's seventh annual fall sale campaign which opened today and continues through November 18. C. Olaf Talla, manager of the Detroit Kroger branch said today.

The employe contest features 2,524 merchandise awards. These prizes will go to all employes of the store which shows the highest sales gain in its district. Personnel from the 168 Kroger stores in the Detroit branch have entered this contest. Of the 2,524 prizes that are being offered to the winners, 8 prizes are automobiles. Other prizes are watches, suits of clothing and portable radios.

#### PLANS TO WIN

Roland Widmayer

Each store will compete against the 167 other Kroger stores in this area, Roland Widmayer, manager of the Kroger store here in Plymouth, said today.

Winners will be judged on a percentage of sales increase during the eight week fall sale campaign Kroger is staging September 25 to November 19. C. Olaf Talla said. Highlights of the campaign is a customer contest offering of \$32,500 in cash awards.

All employes in the winning stores will receive prizes, he added. Winners will be announced at the end of each four week period of the sale.

### New Fishing Film Available

"Better Fish in Michigan," the conservation department's new color film which shows Michigan's most popular sport in action and explodes some of the folklore associated with good and bad fishing, now is available for loan to clubs and organizations.

Eye-filling sights of some of the top fishing waters in the state as well as management work underway to perpetuate them are screened in the 25 1/2 minute film. In the light of latest scientific investigation the film explains in simple language some of the needs of fish, what makes them grow, what determines how many of which species will survive, and why some become large and others remain small.

Loan requests sent to the conservation department's education division in Lansing will be filled from a 30-print supply. Express charges are the only cost to the borrower.

In Brooklyn, William Niacharico explained to cops why he had climbed into a loaded municipal garbage truck and driven off: "It was a nice day and I felt like taking a ride."

### Urged to Employ Disabled Workers

More than 60 organizations throughout Michigan are joining forces to help qualified handicapped workers find jobs during this year's national Employ the Physically Handicapped week October 1 to 7. Clarence Jetter, branch manager of the local Michigan Unemployment Compensation office, announced.

Among organizations cooperating in the national Employ the Physically Handicapped week programs, Mr. Jetter said, are the Michigan State Employment service, American Federation of Physically Handicapped, Vocational Rehabilitation, Disabled American Veterans, American Legion, Veterans of Foreign Wars and the Amvets.

In the state, Mr. Jetter said, are 7,200 handicapped workers who want to work and who, if fitted to the proper jobs, can produce as efficiently as unimpaired workers.

"Employers will find these selected workers capable of holding their own on the job," Mr. Jetter said. "If properly placed, workers with physical handicaps will relieve local communities and the state and federal governments of the cost for caring for them."

"We are not asking employers to hire physically disabled workers for jobs in which they are not fully as qualified as other workers. We ask only that the employer hire the workers with physical impairments just as he hires other workers—on the basis of ability to do the job. One of the principles of the Michigan State Employment service is to refer to employes only workers who are fully qualified for jobs that need to be filled."

"The best way to reduce the problem of the handicapped in Plymouth and throughout the nation is to work aggressively to get every physically impaired person into a gainful job he is fitted to do," Mr. Jetter said that this year's campaign would emphasize that "Ability, Not Disability" should be considered in employing physically disabled workers."

In Sidcup, England, Mrs. Annie Skinner willed to Norman Butler, who had done her plumbing free, her bathtub, sink and water heater.

### Scouting The Sunset Trail

By Harold Schryer

Greetings, Scouts and Scouters! Final plans for the Fall Forage camp-out to be held at Bishop lake in the Brighton Recreation area were completed at a Scout-er's Pow-Wow on September 7 and the affair promises to be another big success. Whereas its pattern of operation is somewhat different from the last few similar events of its kind the difference is made to spell more fun and practical results for all of us.

The dates of this encampment are September 29, 30 and October 1 and it is another weekend that you and your unit can utilize to the fullest Scouting advantage if your plans are well made and carried out to their fullest possibility. Our Kent Trek of the past Spring had an attendance of about 600 Scouts and leaders which gave us a percentage ratio of 43.1 per cent for Scout membership enrollment; 21 per cent for leaders; 60 per cent of troops and 46 per cent Explorer posts. While this is not too bad, are we to let the rest stay at home and just listen to the tales of the actual campers tell? Let's get some of the "sleepers" out, too!

As the minds and hearts of our unit leaders should contain the "will to do" and the "know how" of the skills and techniques so vitally essential to the good operations of troops and packs and posts it behooves all of us to keep abreast of the times in the interests of better programs and Scouting activities. It is to this end that training courses are held periodically for the benefit of both the newcomer to the movement and the old timer who desires to replenish his storehouse of ideas and to meet his new companions in the Scouting field.

In recognition of this need here in the Sunset District, our training chairman, Kenneth Hulsing, has prepared the way by authorizing a Cub Leaders' Basic course to open at the Plymouth Central

Grade school on the evening of September 21 which includes classes for all Den Mothers, Cubmasters, assistants and committeemen.

As these courses are both educational from the Cubbing point of view and include interludes of fun for all, it is urged that you Cub leaders may find many answers to your problems by your attendance.

It is further announced that basic courses for both Scout and Explorer Leaders will open at the Wayne High school November 6.

As training shows the leaders how to guide boys into great adventures and rich life experiences such knowledge as may be obtained in this manner must be of great support to the men who are giving so much of their effort to do that very thing.

It is sincerely urged that as many as possible plan to attend these sessions so that the practical knowledge of the many will add to the enhancement of the few.

### These Events Were News

#### 25 Years Ago

On Tuesday morning, September 15, a very pretty wedding was solemnized in Our Lady of Good Counsel church. The recipients of the day's congratulations were Dr. Harold J. Brisbois and Louise VanPoppelin, who pronounced their marriage vows in the presence of Father Lever and Edward Brisbois, brother of the groom, and Frances Shanley, a classmate nurse of the bride. Many of the groom's physician classmates of the University of Michigan, are now practicing in Detroit and its suburbs, were present at the occasion, and assisted in making the day a memorable one for the young couple.

Glen Macomber, aged 19 years, son of Harry Macomber of this place, was chosen Michigan's health prince at the State Fair last Saturday. Hazel Casemore of Manistiquette was chosen health princess. The contest was held under the auspices of Michigan State college, and the eliminations were held at East Lansing and Chatham earlier in the summer. In the competition at Lansing, Glen won second place.

On another page of this paper will be found the advertisements of the Detroit Motorbus Co., announcing that they have extended their services to the campus in Detroit.

Miles C. Bristol, assistant director of the safety and traffic section of the Detroit Automobile club, was in Plymouth last Friday conferring with Raymond Bachelder, manager of the local branch of the Detroit Automobile club, the police department and village authorities, relative to the coming state-wide brake test campaign which will be held from October 5 to 10.

The Plymouth Grange will make an exhibit at the Northville Fair. The following committee will collect and arrange the exhibit: Mr. and Mrs. James Gates, Mr. and Mrs. Ben Tyler, Mr. and Mrs. John Hauk, Mr. and Mrs. Walter Smith, Mr. and Mrs. Ammon Warner, Miss Bertha Warner, John F. Root, Mr. and Mrs. Raphael Mettetal, Walter Postiff. Any Granger having unusual or superior specimens of vegetables or fruit may notify any of the committee who will collect them.

The first football game of the season will take place at the high school athletic park, when River Rouge High school football team meet Plymouth High on the gridiron today.

School opened September 8 with the largest enrollment in its history, when 433 scholars, an increase of over 50 over the past year—enrolled in the junior and senior high. The juniors and seniors both held class meetings as soon as they were able to, and the officers were chosen: senior class president, Elsie White; vice president, Russell Robinson; secretary, Julia Wilcox; treasurer, Blanche Freeman; junior class president, Katherine Wilcox; vice president, Ruth Allison; secre-

tary, Barbara Horton; treasurer, Alice Hathaway. Senior executive board members, Kenneth Wilski, Ida Bennett, Wilbur Petz and Merle Kerze. Junior board, Grace Lee, Robert Hubert, Wilbur Murphy, Ruth Waterman, Gaylord Sayles, Basil Carney and Needham Lockwood.

Mrs. F. A. Dibble is visiting friends at Buffalo, New York. Jewell, Blaich and McCordie of this village have the plumbing contract for Northville's new theater. The Corbett Electric company has the contract for the electric wiring. This firm is also doing the wiring for a large garage in Wayne.

### Rural Tele-news

**ONE UP ON NATURE**—During the war Bell Laboratories scientists found a way to grow synthetic crystals better in some ways than natural quartz. A "seed" crystal is produced by evaporating chemical salts, then rotated in a chemical solution which causes deposits to build it up to many times its original size. Crystals vibrate at exact frequencies, separate the many telephone messages traveling over a long distance line.

**BETTER AND BETTER**—In the 74 years since the telephone was invented, there have been more than 18,000 additional inventions—an average of more than 240 a year—that have contributed to its development. Many recent ones are playing a part in Michigan Bell's big service improvement program in rural areas.

**TIME DOES TELL**—Here's an easy way to figure what your telephone is worth to you. On a typical working day, count up the telephone calls you make... to the farm implement dealer, lumber mill, veterinary, feed store, repair shop, friends. Think of the hours it would take to visit all of these people—hours of lost work around the farm. And when you consider that one call may save a life, what you pay for telephone service is mighty small compared to the value you receive.

### How Mother Nature Heals

THERE'S A PLACE up in Vermont called Journey's End, where 4 people get just about made over. Mrs. Herbert W. Warden, Jr., of Rutland, Vermont, told me of a man who was sent there from a hospital in Canada. His name was Toby Carl.

Toby Carl was a British officer in the submarine service during the war. He had never been to America before, and when he arrived at Journey's End after five years of service, he was worn out, nervous, jittery, virtually beside himself.

He told of harrowing experiences for he couldn't seem to shake off the memories of them. The sister ship which furnished supplies for his ship was torpedoed; they had expected the same fate for they were plying the waters around Norway. For months on end, their food supply was very low. The men lost weight, became irritable, nervous, fearful. And all this had told on Officer Toby Carl.

One day he was asked what he would like to do. "By George," came the surprising reply, "I'd like to go out and plant trees."

"Well, there they are, hundreds and hundreds of acres of trees in the back woods; go help yourself," he was told, everyone happy that he had found something that would interest him.

And so he dug up trees from one place and planted them in another. Day after day, he kept at it. And day after day he improved physically and mentally.

And he was left alone to do it his own way. Perhaps the trees should have been spaced differently, set here and there, but Toby Carl placed them where he wanted to, and that was in solid rows where you will see them if you go to Rutland and visit Journey's End.

Mrs. Warden has told us this story as a reminder to anyone reading this who may be nervous, overwrought, for it is such a good example of what Mother Nature will do for you if you give her a chance.

As to Officer Toby Carl, after a year he went away, back to Britain, virtually made over because he found something to do in working with nature.

Mrs. Murray O'Neil is entertaining her bridge club tonight, Thursday, in her home on Hamilton avenue.

Mr. and Mrs. Charles Voss of Benson road and Mr. and Mrs. Ted Schoech, Jr. of Harbor Beach spent a few days in Canada attending the Toronto Exposition and visiting Niagara Falls and other points of interest enroute.

Miss Katherine Trucks, daughter of Mr. and Mrs. Max Trucks of Pacific avenue, enrolled in Wayne university Monday morning where she will take a five year nurse's course.

Mr. and Mrs. C. W. Ricketts of Newark, Ohio and Mr. and Mrs. Eugene Orndorf of Northville road were Wednesday evening guests of Mr. and Mrs. Carl Hartwick last week.

Mrs. J. Gregory Clemons has returned to her home on Evergreen avenue after spending two and a half weeks in Kansas City, Missouri visiting her sister.

Mrs. George Cramer of North Harvey street spent four days last week visiting friends in Algonac.

Betsy Ross of Ann Arbor road left Wednesday to resume her studies at the University of Michigan in Ann Arbor. Betsy is the daughter of Mr. and Mrs. Miller Ross.

Mr. and Mrs. Perry Hix of Warren road spent part of last week in northern Michigan visiting Mr. and Mrs. Roger McFall in Onaway, and Mr. and Mrs. C. B. Williams in Harbor Springs.

Mrs. John Miller of Irvin street entertained members of her Priscilla Sewing club on Tuesday.

# Roger Babson Says...

## Babson Discusses Storing Household Goods

This week I am writing about investments for your grandchildren and great-grandchildren. Unless the Korean affair or some similar one develops into World War III, we oldsters will probably see no radical money changes, but our children and grandchildren will probably see real troubles.

**How Money Depreciates**  
Every reader has seen our own dollar drop in purchasing power to less than sixty cents. It will continue to drop, war or no war. I personally have seen the German mark go from twenty-five cents U. S. dollars, to zero; the Chinese dollar from fifty cents U. S. dollars, to nearly zero; and the French franc from twenty cents U. S. dollars, to the present value of one quarter of one cent. The same is true of most of the currencies of the world, including South America.

If World War III should come, the value of our dollar could rapidly decline to a very low figure as did our currency in the 1860's. For a time then many people would refuse to accept paper money for tangible goods. This same thing could happen again. The time to prepare for such an event is now. No company will insure your house after it starts to burn.

## What Will Be Used for Money?

As long as any "hard money" such as silver coin is available, it will be accepted. In France, after World War II, the farmers preferred silver teaspoons for money. People, of course, must use something for money. It must be easy to carry about and easily hidden and something which other people want. Sterling silver was always acceptable. As gold was unobtainable and silver was gradually hoarded, the most preferred form of money used in Europe during the last part of World War II was genuine jewels. Even the farmer would accept, this in payment for food because he could pass it on to others for what he had to buy. Such gems, used for money, must not be too expensive and the supply must be limited. Furthermore, they must be of a nature where the genuine stones can readily be recognized from the synthetic.

## Value of Marine Jewelry

Marine jewels—the products of the ocean—best quality under the above requirements. They are not too expensive, yet their supply is limited and they cannot be manufactured artificially without detection. I have in mind such gems as amber, coral and jet. In fact, there will continue to be fewer of all these marine gems. There will never be any more diamonds made by nature, and as

yet the manufacturer of diamonds for jewelry is not feasible. In any case the average diamond would be too expensive for bartering with farmers and tradesmen.

Hence, the wholesale prices of such marine gems will slowly increase due both to the greater scarcity and the increased labor cost of finding, cutting and polishing these gems. Pearls—both natural and cultured—can also be classified as marine jewelry. In fact, even the deep synthetic pearls are made from beads covered with a solution of fish scales. But only the expensive natural pearls have a limited supply.

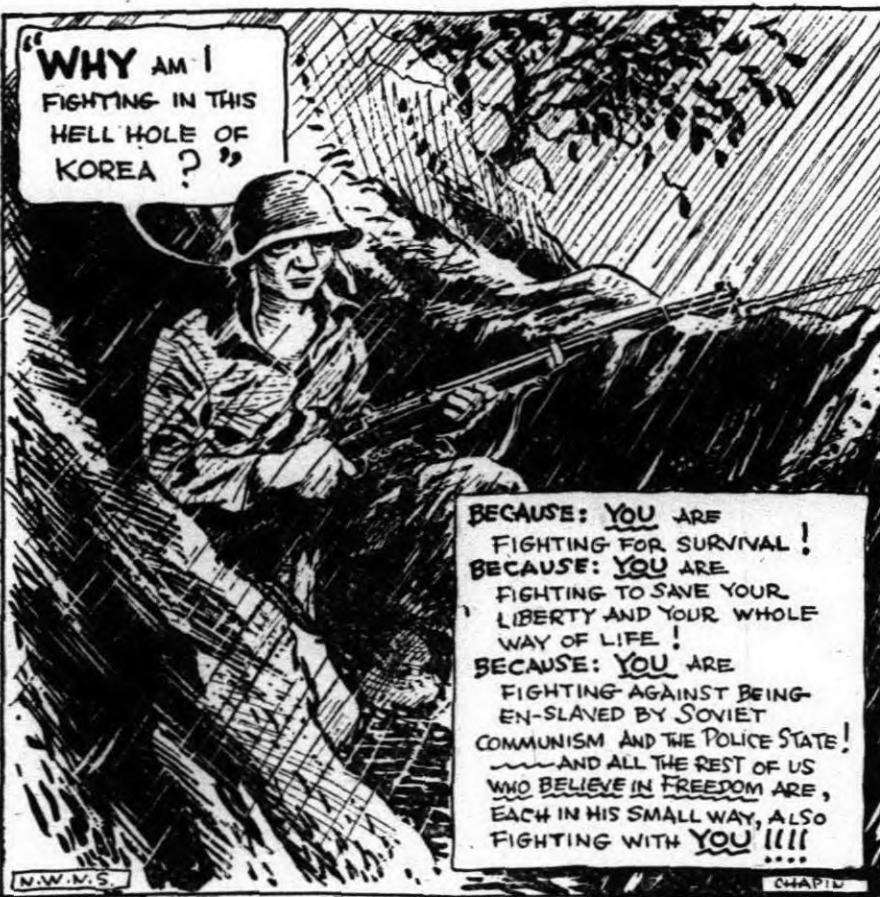

## Begin a Collection Now of Gems, Linens, Etc.

I believe that those who read this column will, in their lifetime, always be able to use U.S. paper currency even though it continues to decline in value. On the other hand, I think nearly every reader will agree that, although we will win World War III if it comes,—yet our cities will suffer such destruction and our national debt become so huge,—our present paper dollars may be of little use to our great-grandchildren or perhaps even to our grandchildren.

Therefore, in their interests should we not start a collection of good jewelry, linens, rust-proof cutlery or tools and other non-perishable but universally useful things which can easily be stored? Is it fair to leave these grandchildren only stocks, bonds and paper dollars which the savings banks and life insurance companies will pay out to them? Hence, my suggestion is that readers consider putting five percent of their savings each year into a collection of such small permanently valuable articles, storing them for their grandchildren and great-grandchildren to use as money in some later temporary emergency. Such articles should be new—not secondhand—and should be kept locked up in "Grandma's Treasure Chest" for perhaps fifty years or more.

In Manhattan, a beautician bought newspaper space for an ad beginning: "Is your face too broad for T.V.?"

## QUESTION AND ANSWER

**BECAUSE YOU ARE FIGHTING FOR SURVIVAL!**  
**BECAUSE YOU ARE FIGHTING TO SAVE YOUR LIBERTY AND YOUR WHOLE WAY OF LIFE!**  
**BECAUSE YOU ARE FIGHTING AGAINST BEING EN-SLAVED BY SOVIET COMMUNISM AND THE POLICE STATE!**  
**—AND ALL THE REST OF US WHO BELIEVE IN FREEDOM ARE, EACH IN HIS SMALL WAY, ALSO FIGHTING WITH YOU!!!!**

Mr. and Mrs. Joseph Tremain of Clemens road have recently returned from a most interesting vacation spent in the south. Their itinerary included stops in Sarasota, Tallahassee, Panama City, Florida; Warm Springs, Georgia; New Orleans, Louisiana. While in Florida they visited the snake farm where poison is extracted for medicinal purposes and witnessed the performance. They were gone about eight days.

Members of the choir of the First Presbyterian church enjoyed dinner at the Hotel Mayflower last Thursday evening preceding their first rehearsal of the season.

**TONY MARTIN**, who recently broke all post-war records at the famous Cocoanut Grove, just signed to make a movie co-starring Janet Leigh... Incidentally, Tony heads the male vocalist list so far as record sales are concerned... With his singing better than ever, a new (and first) son born to him and beautiful wife, Gya Charles, records selling like mad and movie roles at last coming his way, Tony is really riding the crest of success these days and it couldn't happen to a nicer guy.

"Take It Or Leave It" drops that title and will be known this season as "The \$64 Question" with Jack Paar continuing his fine job as emcee... Comic Steve Allen, starring for Dennis Day this summer, may continue in the fall with his own network show for the same sponsor... Jack Benny is scheduled to do his first television show at the end of October... According to current plans, it is understood, he will do one TV show every eight weeks there after... No time has as yet been assigned for the series... "Kukla, Fran and Ollie" will be available on RCA records soon... which is good news to those people with TV sets and a pleasant experience in store for those who do not own them.

## HAPPY TALK

Rex Stout's famous mystery character, "Nero Wolfe" may come to life on the NBC airwaves this fall... Axel Stordahl and Frank Sinatra are back together again (this friendship has been as rocky as Frankie's marriage which is also reported near a third mend)... Axel will be the conductor on the Sinatra TV show over CBS... Morton Downey's new TV show, "That's My Kid" will feature interviews with guest celebrities and their off-spring... NBC has auditioned "Flying Tigers," a new adventure series based on the current war situation.

Eddie Cantor, who starts a once-a-month TV show this month, is against studio audiences and predicts that within five years all audiences will be banned from the studios... It is his contention that a live audience "kills" a show for home listeners and viewers... Yet he is going strong after 24 years of studio audiences.
