**What I Think and
Have A Right to Say**
By ELTON R. EATON

WELCOME TO PLYMOUTH.

Readers of The Plymouth Mail last week read with more than ordinary interest the announcement that the S. S. Kresge company of Detroit will, right after the first of the year, begin the construction on Main street of one of the most up-to-date retail structures in the state of Michigan.

To make way for this beautiful new structure it is going to be necessary to remove four, two story business blocks on Main street, between Penniman avenue and Ann Arbor trail. That's right in the heart of the business district, one of the finest retail locations a business house could desire.

This move has necessitated the erection of a new group of business blocks on Forest street to be occupied by merchants now occupying the buildings to be taken down by the Kresge company.

Already the Kroger company has started the erection of a much larger and modernistic store on Forest, with a big parking area extending through to Main street. The parking area is now being paved and will provide room for a large number of shoppers.

Plymouth is indeed glad to welcome to our business circles such an outstanding establishment as the Kresge company has proven to be. Its owners and directors are among the most progressive and patriotic citizens of Detroit.

POLITICAL PHONY, TOO?

The silly speech made down in Texas the other day by W. Averill Harriman in which he charged that Communist objectives would have been furthered if Congress had carried out some of Senator Taft's positions on pending legislation is about as assinine as any political speech made so far in the present campaign.

To try and tell an intelligent American audience that Senator Taft would support any legislation or do anything which would be of help to Joe Stalin is tops when it comes to absurdity. We have labored under the delusion that Harriman amounted to something as a public official, but when he goes down in the gutter to make such a speech, we'll put him down on our list as just another political phony.

NOTHING NEW ABOUT THIS.

Said Democratic National Committeeman George S. Fitzgerald in Detroit a few days ago when "goon" squads by force and fists took over control of most so-called Democratic district conventions: "I have just watched Socialism take over the Democratic party by Communist processes."

Mr. Fitzgerald erred a bit. The "goons" took over the Democratic party a long time ago—the mob scenes in Detroit the other night only gave emphasis to what has happened to the once patriotic Democratic party.

Do not be surprised if the "goons" win out in the fall election that you may get a "konk" on your head if you try to enter the capitol building in Lansing—unless you happen to be one of the "goons" or sympathetic to their methods of mob rule.

Nor was it surprising to read that former Councilman George Edwards, notorious for his success in leading sit-down strike mobs back in the days when Communism was seeking to destroy American industry, served as a district convention chairman where "goons" ruled the roost.

A RECORD OF HIGH MERIT.

Read in The Plymouth Mail the other day that the Plymouth Kiwanis club will soon celebrate its 25 years of service to this fine community by holding a "Silver Anniversary party." We hope that the event is more than the success we know it will be—for no service club in any town or city has behind it a more commendable record of community service than does the Kiwanis club of Plymouth.

Year after year it has been outstanding in its support of every effort which has been for the benefit of Plymouth. Not only has it supported the efforts of other groups which have been for the good of all, but it has initiated many endeavors—all aimed for the good of citizens of the city as well as the community and surrounding territory.

May the Kiwanians of Plymouth all live to serve another quarter of a century as well as they have during the past 25 years. Every man, woman and child in Plymouth has benefited directly or indirectly from the work of this outstanding service club. Congratulations to every Kiwanis club member. You have earned for yourself and your club much more praise than is being bestowed upon you in this brief comment.

USING COMMON SENSE.

Members of the Plymouth city commission are entitled to a pat on the back for their action in lifting the rent ceiling in this city. It should have been done sometime ago. Along with it, may we say a good word for the property owners of this city who have put up with this condition over a number of years.

Most of them have been reasonable and fair. Some of them have suffered financial losses without much question. Rent control cannot be regarded as a necessary evil. In this free country of ours any one can own a home of their own.

There are plenty of examples in and around our own city of those who through perseverance and with money they DIDN'T spend in the beer gardens, have built their own homes. It is all a matter of possessing a will to do—a human quality that isn't displayed as often as it should be.

WHY BUYING IS DIFFICULT.

Edgar H. Gault, professor of marketing at the University of Michigan, sometime ago in discussing reasons why shopping is sometimes difficult for the public, declares that it frequently is the fault of the salesmen who do not become thoroughly familiar with the merchandise they handle. Other faults common with salesmen are ignorance of the system of the stores in which they are employed, indifference to customers' needs and "downright rudeness, poor approach, faulty demonstrations, and with no suggestions as to accessories that would add to the sales volume." That's what the "professor" says.

Might we add our bit—we've often wondered why it is that as soon as a young lady gets back of a sales counter, all her smiles disappear when a customer approaches and she assumes a look that makes one feel as though she was wondering what business the prospective customer had in the store.

Oh, NO! Not all of them assume that attitude, and Plymouth stores have been most fortunate since World War II ended in getting pleasant and agreeable clerks—but there are exceptions that the "boss" doesn't know about.

This lackadaisical attitude is generally evident only when the "boss" is not around, and it wouldn't be tolerated for a minute if he knew about it. We do think, however, that the attitude of the clerks serving Plymouth stores are far above the average when it comes to courtesy in dealing with the public. But there is always room for improvement. There isn't much question but what the University professor is not very far "off the beam" in his views on this subject.

Clyde Smith Moves to Ann Arbor Road

Smith Motor Sales, Incorporated, will open at their new location at 985 West Ann Arbor road this Sunday, October 1, it was announced yesterday by Clyde E. and Beryl A. Smith, Hudson dealers in Plymouth for the last 25 years.

The new modern showroom and sales and service building will furnish the dealers larger facilities for their business. A Mobil gas station will adjoin the showroom. The grand opening at the new location will be held at a later date.

Their present location on North Main street will be taken over by Floyd and Lawrence Burgett, well known Plymouthites, who will continue operating the Fleetwing service station there, adding mechanical repair service in the garage formerly used by the Hudson dealers.

The Smiths first opened in Plymouth in 1925 in the building now occupied by Plymouth Men's Wear shop on Penniman. Later they moved to South Main street and Ann Arbor road and in 1937 moved to North Main at the C & O tracks.

Seek Funds For Municipal Court Room Equipment

With the purpose of providing a conventional court room set-up for the city, Municipal Judge Nandino Perlongo and several local attorneys have launched plans for financing the purchase of a jury box, witness box, court officer's box and judge's bench to be used for court sessions in the city commission chambers.

At the present time judge, attorneys, witnesses and defendants all sit at the commissioners tables, hampering proper court room procedure. Since the city is unable to finance the necessary equipment, Judge Perlongo has taken the initiative in raising funds for the project. Contributions are being asked of local business men and attorneys to cover the cost of equipment which has been estimated at about \$1,000.

The Henry Penhale company will construct the court room furnishings, carrying out the interior decoration of the commission room. The bench and boxes will be elevated from the floor approximately 8 inches.

Contributions will be accepted at the office of the city manager and checks should be made out to the City of Plymouth. Judge Perlongo points out that contributions are deductible from income tax.

Auto Crash Fatal to Ray Gilder

A tragic auto accident took the life of Ray Gilder late last Saturday night when his car was hit at the intersection of Middlebelt and Northline roads. He was 49 years old. Gretta Erbacher, a passenger in the car and an employee of the Mayflower Coffee Shop, was seriously injured but is reported in good condition at Wayne County General hospital.

Gilder was killed instantly and David Boyd of Trenton, a passenger in the car which hit Gilder's, was also killed in the crash. Berkeley T. Cooka of Trenton, driver of the other car, escaped with minor injuries. Witnesses claimed Cooka's car ran a stop sign at the intersection. He was being held as a police prisoner at Wyandotte General hospital.

Funeral services for Gilder were held yesterday from the Van Streim Alman Funeral home in Grand Rapids. He is survived by his parents, Mr. and Mrs. Andrew Gilder, and a sister, Mrs. Marnie Johnson, all of Grand Rapids. His wife, Muriel, a Plymouth school teacher, preceded him in death in 1945.

An enthusiastic harness racing fan for the past two years, Gilder was returning from the races in Toledo Saturday when the accident occurred. He was part owner of a trotter which had participated in races at Northville Downs, the Detroit Race track and other tracks around the country.

For a number of years he had been employed by the Wayne County Road commission. He resided at the Hotel Mayflower.

Mr. and Mrs. Byron Becker attended the Kiwanis convention in Grand Rapids last week.

Chest Fund Drive Committees Are Ready For Action

With \$12,000 set as the goal this year, the Plymouth Community Fund will open its 1950 campaign October 17. Robert Stewart is campaign chairman this year, assisted by Carvel Bentley and Clarence Moore.

The Community Fund Board of Directors have been busy since the first of the year making plans for their annual campaign this fall. In order to facilitate the organization and promotion of the campaign, the following committee chairmen have been appointed: publicity and advertising, Ray Williams; solicitation, residential, Loren Goodale; industrial, Clarence Moore; organizations gifts, Pauline Peck; schools, Carvel Bentley; business, Norman Marquis; and professional, Herbert Woolweaver.

Budgets of the various beneficiary agencies have been reviewed and approved and representatives of the agencies have met with the Fund campaign committee to assist in carrying out the drive.

The agencies who look to the Community Fund for financial support are as follows: Boy Scouts, Girl Scouts, Recreation Commission, Visiting Nurse association, Well-Baby Clinic, Veterans Memorial Foundation, Salvation Army and the 18 agency services of the United Foundation (Torch Drive). You are being asked to give generously this year when the campaign opens on October 17 so that the services rendered by all the agencies may be continued.

The Board consists of the following members: Carvel M. Bentley, president; Robert Stewart, vice president; Dora Gruebner, secretary; Ray Williams, treasurer; Frank Arlen, Mrs. Dan Mills and Clarence Moore, directors.

Rose Building Gets Underway Monday Morning

Ground was broken Monday by W. A. Rose of the Plymouth Hardware for a new 57 by 96 foot building to be erected on Forest avenue across from the Stop and Shop food market.

The building will be built out of Mercor blocks and will support a modern front housing two stores, the larger of which will be used by the Plymouth Hardware and the smaller one to be leased. All new fixtures will be installed in the store and the latest Streeter lighting fixtures will furnish canopy illumination.

Mr. Rose came to Plymouth when he purchased the Liberty Street Hardware November 1st, in 1936. In 1946 he opened the Plymouth Hardware on Main street and operated the two stores for almost two years, then sold the Liberty street store late in 1947.

Workmen expect to have the model store completed by the first of the year so that immediately after the holidays it will be open in its new location. The store is one of four that are moving from Main street to make way for the new Kresge store which will occupy the space now used by Dunning's, Kroger's, Woodworth's and the hardware store. Work on the Kresge store will be started right after the holidays when the four stores will be located in their own new locations. Kroger's, Dunning's and the hardware will move to Forest avenue but Woodworth's have leased a building in Dearborn and will move to that city.

De Molay Initiation Conducted October 4

Initiation for the charter members of the DeMolay chapter of Plymouth will be conducted October 4 at 7:30 p.m. in the Masonic Temple. Harold Koch, representative of the Grand chapter of DeMolay of Michigan, will officiate at the initiation. All Masons are invited to attend.

Herman, who is 17 was attached to the 1st cavalry division in Korea. He had attended Plymouth High school. A telegram from army officials notified the family of Herman's injury on September 16.

Not Single Complaint Made as Result of Rent Control Lifting

Over a week has passed since the city commission removed rent control in Plymouth—and not one single complaint has been received from any tenant at the city hall.

One city official explained this unusual situation as due to the fact that apparently every renter in the city knew that the rent rates fixed for this city were far below what they should have been. But coupled with this situation is the fact too that what few rents have been raised have been for only slight amounts.

Hearings brought out the information that many people in Plymouth who bought new homes during the past two or three years pay more for interest alone than renters paid for the homes in which they lived.

Kresge Permit Totals \$211,000 Largest Ever Issued In City

When City Manager Al Glassford a few days ago issued a building permit to The Kresge Company for its new Plymouth store totalling \$211,000.00, he signed his name to the biggest building permit ever issued in Plymouth. In fact the total is almost three times as much as any other permit ever issued by the city.

The permit authorizes the Kresge company to erect a store building 118 feet long on Main street, running 105 feet to the driveway in the rear, which faces the Municipal parking area.

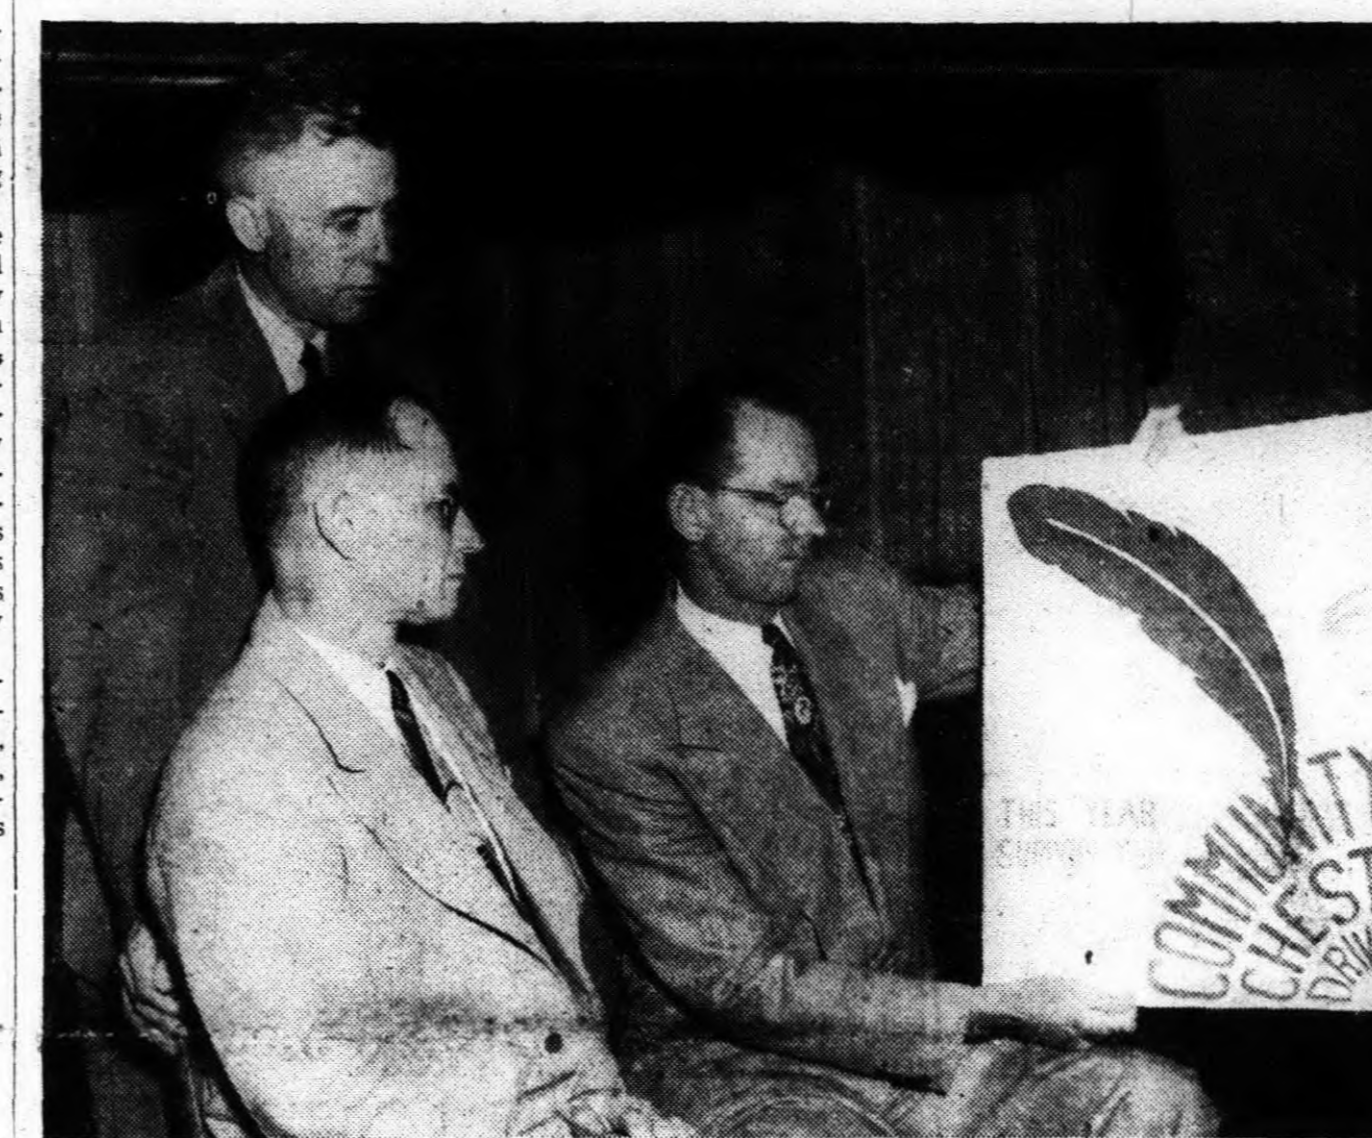

While the front of the building on Main street will be one story high, the store facing the Municipal parking lot

will be of two story construction, the contour of the site permitting a desirable second front for the basement along the Municipal parking lot.

Details of the structure indicate that it will be one of the most attractive and modernistic retail store buildings erected in this entire metropolitan area. It will be of reinforced steel, brick and concrete construction and as fire-proof as a building can be made.

While no definite date has been set for the construction to begin, it is known that work on the new store buildings for the several retail stores that must be moved, is being rushed as rapidly as possible. The Kresge company hopes to start removal of all the buildings during the late fall.

\$12,000 Goal Set For Chest Drive This Year...

Community Fund Board President Carvel M. Bentley stands behind Clarence Moore, Chest Industrial section chairman as both look on approvingly at the new posters exhibited by local drive chairman, Robert Stewart. The posters will soon make their appearance around the city just prior to the opening of the fund raising drive, October 17. Agencies that benefit from the local Community Fund are Boy and Girl Scouts, Recreation Commission, Visiting Nurse Association, Well-Baby Clinic, Veteran's Memorial Foundation, the Salvation Army and the 18 agency services of the Detroit Torch Drive or United Foundation.

Jimmy Keeps Vigil Near Pony Struck With Lockjaw

If you see a good looking 10 year old, red headed chap on the streets of Plymouth these days with great big tears streaming down his face we'll tell you the reason why. First the subject of our yarn is Jimmy Archer, the son of Mr. and Mrs. Robert Archer who reside on Roe street.

As you remember Jimmy was the fortunate little boy who won the beautiful Shetland pony given away at the recent fourth of July celebration. Well today Jimmy is faced with the loss of his pet and anything his family or friends have promised just won't stop the tears.

Last Thursday the pony, named Banner, was struck with lockjaw. Two veterinarians, Drs. Cavell and Lickfeldt, were called to try and save Banner's life. They both said Jimmy has taken good care of his pet and they failed to find any cut or scratch on the pony which may have caused the disease.

Jimmy watched anxiously as Banner was administered daily shots but until late Wednesday morning the pony had not shown much improvement. Heart-broken over his pet's illness, Jimmy cried for two days and his parents were finally forced to call a doctor to try to quiet him.

Jimmy had wanted a pony all his life and was the happiest boy in the world last July 4th when he was named the lucky winner of the Shetland. The Archers sold their chickens in order to make room for the pony in their barn. At first both Jimmy and Banner were a little afraid of each other but soon the pony followed his young master around the yard like a puppy. Jimmy rode Banner daily in the Archer's fields, but, as he explained to his mother he didn't want to tire the little Shetland so he just rode for a short time.

The Archers have tried to console Jimmy by offering him a new pony if Banner dies. But Banner and Jimmy are fast friends. So Jimmy maintains his vigil next to his ailing pet, waiting.

Local Youth Is Injured in Korea

Word was received Monday by the family of Herman Parmenter that he had been slightly injured in action in Korea. He is the son of Mr. and Mrs. Clayton Parmenter of Walled Lake and the grandson of Mrs. Herman Landau of 674 Maple street with whom he had made his home before entering the service August 29, 1949.

Herman, who is 17 was attached to the 1st cavalry division in Korea. He had attended Plymouth High school. A telegram from army officials notified the family of Herman's injury on September 16.

Examinations for heating contractors license will be conducted at the city hall Monday, October 2, at 8 p.m. All those who would like to take this exam are asked to call the city hall before the time of the examination.

Defense Planners At Work

The preliminary organizational plans for Plymouth's civilian defense were mapped out at the first meeting of the Civil Defense Council held Tuesday night, according to Russell Daane, director.

City officials and every member of the council, appointed last week, were present at the meeting to get immediate plans under way. At the next meeting of the group to be called at a later date, appointments will be made to each unit of the council, such as the medical and welfare divisions.

Volunteers are asked to fill out the coupon on page 8 with necessary information as to what they can do to aid civilian defense and mail it immediately to the city hall.

At the meeting last night veterans organizations were asked to supply volunteers to act as auxiliary policemen and firemen and wardens. Other jobs which will be assigned to volunteers include work with the housing and feeding survey unit, nursing and first aid, road repair service, demolition and clearance, transportation service and registration work.

The council will act merely as a coordinator or planning committee, but the actual supervisory defense work will be taken over by members of the individual divisions.

One of the primary concerns of the council was setting up plans for a housing survey in the city. In the event that housing would have to be furnished in the city for Detroiters, the exact number of available beds and where they are must be determined.

U of M Campaign Dinner Monday

University of Michigan alumni of Plymouth will gather next Monday night for the launching of the U of M's Phoenix Project campaign at a dinner to be held at 6:30 p.m. in the Northville Presbyterian church.

The dinner will precede a special broadcast to alumni groups all over the country telling them of plans to carry out the \$6,500,000 campaign for financing research in peace time use of atomic energy.

Speakers on the broadcast will be General Dwight D. Eisenhower, Warren Austin, Alexander G. Ruthven and Coach Bennie Oosterbaan. The University of Michigan Marching Band and the University Glee club will perform during the program.

U of M alumni club members in charge of arrangements are Burton B. Johnson, chairman; Dr. A. E. VanOrnum, Mrs. Austin Whipple, Kenneth Hulsing and Mrs. T. P. Bateman. They may be contacted for tickets which will also be available at the Community Drug store and Huston Hardware store.

Over 300 alumni and former residents of the university reside in Plymouth, including 33 married couples, both having attended U of M.

The Past Matrons club entertained members of the Past Matrons club and their husbands and wives at a cooperative dinner Tuesday evening at the Temple. After the supper an evening of entertainment followed.

The board includes Mrs. Kenneth Hulsing, president; Mrs. Douglas Hammill, first vice president; Mrs. T. H. Roberts, second vice president; Bernard Curtis, third vice president; Mrs. Foster Callahan, secretary, and Mrs. John Zimmerle, treasurer.

Speaker at the meeting was Miss Mildred Field, new visiting teacher, who pointed out various phases of her work to the assembled parents. All new teachers at the school were introduced at the meeting.

BPW Club To Sponsor Dance

An Old Time dance, with a Hallowe'en motif, was planned at the first meeting Monday night of the Business and Professional Women's club of Plymouth. The dance will be held in the Newburg church hall on October 21.

Speaker at the meeting was Miss Vemba Dunlap, state president of the BPW clubs, who addressed members on "Approach to Program Planning." She urged coordination of committee work in order to make club activities effective in the community.

Following her talk, a new club plaque was presented to the club as a 22nd birthday gift by Miss Sarah Gayde and Miss Hildur Carlson, charter members.

Rain Water Cleans Civil War Parasols

Rain water proved to be the solution for cleaning two Civil War time parasols owned by Mrs. Marion Rigby. The parasols have been in Mrs. Rigby's family for years, and since they have become quite soiled she took them to Gould's Cleaners to be cleaned. Gould's cleaned the delicate hand embroidered material with rain water and pronounced the job very successful.

Displays Artificial Flowers....

The beautiful artificial flower arrangements made by Mrs. Alvah Carnes of Butwell road will be displayed this week in the lobby of the Plymouth United Savings bank. Using various materials such as wood fiber, crepe paper, chenille and pliable metals, Mrs. Carnes fashions all kinds of flowers, arranging them in colorful bouquets. Mrs. Carnes began her interesting hobby when she was nine years old.

Rathbuns Celebrate 25th Anniversary October 1

Plymouth Grill at New Location

Phil Barney will celebrate his fifth year in business in Plymouth October 1 by opening a new restaurant on Starkweather avenue in the building formerly known as Al's Restaurant, north of the depot.

Barney's Plymouth Grill at 578 Starkweather will be closed this weekend in preparation for the moving and opening at the new location. The new restaurant interior has been completely remodeled and modernized, making it one of the most up-to-date restaurants in the north section of the city.

Barney came to Plymouth in 1944 and in 1946 bought the Plymouth Grill from Clifford Darling which he has since operated.

Tolmie, 9303 Haggerty highway, cosmetic kit; Evelyn Groshke, 1051 North Mill street, pen and pencil set, and Floyd Fleming, 253 Blanche, electric toaster. The winner of last night's award will be announced next week.

Mr. Levin wishes to thank all his patrons for the hearty welcome extended his drug store in their new location.

Easter Lilies Blossom in Fall

While old Jack Frost has been busy painting the leaves of maple trees in and around Plymouth, some Easter lilies in the flower garden at the home of Gus Meyers at 229 North Harvey street are just now bringing forth some of the most beautiful blossoms of the year.

As all good gardeners know, Easter lilies are supposed to bloom 'only' in the springtime. Apparently the 'magic touch' of Gus has resulted in the lilies in his garden blooming twice in one season. The blossoms are perfect and in a day or so will be transplanted to pots within the house.

Bow and Arrow Hunters Prepare For Deer Hunting Season.....

Seven of the city's bow and arrow hunters got together this week for some last minute preparations for deer hunting which is open to the archers next Sunday. The bowmen are, left to right, standing, Fred Zander, Morris Thomas, Don Allen and the Rev. Melbourne Johnson; front row, Firnie Olson, Clifford Smith and Bill Keefer. Both Keefer and Rev. Johnson were successful in bringing home a deer in previous hunting seasons, Keefer being the only local bow and arrow hunter to kill a deer last year.

Michigan big game hunting gets underway October 1 with an estimated 12,000-14,000 sportsmen hoping to bag deer in a 36-day season which calls for arrows and not bullets.

While 12,689 persons purchased bow and arrow hunting licenses last season, conservation department game officials refuse to further hazard a guess on the possible effect of the war situation in holding down an increase in the Robin Hood style army. However the number of bow and arrow deer hunters regularly has increased in the last few years. As recently as 1945 only 1,800 entered the field.

More deer than the Michigan range safely can carry through the winter are around for the patient and skillful bowmen to stalk, notes I. H. Bartlett, department deer specialist. And a growing army of archers are becoming more successful, he says. Records show that in 1947 only one in 20 got a deer the hard way, in 1948 one in 17 and last year as high as one out of every 14 returned home with venison.

Approximately 70 per cent of the archers last season limited their stalking range to a half-dozen counties. Highest hunter concentrations were recorded in Roscommon, Allegan, Crawford, Oscoda, Iosca and Montmorency counties. These counties accounted for roughly 80 per cent of the 878 deer harvested via the bow and arrow method in 1949.

Deer of either sex may be taken October 1-November 5 in every county in the state except Keweenaw, Houghton, Dickinson, Marquette, Menominee, Chippewa

wa save Drummond Island, Cheboygan, Presque Isle, Otsego, Kalkaska, Missaukee, Ogemaw, Osceola, Clare, Gladwin, Arenac and northern parts of Bay and Huron counties. In the counties specifically mentioned, male deer with three-inch antlers or over are legal targets only. Deer of either sex may continue to be hunted with bow and arrow through December 15 in Allegan county.

Any archer who does not get his legal limit of one deer in any of the bow seasons is eligible to purchase a gun license to hunt in the general firearm season November 15-30.

Resident bow and arrow deer and bear license again is \$3.50 as is the resident firearm deer and bear license. Nonresidents will continue to pay \$10 for a bow and arrow and \$35 for a firearm license.

Bow hunters wanting to look over last season's deer hunting data can get "dope sheets" with state hunting map outline from the department's game division.

For the down state Robin Hood who wants a place to hunt not too far from home, there is over 175,000 acres of state-owned land, mostly forest, game and recreation area acreage, open which is fair to good hunting territory. For the majority of bow hunters who are able to go north, over 5,900,000 acres of mainly national and state forest lands are open to public bow hunting.

Funeral Held For Hiram Hees

Funeral services were held Saturday for Hiram Hees, secretary-treasurer of the Sheldon Land company in Rosedale Gardens and uncle of Henry H. Hees of Plymouth.

Mr. Hees died in his home Grosse Point Park September 27 at the age of 67. He was associated with the Sheldon Land company for 34 years. Besides his nephew Mr. Hees is survived by a sister, Mrs. Harry Barter Rosedale Gardens and two brothers, Henry and William of Detroit.

In Runcorn, England, James McCandless of Glasgow was fined \$12 for trying to bilk the railroad after he admitted that he had climbed through a train window and hung outside the car to avoid the conductor when he came through to punch tickets.

By CARL PETERSON

Rep. Robt. F. Rich, Pa., recently suggested that Congress needs its head examined. This is as frank as a husband's opinion of his wife's new hair-do. And it's the sort of thing common and uncommon citizens have been saying for years. However, we hope Rep. Rich is kidding. We hope he is trying to be the Bob Hope of Capitol Hill . . . because if there is one thing we don't need now it's Congressmen who ought to have their heads examined. With foreign and domestic affairs constantly getting hotter than a burned biscuit, we need clear heads and straight thinking. Say it's just a joke, Congressman!

Plymouth is growing in both industry and housing. Now let's also start talking up the possibility of having a new hospital. It would benefit everyone!

In Paterson, N. J., the Broadway Bank and Trust Co., refused to honor a \$280 check signed by Santa Claus. They probably thought they were being taken for a sleigh ride. We don't like to ride along on our laurels. We're always on the look-out for new and better ways of serving you . . . and our prices are reasonable. What's more . . . we're always glad to see you at PETERSON DRUG, 840 W. Ann Arbor Trail, Phone 2080.

KOREAN INTERMISSION . . . P. F. C. Joseph Kunka, Chicago, sits up on his reading while soaking his aching feet in a helmet filled with cool water. He is assigned to the 25th division.

HURRY UP AND WAIT . . . Troops of the 19th Infantry battalion are ready and waiting for transportation to return them to front lines in Korea.

MAYOR McGUP

MY ARM? OH, I WAS KNIFED BY A POLITICAL ENEMY THE OTHER DAY.

HOW IS THE WOUND NOW, MAYOR?

IT'S NOT HEALING PROPERLY, LUD.

MAYBE THE DOCTOR CAN PATCH YOU UP WITH SOME SKIN FROM YOUR OTHER ARM— YOU KNOW—GRAFT.

GRAFT?! NOTHING DOING! I'LL HAVE NOTHING TO DO WITH GRAFT IN ANY WAY!

In Bloomington, Indiana, the Monroe County Clerk got a letter from one Walter Sadlick, an ex-serviceman, who explained that he had married to get a bigger student's allotment under the G.I. bill, but that now, as his eligibility for benefits was running out, "we would naturally like to abolish the marriage."

New Shoe Line is Presented at Plymouth Men's Wear....

Sam Verona, front left, owner of the Plymouth Men's Wear listens attentively to Edward Houghtling, front right, manager of the store's new shoe department while the features of "American Gentlemen" shoes are pointed out to him and his two sons Don, left, and Earl, right. In addition to holding a grand opening this week of his completely enlarged and remodeled men and boys-wear store he also is presenting his customers during the selling event a complete line of popular priced shoes, the American Gentleman and the Bob Smart shoes. The new store now occupies not only the former Verona store but now embodies the entire building which was formerly the Sam and Son Drug store, now located across from the post office.

PITCHING FOR SAM NOW... Curt Simmons, Philly mound ace, sits with members of Pennsylvania national guard after induction. Simmons and the others were briefed in lecture room of the armory.

After a state law had legalized cap pistols and the town's small-fry cowboys had done a bang-up job of taking potshots at villains in Western thrillers, a movie house in Massena, New York, announced firmly that hereafter all pistols will have to be checked before admission.

Grange Gleanings

"Booster Night" came Thursday evening, September 14, and a fine crowd enjoyed the program arranged by Lecturer Mary Filmore. Refreshments were then served by her committee. Four new members were gained.

Be sure to come to degree team practice on Thursday evening, September 28, about 8 p.m. We have work to do. A class of new members will be given the third and fourth degrees at the next meeting of the Grange which will be on October 5 with pot luck supper. Be there to welcome them.

VFW News

For the second consecutive year, a Michigan high school student has won the national essay contest sponsored by the Ladies Auxiliary of the VFW. This year an essay entitled "Peace—with Honor—for America" by Donna Raymer of Belding, Michigan, High school was awarded first place. The Mayflower Auxiliary will sponsor the essay contest this year in Plymouth. Any high school boy or girl is eligible to enter. National, state and local prizes are offered. Watch for further announcements in this column.

DALE CARNEGIE

AUTHOR OF "HOW TO STOP WORRYING AND START LIVING"

The Value of the Efficient Worker

ARE YOU WORRIED about holding down your job if you make a mistake several times in succession? Or do you assume an independent attitude rather prevalent among the younger workers today? I know one young office worker who says she made the same mistake three times in her new position. She had got her job through a friend who was a friend of the boss, and feeling that he might say nothing because of this relationship, she went to him and resigned. He looked surprised and when she told him why, he said, "Well, Miss Brown, you are a very conscientious worker; your work is neat and efficiently done; we have been very pleased because you are always on time; you don't spend hours each week telephoning friends during working hours; you are careful of your personal appearance, and we don't find all these qualities combined in one person very often. So we'll have to allow for a few mistakes, even if you addressing the same client wrongly three times did cause some inconvenience. I don't think you'll do it again."

Then Miss Brown was surprised, and his attitude awakened a well spring of gratitude within her.

Carnegie

I was reminded of Miss Brown recently when I was told an incident by Miss Ruth Minogue, Richmond Hill, N. Y. A short time ago she threw into the waste basket a navy department order for 5000 books together with a check in payment. This was rescued by the cleaning woman. She began to wonder if it had happened before, and what would happen to her if she was again so careless. She thought her employer was watching her rather closely since the careless happening occurred, and this made her a bit nervous. She began to worry for she wanted to hold down that job, and more than that, she didn't want to be dismissed as inefficient from any job.

After a few days of worry, she saw that it was affecting her work. When I told her about Miss Brown she compared herself with Miss Brown, and felt she compared favorably. Then she decided to make her boss feel about her as Miss Brown's boss had felt about Miss Brown.

After acting on this decision for a couple of days, she stopped worrying, and went ahead with her work in an efficient manner. I just want to assure Miss Minogue that the boss is just as eager to retain a good worker as a worker is to hold down a good job. I want to tell her, too, that two percent will include all the really efficient workers. And it isn't so difficult to be one of them, barring lack of experience.

Two Earn Degrees at U of M Summer Session

Two Plymouth residents were awarded their bachelor's degrees at the close of the summer session at the University of Michigan this year. They are Harold Joseph Brisbois who received his bachelor of science degree and Carl Richard Groth who earned his bachelor of business administration degree.

View of Eclipse The Best Ever

Residents in this part of Michigan had preferred grandstand seats for the beautiful astronomical display that took place Monday night when the moon was in eclipse and partial eclipse for several hours.

There was not a cloud in the sky when the earth began its passage between the sun and the moon. For nearly three hours those who set up to watch one of the wonders of nature were able to follow the movement of the earth across the path of the moon.

But Plymouth residents were not the only ones able to view this wonderful sight. Reports say that the eclipse was visible in all parts of North America.

Astronomers say that there will not be another eclipse of the moon until January 29, 1953.

Lecture - Films Given at Kiwanis

A combination movie-lecture was presented, members of the Kiwanis club Tuesday night by T. Elliott "Red" Barron, travel-cameraman for the Automobile Club of Michigan. The films depicted many scenic and popular play-places from all over the North American continent.

Barron began covering America while a football star at the University of Detroit in 1927. Experienced in color photography, he has since carried his camera all over the United States and Canada, getting material for his lectures and films.

His athletic prowess enables him to obtain interesting shots in mountainous areas. He is a native of Jackson, Michigan. Edward Willoughby was chairman of the evening's program.

In Pulaski, New York, a committee to raise funds for dredging the channel between Big Sandy Pond and Lake Ontario learned from U. S. Army engineers that the job would cost about \$250,000, decided to accept a local contractor's bid of \$3,500.

Big Smoke Cloud Darkens City

When that smoke cloud from Canadian forest fires swept over Plymouth Sunday, no one in or about this city thought that the world was about to come to an end as they did in some places.

Plymouth chickens refused to get excited about it, and didn't go to roost as they did elsewhere. No one ran out into the street and prayed to be saved from a Russian A-bomb, as reported elsewhere.

In fact, Plymouth folks took it as just one of those things that come along now and then. It is true that the smoke cloud blanketed out the sun most of the day, and it was really dark for an hour or so during the afternoon—but no one as far as can be found out got excited about it.

Weather reports from Alberta Tuesday said that the one hundred or more forest fires which have been raging up in Canada for more than two weeks had been partly extinguished by a heavy rainfall.

SUCCESSFUL PARENTHOOD

HOW MANY TIMES a day do you say "No" to your children? Sally's mother overheard her daughter saying to a playmate, "There's no sense asking my mother. She always says 'No.'" Thus prompted, the mother under discussion decided to count the number of "No's" she actually did deliver each day. And though she doesn't divulge her exact count, she says it was astonishingly high.

She then began to weigh the decisions she had made and found that a good many of the things that she had forbidden could have been permissible at least with modifications. Sally couldn't play in the mud with her good dress on, but she could have come inside first to change into overalls.

Saying "No," Sally's mother realized, had simply become a habit. When we call a child to lunch and he asks, "Can we eat out under the tree?" we say quickly, "No, Dear. Hurry and sit down at the table." We give no reason for the refusal, probably because we have scarcely given the question a thought. But a child's requests are important to him. And if he must be refused he can at least be told why. If it rained yesterday and the ground is too muddy for an outdoor lunch, explain this. Tomorrow, you may point out, will be a better day for a picnic. And if it is sunny tomorrow and the child still begs to eat his lunch outdoors, why not? Of course it may be a bit of extra trouble to load a tray and carry it outside, but a happy youngster loves to help. And often even a customarily disinclined vegetable is eaten with relish as part of a festive picnic.

Sometimes we say "No" just because a child's requests

seem ridiculous. But children usually have a reason for doing things or wanting to do them. One day Susan asked her mother if she could wear her cowboy boots to school. A rather feminine little girl, fond of ruffled dresses, Susan had always loved wearing patent leather Mary Jane pumps to school. Her cowboy boots were for after-school play. This new request baffled her mother, until the child explained that the boy who occupied the seat behind her kicked her heels. Rather than tattle to the teacher or fight with the boy, Sue had come up with this resourceful solution.

Disapproving too quickly often has another disadvantage. It is likely to cut us off from a great deal of enjoyment of our children. The picnic, for example, though first appearing troublesome, would probably have turned out to be fun. Assured of at least a listening and considerate audience, children will be more inclined to tell parents their thoughts. The world, seen through the eyes of the young, is a very different and magically enchanting place. The chance to see it thus can be a mother's reward for trying to understand her child's requests.

From the standpoint of discipline a No must be carefully considered so that parents can stick to it. For there are times when undesirable activities must be checked. These are times to be definite and firm. This is particularly important in the early years when a child is getting his first ideas of human relations. Then he needs to learn that parents can be depended on to mean what they say.

Early Opening Grouse Season in U.P. Attracts Local Hunters

Several Plymouth bird hunters are planning on getting an early start on this fall's grouse hunting season—they are going to the Upper Peninsula where the season will open on October 1, 15 days ahead of the opening date in the lower peninsula.

Hunters operating in the upper peninsula also will get first shots at other small game when seasons open October 1 for taking, with few exceptions, sharp-tail grouse, prairie chickens, snowshoe and cottontail rabbits, woodcock and pheasants in southern Menominee county. Daily opening hour for these small game is 7 a.m. except woodcock may be hunted half hour before sunrise.

Based on 35,000 hours of observation by department field men and federal foresters in both the upper and northern lower peninsula, the department's game division reports no significant change in number of ruffed grouse seen. Number spotted above the Straits per 100 hours

of checking averaged 20, the same as last year. Best above the Straits was the five-county Baraga district with 25 birds observed per 100 checking hours. Fewest birds seen above the Straits per 100 hours were 16 in the three-county Escanaba district.

Bag limits are the same as last season when upper peninsula hunters averaged better than six birds apiece for the season. They are five a day, 10 in possession and 25 for the season. Bois Blanc and Drummond Islands are not open for ruffed grouse hunting.

Often confused with one another, sharp-tail grouse and prairie chicken also are legal game through October 20. Hunter report card computations show a combined harvest of 34,000 birds last year. Combined bag limits are three a day, six in possession and 25 for the season. Hunting for these two birds is closed in that part of Chippewa county east of M-129 and north of T45N.

Odds and Ends

In Los Angeles, Mrs. Lotta M. Briggs was awarded a divorce after she testified that her husband kept her and the children awake night after night with the noise he made computing his income on an adding machine.

In Greenfield, Mass., after a neighbor thoughtfully warned a shapely housewife that several men had watched her taking a bath, investigation proved that the one-way glass of every bathroom window in a new 72-unit housing project had been put in backwards.

In Philadelphia, accused of being too noisy, the Granoff School of Music put Sound Expert Daniel Greenfield on the stand to testify that he had measured the school's tooltongs, found them "below the threshold of pain."

A stranger who wouldn't think of asking you for a dollar thinks nothing of asking for advice.

Frustrated when he put his nickel into a coffee-vending slot machine and nothing happened, a man in Minneapolis got prompt results after he shook the machine: Coming alive, it squirted coffee all over his suit, then flashed a sign to indicate that the coffee was sold out.

Just when he thought he was safely out of it, a terrified dental patient in Norwalk, Conn., who had headed for the nearest exit and fled down the fire escape, landed in the arms of a suspicious cop, was duly escorted back for further drilling.

In Albuquerque, recaptured after he had slipped out of state prison and chartered a plane to Tucumcari, New Mexico, State Prison Trusty William Alexander explained: "The warden hurt my feelings."

Extensive preparation for a good time leads inevitably to intensive disappointment.

If you didn't have them worried, they wouldn't knock you.

Railroads use about 3,000 wood cross ties per mile.

LAFF OF THE WEEK

"He Won't Tell Us His Name. He Just Says His Mother Calls Him 'The Three-Wheeled Terror!'"

To aid in distinguishing birds bagged, game men point out to hunters that little V-shaped marks and more white plumage are on the sharp-tail breast while large, dark crossbars are to be noted on the prairie chicken breast.

Nearing or at an abundance peak like the grouse are the snowshoe and cottontail rabbits which can be taken through March 1 with combined legal limits of five per day, 10 in possession and 50 for the season. Last season's computed harvest was 199,000 snowshoes and 27,000 cottontails with nearly 60,000 of the former taken in Marquette and Gogebic counties alone.

One migratory species which can be hunted before the general upper peninsula waterfowl season opens October 13 is the woodcock. In the 20-day season, which ends October 20, hunters can take four a day and have eight in possession. Woodcock may not be hunted after sunset. A waterfowl stamp is not required to hunt woodcock.

For the second successive year, a 14-day season will be permitted on cock pheasants in that part of Menominee county south of U.S. 2 with limits of one a day, two in possession and three for the season. Last season in this

general farming area or so-called "Banana Belt" small game hunters are estimated to have taken approximately 500 ringnecks. Pheasants were introduced here in 1918 and the first open season was in 1928. In spite of relatively hard winters and heavy snow, colonies continue.

Gray squirrels only can be hunted October 1-10 in Delta county with limits of two a day, four in possession and 20 for the season.

Local Churches Mark World-Wide Communion Oct. 1

Next Sunday, October 1, Protestant and Orthodox churches throughout the world will celebrate World-Wide Communion. World-Wide Communion was begun as a united observance sponsored by the Federal Council of Churches in America in 1940. Soon it was taken up by the World Council of Churches which is promoting its observance all over the world. The observance will begin on the mission fields of Japan and in the churches of New Zealand and travel around the world as the day advances. The local churches are inviting all Protestant people to partake of the Communion in one of their services. Most of the ministers are offering to serve Communion in the homes of shut-ins on request during the afternoon.

At Hope Chapel, Six Mile road, just west of Middlebelt, the Communion will be celebrated at 11 a.m. At Newburg Methodist church, Newburg road and Ann Arbor trail it will be served at 10 a.m. At Rosedale Gardens Presbyterian church it will be served at 11 o'clock and at St. Paul's Presbyterian church, 27467 Fenkel, it will be celebrated at 11 o'clock. The Sacrament of the Lord's Supper will be celebrated at 11 a.m. Sunday morning at the First Presbyterian church of Plymouth, and at 11:10 a.m. at the mouth, at 11:10 a.m. at the First Baptist church of Plymouth, and at 8 a.m. at St. John's Episcopal church.

FIRST METHODIST CHURCH, Rev. Melbourne Johnson, pastor. During the coming year the Methodist church will use the following schedule: 10:15 a.m. to 12 noon, Church school, (nursery through Junior high - students going directly to Church school. Worship services will be held departmentally.) 10:15 a.m. to 10:50 a.m. Adult Elective courses 11 a.m. to 12 noon, Morning worship. The Sacrament of Holy Baptism will be observed next Sunday and parents wishing such for their children are asked to contact the minister. The Sacrament of Holy Communion will be administered to all who love the Lord. All members are urged to attend. "This Do." Our business at the Lord's Table is action: not even prayer or meditation, save incidentally; we come to perform an act—an act of obedience, to be sure, but an act. This do. It is more important that we should do this thing than that we should understand what we are doing. We know that we shall eat bread and drink wine, but that is only the threshold of the matter. Beneath the eating and the drinking, there are depths of significance, and around them areas of consequence, of which no man can give sufficient account. At the Lord's Table we are acting over our own heads. We are doing more than we can ever know or tell. The observance of the Lord's Supper is meant to be the affirmation of the Church's unity. "This Do."

THE WEST SALEM COUNTRY CHURCH, 7150 Angle road, Salem township. Service every Sunday at 2:30 p.m. Patrick J. Clifford, pastor. The third in a series of special Gospel musical programs will be presented Sunday, October 1, at 2:30 p.m. The special feature in music will be the "Four Flats," male quartette of Portland, Oregon, on colored sound film. This quartette were Barber Shop Harmony quartette champions for the northwest for the years of 1947-48. Members of the quartette give their personal testimonies between numbers. Also the film, "Thirst For Life," a natural color film with outdoor scenes of Mt. Hood, Multnomah, Horse Tail Falls, Columbia River, Bonneville Dam and many other beautiful scenes of the northwest will be shown. The purpose of the film is to illustrate spiritual truth. The climax of the film presents Christ the answer to Man's Spiritual Thirst. The public is invited to enjoy this one hour of gospel in music and illustrated message that is different.

THE SALVATION ARMY, 221 Union street. William Roberts, captain. Thursday, 2 p.m., Ladies' Home League. 4:15 p.m., Junior choir practice. Friday, 7:30 p.m., Harvest Festival Sale. Major Agnew will be in Detroit for the annual Salvation Army Youth Conference for the Eastern Michigan Division at which there is expected to be 500 delegates in attendance. After this conference Major Agnew will come to Plymouth for the Sunday evening service.

The Major directs all of the youth activities of the Salvation Army in the 11 central states. He is not only an outstanding youth leader but also a well known preacher in Salvation Army circles and you will not want to miss hearing him.

The Major recently returned from England where he spent about five months with other leaders revising the Bible Studies for the Salvation Army colleges throughout the world.

FIRST CHURCH OF CHRIST, SCIENTIST. Sunday services at 10:30 a.m. Sunday school, 10:30 a.m. for pupils up to 20 years. "Unreality" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, October 1. The Golden Text (Jeremiah 23:28) is: "What is the chaff to the wheat?" saith the Lord. Among the Bible citations is this passage, (Ps. 127:1): "Except the Lord build the house, they labor in vain that build it; except the Lord keep the city, the watchman waketh but in vain. Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 581): "The higher false knowledge builds on the basis of evidence obtained from the five corporeal senses, the more confusion ensues, and the more certain is the downfall of its structure."

ST. PETER'S EVANGELICAL LUTHERAN CHURCH, 261 Spring street. Edgar Hoenecke, pastor.

Red Cross Needs "O" Type Blood For Wounded G.I's

Hundreds of type "O" blood donors are needed in the next four weeks to give blood for wounded American soldiers in Korea, Detroit chapter of the American Red Cross announces.

The chapter is appealing to every eligible donor with type "O" blood to get in touch with the Regional Blood Center, 153 E. Elizabeth, as soon as possible and make an appointment. The telephone number is Woodward 1-3900.

Persons who have given blood are requested to check their cards for type and report promptly if they are still qualified as donors. The age requirements are 21 to 60, but young people between 18 and 21 may give blood with the written consent of parents if otherwise qualified. Donors should be in good physical condition and weigh at least 110 pounds.

"We have been asked to make daily shipments to Korea for the next four weeks, starting at once," said John M. Sullivan, executive director of the chapter. "That means a minimum of 50 new type 'O' donors every day to play safe, for not all of those who report will be able to meet

the physical requirements."

To accommodate more donors at the Center and not keep them waiting, donor hours have been extended for the period of the emergency. The new hours are: Monday through Wednesday, 1 to 7 p.m. Thursday and Friday, 10 a.m. to 3 p.m. Saturday, 12 noon to 4 p.m.

Blood for Korea should not be more than two days old, according to Blood Center officials. Thus a fresh supply is necessary every day to maintain the exacting shipping schedule. The blood is shipped in refrigerated cases by air express to San Francisco, and from there is flown overseas by the Military Air Transport service. Within 48 hours from the time it is given, blood from Detroit donors is being administered to wounded men in Korean hospitals.

In Washington, D. C., Hosea Savoy explained why he had burglarized the same store three times: "It was near my home and I didn't want to walk too far."

Rocks Down Belleville 22-0

Win First Game In Three Years

Plymouth High school won their first league football game in three years last Friday as the Rocks overpowered Belleville 22-0. The Rocks' line was unbeatable as Belleville made only three first downs and one was on a 15 yard penalty against the Rocks.

The starting lineup for Plymouth was as follows: Jack Kropf and Jerry Huddleston at ends, Gary Sockow and Jack Daggett at tackles, Bob Keeny and Jack Robinson at guards and "Sixty Minute" Gow at center.

The game started as Belleville kicked to Plymouth and on a neat handoff Jacobus carried the ball back to the Plymouth 35. After three successive quarter-

back sneaks the Rocks had advanced to the 50 yard line. Here the Rocks were held and Hunter was forced to kick where the Belleville receiver was promptly dumped by Bob Keeny on the 25.

On Belleville's second play the Tigers fumbled and the ball was recovered by Jack Daggett who was injured in the pileup. Again the Belleville line held and the Rocks lost the ball. Belleville tried to get their offense moving but Ron Davis moved in to intercept a Tiger pass and was dumped on the 32. Here George Hunter passed to Phil Jacobus who crossed the goal line for a Rocks' first touchdown of the season. Bob Gow moved from the line to the backfield for the kick and arched a beautiful one through the uprights to give Plymouth a seven point lead.

Gow also kicked off for the Rocks as he booted the ball to the Belleville 10 where Jack Robinson made the tackle on the 15.

The Rock line again held the Tigers who had to punt. This ended the first quarter. In the start of the second quarter, Davy pushed ahead for another Plymouth first down. However, the Rocks fumbled on the next play, and a Belleville player scooped the ball up and ran a dazzling 75 yards before being hit and brought down by Hunter. Here the Rock line put on the best show of the season as Belleville had only a few yards for pay dirt

and in three plays the powerful Rock line had pushed the Tigers back five yards. On the next play Belleville managed to pick up a yard but it was the Rocks ball again where they kicked to the 45 with Bill Runge bringing the runner down.

Here Belleville made their first first-down of the game. This didn't help much as the Rocks took over later and were pushing to another touchdown as the half ended.

After the half the Rocks came back and really went to town. Gow made a beautiful kickoff as the ball sailed to the Belleville five yard line. After several plays Belleville picked up a first down only to be disappointed as Bud Lamphear intercepted a Tiger pass and carried it back to the 12 yard line. Here Hunter carried the ball up to the two yard line where the refs had to measure for a first down. It was a first down for Plymouth as the Rock fans went wild. On the second play Hunter carried the ball over for another tally. Plymouth missed the conversion making the score 13-0.

Gow again kicked off for Plymouth and Belleville carried it back to the 30. Here Belleville lost the ball to Plymouth. After two plays George Hunter pulled a very neat quick kick which sent the Tigers to the 10 yard line. Again the Rock line was unmovable as the Tigers were forced to punt again. The Rocks were playing such aggressive ball that they happened to upset the kicker with the result that they were penalized 15 yards. However, Keeny recovered a fumble on the 19 yard line at the end of the third quarter. Here the Rocks started moving and drove to the Belleville five inch line before losing the ball. Belleville was forced to kick on the first play but Sophomore Bud Lamphear came charging in to block the punt for a safety for Plymouth giving the Rocks a 15-0 edge.

Belleville then kicked from the 20 where Lamphear received the ball and came back to the Belleville 40 before being tackled. Plymouth then drove for a first down with Gary Sockow recovering a Plymouth fumble. Hunter then passed to Huddleston for another first down on the 15. George Hunter carried the ball over again for his second touch down. This time Bob Gow made good for his second conversion of the night and the Rocks' had a 22-0 lead. This ended the scoring as both teams fought out the remaining time in the middle of the field.

Tomorrow night the Rocks will play the powerful Ypsilanti Braves at the high school starting at 8 p.m. Ypsi will be the team to beat this year so let's hope our Plymouth Rocks will be the ones to do it.

League High Scores

The Plymouth Recreation Classic league high score team was McAllister Brothers with 935, 944 and 1036. The high individual scores were W. Hoffman with 279 and Bill Aluia with 221 and 235.

Recreation Dept. Classes

WOMEN'S GYM CLASS
The Women's Gym class which we hope to start on Thursday, October 5, hasn't been accepted by the Plymouth women as we had hoped it would. Our opinion has been that, with Mrs. Alex Miller as instructor, we would have to have more than one night to take care of the enrollment. But, as it now stands we will be lucky to have enough for one class. Give this class some serious consideration before allowing it to be cancelled.

TYPING
The recreation department is offering a class in typing at the high school on Monday evenings from 7 to 9 p.m., which will start October 8 if we have enough people interested. Only eight people have called in to register and we must have a few more before a class can be formed.

ART
The art class which we had hoped to have hasn't been accepted with too much enthusiasm. We must have 12 people for a class and as yet not many have registered. Mr. Stein is an excellent instructor and will teach either water color or oil painting.

CERAMICS
The ceramics class which was so enthusiastically accepted last year seems to be very slow in forming this year. Mrs. Meier, the instructor, would like to have 16 in the class.

SWIMMING
The response to the swimming class has been unusually good. The date of starting will be announced next week.

SEWING
The sewing classes taught by Mrs. Humphries started Tuesday, September 26 from 7 to 9 p.m. The Thursday class will start tonight at 7 o'clock in the home economics room of the high school. You may still register for all classes by calling the recreation department, 2075. To register for the sewing classes call Mrs. Humphries at 1125.

Good herd management, including the use of correct milking practices, will help to prevent mastitis.

Woman's Club Will Open Fall Program With Luncheon October 6

The Woman's club of Plymouth will launch its fall activities with a luncheon meeting on October 6 in the First Methodist church hall at 1 p.m. All new club members will be welcomed at this first meeting by Mrs. Kenneth Hulking, 1950-51 president of the club.

Miss Lorraine Corbett, who recently returned from a Mediterranean cruise, will be guest speaker and will address members on the topic "Rome and The Holy Land." She will illustrate her talk with color slides.

Reservations for the luncheon must be made by October 3 with Mrs. Frank R. Allison at 325-R or Mrs. David Mather at 1225. Luncheon chairman will be Mrs. Jack Taylor assisted by a hostess committee including Mrs. Leo W. Arnold, Mrs. Byron H. Becker, Mrs. Charles E. Brake, Mrs. George M. Chute, Jr., Mrs. Jerry E. Engle, Mrs. Robert S. Harding, Mrs. I. N. Innis, Mrs. Milton Laible, Mrs. Earl S. Mastick and Mrs. John Paul Morrow.

Mrs. Gerald Hondorp, director of the Glee Club, will lead the song fest. Mrs. David D. Wood is program chairman for the meeting.

OES News

The annual meeting of Plymouth chapter and election of officers will be held Tuesday evening, October 3. All committees are asked to submit written reports for this meeting. The usual social hour will follow in the dining room.

Grand Chapter session will convene in Grand Rapids on October 10, 11 and 12.

Installation of Plymouth chapter officers will be held Tuesday, October 17 at 8 p.m.

The honor of being presiding matron was given Leilia Huebler, W.M., for Wayne County association meeting held Monday, September 25 at the OES temple in Detroit.

It was East-West night at the Florence chapter on Wednesday, September 27. Leilia Huebler gave the matron's first lecture.

Best wishes and a speedy recovery are extended to Bessie Evans who underwent surgery at Beyer hospital, Ypsilanti, and Francis Chaney who has been ill at her home most of the summer.

Phone news items to 1755.

Barbiturates --and On Responsibility

To serve effectively the health needs of the community, we are entrusted with the keeping and dispensing of barbiturates, sleeping pills, and other sedatives. These drugs, when properly used according to the physicians directions, can be a boon to suffering mankind. Unfortunately, however, the layman hears and reads much more about their abuse than their use. As a part of our responsibility to the public, we will never, under any circumstance, dispense barbiturates without a prescription from a physician known to us. These prescriptions can not be re-filled and are so labeled before they leave our prescription laboratory.

Hints For Plymouth Homemakers

Improper Diet Reason For Many Defects of Rejected Draftees

The recent rejection of large numbers of young men appearing before their draft boards recalls to mind what happened during World War II. At that time four out of five of the selectees refused for the armed forces had physical defects of one kind or another and the majority of these physical defects were due to improper food.

There's no doubt that some of these young men ate inadequate diets due to poverty. But a far greater number of them were

poorly nourished because their mothers didn't know what foods are necessary for good health and made no attempt to get this information.

According to the Food and Nutrition Service of the American Red Cross, building strong, sturdy bodies is a long time process. The best time to start is before a child is born. However, even those who have had a poor start because their mothers lacked proper food during pregnancy can make up to a large extent for this deficiency.

During babyhood, of course, the exact food schedule is prescribed by a doctor. As children grow older and their food variety widens, their meals follow the same pattern as that of adults. Extensive research and food surveys show that the normal person is adequately fed if his meals are planned around a good variety of food.

By using foods especially rich in the "protective elements" or body builders and regulators as the basis of the day's meals a woman can be sure that she's giving her family what it needs, even if she doesn't know a calorie from a vitamin. Here are the seven important food groups which a skillful homemaker can turn into delicious and tempting meals within the reach of her budget.

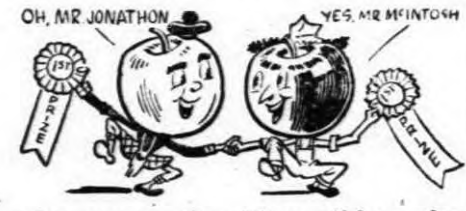

APPLE EATIN' TIME

With rosy red apples falling fast from the old apple tree we begin looking for a variety of ways to use them. Wash the apples well, shine 'em up and leave a large bowl full on the dining room table. That's the easiest way.

Variety of Apples

Some apples are best for baking or sauce, others for eating raw. Jonathan and McIntosh apples wear the blue ribbon for being all-purpose.

Stuffed Baked Apples

6 large apples
1 cup seasoned pork sausage
Scoop out center of apples, leaving thick shell. Cut all pulp from the core, chop fine and mix with sausage. Refill apples, heaping each with the filling. Place stuffed apples in open baking dish. Bake in moderately hot oven (375° F.) until the apples are tender.

Yield: 6 servings. This is a fine breakfast or brunch dish to serve when company comes.

Pink Applesauce

Add one-fourth cup of "Red Hots" (cinnamon candy) to two to three cups of applesauce. Allow the applesauce to stand before serving to allow the candy to dissolve. It's a natural with roast pork.

Baked Pork Chops

6 3/4-inch rib pork chops
1 quart dry bread crumbs
2 tablespoons minced onion
1/4 cup applesauce
1 teaspoon rubbed sage

Have a "pocket" cut in the pork chops. Blend together the remaining ingredients. Stuff each chop with the mixture. Arrange chops in a baking dish, sprinkle lightly with flour, salt and pepper. Bake uncovered in moderate oven (350° F.) 45 minutes to one hour or until the chops are tender and golden brown.

Yield: 6 generous servings.

RED CROSS FOOD FOUNDATION, CINCINNATI, OHIO

GROUP I—GREEN AND YELLOW VEGETABLES: at least one large serving a day. The deeper the color, the more vitamin A they contain. Take your choice of any of the greens, cabbage, green peas or beans, sweet potatoes, squash, pumpkin and carrots. Use them cooked or as a crisp, green salad.

GROUP II—ORANGES, TOMATOES OR GRAPEFRUIT: one serving each day. When strawberries and cantaloupes are in season serve them as an alternate because they are rich in vitamin C, too. If citrus fruits are expensive during the winter months and your food budget is low, let raw green cabbage or other raw greens pinch-hit for them.

GROUP III—POTATOES AND OTHER VEGETABLES AND FRUITS: one serving of potatoes daily; one fruit and one vegetable in addition to those given in groups I and II, making five servings of fruits and vegetables if all. It's easy to manage this if you use a vegetable at lunch time and a vegetable and salad plus potatoes at dinner. When lunch must be carried from home use crisp, raw vegetables, wrapped separately, to eat with the sandwiches.

GROUP IV—MILK AND MILK PRODUCTS: adults need the equivalent of three cups of milk daily and children need from three to four cups. Expectant and nursing mothers need a full quart a day, too. Unless these amounts are used, it's almost impossible to get enough calcium in the food.

When milk isn't relished as a beverage, eat it. American cheese is concentrated milk. Five ounces of it can replace one quart of milk. Two scoops of ice cream can be counted equal to one glass of milk.

Evaporated milk, used full

strength for cooking is excellent for boosting the milk intake. Dried milk, either whole or the dried skimmed milk can be added to all kinds of mixtures to build up the day's calcium intake for non drinkers.

GROUP V—MEAT, POULTRY, EGGS AND FISH: at least one serving of meat, poultry or fish daily, and from four to seven eggs a week. One food from this group in each meal is a good rule to follow to insure an adequate supply of tissue and blood building protein. Dried peas and beans, nuts and peanut butter make good, inexpensive alternates, occasionally.

GROUP VI—BREAD, FLOUR, AND CEREALS: two slices of bread or its equivalent in the form of a cereal at each meal. Be sure to choose either the whole grain or enriched varieties or you'll short change yourself and family in protein, iron and the B-vitamins.

GROUP VII—BUTTER AND FORTIFIED MARGARINE: two to three tablespoons daily. They add vitamin A along with delicious flavor. Choose the margarine that contains 15,000 units of added vitamin A.

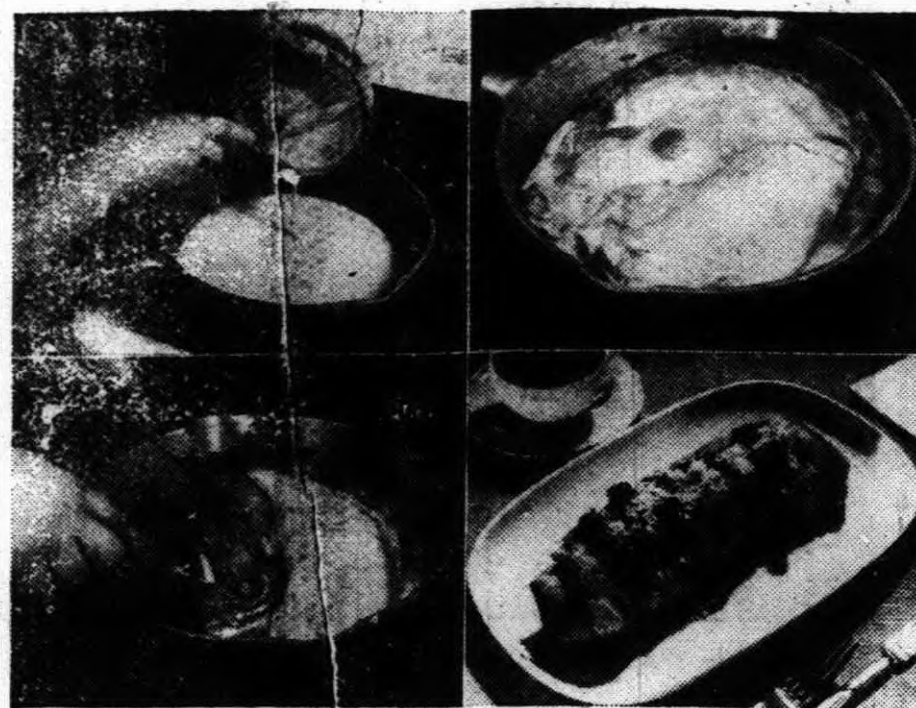

In Michigan, whose soil, water and food products are lacking iodine, wise homemakers always buy iodized salt to make up for the deficiency. Its routine use is largely responsible for preventing simple goiter.

Your recipe collection is incomplete if this recipe is not included . . . a dish with its versatility and advantages belongs! It can be the main dish for breakfast, lunch or supper. Cut in smaller portions, the pancake makes an excellent dessert. Wherever it turns up in the day's meals, it rates applause and is "good food".

Egg Pancake is quick, economical and easy to prepare. It requires ingredients generally on hand in every kitchen. Eggs, one of the ingredients, are important to the dish for lightness and tenderness. At the same time they provide superior nutrition—excellent protein and indispensable minerals and vitamins. You will enjoy preparing Egg Pancake and everyone in the family will vote it a real palate pleaser.

EGG PANCAKE—BUDGET AND PALATE PLEASER

By Gay Kitchen

2 eggs
1/4 teaspoon salt
1 tablespoon sugar

1/3 cup sifted all-purpose flour
1/2 cup milk
1 teaspoon fat

Beat eggs, salt and sugar together. Add the flour and milk. Beat until smooth. Meanwhile heat the fat in a deep skillet (10 to 12 inch) until drop of water in skillet just sizzles. Pour in all of batter. Cook two minutes over moderate top burner. Place in hot oven (450° F.) and bake 15 minutes or until surface is brown and puffy. Dot with butter and cooked fruit sauce, preserves or marmalade. Roll or fold from opposite sides to the center making three layers. Turn out on warm platter. Sprinkle with confectioners sugar. Serves 1 or 2 as a main dish, 3 or 4 as a dessert.

To vary it—place one of the following over the batter just before placing it in oven: Apple—1 layer of thinly sliced apple. Bacon—3 to 4 slices crisply cooked bacon, diced. (Reduce salt to 1/4 teaspoon). Ham—1/4 cup finely diced cooked ham. (Reduce salt to 1/4 teaspoon).

Homemakers' Hints

Today, a surprising number of homemakers are finding the way to have comfortable, really attractive homes at lower cost. The answer? The roomy old farmhouses just outside of town . . . the cottages at nearby lakes that can be bought for very little. A little ingenuity

—a wall knocked out here, new paint there—turns these bargains into beautiful year-round homes.

First consideration, however, should be the right working equipment for the home—a convenient kitchen and bathroom, electricity, of course—and the right heating equipment. Many homemakers are discovering a new fuel oil heater that may be placed right in the living room—matching other furniture designs—and heating the entire home inexpensively and very efficiently.

The heater is called Duo-Therm . . . giving thrifty, clean and work-saving oil heat in homes without basements or central heating plants. It has a Power-Air Blower which circulates heat throughout the rooms and a thermostatic control for heat regulation.

One reason why this efficient heater is so popular is that it's designed just like fine furniture. There are Sheraton and Hepplewhite and Chippendale Models for traditional rooms . . . and smart blond designs for modern rooms, each of them actually resembling a smart looking console.

There are styles for every purpose—for warm heating comfort in a trailer or a six-room house. No wonder so many homemakers—both in the city and in the country—are depending upon this economical, really thrifty way to warm homes in winter!

Fashion Adopts "Dandy" Styles

Fall fashion news says that the "little boy" look we had on many of our clothes last year has grown up into the "gentleman" look. Designers have found inspiration in Beau Brummel and other dandies of the past.

Such things as waistcoats, scarfs, and wing collars have been adopted for our new styles. The new 1950 fall silhouette has been described as "narrow as an arrow." It is straight but not skimpy. The narrow skirt is relieved by pleats, panels, slits, and lower waistlines.

Coat styles seem to be more varied than usual, but one of the most popular is the loose casual coat that can be worn anywhere. It varies from last year's in that it has a straight up and down line and does not flare back. There are many more fitted and belted coats than there were last year. Among the style features of the new coats are deep sleeve facings which make it possible to wear the sleeves long for warmth or to turn them back to three-quarter length with a wide cuff for early fall wear.

Stand-up collars are also a mark of this season. Pockets are an important feature—not quite as large as last year's and placed low down on the garment so you can really get your hands in them.

Suits are always important in the fall. This season they have very little shoulder padding, set-in sleeves, small and neatly curved waistlines, and straight narrow skirts about 13 to 14 inches from the floor. Fabrics may be the old favorite gabardine or the new gray flannel or worsted tweed.

Michigan's Crop of Apples Above Average This Year

Children like oldsters alike look forward to apple time—the late summer and fall season when this favorite fruit is in bountiful supply and selling at the year's most attractive price.

Most of us eat apples for their satisfying flavor and texture. They also supply some of the food nutrients needed in our diets. They contain minerals, pectin and fruit sugar, and some vitamins.

Apples are known as intestinal regulators, and apple sauce is one of the first fruits included in the baby's diet.

Although the crop for Michigan is smaller than last year, there'll be no shortage. An above average crop is in store for us, and Michigan's orchards will yield nearly 7 million bushels.

The McIntosh, Michigan's leading variety in volume, is available now, along with the Wealthy, Gravenstein and Courtland. There will be plenty of McIntoshes, and we'll be able to buy them from now until January as they are good keepers.

In a few weeks the Grimes Golden variety will appear. Then come the winter apples which are available until February or later—Jonathan, Delicious, Northern Spy and Rhode Island Greening. Staymans and Rome Beauties are usually available from late fall until March.

APPLE PIE

Pastry—
2 cups sifted flour
2/3 cup lard
1 1/4 teaspoons salt
4 to 6 tablespoons water

Sift flour and salt together. Cut in lard until particles are about the size of dried peas. Add cold water, a little at a time, mixing quickly and evenly through flour.

Combine all ingredients except the butter or margarine. Roll out one-half the pie dough to about 1/8 inch in thickness and line pie pan, allowing one-half inch of the pie crust to extend over the edge. Add filling and dot with the remaining pastry, making several gashes or a design to allow escape of steam, and place over filling. Allow top crust to overlap the lower crust. Fold top crust under the lower. Crimp edges. Bake pie in a 425 degree F. oven for 35 minutes.

Garth McAllister, son of Rev. and Mrs. Almon P. McAllister, left Wednesday, September 20, for Searcy, Arkansas, where he plans to enter Harding college as a freshman.

Mr. and Mrs. Roy Leemon and son, Peter, of Ann Arbor road, will attend the Michigan-Michigan State football game in Ann Arbor on Saturday after which they will be dinner hosts to Mr. and Mrs. K.N. Garlock of Lansing.

Thomas Campbell of Reservoir road received a cablegram Saturday morning from Scotland, telling him of the death of his father, Robert Campbell, who was 83 years old. His mother, Margaret Campbell, passed away on July 9 of this year at the age of 85. Mr. Campbell flew to Scotland in March visiting with his parents until the end of April, after not having seen them for nearly 15 years.

Mr. and Mrs. B. A. Hodge, who celebrated their 53rd wedding anniversary on Saturday, September 23, were swamped with bouquets of flowers and lovely gifts and cards. They were guests of Ralph G. Lorenz and employees of the hotel at a dinner at which time Mr. Hodge was presented with a gold wrist watch and Mrs. Hodge was given two dozen of American Beauty roses. Mr. Hodge has been an employee of the Hotel Mayflower for the past five years.

Mr. and Mrs. W. S. McAllister of Northville road entertained Sunday at a family dinner honoring their son, James, who on Thursday will leave for the armed services. All the family was present, numbering 20, with Mr. and Mrs. Roy McAllister and their family of Saginaw as out of town guests.

Miss Ann Cadot, daughter of Mrs. Cora Cadot of Forest avenue, has returned to Western Michigan college at Kalamazoo.

Mr. and Mrs. T. H. Morgan of Locust Grove, Georgia, are visiting in the home of their son, Everett Morgan and family, on Adams street.

Break Ground For New Hardware Store on Forest Avenue

Doris Rose, daughter of Plymouth Hardware Proprietor William A. Rose, turns the first shovelful of dirt on the site of her dad's new building which officially got under way Monday morning. Witnessing the ground breaking ceremony were Plymouth Hardware employees Marvin Miller, left, and John Oldenburg. On Miss Rose's left, her father watches approvingly as progress gets under way on the new double store building, the fourth to be built on the street this year.

Mr. and Mrs. Robert Mitchell have returned from their honeymoon trip spent in Mississippi.

Michigan State College Claims Many From Class of 1950

Many members of the class of '50 will be found on college campuses all over the country this fall. Michigan State college seems to be the choice of many of them.

Clifford McClumpha, Sandra Walch, Joyce Carson, Douglas Green, Verne Rice, Marion Amrhein, Wilma Latture, Donald Sutherland, Mary Vincent, Pat Pine, Barbara Cushman, Pat Zink, Cynthia Baker, Jean Rupp, Margaret Saxton, Douglas Shaw and Eugene Vowles will attend Michigan State.

At Michigan Normal college Keith Ebersole, Dixie Lamphear, Richard Fenton, Bill Farwell, Don Helm, Jane Pierce, Diane Arscott, Barbara Johnson and Janice Valaika will be among the frosh.

Walter Hammond, Fred Rafferty, Ronald Witt, Roger Kidston, Larry Mack, Henry Levering and Richard Zielasko will attend the University of Michigan, while Kalamazoo will claim Nancy Stevens, Paul Harding, Joan Lightfoot, Dorothy Wright and

Band Marches at Football Games

Well into its 1950-51 marching season, the Plymouth High school band has paraded at the Farmington and Belleville games, and will again march tomorrow night at the Ypsilanti football game on the Plymouth gridiron.

Last week the band put on a halftime show at the Belleville game, forming the letters "B" and "P" for Belleville and Plymouth, and the letters SING for the singing festivities which followed.

During the spectator singing the band accompaniments to "Dinah" and "Let's All Sing Like The Birdies Sing."

Three meetings of the band officers have been held so far this year; one on Friday, September 8, one on Thursday, September 14 and the third last Thursday, September 21. The fourth meeting of the officers will be held this afternoon in the basement of the Methodist church.

Questions solved by the officers, under the supervision of Paul T. Wagner, director, were whether or not the band would wear white shoes and gloves. This question was brought before the band on Monday, September 18. The band voted down white gloves but almost unanimously voted for white shoes. Other questions brought up were that of a platoon system of marching drill and a band constitution.

Unveil School Flag at Assembly

Highlighting the Student Council assembly Monday, September 18, was the unveiling of the school flag.

Lynn Osen, who was chairman of the flag committee, presented the flag to Cyrus Pierce, high school principal. The flag will be carried by the band at all public appearances.

Mayor Bud Young introduced Joyce Kubick, captain of the monitors, who gave a report of the monitor system, and Dave Green, chief of police, who reported on the work of the police department. Mr. Pierce made a speech and the assembly closed with the student body singing the alma mater.

Lightfoot Heads Library Club

As a result of a recent meeting held on September 19, the Library club of PHS elected Donald Lightfoot to occupy the president's seat for the coming year.

Assisting him will be Joyce Smith as vice president, Beverly Ross as recording secretary, Barbara Packard as corresponding secretary, and Gwen Phillips as treasurer. Ann Preston was elected to be the chairman of the standing publicity committee.

In addition to appointing officers, the members of the club also decided, to send Gwen Phillips, Beverly Ross, Don Lightfoot and Ann Preston as delegates to the Clear Lake Camp Work Shop for Michigan Student Library assistants, of which Don Lightfoot is treasurer, to be held October 6, 7 and 8. Expenses for this trip will be paid for from the club's treasury. Mrs. Esther B. Ham will accompany the delegates to the camp.

Take Course in Maintenance

Karl Drews, Art Truax and Leo Kowalcik, school maintenance department, attended school at Lansing during the summer.

They had their choice of eight courses which were: Work Planning and Public Relations, Heating and Ventilation I, Heating and Ventilation II, Public Building Cleaning, Electrical Maintenance, Care of Grounds, Care of Floors and Pressure and Temperature Instruments.

They attended six classes a day for three days.

PHS Band Will Play at U-M Game

The Plymouth High school band under the direction of Paul Wagner will be one of the 37 high school bands which will join with the University of Michigan Marching Band in staging the half-time show at the Michigan-Dartmouth football game on Saturday, October 7.

For the 1950 show, Revelli and his assistant, Jack Lee, have worked out two mass formations. The combined bands will first form the letters MICH, reaching from goal line to goal line, and then play and sing "The Victors" famed University of Michigan song.

Then the bands will form the letters USA and play "God Bless America." The formation will first face one side of the field and then be reversed to face the opposite side.

Rotary Governor Here on Friday

The Rotary club of Plymouth will be host to Cass Piotrowski, governor of the 223rd District of Rotary International, on Friday, September 29, when he makes his annual official visit to Plymouth.

The visit to Plymouth is one of 37 being made to as many clubs in Wayne, Lenawee and Monroe counties in Michigan and Essex county in Ontario, Canada.

He will confer with Plymouth Rotary President Robert Wiloughby and Secretary Evered Jolliffe, as well as other officers and committee members, before addressing the entire club.

A partner in the law and insurance firm of Piotrowski and Lemke, Piotrowski is a member of the Hamtramck Rotary club, of which he is past president. He is also a director of the Liberty State bank of Hamtramck, as well as president of the Hamtramck Recreation Commission.

He is one of the 201 Rotary district governors who are supervising the activities of some 7,100 Rotary clubs which have a membership of 342,000 business and professional executives in 83 countries and geographical regions throughout the world.

Wherever Rotary clubs are located, their activities are similar to those of the Plymouth Rotary club because they are based on the same objectives—developing better understanding and fellowship among business and professional men, promoting community-betterment undertakings, raising the standards of business and

Cass Piotrowski

professions, and fostering the advancement of goodwill, understanding and peace among all the peoples of the world.

In his talk to the Plymouth members, Piotrowski will tell of Rotary Foundation Fellowships which enable outstanding graduate students to study for one year in countries other than their own, as ambassadors of good will. Since the program was established in 1947, 195 fellowships have been awarded to students in 35 countries with the grants totaling \$500,000.

Piotrowski will also point out the striking parallel between the program of Rotary and the United Nations charter showing that since the UN's founding in 1945, Rotary clubs throughout the world have been active in the development of an informed public opinion on the objectives of the UN in an endeavor to make it an effective instrument for free people everywhere.

Officers and committee chairmen of the local club will meet with the governor at a preliminary conference at 11 p.m. in the hotel, Friday.

Social items can be phoned to 1755.

Looking for honest-to-goodness COMFORT?

Better Buy Buick!

YOU'VE probably heard a lot of talk about comfort in 1950 cars. But we'd like to offer one suggestion, which is—let a Buick speak for itself.

We'd like to have you settle yourself (your family too, if you have one) on a Buick's soft, deep, comfort-angled cushions, and see how restful they are.

More than this, we'd like you to sample that comfort in motion. Slip your fingers around that slender steering wheel, touch toe to treadle and take off in the smooth, unbroken surge of power that Dynaflow Drive* delivers.

We'd like to have you hunt out some of the less-smooth streets or back roads that never seem to get fixed—and put Buick's soft coil springing and solid underpinning to tough and practical test.

All the while, be thinking about what such riding and driving ease can mean on long, all-day trips, and compare it with what you've been used to.

This whole experience is bound to make you want a Buick—and when you ask "how much" you'll get a second pleasant surprise in the low delivered prices your dealer is quoting—prices that start at a level that is actually lower than you'd pay for some sixes.

Your Buick dealer is the man to see and this is the best of all times to see him. Drop in, won't you, to see about getting an order signed?

YOUR KEY TO GREATER VALUE

FOUR-WAY FOREFRONT—This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Tune in HENRY J. TAYLOR, ABC Network, every Monday Evening.

Navy Scholarship Award Offered Plymouth Boys

Competitive examinations for a four year college scholarship will be conducted by the Navy department December 9 under its college training program. Application for Plymouth boys interested in the competition may be secured from George W. Canfield, director of guidance at Plymouth High school.

Theodore F. Thrasher, son of Mr. and Mrs. James Thrasher of 42500 Lakeland court, was awarded this scholarship in 1949. He is now attending Ohio State university.

Canfield, who is acting as the Navy's local civilian representative, will be pleased to provide specific information about the program, including the time and place of the competitive examination, the method of making application and the specific age and scholastic qualifications.

Successful candidates will be given a four-year college education at government expense and will be commissioned as officers of the Navy or Marine Corps upon graduation.

The program is open to male citizens of the United States between the ages of 17 and 21, and quotas have been assigned to each state and territory on the basis of its high school population. Those who are successful in passing the aptitude test will be interviewed and given physical examinations; then, if they are found in all respects qualified, their names will be submitted to state and territorial Selection Committees composed of prominent

citizens and naval officers. The Navy expects to enter about 1600 students into the program commencing with the fall term of college, 1951.

The students selected by these competitive examinations will be assigned to the 52 Naval Reserve Officer's Training Corps units which are located in various universities and colleges in the United States. If accepted by the college, they will be appointed Midshipmen, U.S.N.R., and will have their tuition, books and normal fees paid for by the government. In addition they will receive pay at the rate of \$50.00 a month for the four-year period. Upon graduation they may be commissioned as officers in the Regular Navy or Marine Corps and required to serve on active duty for two years. At the end of this time they may apply for retention in the Regular Navy or Marine Corps, or transfer to the Reserve and return to civilian life.

"GIVE ME A CAR THAT'S BUILT TO LAST!"

says Mr. James Patrick O'Shea of Chicago

"My big Dodge has everything...famous dependability...extra roominess...ease of handling! Any other car offering as much would have cost \$1000 more!"

Today especially, you want a car that's not only big and smart looking—but a car that's rugged, reliable, built to last. NO OTHER CAR can match the Dodge reputation for dependability. No wonder new Dodge owners say you could pay \$1,000 more for a car and still not get everything Dodge gives you... ruggedness and roominess... dependability and ease of handling... economy and performance.

START NOW to enjoy all the advantages Dodge gives you... the extra spaciousness inside that means plenty of head room, leg room, shoulder room. The compact design outside that makes traffic driving easy and parking a cinch. YOU'LL ENJOY the smoothness of Dodge Fluid Drive—the smoother starts, stops, the smoother "going"—years at no extra cost on all Dodge models.

NOW'S THE TIME to come in and see us. Let today's big Dodge put you miles ahead, money ahead—for the years ahead.

Tells of Plans to Aid Civilians If Raid Comes

"From what our government has learned, it is known that Russia can drop an atomic bomb on any place except the southern tip of Florida, which is believed to be a point beyond the reach of their long range planes. It is known that they have developed planes which can make flights to and from many important cities of the United States without being forced to land for re-fueling" was a bit of startling information given members of the Plymouth Rotary club last Friday noon by Thomas Masterson, director of information of the Michigan State Police.

Commissioner Donald Leonard of the department has been selected as the safety director of Michigan. But at no time since the end of the last world war has the Michigan State Police relaxed any of its safety work in case of war. While Washington has been sleeping during this long period, not so with the police officials of Michigan.

"There has been a hush-hush policy in connection with our war dangers, but now we can speak openly of our great dangers," he said.

"While high army officials have been on the alert for the past four years, their plans for protecting the public have been shelved. It was not until we knew definitely that Russia had exploded an atomic bomb that the country began to develop a safety program to go on.

"It is common knowledge that the large metropolitan centers would be the first targets. But our radar screen is not completed and even though it was there are 'blind spots' that would prevent detection. That is why it has been necessary to set up air raid warning centers. Temporary plans have been worked out," he declared.

He lauded Plymouth for its timely action in setting up an emergency organization in this city, but he said there are no details of the system for country-wide protection yet to be completed.

Surveys for police and fire protection, medical aid, transportation of vast numbers of people, and emergency care for large numbers of people who might be injured in a raid are being made rapidly he said.

"It is generally regarded that your problem here is to help Detroit to take care of its problems

in case of an enemy raid. But there is always the possibility of a bomb being dropped elsewhere than on the target for which it is intended.

"We are closer to this real danger than most of us realize. There is no question but in the next war, when it comes, we in this country are going to get hit. Russia can use her planes to bomb any part of the country, except that portion of Florida which lies beyond the reach of any of its present bases. It is for these reasons that our Civilian defense programs should be worked out as quickly and as completely as possible," he declared.

Harry Morhmann was the chairman in charge of the Rotary's civilian safety defense program. An exceptionally large number of visitors were present at the meeting.

Children's Dance Class Scheduled

Dancing classes for Plymouth young people will be held every Wednesday afternoon beginning October 11 in the Central Grade school gymnasium.

These classes are sponsored by the Plymouth recreation department. Herbert Woolweaver, director, has engaged Mrs. Betsey Parry and Dick Van Praag of Detroit as instructors. They are specialists in dancing with long and varied backgrounds in recreational activities.

A pre-school group, emphasizing rhythms for better coordination, will begin at 3:30 p.m. Tap dancing is scheduled for 4 p.m. The ballet group begins at 4:45 and an older group in modern dance will start at 5:30. A class combining ballroom with square dancing is scheduled for 6:15 p.m.

How Sam Knew Fall Was Here

It was one of those typical Michigan days that are so common in this area after the pumpkins turn yellow, when Sam Trip-lett, a pioneer resident of Surrey road in the bustling city of Livonia woke up the other morning, looked out of the window trying to find a ray of sunlight in the sky.

"No wonder there isn't any sunshine," said Sam. "It's the first day of fall—and this is Michigan weather on Surrey road when summer gives us the ha-ha."

Sam put on his shoes, walked out into his garden, looked at all the green tomatoes, then walked over to his grapevines.

"They're still green, most of 'em," said Sam as he tasted one that had just started to take on a purple hue.

"What a summer! We haven't had any summer—I don't care what the weather man says about this being a hotter summer than the average Michigan summer. I can tell by my green tomatoes

and the slow ripening grapes. When we have a summer in Michigan, we have ripe tomatoes in the early fall and we have lots of ripe grapes, just right for making grape wine. Come out on Surrey road and look things over if you think we've had any summer," said Sam later to The Mail's inquiring reporter. "We had a wet, late spring that lasted all summer, that's all there is to it. Summer just blanked out," he declared.

Irrespective of Sam's emphatic declarations that we didn't have any summer, this interview took place on Friday, September 21, the first day of fall, according to the calendar.

Roger Babson Says...

Babson Discusses Korea
During the past few days I have again been in New York City where I contacted some very important people. Perhaps you would like a brief summary of what these real thinkers believe regarding the Korean situation and the world in general.

Outlook for China
Even some leading Republicans feel that we have pursued a wise Chinese policy in accepting the theory that Communism would inevitably spread throughout China. When I visited China, I found terrible poverty and suffering among these hundreds of millions of people. I am not surprised that they blindly grasp at the promises of the Communists. The State Department, therefore, may have been prudent in not backing Chiang Kai-shek; it may be unjust for us to persecute Lat-timore or any other honest man for taking a similar position.

Certainly, at all costs, we should hold Formosa but avoid war with China. These people have always been friendly to us. By a "hands off" attitude, we can again have their friendship after the present storm is over. People, in close touch with the Far East, believe that Communism is less likely to spread throughout Indo-China, Burma and India if we stick to the State Department's much criticized position.

What About Europe
My knowledge of Europe indicates that our policy there should be "to hope for the best but prepare for the worst." The people

in Western Europe are unhappy and this includes the English people. They have been through two wars and feel that if World War III comes, their homes and farms will be the center of the conflict and they would suffer tremendously whoever wins. Certainly, their only hope is for the formation of a United Western Europe and Great Britain with a combined army, navy and air force as urged by Winston Churchill. Governments will attempt this, but what the reaction of the masses will be at that time is uncertain. The Communists are making great promises while the Conservatives have little to promise excepting the Status Quo.

It is hoped by the common people of Western Europe and Great Britain that Russia will not risk a World War III, but if Russia does, that they can remain neutral. However, it is up to us now to help arm these people and aid them in every way. Otherwise, if we should get into war with Russia, our boys might be left to fight Russia pretty much alone. I have no fear of Russia licking us; but it is possible we cannot lick Russia! My present guess is there will be no World War III now, but that the Cold War will surely become hotter and more expensive.

Let's Look at History
All readers should secure from their local library Well's Outline of History or some popular History of England and read same. Starting several hundred years ago, when our ancestors were all serfs and had no property or

other rights, up to the present time, there has been a continuous series of revolutions. These have come about once every 150 years and have been accompanied by bloodshed, sabotage and most inhuman actions by the masses against large property owners. The same frightful practices, now used by the Russians and their allies, were common during the days of the English Cromwell, the French Revolution and the Thirty Years European War. This does not justify present Russian practices, but it indicates that through such crimes, dishonesty

and atrocities have the masses secured for us the freedom which we today enjoy.

The fate of wealthy people in Poland, Bulgaria, Hungary and other Russian satellites is only a repetition of what has happened many times before. Those who owned only their own homes and land which they themselves cultivated were not disturbed, but the rich who collected rents for houses or land or interest on money suffered great losses. Those who had most of their assets well diversified among many things including small amounts of coins, jewelry, good furniture, useful tools, etc. got by. Those who had some trade or profession were protected. This included stone masons, carpenters, mechanics, shoemakers and even musicians, artists and poets. All these revolutions were, however, followed by periods of destructive inflation which today would seem to make a well-diversified list of good common stocks and especially convertible bonds the best hedge. Of course, a home in the country, in good repair having all modern conveniences and enough fertile land for self support, with well-educated grandchildren, is our best protection.

Federal Savings Accounts Insured Up to \$10,000

The Plymouth Federal Savings and Loan association of Plymouth announced today that, effective immediately, federal insurance coverage will be provided on all savings accounts up to \$10,000. The previous maximum coverage was \$5,000.

Perry W. Richwine, secretary of the association, said the increased coverage follows the signing into law by President Truman of legislation boosting insurance protection for associations with savings accounts insured by the Federal Savings and Loan Insurance corporation. "Our association will bear all the cost of protection for our customers," said Mr. Richwine, "and the new law affords us the opportunity of securing a further safeguard for the funds of our savers."

He pointed out that the increased insurance coverage applies equally to all accounts held by an individual, two persons with right survivorship, trusteeships, partnerships and corporations.

As of June 30, 1950, there were insured savings associations all over the country with total savings of the public of \$10,754,000. This amount represents 80 percent of all savings held by these institutions, both insured and uninsured.

At present, approximately 93 percent of all savings held by insured institutions are included in accounts under \$5,000 and are already covered. With the increased coverage, this total will rise immediately to 98 percent.

It is expected that the number of persons with savings accounts over \$5,000 will rise steadily as the public becomes more and more familiar with provisions of the new law.

In Takoma Park, Maryland, police returned a wandering 3-year-old girl to her grateful parents who hadn't even missed her. Her identical twin had been so active around the house, they had figured it took two kids to produce that much commotion.

COLUMBIA: An organ, piano and songs of yesteryear are a pretty unbeatable combination and Columbia's latest album, "Mood and Melody" utilizes the combination effectively. . . . Ken Wilson is at the organ and Bill Green at the piano and they have a wonderful assortment of melodies including "When I Grow Too Old to Dream," "Orchids in the Moonlight," "I'll Get By," "My Beautiful Lady," "Si-boney," "If You Were the Only Girl" and "Blue Serenade." In singles, try Dinah Shore's "Can Anyone Explain" with "Dream a Little Dream of Me" backing it and "Red Lips Waltz" as recorded by Frankie Yankovic.

Looks like a big car

One ride on Ford's Sofa-Wide seats (offering top hip and shoulder room in Ford's field) and you'll ask: "Why pay more for roominess and comfort when Ford offers so much for so little?"

Feels like a big car

Take a "Test Drive" in a Ford and you'll discover the fine car "feel" of cars that cost hundreds of dollars more. You'll have to keep reminding yourself that this is a low-priced car you're driving.

WD TRACTOR TWO-CLUTCH CONTROL

In heavy crops, his tractor power flows steadily to Corn Harvester, ALL-CROP* Harvester, ROTO-BALER* or Forage Harvester. A push on the transmission clutch lever lets him stop forward motion to clear overloads without clogging, breakage or crop waste.

Ask any owner of an Allis-Chalmers WD Tractor to show you the many places where you need two-clutch control. Let him demonstrate the safety and convenience of this system where the foot-operated engine clutch stops all power outlets — pulley, hydraulic lift, power take-off and rear wheels, and the transmission clutch stops forward motion only.

Watch your neighbor's WD — it will be time well spent.

*ALL CROP and ROTO-BALER are Allis-Chalmers Trademarks.
