

THE NEW YEAR—WHAT WILL IT BRING?

In just another few days we enter upon the last half of the present century—and not since the beginning of our national existence have we as a nation faced such an uncertain future.

Will there be a terrible war—or will we continue to live in constant fear of a war that might bring instant death to thousands and thousands of our people, with untold destruction of great cities?

Surely, living as we do in such uncertainty as prevails throughout the land, there can be no progress—there can be no substantial development, there can be no contentment, no happiness or satisfaction in what we do with our time and efforts.

Never before have we lived in such a state of affairs. Never before has the future looked so unpromising.

For the young people of today, the high school and college boys and girls, we have only pity. How can they plan for normal lives? How can they plan for the future, as you did and as I did when of their age? All they are certain of is a career in the armed forces of a nation that faces the most destructive war of all times.

We felt somewhat safe and secure until CARELESS public officials let some traitors get into our highly secretive atomic bomb plants, steal our secrets and give them to an enemy nation. Maybe we are wrong, but we BLAME those in direct charge of these projects just as much as we do the traitors for these deplorable leaks in our security efforts. It seems that all we have done is bungle along, bungle here, bungle there until now we have bungled right up to the brink of a war which through our bungling we are not prepared to fight.

It is quite an amazing thing—but the people of this country were as alarmed over the world threat of war, one, two, three and four years ago as they are today. It hasn't been necessary for any one in Washington to give the citizens of this country a "jolt" to wake them up to our dangers. They have felt sure for a number of years that we have been treading on dangerous grounds.

And now we are face to face with the emergency. In such a critical situation as this, there is no purpose in trying to place the blame on this or that person. We know who is responsible—we know the cheap, greedy forces who have thought only of their own skins and their own welfare as against the interests of ALL the people.

These are things to be forgotten if there is to be national unity in this fight for our very existence.

We must forget, too, the lost opportunities, forget about what it might have been—and unite as never before, in this fight for survival!

There can be no mercy shown to ANY person who aids or gives comfort to our enemy—and we mean just that! Any person who in any way does anything to stop our war preparedness effort isn't fit to live—so why let him live? Oh yes, there will be differences of opinion as to methods, and there should be—but we should NEVER tolerate some conditions that existed during the early part of World War II. If it must be war—let's make it an all out war, with mercy for none who stand in our way on the road to victory!

MISTER TAXPAYER OF PLYMOUTH.

Your dollars are growing scarcer? Find it tough to get the where-with-all to buy what you need? If so you will be interested in the following article taken from a recent issue of a trade publication. There is so much common-sense in it, and so much interesting information as to what is going on, that it will not only interest you, but amaze you, too.

It follows: The taxpayer—that's you, Mister—usually is portrayed in cartoons as a harassed little man with an empty look and emptier pockets.

There's reason, too. He may be trying to comprehend some of the government operations which are so bewildering and which make his pocketbook flatter and flatter.

Take, for instance, the case of the East Texas farmer who paid \$6.89 to the War Assets Administration in 1946 for 168 brand new electric fire control instruments called computers which were worth \$1,209,600. He paid \$4,000 to transport and store the instruments and then sold them back to the Air Force for \$63,000.

Net profit: \$58,993.11. "A most astounding case of short-sightedness," reported the Senate Armed Services preparedness subcommittee which unearthed this weird transaction.

If the taxpayer isn't sufficiently confused and, perhaps, somewhat irritated as he reaches this part of the saga, he need only read on. Because, this juicy profit was realized by the farmer on something he didn't even know he was buying!

A former naval officer, the farmer had bought about \$3,000 worth of surplus goods from the War Assets Administration to improve his farm when he spotted an item offering aircraft "computers" for sale. He said he thought these instruments were small circular cardboard computers which might be used in civilian life for calculating land areas, much like a cheap slide rule.

The farmer didn't particularly need the instruments but he filed a bid of 5 cents for each instrument. It was snapped up and he was told to move the computers promptly. He couldn't understand the hurry, but he said he told the contracting officer to send the shipment parcel post if he was so anxious to get rid of the instruments.

Come and get them yourself, he was told, there's an acre of them and they're standing out in the open.

He rushed to San Antonio, Texas, and when he found what he had bought, he tried to get out of the deal. No, sir, said the WAA. You bought them, they are yours, haul them away. He did, and then he notified the Air Force that if they wanted the instruments, he'd sell them.

The Air Force did want them and he sold them for \$63,000.00.

The disposal agency, the farmer chuckled, "was delighted to unload what they thought was a heap of junk on an unsuspecting country boy and the Air Force was delighted in repurchasing this equipment in brand new condition" for \$63,000.

On the one hand, the taxpayer picked up the check for an error which cost him \$58,993.11. On the other hand he saved thousands of dollars which would have gone for new computers.

Do you wonder that he's harassed, that he wears an empty look and emptier jockets?

MENNY WILLIAMS AND THE BOW TIE.

The following was taken from a recent issue of The New Yorker.

The bow tie is a sign that the wearer is a person who longs for the return of the days of his youth when he had few responsibilities and obligations. He cannot be entrusted with too difficult a task, for his initial interest fades quickly and gives way to an annoyance that prevents him from carrying it out effectively. He is the kind of person who always looks younger than he really is and, consequently, appeals to the mother instinct of women.—From "Character Reading Made Easy," by Frederick Meier.

Can it be that Mr. Meier had reference to the gad-about Governor of this great state? It would be interesting to know.

A Happy New Year!

Being a Plea for a Return to Quietness and Sanity Prepared by Rev. Edgar Hoenecke

As we turn the next calendar page, we will ring down the curtain on the fast-moving, blood-stirring, nerve-racking drama of the first half of the "Glorious Twentieth," as our present century was hailed fifty years ago.

The experience has left us all a bit groggy with the changes so rapidly wrought in our thinking and living chiefly through the miracles of American technology. The motor car, the luxury ship and train, and the airliner have brought the world within easy reach both of us, as well as of those who would destroy our way of life. Through the telephone, the newspaper, the radio, the motion picture and television the world with all its wonders, but also with all its noise and horror, has intruded into the sanctity of our living room and kitchen. There seems to be no escape from the constant distraction and disturbance. The individual has lost the healing art of introspection, he has forgotten the value of solitude and quiet time, and the aptitude for gentle conversation. His nerves are so jaded that, when he still attends to spiritual duties, such as worship, meditation, Bible reading and prayer these must be curtailed to the minimum and streamlined to fit into his hurried and harried existence.

Like the apprentice in the fairy tale, men have taken the sorcerer's broom into their hands, and now find themselves unable to cope with the forces which have been unleashed.

Major occurrences and calamities the world over are no longer cushioned in their impact on the individual through delays in communication, but loose their full force on every one of us as we greet each new day. (There is comfort no more in the old maxim, "No news is good news," because we get ALL of the news and we get it RIGHT NOW.)

The toll we are paying for this nerve and life-killing pace can be counted in terms of the 200,000 valuable lives, lost in this country every year through hyper-tension, lives which are largely taken suddenly out of the most productive and essential middle age brackets. The price can also be expressed in terms of the literally tens of thousands who are committed to our mental institutions every year, while the rest of us just manage to get by with lack of energy and enthusiasm, loss of health and the old "joie de vivre".

The present economic, political and military situation surely contributes nothing but the same old jitters to those who contemplate the sorry spectacle.

There is a way to win through to a happier, fuller life for the New Year and for the future. Take it from our fathers; they knew the formula. You may find it neatly stated in the thirtieth chapter of the book of old Isaiah, the Prophet:

"For thus saith the Lord God, the Holy One of Israel, BY RETURNING AND RESTING SHALL YOU BE SAVED; IN QUIETNESS AND CONFIDENCE SHALL BE YOUR STRENGTH."

Especially in this time of preparing for a show-down, drag-out struggle between the FREE and the SLAVE way of life, we FREEMEN and FREEWOMEN, we CHRISTIANS will have to gird our precious spiritual forces of Faith, Hope and Charity and return to our God and His holy Word in quiet confidence. The Savior says, "Come unto Me, and I will give you rest!" "I am come that ye might have life, and that ye might have it more abundantly!"

Alcohol Boils Over Igniting Motor of Car

Alcohol boiling over from the radiator and igniting in the motor caused a fire in the automobile of William Hann last Wednesday. About \$10 worth of damage was done to the car, according to Fire Chief Robert McAllister.

Hann was driving on Main street near his home at 1181 South Main when the fire started.

Mr. and Mrs. William Krause of Chicago, Illinois arrived last weekend to spend Christmas with her father, William Gayde of Holbrook avenue.

Crash Wrecks John Neale Car

The car of John T. Neale, 242 Auburn, was demolished when an auto driven by Cliff B. Levering, 923 Penniman, sideswiped it on the corner of Harvey and Church streets Saturday, December 23 at 3:30 p.m.

Neale was traveling up north Harvey and making a left turn on Church street when Levering, coming east on Church, lost control of his car, sideswiped the Neale car and climbed over the sidewalk in front of Harry Deyo's house. Fortunately, no one was seriously hurt.

Charter Revisers Get \$2500 Budget

A \$2500 budget for the Charter Commission was approved by the city commission, besides the \$200 which had already been granted the charter group for incidental expenses.

The sum asked by the charter commission will cover expenses incurred by the charter revision consultant, appointed at the charter meeting December 19, and by the city attorney, Harry Deyo, who will assist the charter revisers in their work.

The consultant who will aid the commission in revising the charter is George R. Sitwell, a noted authority on municipal government.

The sum will be taken from the unappropriated reserve in the city treasury.

City Considers Snow Removers

Various types of sidewalk snow removers are being considered for purchase by the city, following discussion of the matter on December 18 at the city commission meeting.

The commissioners also voted to complete the installation of the sidewalks on both sides of Forest avenue between Ann Arbor trail and Wing street. The walk will be 4 1/2 feet wide and will cost approximately 45 cents a square foot. Part of the cost will be assumed by property owners in the block who will be assessed according to benefits received.

"D" League Begins Play at Training School

The D league opened last week, Thursday, with Austin Taxi downing the Red Birds 40-34. Optimists swamping the Bull Dogs 31-13 and the Enechts trouncing the Falcons 44-19.

Fire Departments Join Forces For Group Action

Through the efforts of local fire authorities residents of this section of Wayne county will have the most complete fire coverage yet developed in any Michigan locality. Spearheaded by Plymouth Fire Chief Robert McAllister, Plymouth Township Chief Clayton Koch and DeHoCo Chief Harry Hunter, an organization has been formed in 12 neighboring communities to work as a single unit on fire calls and be ready to aid when fire departments are needed for civilian defense.

Actual thinking about this type of an organization is the outgrowth of several disastrous fires in the area which have resulted because people called the wrong fire department and before property and the fire had been extinguished the home or barn as the case

might have been. Since previous to the mutual understanding, that has now been approved by all civic bodies, any one calling the wrong department actually got no action unless they themselves made another call or waited for the department to get permission to answer their summons. The new arrangement will assure everyone of immediate fire protection.

Twelve fire departments representing 18 trucks and nearly 200 trained men are now ready to cope with any one or more serious fires in the area and to the assurance of residents of communities, whose trucks are aiding another fight a fire, is the guarantee that the rest of the group stands ready to cover the territory that is for the minute without fire service.

This united action will eliminate the possibility of any community being without fire coverage when their department is on duty. If for instance a home owner should call the wrong fire department his call will be transferred by the department that he called to the proper one so that no time will be lost in aid reaching him.

Governmental units cooperating in the mutual fire agreement include Plymouth, Plymouth township, the city of Livonia, Northville, Canton township, Salem, Novi, Detroit House of Correction, Wayne County Training school, South Lyon and Maybury sanatorium.

Of interest to all residents is the fact that all calls out of the regular area in which the fire department would normally serve are to be made on a non-charge basis. Each fire chief has the authority vested in him, or his assistant in charge when he is away, to send their own department to the aid of another at their discretion.

The fire departments of the above mentioned 12 towns have formulated an organization which will meet bi-monthly to discuss mutual problems and plan for their part in the civilian defense work of western Wayne county. Robert McAllister was elected president at their last meeting and Clayton Koch secretary.

Symphony Notes

by Grace Von Bergen

After hearing "The Messiah" performed by the Plymouth Civic chorus and the Plymouth Symphony orchestra for the fourth year in a row, one wonders how one could approach the Christmas-tide without this stirring invitation to the spiritual values of the season.

For this year's chorus and soloists well nigh reached the zenith of perfection. The attendance at the afternoon performance was overflowing, but the audience for the presentation in the evening was smaller than in previous years. Could it be that the inducements for a "television Christmas" pervaded the minds of many who might have turned out?

However, we can be thankful that the presentation of "The Messiah" has become a tradition in Plymouth. The conductor, Fred C. Nelson, showed great command and notable emphasis with his baton in directing the chorus. The full choral harmonies were soul-satisfying and left nothing to be desired save that peace which is proclaimed throughout this masterpiece.

The stage was well filled with the chorus of 87 and the orchestra personnel stepping down to the floor level for the occasion numbered more than 50 musicians.

The soloists were artists in every sense of the word. The voice of F. Earl Reh, tenor, in "Comfort Ye My People" held all the inspiring quality deserving of that number. Florence Elison, contralto, exhibited a warm, rich and generous tone. Ruth Campbell, soprano, displayed a brilliance and sparkle in her delivery and the strong firm bass quality of the voice of James T. Fudge was equal to the occasion.

There is that "something" about "The Messiah" that requires sincerity and affected mannerisms usual to concert singers is seemingly out of place. The presentation of the recitations and arias, therefore, depend upon the soloist's mastery and delivery, so that the listener becomes imbued with the music and its message rather than the artistry and technique of the performer.

We came out of the warm auditorium to the beautifully decorated streets of Plymouth knowing that now Christmas had really commenced and that "The Messiah" had become a Christmas ritual for the Christian community of Plymouth, as never before.

Plymouth Choral Group Sings at Kaiser-Frazer....

The Plymouth high school chorus and the Ypsilanti high school orchestra appeared with Elizabeth Earley, singing star of "Brigadoon," at a Christmas program staged by Kaiser-Frazer at Willow Run last week. The occasion was a ceremony held in connection with the company's "Good housekeeping" campaign. Fred Nelson, shown directing the Plymouth group, accompanied Miss Earley in selections from "Oklahoma," a former starring vehicle for the Detroit singer. The choral group offered a medley of Christmas carols which made an outstanding hit with the Kaiser-Frazer organization.

GREETINGS

AND BEST WISHES

None of us know what the New Year has in store but somehow we believe that the next twelve months will be made up of happy and prosperous days—a year that will see the realization of ambitions come true. It is our sincere wish that next year will be one of health, joy and success to each of you.

Thanks for your past patronage—we pledge to serve you to the best of our ability next year, too.

Daisy Girls Win 1st League Game

The original Daisy Girls basketball team has signed up to play in the Women's Open league in Detroit and won their first game December 12 by downing the Grace hospital nurses 47-12. Doris Woods scored 16 points. This team is not to be confused with the Daisy Juniors, a girl's team playing in the Plymouth league.

On December 14 Daisy was host to the girl's team from Ann Arbor, playing at the Herman Gardens Settlement House. Daisy took this game 52-22 with Woods and Fellows each making 14 points.

According to Manager Floyd Fleming, the team is much improved over last season with the addition of five new players—Doris Woods and Vera Jensen, forwards, and Helen Johnson, Mikki Pickins and Faye Melton, guards.

Fleming is looking for exhibition games in any city within a 75 mile radius. Anyone wanting games may contact him at the Daisy Manufacturing company or at Plymouth 204-W.

Seek Sale of Old Comfort Station

City Manager Al Glassford was authorized by the city commission December 18 to negotiate with the owners of property adjoining the old comfort station on Main street for the possible sale of the comfort station site.

Owners of the property are Calvin Simon and the Blunk estate. The valuable Main street property, owned by the city, was at first considered by the commission as a site for a police station or city jail. Commissioner Richwine stated that he felt the property should be sold and the money used for a more adequate and modern station and jail.

Recreation Dept. Classes

CERAMICS

The women in the ceramics class are rapidly completing some lovely Christmas gifts. This class has been a continuation of the beginners group which started in October. They have made remarkable progress and have had a great deal of fun.

There are still a few more openings for the swimming class which will start January 3. Please call Mrs. Donnelly at the recreation office if you wish to register.

SEWING

Are you interested in starting a new sewing class? Mrs. Humphries will be the instructor and the class would start the early part of January.

TYPING

You may register for a new typing class after January 2 at the recreation office.

SQUARE DANCE CLUB

The Square Dance club will continue their dances on Thursday evening, January 4 at the Central Grade school gym.

MEN'S VOLLEYBALL

The men of Plymouth interested in volleyball have been playing every Tuesday evening at the Starkweather gym from 7:30-9:30. They resume activities as usual on Tuesday, January 2.

Anyone else interested in participating should feel free to come on down to the gym Tuesday evening or if you would like further information call Mr. Woolweaver at the recreation office, phone 2075.

CHESS CLUB

If enough people are interested, this club will resume winter activities on Friday night, January 5. This group has been very active for the past four or five years and have won most of their inter-city matches. If interested call Mr. Woolweaver, 2075, or Joe Haefner, 1036-J, who is the present club president.

BADMINTON CLUB

This group of badminton enthusiasts have had three sessions to date and have had very good attendance. Their activities will resume again after the holidays on Monday, January 8 at the Wayne County Training school gym from 8-10 p.m. Anyone interested in further information concerning this mixed adult form of recreation, please call Mr. Woolweaver, 2075, Mike Huber at 402-J, or Edyth Donnelly at 434.

ICE SKATING

A new ice skating rink has been made by the Wayne County parks workers and is open to skaters of all ages. It is a small area, located on Edward Hines drive, east of Haggerty highway. These parks men, under the supervision of Mr. Olson of Robinson subdivision, have spent several days building a wall and flooding the area with water from the Rouge river. They have run into a lot of difficulty but expect to have it ready soon. A special note of warning to all people who intend to skate on Wilcox, Phoenix or Neesburg lakes, please observe all signs posted in each area. The Wayne County parks maintenance men are as anxious as you are to have you enjoying skating, so when you see the sign "Ice Unsafe" remember that it means that the ice has been tested and is really unsafe.

Adversity is sometimes hard upon a man; but for one man who can stand prosperity, there are a hundred that will stand adversity. —Carlyle

Hear from Son Safe in Korea

Mr. and Mrs. S. N. Thams of Jenner Place recently received the following letter from their son, Robert W. Thams, who was a member of the evacuated forces in Korea.

"Wanted you to know that I am out and whole. As the Britishers say, 'We had a bit of a go', but made it O. K. I don't or haven't had much time for writing the last week. Right now I am aboard a transport at Pusan. I was based in on the loading detail before we sailed and things have been moving pretty fast since then. Our mission once we are all debarked is re-equipping and reorganizing in an assembly area. We don't have a Hell of a lot left. That's about all I have time for now—more later."

Wagner Attends National Parley

Because Paul Wagner attended the National Bandmasters' convention in Chicago, Illinois, last Thursday and Friday, Douglas Devine and George Peters, student conductors from the University of Michigan, directed the P.H.S. concert band.

Mr. Wagner has been receiving help from both Mr. Peters and Mr. Devine in the training of the ensemble groups this year. Mr. Peters directed the woodwind groups and Mr. Devine, the brass groups.

While in Chicago Mr. Wagner purchased music for some of his students in the band who are planning to enter the Michigan State and Band or Orchestra association state solo and ensemble contest in February.

I.O.O.F. News

The writer of this column understands that Brother P. G. Wagonschutz and his wife were married fifty years ago December 26, We of Tonquish Lodge No. 32 extend to them our heartiest congratulations on their Golden Wedding anniversary.

Brothers we regret to report that only three members showed up last Sunday a. m. to work on our hall and we are in need of much more assistance if we are ever going to complete it. Now that Christmas is over, please report at the new lodge any Sunday a. m. or call Brother P. G. Gray. There is lots of work to be done.

We would like to correct an error of last week in which it was said that Brother P. G. Wagonschutz was presented with an attendance pin. This was meant to read Brother P. G. George Mott.

Brothers don't forget to call on Brother P. G. Trinkauss who, as you know, is the oldest living member of our lodge.

Try to attend Lodge regularly and render assistance as it is needed.

Hear From Son in North Korea

A most welcome Christmas gift was received by Mr. and Mrs. Altried Innis of Riverside drive in the form of a card from their son, Sergeant Richard Innis.
The card, dated December 7, was postmarked Hamburg, North Korea. The last letter they received from him was sent from the Manchurian border. He is with the 7th Infantry division, 17th regiment, the one whose whereabouts was so closely guarded after the invasion of the Chinese Reds from the north.
Sergeant Innis said on the card: "Dear Folks, just a few lines to let you know I am OK and well as can be expected considering everything. Sure made a wild dash down from Heysanjen. Guess the Chinese were about 20 minutes behind us all the way. Will write as soon as I have time."

GOING-GOING-
last call for these bargains!

WE think we ought to warn you — this is the last time we aim to advertise these prices. So you'd better take a careful look at them—and what they'll buy. They'll buy the thrill of swift, smooth, spirited travel—and trigger-quick power so mighty that few Buick owners have ever pressed it to the limit. They'll buy sparkling style, spacious comfort and the durable, dependable,

time-tested quality for which Buicks are famous. And when you check what you get for what you pay, you'll make this discovery. *On a pounds-per-dollar basis — which is the engineers' yardstick of bedrock value — no other cars of comparable dimensions can beat a Buick SPECIAL, SUPER or ROADMASTER.*

Or to be more specific — Buick's straight-eight SPECIAL is priced like a six—and in the ROADMASTER "price class" you can pay 23% or more than you'll pay for these great automobiles. But note this fact: Our supply of these bargains is limited—so you'd better come in now and see what we have on hand.
