What I Think and
Have A Right to Say
By ELTON R. EATON

ANOTHER GOOD CITIZEN TAKEN.

It seems that the OLD REAPER is busy this winter, far too busy. He is reaping a pretty wide windrow and gathering into eternity many people we all knew and respected. First came the news of the death of John Wirt Dunning, then notice of the passing of Ray O. Brundage of Lansing, secretary-manager of the Michigan Bankers Association, a life-long and close friend of the writer, followed almost immediately by the news of the sudden death of William Pettingill, a highly respected and well known resident of this city.

It seems but yesterday when he called at the office to make plans for an early spring fishing trip up on Saginaw bay with Frank Rambo and the writer.

"When you get back from the south and I am back from a trip to California where I think I'll go soon to visit with Mr. and Mrs. Harry Lush and some other friends out there, we'll drive up to Saginaw bay with Frank and spend a few days fishing," he said.

He hadn't made his trip to California and now fate has decreed that we three shall not go on that anticipated fishing trip.

Mr. Pettingill was one of the old-time business men of Plymouth every one knew and respected. He retired from business because of the long illness and death of his wife. But in retirement he maintained his keen interest in the welfare and development of Plymouth. A charter member of the Rotary club, a former officer of the Chamber of Commerce and for more than a quarter of a century a retail merchant who honored the business in which he was engaged. Mr. Pettingill was the type of citizen this city will greatly miss. He lived a good life and may his reward be in keeping with the high standards he always maintained.

DON'T FORGET THIS ONE.

The spring election in Michigan is going to roll around pretty fast. It will be time for candidates to file for office and for voters to register for the April election almost before you know it.

And don't forget that one thing you voted for last fall is effective for the forthcoming spring election. You must register on or before March 3 this year. That is 30 days before election. The change came about when you voted for that constitutional amendment which said that voters must hereafter register 30 days before election, instead of 20 days.

Of course if you are now registered and have not moved, it will not be necessary for you to re-register. The constitutional change you voted for does not require re-registration. It simply adds a greater period of time between the final registration day and the election than prevailed heretofore.

So remember, if you have moved or are a new voter and desire to vote in the spring election, you MUST register before March 3.

ISN'T IT TOO YOUNG?

Naturally one just cannot help but permit his thinking to be devoted almost entirely to the threat to our national security that has been brought on to a very great extent by the bungling of our New Deal and Fair Dealers.

It began way back when New Dealer Franklin Roosevelt tried to create the impression that everything Herbert Hoover did was wrong. You recall that Hoover had absolutely refused to recognize the Stalin bandit government.

One of Roosevelt's first acts after elected president was to bestow upon Stalin the blessing of the New Deal government. From that day to this, Communism has been just like a big, sore thumb to us.

Now that we are on the verge of war with Russia, Fair Dealer Harry Truman is urging congress to change the draft age so that boys when they pass their 17th birthday, will become subject to draft in the armed forces. Boys cannot now be drafted until after they have passed their 18th birthday.

We just cannot help but think that 17 is too young an age to force a boy into the uniform of his country. If he wants to enlist at a younger age, with consent of his parents, that is O.K. Rarely does a boy complete his high school work before his 18th birthday. The New Dealers say that boys under 18 years of age cannot work in many occupations without the consent of the bureaucrats, but now they propose to put these same youngsters into the armed forces!

Maybe they are right, but we just cannot see it—unless of course we are invaded and our national security is hanging by a thread. Then we say, take children, old men, young men, women—yes, even the bureaucrats!

THIS RENT CONTROL BUSINESS.

It is not at all surprising that few houses have been built during recent years for rental purposes. Nearly every one of the houses that have been built are built to sell, not rent.

Why? The answer is an easy one—probably no group of people ever got a worse deal from the New Deal administration than did the people who invested their savings in homes for rental purposes.

Back in the years when common sense ruled in this country, it was quite a common practice for farmers upon reaching a time in life when they desired to ease off a bit and not work so hard, would sell their farms, buy a home in a nearby city or village in which to live and then invest the few extra dollars they might have in another house they could rent, thereby providing themselves with a small income during the year.

Other people did the same thing. One could go back over the years and probably count scores and scores of people living within the city of Plymouth who in addition to having a house in which they lived, possessed another one that they rented.

Then came along World War II and among the other things, laws were passed fixing rent controls. The purpose of the law might not have been so bad if it had not been for the type of administration forced upon many cities and communities throughout the country. The so-called "land-lord," because of the attitude of some of these administrators was branded anything and everything some of the tenants and New Dealers could call him. He was generally regarded as a no-good citizen.

Of course you know and every one else knows that this hatred inspired by certain groups was about as unfair a thing as happened during the war period. Possibly in some of the larger cities there might have been reason for this feeling—but not in this part of America.

Well, the sum total of the situation has resulted in the refusal of a retired farmer or any one else to build houses for rental purposes in the last eight or ten years. We doubt if there ever will be many houses built in the future for strictly rental purposes.

But while these loud-mouthed reformers and so-called civic leaders who live in Washington on expense money they did not earn, haven't urged people to solve their own housing problem by building their own homes, is something we cannot understand.

Right here in our good little city of Plymouth, any number of new homes have been built by energetic young people who have used their spare time and their savings to build as desirable homes as any one could wish to possess.

Well the new war has messed things up again and home building will again become a serious problem—with fewer houses for rent than ever before. Only time will provide the answer to the American housing situation.

City, Bar Owners Clamp Down on Unruly Drinkers

Under an "Indian list" boycott, local taverns are out of bounds to unruly habitués.

This formal plan is an attempt by Plymouth police and bar owners to stamp out what Municipal Court Judge Nardino Perlongo termed any appearance of persistent unruly drunkenness in the city.

"Certain recalcitrant elements continually appeared in municipal court on drunk charges despite repeated fines," Judge Perlongo said, "so this setup was initiated to bolster the penitent but wavering drinker with temperance support."

The plan works as follows:

Once convicted of a disorderly drunk charge, the Plymouth judge imposes a \$50 fine and a two-year probationary "no drinking" period. In addition, the culprit must furnish the court 12 photographs that are distributed to all local alcoholic beverage dispensers. Thereafter, the probationer must quench his thirst with means other than alcohol. Plymouth beverage distributors honor the ban strictly. If apprehended drinking elsewhere than Plymouth, a backslider is charged with probation violation with consequent penalties the judge pointed out.

Commenting on the splendid cooperation from local tavern operators, Judge Perlongo added that bartenders operate an informal method of blackballing known troublemakers without waiting for court action.

"We find the plan most successful," the judge concluded, "and hope to expand our sphere of influence beyond Plymouth."

Hold Rites for A. Sambrone

Andrew Sambrone, owner of the Anderine hotel for 30 years, passed away at St. Joseph's hospital in Ann Arbor late Tuesday night after a long illness. He was 58 years old.

Funeral services will be conducted Saturday at 10 a.m. at Our Lady of Good Counsel church. The Rosary will be recited at Mr. Sambrone's home at the hotel, 886 North Mill street, on Friday at 8:30 p.m.

He is survived by his widow, Jennie; two children, Anna and Paul; two brothers, Frank and Ross, and three sisters, Mrs. Jasperine Williges, and Mary and Anna Sambrone in Italy.

Born in Salami, Italy, Mr. Sambrone had been a Plymouth resident for about 40 years. He was a member of the Myron Beals post of the American Legion and the Northville post of the Veterans of Foreign Wars.

Three Plymouth Boys at Fort Riley, Kansas

Three Plymouth boys who enlisted in the army together all arrived for military training at Fort Riley, Kansas, Monday. They are Dick McKinley, Neil Lamphear and Robert Anthony.

Install Hi-Twelve Officers....

Out-going Hi-Twelve President John Campbell congratulates Loren Goodale who is being installed tonight, Wednesday, as the new president. Assistant Secretary Lou Balch, seated, was another officer installed at the dinner meeting held in the Masonic Temple.

Loren Goodale officially takes over the president's gavel at installation ceremonies tonight, Wednesday, for the new officers of Hi-Twelve. Goodale succeeds John Campbell to the office.

Other officers include David Thompson, first vice-president; Harry Brooks, second vice-president; Clarence Schuler, international representative; Arthur Haar, secretary; Lou Balch, assistant secretary; Al Hubbs, treasurer; Charles Huebler, sergeant at arms and Harry Wickens, assistant sergeant at arms.

Directors are C. V. Sparks, Henry Grimm, Don Ryder, Harry Devo and Nick Carnes. Fred Hunt, past grand president of Hi-Twelve International, will perform installation duties. A program of entertainment will follow the dinner and installation held in the Masonic Temple.

Recital Concert to Feature Three Soloists

A trio of popular soloists will perform with the Plymouth Symphony orchestra at the recital concert January 28 in the high school auditorium. The soloists are Josef Lazaroff, violinist; Douglas Marsh, cellist, and Evelyn Woods, pianist. The recital will begin at 4 p.m. Paul Wagner is director of the orchestra.

Plymouth Not Hit by Unemployment

Despite some layoffs the Plymouth area labor force is at an all-time high, the local branch of the Michigan Unemployment Commission announced Tuesday, and these are slowly filtering back to jobs.

This local high employment situation prevails although the state in general is currently in an employment slump. Detroit in particular has been affected most because manufacturers, hit by material restrictions and expecting defense orders, have reduced civilian production. The single large direct defense order already allotted Michigan is the Kaiser-Frazier "flying boxcar" contract. Undoubtedly, Plymouth area manufacturers are producing defense items indirectly but not specifically, the commission spokesman indicated.

European Traveler is Rotary Speaker

Frank Lemke, Detroit attorney and Hamtramck Rotary past president, addressed the weekly Friday Rotary luncheon in the Hotel Mayflower. Mr. Lemke recounted observations of a recent overseas tour that took him to 11 European countries.

Install Tonquish Lodge Officers

New officers of the Tonquish lodge of the I. O. O. F. were installed at impressive ceremonies last week. John M. Oldenburg is the new noble grand of the lodge.

Other officers include Marvin Miller, vice grand; Harry Runtz, right supporter to the vice grand; John Miller, left supporter; Leo Roy Westfall, recording secretary; Ralph Diederick, financial secretary; Harold Anderson, warden; Jack Miller, conductor; Fred Wagenschultz, treasurer; Earl Gray, right supporter to the noble grand; George Mott, left supporter; Jay Phynney, outside guardian and Melvin Krumm, inside guardian.

March of Dimes Campaign Begins

The fight against infantile paralysis is on once again with the March of Dimes now in full swing. March of Dimes canvassers have now been placed in every store and office in the city, reminding residents to contribute to this worthy cause.

Plymouth High school boys who are members of the two chapters of the Hi-Y clubs are in charge of the distribution of the canvassers and collections again this year. These clubs annually volunteer to assist in the fundraising campaign.

The Optimist club is in general charge of the campaign locally this year with Edward Holdsworth as chairman, assisted by Warren Hoffman. The drive will continue through January.

Proceeds will be turned over to the National Foundation for Infantile Paralysis which not only aids polio victims but also carries on research to discover the cause and treatment of polio.

Detling Will Move to Clinton

The official opening of the two new Swanson service stations is set for Monday, January 22. Herbert Swanson has stated that he will open one Gulf station at the corner of Sutherland and Main streets on the site formerly occupied by Russell Detling's station and garage. The second station will open on Plymouth road near the intersection of U. S. 12.

Detling is now selling out his complete line of farming equipment in his Main street shop. He plans to close the store by the first of the month when he will move to a farm on U. S. 112 near Clinton, Michigan. He will continue to handle Oliver farm equipment at his new location.

Fourteen Local Boys Report for Flight Training

Fourteen Plymouth boys who have been training with the Air National Guard will leave about March 1 for Luke Field in Phoenix, Arizona, as members of the 127th Fighter Wing. They will be part of a group which will set up a training command there in the Air Force of the United States (ANG).

They will report February 1 at the Donald-Wayne Major airport in Romulus. Brigadier General Frederick R. Anderson is commanding officer of the fighter wing.

Those included in the group are Captain Howard Ebersole, 1st Lt. Robert Stone, M Sgt. Maxwell P. Allen, T Sgt. Melvin L. Larson, T Sgt. Frank B. Aldrich, S/Sgt. Elwood K. DeHoff, S/Sgt. John Henry, Sgt. Alvin E. Larson, Sgt. Leo Miller, Sgt. Robert O. Stevenson who is now in cadet training, Pfc. Paul Larrabee, Pfc. Vern Dunlap, Pvt. Elton McAllister and Pvt. Marvin Mettetal.

Julius Kaiser Dies Suddenly

A lifetime resident of Plymouth, Julius E. Kaiser, passed away suddenly Tuesday night in Sessions hospital, Northville. He was 62 years old, and resided at 1147 West Ann Arbor trail.

Friday at 2 p.m. services will be held at the Schrader Funeral home.

Mr. Kaiser had been an employee of the Daisy Manufacturing company since 1917, working in the accounting department. He was a member of the Plymouth Kiwanis club and the Plymouth Rock lodge.

Survivors include his mother, Mrs. Caroline Kaiser; two sisters, Mrs. Katherine Pickell of Northville and Mrs. Caroline Rhead of Plymouth; two brothers, William and Fred of Plymouth, and a nephew, Roland Rhead.

Fire in Chimney Spreads to Roof

Plymouth firemen had but one fire call over the weekend. A small wood roof shingle blaze at the home of Mrs. Julius Landau, 529 Harvey street, Friday evening, resulted in damage estimated at \$25. Fire Chief R. J. McAllister said fire spread to the roof from soot burning in the chimney. Damages are covered by insurance.

The Anna Smith circle of the Study Club Tuesday elected the following officers: Mrs. Floyd Reddeman, president; Mrs. John Mende, vice president; Mrs. Clarence Denhoff, treasurer, and Mrs. Gerald Hosier, secretary.

Petitions for the three seats on the city commission to be vacated in April are now being circulated, according to City Manager Albert Glasford. Petition forms are available at city hall and must be filed with the city manager by noon January 27.

The terms of three commissioners, Mayor Cass S. Hough, Perry Richwine and Henry Fisher, will expire in April. To fill these positions, elections will be held April 2, naming commissioners for a two-year term.

The nominating petitions must contain the signatures of a minimum of 25 qualified electors of the city when they are filed. If no more than six petitions are filed for the three vacancies, primary elections will not have to be held.

According to the amendment recently added to the city charter, no commissioner may serve more than two consecutive terms. Since Mayor Hough has already served two consecutive terms, he will not be eligible to run again according to interpretation of the amendment by City Attorney Harry Deyo. The amendment reads "No elective officer of the city of Plymouth shall hold office for more than two successive terms. For the purpose hereof a partial term, whether served following election or appointment, shall be deemed to be a full term."

He went into office in October, 1948, filing an unexpired term. Richwine and Fisher have each served one term and have not as yet stated whether they will run for office again.

Garling Buys Two City Lots

Sale of two city lots, a new police cruiser purchase and appointment of an electrical examiner board were items decided by the city commission during their regular bi-monthly meeting in city hall Monday night.

Two Farmer and Harvey street corner lots were sold to the Garling Construction company as highest bidders. The police cruiser purchase is in line with the usual policy of replacing police cars with 50,000 mileage.

Norman Denne of Detroit Electrical Contractor William A. Hubbs, Electrical Inspector Charles Thompson and City Manager Albert Glasford were appointed to the board of electrical examiners as required by a year-old city ordinance.

The proposed widening of the Ann Arbor trail bottleneck at Forest avenue is not financially feasible at this time according to a commission report from the Wayne County road commission. Therefore, Acting Police Chief Carl Greenlee was asked to investigate parking hazards at this traffic sore spot.

Forest Avenue Food Markets Attract Crowds of Shoppers.....

Over 7500 free loaves of bread were given away at the grand opening of the new Kroger food department store at 555 Forest avenue last week as a special greeting to customers. The modern market boasts a complete self-service system, including the meat department. All meats are cut and packaged and displayed in the refrigerated counters. If a customer would like a special cut not on display, butchers will then obtain the cut in the locker. Other specials will continue during the week, with free hot dogs for children and a free package of cigarettes with each purchase. The "magic carpet" doors at the store exit operate under an electric eye system that saves shoppers burdened with groceries from opening the doors.

The new Forest avenue food shopping area attracted thousands over the weekend, with shoppers coming from many towns in this section of Wayne county and eastern Washtenaw county. One of the major attractions was the give-away merchandising event conducted at the Stop and Shop super market. Store Owner J. G. Rucker, left, congratulates award winners, Mrs. Anna Moore, Mrs. Russell Egloff and Mrs. Elizabeth Leslie. In the picture on the right, Mrs. Earl Buchanan receives one of the 350 bags of groceries given to winners of a food quiz. Conducting the quiz are Vern Hanson, standing; Marvin Schultz and Karel Beuckelaere.

An estimated crowd of 5,000 persons attracted by Stop & Shop supermarket's merchandising events jammed the Forest avenue shopping area Saturday night to bring the week old shopping festival to a spectacular climax.

So huge was the throng that the fire department was pressed into service to control the store's in and out traffic. Commenting on the fire hazards and stampeding tendencies of large crowds, Fire Chief R. J. McAllister praised the Plymouth shoppers for their well-mannered conduct and obedience to instructions.

The program featured Bob Swift of the Detroit Tigers and National League umpire Red Jones autographing baseball pictures. Over 350 grocery bundles were quiz mastered by Vern Hanson to correct respondents with General Mills' representative Marvin Schultz and Pet Milk's Karel Beuckelaere at the roving microphones.

Pert, seven year old Sharlynn Owen of Farmington announced special award winners including Mrs. Anna Moore, 878 Arthur street, television set; Mrs. Elizabeth Leslie, 9094 Elmhurst, dinner and third award, a roaster to Mrs. Russell Egloff, 797 Fairground.

Schools Hold B-I-E Dinner

Leaders of local business and industry and city and township officials will be guests of the Plymouth township board of education Thursday, January 18, at 6 p.m. in the high school. The occasion is the first Business-Industry-Education day program to be put on by Plymouth schools.

During the dinner business and civic officials will be familiarized with the work and aims of the board of education. Last fall Plymouth teachers were guests of industry in the Plymouth area and became acquainted with local manufacturers through discussions and tours of plants.

Business Women Speak at Meeting

Two prominent Detroit women will be the guest speakers at the meeting and dinner of the Plymouth Business and Professional Women's club January 22. The dinner will be held at 6:30 p.m. at St. John's Episcopal church.

Mrs. Marjorie Joslyn Furst, who was chosen one of the ten women of the year by the Detroit News, will address the business women and their guests on the topic "Women in Civilian Defense." Well-acquainted with her subject, Mrs. Furst was in charge of women's civilian defense activities for Detroit during World War II. She holds the copyright for the nation calendar used in this area during the war, and is the author of several books.

The second speaker for the evening will be Mrs. Gerald Schneider, member of the Wayne County Board of Institutions governing Elzie. She will speak on "Problems of Mental Health." Mrs. Schneider is past president of the Detroit Federation of Women's Clubs and also past president of the Women Lawyers association of Detroit.

The legislative committee in charge of the meeting. The committee includes Mrs. Arthur Whipple, chairman; Mrs. Arthur Mills, Miss Dorothy Ritchie and Miss Doris Johnson.

Mr. and Mrs. Charles Aitchison of Forrer avenue, Detroit, announce the engagement of their daughter, Shirley, to Private First Class Noel Litsenberger, son of Mr. and Mrs. Marcus Litsenberger of York street.

The couple, both graduates of Plymouth High school, have no immediate wedding plans. Pfc. Litsenberger is now stationed with the Army in Phoenix, Arizona.

Shower Honors Engaged Couple

Miss Patricia Nisely and T Sgt. Elwood Dethloff were honored Saturday evening at a "Mr. and Mrs." shower held at the home of Mr. and Mrs. Carl Dethloff. Co-hostesses for the affair were Mrs. Mabel Evans, Mrs. George Gottschalk, Mrs. Robert Gottschalk, Mrs. Linwood Dethloff, Mrs. Harold Evans and Mrs. Robert R. Smith.

Seventy-five guests were present from Tecumseh, Milan, Saline, Ypsilanti, South Lyon and Plymouth. The young couple will be married February 3. Sergeant Dethloff will leave at the end of February for active service while Miss Nisely will return to Kalamazoo to finish school.

Summer Bride...

July 7 is the wedding date chosen by Miss Clara Von Bonn and R. Bruce Kidston whose engagement is announced by her parents, Mr. and Mrs. Leo Von Bonn of Northville. Mr. Kidston, a graduate of Plymouth High school, is the son of Mr. and Mrs. Arthur Kidston of Salem.

Grange Gleanings

Be sure and come to the Grange Thursday night. All the new members must be present to receive the degree. The degree team from Ann Arbor will be present to confer the degree. Pot luck supper will be served at 6:30 p.m. Members are asked to bring extra large amounts of dishes and table service for two besides themselves. Blue Cross cards may be secured that night at the lecturer's table.

The secret of pouring liquid from a can is to make two holes in the can instead of one, about an inch apart. The one hole is for the liquid to pour from, the other hole to let the air into the can.

Engaged...

Mr. and Mrs. Wilber Maul of Tecumseh, Michigan, announce the engagement of their daughter, Dorothy Vee of Plymouth, to William Keefe, son of Mrs. William Keefe of Forest avenue and the late Mr. Keefe. No definite wedding plans have been made.

Couple Wed In Quiet Ceremony

Mrs. Cora Cadot of Forest avenue and Mr. Felix Bourban of Detroit were married in a quiet ceremony in the First Presbyterian church by the Rev. Henry Walsh Friday evening, January 12.

Attending the couple were the bride's daughter, Miss Ann Cadot, and Mr. and Mrs. Charles Minehart. After the ceremony the wedding party went to the Dearborn Inn for dinner.

Mr. and Mrs. Bourban left by plane for a weekend trip to Cleveland. They plan to live in Plymouth.

To Wed February 2

Mrs. Helen Shoebridge of Northville road announces the engagement of her daughter, Bessie Mae, to William R. Nolan of Plymouth. The wedding will take place February 2.

Verne Rowley's Bequest Goes to Sick Children

The Children's hospital of Michigan was recently presented with a Ceiling Book Projector and a library of 44 books, a gift of the late Miss Verne Rowley of Plymouth. Miss Rowley, a well known resident for about 40 years, died suddenly in her home here last Easter Sunday.

Miss Rowley first became interested in projected books several years ago when the Lions club presented this community with a projector which is now available at Dunning library to any person of the area who is not able to sit up to read. She found that the books were micro-filmed and that when projected to the ceiling were easy for any bedridden person to read. The bedridden may easily operate the projector for reading during the long, tedious hours of their confinement.

She was so impressed with the idea that she instructed her attorney to set up a provision in her will for the purchase of a Ceiling Book Projector for a charitable institution to be selected by her executor, Dr. Carl January.

Following her instructions, Dr. January, after making extensive investigation of the matter, concluded that the gift to Children's hospital most appropriately carried out Miss Rowley's wishes.

In accepting the gift, a spokesman for the hospital stated, "We appreciate receiving this projector for our boys and girls—it will give them hours of pleasure." Beloved by all who had known her during her lifetime, Miss Rowley's bequest is in keeping with her constant efforts to help others. Her contribution will give continuing and lasting welfare and happiness to others.

Research Increases Life of Railroad Crossies

The railroads' annual bill for crossie replacement runs at the staggering rate of \$250 million. To pare this figure down by increasing the life, the National Lumber Manufacturers Association and the Association of American Railroads have teamed up to develop more efficient methods of using wood for crossies.

Passage - Gayde

A regular business meeting of the Passage-Gayde Auxiliary was held January 11 at the Veterans' home on Main street. A social hour with light refreshments followed.

Members of the Passage-Gayde Legion post and auxiliary that attended the January district meeting at Southfield were Harold Wilson, William Langmaid, Mr. and Mrs. Elton Knapp, and Mr. and Mrs. Ivan Campbell.

The Passage-Gayde Legion Post and Auxiliary No. 391 delivered their annual gift to the Yanks packages containing pajamas to the 19 veterans in the Ambulatory building at Maybury Sanatorium. At the same time they also distributed the monthly service baskets. Several other organizations from Plymouth aided this program with donations.

Rocks Down Redford Union for Two Game Lead in 6B League

The Plymouth Rock Varsity basketball squad won its fourth league contest Friday as they downed the defending champions, Redford Union, 35-32, on the Rock court. By winning this important game the Rocks stretched their lead to two games in the 6B league. The local lads have won six games while losing only one.

Playing very faulty ball in the

first quarter, the Rocks managed to have a five point advantage as the score was 10-5. In the second quarter the Rocks again outscored the visitors 11-9 to lead at halftime 21-14.

The Rocks met a very hot opponent in the third quarter as the Panthers outscored the Rocks 14-6 to take the lead for the first time 23-27. However the Rocks settled down in the final period and played better defense and held Redford Union to four points while scoring eight themselves. Bob Gray put the game on ice for the Rocks as he sank a basket with a minute remaining to give the Rocks a three point advantage. The Rocks were able to stall out the last minute as they forced the Panthers to five jump balls in that minute, all of which were in a row. Bud Young, Wally Dzurins and Al Finney all tied for scoring honors with 10 points apiece.

The Rocks' next league encounter will be with Wayne Friday night.

E and F League Results

The "E" league saw two trouncings as the Elks whipped the Indians 42-2 and the Wolverines routed Davis and Lent 35-12. The Elks were paced by Robinson and O'Neil who scored nine points each. In the Davis and Lent and Wolverines contest, Huggis scored 16 counters for the victors.

The "F" league finally got started with Ken & Ork downing Davis and Lent 14-9 and the Optimists shutting out the Globe Trotters 14-0. The games are played on Saturdays at the high school.

Defeat Wayne in Final Quarter

The Plymouth All Stars came from behind to down the Wayne Unistruts 52-46 January 14. The All Stars were on the losing end throughout the game but in the last quarter they managed to take the lead and win.

Wayne had a four point advantage in the first quarter and increased this to 17 by the end of the first half. In the third quarter the All Stars composed of Tait's Players rallied behind the excellent shooting of DeWayne Becker and the defensive work of John

Sandmann and John Ketterer to bring the score up 17-35 with the Unistruts holding the two point advantage. The last quarter was all in favor of the All Stars as they went on to win 52-46. DeWayne Becker was high point man for the All Stars with 16 points. Young was the visitors' leading scorer with 15 counters.

Clubs Support Washington Event

Plans for the city's Washington Birthday program are taking shape with leaders of the Elks, Lions, Kiwanis, American Legion, Veterans of Foreign Wars, Ex-Servicemen club and Rotary already signifying their interest in the project.

The approval and cooperation of other groups in the city is still being sought in order to make the program a major community-wide event.

Mayor Cass S. Hough has already given his approval of such a program and a number of citizens believe a patriotic program at this time is very suitable.

The exact type of program has not yet been decided. All projects derived from the project will be used for some worthy cause in the city, this cause to be determined by a committee to be chosen at a later date.

Committees for the birthday celebration will be chosen from every local organization which indicates an interest. Meeting dates for these committees will be announced later.

January Sales Begin

January clearance sales are now in progress at most retail stores and will continue over the weekend. Merchants are now clearing their shelves of winter merchandise in preparation for new spring stock and effort has been made to give Plymouth shoppers large savings on reduced articles.

"D" League Sees Plenty of Action

The "D" league saw plenty of action last week as all the games were won by wide margins.

The Red Birds pulled the biggest scoring of a 51-9 victory over the Fighting Bulldogs. Swartz and Cichowicz were high pointers for the victors with 14 points apiece. Denison was the losers' leading scorer with four points followed by Dick Cramb and John Britcher with two each.

The Optimists were the victors of the next trouncing at the hands of the Falcons who won 42-23. Jordan led the Falcons' attack with 17 counters. Corey paced the losers with 11 points.

The final game in the "D" league saw a favored Austin Tavi squad bow to the Eagles 35-24. Neither team had suffered a loss going into this contest.

Jack Kroph and Max Lare were the main players responsible for the Tavi's defeat as Kroph scored 11 points and Lare 12. Bloomhoff paced Austin in defeat with 14 counters.

First National Scores Two Wins

The Bank team finally got their players to the game after forfeiting their previous game, and trounced DeHoCo 55-25 Tuesday, January 9.

Bob Norman was high point for First National with 12 points. Wilkie and Newbauer scored 11 and 10 points respectively. Gidley was the loser's high scorer with 13 counters.

DeHoCo had a two point advantage in the first quarter as they led 8-6 but First National came from behind and led 19-13 at half time. The Bankers continued to outscore DeHoCo and led 39-18 at the start of the last quarter.

First National won its second game of the week as they pulled a mild upset Thursday to down the upcoming Northville Merchants 45-36. Bob Norman was again high point for the victors with 20 points followed by Newbauer with 12. Red Pottinger, Northville's top scoring threat, was held to five points. Bob Gorman counted for 11 points to lead the Merchants' attack. Jerry Walsh followed German with 10 counters.

Northville led at half time 18-12 but in the fatal third quarter the Merchants saw a very hot First National score 25 points to Northville's 12 and take the lead 37-20.

Tait's Unbeaten in Men's League

Tait's Cleaners had their first hard battle of the season Tuesday as they finally downed Northville 58-42. The game was tied 9-9 at the start of the second quarter but Tait's managed to pick up a six point lead at half time making the score 25-19.

Northville tied the game up again in the third quarter 40-40 but in the last quarter Tait's again outscored the Merchant's 18-12 to take the game.

Don Huebler again paced the cleaner's squad with 28 points, his best performance of the season. Keith Ebersole had 16 counters for the victors. Red Pottinger was the Merchants' top scorer with 24 points.

After being pressed in the first half, Tait's came back to their accustomed play and downed Plymouth Mail last Thursday 30-26 to remain unbeaten in the Men's league.

The first half was slow in scoring as the score at the end of the first quarter was 4-4 and at half time Tait's picked up six more points to the Mail's four, to lead 10-8.

In the third quarter Tait's started to roll and pushed through 17 points to lead 27-14. In the last quarter Tait's were pressed again and were held to three points while the Mail scored 12 points, but Tait's managed to beat the clock and win 30-26.

The cleaner's leading scorer, Don Huebler, was held to five points with the leading scorer Becker with eight counters. Bosman was high for the Mail with nine counters followed by Bob Houghton, eight.

Attend Kiwanis Midwinter Meet

"Freedom is not free" was adopted by the Kiwanis club as their theme for the year at a two-day midwinter conference held in Saginaw over the weekend.

"This means promoting aggressive American citizenship to combat the spread of Communist ideology now threatening the free world," says local Kiwanis Secretary Ernest L. Henry, one of the conferees.

Among those from Plymouth who attended with Henry, the 300 member Kiwanis training conference were President Ray Williams; Second Vice-President Dean Saxton and Board Members Frank Terry and Harry Roberts.

Routine year-end club business and new state officer installation rounded out the agenda. It was revealed that present Kiwanis Michigan membership is at an all-time high.

Federal Savings Ends Best Year

At the annual meeting of the Plymouth Federal Savings and Loan association held Wednesday evening, the officers reported that the largest amount had been paid to its savings accounts in 1950 than in any of its previous 31 years of existence. Reserve accounts increased over 20 per cent.

Loans were made in this vicinity for the following purposes: new construction, \$130,000; purchase of homes, \$44,800; refinancing, \$13,500; other purposes, \$164,075; total first mortgage loan on real estate during 1950, \$361,775.

The Plymouth Federal Savings was organized in 1919 by local business and professional men and has operated continuously since that date. The officers predict that 1951 will be another year of continued increase in the resources of this savings and loan association.

Here's How to Fight Influenza

The flu bug will get you if you don't watch out.

According to the city health department a flu epidemic could strike Plymouth anytime. However, it probably would not be so severe as the plague ravaging the British Isles at the present time.

Among the positive precautions to avoid flu, doctors recommend influenza vaccine as particularly effective. Flu is caused by a virus just as scarlet fever and other diseases. Therefore, the flu shot must not be confused with the experimental "cold" shot, health authorities point out. The flu vaccine is accepted by the medical profession as a success and may be obtained from any doctor. Usually one shot annually is sufficient to provide immunity although some cases require an additional injection.

Other safeguards advised by doctors are plenty of rest to avoid fatigue, avoidance of over-eating and known infected persons.

WHAT I THINK AND HAVE A RIGHT TO SAY

NOT A POLITICAL CRITIC.

Frequently people will say after having read something of a critical nature about some public official, political party or group—"well, that's just politics."

Here comes something from a group that is anything but political in nature. It comes from the Wildlife Management Institute of Washington, a group that devotes its entire time and attention to the conservation of our natural resources.

Read what this non-political organization has to say about one of the activities of the present political administration in Washington. In part, it follows:

"In the matter of price support and subsidy, the government sometimes appears to have created a Frankenstein monster. Under the subsidy program, we are witnessing the most colossal squandering of natural wealth since the pioneering days when virgin forests were laid in windrows and burned to make way for the plow. Waste sponsored by this program cannot be measured in terms of warehouses bulging with rotting potatoes, crates of spoiling eggs, and moulding cheese. Nor can it be measured in terms of dollars and cents. Subsidy-bred surpluses represent festering sores on the side of the American economy which, in many instances, are sapping soil fertility, lowering water tables, and destroying recreational values. For this the heavily burdened taxpayer pays exorbitant prices on the market and a doubled tax bill. If he is one of nearly 30 million who buys a hunting and fishing license, he pays again for the restoration of resources which subsidies help destroy."

THE RIGHT WAY TO DO IT.

Robert C. Ruark writing in The Detroit Free Press says that he is willing to head a "terrorist society" which has for its object the destruction of every juke box that has been installed in any public place in these United States. Here is a volunteer!

But maybe it would be a little better if we remained within the law and forced the enactment of some tax legislation, say of something like \$100 a day for the operation of a juke box in any restaurant, booze joint or other public place that tolerates one of these hideous noise makers in their place of business. The operation of a juke box in any place catering to public business is about as big a nuisance as was ever created.

Probably we shouldn't kick about it because it is just one of those easy-go-lucky type of gadgets that gets the easy-go-lucky nickels out of the pockets of a lot of folks who think they have money to throw away.

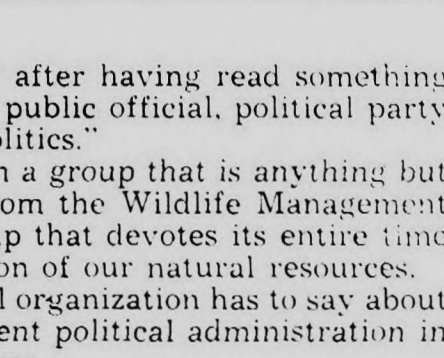

NOT A PROUD RECORD

Michigan again tops the nation for traffic deaths during a holiday period. Some 23 were killed, several hundred injured and car damages totalling hundreds of thousands of dollars as a result of speed and carelessness on the part of automobile drivers.

The unfortunate part of it all lies in the fact that most of those killed and injured were innocent parties in responsibility for the accidents.

How long Michigan intends to permit this traffic slaughter to continue, only traffic officers know—and it appears from the record that they do not have all the answers. It is the same story after Fourth of July and Labor day holiday periods. Michigan leads the nation in the greatest number of deaths from traffic accidents, to the shame of a glorious state.

UNCORKING THE NEWS

by Carl Peterson

Cornell Univ. is making a long range study of what happens when people retire. Most of us talk about the day when we can tell the boss what we think of him . . . and settle down to enjoying life without worrying about the alarm clock or the time clock. But it seems a lot of folks fold up like a wet road map when they have nothing but time on their hands. They get bored and they don't last as long as if they'd stayed on the job. You need interests, hobbies, activity for a happy old age . . . or any age. So if you plan on retiring . . . just don't count on a rocking chair to keep you busy.

We now have a good supply of Mary Foster Shampoo, created especially to overcome the problems of shampooing in hard water. Stop in for some today—we're certain you'll like it.

Maccabees

Plymouth Maccabees Tent No. 156 is invited to Farmington for public installation Friday, January 19. At that time the new officers will be installed. Anyone wishing to go please call 1260. The public is invited.

There are over 4,225,000 individual private owners of commercial forest lands in the United States, owning approximately 345 million acres.

Without doubt a great many of these died during the fighting and were never recorded, or died subsequently in Soviet prison camps about which the Soviets have supplied no information.

Awkward for the Soviets is the fact that in a triumphant moment at the end of the war the Soviet army announced that it had taken 3,180,000 prisoners.

When the foreign ministers discussed the question in 1947 the Soviets lowered their figure by more than a million, whose fate still officially is unknown.

Trapped in their own bookkeeping and pressed by the German Communists who know how damaging the question is, the Soviets tried first to shift the blame to the Americans.

American units, the Soviets said, had captured the German Army files in which these "deaths" were recorded in the Frankfurt city cemetery. The Frankfurt government, it is announced, will care for the new graves.

East German officials have announced further that 300 other bodies have been found without any identification in a mass grave near Fuerstenberg, about 15 miles south of Frankfurt.

The presumption, according to the Communist officials, is that they were executed by the SS as cowards and their identification taken away.

Dave Nichol Says Germans Ask Stalin About Million Prisoners

David M. Nichol, son of Mrs. Walter Nichol of this city and well known former Plymouth high school student who has been foreign correspondent of the Chicago News located in Berlin or Moscow since the early days of World War II, has recently written two syndicated articles, one dealing with the mystery involving some one million German war prisoners taken by Russia, after another dealing with Russian claims of atomic energy development.

Both articles have been published widely throughout the country.

Correspondent Nichol, writing from Berlin, declares that the Soviet point between the Soviet Union and Germans as individuals continues to be the question of prisoners of war.

For some eight months now the Soviets have stuck to their story that all but 5,000 "war criminals" persons still under investigation have been returned to their homeland.

No German believes the story, and the United Nations has voted to check it. Western German authorities in Bonn insist they have the names of 63,000 who still are held in the Soviet Union.

More than a million others still are listed as missing, of whom more than 900,000 were last seen in the Soviet Union or in Soviet-occupied territory.

Most of the articles are designed to show alleged Soviet superiority in the field of atomic research and to emphasize that Soviet developments are "peaceful" rather than warlike.

A writer in the Berliner Zeitung contends that Americans also could be enjoying the benefits of atomic power but that progress in its peaceful use has been blocked by "coal, oil, and railroad monopolies."

His argument is based largely on stories about the heat which is carried away from the Hanford atom plant by the Columbia river.

One article describes a Soviet research station 10,000 feet up in the highlands of Armenia, on a mountain called either Alagas or Aragaz. The dry, clear air of the region, it says, has aided in the study there of cosmic rays and of mesons and neutrinos produced by the rays in collision with atoms.

Without explaining the project at any greater length, the article says: "There is nothing to keep secret or to hide in this research." It mentions casually that there are also "other" centers of atomic research in the Soviet Union.

The earliest known reference to coal in present United States territory is that given in the accounts of Joliet's expedition to the Mississippi river in 1673.

Soviet-licensed papers react uniformly. If now the stories about prisoners still held in the Soviet Union don't come to an end, it is solely the blame of the American "warmongers." The Frankfurt grave, they say, provides the true explanation.

Unhappily for the Soviets, this will not be sufficiently convincing for most Germans. The "missing million" will continue to haunt any prospects of genuine friendship between the two countries.

It has also been reasonably well established that the Soviets destroyed another portion of the files which fell into their hands, in any case, the items would fall far short of the 1,180,000 missing.

Eighty-six bodies having been recovered so far, according to officials who invited picked correspondents to visit the grisly find, fifty-six have been "identified," and some already have been reburied.

In writing of Communist boasts in Berlin of the Soviet Union's claims of atom advances, correspondent Nichol says Communist writers say the Communists have developed means of producing heat and electric power directly from atomic energy.

A rash of these articles has appeared in the Soviet-licensed press since President Truman's announcement that atomic weapons might be used in Korea.

Most of the articles are designed to show alleged Soviet superiority in the field of atomic research and to emphasize that Soviet developments are "peaceful" rather than warlike.

A writer in the Berliner Zeitung contends that Americans also could be enjoying the benefits of atomic power but that progress in its peaceful use has been blocked by "coal, oil, and railroad monopolies."

His argument is based largely on stories about the heat which is carried away from the Hanford atom plant by the Columbia river.

One article describes a Soviet research station 10,000 feet up in the highlands of Armenia, on a mountain called either Alagas or Aragaz. The dry, clear air of the region, it says, has aided in the study there of cosmic rays and of mesons and neutrinos produced by the rays in collision with atoms.

Without explaining the project at any greater length, the article says: "There is nothing to keep secret or to hide in this research." It mentions casually that there are also "other" centers of atomic research in the Soviet Union.

The earliest known reference to coal in present United States territory is that given in the accounts of Joliet's expedition to the Mississippi river in 1673.

Carnival Dance to Assist Band

Last minute arrangements are now being completed for the gala dance and carnival to be given Friday, January 19, in the high school by the Band Parents association of Plymouth High school. The doors will open at 7 p.m. Side shows and carnival events will be staged by local civic groups and veterans organizations who are assisting the association in raising funds for the much needed financial support of the high school band. All proceeds from the affair will be used for uniforms and instruments. All who are interested in the betterment of the community through the local high school band are urged to attend.

Phone Company Gives Almanac

The 1951 edition of the "Telephone Almanac" distributed annually by the Michigan Bell Telephone company, is available at the local business office, it was announced today by Manager E. E. Scherdt. The new edition commemorates the 75th anniversary of the telephone which will be observed in March. Its 12 illustrations on the calendar pages depict the most important steps in the development of the telephone during the past three-fourths of a century. Michigan Bell ordered more than 350,000 copies of the fact-filled book which is given out free of charge each year.

The annual meeting of the stockholders of the Plymouth Home Building Association was held Monday evening, January 11. The following directors were elected for three years: R. R. Parrott, Claud Venkirk and William Sutherland. For one year: Edson O. Huston.

The banquet given by the Junior class of P.H.S. in honor of the football boys, on Thursday, January 7, was a great success. This was the first time that an affair of this kind has ever been given, and all are pleased with the outcome.

R. W. Shingleton will commence activities with Stormfoltz-Loveley Co., of Detroit, as soon as he completes the transfer of his present business interests. Mr. Shingleton has been in business in Plymouth for the past fourteen years, and during that time has built up a splendid business, which is known for miles around for its high quality and square dealings.

At a congregational meeting of the members of the church and congregation of the First Presbyterian church held on Tuesday evening the 12th inst., it was voted to extend a call to the Rev. Walter Nichol of Ecorse to become the pastor of the Plymouth church. The Rev. Nichol has been very highly recommended by those who know him and his

work, and it is hoped that he will accept the pastorate of this church.

Wilbur Humphries and Miss Lucy Park were married at the home of the bride's parents, Mr. and Mrs. George Park, Wednesday evening at 8:30. Dr. F. A. Lendrum, pastor of the Methodist church, performing the ceremony in the presence of the immediate members of the two families. A wedding supper followed the ceremony.

Miss Helen A. Edwards of Ypsilanti, and Harold E. Stevens of Toledo, Ohio, were married at the home of the bride's uncle and aunt, Mr. and Mrs. D. A. Merritt of Toledo, Ohio, Saturday, January 9, at 12 o'clock noon, by Dr. Eison, pastor of Central Methodist church of that city. The bride was attended by her sister, Miss Evelyn Edwards of Ypsilanti, and John Ingalsbee of Toledo, Ohio, acted as best man. Only immediate relatives of the bride and groom were present at the ceremony, which was followed by a wedding dinner.

The annual meeting of the stockholders of the Plymouth United Savings bank was held at the bank, Tuesday afternoon. The financial statement as read by the secretary, showed that the bank was in a most prosperous condition, and that the business had enjoyed a most substantial growth during the year just closed. Named Winner on Radio Sport Show

Donald G. Wylie of 9815 Burwick has been selected as one of the winners in the Rod and Gun Club of the Air radio contest. This was announced today by Pal Blade Co., Inc., makers of Pal Hollow Ground Razor Blades, sponsor of the radio program and the contest.

The prize, one of 311 awarded by Pal, was won for a written statement on "Why I Listen to the Rod and Gun Club." The program, starring Guv Kibbee, is broadcast every Thursday evening over the Mutual Broadcasting system.

Mr. Wylie was among the top 25 on the winner's list and received an Airex Spinning Outfit consisting of Bahe Brown Mastic, spinning rod and line.

I.O.O.F. News

Last Tuesday night Tongush lodge No. 32 held its first meeting in the new hall. Brother Gray gave the brothers a brief talk on the work that is still to be done to complete the hall. A nice turnout was enjoyed. Many new faces were in attendance. It gives the new officers a good feeling to see such a goodly number of the brothers turn out. Let's remember to contact any member of our building committee any time any of us can spare a few hours' work so that by spring at least all our inside work may be completed.

Our new inside guardian and warden for this year were duly installed Tuesday. They are Brother Melvin Krumm, inside guardian, and Brother Harold Anderson, warden. Brother William Eyes is our newly installed chaplain; Brother Louis Foster, right scene supporter; and Brother Herbert Rorabacher, left scene supporter who has not as yet been installed.

Remember to visit Brother Trinkaus and Brother Edward Cowger on our sick list. Send your building pledges to the B. E. Giles real estate office.

THE GREATEST SHOW ON EARTH IS SATURDAY AT FOREST MOTOR SALES

HERE'S THE NEW '51 DODGE

*New Inside...New Outside
with a Completely New Kind of Ride*

NEW in more ways than cars costing up to \$1,000 more

AT A SECRET PREVIEW THESE FAMOUS AMERICANS SAID:

TED WILLIAMS—"When I first saw this new 1951 car, its smart look, its new engineering advances made me put it in the expensive car class," says Ted Williams, baseball's great left-handed slugger.

BETTY HUTTON—"It's so big, so roomy and with greater visibility for every passenger," says Betty Hutton, famous for her own exuberant way of putting over a song. "And so luxuriously appointed, inside and out!"

DALE CARNEGIE—"I think I know what influences people, and this new car will do it," says Dale Carnegie, famous author of "How to Win Friends and Influence People" and "How to Stop Worrying and Start Living."

*Soon to be seen in Cecil B. DeMille's "THE GREATEST SHOW ON EARTH," a Paramount Release, Color by Technicolor

Now YOU can see it! The new 1951 car that thrilled hundreds in secret previews coast-to-coast! Yes, famous Americans and people in all walks of life—engineers, stylists, architects, mechanics—were excited by its stunning new beauty and host of engineering improvements... were amazed that any car offering so much sells for so little!

New Riding Principle!

New Oriflow shock absorber system brings you a truly new kind of ride... lets you "float" down roads that stop other cars. Here's a new kind of smoothness—over the same roads that jarred and "hammered" you in the past! Whether it's city road or country road—cobblestones or corduroy—roads stay on the ground. There's no wheel hop or bounce!

New Watchtower Visibility!

Here's visibility for all passengers through the new wider windshield and deeper, wider panoramic rear window—for greater safety, comfort. Here's new spaciousness inside to let you ride relaxed, uncrowded. Yet outside, its new beauty is sleek and trim for easier handling and parking.

Drive Without Shifting!

Dodge GYRO-MATIC brings you America's lowest-priced automatic transmission to free you from gear-shifting—with complete control of your car under all driving conditions.

See the New 1951 Dodge January 20th!

You could pay up to \$1,000 more and still not get all the new beauty and famous dependability of this great new Dodge!

of Paul Miller**

Mr. and Mrs. Harold H. Hoppe of Clarenceville announce the marriage of their daughter, Onalee Rose, to Mr. Paul Miller, son of Mr. and Mrs. Jack Miller of Ann Arbor trail, Plymouth.

The quiet wedding was held in the First Presbyterian church in Plymouth with Dr. Henry Walch officiating on Sunday, December 31, at six o'clock.

The bride wore a suit of beige color with brown accessories and her white Bible with a white orchid circle with white baby mums. The maid of honor, Miss Shirley Behrens, wore a suit of tan with matching accessories and a corsage of white carnations. Douglas Miller was his brother's best man.

Mrs. Miller is staying with her parents for the present while Mr. Miller is again with the United States Army. Due to the suddenness of his departure, plans for a wedding trip were cancelled until a future time.

**Resident Marks
101st Birthday**

Mrs. Susan Lennox will celebrate her 101st birthday quietly next Monday but will welcome her many friends who may wish to stop in to offer congratulations.

A resident of the Plymouth area for over 60 years, Mrs. Lennox came here from Rockford, Illinois. She makes her home with her son and daughter-in-law, Mr. and Mrs. John Lennox of 258 Joy street. She has four other children.

Mrs. Lennox is enjoying good health though her eyesight and hearing have been failing in the past few years.

**Newly Weds to
Live in Detroit**

Betty Jean Dudley, daughter of Mr. and Mrs. Orville Dudley of Haggerty road, chose Saturday, December 30, as the day for her marriage to Peter Lawrence LaZar, son of Mr. and Mrs. Peter LaZar of Morley avenue in Detroit.

The Reverend Theodore Sauer officiated at the 8:30 rites in St. Paul's Lutheran church in Livonia. The altar was decorated with lighted tapers and Christmas greens.

For her wedding Betty chose a beige dress with brown velvet trim, a brown velvet hat and brown accessories. She wore a camellia corsage. Dorothy Kehl of Northville was the maid of honor. She wore a two tone brown suit with matching accessories and a yellow rosebud corsage. John Schier of Romulus was Peter's best man.

Mrs. Dudley wore a dress of figured navy blue while Mrs. LaZar selected a dress of royal blue for her son's wedding. A reception was held immediately following the services at Mason's restaurant. The young couple will make their home for the present on Morley avenue in Detroit.

**Joys Celebrate
Golden Wedding**

Mr. and Mrs. James Joy of LaSalle road will celebrate their 50th wedding anniversary January 21. The Joys' sons and daughters will honor the occasion with a reception for their parents on that date at the Newburg church hall from 2 to 5 p.m.

Both Mr. and Mrs. Joy are pioneer residents of the Plymouth area. They lived here at the time of their marriage, later moving to South Lyon. Several years ago they moved back to Plymouth and then to their residence on LaSalle road. Mr. Joy has been principally engaged in farming. The couple have five children, including Mrs. Dale Liscum and Mrs. Leo Douglas of Detroit; Charles of Plymouth, Warren of Farmington and Roy of Redford. All friends of the Joys are invited to attend the reception.

Hints For Plymouth Homemakers

Michigan-Grown Vegetables Now Plentiful at Markets

Keeping a quick review of the winter vegetable picture in mind when planning shopping lists will help homemakers solve one of their biggest problems. That problem is how to spend four dollars to keep food costs down and still feed the family well.

The more popular winter vegetables we can expect to find supply at reasonable prices for the next three months are potatoes, head lettuce, celery, onions, carrots and cabbage. Sweet potatoes, although less frequently used by families in

northern states, will also be plentiful. Other vegetables stocked by stores in smaller quantities, but which should be in fairly good supply, include cauliflower, radish, beets, rutabagas. The more seasonal vegetable items this winter are snap beans, cucumbers, peppers, broccoli, turnips and brown beans.

It may usually be in the Michigan-grown product. Two factors are the large Michigan harvest and lower transportation cost in getting the produce to market. For example, excellent quality Michigan carrots, which are generally sold without tops, are usually lower priced than those shipped in from the South and West. Shipped in carrots are more often marketed with tops on.

Canned vegetables, though they will still be good buys, are expected to go up some in price from now until next season's pack is put up. The next pack in 1950 was below average and military demands are increasing.

Deciding whether the fresh, canned or frozen form is the best buy is mainly a matter of comparing costs in any one place at a certain time with other factors such as home storage facilities, time needed for preparation and family preferences.

Canned vegetables may cost less, for example, but not have quite the same color and flavor that you'll find in the fresh or frozen vegetable. Some homemakers prefer the frozen forms because they're usually easier to prepare than the fresh. Another point to consider is that there is no waste when you buy the canned or frozen vegetables.

GOOD FOOD IN '51

How wonderful it is to add to good health at low cost by including generous amounts of enriched white bread.

Your family will be bursting with pep if you serve this dish made with enriched bread, milk, eggs and cheese—all good protective foods.

Cheese Stratz

- 4 slices enriched bread
- Butter or margarine
- 1/2 teaspoon salt
- 1/2 teaspoon pepper
- 3/4 cup grated yellow cheese
- 2 cups milk
- 2 eggs, well beater
- Paprika

Butter bread; sprinkle with seasonings and cheese. Place in a flat baking dish. Cover with the mixture of milk and eggs. Sprinkle lightly with paprika. Bake in moderately slow oven (325° F.) approximately 45 minutes or until golden brown.

Yield: 4 servings. The milk used in either of these recipes may be fresh, diluted evaporated or reconstituted dry.

Raisin Bread Pudding

- 2 tablespoons butter or margarine
- 3 cups enriched bread cubes
- 1 cup raisins
- 2 eggs
- 1/4 cup sugar
- 1/4 teaspoon salt
- 3 cups hot milk

Melt fat and pour over bread cubes. Stir well. Place 2 cups of bread cubes in baking dish. Sprinkle raisins evenly over bread cubes. Beat eggs, add sugar, and salt and gradually stir hot milk into egg mixture. Pour over bread and raisins and let stand 15 minutes. Set baking dish in pan of warm water and bake in moderate oven (350° F.) 45 minutes to 1 hour. The custard is done when a knife inserted comes out clean.

Yield: 6 servings. Faithfully

Winter Fashion Trends Will Carry Over Into Spring Styles

Patterns May Be Altered For Correct Size

If Christmas shopping drained your resources so much that you are looking at your winter-wear wardrobe helplessly and speculating about spring fashions, then's good news for you.

Many of the fashion trends of the fall and winter of 1950 will carry over into the spring fashions of 1951. The only possibilities for adding variety to your wardrobe now with a garment that will still be fashionable in the spring.

For example, one fashion trend that will continue to be featured is the straight, slim silhouette. Suit skirts will remain narrow, with walking ease provided by slits or pleats. Straight, health-like dresses will be found in abundance, though there will be an increased number of full skirts, especially in the matter of evening dresses.

Another continuing trend will be the "costume look"—the ensemble or entire outfit sold as one suit. The new spring version may be a suit and coat, a wool dress and coat, or a print dress combined with a print jacket, a wool jacket, or a wool coat lined with the print.

Even if you are not in the market for a complete ensemble, you may want to keep the costume look in mind as you shop for single items. Perhaps you can find just the right coat or dress to combine with some of the clothes from last year or season.

Along with the popularity of costumes, there is a vogue for "separate" styling—jackets, skirts and jacket ensembles, etc. These mixed or matched outfits are featured in slacks and dressy clothes as well as sportswear.

Cutting Trees Good Conservation

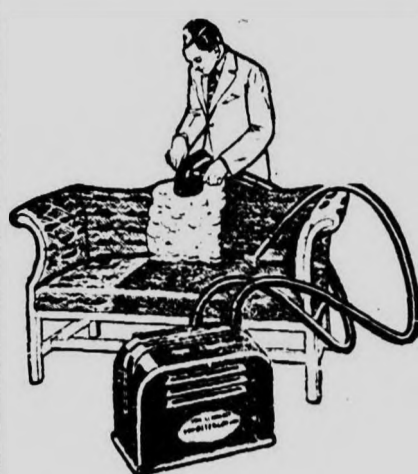

Forest conservation means the wise use of the forest for the greatest good of the greatest number of people for the longest time. It does not imply stopping the harvesting of timber nor does it recognize unnecessary waste.

Value Your Health More Than Riches

Some folks think that fine clothes and fine, big houses are the most important things in life but these things really don't mean too much if a person doesn't feel well enough to enjoy them. Most folks don't realize this, but Mrs. Lucy Braswell, of Route 2, Stone Mountain, Ga., realizes it very well. Mrs. Braswell takes HADACOL, and by taking HADACOL she is helping her system overcome deficiencies of Vitamins B, B, Niacin and Iron which HADACOL contains.

Here is Mrs. Braswell's own statement: "I have been sick for some time with stomach disturbances. I began taking HADACOL and I have been taking it about six weeks. I am so much better and much stronger. I will continue to take HADACOL. It sure has helped me. I tell my friends about HADACOL. I can't praise HADACOL too much. I am 59 years old." © 1950, The LeBlanc Corporation

Girl Blazes Trail Through Woods

How a telephone operator conducted a seemingly impossible search for the parents of a young Detroit woman is described in a letter recently received by Michigan Bell. The letter, written by Mrs. Frank J. Plaia, follows:

"This was an urgent call, involving the loss of a family friend. Although my parents had no telephone at their cottage, I knew of one at a store nearby. However, I knew no more than that, and the operator (Miss Samardich) was really wonderful in trying to get my call through. She had to call several places before locating the particular store. Then, when no one answered at the store, she was able to locate another telephone nearby.

"I greatly appreciated her consideration, and thought you should know what a commendable job she did. It is fine to know that you have such courteous, capable people to help telephone users."

The summer cottage of N. C. Monte, Detroit business man, on the shores of White Lake near Milford, Mich. It was here that the Montes were staying, out of telephone touch when their daughter tried to reach them.

Mrs. Frank J. Plaia, of Detroit, who urgently needed to talk to her parents.

Miss Dolores H. Samardich, Michigan Bell toll operator in Detroit, whose efforts are described in Mrs. Plaia's letter.

Red Cross Chest Goes to Pakistan Students

The Plymouth Junior Red Cross Overseas Chest, sent last June, has reached its destination according to an international newsletter from the league of the Red Cross Societies. It is being used by a school in Pakistan, India.

The Junior Red Cross could not have sent their chest to a better place since the distress of Pakistan refugees is great and the needs are enormous. Elementary supplies are completely lacking.

In some schools the only school materials are wooden boards serving as a slate and pieces of red clay for chalk and some of their blackboards are so worn that it is impossible to see the writing on them from a distance of a few steps.

**Self-Employed
Now Covered by
Social Security**

A reminder to all self-employed persons was issued this week by Harry Baltruck, manager of the Northwest Detroit Social Security office. Your New Social Security under the 1950 Amendments includes you.

If you are an independent operator or owner of a trade or business you now have Social Security protection. You also build up your Social Security account as a member of a partnership whether actively engaged in the business or acting only as a silent partner, explained Baltruck.

"You have no taxes to pay or reports to fill out at this time. Taxes and reports on your earnings will be included in your income tax return either at the end of the calendar year or at the end of your fiscal year. Your income tax return forms for the year 1951 will explain that net self-employment income of \$400 or more for the year will be subject to a Social Security tax of 2 1/2%," Baltruck added.

This information is a reminder to keep an account of your net self-employment earnings after December, 1950, so that you will be able to file a correct Social Security return when due.

For further information call your Collector of Internal Revenue, 17317 Lahser road corner of Grand River, Kenwood 1-3500, or the Social Security office at 12065 Wyoming avenue corner of Grand River, Detroit 4, Texas 4-4756.

Roger Babson Says --

Babson Discusses Military Training

Washington, D.C., January 18.—I am not a military expert and cannot speak with authority as to what is to happen to our 18 to 22 year old young men during the next few years. The plans and hopes of many homes, jobs and colleges are completely upset.

Let Us Not Worry

Let me, however, add a little hope to frightened families. Men who know what the probabilities are assure me that the future is not as bad as it now looks. They insist that only a few more boys will be shipped to Asia. We will be willing to supply guns and munitions to enable the Japanese to protect Japan, to enable Nationalists to hold Formosa, and to give needed aid to the Philippines. But no more American boys will be sent to Korea, Indo-China, Burma, India or elsewhere in Asia.

Experts at Washington believe that World War III, if it comes, will be fought mainly by the navy and air force. They say it would be suicidal to depend upon numbers of infantry to meet the Russians, even in Europe. With the large number of communists who infect each European country, it may be best to limit our help to Western Europe to supplying them with A-bombs. Therefore, I believe that mothers and boys are unnecessarily excited. Americans seem unable to strike a middle course. They either ignore danger and insist

on "business, profits, wages and entertainment as usual" or else they become panic-stricken and go too far in the opposite direction.

Train For Useful Work

I, therefore, strongly advise that parents and their youths avoid getting unduly excited. First, the chances are 3 to 2 that Russia will not risk a "hot war" for some time to come; and second, if only the present "cold war" continues, 2,500,000 young men in training would be a nuisance and handicap to all concerned. I, moreover, speak with some authority, having founded three colleges and graduated thousands of young men.

I further advise young men between 18 and 20 to quit listening to radio commentators who know more as to the future than you my readers do. Go on about your plans for schooling or work the same as if no war is now probable. Then if you are called, it will be okay; while the chances are 50-50 that you won't be called. When you go to work, get a job with some industry which is essential to the war program;—don't be content to jerk sodas or drive a truck.

World War III Will Need Brains

The next few years offer a great opportunity for young men to become expert in some line of work. Too many young people have been getting jobs without any carefully planned aims. The new defense efforts enable a young man to take tests and ascertain for what he is best fitted and how to train therefor. If you live in a small town where there are no industries, have your mother teach you to cook. This is becoming a real profession. Drafted young men who can qualify as trained cooks are always given good opportunities for advancement.

The trouble with parents and youths today is that they visualize the next war—if it comes—will be like the last war. This is

Assessor Gives Tax Reminders

Unlike the weather, we can do more than talk about taxes, so here are a few tax reminders from the city assessor's office.

Personal property tax statements were due Monday, January 15, but a few days grace has been granted the tardy according to city assessor, Edward Pothoff. Customarily, these forms were scheduled for February 15. This year, however, the board of revised will process appeals February 21 and 22 instead of the habitual mid-March date, therefore necessitating the advanced January 15 filing date.

Taxable personal property includes among others such items as machinery and equipment; business furniture and fixtures; tools, dies, jigs and patterns; livestock; and household furniture in excess of \$3,000.

The city assessor also reminds disabled veterans of a \$2,000 exemption on property assessment. Any veteran drawing disability pension is eligible under Michigan law. Application blanks are available at the city hall and should be filed immediately.

There are two kinds of freedom—the kind where one is free to do what he likes, and the true, where he is free to do what he ought to do.

Remember Our Religion

Finally, let us parents not forget that God continues to rule in His Heaven and that, in the long run, the Russians can never win without Him. God is still our refuge and our strength if we will cease worrying and take each day as it comes. Let us give more time to reading our Bibles and less to television or even the radio. Perhaps, God is using the Russians to again bring us to our knees and to make our young people—who have had things pretty easy—stop, look and listen. At any rate, I am an optimist and believe that whatever happens, those who do their best from day to day have nothing to fear.
