

MAYBE IT'S O.K. — BUT!

It was with a bit of distress when we read in The Plymouth Mail last week that six of the veteran employees of the city had been laid off because they had reached the age of 70. All of these men were in good health, able to do the work to which they had been assigned, were regular in the performance of their duties and will doubtless be able to do a good day's work for many years to come.

Now because they are 70 years of age they are told that they can no longer work for the city of Plymouth—and at a time when the help situation is fast reaching a critical stage.

If these men go to some factory employment office they will be told by some young fellow that they cannot be employed because of their age. No, you cannot blame the city officials. It's the "law".

Will some crack-pot of a New Dealer tell me what we are going to do with these elderly men who are thrown out of employment in order to make way for a lot of youthful loafers who have been reared with the idea firmly fixed in their minds that it is a duty to do as much loafing as possible and produce as little as possible for which they are paid? That is the real philosophy back of all New Deal-Fair Deal crack-pot thinking.

No, we do not mean to say that all young people are that way—but unfortunately too great a percentage do have that concept—all gained out of teachings of hate, graft and corruption spawned by the brand of policies that have emanated out of the counties of the ward-healing type of politicians who have kept this glorious nation in a turmoil from the day they gained power through one of the most deceptive election campaigns conducted since the beginning of time.

Now we have laws which keep both young and old from working. A boy under 18 years of age must get permission from some bureaucrat before he can go out and earn an honest dollar. Older men are just kicked out of jobs without any ceremony whatsoever.

Maybe it is all O.K.—but here is one person who has had to work pretty hard during an entire lifetime and is most thankful that he had the opportunity to do so. If these crackpot policies under which we are living today are not changed within the next few years you can bet your last dollar that we will all revert to a race of nomads, living as do the Chinese peasants. And don't think for a minute that this is any idle suggestion.

IN KEEPING WITH THEIR TYPE.

It should not surprise any one to know that Harry The Hater had a sneak stenographic report made of his talks with General MacArthur when the two met on Wake Island. Such a procedure is in keeping with this type of ward-healing politicians. Now that he has told the public all that General MacArthur said, wouldn't it indicate at least a bit of fairness if the top-honor graduate of the Pendergast College of Ward Heeling Political Science revealed to the public just what he said? But who cares anyway about anything he says.

CONGRATULATIONS—AND GOOD LUCK.

Had the opportunity a few evenings ago to inspect the new plant of the Royal Oak Tribune, just completed and opened for operation. Editor Floyd Miller and his brother, associated with him in the publication of The Tribune, can now justly claim that they have one of the most complete and best arranged daily newspaper plants in the country.

During the years that they have owned The Tribune, they have built it from a small and somewhat insignificant publication into one of the best daily newspapers in Michigan.

We congratulate them upon the success they have so far won and wish for The Tribune publishers all the good fortune that the prospective turbulent future holds for a troubled America.

FOLLOWING MACARTHUR'S ADVICE.

There is every indication that the Washington political nit-wits who fired General MacArthur are now following out the program in Korea that he had recommended, and for which he was dismissed.

Let's permit David Lawrence, famed American Washington newspaper editor, to tell you about the situation. The following was taken from last week's issue of The United States News and World Report:

"Out of the argument, the sound and excitement, a few facts seem clear:

"War in Korea cannot be won by U.N. under existing rules. Communists, alone, enjoy an opportunity in Korea to try for a real decision.

"Rules, explained publicly to the enemy, permit U.N. forces to move only a few miles above the middle of Korea. The same rules permit Communists to drive U.S. troops into the sea, if they can. Rules, under which U.S. troops fight, are influenced by other nations that supply few troops of their own.

"Casualties, taken largely by Americans on the U.N. side, can go on and on. U.N. troops are permitted to advance a limited number of miles. Then Communists are permitted to build their forces to push the U.N. back. After that, the U.N. makes another limited push, then waits to be pushed back.

"It all can go on forever unless or until the rules are changed.

"Actually, the rules will gradually be changed as MacArthur wanted.

"Communist armies will be stopped, cut up. Communists,

Drive Goes On For Funds To Aid Area Blind

The small white cane which can be seen on the coat lapels of residents means that these citizens contributed to the campaign of the Lions club for funds to aid the blind.

White Cane Week continues through this Saturday, but citizens may still donate to the drive. The Lions club uses these funds to purchase white canes for the blind and to conserve the sight of needy individuals.

In the past, the Lions club has provided persons with glasses, eye examinations, and treatments. Last week, a baby whose eyes were crossed, was given an operation and the Lions club paid all expenses. The baby is expected to have normal eyesight now.

Lions members report the drive which started on May 6 is going slowly, and they urge all citizens, who have not contributed to do so.

Rockwell Smith, Lions member, leads the group in obtaining contributions, and he is followed by Robert Smith, who has the second highest contribution.

White canes can be obtained from all Lions members and contributions may be mailed to the Lions club, Box 72.

Lions members are hoping to double the \$400 contributed last year during White Cane Week. The Lions club wish to remind Plymouthites that it is only through their help that they can help the blind in the area and individuals who need care to conserve their sight.

Theft of Tires Alarms Police

Thieves broke into the garage of Milton Miller, 556 N. Mill street, last Wednesday, May 2 and stole his spare wheel and tire. The trunk of his car was pried open.

This type of theft has occurred frequently here in recent months, as well as in neighboring cities and towns. Police Chief Carl Greenlee believes the thieves are out-of-town people.

Plymouth car owners should be on the watch for such robbery and report any loss immediately to the police department.

Reverend Miller Leaves St. John's For Flint Church

The Reverend Alexander Miller of St. John's Episcopal church announced his resignation Thursday evening at the church. Rev. Miller has accepted a call from Christ's Episcopal church in Flint. He and his wife, Dorothy, and 4-year-old son, Jon, will move to Flint June 1.

In January of 1948, Reverend Miller came to St. John's church after graduating from Berkeley Divinity school in New Haven, Connecticut. Previously a layman had conducted the services at the church and a full schedule of services were not held until Reverend Miller's arrival.

Before making his home in the newly purchased rectory at 185 Blunk street, Reverend Miller made his home in Ann Arbor.

The installation of Reverend Miller as St. John's first full time pastor marked a year of expansion for the Episcopalians. The church was remodeled, and an organ, pews, and facilities for activities in the basement were installed.

Reverend Miller has been active in Plymouth's Ministerial Association and has appeared as guest speaker for many organizations.

Big "Doings" All Set For Livonia This Week-end

Beginning this week Friday and continuing through Saturday and Sunday at the Michigan Association Race track grounds on Schoolcraft road, the Livonia Rotary club is staging what promises to be its biggest and best carnival—an event conducted for the purpose of raising funds for the various youth activities of the newly created city of Livonia.

Friday has been designated as Plymouth day—and when the big parade ends that will circle much of the expansive territory of the new city, the fun will begin at the racing center. And think of it—everybody is invited to attend, including all the kids you can take along.

There will be every kind of entertainment the Livonia Rotarians have been able to get—entertainment that the youngsters, the young folks and even the old folks will enjoy to the fullest extent.

Chairman Clarence Jahn is highly pleased with the success of the club in getting all kinds of entertainment for the afternoons as well as the evening entertainment. And there will be plenty going on Friday, Saturday and Sunday afternoons and evenings.

There will be 15 different kinds of "rides" for the children. There will be dances, a big carnival, horse shows, pony rides, everything under the sun that will provide good, clean entertainment. It's a three day show that Chairman Jahn says "will hit just the spot for everybody."

Hail Showers in Scattered Areas

A hail storm struck scattered areas in Plymouth Thursday afternoon, but no damage resulted. Owners of greenhouses report that windows were not broken, even though the hail came down in torrents. The particles of ice were described to be the size of small peas.

The storm was so bad and visibility poor that school buses carrying students to their homes had to stop along the road side. The neighboring community of Northville was struck hardest with hail and a tornado breezed through Fowlerville.

Arising quickly and unsuspectingly on a beautiful Spring afternoon, the thunder and hail storm caught many Plymouth residents off guard, and in an hour it was all over.

Mr. I. C. Tillotson is seriously ill at his home on Warren road.

Nobody But Mother

Nobody knows of the work it takes To keep the home together; Nobody knows of the steps it takes, Nobody knows—but mother.

Nobody listens to childish woes. With kisses—only mother; Nobody's pained by naughty blows, Nobody—only mother.

Nobody knows of the sleepless care Bestowed on baby brother; Nobody knows of the tender prayer, Nobody—only mother.

Nobody knows of the lessons taught Of loving one another; Nobody knows of the patience sought, Nobody—only mother.

Nobody knows of the anxious fears, Lost darlings may not weather The storm of life in after years, Nobody knows—but mother.

Nobody kneels at the throne above To thank the Heavenly Father For the sweetest gift—a mother's love, Nobody can—but mother.

Take Plymouth Blood May 21 for Wounded in Korea

Next visit of the Red Cross bloodmobile to Plymouth is scheduled for Monday, May 21, which happens to be the 70th anniversary of the founding of the American Red Cross by Clara Barton.

Donor facilities will be set up in Masonic Temple, and because of the simple significance of the day, officers of the Plymouth Branch are hoping for a better response than usual from local residents.

Prospective donors may enroll with Mrs. Henry R. Penhale, 985 Roosevelt, branch chairman, or Mrs. John Bickensstaff, 968 Penniman, newly appointed chairman of the local blood program. At least 150 pledges are required, but it is expected that a much larger number will respond.

Because blood for American casualties of the Korean war still is urgently needed, donors who wish their contributions to go to the Armed Forces may so designate. The balance will be credited to the community blood bank, which may be drawn on as needed by residents of the area.

Officials of the Red Cross Regional Blood center for this area are in receipt of an unusual letter from a donor, who expressed surprise at being thanked for giving blood.

"I am the one who is thankful," he wrote. "I am thankful to those who created this magnificent institution through which I can indicate a degree of awareness of my civic responsibilities. I am thankful that some of my fellow beings take time to implement the program by direct service to the local blood program. I am thankful that those volunteers employ highly competent people to give standing and added value to all Red Cross programs.

"Perhaps one day my blood in others' veins will help build a beautiful church, will help write a lovely tune or enable a boy to whistle on his way to school, will restore a mother to the family circle, will improve race relations, will lift up the head of a boy in Korea.

Find Stolen Car In Colorado

An automobile stolen from Mr. Elzie French, 9423 S. 10th, on April 20, was recovered last week in Denver, Colorado. Arrested in the car were three young escapees from the Detroit House of Correction.

The car was stolen from the parking lot at Allen Industries where Mr. French is employed. The wires had evidently been crossed to start the car.

"I parked the car at 2 p.m.," said Mr. French, "and at 11:20 that night it was gone. However, I looked out and saw it at 5:00 p.m. so it must have been stolen between 5 and 11:20."

The car was badly damaged when found and will not be returned. Mr. French will be reimbursed by his insurance company. The three youths will probably not be returned to the House of Correction, according to Police Chief Greenlee, as taking the car across state lines brought them under federal jurisdiction. One of the youths is said to have been convicted of automobile theft before.

Vandals Cause Damage in Riverside Cemetery

Vandals have been busy in Riverside cemetery. It was discovered Monday morning that mausoleum windows had been broken by high powered rifle pellets and beer bottles had been strewn about. Several urns were broken by the hoodlums.

Lauds City for Its Liberal Aid to Crippled Tots

Russell M. Daane, chairman of the Crippled Children committee of the Plymouth Rotary club, reports that \$2,360.00 had been contributed to the 18th Annual Easter Seal sale by the people of this community.

A mail campaign consisting of 4,200 letters, handled as a project by the students of the typing classes under the direction of Mr. Edgar W. Brown, brought in \$1,777.00. The school children contributed \$70.56 to their less fortunate citizens of school age. Thirty-five school children, under the direction of the Rotary Anns, raised \$512.62 selling paper lilacs on the streets of Plymouth March 7. The members of the Rotary club, proving that they give their project both physical and financial support, contributed \$450.00 of the \$1,777.00 that came in through the mail.

Warm thanks on behalf of the community's crippled children was expressed today by Mr. Daane, for the local participation and to the many school children and other workers who contributed time and effort to make the drive a success. "Our neighbors have shown that they are anxious to lend a helping hand to those who are less fortunate; for that, we are sincerely grateful."

Local funds will be utilized for services by the Wayne Out-County Chapter for crippled children in providing transportation to treatment centers, home teaching, appliances, and vocational training.

If you know of children that are in need of services available through the local chapter, please communicate with Mrs. Herma A. Taylor, executive secretary. The chapter office is located at the Wayne County Health Department, Eloise.

Dogs to Get Shots at Canine Clinic

Line up Rover—it's your turn next! Be brave it won't hurt—much.

This is what a fond dog owner will probably tell his pet pooch at the Dog Clinic, which is slated for Thursday, Friday, and Saturday at the Fire Hall, 167 S. Main street.

Dog owners may bring their pets to the clinic and have them vaccinated. The licenses may also be purchased at that time.

The clinic will be open today and tomorrow from noon to 8 p.m. Saturday's hours are from 10 a.m. to 4 p.m. Dr. Ted Cavell is in charge.

Last year's licenses expire on May 30. At that time a house-to-house canvass will be conducted by police and tickets will be issued to dog owners who have not purchased licenses.

A stiff penalty of \$50 can be given to the owners of a licenseless dog.

The dog population of Plymouth last year according to the number of licenses sold was 390 dogs. However, Manager Albert Glassford estimates the dog population to be closer to 1000.

Fire Burns Car, Garage of Reverend Clifford

A garage containing a 1950 Chevrolet went up in smoke late Wednesday evening. The garage was owned by the Reverend Patrick Clifford of 481 Pacific street. Firemen estimate damage at \$2,500.

Cause of the blaze is unknown, but firemen believe it was due to faulty wiring in the garage. The fire department used both trucks to fight the blaze which began at about 10:30 p.m. The trucks returned at 1 a.m.

Food Handler's License Denied to Restaurant

A food handler's license has been denied to the A & B Cafe, 147 Plymouth road. The owners, Alfred and Betty Hoadley, failed to pass the county inspection required by law.

Consider Buying Voting Machines

City commissioners asked City Manager Glassford to contact salesmen of voting machines and ask them to give demonstrations soon. The commissioners were considering buying two machines for precinct three which contains over 1000 registered voters.

When a precinct reaches 1200 voters, the precinct must be split up unless voting machines are installed. Then the limit is set at 1400.

Precinct three covers Adams, Harvey, Ann, Blunk, Williams, Irvin, Arthur, Pacific, Evergreen, Auburn, Sunset, Theodore, Farm-er, Blanche, Junction, Goldsmith, Karmata, North side of Penniman and the North side of Church street.

GREETINGS were presented by Perry Richwine and Harold Shirey to Mrs. J. Marshall, Lord Mayor of Plymouth, England. Left to right are Mr. Shirey, Mr. Richwine, Mrs. Marshall, Mr. Phillips, Burrough's representative, and Mrs. Richwine. For story see page 3.

Time Left to File Petitions For School Board

If you have any desire to become a candidate for the highly important position as a member of the Plymouth school board, you still have time to qualify.

Due to misinformation, it was stated in the last issue of The Mail that the final filing date for petitions would be May 10. The date should have been May 22.

So it will be seen that there is plenty of time for one to give the matter consideration and decide whether you would like to try out for a place on the school board of one of the fastest growing school districts in Michigan.

Already three applications have been made for petitions. Mrs. Eleanor Balfour, wife of Dr. H. C. Balfour, Roy Lindsay and Warren Smith have taken out petitions. It is also possible that petitions may be taken out for Mrs. Peter Miller of Ann Arbor Trail, Mr. Smith, who is employed as an engineer in Wayne, has served as president of the Central PTA and is now president of the George A. Smith school PTA. Another group is strongly urging Mrs. Robert A. Willoughby to become a candidate.

There are two members who are retiring from the school board, President Robert Welby and Mrs. Marian Morrow, who is serving as secretary of the board. The final date for filing petitions is Tuesday, May 22.

Trailer Breaks Loose, Hits Rev. Miller's Car

A loose trailer hitch gave Reverend Alexander Miller a close shave last Friday. Driving along Farmer street, Reverend Miller passed a car and trailer driven by David Smith of Oak Park, Michigan.

As the two vehicles passed each other, the trailer broke loose and struck the left side of Reverend Miller's car. He was not hurt, Mr. Smith was given a ticket for using unsafe equipment.

School Stages Round-Up Tuesday, May 15

Mothers will have the opportunity to bring their children who are entering school in September to meet teachers and register the new pupils for kindergarten at the Spring Round-Up at Central Elementary school Tuesday, May 15.

The school nurse will be present to inform mothers on how to prepare their children physically and mentally for the new experience of school. The first round-up was held at Starkweather school, May 8. The round-ups are held from 9 a.m. to 3 p.m.

Another round-up will take place at the George A. Smith on May 22.

Commission Approves Sunset Blacktopping

Blacktopping on Sunset street between Penniman and Blanche was approved by the city commission last Monday evening. The streets will be blacktopped as soon as funds permit it. Until then, the streets will be treated with an asphaltic layer to settle the dust.

The commissioners approved the installation of curb and gutter on Sunset between Blanche and Farmer, and residents must now obtain waivers from citizens that block in order to have it done.

Underground Springs Cause Difficulties at School Swimming Pool

Despite the trouble caused when five springs of water developed in the excavation for the swimming pool in the addition to Plymouth High, progress is continuing, said Fred Coverdill, superintendent of construction.

At a cost of \$8000 to the Ross Construction company, an electric sump pump was installed to drain the water. It will eventually be placed in the pump room of the pool when permanently located. The addition will be completed next February, said Mr. Coverdill.

Begin First Aid Class

A Red Cross First Aid course was completed Tuesday evening with 20 members finishing the course. Another class will be started in the near future. Persons may call Mrs. H. Penhale at 252-W to register.

There is no charge for the course.

Fear Epidemic - Ask Parents to Report Ailments

Fearful that some parents might be unconsciously asking trouble for themselves, a warning has been issued that they immediately report to their doctors cases of measles, mumps or other childhood diseases said to be prevalent in some sections of the city.

Aked if he had received any reports of these cases, as is required by law, Health Officer Dr. Barber said he had not—and at the same time he urged parents to call their physicians if children are ill.

It was pointed out that serious epidemics might result from these unreported cases and it is for that reason that parents are urged to consult with their family physician as soon as their children show signs of illness. It is a gross violation of Michigan health laws not to report contagious diseases.

Commission Appoints Three Men to City Posts

The city commissioners made the following appointments at their meeting last Monday evening: Charles Garlett was reappointed as City Treasurer and Clifford Swarbrick will serve another term on the trial board.

Electrical inspector of the City Hall, Charles Thompson was appointed as heating inspector.

Attorney Leaves For Active Duty

Attorney-at-law Clifford H. Manwaring will leave for 90 days of active duty with the U. S. Air Force on May 15 to August 15. Mr. Manwaring, who was a major in the last war, will take a General Judge Advocate course, at Maxwell Air Force Base, Montgomery, Alabama.

Mr. Manwaring served in England, Africa, Italy, France as an ordinance officer. Graduating from the University of Michigan before the war, he received his law degree on the GI Bill at the University of Detroit Law School.

At the Air Command and Staff School in Alabama, Mr. Manwaring will study military courts, civil suits, administration of the Air Force, and all legal phases within and without the Air Force. The Plymouth attorney will close his office at 274 S. Main for the 90 day interval.

To Erect Building For 3 Stores on Ann Arbor Trail in Few Weeks

Construction will be started in the immediate future on a new building that will house three stores on West Ann Arbor trail just west of the Mayflower hotel, approval having been granted by the National Production Authority.

The site was formerly occupied by the Swanson Service station which has been moved to South Main street.

According to John F. Metczek of 7313 Hartwell avenue, Dearborn, who purchased the Swanson site and is now removing the service station, the new building will be about 60x76 and face Ann Arbor trail, although for the store running alongside Forest street, there will be display windows on both Ann Arbor trail and Forest.

Thomas Moss is rushing through plans for the new building, the contractors being the well known Detroit builders, Worsick & Roswarski. It is understood that all materials have been made available.

The structure will be divided into three store spaces, with the latest in modernistic fronts. Each store space will be about 20 by 76. The site is about 80 foot square and one of the most desirable in that part of the city.

Simmons Moves to New Location

Simmons' Jewelers will move from their location on 842 Penniman to the city building on Main street, next to the site of the S. S. Kresge dime store, on June 1.

Robert Simmons, owner of the jewelry store, states that the new location will be more advantageous and convenient to customers. In addition to lines of watches, silverware, jewelry, glassware, rings, and greeting cards, Mr. Simmons says the store will also add crystal to the merchandise.

The new location also contains more storage space thus facilitating the presence of greater reserves of merchandise and dry storage space for crystal.

The city will make some repairs on the city building and Mr. Simmons plans to install a large window facing Main street.

Wish to Return Unknown Baby Boy's Photograph

All of the baby pictures, which were displayed in Taylor and Blyston's windows for the popular children's contest sponsored by the Starkweather Mother's club last month, have been given back to the parents except one.

The picture of a blond and blue-eyed baby boy dressed in blue rompers could not be returned to his parents because they were unidentifiable in the photograph. If the baby's parents would like to have the picture returned, they may call Mrs. C. K. Hirschlieb, phone 663-R.

City Gets Ready To Honor Moms

Plymouth mothers will be honored this week with banquets, flowers, gifts, and special Mother's Day church services on Sunday.

Banquets will be staged throughout the week by the Lutheran, Methodist, and Presbyterian churches for mothers and daughters. Churches in the area will give sermons on Mother's Day in honor of the mothers.

Many of Plymouth's mothers will receive gifts of flowers, report the managers of greenhouses. The majority of moms will wear the traditional carnation corsages according to the orders coming in from sons and daughters.

Also popular gifts for mothers are quaint dish gardens, pots of geraniums and other plants. Merchants throughout the city are featuring presents for mothers and they are offering gift ideas to bewildered sons and daughters who do not know what to buy their moms.

Mother's Day which began in May, 1907, in Philadelphia is now a national and international holiday observed from Plymouth to the South Sea islands.

A Philadelphia, Miss Anna M. Jarvis believed that at least one day should be set aside to show appreciation to mothers for everything they have done for their children. One Sunday in May, she made the arrangements for a special mother's service and she asked those attending the service to wear a carnation. The idea quickly spread and the day was made official by Congress in 1914.

Boy Fails to Find Pet in Plymouth's Dog Pound

"Mister, have you seen my dog?"

This age-old question was asked by a very anxious and worried lad last week, who walked the streets with his father looking for his pet. The boy's puppy was important to him as pets have always been to millions of boys.

The dog did have a collar and license, but as dogs will do it slipped through the collar and took a stroll to see if the world was really going to the dogs.

The father and his son were told to inquire at the dog pound, which is located at 93 Ann Arbor road. They found only one dog there. It wasn't the boy's pet.

Dr. Ted Cavell, veterinarian, stated that only three dogs last month were brought by the police to the pound.

Wonder what happens to the stray dogs in Plymouth? A city official estimated there are

around 1000 dogs in the city. Yet very few of them reach the dog pound, where owners might pick them up or citizens who might like pets may purchase them by paying only the nominal impounding fee.

The police chief, Carl Greenlee states they pick up stray dogs and take them to the pound.

However there have been reports that dogs are shot almost as soon as they are picked up. City officials say a common grave is dug for stray dogs and they are then shot, after being placed in the dug-out.

It is also known that the Michigan Humane Society has been keeping its eye on Plymouth. Not too long ago a woman saw a policeman shoot a dog in an empty lot. She called the Humane Society who came out to investigate and it has been said by interested persons that the Society is still concerned in the welfare of Plymouth dogs.

Owners of dogs in the city are given protection when they purchase a license for their pets. A dog with a collar and license can be returned to its owner when found.

However there are many cases when a canine will slip through its collar and take to the streets. The owner of that dog should have the assurance that he need only go to the dog pound and his pooch will be waiting for him, say dog owners.

If a citizen should lose his dog, he may go to the pound, and if the dog is there, payment of a \$2.50 impounding fee will release the dog to him. If the dog does not have a license or vaccination according to city ordinance, they must be obtained before the dog's release.

Residents see stray dogs on the streets frequently and the police department gives assurance that they are on the job and pick up the dogs.

But it is very strange that there are very few dogs in the pound, say owners who have lost dogs that are properly licensed.

Local News in Brief

Mrs. Emma Burgess of Flint visited her sister, Mrs. Allen Bernash and family of North Harvey street over Sunday.

George Holstein of Rose street is recovering from a hip operation of a week ago at St. Joseph's hospital.

Mr. and Mrs. James Thrasher and son, David, Clara Sinta, and J. C. Barnes attended the Tiger-Yankee ball game in Detroit on Sunday.

Don't forget the V.F.W. Auxiliary bakesale being held tomorrow, Friday, May 11 in the Beyer Rexall Drug store on Forest avenue from 10 a.m. to 7 p.m.

Mr. and Mrs. Edwin Ash of Haggerty Highway were Saturday evening guests of Mr. and Mrs. Dean Honsinger in Northville.

Mr. and Mrs. Herman Tritten have returned to their home in Brothen in Manistee County after spending 10 days with their son, Jesse Tritten and family of West Ann Arbor trail.

Mrs. Peter A. Miller of Russell street entertained at Sunday dinner for Mr. and Mrs. Arthur Watters and children, Mary Therese, Ann, and Brian David of Grand Haven and Peter Ralph Miller of West Ann Arbor trail.

Mr. and Mrs. William Wood were guests over the weekend of Mr. and Mrs. Horace Johnson at their summer cottage near Glennie. Mrs. Johnson and Mrs. Wood remained in the north until late this week, when they returned home.

Mr. and Mrs. Lawrence Burgett of Robinson Subdivision entertained 20 guests at dinner on Sunday honoring their son, Jimmy on his 12th birthday. All his uncles and aunts were present coming from Detroit and Plymouth.

Mr. and Mrs. Fred McAllister of Kalamazoo and Mrs. Nora McAllister of the same city were recent guests at the home of Fire Chief and Mrs. Robert McAllister of Plymouth. Mrs. Nora McAllister, grandmother of Chief McAllister, will remain in Plymouth for sometime. Fred McAllister is a retired fire chief of Kalamazoo.

Daisy Hornback, daughter of Karl W. Hornback of Shearer Drive, on her trip to Washington, D.C. with the senior class last week, met and talked with an uncle whom she had never seen. The uncle, Harry Hornback, works for the Economics Corporation Administration in Washington. The family knew he was in Washington, so Daisy looked in the telephone directory and found his name. She called him and in a short time he was at the hotel where Daisy was waiting with her girl friend, Norma Helm of Plymouth.

Apples still top the fruit list, with abundant supplies of canned applesauce as well as the fresh fruit. In fresh vegetables it's Irish potatoes along with lettuce at fairly reasonable prices resulting from the spring harvest in Arizona and California.

If cooking time is limited, plan a broiler meal. The broiler meats include beef steaks, lamb or beef patties, bacon, Canadian-style bacon, ham slice or lamb chops. But don't hurry broiling! Moderate temperatures give the best results. Arrange the broiler rack so that the top surface of the meat is 2 to 3 inches from the heat.

Wild Flowers Blossom Forth in Nearby Woods

Spring which is beginning to put on her big blossom and flower show around Plymouth can be seen in full glory in nearby woods.

"Although wild flowers are becoming rare, Plymouth is fortunate to have a few areas where fragile, woodland flowers can grow," stated Ross E. Hedrick, Plymouth High school biology teacher.

The woods are filled with wild violets, buttercups, hebearts, May apples, blood root, Jack in the Pulpits, and lilies. As the warm weather continues, more and more wild flowers can be seen.

If one really searches, said Mr.

Hedrick, the lady's slipper, a member of the orchid family, can be found. The delicate yellow flower makes its home in low, damp and shady places. The lady slipper is also known in scientific circles as cypripedium acule.

Another "flower" that prefers to grow in moist areas is skunk cabbage. The plant doesn't smell sweet under its scientific name of Symplocos foetida. Growing in clusters of leaves, skunk cabbage possesses yellow blossoms. Needless to say it derived its name from its unpleasant odor.

One of the first woodland flowers in Spring is the Jack in the Pulpit or Arisaema triphyllum.

lum. This flower sports a purple blossom.

If a woodland stroller should happen to see delicate white and pink flowers, the chances are that it is blood root or sanguinaria canadensis.

"The most well-known wild flower is, of course, the violet," said Mr. Hedrick. Now cultivated in practically every garden, violets blossom out in yellow, white, blue, and various shades of purple.

The most important characteristic of the violet is indicated in its scientific name of Viola odorata, for this blossom carries a sweet odor.

Dog tooth violets or adder tongues can also be seen now with large yellow spotted blossoms. Dutchman's breeches which possess yellow and white flowers can be seen in the woods if one is lucky. More abundant are violets, American cowslips, and May apples.

May apples can be easily recognized by their umbrella shaped leaves and they grow in 25 to 30 foot wide patches.

If one should see small blue and bell shaped blossoms, the flower is probably a harebell. Wood lilies can be recognized by their colorful orange blossoms and contain many yellow and red flowers.

Mr. Hedrick offers several suggestions to wild-flower pickers, which if followed will conserve wild flowers so there will be some left for next Spring.

First of all, Mr. Hedrick advises pickers not to strip a patch completely of all its flowers. Leave some blossoms for other nature lovers to enjoy.

Also a considerate person will not step all over the fragile flowers. When picking flowers, stems need only be pinched for if the stem is pulled tender roots will be pulled up too.

Since wild flowers wilt rapidly, Mr. Hedrick advises that people who would like to gather a bouquet on an outing or picnic wait until they are about to leave before picking.

More wild flowers might also be conserved if parents caution their children not to pick more flowers than needed.

The conservation of wild flowers and the retention of beauty in our forests will be assured if we all follow these rules, states Mr. Hedrick.

The biology instructor has lived in Plymouth for ten years, and he resides on 401 Irvin street with his wife and two children.

Water Case On "Europe Is Not Worried About War" - Richwine

The law suit to decide the future of Plymouth's water supply is being tried in Judge Vincent Brennan's Circuit Court after a long delay.

The suit is being brought by the Northville Sand and Gravel company to break a township injunction forbidding them from carrying on gravel operations on their property which adjoins the Plymouth well fields.

Experts have expressed opinions that such operations might interfere with the water table and flow and have a harmful effect on Plymouth's water supply.

City Attorney Harry Deyo has been calling witnesses to establish the value and necessity of the property to the city and home owners near the area who are opposed to the gravel company's plans.

Other witnesses have testified as to the importance of Plymouth's water supply in case of an atomic raid on Detroit. In such an event the two million residents of Detroit would have to depend on outlying areas for water.

Plymouth's water, being from an underground source, would not be subject to pollution and would be of great value.

City Manager Al Glassford was in court Tuesday and testified as to the city's investment in the water supply. It is estimated at over a million dollars.

Elza Baker Gets Picture in The C & O "Tracks"

Elza Baker who for 32 years has been employed by the Port Huron and C & O railway lines, now serving as a flagman at the Starkweather avenue crossing near the depot, had the distinction recently of having his picture printed in the interesting C & O publication "Tracks," which goes to every employee of the railroad.

Local Boy Receives Scholastic Honors

Robert C. Perkins, son of Mr. and Mrs. John G. Perkins of 11414 Cranston, a senior at Albion college, has just been named to the Dean's list at Albion, a coveted scholastic recognition. The list, published by Dean Emil Leffler, commends the high academic standing of 134 of Albion's more than 1100 students.

Bake large potatoes, then cut lengthwise and scoop out. Mash, season, and add just a bit of onion. Refill the halves, then top with two cooked sausage links. Serve with plenty of cream gravy made with the rich sausage drippings.

"While America is building guns, Europe is constructing houses," said Perry Richwine, who returned with Mrs. Richwine last week from a seven week European trip.

Europeans are entirely uninterested in the subject of war and they never mention it unless an American brings it up first," continued Mr. Richwine.

The Plymouthite related that a Swiss businessman told him the Russians would not wage war. "If Russia were going to start a war, she would have done so before the United States began rearming," Mr. Richwine said. The Swiss told him this was typical of the attitude of all Europeans the Plymouth resident met.

Do Europeans like Americans? In answer to this question, Mr. Richwine said he discovered many reactions. In Switzerland, Mr. Richwine stated that the people have a high regard for us and make Americans feel welcome.

"But in England, Americans are tolerated for their dollars," the former traveler added. In discussing conditions in Europe, Mr. Richwine commented that all of the countries are getting along a great deal better than reports from Europe would indicate.

Under the Marshall plan in Holland, homes have been constructed that are far above American standards. Mr. Richwine said, Trains in Switzerland are of the latest design and far outshine American trains, he added.

Food was ample everywhere except in England. Meat was the most scarce item there.

Plymouth, England, is very different from our city, said Mr. Richwine. During the last war, 15 percent of the city was destroyed, and the community is now engaged in a modern building program.

In his travels to France, Holland, Switzerland, Germany, Ireland, and England, Mr. Richwine and his wife visited many famous places and historical landmarks.

Mr. Richwine made up all of the Rotary club meetings in Europe that he missed here, keeping a perfect attendance record.

Mr. and Mrs. Richwine sailed for Europe on March 20 and returned to Plymouth on May 2.

WHAT I THINK AND HAVE A RIGHT TO SAY

(Continued from page 1)

going back next time, are not likely to be allowed to rebuild their strength unmolested.

"Bombing of Chinese bases is nearer than it was. Blockade is likely to be forced. Idea that non-Communists should go on supplying China with 20 to 30 shiploads of supplies a week, plus all that moves through Hong Kong and Macao, so that Communists can be able to fight better, won't always sit well. General MacArthur didn't like that - supplying an enemy with means to kill.

WHAT THE FAKERS WILL DO.

It appears that the mess of fakers in Washington who are trying to smear General MacArthur are willing to go to any length to accomplish their purpose.

It may look on the surface to be just a little thing, but a newspaper dispatch in last Friday's newspapers pointed out how some one in a high up position in Washington had changed the wording of General MacArthur's address when it was printed in the Congressional Record—a historic document that is kept forever in the files in most public libraries.

Here is the little but highly important statement. General MacArthur said: "operations against the common enemy."

This is the way the fakers changed the wording to read: "operations against the Chinese mainland."

It doesn't look important—but it IS important, because the Truman mobsters have been trying to make it appear that General MacArthur wanted American troops to invade the mainland. All that General MacArthur has ever recommended was a BLOCKADE of the Chinese coast, as every one knows who has followed his statements carefully.

Factory Burns Down in Canton Township

Although five fire departments fought the fire at the Wayne Foundry and Machine company at 42046 Michigan avenue in Canton Township, the large plant was entirely destroyed Wednesday morning. Plymouth, Ypsilanti, Van Buren, Wayne, and Canton townships fire departments joined together to fight the flames, but the factory burned to the ground.

Salem School to Stage Pet Show

Dogs, cats, pigs, ducks, geese, chickens, lambs, rabbits, squirrels, and perhaps even a skunk if it's deodorized may be entered in the Pet Show put on by the Salem school Friday, June 1, at 7 p.m. on the school grounds.

Children from neighboring schools are invited to enter their prize pets. The only requirement is that the pet must be shown on a leash.

The six classes are: boys under 8, girls under 8, boys from 8 to 12, girls from 8 to 12, boys from 12 to 16, and girls from 12 to 16. A prize ribbon will be awarded to each winner and a prize will be given to the boy and girl doing

the best job of showing their pets. The pet show is free to all spectators. A refreshment stand will be put up by the Salem Browns.

Mrs. George B. Noll, who has exhibited pure bred dogs, cats, and horses will superintend the show.

A judge will be present from the American Kennel club.

Grosse Pointe stages a pet show annually for the purpose of influencing children to take better care of their pets and to establish a more humane treatment of animals.

Prepare a pot-roast with a horseradish touch. When the pot-roast is browned, season with salt and pepper, then spread drained horseradish over the meat. Add 1 cup of water, cover tightly and cook until tender. Thicken the liquid for gravy.

Plymouth Fire Chief Takes Part in State Fire Fighters' Meeting

Robert McAllister, Plymouth's fire department chief, accompanied by Kenneth Voss, a member of the department, recently attended sessions of the Fire Department Inspectors Institute held in East Lansing and conducted by the Michigan State College.

Not only did these two representatives of the Plymouth department attend the sessions, but Chief McAllister was given a place on the program for one of the panel discussions.

Some of Michigan's best known fire fighters took part on the program, with Arnold Renner, chief of the fire bureau of the state, leading many of the discussions.

Band Parents Schedule Business Meeting

The Band Parents' Association will hold a meeting, Wednesday, May 16 at 8 p.m. in the Central Grade school gym. The program for the evening will be election of officers, ratification of the constitution and awarding scholarships for music clinics.

All Band Parents, band students and interested persons are invited to attend. The last meeting of the year, a picnic, will be held on June 6.

Don't be fooled by "LOOK-ALIKES"

LOOK FOR THIS SYMBOL OF QUALITY WHEN YOU BUY PARTS

It's easy to fool the eye but hard to "fake" performance. That's why it will pay you to look for the IH Symbol of Quality on the part you buy... for precision engineering... high standards of quality... perfect fit... longer wear. Don't take a chance on "look-alikes." Insist on the IH symbol to "Parts-Protect" your farm equipment investment... to get peak performance.

Last Rites Held For Mrs. Gates

Funeral services were held Saturday, May 5 at 2 p.m. from the Schrader Funeral Home for Mrs. Emma C. Gates who passed away Thursday, May 3 after a short illness at the age of 78 years.

Mrs. Gates resided at 4414 Joy road in Plymouth township. She has been a resident of this vicinity for the past 35 years.

Her husband, James Gates preceded her in death on June 17, 1950. Surviving are her son and daughter-in-law, Mr. and Mrs. Ross Gates of Plymouth.

Mrs. Gates was a member of The Old Glory Council No. 25, Daughters of America, and of the Grange 369.

Rev. Henry J. Walsh, D.D. officiated. Services were also under the auspices of the Old Glory Council No. 25 Daughters of America. Hymns were rendered on the organ by Mrs. Alta Woodworth.

The active pallbearers were Henry Ehrensberger, John Hauk, John Root, Matt Swegles, Samuel Spicer and Melvin Alquire. Interment was in Riverside cemetery.

Quite often when one is in a hurry to mail a letter, there will be but one stamp and it has no mucilage on its back. In this predicament all necessary is to moisten the mucilage flap on another envelope, run the stamp over the dampened part quickly, then place on the letter to be mailed.

The distinction between spiritual man and mortal man is discussed in the Lesson-Sermon to be read in all Christian Science churches on Sunday, May 13 under the topic "Adam and Fallen Man." The Golden Text is from Romans (5:19): "As by one man's disobedience many were made sinners, so by the obedience of one shall many be made righteous." Among the Bible citations is this passage, (Gen. 1:31 to 1st): "And God saw everything that he had made, and behold, it was very good." Exegetical passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (p.259): "In divine Science, man is the true image of God."

Rocks' Nine Win Over Wayne, 4-1

Behind the two-hit pitching of Rex Wooley, the Plymouth Rocks led to an easy 4-1 win over the Wayne Zebra nine, last Friday, May 4. Besides pitching a fine seven-inning game, Wooley contributed a fine-drive double to center field.

Brinks eluded a long drive to left field, which travelled into the bushes, but Jim was content to settle for a three-base hit. This strategic knock drove in the two PHS earned runs of the game, as the other two were covered with the aid of errors.

Three other Plymouth players made hits; singles by Travis and Sockow and a surprise out by Jacobus. Both of the hits that Wooley allowed the Wayne ball club were singles. Plymouth scored two times in the second inning and two in the fifth, and the other Wayne marker was collected in the sixth.

The last two Plymouth runs were put across when Finnegan popped a fly to Wayne's shortstop. After the put out he tried to catch Leaphar at second, but tossed the ball into right field and Leaphar scored behind Sockow.

Wayne's run was scored in the sixth inning. Fille got one of the five walks issued by Wooley and proceeded to steal second. After McKelien grounded out, Reagin hit the ball to Wooley, who did not know that the runner on second had taken out for third. Wooley got his man at first, but in the meantime the baserunner headed for home to score by sliding under first baseman Travis throw to catcher Huebler. This ended the scoring.

Wooley struck out five and Waltz combined to fan eight, leading batter on the Rocks' quad is Jim Brinks with two hits in four trips to the plate for a percent of 50. Ritter and Sockow each have three hits to lead in that department.

Plymouth improved greatly on home touting, but still made three errors. The team now has made 14 miscues. Tuesday the quad met Redford Union there and this Friday the team will battle Ypsilanti here.

Chiropractors Honor Nephew of Well Known Plymouth Business Man

Dr. Robert R. Willoughby of Ypsilanti, son of Mr. and Mrs. Jack Willoughby of that city, and nephew of Robert D. Willoughby, president of the Plymouth Rotary club and owner of the Willoughby Walk-Over shoe store of this city, also Earl Willoughby, who is associated with "Bob" in the Plymouth shoe store, has just been elected president of the Michigan Chiropractors Association. The convention was held in Saginaw and reports say it was one of the largest ever held by the organization. The honor is especially an outstanding one because of the youthfulness of the new president. The new president has been most energetic in the affairs of the organization for a number of years.

IN A CLOSE CHAMPIONSHIP race Plymouth Lumber and Coal bowling team came out on top in the Classic League. A Division in the Thursday night competition at Parkview Recreation. The team won in a contest with seven other teams. Left to right are captain Arthur Merryfield, Robert Wald, Bob Carl, Earn, Dale Johnson, and Claude Gebhardt.

Golfers Defeat Northville Four

Plymouth's Golf squad broke out of the debit column, last Friday afternoon, May 4, when it turned in a 22-stroke win over the neighboring Northville foursome.

This meet, played on the par-36 Plymouth Country Club course, found Bob Keeney leading the way for the Rocks with a fine round of 40, just four over par. Medalist on the opposing squad was Wick with a 44.

The Monday before, Plymouth met and was defeated by a sharp Ypsilanti links squad, 170-208. Medalists for this par-36 Wash-tonaw Country Club course were PHS's Keeney with a 51 and Ypsi's Hollyman with 40.

Redford Union played host to Plymouth on Tuesday, May 2, and chalked up 23-stroke win. The meet was held on the West-ern Country Club course and medalists were Keeney again with a 48 and RU's Lennox with 46.

Last Tuesday the Rocks met Bentley and Saturday, May 19, they will compete in the Regionals.

Is Your Dog a "Hero"? Then Here is a Contest For Your Pet to Enter

Entries for the Hero Dog Contest of the Oakland County Kennel Club All-breed Show, May 20, are being received from various parts of the State by E. A. Kraft, 5470 Telegraph road, Route 3, Pontiac. The judging panel to pick the winner of this contest which closes May 12, is composed of Harvey Barcus, "Detroit Press"; Don Gillies, "Detroit Times"; Guy Moates, "Pontiac Press"; Dayton Perren, "Royal Oak Tribune"; and Lyell Smith, "Detroit Free Press."

Contest rules are simple. A letter or newspaper clipping describing the heroic act of the dog is all that is required to enter. All expenses will be paid by the Club to bring the Winning Dog and its owner to the Show at the Detroit Artillery Armory, 1500 West Eight Mile road, Oak Park Michigan, where the award and trophy will be given.

The Club, this year, has less more space than in previous years for the comfort of the exhibitors, spectators and dogs, including additional parking space. More than sixty different breeds of dogs among the more than 500 entries are accepted by the Club.

GIRLS' SOFTBALL
Three teams from Ypsilanti, three from Plymouth, one from Northville and possibly one from Willy Vill's can announce this year's Girl's softball league activities. The next meeting for final arrangements will be held at 8:00 p.m. on Monday.

High School Thin Clads Defeat Redford Union, Clarenceville

By defeating two opposing high schools last week, the Plymouth High school track team earned their seasonal average of 200, which constitutes a 100 per cent win in dual meet competition.

At the first meet, dusted across the track at PHS and Redford Union battled throughout the 13 track and field events, Tuesday evening, May 1. At the finish the Rocks had slipped away with a close 22-17 victory.

At the edge in field events, where it collected 21 to PHS' 15, but in the track events Plymouth nearly doubled the Redford score. The Rocks tallied 27 markers compared to their opponent's 20.

The following Friday, May 4, the rocks fought a weak Clarenceville team and trounced them 24-15.

Plymouth seized first place in each event and garnered all but one of the place shots. Clarenceville had only five countable points in the field events, in which Plymouth totaled 21 and in the track events the Rocks finished with 93 points to the 19 gained by their opponent.

In the Clarenceville meet, the rocks set its best stride of the season. The high and low jumps were the best yet

and that meet marks the first time that pole vaulter, Allen Ottensman reached a height of 10'. Also it was the first time that Al Williams tossed the shot over 40'.

Tennis Meet Called Off

Because of inclement weather the tennis meet scheduled between PHS and Redford High, last Thursday afternoon, May 3, was cancelled. The two teams had no sooner squared off on the courts when a hail and rain storm started.

At present, the Plymouth Tennis team holds a one win, two loss card for a percent of 33.3. Two of the squads' meets were called on account of bad weather.

Mrs. Harland Hickerson of Walled Lake spent Saturday with Mrs. Harold Grimoldby of Marlowe street.

Mr. and Mrs. Gilbert Wasalaski and family of Brookline street spent Sunday visiting relatives in Bentley.

Mr. and Mrs. Charles Austin and Dale Anderson of Detroit spent the weekend in Clare.

Mr. and Mrs. Harold Grimoldby of Marlowe street spent Tuesday in Dearborn and were dinner guests of Mr. and Mrs. Herbert Evans.

Mr. and Mrs. Glen Guiffis and children of Vassar spent Sunday with Mr. and Mrs. Thomas Roberts of Elmhurst street.

On Wednesday evening May 2, Mr. and Mrs. Gilbert Wasalaski of Brookline street had as their guests Mr. and Mrs. John Wasalaski and family of Ann street and Dean Hamlin. The occasion being Mrs. John Wasalaski's birthday.

Their Friends and Neighbors

Private Dewayne Lee of Camp McCoy, Wisconsin, spent the weekend with his parents Mr. and Mrs. George Lee of Haggerty road.

Mr. and Mrs. Art Sprague and family of Canton Center road spent Friday in Dearborn helping Mr. Sprague's mother celebrate her 87th birthday.

Mr. and Mrs. John Vanhoy of Sheldon road returned Thursday from a three weeks vacation in Florida. While on their trip they visited Mr. and Mrs. Arlo Soth in Brodenton, Florida, and spent last weekend with Mr. and Mrs. Ray Lawson in Orlando. The Lawsons are former Plymouth residents.

On Thursday evening May 3, Mrs. George Lee of Haggerty road and Mrs. Roy Singleton of Gilbert street were co-hostess at a personal shower in honor of Barbara Bailey of Northville. PTA Group Holds Meeting Monday

Safety will be the subject of the program of the last Cooper PTA meeting for the school term on Monday, May 14 at 7:30 p.m. Officers will also be installed and members of the PTA executive board will give annual reports.

A first aid demonstration will be presented by the Senior J. G. 1 Boy Scouts and a film entitled "Danger is Your Companion" will be shown. William Bailey, post advisor of the Boy Scout troop, will comment at the film's showing.

Social hour with refreshments and coffee will be provided by the mothers of first graders. The hostesses to serve will be Mrs. V. Schroeder and Mrs. Thiemann.

"Ladies Night" Held by Plymouth Kiwanians

Wives and lady friends of Plymouth Kiwanians were honored at "Ladies Night" last Tuesday evening at the Presbyterian church. The ladies were treated to dinner and each lady received a rose.

Highlighting the program was a humorous talk by Dr. Willis Hunting, who spoke on a "Sea Going Cowboy." Dr. Hunting related his experiences aboard a ship bound for Europe after World War II when the passengers turned out to be cattle.

Make quick work of flouring meat slices, cubes or meat strips by using a paper bag. Place the flour with seasoning in the bag add the meat, then shake for a thorough coating.

Grange Cleanings

The Grange meeting of May 3 was well attended. As usual the supper was much enjoyed. After the business meeting the lecturer introduced the speaker of the evening, Mrs. Dugan, who gave us a very fine talk on her trip to Denmark and Holland last year. It was too bad that she did not get started until quite late so could not finish her talk.

Henry Ehrensberger showed two films of wild life pictures that were splendid.

The Charter was draped in memory of Emma Gates, a Golden Sheaf member who died on Thursday morning.

Our rug exhibit comes next meeting, May 17, so will those who have rugs ready bring them early in order that they may be arranged for the judges' inspection. Also those who have made blouses will bring them.

There are still quite a few members who have not had their pictures taken for the Grange picture, the photographer will make one more visit at our next meeting so do come. All the officers are especially requested to be present.

A good many of the Grange members attended the funeral of Mrs. Gates. It was regrettable that some arrangement was not made for the Grange to go in a body. Mrs. Gates was a member of Plymouth Grange for over 50 years and served as pianist most of that time. We shall miss her.

O.E.S. NEWS

The 57th Birthday of Plymouth chapter will be observed Tuesday, May 15. Dinner will be served at 6:30 with chapter opening at 7:45. Past Matron and Past Patrons exemplifying the degrees, Life and Honary members will be honored. For reservations for dinner call 75, Clara Todd, by Saturday, May 12.

Visiting with our shut-ins reveals Ellen Arnold home from the hospital doing very nicely and Minnie Ray, who recently underwent surgery at Grace hospital, our very best wishes for a speedy recovery are extended to you both.

Librarians Attend Spring Meeting

Attending the Spring meeting of the Michigan Association of School Librarians this Friday and Saturday in Lansing will be Mrs. Esther Ham, Plymouth High school librarian, Rachael Hilbert, Bentley High librarian, and Ione Palmer, Northville school librarian.

Friday's schedule includes a film on Japanese publishing and an address by professor K. C. Randall, who wrote "Wild Hunter."

Rebecca Caudill, author of "Tree of Freedom," will speak to the group on Saturday. Also on the agenda are a report from the American Library Association midwinter meeting, a luncheon, and Book Quiz sessions.

V.F.W. News

Commander Lee Coolman was presented with a life membership to the V.F.W. National Home at Eaton Rapids, Michigan. This award given to him May 2, has been awarded annually to each new commander.

Also presented to the Mayflower Post was a maroon streamer, a membership award, to be attached to the Post's colors. This streamer was sent by National Commander Charles E. Ralls. It signifies that our Post 6665 is one of the 5 percent in the United States who have qualified by having 90 percent or more paid-up memberships. Thanks to the past Commander Don Grubesh for his untiring efforts in achieving 100 percent paid-up membership in the Post this year.

The essays have been judged and the winners will be announced at the Honor Assembly in June at Plymouth High school.

Three new members joined our ranks last meeting, May 1. Our welcome is extended to Mrs. Janet Allen, Mrs. Patricia Chaudoin and Mrs. Sarah Wagner.

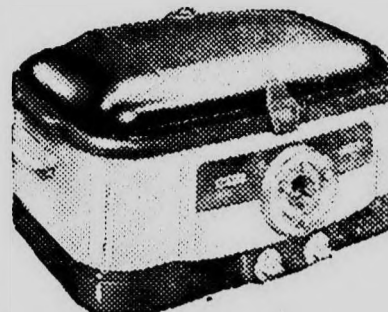

Don't forget our "Get-Acquainted" party on May 22 at 8 p.m. All members are invited to attend and bring their friends. Lots of fun and refreshments will be waiting for you at the Veteran's Memorial Center then.

On May 13 we are conducting a bake sale at the new Beyer Rexall Store on Forest. Bakery goods will be sold from 9:00 a.m. till 5:00 p.m. Don't forget to stop! Will anyone who buries items for the Veterans at the Maybury Sanitarium please leave them inside the door of the Veteran's Memorial building. Don't ring the bell. They will be picked up by members of the hospital committee there.

May 12 is National Hospital Day. This is set aside to commemorate the birthday of the "Lady of the Lamp," Florence Nightingale, and to give recognition to the place of civilian and veteran hospitals in America. This gives us a special reason to make a visit to our local hospitals. Isabelle Lueke in St. Joseph's hospital in Ann Arbor is one whom we can visit.

A Record Worthy Of Note

Not many firms can trace their history back to 1904 but the Schrader firm, older funeral directing organization in Plymouth, was founded in that year and has been serving and serving well, ever since. That's information worth remembering, for only a firm which has served well could survive and prosper for so long.

What's new in insurance?

You may think he's joking

The insurance business is so substantial and so conservative, that you may think it forgets to "bring out improvements."

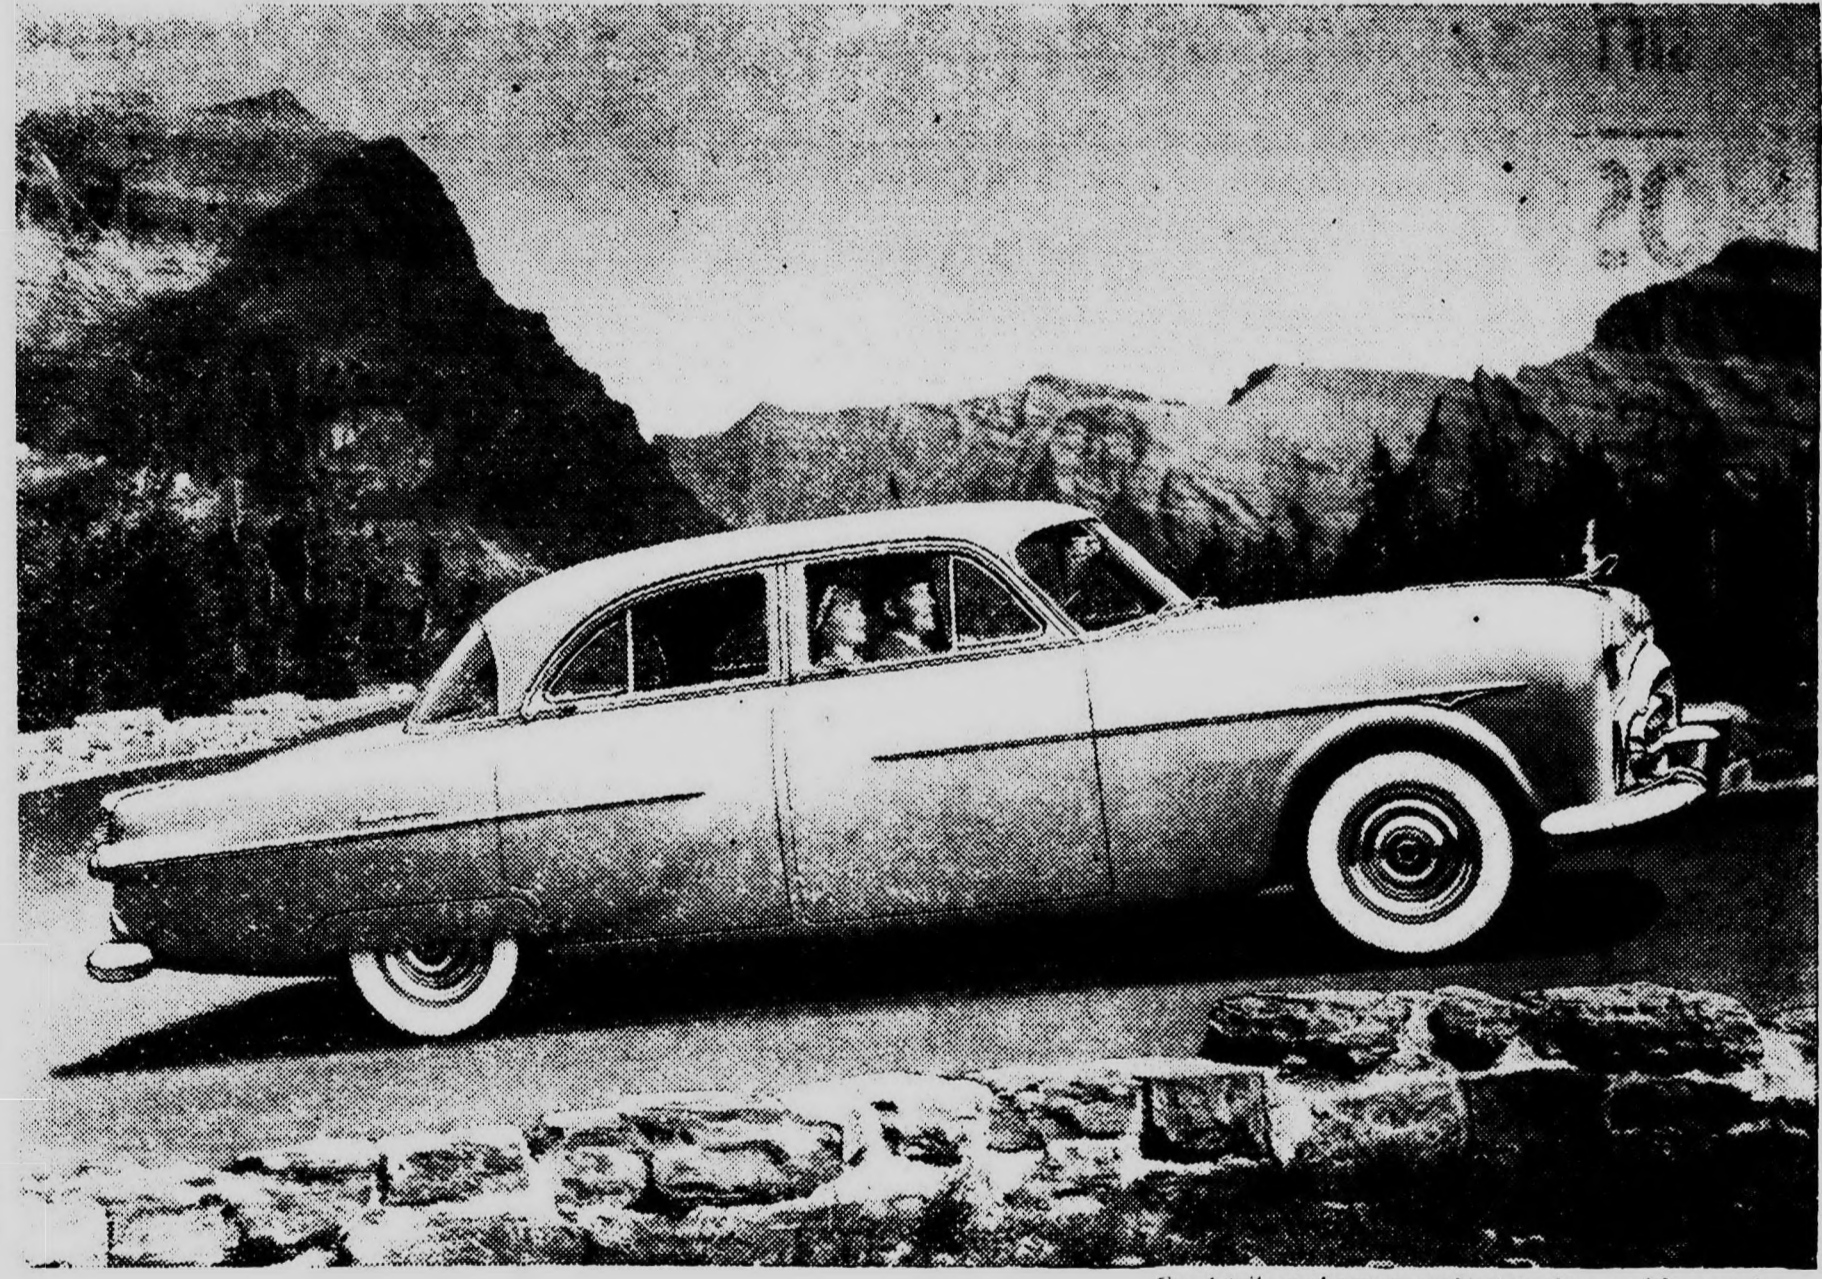

Don't fool yourself. Insurance has improved just as much in recent years as motor cars and washing machines and television.

There are many new protective ideas in policies of the America Fore Insurance Group which we represent.

One reason you should consult us is that we make a business of keeping up with every new feature of modern insurance coverage.

Soft-spoken Boss of the Road!

Like any keen judge of fine motor cars, you want distinction in performance as well as in styling. So just remember:

The new Packard Thunderbolt engines are America's highest-compression engines—with the smoothest efficiency you've ever known.

You're familiar with the convenience of an automatic drive. So just remember:

The most advanced of all the modern automatic drives is Packard's exclusive Ultramatic Drive.

You're familiar with the increasing importance of service-free durability. So just remember:

Of all the Packards built, in the last 52 years, over 50% are still in service!

So it's no wonder this new Packard goes unchallenged as the Soft-spoken Boss of the Road! Come drive it!

With Our Boys in The Armed Forces

Brief items of interest about your sons or husbands in the services are welcomed in this column providing the information does not conflict with press security policies.

Marvin W. Kleinschmidt, quartermaster, first class, USN, husband of Mrs. Mike Kleinschmidt of 14680 Northville road, has returned from a seven-month tour of duty in Korea aboard the attack cargo ship USS Montague.

The Montague, scheduled for a routine overhaul, took part in the landings at Inchon and Wonsan and in the redeployment of United Nations forces from Hungnam.

Midshipman Roy C. Pichler, USN, son of Mr. and Mrs. Vern R. Pichler, 28290 Five Mile road, completed the Advanced Training phase as a student carrier pilot at the Naval Auxiliary Air Station, Cabanis Field, Corpus Christi, Texas, this week.

He received orders to report to the Naval Air Station, Pensacola, Florida, for Carrier Qualifications. There he will complete the final stage of his Naval Flight Training making actual landings aboard an aircraft carrier and presented with Navy Wings and designated a Naval Aviator.

Pichler, a graduate of Western High school at Detroit, attended Wayne University at Detroit from 1947 to 1949. He entered the Navy in 1949 at Detroit and received his primary and basic flight training at Pensacola, Fla., prior to reporting to Cabanis Field. Cabanis Field is the Navy's Advanced Flight Training Base for student carrier pilots. There they are taught to fly carrier-type aircraft such as the AD Skyraiders, currently used by the pilots of the Seventh Fleet in the Korean conflict.

Stationed at Lake Air Force Base in Phoenix, Arizona, are Plymouth boys Harold Davis, Brad Stone, Albert and Melvin Larson, Raymond Michael, and

Howard Ebersole. The boys were in the Michigan Air National Guard unit which was called to duty last February.

A personal salute from the "Service Serenade" show on WJR was given to Capt. Max Wilcox, son of Mrs. Leona Wilcox, matron at the Detroit House of Correction, Thursday, May 3.

Air Force Capt. Wilcox, is recuperating at Wright-Patterson Air Force base hospital from wounds received in Korea. A reserve officer and World War II veteran, he was recalled to active duty in 1948. After a refresher course as instructor on T-6's, he was stationed in the Philippines.

In Korea since last January, Capt. Wilcox worked on reconnaissance missions with T-6's. On a mission March 19, a machine gun slug tore through his plane and on through his left leg above the knee.

When Capt. Wilcox took his craft up, he hoped to drop smoke rockets to pinpoint the target for the following bombers, but he discovered that he didn't have them.

But that didn't stop Capt. Wilcox. Discovering a pocket of 2,000 Chinese, he passed in close to point the target to Marine fighters again as a machine gun hit him.

With an observer aboard and unable to use the controls, Capt. Wilcox landed "wheels-up" in the Han River. Picked up by a helicopter, Capt. Wilcox was in a hospital within 20 minutes.

Four days later, the captain was returned to the United States and he and his wife, Dona Jean, and daughters, Patricia Joy and Carol Ann are together at Wright-Patterson.

Private Leigh Langkabel who has been stationed with the United States Army at Camp Gordon, Georgia, has been transferred to Camp Cook, California.

Charles Finlan, the son of Mrs. Theresa Finlan, and who has been operating the C. L. Finlan Insurance agency, will leave May 17 for the Armed Services. Charles graduated from Plymouth High in February of 1947 and he spent one year at the University of Mexico. His mother resides on 331 Arthur street.

Social security for farm workers went into effect January 1, 1951.

Garbage-Rubbish Collection Now Costs Real Tax Dollars

Disposal of Plymouth's garbage and rubbish is a more expensive item than one might imagine. The city has set aside \$12,630 for garbage disposal and another \$11,000 for rubbish removal. Of this \$23,630, they have already spent \$17,147 in the first nine months of this fiscal year, \$9,100 for garbage collection.

Rubbish removal has cost \$8,047 and with anticipated collections falling below estimates by several hundred dollars, the total may go over the amount set aside.

Businessmen are charged 15¢ a minute for collection of rubbish and the city has collected \$1,415 up to the present time, with three months yet to go of the fiscal year.

Chief item on the disposal budget is wages for the three men who operate the city truck. About \$9,000 is spent on this. Other items include upkeep and maintenance of the truck.

The garbage is sold as hog

feed. The city last year received \$900 from this source. Plymouth home occupants are not charged for garbage pickup, the money coming out of real estate taxes. An exception to this in Green Meadows where residents pay \$1 a month for this service.

Home garbage disposal units have been suggested as an answer to the garbage disposal problem. In cases where they have been tried, they are very successful. A town in Indiana, slightly smaller than Plymouth, assessed its residents and placed one in every home.

Opponents of the units say they add to much solid material to the sewage and help bring about pollution.

The physical education dept. of the Univ. of Alabama has been trying to find out how much exercise you have to perspire through to take off weight . . . and the answer is rougher than a disturbed porcupine. You can run off a pound by dashing 43.2 miles at the rate of 10 miles an hour . . . or you can shed the 16 ounces by walking 60 1/2 miles. Sawing wood will take it off in 10 1/2 hours, or play about 5 hours of football. This is a rough report to folks who expect to work off that extra piece of pie or cake. The best reducing exercise is still to put your hands against the table and push.

Kenneth Perkins Claims Bad Axe Girl as Bride

Patricia Marie Flannery daughter of Mrs. Patrick Flannery and the late Mr. Flannery of Bad Axe, became the bride of Kenneth Leonard Perkins, son of Mr. and Mrs. Warren Perkins of Plymouth, in a morning ceremony held Saturday, April 21, at Our Lady of Sorrows church in Farmington.

The bride was given in marriage by her brother, Maurice Flannery, also of Bad Axe. The Reverend Henry T. Hengehold officiated at the rites which were

followed by a wedding breakfast for the immediate families at the Devon Gables, Birmingham.

Miss Flannery chose for her wedding a suit of ivory gabardine with pink accessories. She carried a floral arrangement of gardenias and sprays of stephanotis intertwined with ivy on a white satin prayer book, a gift from her mother.

Miss Corrine Flannery of Battle Creek was her sister's maid of honor. She wore a suit of lilac gabardine with matching accessories, and Marilyn Flannery, of Bad Axe, another sister of the bride acted as bridesmaid. Her ensemble was of lime green. Both attendants carried floral muffs of pink snapdragons and shattered carnations.

William Perkins, a brother of the bridegroom assisted as best man and another brother, Warren Perkins, Jr. was the usher.

Mrs. Flannery wore for her daughter's wedding, a yellow linen suit with navy accessories, while Mrs. Perkins chose a frock of navy blue crepe. Their flowers were orchids.

Mr. and Mrs. Perkins are at home to their friends at 22300 Inkster road, Farmington.

Plymouth Girl Sings in Recital

Miss Ruth Campbell, soprano, 941 W. Ann Arbor trail, will give a recital at the University of Michigan in the Rackham Assembly Hall Monday, May 14 at 4:15 p.m.

She will be assisted by Miss Patricia Joy, pianist and Vincent Melidon, clarinet.

For her recital at the University, Miss Campbell will sing numbers by Handel, Mozart, Mahler, Bax, Bliss, and Canteloube.

The recital is presented in partial fulfillment of the requirements for the degree of Master of Music.

Miss Campbell is a pupil of Arthur Hackett at the University. Her program will be open to the public.

She is the daughter of Mr. and Mrs. E. Fletcher Campbell.

Miss Helen Fisher Bride of Matthew Fortney

Mrs. Matthew Glenn Fortney

Before an altar banked with baskets of white snapdragons, lilies, and gladiolus and flanked by lighted tapers, Miss Helen Arlene Fisher spoke her nuptial vows to Matthew Glenn Fortney, son of Mr. and Mrs. Glenn Fortney of Fort Wayne, Indiana. The Reverend W. Helrigel, D.D. of Albion, an uncle of the bride, officiated at the four o'clock rites on Saturday, May 5, in the First Presbyterian church in Plymouth. The Reverend Helrigel had married the bride's parents 23 years before. "I Love Thee" and "Oh Perfect Love" were sung by Miss Ruth Campbell, a cousin of the bride, accompanied by organist Marie Bonamic.

Helen Arlene, the daughter of Mr. and Mrs. Roy A. Fisher of West Ann Arbor trail, was given in marriage by her father. Her gown of all Chantilly lace over satin was ballerina length with scalloped neckline, Peter Pan collar, and long sleeves extending to points over the wrists. Her finger-length veil of net was fastened to a headpiece of seedpearls and orange blossoms. She carried a white Bible centered with orchids.

Marion Fisher was her sister's maid of honor. Her gown was of yellow taffeta in ballerina length with a lace bodice and Peter Pan collar. She wore long lace gloves and her picture hat was also of lace. She carried a bouquet of roses and daffodils.

The bridesmaids were Miss Mable Vickstrom of Plymouth and Miss Barbara Folsom of Ann Arbor. Mable wore aqua taffeta and Barbara lavender. Their gowns were fashioned like that of the maid of honor and they wore matching picture hats of taffeta. Their bouquets were of lighter shades of roses and daffodils. Kay Marie Fisher, another sister of the bride, was a junior bridesmaid. Her gown was of pastel green and identical to that of the other attendants.

Clifford Fortney was his brother's best man and the ushers were Kenneth Ahlersmeyer of Chicago, Illinois, and Eugene Isele of Plymouth.

Mrs. Fisher selected a gown of Peter Pan blue lace over satin with matching headpiece and matching accessories. For her son's wedding, Mrs. Fortney was gowned in rose lace over satin with navy accessories. Both mothers wore orchid corsages.

Following the ceremony a wedding dinner for over 200 was held in the church dining room with guests present from Ft. Wayne, Indiana, Cleveland, Ohio, Chicago, Illinois, Florida, Petoskey, Detroit, Coldwater, Wayne, Albion, Ann Arbor, Lansing, and Plymouth.

For traveling the new Mrs. Fortney wore a navy suit with white accessories, a tweed topper, and the orchids from her bridal bouquet. After a two weeks trip to Washington, D. C. and the surrounding country, the young couple will return to Plymouth where they will be at home to their many friends at 1042 Maple avenue.

Mrs. Fortney is a graduate of Plymouth High school and the

Hamilton Business college in Ann Arbor. The bridegroom is a graduate of the International Business college in Ft. Wayne, Indiana.

Mr. and Mrs. Fisher were hosts to the bridal party at a rehearsal dinner Friday evening in their home on West Ann Arbor trail.

Cottons Wear Longer With Careful Washing, Ironing
 Whether your eye is geared to the budget or to beauty, if fashion predictions come true you'll be wearing cottons and linens not only this summer but well into fall and winter. For this reason, and as never before, you'll want to take especially good care of the new, long-life wardrobe you're planning now.
 Of course you'll probably want a few things just for summer, but whether or not you follow the new fashion edict to the letter or ignore it completely, how you care for your clothes will be the measure of their attractiveness and durability.
 Many of the new dresses are dark in color and bring up special washing problems. First, be sure to check your dark washables for spots before you wash them. When wet, dark fabrics often do not show spots.
 Apply some soap flakes directly to the spot, add water and brush. Then wash the whole dress. The spot has a head start toward removal. Use a gentle and reliable washing product.
 Dark cottons should be washed separately, not only to protect the materials against colors that may run, but also to avoid lint from collecting on dark garments.
 Don't forget to remove all trimmings, and if this is impossible, test a section of the garment to see if the color runs before immersing the dress in the suds. Dark clothes should always be pressed on the wrong side of the cloth to avoid shine. This is particularly true of all textured fabrics such as pique, regardless of the color.
 Pastel and lighter colored cottons do not require these extra attentions as a rule, but it is still a good idea to get rid of spots before washing, particularly if you're washing by machine.
 When washing airy materials like tissue gingham, voile or organdie, clean by squeezing suds through fabric rather than rubbing it. If material is very delicate, tie or sew it in a cheese-cloth bag, then dip it up and down in warm suds. Rinse the same way before removing garment from the protecting bag.
 All washable dresses, with the exception just stated, will iron easier and better if they are partially dried on rust-proof hangers and then pressed. They can be smoothed to shape while they're on hangers. This reduces ironing time and simplifies the ironing operation.
 Always iron the smallest parts of a dress first, reserving the blouse and skirt till last. When you're finished, hang the dress up immediately on a rust-proof hanger.
 The beauty of cottons and other washable materials is in their appearance of freshness, and freshness is just another word for cleanliness. Correct laundering care will pay off in longer wearing, prettier clothes all year round.

Clean Wallpaper Brightens House
 Clean wallpaper does much to brighten a home—and there are two ways to do the job.
 One is the use of a commercial dough type cleaner which may be used on washable or non-washable wallpaper. The other method is washing of washable wallpaper.
 If you plan to use the dough type cleaner, work a ball of cleaner until it is the temperature of the hands before using. Touch paper lightly, using long, even strokes, moving the hand always in the same direction. Be sure the ball of cleaner is moving as it touches the paper and as it is lifted up.
 Keep the soiled cleaner worked into the center of the ball and replace to prevent streaking and do not stroke against the edge of a seam.
 If you have washable paper, try the method first on some spot where the paper is hidden. The paper should first be cleaned with a commercial dough cleaner before washing. Use a rich thick suds of mild soap in lukewarm water. When washing wallpaper, begin to work at the bottom of the wall and work upward. Be careful not to stroke against the seams of the paper, which may roughen and sometimes tear.
 Grease spots can be removed from papered walls by making a paste of whitening or cornstarch and carbon tetrachloride. Spread the paste over the grease spot, allow to dry, then brush off.
 There's breakfast brightness with corned beef hash. Cut loaf as it comes from can into 1-inch slices. Heat slices thoroughly and serve topped with a poached or fried egg.
 To keep pie crust from soaking for fruit pies, spread a little dry sugar and flour over the bottom crust before adding fruit. For Custard pies, brush the unbaked crust with a little beaten egg and let dry for ten minutes before adding filling for baking.

Hints For Plymouth Homemakers

Better Eating
 by Jean Allen

MEN IN THE KITCHEN
 This is for men only. Would-be amateur chefs will find Mother's Day the perfect time to surprise the family with a good-to-eat, easy-to-fix meal. This step-by-step plan makes it easy.
Dessert First
 You will need a box of gingerbread mix, a can of crushed pineapple, butter, and brown sugar. Heat the oven (350° F.). Drain 1 cup pineapple, melt 4 tablespoons butter in 8" x 8" x 2" pan, add 1/2 cup brown sugar, spread pineapple over butter and sugar mixture. Mix the gingerbread as directed on the package.
 Four gingerbread batter into the pan and bake as directed. Loosen around the edge of the pan with a spatula and turn out, pineapple side up.

Baked Potatoes
 Wash and dry medium sized baking potatoes. For a soft skin rub each with fat. Place in the oven when the gingerbread comes out.
Oven-fried Chicken
 Use frying chicken that is cleaned and cut up into serving pieces as it comes from the store. Put 1/2 cup flour, 2 teaspoons salt and a pinch of pepper in a sturdy paper bag. Place two or three pieces of chicken in the bag at a time and shake until each piece is well covered.
 Brown in 1/2 cup of melted fat in a heavy frying pan. Cover the pan and place in the oven at 350° F. for forty-five minutes to one hour. No watching needed.

Fresh Tossed Salad
 Remove the salad vegetables from the refrigerator. Tear the lettuce, chop the celery, green pepper and scallions, shred the cabbage and carrots and quarter the tomatoes.
 Put all of these crisp fresh vegetables right into the salad bowl. Serve with your family's favorite oil dressing.
 Take the chicken and potatoes out of the oven, turn the control up to 400° F. and put the brown 'n' serve rolls in for 10 to 12 minutes.

For a Nourishing Dish Try Deviled Eggs and Macaroni

Looking for a nourishing, appetizing dish to help balance this week's food budget? This deviled egg-macaroni supper is your answer! Though rich in proteins and in taste appeal, it is an inexpensive main course. To prepare it, you will use:
 1 tablespoon salt, for macaroni
 4 ounces elbow macaroni
 2 quarts boiling water
 4 tablespoons margarine or butter
 3 tablespoons flour
 1/4 teaspoon pepper
 1/2 teaspoon salt, for sauce
 1 tablespoon prepared mustard
 2 cups milk
 2 cups grated cheese
 4 hard cooked eggs, deviled
 Put the salt and macaroni into the rapidly boiling salted water. Cook for 12 to 15 minutes or until tender. Drain and rinse. While the macaroni is cooking, prepare the eggs and sauce.
 To hard cook the eggs, place eggs in a pan with a cover. Add enough water to cover the eggs. Bring gradually to steaming point. Cook, just below the boiling point for 15 to 20 minutes. Drain and remove shells. Slice in half, lengthwise. Remove yolks. Season with salt and pepper. Add margarine or butter and beat until light and smooth. Refill egg whites with the yolk mixture, piling lightly.
 To prepare the sauce, melt the margarine or butter in a saucepan first. Add flour, pepper, salt, and mustard. Mix thorough-

Button, button and goes through

Push buttons simplify a lot of jobs in this electric age:
 Ten little push buttons now help Long Distance telephone operators handle more calls more quickly.
 A customer gives the operator the out-of-town number. She swiftly presses several buttons, which correspond to the letters and numbers on a telephone dial, and the call goes straight through to the distant telephone.
 That's the way it works in Detroit and a number of cities throughout the country. In many other places, including more than a dozen Michigan exchanges, telephone operators speed Long Distance calls by dialing direct to many points with regular dials.
 Named "operator toll dialing," this new development is already used on 1 1/2 million Long Distance calls daily and is steadily being expanded. Every minute it saves is important right now as the nation turns to the telephone to hurry our defenses.
 To help speed your Long Distance call, please give the operator the out-of-town telephone number.

A piece of cedar on display in the front window of The Plymouth Mail office this week is a remnant of the first Detroit gas main unearthed by John Miller of the Miller Brothers' 101 Ranch on Ann Arbor trail. Mr. Miller obtained the relic when the old wooden main was torn out at the corner of Congress and Woodward avenue.

The new officers of the Chamber of Commerce are Earl Russell, president; Frank Terry, vice president; and Jack Taylor, secretary-treasurer.

Francis Grassnickie, an eighth grade student at Wilcox school, was awarded first honors in the northern division of Wayne county, for her patriotic essay in a country-wide contest sponsored recently by the National Sojourners society.

At a dinner party in their home on Plymouth road Saturday, May 3, Mr. and Mrs. Fred Hearn announced the engagement of their daughter, Dorothy to Norman Kincaid.

Dr. and Mrs. Elmore Carney and son, Donald, visited his mother, Mrs. Ira Carney in Yale over the weekend.

The city of Plymouth is the first in the state of Michigan to complete its spring dust-laying program. Because of the unusually fine weather so early this year, the city was able to start its project six weeks early.

Local Students Honored at U of M

Five graduates of Plymouth High school, now University of Michigan students, received honors at the 28th Annual Honors Convocation held in Hill Auditorium, April 27, at the U. of M.

Alan Kidston, Elizabeth Ross, seniors, and Ronald Witt, freshman, received awards in the school of literature, science and the arts. In the engineering school, senior Russell Ash and Lawrence Mack, freshman, also received honors.

The students were presented to President Alexander Ruthven, who congratulated them on their achievements.

The students heard an address by Ordway Tead, chairman of the Board of Higher Education of New York City. He spoke on "The Fruits of Scholarship."

An enlarged basement store and a direct entrance into the Taylor and Blyton department store from the parking lot at the rear have been completed this week for the convenience of the store's customers.

Dr. F. B. Cavell, Jr. has purchased the residence of Victor Slater located at the corner of Harvey street and Ann Arbor road, which was formerly known as the Carmichael homestead. Dr. Cavell's office has been located on Ann Arbor road across from the Earl Mastick garage.

Tuesday, May 6, marked William T. Pettigill's 37th year in the grocery business in Plymouth. Coming to Plymouth on a visit from his home in Kentucky, he has remained here ever since.

After working for several years as conductor on the old Detroit, Plymouth and Northville interurban line, Mr. Pettigill bought out Claude Slater's interest in a grocery store on Main street, located on the present site of the Kroger store. With Will Brown he remained in business here for 30 years.

Mr. and Mrs. Thomas W. Moss, Mr. and Mrs. John T. Neale, and Mr. and Mrs. Glenn Jewell were entertained at a potluck dinner and bridge party in the home of Mr. and Mrs. Ralph J. Lorenz.

Construction Continues In Plymouth Area

Building is busting out all over! More than 20 brick and frame houses are being constructed in the Plymouth area. Just a few of the streets where homes are going up are Sunset, Auburn, Harvey, Penniman, Virginia, Cherry, and Irwin.

Plymouth residents are also remodeling homes, adding rooms, fixing roofs, repairing and building garages. The sounds of hammering and sawing lumber can be heard on many of the city's streets.

Expansion seems to be the keynote of this Spring in Plymouth. Construction is going on now at Century Metal Products and new industrial plants are shooting up on Plymouth road.

Construction is also continuing on the Nellie Bird Elementary school and the gymnasium and natatorium additions to Plymouth High.

Progress can be seen daily at

the site of the new S. S. Kresge dime store. It is expected that the building will be completed in August.

A glance at the total amount of money being spent on construction as estimated on the building permits in Plymouth will indicate the expansion. During the month of April construction valued at \$52,585 was started in the city.

Plymouth township reports that during the month of April permits estimating construction at \$227,500 were taken out.

Building is beginning to be big business in the Plymouth area.

Mrs. Ernest Allison was hostess to the members of her Mayflower bridge club on Tuesday afternoon in her home on Williams street.

ALWAYS BE CAREFUL DRIVING

The difference goes more than Skin-Deep

NOBODY wonders what you're driving when you roll by in this one. In the 1951 line-up, its brand-new front-end styling stands out with a beauty all its own. You're the proud owner of a Buick—and the whole world knows it. But you—at the wheel—enjoy a long list of differences that go far deeper than looks. The ride is different—level and true. You sit the road with special assurance—because Buick's torque-tube drive keeps rear wheels firmly aligned—soft coil springs on all four wheels soak up the bumps and bobbles—honest weight keeps you on a steady keel. The power is different—cager and sure. Buick's high-compression Fireball engine does wonders with fuel—and no matter what you demand in emergency, there's horsepower to spare. Handling is different—this car seems to steer itself on straightaway or curve—and swings lightly into parking spots inches shorter than you'd think you need. Capping it all, there's the silken versatility of Dynaflo Drive,* that takes all the tenseness out of driving—responds to your slightest wish with a surging swoop of power. No doubt about it, what you get in a Buick is far more than just a new car—it's a whole new experience in getting pleasurably from here to there. So why not explore this difference? Come, take a Buick over and find out how very much satisfaction smart money can buy.

Roger Babson Says --

Babson Discusses Military Training

Babson Park, Mass., May 10. To supplement my recent column, I will give a suggestion as to another solution of the present row between the Federal Draft Authorities and U.S. Mothers. It is based somewhat on the recommendations of Senator Smathers of Florida.

Long-Range View

I have always held that most privately-endowed, tax-exempt colleges must adopt some form of accelerated education which will train students to work instead of play, or else they must become church controlled and supported, or state controlled, supported by taxation. These privately-endowed colleges are wasting too much of their students, time and money. They will force the opening of Government colleges. Now let me expand

upon what these Government colleges may be like. My comments are based upon a life of experience with educational work.

My Own Experience

During World War II the Navy took over Babson Institute and there trained 3,000 men in Purchasing, Accounting and Economics. They had wonderful discipline; they taught more efficiently and, of course, had no promotional expenses. Our regular professors could not stand the strain of the work; finally regular Naval officers, trained at Annapolis, did the teaching.

A Navy Captain served as Acting President. Our own President resigned; our trustees became dummies; and our instructors were replaced; but the Babson Institute during that period did the finest work in its history. In addition to the men getting a wonderful business education in a few months, they were built up physically and morally. Imagine any endowed college getting its students out on the campus every morning all winter at 6:30 for "setting up" exercises! The students were given no free evenings, except Saturday.

Tough Training Makes Men
But you say, "We can't educate all our boys for war." Of course not. Yet, no graduate of Annapolis or West Point need remain in the Navy or Army more than three or four years, respectively, after graduation. It is said that a larger percentage of Annapolis graduates become outstanding businessmen than do the graduates of any State University. Two of my intimate friends were such examples, John W. Weeks, who became Boston's leading banker, and later U.S. Senator; and Sidney Z. Mitchell, who after leaving an Alabama farm, as a bare-footed boy, created the billion dollar Electric Bond & Share Company.

A fair question is whether or not this discipline and efficiency could be kept up in peace times. Politics, apparently, has not affected Annapolis or West Point. Another question:—If the Government had 100 such colleges, could the discipline and standards be kept as high? They perhaps could be, under joint civilian and military control.

Military Colleges Praised
Probably it would be a mistake to make such a shift-over all at once; but the Navy, Army and Air Force could each take over a few of the poorly-endowed colleges and try it out—during both

war and peace. The present tendency of our "ivy" colleges to become "country clubs" must be stopped. Most engineering colleges and colleges of business administration would welcome the experiment. Surely, sensible parents would like to see this experiment a success.

The Conant Plan of having all boys drop school work entirely at 18 years of age and go into mass military training for two years is wrong. Some boys might make good students after returning; but I doubt if the plan would make better men. On the other hand, the present haphazard system we now use seems impracticable, if we are to be in a "cold war" for ten years more. Another plan is to combine the last year of high school with the first year of college in a twelve months' course of eight hours per day. Or, we could have more colleges like The Citadel of Charleston, S.C., the Virginia Military Institute of Lexington, Va., or the Pennsylvania Military Academy of Chester, Pa. These and others now train efficiently for both war and peace.

God never gave man a thing to do which it were irreverent to ponder how the Son of God would have done it. —George MacDonald.

Through heaven and earth God's will moves freely and I follow it, as color follows light. Elizabeth Barrett Browning

Would Change His Birthday Date

Did you ever see anything "madder" than a wet hen? No? Then you never saw the distinguished Mr. A. Blake Gillies, superintendent of the Detroit House of Correction, really mad. But he was the other night—and the top of his "dome" shone as bright and as sparkling as does a sun-spot on a hot July day. It all happened very innocently. Mr. Gillies had arranged a birthday party for her husband, with a few guests invited to attend a dinner over at Dearborn Inn. Some one spoke up and said "Isn't this Harry Truman's birthday, too?" That's when the sparks began to fly. "If it is, then I'm going back over the family record and see if they didn't make a mistake when they recorded my birth in the history of mankind. If the date in the family Bible is correct, I'm going to change the time of my birthday anyway," declared the irritated Blake. "I'll never stand for it being mixed up with that fellow's birthday down in Washington." Thus ended a very delightful dinner party. P.S.—No one knows how old this prison fellow is anyway, so why worry about it, said a guest as he slipped out of the door.
