

Governor Williams to Help Determine Plymouth's Queen of July Fourth Celebration

There is every indication that this year's July 4th celebration in Plymouth planned by the Chamber of Commerce will be bigger and better than last year's event.

Governor G. Mennen Williams plans to be on hand on the evening of July 3rd to help determine the winner of the popularity contest—the Queen of Plymouth," says Ralph Rostow.

More and more of Plymouth's beauties are entering the contest to seek the crown. The winner will also receive a \$100 war bond.

Plymouth's young ladies who wish to enter the contest should apply to merchants, who are members of the Chamber of Commerce. A large turnout of the cream of Plymouth's lovelies is expected and a huge audience is anticipated to attend the beauty contest.

On the same evening, an amateur talent show of Plymouth's home-grown talent will be held. Magician Roy C. Rew will serve as Master of Ceremonies.

The amateur contest is open to all aspiring entertainers in the area and valuable prizes will be awarded. There will be three prizes for both the senior and junior groups.

The senior group will be composed of entertainers from ten years and up, and the junior group will consist of talent under ten years of age. People who would like to enter the show may call Mr. Rew at 133-W after 6 p.m. or contact the Chamber of Commerce.

The deadline for entries is slated for Saturday, June 30 at 5 p.m. Auditions will be held Monday evening, July 2.

All individuals in the area who can sing, dance, play a musical or unusual instrument and perform in comedy routines or do anything in the entertainment field are invited to enter the amateur show.

As Plymouth's Fourth of July parade is shaping up, it appears that it will be more colorful and

larger than any other of the city's Independence Day parades.

Appearing in the parade will be the color guard, official's car bearing Plymouth's queen, Plymouth High school band, Boy Scouts, Girl Scouts, Dog Patch Hungry Five Band, Fire Department, children's groups, new cars, farm tractors, trucks, 4-H club floats, and other miscellaneous floats.

The parade will assemble at 9:45 a.m. on Forest avenue and will commence at 10 a.m. from Forest avenue to Main street. The parade will turn north at the Hotel Mayflower and will march along Main street to Theodore around the High school athletic field.

The parade will then enter the school grounds from Blanche street. The children's groups will only march to the city hall and will then turn on Church street to the school grounds.

In charge of the children's section of the parade is Mrs. Edwin Schrader. Members of the committee are Mrs. Ralph Lorenz, Mrs. Douglas Bathey, and Mrs. Robert Wesley.

Prizes valued at \$150 will be awarded to the divisions of the prettiest, most original, patriotic, best float, and best decorated bicycles. Children who are 12 years old and under may enter the children's section.

The parade will be displayed in one of the shop windows of the downtown shopping district. The name of the business establishment where the prizes may be viewed will be announced later.

Registration date for the children's section of the parade is set for June 30. Additional details will appear in next week's issue of The Mail.

Other activities which will take place in Plymouth's giant July 4th celebration will be a huge fireworks display, ball games, a gay midway of amusements and refreshment booths, an auto show, an ox roast, and numerous valuable prizes to be given away.

Fourth of July plans indicate that Plymouth residents will have many activities to participate in to celebrate this traditional holiday for relaxation and observation of Independence Day. An old-fashioned, American Fourth of July with all the trimmings is assured Plymouth residents.

60 Handicapped Children Attend First Picnic

Thursday, June 14 will long be remembered in the hearts of 60 handicapped children who attended their first picnic at Inkster park, Inkster, when they were led by the Wayne Out County Chapter, Michigan Society for Crippled Children.

Cars began to arrive at the park about 11 a.m. with children accompanied by their parents or volunteer Rotarians. Many of the children made their way to the picnic tables by wheelchairs while others walked over the grass supported by braces and crutches.

At noon, President T. F. Kuckelman, of the Board of Directors of the Easter Seal Agency and his Associate Directors, Ralph Ellisworth, Jr., Charles C. Russell, Fredric Belleville, Charles L. DeBlanc, Inkster and Whitney W. Ballantine, Wayne, assisted by two volunteer hostesses, Mrs. M. Rider and Mrs. Hazel Clark, of Norwayne, served a picnic lunch to 100 people.

There were hot dogs, potato chips, soda pop and ice cream for everyone.

Following lunch, Mr. Kuckelman, distributed a sand pile full of lollipops to the young picnickers while Mrs. Herma A. Taylor, Executive Secretary of the chapter, passed out colorful balloons to them.

The balloons were a great attraction to the children for they were bobbing in the breeze on the end of sticks spaced over the picnic grounds.

Unlike most outdoor activity for children who can participate in games, a planned program was arranged for their afternoon fun. Mrs. Agnes Pauline, Plymouth librarian, entertained them with a story and Mrs. Beatrice Martin, health educator of the Wayne County Health Department, led the children in action songs.

The home teachers, of the Wayne Out County, Miss Eleanor Pence and Mr. Edwin Erdman, from Taylor Township Board of Education, Mrs. Lucille Mc Kinney, Wayne, City school district, Mrs. Vera Todd, Lincoln Park area and Mrs. Allison Robinson Livonia Township, joined their handicapped pupils for a kind of last day of school celebration for those who had been receiving home teaching throughout the year.

Among other agency representation were members of the Wayne County Health Department and Superintendent, Mr. Stewart Oplander, of the Wayne schools.

The merchants of Plymouth contributed the picnic refreshments for this gala affair.

Teachers Take Trips or Work During Summer

Now that high school is over for the summer, Plymouth High's teachers will have some free time.

Many of the teachers plan to stay home and sandwich in some relaxation when they aren't getting some of the things that need to be done around their homes. Others are going back to school and do additional work on master's degrees.

Some of the teachers are some instructors who are going to take long-planned for trips and vacations. Two teachers, Miss Jane Singley and Miss Delores Lloyd intend to get married.

Traveling around the state to Northern Michigan for a few weeks this summer will be Mr. Edgar Brown, typing teacher, and instructor, Mr. Keith Baughman also plans on taking a trip to Upper Michigan. Mr. Baughman teaches shop.

English teacher, Miss June Kelly will continue her studies at the University of Michigan.

Robert Smith, chemistry and physics instructor will go to Wayne University to study for his master's degree.

Commercial teacher, Miss Frella Olsen will return to her home in Benzonia up North.

In the late summer Mr. Harry Leves, history and economics teacher, plans to take a trip out West to the Rockies and through the Upper Peninsula.

Mr. Gustav Gorguz, mathematics teacher, plans to work in the Detroit Department of Recreation. Biology teacher, Mr. Ross Hedrick intends to work at the Wayne County Training school this summer.

Beginning July 15, Mr. Walter Goodwin, mathematics teacher, will travel for six weeks through the West. Included in his itinerary are trips through the Upper Peninsula, Duluth, Saskatchewan, Seattle, Vancouver, and California.

Miss McDonald and Miss Fiegel will take a trip through the East topping at Wilkesburg, Pennsylvania to witness the marriage of a former high school teacher, Iss Singley.

Miss McDonald teaches English and journalism, and Miss Fiegel teaches social studies. They plan on leaving during the first week of July.

Boy's counselor, Mr. George Janfield will take a trip with his family to Coldwater and later to Pennsylvania.

A busy summer is also in store for Mr. Melvin Blunk, vocational guidance instructor, who will attend a Vocational Education conference in Leland, Michigan from June 17 to the 23rd, and will go to the Curriculum conference at Higgins Lake August 12 to 18. Mr. Blunk will be present at the high school mornings through out the summer.

Traveling to Itasca State Park in Minnesota July 14 will be Miss Virginia Olmstead, English teacher, and Miss Barbara Gross, former high school mathematics instructor.

Car Catches on Fire, Firemen Put Out Blaze

The fire department put out a small blaze last Wednesday when the car of Mrs. E. D. Bolton of 481 Sunset street caught on fire as she was driving home. The fire was caused by slight wiring. Damage was slight, said Fire Chief McAllister.

Set Hearing Date

A hearing will be held on Monday evening, July 16 in the City Commission Chambers to discuss the construction of a sidewalk on the east side of Sheldon road from Penniman to Sheridan.

James Gallimore New President of School Board

James Gallimore will direct the fortunes of Plymouth's school system during the ensuing year having been named president of the Board of Education at a special meeting last weekend. Other officers elected were Wallace Laury, vice president, Kenneth Hulsing, secretary, Warren Smith, treasurer and Mrs. R. D. Willoughby, trustee.

Mrs. Willoughby and Mr. Smith replace Robert Wesley and Marion Morrow who did not seek re-election at the end of their three year terms which expired early this month.

Elliotts to Visit Their Homelands

In a few days Mr. and Mrs. Joe Elliott, 876 Church street, will be leaving Plymouth to visit their native homelands in North Ireland and Scotland. For Mr. Elliott, although he was overseas during the first World War, it will be his first visit to his boyhood home in the County of Arnaugh in 40 years. It will be Mrs. Elliott's first visit to her former home in Berthead, Aberdeen Shire, Scotland, since she left home to come to America 35 years ago.

"We are going to be gone for two months," Mrs. Elliott has a sister and other relatives still living in Aberdeen Shire. I have two brothers and two sisters living in North Ireland. After we have visited our relatives we plan to spend a little time seeing the sights in England and over on the continent. But the part of our trip that we are anticipating on the most will be our visits to the places where Mrs. Elliott was born in Scotland and I was born in North Ireland," said Mr. Elliott the other day as he was making final arrangements for the trip overseas.

Mr. Elliott over a period of many years has been active in veteran and conservation club affairs. He has taken his first leave of absence from the Dunn Steel Products company where he has been employed almost since the company began operating in Plymouth.

Auto License Office is Moved

If you want a new license plate for your automobile after this issue of The Plymouth Mail goes to press, you will find that Manager Frank Rambo has moved his office from 276 South Main street to 585 East Ann Arbor trail, next to Saxton Feed store.

Manager Rambo states that the move was decided upon quickly. He states that there will be more room for patrons of the office during rush periods of the year than they had in their previous offices on South Main street.

"The move was made early this week and there will be no delay of any kind in the conduct of the business of the Plymouth branch office of the Secretary of State."

Western Auto Store Changes Location

O. E. Rooker, owner of the Western Auto Associate store, announces that his establishment has moved from its location at 846 Penniman to a next door location. The store at its new location is now open and all customers and friends are invited to inspect the new premises.

As usual the Western Auto supply store will carry all of its lines of auto accessories, garden equipment and tools, toys, hardware, and sporting goods.

The new location, said Mr. Rooker, offers more floor space and additional facilities.

Schedule Reunion of High School Class of '40

A reunion of the Plymouth High school class of 1940 will be held Saturday, June 23 at 9 p.m. at the Western Wayne County Conservation club house on Joy road. A dance and buffet are scheduled.

Reservations in advance will not be necessary. Further information can be obtained from Martin Horvath, phone Plymouth 1247-R.

Heading construction of the new Kresge drive store on Main street is O. K. Fjetland, who has just taken over the duties of superintendent, replacing Mr. McDonnell. The new superintendent of construction says that progress on the building is continuing at high speed.

PIN WHEELS, SKY ROCKETS, DISPLAYS and much more too. That's the program for the Fourth of July if Fire Chief Robert McAllister, right, and Kenneth Voss have anything to say about it. Pictured here unloading an Oliver Nash Sales Nash Rambler loaned to him to travel to Danville, Illinois where the Fire Chief purchased some \$450.00 worth of fireworks for the big celebration on the night of the Fourth. The program will take place on the school grounds on Adams street. Over 4,000 people witnessed the giant display last year and local firemen expect twice that many this year.

City Purchases New Equipment

Plymouth's city government is becoming mechanized.

Several pieces of new equipment have been purchased by the city to provide residents with better and quicker service, and also to assure that spare machines will be available. Equipment should break down.

A new tractor with a snow removal blade and an attachment for cutting grass has been purchased which will take care of the snow and grass on city property.

Other new equipment includes a 40 inch power saw and a jack hammer to break concrete. "This no time will be lost," said City Manager Glassford, "if equipment should break down."

"Estimated to save 300 percent of time is a grass trimmer which will trim the grass right up to the stones," said City Manager Glassford. The trimmer works very quickly and will save a great many man-hours, he added.

Passage-Gayde Names Officers

Directing the Passage-Gayde 391 Post of the American Legion this year will be Howard Wilson as Commander.

Other officers elected last Wednesday evening were Raymond Gardner, first vice president; Albert Holombe, second vice president; William Lundmaid, finance officer; Bert Huston, chaplain; Alton Knapp, historian; Ivan Campbell, Sgt. at Arms; Vernon E. Miller, adjutant; and executive officers, Russell Williams and Rudolph Kunz.

Ford of 1914 Vintage Drives in City Traffic

A bright red painted 1914 Ford driven by Commander Irving Geier of the Myron H. Beals Post, No. 32 of the American Legion attracted a great deal of attention on Plymouth's streets last Monday evening.

The antique model automobile held its own in the city's busy traffic. Features of the car which are not seen on today's automobiles are kerosene lamps for lights, solid rubber tires, a chain drive and of course—a crank.

The Myron H. Beals Post is holding a carnival this week at the proposed site of the Veteran's home on Farmer street and Arthur.

The Ford old-time automobile is owned by Chester Henning of 3769 East Ann Arbor trail, Livonia.

Name Dave Galin & Son City Hotpoint Dealers

Dave Galin and Son, Penniman avenue appliance merchants, announced their appointment today as Plymouth's exclusive Hotpoint dealers. This marks the first time for years that Hotpoint has had a retail outlet in this city.

Feature of the new line is the complete Hotpoint electric kitchen, together with refrigerators, ranges, washers, and dryers.

E. C. Hough Gives City Park Area

The city received a gift of a lot to add to the park near Starkweather and Mill streets from Mr. E. C. Hough it was disclosed at the City Commission meeting last Monday evening. Mr. Hough gave the city a \$3,000 check to purchase the lot from Mr. Donald M. Silkworth.

Approval was given by the City Commission to City Manager Glassford to plant the area.

Painting Appears in Art Exhibit

Representing the year of 1951 in an art exhibit held in conjunction with Detroit's 250th birthday celebration will be a painting by Donald Thrall.

The exhibit is slated to begin July 1 in the Art Institute, and will contain paintings of artists representing exhibits of other years.

Mr. Thrall, who teaches art at Cass Technical High school, won the Cranbrook prize last year in the annual Michigan Artists' Show.

Mr. Thrall is spending the summer in Mexican painting. He is the son of Mr. and Mrs. Ernest Thrall of 288 Living street.

Hold Plymouth Day at Ford Rose Gardens

Last Saturday was Plymouth Day at the Henry Ford estate. Many Plymouthites viewed the famous rose garden of the late Mrs. Henry Ford, which contains over 300 varieties of roses and 7,500 rose bushes. The visit was sponsored by the Women's National Farm and Garden Association.

Plymouth residents report that the rose garden is beautiful with its multiple colors and terraces, but that the garden is not as well kept up as the days when Mrs. Ford was alive to personally supervise the upkeep of her gardens.

Scholarship Awarded To Richard Miller

Richard D. Miller, organist and director of music at the First Methodist church has been awarded a Fulbright Scholarship by the Board of Foreign Scholarships for the academic year 1951-52.

Under the auspices of the American Commission for Cultural Exchange with Italy, he will be affiliated for nine months with the St. Cecilia Conservatory of Music, Rome, following a month's enrollment at the Università Italiana per Stranieri, in Perugia, Italy.

The grant consists of a stipend of \$2,000, transportation, tuition fees, books and incidentals. Richard Miller graduated from the University of Michigan with honors in June, 1950, and received

Tells Rotarians of War Causes

There are two causes for wars, one, the stark need of the necessities of life, the second, the rise to power of leaders who become dictators by using the distress of vast multitudes of people to gain power and build military might for aggression.

That is what the Rev. Lynn Frye of Plymouth, assistant to Bishop Reed of the Methodist church of Michigan, told members of the Rotary club last Friday noon.

The program was under the direction of the club's international affairs committee, of which Dave Galin is chairman. Chairman Galin induced the busy, high up Methodist executive to express his views of world problems of today. Rotarians as a result heard one of the best talks given to the club in sometime.

Rev. Frye pointed out that this country has won the last two wars, wars that were fought to make the world "safe for Democracy" and to end the rule of dictators and now we are in a worse mess than ever before.

"We just can't show an ideal with bullets. That is why we must make clear to the world that there is a better way of life than that promised by dictators."

"The people of the world through our modern ways of transportation and communication know that there is something better than their hunger, plagues and misery and they have a determined desire to gain that which they do not now possess," he said.

"The deep need of fundamentals of life we know is the cause of war and I believe recent elections held on the other side of the Atlantic provide us proof that our willingness to do what we can to help mankind is going to be a great factor in helping to defeat the rule of dictators."

Rev. Frye related the interesting fact that he was probably the last representative of the Methodist church to visit Methodist missions in China before the Communist dictators took over control of that country.

Edwin Goebel Receives Scholarship to Wayne

Recipient of a Detroit Board of Education scholarship was Edwin Goebel, a member of the high school's June graduating class. Edwin is the son of Mr. and Mrs. Edwin S. Goebel of 346 Auburn street.

The scholarship can be renewable if a certain scholastic average is maintained. Edwin plans on attending Wayne University.

Cigarette Begins Fire at Hotel Mayflower

A cigarette touched off the fire in one of the rooms at the Hotel Mayflower last Monday evening at 6:30 p.m. Smoke poured out of the second story room facing West Ann Arbor trail at the corner of Main street.

Firemen put out the fire in short order. Damage was not extensive, said Fire Chief McAllister.

Junior Farm Girls' Club Schedule Meeting

The Junior Farm Girls' club will hold a meeting Wednesday evening, June 27, at 8 p.m. at the home of Miss Evelyn Westerfield on West Nine Mile road. After the business meeting, a wienie roast is planned.

Immediate construction of 65 new \$12,000 to \$15,000 homes will be started in the city as the result of the purchase of the Burch property on South Main street by C. A. Kandt of the Kandt Lumber Company of Dearborn.

Consumation of the sale of the property by Mrs. Carol E. Dodge and the Kandt firm was made by realtor Harry E. Kenyon of Dearborn and the Giles Real Estate firm of Plymouth.

The purchaser intends to plat the property immediately and plans are now in the hands of city officials for approval. Walks, sewer and city water will be provided by the builder. The land will be divided into 65, 60 or 70 by 172 foot lots. The property which consists of 19 acres lies south of Edison street and runs parallel to Main street.

With the purchase of the Burch property, Mr. Kandt also revealed his purchase of the Nick Orphan eight acre tract just north of Evans Products Company on the west side of Eckles road which runs between the railroad and Schoolcraft road.

The Kandt Lumber Company will open a full scale lumber operation on that site within the next few months and will also build a construction material center. The Kandt Company has been operating in Dearborn since 1925.

If the plans of the purchaser can be carried out there will be 20 or 30 new homes available for purchasers by early next spring. The Burch home on South Main street was not included in the transaction.

Summer Arrives in Plymouth Right on Time For Season of 1951

It seems that Plymouth, like the rest of the country, is plagued with one thing right after the other.

Last Sunday it was Father's day, and today, Thursday, June 21, is the first day of summer. In another two weeks it will be the Fourth of July!

But few can kick about the coming of summer. It has been hiding just around the corner for several weeks, every once in a while putting out a "feeler" to see if the time was ripe for its grand entry. But the few hot spells the city has experienced have been brief and not too hot to be uncomfortable. Neither has it been too dry or too wet.

Farmers say it has been good "growing" weather, and that is the important thing to this area where the income of so many families depends upon satisfactory crops.

Expect to Pick Tomatoes Soon

It looks very much as though the man who "jumped the gun" and got his tomato crop planted just a day or two ahead of the first warm rain during the early part of May, is also going to be the first to start picking ripe tomatoes.

The "inquiring reporter" of The Plymouth Mail a few days ago in ambling about through the tomato fields and, yes, melon patches—to size up crop conditions, discovered that Clyde Smith of Newburg road has tomatoes on many of his plants that are already beginning to show that reddish color, which indicates that the day is near for that ride to the market.

It will probably be within another week before he starts picking for the market.

Other tomato growers are also anticipating a good early crop and if the weather continues to hold good, there is no reason why Plymouth's 1951 tomato crop should not be one of the largest grown in years.

Guild Bills One Act Play, Social

A strawberry social and preview of a one-act comedy play "The Mayor and the Manicure" will be held by the Plymouth Theater Guild Sunday, June 24, 5 p.m. at the home of Mr. and Mrs. Roy Jacobus on Warren road.

Sarah Ann Cochrane Chapter Holds Picnic

Members of the Sarah Ann Cochrane Chapter of the Daughters of the American Revolution report an enjoyable time was had by all at the annual picnic held in Cass Benton Park Monday afternoon.

Reports of the past fiscal year were given.

One of the guests of the Sarah Ann Cochrane Chapter was Mrs. Dwight P. Randall, past regent and associate member of the local chapter, who now resides in Detroit.

Methodist Pastor Is Returned for Another Year

Members of the First Methodist church of Plymouth, as well as the community at large, read with both interest and satisfaction the announcement Monday that the Methodist conference has returned Rev. Melbourne I. Johnson to Plymouth for another year's service.

During the time he has been in the city, Rev. Johnson has met with exceptional success in his "church work."

There will, however, be a new Methodist pastor at the Newburg M. E. church. Rev. Robert Richards of Bethany Methodist church of Detroit has been transferred to Newburg to take the place of Rev. McDonald Jones, who has been transferred to Utica.

Society Hears of Historical Facts

A history of early Plymouth and vicinity written by the late Judge William Purdy Yerkes of Northville in 1876 was read by Mrs. Arthur Mills at the regular monthly meeting of The Plymouth Historical Society, which was held at the home of Mr. and Mrs. Arthur Todd on West Ann Arbor trail June 14.

Many interesting facts were enumerated by Judge Yerkes, one being that the total amount of Plymouth Township tax assessed in 1827 was \$66.90, the county tax in the same year was \$57.50.

The Township of Plymouth at that time comprised what is now Canton and Plymouth and was known as Plymouth and South Plymouth.

Judge Yerkes paid high tribute to the Michigan men who fought in the War of the Rebellion. Although the state had an arms-bearing population of only 110,000, yet 90,747 men were sent to the front during that war.

The caliber of these Michigan soldiers was such, stated Judge Yerkes, that if a battery was to be taken or a fort stormed, commanders would ask for a Michigan regiment or brigade and if the night was dark and the enemy near, word went around on guard tonight.

Mrs. Jessie Truesdell, vice president, presided at the business meeting, at which annual reports of committees were given.

Members of the society are to be guests of Mr. and Mrs. B. E. Giles at their cottage on Bruin Lake on July 29.

"I REMEMBER" BY THE OLDTIMERS

From Richard V. Peer, Chillicothe, Ohio: I remember when the pitcher pump was a sign of prosperity in city and country. Every morning we had to prime it, pumping furiously on handle until water spewed into sink. Cold winter nights we wrapped the pipe with feed sacks or placed a lighted lantern under the sink. Pumping water to fill the boiler for Monday's wash was a Sunday night chore.

From Faye Smith, Paden City, W. Va.: I remember when button shoes were worn and we carried lanterns in walking at night many miles to country church and the girls sang tenor to the song entitled, "I Surrender All."

From Mrs. Harve Baker, Decatur, Ind.: I remember when the first telephones were installed. They were not to be used by children, and we had no desire to talk on the 'phone, and we looked upon it with awe. One evening, when dad and mother were gone, it started ringing. My old grandfather grabbed the receiver and shouted "hello!" A pleased look came on his face and he yelled, "Talk! Talk! Talk!" One of his grandchildren started crying, and he yelled "Shut up!" The other party hung up the receiver, and thus ended the first telephone conversation at our house.

From Ralph Hetrick, Shellsville, Pa.: I remember when I worked for \$100 a year with board and lodging. I received pay at end of year. No half days work but full days, and used no shoes in the summer time. I was very proud to walk to a picnic with 25c of spending money. This was not always all spent.

From Anna McPherson, Spokane, Wash.: I remember when I wore long sleeves and high neck dresses and every time I went outside I put on a sun bonnet to keep from getting tanned.

Cadet William L. Vincent, son of Mr. Alfred L. Vincent, 835 10th Street, is assigned to the 1951 Reserve Officer Training Corps summer encampment at Fort Monmouth, N. J., for the six-week training course which will continue until July 28.

A student at Michigan State College, East Lansing, Cadet Vincent is undergoing training along with specialized schooling in the Signal Corps. He will be eligible for a commission in either the Officer Reserve Corps or Regular Army.

The 1951 Signal Corps ROTC is the largest in Fort Monmouth's history, with an enrollment of approximately 1400 cadets from all over the country.

Seventy-three colleges and universities are represented in the Signal Corps ROTC program.

A Plymouth man is on the Korean front with a field artillery battalion of the 1st Cavalry Division that has consistently helped smash Communist mass attacks.

He is Sergeant First Class William G. Pruitt, son of Mrs. Gussie E. Nacum, of 219 N. Harvey Street, who is a member of the colorful 99th Field Artillery Battalion, one of the first howitzer units to be committed to action in Korea in July, 1950.

One of the four artillery battalions in the famed Cavalry Division, the 99th gives close support to the infantrymen of the 8th U. S. Cavalry.

While supporting the 8th Cavalry in North Korea last winter, Sgt. Pruitt's battalion was trapped in the tragic Unsan encirclement where newly-entered Chinese Communists outflanked the entire regiment.

It was at Unsan that the 99th wrote a chapter of gallantry in military history. Heroic, selfless "99ers" fighting from all sides, stood by their guns throughout the battle, protecting the withdrawing infantry.

DALE CARNEGIE

AUTHOR OF "HOW TO STOP WORRYING AND START LIVING"

Three Rules for Well-Being

A YEAR AGO Edith Sunde, 628 West 114th Street, New York City, was on the verge of a breakdown. She would go to her work every morning feeling that a crushing weight was settling down on her. She didn't see how she was going to handle all the work before her, some of it left over from the day before. She dreaded the nerve-racking sessions with her high-strung boss who worked always under tension. At the end of the day, she had no appetite, and only forced down the food necessary to keep her going. All the day long, every day, from morning to night, she was tired. When she tried to sleep, it was only half a sleep, the other half was a nightmare.

Did this mental state take its toll? Naturally! That was inevitable. Soon her physical self became undermined. She suffered violent pains in her stomach. She went to a doctor who discovered a thyroid deficiency and said her pulse rate was far too high. Then he told her what she already knew, that she was living under too great strain. He added that he could relieve her symptoms but that she herself would have to effect the cure.

As she left the doctor's office, she asked herself if it were worth while? She was living 1500 miles from home. Human values meant most to her yet there was no opportunity to give anything significant to anyone's life. If she were run over no one would miss her particularly. A gnawing sense of futility suffused her entire being.

Suddenly she wondered whether the people all around her felt the same. What would happen if each of them became swift-ly and miraculously happy. Each helping the other!

Well, she might find someone she could help. She went home and wrote a set of rules to follow for just one week, to see if they would work. Here they are:

- 1—Try to learn another's problems and help to solve them.
- 2—Do the job at hand and forget all the others.
- 3—Laugh often, and laugh at myself. See the funny side of troubles whenever possible.

Within a month the doctor told her she needn't take any more thyroid tablets! Shortly after she went on a vacation, climbed mountains, went swimming, took long hikes. Returning, her doctor pronounced her in perfect physical condition.

In recent action Sgt. Pruitt's battalion helped in crushing the Chinese Reds ill-fated spring offensive. The battalion inflicted casualties on the Chinese by the thousands.

V.F.W. News

The election of new state officers took place in Escanaba this past weekend. Mr. and Mrs. Lee Coolman and Mr. and Mrs. L. R. Smith attended as delegates to the convention. Our local aid, Mrs. Leon Gagner of Northville, was elected Junior Vice President of the Ladies Auxiliary of the V.F.W. in Michigan.

We want to thank Mrs. Edward Kopenski for her work in conducting the recent Strawberry Social. Thanks also go to all those who contributed their time and work.

The National Home at Eaton Rapids, has five new cottages ready for 50 new orphans of deceased members of the V.F.W. The funds were provided by the states: California, Kansas, West Virginia and Colorado. Post 2145 of Clarion, Pennsylvania and the Board of Trustees supplied the rest of the money. Each two-story brick home cost more than \$35,000 with the furnishings costing \$9,000. The constant purpose of the V.F.W. National Home is to provide a real American home for these orphans.

Veterans should not forget that they must start their training, be actually enrolled in the school of their choice by July 25 or lose their educational benefits. If you were discharged after July 25, 1947, you have four years from your discharge date to start.

At the state convention, our district, the fourth, was awarded a membership banner.

A Belding, Michigan girl, Darlene Sellig, won the state essay contest. Her essay will be sent to compete in the National contest.

Two Kiwanians Go to St. Louis

Officers of the Kiwanis Club of Plymouth today announced the names of delegates who will represent the club at the 36th annual convention of Kiwanis International, June 17-21, in St. Louis. They are Dean Saxton, 2nd vice president and A. E. VanOrnum, director.

These delegates are among the anticipated 10,000 Kiwanians and their families who will meet to elect international officers for the coming year, and to participate in panel conferences on various activities sponsored by Kiwanis, among which are youth, community and citizenship services. Ray Williams, president of the local club, said many internationally eminent speakers will address the convention. All addresses will be based on the organization's nine objectives of this year as well as Kiwanis International's 1951 administrative theme, "Freedom is Not Free."

The Rev. Terence J. Finlay, a distinguished clergyman and civic leader of Ottawa, Canada, will speak at the "Convention Preliminary" Sunday evening, June 17. Henry J. Taylor, ABC radio news analyst, will speak at the closing session Thursday morning. Mr. Taylor's varied career as businessman, economist, author, lecturer, journalist, war correspondent, and globe trotter has enabled him to prepare news analyses of clarity and forthright thinking, for which he won the Alfred I. DuPont Radio Award.

High on the crowded entertainment calendar, President Williams said, is a spectacular cavalcade of the romantic history of St. Louis and the Mississippi River. Entitled "Passport to Yesterday," this colorful panorama will employ hundreds of actors, dancers, singers, and musicians. Scenes lifted from history will re-enact the arrival of the first French explorers, Indian wars, pioneering homesteaders, river roustabouts which Mark Twain immortalized, and the final evolution of St. Louis into the great metropolitan city it is today.

While the delegates participate in convention conferences Monday afternoon, their families will attend a professionally produced stage and fashion show in the St. Louis Opera House. An orchestra will play throughout the showings and accompany the entertainment features.

Providing an added feature to the show will be Dianne Lovett, who will perform on the trapeze. This is the first recital presented by students of the Dianne Lovett School of Dance and the public is cordially invited.

Regulation Change Permits Enlistment After Physical Exam

Selective Service registrants may now voluntarily enlist in the Army or Air Force even after they have taken or been notified to take pre-induction physical examinations, it was announced today by Staff Sergeant Long, Plymouth's Army and Air Force Recruiting Sergeant. The regulation expires July 15.

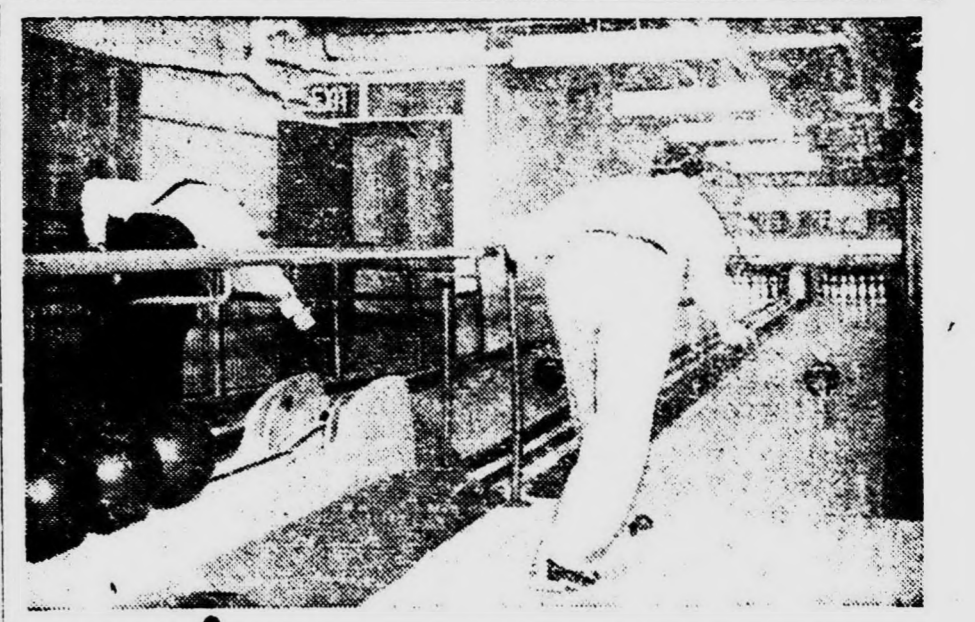

"Prior to the issuance of the new order, which goes into effect today for one month, men who had received their notice for physical exams were automatically denied the right to enlist voluntarily. Now, only those who have received notice for actual induction are ineligible to enlist voluntarily," Sgt. Long said.

Men desiring to enlist before they receive their induction notice are invited to visit the U. S. Army and U. S. Air Force recruiting office in Plymouth's City Hall, Tuesdays and Thursdays.

By Carl Peterson Mosquitoes prefer to bite adult males, and they like them best unwashed, asleep and wearing rough clothes. That's what the British Medical Journal reports . . . and it might be useful in lecturing small boys. "Son, if you don't wash yourself and wear clean clothes, you'll grow up into mosquito bait!" On second thought, that would probably work about as well as a sponge rubber anvil. While we are firm believers in science, we wonder where the microscope ticks get their information. Certainly not from a mosquito. Personally we never met a mosquito that turned down any opportunity.

By Carl Peterson For your convenience, you may pay your Detroit Edison bill here. We're open until 10:00 each night. And while you're here, we invite you to look over our store. We're proud of it and want you to know about the many hundreds of items available here.

A fellow in Detroit divorced his wife, and asked for a court order restraining him from marrying for at least a year. Apparently a romantic type.

At PETERSON DRUG we always say that accurate prescriptions are our life work. Elect Local Girl to Honor Society

Miss Nancy Brannan, daughter of Mrs. Beatrice Brannan of Five Mile road, was honored at Western Michigan college recently by being selected to belong to the Senior Women's Honorary Society.

Miss Brannan was feted with ten other girls on the campus at the annual June Breakfast sponsored by the women's league.

Miss Brannan holds several offices in college organizations. She was voted as the vice president of Arista, group title of the new members of Senior Women's Honorary Society. This year she was also president of Sigma Kappa sorority and vice chairman of the inter-sorority council.

Award 2 Local Girls Nursing Scholarships

The Northville and Plymouth Student Nurses' Scholarship Fund awarded \$100 scholarships to Helen Harmon, Plymouth High school graduate, and Sara I. Merriam, Northville High school graduate. The two scholarships are given to a Plymouth and Northville girl annually.

Miss Harmon, daughter of Mr. and Mrs. E. H. Harmon of 15605 Benson road, has applied to Harper hospital for training in Detroit. Miss Merriam will enter Grace hospital's school of nursing. Her parents are Mr. and Mrs. Robert Merriam of 18910 Beck road.

Name Barbara Weed as Class Day Chairman

Barbara Weed, 895 Williams street, will serve as chairman of Class Day, one of the feature programs this week of the three-day Commencement Exercises of the Detroit Commercial College.

Twenty of her classmates will be associated with her in presenting the program of the Day.

Miss Weed will receive a number of honors at the General Assembly Thursday, one of them a Senior Certificate of High Merit which she won in the annual and artistic, sponsored by Florence Fletcher, Detroit court reporter. Barbara is completing a two-year program of business training. She is the daughter of Mr. and Mrs. J. C. Weed of 895 Williams street.

Careless Child Taught Lesson by Motorist on City's Busy Street

Somewhere in the city a little four-year-old boy was taught a lesson by a Plymouth driver Tuesday afternoon.

The little tricycle driver was riding calmly in the middle of a busy street oblivious to the cars whizzing by him and the shouts of automobile drivers telling him to get off the street.

But one driver didn't do this. The Plymouth resident, who saw the child riding in the street, stopped his truck and picked up the child and his tricycle. When he reached the sidewalk, he gave the little fellow a little spanking which didn't hurt anything but the child's dignity.

A neighbor who reported the incident and wished to remain unnamed said the little boy was last seen sitting on his front porch watching the cars drive by on the street.

Customers' Corner

What do you consider good service in a food store? Do you get it at your A&P? Of course, we expect all our employees to be friendly and courteous. But we think good service goes beyond that. We train our employees to be prompt, efficient, helpful and accurate as well.

Good service also requires that the store itself be clean, well stocked and well operated.

Any time your A&P doesn't measure up to these yardsticks of good service, our loyal employees want to know about it. Please write:

EFFICIENCY was the only word that applied to moving day last week when the youngsters from Central Grade School took books, tablets and pencils and boarded school buses for their new school building on the corner of Sheldon road and Ann Arbor Trail. Under the direction of principal Nancy Tanger, center left, and School bus manager James Henry the complicated affair took a matter of minutes as each class was loaded into a bus and then unloaded at the new Bird school. Not only was this an easy method of moving but children spent their last day of school in their new rooms so that when school opens next fall they will know just where to go. Central Grade will be converted to a Junior High school next year.

INSULIN
A Great Medical Discovery

More than twenty-five years have passed since the discovery of insulin, the miracle drug that aids in the cure of diabetes. The cure is credited to a young Canadian, Doctor Frederick Banting. His experiments proved highly successful. Now, sufferers of diabetes can turn to that great discovery, for an almost complete cure. Already it has saved thousands of lives. We are proud to be among the group of fully advanced, fully equipped drug stores that carries a supply of this modern miracle drug.

Westinghouse... The DISHWASHER that's DIFFERENT!

FITS RIGHT UNDER THE COUNTER!

THE SECRET IS IN THE ROLL-OUT WASHWELL*

You don't have to "make room" in your kitchen for this amazing new Westinghouse Under-Counter Dishwasher... it fits right under standard counter surfaces and takes up no more space than a 24-inch cabinet. Just remove a 24-inch cabinet and slip in the Westinghouse Dishwasher, with its exclusive Roll-Out WASHWELL; opens from the front... yet it loads from the top! It gives greater capacity... washes a complete dinner service for EIGHT, or a service for four plus the pots and pans, all at one time! Washes them perfectly, and dries them in circulated, electrically heated fresh air. Simplified plumbing connections keep installation cost at a minimum. Just think... all these advantages in a compact 24 inches of space, without disturbing your present counter surface.

NEW UNDER-COUNTER DISHWASHER NEEDS NO MORE ROOM THAN A 24" CABINET

- Keeps work surface unbroken... no lids to pop up for loading, unloading.
- Frees entire work surface above Dishwasher for use at all times.
- Simplified plumbing connections keep installation cost down.

FIRST CHURCH OF CHRIST SCIENTIST. Sunday Services at 10:30 a.m. Sunday School, 10:30 a.m., for pupils up to 20 years. That there need be no fear of atomic destruction is the comforting assurance of the Lesson-Sermon to be read in all Christian Science churches on Sunday, June 24, under the topic "Is the Universe, Including Man, Evolved by Atomic Force?" The Golden Text is from Revelation (11:17): "We give thee thanks, O Lord God Almighty, which art, and wast, and art to come; because thou hast taken to thee thy great power, and hast reigned." Among the Bible citations is this passage (Ps. 100:3): "Know ye that the Lord he is God: it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture." Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include (p. 507): "Trinité. Mind creates and governs all from the mental molecule to infinity."

FIRST METHODIST CHURCH. Rev. Melbourne Johnson, pastor. Church School (Nursery through Junior high), 10:15 a.m. to 12 noon. Students going directly to classes. Worship Service for the church school will be held departmentally from 10:15 to 10:50. Morning Worship, 11 to 12 noon. The sermon theme for Sunday morning, June 24 is, "The Secret of Power." Next Sunday morning an opportunity will be given to any who wish to join the church either on Confession of Faith or by Transfer of Letter. Also, those wishing to receive the Sacrament of Holy Baptism may do so. Sunday morning July 1 the summer Union Services will begin with the Rev. M. I. Johnson preaching in the Presbyterian church throughout the month of July. The Union Services will begin at 10:30 a.m. each Sunday. Next Sunday morning will be the last service in which Mr. Richard Miller will direct the choir of the First Methodist church. Mr. Miller has received a scholarship that will take him to Rome, Italy for a year of study. Mr. Miller's many friends will want to attend the Service next Sunday morning and hear him play the organ, direct the choir and sing a solo. We deeply regret his departure but we are proud and happy that a man of such stature has been with us.

Ruth Campbell Bride of Dr. Bradley Straatsma

In a candlelight ceremony in the First Presbyterian Church last Saturday evening, June 16, Miss Ruth Reynolds Campbell, daughter of Mr. and Mrs. E. Fletcher Campbell of 941 West Ann Arbor trail became the bride of Dr. Bradley Ralph Straatsma, son of Dr. and Mrs. Clarence Ralph Straatsma of New Rochelle, New York.

The eight o'clock ceremony was performed by the Reverend Henry Walch, D. D. before an altar banked with palms and baskets of white gladioli and peonies. Miss Joan Zapp of Detroit sang "Since Thou O Fondlest and Truest" and "O Perfect Love." A reception following the rites was held in the Crystal Room of the Hotel Mayflower with Mr. and Mrs. Roy Fisher as host and hostesses.

Given in marriage by her father, the bride wore an ivory satin gown with illusion yoke and insets of Chantilly lace edged in seed pearls. Her fingertip length veil fell from a pleated ivory satin cap trimmed in seed pearls. She carried a cascade of white orchids with stephanotis and variegated ivy.

Mrs. Bradley Straatsma

G. Beaumier, of Seattle, Washington was matron of honor. Miss Marion Fisher, a cousin of the bride was the maid of honor. Bridesmaids were Mrs. John Slavens, and Mrs. David Wilder, both of Ann Arbor. Their frocks were of white organdy over turquoise taffeta and they wore matching mitts and coronets. They carried cascades of Hibbard and Briarcliffe rosebuds with variegated ivy. The little flower girl was Denise Ann Hocklowski, niece of the bride, who wore a white nylon mar-

quisite gown with the skirt caught up with baby rose buds. She carried a basket of Briarcliffe roses.

Dr. Forbes Delaney of New York City, brother-in-law of the bridegroom, was best man and ushers were Robert Beaumier of Seattle, Washington, Fletcher Campbell, Jr., brother of the bride, David Dutcher of Grand Rapids, and Loyal Jodar of Detroit.

Mrs. Campbell, the mother of the bride, chose a rose beige lace and chiffon gown with matching accessories and her corsage was also of cymbidium orchids. The bridegroom's mother was gowned in rose lace with matching accessories and her corsage was also of cymbidium orchids.

For their wedding trip to Sea Island, Georgia, the bride wore a navy palm beach suit with natural accessories and an orchid corsage.

Ruth is a graduate of Plymouth High school and graduated from the School of Music, University of Michigan with B.M. and M.M. degrees. She is a member of the Delta Delta Delta and Nu Phi Epsilon sororities and honorary societies at the University. Dr. Straatsma is a member of Alpha Omega Alpha, honor medical society, and was graduated cum laude from Yale University School of Medicine this June.

The couple will reside in New Haven, Connecticut, where Dr. Straatsma has been appointed intern on the Yale University Service of the Grace-New Haven Community Hospital.

Dorothy Jean Richwine Married in Wayne

Dorothy Jean Richwine, daughter of Mr. and Mrs. Perry W. Richwine of Burroughs avenue, and Harland B. Smith repeated their nuptial vows last Friday evening, June 15 at the St. John's Evangelical Lutheran church in Wayne. Harland is the son of Mr. and Mrs. Clifford B. Smith of Hix road, Wayne. Pastor Press officiated at the five o'clock rites before the immediate families.

For her wedding Dorothy chose a ballerina length gown in blue lace with matching dutch style cap and fingertip length veil. She carried a white bible centered with a white orchid.

Mary Louise Richwine was her sister's only attendant. Her gown, also of ballerina length, was in lavender. She too wore a matching dutch style cap made like that of the bride and she wore an orchid corsage. Harold Press-staff of Dearborn assisted Harland as best man.

Mrs. Richwine selected a navy

Mrs. Harland B. Smith

blue dress for her daughter's wedding and a corsage of pink and white carnations. Mrs. Smith wore a navy and white summer suit. Her corsage was of red roses.

Immediately following the ceremony a wedding dinner for the bridal party was held at Dearborn Inn. Mr. and Mrs. Smith are now honeymooning in Chicago, Illinois. For her trip Mrs. Smith wore a beige suit with brown and white accessories and an orchid corsage.

Dorothy is a graduate of Plymouth High school and attended Nazareth and Western colleges. The bridegroom attended Plymouth High school and is now with the United States Army. They will be at home to their many friends at 1510 Linwood avenue in Ann Arbor after returning from their wedding trip.

Former Resident Weds in Kansas

From Wichita, Kansas, comes news this week of the marriage on Saturday, June 2, of Lorraine Barbara Mersman, of Wichita to Vern C. Schmidt, son of Mr. and Mrs. Carl F. Schmidt of Clarkston, former Plymouth residents.

The ceremony was performed by the Reverend T. J. O'Sullivan in the Blessed Sacrament church in Wichita. A reception immediately following the ceremony was held in the Moose club. Mr. and Mrs. Carl Schmidt and daughter, Joyce, journeyed to Wichita to witness the wedding.

The bride is a graduate of Garnett school in Kansas and Mr. Schmidt attended Plymouth High school and Wayne University. Both young people are employed in Wichita as Metallurgical technicians in Wichita.

Announce Betrothal of Miss Barbara Ann Daniel

The engagement of Miss Barbara Ann Daniel is announced by her parents, Mr. and Mrs. Leslie L. Daniel of Rosedale Gardens, to Roy O. Birmingham, Jr., son of Mr. and Mrs. Roy Birmingham, Sr., of Dayton, Ohio.

Mr. Birmingham is a graduate of Miami University, Oxford, Ohio, where Miss Daniel is a senior in the school of Education.

Barbecue Chicken
Frying chicken
3 tablespoons fat
2 teaspoons Worcestershire sauce
2 teaspoons lemon juice
1/4 teaspoon thyme
1/4 cup catsup
Dash Tabasco

Heat fat in heavy frying pan. Add pieces of chicken and brown quickly on all sides. Reduce heat. Combine remaining ingredients and pour over chicken. Cover and cook over low heat about forty-five minutes or until tender.

While the chicken is cooking, boil the scraped small new potatoes. Add the butter and chopped parsley and serve on a large platter with the barbecued chicken, and the corn which has been boiled five minutes.

Make the chilled fruit cup with your favorite in-season fruits. For two persons try the sections of one orange, one banana sliced and sprinkled with lemon juice.

Arrange in sherbet dishes and garnish with Thompson's seedless grapes and big Bing cherries that have been pitted. This may be prepared ahead and chilled in the refrigerator.

Chicken Salad Tops for June Receptions

When the wedding reception is small, it is quite possible to dispense with a caterer, and make one's own best dish as the reception refreshment.

For June weddings, fresh chicken salad has become the classic wedding refreshment, almost as indispensable as the cake. Since chicken salad is quite simple to make at home, it is easy to cater a wedding reception of this kind right in your own kitchen.

To make chicken salad that has that delicate air for wedding festivity, add toasted chopped Brazil nuts to your own basic recipe. The toasted nuts are rich and different, and they make wonderful contrast to the bland and delicate chicken flavor.

It is simple to prepare the Brazil nuts for the salad. Just put shelled whole nuts through the food chopper, using the coarse blade, and the nuts will be chopped ready for toasting.

As for the chicken needed for the salad, ask for two fowls weighing about four pounds each to serve a dozen guests with chicken salad. To prepare the chicken for the salad, simmer them whole in water with peppercorns, celery tops, and salt until tender.

To toast Brazil nuts, place chopped nuts in shallow pan and toast in 350° oven for 10 minutes.

Brazil Nut Chicken Salad
1/3 cup lemon juice
1 1/2 teaspoons salt
1/4 teaspoon pepper
1 1/2 cups mayonnaise
6 cups diced cooked chicken
(chicken from 2-4 pound fowls)
2 cups diced celery
1 1/2 cups toasted chopped Brazil nuts

Add lemon juice, salt and pepper to mayonnaise; mix well. Put remaining ingredients into mixing bowl. Add mayonnaise mixture and toss lightly. Chill one hour. Pile into lettuce cups. Yield 12 servings.

MARY ANN'S AS BAKED ALASKAS

4 egg whites
1/2 cup confectioners' sugar
1/2 teaspoon vanilla extract
1 pint ice cream (any flavor)
6 bakers' individual Mary Ann shells

Beat egg whites until stiff, but not dry. Blend in confectioners' sugar and vanilla extract. Continue beating until meringue stands in peaks and is well blended. Divide ice cream into 6 portions. Place a portion of ice cream in the center of each Mary Ann shell. Cover Mary Ann shell and ice cream entirely with meringue. Place on a cookie sheet and brown quickly in a hot oven (450° F.) for approximately five minutes. Serve immediately.

NOTE: The Alaskas may be made up in advance and kept frozen in your home freezer or the freezing compartment of your refrigerator until ready to brown in the oven and serve.

Yield: 6 Baked Alaskas.

Baked Alaska Easy to Prepare

That most gala of desserts, the baked Alaska, can grace the table of any hostess. Its preparation is no mystery. It does not require the skill of a trained chef or a competent maid, but it does require good planning for its most satisfactory serving.

That just-right-moment to put it before guests is while the meringue is brown, and light, and the ice cream still cold and hard. The meringue forms an insulation and consequently both the Mary Ann shell and the ice cream must be covered so that no air reaches the ice cream, causing it to melt.

Now that home freezers and the freezing compartments of refrigerators make possible its early preparation, it can be the glamor climax to any feasting.

Social items can be phoned to 1755.

Table Beets Add Color to Meals

If you're interested in variety and color in meals, don't pass up fresh table beets, now in good supply at reasonable prices.

Beets are rather unique in that both tops and roots are edible and tasty in either the raw or cooked form. They offer menu variety often overlooked by many homemakers.

Tender beet tops make a crisp green salad, and are commonly used as cooked greens. The beets themselves have popular uses in the cooked form—as Harvard beets, pickled, hot buttered vegetable and casserole dishes, and in salads.

But they're quite a pleasant surprise when shredded raw for use in salads or as garnishes. Used this way they are very attractive, and have a sweet flavor to go with their crisp, bright appearance.

If you like the bright color in cooked beets, cook them with about two inches of the tops left on the root and peel after they are cooked tender. This prevents loss of color as well as food value into the water. Use a small amount of water and cook in a tightly covered kettle only until tender. With very hard water a teaspoon of vinegar will help keep the color bright.

Tops used for cooked greens should also be cooked in very little water, and only until wilted and tender. Whenever tops are to be used in a green salad they should be removed from the root and stored separately in the refrigerator.

Library Offers Wide Variety of New Books for Summer Reading....

If exciting rip snortin', rootin' tootin' Westerns are your favorite reading matter—the Dunning Library has several in its new collection of books. Some of the titles are "Rustlers' Bend" by Will Emme, "Trails by Night" by Tom J. Hopkins, and "Comestora Cowboy" by Roe Richmond.

Or if you like scientific fiction, "Beyond This Horizon" by Robert A. Heinlein promises stimulating reading. The action takes place in the world which is three centuries in the future.

Another novel that combines realism with fantasy is "The Day of the Triffids" by John Wyndham. Setting the scene in London, the book deals with the reactions of the English popula-

tion when they are bombarded with triffids—plants that walk!

Arthur Koestler's latest novel "The Age of Longing" is one of the library's new arrivals. The age-old conflict of totalitarianism vs. freedom is dealt with by Koestler with penetration and insight.

Books that are designed for self-improvement and aid to individuals are "A B C's of Beauty" by Babs Lee, "Look Younger, Live Longer" by Gayelord Hauser, "Your Way to Popularity and Personal Power" by James Bondner and Lee Graham and "The Way to Security" by Henry C. Link.

For color, excitement, and drama of historical novels try reading "Ride Home Tomorrow" by Evan John, which is set against the background of the crusades into the Orient.

Another historical novel "The Batt and the Trap" by George Challis deals with the court intrigue of the court of Cesare Borgia in Italy.

For a behind the lines story of the infantry in Italy during World War II, select "Brave Company" by Guthrie Wilson for your reading pleasure.

Of ring prospective homeowners aid in buying a home is "Buying a Home Worth the Money" by Frazier Forman Peters. Information is given on the proper construction standards, mortgages and finances, selecting a community, and many other topics.

An international best seller is "First on the rope" by R. Fresno-Roche which takes place in the French Alps and relates the adventures of mountain climbing.

For readers who enjoy reading history Robert S. Harper's "Lincoln and the Press" should provide interesting and well-spent hours of reading. The book deals with material which has never been covered before in previous books on the great Civil War president.

The volume is well documented with material taken from the newspapers of that era. Harper's book not only covers the press relations of Mr. Lincoln, but goes into the problems of freedom of the press.

Exactly what are the effects of television on today's children? Robert Lewis Shayon investigates the case for and against TV in "Television and Our Children." He discusses the FCC, the Listener's Movement, and the challenge to educators to compete against TV entertainment.

Would you like to read something a little out of the ordinary, in fact perhaps a little odd? John Kaber's new book, "Afternoon in an Attic" exhibits a group of unusual characters which include an astrologer, a medium, the keeper of Mr. Churchill's apes at Gibraltar, and several ghosts, who all reside in Paris.

Want to teach your dogs some new tricks? The library has just received "Teach Your Dog New Tricks" by Shandell and Trempl, which might give the dog owner some help in teaching his canine how to be cunning.

For conchologists or shell collectors or persons interesting in starting a new hobby, the library has "The Shell Collector's Handbook" by A. Hyatt Verrill. The handbook is packed with illustrations and information on this hobby.

Other novels to help pass away the summer hours are "Causeway to the Past," a book of intrigue and death, by William O'Farrell and "Dan, a from a Deer" by Vicki Baum.

Vicki Baum's new novel is a penetrating character study of a supposedly sweet, gentle woman who instead is as deadly as a black widow spider.

Interested in architecture? Five thousand years of building and designing by the human race are covered in "Architecture" by Joseph Watterson.

For students of mathematics there is "Mathematics, Queen and Servant of Science" by Eric Temple Bell which relates the developments in pure and applied mathematics from geometry to Euclid. Mr. Bell also presents ideas and theories of mathematics and relates them to practice.

Thus included in the library's new collection of books is something to suit every type of reader from mysteries to westerns and philosophy to history and fantasy.

IN RECOGNITION of his service with the Evans Products Company for 25 years, Curtis B. ("Pappy") Hall is being presented with a watch by R. B. Evans, vice president of the company. Mr. Hall was the first Evans employe to retire under both the age and service requirements.

Both Curtis B. ("Pappy") Hall, 56, and the Evans Products Company in Plymouth marked an important milestone this week.

For Mr. Hall, who lives on a small farm at 715 W. Grand River avenue, Brighton, the milestone was his retirement from the Evans Products Company after 25 years' employment. And for the company, it was the first time in its history that an employe had retired under both the age and service requirements.

At brief ceremonies in the Evans Auto Loader Building where he had worked as a set-up man for the past quarter century, Mr. Hall was presented with a watch by R. B. Evans, vice president of the company. Representing top management, Mr. Evans said in his brief presentation

speech, "We are all proud of the loyal and faithful service 'Pappy' Hall has given this company. This watch is our humble way of saying 'Thanks for a job well done.'"

I.O.O.F. NEWS

About 30 members and families enjoyed another potluck supper Tuesday evening June 12 at Tonquish hall. After supper all enjoyed viewing two films which were very interesting. One film was the atomic bombing at Hiroshima and the other was "you can bet the A bomb." This was the first time that the Lodge visited our lodge and also enjoyed the evening with us. Brothers reported sick were P. G. Trinkaus and brother Edlin of our lodge. Brothers' funds are still needed to condition our roof while the hot weather is here and help also is needed to do the job. Contact your building committee. Let's get our hall completed before fall.

He's grown—fast!

Pearl Harbor—1941. Korea—1951. Only ten years. But in that time the Bell System's capacity to serve the nation has literally doubled!

And the Long Distance telephone network which ties America together has grown even more. In 1941, there was very little coaxial cable in use. Radio relay was still in an experimental stage. Yet today there are 8,000 miles of coaxial cable in service—plus thousands of miles of radio relay. And Long Distance telephone circuits have increased in ten years from about 4,800,000 miles to 20,800,000.

In times like these, telephone lines are defense lines. For they are helping America rush its big production program. It's fortunate this nationwide network has grown so big, so fast.

Some day you may be real mad at us

We wish we had time to sit down with everybody in this town and tell 'em personally about the many kinds of modern, inexpensive insurance which most people should carry nowadays.

You—for instance—may be pretty sore at us some day if you have a fire, a windstorm, burglary or a boiler explosion, or if you are sued for damages, or lose a diamond ring or a fur coat or a suitcase full of clothes, or sustain some other serious loss against which we could have insured you if we had tried to sell you.

We can't be out selling everybody in town all the time, so won't you help us sell you what you need. Ask us to survey your insurance policies soon and to tell you of any gaps.

Winter wasn't too tough, was it? Sure, there was lots of snow, ice and cold. But you people who bought your fuel oil from us had nice warm houses, didn't you?

Our trucks kept oil in your tanks and the quality of the fuel oil was right for dependable, efficient oil-burner operation. That's so, isn't it... even if we do say so ourselves? So why not think about next winter now? Here are 2 important things for you to do:

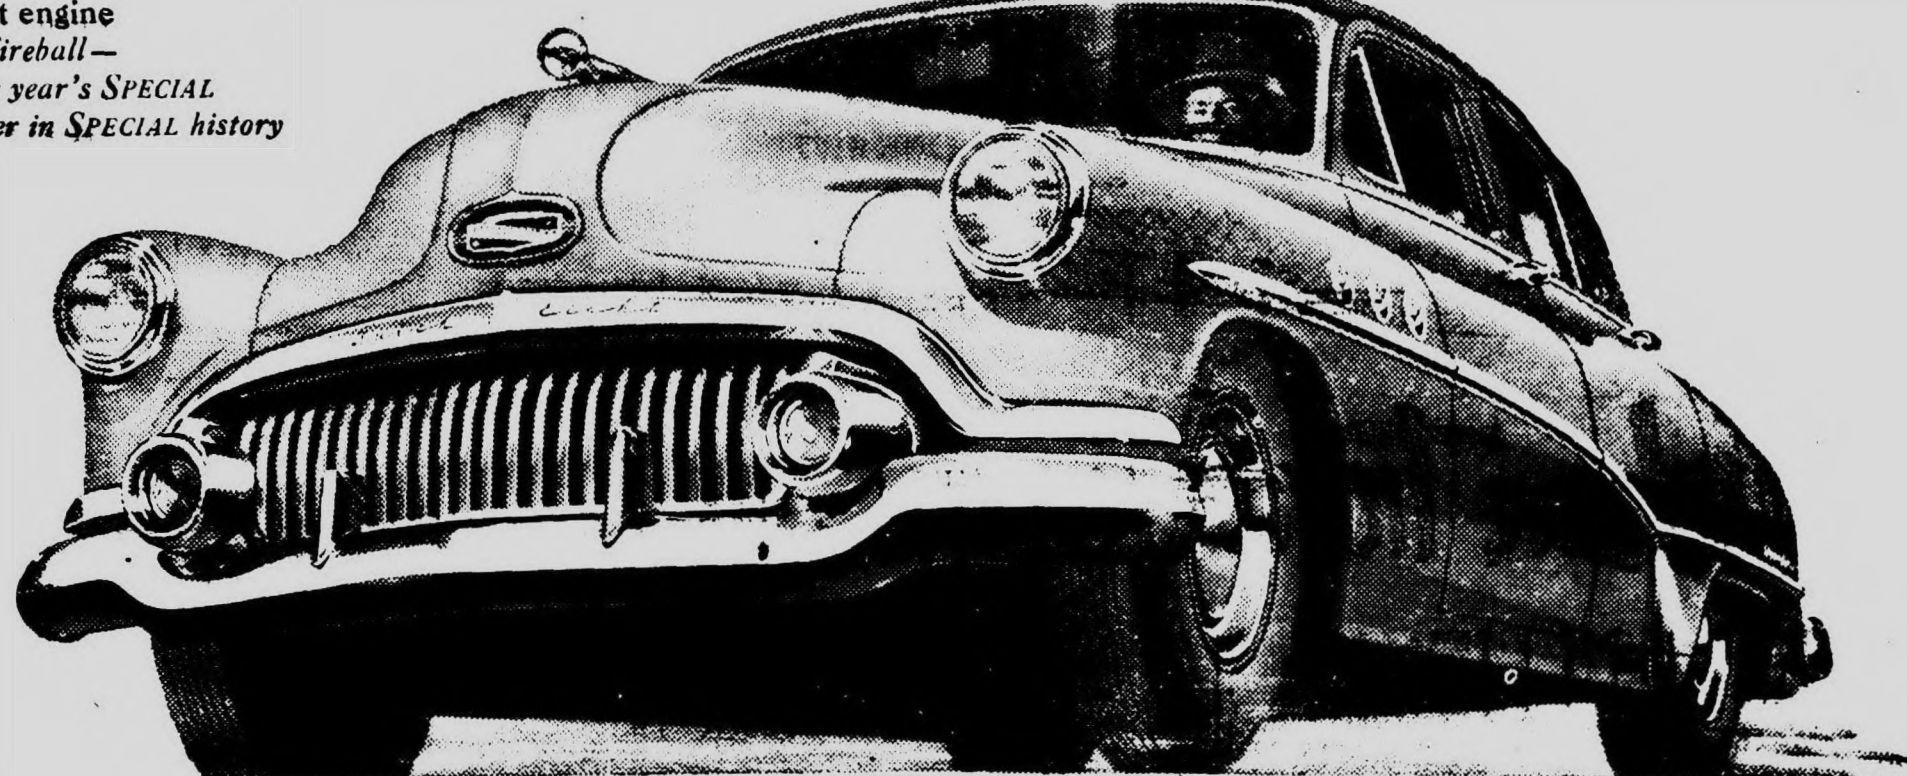

1. Have Your Oil Burner Serviced for care-free, efficient operation next winter.
2. Have Your Tank Filled Now. It will help you budget your fuel cost over the year. And a full tank helps prevent condensation and rust.

Start now to make next winter a comfortable one, too.

Buick's newest engine — the F-263 Fireball — gives this year's SPECIAL the highest power in SPECIAL history

Remember-only BUICK has a FIREBALL ENGINE

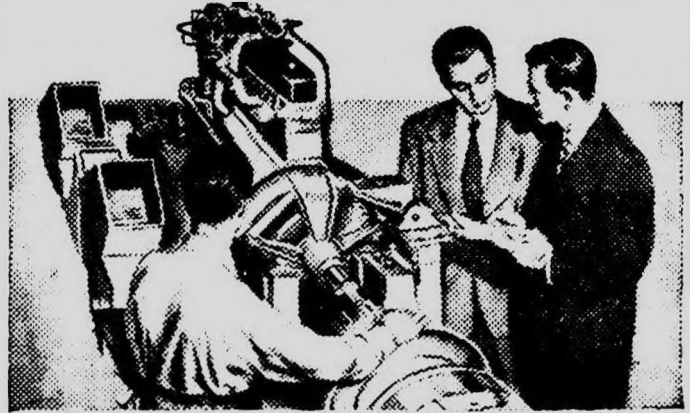

WE get a chuckle, sometimes, over all the fuss that's being made about "new engines." You'll note that the key feature of their design in every case is the valve-in-head principle—whether these engines are already in production or still in the dream stage.

Fact is, it takes this design to get the most from "high compression"—and how high you can go depends upon the available fuel. Using this design, wartime aircraft engines operated on 100 octane gasoline.

It also takes this design to get the more-miles-per-gallon which folks like in an automobile.

So what gives us a chuckle is this:

No other type of engine has ever been used in a Buick—which means that Buick owners, all along, have been getting a lot of things that others have just "discovered."

When you come to check the field you'll find that there's a sweet freedom from roughness to this engine's operation—tracing to the fact that the whole mechanism itself is engineered smooth, and the further fact that every Fireball Engine gets a Micropoise balancing after assembly.

But that's not all. They get something more—vastly more—because today's Fireball Engine has one standout feature found in no other automobile.

That name "Fireball" isn't just a trick word. It describes what happens inside this engine. Inrushing fuel rolls into a

swirling ball of gasoline vapor compacted around the spark plug. And when the fat spark sets it off, a cyclone of power lets go.

Of course, a Fireball Engine, being a valve-in-head, keeps pace with high-test fuel, when it comes to "high compression."

But what's more important in the present state of the world is this: A Fireball Engine is designed to handle the not-so-high-test fuel we may be getting in the not-too-distant future.

So, if you want to sample all that's fine in motorcar engines, your Buick dealer is the man to see. Come in soon, and find out what the rest of the world has been missing.

Equipment, accessories, trim and models are subject to change without notice.

Great Britain, which depends upon coal for 90 per cent of her fuel needs, is importing 90,000 tons of bituminous coal from the United States each week.

Fishing Season to Open Monday

Only those who are unable to get away because of worries about what is going to happen down in the nation's nut-house in Washington, or illness, or because they haven't got any cash left after paying the last tax installment will be around home next Monday morning—because Monday is the day when the fishing season opens in Michigan.

Like in all previous years, there will be a general exodus from Plymouth of all fishermen who are able to get away Monday for a few hours or a few days.

Conservation department officials up in Lansing estimate that there will be a quarter of a million or more fishermen trying their luck on Monday. They do not anticipate an increase over last year. The department does anticipate, however, that the total will jump to a record figure before the week is ended.

There are no regulation changes, the department points out. Recent fishing legislation, when and if signed by the Governor, will not have any effect until next year.

June 25 touches off some six to nine months of bluegill, sunfish and black bass fishing. Many other species also become legal catch targets in southern Michigan below M-46. These are northern pike, walleye and white bass. Others are listed in the fish law digest which the angler can get with his license.

Pike season already is underway above the Muskegon-Port Sanilac line (highway M-46) where there is no closed season on crappies and the other species mentioned.

Daily creel limit on bluegills, sunfish, perch, rock bass, crappies and warmouth bass continues at 25 in any combination of which not more than 15 may be bluegills. There is no minimum size limit. White bass must be seven inches long, daily possession limit ten. Whitefish of any length may be taken, maximum daily limit seven.

For northern pike, walleyes, largemouth black bass and smallmouth bass the daily maximum is five in any combination on inland lakes and streams. Minimum size limits are 14 inches for northern, 13 inches for walleyes, and 10 inches for either bass species.

Frogs may be taken beginning June 25, except that they must not be speared at night with artificial light.

Although fishing license fees recently have been raised in other states, the cost of Michigan angling permits is unchanged. Resident license is \$1.50. Wife of a resident fisherman can fish free by filling out the permit stub attached to the regular license. The nonresident male angler, as well as his wife, may purchase a 10-day temporary license for \$2 or the annual license for \$3. A license is needed for fishing in land waters when a person has passed his 17th birthday and can be secured from any one of 4,000 license agents.

The department's fish division operates 500 public fishing sites, about two-thirds of which are usable or improved.

Roger Babson Says --

Babson Discusses Land
Babson Park, Mass., June 21. People say that most land is now too high to buy. I do not believe this. The price of new homes seems high, —three times what they sold for in the "thirties"—but both good lots and fertile acreage are still comparatively cheap.

Three Reasons for Buying Land
There are three reasons why I believe everyone should own a little land somewhere:

First, there is only just so much land within a certain area—and there never will be any more. It is easy to make more stocks and bonds. The Government can always print more dollar bills when taxes do not balance the budget. New houses, factories and stores can be built; but the amount of land is fixed. There is today no more land within five miles of your post office than there was thousands of years ago and there will be no more a thousand years from now. So, you had better own some that you can use or rent.

A second reason why I would like to see everyone own a little land is because land is the source of everything we have. Land gives us not only food, but clothing and shelter. We just can't get on without it. The third reason is that to own a little land is

a human instinct like the craving for food, children or other basic things. Therefore, land will never go out of style.

Buy Land Which Carries Itself
When buying land get something which carries itself or "pays its board," so to speak. Vacant lots or unused acreage can quickly "eat their heads off." If you pay \$1,000 for vacant lot, the taxes and interest on what you pay could amount to \$1,000 in ten years. This means you then sell it for \$2,000 in order to make a penny. Hence, the importance of getting enough income to pay these carrying charges. These—in case of a building—must also include cost of insurance and maintenance.

The above explains why I like woodland, upon which the taxes are low. The trees will grow enough to balance the taxes and interest cost. Moreover, trees grow seven days a week, including Sundays and holidays! They have no labor unions which limit them to growing only eight hours a day, nor do they practice "birth control" to prevent them from multiplying. Their only enemies are fires and debt. Fires are getting better controlled every year; and you can now get mortgages which can be paid off over 20 years, as you get the money.

Don't Hoard Land
The above is not written for rich investors. It is just as dangerous to hoard land as to hoard anything else. Thus, don't attempt to buy too much land. Too big family holdings might someday be divided and sold very cheaply by the U.S. Government, as has been real estate tax, increasing as the number of acres increase.

In fact, it is wisest not to concentrate on any form of investment. Don't get hipped on anything; railroads, motors, steels, chemicals, department stores or anything else. Proper diversification is the first rule of successful investing. Yes, you can even become "land poor" by having too much land that produces no income in the form of rents, crops or woodland growth.

My European Friend

I have a European friend who, only 10 years ago, was a very rich woman in Poland. She had a beautiful home of sixty rooms; she had 50,000 acres of forest land; she had valuable paintings and other works of art. But when the Russians overran Poland, she could not take away any of these. (She had no stocks or bonds except Polish Governments, which became worthless.)

My friend, however, had some valuable jewelry, including many diamonds. These she concealed on her person and got away. She is now in the United States living humbly on these diamonds and such work as she can get. This friend of mine advises all women to diversify their investments by having some good jewelry. Don't put everything in stock of bonds or even in land!

Pfc. Hitt is the son of Mr. Ira O. Hitt, 1335 Sheridan avenue, and he also is a Plymouth High graduate. He has been in the Air Force since August 31, 1950. Prior to entering the Scott communication school, Pfc. Hitt and Corp. Blunk completed basic training at Lackland Air Force Base, Texas. Corp. Blunk received recently a ten day leave and visited in Plymouth.

It requires 200,000 fifty-ton cars each week to haul away the coal produced by this nation's bituminous coal mines, and if a week's production could be handled in one train-load, the train would reach from Pittsburgh, Pa., all the way to Denver, Colo.

With Our Boys in The Armed Forces

Brief items of interest about your sons or husbands in the services are welcomed in this column providing the information does not conflict with press security policies.

Sergeant First Class Richard C. Innis, son of Mr. and Mrs. Alfred L. Innis, 11626 Riverside Drive, Plymouth, recently was awarded his second Combat Infantryman Badge while serving with the 17th Infantry (Buffalo) Regiment in Korea.

He received the first award while fighting in the European Theater during World War II. Innis' regiment was the only American regiment to reach the Yalu River. Recently "The Buffaloes" were commended for valor in combat and superior performance of duty in the Yanggu Area by Major General Claude B. Ferenbaugh, 7th Division Commander.

Sergeant Innis is a veteran of 12 years in the Army. He wears the Bronze Star Medal, Good Conduct Medal, German Occupation Medal, and the Korean Service Medal.

Pvt. James F. Gray, son of Mr. and Mrs. Thomas A. Gray, 1027 Dwyer street, Plymouth, has successfully completed Leadership School with the 26th Field Artillery Battalion, a unit of the 9th Division Artillery, 9th Infantry Division, Fort Dix, New Jersey. He spent the first four weeks of this eight week course studying the theory and principles of giving instruction. He was taught the qualities of leadership which will enable him to competently instruct trainees at this large training center and eventually lead men in combat.

Pfc. Terrance D. Hitt and Corp. Douglas M. Blunk graduated recently from one of the Air Force Communications schools at Scott Air Base, Illinois. Corp. Blunk is the son of Mr. and Mrs. Arthur E. Blunk, 14590 Haggerty road. He is 22 years old and has been on active duty with the Air Force since August 31, 1950. Corp. Blunk graduated from Plymouth High school.

ROLLED BALE

Safe Deposit For Leaves

Reports from ROTO-BALER owners say that weather-resistant rolled bales contain more leaves. Livestock eat rolled hay better because it is soft, sweet and retains its natural color. Here are some of the things farmers wanted to know:

Would rolled bales really shed showers? Would they handle and transport easily? Would livestock eat them without waste, fed whole or unrolled? Could straw for bedding be rolled out without shaking?

The ROTO-BALER has answered "yes" to each of these questions, satisfying farmers everywhere. Stop in and ask us for a free booklet on rolled bales and the ROTO-BALER.
