## Commissioners Discuss Streets, Truck Traffic on Mill at Meeting

The problem of streets and traffic was the main topic on the agenda of the City Commission last Monday evening.

City Manager Glassford was authorized by the City Commissioners to request the Wayne County Road Commission of their recommendations for stop lights on the corners of Sheldon at Ann Arbor trail and Penniman avenue.

The next item on the agenda concerned the Mill street truck traffic problem. At the last Commission meeting, residents on Mill street complained that trucks were driving at a great speed on that street which caused a great deal of noise and safety problems. The commissioners tabled the matter for the next meeting to consider the problem.

Monday evening, City Manager Glassford stated his staff checked the truck traffic at 6:30 a.m. one morning and clocked the trucks. He said they were driving from approximately 17 to 25 miles an hour. The speed limit is 25 miles an hour. The trucks

were carrying a heavy load, and further studies and surveys will be made at different times of the day to determine if the speed limit should be cut down.

The problem of truck traffic on Mill street was tabled by Commissioner Hammond for consideration at the July 16 meeting.

At the meeting, Police Chief Carl Greenlee was given approval by the Commissioners to make the first route signs on the west side of Harvey street between Ann Arbor trail and Wing streets permanent.

Permission was also granted by the City Commission to LaVerne Gibson, manager of the new "Dairy Queen" store which is being constructed on Main street, to cut a driveway on the west side of the new store.

The Commissioners gave the bid of constructing the Sunset curb and gutter between Blanche and Farmer to William Kloote.

A hearing for the raising of the level and replacing the sidewalks on the Pere Marquette railroad westerly to 556 W. Ann Arbor trail was set for August 6 in the Commission Chambers.

The Commissioners resolved that the flags in the city fly at half-mast last Tuesday on the day of the funeral of George A. Smith, Chamber of Commerce secretary, who passed away Sunday.

City Manager Glassford brought up the question of writing an ordinance that would prohibit door-to-door solicitation except the selling of farm products. City Manager Glassford pointed out that the city does charge solicitors strict fees to prevent them from creating nuisances in the community, but that peddlers and solicitors slip by through state regulations.

It was also pointed out by the City Manager that the U. S. Supreme Court decided in favor of an ordinance of a city in Virginia which prohibits solicitors in the community. The City Commissioners decided to consider the matter.

Postmaster Dr. George Timpona announces that starting July 2 a new money order plan was inaugurated. "It is streamlined, issued more quickly, and paid more conveniently," said Dr. Timpona.

The new money order may be cashed at any post office or bank and no specific post office is named for payment on the money order.

The regular application form will be still in effect. "To save money for your government and you, please do not mutilate, fold, or staple the new money orders," said Dr. Timpona.

## Growers to Tour Local Vegetable Growers' Farms

The Wayne County Vegetable Growers will tour the farms of two well-known Plymouth farmers on Saturday afternoon, July 7. The vegetable growers will tour the farm of John Schroeder at 2 p.m. and will then visit the farm of Clyde Smith & Sons at 4 p.m.

Mr. Schroeder grows potatoes, cabbages, tomatoes, squash, melons, sweet corn, cucumbers, and peaches on his farm located at 37191 Six Mile road, between Newburg and Farmington roads, northeast of Plymouth.

The Vegetable Growers will view the cabbages, tomatoes, melons, sweet corn, cucumbers, peppers and peaches at Clyde Smith and Sons' farm at 8010 Newburg road, between Joy and Warren roads, southeast of Plymouth.

Farmers are invited to bring insect pests and diseased plants to discuss control measures with Michigan State college specialists. Ray Jones, Edward Andrews, and Karl Bailey on the tour.

The Wayne County Vegetable Growers will hold a picnic Saturday, July 21 at Plymouth Riverside Park. The group will eat at 5 p.m. and everyone is asked to bring a basket lunch.

## Board of Education Holds Monthly Meeting

The Board of Education of Plymouth Township districts schools will hold their monthly meeting in the high school at 8 p.m. Monday, July 9.

## WARNING to MERCHANTS

In view of many complaints that have been received from state newspapers, the Michigan Press Association, Inc., has issued a warning to merchants to check with their local newspaper before purchasing any advertising service.

Complaints from merchants vary, but primarily they deal with mis-statement of facts by salesmen, one of which is that the cost of the service includes the cost of advertising space in the local newspaper.

This newspaper does not endorse and is not a party to such contracts. Before you sign, please consult us.

## 4 Local People Hurt in Car Crash in Pennsylvania

Injured when a truck rammed two cars on the Pennsylvania Turnpike Thursday evening were Plymouthites Dale Groff, 21, his wife, Kathryn, 20, and Mrs. Irva Sockow, 46, mother of Mrs. Groff. The lives of two women from Detroit were also lost in the accident.

Returning from a week's vacation in New York city and Pennsylvania, the Plymouthites' car was hit by an eastbound tractor-trailer when it went out of control and wheeled into their lane of traffic.

Mr. and Mrs. Groff and Mrs. Sockow were taken to Somerset hospital, Kenneth Sockow, son of Mrs. Sockow, also in the car was not hurt.

A friend of the family said it was reported that Mrs. Groff suffered an injured shoulder, Mr. Groff received head injuries and Mrs. Sockow suffered a badly bruised leg.

Mr. and Mrs. William Groff of Starkweather, parents of Dale Groff, left immediately Thursday evening for Somerset, Pennsylvania, when they received a call from the hospital.

Held for investigation of involuntary manslaughter is the truck driver, Roland M. Booth, of Salt Point, N. Y.

The Detroit women, Mrs. Shirley Lilly and Miss Shirley M. Wheaton were riding in the first car. Mrs. Lilly was the wife of Dr. Richard Lilly, who left for active service with the armed services in Korea three days after their marriage on December 4.

Miss Wheaton was a librarian at Mt. Carmel, Mrs. Lilly, 25, resided at 15469 Sussex and Miss Wheaton, 24, lived at 16596 Rosemont.

Mr. and Mrs. Dale Groff reside at 1091 Starkweather and Mrs. Sockow and her son live on North Mill street.

## New Pastor for First Baptists

Rev. David Lawrence Rieder

The Rev. David Lawrence Rieder, former pastor of the Scribner avenue Baptist church of Grand Rapids, has accepted the call of the First Baptist church of Plymouth and will take up his work here the latter part of August.

Rev. Rieder is a graduate of Wheaton college and Northern Baptist Theological Seminary and holds the degrees of B. Sc. and B. D. from those institutions. He also has taken special study at Northwestern University and the Moody Bible Institute.

Prior to his ministry at Grand Rapids, he was pastor of the First Baptist church in Hillsdale, Michigan for 4 1/2 years during which time he was also the director of the 40 voice "Wright Twp. Men's Chorus" of that area.

Rev. Rieder has held the pastorate of the Grand Rapids church since 1947. During that time he served as treasurer of the Grand Rapids Evangelical Ministerial Union. The pastor also served as associate minister of the Gratiot Avenue Baptist church of Detroit in 1940 and 1941.

Rev. Rieder is a native of Chicago, Illinois. His father, the late Frank W. Rieder was a former principal and district superintendent of schools of that city.

With Mrs. Rieder and two sons, Duane and Gene, Rev. Rieder will move to Plymouth after August 19 and will occupy the parsonage at 494 Mill street which is being re-decorated in preparation for their arrival.

## Superintendent Assumes Duties

"I believe that the immediate task to be done is to continue the good school program of Plymouth's schools," said Russell Isbister, Plymouth's new superintendent of schools, who assumed his duties last Monday.

Mr. Isbister stated that the community, the Board of Education, and Helmer Nelson, business manager, are to be complimented for their efforts in providing good facilities for the children and the school's staffs and faculties.

"I am very much impressed with the new Nellie Bird and George A. Smith elementary schools and the new addition to the high school," said the new superintendent of schools.

Mr. Isbister and his wife and his two boys will move to Plymouth during the first week in August. His son, Bob will enter the sixth grade in September and son Jim, will enter the tenth grade.

## Start Memorial Fund For Smith

At the suggestion of several friends of George A. Smith a memorial fund was started in his memory by people and organizations who preferred to leave contributions for future use rather than send flowers as their last tribute.

Under the leadership of Edna Allen, Celeste Brake, Mildred Burr and James Gallimore both banks were asked to receive any such funds and disposition of the same will be made at a later date when a proper memorial usage can be found.

## Taylor & Blyton Close Small Store

Taylor and Blyton's Department Store has consolidated all of its departments in its location at 336 S. Main street by moving its curtain, drapery and bedding supply store at 832 Penniman avenue to the second floor of its Main street floor.

Curtains, draperies and bedding, in addition to all supplies and yard goods will be found on the second floor, providing a more convenient arrangement for Plymouth shoppers.

Ladies wearing apparel lines have been moved down to the first floor to complete the new and more advantageous merchandise classification.

## Mr. Shoub New Parish Worker at St. John's

A theological student, Donald Shoub will serve the congregation of St. John's Episcopal church throughout the summer. Mr. Shoub studied at Heidelberg college and the Episcopal Theological school in Cambridge, Massachusetts. He will be ordained in two years.

Mr. Shoub and his wife are living in the Episcopal rectory at 185 Blunk street.

## Plymouth Moms Hold Business Meeting

Plymouth Mom's club will hold a business meeting Saturday, July 9 at 8 p.m. in Veterans' Memorial Center. The new president, Mrs. Maud Anderson will make committee appointments. All members are urged to attend.

## Activities in Full Swing at Playgrounds

Plymouth's children are busily at play at Central, Starkweather, and Forest and Sutherland playgrounds. Activities for the children include craft project periods, baseball, volleyball, and many other games.

The children are even entering the newspaper field. Each playground issues a small newspaper written by and for the children telling of the weekly events.

Contributing their part to Plymouth's July Fourth celebration, the children produced and acted in their own skits.

The children at Sutherland playground made the colonial flag and costumes which were used in their skit presented Tuesday evening of July 3rd. The skit was written by Gloria Bowles, Jean Whitebread, Dickie Wells, Sharon Walsh and Tommy Schomburger.

Children at Central sang and dramatized two songs, in their skit on July 3rd. One of the songs was written by the children.

The Central children visited Cloverdale Dairy last Friday and were given complimentary gifts of ice cream.

Learning how to be business men, the Central children operated a Kool Aid stand selling refreshments to thirsty passers-by.

At Starkweather playground, the children performed dances in their skit on July 3rd. Supervising the children are Miss Helen Stromick and Miss Sue Daniel.

Children at the Central playground are directed by Miss Rosemary Dowsey and Miss Erna Kienbaum. Mrs. Evelyn Gladstone and Miss Beth Douglas supervise the children at Forest and Sutherland playgrounds.

Each week special events and different activities are planned for the playgrounds to make the summer more interesting for Plymouth's children. The playgrounds are open every day from 10 to noon and from 1 to 5 p.m. Starkweather and Sutherland playgrounds are also open from 7 to 8:30 p.m.

## "Pop" Concert to be Presented

The orchestra will play from a specially constructed stage which was built for the occasion. Admission is free and the public is invited to attend.

## Boy Recovers from Eating Poisonous Mushrooms

Little seven-year-old Danny Hartford has completely recovered from a bad tummy ache that was caused when he ate some poisonous mushrooms which he found outdoors. Danny ate the mushrooms last Monday and was rushed immediately to Sessions hospital where he had his stomach pumped out.

Danny is the son of Mr. and Mrs. Gordon Hartford of 9629 Gold Arbor road. The incident was caused when he ate some poisonous mushrooms and other poisonous articles that are found outdoors. There is a good reason for it.

## City Sidewalks Being Repaired

Plymouth pedestrians will have easier walking now because the city's sidewalk repair program is well underway. On streets where the sidewalks are badly in need of repairs, the city has requested property owners to fix the walks.

The property owners are given 30 days to hire their own contractors to do the work. If the property owners fail to do so, the city takes care of the repairs and assesses the property owners for the work. The city pays for the repairs on intersections.

Sidewalks which are being repaired now are on Main street, Mill, Harvey, Church, and Sheridan streets, West Ann Arbor trail, and Penniman avenue.

"Plymouth residents have responded in a wonderful way to having their sidewalks repaired. They are hiring their own contractors and taking care of the repairs right away instead of waiting to the last minute. The work has been done very quickly and we hope to extend the sidewalk repair program to other areas in the city which need it," said City Manager Glassford.

## Day Camp Turns Out to be Success

Camping out doors! Fishing and swimming and many other activities are available for Plymouth children in Day Camp, which is sponsored by the Recreation department. The fact that 65 children signed up for Day Camp this week indicates the popularity of the camp.

The bus which leaves at the high school for Kensington Park at Kent Lake can carry a little more than 50 kiddies and the first youngsters at the bus will go. All children from nine to 15 are welcome to register for Day Camp at their nearest playground.

Day Camp is held on Tuesday, Wednesday, and Thursday from 9 a.m. to 4 p.m.

The camp is located eight miles past Novi on Grand River. Camp director is Miss Beth Hobosal and her assistants are Sue and Jo Woolweaver, Miss Kathleen Petchauer, Ronald Beaver, and Jerry Roper.

Recreational workers say the camp is located in beautiful surroundings and the children really seem to enjoy themselves on the camp-outs.

## Man from City Appointed to College Post

Dean Kenneth G. Bartlett of Plymouth, has been appointed to the newly established position of dean of the office of public relations at Syracuse University, Chancellor William P. Tolley announced recently.

The son of Mr. and Mrs. Lyman J. Bartlett of Plymouth, he becomes one of the university's five senior officers by his new appointment. He will coordinate and supervise the institution's public relations services at the policy-making level.

Dean Bartlett has served as a member of the Syracuse radio faculty since 1929. At the present time he heads the university's adult education division, University college, and directs the department of radio and television.

A 1927 graduate of Albion college, the new Syracuse officer received his master of arts degree in 1931 at the Maxwell Graduate School of Citizenship and Public Affairs on the Syracuse campus.

The dean served several years ago as chairman of a self-survey committee here, evaluating the institution's public relations services and agencies. He also has been a special consultant to the chancellor on problems of public relations.

Dean Bartlett has devoted much of his time in the past two decades to radio education, taking over direction of the university's infant radio department and teaching courses in radio as early as 1932. He now heads the department supervising graduate and undergraduate professional training in both fields.

He also has attained national recognition as a champion of educational TV frequency bands, working for the Federal assignment of specific television bands for educational and public service stations.

As a result of his leadership of the movement for radio education, members of the School Broadcast Conference named him their "Radio Man of the Year" in 1949.

## Heart Ailment Takes Life of George A. Smith

Friends of George A. Smith were shocked to learn of his sudden death at St. Joseph hospital in Ann Arbor at 8 a.m. last Sunday morning. A patient there off and on for the last several months Mr. Smith underwent an operation on his foot last week and was reported to be making good progress when a heart ailment developed Saturday night which culminated in his passing the next morning.

Well known in this community having served as superintendent of schools for 27 years Mr. Smith devoted his life to his teaching profession and the children of the schools. Born in Morenci, Michigan on May 18, 1884 he was 67 years old at the time of his passing. In 1890 he became an orphan and was placed in the State Public School at Colwell, Michigan where he stayed until he was indentured onto a farm home in Hillsdale county.

After high school graduation he entered Michigan State Normal college in Ypsilanti where he received his B. A. degree. His first teaching position was in Manchester, Michigan where he met Clella Stowe of Fowlerville whom he married on December 25 in 1914 in the latter town. Shortly after he came to Plymouth in September of 1918 and remained here to culminate 39 years in the teaching profession.

He retired from his school activities six years ago and more recently has been active as secretary of the Plymouth Chamber of Commerce. During his years in the school field he received a masters degree from the University of Michigan and became a member of the Phi Delta Kappa, an educational fraternity. He was a member of the Michigan Institute Commission from 1916 to 1937 and has been a member of the Wayne County School Board since 1936. He has also been a member of the Wayne County Administration and Board of the Wayne County Training School since 1937.

In 1949 he became a Republican candidate for the legislature and won the nomination only to lose in the final election to his Democratic opponent.

He has been an active member of the local Presbyterian church and served as one of its trustees. For four years he served on the city planning commission and was also a member of Plymouth's former Charter Commission. He was also an active member of the Masonic lodge.

One of his most active interests was the Plymouth Rotary club of which he was a charter member and its first president. In the Rotary year of 1947 and '48 he was honored by the Rotary district and named Governor for the year. Another of his activities which took much of his time was over a quarter of century of service to the Boy Scout troops of this area.

Funeral services were held Tuesday at 2 p.m. from the Presbyterian church with the Rev. Henry Walsh officiating. Interment was made at Riverside Cemetery under the direction of the Schrader Funeral Home. Active pallbearers were David Mather, Robert Willoughby, Carvel Bentley, Claude Dykhouse, Harry Reeves, and Coello Hamilton.

Surviving other than his wife are two brothers in California and a sister, Mrs. Mary Start of Burr Oak, Michigan.

## Treat Husbands at Annual Dinner

The Rotary Anns entertained their husbands at a dinner last Thursday evening at the Hawthorne Valley golf club. All of the husbands, in addition to a delicious dinner, received bouquets from their wives.

Presiding over the program was Mrs. Robert Willoughby. The Rotary Anns and their guests also heard an address by Mrs. Heima Taylor, executive secretary of the Wayne Out-County chapter of the Society of Crippled Children, and Dr. William Hathaway of Pontiac.

Mrs. Taylor showed slides to highlight her speech.

Describing the beauty and color of Hawaii, Dr. Hathaway told the Rotary Anns and their husbands of all the wonderful features of Hawaii which have made it one of the favorite vacation lands in the world.

## Request Furniture for Sutherland Playground

Plymouth residents are asked by the recreation department to donate their old lawn furniture to the Forest and Sutherland playground, which needs facilities very badly. Any old tables, chairs, or benches donated would be appreciated by the children who use the playground and the playground officials.

The recreation department will pick up the furniture and rehabilitate it if necessary. For further information, Plymouthites may call the recreation department at 2075.

### Roderick Highfield Weds Castilla Reist of Saginaw

Saginaw's Michigan Avenue Baptist church was the scene Saturday afternoon, June 23 where Castilla Reist and Roderick Lane Highfield exchanged nuptial vows. June is the daughter of Mr. and Mrs. Rollie Trent Reist, of Saginaw, and Roderick is the son of Mrs. Stanford L. Besse of Plymouth.

Proceeding the ritual, Mrs. J. C. Bush sang "I Love Thee" and "O, Perfect Love." A close friend of both the bride and the bridegroom, the Reverend Ethan Bragg came from Crosswell to perform the double ring ceremony. Mrs. Ernest DeFord was the organist.

The bridal party assembled before the altar filled with palms and tall baskets of white gladioli on either side of the white satin prieu dieu on which the couple knelt for the benediction. Approaching on the arm of the father, the bride was preceded by her cousin, Helen Margaret Burkholder, of Maple Rapids, who served as flower girl.

The bride wore a colonial gown of white brocade and crepe fashioned with a sweetheart neckline on a fitted bodice. Her fingertip veil fell from a Juliet cap of matching brocade edged with seed pearls. She carried a bouquet of lilies-of-the-valley, white carnations, and delphinium.

Mrs. Richard Reist, of East Lansing, served her sister-in-law as matron of honor while the bridesmaids were Mrs. Robert Danielson, Mrs. Donald D-ford, and Rose Marie Wesson, all of Saginaw.

Their dresses were fashioned of white embroidered organdy over taffeta in pastels of lime, lilac, yellow, and aqua. They carried identical bouquets of Talisman roses encircled with yellow daisies. The flower girl's dress and bouquet was patterned in miniature for the bridal attendants.

E. Raymond Highfield served his brother as best man. Guests were seated by Richard Reist of East Lansing, brother of the bride, Daniel Leabu, Jr., of Monroe, cousin of the bridegroom, William Berman of Plymouth, and the bride's younger brother, William Reist as junior usher.

Among the guests from Detroit, Monroe, Ypsilanti, Plymouth, Lansing, Howell, Crosswell, Maple Rapids, Ohio, and Flint was Private Richard Elzerman on special leave for the occasion from Fort Bragg, North Carolina. The bride's mother, Mrs. Reist wore a floor-length gown, of

powder blue lace and chiffon with matching lace hat. Her corsage was of Pincocchio roses. Mrs. Besse chose an aqua crepe gown and a sheer white eteche studded with rhinestones. White glasses, centered with a red rose bud formed her corsage.

The four o'clock ceremony was followed by a garden reception at the Reist home.

Roderick Highfield is a graduate of Plymouth High school with the class of 1947. He attended Michigan State Normal college at Ypsilanti during the past three years where he received his Bachelor of Science degree, June 16.

The new Mrs. Highfield was graduated from Saginaw public schools. She also attended Michigan State Normal college and during the past year taught near Crosswell.

For traveling Mrs. Highfield chose a navy blue costume with cinnamon accessories and wore a Pincocchio rose bud corsage.

After a brief honeymoon, the couple will spend six weeks at Camp Ragged Woods near Port Frank, Ontario, Canada, where Roderick is to be Handicraft Counselor. They plan to make their home in Colorado after September 1.

**Three Steps TO BETTER TASTING FOOD**

1. Choose Carefully  
2. Prepare Properly  
3. Freeze Quickly

Good winter eating is growing in your garden right now. Selected at prime and stored (wrapped correctly, of course) in an electric farm freezer, it will add more taste, appeal and nourishment to cold weather meals. Your dealer has a farm freezer to fit your needs exactly. See him today.

Better ways to prepare and package food for freezing can be learned quickly and easily with the help of your Edison Home Service Advisor. Call any Edison office. Remember, too, your local locker plant has complete facilities for quick freezing extra large quantities.

Vegetables, fruits, meats, dairy products, baked goods stay fresh and tasty for months in the zero-cold of an electric farm freezer. You can "cook ahead" for special occasions, freeze small quantities as well as large, keep leftovers for future enjoyment. You save time, food, money!

**First National Bank Nine Wins Double-Header**

Lead by the pitching of Tom Schrak and Bob Hitt, the First National Bank baseball team came up with a clean sweep of a double header with Garden City 6-1 and 4-0 last Saturday at Nankin Mills park.

In the first game, young Tom Schrak set the Garden City batsmen down with 4 hits and one run while in the night cap. Bob Hitt, who has been plagued with a sore arm most of the season, got back in the groove by pitching a three hit shut-out and keeping the First National team in the race for first place honors in the class "A" Intercounty League.

Thus far this season, First National has won 6 and lost 3 for a 66 2/3 percentage and holds undisputed possession of second place.

**"I REMEMBER" BY THE OLD TIMERS**

From Mrs. Jackson Eddins, Wadesboro, N.C.: I remember when we cooked on an outside fire place, having the pot suspended on a long pole. We had no canned goods, only a little dried fruit. We wore our dresses to the floor and it took ten yards of calico to make one baby dress. We didn't have money. Usually we carried our shoes in our hands until we were nearly to church. The only paint we had came from poke berries. Our supply of water was sometimes fetched as far as 1/4 mile.

From Mrs. Beulah J. Braly, Los Angeles, Calif.: I remember when I attended the little red school house in Baylor County, Texas. Most of us walked a mile and a half to school. One of the pupils would pass around a bucket of water and everyone drank from the same dipper. I never knew anyone to get sick from it. The boys and girls played ball together at recess periods.

From Mrs. H. C. Fullerton, San Antonio, Texas: I remember when father used to take the children to an open air "silent picture show" where we sat on wooden benches. The show cost only a nickel and generally lasted about two hours. This was in St. Louis about 1900. After supper each night (if we had finished our homework and practicing, we were allowed to play in the parlor with huge gas balloons. We also played a game called "I spy."

From Mrs. G. A. Worthley, Greensboro, N.C.: I remember when eggs sold for 12 cents a dozen. Maple syrup was a dollar a gallon. Calf and pig liver—the butchers gave it away. Men worked ten or more hours a day for one dollar and 25 cents.

From Thurman A. Smith, Taylor, Nebraska: I remember when the Nebraska Sandhill Region was known as "The Death" hideout of outlaws and renegades. When cowboys investigated they found lakes and lush grasses and hundreds of mavericks (unbranded cattle). This region is now one of the richest grass and cattle raising territories in the United States.

What we most need is the prayer of fervent desire for growth in grace, expressed in patience, meekness, love, and good deeds. —Mary Baker Eddy

**Fiftieth Anniversary Observed by Couple**

Mr. and Mrs. William J. Cox of 525 Arthur street were honored Sunday, June 24, on the occasion of their 50th wedding anniversary.

Dinner was served at noon at the Hotel Mayflower for the many guests, and open house was held during the afternoon at Arthur street.

Friends and relatives attended from Upper Peninsula, Washington, D.C., Louisiana, Missouri, and many points in this area. Approximately 50 well-wishers dropped in during the day and evening to offer their congratulations.

**Do's and Don'ts for Your Summer Vacation Automobile Trip**

Automobile travel on the nation's highways is expected to reach a new peak this summer. To help travelers get the most pleasure out of touring, and to help keep their cars in the best possible condition, the Buick Service Department reminds owners of the following DO's and DON'T's.

**DO** be particularly careful to watch crankcase oil level on long trips.  
**DO** remember to switch tires and to watch pressure, especially on hot days.  
**DO** wash your car once a week to remove road film and chemicals.  
**DO** sit in a comfortable, erect position and rest frequently.  
**DO** keep the windshield free of dust and dirt at all times.  
**DO** give your car a Lubricare treatment.

**DON'T** neglect inspection and adjustment of brakes before starting a long trip.  
**DON'T** allow grime and dirt to accumulate on chrome. Clean as frequently as necessary.  
**DON'T** take chances with improperly aimed headlights. Your safety is at stake.  
**DON'T** put off having the air cleaner cleaned and refilled with new oil.  
**DON'T** forget in warm weather your battery needs water frequently. Check it often.  
**DON'T** block vision with gadgets and stickers.  
**DON'T** drive faster than conditions warrant, don't run risks on the highway, and don't drive if you are fatigued.

**SHOWING SIGHTS . . .** Johnny Spring shows sights of New York to Tokio, Japanese six-year-old adopted by his parents. Later they had ice cream soda at nearby drug store.

Wire removed from bales of hay, straw, etc., has many uses. Straighten with simple hand stretcher shown, which consists of long plank having lever mounted on one end, hook on the other. Lever bolted between angle iron pieces.

**Musial Moves Up**

**STAN**, the man, Musial, whom manager Marty Marion called "our whole attack", backed up the statement with hitting power—bouncing the ball for a week's average of 500 before taking over his usual spot at the top of the National League batting list with a healthy .382 average. . . Cleveland's Bob Feller could wind up with one of the best records in the major leagues—he is beginning to tire in the later innings, but Garcia and Brissie stand close behind, as they did in helping him notch his 10th win against one setback. . . One of the biggest holdups in history may occur when TV purchases the rights to the Joe Louis-Ezzard Charles skirmish, that is, if TV can afford the price. . . Patty Berg, injured in a Texas auto crash, as was Ben Hogan, may do the female version of a real Hogan comeback. . . Player receiving most votes in selection of all-time Cincinnati Red team was Eddie Roush, who came to the Reds in 1916, a side-dish in a deal for Christy Mathewson and Bill McKechnie.

Mastick-McAdams Rites Held

Married at 4 p.m. June 30 in the West Highland Baptist church were Nancy Jean Mastick and Gerald E. McAdams with the Reverend Wilson W. Tennant of Holt officiating.

The bride is the daughter of Mr. and Mrs. Earl S. Mastick, of Lone Tree road, Milford. The bride groom's parents are Mr. and Mrs. Edward McAdams of Holt.

Given away by her father, the bride walked down the aisle wearing a white lace net gown over satin. Long sleeves of lace and a Peter Pan collar fashioned the gown. She wore a finger tip veil over a halo of lace and carried a bouquet of roses and larkspur with a gardenia center.

For her matron of honor, the bride chose her sister, Mrs. Ernest Gauss. Mrs. Gauss was dressed in an aqua net gown over tulle with a deep bertha collar edged in lace. Matching mitts and a halo hat completed her costume. She carried white King daisies.

The bridesmaids were Miss Betty McDonald of Detroit, Miss Dorothy Curtis, and Miss Mary Anne Witwer, both of Plymouth. They wore lilac gowns styled similarly to the matron of honor's gown. Their ensemble was completed with matching mitts and picture hats with ankle length ribbons. Their bouquets were of yellow King daisies.

The best man was Jack Harris of Holt. Seating the guests were Rodney Waldosky of Holt, Ernest Gauss of Ann Arbor, and James Driver of Holt, Thomas Mastick, brother of the bride, and Phillip Hill, cousin of the groom. Mother of the bride, Mrs. Mastick was clad in mauve silk tulle shantung. Mrs. McAdams wore a cocoa brown printed sheer. Both mothers wore orchids.

The church was decorated with baskets of white lilies and gladoli and cathedral tapes in an inverted "V". White ribbon bows were tied on the family pews.

The reception with over 100 guests attending was held in "Stone-Rowe," the century-old home of the bride's parents on Lone Tree road.

The bride wore a turquoise silk shantung suit with white accessories for her traveling costume. The young couple are taking a motor trip through Northern Michigan.

The bride and bridegroom both attended Michigan State college where the bride completed a secretarial course. Mr. McAdams will resume his studies in the fall.

Architect Tells of Vacation in British Isles

"The people in England have a great deal of courage," said Thomas Moss, Plymouth architect, who returned recently from a month's visit in the British Isles.

"They have picked themselves up from the depths of destruction and the austere and rigid economy and have continued to go on with their daily lives, building up their communities again."

Mr. Moss said that the greatest damage in England during the last war was not caused by bombs but by fires which had spread quickly after a bomb hit a building. Inefficient and inadequate fire fighting equipment was the main reason why flames spread so rapidly. Mr. Moss estimated that approximately 200,000 homes were demolished.

"Although many of the bombed areas are being rebuilt, one can still see parts of London where buildings have been completely destroyed," said Mr. Moss. England's socialized government didn't impress Mr. Moss favorably. He stated that the railroads and the country's industries have depreciated to a great extent. The management appeared to be very inefficient, said the architect.

Although the English people are living under food rationing they do not seem to be living under hardship, said the Plymouthite. Since there is a shortage of meat, the English use substitutes, such as fish and chicken, Mr. Moss added.

Comparing costs with prices in the United States, Mr. Moss said food costs were less in England, but on the contrary prices of clothing were more expensive there than in the U. S.

While Mr. Moss was in England he visited his mother, whom he had not seen since his last visit there before the last war broke out.

During his vacation Mr. Moss motored through different parts of England. Mr. Moss said he saw many impressive sights, one of which, the festival in London, he enjoyed very much.

The festival is similar to the Chicago fair, said Mr. Moss, and included many interesting exhibitions and displays. The architect said the fountains and gardens were especially beautiful.

The Plymouthite left here May 25 and returned home by Montreal on June 21. The trip home was a little rough, said Mr. Moss, for their plane made an additional stop at Iceland due to bad weather conditions.

Mr. Moss was accompanied to England by his daughter, Miss Catherine Moss, who will remain in Europe for another month touring Rome, Florence, and Paris.

Miss Shaw Wins Watch at Simmons' Grand Opening

The lucky winner of a Helbroe 17 jewel wrist watch at Simmons Jewelers' grand opening held last Friday and Saturday was Miss Dolores Shaw of 42449 Lakeland, whose guess of what time the watch stopped was closest to the correct answer.

The watch stopped at 6:43 and 19 seconds. Miss Shaw guessed that the watch stopped at 6:43, missing the correct time by one minute and 41 seconds.

Although Elaine L. Riedel also guessed that the watch stopped at 6:45, she entered her guess 3 1/2 hours after Miss Shaw guessed the same time. Those entries were the only two that came that close to the correct time.

# Hints For Plymouth Homemakers

## MEAL MAGIC FROM YOUR PANTRY

By Marie Gifford

### SUMMER COOLERS

Cool drinks and warm weather are a combination that mean summer and vacation time is here. Canned fruit juices are good to have on the pantry shelf for a spot-of-the-moment cooler.

### Grapefruit Sparkle

Pour two cups grapefruit juice in refrigerator tray and freeze in cubes. Combine one cup grape juice and two cups gingerale.

Place three grapefruit cubes in tall glasses and fill with blended grape juice and gingerale. There will be about four glasses depending on the size.

If you are lucky enough to have fresh mint herbs, garnish the grapefruit sparkle with a few sprigs of mint.

### Orange Coolers

2 cups orange juice  
1 pint orange sherbet  
1 pint vanilla ice cream  
2 cups chilled gingerale

Beat orange juice, sherbet and ice cream with rotary beater until well mixed. Add gingerale. Stir well and serve at once in punch cups.

Yield: 12 to 15 servings.

Orange Coolers served with a tray of dairy cookies make easy summer refreshments for very special guests.

### Pineapple Freeze

1 1/2 packages (67) marshmallows  
2 1/2 cups pineapple juice  
1/2 teaspoon salt  
3 tablespoons lemon juice

Place marshmallows and two tablespoons pineapple juice in saucepan. Heat slowly, folding over and over until marshmallows are melted.

Remove from heat and continue folding until mixture is smooth.

Cool slightly, then blend in salt and juices. Pour into refrigerator tray and freeze, stirring two or three times during the freezing period.

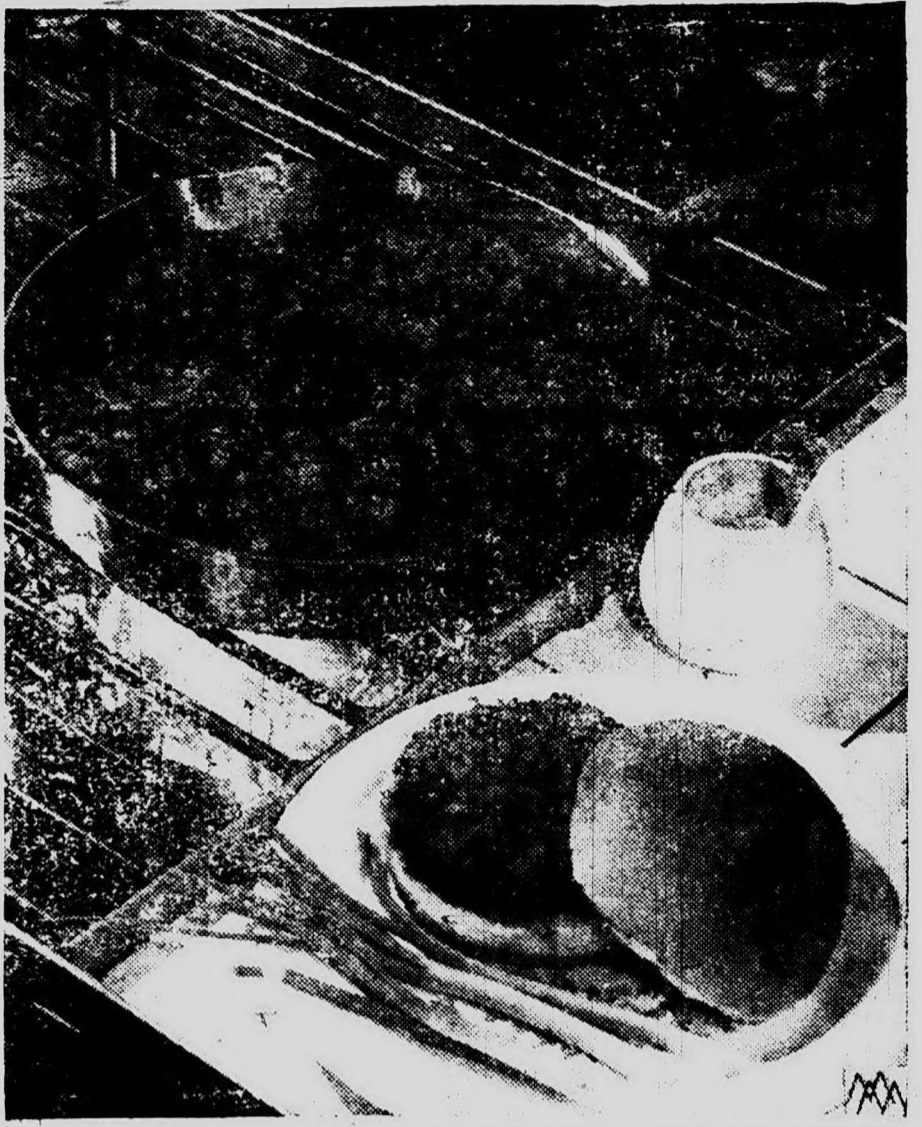

Yield: 6 servings.

Pineapple Freeze is a super-smooth dessert.

Faithfully

FOOD FOUNDATION, CINCINNATI, OHIO

Use softened butter spread to the very edge of the slices for sandwiches to keep the filling from soaking through. Advise Michigan State college home economists. Both slices should be buttered—not too thick and not too thin.

Great men are they who see that spiritual is stronger than any material force; that thoughts rule the world.—Emerson

The fresh air and sunshine season means you'll want to spend less time in the kitchen. The problem, of course, is how to continue serving your family attractive, satisfying meals that can be prepared in a minimum amount of time.

The easy solution to the problem is your "pantry shelf." In one big shopping spree you can stock your pantry with canned meats and "meals-in-a-can" for springtime breakfasts, lunches, dinners, and backyard picnics. Let your pantry shelf become a "time saver and a wife saver." One look at a tin of any canned meat and your mind's eye will dream up an entire meal from vegetables to dessert.

Truly pantry meal magic—for it's off the shelf, out of the can, and then just heat and eat. Such canned meats as chopped ham, and corned beef need only to be removed from the can and served.

These time-saving canned items are not only delicious to eat, but they're also easy on the food budget. There's absolutely no waste, and you can be sure you're serving your family nutritious meals. Special care in preparation and processing preserves the body building proteins, vitamins, and minerals of the fresh cuts of meat from which they're made.

Some of the leaders in the pantry shelf line are corned beef hash, spaghetti with meat, beef stew, chop suey, and chili con carne.

Here's an idea for a really hurry-up supper. Why not make it a real fun meal by having a picnic right in your kitchen, or make it a backyard supper and cook it on your outdoor grill. Let the featured star be appetizing and hearty hashburgers. Just take a can of corned beef hash from your pantry shelf. Chill the can, open both ends and remove contents whole. Cut hash in 4 slices, brown slowly on both sides in a little fat, then pop the hash slices into toasted buns. Season the hashburgers with mustard, green onions, fresh fruit and cookies. Keep your pantry stocked with canned corned beef hash, for the whole family will want a repeat performance soon.

### Offer Hints for Breakfast Menu

In a habit of putting off entertaining until the cooler days of fall? Discard those hot weather blues and ask friends over for a summer breakfast. For such a meal, planned a little later in the morning than usual, begin with colorful fruit cups. Cantaloupe rings or slices or halves provide a tasty cup for holding other summer fruits—rich blueberries, cherries, grapes or a fruit combination.

Follow this fruit course with a large platter of golden bacon strips accompanying crispy nut waffles. Have plenty of honey butter and maple syrup on hand. Serve with coffee or milk.

Remember for bacon to be at its best, panbroil rather than pantry the slices. To panbroil, place the slices in a cold frying pan, cook over low heat, and pour off the drippings. Continually removing the drippings is what differentiates between panbroiling and panfrying.

Slowly panbroiled, the bacon comes to the table in attractive trips to add a bright note to your breakfast. At the same time, its aroma is sure to tease your breakfasters' appetites.

### Ways to Make Sandwiches More Tasty

Take the two slices of bread that lie next to each other in the loaf. Matched slices will assure crisp edges. Leave crusts on bread to help hold the sandwich together.

Butter or fortified margarine should be at room temperature (not melted) before being used. Melted fats soak into the bread and do not form the protective coating needed to prevent most fillings from soaking into the bread.

Use a spatula for spreading fillings because the flexibility of the blade makes spreading easier.

Spread both butter and filling to the edge of the bread.

For crispness, add sweet or dill pickles, relish, celery, green peppers, raw carrots, cabbage or cucumber to sandwich filling.

Color and attractiveness in any meal heightens appetites and adds to eating enjoyment.

Plan accompaniments with sandwiches. These may be cheese, hard cooked eggs (plain or deviled), or a variety of relishes such as onions, pickles, celery, radishes or carrot sticks. Vegetable or fruit salads are very good additions to sandwich meals.

Garnish sandwich or the serving plate to add both flavor and eye appeal.

### Sandwich Fillings

#### Chicken Salad

Ingredients:  
2 1/2 cup chopped, cooked chicken or turkey  
1/4 cup chopped celery  
1/4 teaspoon salt  
3 tablespoons mayonnaise or salad dressing  
2 tablespoons chopped green olives, if desired

Combine all ingredients. It yields: 2 1/2 cup, or filling for 4 sandwiches.

#### Egg Salad Olive

Ingredients:  
6 hard cooked eggs, chopped  
2 tablespoons sliced, stuffed olives  
1 cup mayonnaise or salad dressing  
1/2 teaspoon onion salt  
1/4 teaspoon salt  
Dash pepper  
1/4 teaspoon dry mustard  
1/2 teaspoon Worcestershire sauce

Combine all ingredients. It yields: 1 cup.

### Canning Tips for Homemakers

Here are some suggestions for safe home canning issued recently by the Michigan Department of Health.

Can fruits and vegetables in tip-top condition, only.

Be sure that everything used in canning is thoroughly clean—the food, canner, jars, holders, towels and other equipment.

Pressure cook all vegetables except tomatoes. You can safely use the boiling water bath method, either hot or cold pack, for tomatoes and fruit. Never use oven canning.

Use government checked pressures, temperatures and times. Get a copy of "Home Canning of Fruits and Vegetables" from your county agricultural agent's office; follow its instructions and precautions; do not cut down on processing times. Have the pressure gauge on your canner checked annually by its manufacturer. Buy iodized salt for your canning.

Can "freshness." Two hours from garden to can, is a good rule to follow. Prepare only one canner load at a time. Let the young folks help pick and carry the produce. Let the high school daughter help prepare and process.

Keep little children out of the kitchen or fenced away from the canning area. Turn pot handles away from the edge of the stove. Wipe up spilled food or liquid at once. Keep a jar or bottle of burn treatment preparation in the kitchen.

Do your canning in reasonable amounts over days or weeks. You'll be less tired, more careful of ordinary canning precautions and, therefore, safer. Your home schedule will be less upset. And your canned goods, carefully handled, will have more food value, look better and taste better.

### Meat Loaves Just the Thing for Warm Days

A bouquet goes to meat loaves these warm days. Served hot or cold they're a ready-made treat for July "at home" dinners or picnic lunches.

If you're in a habit of preparing your meat loaves alike—from the standpoint of both combination of meat and shape, then now is the time to introduce a change. Add these meat combinations to your list: ground beef and pork, or lamb. All present different flavors that add a touch of newness to your summer meals.

If your meat loaves are always baked in a rectangular loaf pan, then introduce changes here, too.

Next time you prepare a ground meat mixture, press it into a rectangular, 1 1/2-inch thick. Place bread stuffing over it and roll up the meat jelly-roll fashion and bake.

To serve the ground meat mixture at its best, remember to cook it slowly. Beef, veal, lamb or smoked meat mixtures are baked in a 350 F. oven; those loaves containing fresh pork in a 350 F. oven.

**Tells Ways to Reduce Mortgage Payment Costs**

Can I reduce my mortgage costs? Many borrowers ask this question when they negotiate a loan. F. E. Ferguson, Michigan State college agricultural economist, offers some answers to the problem.

Most people, he says, pay what obligation their mortgage or contract calls for, with little attention to the possibility of higher payments. Increased repayment, however, will cut interest costs and reduce the overall cost of the loan.

The cost of carrying a \$10,000 loan at six percent interest with \$400 principal payment each year is \$7800 over the life time of the loan. By increasing the repayment schedule just \$100 per year, the cost would be reduced to \$360 or a saving of \$1500.

By stepping up repayment on such a loan to \$600 per year total cost of the loan is reduced by \$2500. Comparative savings on a four or five percent loan is somewhat smaller, but is still a major reduction in the cost of credit.

Main reason for the reduced cost when repayment schedules are increased is the fewer number of years for which the money is borrowed, Ferguson points out.

A mortgage with a small, regular annual payment is desirable. Uncertainties such as reduction in prices or income, sickness, or other circumstance which makes an unusual demand on farm income, makes a low required annual payment desirable. However, every effort should be made to pay as much as possible at any time to help reduce the cost of the loan—this in turn will shorten the period the borrower is in debt.

In shopping for a loan, the cost of credit can be kept at a minimum by obtaining a low interest rate and combining it with as rapid a repayment program as possible, the economist concludes.

A solemn and religious regard to spiritual and eternal things is an indispensable element of all true greatness. —Daniel Webster

He gets a picture of the weather by Long Distance

Tomorrow's weather is on the wires today for the forces which guard the nation's skies and shores.

Today the largest Long Distance network of its kind brings them detailed "isobar" weather charts around the clock.

These charts are sent by a system known as "facsimile" from the Weather Analysis Center in Washington, D. C. There, an electric eye scans the weather "picture" as it turns on a special drum. The signal waves produced go out over thousands of miles of wire to military installations throughout the country where the picture is automatically reproduced.

This weather network was designed and completed in less than two years. It's another demonstration of the importance of Long Distance lines to the security of the nation — especially right now, when there may be stormy weather ahead.

To help speed your Long Distance call, please give the operator the out-of-town telephone number. Telephone lines are busy with national defense.

**100 Books Arrive at City Library....**

New books galore—practically off the printing press—can be found in the Dunning Library. Last week the library received a shipment of 100 books to suit every taste and type of reader.

Wrestling fans will be able to read about their favorite ring fans in "The Wrestling Scene" by Guy LeBow. Included with photos of Gorgeous George, Chief Don Eagle and Nature Boy Buddy Rogers are facts and figures of the wrestling game and action photographs of especially rough matches. The author discusses all of the wrestling holds and how they are accomplished. A chapter is devoted also to female wrestlers.

"From Gags to Riches" or "An Alibiography" by Joey Adams, comedian and gag writer, promises to be an entertaining book.

Written by a man who knows show business inside and out, stories of such stars as Jimmy Durante, the Barrymores, and Walter Winchell are included in the book.

For a glimpse of life under the big top, read "Circus Doctor" by J. Y. Henderson, chief veterinarian of Ringling Brothers and Barnum and Bailey circus. The "doc" counted among his patients some 700 domestic and wild animals, which included horses, wildcats, zebras, bears, elephants, giraffes, antelopes, donkeys, ponies, and buffalo. Just a few of the ailments of doctor Henderson's patients included the tiger cat who suffered sinus trouble and one of the lions who had a headache.

Mystery fans will enjoy "Curtains for Three" by Rex Stout starring the well-known Nero Wolfe. Mystery, murder, and a lady detective can be found in "Duenna to a Murder" by Rufus King.

Readers will undoubtedly be able to identify incidents and neighbors in "Years of Eden" by Gordon Webber, which relates the story of a boy who lives on a farm in Michigan.

A book with an unusual and unique setting is "Grain of the Wood" by Michael Home, a story of a couple who own an antique shop and some of their problems in dealing with unscrupulous dealers and the joys of coming across real "finds."

Readers will be able to enjoy a "Journey to Infinity" an anthology of 12 science fiction stories. In another book of weird, fantastic, and imaginative stories, you will be able to read about "Possible Worlds of Science Fiction" edited by Groff Conklin.

Western fans haven't been forgotten by the library which contains such new western books as "Kentucky Stand" by Jere Wheelwright.

Something a little out of the ordinary is "Uncle Julius and the Angel with Heartburn" by Ethel Rosenberg. The author calls her book "a sort of a novel."

Conflict between the English and the Scots breaks out in "The Monarch of the Glen" by Compton Mackenzie. In this novel, excitement begins when a Scottish Laird discovers an English club camped on his land playing Scotch songs very badly. He throws them in the dungeon and then anything happens from that time on.

Other novels that should make interesting reading are "Portrait of Isabel" by Elizabeth Corbett, "Bates House" by Clarence Benadum, and "The Broken Root" by Arturo Barea.

A book on bringing up baby is "America's Baby Book" by John C. Montgomery and Margaret Jane Suydam. Dr. Montgomery, who has been called one of the country's leading pediatricians, has written a guide to infant and child care which stresses home management and family relations in the development of children.

Set against the background of exciting, fascinating Mexico is "The Plumed Serpent" by D. H. Lawrence which promises to be an intriguing and interesting novel.

The cooperation of the water users of the city is requested by refraining from sprinkling lawns and other necessary uses of water between the hours of 5 and 9 a.m. to insure an ample water supply to residents of the northwest section of the city.

Keeping pace with Plymouth's rapid growth, the local branch of the Wayne county library reports an increase of nearly 2500 books in total circulation this year. From July, 1940, to June of this year, there have been 50,060 books withdrawn from Plymouth library, of which 33,693 were adult and 16,367 juvenile books. There were a total of 47,568 books circulated for the same period last year.

Plymouth school district will be allotted more than \$20,000 more in state aid next year according to the provisions of the new state aid bill, signed by the governor last week.

That the problem of parking is acute is confirmed by the expressions of more than 250 representative citizens who attended a series of "community clinics" conducted by the Plymouth Chamber of Commerce during the past two weeks.

Nearly 900 children in Plymouth attended the first week's sessions of the daily vacation Bible schools in the community's churches.

Reverend S. S. Closson, pastor of the First Methodist church of

Plymouth, was reappointed to his charge recently by the Detroit Methodist conference.

The delegates are Grace Squires, president of the local Epworth league; Cecilia Hubert, Ernest Elzeman, Virginia Dunham, Hoyt Uellen, and Doris Mills, Kenneth Hanna, Ruth Keefer and Helen Bowden.

#### Explain New Fishing Laws

Most sport fishermen need not be concerned with fishing law changes, recently signed by the Governor, until next year.

Now in effect and of concern to few, the conservation department says, is the sturgeon law change which limits the seasonal take to two, 42-inches minimum length each. A fall fishing season exception, which will continue in 1952, will be the reduced daily trout creel limit to 10 from streams.

The changes, with the sturgeon exception, the department explains, become law 90 days after the adjournment of the legislature but mainly will have no practical effect until April 1 and later. On April 1 anglers will be able to continue fishing throughout the year below highway M-46 for those species on which the season is not closed. As has been in effect for some time above the Straits and in the northern lower peninsula, this means year around fishing for crappies, yellow perch, rock bass and other species listed in the fish law digest.

Lake trout daily take from inland waters will be limited to two.

And next year anglers will have a simultaneous season opening on trout, bluegills, sunfish, northern pike, walleyes and muskellunge, on the last Saturday in April. The black bass season will open the third Saturday in June instead of June 25.

Some designated Great Lakes and tributary portions open to fall rainbow fishing also will be open for rainbow angling starting the second Saturday in April. Contingent upon the date of final adjournment, other legislation becoming law with practical effect in the 1951 fall:

Adds Marquette, Presque Isle, Kalkaska, Missaukee, Ogemaw, Gladwin, Arenac and Osceola counties to the list of counties in which hunting either sex deer with bow and arrow is legal. Prohibits throwing or depositing cans, bottles and other refuse on any waters (or ice thereon) under state jurisdiction.

Safest and easiest stairs for climbing are 10 inches wide with risers seven and one half inches high. A hand rail or two will add to the safety of dangerous stairs.

#### Rambo's Peanut Crop Looks Good

"Read in the paper the other day where you said that Harry Lush has got a neat and interesting hobby—well, I've got one too," asserted Frank Rambo, who has just moved his branch office of the Secretary of State's automobile division over to the Saxton building on East Ann Arbor trail. Mr. Lush is growing herbs as a sideline out on his little ranch in California.

"Come out to my place just west of the city and I will show you as nice a peanut crop as ever grown in the south," said Mr. Rambo.

"I've got peanut vines that look as though I'd have a bushel of peanuts to every hill. It is my first experience in growing peanuts but when fall comes rolling around I think I will be able to show you some peanuts that are really peanuts," he added.

Asked about what he intended to do with the peanuts, he declared that maybe if his crop was big enough he would sell some of the peanuts to the Ringling Brothers circus to help feed one of the elephants—"but that all depends upon how good my crop turns out to be," he said.

Roger Babson Says --

Babson Discusses Old-Age Benefits Babson Park, Mass., July 5. Tomorrow, July 6, is my birthday and my trusted accountant has given me a very nice birthday present. He calls to my attention that in view of my age and now being off the payroll, I can receive old-age insurance of \$80 per month. How Old Are You? He further states that persons who are 75 or over can continue to work and draw old-age benefits. I like other employed persons, have had money deducted from my pay check since 1937, but I gave this no attention, believing that the amount received would be insignificant. But con-

sidering how quickly the months speed by as we get older, \$80 coming so often looks pretty good. But the above is not the best of it. This \$80 per month which an eligible person receives is non-taxable. If he happens to be in the 50 percent tax bracket, this is equivalent to a check every month of \$160, which certainly is not to be sneezed at. When the deduction from our pay checks was increased January 1, 1950, we were kind of sore about it. We forgot that Social Security benefits were likewise increased. Under last year's amendments a family can receive as much as \$1,800 per year as opposed to the old maximum of \$1,020.

Inflation May Not Be Too Bad Some of the pessimists who are always knocking Truman and talking about inflation say that the purchasing power of your old-age insurance benefits in the years ahead won't be much use to you on account of inflation. This could be a serious affair if we now paid for these benefits in one lump sum. Readers, however, will not be doing this. If your Social Security benefits when they are paid will be in depreciated dollars, then the payments which are deducted from your pay check will also be in depreciated dollars, at least so far as the average is concerned. I use this same argument to cheer up life insurance salesmen who are troubled as to what the value of the dollar will be 20 years hence. I assure them that though the dollar may be much more depreciated at that time, yet if the premiums are paid in installments from now until then, they also will be paid to a large extent with depreciated dollars. Furthermore, remember that your increase in salary is largely due to the declining value of the dollar. Hence, considering all things, you will not suffer so much as you think you may and perhaps not at all.

Speaking of Taxation In giving this column to my accountant friend to read over, he suggested that I add "When a person reaches 65 and becomes eligible for old-age insurance benefits, his wife is also entitled to one-half his benefits provided she is also 65 or over and is not entitled to higher benefits based on her earnings." This is something worth looking up; also the taxable feature of life insurance. For instance, when I took out, as a young man, \$40,000 worth of life insurance, the agent told me that this first \$40,000 was exempt from taxation. I now find that if I pay the premium and own the policies completely, my life insurance money will be subject to the Federal Estate Tax the same as stocks or bonds. The Revenue Act of 1948 does make an exception for a married man to this extent: If the proceeds of the insurance is payable to your wife (or to a trustee under certain conditions) within 13 months of your death, it is not taxable. The money in such a case, however, must be subject to

her sole control. The above means that my readers should immediately talk their insurance over with an agent that knows his stuff. There are other technicalities which I cannot cover in this column. The main thing to remember is that if you give your wife the proceeds of your insurance to do as she wishes with, it will probably be exempt up to \$40,000, but if you try to be too specific and state how the money is to be used, or give it to other beneficiaries, it may be subject to taxation.
