

Congress Shall Make No Laws Approving the Execution of Five States

## What I Think and Have A Right to Say

By ELTON R. EATON

### SALES TAX RECEIPTS GOING DOWN.

Read in the newspapers the other day that returns to the Michigan state government from the state sales tax have taken a turn up. That's not surprising news. So much of the money of the people is being siphoned off by the Truman ward heeler in Washington that there isn't much left for anybody else.

But school districts throughout the state and the struggling township governments will not begin to feel this pinch until a year or so.

Comments to these units of government are made a year in advance, always upon the theory that tax returns will increase instead of decrease. That's why there will not be much kicking by school and township authorities for a year or so.

### ABOUT THIS PHILLIP JESSUP.

Two things have happened since Congress adjourned three weeks ago which have helped me to make up my mind about this Phillip Jessup fellow who has been accused of messing up on problems in China. First, it was by chance that I happened to see him and hear him on television recently on the "Meet The Press" program.

"What a slippery guy he is," said one. "He's got an alibi for everything," said another who heard the same program. My own conviction was that he is a fellow you couldn't put your finger on at any stage of the game—in other words he is about the last person in the world I would trust with anything.

The next thing that helped me form my definite opinion about him was the fact that Drew Pearson, notorious American newspaper bunker, in a Monday morning column in The Free Press, came to the defense of Jessup and hit at newspapers for their critical attitude of this slippery, windy old fox.

Whatever Jessup has been called in Congress we are quite sure that there must be some truth to the charges. He convicted himself in our opinion by his conduct on television that day. Just as an interesting sidelight — The Free Press is aluminum's only newspaper that insists on insulting its readers by publishing Pearson's daily screed.

### IT IS TRUE, SO LIKE IT OR NOT.

Westbrook Pegler, probably one of the most outstanding newspaper writers of this generation, the other day discussed in his newspaper column the forthcoming presidential election. What he had to say was under the heading, "Big Republicans Are Concocted Cowards."

Don't like it? It isn't true?

Well it is TRUE, whether we like it or not. So you may know just what Mr. Pegler says about the situation, we are taking the liberty in using most of the article, giving The King News, the New York Herald Tribune and The Detroit Times full credit for the article.

We think what Mr. Pegler says is so important to the people of this country that we are sure there can be no fault found if we repeat of what he has to say. It follows in part:

The Big Republicans are a lot of concocted cowards without the slightest grain of political integrity.

Next time because they intend to contribute a few hundred or a thousand dollars to the campaign funds, they have the effrontery to present themselves as a sort of board of directors of the party and to pick the candidate who will be the alternative to the man the people go to the polls to decide not merely the president of the next quadrennium but the fate of the nation.

It is a disgraceful situation that the fate of the nation will be decided in this manner because if Truman gets a third term he will no longer be bound by the few remaining restraints upon a brutal, vindictive and unscrupulous man who has already shown himself a speculator in the various letters.

The last Republican manipulators, centered in New York, then will be a long time for their plans.

Their plan, at the minimum, a duplication here of the essential of the Russian position, the last stop this side of Moscow, and possibly a revival of the present war with Russia far beyond the local area known front.

Truman and Dewey never have been able to operate the national economy without war as the principal customer and stimulant to our industry.

And the old hands of the union movement, incapable of any real leadership and their own power, their paltry vanity and their greed, have concealed themselves in on the false bog of peace and world war.

The only hope of restraining them and smashing the power of these organizations except Robert A. Taft.

What is the economic program of the Democratic party and its government? It is, of course, inevitably will wipe out the American way of life. The War Party is elected again.

Yet it is the hands of crooked men, the kind who think they are clever and brilliant when they speak of "compromise" as a good substitute for victory, then down Senator Taft offhand with the observation that although he is by far the best man to stand off doom, they would rather win with Eisenhower than lose with Taft.

The conviction that their best man can't win is the best propaganda that a Republican Truman conspiracy could want.

And it is the only man, the only man, the only man who is capable of standing up to Taft's abilities and his chances.

Who can't Taft win? The reason given is so shallow as to throw garbage about on the right of the American people to the privilege of self-government.

It is no longer an appeal. He is, in other words, an honest, intelligent man with the courage and a gentleman who will stand up to the language which prompted Bernard Baruch to say that he is "the most courageous man in his political life, to call him anything else is to do him an injustice."

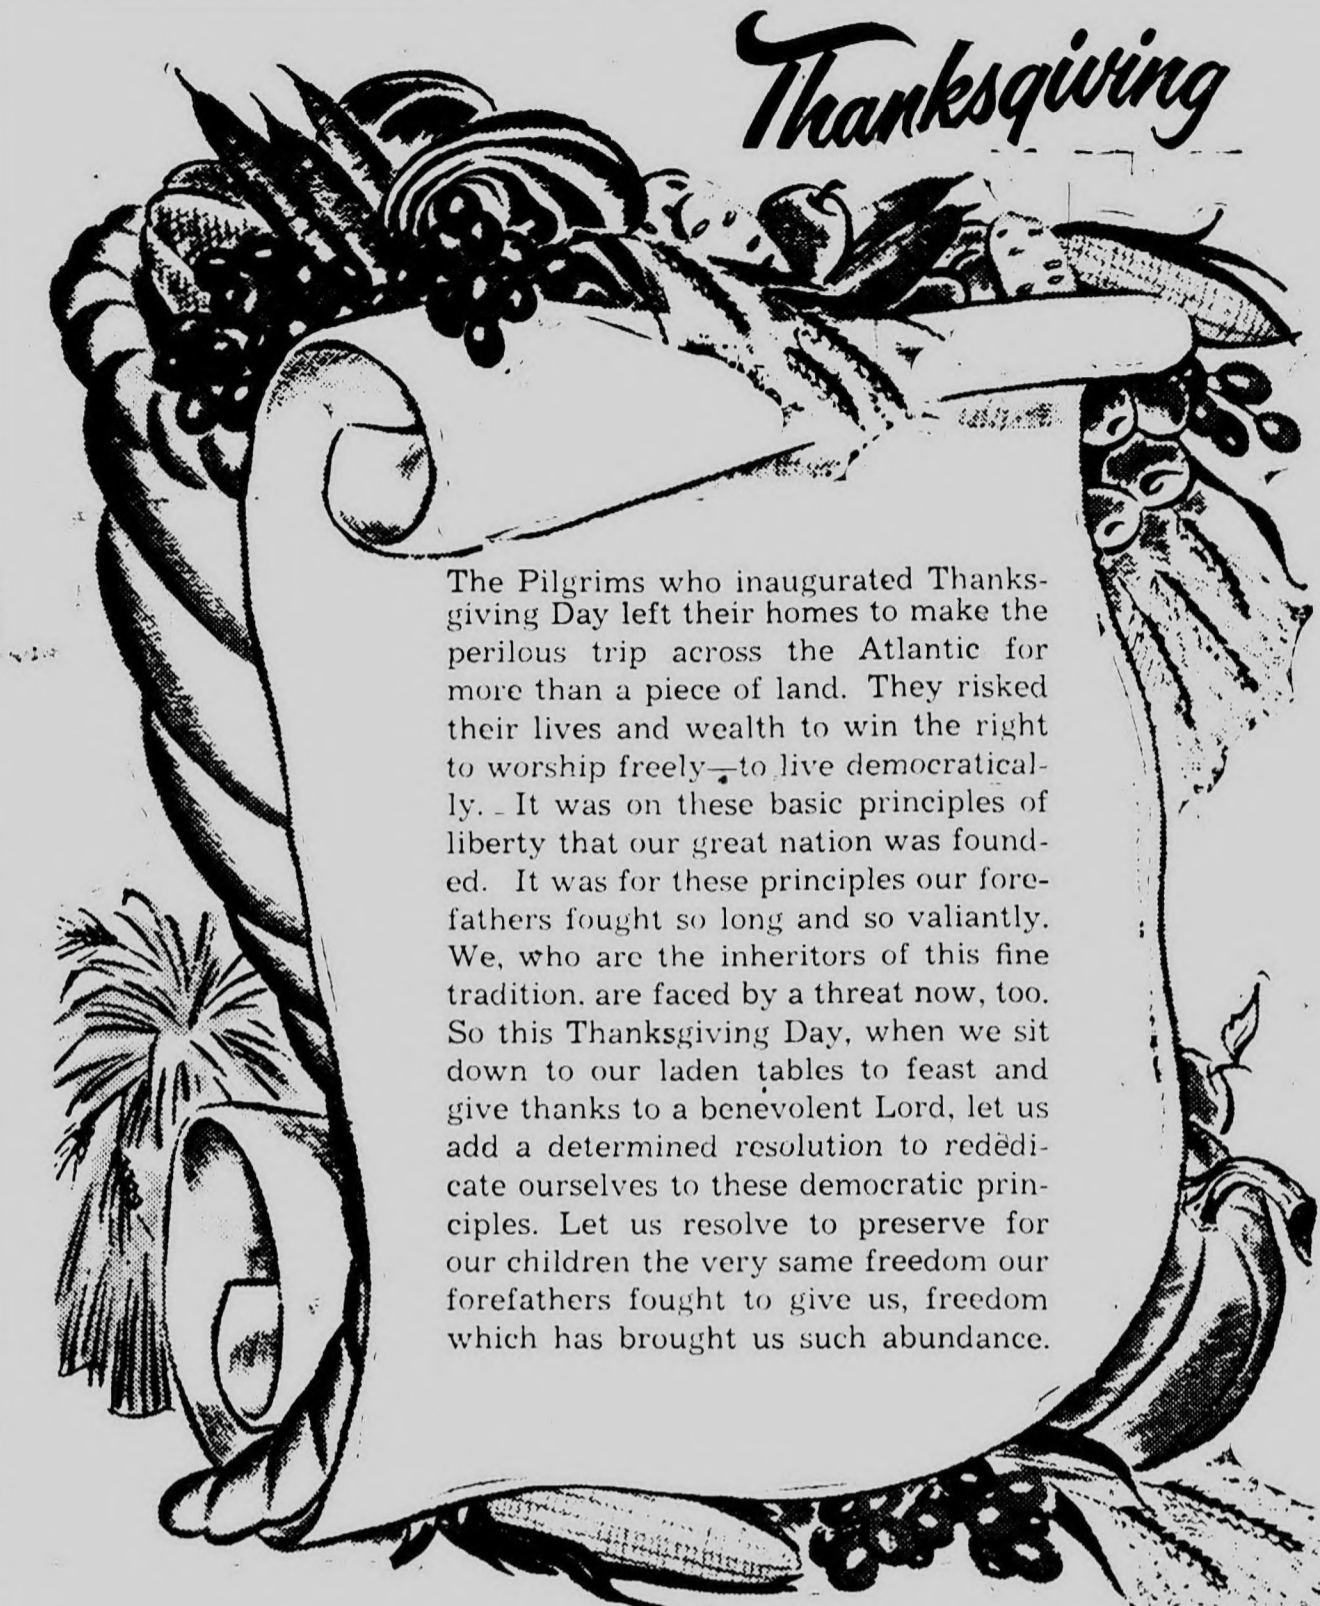

Taft would rather commit mayhem on Truman or write filthy letters, but he would not in 1948 and again in his senatorial record on a campaign that he wouldn't back away from the goons of the CIO and the mob who attacked him and his wife with mob assault.

Now on the Republican side, these posturing deadend kids in the interval between their poker games in their New York City clubs, come to the conclusion that Taft can't win? Has he ever lost?

Who can they say he won't fight? Who fought through the Taft-Hartley act, the only victory for the people over the entrenched mob of crooked promoters with their unlimited taxing power ever granted to a nation faceless serfs? Taft did it.

Taft outwitted the gangs in their own strongholds and never stepped back an inch.

The national yearning for Eisenhower is the measure of the intensity and ability of petty name-droppers of the Republican direction who think they are impressing lesser men by speaking faintly of "peace" and "peace."

### Three Residents Are Injured in Auto Crashes

Three Plymouth residents are still hospitalized as the result of automobile crashes last week.

Charlotte Williams, a former Plymouth and Detroit school teacher who retired a year ago from the Detroit school system, is a patient in the Pontiac General hospital suffering from a broken right arm and severe face and body bruises received in an automobile collision near Pontiac.

Harry Nessel, also of this city and driver of the car, is a patient in the same hospital with a severe head cut and bruises. Two occupants from Detroit, of the other car, with whom the Nessel car collided were also hospitalized.

Miss Williams had planned to leave some two weeks ago for California to spend the winter with her sister. It was her desire to see some friends in Birmingham before she left for the west that resulted in her delay to the west and the automobile trip to Pontiac which resulted in the accident. The crash took place at the busy intersection of Square Lake and Franklin roads, a few miles from Pontiac.

### Former Wales Coal Miner Tells Rotarians This Land is "Paradise"

It required but 30 minutes for a former coal miner of Wales who worked 12 hours a day for six days a week and received for his labor a cash payment of barely five dollars for his 72 hours of labor to awaken nearly 100 Plymouth Rotarians and their guests last Friday noon to a full realization of what American freedom really means.

"Just to be here and live in the land of Paradise is a joy one can find in no other place in this world," Rev. Robert Richards of the Newburg Methodist church told the Rotarians.

He was the youthful Welsh miner who returned home one night after working 12 hours in a coal mine to read in the newspapers that Henry Ford had announced his plan to pay his employees \$5 per day for eight hours work.

### Kresge Contest to Open Friday

Santa has promised to make an appearance at Kresge's this Friday bringing with him special prizes for kiddies who enter his Christmas Coloring Contest. Rules and pictures to be drawn appear in this issue of the Plymouth Mail. The contest is open to boys and girls age 10 and under.

Santa hopes that every boy and girl who visits him during his stay at Kresge's will bring along his Santa Claus drawing. He promises to announce the winners soon after the contest closes, December 8. Winners in each of the three age groups will receive a \$25.00 gift certificate redeemable at Kresge's. The winning drawings will be displayed for public criticism following the contest.

### Chest Drive Makes Quota

Plymouth's Community Chest campaign goal of \$17,000 has been reached," state co-chairmen Norman Marquis and Thomas C. Kent. Contributions and pledges received since the last issue of the Plymouth Mail have raised the Campaign Fund to approximately \$17,500.

"The citizens of Plymouth, the business and industrial firms and various local organizations are to be congratulated for their fine support of this year's campaign," says Robert Stewart, President of the Community Chest. "Every contribution, whether for a dollar or one-hundred dollars, was needed to make this campaign successful. The community arose to the occasion and consequently the many agencies supported by your local Chest can proceed with their health, welfare and recreational programs."

"Furthermore," states Mr. Stewart, "it seems most appropriate and timely to publicly acknowledge and commend the co-chairmen of this year's campaign and all other campaign officials who so unselfishly devoted their time and effort to assist in bringing success to the largest campaign goal in the history of Plymouth's Community Chest."

"On behalf of the Chest's Board of Directors," says Mr. Stewart, "I should like to take this opportunity to express sincere appreciation to every man, woman and child for their generous participation in this year's campaign. Knowing that the financial demands at the agencies served by your Community Chest will not be lessened during the coming year it is hoped that everyone will make some provision in his budget whereby next year's 'One Campaign' will be even more successful than the one just completed."

#### Rucker is Named J.C.C. President

Plymouth will again have another Junior Chamber of Commerce. A re-organization meeting was held last week at which time Jay Rucker was named president. The organization disbanded here last year and gave up their charter so a rechartering will be held in the near future.

The first project to be undertaken by the organization will be the planning and staging of the JCC annual Christmas party which has proven so successful here in years past. The date has been tentatively set for Saturday December 15 at which time Santa Claus will arrive in Kelllogg Park and pass out gifts to all local kiddies.

Chairman of the Christmas committee named by president Rucker is Marvin Terry who will be assisted by Marvin Partridge, Ralph Pocklington and Robert Barbour.

Other officers elected at the meeting were former board chairman John Gaffield who will serve as vice-president, George Kenyon secretary and Robert Barbour treasurer.

### Over 600 Parents Visit Open House

Plymouth school officials were more than pleased at the large turnout last Wednesday evening for the Open House in the junior and senior high schools. It is estimated that over 600 parents, attended this affair. Parents began arriving at seven o'clock and proceeded to visit the teachers of their children.

Because of the success of this venture school officials hope that this year's Open House will be for February 22.

Grading has been completed and excavation for foundations started for the new plant to be erected on the south side of Ann Arbor road just west of Lilley road by the Plymouth Stamping company.

The building permit, issued sometime ago by the township, is for a new structure 86 x 142 feet that will cost somewhere around \$75,000.

While no definite time has been set for completion of the structure, it will probably be ready for occupancy late in the winter. The present plant of the company is located on Main street in the old King manufacturing plant. The Stamping company purchased its new site a number of years ago in anticipation of the move which will doubtless be made within the next six months.

The new million dollar addition to the Burroughs plant on Plymouth road started last June has been finished and is about ready for use. While the building permit called for a structure that was expected to cost around \$850,000, it is believed that rising prices cut the costs up to the million mark. This addition of steel and brick is 239 feet wide and 596 feet long.

The addition to the Evans Products plant on Eckles road started early in the summer has also been finished. This building is 100 x 300 feet and the estimated cost was around \$23,000.

### Sunday Concert Features Nester Sibbold, Baritone

Nester Sibbold, baritone, will be the guest artist at the second concert of this season's symphony series sponsored by the Plymouth symphony society. The program will be presented in the high school auditorium at 4 p.m. Sunday, November 25.

The symphony in B minor by Schubert, more commonly known as the "Unfinished" symphony will be played. This work will include a first performance of a scherzo as orchestrated and complemented by Dr. Hans T. David, from sketches left by Schubert.

Also on the program are the overture to "The Roman Carnival" by Berlioz, the overture in D major by Schubert, and the "Two Grenadiers" by Schumann. Suite No. 2 and the Torreador's Song from Bizet's opera "Carmen" will also be performed. Concluding number on the program is the Hary Janos Suite by Kodaly.

Wayne Dunlap will conduct the orchestra. Mr. Dunlap is conductor of the University of Michigan Symphony orchestra and director of the Opera Workshop. He graduated from the Eastman School of Music and was a student of Pierre Monteux, conductor of the San Francisco symphony.

### TB Vets Not to Be Forgotten At Christmas

Because Plymouth residents filled the Masonic Temple to overflowing at the recent smorgasbord given by Veterans of Foreign wars, more than 100 veteran tuberculosis patients at the William H. Maybury Sanatorium can look forward to a Christmas day on which they will not be forgotten.

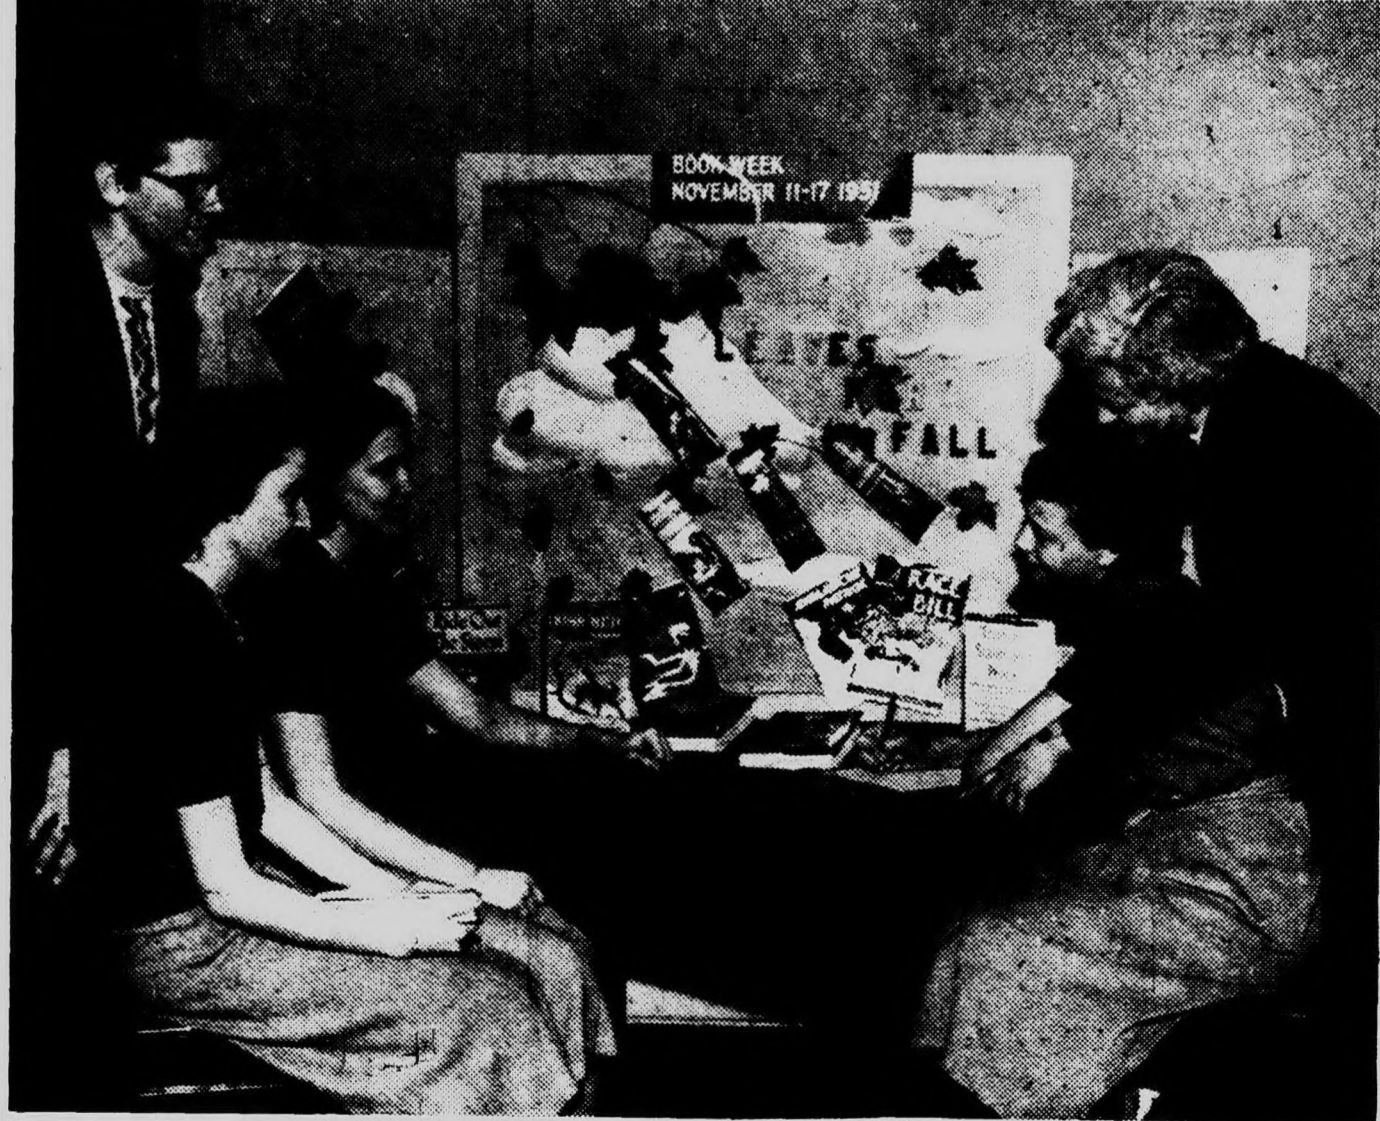

With a clear profit of more than \$500, the Plymouth organization plan to see to it that every American veteran who is a Maybury patient not only receives a gift of some kind but that he will be given some useful article of which he is in need.

The Christmas gifts to tubercular veteran patients is not the only aid provided by Plymouth veterans. Frequently during the year, they are presented with something that they are in need of or that will bring a bit of cheer to them.

### Round House Fire

Fire Chief Robert McAllister reports that the fire department made a run to the C & O roundhouse last Sunday afternoon to put out a small blaze.

One of the pipes that keeps the sand warm got too hot and the roof caught on fire. Damage was estimated at \$100.

AN OLD FASHIONED BOOK SOCIETY is the method taken by the High School Library Club to raise funds for charitable purposes. Shown making plans for the social which will be held Wednesday, November 28th at 6:15 in the High School are left to right, Alex Paskevich, club president, Luella Caron, Jean Elliott, Jean Stapleton and high school librarian, Mrs. Esther Ham. Funds raised will be used for disbursement of books to children overseas. Everyone is invited to the social.

## It Pays to Smile In Plymouth; 50 People Find Out

It was Friday evening—the night when all the grocery stores and other mercantile places in Plymouth are open to take care of the weekend needs of the many thousands of families living in and around Plymouth.

It was snowing, too, last Friday evening. But it was the night that members of the Plymouth Optimist club had selected to give away 50 bright new shiny dimes to the people they met on the street who had smiles on their faces.

For this seemingly easy task President Edward Houghtaling had selected a committee of three, consisting of James Bosman, Ronald Cobb and Edgar Brown. Every one thought that it would be only minutes before the money was all gone, but the anticipated brief task proved to be a real job that required a lot of shifting around on the part of those giving good American dimes away.

Each dime was fastened to the back of a card on which was printed the following:

"It pays to smile—the Plymouth Optimist club is presenting this card to you because of the smile you just displayed. On the back you will find a dime attached. Keep on smiling! The Plymouth Optimist Club."

"I was stationed down on Forest street where seemingly everybody was carrying a sack of groceries. I just couldn't give a dime away. No one had a smile on their face. I guess they must have been thinking about Harry Truman and his taxes as well as grocery prices," stated Mr. Brown.

"Before I could give away my dimes, I had to move up to another location," he said. "Maybe the snow storm had something to do with it."

These are the people who were smiling last Friday evening in spite of the snow, the snow storm and inflation prices: Carolyn Keen, Ethel Aluin, LeRoy Fulton, Joe Silva, Chester Hayes, Dorothy Brown, Mrs. Thomas Rytlewski, Joseph Scarpulla, Ora Bassett, Dorothy Pinnow, Vincent Pellerito, Victor Lindberg, Paula Manns, Jean McConagle, Evelyn Staehle, Orual Bennett, Al Hahl, Mrs. Rose Snyder, Melva Wasalaski.

Brenda Covell, Don Leichweis, Mrs. Pine, William Herter, Lucy Barnes, Phil Bosman, Mrs. Al Smith, Mrs. Robert Johnson, Mrs. Emily Mosher, Mrs. Betty St. Louis, Mrs. Ray Zimmer, Toivo Tarke, Clyde Blunk, Art Remy, Harry Fountain.

Marjory Alford, Sally Morgan, Keith Stevens, Jerry Walsh, George Handyside, Shirley Sanner, Margaret Amrhein, J. W. Kaiser, Mrs. Jack Price, Monte Smith, Delores Hopper, Donna Truesdell, Dave Keller, and Mrs. Althea Schoemaker.

You see it pays to smile in Plymouth. It pays off in more ways than you think even though it took this unusual idea by the Optimist club to prove it.

## Blaze Damages Soleau Home

Fire of an undetermined origin broke out in the home of Mr. and Mrs. Benjamin Soleau at 543 Adams street, Thursday, November 15.

According to fire department reports, the fire started in a first floor closet. The damage was estimated at \$2,000 and was covered by insurance.

Firemen were called to the scene at 8:15 a.m. and remained until 9:30 a.m. Most of the damage was the result of smoke and water.

At the time of the fire Mrs. Soleau was home with her 2½ year old son. She saw the smoke pouring out of the bedroom, called the fire department, and carried her son across the street to a neighbor's where he remained during the excitement. Mr. Soleau was at work in Detroit at the time the fire started.

## Former Wales Coal Miner Tells Rotarians This Land is "Paradise"

(Continued from Page 1)  
"It was then that I decided to come to this land of freedom, to save my money and then with my fortune to return to my old home. But I've never gone back," he declared.

"Seemingly everybody on the other side of the world wants to come to America, the Paradise of the world, but none want to go back.

"Your duty as Rotarians is to instill into the hearts of every one the delights of your country.

"A preacher might as well be dead as gagged. In all other places in the world he is gagged, but not here. We are free human beings in the world that isn't free. Let's keep it free, this land of Paradise."

## Plymouth Youth Back From Korea

Wearing the army insignia displaying five battle stars youthful Allen McMann, a former Plymouth high school student just back from Korea where he has spent more than 15 months in continuous service, is thoroughly enjoying a 30 day leave.

He plans to spend all of these 30 days with his mother, Mrs. Dorothy McMann, who recently moved from Plymouth to Hillcrest Drive in Bloomfield Hills, and with his host of young friends in Plymouth.

"I just had to come to the Plymouth Mail to let you know how much I have enjoyed getting the paper. It comes pretty regular for so far away. Not only do I read every word in it, but Michigan boys from Northville and all over the state insist that I save it for all of them to see," he said.

What the young lad who is with the hard-fighting 32nd outfit had to say about conditions over in Korea are not the most pleasant of words.

"When we get rid of one Chinese Communist there seems to be ten more right there to take his place. And on top of that they seem to be equipped with about the best there is, guns and other supplies," he said. "Like all the other boys over there all I hope for is that I get back eventually alive and well."

In Murray, Utah, after being divorced from each other for 46 years and living 44 years within two blocks of each other without speaking, Loran A. Clark, 69, and Alice Clark, 67, were remarried.

## Earl Pearson To Play For Ball

The Symphony Ball which, since its origin November 27, 1948, has become a Plymouth tradition will be held this year on the evening of December 28 in the high school gymnasium.

Earl Pearson and his orchestra have been obtained by symphony conductor, Wayne Dunlap, to play for the dance. This orchestra is from Ann Arbor and plays for many of the college dances. "Its reputation is excellent," says Mrs. Eleanor Balfour, general chairman of the dance, "and it should be an improvement over orchestras which we have had in the past."

The first Symphony Ball was held in 1948 under the sponsorship of the first symphony board. Members of this board were Mrs. Harry Fisher, Dr. and Mrs. Ed Rice, Mrs. Charles Brake, Mrs. Thomas Bateman, Dr. Alex Janssen, Harold Von Bergen, Mrs. Helmer Nelson, Fred Bettner and Paul Wagner, founder of the orchestra.

A meeting of the committee will be November 26, at the home of Mrs. Balfour for further preparation.

## Hotel Students Visit Mayflower

Members of the Michigan State College senior class of the Hotel Administration department were Saturday visitors in Plymouth. Each year the class votes to visit some well known Michigan Hotel to study the hotels operation and system.

This year the Mayflower was elected for the visitation and manager Ralph G. Lornez spent most of the day telling the students about the operation of Plymouth's hotel.

Professor B. F. Proulx, head of the Hotel Administration department accompanied the students on their visit to the city and when leaving spoke highly of the system used by the Mayflower. Luncheon was served the visitors in the Hotel's new Mayflower room.

Other college students to visit the hotel were from Albion college. These students were members of the art department there. Over 350 students have viewed the room. However, far removed from college students, the majority of them were students from the local grade schools.

## Three Residents Are Injured in Auto Crashes

(Continued from Page 1)  
Mrs. Betty Schneider of 14390 Northville road is in St. Joseph hospital at Ann Arbor, having been removed there from the Wayne County General hospital, suffering with severe back injuries received when she was making a left turn into Burroughs plant last Wednesday evening.

As she made the turn, a car driven by William Lake of Detroit who is employed on the construction of the new Northville State hospital, crashed into the Schneider car. He was not injured. All cars in the two accidents were damaged.

## D.A.R. Supports Two Senate Bills

Members of the Sarah Ann Cochran chapter of the Daughters of the American Revolution were entertained at the home of Mrs. David Mather on Park Place Monday, November 19, with a delightful talk by Mrs. Earl C. Beck, state chairman of American Indians. Mrs. Beck chose as her topic "The American Indian."

The chapter voted to support two bills now under consideration before the United States Senate. The first Senate Bill No. 2039 introduced by Senator Martin of Pennsylvania, would prohibit the display of the flag of the United Nations or any other national or international flag in place of or in a position equal or superior to that of the flag of the United States, and for other purposes.

The second is Senate Bill No. 177 introduced by Senator Bricker which opposes the proposed United Nations Covenant of Human Rights now before the Senate demand attention. Senator Bricker is fighting the proposed Treaty as the adoption of this Treaty would be a serious menace to our basic liberties, as it fore shadows rewriting our Constitution and scrapping our Bill of Rights, with its guarantees of individual liberties.

The members of the Sarah Ann Cochran chapter urges every person to write his congressman in support of these two measures.

"Value received" is usually written in a note, and should be, but it is not necessary. If not written it is presumed by the law or may be supplied by proof.

## Weather Man Not Fooling a Bit

Swaggering through Plymouth and the rest of the state like a Russian Communist, the cussed old weather man Tuesday morning dropped the mercury down to just 14 above zero on some thermometers, 15 on others and 16 on most of them.

It was the second, but not the coldest weather of the fall. (Winter does not arrive until Friday, December 21.) But even though winter is more than three weeks away, Plymouth has been experiencing plenty of it during the past three weeks. In fact if January lives up to its 50 year average, the present November will have been colder than most Michigan mid-winter months have proven to be.

The brief thaw experienced last weekend removed most of the snow and ice from around here, but in localities not so far north there is plenty of both ice and snow.

Last year's first real snow came on Thanksgiving evening, following a day of drizzle and rain. The rain turned to a wet snow that packed quickly on the highways and made driving dangerous.

## Russell Powell's Deer Is Stolen

Russell Powell now knows just how Floyd Reddeman of the Daisy felt a few years ago when Hunter Reddeman shot a nice big buck up near Alpena then woke up in the morning to find that it had been stolen during the night.

Deer Hunter Powell last week while hunting near Lewiston got his deer, had it dressed out and hanging in a barn ready to bring back to Plymouth. When he went to get his deer in the morning it was gone.

But state police have a lead which might help in the solution. The license number of a truck that drove into the Lester Williams place where they were staying, was fortunately taken. Police found that the license was issued to a truck that had been stolen in Lewiston and not yet recovered.

Randell (Dutch) Schuette hunting with Russ Powell, had his deer last Saturday but Jack Selle had not used his tag from last reports heard from their camp.

Social items can be phoned to 1600.

## Plymouth School-Community Group Now Organized

(Continued from Page 1)  
will establish a free permissive atmosphere in which voices may be heard, ideas shared, confidence and mutual respect cultivated and school improvement initiated.

It is to be noted that the board of education is the legally constituted group for making school policy. Proposals growing out of the School-Community Planning Group will be advisory in nature and must, by necessity, be approved by the board of education before any changes are made in school programs or policies.

Mr. Isbister further states that good community schools are the result of careful planning and cooperative effort of many people.

The personnel of the group will be as follows: Members of the board of education James Gallimore, Kenneth Hulsing, Wallace Laury, Mrs. Maxine Wiloughby and Warren Smith; Superintendent of Schools Russell L. Isbister; Bird School—Nancy Tanager, principal; Mrs. Marjorie Mackie, teacher; Mrs. Kenneth Hulsing and Horton Booth, parents, Smith School—Ruth Eriksen, principal; Gerald Elston, teacher; George Bowles and Mrs. Irving Franklin, parents, Stark-weather School—Donald Rank, principal; William Foster, teacher; Mrs. Thomas Argo and George Caldwell, parents, Junior High School—Arthur Alford, principal; John Sandmann, teacher; Mrs. Michael Huber and Mrs. Leo Kowalcik, parents, Senior High School—Carvel Bentley, principal; Melvin Blunk, teacher; Roy Leemon and George Burr, parents.

## Eight Hunters Return With Buck

Several local hunters have returned from the northland with their buck and indicate that there are more deer this year than last. Up to Monday eight bucks and a bear had been reported to the local newspaper by successful hunters.

The local nimrods who brought back a buck were Jack Selle, Dan Mills, Don VanEtta, J. B. Donaldson, Lewis Robinson, Ted Cavell, James Bothard and Charles Foreman.

Leon Stefaniak brought back the bear. Most of the above-hunters got their deer early and were back home by the weekend.

## Makes Big Gift to City of Detroit, Then Attends Rotary Meeting Here

After presenting a check for half a million dollars in behalf of the Kresge Foundation to the Capital Gifts committee of Detroit last Friday forenoon, Stanley Kresge hurried out to his automobile and drove to Plymouth to make up a Rotary meeting at the Mayflower hotel. Then after the meeting he spent some time in the beautiful new Kresge store which the Kresge Company recently opened in this city.

The \$500,000 check given to the citizens of the city of Detroit is a part of a fund being raised to erect a convention hall and exhibits building in the Detroit river front Civic Center and a Community Arts building at Wayne University.

Citizens of Detroit are endeavoring to raise a total of \$8,500,000 to match another similar sum that has been contributed by the city of Detroit and the Detroit board of education for this vast

civic improvement. This is but one of the many contributions that have been made to Detroit and various Michigan educational institutions by the Kresge Foundation.

After Mr. Kresge had looked about the new and historic decorations of the Mayflower room where the Rotary club now holds its meeting, another Rotarian seated at the same table with him heard him say, "It is all very beautiful."

Dr. and Mrs. Harry C. Balfour were Sunday dinner guests of Dr. and Mrs. Eugene Laurisin of Detroit.

Mr. and Mrs. Horton Morrow of Ann Arbor will entertain the Miller Ross family on Thanksgiving Day.

If you have a social item or any other local news, phone 1600.

**Card of Thanks** 27  
 (Continued from page 5)  
 WE desire to express to our kind friends and relatives our heartfelt thanks for their many expressions of sympathy. The beautiful floral offerings were especially appreciated. We should also like to thank Dr. Walch, Mr. Russell Bingley and Mr. Nelson Schrader of the Schrader Funeral Home in Northville.

**In Memoriam** 28  
 IN memory of Donald F. Hunter who died eight years ago Nov. 22, 1943 at Tarawa.  
 Today is the day of remembrance and many sad regrets,  
 A day we shall always remember

When the rest of the world forgets It's not the tears at the moment shed  
 To tell how loved was the soul that fled.  
 It's the silent tears frequently wept,  
 And the sweet remembrance forever.  
 We often sit and think of you,  
 And then how you died,  
 To think you could not say goodbye.  
 Before you closed your eyes,  
 Your smiling ways and pleasant face.  
 Are a pleasure to recall.  
 You had a kindly word for each  
 And died beloved by all.  
 No one knows our longing,  
 And no one sees us weep;  
 We shed our tears from aching hearts  
 While others are fast asleep.  
 Friends may think we have forgotten  
 When at times they see us smile,  
 Little do they know the heart aches  
 That one smile hides all the while.  
 No one knows the silent heart aches.  
 Only those who have lost can tell  
 Of the grief that's borne in silence  
 For the one we loved so well.  
 Days of sadness still come o'er us,  
 Secret tears do often flow,  
 But memory keeps you ever near us  
 Though you left us 8 years ago  
 Sadly missed by his parents,  
 Mr. and Mrs. Harry Hunter 28-1tp

**Girl Injured in Auto Accident**  
 Lois A. Packard, 20, of 678 Blunk street received slight lacerations of the head when the car in which she was riding struck the rear of a parked car, Saturday, November 17, at approximately 7:25 p.m.  
 Miss Packard was taken to University Hospital where she is a student nurse. She was treated for her injuries, and has returned to her studies.  
 A ticket for reckless driving was issued to the driver of the car, Richard Packard, of the same address, brother of the injured girl. The parked car is owned by Harold Stratton of 357 Blunk street.

**Communication**  
 While over in your town late last week, for a short stay, I, of course, read the Mail. My sister says, about as soon as I get in the house: "Here are the Plymouth Mails, which I have been saving for you."  
 I was especially interested in the recent editorial on "Junior" Moody; they be my sentiments exactly. Three or four weeks ago I took time off to write a letter to Junior, telling him just what I thought of himself and friends back in Lansing. I suggested that if he was a second edition of Vandenberg, as he claimed to be, it was time he started working at it. I scored his trips around the country and asked as to how he found time for his "tripping" and Washington duties, also. Suggested, also, that he was not following the Vandenberg example in that way, as Vandenberg did not make a single appearance back in Michigan during his last campaign; that "he considered the welfare of America more important than his personal interests."  
 In course of the letter I told Blair that he recalled to me a story I heard back when I was a young chap; it seemed there was a Polly who was quite a conversationalist; one day Polly escaped to the great outdoors and flew to a woods nearby. Soon her mistress heard loud cries from Polly and angry calls by a flock of crows. Before long a humble Polly, with the most of her feathers gone, and bleeding from many wounds, demanded admittance to her old home. "Why Polly," asked her mistress, "What is the matter?" "Polly talk too damn much!" was the reply. And I suggested to Blair that he was just another Polly.  
 Rather odd, but just a few days before Blair Moody was given the appointment I wrote a letter (which was not published) to the News, giving my idea of their different editorial writers, commentators: I placed Jay Hayden as easily their top Washington correspondent. I said that I had kept pretty close track of his writings ever since he began his work, and that I would not take his word for anything political; that while he might not be a Democrat he was even worse—the worst type of a Roosevelt-New Deal lover.  
 James W. Clapp

**Grange Gleanings**  
 There will be the usual potluck supper at the Grange meeting on December 6 followed by the installation of the new officers. Owing to a misunderstanding the installation was announced in our notes as for last meeting but it was a mistake. We enjoyed a very pleasant meeting with our young German students furnishing the program. Mary Lou Hartwick sang and we always love to hear her. The young people gave us some short glimpses of the conditions in Germany. They are a fine group of young folks and they charmed everyone.  
 What do you suppose it would be like to have 100 percent attendance for once? We hope there will be at least half of that at our next meeting. We owe it to our new officers to get off to a good start. Dues are payable now and the secretary will be happy to receive them. It is imperative that all the new officers be present to be installed at this time.  
 Paul Nash is recovering at his home from his recent illness.  
 Minnie McConnell has been laid up for two weeks with a twisted knee, is improving now so she is getting about with crutches.  
 Sam Spicer, Jesse Tritten, Kenneth Lunn and perhaps others of our members are up in the North woods deer hunting.

Social items can be phoned to 1600.

**First to Get Deer On Opening Day**  
 Up to the present time no one has disputed the fact that Raymond Coon, 14655 Eckles road, was the first among the several hundreds of Plymouth deer hunters to "get his deer" on opening day.  
 He had hunted less than an hour in the woods up near Osceoda when he brought down a nice big buck.  
 In fact it was just 10 minutes to 8 o'clock when he placed his tag on the buck.  
 While all Plymouth hunters didn't get away for the opening of the season, the first of the present week looked as though nearly everyone had gone north to try and get a deer before the end of the season. While it is impossible to get a check, apparently not less than one hundred or more deer hunters left for the north during the present week. Few of those who left to be in the woods on the opening day have returned.

**Local Stores Report Heavy Christmas Shopping Here**

Christmas shopping in Plymouth started off with a bang last week according to a survey taken among local merchants up and down the main streets of the town. Not only was there much interest in future planning as to which will be the right gift to buy but many actual purchases were made which will help complete Christmas gift lists.  
 Local shoppers were surprised at the unusual quantity of Christmas merchandise that stores had on hand and many new and novel gift ideas were displayed to make gift giving particularly attractive this year.  
 For the most part weekend and Monday and Tuesday shoppers were primarily concerned with food treats for their Thanksgiving dinners and found to their pleasures that local food stores were featuring staple Thanksgiving items much cheaper than they could be found in Detroit food markets. Local farmers profited by the rush as much of their poultry found its way into Plymouth homes to be served for Thanksgiving dinner. The usual run on cranberries, canned pumpkin and mince meat was heavy most stores reported.  
 Chamber of Commerce officials hope to have Plymouth's Christmas street decorations up this weekend and most stores expect to have the holiday decorations completed by the time they

**PHS Library Has Many New Books**

The high school library has received many new books lately, among which is "Hidden Pond," a story for girls, by Helen Girvan. This is a story of Denis Fraser, a girl from the "states," who finds romance and an entirely new way of living among delightful relatives in French Canada.  
 For boys there is "North Woods Whammy," by Clyde Brion Davis, a story about Tony Brestol and his father on their fishing trip into the North Woods of Canada.  
 For a biography "Gandhi, Fighter Without a Sword," by Jeanette Eaton, is a story on Mohandas Gandhi a hero, saint, and man who died after giving humanity an unforgettable lesson on brotherhood and peace. "Punishment Without Crime," by S. Anandil Fineberg is a book on a practical new approach to the problems of racial and religious intolerance in America with scores of graphic examples of ways to deal with prejudice.  
 Wealth may not bring true happiness, but there are some folks who would be satisfied with good imitations.

# Hints For Plymouth Homemakers

## These Unusual Pancakes Good to Serve at any Meal

Most housewives serve pancakes for breakfast, but how many serve them for lunch, dinner, or at a party? The recipes listed below give several different ways of serving pancakes at breakfast and other meals.

A pancake party upon returning from skating or a hay or rough ride is a novel treat. For such parties, buttermilk pancakes made from the prepared mix are easy to prepare and are ideal when served piping hot.

### Breakfast with the Flavor of the North Woods

State of Maine Griddle Cakes with warm syrup, broiled bacon and big cups of piping hot coffee—that's a real American breakfast if there ever was one! Can you imagine a better way to start these chilly days?

Of course pancakes aren't quite complete unless they are flanked with plenty of the richest, hottest, most fragrant coffee in the country. It's well worth a bit of extra effort to make sure that your coffee is the kind that calls for seconds.

### State of Maine Griddle Cakes

1 cup pancake ready-mix  
1 1/2 teaspoons sugar  
1/2 teaspoon cinnamon  
1/2 cup blueberries  
1/2 cup milk

Combine pancake ready mix, sugar and cinnamon. Add blueberries; stir until berries are well-coated. Add milk slowly.

Bake on hot greased griddle until golden brown underneath and bubbles on top have set. Turn and brown on other side. Makes enough for six servings. Fresh or well-drained canned or quick-frozen blueberries may be used.

Pancakes taste good for lunch when the children come in from that cold walk home. They stay with the child through an active afternoon.

Pancakes taste good for lunch with apples cut into the batter before cooking. The addition of grated cheese or chopped nuts to the batter gives pancakes a novel taste.

### Pancakes Make a Continental Dessert

Next time you have a dinner party instead of conventional pie or cake, serve pancakes with a continental flavor for a dessert with a difference! One of these variations will cause oh's and ah's of delight and each one has been tried and enthusiastically approved by a panel of male gourmets! The nicest thing about them is that you can make them simply and quickly using a prepared Buttermilk Pancake Mix and have your batter ready ahead of time.

### Crepes Continental

Mix 1/2 cup powdered sugar into 1-1/4 cups buttermilk pancake mix and because you want these to be extra thin add 2 cups of water. Turn once when bubbles form at edge and bottom side is brown. Fill with cream cheese blended smooth with either sweet or sour cream. Spoon over with red currant preserves and serve very hot.

### Hungarian Pancakes

Prepare buttermilk pancake mix batter as above. Fill the pancakes with very fine chopped nuts mixed with enough whipped cream to make a paste. Roll cakes, sprinkle with powdered sugar and serve hot.

## Sandwiches May be Made In Advance

"Beat the rush" is a good motto when it comes to sandwich making. Advance preparation can save time—and the sandwiches will be just as good.

If you store them in a mechanical refrigerator or an icebox, they should not be made up more than 24 hours in advance from the time they will be used. The sandwiches can be frozen by placing them in the freezing compartment of the refrigerator or in the frozen food cabinet.

Sandwiches that are frozen and kept in the freezing compartment of the refrigerator should not be held over for more than a week at a time. Those that are frozen and kept in the frozen food cabinet can be made up and kept several months.

Tests show that sandwiches wrapped in wax paper or cellophane for freezing or refrigeration were more satisfactory than those wrapped in parchment paper or sandwich bags. When sealed in cellophane, moist fillings tend to become soggy and wet from moisture. Varieties that have been found to be satisfactory in sealed cellophane were cream cheese on bread, butter on bread or peanut butter on bread because these fillings are not too moist. Each sandwich should be labeled and wrapped separately. If several sandwiches are wrapped in one package, the individual flavors are apt to mingle.

When sandwiches are prepared for freezing or refrigeration, never allow the bread or filler to remain at room temperature for a dangerous food poisoning bacteria grow well in moist fillers, and especially well in moistened bread. An acid ingredient like green olives, lemon juice or pickle in sandwich filling combinations such as ham salad, chicken salad or egg salad retards the growth of these bacteria.

In Indianapolis, tax collectors received a Social Security form for domestic servants, with the notation: "No taxes due as I married the hired girl."

## PERFECT PUMPKIN PIE

By Marie Gifford

Do you get nostalgic when the spicy fragrance of pumpkin pie wafts through the air? It brings to mind wonderful family dinners of years past, dinners prepared as only mother could make them.

Her pumpkin pie was the triumphant finale to wonderful Thanksgiving feasts. And you can be sure that mother knew the pie would be only as good as its crust. Of course, she chose lard to make those tender, flaky crusts.

Your pie crusts can be even better than the ones she used to make, for lard is now so improved. The new pure lard will stay fresh and of just the correct consistency for making perfect crust when it's kept right on the cupboard shelf. You'll find lard at room temperature easier to blend, and then you can use water right from the tap. No need to bother with ice water.

Make your pumpkin pie with this mix-easy, never-fail crust, and everyone will agree it's even better than the ones mother used to make.

### FIVE MINUTE NEVER-FAIL PIE CRUST

(one crust pie)

1 1/2 cups all-purpose flour  
3/4 teaspoon salt  
1/2 cup pure lard  
2 1/2 tablespoons water

Measure flour without sifting. Then add salt and sift. Have lard at room temperature. Blend into flour with pastry blender or fingers until mixture is size of small peas. Add water all at once. Press together with knife. Shape into ball and roll out to 1/4 inch thickness on lightly floured board or pastry cloth. Line 9 inch pie shell and fill with this pumpkin mixture:

**PUMPKIN FILLING:** Mix 3/4 cup brown sugar (packed) with 3/4 teaspoon cinnamon, 1/2 teaspoon ginger, 3/4 teaspoon salt. Add 2 slightly beaten eggs and mix well. Then add 1 1/2 cups mashed or canned pumpkin, blend, and stir in 1 1/2 cups milk. Pour into unbaked pie crust. Have oven preheated to 425°F. Place pie on lowest rack of oven and bake for 15 minutes, then turn regulator to 350°F. Bake for 45 minutes longer or until knife inserted at edge of filling comes out clean. One 9-inch pie.

## Dairy Products Always Good Buy

Dairy products are a good buy at any season of the year because of their importance in furnishing calcium and protein.

Milk can be purchased fresh, condensed, whole, or as dried whole milk or dried non-fat milk solids.

Dried milk should be kept in an air-tight container. Any liquid milk should be kept refrigerated and covered tightly to prevent it from absorbing odors and flavors of other foods.

Letting bottles sit in the sun or other places where milk becomes warm causes rapid souring. Sour milk has not lost its food value and can be used in baked products, creamed sauces, puddings and the like. Most common uses of sour milk are for sour milk hot breads or biscuits and for cottage cheese.

Cottage cheese can be used in almost any way that hard, soft or creamed cheeses are used. Cottage cheese goes nicely into omelet, cheese biscuit, salads, sandwiches, souffles, cakes, with fruit and for dessert with crackers.

Cottage and American cheddar cheese give greatest economy—they are the two types which are usually the least expensive. They are also the most versatile in meal planning. Imported or domestic cheeses such as Parmesan, Gorgonzola, Edam, Roquefort and cream cheese are more expensive but offer a great amount of food value and a distinctive flavor. Cheese foods are less concentrated than the natural cheese.

Both milk and cheese are protein foods and should be cooked at low temperature for the shortest time possible. High temperatures result in tough cheese. Cooking milk at high temperatures, or too long, will cause the minerals and protein to settle out and undesirable scums will form. It may also result in scorching.

## U. S. Citizens Not Best Fed-States Harris

"The people of the United States are not the best fed in the world, even if they may be the most fed," stated Dr. Robert S. Harris, Ph.D., addressing the nation's Food Editors at their annual convention in Chicago.

To explain his statement, the eminent Massachusetts Institute of Technology professor described his work among a primitive tribe of Mexican Indians, the Otomis. He found them uneducated, still clinging to 10th century customs and living on the equivalent of \$1.40 per week per family.

Yet nutritional analysis of their foods compared to that of average income families near New York and Boston showed the Otomis actually better fed nutritionally in many ways.

Dr. Harris did not say the Otomis are better nourished, however. All of us must satisfy three hungers, he stated, hunger from an empty stomach, hunger from unbalanced nutrition, and humdrum hunger due to unattractive, unpalatable foods.

hollow and humdrum hunger—the United States are susceptible to hidden hunger.

His staff proved, through work with the local foods available in Mexico, that the presence of calcium, iron or the B vitamins in a diet are much more important than the food from which they come.

He found, for example, that Chile supplies the Latin Americans with Vitamin A—in combination to our supply from dairy products, carrots or green leafy vegetables.

Protein is another important nutrient obtained differently in various countries. For centuries the Indians have eaten corn and beans together, and today nutritionists realize that this combination makes sense. The protein of both of these cereals is incomplete, but when eaten together they complement each other. In hunger from an empty stomach, all parts of the world for many centuries people have instinctively combined complementary foods in the same meal.

tionally better balanced have often been eaten alone. Dr. Harris gave oatmeal as an example, saying it is "nutritionally the best of our cereals and does not need to be eaten in combination."

The danger of imposing our food habits on other nations was also emphasized by Dr. Harris. "There is no indispensable food, no one food pattern which will best nourish mankind," Dr. Harris pointed out. He feels that "other nations need our knowledge and skills, not our food habits."

Speaking from a wide background of research and travel, Dr. Harris is at present in charge of the Nutritional Biochemistry Laboratories in the Department of Food Technology at Massachusetts Institute of Technology and has served as a Nutrition Consultant to various governmental agencies, both here and in Mexico.

Alfred Strasen of this village, who joined Fisher's orchestra at the Grand hotel, Mackinac Island, last September and is now playing at the Gorge Club at French Lick Springs, Indiana, one of the country's finest fall and spring resorts, has contracted to play with Fisher's orchestra on their world tour on the steamer Belgo-Land. The steamer leaves New York, December 14, and returns April 24.

The handsome new front of Woodworth's Bazaar has been completed and it is one of the finest business fronts in town and a great credit to the progressive spirit of R. P. Woodworth, the owner of the store.

Schrader Brothers have just had installed in their Funeral Home a mortuary pipe organ manufactured by the Operative Organ Company of Chicago, Illinois. The new organ has been placed in a room beautifully fitted up for it on the second floor, which is called the music room.

A very pretty and joyous occasion was the wedding of Dale Arnold and Miss Alice Gustin at the home of the bride's sister, Mrs. Clarence Smith on South Mill street, at 7:30 o'clock Friday evening, November 12. At the hour appointed, the bride and groom, accompanied by Mr. and Mrs. Clarence Smith entered the archway into the dining room in the presence of a house full of friends. Rev. H. E. Sayles read the ring ceremony and introduced Mr. and Mrs. Arnold to the company, who gave hearty congratulations. The bride wore a gown of yellow georgette. The flowered were American roses and silver leaf. Mrs. Clarence Smith, the maid of honor, was dressed in

orchid georgette.

Mrs. Fred H. Stauffer was surprised Monday evening by a number of her friends in honor of her birthday. Those present from out of town were Mr. and Mrs. George Stover, of Detroit; Dr. A. E. Butz, of Muskegon, and Dr. Wm. Van Meter, of Chicago.

Born to Mr. and Mrs. Charles Schmidt, a son, November 7, Name, Dale August.

Mr. and Mrs. Walter Smith and son left Wednesday, by motor, for Texas where they expect to spend the winter months.

Catherine Mary, daughter of Mr. and Mrs. Howard Last, was christened at the Lutheran church last Sunday morning. Mr. and Mrs. H. Smith acted as sponsors.

John Staman and family have moved into their handsome new home on Irving street.

Mary Jane Hamilton, daughter of Mr. and Mrs. Coello Hamilton, entertained 11 little girl friends at her home on Hamilton street last Wednesday evening in honor of her eleventh birthday. Mary Jane was the recipient of a number of pretty gifts from her little friends. Refreshments were served and all had a delightful time.

**10 Years Ago**

The Plymouth Gauge and Tool company which occupies a factory building on Amelia street between Spring and Farmer streets and started operations there the first of May, is now engaged in total defense work. The latest addition to the Plymouth industrial scene is owned and managed by Robert B. Berini of Detroit and employs about 30 men.

A bronze wall plaque was awarded last week to the Central grade school of Plymouth in recognition of a prize-winning defense band slogan, composed by Kathleen Bloxom of the school. Kathleen was judged the winner of the grand prize in a contest sponsored by Dr. John A. Ross to help stimulate interest in the sale of U. S. Defense Savings Bonds.

"Mignonette," the play chosen by the junior class, will be presented at the Plymouth High school auditorium on Thursday and Friday evenings, November 27 and 28 at 8 o'clock.

The large number of friends of Dean Herrick will be pleased to learn that he has purchased the partnership holdings in the Herrick and Halstead jewelry store

on Penniman avenue from Mrs. John Halstead and is now the sole owner.

Mrs. Homer Burton of 264 North Harvey street is the first Plymouth nimbler to return home with her deer even though she had to go way down to old York state to get the big buck.

Dorothy Bentley was the guest of honor, Saturday evening, at a lovely linen shower given by Margaret Dunning in her home on Penniman avenue. The guests were the girls of her graduation class of 1929, who came from Saginaw, Frankmouth, Wayne and Plymouth. Miss Bentley who will be a bride on Thanksgiving day, received lovely gifts.

Sally Truesdell, daughter of Mr. and Mrs. Louis Truesdell will celebrate her sixth birthday Saturday, with a party in the afternoon, when several little friends will join her for games and refreshments.

Mr. and Mrs. Wilbur Ebersole of Starkweather avenue are the proud parents of a seven pound six ounce baby boy, born Friday, November 14. He is named Tommy Charles.

Ben Lamerand, Canton Center road, returned home Sunday evening with an eight-point buck, weighing over 150 pounds, that he shot on the opening day at the Duncan Hunt club near Spratt, Michigan.

Mr. and Mrs. Peter Ralph Mil-

ler attended the Wednesday matinee performance of "My Sister Eileen," at the Cass theatre.

Mr. and Mrs. Kenneth Mudie were given a surprise housewarming on Sunday in their new home on Parkhurst, Plymouth Gardens. A buffet supper was enjoyed with card games following. Mr. and Mrs. Mudie were given a table lamp by the guests.

Carol Ann Poppenger, daughter of Mr. and Mrs. Howard Poppenger, celebrated her fourth birthday with a party, Saturday afternoon. Eight little guests were present who enjoyed playing games and dainty refreshments later. Those present were Leah Rye Crane, Mary and Grace Olin, Anthony Worth, Bobby and Gregory Otwell, of Plymouth and Garry Poppenger of Detroit.

**IT'S A FIREBALL ENGINE**

**How to make old roads seem NEW**

You're riding on big, soft-coil springs that let every wheel dance beneath you, without passing on the jolts to you in the car.

You're driving a car that's plenty inches broader than it is high—a sure-footed road-hugger if there ever was one.

And you're riding behind a Fireball Engine — Buick's time-tested version of a high-compression valve-in-head — an engine that packs more power than most people ever need to use.

With this power — and with Dynaflo Drive\* — you don't have to "rush" a hill at the bottom to soar serenely over the top. You just feed the power as you need it—climb with a sure, steady swoop without buck or bobble all the way up.

There's a lot more that we could tell you about a Buick. But such things as room, and comfort, the confident way it steers, and the way it shortens the miles are things you can best discover from personal experience.

So why not follow the routine already suggested? You supply the road — we'll supply the car — and let it speak for itself.

## Warn Farmers of Paint Slickers

Farmers in the Plymouth area have been warned again about trucks from out-state coming into Michigan with painting equipment and "sharpies" who tell a story about having been on a big job in a big city and having just enough aluminum paint left over to cover the metal roofs on the place.

Art Bell, Michigan State College agriculture engineer, says that during the past three or four years there have been literally dozens of these outfits from out-of-state roaming the highways.

He recommends doing business with a local man who expects to be around for awhile. The out-of-state outfits "guarantee" their job but in 18 months to two years when the paint falls they aren't around to make good on the guarantee.

Aluminum paint is a good paint if used correctly but it should never be put on directly over rust, Bell points out.

## Box Social To Be November 28

November 28 is the date the Library club has chosen for its box social to be held in the High school gymnasium. The social will take place in an old fashioned atmosphere created by the decorations committee headed by Nancy Worth.

Men will be admitted to the social free, but women must bring a box, stated Jean Stapleton, general chairman. Roy Rew will auction the boxes. A home talent show is planned for the occasion. The talent will include tap dancers, ballet, a quartet, and a skit by members of the library club. The social will last from 6 p.m. to 9 p.m.

Proceeds will be sent to the Youth International Library association in Munich, Germany, and the United Nations Economic and Cultural organization.

Other committee heads are: Judy Lockhart and Frank Taft, publicity; Mrs. Esther Ham and Don Lightfoot, tickets; Jackie Smith, program; and Velma McEwen, refreshments.

## Some Move North When They Retire

All people who retire do not go to Florida or other warm climates, it seems.

Morris E. Hunt, for more than a quarter of a century an employee of the Ford Motor company at their Waterford plant, because of ill health, left the services of the Ford company two or three years ago.

The family decided to move up on Leelanau peninsula some four miles north of Traverse City. If they liked that country they planned to make it their permanent home.

While in Plymouth recently on a visit to old friends, Mr. Hunt stated that they had purchased 33 acres of land which extends from Highway No. 22 to the shore of Traverse bay and plan to make that place their future home.

"It is surprising the number of people from both Detroit and Chicago who are buying property in that part of Michigan and moving there to make their permanent homes," he said.

"The winters are a bit severe, at times, but there is no place in the country where the spring, summer and early fall months are so delightful," he added.

## Special Stamp Issue on Sale December 11

Postmaster George Timpona yesterday stated that the Plymouth post office will within a few days receive the new special 3 cent stamp issue commemorating the "battle of Brooklyn." It will not go on sale before December 2.

Surprising as it may seem, the Plymouth post office has an extra large demand for special issue stamps, seemingly a large number of stamp collectors are living in this area.

Are you a collector of Milk Glass? We here at MARTIN'S CHINA SHOP on Ann Arbor Road (US 12) one mile West of Plymouth are proud to present our collection which consists of over 200 individual pieces, many of which are made from original molds which are from 75 to 100 years old. New in our collection are puff boxes, stage coaches and covered wagons. The stage coaches come in two sizes and are the cutest things for ivy or to use as cigarette boxes. We also have sleighs in two sizes which are wonderful for Christmas centerpieces. Then there are wine decanters with eight footed glasses to match, punch sets, footed banana bowls and footed round bowls. Plates of all kinds, sugar and cream sets, water pitchers and tumblers, goblets and dozens of other pieces all in authentic Milk Glass. And since this is Thanksgiving week we must not end this column without telling you of our Turkey platters. We have one from England with a winter scene that is simply beautiful and another one from Italy with a huge turkey in the center. They make a wonderful Christmas gift and a gorgeous piece to hang on the wall. We also have the hangers to hang them. MARTIN'S are open evenings 'till 8 P.M. including Sundays. Phone 1943W. ## Two Thanksgiving Services At The Lutheran Church

Why hold two services on this day? Why not drop the church services entirely so one might just loaf and eat and drink on Thanksgiving?

The answer to both questions lies in the fact that there are just too many people who believe in keeping up our good, old institutions from the days of our founding fathers. These people refuse to dedicate a day of National Thanksgiving to gluttony and godlessness. They persisted in coming to church in such crowds on Thanksgiving that uncomfortable, overflow arrangements had to be made in the church basement. Even then some were turned away in 1948.

Since 1949 the arrangement of two Thanksgiving services has worked very well. The two services are filled, but not overcrowded. Also, and this is important, it provides an opportunity for all members of the family to attend, including the mother of the house. The day may be a day of loafing and feasting for others, but too often it turns out to be just a day of added drudgery for mothers. If that has been the case in some of our homes in the past, this year is a good time to change and to give mother a break by helping her and making it possible for her to go to church.

Why, indeed, do we not drop church services entirely on this day of loafing and feasting? Have we forgotten the PURPOSE for which our country's fathers established this custom? Have we ignored the annual proclamations of both the President and the Governor so long that we have forgotten that they exhort us "to go to the House of Worship to render due thanks to God for all the benefits received and to invoke His blessing upon our staggering task of the future?" Are we mere beasts who have no tongues to move and lips to open in beautiful words and songs of praise to our Redeemer-Creator God? Shall they say of us, and say it with justification, "The Americans are a hypocritical, materialistic race; they talk much about being a Christian nation, but even their national day of Thanksgiving they have turned into an open orgy of the flesh?"

There are many people in this realm who are full of deep gratitude to God for His unspeakable gifts. They are aware of the seriousness of the present world situation. They are conscious of the fact that America has not assumed

the role of world leadership without thereby assuming responsibilities and obligations for the future which are simply beyond the capacity of one nation to carry without eventual breakdown and internal collapse. WE CANNOT GET ALONG WITHOUT THE FAVOR OF OUR FATHER IN HEAVEN IN THE TASK WE HAVE ASSUMED!

We are not only giving thanks on the day of Thanksgiving; we are pleading with our Heavenly Father not to remove from us His gracious protection and blessing. THE OUTCOME OF THE PRESENT WORLD STRUGGLE IS STILL MOST UNCERTAIN! Let no one glibly say or even imagine that we have the Russian Communists "in the bag."

If we take for granted that God is on our side, because ours is the side of the right, we ought to call to mind what Abraham Lincoln said when he heard a great preacher praying to God to be with their cause. He said, "I think we ought not only to be concerned about God being on our side, but that we are on the side of God."

Can we expect to go along with our hypocrisy; as we display it in our Thanksgiving observance? We call a day Thanksgiving, and then we employ the day in mere sensual gratification and leave out God and thanks to Him.

"It can't happen here!" is another profound piece of fool's philosophy often heard with regard to the present crisis: "America is too strong, it cannot go down." Read history, my optimistic friend. Read especially the history of God's Chosen People. He gave them a solemn warning before their defeat and ruin came. Here it is: read it and take it to heart:

"Beware that thou forget not the Lord thy God—Lest when thou hast eaten and art full, and hast built goodly houses, and dwelt therein—and thy silver and thy gold is multiplied, and all that thou hast is multiplied, then thine heart become proud and thou forget the Lord thy God—and thou say in thine heart, My power and the might of my hand hath gotten me this wealth.—And it shall be, if thou do at all forget the Lord thy God, I testify against you this day, Ye shall surely perish!"

Deuteronomy VIII by Rev. Edgar Hoenecke

## Revivalist at Calvary Baptist

Evangelist "Bill" Piper, Fiery Revivalist of Greenville, South Carolina, will conduct a two week Evangelistic Crusade at Calvary Baptist church November 25 through December 9.

Mr. Piper is nationally known as a revivalist having preached in more than 250 cities throughout the nation, and has broadcast the Gospel over 100 different radio stations.

In the past ten years he has conducted 170 revivals in 21 states and Canada. A graduate of Bob Jones University of Greenville, South Carolina in 1942 he was made a member of the Active Board of Trustees three years later.

The ministry of Mr. Piper has been enriched by a wide variety of experience in radio, music, and preaching.

Assisting Evangelist Piper will be a talented young song leader and trumpeter, Steve Taylor of Bob Jones University.

The public is invited to enjoy this Christ centered Bible Preaching Crusade.

FIRST BAPTIST CHURCH, North Mill at Spring, Rev. David L. Rieder, Pastor, 10:00 a.m. Sunday school, Wm. Foley, Supt. Morning Services; 10:00 Sunday School. Classes for everyone. Come each Lord's day and learn more of Him. Your presence is needed to help carry on this great work. 11:00; Morning Worship Service. Sermon topic will be—"Precious." Evening services: 6:30-7:30. Our young peoples groups, both Junior and Senior, meet at the church, for their B.Y.F. services. A time when our young folks gather to sing and study God's word, and to help train themselves for better workers in the work of the Lord. 7:30 p.m.: Our "Happy Evening Hour." Come and join us each Sunday evening for a real inspirational service in God's house. Special music, both vocal and instrumental, and a fine Gospel message by our pastor. The message will be a "Sermon Song," in other words it will be a musical sermon using different songs to bring out the points of the message. Wednesday, Nov. 28 at 7:30 p.m. the "Hour of Power," our midweek service will be held at the church. The pastor will continue the study of the book of Romans and will be using chapter 7 on that particular evening. Friday, Nov. 24 at 6:30 p.m. the Junior group of B.Y.F. plan a toboggan party if weather permits and will meet at the church and leave from there. Saturday, Nov. 24 at 8 p.m. the Fellowship class will hold their class meeting at the home of Mr. and Mrs. Raymond Armitage, 433 Sunset. Members are to bring sandwiches and table service.

FIRST PRESBYTERIAN CHURCH, Reverend Henry J. Welch, D.D. Minister, Morning Worship 11 a.m. Sermon by the Pastor, Richard Daniels, Supt. Tuesday, November 27. Regular monthly meeting of Circle 3 at 8 p.m. Wednesday, Nov. 28. At 1 p.m. Regular monthly meeting of Circle 1. Wednesday, Nov. 28. At 7:30 p.m. monthly meeting of the Session. New members who came in last month without meeting with the Session are requested to be present at this time. Those who are to come into the church on December 2 should especially be present at this time. Sunday, December 2. Baptism of Infants and Reception of members at the 11 o'clock service. The Presbyterian church requires that one of the parents be a member of a Protestant church in order that the child may be baptized into the church. Those who wish baptism for their babies come directly to ushers the registration slip for baptism at that time. Chili, mashed potatoes, cole slaw, coffee and apple pie will be served. Public is invited. The price is a free will offering.

ST. PETER'S EVANGELICAL LUTHERAN CHURCH, 261 Spring St. Edgar Hoenecke, pastor. Old-fashioned, early-American Thanksgiving Day services on Thanksgiving Day, at 8:45 and at 10 a.m., the services of one hour each. Are you as a Christian going to permit the people of this generation to secularize all of our precious Christian festivals? Easter is being corrupted into a festival of "returning life" (the old, pagan feast of the barbaric, European tribes!); Christmas has become a bawdy, commercial racket with its "good cheer" dedicated to a mythical Saint Nicholas, polluting the sweet mystery and glory of the Birth of the Son of God—are we Christian people going to let them corrupt the grand, old, truly American Thanksgiving Festival into a porcine orgy? Does the seriousness of the world-situation, the fact that we STILL possess our beloved American freedoms, the fact of our progress and wealth, the staggering prospect of our future responsibilities of world-leadership,—do these move us to nothing better on the day of THANKS-GIVING than to eat and drink? If so, God have mercy on us! CHANGE OF TIME OF SERVICES: To make it easier to park and to avoid waiting in inclement weather, the Second Service will begin at 11 o'clock, instead of at 10:45. BEGINNING DECEMBER 2. The Adult Membership Class will begin Wednesday, November 28, 7 to 8 p.m. at the school. The Bible Study Hour will be held on Wednesday, 8 to 9 p.m. at the school hereafter. The Lutheran church maintains the Lutheran Day school, eight grades and kindergarten, at 1309 Penniman avenue, the future site of the church. Mr. G. Mueller, principal. Telephone 1739.

FIRST CHURCH OF CHRIST SCIENTIST, Sunday Morning Services, 10:30 a.m. Sunday Evening Services, 7:30 p.m., every fourth Sunday of the month. Sunday School, 10:30 a.m., for pupils up to twenty years of age. How everyone may have a healthful body is shown in the Lesson-Sermon to be read on Sunday, November 25, in all Christian Science churches, under the subject of "Soul and Body." The Golden Text is from I Corinthians (3:16): "Know ye not that ye are the temple of God, and that the Spirit of God dwelleth in you?" Among the Bible citations is this passage, (Ps. 63:3): "Because thy loving-kindness is better than life, my lips shall praise thee." Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Soul is the substance, life, and intelligence of man, which is individualized, but not in matter." (p. 477)

CALVARY BAPTIST CHURCH, Ann Arbor Trail at Elizabeth, Patrick J. Clifford, Pastor, Bible school, 10 a.m. Milton Haberer, Supt. This is the final Sunday in our Bible School Contest. Every member is urged to bring a friend. This Sunday is the beginning of our "Christ Is The Answer" Evangelistic Crusade, led by Evangelist "Bill" Piper, assisted by Steve Taylor, song leader, soloist and trumpeter. Worship Service 11 a.m. Evangelist Piper speaking, Youth Fellowship 6 p.m. Evangelistic service 7:30 p.m. Message by Evangelist Piper. ### "How Much Should a Funeral Cost?"

Naturally, you want the last tribute to a loved one to be fine and tender and dignified. At the Sonderegger Funeral Home, none of these things depend on how much is paid for the funeral. Whatever the budget limitations of the family may be, we give personal supervision and attention to every detail—to ensure satisfaction.

You will be pleased to know therefore, that we believe that no funeral should cost more than the family can afford to pay.

### Announce PHS Cage Schedule

Coach John Sandmann has divided his basketball boys into two squads—the varsity, which will carry 22 players for the time being, and the junior varsity. Each will play a regular schedule and on the same night as they have the past few years.

Only three boys are back from last year's squad and they saw limited service as substitutes. Moreover, those three holdovers are half year students and will be available for play just for the first semester. They are Dave Travis, Jack Daggett and Bob Keeney.

The varsity squad will be composed for the present of Dale Welton, Jim Bloomhuff, Gale Mills, Ralph Walsh, Jack Daggett, Dave Travis, Bob Keeney, Max Lare, Jim Brinks, and Gary Hees—all seniors, Phil Straub, Russell Brown, Ronald Krump, Pat Robinson, Dave Finney and Bud Lanphear are the juniors. Kenneth Kisabeth is the only sophomore on the squad.

On the junior varsity will be Jack Spanier, Casey Cavell, Dave Wilkin, Herbert Olsen, Gordon Champion and Charles Wyse—all juniors. Sophomores are Ty Caplin, Robert Angevine, Ron Schwandt, Larry Tillotson, Ron Pagenkopf, Barry Lightfoot, Joe Signorelli, Ferris Mills, Jerry Kelly, Leonard Ferguson, Marlin Chaney, Don Todd and Ron Cole. Charles Ketterer will coach this squad.

The first game is with Farmington away on Friday, November 30. The first home game is Tuesday, December 4 with Northville as the opposition. The remainder of the schedule is as follows:

Nov. 30	Farmington	Away
Dec. 4	Northville	Home
Dec. 7	Allen Park	Away
Dec. 14	Belleville	Home
Jan. 11	Bentley	Away
Jan. 15	Farmington	Home
Jan. 18	Trenton	Home
Jan. 25	Redford U.	Away
Feb. 1	Allen Park	Home
Feb. 3	Belleville	Away
Feb. 15	Bentley	Home
Feb. 19	Northville	Away
Feb. 22	Trenton	Away
Feb. 29	Redford U.	Home

by  
"Professor"  
Edgar Brown

There seems to have been some misinterpretation of the story concerning varsity basketball practice. Some thought I meant that basketball should come first above all other extra-curricular activities. Anyone who knows me as a broad and open-minded person should have known that I didn't infer such a thing. I sincerely believe in all phases of extra-curricular activities, and as many students as possible participating in such activities, as they are of considerable value in molding a well-rounded individual.

Of course I meant that as long as the setup is as it is today, and we have competitive athletics, the teams should have first chance at the facilities available. I just mentioned varsity basketball in that article and didn't say anything about the reserve and frosh teams—goodness knows when and where they find time to practice.

By the way I received many letters from our boys in the service commending the article—one of the first being from Bud Young, our school mayor and basketball star of last year.

Some may think I am all for athletics—again, I say if we are going to compete against other schools we should field the best teams possible—even if we had merely an intramural athletic program I would feel it should be the best program possible.

As far as extra-curricular activities are concerned I would like to see more students participating in them—plays, debates, band, chorus, etc.—not just for the better ones, but the poorer ones as well—they need it just as much, or more, than the few select ones.

The past article was written with reference to what had been experienced the past few years, and not this particular year, since it was written before the basketball season began.

Enough said on the subject—the new gymnasium will provide abundant opportunity for all.

Another football season has come and gone. I believe Coaches Ketterer and Sandmann ought to be congratulated on the job they performed with the material they had available at the beginning of the season. Last year we lost many of the first stringers by graduation and they came up with a scrapping team that provided a lot of thrills for Plymouth sports loving fans. All the games but one were close, hard-fought contests.

Another basketball season is about to begin. All the last year's regulars graduated, but I'll wager that Coach John Sandmann will come up with another team that will contest every game on the schedule.

### Frosh to Play 10 Basketball Games

Plymouth will again field a Frosh basketball team this year. Coach John McFall will handle these boys again.

A regular schedule will be played and all games will take place in the afternoon after school.

The schedule as announced by Athletic Director John Sandmann is as follows:

Dec. 3	Allen Park	Home
Dec. 14	Garden City	Away
Jan. 11	Bentley	Home
Jan. 18	Wayne	Away
Jan. 25	Redford U.	Home
Feb. 1	Allen Park	Away
Feb. 8	Garden City	Home
Feb. 15	Bentley	Away
Feb. 22	Wayne	Home
Feb. 29	Redford U.	Away

### Recreation Boys Enroll for BB

With the basketball season just around the corner the boys in the grades and high school will be signing up for recreation basketball. The Leagues this year will consist of the 12 and under, 14, 16, and 18 and under. Any boy interested in playing basketball on any group team see Mr. Woolweaver before the week of December 10. Play will start that week. The 12 and under will play on Saturday morning at the high school. The 14, 16, and 18 will play twice weekly at the WCTS.

Last year's winners were Ken and Orks in the F league. The Plymouth Elks won the E league and also won the Tri-City title. The Red Birds from the WCTS won the D league.

Social items can be phoned to 1600.

### Fall Athletes Receive Awards

There will be a regular business meeting at 7:30 p.m. and all members, their friends, and the public are cordially invited to attend.

The meeting will close with a social hour; refreshments will be served.

**No Clue in Rambo Peanut Mystery**

If you are one of the many people who have been expecting to receive a nice big bag of freshly roasted Michigan peanuts grown in the Frank Rambo gardens out on Ann Arbor trail, you had better forget all about the peanuts.

No, it is not because Mr. Rambo didn't grow the peanuts. He did. The crop was an especially good one, some of the vines producing nearly a quart of peanuts.

But what happened to his big peanut crop is not only a sad story but a mysterious one.

It was just before the first big frost landed on top of the pumpkins when Mr. Rambo decided that the time had come to dig his crop of peanuts. Bright and early one morning, with his potato fork, he went out to the garden and dug up the peanuts.

"Aint they beautiful!" he said to Mrs. Rambo as he shook fertile Michigan soil off a big bunch of peanuts.

Then he carefully stored them in his garage to thoroughly "cure" before roasting them for the many Christmas stockings he was going to fill.

The other day after he had slipped and skidded on the icy payments back to his home after spending a busy day at his automobile license plate office, he decided that the time had arrived to get the peanuts ready for Christmas, so out to the garage he went.

All he could find were the peanut vines. There wasn't a peanut in sight or to be found anywhere.

"Where's 'em peanuts?" he asked Mrs. Rambo after he had hurried back into the house.

"Right where you left them" said Mrs. Rambo.

"But there 'aint a peanut there!" said Frank.

Then the search began. Whether to blame squirrels, bluejays, polecats or "ye editor" Frank doesn't know. He thinks, maybe, it was the bluejays, because they have been hopping in and out of the garage for some weeks past. At any rate something got all of Mr. Rambo's peanuts except a mere handful—and those he has locked up in the safe at his office.

Not at all discouraged over his misfortune in losing his first crop of peanuts, Mr. Rambo says he is going to put in a bigger crop next year.

*Thanksgiving*  
Every Day  
Thanksgiving Day is officially observed only once a year, but we have a feeling that every day of the year should be a thanksgiving day here in the U.S.A. No one should pass up a single opportunity to give thanks that we, as a nation, and as individuals, have truly been overwhelmed with blessings.

**Five Students To Describe Murals**

Miss Gertrude Fiegel, American history teacher, selected five students to write articles about the murals in the local hotel's beautiful Mayflower Room at the request of Manager Ralph Lorenz. "The murals to be described are of great historical interest," states Mr. Lorenz. These murals or reproductions were brought to Plymouth from Plymouth, Massachusetts by Mr. Lorenz. These five students will look up the historical background of these murals and describe them in detail and later descriptions will be recorded to be placed at intervals in the Mayflower Hotel in the near future.

The five students who were selected to describe these murals are: Jackie Langmaid, Pearl Kemnitz, Terry Carney, Julie Simmons, and Shirley Travis. The murals they are to describe are: The Signing of the Mayflower Compact, "Departure" leaving the Old World, The Return of the Empty Mayflower, The Landingmen, The First New England Sabbath—Clarks Island, The Landing—Women, The First Street in Plymouth, Massachusetts, The First Thanksgiving, The Old Fort, and Governor Bradford's Original Home.

The five students and their teacher journeyed to the hotel a week ago Wednesday, November 14 to examine the murals and were treated to a complimentary dinner in the new room.

**J-Hop Tickets Now Available**

Tickets for this year's J-Hop, "On the Riviera", are now on sale at the high school. Persons desirous of attending may obtain tickets there or buy them at the door, the night of the dance.

Invitations were obtained for couples who do not attend Plymouth High and wished to come to the J-Hop. If one member of the couple is a student, however, the other may get in without special permission.

The J-Hop will take place Saturday, December 1, and will last from 8 o'clock until 12 o'clock midnight.

**C. M. Bentley Visits College Freshmen**

Principal Carvel M. Bentley visited the University of Michigan college freshmen November 6, in Ann Arbor where he interviewed nine of the freshmen students who graduated from Plymouth High School last fall.

On November 13, Miss Ruth Butts accompanied Mr. Bentley to Michigan State College, where they visited some more freshmen from Plymouth High School. Both trips were to discover if the college freshmen felt they had been adequately prepared at Plymouth High to go to a large college or university and also to discover whether they thought their housing was adequate and if they were taking advantage of counseling services.

They found that everyone felt they had received a very good preparation in high school for college work as compared with some friends they had made. Mr. Bentley said generally speaking all were doing commendable work of which they and their parents can be proud.

However they recommended that students anticipating college should take more speech; learn to listen to lecture type of instruction and take notes; pay more attention to quality of their theme work in English classes and that more boys going to college should take all of the mathematics offered through advanced algebra and trigonometry.

Mr. Bentley concluded that it was gratifying to know the group was doing so well. Apparently the needs of the college prep students are being very well taken care of, but schools must not lose sight of the fact that the over all program in high school must be geared to the needs of all the youngsters, not just the 30 percent who go on to college.

**Hesco Club to Sell Schedule Pencils**

Hesco Club members will soon be selling pencils with the PHS basketball schedule printed on them. Carol Oldenburg, club president, ordered them soon after the November 13 meeting. Students and others desiring them. Carol Oldenburg, club president, ordered them soon after the November 13 meeting. Students and others desiring them will be able to purchase these pencils from any club member.

A bulletin board for the club has been made in room 21 and following are the articles on it: the Hesco roll call, the qualifications of the club, a newsletter, and an article about both boys and girls being members of the Hesco Club which appeared in the Forecast magazine.

As a service project the club will make stockings and Y-Teens will fill them with candy, nuts, and other goodies to give to unfortunate children at Christmas time.

All members are busy working on some activity.

**PHS Groups to Present Unusual Musical Show**

With the combining of vocal groups, the PHS band, and a special lighting effect, a television type of show will be presented on December 5, with over 100 people participating.

New, novel, and interesting music has been specially arranged for listening pleasure. The "Syncopated Clock" by Leroy Anderson promises to be one of the highlights of the evening. For the lovers of semi-classic a melodious melody of the more beautiful numbers by Victor Herbert will be presented.

**Y-Teen Chapter Plans Project to Earn Money**

Plans for money making projects were at the top of the agenda for the Y-Teens blue chapter meeting held Thursday, November 8, in room 28.

Since previous plans could not be carried out the girls decided to have each person bring five of their favorite recipes to be included in a booklet. The book will have a cover with felt decorations and will be sold in some of the independent stores.

The girls also made plans to call a special meeting for the following Thursday, November 15, to work on the booklets. They also decided to get Y-Teen pins.

**Principal For a Day—Dave Travis**

Dave Travis gave up his position as Student Council Treasurer to replace Carvel M. Bentley as principal Monday, November 12, on Student Teachers Day.

Dave stated, "I realized my position as student principal and felt that in each room I visited every student felt the same responsibility." The average amount of problems appeared in the office for Dave to cope with such as tardiness and disobedience.

Others holding positions on Monday were Betty Salmon, superintendent, Carolyn Smith, superintendent Salmon's secretary, Bob Keeney, business manager, Brenda Covell and James Brinks replaced Miss Butts and Mr. Gustave Gorguza while Beverly Ross replaced Arthur A. Alfred, junior high principal.

**600 Visit Schools**

Approximately 600 parents visited Plymouth Junior and Senior High Schools when the students and faculty invited the parents to an Open House on Wednesday evening, November 14.

Many exhibits were shown in various classrooms to interested parents. Cider and doughnuts were served by members of the home economics classes.

This Open House was for the purpose of getting the parents better acquainted with the teachers and the general school program.

**School Pictures Arrive**

The school pictures which were taken in the early part of October by the All State Photo Company have arrived and are expected to be distributed to the students sometime this week. These pictures are for the annual and identification purposes in the office records. Work on the annual is progressing nicely according to a comment made by the editor-in-chief Beth Douglas.

# Roger Babson Says---

## Babson Discusses New Natural Resources

Babson Park, Mass., Nov. 23. Wise investors like "growth stocks." They are constantly watching for new opportunities and the big rewards which will come to those who are patient.

**Free Heat and Free Power**  
Growth stocks are usually based on natural resources. The buying of growth stocks today requires the same courage and patience as our ancestors needed when they went West and homesteaded land 100 years ago. Wealthy families of the Central West today are descendants of these pioneers who were then inspired to make the necessary sacrifices. Later they found coal, oil, sulphur, gypsum, or other valuable products.

The physical natural resources remain untapped for those who have the same courage, patience and self-control of their ancestors. Undiscovered riches today, therefore, will follow the awakening of the souls of youth to create and make new discoveries. These will enable people to live much longer, learn much faster, rearrange the atoms, to

make new products and enjoy free power and free heat from gravity and the sun.

**Different Natural Resources**  
These new developments must come through spiritually inspired brains. Hence, instead of homesteading land, we today should "homestead" brains! This means to invest more labor and give more time to the minds of our children. They are neglected today.

We think that television machines, airplanes and electrical appliances are wonderful; but these are mere peanuts compared with the intricate and marvelous machinery of the human brain. Yet, the Asiatics and Africans, whom I have hired for ten cents a day, have these human brains. To spiritually awaken these billions of brains is the next great "frontier." I wish I were younger to have a part in it.

**Brains as Investments**  
This most wonderful machine is in your own children's heads. Your boy can develop his brain to become an Edison, a Firestone or a Ford; but the first step towards success is to inspire him to think, work, love and save. These men were inspired by their parents; they never went to college. Keep in mind that the masses are using their brains only a small fraction of 1 percent while your children are using theirs only about 5 percent.

Most jobs— including white-collar positions— require very little brain work. Clerks, salesmen and so-called executives are really in the "manual labor" group, depending upon habit, memory, speed or friendship for earning their pay checks. They perform little or no creative work. Yes, the brains of our children are great undeveloped resources and offer you unlimited possibilities. These brains are worth to parents far more than any pensions which parents may ever receive.

**What Parents Can Do**  
Schools are doing their best to help your children. Furthermore, they do not expect you to teach them reading, writing, arithmetic or any of the higher subjects. Schools, however, depend upon parents to set their children an example in good habits, good reading and thrift. As a child's religion is determined before he is 12 years old, so is his success or failure. In almost every case a boy's future is determined by the training which the boy receives at home during his early teens. If he has been inspired to think, to work, to save and to pray, he becomes a successful man— college or no college. Systematic reading and creative thinking will then be his education.

Therefore, great undeveloped frontiers are now available; but they are spiritual frontiers. To conquer them requires the same courage, determination and sacrifice that our ancestors had when conquering the West. Instead of forsaking comfortable homes, cutting away forests and living in log cabins, our children, perhaps, must win their independence by forsaking amusing radios, television and useless reading, by refusing to "keep up with Lizzy," and by cultivating their minds as their ancestral pioneers cultivated the land. Inspired brains are the "gold mines" of the future.

If you have a social item or any other local news, phone 1600.

# This is Time to Remember Birds

"Thanksgiving day is a good time to remember the hardy songbirds that remain in Michigan with us," says Charles Shick, extension specialist in game management for Michigan State College.

He points out that although winter feeding of wildlife is not badly needed under the state's winter conditions, it can be lots of fun for persons who act as host to our feathered friends. There is no better way to learn to appreciate and enjoy birds than by watching them at feeding stations close to the window.

And the wild birds that are attracted to the feeding stations add to the natural surroundings of the home, Shick points out. "They add color and life to the landscape at a time when many of our birds are spending their winter in southern climates."

Cracked corn, suet, bread crumbs, weed seeds and small grains of all kinds can be used to attract such birds as nuthatches, blue jays, brown creepers, chickadees, juncos and grosbeaks to your yard. Grit should be made available since birds require it for digesting food.

"Remember that if you establish a feeding station, it must be attended daily since the birds will depend upon your feeder for their food supply. Song bird feeders can be simply a wooden tray-type affair fastened to a window sill or mounted on a 5-foot post," Shick advises.

The Plymouth Branch of the Nival Farm and Garden Association have maintained a feeding station in the park in front of the High School for the past few years.

In St. Paul, Minn., Richard Starkweather, 19, managed to avoid injury when he fainted at the wheel of his car and came to a stop against a curb, fell out on to the pavement when a rescuer opened the door, and had to be rushed to a hospital for treatment of a head injury.

# 40 PHS Students Go Deer Hunting

"A hunting we will go", seems to be on the minds of approximately 40 students, 18 from the 11 and 12 grades, and 22 from the nine and 10 grades of Plymouth High school, as the 1951 deer season goes into full swing. That is the number of students who will be going deer hunting this year.

To get a permit to go hunting, a student must bring a note from his parents to school, giving their permission to go hunting and the dates he will be absent. If the note is OKed by all of his teachers in the high school, it means the students school work is completed and up to date, and that his marks are in fairly good shape. After his request has been OKed, the student must take it home, have it signed by his parents, and bring it back to school, accompanied with extra sheet of instructions supplied by the office. The student may then go hunting. Most hunting trips last from two to eight days.

If the letter containing a protest of non-payment be put into the post-office, any miscarriage does not affect the party giving notice.
