

Santa to Have Presents For Local Kiddies Saturday

Will be in Kellogg Park to Distribute Gifts at 2:30

In a letter to the Junior Chamber of Commerce from the North Pole, Santa Claus is eagerly awaiting his visit to the kiddies of Plymouth this coming Saturday at Kellogg Park where he will pass out thousands of bags of goodies to the children of this community.

Santa will arrive around two o'clock and will make a tour of the residential section of Plymouth in a car provided by members of the Junior Chamber of Commerce, who sponsor this annual event.

In the past this has been a big occasion for all his little friends in Plymouth, but in his letter he states that this will be the biggest year of all as he has been working hard all year getting ready for this Christmas. Over 6000 pounds of nuts, candy, peanuts, suckers, fruit and other goodies will be packed into 3 pound bags and each of his little friends in Plymouth who visit him at the downtown park from 2:30 p.m. to 6 p.m. Saturday will receive one.

The jolly old fellow will listen to all the requests of his little visitors in the vicinity of Plymouth and will then return to the North Pole to await Christmas eve when he can dash from housetop to housetop distributing his packages of joy to all the good little boys and girls everywhere.

The Junior Chamber of Commerce through its president, Jay Rucker, would like to thank the many merchants and businessmen of Plymouth and vicinity who participated and contributed in this wonderful event.

Thanks a million to the following merchants and businessmen of this area:

Ground Broken for New Addition to Dunning Store

Ground has been broken for the completion of the unfinished portion of Mrs. Bessie Dunning's store on Forest avenue. The new building will be a twin to the one now occupied by the Dunning store. Plans originally called for this building to be included with the present one, which was opened last March, but the lease on the ground didn't expire until last November.

Andrew G. Smith of Wayne is the contractor.

The new store will be 25 feet by 125 feet and one story high in front with two stories in the rear. Part of the new addition will be used by Dunning's and a portion of it will be rented.

Most of the material is on hand now and work already has started on the groundwork.

The store will continue to handle ladies' and children's apparel and yard goods in the present store, and will expand into drapery material in the new store.

The Dunnings hope to better serve the needs of their many customers with the addition of this new store.

Ann Arbor Band to Play For Dance

Plymouth Symphony hall committee announces that Ken Norman orchestra has been obtained to play for the dance, December 28. The orchestra plays for many of the University of Michigan parties.

"This orchestra should be a great improvement over any which we have had in the past," stated Mrs. Harry C. Balfour, general chairman.

Tickets for the dance are available at Cassidy's or from any of the following women: Mrs. James Latture, Mrs. Russell Roe, Mrs. Jack Taylor, Mrs. Austin Stecker, Miss Edna Allen, Mrs. William Bake, Jr., Mrs. Wayne Smith, Mrs. Donald Swope, and Mrs. Max Todd.

The decorations committee, under the leadership of Mrs. R. L. Jacobus, is keeping the theme of the decorations a secret until the evening of the dance.

Petitions Due for Improvements to City Streets

City officials announce that anyone desiring street improvements such as curb and gutter, sidewalks, sewer, etc., must have their petitions for such filed with Ed Potthoff, the city clerk, by Friday, January 4, for consideration by the city commission at their first meeting in 1952 on Monday, January 7.

Section 14.2 of the new city charter states: "Petitions for the making of public improvements within the city shall be received by the Clerk and may be considered by the Commission at any time. All such petitions received by the Clerk during any calendar year in which the improvements petitioned for have not already been made shall be considered or reconsidered by the Commission during the month of January following the close of such calendar year."

In case of necessity the city commission may act earlier, but most petitions are held until the first of the year as it is more economical for the city to let all on one contract than to let several smaller ones throughout the year.

For better assurance of a petition being acted upon favorably it is best to have two-thirds of all property owners signatures before filing the petition. However, if the city deems it necessary to put a sewer or any other improvement in it can be done regardless of the necessary signatures.

Anyone desiring information or petitions may secure them from Mr. Potthoff at the city hall.

Fire Department Makes Run to W. Lent Home

The fire department made a run last Monday to the home of Wendell Lent on 594 Edison. A motor in the blower on the furnace burnt out.

No damage was done.

"I WISH I WAS BACK in Plymouth," says Fred Van Devender as he scans last week's copy of The Plymouth Mail, on a quick visit with Mrs. Van Devender to The Mail office, while in Detroit for a short holiday from his television program, "Twenty Questions." A former Mail reporter, during the war years, "Van" couldn't get over the tremendous growth of this area and all of the changes that had taken place in his old stamping grounds. In addition to his television and radio show he now conducts a printing business in Princeton, N. J., as well as having a Sunday newscast on a national radio hook up.

Mrs. Bronson's Condition Grave

Mrs. Thelma Bronson, of 43894 Ford road, is still in a grave condition at Beyer Memorial hospital, Ypsilanti. Mrs. Bronson was taken to the hospital by her husband, Eugene, after she was shot through the left breast during a struggle over a .22 caliber revolver, which he was holding.

Hospital attendants say that Bronson drove the mother and her eight-months old baby to the hospital, left them in the admitting room, and drove off. Police were notified and an alarm was issued. Bronson returned home, shot up the inside of the house with a shotgun and left again in his car.

The car was spotted at Ford and Ridge roads by state troopers. Bronson turned and sped back in the direction of the hospital at speeds up to 90 miles an hour. He was forced to the curb as he reached the hospital in Ypsilanti and was placed in the Washtenaw County jail where he is being held for investigation of felonious assault. As soon as it is determined whether or not Mrs. Bronson will live, the charge will be more definite.

Bronson is quoted as saying, "I guess I was pretty drunk when I came home, and Thelma tried to grab the gun I had. It went off. Then, when she showed me the bullet had hit her, I took her and the baby to the hospital."

Doctors removed the bullet from Mrs. Bronson's liver.

Citizens Urged to Report Vandalism

The City of Plymouth is greatly concerned about the vandalism that has taken place on city property during the past few weeks.

Police report vandals have been defacing the washrooms of the public comfort station by throwing wet paper towels on the walls, writing with lipstick on the mirrors and walls, tearing fixtures out and stealing them. Lights have been knocked out and a great deal of other damage has been done which the ordinary citizen just wouldn't think of doing.

Some boys and girls on the way to and from school throw apple cores, candy wrappers, and various other articles of rubbish on the sidewalk or lawns of property owners.

City officials say that we should take pride in living in a city such as Plymouth and try to keep it looking as nice as possible. Such acts of vandalism are only degrading in the eyes of honest, upright citizens.

They also request that any citizen seeing any act of vandalism should report it at once, and should not hesitate in signing a complaint against the perpetrators of such acts if they know who the guilty parties are. Only in that way can we eliminate these acts of vandalism.

Goodfellows to Sell Papers This Saturday

TV Stars Here For Short Visit

Former friends of Mr. and Mrs. Fred Van Devanter were pleasantly surprised last Friday when the popular television stars paid a hurried visit to their former home. Known to millions of people throughout the country as Fred VanDevanter and Florence Rinard of the "Twenty Questions" show out of New York the couple formerly lived in Rosedale Gardens while "Van" was a newscaster at night and a Plymouth Mail reporter during the day.

Now living in Princeton, N. J. "Van" not only continues his popular television and radio show but has a Sunday afternoon newscast and conducts a printing business in his home town as well. The original "Twenty Questions" program was an idea of their 10 year old daughter, Nancy born shortly after they moved to New York city where Mr. VanDevanter had taken a job as a radio newscaster on a New York station.

When the show was first presented it featured the four members of the family, Fred, Florence, daughter Nancy and son Bobby, but both children are now in college so outsiders have been called in to fill their regular spots.

The Van Devanters say they enjoy their television work very much but both say they would again like to be living right back in this area. However, neither could believe their eyes when they drove out Plymouth road to see the great development that had taken place from Telegraph road west. They were surprised when they saw Forest avenue and were more than amazed at the number of new homes that had sprung up through out the entire area.

While only in Plymouth for a brief few minutes they asked The Mail to say hello for them to all of their former friends and said they hoped to return next summer for a longer visit in Michigan.

Praises High For Band Concert

The Plymouth High school gymnasium was full and overflowing on the night of December 5, when the Plymouth High School Band presented its first concert of the season, "From London to Rio."

Mr. Lawrence Livingston did a commendable job considering he has worked with the members of the band only a few months. He also arranged A College Medley, the first number on the program which contains songs from various colleges throughout the United States.

Most of the music on the program is new. Some outstanding numbers are: Dark Eyes, a Gypsy Folk Song, by Philip Lang, The Syncopated Clock by Leroy Anderson, The Whistling Bobby, a Descriptive Novelty by Alman & Lang, Orpheus Overture by Offenbach & Lake, and A So-Long Song, a Nightcap by John Morrissey.

Reserving Saturday for the sale of newspapers, Plymouth Goodfellows, loaded with familiar Goodfellow editions, will take their posts Saturday on street corners throughout the city.

Armed with a large supply of special editions of The Plymouth Mail the old newsboys have hopes of selling all their papers by Saturday evening.

"Our goal this year is \$1600," said John Leitz, Goodfellow president. "We urge everyone in the city of Plymouth to buy a newspaper so that the old newsboys can help some destitute families have a pleasant Christmas."

According to Mr. Leitz there are already a number of deserving residents on the Goodfellow list and local people are urged to report any family that needs aid at the holiday time so that careful investigation may be made before Christmas deliveries start.

In addition to the baskets that contain complete Christmas dinners the Goodfellows also distribute clothing, toys, and other necessary articles to bring warmth and comfort to Plymouth's needy.

The Goodfellow breakfast at the Starkweather school will open the day, after which a parade down Main street to points of paper sales will be made.

"Canton Township Goodfellows will have their annual Goodfellow paper sale, Saturday, December 15," said president George Alimphich. If any person knows of any needy family, contact Mr. Alimphich at Plymouth 353.

Crib Opening Ceremonies to be Held December 16

Opening ceremonies of the Outdoor Crib at Madonna College will take place Sunday, December 16 at 7:30 p.m. The Bethlehem stable scene, as in the previous years, faces Schoolcraft road along the main driveway to the college.

Ceremonies will consist of illuminating the crib for the first time this season. Mother Mary Januaria, Provincial Superior of the Sisters, will perform this ceremony in the presence of Madonna College students, faculty, Sisters from the convent and inter-

JC's Plan Big Dinner-Dance Sat.

Approximately 120 persons are expected to attend the semi-formal dinner-dance sponsored by the Junior Chamber of Commerce Saturday evening in the Mayflower room of the Mayflower hotel. The dinner will be held promptly at eight o'clock and dancing will follow until 1 a.m.

Ted Koliba and his orchestra from Detroit will provide the music for the dancers.

Ray Wyses and Emil Koluck, co-chairmen in charge of the arrangements, say a grand time is assured anyone who attends this gala affair.

Tickets may be secured from Ray Wyses at the Better Home and Appliance Store on Forest avenue.

For Men Only!

A friendly, understanding hand is being extended the men of the Plymouth trading area by seven local women's shops next Monday evening.

In the face of the Christmas shopping rush, these seven shops decided that it would be inhuman to invite a mere male, unexperienced in the ways of women shoppers, into their very dens of activity.

For this reason Monday, December 17 from 6:00 p.m. until 9:00 p.m. will be FOR MEN ONLY at: Norma Cassidy's, Dunning's, Graham's, Linda Lee's, Minerva's, Plymouth House and Taylor & Blyton's.

So, here's your chance, gentlemen! Throw away your fears of entering a women's shop. Monday evening you can shop in a mild, moderate and mannered MALE atmosphere. The shops participating offer you the opportunity to select gifts for women and children alike. If it's a black negligee you want, or perhaps a peek-a-boo blouse, ask for it in a confident manner—there'll be no glances from amused women because it's FOR MEN ONLY!

SHOPPING IN PLYMOUTH.

It has been nothing less than amazing to note the number of new Christmas shoppers in Plymouth—and to note, also, the satisfied look of older Plymouth residents who are finding it possible to do ALL of their Christmas shopping in Plymouth this year.

Plymouth women are frank to say what a pleasure it is to walk into Plymouth stores this holiday season and to be able to find everything that they need for their Christmas shopping lists.

Old stores, new stores—in fact EVERY store in Plymouth, reports most satisfying conditions. And they report, too, that Christmas shoppers this year seem well satisfied with the result of their Christmas buying.

No longer is it necessary for women to go to Detroit to shop. No longer do they have to crowd and push their way around in over-packed Detroit stores, or suffer the indignation of being "shoved around" by some of the members of the old "shove-em" clubs that flourished in Detroit for quite some time.

In Plymouth stores, they are finding friendly clerks, clerks who are now really smiling and acting as though it was a real pleasure to wait on customers. There is none of that "wait a minute" bunk while the clerk runs off and waits on some friend. In Plymouth you get immediate, courteous and excellent clerical service.

Plymouth merchants are to be commended for the high type Christmas season they are making possible for residents of this area. They are offering good merchandise and good service.

GOOD AMERICAN PUBLIC OFFICIALS.

Our hats are off to those congressmen and senators from the "deep south" who have placed the welfare and security of their country above that of partyism.

Much of the crime and corruption in the Truman administration is being unearthed by these southern statesmen, who believe that the people of this country should know what is really going on in Washington.

As an example of this public service by these patriotic southern citizens, it was Democratic Congressman Wheeler of Georgia who recently revealed to the house of representatives that charges he had made of "gross waste" of tax dollars and the cheapest type of feather-bedding cheating at the Savannah River Hydrogen bomb plant in South Carolina, had been fully substantiated by an investigation conducted by the Comptroller General.

Wheeler read a report on a preliminary investigation by Comptroller General Lindsay C. Warren which reported that:

1. Five men were changing a spotlight on a pick-up truck—no explanation by the contractor.
2. Twenty-three men in a 10x10 space—"obviously too many in such a space to be efficient"—no explanation by the contractor.
3. Seven men to cut a 6x10 piece of timber, with only four actually engaged on the job. Contractor's explanation—safety rules and union requirements.
4. Many persons sitting around, apparently "supervising." Explanation—union rules and company policy requiring one supervisor for each 12 workers. A check of the payroll revealed one supervisor for every 10 workers.

Wheeler, who recently visited the project dressed as a worker, told the House he saw 14 men with three foremen and two "traffic directors" digging a 3x6x4 foot hole. He said the "traffic directors" were needed to keep cars from running over the men who were "spilling over onto the pavement."

Wheeler has charged that workers at the project are forced "to pay tribute to certain labor union racketeers."

Will Remodel Church

A complete renovation and remodeling of the interior of The Methodist Church was approved by the Official Board of the Church as its regular meeting last Monday evening. Authorization was given to re-

decorate the entire interior of the Church auditorium, recarpeting of the same and the rebuilding of chancel which will be redesigned as a divided chancel with all new appointments.

Work will be started sometime after the first of the New Year according to Rev. M. Johnson.

THEN AND NOW . . . America's "sweetheart" in early movies, Mary Pickford, will end her 19-year retirement to make a comeback in a film entitled "The Library."

Chorus to Present 'Messiah' Sunday

Annual presentation of the "Messiah" will be Sunday, December 17, at 4:00 p.m. in the high school auditorium. This year there will be only one performance given.

Over 50 choristers will take part in this year's presentation of Handel's oratorio. Mr. Fred Nelson will direct the concert. This is the third year Mr. Nelson has directed the Plymouth civic chorus and symphony orchestra in the "Messiah".

Soloists will be Nester Sibbold, bass; Florence Ellison, contralto; Grace Hampton, soprano; and Earl Reh, tenor. This is the fifth consecutive year that Mr. Reh has appeared as soloist in the "Messiah" in Plymouth. Mrs. Ellison appeared in last year's presentation of the "Messiah".

Following the concert there will be a tea for Symphony Society members and their friends in the Hough Memorial center.

GUN WEDDING . . . R. J. Jordan of the RAF and his bride, the former Gladys MacDonald, also of the RAF, leave Saints' church in Ismailia, Egypt, after their wedding. A heavily armed guard attended their wedding because of the anti-British sentiment in Egypt.

A common error at this time of year is to put too little alcohol in the radiator, and too much in the feed-lots this winter. Extra yard lights and good chore efficiency around the feed-lots will improve your driver.

Express Agency Receives Trophy

A new sign of Plymouth's growth can be seen in the gold trophy awarded recently to the Railway Express Agency here in Plymouth. The trophy was awarded for the highest production quota during the month of October in this area.

Mr. Leonard Millross, local agent, is taking pride in showing his many friends the trophy which is the envy of all the other offices in this district extending over to Jackson, Battle Creek and Lansing.

The fact that a receipt is given the shipper when a package is picked up, and that a signature is required of the person accepting the shipment when delivery is made prompts more and more business men to use this form of transportation.

Fast air express, too, is speeding dies, taps, tools of all kinds, overnight to war plants all over the country.

Provides Toys to Needy Kiddies as Christmas Hobby

All that Leo. F. Flowers of 9905 Ball street needs to put a bright smile on a youngster's face Christmas morning is a piece of scrap wood, a can of paint and a few tools.

With these he can fashion toys that have been capturing the hearts of needy small fry for the last 17 years.

The 47-year-old Burroughs adding machine repairman knows as well as St. Nick himself that "Christmas just isn't Christmas to children without toys."

So with the morning of Dec. 25 fast approaching, he is working far into the night in his basement workshop in Plymouth, to make sure he reaches his yearly quota of 100 toys.

Much of the decorative painting is done by his wife, Sue, who says she retreats to the basement whenever she "gets bored with housework."

Flowers, who moved from Detroit to Plymouth last January to be near his job at the Burrough plant there, has completed 75 toys so far this year.

"We're a little behind schedule because it took so much time to get settled in our new home and set up my workshop," he explained.

Right now his basement is littered with toys in various stages of completion. The most popular are his wobbly ducks, kicking mules, doll cradles, peg and bowling games and wooden animals on wheels.

One of his bigger jobs is the rebuilding of broken and scarred toys that have been discarded.

Each year he gives the toys to charitable organizations that distribute them to children who otherwise might be overlooked.

In 1934 Flowers started his toy making. That year he made them for his son, Derwin, who is now 22 and doing post-graduate work in chemical engineering at the University of Wisconsin.

"When I saw how happy my son was with the toys, it made me think how heartbroken the children must be who didn't have any," he said.

A wise husband never forgets his wife's birthday—he merely forgets which one it is.—The Eager Beaver, Beaver, Penn.

WHAT EVERY WOMAN KNOWS

Kiwanis See Film 'God of The Atom'

Last week the Kiwanians enjoyed another top-notch program at their regular Tuesday night meeting in the Mayflower hotel. Program chairman Wilbert Thompson presented his brother David, who showed the picture "God of The Atom" a release from the Moody Bible Institute in Chicago. The film shown through microscopic photography that all matter is made up of electrons that are moving at a terrific pace.

The members of the Kiwanis are busy making preparations for their annual Christmas party. The exchange of gifts will take place next Tuesday night, and then all the gifts will be turned over to the Under-Privileged Child committee, and Boys and Girls committee for distribution at Christmas time to the needy young folks.

New School Gym Nears Completion

The new high school gymnasium and natatorium is slowly progressing toward completion. It is hoped that a few basketball games will be played on the new floor before the season ends.

The gymnasium sub-floor is ready to be laid, and the acoustic tile men have moved in and are working on the ceiling. The ceramics tile work in the girls' shower room has been completed. Steam lines to heat the building will be cut from the new boiler Saturday.

The concrete floor has been laid in the band room, the ceiling is complete and the room is ready for the installation of lockers and tile floor, and is awaiting the painters.

The gym proper will be a huge room of 102 ft. by 104 ft. with a sliding door lengthwise of the room which will provide two gyms of 50 ft. by 104 ft.—one for boys' gym classes and one for the girls. Each of these will be larger than our present gym. The basketball court will be 50 ft. by 34 ft., and will contain an electric scoreboard, loud speakers, and the present inter-communications system, which was installed last year, will be extended to the new building.

Locker rooms for both boys and girls, team rooms, offices and showers will be provided in the new building.

Roll-away bleachers will provide 2000 permanent seats in the new gym—there will be 1000 on each side of the floor.

The swimming pool will be 35 ft. by 75 ft. and the depth will vary from 3 ft. 6 in. in the shallow end to 10 ft. in the deep end. Two diving boards will be placed on the deep end. Concrete bleachers will provide seats for 200 spectators.

The natatorium will also have loud speakers, and radiant heating in the walls will provide a constant warm room.

The whole project is scheduled for completion in the early spring.

PROCLAMATION

"WHEREAS, tuberculosis, a communicable disease, is a threat to the health, lives, and happiness of the people of Plymouth, and,

WHEREAS, the Tuberculosis and Health Society of Wayne County is doing invaluable work in bringing tuberculosis under control in Plymouth, and,

WHEREAS, the support of the Society is derived from the sale of double-barred cross Christmas Seals,

THEREFORE, I, Mayor of Plymouth, urge all residents of Plymouth to express their wholehearted support of the tuberculosis control work of the Society by the generous purchase of Christmas Seals during the 1951 Christmas Seal Sale and by the use of Christmas Seals throughout the holidays."

Chief Warns of Xmas Tree Fires

Plymouth Fire Chief Robert McAllister says that residents of the city who plan on using house decorations or having lighted Christmas trees in their home should be extremely careful about fire hazards.

Chief McAllister further states that your Christmas tree is a fire hazard because it contains extremely combustible materials. Tests have proved that Christmas trees are easily ignited and burn swiftly.

To avoid fires in the home during the Christmas season, a time when fires increase all over the U. S. the Fire Chief suggests the following rules "to keep your Christmas Merry."

1. Choose a small tree. It will be less hazardous.
2. Wait until a few days before Christmas to set up your tree.
3. Keep the tree outdoors until ready to set it up.
4. Place the tree in the coolest part of the house.
5. Place the base of the tree in a container of water.
6. If a radiator is near the tree, shut it off.
7. Do not use cotton or paper decorations unless they are flameproofed.
8. Do not place electric toys, such as trains, around the tree.
9. Do not use candles. Use electric lights instead.
10. Make certain wires are not frayed. Choose lighting sets bearing marking which indicates listing by Underwriters Laboratories, Inc.
11. Do not plug or unplug the lights beneath the tree.
12. Do not leave tree lights burning when no one is in the house.
13. If needles near the lights turn brown, change the location of the lights.
14. When the needles start falling, take the tree down and discard it.

Chief McAllister says adults should insist that all toys they buy or give to children be safe—incapable of causing fire, shock, or explosion.

Your best assurance of getting a safe electrical toy is to look for the U. L. label or tag on the toy.

The U. L. label is especially important on toys producing heat. An approved toy will not shock the user or start a fire.

Adults should take care also in purchasing chemical sets for children. Toys requiring alcohol, kerosene, gasoline or carbine lamps may be hazardous in juvenile hands.

Parents should supervise any play with electrical toys or toys involving fuels and chemicals.

If all the residents of Plymouth observe the above rules and suggestions there will be no need of fire worries this Christmas season.

The Junior group of the Plymouth Corners of the American Revolution will meet tonight, Thursday at 4 o'clock for their Christmas party at St. John's Episcopal church. The Junior group packed all the stockings that were used in the Christmas boxes to the Mountain school children at their last meeting.

Crib Opening Ceremonies to be Held December 16

(Continued from Page 1)

ested visitors from the vicinity.

A special feature at this ceremony will be the performance of the Choral Group from Sacred Heart Parish in Detroit. Under the direction of Mr. Clarence Hightower, the group will render several traditional carols at the Crib, followed by the Madonna Choral.

Following the outdoor ceremony, both choral groups will present a short Christmas Medley program in the DeSales Auditorium.

The outdoor crib consists of a 10-foot high glass enclosed stable with an open East and South view. The lifesize statues of the Virgin with the Infant and of St. Joseph were carved and painted by Madonna art students under the direction of Sister Mary Angeline, art instructor.

The following Monday, December 17, the Madonna Choral group will help spread the Christmas spirit by caroling in various places in Livonia, Plymouth and vicinity. The group will visit the Livonia City Hall, the Plymouth Branch Library, the Plymouth Mail offices, Kresge Store in Plymouth, the Christmas Crib in Kellogg Park. The group will also carol at the Home for the Aged on Warren road and at the House of Correction in Plymouth.

This caroling has become a tradition at Madonna College. It was initiated five years ago and has been continued through the intervening years. The present choral group has been trained by Sister Mary Paulette, music instructor at the college.

Homecraft Sale Nets Over \$400.00

Homecrafter's sale held at the Stop and Shop, grocery store, November 27, through December 1, nets homebound handicapped children and adults \$443.57.

The sale was conducted by members of the Plymouth Rotary Anns, who throughout the year contribute their time and service for the benefits of handicapped people in Wayne Out-County Chapter, Michigan Society for Crippled Children and Adults.

At 9 a.m. November 27, a booth was set up in the Stop and Shop store displaying hand made articles consisting of aprons, rugs, ceramics, stuffed animals, hot pads, booties and novelties.

The merchandise was made by handicapped children and adults who are afflicted with various types of crippling conditions and their disabilities prevent them from attending schools or a daily vocation.

Miss Millah Graves, Occupational Therapist, from the local Easter Seal agency, teaches this handicraft work to our handicaps one of our direct services to cripples. Very often the sale of our adult handicaps' handiwork is their only means of support for themselves or their families.

On December 5, eight volunteers from the Plymouth Rotary Anns, the Mesdames Frank Henderson, E. B. Gardiner, L. P. McGuire, Albert Hubbs, H. R. Penhale, John Zittel, Lewis Goddard, Harold J. Curtis, addressed and stamped 1000 Christmas cards for

the Wayne Out-County Chapter's crippled children.

Plans are being made for a Christmas party for the crippled children in the Wayne County area, gifts to be distributed by the homebound teachers. Funds for the gifts were contributed to the society by the Allen Park Rotarians.

Social items can be phoned to 1600.

An electric motor is probably one of the cheapest "hired hands" on a farm, says Michigan State College agricultural engineers.

A smooth, well groomed look will mark the fashionable styles to be worn by smart women in 1952.

To Give Scroll to Korean Vets

The city commission has adopted a rather nice gift to present to all our local boys upon their return from the battlefront of Korea. It is a simple scroll suitable for framing, but the words will mean much to our returning servicemen for years to come. The complete message telling of the appreciation the city expresses to each individual concerned

is as follows: "The city commission of the city of Plymouth with a deep feeling of gratitude welcomes you home, (name) from the Korean war. We are happy because you are safely home with us after having served your country on foreign soil, and we are proud of you for having fought bravely for the cause of Freedom and Democracy. "In token of appreciation of sacrifices you have made, the representatives of the people of

the City of Plymouth in council assembled, do hereby tender you this welcome of the City and do hereby request that the administrative officials of the City extend to you every courtesy toward making your homecoming a most happy occasion." The above is presented at a regular city commission meeting. The basis of Christmas is love loving its enemies, returning good for evil, love that "suffereth long, and is kind." —Mary Baker Eddy

Local Boy Wins Air Force Award

Word has been received that T Sgt. Richard D. Gray, son of Mr. and Mrs. Thomas Gray of 1027 Dewey street, has been awarded a citation from General Matthew Ridgeway, commander of the Armed forces in Korea, for outstanding service performed for his country. The citation was for being one of the most outstanding crew chiefs of the 5th Air Force.

The plane has flown 10,000 night sorties and has only been hit once. It has flown 313 missions amounting to 3380 flying hours since Sgt. Gray took over the care of the ship.

Sgt. Gray is on his way home on Rotation at the present time. He has been in the Air Force for the past 12 years.

The Grays have two other sons in the service, Thomas A. Gray and James F. Gray. Thomas is in the navy and is serving aboard the carrier USS Fitch.

He has just returned from a 7 month tour of the Mediterranean and Africa, and has now embarked on a short cruise from which he will be back by the end of the month.

Thomas enlisted in the Navy in April 1943.

Sgt. James F. Gray was sworn in as a 2nd Lieutenant in the Infantry last October, 1951, in the United States Army Reserve.

Lt. Gray served in Italy one year during 1946-47 and in Trieste from October 1949 to April 1951. He also served in Detroit on recruiting duty August 1943 to April 1949.

At present he is assigned to Headquarters of Special Troops, United States Army in Alaska.

Lt. Gray is a graduate of Henry Ford Trade School with the class of 1945.

All three of the Gray boys attended Plymouth High school before entering the service.

I see where the Hungarians Communists are closing up a lot of barber shops to keep the barbers from talking. Now there is one of the cruelest laws that anybody ever thought of. A non-talking barber is like a beaver with loose teeth. He's completely handicapped. Half the time it seems he just needs that chin music to set the rhythm for his clippers or razor. From away back before the time when Delilah became the first lady barber, the man with the shears has held an honored position as a purveyor of politics, sports, weather reports and jokes. Those Communists must be out of their heads.

A Univ. of Oklahoma professor has invented a gadget to hook on school chairs to record the wiggling and squirming of students. That's tough on kids with woolies on. If you're having a tough time winding up your Christmas shopping come in to see us. We're still loaded with gifts for everybody. Yep... toiletries, cosmetics, stationery, candy, ceramics, smoker's supplies... anything you want at the right price. You'll find just what you're looking for and you'll pay the right price at PETERSON DRUG, 840 W. Ann Arbor Trail. Phone: 2080.

Holidays Will Increase Worst Traffic Record

Holiday accidents this year will contribute to the worst traffic toll of any year in Michigan history, according to Sergeant Henry P. Kozowicz, of the Detroit post of the Michigan State Police.

"The total number of accidents and the combined total of deaths and injuries are reaching new peaks," Sergeant Kozowicz said. "The toll will be materially increased during the holidays unless drivers and pedestrians alike make greater efforts to practice safety."

"December is supposed to be the happiest month of the year, but instead it is the deadliest. Last December 153 persons died in Michigan traffic accidents, 44 of them during the Christmas weekend."

"It is also feared that during December of this year there will occur somewhere in the nation the one millionth death in American traffic since records were first started. It could happen in Michigan."

"Longer periods of darkness and adverse weather conditions make traffic more hazardous at this time of year. During the holiday season traffic increases and many persons become so absorbed in the Christmas rush they grow careless."

"There is nothing we can do to prevent darkness and bad weather, but we can avoid carelessness if we try. Let's all be especially alert and avoid having that millionth death occur in Michigan. And finally, why spoil Christmas with a needless tragedy."

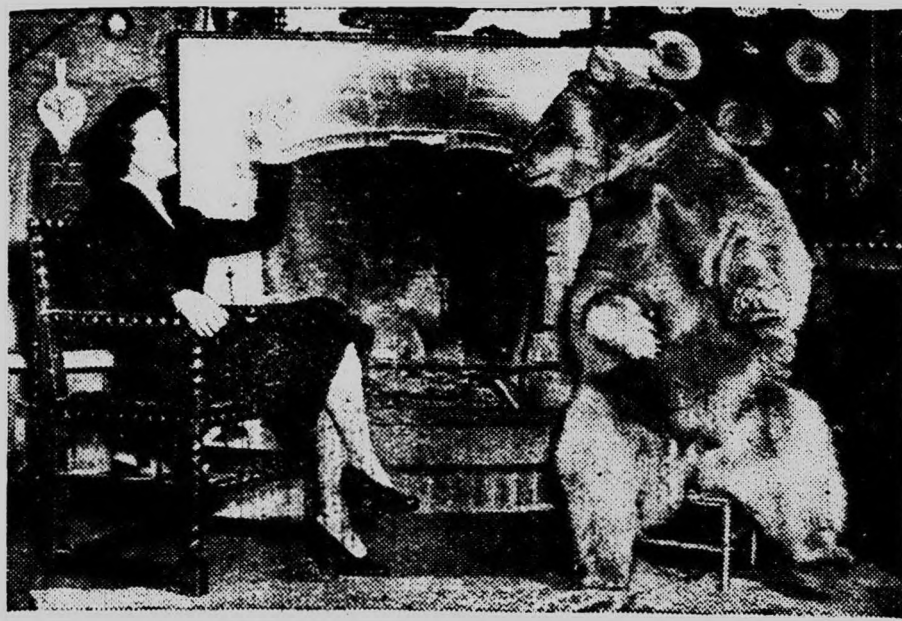

Teen Age Dances to Resume Dec. 22

Plymouth Optimist club announces that the Teen Age dances will be resumed in the Masonic temple, Saturday, December 22, at 9 p.m. The dance will end at midnight.

Recorded music is furnished by radio station WHRV, Ann Arbor, which broadcasts the dance and interviews with teen agers attending. The broadcast begins at 8:30 and ends at 11:30.

Because of previous commitments, the hall will not be available December 29. Dances will be resumed on January 5.

A VERY IMPRESSIVE FLAG RAISING ceremony was held at the Smith Elementary school Thursday, December 6, under the direction of Ruth Eriksson, principal. Four hundred and ninety children marched single file outdoors to the beat of the drum, played by Donald Kennedy of the High School Band, to form a semi-circle around their new flag pole. As the beautiful flag was raised, by custodian Gwynne Fulton, cornetist Lynn Olson, of the High School band, played "To The Colors." The children then said the Pledge of Allegiance and sang The Star Spangled Banner. Gloria Bowles, of the fourth grade, gave the Junior American Citizen's Prayer, and the ceremony concluded with America the Beautiful. The honored guests were members of the Board of Education, Mrs. Maxine Willoughby, and Warren Smith, Superintendent of Schools, Russell Isister, and members of the Daughters of the American Revolution, Mrs. Florence Roberts, Mrs. Sidney Strong and Mrs. Ralph Taylor, Chairman of the Correct Use of the Flag. Also present was Randy Eaton, State Chairman of the Correct Use of the Flag of the Children of the American Revolution and representatives of the Smith P.T.A.

P. H. S. Principal Attends Meeting

Mr. Carvel M. Bentley, principal of Plymouth High school joined principals from high schools all over Michigan who met for the annual conference of the Michigan Secondary School Association in Grand Rapids, November 28, 29 and 30.

Highlighting the Annual Fellowship Luncheon was an address by Doctor Harlan Hatcher recently appointed president of the University of Michigan. "Prior to World War II constant migration from our country to European countries was used for higher education. Students received their college education in this country; then went on to European Universities for higher degrees in medicine and law." President Hatcher stated.

"During World War II there came a change. The greatest artists and writers in the world are now to be found in the United States. This world leadership places great responsibility on our shoulders. We here in the United States are fortunate, we have developed to the point where we are prepared to take world leadership."

The main speaker of the Annual Association Banquet, Thursday evening, was Professor Harold Benjamin of George Peabody College, Nashville, Tennessee, noted educator and author of "Saber Tooth Curriculum," whose topic was "Whose Education Question?" Mr. Benjamin said in part: "American education looks first to the student. Comparing our method of learning to those of other countries, we look for the needs, wants, and abilities of the students. Secondly we consider the wants of society—the needs of its members.

"Now, compare this system with the policies of European educators, where the curriculum is set up with mathematics and languages—all subject matter. The student either adopts himself or is dropped.

"The active interest which the American community, parents and churches take in this matter has been much more help than any cause.

"It is the education system here in the United States which has made us great and not our natural resources as many people believe.

"The United States does not have more than our share of natural resources, but we, as a nation, are educated to use these to the most profitable advantages, through our education system."

Panel discussions followed this address. Reducing the Number of Early School Leavers, conducted by L. C. Wendt of Mt. Pleasant, was the group which Mr. Bentley chose to attend. The problem was defined in this manner: "American educators, previous to 1920 used the straight European method of education. Then a change began to take place. Educators realized that there was something wrong with the courses offered many students who do not plan to go on to school, so the high-school must offer courses for them. With this aim in mind the Industrial Arts, trade training, physical education, commercial training, sales, and occupational training programs were adopted. This helped the problem, but there were still too many drop outs. They tried to interest others physically by building athletic fields and gyms. Still the amount of early leavers is high so the problem hasn't been solved.

"This meeting brought out the need of the feeling of belonging, of being welcome," stated Mr. Bentley in commenting. "Many students belong to no clubs, no athletics, and feel that they don't actually belong in the classroom, for when a teacher has 170 students a day there is little chance for individuality, the "one to one" relationship. Americans like to feel that they belong and when that feeling can be communicated to all students the list of before-graduation leavers will decline," summarized Mr. Bentley.

Art Classes to Paint Sanatorium Windows

Windows will be painted for Christmas at the Maybury Sanatorium located at Beck and Seven Mile road by students 16 years of age or over in Mrs. Frances Overton's art classes. The work will be done the week of December 17 in the forenoon because of a strict afternoon rest period required at the institution. Murals to be fastened to the walls will also be painted by two students.

Students' parents must first give their consent if they wish their teen-agers to paint there.

Club Members to Sell Greens

Plymouth branch of the Michigan Division of the Woman's Farm and Garden association completed plans for the annual greens sale at the meeting Monday, December 10. The greens sale will be tomorrow, Friday, December 14 at West Brothers store on Forest avenue, from 9 a.m.

The club members will sell candles, home baked goods, and greens. Profits go into the club's scholarship fund.

The meeting was held at the home of Mrs. A. E. Van Ornum of Maple street. Following the business meeting, colored slides were shown of the member's gardens.

Members brought small gifts which were judged for the artistry of their wrapping. Mrs. Austin Stecker and Mrs. Roy Lindsay received collections of glad-balls as prizes for their unusual wrapping. The packages were then distributed to the members by number.

Tea was served by a committee headed by Mrs. Andrew Vargha. Silver, candles and a silver and white centerpiece decorated the tea table at which Mrs. George Chute poured.

"I REMEMBER" BY THE OLD TIMERS

From Mrs. Alice Hook, Eldorado Springs, Mo.: I remember when we didn't have any undertakers. When anyone died, his bereaved could have a casket made by a neighbor out of spare lumber in the barn loft.

From Mrs. Paul H. Weinheld, Denver, Pa.: All homes used to have black kitchen ranges to heat the kitchen. When weather was mild we opened the door to the upstairs to slack the bedrooms a bit. Every parlor had a pot-bellied stove with nicker skirts. This was used only on weekends or when company was coming. On Saturdays, we rubbed both stoves with polish until they shone.

From the Old Cuss, Chicago: Hate to bother you with another item but I just remembered the ads I used to read for the garter stiletto. "Woman's newest protector," they said, "snugly sheathed on mllady's garter and always ready for use." I don't know how effective they were, but I do know from personal experience that those long hating the ladies used for defense were pretty effective.

From Bennett "Scotty" Wheeler, Brooklyn: One parlor necessity of the early 1900's was the spittoon, called a cuspidor by elegant folks who didn't spit. We had a china hand-painted one with posies which we always kept handy for guests. I broke it one day while cleaning it, accidentally. I told papa, and we never bought another.

Professor Walden Hightower, Los Angeles: Remember when parents used to urge their children to read O. Henry, because that author boasted that he had "never written a word which would bring the blush of shame to the daintiest cheek"?

Children of Eagle Korean War Dead Can Get Benefits

The Fraternal Order of Eagles has always fostered the concept of "service to others." Long-time proponents of such legislative concepts as Social Security, Aid for the Aged, Mothers' Pensions, and Workmen's Compensation, the Eagles have reaffirmed their grass-roots strength through united efforts for their Eagles' Memorial Foundation.

The Foundation provides complete medical, dental, surgical, hospital and optical care as well as affording educational assistance to the sons and daughters of Eagle servicemen who lost their lives as a result of serving in the Armed Forces during the second world war.

Keeping abreast of the situation, however, the Eagles recently amended their Foundation Law. Worthy President Ward Aldrich of Northville Aerie No. 2504 FOE, reported that during the Eagles' International Convention, the scope of the Foundation was extended to embrace the surviving children of all Eagles' who died in action or as a result of service-connected wounds or sickness subsequent to World War II. This change of course, will make eligible for Foundation Benefits, children of Eagles who have died as a result of service in the Korean Campaign.

Presently, the Foundation Trustees are kept busy, welcoming their new Foundation sons and daughters. These children are rapidly brought into the Foundation "Family" and letters from grateful mothers fill the Foundation Files.

The December issue of "Coronet" magazine pays a special tribute to the Eagles' Memorial Foundation with a five page article by ace "Coronet" staffer Carol Hughes, entitled "The Eagle: Take Care of Heroes' Families". The magazine was issued in November 23.

Gives Tips on Care of Sugar Syrups

Everyone has a "sweet tooth" and especially during this holiday season Michigan people will be eating their share of sugars and sweets says Mary Bodwell, food economist for the agricultural economics department at Michigan State College. In addition to candy, which is almost a pure form of sugar, they will be having cakes, pies, cookies, jams, jellies and many other foods which contain some form of sugar. The average American uses nearly 100 pounds of sugar, in various forms, every year. That accounts for about 5 cents out of each dollar we spend for food. The amount of sugar people use varies a great deal, depending on such conditions as where they live and family income. Families with lower incomes eat quite a bit more sugar than those in the higher income brackets.

Sugar does much more than satisfy our desire for something sweet. It gives texture and flavor to many foods. It helps to make fruits firm, and to bring out their flavors. It acts as a preservative to help in canning and freezing foods. And it gives us quick energy easily utilized by the body. As a food, it furnishes only calories.

Two tablespoons of sugar yield 60 calories, which is the reason

many athletes, mountain climbers and soldiers often carry sugar or candy with them. One tablespoon of honey, or two of jelly or marmalade also yield 100 calories.

Sugar is sugar, as far as the granulated variety is concerned. Homemakers who prefer cane sugar to beet, or vice versa, gain only if their favorite type is lower in price. "Beet or cane sugar have the same chemical formula, purity, sweetness and appearance," Miss Bodwell explains, "and can be used interchangeably with equal results in any kind of cooking, home canning or jelly making."

Miss Bodwell offers these tips for proper care of sugars and syrups in the home. Any of the syrups—including honey, molasses and maple syrup—should be stored in a cool, dry place but should not be refrigerated. Lower temperatures cause them to crystallize. Crystallized syrups can often be restored by setting the jar in a pan of warm water. Keeping sugar properly simply calls for a dirt-free container in a dry place.

Former Resident Buried Here

Funeral services were held Saturday, December 8 at 1 p.m. from the Schrader Funeral home for Lovenda Green who passed away early Thursday morning at the age of 75 years.

For the last nine years Mr. Green has resided at the home of his son, Lawrence L. Green at 127 S. Prospect, Ypsilanti, Michigan. Prior to this time he had been a resident of Plymouth and vicinity.

Surviving are his two sons and one daughter, Miss Agnes E. Green and Ray W. Green, both of Norvell, Michigan and Lawrence L. Green of Ypsilanti, also surviving are seven grandchildren. His wife, Mrs. Augusta D. Green preceded him in death on November 12, 1941, and his daughter, Mrs. Mabel Miller of Ann Arbor preceded him in death two years ago.

Rev. William R. Shaw of Ypsilanti officiated. Hymns were rendered on the organ by Mrs. Edna O'Conner. The active pallbearers were Henry Klager, Wilbur Hill, Max VomSteig, Floyd Nelson, A. W. Plumber and Virgil Albertson. Interment was in Riverside cemetery.

JUST Browsing Around

Only eleven more days 'till Christmas! But out here at MARTIN'S CHINA SHOP on Ann Arbor Road (US 12) just one mile west of Plymouth you will still find a good selection of gift items to choose from. Have you been looking for the unusual in collector's cups and saucers? Out here you will find over 200 patterns in fine imported china. And for a man you will find imported German Beer Steins, hand decorated in multi colors with pewter tops. There are also musical steins which play such tunes as "How Dry I Am," etc. And now a suggestion for the men. If she has been wanting a new set of dinnerware, why not give her a start on one this Christmas? All of our dinnerware is open stock and we have sixty-five patterns from which to choose, from inexpensive kitchen ware to the finest china. We almost forgot to tell you about our Christmas wreaths which are just about the most attractive Christmas decoration we ever saw. They are big 15 inch wreaths that will last a lifetime. They have a huge bow of red water repellent ribbon, and in the center of the wreath are three pottery heads of Dickens characters singing Christmas carols. Behind their book of carols is a bulb which lights up their faces. MARTIN'S are open daily 9 A.M. to 9 P.M. until Christmas. Sundays until 8 P.M. Phone 1943W.

Mr. and Mrs. William Arscott of West Maple avenue were hosts at a co-operative dinner Saturday evening to the members of their club. Guests included Dr. and Mrs. Elmore Carney, Mr. and Mrs. George Farwell, Mr. and Mrs. John Henderson.

Mrs. Charles Draper will attend a Christmas dinner today, Thursday in the home of her brother and sister-in-law, Mr. and Mrs. Walter Merrell in Detroit. There will be seven sisters and two brothers present at the dinner.

Mr. and Mrs. Dean Saxton were hosts Saturday evening to the members of the Theatre Guild.

Among those from Plymouth who attended the Choral Union rendition of "The Messiah" at the University of Michigan on Saturday and Sunday were Mr. and Mrs. Frank Henderson, Mr. and Mrs. A. R. Chilson, Mrs. Robert Champe, Mr. and Mrs. Fred Thomas, Mr. and Mrs. Fred Nelson, Mr. and Mrs. E. V. Jolliffe, Mrs. Lois Priestman, Mrs. Beatrice Schultz, Mrs. Katherine Sel-domridge, and Dr. Frederick Lendrum.

Lisle H. Alexander of North Mill street spent from Thursday until Sunday of last week in Lansing where he attended the Midwinter conference of the American Legion. He was joined by Mrs. Alexander on Saturday.

Mr. and Mrs. George Burr have returned to their home on Sheridan avenue following a 10 day vacation in New York City. Mr. Burr states they had a grand time and managed to see a few very good shows.

Mr. and Mrs. Herbert Bond and daughter Irene and Mrs. David Taylor and son Vaughan attended the University of Michigan performance of the "Messiah" given at Hill Auditorium at Ann Arbor on Sunday of this past week.

Mrs. Claude Root was the guest of honor at two lovely showers last week. Miss Donna Truesdell was hostess on Monday evening and Miss Josephine Lewis on Friday evening in her home in Dearborn.

A. W. Speyers of New York City was the weekend houseguest of his aunt and uncle, Mr. and Mrs. Eber Readman of Blunk avenue.

Miss Pauline Bell, Herbert Millen, Miss Joan Cavell and Bud Gow were guests of Mr. and Mrs. Robert Schauffele last Saturday evening.

Mr. and Mrs. Martin Waara and Mr. and Mrs. Gordon Moe were Friday evening guests of Mr. and Mrs. Robert Beyer of North Mill.

Mr. and Mrs. Earl Russell of West Maple avenue attended a potluck dinner and evening of cards in the home of Dr. and Mrs. W. F. Grant in Birmingham on Saturday evening.

The Stitch and Chatter club will meet for luncheon today, Thursday in the Hotel Mayflower later going to the home of Mrs. Kathleen Horton for the afternoon.

Mr. and Mrs. Eber Readman were hosts at a dinner party Sunday evening in their home on Blunk street honoring their nephew, A. W. Speyers of New York City. Guests included Dr. and Mrs. Elmore Carney and Mrs. Katherine Klaus of Plymouth and Mr. and Mrs. J. B. Warren of Huntington Woods.

Approximately 40 members of the University of Michigan club of Plymouth held their annual Christmas sing at the home of Mr. and Mrs. Evered Jolliffe, 1192 W. Ann Arbor trail, on Sunday evening, December 9. This is the ninth consecutive year that the sing has been held in the Jolliffe home. Fred C. Nelson, teacher of music in the Plymouth schools, led the singing while Murray O'Neil and Evered Jolliffe presided at the piano and Hammond organ respectively. Beautiful organ numbers were played by Mr. Nelson and Dr. Van Ornum. Refreshments were served by the committee. Dr. Frederick B. Foust is club president.

Samuel Spicers Honored at Tea

Good wishes are still coming to the home of Mr. and Mrs. Samuel W. Spicer who marked their golden wedding anniversary with an open house on Sunday, December 2. Mr. and Mrs. Spicer who were married on December 4, 1901 have two daughters, Mrs. Louis J. Norman and Mrs. Jesse Tritten both of Plymouth. They honored their parents at the open house.

Beside their two daughters, the Spicers have four grandchildren, Norman and Dale Tritten and David and Marilyn Norman. Two of Mr. Spicers sisters, Miss Mabel Spicer and Mrs. Sattie Mason of Indiana and a brother and his wife, Mr. and Mrs. Frank A. Spicer of Detroit were present. Two other sisters, Mrs. Fannie Doerr Pitt of Pomona, California and Mrs. Rhoda Wakely of Miami, Florida were unable to attend.

The centerpiece on the lace covered tea table was of yellow roses and mums and gold leaves in a gold bowl with matching candleholders and yellow tapers. A five tiered wedding cake iced in white and wedding bells etched in gold adorned the table.

Among the many out of town guests were Mr. and Mrs. W. G. Armstrong of Niles, Michigan, Master of the State Grange. Letters and congratulations arrived from Casablanca, Mr. Spicer's 93 year old aunt, Mrs. Fannie Barker of Belleville and her brother, Frank Seamon of Marshall who is 96. Guests were present from Plainfield, Indiana, Carleton, Marshall, Niles, Jackson, Saline, Mt. Pleasant, Battle Creek, Ann Arbor, Grosse Pointe, Highland Park, Detroit, Northville, Dearborn, Belleville, and Flat Rock.

Mr. and Mrs. Spicer now reside on West Ann Arbor trail in the home which has been in the family since the original land grant was signed by President Andrew Jackson and John Quincy Adams. Mr. Spicer is a retired farmer and is afflicted with the Giles Real Estate in Plymouth.

Mr. and Mrs. Albert Stever of Sheldon road visited with Miss Bertha Warner, Harry Green and Bert Paddock at the Presbyterian Home in Detroit last Sunday.

Hints For Plymouth Homemakers

Citrus Fruits To Be Plentiful This Winter

Citrus fruit, among the most popular sources of vitamin C, reaches the market in volume during December.

Oranges will be plentiful this winter. California navel oranges are on the market in November and are available until about June 1. At the same time California Valencia oranges continue available until January 1. The supply of oranges coming from Florida will also be plentiful because of the large 1951 crop, even with increasing amounts going into canned and frozen products.

Grapefruit will be available but there will be no big surplus. Florida's crop is larger but the crop in Texas is very light. Larger amounts of grapefruit also are being processed.

Homemakers who want to get the most for their money will look for citrus fruits that are firm, heavy for their size and with fairly smooth-textured skin.

One pound of fresh oranges usually provides 2 or 3 half-cup servings of sections. A No. 3 cylinder of juice provides 12 half-cup servings. One six fluid ounce can of frozen concentrate provides six half-cup servings. Comparing the various forms available by the cost per serving will show the homemaker which form is the best buy.

Oranges may have a slight greenish tinge and be just as ripe as fully colored ones. Some of these oranges may have been dipped in a vegetable dye bath to give a more appealing color. They will have "color added" stamped on the rind.

Grapefruit have a reddish brown color called "russeting" on the skin. This does not affect the flavor.

Both grapefruit and oranges may be stored at room temperature if it is not above 70 degrees. Preferably they should be stored in the refrigerator.

Grapefruit and oranges have many uses other than as a breakfast fruit. They may be used in salads and in fruit cup, as an accompaniment for meats, as before-meal appetizers and as a light dessert.

FOOD GIFTS FOR THE HOLIDAYS

A spicy mincemeat cake baked in a shiny new pan and tied with red ribbon is a gift that truly says "Merry Christmas" to your next door neighbor.

Mincemeat Cake

1 1/2 cup shortening
2 1/2 cup sugar
1 egg
1 cup mincemeat
2 cups sifted cake flour
2 teaspoons baking powder
1 1/2 teaspoon salt
1 1/2 cup milk
1 cup chopped nuts
Cream fat and sugar together. Add egg and mincemeat and beat until light and fluffy. Sift together dry ingredients, then add alternately with milk. Fold in nuts.

Pour into greased 9"x9"x2" pan. Bake in moderate oven (350° F.) for thirty-five minutes. After the cake has cooled, frost it with an easy orange butter icing for a just-right combination of flavors.

Orange Butter Icing

Cream three tablespoons butter or margarine and gradually add one and one-half cups sifted confectioner's sugar. Add one-eighth teaspoon salt, three tablespoons orange juice and one-fourth teaspoon grated orange rind. Add a few drops of water if necessary to give the mixture a spreading consistency. Spread over the top of the mincemeat cake and allow it to stand about one hour before wrapping and delivering to your friends.

For a "quickie" gift idea, try mincemeat gingerbread made with your favorite gingerbread mix. Follow the directions for mixing given on the package, but use only three-fourths cup of water instead of the usual cupful. Fold in one-half cup of mincemeat just before pouring the batter into the greased baking pan.

This is a gift that should be wrapped while warm and delivered to your friends just before breakfast on Christmas day. Have a happy holiday!

Faithfully

Try These Ideas For Holiday Refreshments

It's fun to have friends in during the holiday season—to have folks join in enjoying your gay Christmas filled home. Why not plan a buffet supper for the holidays. Make this outstanding ham loaf in the center of your menu plan. Decorate the loaf with maraschino cherry bits or citron strips forming the words "Merry Christmas" over the top. Serve with scalloped potatoes, french green beans, a relish tray and a simple dessert of cranberry sherbert and Christmas cookies.

HAM LOAF

1 1/2 pounds ground smoked ham
1/2 pound ground beef
4 slices bread, flaked
2 eggs
2 cups milk
1 1/2 teaspoon salt
1/2 teaspoon pepper
Combine ingredients and pack into greased loaf pan. Bake in a slow oven (300 F.) for 1 1/2 hours, 10 servings.

When friends drop by during the Christmas holidays, you'll want to be ready with refreshments. Dainty holiday sandwiches may be your answer.

Get out your seasonal cookie cutter to make tea sandwiches. Christmas trees, bells, Santas, wreaths are all appropriate. Ideal fillings for the sandwiches are lunch sausage, dried beef with cream cheese, ham, canned luncheon loaf and the many other ready-to-serve meats you'll find in your meat dealer's display case. Match breads or combine different type breads to add interest. Use whole wheat, white, brown bread and fruit breads.

Arrange the sandwiches on a large platter or wooden tray and serve with coffee or hot piped tea. If you like, prepare the tea sandwiches in the early morning, then tightly wrap with waxed paper and store in your refrigerator until serving time.

SANTA'S SUPPER ON THE RUN

Even in the midst of the pleasant confusion of the last-minute tasks of Christmas Eve, appetites must be satisfied. This menu for Santa's busy helpers is easily prepared, has eye appeal, and served with a beverage, fills the nutritional needs of the hour.

Light fare casserole can be prepared in advance and the baker's stollen coffee cake is a help-yourself item, as are the fruits and nuts.

LIGHT FARE CASSEROLE
3 tablespoons shortening
3 tablespoons flour
1 1/2 teaspoons salt
1 1/2 cups milk
1 1/2 cup grated cheese
6 hard-cooked eggs, halved
3 tomatoes, cut in wedges
2 tablespoons butter or margarine
1 cup dry bread crumbs
Melt shortening in a saucepan. Blend in flour, salt and celery salt. Add milk and cook until thick, stirring constantly. Add cheese and stir until cheese melts. Place halved eggs into a greased 1 1/2 quart casserole. Cover with tomato wedges. Melt the butter, add dry bread crumbs and brown. Sprinkle 3/4 of the buttered bread crumbs over tomato layers. Pour cheese sauce over crumbs. Top with remaining buttered bread crumbs. Bake in a moderate oven (350° F.) for twenty minutes. Yield: 6 servings.

Centuries of Mince Pies

No holiday delicacy carries more of the old-time traditions and associations of good eating and festivity than mince pie. Germany is given credit for its origin by some writers, while others claim that its beginning is lost in the annals of history.

English literature, dating back to the fifteenth century, is full of references to the Christmas favorite. Considered essential as part of the Christmas observance in England, these early mince pies contained a large portion of meat. According to a fifteenth century manuscript the "myce pyes" served at the coronation of King Henry the Fifth were made of small pieces of boiled pork mixed with minced dates, cloves, mace, raisins, salt and ginger. Finely shredded mutton was the chief ingredient of mince pies famous during the reigns of the Tudor rulers, Henry VIII, Edward VI, Mary and Elizabeth.

Originally the Christmas pies were baked in immense deep-dished dishes lined with thick rolls of pastry and filled with forcemeats, richly sweetened and spiced. Equally thick rolls of pie dough formed the top crusts of the pies.

When the pie recipes were brought to the new land, the Puritans added to the religious significance of the pie by baking it in a crust shaped like a cross.

Symphony Notes

Last week the fact was brought out in this column that a number of people in Plymouth are still not aware of their symphony orchestra. Another fact was brought by past presidents of the Symphony Society itself that many residents of the community were not a part of the audience while each concert seemed to bring new faces, and yet a fair attendance is recorded for each concert.

It leads one to conjecture whether or not because concerts are held in a high school auditorium, the general non-attending public has the impression that it is a high school program and beyond their interest, that they just stay away and never become part of it.

A lot of word-o-mouth publicizing on the part of the Society, orchestra and fame of the conductor himself are responsible for gaining interest. But one can't help but wonder what an honest-to-goodness auditorium with proper acoustics might do for this organization.

The majority of new people coming to Plymouth are impressed with the community, how the school and the churches are laid out, with parks, shady trees, and a Down-East look to it. Many have said that this is a town in which they would some day like to live. Now with the Christmas spirit invading the town, the garlands of green and great bells festooning the streets, an even warmer feeling is expressed to the stranger in the gates.

With the Christmas season so close at hand, coffee and cake with a festive touch were served at the last rehearsal of December to members of the orchestra. Nina Blunk and Ruth Clark take turns in furnishing refreshments to the musicians. This social hour following rehearsals enables the

musicians to become better acquainted and refreshed by hot coffee, those who come long distances do not mind the ride home too much.

Since attendance records were started on September 12, 1949, the personnel manager brings to light that Sallie Jane Sorg and Harold Von Bergen are the only two members of the orchestra who have not missed any rehearsals. Josef Lazaroff, the concertmaster, has missed only one, and also during that time, 79 players have reported, with 60 at the present time on the rolls. Statistics also show that ten communities are represented.

Orchestra members who miss rehearsals usually have very good

excuses. How they work all day and turn out to play an instrument all evening, amazes some people. But so do the young people who sit on the stairs listening to the orchestra rehearsal after an evening of singing the Messiah. True lovers of music in every sense of the word!

Being one person not addicted to soap box dramas, one such program recently snared an ear.

"Against the Storm" by Sandra Michael (a cigarette sponsored serial) produced some interesting mental soliloquies of folk listening to Dvorak's New World Symphony. It brought out how many people lose themselves entirely under the spell of music; how some are battling daily problems; some are making plans for the future. Maybe a symphony concert is one of the places where

people meditate. See you at the Messiah concert! by Grace Von Bergen

These Events Were News

25 Years Ago

Last Monday evening the members of the Plymouth chapter of the National Forensic League held their first initiation banquet at the Michigan Union in Ann Arbor. This organization is a national honorary public speaking society for secondary schools. The Plymouth chapter, which is 106, was organized last spring with the following charter members: Julia Wilcox, Katherine

Wilcox, Julia Learned, Dorothy Hillman, Mac Donnelly, Franklin Atkinson, Josephine Schmidt and Mrs. Ruth E. Huston-Whipple. The first meeting of the board of directors of Plymouth's new community hotel, was held at Schrader Bros. store, Monday evening, December 6. After reading a number of names as suggestions for a name for the hotel, the board of directors, after careful consideration and much thought, unanimously decided upon the name of "The Mayflower" as the best name for the new hotel.

Ernest J. Allison, local agent for the Chevrolet motor cars, and his salesmen will sit on the turkey side of the banquet table to a banquet to be served this month by the Chevrolet Motor Car Co. because Mr. Allison and his men were winners in the turkey-bean contest which was announced in this paper several weeks ago. The local firm had the honor of having the highest percentage of sales in their district. Dora Livrance entertained the Junior Bridge Club at her home

on Wednesday of last week.

Mr. and Mrs. R. J. Lorenz pleasantly entertained twelve of their friends at their home on Sheridan avenue, last Monday evening. The occasion was in honor of the birthday anniversaries of Mr. Lorenz and his youngest son.

Mr. and Mrs. C. W. Honeywell left yesterday by motor, for Florida, where they expect to spend the winter months.

Born, to Mr. and Mrs. Walter Fox of Novi township, a daughter, December 3. Mrs. Fox will be remembered as Miss Ruth Samson, formerly of this place.

The second number on the senior class entertainment course was given by Sidney Landon, impersonator, at the High School auditorium last Monday evening before a large and appreciative audience. Mr. Landon's impersonations were of the highest order, as were also his readings.

Alfred Strasen who is a member of Fisher's orchestra of Kalamazoo and who has been playing at French Lick Springs, Indiana, has been visiting at the parental home here this week. He leaves Saturday for New York, where he will go with the orchestra on a trip around the world.

The Civilian Defense Council of Plymouth following the nation's declaration of war on Monday, renewed its plea for civilian defense volunteers to prepare for war-time emergencies. The registration of volunteers for defense training and emergency duty will continue daily at the city hall in Plymouth from 8 to 5 o'clock.

The annual Christmas party for city employes and their families will be held in the recreation room of the city hall next Thursday evening, December 18 at 8 o'clock.

All is in readiness for Santa Claus' visit to Plymouth Friday night at the annual Christmas tree lighting ceremony to be held in Kellogg park at 7 o'clock. The program will open with a Christmas selection by the brass ensemble of the Plymouth high school band after which "St. Nick" will arrive to the tune of "Santa Claus is Coming to Town."

Registration for a 10-weeks' course in preparedness training for defense industry will begin at the night school session of Plymouth high school Monday evening, December 15 at 7 p.m. The defense training program enters upon its second term Monday evening following the completion this week of the first 10-week course.

The glee club of the Woman's club, under the direction of Mrs. Gerald Hondorp, will present a program of Christmas music at a meeting of the club in the First Presbyterian church on Friday, December 19.

The American Red Cross mobile unit will visit Plymouth this Friday afternoon to receive contributions from volunteer blood donors. The truck and hospital equipment will be stationed in front of the I.O.O.F. hall and Kroger store on Main street from noon through the afternoon.

A tableau, "Peace of All Nations" will be presented for the annual Christmas program of the Women's Division of the Detroit House of Correction on Wednesday afternoon December 24 in the auditorium. A cast of 25 characters will appear in the tableau for which special lighting effects have been arranged. Women inmates of the institution have constructed all scenery and made all the costumes for the presentation.

On Thursday evening Annapell Brown, a bride-elect of January 10, was the guest of honor at a 6:30 supper and miscellaneous shower given in the home of Mrs. Louis Frederick on Fair street, when her daughter, Mrs. Ronald Hess joined her as a hostess. Games were enjoyed during the evening and many lovely gifts presented to the honored bride, who numbered 26.

Howard Stark and family are spending a brief vacation at Westlaco, Texas. Mr. Stark is one of Plymouth's most enthusiastic "trailer" fans and when he goes vacationing, he takes with him his own living quarters.

Two Additional Trips Announced

In addition to the announced trips to Washington and Mackinac, the Seniors of PHS have a further choice for their annual before-graduation trip.

A train trip to New York includes the following features: stop in Buffalo for souvenirs, stay in New York in Hotel Park Sheraton in which each room is equipped with radio and television. Tours to Manhattan, Chinatown, Bowery, to the site of the UN, to different cathedrals, Harlem and Greenwich will let students get acquainted with their largest city. Price is \$48.95 or \$44.95 plus federal tax.

Trip B leads to Washington and New York. The price is \$49.95 plus federal tax. In this price are not included all of the meals which have to be bought at own expense. After the train trip to Washington and a busy sight-seeing there another train will bring the students to New York where the important points of the city will be pointed out to them.

Club to Take Cookies to Veterans' in Hospital

Christmas cheer will be brought to the veterans at the Dearborn Veterans' Hospital on Tuesday, December 18, when the Plymouth High School Nurses' club takes cookies over to the patients. Each girl is to bring two dozen cookies.

The girls will have a tour through the hospital to see the activity of the nurses' and to see what opportunities there are in the nursing field.

They will leave at 8:30 a.m. and return sometime in the afternoon.

500 Attend PHS Rhythm Review

"From London to Rio" a Rhythm Review sponsored by the Plymouth High School Band under direction of Lawrence E. Livingston, was presented on December 5, in the PHS auditorium with about 500 spectators.

Christian Youth Club Organized

Plymouth High School has many clubs in its organization, and new ones are formed every year. One that has been formed recently at Plymouth is a Christian Youth Club, under the direction of Mr. Willis Hunting.

The following students were elected officers for this club: president, Marion Donohue; vice president, Ferris Mills; secretary-treasurer, Jean Polley.

Any student in grade seven through twelve, who is interested in promoting Christian fellowship and faithful church attendance is eligible for membership.

The club meets on the first Saturday of every month and it plans to receive new members the first of the year.

German Students Tour Ford Rouge Plant

Rotary president and vice president, David Mather and Frank Ailen invited the seven German students to a trip to the Ford Rouge plant and to movies about Florida on Monday, December 3.

The assembly line was the greatest attraction for the seven students. In front of their eyes each minute a car left the line.

Next they visited General Motors and Fisher Building in Detroit. In the Rackham building they had a dinner through the courtesy of a Plymouth member of the Engineer's society. Colored movies which showed the beauty of Florida concluded the evening.

Picture of a man making a smart decision

HERE is a man who's been doing a lot of thinking. Someday, he's told himself, I'm going to turn in my old car and get a new one.

And he said, still talking to himself, when I do that I'm going to size up the field—give 'em all a real going over.

You see him here at the wheel of a Buick. He hasn't bought it—yet. It's a demonstrator, and he's trying it out.

But the more he tries it, the more he knows he's been wasting a lot of time.

From the moment he looked inside, he said: Here's the room—and the comfort—and the style I've been looking for.

Then he nudged its Fireball Engine into action. It's a high-compression valve-in-head, as you probably know.

He eased out into traffic. Stopped and started for a couple of traffic lights, and said something to the effect that this Dynaflo Drive® is a honey. Why don't they all build 'em this way?

He saw a bump ahead. Place where the pavement had been torn up. Other cars were braking down to a creep to cross it. He held back—rolled right across at regular speed with barely a bobble.

It's hard to believe, he said, but what they say about Buick's ride is right.

Ten minutes later he was out on an open stretch of road. Tried an experimental push on the gas treadle

Boy—what a take-off! You couldn't want more power than that.

Ten minutes more—and he knew something else. You don't really steer a Buick. It just about steers itself. Stays right on the beam on the straightaway. Even straightens itself out after a curve.

To make a long story short—he's found out that nothing else he's tried out can hold a candle—not even a little Christmas candle—to this bonnie beauty.

Back at the Buick showroom, he's going to get one more surprise. The price of a Buick is a lot less than he'd guessed it would be.

Moral: Smart Buy's Buick—right now.

Roger Babson Says---

Babson Reviews 1951

(1) The world situation today is much like the Cold War which existed in the U. S. between the North and South during the 1950's. The basic conflict in both periods was, and is, a conflict between those who "have-not" and those who "have". The difference is that the airplane, radio, etc. have made the 1951 conflict world-wide, instead of local. Without revolution in Russia, World War III will some time be inevitable. This winter will be especially critical. If, however, Russia does not strike within six months, there should be no World War III for some years.

(2) Preparedness: Our Government's 1951 policy of appropriating huge expenditures for military preparedness is sound. In addition, however, those living in large cities should own a small house with a few acres of land at least sixty miles away. Moreover, everyone should build up character, health, and education as the best security in case of World War III.

(3) The new industry: Heretofore, our war preparations have been "on and off" affairs; but our 1951 Military Preparedness Plans will develop into a permanent new industry. Manufacturers have been wise during 1951 in taking on some of this new type

of business without neglecting their regular business.

(4) Other new products: Important inventions, revolutionary processes, and wonderful new products were developed in research laboratories during 1951. Manufacturers, retailers and consumers have been wise in keeping inventories low and avoiding purchases of goods soon to become obsolete.

(5) New Houses: 1951 witnessed a decline in sales of new houses. Too many were hastily built, on too small lots, and have poor locations. The best "buys" in 1951 were well built "near-in" old houses in which modern streamlined kitchens and bathrooms were installed. These improvements, with new paint and paper, have produced wonders.

(6) Railroads: Transcontinental railroads acted well during 1951; but the New York Central, the Pennsylvania, and certain Midwestern lines may be headed for bankruptcy. The only eastern roads which interested me in 1951 were the three Gravity Roads—the Norfolk & Western, the Virginian Railway, and the Chesapeake & Ohio.

(7) The oils: Most of the oil stocks during 1951 had tremendous rises. The wise investor took profits on at least one-half of his oils. McCarthyism will soon campaign for cheaper oil, just as Rooseveltism fought for lower electric rates. Remember what happened to the electric power stocks during that campaign?

(8) Labor Unions: I believe in labor unions; but their 1951 actions suggest they will bring about the next business depression. Yet, should we blame the labor leaders? They are pressed by the union members who are egged on by their wives made discontented by tempting 1951 advertising. The more effective such advertising becomes, the more certain another depression will come.

(9) Stocks to Buy: There were many good "buys" for income during 1951 in stocks of chain stores and other companies which do cash business. Those who want profits, however, have built up bank accounts for purchases when stocks are 100 points lower. Business volume has held up well during 1951, but most stock prices during the past quarter have lost about 10 percent.

(10) Diversification: Diversification was practical during 1951. Those too lazy to diversify bought Investment Trust Shares or stocks of Fire Insurance Companies which combine an Active Business with an Investment Trust.

(11) Inflation: Inflation has existed during 1951 and will continue to go on. The business cycle, however, will likewise always revolve and fortunes will continue to be made by those who have the patience to store up cash in times like these, and the courage to buy stocks later when no one will want them. Fortunes come from Patience, Courage, and Supervision.

(12) Religion: During 1951 there have been signs of a return to the Church, which is the only hope for individual or international peace.

Warns About Gift Toys For Kiddies

Here's a note to Santa Claus! Please be sure the toys you bring to Michigan children are safe for them to use, the Michigan Department of Health wrote today.

Keep the chemistry sets, sharp-pointed darts, swords, arrows and shears, the sharp-cornered and rough-edged things for the older kids. Bring the little ones sturdy, smooth-edged toys that won't break easily—balls and blocks, rubber animals and dolls and pulling toys. Be sure that eyes, buttons, whistles and small parts won't come off; that pull cords and handles are tightly fastened on, and that paints and dyes are safe.

When you leave skates, a wagon, tricycle or bicycle, be sure the little fellow is big enough to use them, and that there is somebody in the home who will show him how to pilot them safely.

When you leave a gun—pop-gun, air rifle, big rifle or shotgun, be sure that Mom and Dad have told the lad how to use a gun and that they will supervise his shooting until he can handle the gun well. Don't leave a gun, Santa, for any boy who ever shoots without looking or points a gun at anybody.

Leave toy electric stoves, irons, jig saws and wood-burning outfits only where a parent has time to supervise their use and where there are safe electrical outlets and safe places to play with them. Remember that one of the best presents for any boy or girl is enough room to play in.

Before you leave a lot of toys, Santa, be sure there is a storage shelf or toy box for them. It may be made out of packing or fruit boxes—cloth or plastic covered, painted or papered—but it should have plenty of room and cubbyholes, and no rough edges, sharp corners or nails, inside or out.

Bring "do-with" toys, Santa, to help the child to grow, but let them be safe enough so that he will grow strong and well.

The memory of the Bethlehem babe bears to mortals gifts greater than those of Magian kings—hopes that cannot deceive, that waken prophecy, gleams of glory, coronals of meekness, diadems of love.—Mary Baker Eddy

Grange Gleanings

There was a splendid crowd in attendance at the Grange meeting last week Thursday night. A fine pot luck supper was enjoyed as usual, by over 40 members. Many came in later. The new officers were installed by Sam Spicer in his usual genial manner ably assisted by his daughter Louise Tritten as Marshall.

Plans were made for the Christmas party which will be on December 20. We hope everyone will be there. Bring your gifts for your children plainly wrapped. Each couple is supposed to bring two gifts, one for a man and one for a woman, they must be marked accordingly and cost not over fifty cents.

Blue Cross Assessments are due now and the Blue Cross Secretary will be there prepared to receive them, also Grange dues are due and in order to get full benefits of the group Blue Cross one must keep their Grange membership paid up.

Women respond most dramatically to mice and mink, although I detect a curious difference in the nature of the response.

Sunday services: Church school, 9:45 a.m. to 10:45. Morning worship, 11:00 a.m. to 12. Adult sermon theme: "The Revelation of Christ" and Christmas's theme: "Holly and Christmas". Our church will be beautifully decorated for the Christmas season. Come and see! If you are without a Church home you are cordially invited to attend. On Christmas Sunday morning December 23, at the Church school hour, a moving picture depicting the Christmas spirit will be shown. The treat will be given at this time to all our church school members. On Sunday morning, December 23 our Worship service will consist largely of music rendered by our excellent choir. Those who have heard our Choir regard it as outstanding. On Christmas Eve the traditional Communion Service will be held at 11 p.m. and closing at midnight. Those who do not have services in their own church and would like to experience the lighting of this beautiful Candle Light Service are most welcome. All who love the Lord regardless of denominational affiliation are invited to receive the Sacrament. An exceptional effort is being made this year to make the Christmas decorations contribute to the spirit of the occasion. Young people of our Church who would like to join the "hay-ride party" planned for Saturday evening, December 22, at 7 p.m. are asked to phone Margaret Burr 109-J or Rev. Johnson at 1173. Following the hay-ride we will be entertained at the home of Mr. and Mrs. Thomas Bateman.

ST. JOHN'S EPISCOPAL CHURCH, Harvey & Maple Sts. Rev. David T. Davies, Rector, 861 Williams street, Phone 2308. The keynote of the Advent season is "that we may cast away the works of darkness and put upon us the armour of light now in the time of this mortal life in which thy Son Jesus Christ came to visit us in great humility." The third Sunday in the Advent season bears upon the ministry of the Church and its function of proclaiming the coming of Christ. Within this week are the Ember Days when special prayers are offered for the ministry and for those preparing for Ordination. The Collect prays that "the ministers and stewards of Thy mysteries may prepare and make ready Thy Way." The Epistle points out that it is required in stewards that a man be found faithful. The Gospel tells of the glowing tribute paid by our Lord to John the Baptist as the special messenger of preparation whose cry was "Repent ye, for the Kingdom of God is at hand. Prepare ye the way of the Lord; make straight in the desert a highway for our God." Sunday services: 8 a.m. Holy Communion; 9:30 a.m. Family Service and Class Instruction; Adult Class led by the Rector; 11 a.m. Morning Service and Sermon. Subject: "Stewards of the Mysteries of God." You are urged to worship on the Lord's Day at the Church of your choice; if you have no Church affiliation, you are cordially invited to worship with us; you will enjoy the friendly atmosphere.

ST. PETER'S EVANGELICAL LUTHERAN CHURCH, 261 Spring St. Edgar Hoenecke, pastor. Morning Worship: 9:30 and 11:00 a.m. Sunday school 9:30 a.m. Next Sunday is the Third Sunday in Advent. The Sermon Topic will be the Advent question of the child of God: "Oh Lord, How Shall I Meet Thee?" based upon Matthew 3:1-11. Our church attendance is building up wonderfully; both services were again filled last Sunday morning. We look forward to the time when we shall be compelled to hold three services, or when we shall make provision for a new building on our new site. Since one service will hardly hold all our Christmas congregation, we have arranged to have two services on Christmas Day, December 25, the Day of the Savior's wonderful Birth. Plan to attend one of these services with your whole family in order that your Christmas may be complete and God-pleasing. Are you keeping up the advent wreath in your home with the Advent devotional period on Sunday evening? Are you planning a secret gift for someone at Christmas? Remember that it is "more blessed to give than to receive", and He that said it is the Giver of His Son into the world for sinners. Let us follow His glorious example.

FIRST CHURCH OF CHRIST SCIENTIST, Sunday Morning Services, 10:30 a.m. Sunday Evening Services, 7:30 p.m., every fourth Sunday of the month. Sunday School, 10:30 a.m., for pupils up to twenty years of age. We may look to God for help, no matter what distressing conditions may arise, is shown in the Lesson Sermon to be read in all Christian Science churches under the title "God The Preserver of Man," on Sunday, December 16. The Golden Text is from Psalms (62:7): "In God is my salvation and my glory; the rock of my strength, and my refuge, is in God." Among the Bible citations is this passage: (Ex. 14:13 to 15:1) "Fear ye not, stand still, and see the salvation of the Lord, which he will shew to you to day." Correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Love inspires, illumines, designates, and leads the way." (p.454)

Reserves Win 4th Straight Victory

The high school reserve basketball team stretched their winning streak to four games last week when they disposed of Northville and Allen Park in easy fashion. They have yet to meet defeat this year. The young Rocks walloped Northville on Tuesday night 55 to 33 and came back on Friday night to beat Allen Park 39 to 24.

In the Northville game Coach Charley Ketterer's lads held a scanty 19 to 15 half-time lead, but really opened the gap after intermission. In this game Jerry Kelly was again the high scorer with 15 points. Casey Cavell had 13 and Ron Cole 12. Tyler Caplin and Pat Robinson each had 6 and Leonard Ferguson had 3 points. Gordon Champion, Olson, Lightfoot, Chaney, Wyse, Mills and Angevine also saw service. The team made 9 out of 22 free throw attempts.

In the Allen Park game the Rocks were ahead 20 to 14 at the half and increased it each quarter. Casey Cavell was the leading scorer in this contest when he dropped in 12 points. Jerry Kelly had 9, Ron Pagenkopf 7, Pat Robinson 6, Tyler Caplin 3 and Leonard Ferguson 2 points. Ron Cole, Herb Olson, Champion, Lightfoot, Mills and Kisabeth also played in this game.

The boys were way off in their free throws as they only made good on 3 out of 18 attempts.

Tomorrow night they play the Belleville Reserves in a game preceding the varsity tilt at the high school gym.

Sports Glances

by "Professor" Edgar Brown

I was through the new gymnasium the other day to get some material for a story for this paper. It is coming along nicely and will sure be a grand building for our young boys and girls next year. It will be a place that our community can be proud of, and one in which everyone can sit in comfort and see a basketball game. I know personally many adults who do not attend our games because they may have to stand up or sit in a tight spot on an old narrow bleacher.

In going through the new building I hardly can see where we will be playing basketball in it at all this year, but I guess after years in the present gymnasium one more year won't hurt, especially when we know that next year we will have one of the best athletic buildings in this section of the state.

You basketball fans won't see as many high-scoring games as last year in the 6-B league. The games will be defensive low-scoring tilts to what has been playing in the past few years. Our own Rocks have averaged about 30 points per game whereas last year they had averaged around 50 per game at this time.

Another Finney is on the varsity basketball team at the high school. Since 1946 there has been a son of Mr. and Mrs. Carl Finney playing basketball for Plymouth High. All the Finneys have had a good eye for the basket and were

high scorers for their team. It looks as though David will follow in the footsteps of his brothers, Larry and Alan, as the first three games this year saw him being high point in each. David is a junior.

Northville took the most humiliating defeat the other night from the Plymouth cagers that they have ever experienced in their long rivalry. And this Plymouth team is a completely new outfit this year.

The boys were really "hot," and it goes to show what a little confidence can do for this team. I like that sentence so many of you remember in the typing book—"You can if you think you can."

You will find a good fighting team this year even though they lost the whole team by graduation last year. It is a team that will get better with each game.

Rocks Trounce Northville 45-7

The high school cagers won their first home game of the year last week Tuesday when they drubbed Northville by the lopsided score of 45 to 7. This is the most lopsided score of any contest ever played in the long rivalry with the Mustangs.

The Rocks were making their shots count that night and they were definitely "on". At the half the score was 19 to 3 and at the end of the third quarter it was 34 to 5. The Mustangs first field goal came midway through the third quarter and the other one they made during the evening came just as the gun ended the game.

Dave Finney led the local cagers when his 8 field goals and 3 foul shots were good for 19 points. David Travis had 7, Jack Daggett and Jim Bloomhuff each had 6, Bud Lanphear had 3 and Ron Johnson had 2 points.

Coach John Sandmann had an excellent opportunity to look over his charges as he cleared the bench during this game. Straub, Keeney, Williams, Walsh, Arlen, Brown, Kisabeth, and Bogen-schutz all played, but none scored points.

Ed Nash was high point man for Northville with 4 points as he made all his team's field goals.

Belleville Here Tomorrow Night

The first round of the 6-B league basketball season saw the favorite, Trenton, coming through in grand style, and proving themselves definitely as the team to beat for the title this year. Trenton walloped Belleville by a score of 60 to 32. Allen Park edged Plymouth 29 to 25 and Redford Union took the measure of Bentley by a score of 38 to 33.

Tomorrow night Plymouth takes on Belleville on our home court. This will be the last game before the Christmas holidays.

The standings after the first round are:

	W	L	PF	PA
Trenton	1	0	60	32
Redford U.	1	0	38	33
Allen P.	1	0	29	25
Plymouth	0	1	25	29
Belleville	0	1	32	60
Bentley	0	1	33	38

Talking to oneself is not necessarily a sign of insanity. But arguing with your wife is something else again.

Allen Park Edges HS Cagers 29-25

In their first conference game of the season, the Plymouth High School cagers bowed to Allen Park in a closely played basketball game last Friday evening by the low score of 29 to 25.

The Rocks played good basketball all the way and were leading at the half by a score of 15 to 12, but in the third quarter the locals were outscored 12 to 6 and Allen Park went in front 24 to 21. The final quarter was a closely fought one, but the Rocks were unable to overcome the few points Allen Park had built up during the third quarter.

For Plymouth, David Finney again led his teammates in scoring as he picked up two baskets and three foul shots for 7 points. Bob Arlen scored 5 points as did Bud Lanphear, Jim Bloomhuff, and Dave Travis had 3 each and Jack Daggett scored 2 points. Keeney, Williams and Johnson also saw no action but scored no points.

The Rocks made 7 out of 11 free throws while Allen Park made 7 out of 12. Collision, 6 feet 3 inch center, was high man for Allen Park with 14 points. Good guarding prevented him scoring many more points.

Frosh Win First BB Game of Year

Coach John McFall's freshman basketball team opened the season in grand style when they hung a 20 to 11 defeat on the Allen Park frosh team last week. Ahead 13 to 6 at half-time they were never in danger the remainder of the game.

Bob Danol led the freshmen in scoring when he hooped 8 points—all coming in the first half. Les Ferenczi, Larry Wilhelm and Agnew each scored 4 points. The other players were Juvic, Buell, Clifford, Olds, Middleton, Smith, McKenna, Arnold, Rutherford, Bango and Davis. These games are played at four o'clock in the afternoon.

Children need constant safety reminders. Caution them about traffic hazards when they leave for school. The condition of your poultry house this fall and winter is going to have a lot to do with the health of your poultry flock.

His Fifteenth Cadillac!

Put a man behind the wheel of a Cadillac—and he's very likely to stay behind the wheel of a Cadillac!

Many and many a man is driving his *fifteenth* Cadillac—and it is not unusual to encounter an owner who goes far beyond that figure.

Naturally, a car must offer many things in order to have such an enduring hold on the affections of those who own and drive it.

It must be as faithful and dependable as a mechanical creation of its type can be.

It must be so pleasant to drive and so easy to handle that the hours at its wheel bring rest and relaxation.

It must be so beautiful and so highly respected that

it is a compliment to its owner wherever he drives.

And it must be *economical*, both to operate and to maintain—for luxury brings a *dual* pleasure when it comes with no extra penalty in cost.

In short, if a car is to have such a hold on the regard of its owners, it must be a *Cadillac!*

If you have already ordered this distinguished car, and are awaiting its delivery, hold firm to your purpose—for each day brings you closer to your heart's desire.

But if we don't yet *have* your order, better come in and see us today. The sooner you place your order, the sooner you'll have those many wonderful things which only a Cadillac provides.

B EGLINGER OLDSMOBILE, 705 SOUTH MAIN ST.

TWO OF THE THREE SONS of Mr. and Mrs. Thomas Gray of 1027 Dewey street have recently been home to visit their parents. The third son Sgt. James Gray, above left, is stationed with the special troops serving in Alaska and doesn't expect to be home until some time in 1953. Thomas, above center, left Plymouth Sunday after a three week furlough having returned from a 7 month Mediterranean cruise with the Navy, and son Richard, a T. Sgt. above right, is now stationed at Selfridge Field after serving with the 5th air force in Korea. No wonder the Grays are the proudest parents in Plymouth, having three of their four sons now in the service. As far as is known no other local family has as many members of their family in the service at this time.

His address is Company D, 2nd Batt., 6th Marines, 2d Div. Camp LeJeune, N. Carolina.

Pfc. Earl Rafferty and Pfc. Fred Rafferty, sons of Mr. and Mrs. Leroy Rafferty of 215 Wilbur, are spending a 15 day furlough at home. Earl is stationed at LeJeune, North Carolina. He graduated from Plymouth High School in 1950 and enlisted in the Marines October 1, 1950. Earl attended the Cooks and Bakers School at the camp. His address is 2nd Div. FMP, Camp LeJeune, N. Carolina.

Fred is stationed at Cherry Point, N. Carolina, and enlisted July, 1951, in the Marines. He attended the Classification Clerk School at Paris Island and is now working in an office. His address is No. Squadron 24, MAG 24, Cherry Point, N. Carolina.

Pfc. John Garrison, and his brother Sergeant Franklin are

home together for the first time in three years. They are staying with their parents Mr. and Mrs. D. T. Garrison of 537 North Mill street.

Sgt. Garrison is home from Korea, he will remain in Plymouth until January 11 when he will return to Fort Custer for re-assignment. Private first class Garrison is stationed in Camp Gordon, Georgia where he is attending radio school. He must return to camp by December 15.

Sergeant James Christenson, son of Mr. E. E. Christenson of East Northern street, Plymouth, received the Navy commendation medal recently. Sgt. Christenson received the award for "excellent service in the line of duty while serving with a Marine 4.2 mortar company in Korea." He enlisted in the Marines in 1944, served until 1946 when he was discharged. Sgt. Christenson re-enlisted in 1948.

Private Carl F. Rakowski, son of Mr. and Mrs. Carl J. Rakowski of 387 West Ann Arbor trail, is stationed at Lackland Air Base for his basic training. Carl's present address is Pvt. Carl F. Rakowski, Sd. 5743 Flight 2468, A. F. 16382151, Lackland Air base, Sa Antonio, Texas.
