What I Think and Have A Right to Say

By ELTON R. EATON

IT IS KIND, VERY KIND OF THE DOUBLE-DEALERS.
Read in the papers a while back that the Fair Dealers, New Dealers, or Double Dealers — some call 'em Phony Dealers — or whatever you might wish to call 'em, have been very, very kind to Michigan.

It seems that they have "allocated" some \$17,708,787 of "Government Federal Highway Aid Funds" to Michigan for the fiscal year beginning July 1, 1952.

Of this amount the Michigan Highway department will get \$13,700,000 and \$3,000,000 will go direct to the counties.

Now isn't that just as nice as it can be for the Truman mob of ward heelers to dish out to this great state of Michigan all of that "federal" money! It's so nice of them — and it is something for Blabbing Blair Moody to blab about, too. This "federal aid" thing is such a wonderful thing that these Fair Dealers have done for Michigan! Yes, it's such a nice thing that it has a stench worse than that of a rotten herring!

Where did the political mob running things down in Washington get this money in the first place?

Where, did you ask? They took it right out of your pockets here in Michigan. They took out for the calendar year of 1950, a total of \$80,713,000 in the form of hidden Federal motor vehicle excise taxes. Then these stinking, faking, Washington bureaucrats dish back to you, some \$16,000,000 out of the \$80,700,000 or more that we folks right here in Michigan paid them in the form of hidden taxes, and they refer to it as "FEDERAL AID."

Permit me to ask, do you know of anything that the administration in Washington had done or is doing that has the semblance of being strictly on the up and up? Let Blabbing Blair Moody answer that one if he can. Let him tell us, too, what the Washington muddlers did with the balance of that \$80,000,000 or more they took out of our pockets in 1950 — tax money paid just on automobiles, gas and the like.

TIME FOR QUICK ACTION.

Our great state of Michigan has over the long years of the past always taken the attitude that in the end everything will turn out O. K. so why worry about it!

That has been our attitude about our Great Lakes — why worry about it if the level of the lakes gets higher than it should or lower than it should be?

Right now Michigan faces a mighty serious problem due to the high water in the Great Lakes. It is the highest it has ever been recorded and predictions are freely made that late this summer it will be much higher than it is at present.

Fortunately for Michigan State Senator Frank Heath of Bay City has taken it upon himself to try and do something about a mighty serious problem. He is proposing legislation for consideration at the forthcoming session of the legislature, which will, if enacted, help to save much of the valuable property now being destroyed by erosion due to high water.

Senator Heath proposes:

1. Amend state laws to permit counties, cities, villages, and townships to undertake investigative and remedial erosion control programs alone or in cooperation with the federal government (which has supervision over all navigable waters, including, of course, the Great Lakes).

2. Permit these local governments, or the affected districts thereof to raise and spend funds for beach erosion control.

3. Permit the commission to aid such local programs, both financially and by contributing its scientific knowledge and advice, and allow local government to amend their ordinances and zoning regulations to insure the continued effectiveness of control programs.

While this legislation, if enacted, will help, the problem is too great and too vast to stop there. As we see it it is a problem for an HONEST administration in Washington to help solve.

OPS SNOOPERS LABELED FAKERS.

"We are sure that Fulton Lewis Jr. and the courageous Detroit Times will not object too strenuously if we quote quite a bit from one of the recent Washington reports made by Mr. Lewis.

In discussing some of the recent activities in Washington Mr. Lewis has some of the following comment to make about OPS "snoopers" as he calls them.

"Dave S. Cohn, a Spokane, Wash., businessman, resigned on Dec. 1, as director of the district office of price stabilization.

"In quitting, Cohn blasted the police state activity of Edward Morgan, national enforcement director of OPS.

"Cohn's resignation was submitted on the heels of a frantic OPS effort to pin criminal charges on another respectable businessman in Spokane, Albert K. Arend.

"Arend, a meat market operator, didn't run when Morgan's troopers jumped him. Instead, he took his case to federal court and won a dismissal of the charge.

"Following this, Arend quit the meat business after 30 years. He said he couldn't take the kind of persecution Morgan's office was dishing out.

"District OPS directors are supposed to have the authority to run their own offices, but here is Cohn's statement about that myth: "At the time I accepted the appointment as district director I made certain commitments in public talks as to the manner in which this office would be conducted. I find that continued limitations of my authority have precluded my carrying out these commitments.

"It has been the policy of the national enforcement division—Morgan's office—to operate all district enforcement offices directly out of Washington.

"This has made extremely difficult the position of the district director who is supposedly responsible for the entire operation of the district office, whereas he has practically no authority.

"When Cohn took the job he promised Spokane residents that he would not 'push anybody around.'

"But he didn't know about Morgan at the time, and what he learned was too tough to take.

"Rougher, apparently, than the World War II OPA operations.

"Cohn was director of the Spokane region for OPA, and even at its worst OPA apparently was not as bad as what Morgan is dishing out today.

"Morgan's troopers and snoopers were accused of trying to trap Spokane meat dealers into OPS violations.

"The federal court was of this opinion in dismissing the action: "In fact, court testimony, according to Meat Dealer Arend, disclosed fakery and trickery on the part of OPS snoopers who apparently wanted to make it rough for at least one meat dealer in order to frighten the rest of them.

"Actually, the enforcement office as it is operated by Morgan is a gigantic boondoggle for Truman Democrat deadbeats.

"It costs businessmen untold thousands of dollars in trying to comply with regulations, besides adding to the cost of food by indirect taxes to support Morgan and his troopers.

"Morgan, of course, says that by running all district enforcement offices from Washington he obtains 'better efficiency and greater integrity.'

"Just to give you an idea of what Morgan calls better efficiency and greater integrity, here is a comment from the Spokesman-Review, a daily newspaper in Spokane:

"Working hand in hand with professional propagandists, also on the OPS pay rolls, the enforcement officials have attempted to intimidate businessmen, trick them into violations of regulations and send them to jail on criminal charges.

"This is a serious charge against Morgan and as such you'd think he'd investigate. But not Morgan. He won't budge. He says that all prosecutions for OPS violations must be cleared with the justice department and have to be handled via Washington.

"This is apparently based on the theory that the justice department contains all the legal integrity there is in the U. S. today.

"But it doesn't. All you have to do is read your daily papers to know better.

"Take the case of the former chief enforcement officer of the justice department tax division.

C. of C. Sponsors Sales Course

The retail selling course, which proved so popular last winter, is again being sponsored by the Chamber of Commerce this year. It is called a Sales Refresher course and will be offered with the assistance of the Bureau of Business Research in cooperation with the Sales department of the University of Michigan Extension department.

Such subjects as greeting the customer, determining customer's needs, displaying merchandise, meeting objections, etc., will be studied.

Extensive use is made of sound motion pictures, other visual aids, and printed material during the course to supplement the discussion given by University staff instructors. Richard O. Cook, of the Bureau of Business Research of the University of Michigan will be in charge of the course.

This class will begin February 6, and will continue for the following two weeks from 7 to 9 in the high school. Each night will be divided into a particular phase of business—the first session dealing with the Introduction, Basic principles of selling and (Continued on Page 3)

Kellogg's Have 126th Christmas

An extraordinary Christmas celebration occurred this year when members of the Kellogg family celebrated their 126th Christmas Tuesday, December 25, at the old Kellogg homestead on 1078 W. Ann Arbor trail.

The historian of the family relates that when the house was new, Chief Tonquish of the Potawatami Indians, and a number of his braves, had a camp directly across the road that first Christmas in 1825. The chief and his followers forced their way into the old brick-floored kitchen and blackmailed the Kelloggs into giving them food by threatening to kill their stock and burn all their buildings if they didn't.

The historian says if it takes a "heap of living to make a house a home," there must have been plenty of ghosts of past Christmases to enliven this celebration.

In attendance at the family dinner were Walter Kellogg Sumner, Ann Gilmour Sumner, John Sumner, Ann Kellogg Sumner and guests, Mr. and Mrs. Hoyt Hollister, of Detroit.

Rew Home 1st in Xmas Contest

The Christmas decorations committee of the Chamber of Commerce met Wednesday evening of last week to pick the three winners in the residential area decorations contest.

The judges drove over every street in the city and found so many nice residential decorations that it was difficult to choose the three winners. After much deliberation they agreed that the Roy C. Rew home on 1051 Harding was the best and should be awarded the first prize of \$25.

Second prize of \$15 went to the Carl Hartwick home at 14354 Northville road, and third prize of \$10 went to the Harry A. Roberts home on 1013 S. Main.

THE THOUSANDS OF PACKAGES shown above are just a few of the record number that passed through our post office the past Christmas season. Postal workers shown sorting the parcels are: (left to right) Postmaster George Timpona, his assistant Ernest Henry, Ralph Cole, Roswell Tanger, Leslie Daniels, and Ernest Berridge. Postmaster Timpona and his staff are to be congratulated on the fact that even though this was the greatest amount of mail ever handled by the local postoffice every Christmas package and letter was delivered to local homes by Christmas morning.

Americanism Course Begins With Adult Education Winter Program

Some new courses of importance to our community will make their debut in the adult education program of our city shortly.

For the foreign born and displaced persons of this area, a course in Americanism will begin January 14 and will continue from 7 to 9 each Monday night for the next few weeks. This course will include American customs and practices such as how to vote, the right thing to do, and other community projects will be discussed. Along with the above will be an English class for all those who desire to learn more about our language.

Sunday Explosion Levels New Home

An explosion completely destroyed a new home at 35280 Ann Arbor trail early Sunday morning. The cement block home just recently finished by the owners, Mr. and Mrs. Gail Shirley, was a total loss, but was covered by insurance.

The explosion, occurring at seven o'clock in the morning, blew the front of the house completely out, slightly injuring the Shirley's one year old child, who received burns about the face and hands causing hospitalization. Mrs. Shirley was released from the hospital after treatment.

Red Kettle Drive Very Successful

Captain William Roberts of the Salvation Army wishes to thank the people of Plymouth who gave so generously in the Red Kettle this year. Because of this special Christmas effort, the Army was able to provide 14 families with grocery orders.

Also distributed were 132 crates, one ton of coal, two crates of apples, one crate of oranges, and 150 boxes of candy. More than 150 individuals benefited from the Christmas giving this year.

Captain Roberts also wishes to thank the classes at Plymouth High school for the gifts and Christmas stockings they prepared for distribution and the four little girls who sewed over 40 cloth animals which were distributed by the Army to the little folks at the Ma, Guy Santorini in Northville.

City Commission Buys Motorcycle for Police

The city of Buchanan accepted the city of Plymouth's \$700 bid for a three-wheeled motorcycle.

This vehicle will be used by the police department for checking parking meters. Many motorists have been overparking after the time limit ran out, and the police will be better equipped now to check these offenders with this motorbike.

Post Office Sets Holiday Record

A Christmas season record of mail passing through the Plymouth postoffice was established this year according to Postmaster George Timpona.

In 13 days preceding Christmas 545,190 pieces of first class mail went through the cancellation machine. This did not include those pieces that were stamped by hand, or it did not include parcel post or metered mail—so actually the postal clerks handled many more pieces than the above number.

"March of Dimes" Drive Opens Here

This week the March of Dimes gets underway in Plymouth. Even though this city is a small cog in the wheel, we can do our best to help keep it turning.

This year, more than ever, we need to get behind the March of Dimes. An organization as important as one fighting polio deserves much consideration. Who knows, maybe one of yours will be the next to be stricken? The expenses of the March of Dimes this year has far exceeded the income. We must not only meet this debt, but build a reserve for the coming year," says F. Walter Goodwin, chairman of the local drive.

Friday of this week, the Hi-Y boys of Plymouth High school will distribute canisters to every business concern in Plymouth. On January 31, a house to house drive will be made between the hours of 6:30 and 7:30. Won't you either drop your contribution into the canisters or be ready to give generously when the Hi-Y boy calls at your door? Remember, this wheel is only as strong as its weakest cog.

Herb Woolweaver, recreational and adult education director, says if anyone reads this article and knows of anyone who could be helped by taking this course to call 2075 or 1198-M.

Barton Rogers will be the instructor for the course, and Mrs. Emma Guenther will be the interpreter in German. Mr. Rogers teaches remedial English at the High school.

A small class from Wayne will combine with the one here. Anyone caring to register may do so at the first class night or by calling the recreation office.

Another worthwhile class in the new one beginning in Group Leadership Training. Mrs. Esther Hulsing will be the mediator of this group. The speakers who have indicated their desire to be present are Dr. Howard McCluskey, Dr. Fred Stevenson, Professor William C. Morse and Professor William C. Robinson.

This course will be for 8 weeks and be conducted from 7 to 9 each Thursday beginning January 24. The purpose of such a course is to enable people to become better leaders in local affairs. The last class will be a tea and a summary of the course and will be sponsored by the Plymouth Woman's Club. It is hoped that each organization in Plymouth has a (Continued on Page 3)

Large piles were stacked in the postoffice each day. Mr. Timpona says that next year it will be necessary to find property to handle all the parcel post.

This year the extra help hired was twice that of the regular force. A night crew worked from 3 p.m. to 11 p.m. each day.

Mr. Timpona said, "I wish to thank all the residents of Plymouth and vicinity, for the consideration and patience displayed during the rush season. We did our level best to get the mail delivered promptly."

Plymouth city police have cleared up an indecent exposure case that has been worrying residents of the Harvey, Penniman, and Church area for many months.

Many complaints have been received from frantic mothers and young girls concerning the actions of this pervers. Last week the police arrested a juvenile boy who admitted all the indecent exposure cases for which complaints had been received.

With the arrest of this boy it is hoped that all cases of this type will cease in the city.

A wise and progressive move was made by the City Commission last week when they announced that a joint planning committee had been formed with the city Planning Commission for the ten year period ahead. This move may mean much to our rapidly growing city. Two men from the City future Planning Commission and two from the Planning Commission have been named to consider what, and how, necessary improvements can be made to benefit our community.

George Bauer and Ernest Henry will represent the City Commission and Ezra Rotnour and Sidney Strong will be the members from the Planning Commission.

It will be the work of the new joint planning committee to recognize the needs of our community, and how to finance those improvements recommended. They shall have to solve such questions as: What improvements deserve priority—sidewalks, parking lots, streets, etc.; Whether to use blacktop on residential streets or will it be cheaper to put in cement or asphalt; What to do with the old streets that are beginning to break up—recap them or blot with chips. They will have to contact interested cement and asphalt contractors and find out which is cheaper.

With the present assessed valuation of property in the city of Plymouth at \$12,181,000, the bonding power for special assessments can be 3 percent or \$364,426.50 for the first year with the city share of 20 percent reading \$72,885.30. The second year it can be 2 percent or \$242,951.00 with the city share set at \$48,590.20.

The repayment schedule of bonds for the first year would be nothing; the second year there would be \$36,442.65 in principal due and \$9,110.66 in interest at the rate of 2 1/2 percent; the third year and thereafter the due principal would be \$60,737.75 and the interest \$15,184.44.

City Manager Albert Glassford and City Engineer Stanley Glassford have worked for many improvements in the city of Plymouth in various ways. These are by no means all. The city authorities realize that times change, demands have to be met.

Some of the city projects needed are: General Street Lighting Improvements—method of financing could be from the General Fund; Parking Lots—\$60,000 from Revenue Bonds and \$5,000 special assessments for alley; Central Lot Extension, land, building acquisition, storm sewer, gravel, blacktop—\$50,000 revenue. Aliens Register; Postal Rates Up

Postmaster George Timpona says that all the aliens living in this area haven't registered as yet. The government has set the time between January 1 and 11, 1952, to register at the postoffice.

The Internal Security Act recently passed requires all aliens to register now. Cards for registration are available at the postoffice. All items must be either typed or printed in ink or indelible pencil. They should not be mailed, but returned to the clerks at the post office window.

Mr. Timpona also says that there has been an increase in many items this year. Penny postcards will be two cents now. Special delivery fees for first class mail under two pounds will be 20 cents. Fees for all other classes start at 35 cents. Registered mail will cost 40 cents for the first \$5 worth, ranging up to \$1.75 for mailing valued at \$1,000.

Domestic insured mail will cost five cents for the first \$5 worth of insurance. Fees for unregistered COD mail start at 30 cents for the first \$5 in collections. The post office will charge 80 cents for registered COD mail up to \$10 in the amount collectible. Books, catalogs, seeds, bulbs and plants weighing up to eight (Continued on Page 3)

Shirley Aitchison Bride of Cpl. Noel Litsenberger

The First Presbyterian church was the scene of the lovely candlelight ceremony uniting Shirley Aitchison and Cpl. Noel Litsenberger on Saturday evening, December 15. Shirley is the daughter of Mr. and Mrs. Charles Aitchison of Forer avenue, Detroit and Noel's parents are the M. S. Litsenbergers of York street, Plymouth.

The Reverend Henry Walch officiated at the eight o'clock rites before the altar flanked with large bouquets of white baby mums, white gladioli, palms and lighted tapers. Preceding the ceremony Nester Sibbold sang "The Lord's Prayer", "I Love Thee", and "With This I Thee Wed". Fred Nelson, organist, played the nuptial music.

Shirley, who was given in marriage by her father, approached the altar in a white floor length Bohemian lace gown and fingertip length veil held with seed pearls and orange blossoms. She carried a white Bible centered with white orchids.

Mrs. Nancy Schoultz was the bride's matron of honor. She wore a floor length gown of shrimp colored lace and wore a matching tulle bonnet. She carried tea roses and baby mums in a basket arrangement. Miss Barbara Litsenberger, sister of the bridegroom and Miss Marry Lou Austin, the bridesmaids, both wore floor length gowns of pale blue lace and satin bonnets. Their flowers were like those of the matron of honor. Miss Joanne

Engle, the flower girl, wore a gown of pale yellow with shrimp trimming and made of taffeta. She also carried a basket arrangement of flowers.

Cpl. Dwight Eckler served Noel as best man and seating the guests were Cpl. Douglas Blunk and Donald Zander.

Mrs. Aitchison selected a rose colored floor length crepe gown with flowered hat and elbow gloves. Mrs. Litsenberger was in a floor length gown of toast colored lace with a brown feathered hat and beige elbow gloves. Both mothers wore rose corsages.

Following the ceremony a reception for 200 was held in the Rosedale Gardens Club house. Guests were present from Detroit, Northville, Pontiac, Akron, Ohio, Unionville, Merrill, Dearborn, Lincoln Park and Plymouth.

Cpl. and Mrs. Litsenberger left for Chandler, Arizona where he is stationed at Williams Air Force Base. For their wedding trip Mrs. Litsenberger selected a gray suit with black accessories and the orchids from her bridal bouquet. Both young people are graduates of Plymouth High School with the class of 1948.

Schools Receive Funds From Michigan Bell

The Michigan Bell Telephone Company today revealed that \$11,400 of its state property tax this year was allocated to the public school system of Plymouth.

George P. Hartick, manager for the company, said the amount was Plymouth's share of Michigan Bell's total tax contribution of \$5,682,000 into the state's Primary School Fund.

Schools throughout Wayne County, including the city of Plymouth, received a total of \$2,300,000 from the company's tax payments.

Hartick said the payments were based on a school census of 2,540 in Plymouth and 507,000 in Wayne County as compiled by the State Department of Public Instruction. The company's total tax allocation this year, largest on record, amounted to \$4.49 for each of the 1,490,000 youngsters in the state between the ages of 5 and 19 who are on the census rolls.

Michigan Bell is the largest single contributor to the Primary School Fund. In common with railway express, telephone and other telephone companies, Michigan Bell pays a state property tax earmarked for the Primary Fund in lieu of other property taxes.

Sidewalks Must Be Kept Clean

Many complaints have been called in to the city hall about sidewalks not being cleaned.

City Manager Albert Glassford says the city ordinance on negligent sidewalk cleaning states that each property owner is responsible for keeping the sidewalk clean on his property. If the property owner fails to do so, then the city can hire someone to do it and charge it to the property owner.

That is just what is going to happen unless the sidewalks are kept clean. The most abuse comes from people owning vacant lots who never keep the sidewalks clean.

Mr. Glassford says if it is snow, it should be shoveled off, and if it is ice, salt should be placed on the ice to melt it.

It is the property owner's responsibility to the city and to his fellow citizens to keep the walks clean.

In Los Angeles, Jacqueline Sisson, suing her hairdresser, declared that scalp burns suffered while getting her hair done had "impaired, retarded and affected her psychic powers to read musical tunes in the minds of her audience."

THE REVOLUTION OF THE AUTOMOBILE

By Marguerite Nickelsen

Do you need your car today? Could you get along without your family automobile for a week? A month? Look around, next time you drive to your shopping center and park at your favorite store to shop for the week's groceries. You'll notice, if your center or market is typical, that a large parking lot is a vital need.

That parking lot is evidence of a tremendous change that has come over American life in the past 30 years—most of this revolutionary change, in fact, in the past 20 years.

It's a change wrought by the essentiality of the automobile in today's American life. Automobiles are mobility—transportation in a basically necessary form. Figures made public by the National Automobile Dealers Association prove it:

About 71 per cent of all American families depend on their cars for necessary transportation and in everyday American life, more than 52 per cent of an automobile's use is for the purpose of making a living.

Believe it or not, more than 13 million people live out of reach of any kind of public transportation—depending entirely on their automobiles.

One out of every four American children gets to school and back by automotive power.

That old dream of millions—a little place in the country—has become a reality for many of us, who can now get to town easily for work or shopping. Modern shopping centers in rural and suburban areas are direct evidence of this spectacular change.

The astonishing reality today is that automobiles have upset an entire philosophy of business—the philosophy that used to dictate city dwelling and the centralization of business in metropolitan areas.

Look at the great defense plants and other industrial plants for more evidence of that. You'll see thousands of cars parked around them—cars of employees who no longer have to live in the shadow of the factory and walk to work.

Think how often you use your family car for essential transportation in a single day—work, school, shopping—and then ask yourself that question: "Could you get along without your car for a week . . . a month?"

It's wise to take good care of your car—take it to people who know it best, the new car dealer who sold it to you—for maintenance that will keep it in safe operating condition.

Then you'll never be forced to do without it.

Sound motion picture of "The Face in the Mirror."

The second session which will come the following Wednesday will bring in greeting the customer needs, displaying the merchandise and a sound picture titled "The Thins People Want."

The last session will conclude with Meeting customer objections, Closing the sale and Suggestions selling.

It is hoped that all sales people in Plymouth take advantage of this splendid opportunity to learn modern sales problems.

Anyone interested please call 2075 and register.

Christmas Seals Still Available

There is still time to buy your double-barred cross Christmas Seals. If you have not already acknowledged your Christmas Seal letter do so now. For those who did not receive their Seals through the mail, dispensers are available throughout the city of Plymouth and Wayne County and Seals may be purchased at the TB and Health Society's office at 153 E. Elizabeth, Detroit, in room 215.

The 45th annual double-barred cross Seal Sale is still \$65,000 short of the goal. Your Christmas Seal purchases finance a 12 month campaign to wipe out tuberculosis through health education, case-finding and rehabilitation services. This TB prevention and control program is an important one. Buy your double-barred cross Christmas Seals today.

ounces will cost two cents for the first two ounces, one and a half cents for each additional two ounces, one cent for each additional ounce.

Parcel Post parcels mailed from first class offices will be limited in size to 72 inches in combined length and girth.

They must weigh no more than 40 pounds to first and second zones, and a maximum of 20 pounds to third through eighth zones.

There are a few exceptions, including agricultural products and mailing to the armed forces.

Every human foot consists of 26 small bones held together by numerous ligaments and muscles. Blood vessels and nerves are interwoven. If there is strain on any of the muscles or bones the entire foot aches. Unless a better fitting shoe is obtained there can be pain in the thighs, hips, spine or back. Also upset nerves.

Mailing Increase to Raise Out of Town Subscription Rates

Increased mailing rates, effective January 1st, will make it necessary to increase Plymouth Mail out of town subscription rates on that date. City and rural residents and any having Plymouth postal addresses or anyone buying their papers in stores will not be affected by the increase.

Every effort is being made by The Mail to keep the cost of the paper to subscribers at its present rate which has been in existence for nearly 20 years. New second class mailing rates however, which will become effective on January first, have necessitated the increase to cover mailing costs of the paper. Foreign rates will also be increased in proportion to additional costs in mailing.

Papers carrying a Plymouth address will remain at \$2.00 per year. Those with out of town addresses will be \$3.00 per year after January 1st.

NOTICE

The business of the William Wood Insurance Agency, Inc. will continue under the direction of Mrs. Florence Wood.

Dated December 21, 1951.
JAMES H. SEXTON,
Judge of Probate.
Published in The Plymouth Mail once each week for three weeks successively, within thirty days of the date hereof, to-wit: Dec. 27, 1951, Jan. 3-10, 1952.

TO THE SUPERVISOR AND HIGHWAY BOARD OF THE TOWNSHIP OF PLYMOUTH, WAYNE COUNTY, MICHIGAN.
You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting of said Board held on December 6, 1951, decide and determine that the streets described in the minutes of said Board should be County roads under the jurisdiction of the Board of County Road Commissioners of the County of Wayne, Michigan, at 10:00 A.M., Eastern Standard Time, Thursday, December 20, 1951.
Present: Commissioners O'Hara, Wilson and O'Brien.
Commissioner Wilson moved the adoption of the following resolution:
BE IT RESOLVED by the Board of County Road Commissioners of the County of Wayne, Michigan, that the following described roads, be and they hereby are, taken over as county roads and made a part of the county road system of the County of Wayne:
All of Amberst Court, also all of Nicholas Lane, as dedicated for public use in Plymouth Hills, being a subdivision of part of the S.E. 1/4 of Section 28, T18S, R9E, Plymouth Twp., Wayne County, Michigan, as recorded in Liber 73 of plats on page 43, Wayne County Records, and constituting a total of 0.907 mile of county road.
The motion was supported by Commissioner O'Brien, and carried by the following vote: Ayes, Commissioners O'Hara, Wilson and O'Brien; Nays, None.
THIS NOTICE IS GIVEN UNDER AND BY VIRTUE OF ACT NO. 283 OF THE PUBLIC ACTS OF 1909, AS AMENDED.
In testimony whereof, I have hereunto set my hand at Detroit, Michigan, this 13th day of December, A.D. 1951.

Services Held For C. H. Rathburn Sr

Masonic services were held Saturday, December 29 at 2 p.m. from the Schrader Funeral home for Charles H. Rathburn, Sr. who passed away early Thursday morning, December 27 at his home 1239 Pennington avenue. He was 90 years old.

Surviving are three daughters and two sons, Mrs. Clara Armstrong of Detroit, Clarence Rathburn of Plymouth, Mrs. Lila Carpenter of Detroit, Kenneth Rathburn of Northville and Mrs. Hazel Folks of Tulsa, Oklahoma, also surviving are two sisters, Mrs. Kate Gumore of Detroit and Mrs. Mamie O'Brien of Dexter, 12 grandchildren and 13 great grandchildren, other relatives and a host of friends. His wife, Mary A. Rathburn preceded him in death on September 16, 1946.

Mr. Rathburn lived all his life in Livonia and Plymouth Township. For the last 31 years—he lived in Plymouth. He was a member of one of Plymouth's pioneer families, his father, Abraham Rathburn served in the Civil War. Mr. Rathburn was a life member of the Plymouth Rock Lodge No. 47 F. & A. M.

Rev. Henry J. Walch, D. D. officiated. The services were under the auspices of the Plymouth Rock Lodge No. 47 F. & A. M. Hymns were rendered on the organ by Mrs. Edna O'Conner. The active pallbearers were Charles Armstrong, James Ross, Donald Armstrong, Howard Sharpley, Kenneth Rumohr and Fred Hadley. Interment was in Newburg Cemetery.

DeWayne Becker was high point man for Tait's with 12 baskets and 2 free throws good for 26 points. John Sandmann had 16 and Paige 17 for the winners.

Play in this league was suspended over the holidays, but will be resumed tonight.

Daisy Beaten by LaFontaine Five The kind of a game the spectators like to witness was played between two evenly matched teams last Thursday and LaFontaine edged Daisy 55 to 48.

The score was close all the way with the winners enjoying a lead of 25 to 18 at the half. The Daisy boys rallied in the third quarter and came within one point of tying up the game when they were behind only 41 to 40, but in the final quarter the winners spurted again and emerged the victor.

Phil Jacobus led the losers with 20 points; Don Huebner had 12. Hall led the winners with 19 points.

MAKE YOUR MENUS more interesting with seasonal foods. With them you can have flavor and color appeal, variety and economy.

Use both pumpkin and squash for making pies for dessert. Both of them take to a trimming of whipped cream, a dusting or shaving of maple sugar and then a sprinkling of toasted nuts—walnuts, pecans, or almonds.

Baked squash can make your supper for you if you fill the hollow of the squash with bulk sausage formed into balls and pop those in about a half an hour before the squash finishes baking.

Have oysters? Stuff them! Chop oysters very fine then mix them with egg yolk, thicken with bread crumbs and add a bit of cream, salt and pepper. Fill buttered shells with the mixture and brown in the oven.

RECIPE OF THE WEEK Butter Fingers (Makes 60) 1/2 cup shortening 1/2 cup butter 1/2 cup sugar 3/4 cup black walnuts, finely chopped 1 1/2 cups sifted flour 3/4 teaspoon salt

Mix together thoroughly the shortening, butter, sugar and nuts. Sift together flour and salt and work well into creamed mixture. Shape into small finger lengths and bake in a slow (325 F.) oven about 14 minutes, until just golden colored. While warm, roll in confectioners' sugar. Cool and roll in the sugar again.

Poultry or cheese sandwiches for a quick supper taste more delightful if you spread some of that cranberry relish left from the holiday dinner over the meat or cheese.

Raw cranberry relish is excellent when mixed with cream cheese and then formed in balls. Serve on lettuce for a lovely salad.

Any of your ham and sausage casseroles will be more tempting if you pass some apple butter or apple jelly with them. Peach-plum or just plum jelly is excellent with chicken or wild fowl.

If you're broiling your chicken or turkey for a special occasion, pass rich cream sauce with it for those who like gravy.

Grange Gleanings

Happy New Year to everybody! And let us all turn over a new leaf and resolve to attend the Grange meetings more often. The only way that we can have an interesting, successful organization is for each and every member to help to make it so.

Our Christmas party was a pleasant little gathering with Santa Claus, a tree, gifts, etc. It was such a very bad stormy night we were very happily surprised to have as many there as there were.

Our meeting tonight will start off our New Year with a visit from our County Agent, Mr. Biebesheimer, also colored pictures, shown by Mr. Schrader of West Warren road. Supper as usual at 6:30.

The new officers will take their places at this time so here's hoping there will be a good crowd to welcome and encourage them.

Motorist Urged to Drive Carefully

"Happy New Year," Chief of Police Carl Greenlee, told all his visitors Tuesday, "and see that you keep it that way."

The chief said he was thinking about the fact that January and February, the two worst weather months of the year, are right ahead.

"The latter part of December, the millionth person died in a traffic accident," he said. "If your relative or friend had been that millionth person, it wouldn't have been a very happy New Year for your family, and if it had been a stranger, who died in an accident in which you were involved, it wouldn't have been a happy New Year for you. Keep your New Year happy and safe."

Again the chief stressed the following facts of driving during snow and ice conditions: Get the "feel" of the road when starting out by applying your brakes gently when no other vehicles are near. Adjust speed of vehicle to weather and road conditions.

Be especially careful at school zones, intersections, crossings, curves, and bridges. Use tire chains. Be sure your windshield wiper blades clean without dangerous smear, and that defrosters are working. Never jam on the brakes to stop on slippery streets. Pump your brakes to avoid throwing the car into a skid.

Fish Sparring Becomes Legal

Many Plymouth ice fishermen have readied their ice shanties and will be moving them into place on the inland lakes of Michigan. Sparring of fish became legal on January 1. Hook and line fishing is now legal. Fishermen are reminded that new licenses are required for 1952.

Sparring for northern pike, carp, suckers and other species is permitted during January and February on certain trout waters. Brevort Lake in Macinae county, Otsego Lake in Otsego county and Houghton Lake in Roscommon county are closed to any type of sparring.

Most inland lakes now have ice thick enough for safe fishing. Good catches by hook and line have been reported in Houghton Lake where the ice is six inches thick.

Ice is thicker than usual this year on our own lakes around this area, and many local men have come back with good catches.

Ice should be checked as a matter of routine caution, however, particularly on lakes with spring fed streams and during thaw periods at any locations.

Conservation department regulations require ice shanties to be plainly identified on the outside with the owner's name and address in two-inch or more insoluble letters.

ST. JOHN'S EPISCOPAL CHURCH, Harvey & Maple Sts. Rev. David T. Davies, Rector. 861 Williams street; Phone 2308. Feast of the Epiphany, January 6. In the Church Calendar, January 6, which falls on Sunday this year, is known as "The Feast of the Epiphany" or the Manifestation of Christ to the Gentiles. It is also referred to sometimes as "Twelfth Night" which marks the close of the Christmas observance.

"Epiphany" is a Greek word meaning "manifestation" or "showing forth." The alternate title reminds us that the Wise Men were the first Gentiles to worship the Christ Child. The two accounts of the Nativity as given by St. Matthew and St. Luke indicate that there were two separate groups of visitors to the Christ Child; first, the humble Jewish shepherds who were watching their sheep on the hills in the immediate vicinity of Bethlehem; and second, the wise and influential strangers from a distant land who arrived some time later. Their mysterious leading by a star was the first intimation given that the Messiah was to be the Saviour, not only of the Jews, but of the Gentiles as well.

As an event in the Christian Year, it began to be observed by the eastern Christians and, at first, there was some confusion between the two feasts of Christmas and Epiphany. In some places there were observed together; gradually they were separated, the emphasis for Epiphany being placed on the Baptism of our Lord as the manifestation of His unique mission at the beginning of His ministry. Epiphany moved into the West in the Fourth Century and has had its place in the Church Calendar from that time on. But in the West, the emphasis centered on the incident of the Wise Men as the earliest manifestation of Christ to the Gentiles. In either case, the missionary motive predominated; Christ was born into the world for people of all races and of all ranks of life, and it is the business of the Church to see to it that He is so presented. Sunday Services: 8:00 a.m. Holy Communion; 9:30 a.m. Family Service and Instruction including Class for parents; 11:00 a.m. Holy Eucharist and Sermon. Winter Kill of Fish Expected High

"Winter kill" of fish will be a more serious threat this year if the early winter season heavy snows continue, and blanket lake covers for any length of time, the conservation department points out.

Department found it necessary to open only a few lakes to emergency harvesting last year.

Winter kill is suffocation of fish that occurs when the dissolved oxygen in the water gets extremely low. It is more apt to happen in shallow, no outlet lakes which are rich in vegetation—after much snow has sealed out sunlight for weeks or months. Without light, the plants fail to produce oxygen, and take up oxygen as they decay. Further decreasing the supply for fish. Frequently, losses are not apparent until the ice has disappeared in the late winter or early spring.

Several methods have been tried to ease the winter kill threat but none have proved to be practicable.

In Chattanooga, Ella Johnson explained why she had stabbed her husband. "He talks too much."

Recreation Dept. Classes

Women's Swimming—The next swimming class which will start on January 9 has been filled. Registrations for the next class starting in March may be made at the recreation office by calling 2075.

Women's Bowling—Bowling for all interested women will continue as usual on Thursday afternoons from one o'clock until four o'clock.

New classes in Ceramics, Woodworking, Rug hooking, Bookkeeping, Blue Print reading, English, Public speaking, typing and Leadership training will start after January 14.

Women's Gym Class—All women who would be interested in having an hour of fun every Monday night for 8 weeks beginning January 14 please call 2075. Chris Witwer will conduct the class.

In Dallas, Mrs. Minnie E. Cope won the Texas State Fair's husband-calling contest, explained her technique: "I just imagine he's an hour late for supper and I have spied him talking to a pretty woman."

Winter Fishing Rules Revealed

The only major change affecting winter fishermen, the conservation department says, is the strengthened anti-rubbish law.

Using the top or bottom of a lake or stream as a public waste basket now is published as a misdemeanor. Too many ice anglers in recent years have been dumping cans, bottles, papers and unused food on the ice, which eventually melts causing the rubbish to fall into the water. Some of the debris floats shoreward creating eyesores and summer bathing hazards.

Large and smallmouth black bass cannot be taken after December 31, but bluegills and sunfish can be fished on all the inland non-trout lakes through March 31. There is no closed season on these waters for taking yellow perch, crappies, rock bass and lake trout.

Winter anglers can fish for walleyes, northern pike and muskellunge through March 15. Special seasons on the Great Lakes and connecting waters and open dates on certain waters can be checked in the new fish law digest.

Pan fish limit is 25 except that any combination may not include more than 15 bluegills. The maximum on walleyes, northern pike and the large and smallmouth black bass is five, singly or combined. Two is the limit on lake trout on inland waters and there is no limit on muskies. Any size pan fish are legal. Minimum size on other species: muskies, 30 inches; northern pike, 14; walleyes, 13; and large and smallmouth bass, 10 inches.

Rabbit Season in This Area Ends

Rabbit hunting ceased in the southern third of the state last December 31, but continues in the other regions.

Both cottontails and snowshoes are legal game through January 31 in the northern lower peninsula region and through March 1 in the upper peninsula.

The Conservation department has recommended legislation to lengthen the season in the southern lower peninsula to January 31 and to start the northern lower peninsula hunt on October 1 instead of October 15.

Twelfth Night Service to be Held

Twelfth Night program will be presented by the Plymouth Ministerial association on Monday, January 7, in the back of the high school. The fire and recreation departments are cooperating in the project.

The program will begin with a prayer followed by the story of the three Wise Men and the burning of the Christmas trees with the singing of Christmas carols for the last time.

The Ministerial association plans to make this program an annual affair.

The public is invited to attend.

Graveside Services Held for Infant Twins

Graveside services were held Friday, December 28 at 11 a.m. at Riverside cemetery for the Salow infant twin baby girls who passed away December 25 and December 26. They were the daughters of Harold and Beverly Salow who reside at 15670 Newburg road, Livonia.

Harold is serving in the U. S. Army, and is stationed at Augusta, Georgia.

Besides their parents, they are survived by their grandparents, Mr. and Mrs. Edward Salow and Mr. and Mrs. Harvey Jahn, all of Livonia.

Rev. Theodore Sauer of Livonia will officiate.

Tips For Making Farm Shops Safe

Farm shops may be safe places to work or they may be accident and fire traps.

With this in mind, David G. Steinicke, extension specialist in health and safety organization, calls on Michigan farmers to remodel, rearrange and clean up their workshops now during the winter. This little extra effort may save you a finger or serious fire, he believes.

Steinicke lists these ways to make your farm shop safer. Reserve one side of the shop for repairing large machines. Paint the interior with a light color and use large windows to improve lighting. Have a definite storage space for tools and supplies to keep everything in its place.

Steinicke also advises against using gasoline or fuel oil for washing mechanical parts where there are open flames. And do not leave waste and oily rags to accumulate. Check heating stoves, pipes and chimney outlets. He points out that defective chimneys are a main cause of winter fires.

Use guards over moving pulleys and belts of power machinery. Don't wear loose clothing while working with power equipment. Keep goggles handy to protect your eyes.

As a final reminder he says to have a place for everything and to keep everything in its place.

Trapping Season Ended Dec. 31

With few exceptions, the conservation department points out that the last of the seasonal trapping of protected furbearers came to a close December 31.

Through January 31, trappers still can take skunk and badger in any part of the state, and muskrat and mink in a portion of the Lake Erie marshes. Mink can be hunted but not trapped in the lower peninsula through January 31.

Furs on hand must be reported to the department within five days after the end of respective open seasons in which they were taken. With a permit, issued by the local conservation officer, the furs may be held indefinitely. When pelts are sold or shipped later, part of the tag is detached and mailed to the department.

If you are making drip coffee for a community meal place the drip grind coffee in a bag. Slowly pour the boiling water over it. When all the water has been poured over, pour through again half of the brew to give a little more strength and a fuller flavor. Remove the grounds as soon as the coffee has dripped through.

Forest Fires Hit New Low in 1951

Forest fires hit a new low in 1951, shattering the 1950 record prevention mark.

Continuation of the intensified prevention campaign paid off again with forest firemen holding 671 fires to 4,317 acres damage as compared to 873 fires which burned over 5,606 acres in 1950. Prior to 1950, the best previous showing was in 1941 when 1,604 fires blackened 10,643 acres.

M. M. Bergman head of the department's forest fire staff, says state forest firefighters received above average cooperation of the press, radio, television, theaters and magazines in bringing the fire warning to public attention during the year. For the second year in a row, over 300 dailies and weeklies printed special fire prevention reminders with the Bay City Times given credit for the top individual newspaper job.

The revised brush permit law was strongly enforced in the spring and fall high hazard periods. Most of those fires which did get started were quickly put out by well trained and equipped suppression crews.

Causes and costs of 1951 fires now are being compiled. The report is expected to show the cigarette-tossing motorist still is forest enemy number one.

UNCORKING THE NEWS

By Carl Peterson

Well, here's a successful 1952 to you! One thing about a new year . . . it starts off with no strikes against it, and it's up to us all to do our best to make it a better year than the one we just tucked away. If every one of us tried to make the coming year better in every way . . . in our homes, our businesses, in all our relations with each other . . . the effect would be felt all the way up the line to our national and international affairs. A smile and a kindly word may set off a chain of reaction that doesn't stop until it covers the entire world. Anyway, it's really worth trying.

In Worcester, Mass., Evelyn Hair and Aubrey Pulling took out a marriage license. Hair-Pulling . . . that's really bringing matrimonial matters to a head. Now we'll let someone else discuss matrimonial matters. But if you've got any other kind of problems, stop in and let us help you uncork them. Sometimes we are right on advice, but we've never been wrong on a prescription. Peterson Drug, 840 W. Ann Arbor Trail, Phone 2080.

Exciting Recipes For Your Next Tea Party

Cranberry Tea Sandwiches
A gathering of neighborhood friends for afternoon tea provides a welcome relief from the tasks of the day.

Dainty cranberry sandwiches which are quick and easy to prepare add a party touch to the meals. To make them, blend cream cheese with strained cranberry sauce and whip with a rotary beater until smooth. Use the spread for double or open-face sandwiches, and cut the bread into interesting shapes with a cookie cutter for added glamor.

Pineapple Juice Chiffon Tarts
A pineapple sponge cake and meringues are other recipes which are good for those afternoon teas. They are not difficult to make and add glamour to what may otherwise be "just another tea."

Pineapple Juice Chiffon Tarts
1 envelope unflavored gelatin
1/2 cup pineapple juice
1 teaspoon lemon juice
1/2 teaspoon salt
1/2 cup sugar
2 eggs, separated
1/2 cup grated lemon peel
6 hard and cooled pecan pastry shells

Soften gelatin in 1/4 cup of cold pineapple juice. Heat remaining juice, lemon juice, salt, and 1/2 cup of the sugar to boiling. Stir in gelatin until dissolved. Beat egg whites; add a little of the hot mixture and mix well. Combine with remaining hot mixture. Chill until slightly thickened. Stir in lemon peel. Beat egg whites with remaining sugar until stiff; fold into gelatin mixture. Pour into pastry shells. Chill until firm. Garnish each tart with a border of chopped pecans and serve with sweetened whipped cream if desired. 6 servings.

Pecan Pastry Shells: Add 1/4 cup finely chopped pecans to the dry ingredients for 1 recipe of pastry (using 2 cups flour). Make into tart shells. Bake in a very hot oven (450 F.) about 10 min.

Date Fills
1 lb. pitted dates or prunes
1/2 cup granulated sugar
1/2 cup light corn syrup
1/2 cup orange juice

Give Towels Longer Life

If you were fortunate enough to receive gifts of towels at Christmas you will want to make them last as long as possible.

You are not "saving" linens by storing them year after year. Long storage without laundering may cause the fabric to weaken because the dust, smoke or moisture in the air makes a combination which can harm your towels while they are supposedly "just resting" on the shelf.

Rotting towels helps, too. So when you put away the freshly laundered towels stack them at the bottom of the pile. This gives the other towels their turn at the wear which frequent laundering causes.

Watch the wear on s-l-y-a-g-e. You can stop fraying there by machine stitching the edges several times. Mending snags in towels before they go into the laundry is good mending.

Every thrifty homemaker knows that towels will wear longer if washed before they become too soiled. This means less rubbing and no bleaching.

If you use a bleach in laundering towels follow the exact directions on the container. A thorough rinsing is absolutely necessary because strong bleaches will weaken fabrics.

Freezing on the line is especially harmful to linens. Strong winds may whip the fabrics more than they can stand—bring towels in as soon as they are dry unless the day is calm and sunny.

Save your towels and your time by refusing to iron Turkish cloths or towels. Lining mats the loop in bath towels and makes them less absorbent.

Avoid mildew by drying all soiled towels before placing them in the laundry basket or hamper. Often mildew, which doesn't show, is present and weakens the fiber.

Try Nuts in Your Pies

Instead of the usual pie crust, nuts and plain ordinary sugar make a pie base that's just packed with proteins and oh so-o-o delicious.

Grind up very fine one and a half cups of blanched almonds or Brazil nuts. That is, there should be one and a half cups after the nuts are ground. Mix the nuts well with 3 tablespoons of granulated sugar.

Now with the back of a spoon press the nuts and sugar mixture to the bottom and sides of a nine-inch pie plate—right up the rim. Bake in a moderately heated oven at 400 degrees Fahrenheit for about eight minutes or until lightly browned. Then cool.

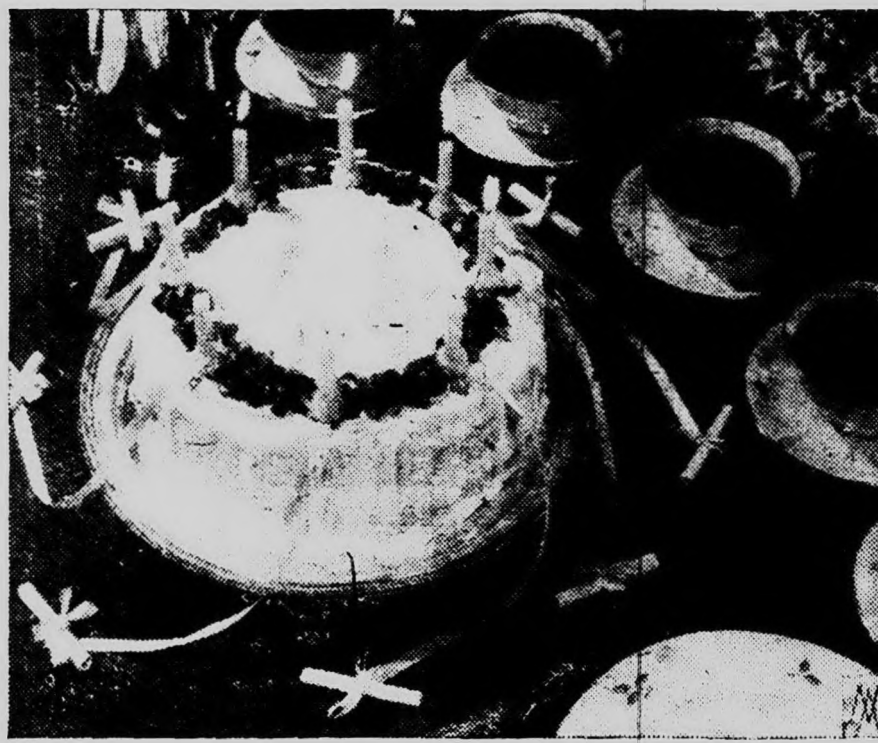

This Nut Piecrust is especially good with Lemon Chiffon filling, Buttered Chiffon or Chocolate Chiffon, or a Nesselrode pie filling. Any of these can be put into the Nut Piecrust and chilled until set.

This Birthday Cake Is Unusual As Well As Delicious

This cake is a real beauty and its beauty isn't merely frosting-deep, either. Inside, the cake is golden and moist. Outside, it's a pink with a festive wreath of fruits and nuts. Best of all, it's good to eat.

About the candles—it's our theory that birth certificates have no place at a birthday party, so we have one candle for each guest instead of a candle for each year. For fun, there's a little scroll with a bit of verse or a fortune hitched to every candle. To make the picture complete, have plenty of rich hot coffee, too. Fill the cups, and in the candles' glow, let good friends think to the guest of honor. Such are the moments all of us remember and cherish.

Ingredients:
3 teaspoons baking powder
1 cup milk
1 teaspoon vanilla
Boiled frosting, tinted pink
3 dried figs, chopped fine
1/4 cup seedless raisins
1/4 cup finely chopped dates
1/4 cup broken pecan meats
1/4 cup finely chopped maraschino cherries
Cream shortening and sugar.
Add eggs, one at a time, beating well after each addition. Mix and sift flour, salt and baking powder. Combine milk and vanilla. Add flour mixture alternately with milk to egg mixture. Pour into two greased, and floured 9-inch layer cake pans. Bake in moderate oven, 375 F., 35 to 40 minutes. Cool 5 minutes in pans. Remove from pans to cake racks. Prepare boiled frosting, tint pale pink. Combine fruits and nuts and add about half of this mixture to one-third of the frosting; spread between layers. Frost top and sides with remaining plain frosting; garnish with wreath of remaining fruits and nuts. Decorate with small candles.

Try Ground Beef En Casserole

Meat loaves and patties are not the only dishes you may prepare from ground beef. Casseroles are one more tempting use of ground meat.

For a quick casserole, combine browned ground beef with minced onion. Moisten the meat with tomato soup and slowly simmer for a few minutes. Then top the casserole with drop biscuits or form a complete biscuit crust over the dish and cook in a 450 F. oven for 12 to 15 minutes, or until the biscuits are baked.

Another first in casseroles combines ground beef with spaghetti. Again after browning the meat, combine it with minced onion and with cooked spaghetti. Complete the combination with mince-cream soup. Or, if you prefer, use canned spaghetti and tomato sauce to make the dish, cover and cook in a moderate oven for 30 to 45 minutes.

Although close to the patty form "porcupines" may be a dish you have overlooked. In this case, combine ground beef with bread crumbs, onion, salt and paprika. Form the meat into balls and then roll in rice, pressing the rice firmly into the meat mixture. Place the rice covered balls in a pan, pour diluted condensed tomato soup over them, cover the utensil and let the porcupines slowly simmer for about 45 minutes.

In Toronto, William Bray, arrested for beating up a total stranger, explained to police that he got the wrong address: "I was looking for one of my wife's relatives."

Use Cream Puffs as Main Dish

Cream puffs are the homemaker's lucky find. They've stepped out of their totally dessert role and are that "something special" for main dish serving too.

When company is coming, serve the tender puffs with creamed ham touched with strips of bright pimiento and mushroom caps. Or serve with creamed veal with peas added just before serving.

Contrary to what many persons think, cream puffs are quite easily prepared. Simply add 1/2 cup of lard to one cup boiling water to which 1 teaspoon of salt has been added. Bring to a boil. Add 1 cup of flour all at once and stir vigorously until a ball forms in the center of the pan. Let the mixture cool, then add 4 unbeaten eggs, one at a time, beating after each addition until the mixture is smooth. It should be quite stiff. Shape on a greased cookie sheet and bake in a hot oven (450 F.) for the first 15 minutes, (to allow to puff), then reduce the temperature to 350 F. and bake for about 30 minutes (allowing the puffs to dry out.)

For variation in dessert type puffs, serve them with a dip of ice cream and top with rich chocolate sauce. Chocolate and mint are always a favorite. For a change, fill the puffs with a chocolate custard filling and top with whipped cream, lightly flavored with mint. Cream puffs made in miniature form become a conversation piece for your hors d'oeuvre tray. Or fix the batter by teaspoonfuls in deep hot lard for Queen fritters to accompany your dinner roast.

In Atlantic City, N. J., an advertiser offered to let a modern, two-story house for \$40 a month, made only one stipulation: "Tenants must live in accordance with American Sunbathers' Association requirements."

Squiers-Barnes Rites Read At Martha Mary Chapel

At an 8 p.m. service on December 12, Joyce Elaine Squiers became the bride of Robert E. Barnes. Joyce is the daughter of Dr. and Mrs. A. W. Squiers, of 16045 Warwick, Detroit, and Robert is the son of Mr. and Mrs. John R. Barnes of 15540 Robinwood.

The bride was given in marriage by her father and Dr. W. P. Lemon, from Ann Arbor, officiated at the ceremony held at the Martha Mary Chapel in Greenfield Village.

Marilyn Teiler was the maid of honor, and bridesmaids were Sally Stickney, Gloria James, cousin of the bride, and Alice Elaine James also a cousin of the bride.

Philip Barnes, brother of the bridegroom, acted as best man, and Henry Wilson, Van Noy Barnes, brother of the bridegroom and Bruce Squiers, sister of the bride, served as ushers.

For her wedding Joyce chose a gown of ivory satin and lace with a rounded illusion neckline and lace sleeves. The bodice, fashioned along Empire lines, was lace over satin with long panels extending down from the front

Mrs. Robert E. Barnes

and back and with a full cathedral train. A finger tip veil of pure silk illusion, was held in place by a tiny matching lace cloche. She carried white mums centered with a white orchid.

Attendants wore gowns of net and satin in hues varying from ice blue to rose. Over their strapless dresses they wore removable bolero jackets of satin. Their bouquets were made of white pompons and sweetheart roses and they wore matching floral headpieces.

Mrs. Squiers, the bride's mother, wore a grey chiffon and lace gown with matching grey accessories and a deep purple orchid. The bridegroom's mother wore a grey crepe and matching accessories and a pale purple orchid.

A reception at the bride's home was held immediately after the ceremony.

When the couple left for their trip to the Laurentian Mountains the new Mrs. Barnes was dressed in a gray flannel ensemble with a purple hat and black accessories.

Joyce attended Pinebrook school for girls and Robert went to Gross Pointe high school and both are graduates of the University of Michigan.

JUST Browsing Around

Well the Holidays are over and we out here at MARTIN'S CHINA SHOP on Ann Arbor Road (US 12) one mile West of Plymouth, hope you all had the nicest kind of a Christmas and that the New Year will bring each and every one of you much joy and happiness. We have tried our best in the year just ended to serve you to the best of our ability and we hope to do even better in the coming year. We thank all of you from the bottom of our hearts for your loyal patronage. Some of you we know were disappointed in not finding here some of the things you wanted and for this we are truly sorry. One item in particular that so many of you called about was the Hummel Figurines. They were late in arriving through no fault of ours or the importer. But we do have a nice selection of them now and hope you will come out and see them. Another thing that we have just unpacked that so many of you have asked for are plateau mirrors for the center of your table. We now have them in various sizes. You will also find an assortment of other new items to interest you. So do come out to MARTIN'S and browse around. During January and February we will close at 7 P.M. daily excepting Friday when we will be open till 8 P.M. Phone 1943W.

Plymouth's Pace-Setting New Belvedere

Here's Plymouth's smart hardtop club coupe, the Belvedere, the pace-setter in the lowest price field with its new concepts in styling and beauty. The car has glistening, lively two-tone colors: Suede Tan with Sable Bronze top; Belmont Blue Polychromatic with Sterling Grey top; Mint Green with Black top. The color used on the roof follows the Belvedere's streamlined contours around the spacious rear window and down over the rear deck, giving the car the continental look. Sparkling chrome molding outlines the top and carries back to separate the two colors at their junction at the rear quarter-panel. The interior is luxurious, with colorful quality fabrics and vinyl blended in perfect harmony with the shades used on the exterior.

Happy New Year Old Expression
"Happy New Year," said in one way or another is probably the world's oldest and most widely used holiday greeting.
The coming of the new year has been marked and celebrated since prehistoric time. It has not always been January 1, however. Even now many people celebrate some other date.
January 1, in fact, is an arbitrary date set by the Romans before Julius Caesar established the calendar that is the basis for the date used in most Western countries.
January 1, in ancient Rome, marked the day that consuls and other officials took office. Until Caesar set things straight it was sometimes juggled considerably for the political benefit of one officeholder or another.
An error in Caesar's calculation of 365 1/4 days, however, allowed January 1 to creep away from its original astronomical place.
By 1582 when Pope Gregory XIII instituted the reformed Julian Calendar now in use, spring's first day had gained 14 days on the stars.
Gregory in 1582 ordained that October 4 be followed by October 15, thus adjusting the calendar to A.D. 325, the year of the Church Council of Nicea.
The Gregorian calendar is close to mathematical accuracy.
It makes allowance for the fact that a year is about 11 minutes less than 365 1/4 days long. It does this by inserting leap years—such as 1952—every four years, and by omitting "leap days" in the even century years divisible by 400, such as 1600 and 2000.
Practical as it is, the Gregorian calendar gained slow acceptance. The British Empire, including its American colony, did not adopt it until 1752.
Calendar reforms are frequently proposed. The Gregorian calendar is so widely used, however, that even the Chinese have in recent decades recognized January 1 for business and governmental purposes.
The Jewish New Year in 1952 will begin at sunset September 19. The Mohammedan year starts just 24 hours later. In both cases the celebration is largely religious.
A change of the Gregorian New Year's day would involve considerable difficulty.
Celebration probably would remain the same, regardless of the day. New Year's Day is celebrated all over the world, no matter whether it is January 1, September 19 or the vernal equinox.
All religions observe the start of a new year with prayer and services.

Club to Hear Panel on Germany
Plymouth Branch of the National Farm and Garden association will meet January 7 at the home of Mrs. Winston Cooper, 986 Peniman at 2 p.m. This meeting is scheduled for the first Monday of the month in order that Lawrence Reed, assistant principal of Ypsilanti high could attend.
Mr. Reed will moderate a panel discussion of life, customs, and education in Germany. Participating in the panel will be Chris Kruger, Traudl Briens, Hanz Rosenplanter, and Sophie Niemeyer.

Happy New Year Merchants Report Record Business
Plymouth merchants enjoyed one of the most successful Christmas seasons in recent years according to a survey made by a reporter of The Mail.
Most reported a better season than last and a number said it was average. No one contacted reported a decrease in sales for this season.
Some stores dealing in small Christmas gifts reported many more sales this year. Some said the number of shoppers were about the same, but the volume of business was better—if a customer had a choice between a lower-priced or a higher-priced article, most chose the higher-priced one.
A few of the many interviews resulted in the following quotations: Wendell Lent, of Davis and Lent's Clothing Store, said "This was the best season we have had in our eight years in Plymouth. Business was above last year's Christmas season by at least 10 percent."
Marshall Kirkpatrick, manager of the new Kresge Dime Store, said, "Our Christmas was excellent this year, and more than we anticipated." Mr. Kirkpatrick stated that the night business wasn't so good, and the parking situation hurt business as some of his out-of-town customers told him they had to park as far as six blocks away from the store.
Margaret Dunning, of the Dunning store, said, "Business maintained the same splendid level of a year ago."
A. Lincoln Lantz, of Blunks', Inc., stated, "The volume of business this season exceeded that of last year and was very gratifying."
One lady customer was heard to remark that she had always bought her coats in Detroit, but found that she could get just as nice a coat right here in Plymouth.

HAVE YOU HEARD ABOUT *"Milk Stimulating Factors"*

M.S.F.

Remember when APF was first discovered? It turned out to be one of the greatest advances in poultry and animal nutrition in modern times.

Now some outstanding dairy research workers feel that there are some new nutritional factors which stimulate milk flow... similar to "second freshening" when cows first go on early spring pasture.

These Events Were News 10 Years Ago

25 Years Ago

About seven hundred happy children filled the Penniman Allen theatre last Friday afternoon, where they were guests of the Plymouth Rotary Club. Rotarian Harry R. Lush, manager of the theatre, very kindly donated the use of the theatre and the picture, which was Tom Mix, Sidney Harris, who plays the pipe organ, kindly came out from Detroit to furnish the music for the occasion.

Jean Goldkette is sending his select orchestra to Plymouth Friday, January 7, to play for the annual party of the O. E. S., held in the Penniman Allen auditorium. The orchestra which comes to Plymouth is known as "The Country Club" and is under the efficient leadership of the famous violinist, Jack MacGay.

The three hundred twenty-five men prisoners and the sixty women inmates at the House of Correction farm, were given a big chicken dinner with all the fixin's on Christmas Day. A Christmas tree, with all the decorations, was laden with sacks containing

candy, fruit and nuts, for the inmates. During the afternoon, the prisoners enjoyed a vaudeville program.

A very Merry Christmas was spent at the home of Mr. and Mrs. F. L. Becker this year when they entertained their children, grandchildren and great grand child. Covers were laid for 44. The house was decorated with Christmas bells and other decorations in red and green. A Christmas tree was well laden with gifts for everyone.

Mr. and Mrs. Robert Todd and son will leave next Monday for a motor trip to California.

Mr. and Mrs. Harold Behler and two children and Mrs. Margaret Hills and daughter, Vivian, were Christmas guests of relatives in Detroit.

Mr. and Mrs. Arthur Stevens, Mrs. Helen McClumpha and family, Mr. and Mrs. Thomas Geer and Willard Geer of this place, spent Christmas with Mr. and Mrs. Charles Root.

P. A. Atkinson left last Saturday night, for a visit, with relatives and friends in Georgia, his former home.

The I. O. O. F. Entertainment Committee will give a masquerade ball at the temple, this Friday evening, December 31. Green's Novelty Orchestra will furnish the music, and Dick Vealey will call.

Mr. and Mrs. Henry B. Fisher entertained about 35 relatives at a family party, Christmas Eve.

Mrs. Reka Witt left Wednesday for St. Petersburg, Florida, where she will spend the winter months.

Mr. and Mrs. B. Sherman of Fairground avenue entertained their children and grandchildren at Christmas dinner.

at Arthur and Goldsmith streets will be completed and ready for occupancy for city equipment this weekend according to Edward Dobbs, co-contractor of the construction project.

Mrs. Mary Miller of Farmer street left Sunday for a winter's stay in West Palm Beach, Florida. Mary Jane Olsaver was hostess at a supper party Sunday evening for 12 guests in her home on Maple avenue.

New Years Eve guests in the home of Mr. and Mrs. Hugh Law on Blunk avenue will be Mr. and Mrs. F. R. Hobeissel, Mr. and Mrs. Eugene Benson, of this city, Mr. and Mrs. William Oldham of Detroit, Mr. and Mrs. Elden Graves of Windsor, Ontario.

Mr. and Mrs. Harold F. Cook and son, Richard, who have been the guests during the past few weeks of her parents, Mr. and Mrs. Peter A. Miller, left by motor Sunday for their home in Riverside, California, accompanied by Mr. and Mrs. Miller who plan to remain for the winter months.

A co-operative supper and Watch Night party will be given by Grace Henderson and her father, Ward Henderson, New Years Eve when their guests will include Mr. and Mrs. George M. Chute, Mr. and Mrs. Russell Daane, Mr. and Mrs. Walter Harms, Mr. and Mrs. L. H. Goddard, Mr. and Mrs. Robert Wesley, of Plymouth, and Dr. and Mrs. Ronald Fox, of Ann Arbor.
