## What I Think and Have A Right to Say

By ELTON R. EATON

### MONKEY BUSINESS IN WASHINGTON.

It must be that the "higher-ups" down in Washington take the people of this country for a lot of suckers if they have any idea that the common folks back home will fall for Truman's and McGrath's scheme of cleaning up corruption in governmental affairs.

Big Boss Truman named his Attorney General, to head up this inquiry. McGrath has been at the head of the department that needs the investigation and is one of the big-shot officials who needs to be investigated. So Harry picks McGrath to investigate himself and the rest of his crowd. That's what we call funny business — but thank fortune as we see it, there are not many months left for these political jugglers to keep on doing their juggling act.

### WHAT ELSE TO EXPECT?

Jack Green, Associated Press correspondent in Lansing who covers the capitol beat for this great news agency, indicated in a recent article that there wasn't much to be expected out of the present session of the legislature—except a lot of noise.

Mr. Green apparently knows what he's writing about. But why expect anything else when we have as a Governor a political job holder who thinks and acts only in terms of politics. His every deed, and every word he speaks, is based upon the thought — "Will this help ME politically" or "Will what I say get me MORE VOTES?"

That is the way it has been from the minute he took office right up to the present time — so why expect anything more than mere noise out of the present session of the legislature?

### HATS OFF TO THE DETROIT TIMES.

It is little wonder that the circulation of The Detroit Times has taken on such an increase in recent years. There was a time when it wasn't even always possible to get a Times on the newspaper stands in Plymouth, there was such a small demand for them. But that isn't so any more. The circulation of this Detroit newspaper in the past few years has taken a terrific jump in Plymouth—and it must be so in all other parts of the state, judging from its published circulation reports.

This big increase in The Times' circulation is easily explained. The Times, in the first place is a truly patriotic American newspaper. It is the ONLY newspaper in Michigan which offers to its readers such factual articles as are produced by Westbrook Pegler, George E. Sokolsky, Fulton Lewis Jr., and others of equal standing.

We think Pegler, Sokolsky and Lewis are doing more for the good of America than all of the other columnists in this country combined.

Some Washington writers whose columns do NOT appear in The Times, are actually doing a dis-service to America.

As we see it, it is most unfortunate that some newspaper syndicate does not offer a Pegler and Sokolsky column to the weekly newspapers of the nation. We are sure thousands of them would use it, just as they are using Roger Babson's excellent weekly column prepared especially for smaller newspapers.

Again we say that The Detroit Times is doing an outstanding service to the citizens of Michigan by its publication of Pegler's and Sokolsky's articles.

### HE WAS SOME GUY—THAT'S WHAT I ONCE THOUGHT.

Some ten or eleven months ago during the height of the senate investigation into big city gambling, read in some southern newspapers that Senator Estes Kefauver, chairman of the senate crime committee, was going to give a talk in a city not so far from where I happened to be at that time. It was quite a build-up the newspapers gave him, and the PUBLIC was invited to hear his talk.

Being one of the "mine-run" members of the PUBLIC, I gained the idea that I was one of the PUBLIC who had been invited to hear his talk on crime as practiced by a lot of heavy cash contributors to the New Dealer party.

So I breezed over to the edifice where the Senator was going to speak. As I entered the door, some one asked how many tickets I wanted. From all the build-up given in the newspapers I thought it was a free show as there had been no mention in any newspaper article that it was going to be a paid show.

Somewhat taken back, I asked how much per ticket. The fellow with the duckets said they were, if memory serves correctly, something like \$2.85 each. So I paid out some good cash to hear a United States senator whose salary and expenses I am helping to pay, tell a good sized crowd that it was up to the cities and states to regulate the crime activities his committee was making a show of over television.

That ticket deal didn't set so hot. I thought then and I still think that if ANY Senator has something worth telling to the public, that the public should not be forced to pay a fee to the Senator, as I did to Kefauver, to hear what he had to say about some public matter.

That's my gripe No. 1 against the coon-hat politician from Tennessee.

My gripe No. 2 involves his sudden determination after getting more free showing than ever given to any other politician, to quit his crime investigation cold—quit it so he could spend more time with his family he said.

So he quit the big crime show, apparently thinking that he had gained a sufficient amount of publicity out of it, "to be with my family." The committee functioned for a short time after, leaving a job barely half done.

But did he quit his crime investigation to spend more time with his family? It was but a short time after this when I read in the newspapers that he was out on a lecture tour in the Pacific coast states — and he's been running around the country ever since giving lectures. So his excuse for quitting his investigating job right in the middle of it, was a politically "phony" one.

My gripe No. 3 lies in the fact that he ducked the Kansas City and Missouri crime affairs like some New Dealers duck paying their taxes. Here was the foulest smelling crime mess in the entire country—a congressman had been cheated out of his seat by apparently a crooked election. They blew up a part of a court house to destroy the ballots. Two big shot politicians were murdered in ganglike style. The President had pardoned a lot of political crooks who had been sent to prison. He had removed a district attorney who prosecuted the crooks. Boy, didn't Kefauver drop that one like a hot potato!

Now some Fair Dealers are talking about this "crime buster" as a possible candidate for president.

I might be more enthusiastic about him if he had done some real "crime busting" out in Kansas City. But he ducked the most important part of his job. And wouldn't he do the same kind of a ducking job Harry is doing now, if he had Harry's job?

We're still thinking about that \$2.85 we paid to hear a public official whose salary I am helping to pay, give a lecture about public affairs that the public had paid to get the information for the talk he made—but what's the use, it seems to be in conformity with the pattern of today's politics in Washington.

## COMMITTEE STARTS STUDY ON CITY PARKING PROBLEM

### Businessmen Demand Constructive Suggestions

At the insistence of officials of the Chamber of Commerce the first serious action on Plymouth's acute parking problem will get under way in the next few weeks. Representing the Chamber and local merchants a group of local businessmen attended the Monday night meeting of the Commission and asked for action in the development of new parking areas.

At the suggestion of Mayor Floyd Tibbitts a joint committee from the Commission and the Chamber was appointed to find the proper solution and bring their findings back to the city for possible action.

Representing the city on the committee are Russell M. Daane and Frank Arlen and representing the Chamber and the businessmen are Ralph Lorenz, James Houk, Marshall Kirkpatrick and Sterling Eaton.

At the meeting it was divulged that funds were available from private sources to help start development of parking areas. It was also stated that local businessmen were ready to take any steps necessary to cooperate with the city in getting immediate action on the opening of new lots for public use.

The plan as outlined calls for meetings of the new group in which it is hoped they may come up with ideas for a long range parking development that will benefit each area of the city and help to promote more business activity for local firms by providing additional parking facilities for people living throughout this entire area.

### Civic Chorus to Present Opera

The Plymouth Civic Chorus will begin rehearsals of Kurt Weill's "Down In The Valley" Monday, January 28. Rehearsals will be held each Monday from 7:30 until 9:00 p.m. in the high school.

A concert performance of this contemporary folk opera is scheduled for Sunday, April 6. The chorus will sing with the Plymouth Symphony Orchestra, under the baton of Wayne Dunlap.

This will mark the first time in its five-year existence that the chorus has performed anything other than "The Messiah".

"Down In The Valley" is a modern, easy-to-follow treatment of a tragic love story set to the familiar melody that has been taken from American folk song.

Membership in the chorus is open to any interested singer. If sufficient interest is shown by singers, more concerts may be undertaken in the future by the group.

The chorus parts for the opera are being rehearsed by Fred Nelson, choral music instructor at Plymouth High School, and director of the annual Messiah performances.

### Hines Names Mayflower

For the first time a Duncan Hines publication includes Plymouth. In the 1952 edition of "Adventures in Good Eating" published by the nationally known gourmet The Hotel Mayflower is listed as one of America's good places to eat.

The hotel becomes one of 77 places now listed in Michigan and is the only listing in this section of the state. The hotel is listed as not only featuring fine foods but is also recommended as an excellent place to stay. The Mayflower now carries the official approval of the AAA as well as that of Hines.

### Want Ad Gets Cash

"It was the best 80 cents I ever spent," said Mrs. Charles Moran of 35458 Schoolcraft road as she paid for a classified ad placed in the Plymouth Mail a week or so ago. Having a maroon davenport which she wished to sell she called The Mail and inserted a want ad. The first thing Thursday morning she sold the davenport and had cash in her hand for the item she wished to sell. Oh yes, she had many other calls during the following week but she got action and that's what Plymouth Mail want ads can do for you. Why not try one today and convert unwanted articles into cash.

### Family Concert to be Presented Sunday, Jan. 27

Family Concert, fourth in the sixth season of the Plymouth Symphony will be presented Sunday, January 27, at 4 p.m. in the high school auditorium.

Allegro from the "Toy Symphony" by Haydn will be presented. Six junior high school students will play toy instruments including a bird whistle, a triangle, a toy trumpet, and a rattle.

"The Man Who Invented Music" written by Gillis in 1949 will be narrated by Wayne Dunlap. Fred Nelson will conduct the orchestra for this number.

Also on the program is the "Carnival of the Animals" by Saint-Saens. In this composition one hears the chicken, bear, duck, and many other animals.

"An Italian in Algiers," Rossini; The Young Prince and the Princess from "Scheherazade," Rimsky-Korsakoff; Polka and Dance of the Comedians from "The Bartered Bride," Smetana; "The White Peacock," Griffes; Polka and Fugue from "Schwanda" and Stars and Stripes Forever, Sousa; complete the program.

Wayne Dunlap will conduct the symphony. Grace Hampton and Evelyn Woods will solo.

Professor Joseph Maddy, founder of Interlochen, will be the intermission speaker. He will play the viola with the orchestra.

### Local Firm Plans Plant Expansion

In keeping with the industrial expansion of other industry in this city, the Universal Power Sprayer company announced this week that they will expand their present plant in the near future. The company will construct an addition adjacent to the present building on Mill street which will enable them to double their machining capacity. The new addition will be 32 x 120.

The Universal Power Sprayer company was founded on April 19, 1934, and has been engaged in the manufacturing of automotive parts for a number of years. Some time ago the company received defense contracts for the making of parts for army tanks and trucks.

The plant employs approximately 70 workers at present, and when the new addition is completed that number is expected to be considerably increased.

The officers of this expanding industry are Leo Mathieu, who serves as president, and Walton Richwine, the treasurer.

### Bell Executive Will Speak Here

At next Tuesday's meeting of the Plymouth Kiwanis Club in the Mayflower Hotel, Herbert N. Bumpus, of the Michigan Bell Telephone Company, will be guest speaker.

Bumpus, of the company's public relations department, will talk on "Communications Skyways," discussing some of the basic principles of radar and television.

Bumpus has been with Michigan Bell since 1927, starting with the traffic department. Succeeding promotions in the sales and commercial departments of the company led to his appointment as commercial manager, an assignment he held until 1943.

Later becoming employment supervisor for the company's Detroit division, Bumpus remained on the personnel staff until 1948, when he was promoted to his present job.

### Johnson Motors Opens New Showroom

A double event was celebrated last week by Johnson Motors of Plymouth. The introduction of the new Aero Willy six passenger sedan was made more impressive by the fact that it was displayed in the newly constructed showroom of Johnson Motors.

Owner Ted Johnson, recently appointed dealer in this area for Willys, was highly gratified by the attendance of an estimated 600 persons at the initial showing. The new Johnson Motors showroom, not yet fully completed, is located at 1205 Ann Arbor road.

THE NEW MEDIUM TANK that will be built by the Ford Motor Company at its new plant now under construction, east of the city on Plymouth road. Details of the tank are restricted but this picture shows a similar tank being tested by the Army. The Ford built medium tank will carry a crew of four and is powered by an eight cylinder air-cooled engine. Actual construction will probably not get under way until late in 1953 since the 40 acre building in which it will be built will not be completed until that time.

### Petitions For City Offices Due January 26

Nominating petitions for the candidates for the offices of city commissioner must be filed with the city clerk before noon, Saturday, January 26. The offices to be filled are those vacated by the expiration of the terms of Mayor Floyd Tibbitts and Commissioner Eleanor Hammond.

Petitions may be obtained from the office of the city clerk. The clerk must fill in the name of the candidate and the office for which he is petitioning before the petition may be circulated.

To be eligible to petition for the office of city commissioner, one must be a resident of the city of Plymouth for two years immediately prior to the election and own property within the city limits for a similar length of time. The prospective candidate must not be in default to the city, county, or the school district. He must also be a qualified elector.

The petitions must contain not less than 25 nor more than 50 signatures. No person may sign more than two petitions. (That is no person may sign more petitions than the number of offices to be elected.) The petitions will be available for public inspection any time after February 1.

A primary election is scheduled for February 19. However, if there are no more than four candidates (two times the number of vacancies) there will be no primary. The regular election will be April 7.

Commissioners elected at this time will serve until the first Monday after the elections in April 1955.

Petitions are now circulating for Mayor Tibbitts, Mrs. Hammond, and Harry Hunter.

### Plymouth Federal Names Officers

At the Annual Meeting of the Plymouth Federal Savings and Loan Association on January 16, 1952, a complete report was made of their activities in this community. The Association completed the financing of over 1000 homes in this city since its organization. Ninety-six homes have been either built or modernized during the year 1951 due to the cooperation of the local Association.

An extra dividend was paid during the last six months making a total of 2 1/2 percent per annum on savings for the last six months period.

During the past five years, the Association has increased its savings accounts in excess of \$400,000, and it has totals now of over a million dollars.

The local Association discussed expanding its quarters to provide more facilities in this community. Plans are now in the process for expansion during the current year.

The present officers and directors are as follows:

Edson O. Huston, President; Charles H. Bennett, Vice President; Perry W. Richwine, Secretary and Attorney; Beulah M. Wagenschutz, Treasurer; Irene Lyke, Assistant Treasurer; Mary I. Richwine, Assistant Secretary; Daniel F. Murray, Herald F. Hamill, and David Mather.

### Local Red Feather Officers Named

Officers and members of the board of the Plymouth Red Feather foundation were elected during the past week.

Norman Marquis is the new president, Duane Parkes, vice-president, and Harry Larsen, treasurer. Dora Gruebner will continue as secretary.

Board members are Rexford Purkey, Dean Saxton, Robert Marsdon, Russell L. Isbister, George Meyhew, Thomas Kent, Mrs. Russell Roe, and Lewis Goddard.

### CORRECTION

Through error in last week's issue of The Plymouth Mail the name of Marvin Criger was included in the list of directors of the Plymouth United Savings Bank in the place of that of Harry Larsen. Mr. Criger had been honored by the bank in being elected to the office of cashier but his name should not have appeared on the director's list.

### Band Carnival to be Friday Night

Plymouth High school will be the scene of a gala-night for young and old Friday from 7 p.m. until midnight when the Band Parents Association presents its annual Band Carnival.

There will be continuous dancing in the gym to the music of Carl Groschke and his band; a chance to win a home-baked cake for ten cents at the cakewalk. Mrs. Bernash and Mrs. Honey, co-chairmen; and a penny pitch sponsored by the Kiwanis under chairman Earl Willoughby.

Moving pictures will be shown by Bill Atwell representing the Lions. Other games are ring toss under Ralph Pocklington of the Junior Chamber of Commerce; the Daisy Shooting Gallery directed by Bob Wesley, Rotary representative. Popcorn will be popped by Bob Minock of the Plymouth Optimists Club.

The band is sponsoring a fish pond with the help of Mrs. Ebersole and Fred Nelson will carry on with his popular "Variety Show." Mrs. Paulger is running an oddity show with many surprises and a fortune teller will be there to tell fortunes. A candy booth operated by Mrs. George Deidrick, gingerale, coffee and hot dogs served by Fritz Reiman round out a full evening's entertainment.

The entire proceeds from the carnival are to be used to aid in the purchase of new musical equipment for the Plymouth Public School bands. The school's instrumental music program is under the direction of Laurence Livingston.

Jim Houk is chairman of the Band Carnival.

### Sales Course to Begin February 6

A Sales Refresher course program is being presented by the Bureau of Business Research, University of Michigan, in cooperation with the University Extension Service, the Plymouth Adult Education Department and the Plymouth Chamber of Commerce. The course is designed for retail salespeople, and covers the basic methods of selling merchandise. Such subjects as basic principles of selling, greeting the customer, determining customer needs, selling yourself, displaying merchandise, meeting objections, closing the sale, and suggestion selling are discussed and reviewed during the course sessions.

### Dog Bites 3 Boys

Last Monday noon, three small boys were bitten by a dog near the Bird Elementary School. An article appeared in the Plymouth Mail last week telling of the nuisance created by dogs roaming in packs in the vicinity of our schools.

Dog owners are again urged to keep their dogs from following children to school, and to keep them home or a more drastic action will have to be taken.

### Blood Bank to Return

Mobile Blood Bank will return to Plymouth on February 4 from 3 p.m. to 9 p.m. at the Masonic Temple. The bank is returning to take care of those who were unable to give when it was here on January 16 and 17.

For appointments at this blood bank call Mrs. Thomas Argo, 1935-J of Mrs. Paul Vincent 1120-

Optimists See Wildlife Film on Tarpon Fishing

Fishing enthusiasts of the Optimist club had an opportunity to see a very interesting wildlife film at their regular Monday night meeting...

The film, "Fishing for Tarpon on Fly Rods" proved very entertaining and satisfactory to all those present.

Dr. J. M. Robinson was responsible for this wonderful program.

Charter Booklet Ready at City Hall

City officials announce that there are plenty of the new city charter booklets available at the city hall.

These booklets can be purchased at two price levels—the paper cover ones are sold for \$1.50, and the cloth bound ones for \$2.50.

The city commission recently voted to send a leather bound booklet to each of the nine members of the charter committee...

The booklet contains their original signatures and the signature of the governor of our state.

Stores Say Sales Results Are Good

In spite of the terrible weather last Saturday Plymouth merchants featuring weekend sales events were more than satisfied with the results of their efforts.

The Fashion Shoes said that they were highly pleased with the response to their sale and that they had set a new high in shoe sales for an event of that kind.

Even though it seemed that everyone in the area was in town to buy shoes West Brothers and Gains Appliance stores reported an unusual amount of activity in their lines.

Taylor and Blyton's department store reported a brisk reaction to their event and were most satisfied with their sale results even though customers favored selected items throughout the store.

Cassady pointed out that the increased demand for local merchandise reflected the fact that this city is fast becoming a shopping center for a great number of people and it remains for the merchants to meet this demand with variety and for the city to cooperate with additional parking facilities.

In the furniture line Blunks reported that their clearance event had proved most satisfactory and that the weekend found a large share of their merchandise on the way to homes throughout this area.

Most of these sales are still in effect this week and in addition others are listed in this issue of The Mail which will help provide local shoppers with many excellent merchandise bargains.

New Committee Appointed

Committee for the recodification of ordinances consists of George Bauer, Mrs. W. W. Hammond, city commissioners; Harry N. Deyo, city attorney; and A. F. Glassford, city manager.

This committee was appointed Monday evening at the city commission meeting. The ordinances of the city of Plymouth must be recodified within two years after the charter goes into effect.

To eliminate a great deal of debate in the commission meeting, the committee was chosen to go over the charter and prepare them in an acceptable form.

AUTHOR OF "HOW TO STOP WORRYING AND START LIVING"

Fame Is Available to You

IS YOUR BUSINESS on the down grade—and for no apparent reason, no fault of yours that you can determine?

A young chap named Bill Williamson had a small, run-down service station on Route 6 in Parsippany, N.J. All day he would watch the steady stream of motorists chasing by his station.

Carnegie

He summoned a landscape architect to convert to reality the way Bill had dreamed his place should look. Within a month cannas, rhododendrons, and blue spruce replaced the gaudy oil signs; a privet-bordered drive of bluestone welcomed the motorists from the highway to his pumps.

Within 30 days his volume of business tripled. The New Jersey garden club, in its annual contest to find the most beautiful spots along the highway, gave Bill a first prize.

Bill's public relations program was effective and productive. He made his place deserving of his objective, found a new and better way to present his services, and after winning the state garden display award, his problem of telling the world about it was solved.

Fame is as simple as the respect of your fellow man. But if you fail to present yourself dramatically enough to gain the attention of others, then your appetite for greatness will never be satisfied.

Woman Owes Life to Resuscitator

The Plymouth Fire Department made two runs the past week. In one the resuscitator squad saved the life of a woman who had stopped breathing.

Late Monday afternoon, the department received a call from an apartment at 861 Peniman avenue, where they found Caroline Kartas collapsed and her lungs had ceased functioning.

The resuscitator was applied until she commenced breathing, and then they applied inhalation of oxygen until she recovered.

The attack was thought to be the result of a nervous disorder. The other run was to the alley in the rear of the Kresge store last Wednesday evening to quell a small rubbish fire.

The fire department doused the blaze in a few minutes. Damage was estimated at \$40 since some of the glass bricks in the rear wall of the building buckled from the intense heat.

Suzie M. Herrick Buried Monday

Mrs. Susie M. Herrick, who resided with her son and daughter-in-law at 166 E. Ann Arbor trail, passed away Thursday, January 17. She was 75 years of age.

Mrs. Herrick has lived in Plymouth for the past 38 years. She was a member of the Baptist church.

Surviving are her son Deane Herrick, two grandchildren, Sue Ellen and Carol Herrick, other relatives and many friends. Her husband Edward Herrick preceded her in death on October 28, 1947.

Funeral services were held Monday, January 21 at 2 p.m. from the Schrader Funeral home with Rev. Patrick J. Clifford officiating. Hymns were rendered on the organ by Mrs. Edna O'Conner. The pallbearers were George Crawford, Wallace Eckler, Elwood Sansom, Lee Foster, Frank Shepard, and Dr. Leslie Griswold. Entombment was made in Riverside Mausoleum.

Soon after it made one mistake by printing births under the heading, "Traffic Accidents," the El Paso (Texas) Times distinguished itself again by listing divorces under the heading, "Where is the Fire?"

Sales Service Contest Begins

In connection with the Sales Refresher course being offered by the Chamber of Commerce and the Adult Education Program beginning Wednesday, February 6 and continuing for three weeks, the Chamber of Commerce is conducting a contest in good salesmanship noticed in the local stores.

Anyone in the city of Plymouth who notices a good bit of salesmanship or service, may write a letter explaining the extra service rendered, and receive recognition in the Plymouth Mail.

There are many acts of good salesmanship that one can note in our city such as that noticed by one of the committee recently when he went to a local hardware store to purchase an item.

This contest will extend during the next few weeks with the deadline being Friday, February 22. Send all entries to the Plymouth Mail.

### Group Celebrates 25th Anniversary

Sarah Ann Cochran Chapter of the Daughters of the American Revolution held their 25th anniversary luncheon, Monday, January 21 at the Northville Presbyterian church.

Mrs. Ralph J. Taylor told of "Twenty-Five Years of Activities in D.A.R." A paper on the history of Plymouth from 1826 to the present day was presented by Mrs. R. E. Cooper.

All of the living organizing members except Mrs. Charles Garlett and Mrs. Dwight Randall were present. Mrs. Randall was an associate organizing member.

Ten Regents and Vice-Regents attended the celebration. They were Mrs. Clarence Ferrell of the John Sackett Chapter; Mrs. Walter Kleinert, Piety Hill chapter; Mrs. Donald Brown, Sarah Coswell Angell chapter; Mrs. Sidney Probert, Louisa St. Clair chapter; Mrs. John Powell, Fort Ponchartrain chapter; Mrs. Clarence Copp, Col. Joshua Howard chapter; Mrs. S. O. Lane, Three Flags chapter; Mrs. Wesley Dawson, Ypsilanti Chapter; Mrs. Fred Jordan, Ezra Parker chapter.

Members of the organization are requested to send the beads for the Indians to Mrs. Claude A. Crusoe, Northville.

Austin Grant will speak in the high school auditorium February 6. Mrs. David Mather, Mrs. Ken Corey, and Mrs. Carl Bryan of Northville, are in charge of ticket sales.

Proceeds from the lecture will be used for placing flags and flag codes in the school rooms of Northville and Plymouth.

### Conner Hardware Begins 96th Year

The oldest store in point of existence in Plymouth will celebrate its 96th anniversary next week. The Conner Hardware store has witnessed nearly a hundred years of progress in the city.

The business was established by the late Michael Conner in 1857 and conducted by him until 1872, when he took in as a partner, the late C. A. Frisbee and the firm became known as Conner & Frisbee. In 1880, Mr. Conner purchased Mr. Frisbee's interest and conducted the store alone until 1885 when he took his son, the late William T. Conner into partnership. After the death of Michael Conner, the name of the store was changed to Conner Hardware company.

The store was a favorite gathering place for villagers in the early days of the city. The original building was erected in 1857. In 1884 an addition was built, which was used for the display of stoves. In 1898, the old wood building gave way to a brick structure, and in 1907 an addition was added on to the north side.

After William T. Conner's death in 1939, his daughter Hazel, and her husband, Maxwell Moon ran the business until the summer of 1950, when due to illness the Moons had to sell the property. Henry Hanchett is the new owner, and continues in the hardware business founded nearly a century ago.

### James Armitage Dies Suddenly

James Howard Armitage, six year old son of Raymond and Evelyn Armitage, passed away suddenly Tuesday, January 22. The family resides at 433 Sunset avenue.

James attended the First Baptist Church Sunday School and the Bird Elementary School.

Besides his parents he is survived by his sister, Kathryn; and his grandparents, Mrs. Helen Shackleton and Mr. and Mrs. Charles Anderson, all of Plymouth, several aunts and uncles and other relatives.

Funeral services will be held Friday, January 25 at 1 p.m. from the Schrader Funeral home with Reverend David L. Rieder officiating. Interment will be made in Riverside cemetery.

Mr. and Mrs. J. R. Witwer and daughter, Mary Ann attended the Lamanis Ballet recital in Grosse Pointe last Saturday.

### Official Proceedings of Your City Commission

Monday, January 7, 1952  
Regular City Commission meeting held at 7:30 p.m.

Present: Commissioners Bauer, Daane, Fisher, Hammond, Henry, and Mayor Tibbitts.

Absent: Commissioner Arlen.  
(Arrived at 7:35 p.m.)  
Minutes of the regular meeting of December 17, 1951, read and approved.

Moved by Comms. Henry-Hammond that permission be granted to Starkweather PTA and Elks Club for the use of a sound car for advertising on the streets the need of blood donors for Korean War Casualties for January 16 and 17.

Moved by Comms. Hammond-Daane that the Clerk having presented to the Commission a petition by interested parties for a local or public improvement described as: Curb and gutter and blacktop on Wing St. from Deer St. to Pine and on Pine St. abutting lot 35 of Reiser & Stellwagon Sub. and lots 786 & 807 of Assessors Plymouth Plat 21.

The said petition is hereby referred to the City Manager and he is directed to submit to this Commission for its consideration a report, upon said improvement, which shall include necessary plans, profiles, specifications, estimates of cost and estimate of the life of the improvement, a description of the recommended assessment district or districts, and such other pertinent information as will permit the Commission to decide the cost, or portion thereof should be paid by special assessment upon the property benefited and what part, if any, should be paid by the City at large.

Carried unanimously.  
Comms. Fisher-Bauer offered the following resolution:

WHEREAS Act 51, Public Acts 1951, provides for the classification of all public roads, streets and highways in the state and the use of mileage data for apportioning the allocation of motor vehicle highway funds; and in Section 6 provides that a tentative system of major streets be selected in each incorporated city and village of the state and certified to the State Highway Commissioner; and in Section 8 provides that all streets within the corporate limits and under the jurisdiction of each municipality of the state, exclusive of state truckline highways and county roads and not included in the major street system, shall be certified to the State Highway Commissioner.

THEREFORE BE IT RESOLVED that the tentative system of major streets set forth on the attached map and tabulation, being streets of greatest general importance, was selected under the direction of this governing body and hereby is approved and certified to the State Highway Commissioner, and

BE IT FURTHER RESOLVED that the local streets indicated on the attached map are under the jurisdiction of this municipality; are exclusive of alleys, cemetery drives and minor park drives; are open and in use by the public for vehicular traffic and are certified as the local streets to the State Highway Commissioner, and

way Commissioner, and BE IT FURTHER RESOLVED that this governing body certifies that the mileage of the tentative system of major streets is 6,271 miles and that the mileage of the local streets is 18,126 miles. The source of these mileages are a matter of record in the files in this municipality in the form of survey notes, a correct map or other type of record from which the mileages have been compiled for this certification and are available for inspection and verification.

Carried unanimously.  
Comms. Bauer-Henry offered the following resolution:

### MOMS NEWS

Next meeting of Moms will be at Veterans Community Center February 28 at 6:30 social evening and pot luck supper.

President Maud Anderson and Vice President Nellie Johnson expect to attend a meeting of Presidents and Vice Presidents of the Michigan, Moms of America. To be held at the Y.W.C.A. building in Detroit Feb. 4, 1952.

Our sympathy is extended to Mrs. Mabel Donohue on the death of her husband.

### LETTER BOX

Dear Sir,  
We believe a big thank you should be given to all who gave to the blood drive, in making it the success it turned out to be. Out of 499 people that volunteered to give last Wednesday and Thursday 330 pints of blood were realized.

The committees that worked so hard can feel its time and efforts were well spent. But for the great need of Red Cross nurses, we could have taken care of our 760 pledges. Our only regret was that this Unit could only take care of so many people and some volunteer donors had to be refused and some kept waiting. We appreciate the attitude of those who waited so patiently.

Our thanks to the factory workers too, who gave their workers time off from work, and especially the ones which furnished transportation as well. Our hats are off to them, they seem to know the immediate need of blood for our armed services.

Due to the fact that some of these workers could not be taken care of, we have arranged to have the Red Cross Unit back at the Masonic temple the 4th of February. If there are others who would care to give at this time, please keep this date in mind—Feb. 4 — 3:30 p.m. to 9:00 p.m. A nice lunch was served the Red

Cross Workers Thursday noon by a local grill.

Our thanks again to all who gave, or tried to give, to the Plymouth Mail for its help.

Plymouth came through! Let's make this a habit, every three or four months.

### Commission to Hear Appeal On February 4

February 4 is the date the city commission set for the hearing of an appeal by Future Homes, Inc. Future Homes applied for a permit to build a Gunnison home in the Nash subdivision, bounded by McKinley, Maple, Brush, and Harvey streets. The permit was denied.

The city commission denied the permit again after viewing the construction of the homes at the plant. The commission in this affair is acting under the charter, chapter 2, section 1, paragraph 12 which states that the Commission may establish standards to govern the construction, alteration, equipment of removal of buildings and structures within the city.

### Frank Rambo Opens New Office

Frank Rambo has established a real estate office separate from the secretary of state's license bureau. C. R. Robinson will be in the office as Mr. Rambo's partner.

Mr. Robinson returned to Plymouth in July after an absence of several years. He graduated from Plymouth High school in 1910 and then moved to Detroit where he worked for several years. Mr. Robinson constructed the first radiant heated house in Detroit. He sold his radiant heating system to Bell and Gossett of Chicago in 1942 and has been associated with this firm until recently.

Mr. Rambo has been in the real estate business in Plymouth for over 30 years. During this time he subdivided Maplecroft, Brookview, and Ridgewood. He will divide his time between the Secretary of State's office and the real estate office.

Michigan's first telephone system was established in Ontonagon in 1876.

### Sales Course to Begin February 6

(Continued from Page 1)  
Extensive use is made of sound motion pictures, other visual aids, and printed material during the course to supplement the discussion given by University staff instructors.

This course was developed in cooperation with the Michigan Retailers Association as another University of Michigan service to the citizens of the state of Michigan. Chamber of Commerce members say this is the greatest chance to improve ourselves in our relationship with our customers. Even to some of the older salesman it will afford an opportunity to brush up on the knowledge that they have already acquired.

And to the newer ones in the retail stores it is the opportunity of a life-time. By taking full advantage of this array of "know-how" we will accomplish two things: the betterment of the community, and more profitable businesses for ourselves.

The course is open to all employers and their employees. It is scheduled in three sessions of two hours each, beginning Wednesday, February 6, at 7:30 in the library of the Plymouth High School.

All interested parties should immediately call the recreation office and register—2075.

### Hearings Set on Street Petitions

At the regular meeting of the City Commission last Monday night, a petition was filed from the property owners on Evergreen, for blacktop, curb and gutter, on that street between Penningman avenue and Blanche street.

This was referred to the city manager for further study and a later report.

Other petitions were acted upon and hearings were set for the following:

A hearing was set for 7:30 p.m., February 11, for a 6 inch water main and a sanitary sewer on Jenner street from Brush to Maple.

Another hearing was set for 8 p.m., February 11, on the petition for a bituminous concrete pavement and curb and gutter on Wing street between Pine and Joy and from Deer to a point 170 feet east of Pine.

At 8:15 p.m., February 11, a hearing has been set for curb and gutter on Elizabeth street from Ann Arbor trail to Roe.

Also on February 11, at 8:30 p.m. a hearing will be held for curb and gutter on Sunset from Penningman avenue to Blanche and for Bituminous concrete pavement on Sunset from Penningman avenue to Farrifer.

### Local Church is Host to Ministers

The pastors of the Southeastern Michigan Pastoral Conference will be the guests of St. Peter's Lutheran Church on Monday and Tuesday, January 28 and 29.

Papers and reports on the doctrine and the activities of the Lutheran Church will be read by various pastors, coming from as far north as Lansing and from central Ohio.

### Praises High For Study Committee

School superintendent Russell Isbister, deputy County school commissioner Charles Brake, and Sterling Eaton of The Plymouth Mail heard Time magazine editor Roy Larson say that school committees organized to study school problems would eventually be the key solution to all school problems. Recently a group of this kind has been organized in Plymouth.

Mr. Larson speaking at a joint meeting of the Michigan Association of School Administrators and the Michigan Press Association keynoted the session held at the Pantiind hotel in Grand Rapids last weekend.

The meeting was the first joint gathering of its kind and was planned to lay the foundation for better relations between school administrators and newspapermen in the hopes that the ultimate benefit would better educational standards across the country.

A panel of newspapermen and administrators debated the issues of difference and formal group discussions were held throughout the day. The some 700 in attendance felt definite progress had been made by the new departure.

Superintendent Isbister gave a report to the assembled school administrators of a "Regional Reorganization" program which that association is undertaking in the near future. His comprehensive report was hailed by the superintendents as outstanding and immediate action was taken by the group to follow out the recommendations of his study.

In Pekin, Ill. Tavern Owner Julius Barnes invited the jury to drinks on the house after it acquitted him of drunkenness, even though five cops swore that Barnes had taken one too many before he tried with a hammer, chisel and ice tongs, to steal the old City Hall's 800-lb. corner stone, which was rumored to contain a quart of 1884 whiskey.

In Manhattan, making a quick getaway from the store he had robbed, William Clark hopped into a cab which already had a passenger: Patrolman Michael Fox, who was trailing Clark.

Local Church Engages in 'Duel'

Something new in duels was invented last week when a Clawson minister the Reverend Marvin Turner, called the pastor of the local First Baptist Church, the Reverend David L. Rieder, and challenged the pastor and his church to a "Gospel Duel."

Sunday School members, rather than swords, pistols or other weapons will be used by the two churches in the contest. Each church is striving to top previous attendance records. The Church topping its attendance record by the highest percentage wins the "touch" for that Sunday.

Members of the local church are striving to win with a two way approach involving (1) perfect attendance by each member and (2) enlistment of new members.

Already the contest is inspiring much enthusiasm and increased attendance in the two churches. Running for 13 weeks, the effort will be climaxed by a program presented by the losing group at the church winning the contest.

Reverend P. M. McPheron

The Reverend P. M. McPheron, pastor of the Plymouth Church of God, corner Plymouth and Newburg roads, read his resignation to the congregation Sunday morning to become effective on or before March 23.

During Reverend McPheron's five year stay in Plymouth, he has led the congregation in securing their present property and has acted as supervising contractor in the erection of their place of worship. This building is the first of two units of the proposed church which is of Colonial design. Further erection plans are scheduled for the near future.

The church has nearly tripled its attendance under the leadership of Reverend McPheron and has made substantial gains. Reverend P. M. McPheron has accepted the call of the San Bernardino, California Church of God to come as their pastor, and will leave the city as soon as a suitable replacement has been secured for the church here.

Grange Gleanings

The meeting of January 17 was quite well attended. The picture "Waves of Green" was shown and was much enjoyed by everyone. We owe a vote of thanks to Mr. Hartom for bringing the film also to Henry Ehrensberger for showing it on his projector and screen. It was decided at the meeting, to have a series of card parties. The first one will be on Saturday evening of January 26 from 8 p.m. Bring your card table, your own fishes and your neighbors. The public is invited. There will be cake, sandwiches and coffee served.

Elsie Ehrensberger has been quite sick for the past two weeks with a Virus infection of her throat.

Mr. and Mrs. Herman Tritten are in Plymouth visiting their children during the winter months.

Mr. and Mrs. Vealey visited Mr. and Mrs. Ray Amrhein in Wayne on Sunday.

Plymouth Woman's club will meet February 1 at 1:00 p.m. in the Bird school gymnasium. Mrs. Stephen Nisbet of Fremont will be the guest speaker.

Mrs. Nisbet will review "What Every Woman Knows" by Sir James Barrie. She is well known throughout Michigan for her reviews. She enacts a portion of the roles while reviewing books.

A graduate of the speech department of Oberlin college, Mrs. Nisbet is interested in music as much as drama.

Mrs. Duane Parkes is the daughter of Mrs. Nisbet.

### Class Visits Hudsons

The eighth grade Home Economics class of Plymouth Junior High school took a trip to J. L. Hudson Company department store in Detroit, January 16. Mrs. Pauline Morgan, home economics teacher, accompanied the group of 26 girls, along with two mothers. The group left at 9 a.m. and was back in school by 1:15 p.m.

The purpose of the trip was to select appropriate drapery material for the use of decorating the Home Economics room, which has been recently painted. In the course of the trip the group visited the interior decorating and drapery department of the store.

### Jr. High School Library to Open

Mrs. Esther Ham, Plymouth High School Librarian reported that dozens of new books for the Junior High school library have arrived. While waiting for the furniture to come for the library Mr. Barton Roger's English classes have read the new books.

This new collection is now being moved to the new library quarters on the second floor of the Junior High school where there will be a seating capacity for 36 students in the new library allowing a entire class to use it for reading or reference.

Mrs. Ham states that a new modern card catalogue with a table to match has arrived as well as a large vertical file cabinet for pamphlet material.

Money from the Nicholas Funds is being used for the purchase of the basic collection. As in the past allowance of one dollar per student per year will be used to maintain a well balanced library.

The Junior High school library will open the first day of the second semester, January 28.

2,700 Americans became 65 today, 2,700 more will reach that age tomorrow and every day that year. By 1975, the number will be 4,200 a day.

### Frey Lists Best Oat Varieties

Best varieties of oats for Michigan farms continue to be Clinton, Eaton and Kent, according to Kenneth Frey, farm crops researcher at Michigan State College.

He bases this recommendation on results of the 1951 Michigan Overstate Oat trials which were recently tabulated. Several experimental varieties are also yielding well and may prove themselves in coming years.

Tests of Kent oats showed that variety averaging 74.7 bushels per acre with a test weight of 36.4 pounds. Clinton oats averaged 74.4 bushels per acre with a test weight of 36 pounds. Tests of Eaton oats yielded an average of 70.7 bushels per acre with 33.6 pound test weight. These results compare closely with previous years, Frey states.

Among other varieties tested were Aja, Huron, Shelby and Branch. Yields for these varieties averaged about 75 bushels per acre, but the tall, weak straw created considerable lodging.

Lowest yielding varieties under Michigan conditions were Minto at 59.5 bushels per acre and James at 53.4 bushels. James is a hull-less oat and the yield is typical for such varieties, the farm crops researcher points out.

Testing of standard varieties and new experimental varieties will continue in 1952 as part of the farm crops research program of the Michigan Agriculture Experiment Station. Test locations are selected in various parts of the state to find how varieties of many common crops will yield. From these results come the annual crops recommendations issued to Michigan farmers.

### PHS Hi-Y to Canvass City

PHS Hi-Y members will canvass the whole city of Plymouth on Thursday, January 31, between 6:30 p.m. and 7:30 p.m. for the March of Dimes campaign.

F. Walter Goodwin, chairman of the campaign, says that the canvassers are now out and he is appealing to the residents of Plymouth to help children that have been crippled by polio. The March of Dimes is the only agency that provides treatment for polio victims who have not enough money to pay for the treatments.

People in Plymouth or organizations who wish to contribute may send their contributions to "The March of Dimes" in care of Plymouth High School.

In Oklahoma City, when the assistant district attorney asked Jack Woody if he knew of any reason why he could not serve as an impartial juror in the trial of a suspected bootlegger, Woody replied: "Well, yes, I believe I do. I'm just a part-time mechanic; I'm a full-time wholesale bootlegger."

### 4 Local Men Inducted

Local selective service board 102 released the names of the men who were inducted January 22. There were four from Plymouth and two from Northville.

Those from Plymouth are Ralph M. Diedrick, Marvin A. Smith, Joe Marshall Walker, and John E. Pinkerton. Terry C. Chappell and John W. Stark are from Northville.

Snowshoe is a more common name for the varying hare.

Latest estimate of World War II's cost to all participants is \$4 trillion — four thousand billion dollars — \$1,708 for each man, woman, and child in the world. Up to now, wars have cost the U. ## "We did it Again!"

That's the jubilant news that comes from Flint to every Buick dealer—and here we pass the thrilling story on to you. It sure is true for '52 that better automobiles are being built—and Buick is building them. Read the good word and you'll agree.

LET'S pare this down to plain statements of fact and let them speak for themselves:

The dynamic darling pictured here is the 1952 ROADMASTER.

It has the mightiest engine in Buick history.

It has the biggest brakes of any postwar Buick.

It is the quietest car that Buick ever built.

It has the richest fabrics and smartest tailoring that ever graced a Buick's interior.

It has the greatest trunk space since spare tires moved off the front fenders.

It has the most superb ride in Buick history.

It has the finest carburetor that Buick research has ever devised.

And with all its new power, it delivers more miles per gallon.

But that is not all.

For those who wish it, there is a brand-new version of power steering that works like a helping hand—gives you the

same sure feel of control you have always known in straightaway driving — takes less than one-fifth the effort needed to turn the ordinary wheel standing at curbside.

Sure, we're putting our best foot forward when we talk about ROADMASTER.

But you'll find a host of notable features in SUPERS and SPECIALS too—plenty to make them, as always, the standout buys in their fields—for ride, for comfort, for style, for room, and for power.

Come in—look this triumphant trio over — and you'll know why every Buick dealer from coast to coast is going around with a smile on his face.

### Not Much to See Here From That Tall Cottonwood Years Ago

#### Charles Bennett Takes a Birdseye View of Long Ago Plymouth — Conner Hardware Was Saturday Night Musical Center of The Community

By Charles H. Bennett

Charles H. Bennett

When our family moved from Main street over to that dusty road used mostly by people who took their horses to my uncle's blacksmith shop where the Masonic temple now stands, there was a large cottonwood tree in front of our house, which faced what is now known as Penniman avenue.

I managed to build a seat up in that tree. It was a sort of secret hiding out place for yours truly. From that hide-out I could plainly hear the "compliments" my father paid me when my mother called me to do some errand and I could not be found.

I could also see all about what there was of Plymouth at that time — and I didn't need a spyglass either in order to do so. Let's just take a look from my seat up in that cottonwood tree over our town back in 1873.

Looking across Union street on my right I could see the spacious and well kept yard surrounding a large beautiful white house owned by Thomas P. May, one of the three dry goods merchants of which the town boasted at that time.

The two other merchants handling dry goods at that time were Henry Fralick and R. G. Hall. These three stores before the great fire of 1893 were located along the west side of Main street. If memory serves me correctly the May store was located on the spot where the Wiltse Community Phar-

macy is now located. The Henry Fralick store was located on the site which would now be about where the north end of the Kresge store ends. The R. G. Hall store stood about where the Dodge drug store is located.

Still looking east past the May home, I can see the old-time Ed. Lauffer home. Just past the Lauffer home and about on the site of the Parkview Recreation building, stood the Shafer Brothers' Iron Foundry, which employed four people, two of them being the Shafer brothers.

Wages ran as high as a dollar a day then for ten hours of honest work. Back in those days we didn't know the meaning of such words as bonus, vacations or pensions and every one seemed happier and more contented than they are at present.

Still looking eastward, I can see but one other building this side of Mill street, and that was the humble home of Siron Kellogg, the landowner who gave to Plymouth the beautiful Kellogg park in the heart of our city.

Then across the street from the Shafer Brothers' foundry on what is now known as Ann Arbor Trail and about on the site of the building occupied by the Saxton feed store, stood the carpenter shop of Frank Outwaite. From Outwaite's shop on the trail and down to the Pere Marquette tracks, I can recall seeing but one more structure back in 1873. This was a home at the corner of what is now Hamilton street and Ann Arbor Trail, owned and occupied by the only dentist in town, Dr. Pelham.

Dr. Pelham was not a firm believer in the art of filling teeth, but he was hell bent on pulling them.

Further up and nearer town on the south side of Ann Arbor Trail were four more modest houses, opposite the park. Coming then to the corner of Ann Arbor Trail and Main street, stood one of the finest homes, a large, nearly square brick house with a wide veranda, covered and running the full width of the house. This was the home of John Fuller and family.

The family consisted of four of the best looking girls raised in Plymouth up to that time. The only reason I did not marry one of those girls is because none of them ever asked me.

Next beyond and still west on the south side of the street was the home of the McGraw family, the two sons later moving to Detroit where they won success for themselves. There was another house at that time at the corner of Ann Arbor Trail and what is now Harvey street. It was owned and occupied by an uncle of mine, Martin Vrooman, whose family consisted of his wife and two daughters.

From Harvey street west was the large farm of Cassius Kellogg, who at that time owned the land running west from Harvey street to the farm of David Moreland. Moreland at that time owned the farm land now known as the Hough subdivision on which many beautiful homes have been erected.

Years later the Dave Moreland home was moved from its former site west on Ann Arbor trail and is now the residence of Mr. and Mrs. Robert Willoughby. The home of Cash Kellogg located on top of the little knoll or rise on Ann Arbor trail was a few years ago completely remodeled and is now the home of Mr. and Mrs. Thomas Moss.

From my lookout up in the cottonwood tree there was nothing further to see on the south side of Ann Arbor Trail, but looking along on the north side of the Ann Arbor trail there stood one building between Harvey street and Sheldon road. That was the farm house of Josiah Kellogg, which then as now stood quite a distance back from the trail and was almost opposite his brother's home, which is now owned by Thomas Moss.

I should mention the fact that just before I came into this veil of tears, Cash Kellogg sold a small lot just west of his own home to Aiken Holloway, who built a house thereon, raised a family and was the only painter and paper hanger Plymouth could boast of for many years. Two of his sons, Lewis and Dewey, carried on the business for a great many years and Mrs. Holloway still manages the business at her home on Union street.

Let us now take a look on the north side of Ann Arbor Trail. One look is enough to reveal the fact that from my hideout up in the tree, there was but one house in all the property bounded on the west by Sheldon road, on the north by Penniman avenue, on the east by Harvey street and south by the Ann Arbor Trail. That one place was the farmhouse of Josiah Kellogg.

Returning to Main street I can see the old Plymouth hotel, which stood at the northwest corner of Main street and Ann Arbor Trail. The Henry Fralick building just north of the hotel on Main street was the only three story business block in town. There was an outside stairway running to the second floor and from the second floor there was an inside stairway running to the third floor, which was occupied by the first secret society organized in Plymouth. This honor belongs to the Odd Fellows. Some years later a charter was granted to the Masonic lodge, which rented the Odd Fellows hall until the great fire on April 18, 1893.

Amity Hall, located over the stores now occupied by the Willoughby shoe store and Wiltse's Community drug store, was Plymouth's only community center. Here each winter for a score or more of years were held all the dances, minstrel shows, home talent plays, traveling shows and entertainments of the village.

The first furniture store in Plymouth was located where the Willoughby store now sells shoes at a price that the boys of the years ago not only could buy a pair of shoes for, but socks, pants, coat and a hat thrown in. This is mentioned

simply to show what the brand of politics we have been enduring can do to living prices. The furniture store was also the funeral parlor of the village, without the parlor. Bassett & Orr were the owners of this establishment as well as the funeral directors. A full line of coffins was carried.

Let's turn the corner to the west on Penniman avenue and take a look. The first building on Penniman was the so-called wagon shop owned by Sam Rhone, who was sure that the earth was flat. It stood on the present site of the Huston hardware store. Glancing further down Penniman avenue there stood the only livery stable in town owned and run by Washburn Bennett. The livery barn was then located on the site of the Penniman-Allen theatre. Mr. and Mrs. Bennett and their two sons who were called Big Charley and Big Harry, lived in the house occupied by the Ball studio, now operated by Jack Gaffield.

Washburn Bennett, who was no relative, later sold the stable and contents to Ashley Perrin, who resided on Main street where the Christian Science church now stands. Mr. Perrin later sold the livery stable to the late Harry Robinson, who operated it and the town's depot bus for a long period of years.

Beyond the livery stable on Penniman was the Josiah Kellogg farm and it was open country to Blackmer Hill, the knoll out on Territorial road where Matt Powell and his son Russell a number of years ago built two attractive residences.

Taking another look to the west from that tall cottonwood tree down near the corner of Union and Penniman, we see the residence of J. W. Voorhies on the site of the present Penn theatre. He was the father of Paul Voorhies, former well known Detroit attorney of today.

Across a narrow driveway at this point there stood a one story wooden building, owned and occupied by Peter Micol. He conducted a meat market, the only one in town during my boyhood days.

It makes me drool to think back to those days when I could take home, free, all the liver my mother could cook, if I bought two pounds of steak and a ham bone.

Next door to Micol's market was another one story frame building which housed a saloon. Then on the corner of Main street and Penniman avenue stood a large square two-story frame building known as Union hall. On the second floor of this building was a dance hall and several rooms for rent as offices, but for some unaccountable reason, this building was seldom used by any one at any time, with the one exception of the large corner room used by Thomas Madden as a place for his harness shop.

Directly across the street where the Norma Cassady dress shop is now located stood a one and a half story wooden building occupied by Michael Conner as a hardware store, the first in Plymouth. Mike Conner, as he was called by his friends, played the cornet and it was he who organized and led the first Plymouth band.

Mr. Conner was quite a politician and around the big pot-bellied stoves which for many years stood in the back part of his store the affairs of this nation were frequently discussed and settled. After his death his son, William Conner carried on the same business and the same line of arguments as did his father until his death a few years ago.

During the lifetime of the first Mr. Conner, his store was the gathering place also of a group of men who played in the band and many others who appreciated music. Quartets were always on tap and each Saturday night during the long winters, there would be plenty of music echoing among the dish-pans, cook stoves and pitchforks.

Though I never caught the tune, they always sang a catchy number which ran something like this:

There was a man in our town  
In our town he did dwell  
Who raised the largest sheep, Sir  
That ever you heard tell.  
The wool upon its under side  
It grew down to the ground,  
The rabbits burrowed deep in it

Which kept their young ones sound.  
The wool upon its back, Sir  
It reached to the sky  
The eagles built their nests up there  
Because I've heard their young ones cry.  
The shortest horn it had Sir  
Was higher than you could reach  
Presbyterians built a pulpit there  
And Rev. Smith went up and preached.  
The longest horn it had, Sir  
It reached into the moon.  
President John climbed up in January  
And never got back to June.  
And the man who killed sheep, Sir  
Was drowned in its blood  
And five thousand men in the valley below  
Were washed away by the flood.  
Now the man who owned the sheep Sir  
Was very, very rich  
And the man who wrote this song, Sir  
Was a lying son of a gun.

### List Activities at Madonna College

Three late afternoon and evening courses will be offered at Madonna College during the second semester. This arrangement will enable interested adults from the vicinity to attend.

The courses, each carrying three credit hours, will be given on the following days: Accounting II, in the Secretarial Science division, on Mondays at 4:30 p.m.; The Family, a course in Sociology, on Tuesdays at 6:30 p.m.; and Bacteriology, a Biology course, on Fridays at 6:30 p.m. This last course requires General Chemistry as a prerequisite.

Registration for these evening courses will be held Friday, January 25, and Monday, January 28, from 7 to 8 p.m. at the Registrar's office at Madonna College, 36800 Schoolcraft road. Classes will begin the following Friday evening, February 1.

Day students at Madonna College have just completed their semester examinations and will register for the next semester Thursday and Friday, January 24 and 25. Regular classes for day students will begin Thursday, January 31.

Several new courses are scheduled for the second semester. Newspaper reporting will make its debut at Madonna. The journalism curriculum as a whole has been introduced for the first time at the college in September. The new reporting course will combine training in principles and practice. A study of news values, news sources, news writing techniques and governing ethical principles will be correlated with actual practice in the writing of news articles of various types.

The Bacteriology course, open to full-time and part-time students alike, is also a new addition at the College. Other courses offered for the first time during this school year will include such as, a Sociology course in Child Welfare, an Education course in School Management, a Mathematics course in Analytic Geometry,

### New "Rocket" Powers Oldsmobile Super "88"

Oldsmobile's 1952 Super "88" four-door sedan is powered by a more efficient 160-h.p. "Rocket" engine that offers better performance, especially when coupled with the new Hydra-Matic Super Drive. Styling again is characterized by the diagonal flared brightwork sash down the rear door. A new center bumper guard has been added to the front grille. Luxurious interior upholstery features gray or green nylon sharkskin harmonizing with light gray or green nylon Bedford cord. GM hydraulic steering is available at extra cost, as is Hydra-Matic Super Drive.

an Art course in Lettering and a Latin course in Latin Writing.

A three-day closed retreat for Madonna students will precede the second semester classes. Scheduled for January 27 to January 29, these spiritual exercises will be conducted by the Rev. Daniel Egan, of the Society of Atonement.

In order to encourage and promote leadership among the students, a Student Leadership workshop will be held at the College on January 30.

The program for the day will include a movie on student leadership and government, a demonstration of correct parliamentary procedure given by the class in Parliamentary Law, an Open Forum for student discussion of leadership problems.

Rev. Arthur Reckinger, regional chaplain of the Detroit-Cleveland Region of the National Federation of Catholic College Students, will address the student body on "The Qualities of a Catholic Leader," the theme of the institute. The day will conclude with Benediction of the Blessed Sacrament in the campus chapel.

### Frosh Win Again

The high school frosh continued their winning ways last Friday, when they eked out their second straight one-point win, and their third victory of the season, as they downed the Wayne frosh by the score of 26 to 25.

The game was nip and tuck all the way with the lead changing hands several times before a free throw by Bob Danol won the game with 2 1/2 minutes left to play.

At the half the local frosh were behind 13 to 12.

Bob Danol had 7 points, Agnew 5, Day and Middleton 4 each, and McKenna, Clifford and Rutherford 2 each.

Today John McFall's lads play Redford Union here at four o'clock.

### Attends M.E.A. Meeting

Russell Isbister, superintendent of Plymouth Public schools, attended the Michigan Education Association Superintendents' meeting January 17, 18, and 19 in Grand Rapids.

The theme of the meeting was concerned with the association between education and the "newspaper world". Several prominent persons in the Michigan newspaper circle were speakers.

### Misunderstanding Cost LaFontaine Tie for 1st

An unfortunate misunderstanding as to the time of play may have cost LaFontaine a chance to tie Tait's for first place in the men's basketball league. Daisy won on a forfeit when LaFontaine failed to be on hand for the first game at DeHoCo, thinking that they played the second game.

As a rule in games at DeHoCo, the DeHoCo team plays the first game, but they were not scheduled to play that night, and LaFontaine took it for granted that DeHoCo was playing the first game and their team the second.

Some members of Tait's and other teams think that due to this misunderstanding the game should be allowed to be played at a later date. It is listed as a 2 to 0 forfeit now.

### Chapter AI of PEO Holds Founders' Day Program

Chapter AI of the P. E. O. sisterhood met at the home of Mrs. S. M. Thams for the annual Founders' Day program, January 18. Mrs. Henry Jensen gave the program.

January 19 six of the members headed by the president, Mrs. Robert Nulty attended the Founders' Day luncheon at the Fort Shelby hotel, Detroit.

The chapter met at the home of Mrs. Harold Curtis on January 4. The program was on the Sisterhood's Coty College in Nevada, Missouri, and the educational loan fund.

More than 50 percent of Michigan's tourist accommodations now remain open throughout the year, according to the State Tourist Council. Only a few years ago most of them discontinued operations shortly after Labor Day.

*Announcing the Golden Anniversary—*  
**Cadillac**

**.WITH THE FINEST PERFORMANCE OF ALL TIME!**

*Featuring 3 of Cadillac's Greatest Engineering Achievements!*

**THE NEW HYDRA-MATIC DRIVE**  
By introducing an entirely new performance range, Cadillac's Hydra-Matic provides the proper power for every need... extra acceleration and responsiveness for city and mountain driving; smooth, quiet, gas-saving performance for the open road. Optional at extra cost on Series 75. Standard equipment on all other series.

**THE NEW CADILLAC POWER STEERING**  
This "power steering" mechanism eliminates as much as seventy-five per cent of all normal steering effort. It provides incredible handling ease, and yet does not interfere in any way with the driver's "road feel" or directional control. Available as optional equipment at extra cost.

**THE NEW 190 H.P. CADILLAC ENGINE**  
Here is the most powerful, the most durable, and the most efficient automatic engine ever offered in a Cadillac car. Its power increase alone is almost 20%—and its new four-throated carburetor, larger exhaust valves and new dual exhaust system make this engine one of the most dynamic performers of all time.

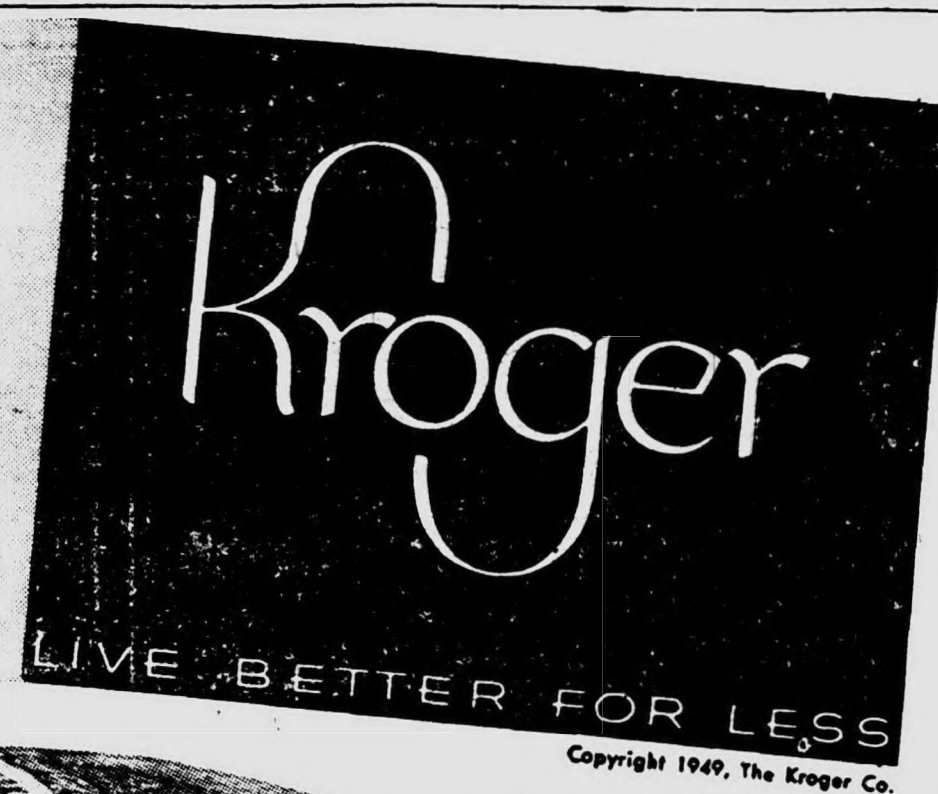

Fifty years ago, the first Cadillac car made its bow to the public. Today, as a fitting climax to those fifty years of progress, we are presenting in our showrooms the Golden Anniversary Cadillac—by far the finest car ever to bear this distinguished name. . . . It is easily the most beautiful of all Cadillacs. Numerous changes have sharpened and smartened the exterior design—while the wholly-new interiors are a revelation in comfort and luxury. . . . Performance is the finest of all time. The great Cadillac engine has a power increase of almost twenty per cent—and is even smoother and quieter in its operation. . . . There's a new Hydra-Matic Drive that gives the proper power application for every need. At a flick of the finger, you can have extra power and acceleration for city traffic and mountain driving—or wonderfully smooth, quiet, gas-saving performance for the open road. . . . And there's a new "power steering" mechanism, optional at extra cost, which reduces normal steering effort by as much as seventy-five per cent! . . . If ever it could be said of a car's performance that it is "out of this world," it can be said of the performance of the new Cadillac. The Golden Anniversary Cadillac is available in three separate series—the "Sixty-Two," the "Sixty Special" and the "Seventy-Five." . . . These new creations are now on display in our showrooms—and we invite you to see and inspect them at your earliest convenience.

*The most Revolutionary Venetian Blind in 2,000 years!*

**VENI-PLEX**  
the translucent venetian blind  
the most beautiful,  
most practical,  
most economical blind ever!

Science brings you the most revolutionary venetian blind in 2,000 years! VENI-PLEX, made of a new miracle material—Formulated Polystyrene—actually—by laboratory test—more dust-repellent, more flexible, than any other blind and . . . VENI-PLEX is translucent (but not transparent) . . . bestows upon your rooms a new radiant glow of living color . . . yet insures your privacy!

Come see VENI-PLEX venetian blinds today, see the blind with color that can't chip or fade, the blind that's so flexible you can wrap a slat around your finger, the blind so light a child can raise it. It's the new wonder blind at

**PEASE PAINT & WALLPAPER CO.**  
834 Penniman — Plymouth — Phone 727

**New Type of Blinds on View In Plymouth**

There is a new boon for the economy-minded housewife—a new venetian blind that ends forever that money-wasting, time-consuming yearly chore of re-finishing venetian blinds because their color has peeled, chipped, or faded.

Now on view in Plymouth stores is the veni-plex venetian blind, made of the latest wonder synthetic—Formulated Polystyrene—which won't chip, peel or fade. In these blinds color is an integral part of the material of which the slats are made, moulded right into the slat. As a result, there are no peeling sandwich layers of paint—and no refinishing necessary, ever.

But that's not the whole story. For these blinds add a new kind of decorative note, too. Veni-plex blinds are semi-transparent (but not transparent). They permit a small percentage of outside light to filter into the room in a soft, rich glow of living color. Completely transformed by the blind, the light gives any room a new life, a new beauty, seems somehow to completely redecorate it without the addition of a single new piece, a yard of fabric or a drop of paint.

Further, these blinds reduce house-cleaning chores to a minimum. The surface of the Formulated Polystyrene slats is smooth as silk. Unlike ordinary painted slats, have no microscopic pits to catch at dust. A simple flick of a cloth does the job in a jiffy.

So flexible you can actually wrap a slat around your finger, veni-plex venetian blinds won't sag or lose their shape, either. They are in truth the miracle blind of mid-century America. Custom-made to your specification, veni-plex blinds come in over 100 tape and slat color combinations.

Sunday dinner guests of Mr. and Mrs. Charles Rathburn in their home on Haggerty highway were Mr. and Mrs. Carl Stringer and Mrs. Verna Stringer of Highland Park and Mr. and Mrs. George Bloss and Mr. and Mrs. Ray Lawver of Detroit.

Well, hold on to your hats and keep your minds as open as a picket fence . . . because it won't be long now before the sound and fury of political campaigns will be hitting us from all angles, and with a few on the bias. Sometimes we forget that this country belongs to us . . . to citizens, voters and taxpayers. But in an election year, with the candidates working themselves into a verbal lather to attract our votes, we should all realize that it's the "X" we mark on a ballot that really determines the course of the nation. It's the mark of a free people. Let's all plan to use it.

In India a family set up house-keeping in an abandoned well. The local authorities soon came to collect a housing tax. It'll probably just put the family deeper in the hole. When it comes to getting accurate prescriptions . . . you can depend on us. Our pharmacists are experts and service is prompt. # Hints For Plymouth Homemakers

## Bread Stuffing May Be Used In Various Ways

One of America's favorite foods is bread stuffing. Even repeated use does not make it commonplace, as its varieties are limited only by the culinary imagination of the cook. It offers many possibilities for varying ever popular main dishes.

Below are some stuffing tips and recipes for the use of stuffing.

### Stuffed Cabbage Leaves

- 12 large cabbage leaves
- 2 cups (1 pound) ground beef
- 2 cups 1/2" bread cubes
- 1 1/2 teaspoons salt
- 1/2 teaspoon celery salt
- 1/4 teaspoon pepper
- 1/4 teaspoon garlic salt
- 1/4 teaspoon nutmeg
- 1/2 cup chopped onion
- 2 eggs, unbeaten
- 2 tablespoons shortening
- 1 can condensed tomato soup
- 2 whole bay leaves

Parboil cabbage leaves for ten minutes. Combine beef, bread cubes, salt, celery salt, pepper, garlic salt, nutmeg, onion and eggs. Form meat mixture into 6 oblong patties. Melt the shortening in a skillet, add meat patty and brown. Place a browned meat patty on each of six cabbage leaves. Roll in cabbage leaf, then roll in second cabbage leaf; fasten leaves to meat with toothpicks. Place stuffed cabbage leaves in a greased 8" square pan and pour undiluted tomato soup over them. Place bay leaves in pan. Cover and bake in a moderate oven (350 F.) for one hour. Yield: 6 Stuffed Cabbage Leaves

### Stuffed Green Pepper

- 3 medium green peppers
- 3 cups (1 1/2 pounds) ground beef
- 2 cups dry bread crumbs
- 2 eggs
- 1 teaspoon salt
- 1/4 teaspoon pepper
- 2 tablespoons chopped onion
- 3 tablespoons melted shortening

Remove stem ends and seeds from green peppers. Cut pepper shell in two lengthwise. Combine beef, dry bread crumbs, eggs, salt, pepper, onion and shortening. Fill pepper shells with meat mixture. Bake in an 8" square pan in a moderate oven (350 F.) for forty-five minutes. Serve with a Tomato Sauce. Yield: 6 Stuffed Green Peppers.

### Mushroom Stuffed Tomatoes

- 2 large firm tomatoes
- 1 3/4 cup chopped bacon
- 2 tablespoons melted fat from bacon
- 1 tablespoon finely chopped onion
- 1/4 cup finely chopped celery
- 1 quart toasted 1/2" bread cubes
- 1 can condensed mushroom soup
- 1/4 cup grated Parmesan cheese

Slice top of tomatoes off and scoop out the centers; place in a greased baking pan. Fry bacon until crisp; remove from skillet. Brown onion and celery in bacon fat. Pour over toasted bread cubes and bacon, adding undiluted mushroom soup. Stuff mixture into tomato shells. Sprinkle 1/2 tablespoon cheese over top of each tomato. Bake in a moderate oven (350 F.) for thirty minutes. Yield: 3 Stuffed Tomatoes

### Danish Stuffed Cabbage

- 6 cups 1/2" bread cubes
- 2 cups (1 pound) sausage meat
- 1 teaspoon salt
- 1/2 teaspoon celery salt
- 1/4 teaspoon sage
- 1 large head of cabbage
- 1 3/4 cup butter or margarine
- 1 cup dry bread crumbs

Combine bread cubes, sausage meat, salt, celery salt and sage. Slice the top off the head of cabbage. Scoop out center, leaving a firm shell. Fill cavity with bread mixture. Place top of cabbage over opening. Secure with toothpicks or string. Tie in cheesecloth. Place in large kettle of simmering water. Cover and simmer slowly for one hour. Remove from kettle and take off cheesecloth. Place stuffed cabbage on a platter and remove top. Melt butter in a skillet. When hot, add dry bread crumbs and brown. To serve, cut into wedges and spoon an Onion Sauce over each serving. Top with buttered bread crumbs. Yield: 6 servings.

### Stuffing Tips

1. Allow 1 1/2 slices of enriched bread for each serving of stuffing. Allow 3 slices for each pound of poultry, dressed weight.
2. For best taste and appearance in bread stuffing, cut or tear bread into uniform sized pieces. Crusts and end slices of fresh or day-old bread may be used.
3. Stuffings are best when packed lightly to give room for expansion in cooking.
4. For best and safest results, prepare and stuff poultry or meat just before it goes into the oven. If stuffing must be prepared in advance, place it immediately into the refrigerator at 38 F. and hold at that temperature until ready to use. Under no circumstances should it be placed in meat or poultry until just prior to roasting. The practice of preparing stuffing some time in advance of roasting, regardless of refrigeration practices, promotes spoilage and encourages growth of harmful organisms. With stuffed meat or poultry, an oven temperature of 325 F. should be maintained until the center of the

stuffing reaches 180 F. To be certain of this minimum temperature, insert a roasting thermometer to the center point of the stuffing. The length of time that poultry or meat should be roasted depends upon its weight.

5. Bake extra bread stuffing in a greased pan in a moderate oven (350 F.) Insert an oven thermometer in the center of the stuffing to be certain that a minimum temperature of 180 F. is reached. Baking time will be 30 minutes or more depending on the amount of stuffing to be baked in this manner.

During the fall and winter holiday season, some bakers make a special bread called "Stuffing Bread," for use as stuffings. This bread is basic enriched white dough to which a prepared blend of poultry seasonings, salt and pepper have been added. In some localities, packaged ready-to-use seasoned stuffings also are available. In using either of the above products, follow directions and suggestions on the packages.

## Frenched Pork Loin Unusual Dish

Like to try new dishes? Pork tenderloin lends itself to various ways of serving. This popular pork cut may be left in one piece and roasted or braised. It may be cut into individual servings and frenched (cut crosswise into two-inch slices and flattened) and braised or slowly pan-fried.

For still more changes, the whole tenderloin may be filled with a well-seasoned stuffing. Simply slit the muscle nearly through lengthwise, open it out flat and stuff. Or two tenderloins may be flattened, stuffing placed between them and skewered. Whichever way you prefer, place on a rack in an open roasting pan and roast in a moderate oven (350 F.).

Frenched tenderloin slices are temptingly served in a cream sauce. Follow the braising method and brown the slices in fat, then season. To the utensil add one cup of cream, cover the pan and allow the meat to slowly cook for about 45 minutes. To serve, remove the meat to a heated platter and thicken the cream for gravy.

Smoking before breakfast should be avoided. Smoking increases the secretion of hydrochloric acid in the stomach, and when the stomach is empty an excess of acid may be harmful.

## Grapefruit + Broiler = Taste Treat

Simple arithmetic! And simply delicious, this new version of an old wintertime favorite. Right now Florida is shipping one of its best crops of big juicy grapefruit to markets all over the country, and you'll want to use them often for their health value and refreshing tartness. Heated slightly, they are grand for breakfast on chilly mornings, excellent additions to a main course, and a good beginner for dinner on a cold, cold night. Cut fruit in half; remove core if desired. Cut around each section, loosening fruit from membrane, but do not cut around entire outer edge. Sprinkle each half with 1 tablespoon of sugar and a dash of cinnamon, nutmeg or mace, if desired; dot with 1 teaspoon of butter. Place grapefruit on broiler rack 3 inches from heat and broil slowly 15 to 20 minutes, or until fruit is slightly browned and heated through.

## Furniture Fashions

Television is now a part of the American way of life—and the successful homemaker is always on the lookout for new and interesting television room arrangements. This room was especially designed for television. The television set has been partially recessed by the flanking bookshelves. The sectional sofa permits convenient viewing arrangement and the low lounge chair mounted on casters gives the room flexibility. The nest of tables is ideal for serving snacks from the hostess cart. The long low coffee table also adds beauty and utility to the room. This room arrangement provides ideal comfort for the entire family.

## White Potatoes Still Good Buy

Even at the higher prices today, potatoes are still a good buy and one of our less expensive vegetables. Ceiling prices on white potatoes went into effect January 19 at the shipping point but it will be some time before retail store prices for potatoes will be affected.

Higher prices for potatoes are due largely to the smaller crop of potatoes. Potato acreage last year was 20 percent less than in 1950.

Severe damage to the crop by potato blight extended from the New England states, through the Great Lakes states and in Nebraska, Wyoming, and Colorado so that the total supply of first quality potatoes has been reduced.

Normally each person eats between 100 and 110 pounds of potatoes each year. So even though the potato crop is one-fifth smaller we still have an ample supply.

When buying, select potatoes that are sound and smooth, with shallow eyes. The size that fits the palm of the hand is desirable.

Extremely large potatoes are likely to have a hollow center and small potatoes are wasteful, particularly when they are peeled.

Store potatoes in a cool, slightly moist, dark place to keep their quality high. If the temperature falls below 40 F. they are likely to shrivel. Green color in potatoes is caused by exposure to light and must be cut away before cooking. Otherwise it gives a bitter flavor and can prove harmful.

At least one serving of potatoes each day is recommended by nutritionists. There are many ways of serving potatoes to lend interest and variety while keeping their delicate, bland flavor from becoming monotonous. In addition to boiled, mashed, fried and baked potato, remember they're good escalloped with cheese or bits of leftover meat. Serve them creamed with other vegetables. Don't forget potato soup, potato salad, potato pancakes and potato doughnuts.

Cook potatoes quickly in a small amount of boiling salted water. Whenever possible peel the potatoes after cooking to conserve their food value. Remember the best potatoes go to the table in their "jackets."

Since portable buildings aren't anchored to a permanent foundation, it's extremely important that the entire building be built into a rigid unit.

## For Vegetable Storage

FRUIT and vegetable storage usually is a problem unless there is a specific place for these perishables. Illustrated is a table-height bin for the temporary storage of fresh vegetables and fruit. It may be built of 1 by 2-inch lumber strips and Masonite 1/2" tempered hardboard. A hinged cover provides extra working or storage area. The top and center shelves slant to give ample storage space and assure that the potatoes, dried onions, oranges,

lemons, bananas and other commodities won't roll out. The bottom shelf is flat. Each of the shelves is perforated for ventilation.

Lumber strips in the framework serve also as legs of this bin, which may be used in the kitchen, basement, utility room, or entry hall. Casters may be placed under the legs. Shelves should be put in place during the assembly of the bin, as they are not removable.

This time and work saver may be left in its natural, attractive color, dark brown, or painted to match or contrast with the furnishings.

Order your chicks soon if you want to be assured of early delivery and the kind and quality of chicks you want. That's the advice of MSC poultry authorities.

## Rock Reserves Win 7th Straight

The high school reserves remained undefeated for the season when they won their 6th and 7th straight victories last week. Farmington and Trenton were the victims of Coach Charles Ketterer's "red-hot" reserve squad. The Falcons were disposed of in easy fashion 51 to 30 and the young Rocks polished off Trenton 52 to 33.

In the first game, Farmington was out in front at the end of the first quarter 6 to 4 when the Rocks had difficulty getting started, but had mastered their forces to lead 24 to 15 at the half. They had doubled the score by the end of the third quarter to lead 42 to 21.

Ken Kisabeth was high for Plymouth with 17 points and Tyler Caplin close behind with 16. All 15 of the boys out for the reserve team played during the game. In the second game of the week Plymouth had an easy time with Trenton, leading 27 to 12 at the half and increasing it as the game progressed.

Tyler Caplin was high with 16 points followed by Ron Cole with 10. Again all the members of the squad played and 10 of the 15 broke into the scoring column. Tomorrow night the reserves will complete the first half of the schedule when they journey to Redford Union to meet the Panthers. This is the only team they haven't met in league play.

## Gaffs Clean Tails

Gaff's Cleaners pulled the upset of the season last Thursday evening when they edged Tait's in a nip and tuck fray 53 to 52. This was the first time that Tait's had left the floor as a loser this season.

It was close throughout the game and the lead changed hands many times. Tait's were out in front at the end of the first quarter by a count of 20 to 15, but at the end of the half Gaff's had taken a 2 point lead for a score of 28 to 26. They clung to that 2 point lead at the end of the third quarter 45 to 43, and victory was not to be denied as they fought desperately for the final one-point margin.

Fairbanks led the winners with 15 points and the other points were distributed among several players. John Sandmann led Tait's with 9 points, four players, Becker, Pierce, Brodie, and Paige had 8 apiece.

This game left the league standings as follows:

W	L	
Trenton	4	0
Allen Park	3	1
Belleville	2	2
Plymouth	1	3
Redford Union	1	3
Bentley	1	3

## Optimist Lead 'F' League

In "F" league basketball games last Saturday, January 12, the Davis & Lent squad swamped Fisher's Shoe store 26-2. King scored 10 for the winners.

In the second game the Optimists downed the Colts 46-5. Carter led the way for the Optimists with 22 encounters.

Games scheduled for Saturday, January 19, are Junior Optimists vs Davis & Lent, and the Colts squad vs Fisher's Shoe store. The first game will begin at one o'clock.

W	L	
Optimists Jr.	2	0
Davis & Lent	2	0
Colts	1	1
Fisher's Shoe store	0	2

## Rocks Tied for 4th

After last week's games in the 6-B league, which saw Trenton edging Plymouth, Allen Park defeating Redford Union and Bentley pulling a surprise to win from Belleville, we find the following standings:

W	L	
Trenton	4	0
Allen Park	3	1
Belleville	2	2
Plymouth	1	3
Redford Union	1	3
Bentley	1	3

## Sports Glances

by "Professor" Edgar Brown

John Sandmann, the congenial and efficient basketball coach at the high school, can smile more frequently these days—he has two teams which he alternates each quarter and both are fair outfits. How well this method works was seen by the recent two victories over Bentley and Farmington. The latter trounced the Rocks over at Farmington 35 to 19 the first time they met, but the next time, the Rocks turned the tables and won over the Falcons 45 to 29. The fly in the ointment is that John has now lost three of the seniors—Dave Travis, Bob Keeney and Jack Daggett. But, the men left will represent Plymouth with a capable aggregation every time they take the floor.

This midget football the recreation department inaugurated this past season has many valuable possibilities. A number of worthwhile good characteristics can be developed much easier in a young child than an older one. Leadership, cooperation, ability to think, besides the physical aspects developed are just a few of the many good things that come from such a program. As long as it is kept to touch football and is not too strenuous—it is a grand thing to have. It is my opinion that some of the problem children in the grades should be in such an activity as this, and the scouts, and other affairs.

All children like recognition for certain things. It seems as long as it is a team affair, that each member of the winning team should receive some sort of a certificate, rather than having one boy chosen as the outstanding athlete in the middle league. That would eliminate any hard-feelings, gives more boys recognition for a job well-done, and stresses team cooperation and spirit in that they all had a hand in the championship. Of course, these are just my personal opinions, and I may be wrong—I have many times before—but if I am wrong I'll readily admit it.

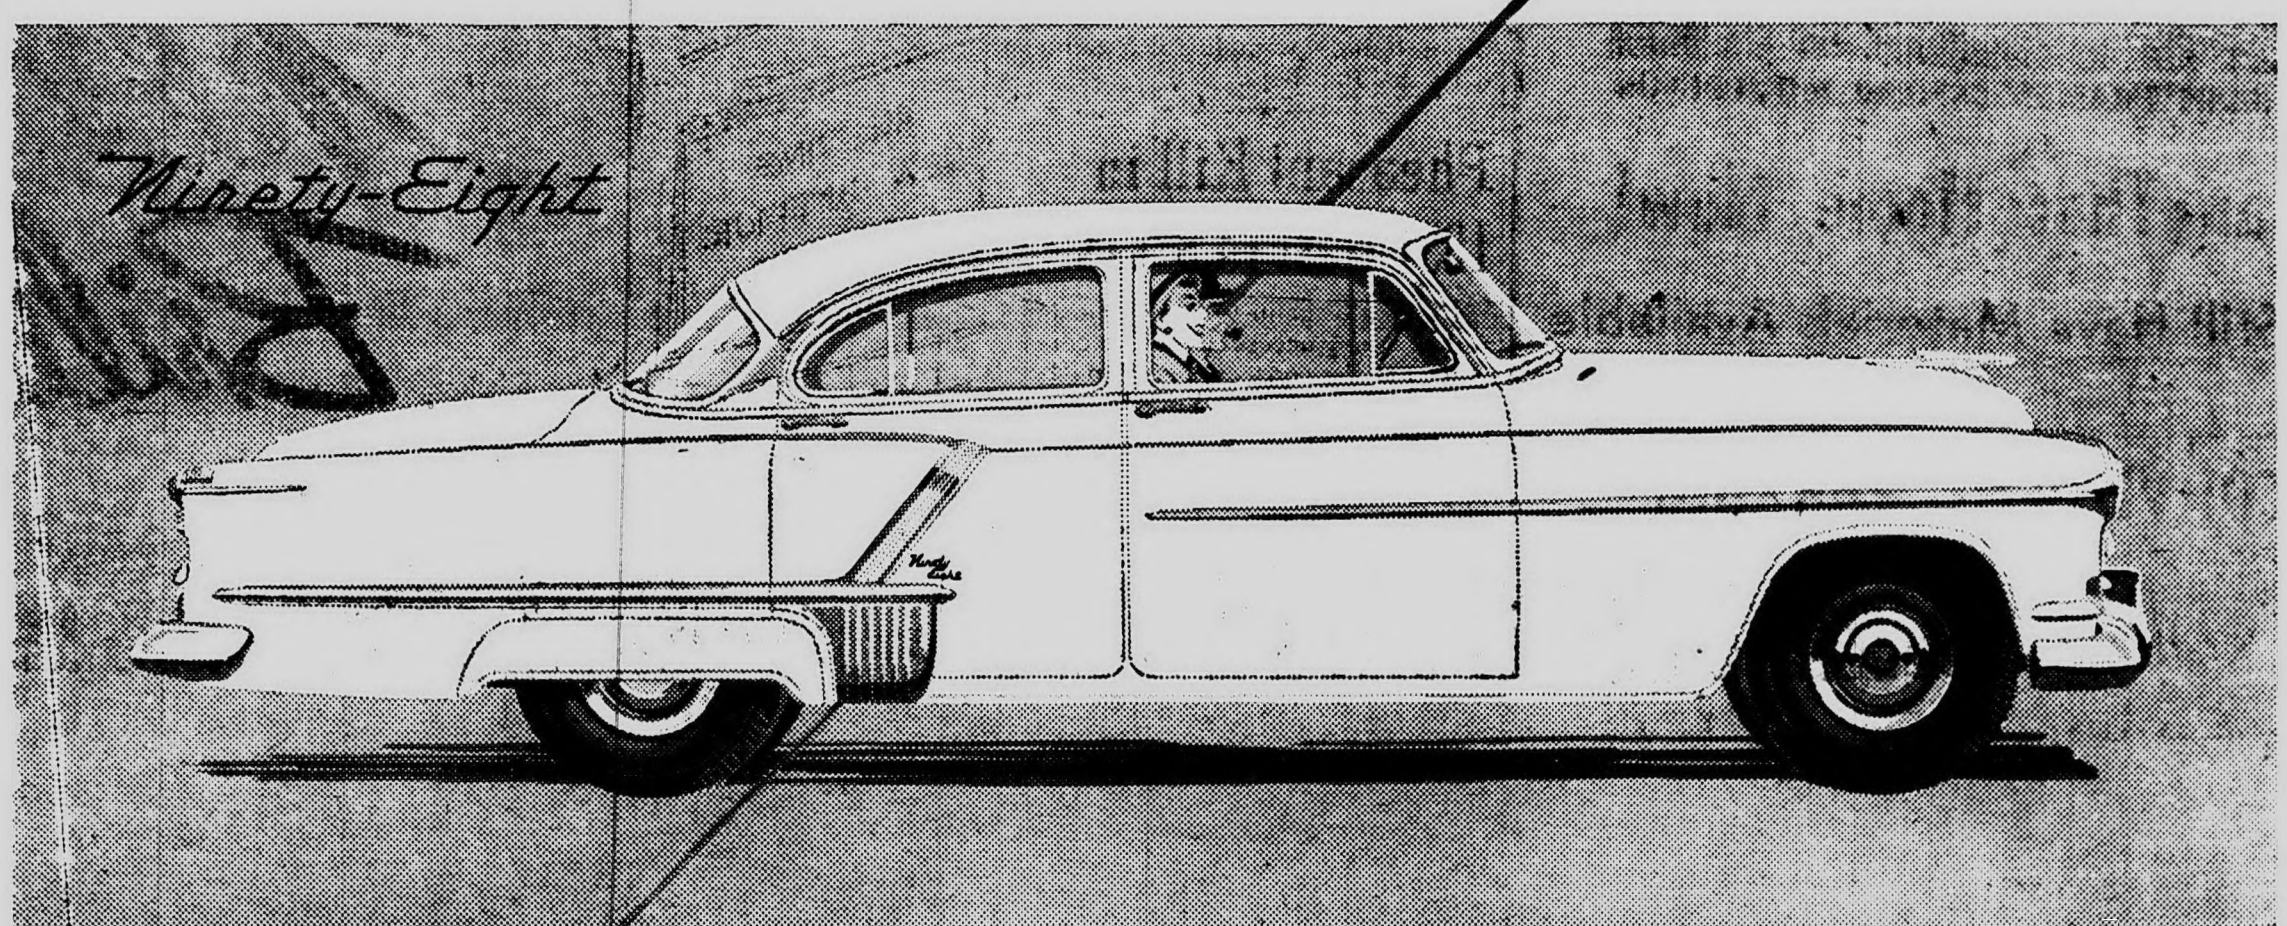

Well, the high school athletic careers of Dave Travis, Bob Keeney and Jack Daggett have ended. Each played well for the school and had a part in each victory recorded during their four-year eligibility. That is the bad feature of the half-year graduation system. A coach can have a good team until February and then lose half his first-stringers just when they are at their peak. They really get in only about 2½ years since the first year they seldom get in a game.

In a couple years this system will have worked itself out and there will be no more half-year students. A Minnesota dad has taught his two-year-old son to skate. The old gent must be a pretty good skater himself.

**Rocks Win One; Lose to Trenton**

Last week Tuesday the high school cagers brought their season play up to an even percentage of 3-3 for the season when they surprised Farmington and swamped them with a 45-29 score.

In doing so, they gained revenge for a 34 to 19 beating administered by the Falcons earlier in the season. The Rocks were out in front at the start and were never behind throughout the game. Jerry Kelly, Bud Lanphear, Al Williams, Casey Cavell and Jim Bloomhuff started for Plymouth. It was 6 minutes before either team scored a field goal, and as a result the first quarter ended 8 to 4 in favor of the Rocks. The senior team entered the game the second quarter and proceeded to build up a 20 to 12 half-time lead with Ralph Walch hitting for two quick baskets. Ralph also made two more in the last quarter—in fact, he made the first four shots he took, and only missed two all night.

Al Williams was high point man with 11 points. Ralph Walch had 8, Jerry Kelly and Dave Travis each 7, and Casey Cavell 6.

Last Friday night Trenton came to town and it didn't take long for them to convince the crowd that they were here to win. The Rocks really lost the game in the first quarter when Henderson tossed in five baskets for 10 points to give the Trojans a 22 to 9 first quarter lead. At the half it was 30 to 16, and the third quarter 48 to 23. The Rocks scored as many points in the last quarter as they did in the other three, but couldn't make up the deficit.

Henderson, the star forward, was high for Trenton with 22 points. Bloomhuff led the locals with 14 points, 12 of them coming in the last quarter. Casey Cavell had 11, and Al Williams 9.

The Rocks journey to Redford Union tomorrow night for a game with the Panthers.

**Pheasant Kill in 1951 Best in 8 Yrs.**

If small game report cards follow the success trend experienced at the conservation department's Rose Lake Wildlife Experiment station, Michigan hunters cropped more pheasants, about the same to a few more squirrels, but fewer rabbits.

All hunter report cards, stubs attached to licenses, are due not later than February 15.

The actual bag count or the 2,860-acre game research grounds, near Lansing, was 109 pheasants, 74 in 1950; 166 fox squirrels, 154 in 1950; and 295 rabbits as compared to 479 before. Poor December hunting weather in a normally big rabbit month also affected hunter numbers. When the last southern Michigan region hunting season closed, Dec. 31 on rabbits, station records showed 2,612 hunting permits issued as against 2,650 the previous year.

Station manager Ted Black says ringneck kill was the best since 1944, squirrels best since 1942, but cottontail harvest was the smallest of the last three, good rabbit years. In contrast to good pheasant shooting conditions in October, December rabbit hunting was extremely poor because of too much snow and hunter-discouraging cold weather.

Muskrat trapping and some hunting produced a take of 151 skins compared to 77 before. Also bagged on station grounds were 57 ducks, 28 raccoons, five woodcocks, one goose, one woodchuck, one opossum and one mink.

**Bankers Win One**

Plymouth United Bank won their first game of the season when they defeated Livonia 40 to 31 last week. This leaves these two teams tied for the cellar position with one victory and seven defeats. They have won their one victory from each other.

The Bankers led all the way with the half-time score being 23 to 20, but really put the game away when they outscored Livonia 15 to 6 in the third quarter. DuPlanche led the winners with 18 points. Klassen was high for Livonia with 16 points.

**Harness Racing Same as Last Year**

The harness racing season for 1952 will remain the same as last year as the trotters will follow exactly the same schedule as was set for 1951.

Northville Downs and Wolverine Raceway, both within a few miles of Plymouth, received 54 nights each.

Northville will begin its racing season on the evening of Monday, June 9, and will end it on Saturday, August 9. The Wolverine Raceway will take over on Monday, August 11, and go on until Saturday, October 9, with the last week being devoted to Grand Circuit racing.

Harness racing reached its peak last year with Wolverine averaging \$243,000 in bets nightly, and Northville \$200,000.

**Bank Stock Drops**

DeHoCo edged the hapless United Bang team last week in a closely fought game 46 to 44.

The lead seasawed back and forth during the contest, and for a moment it looked as though the Bank team might pull out their first victory of the year. The half-time score was 23 to 21 in favor of the winners.

For the winners, Robinson, DeHoCo's "red-hot" point getter led with 24 points. Gregory had 12.

For the bankers, Ron Tees had 11, with Singalton and Thompson each having 10.

The bankers have yet to win a game.

### These Events Were News 25 Years Ago

On Wednesday, January 12, about 40 of the Presbyterian women journeyed to Northville, where they were the guests of the Presbyterian church. They were received in the auditorium of the church, which was beautifully decorated for the occasion with ferns and cut flowers, and were welcomed by Mrs. Brook, the president of the Northville society.

Arnold Freydl, son of Mr. and Mrs. Felix Freydl of this place, has just been promoted to an assistant cashier in the National Bank of Commerce of Detroit, where he has been employed for the past several years.

Mr. and Mrs. Gilbert Howe very delightfully entertained a large company of friends and relatives at their home on North Harvey street, Saturday evening, January 15, in honor of their twenty-fifth wedding anniversary. The house was prettily decorated in silver and blue, in keeping with the occasion.

Representative J. L. Johnson of this place, has been especially honored in being appointed a member of the ways and means committee, one of the most important committees in the state legislature, and one to which there are many aspirants.

The spirit of Kiwanis, especially that phase devoted to play, was very much in evidence in Plymouth Wednesday evening when Northwestern of Detroit

Stamps for the new federal Motor Vehicle tax were placed on sale at the Plymouth post office last Friday, ten days previous to the announced opening date of the sale. The tax is collectible on all motor vehicles, including passenger cars, trucks, motorcycles and boats in use. No motor vehicle may be driven after January 31 without a stamp displayed on the windshield or instrument panel.

Two more new policemen were appointed this week by City Manager C. H. Elliott, bringing additions to the force in the three new officers and the total personnel to six officers in the Plymouth police department. The most recent appointees are Louis Sherman, 31 years old, and Loren Johnson, 26 years of age.

The Plymouth high school debate team will compete in the first debate of the state eliminations tournament at the Roosevelt high school in Ypsilanti Saturday, January 31. Five schools will be represented in each of about 16 tournaments throughout the state to determine the state championship debate team.

Plymouth's Civilian Defense council has received orders to immediately organize air raid warden squads. Registration of volunteer air raid wardens will be taken at the city hall daily. The number of local civilians who have volunteered for air raid warden duty in previous registrations is not sufficient to meet the requirements of the program.

### Junior Shop Boys Make Useful Item

"The Junior High shop boys and I are very proud of our new sink and drinking fountain," stated Mrs. Beatrice Bess, the Junior High shop teacher, last week.

Gerald Harrison has made a wall ladder to use to enter the attic; Robert Jenkins made a lamp from an old kerosene lamp; before Christmas several boys made ever-popular cutting boards in a variety of shapes and finishes; Gary Garner and Jimmy Preston are making bird houses for the bird house contest; and Glynn Kirk is making a stool.

Gerald Gyde, Robert York, and Calvin Thomas are whittling more difficult projects while James Gibson, Everett Schroeder and Robert Renwick are carving tid bit dishes of mahogany.

Ronald Wall, David Tillotson, and Donald Dobson are in the process of finishing gun racks and Bernard Papo made a step-stool for his little brother with nursery figures made on the jigsaw to decorate the sides of the stool.

There is no trick in knowing how to say nothing but too few of us know when.

## Mobile unit grades apples in the orchard, boosts profits

Field tests have shown that mobile orchard graders increase the net income from apple crops, especially where fruit is stored orchard run or marketed in ungraded crates. Michigan State College Agricultural Experiment Station, in cooperation with the U. S. Department of Agriculture, tested a grader that weighed about 450 pounds and was powered by a 1-hp. gasoline motor. With it, 6 or 7 pickers and a sorting crew of 4 picked and sorted 7,852 bushels of apples in 13 1/2 hours. Results of using the mobile grader were: less handling and bruising, no unnecessary handling of undergrade fruit, increased picker output, less packing-house space needed and longer storage life of apples. For more information, telephone, write or visit your County Agricultural Agent.

### Rural telephone service steadily improves

In 1951 Michigan Bell added 9,000 more telephones in rural areas. It made service better for 4,000 others with new equipment that put fewer parties on their line or gave them better ringing. Nearly three of every four establishments in Michigan Bell rural territory have telephones now; most are on lines with eight telephones or less. Money for extending and improving service must come from people who invest their savings in the telephone business. Naturally they expect the business to earn a fair profit, to pay them a fair return for the use of their money.

## Tallahassee Decides to Remain Dry Miami Beach Builders Get Steel

**Demand for Jacksonville to Miami Turnpike Result of Speed Trap Racket — Miami Police Aid Traffic**

By Elton R. Eaton

Believe it or not, there is one dry spot in Florida, and that place is the city of Tallahassee. On the way down to the southern end of the state, we stopped for a couple of days in the capital city. The papers were filled with news about the wet and dry election to be held in a week or so.

It seems that the residents of Tallahassee have voted "dry" for years and the city has been a place free of saloons, beer joints and night clubs.

The "wets" apparently thought the time had come to change things—but newspaper reports after the election proved that a substantial majority of the residents are in favor of keeping it dry. We have not the slightest idea of how much or how little the fact that Tallahassee is a dry city has to do with the impression one gets of that place during a brief visit.

But to my way of thinking Tallahassee is one of the most desirable municipalities we have ever visited—and people one meets on the street are friendly and courteous. There was no

shoving or crowding and everyone seemingly went out of the way to provide a stranger in their midst with such information as might be desired.

The streets are clean, the traffic well regulated. There was no horn tooting and police do the unusual thing of trying to help one to find a parking place. The stores are up-to-date and the residential sections of the city are as attractive as anyone might find anywhere in Florida. The capitol and other state buildings are of modern design and if by chance an outsider parks his car for a brief second while in one of the parking areas around one of these buildings, no one bawls him out. Yes, Tallahassee is a beautiful and most desirable city.

Maybe in the not too distant future Florida visitors along the east coast will be able to travel from Jacksonville to Miami on a proposed turnpike like the one in Pennsylvania that will eliminate travel through any city or village in the entire distance. Demand for this turnpike arises from an overloaded highway that has been spotted with speed traps from one end to the other.

Hick places put stop lights on every intersection in some towns, regulating them so that it was necessary for a traveler along Route 1 to stop at every corner.

Whether one was violating some traffic regulation or not, he was given a ticket if he happened to be driving a car with an outstate license. The speed trap racket which seemed to develop along with the big time grafting in Washington, has taken hundreds of thousands of dollars out of the pockets of tourists. Honest public officials and business men of the larger cities, are determined to force through the construction of the proposed turnpike, but seemingly every hamlet and city along the way which has permitted the operations of these speed traps is now fighting the proposed turnpike with all the fury at their command. The traffic racket has almost entirely disappeared in some places, so the promotion of the turnpike has already been of some benefit.

Miami's police department is doing an excellent job this winter in handling the additional traffic burden this city is forced to meet every winter. They have erected markers so that any stranger in the city can easily follow all traffic directions. The police are rigidly enforcing pedestrian traffic regulations over the main downtown thoroughfares and as a result of this new activity, there has been a decided decrease in the number of traffic accidents. Horn tooting, which has been a nightmare in Miami in former years is also a thing almost of the past. Yes, Miami traffic police are doing an excellent job in handling a terrific traffic problem.

Have been reading in Michigan newspapers how factories are closing down and how building is being tied up because "they can't get steel." The other day we thought we should drive over to Miami Beach and see if there had been many changes during the past year.

About the first thing that caught our attention was a great pile of steel lying on the ground where some one was getting ready to start the building of a new hotel. Nearby was another big pile of steel where work had been in progress on a new hotel probably for only a week or two.

There were dozens and dozens of other new buildings under construction where tons and tons of steel are being used, buildings that have apparently been under construction for just a few weeks.

Down in Florida, immense amounts of steel are necessary in building because of the fact that unusual re-enforcement is so essential to protect them from the summer and early fall hurricanes that prevail in this part of the world. Maybe you have the answer for this one. I haven't got it.

When fire strikes your business remember the loss to you not only includes replacement but also loss of sales. Protect yourself with fire insurance.

At a recent meeting of the Miami Rotary club among the 150 or more visitors was Clinton Buell of Kalamazoo. It was pleasing to meet him, as I have known the Buell family for many years. I lived on the east side of Kalamazoo county, and the Buells lived along the western side, over in Oshtemo township. They were all good Yankee Republicans. Clinton for years continued to operate as good a farm as there is in southwestern Michigan. Now he is president of the Kalamazoo County Farmers Fire Mutual Insurance company. ## German Students Tour W. C. T. S.

Wayne County deputy superintendent of schools, Charles E. Brake, took the group of PHS German students to the Wayne County Training School on Tuesday, January 15.

Leading teachers and personnel of the school explained the different teaching methods in the classes which were visited.

Highly emphasized was that the school is not a place in which juvenile delinquents are kept under custody. Discovered by parents and teachers children are enrolled in the school where their learning difficulties are overcome with special training methods.

## Roger Babson Says---

**Babson Discusses Marriages**  
Washington, D. C., January 24. Each generation, in countless ways, helps determine the fortune of the generation which follows it. Thus, the economic course of the fifties was largely charted in the thirties; what we do today will be felt most strongly in the seventies. In view of this fact, let us pick out one of the most significant events of 20 years ago and analyze its probable effect during the next few years.

**Low Birth Rate of the Thirties**  
One of the most important characteristics of the thirties was an abnormally low birth rate. Births averaged at only 17.4 per thousand population. This was about 20 percent below the rate of the twenties. During 1933, the depression low, one-third fewer babies were born than during the high year of the twenties. These few 1933 babies are today's 18-19 year old youths. Because of the low birth rate of the thirties, there are one million fewer females in the 14-19 age group today than there were in 1940, despite a 14 percent increase in total population! This is a remarkable

but sorry fact. Two-thirds of the girls in the above group will marry during the next five years. This implies that in this age group alone, our marriage potential during the next five years has been reduced by nearly 150,000 marriages annually due to this one factor. Think what this means to every businessman reading this column.

**Effect on Future Marriages**  
Another important influence on our marriage rate for the near future is the great number of marriages which took place during the prosperous forties. Especially did couples then marry at a younger age. The all-time high—more than 120 marriages for each unmarried female over 15—took place in 1946. This was more than double the 56 marriages per thousand in 1932. Moreover, the average during the decade of the forties (including the war years) was higher than during the boom of the twenties.

Not only did this accelerated rate compensate for the low marriage rate of the thirties, but it also depleted our normal reserve of single girls in the "above 19 age" brackets. The result of low births of the thirties, and the high marriages of the forties is that we have today over 2,500,000 fewer single girls under 35 than we had in 1940! I, therefore, expect marriages during the next five years to be at least 20 percent lower than the recent average of 1.7 million. — a loss of about 350,000 marriages each year! Never before in our history have we faced such a dismal prospect.

**Importance of Marriage to Business**  
Everyone is aware of the social importance of the institution of marriage, but its influence on business is often overlooked. When a man and woman marry, a new family unit is created. Separate housing is needed. This

largely accounts for today's shortage of houses to rent, and why so many new houses are being built. In building the house, the contractor must buy plumbing, lumber, steel, glass, cement, gypsum, paper and electrical equipment. The newly married couple buys furniture, rugs, and household accessories. There is also additional demand for electricity, water and gas and usually a bank mortgage! As babies are born, demand is created for milk, baby foods and clothing, baby carriages, toys and a variety of other items. Thus, marriage is most helpful to business and is an important reason for today's prosperity.

Consider then the far-reaching effect of a 20 percent decline in marriages for the next five years. This can make business slump and keep it down. We are too complacent with our present high production and high consumption standards. We pay too little attention to the birth rates. I do not believe a repetition of the severe depression of the thirties is necessary. There are things we can do to counteract the coming big slump in marriages. I might add that the new draft ruling regarding childless couples could also be a helpful factor. It will be interesting to watch how much business will be affected in the long run by the recent Roman Catholic emphasis on the subject of birth control.

### Requiem Mass Read for Everett L. Zimmerman

Requiem Mass was read at 9 a.m. from St. Mary's Chapel, Wayne recently for Everett L. Zimmerman who passed away Jan. 10. Mr. Zimmerman, a former mail carrier in this area, resided at 29425 Michigan avenue, Wayne.

He is survived by his wife, Margaret, his mother, Mrs. Ada Cogswell, two sons, William and Donald; three daughters, Mrs. Margaret Scheckells, Mrs. Helen Wilson and Mrs. Kathleen McDonald; and two brothers, Lucien and Leon.

Michigan's first paper mill was built in the Raisin River Valley in 1834. Now, 65 mills in 29 Upper and Lower Peninsula communities produce daily over 12 million pounds of paper containers, boxboards, waxed papers, pattern tissues, newsprint and a wide variety of paper stocks.
