

Important Notice To Advertisers

Some months ago at the request of our advertisers, publication day of The Plymouth Mail was advanced from Thursday to Wednesday. It was urged at that time that merchants and other advertisers get their copy in earlier than had been the practice because of the short time our advertising staff and printers had to prepare and set the advertisements.

For a time there was a general compliance with this request but during recent weeks there has been a tendency to wait until Tuesday or even Wednesday morning before submitting advertising copy.

It has become necessary because of the difficult problem of setting so much copy in such a short time to fix a definite deadline for the acceptance of display advertising.

BEGINNING MAY 1ST IT WILL BE NECESSARY FOR ALL DISPLAY ADVERTISING COPY TO BE IN THE PLYMOUTH MAIL OFFICE NOT LATER THAN 5 O'CLOCK MONDAY AFTERNOON FOR PUBLICATION IN THE ISSUE OF THAT WEEK.

We are sure our advertisers will cooperate to the fullest extent. Even the big metropolitan publications find it essential to require display advertising to be in the office generally two or three days in advance of publication. Five o'clock Tuesday afternoons will be the deadline for all want ad copy.

The Plymouth Mail will thoroughly appreciate cooperation on the part of every advertiser—and we are confident that it will be given. Thanks for what you do.

The Plymouth Mail.

Circus at Blunk's Proves Popular

Thousands of people have been fascinated this week by the appearance of Ernie's Circus on the second floor of Blunk's Furniture store. This 25,000 piece replica of Ringling, Brothers circus was created by Mr. and Mrs. Ernie Palmquist, and is recognized as the most complete and unique display of its kind in the world.

The fine workmanship, which took 13 years to build, is scaled to one-half inch to one foot. His miniature circus has 300 performers, and numerous hand-carved wagons with brakes and wheels that actually work, railroad cars, stake driver trucks complete and workable, cook house, famous performers and clowns of the great circus, such as the Wong family of jugglers, the flying Wallengas, and Kelly the clown. Of course, no circus is complete without a parade, and there is a big one here.

The novelty also includes an exact eight-page edition of the New York Times, which is readable with a microscope, and in some instances with the naked eye. A little boy is seen trying to sneak in under the tent and a policeman is after him. A pick-pocket is busy at his trade. Conveniently located throughout the circus grounds are little tents marked for "men only" and for "women only".

Mr. Palmquist made each piece with such exactness to the slightest detail while Mrs. Palmquist made all the costumes.

Approximately 1000 persons saw the first performance on Monday. Many of these included school children; five different schools were represented at Blunk's that day.

This wonderful piece of work has been on display in 42 states, Canada, Mexico, Philippines, Hawaii, and approximately 5,000,000 people have seen it. Robert Ripley says in his "Believe It or Not" that more people have seen Ernie Palmquist's circus than any other circus in the world, and it is all in miniature.

One middle-aged lady was heard to remark, "I'm certainly glad I came, I never dreamed it would be like this."

Mr. Palmquist says this is purely a hobby with him, and that if more boys would take up a hobby of some sort, there wouldn't be as much juvenile delinquency as we have at the present time.

The circus will remain an attraction at Blunk's each day through Saturday, April 26. Anyone is welcome to come and see this worthwhile masterpiece.

Milwaukee Next For Local Lodge

Members of Plymouth Rock Lodge will leave Plymouth early Saturday morning for their annual visitation to another Masonic Lodge. This year the Masons will go to Milwaukee where the Plymouth degree team will work on Saturday night in the Lodge in that city.

The caravan will leave Ann Arbor by chartered train early Saturday morning arriving in Milwaukee in the afternoon. The group will stay there over night returning to Plymouth late Sunday evening.

Other trips have been to Washington, Louisville, Chicago, Buffalo and Nashville. About 200 members of the lodge are expected to make the journey.

Rotary Anns Hold Annual Men's Night

George Stark, columnist, and Ann Campbell, poetess, for the Detroit News were guest speakers at the annual Rotary Anns' Men's night, held Wednesday evening at the Mayflower Hotel.

Mary Lou Hartwick sang "Romance" and "In My Garden". She was accompanied by Jon Brake.

High Flying Balloon Returns Via Mail

What goes up must come down! It seems that this even holds true of balloons.

Walter Rensel of Blunk's furniture store in Plymouth discovered this today when he received a letter from Thamesville, Ontario containing one of the balloons being given away by Blunk's during the showing of the miniature circus this week.

The letter was from Charles Houle who said that he found the Blunk's inscribed balloon in his corn field. Thamesville is 81 miles from Plymouth as the crow—or rather, the balloon flies!

1500 Fans Watch Wrestling Match

Approximately 1500 spectators were present in the new gymnasium at the high school, last Friday evening, to witness an exhibition of wrestling featuring several television mat stars.

The Plymouth Lions club, sponsors of this unique sporting spectacle, realized in the neighborhood of \$1000 for their very worthwhile project of sight conservation.

The opening match saw bad-boy Johnny Gates pitted against Stanley Buresch. Buresch won the first fall, and the second was awarded him by the referee when Gates persisted in illegal fouling.

Next on the program, and a real crowd-pleaser, was the mid-gets, Tom Thumb and Sonny Boy Cassidy. The little fellows put on a humorous exhibition with Tom Thumb emerging the winner of the one-fall match.

The main event between Bert Ruby and Jan Gotch resulted in Ruby winning two out of three falls.

Periodic music by Carl Groschke and his band immensely pleased the large audience.

The Lions club wish to take this opportunity to express their thanks to everyone who made this undertaking the success that it turned out to be. President George Witkowski says, "The real winner of these wrestling matches will be the blind, and the persons fighting to save their sight."

Mr. Palmquist says this is purely a hobby with him, and that if more boys would take up a hobby of some sort, there wouldn't be as much juvenile delinquency as we have at the present time.

Bloodmobile to Return in May

BPOEIs are sponsoring the visit of another Red Cross bloodmobile in the city of Plymouth. The mobile unit will be in town from 9 a.m. to 9 p.m. on May 19. The location will be announced later.

"We all know how desperate is the need of blood in Korea," stated Lawrence Ransom, chairman, "and I am sure that the Plymouth residents will cooperate as well as they did when the mobile unit was here in January."

Persons who donated blood when the unit was here before may do so again when it returns.

Pease Paint Store Holds Open House

A spring open house will be held today, tomorrow and Saturday at Pease Paint and Wallpaper company on Penniman avenue.

Plastic aprons will be given to all women who come to the store during the three day open house. All persons who come and register have a chance to win one of the 11 gifts to be given away at 8 p.m. Saturday. It is not necessary to be present to receive one of the prizes.

Featured at this open house will be O'Brien paints, window shades, venetian blinds, unfinished furniture and wallpaper.

House for sale? Use a classified ad. Call 1600. Deadline is Tuesday at 5:00.

READY FOR THE ROUND-UP at Bird School Saturday night. Nearly 1,000 local residents are expected to participate in the annual PTA carnival at the school. Featured this year will be the western scene pictured above. Left to right standing are Gary Packard, Greg Packard, Mary Jane Readman, Mrs. Cecil Packard and Mrs. Lee Gaeke. Resting on the "top rail" are Mrs. Elmore Carney and Mrs. Eber Readman while on horseback in the back ground is Jinx Goddard.

Chamber of Commerce Appoints Nat Sibbold Executive Secretary

New Secretary

Nestor Sibbold

Nestor Sibbold was appointed executive secretary of the Plymouth Chamber of Commerce by the board of directors last Monday night. It marks the first time in nearly 15 years that the Chamber has had the services of a full time secretary. The appointment of Sibbold, who is now deputy city clerk, met with unanimous approval of both business and industrial firms when they were informed that his services had been secured for this important local position.

The need for a full time secretary has been evident for some time and it should mark an important step forward for the Chamber. According to Harry Roberts, president of the organization, the entire community stands to benefit from Sibbold's appointment and Chamber officials expect to bend every effort to get the organization operating on a full time basis. Sibbold will take over the duties of the office about May first.

Sibbold came to Plymouth two years ago to assume the duties of deputy city clerk. Previous to that time he had studied at Wayne and Toronto Universities and had five years of professional theater experience.

Golf League to Open on May 7

The enjoyable spring weather of last week end, brought forth a mid-season crowd of enthusiastic golfers at Hilltop Golf Club last week end. The popular nine-hole course, located on W. Ann Arbor trail a mile west of Plymouth, opened its doors last Friday for the 1952 season. Management reports that the usual nine and 18 hole rates will prevail throughout the '52 season.

The Hilltop City Golf League will begin its annual play on Wednesday evening, May 7. This popular league, now going into its ninth year of play, is comprised of teams of four men each, sponsored by local merchants and business men. Playing competitively by point system, the teams seek to win the team and individual trophies that are awarded each year. All local golfers desiring to join the group are urged to submit their names to Henry Mill, acting manager at Hilltop, who will turn them over to the league secretary for placement. All teams will be formed prior to the kick-off date of May 7. All players will be required to turn in the equivalent of an 18 hole score before that date for handicaps.

The Seventh Annual City of Plymouth golf tournament will be one of the interesting events of the season, as well as many other competitive golf events that will be staged this coming year.

Mrs. Walter Ash and daughter, Donna Lee and Mrs. Milo Corwin and granddaughter, Peggy, visited last week with Mrs. Corwin's sister and husband, Mr. and Mrs. Earl Hamilton who recently moved from Pittsburg, Pennsylvania to Wvandotte.

Change Store Hours

Stop and Shop and Better Home Appliances announce new store hours for the further convenience of their patrons this week. To help in relieving weekend congestion in the Forest street shopping area the two stores will now remain open until 9 p.m. on Thursday evening.

Weekly hours for the two stores will be Monday, Tuesday and Wednesday 9 to 6, Thursday and Fridays 9 to 9, and Saturdays from 9 to 8 p.m. Other stores in the area are considering changing to the new hours and will probably announce their changes within the next few weeks.

Kiwanians Hear Circus Creator

A dual program was presented Tuesday evening for members of the Plymouth Kiwanis club at the weekly meeting in the Mayflower hotel.

The importance of a hobby was emphasized by Ernie Palmquist, creator of the nationally famous 25,000 piece replica of Ringling Brothers circus. Palmquist's miniature "big tent" is now on display at Blunk's furniture store. Palmquist was introduced by A. L. Lantz.

Lawrence Livingston, Plymouth public schools band director, discussed musical training of grade school age children. He pointed out that training at this early age is most important to establish music appreciation. Livingston also demonstrated methods used in teaching young students. Bill Thomas introduced Livingston to the group.

Several members of the Plymouth Kiwanis drove to Windsor for an inter-club meeting Wednesday evening with the Kiwanis club of that city.

Traffic Officer in Auto Crash Not Badly Injured

While piloting Plymouth's fire department down through Main street traffic last Friday afternoon when the department was responding to a grass fire call, Traffic Officer Louis Westfall crashed the police department's new motor scooter into the side of a standing automobile. He received slight injuries but damaged both the scooter and the automobile.

The automobile, owned by Edward C. Hough, was being driven by Mr. Hough east on Ann Arbor trail.

When he approached Main street he had the green light and started into the intersection when he both heard and saw the fire truck coming down Main street. He immediately stopped his car before completely crossing the intersection.

The Traffic Officer and his scooter hit the standing car and seconds later the city's fire truck whizzed by the street intersection on its way to the fire at the foot of Deer street. The flames were quickly extinguished.

Damages to the city-owned motor scooter, used chiefly in checking parking meter violations, will amount to about \$95. The Cadillac was also damaged. Mr. Hough stated that, "It is just one of those accidents that happen once in a while."

The city has issued an order that the fire department no longer needs a police motor scooter to travel ahead of the fire truck in answering fire calls.

D. Galin Installs Model Kitchen

David Galin has added a model Youngstown kitchen department to the D. Galin and Son Appliances store on Penniman ave. The kitchen on display at this time is chartreuse and trimmed with flame. Opening of the remodeled store is announced this weekend in conjunction with a gigantic sale event on all of the store's appliances.

Installed in the model kitchen are a sink, refrigerator, stove, and cupboards. To give an added homey touch there are plants in shadow boxes built into the wall to simulate windows.

To make room for the kitchen, Mr. Galin has eliminated his meat processing room and places appliances in this space. This remodeling allows for much more room in the store, even with the addition of the new kitchen.

The opening of the new department marks the first time in 25 years that Mr. Galin no longer has meat cutting in his store. Having come to Plymouth and opened a meat market, he for years, operated one of the most successful independent stores in the community. The addition of appliances to the store has gradually pushed the meat and grocery department out so that now he devotes all of his space to these items.

Jaycees to Hold Charter Dinner

Junior Chamber of Commerce charter dinner will be May 10 in the Mayflower hotel.

The Plymouth Junior Chamber will receive a charter from David Blakely who represents the United States Junior Chamber of Commerce. Mr. Blakely is the National Director from Michigan.

Invitations have been sent to all neighboring Junior Chamber of Commerce organizations and to Plymouth City and Chamber of Commerce officials.

All former Plymouth members of the organization, their wives, and guests are invited to attend this dinner for the rechartering. Also invited are all young men between the ages of 21 and 36 inclusive and their wives or guests.

Those interested in attending should contact either J. G. Rucker or John Gaffield.

Mr. and Mrs. Arthur Rodman have leased their home on Blanche to the Paul Cooks for another year. They plan on staying at their cottage at Mt. Dora, Florida, but are planning a trip to Ohio and Michigan this summer.

Also Plan Alteration of Present High School

New Mayor

Russell M. Daane

Russell M. Daane Elected Mayor

Russell Daane was elected mayor of the city by the city commission Monday evening. Mayor Daane will serve in this capacity until April, 1953. He succeeds Floyd Tibbitts.

In taking over the office of Mayor, Mr. Daane expressed his thanks to the commission for electing him, and said that he hoped a fruitful year was ahead for the commission.

Mayor Daane was a member of the charter commission which recently rewrote the charter of Plymouth, and was elected to the City Commission in October, 1952 to serve until April of 1953.

Mrs. W. W. Hammond, re-elected to the city commission in the spring election was named mayor pro-tem. Mrs. Hammond has been a member of the commission for the past two and a half years. She is one of the county supervisors.

As his first official act, Mayor Daane reappointed Ernest Henry to the recreation commission. He deferred the naming of persons to the position of city attorney, assistant attorney, two members of the auditing committee, three members to the board of assessment and review and a member of the personnel service appeal board until some time in the near future in order that he might consider various persons best qualified for these positions.

The school levied a tax of 13.899 mills this year and if the increased millage should be approved the tax would be 17.899 mills. In proportion to other school districts in this area of Michigan, Plymouth would be about average in its tax. Many districts levy from 20 to 27 mills for their schools and Plymouth, even with the increase, will be considerably lower than most districts its size.

Thieves Stripped Three Stolen Cars In Plymouth

The city police are on the lookout for thieves who have been stealing cars and stripping them of wheels and other accessories. Last week three local residents reported their cars stolen.

On Sunday, April 13, Lawrence Fornwald of 397 Pacific, reported that his 1949 Dodge had been stolen. The car was later discovered on Clemons road, with the wheels and tires missing.

Monday, April 14, a car owned by George Camichel was stolen from Union street, and later found on Maple street, the radio had been taken off from the car.

On Thursday, April 17, a 1949 Ford, owned by Jerry Loge of 1012 N. Mill street, was reported stolen and later recovered near Schoolcraft and Newburg roads in Livonia.

Police say that most of the cars reported stolen have been left unlocked, and some have even left the keys in the car. This is just inviting trouble, and Chief Greenlee says that anyone who leaves his car parked should be sure that the keys are out, and the car is locked.

Mr. and Mrs. Kenneth Gates were hosts to the members of their club Saturday evening in their home on Chubb road. Guests included Mr. and Mrs. Bernard Curtis, Mr. and Mrs. Harlow Williams, Mr. and Mrs. Clifford Manwaring, Mr. and Mrs. Frank Hokeson and Mr. and Mrs. John Chaney.

Members of the Board of Education voted Monday night to submit two proposals to voters at an election to be held May 26th. On the recommendations of the school study group two of the three proposals were accepted by the board and voters will be asked to vote additional millage for operation expense and building a new elementary school and the complete alteration and improvement of the present high school building.

The board will ask for two mills additional to cover increased operation costs and two mills to cover the cost of an additional elementary building and renovating the present high school. The operational levy will be spread for five years and the building levy will be spread over a 14 year period.

The third proposal as suggested by the study group covered the establishment of a building and site fund which would provide money for the purchase of additional sites and buildings for the future. This would have been an additional two mills for voters to approve which would have brought the entire tax increase to six mills.

However the board decided against the third proposal at this time and will submit only a four mill proposal to the voters next month. In view of the fact that the school system is desperately in need of another grade school and that it is imperative that the present high school be altered board members felt they should only submit those items which were an absolute necessity at this time.

Voters will be presented three ballots at the election. One for approval of two mills for operational expenditure and two for the elementary and high school projects.

The school levied a tax of 13.899 mills this year and if the increased millage should be approved the tax would be 17.899 mills. In proportion to other school districts in this area of Michigan, Plymouth would be about average in its tax. Many districts levy from 20 to 27 mills for their schools and Plymouth, even with the increase, will be considerably lower than most districts its size.

Merriman and Company will open their new real estate office at 147 Plymouth road this Friday and Saturday. Associated in the company are Mrs. Sam Gettleton and Leon L. Merriman and selling with the firm are Mrs. Alma Hogle, Mrs. Ora Taylor and Earl Merriman.

The building which is owned by Mrs. Gettleton has been completely remodeled and paneled with knotty cedar throughout. It has a main office and two conference rooms.

The firm will continue to handle Garling Homes and Mrs. Gettleton has disassociated herself from the Plymouth Real Estate Exchange to devote full time to the new firm.

Easter Seal Sale Tops \$2500 Goal

Russell Daane, chairman of the Crippled Children's fund drive, announced that this year's Easter Seal campaign, sponsored by the Plymouth Rotary club, exceeded its \$2500 goal by \$300.

There were 905 individual contributions received. Mr. Daane stated that of the money collected, 95 percent will stay in the city to provide care for the handicapped persons in this area.

At this review objections to said assessments will be heard. The assessment rolls are on file in the office of the City Clerk for public examination.

Nestor A. Sibbold, Acting City Clerk

YOUR DOLLARS go a LONG WAY when we do your printing

Community Fund Board Considers Tie With Detroit

The Board of Directors of the Plymouth Community Fund is considering a move which would tie the Plymouth Fund to the Detroit United Foundation Torch drive much more closely than it is now.

As the situation now stands, the Plymouth Fund pays a percentage of its yearly budget to the United Foundation and receives in return the services of 23 United Foundation organizations. Included in these organizations are the American Cancer Society, Michigan Society of Mental Hygiene, United Cerebral Palsy Association, Inc. and the Leader Dog League for the Blind.

The proposed agreement would open to Plymouth residents the entire list of United Foundation services. Also included in the contract is the right of the Detroit Foundation to review the budget of the Plymouth Fund. The Plymouth group would share coverage and underwrite with the Torch drive on a percentage basis.

"The plan is only in the discussion stage," stresses Norman Marquis, president of the Board of Directors of the Plymouth Community Fund. "The aforementioned agreement is in the form of proposed changes. The board will spend at least one and probably several more regular and special meetings discussing the problem because we are not yet convinced that the citizens of Plymouth would receive the greatest amount of benefit for their contribution dollars if the change were made."

Police Arrest Reckless Driver

The drive to curb reckless driving in the city of Plymouth resulted in the arrest of Homer E. Blackledge of Livonia last Friday evening. The police report that young Blackledge, 21, was spotted on Forest avenue, ran the stop sign as he turned into Wing, and also did not stop as he turned left on to Main street. At the red light on the corner of Main and Ann Arbor trail, he turned right, without stopping, and sped out Ann Arbor trail at an excessive rate of speed.

According to the police department, Blackledge has been on probation for a similar offense in Detroit, and his driver's license has been revoked.

Appearing in court Blackledge was fined \$125 and sentenced to 90 days in the Detroit House of Correction. However, the defendant appealed this verdict to the Circuit Court, and is out now on \$500 bond.

Police Chief Carl Greenlee says that the wild driving of youngsters in this area must cease. All officers are warned to arrest anyone making any undue noise, or driving in an abnormal manner, because both are illegal in Plymouth.

Curb and Gutter Completes Sunset

At the City Commission meeting last week a resolution was passed to complete the curb and gutter on Sunset in front of lot 37, and to blacktop the street this summer. This small area could not be finished until the new charter became effective, since under the old charter assessments were limited to 25 percent of the assessed valuation. With the improvement, the curb and gutter and blacktop, Sunset will be complete.

City Manager Albert Glassford says the new charter is working much better than the old one, and that the charter committee really did a swell job.

Northville Group at Optimist Club

The Northville Optimist club was in charge of the program last Monday evening at the Plymouth Optimist club's weekly meeting in the Hotel Mayflower. The program based on the theme of America First, consisted of the showing of a movie, "A Free America," accompanied by a photograph that told the story. The picture explained the American Way of Life as in contrast to the Communist Way of Life.

This film, owned by the Northville club, can be secured free of charge by contacting Al Wistert of the Northville club, or at his real estate office.

Most problems are usually the absence of ideas.

The use of chemical plant food in the United States probably dates back in 1830 when Chilean nitrate of soda was first imported.

Low analysis fertilizers cost less per ton, but more per pound of plant food.

TAKING PART IN THE JOINT INSTALLATION OF THE MAYFLOWER post and the auxiliary of the Veterans of Foreign Wars are Robert Van Meter, new commander of the post; G. Edwin Slater, past district commander and post installing officer; Virginia Bartell, auxiliary president; and Eleanor Gagnor, installing officer for the auxiliary. Other post officers installed were Richard Neale, senior vice-commander; Edward Kopenski, junior vice-commander; H. R. Smith, quartermaster; W. Norman, post advocate; Roy Warner, chaplain; and Charles Voss, trustee. Geraldine Olson was installed as senior vice-president of the auxiliary. Alba Van Meter, junior vice-president; M. Warner, treasurer; Grace Burley, chaplain; Marion Dickey, conductress; Jean Olson, guard; and Kay Coolman and M. Harford, trustees. Following the installation, a reception was held in the Veterans Memorial building.

Wet Winter A Big Boom to The West

Mr. and Mrs. Harry Lush who have been spending the winter at their home near Rancho Santa Fe in California, have arrived in Plymouth, where they plan to remain for a few weeks. Mr. Lush, owner of both motion picture theatre houses in Plymouth and also in Northville, declares that the winter in California has

been a delightful one, even though there has been more than the normal rainfall. "Rain was badly needed out there. Many of the streams have dried up completely. Water for the first time in over ten years is running over the spillways of several of the big dams in the mountains. Every one out there seems delighted over the wet season they have experienced," said Mr. Lush.

PHS Out Friday

Plymouth High school students will have a vacation tomorrow since the high school teachers will be in Ann Arbor, where they will attend the Michigan Schoolmasters' Club Annual meeting.

At the general meeting Friday morning in the Rackham building, Henry Ford II, president of the Ford Motor company, will give the main address.

The theme of this year's 86th meeting will be "Education for the Second Half-Century."

Report Prowler Again Active

The police department received a report of a prowler in the Sunset area last week. A resident called the department around 4 a.m. and said some one had been jacking the front door at that hour.

The police arrived shortly, but could locate no one in that vicinity at that time.

The police department warns everyone to be on the alert for prowlers and if one is discovered to call the police immediately. It is best if this can be accomplished without arousing the prowler's suspicions.

More than 1,000 modern fertilizer plants today serve American agriculture, home gardeners and others efficiently.

Try using an old chenille bedspread for a luxurious slipover on a bedroom chair or bench.

Isbister Chosen State President of School Group

At the annual meeting of the Michigan School Business Officials Association at the Detroit Leland hotel, last April 10, 11, 12, Plymouth's Superintendent of Schools Russell L. Isbister, was elected president of the association for the year 1952-53. Mr. Isbister has been vice president during the past year.

The above group is an organization of school people who are concerned about the business affairs of schools, and include school superintendents, business managers, building and ground superintendents, etc.

This group originated 15 years ago when a group of school people got together to pool their problems, and thus help, each other in the operation of schools from a business point of view.

Mr. Isbister also participated in the round table discussions as he was chairman of the Superintendents' Round Table, with the discussion centering around new buildings, maintenance and operation, insurance, child accounting and finance problems.

Make-up Expert Here

Marguerite Newton from the Dorothy Gray salon in New York will be at the Peterson Drug store all day on May 1 to confer with any women who are interested in special information on cosmetics and make-up.

Miss Newton will also help local women to solve personal make-up problems.

Harold Joseph III is the name Mr. and Mrs. H. Joseph Brisbois of Joy street have chosen for their son born at Plymouth hospital on Friday, April 4. He weighed 8 pounds 4 ounces. Mrs. Brisbois is the former Joanne Walsh.

Mr. and Mrs. James E. Johnson of Wyandotte announce the birth of a son, James Edward II born on Saturday, March 19 at the Trenton Osteopathic hospital. He weighed 7 pounds 10 ounces at birth. Mrs. Johnson is the former Roberta Orr, daughter of Mr. and Mrs. R. C. Orr of Beck road.

Highway signs actually are "signs of life." Know and obey them. Forty years ago, 35 per cent of the nation's people were on farms compared to only 16 per cent now.

Official Proceedings of Your City Commission

Monday, April 7, 1952
Regular City Commission meeting held at 7:30 p.m.
Present: Commissioners Arlen, Bauer, Fisher, and Mayor Tibbitts.
Absent: Commissioners Daane, Hammond and Henry.
Moved by Comms. Bauer-Fisher that the meeting be adjourned until Tuesday, April 8, 1952 at 7:30 p.m. Carried
Time of adjournment 7:32 p.m.

Tuesday, April 8, 1952
An adjourned regular meeting of the City Commission held at 7:30 p.m.
Present: Commissioners Arlen, Bauer, Fisher, Hammond, Henry, and Tibbitts.
Absent: Commissioner Daane. (Arrived at 8:30 p.m.)
Moved by Comms. Fisher-Bauer that minutes of March 17 and 26 be approved as presented. Carried

The following resolution was offered by Comm. Henry supported by Comm. Bauer:
WHEREAS companion bills were introduced in Congress on February 27, 1952 by Congressman Albert Rains of Alabama (HR 6816) and Congressman John W. Byrnes of Wisconsin (HR 6817) to make it optional for states to include under the Federal Old Age and Survivors' Insurance System those public employees covered by an existing retirement system, with provision being made for a referendum of the persons affected, and
WHEREAS the Social Security Act now bars Social Security coverage to persons occupying positions which were covered by a public employee retirement system.

THEREFORE BE IT RESOLVED that this Commission support and recommend for enactment by the Congress of the United States of America companion bills (HR 6816 & HR 6817) making it optional for states to include under the Federal Old Age and Survivors' Insurance System public employees covered by existing retirement systems.
BE IT FURTHER RESOLVED that copies of this resolution be forwarded by the clerk to Senator Homer Ferguson, Senator Blair Moody, Representative George A. Dondero, Representative John Dingle. Carried
Moved by Comms. Bauer-Arlen that the City Manager be authorized to obtain costs of acquiring part of Lot 110 Maplecroft Sub. and Lots 45 to 53 Auburn Add. to Plymouth Heights. Motion Carried

Moved by Comms. Fisher-Henry that the City Manager be authorized to correct Pay Plan and Rating for two policemen. Carried
The Clerk presented a request from Boyer's Haunted Shack for permission to install a sign in front of their store on So. Main. Moved by Comms. Arlen-Hammond that the request be accepted and tabled. Carried
Mr. Wm. E. Beitner was present and requested further consideration of his offer to lease the property at 340 So. Main for the purpose of a jewelry store. Moved by Comms. Daane-Bauer that Mr. Beitner be given the first refusal if terms are agreeable. Carried

The Actuarial Report of the Michigan Municipal Employees Retirement System was presented by the Clerk. Moved by Comms. Bauer-Daane that the report be accepted and placed on file. Carried
A ten year improvement plan was presented by the City Manager. Moved by Comms. Fisher-Henry that the City Manager be authorized to employ engineering service in making a drainage survey for the improvement of So. Harvey southerly from Wing street. Carried

Yes: Commissioners Arlen, Bauer, Daane, Hammond, Henry, and Mayor Tibbitts.
No: Commissioner Fisher.
The City Manager presented a proposed budget for the fiscal year 1952-53, reviewed by Comms. Bauer-Daane that the budget be accepted and studied. Carried
Moved by Comms. Bauer-Hammond that a special meeting be held April 14, 1952 at 7:30 p.m. for the purpose of considering the ten-year plan and proposed budget for 1952-53, together with any personnel wage adjustments; also to administer the oath of office to the new members of the Commission. Carried
Moved by Comms. Hammond-Daane that a public hearing on the proposed 1952-53 budget be held April 24, 1952 at 7:30 p.m. Carried

Bids were presented by the City Manager which were received March 27 for construction of public improvements with the recommendation that the following low bids be accepted:
Sidewalks—
Tony Angelo \$3,354.00
Curb & Gutter—
Wm. J. Kloote \$14,638.87
Sanitary Sewer—
Nollet Construction Co. 3,606.40
Pavement—
John F. Wohlin 10,153.00
Bituminous material—
Cadillac Asphalt Co. 14,175.45
Bituminous material & cover—
Howell Cons. Co. 480.00
Water Mains—
Nollet Construction Co. 4,749.92
Moved by Comms. Fisher-Daane that the low bids be accepted as presented by the Manager and contracts executed, provided that the bid for concrete pavement include the final trim work listed in item of the bids otherwise the next lowest bid of Tony Angelo be accepted. Carried

A communication from the City Manager was read by the Clerk regarding curb and gutter on Sunset Ave. between Farmer and Junction Ave. Moved by Comms. Hammond-Bauer:
That the communication, dated April 1, 1952, from the City Manager relative to curb and gutter abutting Lot 37 Sunset Addition Subdivision be accepted and that he is directed to submit to this Commission for its consideration a report, upon said improvement, which shall include necessary plans, profiles, specifications, estimates of cost, and estimate of the life of the improvement, a description of the recommended assessment district or districts, and such other pertinent information as will permit the Commission to decide the cost, extent, and necessity of the improvement proposed, and what part or portion thereof should be paid by Special Assessment upon the property benefited and what part, if any, should be paid by the City at large. Carried

Unanimously
The Clerk presented the report of the City Manager relative to curb and gutter on Sunset between Farmer and Junction Ave. The following resolution was offered by Comms. Hammond-Henry:
WHEREAS the City Manager, as heretofore directed, has presented his report to this Commission, dated April 8, 1952 relative to a proposed local or public improvement described as:
Curb & Gutter abutting Lot 37 Sunset Addition Subdivision
WHEREAS this Commission has reviewed said report.
NOW THEREFORE BE IT RESOLVED that the Commission of the City of Plymouth, Michigan, does hereby find and determine that the above described improvement is necessary and that said improvement is local and of benefit to the property affected thereby and also is a general public improvement, and
BE IT FURTHER RESOLVED that all of the cost of said improvement shall be paid by special assessment upon the property benefited thereby.
BE IT FURTHER RESOLVED that the limits of the special assessment district within which property is deemed and hereby determined to be specially benefited are as follows:
The property abutting the im-

Table with 5 columns: Whole number of votes cast, Prec. 1, Prec. 2, Prec. 3, Prec. 4, Total. Lists names like Floyd Tibbitts, Eleanor Hammond, Harry Hunter, etc.

The following resolution was offered by Comm. Fisher supported by Comm. Bauer:
WHEREAS this Commission has canvassed the returns of the Regular Election held in the City of Plymouth on April 7, 1952, has reviewed the poll books and statement of votes prepared and certified to by the Election Board of the several precincts, and has found the results to be the same as reported by the Acting City Clerk.
THEREFORE, BE IT RESOLVED, that this Commission hereby approves and confirms the report of said Election Board and determines from such canvass the results as follows:
That Eleanor M. Hammond, and Floyd A. Tibbitts, were duly elected for the office of City Commissioner and shall hold office until Monday next following the regular city election held in 1955.
Moved by Comms. Henry-Daane that the meeting be adjourned. Carried
Time of adjournment 11:05 p.m.

Monday, April 14, 1952
A special meeting of the City Commission held Monday, April 14, 1952 at 7:30, called for the purpose of considering the ten-year plan, the proposed 1952-53 budget, personnel wage adjustments, administering the oath of office to newly elected Commissioners, and reconsidering bids for concrete pavement.
Present: Commissioners Arlen, Bauer, Daane, Fisher, Hammond, Henry, and Mayor Tibbitts.
Absent: None.
The City Manager presented the ten-year plan for discussion. Bids for the concrete paving of Forest Ave. alley and Fralick Ave. were received for storm sewer for the Forest Avenue Alley it was decided to postpone letting of the contract for paving the alley at this time. Moved by Comms. Hammond-Bauer that the acceptance of the bid for the concrete paving of Fralick Avenue and Forest Avenue alley be reconsidered. Carried

Moved by Comms. Hammond-Daane that bids for the concrete paving of Forest Ave. alley and Fralick Ave. be rejected. Carried
Moved by Comms. Daane-Arlen that the City Manager be authorized to advertise for bids for the completion of concrete pavement on Fralick Avenue. Carried
The City Commission reviewed the proposed 1952-53 budget presented by the manager. Moved by Comms. Henry-Hammond that further review of the budget be continued Friday, April 18 at 4 p.m. Carried
Moved by Comms. Daane-Arlen that the salary of the City Manager be raised to \$7,500.00 per year, effective July 1, 1952. Carried

Mrs. Eleanor Hammond and Floyd A. Tibbitts were sworn in as City Commissioners by the Acting City Clerk for a term expiring on the Monday next following the regular city election in 1955.
Moved by Comms. Bauer-Hen-

provement
BE IT FURTHER RESOLVED that benefits of said improvements be measured and assessed upon the property benefited, pro rata, per foot frontage, upon the property fronting or abutting upon the improvement.
BE IT FURTHER RESOLVED that said report of the City Manager and this resolution shall be placed on file forthwith in the office of the Clerk for public examination and shall remain on file therein for at least seven days before any hearing upon said public improvement.
BE IT FURTHER RESOLVED that this Commission hold a public hearing upon said public improvement and the necessity therefore on April 21, 1952 at 8 o'clock, p.m. in the Commission Chambers at the City Hall and that notice of the time and place of such hearing and the purpose therefore shall be published by the Clerk in the Plymouth Mail and shall be posted upon three or more of the official public bulletin boards of the City, not less than ten days prior to said date of hearing. Carried

The Clerk read a communication from the Planning Commission relative to the rezoning of Lots 122 and 123 in Resub. of Sunshine Acres Subdivision.
A proposed ordinance to amend ordinance No. 108 known as the Zoning Ordinance was read by the Clerk. Moved by Comms. Henry-Fisher that the proposed ordinance be passed its first reading. Carried
Yes: Commissioners Fisher, and Henry
No: Commissioners Arlen, Bauer, Daane, Hammond, and Mayor Tibbitts.
The Mayor appointed Miller, Canfield, Paddock, and Stone as bonding attorneys for the City of Plymouth. Moved by Comms. Henry-Daane that the appointment by the Mayor be approved. Carried

The report of the election returns of the City election held April 7 was read by the Clerk. The following is a tabulation taken from the poll books and statement of votes of the several precincts of the City of Plymouth showing results of votes cast at the Regular City Election held April 7, 1952.

ry that the meeting be adjourned to Friday, April 18, 1952 at 4:00 p.m. Carried
Time of adjournment, 11:05 p.m.
Friday, April 18, 1952
An adjourned special meeting of the City Commission was held April 18, 1952 at 4:00 p.m. for the purpose of completing the review of the proposed 1952-53 budget.
Present: Commissioners Arlen, Daane, Fisher, Hammond, Henry, and Mayor Tibbitts.
Absent: Commissioner Bauer.
Discussion of the proposed 1952-53 budget was continued until all items were covered.
Moved by Comms. Henry-Daane that the meeting be adjourned. Carried
Time of adjournment 5:45 p.m.

With Our Churches

Missionary Exhibits at First Baptist Church

Cooperating with other Baptist Churches of the area, the First Baptist church will feature a "Trip Around the World" missionary program Sunday afternoon and evening.

During the afternoon, members and friends will tour the Novi and Walled Lake churches where missionary exhibits and programs on Japan and India will be observed. The project will be concluded at the 7:30 hour at the Plymouth Church with the viewing of films on Baptist missionary work in Mexico and Latin America. Special musical selections by the choir, orchestra and a Spanish-American Quartet will also be included in the evening's schedule.

Members of the other cooperating churches will likewise be in the tour during the afternoon and evening, on the rotation basis. Cars will leave for the "other fields" from the local Plymouth Church at 4 p.m.

FIRST BAPTIST CHURCH. North Mill at Spring. Rev. David L. Rieder, Pastor. Phone 1586. Wm. Foley, Sunday School Supt. Morning Services: 10 a.m. Sunday School. Classes for everyone. 11 a.m. Morning Worship service. The pastor will be bringing a message entitled "The Most Beautiful Word in the Bible". Evening Services: 6 p.m. Prayer time for the Young People. 6:30 to 7:30 p.m. Young People's B.Y.F. meetings. A missionary film of Latin America will be shown. 7:30 p.m. "The Happy Evening Hour". First Baptist church of Plymouth is cooperating with the Novi Baptist church and Walled Lake Baptist church in a Missionary Round the World program. At the 7:30 hour a missionary film of Latin America will be shown at the Plymouth church. Wednesday, 7:30 p.m. The "Hour of Power". Our midweek service dedicated to the study of God's Holy Word.

SALEM CONGREGATIONAL CHURCH. Lucia M. Stroh, minister, Mrs. Ralph Wilson, Supt. Divine Worship, 10:30 a.m. The pastor will bring the message. Sunday School, 11 a.m. Attendance contest now underway. Family night, Wednesday evening April 30 at 7:30 p.m. in the Town Hall. A free pot luck supper will be served. Bring your own table service, sandwiches, and a dish to pass. Coffee will be served. New members of the church will hold a cleaning bee on May 3, beginning at 9 a.m.

Salvation Army Students to Preach in Plymouth

Seven students from the William Booth Memorial Training College in Chicago will be visiting Plymouth for an afternoon young people's service and evening Evangelistic meeting at the local Salvation Army Citadel, Wednesday, April 30.

These students are studying to become Salvation Army officers and they hail from Missouri, Illinois, North Dakota, Minnesota and Detroit. This group is currently touring Eastern Michigan and conducting services in the various cities where they stop.

Accompanying these young folk is Major T. Ray Gabrielsen, General Secretary and Dean of Men at the College. Major Gabrielsen is a former U. S. Army Chaplain.

The residents of Plymouth are cordially invited to come and hear the singing and Bible messages of this group of young people.

FIRST METHODIST CHURCH. Rev. Melbourne Johnson, pastor. George W. Conover, Church School Superintendent. Kenneth Nielsen, Organist and Choir Director. 9:45 a.m. Church School. 11 a.m. Divine Worship. Sermon theme: "The Thirty-First of April" 6:30 p.m. Methodist Youth Fellowship. Next Sunday morning, April 27, an opportunity will be given for those wishing to join our church either on Confession of Faith or by Transfer of Letter. The Children's sermon for next Sunday is "Dandelions on the lawn."

WEST SALEM COUNTRY CHURCH. 7150 Angle Rd., Salem Township. Patrick J. Clifford, Pastor. Bible school 2 p.m. Mr. Richards, Superintendent. 3 p.m. Preaching Service. The Pastor will be bringing a Bible Message. Come and worship with us at the Country Church where friendly people gather.

FIRST CHURCH OF CHRIST SCIENTIST. Sunday Morning Services, 10:30 a.m. Sunday Evening Services, 7:30 p.m., every fourth Sunday of the month. Sunday School 10:30 a.m., for pupils up to twenty years of age. Is there a "hereafter" and how can we prepare for it? These are the questions that have puzzled many. The answer will be found in the Lesson-Sermon to be read in all Christian Science churches on Sunday, April 27, under the subject "Probation After Death". The Golden Text is from Psalms (40:13): "God will redeem my soul from the power of the grave; for he shall receive me." Among the Bible citations is this passage: (Prov. 4:23): "Keep thy heart with all diligence; for out of it are the issues of life." Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "The death of a false material sense and of sin, not the death of organic matter, is what reveals man and Life, harmonious, real, and eternal." (p. 296)

FIRST PRESBYTERIAN CHURCH. Reverend Henry J. Waugh, D.D., Minister. Sunday Morning worship at 11 a.m. with sermon by Dr. Waugh. Church School, 9:45 a.m. Richard Daniel, Superintendent. Friends and visitors welcome at both services. Tonight and Tomorrow night: Junior Hi Fellowship Talent Show. Time: 7:30. The support of all church members and people is solicited for this event. Skits, dancing, and singing are on the program. An evening of enjoyment and laughter. Project: The support of a Korean War Orphan. Make a date for Thursday especially, but Friday too! There is also a call for interested and concerned persons to teach in the Church School. Call Mr. Daniel if you care to give out your talents and your interest in children.

CHURCH OF CHRIST. 9451 S. Main street, Cameron Sinclair, 40651 Five Mile Rd., Phone 2321-M. Sunday School, 10:00 a.m. Morning Worship, 11:00 a.m. Evening service 7 p.m.; Mid-week service, Thursday, 7 p.m.

SALEM FEDERATED CHURCH. Cora M. Pennell, pastor. Sunday morning worship, 10:30 a.m. at 7:50 p.m.

THE SALVATION ARMY. Wm. Roberts, Captain. 290 Fairground. Schedule of Services: Thursday 1 p.m. Ladies' Home League; 4:00 p.m. Junior Choir Practice; Friday, 7 p.m. Teen-Age Recreation Hour; Sunday, 10 a.m. Sunday School; 11 a.m. Morning Worship; 6:15 p.m. Young People's Service; 7:30. Evangelistic service, Wednesday, 7:30 p.m. Teaching Class, 8 p.m. Mid-Week service. We would like to call your attention to Wednesday, April 30 when seven students from the Salvation Army College for Officers in Chicago will be conducting the Service. Major Ray Gabrielsen former U. S. Army Chaplain and now General Secretary of the S. A. College will accompany this group. These young people will inspire you with their messages in song and from the Bible. Plan to attend. You are cordially invited to worship with us at all of our services.

ST. PETER'S EVANGELICAL LUTHERAN C H U R C H. 261 Spring St. Edgar Hoenecke, pastor. Morning Worship: 9:30 and 11:00 a.m. Sunday school 9:30 a.m. Lenten Vesper Services, 7:30 to 8:30 p.m., every Wednesday during Lent. Holy Communion, Ash Wednesday, 7:30 p.m.

Stay Alive

OBEY STOP SIGNS

Ought We Worship at the Church of Our Choice?

Jesus said, "In vain do they worship me, teaching for doctrines the commandments of men." (Matt. 15:9.) With ten or more churches in this area all teaching different doctrines, it should be obvious that some of them MUST be teaching the commandments of men for God is not the author of such confusion in religion. (1 Cor. 14:33.) Christ prayed for UNITY (John 17:20-21) and we are commanded in 1 Cor. 1:10 to "... all speak the SAME THING, and that there be NO DIVISIONS AMONG YOU; but that ye be PERFECTLY JOINED TOGETHER IN THE SAME MIND AND IN THE SAME JUDGMENT." God does not want religious division, nor does he want us to choose a church that suits us, like we would a suit of clothes. We do not attend church to be entertained or to please ourselves but rather to please God. We sincerely invite honest investigation.

MERCURY BEATS ALL COMERS IN MOBILGAS ECONOMY RUN

3 WINS IN 3 YEARS!

Lincoln Again Best in Class - Runs Second in Sweepstakes

Mercury, the car that challenged them all, has done it again... won the grand Sweepstakes prize in this "world series" for automobiles.

And this isn't the first time! Just look at Mercury's three-year-in-a-row record: three out of three times winner in its price class; two out of three times Sweepstakes winner against all cars in every class! Look at Lincoln, too. Lincoln won Class G first prize, and provided Mercury's closest competition for top Sweepstakes honors.

The Mobilgas Economy Run is open to all cars of every make. Every car is a stock car, selected at random by the A.A.A. To assure an equal chance for all, regardless of size and weight, ton-miles-per-gallon performance* determines the winner.

A 1952 Mercury Monterey Special Custom Sedan with optional overdrive swept the field with 59,7188 ton-miles-per-gallon, averaging 25.4093 miles per gallon. And the engine that did it is Mercury's famous V-8. The Lincoln Capri Sedan with Hydra-Matic transmission won its class prize with 58,9085 ton-miles-per-gallon, averaging 22.3562 miles per gallon.

That's something to think about when you buy a new car. Mercury, which for months has been challenging the industry to match it, has now proved its superiority for economy.

Right now, in our showroom, is a 1952 Mercury similar to the one that won this official, impartial test. Why not stop around and give it a try? No obligation, of course.

*Ton-miles-per-gallon equals the car weight (with passengers), multiplied by miles traveled, divided by gallons of gasoline used.

MERCURY-AGAIN PROVED "AMERICA'S NO. 1 ECONOMY CAR"

R. F. HUTCHERSON, INC.

35508 Michigan Ave., Wayne

Local News

There will be a hooked rug display at the First Methodist church on Thursday, April 24, beginning at 1 p.m. and continuing throughout the afternoon and evening. Tickets will be available at the door.

Secret is Out—Why Charles Bennett Was For Many Years Called "The Candy Kid"

"Graduated" From Corn-silk Cigar Salesman Into Most Active Candy Peddler Plymouth Ever Had—How and Where He Found His Customers

Charles H. Bennett

And now let me get back to my boyhood days and to some of the characters and scenes of Plymouth's earlier days—say from 1873 to 1880. About this earlier date the writer started his business career. At this time we were living in the small house next to the present Masonic Temple. Up to 1873 my business had been the gathering of cornsilk from neighboring corn fields in order to make the silk into cigars which were tops for the kids of that era. Have any of you ever smoked a cigar shaped paper cone stuffed with dried cornsilk? If not, don't try one on my recommendation, although I have smoked many of them and also sold many hundreds of them to my boyfriends and companions.

I now recall one stabilizing influence these cigars had on trade that does not exist today. Inflation was an unknown word with us. The price of a well stuffed guaranteed cornsilk filler in a Sears and Roebuck wrapper was ten pins. Sometimes the pins were rusty, sometimes badly bent, but this meant nothing to the merchant as mother seemed to lack the time to straighten the bent pins or to file the rust off.

In the small playhouse or little building which my father had built for me back of our wood house, I found it necessary to carry a line of drinks in stock in order to hold my customers for after a youngster had smoked more than two cornsilk stogies, he just had to have a drink of some kind or pass out.

Knowing this to be a fact from actual experience, I proceeded to do something about it. Having located the source of supply, I walked over two miles each Saturday morning in order to gather enough peppermint and wintergreen leaves which, when properly crushed and boiled in water, then add a couple of pounds of white sugar, then carefully strained, cold water added, and bottled, made a delightful beverage for any youngster who was in the throes of cornsilk thirst and had twenty-five pins on which to live dangerously.

At this point in my business career depression suddenly struck and I went into the hands of a receiver, in the form of my dear mother, who received me as I was on the point of leaving her sugar bin with a dish filled with white sugar. It was a death blow to my business. And while I mourned the blow greatly, I contented myself somewhat with the thought of how much harder the blow would have been, and, without a doubt, in a different location had my father been appointed receiver instead of my mother.

Having now arrived at an age when I could make change correctly, my mother had an idea that not only paid off in dollars and cents—mostly cents—but was to give her son a broader understanding of human nature and also to give him a keener insight into the many problems and how they were or were not solved by the majority of the older men then residents of our small village.

My mother had the knack of making the finest molasses candy I have ever tasted. Add to this talent one son able to carry a large square tin plate that would hold from fifty to sixty sticks of golden molasses candy and an ardent desire to earn an honest dollar plus a wish to know everybody in town and you have what most Plymouth businessmen called me for the following four years—"The Candy Kid."

As molasses candy was very sticky during warm weather my business year usually began about the first of November and ended the last of March, thus giving about six months in which to do business, but a business in Plymouth was confined mostly to Saturday afternoon and night trade and there being a great lack of deep freezers around 1876, I had to confine my sales effort to a Saturday night business. Yet I really

believe I learned more about my home town and to my mind the queer idiosyncrasies of its male inhabitants (the women of our village did their shopping principally during the Saturday afternoons) than I had ever known before, or since for that matter.

My Saturday's business began early—about seven o'clock A.M. as breakfast at our house was served at 6:30, the business of each day except Sunday started at 7 A.M., so at 7:00 o'clock I was on my way to Calvin Crosby's Dry Goods and General Merchandise store located about on the site of the south 30 feet of where now stands the new S. S. Kresge store. I usually carried a gallon jug which was filled with New Orleans molasses when I came out, but this process of drawing molasses from a cold barrel through a small spigot on a cold dark winter morning with no heat in the basement was a long one.

Most of you have heard the old saw "Slower than molasses in the wintertime," well I found out what it meant. Either Cal. Crosby or at that time it was Edgar Taft who clerked for Mr. Crosby, would sometimes light an old kerosene lantern which was kept for that purpose and escort me to the stairway of that dark cellar and after that I was on my own until an hour or more later when I would ascend again to the first floor with the lantern and jug of molasses, put out the light in the lantern and put down a half dollar for my gallon of molasses and go on home to give my mother what little help I could in making that gallon of molasses into some hundreds of sticks of really delicious candy. And though I realize that vain regrets are not worth a dime a dozen I still have a few when I think of the long hours I spent sitting on the cold damp dirt floor of Crosby's cellar waiting for that damp molasses to flow into that damp jug. Why not be truthful and admit that omitting the letter "P" from those last two damp words would better describe by inside data.

Then came the Saturday nights with the stores filled with the inevitable crowd of men who usually did more talking than buying, but who for the most part were willing to lay down a penny for a stick of molasses candy and while it was my custom to offer my wares in each and every place of business from two to six times each Saturday night, I am free to say that my most frequent and largest and also the easiest sales were made in the bar room of the old Plymouth Hotel located on the corner of South Main and Ann Arbor trail. During my Kandy Kid days, this hotel changed owners several times. Martin Kenyon and Marvin Berdan were two of the owners I remember most favorably as both liked candy and were favorite customers of mine. During their time as owners of the hotel and even before and after their time, the man who attended the hotel bar was always on the job. His name was John King an Englishman by birth and as King he certainly ruled the Plymouth Hotel bar.

The second sure-fire spot in which to unload a full tin of candy on any and all Saturday nights was in the large saloon of Charles Miller—another good customer when candy was the article on sale—but when it came to hard liquor I never saw Charley Miller take a drink during the many years that I knew him.

Some of my readers may wonder why I found the more numerous and most generous customers in the bar-rooms of the village. The answer is a simple one. In the era of which I am now writing, no bar was complete that did not have at one end a large bowl of freshly popped corn and at the other end a large dish or bowl of pretzels. All a prospective customer had to do was to buy a glass of beer for five cents and start filling up. After a couple of pretzels and a quart of nicely salted popcorn, he was in line for a few schooners of beer. After that a one or even a 5c piece did not look like the large sum it may have seemed when he left his house a few hours before and if present—and I tried to be as often as possible—I had little difficulty in making a sale.

Another selling inspiration was when a merrymaker would announce that he had become the father of a bouncing boy. This always was good for one stick of molasses candy for every man in the room. If it happened to be twins then two sticks apiece. A birthday called for one stick apiece and even I was surprised at the frequency of birthdays that some of our citizens were blessed with. Now and then a man perhaps a bit too enthusiastic would celebrate his wife's washday which, of course, did not occur until the following Monday. I often wondered how Charley Miller managed his affairs well enough to leave enough cash for his widow to live in comfort and in a good home in the years following Charley's death. This home by the way, was later purchased by our fellow townsman Dr. Luther Peck. Mr. Miller's house was a wooden structure which burned after its purchase by Dr. Peck who at once replaced it by a fine brick home on the same site which is on the corner of Ann Arbor Trail and Deer Street where the doctor and his wife still reside.

My wonder at Charley's success as a saloon keeper is due to the reason that he often told me he was born to be an actor and disliked the line of business he was in. With this secret ambition of his, his customers who went in his place for a glass of beer usually found him studying Shakespeare or quoting lines from him. It was his sincere hope and belief that some day and in some way some great producer would learn of his talent and that the theatre lights on Broadway would proclaim to the world that Charles Miller was that night playing one of his favorites—Hamlet, Macbeth, Othello or King Lear. His quotations from these four were frequent and most vehement.

Charley's love of the drama made him a natural to head the village committee whose members did not allow a winter to pass without putting on a comedy or drama of some kind. Often our Amity Hall was the scene of two dramas and a minstrel show in one winter. Charley Miller was always the untiring sponsor and worker who saw that all was ready and the needed properties at hand for the opening night. This longing to become an actor must have cost Charley many customers for it took a stout heart to walk into a saloon and find the proprietor with a damp cloth in hand diligently scrubbing the bar while quoting Shakespeare in a loud tone of voice—"Out damned spot, will all great Neptunes ocean wash this blood clean from my hand—". It was strong language for even some of the home folks and this leads my thoughts back to old Amity Hall and the first play or comedy in which—as a youngster I was to have a part.

Amity Hall as I have before mentioned was located over the two stores now occupied by Willoughby shoe store and the present Community Pharmacy. It was about the size of the present old high school gymnasium and would hold about the same number of hard wooden chairs. As I think of it now, it was a fire hazard though I never heard anyone mention this fact. It had but one small door entrance, no windows on either side and in the rear of this hall were six small windows with the small panes of glass which were usual at that time. The lighting was one huge chandelier which held several kerosene lamps with the usual glass chimneys. No ventilation of any kind and when the curtain was drawn and all the scenery on the stage that stood between those small windows back of the stage and a crowd of 250 people you have a picture of a Plymouth audience in Amity Hall in the 1870's and '80's.

(To be continued)

Bell Magazine Features Two Local Residents

The "Michigan Bell," a monthly publication for employees of the Michigan Bell Telephone company honored two Plymouth residents this month in its features, People Who Serve and People We Serve.

Pictured in the People We Serve feature is C. C. Wiltse who owns and operates the Community Pharmacy. The feature described Mr. Wiltse as the father of three sons, two of whom are attending the school of pharmacy at the University of Michigan. The magazine quotes him as saying, "The telephone is so important to me as it is to your doctor."

Marian I. Soditch, service assistant, was featured as the person who serves. Mrs. Soditch joined the staff of the Plymouth office in 1945. After her graduation from high school, she became a full time operator. She has been a service assistant since 1951. Mrs. Soditch is currently being trained to instruct students.

Reformers are super-idealists who believe that the world could be perfect by rectifying a million or so slight faults in humans—which they take the trouble to point out.

The joint checking account appears to be a device that permits the woman to beat you to the draw.

Local News

Miss Helen Doughty of Saginaw, Miss Grace Stowe of Detroit and Mrs. George A. Smith of Sheridan avenue Plymouth have returned from a week's motor trip through the Smokey Mountains of Tennessee. They report dogwood and redbud are in full bloom and very beautiful.

Mr. and Mrs. George Diedrick and children, Louise and Vernon returned Sunday from a two weeks visit in St. Petersburg, Florida.

Sgt. Thomas Hitzel, son of Mr. and Mrs. Harry W. Hitzel of Northville road, has returned to his base after spending 10 days leave at his home. The engagement of Sgt. Hitzel and Miss Anne Donnelly, of Hampstead, Long Island has just recently been announced by her parents. Sgt. Hitzel is stationed at Mitchell Air Force Base, Long Island, New York and connected with the 2500th Air Police Squadron.

Gerold Schmidt and Hans Edward Rosenplatter accompanied the senior class from Wayne High School on their trip to Washington, D. C. last week.

Joyce Houghton's Engagement Told

Joyce Houghton

Mr. and Mrs. Howard Houghton of Joy road announce the engagement of their daughter, Joyce Elaine, to Robert Lorne Grieve, son of Mr. and Mrs. Stirling Kennedy of Rose street. No wedding date has been set.

The Library Book club will meet at the home of Mrs. Charles McConnell on North Harvey street, Tuesday afternoon, April 29. Mrs. Miller Ross will give a book review.

Miss Neva Lovewell and Mrs. Lila Humphries spent last week visiting in Williamsburg, Virginia and Washington, D.C.

Harry Wagonenschultz of Carol street and Art Bruner of Livonia will spend the weekend fishing at Loon Lake near Mio.

Verna Rice Bride of Arthur Kreger

Before an altar decorated with palms, white snapdragons and lighted tapers, Verna Jean Rice, daughter of Dr. and Mrs. Edwin A. Rice of West Ann Arbor trail, repeated her marriage vows to Pfc. Arthur Eugene Kreger. The bridegroom's parents are Mr. and Mrs. Anthony Kreger of Gray street.

Chaplain Hoffman of Fort Devens officiated at the very impressive 8 o'clock rites at the Federated Church in Ayer, Massachusetts on Friday, April 18.

To the strains of Lohengrin's wedding march, played by the Chapel organist of Fort Devens, Verna approached the altar on the arm of her father. She wore an afternoon creamy white silk shantung dress and white hat and carried a nosegay of white sweet peas and white carnations.

Wilma Lature was Verna's maid of honor. She wore an afternoon dress of navy blue silk shantung and a pink hat. Her nosegay bouquet was of pink sweet peas and pink carnations.

Pfc. Harold Salow of Ft. Devens, formerly of Plymouth, attended Arthur as best man.

Mrs. Rice chose for her daughter's wedding, a navy blue crepe dress and Mrs. Kreger wore pink crepe. Both mothers complimented their dresses-with corsages of carnations.

Following the ceremony a dinner was held in the private dining room of a Fitchburg, Massachusetts restaurant.

The bride is a graduate of Plymouth High school and attended Michigan State college in East Lansing for one year. The bridegroom also graduated from Plymouth High school and is now stationed at Fort Devens, Massachusetts.

The young couple are spending their honeymoon at Trenton, New Jersey. They will be at home after April 24 at 39 Washington street, Ayer, Massachusetts.

Ira Cude returned to his home Tuesday from Sessions hospital, Northville where he recently underwent surgery. He is getting along nicely.

Mrs. James Thrasher and son, David of Lakeland Court spent the Easter holiday week with her parents, Mr. and Mrs. G. L. St. John in Springfield, Ohio.

The Newburg Methodist church mother-daughter banquet will be held at the church on Tuesday, May 6. Tickets may be secured from Mrs. Roy Wheeler of West Ann Arbor Trail.

Mr. and Mrs. Clyde Trombley and daughter, Thelma, of West Ann Arbor trail, returned Friday from a two weeks trip in Florida.

Chesapeake Casserole, A New Dish For Seafood Fans

JUST RIGHT for this time of year! That's the verdict on this stick-to-the-ribs seafood scallop titled Chesapeake Casserole. Serve it up with hot rolls and plenty of steaming coffee.

Mr. and Mrs. Elmer Reddeman of Arthur street were Sunday dinner guests of Mr. and Mrs. Donald Cash and family in New Hudson on Sunday.

Mr. and Mrs. C. H. Shields and family of Canton Center road spent the weekend in Brethern, Michigan. Mr. Shields' mother, who has been spending the winter in Plymouth, returned to her home in Brethern with them.

Mr. and Mrs. W. D. Brown of Sheridan avenue spent Sunday with their son, Warner Brown and family in Bay City.

Mrs. Elmore Carney was hostess at a bridge luncheon Wednesday in her home on Penniman avenue to a group of ladies.

Mrs. Isabelle Taylor was hostess to the members of her 500 club Monday afternoon in her home on Starkweather avenue.

Mrs. William Arscott of Maple avenue is spending three weeks with her husband who is working at Mesa, Arizona for a few months with the General Motors Corporation.

Mr. and Mrs. Walter Klein-schmidt of Northville road entertained 21 members of the Get-To-Gether club and two guests on Saturday, April 5. The next meeting will be on Saturday, May 3 at the home of Mr. and Mrs. Frank Taylor celebrating the birthdays of John Wohn and Frank Taylor. Mr. Taylor will be 86 years old.

Mr. and Mrs. Edwin Ash and family of Haggerty highway were the Sunday dinner guests of Mr. and Mrs. Ambrose Fritz of Northville.

Mr. and Mrs. George Sawyer and sons, Edward and Melvin spent the Easter holidays visiting relatives and friends in Kansas and Missouri.

Mrs. Jack Courtade of Gold Arbor road, Mrs. Harry Wagonenschultz and daughter, Marilyn of Carol street and Miss Traudl Brien of Maple avenue will attend the Roller Derby between the Chiefs and the Red Devils Sunday afternoon at the Detroit Olympia.

Mrs. Marion Fortney, Mrs. Doris Diedrick, Shirley Shockow and Marion Fisher are spending the week end at the Roy Fisher cottage at Charlevoix.

Mr. and Mrs. Frank Walsh of South Main street attended the wedding Saturday of Dorothy Lenhard and Donald Wilson at St. Matthews church in Detroit and later attended the reception at the Disabled Veteran's Hall on Jefferson avenue.

Gladys Witt and Phyllis Wilkens were pleasantly surprised last Wednesday evening when a group of their girl friends gathered at the Witt home on South Main street to help them celebrate their birthday. Fourteen girls were invited. Gladys and Phyllis both received a lovely gift.

Hints for Plymouth Homemakers

Chesapeake Casserole, a New Dish for Seafood Fans

"Sing a song of seafood baked in a dish!"

That may not be quite the way the old nursery rhyme goes, but it does describe a brand new recipe called Chesapeake Casserole. Whether you're a beginner or an experienced cook, it solves the problem of easy entertaining with a minimum of fuss. Add crusty rolls, a crisp salad and good strong coffee—and there you have the setting for a pleasant supper.

Chesapeake Casserole combines those two popular shellfish, the oyster and the shrimp, in a hearty scalloped dish. It takes only a few minutes to prepare the delicately-flavored egg sauce and put the whole casserole together. After a half-hour's baking, just whisk the dish out of the oven onto the table, piping hot and bubbly. Then, pour the coffee and watch everyone pitch in!

Chesapeake Casserole

- 2 tablespoons butter or margarine
 - 1 tablespoon grated onion
 - 2 tablespoons flour
 - 1 teaspoon paprika
 - 1 teaspoon salt
 - Few grains pepper
 - 2 cups milk
 - 2 eggs, slightly beaten
 - 3 cups coarse soda cracker crumbs
 - 18 oysters
 - 1 lb. cleaned shrimp, cooked (fresh, canned or quick frozen)
- Melt butter or margarine; add onion; cook two minutes. Blend in flour and seasonings. Add milk gradually, stirring until smooth and thick. Add slowly to eggs; mix well. In a shallow baking dish, scatter a layer of crumbs. Add oysters; scatter with crumbs. Add shrimp; top with crumbs. Pour sauce over all. Bake in moderate oven, 350° F., 30 min-

utes. Makes 6 servings. Another unusual dish for seafood lovers is tomato perch bake. The recipe calls for frozen perch, but before long, the angler in the family will be bringing it in fresh.

Tomato Perch Bake
2 pounds frozen perch
1 can condensed tomato soup
1 thinly sliced onion
1/4 cup chopped green olives
Partially thaw perch to separate. Place in greased baking dish. Bake in moderate oven (350 F.) 30 to 40 minutes. Allow only about 20 minutes if the fish is completely thawed, or fresh. Seafood cooks very quickly, so watch the time and serve it moist and flaky.

Yield 8 servings.
Batter dipped whiting is a different dish to tempt the appetite. It is quickly prepared and ideal for club days.
Batter Dipped Whiting
1 pound whiting fillets
2 eggs separated
1/2 teaspoon salt
1/2 cup milk
1 tablespoon butter or margarine
2 teaspoons baking powder
1 cup sifted flour

Beat egg yolks, add seasoning, butter or margarine and 1 teaspoon milk; stir in sifted flour and baking powder. Add remainder of milk slowly, then fold in beaten egg whites.
Heat fat to 380 degrees Fahrenheit. Dip whiting fillets in batter, place in single layer in frying basket, fry in hot fat until fish is crisp and brown.
Yield: three to four servings.

Better see Begler for better deal. New and used cars.

Supermarket Shopping is Easy, Economical

Foreign visitors to the United States are always amazed the first time they visit an American supermarket. Nowhere else in the world will you find such clean, well-lighted and efficient food markets. These markets are usually a combination grocery, fruit, vegetable and meat store in one big food department store.

Even with an efficiently arranged and operated store in which to shop, the homemaker will find the job much easier and the cost less if she does some planning for the shopping tour.
Make a shopping list. Divide the list into departments to save time and possible retracing of steps when you are in the store. Watch for special buys offered and take advantage of them when storage or use will permit. The food advertisements usually give the special so you can look for them in the store and plan for them in your menus.

Buy in quantity whenever possible. Storage facilities and the size of the family will determine how large a quantity can be purchased economically. Where possible, buy by weight instead of by unit. Heads of cauliflower and bunches of celery vary in size. When purchased by weight you pay for only the amount you take home.

Buy fresh foods in season. At that time you receive the best quality for the lowest cost. The very beginning or close of a season, however, usually gives poor quality, high prices or both. Select the grade or quality according to how you plan to use the product. It is not always necessary to have the highest quality to have good food value. Lower quality may serve the purpose as well and cost less.

Read the labels on cans and containers to determine quality and the number of servings. Figure cost according to the number of servings available instead of by the can or box. Shop at hours and on days of the week when the market is less crowded if possible.

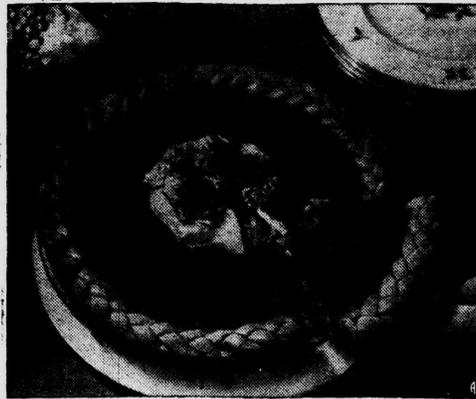

Pork Sausage Links Make Thrifty Dinner

Today pork sausage is welcomed as a dinner as well as a breakfast meal. Here's a typical thrifty main dish with sausage links in a batter-pudding. To prepare this dish simply place the links over corn meal batter and bake.
1 pound sausage links
2 cups milk
1 teaspoon salt
1/2 cup corn meal
4 eggs

Heat milk in double boiler. Add salt and corn meal. Stir constantly and cook 10 to 15 minutes. Cool slightly and add well-beaten eggs. Pour mixture into a well-greased baking dish and place sausage links on top. Bake in a moderate oven (350° F.) for 40 to 45 minutes.

The Alaskan moose, found in the Kenai Peninsula, carry the largest antlers in the deer family, sometimes spreading to a width of 70 inches.

Recipe of the Week The Coconut Pie Mystery

Here's a mystery that will have you asking "what dunnit" instead of "who dunnit"! What makes this Coconut Macaroon Pie so mysteriously different? In the making process, it doesn't seem at all out of the ordinary—a mixture of good ingredients; a pie shell. But during the baking process, something quite amazing happens. The ingredients separate—some of them rise to the top and form a wonderful crunchy macaroon-like layer; the rest stay "downstairs" and bake into a velvety custard. What dunnit? Who cares! Just make it and serve it. It's terrific!

Coconut Macaroon Pie
1 1/2 recipe pie crust
1/4 teaspoon salt
3 egg yolks
1 1/2 cups sugar
1/2 cup milk
2 tablespoons butter, melted
1 teaspoon lemon juice
1/4 teaspoon almond extract (optional)
1 1/2 cups shredded coconut, cut
3 egg whites, stiffly beaten
Line a 9-inch pie pan with pastry, rolled 1/8-inch thick. Flute edges. Chill. Add salt to egg yolks and beat until thick and light. Add sugar, 1/2 cup at a time, beating well after each addition. Add milk, butter, lemon juice, and almond extract. Blend well. Fold in coconut and egg whites. Turn into pie shell. Bake in moderate oven (375° F.) 50 minutes, or until knife inserted comes out clean.

April Showers Bring Call for Tasty Casserole

April showers not only bring May flowers, but frequently dull appetites as well. For this season you'll want to plan meals designed to tempt appetites, and in this class are found hearty casseroles.

For instance, a hot beef pot pie is one suggestion. Here's what you do. Combine cubed leftover beef with minced onion, celery, mushrooms, cooked potato cubes and carrots in a leftover gravy or in a cream sauce. Place the mixture in individual table casseroles and top with a pastry crust. They'll be ready to serve after only about 20 minutes in a 450° F. oven.

Two good spring foods, ham and spinach, join for the second casserole treat. For this dish, combine either 2 packages of cooked frozen spinach or two No. 2 cans of spinach with a medium white sauce. Arrange a layer of this mixture in the bottom of a greased baking dish, then over it arrange a layer of cubed ham. Alternate the ham and spinach until the casserole is filled; the top layer being spinach. Sprinkle buttered bread crumbs over it and bake in a moderate oven (375° F.) for about 20 minutes.

Some play golf for exercise; others play a better game.

Cover Old Sewing Machine
A SLIPCOVER for an old-fashioned sewing machine will convert it into an object of beauty. First make a cover to fit over the top of the machine. Use 1 by 2-inch lumber for the rectangular framework, attaching a panel of Masonite 3/16" Tempered Presdwood with casing nails.

Apply a good quality prime coat. Then fill the nail holes with putty or plastic wood, and enamel the surface with any desired color.

A length of fabric equal to twice the distance around three sides of the cover will be needed for the skirt. After the top has been hemmed, tack the material to the wooden frame of the cover. In attaching the goods, deep pleats may be formed. An alternative is to gather the material and stitch it before tacking it in place.

Fit the skirt and cover on the machine, measuring a hem one-half inch from the floor. Make the hem, press the fabric, and the job is done.

Thinclads Oppose Bentley at Home

Coach Konrad Moisis's track team also opens the season at home today when they engage the Bentley Bulldogs in a duel meet on the local athletic field.

The thinclads have been practicing indoors for some time, and have been outside the past couple weeks.

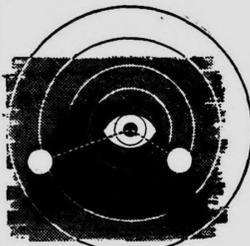

Coach Moisis has few high point men back from last year, so the outlook for the season looks rather dismal, unless some new men come up with the unexpected.

The following boys are out for track: Jerry Kelly, Ron Nyhus, Al Williams, John Balogh, Bill Corwin, Ed Grosjean, Gale Mills, Arlen Ottensman, Ralph Wagenschutz, Jerry Vettese, Ralph Bakewell, L. n. Becker, Jim Blanton, Jim Burris, Bill Bush, Dave Augustine, Tom Dudley, Jim Isbister, Chester Kendzior, Pete Leemon, Dick Nagel, John Nault, Bill Neuroth, Ron Pagenkopf, Ron Raven, Nelson Rose, Lloyd Smith, Carl Theisen, Ross Willet, Charles Wyse and Don Denhoff.

Next Tuesday another meet is scheduled when the Belleville Tigers come to Plymouth for a meet. All duel meets will be on the local track this year, as well as the league meet. Plymouth has the best track in the league, and because of the good drainage, it is always in excellent condition.

Rock Golf Team Host to A Champs

The Plymouth High School golf team opens the 1952 schedule today when they match strokes with last year's state class A champs, Ann Arbor, at the Plymouth Country Club.

Coach John Sandmann has a number of boys trying for places on this year's team. These include Tyler Caplin, Mike Reh, Ralph Walch, Barrie Lightfoot, Larry Jolliffe, Donald Todd, Fred Benson, Wally Rush, George Evans, Richard Partridge, Ronald Lamerand, Gordon Campbell, Bill Cowgill and Bill Arscott.

All home matches will be played at the Plymouth Country Club. Next Tuesday the squad journey to Redford Union for a match here.

Plymouth Hi-12 Meets every Wednesday 6:30 p.m. Captain's Room, Mayflower Hotel, Plymouth. Masons Welcome

Rock Nine Opens Season at Bentley

Tomorrow the high school baseball team will pry off the local diamond season when they journey over to Bentley high for a game with the Bulldog nine.

Coach Gus Gorguze is optimistic about the season this year even though hit hard by graduation last June. He has 10 returning lettermen. Rex Wooley and Bill Runge, pitchers; Derald McKinley and Dick Hubler, catchers; Ron Bender, Bud Lanphear and Jim Brinks, infielders; Larry Wood, Ron Ritter and Phil Straub outfielders.

Because of the bad spring weather, the boys haven't had too much practice outside. The infield, hit hardest by graduation, will be the weakest link, along with the pitching.

The school has purchased 25 new uniforms, and some modern catching equipment; the old ones will be used by the Frosh nine, who played without any last season.

The second game on the schedule, and the first home game, will be played next Tuesday when the Rocks take on the Belleville Tigers on the diamond at the rear of the high school.

The Rocks have 12 games on the schedule this year, playing each league opponent twice, and a couple games with Northville.

Trenton Here For Tennis at Park

Another spring sport that gets underway today is tennis. The Rock racket squad takes on Trenton on the courts in Riverside Park.

Coach John McFall has 4 lettermen back from last year—John Wahn, Bob Nulty, Kurt Hoenecke and Elmer Whipple—many promising youngsters are battling it out for positions on the team, including one of the visiting students from Germany, Kris Krueger, who has the best chance of making the team.

The racket men play a 13 match schedule. After today's match with Trenton, they journey to Ypsilanti Roosevelt next Tuesday for a match there.

Sports Glances

by "Professor" Edgar Brown

The great Detroit Red Wings hockey team continued their winning performance during the season into the playoffs, for a change, and won the Stanley Cup in the fewest possible games—eight, which has never been accomplished before.

Terry Sawchuk did a magnificent job of goal-tending when he shut out his opponent in 4 games, also a playoff record. However, it must be admitted that the great defensive players in front of him helped considerably in achieving these shut-outs.

Even with this great aggregation, Jack Adams says trades may be made before next season rolls around. Unlike the Tigers, the Wings don't believe in a stand-pat lineup.

The wrestling matches staged at the high school last Friday night were a huge success. Approximately 1500 sporting fans sat comfortably in the new gymnasium and viewed a show such as never before has been witnessed in Plymouth. Of course, much of it was a show, but pleasing entertainment to the hundreds of fans present.

The main thing is that around \$1000 was realized to further a very worthy Plymouth Lions club project—that of sight conservation. This service club has been doing much for the unfortunate afflicted in this area, and deserve much credit for the success of the wrestling matches.

The spring high school athletic program gets in full swing today. A sports enthusiast may find an athletic contest of his liking as many are scheduled today. The Rock tennis, golf and track teams are all here today, while the baseball team plays at Bentley tomorrow. From now on two or three athletic contests will be played locally each week. There will be a track meet each week as all the duel meets will be here this year.

So far the Tigers have dropped the first 7 games of the young season. In case anyone is wondering—the league record for league losses is 13 and held jointly by the Tigers.

Again it is the old story of not hitting in the clutch, and not hitting period.

The rejuvenated St. Louis Browns, with mostly rookies, swept a three-game series with the Tigers for the first time in years. The Browns will not win the pennant, but will cause many clubs a lot of headaches before the season is over, and should end up high in the second division. Ned Garver, a 20 game winner last year for the lowly Browns, is off to another good start with two shutouts already.

Bill Vecek may be a showman, but he may be what "the doctor ordered" for baseball in St. Louis, and get the Browns out of the doldrums. I'll wager the attendance at the Brownie home games will double this year.

Although the sun is radiating so much energy that it loses 4,620,000 tons of its mass every second, scientists now figure that it has a total mass of 2 billion billion billion tons and it would take 150,000,000,000 years for Old Sol to be reduced as much as 1 per cent.

Better see Beglinger for better deal. New and used cars.

ANYTHING TO BE CUTE... Walter Osowski, Jr., Philadelphia, has been smoking since nine months and averages three cigars a day. He can blow smoke rings.

Senior Prom Sat. Night in New Gym

The first High School Prom to be held in the new gymnasium will take place Saturday evening from 8 to 12 midnight. The committee has been working diligently to make this one of the most successful events of all time.

Jim Servis and his orchestra from Ann Arbor have been secured for the occasion. This six-piece orchestra played at the Wayne J-Hop, and many other large high schools around the state.

Decorations will not be as elaborate as in the small gymnasium, but the new building will be gaily decorated for the gala affair. A powder room for the ladies will be a novel at the prom—also each lady upon entering the door will receive a dance program. The latter were made possible by not using tickets this year.

A capacity crowd is expected to this first prom in the new gymnasium, and everyone can secure tickets at the door, providing one of the couple attend Plymouth High school. If neither of the couple attend school, one of them should contact the Senior class at the high school today, as there will be no school tomorrow.

If you have a social item or any other local news, phone 1600.

Balogh Third in Mile-Rouge Meet

Plymouth High School's track team didn't do much at the River Rouge relays in Ann Arbor last Saturday, but the four points they did score was equal to any other 6-B league member except Belleville, who scored 5 points. John Balogh was edged out by two speedy mile runners and finished in third place for all of the Rock's points. The winning time in the mile was 4:41, whereas, the best Balogh could do was around 4:47.

Ralph Wagenschutz and Jerry Kelly got as far as the semi-finals in the dashes, but couldn't quite make the finals. Arlen Ottensman cleared 10 feet 3 inches in the pole vault, but that wasn't good enough for a place. The 880 yard relay team did a fair 1:41 performance, but again wasn't good enough to place.

The league meet at Plymouth this year should be a very close affair as all the teams are about equal in strength.

An outdoor meet with Bentley opens the outdoor season here today.

If all the dividend-paying stocks listed on the New York Stock Exchange at the end of 1950 had been combined in one composite issue, it would have cost you \$33 to buy a single share in this "average" American industry and you would have received \$2.21 in dividends during the year—a 6.7 per cent return.

Part of AuSable Restricted For Fly Fishing Only

Over protests of some sportsmen, the Conservation Commission has ordered trout fishing in part of the South Branch of the Au Sable river restricted to flies only.

The new order will not go into effect until about May 20. It applies to about 12 miles of the stream from 300 feet below Steckert's bridge to Smith's bridge.

A 10-inch size limit was imposed on the stretch last month. The new size limit also applies to the river from Smith's bridge to the mouth of the South Branch.

The size limit goes into effect with the opening of the trout season April 26.

Opponents of the flies—only restriction contended it was discrimination against the bait fishermen. Part of the North Branch of the river has been restricted to flies only and a 10-inch limit for some years.

The commission approved the purchase of 2,700 feet of frontage for public fishing sites at \$6,000. The new frontage is on Scott and Rush lakes, VanBuren county, and the Chocolay river, Marquette county.

These Events Were News
25 Years Ago

The board of directors of Plymouth's new community hotel, The Mayflower, at a meeting held in the office of F. D. Schrader, vice president, Wednesday morning, awarded the contracts for the new building. The general contract went to Ralph P. Peckham of Detroit. Work on the new building will be started at once, and is to be completed by October 1.

Harold A. Sage, a former Plymouth boy, and son of Mr. and Mrs. Henry Sage of this place, has just been named manager of the Savoy hotel of Detroit. Mr. Sage is the youngest manager of a metropolitan hotel in the middle west.

The Plymouth Country Club golf course, which was constructed last year, is now open to the public. The club is composed entirely of Plymouth residents and is one of the finest natural courses to be found in the state. The course, which is of nine holes, the permanent greens of which are now being constructed, was laid out by Winfred Ried, an expert in this line of work, and a member of the Detroit Country Club.

Frank Atkinson will represent Plymouth High school in the district oratorical contest, next Wednesday evening. The contest is to be held in Northwestern High school auditorium.

Mr. and Mrs. Volney Gunning celebrated their golden wedding anniversary by being guests of honor at the home of Mr. and Mrs. Elmore Whipple on Ridge road, Monday.

Mr. and Mrs. Clyde Fisher have moved from Roe street, to Ann

street.
 S. J. Lorenz, who has been employed as a guard at the House of Correction Farm for the past three years or more, has resigned from the place, and has re-opened his blacksmith shop on Wing St. He is prepared to do general blacksmithing and horseshoeing.

Miss Dorothy Hillman entertained 16 of her young friends at her home on Penniman avenue, last week Thursday evening. The evening was pleasantly passed, after which dainty refreshments were served.

Miss Margaret Hills and son-in-law, Harold Behler and family, have moved from Blunk avenue to the house recently vacated by Stephen Jewell and family, on North Harvey street.

Mrs. L. C. Hough, Mrs. L. H. Bennett, Mr. and Mrs. Joseph Stanley and Mrs. Dora Norton have returned home from Florida, where they have been spending the winter.

10 Years Ago

Everything is in readiness for the all day War bond and stamp drive to be conducted in Plymouth Saturday by members of the Plymouth Junior Chamber of Commerce. The program of the day will start at 3:30 o'clock Saturday morning when the high school band will form in front of the high school.

Plymouth's rent control committee has established a "fair policy" which will govern all complaint cases until further definite instructions and regulations are received from Washington. The committee announces that complaint forms may be obtained by residents of Plymouth at the city hall.

Residents of Plymouth are advised that the city hall is not for sale although it has the appearance of being boarded up this week. The windows of the city hall have been fitted or panels

of three-plywood to be used in the event of blackouts or air raids. The panels are attached on the inside of the windows with screws and may be removed easily.

Thursday, April 30, will be "Masonic Guest Night" at a banquet sponsored by the Plymouth Rock Lodge featuring George Stark and Anne Campbell as guest speakers. Mr. Stark the "old-timer" of the Detroit News writes the column, "Detroit: City of Destiny", and presents a radio program each Saturday evening over station WWJ. Anne Campbell, who in private life is Mrs. George Stark, is the well-known poetess of the Detroit News and has a radio program on WWJ every Sunday.

The Myron H. Beals post of the American Legion will sponsor the presentation of a three-ring circus by the King Brothers in Plymouth on Friday, May 1. Allen King, one of the owners of the circus, is a member of the local Legion post.

Mr. and Mrs. Kenneth Groth, Marion Gust, of Pacific avenue announce the birth of a son, weighing six pounds and 14 ounces, at the Plymouth hospital Wednesday, April 22. He has been named Kenneth Harold II.

Mr. and Mrs. Gerald Simmons, Florence Schmidt, announce the birth of a son, Gerae John, Friday, April 17 at Mt. Carmel hospital, Detroit.

Mrs. Paul Wiedman and sister,

Mrs. Floyd Bland, of Detroit, will be hostesses, Saturday evening, at a shower honoring their niece, Mrs. Carl Hilty of Birmingham. The party will take place in the home of Mrs. Herman Schwarze in Birmingham.

The wedding of Virginia Reed and Albert Krizman will take place Saturday evening in the parsonage of Our Lady of Good Counsel church. A reception will follow in the home of the bride's brother-in-law and sister, Mr. and Mrs. E. K. Elliott on Ann Arbor trail.

The old narrow trails where two cars could pass without colliding are being replaced with beautiful wide highways on which six or eight cars can collide at one time.

Drive It Yourself!

ONLY PONTIAC GIVES YOU THIS DUAL-RANGE COMBINATION!

1. Powerful, High-Compression Engine
2. New Dual-Range Hydra-Matic Drive*
3. New High-Performance Economy Axle

A Great Car—a Great Buy—and a Spectacular Performer!

Naturally this new Pontiac is a thoroughly good car—for the Silver Streaks of Pontiac have always identified one of the best all-around automotive values in the world.

But there's something basically better built into this new Pontiac—something you must drive yourself to appreciate fully: Pontiac's spectacular new Dual-Range* performance!

We want you to come in and drive a Pontiac as soon as you can. See for yourself how Pontiac delivers precisely the power you need, whenever you want it, automatically.

Set your Pontiac in Traffic Range and then pick out the toughest driving you can find—you'll ease through it with no trouble at all, relaxed and confident all the way. Out in the open, switch over to Cruising Range and glide over the miles as though you were coasting—saving gas every inch of the way. Somewhere on your drive, park this Pontiac for a few minutes and look it over carefully—its distinctive Silver Streak beauty; the luxurious comfort and quality details of its interior; its sweeping full-horizon vision. Remember, too, you're looking at the lowest priced straight-eight in America. The lowest priced car with Hydra-Matic Drive.

Then drive back to us and get the facts and figures that prove what a great buy this spectacular new Pontiac really is!

Dollar for Dollar you can't beat a

Michigan Experiences Biggest Smelt Run In Its History

Wisconsin Now Adopts Plan of This State and is Creating Public Fishing Sites

Not dozens, but seemingly hundreds of residents in and around Plymouth streamed northward last weekend to take part in the greatest smelt dip Michigan has ever had.

This city, like nearly every other place within the state, has been flooded with the tasty, delicious little silvery fish that were caught over the weekend by local residents.

Everybody seemingly dipped more than they could use themselves. They've not only eaten smelt by the dozens, but some have put them away in their lockers for future use. Neighbors who didn't go north were given some of the "over-flow" dip.

It begins to look as though smelt, perch and herring will soon be about the only fish left

in the Great Lakes, as the eel that came into the Great Lakes through the Welland canal have killed most of the trout and white fish. The smelt, perch and herring are too small for these big ocean eels to attach themselves to, and as a result they seemingly are free from assault.

Speaking personally for just a moment, the writer "fathered" the legislation which made possible purchase by the state of the hundreds of public fishing sites that the state now possesses along rivers and lakes throughout Michigan.

The legislation all grew out of an experience the writer had years ago when he attempted to do a bit of fishing in Orchard Lake and was told that no one could fish in it, even though the state had planted most of the fish that were in the lake. We talked with any and everybody about it, and then when elected to the legislature, an amendment we attached to the conservation department bill authorizing the state to use a certain amount of money derived from each fishing license created a fund that the department used to buy public fishing sites, here, there and everywhere.

We mention this act taken many years ago because we notice that many other states are now following a similar example. From Wisconsin comes a bit of news pertaining to what that state is doing to create public fishing sites, just as has been done in Michigan.

With general public support, land purchases are made for the purpose of public access and management. Wisconsin people are anxious to see a lot of land devoted to public purposes. But people see that less than a thousand dollars worth of land is bought with a thousand dollars. A common criticism is that the Wisconsin conservation department uses much of this money for "administration" rather than land purchase. Kettle Moraine forest land purchases are frequently scrutinized from this standpoint. By "administration" is meant land appraisals, purchase negotiations and expenditures to make the land serve the purpose for which it is intended. As programs like the public hunting grounds program grow, management costs mount. This holds true even where management is held to a minimum. People must be able to find public hunting grounds and find something to hunt when they get there. An item of expense on the Kettle Moraine is management to see that people get a return on their investment. The same condition prevails everywhere. In the last 17 years the U. S. Fish and Wildlife Service has had \$27,000,000 for waterfowl management. Of this only \$4,000,000 was used for land purchases and the rest of the expenditures were the kind that are often roughly lumped as "administration". Most of the money went for investigations, law enforcement, development and general items of management.

Before petroleum was pumped from wells, the world got most of its oil from whales. In those days, fleets of sailing ships roamed the seas in search of the ocean giants. Many a fierce battle was fought between men armed with harpoons and the powerful creatures whose bodies could be turned into oil.

The big fellows were waging a

game, but losing, battle for existence when two discoveries were made. Men found it was easier to get oil from the ground, and they learned that electricity gave better light than whale oil. Thanks to the rise of the petroleum industry and the invention of electric lights, whales were spared.

But today, says the National Wildlife Federation, they face a new threat. Whale oil, though no longer needed for lamps, is a valuable raw material in the manufacture of textiles, cosmetics, and candles. In some countries, people buy and eat whale meat.

To meet these demands, 20th Century whale hunters rove in deadly packs. Leading the chase, in each whaling fleet, is a factory ship. It is outfitted with machinery to butcher a record haul of whales on a single voyage. The crew is seldom idle, because small killer ships keep bringing in fresh victims—all of them snared by accurate, hard-firing harpoon guns.

Among the prizes caught in this way are the massive Sperm Whales. They live in all the oceans of the world, staying in warm currents when they can, but often swimming in the frigid Antarctic.

The male is among the largest of the entire whale family. He sometimes grows to be 60 feet long, and he may weigh as much as 60 tons. The female Sperm Whale is about half as big.

Both are dark in color and shaped like gigantic tadpoles. They have big, blunt heads and powerful teeth. With the aid of their side flippers and their

broad, forked tails, they can swim at speeds of three to four knots with ease. When pursued, they can plow ahead at ten or twelve knots. For food they eat mostly squids or cuttle-fish, but sometimes they gulp down larger creatures.

From the time they are born, at a length of ten to twelve feet, until they reach full size, Sperm Whales grow thick layers of blubber around their bodies. It is from this coating of fat that much whale oil is taken. An even finer grade of oil comes from their heads.

Besides oil, the Sperm Whales sometimes produce a valuable substance called ambergris. It is a gray or blackish mass of material which forms inside them when they are sick. Though ugly to look at, it is a highly prized ingredient in the making of fine perfumes. A 400-pound chunk of ambergris once sold for more than \$100,000.

Look who's crowding "the low-priced three"

THE price of a car has a lot to do with the number of folks who can afford to own it.
So the leaders in sales—for almost a generation—have been three cars whose bid for popularity has included a potent price appeal.
But who do you think is right on their heels? Who has led the field, outside "the low-priced three"—ever since 1938?
Well, sir, the name is Buick.

That's not just our say-so. It's what car buyers have said with their hard-earned dollars, year after year.
We think you ought to find out for yourself what these other folks have discovered.
We think you ought to find out why so many Buick buyers are trading in one of the so-called "low-priced three."
We think you ought to compare the size, compare the performance, compare the price, because we know what you'll find out:
If you can afford a new car, you can afford a Buick.
Why not find out for yourself what's behind this popularity?

**Socialism Leads to Starvation
Declares Congressman Dondero**

By Congressman George A. Dondero

When the British people turned to Socialism half a dozen years ago, they did so in response to promises that a government-planned economy would bring full employment at adequate wages, with cradle to grave security for everyone. Today the British people have rejected Socialism. They are taking steps to denationalize the steel, coal and transportation industries. Free health services, which were not free but paid for out of taxes, have been reduced to the vanishing point.

In common with a lot of other Americans, I have been asking myself the cause of the British about-face. I have been trying to trace the road the British followed, and to see how their experience may be applied to our own affairs.

Socialism began to make headway in Britain more than a generation ago, when a group of intellectuals organized to further

Socialistic ideology by means of the so-called Fabian method. Fabianism is a name for socialization by stealth and indirection.

The Fabian Socialists, among whom George Bernard Shaw was the best known, fought always for higher taxes, for greater government spending, and for more and more government services to the people, even in fields where the people were better able to serve themselves.

By the end of World War II, with the help of deluded trades union leaders, they were almost completely successful. More than 70 per cent of commercial and industrial profits were taken in taxes. Wages, prices and rents were subject to absolute bureaucratic control. Almost everything was rationed. The buying power of British money was made subject to government fiat when Britain went off the gold standard.

Nothing remained, then, but to vote in a Socialistic regime, which would socialize the means of production of goods and services. But after this was done, the British people found that wages did not go up, although prices did. Housing shortages and shortages of nearly everything else prevailed, as production fell off. Socialized medicine proved unsatisfactory to nearly everyone.

In Great Britain austerity, another name for national poverty, became the order of the day. But nobody could do anything about it, so long as the people submitted to regimentation by the iron-fisted Socialist government. They did not submit permanently. Britons staged a revolt at the polls. Socialists were tossed out of office.

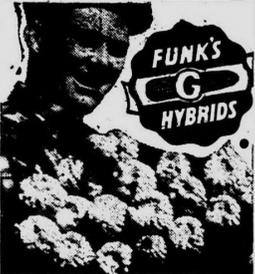

Now why does the British experience apply directly to our own affairs in the United States? It does for the simple reason that today we are almost exactly at the same mile-post along the road to Socialism as the one at which the British stood when they became a Socialist State.

The British people voted for nationalization. In the United States the federal administration did not wait for a vote by the American people. Long ago the President seized the railroads. Most people appear to have forgotten that our railways are operated under government control. Now he has seized the steel industry. He did so in open defiance of the law enacted by Congress for handling just such emergencies as the steel wage dispute.

We have nationalization of two great industries—the key industries of the nation—by executive fiat instead of by law or in response to the will of the people. Then what is to stop the federal administration from seizing the other industries on one pretext or another? What is to prevent the administration from seizing the corner drug store, the farmer's crops, or anything else?

It seems to me that Congress must act quickly to clarify this situation, and to put America back on the right road.

If you have \$4,000 in savings, you can consider yours an "average" family. Last year the American people added \$6,400,000,000 to their savings, to reach a record total of \$176,100,000,000—equal to \$4,000 for each of the nation's 44,000,000 families—almost 2½ times the family average of \$1,700 a decade ago.

**ELECTRIC DRYING
for HAY and CORN**

"Better quality, fewer field losses, much less spoilage and big savings in time and labor." That's the report of farmers who use electric crop drying equipment.

A good investment? Yes, indeed. Ask your Edison Farm Service Advisor for complete details. There's no obligation whatsoever.

Greener, leafier hay for the dairy cows on the Ervin J. HasKil Farm in Lapeer Co. Installed in 1947, the electric hay dryer cuts weather losses, cures 100 tons of chopped hay yearly.

Early picking, safe storage are two profitable benefits to the corn grower. On the Swartzendruber Farm, Huron Co., a 42' fan and 7 1/2 h.p. motor are used to dry hay first, then are moved to the well-filled corn crib.

Good wiring is always important. So always ask your Farm Service Advisor for his recommendations.

Library Houses New Books

Biographies, mysteries, westerns and modern fiction books are constantly being purchased by the Plymouth branch of the Wayne County library. A new shipment of books will arrive one day and before closing of the library at night, all the books will be checked out, states Mrs. Murray, librarian.

The great demand for reference books explaining "how to make it or what makes it work", has enabled the library to shelf such a book as "Technical Drafting Essentials" by Luzadder. The book reveals information and important data in the field of drafting. "Eight Yards of Calico" by Hunt tells the reader how to square dance and also introduces the various calls and terms used

VERN J. HAWLEY
 Lathing & Plastering
 24 Year's Experience
 Phone Farm. 2745
 21125 Middlebelt Road

by the caller. The book is written in such a manner that even the young can understand the art of square dancing.

Cartoonists are in their glory when they observe the illustrations and works of Peter Arno's "Ladies and Gentlemen". The book contains a collection of the best of Peter Arno's drawings during the years 1926 through 1951.

Among some of the new books that have arrived recently are: "Strange Ports of Call", DeFleth; "Marianne", Davies; "Jasmine Street", Dowdey and "The Daughter of Time" by Tey.

Mrs. Murray remarked that she would probably have to find all the information that she possibly could on the Netherlands, due to the recent arrival of Queen Juliana in Michigan. Children and adults will make an effort to study about this famed person.

The library has a Pocket Book Exchange, whereby the small pocket book, which can be purchased locally for 25 cents, are donated to the library by the citizens of Plymouth, and are checked out as any other magazine or book.

Mrs. Murray stated that the residents of Plymouth are very conscientious about the library books and return them promptly. Few books are lost from the Plymouth branch. There is such a demand for some of the publications that it is necessary to have duplicate copies. There are approximately 13,000 books in the inventory, however, this number does not include the hundreds of books which are donated to the library. Rarely a day goes by that someone doesn't donate books to be used in the library, remarked Mrs. Murray, hence the need for more space. The walls are bulging now with all of the volumes.

Money can be saved by buying fertilizer on the basis of the cost per pound of plant food rather than the cost per ton.

SUNBONNET SPRITES . . . In Daytona Beach, Jean Belden and Peggy Elder wear fetching sunbonnets to team up well with their white swim suits.

Merit Awards to Local Residents

Among the 177 salary and hourly employees of the Ternstedt Division of the General Motors Corporation who were guests of honor at the Division's annual Twenty-Five Year Watch Award Banquet which was held at the Statler Hotel in Detroit on Friday, April 18, were residents of Plymouth. Included in this group who received awards were: Wesley Chapman, 31718 West Chicago boulevard, Rosedale Gardens, Dennis J. Emanuel, 10738 Stark road and Grady H. Waldrop, 37830 Schoolcraft. These men and women have been with the Ternstedt Plants in Trenton, New Jersey, Columbus, Ohio and Detroit, Michigan since 1926.

James L. Conion, general manager of Ternstedt Division, presented each of the employees with an engraved, gold Hamilton watch in appreciation of the long and faithful service they have given to the Division. To date, 500 twenty-five year Ternstedt employees have received watches since the Watch Award banquets were started in 1945.

Among those to be honored for their long service to the Division will be 30 members of supervision. The program for the evening consisted of the watch presentation ceremonies and top flight entertainment.

Roger Babson Says---

Babson Discusses Steel Seizure
Washington, D. C., April 24. Of all the dangerous and unfor- giveable things which President Truman has done, the seizure of the steel plants is the most hor- rible.

Wages Secondary
I am not now discussing the wage question involved. Doubt- less, some raise in wages was justified; and if only a moderate increase, there need be no in- crease in steel prices. This would have been better for all—includ- ing labor—in the end.

Under the above conditions, labor would get less "take-home" pay than they would get with the full increase; but what they would take home under the steel industry's offer would buy more. The action of the Stabilization Board and the President will set off another general price in-

crease. Every reader of this col- umn will suffer. It is too bad.

The Great Crime
The great crime was to seize the plants without due process of law, or without awarding fair damages, or without treat- ing all plants alike. We are used to having the President seize our boys and send them to Korea; but this is under a fair draft law to which all boys are equally subject. We know that our prop- erty is liable to seizure for pay- ment of taxes, but all citizens (not having mink coats to give) are treated alike.

The President can take our home by eminent domain for a public highway or other neces- sary needs; but only after a fair hearing, proper time to vacate, collecting full damages—all be- ing subject to Court injunction. The reason why the railroads

were seized last year without a row is because the Railroad Laws provide for such a remedy. No such provision exists for seizing steel plants, or shoe factories, or newspapers, except in case of a War declared by Congress. We are now in no such war.

This means President Truman's seizure was premeditated rob- bery, done to pay a cheap politi- cal debt. I repeat it was a crime, especially when he would not at least try the Taft-Hartley Law.

What This Means To You
In short, this "Hitler-Peron" act by our President means trampling on the fundamen- tal principle of our Constitution. The American Revolution was fought to protect the sacredness of life and property. The fact that the Free Nations enjoy such pro- tection today is their main dif- ference from the Communistic Nations. Surely, President Tru- man acted on some very bad and unconstitutional advice. It is a shame that he will go down in history as making this colossal mistake.

I need not describe the harm which this seizure does to our prime investments. It can under- mine the security of all good stocks and bonds. If the seizure is upheld by the courts, it could cause the best stocks to go into a nose dive from which all invest- ors, savings bank depositors and holders of life insurance policies could suffer.

Looking Into The Future
Another thought: Think of the danger of letting the President seize a newspaper which he would like to suppress! He could do this as well as seize a steel plant. He would only need to stir up the employees to demand an impossible wage increase, and then "in the emergency" seize and edit that newspaper! It is horrible to contemplate. But labor ultimately suffers from this frightful precedent. Unless the courts throw out this steel seizure, it surely someday will be used against Labor itself. "It is a poor rule that will not work both ways."

Last week I was quite hopeful as to the Summer and Fall Out- look. Due to Mr. Truman's re- tirement, I felt that the clouds were breaking. Since then, how- ever, a thunder storm has arisen! Whatever happens to the steel case, I am now more con- vinced than ever that when the next big Unemployment Depression comes, it will be brought on by Labor Leaders.

TROUSERS DRESS—WORK—SPORT SHINGLETONS
40 Years in Plymouth Liberty Street

Make New Steel For Ford Plant

It is reported that the Ford Company has been forced to have more than 1,500 tons of structural steel fabricated to replace the steel that was destroyed in the fire of mysterious origin that took place in the new plant about two months ago.

It will be recalled that this fire, which was fought by the local fire departments of every com- munity in this part of Wayne county, destroyed more than a quarter of the new buildings before the flames could be check- ed.

Extra workmen were employed as soon as possible after the fire to start removal of twisted steel beams and other construction ma- terials that were destroyed or damaged by the fire.

No statement has ever been given out as to the exact cause of the fire but it is known that several rigid investigations have been made by both the company and police officials.

The fire has delayed the open- ing of the new plant by several months. It is not expected to be in operation until sometime next year.

Start Paving of Haggerty Road

Paving of Haggerty highway from Plymouth road to School- craft road has been started by the Wayne county road commis- sion. From progress being made on this improvement, it will prob- ably be finished and ready for use within the next five or six weeks.

Terrific heavy traffic due to the expansion of the big plant of the Burroughs Adding Machine Com- pany has made this road improve- ment essential.

The Burroughs company re- cently placed equipment in the new building on the north side of its site and added several hun- dreds of additional workers to its force. By the paving of Hag- gerty highway, officials hope to divert some of the heavy traffic now using Plymouth road ex- clusively to Haggerty highway.

The road commission will also within the near future pave Le- van road, the highway running along the west side of the new Ford plant between Plymouth road and Haggerty highway. While this work has been plan- ned for early this spring, it was somewhat delayed because of the fire which destroyed a large sec- tion of the new Ford plant, there- by delaying the opening of the new tank factory by several months.

The cheerful songs of tree frogs are heard most often during damp weather and before a storm. Thus they have been given an undeserved reputation as weather prophets, but really it is only because they are stirred to life by unusual moisture in the air.

Bunn Near Top in St. Pete Contest

In the Festival of States shuffleboard tournament held each year in St. Petersburg, Florida, Dayton Bunn, former Ford car dealer of Northville and well known to many Plymouth resi- dents, had the unusual distinc- tion of being one of the two players selected to represent the state of Michigan in this nation- ally famous contest.

But in order to win a place on the winning state team, it was necessary for him to win the elimination contest among Michi- gan players, this series of events creating almost as much interest as does the national contest.

In the final national round, the former Northville car dealer, who with Mrs. Bunn is expected home within the next two weeks, was tied with his partner for top place in this hotly contested tournament.

He was, too, on the winning team in the duplicate contest. Mrs. Bunn was also up towards the top in one of the card game contests. John Weinmeister, whose Michigan address was not given on the program, was Mr. Bunn's partner in the shuffle- board contest.

Field Offers Many Careers

Dr. Ralph H. Pino, M. D. will be guest speaker at the Grange meeting to be held Thursday, May 1 at 8 p.m. at the Grange hall. Dr. Pino has his office at the David Whitney Building in De- troit, and is owner of the Plym- outh Colony Farms.

Some of the subjects which Dr. Pino will discuss during his evening address will be: Nursing, a needed profession, a satisfied career and a profitable future; Diet- etics, which include the planning of well balanced meals, food preparation, and food serving; Medical Technologists, individ- uals who peer into microscopes, make blood analyses and process cellular tissue. He will also tell his listeners facts about Physical Therapists, Occupational Dental Associates, and Public Health Associates.

Phases of the medical world which include veterinarians, health inspectors, medical social workers and industrial hygien- ists all play important roles in the medical profession.

The public is invited to attend this meeting and students who are particularly interested in the field of science and medicine are urged to attend in order that they may gain an insight into this field. There is no admission charge and Dr. Pino will use colored slides to illustrate his subject.

Always carry a fire extinguish- er on your tractor. You won't have to buy a replacement until you've used the first one and if you have need for the first one it will have paid for the second one.

Senator Moody is Plymouth Visitor

Some 45 people were present last Saturday noon at the luncheon given at the Mayflower hotel in honor of Senator Blair Moody. The Senator talked briefly of congressional problems but found it necessary to cut short his question and answer period because of other engagements in Detroit.

V.F.W. News

Members are requested to display flags on Loyalty Day, May 1. The auxiliary has a card party planned for the afternoon of May 7 in the Veteran's Memorial building on Main street. Tickets may be obtained from any auxiliary member.

A vote of thanks goes to Winifred Konazeski, chairman of the refreshment committee for the Installation of officers on April 15, and to the members of her committee. Serving on her committee were Vivian Hoar, Bertha Zinger and Mary Farmer. Thanks also goes to all members contributing cakes.

Southern Tour Pleasant One

Mr. and Mrs. Barton J. Rogers recently returned from a southern trip taken during the spring school vacation period, a trip in which they visited several historic spots in various southern states. Their first stop on the trip south was in Cincinnati where they visited at the home of a sister of Mrs. Rogers.

While in Beloxi, Mississippi, Mr. Rogers attended a meeting of the Kiwanis club of that city. He is an active member of the Plymouth organization.

They were fortunate in being in Mobile, Alabama at the time of the thousands of azaleas were in blossom and in New Orleans during its famous Spring Festival when some of the historic homes and gardens in the French quarter are open for public visits.

They enjoyed a boat trip on the Mississippi and were fortunate in seeing an exceptional number of ocean going crafts being unloaded and loaded.

On the return they made it a point to visit Shiloh where five sons of Mr. Rogers' grandfather and mother, members of the Union forces, took part in the famous Civil war engagement fought at that place. One of these sons was a chaplain and another a Union general.

Carnival Date Changed to June 9

City commission granted the local American Legion posts permission to advance the date of their annual carnival one week. The carnival will be held from June 9 to 14. It was originally scheduled for June 16 to 21.

The legion was unable to obtain the services of a carnival firm for the later date.

The city commission also discussed an amendment to the dog ordinance which would cause all dogs to be either penned or on a leash for 12 months of the year. This was referred to the city attorney, Harry N. Deyo.

Also approved was the erection of a street light between Garfield and McKinley.

Reports Reveal Conference Data

Members of the Sarah Ann Cochran chapter of the Daughters of the American Revolution, met Monday, April 21, at the home of Mrs. William Bake in Northville. Mrs. Edward J. Cutler, Mrs. L. E. Mack and Mrs. Sterling Eaton gave reports from the State Conference. Mrs. Robert Willoughby told of activities at the Children of the American Revolution Conference in Washington, D.C. last week end.

Mrs. Ellis J. Wylie presented the chapter with a small flag standard. A check for the winning scrapbook of newspaper clippings at the State Conference was presented by Mrs. Eaton. The annual meeting will be held at the home of Mrs. L. E. Mack, Monday, May 19.

We have been doubling our secondary school enrollment every 10 years for the past 40 years—an achievement equaled by no other country. Over the last 75 years, while the population was tripling, high-school enrollment grew 90 times.

By Carl Peterson

Well, Queen Juliana of the Netherlands made quite a hit on her tour of the U.S. I guess most Americans have a lot of respect for the Dutch. They're fine people and great fighters for freedom. But their land has fewer natural obstacles than anything in the world, outside of a golf green. Maybe that's why they've proved to be so rugged. They're as vulnerable as popcorn at a kid's matinee. All they have between them and an invading force are dikes and Dutchmen. They've flooded the land so often as a defense that half the cattle have gills. We've all been "in Dutch" at times—but with them it's permanent.

GALS WHO WEAR THEIR BROTHER'S PANTS—DON'T DO MUCH FOR THE CAUSE OF ROMANCE.

The U. S. Office of Education reports, "high school students just don't go for algebra, geometry, physics and Latin." Who's surprised?

There's a lot of science in the preparation of every prescription too. The pharmacist who helps you take care of your prescription needs... where accurate prescriptions are our life work at PETERSON DRUG, 840 W. Ann Arbor Trail, Phone: 2080.

B.F. Goodrich Tubeless Tire

Seals Punctures and Protects Against Blowouts

New tread wipes a WET road so DRY you can light a match on it!

The tread of the new B.F. Goodrich "LIFE-SAVER" Tubeless Tire has thousands of flexible "grip blocks," so closely spaced you can hardly see them. They wipe a wet road so dry you can light a match on it—grip like a caterpillar tread. As a result, the "LIFE-SAVER" Tubeless Tire stops on wet pavement up to 20% quicker than other tires, has up to 40% more pulling power.

Under blowout conditions, "LIFE-SAVER" Tubeless Tire loses air s-s-slowly, allows plenty of time for a safe stop. In case of puncture, gummy rubber under the tread seals against puncturing objects, plugs hole when object is withdrawn. Patents covering basic features of Tubeless Tires have been issued to The B.F. Goodrich Company by the U. S. Patent Office.

Come in today and see the tire that earned the name "LIFE-SAVER".

TRADE NOW AND SAVE!

BIG TRADE-IN ALLOWANCE—We will buy the unused mileage in your old tires.

B. F. GOODRICH "LIFE-SAVER" TUBELESS TIRE ACTUALLY COSTS LESS than a conventional tire with safety tube.

As low as 4.00 Down and your old tires puts a set on your car.

Paul Riley Wins Scholarship

The \$100 cash citizenship scholarship given by the Veterans' of Foreign Wars auxiliary was won by Paul Riley, son of Mr. and Mrs. Joseph Riley of Sheldon road.

Paul, a senior at Plymouth High school, plans on attending Michigan College of Mining and Technology at Houghton.

In order to win the contest, which was given in place of the annual paper on citizenship and Americanism, students filled out special application blanks and had a personal interview with a committee of auxiliary members. The scholarship was awarded on the basis of citizenship and scholarship.

Bell to Build Outdoor Booth

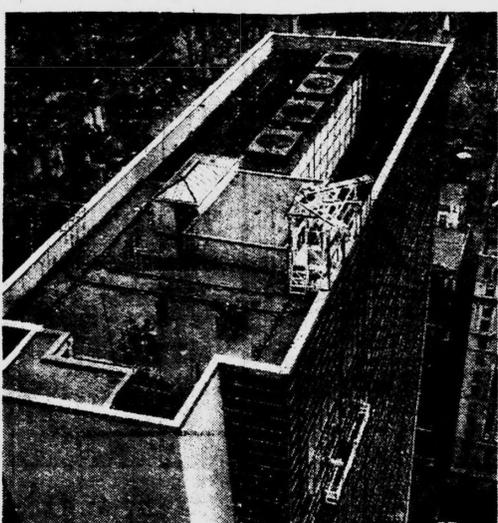

Michigan Bell Telephone company requested permission from the city commission to construct an outdoor telephone booth between the sidewalk and the curb on the northeast corner of Main and West Ann Arbor trail. The commission referred the matter to the city manager to investigate the possibilities of placing the booth directly in Kellogg park rather than between the sidewalk and the curb.

George Mayhew, district manager for Consumers Power company, appeared before the commission to explain to its members the reasons the company requests a rate increase.

Mr. Mayhew listed the raise in the franchise fee, the additional cost of natural gas from the Panhandle company and the additional expenses of administration.

A letter from the Public Service commission was read to the commission. This letter told of the hearing to be held in Lansing relative to the rate raise which Consumers Power company has requested.

WINDOW WASHING . . . Lever Brothers building, New York, is mostly glass. Device for washing windows runs on tracks around building with a gondola suspended from it that can be lowered outside windows of desired floor.

Singer Featured at Local Church

Burwell Evans, well known singer and entertainer, will be at the Presbyterian church, Sunday, April 27 to sing a duet with Nat Sibbold. The young men will sing, "The Lord is my Light".

Mr. Evans is currently singing with the Bert Lahr show, "Two on the Aisle", which is a lighthearted and laugh-happy musical, and is at the Cass Theatre in Detroit. Previously he had toured with the Vanities.

The men will sing the duet during the morning worship service.

PHS Vocalists Take Top Honors

Keith Avery, son of Mr. and Mrs. Clair Avery, took top honors in the State Vocal Solo and Small Ensemble Festival held in Ann Arbor on April 19. Keith received a rating of Superior.

He sang the baritone solo, "My Prayer" by Humphries. The high school baritone has appeared as a soloist on television with the Plymouth high school choir. He has been a pupil of Edna O'Conner and Dr. Nellie Huger Ebersole.

Mary Lou Hartwick singing the "Beatitudes" received the rating of excellent as did the twin trios.

Other participants included Ellen Daoust, Joanne Pursell, Shirley Andrews, Barbara Baskins, Suzanne Stecker, Patricia Clifford, Theresa Carpenter, Allsande Cutler, and Joan Ebersole.

The groups were coached by Frederick Nelson, vocal music instructor in the Plymouth public schools.

Local News

Thirty members and guests of the Ruth Simonds Circle 2 of the First Presbyterian church took well filled baskets to the Presbyterian Home on Six Mile road, Detroit, Tuesday. Seventeen guests from the Home enjoyed dinner with them after which Mrs. Alta Rice, of Plymouth showed the movies she and Dr. Rice took on their recent trip to the west coast.

Dr. and Mrs. Max Pierson and Mrs. John Ryder of Detroit were guests Tuesday evening of Dr. and Mrs. H. C. Balfour of Pennington avenue.

New Company Supplies Stones

Residents will no longer need to travel to Detroit for stone supplies for their new homes, buildings and stores. John R. Dobson has established the Dobson Cut Stone Company which is located at 41905 Ann Arbor road.

"The Company will carry such supplies as: Tennessee ledge rock, briar hill, wallco stone, flag stone, door and basement sills, window and door trim and coping," states the owner, John R. Dobson.

Mr. Dobson has lived in Plymouth for the past two years and was a partner in the Ace Cut Stone Company in Detroit, until just recently.

With the addition of this new company, the people of Plymouth and vicinity will be able to secure their needed supplies without having to travel for miles.

Hartmann Goes to Chicago Meeting

The General Sales Convention of the Sinclair Refining Company, dedicated to the "American Way", opens in Chicago on Friday, April 25 at the Hotel Sherman, according to William C. Hartmann, the Company's Branch Manager in Wayne, Michigan. Mr. Hartmann is leaving for Chicago on April 24, to attend the Convention.

The first anniversary of the "Sinclair Plan" will be celebrated by convention delegates Saturday, April 26, at the Sinclair Research and Development Laboratories in Harvey, Illinois.

Chief speakers at the convention will be the following Sinclair officials: P. C. Spencer, President; Sheldon Clark, Chairman of the Board of Directors; E. L. Hughes, Vice President and Director of Sales; J. E. Dyer, Vice President in charge of transportation; B. L. Meece, Vice President and Manager of the Western Division; A. H. Sus, Manager of the Central District.

Americanism Day Emphasizes Faith

Sunday, April 27 is Americanism Day, a day that has been sponsored by the Veterans of Foreign Wars and a day designated for emphasizing our faith in the United States government.

"American citizens of today, devote little time to the reading and understanding of the Bill of Rights and the Constitution. We are too much concerned about trivial, insignificant matters to be studying our fundamental laws.

"Small children can be taught to honor and respect the American flag by knowing and understanding the Pledge of Allegiance. Education in Americanism is the best way to combat Communism," say V. F. W. leaders.

Red, white and blue balloons will be distributed to children at 10 a.m. at the Kellogg Park, on Saturday, April 26, in observance of Americanism Day.

Social items can be phoned to 1600.

Local News

Mrs. William Michaels, Lawrence Burgett and Floyd Burgett, all of Plymouth received word, Tuesday evening of the sudden death of their mother, Mrs. George Burgett in Port Huron. The funeral will be held on Friday in Port Huron.

Mr. and Mrs. Leo Lorenz of Langdon, North Dakota are in Plymouth visiting with relatives. They came especially for the wedding of their daughter, Helen and Oscar Luttmoser which will take place at Our Lady of Good Counsel parish house on Saturday of this week.

Mr. and Mrs. Robert Minock and daughter, Jancee of Ross street were dinner guests Tuesday evening of Mr. and Mrs. Allen Wiedman in Saline.

Mr. and Mrs. Ernest Vealey visited Mr. and Mrs. Elbert Harton on Sunday afternoon.

Mr. and Mrs. Earl Zander and daughter Irene of Wayne were Sunday visitors in the home of Mr. and Mrs. Roy Wheeler of West Ann Arbor trail.

Mrs. Kenneth Hulsing was hostess to her bridge club last Thursday evening in her home on Church street.

Mr. and Mrs. Robert Minock of Ross street had as their houseguests, Mrs. Minock's former roommate and her husband, Mr. and Mrs. Robert Taylor of Greenville.

Mrs. Lottie Jones spent last weekend with her son and daughter-in-law in Coleman, Michigan.

Mr. and Mrs. Newell Bebout and Mrs. Martha Hinz of Ann Arbor were Sunday callers in the home of Mrs. William Blunk of Williams street.

Miss Gretchen Schuster spent 10 days of her spring vacation with her parents at their cottage near Traverse City.

Mr. and Mrs. William Corkins and family of Howell were Sunday visitors in the home of Mr. and Mrs. Floyd Burgett of Northville road.

Mr. and Mrs. Charles Thenn and Mr. and Mrs. Norman Mahley and family were Sunday guests of Mr. and Mrs. Donald Thenn in Romeo.

Grange Cleanings

Our Grange was a busy place last week.

On Monday evening there was the Lily Club at the Hall where everyone seemed to have a good time. Thursday evening was the Grange meeting, fairly well attended. Some business of importance was taken care of. Mrs. Allen came and gave a very good talk on life in Fairbanks, Alaska, well illustrated by colored slides. She is a charming young lady and we hope we may become better acquainted with her.

Saturday night was the card party, a decided success. About one hundred people were there. A nice party.

Next comes the May birthday supper on May 1, about 6:30 p.m. Those members whose birthdays come in May should not miss that.

Dr. Ralph Pino of Detroit will be with us that night and is going to speak on "Health" with colored slides to illustrate his lecture. The public is invited to come in for the program and we hope many will take advantage of this worth while opportunity

Wins High Honors At University

John B. Rogers, son of Mr. and Mrs. Barton Rogers, 397 Blunk avenue, and a graduate of the Plymouth high school, now a senior at the University of Michigan, has recently been elected to membership in both the Phi Beta Kappa and Phi Kappa Phi honor societies at the University for outstanding scholarship, personality and participation in campus activities. The initiation was followed by dinners in honor of the successful candidates.

Mr. Rogers Sr. is a member of the teaching staff of Plymouth high school and Mrs. Rogers is at present serving as an adoption counselor at the Michigan Children's Institute of Ann Arbor, a state agency for the placement of children.

Society Hears Charles A. Root Sr.

Charles A. Root, Sr. was the featured speaker at the meeting of the Plymouth Historical Society, held at the home of Mrs. Roy Clark on April 17.

"Tools used by the pioneers in Michigan, 1825-1850" was the topic chosen by Mr. Root.

The great migration from New England and New York state to Michigan took place soon after the Erie Canal was opened in 1825 and as stated by Mr. Root, the pioneer was not only a woodsman before he could be an agriculturist.

Except for a few prairies in Michigan vast forests of virgin timbers covered the region. Into these almost unbroken forests came the American frontiersman, puny in size and at first, few in numbers, but skilled by generations of practice in the use of two tools, the first of which, the long rifle, enabled him to protect his life, overcome his enemies, and feed his body, and the second the Woodsman's axe, to build his home, conquer the forest, and provide for his maintenance from the soil.

Single handed the pioneer tackled trees 3, 6, even 10 ft. in diameter and 50 to 80 feet to the first limbs, felled them clearly within a yard of the line selected, trimmed and cut the logs into lengths capable of being handled.

Next in importance to the axe was the universal backwood's tool, the drawing knife, a double handed pulling implement for shaving and dressing down everything from heavy frames, wagon tongues, and ox yokes to axe handles, staves and spokes. Augers, reaming tools, saws and other tools were added as they became available, and could be afforded, explained Mr. Root.

Musical entertainment was furnished by E. Fletcher Campbell, who played several selections on a recording machine.

A social hour was then enjoyed by the members. Mrs. Clark served refreshments, assisted by Mrs. Ivah Bentley, Mr. and Mrs. Robert J. Little and Mrs. Paul Ware.

The annual dinner meeting of the society will be held on May 8th at the Mayflower Hotel.

To find a parking place, circle the block. You'll find the car ahead just pulling into it.

Little Lady Slipper

Flower-fresh and flower-dainty... a little lady slipper of a pump in summery white mesh, perched on a low heel and wearing a small flat bow. For your prettiest cottons. Only

Members Attend Charter Dinner

The Mayflower Hotel was the scene for the Charter Member Night dinner, held by the Plymouth Hi-12 Club, on Wednesday, April 23, at 6:30 p.m. Guest speaker for the evening was W. A. Anderson, who needs no introduction to the Hi-Twelvians. Present at the meeting were many past presidents of the club.

It may be well to recall that it was on March 25, 1945 that the Plymouth Hi-12 Club was organized by a group of Masons. The original charter, which was granted by the International Association, and contains each name of the chartered members, now hangs on the wall of the Masonic Temple.

The dinner was held in honor and appreciation for the work which the charter members have done for the club.

Ladies night will be observed when Stanley Barker, past president of the Northwest Hi-12 Club will be guest speaker for the Hi-12 meeting Wednesday, April 23 at the Mayflower Hotel. The meeting will start at 6:30 p.m. Mr. Barker has selected for his subject, "Has Democracy Gone?"

All the members and their wives are asked to attend this important meeting. The subject will also be of great interest to all Plymouth, Livonia and Northville residents.

Club Elects Doris Fisher President

The new president of the Plymouth Business and Professional Women's club is Doris Fisher. Miss Fisher was elected at the annual meeting of the club held Monday evening at the home of Mrs. Foster of Ann Arbor trail.

Bernice Crisp was elected vice president; Ellen Smith, recording secretary; Dorothy Ritchie, corresponding secretary; and Doris Johnson treasurer.

Plans were completed for the district meeting to be held in Plymouth on Saturday, April 26. The meetings will begin at 2:30 p.m. in the Mayflower hotel. The theme of the convention is "A Leisurely Day in Colonial Atmosphere."

Rathburn Heads Sewage Board

Charles H. Rathburn, supervisor of Plymouth Township was reappointed chairman of the Wayne County Sewage Disposal and Water Supply committee, by the Wayne County Board of Supervisors.

Mr. Rathburn is a well known resident of Plymouth and vicinity. He first took office in the township in 1936 and it was in 1949 that he discovered water at the town hall with a diving rod during the month of June.

Robert Baskins Dies Suddenly

Robert F. Baskins who for the past ten years resided at 283 E. Ann Arbor trail passed away suddenly Monday morning, April 21 at the age of 67 years.

Surviving are his widow, Pearl; four sons, Millard A. of Los Angeles, California; William H. of Plymouth; Beryl of Northville and Robert A. of Plymouth; two daughters, Miss Bobbie N. of Columbus, Georgia; and Mrs. Bernice Wyman of Munich, Germany; and two step-sons, Eldon McGhee of Detroit and Cloy McGhee of Tulsa, Oklahoma, also surviving are his brother, Otis of Adona, Arkansas, five sisters, Mrs. Molly Bostick of Adona, Arkansas, Mrs. Rosie Bostick of Holland, Missouri, Mrs. Emmie Bostick of Casa, Arkansas; Mrs. Alice McCabe of San Antonio, Texas and Mrs. Addie Fowler of Adona, Arkansas; also 16 grandchildren survive, other relatives and many friends.

Mr. Baskins was a former resident of Perry, Arkansas and was a barber while living in Arkansas. He was a member of the Church of Christ at Perry, Arkansas. For the past ten years Mr. Baskins has been a park custodian with the Wayne County Park Commission.

Mr. Baskins was brought to the Schrader Funeral home and later taken to Perry, Arkansas where funeral services will be held Friday, April 25 at 2 p.m. from the Perry Methodist church. Interment will be in Perry cemetery.

Sprouting and storage losses of root crops controlled with maleic hydrazide

A new growth regulator, maleic hydrazide, has reduced or prevented sprouting of stored onions, potatoes, sugar beets and vegetable root crops in experiments conducted by Michigan State College Agricultural Experiment Station. Sprayed on plant leaves at specified times before harvesting, maleic hydrazide has lengthened the storage life of onions, even perishable hybrids. Treated potatoes have been kept up to 12 months without sprouting. Storage losses of carrots, beets and other vegetable root crops have been greatly reduced. For full information call, write or visit your County Agricultural Agent.

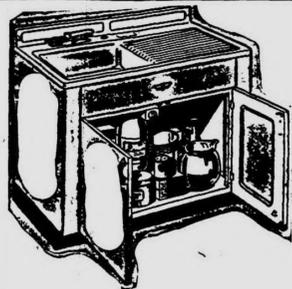

"Visual Truck" helps preserve telephone service

Telephone wires and cables exposed to weather get periodic inspection to make sure they are in good condition. A big time-saver on such a job is a special ladder truck, with an aerial platform that can be shifted in a complete circle 21 feet above the ground. Michigan Bell is making more and more use of this truck, because it gives inspectors free use of both hands, and enables them to inspect wires over parked cars and trucks. It's another of many modern methods which Michigan Bell uses to preserve dependability and quality of telephone service.

A Personal Message from Dave:

In a few months I will have completed a quarter of a century of business in Plymouth. I am anxious and most sincere to make this sale the talk of the community the same as I did in 1927 when my first advertisement appeared in the Plymouth Mail. I have made many changes during these past 25 years, but never changed from my original promise to serve you in the best way that I know how. I am especially proud because I am sure that you will be pleased with our newly completed Youngstown Model Kitchen, where you can relax in the atmosphere of a beautiful home-like modern kitchen. Yes, we have incorporated labor saving, economy, beauty and convenience into one model kitchen so that you may actually see the variety of cabinets and color of Formica tops that can make your dream kitchen come true. With the miniature sinks and cabinets, you can construct your own kitchen design and know what it will actually look like when completed and with the recent amended F.H.A. ruling you need no money down and take 36 months to pay.

Please do come in so that I can personally say thank you for your long continuous patronage.
