What I Think and Have A Right to Say

By ELTON R. EATON

MEMORIAL DAY OBSERVANCE.

To our way of thinking Memorial Day is one of this country's most important holidays. It is a day set aside by our government for the purpose of honoring the memory of those who wore the uniforms of our armed forces during various wars when our national existence was threatened.

These soldiers and sailors of past wars are entitled to all the honor we can bestow upon their memory. And thanks to the various patriotic organizations of Plymouth and other cities and communities of this nation, the surviving veterans are seeing to it that the full meaning of the day is not forgotten.

Plymouth down through the years has observed Memorial Day in a most proper way. It has never been made a day of athletic contests, a day of hilarity. It has been made a period for the proper display of respect for those who offered their lives that we might live in peace and happiness. It is with more than a bit of humility that we pay tribute, too, to the surviving veterans. They are also entitled to the same honors as we pay the departed heroes of our nation.

ONE NEVER KNOWS.

The hosts of Plymouth friends and neighbors of Mrs. Kermit Smith were amazed and grieved a few days ago when they heard the news that she had died following an operation in an Ann Arbor hospital. Although not a life-long resident of this city, in the dozen years or more she had lived here, Mrs. Smith had endeared herself to her neighbors and a wide circle of friends. She was a lovely, gracious person and a happy mother—the ideal. To her grieving husband and two young children goes the unbounded sympathy of all who were fortunate enough to know her well.

Gigantic Fourth of July Spectacle Planned by Chamber of Commerce

One of the most gigantic Fourth of July celebrations ever to be staged in Plymouth, will be in store for residents of this area during the long holiday weekend, a little over a month from now. Four big days of fun and entertainment have been planned by the committees in charge of this Chamber of Commerce-sponsored spectacle. Fireworks, a parade, ball games, a real rodeo, a big midway of entertainment and refreshment booths are all part of the mammoth celebration planned for the people of this community.

According to Nat L. Sibbold, secretary of the Chamber of Commerce, and General Chairman Marvin Terry, this year's show will far surpass the very successful undertakings of the past few years.

A giant midway is to be erected back of the high school where various entertainments can be found, and there will be rides for children, both young and old.

The festivities begin on Wednesday, July 2, at three o'clock when a real rodeo will be presented to the public. The Charokey Ranch Rodeo is bringing bucking broncos, wild steer riders, bulldozers, calf ropers and rough riders in the wildest melée of western sport and entertainment ever offered in Plymouth. There will be 27 different events, and there will be two shows daily Wednesday and Thursday at 3 p.m. and again at 8:30 p.m.

There will be an advance sale of tickets for the rodeo by organizations of Plymouth. These can be purchased by adults for \$1 and children for 50 cents. At the gate the price will be \$1.20 and 60 cents.

A carnival will be present each of the four days with numerous rides and shows. The W. G. Wade carnival has agreed to come to Plymouth for the holiday celebration.

Friday, July 4, will be the big day. Starting with a parade at 10:30 a.m., consisting of many floats, after which there will be a ball game, band concert, amateur show, and of course topped off by hundreds of dollars worth of fireworks in the evening.

There will also be either a variety show, or possibly a small "Big Top" circus the last two days.

On the concluding day, Saturday, July 5, the above show will

again be present, and there will be a children's parade, a band concert and various children's events.

Local residents are urged to make their plans to stay in Plymouth over the long weekend holiday for this big event.

The money realized from this venture will go to building up the treasury of the Chamber of Commerce.

Chamber of Commerce officials say that anyone interested in having concessions on the midway must contact the Chamber of Commerce offices—497— or by calling Nat Sibbold at his residence—224-W— or Chairman Marvin Terry—557-M.

Mr. Sibbold has released the names of the chairmen of the various committees. They are: Marvin Terry, general chairman; Fred Kendall, amateur show; Robert Waldeck, parade; M. W. Kirkpatrick, advertising; Herbert Woolweaver, children's activities; Walter Rensel, tickets for drawings; W. J. Lent, tickets for raffles; Ed Campbell, tickets for rodeo and show; Bob Minnock, ticket takers; Carl Caplin, carnival tickets; Bob McAllister, fireworks; John Gaffield, parking; Leo Kowalcik, grounds; Bill Campbell, sound; Lawrence Livingston, music; Bob Beyer, display stands; Newton Gould, policing grounds.

Approximately nine years after an idea became a reality, the Girl Scouts of Plymouth have a cabin all their own. An Open House has been scheduled for that day from two to six o'clock in the afternoon; this is being sponsored jointly by the Kiwanis club and the Girl Scouts.

Poppy Sale Best Ever Despite Rain

The 1952 Poppy Sale was the best ever, stated Joseph Elliott, one of the members of this year's committee. Even though it rained last Friday, and the sale had to be shortened, more poppies were sold this year.

The money obtained on Poppy Day by the Veterans organizations and auxiliaries will be used for a very worthy purpose. Mr. Elliott says that after sending six cents for each poppy sold to the veteran who made it, the balance will be used for gifts to veterans in hospitals, needy families of veterans, and a part to the National Veterans' home at Eaton Rapids, Michigan.

Police to Continue "Get Tough" Policy

Three part time policemen have been hired by the police department to work on the special detail of apprehending offenders of traffic laws. These men are Charles Thompson, Charles Groh and George Schoenemann.

They are a part of the "get tough" policy of the police department regarding speeding, reckless driving, and cruising. This is a result of a conference held recently at the city hall and attended by the City Manager A. F. Glassford, Judge Nadimo Perlongo, Lieutenant Vanderveen, Captain Fisher, and Chief Carl Greenlee of the Police department, and Mayor Russell Daane.

Patrolmen have been instructed to issue tickets marked "court" for all traffic violations involving persons 17 to 21 years old, "hot rodders", speeders, reckless drivers, and cruisers apprehended on minor offenses. Persons under 17 years of age are to be referred to Juvenile court.

A citizens' traffic committee, whose membership is secret, has been selected by Chief Greenlee and his commanding officers. This committee will report only the license number of a car and the violation observed. Upon receipt of the report, a letter will be sent over the Judge's signature, announcing the type of violation, to the owner of the car.

Letters will also be written to parents of juveniles apparently in the family car reporting the conduct of the driver in the city of Plymouth, the conference decided.

Many Plymouthites to Attend Horse Show

Many Plymouth residents plan on spending Sunday, June 1 at the Northville Junior Horse show to be held at Northville Downs beginning at 11 a.m.

Thirty classes of events are scheduled for the day. Because of the large number of entries, judging will take place in two rings simultaneously in order that the show may be completed by 8:30 p.m.

The show is sponsored by the Northville Optimist club, and proceeds are earmarked for youth activities in that village for the coming year.

J. P. Malley is general chairman of the event. Tickets may be obtained in Plymouth from any member of the Optimist club.

Dietetics Honor Awarded Coed Sally Gustafson

Sally Gustafson, senior at Michigan State college, and the daughter of Mr. and Mrs. Knut Gustafson of 472 Adams, recently received a cash scholarship to study in a dietetic training center. The Michigan Dietetics Association Scholarship was awarded by Margaret A. Ohison, head of the Department of Foods and Nutrition. Miss Gustafson has selected the University of California for her school of study. She will receive her internship in hospital dietetics. Sally will graduate from Michigan State College with an A.B. degree on June 8.

On Thursday, May 22 the 29th annual Lantern night ceremony was held which feted 52 senior coeds, for their outstanding leadership displayed throughout their college days. Among those feted was Miss Gustafson.

Sally has been very active in all the school activities and functions besides being a member of the Omicron Nu, a national honorary home economics fraternity and a member of the Zeta Tau Alpha. On May 22, she was initiated into the Phi Kappa Phi, which is a national scholastic honorary society.

Social items can be phoned to 1600.

Crowds Throng Beyer Sale

In spite of the downpour of rain which prevailed last Friday and Saturday, May 23 and 24, Robert Beyer, proprietor of the Beyer Rexall Drug store at 505 Forest street, stated that thousands of people visited his store in honor of its first anniversary.

Each individual who visited the store during the celebration received gifts. Concluding the anniversary sale was the awarding of a Knapp-Monarch "Chefster" deep fryer to Mrs. John Wallace, 312 Irvin avenue, and a combination room heater, cooler and hair dryer to Mrs. R. C. Orr of 1653 Beck road.

Plastic cake servers each containing 1 1/4 pounds of chocolates were given to Eloyce Peoples, 730 South Harvey street; Miss Nina Sherman, 40309 Tyler road, Belleville; Paul Cole, 44206 Shearer drive and Robert J. Lorenz of 465 Pacific avenue.

Mr. Beyer said, "Taking everything into consideration I think the first anniversary sale was a great success."

Grange Gleanings

Another one of those fine birthday suppers will come next week, on June 5 so those who have a birthday in June are urged to come and enjoy the special honors always provided for the guests of the month. It is pot luck of course, as usual and I suggest that you bring a little bit more than usual as we are to have several guests that evening.

The sewing contest will close that night and those who have made dresses or chair sets should have them there early so the judging can be done immediately after the supper.

The program will be of special interest and do let us have a fine attendance. The teachers from Colony Farms will be present to give us a talk on weaving of cloth and other arts and crafts with slides to illustrate the talk. The public is cordially invited.

Mr. and Mrs. George Huebler, Mr. and Mrs. John Root and Mr. and Mrs. Ernest Vealey were guests of Mr. and Mrs. Matt Swegles on Saturday evening.

With Our Churches

REORGANIZED CHURCH OF JESUS CHRIST OF LATTER DAY SAINTS
 Services in Masonic Temple, Union St. at Penniman. Noble Gault, pastor. 18475 Floral, Farmington, Sunday services 9:45 a.m. Church School, 11:00. Communion service, 7:30 worship service with Athol Packer as our speaker. Wed. evening 8:00 Fellowship service at 561 Virginia. We extend a sincere invitation to all to meet with us in worship and study.

NEWBURG METHODIST CHURCH, 9614 Newburg road, Phone 551. Robert D. Richards, Services: Morning Worship service will begin at a new time on Sunday next, June 1. Instead of the usual 10 a.m. it will begin at 9:30 a.m. with the Sunday School at 11 a.m. Topic of the sermon for Sunday morning will be "Overcoming". *Joshua 14:12*. Special music by the choir. Visitors are cordially welcome.

FIRST METHODIST CHURCH
 Rev. Melbourne Johnson, pastor. George W. Conover, Church School Superintendent. Kenneth Nielsen, Organist and Choir Director. 9:45 a.m. Church School. 11 a.m. Divine Worship. Sermon theme—"Not Backward but Forward". Children's theme—"The Man with The Oil Can." Children's Day will be observed Sunday morning, June 8. This will take place of the regular Worship Service. Much work is being put upon the program which promises to be both inspirational and interesting. Parents of the children are especially urged to attend. All our members are urged to consider this as a "Family Sunday" and come to this service as a family. The Church and the "day school" are hindered in their full helpfulness to our children if we do not exhibit "parent interest." Every child attending the Children's Day service will be given a most acceptable gift that each will treasure for years. The Minister has a special gift for the 26 boys and girls who joined the Church on Palm Sunday. The public is cordially invited to attend this and all our services. Of course, those who have a Church home will want to be loyal to their own services but Plymouth has many who are not attending any Church and to them we issue a warm invitation. The traditional attitude of the Methodist church is one of democratic respect for all branches of the Christian church.

SEVENTH DAY ADVENTIST CHURCH, 1058 S. Main St. Phone 370-R. Services every Saturday. Sabbath School, 9:30 a.m. Missionary Service, 10:45 a.m. Church Service, 11:00 a.m. We cordially invite you to all the services.

FIRST CHURCH OF CHRIST SCIENTIST, Sunday Morning Services, 10:30 a.m. Sunday Evening Services, 7:30 p.m., every fourth Sunday of the month. Sunday School 10:30 a.m., for pupils up to twenty years of age. That hypnotism or mesmerism has no part in the healing method of Christian Science is clearly shown in the Lesson-Sermon entitled, "Ancient and Modern Necromancy, alias, Mesmerism and Hypnotism, Denounced" to be read in all Christian Science churches on Sunday, June 1. The Golden Text is from Isaiah (59:19): "When the enemy shall come in like a flood, the Spirit of the Lord shall lift up a standard against him." Among the Bible citations is this passage, (Ecc. 12:13): "Let us hear the conclusion of the whole matter: Fear God, and keep his commandments: for this is the whole duty of man." Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "In a world of sin and sensuality hastening to a greater development of power, it is wise earnestly to consider whether it is the human mind or the divine Mind which is influencing one." (p.82)

SHELL PREMIUM GASOLINE

Today's more powerful engines require a highly complex gasoline to deliver their full power. There can be as many as 1500 different chemical compounds in a gallon of gasoline.

To select the best of these chemicals, and to arrange them properly to fulfill the needs of your car calls for the last word in refinery equipment and scientific skill.

It is Shell's manufacturing policy to make "The most powerful gasoline your car can use." Shell activates gasoline by splitting and rearranging petroleum molecules.

The result—Shell Premium—the most powerful gasoline your car can use. See the Shell Dealer in your neighborhood.

Mrs. T. L. Sullivan and daughter, Glenna Mary of White Lake spent Saturday with Mrs. Sullivan's mother, Mrs. Otto Beyer of North Mill street.

By Carl Peterson

Well, it looks as though the 1952 crop of graduates is stepping out into a world that is stacked with opportunities. It's a far cry from the 1930's when jobs were scarcer than moss on a rolling stone. Today there's a big and growing demand for young folks in all fields. And for the kids with special training in science, engineering and a few other jobs, industry is not only dusting off the "welcome mat," but also adding, "This means you." There's also a big demand for new talent with ambition and a willingness to work. So, keep your head and your courage up... and good luck to you all.

I see where 91-year-old Grandma Moses just applied for a social-security card as a self-employed person. It just goes to show you're never too old to make a new start.

It doesn't matter how well stocked your medicine cabinet may be... if you don't have accurate prescriptions... you are not safeguarding your family's health. Be sure to rely on us... where accurate prescriptions are our life work. Call us anytime for quick, efficient service at PETERSON DRUG, 840 W. Ann Arbor Trail. Phone: 2080.

Lt. Col. Victor J. and Mrs. Reafsnider and children, Janet and Charles of Rolla, Missouri spent the weekend with his parents, Mr. and Mrs. B. F. Reafsnider of Northville road.

Roy Jacobus of Warren road spent last week in Boston, Massachusetts and in New York City where he attended the A.M.A. conference.

Mrs. B. E. Giles, Mrs. Fraser Carmichael, Mrs. Emily Dodge and Mrs. Albert Stever of Plymouth and Mrs. Carrie Lombard of Ann Arbor attended the play "Come Back Little Sheba" starring Joan Blondell last Wednesday evening at the Lydia Mendelssohn Theatre in Ann Arbor. This Wednesday evening the same group from Plymouth with Mrs. George Chute saw the play "The Four Poster" starring Betty Field and Burgess Meredith.

The many friends of Larry Zielasko will be glad to know of his splendid recovery from a major operation performed last week at St. Joseph's hospital, Ann Arbor.

Mrs. Michael Schuster has returned to her home in Lelenaw after spending a week with her daughter and husband, Mr. and Mrs. Robert Beyer and family.

Olds Team Makes Debut in League

The newly-formed Inter-City Mens' Softball league was supposed to begin last Friday, but rain caused postponement of most of the games. These games will be played each Friday through August 8.

The league is composed of six teams representing as many cities. They are: Plymouth Beginger Olds, Dearborn, Allen Park, Wayne, Ypsilanti and River Rouge.

All the Beginger home games will be played on the high school athletic field on a Friday night. The first home game for the locals will be Friday, June 13, when Dearborn comes to Plymouth.

Through the kindness of Walter Beginger, who put up a larger entry fee for his team, all home games will be free to the public this year.

This league will provide many interesting thrills to softball enthusiasts in this area as all the teams entered are top-notch outfits. Each year most of these teams end near the top in state tournament play, and some have won the state championship.

Elks Decathlon Tuesday Evening

An event of interest to all track fans will take place next Tuesday evening on the high school athletic field. It is the Decathlon, which is being sponsored by the BPO Elks of Plymouth.

More than a hundred entries have been filed in the three divisions. A boy is placed in one of the divisions according to his age and weight, so that all have an equal chance of grabbing the many prizes being offered.

The ten-event program is being revived after a lapse of several years. Included in the ten events are such old-timers as the standing broad jump, hop, step and jump; chinups, pullups, as well as some of the modern events.

All those who attend this sporting spectacle are assured of a lot of entertainment.

The local Elks club plan on making this an annual event, and have donated a large trophy upon which will be inscribed the name of the winner in each division each year. This will remain in the trophy case of the new gymnasium.

Remember it is at seven o'clock next Tuesday evening on the football field. There is no admission charge.

Frosh Win Two More on Diamond

Two more victories were added by the high school frosh last week when they won a slugfest from the Northville yearlings 13 to 11, and then downed Trenton 8 to 4.

In the first game, the young Rocks scored 5 big runs in each of the fourth and fifth innings to overcome a big 7 run spurge Northville had scored in the second inning. Bob Middleton was knocked from the box in the second inning, and Dick Day went in to become the winning pitcher.

Day, Middleton, Rutherford and Pelchat each had two hits for the local frosh. Zukosky, McKenna, Olds, Agnew and Wilozewski each had one hit.

The Frosh defeated Trenton by scoring 3 runs in the first inning on one hit, two walks and an error.

Bonga, starting his first game, went the distance on the mound for the Frosh, and yielded only 4 hits, half of them coming in the sixth inning when Trenton scored 3 of their 4 runs.

Plymouth had 6 hits—2 each by Aimer and Wilozewski, and one each by Luker and Middleton.

Coach Charles Ketterer's lads now have a record of four victories and one defeat. That one loss came from Bentley in an extra-inning game.

HS Nine in First Place in 6-B Ball

Little Bill Runge pitched the high school nine into a tie for first place in the 6B league race with two great performances on the mound recently.

He limited the league-leading Belleville Tigers to five hits in knocking them from the top of the standings, and won by a 6 to 2 score. The heavy stick work of the Plymouth batters continued as they garnered 11 hits, and committed only one error.

The Rocks scored 4 times in the fourth inning on 5 hits, and once more in the second and sixth innings.

Russell Brown led off the fourth with a two-bagger, Ritter singled him home, McKinley also singled, Runge was hit by a pitched ball, Gotthard singled to center, Lanphear also singled to close the scoring for the inning.

Ron Ritter led the stickers with 3 hits. Lanphear had 2, Gotthard, Finney, Bender, Brown, McKinley and Runge 1 each.

Runge struck out 8 and walked 5 in winning his fourth victory of the season.

Last Wednesday Runge pitched his second masterpiece as he limited Trenton to 4 hits to win a thrilling game 3 to 1. It was his fifth victory of the season.

His mates gathered two runs in the first inning and one run in the second, while Trenton scored their lone run in the fourth. Plymouth had 10 hits.

To open the game, Gotthard struck out, but Lanphear singled to center, Finney got on through an error, Bender singled, but was thrown out at second. Straub kept the rally going by singling to right field, and Brown struck out to end the first inning.

In the second inning, Ritter, Runge and Gotthard all singled to produce the last run.

The Rocks now are on top of the 6-B league tied with Belleville, each having won 6 and lost 2 in league play. Both have 2 more games this season.

Sports Glances

by "Professor" Edgar Brown

The high school athletic program is rapidly drawing to the close of another successful season. The many spring sports, tennis, golf, varsity and freshman track, and varsity and freshman baseball, proved valuable to the many young athletes that participated in them.

I consider a season a success even though a team may not win a game, provided good sportsmanship and many traits are instilled into the young people of the community. However, the spring sports program this year was very successful from both points of view as the victories far exceeded the losses. All the teams combined won more than 60 per cent of their contests. That is a remarkable record any school can be proud of achieving.

The BPO Elks are staging a decathlon for all boys who wish to compete next Tuesday evening on the athletic field.

More than a hundred young men have signed to compete in this event.

The Elks, like so many other local service clubs, realize how important such things are to the youth of Plymouth. By providing wholesome entertainment and clean fun, Plymouth should not have some of the notorious street gangs, such as those who cropped up in Detroit in recent months. An investment in youth now will pay rich dividends when these young people become adult citizens of this community in the near future.

It is hoped by the recreational department, in cooperation with the high school, that the swimming pool will be ready soon so that the ambitious swimming program that is planned can begin.

I think it wonderful that our little tots will be able to learn to swim, under a capable instructor, and in the center of the community not far from any of them to go. I am also glad to hear that a family night is planned—such gatherings are so important today. Families should participate more as a unit in sports, vacations, living, discussions and spiritual thinking.

The breakdown of the family unit was one reason for Hitler's defeat, and Stalin now realizes he made a mistake and is trying to bring the family unit back into reality. A good family unit can be the backbone of a nation, and society in general.

Two City Leagues Begin Next Week

Softball on the local front begins next week when the Plymouth Mens' Softball league and the Old Timers' league begin their schedules.

The Mens' league is comprised of five teams this year, Detroit Transmission Company, Whitman and Barnes, Evans Products, Cavalcade Inn and Beginger Olds.

Games will be played each Monday and Thursday evenings, under the lights at the high school athletic field, with the first game beginning at seven o'clock. Next Monday evening will see the opener in this league.

The Old Timers' are scheduled to lift the lid off their season next Wednesday at seven o'clock, and will play each Wednesday thereafter.

This oldest league has teams from Daisy Mfg. Company, Allen Industries, Dunn Steel, VFW and The Contractors.

All recreation sponsored softball games will have free admission to the public this year. The sponsors made this possible by willingly paying a higher entry fee.

Golfers Off Form in Regional Meet

Competing in the state regional meet on the University of Michigan golf course Saturday, May 17, the Rock team placed fifth in a field of nine schools.

The Plymouth scores were not too sensational as Ralph Walker shot a 96 for the eighteen holes, while Larry Jolliffe was close behind with a 98. Tyler Caplin had a 99, and Fred Benson 102.

Shrine of Royal Oak won the Class B title, while Redford Union, Milford, Bentley and Plymouth followed in that order. Bentley edged out Plymouth by 9 strokes to gain fourth place.

Thinclads Shut Out in State Meet

For the first time in years, the Plymouth High School track team was shut out in the state track meet. None of the three local athletes, who had qualified for the meet scored points. The meet, ran in a downpour of rain, and on a track that was a quagmire of mud, was won by Roseville High School in Class B.

John Balogh, who was expected to score most of the Plymouth points, got off to a poor start, and the oozy mud hampered him from the beginning. He finished seventh with a 4:52 mile. The winning time was 4:45.5, which John had bettered as he established a regional record last week of 4:42.

Jerry Kelly missed qualifying for the finals in both the 100 and 220 yard dashes, when he failed to finish in one of the first three places necessary for the finals.

Arlen Ottensman went out of the pole vault at 10 feet.

In a duel meet previous to the state meet, the locals defeated Redford Union by a score of 63 to 46. Plymouth garnered most of the first places in this meet.

The results of the league meet held on the high school athletic field Tuesday were too late for this publication. They will appear on this page next week.

Starkweather On Top in Grade Ball

Kenny Wisner was the winning pitcher as Bird School downed Lutheran 9 to 8 in a grade school baseball game on May 19. Bird had nine hits and made four errors.

Wisner, the winner, was the leading hitter as he collected three hits, driving in two runs and scoring one himself.

Lutheran got six hits and made five errors. Ritter had a home run and a double to score two Lutheran runs and Larry Burgett hit a home run with one man on base.

On the same day Starkweather downed Catholic 5 to 4 as Ronnie Soleau pitched a no-hit game for Catholic for six innings, only to lose when Starkweather scored five runs in the seventh inning to beat him.

Kenny Klinski of Catholic hit a home run with two on.

On Thursday, May 15, Starkweather beat Lutheran 4 to 2 in a regulation five inning game. Dal Jones was the winner.

Starkweather downed Smith on Monday, May 12, by a 1 to 0 score as Jones hurled splendid ball for his shut-out.

Catholic beat Lutheran on May 12 by a 13 to 8 score. Ken Klinski hit a home run with the bases loaded for Catholic.

The league standings:

Team	W	L
Starkweather	6	2
Smith	3	3
Bird	3	3
Catholic	3	4
Lutheran	2	5

Eggs, Now at Production Peak, Kind to Pocketbook

With chickens working overtime on egg production during the spring season, consumers are likely to eat more eggs while they are at their peak in goodness. Feature eggs in delicious luncheon entrees and get out your favorite cake recipe that calls for five eggs because eggs, at their height of production, are kind to the pocketbook.

Here are some recipes for main dishes featuring eggs.

Scalloped Eggs

- 2 tablespoons butter or margarine
- 2 tablespoons flour
- 1 teaspoon salt
- 1/2 teaspoon dry mustard
- 1/8 teaspoon pepper
- 2 cups milk
- 6 hard cooked eggs
- 1/2 teaspoon salt
- 4 cups Corn flakes
- 1/4 teaspoon paprika
- 2 tablespoons melted butter or margarine

To make sauce, melt butter; stir milk, cook until thickened, stirring frequently. Dice eggs and season with salt. Crush corn flakes into fine crumbs; mix with paprika and melted butter. Arrange a layer of crushed corn flakes in greased casserole. Cover with a layer of eggs. Add a layer of sauce. Repeat until all ingredients are used, sprinkling a few crumbs over top. Bake in moderate oven (350° F) about 20 minutes. Yield: 6 servings (1 qt. casserole).

Eggs and Carrots Mix in Custard

Plentiful eggs can mix with carrots in a custard which will add a touch of color and some good eating to May meals. You'll need 3 eggs and one and one-half cups of the grated uncooked carrots or mashed cooked carrots. Beat the egg slightly and add 3 cups of milk, a teaspoon of salt, and 3 tablespoons of bacon drippings.

Fish Flake Omelet

- 2 cups flaked fish
- 2 tablespoons lemon juice
- 4 eggs, separated
- 1/2 cup milk
- 2 tablespoons minced onion
- 1 tablespoon minced parsley
- 1/2 teaspoon salt and 1/8 tsp. pepper
- 2 tablespoons butter

Add lemon juice to fish. Beat egg yolks thoroughly; stir in milk, onion, parsley, salt and pepper. Add fish, mix well. Fold stiffly beaten egg whites into mixture.

Melt butter in smooth heavy frying pan and when hot, pour egg mixture into it gently. Cook

over low heat until delicate brown on bottom (about 10 minutes). Place in slow oven (300° F) about 10 minutes or until top is firm and dry to the touch.

Cut part way through omelet in center, fold in half and slip onto heated platter with pancake turner or spatula. Yield: 6 servings.

Eggs put down in the freezer this spring may save money on angel food, sponge cake, custards and other egg dishes next fall and winter. Freezing is the best way to preserve eggs. In home freezers or freezer lockers eggs keep in good condition for nine months to a year. Now is the time—while the supply is plentiful, prices down and quality up.

Only clean, top-quality eggs are suited to freezing. Remove from the shell, then freeze the whole egg or the whites and yolks separately. To prevent yolks from becoming gummy in freezing, whole eggs and yolks need to have sugar, sirup, or salt added, depending on how they will be used. For example, add salt to eggs for scrambling and add sweetening for cakes and desserts.

WHOLE EGGS. Break eggs into a clean bowl. Stir with a fork just enough to break yolks and mix well with whites. (Don't beat because this whips in air.) To each cupful, mix in 1/2 tablespoon of sugar or light-colored, mild-flavored sirup, such as corn sirup or honey. Or add 1/2 teaspoon salt. Then put through a medium-mesh sieve.

YOLKS. Separate eggs. Put yolks in a clean bowl. Stir with a fork to break yolks and mix in 1 tablespoon sugar, 1/2 tablespoon honey or sirup, or 1/2 teaspoon salt. Sieve.

WHITES. Freeze without stirring and with nothing added. Sieve for uniform texture.

PACKAGING. For convenience and to save thawing more egg than will be used at one time, put just enough in the container for one cake, for example, or for scrambled eggs for one meal, or for the quantity needed for a favorite recipe—and label accordingly. The label should tell the date when put into the freezer, the quantity—measurement and number of eggs, and the salt or sweetening added.

Pack in moisture-vaporproof containers. These may be waxed paperboard cups, fold-up cartons with cellophane liners, metal or plastic freezer "boxes", or even glass jars, tightly sealed. Leave 1/4 inch headspace for half-pint containers; 1/2 inch for wide-top pint containers; 3/4 inch for narrow-top pints, such as canning jars.

FREEZING. Freeze promptly and store at zero F. or lower.

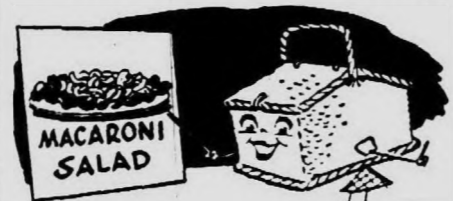

THAWING. Leakproof containers may be placed under running water to thaw. Otherwise, set the container in the refrigerator to thaw slowly, or out in the kitchen to thaw faster at room temperature. Before using mix the contents of the container thoroughly. For safety the best rule is: Thaw only the quantity to be used at one time, use within 24 hours, and don't refreeze after thawing.

PICNIC SALAD NEWS

Easy to prepare, to pack and to pay for—that's macaroni salad. An endless number of combinations

START WITH BASIC RECIPE!

gives variety to a good basic macaroni salad recipe such as this one.

Macaroni Salad

- Combine and chill:
- 2 cups cooked elbow macaroni or spaghetti (1 cupful uncooked)
- 3 tablespoons chopped celery
- 1 tablespoon chopped green pepper
- 1 tablespoon chopped pimiento
- 1/2 to 3/4 cup salad dressing
- 1/2 teaspoon salt

Add Fruit and Cheese

Just before serving add one cupful of drained pineapple-cuts and a cupful of shredded lettuce to the plain macaroni salad. Top with one-half cupful of grated sharp cheddar cheese.

Or Add Colorful Vegetables

Add variety in color with a cupful of cooked peas if a vegetable salad fits into your picnic plans better than fruit. Choose canned fresh or frozen peas.

Some Like Meat

For those who like a meat salad, this versatile one can be made to please them by adding a cupful of cubed luncheon meat or cold roast beef, two tablespoons of pickle relish and three hard-cooked eggs, chopped.

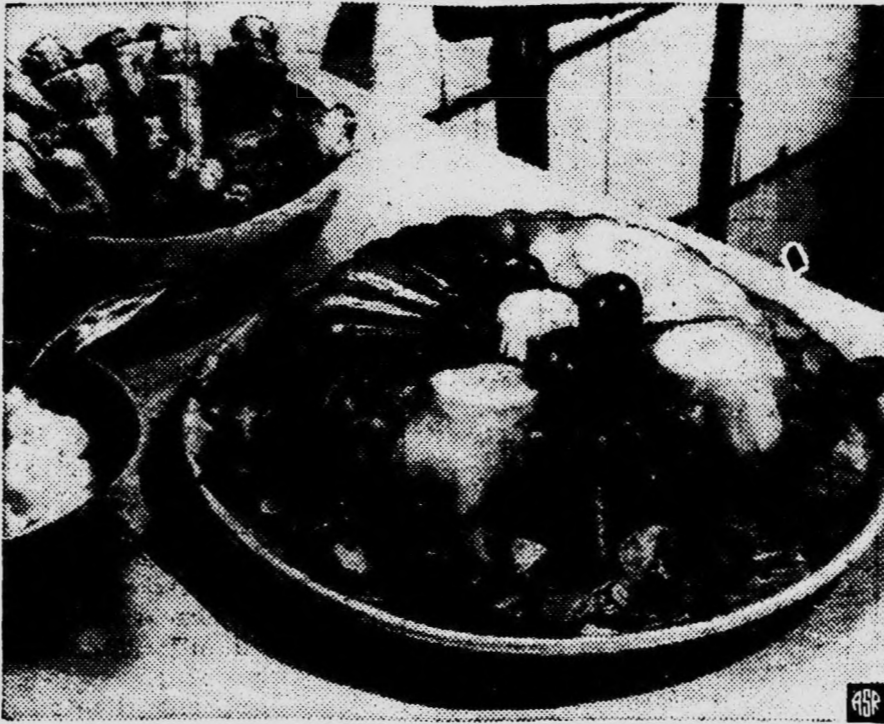

Each of these salads will serve six. Salmon, tuna fish and other seafoods have not even been mentioned. Have fun with new combinations. Summer time is salad time.

Faithfully

ROGER FOOD FOUNDATION, CINCINNATI, OHIO.

Tangy Molded Salad

Cool looking and pretty as can be, with the sparkle of gelatin and ginger ale, is this molded salad. So many combinations of fruits and vegetables can be used in molded salads that they can be served often and each time the flavor will be different. Gelatin salads provide an excellent way to use small quantities of left over fruits, juices and vegetables, too.

The addition of pale dry ginger ale gives gelatin salads an unusual flavor and tang that makes them "different" and appealing to the appetite. A gelatin fruit salad can double as dessert, if you serve it with whipped cream.

Cherry-Banana Salad

- 1/4 cup pitted canned black cherries
- 1/2 cup orange juice
- 1/4 cup hot cherry juice
- 1 1/4 cups pale dry ginger ale
- 1/2 cup orange juice
- 1 tablespoon lemon juice
- 3/4 cup sliced bananas

Drain cherries, reserve juice. Dissolve gelatin in hot cherry juice. Add pale dry ginger ale, orange juice and lemon juice. Chill until syrupy. Fold in cherries and bananas. Pour into mold which has been rinsed in cold water. Chill until set. Unmold on bed of watercress or crisp greens. Garnish with whole cherries. Serve with mayonnaise or cream dressing. Salad may be served as a dessert with whipped cream.

Children Need More Protein Than Adults

With some meat prices soaring into the luxury class, it takes close planning to feed growing children who need abundant amounts of protein.

Fish have as much protein content as meat and it is generally less expensive, so try the family on some new menus keyed with fish. And canned meats that have little waste are often good buys. Corned beef can be perked up in casseroles or combined with salad dressing for hearty sandwiches.

Growing boys who seem to require third and fourth servings of meat can be satisfied with side dishes rich in protein, such as macaroni and cheese, or lima-bean casserole. Adolescents digest food more rapidly, so they need the staying qualities of hearty foods like meats, gravies, beans and cheese. And if the boys seem to be eating unreasonable amounts, remember this—it takes a half to three-quarters more protein for an adolescent as it does for an adult.

Save the left-over meats for another meal and have peanut butter and plain yellow cheese on hand for sandwiches and snacks. Stretch lunches with servings of cottage cheese, another protein food.

Another bit of advice is the use of dried milk for cream or pumpkin pies. Dried milk can be used in all cooking and is considerably less expensive than bottle milk.

Broiled Liver Sausage Good for Sunday Supper Sandwiches

Broiled liver sausages sandwiches—prepare them for a special Sunday night supper or snack. They require little preparation because they're made with this ready-to-serve meat.

To make the spread, use a fork to mash one pound of liver sausage into a spreading consistency. Moisten the meat with 1/4 cup of prepared mustard and season with 1/2 cup grated onion. In the meantime, toast bread slices on one side. Turn and spread them with the liver sausage mixture. Place the open-faced sandwiches on your broiler rack about 2 inches from the heat. Broil until the spread is heated through, then serve immediately. With one pound of liver sausage you'll get from 10 to 12 servings.

Here's another hot sandwich idea—bacon and baked beans. For this sandwich, toast slices on bread on the side, then turn and top with baked beans moistened with catchup. Place short strips of bacon over the beans and broil at a moderate temperature until the bacon is crisp.

Try Planked Ground Beef

Take ground beef out of the ordinary class into the "special." Prepare it as planked ground beef. This is an exciting serving you'll proudly present when guests are coming to dinner.

Be sure to use a well seasoned plank and grease it thoroughly. To prepare the meat mixture, combine 1 1/2 pounds of ground beef (for four servings) with 1/2 teaspoon salt and 1/4 teaspoon of pepper. Shape the meat into an oval patty about one inch thick. Then place it on your broiler rack and adjust the broiler pan so that the top of the meat is 2 to 3 inches from the heat. Broil until the meat is browned, about 8 to 10 minutes.

Turn the ground beef and place it on the greased plank. Then arrange tomato halves and whole cooked carrots or Julienne carrots and, perhaps, mushroom caps, cut side up on the plank about the meat. Next, tube mashed potatoes around the edge of the plank, entirely covering it. Brush the vegetables with melted butter or margarine. Place the plank in the broiler to brown the vegetables while the meat cooks on the second side, an additional 8 to 10 minutes. Serve the planked ground beef immediately.

Added Spice Gives Rhubarb New Taste

Bring spring's color right into your dining table! You can do it with desserts of rosy-red rhubarb.

Always a top favorite is rhubarb pie, boasting a tender, flaky crust. For this finest of crusts, remember to cut the lard into the dry ingredients until the crumbs are about the size of peas. Then add water (a little at a time and just as small amount as possible), until the dough just holds in a ball.

Shortcakes and cobblers, with an abundance of rich sauce, are two other desserts to delight your family. Sugar and spices add new touch to these desserts. In the spice line add nutmeg or cinnamon. To sweeten use brown sugar. Orange or lemon rind and juice liven rhubarb servings, too.

Commercial Art Students Use Old English Lettering

Students in the fifth hour Commercial Art classes have been practicing on old English lettering. This type of lettering was used ages ago and is used now in advertising things that are considered old.

In this class the students have made, through out the year, posters for the school dances, for clubs and meetings that are in town, and for plays. Their most important poster lately was the Poppy poster.

Students in the sixth hour Advanced Art classes learn how to work in chalk, water colors, and oils. For the past weeks they have been working in oils; They began by doing simple still lifes to get the feel of using oils; then graduated to more advanced work.

Now the students are doing original compositions where they paint from feeling inside them. They have also done abstract paintings illustrating any idea and letting their emotions guide them.

They also spend some art hours outside painting scenes of the neighborhood surrounding the school. All art classes are directed by Mrs. Francis Overton.

Helicopter rotor helps control orchard frost damage

This 22-foot helicopter rotor, spinning atop a 20-foot tower at a Michigan State College test installation at Beulah, Michigan, was found to reduce danger of frost damage under certain conditions. Night temperatures at 300 feet are sometimes 20 degrees warmer than those nearer the ground, and the helicopter rotor pulls down the warmer air and mixes it with the cooler ground air. In one test, the ground temperature 40 feet out from the machine rose from 26 to 35 degrees within a half hour after the rotor started. When orchard heaters were used with the wind machine in the same test, the temperature went from 26 to 38 degrees. For more information on this new weapon against frost damage in fruit orchards, write or telephone your County Agricultural Agent.

Efficiency speeds rural telephone service

In telephone work as in farm work, experience generally adds up to newer, better, faster ways of doing things. The linemen you see adding more telephone wire and cable in rural Michigan have plenty of telephone experience behind them. Last year alone they used that experience to increase by 9,000 the number of telephones in Michigan Bell rural areas. Today, 3 out of 4 establishments in Michigan Bell rural territory have telephones. And we're adding more just as fast as we can.

Nu-Wood AND Balsam-Wool

transformed
this barn-like room --->
into a
cheerful "twin" room for 3 happy people!

Here's how it was done.

- Nu-Wood interior finish was applied right over plaster cracks and old wall paper.
- A center wall section was constructed to functionally combine book shelves, a closet, and a desk.
- The third step was the best one. Balsam-Wool sealed insulation was applied in the attic... assuring fuel savings to pay for the new "twin" rooms.

If you need an extra room or want to give a room a new look put the Balsam-Wool and Nu-Wood System to work for you. Beautifully pre-decorated Nu-Wood comes in tile, plank, and panels. An average room requires only a few days of application time.

By installing Balsam-Wool in the attic, you not only save money through fuel savings, but gain greater year around comfort.

Roger Babson Says---

Babson Discusses Salaried Workers
Babson Park, Mass., May 29. I am much concerned about the financial plight of some white-collar workers. I am talking about small business managers, schoolmasters, bookkeepers, sales clerks, doctors, and the clergy. These have been our community leaders. They have represented much of what has been best in our communities. To destroy them financially is to destroy an important segment of our American way of life; and that is what is happening.

Middle-class Living Standards Decline
This is the group of people who from 1935 to 1939 earned salaries ranging from \$2,500 to \$3,500. Only last week I talked with a salaried executive of one company. In 1939 he was making \$3,000 per year. Raises since that time have brought his salary to \$4,000. In 1932 he took out insurance policies which would pay \$500 per year toward each child's education. The college to which he planned to send his children then cost \$950 per year. Today the charges are \$1,500. With inflation and increased taxes, this man cannot afford the education he had planned for his children without going into debt. It is this segment of our population whose bank accounts have shrunk, who have been forced to cash in war bonds and insurance policies—not for television sets and new cars—but to pay the food, clothing, and shelter bills. Yet, this executive is probably getting pay above what the average reader of this column receives.

Here's What Happened
The 1935-39 \$2,500-a-year male school teacher would need much more today to maintain his 1935-39 living standards. How many school committees have raised their teachers as much as they should? The result is that our teachers have constantly had to pull in their belts for the education of their children, hospitalization, and their old age. This explains why there is a shortage of teachers. Those teachers whose salaries have increased most are the young college instructors, who have had an average rise from \$1,900 in 1940 to about \$3,000 today—an increase of 58 per cent.

This unfortunate situation is not wholly due to inflation. Some of the troubles are due to the school teachers and parents themselves. They have failed to instill into the youth a love for work and a desire to be of real service. Our communities are now suffering from this neglect of fundamental training. Perhaps the school teachers are themselves partly to blame for their present predicament.

Salaried Workers vs. Wage Earners
Wage earners, on the other hand, through group pressure—namely, labor unions—have gained ground fast. During the 1935-39 period, manufacturing

workers earned, as a group, about \$23 per week. Today they make about \$66 per week. This represents an increase of approximately 187 per cent in wage earnings. Now I don't begrudge these workers this increase—not at all. They're not going to live too riotously even at \$66. I am glad they have benefited. By way of contrast, however, the most fortunate college professor in a relatively small number of colleges has received an increase of only 40 per cent during the same period.

What I am concerned about is that those white-collar workers in our community who, by the nature of their training and experience, have been our leaders have not received the same kind of treatment as the production-line worker. Does this mean that the only way to get the problem recognized is through group pressure? If top managements do not realize the inequities to this group of workers, I am afraid they are inviting disaster.
