Sullivan - Lorenz Wedding on Saturday

At a Nuptial Mass at ten o'clock Saturday morning, August 30, Barbara Jean Lorenz became the bride of Francis Mark Sullivan. The Mass was given by the Reverend Father William P. Mooney in Our Lady of Good Counsel church. Baskets of white gladioli and palms formed the graceful setting for the ceremony. Mrs. Felix Cyk presided at the organ while her daughter, Mary Ann, sang "Ava Maria" and other hymns.

Mr. and Mrs. William J. Lorenz of West Ann Arbor trail are Barbara's parents and Francis is the son of Mrs. Beatrice Sullivan of Trenton, New Jersey. Given in marriage by her father, Barbara was lovely in a floor length gown of white nylon tulle with lace jacket and bouffant skirt. Her fingertip veil of illusion fell from a cap of seedpearls and rhinestones and she carried a colonial bouquet of white roses and stephanotis centered with white orchids and tied with satin streamers and stephanotis.

Betty Lorenz was her sister's maid of honor. She wore a shrimp colored ballerina length gown of nylon net and lace with tiny lace jacket. Her flowers were talisman roses and bronze mums in a colonial bouquet and she wore a matching headband of roses. The bridesmaids, Miss Marlene Moffett and Mrs. Robert White, both wore royal blue ballerina length gowns like that of the maid of honor with matching headbands. Their colonial bouquets were of yellow, roses and yellow mums.

Thomas J. Sullivan came from New Jersey to be his brother's best man and seating the guests were Robert Wagner, fraternity brother of the bridegroom of Ypsilanti and Robert White of Ann Arbor.

Mrs. Lorenz wore an aqua dress with black accessories for her daughter's wedding and Mrs. Sullivan selected a grey crepe print dress with which she wore black accessories. Both mothers complimented the costumes with corsages of talisman roses.

A reception for 50 guests was held in the Pilgrim Room of the Mayflower Hotel. Guests were present from Plymouth, Detroit, Ypsilanti, Ann Arbor, Grand Rapids and New Jersey. The punch table was centered with large swans carved of ice and bouquets of fall flowers decorated the bride's table.

The young couple have been honeymooning in northern Michigan. For traveling Mrs. Sullivan chose a beige two piece linen dress with brown accessories and pinned the orchids from her bridal bouquet to her shoulder.

Both young people are graduates of Michigan State Normal college in Ypsilanti where both were very active in extra-curricular activities. They will make their home at 336 West Ann Arbor trail.

Social items can be phoned to 1600.

Jacqueline Ellis Plans Fall Wedding

Jacqueline Ellis

Mrs. A. H. Ellis of Murray, Kentucky, announces the engagement of her daughter, Jacqueline Ellis, to Martin John Mepians, son of Mr. and Mrs. Tys Mepians of Rosedale Gardens, Plymouth.

Firemen Squelch Fire at Champion Container Co

Firefighters were sent scurrying last Friday to Champion Corrugated Container company, 936 Sheldon road, to put out a scrap paper fire.

The 1:45 p.m. blaze was caused by friction or a static spark set off from an overheated blower motor attached to one of the corrugating machines.

Prompt action by company employees prevented the fire from spreading to other parts of the building. They wheeled the flaming scrap cart out to a rear loading platform and dumped it on the ground where it burned harmlessly.

The most popular composer in America last year was Irving Berlin, whose songs were performed commercially 600,000 times, earning him \$80,000.

D.A.R. Plans Guest Day for Prospective Members

Guest Day will be the theme at the first fall meeting of the Sarah Anne Cochrane chapter of the Daughters of the American Revolution on September 14.

Anyone who is interested in joining the chapter is invited to this meeting at 1 p.m. at the home of Mrs. Sherwin A. Hill, "Greenmead", Northville.

Mrs. Philip Barney, as program chairman, will conduct a panel discussion of the organization and history of the national and local level of the Daughters of the American Revolution.

The local chapter recently celebrated its 25th anniversary.

Church Society Heralds Arrival of Meetings

Organizations of the various churches are becoming enlivened with the advent of fall. The Woman's Society of Christian Service of the Methodist church is represented by seven different units. The group is so large that it is necessary for the members to be classified in both day and night units.

The finance committee has initiated a "Pledge Service" whereby each group or unit may individually offer their prayers, their Service and their Gifts to the support of the W.S.C.S. The units will indulge in identical Pledge Services so that a spirit of unity may be felt even though the groups are not all together.

The night units of the Woman's Society of Christian Service will hold their meetings on Monday, September 15. Unit 1 will meet at the home of Mrs. John Chaney, 624 Pacific street at 8 p.m. Mrs. Alvin Collins will be the hostess for Unit 2 at her home, 548 Roe street at 8 p.m. A pot luck supper will be held for Unit 3 at 6:30 p.m. at the William Squires residence, 128 Canton Center road.

The night units of the organization will meet on Wednesday, September 17. Unit 1 will have dessert at 1 p.m. at the home of Mrs. Manna Blunk, 1482 Blunk street. Dessert will be served to the members of Unit 2 at the home of Mrs. Charles Rienes, 355 West Ann Arbor trail.

Luncheon will be served at 12:30 p.m. to the ladies of Unit 3, at the home of Mrs. Lloyd Fillmore, 197 Union street. Mrs. Arlo Soth will serve dessert to members of Unit 4 at her home, 13776 Ridgewood drive. This meeting is scheduled for 1 p.m.

Madonna College students are requested to report on campus according to the following schedule:

New resident students: Sunday, September 14, before 8 p.m.
New day students: Monday, September 15, before 9 a.m.

Students formerly in attendance: Resident students—Tuesday, before 8 p.m. and day students—Wednesday before 9 a.m.

Orientation Days for new students are scheduled for the first three days of the following week, September 15-17.

Mass of the Holy Ghost for the intention of the college student body and faculty will be celebrated Wednesday morning by the resident chaplain.

Registration will take place Wednesday, September 17, in the morning for upperclassmen, and in the afternoon for freshmen.

Regular classes will begin Thursday, September 18, at 8:30 a.m.

Evening classes will hold their first meeting Monday, September 22, at 6:30 p.m.

5000 Visit Davis & Lent

Last week's three-day grand opening event of Davis & Lent's new store for men at 336 South Main street proved to be one of the most successful events of its kind in Plymouth. Highly appreciative of the fine response, Wendell Lent, proprietor, stated that more than 5000 persons visited the store during the opening.

Thirty-seven bouquets from well-wishers added to the beauty of the modern interior. Lent stated that he was deeply impressed by the many comments of praise received and had no idea the turn-out would be so great. "So many persons made a special effort to congratulate us on our store and to tell us they were sincerely happy to have such a place in which to shop that I was amazed," said Lent. Throughout the opening gifts were given visitors and special organ music was played for their entertainment.

Saturday evening special prizes were presented to lucky winners. The prizes were donated either by Davis & Lent or by manufacturers.

Winners of Marlboro sport shirts were as follows: Mrs. Jack R. Bentley, 28338 Parkwood drive, Inkster; Edward M. Zoff, 9628 Blackburn, Livonia; Mrs. M. ELECTRIC POWER to keep America free!

Electric power is the world's most productive worker... economical, efficient, and so much in demand that American homes, farms and factories are using over twice as much today as they did in 1940—nearly half of the entire world's output.

Electricity is indeed a basic resource for American industry and the power behind *America's Production for Freedom.*

ATOMIC ENERGY...
Detroit Edison and Dow Chemical engineers, working as a team, are now searching for ways to harness atomic energy for the production of electricity. They are trying for even better ways to serve our electric power area and the nation.

NOTICE of HEARING
CITY OF PLYMOUTH
BOARD OF APPEALS ON ZONING

A special meeting of the board of appeals will be held in the City Hall on Tuesday evening, September 16th at 7:30 o'clock to consider the request of the Plymouth Development Co. for a permit to build an 18-apartment one-story building to be located at 300 N. Mill street.

They request an 11 ft. rear yard space, whereas the Zoning Ordinance requires an 18 ft. rear yard space. The applicants claim hardship, since the building inspector insists on maintaining a 27 ft. front set-back line.

Whereas, the present existing buildings are at the 20 ft. front set-back line.

The master plan of streets has set up Mill street as a 120 ft. proposed right-of-way.

All interested parties should appear at this meeting.

School Enrollment Reaches All Time High
(Continued from Page 1)

pending action by the Board of Education to eliminate overcrowded conditions in the two-room country school.

Bird and Smith Elementary schools, originally designed for about 420 students, are nearly bursting at their seams, each carrying an overload of about 100 students. Starkweather school also was noted as being overcrowded with 40 more students than it can accommodate with available facilities.

The optimistic note on overcrowding in elementary grades is the projected 420 student elementary school to be located on Haggerty Highway, between Ann Arbor road and Ann Arbor trail. Construction of the 14-room school is expected to be underway sometime this fall, relieving some congestion when school convenes in September, 1953.

School officials also pointed to the high school as reaching a danger point where growth of the student body threatens to exceed present classroom and work facilities.

Superintendent Isbister stated the high school could not justifiably be termed overcrowded in terms of square feet of floor space but that overcrowding came as a

result of "small classrooms crowded to the limit of available facilities."

The question that has been rampant in minds of many a local educator is, "when or where will student population growth level off?"

In the Plymouth school district enrollment has jumped from slightly over 2,000 in 1945 to the present figure of 3,043. And indications are the student body here will keep growing.

Nation-wide, since 1945, the child population has grown from about 45,000,000 to 55,000,000 in 1952. More than 10,000,000 additional school children will have, by 1957, nearly "split the seams" and bulged out elementary and high school walls.

What is going on nation-wide is just an example of what is taking place here.

It is a warning to parents and taxpayers that an ever upward trend of school-bound education-seeking students will mean, in the near future, more and better school facilities.

Right now, in some of the nation's communities, schools have become so overcrowded that classes are being conducted on a swing shift basis. In other cities children go to school just six months a year, and in others there is no education beyond the eighth grade.

This, undoubtedly, will not hap-

pen to Plymouth—it is a wealthy city. Its residents are, this year, answering school education needs with a \$1,080,724 budget, a record figure for any school year.

In addition, the people built a \$650,000 elementary school building, completed in 1951. But this wasn't enough; voters went to the polls and added another \$650,000 to school coffers for an elementary school besides nearly one-million dollars for the Plymouth High school gymnasium.

Still, Plymouthites have to face a population trend that by 1958 may nearly double this year's increase of 444 students.

Already, to compensate for the added growth, the school system has added 14 new teachers to its staff to compensate for the student influx.

Listed by schools, these are the enrollment figures: Bartlett, 74; Hough, 64; Bird Elementary, 524; Smith Elementary, 528; Starkweather Elementary, 456; Junior High school, 535; Senior High school, 862.

and fabricating, \$5; Woodworking with hand and machine tools, \$5.

Also offered for adults are courses in typing for both beginners and advanced typists costing \$5.

Other courses offered are: Ceramics, \$5; Sewing and tailoring, \$10; China painting, \$5.

For the more sedentary and intellectually minded are courses in Parliamentary Procedures, a course in methods of conducting business meetings, \$4; public speaking, \$5; choral singing, no charge; theater guild, no charge, symphony—instrumental training in an orchestra setting, no charge.

According to recreation officials such courses as business English, photography, advertising and window display, family living, reading improvement, oil painting and textile painting will be offered at a later date, probably in the spring.

A health and gymnastic course keyed to rhythmic exercises with music will be offered at the September 15 registration date.

Supervised instruction in badminton, basketball, bridge, bowling, chess, swimming and volleyball are also on the agenda for adults. Beginning dates of these courses will be announced at a later date.

God is everywhere. No crown nor scepter nor rulers rampant can quench the vital heritage of freedom—man's right to adopt a religion, to employ a physician, to live or to die according to the dictates of his own rational conscience and enlightened understanding.

Elks to Dedicate \$10,000 Lodge Built by 175 Participating Members
(Continued from Page 1)

Restricted to members only, General Chairman Philip H. Barney, heading the dedication, reveals that this September 11 date will see John S. Cochrane, an attorney from Toledo, Ohio, as the main speaker.

State Elks' officers will also participate in the dedication of the new lodge. Exalted Ruler James A. Keyes, a wind-up affair at this time will be a buffet supper supervised by Elks' member, Robert McAllister. He will be assisted by the an auxiliary unit of the Elks.

A September 12 date has also been set for members who will fete the grand opening of the lodge to the rhythmic strains of Bill Thomas' orchestra and entertainment will mark this initial opening meet. Alfred Glassford is in charge of this affair.

The following day, September 13, an "Old Frosh" barbecue chairmaned by William Morgan and staffed with helpers Dr. B. E. Champe and Gar Evans will help put the facilities of the new lodge to work.

"Strolling Trio"—a 9:00 p.m. dance and entertainment, will mark the evening portion of the affair.

The September 12 and 13 dates are open to Elks' wives and guests.

A long dreamed of project, ground breaking for the new lodge started March 21, 1951. Construction of the building received a heart-breaking setback when the partially constructed roof collapsed the following November under heavy wet snows that marked this period.

Throughout its construction, Donald Lightfoot guided the rising structure with the help of varying member contractors outstanding in the building trades in this area.

Each of these persons lauded the efforts of some 175 members who individually devoted hundreds of hours of spare time in a "building bee" indicative of the "help your neighbor" theme.

The installation, built to meet members' needs, provides parking facilities for nearly 100 cars.

Few Respond — Cancel Donor Blood Drive

A Mason sponsored blood drive, scheduled to have kicked off here September 11, was cancelled last Monday.

A Red Cross official said that insufficient donor registrations caused cancellation of the drive for blood, sorely needed by Armed Forces personnel.

A mobile unit under the direction of the Red Cross was to have been set up at the Masonic Temple.

Republicans to Organize For Vote Campaign

1750 voters in Plymouth township.

Other members of the organizing board are: L. "Pat" McGuire, Edwin Schrader, H. E. Gunther, Robert Simmons, Harold J. Curtis, Mrs. Catherine Henderson, Robert O. Wesley, Sterling Eaton, Ralph Kelley, Russell Daane, and Ralph G. Lorenz.

This board will meet weekly from now until the November election. The next scheduled meeting on Monday, September 15, has been called to set up the permanent working organization.

The Republican Club will work in conjunction with the efforts of the present Women's Republican Organization. Membership in the new club is open to both men and women.

Already claiming a membership of about 165 Plymouth Republicans, Marquis expressed expectation that this number would rise to 1000 if present programs were carried out.

Anyone wishing membership in the club or work as a precinct committeeman may contact any member of the board, or call 9117 and leave his name, Marquis said.

Adds New Shoe Line

Announcement was made this week by Robert Willoughby, owner of Willoughby Brothers shoe store at 322 South Main street, of the addition of a new line of shoes for girls and women.

The line, Red Cross and Cobby, includes high and medium heels as well as flat shoes. Willoughby said the shoes are now being displayed.

Wayne Baptist Association To Meet Here

Members from 14 churches comprising the Wayne Baptist Association are gathering at the local First Baptist church, today, September 11, for their annual meeting.

Featured during the sessions will be messages at 4:30 and 8:30 by the guest missionary, the Reverend Otto R. Lovner, recently returned from the West Indies. A novel visualized report on special church projects will be presented at 2:30, following a devotional period during which the Plymouth First Baptist orchestra will be presented.

The sessions will open at 1:45 p.m., and continue through the afternoon and evening. Three conferences, "Reaching the Unreached", "Building the Program of the Local Church" and "Improving the Work of the Church School", will begin at 5:30. Additional conferences for men, women and youths will be held during the evening.

The conference will close with a mass meeting at 8:30 which will feature the missionary's address and the Youth Choir from the local church. The host-pastor, the Reverend David L. Rieder has extended the cordial welcome to the community to enjoy this program, which is open to the public during all of its sessions.

NEWBURG METHODIST CHURCH, Ann Arbor trail at Newburg road. The morning worship hour will begin at 10 a.m. instead of the 9:30 a.m. hour. Please take note of the change of time. The Sunday School will be at 11 a.m., as usual. The Pastor will preach on the topic: "Forward—To What?" Exodus 14:15. The Newburg Choir will bring the inspiring music of the church. Everyone welcome.

Sunday School 10:30 a.m., for pupils up to twenty years of age. Why faith is important in understanding God is discussed in the Lesson-Sermon to be read in all Christian Science churches on Sunday, September 14 under the topic "Substance". The Golden Text is from Hebrews (11): "Faith is the substance of things hoped for, the evidence of things not seen." Among the Bible citations is this passage, (Eph. 4:32): "And be ye kind one to another, tenderhearted, forgiving one another, even as God for Christ's sake hath forgiven you." Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Let unselfishness, goodness, mercy, justice, health, holiness, love—the kingdom of heaven—reign within us, and sin, disease, and death will diminish until they finally disappear." (p. 248).

Harper Stephens Wins Golf Crown For Second Year

The eighth annual Plymouth Golf tournament is history—the finals were played last Sunday at the Plymouth Country Club with two new flight champions being crowned this year, and one champion repeating from last year.

Harper Stephens, the defending titleholder in the Championship Flight, successfully defended his title by outstriking Elton McAllister to win 5 up and 4 to play. Stephens shot a respectful 70 to a 75 taken by McAllister, and thus gained a second leg on the Plymouth Mail trophy—three wins entitles the winner to the huge trophy. Stephens is the only one to have his name on it so far as he has won both years since it was purchased to replace the one Tom Locke retired two years ago.

The First Flight finals saw James O'Neil, Jr. edging George Kenyon in a well-played match by the close margin of 1 up.

In the Second Flight finals, E. C. Milge defeated Bill Eger 5 up and 4 to play to take honors in that flight.

All finals were for 36 holes. This 1952 tournament was most successful, and good golfing weather prevailed for each round. It is hoped that the tournament will be even more successful next year and more golfers will enter the meet.

First Scrimmage Pleases Coaches

The first heavy scrimmage of the high school gridlers was very satisfactory, but the coaches state there is still a lot of work to be done before the first game of the season with Northville the evening of Friday, September 19.

The squad shows promise of developing into a smooth working unit, and the attitude of the players is excellent. The willingness of everyone to put forth an extra effort in doing his job and the team spirit has been noted among these lads.

Captain Ronald Nyhus shows promise of becoming an outstanding leader; and is doing an excellent job at tackle. Dick Nagel is a much improved tackle this year, and Bud Lanphear should have a good year in the backfield. Bud also is the team's best punter.

Ron Ritter, who made several sizeable gains as a halfback last year is back and teaming with him are David Finney and Jerry Kelly—Kelly is the fastest man on the field and runs the 100 and 220 yard dashes on the track team. Finney is the best passer uncovered thus far. Russell Brown shows promise as a fullback. Jerry Vettese is vastly improved in his line play.

The quarterback job will be handled by Ron Johnson and Bill Angevine. Casey Cavell and Peter Leemon both looked good at center in the opening scrimmage. Lewis Beaver may develop into a good defensive player.

Dick Day leads the sophomore lads trying for places on the varsity, and made several good runs in the scrimmage.

Coaches Ketterer, Sandmann and Harding have the boys working hard each afternoon after school, and the squad should be in fair shape for the opening game next week.

Parents, Players, Coaches to Have Football Meeting

An informal "get-together" of high school football players, coaches and parents is scheduled for next Thursday evening at 7:30 p.m. in the high school cafeteria. This meeting, the first of its kind locally, has been planned by the athletic department of the high school to promote a mutual understanding of all phases of football.

During the course of the evening the coaching staff will explain and answer questions in regard to team-policies, training rules, athletic insurance, and the football program in general.

Coach Charles Ketterer has sent a letter to all parents of the players, and it is sincerely desired that as many as possible will attend this meeting.

Refreshments will be served after the discussion.

Sports Glances

by "Professor" Edgar Brown

I'll have to admit that the Tigers are destined to finish in last place in the American league for the first time in history. It must have been wishful thinking when I thought that they might come through and get out of the cellar.

They have now lost 34 one-run games, and are only 4 shy of tying the major record in that respect.

The dismal showing isn't a very auspicious start for Tiger owner "Spike" Briggs, or General Manager Charley Gehringer, each in his inaugural year in that position.

There have been so many changes this year that if a person has been away for a year he wouldn't recognize the present team.

If they have any talent in the minors, now is the time to bring it all up and insert the players right into the lineup. That is the only way they can evaluate the material they have on hand for next year's campaign.

I am most happy to hear that the high school coaches have scheduled a "get-together" for football players, parents and coaches. Such a meeting will create a better understanding of sports to the parents, and is a good public relations act on the part of the athletic department.

Most parents are interested in the welfare of their children, and like to remain close to their activities.

It is a splendid idea, and would be a good idea to have such a thing for all sports.

Those New York Giants are at it again this year. Remember last year when they were 12 games back around the last of August and came on to win the national league pennant? On August 26 they were 10 games back, but two weeks later were only 4 games back of the Brooklyn Dodgers. It could happen again, but is rather doubtful.

Jack Dobbs, a former all-around star athlete at the local high school, is a player on the Sutherland Paper Company team of Kalamazoo this summer. His team won the Michigan Amateur Baseball Association tournament in Battle Creek last weekend. They defeated the Detroit Western Exchange team in the final game 3 to 1, and thereby earned the right to represent Michigan in the national tournament, also to be held at Battle Creek, beginning this week.

Jack graduated from Western State last June where he distinguished himself on the Bronco baseball nine for three seasons. He is the son of Mr. and Mrs. Edward Dobbs of Adams street.

The high school football team displayed a lot of "zip" in the first week of practice, and indications are that it will be on a par, if not better, than last year's eleven.

In the few practices I have watched, it did my heart good to see veterans offering suggestions to newcomers, and helping them learn the fundamentals of football. I saw one fellow showing another player out for the same position how to do a certain thing right. Such unselfish cooperation and help (thy neighbor spirit are just a few of the good characteristics that football and other competitive sports develop in a young man.

The sports page is rather scanty this week, mainly since it is the gap between the softball and fall sports program. The latter program will be in full swing in another week and we'll have full coverage of all the many sports activities in this area.

This week's prayer for our boys and girls in the armed forces: "I pray that today I may do the next thing, the unselfish thing, the loving thing. I pray that I may be content with doing small things as long as they are right."

Allen Park Wins From Olds 1 to 0

The Olds team in the Inter-city league suffered a "hard-take" loss at the hands of the league-leading Allen Park team last Friday evening 1 to 0 over at Allen Park. A victory would have tied Olds with Allen Park.

The game was a close contest all the way with a nothing to nothing score until the last inning when Allen Park scored the winning run. With a man on second base, a high fly ball was hit to the outfield, and the two fielders who had a chance to catch it each thought the other was going to take it, and as a result it fell between them to let in the only run of the game.

Gabby Street had pitched a no-hit game until this fluke hit. In the preceding game at Ply-

Swimming Hours Listed For Fall

The recreation department has released the fall swimming schedule for the new pool at the high school. There will be swimming each night except Friday and Sunday.

The popular family night will again be a feature on Monday night from 8 to 9. Tuesday evening will be set aside for women swimmers from 8 to 9. A new Red Cross class is being organized for all those who would like to secure a life saving badge. This will be from 7:30 to 10:30 each Wednesday night, and the course will go on for 10 weeks.

Thursday night will be club night, and any club who wants to secure the use of the pool should contact the recreation office at the high school and ask for a date. A fee of \$15 is being charged each club for the use of the pool.

Saturday night will be for teenagers and will alternate every other Saturday night with the teenage dances. In that way the teenagers of this city will have something to do each Saturday evening.

It is hoped by John McFall, in charge of the pool, and Herbert Woolweaver, recreational director, that the pool will be used to the fullest extent by the citizens of this district.

Other recreational activities about to begin are: Badminton for both men and women, bridge for men and women, bowling for women, both beginners and others. There will also be a high school girls bowling league. A men's volleyball team will again be a regular feature, and a men's chess night will also be conducted. Later on basketball will become an important part of the recreational program. This will start about December 1.

Mr. Woolweaver says that anyone who is interested in any of the above classes should contact the recreation office at once and register.

Ordinance No. 173

An ordinance to declare certain acts, conduct, omissions, or conditions to be nuisances, to provide for the abatement of nuisances, to provide for the seizure of property and the disposition thereof in the suppression of nuisances and the collection of expenses in connection therewith, to provide penalties for the violation of this ordinance, and to repeal certain ordinances.

The City of Plymouth Ordains:

Section 1. The following acts, conduct, omissions or conditions are hereby declared to be dangerous to the health, safety, or welfare of the inhabitants of the city, to be nuisances and to be unlawful:

a. The permitting to run at large within the limits of the City of cattle, sheep, swine, horses, or other animals, chickens, ducks, geese, turkeys, or other domesticated poultry, or the keeping within the city of any animals, fowl or poultry under conditions causing offensive or noisome odors.

b. The permitting or maintaining of any place in which a gaming table or other gaming device or apparatus is operated or any game of skill or chance or partly of skill or chance is played for hire, gain or reward by either the owners, operators, players or participants.

c. The riding of bicycles upon any public sidewalk in the business or retail trade districts of the city.

d. The printing, painting, staining, or impressing on or the nailing, posting, tacking, or otherwise attaching to, on, or upon, any telephone, telegraph, electric light or power pole, any tree or shrub or other installation, located in any street, highway, or alley in the City of Plymouth of any advertising of any kind or nature whatsoever.

e. The operation or the pushing or hauling of any engine tractor, machine, or conveyance having wheels with iron or steel flutes or lugs on, upon, along or across any paved street within the City of Plymouth without protecting the pavement of such street by planks or other covering to prevent injury to the same.

f. The firing or causing to be fired, by any person, other than a police or peace officer of any rifle, revolver, pistol or other gun or weapon in any of the public streets, alleys, parks, cemeteries or other public places in the City of Plymouth.

g. The casting or depositing of ashes, dirt, stones, bricks, old automobiles or parts thereof, metals, paper, trees or cuttings therefrom, bottles, cans, garbage, waste, refuse or any other excess or abandoned material by any person upon any sidewalk or upon any public street, highway, alley, park, cemetery, or other public place or property of the City of Plymouth within or outside of the city limits, provided, however, the deposit of such materials upon lands not owned by the depositor shall not be unlawful if done with the consent of the owner, person or official in control of such land.

h. The obstructing of or the discharge into or the depositing in any water course, drain or sewer of the City, or in any drain or sewer connecting with those of the City, of any oil, grease, inflammable liquid, chemical, substance or material damaging or harmful to the City water courses, drains or sewers, or detrimental to the operation thereof or injurious to the health of the city's inhabitants by reason of discharge or deposit.

i. The driving of any motor or other vehicle upon any city owned property, either within or without the city limits, other than upon highways, roads, streets, or alleys or upon parking areas, without authority of the City Manager or City Commission.

Section 2. All nuisances hereinabove described shall be promptly abated. In the event it is necessary for the city police to take charge of animals or poultry, written notice shall be given to the owners or persons responsible thereof, if known, and such persons may secure the release of same upon payment of all charges and costs for the capture, custody, feeding and care thereof. In case such animals or poultry are not claimed within five days after being taken, a 5 day notice of sale shall be posted upon the public bulletin boards of the city and at the time fixed such animals or poultry shall be sold to the highest bidder, and the balance of the money received therefore, after payment of all of said charges and costs and the expenses of sale, shall be deposited with the City Treasurer who shall hold such funds and pay same to the former owner of the property so sold, upon due proof of his right thereto provided, however, claim for any such money must be made within two years of the date of sale from which derives, otherwise, said money shall become part of the General Fund for the use and benefit of the City. If the City shall be put to any cost or expense in the abatement of any nuisance, as herein defined or declared, or in repairing any damage occurring as the result of any such nuisance, the city may recover its costs or expense in an action against any person or persons, firm or corporation responsible for the commission or existence of the nuisance.

Section 3. Any person, firm or corporation who shall violate the provisions of this ordinance shall, upon conviction thereof, be punished by a fine of not more than One Hundred Dollars (\$100.00) or by imprisonment or not more than ninety (90) days or both and shall pay the costs of prosecution.

Section 4. Proceedings hereunder to collect the City's costs and expenses in abating nuisances shall not be a bar to criminal prosecutions under this ordinance and such prosecutions shall not preclude the recovery of said costs and expenses, the intent being that remedies and proceedings hereunder shall be cumulative to the end that nuisances may be promptly and economically abated.

Section 5. Ordinance No. 12 entitled "An Ordinance relative to cattle, swine, sheep, horses and other animals running at large"; Ordinance No. 25 entitled "An Ordinance prohibiting the keeping or maintaining of a gaming room or gambling table or any game of skill or chance and providing for the punishment of any violations of same"; Ordinance passed May 11, 1881, recorded Vol. 1, page 33 of Ordinances, entitled, "An Ordinance relative to riding bicycles on sidewalks" as amended by Ordinance No. 37 entitled "An Act to amend an Ordinance relative to riding bicycles on sidewalks"; Ordinance No. 46 entitled "An Ordinance prohibiting the posting, printing and attaching of signs and advertising matter to trees, telephone, telegraph, electric light and street railway poles and providing for punishment thereof"; Ordinance No. 53 entitled "An Ordinance regulating the operations of tractors, engines or other conveyances or machines having wheels with iron or steel flutes or lugs on, along, or across, paved streets in the Village of Plymouth, State of Michigan"; Ordinance No. 55 entitled "An Ordinance to prevent the running at large of chickens, turkeys, geese and other fowls within the corporate limits of the Village of Plymouth, State of Michigan, and to provide penalties for the violation thereof"; Ordinance No. 59 entitled "An Ordinance regulating the use of powder rifles, pistols and guns in the public streets, alleys, parks, cemeteries and other public places of the Village of Plymouth"; Ordinance No. 78B entitled "An Ordinance relative to the discharging of oil, grease, or inflammable liquids into drains, sewers and water courses and relative to obstructing drains, sewers and water courses within the corporate limits of the Village of Plymouth, State of Michigan"; and Ordinance No. 80 entitled "An Ordinance regulating the dumping of rubbish and junk of any kind upon any property of the Village of Plymouth, County of Wayne, State of Michigan, and or regulating the use of vehicles on any such property are hereby repealed.

Section 6. This Ordinance shall become operative and effective on the 23rd day of September, 1952.

Made, passed and adopted by the City Commission of the City of Plymouth, Michigan, this 2nd day of September, 1952.

Academic Adventures Await Girls at Madonna College, September 18

College life will be a new and strange experience to a number of young women entering Madonna College this fall.

Two foreign students from Indo-China and one from Venezuela will be a long way from home and familiar tongue and customs when they hit the books at Madonna College, September 18.

But even new students from throughout the nation and from Detroit itself will find much that is unfamiliar and bewildering in college life. They will hear talk of credit hours, of majors, of related and unrelated minors, of lower and upper division courses—and will understand little of what is being said. They will exult at the thought of free periods during the day—only to find them too short to do justice to all assignments and collateral readings.

Having just laid down their senior caps and gowns—those symbols of knowledge—they will find themselves just bewildered freshmen in along the rough road to higher learning.

To meet this ever-recurring problem of adjustment, Madonna College has recourse to an orientation program which has proved successful with new students in past years.

The orientation program has two phases. The first phase consists of get-acquainted activities that fill three days preceding the first day of classes. This fall these orientation days, will be held September 15, 16, and 17.

Under the guidance of upper classmen, particularly their big sisters, freshmen will be conducted through the campus to view the buildings and grounds. They will learn the location of the chapel, administrative offices, the study hall, dining room and the snack bar.

Addresses by the dean, the registrar, the dean of students and the librarian will initiate them into the spirit of the College and the world of credits and majors and will acquaint them with the regulations of the dorm and the treasurers of Madonna's library.

Preliminary inventories of students' occupational interests will be followed by a number of social activities. Scheduled by the orientation committee for next week are a Wiener roast, a sports capade, a hike, movies, varieties and a student-faculty tea.

A rehearsal of the Misses Recitativa Tuesday evening will prepare students for active participation in the Mass of the Holy Ghost to be celebrated Wednesday morning. Registration and purchase of books that afternoon will round out the new student's first acquaintance with college life. And freshmen will be a little less green when they step into their classes next morning.

The second phase of the orientation program is carried out throughout the first semester. It consists of weekly lectures at which attendance is compulsory for freshmen.

Faculty members and upper classmen collaborate in explaining fully to the new students such topics as the use of the library, methods of study, student government on the campus, college objectives and curriculum, guidance in program selection, co-curricular activities, adjustment to college life, character and personality and any other subjects requested by the freshmen. Special lectures on good health habits are presented yearly by the resident nurse.

Surveys of orientation programs in former years have revealed a favorable reaction. Some freshmen ever suggested a double-semester program to allow more time for the subjects of importance for their entire college life.

IT'S MADONNA COLLEGE everywhere — around Miss Joyce Kubick, of 49429 W. Ann Arbor Rd., Plymouth, Miss Kubick, a Sophomore at the College, is preparing an array of college pennants, stickers, stationery and book covers to offer to incoming Freshmen in order to distinguish them everywhere as Madonna girls.

Theater Guild to Hold Initial Meet, September 15

Plymouth's 1952-1953 season of adult activities kicks off next week following the "back to school" theme.

First among the groups meeting will be the Plymouth Theater Guild scheduled to hold its first meeting Monday, September 15, at 8 p.m., in the Veterans' Memorial Home. The meeting will be open to the general public, says Mrs. Harold Kuisel, president.

"The names of two plays to be presented during the coming season will be announced at this time," Mrs. Kuisel reveals, stating that the Guild is fortunate in having again obtained the services of Bill and Martha Merrill as directors.

Last year Mr. Merrill directed "I Like It Here," while Mrs. Merrill took the reins for "Two Blind Mice." The Merrills are best known for their activities with Will-O-Way Theater.

Residents in the Plymouth area who would like to see more than two plays presented each year are urged to attend the meeting. Only a shortage of members prevents a larger season.

"There are many behind the scenes activities open to people who don't care to act," says Mrs. Kuisel. "If we had more people to paint scenery, hunt down props, prepare costumes and such there would be no limit to what we could do."

Following the business meeting refreshments will be served.

The generous who is always just, and the just who is always generous, may, unannounced, approach the throne of heaven. —John Casper Lavater

Polly 'Blows Her Top' From Garage Roof

Imagine the bewildered thoughts that circulated through the minds of nearby neighbors when such accusations as "You don't like me! You don't like me!" could be heard in a high pitched voice from the garage roof of the Harry Pankow residence.

Nearing the vicinity, scene of the screeching, one could hear the wails and sobbing of someone evidently heart broken. Close observation revealed that Fenor, alias "Polly" was perched high on the roof of the garage, lamenting in a gentle bellow that her mistress, Mrs. Harry Pankow, didn't love her.

Polly is the 32-year-old South American Yellow-head parrot that lives at 875 Williams street. She has been a member of the household for the past 32 years.

Polly is a very temperamental bird. When she demands to see the family cat and is denied the wish, as she likes to chase the animal, she will voice her opinion with the phrase, "I don't like it!"

When she asks others, "Do you like me?" and their answer is negative, she will reply, "You don't like Polly!" Then she will start to moan and groan.

Should Polly decide that something is extremely funny, such as the family wash on the line getting drenched due to the sudden downpour of rain, she will laugh in her heinous manner.

Incidentally, every Monday morning when she notices Mrs. Pankow collecting the clothes for the family wash, she will demand emphatically to know, "Are you going to wash today?" Try to impress upon the bird's mind that there will be no washing done due to bad weather, and then discover what the bird has to say about that ordeal.

On a recent trip up north, Polly was allowed to tour with the family. She is quite a gad-about, merely wants to get educated and learn more about the State of Michigan so she can do some campaigning for the right political party.

Upon the return home, Mrs. Pankow sang several songs in order to pass the time away. Little did she realize that Polly thought duets were more appropriate than solos, so the two sang together. This was the first time Polly realized that she had such operatic talent.

Polly's diet consists mainly of sunflower seeds, however, she will devour most anything, providing, of course, she has seen her mistress eat, the same food first.

The bird provides much entertainment for members of the family as well as guests, and at the same time, Polly can be most exacting at times and cause much embarrassment.

His freedom lasted only a few minutes, as he was soon put in his place.

Mr. and Mrs. Marvin Reeder of Ann Arbor trail, left early Sunday morning for a three weeks vacation. They will visit friends and relatives in Tennessee.

Washington, D.C. is the vacation site selected by Wallace Southerland, an Allen Industries worker.

By Carl Peterson
When you read of trouble caused by foreign agents you kind of wonder why we aren't careful about who gets in the country. The State Dept. says there are about 365,000 aliens in the U. S. who don't want to leave. Some are tourists, businessmen or "ship-jumpers." Some have been brought in to work for their own countries at U.N. headquarters. They're allowed to stay as long as they remain within the U. N. "area." Only the area is as vague as a gopher's ideas on higher mathematics. So this gives the visitors more freedom than a balloon in a high wind. We seem to be the victims of our own good nature.

Mary Jane Christensen Wed in California

Honeymooning at Carmel-by-the-Sea in Northern California are Mr. and Mrs. Joseph E. Minahan. Mrs. Minahan is the former Mary Jane Christensen, daughter of Mr. and Mrs. Clarence Christensen of Evergreen street. Mr. Minahan is the son of Mrs. Thomas Minahan and the late Mr. Minahan of Compton, California.

The young couple were married on Saturday, September 6 in St. Bartholomew Catholic church in Long Beach, California. Father Thomas Kennedy officiated at the nine o'clock Mass.

Given in marriage by her uncle, Stephen Pratt, the bride wore a gown of white net fashioned with a boat neckline, fitted bodice, short sleeves, and a full skirt appliqued with lily of the valley. Her skirt extended in a chapel train. She also wore a fingertip veil of net. Her white prayer book was topped with a white orchid surrounded with stephanotis and ivy.

As her sister's maid of honor, Janet Christensen chose a sky blue ballerina length gown with matching ballerina slippers. She carried a cascade bouquet of pastel yellow roses and wore a headpiece of matching flowers.

The bridegroom asked his brother, Thomas, to attend him as best man. Ushers were Richard Minahan, brother of the bridegroom, and Leo Zimmer.

A reception for over 100 guests was held at the Lakewood Country Club immediately following the ceremony. Assisting at the reception were Frances Wager, Marilyn Markey, and Polly Clark, sister of the bridegroom.

For her daughter's wedding Mrs. Christensen chose a navy blue sheer dress with pink accessories. Mrs. Minahan wore light blue with black accessories. Both mothers wore pink rose corsages. For the wedding trip to Carmel Mrs. Minahan wore a champagne colored shantung dress with dark green accessories. She pinned the orchid from her bridal bouquet to the shoulder of her dress.

Upon their return Mr. and Mrs. Minahan will live in Long Beach. The new Mrs. Minahan attended Plymouth High school and Michigan State college. Mr. Minahan was a student at Compton Junior college and attended Southwestern College of Accounting and Law in Los Angeles, California.

Hints for Plymouth Homemakers

Lunch Packing Now Easier Task

On busy mornings, when breakfast chores, the demands of children leaving for school and father off to work, make the packing of lunch boxes a burdensome task, any night-before preparation will lighten it considerably. Certain sandwiches can be made in advance and kept under refrigeration until time to pack the carried meal.

These "night before" sandwiches can be of real help. There are many fillings and variety breads that not only keep well, but also add variety to the lunch. For its high nutritive value, it always is well to include some sandwiches made with enriched bread, but rye bread, Boston Brown, hamburger buns and the crisp Kaiser rolls also are good eatings.

SALAD STUFFED ROLLS

4 enriched finger rolls or buns
3 tablespoons soft butter or margarine
2 hard-cooked eggs, chopped
2 tablespoons finely chopped celery
1 teaspoon minced onion
1/2 cup flaked salmon or corned beef
1/2 cup mayonnaise
1/2 teaspoon salt
1/2 teaspoon pepper

Cut rolls in half and hollow out bottom. Spread with butter. Combine chopped eggs, celery, salmon, onion, mayonnaise, salt and pepper. Fill rolls with mixture and replace tops.
Yield: 4 Salad Stuffed Rolls.

TART GINGER CHEESE SANDWICH

8 slices Boston Brown bread
2 tablespoons soft butter or margarine
1/2 cup cream cheese
2 tablespoons mayonnaise
1/2 teaspoon salt
1/4 teaspoon cinnamon or ginger
1 tablespoon grated lemon rind
Spread Boston Brown bread with butter. Combine cream cheese, milk, salt, cinnamon and lemon rind. Spread on 4 slices of buttered Boston Brown bread. Top with remaining slices.
Yield: 4 Tart Ginger Cheese Sandwiches.

DATE-PEANUT BUTTER SANDWICH FILLING

1/2 cup chopped, pitted dates
1/2 cup peanut butter
1/2 cup mayonnaise or salad dressing
Combine dates, peanut butter, and mayonnaise.
Yield: 1 cup, or filling for 5 sandwiches.

The many accessories now available make the job of lunch packing much easier for the homemaker. Not only do they allow a greater variety of foods to go into the lunch box in packable form but they add color, protect the foods from drying out, are sanitary and are often disposable.

Shaped plastic containers, plastic bags, sandwich bags, plastic paper or wooden plates, knives, forks and spoons, waxed cups and paper are available to help lighten the task for the homemaker when members of the family must carry their lunch. Packing the lunch neatly and attractively with these "aids" will do much to preserve freshness and prevent a blend of all the food flavors.

A variety of sandwiches will help to keep the lunch interesting. Varying both the bread and the filling will give an infinite variety so that the lunches will not become tiresome. Try seasoning the sandwich fillings a little more heavily than ordinarily and wrap the salad greens separately. Use day-old bread—so that it will not tear when spread. Spread soft butter or margarine on each slice to prevent fillings from soaking into the bread. Spread all slices of bread in one operation using a spatula. Meat, eggs, cheese and peanut butter are the old standbys for fillings. Try combining these with dressings, seasonings or chopped vegetable for variety.

Fresh fruits or vegetables are excellent lunch box foods and give variety in texture. Wrap them in waxed paper or put in a plastic container to keep them fresh and clean.

Include something sweet—cookies, cup cakes, custards or puddings, doughnuts or candy—to finish the lunch. Be sure to include two napkins so one can be used as a place mat.

Good Morning BEGINS WITH BREAKFAST
Eat at least this much breakfast.

Breakfast can make the difference between a good or bad morning. For a good morning, breakfast is a must. Not coffee alone. Nor surprisingly enough, a whopping big breakfast—you know the kind, with potatoes on the side. Coffee by itself gives you practically no food value; in contrast, those oversized morning meals are very likely to put you to sleep all over again, make you lousy and listless. Aim for a happy medium when you put breakfast on the table. Eggs, of course, because of the high-quality protein they contain. And enriched yeast-raised bread is almost equally important. It's rich in three B vitamins—thiamine, niacin, and riboflavin—as well as the mineral iron. Spread your toast with margarine or butter and you add vitamin A. Vitamin C is yours in a glass of orange, tomato, or grapefruit juice. Add to this egg-toast-juice combination a cup of coffee or a glass of milk (and bacon and cereal if you like) and you've got a combination to chase any listless feeling—plenty of energy to see you through the morning.

Keep Sink Clean While Canning

It is during the canning and preserving season that the sink needs good care if it is to retain its original luster and finish. There never was a housewife who had too much room in the kitchen, especially around the sink, when canning. It is for this reason that the homemaker with a double drainboard, double basin sink, will find canning less of a chore.

Because a modern cumber strainer converts the sink basin into a watertight compartment, jars, glasses, and bottles can be washed, filled, and rinsed in the basins without the use of a dishpan.

Similarly a hose spray helps speed the work of preparation and cleaning. The heatproof plastic handle on the spray enables the home canner to rinse jars, glasses, and other containers with hot water.

Do not allow peach meats, or peach stones, raspberries, cherries, tomatoes and other fruits and vegetables to remain on the enameled surface of a sink. Prompt cleaning is recommended. The homemaker should avoid placing extremely hot pots, pans, and kettles on the sink or drawing such utensils rapidly across the surface of the sink.

Change Hair-do with Fall Clothes

The fall 1952 college board assemblies and another school year is about to begin. New clothes, new friends, new courses to conquer make excitement the prevailing mood for the campus-bound.

A wise scholar focuses attention on developing her beauty traits as well as her intelligence while in school. This is the ideal time for her to teach her hair and complexion a thing or two. An awareness of her own beauty potentials plus growing confidence in her mental capabilities make for a well-integrated personality.

So match the fun of a new semester with a brand new curl for your topknot. A new home permanent the week before you leave for school is the surest way to work the charm. You've been an outdoor girl all summer, don't forget, so your hair needs some special attention.

And cast a critical eye on the hair style you've been favoring all summer. Maybe it won't look so well companionship the new fall fashions—or, maybe it just doesn't do as much for you as a new one would. The new five-inch length in hair-do's gives you prettier, more versatile material with which to work, so experiment to your heart's content before you decide on a new one. But take enough time out to thoroughly sample the "do" you like before making it permanent.

There is wisdom in generosity, as in everything else. —Charles Haddon Spurgeon

Make Mo' Molasses Cookies

Soft molasses cookies have been fist-bugged ever since they were first offered to children. This claim to fame lies in the distinctive flavor of unsulphured molasses which is both mellow and aromatic.

Round, crinkly-surfaced molasses cookies are excellent just as they come from the oven, or you can make a confectioners' sugar and water icing to guild them for special effect.

Molasses will always win favor admirers if people are introduced to the old-fashioned, sweet kind. This unsulphured type, the concentrated juice of sugar cane, is also a delicious syrup for pancakes or flavorer of milk drinks.

Soft Molasses Cookies
1 cup shortening
1 1/2 cups unsulphured molasses
1/2 cup sugar
4 cups sifted all-purpose flour
1 1/2 teaspoons salt
2 teaspoons baking soda
2 teaspoons cinnamon
1 1/2 teaspoons ginger
1/2 teaspoon cloves
1 egg
Melt shortening in saucepan large enough for mixing cookies. Stir in molasses and sugar; cool. Sift together flour, salt, soda, cinnamon, ginger and cloves. Mix in small amount of flour; beat in egg. Add remaining flour, blending until smooth. Chill dough about 2 hours. Shape into 1 1/4-inch balls. Place on cookie sheets about 2-inches apart to allow cookies to spread during baking. Bake in a moderate oven (350° F.) 15 minutes. While warm spread half the cookies with confectioners' sugar glaze. Store in closely covered container.
YIELD: 4 dozen cookies.

In the last 18 months Henry Ford has spent more than \$22,000,000 in adding new buildings and equipment to his factories, which will have a production capacity for his new motor car of 12,000 machines a day. Since 1925 Mr. Ford has completed four great open hearth furnaces at a cost of \$850,000 and three more are being completed, and three more will be added next spring. Each furnace will have a capacity of 200 tons of steel a day.

A deal was consummated this week whereby John Rattenbury, proprietor of the Service Meat Market in the Plymouth Hotel block, purchased the business of the Patrick Market on Penniman

avenue. Mr. Rattenbury will move his business from its present location to the Patrick Market and consolidate the two. He will continue the grocery business in connection with the meat department. Mr. Patrick expects to move to his farm west of Salem.

At the Michigan state fair George Merryweather, of this village, made six entries of his White Swiss Mondaines pigeons, for which he was awarded the following prizes: One first, one second, one fourth and two fifths. This is very commendable to George when considering he competed against some of the best pigeon fanciers in America.

With the early completion of Van Born road, three sections of which are already paved, another highway of 20-foot pavement will be added to the new of Wayne County's concrete roads. Being the first road paved under the provisions of the Covert Act, Van Born road will run over a stretch of approximately 15 miles from Dearborn to Van Buren township, with a branch going from a point where it crosses Oakwood boulevard in Dearborn to Division road in Fordson.

Captain Denniston, superintendent of the Detroit House of Correction, and wife returned last Saturday from a several weeks' trip to the Pacific coast. While there Captain Denniston attended a convention of prison wardens at Tacoma, Washington, where he was elected secretary of the association. Enroute home, Mr. and Mrs. Denniston visited their son at Kansas City.

Enrollment in Plymouth's public school system set a new record this fall with a total of 2,062 students in the city's three schools. Registration began with the opening of the fall school term Tuesday noon and continued Wednesday and Thursday. It is expected when the final registrations are completed, the total enrollment will be between 2,100 and 2,200 students, according to Superintendent George A. Smith.

To the smallest, busiest little business place in Plymouth, goes first honors in bond and stamp sales during last week. Bert's Place sold a total of \$2766.50 in war bonds and stamps last week. Since the merchants have been selling war bonds and stamps, Mr. Swadling has sold a total of \$385.00 in bonds and stamps, a record that is withstanding.

Another of Plymouth's historic relics of former days is to be removed. The city commission voted Tuesday night to remove the rails of the old D. U. R. interurban line from Main street between Fralick and Mill streets. It is estimated that the 2400 feet of double tracks from the old street-car line will yield 72 tons of rail. The city will sell the salvage material through an agency of the War Production Board to aid in the war effort.

All tire dealers in the Plymouth area who have not yet filled their quarterly inventory reports covering the period ending June 30, 1942, are urged to make their return immediately by William Wood, chairman of War Price and Rationing Board No. 82-19.

Mr. and Mrs. Frank Hokenson (Ellen Smith) announce the birth of a son, James Elleg, on Wednesday, September 2, in Plymouth hospital. Weight, seven pounds and 15 ounces.

Response was most generous to the fund campaign organized by the Plymouth Canteen club during the past week, according to a report from Arno B. Thompson, fund director. Various business places, industries and clubs have been organized into groups in which employees or members pledge donations to provide utility canteen kits to local selectees

entering Army service. Born to Mr. and Mrs. Clyde Lasslet, Jr., on Monday morning, August 25, a five and a half pound daughter.

Dr. Robert Beyer, who is stationed at Camp Livingston, Louisiana, was the guest of Mr. and Mrs. A. Ray Gilder. Dr. Beyer enjoyed a ten-day furlough visiting his parents in Montreal, Quebec, and friends in Michigan. Mr. and Mrs. Hilbert Hannah and son, Kenneth, returned home Tuesday evening from an interesting week of travel to Nashville, Tennessee, and other cities.

What's the MOST SURPRISING THING about this BUICK?

LOCAL DELIVERED PRICE FOR THE NEW 1952 BUICK SPECIAL \$2214.88

2-door 6-passenger SPECIAL Sedan MODEL 48D (Illustrated)

Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice.

WE'LL tell you the answer to that one — it's the figures on the price tag.

For some reason, lots of people just can't believe they can buy a Buick at a price so close to "the low-priced three."

Maybe it's because a Buick seems so much better and bigger.

Maybe it's because they think Buick has so much more power and room—which is true.

Maybe it is because so many distinguished people own Buicks—which is also a fact.

But the fact remains—if you can afford a new car, you can own a Buick — so let's see what you get.

You get the thrilling power of a Fireball 8 Engine, that's a gas-saving high-compression valve-in-head—as much power as you can get in cars costing \$300 to \$400 more.

You get as much room as you'll get in cars costing hundreds of dollars more.

You get a ride that cost an honest-to-goodness million dollars to develop.

You get the silken smoothness of Dynaflow Drive.*

You get big-car comfort, styling, durability.

Don't take our word for it. Come in and see for yourself why so many folks are stepping up to this great car this year.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.
