MRS. AUSTIN STECKER hands the gavel of authority over to Mrs. Edwin Schrader on the election of the latter to the presidency of the Plymouth Branch of The National Farm and Garden association.

Urge All Citizens to Observe Clean-up & Paint-up Campaign

Clean-up, Paint-up, Fix-up Week (May 15 to 23) gets underway here tomorrow with a beneficial theme—help send a boy and girl to camp this summer.

This is the objective of the Kiwanis club. It asks that residents participating in the "spruce-up" of their home consign discarded but salable items of clothing, furniture, books or other goods to the Kiwanis's boys and girls committee.

The week for sprucing-up giving Plymouth that well-kept look—will be carried on city-wide. It is being supported by the Chamber of Commerce and participated in by the city.

VFW Plans Sale of Buddy Poppies to Help Disabled

For Mortgages: Richwine To Be Vice-President

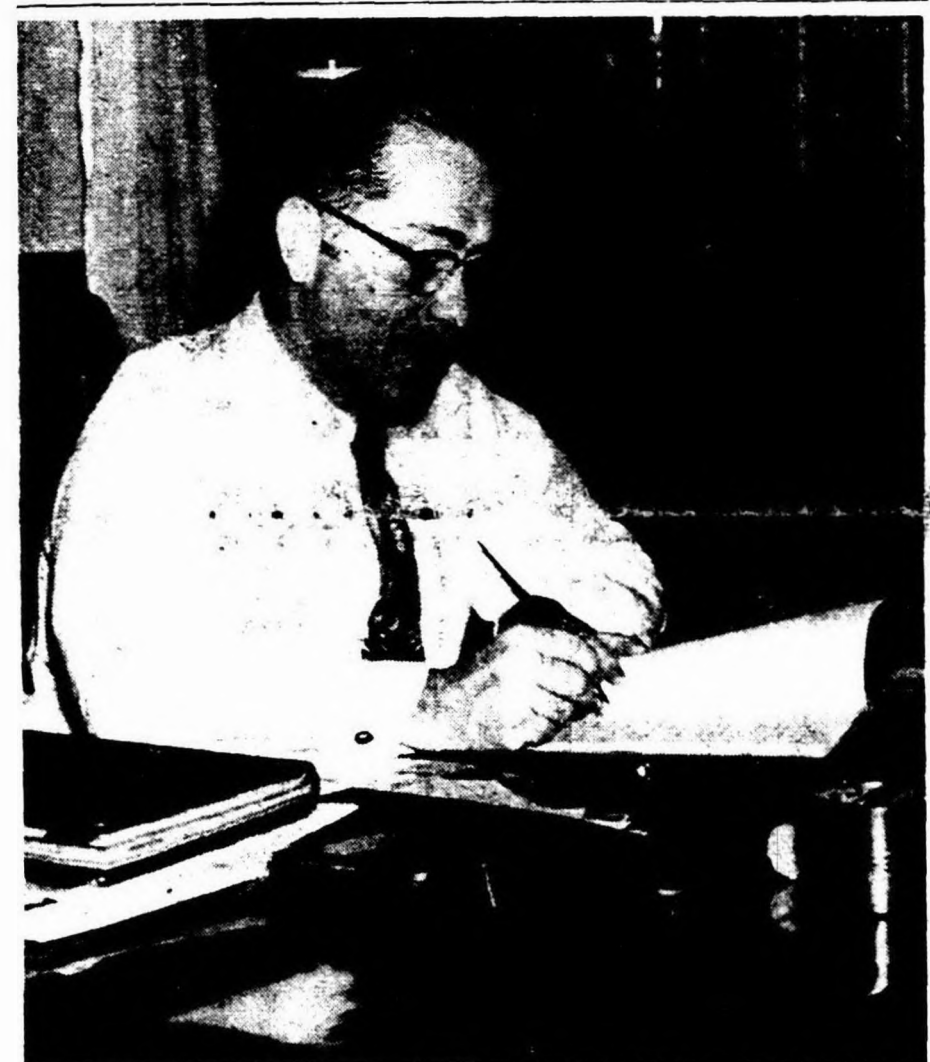

More than \$5,000,000 in mortgage money will be almost "immediately available" to Plymouth, Northville and Livonia area residents.

May 29 Will End Registration For School Election

Registration for candidates vying for two Board of Education trustee seats, however, will take place at Plymouth High school.

Richwine made public at this time a multi-million-dollar merger with the projected parent organization, the First Federal Savings and Loan association of Detroit.

Richwine, who has helped guide Plymouth Federal through its four history-making years, was officially appointed as vice-president and mortgage closing attorney of the First Federal branch to be established in downtown Plymouth.

PERRY W. RICHWINE signs the articles of agreement which brought about the merger of the Plymouth Federal Savings and Loan Association with the First Federal of Detroit.

10 Nominated on School Board Trustee Slate

Ten Plymouth school district residents officially now are candidates for two trustee posts, announces Kenneth L. Hulsing, secretary of the Board of Education.

The heavy slate of candidates who will vie for the two school board openings on June 8 precinct primary election and a heavy vote among the estimated 8,500 voters whose children attend Plymouth schools.

Giles Announces Sale of Country Estate

Giles Real Estate of Plymouth announced this week that the country home of Mr. and Mrs. Donald J. Buell at 5400 Curtis road has been sold to Mr. and Mrs. Warren Huff.

The 315-acre estate is well known to residents of this area and was formerly owned by Harry Mack of the Ford Motor Company. Modern in every way, a Giles spokesman said that among its features are three fireplaces, 2 tenant houses, a stone recreation building with fireplace, a large barn with 20 steel stalls for saddle horses and a log summer house.

Garden Club Elects Officers for Coming Year

Highlight of the annual meeting of the Plymouth Branch of the Michigan Division of the Women's National Farm and Garden association was the election of officers for the ensuing year. The group met Monday, May 11, at the home of Mrs. Austin Whipple.

Elected to head the club was Mrs. Edwin Schrader, who will wield the gavel as president. First vice-president is Mrs. Arnold Samuelson; second vice-president, Mrs. Ralph Lorenz; treasurer, Mrs. Byron Becker; recording secretary, Mrs. Chester Teasel; and corresponding secretary, Mrs. Clifford Fishbeck.

The club voted to entertain the state convention of the Women's National Farm and Garden association next June. They will be assisted by the Northville and Rosedale branches.

Scenes of Texas City Disaster Shown in Movie

Exclusive full-color scenes of the Texas City disaster of 1945 highlight the climax scenes of "OIL TOWN U.S.A.," newest film release of Billy Graham Evangelistic Films to be shown here on May 20-21 in the Calvary Baptist auditorium.

The Texas City footage was filmed by a free-lance newsreel photographer in Houston, Texas at the time of the disaster eight years ago. No use was made of the film until Director Dick Ross began to search for authentic scenes to highlight the story of "OIL TOWN U. S. A." He located the film, unused and in storage, and made arrangements to incorporate it into the moving story of the new Billy Graham picture.

The story centers around the life of a Houston oil millionaire who is brought to an abrupt realization of his need of a religious experience through danger to his daughter's life in the Texas City holocaust.

Featured in the new film are Colleen Townsend Evans, Paul Power, Robert Clarke, Georgia Lee, Ralph Hoopes and the stars of Graham's earlier film "Mr. TEXAS," Redd Harper and Cindy Walker.

Evangelist Graham and his team are portrayed in their evangelistic crusade in Houston last summer. Parts of the picture were filmed in Rice Stadium where 60,000 persons gathered for American Evangelism's largest throng.

Reverend P. J. Clifford in charge of local arrangements for the showing here, has announced that the doors to Calvary Baptist auditorium will be opened at 6:45 p. m. with the film beginning at 7:30 p. m.

Admission is by ticket only. All tickets are free. Due to the fact that the capacity of the auditorium is 400, tickets will be issued to the first 400 requesting them for each night. To obtain tickets write Calvary Baptist church enclosing a self-addressed stamped envelope; state night for which tickets are desired.

Mrs. Harold Todd of Clemons road will be host to the members of Circle 7 on Tuesday evening, May 19 in her home on Clemons road beginning at 8 p. m.

Name Dates to Register All Kindergartners

Enrollment schedules for pre-school children who will become kindergartners for the first time this fall was announced Monday by Mrs. Mary Strasen, school health nurse.

Mrs. Strasen urged parents to observe the enrollment schedule emphasizing, in the face of anticipated high numbers, that it is "very important to enroll at this time."

Mrs. Strasen said only those who will be five years old not later than December first will be accepted for kindergarten this fall.

Registration will take place between 9 a. m. and 3:30 p. m. at the dates shown:

Bird Elementary, May 19, Starkweather Elementary, May 21; Smith Elementary, May 26. Registration for kindergarten at Bartlett and Hough schools will be held between 9 a. m. and 12 noon at these dates: Bartlett, May 27; Hough, May 28.

Cutler to Head Local Lions Club

J. Rusling Cutler was elected to hold office as president of the local Lions club for the next year at the meeting Thursday evening, May 7.

Other officers elected were: first vice-president, Karl Sonderregger; second vice-president, Frank Weller; third vice-president, William Fehlig; treasurer, Les Wilson; lion tamer, Bill Loesch; tail twister, Ovid Deace; secretary, Bruce Richards; two-year directors Alfred Vincent and Robert Erdelyi; and one-year director C. G. Ash.

Local Historical Group to Hold Annual Banquet

F. Clever Bald will discuss the early history of Wayne County and Plymouth at the annual dinner of the Plymouth Historical society, tonight, May 14, at the Presbyterian church at 6:45 p. m. Mr. Bald is assistant director of the Michigan historical collections at the University of Michigan.

Plan Beauty Contest For Fourth Celebration Here

Plans were being completed this week by the Plymouth Chamber of Commerce to present one of its biggest and most diversified Fourth of July celebrations in Plymouth's history.

The program committee, headed by Marshall Kirkpatrick, promised that this year's 3-day event would include:

- 1. A carnival featuring Carl Shows; 2. A bathing beauty contest with the winner to be chosen by Olympic Swimmer Lucille Watson and crowned by Governor G. Mennen Williams; 3. The possibility of the appearance of one or more television personalities; 4. A baseball game; 5. The presentation of a 1953 Oldsmobile; 6. A parade; 7. Prizes for the kiddies; 8. Fireworks on the final evening; 9. A merchants' display tent.

Ralph Rostow, chairman of the bathing beauty contest, stated that arrangements had been made to have Miss Watson act as judge. As an authority on synchronized swimming, she participated in the Billy Rose Aquacades and the Helsinki

swimming meets. Secretary of the Chamber of Commerce Nat Sibbold had announced earlier that Governor Williams would be in Plymouth on the Fourth of July for the final day of celebrating and would crown the bathing beauty winner.

In revealing contest plans Rostow urged all merchants to choose entries as soon as possible. He said that entries would be limited and that those merchants wishing to sponsor a candidate could contact either Rostow or the Chamber.

For displays merchants should contact Marvin Terry.

183 Seniors to Graduate This Year

Plymouth High school will see the largest graduating class in four years to leave the "halls of ivy" when commencement is held here on June 18.

Early figures released show that 183 will reach out for that sheepskin and a parting handshake to become alumni of the 70-odd-year-old institution, since it graduated its first seniors about 1883.

**Boy Scouts Plan Trip with Dads**

Sunset District Boy Scouts, 14 years of age and over, and their fathers will take a never-to-be-forgotten canoe expedition down the beautiful Au Sable river, June 19-21.

Nothing could be a more appropriate observance of Father's Day than a week-end father and son experience. The boys will camp with their dads on Friday night at Grayling, Michigan, and will leave there on Saturday morning for an all-day canoe trip down the river, fishing for trout as they go. At night they will make camp along the river and enjoy fellowship around the camp fire as they prepare their fish dinner and swap yarns.

Sunday morning they will attend church services together and then head for home Sunday afternoon, weary but very close to their fathers.

Robert Hunter of Northville and F. R. Burgon of Rosedale Gardens will head the committee for this affair and should be contacted for arrangements.

**Select Eggs As Meat Substitute**

Spring is traditional season for using eggs. Furthermore, eggs can be an adequate substitute for meat in your menus.

Store eggs carefully in the refrigerator. Even a few hours in a warm room will mean loss of quality. Ideal conditions for eggs are cool and moist. It is better to wait until you are ready to use the egg before washing it because the egg shell is porous and off flavors, bacteria and dust can enter through the shell easily.

How about an egg soufflé? Soufflés are light, delicate baked mixtures which somewhat resemble fluffy omelettes. They should be made from stiffly beaten eggs (whites alone or whites combined with yolks) to which flavoring or some savory food material is added. A thick white sauce is used as the basic for savory soufflés such as cheese or ham, soufflé. Thick, sweet custard-like sauces are used in sweet soufflés.

For a cheese soufflé, you will need one-half cup grated cheese, per cup of thick white sauce, three egg yolks well beaten and three egg whites beaten until stiff, but not dry. Prepare and measure the cheese, break eggs into bowls—whites in one and yolks in another. Make the sauce and beat the egg yolks, add cheese to the sauce, beat the egg whites. At this point combine the sauce and egg yolks, fold that mixture into the beaten egg whites. Turn the mixture into a greased baking dish or individual dishes and place the baking dishes into a pan containing hot water to the depth of one inch or slightly more. Bake at about 350 degrees F. for 30 to 40 minutes.

Keep ornamental copper or brass pieces bright and shiny by covering with a coat of clear lacquer such as clear finger nail polish.

**John Steffens Honeymooning In New England States**

Mrs. John Steffens

White silk organdy over taffeta was worn by Cathryn E. Moss when she became the bride of John F. Steffens, Jr. on Saturday, May 9, in the First Presbyterian church in Plymouth. Mr. and Mrs. Thomas W. Moss of West Ann Arbor Trail are the bride's parents and John is the son of the John F. Steffens of Notre Dame avenue, Grosse Pointe.

Reverend Henry Walch, D. D. officiated at the impressive three o'clock double ring ceremony before the altar which was graced with large bouquets of white flowers.

Cathryn's lovely gown was fashioned with a Peter Pan collar and long sleeves. Embroidered organdy flowers centered with seedpearls extended across the front of the bodice and edged the sleeves. Her silk illusion veil fell from a Juliet cap of flowered organdy and she carried a bouquet of rubrum lilies and lily of the valley tied with white satin streamers.

Mrs. Virginia Moss Walker, sister of the bride, was the matron of honor. Her gown was of mauve linen with violet trim in ballerina length. The bridesmaids Mrs. Victor Kimmel and Mrs. Glenn Schroeder wore gowns identical to the honor matron and in the same shade. All attendants carried bouquets of pink and lavender sweet peas.

John asked William J. Smith to assist him as best man and the ushers were Merrill H. Walker, brother-in-law of the bride, Richard McNeilly and Joseph R. Kromula.

Mrs. Moss selected a beige shantung suit with beige accessories and a flowered hat. Mrs. Steffen selected a toast lace dress with light green accessories. Both had orchid corsages.

Mr. and Mrs. Steffen are honeymooning in the New England states. For traveling the bride wore a mauve and white houndstooth check suit with navy and white accessories. The young couple will make their home in Grosse Pointe Park.

Following the ceremony a reception was held at Boford Inn with between 400 and 600 guests attending.

If you feel tired most of the time, take stock of your work habits. After a thorough physical examination you may find that fatigue comes simply from just dreading to do a job. If that is the case, break the job up in several parts over a period of several days, they suggest.

**Suggest Tips On Way To Cut Meat Budget By Careful Purchases**

Since meat purchases represent a fourth to a third of the food budget of most families, it is not surprising that good shopping practices pay real dividends to skillful homemakers. Here are some of the pointers to remember.

First, become familiar with the various grades of beef, veal, lamb and mutton and the ways in which each can be appetizingly served. With such information in mind the shopper can select the cuts that will meet her needs at lower cost.

Another tip is to follow market news in the newspapers and information from your retailer so you can choose from the meats that are in plentiful supply.

When buying meats, keep in mind the amount of waste in the various cuts and figure the cost per serving rather than the cost per pound. Meats with considerable bone and waste will serve two or three persons per pound. Those with a moderate amount of waste will serve three or four persons. Meats without bone or waste will serve four to six people.

Care in buying is only part of the "know how" to get the most value from the dollars you spend for meat. Be sure to keep the meats you buy well refrigerated until used. Food authorities also stress the importance of slow cooking at relatively low temperatures. This prevents or reduces shrinkage and retains the flavor, tenderness and food value. A surface cooking temperature not over medium or an oven temperature not over 350 F. will give the best results.

**Spacing Seeds Saves Work Thinning Garden Rows**

Lets Small Seeds Drop So That Their Roots Will Not Entangle

When seed is sown too thickly, much of it is wasted, but much more serious is the crowding of seedlings which usually results. It takes a lot of work to thin out the excess plants, and if this is neglected the crop may be a failure.

It is also possible to sow too few seeds, and there should always be some spare plants to replace those which succumb to accidents, or disease. The number of extras required will vary with the porosity of the soil and the earliness of sowing.

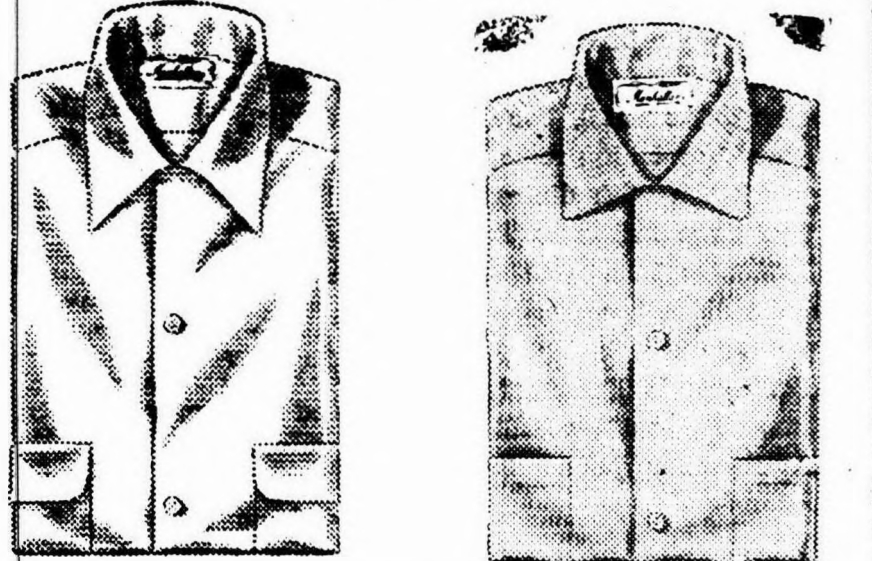

Exact directions cannot be given for the spacing of small seeds, but they should always be dropped so that each lies far enough from its neighbors to prevent the roots from entangling. Thin sowing is made easier if fine seed is mixed with dry sand, and the mixture sown, as the sand will keep the seeds farther apart.

If seed is known to be of substandard germination, thicker sowing is advisable. Carrot seedlings are feeble, and often have difficulty breaking through the soil if it is at all inclined to crust. Use twice as much carrot seed if you have doubts about your soil being porous enough. In the case of large seeds, such as beet, Swiss chard, and peas, which can be spaced precisely, sow them an inch apart.

Bush beans usually are allowed to grow four inches apart in the row. If you wish to avoid vacant spaces, a good way is to sow beans in pairs, spaced four inches

### "Maximum Service to Community" is Theme of Plymouth Federal

Sometime around June 30 Plymouth Federal Savings and Loan association hangs down the gavel to end 34 years as a home-owned corporation.

Organized in 1919 with just \$3,550, the banking institution was steered through the chaos of a depression, World War II, and heavy cutbacks in housing materials to end its career with some \$1,317,175 (in 1952) in total assets.

The \$1,314,000 gain in total worth is a tribute to Perry W. Richwine, secretary and attorney during 23 of the 34 years of the saving and loan institution.

In its 34th Annual Report, issued in 1952, Richwine told of the 1,117 mortgage loans made to residents here in Northville, Livonia and Ypsilanti. He told of the 1,130 savings accounts equivalent to nearly one in each family in Plymouth.

And Richwine drew comparisons. In 1942 Plymouth Federal had assets of \$261,775. Just 10 years later its assets had jumped nearly \$1,100,000.

The difference in assets can be summed up in just two words—"public service."

Richwine said in the report: "The prime objective of our Federal Savings and Loan association is to render maximum service to the community." But, he warned, "the growth of this area will require that our association double its present capacity within the next five years."

That latter statement predicted the merger that was accomplished just last week.

"It was last year I decided to go into bank-type facilities," Richwine said last Saturday. Assets for capital improvements, however, were limited to \$50,000, precluding a huge expansion needed physical facilities estimated to cost \$150,000.

With the merger document now history, Richwine accom-

plished in less than a year what he earlier predicted would take five to do.

"I realized there was a demand for money that has never been available locally before for GI, FHA (Federal Housing Administration) and home improvements loans."

Now, with a neat \$5,000,000 consigned to this area for home builders and buyers, Richwine is gaining his objectives of "services to the community."

In addition, added facilities under his direction with First Federal will include regular banking facilities such as safe deposit vaults, check facilities and savings accounts.

"Where we have been able to loan on just new construction before, it will now mean long term loans," Richwine said.

Plymouth Federal was organized in 1919 by 11 businessmen. They are Charles H. Bennett, William R. Shaw, Edward C. Hough, Chauncey H. Rauch, Albert Gayde, Claude Verkerk, Edward Gayde, Fred D. Schrader, Charles A. Fisher, Arthur V. Jones and George C. Raviler.

Its president, Charles H. Bennett, and former president Edson O. Huston, until his retirement this year, both served continuously during the firm's 34 years.

Other current members of the Board of Directors are Richwine, secretary and attorney; Beulah M. Wagenschutz, vice-president; Irene Lyke, treasurer; Mary I. Richwine, assistant secretary; and Daniel F. Murray, Herald F. Mamill and David Mather.

### Minor Explosions Injure Two Men

Two persons were burned painfully in separate incidents late last week following two freak explosions.

One of the minor blasts ripped through Barney's Plymouth Grill, of 950 Starkweather. Firemen summoned to the scene rushed Ralph Yuhl, a Detroitier employed by West Brothers, Inc. here, to a local physician's office. Yuhl suffered second degree burns about both arms.

Suffering from first degree burns about the leg, loss of a tip of his finger and bruises when gasoline he was using exploded was Ralph Minchart, of 990 Brush.

Minchart was administered first aid by firemen and taken to a local physician's office for treatment.

Firefighters said the gasoline saturated cloth Minchart was using to clean a paint roller applicator was touched off by static electricity. Force of the blast reportedly tossed Minchart halfway across the basement of his home, causing minor hip injuries.

The blast that injured Yuhl was said to have been caused when methane gas being used as a refrigerant exploded. Yuhl was installing a refrigerator when the explosion occurred.

A resulting fire burned into an adjacent wall, then into the attic of the restaurant before it was extinguished. The damage, not estimated at this time, is covered by insurance.

Look for socks made of the new helanca type nylon yarn. They come in small, medium and large sizes and are made of highly twisted yarn so they keep their shape, but do not bind. Michigan State College home economists advise that the socks are colorfast and as easy to care for as regular nylon socks.

### Denies License: MLCC Says It Has 'Stop Order' Here

The Michigan Liquor Control Commission recently turned down an application by Marquis' Fine Foods, of 335 North Main street, for a tavern license to serve beer and wine.

The MLCC reportedly told Norman W. Marquis, owner of the restaurant that their files record "a stop order against the whole city imposed by the city commission for no more licenses of any kind issued."

City Clerk Lamont C. BeGole said Friday that he discovered that the stop order was made effective by city officials on May 7, 1945.

The city is permitted by the MLCC to license five taverns within the city. Plymouth now has three such establishments. None of them can serve liquor by the glass. That issue was defeated by voters here last November.

### Cattle Experts Meet in Lansing on June 22-23

EAST LANSING—When the National Hereford Congress meets here on June 22-23 many of the country's experts on beef cattle will be featured in the two-day discussions.

The first NHC session ever to be held east of the Mississippi river is expected to draw top cattlemen to participate and tour several beef farms throughout the state during one day of the congress.

The meet is being sponsored by the American Hereford Association. The AHA is anticipating an address by Dr. John A. Hannah, president of Michigan State college, to extend official welcome at the opening session. Herbert Chandler, president of AHA, will respond to Dr. Hannah's address.

Participating in a panel on commercial beef production will be Dr. Ronald Nelson of MSC, Ben Creech of the University of West Virginia, Farm Agent C. B. Stewart of Wood County, Ohio, Arthur J. Ingold of Hillsdale, Dr. A. D. Weber, dean of the college of agriculture at Kansas State college, Manhattan, Kansas, and Herman Purdy, animal husbandryman at Ohio State University.

Members of the panel on purebred beef cattle production are Professor Claude Harper of Purdue university, Dr. A. D. Darlow, dean of animal husbandry at Oklahoma A&M college, Joe Purdy, Hereford breeder of Butler, Missouri, Walter Lewis, Hereford breeder of Larned, Kansas, and Jim McClelland, manager of Turner ranch, Sulphur, Oklahoma.

Herd manager will be discussed by Adam McWilliam, manager of Chino farms, Chestertown, Maryland; Jim Lawrence, manager of McIntosh farms, Spencer, West Virginia; Ralph Freeman, Hereford breeder of Pulaski, Tennessee; Frank Wilson, manager of CK ranch at Brookville, Kansas; John Liebel, secretary of South Dakota Hereford association; Gene Johnson, manager of Veiva-Haven farms, Prospect, Kentucky; Dr. George Moore of Michigan State college, and Walter Olsen, cattle manager of Hillcrest farms, Chester, West Virginia.

Included in the herd management will be a foot trimming discussion and demonstration by Forrest McClain of Memphis, Tennessee, southeastern field representative for the American Hereford association, and Pete Dean, herdsman at Hi-Point farms, Romeo.

A TOUR OF THE NORTHVILLE STATE HOSPITAL by more than 50 Plymouth Kiwanians and their wives Tuesday evening highlighted a special program arranged by M. J. Huber. Shown in the top photo above inspecting the kitchen pressure cooker are: (left to right) President Dean Saxton, Austin Whipple, Mrs. Miller Ross, Miller Ross, Marvin Terry, Mrs. Terry, Mrs. Saxton and Mrs. Whipple. L. Lanz and Charles Beegle.

When gratitude goes up it never comes back empty handed. A friend that you have to buy won't be worth what you pay for him, no matter what that may be. A man is not doing his level best when he is content to stay on his same level. There are no graduates from the school of grace.

# Baby Benefits from Expert Advice

STEVEN MICHAEL FORTNEY would like to tell Mom that she isn't feeding it to him fast enough. It's lunch-time for the son of Mr. and Mrs. Matthew Fortney, and he's ready to gobble up his share. The little boy, almost four months old now, is evidence that today's children are some of the best-fed and healthiest in history.

## Variety of Foods for Baby's Diet Have Expanded Since Mama's Day

Baby now has a much more varied life—in diet and attention—than his mother did. This is all because of innovations in canned baby foods and advice of baby experts.

More attention is paid to his emotional needs than ever before, because experts feel that physical health alone is not enough. It's equally important for him to develop a well-rounded personality too—friendly and wholesome—so he will grow up to be a responsible citizen.

With such emphasis placed on this aspect of the child's development, the Children's Bureau in Washington has offered a booklet on "A Healthy Personality for Your Child."

It's in baby's food that the greatest changes are seen. Twenty-five years ago you never would have seen all the special baby foods on your grocer's shelves. Today, the young mother has trouble deciding which of the many foods to choose for Junior's diet. There are rows and rows of special foods, all developed exclusively and scientifically for baby's sensitive digestive system. These varieties include cereals, meats, soups, vegetables, fruits, and desserts.

Even now new products, which will set the high chair crowd clamoring, have been introduced into the market. One of these is a new teething biscuit that is hard enough to take plenty of gnawing and yet pleasant to the taste. The small-sized biscuits are sanitariously packed in cellophane wrappers.

Another new item is strained orange juice in four-ounce cans. The juice rates so high in vitamin C that even 1/4 can (1 ounce) supplies more than the minimum daily requirement for infants. The juice is ready for baby's bottle the minute it comes out of the can.

A brand-new four-ounce cereal package is something else to make Junior drool. It contains four varieties of pre-cooked cereal foods. A gadget for mother is a cap-lifter for vacuum-packed glass jars. It is easy to use and fits the jar cover like new so it can be replaced.

It looks as though these new products will have a big market. Last year, almost 4 million registered births were recorded, exceeding the previous peak year of 1947 by two per cent.

This is partially due to the change of attitude with regard to the large family. There has been a complete reversal of the pre-war vogue for one or two children. This indicates that the younger generation apparently doesn't have too much fear for the future.

## Goodwill Trucks to Come May 21

Miss Edith Sorenson of 246 Linden, Northville, has been employed by the Goodwill Industries of Detroit to act as its representative in Plymouth and Northville. Her duties will be to take truck pick-up calls for discarded materials which are used at the Goodwill workshops to provide employment and training for physically handicapped men and women.

The next pick-up by the Goodwill trucks in Plymouth and Northville is scheduled for Thursday, May 21. Anyone desiring to contribute repairable clothing, shoes, hats, toys, furniture and small appliances may contact Miss Sorenson by calling Northville 571.

Goodwill Industries now employs 370 handicapped adults, the bulk of whom are employed repairing household discards. Previous collections in Plymouth and Northville have provided many hours of employment for Goodwill workers.

HAPPY BABIES are a joy to every mother's heart, and anyone can see that five-and-one-half-month-old Martha Ellen Laible, is enjoying herself immensely. Her mother, Mrs. Graham Laible, is feeding her one of the latest additions to baby's diet while Martha Ellen beams with delight.

Mrs. Merle Makepeace entertained at a birthday dinner on Saturday, May 8, in honor of her husband. Present were Miss Nancy Makepeace, Mr. and Mrs. Ray Lawrence, Mr. and Mrs. George Matzen, and Merle and Mr. and Mrs. Gilbert Wasalaski and children.

On Sunday evening Mr. and Mrs. Howard Bowring and Mrs. Eva Herrick were guests in the home of Mr. and Mrs. Harry Taylor of Newburg road.

The Plymouth Teachers Club held its monthly meeting on Tuesday, May 5, in the Junior High auditorium. The following officers were elected for the year 1953-54. President, Loren Gries; vice-president, Marguerite Bromley; recording secretary, Patrick Butler; corresponding secretary, Freda Olson and treasurer, Earl Lucas.

Members of circle 2 will meet with the members of Circle 4 on May 20 in the First Presbyterian church parlors. Miss Sarah Lickly will show the members colored slides of Europe.

Mr. and Mrs. Jack Gage of Clemons road were among those from Plymouth who attended the open house and cocktail party Friday evening at the Sheraton-Cadillac Hotel in Detroit.

Mrs. C. Desmond of Joy road was hostess to members of the Warren Joy Extension Group. The subject for the May meeting was "Making Slip Covers" and the lesson was presented by Mrs. A. Kreger. Guests for the evening were Mrs. Vi Eckler and Mrs. Etheleen Gerzina. Plans for the future included a picnic in July and serving luncheon at the 4-H Fair.

Sunday morning breakfast guests of Mr. and Mrs. Jack Gage of Clemons road were Mr. and Mrs. James Horen of Clarkston, Jack Gage of Michigan State college in East Lansing and Mr. and Mrs. William Gage of Glendale, California.

A potluck dinner was held on May 3 at the home of Mr. and Mrs. Robert Mitchell on Hanford road. Guests included Mrs. George Matzen of Traverse City; Mr. and Mrs. Vern Tobey; Mr. and Mrs. Lloyd Dasher and children of Lincoln Park; Mr. and Mrs. Nick Milton and children of Johnson City, New York; Mr. and Mrs. Harry Wiley and children of Lansing; Mrs. Kahl Drows and children of Livonia and Mr. and Mrs. Ted Malik and son of Plymouth. There were four generations of Mrs. Mitchell's family present at the gathering.

### Kresge's Marks 53rd Year

S. S. Kresge's will celebrate 53 years of doing business this week end. The local store, which will join in the celebration, is a relative new-comer to the Kresge family, having been in operation about one-and-one-half years. The nation-wide chain of stores was started by Sebastian S. Kresge 53 years ago. Kresge is still active in the business. The Plymouth Kresge store will celebrate with anniversary sales, said Marshall Kirkpatrick, manager of the store.

### AAUW to Discuss Work of Past Year

The American Association of University Women will review their past year's work at their next meeting, Wednesday, May 20 at 8 p. m. The group will meet at the home of Mrs. J. R. Witwer on Edison street. The various study groups of the A.A.U.W. will discuss the scope of the past year's work. Co-hostesses for the meeting are Mrs. Hugh Harsha and Mrs. Samuel Dibble, Jr. Shop the easy way. Read our advertisements first, then you will know where to buy, at the price you want to pay.

On Friday, May 22 residents of Plymouth will be asked to buy a "Buddy Poppy." Many citizens know how the money received from Poppy Sales is spent, others frequently ask where does the money go. Proceeds are divided as follows, a large percentage is spent locally for hospitalized veterans and needy veterans and their families, a percentage goes to disabled veterans who assemble these Buddy Poppies in Government Homes and Hospitals and a portion for Rehabilitation. Every penny is spent for the benefit of those less fortunate than ourselves. So buy a "Buddy Poppy" on Poppy Day May 22 in Plymouth.

Take up our quarrel with the foe  
To you from failing hands we throw  
The torch, be yours to hold it high  
If ye break faith with us who die  
We shall not sleep though poppies grow

### Philco Cooking School Nets \$300 for Salvation Army Camp Fund

The Philco Cooking school held at the Penniman-Allen theatre May 6 was well attended and voted a huge success by the audience, as well as officials of Blunk's Furniture.

The school was conducted by Mrs. Mary Scott, home economist for Philco, who prepared various dishes on the stage. She was assisted by Miss Dorothy Howe, home economist for Buhl and Sons company. Also assisting was Mrs. Pearl Lundquist, Mrs. Marie Norman and Miss Elaine Bondie. The event raised nearly \$300 for the Plymouth Salvation Army's summer camp fund. Of this amount, \$100 was donated by Blunk's.

Bags of groceries, and the various dishes prepared on the stage were distributed among the audience. Blunk's donated a Nesco 6 quart casserole, a Hoover steam iron and an electric corn popper which were awarded to members of the audience. There also was a corsage for the oldest mother and a book for the youngest mother and most recent bride attending the school.

The woman with the most recent birthday received a cake, donated by Terry's Bakery, in Plymouth. Other prize donors were Bartell Florist and Cloverdale Creamery. One of the members of the audience received a completely cooked dinner ready to serve for

her evening meal. An interested sidelight coincidental to the distribution of tickets for the school occurred Tuesday, May 5 at the Kiwanis club.

A. L. Lantz, of Blunk's, after informing club members that proceeds from the tickets were to be turned over to the Salvation Army's summer camp fund, succeeded in distributing 56 tickets.

Guest speaker at the Kiwanis meeting was Dr. Harry Godsell, of Pontiac, President of the Michigan State Chiropractic association, who addressed the club on spinal posture in every day health. Dr. Godsell then spoke in high praise of the Salvation Army and what it had meant to his own personal living.

To accentuate his praise, Dr. Godsell donated \$10 to the Summer Camp fund and invited other Kiwanians to match his donation.

Response to the doctor's plea was so great that an additional \$45 was poured into the Salvation Army fund.

Store officials at Blunk's expressed deep appreciation to all those who made the event possible and "hoped that home-makers who attended the school had a pleasant and instructive afternoon."

Placing of fertilizer in bands two inches below onions, sugar beets, head lettuce and spinach gave much bigger yields in Michigan Agricultural Experiment Station tests than drilling it in with seed.

### County Realtors Board Holds Dinner Meeting

The Western Wayne County Board of Realtors, made up of eight different communities, held an inter-city dinner meet last Monday at the Hotel Mayflower. Dr. Charles E. Irwin, speech professor at Michigan State college was the featured speaker.

### Grange Gleanings

The Grange meeting of May 7 was our usual supper meeting. Only three of the birthday folks appeared. Too bad. The program consisted of a talk on Mothers by Reverend Clifford and some accordion music.

The many friends of Mrs. Clara Huebler were shocked and saddened to learn of her death last Sunday morning. She was a very lovely woman whom it was a privilege to know. Everyone who knew her, loved her for her sweet kindness, her helpfulness and

goodness. She was a wonderful wife, mother and friend and will be greatly missed in the Grange, in the Eastern Star and other groups of which she was a member. Our sympathy goes out to her family and friends.

There was quite a good gathering at the Lily club at Ray Mettetal's on Monday evening. The crowd went in time for pot luck supper. There were five tables in play which is fairly good.

**LEGISLATIVE NEWS LETTER**

By Leonard E. Wood  
State Representative

The Friday, May 8, deadline for moving bills from house of origin, was responsible for a majority of House members reversing their stand on holding up action on appropriation bills until passage of an adequate tax bill. With the deadline fast approaching, the House with the assurance that the Senate, working day and night, on the tax problem, would come up with a major tax bill before the final passage by the Senate of House appropriation bills, and by the House of Senate appropriation bills, took up the budget bills originating in the House and finally passed and sent them to the Senate. The Senate did likewise with their budget bills. As you know, before a bill can be sent to the Governor for approval or veto, it must, regardless of which side it originates in, be passed by both the House and the Senate in exactly the same form.

cards, however, for the budget bills and several members objected to voting money for necessary functions of government without first knowing where the money was coming from, and that a tax program would be enacted to bring in the revenues to cover the authorized expenditures.

During the debate on the House Bills, totaling some \$237,000,000.00, an effort was unsuccessfully made to place an amendment on each bill to guard against any possibility of increasing the existing deficit. The amendment would force holding back in an emergency pool, 10 percent of all moneys appropriated, and authorizing the "Little Legislature" composed of the Governor, Lieutenant Governor, Speaker of the House and the appropriating committees of House and Senate, to meet and release supplemental funds from the pool, to those departments unable to get by on the 90 percent. During the course of the discussion, a parliamentary inquiry was made and a ruling requested of the Chair as to whether or not the amendments were germane to the bills in view of the limited authority vested in the "Little Legislature." The Chair ruled that since

the Emergency Appropriations Commission (Little Legislature) was created solely for the purpose of considering appropriations for matters of emergency nature which arise after the Legislature adjourns, and in view of the fact there has been no amendment to the act creating the "Little Legislature," the amendments to the bills were not germane. It was further pointed out in the ruling, that the law expressly prohibited the Little Legislature from appropriating or allocating any money for any purpose that could have been anticipated and made while the Legislature was in session, or for any purpose that had been considered and denied by the Legislature.

The House appropriation bills broken down are as follows:  
HB 468 - \$ 7,125,904.00 for Conservation, Agriculture, Recreation and Advertising.  
HB 469 - \$50,441,454.00 for educational institutions of higher learning.

HB 470 - \$147,340,309.0 from restricted funds for highways, conservation and other departments and agencies operating under earmarked money.  
HB 471 - \$ 7,133,301.00 for regulatory boards and commissions.

HB 472 - \$ 13,325,616.00 for general government.  
HB 473 - \$11,995,359.00 for state police and purposes related to public safety and defense.

The House passed SB 1138 permitting the Board of Directors of any bank or Savings and Loan Association or Building and Loan Association to provide for opening of their financial institution on any legal holiday except Labor Day, Thanksgiving, Christmas, New Years, Memorial Day and the 4th of July. Because of an amendment that was placed in the bill permitting county offices to close on Saturday, it is expected a motion will be made on Friday to send a respectful message to the Senate requesting return of the bill for the express purpose of reconsidering the vote by which the bill passed, and then delete the amendment from the bill as many feel the hitch-hiking amendment permitting county offices to close on Saturday has no place in this bill.

The Probate Judges' retirement bill provoked a heated floor fight before it was sent back to committee, and is thus dead for this session.

**Bovines 'Get Sent' Give More Milk to Radio Strains**

Bossie—the milker—may one day become a connoisseur of slo-foot waltzes or dip-me-eight-to-the-bar-jive.

It's all for science and a larger milk supply—to the tune of music.

"We have found that cows vary in their music tastes. Some prefer quiet, peaceful melodies. Other bovines 'get sent' with faster tunes."

This was the statement of pert Frances Knight, 32-year-old redhead and manager of radio station WORX-FM in Madison, Indiana. She told broadcasters attending the National Association of Radio and Television Broadcasters meeting last week in Los Angeles, that her FM station has been broadcasting two programs a day for cows for the last year and a half to encourage milk giving.

The program strictly for cows is scheduled in the morning and evening just around milking time. "We even get requests from farmers," Miss Knight told at the frequency modulation panel discussion.

The FM signals can be picked up in barns static free despite the whirr of electrical milking machines or other apparatus where AM stations would be blotted out.

A stronger following for her station and increased dairy production with more money for dairymen were said to be the net results of her cow programs.

When reported in a United Press dispatch, the broadcasters were mulling over the idea of cow music beamed especially for bovine contentment as she deposited extra quarts in milk pails.

**Edison Orders Giant Turbines**

Detroit Edison has ordered two giant steam turbine generators—the largest in the world—which will boost Southern Michigan's electric energy supply by 520,000 kilowatts, nearly 700,000 horsepower.

Manager of Purchases Chester F. Ogden said the two turbine generators—each with a capability of 260,000 kilowatts—are the largest ever designed in the United States or in the world. Ogden said one has been ordered from General Electric and the other from Westinghouse.

The big machines are the first two that will be installed in a new Edison generating station to be known as the River Rouge Edison Plant. The new plant is being planned for location at the joining of the Detroit and Rouge rivers.

The Rouge plant will be the second started by The Detroit Edison Company since 1950. It will be the sixth for the company, which already has plants at Trenton, Delray and Conners Creek in the Detroit metropolitan area; Marysville, near Port Huron, and a new plant—the St. Clair—between the communities of St. Clair and Marine City.

Construction is set to start in January, 1954. Announcing the ordering of the new equipment, Detroit Edison

# Predict Middle Rouge Parkway Will Attract 7,500,000

The 17 1/2-mile-long Middle Rouge Parkway at Plymouth's front door is one of Wayne county's largest and finest "gifts" to Metropolitan Detroit.

For the estimated 125 million persons who have shared in its recreational facilities since 1924, have romped over its 2,200 acres, or have just enjoyed the varied scenery, the Parkway holds a myriad of "secrets" of people at play.

The self-contained "playland" that boasts two 18-hole golf courses has been declared "about the best between New York and Chicago."

The Parkway's evolution has spanned nearly a 30 year period. It grew from a 16-acre wooded plot given to the county in 1924 by Mrs. Cass Benton, whose husband was a county road commissioner during the early 1900's.

Plymouth, in the latter 1920's, added to the Parkway's breadth when it donated the bottom land east of Riverside cemetery, now known as Riverside park.

Other Parkway acquisitions (Nankin Mills was donated by the Ford Motor company) have swelled the Parkway to its present 2,200 acre size crisscrossed with 23 miles of paved and graveled roadways. In addition, there are 12 miles of bridge trails

that stretch uphill and down, through grassy stretches and wooded glens to test every type of horsemanship.

For the sedentary picnicker, an estimated 7,500,000 trek to the Parkway each year, there are a myriad of facilities to make his back to nature camp-a-day life as convenient as the nearest water tap, camp stove and picnic table.

Currently, some 75 Parkway maintenance men are grooming the park from its Northville limits south to Outer Drive, an expanse of 17 1/2 miles.

They're setting out 2,200 picnic tables; checking out for repairs 900 camp stoves, leveling off 21 softball and three baseball diamonds, besides readying 14 courts that will resound with a "whoop" as racket and tennis ball collide.

Already in play are some of 70,000 who will "shoot" rounds of golf at the Parkway's Warren Valley and Gully and Inkster 18-hole golf courses spread over a 240-acre expanse.

The clubhouses throughout the summer will resound to an additional 25,000 from clubs and organizations throughout the metropolitan area who will hold convention meets and gatherings there. The clubhouses have become famous as the meeting

ground for such groups as the Rotary. It has hosted members of such industrial "giants" as General Motors corporation.

For the kiddies, the Parkway's green expanses and shady glens offer a respite from the whirl of traffic ridden cities. It boasts 50 swings and 48 swing sets for tots. There are 42 slides, 12 shuffleboard courts, two wading pools, 15 sandboxes and, for the adult—60 horseshoe courts.

Within the confines of the Parkway are four lakes, the largest of which is Newburg with an outlet into the Middle Rouge river. Its concessionaire affords the venturesome canoeing and boating. The one-mile-long lake

is located at Newburg road and Haggerty highway.

Beside its nine concession stands, 18 comfort stations, the multi-million-dollar Parkway also boasts a scenic and unusual arboretum. Landscaped with its green expanses, the arboretum contains over 500 species of trees, some of them imported from the far corners of the seven continents.

Located between Reservoir and Sheldon roads, the arboretum is "sort of an informal thing," one Parkway official said. He said the arboretum was made that way on purpose to emphasize the botanical difference between the angiosperms and gymnosperms.

both classes of varying tree species found there.

Parkway officials look at their installation in terms of ease and convenience and carefree hours in the climatically just-right atmosphere in the summertime—away from closed in living rooms.

"It's just like any public work," one official said, "if you have enough money there is lots you can do."

Of the 10 million who habit county parks, some 7,500,000 will go to the Middle Rouge Parkway, perhaps bearing out the popularity and the ever-expanding, ever-growing park expanse.

For the 75 to 80 who will police

up after the visitors, it is a lot of work. The crew expects to collect something like 600 tons of garbage, over a hundred thousand pop bottles and if past precedents bear up, they will collect ton after ton of paper that scores some of the 95,832,000 square feet of the county's biggest playland.

Cleaning the air cleaner on your tractor every day during spring work is a must, says Walter M. Carleton, agricultural engineer at Michigan State College. Twice-a-day cleaning, he says, is necessary under especially dusty conditions.

## Tells Danger of Children Playing on Train Tracks

Danger as great as death as frequent as on the battlefield lurk for children who play on railroad property, the Michigan Railroad Officers Association asserts, and is conducting a campaign to save Plymouth children from disaster.

"Eighty-two children died and several hundred others were badly hurt, most of them crippled for life, in 1952 while playing on the nation's railroad tracks," according to Arnold B. Vecchiato, Detroit, Superintendent of Police, Pere Marquette district, Chesapeake & Ohio Railway. "That must never occur again; yet it will happen if we cannot convince boys and girls that railroad property is the world's worst playground."

The campaign now under way is national in scope. More than 1,000,000 copies of a circular reciting the dangers of playing on railroad tracks have been distributed all over America. Every school teacher in the nation's public and private schools has received a copy. Others have gone to service clubs, newspapers, radio stations, Parent-Teacher organizations, police departments, sheriffs' organizations and state police. More than 200,000 have been distributed in Michigan.

"Every adult who has contact with children as a parent, teacher, guardian, spiritual adviser or civilian official should join in this campaign to halt a practice in which youth never can win and too often is the loser," explains Chief Vecchiato. "The youngsters don't realize how great is the danger they court when they play around railroad property. It's up to their adult associates to make them understand that playing on the railroad can be as dangerous to them as stepping out on a battlefield can be to a soldier."

Vecchiato, who is chairman of the Safety Committee of the railroad police organization, adds that children not only endanger themselves playing on railroad property, but too often, by throwing rocks or shooting small-caliber guns at passing trains, have badly injured train crewmen and sometimes passengers, and have derailed trains, again sometimes causing injury to the crews, by placing obstructions on the rails. "When our famous FBI

MEMBERS OF THE CHAMBER of Commerce highway committee are pictured in the office of Governor G. Mennen Williams last Friday in Lansing. Standing left to right, in back of the Governor are, Nat Sibbold, Dr. George Timpona, Sterling Eaton, Edwin A. Schrader and Ralph G. Lorenz. At

the suggestion of the Governor two different state agencies will be contacted by the group as well as the Wayne County Road Commission in an initial effort to start future planning for more and faster highways in this area.

at Washington joins in the hue and cry urging children not to play around railroad property, one realizes how great the danger is and the vast amount of damage and destruction that has been caused by the misguided playfulness of boy and girl trespassers."

The railroad police officer predicted that before the present school term ends, every pupil and student in Michigan's schools will have been contacted and urged to avoid railroad trespassing.

Fungicides can be sprinkled right into garden seed packets and shaken around to coat the seeds and fight disease, suggests Dr. Edward A. Andrews, Michigan State College plant pathologist.

## WITH PLYMOUTHITES IN THE SERVICE

Brief items of interest about Plymouthites in the services are welcomed in this column, providing the information does not conflict with press security policies.

**Bernard Hill**  
Army Sergeant First Class Bernard R. Hill, whose wife, Elmira, lives at 239 Palo Verde, Monterey, California, is getting first hand combat training in atomic warfare at Camp Desert Rock, Nevada, proving ground of the atom bomb.

Crouched in a trench, relatively close to "ground zero," he recently witnessed the seventh blast of a nuclear device in the spring series.

Shortly after the explosion, he clambered out to take part in a mock attack on the devastated area.

Thousands of troops from all parts of the United States are gathered at Camp Desert Rock to receive thorough instruction in atomic warfare, its potential damage, and defenses against it.

Sergeant First Class Hill, an assistant instructor with the 1st Field Artillery Battalion, Fort Ord, California, is a Korean veteran and wears the Bronze Star Medal and the Korean Service Ribbon.

The son of Mr. and Mrs. Carlton J. Hill of 11258 Laurel Street, Plymouth, he entered the Army in August 1950.

**Raymond Schraufnagle**  
Attending the Navy Fire Control Technician school at the U. S. Naval Receiving Station at Washington, D. C. is Raymond E. Schraufnagle, seaman, USN, of 45247 Cherry Hill road, Route 2, Plymouth.

Navy fire control is the system of directing the gunfire of ship's main and anti-aircraft batteries and the control of torpedo launching.

Technicians, in a 41 week course, are taught the repair and maintenance of the equipment for fire control.

## Madonna College to Show Creative Art and Ceramics

The adult art classes at Madonna college, Livonia, will entertain their friends and relatives at a tea and art display to be held there Sunday, May 24, from 3 to 5 p. m.

The ceramics class will exhibit this year's accomplishments featuring ceramic sculpture, a tile coffee-table top, and pottery. The painting group will display portraits, still-life, landscapes both in oil and water color.

Guests will be conducted on a tour through the college to enable those who are interested to see the recently built student dormitory and social rooms.

The adult art program was begun in the fall of 1948 and has ever since been enjoying a continuous attendance in increasing numbers. Courses are offered in painting (all media), weaving, crafts and ceramics. Student work is greatly helped by the instructor's class presentations interspersed with slide-lectures and demonstrations.

This year's classes totaled 41 students among whom were local nurses and housewives. The women considered it a pleasant pastime to spend an evening a week just doing something other than their daily tasks. Much innate and perhaps latent artistic ability has also been discovered and is now in the process of being developed.

## Ex-Plymouthite Gets Merit Award From Lions Club

Police Lieutenant Harris F. Howell, acting inspector of the Detroit police department's Petoskey station, was last week awarded the Downtown Detroit Lions club Award of Merit.

Howell, a former Plymouthite, was elected first vice president of the club at its noon meeting in the Statler hotel. The presentation was made by Common Pleas Judge Ned H. Smith who stated that "Howell's contribution to the underprivileged children of Detroit and his work among the blind reflect the same devotion he has given to his job as a police officer."

Howell, the son of Mr. and Mrs. George E. Howell, of 11329 Gold Arbor road, holds 26 police citations and the Walter Scott Medal of Valor for 1951.

He has been chairman of the major activities committee and also has led the Lions membership committee. He has been a Lions member for seven years.

Howell attended Plymouth High school until 1927. He is a 16-year veteran of the police department.

## CHAMBER of COMMERCE Attention General Public

The Better Business Board of the Plymouth Chamber of Commerce, has received numerous calls relative to a sales promotion sponsored by Memorial Gardens Association, a cemetery organization with offices in Detroit.

Briefly, this is how it works - a door to door canvas is made, a casket is sold on an installment plan for some future use. With this contract, verbal assurance is given the purchaser that he can call on local Funeral Directors for the services when needed. No Funeral establishment in Plymouth is participating in this plan.

This advertisement is not to be construed as recommending or condemning this promotion. We suggest however, persons contemplating the purchase of such a contract consider the possibilities of having it fulfilled as presented.

Consult your Attorney or Bank or both before investing in such a venture.

## HELLO, JOE

(JOE started to work at Daisy last week in our tool room. We thought you folks in Plymouth, perhaps interested in working here, might like to hear what we have to say to him.)

Nice to have you with us, Joe. We've been in business 64 years here in Plymouth. A few folks have worked with us almost since the beginning—guess they liked it here! We hope you'll like it, too. We want you to become "one of the team" here at Daisy.

Employees and management here at Daisy ARE the team, working together to run out the best air-rifles and play guns in the whole world. We're pretty proud of the fact that almost three generations of American kids have used and loved their Daisy air-rifles.

As a member of the team, Joe, you're entitled to share with us. We think every man is entitled to a just and living wage, and we pay good hourly wages. But on top of that, Joe, we want you to share in the good fortunes of the business. We share profits here at Daisy. 30% of the profits of the business is divided among all employees. Half is distributed in cash, twice a year. The other half goes into a Retirement Fund, a portion of which, after you've been here a year, will be set aside for you. It will be yours, nobody else's; a chunk of money added to annually by the Company so that, after 11 years of employment, you can retire if you wish.

Someday maybe you, or one of your family, may become ill, Joe. We provide for the expenses of illness through our group insurance plan, on which we share the cost of premiums. The Company pays 76%—you pay the balance. The plan pays you cash for household expenses if you're ill more than 3 days, and if you need nursing care at home, the plan provides for Visiting Nurse service. There is also a life insurance policy for your family on your life, fully paid by the Company.

We want your attendance to be good—it increases efficiency. We believe that good attendance should be rewarded, and we pay "perfect attendance bonuses," after six months without absence. Bonuses increase as perfect attendance continues, and after 3 years without and absence a man can earn as high as \$75 extra in a 12-month period just for working full time.

After you've been here six months, Joe, you'll become eligible for vacation pay amounting to half of one week's pay. After a year, you'll be eligible for a full week, and it builds up gradually until, after 11 years, you're eligible for three week's vacation pay. In addition, there are six paid-for holidays so you can enjoy yourself without worrying about household bills on those holidays, Christmas, Decoration Day and the rest. You'll be eligible for holiday pay after your 40-day try-out period.

Like sports, Joe? We play a lot of softball here, with four teams organized in the plant. We have a bowling league that has fun all winter long.

By the way, you can smoke on the job if you like. We have a cafeteria; and there are rest periods, morning and afternoon, for that cup of coffee. We think you'll like it here, Joe, and we hope you stay for a long, long time!

(Daisy has several openings for men, in Press Room, general Utility, Shot Department. Please apply in the Employment Office, 8 a.m. to 5 p.m. daily, 9 a.m. to 11 a.m. on Saturday)

## Official Proceedings of The Board of Education

The regular meeting of the Board of Education was held in the high school on April 13, 1953. Present: Mr. Gallimore, Mr. Laury, Mr. Smith and Mrs. Willoughby.

Also Mr. Isbister, Superintendent of Schools. Absent: None. The meeting was called to order by President Gallimore at 8:00 p. m.

The minutes of the last regular meeting were read and approved as read. Don Rank, Principal of the Starkweather School, reported on the proposed school camping program. He noted that, of the twenty seven families whose opinions were sought in a survey, twenty five gave favorable consent to have their children participate in the program. It was suggested that Mr. Rank make available to the parents the results of the survey.

It was moved by Mr. Laury, seconded by Mr. Smith, that the list of teachers recommended by Superintendent Isbister for the school year 1953-1954 be approved and contracts issued for the same. Ayes: Mr. Gallimore, Mr. Hulsing, Mr. Laury, Mr. Smith and Mrs. Willoughby.

Nays: None. It was moved by Mrs. Willoughby, seconded by Mr. Laury, to accept resignations from the following teachers: Cathleen Petchauer, Jean Vernier and Margaret Sliker.

Ayes: Mr. Gallimore, Mr. Hulsing, Mr. Laury, Mr. Smith and Mrs. Willoughby.

Nays: None. It was moved by Mr. Smith, seconded by Mr. Laury, that Miss Mildred Field be named Principal of the Starkweather School. Ayes: Mr. Gallimore, Mr. Hulsing, Mr. Laury, Mr. Smith and Mrs. Willoughby.

Nays: None. It was moved by Mr. Hulsing, seconded by Mr. Smith, that the following resolution be adopted:

"RESOLVED, that access to safe deposit box No. 92 and any box for which it shall be at any time exchanged in the vaults of the Safe Deposit Company of Detroit, standing in the name of this corporation, shall be by any one of the following two persons:

Kenneth L. Hulsing, Secretary Russell L. Isbister, Superintendent

and said persons are likewise authorized to surrender and exchange the same at any time. Safe Deposit Company of Detroit shall be entitled to rely upon the right of access hereby given until it receives a written

notification from his corporation of any change herein or revocation hereof, notwithstanding his authority may have been otherwise revoked by said corporation or by operation of law." Ayes: Mr. Gallimore, Mr. Hulsing, Mr. Laury, Mr. Smith and Mrs. Willoughby. It was moved by Mr. Laury, seconded by Mrs. Willoughby, that the fuel oil contract for 1953-54 be awarded to the Peerless Distributing Company, pending approval by the heating engineer.

Ayes: Mr. Gallimore, Mr. Hulsing, Mr. Laury, Mr. Smith and Mrs. Willoughby.

Nays: None. It was moved by Mrs. Willoughby, seconded by Mr. Hulsing, to approve the tentative operating budget for the year 1953-54 in the amount of \$895,495.00.

Ayes: Mr. Gallimore, Mr. Hulsing, Mr. Laury, Mr. Smith and Mrs. Willoughby.

Nays: None. It was moved by Mrs. Willoughby, seconded by Mr. Smith, to adjourn the meeting.

Ayes: Mr. Gallimore, Mr. Hulsing, Mr. Laury, Mr. Smith and Mrs. Willoughby.

Nays: None. The meeting adjourned at 11:20 p. m.

Respectfully submitted, Kenneth L. Hulsing, Secretary

A special meeting of the Board of Education was held May 4 in the high school.

President Gallimore called the meeting to order at 8:00 p. m.

Present: Mr. Gallimore, Mr. Hulsing, Mr. Laury, Mr. Smith, Mrs. Willoughby, and Superintendent Isbister.

Guests: Peter Tarapata - of Eberle M. Smith and Associates, Carvel Bentley, Mrs. Jean Ross, Mrs. Ethel Skaggs and Mrs. Soule.

The meeting was called for the purpose of discussing a proposed Home Economics arrangement for the high school and also a modernized cafeteria kitchen for the high school.

It was moved by Mr. Hulsing, seconded by Mrs. Willoughby, that plans and specifications, as proposed by Mr. Tarapata and incorporated changes as recommended by the Board, be approved and advertised in the Plymouth Mail May 9 and 16.

Plans and specifications will be ready for contractors on May 12 and bids will be received up to 8:00 p. m. on May 26 at the office of the Superintendent of Schools.

Ayes: Mr. Gallimore, Mr. Hulsing, Mr. Laury, Mr. Smith and Mrs. Willoughby.

WASHINGTON, D. C.—Seeing the beautiful and historic sights of their Capital proved a thrill for these young AAA safety patrol boys. They were among 112 Michigan Patrollers taken on a four-day honor trip here by Automobile Club of Michigan as a reward for long hours of guarding classmates at school corners. They left Detroit Thursday, May 7 and returned Sunday, May 10. From left to right they are: David J. Conrad, Our Lady of Good Counsel, Plymouth; Thomas E. Simmons, Smith Elementary school, Plymouth; and Dennis Manchester, Roosevelt school, Redford Township.

### School Group Plans Style Show

A style show called "Fashion Festival" will be presented by girls in the home-making department of Plymouth High school on Tuesday, May 19, at 8 p. m. The show will be supervised by Mrs. Jean Ross.

Style commentators will be Judith Marshall and Mildred Green. Nancy West, Jane Nulty and Sue Simmons will accompany at the piano.

Between-scene music will be provided by the Triple Trio: Terry Carney, Marilyn Cash, Ellen Daane, Joan Donnelly, Mary Lou Hartwick, Connie Jewell, Ella Plant, Jackie Pomeroy and Joanne Pursell. Sally Canning will accompany them.

Mrs. C. Soule, with hostesses Norma Bloomhoff, Dolores Ekstrom, Pat Rensel and Shirley Koehler, will serve refreshments following the style show.

Parents, students and other interested persons are invited to attend the event. Admission is free.

Respectfully submitted, Kenneth L. Hulsing, Secretary

### Burroughs Adding Mach. Becomes Burroughs Corp.

Burroughs Adding Machine Company has been re-named Burroughs Corporation, and the Company's authorized common stock increased from 5,000,000 to 7,500,000 shares as a result of balloting at the annual stockholders' meeting held at Company headquarters in Detroit. The stock was changed from a no par value stock to \$5 par value.

John S. Coleman, President, explained that "Burroughs Corporation," preserves the essential name of the founder and is more in keeping with the Company's widely diversified line of products and services than "Burroughs Adding Machine Company."

**FIRST CHURCH OF CHRIST SCIENTIST,** Sunday Morning Services, 10:30 a.m. Sunday School, 10:30 a.m., for pupils up to 20 years of age. That the real man is immortal is shown in the Lesson-Sermon entitled "Mortals and Immortals" to be read in all Christian Science churches on Sunday, May 17. The Golden Text is from Romans (8:6): "To be carnally minded is death; but to be spiritually minded is life and peace." Among the Bible citations is this passage, (Acts 17:24, 25): "God that made the world and all things therein, seeing that he is Lord of heaven and earth, dwelleth not in temples made with hands; Neither is worshipped with men's hands, as though he needed anything, seeing he giveth to all life, and breath, and all things." Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "In Science man is the offspring of Spirit. The beautiful, good, and pure constitute his ancestry. His origin is not, like that of mortals, in brute instinct, nor does he pass through material conditions prior to reaching intelligence." (p. 63)

**No doubt about it...  
Chevrolet trucks  
must be the best buy!**

This year—for the 12th straight production year—truck users are buying more Chevrolet trucks than any other make. That couldn't be true unless Chevrolet trucks offered more of what you want. Already, 1953's official sales figures tell a remarkable story of clear-cut and decisive preference for Chevrolet trucks. But, this is not surprising, for truck users everywhere are discovering how far ahead of all others Chevrolet trucks really are.

They are discovering things like the tremendous new power in advanced Load-master engines in heavy-duty models... the remarkable gasoline economy... the extra ruggedness and strength of heavier, more rigid frame construction. And, in addition to all these advantages, the Chevrolet line lists for less than any other trucks of comparable size and capacity. So, before you buy any truck, stop in and see us.

## Track Men Score Decisive Victory Kelly Ties Mark

One school record was tied and several approached as the high school track squad swamped Belleville 95 2/3 to 13 1/2 last Thursday afternoon on the local cinder track. This is one of the most lopsided league duel meet victories in recent years. Jerry Kelly's flying feet sped to a record tying performance in the 100 yard dash—he won it in 10.3 seconds to tie the school record set by Paul Harding in 1950. Kelly also ran a very fast 220 in 23 seconds flat to come within a few tenths of a second of equalling Harding's record in that event.

A feature of the meet didn't materialize when Belleville's star shot-putter, Earl Glenn, didn't accompany the team as he was on the senior trip. He has consistently put the iron ball more than 50 feet in each meet this year—Ron Nyhus, star of the local team won the event at 49 feet 1 1/2 inches.

The local performers took all first places and swept the mile, 440, shot put, pole vault and broad jump.

Gerry Swain, who has been improving fast this year as a sophomore, started things off with a victory in the high hurdles in 17.2 seconds—Earl Fulton placed third; Plymouth won the medley relay event in 2:42.7; Kelly took the 100 in record time with Dick Nagel third; John Bonga squeezed through the mile five yards ahead of Plymouth's Sam Davis with Wayne Smith placing third; Rod Juve ran a nice 440 in 57.2 with Paul Hamlin second and Harold Pine third; Swain also ran the 160 hurdles for the first time and romped home first in 22.3 with Ralph Wagenschutz second; Kelly won the 220 with Dick Nagel third; Lynn Becker took the 880 in 2:13.3 with Ralph Bakewell second; Ron Pagenkopf outjumped the others in the high jump to win with a leap of 5 feet 6 inches; Jim Troutman was second; The Plymouth half-mile relay team won in 1:39.9; Nyhus took the shot put with Jerry Vettese second and Dick Nagel third; Mecklenberg won the broad jump at 17 feet 10 inches with Paul Hamlin second and Rod Juve third; Jim Troutman won the pole vault with a vault of 10 feet; Dick Rose, Bob Gobel and a Belleville lad tied for second and third.

This past Tuesday the Rocks met Bentley in a duel meet, and this coming Saturday they go to Ann Arbor to compete in the Class A State Regionals. Preliminaries are in the morning and the finals in the afternoon. Such teams as Battle Creek, Ann Arbor, Lansing Eastern and Sexton, Jackson and other good Class A teams will be competing in this meet. The first three place winners in the regionals are eligible to compete in the state meet the following Saturday.

## Linksmen Take Two Victories

Two golf matches were taken by the Plymouth High school linksmen last week. The Plymouth foursome have been improving rapidly of late and were conceded an excellent chance of capturing the league title which was held yesterday at the Idyl Wild Golf Course on Six Mile road.

In the first match which was played last Monday the Rocks swamped the Allen Park lads by 90 strokes to win by a combined stroke total of 171 to 261. The two Rock co-captains, Tyler Caplin and Fred Benson were again co-medalists, each with a 40 score; Dick Partridge had a 45 and Mike Reh a 46. The Allen Park scores were 56, 61, 69 and 74.

On Wednesday, the Rocks edged Bentley by 4 strokes to win by 174 to 178. Again Caplin and Benson led their team each with a 42. Partridge had a 44 and Reh a 46. Andrews of Bentley was medalist with a 40; the other Bulldog scores were 44, 45 and 49.

The Class A State Regionals will be held this coming Saturday at Battle Creek.

## Sports Glances

by "Professor" Edgar Brown.

The former Plymouth High track star, Louis Vargha, has again distinguished himself on the cinder track. Last weekend in a meet with Penn at East Lansing he broke the MSC record in the 440 yard dash by posting a 48.2 seconds for the quarter-mile. He had also tied the college record in the 220 yard dash at 21.5 the week previous in a meet with Illinois at Champaign.

Young Vargha is a junior, and just coming into his own as a great quarter-miler—another year should see him among the best in the nation. Could be we have a future Olympic star in our midst!

His recent endeavors are related in an article on this page.

The high school sports teams are enjoying a very good year in athletics. The football team was one of the best in the state in winning all their games. The cross-country squad entered Class A for the first time in a state meet and finished ninth.

The basketball team came in third in league, entered Class A tournament play and beat Lincoln Park before bowing to state champion Fordson in a hard struggle. The baseball team is one of the best of recent years and are at present in the thick of the fight for first place. A well-balanced track team has won all the dual meets, and is favored to take the league track crown. The golf team could win the league title this year, while the tennis team has had a fair season. All in all, the sports program this year has been in high gear and a most profitable one in games won.

The first real summer days of the year came last weekend when Plymouthites enjoyed a sweltering Saturday and a beautiful Mothers' Day Sunday. Many were seen mowing lawns, planting flowers or preparing gardens; screens replaced storm windows; the kids were frolicking on lawns and playing ball; the first rush for hot dogs, buns and charcoal for picnics in lovely Riverside Park was reported by merchants. We had our first picnic in the park this year and saw many other local families taking advantage of the delightful weather to eat and play outdoors.

The citizens of this area really have a wonderful park for recreation and picnics, and should be proud of it and express their appreciation by keeping it clean and beautiful.

I just saw Sara Church's Hallmark Card program on TV, and that is one of the many programs I enjoy. This particular one depicted the story of the Statue of Liberty and its gift to the American people from the French people, and the many problems confronting them in making it possible.

Each performance concerns some historical event of importance to the American or British people, and is presented in truly interesting fashion.

Television brings into the home so many things for people today, and it has really only touched upon the possibilities of the future. I predict that within 10 years many educational institutions will have a television room where classes may go for visual and audio instruction on any subject desired. All this will come from a central educational station in a large city and will be open to anyone who wants to tune in on the program. Progress is a wonderful thing.

The Detroit Tigers are still wallowing in the basement of the American league even though they lead the league in hitting with a nifty 271 percentage, in hits and in runs scored. They also lead in errors, and the pitching has been spotty—some good hurling performances have been registered but when they were the hitters were not hitting—they just can't seem to get together on hitting and pitching. I still don't think that this club will end in the basement this year—they will begin clicking soon and win more games than they have been so far.

## Trenton Hands Rocks First Loss Kisabeth Loser

The string of victories of the high school baseball nine, and the unblemished record of pitcher Kenneth Kisabeth, came to an end last Tuesday in a game played over at Trenton when the Rocks bowed to the Trojans 4 to 2 in a well-played game. Young Kisabeth had hurled 28 innings and allowed 2 unearned runs, but the Trenton hitters solved him for 7 safe blows for 2 earned and 2 unearned runs to hand him and his mates the first defeat of the year.

The Rocks jumped off to an early lead in the first inning when Cavell walked. Gotthard sacrificed, and Finney singled. Cavell home for the first run of the game. Trenton went into the lead in the second inning when Kisabeth walked Porath, the next three men singled, another struck out, and the next singled for the two runs to put the Trojans ahead 2 to 1. The Rocks tied it up in the top of the fourth inning as Ritter opened with a single and scored on a sacrifice, a ground ball and an error.

Trenton scored single runs in the fifth and sixth innings to win the victory.

The Rocks had a total of 5 hits—2 by Finney, 2 by Ritter and 1 by Straub. All the hits in the game by both teams were singles.

Kisabeth struck out 3 men, walked 3 and hit 1 batsman. His opponent, Daniels, struck out 5 and walked 4 men.

## Junior Varsity Nine Break Even

The Junior Varsity baseball nine broke even in two games last week winning from Trenton 3 to 0 while losing to Allen Park in extra innings by a 4 to 3 score.

In the Trenton win, Henry Bonga shut out the Trojans with four scattered hits, struck out 7 and walked one man. Woods, the Trenton hurler, allowed Plymouth 7 hits, struck out 9 men, but walked 12 men.

Plymouth scored one run in the fourth inning, two in the fifth and three more in the sixth inning. Larry Wilhelm and Walter Wilezowski each had two hits for the Rocks with Danny Clifford, Paul Cummings and John Agnew one each.

In the Allen Park loss, the game went eight innings before the Parkers shoved across the winning run on two walks and a single. Ron Church hurled this game and allowed 5 hits, struck out 7 and walked 5 men. Malley, his opponent, allowed 4 hits and hit 4 batsmen.

Opportunity and happiness wait for no man, as many a man knows to his sorrow.

Impatience relieves no ill; on the contrary, it is a sharp additional pang added to all the rest. But resignation soothes and lightens all we suffer by showing the gain there is behind—Fenelon.

## WANNA BEAT THE CHAMP?

## To Form Girls' MRA Softball Team on May 20

The Recreation Department announced last week that it is forming a girls' soft team among Plymouthites to play in competition with similar teams from Ypsilanti and Wayne throughout the summer.

Girls interested in joining the local team are urged to contact Herbert Woodweaver, Director of recreation and adult education, by telephoning 895 or by coming to the play area behind Plymouth High school at 7 p. m. on May 20. The league will play under Michigan Recreation association standards.

## Racquet Squad Drops Two More

Two more games were dropped by the Plymouth High school tennis squad last week, the first to Ypsilanti Roosevelt by a 7 to 0 count and the second match went to Bentley by a 6 to 1 score.

In the first match Bon Wendland, Jim Zukosky, Ed Rossow and Brian Kidston all lost in singles play. The twosomes of Bob Nully and Bruce Green, Elmer Whipple and Dick Root, and Jerry Steele and VanOrsdale all lost their doubles matches for the shutout.

In the Bentley tilt, Zukosky pulled out the only win, with Wendland, Kidston and Bob Bateman losing their singles matches. In doubles, Nully and Green lost, as did Whipple and Root, and Rossow and Steele.

Opportunity and happiness wait for no man, as many a man knows to his sorrow.

## Plymouth Nine Edge Allen Park

The Plymouth Rocks got back on the victory march again, after losing to the Trenton Baseball team, as they defeated the Allen Park nine by a 6 to 4 count. The Rocks got their 6 runs on 6 hits with Allen Park scoring 4 runs on 4 hits. Kenneth Kisabeth hurled for Plymouth and struck out five while walking four and hitting two batsmen.

Plymouth jumped into the lead in the second inning when they scored two runs when Huebler got on through an error, Middleton sacrificed, Brown singled, Bender singled and an error. The Rocks added three more in the fourth inning when Bob Middleton opened with a tremendous triple. Brown was hit by a pitched ball, Ritter singled, and a ground out and an error provided the runs. The last run was scored in the fifth inning as Middleton singled, went to second on a passed ball, and scored on Brown's single.

Allen Park scored once in the fourth on an error, a ground out and a single. The Parkers counted three times in the fifth on a hit batsman, 2 walks, an error and a double.

Middleton led his teammates a bit with a triple and a single, Brown had two singles, and Ritter and Bender one each.

This game completed the first round of play in the league, and after having met all opponents once, the Rocks have a 4 won and 1 lost record.

## Vargha Smashes MSC 440 Record; Ties 220 Mark

Plymouth's Louis Vargha has carved another niche along his road to stardom in track competition at Michigan State college. Last Saturday he broke the MSC 440 yard dash record by stepping the gruelling quarter mile in a fast 48.2 seconds. The former record had stood since 1927, until Vargha broke it in a meet with Penn at East Lansing now.

Not only did Vargha break the 440 record, but he also tied the 220 yard dash record in a meet at Champaign against Illinois the previous week. Louis streaked the sprint in 21.5 seconds, which tied a record set in 1937 by another Spartan track star. The Plymouth lad is fast developing into one of the best dash men MSC has ever had, and they have had several in the past. In the Illinois meet, Louis also tied the old 440 record, which he broke last Saturday—the old record was 48.3 seconds.

Coach Schaldman is counting on Vargha to pick up some valuable points in the Big Ten meet which will be held at Champaign later on.

Louis has been a member of the highly-touted State mile relay team, but forego that last week to run the individual 440. He is a team, but forewent that last week to run the individual 440. He is a member of the Dean's List since he entered State. He graduated from the local high school in 1950 after having starred on Coach Konrad Moiso's track teams for three years.

He will be running in a meet with Michigan at Ann Arbor Saturday, May 23.

His parents are Mr. and Mrs. Andrew Vargha of Gold Arbor.

## Merchants Again Win Easy Game

The Plymouth Merchants won their second straight Inter-County league game by a lopsided score last Sunday when they defeated the Redford Lions by a 20 to 3 count. The game was played over at Belle Creek. The Merchants amassed their 20 runs on 16 hits and a number of errors and walks.

Pete Collura hurled the first seven innings and Manager Warren Bassett the last two—their combined offerings were dented for a total of 10 hits by the Lions.

The Merchants scored in every inning but the first, the big one being the second when 7 runs crossed the platter. The big blow in that inning was a home run by Wally Dzurus with two of his mates on base.

Gilbert Walasalski, Swartz, Towcheck, Collura, and Ed Hoek each had two single with Collura contributing a triple and a double. Eddie Kabitsky, DeWulf and Macomber each had one hit.

Next Sunday the Merchants play at home on the Riverside diamond against Wyandotte. The game will begin at 3 o'clock.

Results of other games in the league found Wayne defeating River Rouge 10 to 5; Auto Club walloping Livonia 22 to 3, Northville edging Farris 3 to 2, Teamsters beating Walled Lake 11 to 5, Wyandotte taking a game from Lincoln Cubs 10 to 2 and Food Fair blanking Grandale 4 to 0.

**Girl Scout News**

Plymouth Girl Scouts are being offered a very special opportunity in riding lessons. The course will be given at the North-

ville Riding Academy under the personal supervision of Mr. and Mrs. John Wallace. To participate a Scout must be at least 10 years old. The fee will be \$1.50 per hour and class will begin after the middle of June. In addition to teaching riding, Mr. Wallace is prepared to pass the girls in the Horsemanship Badge. It is necessary for 10 Scouts to enroll in order to take advantage of this offer. Parents are urged to call Mrs.

James Lyons at 1678M for complete details. The poster contest sponsored by the Day Camp committee was a great success. About 45 posters in all were entered and are now on display in Davis and Lent's window. A Brownie doll went to the winner in the Brownie division and a Girl Scout doll in full uniform to the Scout winner. Posters were judged on the basis of age and ability of the girls. The committee wishes to thank Mrs.

John Blossom, Mrs. Jean Wernette and James Lyons for acting as judges—a most difficult task in view of the number and attractiveness of the posters. The Scouts also wish to thank Davis and Lent for displaying them. Troop 19, leaders Mrs. Henry Jensen and Mrs. Thomas Thorpe, held an election of officers. Sharon Rubey is the new president. Assisting Sharon are Carol Mault vice-president, Kathleen Zander, secretary, and Patty Couer, treasurer. On Monday the

troop started work on a nature unit. Troop 14 held its meeting May 11, at the home of one of the members, April Corey, on Ann Arbor Road. The girls had a bird identification hike with their leaders Miss Louise Spence and Mrs. Gerald Hostler. The Red Cross Beginners certificate was awarded to Janet Lytle and Lorraine Konke on Saturday May 9, at the regular swimming period. Instructor,

Mrs. Harold Shirey, announces that this coming Saturday, May 16 will be the last chance to complete work which has been started on both Girl Scout badges and Red Cross Tests. Scouts who plan to go to camp are particularly urged to finish their Red Cross tests in order to participate in the more advanced swimming programs at Cedar Lake. This will be the last Scout swim as Mrs. Shirey will not be in town on May 23 or 30. Five members of Troop 1 with

Mrs. Nagy went to visit their shut-in member, Iris Cody. They played games and helped Iris with a glass-painting handicraft project. The girls who made the trip were Joanne Nagy, Sharon Woods, Kathleen Yakley, Marilyn Richwine and Christine Baker. All the members of the troop have now visited Iris at least once. The Girl Scout leaders will hold their regular meeting on May 18 at the Cabin at 7:30 p. m. The Council will meet on May 19 at the home of Mrs. E. J.

Readman at 8 p. m. On Monday, May 4 the girls of Brownie Troop 17 delightfully entertained their mothers. After their short business meeting and program a hobby exhibit was enjoyed. Each girl displayed her hobby collection which consisted of dolls, china dogs, shells, etc. The guests were then served punch and Mother's Day cake. Each Brownie then presented her mother with a gift which she had made. Mrs. Terry and Mrs. Ruby are the troop leaders.

# Set to Oust Livonia Superintendent; Entire School Board Faces Recall

Recall movements against Livonia's entire Board of Education loomed this week as the city moved to settle the lingering problem of school control.

The recall is being headed by the Livonia Community Council. In an article published last Friday, The Livonian said "as a public service the group believes that it should spearhead a movement directed at reaching

a solution in public school problems."

A surprise resolution by the school board some two weeks ago asked the resignation of School Superintendent Harry O. Johnson, setting off the latest uproar that flamed into action as a spokesman declared the Community Council would circulate the ouster petitions.

A resolution passed by a 3-2

vote giving Superintendent Johnson a \$2,500 raise along with a three-year contract had marked the school board's action less than two months ago.

The two members who switched their positions on Johnson are Board President Max Bowen and Mrs. George Cook. They face the recall along with Trustees Ward McCain and Ruppert Otto. A fifth member, Clyde Rickert,

will not be recalled a council spokesman said, inasmuch as his term expires next month.

Karl Heinzen, president of the Community Council, said some two weeks ago the executive committee would ask for Bowen's and Mrs. Cook's resignations. The recall movement in the space of one week expanded to include the two other members.

The Livonian said that the

council members "believe that only by replacing the present board with a new one, specifically instructed to clean house and effect whatever measures are necessary, can confidence be restored in the schools."

Superintendent Johnson was quoted on the move to oust him with "I have no comment to make at this time." Johnson reportedly in seeking legal advice from the Michigan Education association.

In a special school board meeting last Friday, the school board

remained unchanged in its position to validate Johnson's contract. It was reported they also are seeking "legal advice."

The flareup was said by The Livonian to have been caused by "differences of opinion over policy and administration."

In three out of the past four years, yields of corn planted between May 5 and 9 were significantly higher than the crops planted between May 19 and June 21 in tests at Michigan State College.

THE PLYMOUTH MAIL Thursday, May 14, 1953 5

Large quantities of organic matter—from barnyard manure of green manure crops—are needed for good potatoes, reminds Dr. James Tyson, Michigan State College soil scientist.

Eliminating raw garbage feeding is a must in controlling vesicular exanthema in swine, says Dr. Glen W. Reed, extension animal pathologist at Michigan State College.

**DON'T THROW THAT COAT AWAY!** That's the urging of Marvin Terry, left, and Ralph Seyfried, co-chairmen of the Kiwanis club rummage sale. Though the sale will not be held until fall, the men are accepting clothes now. Instead of just discarding those old clothes during clean-up time, contact either chairman to contribute articles to the rummage sale.

#### Prints Editor Wins 2nd Place in Press Contest

Jacqueline Langmaid, a senior at Plymouth High school and editor of the Pilgrim Prints won second place in the Donal Haines Memorial contest, Friday, May 8, at the annual Michigan Inter-scholastic Press Association conference in Ann Arbor. Plymouth has won this honor for two consecutive years.

Twenty-seven students participated in the "on the spot news coverage" contest, reporting the address of Guy Nunn, Detroit radio news analyst. The winning report was written by Audrey Bloy of Our Lady of Mercy school in Detroit.

**GETTING INTO THE SWING** of National Clean-Up Week, Mrs. John Lietz of Sherid-n avenue, is starting in on her closets. The week, which is observed in Plymouth May 15 to 23, will find residents throwing out all useless articles and getting rid of trash. Mrs. Lietz started early by emptying her closets to decide which clothes could be discarded.

#### Elect Ty Caplin Mayor of P.H.S. for Coming Year

Tyler Caplin captured the position of mayor of Plymouth High school for 1953-54 in the all school election held Thursday, May 7.

Other all school officers are: Chuck McKenna, vice-mayor; Elaine Rich, secretary; and Jerry Kelly, treasurer.

Representing the seniors in their final year of high school will be Jim Isbister, president; Dean Palmer, vice-president; Jackie O'Neill, secretary; and Bob Fulton, treasurer. Twelfth grade student council members are Betty Bowden, Dick Root, Ross Willet, and Nancy Morrison.

Bob Middleton was elected by his classmates to head the junior activities for the coming school year with the help of Kay Herriman as vice-president, Nancy West as secretary, and Marilee Watson as treasurer. Student council representatives are Jane Nulty, Sally Black, Tom Sawyer, and Danny Clifford.

The sophomore offices for next year will be held by Pat Clifford, president; Jim Keith, vice-president; Geraldine Minehart, secretary; and Charles Moisia, treasurer. Student council members are not disclosed as yet because of trouble with the voting machines.

The results of the election for next year's ninth grade are as follows: Judy Ash, president; Clifford Tait, vice-president; Bob Jenkins, secretary; Fred Heidt, treasurer; and Jerry King, Joyce Sackett, Kay Porter, and Lura Puckett, student council members.

#### Scholarship Awards go to 8 PHS Seniors

Eight Plymouth High school students of the class of '53 have so far been awarded college and university scholarships.

The latest to get a scholarship award is Joanne Pursell. Miss Pursell's scholarship comes from Denison University, Granville, Ohio. The \$500 a year award was made for Miss Pursell's "high interest in all phases of leadership and scholarship roles."

An entrance scholarship to Michigan State college was also awarded seniors Lawrence G. Kemp and Julie Ann Simmons. The scholarship that runs concurrently from year to year pays tuition and fees expenses. It was made to the two for "distinguishing themselves in leadership, citizenship and scholastic achievement."

Also listed on the scholarship roll is James R. Blanton of 6603 Newburg road. He was awarded a four-year scholarship at the Michigan College of Mining Technology. Running concurrently from year to year, the scholarship pays tuition and term fees.

Listed as scholarship winners who will attend Michigan State Normal college are Marion G. Donohue and Betty Jean Mishler. The two-year scholarship may be renewed for third and fourth years at the college. Miss Donohue and Miss Mishler will both major in education.

#### Students Register for Fall Semester

Registration of Plymouth High school students for next fall took place Friday, May 8, in the new auditorium with home room teachers in charge.

Tuesday morning May 12, our Lady of Good Counsel Students enrolled, followed in the afternoon by students from Lutheran Day school, Wednesday and Thursday, May 13 and 14 Miss Ruth Butts, Counselor, will go to Patchen school to enroll students there.

About 250 eighth graders and their parents are having individual conferences with Miss Butts, to make plans for next year, when they enter high school and a tentative four year plan.

Students from other schools will have their conferences next week.

#### Reserves Lose to Allen Park

After coming from behind to tie the game, Plymouth reserves dropped their first tilt of the season, 4-3, to Allen Park's junior varsity in eight innings. The Rocks drew first blood, scoring once in the first inning when Jack Carter's single drove Clifford home. Allen Park came back to score three times in their half of the first.

The junior Rocks scored twice in the fifth to even the score. Then in the eighth a Parker walked, stole second and came home on a double by the catcher. Ron Church was the losing pitcher, his first against two wins. Although he struck out seven and walked only five, Church was the victim of poor support, especially behind the plate as Allen Park stole eight bases.

Tuesday, May 5, Hank Bonga won his second game of the season, defeating Trenton on two hits as the Jay Vees won their fourth game 6-0. Bonga also walked only one batter.

Plymouth pounded out seven hits and also received 12 free passes to aid the Rock cause. Going into the bottom of the sixth, the game was scoreless but after loading the bases on a single and two walks, the Trenton hurler also walked the next man to force Wilken across with the first run. In the sixth Wilczewski drove two more runs home when he smashed a single to center. Adding three more runs in the seventh, John Agnew drove two men across with a bases-loaded single.

By Carl Peterson

Most of us want to be happy, but we'd be surprised if someone told us that many times we stand in our own way. That's why we were interested in some recent remarks by a doctor on "Emotional Problems." He said, "Face problems squarely, live in the present." That sounds like pretty obvious advice, but too many of us don't follow it. And trying to dodge our problems is like running through a rainstorm to keep from getting wet. It doesn't work.

So as the doc says, when you face a problem, make a decision and do something about it. There may be a short period of rough sliding, but the worry is reduced in a hurry. And by living in the present we won't be complaining in the future about the many opportunities we missed in the past. A timely hint, isn't it?

### Show Henry Ford Treasures Daily

Henry Ford the berry picker, the writer of quietly eloquent love letters to his betrothed, the anxious job hunter and the collector of old clocks and music boxes, is the hero of an extensive exhibition which opened Friday, May 8 in the Henry Ford Museum.

This intimate portrait of the great motor maker, sketched in terms of his personal memorabilia displayed publicly for the first time, was dedicated by Ford's grandsons, Henry Ford II, Benson Ford and William C. Ford, are trustees of the Museum. The exhibition was opened to the public starting May 9.

The exhibition was conceived by the trustees as a tribute to Henry Ford in the 90th anniversary year of his birth (on July 30, 1863). It has been designed to bring back into focus the private man who in the six years since his death has already faded into legend.

The exhibition will remain on permanent display in the Museum at Greenfield Village, where Ford assembled his collections of Americana and restorations of the homes and workshops of eminent Americans.

The story begins with Ford's old world ancestry and the family's pioneering efforts in the Michigan wilderness. Letters, documents, family photographs and objects close to his daily life outline Ford's long career from farm boy youth through the era of the Model T and finally to his death by candlelight at the age of 84.

The personal story behind the great events in Ford's career is emphasized in the exhibition. An early jotting indicates that he "traded marbles for watch wheels" and repaired watches during the noon recess at school. This useful recreation whetted his appetite for things mechanical. The home made tools he used, some made from knitting needles, and the first watch he repaired, will be displayed.

Other milestones included in this personal history are an old steam traction engine on which he worked as engineer; the first gasoline engine he made and tested on the kitchen sink one Christmas Eve; the first Ford car, vintage 1896; a first edition of the Model T and the last (15 millionth) Model T; a letter from Thomas Edison re: the evils of tobacco, a phobia with Ford.

Perhaps the most spectacular single exhibit is a precise restoration of Ford's simple, walnut paneled office in the Ford Motor Company's Highland Park plant. From this headquarters he directed operations which registered indelibly on history: the \$5 day, the famous Peace Ship of World War I; the beginning of modern mass production with the Model T. During the past winter the of-

POINTING OUT THAT RUBBISH is a fire hazard, Fire Chief Robert McAllister shows that homeowners should dispose of all trash. The chief's young daughter, Mary Gail, stands by to lend a helping hand in their observance of Clean-up Week. Now is a good time to get rid of all the inflammable materials cluttering basements and garages.

The bicycle he rode in his seventies around the grounds of his Fair Lane residence.

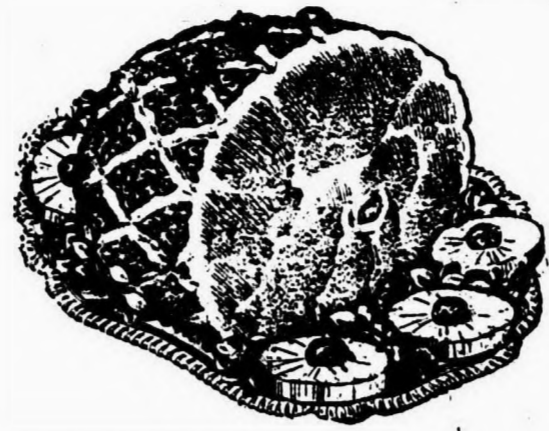

A room devoted to Ford jokes and "tin lizzy" cartoons conveys the impact that Henry Ford and his homely masterpiece had on America and its sense of humor. Ford was patronized by kings and presidents, but he seemed to cherish the simplest of their gifts. A spinning wheel from Mohandas Gandhi and an old sap bucket from President Coolidge are displayed as typical of these.

Ford's courtships on the farm and a serene family life are illustrated through photographs of Henry and Clara Ford at the time of their wedding, the simple wedding invitation, love letters and Valentines, and infant drawings by Edsel Ford, their son.

The exhibition will be opened to the public during the regular Museum hours, 9 a. m. until 5:30 p. m. on weekdays, and until 6 p. m. on Saturdays, Sundays and holidays.

Local Gardeners Give "Green Thumb" Hints

When Mrs. George Cramer of 443 North Harvey bought her magnolia tree the florist told her it would never grow. The tree laden with lovely blossoms is evidence of how wrong he was. Mrs. Cramer said she had always liked magnolia trees so set out one day with the intention of purchasing one. The one she bought was the last the

florist had, and he warned her that it would never grow. This was about 13 years ago.

But she brought the young tree which was about three feet high home with her, and her husband planted it in her yard. Since that time the tree has bloomed every year.

The tree started to have blossoms about the first week in May and continued blooming for about two weeks. "Heavy rains, however, often knock all the blossoms off," Mrs. Cramer added.

Mrs. Cramer's magnolia tree is a very healthy specimen, and has never had any parasites to bother it. "Actually, it required no care," she said. After it was planted it just started to thrive and has never stopped doing so.

One of the greatest charms of this tree, so often associated with the south, are the fragrant blossoms. The blossoms are large and pink, with white on the

inner side of the petals. They make the tree one of the most ornamental that can be planted in a yard.

"It's only a shame that they can't last longer," Mrs. Cramer said. But at least they show the owner that spring is really here when their lovely blooms begin to appear.

## Hints for Plymouth Homemakers

### No Packing Worries If You Choose Cottons For Vacations

Treated for crease resistance, vacation cottons pack easily and collect a minimum of wrinkles which hang out quickly.

First on the travel list of "must" clothes is the suit. Today's cotton suit is trimly tailored, has a sleek, slim look that is achieved through fine detailing of style lines and cut. Crisp, wrinkle-resistant menswear cotton suiting is used in monotone colors for either form-fitting or boxy-jacketed suits.

Brand-new idea this year is to add a camisole top to the suit. This provides both a daytime and a late-hour outfit, since, minus the jacket, one is suitably dressed for evening affairs.

Also travel-minded is black and white pique, used for an important new boxy jacket and slim skirt. Checked gingham is combined with this, adding color and pattern interest in a bowed blouse.

American designers have put all their famous fashion "know-how" into the styling of the dress that triples for sun, day and date. Styled in a variety of printed, striped, checked or plain-colored cottons, it's the answer to travel needs. Tailorized cottons, denims and broadcloths are used for these dresses, which sometimes add a stole or jacket for more complete coverage.

Many sports separates also can change from sports to day with a flip of a jacket and a skirt. A smart example of this trend is the bra and shorts bathing suit in printed polished cotton which adds a short jacket and skirt in the same cotton to effect a change to a daytime costume. To cover a bathing suit one designer creates a vividly printed beach dress in broadcloth and trims it with black cotton fringe. Slim pants and bra that are meant for either lounge or sun wear are camouflaged by a long-sleeved cotton daytime dress.

For rain or shine wear, the topcoat that also doubles for a raincoat is another budget-minded traveller. Styled in a new way is the water-repellent denim coat which is completely reversible, with a plain-colored denim side and a striped denim side. Because denim is so sturdy, it is a boon to

travellers. Wearable also are the cotton twill and corduroy rain or shine coats, styled on easy lines and with contrasting plain or printed cotton linings.

Checked gingham, always a favorite cotton, is travel minded in many daytime styles. An example of the dress that goes from day into date is the checked gingham sheath with a detachable cape collar.

#### RANCH HOUSE SPECIAL

The aroma of steaks broiling and bacon dressing on a crisp

green salad calls "Come and get it" to the crowd.

#### Steak to Broil

Choose a steak worthy of the way it is to be cooked. Sirloin, porterhouse, or T-bone steaks are best for broiling in the oven or over charcoal. Steaks cooked this way should be at least one inch thick.

#### Oven Broiling

Pre-heat the broiler for five minutes or more. Then place the steak on the broiler tray three inches from the source of the heat if the steak is one inch thick. A thicker steak should be farther from the heat. For medium-done steaks, figure on this broiling time.

#### Total Broiling Time

1-inch thick 17 to 22 minutes  
1 1/2-inch thick 30 to 35 minutes  
2-inches thick 40 to 50 minutes

Season with salt and pepper and a little garlic salt after the steak is broiled on each side. Make sure the steak is cooked the way you like it by cutting close to the bone to check for doneness. This time table can be used for charcoal broiling, too.

#### Charcoal Is Hot

A charcoal fire is really hot. For this reason, it is important to start the fire at least one-half hour before you plan to begin broiling the steaks. When the flame has died down and the coals are glowing, it is time to put the steaks on.

#### Salad Time

Crisp the salad greens in ice water, then drain well. Toss together raw shredded spinach, lettuce, thin onion rings, and diced tomatoes.

Stick cooked fresh asparagus tips here and there in the greens. Sprinkle with finely-chopped hard-cooked eggs.

#### Western Dressing

Fry three strips bacon and chop fine. Add one-third cup lemon juice and one-half teaspoon salt. Cool to room temperature and pour over salad. Toss and serve.

Q. What is the name of these cuts of meat?

A. Beef short ribs.

Q. Where do they come from and how are they identified?

A. They are cut from ends of ribs and are identified by their layers of lean and fat.

Q. How are they prepared?

A. They may be either braised or cooked in liquid. In braising they are browned on all sides, seasoned, then moistened with from 1/4 to 1/2 cup of liquid, covered and cooked slowly for about 2 hours. In cooking in liquid, as the name implies, they are completely covered with liquid, seasoned, then cook covered for approximately 2 hours. They may be browned before cooking if desired. Frequently vegetables are cooked with short ribs.

### Survey Shows Fathers Often Fix Breakfast

A recent survey has revealed what may be a new trend in American life. Dad prepared his own breakfast in a surprisingly high percentage of homes queried on this matter.

With this turn to Dad in the kitchen it might be wise for him to brush up on just what makes a good breakfast. For a working man, breakfast must be substantial to carry him through without that mid-morning lag. A typical diet should read: fruit or fruit juice, cereal if desired, meat, egg, toast and beverage.

Help to make it easy for Dad. An assortment of fruits and juices in the refrigerator makes his meal more interesting. Likewise, give him an assortment of meats for his morning meal preparation, for instance, bacon, Canadian-style bacon, ham and sausage. Each one of these meats is easy to prepare. Canadian bacon is cooked the same as bacon. Place it in a heavy frying-pan and cook slowly, spooning off the excess fat as it accumulates. Thin slices of ham are also cooked this same way.

He can easily cook sausage links or country-style sausage (cook in one continuous link) while the coffee is brewing. Just place them in the frying-pan with 2 or 3 tablespoons of water, cover tightly and steam for about 10 minutes, then uncover and lightly brown. If Dad adds fruit, cereal, fried, scrambled or poached egg as desired and toast, he has a combination that's filled with the nutrients he needs and filled with appetite appeal.

### House Dresses Show New Stylish Touch

The newest home fashions offer every woman of the house a smart all-day wardrobe that does duty as hostess frock, shopping and streetwear outfit, and comfortable working garb as well. And in them this year are seen all the important fashion news including neckline interest, gay prints and princess styles.

Embossed cottons are seen in a variety of patterns, including diamond, honeycomb, blister and chevron types. They may be all one shade, or in a twotone combination, giving a sculptured look to the fabric. Pastels and white often with dark trim, look gay and Springlike in these textures. Glazed cottons, in small prints such as the calico type, are sparkling-fresh for Spring, and waffle pique prints in bold effects add dramatic interest, especially with brilliant colors on clear white grounds.

Especially suited to warmer weather are the cotton plisses. This practical fabric now takes pretty prints and eyelet trimming, retaining all the while its easy-washing and no-ironing virtues. Details that make news in high-fashion dresses, such as the Empire waistline, full skirts with oversize pockets, and pretty necklines, take over in the dress department attractively ready for streetwear at any time.

Always watch the labels on food to get information about the product, say Michigan State College nutritionists. The ingredient of largest amount will be given first, with other ingredients placed in order of decreasing amounts.

### Strawberry Shortcake Is Truly All-American

Strawberry shortcake—it's a dessert that's as American as the stars and stripes. This is one of the few desserts we can truly call All-American.

However, differences of opinion arise over the correct basis for a shortcake. Some fans are strictly on the side of a sponge cake base, others a biscuit base. But when you've eaten an old-fashioned flaky biscuit shortcake, piled high with sweetened berries and garnished with whip-

ped cream, how could there be a question?

And there's more than one way to serve this famous biscuit shortcake dessert. Cut the biscuit dough into individual servings, large or small, and you have a shortcake per person. For a clever touch, serve your individual shortcakes in scalloped form, the biscuit dough cut with a scalloped cookie cutter.

Or you can place one round of the biscuit dough in an 8 or 9-

inch layer cake pan, brush it with melted butter or margarine, then top with another round. When baked, the top layer lifts off easily, ready for the berries.

Here is a recipe for this easy dessert. It's made with lard, the shortening that insures the finest pie crusts, too.

#### Old-Fashioned Strawberry Shortcake

2 cup sifted enriched flour  
1 tablespoon baking powder  
3/4 teaspoon salt

3 tablespoons sugar  
4 to 6 tablespoons lard  
2 egg yolks, beaten  
1/2 to 3/4 cup milk

Melted butter or margarine, 2 quarts strawberries, sweetened to taste.

Sift flour with baking powder, salt and sugar. Cut in lard until mixture has a fine even crumb. Add beaten egg yolks and enough milk to make a soft dough. Turn onto lightly-floured surface and knead gently for 1/2 minute. Divide into 2 parts, and roll out each part to fit a 9-inch round layer cake pan. Put one round of dough in pan, brush with melted butter or margarine and place other round of dough on top. Bake in hot oven (450° F.) for 12 to 15 minutes. Remove to serving plate. Lift off top layer to put strawberries in the middle and replace. Spread more berries on top and garnish with whipped cream, if desired. Yield: 6 servings.

### Spring Tonic for Your Menu: Meat Baskets With Corn

A brand new way to make thrifty ground beef the hit of the meal is to mold it into individual meat baskets and fill it with your favorite style of canned corn. The final effect is equally delicious whether you use cream style or whole kernel, golden or white. A ribbon of hot chili sauce across the top adds color interest and that extra zip we're accustomed to with hamburgers and variations thereof. Canned corn is a year around favorite in the vegetable category, and this year the choice is plentiful and of top quality. Here's the easy recipe:

#### Meat Baskets With Corn

1 cup soft bread crumbs  
1/2 teaspoon Tabasco  
1/2 cup milk  
1/2 teaspoon salt

1 pound lean ground beef  
1 1-pound can yellow or white whole kernel or cream style corn  
2 tablespoons chopped onion  
2 tablespoons butter or margarine

Put crumbs in mixing bowl; add Tabasco to milk and pour over crumbs. Add salt. Mash crumbs to a soft mass. Add ground meat and mix well with a fork. Divide mixture into 4 patties. Shape over inverted custard cups, pressing meat 3/4 of the way down. Place in shallow baking pan. Bake in a slow oven (325° F.) 45 minutes. During last 15 minutes baking time, "drain corn, if whole kernel is used. Add onion to liquid and boil rapidly until reduced to 1/2 cup. Add corn and butter; heat to serving temperature. Remove meat cups; spoon in corn. Top with heated catchup or chili sauce.

YIELD: 4 servings.  
If yellow or white cream style corn is used, add onion to butter and cook until tender, but not brown. Add corn; heat to serving temperature.

## Housekeeping Made Easier With New Storage Units

The housewife's complaint, "I don't have space to store things" has found a sympathetic ear at the University of Illinois whose Small Homes Council offers help in a 12-page illustrated circular, "Household Storage Units," issued today.

It lists four criteria for storage: maximum accessibility of all items; efficient space use; construction economy; and flexibility in use of the unit.

Prepared by Prof. Helen E. McCullough of the home economics department, the circular is based on a year's study of home storage needs. It suggests use of sectional storage units with full-width doors instead of the inaccessible door-in-the-wall type of closet.

Such units provide considerable flexibility of use. Several can be placed together as storage walls to separate rooms.

The circular shows 20 space-saving storage units. All are just deep enough for the particular type of articles to be stored. Since practically all items can be stored efficiently in units of just three depths—12, 16, and 24 inches from front to back—construction can be standardized and costs cut.

Adjustable shelves permit the space within each unit to be adapted to meet the changing needs of individual families.

For example, most books, dinnerware, magazines, and toys for indoor play, can be stored on shelves 12 inches deep. (Oversized toys can be put in storage units for infant's equipment if

one is provided. Large outdoor play equipment should be stored in garage or basement.)

The unit example shown above is designed with tipout bins which are easy to open and shut; moreover, they are permanently attached to the unit.

Height of unit: If height is kept to 48 inches, all shelves will be within reach of small children.

Width of unit: 32 to 48 inches.

The 16-inch depth will usually accommodate business papers, desk supplies (a drop-front can provide desk work space), radio and record player, musical instruments, bathroom supplies, work and play clothes, sports equipment, and cleaning equipment.

The 24-inch deep units are for clothing, luggage, bedding, card tables and folding chairs, table linens, folding bed, sewing equipment, and infant's equipment.

Those interested in obtaining a copy of "Household Storage Units" should address their requests, with 10 cents, to the Building Editor, The Plymouth Mail.

## Space Under House Can Be Made Dry

Ever troubled with moisture in the "crawl space" under your house?

Covering the ground with a craft-type moisture-proof paper is one remedy.

Warm moist air entering the crawl space from the heated areas above condenses when it hits cold surfaces of walls or floor joists. Evaporation from the ground can condense in the same way.

In some cases, protection may come from insulating the floor below the water pipes and instal-

A LITTLE INGENUITY by Mrs. Arthur Kidston of 185 Blunk made this old upright piano appear as a modern, blonde finished piece of furniture. Mrs. Kidston, whose hobby is interior decorating, had bookcases made at one end of her living room and connected them with a matching partition which covers the upper part of the piano.

ling good-sized ventilators in the corners below the insulation to let air circulate. In other cases, it may be wise to insulate block walls and circulate warm air through the "crawl space". Using this space as a "return air chamber" for the furnace, for instance may help. Moisture is carried off in the circulating air. If cold surfaces can be warmed to a point above condensation temperatures, moisture trouble can be checked.

Where condensation comes from ground moisture the best answer is to cover the ground carefully with moisture-proof paper. Craft-type paper or 40 or 50 pound roll roofing can be used.

**Removing Whitewash**  
People who have a lot of old coats of whitewash to remove from basement walls might try one of these half-inch electric power drills with a rotary wire brush. They'll remove the whitewash easily when it's hard as rock.

## Paint Up, Clean Up, Color Up!

Maybe this is the spring to give your house a completely new look.

When the time comes to clean up and paint up, go a little deeper with the beauty treatment. Change your exterior color scheme. Start with a new roof in one of those smart new blends colors. Give the exterior woodwork a coat of new paint. Refinish the sidewalls. Then splash a little of the roof color on the shutters and the front door.

Before you know it, your home will be as bright and as modern as the newest house in the neighborhood. You'll feel better and so will the entire family.

You couldn't pick a better year for exterior remodeling. You have a great variety of roofing and siding materials to choose from, in all kinds of attractive

colors and textures, and at attractive prices made possible by improved manufacturing methods.

Starting with the top of the house, asphalt shingles are blossoming in many attractive blends. . . in combination with white or in combination with each other. Or you may prefer one of the other long-lasting materials like asbestos, sheet metal, wood or slate. They, too, can provide a wide color choice.

In siding, you again have your pick of colors, patterns and materials. You can have siding that decorates. Siding that has fire-retarding qualities. Siding that insulates. Siding that adds strength to the structure of the house. Furthermore, some sidings do all these jobs in one material—insulating siding, for ex-

## Paint Tricks Help Make Better Job

There are tricks-of-the-trade you should know while doing your spring painting, say Michigan State College specialists:

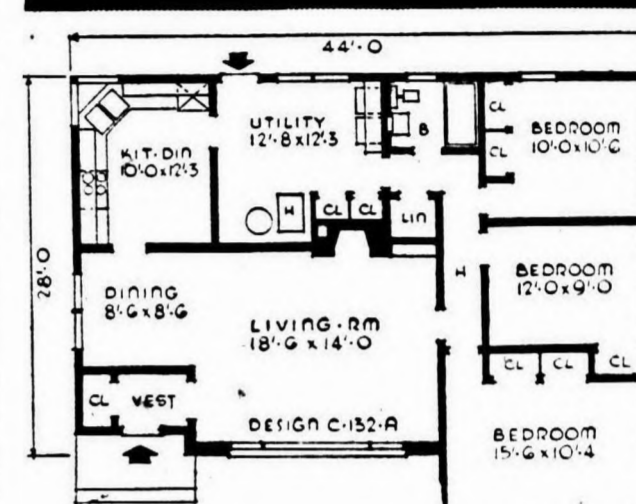

Surfaces are paint-ready only when clean, dry and smooth—free from dampness, grease, gummy or sticky substances, loose paint or dust. Remember! Oil paint and varnish will not dry on a damp surface or over a partially dry coat of paint or varnish. Avoid stickiness, cracking and peeling by letting each coat dry thoroughly before applying the next.

Use fine sandpaper on unpainted wood or metal surface. If an old painted surface is to be repainted, reduce the gloss with a strong soap or scrubbing powder, dry for 48 hours, give it a light sanding and you are ready for painting. Sand old painted surfaces that are rough or marred until all rough spots disappear.

Paints come in opaque, semi-opaque and transparent forms. A good flat-oil paint is opaque and hides the surface well. A semi-gloss is semi-opaque and may allow the under surface to show through a little. Enamels, except for a few, are semi-transparent and varnish is even more so—both enamels and varnish let the undercoats show through. Water paints are opaque.

The best plan to follow is to use an opaque, flat-oil paint under the finishing coat unless you plan to repeat the same color.

The booklet, "Color in the Home," is available from the Bulletin Office, Michigan State College, East Lansing. The price is 10 cents.

THE CAMDEN, an attractive frame house, has three bedrooms, bath, combination living-dining room, kitchen with dining room and a utility room to replace the basement. The utility room has coat and storage closets and space for furnace and heating equipment, using the fireplace chimney. Closets are provided in the vestibule, kitchen and utility room, and linen in the hall and wardrobe closets in the bedrooms. Other features include picture window, covered entrance, built-in shelves beside fireplace and corner sink. Exterior finish of the Camden is wide siding and asphalt shingles. The front wall is faced with either stone or brick. Dimensions of this house are 44 feet by 34 feet overall. The floor area totals 1,319 square feet. For further information about THE CAMDEN, write the Building Editor, The Plymouth Mail.

**New Look For Old Bathrooms**

**After**  
In many a home this spring, the bathroom will be given a long-needed face-lifting. Dramatic changes can be effected in middle-aged bathrooms by the installation of attractive new fixtures, new accessories, and new wall and floor materials. Never before have plumbing fixtures been available in such a wide variety of styles, sizes, and colors. The advice of an experienced master plumber will be helpful in deciding on the type of fixtures best suited for the space available. The illustration shows how an old-style bathroom was rejuvenated by the installation of handsome new fixtures. The utility of the room was greatly increased by the use of a plastic countertop which serves as a dressing table.

The Plymouth Mail Presents....

A series of and about residents of Plymouth at home, at work or at play This Week—Office Worker MARIAN GORTON

PLY-MAIL PHOTO

"Business is for me," explained Marian Gorton, and business is what she gets at Wiedman's Ford Motor Sales. A great deal of practice and experience is provided for the young lady as secretary-treasurer of the corporation. It takes time to advance in any field and to persevere shows a person's ambitions and ideals. Miss Gorton, has worked with Wiedman's for 13 years and has advanced during that time to her present responsible position. The Cleary Business college in Ypsilanti graduated Miss Gorton in 1939. Her studies at the school and her experience combine to make Miss Gorton proficient in her field. Like most Americans, she yearning for travel is strong in Miss Gorton. Past trips have been made to the well-known vacation lands of Florida and California. Cuba is to be her next stop for she is eagerly looking forward to a vacation there. Travel comes first to Miss Gorton as far as activity is concerned but China painting falls next in line. After working hours, painting is a source of rest for her mind and body following a full day at the office. A life time resident of Plymouth, Miss Gorton lives with her mother at 621 Forest. As Miss Gorton stated, she "lives an average life," but by the looks of things, her smile tells how interesting and exciting she finds this "average" life.

Educational "Underworld" Thrives Due to U.S. Laxity, Educator Says

Seniors, watch out! An "underworld" in American education has grown up because the United States is so lax. This charge was made last week by a top University of Michigan educator, Dean Emeritus James B. Edmonson of the School of Education. In a report of the Committee on Fraudulent Schools and Colleges, an investigative body set up by the Association for Higher Education of the National Educational association, Dean Edmonson says of this "underworld": "It consists of so-called universities, colleges and schools that have no competent instructional staffs, no well-equipped libraries or laboratories. Some are engaged in the racket of selling degrees and diplomas. While some make a pretense of having requirements, it would appear that any person with the 'fee' can meet these without difficulty." Edmonson warns that the buyers of cheap degrees and diplomas from these fraudulent institutions are likely to become critical of American education after discovering they have been duped. He says that many students who get taken are foreign nationals. The activities of the "diploma mills," the report indicates, are disturbing officials of accrediting institutions for religious education. Some have warned members of the clergy against deceptive advertisements relating to advanced degrees. "Diploma mills" have thrived in the United States because they have proved to be a profitable business for unscrupulous persons, the committee believes. Edmonson reports they flourish because they are supported by persons who want to buy degrees to deceive employers or customer by claiming degrees similar to honest credentials. The committee seeks: 1) Stricter state laws governing the granting of licenses to non-public institutions. 2) Prosecutions of fraudulent schools by state education authorities. 3) Advertising the idea that it is dishonest to use a diploma issued by an "underworld" college. Lose something? Find it through a Mail classified. Call 1600. Deadline is Tuesday noon.

Children's Wakefulness Blamed on Indulgent Parents—Their Attitudes

The American Psychiatric associated this week heard a medical expert tell that parental attitudes may be feeding the fires of emotional conflict in the youngster and keeping him awake. Dr. Melitta Sperling, of the State University of New York, told the APA in Los Angeles about a case of an overindulgent mother who was so afraid of her boy's crying that she hired a helper to sit with him through the nights. Let him cry, Dr. Sterling told mother. She said her family would face eviction if she did that. The medical expert said he gave a mother a letter stating that the crying was necessary. It worked, he said. In three years the boy was sleeping normally. Overcarefulness of her six-month-old boy was one woman's disguise for her feeling of hostility. Dr. Sperling said she would lean over the crib to make sure he was breathing, fuss with the bed clothes and awaken the child, then take him out of bed. Her attitude was responsible, Dr. Sperling said. She had to be made to realize that. Dr. Sperling cited the case of the 10-year-old girl who stayed awake until early in the morning then slept until she would be late for school. The doctor found that as a baby the girl had been given hourly bottle feedings during the night because the mother thought the child's stomach was too small. The girl developed serious insomnia, drinking up to a quart of milk during ordinary sleeping hours. When the feedings were stopped, then was the time she began staying awake. Psychiatric treatment straightened her out after spankings and sedatives failed. If a man has no master greater than himself his service must always be degrading.

## These Events Were News

### 50 Years Ago

Chris Rank, a lad six or seven, was hit in the face by a bat which slipped out of a batter's hands at the ball game Wednesday, causing a bad cut under the right eye and requiring four stitches to close up. Boys should be required to remain outside the danger line from accidents.

John Lundy has the contract for building the new Christian Science church at the corner of Main and Dodge streets. Work on same will be begun at once and time of completion is within four months. The edifice will not be a large one, but neat and modern

in design and appointments. Forest Hudson was arrested Wednesday by Constable Smith, on complaint of M. E. Dickinson, who charged him with robbing his hencoop of four chickens, valued at a dollar each. Hudson was brought before Justice Valentine who had issued the warrant, and pleaded guilty. His honor made it \$25 fine or 90 days in the House of Correction. He paid the fine. Pretty dear chickens. Hudson is an old offender.

The Plymouth Food Company is completing some extensive improvements to their plant at Phoenix. They will then be able to turn out about three car loads per week, working night and day. We understand they have a standing order for a car load per week from a New York house.

At a meeting of the board of directors of the First National Exchange bank Saturday the resignation of O. A. Fraser as cashier was accepted and the board elected C. A. Fisher to the vacancy. Mr. Fraser had been cashier for 24 consecutive years and retires with well-earned laurels. Mr. Fisher has had a long experience in banking matters and will undoubtedly prove

the right man in the right place. We understand it is the purpose to merge the bank into a State savings bank.

About 15 of the young friends of Miss Velda Bogert helped her celebrate her seventh birthday last Saturday. Ice cream and cake was served and all had a good time.

Miss Rhoda Spieer, who has been in the employ of Gregory Mayer and Thom, wholesale stationers, in Detroit for the past 18 months, is home for a few weeks' vacation.

### 25 Years Ago

A change in management of the Hotel Mayflower took place last Saturday, when Harold A. Phoenix became general manager of Plymouth's community hotel. Harold is a Plymouth boy, who has made good in the hotel business, and at the present time is manager of one of the large hotels in Detroit.

Burton E. Giles, Plymouth's new postmaster, took over the local office Tuesday afternoon, May 13. Mr. Giles comes to the office well equipped in business experience to fulfill the duties of postmaster in a manner that will undoubtedly be highly satisfactory to Uncle Sam as well as to the patrons of the office.

Ira A. Wilson, a former well known citizen of Livonia township and Plymouth, and undersheriff of Wayne County, has assumed the office of sheriff made vacant by the death of Sheriff Edward F. Stein.

Mr. and Mrs. Sidney D. Strong attended the annual appreciation dinner given by the Detroit Council of the Boy Scouts of America, in conjunction with the various organizations sponsoring Boy Scouts, held in the Crystal lining room of the Masonic temple.

Mr. and Mrs. Vern Fillmore and daughter, Maxine, of Coldwater, were the guests last weekend and over Sunday of Mr. and Mrs. Lloyd Fillmore.

Dr. and Mrs. W. A. Dewey, who have just completed a trip around the world, arrived yesterday from Los Angeles, California, to spend a few days with Dr. and Mrs. Luther Peck. Dr. Dewey was formerly a professor of Materia Medica in the homeopathic department of the University of Michigan Medical college.

Miss Edna Allen and Miss Ursula Cary spent last week-end at their cottage on Lake Huron.

Jesse Hake has presented the members of the Merchants' baseball team with sweater coats. Mr. Hake's gift is certainly appreciated by the boys.

Minot Weed, who has been ill for some time, is now able to be up again. Mrs. Weed, who has been ill also, is improving. Mr. Weed is one of the few veterans of the Civil war who still reside in Plymouth. He was a member of the 24th Michigan Infantry.

### 10 Years Ago

Plymouth will undergo a test black-out this Friday evening, May 7, under the new rules and regulations, there will be a "blue" alert as well as a "red" alert, it was announced by Clarence Elliott, commander of the local defense unit.

Saturday, May 22, has been fixed as the next collection day for Plymouth and vicinity, according to Mrs. Robert Willoughby, chairman of the tin salvage committee for this city.

Upon recommendation of the scholarship committee of the University of Michigan Alumni club of Plymouth, Signe Hegge, daughter of Dr. and Mrs. T. G. Hegge; Margaret Jean Nichol, daughter of Reverend and Mrs. Walter Nichol, and Louise M. Powell, daughter of Mr. and Mrs. Richard Powell of Plymouth, have been awarded University of Michigan scholarships for the ensuing university year.

Miss Olga Trucks, teacher of junior high school English, and Miss Orilla Wilson, teacher of junior high school science, have applied for admission into the WAACS, it was learned this week. Both have resigned their places in the school systems.

Lee Danielson, son of Mr. and Mrs. L. E. Danielson, of Haggerly road, has been elected president of Breton Hall, one of the men's residences at Antioch college, located at Yellow Springs, Ohio.

Cadet Robert Fisher who is in training for the Navy Air Corps at Lake Point Country club, St. Clair Shores, visited his parents, Mr. and Mrs. Blake W. Fisher, Sunday.

Mesdames Maurice Woodworth, Michael O'Conner, Thomas Locke, Misses Marion Beyer, Carol and Phyllis Campbell are singing in the choral union during the May Festival in Ann Arbor this week.

Sweetest smelling house in town is Chamber of Commerce secretary Nat Sibbold's. Two year old daughter Cathy, evading a family baby sitter, opened a bottle of Shocking perfume and sprinkled two-thirds of it over the bedroom rug. The honorable Judge James Sexton issued an appeal to local housewives on the eve of the city wide Clean-up campaign for any and all old Tams that may be littering up the attic. A tribe of Michigan Indians will soon descend on the city in conjunction with the opening of the Hotel Mayflower's new Pilgrim room. In addition to displays of Indian arrowheads etc., the Indians are planning a chief-making ceremony sometime during the opening event at which time the hotel manager, Ralph Lorenz, will be officially inducted into the tribe. In preparation for the same Lorenz consulted with Governor G. Mennen Williams last Friday on just what would be expected of him in the ceremony since the Governor has had previous experience. He was informed by the governor that he should say Ug Ug then perform some kind of a short dance. That we want to see.

Hoag and Son newspaper binders in Springport, Michigan write us to say that The Birmingham Eclectic and The Plymouth Mail have grown so fast during the last year that they must now bind our annual files in two books instead of one. Our Cocker Spaniel isn't one of the best dogs in town but he can at least boast of license tag number 3 for this year. Shirley Litsenberger of 1085 Ross street has the prize pooch who is Plymouth's number 1 dog this year and William Oliver of 409 Plymouth road owns the number 2 canine of the town. Only reason for these remarks is to remind other local dog owners of the danger of waking up some morning, "not finding your dog parked wrong," but, without a license, and a police ticket on your door. May 31st is the license deadline you know.

**IT'S AN OLD, OLD BRIDGE**

Spending money may be fun to some people, but to Legislators this year its the occasion for bickering, badgering and even open warfare. Both House and Senate have passed bills appropriating money they expect to collect from the new tax program so long in the making.  
House proposals, which were concerned with expenditures for operating funds, were passed with little controversy. Only important change was the elimination of money to operate Michigan's naval reserve; a saving of \$27,167. Representatives voting against this appropriation charged that the naval militia is made up of 1,900 men who do nothing; constitute nothing more than an officers club. The men draw \$50 allowance for uniforms that have no use. Only meetings held, according to Representatives fighting the appropriation, are for an hour or two every six months to figure out how much to ask from the state.

More controversy existed in the Senate where a small band of Senators tried unsuccessfully to reduce appropriation bills for capital outlay mostly for new building or remodeling. The group aimed to deduct \$4,494,000 from a total of \$7,938,000 which the Committee on Appropriations has designated for new construction of State institutions.  
Representatives rubbed their hands in gleeful anticipation of some wholesale cutting of the Senate provisions as soon as they reached the House floor for consideration. They felt safe on their own program since expenditures were about the same as last year. By legislative custom the chambers alternate in the designing of a budget. One year the House studies and proposes capital outlay measures; the Senate operating expense. The next year, the subject is reversed.

Basic difference in thinking between those who proposed the spending of money for new buildings and those who oppose it seems to be this: One group says we need the buildings now, with emphasis on the now. The second group believes that the state should spend no money until its present deficit problem is solved.  
Senator Creighton Coleman, a young Republican leader, pointed out that an elaborate program is needed now because Michigan has done little building in the last 20 or 30 years while the population has increased from 30 to 40 percent. The Jackson prison situation, for example, demands immediate action.

A major attack was made to remove funds for an artificial ice rink in the Upper Peninsula. Critics of the appropriation pointed to this expenditure of \$159,100 for Dee Stadium at Houghton College of Mining and Technology, claiming that the money was desperately needed for medical aid for Michigan citizens, and should not be spent for such facetious items as ice rinks in north Michigan. Other efforts were made to reduce expenditures for libraries and other buildings at Michigan State College and University of Michigan. But in the end, bills passed were very similar to what the Appropriation's Committee recommended.

Much study was devoted, said members of the Senate Appropriation Committee, to the proposals they made and they stood behind them. Senator Don Vanderwerp, western Michigan Republican, said that Houghton was the first college in the state to make much of ice hockey and that investigation showed the rink was an integral part of the recreation program. He also indicated that committee members were not surprised at attempts to reduce their appropriation plans, adding that it is much easier to try to improve a thing than it is to create it in the first place.

Memories of troubles at Jackson prison were recalled by the budget which allows a total of \$487,000 for that institution. Of this \$81,000 is earmarked to remodel Cell Block 9; \$32,000 to remodel a dining room; \$250,000 to remodel two floors of cell block 1. Marquette would receive \$529,700 from the proposed budget, \$300,000 of which is designated to pay for the construction of 200 new cells at a total cost of \$950,000.  
Other figures include \$660,000 for modernizing University Hospital in Ann Arbor; \$1,320,000 for libraries and roads for U of M; \$1,370,000 for a new library, new barns and storage space at MSC; \$58,000 improving facilities at Ferris Institute; \$169,200 (includes the 159,100 for the ice rink) for College of Mining and Technology in Houghton; \$500,000 for libraries and classrooms at Central Michigan College of Education in Kalamazoo; \$26,862 for water mains at Michigan State Normal; \$125,000 for the Northern Michigan College of Education improvements, and \$100,000 for a maintenance building at Western Michigan College of Education.

School for the Blind picked up what most people considered a well deserved boost when Senator Harold M. Ryan (D. Detroit) and Elmer R. Porter (R. Blissfield) called for and won \$125,000 to make the structure fireproof. About 140 blind children are housed in a four story building which will be improved.

Usual objections from Wayne County are present when it comes to the localities where money is being spent. They point out that their area has greatest need for hospitals of all types. Still bitter about state distribution of tuberculosis hospitals. Detroit people claim they don't get a fair share of Michigan money considering the vast sums that are collected from Wayne and spent out-state.  
Detroit's Senator Ryan lost his fight last week to get a new children's hospital for Wayne University or in Northville. One million dollars was being appropriated for a new institution, which will cost \$2 million, for children needing psychiatric treatment. Debate grew bitter over this question with Senator Ryan stating that the University of Michigan didn't even need lobbyists to get whatever it wants from the Legislature. The Senate voted to locate the hospital at Ann Arbor.

About 22,000,000 young people are currently enrolled in Grammar schools. Of these, about 7,000,000 can be expected to attend High school.

**TO WHAT GROUP DO YOU BELONG?**  
Of these High school students, only about 2,000,000 will go to college, and even fewer will actually graduate therefrom. This means that of the 22,000,000 Grammar school pupils only 9% will complete their education by going on to the State University or other college.

As one who has founded three Colleges which are successfully teaching Business Administration, I want now to talk to the approximately 70% who will be quitting High school and will not attempt a college education. I further add to these the many millions more who have quit, in the Grammar school grades, during the past ten years but are still young enough to learn.

**IMPORTANCE OF TYPE-WRITING**  
I hope that every reader is proficient in reading, arithmetic, spelling and typewriting. If you are not, it is your own fault. No one needs even a High school education to get these fundamentals. If you are not proficient in these four subjects, you had better go to night school and catch up. If you have not a typewriter, you had better buy one at once. Very few who cannot operate a typewriter get good jobs.

What I am about to say is not a criticism of College Degrees. They are worth what they cost in time and money. I am a graduate of the Massachusetts Institute of Technology and am proud of it. Those four years taught me "to do what I didn't want to do when I didn't want to do it", which is one important fundamental of success. I further highly commend night schools, correspondence courses and many other forms of "Extension Education" which are open today.

**HOW TO GET A COLLEGE EDUCATION FREE**  
But here is my real message: Any industrious and spiritually-minded person can get the equivalent of a College education by referring each day to four books: (1) The Short Bible, published by the University of Chicago; (2) Webster's Collegiate Dictionary, published by the G. & C. Merriam Co., Springfield, Mass.; (3) How to Live, published by Funk & Wagnalls, New York; and (4) any standard Encyclopedia. All these books can be ordered through your local book store. Probably there are other books which cover the same ground. I have no direct or indirect financial or other interest in these four except to use them daily.

I wish especially to say something about Encyclopedia Sets. I believe they offer the greatest value for their cost of anything you can buy if you will use one every day. If I were an unemployed young man, I would get a job selling Encyclopedias and work up until I was General Sales Manager of the company. It is a work into which I could put every ounce of strength and intelligence. In fact, I would offer the above four books in one package as a "College Education."

**EVERY JOB OFFERS GREAT OPPORTUNITIES**

I was once employed by the Curtis Publishing Company to discover some kind of industry — from the manufacture of baby foods to coffins—in which no one had yet made a million dollars! I utterly failed to find such an industry. Furthermore, I found that the heads of these successful businesses had come up through different departments—some as stenographers, some as bookkeepers, some as salesmen, some as "common laborers" at the bench. Some of them had been very poor; some were crippled; and most of them had no College education. But many of them used each day the four above-mentioned books or their equivalent.

It is important that you get into the department for which you are best fitted; but every job in every industry offers a great future to those with character, industry, initiative and persistence. I care not whether you are white or black, poor or well-to-do, married or single, young or old, with or without a College education, every reader of this column has great opportunities today.
