

PLYMOUTH TOWNSHIP'S REORGANIZED zoning board examines the source of its first headache—four billboards which have been erected along Five Mile road. Neighbors have presented the zoning board with a pe-

tion protesting the signboards. Members of the board, pictured from left to right, are Carl Hartwick, Jake Hines, Thomas F. Zak, and Joe Merritt.

New Allison Chevrolet Garage Opens

One of the finest Chevrolet garages in America is now in operation, here on Main street. Workmen completed the finishing touches last weekend on the new building of the Ernest J. Allison firm located on the corner of Main and Amelia streets.

Beginning operations in the new building also marks another milestone in the history of the firm in that it was just 31 years ago this time that Mr. Allison started in business here. The firm is now operated by Mr. Allison and his son Frank, who a few years ago became associated with his father in the business.

The up-to-the-minute service department features all of the latest mechanical aids for automotive service, and the size of the building makes it possible to have 17 cars under service at one time in the service department. The offices are spacious and beautifully furnished, and the Main street showroom accommodates three cars easily. The parts department has some 50,000 bins on the main floor and provides second story storage for larger repair parts.

In addition to the new buildings the Allisons will maintain and operate their former garage across the street, where they will house new and used cars and also operate their paint shop. About 27,000 feet of floor space will be devoted to the sales and servicing of Chevrolets in this area by the firm.

On the afternoon and evening of Tuesday, August 18 the firm will hold an open house for the general public at which time a complete line of Chevrolets will be on display to be viewed along with the new facilities.

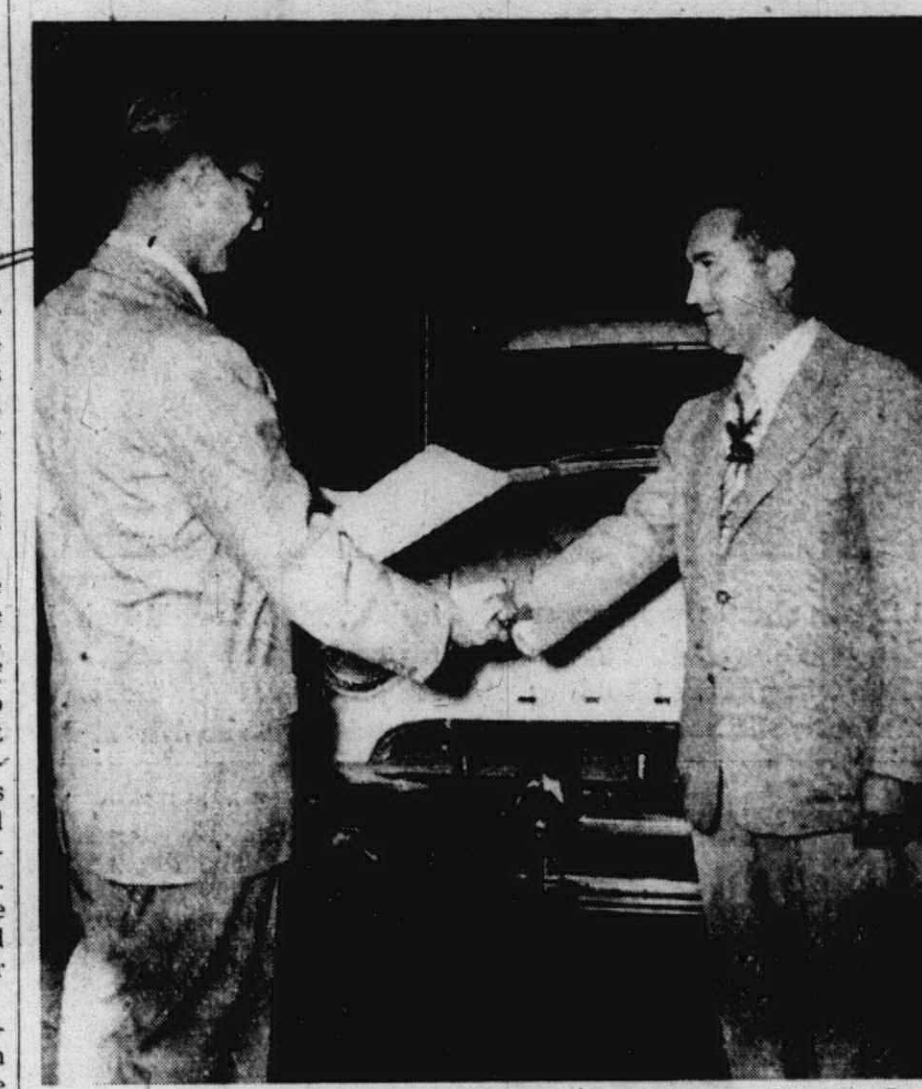

MOMS Choose Officers for 1953

New officers of the MOMS of America, Unit 18, were elected at the club's annual meeting this week. MOMS stands for Mothers of Men in Service. Heading the group as president for the ensuing year is Mrs. Orval Bloomhuff. Formal installation will take place Monday, August 24.

Other new officers of the group are: vice president, Mrs. Hugh Gardner; recording secretary, Mrs. Clark Sackett; corresponding secretary, Mrs. John Warkup; financial secretary, Mrs. Roscoe Cramb; treasurer, Mrs. Roy Lare; chaplain, Mrs. Ernest Donohue; historian, Mrs. Charles Anderson; and directors, Mrs. Fred Anderson, Mrs. Shurmyway Rollins and Mrs. Adolph Kuschler.

The MOMS club is an organization devoted to a united effort for world peace, and to making life as pleasant as possible for sons and daughters in service as well as hospitalized veterans. Service work includes raising money for contributions to various veteran's hospitals, visiting the Dearborn hospital, and donations to the U.S.O.

Name Jake Hines, Tom Zak To Township Zoning Board

HOWARD MACKIE, right, of 1193 West Maple avenue, receives appointment as Plymouth's first Mercury dealer from Byron Southworth, Mercury's Detroit District Manager of dealerships. Formal opening of the new sales and service business will be announced later.

Sign Boards Get First Attention Of Zoning Group

Through appointment by Township Supervisor Roy Lindsay the Plymouth Township Zoning board is now again fully manned. Jake Hines and Thomas Zak are the two new appointees who will serve with Carl Hartwick and Joe Merritt on the board with supervisor Lindsay acting as an ex-officio member. Vacancies on the board were created by the deaths of Roy Jewell and Frank Rambo.

At an organizational meeting held last week the commission elected officers and Mr. Hartwick was named chairman, Mr. Merritt, secretary. Official approval of the appointments must come from members of the Circuit Court in Detroit, but there is little question as to there giving a final nod of approval to the appointments.

At the same time appointment was made of Jake Hines as Township representative to the Northwest Wayne County Development Board, a post also formerly held by Mr. Demel. Carl Hartwick was appointed as alternate.

The reorganized board saw their first bit of action at last week's meeting when a petition was handed them protesting the erection of billboards on Five Mile road. Signatures of 17 neighbors appeared on the petition.

Present at the meeting to answer questions dealing with the four billboards which are near completion was the owner of the Hunt Sign company of Flint. He declared that he had previously received permission to erect the signs, but zoning board members pointed out that regulations permit signs only up to three feet in area. Mr. Hunt said that he would comply with any board ruling. Board members said that they would enforce the regulation and ask that the billboards be removed.

The board also discussed the problem of roadside stands in the township area. Some members pointed out that regulations require that roadside stand owners sell just their own home-grown produce, but that it appears that some stands are buying all or part of their produce from other sources for resale.

Another meeting of the board is scheduled for this week when the roadside stand problem is expected to again be discussed.

Fred Pringle, Jr. who is with the Air Force at March Air Force Base, Riverside, California, is spending a 30 day furlough with his mother, Mrs. Fred Pringle Sr.

Check Highways to Determine Traffic Trends

The Michigan Highway department is conducting an intensive study of traffic on all of the main highways leading to and from Plymouth on the east. Perhaps you may have wondered why at certain times traffic is channeled into one lane then each car stopped and a series of questions were asked of each motorist.

This project is a direct result of the activities of the Plymouth Chamber of Commerce Highway committee which met some weeks ago with Governor Williams in Lansing to find some solution to relieve the heavy traffic building up on main thoroughfares in this area.

The first direct result was the announcement that study had been started on the possibility of construction of an underpass at Telegraph and Plymouth roads. Now highway officials have sent several crews of college students to this area to stop traffic and inquire the following questions.

Where do you live? Where have you been on this trip? Is this a regular business trip? Do you travel this route frequently? Where do you keep your car, etc? All of this information will eventually be compiled by the department and from it some determination will be made as to which of the highways need the first attention.

Last Tuesday the surveyors were on Schoolcraft road and the week previous they held up traffic on Plymouth road. According to highway engineers' spot checks will be held from time to time so that a clear picture can be formed of the trend of traffic in this area.

Members of the Chamber of Commerce Highway Committee are Ralph Lorenz, Edwin Schrader, Dr. George Timpona, Sterling Eaton and Nat Sibbold.

Double Attraction For Local Women

If you see swarms of women armed with pocket-books dashing down Plymouth's streets this weekend, chances are they'll be heading for one of two places (or both). The attraction may come as a blow to the bread-winners of the family for not one, but two, of Plymouth's leading women's stores are having annual sales this week!

For Cassidy's it's the annual Harvest sale which seems to attract the fairer sex like a personal appearance of Clark Gable. Another sure-fire drawing card is scheduled at Dunning's where a giant sixth anniversary event offers values galore.

So, sit back gents, and wait for the packages to roll in. Tell her the hat looks swell, whistle at the blouse, say the new costume jewelry is just what she needed - and tell her you didn't want steak this weekend anyway!

The Zoning Ordinance

Because of the interest of local residents in the proposed zoning ordinance and because it so vitally affects everyone in the community The Plymouth Mail is publishing it in its entirety in this issue as a service to our residents.

We urge every property owner in the city to study it carefully, and if they are not sure as to any interpretation of any section we urge them to go to the city hall immediately for clarification. Further, we are not publishing the zoning map, which shows how your particular area is zoned, because it may well be changed before it becomes official. We do suggest, however, that to determine how to classify the property that you own that you again ask city officials to tell you which type of area you are located in. From the classification number you can determine how the ordinance affects you particularly.

Again we would like to point out that the ordinance cannot and will not become official until it has been two weeks before the city commission. Now is the time that you or your group, if they have objections, should act. After the second reading it will automatically become a law.

City officials will probably hold a special meeting early next week to give the ordinance its first reading. No more public hearings are scheduled since two were held by the zoning commission as is prescribed by the charter.

Mayflower Dining Room Featured in Treasury of Famous Eating Places

National recognition again was given Plymouth's outstanding Hotel Mayflower as thousands of copies of the magazine Ford Times are being distributed across the nation.

Featuring a painting of the beautiful Mayflower dining room as done in oils by King Calkins of New York, the magazine makes the following statement.

Elks Golf Party Set For Saturday

The 1st Annual Elks' Golf and Outing Stag Party, to be held this coming Saturday at the Plymouth Country Club, will fall on schedule but not without some revisions in the original program.

Recent strict measures against all forms of gambling will result in the elimination of the "Millionaires' Party" scheduled for the day. Golf and entertainment, food and beverage service, and a generous measure of camaraderie will hold forth without abatement.

Originally, the Elks had planned the "Millionaires Party" as a means of supplying economical entertainment to all who attended. Players were to be furnished with bogus money, to be used in playing games of chance in an attempt to increase their "stake". Those most fortunate were to have been awarded prizes donated by Elks' members.

A recent survey of Wastewick County's position in the recently imposed ban on such entertainment, resulted in the change of plans.

The Elk's Club wishes to point out that golfers, and non-golfers alike, are urged to attend the gala affair, proceeds of which will be used in their work. A charge of \$3.50 for golfers, and \$1 for non-golfers will be made. Golfers will compete for various trophies and awards in the bogey tournament and hole-in-one contest. Prizes will also be awarded in a driving contest.

The Mayflower Room at this hotel is a popular rendezvous for diners who enjoy good food in restful surroundings. The history of the Pilgrims is told in the life-size paintings on the wall of the dining room. Breakfast, lunch and dinner are served every day.

In addition to the oil painting of the dining room one of the Mayflower specialty relishes is listed and the following recipe for its preparation is told. Spiced Carrots . . . two quarts of carrots, one quart of white vinegar, one half cup mixed pickling spices, one cup of sugar and one cup of Maggie. Cook carrots whole or in chunks and let cool. Bring sugar, spices, vinegar and Maggie to a boil. Pour over carrots while vinegar mixture is still hot. Let stand overnight. Try it with lamb or veal.

Of further interest the Mayflower citation and picture will now be included in the Ford Treasury of Famous Recipes and Famous Eating Places which has national distribution and is as coveted as a copy of Duncan Hines or AAA finer places to dine in America.

Investigation by The Mail revealed the fact that the recipe was devised in the Mayflower kitchen by Ralph Lorenz and his chefs, and it has actually been one of their most popular relishes. Maggie is a professional seasoning used by most chefs in the country and is not always available to the average home consumer. It may be available at a later date to local housewives in the Mayflower Wine shop.

Wife of Former Resident Killed In Auto Accident

An accident in Auburn, New York last Friday night claimed the life of Mrs. Frank Learned, Jr., and injured her husband and two of their four children. Frank Learned Jr. was long a Plymouth resident, and his father Frank Learned Sr. was postmaster here. The information about the accident was provided by Mrs. William Staszni, of 1428 Sheridan, sister of Mr. Learned Sr.. Mrs. Learned Jr. was a teacher at the Training school here, previous to the couple's moving to New York. Funeral services were held Tuesday, August 11, from the Sullivan Funeral home in Detroit.

The driver of the other vehicle was also killed in the collision. Mr. Learned Jr. and the two children are still hospitalized.

Breaks Arm in Fall From Ladder

David Sutherland, nine-year old son of Mr. and Mrs. Donald Sutherland, 1312 South Harvey, is in St. Joseph's hospital, Ann Arbor. David suffered a broken right arm when he fell from a ladder at his home. He is expected to be confined to the hospital for about two weeks.

Five - Member Heating Board is Newest of City's Governing Bodies

A five-member board to enforce the city's new heating ordinance was appointed by city commissioners at a special meeting of the body called Monday night.

Following recommendations, the commission named two persons to the board representing

City Issues 26 Building Permits In Past Month

Property owners in Plymouth will spend \$97,399 for new structures and improvements, according to the estimates they made when applying for building permits during July.

City Assessor Kenneth Way announced that 26 permits were issued in July, with only two of that number going for new homes. Five others were issued to build new garages, 10 were issued to make improvements on residences, four for commercial construction and five for commercial building improvements. Total estimated cost of the duplex homes is \$13,800; five garages, \$4,849; four commercial buildings, \$42,500; residential improvements, \$15,050; and commercial improvements, \$22,100.

the city, two persons representing the heating business and one citizen-at-large who is a mechanical engineer.

Members of the newly-created board are:

City representatives, City Manager Al Glassford and William C. Otwell, 1464 West Ann Arbor Trail; heating business representatives, Ovid Deace, 964 Wing street and Harold E. Stevens, 998 Church street; citizen and mechanical engineer, Elvin Taylor, 1369 Park.

Appointment of a heating board was necessary because of provisions made in the heating ordinance enacted by the commission several weeks ago. The newly appointed board will serve until June 30, 1955, when the term of the next mayor begins.

It is believed that the heating board will meet only whenever a problem dealing with heating arises.

Monday's 10-minute meeting of the commission also brought authorization for the city manager to take bids for a water main for Simpson street.

Another short meeting was called for Tuesday night when the commission approved payment of a bill from Don S. Wells, Inc., Detroit asphalt contractor now paving some of Plymouth's streets.

Mackie To Operate New Mercury Sales

Formal announcement of the opening of Plymouth's first Mercury automobile sales and service dealership will soon be made by Howard Mackie.

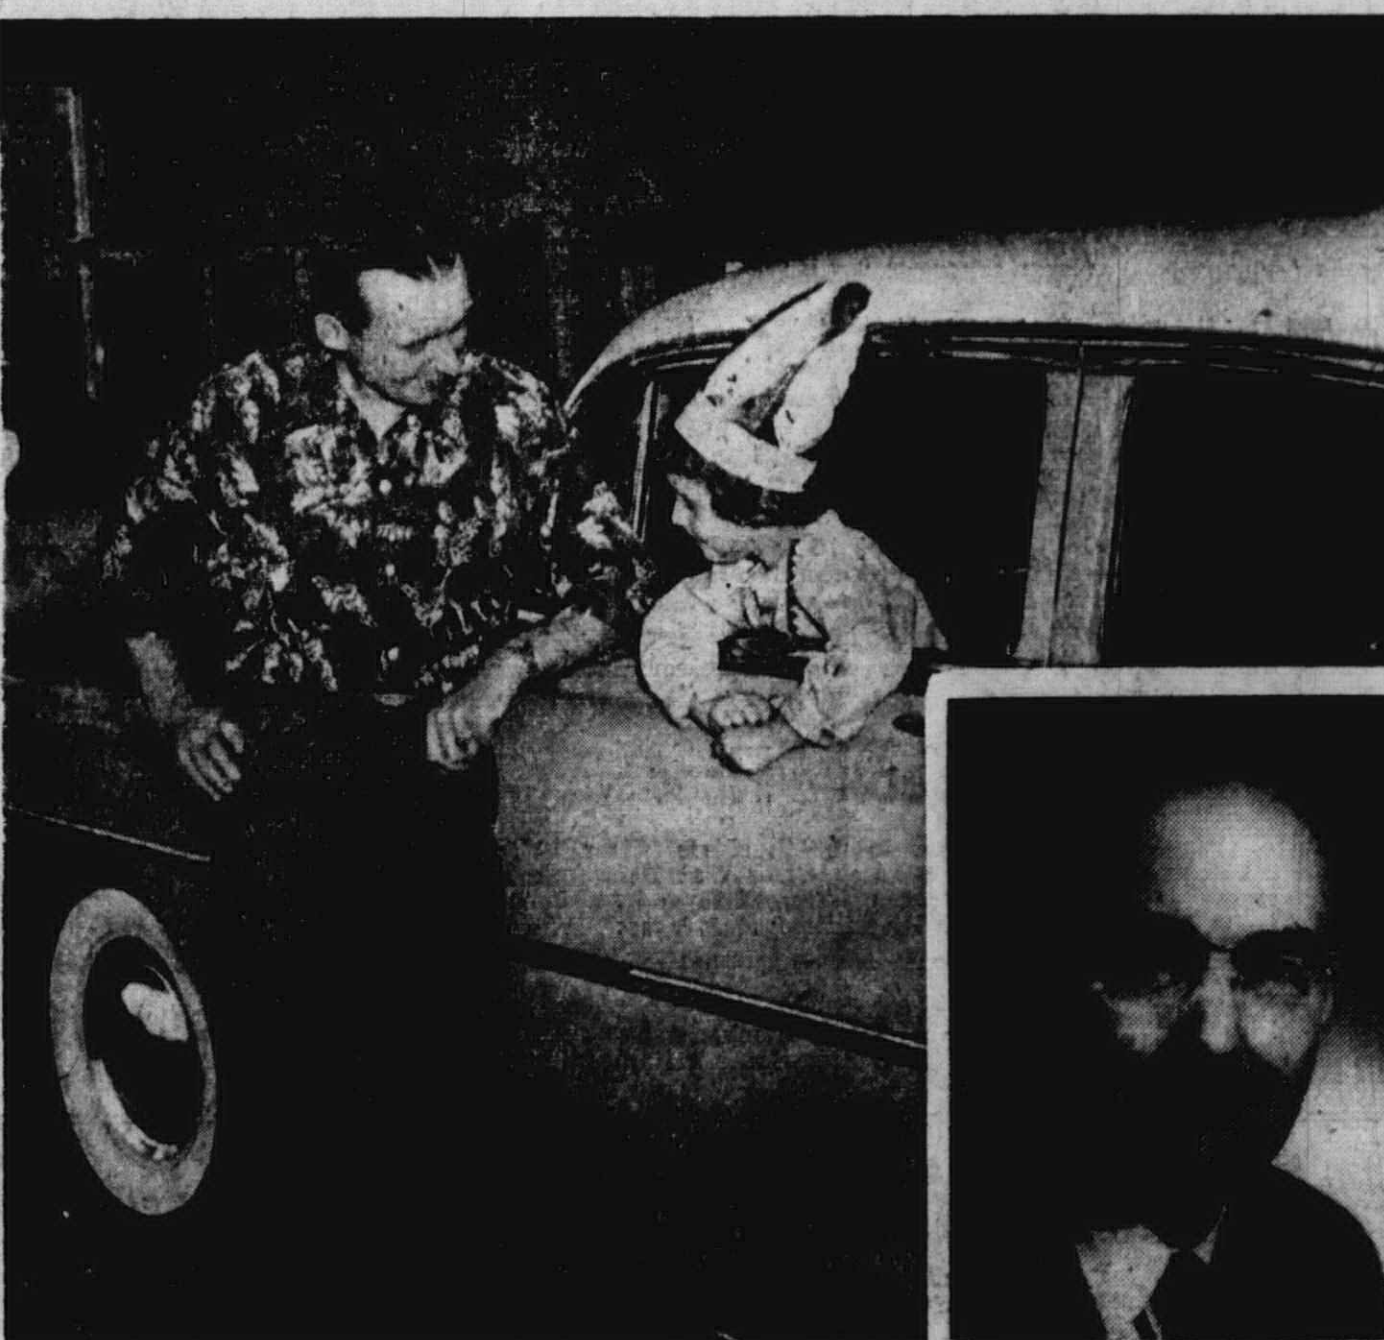

Mackie has taken over the building where the Cannon Motor Sales was housed at 402 North Mill street. The interior has been completely remodeled in a modern style by the Pease Paint and Wallpaper company.

A graduate of the University of Nebraska and Southeastern university, Washington, D. C., Mackie earned his bachelor of arts degree in accounting.

After he had spent three and one half years with the Federal Bureau of Investigation, he worked for the Ford Motor company for 11 years. For the past seven years he has been connected with the retail car business, having managed several automobile sales businesses in Ann Arbor, Highland Park and Dearborn.

Wall Wire Names Eastern Official

The Wall Wire Products company of Plymouth announces the appointment of Maxwell M. Wachowiak as Assistant to the President. Mr. Wachowiak previously was associated with Rheem Manufacturing company at Linden, New Jersey. Prior to that Mr. Wachowiak was with the Christy Park Works of the National Tube Division, U. S.

FIRST TO SIT IN A NEW CHEVROLET in the new Allison Chevrolet showroom is none other than Jill Allison who is being told all about the fine points of the car by her father, Frank Allison. The beautiful new Chevrolet garage is now open for business and next Tuesday will be the scene of an open house for all local residents on the formal opening and the event of Mr. Ernest Allison's (inset) 31st year as a Chevrolet dealer in Plymouth.

ONE OF THE MOST pleasant things about the summer season is that it brings families together. During the recent visit of her son Mrs. Earl Reh was pictured holding her one-year-old granddaughter, Karen, while her daughter-

in-law, Mrs. Donald Reh, looked on. Mrs. Reh lives at 203 Holbrook. The young Rehs were visiting from Chincoteague Naval Air Base, Virginia, where Lt. Reh is stationed with the Naval Air Corps.

### End of Activities at Playgrounds Shows Summer Is Almost Over

One indication that the end of vacation-time is drawing near is that the summer playground program will be terminated this Friday, August 14. The recreation department announced that the swimming pool sessions were ended last Friday, to allow time for refinishing the shower rooms before school starts this fall.

Herbert Woolweaver, recreation director, termed the playground attendance as much better than in previous years. The total enrollment was approximately 293 children, exceeding last year's total by about 25 per cent.

The swimming pool saw 13,944 persons take part in the summer

program. Broken down, the statistics list 5,523 girls used the pool, 7,532 boys and 899 adults. The average attendance per day was listed as 369 persons. Red Cross beginners cards were awarded 13 girls and 20 boys.

The eight-weeks of events at the city's five playgrounds were divided between games and handicraft work and the special trips which the children took. Included among the special activities were a trip to the zoo, trips to Kensington Park, a kiddies parade as part of the Fourth of July festivities, a giant picnic and an excursion to Bob-Lo.

A Kiddie's Karnival was scheduled for the children, but it was cancelled by the strict gambling laws. The department planned to use the proceeds to send the children to Bob-Lo. The money for the trip was provided by the local B.P.O. Elks club, however, who came to the playgrounds' rescue when they heard the Carnival had been cancelled.

A gala picnic at Riverside Park Tuesday was the climaxing event for the playground series. Games were played, prizes awarded, and a championship baseball game was held between the various playground winners. Evening swimming will resume on September 14, with the same adult schedule as was presented this summer. Woolweaver announced.

Social items can be phoned to 1600.

### Walter Scotts to be Feted at Open House

Mr. and Mrs. C. N. Burton of 11651 Haggerty highway are holding a reception and open house on Saturday, August 15, from 2 to 4 p.m. and after 7 in the evening, honoring their parents, Mr. and Mrs. Walter A. Scott on their golden wedding anniversary. All friends are welcome.

Private Victor S. Ferrari, who has been visiting his parents while on furlough from Fort Leonard Wood, Missouri, left Monday, August 10, by plane for Camp Kilmer, New Jersey and from there will leave for Europe for further duty.

## SOCIAL NOTES

Mr. and Mrs. Lloyd England and children, Jerry and Johnny have just returned to their home on Sunset avenue after a delightful three week's vacation which included a few days at Niagara Falls, New York, several days at a cabin in the Thousand Islands and a week on Houghton lake in northern Michigan.

Mr. and Mrs. Steve Jarrett who have been spending the past several weeks with Mrs. Jarrett's mother, Mrs. William Farley on Adams street, left last Wednesday for their home in Las Vegas, Nevada.

Reverend and Mrs. James Struthers of Dallas, Texas, were the luncheon guests Tuesday of Mr. and Mrs. William Sliger of Palmer avenue.

Mrs. Maude Schrader and daughter, Evelyn have returned to their home in West Palm Beach, Florida after visiting for several weeks in Plymouth with their son, Edwin and family of North Main street.

Mr. and Mrs. Jack Gage of Clemons road are spending a few days this week with Mr. and Mrs. Hugh Rybolt of Redford at their cottage near Caseville.

Peter Leemon, son of Mr. and Mrs. Roy Leemon of West Ann Arbor trail, was returned to Women's hospital, Detroit, last weekend where he is suffering from a severe throat condition.

On Sunday, Mr. and Mrs. Austin Whipple, Edson O. Huston, Miss June Larsen and Edson and Elmer Whipple were the guests of Mr. and Mrs. Wendell Miller at their summer home on Runyan lake.

Guests visiting at the home of Mr. and Mrs. Eugene Ferrari last Friday were Mr. and Mrs. Randolph Ferrari and daughters, Marie and Beverly of Windsor, Ontario, and Mrs. Cora Walker of Detroit.

The Mission Society of St. Peter's Lutheran church will meet on Wednesday, August 19 at 2 p.m. in Riverside Park.

Miss Juanita Disbro of Tucson, Arizona was the luncheon guest Tuesday of Mrs. William Farley of Adams street. She also visited several other friends in Plymouth and Ann Arbor.

The annual Garchow reunion was held last Sunday, August 9, at Cass Benton Park with seventy-seven members and seven guests present.

Mrs. Nellie Lidgard arrived at Willow Run Airport on Tuesday evening after spending the past year in Arizona and California.

Richard Blomberg, son of Mr. and Mrs. Ragnor Blomberg of Arthur street spent last week with his uncle and aunt, Dr. and Mrs. W. S. Martin in Ludington.

Mr. and Mrs. Kenneth Hulsing and family of Church street are vacationing for three weeks near Oscoda.

### Richard Shrumm Weds South Carolina Girl

Announcement has been made of the recent marriage of Staff Sergeant Richard Shrumm, son of Mr. and Mrs. Roy Shrumm of 48210 Gyde road to Miss Helen Pitman of South Carolina.

The couple were married on Sunday, August 2 and will continue to reside in South Carolina while Sgt. Shrumm is stationed at Fort Bragg.

### David Camerons Return From Cruise

In a recent ceremony at Our Lady of Good Counsel church Plymouth, Theresa Finlan of Arthur street, exchanged marriage vows with David Cameron. The ten o'clock nuptial Mass was read by the Reverend Father Francis Byrne on Wednesday, July 16.

Mrs. Harold Brisbois was Theresa's only attendant and Dr. Harold Brisbois served David as best man.

Following the ceremony a reception was held at the Mayflower Hotel, after which the couple left by plane for New York City where they boarded the liner "Monarch" for a two weeks cruise to Bermuda and Nova Scotia.

The Camerons are making their home at 331 Arthur street.

### Samuel Lermans to Reside in Detroit

Mr. and Mrs. Barton J. Rogers announce the marriage of their daughter, Nancy Griswold, to Dr. Samuel I. Lerman in Detroit, on July 7. They are living at 1784 West Grand boulevard, Detroit. After graduating from Plymouth High school in 1946 Mrs. Lerman attended the University of New Mexico and Wayne University. Dr. Lerman is a graduate of McGill university, Montreal, Canada. He is the son of B. Lerman of Seattle, Washington.

## Rotary to Hear Songs by Barber Shop Quartet

The mellow harmony of a Barber Shop Quartet will entertain members of the Rotary club at their meeting this Friday, August 14. Making up the group are members of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America.

Chief Petty Officer Wesley R. Meier will take up the tenor; Robert J. Hafer, acting international secretary of the S.P.E.B. S.Q.S.A. Inc. is also a tenor; Carroll P. Adams, past secretary of the organization, is baritone; and Don Dobson, associate international secretary, will carry the bass.

Carroll Adams is a Detroit Rotarian who was raised in Plymouth. Evered Jolliffe will introduce the group.

## Consider Plans For Style Show

Tentative plans are being considered for a fall fashion show to be put on locally. The show will be sponsored by the Retail Merchants division of the Chamber of Commerce and the Veterans of Foreign Wars auxiliary.

No definite date for the show had been decided, nor have chairmen of committees been named as yet. A similar show was given last year which was very successful, so the two groups are considering a similar event for this fall.

## Kiwianics See Films of Guatemala Trip

Slides of their trip to Guatemala were shown members of the Plymouth Kiwanis club by Dr. & Mrs. Gerald Fitch Tuesday evening at the Mayflower hotel.

The highly interesting colored films, narrated by Dr. Fitch, included a trip through the Panama canal and a visit to the centuries' old cities of the Guatemala area. Also impressive were the hotel accommodations and luxurious living sites.

The Fitches took their southern trip last December.

The world is still full of fellows who feather their own nest by robbing some other bird.

## SOCIAL NOTES

Mrs. Robert Fisher and children of Ypsilanti were Monday visitors at the home of her parents, Mr. and Mrs. Eugene Ferrari.

Mr. and Mrs. Fred VanDyke of Joy road will have as their houseguest, Dr. Varghas, M. D. between semesters at the University of Michigan. Dr. Varghas will study Public Health during the Fall semester at the University.

Dinner guests last Tuesday evening of Mrs. Miller Ross and Mrs. Sara Ross in their home on Ann Arbor road were Mrs. Beatrice Schultz and her mother, Mrs. Katherine Seldomridge.

Mrs. W. D. Brown entertained at a family dinner last Sunday in the Brown home on Sheridan avenue, honoring her husband on his birthday. Present were their children, Mr. and Mrs. Alvin Fricke and family of Royal Oak and Mr. and Mrs. Robert Stetson and family of Lansing.

Mr. and Mrs. A. E. Tatzka of Deer street spent a part of their vacation at Mio and Lake City, Michigan.

Mrs. Fletcher Campbell, Jr., Mrs. Frederick Runge, Mrs. A. Huebner and Mrs. William J. Squires were co-hostesses on Wednesday evening, August 5, at the home of Mrs. Squires on north Canton Center road to fifty guests at a bridal shower given in honor of Mrs. Lawrence F. Larsen Jr. Mrs. Larsen is the former Grace Schraufnagel, daughter of Mr. and Mrs. Joseph Schraufnagel of Cherry Hill road. Grace became the bride of Lawrence F. Larsen, Jr., on Sunday, July 26 in Belleville. The Lawrence Larsens Sr. of Ann street are the bridegroom's parents. Presiding at the tea table with it's low bowl of yellow snapdragons and lighted blue tapers was Mrs. Harry Valek and Mrs. Fletcher Campbell, Jr. Guests were present from Belleville, Flat Rock, Northville, Wayne, Detroit and Plymouth.

Mr. and Mrs. Neil Geans and Mr. and Mrs. James Geans have returned from a trip to the West Coast where they visited Gene Geans and family at Onalaska, Washington and friends and relatives in Oregon.

Mr. and Mrs. Austin Whipple and son Elmer H. Whipple returned to their home on Penniman avenue last Monday after spending a month on Mullett Lake.

Mr. and Mrs. Robert Bullard of Maple avenue spent last week vacationing in East Tawas, Alpena and Traverse City.

## OBITUARIES

**Henry Hill**  
Funeral services were held Saturday, August 8, for Henry Hill who passed away Thursday, August 6, at the age of 71 years. He resided at 10478 Laurel, Livonia.  
Surviving is his wife, Grace; four daughters, Grace Hallam of Detroit, Alice Fulton of Livonia, Gertrude Little of Plymouth and Beatrice Joeton of Detroit.  
Reverend Woodrow Wooley officiated at services from the Sonderegger Funeral home. Interment was in Parkview Memorial cemetery.

## Theresa Noker

Funeral services were held Tuesday, August 11, for Miss Theresa Noker of 49650 Warren, Superior township. Miss Noker passed away Sunday, August 9 at the age of 80 years. She lived in this area since 1944.  
Surviving are her niece, Kathryn Zimmerman of Detroit, and nephew, Alvin Hammer, also of Detroit.

Rosary was said at the Sonderegger Funeral home on Monday evening. Funeral services were from Our Lady of Good Counsel church, with the Mass read by the Reverend Father Byrne. Interment was in Mt. Elliott cemetery.

## Sarah F. Batts

Funeral services will be held Thursday evening, August 13 at 8 p.m. from the Schrader Funeral home for Mrs. Sarah F. Batts who passed away Tuesday afternoon, August 11 at the age of 37 years, after a few weeks illness. Her home was at 1201 Ross street.

Surviving are her husband, James K. Batts; her daughter, Joyce Ann Batts; also surviving are her parents, Mr. and Mrs. Earl Moore of Plymouth, and her mother-in-law, Mrs. Addie Batts of Jackson, Mississippi, other relatives and many friends.

Mrs. Batts has been a resident of Plymouth for the past two years.  
Reverend J. D. Phelps of Detroit will officiate. Hymns will be rendered on the organ by Mrs. Edna O'Conner. Mrs. Batts will be taken to Crutchfield, Kentucky where interment will be made in Rock Springs cemetery.

Frank Terry of 145 Union street is in St. Joseph's hospital, Ann Arbor where he underwent surgery on Wednesday.

Mrs. Patrick Fegan of Newburg road was guest of honor at a lovely stork shower on Tuesday evening given by Mrs. Kenneth Anderson in her home at 824 South Main street. 18 guests coming from Wayne, Ypsilanti and Plymouth attended.

Mr. and Mrs. Paul Bairas of Clemons road had as their Sunday dinner guests, Mr. and Mrs. Jesse Vout of Holly.

Little Joel Campbell, son of Mr. and Mrs. Ivan Campbell of Lilley road celebrated his sixth birthday on Monday, August 3, with a picnic in Riverside park. Joel's little guests included Tommy Rotarius, Leonard Henning, and Johnny Campbell.

Mr. and Mrs. Ralph Cole of Ann Arbor road spent a few days last week vacationing in northern Michigan.

Mr. and Mrs. Harvey Dethloff of Lilley road have finally received word from their son, Marine PFC Fred Dethloff who was wounded in action early this month that he received severe shrapnel wounds in the leg and is now in the hospital in Japan. This is the first news the Dethloffs have received since the telegram from the government stating he had been wounded. Fred says he hopes to be completely healed by the time of his discharge which will be in October.

Recent houseguests of Mr. and Mrs. Russell Isbister of Ann Arbor road were Mrs. Isbister's brother, Paul Wild and family of Roswell, New Mexico.

Mr. and Mrs. Barton Rogers have returned to their home on Blunk street following a six weeks trip to Mexico.

Mr. and Mrs. William Foley were Friday evening guests of Mr. and Mrs. Paul Bairas of Clemons road.

Mrs. Lila Humphries left Tuesday morning by bus on a sight seeing trip to the West Coast. She will stop over at the Grand Canyon, Yellowstone National Park and all points of interest enroute to San Diego, California, where she will visit with her mother, Mrs. Ida Davidson. Mrs. Humphries expects to be gone a month or six weeks before returning to Plymouth.

Mrs. Raymond Bachelder entertained a group of friends at a "bon voyage" party on Sunday in the Bachelder home on North Main street honoring Miss Goldie Nagy, a Wyandotte school teacher who is leaving soon to teach in the occupied zone of Japan.

Dr. and Mrs. Charles Smyth and family of Colorado have been visiting with Dr. Smyth's mother and sister on Adams street.

Mr. and Mrs. Charles Owens and family spent last week vacationing near East Tawas.

Mr. and Mrs. Charles Beegle of North Harvey street were hosts last week to Mr. and Mrs. James Simpson of Rochester, New York.

## John Britcher

Private John E. Britcher Jr., son of Mr. and Mrs. John Britcher of 41114 East Ann Arbor trail, has completed his basic training and is now attending truck driving school. He will be stationed with the 16th transport truck company, 6th transport truck battalion.

Before entering the Army Britcher worked for the Consumers Power company here as a truck driver.

## BIRTHS

Mr. and Mrs. Robert Ross of 630 South Harvey street are the proud parents of a six pound, twelve ounce son, James Robert, born at Session's hospital, Northville on July 31. Mrs. Ross is the former Barbara Martin.

Mr. and Mrs. Frank Turner of Herald street announce the birth of a seven pound daughter. The young miss was born at Session's hospital, Northville, on August 3.

Mr. and Mrs. Edwin Burd of Wayne announce the birth of a son, Mark Earl, weighing five pounds, fourteen ounces, at Beyer Memorial hospital, Ypsilanti on August 9. Mrs. Burd is the former Mary Jane Moore.

Mr. and Mrs. Elvy Yager of Starkweather avenue are the proud parents of a son, Michael Joseph born at Session's hospital, Northville on August 8 and weighing six pounds, five ounces. Mrs. Yager is the former Ruth Weger.

Mr. and Mrs. Robert Sanderson of 797 Evergreen street are receiving congratulations on the arrival of a daughter, Lori Jean born at Session's hospital, Northville on August 4 and weighing seven pounds, ten and one-half ounces. Mrs. Sanderson is the former Marion Ellsworth.

Mr. and Mrs. Charles Voss of Canton Center road announce the arrival of a son, William Edward weighing ten pounds, two ounces and born on August 5 in St. Joseph's hospital, Ann Arbor.

Mr. and Mrs. Burton Scott of Ewart, Michigan announce the arrival of an eight pound, three ounce son, Burton Edwin, Jr. on August 7. Mrs. Scott is the former Marilyn Joy Bennett of Plymouth.

Mr. and Mrs. Raymond Bulmon of North Territorial road are receiving congratulations on the birth of a six pound, 13 ounce son, Robert Charles in St. Joseph's hospital, Ann Arbor on August 6.

## St John's to Hold Vacation School

St. John's Episcopal church will begin a Church vacation school next week for all the interested children in the community. The school will last from August 17 to 28 and will have the theme "The Church—The Steeple—The Ministry—The People."

Activities for the youngsters will consist of worship, stories, handwork, singing and games. Children aged four and up may enroll in the church school.

## Remodels Store

Along with the many other stores in town which are being remodeled is the Peterson Drug store, 840 West Ann Arbor trail. By taking out a display window which faces the alley between Peterson's and the D. & C. store, approximately 14 to 18 inches will be added to the inside store space. The wall space which housed the window will be bricked up.

PATTI JEAN KOVALL, six-months-old, recently traveled all the way from Binghamton, New York, with her mother Mrs. Norman Kovall, to visit her grandpar-

ents, the Evered Jolliffes' of 1192 West Ann Arbor trail. Patti Jean and her mommy were in Plymouth for two weeks.

### Senate Approves Appointment of Robert McLeaish

The Senate recently approved the nomination of Robert B. McLeaish, of Galveston, Texas to head the Farmers Home Administration.

McLeaish, who is 54, has been executive vice-president of Sugatex Corporation, a company producing stock feed from

dehydrated citrus waste, for the past six years.

As head of the Farmers Home Administration, he will administer the Department of Agriculture's program of supervised credit which enables small farmers to buy, improve, or develop economic family-type farms and to increase the efficiency of their operations.

Also under his administration will be the disaster loan program through which emergency credit is made available in areas affected by drought, flood or other disaster.

### Fined \$75 for Reckless Driving

A fine of \$75 was given William Whitley, 2147 Canton Center road, when he appeared before Municipal Judge Nandino Perlongo on a charge of reckless driving.

Whitley was arrested by Plymouth police Monday. He paid the fine following his court appearance later that day.

### No-hit Relief Job Defeats DTD in Playoff Opener

Detroit Transmission suffered a severe setback in the first round of the Men's Softball Playoffs Monday night when Cavalcade upset them 3 to 2 in one of the most thrilling contests of the season. Great relief work by the veteran Joe Thibadeau sparked the victory. Thibadeau went in the game at the beginning of the second inning, after DTD had pounded Doolan the starting hurler for two runs in the first inning, and held the slugging Transmission batters without a hit or a run for the next six innings. During that time he struck out seven men, walked one, and hit one batsman to account for the only two men to reach first base on him. He was back by air-tight support, and Phil Barnes made a sensational catch in centerfield while prone on his stomach to rob Londeau of a hit in the sixth inning.

Herb Somers also hurled a superior brand of ball as he allowed three safeties, but three walks, two hit batsmen, and a couple errors meant defeat.

Detroit Transmission scored their two runs off Doolan in the first as Kliest opened with a walk, Londeau doubled but Kliest was thrown out at third on a perfect throw from Barnes to Cole. Jesky then tripled scoring Londeau, and came home on an error by the catcher. Cavalcade came back in the bottom half of the first to count one run as Cole opened with a walk, sacrificed to second by Wagenschutz, who was also safe on an error with Cole going to third from where he scored on an error by Kliest.

Neither team was able to score again until the fifth when Cavalcade tied it up on Dave Travis being hit by a pitched ball, Cole sacrificing and being safe on an error with Travis going to third with no one out. The next batter struck out, but Finnegan was hit by a pitched ball to load the sacks. With one out Ashed sent a hot grounder to second on which Travis scored the tying run.

The winning run was counted in the sixth inning as Barnes opened with a walk, Buettel singled him to second, and Travis sacrificed them both. Barnes scored on a short fly ball to right field—the throw to the plate had him beat, but Cutsinger drops the ball. Cavalcade wasted two singles in the third when Thibadeau hit into a fast double play to end a threat.

This is the first time Cavalcade has been able to defeat Detroit Transmission this year, and served notice that they are serious contenders for the playoff crown. Last night Olds played Cavalcade and tomorrow night at 7:30 Olds plays Detroit Transmission. The playoffs are a two game knockout affair. The finals probably will take place Monday night.

### Sale of Color Television Sets In 1954 Predicted

The prediction was recently made by an official of one of the major radio and phonograph manufacturing companies that color television receivers would be on the market in the early part of 1954.

If this forecast is accurate, color sets might be out some four to six months earlier than had heretofore been assumed.

The manufacturing official based his prediction on the assumption that the Federal Communications Commission would soon approve the electronic tube color system which several manufacturers have now developed to a high degree of perfection. FCC Commissioners have expressed their belief that final field tests will be held sometime this year.

Initial estimates priced color television sets well over \$500, perhaps as high as \$700 or \$800. This would limit their sale until prices were brought down to the average consumers' pocketbook. Thus, even if the color television sets are on the market soon, it is improbable that they will be in wide use for another year or two.

### Remind Church-Goers Of Time of Worship

Union church services for the month of August are being held at the First Methodist church with Dr. Henry Welch of the First Presbyterian church preaching. Some confusion has existed over the time of the services, many of the congregation arriving at 11 a.m. to find the service almost over. The time for these Union services is 10 a.m. throughout August.

### Diseases Infect Beaver - Raccoon, Grouse Numbers

A record number of beaver, 17,499, were trapped during the Spring trapping season. The take was especially heavy in the Upper Peninsula.

Word was recently received that many dead beaver are possibly victims of the deadly tularemia, which is not so fatal to humans now because of the "wonder" drugs.

One animal at peak population in Michigan during the past few years is the raccoon. Now, however, departs of a disease similar to distemper in dogs has been taking a heavy toll.

According to research in Ontario and Wisconsin, as many as 90 percent of ruffed grouse were infected with a blood parasite during the recent peak population. This may well be the key factor if the ruffed grouse population takes a nose-dive shortly.

Will Nature and her way of balancing wildlife populations be blamed for a decline in beaver, raccoons and grouse? To the uninformed it will still be the trapper and the hunter. Perhaps a greater harvest by trap and gun might have prevented a harvest by disease. At least there would not have been such waste.

### Dairy Farming Income Drops

U. S. Department of Agriculture economists figure that the net income from dairy farming, like net income from farming in general, is probably running lower than a year ago. This is in spite of revenues equal to the same period last year.

Increased production accounts for the stability of gross cash income, since prices of dairy products have tended downward.

Dairy farmers have had to buy more feeds in order to produce more, however. The economists point out that this means that the total cost of producing milk may not have gone down as much as the receipts from the sales of dairy products, and the net income has declined.

### Plows Effective In Fighting Fires

One new method of fighting forest fires which is proving effective is the use of tractor plows.

Almost 45 percent of 2,820 forest fires which occurred between January 1 and November 20 were brought under control by tractor plows.

They constructed approximately 725 miles of fire line—a swath cut through the woods and cleared down to mineral earth or rock to prevent the spread of the fire.

Each three-man plow unit replaces 12 to 20 men with hand tools on the fire line.

The plow unit can ordinarily construct three miles of high-grade fire line an hour in the level or rolling uplands of the coastal plain and one and half miles an hour in mountain country.

Mr. and Mrs. Robert Beyer and children, Susan and Michael are spending this week with Mrs. Beyer's parents, Mr. and Mrs. Michael Schuster at their cottage at Cedars, Michigan.

### New Sign

The latest addition to Fisher's Shoe store is a neon sign. The sign, made up especially to blend in with Fisher's exterior by the Florsheim company, is to advertise the Florsheim brand of men's and women's shoes.

It is made of porcelain enamel in green and white and was erected last week. James Houk, manager of Fisher's, said that the sign would be lighted in the near future.

### Seeks Survey for Need of YMCA

"How great is the need for a YMCA in Plymouth?" is the question the Plymouth Chamber of Commerce will attempt to have answered in the next few months.

State officials of the YMCA have been asked by the Chamber to conduct a survey on the need and advisability of organizing a YMCA for Plymouth. A group of school, city and Chamber officials will meet September 23 to discuss the subject.

### Plymouth Author Writes New Book

A book by a Michigan State college professor which traces conservative thinking from Burke to Santayana has been hailed by American reviewers as "a landmark."

Author of the important new work is Russell Kirk, a native of Plymouth, and assistant professor of history of civilization at Michigan State college.

Of "The Conservative Mind," published this summer, Fortune magazine said it is "a landmark. It has appeared at a moment when a kind of political and social conservatism is re-emerging in the United States."

### James McLeans On Western Honeymoon

The First Methodist church, Plymouth, was the setting for the informal, but impressive, wedding last Saturday afternoon, August 8, when Janet Burgett, daughter of Mr. and Mrs. Lawrence Burgett of Ferguson street, became the bride of James A. McLean, James is the son of Mrs. Erma G. McLean of Oakview avenue.

The Reverend Melbourne Johnson read the nuptial vows before only the immediate families. Bouquets of white gladioli, asters and snapdragons graced the altar.

Given in marriage by her father, Janet was lovely in a white nylon ballerina length gown with tiny flower pattern sprinkled through the full skirt and a fitted bodice. The bodice featured a deep rounded neckline and a white velvet sash. Her veil of illusion fell from a cap of white velvet flower petals. Her veil was outlined with silver sequins. She carried a bouquet of red roses and stephanotis. Mrs. Geraldine Olson was her sister's, matron of honor. She wore a powder blue nylon gown and navy accessories. Her bouquet was of yellow roses and stephanotis.

Paul McLean served his brother as best man.

Mrs. Burgett selected a navy blue crepe dress. Her accessories were white and she wore a pink carnation corsage and red accessories with her gown of silver silk faille with velvet trim.

In the evening a reception was held at the VFW Hall on Lilley road with guests present from Detroit, Saginaw, St. Clair Shores, Northville, Farmington, Ann Arbor, Port Huron, Wayne, Howell, New Hudson and Plymouth.

The young couple are on a honeymoon to Yellowstone National Park. They first drove into Northern Michigan and will take the northern route. For traveling the bride wore a aqua gabardine suit with brown accessories and a white nylon topper.

Both Janet and James attended Plymouth High school. They will make their home on Eight Mile road near Tuck road.

THE GRANDDAUGHTER and namesake of Mrs. Margaret Hough recently visited her at 1477 West Ann Arbor trail. Pictured with Mrs. Hough, who is holding 11-

months-old Margaret Hough Hadsell, is the baby's mother, Mrs. Philip Alan Hadsell II of Niles, Michigan.

### Gentz - Duthoo Rites Read in New Boston

Before an altar decorated with lighted tapers, vases of white gladioli and palms, Marie Florence Duthoo, daughter of Mr. and Mrs. Marcel Duthoo of Ford road, became the bride of Robert William Gentz. Mr. and Mrs. John Gentz of New Boston are the bridegroom's parents.

The eight o'clock candlelight ceremony was read on August 1 by Pastor Walter Gienapp in St. Paul's Lutheran church in New Boston. Joseph Cicirelli, of Livonia, sang "Because" and "The Lord's Prayer" accompanied by Dallas Collever at the organ.

For her wedding, the bride chose a floor length gown of white lace and nylon tulle over satin. The lace bodice was fashioned with a scalloped illusion neckline and long sleeves ending at points over the wrists. An apron of the lace fell over the bouffant skirt and a tiara of seed pearls held her fingertip length veil of illusion in place. She carried a white Bible centered with a white orchid.

Marie asked Mrs. Robert Stuart to be her matron of honor. She wore a rose coral gown fashioned with a bodice and bolero jacket of lace. The waltz length skirt was of nylon net over taffeta.

Mrs. Henry Vincent, sister of the bridegroom, was Marie's bridesmaid. Her gown was identical to that of the matron of honor. Both attendants wore tiaras matching their gowns and carried colonial bouquets of white and blue baby mums.

Miss Cynthia Wilkens, cousin of the bride, was the little flower girl. Her floor length gown was of white eyelet organdy with which she wore a wide sash. She wore an eyelet tiara trimmed with tiny blue flowers in her hair and carried a miniature bouquet of white and blue mums.

Robert asked his brother, Donald Gentz to serve him as best man, and seating the guests was LeRoy O'Connor.

For her daughter's wedding, Mrs. Duthoo wore a street length dress of pink lace with which she

## SOCIAL NOTES

Mr. and Mrs. Boyd Rollin and family of North Harvey street joined Mr. Rollin's brother, Paul and family in Garden City, Sunday, August 9, to help celebrate the eighty-fifth birthday of their father, Eugene Rollin, formerly of Plymouth. Mr. and Mrs. Rollins have been married over fifty-nine years.

John Ramsey of Auburn avenue returned from Session's hospital following surgery and is convalescing at his home.

Miss Greta Van Wormer of Belleville was the weekend houseguest of her roommate, Sandra Tibbatts of Ann Arbor road.

Mrs. Doniel Patterson of Idyl Wyld Country Club on Five Mile road underwent surgery at University hospital, Ann Arbor last Friday.

Dr. S. Singer of Argentina will be the houseguest of Mr. and Mrs. Russell Isbister and Mr. and Mrs. Miller Ross for the time between the summer semester and the fall semester at the University of Michigan.

Mr. and Mrs. Robert Lidgard and family attended the Wednesday evening showing of "Cinerama" at the Music Hall in Detroit.

wore blue accessories and an orchid corsage. Mrs. Gentz wore pink lace over black and white accessories. Her corsage was also an orchid.

Following the ceremony, a reception for 75 guests was held in the church parlor.

For traveling the new Mrs. Gentz wore a black and white print dress with black accessories and the orchid from her bridal bouquet. Upon returning from their honeymoon the couple will be at home at 179 High street in Belleville.

Mr. and Mrs. Walter Dzuris and family of Sheridan avenue will be the weekend guests of Mr. and Mrs. Joe Nowicke at Saddle Bag Lake.

Mr. and Mrs. Kenneth Bouton and family of Detroit were the Sunday dinner guests of Mr. and Mrs. Walter Dzuris and family of Sheridan avenue.

Mr. and Mrs. Edwin Reber and daughter, Sandy of Auburn avenue were the Sunday evening dinner guests of Mr. and Mrs. Lawrence Miller of South Lyon.

Mrs. Charles Neal and daughters, Sharon and Susan have returned from a vacation trip into the northern part of the state and into Canada. After a week at Black lake they crossed the border at Sault Ste. Marie, visiting North Bay, Ontario and the Georgian Bay territory.

Mr. and Mrs. A. E. Tatzka of Deer street motored to Port Huron and Sarnia, Canada with their niece and nephew, Mr. and Mrs. Frank Adams of Clarkston.

Mr. and Mrs. Charles Spaulding of Gilbert street have as their houseguests this week, Mr. and Mrs. W. E. Therrien and two daughters of Lynn, Massachusetts. Mrs. Spaulding and Mrs. Therrien have been pen pals for over eleven years but this is the first time they have ever met.

## Resident Recalls Seeing First Train

W. D. ROE displays one of the original stock certificates sold by the Detroit and Howell Railroad company. The stock was purchased by Mr. Roe's grandfather, Stephen Roe. He also shows the two receipts given for payments on the four shares of stock. The Roe name has long been familiar in Plymouth, the first members of the family having come here almost 120 years ago.

When the first train came chugging in to Plymouth William D. Roe of 624 Dodge street was standing right there amid the excitement. Of course, he was only a youngster of three then, and his aunt took him to see the big doings. His father, Charles Roe, was in the brass band playing on one of the flatcars for the occasion. That was back in 1871.

Mr. Roe said that the Detroit and Howell railroad came right through Plymouth. The train that Young Roe went to see was of the Toledo division, and the site of the festivities was at Ann

Arbor Trail and the railroad tracks.

Mr. Roe's father not only played in the brass band when the train came to town, but his grandfather was also a stock holder in the Detroit and Howell railroad company. Mr. Roe still has some of the original stock in that concern which was purchased by his grandfather at \$50 per share. The certificate for four shares was made out to Stephen Roe on February 17, 1869.

The stock was paid for in two installments, according to the receipts which Mr. Roe still has.

His grandfather paid in \$55 on November 14, 1867 and the remaining \$140 in January of 1869. The Detroit and Howell Railroad was finally bought out by the Pere-Marquette. The shares brought the Roe's nothing, however, when that transaction took place.

Also included among Mr. Roe's mementos is a pass through the Union lines during the Civil War which was granted to his father. In a letter to the Honorable O. M. Edmunds on June 9, 1863, was written: "The bearer Charles Roe of Plymouth in this county

has a brother sick in the General Hospital at Aquia Creek. His brother is very ill, probably will not recover and Mr. Roe wants to see him and if possible get him home. I wish you would see that he gets a pass to go there." The letter is signed by J. W. Bagley, a governor of Michigan.

The letter had the desired effect and Charles Roe was granted his pass. The hospital to which he travelled was in Virginia, and there he found his brother sick with typhoid fever. Mr. Roe said he didn't know if his father brought the brother, Ambrose, back or not, but that his condition was not as tragic as the letter suggested. Ambrose recovered, for Mr. Roe remembers him well.

The pass was issued to Charles Roe on June 12, 1863 by the War Department. Printed on a small square of heavy paper, it reads: "No. 7800. The bearer, Charles Roe, Esq. has permission to visit Aquia Creek for the purpose of taking care of a sick brother. Return in '4' days. By order of the Secretary of War. Note: This pass is not transferable. It will be voided by the Provost Marshal at the point of destination and will be delivered up when the holder returns." Four holes are punched in the pass.

Mr. Roe had three uncles in the Civil War, all from Plymouth. Besides Ambrose there was Captain William D. Roe and Willard Roe. The three men were all uninjured in the war.

The Roe family have been Plymouth residents since 1834, when Mr. Roe's grandfather came here from New York state. His father was only six months old at the time. Mr. Roe himself owned a grocery store here and also worked at Conner Hardware for over 40 years. He is now retired and lives with his wife and daughter.

## Praises Railway Window Boxes

Mrs. U. R. Sutfin of Maple street has asked The Plymouth Mail to convey her appreciation for the Garden Club's window boxes located on the C & O Railway station.

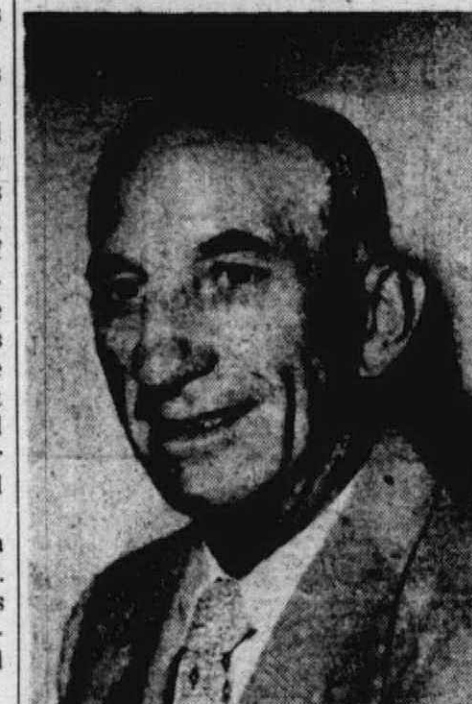

Mrs. Sutfin, a life-long Plymouth resident, said "the boxes are certainly lovely and should make our fair city a pleasant collection in many a traveler's memory, as well as being a source of pride and joy to the home folks."

The fastest way to get action is to use Plymouth Mail classifieds.

## Clarence Hoffman Heads Livonia Park Department

Clarence M. Hoffman, 11729 Merriman road, Livonia, today fills a newly-created civil service position as Livonia's superintendent of Parks and Recreation. Long a resident of this area Mr. Hoffman is well known in and around Plymouth.

He resigned as chairman of the Parks and Recreation commission to accept the new post.

Hoffman held the commission chairmanship since the city was founded in May 1950. Previously he was active in recreation activities under the Livonia Township government.

A keen interest in the welfare of youth led the 56-year-old Hoffman into the parks and recreation field.

In his younger days, he played Class A baseball in the Detroit Federation. He also coached in the Firemen's Midget League, winning a championship in 1937.

A resident here since 1924, Hoffman is married to the former Flossy Belle McKinney, member of one of Livonia's pioneer families.

The Hoffmans live on the site of the farm on which Mrs. Hoffman's father, Samuel McKinney, was born in 1859.

Hoffman is a member of the Livonia Rotary club, Livonia Chamber of Commerce, Greater Detroit Bowling association, and Rosedale Presbyterian church.

A son, Warren, 29, operates a farm equipment dealership in Plymouth. A second son, Clarence Allen, 26, is active in a Livonia real estate company. A daughter, Lois McAllister, 27, resides in Plymouth.

About all some farm hands know about farming is what to do when the dinner bell rings.

## Legal Notices

Attorney: J. Rusling Cutler, 193 N. Main St., Plymouth, Mich.

STATE OF MICHIGAN, COUNTY OF WAYNE, ss.

No. 410,971  
At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the fourteenth day of July, in the year one thousand nine hundred and fifty-three.

Present James H. Sexton, Judge of Probate.  
In the Matter of the Estate of DOROTHY G. SLABAUGH-SCHMIDT, Deceased.

On reading and filing the petition of Glendean E. Kennedy praying that administration of said estate be granted to herself or some other suitable person:

It is ordered, That the thirteenth day of August, next, at ten o'clock in the forenoon at said Court Room be appointed for hearing said petition.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulated in said County of Wayne.

JAMES H. SEXTON, Judge of Probate  
I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

## County 4-H Fair Held This Week in Belleville

Members from Plymouth's 15 4-H clubs as well as 4-H clubbers from all over Wayne county flocked to the fair this week to contribute to and attend the exhibits. The Wayne County 4-H club Fair is an annual event which is being held again this year at the 4-H club fairgrounds at Belleville.

The fair will continue through Sunday, August 16, and admission is free. Visitors may come any afternoon or evening this week.

Programs before the grandstand every evening will highlight square dances on horse-

back and on tractors. Winners of the 4-H Fun Festival project will also be on hand. Other events will be a tractor plowing contest, tractor handling contest, and riding exhibitions. One of the big attractions will be the Horse Show put on by 65 pleasure horses owned by 4-H club members.

The displays include dairy cattle, hogs, sheep, poultry, rabbits, garden produce, canning, clothing, handicraft, flowers, and much more. There is also a \$225,000 farm machinery exhibit with almost every type of farm machine on display.

Meals are being prepared by Home Demonstration women of the county.

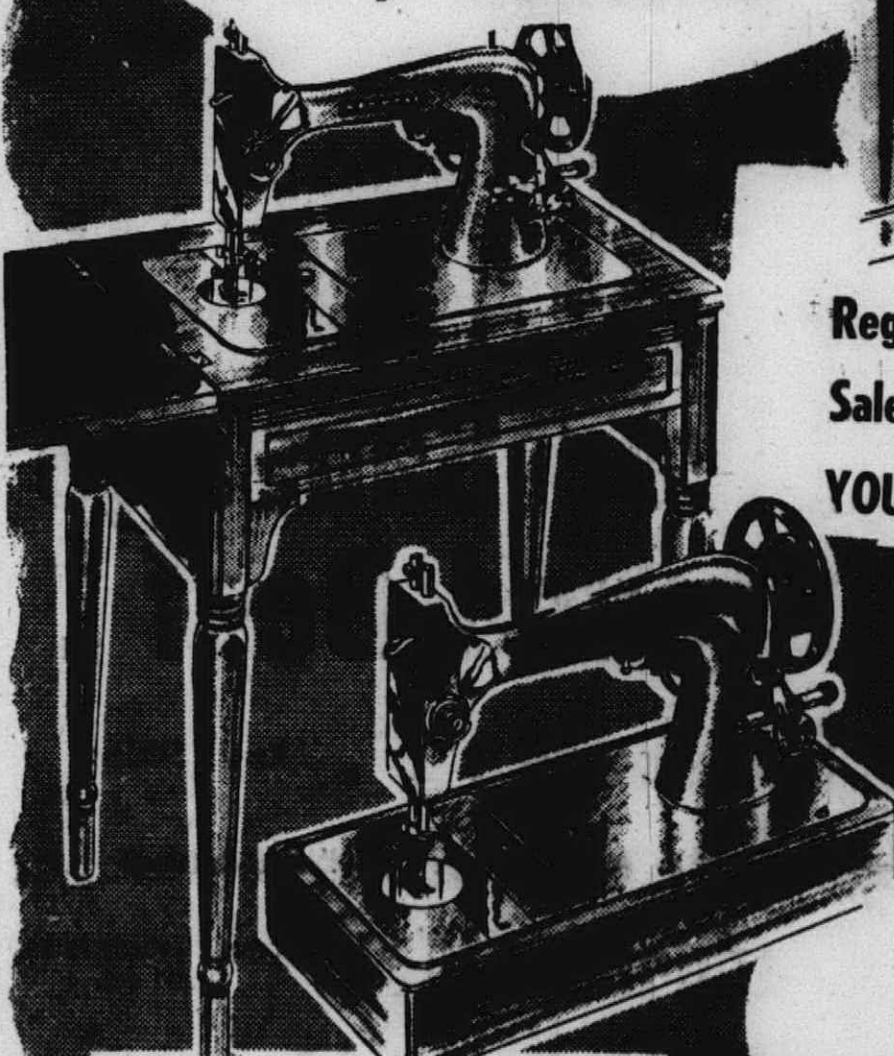

## Ellis Restaurant to Close For Two Week Vacation

Announcement was made this week by Elton Ellis, owner of the Ellis Restaurant, 270 South Main, that his restaurant will be closed for a two-week vacation period.

"The restaurant will close on Sunday night, August 16, and will reopen its doors on Thursday, September 3," Ellis said.

Take the wheel just once...  
and you'll never willingly go back to average driving!

America's top performer...  
and a premium value at trade-in time

Here's your chance to drive  
America's Stock-Car Champion

If you take pride in driving a classically beautiful car, the Hudson Hornet is for you. So dynamic are its lines, it appears to be in motion even when it's standing still.

If you take pride in performance—the eager response, the sizzling take-off of the fabulous Hudson Hornet will "spoil" you for average driving! You'll feel new security, too, in know-

ing this car has an extremely low center of gravity due to exclusive "step-down" design—which makes not only for safety, but for a ride soft as eider down.

We invite you to drive a Hudson Hornet. See us soon, won't you.

New Dual-Range Hydra-Matic Drive and Twin H-Power, Hudson's sensational multiple fueling system, optional at extra cost.

# Building Soars To New High in Livonia Area

Residential building for the first six months of 1953 has nearly matched the construction record achieved in Livonia during the entire year of 1952.

According to figures announced this week by Donald Wilson, Livonia's chief building

inspector, 867 residential building permits have been issued during the first six months of 1953.

This figure compared with a total of 905 permits issued during the entire year previous, a record building year in Livonia's history.

Residential permits totaled 649 during 1951, and 454 in 1950, the year Livonia was chartered as a city.

Dollar-wise, the six month figure shows a valuation of \$9,522,350 on permits issued so far this year. This compares with

a residential valuation of \$9,637,126 for all of 1952.

Total valuation on permits issued was \$6,442,676 in 1951 and \$3,671,150 in 1950.

Commercial building continues on the upswing, too, in Livonia, with 46 permits issued during the

first six months of 1953. Valuation on these permits is \$852,150.

Sixty-three commercial permits were issued in 1952 and 29 in 1951. Commercial valuation for these years was \$3,421,473 for 1952 and \$15,272,882 for 1951.

In 1950, 93 commercial building permits were issued with a total valuation of \$479,088.

A month - by - month breakdown for residential building in 1953 shows April as the busiest construction month. Permits for

that month totaled 264, with a \$2,795,050 valuation.

In January, 29 permits were issued at a valuation of \$320,800. February recorded 116 permits issued at a \$1,178,400 valuation.

In March, 195 permits were issued at a valuation of \$2,034,500. May and June showed a consecutive figure of 118 and 145, with valuation quoted at \$1,472,900 for May and \$1,720,700 for June.

### Printer Returned to Authorities For Stealing Plymouth Mail Truck

Plymouth police this week turned Peter Tichner, 40, of 274 Main street, over to state parole authorities after he allegedly violated his parole by stealing a truck. Tichner gave himself up to police here Monday.

Tichner, on parole from the Detroit House of Correction where he had been sentenced for

previous thefts, was reported to have stolen a pickup truck from the Plymouth Mail where he worked.

Colors of self-feeding flowers like poppies and larkspurs deteriorate over the years unless new seed stocks are planted.

"Since I bought a new car, I don't have to walk to the bank to make my deposits."

"Now you drive over?"

"No, I just don't make any."

# To Tell How Traffic Congestion Threatens Business Revenue

Why traffic congestion threatens Plymouth's business revenue and what to do about it will be explained to city officials and civic leaders Monday, August 24. The findings are part of an extensive Automobile Club of Michigan traffic survey, prepared

at no cost to the city. Survey results will be presented to Mayor Russell N. Daane and the City Commission at a dinner meeting of top city leaders at 6 p.m. in the Mayflower hotel. The survey was begun in April at the request of the City Com-

mission. Auto Club Traffic Engineer Arthur W. Knbske coordinated the findings, working closely with members of the Plymouth police and fire department as well as other community officials. The resultant 55-page report

scrutinizes the cause of the city's traffic ills and makes suggestions on how to eliminate them. Ernest P. Davis, Auto Club Safety and Traffic Director, will summarize the report and its recommendations at the dinner. Among the questions the

study will answer are:  
1. Is the city's traffic law enforcement adequate?  
2. Are parking facilities plentiful enough to take care of demand?  
3. What streets are the most congested?

4. What can be done to speed the flow of traffic?  
Any honest citizen will tell you that the difference between a motorist and a gossip is that the motorist never runs down another person intentionally.

## V.F.W. News

Marie Norman, publicity chairman, wishes to take this opportunity to thank all the girls who donated to the ice cream social. Shirley Swadling, Alice Fisher, Helen Sheppard, and Loretta Young helped serve. Considering the cool weather, the event turned out favorably. There are still a few unclaimed

pans and dishes at the hall. Claim your own before they are lost. There is going to be a special program at the August 17 Wayne County Council meeting. Let's get a delegation from the Auxiliary and attend. Get well wishes from the Post and Auxiliary go to Bill Garrison's mother. Harry Bartel and Commander Dick Neale attended the National Convention in Milwaukee.

OPEN THURSDAY, FRIDAY and SATURDAY Until 9 p.m. — We Cash Paychecks

THE SPIRIT OF private enterprise in America is not dead. These boys, selling two cent glasses of lemonade on Main street last week, prove the point. Michael Carney, 8, son of Mr. and Mrs. Edward A. Carney, 238 South Main, with his dog "Randy," look on while Jim Allison, 7, son of Mr. and Mrs. Frank Allison, 1028 Church,

pours a glass of the liquid. Glen Jewell, 8, and Larry Burnett, 11, were helping to bally-hoo the stand by riding a bicycle around with an advertising sign attached. Glen and Larry are the children of Mr. and Mrs. Gordon Jewell, 287 Sunset and Mr. and Mrs. Lawrence Burnett, 842 Hartsough, respectively.

## OBITUARIES

**John N. Harmon**  
Funeral services were held Saturday, August 8 at 2 p.m. from the Schrader Funeral home for John N. Harmon who passed away Thursday evening, August 6 at the age of 76 years. His home was at 8660 Ford road in Superior township.

Surviving are his wife, Mrs. Rachel A. Harmon; four daughters, Mrs. Beulah Burrows of Memphis, Michigan; Mrs. Gertrude Erdody of Detroit; Mrs. Mildred Drummond of Allen Park; and Mrs. Gladys Eubank of Detroit; two sons, Frank Harmon of Drayton Plains and Richard Harmon of Fenton; also surviving is his brother, Joseph Harmon of English, Indiana; fifteen grandchildren and eight great grandchildren, other relatives and many friends.

Mr. Harmon formerly lived in Indiana. He was a member of the Baptist church, and has lived in Superior township for the past 12 years operating his farm.

Reverend George Hawk of Clarkston, Michigan officiated. Hymns were sung by Nestor Sibbold, accompanied at the organ by Mrs. Edna O'Conner. Mr. Harmon was taken to Birdseye, Indiana where services were held Monday, August 10 with interment in Mentor cemetery.

### Nat Sibbold Attends Conference in Evanston

Nat Sibbold, secretary of the Chamber of Commerce, is attending the 30th annual session of the National Institute for Commercial and Trade Organization Executives at Evanston, Illinois. The training courses at Northwestern university will last through this week.

## Want to be nimble, smooth and quick?

# TT Dynaflow\* does the trick!

**W**E have just the place for you. If such is your desire.

It's at the wheel of a 1953 Buick with Twin-Turbine Dynaflow.

And we suggest you hold on to your hat and your heart when the action starts—for here's what happens:

You press the pedal and, from a standing start, you're up to a legal 30 mph before you have time to breathe but twice.

Or, you're in the thick of traffic—moving smoothly, easily, quietly. Then, when it's safe to do so, you move instantly into the clear with the greatest of ease—in one progressive build-up of velvet acceleration—

without a single gear shifted or a clutch pedal pushed.

That, sir, is the big thrill command you get in any 1953 Buick SPECIAL, SUPER or ROADMASTER with new Twin-Turbine Dynaflow.

For this fully automatic drive now has two turbines where one did the trick before. Two turbines for instant getaway response—with whisper quiet—and with infinite smoothness through all ranges.

Of course, a lot of able power goes with this smooth, quick getaway—the highest horsepower and compression ratios, Series for Series, in all Buick history.

And so does big room. And the

supreme comfort of the Buick Million Dollar Ride. And the superb handling ease of finely balanced weight. Even Power Steering\* is at hand to make parking and turning still easier.

Why not drop in on us soon and sample one of these great new 1953 Buicks with TT Dynaflow? It's an experience — and a value story — too good to miss.

\*Standard on Roadmaster, optional at extra cost on other Series.

**PEDDLING THEIR PAPERS** are these children from the Bird School playground. Marilyn Holst, editor of the Bird Banner, is pictured selling a copy to Mrs. John

Leet, 1497 Sheridan. The other newsboys, left to right, are Stephen Hayskar, 1434 Penniman; Jimmy Jensen, 1482 Penniman; and Kevin Huntington, 448 Sunset.

## Bird Playground Children May Be Youngest Editors

Candidates for the youngest newspaper publishers in the state might well be the local members of Bird school playground.

The children attending the playground at Bird school are publishing their own weekly, "Bird Banner."

The paper is edited by Marilyn Holst, ten-year old daughter of Mr. and Mrs. M. J. Holst, 448 Pacific. Marilyn decides what articles will go in the paper, and gives them to Sally Truesdell, playground director, who writes up the stories. The paper is dittoed by the recreation department. All members of the Bird playground act as reporters in bringing in the news.

The papers sold usually number around 100. A charge of \$.02 per copy is made, and the money collected goes into the playground treasury. The children used this money for rides on their annual trip to Bob-Lo, and to help defray costs of their open house for parents, which will be held on August 14.

"Newsboys" who sell the paper are Linda Strobe, daughter of Mr. and Mrs. Vern Strobe, 1197 Penniman; Jimmy Jensen, son of Mr. and Mrs. Henry D. Jensen, 1482 Penniman; Ronnie Anderson, son of Mr. and Mrs. Charles S. Anderson, 397 Sunset; and Marilyn Holst.

If you have purchased an issue of the "Bird Banner," you may have noticed the unique aprons in which the newsboys carry their papers. They were made by Betty Stammersky, assistant leader at the playground.

Having the one playground put out their own paper is a departure from previous practice. Last year, one paper was published by all the playgrounds. However, it was decided this year to let the children on each playground decide if they wanted to publish a paper of their own.

The efforts of these Junior Journalists will continue until the end of the playground season.

**THE WINNER** of the Bubble Blowing Contest at Bird School playground was Jimmy Dzuris, right of 1317 Sheridan. Jimmy was 13 years old on the day this picture was taken. Shown at the left is a competitor in the contest, Jimmy Jensen, 8, of 1482 Penniman.

## SOCIAL NOTES

Miss Marie Thorne of Ann street flew to San Diego, California where she visited with her brother and sister-in-law, Mr. and Mrs. Edward Thorne in near by Fallbrook. Edward, who is with the 3rd Marine Division expects to leave soon for duty in the Far East. Mr. and Mrs. Frank Henderson of Sunset avenue returned to Plymouth Tuesday from Stratford, Ontario, where they witnessed the outdoor performance of the play Richard III starring Alex Guinness.

## Public Relations Award Given To MSC Department

Michigan State college's Department of Information Services recently received two top awards in national competition sponsored by the American College Public Relations association.

The MSC department was awarded first place for its program of public relations through the press, and second place for

its sports project for improved public relations.

Announcement of the awards was made at the annual conference of the American College Relations association, which was held at Salt Lake City, Utah, this year.

Previous awards received by the department were first place for its press public relations program in 1951 and 1952 and second place in 1950.

The association numbers more than 900 colleges and universities as members, with a large percentage of them competing each year for the national awards.

Everything Tight Right Ready!

Our factory trained, highly experienced mechanics will get to the bottom of what's wrong with your car and make it right and ready to roll... for miles of safe, trouble-free motoring.

CANTON TOWNSHIP FARMER Robert Waldecker has proof that he can catch fish as well as operate one of this section's most productive farms. Here he proudly displays a nine pound, 34 inch Muskie caught last week at Neebish Island in Northern Michigan where he was fishing with three Detroit friends.

### GRANGE GLEANINGS

Our vacation time is drawing to a close. Soon it will be time to pack our baskets and go to the Grange, and how good it will seem to meet together again.

The Grange picnic in the park was fairly well attended, considering that many are away on vacation.

The tri-county Grange picnic held at Milan on Sunday, August 9, was very good. About 100 sat down at the tables loaded with all kinds of good things to eat. Twenty-three of our Grange members were present. Monroe, Wayne and Washtenaw counties were represented.

After dinner Mr. Hayes the Pomona Master called the meeting to order and the Secretary of State, Owen Cleary, spoke for a few minutes on some of the main issues of the political situation of today. Mr. Reese, led in singing "The Little Brown Church in the Vale" "The Skater's Waltz" and "Our

Country's Flag." Next came a violin solo by a young girl. "Now is the Hour" by three young girls as well as "Moonlight and Roses" were also very good.

Mr. Hayes introduced the State Master William Brake, who gave a good talk. Among other things he told us of the purchase of a State Grange Office in Lansing, which will mean a great saving of time and money. He also spoke of the replacement of the State Secretary of Agriculture, Mr. Figy.

A woman played a lot of the old time songs on her accordion, and the audience sang. There was also a couple of duets by the violin and accordion. This concluding the program which was enjoyed by everyone. The meeting was held in Wilson Park community house. It is a lovely park with the Saline river running through it.

### Daughters of America To Hold Council Meet

At our regular meeting August 7, we were sorry to learn that Sisters Ella Holmes and Dorothy Diederick were in the hospital.

On Friday evening, August 14, Sister Florence Schilinski will open her home at 1825 Myron street, Livonia, for the benefit of our Council. All members and friends are welcome to come and enjoy the evening.

Our regular meeting on August 21 will be followed by a cake walk. We will be looking for more of our members to be out with us.

The Canasta club will meet August 25 with Sister Ethel Bulson, 849 Blunk.

Social items can be phoned to 1600.

### ARTHRITIS?

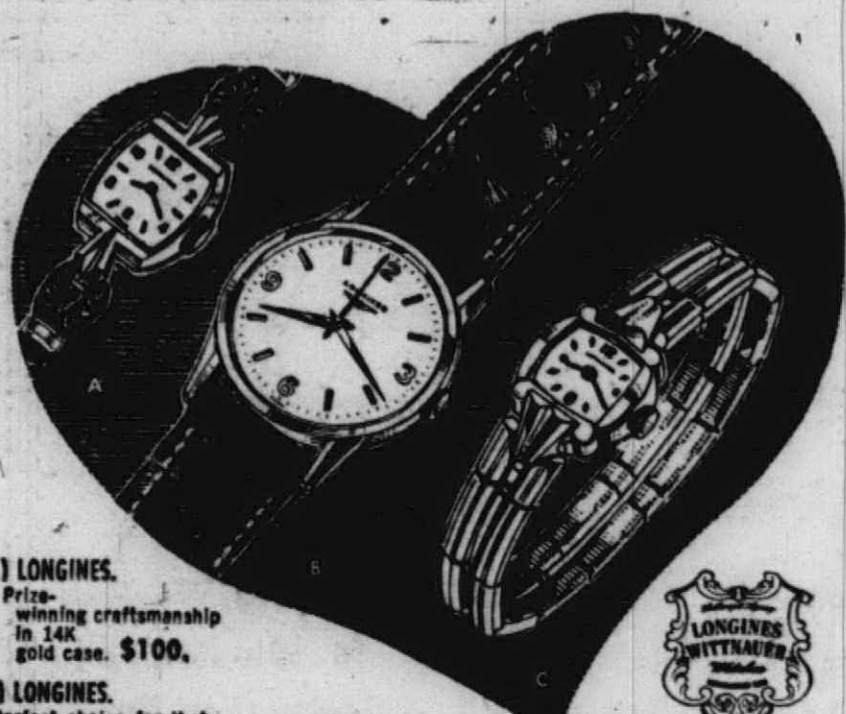

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

# SOCIAL NOTES

**HONORMAN OF HIS RECRUIT COMPANY** at the U. S. Naval Training Center, Great Lakes, Illinois, was Norman A. Mahrley, fireman apprentice. Mahrley, son of Mr. and Mrs. Norman H. Mahrley, 35700 Ann Arbor trail, Livonia, was selected as **honorman** by his commanding officers and fellow company members. At the recruit graduation review on July 25, Mahrley received an honorman certificate and an engraved identification bracelet from Captain L. R. Lampman, assistant commanding officer of the Training Center. He recently completed a 14-day furlough at home.

Mr. and Mrs. Ragnar Blomberg returned to their home on Arthur street Sunday after spending a week at the Conrad Hilton hotel in Chicago, Illinois.

Mr. and Mrs. Charles Prom of Sheldon road and Mr. and Mrs. Frank Merksan of Detroit have returned from their vacation spent traveling through the Blue Ridge Mountains and the Skyline Drive. They also visited Mount Vernon, Virginia, Arlington Cemetery, Gettysburg and many other points of interest. They returned via Niagara Falls and Canada.

Mrs. Ben Gilbert and Miss Helen Gilbert of Penniman avenue have returned from a trip to Lake George and Saratoga Springs, New York.

Captain Howard R. Ebersole, son of Mrs. U. R. Sutfin of Maple avenue has just returned from Korea having completed 100 missions flying an F-86 Sabre Jet, only a few days before the signing of the truce. Captain Ebersole has accepted a permanent commission in the Air Force and will take his wife, the former Marie Marie Gots of Northville, with their two sons, to Tindal Field, Florida, where he will be instructing in F-86D all-weather jet flying.

Mr. and Mrs. Harry H. Newell and Mr. and Mrs. Don W. Voorhies, Sr. were dinner guests of Major Don W. Voorhies Jr. and his daughter at the Detroit Yacht club on Sunday.

Miss Patricia Hyatt of Detroit is vacationing for three weeks at the Carl Hartwick home on Northville road.

Miss Annette Brandt, of Brookville road, Allen Sapp and Edward Meyers of Ohio spent the weekend with Annette's cousin, Marilyn Grant in Flint. Marilyn had been visiting at the Homer Martin home for the past week.

The parents of Carl R. (Dick) Groth have been notified of his promotion to Corporal on June 23. Dick is now in Korea with the 24th Infantry division in the Postal section.

Mrs. Zella Collon, Miss Margaret Dunning, Mrs. Bessie Dunning and Miss Irene Waldorf were in Chicago, Illinois, on Sunday where they attended the Gift Show.

Mrs. Otto Beyer entertained 17 guests at a surprise birthday dinner last Thursday evening in her home on Liberty street honoring her daughter, Mrs. Carl Hartwick.

Private John Denny Winkler, son of Mr. and Mrs. Raymond Winkler of Bradner road, who entered the Army on March 10, has completed his basic training at Indiantown Gap Military Reservation, Pennsylvania. After two weeks at home he reported to Camp Kilmer, New Jersey enroute to Germany.

Mr. and Mrs. Lee Owens and daughter of Sunset avenue were vacationing near Traverse City last week.

Mr. and Mrs. Albert Pint of Schoolcraft road attended a "bon voyage" party Saturday evening in the Roy Cahill home in Detroit honoring their daughter, Betty who is leaving soon to teach in Germany.

## Marilyn Barnes to Wed Lawrence Hill

Miss Marilyn Barnes

Mr. and Mrs. Harold Barnes announce the engagement of their daughter, Marilyn, to Lawrence C. Hill, Jr. son of Mr. and Mrs. Lawrence C. Hill, Sr. of Starkweather avenue. No definite date has been set.

Dr. Edwin Rice has joined his family at Round lake near Traverse City until Labor Day.

Mr. and Mrs. Norman Wilkerson and daughter, Carol, have just returned from a week's vacation at Canada Creek Ranch near Atlanta.

Miss Diane Arscott was guest of honor at a miscellaneous bridal shower on Friday evening when Mrs. Dan Julien invited 16 guests to the Julien home on Northville road. Diane will become the bride of Kenneth Thompson on Saturday, September 5 in a ceremony at the First Presbyterian church.

Mrs. Sophie Huegel was hostess at a dinner in the Mayflower hotel on Friday evening, July 31, in celebration of her eighty-ninth birthday. Attending were her daughter and son-in-law, Mr. and Mrs. Julius Saner of Plymouth; her son, Albert Huegel of Northville. Others attending were her grandchildren, Mr. and Mrs. Fred Balko, Jr. and Mr. and Mrs. Fred Casterline of Northville; Mr. and Mrs. Roy Schultz, Mr. and Mrs. Avery Penney, Julius Saner, Jr. and Miss Shirley Saner, all of Plymouth. Following the dinner the group went to the home of Mr. and Mrs. Julius Saner where Mrs. Huegel opened her many lovely gifts and cards.

**30 Shutter NEWS**  
By Les Wilson

If you are advanced in camera technique to the point of casting around for something different in the way of lighting, why not experiment with low-key lighting? Effective in movies and indoor stills, this type of lighting is merely a case of providing illumination that leaves most of the scene dark but throws a few sharp highlights on the subject.

Often times existing-light photography will produce low-key effect, but you can exercise full control over the light source with floodlamps, flashbulbs, or spots. Simple or elaborate the setups will reward you with pictures with an interesting play between heavy shadows and stark bright areas. A simple technique, effective on black-and-white, is to replace conventional tungsten bulbs in floor and table lamps and overhead fixtures with photofloods.

Low-key lighting, if effectively handled, will add drama to your pictures. Try it occasionally as a refreshing change from conventional lighting. And don't overlook the possibilities that flash bulbs offer either . . . they are simple and inexpensive to use and make it possible to photograph things that normally would be impossible to record graphically. Come to 821 West Ann Arbor trail for some helpful hints before taking any more pictures.

The school bells will soon be ringing again . . . but for the late August vacationers there's still time to get the photographic supplies you'll need for your trip, or just for taking pictures of the kids around the house. You can depend on us for the best . . . always.

**NEW OWNER OF LIBERTY ST. HARDWARE, O. J. Flickinger (right), receives congratulations from Bob Beyer, proprietor of the nearby Beyer Rexall Drugs. Flickinger is a native of Royal Oak, where he was for many years director of property services for the school system. A graduate of the University of Michigan and a member of the Masons and Kiwanis club, Flickinger stated that he will maintain his home in Royal Oak for another year so that his wife may complete her teaching duties there.**

### Elect Elton Knapp New Commander Of 18th District

Elton D. Knapp of 798 Pacific was elected 18th District Commander of the American Legion recently. His installation in the office will be held Friday, August 14, at the Frank Wendland Post of the American Legion in Royal Oak. The 18th District, which includes all of Oakland county, is one of the most active districts

in the Department of Michigan. It has a membership of 3,000 Legionnaires. Knapp is past commander of the local post, holding several chairmanships. He is also past 17th District Americanism chairman. Knapp served as adjutant of the 17th District, is a member of the 40 and 8 Voiture 811, and is active in the ritual team. Due to congressional changes in districts, a new 18th was formed. Knapp became Senior Vice Commander, and membership chairman. It was through his efforts and those of all past members that the District passed the 3,000 membership mark,

missing the all time high by 300 members. Knapp is a member of the Southfield Post No. 407, serving on the executive board. "Good morning, ma'am. I'm from the gas company. I understand there's something in the house that won't work." "Yes, he's upstairs." Prison Chaplain—Why are you here again, Tom? Convict—Because of my belief, sir? Chaplain—Nonsense! What do you mean? Convict—I believe the policeman had gone by, sir.

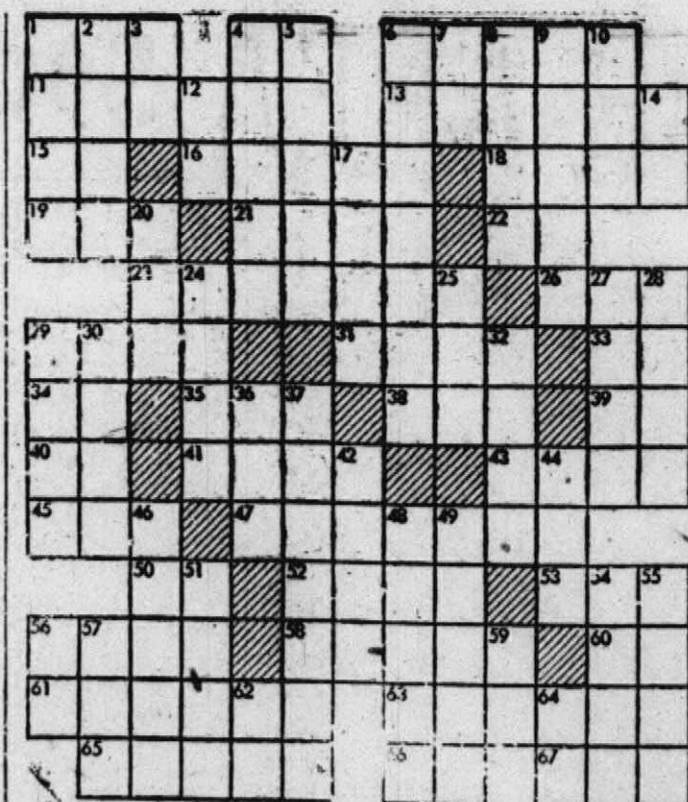

### Art Institute Has New Paintings

On exhibition now in the Recent Accessions Gallery of the Detroit Institute of Arts are two notable paintings given to the museum recently by Detroiters, "Portrait of a Gentleman" by Gilbert Stuart, and "The Love Letter" by Sir Peter Lely. The Stuart portrait, a fine example of the work of the great American artist, Gilbert Stuart, 1755-1828, was given in memory of Elsa Wineman by her husband Andrew Wineman. Painted during the artist's English period, it illustrates his great talent for giving a portrait actual presence and character and making the viewer feel personally acquainted with the individual represented. The Institute also owns two splendid examples of Stuart's work done in America, "Portrait of Amasa Davis" and "Mrs. Aaron Lopez." The imaginative and subtle painting titled "The Love Letter" by Sir Peter Lely, 17th century artist who though born in The Netherlands is more closely associated with the English school, is the gift of Mr. and Mrs. Trent McMath. Unlike many of the artist's conventional portraits of English women, this picture is broad in its conception and original in its composition. The shadowy background, reminiscent of Rembrandt, and the muted colors emphasize the luminous flesh tones.

Another exhibition which offers vicarious vacation pleasures for those who cannot get away just now is the Ford show of Paintings of Wildlife and Outdoor Sports which continues through October 4 in the Detroit Institute of Arts.

Located in the museum's ground floor graphic arts galleries, this exhibition abounds with scenes of fishing and other activities typical of summer and

also other seasons of the year. The locale of the pictures ranges from Michigan to the far north, south, and coast to coast.

Some 100 paintings, all by contemporary artists, were selected from the Ford Publications Department collection for the exhibition.

We have also reached the day when a fellow takes a pistol shot for a tire blow-out until he feels the sting of the bullet.

We recently heard of a little Plymouth boy who said that the reason they call a fellow the best man at a wedding is because he is better off than the one that is getting married.

After the great London fire of 1666, Charles II issued a decree ordering that all buildings were to have plastered walls for fire protection. Those landlords who did not comply had their homes torn down.

## In every way, more car for your money!

Ford gives you V-8 power like that of costly cars... fine car build... fine car ride and 'at-home-everywhere' good looks - but the price tag never moves out of the low-price field

Everywhere you go people are making the swing to Ford. And can you blame them? Many cars costing over \$1000 more offer no more of the things you need and want. Here are some of Ford's "Worth More" features... but to get the full Ford "Worth More" story, Test Drive a new Ford today!

- Less front-end road shock.** The kind of shock you feel most is reduced up to 80% with Ford's new ride. You get a smoother, more balanced, more comfortable ride all around!
- Suspended pedals** are designed to work easier and make foot space of your Ford's entire floor area. Suspended pedals are also a "keep out" sign to dirt and drafts... make it easier to keep the floor clean!
- Center-Fill Fueling** permits filling your Ford from either side... saves you time when refueling... and puts an end to hose scratches on your fender!
- Smooth V-8 power** is exclusive to Ford in its field. And Ford's Mileage Maker is the most modern Six you can own! Both the V-8 and Six-cylinder power plants deliver their hill-leveling "go" on regular gas—and not much of that, thanks to Ford's Automatic Power Pilot!
- An extra suitcase** will fit into Ford's luggage compartment—the roomiest in the low-price field. In fact, Ford's combined luggage and passenger space is the greatest in the low-price field... compares with that of many cars of higher price.
- Curved one-piece windshield** (below) and large picture windows, give Ford the most "look out" area in the low-price field... another reason your Ford is worth more when you buy it... worth more when you sell it!

GREAT TV! FORD THEATRE.  
See it... Value Check it... Test Drive it...

# CHURCHES OF OUR AREA . . . . . Church of Christ

## Church of Christ Observes 15th Year in Plymouth Area

Among the Community's youngest congregations and served by the city's youngest pastor is the Church of Christ, this year observing its 15th year in Plymouth.

At the age of 22, Reverend Robert Hampton leads a flock of over 100 members, a flock whose growth is now prompting plans of enlarging the church located on South Main street.

Members themselves built the church, the only cost being \$11,000 for materials. The congregation is looking forward to the final payment on this debt by September 1. But this modern church building has been the congregation's house of worship only since 1949.

It was in 1938 when the congregation was formed by five persons meeting together. A few months later, the number grew to 35. A store building was rented on East Liberty street to hold these first meetings. First plans for a church building all their own was made when the congregation bought two lots in November 1946. One was facing South Main street where the present building is located, and the other facing Ball streets, directly behind the building.

The Church of Christ, like most Protestant denominations, has its Sunday school. They also have Bible study sessions each Wednesday night. This coming Labor Day will be a special event for the congregation—they plan to use it by laboring for the church, on the church. Members want to paint the church building both inside and outside that day.

Nationally, the Church of Christ has a million and a quarter members with churches being more prominent in the South than in the North. There are 52 congregations in the Detroit area.

Reverend Hampton himself is a native of the South. He took over the Plymouth pastorate last September after preaching 15 months in Selmer, Tennessee while attending college at Freed-Hardeman College in Henderson, Tennessee. He is married and lives on Five Mile road.

The Church of Christ had its beginning in America from 1794 to 1807 when five men, James O'Kelly, Dr. Abner Jones, Bar-

ton W. Stone and Thomas and Alexander Campbell, began pleas for a return to the New Testament order. Except for Thomas and Alexander Campbell, a father and son, none of these men knew what the other was doing.

Five ministers have served the Church of Christ in Plymouth. Like in other Churches of Christ, the Plymouth congregation believes in "singing and making melody in the heart." No instrument such as the organ or piano are used to accompany their singing because, according to Reverend Hampton, "we can find no example in the Bible or command for their use." He further explains the denomination's doctrine as follows:

"The Church of Christ teaches the doctrine of Christ as taught in the first century. Our creed is Christ, the object of our faith. Our purpose is to speak where the Bible speaks and be silent where the Bible is silent. The means by which the early church obtained the doctrine of Christ is: God gave it to Christ; Christ transmitted it to his apostles; the Holy Spirit inspired men to speak and write the doctrine of Christ; the writings of these men are 'the commandments of the Lord'; and the Lord's teaching was divinely recorded for our guidance."

Church of Christ followers believe that in order for an alien sinner to be saved, he must "believe in Christ, repent all sins, confess the name of Christ and be baptized for the remission of sins." They also teach that water baptism stands between the sinner and salvation; that baptism is immersion, a burial, a planting; that it is an emulation of the death, burial and resurrection of Jesus Christ; that all the saved are in the church or kingdom of Christ after having been baptized into Christ.

"Since Christ is the head of the body, the church, and we are baptized into Christ, then we are baptized into the church and added to it by the Lord. We thus become a 'Christian', having been married to Christ. The name 'Christian' was a fulfillment of prophecy."

**SALEM CONGREGATIONAL CHURCH**, Lucia M. Stroh, minister, Mrs. Ralph Wilson, superintendent. Divine Worship, 10:30 a.m. The pastor will bring the message. Sunday School, 11:45 a.m.

**CHURCH OF THE NAZARENE**, Holbrook at Pearl street. Reverend E. T. Hadwin, 472 North Holbrook, phone 2097. Blake Fisher, superintendent. Ray Williams, minister of music. Sunday services: NOTICE: There will be no service in Plymouth August 9, 12, 16. Blue Water Reunion will be in session during that time at our beautiful reunion grounds three miles north of Lexington on U. S. Highway 25. It is not too late to make arrangements to attend. For information call 1230J.

**SALEM FEDERATED CHURCH**, Douglas R. Couch, pastor. Sunday Morning Worship, 10:30. Sunday School 11:45 a.m. Sunday evening service 7:30 p.m. Wednesday prayer meeting and Bible study, 7:30 p.m. Choir practice, 8:30 p.m.

**FIRST PRESBYTERIAN CHURCH**, Reverend Henry J. Walch, D.D., minister. The Combined Congregations of the Methodist and Presbyterian Churches will hold services in the Methodist Church with Dr. Walch preaching, during the month of August. All necessary calls for the service of the Minister should be referred to the Presbyterian Church Office, phone 1984. Announcements for the Sunday Order of Service must be in the church office by Wednesday each week to be printed for the following Sunday.

**ROSEDALE GARDENS PRESBYTERIAN CHURCH**, Hubbard and W. Chicago, 1 1/2 miles west of Middlebelt, 3 blocks south of Plymouth Rd. Woodrow Wooley, minister, Livonia 6045 and 2350. Sunday, August 16, Church School for Primary, Junior, and Young People, 9:30 a.m. Church School for Nursery and Kindergarten, and Morning Church Service, 11 a.m. The sermon by the pastor.

**ST. JOHN'S EPISCOPAL CHURCH**, Harvey and Maple streets, Plymouth. Rev. David T. Davies, rector, Office phone 1730; Res. Phone 2308. Edward Rementer, Page Foundation worker, Jon Brake, Organist. Eleventh Sunday after Trinity. 8:00 Morning Prayer. This service will take the place of the Holy Communion while the Rector is away on vacation. 10:00 Morning prayer and sermon. Mrs. Rementer is in charge of the services during the Rector's absence. Daily Vacation Bible school will be held at St. John's church from Monday August 17 to Friday August 28 from 9 to 11:30 a.m. All children of the community are cordially invited.

REV. ROBERT H. HAMPTON  
Christ Above All  
Lesson for August 15: Colossians 1: 26, 9-20  
Golden Text: Colossians 1: 17.

The apostle first gives thanks unto God for the faith of the Colossians and commends them for their love toward all saints. He also writes that he had not ceased to make mention of them in his prayer. From the time he had received such good report of them.

Having thus praised them and having written of his praying for them, he urges them to continue in their good course that they might attain unto all the fullness of Christian living, that they might be filled with the knowledge of God's will, and walk worthy of God, and be strengthened with all power, and might give thanks unto the Father, who had made them "partakers of the inheritance of the saints in light."

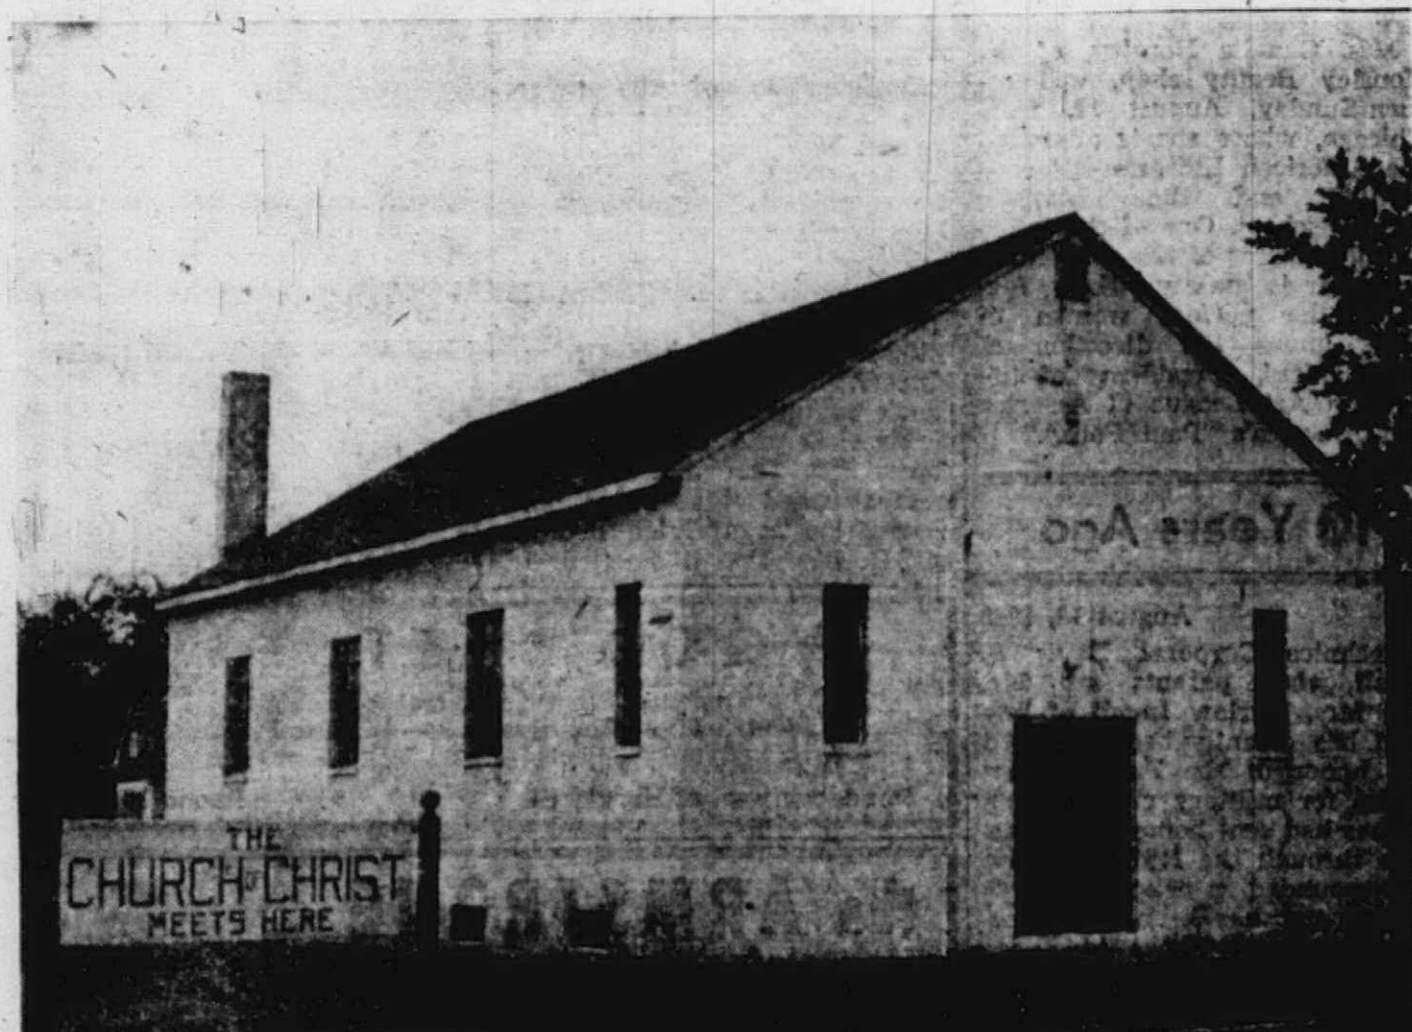

Paul then glorifies God for deliverance from the power of darkness through the "Son of his love." And writes an excited picture of Christ. In it, we learn that God worked through Christ in the creation of the world, even as John writes in the first chapter of his gospel.

The matter of great import to ourselves is that Christ is set forth as the head of the Church. The Church is not a merely human institution, to be appraised as any other institution of men, but is the divinely ordained organization for spreading the gospel and perfecting the saints. Let us, then no longer depend upon our own plans and schemes for the church, and give ourselves freely to Christ to be used in his service.

**PENTECOSTAL GOSPEL TABERNACLE** at 990 Sutherland st., Reverend J. R. Bailey, pastor. Sunday school, 11 a.m.; Sunday evening Evangelistic Service, 7:30 p.m. Tuesday prayer meeting 7:30 p.m. Thursday, Bible study, 7:30 p.m.

**WEST SALEM COUNTRY CHURCH**, 7150 Angle Road, Salem Township. Patrick J. Clifford, Pastor. Mr. Richards, Superintendent. Bible School—1:30 p.m. Preaching Service—2:30 p.m. You are cordially invited to attend the old-fashioned country church where friendly people worship.

**FIRST METHODIST CHURCH** Melbourne Irvin Johnson, minister. James Sands Darling-Organist and choir director. 10 a.m., Sunday school, Robert Ingram-superintendent. 10 a.m., Union services. During the month of August Reverend Henry Walch, pastor of the First Presbyterian church, will preach in the Methodist church. Tell your friends about these services. Attendance indicates a wider interest in them.

BUILT IN 1949 BY MEMBERS of the congregation, the Church of Christ structure will receive new coats of paint both inside and out this Labor Day when members will again donate their labors. Final payment on the mortgage will be completed by the end of this month and members are contemplating an addition to the church to be built at some future date. The building is located at 9451 South Main street.

REVEREND ROBERT HAMPTON prepares a sermon for Sunday worship at the desk in his home. With a membership of a little over 100, his church attendance has been as high as 170 which more than overflowed the church auditorium which seats 145. The youthful minister has been in Plymouth since September.

## In Our Churches

**ST. PETER'S EVANGELICAL LUTHERAN CHURCH**, 261 Spring St. Edgar Hoenecke, pastor. Early service-9:00. Late service-10:15. Sermon topic for next Sunday: "TOO OLD TO FIGHT?" Joshua 14:6-14. We are still looking for you in Church. Please come during these wonderful Sundays of summer. The Lord is again providing a bumper crop. Are we actually willing to receive these and all other things for our body and soul from Him without coming into His gates with thanksgiving and entering His courts with praise? Remember, the greatest men our nation ever had in the hours of storms and crisis, and glory, were men of deep, Christian faith and conviction!

**CALVARY BAPTIST CHURCH**, 496 W. Ann Arbor Trail. Patrick J. Clifford, pastor. Bible school, 10 a.m. Heber Whiteford, Superintendent. Classes for all ages. If you need transportation, call 1413 or 2244. Worship service 11 a.m. Rev. and Mrs. E. A. Waldeck, Missionaries to the Navajo Indians, will speak at all services. Youth Fellowship—6:15 p.m. Gospel Service—7:30 p.m. Prayer and Praise Service—Wednesday 7:30 p.m. All are always welcome at Calvary.

**FIRST CHURCH OF CHRIST SCIENTIST**. Sunday Morning Services, 10:30 a.m. Sunday School, 10:30 a.m., for pupils up to 20 years of age. The realization that Soul is immortal, destroys the fear of death. The Lesson-Sermon under this subject will be read in all Christian Science churches on Sunday, August 16. The Golden Text is from I Chronicles (22:18,19): "Is not the Lord your God with you? and hath he not given you rest on every side? . . . Now set your heart and your soul to seek the Lord your God."

Among the Bible citations is this passage, (Leut. 6:5): "Thou shalt love the Lord thy God with all thine heart, and with all thy soul, and with all thy might." Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Because Soul is immortal, it does not exist in mortality. Soul must be incorporated to be Spirit, for Spirit is not finite." (p. 335)

**GENERAL BAPTIST CHURCH**, Gordon at Elmhurst, south of Ford road. Sunday school, 10 a.m., preaching 11 a.m., worship service at 7 p.m. Reverend Morris of Ypsilanti, pastor.

**NEWBURG METHODIST CHURCH**. Ann Arbor trail at Newburg road. Livonia, Michigan. Robert Richards, Minister. Phone Plymouth 551. Sunday services, August 16, 1953, 10 a.m. Worship service. Pastor preaching. Sacrament of Infant Baptism, 11 a.m. The Sunday School. Classes for all age groups. A hearty welcome to all. The sermon topic will be "The Two Debtors."

**CHURCH OF CHRIST**, 9451 S. Main street. Robert Hampton, 40651 Five Mile road, phone 2321-M. Sunday School, 10 a.m. Morning Worship, 11 a.m. Evening Services, 7:30 p.m. Midweek service, Wednesday, 7:30 p.m.

**SEVENTH DAY ADVENTIST CHURCH**, 1058 S. Main St. Phone 670-R. Services every Saturday. Sabbath School, 9:30 a.m. Missionary Service, 10:45 a.m. Church Service, 11:00 a.m. We cordially invite you to all the services.

**REORGANIZED CHURCH OF JESUS CHRIST OF Latter Day Saints**, Services in Masonic Temple, Union St. at Penniman Ave. Athol Packer, pastor, 671 Pacific st., phone 1230-J. Sunday services: NOTICE: There will be no service in Plymouth August 9, 12, 16. **CINDR SEAL Masonry Paint**

CINDR SEAL is a water resistant oil base paint for all types of masonry surfaces. Seals and resists lime, alkali, salts, mold, fungus, common in building masonry.

Light Colors	\$5.30	Per Gal.
Dark Colors	\$6.90	Per Gal.

CINDR SEAL fills cracks and defects to a stone-like finish and can be applied over water base paints. CINDR SEAL will cover cinder block, cement block, brick, stucco, concrete, tile, asbestos siding. CINDR SEAL will prevent unsightly rust and discoloration to surfaces as the paint film will not permit water to penetrate. Available in a variety of true, non-fading colors. CINDR SEAL is ready for use—no guessing or mixing. Can be applied by brush, spray or roller.

# Chevrolet trucks must be the best buy!

This year again—for the 12th straight production year—truck users are buying more Chevrolet trucks than any other make. It's plain to see that Chevrolet trucks out-sell all others because they out-value all others!

**For the best buy —buy now!**

HEAR UP-TO-THE-MINUTE NEWS AROUND THE CLOCK  
Every Saturday and Sunday • ABC Radio Network

When truck users show a continued preference for one particular make of truck, you can be sure that preference is based on a single sound reason: *It's the best buy!* Year after year, truck users in every field show a clear-cut preference for Chevrolet trucks by buying more of them than any other make. Why not drop in and see why so many more truck buyers choose Chevrolet? You'll find, as they have, that Chevrolet trucks offer more of the features and advantages you want . . . more solid value in every way . . . yet it's the lowest-priced truck line of all!

## Institute Shows Rare Collection Of Irish Gold

Ladies if you think that the wearing of gold jewelry is a fairly recent innovation, you should visit the newest collection on display at the Detroit Institute of Arts. You'll find out just how wrong you are.

Gold ornaments still beautiful today, but worn four thousand years ago by Irish colleens, are the much prized additions to the Institute.

It is believed that the Irish royally bedecked themselves for ceremonial occasions in ancient times. Two crescent shaped pieces in the collection were worn as necklaces, along with two armlets in gleaming, beaten gold.

Possession of these pieces puts Detroit third in the world of collection of early Irish gold. The Irish museum in Dublin and the British museum in London are the only two which surpass it.

The jewelry dates from the Bronze age-2000 to 1500 B. C. and is extremely rare.

The larger of the two crescent shaped ornaments is called lunulae. Purchase was made through the William N. Murphy Fund, and the Detroit Common Council approved use of city funds to acquire the smaller lunulae and the two armlets. For the three pieces, the city paid \$5,473.10.

The jewelry is on exhibition in the Institute's Recent Accessions gallery. Also displayed are three smaller gold pieces, a dress clasp, an earring of twisted form, and what is believed to be a penannular ring of iron sheathed with gold. The Institute hopes to purchase these when further funds are found.

The culture of ancient Ireland is represented by all these pieces. They come from various places in Ireland, from County Donegal in the north to County Cork in the south.

Although some seventy lunulae are known so far, over half of them are in Ireland, and these pieces are the only lunulae in the United States. Francis W. Robinson, Curator of Ancient and Medieval Art, points out too that these are among the hand-somest in the world.

The only other lunula known to be in a museum in the Western Hemisphere is in the Royal Ontario Museum of Archaeology in Toronto, Canada.

It all goes to prove, there is nothing new under the sun.

## August 25 Set By Council For Bean Field Day

Plans to hold the State Bean Field Day have been announced by the Michigan Bean Council and Michigan State college. The event will begin at 1 p.m. on August 25 at the George Schemm farm, northeast of Saginaw.

About 3,000 test plots are located at the farm, which is situated a half mile east of Saginaw on M-81 and a half mile north of Outer Drive, according to Dr. Eldon E. "Jerry" Down. Dr. Down is the M.S.C. bean researcher who developed Michelle beans. He said that there are about 200 strains that are resistant to Virus 15 and over 400 that are resistant to Anthracnose.

Two strangers had been paired in the club golf tournament. One was Colonel Thunder, red of face, wild of stroke, free of tongue. The other was a meek man, introduced namely as Dr. Pywell. At the first bunker, Colonel Thunder took a long, silent look at his ball, then turned and exclaimed:

"Pardon me, doctor. But before I tackle this lie, would you mind telling me, if you are a D. D. or an M. D.?"

### 50 Years Ago

August 14, 1903

Nelson Schrader yesterday fell from the roof of a barn on Fred Schrader's farm, Canton, and was quite severely bruised up and shaken up, but fortunately escaped serious injury. He had gone upon the roof to make some repairs when he slipped.

While playing in a baby carriage yesterday forenoon little Elizabeth Conner fell out and striking on her mouth one of her teeth was forced clear through her under lip, causing her a painful wound.

Miss Gladys Passage has been spending a month of her school vacation at Jackson and vicinity. She got into the State prison twice but thinks she would not like to make it a steady home.

John McLaren has purchased the depot building at the head of Union street and will move it to his elevator site and use it for storage purposes.

While walking with his wife Tuesday evening, Charles Clemons was taken suddenly ill and was unable to proceed further. He was taken into the home of Mr. Willits and while his condition has been serious, it is expected that he will regain his health. His son Roy was summoned home from Willoughby, Ohio.

The upright to Carl Heide's new green-house is nearly completed. When finished he will have one of the best equipped and up-to-date hothouses in the State.

Albert Gayde and Louis Reber, of the north side, leave tomorrow evening for Baltimore, Maryland, where they embark on a steamer for Bremen, Germany. They will spend about two months in the old country visiting friends and relatives and sight seeing.

The Pere Marquette will run a special excursion train Monday, August 20, to the Agriculture college at Lansing, giving an opportunity for all desiring

### 25 Years Ago

August 17, 1928

Chief of Police George Springer had a busy time last Monday evening curbing the speeders on Penniman avenue. The chief stopped and got the numbers of 15 cars. Since the new pavement has been open some auto drivers have got the impression that this thoroughfare is the Indianapolis speedway, especially on the west end of the street.

Murval H. Huston, of Plymouth, was killed last Monday night when an automobile he was driving struck a post at a curve on Wayne road, between Ford and Warren avenue, and turned over. Mr. Huston died while being taken to the hospital.

H. C. McClumpha, of this place, and Alice Collins, of Alpena, Michigan, were married at the home of the bride's parents, in Alpena, at high noon Wednesday, August 8.

George M. Foster, of Blunk avenue, had his left leg broken above the knee when a gravel bank caved in on the shovel he was operating at Northville last Friday. He is in the University hospital at Ann Arbor.

Mrs. L. E. Leutzinger and small son, of Cadillac, have been the guests of Mrs. Leutzinger's sisters, Mrs. Henry E. Baker and Mrs. John Hubert, the past week. Mrs. Leutzinger will be remembered as Miss Fern Hall, who formerly taught music in the Plymouth schools.

The Misses Mary Conner and Almeda Wheeler were in Birmingham Wednesday afternoon

to attend the very lovely church wedding of Miss Dorothy Dutton and Russell McBride, of Birmingham. Mrs. McBride will be remembered as the daughter of Dr. and Mrs. Joseph Dutton, who lived in Plymouth when Dr. Dutton was pastor of the Methodist Episcopal church some years ago.

Mrs. Claudia Housley, of the Housley Beauty shop, will return Sunday, August 19, from Chicago, where she is attending the American Hairdressers' convention and the Marinello Beauty school. One of the interesting features of the convention this year is the style show, featuring the perfect woman of 1929, under the direction of Ralph Moni, president of the Fashion Art League of America and America's "Paul Poiret."

### 10 Years Ago

August 13, 1943

Technical Corporal Davis S. Ingall, whose parents are Mr. and Mrs. Harlow Ingall of Joy road has recently been awarded the honor of the Purple Heart medal for military merit, which he has had sent home to his parents through the Red Cross. He was wounded in action in North Africa and has been convalescing there but hopes to be in active service again soon.

A Plymouth student is among the 58 men and women who received Michigan State college degrees when the six-week summer session ended on July 30, according to Professor R. S. Linton, college registrar. She is Mrs. Doris Buzzard Lewis of Penniman avenue, a major in liberal arts.

Staff Sergeant Earl E. Oliphant, 24, son of Mr. and Mrs. G. Oliphant of Canton Center road, and 10 other 13th Army Air Corps men were rescued recently from a lonely Pacific island after their plane was forced down at sea. While on flight, the plane ran into adverse weather and after being buffeted about by the elements for hours, their gas supply was rapidly being coming exhausted. Rather than risk a water landing at night, they radioed, "Am going down before—dark. Gas almost gone.

Am over water at a position of (Censored)."

The new face behind the big desk in the Plymouth United Bank is that of Harry O. Mohrmann. He is the new cashier, succeeding Russell Daane, who has enlisted for service as a lieutenant in the Navy. Mr. Daane will continue as vice president of the bank.

Confirmation of the report that their son, Lieutenant L. J. Owens, has been missing in action since July 10 somewhere in the southwest Pacific area has been received by Mr. and Mrs. Ray Owens, of Farmington road, from the war department in Washington.

Owen Johnson, son of Mr. and Mrs. William Johnson of Holbrook avenue, who enlisted for services in the nation's flying forces last December, has just been awarded his wings and commission as a flying lieutenant. He has the distinction of

being the youngest cadet to ever receive a lieutenant's commission at San Marcos field in Texas, not having passed his 19th birthday when awarded his wings.

Mary Catherine Moon will leave Monday for New York City where she will train for six weeks at the American Airlines school for a position at the Detroit City airport.

Pages of Plymouth history were turned over in rapid succession last Friday noon, when Charles H. Bennett, life-long resident of this city, told Rotarians of his experiences where he had lived a well-spent life of more than 80 years.

### Goddard Appoints 23 Rotary Club Committees for 1953-54 Year

Plymouth Rotary club committees for the 1953-54 club year have been announced by the president, Lewis H. Goddard. Now listing 77 men on the membership roll, the Rotary club has 23 standing committees. Named to the reorganized committees are:

L. P. McGuire, general chairman of the following club service committees.

Program: Charles E. Brake, chairman; Harry O. Draper, George L. Mayhew, Sterling Eaton, Harry Boorman.

Classification: David W. Mather, chairman; Henry R. Penhale, Carl G. Shear, H. O. Mohrmann.

Rotary Information: Russell Daane, chairman; J. W. Blickenstaff, Perry W. Richwine, Horace Johnson.

Fellowship: Samuel Hudson, chairman; Fred J. Beitner; James H. Hinckley.

Sick: Harold Curtis, chairman; Dr. Charles Westover, Evered Jolliffe.

Chaplains: Horace Thatcher, Dr. Henry J. Walch.

Frank Arlen is general chairman of the following two Vocational Service committees.

Vocational Service: Lawrence Lyons, chairman; Edward B. Gardiner, Leroy H. Hull, John Bel, Dr. Elmore Carney.

Student Loan: Frank Arlen, chairman; David Mather, Robert Willoughby, Russell Isbister, Robert Marsden.

Robert O. Wesley is general chairman of the following five Community Service committees.

Community Service: Don H. Sutherland, chairman; Dean Sipson, Paul Wiedman, Nat Sibbold, Walter Panse.

Rural Urban: Jack Taylor, chairman; Fred Fearer, Albert Hubbs, Loren Goodale, Joseph Wickens.

Crippled Children: Earl West, chairman; Charles Bennett, Elmer Anderson, Thomas Kennedy, Robert Willoughby.

Youth: Frank Allison, chairman; John Zittel, Dr. B. E. Champe.

Public Information: John Gaffield, chairman; A. Gerald Pease.

General chairman of the four International Service committees is Dave Galin.

International Service: Dr. Henry J. Walch, chairman; Robert Waldecker, Walter Rensel, Ralph G. Lorenz, Bill Taylor.

Magazine: Herald Hamill, chairman; Harold Guenther, W. Lee Butler.

Rotary Foundation: John Dayton, chairman; Edward Hough, James Hardimon.

United Nations: Helmer A. Nelson, chairman; Dr. W. W. Hammond, Dr. Robert Haskell.

General chairman of the following two committees is Evered Jolliffe.

Broadcaster: James Thomas, chairman; Frank Henderson, Sterling Eaton.

Attendance: Robert Beyer, chairman; Leo Goss, Roy Woodworth.

General chairman of the following three committees is Robert Marsden.

Finance: Arthur Haar, chairman; Robert Marsden.

Penny Box: Robert Sincock, chairman; Don Lightfoot.

Sergeant At Arms: Dr. A. C. Williams, chairman; Dr. Henry Walch, A. Blake Gillies.

Demand for farmland has been weakening across the Nation for the past year, and farm real estate values in general have trended downward, according to the Bureau of Agricultural Economics, USDA.

### Two Motorists Nabbed by Police

Two more Plymouth motorists were arrested this past week by local police—one charged with drunk driving and driving with a restricted license, while the other is facing a jail term unless he pays a fine for speeding.

Given a \$100 fine this week on charges of drunk driving and using a restricted license was Clyde Smith, 304 Mill street, arrested last Saturday after his car struck a car at the Starkweather and Mill intersection. Police said that a car driven by Gynn Paul, 33670 Annapolis, Wayne, was turning onto Mill from Starkweather when it was struck from behind by the Smith car.

Smith then left the scene of the accident and was found at a service station a half-mile away.

The only person scheduled to appear before Municipal Judge Nandino Perlongo at a night session last week failed to appear. He was Thomas J. Tidmore, 236 Union street, who was ticketed Thursday for speeding 50 miles per hour in Plymouth.

Police arrested Tidmore, brought him into court and he was given until August 24 to raise a \$75 fine or be given a 60-day sentence in the Detroit House of Correction. He told the court that he had been too busy working to appear in court.

### Suggest Wildlife Food and Cover Project for Farm

Southern Michigan farmers can start now working on an individual wildlife food and cover project, geared specially for their farms, the conservation department reports.

Free planting stock is provided under the program; department biologists survey each farm separately and suggest the best

planting program for wildlife and farm development.

Hardwood and evergreen tree seedlings are given farmers under the program; also, multi-flora rose, highbush cranberries and other types of plantings attractive to wildlife are provided at the farmer's request.

Farmers and wildlife both gain under the program. Wildlife gets more food and cover plants while farmers develop living hedgerows, tree windbreaks and other erosion-stopping clumps of growth.

A post card mailed to the department's game division here, asking information on the farm habitat program, will start the

southern Michigan farmer on his way.

Planting programs for this fall and next spring may be scheduled; game men will consult with farmers on the program at the earliest opportunity after the post card is received in the Lansing office.

Spraying tomatoes for blight is a preventive measure, not a cure. Growers should not wait until disease symptoms are prevalent to begin spraying.

Two things the average man can't understand is why a dog should have fleas and why his wife should have so many fool relations.

# DRUNK DRIVERS GO TO JAIL

## "That Makes 14 New Ones on This Street!"

In one small area in a certain American town, fourteen new Cadillacs were delivered during the early weeks of the recent spring.

One of the new owners gave a party for the other thirteen—presumably to discuss the virtues of their wonderful new cars.

We suspect it was a most congenial gathering—for Cadillac owners have many splendid things in common.

First of all—taking them by and large—they are exceptional people. For the most part, they are men and women who have held to high standards of achievement for many years. They have a common feeling for the finer things in life. And they have a sound sense of values.

But—despite what so many mistakenly believe—they are not necessarily blessed with an abundance of this world's goods.

For a Cadillac is a practical car to own—and is a splendid selection for the family of moderate means.

The following established facts must surely prove this to be true:

—there are twenty-two models of other makes of American motor cars which actually cost more than the lowest-priced Cadillac!

—a Cadillac will travel many more miles on a gallon of gasoline than you could ever logically expect from a car of its size and stature!

—a Cadillac is so dependable and long-lived that it is just about as economical to service and maintain as any car you could buy!

—and, finally—according to authentic used car evaluations—a Cadillac may be

expected to return a greater percentage of its cost at the time of resale than any other car built in America.

In view of all this, it is no cause for wonder that fourteen single and practical people, residing in a single small neighborhood, should have taken delivery of new Cadillacs during the fleeting weeks of a northern spring.

The wonder is that more people don't buy Cadillacs. For when a car combines so much quality and beauty and comfort and prestige—with such outstanding over-all practicality—it is a very wise choice for a very great many people.

Maybe it's the car for you. If you think it is, you are most cordially invited to come in and see us today.

# SPORTS

## Sports Glances

by "Professor" Edgar Brown

The weatherman proved very cooperative this summer as far as the Men's Softball League was concerned. Only one game out of the 66 games scheduled had to be postponed because of wet grounds—that being the Cavalcade-Whitman & Barnes contest on Thursday, June 25—the other two games scheduled for that night were played. Also there was not a forfeited game until the last night of the schedule when two were forfeited because each team lacked one player.

Bill Harding, in charge of the league this year, deserves a big hand for a job well done. There were no major squabbles, and everything went along smoothly and was well organized.

The two lads who did the scoring, Jack Carter and Dick Noll, also deserve a handclap for the magnificent job they did with the scorebook. And don't think they don't know their baseball and take their work seriously for they do.

All in all it was a great season, and the large turnout of fans for each evening witnessed some very close, exciting contests. The playoffs which are in progress now should prove very interesting—three teams, Cavalcade, Olds and Detroit Transmission are battling for the right to represent Plymouth in state softball Class B tournaments. The finals will probably take place next Monday night at eight o'clock.

In baseball, both softball and hardball, the base on balls proves a decisive margin of victory in many games. A walk, particularly in opening an inning, can prove disastrous, as about half the time it leads to a run. Nearly half the runs scored in a game can be attributed to walks and errors.

Robin Roberts, the former Michigan State star and now performing brilliantly for the Phillies in the National League, has splendid control and seldom walks a man—he has averaged a little over one walk per game, and that is the main reason he has averaged well over 20 victories a season his first few years in the majors. He keeps the hits scattered, but if he walked a few those hits would put men in position to score.

Gabby Street also has pinpoint control and seldom walks a man in softball. Control is a pitcher's greatest asset.

There are so many softball and hardball tournaments going on now, and also all-star engagements, that it is hard to keep track of what is what. Different classes, districts, state, all-stars, etc., it must nearly drive the directors crazy to know which way is up. We'll try to cover them all, and keep them straight, but don't get excited if we miss, or mix up, a few of them.

Tomorrow night the annual football contest between the Collegian All-stars and the world champion professional Detroit Lions will take place at Soldiers Field in Chicago. Over 100,000 fans will witness this struggle which should be a thrilling affair as the two teams have much talent this year. I'll take the Lions by one or two touchdowns. The game is televised and many million fans across the nation will get a chance to see this fray.

Our Tigers had a splendid opportunity to gain on the sixth place Athletics last week but muffed it—they could have been nearly in sixth by now if they hadn't dropped three games to New York and the series to Philadelphia.

I have just about conceded the titles to the Yankees and Dodgers, but it gets monotonous seeing the same teams each year taking all the glory. It would be much better for baseball if the teams were more evenly matched in both leagues. If a team gets an all-star aggregation, they only have to replace a man or two every other year, whereas, a team of mediocre players has to try to find new talent all the time and many more—one player can work into a veteran lineup easily, but a lot of new players takes time to work into a formidable outfit.

One often hears of a manager, or an athlete, worrying about a coming contest, or brooding about a past one. We all worry about some things to a certain extent—in this complex world in which we live today many people worry over things so much that it impairs their health, and does not allow them the happiness they desire. There are two days in every week about which we should not worry, two days which should be kept from fear and apprehension. One of these days is yesterday, with its mistakes and cares, its faults and blunders, its aches and pains. Yesterday has passed forever beyond our control, and we cannot bring it back.

The other day we should not worry about is tomorrow, with its possible adversities, its burdens, its large promise and perhaps poor performance. To-

## Merchants Blow Ninth Inning Lead; Eliminated From County Playoffs

Teamsters tried to give the Plymouth Merchants a ball game Sunday, but the local nine couldn't hold a one-run lead going into the ninth inning and lost 9 to 6 to eliminate themselves from the Inter-County League playoffs. The Merchants had fought an uphill battle to come from behind with two runs in the seventh and eighth innings to go into the lead, but after the first man had popped out in the ninth, the next one singled, and the next clouted a line triple to score the tying run. Wally Dzurus walked a man and then struck out the next batter. With two out and a man on second and third a single brought them both home—another walk and a single produced the fourth run of the inning to spell elimination for Plymouth.

The Merchants scored first with two runs in the second inning when Harold Williams opened with a triple past the right fielder, and legged it home on Al Moers' single; the latter went to second without a throw being made, to third on a deep fly ball and came home on Pete Collura's single. Teamsters tied it up in the top of the third on a walk, two singles and, with two on and two out, Williams tried to pick the man off third and threw the ball into right field.

Teamsters scored three more times in the fifth inning on a walk, three singles and a throwing error. The score remained that way until the seventh when Plymouth came up with two runs to move within a run of tying up the game. John Schwartz opened with a single, Pete Collura flied out, but Jim McComber delivered a single to score Schwartz, went to second on an error by the catcher and came home on an error by the first baseman.

In the eighth inning the locals moved ahead as Jim Shedd walked, Al Moers singled him home, and Schwartz singled home Moers.

Teamsters shelled Dzurus for 11 solid smashes, all being singles except the three-bagger in the ninth. The local portside struck out four men, but the eight walks he issued played an important part in his defeat.

Tomorrow is also beyond our immediate control. It will come. Until it does, we have no stake in it for it is yet unborn.

This leaves only one day—today. Any person can fight the battles of just one day. It is not the experience of today that drives men mad—it is the remorse or bitterness for something which happened yesterday or the dread of what tomorrow may bring. If we all lived one day at a time most of our worries would be over providing we live today the right way. Maybe I don't make myself clear, but I am beginning to believe that there is some reason and logic in that philosophy as far as worry is concerned.

Severt led the attack for the winners with three hits in five times at bat.

Plymouth got a total of 10 hits with Shedd, Moers, Schwartz and Collura each having two — Williams and McComber had the others. Mihalik, the winning hurler, struck out five men and walked only two.

This second playoff defeat concluded the season for the Merchants. Teamsters has lost one game and will continue in the playoffs next Sunday. Other results in Sunday's games found Auto Club winning from Northville 8 to 2; Grandale beating Food Fair 10 to 3; and Wayne taking River Rouge 10 to 4. This leaves five teams still in the running for the title—Auto Club and Wayne have not lost a game while Northville, Teamsters and Grandale have each lost one contest—two losses eliminate a team. Food Fair, Plymouth, River Rouge and Farris have been eliminated.

## Bathey Wins One; Loses Two Others

The scrapping Bathey lads finally won a softball game in the Men's League as they took the last scheduled game from Evans Products by a 7 to 0 forfeit score. Evans had only eight men on the field at game time and had to forfeit the contest.

In another game they carried LaFontaine 10 innings before losing 6 to 5. LaFontaine had to come from behind in the seventh inning and score two runs to carry the game into overtime. In the tenth inning the one run edge was secured as Vaughn walked, Stuart singled and an error on Watko's grounder allowed the one run to score.

Scraper and Schaufele each had three hits to lead the tenth attack for the winners, while Bathey was held to four hits.

Wellman was the winning hurler with Schwartz being charged with the loss.

In still another game Bathey was downed by Detroit Transmission by an 8 to 3 score when Herbert and Bibb smashed home runs in the fifth and seventh innings to lead the attack.

## Evans Runs Wild

Evans Products went on a batting rampage at the expense of Whitman & Barnes last week to defeat the latter by a 13 to 6 count. The winners scored all their runs in the first three innings. Included in the nine-hit attack were a triple by Fairbanks, a double by Brophy, and another triple by Marsh.

Etherington was the winner and Brindamour the losing pitcher.

THE UMPIRES, TEAM MANAGERS AND SOFTBALL DIRECTOR are shown above discussing ground rules before the important softball game between Beglinger Olds and Cavalcade last week. Olds went on to win this game even though they were held to one scratch hit by Joe Thibadeau, star Cavalcade hurler. From left to right are: Bill Harding, softball director; Jim Dudley, Cavalcade manager; Doug Egloff, Olds manager; Norman Schroeder, base umpire; and Kenneth Linder, plate umpire. Olds won the game 2 to 1.

## Optimist Fishing Derby for Kids to Be Held August 22

Come on you boy and girl anglers; get that rod and reel, or a broken tree branch, limbered up for the third annual Optimist-sponsored Fishing Derby. This year it will be held on Saturday, August 22, at a nearby private lake. The boy and girl catching the largest fish each will be awarded a grand prize worth many dollars.

Each year this contest is becoming more popular and many youngsters have already signed up. If you haven't done so as yet get your entry in to Herb Woolweaver at the recreation office in the high school—it costs nothing to enter.

These fishing contests originated with the Better Fishing Inc., to provide fishing fun for everyone. At present 728 municipali-

ties in the United States have local contests—in Michigan 33 cities have them.

Local Optimist club members will be on hand to educate these young fishermen and women in the art of fishing sportsmanship.

conservation and a desire to fish so that they may join the millions of anglers in the nation.

Fishing is the largest activity of its kind in the United States.

All entries must be in by Friday, August 21.

WEARING A SMILE EVEN THOUGH HE LOST a one-hit ball game to Olds is Joe Tibadeau, star Cavalcade hurler. Wildness and a scratch bunt single spelled defeat for Joe as the first-place Olds team handed him a 2 to 1 defeat. Tibadeau has hurled brilliantly for Cavalcade this season, and has been selected as one of the two pitchers on the all-star team to represent Plymouth in the Inter-city tournament.

## Olds Loses Final Game to DTD 6-4

Beglinger Olds waited until the last game of the season to lose a game, but they finally were beaten then by second-place Detroit Transmission 6 to 4. Olds tried one of their famed late inning comebacks but fell two runs short of tying it up in the last two innings after being behind 6 to 0 at the opening of the sixth inning.

Manager Cutsinger started for DTD and pitched no-hit, no-run ball for four innings before giving way to Herb Somers, who was touched for four hits and four runs in the next three innings. Barney Maas was the losing hurler and was shelled for nine hits and all six runs by the heavy-hitting winners' bats.

Detroit Transmission started things right at the outset when Kliest opened the first inning with a walk, Londeau singled, and with two out they both scored on a two-bagger by Herbert, who also scored on an error. Again in the second they counted another run as Hangerman opened the inning with another double, and scored on two outfield fly balls.

In the fifth Jesky singled and Herbert propelled a mighty homerun to score behind Jesky.

Olds came to life in the sixth inning and got their first hit—a triple by Leichweis after Hunt

## D and E Teams in District Play

The championship Davis & Lent team in Class E will compete in the district tourney at Dearborn. Only two teams are entered in this meet, and Plymouth will play Dearborn to see which team moves on to state tourney play.

The Plymouth Optimist team also will compete in district play at Dearborn in the D class. Three teams are entered — Plymouth, Dearborn and Lincoln Park. The winner will advance to the state final tourney later on in the month.

had walked to score their first run. Don Huebler then singled Leichweis home, but was out crying to stretch it to a double.

In the last inning Olds continued to attack—with one man out Pursell, batting for Maas, was safe on an error, Wilkie singled, the next batter went out, but Doug Egloff singled home two runs, but with the tying run at the plate Hunt grounded out short to first.

This game ended the regular schedule in the Open League and the playoffs are now in progress. By taking two out of three games from DTD, Olds was able to end in first place.

See How Much You Get At So Very Little Cost!

**PONTIAC'S GREAT POWER PLANT** This powerful, high-compression engine gives you more power than you'll probably ever need. Pontiac engines are famous for delivering years and years of wonderful miles with only routine attention.

**DUAL-RANGE HYDRA-MATIC\*** Lets you choose the performance you want, when you want it: alert response in city traffic or gas-saving cruising on the open road.

**122" WHEELBASE** No car so big is priced so low—and this long wheelbase means extra roominess and a more solid feeling of security.

**POWER STEERING\*** Parking's simple with Pontiac's Power Steering, which relieves you of almost all steering effort but at the same time requires absolutely no change in driving habits.

**BODY BY FISHER** Pontiac's de luxe interiors are keyed to body color. Appointments and conveniences compare with the finest. There's ample room to stretch out and relax. \*Optional at extra cost.

## Beglinger Gains Victory On One Hit

Even though they were held to one scratch hit last week, Beglinger Olds won a softball game over Cavalcade by a 2 to 1 score. Joe Thibadeau, star Cavalcade hurler, had handcuffed the champions with one hit, a fluke bunt by Gabby Street, who was playing shortstop in this game.

Cavalcade had taken a one-run lead in the opening inning when Cole walked and scored on Asher's double. Olds counted in the second on no hits as Thibadeau loaded the bases on two walks and a hit batsman, and then walked Wilkie to force in a run. In the top of the fifth inning Wilkie opened by being hit by a pitch, then Street got his scratchy hit and Wilkie, who had rounded third, was caught between third and home—in a run-down he eluded two tags and scampered home when no one covered the plate in time.

Street pitched the last four innings to receive credit for the win. Thibadeau tossed a grand game striking out nine men, but his five walks and two hit batsmen in crucial spots proved his downfall.

## High School Football Practice Will Start Soon; Nine Lettermen Return

Old King Football will be soon making his appearance on the local horizon for word comes from up Harbor Springs way, where Head Coach Charles Ketterer has been summering, that the boys coming out for football this fall should have their physicals and be ready to receive their equipment the week of August 24. Practice will begin on Monday, August 31.

Uniforms will be issued to seniors on Tuesday, August 25, from 9 to 12 in the morning and from 1:30 to 4:30 in the afternoon. Juniors will get their uniforms on Wednesday during the same hours; Sophomores on Thursday, and anyone not getting one those days may do so on Friday or Saturday. Coach Ketterer urges everyone to get his physical right away so that there will be no delay in starting practice—no one will be allowed to receive a uniform who has not turned in his physical examination report from his doctor. He also urges everyone to take out athletic insurance for \$2.50 so as to have protection throughout the season—this is to be paid when the physical exam is turned in to the office.

Practice will begin on Monday, August 21, from 9 to 12 in the morning and 7 to 9:30 in the evening during the first week.

In a letter to athletes, Coach Ketterer states that an athlete's attitude toward his school work and football will determine his success. Also that championship teams are developed through hard work, team spirit and enthusiasm.

Last year the local eleven won all nine games played—and the 6-B League championship. Many from that team graduated and replacements will have to be found to take the place of several key men. Coach Ketterer has nine lettermen returning from last year—five seniors and four juniors, but several good men are moving up from last year's junior varsity, and another good team should be in the offing. The nine returning veterans are:

Seniors Bob Angevine, Bruce Campbell, Gary Gotthard, Capt. Jerry Kelly and Ron Raven. Juniors Bill Petrozewski, Jeff Hubbell, Paul Hamlin and Dick Day.

New football candidates are welcome to attend the opening meetings—if they do not have a physical examination report blank they may obtain one at the high school principal's office.

Freshman football practice will not begin until Friday, September 4. Uniforms will be issued the day before. Freshmen, too, must have a physical examination.

The schedule this year finds five games, at home under the lights and four games away. It is as follows:

Sept. 18 Northville	A
Sept. 25 Trenton	A
Oct. 2 Redford U.	H
Oct. 9 Allen Park	H
Oct. 16 Belleville	H
Oct. 23 Bentley	H
Oct. 30 Garden City	H
Nov. 6 Southfield	A

## Olds Loses Final But Ends in First; Leads Statistics

The combined open and industrial softball league ended their season last Friday night with Olds winning the open title, and Detroit Transmission winning the industrial title. The two open entries, Olds and Cavalcade, made the playoffs that are now in progress. One other team, Detroit Transmission, also made the playoffs. These three teams are now struggling to be the team to represent Plymouth in further state softball play.

The last night of the regular schedule found Olds losing their only game of the season as Detroit Transmission beat them 6 to 4. It also found Bathey winning their first game of the summer as Evans failed to field a full team and had to forfeit.

Last Monday Olds drew the first round playoff bye and DTD played Cavalcade. Last night Olds played the winner of the Monday night game. Tomorrow night Olds plays the loser of the Monday night game—this game may be moved up to tonight in order that the athletes may witness the Collegian-Pro football game being televised tomorrow night. All games begin at 8 p. m. The finals may be Monday night unless all teams lose a game—if so the finals will be Tuesday night.

The winner will move to the District Class B tourney to be held next week with the winner going to the state tourney at Allen Park August 28, 29 and 30.

A final tabulation of the season's play found Olds scoring the most runs as they crossed the plate 110 times in 18 games. The leaders also had the best defensive record by holding their opponents to a mere 29 runs in the same number of games, or less than an average of 2 runs per contest. Detroit Transmission was second in both departments. As last year the team records closely followed the way the teams finished in the race.

Final Standings	W	L
Olds	17	1
DTD	16	2
Cavalcade	11	6
LaFontaine	6	11
W & B	5	12
Evans	5	13
Bathey	1	17

## DTD 4-Evans 2

A big three-run second inning enabled Detroit Transmission to edge Evans 4 to 2 last week. The cluster of runs were scored with only one hit being made—a walk, two hit batsmen, an error and Herbert's single provided the necessary runs for victory.

Two walks, a sacrifice and an out had given Evans a one-run lead in the first inning; their other run was scored on Brophy's fourth homerun of the year—the latter joined the team in mid-season.

Herb Somers gave up two hits, struck out ten men, and walked seven men. Graczyk was the loser and allowed five hits, struck out seven men, walked three and hit three batters.

Baldwin had two hits to lead the attack with Londeau contributing a double.

## Lorenz Scores Hole-In-One At Meadowbrook

Although he failed by two strokes to qualify for the championship flight of the Detroit District golf tourney at Meadowbrook country club last week, Mayflower Hotel Manager Ralph Lorenz pulled the most amazing shot of the day.

Playing in a threesome that included Rex Purkey, also of Plymouth, Lorenz aced the 211-yard 11th hole using a three-wood. He had an 80 for the round. Purkey's par 3 proved to be high score for the hole as the third member of the group, a Detroit, scored a birdie two.

It was Lorenz' first hole-in-one in a long golf career which includes being top man on the Michigan Normal squad during college days. It also marked the first ace in 25 years of District meet play.

Oddly enough, the last hole-in-one scored at Meadowbrook was made in 1951 by Robert Wesley, also of Plymouth. Wesley got his ace on the 13th.

## Special Season For Deer Again

The State Conservation Commission set a special season on buck, doe and fawn again this year at their regular meeting last week. The special season will begin the day after the regular season ends on November 1, and will be in the area north of highway M-55 to the Straits of Mackinac.

This special shoot is designed to take an additional 50,000 deer out of the area most severely over-populated. Those hunters taking advantage of the special hunt will only be the ones who did not kill during the regular season.

The regular state-wide rifle season on bucks was left unchanged as November 15 through the 30. The bow and arrow season was also left at October 1 through November 10.

Archers may shoot any deer throughout their season except in Menominee and Chippewa counties where they are limited to bucks only.

As I see it, the difference between a five cent candy bar and a ten cent candy bar is a nickel.

Putty is used to glaze wood or metal sash or to fill nail holes in wood. High-grade putty for wood sash is a stiff mixture of pure chalk whitening and linseed oil, to which thinner and dryer are sometimes added.

## Cavalcade Wins

Cavalcade scored two more wins last week as they edged Evans 9 to 8 and took a forfeit from Whitman & Barnes 7 to 0. A six-run second inning provided the spark for the one-run victory over Evans. The losers had counted four runs in the first inning and one in the second and third. Three walks, three errors and two singles and a double featured the big second inning.

Doolan hurled for the winners and allowed 11 hits, while Etherington was the losing pitcher even though he allowed only 5 hits. Dave Travis had a single and a homerun to lead the attack for the winners. Brophy had four straight singles in four times at bat, with Fairbanks and Paul having doubles for the losers.

In the last game of the season Whitman & Barnes had only 8 men present so the contest was forfeited to Cavalcade by a 7 to 0 score.

## LaFontaine Win One; Lose Other

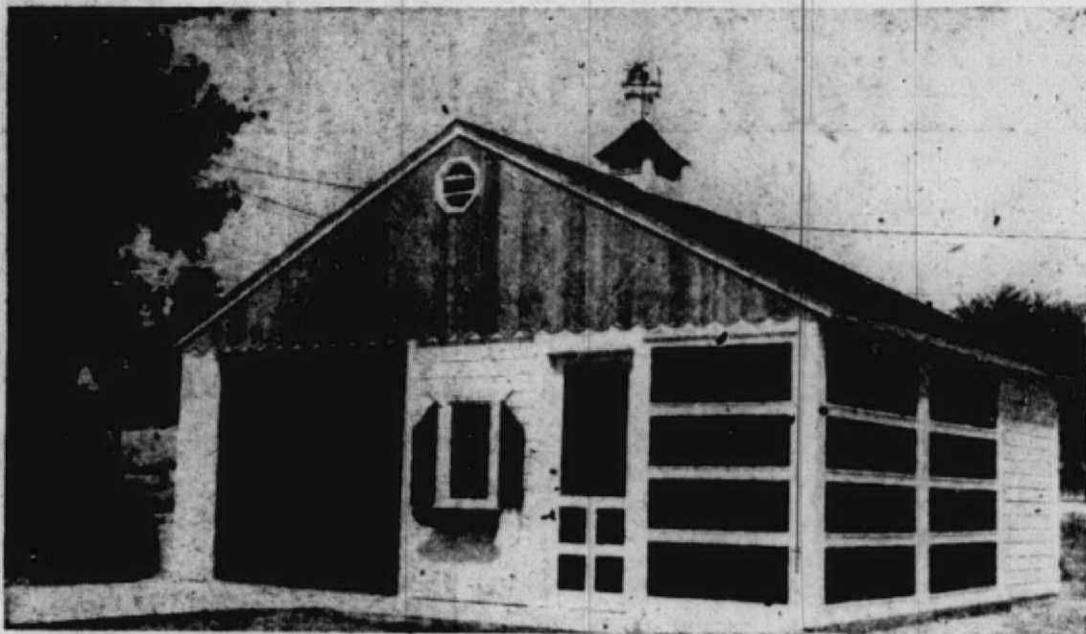

LaFontaine won and lost a game last week in the concluding games of the softball season on the diamond behind the high school. They took a close 5 to 3 decision from Whitman & Barnes and then dropped a 9 to 1 game to Detroit Transmission.

In the first game the winning runs were scored in the sixth inning when: Kethum opened with a triple, a walk and another triple by Soave brought the victory. Schaufele also had a triple in the game. Cason had a two-bagger for the losers. Wellman tossed for the winners with Joe Nagy being the loser.

In the second game Detroit Transmission scored all their nine runs in three innings, the first, fourth and fifth. George Somers with a homerun, and Londeau with three singles led the eight-hit attack on Wellman. Herb Somers allowed two hits.

Specimen-trees in the yard of the Ralph Lorenz of 45885 Ann Arbor trail make for attractive landscaping. Of particular interest is the purple beech which was planted as a birthday tree for the Lorenz' son Staton. Staton is shown hoeing around the tree, while his younger brother and sister, Kirk and Shiela, and the dog, Boots, enjoy the shade.

The purple beech, which grows at the side of their home, was imported from Holland. Each leaf, before it opens, is like a cocoon, as soft as a baby's skin. In spring the leaf is a deep purple. With the summer it turns a coppery shade, and it is deep green in the fall. By right of its summer color, Mrs. Lorenz said,

the tree is often called a copper leaf.

"Among her other trees Mrs. Lorenz also numbers a Russian olive. She tells that she answered an advertisement offering over 300 specimen trees for a small sum. Among these trees there was supposed to be a Russian olive, and since Mrs. Lorenz had been looking for one, she sent for the lot. But when the trees arrived Mrs. Lorenz found what looked like a bunch of dried straws. These she dumped into a trench at the back of her property and promptly forgot about. Much later she discovered that a group of trees had sprung up—but no Russian olive. She managed to find one at a nursery later, however.

The Lorenz' also have a cut-leaf weeping birch, an apricot, which gave fine apricots for a while this summer, a catalpa, pin oak, and Chinese elm for quick growth. A weeping cherry tree has a solid mass of pink blooms in the spring, Mrs. Lorenz said. The tree, she added will have a full growth of 20 feet.

As food for the trees Mrs. Lorenz uses Vigoro, peat moss and manure. She added that the peat moss, which aerates the ground, and the manure have perhaps done much to give the trees their rapid growth. The Lorenz' have only been in their home since 1941, and already the trees have all shown extensive growth. The yard of the Lorenz home is proof that lovely trees as well as flowers can make an attractive yard.

# HEALTH AND BEAUTY

## LIFE-SHORTENING HABITS

Yesterday afternoon a patient entered the writer's office and started to light a cigarette. "Please do not smoke in here," requested the doctor.

"Oh, I'm shaky unless I smoke," was the retort.

The poor patient was highly nervous and needed the sedative poison of the cigarette to give her momentary relief. She is on her way to a breakdown—her system is accustomed to depend upon poisons for stimulation and sedation.

She feels shaky and depressed, then she takes a cocktail, maybe several of them, just to pick her up and lift her spirits. Bye and bye, the effect begins to wear off, and at night she tosses restlessly on her pillow and cannot sleep. Then she gets up and takes a sleeping tablet. If she doesn't fall asleep in a short time, she takes another.

of alcohol or these drugs is not himself. While driving a motor car, he is a hazard to the lives of others, drivers and pedestrians, as well as to himself.

A person under the influence of these drugs is not mentally alert. On the contrary, he is dull mentally and his judgment defective. He is not fit to handle any kind of machinery. He is dangerous to others.

The habit of taking barbiturates, except on the advice and prescription of a physician, is a health-destroying and dangerous habit. Add to this the constant cocktail habit and you need no other life-shortening habits to ruin your life and hasten the end.

Poor victim! If she keeps up such habits only a few years longer, she will have succeeded in destroying her life and landing permanently in the cemetery or she will be in an institution for nervous and mental diseases.

Most of the sleeping pills, powders, and capsules contain some kind of barbiturates. The U. S. Census Bureau reports that about 500 deaths are attributable to barbiturates each year. Many such deaths are due to overdoses. Some are with suicidal intent—others by accident.

The American Medical Association has conducted an investigation of barbiturates. One of its reports says its improper use is a recognized causative factor in many motor accidents and are recognized causes for some criminal assaults.

Statistics in New York City Medical examiners offices show that the barbiturates are a very large source of poisoning, both accidentally and suicidally. A mixture of alcohol or even alone these drugs are dangerous. One who is under the influence

## Langmaid Elected District Head Of Legionnaires

A Past-Commander of Plymouth's Passage-Gayde Post 391, the American Legion was elected to top post of the Seventeenth District in voting at the Redford Township Legion Hall on Beech Road, July 10.

William Langmaid, of Koppernick road, was unanimously elected Commander of the Seventeenth Congressional District by delegates from the district's seven Legion posts. He will take office in September and serve for one year.

Langmaid has been active in Veterans' activities continuously since his discharge from service at the end of World War II. During the past year, he has served the Seventeenth District as Senior Vice-commander.

A Charter member of Passage-Gayde post, he has served in many capacities including commander for two years and is currently treasurer. Other officers elected by delegates are: Clement Cranlee, Redford Township, Senior Vice Commander; David McDougal, Northville, Junior Vice Commander; George Shannon, Redford, Finance officer; Mel Allen, Redford Township, Chaplain; Kenneth Parent, Redford Township, Historian; and Richard Massingill, Livonia, Sergeant at Arms. The appointments of Paul Burnham as Adjutant and Don Severance as Judge Advocate, both from Northville, will be made at the first District meeting held.

Installation of these Legionnaires will be held as a public affair at the Plymouth High School auditorium. Tentative date has been set as Thursday, September 10 at 8 p.m.

Confirmation of the appointment of Henry L. Trombley as the new postmaster at Farmington was received August 1. Trombley will be the first Republican named to be postmaster in the state in 20 years.

The notification was sent to Trombley by Senator Homer Ferguson after Representative George Dondero had expedited Trombley's qualifications through Congress.

Trombley will replace Acting Postmaster Charles J. Habermehl. Actual change over will take place as soon as the post office department inspectors reassign the office.

With the exception of five years during which he worked for the Farmington Hardware, Trombley has been with the post office department since 1925. He originally entered the service in Detroit, but transferred to the Farmington post office in 1927.

The new position will pay a yearly salary of \$5,750, the amount paid to the postmaster of a first-class post office.

The new postmaster is married to the former Beulah Fisher, daughter of Mr. and Mrs. Guy O. Fisher of 606 Forest, Plymouth. They have two children, David and Linda. He resides at 33345 Shiawassee in Farmington.

## Rural Carrier Applicants to Be Given Exams

The United States Civil Service Commission has announced an examination to fill the position of rural carrier for the Plymouth post office.

Requirement for the position is that applicants must actually reside within the delivery of the Plymouth post office and must have resided there for one year preceding September 3, the closing date for receipt of applications. Age limits, waived for persons entitled to veteran preference, are from 18 to 50.

Full information and application forms may be obtained at the Plymouth post office or from the Commission's Washington office. Applications must be on file with the U. S. Civil Service Commission, Washington 25, D. C. by September 3.

# Hints for Plymouth Homemakers

## Wieners Give Cook A Vacation

It is frankfurter season, perfect weather for enjoying the meat you just heat and serve. A bit of a simmer, or a few minutes on the grill, and the friendly frank is ready to do its substantial best by summer's hungry folks. Did you know that heating isn't really necessary? Frankfurters are completely cooked. More people like them hot than cold, probably because they have not had frankfurters cold. You can slice frankfurters cold into potato salad or vegetable salad medleys to make these dishes heartier and more nourishing with meat nutrition.

And did you know that bologna, another sausage particularly popular in summer, is a member of the same family as frankfurters? It is a family of sausage that is completely cooked and smoked. Less familiar members

of the same family are cooked Thüringer and Mettwurst.

Anyone who thinks of frankfurters as mostly fun food does not know the nutrition pedigree of this interesting sausage. The fun association comes from the fact that frankfurters are featured at ball parks, beaches, picnics, and teen age parties. But remember, millions of Americans like frankfurters as a main dish meat at dinner, and it is a wise choice because frankfurters have the complete high quality protein, B vitamins and essential minerals found in all meat.

The story of the frankfurter outdoors is a matter of whether relish, mustard or sauerkraut will top the sausage served in a bun. But the frankfurter indoors is a different story. There are many delicious dishes to make with frankfurters as the main dish ingredient ready to use, a real help to the summer cook.

Frankfurter Kabobs make a good summer main dish. To make them, cut frankfurters into one inch pieces. Alternate the frankfurter pieces on a metal skewer with thick slices of tomato, and pieces of green pepper and onion until the skewer is filled. Cook on a broiler or grill about 20 minutes, turning once or twice. Allow two Frankfurter Kabobs per person. You will like this novel summer dish and it is so easy to prepare.

Stuffed frankfurters are a good variation when frankfurters make the meat main course. Slit each frank lengthwise and fill the slit with thin strips of American cheese. Add chopped chives

and a little prepared mustard, if you like those flavors. Then bake in a moderate oven (350° F.) until the cheese is melted and the frankfurters are hot, about 20 minutes.

Use frankfurters diced or sliced to increase the main dish qualities of summer recipes. To be worthy of the term main dish, there must be a complete protein food in the ingredients. You can add that complete protein food without work when you add frankfurters. Dice them into scalloped vegetables, macaroni and spaghetti casseroles, or stuffings for tomatoes or green peppers before their trip to the oven.

For a quick bologna main dish tip, just saute bologna slices until they curl, and fill the bologna cups with hot potato salad or baked beans.

## Garnishes Add Eye Appeal To Your Meal

We eat first of all with our eyes.

That's why garnishes are so important. The eye appeal of garnishes is not the only reason for adding these "accessories" to our meals, however. They also accent food flavor.

Garnishes should be kept small, edible and in contrasting color to the dish.

Here are some suggested garnishes:

Raw broccoli or cauliflower flowerets are attractive for the hors d'oeuvres tray.

Hot ripe olives, celery curls, carrot sticks and radish roses are good on the luncheon plate. Chopped olives, blanched almonds and small mushroom caps would be effective additions to cutlet or croquette sauces.

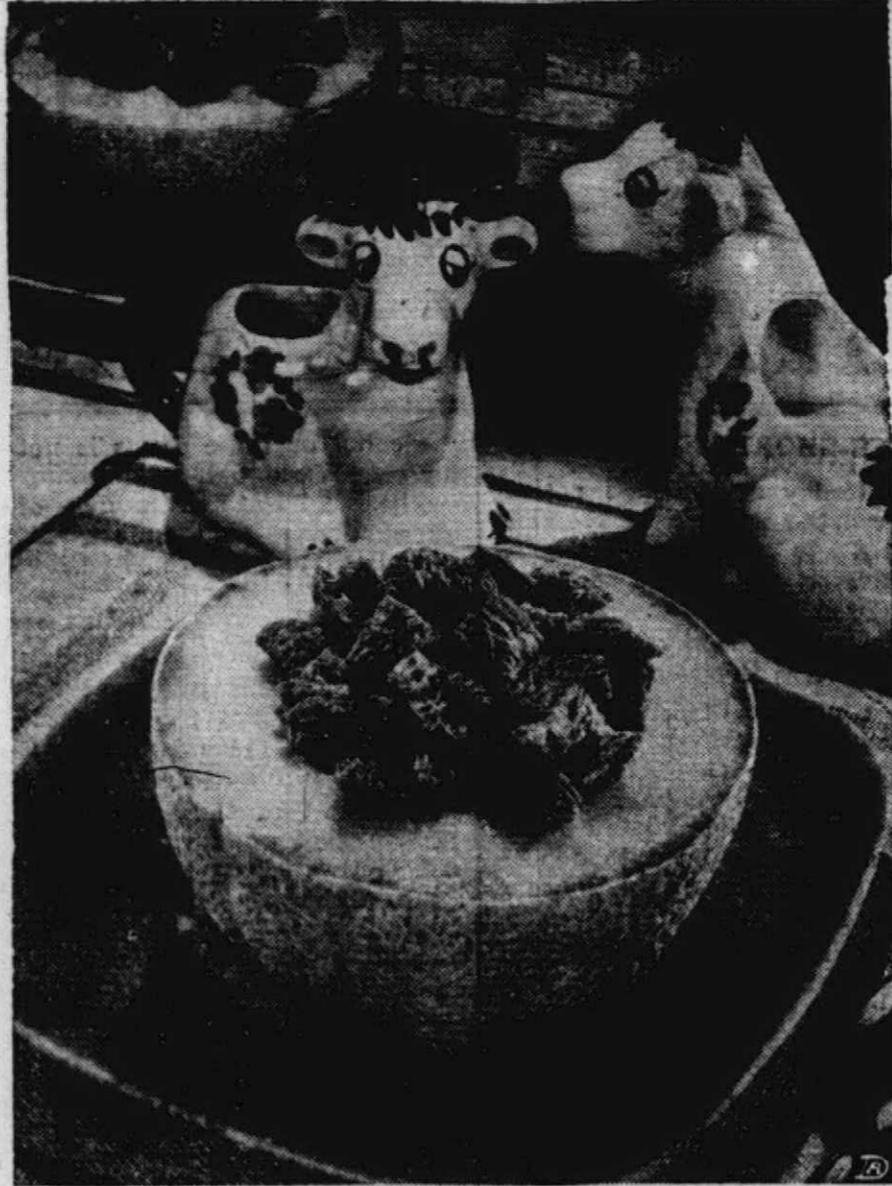

The imaginative cook might garnish salads with apple slices with the skins on, beets cut with a lattice slicer or sliced, green pepper rings.

For a more supreme chicken salad, decorate with small grape clusters which have been dipped in egg white and granulated sugar.

To give a finishing touch to parfaits or cup cakes, use colored coconut. Glorify a butterscotch pie with a light sifting of brown sugar over the top of the meringue.

To separate utensils and keep them in place, a removable partition can be made to fit cabinet drawers. Use them for your kitchen and table silver, too. This makes for more efficient work and ease in doing the job.

## Edible Cereal Bowl

Western cantaloupes are an amazing fruit. They are high in enjoyment and good nutrition yet VERY low in calories. One half of a 4 1/2 inch melon contains only 30 calories (good news for weight watchers) yet this same low-caloried serving of cantaloupe will yield 5,130 International Units of Vitamin A! Besides being so amazingly nutritious and good to eat cantaloupes are also amazingly easy to prepare. Just cut in half with a knife, touch with a spoon to remove the seeds, and you have two servings of refreshing melon ready to use in any one of many ways.

### MELON-CEREAL BOWL

Here's something really different in breakfast ideas—a cereal bowl you can eat. Cereal-in-a-melon offers a wonderful combination of sweet, smooth melon and the whole-grain goodness of "bite-size" shredded wheat biscuits, perfect to wake up lazy summer appetites. Cuts down on breakfast clean up, too. Just fill the chilled cantaloupe half with cereal and milk and let 'em eat bowl and all.

## Salmon Steaks Bake the Best At 400 Degree Temperature

While oven temperature does not affect the flavor of baked salmon steaks, just any temperature will not do for best all-round results.

An oven temperature of 400 degrees has proven best in extensive baking tests with one-inch Chinook salmon steaks.

In the past, recommended temperatures have ranged from 350 to 500 degrees with little real research to back up any of the suggestions.

Researchers found that the 350-degree temperature gives a poor-looking salmon steak. Large white lakes of coagulated protein, which ooze out of the muscle tissue during baking, tend to produce a "not done" appearance.

That difficulty is overcome at 400 degrees and the problem of spattering in the oven that comes at 450 and 500-degree baking is not found. At 500 degrees the spattering is so great that home-

makers have a real oven clean-up job after the baking. At 450, the spattering is enough to discourage most.

Difference in cooking losses at the various temperatures are not significant and the temperature does not make much difference in taste, either.

It was found, however, that the last steak out of the oven—regardless of baking temperature—was rated highest by the judges. This means, that for best reception from hungry eaters, steaks should be served as soon as possible after they are taken from the oven.

As far as baking time is concerned, one-inch steaks took 32 minutes to bake at 350 degrees. At 400 degrees, it took 23 minutes; at 450, 18; and at 500, 15. Time savings at the two upper temperatures are so small they aren't worth the extra fuel to say nothing of the spattering.

## Try Desserts That Do Not Need Cooking

Who wants to cook on a lazy hot day? Who says you should? With all the canned, frozen and prepared foods available now, a gal should be entitled to a day when she just makes dinner with as little work as possible and enjoys being lazy. In fact, you can make delicious banana desserts without any cooking at all. They are refreshing, delicious and good for your family since bananas have an abundant supply of vitamins and minerals and high food energy.

A pretty dessert dish filled with sweet and mellow, fully ripe sliced bananas and fruit juice is a fine dessert for a hot day. To glamorize the dessert a little, why not flute the bananas? You can give banana slices a lacy, fluted edge by simply running the prongs of a fork lengthwise down a peeled banana. Then slice crosswise and the slices will have a pretty fluted edge. Delightful for salads as well as for desserts.

The homemaker's energy may be going "down the drain" if her sink is too high, too deep, or too low. More time is spent at the sink than at any other kitchen work center, so it should be at the most comfortable height.

## "I REMEMBER" BY THE OLD TIMERS

From Ellen A. Sewart, North Highlands, California: I remember when my father paid the grocery bill, the grocer would always give him a big bag of mixed candy in striped bags. We used to buy gum that came in small round tins, with five pieces of gum to the tin which was the size of a quarter.

From Iva C. Oliver, Perry, Florida: I remember when I was a child of about 10 my brothers, and six children who were our neighbors, took me on a "nut gathering" party. We started early one Saturday morning in October, taking baskets of lunch for a picnic at noon; a jug of water and two sacks to be filled with nuts.

I lived in southeast Missouri, and the trip was some 8 or 9 miles to the Mississippi river bottoms where there was an abundance of hickory trees and some pecan trees. On this trip we brought home enough nuts to last throughout the winter, for eating after supper and for mother to use in making delicious nut cakes and candies.

The day was soon spent, and we made the long trip back home in an old wagon pulled by two mules, and reaching home after dark and ready for a good warm supper. This outing took place about 60 years ago.

Mail contributions to this column to The Old Timer, Community Press Service, Box 39, Frankfort, Kentucky.

## New Living Units Being Built For Married Students

The married students at Michigan State college will soon have new housing facilities available to them. College officials have announced that the construction of three apartment buildings designed for the use of married students has been started.

Each building will cost approximately \$100,000. The three brick-vener buildings will each contain 12 apartments, and are scheduled for occupancy sometime next fall. These buildings will be "pilot" models in an over-all program to

replace M.S.C.'s "trailer village." Each apartment will contain a built-in range and refrigerator. They will rent for approximately \$60 per month.

A good cat is a cheap form of insurance against rats and mice.

for greater **SAFETY** in the Haymow and Granary

*not* THIS

Dust, hay or grain may be ignited by the heat from a bare, unshielded lamp bulb. The hazard is increased if the bulb is mounted horizontally.

*but* THIS

There's extra safety and better light, too, in an enclosed, dust-tight fixture.

*and* THIS

A pilot light at your haymow lighting switch means protection and economy.

Helpful Hints Concerning Building, Remodeling, Repairing & Redecorating

SIX PEOPLE WILL BE ABLE TO SIT around the dining bar in the kitchen of Mr. and Mrs. Fabe Mirto, 185 Blunk. Topped by a lazy susan, the bar is located between the kitchen and the former dining room, the latter now being used as a "family room" for television watching. Cupboards of knotty pine with a natural treatment, work tables covered with nutmeg vinyl and linoleum with a hooked rug design give the kitchen a rustic appearance.

## Care In Planning, Attention to Details Necessary to Successful Remodeling

Getting the advice of a good architect or purchasing plans from a recognized plan service have become accepted procedures for the average American who builds a new home.

But years later when the house needs some remodeling, the same home owner may proceed entirely without plan in his modernization program. He doesn't seem to realize that to get the most for his modernization dollar, both in value and in comfort, he should again proceed according to an established plan, although the details need not be as precise as for new construction.

Consider the exterior elements of the home, for example. You may want new siding. Which should come first? Installing a picture window will necessitate removing some of the old wall.

Obviously, it would be best to add the window first. Then you won't be faced with the problems of removing part of the new siding and recaulking around the window.

If the gutters and downspouts are in bad condition, don't add new siding until they are repaired or renewed. Otherwise they may let moisture get behind the new siding and destroy its effectiveness as a weatherproof.

From the artistic point of view, it's advisable to repair the roof and put on new siding at approximately the same time. The reasoning is the same as the lady of the house uses when she insists on buying a new hat to go with her new coat. She wants them to match both in color and in age.

Asphalt shingles now go on 90 per cent of the American homes. Insulating siding, a popular side-wall modernization material, matches them well since it also has an asphalt coating, giving it the same approximate life as the shingles, and is colored with mineral granules like the shingles.

Both shingles and sidings are available in the new pastel colors.

To maintain exterior harmony

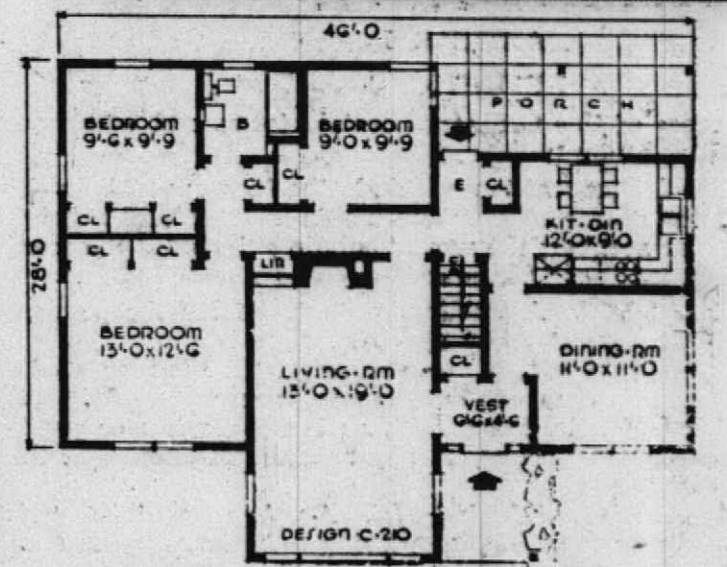

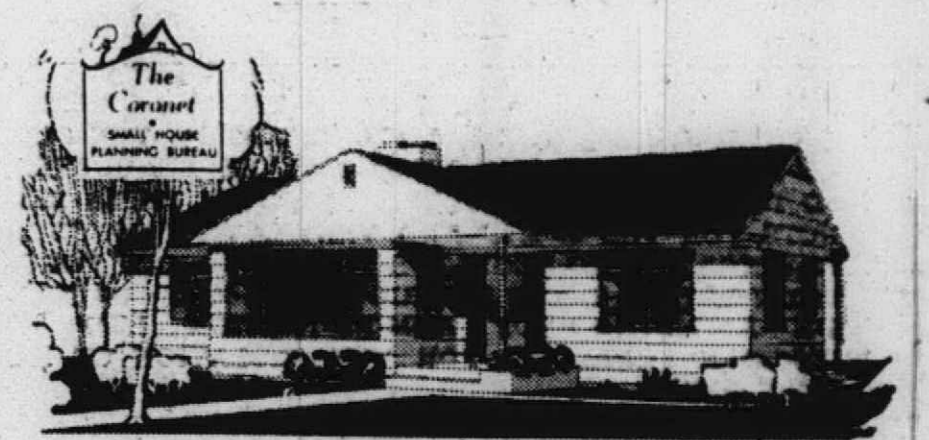

both in color and in age, it's advisable to install siding and shingles within a short time of each other. This type of planning will give you a good return in value and satisfaction from the modernization dollars you spend.

### HOISTS TON IN DAY

In an average working day, a bricklayer lifts more than a ton of brick from the scaffold and lays it in the wall. A standard brick weighs about four pounds when composed of the usual clays and shales.

About 12 per cent of all oil burners sold are used for the replacement of older oil burners, says the Plumbing and Heating Industries Bureau.

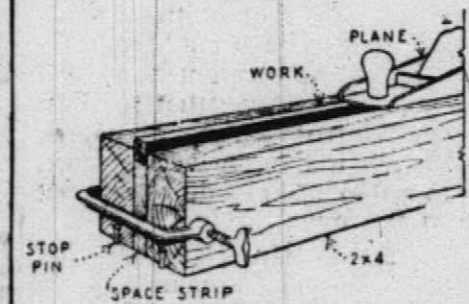

The most vulnerable points for plaster cracking in homes are at the intersection of walls and ceilings, and at the corners of windows, doors and other wall openings.

THE CORONET features a plan in which all rooms are corner rooms with the advantage of cross light and ventilation. There are three bedrooms, bath, a separate dining room, combination kitchen-dinette, living room and ten closets. Closets include wardrobes in the bedrooms, coat closets at the entrances and linen and storage closets in the bedroom hall. Plans also show a covered front entrance, a rear porch overlooking the garden and a full basement. Other interesting features are the fireplace with shelves, picture window, pleasant kitchen arrangement and low exterior roof and wall lines. The front gable is finished with plywood and the balance of the exterior features wide siding. Dimensions are 46 feet by 28 feet with the living room extending forward another eight feet. Area is 1,280 square feet. Cubage totals 24,736 cubic feet. For further information about THE CORONET, write Building Editor, The Plymouth Mail.

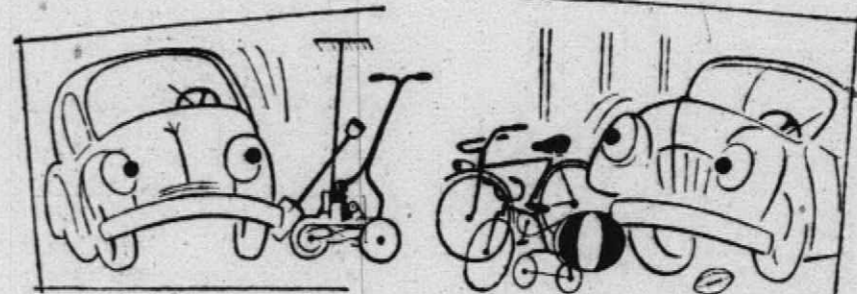

**To Plane Narrow Strip**  
ANY craftsman knows how tricky it is to plane narrow wood strips. *American Builder*, a magazine which is an authority for professional craftsmen, shows how to do it in a simple, effective manner.

As illustrated, take two pieces of 2x4's, clamping the narrow strip between and using a C-clamp at each end to hold them together. Between the 2x4's, place a spacer strip of the same thickness as the piece to be planed.

## Children's Toys, Tools, Laundry Giving the Family Car a Hard Time

Is the family garage merely a stable for the family car, or does the average American homeowner have other designs on it? Home Modernizing magazine recently conducted a survey among its readers, and came up with the following possibly surprising conclusions:

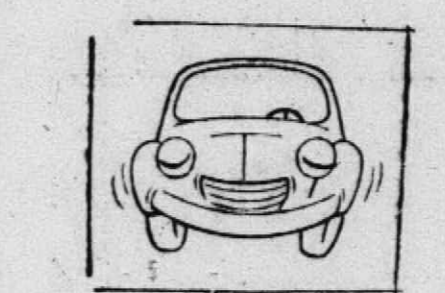

Half the families keep garden tools in the garage...

An even third keep toys and bicycles alongside the car...

Some families put home laundries in their garages...

A few diehards use their garage for their autos only...

### Interior Varnish Types Are Varied

There is a wide variety of interior varnishes. Each is made a little differently, according to the purpose to be served.

Interior varnishes are generally not as tough as those intended for exterior use where they must withstand weather damage. There are exceptions, however. Floor varnishes, for instance, are characterized by high resistance to abrasion to withstand the constant traffic to which they are subjected.

Coil your electric mower cord loosely in a pail or basket for handy storage and for use without kinking.

## Old Table Can Be Converted Into Dresser for 'Teener'

Every young girl wants a dressing table. Here is a way to get one at low cost by converting almost any old table. Chief preliminaries are to use a table the size and height desired. The conversion itself is easy and inexpensive.

Since the foundation table is unsuited by appearance for the girl's room, you alter the look by covering it with an embossed hardboard, which looks like Spanish-grain leather and is known as Masonite Leatherwood. Bevel the edge slightly before fastening the Leatherwood to the table top with finishing nails applied in the depressions of the surface, where they won't show. The ingenious handiworker of

the family can devise an attractive "skirt" for the table sides and an arch-type front so the girl may be seated comfortably. Leatherwood may be cut on a curve with a coping saw. The texture surface may be waxed, varnished, stained, painted, enameled or lacquered. This unusual hardboard is extremely durable. It is moisture, stain and burn-resistant. If the finish selected is paint, enamel or lacquer, use a suitable undercoater first.

This novel dressing table may be made more useful if the craftsman installs a shelf or two before adding the Leatherwood "skirts." Of course, a mirror over the table is indispensable, too.

### HOME modernizing

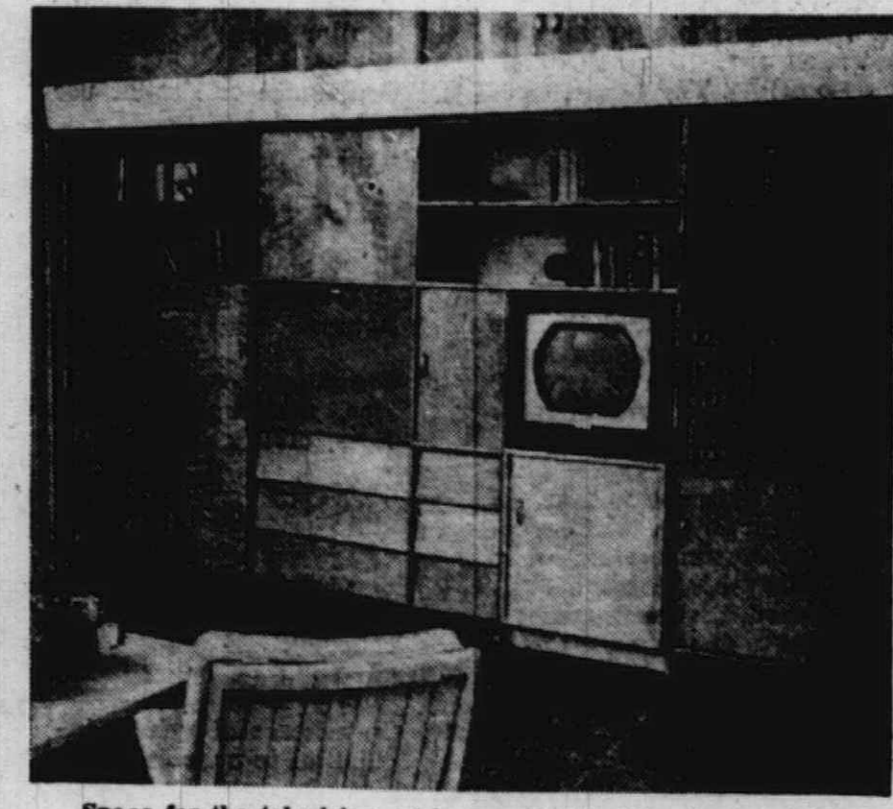

## Television Created Problem Of Where To Put The Set

Television, in its sweep across much of the nation, hit homes built long before the television age. The problem at once arose of where to put the set. Placing the bulky thing in the center of the living room wasn't the answer in most cases, according to Home Modernizing magazine.

The solution: built-in sets; or rooms—or corners of rooms—set aside for viewing. The TV set can go into the walls, into a screened corner, into the basement or attic or a closet. A large kitchen or the little used dining room can become a home "theater."

A guest room is an excellent haven for TV—with privacy.

Space for the television set is provided in this storage wall.

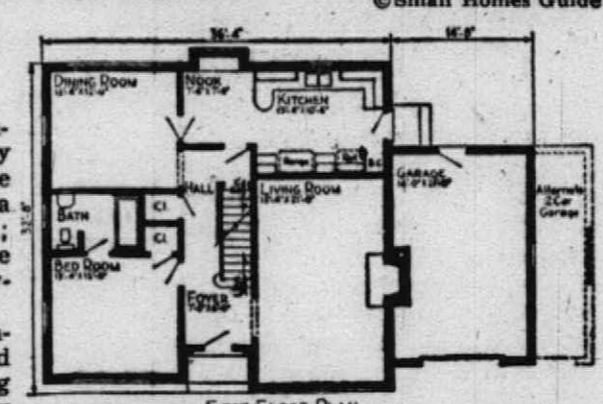

### 3 Bedrooms 2 Baths

In this era of contemporary design, many families yearn for the traditional. This is a house for those people; a story and a half home in which one could never feel crowded.

Every room has generous dimensions, and is easy to get to. Living room has unusually large wall area, a boon for furniture arrangement. The separate dining room, absent from many modern plans, is present here, as well as a breakfast nook for casual meals. Aisle-type kitchen is ideal for convenient placement of appliances and work space.

Architect Arnold Schaffner locates a bedroom and bath suite on the main floor, two bedrooms and a bath above. Note the window expanse in the first floor bedroom. 1st floor area 1,192 sq. ft., 2nd floor 727 sq. ft. Information on blueprints and cost can be obtained by writing to The Roe Lumber Co.

# PLYMOUTH'S NEW ZONING ORDINANCE

## As Presented By City Planning Commission

ORDINANCE NO. \_\_\_\_\_  
TITLE \_\_\_\_\_

AN ORDINANCE TO PROVIDE FOR THE ESTABLISHMENT OF DISTRICTS OR ZONES WITHIN WHICH THE USE OF LAND AND STRUCTURES, THE HEIGHT, THE AREA, THE SIZE AND LOCATION OF BUILDINGS MAY BE REGULATED, AND TO ESTABLISH REGULATIONS WITHIN THESE DISTRICTS FOR THE LIGHT AND VENTILATION OF SUCH BUILDINGS AND TO REGULATE THE DENSITY OF POPULATION WITHIN THESE DISTRICTS OR ZONES; TO PROVIDE A METHOD OF ADMINISTRATION AND TO PRESCRIBE PENALTIES FOR THE VIOLATION OF ITS PROVISIONS.

THE CITY OF PLYMOUTH ORDAINS:

### ARTICLE I DEFINITIONS

For the purpose of this Ordinance certain terms and words are herewith defined as follows:

Words used in the present tense include the future; words in the singular include the plural number and words in the plural number include the singular number; the word "building" includes the word "structure"; the word "shall" is mandatory and not directory.

Section 1.01 ALLEY. A public thoroughfare for the purpose of this Ordinance less than thirty (30) feet wide.

Section 1.02 ALTERATION. Any change, addition or modification in construction or grade of occupancy; any change in the structural members of a building, such as bearing walls or partitions, columns, beams or girders, or any substantial change in the roof or in the exterior walls.

Section 1.03 APARTMENT HOUSE. An Apartment house is a dwelling for three or more families, living independently of each other and doing their cooking upon the premises.

Section 1.04 BASEMENT. That portion of a building which is wholly or partly below the average grade of the ground level adjoining the building is a basement when the height from the grade up to the first floor tier of floor beams or joists is less than the height from the grade level down to the floor; provided, however, that if the height from the grade level to the first tier of floor beams or joists is five (5) feet or more, such basement shall be considered a story.

Section 1.05 BLOCK. A block shall include the property having frontage on one side of a street and lying between the two nearest intersecting or intercepting streets, or nearest intersecting or intercepting street and railroad right-of-way.

Section 1.06 BUILDING. A structure having a roof supported by columns or walls for the shelter, support or enclosure of persons, animals or chattels; and when separated by division walls from the ground up, and without openings, each portion of such building shall be deemed a separate building, except as provided in Article XII.

Section 1.07 BUILDING LINE. The front line of the building or legally established line which determines the location of the building with respect to the street line.

Section 1.08 CLINIC. A clinic, for the purpose of this Ordinance is a public or proprietary institution providing diagnostic, therapeutic or preventive treatment of ambulatory patients by a group of doctors acting conjointly and in the same building for the purposes aforesaid.

Section 1.09 COURT. A court is an open unoccupied space other than a yard, a court not extending to the street or front or rear yard is an inner court; a court extending to the street or front or rear yard is an outer court.

Section 1.10 DWELLING. A dwelling is any house or building or portion thereof which is occupied wholly as the home, residence or sleeping place of one or more human beings, either permanently or transiently. In case of mixed occupancy, where a building is occupied in part as a dwelling, the part so occupied shall be deemed a dwelling for the purpose of this Ordinance and shall comply with the provisions thereof relative to dwellings. (Garage, space, whether in an attached or detached garage, shall not be deemed part of a dwelling.)

Section 1.11 DWELLING OR RESIDENCE - ONE FAMILY. A dwelling occupied by but one (1) family, and so designed and arranged to provide cooking and kitchen accommodations for one (1) family only.

Section 1.12 DWELLING - TWO FAMILY INCOME. A two family income dwelling is a private dwelling, one and one-half (1 1/2) stories or more in height, having one heating plant, and the appearance of a single dwelling, but containing separate living apartment for two (2) families only, each of which shall have two (2) means of egress.

Section 1.13 DWELLING - TWO FAMILY. A dwelling occupied by but two (2) families, and so designed and arranged as to provide cooking and kitchen accommodations for two (2) families only, and each of which shall have two (2) means of egress.

Section 1.14 DWELLING - MULTIPLE. A building used or intended to be used as a dwelling by three (3) or more families or as an apartment house or hotel, and each floor having two (2) means of egress, exclusive of an elevator.

Section 1.15 ESSENTIAL SERVICES. The phrase "essential services" means the erection, construction, alteration, or maintenance by public utilities or municipal departments or commissions, of underground or overhead gas, electrical, steam, or water transmission or distribution systems, collection, communication, supply or disposal systems, including towers, poles, wires, mains, drains, sewers, pipes, conduits, cable, fire alarm boxes, police call boxes, traffic signals, hydrants, and other similar equipment, and accessories in connection therewith, but not including buildings, reasonably necessary for the furnishing of adequate service by such public utilities or municipal departments or commissions or for the public health or safety or general welfare.

Section 1.16 FAMILY. A family, for the purpose of this Ordinance, shall be considered to constitute a man and wife or a father or a mother and their children by natural birth or adoption and the parents of either or both and may also include two (2) additional persons who occupy rooms for which compensation may or may not be paid. Provided any group of persons not so related but inhabiting a single housekeeping unit shall be considered to constitute one family for each five persons, exclusive of domestic employees contained in each group.

Section 1.17 FLOOR AREA. Floor area shall be the area within the exterior walls of the main structure at the ground floor level, not including garages or enclosed or un-enclosed porches, and not including attached utility or accessory rooms having three or more exterior sides.

Section 1.18 GARAGE - COMMUNITY. A community garage is a space or structure or series of structures for the storage of motor vehicles having no public shop or service therewith, for the use of two or more owners or occupants of property in the vicinity.

Section 1.19 GARAGE - PRIVATE. A private garage is a space or structure for the storage of motor vehicles, having no public shop or services in connection therewith, for the use solely of the owner occupant of the principal building on a lot, or of his family or domestic employees.

Section 1.20 GARAGE - PUBLIC. A public garage is a space or structure, other than a private or a community garage, for the storage, care, repair or refinishing of motor vehicles.

Section 1.21 GASOLINE FILLING STATION. A gasoline filling station is a space, structure, or building or part of a building for the retail sale or supply of motor fuels, lubricants, air, water, and other customary facilities for the installation of such commodities in or on such motor vehicles, but not including special facilities for the painting, repair or similar servicing thereof.

Section 1.22 HAZARDOUS USES. All uses which involve the storage, sale, manufacture or processing of materials which are likely to burn with moderate rapidity and with considerable volume of smoke, but from which neither poisonous fumes nor explosions are to be anticipated in the event of fire including bags—cloth, burlap and paper, bamboo and rattan, baskets, belting—canvas and leather, books and paper in rolls or packs, boots and shoes, buttons, including cloth-covered, pearl or bone, cardboard and cardboard boxes, clothing—woolen wearing apparel, cordage, dry cleaning establishments using or storing less than three (3) gallons of volatile flammables with a flash point lower than one hundred (100) degrees F. or less than sixty (60) gallons with a flash point between one hundred (100) and one hundred forty (140) degrees F., food products, furniture, furs, gloves—other than leather, glue, mucilage, paste and

size, horn and combs, other than celluloid, leather — including enameling or japanning, linoleum, livestock shelters, packing houses, oil selling stations, public airplane hangers, public garage, silk, soap, sugar, tobacco, cigars, cigarettes and snuff and wax candles, and/or such materials as are listed under Table 2 of the Basic Building Code of the Building Officials Conference of America.

Section 1.23 HEIGHT OF BUILDING. The vertical distance from the ground level adjoining the building to the highest point on the roof surface in the case of a flat roof, to the deck line for mansard roofs, to the mean height level between eaves and ridge for gable, hip and gambrel roofs.

Section 1.24 HOME OCCUPATIONS. Home occupations shall include, in general, personal services as the professions of a doctor, dentist, osteopath, chiropractor, chiropodist, optometrist, architect, artist, engineer, lawyer, accountant and the occupation of a dress-maker, beautician and barber, such profession or occupation shall be carried on by but one (1) member of a family residing in the residence with not more than one (1) outside employee, and with only one (1) non-illuminated name plate which is not more than two (2) square feet in area which may be attached to the building.

Section 1.25 HOSPITAL. A building, structure or institution in which sick or injured persons are given medical or surgical treatment and operating under license by the Health Department of the State of Michigan.

Section 1.26 HOTEL. A building occupied as a more or less temporary abiding place of individuals who are lodged with or without meals, and rooms are occupied solely for hire, in which provision is not made for cooking on any individual plan and in which there are more than twenty (20) sleeping rooms, a public dining room for the accommodation of at least forty (40) guests and a general kitchen.

Section 1.27 KENNEL. Any lot or premises on which three (3) or more dogs are kept, either permanently or temporarily boarded.

Section 1.28 LOT. A lot is a piece or parcel of land occupied or to be occupied by a building and its accessory building, or by any other activity permitted thereon and including the open spaces required under this Ordinance. A lot may or may not be a lot of existing record.

Section 1.29 CORNER LOT. A corner lot is a lot of which at least two adjacent sides abut for their full length upon a street.

Section 1.30 INTERIOR LOT. A lot other than a corner lot.

Section 1.31 FRONT LOT LINE. In the case of a lot abutting upon one street, the front lot line is the line separating such lot from such street. In case of any other lot, one such line shall be elected to be the front lot line for the purpose of this Ordinance, provided it is so designated in the building plans filed for approval with the Building Inspector. Where new street lines are established by Ordinance on the Master Thoroughfare Plan of the City of Plymouth, such lines shall be the front lot line.

Section 1.32 REAR LOT LINE. The rear lot line is that boundary which is opposite and most distant from the front lot line. In the case of a lot pointed at the rear, the rear lot line shall be that assumed line parallel to the front lot line, not less than ten (10) feet long, lying most distant from the front lot line and wholly within the lot.

Section 1.33 SIDE LOT LINE. A side lot line is any lot boundary line not a front lot line or a rear lot line. A side lot line separating a lot from a street is a side street lot line. A side lot line separating a lot from another lot or lots is an interior lot line.

Section 1.34 MOTEL OR MOTOR COURT. A building or a group of buildings in which overnight lodging is provided and offered to the public for compensation and catering primarily to the public traveling by motor vehicle.

Section 1.35 OCCUPANCY LOAD. The number of individuals normally occupying the building or part thereof, or for which the existing facilities have been designed.

Section 1.36 PARKING SPACE. An area of not less than one hundred eighty (180) square feet, exclusive of drives or aisles giving access thereto, accessible from streets or alleys or from private driveways or aisles leading to streets or alleys, and to be usable for the storage or parking of self-propelled vehicles.

Section 1.37 PUBLIC UTILITY. Any person, firm, corporation, municipal department or Board, duly authorized, to furnish and furnishing under municipal regulation, to the public, electricity, gas, steam, telephone, telegraph, transportation, or water.

Section 1.38 SIGN. For the purpose of this Ordinance a sign shall include a closed sign, display sign (but not including billboards and poster panels or outdoor advertising signs) ground signs, marquee sign, open sign, roof sign, wall sign and projecting sign as defined in the Building Code of the City of Plymouth.

Section 1.39 SIGN TEMPORARY. A display sign, banner or other advertising device constructed of cloth, canvas, fabric, or other light temporary material, with or without a structural frame, intended for a limited period of display; including among these, decorative displays for holiday or public demonstration.

Section 1.40 STORY. That portion of a building included between the surface of any floor and the surface of the floor next above, or if there should be no floor above, then the space between such floor and the ceiling next above.

A basement may be considered a story if its ceiling is over five (5) feet above the average established grade, or if it is used for business purposes by other than a janitor or domestic servants in the same building.

Section 1.41 HALF STORY. A half story is an uppermost story lying under a sloping roof, the usable floor area of which does not exceed seventy-five (75%) percent of the floor area of the story immediately below it and which is not less in area than is required for a bedroom under statutes and ordinances applicable thereto.

Section 1.42 STREET. A public thoroughfare, for the purpose of this Ordinance, thirty (30) feet or more in width.

Section 1.43 TOURIST HOME. A tourist home shall be construed to mean any dwelling occupied in such a manner that certain rooms in excess of those used by members of the family, as hereinbefore provided, and occupied as a home or family unit, are rented without cooking facilities to the public for compensation and catering primarily to the public traveling by motor vehicle.

Section 1.44 USE. The purpose for which land or buildings thereon are designed, arranged or intended to be occupied or used, or for which they are occupied or maintained.

Section 1.45 USE-ACCESSORY. A use normally incidental to and subordinate to the principal use of the premises.

Section 1.46 USE NON-CONFORMING. A building or premises occupied by a use that does not conform with the regulations of the use district in which it is situated.

Section 1.47 YARD. An open space at grade line between a building and the adjoining lot lines, unoccupied and unobstructed from the ground upward, except for the certain architectural features specified in Section 3.09. Yard measurements shall be the minimum horizontal distance between a lot line and the nearest line of the main building.

Section 1.48 YARD, FRONT. A yard extending across the full width of the lot, between the front lot line and the nearest line of the main building.

Section 1.49 YARD, REAR. An open, unoccupied space (excluding accessory buildings) on the same lot with a building between the rear line of the building and the rear line of the lot, for the full width of the lot.

Section 1.50 YARD, SIDE. An open, unoccupied space on the same lot with a building, extending for the full length of the side of the building between the building and the side lot line.

### ARTICLE II DISTRICT REGULATIONS

Section 2.01 In order to regulate the use of land; to regulate and restrict the location of trades and industries and the location of buildings or structures erected or altered for specified uses; to regulate and limit the height and bulk and size of buildings hereafter erected or altered; to regulate and determine the area of yards courts and other open spaces surrounding buildings hereafter placed or altered; and to regulate the density of population, The City of Plymouth is hereby divided into the followings "districts", of which there shall be eight (8) known as:

- 1. R-1 Districts—One Family Residential Districts.
- 2. R-1-A Districts—Two Family Income Residential Districts.
- 3. R-2 Districts—Two Family Residential Districts.
- 4. PR-1 Districts—Professional Residential Districts.
- 5. C-1 Districts—Local Business Districts.
- 6. C-2 Districts—Commercial Districts.
- 7. M-1 Districts—Light Industrial Districts.
- 8. M-2 Districts—General Industrial Districts.

Section 2.02 The boundaries of such districts are shown upon the map attached hereto and made a part of this Ordinance, being designated as the Zoning Map of the City of Plymouth, and said map and all the notations, references and other information shown thereon shall be as much a part of this Ordinance as if the matters and

information set forth by said map were all fully described herein-after. Provided, however, where uncertainty exists with respect to the boundaries, the rules as set forth in Section 3.11 of this Ordinance shall apply.

Section 2.03 The Zoning Map of the City of Plymouth, as revised by the map attached hereto and made a part of this Ordinance, shall become the official Zoning Map of the City of Plymouth.

Section 2.04 SIZE OF DWELLINGS. No one-family dwelling shall hereafter be erected or altered having a ground floor area of less than six hundred seventy-two (672) square feet if one (1) or one and one-half (1 1/2) stories in height, or five hundred and twenty-five (525) square feet if two (2) stories in height, and the aggregate livable floor area of a two (2) story dwelling shall be not less than one thousand and fifty (1050) square feet. The ground floor area of any dwelling shall not include the area of breezeways, unenclosed porches or attached garages.

No building used as a two family duplex dwelling or a single family terrace dwelling, shall hereafter be erected or altered having a floor area of less than six hundred seventy-two (672) square feet for each dwelling unit.

No two family income dwelling shall hereafter be erected or altered having a floor area of less than six hundred seventy-two (672) square feet for the ground floor living unit; and not less than four hundred eighty (480) square feet for the second floor living unit, with a maximum occupancy load of three (3) persons and an additional one hundred (100) square feet of floor space for each additional inhabitant.

No building used as a multiple dwelling or as an apartment house or as an efficiency apartment, hereafter erected or altered, shall provide less than four hundred eighty (480) square feet of floor space for a single housekeeping unit with a maximum occupancy load of three (3) persons and a required one hundred (100) square feet of floor space for each additional inhabitant.

### ARTICLE III GENERAL PROVISIONS

Section 3.01 Except as hereinafter provided, no building, structure or land, or part hereof, shall be used, altered, constructed or reconstructed except in conformity with the provisions of this Ordinance which apply to the district in which it is located.

Section 3.02 NON-CONFORMING USES. The lawful use of a building existing at the time of the adoption of this Ordinance may be continued, although such use does not conform with the provisions hereof, and such use may be extended throughout the building, provided no structural alterations or changes are made therein, except those required by law or Ordinance or such as may be required for safety, or such as may be necessary to secure or insure the continued advantageous use of the building during its natural life or the erection of its full height as originally planned of a building with foundations and structural members designed to carry a higher building.

Failure to continue to use any land, building or structure, or part thereof, for a use which is a non-conforming use under this Ordinance, for a period of one (1) year or more shall be held to be conclusive proof of an intention to legally abandon any such non-conforming use, unless a good and sufficient reason shall be shown for such failure and such reasons approved by the Zoning Board of Appeals.

Wherever a non-conforming use of a building has been changed to a more restricted use or to a conforming use, such use shall not thereafter be changed to a less restricted use.

Except as hereafter provided, no building shall be erected or altered to exceed in height the limit herein established for the district in which such building is located. Provided further that no building shall be erected, nor shall an existing building be altered, enlarged or rebuilt nor shall any open spaces surrounding any building be encroached upon or reduced in any manner, except in conformity with the regulations hereby established for the district in which such building is located.

No portion of a lot used in complying with the provisions of this Ordinance for yards, courts, lot area per family or percentage of lot occupancy, in connection with an existing or projected building or structure, shall again be used as part of the lot required in connection with any other building or structure existing or intended to exist at the same time.

Section 3.03 ESSENTIAL SERVICES. Essential services shall be permitted as authorized and regulated by law and other ordinances of the City of Plymouth, it being the intention hereof to exempt such essential services from the application of this Ordinance.

Section 3.04 OFF STREET LOADING AND UNLOADING. On the same premises with every building, structure, or part thereof, erected and occupied for manufacturing, storage, warehouse goods, display, department store, wholesale store, market, hotels, hospital, mortuary, laundry, dry cleaning, or other uses similarly involving the receipt or distribution of vehicles or materials or merchandise, there shall be provided and maintained on the lot adequate space for standing, loading and unloading services adjacent to the opening used for loading and unloading in order to avoid undue interferences with public use of the streets or alleys.

Such loading and unloading space, unless otherwise adequately provided for, shall be an area ten (10) feet by forty (40) feet with a fourteen (14) foot height clearance and shall be provided according to the following table:

Gross Floor Area Square Feet	Loading and Unloading Spaces None required
0 to 3,000	1
3,000 to 23,000	2
23,000 to 43,000	3
43,000 to 63,000	4
63,000 to 83,000	5
each additional 20,000	1 additional

Section 3.05 GRADE. A grade from the sidewalk level at the front lot line to the front of the foundation of the house and from the rear wall of the foundation of the house to the rear lot line shall be established and maintained and such grade line shall conform to the adjacent properties as near as possible. The height from the grade line to the first floor level shall not exceed three (3) feet. Grades shall be approved by the Building Inspector or the City Engineer.

Section 3.06 FRONT AND REAR YARD USES. No part of any required yard, except a rear yard, shall be used for any detached garage or for any accessory building, or for the storage of vehicles. Any portion of a lot in front of the front building line shall be used for ornamental purposes only and nothing shall be placed thereon except trees, shrubs, fences or items of similar nature, and for a distance of twenty (20) feet back from the intersection of two (2) streets along either street line, no fence, structure or growth more than three (3) feet high above the curb level shall be permitted.

Section 3.07 REMOVAL OF SOIL, SAND OR OTHER MATERIAL. The use of land for the removal of topsoil, sand, gravel or other material from the land is not permitted in any district except under a Temporary permit from the Board of Appeals, which may be issued in appropriate cases upon the filing of an application herefor showing to the satisfaction of said Board, that such removal will not cause stagnant water to collect or leave the surface of the land and at the expiration of such permit in an unstable condition or unfit for the growing of a turf which can be mowed, or for any other land uses permitted in the district in which such removal occurs.

Section 3.08 REAR YARD MEASUREMENTS. Wherever here is a public alley at the rear of a lot upon which the lot abuts or its full width, measurements of any abutting rear yard, required under this Ordinance, unless otherwise provided for, may be made to the centerline of such alley.

Section 3.09 YARD ENCROACHMENTS. Outside stairways, fire escapes, fire towers, porches, platforms, balconies, boiler flues and other projections shall be considered as part of the yards or courts or unoccupied spaces; provided, however, that this provision shall not apply to one (1) fire place or one (1) chimney projecting not more than twelve (12) inches into side yard space, and not more than eight (8) feet in length, nor to platforms, terraces or steps below the first floor level, or to unenclosed porches or other ground level projections not over one (1) story in height which may extend into a front or rear yard not more than twelve (12) feet or into a side yard not more than eight (8) feet, but not nearer than three (3) feet from a side or rear boundary, nor to cornices not exceeding sixteen (16) inches in width including the gutter.

Section 3.10 ACCESSORY BUILDINGS.  
(a) An accessory building attached to the principal building on a lot shall be made structurally a part thereof, and shall comply in all respects with the requirements of this Ordinance applicable to the principal building.  
(b) An accessory building and a private garage, unless attached to the principal building on a lot as above provided,

shall not be nearer than twelve (12) feet from the principal building.

(c) Detached accessory buildings and garages shall not exceed one (1) story or fifteen (15) feet in height and shall not occupy more than thirty (30%) percent of the area of any rear yard, and shall not be nearer than three (3) feet from any lot line, except that where the rear yard of a lot abuts upon a street street, such accessory building shall not be nearer to any street line than six (6) feet.

Section 3.11 BOUNDARIES OF DISTRICTS. Unless otherwise shown, the district boundaries are street lines, alley lines or the subdividing or boundary lines of recorded plats, or the extension thereof and where the districts designated on the map accompanying and made a part of this Ordinance are approximately bounded by street lines, alley lines, or the subdividing or boundary lines of recorded plats, such lines or the extension thereof shall be considered to be the district boundaries.

Section 3.12 BILLBOARDS PROHIBITED. The use of land for the erection of billboards or poster panels or out-door advertising signs shall not be permitted in any district; provided, this shall not prohibit signs, billboards, poster boards or out-door advertising signs in a permitted district under conditions specified in this ordinance.

Billboards, poster panels or out-door advertising signs erected prior to the effective date of this Ordinance may be continued as a non-conforming use; provided, however, that the same shall not be modified, changed, enlarged or removed to new locations and, if the use thereof for posting or advertising shall be discontinued for a period of one (1) year or more, such non-use shall be deemed conclusive proof of an intention to legally abandon such non-conforming use.

Section 3.13 OFF-STREET PARKING REQUIREMENTS. In all zoning districts, off-street parking facilities for the storage of parking of self-propelled motor vehicles for the use of occupants, employees, and patrons of the buildings hereafter erected, altered or extended after the effective date of this Ordinance, shall be provided and maintained as herein prescribed.

(a) Loading space, as required in Section 3.04, shall not be construed as supplying off-street parking space.

(b) When units or measurements, determining the number of required parking spaces, result in requirement of a fractional space, any fraction up to and including one-half (1/2) shall be disregarded, and fractions over one-half (1/2) shall require one parking space.

(c) Whenever a use requiring off-street parking is increased in floor area, and such use is located in a building existing on or before the effective date of this Ordinance, additional parking space for the additional floor area shall be provided and maintained in amounts hereafter specified for that use.

Provided, however, in the central business district, where the city and the various property owners have cooperatively developed parking facilities, and additional parking space as required for the increased floor space is not available within the required three hundred (300) feet as required in the second paragraph of (e) below, the City Planning Commission may through negotiations with the owner of such property, vary the location of such required parking spaces or agree to the owners participation in other authorized parking facilities which will furnish the same amount of space as required for his increased floor space.

(d) For the purpose of this Ordinance, "Floor Area" in the case of offices, merchandising or service types of uses, shall mean the gross floor area used or intended to be used for services to the public as customers, patrons, clients or patients, or as tenants, including areas occupied for fixtures and equipment used for display or sale of merchandise.

(e) Off-street parking facilities for one and two family dwellings shall be located on the same lot or plot of ground as the building they are intended to serve.

The location of required off-street parking facilities for other than one and two family dwellings shall be within three hundred (300) feet of the building they are intended to serve, measured from the nearest point of the off-street parking facilities and the nearest point of the building.

(f) Where a use is not specifically mentioned herein, off-street parking facilities required shall be the same as those required for a use mentioned herein which is most similar or analogous to such unspecified uses.

(g) Nothing in this section shall be construed to prevent the collective provision of off-street parking facilities for two or more buildings or uses; provided, such facilities shall not be less than the sum of the requirements for the various individual uses computed separately in accordance with the following table.

(h) The minimum amount of required off-street parking space for new uses or buildings, additions thereto, and additions to existing buildings as specified above shall be determined in accordance with the following table, set forth in this section and the space, so required, shall be stated in the application for a building permit and shall be irrevocably reserved for such use.

USE	REQUIRED PARKING SPACE
(1) One and two family dwellings or mixed occupancy.	One (1) parking space for each dwelling unit.
(2) Multiple dwellings or apartment houses and efficiency apartments.	One (1) parking space for each dwelling unit.
(3) Tourist homes or motels	One (1) parking space for each guest or sleeping room or suite in a tourist home or motel, plus two additional spaces for the manager and/or service personnel.
(4) Hospital, sanitoriums, convalescent homes and homes for the aged or similar uses.	One (1) parking space for each four (4) beds, plus one (1) space for each staff or visiting doctor, plus one (1) space for each four (4) employees including nurses.
(5) Orphanage or similar use	One (1) parking space for each ten (10) beds.
(6) Hotels.	One (1) parking space for each three (3) guest rooms, plus one (1) additional space for each five (5) employees.
(7) Private clubs, fraternities, boarding and lodging houses.	One (1) parking space for each two (2) guest bedrooms, plus two (2) additional spaces for owner or management.
(8) Community centers, libraries, museums, post offices, civic clubs, etc.	Provide about each building an improved area other than the front yard which shall be sufficient in size to provide adequate facilities for parking and as approved by the City Planning Commission.
(9) Theaters and auditoriums (other than incidental to schools).	One (1) parking space for each four (4) seats, plus additional spaces equal in number to fifty (50) percent of the number of employees of the theater.
(10) Churches, auditoriums incidental to schools.	One (1) parking space for each four (4) seats in the main assembly unit.
(11) Schools.	One (1) parking space for each two (2) employees (including teachers and administrators) plus sufficient off-street space for the safe and convenient loading and unloading of students.
(12) Dance halls, pool and billiard rooms, assembly halls and exhibition halls without fixed seats.	One (1) parking space for each one hundred (100) square feet of floor area used for dancing or assembly.
(13) Stadiums and sports arenas.	One (1) parking space for each four (4) seats.
(14) Bowling alleys.	Five (5) parking spaces for each alley.
(15) Mortuaries or funeral homes.	One (1) parking space for each fifty (50) square feet of floor space in the slumber rooms, parlors or individual funeral service rooms.
(16) Establishments for sale and consumption on the premises of alcoholic beverages, food or refreshments.	One (1) parking space for each one hundred (100) square feet of floor area, plus one (1) parking space for each four (4) employees.

(Continued on Page Five)

(Continued from Page Four)

USE	REQUIRED PARKING SPACE
(17) Drive-in restaurants	One (1) parking space for each fifteen (15) square feet of floor space.
(18) Medical or dental clinics, banks, business or professional offices.	One (1) parking space for each two hundred (200) square feet of floor area.
(19) Drive-in banks.	Four (4) parking spaces for each teller window.
(20) Furniture and appliance stores (not including beauty parlor and barber shops) household equipment or furniture repair shops, clothing or shoe repair shops, or service shops, hardware stores, motor vehicle sales, wholesale stores and machinery sales.	One (1) parking space for each eight hundred (800) square feet of floor space.
(21) Beauty Parlors and barber shops.	Two (2) parking spaces for each barber and/or beauty shop chair.
(22) All retail stores, except as otherwise specified herein.	One (1) parking space for each one hundred and fifty (150) square feet of floor space.
(23) Industrial establishments, including manufacturing, research and testing laboratories, creameries, bottling works, printing and engraving shops, warehouses and storage buildings.	Provide about each industrial building, buildings or use, an improved area, other than the front yard, which shall be sufficient in size to provide adequate facilities for the parking of automobiles and other motor vehicles used by the firm or employees or persons doing business therein, such space shall not be less than one (1) parking space for each four (4) employees computed on the basis of the greatest number of persons to be employed at any one period during the day or night.

(i) The City Commission in consultation with the City Planning Commission, shall make studies of various areas in the City of Plymouth for the purpose of determining areas within which there is need for the establishment of off-street parking facilities to be provided by the City of Plymouth. This study and report shall include recommendations on the site, location and other pertinent features of the proposed off-street parking facilities and the area they should be intended to serve.

Section 3.14 OFF-STREET PARKING FACILITIES. In all districts where off-street parking facilities are a permitted use as an adjunct to business and such facilities provide a service to the patrons or customers patronizing such businesses, such off-street parking lots shall be established and maintained subject to the following regulations:

- (1) Adequate ingress and egress shall be provided in accordance with a plan submitted in triplicate to and approved by the City Engineer.
- (2) Such parking lots shall be hard surfaced with concrete or plant-mixed bituminous material and maintained in a usable dustproof condition, and shall be graded and drained to dispose of surface water.
- (3) When such parking lot boundary adjoins property zoned for residential use, a four (4) foot chain link fence or a solid masonry wall not less than two (2) feet nor more than four (4) feet in height shall be erected or maintained thereon.
- (4) All street boundaries of such parking lots where residential property is located on the opposite side of the street, shall be treated the same as set forth in Paragraph (3) above, except such portions as are used for entrances and exits.
- (5) Necessary curbs or other protection against damage to adjoining properties, street and sidewalks shall be provided and maintained.
- (6) No sign shall be erected upon such parking lots, except not more than one (1) sign at each entrance to indicate the operator, the purpose for which operated, and the parking rates. Such signs shall not exceed fifteen (15) square feet in area, shall not extend more than ten (10) feet in height above the nearest curb, and shall be entirely upon the parking lots.
- (7) Plans for the development of any such parking lot must be approved by the City Engineer before construction is started. No such land shall be used for parking until approved by the building inspector.

Section 3.15 PERFORMANCE REQUIREMENTS FOR ALL USES. Uses in all districts of the City shall comply with the following standards of performances:

- (a) Smoke. Smoke of a density of not greater than No. 2 as measured by the Ringelman Chart, for not more than two four (4) minute periods per each half (1/2) hour.
- (b) Odor. The emission of obnoxious odors of any kind shall not be permitted.
- (c) Gases. No gas shall be emitted which is deleterious to the public health, safety or general welfare.
- (d) Dust, dirt, smoke, or fly ash shall not be in excess of 0.3 grains per cubic foot of flue gas at stack temperature of 500 Fahrenheit and not to exceed fifty (50%) percent excess air.
- (e) Sewage Wastes. No wastes shall be discharged in the public sewer system which is dangerous to the public health and safety. Acidity or alkalinity shall be neutralized to a pH of 7.0 as a daily average on a volumetric basis, with a temporary variation of pH 5.0 to 10.0. Wastes shall contain no Cyanides and no Halogens, and shall contain not more than 10 p.p.m. of the following gases: Hydrogen Sulphide, Sulphur Dioxide and Nitrous Oxide. Wastes shall not contain any insoluble substance in excess of 10,000 p.p.m. or exceed a daily average of 500 p.p.m. or fail to pass a No. 8 Standard Sieve, or have a dimension greater than 1/2 inch. Wastes shall not have a chlorine demand greater than 15 p.p.m. Wastes shall not contain phenols in excess of .005 p.p.m. Wastes shall not contain any grease or oil or any oily substance in excess of 100 p.p.m. or exceed a daily average of 25 p.p.m.

Section 3.16 ANNEXED OR VACATED AREAS. Territory which may hereafter be annexed to the City of Plymouth shall remain as zoned previous to annexation until the required amendments to this Ordinance have been adopted.

Whenever any street, alley, public way, railroad right-of-way or other similar area is vacated by proper authority, the zoning districts adjoining each side of such street, alley, public way, railroad right-of-way or similar area, shall be extended automatically to the center of such vacation and all areas included in the vacation shall then and henceforth be subject to all appropriate regulations of the extended districts.

ARTICLE IV

R-1 ONE FAMILY RESIDENTIAL DISTRICTS

Section 4.01 USE REGULATIONS. In a R-1 District, no building, structure or premises shall be used, and no building or structure shall be hereafter erected or altered, unless otherwise provided in this Ordinance, except for one or more of the following uses:

- (a) One family dwellings.
- (b) Public and parochial schools, public buildings and churches, subject to the approval of the Planning Commission.
- (c) Municipal owned and operated parks and playgrounds.
- (d) The growing of vegetables, fruit, flowers, shrubs and trees; provided, such use is not operated for commercial purposes; provided, however, that vacant land, prior to its development for residential use may be used for agricultural purposes.
- (e) Temporary buildings for use incidental to construction work, which buildings shall be removed upon the completion or abandonment of the construction work, and shall, in no case be used as a dwelling.
- (f) The storage or parking or use of trucks, truck-tractors and truck-trailers, or the storage or parking or use of moving vans, automobile trailers or trailer coaches or similar dwellings, tourist cabins or tents shall not be considered a legal accessory use in a R-1 District, except that this shall not prohibit the storage of one (1) unoccupied house trailer, which is the property of the dwelling occupant, when such unoccupied house trailer is stored within the garage building, or in the rear yard.
- (g) No animals, other than house pets, shall be consid-

- ered as a permitted use in a R-1 District.
- (h) Accessory buildings or uses customarily incidental to any of the above permitted uses, when located on the same or adjoining lot and not involving any business, profession, trade or occupation. One private garage for each residential lot in which there is housed motor vehicles, not more than one (1) of which can be a commercial vehicle, shall be considered a legal accessory use; provided, however, any such commercial vehicle shall not exceed one (1) ton capacity, and said commercial vehicle is owned and operated by a member of the family who resides in said living unit. In no case shall the garage space occupy more than twenty (20%) percent of the rear yard.
- (i) One (1) non-illuminated sign per lot pertaining to the sale or lease of that lot or building and not exceeding six (6) square feet in area on any one lot, shall be permitted in R-1 Districts.

Section 4.02 BUILDING HEIGHT. In a R-1 District, no building hereafter erected or altered shall exceed thirty-five (35) feet in height or two and one-half (2 1/2) stories, except as provided in Article XII of this Ordinance.

Section 4.03 LOT AREA. In R-1 Districts, every one family dwelling, together with its accessory buildings, hereafter erected, shall provide a lot area of not less than six thousand (6,000) square feet and said lot shall have an average width of not less than sixty (60) feet; provided, however, that this requirement shall not apply to any lot which, at the time this Ordinance becomes effective, is narrower at the street line or lesser in area than the specifications herein provided, if such lot was of record at the time of the adoption of this Ordinance.

Section 4.04 LOT COVERAGE. In R-1 Districts, every one-family dwelling, together with its accessory buildings, hereafter erected on any lot, shall not cover more than twenty-five (25%) percent of the area of such lot; provided, however, that lots less than four thousand (4,000) square feet in area, the allowable percentage of lot coverage may be increased by one (1%) percent for each one hundred twenty-five (125) square feet by which the area of a lot is less than four thousand (4,000) square feet; with a maximum coverage in any such case not in excess of forty-five (45%) percent.

Section 4.05 FRONT YARD. In R-1 Districts, every one-family dwelling shall have a front yard of not less than twenty-five (25) feet; provided, however, that where a front yard of greater or less depth than above specified exists in front of dwellings on more than fifty (50%) percent of the lots of record on one side of a street in any block, the depth of front yard for any building thereafter erected or placed on any lot in such block shall be not less, but need not be greater, than the average depth of front yards of such existing buildings.

Section 4.06 SIDE YARDS. In R-1 Districts, there shall be provided a side yard on each side of every lot, which shall be not less than six (6) feet in width and the combined width of both side yards shall not be less than twelve (12) feet; provided, that on lots less than thirty-five (35) feet in width, the required combined width of side yards may be reduced by six (6) inches for each foot or major fraction thereof by which the width of such lot is less than thirty-five (35) feet, and provided further that the minimum side yard may be three (3) feet and the combined width of both side yards shall not be less than six (6) feet.

Section 4.07 SIDE YARD NON-RESIDENTIAL USE. Every lot on which a building or structure, used for non-dwelling purposes other than an accessory building, is erected, shall have a side yard on each side of such lot, and each such yard shall be not less than fifteen (15) feet in width with an increase of one (1) foot in width for each five (5) feet or part thereof by which the said building or structure exceeds thirty-five (35) feet in overall dimension along the side yard, and also of an additional one (1) foot for every two (2) feet in height in excess of thirty-five (35) feet.

Section 4.08 SIDE YARDS ABUTTING UPON A STREET. In R-1 Districts, the width of the side yard abutting upon a side street, shall not be less than six (6) feet.

Section 4.09 REAR YARDS. In R-1 Districts, each lot shall have a rear yard of not less than thirty-five (35) feet in depth.

Section 4.10 REAR YARDS ABUTTING SIDE LOT LINES. Where a side yard of an interior lot abuts a rear yard of a corner lot, or on an alley separating such lots, any accessory building on the corner lot shall set back from the side street as far as the dwelling on the interior lot.

Section 4.11 OFF-STREET PARKING FACILITIES. Off-street parking facilities shall be provided as hereinbefore specified in Section 3.13 of this Ordinance.

ARTICLE V

R-1-A TWO FAMILY INCOME RESIDENTIAL DISTRICTS

Section 5.01 USE REGULATIONS. In a R-1-A District, no building, structure, or premises shall be used and no building or structure shall be hereafter erected or altered, unless otherwise provided in this Ordinance, except for one or more of the following uses:

- (a) All uses permitted in R-1 Districts.
- (b) Two family income dwellings.
- (c) Section 5.02 BUILDING HEIGHT. In R-1-A Districts, no building hereafter erected or altered shall exceed thirty-five (35) feet in height or two and one-half (2 1/2) stories, except as approved in Article XII of this Ordinance.
- (d) Section 5.03 LOT AREA. In R-1-A Districts, every dwelling, together with its accessory buildings, hereafter erected, shall provide a lot area of not less than six thousand (6,000) square feet, and said lot shall have an average width of not less than sixty (60) feet; provided, however, that this requirement shall not apply to any lot, which at the time this Ordinance becomes effective, is narrower at the street line or lesser in area than the specifications herein provided, if such lot was of record at the time of the adoption of this Ordinance.
- (e) Section 5.04 LOT COVERAGE. In R-1-A Districts, every dwelling, together with its accessory buildings, hereafter erected on any lot, shall not cover more than twenty-five (25%) percent of the area of such lot; provided, however, that lots less than four thousand (4,000) square feet in area, the allowable percentage of lot coverage may be increased by one (1%) percent for each one hundred twenty-five (125) square feet by which the area of a lot is less than four thousand (4,000) square feet, with a maximum coverage in any such case not in excess of forty-five (45%) percent.
- (f) Section 5.05 FRONT YARD. In R-1-A Districts, every dwelling shall have a front yard of not less than twenty-five (25) feet; provided, however, that where a front yard of greater or less depth than above specified exists in front of dwellings on more than fifty (50%) percent of the lots of record on one side of a street in any block, the depth of front yard for any building thereafter erected or placed on any lot in such block, shall be not less, but need not be greater, than the average depth of front yards of such existing buildings.
- (g) Section 5.06 SIDE YARDS. In R-1-A Districts, there shall be provided a side yard on each side of every lot, which shall be not less than six (6) feet in width and the combined width of both side yards, shall not be less than twelve (12) feet; provided, that on lots less than thirty-five (35) feet in width, the required combined width of side yards may be reduced by six (6) inches for each foot or major fraction thereof by which the width of such lot is less than thirty-five (35) feet; and provided, further, that the minimum side yard may be three (3) feet, and the combined width of both side yards shall not be less than six (6) feet.
- (h) Section 5.07 SIDE YARD NON-RESIDENTIAL USE. Every lot on which a building or structure, used for non-dwelling purposes other than an accessory building, is erected, shall have a side yard on each side of such lot, and each such yard shall be not less than fifteen (15) feet in width with an increase of one (1) foot in width for each five (5) feet, or part thereof, by which the said building or structure exceeds thirty-five (35) feet in overall dimension along the side yard, and also of an additional one (1) foot for every two (2) feet in height in excess of thirty-five (35) feet.
- (i) Section 5.08 SIDE YARDS ABUTTING UPON A STREET. In R-1-A Districts, the width of the side yard abutting upon a side street, shall not be less than six (6) feet.
- (j) Section 5.09 REAR YARDS. In R-1-A Districts, each lot shall have a rear yard of not less than thirty-five (35) feet in depth.
- (k) Section 5.10 REAR YARDS ABUTTING SIDE LOT LINES. Where a side yard of an interior lot abuts a rear yard of a corner lot or on an alley separating such lots, any accessory building on the corner lot shall set back from the side street as far as the dwelling on the interior lot.
- (l) Section 5.11 OFF-STREET PARKING FACILITIES. Off-street parking facilities shall be provided as hereinbefore specified in Section 3.13 of this Ordinance.

ARTICLE VI

R-2 TWO FAMILY RESIDENTIAL DISTRICTS

Section 6.01 USE REGULATIONS. In R-2 Districts, no building, structure, or premises shall be used, and no building or structure shall be hereafter erected or altered, unless otherwise provided in this Ordinance, except for one or more of the following uses:

- (a) All uses permitted in R-1-A Districts.
- (b) Two family dwellings.
- (c) Single family terrace dwellings of not more than eight (8) housekeeping units each, when all are erected at the same time.
- (d) Efficiency apartments of not more than fourteen (14) housekeeping units each, when all units are on the ground floor level and the unit and lot area arrangements are approved by the City Planning Commission.
- (e) A dwelling may be used for a home occupation; provided, no goods are publicly displayed or sold on the premises, and no sign or advertisement is shown thereon, other than one (1) sign, not exceeding two (2) square feet in area, bearing the name and/or occupation (word only) of the practitioner, after approval by the City Planning Commission.
- (f) Open parking lots for vehicular parking on the same lot with building, or where such space is not available on the lot occupied by a building, then on vacant property near the building, when the entire area of the parking lot is within three hundred (300) feet of a C-1, C-2, M-1 or M-2 District. In the case of an existing non-conforming use, where parking space is not available on the lot occupied by the non-conforming building, a parking lot may be permitted, when the parking lot area is entirely within three hundred (300) feet of the non-conforming use. Such parking lots shall be approved by the City Planning Commission, after public notice and hearing, and when such use is found to be not injurious to the surrounding neighborhood and not contrary to the spirit and purpose of this Ordinance, and shall comply with facilities as specified in Section 3.14 of this Ordinance.
- (g) Private garages, either separated or in connected groups, having common an unpierced dividing walls between contiguous private garages.
- (h) One (1) non-illuminated sign per lot pertaining to the sale or lease of the lot or building and not exceeding six (6) square feet in area, and not more than one (1) trespassing, safety or caution sign, not over two (2) square feet in area shall be permitted on a lot.
- (i) Buildings and uses, customarily incidental to the above permitted uses, shall include not more than one (1) private garage or community garage, which shall provide parking space for not more than two (2) motor vehicles per living unit, not more than one (1) of which may be a commercial vehicle, which shall not exceed one (1) ton capacity, provided, said commercial vehicle is owned and operated by a member of the family who resides in said living unit. Where the area of a lot or plot is greater than six thousand (6,000) square feet, the garage space for additional cars may be increased, but in no case, shall such space be greater than twenty-five (25%) percent of the area of the rear yard.
- (j) The storage or parking of trucks, truck-tractors and truck trailers, or of over one (1) ton capacity, automobile trailers, or the storage, parking or use of moving vans, automobile trailers, trailer coaches, tourist cabins or tents, shall not be considered a legal accessory use in R-2 Districts, except that this shall not prohibit the storage of one (1) unoccupied house trailer or small utility trailer, which is the property of the dwelling occupant, when such unoccupied house trailer is stored within the garage building, or in the rear yard.

Section 6.02 BUILDING HEIGHT. In R-2 Districts, no building hereafter erected or altered, shall exceed thirty-five (35) feet in height, or two and one-half (2 1/2) stories, except as provided in Article XII of this Ordinance.

Section 6.03 LOT AREA. In R-2 Districts, every dwelling hereafter erected shall provide a lot area of not less than three thousand (3,000) square feet per each family unit; provided, however, that any lot of record, prior to the adoption date of this Ordinance, less than six thousand (6,000) square feet, may be used for a one family dwelling.

Section 6.04 LOT COVERAGE. In R-2 Districts, no dwelling, together with its accessory building, hereafter erected on any lot shall cover more than thirty (30%) percent of the area of such lot; provided, however, that lots less than four thousand (4,000) square feet in area, used for a one family dwelling, the allowable percentage of lot coverage may be increased by one (1%) percent for each one hundred twenty-five (125) square feet by which the area of a lot is less than four thousand (4,000) square feet, with a maximum coverage, in any such case, not in excess of forty-five (45%) percent.

Section 6.05 FRONT YARD. In R-2 Districts, every dwelling shall have a front yard of not less than twenty-five (25) feet; provided, however, that where a front yard of greater or less depth than above specified exists in front of dwellings on more than fifty (50%) percent of the lots of record on one side of a street in any block, the depth of front yard, for any building thereafter erected or placed on any lot in such block, shall be not less, but need not be greater, than the average depth of front yards of such existing buildings.

Section 6.06 SIDE YARDS. In R-2 Districts, there shall be provided a side yard on each side of every lot, which shall be not less than five (5) feet in width and the combined width of both side yards shall not be less than twelve (12) feet; provided, that on lots less than thirty-five (35) feet in width, the required combined width of side yards may be reduced by six (6) inches for each foot, or major fraction thereof, by which the width of such lot is less than thirty-five (35) feet, and provided, further, that the minimum side yard may be three (3) feet and the combined width of both side yards shall not be less than six (6) feet.

Section 6.07 SIDE YARD NON-RESIDENTIAL USE. Every lot on which a building or structure used for non-dwelling purposes, other than an accessory building, is erected, shall have a side yard on each side of such lot, and each such yard shall be not less than fifteen (15) feet in width, with an increase of one (1) foot in width for each five (5) feet, or part thereof, by which the said building or structure exceeds thirty-five (35) feet in overall dimension along the side yard, and also of an additional one (1) foot for every two (2) feet in height, in excess of thirty-five (35) feet.

Section 6.08 SIDE YARDS ABUTTING UPON A STREET. In R-2 Districts, the width of the side yard abutting upon a side street shall not be less than six (6) feet.

Section 6.09 REAR YARDS. In R-2 Districts, each lot shall have a rear yard of not less than thirty (30) feet in depth.

Section 6.10 REAR YARDS ABUTTING SIDE LOT LINES. Where a side yard of an interior lot abuts a rear yard of a corner lot, or on an alley separating such lots, any accessory building on the corner lot shall set back from the side street as far as the dwelling on the interior lot.

Section 6.11 OFF-STREET PARKING FACILITIES. Off-street parking facilities shall be provided as hereinbefore specified in Section 3.13 of this Ordinance.

- (a) All uses permitted in R-1-A Districts.
- (b) Two family dwellings.
- (c) Single family terrace dwellings of not more than eight (8) housekeeping units each, when all are erected at the same time.
- (d) Efficiency apartments of not more than fourteen (14) housekeeping units each, when all units are on the ground floor level and the unit and lot area arrangements are approved by the City Planning Commission.
- (e) A dwelling may be used for a home occupation; provided, no goods are publicly displayed or sold on the premises, and no sign or advertisement is shown thereon, other than one (1) sign, not exceeding two (2) square feet in area, bearing the name and/or occupation (word only) of the practitioner, after approval by the City Planning Commission.
- (f) Open parking lots for vehicular parking on the same lot with building, or where such space is not available on the lot occupied by a building, then on vacant property near the building, when the entire area of the parking lot is within three hundred (300) feet of a C-1, C-2, M-1 or M-2 District. In the case of an existing non-conforming use, where parking space is not available on the lot occupied by the non-conforming building, a parking lot may be permitted, when the parking lot area is entirely within three hundred (300) feet of the non-conforming use. Such parking lots shall be approved by the City Planning Commission, after public notice and hearing, and when such use is found to be not injurious to the surrounding neighborhood and not contrary to the spirit and purpose of this Ordinance, and shall comply with facilities as specified in Section 3.14 of this Ordinance.
- (g) Private garages, either separated or in connected groups, having common an unpierced dividing walls between contiguous private garages.
- (h) One (1) non-illuminated sign per lot pertaining to the sale or lease of the lot or building and not exceeding six (6) square feet in area, and not more than one (1) trespassing, safety or caution sign, not over two (2) square feet in area shall be permitted on a lot.
- (i) Buildings and uses, customarily incidental to the above permitted uses, shall include not more than one (1) private garage or community garage, which shall provide parking space for not more than two (2) motor vehicles per living unit, not more than one (1) of which may be a commercial vehicle, which shall not exceed one (1) ton capacity, provided, said commercial vehicle is owned and operated by a member of the family who resides in said living unit. Where the area of a lot or plot is greater than six thousand (6,000) square feet, the garage space for additional cars may be increased, but in no case, shall such space be greater than twenty-five (25%) percent of the area of the rear yard.
- (j) The storage or parking of trucks, truck-tractors and truck trailers, or of over one (1) ton capacity, automobile trailers, or the storage, parking or use of moving vans, automobile trailers, trailer coaches, tourist cabins or tents, shall not be considered a legal accessory use in R-2 Districts, except that this shall not prohibit the storage of one (1) unoccupied house trailer or small utility trailer, which is the property of the dwelling occupant, when such unoccupied house trailer is stored within the garage building, or in the rear yard.

Section 6.02 BUILDING HEIGHT. In R-2 Districts, no building hereafter erected or altered, shall exceed thirty-five (35) feet in height, or two and one-half (2 1/2) stories, except as provided in Article XII of this Ordinance.

Section 6.03 LOT AREA. In R-2 Districts, every dwelling hereafter erected shall provide a lot area of not less than three thousand (3,000) square feet per each family unit; provided, however, that any lot of record, prior to the adoption date of this Ordinance, less than six thousand (6,000) square feet, may be used for a one family dwelling.

Section 6.04 LOT COVERAGE. In R-2 Districts, no dwelling, together with its accessory building, hereafter erected on any lot shall cover more than thirty (30%) percent of the area of such lot; provided, however, that lots less than four thousand (4,000) square feet in area, used for a one family dwelling, the allowable percentage of lot coverage may be increased by one (1%) percent for each one hundred twenty-five (125) square feet by which the area of a lot is less than four thousand (4,000) square feet, with a maximum coverage, in any such case, not in excess of forty-five (45%) percent.

Section 6.05 FRONT YARD. In R-2 Districts, every dwelling shall have a front yard of not less than twenty-five (25) feet; provided, however, that where a front yard of greater or less depth than above specified exists in front of dwellings on more than fifty (50%) percent of the lots of record on one side of a street in any block, the depth of front yard for any building thereafter erected or placed on any lot in such block shall be not less, but need not be greater, than the average depth of front yards of such existing buildings.

Section 6.06 SIDE YARDS. In R-2 Districts, there shall be provided a side yard on each side of every lot, which shall be not less than five (5) feet in width, and the combined width of both side yards shall not be less than twelve (12) feet; provided, that on lots less than thirty-five (35) feet in width, the required combined width of side yard may be reduced by six (6) inches for each foot, or major fraction thereof, by which the width of such lot is less than thirty-five (35) feet, and provided, further, that the minimum side yard may be three (3) feet, and the combined width of both side yards shall not be less than six (6) feet.

Section 6.07 SIDE YARD NON-RESIDENTIAL USE. Every lot on which a building or structure used for non-dwelling purposes, other than an accessory building, is erected, shall have a side yard on each side of such lot, and each such yard shall be not less than fifteen (15) feet in width, with an increase of one (1) foot in width for each five (5) feet, or part thereof, by which the said building or structure exceeds thirty-five (35) feet in overall dimension along the side yard, and also of an additional one (1) foot for every two (2) feet in height, in excess of thirty-five (35) feet.

Section 6.08 SIDE YARDS ABUTTING UPON A STREET. In R-2 Districts, the width of the side yard abutting upon a side street shall not be less than six (6) feet.

Section 6.09 REAR YARDS. In R-2 Districts, each lot shall have a rear yard of not less than thirty (30) feet in depth.

Section 6.10 REAR YARDS ABUTTING SIDE LOT LINES. Where a side yard of an interior lot abuts a rear yard of a corner lot, or on an alley separating such lots, any accessory building on the corner lot shall set back from the side street as far as the dwelling on the interior lot.

Section 6.11 OFF-STREET PARKING FACILITIES. Off-street parking facilities shall be provided as hereinbefore specified in Section 3.13 of this Ordinance.

Section 6.02 BUILDING HEIGHT. In R-2 Districts, no building hereafter erected or altered, shall exceed thirty-five (35) feet in height, or two and one-half (2 1/2) stories, except as provided in Article XII of this Ordinance.

Section 6.03 LOT AREA. In R-2 Districts, every dwelling hereafter erected shall provide a lot area of not less than three thousand (3,000) square feet per each family unit; provided, however, that any lot of record, prior to the adoption date of this Ordinance, less than six thousand (6,000) square feet, may be used for a one family dwelling.

Section 6.04 LOT COVERAGE. In R-2 Districts, no dwelling, together with its accessory building, hereafter erected on any lot shall cover more than thirty (30%) percent of the area of such lot; provided, however, that lots less than four thousand (4,000) square feet in area, used for a one family dwelling, the allowable percentage of lot coverage may be increased by one (1%) percent for each one hundred twenty-five (125) square feet by which the area of a lot is less than four thousand (4,000) square feet, with a maximum coverage, in any such case, not in excess of forty-five (45%) percent.

Section 6.05 FRONT YARD. In R-2 Districts, every dwelling shall have a front yard of not less than twenty-five (25) feet; provided, however, that where a front yard of greater or less depth than above specified exists in front of dwellings on more than fifty (50%) percent of the lots of record on one side of a street in any block, the depth of front yard, for any building thereafter erected or placed on any lot in such block, shall be not less, but need not be greater, than the average depth of front yards of such existing buildings.

Section 6.06 SIDE YARDS. In R-2 Districts, there shall be provided a side yard on each side of every lot, which shall be not less than five (5) feet in width and the combined width of both side yards shall not be less than twelve (12) feet; provided, that on lots less than thirty-five (35) feet in width, the required combined width of side yards may be reduced by six (6) inches for each foot, or major fraction thereof, by which the width of such lot is less than thirty-five (35) feet, and provided, further, that the minimum side yard may be three (3) feet and the combined width of both side yards shall not be less than six (6) feet.

Section 6.07 SIDE YARD NON-RESIDENTIAL USE. Every lot on which a building or structure used for non-dwelling purposes, other than an accessory building, is erected, shall have a side yard on each side of such lot, and each such yard shall be not less than fifteen (15) feet in width, with an increase of one (1) foot in width for each five (5) feet, or part thereof, by which the said building or structure exceeds thirty-five (35) feet in overall dimension along the side yard, and also of an additional one (1) foot for every two (2) feet in height, in excess of thirty-five (35) feet.

Section 6.08 SIDE YARDS ABUTTING UPON A STREET. In R-2 Districts, the width of the side yard abutting upon a side street shall not be less than six (6) feet.

Section 6.09 REAR YARDS. In R-2 Districts, each lot shall have a rear yard of not less than thirty (30) feet in depth.

Section 6.10 REAR YARDS ABUTTING SIDE LOT LINES. Where a side yard of an interior lot abuts a rear yard of a corner lot, or on an alley separating such lots, any accessory building on the corner lot shall set back from the side street as far as the dwelling on the interior lot.

Section 6.11 OFF-STREET PARKING FACILITIES. Off-street parking facilities shall be provided as hereinbefore specified in Section 3.13 of this Ordinance.

Section 6.02 BUILDING HEIGHT. In R-2 Districts, no building hereafter erected or altered, shall exceed thirty-five (35) feet in height, or two and one-half (2 1/2) stories, except as provided in Article XII of this Ordinance.

Section 6.03 LOT AREA. In R-2 Districts, every dwelling hereafter erected shall provide a lot area of not less than three thousand (3,000) square feet per each family unit; provided, however, that any lot of record, prior to the adoption date of this Ordinance, less than six thousand (6,000) square feet, may be used for a one family dwelling.

Section 6.04 LOT COVERAGE. In R-2 Districts, no dwelling, together with its accessory building, hereafter erected on any lot shall cover more than thirty (30%) percent of the area of such lot; provided, however, that lots less than four thousand (4,000) square feet in area, used for a one family dwelling, the allowable percentage of lot coverage may be increased by one (1%) percent for each one hundred twenty-five (125) square feet by which the area of a lot is less than four thousand (4,000) square feet, with a maximum coverage, in any such case, not in excess of forty-five (45%) percent.

Section 6.05 FRONT YARD. In R-2 Districts, every dwelling shall have a front yard of not less than twenty-five (25) feet; provided, however, that where a front yard of greater or less depth than above specified exists in front of dwellings on more than fifty (50%) percent of the lots of record on one side of a street in any block, the depth of front yard, for any building thereafter erected or placed on any lot in such block, shall be not less, but need not be greater, than the average depth of front yards of such existing buildings.

Section 6.06 SIDE YARDS. In R-2 Districts, there shall be provided a side yard on each side of every lot, which shall be not less than five (5) feet in width and the combined width of both side yards shall not be less than twelve (12) feet; provided, that on lots less than thirty-five (35) feet in width, the required combined width of side yards may be reduced by six (6) inches for each foot, or major fraction thereof, by which the width of such lot is less than thirty-five (35) feet, and provided, further, that the minimum side yard may be three (3) feet and the combined width of both side yards shall not be less than six (6) feet.

Section 6.07 SIDE YARD NON-RESIDENTIAL USE. Every lot on which a building or structure used for non-dwelling purposes, other than an accessory building, is erected, shall have a side yard on each side of such lot, and each such yard shall be not less than fifteen (15) feet in width, with an increase of one (1) foot in width for each five (5) feet, or part thereof, by which the said building or structure exceeds thirty-five (35) feet in overall dimension along the side yard, and also of an additional one (1) foot for every two (2) feet in height, in excess of thirty-five (35) feet.

Section 6.08 SIDE YARDS ABUTTING UPON A STREET. In R-2 Districts, the width of the side yard abutting upon a side street shall not be less than six (6) feet.

Section 6.09 REAR YARDS. In R-2 Districts, each lot shall have a rear yard of not less than thirty (30) feet in depth.

Section 6.10 REAR YARDS ABUTTING SIDE LOT LINES. Where a side yard of an interior lot abuts a rear yard of a corner lot, or on an alley separating such lots, any accessory building on the corner lot shall set back from the side street as far as the dwelling on the interior lot.

Section 6.11 OFF-STREET PARKING FACILITIES. Off-street parking facilities shall be provided as hereinbefore specified in Section 3.13 of this Ordinance.

Section 6.02 BUILDING HEIGHT. In R

(Continued from Page Five)

an existing building, the sign shall not project more than eighteen (18) inches beyond the front face of the building.

One (1) non-illuminated sign pertaining to the sale or lease of a building or lot, and not exceeding six (6) square feet in area for any one (1) building or lot. Temporary signs, hereinbefore defined in Section 1.39 of this Ordinance, shall be a permitted use in the C-1 Districts.

Not more than one (1) trespassing, safety or caution sign, not over two (2) square feet in area, shall be permitted on a lot.

**Section 8.02 HEIGHT REGULATIONS.** In the C-1 Districts, no building hereafter erected or altered, shall exceed a height of thirty-five (35) feet or two (2) stories, except as provided in Article XII of this Ordinance.

**Section 8.03 FRONT YARD.** In C-1 Districts, there shall be no front yard required, except that in no event shall the street wall of a building be established nearer to the street than the future street line, as established by the Master Thoroughfare Plan.

**Section 8.04 SIDE YARDS ON THE STREET SIDE OF CORNER LOTS.** In C-1 Districts, no side yard is required on the street side of corner lots.

**Section 8.05 SIDE YARDS ON INTERIOR LOT LINES.** In C-1 Districts, side yards are not required along an interior side lot line where all walls of buildings abutting upon such interior side lot line are wholly without windows or other openings, and are of fireproof construction, but if the side wall is not of fireproof construction, a side yard of not less than six (6) feet shall be provided.

**Section 8.06 REAR YARDS.** In C-1 Districts, no rear yard is required. Where alleys are existing, or where alley locations are established by the Master Thoroughfare Plan, the alley line, as existing or as is established by the Master Thoroughfare Plan, shall be the rear property line.

**Section 8.07 CORNER CLEARANCE FOR BUSINESS USE.** In C-1 Districts, no business building or structure shall be erected between the property line of intersecting street or highways, and a line joining points on such lines, six (6) feet distant from their points of intersection, or in the case of a rounded corner the point of intersection of their tangents.

**Section 8.08 RESIDENCES IN C-1 DISTRICTS.** For property occupied for residential use in a C-1 District, the lot area, lot coverage, yard requirements and floor space shall be the same as for R-2 RESIDENTIAL DISTRICTS.

**Section 8.09 OFF-STREET PARKING FACILITIES.** Off-street parking facilities shall be provided as hereinbefore specified in Section 3.13 of this Ordinance.

ARTICLE IX

C-2 COMMERCIAL DISTRICT

**Section 9.01 USE REGULATIONS.** In C-2 Districts, no building, structure or premises shall be used, and no building or structure shall be hereafter erected or altered unless otherwise provided in this Ordinance, except for one or more of the following uses:

- (a) All uses permitted in a C-1 District, except one and two family dwellings.
- (b) Stores and shops for the conduct of any retail and wholesale business (except an open storage yard for coal, lumber or used building materials), banks, theatres, assembly halls, apartments, hotels, recreational facilities, dance halls, laboratories, public utility buildings, transformer stations or substations without storage yards, open air sales or display of motor vehicles (except junkers or wrecked cars, or display or sale of used parts for motor vehicles), and uses similar in character to any of the above permitted uses, which will not be detrimental, either by reason of the emission of odor, noise, smoke, night glare, or vibration to the district in which they are located, or to any adjacent zoning district.
- (c) The executive or administrative offices of departments of professional, philanthropic, industrial or commercial enterprises.
- (d) Establishments within buildings or structures for the repair, alteration, finishing, assembling, fabrication or storage of goods primarily for the residents of the locality, or for sale at retail on the premises; provided, there is not in connection therewith, the operation of any machinery, or the conduct of any process or activity, or the storage or display of goods in such manner as to be obnoxious or offensive by reason of the emission of odors, fumes, dust, smoke, night glare, waste or vibration. No commercial enterprise involving the use of machinery or processes for the repair, conversion, alteration finishing or fabrication of goods shall be begun or extended, if the measurable noise emanating from the premises is greater than sixty (60) decibels, as measured from the street or property lines, except that where normal street traffic noises exceed sixty (60) decibels during such periods, the measurable noise emanating from premises used for activities permitted under this Article may equal, but not exceed, such traffic noises. Noises shall be muffled so as not to become objectionable due to intermittence, beat frequency or shrillness.
- (e) Public garages, gasoline filling stations and motels, subject to the provision and requirements of the Board of Appeals, Section 13.07 (M).
- (f) Business or commercial schools, dancing or music academy.
- (g) Drying and cleaning works, which use a cleaning fluid classed as a "non-flammable solvent" under the Dry Cleaning Law.
- (h) Hospitals and clinics for animals.
- (i) One (1) or more illuminated or non-illuminated signs relating, only to the name or use of the building or lot; the sign may be attached to the building or may be free standing, but in any case, the building or support to which the sign is attached shall be on or back of the building line, and the sign shall not project more than eighteen (18) inches beyond the building line, when a clear space of not less than ten (10) feet is provided below all parts of such sign. In case of an existing building, the sign shall not project more than eighteen (18) inches beyond the front face of the building. Roof signs and projecting signs larger than fifty (50) square feet in area must be approved by the City Planning Commission.

One (1) non-illuminated sign pertaining to the sale or lease of a building or lot and not exceeding thirty (30) square feet in area for any one (1) building or lot. Temporary signs, hereinbefore defined in Section 1.39 of this Ordinance, shall be a permitted use in the C-2 Districts.

Safety signs shall be permitted, to adequately protect any condition unsafe or dangerous to the public welfare, as may be required by the Fire Chief or the Building Inspector. Billboards, poster boards or outdoor advertising signs are a permitted use in the C-2 District when complying with the following conditions:

- (a) Billboards shall comply with the Sign Ordinance and Building Code of the City of Plymouth.
- (b) Billboards shall be located not less than one hundred (100) feet from any street line and its longest dimension shall be parallel to the road right-of-way upon which it faces.
- (c) No billboard shall be located within one thousand (1000) feet of a railroad grade crossing or five hundred (500) feet from any main cross street which is greater than sixty (60) feet in width, as indicated on the Master Thoroughfare Plan, and no billboard shall be located nearer than one hundred (100) feet from any other bill board.
- (d) No billboard shall be located within three hundred (300) feet from any church, school, public building, public park or cemetery or in public view therefrom.
- (e) No billboard shall be greater than two hundred fifty (250) square feet in area with an over all length of not more than twenty-five (25) feet.
- (f) No billboard shall be illuminated or flood lighted in any manner.
- (g) Buildings and uses customarily accessory to any of the above permitted uses, but which will not be detrimental, either by reason of odor, noise, smoke, or vibration, to the surrounding neighborhood.

**Section 9.02 HEIGHT REGULATIONS.** In C-2 Districts, no building hereafter erected or altered shall exceed thirty-five (35) feet or two (2) stories in height, except as provided in Article XII of this Ordinance.

**Section 9.03 FRONT YARD.** In C-2 Districts, there shall be no front yard required, except that in no event shall the street wall of a building be established nearer to the street than the future street line, as established by the Master Thoroughfare Plan.

**Section 9.04 SIDE YARDS ON THE STREET SIDE OF CORNER LOTS.** In C-2 Districts, no side yard is required on the street side of corner lots.

**Section 9.05 SIDE YARDS ON INTERIOR LOT LINES.** In C-2 Districts, side yards are not required along an interior side lot line where all walls of buildings abutting upon such interior side lot line are wholly without windows or other openings, and are of fireproof construction, but if the side wall is not of fireproof construction, a side yard of not less than six (6) feet shall be provided.

**Section 9.06 REAR YARDS.** In C-2 Districts, no rear yard is required. Where alleys are existing, or where alley locations are established by the Master Thoroughfare Plan, the alley line, as existing or as is established by the Master Thoroughfare Plan, shall be the rear property line.

**Section 9.07 CORNER CLEARANCE FOR BUSINESS USE.** In C-2 Districts, no business building or structure shall be erected between the property lines of intersecting streets or highways, and a line joining points on such lines, six (6) feet distant from their points of intersection, or in case of a rounded corner, the point of intersection of their tangents.

**Section 9.08 OFF-STREET PARKING FACILITIES.** Off-street parking facilities shall be provided as hereinbefore specified in Section 3.13 of this Ordinance.

ARTICLE X

M-1 LIGHT INDUSTRIAL DISTRICT

**Section 10.01 USES PERMITTED.** In all M-1 Districts, no building or land, except as otherwise provided in this Ordinance, shall be erected or used except for one or more of the following specified uses:

- (a) Any use of land or buildings, except dwellings, which is permitted in C-2 Districts.
- (b) Uses of a light industrial nature using only light machinery and conducted entirely within an enclosed substantially constructed building, and the yard area around such building is used only for parking of cars and with loading and unloading operations in the rear. Such light industrial uses shall be of such a character as to comply with the Performance Requirements under Section 3.15 of this Ordinance and the following regulations.
- (c) Billboards and poster boards or outdoor advertising signs under the conditions as stated in Section 9.01 (i) of this Ordinance.

**Section 10.02 MACHINES PERMITTED.** In all M-1 Districts, any machine is permitted, except hot forging presses, steam and broad hammers, when the building construction and machine foundations are such that 10.01 (b) and 10.03 of this Article are fully complied with. Automatic screw machines must be operated with noise silencers. Stamping machines and punch presses will be allowed up to ten (10) tons with eighteen (18) gauge stock or less in thickness.

**Section 10.03 MEASURABLE NOISE.** In all M-1 Districts, the measurable noise emanating from the premises used for activities permitted under this Article shall not exceed sixty-five (65) decibels, as measured from the street or property lines, except that where normal street traffic noises exceed sixty-five (65) decibels during such periods, the measurable noise emanating from premises, used for activities permitted under this Article may equal, but not exceed, such traffic noises. Noises shall be muffled so as not to become objectionable due to intermittence, beat frequency or shrillness.

**Section 10.04 GLARE AND HEAT.** Arc welding, acetylene torch cutting or similar processes shall be performed so as not to be seen from any point beyond the outside of the property.

**Section 10.05 FIRE AND SAFETY HAZARDS.** The storage and handling of flammable liquids, liquefied petroleum gases and explosives, shall comply with the State rules and regulations as established by Public Act No. 207, P.A. of 1941, as amended, or by the Fire Prevention Ordinance of the City of Plymouth, whichever is most stringent.

There shall be no bulk storage of flammable fluids above ground. Other types of storage only on approval of the Board of Appeals. The use of flammable gas, enameling and paint spraying operations shall be permitted, when incidental to the principal operation, and when such operations are contained within a masonry building of four (4) hour construction.

Bulk storage of flammable liquids below ground shall be permitted, and the tank shall be located not closer to the property line than the greatest dimension (diameter, length or height) of the tank.

**Section 10.06 HOURS OF WORK.** In all M-1 Districts, the hours of work shall be scheduled between 6:00 A.M. and 11:30 P.M., including Sundays and holidays; provided, however, this shall not prevent the servicing of the building or equipment used in the normal operation of the shop between the hours of 11:30 P.M. and 6:00 A.M.

Where additional hours of work may be necessary because of an emergency, the Board of Appeals may waive the above requirements according to Section 13.07 (n) of this Ordinance.

**Section 10.07 STORAGE PROHIBITED.** Open storage of any kind is prohibited in M-1 Districts.

**Section 10.08 BUILDING HEIGHT.** No building hereafter erected or altered in any M-1 District shall exceed forty-five (45) feet in height, except as provided in Article XII of this Ordinance.

**Section 10.09 YARD REQUIREMENTS.** No structure, or part thereof, erected or altered in any M-1 District, the principal use of which is a Light Industrial use, shall be located nearer than twenty-five (25) feet from any front lot line, twenty (20) feet from a side lot line and ten (10) feet from a rear lot line.

**Section 10.10 GREENBELT.** Where a non-residential use is located adjacent to a residential district, a greenbelt buffer strip of trees and shrubs shall be provided and maintained of not less than twenty (20) feet in width along a rear property line, and not less than eight (8) feet in width along a side property line. The Planning Commission may vary these requirements where conditions may cause a hardship to the affected property, or where conditions are such that a greenbelt buffer strip will not serve a useful purpose.

**Section 10.11 OFF-STREET PARKING FACILITIES.** Off-street parking facilities shall be provided as hereinbefore specified in Section 3.13 of this Ordinance.

ARTICLE XI

M-2 GENERAL INDUSTRIAL DISTRICT

**Section 11.01 USES PERMITTED.**

(a) Any lawful use of land or building, not herein expressly prohibited or provided for, shall be a lawful use in all M-2 Districts, when such uses shall comply with the Performance Requirements under Section 3.15 of this Ordinance and the following regulations.

(b) Billboards and poster boards or outdoor advertising signs under the conditions as stated in Section 9.01 (i) of this Ordinance.

**Section 11.02 MACHINES PERMITTED.** In all M-2 Districts, all machines are permitted, except hot forging presses, steam and broad hammers. No punch press, shears or press break, shall be loaded beyond the capacity of the machine, as prescribed by the manufacturer. All the above mentioned machines must be installed on shock absorbing mountings.

**Section 11.03 MEASURABLE NOISE.** In all M-2 Districts, the measurable noise emanating from the premises used for activities permitted under this Article, shall not exceed seventy (70) decibels, as measured from the street or property lines, except that where normal street traffic noises exceed seventy (70) decibels during such periods, the measurable noise emanating from premises used for activities permitted under this Article may equal, but not exceed, such traffic noises. Noises shall be muffled so as not to become objectionable due to intermittence, beat frequency or shrillness.

**Section 11.04 GLARE AND HEAT.** Arc welding, acetylene torch cutting or similar processes shall be performed so as not to be seen from any point beyond the outside of the property.

**Section 11.05 FIRE AND SAFETY HAZARDS.** The storage and handling of flammable liquids, liquefied petroleum gases and explosives, shall comply with the State rules and regulations, as established by Public Act No. 207, P.A. of 1941, as amended, or by the Fire Prevention Ordinance of the City of Plymouth, whichever is the most stringent.

Bulk storage of flammable liquids, liquid petroleum, gases and explosives may be stored above ground, when tanks are located not less than one hundred fifty (150) feet from all property lines.

Bulk storage of flammable liquids, below ground, shall be permitted and the tank shall be located not closer to the property line than the greatest dimension (diameter, length or height) of the tank.

Section 11.06 STORAGE OF MATERIALS.

(a) Storage of used rags, wastes, paper or similar materials, as a business, shall be permitted, when enclosed in a masonry building of four (4) hour construction, and no part of which may be located closer than one hundred fifty (150) feet from any property line.

(b) All open storage other than junk shall be located within an area not closer than one hundred (100) feet from any street right-of-way line, and shall be enclosed with a greenbelt planting strip not less than eight (8) feet in width and not less than eight (8) feet or more in height, to normally screen view of stock piles from the street.

The storage of lumber, coal or other combustible materials shall not be less than twenty (20) feet from any interior lot line, and a roadway shall be provided, graded and maintained from the street to the rear of the property to permit free access of fire trucks at any time.

(c) Open storage for junk, wrecked cars to be dismantled or other waste products shall not be located less than one hundred (100) feet from any street right-of-way line, and not less than twenty (20) feet from any interior lot line and shall be enclosed with a greenbelt planting strip not less than twenty (20) feet in width, and not less than eight (8) feet or more in height to completely screen the yard from outside view.

(d) Waste materials, incidental to the principal operation, shall be kept in neatly stored containers, screened from public view, which shall be removed and emptied periodically so as no waste shall be piled on the open ground.

**Section 11.07 PROHIBITED USES.** In all M-2 Districts, no building shall be erected or altered and no land shall be used for dwellings of any kind or for the carrying on of manufacturing activities of the character of or similar to fertilizer manufacturing, garbage, offal or dead animal reduction, glue manufacturing, corrosive acid manufacturing, cement, lime, gypsum or plaster manufacturing, distillation of bone, coal, tar petroleum refuse, petroleum or asphalt refining or manufacturing, stockyards, tanning, curing or storage of raw hides or skins, slaughter houses (except killing of poultry incidental to the operation of a butcher shop business) or other similar factories or uses, unless satisfactory proof and evidence has been furnished the Planning Commission that new engineering design and practice will comply with the requirements as set forth in Section 3.15 and Sections 11.01 to 11.06, inclusive, in which instance the Planning Commission may recommend a zoning permit to be issued.

**Section 11.08 BUILDING HEIGHT.** No building or structure hereafter erected or altered in any M-2 District shall exceed forty-five (45) feet in height, except as provided in Article XII of this Ordinance.

**Section 11.09 YARD REQUIREMENTS.** No building or structure or part thereof hereafter erected or altered in any M-2 District, the principal use of which is a General Industrial use, shall be located nearer than fifty (50) feet from any front lot line, and twenty (20) feet from any side or rear lot line; provided, however, that such restrictions shall not apply to property lines adjacent to railroad rights-of-way.

**Section 11.10 GREENBELT.** Where a non-residential use is located adjacent to a residential district, a greenbelt buffer strip of trees and shrubs shall be provided and maintained of not less than twenty (20) feet in width along a rear property line and not less than eight (8) feet along a side property line. The Planning Commission may vary these requirements where conditions may cause a hardship to the affected property, or where conditions are such that a greenbelt buffer strip will not serve a useful purpose.

**Section 11.11 OFF-STREET PARKING FACILITIES.** Off-street parking facilities shall be provided as hereinbefore specified in Section 3.13 of this Ordinance.

ARTICLE XII

HEIGHT AND AREA EXCEPTIONS

**Section 12.01 AREA EXCEPTIONS.**

(a) In computing the depth of a rear yard or the width of a side yard or open court for any building, where such yard or court opens on to an alley, one-half (1/2) of such alley must be assumed to be a portion of the yard or court.

(b) In determining the side yard, measurements shall be made from the foundation walls.

(c) Where a dwelling is erected, located or placed above another type of non-residential use for which no side yards are required, and located in districts other than R-1, R-1-A, PR-1 and R-2 Districts, side yards or courts shall be required for dwellings as provided under each district regulations; provided, however, all walls abutting upon, or located less than six (6) feet from, interior lot lines shall be without windows.

**Section 12.02 HEIGHT EXCEPTIONS.**  
(a) That in R-1, R-1-A, R-2, and PR-1 Districts and Local Business Districts, public or semi-public buildings, churches, cathedrals, temples, hospitals, sanitariums, or schools may be erected to a height not exceeding fifty-five (55) feet, when set back from all lot lines not less than one (1) foot for each foot such buildings exceed the height allowed in the respective districts.

(b) Chimneys, cooling towers, elevator bulkheads, fire towers, grain elevators, penthouses, stacks, stage towers, or scenery lofts, sugar refineries, tanks, water towers, transmission or receiving towers, monuments, church spires, a mechanical apparatus pertaining to and necessary to the Permitted use of the district in which they are located shall not be included in calculating the height of the principal structure.

ARTICLE XIII

BOARD OF APPEALS

**Section 13.01 CREATION OF BOARD OF APPEALS.** There shall be a Board of Appeals on Zoning consisting of five (5) members (persons not holding any elective office) appointed by the City Commission to serve without pay, and in accordance with Section 5 of Act 207 of the Public Acts of Michigan for 1921, as amended. The members of the Board of Appeals shall be appointed for a term of three (3) years and serve until their successors have been duly appointed; provided, the terms of the members of such Board appointed and serving prior to the adoption of this Ordinance shall continue until the expiration of the terms for which they were appointed. All new appointments to the Board of Appeals shall take effect on the first day of December.

**Section 13.02 MEETINGS AND RECORDS.** Meetings of the Board shall be held in the City Hall at the call of the chairman and at such other times as the Board may determine. Said meetings shall be open to the public. The Board shall adopt its own rules of procedure and keep a record of its proceedings, showing the action of the Board and the vote of each member upon each question considered. The presence of three (3) members shall be necessary to constitute a quorum. The concurring vote of four (4) members of the Board shall be necessary to reverse any order, requirement, decision or determination of any administrative official or to decide in favor of the applicant, any matter upon which they are required to pass under this Ordinance, or to effect any variation in this Ordinance.

**Section 13.03 APPEAL.** Appeal from the ruling of the building inspector or fire chief concerning the enforcement of the provisions of this Ordinance may be made to the Board of Appeals, not later than ten (10) days after the date of the building inspector or the fire chief's decision which is appealed from. Such appeal may be taken by any person aggrieved, or by any officer, department, board or bureau of the City. The appellant shall file with the building inspector or fire chief and with the Board of Appeals, on blanks to be furnished by the building inspector, a notice of appeal specifying the grounds thereof. The building inspector or fire chief shall forthwith transmit to the Board all the papers constituting the record upon which the action appealed from was taken. The final decision of such appeal shall be in the form of a resolution either reversing, modifying or affirming, wholly or partly, the decision or determination appealed from.

The order, requirement, decision or determination must be complied with within one (1) year of the date of the resolution by the Board. The Board may grant a renewal of the order, requirement, decision or determination for a limited period of time, or may require the appellant to file a new notice of appeal, as in the first instance.

**Section 13.04 STAY.** An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the Board of Appeals, after the notice of appeal shall have been filed with him, that by reason of facts stated in the certificate, a stay would, in his opinion, cause imminent peril to life or property, in which case, proceedings shall not be stayed otherwise than by a restraining order, which may be granted by the Board of Appeals, or by the Circuit Court, on application or notice to the officer from whom the appeal is taken and on due cause shown.

**Section 13.05 HEARINGS.** The Board of Appeals shall fix a reasonable time for the hearing of the appeal and give due notice thereof to the parties, and decide the same within a reasonable time. The City Planning Commission shall be notified of any such hearing and its representatives shall attend. Upon the hearing, any party may appear in person or by attorney.

**Section 13.06 FEES FOR APPEALS.** A fee of Ten Dollars (\$10.00) shall be paid to the building inspector at the time the notice of appeal is filed, which the building inspector shall forthwith pay over to the City Treasurer to the credit of the General Fund of the City of Plymouth, for covering the cost of advertising and printing.

**Section 13.07 POWERS OF THE BOARD OF APPEALS.** The Board of Appeals may reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination appealed from, and shall make such order, requirement, decision or determination as, in its opinion, ought to be made in the premises, subject to the conditions and limitations of this Section, and to that end, shall have all the powers of the officer from whom the appeal is taken. The decision of the Board in these and all other matters heard by it, shall be final insofar as it involves discretion or the finding of facts.

(a) Where a building located in a district restricted against its use has been damaged by fire, act of God, or other calamity to the extent of not more than seventy-five (75%) percent of its value, as determined by appraisal, a permit may be granted by the Board of Appeals for its reconstruction, within a period of not to exceed one (1) year from the date of such fire or other calamity.

(b) Interpret the provisions of this Ordinance in such a way as to carry out the intent and purpose of the plan, as shown upon the map fixing the several districts accompanying and made a part of this Ordinance, and where the street layout actually on the ground varies from the street layout as shown on the map aforesaid.

(c) The Board shall have the power to call on any of the other city departments for assistance in the performance of its duties, and it shall be the duty of such other departments to render such assistance as may be reasonably required.

(d) Where a district boundary line divides a lot of record, at the time of passage of this Ordinance, permit the extension of a use permitted on the less restricted portion of such lot to the portion lying in the more restricted district, but not for a distance of more than fifty (50) feet beyond the district boundary line, in any case.

(e) In an R-2 District, on a lot which adjoins a business or Industrial District along a side yard without an intervening street, and which is occupied, or to be occupied, by a dwelling, permit within such dwelling a professional office or home occupation of larger size than that specified in R-2 (e); provided, that such use shall be conducted entirely within the dwelling and occupy not more than fifty (50%) percent of the ground floor area thereof, and not any of the floor area above the ground floor, and that there shall be no display or advertising or other outward indication of such special use, other than the name plate and sign as permitted in an R-2 District, and that all entrance thereto, if separate from the dwelling entrance, shall be in that half of the dwelling nearest to the Business and/or Industrial District boundary line, and

That in other respects, the buildings and premises shall be so treated, and the permitted activity so conducted, that the use of such lot will be in harmony with the character of the district in which it is located.

(f) Grant a permit for the erection of a one or two family dwelling on a lot held under a separate and distinct ownership from the adjacent lots, and of record at the time of the passage of this Ordinance, which has less area than the lot area per family requirements of this Ordinance for the district in which such lot is located.

(g) Permit the erection and use of a building, or an addition to an existing building, of a public service corporation to be used for public utility purposes, in any permitted district to a greater height or of larger area than the district requirements herein established, and permit the location in any use district of a public utility building, structure, or use; provided, the Board of Appeals shall find such use, height, area, building or structure reasonably necessary for the public convenience and service, and provided, further, that such building, structure, or use is designed, erected and landscaped to conform harmoniously with the general architecture and plan of such district.

(h) To permit variations in the requirements for outer courts in dwelling, and to permit such variation or modification of yard, lot area, and percentage of lot coverage requirements of this Ordinance as may be necessary to secure an appropriate improvement of a parcel of land which was of such size, shape or dimension, or which has such peculiar or exceptional geographical, or topographical conditions, that it cannot be appropriately improved without such variation or modification; provided, that the purpose and spirit of this Ordinance shall be observed, public safety secured and substantial justice done.

(i) Permit a partial variation or exception to the loading space provision of Section 3.04 where, after investigation by the Board, it is found that the volume of vehicular service will not require compliance with said provision, and will not cause undue interference with the public use of the streets or alleys, or imperil the public safety and where such modification or exception will not be inconsistent with the purpose and spirit of this Ordinance, and this variation or exception shall apply only to the use for which the appeal was taken.

(j) Permit the erection of a building to its full height or use, as originally planned, prior to the adoption date of this Ordinance, when the existing foundations and structural members are designed to carry such buildings higher.

(k) Permit a variation or modification in the required location of off-street parking facilities or in the amount of off-street parking facilities required, or both, if after investigation by the Board, it is found that such variation is necessary to secure an appropriate development of a specific parcel of land which has such peculiar or exceptional geographical conditions, or is of a size, shape, or dimension that it cannot be reasonably developed in accordance with the provisions of Section 3.13, and that any variation will not be inconsistent with the spirit and purpose of this Ordinance, with public safety and with substantial justice.

(l) Permit a variation, modification or exception in the required regulations specified in Section 3.14 of this Ordinance, if after investigation, by the Board, it is found that such variation, modification or exception is necessary because of peculiar existing conditions and that such variation, modification or exception will not be inconsistent with the purpose and spirit of this Ordinance.

(m) Grant a permit for a public garage or a gasoline filling station, or motel in a district permitting such use; provided, that before the building inspector issues a permit, there is on file with the Board of Appeals, the written consent of the owners of sixty (60%) percent of the frontage of all the property within four hundred (400) feet, of any part of the premises whereon such public garage or gasoline filling station or motel is to be established, erected or enlarged; all lots less than one-half (1/2) of which lie within the specified distance of four hundred (400) feet from any portion of the premises shall not be included; and the written consent of eighty (80) percent of all the frontage of the property immediately abutting or opposite any part of the premises whereon such public garage or gasoline filling station or motel is to be established, erected or enlarged, and not separated therefrom by more than one street or alley.

(n) Permit the extension of hours of work in the M-1 Districts, when such extension is necessary because of an emergency, and under such conditions and safeguards as will protect the neighboring residential districts from unnecessary disturbances.

(o) Where there are practical difficulties or unnecessary hardships in complying strictly with the provision of this Ordinance, the Board of Appeals may, in specific cases, adjust any such condition in harmony with the general purpose and intent of this Ordinance so that the public health, safety and general welfare may be secured and substantial justice done.

(p) Restrictions on Board Action.  
(a) Every decision of the Board shall be subject to review by certiorari as prescribed in Section 10 of Act 207 of the Public Acts of 1921, as amended.

(b) No variance in the application of the provisions of this Ordinance shall be made by the Board of Appeals relating to buildings, land or premises now existing or to be constructed, unless after a public hearing, the Board of Appeals shall find that such variance will not:

- 1. Impair the adequate supply of light and air to adjacent property.
- 2. Increase the hazard from fire, flood and other dangers of said property.
- 3. Diminish the market value of adjacent land and buildings.
- 4. Increase the congestion on the public streets.
- 5. Otherwise impair the public health, safety, comfort and general welfare.

(Continued on Page Seven)

ARTICLE XIV

CITY PLANNING COMMISSION APPROVAL

Section 14.01 The City Planning Commission is hereby designated the Commission, as specified in Section 4, of Act 207 of the Public Acts of 1921, as amended, and shall perform the duties of said Commission as provided in the Act in connection with the Amendment of this Ordinance.

Section 14.02 In cases where the City Planning Commission is empowered to approve certain uses of premises under the provision of this Ordinance, or in cases where the City Planning Commission is required to make an investigation, the applicant shall furnish such surveys, plans, or other information as may be reasonably required by said City Planning Commission for the proper consideration of the matter.

The City Planning Commission shall investigate the circumstances of each such case, and shall notify such parties, who may, in its opinion be affected thereby, of the time and place of any hearing which may be held relative thereto, as required under its rules of procedure, or any public hearing required by this Ordinance.

The City Planning Commission may impose such conditions or limitations in granting approval as may, in its judgment be necessary to fulfill the spirit and purpose of this Ordinance.

ARTICLE XV

BUILDING PERMITS, PLATS

Section 15.01 USE AND BUILDING PERMITS. No building or structure within the limits of the City of Plymouth shall hereafter be erected, moved, repaired, altered or razed, nor shall any work be started on said building to be erected, moved, repaired, altered or razed, and no land shall be used until a building permit or use permit shall have been obtained by the owner of said building or land from the building inspector, nor shall any change be made in the use of a building or land without a permit having been obtained from the building inspector. No such permit shall be issued to erect a building or structure, or make any changes of use, unless they are in conformity with the provisions of this Ordinance and amendments hereto hereafter duly enacted. Permits shall be issued for a period of six (6) months.

Section 15.02 CITY PLANNING COMMISSION APPROVAL. No building permit shall be issued for a multiple dwelling in R-2 Districts, or any building or structure in a PR-1, C-1, C-2, M-1, M-2 District until such plans have been approved by the City Planning Commission as to their compliance with the provisions of this Ordinance.

Section 15.03 PERMIT APPLICATIONS. All applications for permits, on a form to be furnished by the building inspector, shall be accompanied by a plat in duplicate, drawn to scale, showing the actual dimensions of the lot to be built upon, the size of the building to be erected and such other information as may be necessary to provide for the enforcement of these regulations. Satisfactory evidence of ownership of the entire lot shall accompany all applications for permits under the provisions of this Ordinance. A careful record of such applications and plats shall be kept in the office of the Building Inspector. No yard, court, or other open space provided about any building for the purpose of complying with the provisions of these regulations shall again be used as a yard, court, or other open space for another building. Nothing herein contained shall require any change in the plans, construction or designated use of a building for which a building permit has heretofore been issued, or for which plans are on file, at the time of the passage of this Ordinance, and for the erection of which a permit is issued within one (1) month, from the passage of this Ordinance, and the construction of which, in either case, shall have been diligently prosecuted within three (3) months of the date of such permit, and the ground story framework of which, including the second tier of beams, shall have been completed within six (6) months of the date of such permit, and which entire building shall be completed, according to such plans as have been filed, within one (1) year from the date of the passage of this Ordinance.

ARTICLE XVI

CERTIFICATE OF OCCUPANCY AND COMPLIANCE

Section 16.01 CERTIFICATE OF OCCUPANCY AND COMPLIANCE. No land or building hereafter erected or altered shall be occupied, used or changed in use until a Certificate of Occupancy and Compliance shall have been issued by the building inspector, stating that the building, or proposed use of a building, or premises, complies with all the building and health laws and ordinances and with the provisions of these regulations.

Section 16.02 TIME, RECORD AND FEE FOR CERTIFICATE OF OCCUPANCY. Certificates of Occupancy and Compliance shall be applied for coincident with the applications for a building permit and shall be issued within ten (10) days after the erection or alteration of such building shall have been completed in conformity with the provisions of these regulations. A record of all certificates shall be kept on file in the office of the building inspector and copies shall be furnished on request to any person having a proprietary or tenancy interest in the building affected. No fee shall be charged for an original certificate applied for coincident with the application for a building permit; for all other certificates, or for copies of any original certificate there shall be a charge of One Dollar (\$1.00) each.

Section 16.03 APPLICATION FOR CERTIFICATE OF OCCUPANCY. No permit for excavation for, or the alteration or the erection of any building, shall be issued before application has been made for Certificate of Occupancy and Compliance.

ARTICLE XVII

INTERPRETATION AND PURPOSE

Section 17.01 In interpreting and applying the provisions of this Ordinance, they shall be held to be the minimum requirements for the promotion of the public safety, health, convenience, comfort, prosperity and general welfare. Wherever the provisions of this Ordinance impose requirements for lower heights of buildings, or a less percentage of lot that may be occupied, or require wider or larger courts or deeper yards than are imposed or required by existing provisions of law or ordinance, the provisions of this Ordinance shall govern. Where, however, the provisions of the State Housing Code or other ordinance or regulations of the City of Plymouth impose requirements for lower heights of buildings or less percentage of lot that may be occupied, or require wider or larger courts or deeper yards than are required by this Ordinance, the provisions of the State Housing Code or other ordinance or regulations shall govern.

It is not intended by this Ordinance to interfere with or abrogate or annul any easements, covenants or other agreements between parties; provided, however, that where this Ordinance imposes a greater restriction upon the use of buildings or premises, the provisions of this Ordinance shall control.

ARTICLE XVIII

CHANGES AND AMENDMENTS

Section 18.01 Changes, amendments or supplements to the Zoning Ordinance shall be made during the months of February, May, August and November of each year in the manner as outlined in Section 18.02.

A fee of twenty-five (\$25.00) Dollars shall be collected with each petition presented for change or amendment to the Zoning Ordinance. Said fee shall cover cost of advertising and printing, and shall be paid to the City Treasurer to be credited to the General Fund of the City of Plymouth. When said petition is denied by the City Planning Commission, the fee shall be refunded to the petitioner.

A period of not less than two (2) years is required between presentation of petitions for a change or amendment applying to a specific piece of property, where such petition was denied in the first instance.

Section 18.02 The City Planning Commission may, of its own motion or upon petition, initiate recommendations for changes, amendments or supplements to the Zoning Ordinance. The Planning Commission shall receive petitions from individual property owners or groups of property owners requesting district changes, amendments, or supplements to said Zoning Ordinance. The City Planning Commission shall consider each petition, and, after careful study, vote on the issue, as stated in the petition. When passed by a majority vote, said City Planning Commission shall prepare an Ordinance amending, supplementing or changing the district boundaries, or the regulations herein established and shall cause to be prepared a notice, according to Section 4 of Act 207, Public Acts for Michigan, 1921, as amended, indicating the proposed change in the regulations or in the district boundary lines, and describing the boundaries of territory to be affected, which notice shall set a date for a public hearing for consideration of such proposed amendment, supplement or change. After due publication or posting and public hearing of such proposed amend-

ment, supplement or change, as required by law, the City Planning Commission may modify said Ordinance, or without modification, may cause such Ordinance to be introduced to the City Commission of the City of Plymouth. Whenever a written protest against such proposed amendment, supplement or change be presented, duly signed by the owners of twenty (20%) percent or more of the frontage proposed to be altered, or by the owners of twenty (20%) percent or more of the frontage in the rear thereof, or by the owners of twenty (20%) percent of the frontage directly opposite the frontage proposed to be altered, such amendment shall not be passed, except by the favorable vote of four-fifths (4/5) of the entire City Commission.

ARTICLE XIX

VALIDITY

Section 19.01 Should any section, clause, or provision of this Ordinance be declared by the courts to be invalid, the same shall not affect the validity of the Ordinance as a whole, or any part thereof, other than the part so declared to be invalid.

ARTICLE XX

VIOLATION, PENALTY, ENFORCEMENT

Section 20.01 Any person, firm or corporation who violates, disobeys, omits, neglects or refuses to comply with any of the provision of this Ordinance, shall be fined not less than Twenty-five (\$25.00) Dollars or more than Five Hundred (\$500.00) Dollars, or imprisonment for not to exceed Ninety (90) Days, or both such fine and imprisonment, for each offense. Each day that a violation is permitted to exist shall constitute a separate offense.

Section 20.02 It shall be the duty of all architects, contractors, sub-contractors, builders and other persons having charge of the erecting, altering, changing or remodeling of any such building or structure, before beginning or undertaking any such work, to see that a proper permit has been granted therefor, and that such work does not conflict with and is not in violation of the terms of this Ordinance; and any such architect, builder, contractor or other person doing or performing any such work of erecting, repairing, altering, changing or remodeling without such a permit having been issued, or in violation of, or in conflict with the terms of this Ordinance, shall be deemed guilty of a violation hereof in the same manner and to the same extent as the owner of the premises, or the persons or person for whom such buildings are so erected, repaired, altered, changed or remodeled in violation hereof and shall be subject to the penalties herein prescribed for such violation.

Section 20.03 In case of any building or structure is erected or is being erected, constructed or reconstructed, altered, repaired, converted, or maintained, or any building, structure or land is used in violation of this Ordinance or other regulation made under authority conferred thereby, the City of Plymouth, in addition to other remedies, may institute any appropriate action or proceedings to prevent such unlawful erection, construction, reconstruction, alter-

ation, repair, conversion, maintenance or use, correct or abate such violation, to prevent the occupancy of such building, structure or land, or to prevent any illegal act, conduct, business or use in or about such premises.

Section 20.04 Nothing herein contained shall be deemed to, in any way, affect any violation of said Zoning Ordinance heretofore committed or existing.

Section 20.05 This Ordinance shall be enforced by the Building Inspector and Chief of Fire Department. The Building Inspector shall enforce the provisions herein contained insofar as they relate to the erection of new buildings, or the structural alteration of existing buildings. The Chief of Fire Department shall enforce the provisions herein contained insofar as they relate to the use of completed buildings or premises.

ARTICLE XXI

CONFLICTING PROVISIONS REPEALED

Section 21.01 All ordinances, or parts of ordinances, in conflict with any of the provisions of this Ordinance, are hereby repealed.

ARTICLE XXII

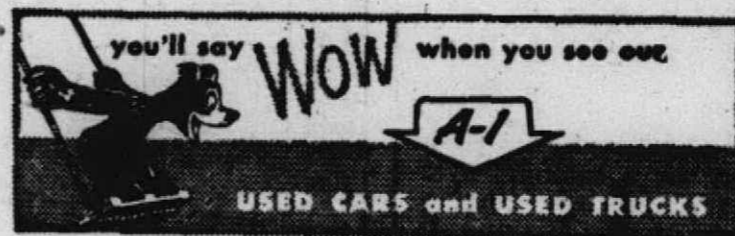

WHEN EFFECTIVE

Section 22.01 The provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of the public peace, health and safety and are hereby ordered to take effect twenty-one (21) days after final passage.

Many people have asked about the washing machine item in last week's 10 Years Ago column. For their and your information the machine was for Edwin Schrader to use on his LCI (Navy landing craft) overseas, and we did secure one in Milford, Michigan and expressed it to him in Norfolk. However, full credit for securing the machine should go to former auctioneer Harry Robinson who had us come to a Milford auction where he announced the purpose of our visit, promptly opened bids on the farmer's machine, then closed them on my \$5.00 bid which sent the machine on its way.

It was a kindly act of August Houk to call Warren Palmer and his sons about midnight one night last week to tell them their cows were traveling up and down Warren road. However, it was no picnic for the Palmers who lost the rest of their night sleep getting their jerseys back in the barn just about in time to start up their automatic milking machines.

Dr. Henry Walch says he is a little embarrassed to be seen driving his newly acquired, used Cadillac up and down the main streets of the town. We can see no reason for any such sensation, and why shouldn't one of our highly regarded spiritual leaders enjoy the luxuries of life like the rest of us. My hunch is he probably got the car from some friend who made the deal almost as attractive as buying a new lower priced automobile. It so happens I have a friend who is a Congregational minister in an Iowa town and for years his congregation has given him a new Cadillac each year, in addition to providing two months vacation in the summer and three weeks at Christmas time so that he and his family can also enjoy a Florida sojourn. More power to you Henry. How about a ride?

Druggist Bob Beyer's neighbors thought he was moving last Friday when they saw the pile of furniture, beds, dishes, etc. stacked in his side yard. They were relieved however, to see him pull up with his car, trailer, boat, and outboard motor then load all of the stuff into his car with his family and leave for a 10-day vacation at Lake Leelanau near Traverse City.

Electrician Al Hubbs took his young son Ronnie to Rotary last week on the event of his 12th birthday. Rotarians surprised the young man by presenting him with a rose and singing him their usual birthday greeting which ends, "two dollars" please. Ronnie was ready for their surprise and pulled two brand new dollars from his pocket to put in the Rotary scholarship fund.

After a bad nine holes of twilight golf last Wednesday Jerry Pease returned home to watch his favorite Wednesday night fights over television. In the middle of the second round he heard a terrifying scream which he thought came from the screen but unconvinced he turned it off to hear another. On investigation he found Mrs. Pease had run her hand through the washing machine wringer in the basement. Fortunately it wasn't serious but it was most painful.

Reflecting on his dinner partner at a recent buffet in Detroit Dave Galin says where else but in America could a group of 200 people get their trays, sit down, and then have the vacant seat next to you taken by so prominent a personage as Christian Henry Buhl. Mr. Galin was surprised to learn that the gentleman who had asked if he might use the vacant seat was multimillionaire Buhl who is the great-grandson and namesake of the first Christian Henry Buhl and founder of Buhl Sons wholesalers in Detroit. Mr. Buhl, president of the firm now, proved a most interesting and charming dinner companion, stated Mr. Galin.

Former high school coach Tony Matulis was a visitor in town over the weekend, taking his first two day vacation this summer, he said. Now principal of Taylor Township's new 2,000 student high school, he has been busy working on his new home, which he is building in Dearborn and expects to have completed by the time school opens. And speaking of school opening, he looks forward to that as a vacation from his summer's labors.

**DU PONT FLORAL DUST**

- For insect and disease control.
- Use on roses and other flowers.
- Use as spray or dust.

Combines methoxychlor, Fer-mate, sulfur and rotenone. For use throughout the season. Safe to use on tender blooms. Controls many pests and diseases such as black spot of roses and septoria leaf spot of chrysanthemums. Use as spray or dust. Comes in handy 8-oz. refillable dust gun, 1-lb. can, and 3-lb. bag.

## ROGER BABSON SAYS:

Gloucester, Massachusetts. It is a beautiful summer day and I have had time to think of the great changes which have taken place since my boyhood and the foolishness of worrying about what changes can do. The sailing ships are all gone and my father thought this was the end of the fishing industry. Worst of all, the old New England families began to fade away. The old-timers then certainly felt this would be the end of Gloucester.

**MOST CHANGES FOR THE BETTER**  
Yet, the fishing business today is greater than ever. The sailing vessels have been replaced by power-driven draggers bringing in a million pounds of fish each day. The old families are gone, but the population is larger with industrious Italian families taking the lead. Certainly, my father and his friends lost much time in useless worry.

I am sorry that the churches have not grown with the industries. I see nothing here which can take their place. Gloucester has a splendid symphony orchestra consisting of local people. It has an active literary and historical society. It has become an important art center. Whether these cultural developments will take the place of the religion of my youth is doubtful. Liquor continues to be a curse, but I see no drunkenness on the streets.

**WORRYING ABOUT THE KOREAN TRUCE**

Although the Korean truce has been signed, most people here feel that it won't amount to anything. They are still worrying about World War III. I can't see what Russia could possibly gain by war now. The Chinese would like to use their time and money in building up their own country. I believe the time is approaching when a foreign army will refuse to fight any free nations. More likely, national armies are apt to strike at home to correct conditions in their own countries. In fact, the military and veterans may someday control the United States. Being a veteran already counts more in getting a position than being a college graduate, although those who enjoy both have the best chances. Surely, those who live on farms or in small cities have little to fear.

Parents who have been worrying about their boys in Korea should realize that the last twenty years of war have not had so many casualties as a similar previous period suffered from scarlet fever, diphtheria, typhoid and pneumonia. Your sons may be safer in Korea than racing about in an automobile here at home. If you are worried about juvenile delinquency, just see that your boy works hard all day so that he wants to go to bed after supper instead of running about town. Most juvenile delinquency could be abolished by merely changing the laws as to boys and girls working. Although I sometimes think that even the driving of automobiles by kids may be better training of their brains than some of the subjects which they are taught at school.

**WORRYING ABOUT TAXES AND PRICES**

Keep in mind that a certain proportion of the taxes paid by businessmen will help business during a depression. Taxes paid for support of farm prices, payment of minimum wages, old-age assistance, and the cost of schools will come back to us. Hence, don't worry so much about taxes.

I recently attended a meeting protesting high prices, which the speaker blamed on the money paid out by manufacturers and retailers for advertising, research, etc. Still millions of people today owe their jobs to such expenditures. If any reader is out of a job, it is probably because some penny-pinching employer cut off advertising.

**A CURE FOR WORRY**

I have a very old Bible (1477-before Columbus discovered America); every word penned by hand. I find that certain portions show excessive use. It looks as if the owners during the past four hundred years used it to cure themselves of worrying! For those desiring to take such a "cure" instead of pills or psychiatry, I suggest the following: Matthew 5: verses 5, 7, 9 and 44; Matthew 6: 34; James 5: 16; and John 15: 7. These are the pills that do me good when I am tempted to worry, but I sometimes need to read them many times before they really sink in.

He was dug out of the wreck of his automobile and carried to the nearest doctor's office. "I can't do anything for this man," said the doctor. "I'm a veterinary surgeon." "You're the right man, doc," said the amateur motorist. "I was a jackass to think I could run that machine."

## GREAT MOMENTS IN HISTORY

THE WAY HE FELT WHEN HE WON THE COUNTY FAIR BLUE RIBBON FOR HIS '4H' PRIZE HEIFER

**Michigan Mirror**  
INTERPRETING THE NEWS

"No one likes paying taxes — and that includes me," says Michigan Tax Commissioner. His name is Louis M. Nims, and he combines in his quiet, friendly personality a sympathy for people who must pay hard earned money into his department and a relentlessness to collect every cent that is due.

Nims has held his civil service job since the tax commission was established January 10, 1942. Despite unpleasant things said about tax collectors in Bible stories, Robin Hood's day and modern times, he has the reputation of being agreeable, fair and efficient.

Setting up machinery to collect the new business receipts tax is keeping the department of revenue busy. About 10 auditors and five office workers will be added to the staff.

By early September, Nims expects to have complete instructions and forms for taxpayers who are affected. There is no known precedent to base procedure on since this is the first tax of its kind in the U.S.

Commissioner Nims, however, is not perturbed with the task. "We have been holding hearings and conferences for weeks and have reached a common understanding of our problem," he said. He predicted that the new tax will be perfectly clear to 80 percent of the taxpayers; but that complications might arise in the other 20 percent, particularly where firms are engaged in multistate business. "These troubles will be ironed out as they arise," he stated with confidence.

The new tax will bring to the coffers of Michigan's treasury an estimated \$36 million. First payment is due October 1 on proceeds of operations from July 1 to September 30.

Pennies you pay as sales tax add to the biggest single account on the tax books. About \$269 million was collected in the year which ended June 30, 1953. That's some \$23 million above the previous year and an all time high.

Piddling by comparison are the \$16 million collected from intangible tax, \$8 million from inheritance tax, \$15 million from utilities and \$25 million from cigarettes.

The tax pie, which totaled \$342,400,000 last year, is cut every three months. About 62 percent is sent to the state's school districts on a per capita student basis to finance education at the local level. Balance goes for other state expenses.

**Biggest problem is cigarette bootleggers.** The relative ease with which tobacco can be transported across state lines thus dodging Michigan's tax, keeps the department on its toes. Tax agents work closely with federal representatives and state police. When they do catch a culprit, they are entitled to confiscate the entire inventory. With the present selling price of cigarettes, each tax-dodging shipment caught finances lots of others which might go untaxed.

It costs 82 cents to collect \$110. Commissioner Nims is proud of Michigan's low collection rate. It was \$1.77 in 1940 when he started work and it declined more or less steadily ever since. "Most states work on a two or three per cent basis," he explained.

The present staff consists of 600 people compared to 469 when the department was organized. Auditors, bookkeepers, file clerks and investigators are busy checking records constantly.

"We can tell in 10 days everyone who has not paid their current taxes, and we must do what we can to collect," said Nims. How well the job is done is shown by figures: only \$2 million—less than one per cent is not paid. Much of this is held up by present litigation or coming in slowly from installment payments. The latter were arranged for the benefit of merchants whose records were audited to discover large sums unpaid.

There are several ways the commission handles delinquent tax payers. The big club is the right to revoke a merchant's license through legal action. This is seldom done. But a bond may be required from a consistently delinquent merchant which requires him to pay an estimated three months taxes in advance.

"Putting people out of business is sometimes a favor to them," said Nims. "And sometimes we can perform a real service for a merchant we audit." He elaborated by explaining that department auditors accumulate vast amount of information. Certain business facts become established, with defined patterns and norms.

"Often we can tell by examining books of a man unable to pay his taxes that he simply cannot make a go of his business—and long before he is willing to admit it to himself," Nims stated. The commissioner also described incidents where auditors were able to advise merchants that they were being robbed by either employe or customer.

"Conscience money" makes another problem. It amounts to more than \$1,000 per year. Usually it comes in cash, mailed in an envelope with a note saying: "I've owed this for years and it's been bothering me," or something similar.

Spite often motivates people to write or phone the tax office with a tip that someone is cheating. These reports are investigated by a special group of agents, but about half are found to be without foundation.

A new law permits Nims to pay up to \$5,000 for tips on tax dodgers but he has had no occasion to use it yet. "One man did offer to tip us off to 10,000 cases of tax evasion at \$10 each," chuckled the tax collector, "but we had to pass that one up."

6:30 p.m., Mayflower hotel

A farmer was losing his patience and temper trying to drive a team of mules into a field, when the local parson came by and said, "Don't speak like that to those dumb animals; they can't understand what you say." "You're just the man I want to see," said the farmer. "Tell me, how did Noah get these things in the Ark?"

### HOW FIRE INSURANCE GIVES THEM

*a better chance to live*

For years insurance engineers have been working to reduce fire and accident hazards in the nation's hospitals. In the last three years, they have surveyed over 7,000 hospitals and recommended essential safety measures. As a result of this public service, hundreds of people are living today because of fire tragedies that did not happen.

This is only one of the public services performed by capital stock fire insurance—a private enterprise—of which the insurance agent is an important part. His professional advice is yours for the asking. Phone me about your insurance—for, in these high-cost days, too little insurance protection for your home and belongings can be costly.
