SPARKING THE ST. MARY'S HOSPITAL drive is banker Floyd Kehrl who made public Wednesday a gift of nearly \$9,000.00 from he and his wife in which he purchased three rooms in memory of his parents, Adolph G. and Bertha Kehrl, two rooms for Floyd and Shirley Kehrl, and two rooms given by Mrs. Kehrl, for her mother, Mrs. Elizabeth Murphy. The gift, the largest individual memorial listed at this time, is particularly significant in view of the fact that Mr. Kehrl was born very near the site of the new hospital. Pictured receiving the gift from Mr. Kehrl, left, are Mrs. Walter Sumner, Plymouth memorial gift chairman and Plymouth general chairman James Gallimore.

Chamber President Warns Local Businesses To Keep Alert to Meet Outside Competition

A plea to Plymouth businessmen to be "builders of better mouse traps" in order to meet outside competition, was delivered by Ralph G. Lorenz, president of the Plymouth Chamber of Commerce, when the organization held its annual dinner-meeting at the Bird Elementary school last night.

A capacity crowd of 240 Chamber of Commerce members, guests and their wives attended the affair at which James F. Gheen, New York City public relations councillor, gave an informative and highly humorous talk.

In the message by Chamber President Lorenz he observed: "Coming events seem to indicate that with shopping center competition in the very near future, we had all better take inventory and see if we can't make our handshake a little warmer, our smile a bit broader, our merchandise a little better, our clerks more alert, our policemen more courteous, our parking more plentiful and our city more inviting."

He added that in order to make this businessman's prayer come true, we must have close co-operation between the city and business leaders. Their aims and objectives will have to be for the common good and to benefit the majority.

"Today with every type of inducement under the sun to lure the customer away from the city store," Lorenz continued, "we will all have to be builders of better mouse traps and baited with sharper cheese or our potential customer will step into another trap."

He then observed that there are three classes of people wanting to buy wares, the very poor, the few rich and the great majority.

"We are concerned with the great majority which constitutes 90 per cent of our population. They are influenced by automobile ownership in their family. "A car owner receiving his pay check can now drive into a drive-in bank and cash his check, pick up his laundry and dry cleaning, eat his dinner, see a movie, buy bottled beverages, purchase fresh produce, pick up milk and ice cream, post his letters and buy a newspaper—all at a drive-in. He can drive up to a motel, point the nose of his car towards the front door of his room and having spent his entire pay check, get out of his automobile for the first time and recline in peace—never having had a parking problem."

The president concluded by saying, "I am bringing this matter to your attention only because a great revolution is taking place in the business field and many businessmen are joining the ranks of the ice man and coal man in oblivion."

"May I leave you with this request: nudge the fellow next to you—he may be asleep." Frank Henderson, local industrialist, was chairman of the evening's program. Musical numbers were presented by the high school band and choir.

City, Township Officials Ponder Problems of Two Sewer Projects

Mulle Tells History of Rouge Plan

An appraisal and history of the Middle Rouge Interceptor Sewer system now under construction was presented by Christopher J. Mulle, Wayne county drain commissioner, at a meeting of the Presbyterian Men's Brotherhood last night.

Although the sewer is now under construction, both the Plymouth city commission and the Plymouth township board are yet undecided as to what method of payment they desire. Appearing with Mulle at the meeting was Ed Benson, Wayne county engineer, who answered questions about costs of the plan.

Here are some of Mulle's statements: "For some time past the developed sections in the northern part of the county west of Detroit have been greatly in need of a sewerage system which would adequately treat the sanitary sewerage before being discharged into the Rouge river and branches."

"The Lola Valley and Merriam road treating plants which were constructed about 15 years ago are inadequate to treat the quantity of sewerage reaching these plants. In addition to the above plants there are numerous septic tanks discharging inadequately treated sewerage into the streams. Realizing the need for a more satisfactory system, the supervisors delegated the Wayne County Road Commission as their agents to prepare plans for an interceptor in this section to discharge into the city of Detroit sewerage system. Because of the county's inability to finance and complete the construction of this project and because of the refusal of the F. H. A. to approve loans in this area, the residents filed, on October 1, 1947, with this office, an application for laying out and designating a drainage district for the above proposed interceptor."

"The interceptor drain will make the entire townships of Canton, Dearborn, Nankin, Northville, Plymouth and Redford, Cities of Garden City, Livonia and Plymouth and the village of Northville immediately available for satisfactory treatment as well as considerable area along the line of this proposed interceptor. With additions or extensions to the existing proposed Interceptor considerably other developed area can be made available. "The Middle Rouge Parkway (Continued on Page 3)

Says Prohibiting All Night Parking Is Way to Drive Business From City

Chamber of Commerce president Ralph G. Lorenz was at variance with city officials Monday on the proposed ordinance to prohibit all night parking on city streets. Just back from an extended tour of the east where he spent time investigating parking problems he pointed out that in his opinion moves of this kind went hand in hand with insufficient parking facilities in driving business out of towns to fringe developments.

He pointed out that in an Ohio town where he stopped for a night's lodging after he had registered into a hotel he found it

necessary to drive his car three blocks to a parking area where he could leave it over night. Early the next morning as he drove away from the city he noticed a large motel on the edge of town riddled with cars and apparently filled for the night as against the hotel which wasn't half filled to capacity.

"I couldn't help but notice throughout my trip the number of vacant stores in the smaller towns around the east. I was so amazed that in several cases I stopped and inquired of realtors the reason for these vacancies and in almost every case the answer was the same. There were no parking facilities and the merchants had moved out of town where their patrons could drive to the stores," he said.

"People may construe my remarks as personal because of my connection with the hotel here, but after seeing what has happened to business in other localities because sufficient parking facilities were not available and knowing the trend of present day shoppers I feel the civic leaders of this community should become interested in this matter at once," he stated.

"Real estate becomes valueless if it can't be rented and already it is obvious of the trend here to move out of the downtown section. If local businessmen cannot increase parking facilities and make it more convenient for their patrons they will find their customers driving to some nearby place to spend their money," he further stated.

Included in his trip east was a week in the Plymouth, Massachusetts area where he collected a large number of pictures of buildings which he expects to make available to local business firms in case they should be con-

October Building Permits Reach 18

Building permits allowing new construction and alterations totaling \$73,675 have been granted by the city during October, it was announced by City Assessor Kenneth Way.

A breakdown of the 18 permits granted shows that three were for new residences with a combined estimated cost of \$57,600; nine were for new garages with an estimated value of \$6,250; and six permits were granted for residence alterations estimated to cost \$9,825.

One building project already underway is the construction of a new service station at North Main and Mill streets. The station is being built by the Standard Oil company.

Start Petitions Now For Improvements

If Mr. and Mrs. Plymouth Taxpayer are thinking about having their street improved, a curb and gutter installed or storm sewer laid, it's time to start some action, according to City Manager Al Glassford.

Citizens wanting improvements should start initiating a petition so that it can be presented to the city commission in January, the city manager added. It is in January when commissioners consider all petitions and decide what improvements should and should not be made during the year.

Glassford stated that the commission likes to have signatures of at least two-thirds of the property owners on the petitions. However, a petition of 51 per cent is acceptable, or an individual can initiate action.

Riverside Park Plan Presented

Proposed plans for a sewer system which is claimed to be the key to the development of Plymouth township and the provider of a sewage outlet for homes on the city's south side, were presented by the Wayne county Drain Commission at a joint meeting Monday night of the Plymouth city commission and Plymouth township board.

Christopher Mulle, county drain commissioner, and Gilbert Jerome, Detroit civil engineer, presented plans for the proposed Riverside Park sewer system which would cost some \$1,126,000. The system would be a continuation of Middle Rouge Interceptor sewer system which already is under construction.

Though most of Plymouth's homes, industries and business establishments will benefit from the Middle Rouge system, the entire south section of the city south of Brush street would still remain without a sewage outlet.

Plans for the Riverside park system call for the sewer to begin with a tie-in at the Riverside park county sewer. It would be laid southward along "projected" Southworth street to Joy road. The sewer would then run west as far as Sheldon road and perhaps as far north as the railroad north of Junction. It was explained by Jerome that the sewer system could someday go as far as Beck road.

It is the potential development of the township which interests township board members in the sewer. Supervisor Roy Lindsay told the group that "You'd be surprised at the number of inquiries I get from industries and individuals wanting to build. But they won't do it unless there is a sewage system."

Lindsay added, "We're bursting wide open at the seams—butting our heads against a wall until we get a sewage system."

The subject of water for the outlying areas also was mentioned. Mayor Russell Daane explained that the city probably won't be able to supply water to any more township areas. "We've reached a point where we can't afford to lay spurs going out to these areas any longer," he stated. Lindsay said he believes that the entire area will someday be forced to get water from Detroit since industry is needing more and more water.

Getting back to the sewer discussion, Jerome explained that the Riverside park system would be capable of supporting at least 90,000 people. As far as cost is concerned, Mulle said that the estimated \$1,126,000 could be too much or not enough. He added that it would be impossible at this time to estimate how much it would cost individual property owners. He did state, however, that assessment would be based on benefit and usage.

Land owners in the proposed assessment district will not be able to vote on the project, but they will have a chance to sign or not sign a "second petition." A first petition filed some time ago initiated plans for the project. It will take a two-thirds majority of affected property owners to pass the project. Property owners will also have a chance to speak their opinions before a "board of determination" which consists of three disinterested citizens who will first decide if the project is necessary.

Dodge to Open New Floral Shop

Local resident Stewart H. Dodge will open a new flower business in the building known formerly as Plymouth Floral Service. He will continue to operate the business at 1000 West Ann Arbor road under the same name.

Dodge operated a flower shop in Plymouth seven years ago in the building where Jerry's Shoe Repair now does business. Dodge was forced to close his business during the war.

He will hold an opening day event at his new shop on Saturday, November 14, with a free floral gift for adult visitors as a feature. Dodge resides at 1327 South Main street.

Community Fund Tops \$11,000

With tabulations still behind solicitations the Plymouth Community Fund campaign draws to a close today. Treasurer George Mayhew stated that tabulations now show a collection of \$11,800.00, but it will be several days before final returns can be published.

Community Fund monies are allocated to the nine Fund agencies supported by the Fund by the Board of Directors in accordance with the budget needed by the individual agency. Board members themselves serve on a voluntary basis, receiving no money from the fund collections.

The vast majority of the money solicited from Plymouth citizens and businesses, Mayhew said, goes directly to the supported agencies. A small proportion is used to publicize the drive with signs, letters, and so on. Even the Kick-Off Breakfast, which launched this year's campaign, was paid for by an individual member of the board, George Witkowski.

In July each agency submits an anticipated budget to the budget control committee where it is reviewed by members of the board. In many cases the officers of the organization are called in to explain the needs of the budget. When the committee is satisfied that the complete budget is the minimum amount needed by the nine agencies it sets the goal for the year.

"Actually this year's budget calls for \$21,000," Mayhew said, but \$2,000 more than was needed was collected last year, and this amount has been applied to this year's budget requirements. "Therefore, we set this year's goal at \$19,000," he explained.

When collections do not meet the required goal a certain percentage is deducted from the allocation to each of the nine agencies.

The money is held by the Community Fund until January of 1954 before it is given to the individual agencies. If an urgent need is shown by the agency, however, Mayhew pointed out, the money is sometimes given in advance. These agencies, rather than being welfare societies, are such that all members of the community (Continued on Page 3)

Palmer to Speak To U of M Club

William Palmer, professor of economics at the University of Michigan, will be guest speaker at the meeting of the University of Michigan club Wednesday, November 18, at 8 p.m. The meeting will be held at the home of Evered Jolliffe at 1192 West Ann Arbor trail.

Palmer is chairman of the Senate Advisory committee of the faculty at Michigan. He headed a committee of university people to discuss the problems which might arise should a loyalty investigation come to the campus. The findings of this committee will be the subject of Palmer's address.

Reservations may be made by phoning Mrs. R. L. Jacobus, 615-W, or Mrs. W. E. Ackerman at 1333-W.

SOME 200 LOCAL KNIGHTS of Columbus and members of the Masonic Lodge met Tuesday night at the Masonic Temple for their annual goodwill dinner. An outstanding yearly event it is also an unusual one for these two orders and as such has done much to promote goodwill between the orders to the great advantage of the community. Officers of the two groups are pictured at the speakers table where Masonic master Erwin Ot-

tensman, left, is shown clasping the hand of John Gilles, Jr., Grand Knight of the Catholic order. Others in the picture, left to right are Masonic officers Harold Mackinder and Charles Chappel and Knights Robert Lorenz and Foster Kisabeth. Seated, left to right are: Dr. Henry Walch and speaker for the evening, Frank Parker, president of the Michigan Brewers association.

Mrs. Hugh Grieve

Jean Tetzlaff Weds Hugh Grieve In Early Fall Candlelight Ceremony

At an impressive eight o'clock candlelight ceremony in the First Presbyterian church on Saturday evening, November 7, Miss Jean Carol Tetzlaff and Hugh Grieve repeated their nuptial vows before the Reverend Henry Walch, D. D.

Jean is the daughter of Mr. and Mrs. Edward Tetzlaff of Gotfredson road and the Stirling Kennedy's of Rose street are the bridegroom's parents.

Palms, candelabra and bouquets of white mums formed a soft background for the bridal party. Fred C. Nelson presided at the organ and Miss Betty Salmon sang "Through the Years," "Because" and "The Lord's Prayer."

Jean wore a full length gown of white satin with cathedral

train. The fitted bodice had a scoop neckline edged with a band of seedpearls, and long fitted sleeves ending in points over the wrists. She wore a coronation crown beaded with seedpearls from which fell her fingertip length veil of illusion. She carried a sheath of white roses.

Miss Norma VanDyke was Joan's maid of honor. She wore a gown of wine red velvet in ballerina length with fitted bodice and bouffant skirt and she carried a bouquet of shaded pink carnations.

The bridesmaids, Miss Shirley Pine and Mrs. Alan Finney, sister of the bridegroom, were gowned like the maid of honor and also carried bouquets of shaded pink carnations.

Hugh asked Dale Kimberly to serve him as best man and seating the guests were Charles Stark and Alan Finney.

Mrs. Tetzlaff chose, for her daughter's wedding, a navy blue lace dress with which she wore maroon accessories and a corsage of maroon carnations. Mrs. Kennedy wore a red velvet suit and black velvet accessories. Her corsage was of yellow carnations.

Following the ceremony, a reception for 100 guests was held in the church parlors. Present were guests from Canada, Wisconsin, Northville, and Plymouth.

The couple are honeymooning through the south. For traveling Mrs. Grieve wore a green knit suit with brown accessories and a gardenia corsage.

Jean is a graduate of Plymouth high school and attended Michigan State college. Hugh has just returned from overseas duty. They will make their home at 793 Virginia avenue, Plymouth.

Jean's wedding brought forth another happy event in the Tetzlaff home as it was the reunion of the bride's father and his four sisters who haven't been together since childhood.

A cosmic ray post has been set up on Mt. Wrangell, Alaska.

Walter F. Drummond Weds Ann Arbor Girl

Roslyn Reule of Ann Arbor, daughter of Mr. and Mrs. William Reule of Chelsea repeated her nuptial vows to Walter F. Drummond of Plymouth in a ceremony in the First Presbyterian church in Ann Arbor on Friday evening, November 6. Mr. and Mrs. Charles Baldwin of Reading are the bridegroom's parents.

The Reverend Henry B. Kuizenga officiated at the eight o'clock ceremony.

The bride chose a white ballerina length gown of nylon tulle and Chantilly lace over satin.

The fitted strapless bodice of the lace extended into a deep point at the front of the waist. A bolero jacket of the lace featured a Peter Pan collar and long sleeves

Mrs. Walter Drummond

ending in points over the wrists. Bands of satin and lace in her hair held in place her fingertip length veil of illusion and she carried a bouquet of stephanotis and ivy centered with a large white orchid and tied with satin streamers.

Gertrude Widmayer of Ann Arbor was the maid of honor. She wore a pale green nylon tulle gown in ballerina length. Her bolero jacket was of dark green velvet. She carried a bouquet of gold mums centered with a lighter shade of gold mum and she wore a band of the matching green velvet in her hair.

Bobby Sharrer of Ann Arbor served Walter as best man and Ralph LeJeunesse, also of Ann Arbor seated the guests.

A dinner at the Farm Cupboard followed the ceremony.

The couple are honeymooning in Kentucky and will tour the New England states before returning to Ann Arbor where they will make their home at 311 South Division street. For traveling the new Mrs. Drummond wore a green suit flecked with white and green accessories. She pinned the orchid from her bridal bouquet to her shoulder.

After graduating from Chelsea High School, the bride attended the Alexandra School of Cosmetology. Walter was graduated from the University of Michigan School of Pharmacy and is associated with Beyer Rexall Drugs on Forest avenue.

Richard Huebler Receives Trophy From DeMolay

Richard A. Huebler, son of Mr. and Mrs. Charles Huebler, of 3945 Berry road was presented the Ralph Dawson trophy for Michigan's outstanding DeMolay of 1953 at the annual conference held in Bay City, November 6 to 8. This is the first year the trophy has been awarded, but it will continue as an annual event.

Huebler was endorsed by District No. 7 and then selected by the judges from the Grand Council of DeMolay at the Bay City conference.

Huebler's name will be engraved on the trophy and it will be held by his chapter for one year. He will also receive a small duplicate which he will keep.

Huebler, the first Master Councilor of his own chapter, has held the appointed offices of State Scribe, State Marshal and has now been elected to office of

State Senior Councilor. He was installed in the latter office at the Bay City meeting.

Other members from Plymouth chapter who attended the conference were: Thomas Woods, Bruce Campbell, Henry Mende, Robert Young, James Thorpe, Foster Brown, Ken Davis, Peter Lee-mon, William Moore, Tom Sawyer, Tony Worth and Elton Nisbett, Erwin Ottensman, Alfred Woods, Mr. and Mrs. Charles Huebler, Dawn Huebler and William Parks.

Gladstone's Observes Third Anniversary

A third anniversary event will be observed by Gladstone's Department store at 578 Stark-weather. Mrs. Lawrence Gladstone started in Plymouth business three years ago at this same location.

A resident of Plymouth for 28 years, Mrs. Gladstone is also active in the MOMS of America organization.

Woman's Society To Hold Bazaar

Members of the Plymouth Methodist Woman's Society of Christian Service will sponsor a Bazaar which will be held at the church on Thursday, December 3, from 11 a. m. until 8 p. m.

One of the highlights of the festive occasion will be a "Tasting Tea" which will be served by the ladies from 2 until 4 p. m.

On the attractive tea table will be plates of delicious cookies. After the participants have tasted them and found them to appeal to their eye and palate, they will receive the opportunity to purchase the recipes. Guests may sip, taste and leave a silver donation.

Cup readings will also be an additional bit of fun for those partaking of the tea.

Allisons Attend Preview of New Truck Models

A private preview showing of the 1954 Chevrolet trucks was attended in Detroit this week by Ernest J. and Frank Allison of the local Chevrolet dealership. The exhibit and accompanying business session were sponsored by the company for all retail dealers and salesmen in this area.

The Allisons stated that they planned a special showing of the new truck line when they are available for display later this month. It is one of the very few times, they remarked, that Chevrolet has exhibited new trucks apart from new passenger car models.

Shoes Pour In For Little Mrs. Miles

Two hundred and eighty-two Korean children will have good shoes this winter — and all through the efforts of little Mrs. Mary Miles. Mrs. Miles conceived the idea of holding a "Shoes for Korea" drive in local schools after hearing of the plight of the poor Korean children.

Collections were begun at the Bird school, with the help of the school's student council. Boxes were placed in the corridors for both good shoes and those needing repairs. When Mrs. Miles went to pick up the collection this Monday she found 251 pairs of good shoes and 31 needing repairs. Arrangements for repairs and shipping of the shoes have been made by Mrs. Miles.

No report has been made as yet as to which school will hold the drive next. Mrs. Miles stated her appreciation, however, to all the Bird school children who helped make the drive such a success.

Announce Beginning of Classes For Character Research Group

Mrs. Donald Sutherland, head of the teachers of the Character Research Group, announces that classes of the fall unit have begun for 24 children of Plymouth and Livonia.

This is the Growth in Magnanimity Unit based on the beatitude, "Happy are the peacemakers for they shall be called the sons of God." The goal is to guide the children towards the mature belief that conflicts in all areas of life can be avoided or overcome by people of creative good will and to give them pride in group membership which will lead them to accept responsibility for the welfare of school, home and community groups.

Mrs. Ray Bowser is teaching the kindergarten children at her home on Stark road in Livonia. These four and five-year-olds are learning that, when they do simple tasks for themselves, they make their families happier.

Mrs. Albert Johnson of Ypsilanti conducts the primary class. These first and second-graders are learning to see criticism as coaching rather than punishment.

Third and fourth grade children guided by Mrs. Don Packard of Plymouth are looking for new ways in which to improve the groups to which they belong.

Mrs. Edward Devine of Joy road is leading a group of junior high students to the discovery that freedom of action is earned by being willing to accept responsibility and to take coaching from the person who has the most experience.

Senior high students are learning to show that you can count on them to take responsibility for their family's welfare and their own schoolwork.

This series of 12 lessons ends in December and the new series, teaching Vicarious Sacrifice, will begin early in January.

Mrs. Carmichael Shows Christmas Wrapping to Club

Beautiful Christmas wrappings were displayed at the Monday meeting of the Plymouth Branch of the Michigan Division of the Women's National Farm and Garden association. Mrs. Fraser Carmichael showed the members who met at the home of Mrs. A. E. Van Ornum how easy and inexpensive such wrappings can be. Mrs. Carmichael spent as much as 100 hours on one of her beautiful packages.

Members discussed plans for the annual greens sale to be held on December 11 and 12 at West Brothers. Regular sized wreaths as well as wreaths made to special size will be offered for sale. Door decorations, centerpieces and mistletoe rings are also features of the greens sale.

Mrs. Edwin Schrader, president of the club, will hold an open house luncheon at her home on December 1 for members to work on the Christmas decorations for the sale. Proceeds go to the scholarship fund.

Members are reminded to bring white elephants to the next meeting.

Tea chairman for the meeting was Mrs. George Chute, assisted by Mrs. Edwin Scott and Mrs. Earl Russell.

BIRTHS

Mr. and Mrs. Dan Julien of 14290 Northville road announce the birth of a son, Paul Daniel weighing seven pounds, one and one-quarter ounces, born at Beyer Memorial hospital, Ypsilanti on Wednesday, November 4. Mrs. Julien is the former Jane Pierce.

Community

(Continued from page 1)
ity can benefit. One of the groups included under the Community Fund is the Girl Scouts. Money given the Girl Scout council is used for the upkeep and maintenance of the Girl Scout cabin, and supports the Girl Scout swimming program.
Mrs. Eber Readman, Girl Scout commissioner, stated that monies are also used for the training of

new leaders and council members and provides leader supplies. Six girls were sent to the Cincinnati convention this year, she added, with the aid of the Fund allocation.
"Through the Fund collections," Mrs. Readman pointed out, "300 Plymouth girls have been able to enter the Scouting program." She added that there would be many more if more leaders were available.
The Girl Scout council does no solicitation itself, she said, with the exception of the sale of Girl Scout calendars. The rest of the money is all supplied by the Community Fund.
The Recreation Commission, another of the nine agencies, finances its summer playground program with the Community Fund monies. In 1953 the Fund allocated \$3500 to the commission. The playground program cost \$3483.87 for supervision, \$130 for arts and crafts supplies and \$147.38 for other equipment. Therefore, director Herbert Woolweaver pointed out, almost the whole cost of the program is met by the Community Fund.
The playground program benefits all Plymouth children since it is open to parochial school children as well as those attending the public schools. This year 293 children took advantage of the recreational activities provided. The eight-week program included many special events and trips as well as instruction in arts and crafts. A special class for retarded children was also conducted as part of the playground program. Other agencies receiving the

Community Fund support are: Red Cross, Boy Scouts, Salvation Army, Visiting Nurse association, Veterans Memorial foundation, Plymouth Dental fund and United Foundation services.

(Continued from Page 1)

Interceptor came into being in September, 1948 when the Wayne County Road Commissioner's Office presented to the drain commissioner the original plans and design for the construction of the drain. The purpose of their presenting the plans to the drain commissioner's office was to facilitate the construction of the provisions of the statute, has the right to assess the benefited parties.
"After November 23, 1948, when the project was adjudicated a necessity by the Board of Determination, the problem of completing the legal proceedings became acute because of the fact that we were unable to secure an outlet. The city of Detroit as well as the city of Dearborn respectively expressed their regret for refusing to permit us to use the sanitation plant contending that they did not have the necessary capacity to carry the additional load of sanitation from the Middle Rouge Parkway Interceptor Drain.
"Finally in July, 1950, a ray of hope was expressed -- the city of Detroit advised the drain commissioner that they were completing their plans for what is known as the Southfield Project, and that as soon as the Southfield Project became a reality they would gladly cooperate in accepting the sanitation from the Middle Rouge Parkway Interceptor Drain. From that period on the drain commissioner's office engaged actively in completing the legal proceedings and securing the necessary financial aid for the engineering fees for the design of the project as well as all preliminary expenses that had to be contemplated.
"The Wayne County Board of Health and the State Department of Health issued orders on October 9, 1950 that unless the Middle Rouge Parkway Interceptor Drain was constructed they would not permit further construction of any sewers that

would empty into the Middle Rouge which would necessarily delay the future development of the western section of Wayne County. Therefore it was imperative that the Middle Rouge Parkway Interceptor be constructed. With the cooperation of the several agencies of the County such as Wayne County Board of Auditors, Bureau of Taxation, Wayne County Prosecuting Attorney's Office, the Wayne County Means Committee and the Board of Supervisors, we have reached the point of commencing construction of the Middle Rouge Parkway Interceptor Drain.
"During the process of completing the legal proceedings, it became quite evident that unless we secured the proper legislation for the sale of special assessment drain bonds the project would fall by default as the only method of financing a project of this character was through a bond issue. With this thought in mind the drain commissioner went to Lansing and solicited the cooperation of two of his most faithful employees, namely, Edward H. Jeffries and Fred R. Dingman, to enact permissive legislation which would grant the Wayne County Drain Commissioner the right and the authority, subject to the consent of the Board of Supervisors, to issue and sell special assessment bonds carrying the full faith and credit of the Wayne County.
"Further proposed legislation which was enacted provided that the Wayne County Drain Commissioner is to have the authority within a period of five years to re-assess the drainage acre in the event of defaulted or deficient payments on the issuance of bonds. The reason being that Wayne County as a whole would not suffer in the event of default but that the funds for financing the project would all be secured from the drainage district."

SOCIAL NOTES

The Fortnighters of the First Presbyterian church will meet on Friday, November 13, at the church for a potluck supper at 6:30 p.m. followed by a square dance at 8 p.m.

Mr. and Mrs. H. Phillip Barney and family of 934 Hartsough are in Dowagiac today attending the wedding of Mrs. Barney's brother.

Circle 11 of the First Presbyterian church will meet in the church parlor on Monday evening, November 16 at 8 p.m. Their guests will be the members of circle 9.

The Ladies' Aid Society of St. Peter's Lutheran church are holding a bake sale at Dunning's on Forest avenue, on Friday, November 13.

Christmas In November By Proclamation of Peterson!

I may be a daffydill for altering the calendar but there's method in my madness. Too many white-whiskered impostors try to steal the spotlight from me in December. There's only one Santa Claus in Plymouth and I've aged enough this year to be the spit and image of the old hooler. So I'd rather transpire the big holiday right now than fool the kids later with a masquerade party.
Besides I'm loaded with a bumper crop of choice holiday loot for gift buyers. Do I hear any bidders for my tree-toppers? Don't let me down or the old Ann Arbor Trail may become the road to ruin for me. Bring your gift list to Peterson tomorrow!

Headwork Now Beats Footwork Later!

LET ME KNOW IF YOU'VE FOUND WORK!
Unemployed customers always annoy me after I've made a long pitch trying to sell something nice like a Christmas doll. And have I got dolls — thin dolls, corpulent dolls, bisque dolls, mamma dolls, baby dolls, talking dolls, even walking dolls. You'll find the biggest doll population in Michigan at Peterson's Drug Store. Why not use my Christmas lay-away plan?

YOU DON'T NEED A SPOON TO "STIR YOUR SUGAR!"
Maybe you're a slow thinker and don't know how to grapple with the vicissitudes of romance. Why not give, boy? Join this early Christmas movement of mine and buy your presents on the line before the opposition starts to think about Christmas. Come on in and choose her favorite perfume, cologne or a complete gift set of delightful toiletries by America's top makers.

Playtex® Dryper®
Modern... clean... convenient. Flushaway Playtex® Dryper® Pads and Bunny-soft Playtex® Dryper® Panties.

Every New Face Is From Somebody's Boost!
JEALOUSY WON'T HOLD YOUR FEMME FATALE
You can't fence in a dangerous woman. Love to her means just one thing: You GIVE and she TAKES ALL — and more, too. Better start buying whimsy whams now before some old philanderer gets to Peterson first. Your guess is not as good as mine because I've got a lot of Christmas stuff to sell and I know what the ladies like. I'll be looking for you tomorrow!

Count the Elbows on My Fountain!
I'm not criticizing bad manners — just making a tally of hungry customers who love good food and refreshment. So if your wife is a string-saver who insists on stuffing your paper bag with peanut butter sandwiches, use your beer allowance to eat with Peterson. The food is so good I'm my own best customer. Have a seat, please!

Good Wives Make The Best Husbands - Look What My Wife Made Of Me!
I'M HAPPY IN MY GIFT SHOP!
My wife says I've carried my first childhood over into my second or I wouldn't be so crazy about gifts. But "making believe" is real to me because I don't keep the stuff to play with — I sell it to you for money. You'll find loads of interesting gifts up front in my store at thrifty prices. Come on in and take a gander!

BY THE WAY, MY RENT IS DUE TOMORROW!
Maybe I ought to veto my early Christmas movement for the moment and sell you a few drug items. If I don't fatten the landlord on time, I'll be eating lean crow for Thanksgiving dinner. Here's a list of money-saving specials to bring you in pronto!

Township Organizing Civil Defense Group
Plymouth township residents are meeting tonight with Wayne county civil-defense officials to break the ground for a civil defense unit in the township.
The meeting begins at 7:30 p.m. in the township hall with any persons interested in the work being invited. William Evans, deputy director of the Wayne county civil defense organization, will be one of the representatives coming to aid in the establishment of the CD unit.
Mr. and Mrs. Miller Ross accompanied their daughter, Betty, who had been spending the weekend with her parents, to Lapeer where she is teaching this year. They were accompanied by Mr. and Mrs. Thomas Phillips and daughter Dorothy of Adams street and on the way home stopped at "Ted's" on Woodward avenue for a late supper honoring Dorothy Phillips on her birthday.

are you 6 FT. or over?
Believe it or not... all tall men don't come from Texas! They grow tall in all the forty eight States and Territories, too, as well as in Canada, Mexico and South America where Hart Schaffner & Marx clothes are sold!! So, if you are six feet tall, or more, you can rest assured we can fit you handsomely in a Hart Schaffner & Marx suit, or get you one. Choose from a wide range of fabrics and models from \$75 to \$95

HART SCHAFFNER & MARX
Also a fine selection of ready-to-wear suits smartly tailored in the famous HART SCHAFFNER & MARX tradition.

Legal Notices

Attorney: J. Rusing Cutler
193 N. Main, Plymouth, Mich.
STATE OF MICHIGAN, COUNTY OF WAYNE, ss:
No. 413,655
At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the nineteenth day of October, in the year one thousand nine hundred and fifty-three.
Present Thomas C. Murphy, Judge of Probate.
In the Matter of the Estate of **ELVIE LOVE**, also known as **ELVIE F. LOVE**, deceased.
An instrument in writing purporting to be the last will and testament of said deceased having been delivered into this Court for probate:
It is ordered, That the third day of December, next at ten o'clock in the forenoon before Judge James H. Sexton at said Court Room be appointed for proving said instrument.
That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulated in said County of Wayne.
Thomas C. Murphy,
Judge of Probate
I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

MAKING ONE OF THE FIRST canister contributions for research in the cure of muscular dystrophy is Carl Caplin (left) shown above in the lobby of the Hotel Mayflower as Mrs. H. Phillip Barney, drive chairman for Plymouth, and Karl Sonderegger look on. Besides Sonderegger, Mrs. Barney is being assisted by Mrs. Perry Kriss, Mrs. Lovell Fulton, Mrs. William Rotarius and Mrs. Warren Markle of Farmington. Canisters have been placed throughout Plymouth for the drive which will end December 1. Mrs. Barney stated that 25 percent of the collections remain in Michigan and that all donations go to find a cure for the disease. Mrs. Ara Fehlig announced that the Plymouth Grange has earmarked \$50 for the drive and has adopted muscular dystrophy as its state project. This marks the first time a drive of this kind has been conducted in Plymouth.

SOCIAL NOTES

Mr. and Mrs. Miller Ross and daughter, Betsy attended the Nelson International open house at Ann Arbor on Sunday.

Mrs. Russell Dettling of Clinton, Mrs. Sed Donovan, Mrs. Levi LaVergne, Mrs. Patrick Dowling, and Mrs. Wilfred Thelen, all of Plymouth were luncheon guests last Thursday of Mrs. Murray Dailey in her home in Flushing.

The regular December meeting of the Ladies Auxiliary of the Ex-Service Men's club will be different this year in as much as the Ex-Service Men will honor their ladies at a dinner on that evening. Everyone is asked to keep open that date.

Circle 8 of the First Presbyterian church will meet in the Mimmack room on Monday evening, November 16 at 8 p.m.

Mrs. Peter A. Miller of Russell street left Wednesday evening to spend the winter in Lake Worth, Florida.

Mr. and Mrs. Norman Mahrley and children of East Ann Arbor trail, Mr. and Mrs. Rudolph Knaut of Wayne and Mr. and Mrs. Charles Themm of Kellogg street spent Sunday with Mr. and Mrs. Donald Themm in Romeo.

Mrs. Paul Wiedman of North Territorial road is entertaining the members of the "Green Thumb Club" at luncheon today, Thursday, in her home.

Mr. and Mrs. Barton Rogers were the Friday evening dinner guests of Mr. and Mrs. Miller Ross of West Ann Arbor road.

Mr. and Mrs. Lloyd England and children, Geraldine and John of Sunset avenue and Mrs. Jessie England spent Sunday with Mr. and Mrs. Walter Angel in Detroit.

Mrs. Laura McGorey spent Friday night with Mrs. Eva Herrick of Bradner road.

Mr. and Mrs. Miller Ross were guests last Saturday evening of Mr. and Mrs. George Conover of Blunk street at canasta and refreshments.

Geer school's annual Thanksgiving supper will be held at the Superior Township hall, located at the corner of Cherry Hill and Prospect roads at 7 p.m. on Thursday, November 19. Serving on the committee will be Mr. and Mrs. George Billings, Mr. and Mrs. Orville Dunson and Mr. and Mrs. C. C. Teasel.

Circle 6 of the First Presbyterian church will meet with Mrs. George Smith, 1436 Sheridan avenue, on November 19 at 1 o'clock. An auction is being planned and members are asked to bring either baked goods or some other item.

Joe Brake, a freshmen at the University of Michigan, spent the weekend with his parents, Mr. and Mrs. Charles Brake of Ann street.

Jim Gage of Clemons road will fly to Cleveland today, Thursday, to join his father and the two will return to Plymouth on Thursday evening.

Dr. and Mrs. John Olsaver returned to their home on West Maple avenue Monday after spending 10 days visiting their daughters and families, Mr. and Mrs. Sam Showalter of Wheaton, Illinois and Mr. and Mrs. J. R. Waltes of Catlin, Illinois.

Only Dodge in its price field brings you elegant

Jacquard
FABRICS

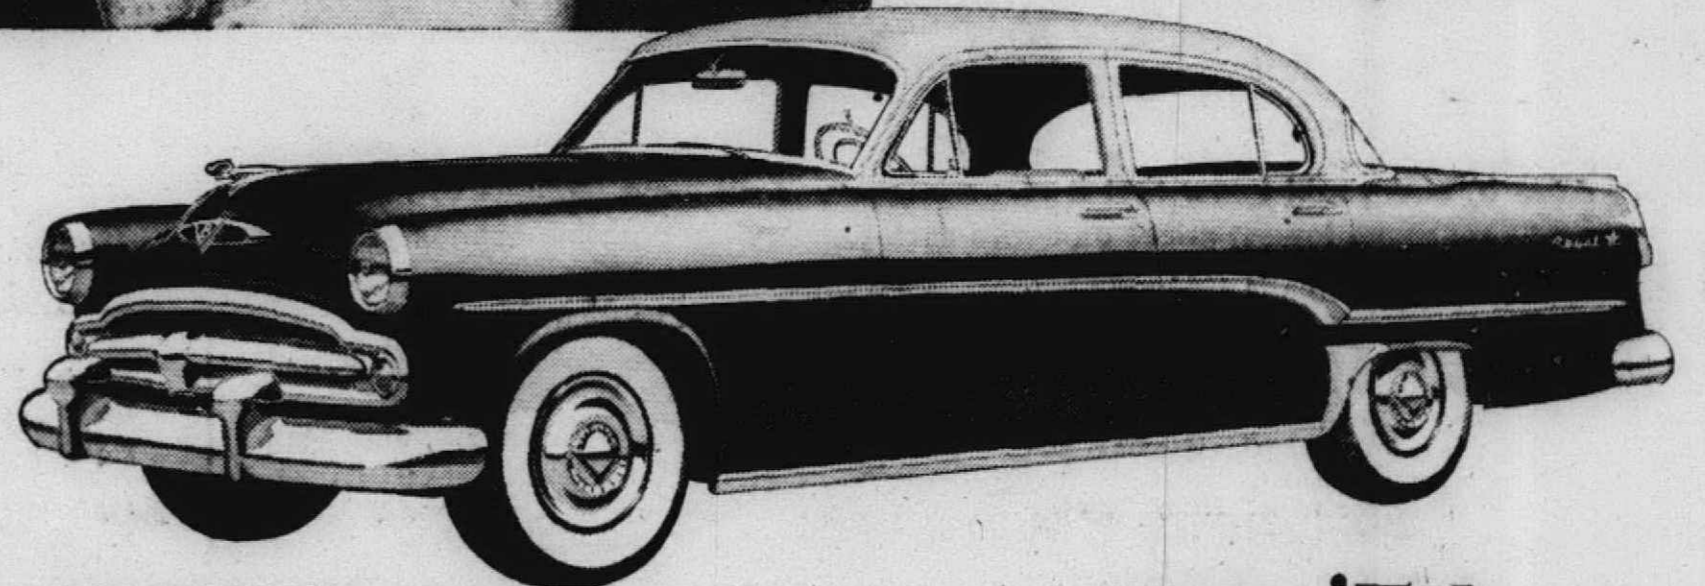

Now, for the first time in the medium-priced field, Dodge introduces the matchless elegance and luxury of stunning Jacquard fabrics!

Here in this brilliant new style-setter, you will find a blending of textures, patterns, and colors as warm and inviting as your own living room.

This is Jacquard—the exquisite fabric known for its use on the most beautiful of fine furniture and in the most expensive tapestries. Strong, durable, long-wearing and so easy to clean, Jacquard fabrics retain their lustrous beauty through the years.

The tasteful elegance of Jacquard fabrics is one of many exciting features in the new '54 Dodge. You'll find, too, gracious color-harmony interiors, and stunning new glare-reducing Satin-Tone instrument panel. Here, truly, is the most luxuriously appointed car you have ever seen . . .

...matched by more massive length and flashing beauty

New Dodge Royal V-8 4-door Sedan with stepped-up 150 h.p. Red Ram V-8 engine. Specifications, equipment, and prices subject to change without notice.

THE COUNTY FAIR AT SMITH SCHOOL turned into a very successful event with the help of the float which travelled around town advertising the annual fair. The Parent-Teacher association at Smith staged the event at the school on Saturday, November 7, for a capacity crowd. Money earned by the association is used for extra equipment for the school. The children who rode on the

float were, left to right, Anne West, Bobby Burcaw, Alan McAllister, Dick West, Richard Alford, Jerry Johnson, Kenny Burcaw, Martha McAllister, Mike Alford, Linda Baughman, Suzie Cutler, Nancy Burley, Susan Smith and Mary McAllister. Kenneth Burcaw broadcast the publicity.

PLY-MAIL PHOTO

Smith School County Fair Takes in Record Proceeds

The most successful County Fair in the history of the annual event was chucked up at the Smith elementary school, Saturday, November 7, when receipts totaled \$1502. Miss Ruth Eriksen, principal of the school, stated that expenses must yet be taken off the gross receipts. The fair is sponsored annually by the Parent-Teachers association

as the only money-raising project for the year. Proceeds are used to buy extra equipment for the school. Chairman of the event was Bob McAllister. He was aided by these committee chairmen: Mrs. Jean Wernette, gift shop; Phillip Barney, supper club; Louis Litscomb, pancake supper; Miss Bertha Anderson, apron booth; Mrs.

Adelaide McCabe, thrift shop; Miss Olivia Bell, pie walk; J. D. McLaren and Bill Clark, shooting gallery; Mrs. Florence Leyanna, garden shop; Mr. and Mrs. Arnie Pytkas, game room; Mrs. Earl West, cake walk; Herb Burley, country store; Mrs. Ted Johnson, fish pond; and Mrs. Jewell Bell, talent show.

The float, which toured Plymouth publicizing the event, was set up by Mr. and Mrs. Ted Johnson, Mr. and Mrs. Irvin Franklin, Mr. and Mrs. Garland Wright, Bob McAllister, Charles Wolfe and Herb Burley. Miss Eriksson said the increased proceeds were probably due to the fact they had more articles to sell than previously. Last year the fair brought in \$1100.

Local Hunter Holds Off Bears To Save Deer

Levi Lavergne helped his brother-in-law bring home his deer kill even though he had to stand off two quarrelsome bears to do it.

Lavergne, of 215 Adams street, was bow-and-arrow hunting with his brother-in-law, Louis Miron, near Perkins, Michigan in early October. Myron shot his twelve-point buck in the late afternoon, but his quarry dashed out of sight when hit. The men kept the shot was a fatal one, but they waited for about three quarters of an hour before looking for the carcass.

Lavergne and Miron were forced to follow the trail with the aid of a flashlight. A short distance away they found 2 bears engaging in a snarling fight over Miron's deer. Rather than try to fight off 2 bears with a bow and arrow they returned to camp and got an axe and another flashlight. Lavergne stood off the bear with the flashlights and the axe while his partner dressed the deer, which weighed in at 180 pounds. Little damage to the deer had been inflicted by the bears.

The deer was the first Miron had ever killed.

West Brothers Hear Nash President Speak

Attending a dealers' meeting in Detroit this week Alfred West, Bill West and Roy Hexcox of West Bros. Nash, Inc. heard George W. Mason, president and chairman of the board of Nash-Kelvinator corporation throw cold water on the rumored merger of Nash and another automobile "independent."

"Some writers are saying the only way the smaller producers (of automobiles) can survive is through merger. To this I say, ridiculous," stated Mason. He pointed to the growth of the company through 52 years of business and added that if any merger ever did take place it would "be in the best interest of Nash and Nash dealers." The West agency was recently cited for its sales record during the past year.

Northville Senior Class Plans Play

One of the most popular comedy successes in recent years has been chosen by the Seniors of Northville high school as their class presentation. This is "Dear Ruth," which regaled New York audiences for almost two years, another hit laugh show from the pen of Norman Krasna, author of many other audience favorites including "John Loves Mary." The Senior's production of "Dear Ruth" will open at the Wayne county training school theatre on December 2, and 3.

"Dear Ruth" tells of the confusion that ensues when 16-year-old Miriam Wilkens does her part in bolstering the morale of overseas servicemen by writing them long letters on subjects ranging from politics to poetry. But Miriam signs her older sister Ruth's name to her prolific correspondence and, never one to complicate matters with only halfway measurers, she also encloses photographs of her beautiful sister.

Here are two points to remember when you buy a car! . . .

CHEVROLET PRICES are the **LOWEST**

CHEVROLET VALUE is the **HIGHEST**

of any line in its field!

Chevrolet's thrilling "Two-Ten" 4-door sedan. With 3 great new series, Chevrolet offers the widest choice of models in its field.

See it, drive it, and you'll know that it alone brings you all these features of highest-priced cars at the lowest prices and with such outstanding gasoline economy!

You know, of course, that again in 1953 more people are buying Chevrolets than any other car.

And you also know that more people own Chevrolets today than any other make—it's ahead in total registrations by almost 2 million!

But would you like to know why this is true? Would you like to know what it means to you in terms of getting maximum motor car value? Then, come examine Chevrolet, and see for yourself.

You'll find, as so many others have found, that Chevrolet gives more fine features at lowest cost:

More beauty, inside and out, with the widest choice of body-types and colors in its field.

More driving thrills, with either of Chevrolet's two great high-compression Valve-in-Head engines!

More comfort, more road-stability and more safety with this stronger, heavier, longer lasting car!

More value throughout, when you buy, while you drive, when you trade!

Come in, confirm these facts to your own satisfaction, and you, too, will choose Chevrolet!

*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models. Power Steering and E-Z-Eye Plate Glass available on all models.

Fashion-First Bodies by Fisher. Extra-Easy Power Steering.* 115-h.p. high-compression engine in Powerglide models—108-h.p. high-compression engine in gear-shift models. Advanced Powerglide automatic transmission.* Largest brakes in its field. E-Z-Eye Plate Glass.* Safety Plate Glass in windshield and all windows of sedans and coupes.

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

Myrtle Labbitt to Speak at Ladies Night

Mrs. Myrtle Labbitt, renowned lecturer, writer, and radio broadcaster, will be the featured speaker at the Ladies' Night banquet put on by the Men's club of the First Methodist church. The event will be held Thursday, November 19 at 6:30 p. m. at the church.

Mrs. Labbitt has done radio work for 21 years, 18 of these with station CKLW. She was formerly household editor of the Detroit News. Mrs. Labbitt has written numerous articles and stories for newspapers and magazines.

She is a member of the American Association of University Women, Theta Sigma Phi, national journalism fraternity, Zonta International, an international organization of executive women, Women's Advertising club of Detroit and the American Women in Radio and Television.

Mrs. Labbitt has delighted her audiences with her talks on "A Swede without Reservations," in which she details her trip to Europe. The talk concerns her trip to the Scandinavian countries where she represented the Michigan Division of Women's National Farm and Garden association at the Triennial Convention of Associated Country Women of the World at Copenhagen, Denmark.

Serving as a delegate to three national conferences, Mrs. Labbitt has been sent to Copenhagen, to Amsterdam, Holland, and to Toronto, Canada.

Her home and family come first, states Mrs. Labbitt. She has two married daughters and a third who is majoring in speech at Michigan State college.

Myrtle Labbitt

Record Crowd Attends Optimist Teen-Age Dance

A crowd of 110 young people turned out for the Optimist-sponsored dance held last Saturday, November 7, in the high school, announced Ray Viau, activities chairman. Vern Dierdick and his band provided the dance music.

The Optimists hold these dances every other Saturday, with the next one scheduled for Saturday, November 21. The dance lasts from 8:30 to 11:30 p. m.

Grange Gleanings

The Grange meeting of November 5 was an especially good meeting. A large crowd was there for the bountiful supper. All the tables were filled so some had to eat out in the kitchen.

There were 14 candidates who received the first and second degrees and there are still two more who should have come but for some reason were not there. The third and fourth degrees will be conferred at a later date. All the candidates are urged to be present at the meeting of November 19.

The "Country Fair" is coming along in fine shape for tomorrow so do not miss it. Perhaps a list of the chairmen of the various booths may bring an added attendance. Baked goods, Mollie Tracey; candy, Louise Hutton; fancy work, Ethel Grammel; agrons, Anna Chappel; fish pond, Angie Blunk; parcel post, Margaret Groth; country store, Jessie Vealey; leather goods demonstration, Kenneth Lienn. Refreshments are in charge of Milly Rieinas and Hilda Lunn. Louise Tritter has cards and Christmas wrapping.

There were about the usual number who attended the Lily club on Monday evening at the hall. Mr. and Mrs. Arthur Blunk, Mr. and Mrs. Will Grammel and Mr. and Mrs. Tom Gardner were hosts for the evening.

The law becomes somewhat confused when it depends upon the opinion of a single man.

The profession of the disk jockey is about 25 years old.

Choose Leading Lady for Theatre Guild Production

Libby Neal Curtner has been selected to play the feminine lead in the Theatre Guild's production of "Lo and Behold" on December 2 and 3 in the Plymouth high school auditorium. Mrs. Curtner, a newcomer to the Theatre Guild, is a professional model, a former "Miss D. S. R." and queen of the Michigan Shoe Fair of 1953.

The play by John Patrick has a comedy plot which involves a former model, turned cook, played by Mrs. Curtner. It seems that a Nobel prize winner has lived for years on a diet that favored his ailing heart. His will is made out to divide his estate among a young doctor, Harvard Law School and to perpetuate his home as a sanctuary for his spirit. With this safely taken care of, he eats a sumptuous meal and dies happy.

From this point complications develop when the spirit of the writer discovers his sanctuary is also inhabited by a Southern belle, an Indian girl and a frustrated composer.

The complete cast of "Lo and Behold" will be announced in a later issue.

Thomas Corey Wed Recently in Germany

Mr. and Mrs. Kenneth Corey of West Ann Arbor road have received word of the recent marriage of their son, Thomas Spencer Corey to Miss Elizabeth Francis of Redondo, California.

The marriage was performed in the church at Karlsruhe, Germany at seven o'clock in the evening on November 7 following a civil ceremony earlier that day, a requirement in Germany.

Miss Francis flew from California to New York and then to Germany arriving there on November 4. Tom is stationed in Karlsruhe with the United States Army.

Rainbow Girls Hold Instruction Meeting

There will be a meeting Monday night, November 23 at 8 p. m. at which time instruction will be given by a state instructor on ritualistic work.

A bake sale will be held on Saturday, November 14 in the S. S. Kresge store. All members are asked to bring baked good donations to the Masonic temple or the door as early as possible. There will be cookies and fried cakes, fresh from the oven all morning. Members who are able to, are requested to help in the Masonic kitchen.

SOCIAL NOTES

Guests last Friday evening of Mr. and Mrs. Lloyd England of Sunset avenue were Miss Donna Bridge, William Vollmer and Mrs. Jessie England.

Mr. and Mrs. Glenn Fraleigh of Gold Arbor road will be the dinner guests Sunday of Mr. and Mrs. George Mauer in Detroit.

Mr. and Mrs. Valbert Groth of Highland, Illinois were weekend guests of their parents, Mr. and Mrs. Albert Groth of North Harvey street.

On Sunday evening Mrs. Howard Bowring of Bradner road and Mr. and Mrs. Joseph Boring and son, James of Keego Harbor were guests of Mr. and Mrs. John Boring of West Seven Mile road.

Mrs. Laura Lickfeldt, who is confined to St. Joseph's hospital, Ann Arbor is improving nicely at this time.

Robert Lewis, Dean of Men at Butler University, Indianapolis, Indiana, was the guest Sunday of Mr. and Mrs. Carl Hartwick and daughter, Mary Lou of Northville road.

In the first monthly "Winners Game" of the Detroit area duplicate bridge association held on Sunday, November 1, at the Detroit Leland Hotel, Plymouth, and Ann Arbor took top honors. The north-south winners were Foster Calahan of Sunset avenue and his partner Dean Carron of Ann Arbor. The east-west team was a pair from Ann Arbor.

Mrs. Forest Landis of Muskegon, sister-in-law of Mrs. Conrad Olson of Brownell street, entered University of Michigan hospital on Tuesday morning.

James D. Burris, son of Mr. and Mrs. Fay Burris of Portis street, has joined the Navy and left Plymouth on November 3, for Great Lakes Naval Training station. Jim is a graduate of Plymouth high school.

Mr. and Mrs. Perry Hix of Warren road spent Sunday with Mr. and Mrs. Irving Tillotson in Milford.

Mr. and Mrs. Stanton Klink of Adams street spent Sunday with Mrs. Steve Baker in Adrian.

Scouts of Troop P 4 are starting to make their wreaths for their annual Christmas wreath sale.

Mr. and Mrs. William Walton of Detroit spent Sunday with Mrs. Walton's parents, Mr. and Mrs. William Martin of Blunk street.

Mr. and Mrs. Robert Minock of Ross street will enjoy dinner and the theatre Friday evening in Detroit in celebration of Mrs. Minock's birthday.

Mr. and Mrs. Alfred Burgett of Deckerville have been guests the past week of Mr. and Mrs. Floyd Burgett, Mr. and Mrs. Lawrence Burgett and Mr. and Mrs. William Michael.

Mr. and Mrs. Howard Bowring of Bradner road and Mr. and Mrs. Howard Knight of Monroe were dinner guests on Saturday evening of Mr. and Mrs. Frank Danek in Monroe in celebration of Ronald Danek's seventh birthday.

Mr. and Mrs. Stanford Besse have returned to Plymouth after a combined business and pleasure trip which took them to New Orleans, Louisiana where Mr. Besse attended a convention and then traveled on to Jamaica where they spent a leisurely week vacationing.

Mrs. Henry Liverance celebrated her birthday last Monday with a luncheon for a group of friends in her home on Schoolcraft road.

Mr. and Mrs. Carl Cowgill and Mr. and Mrs. Jack Neal returned to Plymouth Saturday after a three weeks vacation in Florida.

Mrs. Austin Whipple of Penniman avenue is confined to Ford hospital, Detroit where she is undergoing treatment.

Alexander of Plymouth, Mr. Wickens and Rotary president Lewis Goddard.

V.F.W. News

The smorgasbord dinner was a huge success. Approximately 700 dinners were served Sunday, November 8. Despite the bad weather, a combination of snow and rain, the people came from Detroit, Birmingham, Dearborn, Livonia, Northville, Wayne, Ann Arbor, Ypsilanti, and South Lyon to enjoy the fine food. The Auxiliary worked as one well-organized unit. Compliments by the score were received on the wonderfully prepared food and the prompt service. Betty Marquis, general chairman, and Madelyn Hartford, co-chairman, wish to take this opportunity to thank all the Post and Auxiliary for their complete cooperation in this "best yet" annual event.

Girls, remember, our next meeting, November 17, is going to be "Inspection Night". Let's have an especially good attendance.

The Post is holding a juke box dance for the entire membership of the Post and Auxiliary, November 14, starting at 8 p. m.

Plymouth School NEWS

OFFICERS OF THE FUTURE HOMEMAKERS CLUB got together last week to plan the club's activities for the coming year. The group, an active one in the high school, is advised by Mrs. W. I. Ross. Seated, left to right, are secretary, Eleanor Skaggs; Mrs. Ross; vice-president, Joan Redd; president, Madeleine Jones; and treasurer, Carlene Luker; standing are Mary Ortmann; song leader, Dorothy Sue Mandt; and parliamentarian, Jean Polley.

Joan Redd Gets Office In Region

Joan Redd, a junior in Plymouth high school, was elected and installed as the regional vice-president of the Future Homemakers of America Club at Mount Clemens high school on Saturday, October 31. Joan invited the members to have the regional meeting at Plymouth next year. The invitation was accepted.

were talks given by Doris Shea, the Macomb county home demonstration agent, by Sister Gertrude Claire, dietician of St. Joseph hospital, by Thelma Graper, assistant state F. H. A. advisor, and Pat Mientkewing, who reported on the national convention of the club which was held at California. Also featured was a talent show, group singing, and a fashion show.

Those attending the meeting from Plymouth were Betty Bondi, Marilyn Brown, Eva Deace, Alma Ferguson, Phyllis French, Nancy Hopper, Karlene Hornback, Jackie Johnson, Brenda Lickfield, Pat Onuske, Mary Ortmann, Fay Parmenter, Ruth Perry, Paula Prather, Jean Polley, Joan Redd, Carol Zander, Mrs. Helen Ortmann, and Mrs. Jean Ross.

Junior and Seniors Tie For All-A's

Tied for first place on the All-A honor roll are the juniors and seniors. The junior all-A students are Mary Lou Fishbeck, Glenna Merillat and Dorothy Thomas. The seniors with all-A's are Lynn Becker, Eric Eklund, and Kay Ingram. Clara Bollinger is the only all-A student in the tenth grade.

Ghee, Chuck McKenna and Glenna Merillat. Completing the junior honor roll are Robert Middleton, Sally Morgan, Anita Mosher, Jane Nulty, Charlene Paugler, Joanne Preston, Karen Rossow, Rose Rotarius, Carol Schauffele, Susan Simpler, Mary Ellen Sparks, Pat Strong, Dorothy Thomas, Nancy Travis, Marilee Watson and Kay Zarn. On the tenth grade honor roll are Lois Albright, Shirley Andrews, Hal Becker, Barbara Mae Blanton, Clara Bollinger, Marjorie Byers, Mary Phyllis Carr, Patricia Clifford, Alisande Cullter, James Dyer, Mary Lou Foote, Valois Fry, Linda Fulton, David Grow, Patsy Gyde, Lee Huber, Barbara Kahler, Anita Kenter, Ardythe Knipschild, Donna Kohler, Alvin Kolak, Virginia Larkin, Gail Mason, Suzann Millington, Geraldine Mohr, James Parady, Pieter Schipper, John Small, Barbara Smith, Raymond Siggarelli, Larry Taylor, William Taylor, Stephen Verish, Nancy Vincent.

line Booth, Connie Chiles, Carol Clarke, Robert Cloar, Emily Cutler, Susan Daly, Eva Deau, David DeCoster, Janice Depki, Louise Diedrick, Harold Douglas, Sharon Egloff, Betty Finney, Patricia Forster, Marilyn Fry, Kathleen Greenlee, Kenneth Gregory, Ann Goodard, James Hardiman, Patricia Hawk, Jerry Heral, Fred Heidt, Janice Holladay, Jerry Hotchken, Jim Houk, Wayne Huber, Barbara Johnson, Dale Jones and Eileen Kelly. Completing the ninth grade honor roll are Robert Kemnitz, Connie Killingworth, Jerry King, Sally Kowalcik, Robert Laible, Arthur Losse, Carlene Lucker, Julia Nading, Louis Packard, William Patten, Robert Paugler, Paula Prather, Lura Puckett, Joyce Sackett, Eleanor Skaggs, Wesley Smith, Maitin Strassen, Priscilla Strong, Clifford Tait, Charles Thario, Semeth Thompson, Judy Van Wagner, Judy Van Wagner, Judy Veresh, Mary Louise Ward, Karl Weihman, Charles Westover, John Williams, Sally Williams and Alice Willis.

On the senior honor roll are the following students: Janice Anderson, Lynn Becker, Marilyn Bowbyl, Carson Coonce, Vern Diedrick, Eric Eklund, Inez Enterline, Beverly Goodale, Leola Hanes, Maxine Harrison, Carolyn Hill, Nancy Hertz, Doris Honey, Kay Ingram, James Isbister, Sharlene Johnson, Beverly Kehler, Jerry Kelly, Gayle Lietz, Barrie Lightfoot, Dorothy Mandt, Alice Miller, Patricia Oaks, Howard Olford, Charles Oliver, Jacqueline O'Neill, and Dean Palmer.

On the ninth grade honor roll are the following students: Judy Ash, Shirley Austin, George Ann Bauer, Joan Becker, Jacqu-

The chief obstacle to getting an education in this day and age is finding a place to park.

Journalism Students Plan Newspaper Trip

Members of the third hour journalism class under the direction of Miss Elizabeth McDonald will visit the Detroit Times building in Detroit on Tuesday, November 17. The class will leave the school at approximately 8:30 a.m. and will arrive at the Times building about 9:45. The tour will take about one and one-half hours in which time they will see the photography, editorial, engraving, composing, stereotype, press and shipping departments.

Students touring the paper will receive a paper "hot off the press" and a booklet containing facts, figures and photographs of the Detroit Times operations.

Organize New Photography Club At High School

The high school Photography club held an organizational meeting Tuesday, November 3, with the election of officers being held. First president of the new club is Paul Rimer with Kenneth Ray as vice-president. Dale Houghton as secretary and treasurer, Lloyd Johnson.

Altogether the club is composed of seven members with Robert Smith, physics and chemistry teacher, as advisor. The club will meet every Tuesday noon.

After the meeting the members took stock of their dark room and found they needed hypo, developer, acid fixer and printing paper.

Senior Class to Present "I Love Lucy" On Friday Evening

by DORANNE WILSON
When the curtain rises in the high school auditorium Friday, November 13, on the senior play, "I Love Lucy", the audience will be treated to some hilarious comedy with Lucy and Ricky Ricardo. Miss Louise Spence will direct the production.

The play centers around Ricky's wish to become the manager of the Copa Cabana. To obtain this job he tries to prove to the owner, Mr. Littlefield, that he is capable and would be a good man for the job. As would be expected, Lucy and her cohort, Ethel Mertz, are up to their old antics and almost ruin his chances.

Cast in the leading roles are Jim Isbister and Joyce Cook as Ricky and Lucy. Other members of the cast are Ethel Mertz, Kay Ingram; Fred Mertz, Ferris Mills; Peggy Dawson, a teenager, Margaret Burr; Arthur Morton, Peggy's boyfriend, Hugh Daly; Miss Whiting, a photographer, Betty Bowden; Mr. Littlefield, Ricky's boss, Edwin Rossow; Mrs. Littlefield, Ann Sumner; Joe, a delivery man, Melvin Sawyer, and extra delivery men.

Chosen as co-chairman for the play were Howard Oldford and Doranne Wilson. Working on the various committees are: publicity, Bud Garchow, chairman, Dean Palmer, Dick Root and Dick Wasko; props, Gayle Lietz and Walter Abate, co-chairmen, Ted Byers, Carl Galla, Dick Lomberg, Ken Kisabeth, Jim Bage, Dick Wallace, Fred Benson, Dave Lea, Wally Rush and Jim Smith; tickets, Lee Haines,

PRACTICING FOR THE SENIOR PLAY must be a lot of fun to judge from the expressions of the members of the cast of "I Love Lucy." The group is now in the final stages of rehearsal for the play to be put on tomorrow night, November 13, in the Plymouth high school auditorium. Ricky is shown here giving a smug-looking Lucy a talking to while other actors look on. The cast is, left to right, Ferris Mills, Betty Bowden, Melvin Sawyer, Jim Isbister, Margaret Burr, Joyce Cook, Edwin Rossow, Kay Ingram, Hugh Daly and Ann Sumner.

chairman, Jerry Kelly, Gary Gothard, Joe Signorelli, Bev Goodale, Ken Kisabeth, Marilyn Bowbyl, Beverly Buchanan, Jackie O'Neill, Shirley Zimmerman, Sam Battle, Donna Read, Brian Kidson, Jean Polley, Jeanine Tidwell and Fred Benson;

make-up, Susan Simmons, chairman, Shirley Carter, Irene Anderson, Bea Robertson and Roger Ingall. Ushers for the evening will be Pat Lidgard, Inez Enterline, Jean Stapleton, Gayle Lietz, Marilou Truesdell, Barbara Campbell,

Beverly Buchanan, Sarah Leet, Jackie O'Neill, Wanda Gillingham and Doranne Wilson. Music will be furnished by Vern Diedrick's orchestra with Sara Leet as soloist. Bob Willoughby will serve as master-of-ceremonies with Luree Merillat as prompter.

Lists Party Rules For Junior High

"Exactly what are the rules for parties held among junior high students?" parents of junior high school children have been asking. A committee of the Plymouth junior high Parents-Teacher-Student association has this to say:

A minimum of two parents and two teachers must be in attendance as sponsors at all parties. All of the affairs begin at 7:30 p. m. and end at 10 p. m.

The committee adds that students must remain in the building from the time they arrive until the affair is over. If a student is to leave before the event is ended, parents are to notify Mrs. Pauline Morgan.

A fee of 30 cents is charged each student to defray the cost of decorations, music, films and other expenses. Money remaining after expenses will go into the general fund of the junior high school.

It is interesting, sometimes, to hear a man speak frankly about his own excellence.

Community Fund Drive Falls Short In High School

Missing the goal by \$112.48 the Community Fund drive in Plymouth high school closed on October 28. After a three-day drive with a goal of \$500 the students had raised only \$387.52. The top-contribution class turned in \$51.36, with a ninth grade class bringing in \$35.54. The study hall of 130 students came in third with \$29.94.

The drive started in the high school on October 26 with money being collected in first hour classes. A thermometer to record the progress of the drive was placed where it could be seen by all in the first floor hall to remind the students to give.

NEWEST PLYMOUTH PASTOR is Senior Major Harliff Nicholls who is shown above inspecting the Plymouth Salvation Army Citadel where he was assigned two weeks ago. Senior Major and Mrs. Nicholls came to Plymouth from Oscoda where they served the past two years as heads of a Red Shield servicemen's club for the Werts Smith Air Force Base. During his 30 years in corps work, Major Nicholls has spent most of his time in various Wisconsin corps along with several posts in North Dakota and Minnesota. Both Major and Mrs. Nicholls are natives of Ironwood, Michigan. Major Nicholls will reach the corps retirement age in about six years.

OBITUARIES

Katherine C. Gronowick

Mrs. Katherine C. Gronowick who resides at 736 Church street passed away Thursday afternoon, November 5 at the age of 50 years. She formerly resided in Garden City and Detroit.

Surviving are her husband, Theodore G. Gronowick; her son Donald of the U. S. Air Force and her daughter, Miss Patricia Gronowick of Plymouth; also surviving are her mother, Mrs. Mary Szopa of Detroit; her four sisters, Mrs. Anna Klamerek of Detroit, Mrs. Frances Macek of Dearborn, Mrs. Rose Wrobel and Mrs. Stella Pakrywka, both of Detroit; her three brothers, John Szopa of Wayland, Michael and Eugene Szopa, both of Detroit, other relatives and many friends.

Mrs. Gronowick was a member of Our Lady of Good Counsel church; the Altar Society; the Rosary Society, and the Plymouth Garden club.

Funeral services were held Monday, November 9 at 9:30 a. m. from Our Lady of Good Counsel church. Requiem High Mass was celebrated by the Reverend Father Francis C. Byrne. The rosary was recited Sunday evening, November 8 at 7:30 at the Schrader Funeral home. The pallbearers were Henry Lorenz, Jack Gillies, Jr., Al Pilon, Roland Francis, Tage Gulbrandson, and Ralph J. Lorenz.

Entombment was made in Holy Sepulchre mausoleum.

Elizabeth A. Fine

Funeral services were held Wednesday, November 11 at 1 p. m. from the Schrader Funeral home, for Mrs. Elizabeth A. Fine, who passed away suddenly, Sunday afternoon at her home at 34118 Richland avenue, Livonia. She was 41 years of age.

Surviving are her husband, Carl Fine; two daughters, Mrs. Frank Coopersmith and Miss Katherine Fine of Livonia; and one son, Private William Fine of Fort Knox, Kentucky, with the U. S. Army. Also surviving are her mother, Mrs. Mary Beck of Hazel Park; three brothers, Henry Beck of Plymouth, John Beck of Ortonville, and Thomas Beck of Hazel Park; two sisters, Mrs. Rose Sheldon of Royal Oak and Mrs. Mary Slinger of Long Beach, California; other relatives and many friends.

Mrs. Fine was a former resident of Detroit and for the past 17 years has lived in Livonia. She was a member of the Elm Baptist church in Livonia.

The Reverend John Nirdlinger officiated. A hymn was sung by Mrs. Ethel Nirdlinger, accompanied by Mrs. Edna Richardson. Hymns were rendered on the organ by Mrs. Edna O'Conner. The active pallbearers were

Emery Fine, Thomas Beck, Thomas Kettle, John Beck, Gerald Sheldon, and Philip Longley. Interment was made in Oakland Hills cemetery.

SOCIAL NOTES

Mr. and Mrs. Roy Leemon of West Ann Arbor road will leave this weekend for a hunting trip into the upper peninsula. Next weekend they will return to their ranch near Cadillac where they will be joined by their son, Peter, his roommate at the University of Michigan, William Mills of Lansing; Richard Huebler, Ronald Ryhus, William Moore and Ralph Wagenschultz, all of Plymouth, former classmates of Peter.

Mr. and Mrs. Frank Terry will be hosts to the members of their canasta club at dinner and an evening of cards Saturday in their home on Union street. Guests will be Mr. and Mrs. Ralph J. Lorenz and Mr. and Mrs. A. K. Brocklehurst.

The Reorganized Church of Jesus Christ of Latter Day Saints are having a roast beef dinner tonight, Thursday at the Masonic Temple. They will serve from 5 to, 8 p. m.

The Ladies Auxiliary of the Ex-Service Men's club will meet for lunch on Friday, November 20, with Mrs. George Gottschalk on Kellogg street.

Mrs. Henrietta Burch, Mrs. Jake Brinks, Mrs. August Schultz and Perry Hix attended the Farm Bureau Women's meeting in Lansing on Wednesday.

Mr. and Mrs. Carl Hartwick of Northville road and Mr. and Mrs. Maynard Mott of Cranbrook were Sunday evening supper guests of Mr. and Mrs. Milton Mott of Ypsilanti.

Ford Women Hold Dinner Reunion

About 150 women employees of the Phoenix branch of the Ford Motor Company met for dinner at the Masonic Temple on November 5. Among those present were women who worked at the Phoenix plant when it opened in 1922 down through the years to those who are working at the Phoenix branch now.

During the dinner the group was entertained with selections by Louis Ribar's musical ensemble and several vocal solos.

Group singing was led by Dolly Bouterse.

The women are planning another dinner meeting early in November of next year.

The 1953 sugar production in Cuba will be restricted to 5 million Spanish long tons (2,271 pounds each.) The Cuban government is enforcing the measure in an attempt to keep up world sugar prices.

THE COST OF LIVING MAY BE UP BUT YOUR HEATING COST COMES DOWN

WINKLER LP

*LOW PRESSURE OIL BURNER

Are you supporting an oil-hog in your basement? Get rid of it now—put in a Winkler LP. You'll save up to 50% in oil—cut service costs—enjoy the most carefree heating you've ever known. Here's what owners say—

I saved 40%
"At last I am completely satisfied with oil heat. The day my burner went to pieces, I felt quite badly, but now I can see it was really a lucky day. After you installed a Winkler LP Burner, and I saw what it would do, I wouldn't be without it. Why should I, with a saving this year of 40%?"
Mrs. Shirley Hill, Portsmouth, N. H.

Costs less than hand-fired coal
"Last winter, the Winkler Oil Burner required only \$125.64 worth of oil and in previous years we burned nine to ten tons of coal at \$17.50 per ton. I will certainly recommend this oil burner to anyone desiring trouble-free and economical heating."
Harry J. McGill, Middletown, Pa.

Dr. Henry Walch Shows Slides To Woman's Club

Dr. and Mrs. Henry J. Walch showed slides of their Holy Land trip to members of the Plymouth Woman's club at their Friday meeting. Both Dr. and Mrs. Walch provided the narrations for the pictures.

The slides concentrated on Palestine and the Mediterranean countries. Views of Egypt were discussed by Mrs. Walch.

Margaret Ann Burr, local high school girl, told members about her stay at Stockwell hall at the University of Michigan from June 16 to 24. Margaret was sent by the club to the annual Girl's State.

Program chairman for the meeting was Mrs. Peter Miller, with Mrs. George Chute as tea chairman.

The club's next meeting will be held on December 4 for the Christmas program and guest day event. Mrs. Agnes Pauline will entertain with a Christmas story.

Rebekah News

Past Noble Grands will be the honored guests at the regular meeting on Friday, November 13. All members are urged to attend.

Novi Rebekah lodge's degree team will be present to put on the initiation that evening. They do a lovely job. Do not miss it.

There will be a supper Friday, December 4, served family style. It will be put on for the public. Keep this date in mind. The Rebekah ladies are known for their delicious cooking. Time, price and menu will be announced later.

All who joy would win must share it—Happiness was born a twin.
—Byron

IT'S TRADE-IN TIME FOR A BETTER DEAL
Want top allowance on your present car? See us this week for a deal that will raise your pride. Now is your chance to drive a moneysaving bargain.

It raises your pride and races your pulse

YOU feel it the moment we turn over the keys to you.

You now own the handsomest "hardtop" around—a Buick Riviera—and the warm glow goes all through you.

But not alone for the racy beauty of the car.

You feel that prideful surge, too, from the fact that here you bought yourself a whale of a lot of automobile—a whale of a lot of room and power and soft luxury and ride steadiness—for a lot less than you expected.

For the automobile pictured here is a Buick SPECIAL Riviera—which means it delivers locally for just a few dollars more than the "hardtop" models of the "low-price three."

But it's only when you drive away in your bounteous new beauty that the real thrills begin and the satisfaction deepens...

When the highest Fireball 8 power in Buick SPECIAL history whispers away the miles with effortless ease...

When Twin-Turbine Dynaflo* gives you instant getaway response with silken smoothness, and the Million Dollar Ride levels every inch of your way...

When the deep wide seats cradle you in spacious comfort and the great glass areas give you visibility practically unlimited.

Surely you ought to look into this great Buick that's so prideful to own, so thrilling to drive, so easy to buy. We'll be happy to arrange a sampling. Can you visit us this week?

MILTON BERLE stars for BUICK—in the Buick-Berle Show on TV Tuesday evenings. Also, every Saturday, tune in The TV Football Game of the Week—a "GM" Key Event

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

THE GREATEST BUICK IN 50 GREAT YEARS

Oakman Reports on Accomplishments, Hopes of 83rd Session of Congress

SOME OF THE LOCAL REPUBLICAN LEADERS who were guests of Congressman Charles Oakman at a luncheon at the Hotel Mayflower last week are left to right: Perry W. Richwine, Harry Mohrmann, Edwin Schrader, Myrn Smith, Carl Shear, Congressman Oakman, Donald Sutherland, John Dayton, Sterling Eaton and Paul Wiedman.

What was found when the 83rd Congress convened last January, what the 83rd Congress accomplished and what it must accomplish next year, was discussed by Representative Charles G. Oakman when he spoke before a group of Republican leaders in the Mayflower hotel last Thursday noon.

In opening his address, the congressman revealed that no Republican senator and only 11 Republican representatives have ever sat in Congress with a Republican president in the White House. He then went on to tell of other discoveries made by the 83rd session of Congress.

"It is larger than the 50 largest corporations combined; there are two and a half million federal

employees in the United States and two-thirds of a million outside continental U. S.; there is a federal debt outstanding of approximately \$272.5 billions of which 54 per cent will be due and payable in two years and 75 per cent in five years.

"There are \$81 billions in C. O. D. contracts outstanding and no money to pay for them; spending exceeds income by approximately one billion dollars a month; there is a current deficit of about \$9.3 billions; farm prices have been dropping steadily for two years, a net loss of 15 per cent in two years.

"Subversives are in nearly every department and establishment of the government; influence peddlers brazenly operate with payoffs to government officials, even in the justice and treasury departments; waste, extravagance and profligate spending are the seeming order of the day.

"And last but not least," Congressman Oakman declared, "we found an undeclared war in Korea that had been waging for nearly three years with no apparent desire to achieve victory and an ever-constant shortage of ammunition."

The representative then told his audience what had been done since January 20, 1953, when the Republican administration took office. "Through the initiative of the president, the Congress knows the president and he, in turn knows the individual members. The fruits of the president's labors in this regard became more and more apparent as the first session of the 83rd Congress drew to a close. When the Ike team assembles again in Wash-

ington in January, it will be an experienced team that will take the field.

Oakman then told that there is a new Hoover commission already in the field which is working for the elimination of agencies or their merging. Hundreds of thousands of employees have already been relieved from federal payrolls here and abroad, he added. Concrete steps have also been taken toward funding the federal debt over a long period of years instead of having great sums fall due over a matter of months.

"A courageous and successful start has been made toward coordinating appropriations with the delivery dates of defense and other normal purchases," Oakman continued. "Under strict surveillance of the White House and the Bureau of Budget, waste and extravagance has been and is being eliminated at every level and in every agency of the government. Spending is being reduced to meet income as rapidly as possible without jeopardy to our accelerating defense program."

He also predicted that a balanced budget is in sight but will be difficult because of the huge tax decreases scheduled for 1954 such as the excess profits tax, individual income taxes, excise tax, and corporation tax. He explained about the eliminating of many controls and expressed his confidence that in a short time all security risks will be weeded out.

"From May 27 to September 30, there have been 1,456 federal employees dropped for security reasons," he stated. The removals represent action on only about one-fourth of the security investigations now under way. The FBI is enthused by the backing it now has and is moving swiftly. At-

torney General Brownell has struck swiftly and ruthlessly at any and every sign of graft or corruption anywhere by anyone in the federal government."

In concluding his address, Congressman Oakman set forth 12 "musts" on what should be accomplished when the second session of the 83rd Congress convenes in January. The 12 points were:

"1. Make our economy strong and sound; it must be based on truths and not on disproved socialistic and Marxian nostrums. 2. We must continue to make every sincere and honest attempt to balance the budget. 3. We must do everything possible to encourage home ownership and provide decent housing for all of our people. 4. We must continue to eliminate waste and extravagance and practice enlightened economy.

"5. Taxes must never be levied for the sake of taxing but only to serve the legitimate needs of the people. 6. We must get more mileage out of the tax dollar.

7. We must build a modern system of interstate highways to

serve the economy of the nation in peacetime and for its defense in time of war. 8. We must build our defenses so strong that no enemy will dare attack us.

"9. We must supply hope and leadership to the free world everywhere. 10. Our government must serve all of the people of the nation equally and with the same formula. We must cease playing one section of the nation against another for the economic or political gain of the one at the expense of the other. 11. Joint participation with Canada in the construction and operation of the St. Lawrence waterway. 12. Increase our foreign trade with other free nations, probably through a long-term reciprocal trade agreement."

Defense preparations are much less expensive than reparations.

It's *WHERE* you buy a used car that counts!

When you can trust the dealer who sold you a used car, you can trust the car.

The next question, then, is: Who can you trust most?

We Ford Dealers are established business men with large investments at stake. Our business reputation depends on every business transaction—whether it is a new car sale, a used car sale or a service operation.

We want your used car business, and some day we hope to sell you a new car or another used car. And we want your service business, too!

"But," you say, "granted that you Ford Dealers have

reputations to uphold, granted that your mechanics and service facilities make it easier to put your used cars in good shape—how do you compare in price?"

Let us give you some facts and the answer will be obvious. Ford Dealers handle used cars and trucks as a service to customers who trade them for new cars. When we get overloaded with trade-ins, our capital is tied up. Like everyone else, we have to pay our bills. So we must always offer used cars at rock-bottom prices to keep things moving.

We don't have to make much of a profit on used cars, but we do have to keep moving them out to make room for more trade-ins on '53 Fords.

These are the plain facts... and when you see the wide selection of fine makes and models we are taking in trade, you're bound to agree that the best place to buy a used car and truck is at your Ford Dealer's.

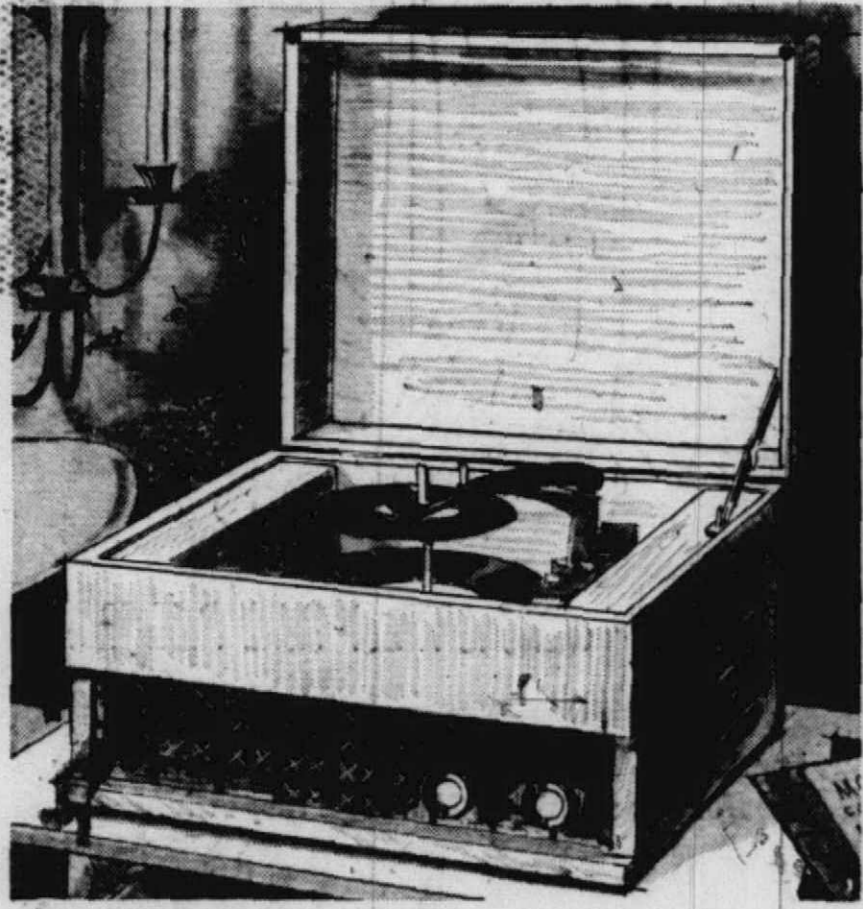

You can trust your **FORD DEALER'S** **A-1** **USED CARS** and TRUCKS

Lecturer Holds Power of God Lifts Problems

Solution of individual and collective health, social, and economic problems is available right at hand — and can be achieved in the degree that God is acknowledged and understood as infinite good, the only power and presence. This was the message of practical Christianity given by Mrs. Grace Jane Noee of Chicago, Illinois, in a public lecture delivered here Tuesday night, November 10.

In this region as a member of The Christian Science Board of Lectureship, Mrs. Noee lectured under the auspices of First

Church of Christ Scientist Plymouth in the church edifice. Mrs. William L. Montford, Second Reader introduced her. The foundation of Christ Jesus' mighty healing ministry, said the lecturer, was the demonstrable understanding of the allness and supremacy of God. The same divine Truth illustrated by the Master is available and operative today to heal and help him who turns to God understandingly for solution of today's problems. Mrs. Noee told a large audience. Speaking on the subject "Christian Science: Its Premise and Its Practice," Noee declared that today's world problems have their origin in age-old misunderstanding of God — of His plan, purpose, and intention for His children.

They are the result, she said, of "undisciplined thinking — of false belief entertained, not rejected — the effect of fear and hatred and greed." The remedy for these problems, she said, lies in radical obedience to the inspired Word of the Bible — in the acknowledgement of God as "the only cause, the only creator, the only presence, the only power."

"Standing on the premise of the allness and supremacy of God," she declared, "we shall be able to heal individuals and nations; we shall heal ruptured friendships, unnatural habits and appetites."

Mere belief in God's presence and power must be replaced with actual understanding and demonstration of His supremacy, the lecturer stated. This is demanded by practical Christianity.

"Christian Science sticks to its text that God is the only cause, the only real presence and power, and it rejects all other theories of creation, of cause and effect," Mrs. Noee said. She added that in maintaining its cardinal point that God is the only cause, Christian Science teaches that "matter and evil, including all inharmonious, are and must be unreal."

Authority for this concept of God is contained in the Bible, and, equally important, demonstrated as valid throughout the Bible, she pointed out. "A great faith in God, even a greater love for God, must be accompanied by understanding and demonstration, and these require activity, desire and practice," she said.

False human beliefs are to be avoided, she adds, because "humanly we are always just where our beliefs have brought us. Our happiness, our health, our whole experience, is constituted of and

formed by the beliefs we entertain... What we ourselves accept constitutes our experience of body, of home, of business, of government, of universe."

"The way out of the morass of fear and discord is obedience to 'the divine beneficent law, or Christ, Truth,' she said. This law, she continued, 'patiently waits and leads thought on to realize that whether the belief be lack of time, or breath, strength, opportunity, home wisdom, substance, joy, companionship, or just recognition... it is only and always a lie about our at-one-ment with the omnipresence of infinite good, the presence of God, or Love, and there is no truth in any of it.'

"The understanding of our at-one-ment with God, if utilized, will heal and will always be our saviour in every situation... God, divine Love, embraces all, leaves no one out... No situation can be hopeless. No one can be helpless. No one walks alone."

Mrs. Noee referred to a statement by a prominent physician to the effect that modern people have lost the power of quiet, sustained thought, and are afraid of nothing so much as to be alone.

She defined quietness and assurance as the effects of "only the work of righteousness can bring peace." She said persons turning to Christian Science experience the great meaning of the demand by Mary Baker Eddy, the Discoverer and Founder of Christian Science, to "know, then, that you possess sovereign power to think and act rightly, and that nothing can dispossess you of this heritage and trespass on Love."

Many individuals are finding "complete and permanent release from dependence upon those indulgences and things that lead to the surrender of hope, of integrity, of usefulness," said Mrs. Noee.

This is being accomplished through the understanding of the divine law of Love, God, as taught in Christian Science.

Synthetic fibers are now being made of limestone as well as of glass and coal.

Hold Laundry Clinic For Electric Drier Days

One of the highlights of "Electric Drier Days" was the laundry clinic held on November 2 and 3 at the Plymouth office of the Detroit Edison company. Modern laundry equipment and methods were demonstrated with particular emphasis on electric clothes driers.

The two-day clinic was climaxed with the awarding of a fluorescent laundry fixture to Mary Sue Johnson of 8880 Elmhurst.

Local Chapter Slates Speaker From Ann Arbor

Members of the Sarah Ann Cochran chapter of the Daughters of the American Revolution will meet at the home of Mrs. Lawrence Mack on Penniman avenue on Monday, November 16 at 1 p. m.

Guest speaker for the meeting will be Mrs. Donald O. Brown of Ann Arbor. Mrs. Brown is the past regent of the Sarah Caswell Angel chapter of the Daughters of the American Revolution in Ann Arbor. She has selected for her subject, "Early American Music."

By Les Wilson

If you are in the early stages of flash work and unhappy with the blinding and harsh effect of direct flash, it may pay you to use the bouncing quality of light for indoor illumination.

Bouncing light—either flood or flash—is merely a case of using a room wall or ceiling as a reflecting surface to spread the light output evenly and naturally over a broad area. It is a simple method, too, for the photographer who is confused by distances and exposures, to control light requirements.

If used for portrait work, say, you can shoot flash by directing the reflector ceilingward about six feet from the subject. This results in an even spread of light which doesn't catch your subject with a stricken, goggle-eyed expression as often happens when using direct flash.

You'll be goggle-eyed as a bull-frog though, when you see our complete stock of PHOTOGRAPHIC EQUIPMENT. Whether you need simply one flash bulb, or material to outfit a studio, you'll find EVERYTHING your heart desires PHOTOGRAPHICALLY speaking, at

Northville Plans New Adult Classes

The Northville Recreation department has announced the opening of three new adult education courses, according to Wilson Funk, director. The Northville Recreation department works in cooperation with the Plymouth department in order to provide citizens of the area with the greatest selection of courses.

Willard Renard will teach a course in antique refinishing on Tuesdays at 7:30 p. m. in the Northville high school shop. A class in leather tooling will be conducted on Tuesday at 7 p. m. in the Recreation Scout building at 129 East Dunlap, with a leather carving group meeting at 8:30 p. m. Both classes are taught by William Delsant.

The three classes are all 10 weeks in length.

License Expiration Reports Misleading

To correct previous misleading reports on operator license expiration dates, Chief of Police Carl Greenlee states that the new Michigan law licenses are not valid until the licensees next birthday after the date of expiration shown on the license.

In way of an example, should your license show an expiration date of July 1, 1945 and you have a birthday on March 1, your license will not expire until March 1, 1955.

ELECTRIC TRAFFIC COP—Police Chief George Harmon (right) and Patrolman Robert Baumgartner check the speed of a passing motorist on Livonia's recently purchased electric speed indicator. The device is being used throughout the city to control traffic speeds. It records the exact speeds of automobiles as they pass over two rubber tubes stretched across the highway. Highly portable, the machine can be set up and operated by one officer.

Service Station Theft Sends Boy To Circuit Court

A 17-year-old Detroit youth who was arrested last week in Livonia after allegedly stealing a car in Detroit and then burglarizing a Plymouth service station has been bound over to the circuit court by Municipal Court Judge Nandino Perlongo.

He is Eugene Duffy, 3778 Fourteenth street, who pleaded guilty and waived examination in his appearance before Judge Perlongo. Duffy was apprehended by Livonia police early Wednesday morning last week as he sped through Livonia streets. He admitted taking the car and breaking into the Charles MacKay Service Station, 406 North Main street, Plymouth.

Chief of Police Carl Greenlee states that \$19.50 in quarters, dimes and nickles taken from a cigarette machine by Duffy have been recovered. He also broke into a soft drink machine but found no money. The youth is being charged with breaking and entering in the night time. He also stands a chance of being charged by Detroit police with auto larceny.

CHURCHES OF OUR AREA

Salem Federated Church

REVEREND DOUGLAS COUCH (above) has been pastor of Salem Federated church since September, 1952. The parsonage is located behind the church (at right) which was dedicated in 1888. It was a Baptist church at that time but in 1921 the congregation united with a nearby Methodist congregation and the church changed its name to the Salem Federated church.

Methodists, Baptists United to Form Salem Federated Church

When readers across the nation picked up their newspapers a number of years ago they read the astounding fact in Ripley's "Believe it or Not" cartoon that a Salem, Michigan woman had served as organist in her church for 71 years. The woman was the late Mrs. Sarah Stanbro. Just as astounding is the devotion to the church shown last summer by another Stanbro, Burt Stanbro, who at the age of 82 painted the entire interior of this same church alone. The church which these two persons have devoted their years and efforts toward is the Salem Federated church, located in the center of the small village of Salem west of here. Then there is the story of George Roberts who still serves on the church's board of trustees after 40 years; and Mrs. Cora Pennell who served as pastor of the Federated church 21 years before resigning a year ago.

But this church, which is now in its 122nd year and contains all the rustic beauty of a structure of the late 1800's, is by no means a church living in the past. Its present minister is one of the youngest in the area and the church has been known for its activities for young people. Reverend Douglas R. Couch and his new bride arrived in Salem in September 1952 to take over the congregation which was born on January 17, 1831. A pastor named Moses Clark led the new congregation when it held its first services in the home of one Wheaton Bullock. The first person uniting with the church was Mrs. Elmira Wheeler who was baptized in May 1831. Salem Federated church was actually a Baptist church in its early days. By 1852 the congrega-

tion was ready to build a church and it was constructed one mile west of Salem at a cost of \$900. In 1873 the building was moved to the present church site in Salem for a cost of \$300. This land was donated by Jonathan Dickerson. With the membership growing to nearly 100 souls, the congregation decided to build a new church in 1887 so the frame building was moved to another site where services were held until the present structure was completed. Dedication services for this brick house of worship were held on February 8, 1888. Cost of this building was \$8,000. Particularly beautiful in the church's interior are the colorful stained glass windows donated by members. A visitor also is attracted by the individual seats which are constructed of wrought iron and wood.

Among the highlights of the congregation was the centennial celebration held in 1931. Newspapers in the area all paid tribute to the church at that time. The Federated church did not come into existence until 1920 when the Baptist church united with the Lapham Methodist church. The latter church was located at Lapham Corners near Salem. By becoming a "community church," the congregation gave up any connection with a denomination. "Our most important task is to get people saved," Reverend Couch explains. "We believe in eternal security." Because the Federated church springs from Baptist and Methodist parents, baptism by both sprinkling or immersion is sanctioned. In either case, there is no infant baptism. Reverend Couch himself has a Baptist denomina-

tion background and therefore prefers the immersion baptism. Membership of the church now stands at 100 although attendance usually runs as high as 130. The church auditorium will seat 160. Last Easter there were 265 persons in church. There is also a Sunday school enrollment of about 100. The Missionary Society and Ladies Aid Society are both active in church work. This has been a busy year for the church with the completed projects now including the redecorated auditorium, insulation of the church, a new heating system, and redecorating of the parsonage. Reverend Couch is a native of Detroit. He received his degree at Bob Jones University in South Carolina and was ordained in June 1952.

In Our Churches

FIRST PRESBYTERIAN CHURCH, Reverend Henry J. Walsh, D.D., minister. Morning worship services at 9:30 and 11:00 a.m. Church school sessions at 9:30 and 11:00. Richard Daniel, Superintendent. CHRISTIAN SCIENCE CHURCH How everyone may have a healthful body is shown in the Lesson-Sermon to be read on Sunday, November 22, in all Christian Science churches, under the subject of "Soul and Body."

The Golden Text is from Matthew (6:22): "The light of the body is the eye: if therefore thine eye be single, thy whole body shall be full of light." Among the Bible citations is this passage, (Ps. 104:24): "O Lord, how manifold are thy works! in wisdom hast thou made them all: the earth is full of thy riches."

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Beauty, as well as

truth is eternal; but the beauty of material things passes away, fading and fleeting as mortal belief." (p. 247)

SEVENTH-DAY ADVENTIST CHURCH, 1053 South Main street. Pastor: Merton Henry, phone 1226-J. Services every Saturday, Sabbath school 9:30 a.m. and church worship 11:00 a.m. We cordially invite you to all our services. Is There an Actual Science of Prayer?

Ask yourself: What would it mean to prove that prayer is answered? To prove beyond question that, in today's world, there is a way to pray that is practical and effective?

A great book, read daily by a steadily increasing number of people

SCIENCE and HEALTH
With Key to the Scriptures
by Mary Baker Eddy

is revealing to men the true Science of prayer. They are learning how Jesus prayed, and how to go and do likewise, exactly as he prophesied. This can be the great answer for you. The textbook may be read, borrowed or bought at

Outstanding
A funeral director offers many services and facilities and many types of equipment to those he serves, but the most important consideration of all is his personal ability in a professional capacity. The funeral director must have this skill to provide a beautiful memory picture for the family and friends, and we are gratified that our professional ability is recognized as being outstanding.

College Plans Trips To Detroit For Opera Event

Madonna college students will attend operas on November 10, 15 and 16 at the Masonic Temple in Detroit. The 1953 Grand Opera Festival 11th Annual Fall Season will present the New York City Opera company in eight gala performances, November 10-16.

ances: Tuesday, November 10, Puccini's immortal "Madam Butterfly," Sunday, November 15, Mozart's "Don Giovanni" and Monday, November 16, Puccini's great opera "La Boheme." This is the third visit of the New York City Opera to Detroit. In keeping with its progressive policies, the Opera gives atten-

tion not only to present day works of art but also to the unjustly forgotten works of the past. It offers entertainment of the highest artistic standards for music lovers and also serves as an invaluable training ground for the beginning artist.

School Officials Attend Meeting In East Lansing

Four Plymouth school administrators traveled to East Lansing last Thursday where they attended a meeting of the Michigan Association for Supervision and Curriculum Development. Attending the meeting were Superintendent Russell Isbister, Donald Rank, principal of Allen school Miss Ruth Eriksson, principal of Smith school; and Mrs.

Nancy Tanger, principal of Bird school. The meeting began Thursday evening and continued throughout Friday. It was held in the Kellogg Center with 400 school supervisors from over the state attending. The keynote address was delivered by Dr. Allison Davis of the University of Chicago. He spoke on "Human Relations and the

Development of the Child." Others on the program were Dr. Marie Rasey and Dr. Earl Kelly, both of Wayne university, who discussed "Human Relations in the School."

Few smokers believe that tobacco does them any harm.

Teacher-Parent Conferences Set For Tomorrow

There will be no school tomorrow for the younger students in the Plymouth school system -- their parents will go to school instead. School Superintendent Russell Isbister announces that Friday

will be conference day between teachers and the parents of pupils in the elementary schools. Teachers have contacted parents to schedule hours for the parents to privately confer about their children's progress. The Friday schedule for high school students will continue as usual.

Goodwill Industries truck will be in Plymouth and Northville on Thursday, November 19, to make pick-ups of discarded materials. Persons who wish to arrange for a truck pick-up may call Miss Edith Sorenson, Goodwill's local telephone representative, at Northville 571.

Industries now exceeds 400 for the first time in the history of the organization, according to Harold H. McKinnon, executive secretary. This represents a growth of approximately one-third in the past year and was the direct result of increased contributions of usable household discards of clothing, furniture, toys, dolls, small appliances and other

household articles. In order to maintain this large number of employees on the payroll, Goodwill Industries asks that in the next few months, which are ordinarily slow collection months, that householders attempt to increase their contributions of discarded materials.

In order to acquaint more high school students with its facilities, Madonna college sent Lorraine Renkowski, an alumna, and Pat Allen, a sophomore, to Denby high school's College Day on Wednesday, October 28.

Numerous colleges from all sections of the country presented a view of their institutions to the future high school graduates. Each school is provided space for setting up a display. Attention is drawn by the use of pictures and posters.

Madonna's exhibit consisted mainly of pictures of the girls in action. Three aspects of life at Madonna were represented, the scholastic, the cultural and the social. Madonna students distributed leaflets and explained the stories behind the pictures to all who were interested.

Student Group To Hold Annual Autumn Nocturne

The Student Association of Madonna college will hold its Annual Autumn Nocturne, Friday,

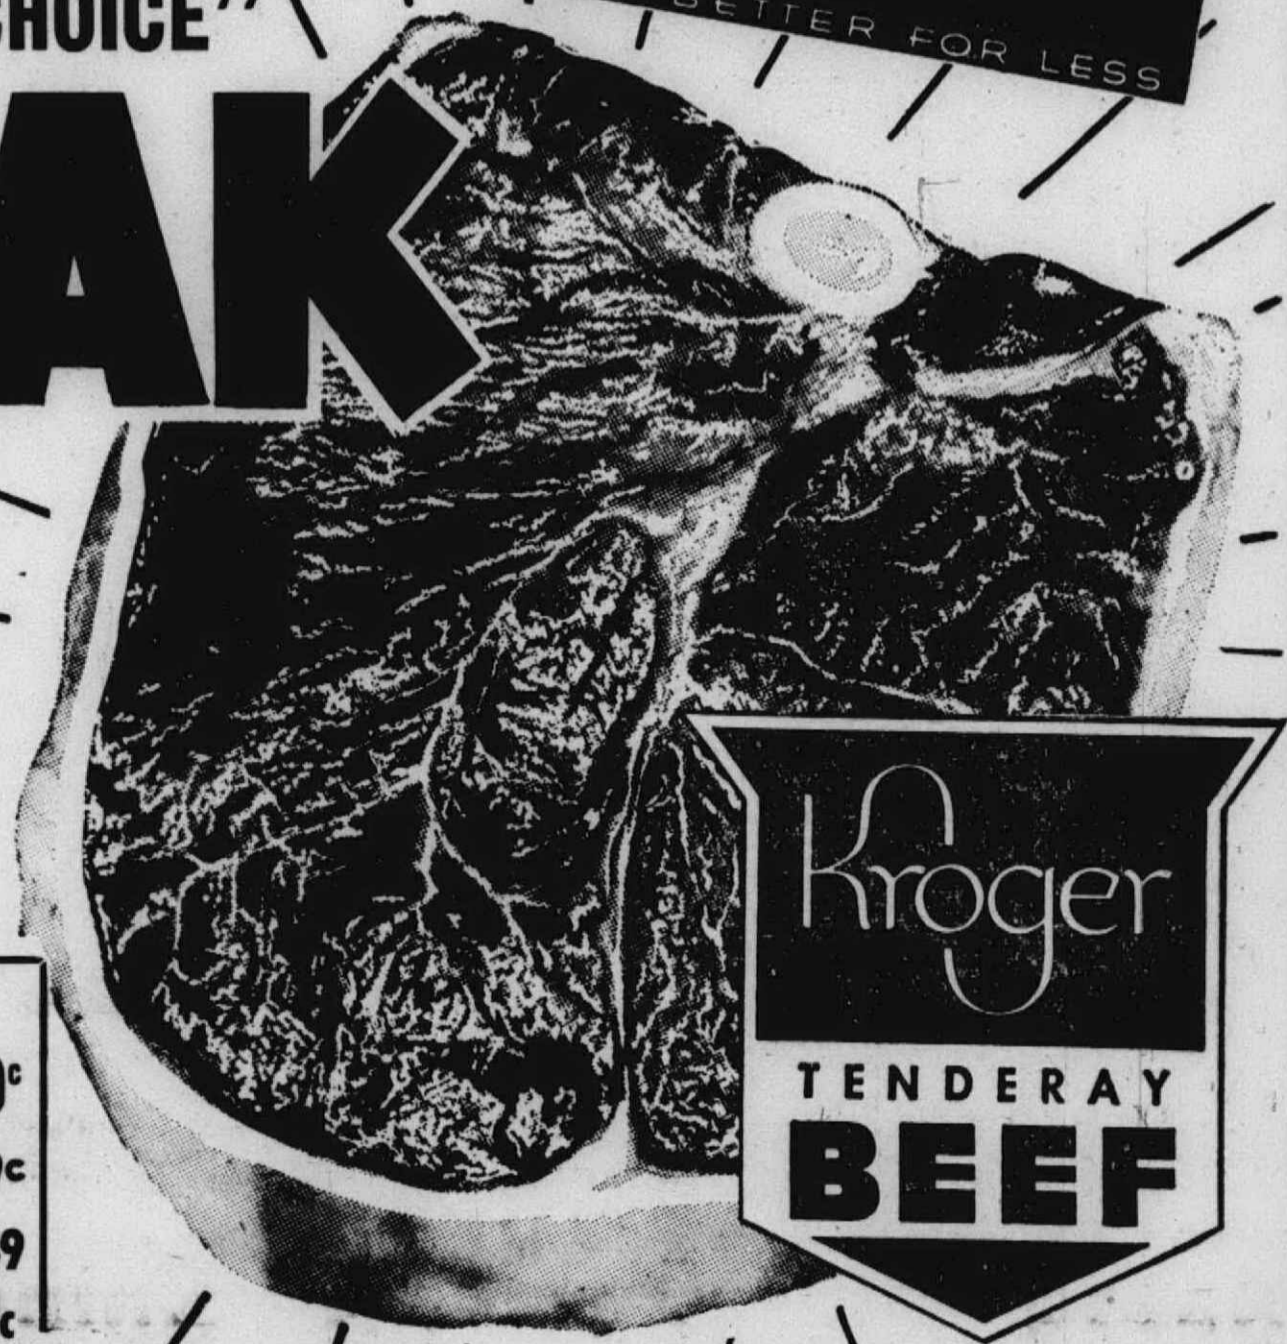

November 20 from 9 p. m. to 1 a. m. The dance will take place in the Red Arrow Room of the Veterans' Memorial building, located on West Jefferson Avenue in Detroit. Music will be furnished by Len Bartos and his orchestra. Tickets can be obtained from Student Association on campus.

Plymouth Gridders Close '53 Season With Sixth Victory

By Ty Caplin

Plymouth high school's varsity football squad finished its season victory after opening the season with six wins against two setbacks by downing Southfield 19-0 last Friday at Southfield. It marked Plymouth's sixth straight win with a two-game deficit.

The Rocks won the toss of the coin and chose to receive. The Rockmen were held by a fast charging Southfield line and were forced to punt. But, Plymouth showed its superior defense by holding fast and forcing Southfield to punt. The remainder of the first quarter was a defensive battle with exchanges of punts.

To start the second quarter, two pass plays to Bill Petro by Denny Luker and Dick Day carried the ball to the two yard line before Luker fumbled and a host of Southfield men fell on the ball. The Rocks held fast and again Southfield was forced to punt out of trouble. Midway in the second quarter Jerry Kelly rambled 25 yards and Lee Juve smashed 16 yards for two quick first downs which carried the ball to the 10 yard line. Denny Luker butted one yard, Juve bol-

led three before smashing six yards into the end zone for the first score of the game. Dick Davidson's extra point attempt was blocked.

Plymouth kicked off to Southfield and forced them to punt where the Rocks took over on its 45 yard line. Kelly picked up six yards and Gobiel raked up six yards around left end for the touchdown. Davidson added the extra point as the gun sounded to end the half with Plymouth out front 13-0 over a surprised Southfield eleven.

The Rocks kicked off to Southfield to start the second half. Plymouth quickly capitalized on a Southfield fumble as a host of Rockmen fell on the fumble on the seven yard line. Day tried a quarterback sneak and Juve bolted six yards for his second touchdown of the day. Davidson's attempt for the extra point was blocked.

The remainder of the game was a defensive battle with Plymouth gaining 46 yards and Southfield 15 yards. Plymouth showed its superiority on defense by allow-

ing Southfield a total gain of 39 yards.

Jerry Kelly, playing his last game for Plymouth, was the big gun in the Rock's attack with 5.7 yards per try average with 67 yards on 12 tries, while Bob Gobiel carried the ball 4 times 21 yards for a 5.3 average. Denny Luker picked 66 yards on 16 tries for a 4.2 average. Lee Juve carried the ball 11 times for 43 yards, a 3.9 yard average with Dick Day gaining 5 yards on 2 tries for a 2.5 yard average. Kelly's 3 punts averaged 27 yards and Garry Gothard's 4 kickoffs averaged 36 yards.

SPORTS

Recreation Department Plans Basketball League Set-Up

At the Plymouth recreation office in the local high school the first ten men's basketball meeting of the season was held on Thursday, November 5, to determine the league policies for the coming season.

Herb Woolweaver, head of the recreation department, stated, "wonderful enthusiasm and a wholesome spirit of cooperation was shown by all present and from all outward appearances every local player in the league." Those who attended the meeting were Don Huedler, Don Dennison, DeWayne Becker, Henry Hees, Doug Jetter, Carl Pursell, Herb Woolweaver and Fred Johnson.

It was unanimously agreed that the league would be formed on the basis of a community, to include Livonia, Northville, and South Lyon. All players, to be eligible, must live in these areas. Any alumni is eligible and any other questionable players would be considered by request from any of the above committee and by them.

It was decided that November 30th would be the deadline for team entry - the first scheduled games to be played Tuesday, December 8 and Thursday, December 10.

Anyone interested in playing basketball is requested to contact the recreation office, Plymouth 895; Henry Hess - Plymouth 895; Henry Hees - Plymouth 2640, the league supervisor as soon as possible. You do not have to be an outstanding performer to play in this league as the ultimate goal is for recreation. If not enough local players are available for a league by November 30th, another meeting will be held by the committee to decide whether to permit each team to select one outside player or to eliminate the league, as such.

The state tournament this year will be "class A" only and will be held in Battle Creek.

If enough teams enter, games have tentatively been arranged to be played at the Detroit House of Correction gym, the Plymouth high school gym on Tuesday and Thursday and at Bentley high school gym on Monday and Wednesday.

The rules for this league are as follows:

Starting Lineups:

PLYMOUTH	SOUTHFIELD
Petro—E	Simmons—E
Agnew—E	Quirk—E
Signorelli—T	Ortner—T
Raven—T	Morgan—T
Hubbell—G	Mannerachia—G
Gothard—G	Lahner—G
Day—QB	Stella—C
Luker—HB	Courville—QB
Kelly—HB	Fisher—HB
Juve—FB	Junke—FB

Rock's Basketball Schedule

The Rock cagemen will have a total of 14 games for the 53-54 season. Plymouth will play each of its league opponents twice also taking on Garden City twice and Northville and Southfield once.

The schedule is as follows:

Dec. 4	Northville	H
11	Trenton	A
15	Garden City	A
18	Redford Union	H
Jan. 8	Allen Park	A
12	Southfield	A
19	Garden City	H
15	Belleville	H
22	Bentley	A
29	Trenton	H
Feb. 5	Redford Union	A
12	Allen Park	H
19	Belleville	A
26	Bentley	H

SPORTS FLASHES

from The Sporting News by J. G. Taylor Spink

TV VS. BOXING—BATTLE OF AIR WAVES

Is television killing boxing? The verdict, almost without dissent, is "Yes," The Sporting News reports in a comprehensive article by Joe King. Yet, ironically, video is viewed as killing off the fight game while, at the same time, creating millions of new fans who follow the sport over the air waves.

When you flood the country with free fight pictures four times a week, few cash customers are going to pay to see a live bout in their own town. As a result, more and more fight clubs are going out of business, eliminating the arenas where young boxers—the kids on the way up—learn the mechanics of the manly art. There now are less than 100 small fight clubs left and only 1,500 licensed boxers against 7,000 ten years ago.

With the old pros passing along and the kids unable to serve an apprenticeship, scientific boxing is fast disappearing. Instead, The Sporting News story points out, young fighters without seasoning are rushed into the ring for TV bouts. Woefully inadequate boxers are built up into synthetic "name fighters." Even the new fans being created have no appreciation of fine workmanship, but know only the roundhouse swing of the air bouts.

The quality of the game is descending so rapidly. The Sporting News continued in the King story, that TV may be down to rock-bottom with totally unprepared kids a few years. They will then go on as is, in "a sort of brand-new amateur hour."

Jack Dempsey, the former champion, believes that day already has arrived. The Manassa Mauler says:

"The way it is going, TV fighters are just another vaudeville act in a continuous movie to most folks. The more fights they put on the air, the worse they get, because there aren't enough fighters to make that many good matches."

SPOTLIGHT BACK ON LINEMEN IN FOOTBALL

Football's unsung heroes—the linemen who were anonymously hidden by the late two-platoon system—are moving from virtual obscurity to stardom with the return of limited substitution. The Sporting News reports. ters are back in the headlines.

The reason is simple: The boys up front who do the heavy work are on the field long enough now to be recognized and appreciated. Some never leave the game and an impressive number of iron men have developed.

The Sporting News cited Johnny Bauer and Jan Smid of Illinois are two classic examples of the new trend in linemen. Bauer and Smid couldn't make the Illini first team either on offense or defense last year. They weren't specialists to the degree necessary under the old two-platoon system.

But this year, they're the guards who clear the way for the long gains by Illinois' sensational sophomore backs, Mickey Bates and J. C. Caroline. Bauer, incidentally, may be the biggest guard in college football. The redhead from Benton, Illinois, stands 6 feet, 4 inches and weighs 235 pounds. Smid, who comes from River Grove, Ill., is 5 feet, 11 and weighs 205 pounds.

GRAPEVINE ON ROBINSON, CAMPANELLA

There is a grapevine report that the Brooklyn Dodgers have been trying to trade Jackie Robinson and Roy Campanella for two years, Roscoe McGowen writes in The Sporting News. The report is "strictly grapevine" and has never been printed before, but there is this much to be said:

President Walter O'Malley of the Dodgers and his vice-president, Buzzie Bavasi, certainly would not try to trade Robinson and Campanella without getting something as good—or better—in return. What's better? The answer, according to McGowen, is: Pitching.

The lack of enough good pitching beat the Dodgers in the World's Series. In fact, The Sporting News points out, the Dodgers in the last eight years have had just four hurlers who got into the 20-game winner class. Ralph Branca won 20 and lost 12 in 1947. Preacher Roe (20-3) and Don Newcombe (20-9) reached the charmed circle together in 1951 and last season Carl Erskine hit the mark with his record of 20 and 6.

WEST VIRGINIA MAKES GOOD AT HOME

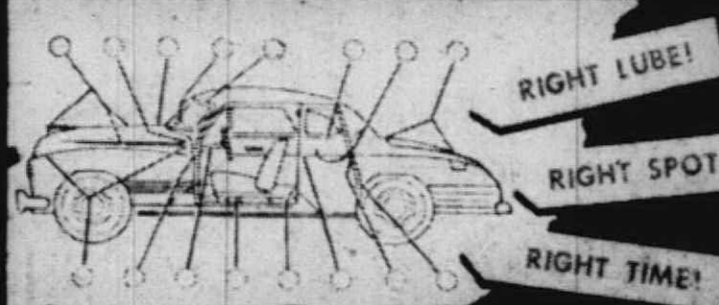

When Art (Pappy) Lewis became the football coach at West Virginia University in 1950, he said, "We are determined to keep our West Virginia boys at home. Why should they leave for other states and make All-America? They can do it at home. Our boys are the best."

A West Virginian himself, born near Clifton, Lewis began selling the state university. The Sporting News relates, with the result that the Mountaineers are scaling the heights of football prominence with a home-made squad.

His starting eleven this year includes eight home products—the others show two from over the hills in Western Pennsylvania and one from across the river in Ohio. Led by Freddie Wyant, the sophomore quarterback from Weston, W. Va., the team was undefeated through its first six games, including a 20 to 19 victory over Penn State.

It was no wonder that Pappy was happy. He has kept the state's best natural resources (of course, there's always coal) at home, and these physical giants are making the best football team in the university's history.

DAVIS & LENT

"Where Your Money's Well Spent"

336 S. Main Phone 481

YOUNGEST WINNER thus far in the "Pick-the-Winners" football contest is Charles Moisio, 14, shown above at left receiving a \$10 check from Charles Beegle of Davis & Lent, one of the sponsoring firms. Charles missed only one game — the Baylor-Texas encounter. Bad advice from his father, Coach Conrad Moisio of the Plymouth High school cross-country team, caused this lone miss, said Charles.

Small Fry Show Dads In Grid Quiz

A 14-year-old and a 10-year-old were among the top three winners in this week's "Pick-the-Winners" football contest—and both did much better than their Dads, who also entered!

First place winner was Charles Moisio, 14, son of Mr. and Mrs. Conrad Moisio of 1164 Hart-sough. Charles miss only the Baylor-Texas upset. "My first choice was Texas but Dad told me Baylor was sure to win so I changed," said Charles explaining his lone miss. Mr. Moisio is cross-country coach at the Plymouth high school and teaches mechanical drawing.

Tied for second place and splitting second and third place prizes were Don Shifle of 9285 North-ern and Steve Hayskar, 10, of 1434 Penniman. Shifle is a carpenter. He and Steve also missed only the Texas-Baylor game, but failed to pick the Lions-Colts score as close as the winner. Steve's father, Eino, is a former football coach and admitted that he also submitted an entry but had "several misses". Steve attends Bird Elementary school where he is a fifth grade student.

There are more games this weekend and another contest on this page. Hurry in to The Mail with your selections. Entries must be postmarked not later than 5 p. m. Friday or just drop them at The Mail by that time.

Never agree with a speaker or a writer; agree with his facts and his reasoning.

Plan Different Schedule for Use of High School Swimming Pool

Wednesday is the big night for all you father's and son's to attend the "Father and Son Swim" at the Plymouth high school pool. If any men in the community do not have sons, acquire any boy. The swimming will last from 7:30 - 9:00 each Wednesday. Saturday is teen-age night. All teen-agers who are interested in swimming are invited to attend. The time is from 7:30 - 9:00. Tonight will be the last evening for the Adult Swim unless the attendance improves considerably. To substitute the swim will be a "Mother and Daughter" affair which will take place next Thursday, November 19.

Grade Schoolers Report For Cage Practice

Coach Gustave Gorguze's seventh and eighth grade basketball team had 40 candidates sign up for a 10 game schedule. Coach Gorguze's squad won one game and lost six games, last year. This year's squad should be much improved over last year's team. Those signing up to report for the first practice are: Alfred Spigarelli, Mike Stickney, Melvin Stephenson, Richard Schaner, Ken Knipschild, Peter Sherrick, Stanley Good, James Jamison, Wayne Jorehel, Larry Tillhouer, Boonie Crawford, Don Alsborg, Jim Dzurus, Guy Baggott, Richard Brown, Joe Barrocco, Frank Roberts, Jack Vincent, Dan Finney, Lawrence Judd, Ken Jacobus, Bobby Davis, Myron Hopper, Lon Hadwin, Don Cash, Ronnie Fisher, Dan Badger, Eric Smith, Dick Meulton, Joe Nordhagen, Walter Schwein, Dennis Rey, Joe Thomas, David Wilkins, Rosser Williams, Ron Turckett, Bill Jones, Tom Marshall, Tom Simmons, and Pete Signorelli.

Where Oh Where Has Walter Yount Gone

Walter Yount—where are you? Your prize for a third place tie in the "Pick-the-winners" football contest was returned to The Mail marked "No Forwarding Address". Come on, now—we know better! We received another entry this week with the same address! We're holding your check. Come in and pick it up.

This year's schedule is as follows.
Dec. 11 Trenton Home
Dec. 18 Redford Union Away
Jan. 8 Allen Park Home
Jan. 15 Belleville Away
Jan. 22 Bentley Home
Jan. 29 Trenton Away
Feb. 5 Redford Union Home
Feb. 12 Allen Park Away
Feb. 19 Belleville Home
Feb. 20 Bentley Away

Sport Glances

Once again its time for those "so-called" all-league, all-state and all-American teams to be coming out from every nook and corner of the country. The high school coaches got together at Plymouth recently and selected an all-league team—one which has much merit, but as is the case in most such selections some of the members on this team one sort of wonders how they received the honors and others were left off. Some coaches think their best player should be on the team even though he is overshadowed by someone else from some other school; others kind of lean toward selections from their own team. It is hard to post such an outfit as a lad may be down for one game, and the opposing coach may think he is of medi-

ocre caliber especially when he sees other players that do better on a certain day. I still think it would be better to just name an honorary list of say 20 or 30 players who have distinguished themselves, and let the coaches name these players from their own squad. To me a boy who plays better than average two-way is better than a star that only plays on offense. Some backs look good while carrying the ball, but remember someone is blocking to make those runs possible—it is team play. Some good running backs are poor blockers for others, and look pitifully weak on defense, but they make the team. This year's team is fairly well picked. I have talked to the coaches and fans and have come

up with a team as seen strictly from a local angle. It behooves me how a lad like Denny Luker could have been overlooked on the first outfit, and players from other schools, who looked woefully weak in comparison were picked. Luker played splendid on both offense and defense this year, was one of the best blockers on the team, and the fans really remember his lengthy gains in several games this year. He displayed a lot of drive, courage and spirit—Lee Juve wasn't far behind him. Captain Kelly deserved his place on the all-star outfit. What a team we would have had this year if this backfield could have played behind the line of last year's team. My lineup would include: Smith—E Allen Park

by "Professor" Edgar Brown
Cummings—E Trenton
Mans—T Trenton
McNew—T Allen Park
Gothard—G Plymouth
Vennenbush—G Allen Park
Henderson—C Trenton
Trimper—QB Allen Park
Kelly—HB Plymouth
Luker—HB Plymouth
Saunders—FB Trenton
Michigan State got by Ohio in good shape and should take Michigan this coming Saturday without too much trouble. The latter team couldn't stop the Illinois sophomores, Caroline and Bates and absorbed a 19 to 3 defeat; Caroline gained more yards than the entire Michigan team. Illinois wasn't considered too strong before the season began, but these two lads were unknowns at that time—now they are shattering records hung up by the immortal "Red" Grange and "Buddy" Young. Just on a hunch I wouldn't be too surprised to see Illinois bumped off by Wisconsin Saturday—that is what MSC needs if they have a chance for the Rose Bowl. The Badgers have a good team, and Illinois has been riding high for a few weeks now and may have a let-down after the Michigan contest. Notre Dame has another setup for Saturday in North Carolina—they should really romp in this one. The MSC-Michigan encounter is televised Saturday so I'll be in a big easy chair by a warm fire looking at it with interest. As far as really seeing the line play, the holes open for the backs to scamper through, and the fine points of the game, television is really better than being at the game—brings the scrimmage line right into your living room. I'll say MSC by two touchdowns or I'll eat crow.

Armistice Day Holds Memories

Dean Saxton was at the front. Armistice Day was just 35 years ago yesterday. To the younger generation the day has little meaning except as red numbers on the calendar. The older persons remember it as a day of wild rejoicing, at the end of "The Great War." The day, perhaps, has the most meaning for the men who fought in the first World War, for they felt the full impact of the signing of the Armistice on the 11th of November, 1918.

We asked a couple of the local residents who served in that conflict to reminisce with us about the original Armistice Day. Dean Saxton mused that on November 11 he was transferred from the 120th field artillery to the 119th field artillery. In fact he spent the Armistice Day making the transfer. He had been at the front since November 7, and had moved back to the dugouts, some eight to 10 feet underground. Saxton served as a runner for brigade headquarters. When the news of the Armistice reached him, Saxton said, he just didn't believe it. The French troops were chorusing "Finit la guerre," but they had done the same thing four days before. But this time the Armistice was a fact. Saxton, incidentally, is still affiliated with his army friends as the president of the association of men of Battery D of the 119th Field Artillery.

Dave Galin thinks back 35 years. discharge five months after the Armistice. For Dave Galin Armistice Day meant staying on duty at his submarine base in New London, Connecticut, while all his buddies went into town to celebrate. Galin added that he was one of the few men on the base who didn't have a headache on November 12. He said that because the occasion was the end of the war and the officers overlooked a lot of things and were easy on the discipline. Galin received his

Quinine Cures Night Cramps

There are many sufferers from night cramps. Surprisingly, little research work has been done along the line of the cause or cure of this malady.

Night cramps are spasms in the limbs of middle aged or elderly people. They generally come while the patient is in bed. Sometimes the sufferer is awakened from a sound sleep, in the wee, small hours of a cold night, by an agonizing pain in one or both legs.

He throws off the covers and leaps out of bed. Seeking relief, he presses his foot, on the affected side, to the floor, and hops about, while grasping the hard, contracted painful calf of the leg, while he vigorously massages. When the muscles relax, the pain eases, and he returns to bed. Finally, he falls asleep, often to be rudely awakened by the same cause as before.

Many of my readers are familiar with night cramps. The majority of aging patients who suffer from them have some trouble from arthritis, sciatica, or other pathology of the nerves or joints.

In an article, entitled "Night Cramps and Quinine," by Abraham Gootnick, M. D., he says "For a symptom so common and distressing, night cramps have attracted surprisingly little investigative attention." The basis for cramps was provided by Kennedy & Wolf, who in 1937, described the disappearance of muscle spasms in myotonia, under the influence of quinine. Reasoning was a drug effective against one type of muscular spasm might well work against another, kind of spasm. Moss and Herman, in 1940 gave quinine to fifteen patients, all victims of night cramps, with uniformly successful results.

No one knows exactly the cause of night cramps, but it has been found out that quinine relieves the condition. This fact has been worked out and proved by the patient experiments of physicians. This malady, contrary to the general belief, is not confined to aging patients, but is very common among the youthful.

In the New England Journal of Medicine on November, 1945, there is an article in which Captain Nicholson and Faulk states that many young men at the air force installation reported to the dispensary on account of distressing night cramps. The symptoms were the same as those described by the elderly people, and relief was obtained in the same

way, by the administration of quinine.

It was found that three grains of quinine given at bedtime produced the most spectacular and dramatic relief. Often, in very severe cases, the physicians prescribed larger doses of quinine, before getting results.

Quinine is not cumulative, for it is readily eliminated from the system. The laity have taken it for generations.

If you are a sufferer from night cramps, it is worth knowing that three grains of quinine at bedtime will give you relief. However, consult your doctor; this is always wise.

Look Kids! You Can Throw That Castor Oil Away

Got a stomach-ache? Here's the story.

Dr. William Rottschafer, U-M senior clinical instructor in surgery, says that it's no laughing matter.

"A child's tummy-ache, especially, is a very real problem," said Dr. Rottschafer.

First of all, a stomach-ache covers a pretty broad area of abdominal organs, such as the stomach, small intestines, large intestine, liver, gall bladder, bile ducts, spleen, pancreas and appendix.

And as if that weren't enough, there are the so-called "referred pains," those connected with pneumonia, pleurisy, and inflammations of the pericardial sac (which is the lining of the cavity where the heart is located).

Dr. Rottschafer lists several possible causes of abdominal pain: contamination by bacteria; appendicitis; blood disturbances; injuries; inflammation; poison; and aches caused by the nervous system.

Even a misplaced gesture or a scolding may enter the stomach via a child's emotions, causing a tummy-ache.

All in all, the doctor says, "The child's stomach-ache may truly be a hard puzzle to solve." Don't belittle the stomach-ache. If junior complains of one at the supper table, and doesn't want to eat, don't insist on his finishing the meal.

"Any severe abdominal pain that lasts longer than six hours usually indicates some condition in the abdomen of surgical significance," warns Dr. Rottschafer.

Above all, lay off the castor oil. It merely adds an irritant to an already irritated stomach.

Spicy and fragrant unsulphured molasses enhances the flavor of canned luncheon meat when used as a glaze. Mix two tablespoons with an equal amount of prepared mustard. Spread on 12-ounce loaf and bake 30 minutes in moderate oven.

One reason young people know more than older persons is that the o. p. forget what they learned when they were young.

Delicious Spaghetti Sauce

"There's nothing like mother's spaghetti!" That is what the two children of Mrs. Joe George, 315 Evergreen, say, and her husband adds his voice to the chorus too. Mrs. George prepares her spaghetti sauce from a recipe which was given her by her husband's mother.

She makes the sauce in the deep well of her electric range, while the meat balls are prepared on top of the stove. The final result is a very tempting spaghetti meal.

2 pounds ground beef
2 garlic cloves finely chopped
1 cup bread crumbs
¾ cup grated cheese
4 eggs

Roll mixture into small balls and brown in a frying pan.

2 cans tomato paste
1 quart jar tomatoes

Mix together and bring to a boil. Dump the browned meat balls into the sauce mixture and allow to simmer for from three to four hours.

Cook spaghetti until it is tender and place on a platter. Pour the sauce over the spaghetti and serve. Mrs. George pointed out that the sauce is quite thick. It will serve six.

O.E.S. NEWS

Plymouth chapter No. 115 of the Order of the Eastern Star will hold its special meeting November 17 at 7:45 p. m. After the meeting there will be refreshments and a social hour. Let us all get out and give the officers our support.

Attention officers of Plymouth chapter! There will be a practice Sunday, November 15, at 2 p. m. Everybody please be there.

Announce Sale of New Commemorative Stamp

The sale of a new three-cent commemorative stamp has been announced by Dr. George Timpona, postmaster. The stamp, commemorating the 300th anniversary of New York city, will be placed on sale on Saturday, November 21.

The overall design will show a Dutch ship anchored in the harbor, with the background a light silhouette of the present New York skyline.

Helena Rubinstein invents whipped cream for soft, inviting hands! HAND DELIGHT

Put your hands in Helena Rubinstein's capable hands and they'll lead a softer life than they've ever known. Her new Hand Delight is a beauty-treatment-and-protector made with the most beneficial ingredient known to hands, now in a completely non-sticky form at last! And in its own pressure atomizer that's unbreakable, convenient and pretty!

Just the right amount of this light, heavenly whipped cream fluffs out at your touch... melts into your skin in no time. An invisible "glove" forms to guard you through repeated soakings in soapy water, through cold weather. You'll protect your hands with it often... before and after dishes, laundry, exposure... it's so invitingly fragrant, so phenomenally smoothing.

Hand Delight is an economical pleasure — up to 200 beauty treatments at just 1.25 plus tax.

SOCIAL NOTES

Mrs. Carl Hartwick and daughter, Mary Lou were hosts at a stork shower last Saturday evening honoring Mrs. Dan Julien. Since the Julien baby was born on Wednesday morning of last week and the guest of honor was unable to attend, the shower was in the form of a "grandmother" party honoring Mrs. Frank Pierce, maternal grandmother. Twenty-two guests from Detroit, Redford, Plymouth, Ypsilanti, Ann Arbor and Alma were invited.

Dean Saxton of West Ann Arbor trail attended the annual reunion of Battery D of the 119th Field Artillery last Saturday at the Detroit-Leland Hotel in Detroit. Mr. Saxton is president of the group.

Mr. and Mrs. Thompson of Sutherland avenue and Mr. and Mrs. Stanton Klink of Adams street spent last weekend in Bay City.

Mr. and Mrs. Milton VanLerberghe and family have moved from South Main street to Middlebelt road between Five and Six Mile roads in Livonia.

Mrs. Edna O'Conner of Palmer avenue was the Sunday dinner guest of Mr. and Mrs. Carl Zinn in Detroit. In the evening the group attended the Northwest Choir Festival in Strathmore.

The Get-together club will meet on Saturday, November 14, at the home of Mr. and Mrs. Howard Bowring on Bradner road.

Mr. and Mrs. Irving Tillotson of Milford were the Saturday evening dinner guests of Mr. and Mrs. Russell Lounsbury.

Mr. and Mrs. Howard Bowring of Bradner road spent Friday evening with Miss Georgia Daley in Detroit.

Mr. and Mrs. Charles Waid of Goffredson road have returned from a 10 day visit in New York City and Philadelphia, Pennsylvania, where Mr. Waid attended a convention. The Waid's son, Airman Second Class Norman Waid, accompanied them to Camp Kilmer, New Jersey where he reported for overseas duty.

Frank Foster arrived from Bermuda on Friday to visit his mother, Mrs. Emma Foster of Sheridan avenue who is critically ill.

Mr. and Mrs. Floyd Burgett and family, Mr. and Mrs. Lawrence Burgett and son, Gary, Mr. and Mrs. William Michael, Mr. and Mrs. Raymond Michael, Mr. and Mrs. Alfred Burgett and Mrs. Melvin Michael and son, Dick, attended a birthday party last Saturday evening in the home of Mr. and Mrs. William Corkins in Howell. The party was in honor of Floyd Burgett and his father, George Burgett of Port Huron.

Geraldine England, daughter of Mr. and Mrs. Lloyd England of Sunset avenue had a combination birthday and Halloween party on Friday evening of last week in celebration of her seventh birthday. Her little guests included Pamela Packer, Wendy Wendland, Laura Meisner, Chris Lee, Marilyn Thorpe, Marcella Curtis, Jenanne Kelly, Gail Wolfe, Judy Green and Mary Sharon Donnelley.

New Coordinated Clothes Become National Habit

Classic coordinated clothes are becoming a national habit, according to leading American designers. Simple lines and gentle textures in superb, subtle colors are the background for the go-to-town, go-to-class, go-to-everywhere fashions that bear American labels.

Traditionally, because of the demands of her busy life, the American woman has been fall's first customer. And this season, justly enough, she seems to have been American designers' first consideration. To keep looking well dressed on a strict "time and money" budget, our career and college woman needs clothes that lead a double life . . . and thanks to our designers, she has just that!

One designer has this to say concerning the new fashions . . . "A survey of fashions reveals above all, the precision look so typical of the American girl. It

lists tweed and flannel among the top fabrics. High on the register of accepted colors are the smoky greys, brown tones, and the quiet elegance of jersey. The jumper, slim skirt and matching jacket are recognized favorites. Jumpers are casual when worn with blouses . . . dressy when bare."

"One collection stars tweed and flannel "Pair-Offs". "Scroll Tweed" is the name for the tweeds . . . light, supple, with an unusual scroll design. They highlight slim or slightly flared skirts, boxy jackets, a cape-like fringed and belted stole. The flannels are actually in two fabric groups . . . the much wanted all wool flannel jumper, slim skirt, boxy jacket . . . and a new part-wool, part-ornon ombre striped flannel that washes beautifully. The ombre striped "Flannel Pair-Offs" as they call them — spotlight slim or box pleated skirts . . . waist length fitted bobby jacket and stole.

Yes, fall sets the stage for classic fashions and fabrics which slip easily from daytime through evening . . . from the big game to post-game party . . . with graceful good taste. For, the good bright flannels, the soft, pliable tweeds, the washable, beautiful modern-living fabrics are suddenly the hit of the season!

If you have a social item or any other local news, phone 1600.

Here Are Tips To Harmonious Table Settings

Setting a table is an exacting adventure when the results bring on deserved compliments. There is an art in it which comes from observing a few simple principles.

Even if you use your best crystal, china and silverware, all will be lost if your table is carelessly set. So, neatness is the first essential. Place your patterned dinnerware at each place setting with its design in correct position. Then set your American handmade glass water goblets above the tips of your dinner knives. Be sure your silverware is placed in perfect alignment, with all its handles even at the bottom.

After neatness comes balance. Do not have all the heavy pieces on one end of the table, and the little things on the other end. Try to keep away from using too many shapes of a similar nature. If your dinner plates are round, use an oval or rectangular centerpiece, and odd-shaped ash trays to avoid having too many 'rounds.' Vary pieces, too for different heights, as a completely flat appearance is usually monotonous. You can achieve height with handmade glass candlesticks, figurines, stemmed compotes—and use copper or other metal, or bamboo and similar rough woven materials for texture interest.

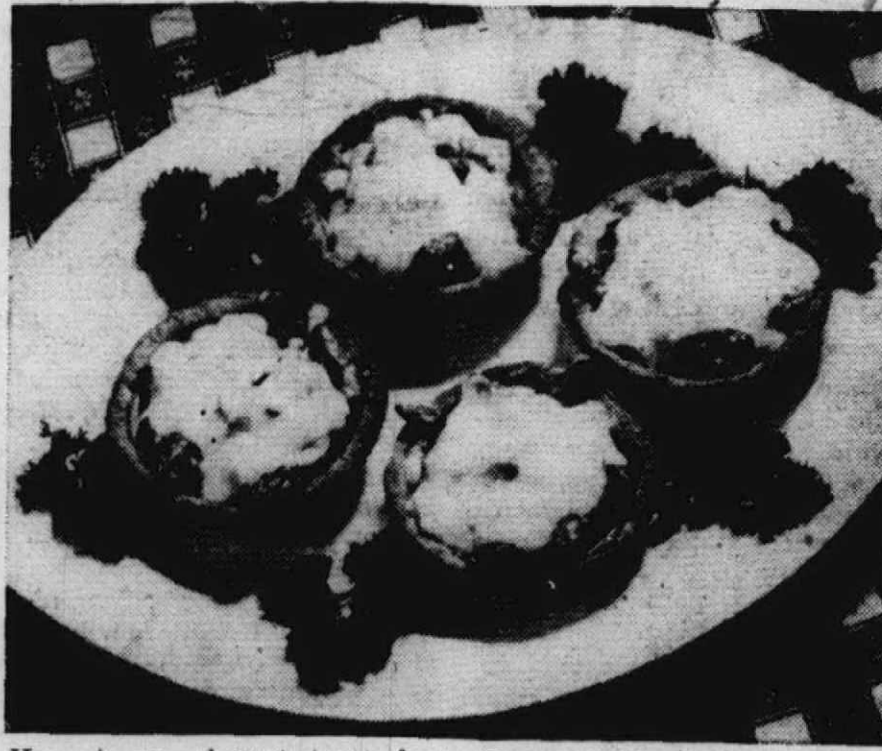

Good planning by the homemaker and careful choice of the most harmonious pieces to fit room interiors are of equal importance. In informal homes, in a provincial style such as Colonial, Early American, Cape Cod, French Provincial or Pennsylvania Dutch, your appointments for the table would of course be in the same general styles. Milk glass, pressed ware patterns and sturdy footed glassware combinations of clear crystal with ruby red, emerald green or some other clear shade will fit in beautifully, and be most appropriate.

A more formal, 18th-Century interior, with its mahogany and rich fabrics, calls for glassware in delicate long-stemmed designs. Gold, platinum bands, or etched decoration on the glassware are charming. For the newly smart Regency, Empire, or Biedermeier periods, with their many ornate details, classically simple designs in glassware are harmonious. Both etched and cut patterns lend charm.

Modern interiors, characterized by simple, straight lines, are enhanced by glassware in clear-cut, simple patterns. Goblets and tumblers may have ball-shaped or square foot, with bowl of streamlined, fluid contours.

When you want table settings to be especially gay and casually informal, have bright shades in glassware or use the earth colors so popular now.

Asparagus Tartlets Impress Your Guests

Here is an elegant treat for the main dish or a vegetable to impress the extra special company. The asparagus looks so dainty and appealing in the tartlet shells dressed up with your favorite cheese sauce. Serve on a platter garnished with parsley and sprinkled with a dash of paprika!

- 1 package frozen asparagus cuts and tips
- 4 tart shells or toast
- 2 cups of cheese sauce
- parsley
- paprika
- 1/2 teaspoon salt

Drop solidly frozen asparagus cuts and tips into 1/3 cup boiling water with 1/2 teaspoon salt. Gently separate with fork. Bring to full second boil. Cover, lower heat and cook five to seven minutes, or until plump pieces are tender. Drain and combine with cheese sauce. Place in baked tart shells or on toast. Set tartlets under the broiler for just a few seconds to get bubbly and brown. Place tartlets on platter and garnish with parsley and sprinkle with paprika. Serves three to four.

Boiled Dinner Is Real Fall Meal

With fall well-launched in Plymouth there is hardly a better way to warm up your weather-chilled family than with an old-fashioned boiled dinner. These dinners are budget-wise besides being filling.

There are several recipes you can try on your family with the assurance they will only ask for more.

- ### Boiled Lamb With Vegetables
- 1 tablespoon shortening or salad oil
 - 4 lamb shanks
 - 2 large onions
 - 1 qt. water
 - 1 tablespoon salt
 - 1 tablespoon sugar
 - 3 to 4 peppercorns
 - 1 teaspoon rosemary
 - 1 teaspoon monosodium glutamate
 - 4 medium sweet potatoes
 - 4 medium parsnips
 - 2 medium cooking apples
 - 3 tablespoons flour
 - 1/4 cup water

Few sprigs parsley
Heat shortening or salad oil in a Dutch oven or heavy kettle and brown lamb. Pour off any excess fat. Slice onions and toss them in with lamb along with water, salt, sugar, peppercorns, rosemary and monosodium glutamate. Cover tightly and cook over a low heat for 45 minutes.

While lamb cooks pare and

quarter sweet potatoes; pare and slice parsnips 1/2-inch thick. Add to lamb and cook another 30 to 40 minutes. Now core unpeeled apples and cut into quarters. Add to meat mixture and cook 15 minutes more.

Lift lamb shanks and vegetables (including apples) to a hot serving platter and keep hot. Strain remaining meat liquid through a sieve and skim off excess fat. Pour liquid back into kettle, make a smooth paste of the flour and water, add to meat liquid and cook, stirring constantly, until gravy thickens slightly. Pour this hot lamb gravy over lamb and vegetables, shower with chopped parsley and serve triumphantly to 4.

- ### Boiled Beef, Onion Sauce
- 2 lb. brisket of beef
 - 2 qt. water
 - 2 tablespoons salt
 - 1 onion
 - 2 bay leaves
 - 4 whole cloves
 - 4 sprigs parsley
 - 4 carrots
 - 4 potatoes
 - 1 small head of cabbage
 - 1 heart of celery
 - 4 leeks (optional)
 - 2 small tomatoes

Carve beef into thin slices and surround with cooked vegetables. Pour Onion Sauce over the meat. Sprinkle with Parmesan-style cheese. Serves 4 deliciously.

- 2 tablespoons vinegar
- 1/2 teaspoon sugar
- Dash of nutmeg
- 1 teaspoon salt
- 3 tablespoons cornstarch
- 2 tablespoons grated parmesan-style cheese

Cook beef, water, salt, onion, bay leaves, cloves and parsley to a boil reduce heat, cover and cook gently for 1 1/2 to 2 hours. Meanwhile, scrape carrots and cut into 2-inch chunks, pare potatoes, quarter the cabbage and celery, wash leeks thoroughly and drop all vegetables in with the beef. Cook gently for another hour or until tender. Add tomatoes during last 10 minutes.

During the last hour of cooking, make up the sauce. Peel and chop onions coarsely. Cook with water and vinegar for 45 to 50 minutes. Now pour onion mixture through a sieve or food mill and add enough beef broth or stock to onion puree to make 2 cups. Season with sugar, nutmeg and salt and heat to boiling. Mix cornstarch smoothly with 4 tablespoons of water and stir into the sauce. Cook, stirring constantly, until sauce thickens.

Carve beef into thin slices and surround with cooked vegetables. Pour Onion Sauce over the meat. Sprinkle with Parmesan-style cheese. Serves 4 deliciously.

You Can Vary Each Serving of Pot Roast

When mealtime calls for a flavorful, homey dish, a beef pot-roast is a unanimous answer with abundant supplies of beef on the market, pot-roasts are an especially wise purchase today.

Just because pot-roasts are classed in one general group is no reason why they must all be prepared alike. First of all there is a variety of cuts to use — beef arm or blade potroasts or rump cuts are excellent.

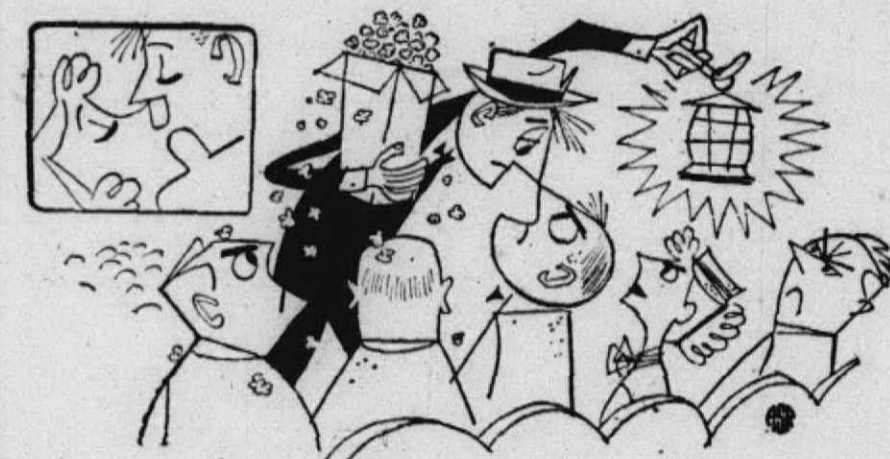

The cooking method used for pot-roasts — known as braising — also offers opportunity for variation because it calls for liquid and each liquid adds its own particular flavor to the meat. It might be tomatoes, tomato juice or other vegetable juice, milk, sour cream, cream, diluted vinegar or meat stock.

Taking a cue from Swiss steak you might have a Swiss pot-roast for a variation. To prepare this dish, dredge the meat with seasoned flour. Then brown well on both sides in lard or drippings, using a heavy

utensil such as a Dutch oven or a heavy frying pan with a cover. Slice 2 or 3 medium onions and place slices on meat. Then add liquid, tomato juice or canned tomatoes. For a 3 to 4-pound pot-roast 1 1/2 to 2 cups of liquid will be sufficient.

Then cover the utensil closely and let the pot-roast cook slowly until tender, about 3 or 4 hours. When pot-roast is done, remove from pan and thicken the liquid for gravy.

Food Sense — Not Nonsense

Need A Lantern?

No matter how you see it—vitamin A has eye appeal. It plays a role in keeping eyes and skin healthy. Lack of this vitamin produces night blindness.

The victim of night blindness is the motorist who in the twilight strains to see approaching traffic, or the theatre-goer who upon coming into the dimly lit movie from the bright foyer gropes blindly for his seat. This difficulty in seeing in dim light or adapting to darkness is a dietary disease. It can be cured by eating foods rich in this vitamin.

The role of this vitamin is also skin deep. Too little vitamin A may cause dryness, itching and scaldiness of the skin over the entire body. Shortly after this vitamin was discovered, it was thought to have some effect on control of colds and respiratory infections. Research, however, has failed to show that fewer colds occur among persons receiving supplements of vitamin A than among those persons who eat a well-balanced diet.

For an A plus diet, eat plenty of liver, milk, eggs and green and yellow vegetables. Table fats contribute vitamin A, too. The generously buttered slice of enriched bread offers a tasty way in which to get important parts of an adequate diet—needed vitamin A from the fat, B vitamins, minerals and protein from the bread, and energy from both. Vitamin A, as such, does not occur in plants, but is present in the form of a brilliant yellow substance—carotene. Yes, this carotene paints the carrot orange, and carotene received its name from this vegetable. The body produces vitamin A from carotene. Vitamin A is a fat soluble vitamin and needs the help of a digestible fat for its absorption. Fish liver oils have long been known as rich sources of vitamin A. However, it is manufactured extensively in the laboratory today.

Know Your Shrinkage

"Sanforized" is the familiar shrinkage-control finish for cottons—but do you know shrinkage-control terms for other fabrics?

Home economists at Michigan State college believe that every homemaker will want to add these to her shopping vocabulary:

"Redmanized" — a shrinkage-control process that guarantees knit fabric garments will not shrink more than 3 per cent.

"Sanforlan" — a shrinkage-control process used only on wools. It guarantees that fabrics will not shrink beyond 2 per cent.

"Sanforset" — process controls shrinkage or stretch within 2 per cent of any rayon fabric.

Many men make money, but money never makes men.

BUILD or REMODEL

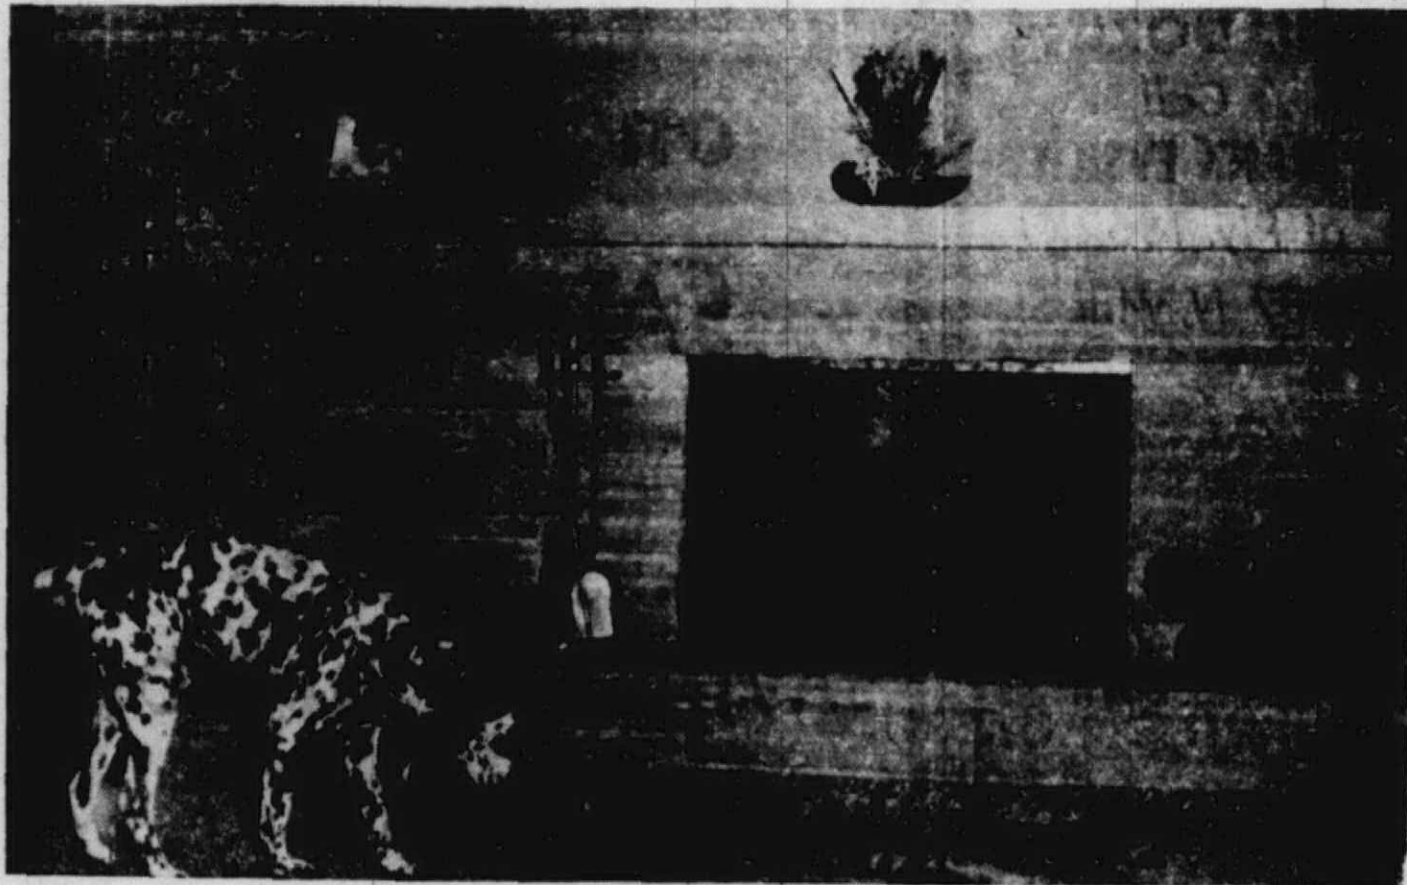

BUILDING NEWS

Helpful Hints Concerning Building, Remodeling, Repairing & Redecorating

BUILD or REMODEL

THE FIREPLACE IN THE HOME OF Mr. and Mrs. William Rose of 16460 Homer road, Northville, was designed by the Roses by combining the styles of eight different fireplaces into one they wanted. The fireplace itself is of ledge rock with a slate hearth. George Farwell laid the tile and brick for Rose. The fireplace screen, sold at the Plymouth hardware, is of the pull type. The wall behind the fireplace is a tincture of Chateau Rose, selected by Mrs. Rose.

The beauty of the finish is one of the valuable assets of hardwood plywood. Home craftsmen working with this material should use reasonable care in handling to maintain the smooth polished surface.

Like another basic commodity, steel, Masonite Presdwood has applications that are almost universal.

Window Shopping With SUE

You can make your own modernistic tables now, with the least possible effort. Personally, I'm just sold on the wrought iron legs and light finished table tops you find in the most expensive stores. Dave Mather over at Plymouth Lumber and Coal told me he is getting kits which will enable anyone to make some of these lovely tables himself.

The idea is this: You buy the legs, which are shaped to form a V, and then just screw them onto the table top. Legs come in various lengths for the different type tables. As for the tops, you can either make your own or purchase an unfinished top designed for one of these tables. Your next

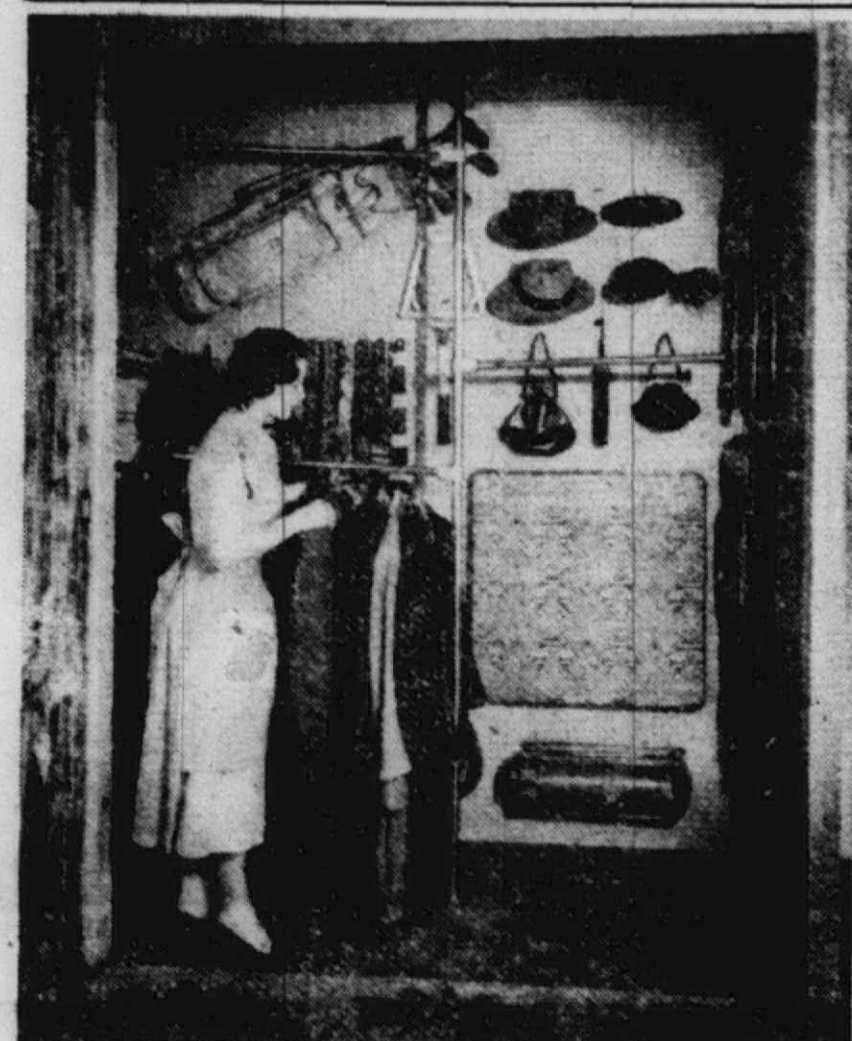

question, like mine, is probably just what would such an outfit cost me? Well, a set of four 12-inch legs comes to \$6.45, and if you buy a ready-made top, say a 17 by 30 mahogany one, it costs \$7.95. And it doubtless would be even cheaper if you made your own table top. I don't think you could ask for a better deal, and you have all the fun of the "do it yourself" angle as well.

And I also discovered that Plymouth Lumber handles those peg boards which you hear so much about these days. You know, they're those large fiberboards covered with holes which hold varying shaped hooks—you can hang just about anything on

them and then always know where to find it. Maybe you're one of those people who never can find the hammer when you want it. Well, if you have one of the peg boards all set up in your utility room or basement your frustrated hunting is eliminated. You can buy the board and the hooks separately or as a complete set. The hooks are arranged in the most convenient way for the individual user—because you set them up yourself.

Dave mentioned that other marvelous use for plywood—a storage wall. These walls are versatile, augmenting limited storage space in a small apartment or home and yet providing a place for just about everything. The picture he showed me illustrated a wall with place for television set, books, bar, desk, and plants.

Closet Has 'Working Walls'

"Working walls" are the answer to multiplying the storage capacity of any closet! Add the revolutionary development in the adjustable "clothes tree," and the entire closet becomes functional. Hats and suits, vacuum cleaner, card table, folding chairs—all have a place in this remarkable space-saving closet. The closet walls are lined with perforated Masonite "Peg-Board," panels of tough, durable Presdwood fitted with self-locking metal hanging fixtures. These may be inserted in the holes in will for completely flexible storage. The "clothes tree" is a brand new idea. Each of the horizontal rods is quickly adjustable at three-inch intervals with a screwdriver. Masonite "Peg-Board" panels and fixtures, as well as the adjustable clothes rods, may be obtained at most lumber yards. The panels may be installed over the studs in new construction and over spacers in existing houses.

Moisture Is A Serious Problem In Modern Home, Lumber Dealers Warn

Moisture can cause a great deal of hidden damage in the home, local lumber and building supply dealers advise. This moisture can get into the framework of the house from the outside, the underside, and—particularly as houses are being made tighter and more weather-proof—from the inside, causing rot and deterioration of the structure.

If the house was built on a low part of the lot, or if the lot itself is low, you can count on gravity to present you with a moisture problem, bringing water from any rain or thaw to the foundation walls, where some seeps through. Grading the land to draw water away from the house is a solution; so also is laying drain tiles that will trap the water before it reaches the house, and lead it to a storm sewer, ditch or dry well.

If the home has a crawl space, this area should be well ventilated for dryness. In addition, by covering the ground with 55 pound roofing paper, in strips with 4 to 6-inch overlaps, you can keep the natural moisture in the

ground from getting into the home in the form of vapor.

The problem of moisture damage from the inside of the home is relatively new. Homes built years ago were bigger, looser and therefore better ventilated; today's homes are calked, weather-stripped and insulated to be tight against the wind. Consequently, moisture builds up inside the modern home, especially in winter, from cooking, laundering, bathing, even human perspiration and respiration—and can't escape through cracks and open spaces. In the form of vapor, the moisture penetrates apparently waterproof surfaces and insulation, hits the cold outside sheathing, and condenses—in the framework. Rot and mildew are on their way, and the condensed vapor also soaks and ruins insulation.

That, somewhat simplified, is today's moisture problem in the home. The answers: Ventilation, and vapor barriers.

You can install exhaust fans in the bathroom, laundry and kitchen, where moisture builds up fastest; and screened louvers in the attic, where indoor vapor builds up by way of the ceiling and sidewalls.

With fans, make sure there is a vent to permit fresh air to enter the home as moisture-laden air is expelled. Fans should provide a change of air every 15 or 20 minutes.

If ventilation reduces the indoor humidity to balance with that out-of-doors, vapor will not enter the walls. Here is what indoor relative humidity should be at 70 degrees indoors, when it's very cold outside:

Outside Temperature
-20 degrees F or lower

Not more than 15 percent

-10 F to -20 F

Not more than 20 percent

Zero to -10 F

Not more than 25 percent

Zero to 10 above

Not more than 35 percent

Anything over 10 above

Indoor Humidity

Not more than 40 percent

Vapor barriers work as the name implies—to keep vapor from getting into places where subsequent condensation can do harm. The vapor barrier may be a metallic foil, or asphalt-coated paper. Some paints have vapor-barrier properties, and should be applied to the inside of walls where insulation is being blown into place between the studs.

If installing batt or blanket insulation, be sure to get types that come with their own vapor barriers. The vapor seal at all times is applied to the inside—warm side—of the wall.

The fight against moisture is somewhat a see-saw battle, the tighter you make your home against moisture from the outside, the more likely it is to build up indoors. The answer is to have vapor barriers where needed, and ventilation throughout.

The current popularity of flush doors, more than eight million of which are being sold each year, has influenced many home builders to finish interior walls with hardwood plywood paneling, home stylists report. The paneling can be obtained to match the doors, thus making possible a continuous sweep of attractive wood area.

Presdwood can be laminated, die-cut, bent to simple curves, sawed, shaped, routed or drilled.

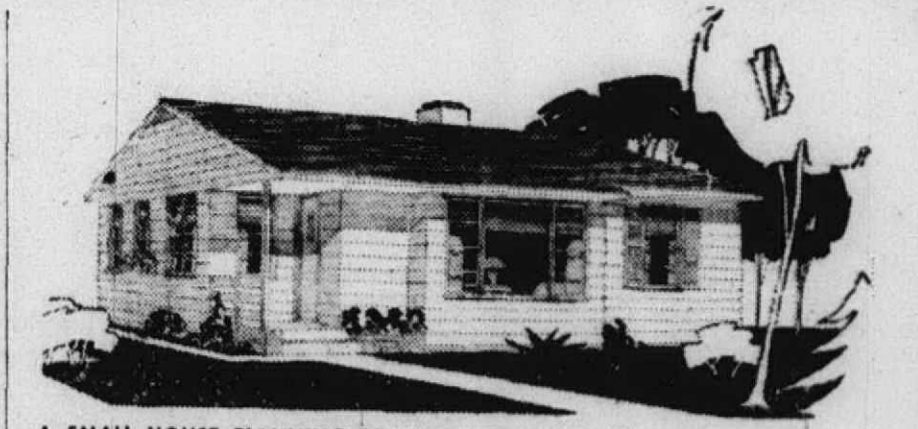

It's Best to Remove Paint When Laying Tile Floor or Walls

When painted concrete is in direct contact with the ground, the paint should be removed before installing resilient tile flooring over the concrete, advise tile flooring engineers.

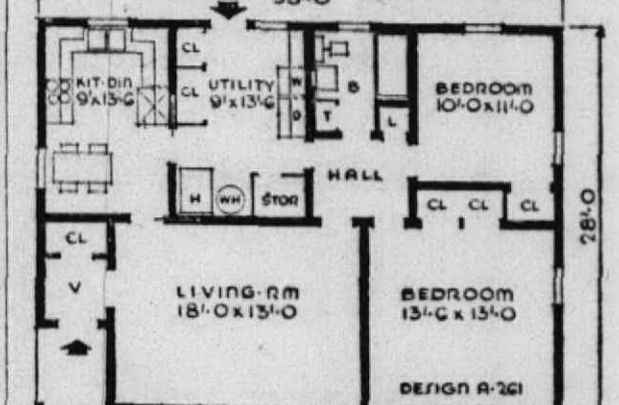

Best method is to scour off the paint with a floor sanding machine, which many hardware stores have to rent, using No. 4 or No. 5 sandpaper.

Chemical types of paint remover should never be used because they soak into the porous concrete and their turpentine or benzene bases may eventually damage the resilient tile flooring. Acids likewise should be avoided.

After the concrete floor is free of paint, all cracks, holes and uneven spots should be filled and smoothed with special patch material.

A SMALL HOUSE PLANNING BUREAU DESIGN NO. A-261

DESIGN A-261. Heating and laundry facilities are located in the utility room which is placed between the bathroom and kitchen for economy in piping. There is no basement and an insulated floor slab is laid on a bed of gravel or cinders. Storage space is provided by wardrobe type clothes closets, a large vestibule closet, linen closet in the hall, cabinet in the bathroom, coat and storage closets and a large supply cabinet in the utility room. A combination kitchen-dinette, living room and two bedrooms complete the plan. Exterior finish includes wide siding, asphalt shingles, covered entrance and double glazed picture window. Floor area is 1,034 sq. ft. with 12,408 cu. ft. For further information about DESIGN A-261, write the Building Editor, The Plymouth Mail.

Decorators Stress Flush Panel Doors

Decorators are stressing the smooth-paneled interior door because it's more modern in appearance, it lends itself to color and it is easy for the homemaker to keep clean.

Architects and home builders like the flush door, too, from the stand-point of economy and durability. Many of them are specifying Masonite Dorlux for the surfaces of the doors they want. A new product especially designed for doors, this is a smooth, strong Presdwood which offers an excellent base for paint, enamel or varnish.

All of the raw materials that are used in the making of fine American handmade glass are found in the United States.

Convectors for use with steam and hot water home heating systems have smooth surfaces with rounded corners, so children can play near them without danger of injury.

Although transparency is the distinguishing characteristic of fine American handmade glassware, it is made almost entirely from opaque materials.

America's first colored handmade glass was made by Evert Duyckinck of New Amsterdam, on Manhattan.

These Events Were News

50 Years Ago

November 13, 1903

D. W. Packard's team, drawing an ice wagon, became frightened at an incoming train near the depot last Saturday morning and ran away. At the first start the wagon broke in two and the horses ran with the front half as far as Conner's corner, where they were stopped by Dr. Tillapaugh.

Superintendent Mealey, of the Plymouth schools will be in charge of the Wayne County Inspirational Institute to be held at Western Wayne School, Detroit, November 20 and 21. Some of the best instructors will be present and read papers and a most interesting and fruitful meeting is expected.

Mrs. J. D. Wildey, who fell on the sidewalk and injured her hip

early last spring, was able to take a few steps on the limb for the first time last Sunday.

George Springstead, crossing watch on Main street, was struck by a switch engine Wednesday evening, knocked down and more or less bruised, but not seriously injured.

Frank Beals has just been awarded a prize of \$60 for securing the third largest number of subscribers in October to the magazine "Success." He secured 213.

The Wayne County Rural Letter Carriers' Association held its annual meeting at Dearborn, Wednesday evening, at which Robert T. Walker of Plymouth was re-elected president.

Will Johnson, living a mile and a half south of Northville, will have an auction sale of 24 head of cattle and other farm property, Wednesday, November 18 at 1 p.m.

Verna Townsend entertained a

number of her young friends at her home Friday evening. Refreshments were served and a joyful evening was spent.

A large congregation attended the Sunday-school convention at the Presbyterian church last Sunday, both afternoon and evening. V. E. Hill was elected president for the ensuing year and W. J. Burrows vice president.

The initial number on the lecture course under the auspices of the Woman's Literary club was given by the Nellie-Peck-Saunders concert company at the opera house last Monday evening.

25 Years Ago

November 16, 1928

Dr. B. E. Champe, Frank Rambo, Harry Lush and William Petz are among the thousands who are in the upper peninsula of Michigan deer hunting.

Mr. and Mrs. F. F. Bennett, of Ypsilanti, and formerly of this place, had the misfortune to have an automobile accident while driving on the Eeorse road near Ypsilanti last week Thursday. In turning out to avoid hitting another car, Mr. Bennett's car skidded and hit a telephone pole. Mr. Bennett suffered severe injury to the ligaments of one leg and has been confined to the hospital since. Mrs. Bennett was painfully bruised.

Fred J. Stocken is in Chicago this week attending the annual convention of the Master Photo Finishers of America.

Miss Joyce Ball, Mr. and Mrs. Gene Gray, Mr. and Mrs. Norman Strausbaugh and Mr. and Mrs. Albert Desentz and family, all of Detroit, visited Miss Nellie Beatrice Huger on Sunday. Miss Huger returned to New York on Tuesday to resume her duties of directing the music of Broadway Temple.

Mr. and Mrs. Arthur Griffiths, of West Ann Arbor street, have left for Albany, Georgia, where Mr. Griffiths will look after the gathering and cultivation of his pecan orchards. The crop this year, while not as heavy as 1926, will be a good crop and better than 1927. There is a big demand this year for paper-shell pecans.

The Ross Greenhouse of this place, was one of the many exhibitors who had a display of chrysanthemums at the state flower show held at Lansing, last Friday, Saturday and Sunday. The Ross Greenhouses have produced some wonderful 'mums this season for exhibition purposes and also for their regular trade.

The fire department was called out last Monday night at 11:30 to a house owned by Glenn Perkins at 345 Roe street, where a fire broke out on the roof. Tuesday afternoon the department was called to subdue another roof blaze at the house owned by Joseph Stanley at 357 North Main street.

Ruth Schmidt had the misfortune to fall off a tetter Tuesday afternoon at the Newburg school, breaking her left arm in two places, at the elbow and at the wrist. Dr. Wilson reduced the fracture.

CHECK FOR YEARS-AHEAD STYLING! Look at the lines of the new cars already on the market—and see if you think they approach Mercury's famous style leadership.

CHECK FOR POWER FEATURES! Mercury extras include optional 4-way power seat, power brakes, power steering, electric window lifts, Merc-O-Matic no-shift drive. No other popular-priced car offers so many.

CHECK FOR PERFORMANCE! Remember Mercury has always used V-8 engines, exclusively. With Mercury you're buying proven performance, with a long record of economy proven in open competition.

CHECK FOR TRADE-IN VALUE—before you decide to buy. Latest official figures show that Mercury—always a much wanted car—now returns more of your original investment than any other popular-priced car.

Mercury's Soaring Sales let us give you the big "Double Pay-Off" Deal

- 1 Bigger volume means we can take a smaller profit per car—give you a bigger trade-in now for your present car.
- 2 Mercury's record-breaking popularity shows you'll get back more of your investment when you sell or trade.

We're not telling you about Mercury's constantly increasing popularity because we like to brag. It's that popularity that puts money in your

pocket—gives you the deal that pays off twice. With such a high volume, we can take a lower profit per sale—give you a better deal. Your present car will never be worth so much again! And latest figures show that Mercury tops all other popular-priced cars in trade-in value. Take advantage of our year-end deal, and you'll be way ahead! Come in now for best selection of models and colors, with or without Merc-O-Matic, the smoothest no-shift drive.

BEST TIME EVER TO BUY A

MERCURY

Don't miss the big television hit, "TOAST OF THE TOWN," with Ed Sullivan, Sunday evening, 8:00 to 9:00. Station WJBK-TV, Channel 2.

MACKIE MERCURY • 402 N. Mill Street, Plymouth, Mich.

Loan Corporation Opens in Livonia

General Public Loan corporation today announced the opening of its 11th and 12th offices in the Detroit area. One is at 32160 Plymouth road in Livonia, the other in Pontiac. In addition to these the company also operates 13 other offices serving customers throughout Michigan and now covers 22 states, coast to coast, with more than 290 offices.

William A. Gerard, vice-president and executive supervisor in charge of Michigan operations stated: "We have wanted to extend our prompt and friendly loan service to the people of Livonia and Pontiac for some time

and now that wish has become a fact.

"We believe that customers will find both new offices conveniently located and feel certain that many will be aided by our policy of lending money to families and individuals in amounts from \$25 to \$500."

Andrew P. Mayer has been appointed manager of the Livonia branch. A native of Flint, Michigan, he began his career with the company in their offices there and also served as manager of the Saginaw branch. He and his wife, Barbara Jean, have two children.

Lapham 4-H Club Chooses Projects

The members of the Lapham 4-H club, which held its October meeting at the home of Kenneth Clinasmith, decided on the club's projects for the winter season.

Members who will concentrate on handicraft are: Berva Adams, Lyle Clinasmith, James Conant, David Hawker, Ronald Compton, Nevin Compton and James Davis. The sewing group will include Berva Adams, Judy Nagy, Jean Nagy, Mary Rich and Linda Cockrum. Nevin Compton is also taking bicycle safety.

Leaders of the club are Mr. and Mrs. Herbert Conant and co-leader, Arthur Clinasmith.

Ribbons won by members at the Washtenaw county fair were given to the members at the meeting. They decided to buy record books and gate signs for the members.

First P T S A Meeting Set for Next Tuesday

First meeting of the year for the junior high school Parent-Teacher-Student association will be held next Tuesday, November 17 in the junior high auditorium, it was announced this week. Starting time for the meeting will be 7:30 p. m.

Larry Livingston will lead the junior high school band in a few selections to open the meeting, after which Principal Arthur J. Alford will give a welcoming message.

Group singing directed by Mr. Livingston will follow. An evaluation of building problems and progress changes will be stated by Superintendent Russell Isbister. Parents will then be taken on a tour of the rooms.

Refreshments will be served following the program.

The pay-as-you-go plan is a fine idea—especially if a person can travel that fast.

Pick Birmingham For New System Of Phone Service

The Michigan Bell Telephone Company, on November 20, will inaugurate a plan at Birmingham which will make it possible for telephone users in that community to dial their own long-distance calls to many points all over the country.

Under the plan, Birmingham customers will be able to dial direct to more than 13,000,000 telephones in the metropolitan areas of New York, Boston, Philadelphia, Pittsburgh, Cleveland, Chicago, Baltimore, San Francisco, Milwaukee, New Haven, Connecticut, Newark, Washington, D. C., Sacramento, and Oakland.

A revolutionary method of speeding long-distance service, customer toll dialing was first inaugurated in Englewood, New Jersey, two years ago.

Birmingham was chosen as the second community in the nation to come under the plan because it is served by a particular type of central office equipment which is readily adaptable to long-distance dialing. Further, Birmingham customers, the company said, place a high percentage of toll calls per capita—and to a wider range of cities throughout the country than do subscribers in many exchanges.

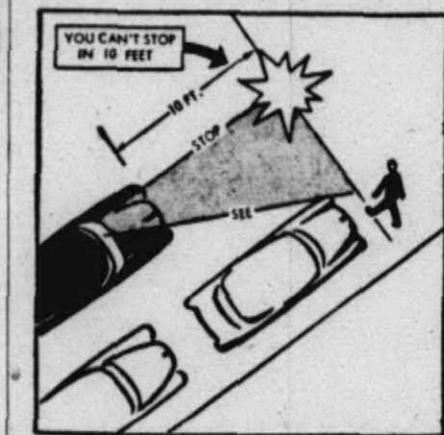

Automatic accounting equipment will register each step of a customer-dialed long-distance call for billing purposes.

Key to the long-distance dialing plan is what telephone engineers call a "4A Toll Crossbar Machine." One of these huge—almost human mechanical brains—has been installed in Michigan Bell's headquarters building in Detroit. When a call is dialed into it, it automatically searches out an available circuit and rings any telephone in most of the nation's major cities in a matter of seconds.

In addition to making it possible for Birmingham customers to dial long distance, the 4 A machine permits Michigan Bell operators to dial more toll calls directly through to the called telephone without the assistance of an intermediate operator. It also guides calls originated by operators all over the country to the proper telephone in Detroit, Lansing, Saginaw, Flint, Ann Arbor, Grand Rapids, Pontiac, Petoskey, Kalamazoo, and other outstate exchanges.

The reason some people have so few friends is that they think a friend should give them something for nothing.

No. 2: You Can't Stop in 10 Feet at 10 Miles Per Hour

That pedestrian who pops out from between parked cars can put you on the spot. The parked car hides him until the last second. When you are far enough along to see him you may have only 10 feet in which to stop.

That fatal triangle in the drawing tells the story. See how close the car is before the line of sight of the driver can reach the pedestrian. He only has to move 5 feet to be in front of you.

At 10 miles per hour your reaction time of $\frac{1}{4}$ of a second moves you 11 feet before your foot hits the brake. You will still skid 7.5 feet before you stop. In 18.5 feet you would have run over him.

Get Education By "Telecourses"

"Telecourses" — classes presented through the medium of television — will be offered for recognized college credit when WKAR-TV, the Michigan State College station, goes on the air in 1954. Programming by Michigan's first educational television station will begin in January on uhf, Channel 60. According to advance estimates, reception will be possible within a 65-mile range of East Lansing.

Courses will be offered on both a credit and non-credit basis in a regularly scheduled series of WKAR-TV programs, "The University of the Air," according to Dr. Lawrence E. McKune, television producer-coordinator for M. S. C.'s Continuing Education Service.

The programs will be presented evenings between 7 and 8 p.m. and will match in duration and sequence the regular school terms at M. S. C. Cooperating with Dr. McKune will be Dr. John Waite, acting coordinator for the School of Science and Arts, and Dr. William Cumming, acting coordinator for the School of Business and Public Service. "The work of the Continuing Education Service at M. S. C. falls into five categories," Dr. McKune said. These are education for work, health, citizenship, home and family, and education in the use of time.

Telecourses to be offered by WKAR-TV will present instruction in these important areas with the added advantage that many can be taken for official college credit compliance with course requirements and regulations.

"Course requirements will be the same as for any regularly scheduled campus course and credit received will be equivalent," Dr. McKune said.

Students who for some reason are not able to continue in college, he said, will have the opportunity to register for telecourses and thereby obtain three units of credit per term for each of the courses taken as a part of their planned college course. Students not yet in college may have provisional course credit to apply after they enter college.

Persons taking courses for credit will receive, upon payment of fees, pertinent materials for their study, and must obtain textbooks. Non-credit students may buy textbooks if they wish.

Mid-term and final examinations will require that students report to the campus or to convenient centers. Other examinations will be handled by mail.

Dr. McKune, who holds the Ph.D. degree from the State Uni-

versity of Iowa, has had extensive experience in education and in television and radio. His recent experience includes writing, producing and directing many educational programs for WOITV, Ames, Iowa.

The U. S. Department of Labor says the standard of living in Russia has been declining constantly since 1928. The Russian worker today spends 45 per cent more time on the job than he did in 1928 to buy an equal amount of bread, potatoes, beef, butter, eggs, milk and sugar.

Dunlap Joins Staff Of Local Music Center

The Plymouth Music Center at 1175 Starkweather has announced that it has secured the services of Wayne Dunlap, conductor of the Plymouth Symphony orchestra.

Owner Carl Groschke said that Dunlap "will be associated with us in our efforts to satisfy every musical need of this community and in implementing the motto of the Plymouth Symphony, 'More and Better Music for Plymouth!'"

Notice of Public Hearing Proposed Zoning Ordinance City of Plymouth, Michigan

Notice is hereby given that a public hearing on the Proposed Zoning Ordinance of the City of Plymouth will be held in the Commission Chambers of the City Hall on Monday, November 23, 1953 at 7:30 p.m.

The Proposed Zoning Ordinance, on which this hearing is to be held, will govern the zoning of the entire city and will completely replace the present zoning ordinance. The proposed ordinance is of great importance to the future of the City of Plymouth and therefore, the City Commission of the City of Plymouth urges all persons interested in zoning to attend and promises that ample opportunity will be given all citizens to participate in the discussion.

At the close of the hearing, the comments and suggestions of those citizens participating will be considered by the City Commission before final passage of the Ordinance.

Lamont C. BeGole, City Clerk

WHEN CONCRETE IS THE DIFFERENCE BETWEEN LIFE AND DEATH

You're driving home in a drizzling rain. The pavement is soaked. You've traveled this street a hundred times before but—suddenly a child darts out. Your heart leaps. The terrified child falls. You slam on the brakes. Your tires grab the pavement—and they hold! You've stopped short of a heart-breaking tragedy—perhaps only a few inches short—because you were lucky enough to be on concrete.

Concrete is the safest of all pavements. Wet or dry, its gritty texture provides uniformly high skid resistance for quick stops in emergencies. This means extra protection for both drivers and pedestrians.

Remember, no driver expects trouble but if it comes your chances are much better on concrete. Put safety first by insisting on concrete streets.

**Official Proceedings of
Your City Commission**

Monday, October 19, 1953
A regular meeting of the City Commission Chambers of the City Hall on Monday, October 19, 1953 at 7:30 P. M.
PRESENT: Comms. Bauer, Fisher, Hammond, Henry, Terry, Tibbitts and Mayor Daane.
Absent: none

Moved by Comm. Bauer and supported by Comm. Hammond that the minutes of the regular meeting of October 5, 1953 be approved as read by the Clerk.
Carried unanimously.

The Clerk presented the following bills in the amount of \$72,862.01 for approval:

Moved by Comm. Fisher and supported by Comm. Tibbitts that the bills be approved as audited and warrants drawn.
Carried unanimously.

The Clerk presented the following reports for the month of September: City Treasurer, Municipal Court, Health Department, Police Department, D. P. W. and Fire Department.

Moved by Comm. Hammond and supported by Comm. Bauer that the aforesaid reports be accepted and placed on file.
Carried unanimously.

Mr. George Witkowski and Mr. Nestor A. Sibbold, representing the Christmas Lighting Committee of the Plymouth Chamber of Commerce, appeared before the Commission to outline their Committee's suggested lighting program for the 1953 Christmas season and to request permission of the City Commission for said program.

Moved by Comm. Henry and supported by Comm. Terry that the general plan for Christmas lighting, as submitted by the Chamber of Commerce, be approved with the understanding that the placing of Christmas trees in Kellogg Park will not interfere with street or sidewalk right-of-ways, and, further, that those funds budgeted by the City for Christmas lighting be used in co-operation with the Chamber of Commerce to the extent that they are available beyond those amounts required for the installation of the customary Christmas decorations by the City itself.
Carried unanimously.

Mr. Arthur Helm, representing the sixth grade of Starkweather School, appeared before the Commission and requested that his class be permitted to paint house numbers on curbs throughout the residential districts of the city, where hired to do so by the householders.

Moved by Comm. Tibbitts and supported by Comm. Henry that the members of the sixth grade at Starkweather School be permitted to paint house numbers on the street curbs of those householders hiring them to do so.
Carried unanimously.

Mr. Christopher J. Mulle, Drain Commissioner for the County of Wayne, informed the Commission that he proposed to construct an improvement to be known as the Middle Rouge Parkway Interceptor Sewer, whose drainage district will be composed of territory partly within the City of Plymouth. Mr. Mulle then requested that the Commission, by resolution, authorize him to construct said sewer and to accept jurisdiction of that property within the City of Plymouth to be affected by the proposed sewer. Mayor Daane referred to Mr. Mulle's request to the City Attorney for consideration and recommendation.

The Clerk presented a communication from the Lundblad Building Company requesting permission to install certain described advertising lighting in the "Birch Estates" subdivision now being developed by the Lundblad Company.

Moved by Comm. Terry and supported by Comm. Hammond that the request of the Lundblad Company for permission to install a string of advertising lights over the Byron Street entrance to the "Birch Estates" subdivision be denied and, further, that the additional request to install display lights from time to time within the subdivision also be denied.

YES: Comms. Bauer, Hammond, Terry, Tibbitts and Mayor Daane.

NO: Comms. Fisher and Henry.
The Clerk presented a communication from Carl R. Greenlee, Chief of Police, requesting that certain stop signs installed on his orders be designated permanent stop signs by the Commission.

Moved by Comm. Fisher and supported by Comm. Bauer that the temporary installation of the stop signs on Holbrook at the intersection of Spring and on Farmer at the intersection of Blunk be made permanent.
Carried unanimously.

The Clerk presented a communication from Carl R. Greenlee, Chief of Police, requesting employment of an additional Police Officer.

Moved by Comm. Bauer and supported by Comm. Terry that the request of the Chief of Police be granted and one additional police officer hired with the expense charged to the Unappropriated Reserve account.

Carried unanimously.
The Clerk presented a communication from Mr. Thomas C. Kent requesting that the Boy Scouts of America be permitted to hold a demonstration in Kellogg Park on Saturday, October 24, 1953, said demonstration to be in conjunction with and to provide publicity for the annual Plymouth Community Fund Drive.

Moved by Comm. Henry and supported by Comm. Hammond that the Boy Scouts of America be permitted to hold a demonstration in Kellogg Park on Saturday, October 24, 1953.
Carried unanimously.

The Clerk presented a communication from the Felician Sisters requesting permission to stretch a banner across Main Street advertising the St. Mary Hospital Building Fund Campaign.

Moved by Comm. Bauer and supported by Comm. Henry that the St. Mary Hospital Building Fund Campaign Committee be permitted to stretch a banner across Main Street during the period between November 12, and December 16, 1953.
Carried unanimously.

The Clerk presented a communication from Mr. Loren W. Gould requesting permission to install a sanitary sewer to run 375 feet north from Penniman Avenue along the east side of Sheldon Road. Mayor Daane referred the request to the City Manager for his consideration and recommendation.

Moved by Comm. Henry and supported by Comm. Bauer that the City Manager be authorized to advertise for bids on sewer cleaning equipment for the use of the Department of Public Works.
Carried unanimously.

Moved by Comm. Terry and supported by Comm. Tibbitts that the City Manager be authorized to purchase a new control mechanism for the traffic signal at Main and Church Streets in order that the flow of traffic at said intersection may be regulated as recommended by the AAA Traffic Survey Report.
Carried unanimously.

Moved by Comm. Hammond and supported by Comm. Fisher that pursuant to the recommendation of the Heating Board, the fee for the inspection of a gas space heater be set at \$3.00 and included in the Schedule of Heating Inspection fees established by the City Commission at a special meeting held July 27, 1953.
Carried unanimously.

Proposed Ordinance No. 181 was given its second reading by the Clerk.

Moved by Comm. Terry and supported by Comm. Henry that Proposed Ordinance No. 181, an ordinance to amend Ordinance No. 108, known as the Zoning Ordinance, be passed its second reading.
Carried unanimously.

Proposed Ordinance No. 181 was given its third and final reading by the Clerk.

Moved by Comm. Tibbitts and supported by Comm. Fisher that Ordinance No. 181 be passed its third and final reading and become operative and effective on the 9th day of November, 1953.
Carried unanimously.

Mayor Daane announced his appointment of the following Traffic Safety Committee with the term to expire in May, 1955: Mr. Albert Glassford, Mr. Marvin Terry, Mr. Thomas Rusetti, Mrs. A. E. Vallier, Mr. Carl Greenlee, Mr. Robert McAllister and Mr. Harry Larson.

Moved by Comm. Henry and supported by Comm. Hammond that Mayor Daane's appointments to the Traffic Safety Committee, for a term to expire in May, 1955, be confirmed.
Carried unanimously.

The Clerk presented the recommendations of the Planning Commission relative to Sections 13.05

and 15.02 of the Proposed Zoning Ordinance.

Moved by Comm. Tibbitts and supported by Comm. Bauer that pursuant to the recommendation of the Planning Commission, Section 13.05 of the Proposed Zoning Ordinance be revised to read as follows:

Section 13.05 HEARING. The Board of Appeals shall, within twenty-one (21) days of the date of receiving the appeal, hold a hearing on the appeal and give due notice thereof to the parties concerned and shall decide the same within thirty (30) days. The City Planning Commission shall be notified of any such hearing and its representative shall attend.
Carried unanimously.

Moved by Comm. Hammond and supported by Comm. Terry that pursuant to the recommendation of the City Planning Commission, Section 15.02 (Requiring City Planning Commission approval of certain building permits) be deleted from the Proposed Zoning Ordinance.
Carried unanimously.

Mayor Daane deferred the following matters until a special meeting to be held on Tuesday, October 20, 1953 at 7:30 P. M.:

2. Consideration of bids—New Fire Truck.
2. Consideration of site and building plans—North end Fire Station.

Moved by Comm. Hammond and supported by Comm. Fisher that the City Manager be author-

ized to increase appropriation of 1952-53 budget for Dept. Retirement and Interest Account by \$71.80 and to close unexpended budget balances and excess receipts into General Fund Surplus Account.
Carried unanimously.

Mayor Daane deferred consideration of the Proposed amendment to the Traffic Ordinance No. 99 prohibiting on street parking 2:00 A. M. to 6:00 A. M. until a more complete study of the availability of off-street parking may be made.

Moved by Comm. Hammond and supported by Comm. Henry that the meeting be adjourned.
Carried unanimously.
Time of adjournment was 11:00 P. M.

A special meeting of the City Tuesday, October 20, 1953 Commission was held in the Commission Chambers of the City Hall on Tuesday, October 20, 1953 at 7:30 P. M. to consider the following matters:

1. Consideration of Bids—New Fire Truck.

2. General discussion—Housing of Fire Equipment—North End Fire Station.

Hammond, Terry, Tibbitts and Mayor Daane.
ABSENT: Comms. Fisher and Henry. (Comms. Fisher and Henry arrived at 7:45 P. M.)

Moved by Comm. Tibbitts and supported by Comm. Henry that the bid of the American La-France Company for one (1) In-

vader model V-12 cyl., 215 HP 750 gal. Class A rating motor pumping engine as per Plymouth and Federal Civil Defense Authority specifications, in the amount of \$18,200 be accepted.
Carried unanimously.

The north side fire station committee made a progress report to the City Commission relative to the site and cost in connection with the proposed fire station. The Mayor requested that the committee proceed further with their study and present preliminary sketches of the building for Commission approval.

Moved by Comm. Hammond and supported by Comm. Terry that the meeting be adjourned.
Carried unanimously.
Time of adjournment was 9:40 P. M.

Carried unanimously.

What Mike's small loan did for you
Plenty, even though you've never heard of Mike. It put money in your pocket, as well as his!
In taking out his small loan, Mike did his bit to confirm the American principle of healthy consumer credit...the lending of moderate sums to individuals for the things they need. He used his money for manufactured goods, clothing, and to keep himself and his family in good health. Add his loan to the millions made by other average folks and the total's tremendous.
And that's important to you... plenty. Dollars in circulation help maintain prosperous business, high living standards, a flourishing economy for everybody.
General Public Loan has served thousands of people like Mike in the Greater-Detroit area in the past seventeen years. And now there's a new General Public Loan office in Livonia.
At any of the twelve General Public Loan offices in this area up to \$500 can be obtained for clothing, fuel, home or auto repairs, or any worthy purpose. Most loans are made in one day on the borrower's name only or other plans.

Meet Your Symphony Players

Dick Thurston PLY-MAIL PHOTO

Manning the tympany section of the Plymouth orchestra is young Dick Thurston. Dick was imported from the University of Michigan to take over the kettle

drum department for the local orchestra.

Actually, Dick is putting in his third year with the Plymouth Symphony, starting out when he was just a sophomore at the university. He is now in his senior year in the School of Music.

Dick explained that the drums are the most ancient and respected instrument in an orchestra. Originally they were carried on the sides of camels because of their great size.

He pointed out that the kettle drums show best in modern music, therefore this is the most fun to play. He included 19th century music in the modern category as well.

Besides the drums, Dick also plays the piano and French horn. On graduation in June he intends to teach music with an eye toward conducting some day. Dick's home is in Norman, Oklahoma.

Shopping Center Nears Completion

Plans were announced this week for the opening of the first unit of Sheldon Center, a shopping area under construction at the present time on Plymouth Road at the intersection of Farmington Road in Livonia. The center will open December 3, 1953.

Two supermarkets, a department store, a five-and-ten, a drug store and eight smaller shops comprise the first unit of Sheldon Center. The one-story structure is 561 feet long and 140 feet deep, containing a total of 78,540 square feet. Plans call for the addition of a two-story department store and another one-story structure, 400 feet long and 150 feet deep.

The shopping center is owned by the Sheldon Land company and the Leonard P. Reaume company is rental agent. Among the first tenants are: Wrigley Stores, Inc., Kroger Super Markets, The S. S. Kresge company, Cunningham Drug Stores, The Bambi Shop, Grand Jewelers, Linda Lee Women's Apparel, Tom Henry's Men's Wear, Reed's Department Store, First Federal Savings and Loan Association, and Hocking-Gillies Shoe store.

All the Sheldon Center tenants will be open for business by December 3 except Reed's, First Federal and the Hocking-Gillies Shoe store, which will open in March, 1954.

Sheldon Center was planned to fill the need for greater retail shopping facilities for residents of Northville, Farmington, Plymouth, Redford, Canton, Nankin and Livonia. Parking facilities for 1200 cars are provided in front of the stores, with additional parking area at the rear.

OUTDOOR NOTES From The MICHIGAN DEPARTMENT OF CONSERVATION

Al Harger, biologist at the Houghton Lake wildlife station near here, recently caught a goshawk, one of Michigan's rarest birds, with his hands, the conservation department reports.

Harger saw the bird one day while making his rounds through brush and woodlands near the station. The goshawk, noted for speed in flight and sharp eyes, was resting on a stump.

Harger's fellow workers report the biologist can, if necessary, move through the woods "like a bashful ghost" anyway, and in this case he had to creep and crawl a considerable distance before making a final dash to grab the bird.

Goshawks have been used in the past in falconry, the ancient method of hunting birds and small game. Harger hopes to train his hawk as a test of this hunting method and in the meantime will be able to study the bird's habits.

Probably one of the toughest ducks to ever grace a hunter's dinner table was a male black duck shot recently on the Munusong marshes in the eastern upper peninsula, the conservation department reports.

The duck, bearing a federal leg band, was shot by Alphonse LeLievre of Sault Ste. Marie early this season. It had been captured as an adult in 1940 and banded at the Munusong marshes.

Game men say it's very unusual that a duck should survive that many hunting seasons, or, for that matter, should survive 13

years or more under any conditions.

A befuddled coyote has been shambling about this northernmost outpost of Michigan, Copper Harbor, recently, and a number of visitors at nearby Fort Wilkins state park have kept the animal in a state of fright.

Ordinarily, coyotes are sly creatures, only seldom seen in the wilds.

But this fellow was seen by at least half a dozen persons in the last two weeks, run over by an automobile on a bridge at the park, and twice dusted off with bird shot.

Mac Frimodig, manager at the park, reports that he might have bagged the predator for sure when he strolled by the house one morning last week, except that his shotgun was out in the car. (with shells in the house) and his rifle was in the house. (with cartridges out in the workshop).

"By the time I got organized," writes Frimodig, "that coyote was probably eating a rabbit breakfast somewhere on the outskirts of Eagle Harbor."

Preparation for the opening of Michigan's annual November 15-30 buck deer season are going steadily forward in game division offices here, the conservation department notes.

Game men are preparing checking station equipment, setting up communication plans,

meeting with field workers. Kill figures and hunter numbers will be tabulated in a variety of ways — by polls, traffic counts, interviews, and car counts in the woods—and for each method, workers must organize field plans.

Checking stations are set up to gather biological information only. They are not stations where deer are counted; other department workers will be counting deer in other ways while biologists at checking stations gather age and physical condition information from hunter's kills.

Such data is used extensively in planning the future of Michigan's deer management program.

"Easy hunting" days have passed for the Michigan buck deer hunter.

The new era of tougher hunting will be ushered in November 15, the opening of Michigan's 1953 buck deer season.

The buck kill will be down this year in the northern lower peninsula, game men say, possibly as much as 25 percent.

If that's the case, hunters may have to work harder, stalk longer, get colder noses and toes before success comes their way—if, indeed, it arrives at all.

But while the dyed-in-the-wool buck hunter is, in the future, to be faced with having to work harder for his kill, the day of the deer hunter, as such, is beginning to flower.

For game men insist we no

longer can expect to shoot only bucks, but in the future must expect to take all types of deer, including does and fawns, when necessary.

By doing this, the annual deer kill through the years can remain at a high level, despite occasional annual fluctuations. However, there will be fewer fortunate hunters who will take home prize racks of antlers in the future.

This year, for example, game men say the buck kill will be down considerably from last year.

At the same time, they expect the total kill of all deer, including deer taken in the special season, to be as high or higher than the total actual deer kill in 1951—the last year when only antlered bucks were legal game. The special season this year is slated December 1 in the northern lower peninsula, with any deer legal game at that time.

Last year, hunters took 31,000 legal bucks in the northern lower peninsula during the November 15-30 season.

But then during the special season, about 25,000 additional buck fawns were taken, the youngsters that will this year be absent from the buck crop. Meanwhile, buck hunting is expected to be about the same or somewhat better in the upper peninsula this year.

Game men say checks made this fall indicate the UP herd has come back somewhat from its loss to starvation during the winter of 1951-52. Also, two "open" winters of light snowfall have followed the severe 1951-52 period, with deer able to find sufficient food and thus escape further starvation.

It may hurt to give to your church, but it hurts more not to give.

Robert D. Murphy, America's first postwar ambassador to Japan, first gained national prominence as the man who gathered vital information and who laid the political groundwork which led to the successful Allied invasion of North Africa during World War II.

Uprooting a bad habit is never effective unless you stick a good one in the hole.

OBITUARY

Louise Seitz
A funeral Mass was held Thursday, October 29, for Mrs. Louise Seitz of Detroit who passed away Monday, October 26. She is survived by a daughter, Mrs. Chester Keller, and Gerald Keller, both of Plymouth.

Mass was held from St. Anne's church in Detroit. Fred Kendall was soloist. Interment was in Holy Sepulchre cemetery.

The quarter-pound stick of cartooned butter equals 1/2 cup or 8 tablespoons. Modern packaging in paraffined cartons protects butter's delicate flavor from odor-penetration and prevents denting and crushing of the sticks.

Why more than a million owners this year have chosen the "Worth More" FORD!

They have discovered first hand what the surveys show... Ford, with all its fine-car features, is worth more when you buy it, and worth more when you sell it!

OVER A MILLION OWNERS can't be wrong! Ford is the one fine car in the low-price field. It gives you the "GO," the style, the comfort, and "build" of cars that sell for far more. And, it's only natural that Ford keeps its value better, in resale, than any other car on the American Road. Check the features below for some of the "Worth More" reasons for the swing to Ford.

Lowest-priced V-8 in America And the only V-8 in the low-price field. Ford's high-compression V-8 power plant delivers its "Go" on regular gas!

Most Modern Six of all Ford's high-compression, low-friction Mileage Maker. With Overdrive, it was the winner in 1953 Mobilgas Economy Run.

Smoother Ride, with front end road shock reduced up to 80%, is another Ford big-car feature... and you get it without gas-eating extra weight.

Fine-Car Build means using steel of the same quality and thickness as in costlier cars. Ford is the most completely insulated car in its field.

Fordomatic Drive is the only "automatic" in its field with the "Go" of an automatic intermediate gear plus the smoothness of a torque converter.

Finest Power Steering—that's Ford Master-Guide. Does up to 75% of the steering work yet retains normal steering "feel" on the straightaways.

GREAT TV! FORD THEATRE WWJ-TV, 9:30 p.m., Thursday

Join the swing to **FORD** :: take a Test Drive today!

Chips from the ROCK

One local resident has enjoyed three pheasant dinners without having to fire a shot from a gun. Insurance man Joe Merritt tells of the prowess of his Weimaraner dog, Vye, who has garnered three birds on his five acre homesite on Lilley road which have been winged by poor shots and sought refuge on his land. One bird was wounded in the wing, one in the leg and the third delayed momentarily to spread its wings as it passed through a fence. All were caught by the dog and brought home for the kettle.

At a weekend luncheon a local group was talking about Armistice Day which reminded Ford dealer Paul Wiedman of the fact that Captain Dwight Eisenhower, now the president, was his commanding officer during World War I and that he was called before the Captain for punishment with eight other quarantees who broke out of camp. The captain was very stern, said Mr. Wiedman, but because he told the exact reason for his disobedience he was let off with the remonstrance that he appeared honest and for telling the truth the captain knew he would never get out of line again. Incidentally all of Mr. Wiedman's World War I papers were signed by the captain.

James Houk received a letter from Plymouthite Mrs. James Shaw, who resides here on Lakeland street, with a clipping from an Omaha, Nebraska paper in which she read of his recent quote in Detroit on the fact that women's feet were getting increasingly larger. Said Mrs. Shaw, quote . . . "Even way out west on vacation I can't get away from home."

Jesse Hake of Bullard's used furniture store says the old sleigh displayed in front of their store is the one that the J. L. Hudson company used for many years to carry Santa Claus in their annual Thanksgiving Day parade . . . which all goes to remind us there are only 36 more shopping days till Christmas.

Jeweler Dave Agnew walked across the Mayflower lobby into Caplin's haberdashery with a customer's watch in his hand. A half hour later the customer came in to claim the same and the watch couldn't be found. An all day search revealed nothing and as Agnew got ready for bed that night off his wrist came the missing watch.

Best recipe for homemade television treat comes from the kitchen of city treasurer Charles Garlett. Regular features on their evening program are delicious peanut clusters made by melting a giant size Hershey bar in a double boiler then combining the same with a large cellophane bag of salted Spanish peanuts. Place the clusters on wax paper with a spoon, let cool and you are ready for a delicious treat.

So far as is known Rod Hubbel and son Jeff were the only two Plymouthites to board the special train here last Saturday for Columbus, Ohio to see the Ohio State-Michigan State football game. There were over a hundred other fans from this section of Michigan however that did get on the train here early that morning. The stop was made at the crossing by the lumber company on Main street instead of the station.

BEWARE THE DEMON

Roger Babson Says . . .

BABSON DISCUSSES THE 1953 CROP SITUATION

New Boston, New Hampshire, Early last summer I discussed the 1953 crop outlook, which then was more or less tentative. Now the over-all situation is more clearly defined. Despite the vagaries of summer and early fall weather, the outlook is for the third largest total production of record.

NATURE ALREADY HAS BEEN KIND

Most of my earlier crop forecasts have been well borne out. For instance, another billion-bushel-plus wheat crop already

has been harvested, with much to spare. Total supplies for the 1953-1954 season would, in fact, prove extremely burdensome were it not for the Government support price of \$2.21 a bushel (national average at the farm). Wheat farmers are taking good advantage of the loan, which means that prices may average somewhat higher. The gimmick, however, is this: An official curb on 1954 acreage! The piper must be paid!

Below-average crops of barley, oats and rye have been harvested. Nevertheless, supplies of these grains should suffice for indicated requirements. Higher prices should rule over the longer

term. The flaxseed crop of 39,011,000 bushels is slightly above the 10-year average and will prove fully adequate. Although drought sharply reduced soybean prospects, the indicated U. S. outturn of 259,483,000 bushels is 18% above the 10-year average. Including record farm stocks, total supplies will easily suffice for 1953-1954 requirements. Yet both flaxseed and soybean prices may work a little higher as the season advances.

A GLANCE AT FALL CROP PROSPECTS

Last summer's long, hot dry spell cut the nation's corn prospects, but not enough to cause real concern. The indicated crop of around 3,200,000,000 bushels is slightly under the 1952 outturn, but still 5% above the 10-year average. It should suffice, since the carryover was of average size. The support price of \$1.60 a bushel (national average) will ease marketing pressure. Later in the season, the price support program and the prevailing favorable feeding ratio may result in somewhat higher average prices.

The edible dry bean crop this year probably will be in the vicinity of 17,730,000 bags (100 pounds each), only slightly under the 10-year average, and will easily go around. Prices are under seasonal pressure, but should recover over the longer term. The U. S. potato crop of close to 374,000,000 bushels is about 9% below the 10-year average, but well above normal domestic consumption. My June forecast of a big U. S. rice crop is being well borne out; in fact it will set a record high. Current rice weakness in both potatoes and rice should be followed by some recovery over the longer term.

COTTON CROP

My earlier cotton forecast that a large crop would be planted, despite the Government's request for a sharp cut, is being fully realized. The indicated yield of 15,596,000 bales compares with the 1942-1951 average of 12,215,000 bales. Including the August 1 carryover of 5,500,000 bales, total supplies for the 1953-1954 season will be around 21,100,000 bales, or about 10,000,000 bales above indicated domestic consumption and exports. A lot of cotton planters will demand Government loans this season. Cotton farmers will pay for this splurge by a sharp cut in the 1954 national cotton acreage allotment.

FARM PRICE OUTLOOK

Although I expect total cash receipts from farm marketings to decline moderately in 1954, they still will be sizable. Farmers on the whole should continue to prosper. However, certain sections, like Kansas, the dairy states and parts of the Southwest, are suffering. The problems of farm surpluses and a workable and fair price support program remain unsettled. Hard work, cost cutting, promotional programs, and a putting of the national interest above that of any one group will speed the solution. I will discuss the livestock situation in a later issue of this paper.

Nothing is free—even a man sporting a black eye has earned it.

Some men's idea of economy is to preach it daily to their wives.

Drivers must pay more if present traffic facilities are to be improved. This is unavoidable. More roads, more laws, more education, more policemen are required to check the staggering loss of life and property from highway mishap. Only problem now is to see that money is wisely spent; that fair value is received.

Automobile production skyrocketed since the war. In 1950 nearly seven million vehicles were produced; this year only a few less will be turned out by our factories. Next year manufacturers expect to make 6 1/2 million more.

Terrific strain to our highway system has resulted from this great increase in automobiles. Not only are there more cars and trucks in existence, but each of them covers more distance each day on our roads. Figures show that in 1945 1,658,538 vehicles were licensed by the state; in 1952, this number increased to 2,833,876. State Police estimate that drivers covered 16 million miles on Michigan roads in 1946. This compares to 24 billion in 1952. Each day last year 64 million miles were driven by Michigan motorists. This is equal to traveling around the earth 2,800 times.

Today average is 71 million driving every 24 hours. Figures of the Oil and Gas association show the average consumption of gasoline per vehicle jumped from 633 gallons per year in 1946 to 771 last year.

Serious problems result from these increases: 36% more drivers, 60% more vehicles; 50% more miles driven. Traffic deaths in rural areas increased 33%. There were 46% more accidents, 42% more injuries, 17% more deaths.

Solutions exist, but they cost money.

Present highway system is inadequate to handle today's traffic load says Highway Commissioner Charles M. Ziegler. He says \$250 million are needed to meet existing emergency deficiencies. Highway people are hoping fervently that new studies and more money will be forthcoming from January's legislative session. They want to widen and repair main arteries; build new bridges. East-west highways in line for improvement are U.S. 16, 12, 2, 28. North-south arteries, badly in need of attention are routes 13, 10, 31, 131.

"More policemen are needed," says State Police Commissioner Joseph A. Childs. At present only 295 state officers are available for patrol duty each 24 hours. The Commissioner is asking for 150 more. Allowing for sickness and leave time, 134 additional troopers would then divide each day's duties.

State traffic laws are subject to re-examination. A new drivers' license law took effect Oct. 2. Safety groups are considering the advisability of a speed limit, the training of young drivers and other steps.

Improvements will benefit motorists. Turnpikes and expressways will permit safer, faster driving. Such super highways are under study for routes from Detroit to Chicago and Detroit to Toledo. Additional lanes on present roads will mean less congestion.

Money to finance the Mackinac Straits Bridge may be forthcoming soon because lenders are encouraged by the marked increase in traffic between peninsulas. Prentiss Brown, chairman of the bridge authority, reports that Straits traffic for October was 20% higher than last year; that 1952's average will be about 12% more. Income has increased by 60% over last year mostly because price of ferry tickets was raised in May.

No short term project, efficient, safe highway systems are not expected overnight. It is a matter of years. Perhaps Commissioner Childs summed it accurately when he said, "No one group can solve the traffic problem. It'll take much effort by many people and over a long period of time."

WITH PLYMOUTHITES IN THE SERVICE

Brief items of interest about Plymouthites in the services are welcomed in this column, providing the information does not conflict with press security policies.

William Hokenson

Private First Class William V. Hokenson, son of Mr. and Mrs. Vern Hokenson, 11370 Eastside drive, Plymouth, took part last week in Exercise Mudlark, annual fall training maneuver of the United States Forces in Austria.

Private First Class Hokenson, a truck driver in the 4th Armored Cavalry Reconnaissance Battalion's Headquarters company, arrived in Austria during October 1952.

Joseph Tate

Private Joseph Tate, whose parents, Mr. and Mrs. Leo Kowalcik, live at 421 North Main street, Plymouth, recently arrived in Korea for duty with the Army's 1 Corps.

The corps, one of three in Korea, coordinates the intensive post-truce training and reconditioning of UN units under its control.

Private Tate is a flash observer in the 1st Field Artillery Observation Battalion's Battery C. He entered the Army last March and completed basic training at Fort Sill, Oklahoma.
