LIGHTING UP THE CHRISTMAS trees in Kellogg park and other points in the city will not officially take place until next Wednesday night, but the Plymouth branch of the Women's Garden association and some young assistants have volunteered to do the preliminary job of placing the lighting on the trees. Pictured from left to right are Mrs. George Schmeman, James Caldwell, Charles Thario, Mrs. Paul Wiedman and Mrs. L. R. VonStein. Johnny Smith is on the ladder.

Yuletide Season Opens Officially

That old Christmas spirit took its first breath in Plymouth this week, with the expectation of blowing in with full force on Wednesday, December 9. On that date the Christmas lights will herald the festive season and local merchants will hold their doors open until 9 p.m. each evening until Christmas for the benefit of gift hunters.

The stores have officially opened the season locally with all the tinsel and trimmings in their windows and around the merchandise. This week's issue of The Plymouth Mail is full of suggestions by these merchants to help shoppers select those special Christmas packages.

Decorations put out by the Chamber of Commerce also made their appearance this week with six large trees being set up. These trees, four in Kellogg Park and one each at the intersection of Starkweather and Mill and at the foot of Liberty, are already resplendent in their decorations. The trimming was supervised by members of the Plymouth branch of the Michigan Division of the

Women's National Farm and Garden association.

Strings of colored lights and large red bells are ready to be placed across many of Plymouth's streets. These strings will be set up on Forest avenue, Ann Arbor trail, at Wing and Main, Hamilton and Ann Arbor trail, post office, city hall and on Liberty street. These, as well as the tree lights, will be lighted on Wednesday evening.

Entrances to the city will follow the holiday mood with colorful sign posts being erected to welcome all visitors. The posts are permanent fixtures, but they will bear appropriate Christmas decorations during the season.

With the stores already packed with the Christmas merchandise, the Chamber of Commerce has predicted a record year in local sales. This they attribute jointly to the increased parking facilities offered here, the new promotion of awarding a free trip to Bermuda to local shoppers, and the fact that it is more convenient to shop at home.

Set 5,300 As Chest X-ray Goal

Five thousand three hundred free chest x-rays was announced as the goal for the forthcoming chest x-ray drive by Sam Hudson, general chairman, at a meeting of the campaign steering committee for Plymouth held Monday.

"This goal can only be reached," he told committee chairman, "if all segments of our population, industry, labor, schools, retail merchants and community work together."

An opportunity to get that "picture of health" will be available to residents of Plymouth and the township beginning January 5.

High school students will be the first group to be x-rayed on January 5 and 6. They will be followed by industrial employees taken care of at their place of work. L. P. McGuire of Pilgrim Drawn Steel company is in charge of industrial cooperation. He is seeking participation in the drive by every industrial establishment in Plymouth.

"Industry has always given cooperation in this important health program," McGuire said, expressing the hope that participation by industry this year will surpass all previous records.

McGuire had the help of the Plymouth Chamber of Commerce in sending a questionnaire to all industrial plants having 100 or more employees. "It is essential that these questionnaires be returned as soon as possible," he said. "Location in the community cannot be set up until we know how much time will be needed for industry."

University of Michigan Club to Sing Carols

The University of Michigan club's annual Christmas sing will be held Wednesday, December 9, at the home of Mrs. Margaret Hough at 1477 West Ann Arbor trail. Fred Nelson will lead the carol singing which will begin at 8 p.m.

Hostesses for the evening are Mrs. Walter Gibson, Miss Irene Truesdell, Mrs. Harry Reeves and Mrs. W. E. Ackerman. For reservations call Mrs. Roy Jacobus, phone 615-W or Mrs. W. E. Ackerman, at 1333-W by Monday, December 7.

Family Aided by Citizens as Fire Destroys Home and Possessions

A midnight fire which swept through the small frame home of a Plymouth township family and took all their worldly possessions prompted many fellow citizens to come to their aid by offering them clothing and shelter as they attempt to begin life anew.

The home was that of Anthony Sirdan, 39817 Schoolcraft road, of which only the charred walls remain today. Mr. and Mrs. Sirdan and their three children are living with friends and are wearing clothing donated by members of the Plymouth Rotary club and other unknown friends.

It was midnight Saturday as the family sat around the television set while Mr. Sirdan was attempting to relight an oil hot water heater. The heater was located in a little alcove which had walls covered with inflammable roofing paper. It is believed that a down-draft through the chimney caused the fire to jump from the fire pot to the floor where oil from the overflowing pot had dripped.

With flames quickly spreading to the nearby walls, Mrs. Sirdan ran to a neighbor's telephone while the children were taken from the home. The Plymouth township fire department arrived minutes later and found the roof of the home already being eaten away by flames. It was not until 6 a.m. that firemen extinguished the last of the blaze and returned home.

At 1:45 a.m. Sunday, Mrs. Sirdan called Bob Beyer, owner of the two Rexall drug stores here, and asked if she could secure some baby bottles immediately for her three-month-old baby. Beyer obliged. The next morning Beyer drove past the destroyed home and learned that

the family escaped with only the clothes on their backs. Talking the situation over with Chuck Finlan of C. L. Finlan & Son, they decided to call on fellow Rotarians and others to donate clothing. Bundles of clothing arrived all day Sunday at the two drug stores, used as collecting centers. One person even offered a bedroom suite.

Meanwhile, Mr. and Mrs. Earl Thomas, 1009 Starkweather, offered their friends, the Sirdans, their home for shelter. Although the Thomas home is crowded, Mr. and Mrs. Sirdan, Kenneth, 14, Priscilla, 13, and Baby Thomas were welcomed. A new home is now being sought.

Firemen estimate the fire loss at \$3,500. The family had insurance on about half of their goods. The home is owned by Nick Ortopan.

The Sirdans have lived in the Plymouth area five years. Mr. Sirdan is employed at the Schoolcraft Sand company.

Jury Says Duty Guilty

Edward L. Duty, Jr., of 1344 Sheldon road, Plymouth, was found guilty of manslaughter by a jury late Tuesday night after a day and a half of deliberation. He was on trial for driving a car which allegedly caused the death of four persons last Easter.

No sentence has been pronounced as yet, the Wayne county prosecutor's office said Wednesday. The jury listened to the case for a week. The prosecution attempted to prove that it was Duty who drove the car down Haggerty road at 80 miles an hour into the side of a car traveling on Ann Arbor road.

After the time of the accident, Duty admitted drinking two bottles of beer shortly before the mishap. Killed were Thomas Montgomery, his wife and daughter of Detroit, and Ilar Pinion of Plymouth, who was riding with Duty.

Second Symphony Concert Played to Large Audience

By Gerald Fischer
The Plymouth Symphony orchestra presented its second concert of the eighth season on Sunday afternoon before a large and responsive audience. The program highlighted music of the dance, with three of the afternoon's four selections taken from this ever popular field of musical repertory. The fourth number was the very different but beautiful Cello Concerto in B flat Major by Boccherini.

This concerto provided another opportunity to hear Douglas Marsh as cello soloist in a fine performance of a major work. The Boccherini concerto is very demanding of the artist, and the orchestra, and Mr. Marsh combined their efforts to provide a most enjoyable harmony of sound. The second movement — Adagio non troppo — was particularly effective, with Mr. Marsh carrying a lovely melodic line to the accompaniment of a slow processional in the string orchestra. The cadenzas in the first and third movements were brilliantly performed.

Opening the concert was "The Capriol Suite" by Peter Warlock.

a contemporary English composer. This suite consisted of six dances of the 16th century recast in a more modern dress. The most picturesque number of the afternoon was the Suite from the ballet entitled "Billy the Kid" by our contemporary American composer, Aaron Copland. The music vividly draws scenes in the life of this famous outlaw of the West. Beginning on the open prairie, the music takes the listener through a frontier town, into the midst of a raging gun battle, swings him into a gay celebration dance, and then takes him back to the prairie where Billy is finally captured.

Concluding the concert was the familiar "Bolero" of Maurice Ravel. In the limited space of the high school auditorium, the orchestra figuratively "raised the roof" with their crashing climax to the persistent rhythm and continuous crescendo of the Bolero. Perhaps the emphasis on the dance in this program was a subtle suggestion to all friends of the orchestra that they should set aside Saturday evening, December 26, to attend the annual Symphony Ball, when dance rhythm will prevail once again for the enjoyment of all.

Want a Trip to Bermuda? Better Shop in Plymouth

A trip to Bermuda for two — all expenses paid — will be first prize in a giant "Buy in Plymouth" campaign being sponsored by the city's merchants under the sponsorship of the Chamber of Commerce.

Starting Wednesday, December 9, a ticket will be given each dollar purchase which will start some couple on a week's trip to one of the world's choice vacation spots, Bermuda. The trip will be by air and all hotel and eating accommodations will be reserved in advance.

Second prize in the contest will be a Bulova alarm wrist watch and third prize will be a bicycle. There will be eight consolation prizes of \$10 purchase certificates

redeemable in any Plymouth store.

This is the first such promotion attempted by Plymouth merchants. The "Buy in Plymouth" campaign will end Wednesday noon, December 23 when merchants' deposit boxes will be picked up. Selection of the winners will be made at 6 p.m. that same day in Kellogg park. Winners are not required to be present.

Gerald Pease, chairman of the retail committee, explains that there will be no tickets sold outright and that no merchant who disperses tickets will be eligible for prizes. No member of the merchant's immediate family or members of the Plymouth Chamber of Commerce staff shall be eligible. Employees are eligible (Continued on page 7)

Plan Grand Opening

Plans for a three-day grand opening event of the First Federal Savings & Loan beginning next Thursday, December 10 in its new location on Penniman avenue were revealed this week.

The local branch is now located at 865 South Main, the home of Plymouth Federal Savings & Loan before annexation with First Federal. Manager Perry Richwine stated that as of December 10 all business would be transacted in the new office.

"Rust" in Water Complaint Brings Action by City

Steps will be taken next week to attempt to eliminate "rust" in the city's water system, it was announced today by City Manager Al Glassford as complaints from householders about the water continue to pile up.

The water department will begin a series of water main flushings next Wednesday and Thursday, the city manager stated, in hopes that it will eliminate the iron algae which has recently plagued householders, particularly those who have automatic washers.

Complaints about rust in the water have come to the city hall in great abundance during the past month. Glassford explains that iron algae forms in the water mains when there is no heavy flow. When water is needed in great quantities such as in automatic washers, the algae deposits run into the home pipes. Iron algae is especially noticeable in homes near the dead end of water mains.

By flushing out the mains through water hydrants, each Wednesday and Thursday, the iron algae is expected to be lessened.

The Woman's Society of Christian Service of the Newburg Methodist church will meet on Tuesday, December 8 at the home of Mrs. Melvin Gutherie, 7352 Newburg road. Potluck dinner will be served at 12:30. Mrs. Verle Carson of Detroit will be the guest speaker. She will give several Christmas readings. Everyone is welcome.

READY FOR GUESTS is the Plymouth jail which is shown here being inspected by Chief of Police Carl Greenlee. The two-cell prison is located in the garage behind the city hall and takes the place of a lockup which was located in the city hall basement and was condemned by the Michigan Department of Correction. Prisoners have been sent to the Livonia jail while construction was underway. The city water department has taken over the basement area vacated by the old jail.

Santa Claus Plans Visit December 12

Santa Claus — the jovial fellow from the North Pole who has never forgotten Plymouth yet — will fly here by airplane a week from Saturday, take a pre-Christmas ride down Main street and visit with the city's little folks.

St. Nick will swoop down over the city in his plane between 1 and 1:15 p.m. and will land at Mettetal Airport at

Fralick Avenue Verdict Favors Property Owners

Fralick avenue property owners have won four-fifths of their suit against the city of Plymouth in which they objected to assessments for paving and improving the street.

In a verdict signed Monday by Circuit Court Judge Guy A. Miller, the dozen property owners must pay the \$1,065 assessment for the original pavement laid in the summer of 1943. They will escape payment for recapping the pavement in 1952 which would have cost them \$4,455 more.

It was not until last year that the city sent the property owners the bill for both the recapping and the original pavement. It totaled \$5,520. With Attorney Dunbar Davis, most of the property owners appeared in court to fight the assessments. The judge called "unreasonable" the city charter section which required property owners to file protests against assessments 15 days after the commission approved the assessment roll.

Workers Avert Major Fire at Ford Plant

What could have been a serious fire was averted when plant workers successfully fought a blaze of deadly cyanide which escaped from a heat treating pot last Wednesday night at the Waterford plant of the Ford Motor company.

Plymouth firemen were called immediately and they entered the plant with gas masks to check the fire. However, workers using foamite extinguishers had averted a major blaze before firemen arrived.

Proposes Floating Bonds To Aid Parking Problem

Plans presented by the Plymouth Chamber of Commerce to purchase land for another parking lot went down to defeat before the city commission at a special meeting last week, but a bigger, over-all plan to finance the new lot, expand another lot and pay off the Central parking lot debt was suggested as a possibility.

The plan, suggested by Commissioner Floyd Tibbitts, calls for a bond issue to furnish finances to bring the costly parking problem into focus. Commissioners argued that they could not now afford to enter into the plan to purchase Harvey street properties and turn them into parking lots to aid the Forest avenue merchants.

Merchants and Forest avenue property owners themselves donated \$10,200 for the project which the Chamber of Commerce estimates will cost a total of \$33,480. Mrs. Bessie Dunning agreed to hold contracts of \$18,000 from the city and the city would pay the remaining \$5,280 from its contingent fund. Repayment to Mrs. Dunning and the contingent fund would be made from parking meter revenue, the plan stated.

Dubbing the Harvey street project as the "South Central lot," commissioners and Chamber parking committee members carried the discussion along until 10:30 with the conclusion that the "Tibbitts Plan" for floating a bond issue would be the key to

1:30, according to the "Santa Claus Official Welcoming Committee" composed of the Plymouth B.P.O. Elks Lodge 1780.

The committee has also arranged to have Santa ride into town from the airport at 2 o'clock escorted by the high school band. Some of Santa's helpers (elves to most folks) may also be in the parade.

The parade will end at Kellogg park where Old Nick will enter a tent and greet his hundreds of followers. He will have 1,000 bags of candy on hand to give his little visitors. Santa is scheduled to leave at about 4 o'clock. He will be found in some of the city's stores after that time.

Opening of most retail stores for night time shoppers will begin next Wednesday night. Lights on the city's Christmas trees and street lighting will be turned on that night. The evening will also mark the beginning of the "Buy in Plymouth" campaign. The contest will send two people to Bermuda and will afford many other prizes.

Hundreds of children along with their parents are expected to line the curbsing to greet Santa. Many will also go to the airport to see him land in his airplane. The Junior Chamber of Commerce has arranged for the Santa welcoming in past years but the work of the disbanded group has been assumed by the Elks this year. The lodge will underwrite the entire cost of the Santa visit.

To help pay for the affair, the Elks club has been building its children's Christmas fund since August. A dance will be sponsored by the Elks at their home on December 11 for the benefit of the fund. Music will be provided by Russ Egloff and his orchestra. Chairman of the Santa Claus parade committee is Frank Wash.

The annual holiday festival at the Newburg Methodist church will be sponsored by the Fellowship class with a pancake supper served on Saturday, December 5 from 5 to 7 p.m. Christmas gifts will be on sale in the various booths.

A GOLDEN AND SILVER wedding anniversary were celebrated on Thanksgiving day at the home of Mr. and Mrs. John Wallace Jr., on Irvin street. The couple gave a dinner honoring their parents, Mr. and Mrs. John Wallace, Sr., of Lapeer, left, for their 50 years of married life, and their brother and sister-in-law, Mr. and Mrs. George Wallace of Ypsilanti, right, married 25 years. Both couple were wed on November 26. Thirty guests from Lapeer, Capac, Plymouth and Waukegan, Illinois were present for the event.

Shaw - Merritt Vows Read

Newburg Methodist church was the scene of the lovely wedding of Carol Ann Shaw and Cpl. Russell C. Merritt Saturday, November 21.

The ceremony was performed by the Rev. Robert Richards at 8:30 in the evening.

Carol is the daughter of Mr. and Mrs. James Shaw, 37811 Plymouth road and the bridegroom is the son of Mr. and Mrs. Russell C. Merritt Sr., of Adams street, Plymouth.

Mrs. Betty Swick sang "Because" and the "Lord's Prayer" accompanied by Mrs. Robert Richards at the organ.

Given in marriage by her father, the bride wore a ballerina length gown. It featured a white lace jacket with a peter pan collar and a full net skirt. Her veil was shoulder length. She carried a bridal bouquet of white rose buds.

Shirley Newstead of Livonia was maid of honor and wore an ice blue ballerina length gown. Barbara Kennedy of Livonia was the bridesmaid and was dressed in an aqua ballerina length gown. Both bridal attendants carried yellow chrysanthemums and wore matching headbands of the flowers.

Cpl. Merritt asked Nile Gladstone from Plymouth to assist him as best man and Roger Borning of Plymouth seated the guests.

For her daughter's wedding Mrs. Shaw chose an aqua lace gown and wore a corsage of yellow chrysanthemums. The bridegroom's mother, Mrs. Merritt wore a rose beige gown and copper colored chrysanthemums.

A reception for 140 guests was held following the ceremony at the home of the bride's parents. Included among the guests were Mr. and Mrs. Jack D. Allen of Gaylord, aunt and uncle of the bride.

After a brief honeymoon Cpl. Merritt returned to his base in Chicago, Illinois. At present the bride is living with her parents.

The new Mrs. Merritt is a 1952 graduate of Bentley High school. Her husband graduated from Plymouth High school.

Bartlett Club To Hold Party

Members of the Bartlett school Mother's club will hold their Christmas party at the school on Wednesday, December 9, following the business meeting at 8 p.m. Christmas gifts will be exchanged, and all who plan on entering the exchange should bring a gift.

Members are reminded, also to bring their Christmas gifts for the children in Children's hospital in Farmington. Gifts should be wrapped and marked with the approximate age of the child and if it would be better suited for a boy or girl.

The December committee consists of Mrs. Delbert Larrick, Mrs. Guy Foppes and Mrs. Clarence Brandon. They will plan entertainment and refreshments for the party.

Thomas Gray Jr. of Dewey street has returned home with a five point deer which he shot at 8:45 a.m. on the opening morning of hunting near Luther, Michigan.

Mrs. John Henderson and Mrs. Gus Lundquist of Plymouth with Mrs. Donald Wilson of Livonia attended a tea last Saturday afternoon given by Mrs. Charles G. Oakman, wife of Michigan's Congressman Oakman, in their residence on Longacre avenue in Detroit.

Bonnie Bohl Engaged To Dwight Stevenson

Miss Bonnie Bohl

Mr. and Mrs. Lawrence Bohl of South Harvey street announce the engagement of their daughter, Bonnie to Airman Third Class, Dwight Stevenson, son of Mr. and Mrs. Robert Stevenson of Maple avenue.

No definite wedding date has been set.

Dwight is stationed with the Air Force at Lake Charles, Louisiana.

Honor Mrs. Sluder At Stork Shower

Mrs. Doris Sluder of Wayne was guest of honor at a stork shower given by Virginia Marrs and Marie McMullen, at the latter's home on Sheldon road, Saturday, November 27.

After the opening of several lovely gifts, the guests enjoyed playing games, after which refreshments were served.

Among the guests present were Otis Wooley, Pauline McMullen, Mae Ferguson, Bernice Gray, Annette and Opal Grady, Jean Calhoun, Ruth Albright, all of Plymouth and Della Hoffman of Romulus.

Vaughn Taylor is a patient at Plymouth hospital.

Traffic Safety Group Bans Right Turns on Red Light

There will be no more right turns onto Ann Arbor trail or Penniman from Main street while the traffic light is red, according to an order from the Traffic Safety committee which held its first meeting last Saturday morning. Elected chairman of the newly-formed group was Thomas Rosette.

The signs allowing the right turn on a red light following a stop were removed by the police department this week. The removal followed a recommendation of the AAA traffic survey which claimed that the right turns on red didn't allow pedestrians time to cross the street.

Also recommended by the committee was a traffic light on Starkweather avenue at Farmer street and "no parking" signs 50 feet from the Farmer street corner on Starkweather on the west side of the street. The signs have already been erected but it will remain with the county road commission to erect a traffic light.

The committee also has asked to meet with the School Community Planning Group to discuss control of noontime student traffic, loading and unloading of buses, overloading of buses and off-street parking problems.

Anna Munster Will Wed Donald Moore

Miss Anne Munster

Mr. and Mrs. H. P. Munster of Amelia street announces the engagement of their daughter, Anna Jean to Donald Earl Moore, son of Mr. and Mrs. Earl Moore of Pacific avenue.

No date has been set for the wedding.

Mr. and Mrs. Carl Hartwick were Saturday evening guests of Mr. and Mrs. Jack Gage of Clemmons drive.

SOCIAL NOTES

Mr. and Mrs. Gene Leader were honored at a housewarming last Saturday evening in their new home on Elmhurst when a group of friends arrived with a lovely gift and well filled baskets of food. Guests attending were Mr. and Mrs. John Oldenberg; Mr. and Mrs. Lee Owens and daughter; Mr. and Mrs. Earl Moore and son, Donald; Miss Anna Jean Munster, all of Plymouth; Mr. and Mrs. Harold Stevens of Garden City; Mrs. Edwin Burd and son of Wayne and Mr. and Mrs. George Hake and family also of Plymouth.

Forty six ladies of the Calvary Baptist church honored Reverend and Mrs. Dean Saxton at a shower last week in the Wilbert Thompson home on Haggerty highway.

OBITUARIES

Joseph W. Colley
Masonic funeral services were held Wednesday evening, December 2 at 7:30 at the Schrader Funeral home for Joseph W. Colley who passed away suddenly Monday afternoon, November 30 at the age of 46 years. His home was at 9918 Laurel road, Livonia. Surviving are his wife, Mrs. Donna Colley; his daughter, Miss Doris Colley and his son, John Colley, all of Livonia; also surviving are his mother, Mrs. Addie Colley of Walhalla, South Carolina; three brothers, Frank Colley of Columbia, South Carolina, John Colley of Nashville, Tennessee and James Colley of Raleigh,

North Carolina; and his sister, Mrs. Elizabeth Seigler of Walhalla, South Carolina, other relatives and many friends. Mr. Colley has been a resident of Livonia for the past seven years, and was formerly of Detroit and Dearborn. He was employed at Cadillac Motor Car company in Detroit as inspector. He was a charter member of the Livonia Masonic lodge. Mr. Colley formerly attended the Littlefield Boulevard Presbyterian church.

The Reverend Samuel C. Weir, D. D. of Dearborn officiated. The services were also under the auspices of the Livonia Masonic Lodge. Hymns were rendered on the organ by Mrs. Velma Searfoss. Mr. Colley was later taken to the Erwin Funeral home at Harbor Springs, Michigan where further services will be held Thursday, December 3. Interment will be made in Lakeview cemetery, Harbor Springs.

Anna Farrand
Funeral services were held Monday, November 30 at 1 p.m. from the Schrader Funeral home for Mrs. Anna Farrand who passed away Friday afternoon, November 27 at the age of 86 years. Her home was at 252 East Ann Arbor trail. Mrs. Farrand has lived in Plymouth township and Plymouth since 1875 when she moved here with her parents from Mt. Clemens. She attended Plymouth school and she has been a member of the Plymouth Methodist church for many years. Noted for her unusual neighborliness her many friends often turned to her in time of trouble. They always found her kindly and helpful. Surviving Mrs. Farrand are three daughters, Mrs. Bertha Tiffin, Miss Helen Farrand and Mrs. Marrilla Coverdill; one sister, Mrs. Louise Beilby; one brother, Julius Miller, three grandchildren, seven great grandchildren, other relatives and many friends. Her husband, William Farrand preceded her in death on June 10, 1950. The Reverend Melbourne I. Johnson officiated at the funeral service. Hymns were sung by Austin Whipple, accompanied at the organ by Mrs. Edna O'Conner. The pallbearers were Lyman, Charles and Earl Tiffin and Harold, Kenneth and Claude Rocker. Interment was made in Riverside cemetery.

Arlene Rodman
Funeral services were held Monday, November 23, for Mrs. Arlene Rodman, who passed away at Omar hospital Friday, November 20, at the age of 37 years. Mrs. Rodman was born in Fowlerville, Michigan in 1916, the daughter of Mr. and Mrs. W. C. Troost of South Lyon. She resided in South Lyon for 15 years, moving to Arenac this year. She is survived by her husband, Cyril; three children, Harry, Camille and an infant daughter; her parents, Mr. and Mrs. Troost; and her sister, Mrs. Harold Darling of Plymouth. The Reverend M. Ulbick of Belleville officiated at the 2 p.m. services from the Phillips Funeral home in South Lyon. Pallbearers were Bill Kimberley, John Noel, Gordon Showerman, Don Showerman, Bert Clawson and Ray Andrus. Interment was in South Lyon cemetery.

Woman's Club Holds Christmas Guest Day Meet

The Plymouth Woman's club Christmas program will be presented this Friday, December 4, at the First Presbyterian church at 1 p.m. The program is in conjunction with Guest Day, and all interested women are invited to attend.

Mrs. Horace Cooke, program chairman, has planned a Christmas story by Mrs. Agnes Pauline, local librarian, with Christmas music being supplied by the club's Glee Club. Mrs. Gerald Hondorp will direct the group.

Decorations for the event will be provided by Mrs. James Latture, chairman, Mrs. Harold Jolliffe, Mrs. Leo McGuire and Mrs. Wayne Smith. Mrs. Earl West will be tea chairman.

QUALITY SERVICE

SOCIAL NOTES

Miss Ellen Daane spent the weekend from her studies at Michigan State college with her parents, Mayor and Mrs. Russell Daane.

Mr. and Mrs. James Thrasher of Lakeland Court with J. C. Barnes and Miss Clara Sinta attended the Ohio State-Michigan football game recently.

Mr. and Mrs. Jack Gage and son, Jim of Clemons drive spent Thanksgiving day with Mrs. Gage's father, James Horn of Meceday lake. Mrs. Horn, who is well known in Plymouth, is confined to Pontiac General hospital, suffering from a recent heart attack.

Mrs. Madolyn Baze has returned to her home on East Ann Arbor trail following recent surgery in Plymouth hospital.

Mr. and Mrs. Harry Terry of Union street are leaving in a few days to make their home in Florida.

The Plymouth Extension group held their November meeting at the home of Mrs. Barbara Karnatz on Kellogg street. The basement of this new home was a most appropriate setting for the completion of the lesson on basement planning, given by Mrs. Forest Olsons and Mrs. C. Ferguson. Fourteen members enjoyed a lovely dessert after the lesson.

Thanksgiving dinner guests of Mr. and Mrs. Finis Hicks of Starkweather avenue were Mr. and Mrs. John E. Williams and daughter Shirley and Miss Mable Hester.

Mr. and Mrs. Lawrence Bartel of Canton Center road had a Thanksgiving day dinner guests, Mrs. Bartel's sister Mrs. Robert Hoy and son, Robert of Wayne.

Wayne Dunlap, director of Plymouth's Symphony orchestra has purchased the Dunbar Davis home on Burroughs avenue and is moving his family here from Ann Arbor.

Mr. and Mrs. Earl Moore were hosts at Thanksgiving dinner in their home on Pacific avenue to their son, Donald of Pittsburg, Pennsylvania; Mr. and Mrs. Delbert Dean, Mr. and Mrs. Edw. Burd and son, Wayne; Mr. and Mrs. Peter Munster and daughter, Anna Jean of Plymouth.

Mr. and Mrs. N. J. Schweizer of Morgan street left Tuesday morning to spend the winter months in Minneola, Florida.

Miss Shirley Sexton, a freshman at Michigan State in East Lansing, spent the Thanksgiving holiday with her parents, Judge and Mrs. James Sexton of Penniman avenue.

The December meeting of the Sunshin club will be held at the home of Mabel Shear on December 9. Co-hostess will be Agnes Ingalls.

Thanksgiving Day dinner guests of Dr. and Mrs. Harry Balfour of Penniman avenue were Mr. and Mrs. Ben Thoman of Detroit.

Miss Maud Bird of Highland Park was the Thanksgiving day dinner guest of Mr. and Mrs. Ernest Vealey of Adams street.

Parakeets Win In Bird Show

Five prizes were won by parakeets entered by the A & J Aviary, 555 Starkweather, in the Michigan Combined Bird Show held last Saturday and Sunday at the Veterans' Hall on Grand River.

Mrs. Albert Wilmott reports that her parakeets won two first prizes, a second prize, a first ribbon special award and a cup trophy for the best opaline. The latter trophy was won by Blue Boy the Great.

Four hundred parakeets were entered in the six classes. Judging is based on stature, color, size and position. Contests were also held for canaries. It was a month ago that the A & J Aviary won a second and third prize in the Midwest Show also held in Detroit.

Final Donations For Fund Drive

Final returns from the local Community Fund drive have tabulated the total at \$19,986.31, announced George Mayhew, treasurer of the campaign. The collections went well over the goal of \$19,000, Mayhew pointed out.

Throughout the drive The Plymouth Mail has published the names of donors giving over \$10 to the Community Fund. The final list of contributors is given here.

Angered Woman Breaks Windows

Throwing a rock through a window may be a secret desire of nearly everyone once in a lifetime. But for Violet Marsick, 22, Ecorse it is no longer an inhibition—she's done it twice.

Rocks came hurling through windows of the Ellis Restaurant, 270 South Main street, and Sizemore's Speedway Service station next door at 7:30 a.m. Friday. The rock which came through the kitchen window of the restaurant barely missed Jay Ellis who was peeling potatoes. A larger front window of the service station was shattered.

Police were quickly summoned to the scene and they took Violet into custody. She explained that she gave the pitching demonstration because she was angry. She had been "picked up" in Ecorse the evening before by two men, she told police, and they brought her to Plymouth where they shoved her from the car. Appearing before Municipal Judge Nandino Perlongo, Violet pleaded guilty and was given 60 days in the Detroit House of Correction.

Violet had recently served 10 days in DeHoCo for tossing rocks through a window in Ecorse.

Also sentenced to DeHoCo last week was James White, 33, of 188 Liberty street. He was sentenced to 30 days after driving his car while his license was suspended.

Hitchhiker Falls Into Car's Path

A 49-year-old hitchhiker is suffering a broken leg and pelvis after being struck by a car on North Main street last week. He is Edward Reed, who gave his last address as Saginaw but whom police described as a transient.

Reed was said to have been standing on the curb while hitchhiking and then apparently lost his balance or stumbled from the curb into the street in front of an oncoming car. The car was driven by Senior Major H. J. Nicholls, 1145 Palmer. Reed was taken to Wayne County General hospital.

Jails Motorist Who Offers Ride

Richard McMullen, 23-year-old South Lyon resident, will appear before Municipal Judge Nandino Perlongo this week on a charge of being a disorderly person on a complaint signed by City Commissioner Eleanor Hammond, 302 Sunset.

McMullen allegedly followed Mrs. Hammond in his car as the commissioner took her dog for a walk on Ann Arbor trail one night last week. Mrs. Hammond said that he then stopped his car and asked her to ride with him. After a refusal, the car went on.

A few seconds later, Mrs. Hammond hailed down a police cruiser and gave them the car's license number. The police car caught up with McMullen around the block and he was taken to headquarters and placed in jail.

In a preliminary hearing Friday, McMullen was released to his attorney.

Lutheran Club To See Movie

An interesting and informative movie entitled "Summer Magic" will be presented to the Woman's club of St. Peter's Evangelical Lutheran church on Monday evening, December 7.

Mrs. Herma Taylor, executive secretary of the Wayne out-county chapter of the Michigan Society of Crippled Children and Adults, will give a talk following the movie and will answer questions.

The movie shows the activities of the Easter Seal Day camp for crippled children which was held at the Plymouth Kiwanis Girl Scout camp last summer.

The movie will start promptly at 8 p.m. in the basement of the Lutheran church on Spring street. All members of the church are invited to attend.

Mr. and Mrs. Walter Elliott of South Main street were dinner guests of Mr. and Mrs. Lawrence Bartel last Sunday.

PLY-MAIL PHOTO

THROUGH THE POSTMEN'S March for Muscular Dystrophy and the canister campaign in Plymouth, a cure may be found for children like 14-year-old Richard Rotarius, who suffers from the dread disease. Richard, the son of Mr. and Mrs. William Rotarius of 40460 Ford road, has had muscular dystrophy since he was five and has been unable to walk for the last two years. He is shown here surrounded by members of his family, from left to right, Mary Lou Rotarius, his sister; his grandmother, Mrs. Orié Thayer; and another sister, Mrs. Margaret Lang. Eight local postmen contributed their spare time to carrying on the march last Friday and Saturday evenings to make collections. This was part of the national drive put on by the letter carriers to finance research on the disease. Earl Foster, chairman of the march, stated that approximately \$700 had been turned in, while Mrs. H. Phillip Barney, chairman of the canister drive, added that the largest single donation given her has been \$100. A goal of \$700 was set for Plymouth.

Complete Plans For Episcopal Church Bazaar

Final plans have been formulated for the "White Christmas Bazaar" which is being sponsored by the Woman's Auxiliary of the St. John's Episcopal church.

Plymouthites will attend the bazaar on Friday, December 4 from 2 until 10 p.m. and on Saturday, December 5 from 10 a.m. to 5 p.m. The parish hall is located at Maple and Harvey streets.

The decorating committee composed of Mrs. H. O. Draper, Mrs. L. H. Goddard and Mrs. Don Whitesell have been busy with paint brush and glitter transforming the Parish Hall into many attractive booths.

Bazaar chairman, Mrs. James Hardimon has announced that the following ladies are in charge of the various booths: country store, Mrs. Elton Ritter; jewelry and tea cups, Mrs. Alfred Fawcett; quilts, Mrs. Joseph Earl; aprons, Mrs. John L. Cook; children's clothing and toys, Mrs. Ralph Taylor; greens, Mrs. James Marks and candy booth, Mrs. Arden Sackett.

Completing the list of booths are: baked goods, Miss Helen Lord; tea shop, Mrs. Warren Worth and junior choir fish pond, Mrs. William Koenig.

Articles are on display in two down town windows, one on the corner of Penniman avenue in the National Bank of Detroit and the other in the vacant store formerly occupied by Riggs Dairy bar, through the courtesy of Walter Rensel.

Northville Church Holds Religious Article Sale

A sale of religious articles will be held by Our Lady of Victory church's mothers' club in Northville to help build a playground for the new school.

These articles can be purchased at the church hall after each Mass at 7.9 and 11 a.m. and between 2 and 4 p.m. until Christmas.

More than 60 manufacturers are now producing a knot sealer developed by the Western Pine Association Research Laboratory.

Social items can be phoned to 1600.

Band to Present Annual Program

The most varied program in the history of the annual band shows has been promised by Laurence Livingston, director of the Plymouth high school band. The band is preparing its show for Tuesday, December 8, at 8 p.m. in the new high school gymnasium.

George Cavender

Guest conductor for the event will be George Cavender, assistant conductor of the University of Michigan symphonic band and drill master of the famed marching band. Besides conducting the band in several numbers, Cavender will also show the R. K. O. movie "Here Comes the Band," which presents from start to finish just what it takes to make the University of Michigan band ready to take the field.

Nat Sibbold, secretary of the Plymouth Chamber of Commerce and featured baritone, will join the band in "Ol Man River," as part of the program.

Other selections will include a college medley, arranged by Livingston and featuring the band and Vocalairs. The Vocalairs were selected from the school choir and trained by Fred Nelson especially for this program.

"Belle of the Ball" by LeRoy Anderson will feature dancers Janice Kowalcik, Bud Garchow, Janet Mulholland, Bob Markley, Jackie O'Neill, Bob Willoughby, Dawn Huebler, Jim Isbister, Norma Albright and Ron Rowe. Cavender will conduct "El Prado," a Latin American novelty by Nat Simon, and a Gypsy air, "Csardas" by Monti-Bennet. A saxophone quintet will play "The Gabriellos" by Barnes. The number was originally written as a cornet trio, but has been rearranged to feature the saxophone quintet. Livingston said that the bass saxophone is rarely heard in bands today.

Marsha Bohl, a popular dancing teacher and performer though still in her teens, will dance to "The Waltzing Doll" by Buchtel.

Completing the program will be "In a Persian Market" with a pantomime by the junior high school band, "St. George and the Dragonet" with characterizations by Donald Alsbro, Dean Finney, Tommy Ebersole, Ellen Calahan, Bob Westover and Karl Williams. Climaxing the program will be "Rumbalita" featuring the high school band.

Livingston has described this year's presentation of "Music for Moderns" as dedicated to the people who enjoy musical entertainment in a lighter mood. Admission is free, though donations may be made to the band the evening of the performance.

BIRTHS

Mr. and Mrs. Earl Merriman announce the arrival of a son, James Leon, born on November 12, weighing seven pounds, 15 ounces. Mrs. Merriman is the former Lois Bowden.

Mr. and Mrs. Robert Wallace announce the birth of a daughter, Robin Arlene at Plymouth hospital on November 20 weighing eight pounds, six ounces.

Mr. and Mrs. Howard Schryer of Union street are receiving congratulations on the birth of a son, Howard Edward, born on November 14 in the Garden City hospital.

Mr. and Mrs. Howard Carrievau have named their new son born at Session's hospital, Northville on November 18, Allen Charles. He weighed in at seven pounds and 13 ounces. Mrs. Carrievau is the former Mary Aquino.

Twin daughters were born to Mr. and Mrs. Lewis Gilbert of Harper Woods on November 22. They have been named Janet Irene and Nancy Margaret.

Lieutenant and Mrs. Robert Stevenson of Savannah, Georgia, are the proud parents of a daughter, Beverly Ann, born on November 20. The Robert Stevensons of Maple avenue are the paternal grandparents of the new baby born in Savannah.

Mr. and Mrs. Stanley Kava announce the birth of a daughter, Nancy Lynn born on November 22 in St. Joseph's hospital, Ann Arbor and weighing eight pounds, 15 ounces.

Mr. and Mrs. Robert Smith of 9004 Marlowe street announce the birth of a daughter, Teresa Ellen born on Saturday, November 28 at Session's hospital, Northville. She weighed five pounds, nine ounces at birth.

Mrs. William Farley of Adams street spent from Wednesday until Sunday with her daughter and son-in-law, Mr. and Mrs. Lynn Fraser and family in Flint. On Thanksgiving day the Frasers were hosts to 15 guests at dinner.

Mr. and Mrs. Roy Fisher were hosts at a dinner party on Saturday evening in their home on West Ann Arbor trail. Guests were Mr. and Mrs. Norman Atchinson, Mr. and Mrs. Linc Lantz, Mr. and Mrs. Earl Demel and Mr. and Mrs. Edwin Schrader.

Born to Mr. and Mrs. Robert Brown, a daughter, Beverly Jane weighing seven pounds, two ounces, at Plymouth hospital on November 4.

Mr. and Mrs. Allen Powell of Brookline street announce the arrival of a son, Douglas Allen born at Garden City hospital on November 29 weighing eight and one-half pounds.

Favorite Recipes From Plymouth's Kitchens

Turkey Tropicale

One of the youngest of the cooks to give her favorite recipe for this series is Miss Norma Bloomhuff, 16-year-old daughter of Mr. and Mrs. O. W. Bloomhuff of 294 West Ann Arbor trail. Norma is in the 11th grade at Plymouth high school. Ever since she was in the seventh grade she has taken cooking courses from Mrs. Soule, homemaking teacher.

Norma picked out a recipe from Turkey Tropicale Casserole, for she said that after Thanksgiving people would be wondering just what to do with their left-over turkey.

- Turkey Tropicale Casserole**
- 4 ounces medium noodles
 - 1 1/2 cups chopped cooked turkey
 - 1/4 cups condensed cream of celery soup
 - 1/3 cup milk
 - 2 tablespoons finely chopped onion
 - 1/2 teaspoon salt
 - 4 slices pineapple
 - 1/2 cup American cheese
 - Paprika

Cook noodles in boiling salted water until tender, about four minutes. Drain and rinse the noodles. While noodles are cooking, combine turkey, celery soup, milk, onion and salt, mixing until well-blended. Fold in the noodles and pour into a 1 1/2 quart

Norma Bloomhuff inspects the boiling noodles.

casserole. Arrange the pineapple slices on top and sprinkle with cheese, topping with paprika. Bake in a moderate oven at 350 degrees for about 30 minutes. This recipe makes four servings.

Bert Eldreds to Celebrate Golden Anniversary

Mr. and Mrs. George Karass of 2538 Calvert street, Detroit, will be hosts at an open house honoring Mrs. Karass' parents, Mr. and Mrs. Bert Eldred of 1837 Selden street, Detroit, who will celebrate their golden wedding anniversary.

Both Mr. and Mrs. Eldred were born in the vicinity of Plymouth and for many years resided here. Mrs. Eldred's parents came to Plymouth from England.

Mr. Eldred's grandparents were among the first Plymouth settlers, building their log cabin on a farm west of Plymouth

Mr. and Mrs. Bert Eldred known as the Fairman farm.

The Eldred's have five children, 15 grandchildren and nine great grandchildren who will help them celebrate this happy event.

Hoping without planning is about as futile as waiting for a ship to come in that never sailed.

Madonna College Observes Advent Wreath Custom

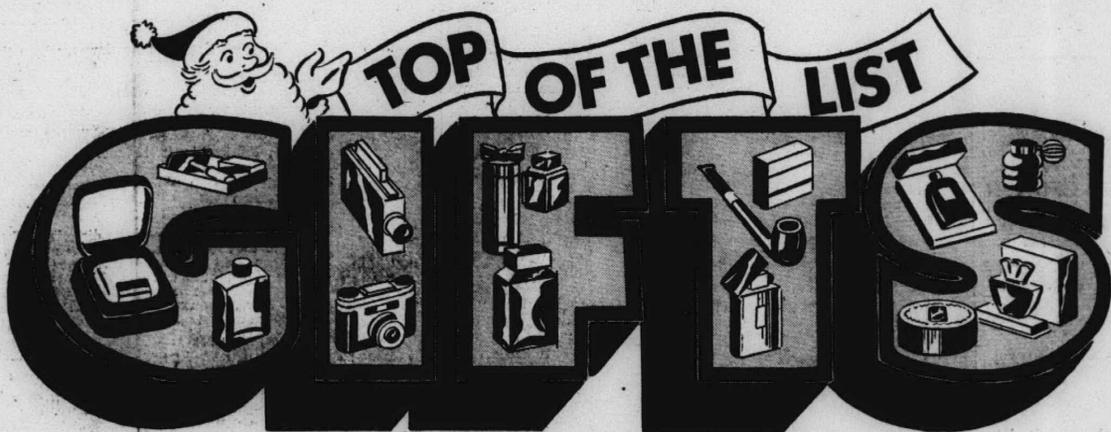

The Advent Wreath custom, an annual Sodality tradition at Madonna college, is being observed by Madonnites again this year. This ceremony commemorates the four weeks of Advent as a preparation for the coming of Christ.

The ceremony is held before each evening meal in the college dining room.

On November 30, the Monday after the first Sunday of Advent, the Sodality Prefect, Phyllis Hebda, read the prescribed short prayer and also the collect from the first Sunday of Advent. The entire student body gave the responses. The first candle was then lit by the prefect. This candle was left burning throughout the entire meal.

The same procedure was re-

peated the whole first week of Advent. During the second week, two candles will be lit and the collect of the second Sunday of Advent will be read. An additional candle is lit during the third week and the collect is taken from the third Sunday of Advent. The fourth week of preparation for Christ's birth brings the lighting of all four candles.

Sausage Adds Spice To Autumn Breakfast

On nippy mornings there is nothing quite like the aroma of sausage cooking in the fryingpan to inspire appetites. And only a few extra minutes of your time can turn breakfast from the plain meal it often is into the hearty and tempting meal it should be.

Among the many ways to prepare sausage for breakfast you will want to include Hawaiian sausage. To prepare this dish

CONCRETE STREETS ARE ECONOMICAL

Concrete "streets" usually cost less to build than other pavements of equal load-carrying capacity. They serve longer because they are more durable. They cost much less to maintain. That makes them true low-annual-cost pavements. Inasmuch as you pay the bill for paving your streets, be sure you get the most for your money. Insist on dependable, low-annual-cost concrete pavement.

Select Pictures For Family's Appreciation

Many people use a picture as a mere decorative accessory. "The room will look bare if I don't put something up," they say.

However, pictures are meant to be more than room fillers. Interpretation is what counts when selecting pictures for your home, points out Maxine Nordberg of Michigan State college's home economics related arts departments.

"True enjoyment of a picture comes when the artist has said something worthwhile that appeals to the one who observes it. Pictures make their appeal in various ways—form, color, pattern and subject matter," explains Miss Nordberg.

A good artist does not attempt to imitate nature. His picture is an interpretation rather than a literal representation of a subject.

Frequently people say that they would like to buy contemporary prints and paintings but do not feel competent to choose them. Many museums and art schools, including the Museum of Modern Art in New York, have excellent pamphlets, brochures and books on the subject of contemporary picture selection.

Some people live with pictures that were there when they moved into the house years ago. These people may fail to actually "see" the pictures if the artist's interpretation does not appeal to or "fit" the viewer.

"People outgrow pictures just as they do clothes," says Miss Nordberg.

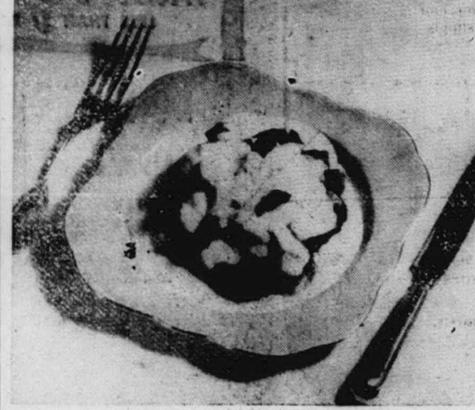

Being aware of the many beautiful paintings available to you today can be more exciting than buying clothes each season.

Miss Nordberg tells about some young married couples who are particularly enthusiastic about their method of developing aesthetic sensitivity. They trade paintings and pictures from time to time in order to enjoy several for the price of one.

If you buy beef by grades you will save on the meat bill. Beef from the lower grades is wearing attractive price tags right now—and it is plentiful. These lower grades are the ones you will use in stews, pot roasts and casserole dishes.

Before you think of buying an automatic washer, check the amount of available hot water.

Asparagus Benedict Delights Any Bridge Luncheon Group

If you are looking for a new idea to surprise the bridge luncheon and still keep within the budget - this is it! Surely you have some left over ham in the ice box and if you haven't the English muffins, don't worry - use toast! This is so easy to prepare and has such a distinctive flavor plus being eye-appealing!

1 package frozen asparagus cuts and tips
2 English muffins or 4 slices toast
4 slices boiled ham
2 cups cream sauce
1/2 cup grated cheese
1/2 teaspoon salt

Salmon Pinwheel Makes A Real Meal

One of the tastiest dinner platters to come along in years is Salmon Pinwheel Dinner with Mushroom Sauce and Pimiento Peas. It's quick 'n easy, too.

Canned salmon is a treat from the Northwest, where the gallant, beautiful fish are hustled into protective cans almost the moment they are caught. Use your favorite kind—either red or pink. Both are flavorful and a good source of health-giving vitamins and minerals.

Perfect accompaniments for Salmon Pinwheels are a delicately flavored Mushroom Sauce and a serving of tender canned peas flecked with pimiento.

Salmon Pinwheel Dinner
Salmon Pinwheels:
2 cups biscuit mix
1 1-pound can salmon
2 tablespoons mayonnaise
1 teaspoon lemon juice
Milk

Prepare biscuit mix according to package directions. Turn out on lightly floured board; knead 10 strokes. Roll into rectangle 8x12 inches. Drain and flake salmon. Add mayonnaise and lemon juice; mix well. Spread evenly on top of dough; make roll. Cut into 1-inch slices; place close together on baking sheet to form ring. Bake in a hot oven (425° F.) 15 to 20 minutes. To serve, slice ring on warm platter; fill center with Pimiento Peas and spoon over Mushroom Sauce.

Pimiento Peas and Mushroom Sauce:
1 1-pound can peas
2 tablespoons butter or margarine
2 tablespoons diced pimiento
1 4-ounce can mushrooms
Drain peas; cook liquid rapidly until reduced to 1/4 cup. Add peas, pimiento and butter; heat to serving temperature. For Mushroom Sauce, make 1 cup medium white sauce substituting mushroom liquid for half the milk. Add mushrooms; heat.
YIELD: 6 servings.

Know Your Fine Glass Before Buying

If you know how to recognize fine glass, and what to look for, you'll find buying glassware an exciting adventure. By observing a few simple rules, you can be sure your selections are a worthwhile investment, and will pay off with years and years of beauty and service.

Fine American handmade glassware is transparent, lustrous, and free from distorting imperfections. It shows sparkling clear against a white background, while inferior glass may have a greenish or bluish tinge.

Good quality glass also has a permanent polish or lustre which results from repeated fire polishings.

Rap the bowl of a piece of stemware with your fingers. If it is a fine hand-blown glass, it rings with clear musical tone. The best of blown glassware contains lead, for clarity and purity. Another name for lead glass is flint glass.

Good quality pressed glass—such large pieces as plates, candelabra, bowls—contains lime, to give it toughness and strength. Therefore, when you tap it, its tone is muffled, not resonant.

Home economists at leading colleges have pointed out that it is well to have at least two sets of glassware—a rather plain substantial glassware to use every day, and a more dainty, luxurious pattern for formal entertaining. A charming, practical choice for every-day use is the quaint Colonial milk glass which reproduces prized Early American designs. It is turned out in the same designs, and in some instances, from the same molds used by American craftsmen for more than three centuries.

Colored glassware should show an even tint when you hold it up to daylight or electric light. The darker colored glass, such as emerald, amethyst, ruby, should show a deep glow and sparkle like gems when held up to the light.

Look for smooth edges. Glassware edges should be even, never rough or scratchy. In hand-cut crystal, the design should be sharp and accurate. If etched, each tiny detail should be distinct and clearly defined.

When you choose stemware, look for a firm joining of base and stem, and of bowl and stem. Clear crystal is most appropriate for formal occasions. Colored glassware is lovely, decorative and interesting; it may be used on breakfast and luncheon tables, and at the close of a dinner, color may be added by using a colored glass finger bowl on a crystal plate. The many new textured, crinkled, and crackled tumblers in their many colors go well with casual buffet or other indoor-outdoor dining so popular today.

Glassware should be lived with every day. Use it and enjoy its beauty. It represents a miracle of creating delicate beauty from the materials of the earth.

When dad gets ready to carve the dinner roast make sure that he has plenty of space in which to work. See that the water glasses, vegetable dishes are not in his way. Place the meat platter directly in back of the dinner plates. If your platter is not several inches larger than the roast, then it's wise to have a second hot platter on which he can place the carved slices of meat. Be sure to keep garnishes simple enough so that he need not remove them before carving.

Dark wool jersey, coupled with intense color, is smart. Fashioned correctly, jersey is becoming to all figure types.

How to Scheme Rooms

To plan a decorative scheme for an attractive and comfortable room, list the steps in the order of their importance. You can then proceed with ease without making mistakes or omitting some vital part of your plan.

It is surprising how quickly the job can be done by following a few simple rules. Here they are:

1. First, determine the exact size of your room by measuring its length and width. Make a floor plan to scale, allowing one-half inch to a foot. Indicate doors and window spaces, and keep in mind the height of the ceiling.
2. Select from your present furniture what you wish to retain. Often a new upholstery fabric will give that desired new look to old furniture. Or a new finish, color or bleach will bring lightness to old tables and chairs. Make a notation of any new pieces you need to buy.
3. Cut out cardboard to represent furniture pieces, and move these around until you have the best arrangement. Heavy furniture should be placed opposite another heavy piece, in a conversation group, or to balance some architectural feature, such as a picture window or fireplace.
4. Your next step, choosing a color scheme, is of utmost importance. Color and fabrics can do more than anything else to carry out the desired effect. Cold north

Food spillage will not injure the surface heating units of your range, for the foods either burn off or fall through to the drip pan beneath. However, spillovers should be avoided when possible. If spilling occurs, first let food burn itself to carbon, then turn off switch let unit cool and brush off with a bristle (not wire) brush.

BUILD or REMODEL

BUILD or REMODEL

Helpful Hints Concerning Building, Remodeling, Repairing & Redecorating

A PERFECT BLEND of beauty and outstanding modern convenience keynote this new Youngstown kitchen recently installed in the home of Mr. and Mrs. Glenn J. Smith, 8182 Canton Center road. Mrs. Smith is shown above in her new dream kitchen. The installation includes a Jet Tower dishwasher, food waste disposer, rotating corner cabinet, vent hood and blower, and handsome easy-to-maintain, Formica base cabinet tops. Youngstown kitchens are sold and installed exclusively in Plymouth by D. Galin and Son, Penniman avenue, Plymouth.

Window Shopping With Sue

In telling you about all the new gadgets you can put in your new or remodeled homes these days, I've neglected one of the more important aspects—money. Now we all know that the green stuff is most essential in remodeling a home—unfortunately, perhaps. But even if you don't have the money immediately available you don't want to permit your property to deteriorate and lose value. So chances are, you'll go over to the National Bank of Detroit and get an installment.

You see, the bank has special home improvement installments in order to finance just that kind of remodeling. If you're going to do the work yourself, for instance, you get an estimate of the cost and then discuss your plans at the installment office. Home improvements eligible for the loan cover such things as storm doors, draperies, flooring, extra rooms, painting, and a multitude of other things that you might have your heart set on doing. And you can borrow up to \$2500, so just imagine how you can get that house fixed up.

As for new homes, Joe Merritt certainly told me about a wonderful insurance policy you can get while your home is under construction. It's the Builder's Risk fire and extended coverage—and it even protects your new home from vandalism. Joe said that the only time you can get vandalism coverage is when you're in the process of building your home. Anyway, the policy insures your home at \$15,000 to start with, and thus covers you throughout the construction period. So many people insure for a small amount and add to it as the construction continues, but their own neglect to keep up with the construction often can leave a dangerous gap, in the coverage. The Builder's Risk insurance is much less expensive too, just another point in its favor.

Then when the house is up and you're ready to move in you'll get a full refund on whatever time is left on your policy and can apply that to a standard policy for your home. I don't think you could ask for a better deal than that could you?

Conventional Home Loans Scarce, Prospects Of Improvement Dim, Realtor Survey Shows

Home seekers are finding conventional loans to purchase a house scarce in many areas, with little prospect of an improved situation during the latter months of 1953, the National Association of Real Estate Boards said today.

This was one of the findings of the 55th semi-annual survey of the real estate market, with real estate boards in 264 communities reporting.

Borrowers in smaller cities in particular are confronted with a difficult market with only one community in four having a population under 25,000 listing funds readily available at par for single-family residential structures. For cities of all sizes, only half of them report this desirable situation. In more than 2 per cent of the cities, no mortgage money is available at all.

For multiple-family structures, not even a third of the cities report mortgage money readily available at par for conventional loans, and 6 per cent say that it is completely unavailable.

In the opinion of 71 per cent of the boards reporting, moreover, the mortgage money supply at par for conventional loans will remain the same during the six months.

Prospective home purchasers looking for financing with loans guaranteed by the Veterans Administration or insured by the Federal Housing Administration were meeting with disappointment early in the year. Shortage of mortgage funds for these programs was repeatedly noted by the real estate boards. Where the scarcity is attributed to the interest rates, government action of early May in raising these rates may correct the situation in some areas.

However, other facets of the mortgage money problem are affecting the real estate market in general, and inevitably their influence will be felt in the stream of GI and FHA-insured loans.

Other observations on residential loans made by reporting boards include:

1. An increase in the size of the required down payment.
2. A shortage of personal savings for down payment.
3. A tightening selectivity by some banks in accepting mortgages.
4. High interest rate asked by individual lenders.
5. General competition for lender dollars.

While a tendency toward higher interest rates for conventional first mortgage loans is confirmed by reports received from a number of real estate boards, the most common rate continued to be reported at 5 per cent. A wide variation in rates related to the size of city and geographic location, however, emphasizes the caution necessary in attempting nationwide interpretation.

The reporting real estate boards were almost unanimous (99 per cent) in predicting higher interest rates or continuation of current ones during the next six months.

Lack of an adequate secondary market to which lenders can sell their home mortgages to replenish their supply of funds for more loans was reported by two-thirds of the 264 real estate boards. This

situation points up the need for the system of regional mortgage associations recently proposed by NAREB.

More Convenient Storage

MASONITE "Peg-Board" and metal hangers, which take the headache out of home storage, may be obtained now from most building material dealers. This happy combination of holes and hangers gives homemakers a variety of things ranging from kitchen utensils to lawnmowers.

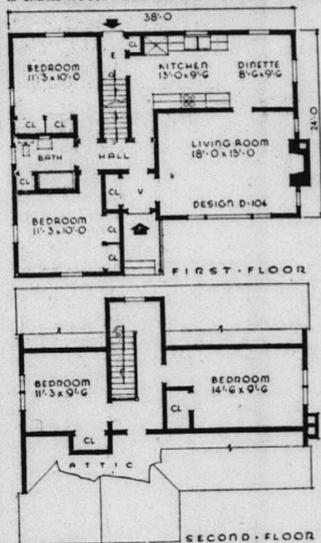

As illustrated, these strong, splinter-free panels have scores of perforations. Into them are slipped self-locking hangers and fixtures which hold the items to be stored. Of course, the hangers can be moved to whatever spot desired on the "Peg-Board" panel.

The panels, which come in three-foot by four-foot by eight, may be attached to an existing wall or directly to studs in new construction. The large panels may easily be cut with a cross-cut saw into the sizes wanted.

Here are a few of the uses for "Peg-Board" panels in the home—in the kitchen for hanging utensils, in the workshop for tools, in the utility closet for brooms, mops and dustpans, in the garage for garden equipment, in the sewing room for spools and scissors, in closets for hats, neckties and shoes, in the bedroom for a useful and decorative bed headboard, in a child's room for a wall in the living quarters as a decorative divider.

A SMALL HOUSE PLANNING BUREAU DESIGN NO. D-104

DESIGN D-104. This plan features free circulation between rooms, all of which open into the small central hall. It is expandable, in that two additional bedrooms can be finished on the second floor. The first floor has two bedrooms in addition to the living room and combination galley-type kitchen and dinette. Wardrobe type closets are used in the bedrooms, and there are clothes closets for the entrances and a linen cabinet in the bathroom. Other desirable features include a fireplace, a picture window and covered entrance stoop. Exterior finish is siding and asphalt shingles. The floor area is 1,013 sq. ft. with cubage of 22,641 cu. ft. For further information about DESIGN D-104, write the Building Editor, The Plymouth Mail.

Laundry Serves Double Purpose

Add to the growing list of dual-purpose rooms the combination powder room and laundry.

This combination makes sense not only for the housewife but also for the head of the family and the children. It means a first-floor location for the laundry, with additional space gained from the bath, and no weary hauling of washing up and down cellar stairs. It means a handy bath to clean up, and a handily bathroom for the small fry when they come in from play.

Here are some pointers on planning such a dual-purpose room:

1. Locate the combination laundry and powder room handy to an outside door, so that it can be reached without a trip through the living room.
2. Place the washer, tub and dryer on one wall and the wash basin and water closet on the opposite one.
3. Use a waterproof material for the walls and floor of the room.
4. Select gay, clear colors that will go well with the whiteness and the straight lines of laundry equipment.
5. Plan some storage space in this dual-purpose room. A floor-to-ceiling cupboard is an excellent answer to the storage problem.

Unwanted Trees Can Be Removed This Fall

Few home owners realize it, but this is the ideal season for removing dead, dying, dangerous or unwanted trees.

The condition of these trees won't improve with Spring. And it is much simpler to remove them while they are dormant, while gardens are abandoned and while lawns are fairly firm or, in northern regions, solidly frozen.

In Spring and Summer, the problem of tree removal is complicated by growing vegetation all around. The tree surgeon may spend as much time protecting lawns, shrubs and flower gardens as in the actual removal process. Winter removal requires skill and care, too, but the task is easier and usually less expensive

than at other times, especially the twin chores of clean up and disposal.

HOME modernizing
Unique Stairway Appears Suspended From Ceiling—But It's Not True
The novel stairway pictured at the right appears to be suspended from the ceiling, but actually, as the drawings below reveal, most of the load is absorbed by the notched backbone holding the treads. This unique stairway design appears in the current edition of Home Modernizing magazine.
The 2x4 supports extending from the stairway treads up to the ceiling appear to be load-bearing, but they only contribute balance and greater safety. Construction details of the stairway are quite simple, as the drawings show. The 2x4 vertical members are joined to the treads with wood dowels. The backbone is notched with a saw as shown. Nail through the treads into the backbone.

Bulk of load is carried on backbone 2x4's more for balance.

Official Proceedings of Your City Commission

A regular meeting of the City Commission was held in the Commission Chambers of the City Hall on Monday, November 2, 1953 at 7:30 p.m.

Present: Comms. Bauer, Fisher, Hammond, Henry, Terry, Tibbitts and Mayor Daane.

Absent: None.

Moved by Comm. Bauer and supported by Comm. Fisher that the minutes of the regular meeting of October 19 and the special meeting of October 20, 1953 be approved as read by the Clerk. Carried unanimously.

Mr. Martin W. Beaver, 398 Auburn, presented a communication, signed by 624 citizens of the northwest residential section of the City of Plymouth, protesting the AAA Traffic Survey recommendation that Farmer and Blanche Streets be converted into one-way arteries.

Moved by Comm. Hammond and supported by Comm. Bauer that the communication protesting the conversion of Blanche and Farmer into one-way arteries be accepted and placed on file until such time as the Commission resumes its study of the AAA Traffic Survey Report. Carried unanimously.

The Clerk presented a communication from Mrs. C. E. Fishbeck of the National Farm and Garden Club requesting permission to use signs and costume advertising on the streets during the annual Greens Sale to be held by the Club on the 11th and 12th of December, 1953.

Moved by Comm. Bauer and supported by Comm. Hammond that the National Farm and Garden Club be permitted to use sign and costume advertising on the streets during the Greens Sale to be held by the Club on the 11th and 12th of December, 1953. Carried unanimously.

The Clerk presented a communication from Mr. Robert F. Wilson, Commander of the Passage-Gayde Post of the American Legion, thanking the Commission for their cooperation in the matter of the Post's Service and Child Welfare Carnival project.

The Clerk presented a communication from Mrs. H. R. Penhale of the American Red Cross outlining the disaster services available to the City of Plymouth through the Red Cross.

Mayor Daane, speaking for the commission, accepted the two foregoing communications and directed them placed on file.

The Clerk presented a communication from Sgt. Delbert A. Dean of the U. S. Army requesting permission to occupy two parking spaces on the west side of S. Main Street north of Ann Arbor Trail with a mobile Army recruiting unit from 9:00 A.M. to 6:00 P.M. on November 23, 1953.

Moved by Comm. Tibbitts and supported by Comm. Fisher that the U. S. Army Mobile Recruiting Information Unit be permitted to occupy two parking spaces on the west side of S. Main Street

north of Ann Arbor Trail from 9:00 A.M. to 6:00 P.M. on November 23, 1953. Carried unanimously.

The City Manager presented plans, profile and specifications for the proposed paving of Hardenburg Street.

Moved by Comm. Bauer and supported by Comm. Terry that the plan, profile and specification, as prepared by Herald Hamill, Registered Civil Engineer, for the installation of curb, gutter and pavement on Hardenburg Street, be approved and that the Dunn Steel Division of the Townsend Co. be permitted to carry out the aforesaid installation of curb, gutter and pavement at its own expense, including the fee of the City Engineer, Herald Hamill. Carried unanimously.

The City Manager presented a tabulation of the two bids received for a set of Sewer Cleaning Machines.

Moved by Comm. Henry and supported by Comm. Tibbitts that action on the purchase of a set of Sewer Cleaning Machines be deferred pending an opportunity for the Commission to examine both machines. Carried unanimously.

The Clerk presented the following communication from the Health Officer:

DETERMINATION OF HEALTH OFFICER

I, R. R. Barber, M. D., Health Officer of the City of Plymouth, Wayne County, Michigan do hereby determine that the proposed sewer, known as the Middle Rouge Parkway Interceptor, is the natural, logical and most feasible outlet for the sewage or drainage of the said City of Plymouth and that the same is necessary for the public health and welfare of said city. Dated at Plymouth, Michigan October 28, 1953 R. R. Barber, Health Officer, City of Plymouth, Mich.

The following resolution was offered by Comm. Hammond and supported by Comm. Bauer:

Whereas, the Drain Commissioner for the County of Wayne, State of Michigan, proposes to construct a sewer known as the Middle Rouge Parkway Interceptor;

And whereas, the drainage district for said sewer as established will be composed of territory partly within the City of Plymouth;

And whereas, the health officer of the City of Plymouth has determined that such sewer is necessary for the public health and welfare of the City of Plymouth;

And whereas, the City Commission deems that the construction of said sewer by the Drain Commissioner is necessary for the public health and welfare of the City of Plymouth;

Now therefore be it resolved that the City Commission hereby requests the Drain Commissioner to construct the sewer known as the Middle Rouge Parkway In-

ceptor and hereby requests the Drain Commissioner to accept jurisdiction of the property within the City of Plymouth to be affected by the proposed sewer, in accordance with Section 3 of Chapter 1 of Act 316 P. A. 1923, as amended.

Yes: Comm. Bauer, Fisher, Hammond, Henry, Terry, Tibbitts and Mayor Daane. No: none.

The City Attorney presented a written opinion holding that the City may, if it so desires, construct a fire station on that City property located at the south east corner of Spring and Holbrook Streets.

Fire Chief Robert McAllister, representing the North Side Fire Station Study Committee, presented the preliminary plans drawn up by said committee for the proposed North Side Fire Station building.

Moved by Comm. Bauer and supported by Comm. Tibbitts that the Committee's plan for the proposed North Side Fire Station building be accepted and the City Manager be directed to secure architect's drawings and estimates of cost for said building. Carried unanimously.

A proposed ordinance to amend Ordinance No. 99, known as the Traffic Ordinance, prohibiting parking in the City between

the hours of 2:00 A. M. and 6:00 A. M., was read by the Clerk.

Moved by Comm. Tibbitts and supported by Comm. Bauer that the proposed ordinance to amend Ordinance No. 99, known as the Traffic Ordinance, by prohibiting parking in the City between the hours of 2:00 A. M. and 6:00 A. M., be passed its first reading. Carried.

Yes: Comms. Bauer, Fisher, Hammond, Terry, Tibbitts, and Mayor Daane. No: Comm. Henry.

The following delegation from the City Planning Commission was presented and presented a tabulated comparison of Land Uses as established by the Proposed Zoning Map: Chairman Sidney D. Strong, Commissioners Walter Rensel and Austin Pino and Consultant W. C. Johnson.

Moved by Comm. Hammond and supported by Comm. Terry that, following the recommendation of the City Attorney, the City Commission hold a public hearing on the Proposed Zoning Ordinance on Monday, November 23, 1953 at 7:30 P. M. in the Commission Chambers of the City Hall, and that proper notice of such hearing be given, as required by State Law. Carried unanimously.

Mayor Daane deferred discussion of the Proposed Zoning Ord-

inance until a special meeting to be held Monday, November 23, 1953 at 7:30 P. M. in the Commission Chambers of the City Hall with the following items on the agenda.

1. Public Hearing on the Proposed Zoning Ordinance.

2. Second and Third Reading of Proposed Zoning Ordinance.

Moved by Commissioner Henry and supported by Comm. Terry that the request of the Standard Oil Company for the relocation of trees on the Fred Ford property at Mill and Main Streets be referred to the City Manager. Carried unanimously.

Moved by Comm. Henry and supported by Comm. Bauer that the meeting be adjourned. Carried unanimously.

Time of adjournment was 10:30 P. M. Lamont C. BeGole.

Trying to convince people of their error, or lack of knowledge, is usually a waste of time—even if they seek your opinion.

Then join hand and hand, brave Americans all— By uniting we stand, by dividing we fall;

In so righteous a cause we may hope to succeed. For Heaven approves every generous deed.

—John Dickinson

St. Mary Hospital Campaign News

**SPECIAL
CAMPAIGN
EDITION**

FARMINGTON, LIVONIA, NORTHVILLE, PLYMOUTH, REDFORD

MEMORIALS GAIN WIDE ACCEPTANCE AVAILABLE FOR AS LITTLE AS EIGHTY - EIGHT CENTS A DAY

**St. Mary Hospital
An Area General Hospital
To Serve Communities Of**

- Farmington
- Livonia
- Northville
- Plymouth
- Redford
- Adjoining Regions

The proposed St. Mary Hospital has been planned to provide service for the 90,000 or more persons and industrial organizations in these growing communities.

The St. Mary Hospital will be open to all. Professional qualifications and high ethical standards will be the only criteria in appointments to the medical staff which shall consist of Doctors of Medicine.

The hospital will be directed by the Felician Sisters who have wide experience in the field of hospital administration. The Sisters operate seven hospitals and have an eighth under construction. They are prepared to provide personnel such as nurses, laboratory technicians, radiologists and others trained in hospital skills.

The St. Mary Hospital will be at the southwest corner of Levan and Five Mile Road, Livonia. Twenty acres have been contributed by the Felician Sisters assuring space not only for the hospital but also for parking and landscaped grounds. There is reserve space for future construction of east and west wings and other buildings such as a nurses' home.

The exterior of the completely modern fire-proof building will be of brick and a modest amount of limestone trim. The main entrance will be at the center of the Five Mile facade opening into a spacious lobby with comfortable facilities for waiting visitors.

A restful pleasing interior will be maintained by careful use of color in the walls, trim and floors. All materials will be selected with attention to the problems of cleaning and maintenance. For convenience and efficiency two elevators will be provided.

- 120 PATIENT BEDS
 - in private and semi private rooms and wards

PERPETUATE YOUR GENEROSITY . . . GIVE A MEMORIAL

As a means of serving humanity and rendering honor to loved ones there is no nobler and more practical expression than an investment in hospital memorials — Living Memorials dedicated to safeguarding health, alleviating pain, bringing lives into the world and prolonging life itself.

The St. Mary Hospital offers you an opportunity to designate an entire section, a room, a unit of the building or an item of equipment as a Memorial. These Memorials offer excellent opportunities for individuals, business firms, civic, fraternal and other organizations to honor and perpetuate the name of a loved one, the founder of a firm or the name of an organization. As long as this great institution stands your Memorial will remain as a monument to your community interest and generosity in helping to make a brighter and healthier tomorrow.

AN ATTRACTIVE PLAQUE, SUITABLY INSCRIBED WITH THE NAME OF THE PERSON OR ORGANIZATION BEING HONORED AND THE NAME OF THE DONOR WILL BE ATTACHED TO EACH UNIT OF THE BUILDING OR ITEM OF EQUIPMENT SELECTED AS A MEMORIAL.

Any campaign worker will be pleased to assist you in making your selection from the memorials available, or you may contact the campaign office at Madonna College, Livonia, Plymouth 2241.

At this early stage in the campaign over \$150,000 has been raised in memorial gifts, representing an average contribution of nearly \$3000. The work of the various committees to date has been extremely gratifying.

A memorial is, of course, a unit of the hospital or an item of equipment therein, which is designated by an individual, firm, or organization in memory of a friend or loved one.

For donors of memorial gifts, a plaque will be attached to the particular room or item designated, which will last as long as the hospital stands, as a living memorial to some loved one, living or deceased.

YOUR CHILDREN AND GRANDCHILDREN WILL USE THIS HOSPITAL

The St. Mary Hospital will be a community hospital available to all people, regardless of race or creed. You, as a member of the community, should be eager to play a part in making our new hospital a reality. You certainly stand to benefit, as do all your neighbors, by having a readily-accessible hospital available to you.

Although we rarely realize how badly we need hospital facilities until some disaster strikes, the fact remains that such a disaster may very well befall you.

IT IS A FACT THAT

One out of every three families, according to statistics, will require hospital facilities during the coming year.

Perhaps that one family will be yours. Where will you go when misfortune strikes? Where will you go when an emergency arises, and you can't afford to waste time traveling any appreciable distance to reach the nearest hospital?

Are you relying on chance, assuming you will have no difficulty in being admitted to a hospital?

REMEMBER :

There is no modern, major hospital in the area or Farmington, Livonia, Northville, Plymouth and Redford;

In one of the communities, 220 emergency cases have occurred since January 1, 1953, requiring hospitalization;

In the same community it is estimated that one out of every 25 motorists will be involved in an accident—chances are one in a hundred that he will be injured;

Maternity cases pose a problem—by no means should prospective mothers have to rush madly to a distant hospital, or, as has happened, to have their babies at home because hospital facilities are not nearby.

SIGN UP AS A WORKER

For these and many other reasons you should be willing to share in this great work. You will have to give up a few hours of your time and join your neighbors as campaign workers. Contact campaign headquarters at PLYMOUTH 2241. Be willing to do your part.

1400 ALREADY WORKING

Over 1400 residents of the area have signed up as volunteers. More workers will make the job lighter and will insure the effectiveness of the job that is being done.

Join these other fine civic-minded people, who are wonderful enough to make the few sacrifices necessary in such a project as this. As reports indicate, they are doing a splendid piece of work. You can help these folks to do even a better job!

As a person devoted to your family, see to it yourself that something is done to provide this critically-needed community hospital **right now**. We cannot afford to delay any longer.

Again, let us remind you—call PLYMOUTH 2241, enlist as a campaign worker, and prove that you aren't one of those who says, "Let George do it." Do it yourself!

ANALYSIS OF YOUR GIFT TO THE ST. MARY BUILDING FUND CAMPAIGN

In the case of an individual, the limitation of the deduction for charitable contributions, for federal tax purposes, has been increased to twenty percentum of the taxpayer's adjusted gross income. Contributions are deductible in the year in which they are actually paid.

The following table shows the effective cost per thousand dollars of charitable contribution to the taxpayer, assuming a taxable income before deduction of the charitable contribution.

Taxable Income	Separate Return & Joint Return		Head of Household		
	Your Cost	Gov't. Share	Your Cost	Gov't. Share

These Events Were News

50 Years Ago

December 4, 1903

The Plymouth friends of Mr. and Mrs. Will Ely, of Northville, deeply sympathize with them in the loss of their little child. It was being carried in the arms of the sister of Mrs. Ely, Miss Gyde, last Friday, when the young lady brushed against an oil stove, tipping it over. The oil was ignited and the fire communicated to the clothing of Miss Gyde and the baby. The burns to the latter resulted fatally that evening, while Miss Gyde's burns were also severe.

A small wreck on the P.M. in the west yards Thanksgiving morning delayed Grand Rapids train No. 3 about three hours here. Passengers on board going to eat turkey with friends arrived at their destination late.

Charles Wilske is driving delivery wagon for Gayde Brothers and William Springer is driving for William Gayde during their stay in Chicago.

Fifteen hundred copies of The Plymouth Mail will be circulated next week and week after. It will be a holiday advertising ed-

ition and every business house ought to be represented. The pupils of Misses Alice Lapham, and Merinda Pierson will give a recital at the home of A. J. Lapham, tomorrow evening, Hugh Aldrich, of Howell, tenor, will render several selections.

The Plymouth contingent of deer hunters arrived home last Friday morning, all in good condition, having spent nearly three weeks in the woods. They have 14 deer killed to their credit and the carcasses arrived by freight Tuesday morning. There will be much feasting on venison by Sunday Plymouthites.

Mr. and Mrs. George Springer celebrated their tin wedding Monday evening, a number of old friends being present to make the occasion a joyful and happy one.

Ralph Parlette, humorist, is the next attraction on the lecture course, the date being Tuesday, December 8.

James Manzer and P. Honehite are serving on the December circuit court jury, beginning Tuesday morning.

25 Years Ago

December 7, 1928

Harry C. Robinson will again be among the old newsboys, who will sell papers on the streets of Detroit December 19, to provide 24,000 worthy children with useful and necessary wearing apparel and other things that will make for those poor kiddies a Merry Christmas.

Mr. and Mrs. William Felt, of Fairground avenue, celebrated their golden wedding anniversary

ary Wednesday, November 28.

Miss Elizabeth Beyer, of Plymouth has the distinction of receiving the first license plates, No. 842-654, issued at the Plymouth branch office of the department of state.

David Galin, proprietor of the Purity Meat Market, who was robbed by bandits of a sum of money and checks would be pleased to have those persons who paid him with checks in the amounts of \$6.00, \$7.50, \$2.10 and \$5.00 communicate with him at once.

Miss Dorothea Lombard, who is a freshman at Albion college, spent Thanksgiving in Plymouth with her parents, Mr. and Mrs. Warren Lombard, of West Ann Arbor street.

Miss Olive Jane Brown, who is superintendent of the City Hospital at Mansfield, Ohio, arrived in Plymouth Saturday to spend a few days with her mother, Mrs. Ammon Brown.

Miss Josephine Schmidt, who is a sophomore at Western State Normal college was home from Kalamazoo, to spend Thanksgiving with her parents, Mr. and Mrs. Schmidt, Miss Schmidt recently had the honor of being the only sophomore on the Western Normal's woman's debating team which debated against the first team of English women to come to the United States.

Miss Marian Bennett, who is teaching home economics at Howell, was home to spend Thanksgiving and the week-end with her mother, Mrs. Maude Bennett. The LaF-A-Lot club met last Saturday evening with Mr. and Mrs. William Micol on Forest avenue. After a splendid pot-luck supper at 6:30 p.m. an evening of five hundred was enjoyed. First honors went to Mrs. Mabel Fisher and William Rengert and the consolations to Miss Mildred Hewer and Clyde Fisher.

10 Years Ago

December 3, 1943

Ten persons were injured, several seriously, Wednesday morning when an automobile rammied the rear of a Plymouth bound bus that had stopped for passengers at Plymouth and Hubbard roads. Seven of the injured were taken to Eloise hospital and three were brought to the Plymouth hospital. Among the injured is Mary P. Shields, a Plymouth school teacher. She suffered a fractured ankle.

Soldier Harvey Shaw is home at present on a 15-day furlough from Uncle Sam's Army camp at Howze, Texas. Mrs. Irene Shaw, his mother, is taking her vacation from work at the Ford Phoenix plant in order to enjoy her vacation with her son.

Mr. and Mrs. William Holly of Harvey street entertained Sunday Corporal James Higgins, of Detroit, a nephew of Mrs. Holly, Miss Dolores Bosman of Lincoln Park, Mr. and Mrs. J. J. Culnan and Mrs. Florence Travis of Detroit.

Mr. and Mrs. Wilbur Ebersole, 615 Starkweather avenue, are the parents of a seven pound, seven ounce son, born Monday, November 23 at Sessions hospital in Northville. Both mother and babe are doing nicely.

Lieutenant Marie House, who has been in charge of the Salvation Army nursery on Mill street since its inception has been assigned to command the Salvation branch in Owosso, it was announced this week.

Mrs. Dean Saxton led folk dances Saturday evening when the Men's Club of the Presbyterian church, Northville, entertained 30 men of the Royal Air Arm of the British Navy who are stationed at the Grosse Isle Naval base.

Thanksgiving guests at the Albert Glassford home were Reverend and Mrs. C. A. Haneberg of Saline Township and Gladys Glassford of Detroit.

A pot luck dinner was served at the O. H. Williams home on Adams street Saturday evening when their bridge club met. Attending were the William Arcsotts, the John Hendersons, the L. H. Woods, the Edward Dobbs and the George Faryells.

Legal Notice

STATE OF MICHIGAN, IN THE CIRCUIT COURT FOR THE COUNTY OF WAYNE, IN CHANCERY. IN THE MATTER OF THE PETITION OF William Foreman, a/k/a William A. Foreman, No. 312.

ORDER OF PUBLICATION AND APPEARANCE. At a session of said Court held in the Wayne County Building in the City of Detroit, County of Wayne and State of Michigan on the 23rd day of November, A.D. 1953.

UPON the reading and filing of the Bill of Complaint in said cause and the Affidavit of the Petitioner, WILLIAM FOREMAN, attached thereto, from which it satisfactorily appears to the Court that the respondents therein named, or their unknown heirs, devisees, legatees, and/or assigns, are proper and necessary parties in the above entitled cause, and/or hold interests in and to the premises involved, and it further appearing that after diligent search and inquiry it cannot be ascertained, and it is likewise presently undeterminable as to whether certain parties in interest, and/or persons in interest are living or dead, or where certain of them may reside if living, and if dead, whether they have personal representatives or heirs living or where they or some of them may reside, and further that the present whereabouts of said parties in interest are unknown, and that the names of the persons who might be parties in interest being specifically named, but who are embraced therein under the title of unknown heirs, devisees, legatees, and/or assigns, cannot be ascertained and are presently undeterminable as "legal heirs" of the Petitioner, WILLIAM FOREMAN, after due and diligent search and inquiry.

IT IS ORDERED that the respondents, HARRIET FOREMAN, BRENDA LOU FOREMAN and GAIL LOUISE FOREMAN, respondents, their unknown heirs, devisees, legatees, and/or assigns, be and they are summoned to appear in person or by their attorneys at law, at the Courtroom of the Circuit Court for the County of Wayne, State of Michigan, at least ten (10) days before the return date hereof, and

IT IS FURTHER ORDERED that a true copy of this Order shall be published once in each week for three (3) successive weeks preceding the twelfth (12th) day of February, A.D. 1954, in The Plymouth Mail, a newspaper printed and circulated within the County of Wayne where the premises involved are situated and being within the county in which the Petitioner herein resides.

GEORGE B. MURPHY, Circuit Judge which the foregoing Order was duly made, involves and is brought for the purpose of sale of the following described premises situate and being in the Township of Northville, County of Wayne and State of Michigan, consisting of approximately 37.69 acres more-or-less.

EARL J. DEMEL, Attorney for Petitioner, 600 S. Main St. Plymouth, Michigan Plymouth 1121

Ever boss BIG POWER at this price?

\$2214⁸⁸*

Today's Local Delivered Price of the **BUICK SPECIAL**

2-door, 6-passenger Sedan Model 48D (illustrated)

*Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice.

MAYBE you didn't know that you can get yourself a bundle of big and able Buick Fireball 8 power at the "6-cylinder" price shown here.

But that's only the beginning of the bigger things you get in this eye-catching Buick SPECIAL for the low figure it carries — a figure that's just a few dollars more than that of the so-called "low-priced three."

Take a quick roll call.

In this Buick you get more room than those few extra dollars can buy elsewhere.

You get more comfort—comfort that a lot more money can't buy anywhere else—the comfort of the Million Dollar Ride, with coil-spring cushioning on all four wheels, torque-tube steadiness,

Safety-Ride rims, the firm solidity of a massive X-braced frame.

You get more satisfaction—more of that good and happy feeling that comes from traveling in a car of ample road-weight, of brawny structure, of impressive styling.

And you get more fun, more thrill — from bossing the walloping, silk-smooth power thrust of the highest-powered, highest-compression Fireball 8 engine ever placed in a Buick SPECIAL.

What it all sums up to is this straight fact: you get far more automobile in this Buick for just a few more dollars. Better look into the matter if it's a real deal you want for your money. We're ready when you are.

IT'S TRADE-IN TIME FOR A BETTER DEAL

Want the top allowance on your present car? Come in and see us for the happy news—now. You save money when you trade with us.

THE ONLY BEAR SHOT THIS YEAR by local hunters, so far as is known, is the one held here by Robert Amos which he shot near Iron Mountain where he was hunting with his father, Ralph Amos of 1342 South Main street. It took two shots to down the 120 pound trophy. The father and son team also bagged a nice six point buck which is tied to the fender of their car.

Chamber Plans Fire Inspection Day in January

The Chamber of Commerce has announced that plans for the first Fire Prevention Day in Plymouth are shaping up, with the committee to handle general arrangements for the inspection being announced recently. Approximately 50 fire inspectors will be here on January 12, 1954 for the program.

Heading up the committee as co-chairman are Roy A. Fisher and Bob Johnston. Members of the committee named to work out the various phases of the project are Superintendent of Schools Russell Isbister; Nat Sibbold, executive secretary of the Plymouth Chamber of Commerce; Robert McAllister, local fire chief; and Roy Fisher, president of the Plymouth Association of Insurance Agents.

Civic groups as well as the fire department are co-operating with the Chamber of Commerce to make the event successful. On that special day fire inspectors will conduct an educational program in the community and will make inspections of business houses, public buildings, schools and churches.

The Boy Scouts will be asked to actively participate in the project as guides for the visiting fire inspectors and to distribute posters and pamphlets.

The entire program is a service of the Michigan Fire Prevention Association, an organization which provides this service to nine Michigan cities a year. There is no cost to the cities elected for the programs, and the association only comes by invitation.

Rest is not quitting the mortal career. Rest is the fitting of self to its sphere. —J. S. Dwight

Maccabees

The reunion was a huge success and enjoyed by all who attended. There were about 60 present. Special honors went to our eldest members. We were sorry that Mabel Dicks was ill and not able to attend.

Many "Thanks" to Marcia Woodworth, and her little dancing students who were on the entertainment program. Bruce Johnson and his Hawaiian guitar numbers and who was accompanied at the piano by Velma Searfoss, and Mora Wood and her committee who worked so hard to make this occasion a pleasant one.

The Maccabees have reached their 75th year as a great fraternal and insurance organization. A brief review of their history "From Out of the Past" was televised recently preceding the anniversary celebration and banquet at the hotel statler ballroom in Detroit on Thursday evening, November 19. Outstanding guest speaker for the evening was Countess Maria Pulaski, with her spell-binding talk on "My Life As a Spy" in World War II.

Our December meeting has been postponed to Wednesday, December 16, with a pot-luck supper at 6:30 p.m. A nice Christmas program is being planned by the committee, to be followed by a gift exchange. Members, please don't miss this meeting.

Motorist Critically Hurt in Accident

A Detroit motorist was critically injured last week when his car rolled over and struck a utility pole on Schoolcraft road at Wilcox.

John E. Smith, 30, was driving east on Schoolcraft when he apparently lost control of his vehicle on a curve, sheriff's authorities reported. He was taken to Session's hospital in Northville but his condition was so serious that he was immediately transferred to the Detroit Receiving hospital. Sheriff's deputies report that Smith has a brain concussion and possible internal injuries. The mishap occurred at 3:05 a.m. on Wednesday of last week.

Howard was only 20 months older than the baby. He had somehow come to realize that Elwood, who was creeping, was more likely to be in mischief when quiet. One day he called to his mother with a great deal of anxiety in his little voice: "Mama, I hear Elwood keeping still."

When a man can't do anything else he can develop into a chronic kicker.

Gives Window Peeper 90 - Day Sentence

A 90-day sentence in the Detroit House of Correction for window peeping was started last week by Marvin Cox, Jr., 25, of 198 South Mill street.

Cox was arrested by the Wayne county sheriff's authorities on Gold Arbor road after a resident reported a window peeper in the

neighborhood. Taken before Municipal Judge Nardino Perlongo, Cox pleaded guilty and was sentenced.

The air we breathe is bound to be free always—but each year it costs more and more to breathe it.

V.F.W. News

A memorable meeting took place November 17. The Auxiliary members who attended will remember the event for a long time.

Alice Roach, Wayne County counsel president, inspected the Auxiliary. Leota Wolcott was unable to be on hand as planned, due to unavoidable circumstances. The report of inspector Roach was highly favorable. She was very pleased with the amount of activity of the Auxiliary and was especially impressed with the notebook of delinquent chairman, Carolyn Darnell.

A surprise visit from Ethel J. Gagner, Department President and Meta Myers, Department Color Bearer made the evening a highly enjoyable one. President Gagner, with her very "homey" and non-pretentious personality, reminisced with several older Auxiliary members.

For the benefit of those in the Auxiliary who did not attend the meeting, the following, in part, is the text of Department President Gagner's talk.

"When the 'cream of the crop' young men are drafted into military service, it seems inconceivable that upon return from bloody battlefields and needing assistance, that the present hospital benefits are unable to fill the need of the very men who helped protect us and our country. Those who stayed at home during the time of war, seem to be the type of individuals, who are playing a large part in cutting the benefits program whenever and wherever they see fit. To my knowledge, we of the VFW Auxiliary can do a big part to make ourselves stronger, by increasing our membership. This is so important. I'm sure that you know a person or persons who could join the Auxiliary. Remember, there are approximately 20 million veterans at this time; there are but one million VFW members and only one half million Auxiliary members. In order to

be in a more favorable position to do more in combating this Veteran Hospital Benefit problem, we must promote membership. Writing to our congressman and representatives is a help. The bigger voice we have, the more we can say and the more we shall be heard, when we present our side of the returning veterans problems and what we should ALL do to help him and his family. They fought for us, let us fight for them."

A person who truly enjoys her work with people and for the Veterans of foreign Wars and their Auxiliaries, one who meets all with the same friendly personality, one who not only is Auxiliary-minded, but also is the Veterans' best booster in helping fight for the rights and better benefits of the returned veterans, is Ethel J. Gagner, department president, Ladies Auxiliary to VFW, in the State of Michigan.

Department color bearer, Meta Myers, also attended the meeting. Mrs. Lee Sackett donated kitchen towels and pot holders to the Auxiliary. Thank you, Mrs. Sackett, we surely can use them.

Irene Strohschein was duly installed and welcomed into the Auxiliary. Tiny sandwiches, Swedish crumb cake, and coffee were served after the meeting. Vivian Haar and Madolyn Hartford were hostesses.

Attention! would all chairman please notify your publicity chairman of any work that is being done by your respective committees? Remember, publicity is important to every organization, you can help promote this effort.

Traps used to catch tsetse flies in South Africa look like cows. Set up in infested areas, the large frames, covered with light-colored burlap, have helped reduce tsetse-fly disease among livestock.

No. 4: Don't Surprise a Motorist By Jumping In Front of Him

Sure, it's a long way down to the corner when you are in the middle of the block and you want to get across the street. And it looks like such a short jump straight across. But, that short jump is likely to scare two people half to death—the driver of that car you thought was a long ways off—and yourself.

Mixing two-footed lightweights and four-wheeled heavyweights in the same traffic ring is an unfair battle at best. That's why crosswalks are painted at intersections to give the pedestrian his own place to cross.

When you cross in the middle of the block the motorist is not expecting you—and you may be hidden by a parked car.

Come In and Order One... Today!

Of course, any day is a good day for stepping up to Cadillac.

When the magic moment arrives in a man's life when he feels entitled to the Standard of the World, he should make the move without a second's hesitation—regardless of year, or season, or any other consideration.

But we do honestly feel that the motorist who finds himself in that happy circumstance this fall is particularly fortunate.

For Cadillac has never offered so many wonderful things, in such abundant measure, as it does at the present time.

It is supremely beautiful—with grace and dignity and majesty that set it instantly apart from the rest of the world's motor cars.

Its performance is simply breath-taking—even when measured against Cadillac's own past standards. And it is luxurious and distinctive and pride-inspiring far beyond its illustrious predecessors.

In addition to all this, the current Cadillac creation is unbelievably practical to own and economical to operate. The lowest-priced Cadillac, for instance, now costs less than twenty-two different models of other makes of American motor cars.

And you can ride out a normal, full day's journey on a single tankful of gasoline.

As if this were not sufficient to set it apart, a Cadillac car—according to an authoritative study of used car prices—may be expected to return a greater percentage of its owner's original investment at the time of resale than any other motor car in the land!

So—if you are considering a Cadillac for yourself and your family—come in and order one today!

It is the right thing to do—and the right time to do it.

keeping in touch

EDITOR'S NOTE: This column will appear weekly in The Mail and contain bits of news about persons and places familiar to Plymouth. If you have news about relatives, friends or former associates—or if you have visited an interesting place worth telling others about—drop off your information to "Keeping in Touch" at The Mail office.

FROM THE UNIVERSITY OF MICHIGAN we learn that Ann Hammond, daughter of Dr. and Mrs. Walter Hammond of Sunset street, is in the cast of the play "The Witching Hours." It is the annual sophomore women's production in the Sophomore Cabaret and is slated for this Friday and Saturday.

WONDER HOW MANY KNEW that the Henry Ford Museum in Greenfield Village is currently holding its annual toy and doll show? With "Christmas in Many Lands" as its theme the exhibition illustrates the playthings of children, mainly with dolls, in the United States, Germany, France, Italy, England, the Scandinavian countries and the Orient. Largest section is the American which has as its focal point a miniature Buffalo Bill's Wild West show. It covers more than 335 square feet of table space alone. Why not take the family, Pop?"

MARY LOU HARTWICK, daughter of Mr. and Mrs. Carl Hartwick of Northville road, is a member of the Alma College a cappella choir which is planning a two-weeks' tour the first of December. Mary Lou is a freshman majoring in sociology.

TAKING PRACTICE TEACHING in Kalamazoo as students of Western Michigan college are Dorothy Wright, sister of Dr. Lance Wright of South Main street, and E. Ann Cadot, daughter of Mrs. Felix Bourbon of 829 Forest. Dorothy is teaching fifth grade, while Ann is teaching business education at the Western Michigan college campus school.

WAYNE DUNLAP, director of the Plymouth Symphony orchestra recently purchased the home of Dunbar Davis on Burroughs and will move to Plymouth, along with his family, from Ann Arbor. Dunlap has great faith in the future of our community and hopes someday to expand his work from symphony director to that of coordinator for cultural activities for the whole area. More power, we say.

ONLY PLYMOUTH MEMBER of the 146-piece University of Michigan marching band is Trombonist David L. Green, son of Mr. and Mrs. Fred Green of 6121 Lotz road. Everybody knows how terrific the band is, but those who stayed around to watch them perform after the Ohio State game were reminded again of its greatness. Renditions of "Charleston" and "St. Louis Blues March" brought roars of applause from the thousands who stayed in the stands and yelled "more, more!"

A THOUGHT FOR THIS WEEK: The great man is he who does not lose his child's heart.—Mencius.

OUTDOOR NOTES

From The MICHIGAN DEPARTMENT OF CONSERVATION

More dead deer have been found in the northern lower peninsula during recent days, the conservation department reports apparently the victims of plant poisoning.

Hunters earlier reported finding three dead deer east of Rose City, two east of Vanderbilt and live in Missaukee county.

Since then, other hunters and department field workers located another east of Rose City, two more near Vanderbilt, two near Sharon and three near Bear Lake, Kalkaska, county.

Bigologists have examined some of the deer carcasses at Soughton Lake experiment station and at the East Lansing pathology laboratory, but thus far have found no clear evidence of the cause of death.

None of the deer had been injured in any way and no evidence of infectious disease was found. All the animals were fat and in excellent physical condition at time of death.

Biologists believe, however, that death was caused by plants that at certain times of the year are highly poisonous.

Wild cherry leaves, in a wilted condition, are sometimes strongly poisonous, as are bracken "ferns," and certain mushrooms.

Game men say it's unusual that such a large number of the dead animals has been found. Occasionally in the past, dead animals have been reported at this time of year, but never in the memory of game workers has such a large number been reported and found. It's an indication, they say, that substantial numbers of others are lying unaccounted elsewhere in the woods.

Michigan will play host to the tri-state fisheries meeting next year, with delegates expected from Minnesota and Wisconsin, the conservation department reports.

The 1953 annual meeting was held at Three Lakes, Wisconsin, and was attended by about 90 fisheries workers from the three states.

Problems of warm water fishing, watershed management, commercial fishing and rough fish operations were discussed in the three-day meeting.

Preliminary conservation department traffic counts of deer taken by hunters and carried

south on cars across M-20 indicate that the kill during the first three days of the season this year dropped only 14 percent from last year.

Game workers emphasize, however, that it's yet too early for any accurate survey of hunting results and note that only later in the season will a better count be possible.

In 1952 during the first three days the traffic survey showed more than 9000 deer on cars moving into the southern lower peninsula over the east-west route M-20. This year, that count during the first three days dropped to 7750, about 86 percent of the 1952 total.

Also, of more than 1500 deer examined at checking stations and northern locker plants, biologists noted that 80 percent were in the 1½-year-old age group, the bucks that were fawns during the season last year.

This indicates, game men say, that despite the 25,000 buck fawns taken during the special season last fall, the buck crop remained high in numbers to provide hunters good shooting this fall. Apparently, only a small part of the buck fawn crop was taken during last year's special season.

The over-all field impression of deer taken, both from hunters and locker plant operators, is that the animals this year are bigger, heavier, and have larger antler racks. Also, biologists commonly found 1½-year-old bucks with branch antlers—something not at all usual last year.

Field workers also report that hunting pressure the first three days of the season held close to its first-day level in all areas except Gladwin and Baldwin, and much of the pressure was about the same as last year in all areas except Gaylord, where a considerable increase showed up.

Out state archers are finding Michigan a popular place to hunt for deer, conservation department license sales totals indicate.

Last year at this date, about 650 outstate sales of bow and arrow deer licenses had been reported. The total, when all sales had been counted at year's end, was about 1800.

This year, more than 1000 have already been sold and license agents expect the year's total to reach 2500.

Also, state archer numbers continued to increase this year. Last year, 27,500 archers took part in the October 1-November 5 archery season; this year 32,000 were believed in the woods.

At present, resident small game hunting license sales are down about five percent from last year and deer hunting license sales are expected to drop to about 400,000 this year. Last year, largely because of the three-day special season, the number jumped up to 463,000.

Resident fishing license sales, after an early season slump, have made good progress and are now about at a level with last year's sales.

All other sales are about normal for this time of year, license agents say.

Michigan produced 52 percent of veneer logs removed from Lakes States woodlands during 1952, the conservation department reports.

But the Lakes States, including Minnesota and Wisconsin, collectively produced only 78

million board feet of the logs during the year.

That total was 10 per cent less than 1950 and 33 per cent less than 1948.

Veneer logs are taken from older, larger trees and are generally of high quality.

Most important species was maple with birch running second.

Who's New In Plymouth

(Editor's note: This is the first of a series introducing the new families that have recently moved into Plymouth. Old residents, by reading these articles, will be able to meet their new neighbors and welcome them to the city.)

PLY-MAIL PHOTO

NEW RESIDENTS to Plymouth are Mr. and Mrs. Clarence Wilson of 11749 Priscilla Lane, Plymouth Colony subdivision. The Wilsons have four children ranging in ages from nine to one month. Shown with their mother, left to right, are Clare Ann with Elizabeth, Robbie and John. The Wilsons moved here recently from Detroit, and Mr. Wilson is an employee of the Detroit Times as an Inkster suburban agent.

Ten from Local Society Attend Board Meeting

Ten persons will represent Plymouth at the State Board meeting of the Michigan Society of Children of the American Revolution in East Lansing. The group will make the trip on December 5 to attend the 11 a.m. meeting in the Union building. Miss Mary Wellman, assisted by Mrs. William Mackel of the Anthony Wayne society will be hostess.

Attending from Plymouth corners society will be Mrs. Harry N. Deyo, Mrs. Kenneth Hulsing and Miss Margaret Roberts, state promoters; Mrs. Robert D. Willoughby, senior state president; state officers Randy Eaton, Anthony Worth, Janet Willoughby, Ann Hulsing and Richard Root; and Robert Willoughby, national junior treasurer.

Presiding over the meeting will be junior state president Harvey Kirchoff, assisted by Mrs. Willoughby. The important business to be discussed is the National Officers project, which is raising money in order to help purchase a tractor and plow for Bacone, the only Indian college in the United States. The college serves as a demonstration farm under the direction of Oklahoma Agricultural college.

The Michigan Society is also interested in raising money toward buying a case to house an extensive collection of dolls which has recently been given to the national museum.

SOCIAL NOTES

Holiday weekend guests of Mr. and Mrs. Carl Hartwick, in their home on Northville road were, their daughter, Mary Lou and Miss Elyse Conti of Athens, Greece, both students at Alma college, and Miss Patricia Hyatt of Detroit.

Dr. and Mrs. Harold Todd returned to their home on Clemons drive Sunday after spending the holiday weekend with their son, Charles, who attends college in Chicago, Illinois.

Mr. and Mrs. Olin Martin spent Thanksgiving day with their son and wife, Mr. and Mrs. Robert Martin in Livonia.

Miss Jeanne Pursell, a freshman at Denison University in Granville, Ohio, spent Thanksgiving vacation with her parents, Mr. and Mrs. Roy Pursell of South Main street.

The many Plymouth friends of Mrs. Carrie Hillmer, who resides at the Masonic Home in Alma, will regret hearing that she fell at the home on Tuesday morning breaking her leg.

Mr. and Mrs. Kenneth Thorpe have returned to their home on Spring street after vacationing for two weeks in Arizona. They spent some time with the Clarence Lidgards in Tempe and toured the Carlsbad Caverns.

Susan Goddard left by plane on Sunday for Davenport, Iowa, where she is attending St. Catherine's Academy, after spending the holiday with her parents, Mr. and Mrs. Lewis Goddard of West Maple avenue.

Mr. and Mrs. Keeth V. Keeth and son, Randy, Mr. and Mrs. Donald A. Keeth, Mrs. Alice Keeth, Mr. and Mrs. Vivian G. Keeth, Leslyn Keeth, and Michael Keeth enjoyed dinner at Schuler's in Marshall on Sunday. The dinner was planned in honor of Mr. and Mrs. Vivian G. Keeth on their 25th wedding anniversary.

Mrs. A. E. Larson of Joy road has spent the past four weeks visiting with her sons, Melvin and Alvin in Phoenix, Arizona.

Mrs. Chester Tuck, president of the Rosedale Gardens Branch of the National Garden Association extends an invitation to all Livonians and surrounding areas to attend their greens sale and tea at the Rosedale Community house on December 8 from 1:30 to 4:30 p.m.

Thanksgiving day dinner guests of Mrs. Otto Beyer in her home on North Mill street were Mr. and Mrs. T. L. Sullivan and daughter, Glenna Mary of White Lake; Mr. and Mrs. Floyd Burgett and children, Jack and Judy; Mr. and Mrs. Robert Beyer and children, Susan and Michael; Miss Amelia Gayde and Mr. and Mrs. Carl Hartwick and daughter, Mary Lou. They were joined in the evening by Miss Patricia Hyatt of Detroit and Mr. and Mrs. Dave Cameron of Plymouth.

Louis Kanka of 45181 Ann Arbor road reports shooting a 150 pound buck last week near Omer, Michigan.

Mrs. William Gopen has returned to her home on Ann Arbor road after undergoing surgery at the Plymouth Hospital last week.

Mr. and Mrs. Vernon Peck celebrated Mrs. Peck's birthday on November 17 by having dinner at the Pine Lake Rotunda Inn in Pontiac.

Mr. and Mrs. F. M. Kinney and daughter, Colorado Springs spent from Monday through Thanksgiving with the James Thrashers on Lakeland court. On Thanksgiving day the Thrashers with their guests enjoyed dinner with Dr. and Mrs. William Shepher in Defiance, Ohio.

Ralph A. White, son of Mrs. Marion White of Bradner road, enlisted in the United States Army and is now stationed at Fort Knox, Kentucky.

The Get-together club met on November 14 in the home of Mr. and Mrs. Howard Bowring on Bradner road with 29 guests present. The last meeting was held on November 28 with Mr. and Mrs. Arch Herrick on Bradner road.

Mrs. Olive Frederick was hostess at a family dinner in her home on Ann street on Thanksgiving day. Guests included Mr. and Mrs. Ronald Hesse and sons, Ronnie and Harold; Mr. and Mrs. Fred Kohler, Mr. and Mrs. Frank Magraw and Grace Magraw.

Mr. and Mrs. Sam Stephens of Northville and Mr. and Mrs. Robert Byer were Friday evening guests of Mr. and Mrs. Carl Hartwick of Northville road.

Social items can be phoned to 1600.

Winter Bows In On December 21

The Northern Cross, arrival of winter and lengthening of daylight hours are just a few of December's astronomical events, according to Hazel M. Losh, University of Michigan associate professor of Michigan.

An impressive symbol of the Christmas season, the Northern Cross (Cygnus) will move across the December sky from the zenith to the northwest, gradually assuming more and more of a vertical position, Professor Losh says. By Christmas Eve the long bar of the cross will be outlined upright against the sky.

Winter will arrive officially at 10:32 p.m. on December 21.

Historical Society Plans Christmas Music Program

A Christmas program will be the highlight of the monthly meeting of the Plymouth Historical society on Thursday, December 10. The group will meet at 7:45 p.m. at the Veterans' Memorial building.

The pupils of Mrs. Edna O'Conner will provide the musical entertainment, and there will be group singing of Christmas carols.

Host and hostesses for the event are Mr. and Mrs. Arthur Mills, Mrs. Jessie Truesdell and Mrs. Ada Watson.

Methodist Bazaar Is Held Today

Members of the Plymouth Methodist Womens Society of Christian Service and the Methodist Youth Fellowship will be busily engaged in the activities of the "One Dollar Bazaar" being held today in the Methodist church.

Displayed from the various gaily colored booths will be displays of aprons, embroidered goods, candy, baked supplies, dolls, toys, artificial trees, colored ornaments and attic treasures.

The Snack Bar managed by members of the youth organization will open from 11:30 until 1 p.m. The Tasting Tea will be served from 2 until 4 and will be followed by the purchasing of favorite recipes and cup readings. A Swiss steak dinner will be served in the evening to the bazaar-goers, from 5 until 7 p.m.

Greens Decoration Talk Scheduled By Garden Club

Members of the Plymouth Branch of the Michigan Division of the Women's National Farm and Garden association will hear a discussion of Christmas greens decorations at the meeting, Monday, December 7, Mrs. A. E. Petersen of Livonia will be guest speaker at the 1 p.m. meeting at the home of Mrs. Austin Stecker on North Territorial road.

Tea chairman for the meeting will be Mrs. Thomas Moss.

Preliminary work for the annual "Greens Sale" was done at a meeting at the home of Mrs. E. A. Schrader on Main street, Tuesday, December 1. A board meeting was held at 9:30 a.m. and a luncheon for all members at 12:30.

The "Greens Sale" will be held at West Brothers on Forest avenue on December 11 and 12. Advance orders are now being taken. Anyone desiring a special wreath can contact Mrs. Schrader at 2221, Mrs. Stecker at 643 or Mrs. Arnold Samuelson, Wayne 2752-M11.

CHURCHES OF OUR AREA Christian Science Church

BUILT 50 YEARS AGO, First Church of Christ, Scientist building is located beside the city hall. Its reading room is open throughout the week for those who want to learn more about Christian Science. Shown here is Mrs. Fred VanAtta of Northville, one of the librarians showing a visitor some of the literature. The denomination's Christian Science Monitor is one of the nation's most respected newspapers.

PLY-MAIL PHOTOS

Christian Science Church Edifice Was First in Michigan

Having the distinction of erecting the first edifice for Christian Science church services in Michigan is Plymouth's First Church of Christ, Scientist, which this year observed its 50th anniversary in this same building.

For some time previous to the organization of First Church of Christ, Scientist, a number of students of Christian Science met in private homes here. It was on April 26, 1898 that they formally organized a church and met in Safford hall, then located about what is now the Davis and Lent streets on Main street.

Selected as chairman of the board of directors for this pioneer Michigan church was L. C. Hough. Other first members included Mrs. Hattie Baker, Mrs. Marietta Baker and Miss Louise Markham.

On January 9, 1898, a downstairs location at 287 South Main street was rented from Henry W. Baker where a reading room was opened, a Sunday school conducted and the church services held. This building, after being repaired, carpeted and suitably furnished, was known as Christian Science Hall.

It was decided at a church meeting on December 9, 1899 that the Sunday collections for the

last Sunday of each month should be set aside for a building fund. So successful was this arrangement that on June 25, 1900, a lot was secured where the new Chevrolet Sales & Service is now located at North Main and Amelia streets. This lot was subsequently sold and the present site at Main and Dodge streets was purchased on April 12, 1902.

The cornerstone of the present edifice was laid June 17, 1903 at 6 o'clock in the morning. A number of Northville members had to walk to Plymouth for this ceremony because the interurban cars did not run at such an early hour.

The cornerstone of gray granite came from Concord, New Hampshire near the birthplace of Mrs. Mary Baker Eddy, founder of the Christian Science faith. The date of 1903 chiseled on the face of the stone was done at the Hoyt Marble Works located nearby.

The edifice was dedicated October 25, 1903, free from debt, it being a rule that a Christian Science church building may not be dedicated until fully paid for. As the Sunday school membership increased, the need for more space was supplied in 1925 by the finishing of a room on the lower level of the church. The

Sunday school, which receives pupils only up to 20 years of age, continued its growth and in 1938 new air conditioning and heating equipment was installed so that the entire lower level could be remodeled and equipped for the enlarged Sunday school.

First Church of Christ, Scientist, is one of more than 3,000 branches throughout the world of The Mother Church, The First Church of Christ, Scientist, located in Boston.

Christian Science dates from 1866 when it was discovered by Mary Baker Eddy as an immediate result of a fall in Lynn, Massachusetts. Three days after the accident, which was believed by her physician to have been fatal, Mrs. Eddy asked for her Bible. There, she read the account of the palsied man who had been healed by Christ Jesus (Matthew 9:2-10). While pondering this miracle, she saw not a miracle, but a normal, natural and loving manifestation of the power of God to heal sickness as well as to save from sin.

Her healing came immediately and she arose from her bed, much to the surprise of her minister and the few friends who had gathered in the next room. Of this experience Mrs. Eddy wrote

in her autobiography:

"My immediate recovery from the effects of an accident, an injury that neither medicine nor surgery could reach, was the falling apple that led me to the discovery how to be well myself and how to make others so." (Retrospection and Introspection, pg. 20)

The following years were devoted to further study of the Scriptures and to providing through the physical healing of others, the efficacy of the great truths she had discovered, and to writing "Science and Health" which she first published in 1875.

As more spiritual enlightenment unfolded to her receptive consciousness, Mrs. Eddy revised the book several times and added "With Key to the Scriptures" to its title. This book, which is designated as the Christian Science textbook, and the King James Version of the Bible are studied daily by Christian Scientists.

The Bible, together with the textbook, forms the basis for all Christian Science church services. The "lesson-sermons" are 26 in number and are repeated every six months, being compiled by a Bible Lesson committee in Boston and issued in the form of a quarterly booklet.

Sunday services in each church are conducted by two readers, usually a man and a woman, elected from the membership for the term of from one to three years. The church services contain no personal preaching and are uniform throughout the world. The lesson-sermon read in church on Sunday is studied daily throughout the previous week by Christian Scientists, wherever they may be, to seek strength and inspiration for the duties of the day.

Besides the regular Sunday services each church holds a testimonial meeting on Wednesday, conducted by the first reader. After a brief lesson, a portion of the meeting is devoted to the giving of verbal testimonies of healing by members of the congregation.

With the membership now outgrowing the present building, plans are now being made to more adequately serve the congregation, Sunday school and reading room. The reading room is open daily except Sunday and legal holidays from noon until 3 p.m. for those who want to learn more about Christian Science. The Bible and all authorized literature may be read, borrowed or purchased.

Our Sunday School Christmas party will be held on Sunday afternoon on December 20 at 4 p.m. A program of interest to all will be given. On Christmas Eve at 11 p.m. our entire congregation is invited and urged to attend a Service for Worship which has been growing in interest and inspiration. Those without a church home are cordially invited.

FIRST CHURCH OF CHRIST SCIENTIST, Sunday morning services, 10:30 a.m. Sunday school, 10:30 a.m. for pupils up to 20 years of age. That man is the highest creation of God is shown in the Lesson-Sermon entitled "God the Only Cause and Creator" to be read in all Christian Science churches on Sunday, December 6. The Golden Text is from Psalms (75:1): "Unto thee, O God,

Reverend John B. Forsyth

do we give thanks, unto thee do we give thanks: for that thy name is near thy wonderful works declare."

Among the Bible citations is this passage, (Jer. 10:12): "He hath made the earth by his power, he hath established the world by his wisdom, and hath stretched out the heavens by his discretion."

Correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: All substance, intelligence, wisdom, being, immortality, cause, and effect belong to God. These are His attributes, the eternal manifestations of the infinite divine Principle, Love." (p. 275)

ST. PETER'S EVANGELICAL LUTHERAN CHURCH, 261 Spring St. Edgar Hoenecke, pastor. Early service-9:30. Late service-11:00. Sunday school-9:30. Bible Hour - 8:00 - 9:00, Wednesdays at the school.

NEWBURG METHODIST CHURCH, Ann Arbor trail at Newburg road, Livonia, Michigan. Robert D. Richards, Minister. Paul Nixon, Sunday school superintendent. Mrs. Adolph Bohl, Organist-Choir director. The annual Holiday Festival, sponsored by the Fellowship class will sponsor a pancake supper which will be served from 5 to 7 p.m. Christmas gifts will be for sale in the various booths. On Saturday, December 12, the Fidelis class will hold a share-a-dish supper at the home of Mr. and Mrs. Don Ryder of Ann Arbor trail, at 6:30 p.m. An exchange of Christmas gifts will take place during the evening. On Wednesday, December 9 at 8 p.m. the Fellowship class will hold a Tupperware (plastic) party at the home of Mr. and Mrs. Frank Everett of Haggerty highway. All members are invited to bring their friends.

Some men are too lazy to acquire a door from which to keep the wolf.

Church Observes 25th Year With Special Services

The Rosedale Gardens Presbyterian church at Hubbard and West Chicago, will celebrate its 25th anniversary services next Sunday, December 6. During the anniversary celebration at 7:30 p.m., the Reverend John B. Forsyth, a former minister, will preach.

Former pastors, the Reverend R. A. N. Wilson, Jr., and the Reverend William Townsend, who served the church two summers when a seminary student, and the Moderator of the Presbytery, the Reverend William H. Molbon, will also participate in the evening service. A tea will be served following the service to which everyone is invited.

Two morning anniversary services will also be held. At 9:30, the minister, the Reverend Woodrow Wooley, will preach. At 11 a.m., the Reverend Dr. Edgar DeWitt Jones, for 26 years minister of the Central Woodward Christian church in Detroit, will give the sermon.

Dr. Jones was president of the Federal Council of Churches (now the National Council of Churches) from 1937 to 1938. His column "Successful Living" appeared daily in the Detroit News for some 10 years. He is the author of 18 books on religious themes and on Abraham Lincoln. He is recognized as an outstanding Lincoln authority.

Despite all this country's faults, high taxes, and everything else, the standard of living continues to rise, which is the real test.

Shipment of New Books Arrives At Dunning Branch of Library

Books for all ages are represented in the most recent shipment of books to the Dunning branch of the Wayne County Library. The new volumes, which arrived Friday, will be on display for several days at the library's main desk.

Topping the list of novels for adults is the newest best seller by Ben Ames Williams, "The Unconquered." This is a story of the South in the Reconstruction period, and it is described as comparable to "Huckleberry Finn." The lengthy novel discusses the political situation very thoroughly, and yet blends in romantic interest.

Also on the list of novels is "Promise of Delight" by Mary Howard, "Immortal Helen" by Elizabeth Corbett, Ngaiio Marsh's "Spinsters in Jeopardy," "The Spirit of St. Louis" by Charles Lindbergh, Paul Scott's "Six Days in Malapere" and "Porgy" by DuBose Heyward.

Just a few others on the big list of new novels are "The Lady of Arlington" by Harnett T. Kane, "Strange Exile" by Laura Saunders, Nell Marr Dean's "Front Page Girl," "The Sunny Island" by Mary Douglas Warren, "Three Notch Cameron" by William Colt MacDonald, Gene Austin's "The Secret Brand" and "A Heart for Elaine" by Norma Newcomb.

A large variety of teen-age books also arrived. Some of these are "Sorority Girl" by Anne Emery, "Class Ring" by Rosamond DuJardin, "Son of the Stars" by Raymond Jones, "The Black Stallion Returns" by Walter Farley, Augusta Huiell Seaman's "The Disappearance of Anne Shaw," "The Young Viking Warrior" by Evelyn S. Kehker, "Ellen Tebbits" by Beverly Cleary, "Marooned on Mars" by

Lester DelRay and "Betty and Joe" by Maud Hart Lovelace.

Finally new children's books are also available. Kiddies can take out "White Snow, Bright Snow" by Alvin Tresselt, "Curious George" by H. A. Ray, "The Tall Book of Nursery Tales," Leo Politi's "Song of the Swallows," "The Little Red Car" by Esther K. Meeks, "The Horse Who Lived Upstairs" by Phyllis McGinley, Emmy Payne's "Katy No-Pocket" and "The Real Santa Claus" by Marguerite Walters.

Evans Opens New Sales Offices

Three regional offices to facilitate handling its plywood sales have been opened by the Evans Products Company's Wood Products Division. It was announced today by W. J. Ritchie, general sales manager of the division.

"The opening of a new office in Chicago, one in New York and a third in the Southeast will enable us to give our customers better, faster service," Ritchie said. "We will be in a better position than ever to meet customer needs at the regional level. All sales, under the new set up, will be co-ordinated through our general sales offices in Plymouth."

Magistrate (to witness) I understand that you overheard the quarrel between the defendant and his wife?

Witness: Yes, sir.
Magistrate: Tell the court, if you can, what he seemed to be doing.
Witness: He seemed to be doing the listenin'!

Information on Tax Payments for Holiday Jobs

Persons intending to take temporary employment during the holiday season often have questions about their rights and obligations under social security. To help with these problems, the social security administration has prepared information of the question-answer type.

Question: If I get a temporary job for the Christmas season will I need a social security card?
Answer: Yes, if you go to work in a job covered by the Social Security Law you will need a social security card. It does not matter whether your job is full-time, temporary, or part-time, you will need a card.

Question: I have been retired, but I am going to take a job for the holidays. Do I have to pay social security tax on my wages even though I am over 65 years old?
Answer: Yes, as long as you are employed or self-employed in work covered by the law you

must pay social security tax regardless of your age.

Question: I am thinking of taking a part-time job in addition to my regular one. If I earn over \$3600.00 in both jobs and pay social security tax on all I earn, can I get a refund on the tax I paid on my wages over \$3600.00?

Answer: Yes, you can get a refund on all social security taxes deducted on wages over \$3600.00 a year. Usually this is in the form of a credit on your income tax for that year.

Question: Where can I get a social security card? Answer: At any local social security office, or you can get an application for a card and the address of the nearest social security office at any post office. The Detroit-Northwest office is located at 14600 Grand River avenue, Detroit 27, Michigan.

YOU CAN "LISTEN" BY JUST LOOKING!

Carl Peterson

A FRIENDLY DRUG STORE

Whenever I'm seen I'm always heard. I never hide my light under a bushel. Even if lockjaw buttoned my lip I could still talk through my nose as easily as I now talk through my hat. And I have a right to rattle my teeth when I think of the price they charge me for a by-line in this paper. Every time I get a bill from the Plymouth Mail it takes all the strut out of my ego. By the way you ought to help me pay for this spiel. We're deep in the holiday semester and I'm not wearing these white whiskers to fool a policeman. Now is the time for all good citizens to come to the aid of Peterson.

Remember Your "Bitter Half" This Christmas!

Your conscience fund will never be big enough to make up for all those lodge nights you spent away from home. The only good excuse you'll have for coming home loaded on Christmas eve is that you stopped at Peterson's to pick up a load of gifts for the little lady. Just remember you're not an indispensable man—she can refill your pajamas anytime with so many good looking bachelors on the loose in Plymouth.

Do ALL Your Christmas Shopping In PLYMOUTH! WIN A FREE BERMUDA VACATION...

Get Your Tickets With Every Purchase You Make!

"Triplets" by Little Lady

She'll delight in this trio of "her very own" gift-lovely toiletries.

fragrant toilet water...
clean-soaking billion-bubble bubble bath...
smoothing pink hand lotion...

only \$1.75 plus Fed. Tax.

TIPS FOR TEEN-AGE WOLVES.

You may show up with a well-greased appearance on Christmas but don't lean on your good looks unless you're carrying a package for your beautiful baby-sitter. It's bad enough to be a slow thinker, so don't be a slow-starter. Put your femme's Christmas loot on lay away now.

WHO'S GIVING WHAT TO PA?

The whereabouts of your intentions are still unknown to me. When it comes to swapping gifts I claim the old man ought to get an even break unless you believe in robbing the gander to stuff the goose. Why not pick up a Schick Electric Razor for the old breadwinner? Let him enjoy a little reflected glory when he looks in the mirror on Christmas day and sees what a clean shave does to improve the outward appearance of a bad hangover.

Only One Dissatisfied Customer This Week!

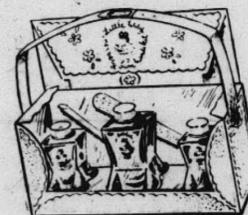

I reprimanded an old gentleman for drinking his coffee out of the saucer. He got mad and blew his top. He blamed me for putting a spoon in his cup. Said he couldn't drink the coffee out of the cup because the spoon got in his eye. I told him that next time I'd stir his coffee on the mixer. There may be two sides to a customer's complaint but I make sure there is only one end — YOU MUST BE SATISFIED!

MAYBE I DO TALK A LOT but I never let my tongue go off until my head is loaded. Right now I could talk all day about dolls. I don't mean the kind of dolls that excite old duffers like you. I mean Christmas dolls that thrill kids who know Peterson is the real Santa Claus. I'm planting a picture and description of the best doll value in Plymouth in this advertisement. It takes up enough space to save me a few well chosen words and it's priced to stretch your Christmas dollars.

OUT HERE IN PLYMOUTH we're just one big happy Peterson family. I've even talked my way into the grass roots out-houses to win the support of the station wagon owners. Some of my rich rural customers live out so far that they smell like hickory even though they live in clover. Now with Livonia within earshot I'm expecting a bumper business this Christmas. This is one year I can prove I have plenty of visible means of support.

Roberta Lidgard Tells Christmas Seal Story

Thirteen-year-old Roberta Lidgard carried off top honors in the T. B. association oratorical contest held recently at Plymouth high school. Roberta's speech has been sent to Lansing where it will be judged and perhaps chosen as one of the six state winners. These six will broadcast their addresses over a Lansing radio station. Roberta is the daughter of Mr. and Mrs. Robert Lidgard of 780 Pine street.

Roberta had never entered a contest of this type before, she said, so was somewhat surprised when her speech, "Dreaming of a White Christmas" was picked to send to the state competition. In commenting on her previous experiences in speaking, she said that this is her first year in a speech class and that she did address the school assembly for the Red Feather drive.

Her winning speech, stressing the importance of the Christmas seal is reprinted here.

"Have you ever heard of Santa Claus? I think everyone has. Everyone knows that around Christmas time Santa Claus has become a well known figure in our world today. Also the stories you hear and read and the carols you sing are a big part of Christmas, but there is something else which plays an important part around this time. It is a stamp with a double barred cross on it. It is the Christmas seal.

"The Christmas seal began many years ago when a man in Denmark invented it. This man was a kind of Santa Claus. He made the stamp to help children because he loved them, and he hated to see them suffer. The people in Denmark liked the idea of a Christmas seal very much and supported the sale of the stamps wholeheartedly. People sending letters put the tuberculosis stamp on the letters; thus, it was carried to the United States and other parts of the world by mail. In the United States the people were not impressed with the tuberculosis idea. The people laughed about it and said it would not work. They also said, 'Who ever heard of raising money a penny at a time?' However, later through the help of a newspaper and the Red Cross the sale of the Christmas seal became a successful venture in the United States.

PLY-MAIL PHOTO

PONDERING OVER HER ESSAY is Roberta Lidgard, winner of the high school tuberculosis oratorical contest. Roberta is the daughter of Mr. and Mrs. Robert Lidgard of Pine street. Her essay, "Dreaming of a White Christmas" will be submitted to a state contest in Lansing.

This first seal sale (1907) reached a remarkable sum of \$3,000. Now many of you may not think that was very much money for the sale of Christmas seals; but even though they wanted more than \$300, which was what they were putting the drive on for, they did not expect more than that.

"Around Christmas time we think of giving and receiving. When Christmas comes around this year you give and you will also receive. For you see, this money is used for everyone who has tuberculosis and by giving, you are going to receive protection against tuberculosis, if anyone in your family is stricken with it. This seal not only

protects the people who do not have tuberculosis but it gives the proper care, comforts, and entertainment to those who do. Through the sale of the seal, tuberculosis patients are supplied with books to read and with radios and television sets. It buys drugs for research and new equipment for treatment may be purchased. So you see what the tuberculosis seal does for these patients who are stricken with it? Even more can be done.

"So, when Christmas comes around this year and you join in the holiday festivities, sing a song of health and join the crusade to help fight tuberculosis. Let them enjoy a White Christmas too."

The meeting will be preceded by a potluck supper at 6:30 p.m. All officers must be present at a practice at the Masonic Temple on Sunday, December 6, at 1:30 p.m.

We must make a personal attack, when there is no argumentative basis for our speech. —Cicero.

Pilgrim Shrine to Hold Supreme Inspection

Bernice C. Merrill, Supreme Worthy Shepherdess of the Order of the White Shrine of Jerusalem, will visit Pilgrim Shrine No. 55 on Monday, December 7 for Supreme Inspection. This will be the Shrine's first inspection since its institution in June, 1952.

HEALTH AND BEAUTY

Trichinosis

Trichinosis is a disease caused from worms known as trichina. It is conveyed to man from swine. There have been epidemics of this disease caused from eating raw or under-done pork that contained the worms.

A few months ago at a filling station on a certain highway pork sandwiches were sold that caused a great deal of sickness. It was traced to the infected hog meat in the sandwiches that the tourist bought and ate at this station. The meat was full of trichinae which were not destroyed by cooking.

The worms pass to the intestines where they cause nausea and vomiting, pain in the abdomen, loss of appetite, and sometimes diarrhea. This last is a more favorable symptom than constipation, for the frequent bowel movements may carry off many worms and considerable poisons.

The preliminary symptoms are by no means constant. In some of the large epidemics, cases have been observed in which they were absent. Many cases resemble cholera, and death has often occurred. Chills and fever are not uncommon.

After a few days these parasites begin to migrate from the intestines into the muscles. There they cause pain and inflammation. Sometimes they are involved and hemorrhages occur. Difficult breathing and even convulsions often occur. Swelling and puffiness about the eyes is an important symptom. The white blood cells are sometimes increased to 30,000.

As time goes on the general nutrition is impaired and the patient becomes pale and anemic. In intense infections there is delirium, dry tongue and tremor, suggestive of typhoid fever. Pneumonia may carry the patient off. The intensity and duration of the disease depends upon the grade of infections.

The anatomical chambers are chiefly in the muscle. The trichinae enter the muscles. There is local inflammation of these invaded areas which undergo degeneration. The parasites encyst themselves, and proceed to snuggle down within its walls.

Whether the patient recovers or not depends largely upon the amount of the infected meat that was eaten.

The Germans from the northern regions of Germany have in the past suffered from many cases of Trichinosis owing to their habit of eating half-cooked or raw pork.

Hogs that are kept in filth and fed on offal are very apt to suffer from trichinae even though they may be healthy in appearance.

Cook all pork thoroughly. The worms are destroyed by high temperature. Like many other diseases, prevention is better than cure.

Crippled Children To Be Given Gifts By Soroptimists

Plans for the Christmas party were laid at the meeting last week of the Plymouth Soroptimist club at the home of Helen Stevens. The party, to be held at Arbor-Lill on Monday, December 7, will be joined by club members from Berkley.

Local members are giving individual donations to Mrs. Herma Taylor for the purchase of toys for the Out-county Crippled Children's Foundation. Plans are also being made to distribute toys to children at Farmington Crippled Children's hospital under the Sister Kenny fund.

Hostess for the evening meeting was Helen Stevens with Francis Stark as co-hostess.

In going out after fame, make sure that you don't capture notoriety.

Students Observe Thanksgiving Club Members Give Food Basket

Thanksgiving holiday was commemorated Wednesday, November 25, in the local high school with a short assembly. The program, which was delivered over the public address system at 3:15 p.m., featured an introduction by Mayor Ty Caplin, an explanation of the history of Thanksgiving by Dean Palmer and a poem and prayer by Ella Plant. The Girls Glee club hummed "We Gather Together" to provide background music.

To make Christmas in the T. B. Sanatorium merry for at least one ward is the hope of the Plymouth high Y-Teens. The group plans to visit the institution Christmas Eve and provide cookies, records, songs and stories for the 2-5 year olds.

Each Y-Teen girl will bring a gift to be given to one child. Another project of the club was the gift of a basket of unprepared food to a local family. The basket contained a complete dinner and was presented on Thanksgiving Day.

Games, skits, and refreshments provided fun and laughter at the All Girls' Party, November 24, which was held in the high school auditorium. The seniors, with their rip-roaring skit featuring a chorus line and individual song and dance numbers, received first prize.

He: They say fish is a great stimulant for the brain.
She: Well, I know just catching them makes the imagination more active.

Commend Hi-Y Legislature As Educational Activity

"The Michigan HI-Y-TRI-HI-Y Legislature is a valuable extra-curricular, educational activity and receives high praise from governmental and educational leaders," stated HI-Y club advisor Harry Reeves.

The annual Michigan HI-Y-TRI-HI-Y Legislature, a youth experience in government, will be held December 3 at Lansing with Dean Palmer, Brian Kidston, Dick Root, Jim Isbister, and Howard Oldford as the club's representatives. Delegates from all over Michigan meet together to discuss government problems. At the evening session, beginning at 8 p.m., the clubs will gather in the state capitol where a speaker, lieutenant governor, governor of the house, and sergeant at arms will be elected.

The group will convene as a complete legislature, consisting of a House and Senate, on Friday, December 4. Committees are then appointed and all bills are referred to the appropriate committees.

At the afternoon and evening session certain bills are debated in each house and are either passed or rejected. This debate continues throughout Saturday forenoon.

The purpose of these discussions is to acquaint the youth with the democratic form of government and to train leaders for the future.

The clubs will then evaluate the work accomplished and adjourn at 4 p.m.

Says Fruit Trees Need Protection

Meadow mice are going to be more of a threat to your fruit trees this winter than usual, and they can cause enormous damage if you don't set up some protection against them.

That's the word from C. A. Langer, Michigan State College horticulturist. Langer says mice relish tree bark and they can kill a small tree and cause severe injury to a large one.

Do the protection job before snowfall if possible, he advises. Since field mice move about in runways beneath mulch or grass, you can bait the passages and poison the pests.

He recommends strychnine or zinc-phosphide treated apple slices for the bait. A one-ounce can of zinc-phosphide powder will treat about 20 quarts of apple slices. He suggests cutting a two-inch apple into 12 slices to make the bait large enough. Sprinkle the powder on the slices until they have a gray color and place one slice in each fresh runway. You'll need about two quarts of the slices per acre. The bait material can be ordered from the Grand Rapids Growers' Association.

As an extra precaution, Langer recommends placing a six-inch pile of pea gravel around each tree trunk. Or you can use heavy gauge hardware cloth around the trunks with the base of the cloth set in the ground. And cut the grass and high weeds in a two-foot area around the trunk.

"La Mer Jolie" Gets Full Attention of Juniors

"La Mer Jolie," this year's J-Hop, is well underway, and the majority of the juniors are doing their parts to get the dance plans completed by the night of December 12.

The party will begin at 8 p.m. in the school gymnasium with Danny Baker and his orchestra furnishing dance music. It will last until midnight.

Name Six Girls Junior Varsity Cheerleaders

Tryouts for the junior varsity cheerleaders were held in the gymnasium Tuesday, November 24. The following girls were chosen from the large group of hopefuls: Margaret Duty, captain; Geraldine Minehart, Madeline Jones, Mary Lou Foot, Janice Kowalcik and Margie Byers.

The following teachers judged the contest: Mrs. Louise Cigile, John Sandmann, and Mrs. Delores Caldwell. Students judging the contest were Howard Oldford and Margaret Burr.

This is the first year that separate cheerleaders have been chosen for the junior varsity. Previously the varsity cheerleaders have led the yells throughout both games.

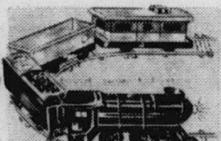

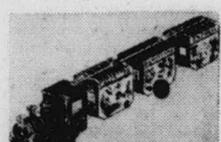

The J. V. cheerleaders will be under the supervision of Mrs. Louise Cigile.

Name Six Girls Junior Varsity Cheerleaders

They tell a story in Wall street that Mr. Morgan once replied to a young friend, who had asked him what were the best clubs to belong to in New York. "Young man, the very best clubs to devote your time to are the Indian clubs."

"THAT'S MY WINNING ENTRY," beams ten-year-old David Fehlig, sitting amid a pile of football contest entries. David walked off with top honors in the final "Pick-the-Winners" contest published in The Plymouth Mail for games held November 21. He is the son of Mr. and Mrs. William Fehlig of 382 Adams street.

Plymouth High Quintet Opens Season Friday Against Northville Team

The Plymouth high school basketball team will open the season tomorrow night against a strong Northville quintet. This game should prove very exciting for an opening game as Northville downed the Rocks twice last year—in the opener here by 5 points and in two overtime periods over at Northville.

Coach John Sandmann has four returning lettermen available for duty this year, in Captain Jerry Kelly, Gary Gothard,

Tyler Caplin, and high-scoring Kenneth Kisabeth. The latter set a new school scoring record for the season last year as well as a game record, but he will be available for only the first semester as he graduates in January. Coach Sandmann has several promising men up from the junior varsity of a year ago, and the success of this year's team will depend largely on how these boys work in with the returning men from last year. The squad averages around six feet in height and are fairly aggressive, but just how good they are will not be determined until after they have been in action a few games.

Last year Plymouth finished fourth in the 6-B League, but played some remarkable basketball in the first Class A Regional tournament in Plymouth history. They downed Lindon Park and fought state champion Dearborn Fordson right down the wire before submitting by a few points. Fordson went on to win the state title, and the Plymouth encounter was one of the closest ones the state champs had in tournament play.

Varsity Alumni Group to Meet

The recently formed Athletic Alumni Varsity association will hold an organizational meeting this Sunday afternoon at 3 p.m. for the purpose of presenting an organized plan of operation for the coming year. The meeting will be held in the high school auditorium and all former letter-winners at the high school are cordially invited to attend as it is the desire of the steering committee that as many as possible attend this first organized meeting.

At a recent informal meeting quite a number of old varsity letter winners, as well as many new ones, met and enthusiastically endorsed this new association. Those of former years in attendance were Jack Gilles, Charles Elliot, Robert Champe, Gordon Moe, David Gates and Don Huebler. From recent years were Dick Huebler, Ron Nyhus, Peter Leemon, Russel Brown, David Wilkin and Richard Nagel. Each one said he would contact as many as he could from his class for the next meeting. Anyone who has won a letter while representing Plymouth high in sports is eligible for membership.

David Gates was elected temporary chairman of a committee to propose an organizational plan for the coming meeting this Sunday.

SPORTS FLASHES

from The Sporting News by J. G. Taylor Spink

RUMORS HAVE ROBINSON GOING TO GIANTS

Holding court on trade rumors on the major league scene as reported in The Sporting News: That Jackie Robinson is headed for the New York Giants for Bobby Thomson, since the Dodgers may not want to carry Jackie's \$40,000 salary in 1954 . . . that the announcements out of Milwaukee and Pittsburgh, although not naming players they want, may mean a trade in the near future. Milwaukee general manager, John Quinn, declared that his club is ready to give up some of its pitchers for a top outfielder and a front-line infielder, now that Phil Paine and Chet Nichols will be available by service discharge. Branch Rickey of the Pirates is quoted in The Sporting News as saying: "I don't want to trade O'Connell . . . but if we see a chance to get two or three players who will help, I would trade anyone. The interest seems to be with Murry Dickson, Frank Thomas and Hal Rice."

SHORT STUFF

Recently The Sporting News picked up an item from Dan Parker's column in the New York Daily Mirror stating: "Yogi Berra wore out five caps during the past season, which should take care of those kroavneys who persist in saying the Yankee catcher doesn't use his head." This prompted Glenn Gostic of Minneapolis, a reader of the national baseball weekly, to ask the definition of "kroavney." Not knowing the definition, Oscar Ruhl of The Sporting News consulted Dr. Parker and Dan reported: "Kroavney is a half between a schlimeel and a paskudnyak and should be pronounced with an umlaut." . . . "In plain words," Dan added, "it is a wisecrack meaning 'wise-guy'."

Dick Burnett, owner of the Dallas club, who is constantly traveling through Texas in the interest of his oil projects, reports to The Sporting News as having seen the following sign in a Texas restaurant: "Our steaks are so tender we don't understand how the cows stood up."

Did you know that Vince DiMaggio holds two major league records: Most strikeouts, season (134), and most times, four strikeouts, game (5).

Did you know the Cordele team of the Georgia-Florida League made only one home run in 1952? The club was second in team hitting and third in total bases.

Did you know the New York Giants hit five home runs in an inning in a game with Cincinnati, June 6, 1939?

Did you know the Boston National League club had three pitchers in 1890 who won over 20 games each—Nichols, 27; Clarkson, 26; Getzein, 24—but finished in fifth place?

FIVE FROM MIDWEST ON THE SPORTING NEWS STAR TEAM; LATTNER TOP PLAYER

Dominated by five Midwestern stars and featuring a sophomore sensation for the first time since 1947, the 1953 edition of The Sporting News All-America rates as one of the best balanced and strongest aggregations selected since the advent of the two-platoon system during World War II days.

"This time we really feel like we're picking All-Americans," commented many of the more than 150 leading grid writers, sportscasters and collegiate publicity chiefs as they participated in the annual poll conducted by The Sporting News. The return to one-platoon football helped outstanding players win the attention they deserved, but it did not make choosing any easier. There seemed to be an overabundance of top backs and crack linemen with a total of 350 players nominated.

Johnny Lattner of Notre Dame, who was an old-fashioned 60-minute football player even under the two-platoon system, rose to even greater heights on offense and defense this season to gain recognition as the Outstanding Player of the Year in the annual award by The Sporting News.

The Sporting News All-America:

First Team		
Name	Pos.	School
Don Dohoney	E	Michigan State
Carlton Massey	E	Texas
Art Hunter	T	Notre Dame
Stan Jones	T	Maryland
J. D. Roberts	G	Oklahoma
Crawford Mims	G	Mississippi
Larry Morris	C	Georgia Tech
John Lattner	B	Notre Dame
Paul Giel	B	Minnesota
Paul Cameron	B	U.C.L.A.
J. C. Caroline	B	Illinois

Second Team: Ends: Don Penza, Notre Dame and John Carson, Georgia; Tackles: Ed Meadows, Duke and Jack Shanafelt, Pennsylvania; Guards: Steve Eisenhauer, Navy and Norm Manoogian, Stanford; Center: Matt Hazeltine, California; Backs: Alan Ameche, Wisconsin; Bernie Faloney, Maryland; Bob Garrett, Stanford and Leroy Bolden, Michigan State.

Credit for Rock Grid Success Goes to Coach "Charley" Ketterer

To the surprise of many sports fans in this community, the Plymouth high school football team came back after losing its first two games to win the rest and tie for the 6-B Suburban League title. Much of the credit for the showing made by this inexperienced team must go to their congenial head coach, Charles Ketterer, who worked daily with these "green" boys to mold them into a smooth-working, formidable outfit.

Coach Ketterer has had unusually good success while at Plymouth with an overall record of 17 wins, 6 losses and one tie. In his second year he guided the 1952 squad to an undefeated season while winning the league title and a high ranking in state circles, and then this year his charges tied with Trenton for the prize.

Charley graduated from Detroit Northwestern high school where he played football, baseball and basketball in winning eight sports letters during the 1938-41 period. In the fall of 1941 he entered the University of Michigan and spent two years there before joining the Marine Corps in 1943. In 1945 he was commissioned a second lieutenant and spent six months overseas.

After his discharge in 1946, Charles again entered the University of Michigan and was graduated with the class of 1948. At Ann Arbor he participated in basketball, baseball and 150-pound football winning four letters.

Upon graduation he accepted his first coaching assignment at nearby Northville in the fall of 1948. After a one-year tenure there, he returned to Michigan to complete his education by earning a master's degree. During this last year in college he was assistant coach at Ann Arbor high school, and also assisted in the 1950 spring football practice under Coach Bennie Oosterbaan.

That fall he went to River Rouge as football coach replacing the able "Buck" Weaver, who had won 80 per cent of all games played for the previous 25 years. In his first season Ketterer won 5, lost 3 and tied one. The following year he came to Plymouth.

Coach Charles Ketterer

PLY-MAIL PHOTO

Coach Ketterer says, "we have a fine group of boys and coaches here at Plymouth, and without their support our progress would have been impossible. I am looking forward to our growing school program and hope we are as fortunate in the future as we have been in the past." He likes Plymouth and thinks the community is a splendid place in which to live, and that the fans in this area are tops. Ketterer also coaches frosh basketball and junior varsity baseball.

In 1949 he married Patsy Wagner of Harbor Springs and they have two daughters, Kathy, 2, and Carrie, 3 months. They reside at 325 South Harvey street.

In the off-season, Coach Ketterer spends his summers at Harbor Springs, where he works in the meat market and fine foods store owned by his father-in-law, Stanley Wager. Charley says that their meat and gourmet products are noted throughout northern Michigan. He also plays on the local baseball team at Harbor Springs.

His hobby is keeping a team scrapbook, which is up-to-date and complete.

Sport Glances

by "Professor" Edgar Brown

You fans who have been waiting for the basketball season to open will get a chance to do so tomorrow night, and will see a good opening game in the Plymouth-Northville contest if you journey to the new gymnasium at the high school. There will be two games, the first between the junior varsities of the two schools, will begin at 7 p.m., with the varsity struggle coming immediately after.

These two teams also provide plenty of action and excitement for the cage fans, and this year will be no exception. I'll stand by the locals and pick them to win even though they lost two close ones to the Mustangs last year.

The football banquet at the Smith school last week was a huge success. The players and their dads really had a feed, and they must have been really stuffed if they had another the next day on Thanksgiving. Al Wister, as master of ceremonies, did a marvelous job. Bill Perigo, the basketball mentor at Michigan, gave an inspiring talk, and the boys introduced each other with a quip or two.

The highlight of the evening was the announcing of the new captain and the most-valuable player of the season. Gary Gothard was voted by his mates as the most outstanding player of the 1953 team. The new captain will be Lee Juve, a bone-crushing junior fullback. Lee will carry on the tradition of the able Plymouth captains of the past, and will have a veteran team to work with next year.

Michigan State goes to the Rose Bowl! Way back last September I said that they would, but I think they were sort of lucky after those last few close wins over inferior opponents. What really settled the issue in

Al Williams Wins College Letter

Al Williams, son of Mr. and Mrs. Albert Williams, of 15133 Northville road was among the 27 members of the Alma college football team that were awarded their 1953 letters by Coach Lloyd Eaton recently.

Al played the position of tackle on the team. He is a freshman at the college. The Scots carried seven victories, and dropped only two for a successful season.

The other evening Miss Y., a maiden lady of uncertain years, suspecting the cook was entertaining her beau downstairs, called Martha and inquired whether she did not hear someone talking to her.

"Oh, no, ma'am," cried the quick witted Martha; "it was only me singing a psalm."

"Very good," replied Miss Y. significantly; "you may amuse yourself with psalms, but let's have no hims."

Hens Eating Up YOUR PROFITS?

Feed Economical **NEW Larro SURE LAY** (Formerly Larro Egg Mash)

You may think you're saving money by buying a cheap feed. But you're probably really losing potential profits. A better feed that produces just one extra egg per bird every month is worth \$1.12 more per bag. A Leghorn hen eats about 40 lbs. of Larro SureLay a year, so 50 hens will eat about a ton. An extra egg each month from 50 hens is 600 eggs or 50 dozen eggs each year. Fifty dozen eggs at 45 cents a dozen is \$22.50 EXTRA PROFIT for each ton of Larro SureLay fed. Just one EXTRA EGG from each bird every month makes LARRO SureLay worth \$22.50 more per ton or \$1.12 more per bag. And you'll probably find that your hens will produce an extra 2, 3 or even more eggs each month when you feed them LARRO SureLay.

Don't Throw Away Dollars to Save Pennies on Egg Mash. Feed New Larro SureLay

SAXTON FARM SUPPLY
587 W. Ann Arbor Trl. Phone 174

Sportsmen know how hard it is to see game birds or deer in the woods. Their "protective coloring" blends almost perfectly with the background. Unfortunately a pedestrian wearing a grey suit and walking on grey pavement at night in the rain is almost as hard to see. His "camouflage" doesn't turn out to be "protective coloring." It may well result in his being killed in a traffic accident.

Don't rely on pedestrians staying on the highway shoulder off the pavement. That mud puddle looks much less attractive than the smooth blacktop. Smart drivers slow down at night—especially in the rain—and keep in the extreme left of their lane while watching for pedestrians. Smart pedestrians wear white at night.

Chips from the ROCK

Not unlike Henry Ford, Daisy's Edward C. Hough has kept notes on his various activities filed in his desk for some 50 years. During a house cleaning over the Thanksgiving weekend he brought back many memories of days of old as he glanced through his treasured notes, some of which we herewith present.

In 1901 as a member of the village council he lists the following problems to be discussed at the next meeting: Take action on the problem of cattle in the streets, discuss the possibility of having a cement walk in front of the town hall, suggest the village be given authority re sidewalks, discuss numbering houses and propose the building of a crossing at the railroad track at Farmer street.

The ways and means committee of the council revealed the following assessments for the village in the following years: 1900 the assessment was \$638.470, in 1901 it was \$774.541 and in 1902 it rose to \$845.951. These figures prove quite interesting when compared to the city's assessment of \$13,766,540 this year.

The council's steering committee made the following appropriations in 1901: For lighting \$600, for crosswalks \$350, for cement walks \$200, for street work \$400.00 and for travel \$50.00. The water works was allotted \$2,000 and the total tax rate was 6 1/2 mills.

His notes show that in 1903 he had rented Potter's old harness shop as follows: \$96.00 per year to George Richwine for his harness store, the back of the building to the telephone company for \$144.00 per year and the upstairs of the building to H. A. Bradley for \$84.00 per year or a total income for the building of \$324.00 per year. The building is the one now occupied by Luigi's shoe repair on Penniman avenue near the Penn theatre and recently purchased by the First Federal Savings and Loan.

During the year of 1904 Mr. Hough was a member of the Board of Education and his notes record the fact that the board submitted a proposal to enlarge the old school building, since burned down, three times to village taxpayers before they finally gave approval. The first vote was taken January 5th and 132 votes went to the polls to defeat the issue 84 to 48. Quite different from the \$1,350,000 appropriation some 1257 voters gave to the district in March of 1949.

In his 1906 diary early in December he recorded the start of his Christmas list and the top two items were a doll and rocking chair for daughter Athalie and a rattle and rubber ball for son Cass.

While president of the school board in 1907 he listed the teachers in the school and their salaries for the year. Miss Cole the kindergarten teacher received \$400.00. Miss Childs the first grade teacher received \$450.00 while the other grade teachers received \$400.00 except the seventh grade teacher Miss Thompson and she received \$500.00. High school teachers Miss Williams and Miss Hanford received \$500.00 while another Miss Cole received \$600.00. Music teacher Miss Hall was paid \$250.00 and superintendent I. N. Isbell the sum of \$1,200.00.

His notes also show he was a member of the draft board in 1917 and 1918 along with Dr. R. E. Cooper of Plymouth and Clem Yerkes of Northville. On November 11th, 1918 he writes ... Armistice News ... Biggest day in history.

Mrs. Wayne Smith to Head Local Tuberculosis Christmas Seal Drive

Volunteer chairmen for the 47th annual Christmas Seal drive in Plymouth and Livonia have been named by the Tuberculosis and Health Society, Richard L. Lea, executive director, has announced.

Mrs. Wayne Smith, 8830 Rock-

er, will have charge of the Plymouth area, and Mrs. V. George Chabut, 18585 Sheldon Road, will head the Northville area.

Both will be assisted by other volunteers in setting up booths and distribution of Seal Sale posters. Mrs. Chabut will have Mrs. Claude A. Cruse, 43180 West Nine Mile Road to assist with school campaigns, and Mrs. W. L. Howard, 47787 West Eight Mile Road, to head the William Maybury Sanatorium drive.

The Christmas Seal Sale is the sole support of the work of the TB and Health Society in the prevention of tuberculosis through adult and child health education programs, vocational retraining of TB patients in Herman Kiefer Hospital and Maybury Sanatorium, medical research, employment counselling, and casefinding through chest X-ray.

Last year 15 new cases of TB were found in Northville and 43 new cases in Plymouth. A chest X-ray survey is being held in Plymouth beginning January 5.

Michigan Mirror

INTERPRETING THE NEWS

What can you expect of the next session of the legislature? Answers for that question are appearing with increasing tempo and can be expected to do so until the session convenes Jan. 13, 1954.

A brief session was predicted for a time—but no longer. Talk about a 30-day meeting is dead. Too many controversial issues are already apparent.

Rep. Wade Van Valkenburg, Speaker of the House, who should have a good idea about the situation, doesn't predict the number of days. But he does venture the opinion that it will last longer than three months.

Upwards of 130 bills are already submitted. Some of them will demand much argument, hence much time. Others are what might be considered routine; offered year after year by legislators who want to make a political impression back home. The proposals fall by the wayside each session, only to be resurrected another time.

No new tax bills are expected. But finance will get a complete workout. The "Conlin" bill, a proposal to change present sales tax diversion law, is one of the most important issues to be submitted, says the Speaker of the House. Under present methods the legislature appropriates sales tax money from the previous year for year following. This two year lag could easily cause serious trouble. Economic conditions can change a great deal in two years. Needs of one period might bear no relationship to the money available from two years previously.

All this is changed under Rep. Conlin's plan. Money would then be divided on a current basis. Every three months the sales tax pie would be cut.

Unemployment insurance will be considered with an eye for change. During the last session the governor vetoed a bill which increased payment periods from a 20 week to a 26 week and which reduced insurance rates in firms having few claims. He wanted the amount of the weekly check increased.

This proved somewhat embarrassing for Gov. Williams. The extensive Kaiser shutdowns and the GM Livonia fire threw thousands out of work soon after his veto. This prevented these people from receiving longer benefits.

Speaker Van Valkenburg expects that new proposals may increase weekly benefits from \$27 to \$30 and make other changes. "One increase will lead to another," predicts House leader. "If unemployment is upped," he says, "workman's compensation provisions will also be increased." There is a basic feeling that financial returns from these two programs should maintain a fixed relationship.

Bonus for Korean veterans may offer a band-wagon bill for legislators. The question was raised last session but died for lack of support of organized veteran groups. Sides to the question boil down to: we paid World War II veterans, thereby setting a precedent. And conversely: it looks like we'll be having veterans from now on. A continual bonus program is too gigantic a proposition economically and of no benefit, even to the veteran himself, in the long run.

Capital punishment proposals in cases of kidnap and murder are already in the hopper. Recent crimes are expected to spur support for this law. But arguments that death sentences do not deter criminals (as in the Greenlease case) will also be heard.

A state speed limit is ready to be introduced. Suggested tops are 65 miles per hour during the day; 55 at night. Another safety matter is the question of compulsory automobile insurance for all drivers. Private companies, which may surprise many, oppose this proposal strongly. They are said to be busy working up a plan which has a similar effect. Insurance people shy away from most compulsory insurance plans from the long range fear that a government could take over the entire program at a future date.

Many opinions will be heard when the legislature settles down to the serious business of appropriations. About \$50 million is requested for capital outlay, most of which is needed for expansion of educational facilities. MSC and U of M both need libraries; Western State in Kalamazoo and Michigan State Normal in Ypsilanti both need new gyms. Both of the latter may finance field houses by self liquidating bond issues.

There is a serious need for prison and hospital expenditures.

"Work can start in this session much sooner than last year," says Wade Van Valkenburg. He points out that the group is already organized; committees are ready to start; bills have been printed.

When the legislators gather on Jan. 13, their work is waiting for them. They write their own records by the arguments they present and the laws they pass.

O blest retirement! friend to life's decline. Retreat from care, that never must be mine. How blest is she who crowns in shades like these. A youth of labor with an age of ease. Who quits a world where strong temptations try. And since 'tis hard to combat, learns to fly. —Goldsmith

ROGER BABSON SAYS:

BABSON DISCUSSES OUR HEALTH AND PROSPERITY

Babson Park, Massachusetts, December 3. I have an idea that has been chasing me around lately and I want to share it with you. I am beginning to wonder what effect our national mental health may have on the business cycle and continued prosperity. YOUR EMOTIONS AND MINE.

Human nature tells us that our emotions influence our behavior in more situations than we would like to admit. Psychologists point out, for example, that after the successful salesman has tried all his appeals to our logic, and failed, he burrows away at our emotions. More often than not we succumb to the emotional appeal. Certainly, if we have ever had the opportunity to attend a town meeting we know that the emotional appeal of some individual will override all the logic. Every national political election has been won by emotional upheaval rather than by common sense. Probably it was Eisenhower's appeal to mothers, sisters, wives, and sweethearts, relative to Korea, which won his election.

If, then it is true that emotion plays such an important part in our individual lives, and our political scene, is it not just as possible that how we feel about business conditions may actually affect the conditions themselves? We surely know that confidence is a very important factor in banking, manufacturing, and buying.

FERTILE AREA FOR STUDY

Businessmen are impatient with sociologists, anthropologists, and psychologists because their experiments take so long to complete, and are so costly. If, however, some practical-minded social scientists would team up with a group of open-minded businessmen to study the effect of our national mental health upon the business cycle and prosperity, I forecast great discoveries would follow.

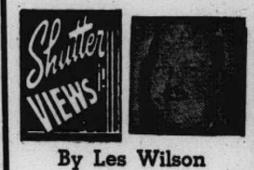

The longer I have worked on the problem of forecasting, the more I have wondered if there is not some unknown spiritual and mental factor that affects other economic prognostications. At the turn of the century, Harvard's famed Doctor Cannon said that 50% of the patients who came into his office for medical care had nothing wrong with them physically. Their ills were psychosomatic, that is, mental and emotional. If we will add to these the huge numbers who are partially psychosomatic but who never visit a doctor, we must con-

clude that millions are ill because they think they are ill, and millions are poor or discouraged because they think they are. EMOTIONS AND ECONOMICS We all know what a positive effect such forces as religion and psychiatry have had in building entirely new successful and happy personalities. We know from studies made by industry itself, that the cause of many costly strikes is not economic. Rather, they are emotional in origin. More important than wages is a desire for recognition, security, and individual attention. Business depressions may be considerably affected by emotional upsets.

I wonder what might happen at this point in the business cycle if business and people continued to feel confident and optimistic, irrespective of what the bankers forecast. While most economists forecast a business decline in 1953, employment has hit an all-time high thus far. Production, wages, and earnings are now higher for 1953 than for 1952. The dollar has been stabilized; costs of certain basic needs like food, autos, and clothing have ceased to climb. Inflation has been halted. We have tremendous market potential in the form of our ripening crop of war babies. Satisfying these wants and demands could conceivably absorb the products of expanded plant facilities for some time to come. I just wonder if we are not now placing the cart before the horse in thinking only of money, employment, and sales as criteria for prosperity. It may be that our spiritual and mental health affects business conditions,—I don't know.

A pretty little girl of three years was in a drug store with her mother. Being attracted by something in the showcase, she asked what it was. The clerk replied: "That is a scent bag." "How cheap!" replied the little girl. "I'll take two!"

Sorrow is an evil with many feet.

By Les Wilson

If you have a reputation with your friends as a pretty handy party with a camera, the day may come when you're called on to shoot a series of wedding pictures. Your equipment will likely be of secondary importance; the big thing is to plan your schedule and then go about the job of picture-taking as unobtrusively as possible.

An interview with the prospective bride and groom will tell you when and where the nuptial knot-tying takes place; reception plans, if any and the coverage desired. It is prudent, also, to determine how the minister feels about picture-taking. Generally speaking, it is best to use natural light in the church—particularly during the actual ceremony.

Give A CAMERA This Christmas!

Basic shots at the reception, the bouquet-tossing and the cake-cutting ceremony can be prepared for in advance. Work carefully and quietly, and we now pronounce you a successful taker of wedding pictures ... and you and your camera can live happily ever after if you come to THE PHOTOGRAPHIC CENTER for supplies. Our world-famous brands can be depended upon for shooting a once-in-a-lifetime occasion ... so, before you GO to that wedding, COME to "YOUR KODAK DEALER!"

Livonia Gardeners Hear Talk on Decorations

"Christmas Decorations - A Family Project," will be the subject of an informal talk by Mrs. Albert Allmayer at the meeting of the Livonia Home Gardeners' club at 8 p.m. on Wednesday, December 9, at the Bentley high school, located at Hubbard and Five Mile road.

This promises to be a most interesting meeting at which Mrs. Allmayer, in her fascinating style, will give many ideas for the coming holiday season. Refreshments will be served and visitors are cordially invited.

"Prior Claim" To Be Shown At Local Church

A queer little fellow who sports a multi-colored wardrobe, a built-in lasso tongue and ball-turret eyes stars in a new science film just released, proving that nature had it first. He is a cham-eleon, and you will meet him in the Moody Institute of Science film, "Prior Claim," which will be shown at Calvary Baptist church, 496 West Ann Arbor trail, Plymouth, December 13, at 7:30 p.m.

With refreshing originality and persistent curiosity the camera also ferrets out such intriguing facts of nature as the elephant seal which suffers from stomach ulcers, a snake equipped with its own "sniper-scope" or thermal receptors, a diving spider which makes its own diving bell, a bird which flies like a helicopter.

"Prior Claim" points up such quaint and fascinating natural phenomena. But it is being discovered that many of nature's devices operate on the same principle as the great electronic advances of our time. Thus even in the inventions and developments which characterize this modern age, man does not have the prior claim. Wherever he may delve he finds that God was there first—He created it!

"Prior Claim," which runs about 50 minutes, is in full color and is accompanied by intelligent commentary. It is the sixth in the "Sermons from Science" series of gospel-science films produced by Dr. Irwin A. Moon of the Moody Institute of Science, Los Angeles, a branch of Moody Bible Institute, Chicago. These films, with sound tracks in 14 languages, are shown all over the world.

House hunting? Read the classified ad section for where to find a house or apartment.

Girl Scout News

On Monday, November 23, members of Troop 5 held both an investiture service and a birthday party for Miss Euline McCorkel. "Corky," who is a polio patient at University Hospital, has been adopted by Troop 5. As a birthday gift she was given a badge sash, Scouting insignia and handbook.

Mrs. J. R. Witwer presented the Girl Scout pin to Corky. Mrs. Witwer's daughter, Mary Ann, is a former polio patient and was a member of Troop 5 several years ago when she was active in Scouting.

Other guests at the meeting were Mrs. O'Jack, a volunteer worker at the University of Michigan hospital and Mrs. J. Rusling Cutler, representative from the Plymouth Woman's club which sponsors the troop. Refreshments which included a birthday cake for the new member were served by the girls.

Sanding and varnishing of wheel chairs lap-boards for the out-county chapter of the Crippled Children's Society directed by Mrs. Herma Taylor is the current service project of Troop 5.

Members of the Troop Committee met at the home of leaders Mrs. Henry D. Jensen on Tuesday, December 1. Present were Mrs. J. R. Witwer and Mrs. William Congdon, co-leaders with Mrs. Jensen as well as members Mrs. Lester Reddeman, Mrs. Pieter Schipper, Mrs. J. R. Cutler, Mrs. Cy Owens and Mrs. Harold Shirley. Plans were made for troop activities for the coming months.

Brownie Troop 20 held an investiture service for 17 new members on November 23. Mrs. Stanley Wilt and Mrs. Jack Taylor are the leaders.

Scouts of Troop 14 with their leaders Miss Louise Spence and Mrs. Carl Wall were happy to enter into the spirit of Thanksgiving by filling a basket with a complete dinner for a deserving family. A committee from the troop delivered it following the regular meeting.

Brownie Troop 18 had a ceremony to welcome four new Brownies. They are: Pauline Pomroy, Susan Larkin, Ann Tillotson and Karen McGeehen. The "old" Brownies received their flowers for one year's service. Mrs. Thomas Adams and Mrs. William Edgar are the leaders.

Mrs. Mary Strassen, the school nurse, visited Troop 1 last Monday to help the members with work on the Good Grooming badge. On Saturday, Mrs. Harold Yakley took four members to Wayne to spend some time with their shut-in friend, Iris Cody. The girls who went were: Kathy Yakley, Sharon Matts, Georgette Graham and Christine Baker.

The Scouts cooperated with their sponsoring organization the VFW auxiliary, in providing a basket of food for a needy family as a Thanksgiving service project.

When she hit him with a golf ball, did it knock him senseless? I guess so. I understand that they are soon to marry.

And occasionally a man throws off trouble by putting on a bold front.

Salvation Army Hangs Out Familiar Red Kettles to Solicit Funds for the Work With Underprivileged Persons

Mistletoe, Christmas trees and holly herald the holiday season, and almost as familiar and traditional are the bright red Christmas kettles of The Salvation Army. As they swing from their tripods on busy street corners, being filled by American Christmas spirit and generosity, they take on special significance this

week which has been proclaimed as National Salvation Army Week. But, if nearly everyone knows the little, red kettles, attended by bell-ringing, singing Salvationists, few people know how the custom began. Senior Major H. J. Nicholls of Plymouth said today, the tradition has a color-

ful origin, and the kettle has been used with but little change in its size or shape for 50 years. The idea was born in 1894 in northern California during a time of extreme depression. Major Nicholls relates. With shipping at a standstill, many seaman and longshoremen were out of work and in dire need. Captain Joseph

McFee, a Salvation Army officer in San Francisco, had been granted permission to set up a soup kitchen and shelter for them, providing that he would assume sole responsibility for financing it. Obtaining funds for the project was a big problem for Captain McFee until one day, walking along the waterfront, he spied

a huge cauldron suspended on a crane in a ship chandler's shop. Why not, he thought, place a soup kettle in a centrally located spot so that people could feed the hungry sailors by dropping coins into the very cooking utensil itself? Placing the kettle at the foot of Market street, and using the slogan "Keep the pot boiling,"

Captain McFee found that the public was both responsive and generous. The idea quickly spread to other locations, and today the Christmas kettles are standard pre-holiday equipment for the Salvation Army. Public contributions to the kettle make it possible for The Army to bring the

spirit of Christmas to those who otherwise would be denied the warmth and friendliness of the season. To those far from home, to the aged and friendless, to underprivileged children, to the sick and patients in veterans' hospitals, to inmates of jails, and prisons, to be remembered at Christmas spells the difference

between happiness and misery. We know that the kind and generous people of Plymouth and vicinity will again respond, as they have done in the past, to this worthy appeal. Your contributions can be dropped in the kettle or mailed to The Salvation Army 290 Fairground.

Nation Salutes Religious Organization With Designation of Salvation Army Week November 29 to December 6

America salutes one of its highly respected religious and charitable organizations on National Salvation Army Week, November 29 through December 6. Seventy-four years ago this great force for spiritual and social good had its beginnings in America when Lieutenant Eliza Shirley came from London's East End slums and conducted the first Salvation Army meeting in Philadelphia. Its vigorous preaching of the Gospel was readily accepted by men and women who sought a proper understanding of their relationship to God. Soon New York, Boston, Baltimore, St. Louis and San Francisco felt the spiritual, moral and physical reformation as corps were established in those cities. In 1886 President Grover Cleveland gave The Salvation Army his official and personal endorsement - and every President since has done the same. As a permanent power in the religious and social life of our country The Salvation Army accomplishes its missions in many ways: dissemination of Christian truth by street and indoor meetings; visitation among the poor, needy and sick; establishment of social service centers; maternity homes and hospitals; workingmen's hotels; nurseries; employment bureaus; Red Shield youth clubs, and in many other ways. There are few American servicemen from World War I, who do not recall with gratitude the work of the "lassies" and the men officers of The Salvation Army. In all theatres of military activity they brought refreshment, kindness, cheer and comfort to the fighting men. What they had to give they gave freely. Just so, in the civilian world, does The Salvation Army give to those in need, without reference to creed or color. No set of statistics can encompass this story of service to deserted families, to underprivileged mothers and children, to alcoholics, to men in prison, to the sick and the aged, to unwed mothers, to all of those who, in the credo of The Salvation Army worker, "many be down, but may never be out." Many years ago when he was nearing his life's end, General William Booth, founder of The Salvation Army, was asked for a statement in which he would re-emphasize the primary objective of the organization. He gave his response in a cable to Salvation Army leaders all around the world. His message consisted of one word: "Others!" The observance of National Salvation Army Week in this country is America's way of saying, "A Job Well Done!"

The Hospital Drive

As the drive for funds for St. Mary's Hospital approaches the end of its first phase, that of memorial gifts, many of its hard-working volunteers are due a special pat on the back for the efforts they have made in this part of the campaign.

They have proven that they sincerely desire a hospital in this area and their work has set a pattern for the rest of the people concerned as the house-to-house campaign gets underway in the future. The fact that nearly \$200,000 has been pledged for memorials such as rooms, etc., has been gratifying to all concerned but there still remains a staggering sum to be raised if this fifth effort is to succeed.

Every industry in the area has been visited by volunteer representatives of the fund raising group as have the many business firms in the five communities banded together in this one great effort. Some business firms have made gifts but for some reason or another, though a considerable number have indicated their willingness to participate, they are holding back their decision as if waiting to hear what others have done.

Delays of this nature can stagnate an entire campaign. The volunteer, who is giving so freely of his time, must make 10 times the number of calls he originally expected. He loses confidence in himself and the people he is contacting. His patience is exhausted and his efforts go unrewarded and in the end the several communities will forego the services of a major hospital in the area.

If ever there was a time when cooperation and action was necessary to bring about the completion of a campaign to build an institution of service, that time is now. All memorial gifts should be made before December 10 so that the next phase of the campaign can be readied.

A hospital memorial is an incomparable way to preserve the memory of someone dear to you, and at the same time enable you to lead the way for others in this community. Why not act today? See the page telling the hospital story elsewhere in this issue.

Buying in Plymouth

There are many reasons why it is advantageous to "buy at home" or to buy in Plymouth during the busy shopping weeks ahead. As we are all well aware, almost any kind of merchandise that one desires can be found on the shelves of our local stores. In cases where particular items are desired if they are not immediately available almost any local shop keeper will make every effort to secure the same for you.

Plymouth is fortunate in having a particularly high type of merchant in its various stores and they are aware of the keen competition offered by stores in our nearby competitive shopping centers such as Detroit and Ann Arbor. They are price conscious and quality conscious and their merchandise is available at the lowest possible selling cost for the quality it represents.

It is easy to do business with a Plymouth merchant in case of an exchange after the holiday. He knows you are his neighbor and he will bend every effort to keep you coming back to his store.

Shopping in Plymouth is inexpensive and even though we need more parking areas parking is much more accessible here than in Detroit. There is no driving around crowded streets for an hour or so trying to get in a parking lot and then spending two or three dollars for parking fees while you buy your Christmas gifts. Then, after a busy day fighting the crowds, there is no hours drive home through crowded, rushing traffic which is as difficult as shopping itself.

Then for more practical reasons as to why you should shop at home one should not forget that the dollar that is deposited in a local cash register goes a long way in making the home town a better place to live. Through taxes it helps build our schools and it helps the city maintain our public facilities and it might even go to help pay the salary of your neighbor who lives just around the corner and supports his family by working in that store. Certainly those dollars that go into the tills of Detroit stores never find their way back to you.

As the holiday spirit becomes more evident, and each of us is motivated by its fast approach, it might be well to consider the numerous advantages of spending our money at home and buying our Christmas necessities from the shelves of our own local merchants.

Plymouth's New Zoning Ordinance: Effective Dec. 15, 1953

ORDINANCE NO. 182

TITLE

AN ORDINANCE TO PROVIDE FOR THE ESTABLISHMENT OF DISTRICTS OR ZONES WITHIN WHICH THE USE OF LAND AND STRUCTURES, THE HEIGHT, THE AREA, THE SIZE AND LOCATION OF BUILDINGS MAY BE REGULATED, AND TO ESTABLISH REGULATIONS WITHIN THESE DISTRICTS FOR THE LIGHT AND VENTILATION OF SUCH BUILDINGS AND TO REGULATE THE DENSITY OF POPULATION WITHIN THESE DISTRICTS OR ZONES; TO PROVIDE A METHOD OF ADMINISTRATION AND TO PRESCRIBE PENALTIES FOR THE VIOLATION OF ITS PROVISIONS.

THE CITY OF PLYMOUTH ORDAINS:

**ARTICLE I
DEFINITIONS**

For the purpose of this Ordinance certain terms and words are herewith defined as follows:

Words used in the present tense include the future; words in the singular include the plural number and words in the plural number include the singular number; the word "building" includes the word "structure"; the word "shall" is mandatory and not directory.

Section 1.01 ALLEY. A public thoroughfare for the purpose of this Ordinance less than thirty (30) feet wide.

Section 1.02 ALTERATION. Any change, addition or modification in construction or grade of occupancy; any change in the structural members of a building, such as bearing walls or partitions, columns, beams or girders, or any substantial change in the roof or in the exterior walls.

Section 1.03 APARTMENT HOUSE. An Apartment house is a dwelling for three or more families, living independently of each other and doing their cooking upon the premises.

An EFFICIENCY APARTMENT is a one (1) story building with all living units on the ground floor level and each living unit having its own outside entrance.

Section 1.04 BASEMENT. That portion of a building which is wholly or partly below the average grade of the ground level adjoining the building is a basement when the height from the grade up to the first floor tier of floor beams or joists is less than the height from the grade level down to the floor; provided, however, that if the height from the grade level to the first tier of floor beams or joists is five (5) feet or more, such basement shall be considered a story.

Section 1.05 BLOCK. A block shall include the property having frontage on one side of a street and lying between the two nearest intersecting or intersecting streets, or nearest intersecting or intersecting street and railroad right-of-way.

Section 1.06 BUILDING. A structure having a roof supported by columns or walls for the shelter, support or enclosure of persons, animals or chattels; and when separated by division walls from the ground up, and without openings, each portion of such building shall be deemed a separate building, except as provided in Article XII.

Section 1.07 BUILDING LINE. The front line of the building or legally established line which determines the location of the building with respect to the street line.

Section 1.08 CLINIC. A clinic, for the purpose of this Ordinance is a public or proprietary institution providing diagnostic, therapeutic or preventive treatment of ambulatory patients by a group of doctors acting conjointly and in the same building for the purposes aforesaid.

Section 1.09 COURT. A court is an open unoccupied space other than a yard, a court not extending to the street or front or rear yard is an inner court; a court extending to the street or front or rear yard is an outer court.

Section 1.10 DWELLING. A dwelling is any house or building or portion thereof which is occupied wholly as the home, residence or sleeping place of one or more human beings, either permanently or transiently. In case of mixed occupancy, where a building is occupied in part as a dwelling, the part so occupied shall be deemed a dwelling for the purpose of this Ordinance and shall comply with the provisions thereof relative to dwellings. (Garage space, whether in an attached or detached garage, shall not be deemed part of a dwelling.)

Section 1.11 DWELLING OR RESIDENCE - ONE FAMILY. A dwelling occupied by but one (1) family, and so designed and arranged to provide cooking and kitchen accommodations for one (1) family only.

Section 1.12 DWELLING - TWO FAMILY INCOME. A two family income dwelling is a private dwelling, one and one-half (1½) stories or more in height, having one heating plant, and the appearance of a single dwelling, but containing separate living apartment for two (2) families only, each of which shall have two (2) means of egress.

Section 1.13 DWELLING - TWO FAMILY. A dwelling occupied by but two (2) families, and so designed and arranged as to provide cooking and kitchen accommodations for two (2) families only, and each of which shall have two (2) means of egress.

Section 1.14 DWELLING - MULTIPLE. A building used or intended to be used as a dwelling by three (3) or more families or as an apartment house or hotel, and each floor having two (2) means of egress, exclusive of an elevator.

Section 1.15 ESSENTIAL SERVICES. The phrase "essential services" means the erection, construction, alteration, or maintenance by public utilities or municipal departments or commissions, of underground or overhead gas, electrical, steam, or water transmission or distribution systems, collection, communication, supply or disposal systems, including towers, poles, wires, mains, drains, sewers, pipes, conduits, cable, fire alarm boxes, police call boxes, traffic signals, hydrants, and other similar equipment, and accessories in connection therewith, but not including buildings, reasonably necessary for the furnishing of adequate service by such public utilities or municipal departments or commissions or for the public health or safety or general welfare.

Section 1.16 FAMILY. A family, for the purpose of this Ordinance, shall be considered to constitute a man and wife or a father or a mother and their children by natural birth or adoption and the parents of either or both and may also include two (2) additional persons who occupy rooms for which compensation may or may not be paid. Provided any group of persons not so related but inhabiting a single housekeeping unit shall be considered to constitute one family for each five persons, exclusive of domestic employees contained in each group.

Section 1.17 FLOOR AREA. Floor area shall be the area within the exterior walls of the main structure at the ground floor level, not including garages or enclosed or un-enclosed porches, and not including attached utility or accessory rooms having three or more exterior sides.

Section 1.18 GARAGE - COMMUNITY. A community garage is a space or structure or series of structures for the storage of motor vehicles having no public shop or service therewith, for the use of two or more owners or occupants of property in the vicinity.

Section 1.19 GARAGE - PRIVATE. A private garage is a space or structure for the storage of motor vehicles, having no public shop or services in connection therewith, for the use solely of the owner occupant of the principal building on a lot, or of his family or domestic employees.

Section 1.20 GARAGE - PUBLIC. A public garage is a space or structure, other than a private or a community garage, for the storage, care, repair or refinishing of motor vehicles.

Section 1.21 GASOLINE FILLING STATION. A gasoline filling station is a space, structure, or building or part of a building for the retail sale or supply of motor fuels, lubricants, air, water, and other customary facilities for the installation of such commodities in or on such motor vehicles, but not including special facilities for the painting, repair or similar servicing thereof.

Section 1.22 HAZARDOUS USES. All uses which involve the storage, sale, manufacture or processing of materials which are likely to burn with moderate rapidity and with considerable volume of smoke, but from which neither poisonous fumes nor explosions are to be anticipated in the event of fire including bags—cloth, burlap and paper, bamboo and rattan, baskets, belting—canvas and leather, books and paper in rolls or packs, boots and shoes, buttons, including cloth-covered, pearl or bone, cardboard and cardboard boxes, clothing—woolen wearing apparel, cordage, dry cleaning establishments using or storing less than three (3) gallons of volatile flammables with a flash point lower than one hundred (100) degrees F. or less than sixty (60) gallons with a flash point between one hundred (100) and one hundred forty (140) degrees F., food products, furniture, furs, gloves—other than leather, glue, mucilage, paste and size, horn and combs, other than celluloid, leather—including enameling or japanning, linoleum, livestock shelters, packing houses, oil selling stations, public airplane hangers, public garage, silk, soap, sugar, tobacco, cigars, cigarettes and snuff and wax candles,

and/or such materials as are listed under Table 2 of the Basic Building Code of the Building Officials Conference of America.

Section 1.23 HEIGHT OF BUILDING. The vertical distance from the ground level adjoining the building to the highest point on the roof surface in the case of a flat roof, to the deck line for mansard roofs, to the mean height level between eaves and ridge for gable, hip and gambrel roofs.

Section 1.24 HOME OCCUPATIONS. Home occupations shall include, in general, personal services as the professions of a doctor, dentist, osteopath, chiropractor, chiropodist, optometrist, architect, artist, engineer, lawyer, accountant and the occupation of a dress-maker, beautician and barber, such profession or occupation shall be carried on by but one (1) member of a family residing in the residence with not more than one (1) outside employee, and with only one (1) non-illuminated name plate which is not more than two (2) square feet in area which may be attached to the building.

Section 1.25 HOSPITAL. A building, structure or institution in which sick or injured persons are given medical or surgical treatment and operating under license by the Health Department of the State of Michigan.

Section 1.26 HOTEL. A building occupied as a more or less

temporary abiding place of individuals who are lodged with or without meals, and rooms are occupied solely for hire, in which provision is not made for cooking on any individual plan and in which there are more than twenty (20) sleeping rooms, a public dining room for the accommodation of at least forty (40) guests and a general kitchen.

Section 1.27 KENNEL. Any lot or premises on which three (3) or more dogs are kept, either permanently or temporarily boarded.

Section 1.28 LOT. A lot is a piece of land occupied or to be occupied by a building and its accessory building, or by any other activity permitted thereon and including the open spaces required under this Ordinance. A lot may or may not be a lot of existing record.

Section 1.29 CORNER LOT. A corner lot is a lot of which at least two adjacent sides abut for their full length upon a street.

Section 1.30 INTERIOR LOT. A lot other than a corner lot.

Section 1.31 FRONT LOT LINE. In the case of a lot abutting upon one street, the front lot line is the line separating such lot from such street. In case of any other lot, one such line shall be elected to be the front lot line for the purpose of this Ordinance, provided it is so designated in the building plans filed for approval with the

Building Inspector. Where new street lines are established by Ordinance on the Master Thoroughfare Plan of the City of Plymouth, such lines shall be the front lot line.

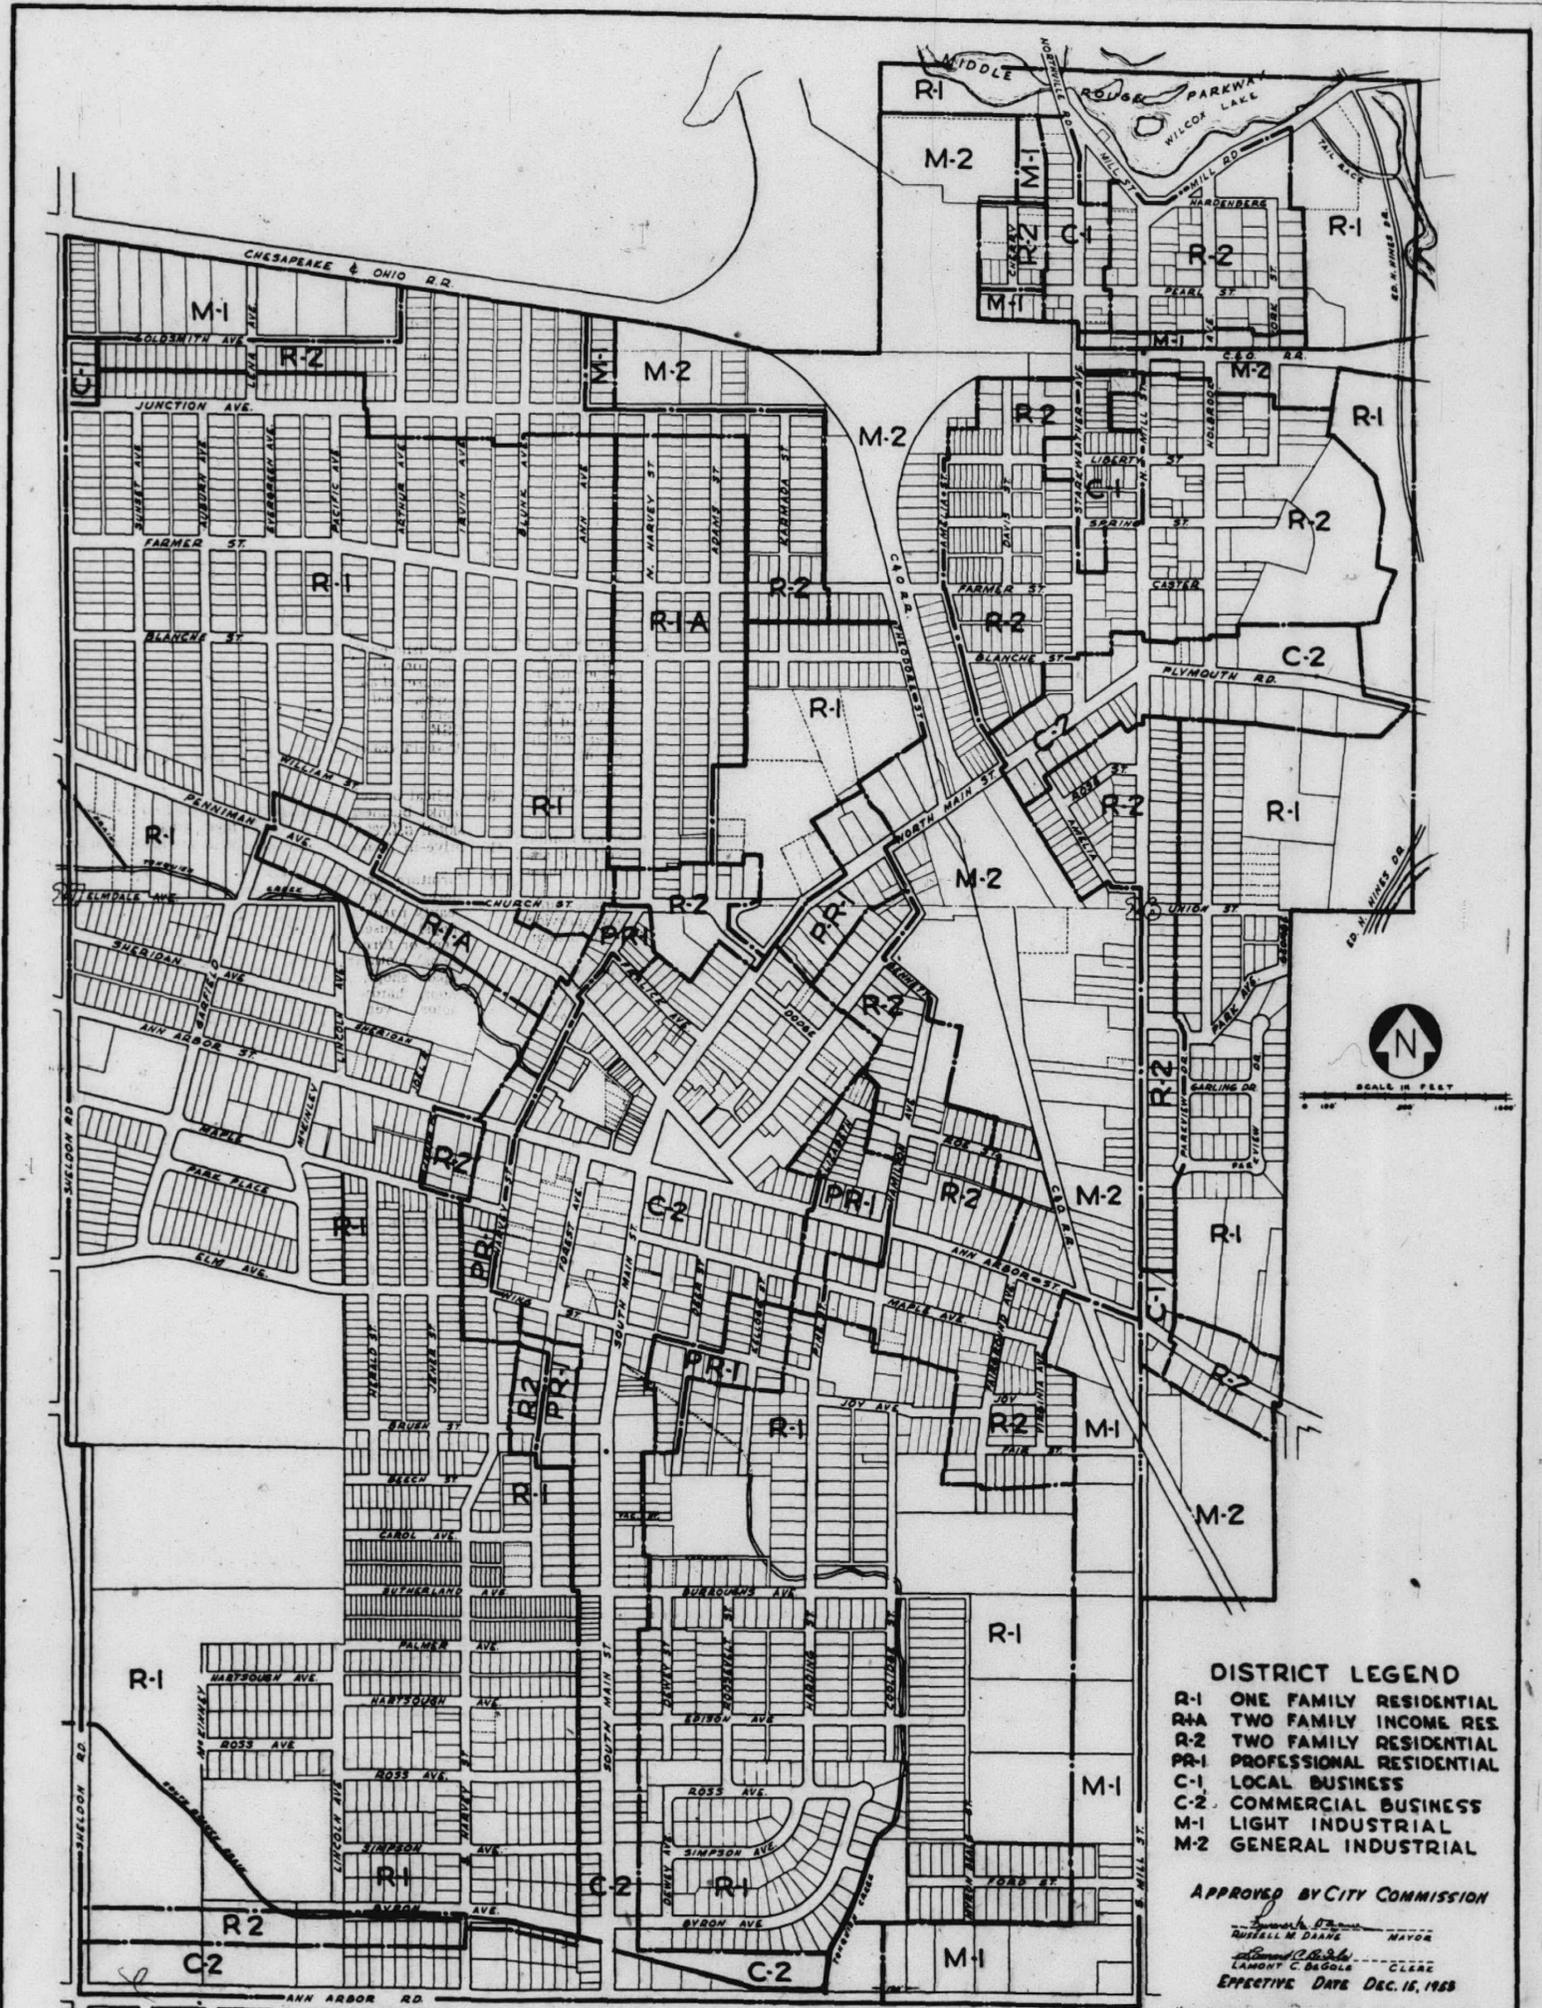

Section 1.32 REAR LOT LINE. The rear lot line is that boundary which is opposite and most distant from the front lot line. In the case of a lot pointed at the rear, the rear lot line shall be that assumed line parallel to the front lot line, not less than ten (10) feet long, lying most distant from the front lot line and wholly within the lot.

Section 1.33 SIDE LOT LINE. A side lot line is any lot boundary line not a front lot line or a rear lot line. A side lot line separating a lot from a street is a side street lot line. A side lot line separating a lot from another lot or lots is an interior lot line.

Section 1.34 MOTEL OR MOTOR COURT. A building or a group of buildings in which overnight lodging is provided and offered to the public for compensation and catering primarily to the public traveling by motor vehicle.

Section 1.35 OCCUPANCY LOAD. The number of individuals normally occupying the building or part thereof, or for which the existing facilities have been designed.

CITY PLANNING COMMISSION

PLANNING & CONSULTANTS

1953 KALIS BLDG. DETROIT

PLANNING & CONSULTANTS

1953 KALIS BLDG. DETROIT

Section 1.36 PARKING SPACE. An area of not less than one hundred eighty (180) square feet, exclusive of drives or aisles giving access thereto, accessible from streets or alleys or from private driveways or aisles leading to streets or alleys, and to be usable for the storage or parking of self-propelled vehicles.

Section 1.37 PUBLIC UTILITY. Any person, firm, corporation, municipal department or Board, duly authorized to furnish and furnishing under municipal regulation, to the public, electricity, gas, steam, telephone, telegraph, transportation, or water.

Section 1.38 SIGN. For the purpose of this Ordinance a sign shall include a closed sign, display sign (but not including billboards and poster panels or outdoor advertising signs) ground signs, marquee sign, open sign, roof sign, wall sign and projecting sign as defined in the Building Code of the City of Plymouth.

Section 1.39 SIGN, TEMPORARY. A display sign, banner or other advertising device constructed of cloth, canvas, fabric, or other light temporary material, with or without a structural frame, intended for a limited period of display; including among these, decorative displays for holiday or public demonstration.

Section 1.40. SOUND LEVEL. Sound level, in decibels, is defined as the reading of a sound-level meter which conforms to the latest standards of the American Standards Association, for Sound-Level Meters.

The decibel reading shall be based on the 70 DB weighting network and shall be the average of five (5) readings taken at intervals approximately five (5) feet apart, at a height of five (5) feet above the established grade.

Section 1.41 STORY. That portion of a building included between the surface of any floor and the surface of the floor next above, or if there should be no floor above, then the space between such floor and the ceiling next above.

A basement may be considered a story if its ceiling is over five (5) feet above the average established grade, or if it is used for business purposes by other than a janitor or domestic servants in the same building.

Section 1.42 HALF STORY. A half story is an uppermost story lying under a sloping roof, the usable floor area of which does not exceed seventy-five (75%) percent of the floor area of the story immediately below it and which is not less in area than is required for a bedroom under statutes and ordinances applicable thereto.

Section 1.43 STREET. A public thoroughfare, for the purpose of this Ordinance, thirty (30) feet or more in width.

Section 1.44 TOURIST HOME. A tourist home shall be construed to mean any dwelling occupied in such a manner that certain rooms in excess of those used by members of the family, as hereinbefore provided, and occupied as a home or family unit, are rented without cooking facilities to the public for compensation and catering primarily to the public traveling by motor vehicle.

Section 1.45 USE. The purpose for which land or buildings thereon are designed, arranged or intended to be occupied or used, or for which they are occupied or maintained.

Section 1.46 USE-ACCESSORY. A use normally incidental to and subordinate to the principal use of the premises.

Section 1.47 USE NON-CONFORMING. A building or premises occupied by a use that does not conform with the regulations of the use district in which it is situated.

Section 1.48 YARD. An open space at grade line between a building and the adjoining lot lines, unoccupied and unobstructed from the ground upward, except for the certain architectural features specified in Section 3.09. Yard measurements shall be the minimum horizontal distance between a lot line and the nearest line of the main building.

Section 1.49 YARD, FRONT. A yard extending across the full width of the lot, between the front lot line and the nearest line of the main building.

Section 1.50 YARD, REAR. An open, unoccupied space (excluding accessory buildings) on the same lot with a building between the rear line of the building and the rear line of the lot, for the full width of the lot.

Section 1.51 YARD, SIDE. An open, unoccupied space on the same lot with a building, extending for the full length of the side of the building between the building and the side lot line.

ARTICLE II

DISTRICT REGULATIONS

Section 2.01 In order to regulate the use of land; to regulate and restrict the location of trades and industries and the location of buildings or structures erected or altered for specified uses; to regulate and limit the height and bulk and size of buildings hereafter erected or altered; to regulate and determine the area of yards, courts and other open spaces surrounding buildings hereafter placed or altered; and to regulate the density of population, The City of Plymouth is hereby divided into the followings "districts", of which there shall be eight (8) known as:

- 1. R-1 Districts—One Family Residential Districts.
2. R-1-A Districts—Two Family Income Residential Districts
3. R-2 Districts—Two Family Residential Districts.
4. PR-1 Districts—Professional Residential Districts.
5. C-1 Districts—Local Business Districts
6. C-2 Districts—Commercial Districts
7. M-1 Districts—Light Industrial Districts
8. M-2 Districts—General Industrial Districts.

Section 2.02 The boundaries of such districts are shown upon the map attached hereto and made a part of this Ordinance, being designated as the Zoning Map of the City of Plymouth, and said map and all the notations, references and other information shown thereon shall be as much a part of this Ordinance as if the matters and information set forth by said map were fully described hereinafter. Provided, however, where uncertainty exists with respect to the boundaries, the rules as set forth in Section 3.11 of this Ordinance shall apply.

Section 2.03 The Zoning Map of the City of Plymouth, as revised by the map attached hereto and made a part of this Ordinance, shall become the official Zoning Map of the City of Plymouth.

Section 2.04 SIZE OF DWELLINGS. No one-family dwelling shall hereafter be erected or altered having a ground floor area of less than six hundred seventy-two (672) square feet if one (1) or one and one-half (1 1/2) stories in height, or five hundred and twenty-five (525) square feet if two (2) stories in height, and the aggregate livable floor area of a two (2) story dwelling shall be not less than one thousand and fifty (1050) square feet. The ground floor area of any dwelling shall not include the area of breezeways, unenclosed porches or attached garages.

No building used as a two family duplex dwelling or a single family terrace dwelling, shall hereafter be erected or altered having a floor area of less than six hundred seventy-two (672) square feet for each dwelling unit.

No two family income dwelling shall hereafter, be erected or altered having a floor area of less than six hundred seventy-two (672) square feet for the ground floor living unit; and not less than four hundred eighty (480) square feet for the second floor living unit, with a maximum occupancy load of three (3) persons and an additional one hundred (100) square feet of floor space for each additional inhabitant.

No building used as a multiple dwelling or as an apartment house or as an efficiency apartment, hereafter erected or altered, shall provide less than four hundred eighty (480) square feet of floor space for a single housekeeping unit with a maximum occupancy load of three (3) persons and a required one hundred (100) square feet of floor space for each additional inhabitant.

ARTICLE III

GENERAL PROVISIONS

Section 3.01 Except as hereinafter provided, no building, structure or land, or part thereof, shall be used, altered, constructed or reconstructed except in conformity with the provisions of this Ordinance which apply to the district in which it is located.

Section 3.02 NON-CONFORMING USES. The lawful use of a building existing at the time of the adoption of this Ordinance may be continued, although such use does not conform with the provisions hereof, and such use may be extended throughout the building, provided no structural alterations or changes are made therein, except those required by law or Ordinance or such as may be required for safety, or such as may be necessary to secure or insure the continued advantageous use of the building during its natural life or the erection of its full height as originally planned of a building with foundations and structural members designed to carry a higher building.

Failure to continue to use any land, building or structure, or part thereof, for a use which is a non-conforming use under this Ordinance, for a period of one (1) year or more shall be held to be conclusive proof of an intention to legally abandon any such non-conforming use, unless a good and sufficient reason shall be shown for such failure and such reasons approved by the Zoning Board of Appeals.

Whenever a non-conforming use of a building has been changed to a more restricted use or to a conforming use, such use shall not hereafter be changed to a less restricted use.

Except as hereafter provided, no building shall be erected or altered to exceed in height the limit herein established for the district in which such building is located. Provided further that no building shall be erected, nor shall an existing building be altered, enlarged or rebuilt nor shall any open spaces surrounding any building be encroached upon or reduced in any manner,

except in conformity with the regulations hereby established for the district in which such building is located.

No portion of a lot used in complying with the provisions of this Ordinance for yards, courts, lot area per family or percentage of lot occupancy, in connection with an existing or projected building or structure, shall again be used as part of the lot required in connection with any other building or structure existing or intended to exist at the same time.

Section 3.03 ESSENTIAL SERVICES. Essential services shall be permitted as authorized and regulated by law and other ordinances of the City of Plymouth, it being the intention hereof to exempt such essential services from the application of this Ordinance.

Section 3.04 OFF STREET LOADING AND UNLOADING. On the same premises with every building, structure, or part thereof, erected and occupied for manufacturing, storage, warehouse goods, display, department store, wholesale store, market, hotels, hospital, mortuary, laundry, dry cleaning, or other uses similarly involving the receipt or distribution of vehicles or materials or merchandise, there shall be provided and maintained on the lot adequate space for standing, loading and unloading services adjacent to the opening used for loading and unloading in order to avoid undue interferences with public use of the streets or alleys.

Such loading and unloading space, unless otherwise adequately provided for, shall be an area ten (10) feet by forty (40) feet with a fourteen (14) foot height clearance and shall be provided according to the following table:

Table with 2 columns: Gross Floor Area Square Feet and Loading and Unloading Spaces. Rows include 0 to 3,000 (None required), 3,000 to 23,000 (1), 23,000 to 43,000 (2), 43,000 to 63,000 (3), 63,000 to 83,000 (4), and each additional 20,000 (1 additional).

Section 3.05 GRADE. A grade from the sidewalk level at the front lot line to the front of the foundation of the house and from the rear wall of the foundation of the house to the rear lot line shall be established and maintained and such grade line shall conform to the adjacent properties as near as possible. The height from the grade line to the first floor level shall not exceed three (3) feet. Grades shall be approved by the Building Inspector or the City Engineer.

Section 3.06 FRONT AND REAR YARD USES. No part of any required yard, except a rear yard, shall be used for any detached garage or for any accessory building, or for the storage of vehicles. Any portion of a lot in front of the front building line shall be used for ornamental purposes only and nothing shall be placed thereon except trees, shrubs, fences or items of similar nature, and for a distance of twenty (20) feet back from the intersection of two (2) streets along either street line, no fence, structure or growth more than three (3) feet high above the curb level shall be permitted.

Section 3.07 REMOVAL OF SOIL, SAND OR OTHER MATERIAL. The use of land for the removal of topsoil, sand, gravel or other material from the land is not permitted in any district except under a Temporary permit from the Board of Appeals, which may be issued in appropriate cases upon the filing of an application therefor showing to the satisfaction of said Board, that such removal will not cause stagnant water to collect or leave the surface of the land at the expiration of such permit in an unstable condition or unfit for the growing of a turf which can be mowed, or for any other land uses permitted in the district in which such removal occurs.

Section 3.08 REAR YARD MEASUREMENTS. Wherever there is a public alley at the rear of a lot upon which the lot abuts for its full width, measurements of any abutting rear yard, required under this Ordinance, unless otherwise provided for, may be made to the centerline of such alley.

Section 3.09 YARD ENCROACHMENTS. Outside stairways, fire escapes, fire towers, porches, platforms, balconies, boiler flues and other projections shall be considered as part of the yards or courts or unoccupied spaces; provided, however, that this provision shall not apply to one (1) fireplace or one (1) chimney projecting not more than twelve (12) inches into side yard space, and not more than eight (8) feet in length, nor to platforms, terraces or steps below the first floor level, or to unenclosed porches or other ground level projections not over one (1) story in height which may extend into a front or rear yard not more than twelve (12) feet or into a side yard not more than eight (8) feet, but not nearer than three (3) feet from a side or rear boundary, nor to cornices not exceeding sixteen (16) inches in width including the gutters.

Section 3.10 ACCESSORY BUILDINGS. (a) An accessory building attached to the principal building on a lot shall be made structurally a part thereof, and shall comply in all respects with the requirements of this Ordinance applicable to the principal building.

(b) An accessory building and a private garage, unless attached to the principal building on a lot as above provided, shall not be nearer than twelve (12) feet from the principal building.

(c) Detached accessory buildings and garages shall not exceed one (1) story or fifteen (15) feet in height and shall not occupy more than thirty (30%) percent of the area of any rear yard, and shall not be nearer than three (3) feet from any lot line, except that where the rear yard of a lot abuts upon a side street, such accessory building shall not be nearer to any street line than six (6) feet.

Section 3.11 BOUNDARIES OF DISTRICTS. Unless otherwise shown, the district boundaries are street lines, alley lines or the subdividing or boundary lines of recorded plats, or the extension thereof and where the districts designated on the map accompanying and made a part of this Ordinance are approximately bounded by street lines, alley lines, or the subdividing or boundary lines of recorded plats, such lines or the extension thereof shall be considered to be the district boundaries.

Section 3.12 BILLBOARDS PROHIBITED. The use of land for the erection of billboards or poster panels or out-door advertising signs shall not be permitted in any district; provided, this shall not prohibit signs, billboards, poster boards or out-door advertising signs in a permitted district under conditions specified in this ordinance.

Billboards, poster panels or out-door advertising signs erected prior to the effective date of this Ordinance may be continued as a non-conforming use; provided, however, that the same shall not be modified, changed, enlarged or removed to new locations and, if the use thereof for posting or advertising shall be discontinued for a period of one (1) year or more, such non-use shall be deemed conclusive proof of an intention to legally abandon such non-conforming use.

Section 3.13 OFF-STREET PARKING REQUIREMENTS. In all zoning districts, off-street parking facilities for the storage of parking of self-propelled motor vehicles for the use of occupants, employees, and patrons of the buildings hereafter erected, altered or extended after the effective date of this Ordinance, shall be provided and maintained as herein prescribed.

(a) Loading space, as required in Section 3.04, shall not be construed as supplying off-street parking space.

(b) When units or measurements, determining the number of required parking spaces, result in requirement of a fractional space, any fraction up to and including one-half (1/2) shall be disregarded, and fractions over one-half (1/2) shall require one parking space.

(c) Whenever a use requiring off-street parking is increased in floor area, and such use is located in a building existing on or before the effective date of this Ordinance, additional parking space for the additional floor area shall be provided and maintained in amounts hereafter specified for that use.

Provided, however, in the central business district, where the city and the various property owners have cooperatively developed parking facilities, and additional parking space as required for the increased floor space is not available within the required three hundred (300) feet as required in the second paragraph of (c) below, the City Planning Commission may through negotiations with the owner of such property, vary the location of such required parking spaces or agree to the owners participation in other authorized parking facilities which will furnish the same amount of space as required for his increased floor space.

(d) For the purpose of this Ordinance, "Floor Area" in the case of offices, merchandising or service types of uses, shall mean the gross floor area used or intended to be used for services to the public as customers, patrons, clients or patients, or as tenants, including areas occupied for fixtures and equipment used for display or sale of merchandise.

(e) Off-street parking facilities for one and two family dwellings shall be located on the same lot or plot of ground as the building they are intended to serve.

The location of required off-street parking facilities for other than one and two family dwellings shall be within three hundred (300) feet of the building they are intended to serve, measured from the nearest point of the off-street parking facilities and the nearest point of the building.

(f) Where a use is not specifically mentioned herein, off-street parking facilities required shall be the same as those required for a use mentioned herein which is most similar or analogous to such unspecified uses.

(g) Nothing in this section shall be construed to prevent the collective provision of off-street parking facilities for two or more buildings or uses; provided, such facilities shall not be less than the sum of the requirements for the various individual uses computed separately in accordance with the following table.

(h) The minimum amount of required off-street parking space for new uses or buildings, additions thereto, and additions to existing buildings as specified above shall be determined in accordance with the following table, set forth in this section and the space, so required, shall be stated in the application for a building permit and shall be irrevocably reserved for such use.

REQUIRED PARKING SPACE

- (1) One and two family dwellings or mixed occupancy. One (1) parking space for each dwelling unit.
(2) Multiple dwellings or apartment houses and efficiency apartments. One (1) parking space for each dwelling unit.

- (3) Tourist homes or motels. One (1) parking space for each guest or sleeping room or suite in a tourist home or motel, plus two additional spaces for the manager and/or service personnel.
(4) Hospital, sanitoriums, convalescent homes and homes for the aged or similar uses. One (1) parking space for each four (4) beds, plus one (1) space for each staff or visiting doctor, plus one (1) space for each four (4) employees including nurses.

- (5) Orphanage or similar use. One (1) parking space for each ten (10) beds.
(6) Hotels. One (1) parking space for each three (3) guest rooms, plus one (1) additional space for each five (5) employees.

- (7) Private clubs, fraternities, boarding and lodging houses. One (1) parking space for each two (2) guest bedrooms, plus two (2) additional spaces for owner or management.
(8) Community centers, libraries, museums, post offices, civic clubs, etc. Provide about each building an improved area other than the front yard which shall be sufficient in size to provide adequate facilities for parking and as approved by the City Planning Commission.

- (9) Theaters and auditoriums (other than incidental to schools). One (1) parking space for each four (4) seats, plus additional spaces equal in number to fifty (50) percent of the number of employees of the theater.

- (10) Churches, auditoriums incidental to schools. One (1) parking space for each four (4) seats in the main assembly unit.

- (11) Schools. One (1) parking space for each two (2) employees (including teachers and administrators) plus sufficient off-street space for the safe and convenient loading and unloading of students.

- (12) Dance halls, pool and billiard rooms, assembly halls and exhibition halls without fixed seats. One (1) parking space for each one hundred (100) square feet of floor area used for dancing or assembly.

- (13) Stadiums and sports arenas. One (1) parking space for each four (4) seats.

- (14) Bowling alleys. Five (5) parking spaces for each alley.

- (15) Mortuaries or funeral homes. One (1) parking space for each fifty (50) square feet of floor space in the slumber rooms, parlors or individual funeral service rooms.

- (16) Establishments for sale and consumption on the premises of alcoholic beverages, food or refreshments. One (1) parking space for each one hundred (100) square feet of floor area, plus one (1) parking space for each four (4) employees.

REQUIRED PARKING SPACE

- (17) Drive-in restaurants. One (1) parking space for each fifteen (15) square feet of floor space.

- (18) Medical or dental clinics, banks, business or professional offices. One (1) parking space for each two hundred (200) square feet of floor area.

- (19) Drive-in banks. Four (4) parking spaces for each teller window.

- (20) Furniture and appliance stores (not including beauty parlor and barber shops) household equipment or furniture repair shops, clothing or shoe repair shops, or service shops, hardware stores, motor vehicle sales, wholesale stores and machinery sales. One (1) parking space for each eight hundred (800) square feet of floor space.

- (21) Beauty Parlors and barber shops. Two (2) parking spaces for each barber and/or beauty shop chair.

- (22) All retail stores, except as otherwise specified herein. One (1) parking space for each one hundred and fifty (150) square feet of floor space.

- (23) Industrial establishments, including manufacturing, research and testing laboratories, creameries, bottling works, printing and engraving shops, warehouses and storage buildings. Provide about each industrial building, buildings or use, an improved area, other than the front yard, which shall be sufficient in size to provide adequate facilities for the parking of automobiles and other motor vehicles used by the firm or employees or persons doing business therein, such space shall not be less than one (1) parking space for each four (4) employees computed on the basis of the greatest number of persons to be employed at any one period during the day or night.

(i) The City Commission in consultation with the City Planning Commission, shall make studies of various areas in the City of Plymouth for the purpose of determining areas within which there is need for the establishment of off-street parking facilities to be provided by the City of Plymouth. This study and report shall include recommendations on the site, location and other pertinent features of the proposed off-street parking facilities and the area they should be intended to serve.

Section 3.14 OFF-STREET PARKING FACILITIES. In all districts where off-street parking facilities are a permitted use as an adjunct to business and such facilities provide a service to the patrons or customers patronizing such businesses, such off-street parking lots shall be established and maintained subject to the following regulations:

- (1) Adequate ingress and egress shall be provided in accordance with a plan submitted in triplicate to and approved by the City Engineer.

- (2) Such parking lots shall be hard surfaced with concrete or plant-mixed bituminous material and maintained in a usable dustproof condition, and shall be graded and drained to dispose of surface water.

- (3) When such parking lot boundary adjoins property zoned for residential use, a four (4) foot chain link fence or a solid masonry wall not less than two (2) feet nor more than four (4) feet in height shall be erected or maintained thereon.

- (4) All street boundaries of such parking lots where residential property is located on the opposite side of the street, shall be treated the same as set forth in Paragraph (3) above, except such portions as are used for entrances and exits.

- (5) Necessary curbs or other protection against damage to adjoining properties, street and sidewalks shall be provided and maintained.

- (6) No sign shall be erected upon such parking lots, except not more than one (1) sign at each entrance to indicate the operator, the purpose for which operated, and the parking rates. Such signs shall not exceed fifteen (15) square feet in area, shall not extend more than ten (10) feet in height above the nearest curb, and shall be entirely upon the parking lots.

- (7) Plans for the development of any such parking lot must be approved by the City Engineer before construction is started. No such land shall be used for parking until approved by the building inspector.

Section 3.15 PERFORMANCE REQUIREMENTS FOR ALL USES. Uses in all districts of the City shall comply with the following standards of performance.

- (a) Air Contaminants. 1. Air Contaminants less dark in shade than that designated as No. 2 on the Ringelmann Chart, as published by the United States Bureau of Mines is permitted

except that No. 2 is permitted for one (1) four (4) minute period in each one-half (1/2) hour.

2. Air Contaminants of such an opacity as to obscure an observer's view to a degree equal to or greater than described in 1. above, shall not be permitted except that smoke in the range of white or cream may be expected by this rule.

3. Particulate Matter, or dust, as measured at and by any generally accepted manner shall not be emitted in excess of 3/10 grains per cubic foot, as corrected to a temperature of 500° F., except for one period of four (4) minutes in any one-half (1/2) hours, then it can equal but not exceed 6/10 grains per cubic foot as corrected to a temperature of 500° F.

(Particulate Matter is material which is suspended in or discharged into the atmosphere in finely divided form as a liquid or solid at atmospheric temperature and pressure.)

(Dusts are minute solid particles released into the air by natural forces or by mechanical processes such as crushing, grinding, bagging, sweeping, etc.)

(b) Odor. The emission of odors which are generally agreed to be obnoxious to any considerable number of persons, at their place of residence, shall be prohibited.

(c) Gases. The following gases, SO2 and H2S shall not exceed .5 p.p.m.; CO shall not exceed 25 p.p.m.; nitrous fumes shall not exceed 5 p.p.m. All measurements shall be taken at the place of residence.

Provided, however, there shall not be discharged from any source whatsoever, such quantities of air contaminants or other material which cause injury, detriment, nuisance or annoyance to any considerable number of persons or to the public or which endanger the comfort, repose, health or safety of any such persons or the public or which cause or have a natural tendency to cause injury or damage to business or property.

(d) Sewage Wastes. No waste shall be discharged in the public sewer system which is dangerous to the public health and safety. These standards shall apply at the point wastes are discharged into the public sewer.

Acidity or alkalinity shall be neutralized within an average PH range of between 5.5 to 7.5 as a daily average on the volumetric basis, with a temporary variation of PH 4.0 to 10.0.

Wastes shall contain no cyanides, and no chlorinated solvents shall be in excess of .1 p.p.m. No florides shall be in excess of 10 p.p.m. Wastes shall contain not more than 10 p.p.m. of hydrogen sulphide, sulphur dioxide and nitrous oxide gases.

Wastes shall not contain any insoluble substance in excess of 10,000 p.p.m. or exceed a daily average of 500 p.p.m. or fail to pass a No. 8 Standard Sieve or have a dimension greater than 1/2 inch.

Wastes shall not have a chlorine demand greater than 15 p.p.m.

Wastes shall not contain phenols in excess of .05 p.p.m. Wastes shall not contain any grease or oil or any oily substance in excess of 100 p.p.m. or exceed a daily average of 25 p.p.m.

Section 3.16 ANNEXED OR VACATED AREAS. Territory which may hereafter be annexed to the City of Plymouth shall remain as zoned previous to annexation until the required amendments to this Ordinance have been adopted.

Whenever any street, alley; public way, railroad right-of-way or other similar area is vacated by proper authority, the zoning districts adjoining each side of such street, alley, public way, railroad right-of-way or similar area, shall be extended automatically to the center of such vacation and all areas included in the vacation shall then and henceforth be subject to all appropriate regulations of the extended districts.

ARTICLE IV

R-1 ONE FAMILY RESIDENTIAL DISTRICTS

Section 4.01 USE REGULATIONS. In R-1 Districts, no building, structure or premises shall be used, and no building or structure shall be hereafter erected or altered, unless otherwise provided in this Ordinance, except for one or more of the following uses.

- (a) One family dwellings.
(b) Public and parochial schools, public buildings and churches, subject to the approval of the Planning Commission.

- (c) Municipally owned and operated parks and playgrounds.

- (d) The growing of vegetables, fruit, flowers, shrubs and trees; provided, such use is not operated for commercial purposes; provided, however, that vacant land, prior to its development for residential use may be used for agricultural purposes.

- (e) Temporary buildings for use incidental to construction work, which buildings shall be removed upon the completion or abandonment of the construction work, and shall in no case be used as a dwelling.

- (f) The storage or parking or use of trucks, truck-tractors and truck-trailers, or the storage or parking or use of moving vans, automobile trailers or trailer coaches or similar dwellings, tourist cabins or tents shall not be considered a legal accessory use in a R-1 District, except that this shall not prohibit the storage of one (1) unoccupied house trailer, which is the property of the dwelling occupant, when such unoccupied house trailer is stored within the garage building, or in the rear yard.

- (g) No animals, other than house pets, shall be considered as a permitted use in a R-1 District.

- (h) Accessory buildings or uses customarily incidental to any of the above permitted uses, when located on the same or adjoining lot and not involving any business, profession, trade or occupation. One private garage for each residential lot in which there is housed motor vehicles, not more than one (1) of which can be a commercial vehicle, shall be considered a legal accessory use; provided, however, any such commercial vehicle shall not exceed one (1) ton capacity, and said commercial vehicle is owned and operated by a member of the family who resides in said living unit. In no case shall the garage space occupy more than twenty (20%) percent of the rear yard.

- (i) One (1) non-illuminated sign per lot pertaining to the sale or lease of that lot or building and not exceeding six (6) square feet in area on any one lot, shall be permitted in R-1 Districts.

Section 4.02 BUILDING HEIGHT. In R-1 Districts, no building hereafter erected or altered shall exceed thirty-five (35) feet in height or two and one-half (2 1/2) stories, except as provided in Article XII of this Ordinance.

Section 4.03 LOT AREA. In R-1 Districts, every one-family dwelling, together with its accessory buildings, hereafter erected, shall provide a lot area of not less than six thousand (6,000) square feet and said lot shall have an average width of not less than sixty (60) feet; provided, however, that this requirement shall not apply to any lot which, at the time this Ordinance becomes effective, is narrower at the street line or lesser in area than the specifications herein provided, if such lot was of record at the time of the adoption of this Ordinance.

Section 4.04 LOT COVERAGE. In R-1 Districts, every one-family dwelling, together with its accessory buildings, hereafter erected on any lot, shall not cover more than twenty-five (25%) percent of the area of such lot; provided, however, that lots less than four thousand (4,000) square feet in area, the allowable percentage of lot coverage may be increased by one (1%) percent for each one hundred twenty-five (125) square feet by which the area of a lot is less than four thousand (4,000) square feet; with a maximum coverage in any such case not in excess of forty-five (45%) percent.

Section 4.05 FRONT YARD. In R-1 Districts, every one-family dwelling shall have a front yard of not less than twenty-five (25) feet; provided, however, that where a front yard of greater or less depth than above specified exists in front of dwellings on more than fifty (50%) percent of the lots of record on one side of a street in any block, the depth of front yard for any building thereafter erected or placed on any lot in such block shall be not less, but need not be greater, than the average depth of front yards of such existing buildings.

Section 4.06 SIDE YARDS. In R-1 Districts, there shall be provided a side yard on each side of every lot, which shall be not less than six (6) feet in width and the combined width of both side yards shall not be less than twelve (12) feet; provided, that on lots less than thirty-five (35) feet in width, the required combined width of side yards may be reduced by six (6) inches for each foot or major fraction thereof by which the width of such lot is less than thirty-five (35) feet, and provided further that the minimum side yard may be three (3) feet and the combined width of both side yards shall not be less than six (6) feet.

Section 4.07 SIDE YARD NON-RESIDENTIAL USE. Every lot on which a building or structure, used for non-dwelling purposes other than an accessory building, is erected, shall have a side yard on each side of such lot, and each such yard shall be not less than fifteen (15) feet in width with an increase of one (1) foot in width for each five (5) feet of part thereof by which the said building or

structure exceeds thirty-five (35) feet in overall dimension along the side yard, and also of an additional one (1) foot for every two (2) feet in height in excess of thirty-five (35) feet.

Section 4.08 SIDE YARDS ABUTTING UPON A STREET. In R-1 Districts, the width of the side yard abutting upon a side street, shall not be less than six (6) feet.

Section 4.09 REAR YARDS. In R-1 Districts, each lot shall have a rear yard of not less than thirty-five (35) feet in depth.

Section 4.10 REAR YARDS ABUTTING SIDE LOT LINES. Where a side yard of an interior lot abuts a rear yard of a corner lot, or on an alley separating such lots, any accessory building on the corner lot shall set back from the side street as far as the dwelling on the interior lot.

Section 4.11 OFF-STREET PARKING FACILITIES. Off-street parking facilities shall be provided as hereinbefore specified in Section 3.13 of this Ordinance.

ARTICLE V

R-1-A TWO FAMILY INCOME RESIDENTIAL DISTRICTS

Section 5.01 USE REGULATIONS. In R-1-A Districts, no building, structure, or premises shall be used and no building or structure shall be hereafter erected or altered, unless otherwise provided in this Ordinance, except for one or more of the following uses:

- (a) All uses permitted in R-1 Districts.
- (b) Two family income dwellings.

Section 5.02 BUILDING HEIGHT. In R-1-A Districts, no building hereafter erected or altered shall exceed thirty-five (35) feet in height or two and one-half (2½) stories, except as approved in Article XII of this Ordinance.

Section 5.03 LOT AREA. In R-1-A Districts, every dwelling, together with its accessory buildings, hereafter erected, shall provide a lot area of not less than six thousand (6,000) square feet, and said lot shall have an average width of not less than sixty (60) feet; provided, however, that this requirement shall not apply to any lot, which at the time this Ordinance becomes effective, is narrower at the street line or lesser in area than the specifications herein provided, if such lot was of record at the time of the adoption of this Ordinance.

Section 5.04 LOT COVERAGE. In R-1-A Districts, every dwelling, together with its accessory buildings, hereafter erected on any lot, shall not cover more than twenty-five (25%) percent of the area of such lot; provided, however, that lots less than four thousand (4,000) square feet in area, the allowable percentage of lot coverage may be increased by one (1%) percent for each one hundred twenty-five (125) square feet by which the area of a lot is less than four thousand (4,000) square feet, with a maximum coverage in any such case not in excess of forty-five (45%) percent.

Section 5.05 FRONT YARD. In R-1-A Districts, every dwelling shall have a front yard of not less than twenty-five (25) feet; provided, however, that where a front yard of greater or less depth than above specified exists in front of dwellings on more than fifty (50%) percent of the lots of record on one side of a street in any block, the depth of front yard for any building thereafter erected or placed on any lot in such block, shall be not less, but need not be greater, than the average depth of front yards of such existing buildings.

Section 5.06 SIDE YARDS. In R-1-A Districts, there shall be provided a side yard on each side of every lot, which shall be not less than six (6) feet in width and the combined width of both side yards, shall not be less than twelve (12) feet; provided, that on lots less than thirty-five (35) feet in width, the required combined width of side yards may be reduced by six (6) inches for each foot or major fraction thereof by which the width of such lot is less than thirty-five (35) feet; and provided, further, that the minimum side yard may be three (3) feet, and the combined width of both side yards shall not be less than six (6) feet.

Section 5.07 SIDE YARD NON-RESIDENTIAL USE. Every lot on which a building or structure, used for non-dwelling purposes other than an accessory building, is erected, shall have a side yard on each side of such lot, and each such yard shall be not less than fifteen (15) feet in width with an increase of one (1) foot in width for each five (5) feet, or part thereof, by which the said building or structure exceeds thirty-five (35) feet in overall dimension along the side yard, and also of an additional one (1) foot for every two (2) feet in height in excess of thirty-five (35) feet.

Section 5.08 SIDE YARDS ABUTTING UPON A STREET. In R-1-A Districts, the width of the side yard abutting upon a side street, shall not be less than six (6) feet.

Section 5.09 REAR YARDS. In R-1-A Districts, each lot shall have a rear yard of not less than thirty-five (35) feet in depth.

Section 5.10 REAR YARDS ABUTTING SIDE LOT LINES. Where a side yard of an interior lot abuts a rear yard of a corner lot or on an alley separating such lots, any accessory building on the corner lot shall set back from the side street as far as the dwelling on the interior lot.

Section 5.11 OFF-STREET PARKING FACILITIES. Off-street parking facilities shall be provided as hereinbefore specified in Section 3.13 of this Ordinance.

ARTICLE VI

R-2 TWO FAMILY RESIDENTIAL DISTRICTS

Section 6.01 USE REGULATIONS. In R-2 Districts, no building, structure, or premises shall be used, and no building or structure shall be hereafter erected or altered, unless otherwise provided in this Ordinance, except for one or more of the following uses:

- (a) All uses permitted in R-1-A Districts.
- (b) Two family dwellings.
- (c) Single family terrace dwellings of not more than eight (8) housekeeping units each, when all are erected at the same time.

(d) Efficiency apartments of not more than fourteen (14) housekeeping units each, when all units are on the ground floor level and the unit and lot area arrangements are approved by the City Planning Commission.

(e) A dwelling may be used for a home occupation; provided, no goods are publicly displayed or sold on the premises, and no sign or advertisement is shown thereon, other than one (1) sign, not exceeding two (2) square feet in area, bearing the name and/or occupation (word only) of the practitioner, after approval by the City Planning Commission.

(f) Open parking lots for vehicular parking on the same lot with building, or where such space is not available on the lot occupied by a building, then on vacant property near the building, when the entire area of the parking lot is within three hundred (300) feet of a PR-1, C-1, C-2, M-1 or M-2 District. In the case of an existing non-conforming use, where parking space is not available on the lot occupied by the non-conforming building, a parking lot may be permitted, when the parking lot area is entirely within three hundred (300) feet of the non-conforming use. Such parking lots shall be approved by the City Planning Commission, after public notice and hearing, and when such use is found to be not injurious to the surrounding neighborhood and not contrary to the spirit and purpose of this Ordinance, and shall comply with facilities as specified in Section 3.14 of this Ordinance.

(g) Private garages, either separated or in connected groups, having common and unpierced dividing walls between contiguous private garages.

(h) One (1) non-illuminated sign per lot pertaining to the sale or lease of the lot or building and not exceeding six (6) square feet in area, and not more than one (1) trespassing, safety or caution sign, not over two (2) square feet in area shall be permitted on a lot.

(i) Buildings and uses, customarily incidental to the above permitted uses, shall include not more than one (1) private garage or community garage, which shall provide parking space for not more than two (2) motor vehicles per living unit, not more than one (1) of which may be a commercial vehicle, which shall not exceed one (1) ton capacity, provided, said commercial vehicle is owned and operated by a member of the family who resides in said living unit. Where the area of a lot or plot is greater than six thousand (6,000) square feet, the garage space for additional cars may be increased, but in no case, shall such space be greater than twenty-five (25%) percent of the area of the rear yard.

(j) The storage or parking of trucks, truck-tractors and truck trailers, of over one (1) ton capacity, automobile trailers, or the storage, parking, or use of moving vans, automobile trailers, trailer coaches, tourist cabins or tents, shall not be considered a legal accessory use in R-2 Districts, except that this shall not prohibit the storage of one (1) unoccupied house trailer or small utility trailer, which is the property of the dwelling occupant, when such unoccupied house trailer is stored within the garage building, or in the rear yard.

Section 6.02 BUILDING HEIGHT. In R-2 Districts, no building hereafter erected or altered, shall exceed thirty-five (35) feet in height, or two and one-half (2½) stories, except as provided in Article XII of this Ordinance.

Section 6.03 LOT AREA. In R-2 Districts, every dwelling hereafter erected shall provide a lot area of not less than three thousand (3,000) square feet per each family unit; provided, however, that any lot of record, prior to the adoption date of this Ordinance, less than six thousand (6,000) square feet, may be used for a one family dwelling.

Section 6.04 LOT COVERAGE. In R-2 Districts, no dwelling, together with its accessory building, hereafter erected on any lot shall cover more than thirty (30%) percent of the area of such lot; provided, however, that lots less than four thousand (4,000) square feet in area, used for a one family dwelling, the allowable percentage of lot coverage may be increased by one (1%) percent for each one hundred twenty-five (125) square feet by which the area of a lot is less than four thousand (4,000) square feet, with a maximum coverage, in any such case, not in excess of forty-five (45%) percent.

Section 6.05 FRONT YARD. In R-2 Districts, every dwelling shall have a front yard of not less than twenty-five (25) feet; provided, however, that where a front yard of greater or lesser depth than above specified exists in front of dwellings on more than fifty (50%) percent of the lots of record on one side of a street in any block, the depth of front yard, for any building thereafter erected or placed on any lot in such block, shall be not less, but need not be greater, than the average depth of front yards of such existing buildings.

Section 6.06 SIDE YARDS. In R-2 Districts, there shall be provided a side yard on each side of every lot, which shall be not less than five (5) feet in width and the combined width of both side yards shall not be less than twelve (12) feet; provided, that on lots less than thirty-five (35) feet in width, the required combined width of side yards may be reduced by six (6) inches for each foot, or major fraction thereof, by which the width of such lot is less than thirty-five (35) feet, and provided, further, that the minimum side yard may be three (3) feet and the combined width of both side yards shall not be less than six (6) feet. The side yard, along the common lot line between two or more adjoining lots, may be omitted when two or more dwellings are erected at the same time on such lots to form a permitted semi-detached or terrace dwelling; provided, that the remaining side yard on each of the two outer-most lots of such group, shall have a width of not less than ten (10) feet.

Where two (2) or more lots are used for the erection of an efficiency apartment in groups of eight (8) or more self-contained living units, the side yard, adjacent to a street, shall not be less than six (6) feet in width.

Section 6.07 SIDE YARD NON-RESIDENTIAL USE. Every lot on which a building or structure used for non-dwelling purposes, other than an accessory building, is erected, shall have a side yard on each side of such lot, and each such yard shall be not less than fifteen (15) feet in width, with an increase of one (1) foot in width for each five (5) feet, or part thereof, by which the said building or structure exceeds thirty-five (35) feet in overall dimension along the side yard, and also of an additional one (1) foot for every two (2) feet in height, in excess of thirty-five (35) feet.

Section 6.08 SIDE YARDS ABUTTING UPON A STREET. In R-2 Districts, the width of the side yard abutting upon a side street shall not be less than six (6) feet.

Section 6.09 REAR YARDS. In R-2 Districts, each lot shall have a rear yard of not less than thirty (30) feet in depth.

Where two (2) or more lots are used for the erection of efficiency apartments in groups of eight (8) or more self-contained living units, the rear yard of a connecting unit, when adjacent to a street, may be reduced to not less than six (6) feet when no entrance is into the rear yard.

Section 6.10 REAR YARDS ABUTTING SIDE LOT LINES. Where a side yard of an interior lot abuts a rear yard of a corner lot, or on an alley separating such lots, any accessory building on the corner lot shall set back from the side street as far as the dwelling on the interior lot.

Section 6.11 OFF-STREET PARKING FACILITIES. Off-street parking facilities shall be provided as hereinbefore specified in Section 3.13 of this Ordinance.

ARTICLE VII

PR-1 PROFESSIONAL RESIDENTIAL DISTRICT

Section 7.01 USE REGULATIONS. In the PR-1 District, no building, structure or premises shall be used and no building or structure shall be hereafter erected or altered unless otherwise provided in this Ordinance, except for one or more of the following uses:

- (a) All uses permitted in R-2 Districts.
- (b) Professional offices of a doctor, lawyer, dentist, architect or engineer, or any profession which sells professional services.
- (c) Offices where personal services are sold; such as real estate, insurance, stocks and bonds and banking facilities.
- (d) Personal services similar to barber shops and beauty parlors.
- (e) Mortuaries, clinics and hospitals (not including animal hospitals or institutions for the care of the feeble-minded or insane) when licensed by the Health Department of the State of Michigan and approved by the City Planning Commission.
- (f) Churches and private schools.
- (g) Community buildings, including educational, recreational, social, neighborhood or community centers.
- (h) Institutions of a philanthropic and charitable nature.
- (i) Home occupations.
- (j) Boarding houses, rooming houses and tourist homes.
- (k) Private clubs, fraternities and lodges, except those the chief activity of which is a service customarily carried on as a business.

(l) One or more illuminated non-flashing or non-illuminated signs not exceeding a total aggregate area of twelve (12) square feet for any one (1) building or lot, bearing the name and/or profession, (word only); the sign may be attached to the building or may be free standing, but in any case, the building or support to which the sign is attached shall be on or back of the building line, and the sign shall not project more than eighteen (18) inches beyond the building line. In case of an existing building, the sign shall not project more than eighteen (18) inches beyond the front face of the building.

One (1) non-illuminated sign, pertaining to the sale or lease of a building or lot, and not exceeding six (6) square feet in area for any one (1) building or lot. Not more than one (1) trespassing, safety or caution sign, not over two (2) square feet in area shall be permitted on a lot.

(m) Buildings and uses customarily incidental to the above permitted uses as specified under Section 6.01 (i) and (j) of this Ordinance.

(n) No use shall be permitted which involves the selling of any article or product other than a service.

Section 7.02 BUILDING HEIGHT. In PR-1 Districts, no building hereafter erected or altered shall exceed thirty-five (35) feet in height, or two and one-half (2½) stories, except as provided in Article XII of this Ordinance.

Section 7.03 LOT AREA. In PR-1 Districts, every dwelling hereafter erected shall provide a lot area of not less than three thousand (3,000) square feet per each family unit; no minimum lot area is required for other uses permitted in the PR-1 District as long as the yard requirements and the required off-street parking are provided. Where a permitted use, other than a dwelling, is combined with a dwelling, such combined use shall provide a lot area of not less than five thousand (5,000) square feet.

Section 7.04 LOT COVERAGE. In PR-1 Districts, no dwelling, together with its accessory buildings hereafter erected on any lot, shall cover more than thirty (30%) percent of the area of such lot; provided, however, that lots less than four thousand (4,000) square feet in area used for a one family dwelling, the allowable percentage of lot coverage may be increased by one (1%) percent for each one hundred twenty-five (125) square feet by which the area of a lot is less than four thousand (4,000) square feet, with a maximum coverage, in any such case, not in excess of forty-five (45%) percent.

Section 7.05 FRONT YARD. In PR-1 Districts, every building shall have a front yard of not less than twenty-five (25) feet; provided, however, that where a front yard of greater or lesser depth than above specified exists in front of buildings on more than fifty (50%) percent of the lots of record on one side of a street in any block, the depth of front yard for any building thereafter erected or placed on any lot in such block shall not be less, but need not be greater, than the average depth of front yards of such existing buildings.

Section 7.06 SIDE YARDS. In PR-1 Districts, there shall be provided a side yard on each side of every lot, which shall be not less than five (5) feet in width, and the combined width of both side yards shall not be less than fifteen (15) feet; provided, that on lots less than thirty-five (35) feet in width, the required combined width

of side yard may be reduced by six (6) inches for each foot, or major fraction thereof, by which the width of such lot is less than thirty-five (35) feet; and provided, further, that the minimum side yard may be three (3) feet, and the combined width of both side yards shall not be less than six (6) feet. The side yard along the common lot line between two or more adjoining lots may be omitted when two or more dwellings are erected at the same time on such lots to form a permitted semi-detached or terrace dwelling; provided that the remaining side yard on each of the two outer-most lots of such group shall have a width of not less than ten (10) feet.

Where two (2) or more lots are used for the erection of an efficiency apartment in groups of eight (8) or more self-contained living units, the side yard adjacent to a street shall not be less than six (6) feet in width.

Section 7.07 SIDE YARD "SELECTED USES." Every lot on which a building or structure is erected, as a hospital, church, private school, community buildings, including educational, recreational, social neighborhood or community centers, institutions of a philanthropic and charitable nature and lodge halls, shall have a side yard on each side of such lot, and each such yard shall be not less than fifteen (15) feet in width, with an increase of one (1) foot in width for each five (5) feet, or part thereof, by which the said building or structure exceeds thirty-five (35) feet in overall dimension along the side yard, and also of an additional one (1) foot for every two (2) feet in height in excess of thirty-five (35) feet.

Section 7.08 SIDE YARDS ABUTTING UPON A STREET. In PR-1 Districts, the width of the side yard abutting upon a side street shall not be less than six (6) feet in depth.

Section 7.09 REAR YARDS. In PR-1 Districts, each lot shall have a rear yard of not less than thirty (30) feet in depth.

Where two (2) or more lots are used for the erection of efficiency apartments in groups of eight (8) or more self-contained living units, the rear yard of a connecting unit, when adjacent to a street, may be reduced to not less than six (6) feet when no entrance is into the rear yard.

Section 7.10 REAR YARDS ABUTTING SIDE LOT LINES. Where a side yard of an interior lot abuts a rear yard of a corner lot, or on an alley separating such lots, any accessory building on the corner lot shall set back from the side street as far as the dwelling on the interior lot.

Section 7.11 OFF-STREET PARKING FACILITIES. Off-street parking facilities shall be provided as hereinbefore specified in Section 3.13 of this Ordinance.

ARTICLE VIII

C-1 LOCAL BUSINESS DISTRICT

Section 8.01 USE REGULATIONS. In the C-1 Districts, no building, structure or premises shall be used, and no building or structure shall be hereafter erected or altered unless otherwise provided in this Ordinance, except for one or more of the following uses:

- (a) All uses permitted in R-2 and PR-1 Districts; provided, however, that no dwelling unit shall be permitted, in the same building, with a hazardous use.
- (b) Retail stores, business and professional offices, clinics, newspaper distributing stations, sales and show rooms, restaurants, radio and household appliance repair shops, blue print shops, greenhouses for retail sales and retail sales of nursery stock, except that the storage of lumber and other building supplies or similar materials for retail sales shall be housed within a building having four (4) side walls and roof, open storage of this or similar materials shall not be permitted.
- (c) Shops producing merchandise to be sold at retail on the premises; provided, that the services of not more than four (4) persons are required to produce such merchandise.
- (d) Personal service shops for direct service to the customers, such as barber shops, beauty shops, beauty parlors, shoe repair shops, laundry pickup and service shops, dry cleaning pickup shops, tailor shops, upholstery shops, and any similar service or use; provided, any such shop or parlor shall not employ more than four (4) persons.
- (e) Public garages, except bumping and refinishing shops, and gasoline filling stations, subject to the provisions and requirements of the Board of Appeals, Section 13.07 (m).
- (f) Parking lots.
- (g) Accessory buildings and uses customarily incidental to any of the above permitted uses. A storage garage for the storage of commercial vehicles used by a business or other permitted activity, when located on the same lot therewith, and occupying not more than twenty-five (25%) percent of the area of such lot shall be considered a legal accessory building and use in a C-1 District.

(h) One (1) or more illuminated non-flashing, or non-illuminated signs, not exceeding a total aggregate area of twelve (12) square feet for any one (1) building or lot, bearing the name and/or profession, (word only); the sign may be attached to the building, or may be free standing, but in any case, the building or support to which the sign is attached shall be on or back of the building line, and the sign shall not project more than eighteen (18) inches beyond the building line. In case of an existing building, the sign shall not project more than eighteen (18) inches beyond the front face of the building.

One (1) non-illuminated sign pertaining to the sale or lease of a building or lot, and not exceeding six (6) square feet in area for any one (1) building or lot. Temporary signs, hereinbefore defined in Section 1.39 of this Ordinance, shall be a permitted use in the C-1 Districts.

Not more than one (1) trespassing, safety or caution sign, not over two (2) square feet in area, shall be permitted on a lot.

Section 8.02 HEIGHT REGULATIONS. In the C-1 Districts, no building hereafter erected or altered, shall exceed a height of thirty-five (35) feet or two (2) stories, except as provided in Article XII of this Ordinance.

Section 8.03 FRONT YARD. In C-1 Districts, there shall be no front yard required, except that in no event shall the street wall of a building be established nearer to the street than the future street line, as established by the Master Thoroughfare Plan.

Section 8.04 SIDE YARDS ON THE STREET SIDE OF CORNER LOTS. In C-1 Districts, no side yard is required on the street side of corner lots.

Section 8.05 SIDE YARDS ON INTERIOR LOT LINES. In C-1 Districts, side yards are not required along an interior side lot line where all walls of buildings abutting upon such interior side lot line are wholly without windows or other openings, and are of fireproof construction, but if the side wall is not of fireproof construction, a side yard of not less than six (6) feet shall be provided.

Section 8.06 REAR YARDS. In C-1 Districts, no rear yard is required. Where alleys are existing, or where alley locations are established by the Master Thoroughfare Plan, the alley line, as existing or as established by the Master Thoroughfare Plan, shall be the rear property line.

Section 8.07 CORNER CLEARANCE FOR BUSINESS USE. In C-1 Districts, no business building or structure shall be erected between the property line of intersecting streets or highways, and a line joining points on such lines, six (6) feet distant from their points of intersection, or in case of a rounded corner, the point of intersection of their tangents.

Section 8.08 RESIDENCES IN C-1 DISTRICTS. For property occupied for residential use in a C-1 District, the lot area, lot coverage, yard requirements and floor space shall be the same as for R-2 RESIDENTIAL DISTRICTS.

Section 8.09 OFF-STREET PARKING FACILITIES. Off-street parking facilities shall be provided as hereinbefore specified in Section 3.13 of this Ordinance.

ARTICLE IX

C-2 COMMERCIAL DISTRICT

Section 9.01 USE REGULATIONS. In C-2 Districts, no building, structure or premises shall be used, and no building or structure shall be hereafter erected or altered unless otherwise provided in this Ordinance, except for one or more of the following uses:

- (a) All uses permitted in a C-1 District, except one and two family dwellings.
- (b) Stores and shops for the conduct of any retail and wholesale business (except an open storage yard for coal, lumber or used building materials), banks, theatres, assembly halls, apartments, hotels, recreational facilities, dance halls, laboratories, public utility buildings, transformer stations or substations without storage yards, open air sales or display of motor vehicles (except junkers or wrecked cars, or display or sale of used parts for motor vehicles), and uses similar in character to any of the above permitted uses, which will not be detrimental, either by reason of the emission of odor, noise, smoke, night glare, or vibration, to the district

in which they are located, or to any adjacent zoning district.

(c) The executive or administrative offices or departments of professional, philanthropic, industrial or commercial enterprises.

(d) Establishments within buildings or structures for the repair, alteration, finishing, assembling, fabrication or storage of goods primarily for the residents of the locality, or for sale at retail on the premises; provided, there is not in connection therewith, the operation of any machinery, or the conduct of any process or activity, or the storage or display of goods in such manner as to be obnoxious or offensive by reason of the emission of odors, fumes, dust, smoke, night glare, waste or vibration. No commercial enterprise involving the use of machinery or processes for the repair, conversion, alteration, finishing or fabrication of goods shall be begun or extended, if the measurable noise emanating from the premises is greater than seventy (70) decibels, as measured from the street or property lines. Noises shall be muffled so as not to become objectionable due to intermittence, beat frequency or shrillness.

(e) Public garages, gasoline filling stations and motels, subject to the provision and requirements of the Board of Appeals, Section 13.07 (m).

(f) Business or commercial schools, dancing or music academies.

(g) Drying and cleaning works, which use a cleaning fluid classed as a "non-flammable solvent" under the Dry Cleaning Law.

(h) Hospitals and clinics for animals.

(i) One (1) or more illuminated or non-illuminated signs relating only to the name or use of the building or lot; the sign may be attached to the building or may be free standing, but in any case, the building or support to which the sign is attached shall be on or back of the building line, and the sign shall not project more than eighteen (18) inches beyond the building line, when a clear space of not less than ten (10) feet is provided below all parts of such sign. In case of an existing building, the sign shall not project more than eighteen (18) inches beyond the front face of the building. Roof signs and projecting signs larger than fifty (50) square feet in area must be approved by the City Planning Commission.

One (1) non-illuminated sign pertaining to the sale or lease of a building or lot and not exceeding thirty (30) square feet in area for any one (1) building or lot. Temporary signs, hereinbefore defined in Section 1.39 of this Ordinance, shall be a permitted use in the C-2 Districts.

Safety signs shall be permitted, to adequately protect any condition unsafe or dangerous to the public welfare, as may be required by the Fire Chief or the Building Inspector.

Billboards, poster boards or outdoor advertising signs are a permitted use in the C-2 District when complying with the following conditions:

- (a) Billboards shall comply with the Sign Ordinance and Building Code of the City of Plymouth.
- (b) Billboards shall be located not less than one hundred (100) feet from any street line and its longest dimension shall be parallel to the road right-of-way upon which it faces.
- (c) No billboard shall be located within one thousand (1000) feet of a railroad grade crossing or five hundred (500) feet from any main cross street which is greater than sixty (60) feet in width, as indicated on the Master Thoroughfare Plan, and no billboard shall be located nearer than one hundred (100) feet from any other billboard.
- (d) No billboard shall be located within three hundred (300) feet from any church, school, public building, public park or cemetery or in public view therefrom.
- (e) No billboard shall be greater than two hundred fifty (250) square feet in area with an over all length of not more than twenty-five (25) feet.
- (f) No billboard shall be illuminated or flood lighted in any manner.
- (j) Buildings and uses customarily accessory to any of the above permitted uses, but which will not be detrimental, either by reason of odor, noise, smoke, or vibration, to the surrounding neighborhood.

Section 9.02 HEIGHT REGULATIONS. In C-2 Districts, no building hereafter erected or altered shall exceed thirty-five (35) feet or two (2) stories in height, except as provided in Article XII of this Ordinance.

Section 9.03 FRONT YARD. In C-2 Districts, there shall be no front yard required, except that in no event shall the street wall of a building be established nearer to the street than the future street line, as established by the Master Thoroughfare Plan.

Section 9.04 SIDE YARDS ON THE STREET SIDE OF CORNER LOTS. In C-2 Districts, no side yard is required on the street side of corner lots.

Section 9.05 SIDE YARDS ON INTERIOR LOT LINES. In C-2 Districts, side yards are not required along an interior side lot line where all walls of buildings abutting upon such interior side lot line are wholly without windows or other openings and are of fireproof construction, but if the side wall is not of fireproof construction, a side yard of not less than six (6) feet shall be provided.

Section 9.06 REAR YARDS. In C-2 Districts, no rear yard is required. Where alleys are existing, or where alley locations are established by the Master Thoroughfare Plan, the alley line, as existing or as established by the Master Thoroughfare Plan, shall be the rear property line.

Section 9.07 CORNER CLEARANCE FOR BUSINESS USE. In C-2 Districts, no business building or structure shall be erected between the property lines of intersecting streets or highways, and a line joining points on such lines six (6) feet distant from their points of intersection, or in case of a rounded corner, the point of intersection of their tangents.

Section 9.08 OFF-STREET PARKING FACILITIES. Off-street parking facilities shall be provided as hereinbefore specified in Section 3.13 of this Ordinance.

ARTICLE X

M-1 LIGHT INDUSTRIAL DISTRICT

Section 10.01 USES PERMITTED. In all M-1 Districts, no building or land, except as otherwise provided in this Ordinance, shall be erected or used except for one or more of the following specified uses:

(a) Any use of land or buildings, except dwellings, which is permitted in C-2 Districts.

(b) Uses of a light industrial nature using only light machinery and conducted entirely within an enclosed substantially constructed building, and the yard area around such building is used only for parking of cars and with loading and unloading operations in the rear. Such light industrial uses shall be of such a character as to comply with the Performance Requirements under Section 3.15 of this Ordinance and the following regulations.

(c) Billboards and poster boards or outdoor advertising signs under the conditions as stated in Section 9.01 (i) of this Ordinance.

Section 10.02 MACHINES PERMITTED. In all M-1 Districts, any machine is permitted, except hot forging presses, steam and broad hammers, when the building construction and machine foundations are such that 10.01 (b) and 10.03 of this Article are fully complied with. Automatic screw machines must be operated with noise silencers. Stamping machines and punch presses will be allowed up to ten (10) tons with eighteen (18) gauge stock or less in thickness. No operation shall cause a displacement exceeding .003

of Appeals. The use of flammable gas, enameling and paint spraying operations shall be permitted, when incidental to the principal operation, and when such operations are contained within a masonry building of four (4) hour construction.

Bulk storage of flammable liquids below ground shall be permitted, and the tank shall be located not closer to the property line than the greatest dimension (diameter, length or height) of the tank.

Section 10.06 HOURS OF WORK. In all M-1 Districts, the hours of work shall be scheduled between 6:00 A.M. and 11:30 P.M., including Sundays and holidays; provided, however, this shall not prevent the servicing of the building or equipment used in the normal operation of the shop between the hours of 11:30 P.M. and 6:00 A.M.

Where additional hours of work may be necessary because of an emergency, the Board of Appeals may waive the above requirements according to Section 13.07 (n) of this Ordinance. Section 10.07 STORAGE PROHIBITED. Open storage of any kind is prohibited in M-1 Districts.

Section 10.08 BUILDING HEIGHT. No building hereafter erected or altered in any M-1 District shall exceed forty-five (45) feet in height, except as provided in Article XII of this Ordinance.

Section 10.09 YARD REQUIREMENTS. No structure, or part thereof, erected or altered in any M-1 District, the principal use of which is a Light Industrial use, shall be located nearer than twenty-five (25) feet from any front lot line, twenty (20) feet from a side lot line and ten (10) feet from a rear lot line.

Section 10.10 GREENBELT. Where a non-residential use is located adjacent to a residential district, a greenbelt buffer strip of trees and shrubs shall be provided and maintained of not less than twenty (20) feet in width along a rear property line, and not less than eight (8) feet in width along a side property line. The Planning Commission may vary these requirements where conditions may cause a hardship to the affected property, or where conditions are such that a greenbelt buffer strip will not serve a useful purpose.

Section 10.11 OFF-STREET PARKING FACILITIES. Off-street parking facilities shall be provided as hereinbefore specified in Section 3.13 of this Ordinance.

ARTICLE XI

M-2 GENERAL INDUSTRIAL DISTRICT

Section 11.01 USES PERMITTED.

(a) Any lawful use of land or building, not herein expressly prohibited or provided for, shall be a lawful use in all M-2 Districts, when such uses shall comply with the Performance Requirements under Section 3.15 of this Ordinance and the following regulations.

(b) Billboards and poster boards or outdoor advertising signs under the conditions as stated in Section 9.01 (i) of this Ordinance.

Section 11.02 MACHINES PERMITTED. In all M-2 Districts, all machines are permitted, except hot forging presses, steam and broad hammers. No punch press, shears or press break, shall be located beyond the capacity of the machine, as prescribed by the manufacturer. All the above mentioned machines must be installed on shock absorbing mountings, and no operation shall cause a displacement exceeding .003 of one (1) inch, as measured at the boundary property line.

Section 11.03 MEASURABLE NOISE. In all M-2 districts the measurable noise emanating from the premises shall not exceed eighty (80) decibels as measured at the boundary property lines. Noises shall be muffled so as not to become objectionable due to intermittance, beat frequency or shrillness.

Section 11.04 GLARE AND HEAT. Arc welding, acetylene torch cutting or similar processes shall be performed so as not to be seen from any point beyond the outside of the property.

Section 11.05 FIRE AND SAFETY HAZARDS. The storage and handling of flammable liquids, liquefied petroleum gases and explosives, shall comply with the State rules and regulations, as established by Public Act No. 207, P.A. of 1941, as amended, or by the Fire Prevention Ordinance of the City of Plymouth, whichever is the most stringent.

Bulk storage of flammable liquids, liquid petroleum, gases and explosives may be stored above ground, when tanks are located not less than one hundred fifty (150) feet from all property lines.

Bulk storage of flammable liquids, below ground, shall be permitted and the tank shall be located not closer to the property line than the greatest dimension (diameter, length or height) of the tank.

Section 11.06 STORAGE OF MATERIALS.

(a) Storage of used rags, wastes, paper or similar materials, as a business, shall be permitted, when enclosed in a masonry building of four (4) hour construction, and no part of which may be located closer than one hundred fifty (150) feet from any property line.

(b) All open storage other than junk shall be located within an area not closer than one hundred (100) feet from any street right-of-way line, and shall be enclosed with a greenbelt planting strip not less than eight (8) feet in width and not less than eight (8) feet or more in height, to normally screen view of stock piles from the street.

The storage of lumber, coal or other combustible materials shall not be less than twenty (20) feet from any interior lot line, and a roadway shall be provided, graded and maintained from the street to the rear of the property to permit free access of fire trucks at any time.

(c) Open storage for junk, wrecked cars to be dismantled or other waste products shall not be located less than one hundred (100) feet from any street right-of-way line, and not less than twenty (20) feet from any interior lot line and shall be enclosed with a greenbelt planting strip not less than twenty (20) feet in width, and not less than eight (8) feet or more in height to completely screen the yard from outside view.

(d) Waste materials, incidental to the principal operation, shall be kept in neatly stored containers, screened from public view, which shall be removed and emptied periodically so as no waste shall be piled on the open ground.

Section 11.07 PROHIBITED USES. In all M-2 Districts, no building shall be erected or altered and no land shall be used for dwellings of any kind or for the carrying on of manufacturing activities of the character of or similar to fertilizer manufacturing, garbage, offal or dead animal reduction, glue manufacturing, corrosive acid manufacturing, cement, lime, gypsum or plaster manufacturing, distillation of bone, coal, tar, petroleum refuse, petroleum or asphalt refining or manufacturing, stockyards, tanning, curing or storage of raw hides or skins, slaughter houses (except killing of poultry incidental to the operation of a butcher shop business) or other similar factories or uses, unless satisfactory proof and evidence has been furnished the Planning Commission that new engineering design and practice will comply with the requirements as set forth in Section 3.15 and Sections 11.01 to 11.06, inclusive, in which instance the Planning Commission may recommend a zoning permit to be issued.

Section 11.08 BUILDING HEIGHT. No building or structure hereafter erected or altered in any M-2 District shall exceed forty-five (45) feet in height, except as provided in Article XII of this Ordinance.

Section 11.09 YARD REQUIREMENTS. No building or structure or part thereof hereafter erected or altered in any M-2 District, the principal use of which is a General Industrial use, shall be located nearer than fifty (50) feet from any front lot line, and twenty (20) feet from any side or rear lot line; provided, however, that such restrictions shall not apply to property lines adjacent to railroad rights-of-way.

Section 11.10 GREENBELT. Where a non-residential use is located adjacent to a residential district, a greenbelt buffer strip of trees and shrubs shall be provided and maintained of not less than twenty (20) feet in width along a rear property line and not less than eight (8) feet along a side property line. The Planning Commission may vary these requirements where conditions may cause a hardship to the affected property, or where conditions are such that a greenbelt buffer strip will not serve a useful purpose.

Section 11.11 OFF-STREET PARKING FACILITIES. Off-street parking facilities shall be provided as hereinbefore specified in Section 3.13 of this Ordinance.

ARTICLE XII

HEIGHT AND AREA EXCEPTIONS

Section 12.01 AREA EXCEPTIONS

(a) In computing the depth of a rear yard or the width of a side yard or open court for any building, where such yard or court opens on to an alley, one-half (1/2) of such alley must be assumed to be a portion of the yard or court.

(b) In determining the side yard, measurements shall be made from the foundation walls.

(c) Where a dwelling is erected, located or placed above another type of non-residential use for which no side yards are required, and located in districts other than R-1, R-1-A, PR-1 and R-2 Districts, side yards or courts shall be required for dwellings as provided under each district regulations; provided, however, all walls abutting upon, or located less than six (6) feet from, interior lot lines shall be without windows.

Section 12.02 HEIGHT EXCEPTIONS

(a) That in R-1, R-1-A, R-2, and PR-1 Districts and Local Business Districts, public or semi-public buildings, churches, cathedrals, temples, hospitals, sanitariums, or schools may be erected to a height not exceeding fifty-five (55) feet, when set back from all lot lines not less than one (1) foot for each foot such buildings exceed the height allowed in the respective districts.

(b) Chimneys, cooling towers, elevator bulkheads, fire towers, grain elevators, penthouses, stacks, stage towers, or scenery lofts, sugar refineries, tanks, water towers, transmission or receiving towers, monuments, church spires, and mechanical appurtenances pertaining to and necessary to the permitted use of the district in which they are located shall not be included in calculating the height of the principal structure.

ARTICLE XIII

BOARD OF APPEALS

Section 13.01 CREATION OF BOARD OF APPEALS. There shall be a Board of Appeals on Zoning consisting of five (5) members (persons not holding any elective office) appointed by the City Commission to serve without pay, and in accordance with Section 5 of Act 207 of the Public Acts of Michigan for 1921, as amended. The members of the Board of Appeals shall be appointed for a term of three (3) years and serve until their successors have been duly appointed; provided, the terms of the members of such Board appointed and serving prior to the adoption of this Ordinance shall continue until the expiration of the terms for which they were appointed. All new appointments to the Board of Appeals shall take effect on the first day of December.

Section 13.02 MEETINGS AND RECORDS. Meetings of the Board shall be held in the City Hall at the call of the chairman and at such other times as the Board may determine. Said meetings shall be open to the public. The Board shall adopt its own rules of procedure and keep a record of its proceedings, showing the action of the Board and the vote of each member upon each question considered. The presence of three (3) members shall be necessary to constitute a quorum. The concurring vote of four (4) members of the Board shall be necessary to reverse any order, requirement, decision or determination of any administrative official or to decide in favor of the applicant, any matter upon which they are required to pass under this Ordinance, or to effect any variation in this Ordinance.

Section 13.03 APPEAL. Appeal from the ruling of the building inspector or fire chief concerning the enforcement of the provisions of this Ordinance may be made to the Board of Appeals, not later than ten (10) days after the date of the building inspector or the fire chief's decision which is appealed from. Such appeal may be taken by any person aggrieved, or by any officer, department, board or bureau of the City. The appellant shall file with the building inspector or fire chief and with the Board of Appeals, on blanks to be furnished by the building inspector, a notice of appeal specifying the grounds thereof. The building inspector or fire chief shall forthwith transmit to the Board all the papers constituting the record upon which the action appealed from was taken. The final decision of such appeal shall be in the form of a resolution either reversing, modifying or affirming, wholly or partly, the decision or determination appealed from.

The order, requirement, decision or determination must be complied with within one (1) year of the date of the resolution by the Board. The Board may grant a renewal of their order, requirement, decision or determination for a limited period of time, or may require the appellant to file a new notice of appeal, as in the first instance.

Section 13.04 STAY. An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the Board of Appeals, after the notice of appeal shall have been filed with him, that by reason of facts stated in the certificate, a stay would, in his opinion, cause imminent peril to life or property, in which case, proceedings shall not be stayed otherwise than by a restraining order, which may be granted by the Board of Appeals, or by the Circuit Court, on application or notice to the officer from whom the appeal is taken and on due cause shown.

Section 13.05 HEARINGS. The Board of Appeals shall, within twenty-one (21) days of the date of receiving the appeal, hold a hearing on the appeal and give due notice thereof to the parties concerned and shall decide the same within thirty (30) days after such hearing. The City Planning Commission shall be notified of any such hearing and its representative shall attend.

Section 13.06 FEES FOR APPEALS. A fee of Ten Dollars (\$10.00) shall be paid to the building inspector at the time the notice of appeal is filed, which the building inspector shall forthwith pay over to the City Treasurer to the credit of the General Fund of the City of Plymouth, for covering the cost of advertising and printing.

Section 13.07 POWERS OF THE BOARD OF APPEALS. The Board of Appeals may reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination appealed from, and shall make such order, requirement, decision or determination as, in its opinion, ought to be made in the premises, subject to the conditions and limitations of this Section, and to that end, shall have all the powers of the officer from whom the appeal is taken. The decision of the Board in these and all other matters heard by it, shall be final insofar as it involves discretion or the finding of facts.

(a) Where a building located in a district restricted against its use has been damaged by fire, act of God, or other calamity to the extent of not more than seventy-five (75%) percent of its value, as determined by appraisal, a permit may be granted by the Board of Appeals for its reconstruction, within a period of not to exceed one (1) year from the date of such fire or other calamity.

(b) Interpret the provisions of this Ordinance in such a way as to carry out the intent and purpose of the plan, as shown upon the map fixing the several districts accompanying and made a part of this Ordinance, and where the street layout actually on the ground varies from the street layout as shown on the map aforesaid.

(c) The Board shall have the power to call on any of the other city departments for assistance in the performance of its duties, and it shall be the duty of such other departments to render such assistance as may be reasonably required.

(d) Where a district boundary line divides a lot of record, at the time of passage of this Ordinance, permit the extension of a use permitted on the less restricted portion of such lot to the portion lying in the more restricted district, but not for a distance of more than fifty (50) feet beyond the district boundary line, in any case.

(e) In an R-2 District, on a lot which adjoins a business or Industrial District along a side yard without an intervening street, and which is occupied, or to be occupied, by a dwelling, permit within such dwelling a professional office or home occupation of larger size than that specified in R-2 (e); provided, that such use shall be conducted entirely within the dwelling and occupy not more than fifty (50%) percent of the ground floor area thereof, and not any of the floor area above the ground floor, and that there shall be no display or advertising or other outward indication of such special use, other than the name plate and sign as permitted in an R-2 District, and that all entrance thereto, if separate from the dwelling entrance, shall be in that half of the dwelling nearest to the Business and/or Industrial District boundary line, and

That in other respects, the buildings and premises shall be so treated, and the permitted activity so conducted, that the use of such lot will be in harmony with the character of the district in which it is located.

(f) Grant a permit for the erection of a one or two family dwelling on a lot held under a separate and distinct ownership from the adjacent lots, and of record at the time of the passage of this Ordinance, which has less area than the lot area per family requirements of this Ordinance for the district in which such lot is located.

(g) Permit the erection and use of a building, or an addition to an existing building, of a public service corporation to be used for public utility purposes, in any permitted district to a greater height or of larger area than the district requirements herein established, and permit the location in any use district of a public utility building, structure, or use; provided, the Board of Appeals shall find such use, height, area, building or structure reasonably necessary for the public convenience and service, and provided, further, that such building, structure, or use is designed, erected and landscaped to conform harmoniously with the general architecture and plan of such district.

(h) To permit variations in the requirements for outer courts in dwelling, and to permit such variation or modification of yard, lot area, and percentage of lot coverage requirements of this Ordinance as may be necessary to secure an appropriate improvement of a parcel of land which was of such size, shape or dimension, or which has such peculiar or exceptional geographical, or topographical conditions, that it cannot be appropriately improved without such variation or modification; provided, that the purpose and spirit of this Ordinance shall be observed, public safety secured and substantial justice done.

(i) Permit a partial variation or exception to the loading space provision of Section 3.04 where, after investigation by the Board, it is found that the volume of vehicular service will not require compliance with said provision, and will not cause undue interference with the public use of the streets or alleys, or imperil the public safety and where such modification or exception will not be inconsistent with the purpose and spirit of this Ordinance, and this variation or exception shall apply only to the use for which the appeal was taken.

(j) Permit the erection of a building to its full height or use, as originally planned, prior to the adoption date of this Ordinance, when the existing foundations and structural members are designed to carry such buildings higher.

(k) Permit a variation or modification in the required location of off-street parking facilities or in the amount of off-street parking facilities required, or both, if after investigation by the Board, it is found that such variation is necessary to secure an appropriate development of a specific parcel of land which has such peculiar or exceptional geographical conditions, or is of a size, shape, or dimension that it cannot be reasonably developed in accordance with the provisions of Section 3.13, and that any variation will not be inconsistent with the spirit and purpose of this Ordinance, with public safety and with substantial justice.

(l) Permit a variation, modification or exception in the required regulations specified in Section 3.14 of this Ordinance, if after investigation, by the Board, it is found that such variation, modification or exception is necessary because of peculiar existing conditions and that such variation, modification or exception will not be inconsistent with the purpose and spirit of this Ordinance.

(m) Grant a permit for a public garage or a gasoline filling station, or motel in a district permitting such use; provided, that before the building inspector issues a permit, there is on file with the Board of Appeals, the written consent of the owners of sixty (60%) percent of the frontage of all the property within four hundred (400) feet, of any part of the premises whereon such public garage or gasoline filling station or motel is to be established, erected or enlarged; all lots less than one-half (1/2) of which lie within the specified distance of four hundred (400) feet from any portion of the premises shall not be included; and the written consent of eighty (80) percent of all the frontage of the property immediately abutting or opposite any part of the premises whereon such public garage or gasoline filling station or motel is to be established, erected or enlarged, and not separated therefrom by more than one street or alley.

(n) Permit the extension of hours of work in the M-1 Districts, when such extension is necessary because of an emergency, and under such conditions and safeguards as will protect the neighboring residential districts from unnecessary disturbances.

(o) Where there are practical difficulties or unnecessary hardships in complying strictly with the provision of this Ordinance, the Board of Appeals may, in specific cases, adjust any such condition in harmony with the general purpose and intent of this Ordinance so that the public health, safety and general welfare may be secured and substantial justice done.

(p) Restrictions on Board Action.

I. Every decision of the Board shall be subject to review by certiorari as prescribed in Section 10 of Act 207 of the Public Acts of 1921, as amended.

II. No variance in the application of the provisions of this Ordinance shall be made by the Board of Appeals relating to buildings, land or premises now existing or to be constructed, unless after a public hearing, the Board of Appeals shall find that such variance will not:

- A. Impair the adequate supply of light and air to adjacent property.
B. Increase the hazard from fire, flood and other dangers of said property.
C. Diminish the market value of adjacent land and buildings.
D. Increase the congestion on the public streets.
E. Otherwise impair the public health, safety, comfort and general welfare.

ARTICLE XIV

CITY PLANNING COMMISSION APPROVAL

Section 14.01 The City Planning Commission is hereby designated the Commission, as specified in Section 4, of Act 207 of the Public Acts of 1921, as amended, and shall perform the duties of said Commission as provided in the Act in connection with the Amendment of this Ordinance.

Section 14.02 In cases where the City Planning Commission is empowered to approve certain uses of premises under the provision of this Ordinance, or in cases where the City Planning Commission is required to make an investigation, the applicant shall furnish such surveys, plans, or other information as may be reasonably required by said City Planning Commission for the proper consideration of the matter.

The City Planning Commission shall investigate the circumstances of each such case, and shall notify such parties, who may in its opinion be affected thereby, of the time and place of any hearing which may be held relative thereto, as required under its rules of procedure, or any public hearing required by this Ordinance.

The City Planning Commission may impose such conditions or limitations in granting approval as may, in its judgment be necessary to fulfill the spirit and purpose of this Ordinance.

ARTICLE XV

BUILDING PERMITS, PLATS

Section 15.01 USE AND BUILDING PERMITS. No building or structure within the limits of the City of Plymouth shall hereafter be erected, moved, repaired, altered or razed, nor shall any work be started on said building to be erected, moved, repaired, altered or razed, and no land shall be used until a building permit or use permit shall have been obtained by the owner of said building or land from the building inspector, nor shall any change be made in the use of a building or land without a permit having been obtained from the building inspector. No such permit shall be issued to erect a building or structure, or make any changes of use, unless they are in conformity with the provisions of this Ordinance and amendments hereto hereafter duly enacted. Permits shall be issued for a period of six (6) months.

Section 15.02 PERMIT APPLICATIONS. All applications for permits, on a form to be furnished by the building inspector, shall be accompanied by a plat in duplicate, drawn to scale, showing the actual dimensions of the lot to be built upon, the size of the building to be erected and such other information as may be necessary to provide for the enforcement of these regulations. Satisfactory evidence of ownership of the entire lot shall accompany all applications for permits under the provisions of this Ordinance. A careful record of such applications and plats shall be kept in the office of the Building Inspector. No yard, court, or other open space provided about any building for the purpose of complying with the provisions of these regulations shall again be used as a yard, court, or other open space for another building. Nothing herein contained shall require any change in the plans, construction or designated use of a building for which a building permit has heretofore been issued, or for which plans are on file, at the time of the passage of this Ordinance, and for the erection of which a permit is issued within one (1) month, from the passage of this Ordinance, and the construction of which, in either case, shall have been diligently prosecuted within three (3) months of the date of such permit, and the ground story framework of which, including the second tier of beams, shall have been completed within six (6) months of the date of such permit, and which entire building shall be completed, according to such plans as have been filed, within one (1) year from the date of the passage of this Ordinance.

ARTICLE XVI

CERTIFICATE OF OCCUPANCY AND COMPLIANCE

Section 16.01 CERTIFICATE OF OCCUPANCY AND COMPLIANCE. No land or building hereafter erected or altered shall be occupied, used or changed in use until a Certificate of Occupancy and Compliance shall have been issued by the building inspector, stating that the building, or proposed use of a building, or premises, complies with all the building and health laws and ordinances and with the provisions of these regulations.

Section 16.02 TIME, RECORD AND FEE FOR CERTIFICATE OF OCCUPANCY. Certificates of Occupancy and Compliance shall be applied for coincident with the applications for a building permit and shall be issued within ten (10) days after the erection or alteration of such building shall have been completed in conformity with the provisions of these regulations. A record of all certificates shall be kept on file in the office of the building inspector and copies shall be furnished on request to any person having a proprietary or tenancy interest in the building affected. No fee shall be charged for an original certificate applied for coincident with the application

for a building permit; for all other certificates, or for copies of any original certificate there shall be a charge of One Dollar (\$1.00) each.

Section 16.03 APPLICATION FOR CERTIFICATE OF OCCUPANCY. No permit for excavation for, or the alteration or the erection of any building, shall be issued before application has been made for Certificate of Occupancy and Compliance.

ARTICLE XVII

INTERPRETATION AND PURPOSE

Section 17.01 In interpreting and applying the provisions of this Ordinance, they shall be held to be the minimum requirement; for the promotion of the public safety, health, convenience, comfort, prosperity and general welfare. Wherever the provisions of this Ordinance impose requirements for lower heights of buildings, or a lesser percentage of lot that may be occupied, or require wider or larger courts or deeper yards than are imposed or required by existing provisions of law or ordinance, the provisions of this Ordinance shall govern. Where, however, the provisions of the State Housing Code or other ordinance or regulations of the City of Plymouth impose requirements for lower heights of buildings or less percentage of lot that may be occupied, or require wider or larger courts or deeper yards than are required by this Ordinance, the provisions of the State Housing Code or other ordinance or regulations shall govern.

It is not intended by this Ordinance to interfere with or abrogate or annul any easements, covenants or other agreements between parties; provided, however, that where this Ordinance imposes a greater restriction upon the use of buildings or premises, the provisions of this Ordinance shall control.

ARTICLE XVIII

CHANGES AND AMENDMENTS

Section 18.01 Changes, amendments or supplements to the Zoning Ordinance shall be made during the months of February, May, August and November of each year in the manner as outlined in Section 18.02.

A fee of twenty-five (\$25.00) Dollars shall be collected with each petition presented for change or amendment to the Zoning Ordinance. Said fee shall cover cost of advertising and printing, and shall be paid to the City Treasurer to be credited to the General Fund of the City of Plymouth. When said petition is denied by the City Planning Commission, the fee shall be refunded to the petitioner.

A period of not less than two (2) years is required between presentation of petitions for a change or amendment applying to a specific piece of property, where such petition was denied in the first instance.

Section 18.02 The City Planning Commission may, of its own motion or upon petition, initiate recommendations for changes, amendments or supplements to the Zoning Ordinance. The Planning Commission shall receive petitions from individual property owners or groups of property owners requesting district changes, amendments or supplements to said Zoning Ordinance. The City Planning Commission shall consider each petition, and, after consideration, vote on the issue, as stated in the petition. When passed by a majority vote, said City Planning Commission shall prepare an Ordinance amending, supplementing or changing the district boundaries, or the regulations herein established and shall cause to be prepared a notice, according to Section 4 of Act 207, Public Acts for Michigan, 1921, as amended, indicating the proposed change in the regulations or in the district boundary line, and describing the boundaries of territory to be affected, which notice shall set a date for a public hearing for consideration of such proposed amendment, supplement or change. After due publication or posting and public hearing of such proposed amendment, supplement or change, as required by law, the City Planning Commission may modify said proposed Ordinance, or without modification, may cause such proposed Ordinance to be submitted to the City Commission of the City of Plymouth. Whenever a written protest against such proposed amendment, supplement or change be presented, duly signed by the owners of twenty (20%) percent or more of the frontage proposed to be altered, or by the owners of twenty (20%) percent or more of the frontage immediately in the rear thereof, or by the owners of twenty (20%) percent of the frontage directly opposite the frontage proposed to be altered, such amendment shall not be passed, except by the affirmative vote of five members of the City Commission.

ARTICLE XIX

VALIDITY

Section 19.01 Should any section, clause, or provision of this Ordinance be declared by the courts to be invalid, the same shall not affect the validity of the Ordinance as a whole, or any part thereof, other than the part so declared to be invalid.

ARTICLE XX

VIOLATION, PENALTY, ENFORCEMENT

Section 20.01 Any person, firm or corporation who violates, disobeys, omits, neglects or refuses to comply with any of the provision of this Ordinance, shall be fined not less than Twenty-five (\$25.00) Dollars or more than Five Hundred (\$500.00) Dollars, or be imprisoned for not to exceed Ninety (90) Days, or both such fine and imprisonment, for each offense. Each day that a violation is permitted to exist shall constitute a separate offense.

Section 20.02 It shall be the duty of all architects, contractors, sub-contractors, builders and other persons having charge of the erecting, altering, changing or remodeling of any such building or structure, before beginning or undertaking any such work, to see that a proper permit has been granted therefor, and that such work does not conflict with and is not in violation of the terms of this Ordinance; and any such architect, builder, contractor or other person doing or performing any such work of erecting, repairing, altering, changing or remodeling without such a permit having been issued, or in violation of, or in conflict with the terms of this Ordinance, shall be deemed guilty of a violation hereof in the same manner and to the same extent as the owner of the premises, or the persons or person for whom such buildings are so erected, repaired, altered, changed or remodeled in violation hereof and shall be subject to the penalties herein prescribed for such violation.

Section 20.03 In case any building or structure is erected or is being erected, constructed or reconstructed, altered, repaired, converted, or maintained, or any building, structure or land is used, in violation of this Ordinance or other regulation made under authority conferred thereby, the City of Plymouth, in addition to other remedies, may institute any appropriate action or proceedings to prevent such unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance or use, correct or abate such violation, to prevent the occupancy of such building, structure or land, or to prevent any illegal act, conduct, business or use in or about such premises.

Section 20.04 Nothing herein contained shall be deemed to, in any way, affect any violation of said Zoning Ordinance heretofore committed or existing.

Section 20.05 This Ordinance shall be enforced by the Building Inspector and Chief of Fire Department. The Building Inspector shall enforce the provisions herein contained insofar as they relate to the erection of new buildings, or the structural alteration of existing buildings. The Chief of Fire Department shall enforce the provisions herein contained insofar as they relate to the use of completed buildings or premises.

ARTICLE XXI

CONFLICTING PROVISIONS REPEALED

Section 21.01 All ordinances, or parts of ordinances, in conflict with any of the provisions of this Ordinance, are hereby repealed.

ARTICLE XXII

WHEN EFFECTIVE

Section 22.01 The provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of the public peace, health and safety and are hereby ordered to take effect December 15, 1953.

Made and passed by the City Commission this 23rd day of November, A.D. 1953.

RUSSELL M. DAANE,

Mayor

LAMONT C. BeGOLE,

City Clerk

Harry Browne to Give Christian Science Lecture, December 9

Harry C. Browne of Boston, Massachusetts, a member of the Christian Science Board of Lectureship, will give a free lecture in Fourth Church of Christ, Scientist, 5240 West Chicago boulevard, near Grand River avenue, on Tuesday, December 8, at 8 p.m.

Mr. Browne, in his lecture entitled, "Christian Science: God's Word of Eternal Life," will discuss how the Bible truths, - the Word of God, can overcome fear, sin, disease and death.

After touring the United States and Canada for 25 years in association with many of the foremost theatrical producers and managers, Mr. Browne left the theatre in 1926, and in 1931, resigned as production director and announcer for the Columbia Broadcasting System to devote his entire time to the public practice of Christian Science healing.

WITH PLYMOUTHITES IN THE SERVICE

Brief items of interest about Plymouthites in the services are welcomed in this column, providing the information does not conflict with press security policies.

Robert Brunner

Private Robert F. Brunner, 22, son of Mrs. Nellie Brunner, 43812 Joy road, Plymouth has completed Army Branch Immaterial Basic Training conducted by the 3d Armored Division at Fort Knox, Kentucky.

During this eight week period he attended classes on basic military subjects and was trained in the fundamentals of basic infantry combat which included the firing of the basic Army weapons.

This phase of training provided him with a substantial military background in preparation for more specialized training. He entered the Army on August 27, 1953.

Ray Highfield

Lieutenant Ray Highfield, son of Mrs. Stanford Besse of Auburn avenue, has completed his training as an aircraft observer, at Ellington Air Force Base in Texas.

Lieutenant Highfield now has a triple rating, as he is a qualified radar observer, bombardier and a navigator. He plans to report for duty on January 11 to Limestone Air Force Base in Maine, where he will be assigned to B-36's.

Lieutenant and Mrs. Highfield plan to spend the holidays in Plymouth.

Report on Progress of Plymouth Unit of American Cancer Society

Visitors from the Detroit office of the Southeastern Division of the American Cancer Society were present at the regular meeting of the Plymouth unit at the Veterans' Memorial building. Guests were Mrs. Bebe Adams and Edward Tuescher.

Following the business meeting the group took part in an informal round-table discussion on the approach of the various programs. Dr. Walter Hammond, Jr. and Dr. Ray Barbour offered their suggestions in conjunction with the unit's final program schedule. With the guidance of Tuescher the unit will attempt to promote a more cooperative and impressive crusade against cancer.

President Norman Marquis said, "To accomplish the goal of education through every possible means of reaching the public, we must have co-operation."

Miss Neva Lovewell, public education chairman, is planning an extensive program. She stated that "Films, exhibits and every type of literature available on cancer will be made known to the public. The national goal of such an immense program is to reach every man and woman in the country, in the state, and particularly in Plymouth. It is a challenging task."

A report was presented on the work being accomplished by the Southeastern Division. Volunteer researchers this week began making their second follow-up reports on 6,901 men in the area who are participating in the national smoking survey to determine whether there is a relationship between the use of tobacco and lung cancer.

Beginning in January, 1952, volunteer researchers in 394 selected counties in nine states obtained histories of the smoking habits of 204,547 men between the ages of 50 and 69. States participating in the study besides Michigan are, New York, Illinois, Minnesota, New Jersey, Pennsylvania, Wisconsin, Iowa and California.

This year's follow-up report, like last year's will be made by the researchers who conducted the original poll of facts and will

show whether the person under study has died since the last follow-up was made.

"When the cause of death has been determined from death certificates and other medical records," said Edward W. Tuescher, executive director of the Southeastern Michigan Division. "Statisticians at the national office of the ACS in New York City will use the data to determine whether death rates from cancer are any greater among smokers than among non-smokers."

College Students Hold Class Reunion Party

Members of the Plymouth high school Class of '53 who have gone away to college got together for a reunion party last Friday evening at the home of Barbara Nelson, 520 Blunk. Young people were present from 11 different colleges.

Attending the party were Lanny West, Terry Carney, Glenna Fraleigh, Jackie Langmaid, Joanne Pursell, Peter Leemon, Pearl Kennitz, Ann Hammond, Ellen Daane, Jerry Vettese, Shirley Phillips, Ted Scumger, Pat Lidgard, Thomas Gutherie, Madeline Jones, Bruce Green, Ralph Wagenschutz, Ronald Krump, Gary Kopen, Inez Enterline, Bill Moore and Sally Black.

Colleges represented were the University of Michigan, St. Joseph's Nursing school, Michigan State college, Denison university, State college, Denison State University of Iowa, Wayne university, Albion college, Michigan College of Mining and Technology, Central Michigan college, Cleary college and Michigan State Normal.
