

Dedicate School Sunday Afternoon

Tribute will be paid to Miss Edna M. Allen by dozens of her friends and students out of the past when the half-million-dollar Edna M. Allen elementary school is formally dedicated next Sunday afternoon.

The program with a "This is Your Life" theme will begin at 4 o'clock preceded by a public inspection of the school starting at 3 o'clock. The new school is located on Haggerty road between Ann Arbor road and Ann Arbor trail.

Dr. Henry Walch, pastor of the First Presbyterian church, will deliver the invocation as the program opens. The National Anthem will then be sung by the audience, followed by a greeting from the Plymouth public schools given by Superintendent Russell Isbister. A welcome will also be given by Donald Rank, principal of Allen school.

James Gallimore, president of the board of education will be chairman of the remainder of

March of Dimes Drive Collection Tops \$5,000

Late totals for the March of Dimes collections that ended last week stand at \$3469.44 announced chairman Walter Goodwin. Although this is short of the \$6,000 anticipated returns, Goodwin estimated that the complete tally should be around \$5,500, because in the past factories in the Plymouth territory have sent their donations in to Detroit.

Last year the local total was \$3,528.13, while an additional \$1,500 was added to the amount by these factory donations. "It seems safe to assume," Goodwin stated, "that Plymouth's return this year will again be something of which we can be proud."

Largest single amount, \$2,523.11, was turned in by the 94 mothers who carried out the Mothers' March porchlight campaign on Thursday, January 28. The March was headed by Mrs. Harry Bartel. Collections in the township were made that evening by the members of the high school Hi-Y club.

Besides the Mothers' March, advance special gifts totaled \$167.28; corporations and business, \$79.95; schools, \$91.05; canisters, \$567.07; and the March of Dimes dance, \$82.00.

March of Dimes money this year is to be used to test the new polio vaccine, to provide further gamma globulin, to care for the thousands of former polio victims, and to provide care for any new cases that might arise.

Plymouth Troops To Join in National Observance of Boy Scout Week Proclaimed for February 7 to 13

Plymouth Boy Scouts, along with the 3,300,000 Scouts throughout the nation, will mark the 44th birthday of the Boy Scouts of America on Boy Scout Week, February 7 to 13.

Highlighting the events for local troops will be Courts of Honor, when the Scouts will receive the various awards due them for their Scouting work.

Edna M. Allen

the program. The Allen school P.T.A. will serve tea following the dedication with organ music played by Fred Nelson, high school choir director.

Allen school opened its doors to pupils last September 21 although finishing touches are still being put on the building. By opening the school last fall while it was still under construction, a serious classroom shortage was eliminated. The school has a capacity of 450 children.

Miss Allen, who lives at 305 Arthur, came to Plymouth as a principal in 1918, coming here from Bad Axe, Michigan where she taught from 1914 to 1918. She served as principal until 1928 when she joined the teaching staff as an English instructor. Her retirement came in 1950.

The public is invited to attend the dedication.

Author To Speak At Garden Club

Mrs. Hazel Dunlop, author and lecturer, will speak to members of the Plymouth branch of the Women's National Farm and Garden association on "Planning a Small Garden." The meeting will be held on Monday, February 8, at 1 p.m. in the home of Mrs. Roy Jacobus.

Mrs. Dunlop, a member of the J. L. Hudson Speakers Bureau, will discuss practical ideas on how to transform a small space into a lovely garden. The author of "Let's Arrange Flowers," she delivers about 100 lectures a year.

Program chairman for the meeting is Mrs. Paul J. Wiedman, and Mrs. Cass Kershaw is tea chairman.

Dynamite Blast Fails To Flatten Old Coal Hopper

A dynamite blast which sounded throughout the city Tuesday morning managed to bring a huge coal dock in the C & O yards to its "knees" but failed to flatten it.

As motion picture and still cameras shot away, a dynamite charge planted in two of the supports of the old coal hopper was touched off. It was hoped that the concrete monster would topple over on its side, breaking up on its way.

Instead, the hopper came to rest at a 45 degree angle and still seemed to be in fairly good condition. But railroad officials were still pleased with the job since it brought the coal dock down to where workmen can go to work on it.

More minor blasts were set off again yesterday and a crane with a heavy steel ball was brought to the scene. The heavy swinging ball is used in demolishing large buildings.

At least 50 tons of coal remained inside the hopper which was built in 1918. The hopper was made obsolete a year and a half ago when the diesel locomotive completely replaced the steam engine. The C & O has several other coal docks along their line which they want to demolish in the future.

The hopper demolition turned out to be somewhat of an attraction for cameramen. There were over half a dozen professional cameramen on the scene from newspapers as well as some television news photographers.

A professional demolition crew set off the dynamite charge. The dynamite was well protected so that there was merely a dull explosion rather than sharp blast.

RAILROAD LANDMARK for 32 years, the huge coal hopper in the C & O yards here now lies in ruins after demolition crews finished their work yesterday. The dynamiting of the hopper which took place Tuesday morning was shown on film over a Detroit TV station Tuesday night at 11 o'clock and was pictured in several Detroit newspapers. Top photo taken by The Mail shows the hopper after the blast. Photo at side was taken as the charge went off at 10:25 a.m.

First Degree Murder Charged In Livonia Death

Charges of first degree murder were filed yesterday morning against a Livonia railroad foreman who shot and killed a fellow worker last Saturday night.

Melton Savale, 46, of 34434 Maple, Livonia, stood mute in an appearance before Justice of the Peace Leo Nye yesterday morning. A plea of not guilty to the murder charge was entered for him. An examination will take place next Monday at 9:30 a.m.

Victim of the shooting was two blasts of a double-barreled shotgun was Ascension "John" Gonzales, 27, Belleville. Gonzales Continued on Page 6

Henry Fisher Back In Commission Seat

City Commissioner Henry Fisher took his seat again alongside other commissioners Monday night after missing two previous meetings because of a stroke.

The 82-year-old commissioner suffered the stroke last December 30 at his home and was confined to the University hospital in Ann Arbor for several weeks. For a time he was partially paralyzed.

Always the first commissioner to arrive at commission meetings, Mr. Fisher upheld his record by arriving a half hour before meeting time Monday night. He remained for the entire three and a half hour session.

Fire Destroys Canton Township 11-Room Home

Firemen from four departments including Plymouth township fought a blaze which destroyed an 11-room house on the Canton Center road in Canton township Tuesday morning.

The large and old homestead is owned by Mrs. Sarah Wilson Campbell of Detroit, daughter of the late Ira Wilson, founder of the Ira bearing his name. Ponds of water were poured on the stubborn blaze which is believed to have started in the attic due to faulty wiring.

The Canton township department received the alarm at 8:45 a.m. when a woman driving past the home saw the smoke and sped to the fire station several miles down the road.

Fighting the fire were departments from Canton, Plymouth, Superior and Van Buren townships. Plymouth township sent all three of their trucks to the scene with eight men. Several of the men received minor cuts from breaking glass. Eight trucks were brought to the fire altogether, including Plymouth township's new 1,000 gallon tank and pumper truck. The truck was refilled with water twice, once from a stream on nearby Sheldon road and again from a hydrant at the Plymouth township station house.

No estimates have been made on the damage to the home, although some unofficial spokesmen claim it will go up to \$15,000. The home was considered quite old.

Living in the home was the Sam Westdorp family. Much of their household goods was carried out of the home by neighbors and fire volunteers. The farm is used now to specialize in beef cattle.

Although walls of the house are still standing, almost the entire

Water Survey By Engineers Gets Approval

A decision to have a survey made of the city's water supply before any more water service is extended to homes outside the city limits, was reached by the city commission at a meeting Monday night.

The lengthy session also included the first reading of the revised traffic ordinance and the acceptance "with regret" of the resignation of Stanley Corbett from the city board of review and electrical examining board.

Trucks Start Hauling First LeMaster Oil

Trucks loaded with oil drove off the Roy LeMaster farm on Napier road for the first time last week, making the Plymouth area a full-fledged oil producing region.

Called the most significant oil strike in Michigan, the LeMaster well, located eight miles northwest of here, began commercial production last week after two large tanks were erected in a field behind the barnyard.

At the same time, the big oil rig which drilled the LeMaster well started to bore into the earth on the nearby Glenn Angell farm located on Seven Mile road only a short distance from the LeMaster farm. The W. C. Taggart company of Big Rapids, Michigan drilled on the Angell farm some years ago but gave up when no oil was discovered. The company is today drilling on the same spot, pushing further into the earth.

The LeMaster oil deposit was found at the 4,400 foot level and has a potential yield of 5,000 barrels a day.

Meanwhile, the rush for oil rights and royalties continues among the Salem township farm lands. No sooner was the whisper of "oil strike" heard throughout the Plymouth area was filled with speculators.

There are many types of rumors heard among the oil men and speculators, many of whom are staying at the Mayflower hotel. Most of the oilmen attempt to keep their plans secret. There have been some stories that other wells will be drilled shortly by other companies. Some predict that other oil companies will wait and see what the Taggart drilling on the Angell farm produces.

Chest X-rays Climbing High Over Estimates

Ten thousand free chest x-rays for Plymouth and Plymouth township may become a reality during the coming week, according to Sam Hudson, general chairman of the 1954 chest x-ray campaign which goes into its final week next Tuesday.

"It seems that everybody wants to be sure his lungs are okay," Hudson said. A total of 7,000 chest pictures have been taken in schools and industries through last Friday. Before the Chestmobile moved into the area last month, the committee had set a goal of 5,300 x-rays.

The free x-rays which are brought here by Wayne County Health department and the Tuberculosis and Health society in cooperation with the Plymouth Chamber of Commerce will be available at the following places:

Friday, February 5, Plymouth Stamping company, West Ann Arbor road, 10:30 a.m. to noon and 1 to 4:30 p.m.; Tuesday, February 9, Smith elementary school, 10:30 a.m. to noon and 1 to 4:30 p.m.; Wednesday, February 10, Plymouth high school, 10:30 a.m. to noon and 1 to 4:30 p.m.; Thursday, February 11, Bob's Standard Service, Ann Arbor trail and Main street, 1 to 4 p.m.; Friday, February 12, Bob's Standard Service station, 2:30 to 5 p.m. and 6 to 8:30 p.m.

Thursday morning's x-rays will be only for retail merchants and their employees at Bob's Service station from 10 a.m. to noon, according to Walter Rensel, chairman of the business activities. Over 200 employees are expected to be reached during those two hours.

In the meanwhile, over 100 "messengers of health" made visits to every home in Plymouth and Plymouth township to acquaint their neighbors of the importance of having their chest x-ray taken.

Commissioners approved the hiring of Drury, McNamee and Porter, Ann Arbor consulting engineers, to study the city's water system and supply. City Manager Albert Glassford reported that a study is needed to make recommendations on how to maintain a constant supply of water in the system. He stated that the present reservoir pumping system is not properly balanced so that the reservoir is put to full use. The survey will determine what type of piping and pumps are needed to make this change.

The city's wells produce enough water to meet all normal demands, Glassford declared, but when industry uses a big supply at certain hours, it is difficult to meet the demand from the present reserve tanks.

Going hand in hand with the survey came a request from commissioners that the engineers determine how much water the well field is capable of producing. It was at the last commission meeting that Otto Hasse of Detroit appeared before the body to seek extension of the city water system to his proposed "Plymouth Gardens" subdivision located on Schoolcraft near Five Mile road. Several commissioners appeared opposed to extending any more water beyond the city limits though water bills are doubled. City Engineer Stan Besse was asked to study if it were possible to extend service to that point.

Besse reported Monday night that it would be possible to pump water to the proposed subdivision if there were proper pipes. Commissioners, however, delayed any action until the engineers' survey determined if the city has enough water. Glassford stated that Burroughs corporation is taking 24 per cent of the city's water and may need more.

Mayor Russell Daane pointed out that whenever the city extends water to new subdivisions or industry, it seems that their demands increase all the time. He warned that Plymouth must look out for their own people first before extending any more water

Slaying of Kin Sends Anderson To Penitentiary

A sentence of 14 years to life in the State Penitentiary of Southern Michigan at Jackson was given James Anderson, father of four children and slayer of his brother-in-law, Norman C. Little, former Plymouth resident.

Anderson, whose home was at 5820 Joy road, Superior township, admittedly shot and killed Little as the two drove on Ann Arbor-Plymouth road near Ford road last November. Found guilty in a hearing last month, Anderson's sentence by Judge James R. Breakey came Tuesday morning at the Washtenaw county courthouse in Ann Arbor.

Judge Breakey gave a recommended sentence of 14½ years. The probation department recommended a sentence of 14 years and the state police recommended 12 years. Anderson, 29, had been found guilty on a second degree murder charge.

His attorneys have been Clifford Manwaring and Dunbar Davis. Anderson has revised his story about the shooting so often, said Manwaring, that his attorneys do not know what happened. As Judge Breakey pronounced sentence, Anderson again said he would like to tell the "true" story. The judge took Anderson in his chambers with a stenographer but it has not been revealed what was told.

Anderson and Little reportedly had been drinking before the shooting occurred. With Little driving, Anderson supposedly shot the former Plymouth father of two children twice and the car careened into a ditch and stalled. Anderson surrendered to state police without resistance. Anderson said he had had no previous record.

LEARNING THE TECHNIQUE OF BOOKBINDING is one of the jobs these two Scouts of Troop P-1 have set for themselves in order to earn a merit badge. Mrs. Agnes Pauline, librarian at the Dunning library, is shown here instructing the boys on the way to bind the books. The Scouts, left to right, are Bob Isbister, son of Mr. and Mrs. Russell Isbister, and Donald Carney, son of Dr. and Mrs. Elmore Carney. The work of Boy Scouts will be given national recognition next week during Boy Scout Week.

Rotary to Hear A. W. Marble

Albert W. Marble

Guest speaker for the Friday, February 5, meeting of the Rotary club will be Albert W. Marble, managing director of the Michigan Credit Union League, an association of state and federal credit unions. The meeting will be held at noon in the Mayflower hotel.

Marble has been managing director of the league for the past 10 years. He attended Wayne university in Detroit, and was employed with American Telephone and Telegraph from 1928 to 1944. Marble served on the Michigan Legislative Tax and Revenue Study commission in 1951. He is currently president of the National Association of Managing Directors.

Program chairman for the meeting is Lawrence E. Lyons.

COMMANDER RICHARD NEALE of the Veterans of Foreign Wars Post 6695 shakes the hand of Ray Creith, exalted ruler of the B.P.O. Elks No. 1780, after the Elks presented the V.F.W. Post with an American flag. The flag presentation ceremony was held on Sunday, January 31, at the V.F.W. home. The Color Guard then raised the flag on the staff in front of the home as a climax to the ceremony.

Property Tax Help Offered by Assessor

Time is getting short for the returning of property tax forms, City Assessor, Kenneth Way warned today. His statement also included an invitation to taxpayers to visit his office if there are any questions about the tax to be answered.

Next Wednesday, February 10 has been set as the deadline to return the tax forms. The assessor said that he would gladly answer questions pertaining to the method of determining values for real property, consisting of land and buildings and personal property, which includes inventory, furniture, fixtures and equipment used in conducting a business.

Personal property statements are easy to fill out, Way asserted. The tax forms were sent out some time ago.

There is one thing the average Plymouth man would rather see his wife wear than anything else, and that is a contented look.

SOCIAL NOTES

Jack Gage of Clemons drive left Willow Run Airport on Sunday morning for several days in New York City. While there he attended the stage production of "Kismet."

Mr. and Mrs. O. Rumpf and J. Rumpf of Plymouth were supper guests last week of Mrs. William Johnson of Wayne.

An informal piano recital was presented on Wednesday evening, February 3, by Mrs. Edith Honey in her home on Adams street.

Miss Rosamond Bairas, a freshman at Western Michigan college in Kalamazoo, is spending this week with her parents, Mr. and Mrs. Paul Bairas of Clemons drive.

Mr. and Mrs. Ralph Diedrick and daughter, Pamela Jane arrived in Plymouth Saturday evening from Fort Hood, Texas, where Mr. Diedrick has been stationed with the United States Army. They will make their home in Plymouth.

The Legislative Study Group of the A.A.U.W. met at the home of Mrs. R. B. Collins on Homer road last Thursday afternoon, January 28.

Mr. and Mrs. Charles McConnell of North Harvey street entertained their 500 club and their husbands at a co-operative dinner and cards last Saturday evening.

Mr. and Mrs. Melvin Guthrie and Mr. and Mrs. Lewis Litzenberg were Sunday evening dinner guests of Mr. and Mrs. Frank Conley in Birmingham.

Mrs. James Tomlinson was pleasantly surprised last Wednesday, January 27, when her husband, Sergeant James Tomlinson called her from Japan. Sergeant Tomlinson who is stationed in Korea with the 96th Field Artillery Battalion is in Japan for a rest and recuperation. Mrs. Tomlinson reports that she could hear him very clearly and that they talked together for six minutes.

Miss Hildur Carlson entertained at dinner on Friday evening of last week in her home on Sunset avenue. Guests included Miss Florence Gabelman, Mrs. Ed Meyers, Miss Mary Murray, Mrs. Florence Parrott and Mrs. Josephine Hammond. The occasion was Miss Carlson's birthday.

Mr. and Mrs. Ralph Diedrick were guests of honor at a family dinner on Sunday of last week given in the home of Mrs. Diedrick's parents, Mr. and Mrs. John Oldenburg. Guests attended from Livonia, Wayne and Detroit.

Mrs. Mae Ferguson of Gordon street is confined to University hospital, Ann Arbor, where she has been seriously ill. She expects to be there about two more weeks.

Mr. and Mrs. Lisle Alexander of North Mill street will be hosts at a family dinner on Sunday honoring Mrs. Florence Alexander of Northville on her birthday.

Mr. and Mrs. Herbert Kalmbach and family of Cleveland, Ohio, were the weekend guests of Mr. and Mrs. Donald Melow and family of Spring street.

Little Janeen Minoock has been spending the past week with her grandparents, Mr. and Mrs. Paul Wiedman of North Territorial road.

Mr. and Mrs. Ralph Lorenz will have as their guests Saturday evening in their home on Evergreen street, Mrs. George A. Smith, Miss Grace Stowe, Mrs. Norman Potter and Dr. and Mrs. Carl January.

Published every Thursday at 271 S. Main street, Plymouth, Michigan in Michigan's largest weekly newspaper plant.

Winter Scene

For all the Plymouth citizens basking on the warm sands of sunny Florida we are including a picture of what they left behind. A typical scene for this part of the country is shown here, complete with drifts, in the hopes of inspiring these vacationers with a touch of homesickness. Let us hope that this snowy trail does not scare them away completely, because everyone must admit that there is something very beautiful about a snow-covered landscape.

SOCIAL NOTES

Compensation Official Speaks At Safety Council

Fifty-two representatives from 12 of the leading industries in Plymouth and Livonia heard Vincent McAuliffe, deputy commissioner of workmen's compensation, speak Monday at the Plymouth Division Safety Council meeting.

Mr. McAuliffe explained the latest developments and changes in the laws regarding workmen's compensation. Several case histories and court rulings were told by the speaker. The meeting, a monthly affair, was held at the Mayflower hotel.

Many representatives asked about compensation procedures, liabilities of the employer and related questions.

Honored guests at the meeting were a group of industrial nurses from Burroughs corporation Evans Products, Barnes Gibson and Raymond and Whitman and Barnes. Jim Hogan, director of public safety in Livonia, and Dr. M. J. Franjac of Burroughs were also guests.

The Safety Council, although interested mainly in industrial safety, are also strong advocates of safety training in schools. It is their belief that the children in schools today are the employees in industries of tomorrow.

Harry Roberts, vice-president of the Plymouth Council, has selected several safety movie sound films from the council's library, which is perhaps the largest in the country, that will be shown to children in Plymouth schools within the near future. Arrangements will also be made to make this service available to Livonia schools.

Members of the Plymouth Council plan a group attendance at the Down River division of the council in Wyandotte in March and in May will attend the International Safety Night at the Elmwood Casino in Windsor.

Mrs. Lisle Alexander will be hostess tonight, Thursday, to her bridge club, in her home on North Mill street.

7,991 Boy Scouts have won awards for high standards of religious service.

Wendell Lent Serves on Men's Clothing Academy Panel

Wendell Lent of Davis and Lent has been selected to serve on the voting panel of the Brookfield Clothing Academy Awards, according to a recent announcement by Herman Soifer, president of Brookfield Clothes, Inc. The voting panel is comprised of over 400 top-level executives in all phases of the men's clothing industry and allied fields.

Honors are given for outstanding accomplishment in textile development, styling, journalism, retail promotion and labor-management relations.

Members of the Board of awards will nominate candidates for the various awards, and then the voting panel joins with the Board in casting closed ballots for final selection of the winners.

Awards will be announced at a formal dinner-dance in the Waldorf-Astoria hotel on Tuesday, April 27. Lent plans to attend the presentation.

Students Cooperate In Clean-up Drive

A campaign among junior and senior high school students to help keep the city clean brought high praise today from City Manager Al Glassford.

City fathers had appealed to school authorities some time ago to urge students to be careful where they threw waste paper, especially during the noon hour when hundreds of students walk downtown to lunch. Through the faculty and by initiative of the students themselves, the boys and girls have been cooperating nearly 100 per cent, the city manager said.

Several trash cans have been provided on the school ground and along Main street to aid the campaign.

PUBLIC LETTER BOX

THE FIRST POPPY

To the Editor:

I read in the last edition of the Plymouth Mail, under the local V. F. W. Post news the statement that "the organization was the first veterans group to sponsor the annual nation-wide sale of the memorial poppy. The first such sale was conducted in 1922."

I have no reason nor desire to quarrel with the V. F. W. but inasmuch as the statement was read by a large number of people I feel that the record should be clarified and if you care to print this letter, it would be very much appreciated.

The history of the memorial poppy from authentic records follows:

"The first instance of wearing poppies in honor of the war dead occurred in New York City, November 9, 1918, when Miss Moira Michael, of Athens Georgia, who was serving on the staff of the Y. M. C. A. Overseas Headquarters, distributed poppies to men attending the twenty-fifth conference of the Y. M. C. A.

"The poppy was first sold publicly on the streets of Milwaukee in connection with the reception of the Thirty-second Division, in June, 1919, and was sold by American Legion Posts of Milwaukee just before Memorial Day, 1920, for the purpose of securing funds for disabled veterans.

"At the inspiration of Miss Michael, the poppy was adopted as the official memorial flower by the Georgia Department of The American Legion in August, 1920. Georgia delegates were instructed to present a resolution to the Legion's National Convention in Cleveland that fall to make the flower the official memorial flower of the national organization.

"The poppy was made the memorial flower of The American Legion by the following resolution, adopted at the National Convention in Cleveland, September 27-29, 1920:

Whereas, a movement has been instituted to adopt the poppy as the memorial flower of The American Legion throughout the nation and

Whereas, out of this should come some symbol to perpetually remind us of, and to unflinchingly teach coming generations, the value of the 'Light of Liberty' and our debt to those who helped save it for us by paying the supreme sacrifice, and that we may not forget that 'In Flanders' Fields the poppies blow, between

the crosses, row on row'; therefore

Be it Resolved, by The American Legion in convention assembled, that the movement to have the poppy adopted as the memorial flower of The American Legion be endorsed; and Be it Further Resolved, that the National Convention adopt the poppy as the official memorial flower of The American Legion.

"When the American Legion Auxiliary was organized in Kansas City, in 1921, one of its first official acts was to make the poppy its official memorial flower. The first National Convention of the Auxiliary in Kansas City in October, 1921, adopted the following resolution:

Resolved, that the poppy be made the memorial flower of the American Legion Auxiliary, and the wearing of it by all citizens on Memorial Day be encouraged; and

Resolved, further, that its sale be promoted for the sole purpose of aiding in veterans' relief work."

Sincerely yours,
Lisle H. Alexander

Flames break through rear side of home

A battle against Michigan's geography can begin now that other battles have been won in the fields of engineering, finance and law.

The way was cleared late last month for the construction of a bridge across the Straits of Mackinac. Last year lawmakers approved a bond issue to finance submitted plans. In December investors agreed to provide the required money. Then legality of the bond issue was questioned. Supreme Justice heard the arguments; ruled the proposition Constitutional.

Much more than a convenient means for southern Michigan deer hunters to travel to Michigan's Upper Peninsula, the gigantic structure which will join the state's two great land areas holds new hope for north Michigan people.

"Immediate economic boom" was predicted by Cheboygan's Mayor John Werner. "As the number of tourists increases, the amount of gas tax will climb," predicts Arthur Michelin, vice president of the Eastern Michigan Tourist Association. "Visitors will spend more money on vacation trips and northern Michigan counties will get a larger return from sales and gas taxes which will benefit our schools and roads."

Construction operations, in themselves, will create a boom. About 1,000 engineers, divers, riggers and other workers will be required to move into the Straits area for an estimated three year building period. Wives and families of workers will swell the total still more. Their housing, school and living needs will tax available facilities. The dimes and dollars they spend will make pleasant additions to the area's cash registers.

Work is planned for eight months each year. December through March are considered unsuitable for most construction operations because of weather conditions. "Mountains" of materials are needed to complete the task. Designer David B. Steiman expects to use 85,000 cubic yards of concrete (enough to build 26 miles of two lane pavement, nine inches thick) to construct each of four massive cable anchorages. Total pull at each anchorage of the two cables supporting the main span is computed at 30,000 tons. Work should be complete by Nov. 1, 1957.

Design of the bridge was tested in the wind tunnel at Virginia Polytechnic Institute. It is planned to withstand a wind speed of 120 miles per hour, far more than the highest record wind of 78 mph., to carry a load equal to a continual line of heavy trucks about 50 feet apart on each of its four lanes; to resist an ice pressure of 65,000 pounds per lineal foot. When the longest bridge in the world spans Mackinac Straits, it will stretch over a distance of

some five miles. Height of suspension anchorages is 552 feet, higher than Detroit's Fisher building. Road level of the bridge is 148 feet above the water. Anchorages are bedded on solid rock, 85 feet below the water's surface.

The 3,800 foot suspension portion of the bridge is second only to the 4,200 foot distance over San Francisco Bay. Adding the length of the approaches, the Straits bridge will exceed by one half mile the four and one-half mile structure in California. It should last more than 100 years, according to its designers.

Cost of the bridge will reach nearly \$160 million including interest, according to present arrangements.

Construction cost at today's prices is \$80 million. The legislature approved, a bond issue of \$99,800,000 which includes money to handle the bonds and pay interest until revenue from toll charges can be collected. The balance represents interest until the bond issue is redeemed.

Toll rates will remain equal to present ferry costs for private automobiles according to present plans of the bridge authority. This averages \$2.78 per vehicle including passengers.

If there are increases, they will apply against commercial users. Reasoning is that truck operators will still save money because drivers will not have to wait for ferries as they do at present.

If crossings equal the expected number, toll revenue will meet the terms of the bonds and provide a balance to pay them off before the expiration date.

The present bridge authority consists of seven Michigan men who serve without pay. Chairman is Prentiss M. Brown, former U. S. senator and chairman of the board of the Detroit Edison company.

Other members are Mead L. Bricker of Detroit, former vice president of Ford Motor; William J. Cochran Jr., Iron Mountain, a General Motors distributor; Charles T. Fisher, Jr., president of the National Bank of Detroit; George A. Osborn, publisher of the Sault Ste. Marie Evening News; Murray D. Van Wagoner, Birmingham, former highway commissioner; Charles M. Ziegler, Lansing, present highway commissioner.

Their success represents the culmination of many efforts by many men over a long period of time.

Back in 1884, long before automobiles were invented, the Grand Traverse Herald became convinced that ferry service across the Straits would not satisfy U. P. needs. "Shall it be a bridge or a tunnel?" it asked editorially.

Since then there have been many attempts to join Michigan's peninsulas, including a PWA application in post depression days of 1935.

Ferris Mathias

Marine Pfc. Ferris D. Mathias, son of Mr. and Mrs. Ferris J. Mathias of 858 Blunk street, and the husband of Mrs. Joan E. Mathias of 671 Evergreen, all of Plymouth, recently returned to Camp Nara, Southwest Honshu, Japan, after participating with the 1st Battalion, 4th Marine Regiment, 3d Marine Division in a month-long maneuver.

At Camp Fuji, once a training ground for the Imperial Japanese Army, the Leathernecks ran through all types of field problems, beginning at squad level and building up to a regimental land assault. The month of field training was climaxed by a regimental-sized amphibious landing, the third such operation for the 4th Marines in Japan.

The camp is located on the eastern slope of famous Fujiama. The rugged terrain, overshadowed by the snow-capped mountain, is ideal for all types of combat training. The sacred Mt. Fuji, 12,395 feet high, is located about 70 miles west of Tokyo.

William Vincent

Second Lieutenant William L. Vincent, son of Mr. and Mrs. Alfred L. Vincent of 853 Ross street, Plymouth, was graduated from the Signal Corps Officers' Basic Course at Fort Monmouth in New Jersey on January 28.

The 23-year-old Lieutenant attended Michigan State college prior to entering the service in 1953.

Completing the four months' course in the Officers' Department of the Signal School, he is among 35 officers in the graduating class on assignment here from various posts in the country for communications training.

Some men are so stingy they never think of buying candy for their wives until said wives go on a reducing diet.

A western poorhouse refused to admit a man because he owned an auto. That's about like a hospital refusing to take a man in because he is sick.

OBITUARY

Sister Mary Beata

Funeral services were held Tuesday, February 2, for Sister Mary Beata, CSSF, in the chapel of the Felician Sisters' motherhouse in Livonia. She died Sunday, January 31, at the age of 73 years, of which she spent 54 years in religious life.

Sister Beata, the former Maryanne Kucharska, was born in Manistee, November 18, 1880. In 1897 she entered the Felician Sisters' juniorate in Detroit, and two years later was admitted to the postulate of the Congregation.

Following her first profession of religious vows in 1903, she spent 20 years teaching in parochial schools in Indiana, Michigan, Pennsylvania, and Ohio. She held the office of principal at St. Stanislaus School in Hilliards, Our Lady of Mt. Carmel in Wyandotte, and St. Joseph in Detroit.

Appointed in 1923 to the administrative council of the province, she performed the duties of secretary and mistress of religious ceremonies for nine years. From 1933 until a few weeks before her death, she remained at the motherhouse in Livonia, as mistress of ceremonies and community librarian.

During this time also, for a span of 15 years, from 1938 to 1952, Sister Beata taught weekend Christian Doctrine classes consecutively at the three nearby parishes, St. Michael, in Rosedale Gardens, Our Lady of Good Counsel in Plymouth, and Our Lady of Victory in Northville. Confined to bed in the past week, Sister Beata died early Sunday morning at 1:10 a.m.

Victoria Ashbay

Funeral services were held Monday, February 1 at 11 a.m. for Mrs. Victoria Ashbay who passed away Thursday, January 28 after a long illness. She was 50 years old.

Mrs. Ashbay, formerly of Detroit, has lived in this vicinity for the last 25 years. With her husband, Victor Ashbay she operated a restaurant on Ford road known as Ford Road Haven. Surviving besides her husband are her mother, Mrs. Rose Zalas, two brothers, Raymond and Edward Chestney, other relatives and many friends.

The Reverend William B. Abbott officiated at the services which were held at the Schrader Funeral home. The vocalist was Miss Marlene Chestney, accompanied on the organ by Mrs. Edna O'Conner. The pallbearers were Ben Radkas, Melvin Radkas, Leonard Reginek, Ralph Foote, Bert Zanders and Charles Hower. Interment was made in Cadillac Memorial Gardens.

Celia Schloff Ferreter

Mrs. Celia Schloff Ferreter who resided with her daughter, Mrs. Loretta Korte at 46601 Warren road, passed away very suddenly Friday morning, January 29. She was 79 years of age.

Besides her daughter, Mrs. Ferreter is survived by four grandchildren, Mrs. Marie Norman, Fred Jr., Donald and Melvin Korte, two great grandchildren, June Norman and Donald Korte, Jr. other relatives and many friends.

For the past 25 years Mrs. Ferreter has resided in this vicinity. Her former home was Redford. Since living here she became interested in the Farm Bureau and was a member at the time of her death.

The Rosary was recited Sunday evening, January 31 at the Schrader Funeral home at 8 o'clock. Requiem High Mass was celebrated by the Reverend Father Francis Byrne Monday, February 1 at 9 a.m. at Our Lady of Good Counsel church where Mrs. Ferreter was a member.

The pallbearers were Robert Waldecker, Ralph Burch, Sidney Eastin, Harry Brown, Walter Klinski and Frank Wittershein.

To Speak to Fruit Growers

Harry K. Bell, Extension Specialist in Small Fruits at Michigan State College, will discuss small fruits at 7:30 p.m. Monday, February 8, at the Wayne County Cooperative Extension Office, 3930 Newberry Street, Wayne.

Small fruits include the culture and care of strawberries, red raspberries, black raspberries, purple raspberries, blackberries, dewberries, currants, gooseberries, blueberries, cranberries and grapes.

Plymouth Firm Opens New Office

An open house event will mark the opening of a third office by the Plymouth Finance company of 274 South Main street. The new office at 19622 Plymouth road in Detroit opened to business on January 5, though the grand opening was not to be held until this Friday, February 5.

Myrn R. Smith, president of the company, opened the Main street office in January, 1947 expanding to Allen Park in September of 1949. Besides serving as president of the local concern, Smith is also secretary of the Michigan Consumer Finance Association.

Smith has named Harold R. Hafey to manage the new office. Friday's open house event will continue from 9:30 to 5 p.m. in the Plymouth road branch.

GOLF ANYONE? Scarcely a golfer's paradise is the Hilltop golf course in early February, when snow completely blankets the fairways. It does seem to have its advantages, however, for the snow does a good job of filling up the sand traps, and it also calms down the

rough. But balancing these rather dubious advantages, just think of how many balls you could lose. Like the groundhog, maybe those golf clubs should stay where they are for a while yet.

Lieutenant Governor Addresses Kiwanians

William Lambert, Kiwanis district three lieutenant governor, addressed members of the local Kiwanis club Tuesday evening at the Mayflower hotel.

Introduced by program chairman Norman Atchinson, Lambert dealt with Kiwanis education, stressing truth, loyalty and fidelity, and what they mean to a service club. Lambert is a member of the Strathmore club.

Plans for next week call for the Father and Son banquet. Red Hall of the Pfeiffer's Brewing company will be the guest.

When you rise in the morning, form a resolution to make the day a happy one to a fellow-creature.

There are 860,000 adult volunteer leaders in the Boy Scouts of America.

Joins Office of Dr. Rice

Dr. E. A. Rice, Plymouth chiropractor, announced this week that Dr. Leo Speer of Indianapolis had joined his office as an associate.

Dr. Speer is a graduate of Lincoln Chiropractic college of Indianapolis and was awarded a certificate of proficiency in clinical internship and x-ray spinography.

The offices of Drs. Rice and Speer are at 747 West Ann Arbor trail.

Dr. Leo Speer

GRANGE GLEANINGS

None of the members of the Grange need to be reminded that tonight is Grange night with the usual potluck supper which is always enjoyable with its good eats and good fellowship as well. You may enjoy the program which will follow the meeting. It sounds quite lively.

And be sure to come to the card party on Saturday night, February 6. Bring your friends and fill a table. There is always a nice crowd. Lunch will be served downstairs. The Lily club will meet on Monday evening, February 8, at the hall with Mr. and Mrs. E. Vealey, Mrs. Brodie and Mrs. Tiffin as the hosts. Bring cake, sandwiches or jello. Also invite your neighbors.

Pomona meeting will be held

on Tuesday night at Stoney Creek hall. The degree team will be working at this meeting.

Teachers Club Dines

Over 100 teachers, school administrators, employees and their guests attended a dinner of the Plymouth Teachers club held in the high school auditorium Tuesday evening.

The annual affair started at 7 o'clock with a dinner during which accordion music was furnished. Lawrence Livingston, school band director, led the group singing.

Square dancing took place during the remainder of the evening.

BIRTHS

Annual Carnival At Starkweather Saturday Night

Food, fun and frolic! All that and more, too, is in store for you if you visit the Starkweather Carnival this coming Saturday night at the Starkweather grade school. This annual event is being sponsored by the Parent-Teachers association, who have made elaborate plans to make this one of the most successful carnivals ever staged at the school. General Chairman George Caldwell states that all those who plan on attending are in for a most enjoyable evening.

A family supper hour will be featured to start the proceedings at five o'clock - this will consist of a choice of chili, hot dogs, pie, cake, ice cream and coffee. Those in attendance may also get a snack anytime during the evening.

The carnival committee has been busy preparing the amusements for entertainment, which include a game room, fortune telling, pie and cake walks, fun house, shooting gallery, pop corn and candy booths, and something new has been added this year - a fancy work display, where many choice pieces will be for sale.

Mr. Caldwell states that the profits from this gigantic undertaking will go toward providing certain equipment and enjoyable items for the betterment of the Starkweather school children.

Science can wipe out millions of germs, but it doesn't seem to be able to wipe out the television bug.

Mr. and Mrs. Robert Dubach of Lamont street, Livonia announce the birth of a daughter, Michele Diane, born at Session's hospital, Northville on January 15. She weighed seven pounds, seven and one-half ounces at birth. Mrs. Dubach is the former Jerry West.

Mr. and Mrs. Jack Young of Shearer drive are the proud parents of a son, William Donly born at Session's hospital, Northville, on January 27, weighing eight pounds, one ounce.

Mr. and Mrs. Harold Cochrane of 639 South Harvey street are announcing the birth of a son, Clifford Thomas, born at Session's hospital, Northville, on January 26 and weighing seven pounds, 11 ounces.

It's a girl for Mr. and Mrs. James Jones of 49899 West Six Mile road born at Session's hospital on January 25. The little miss who weighed only four and one-half pounds at birth has been named Sandra Kay.

Mr. and Mrs. Chester Lillis of 39750 Schoolcraft road, Plymouth announces the arrival of Linda Kay, born at Session's hospital, Northville on January 29 weighing six pounds, 10 ounces.

Come in and see our... MODERN NEW BUILDING

where service is better than ever

JACK SELLE'S BUICK, 200 Ann Arbor Rd., PLYMOUTH, MICH.

HERE'S a warm invitation to visit Jack Selle's Buick in its convenient new location at 200 Ann Arbor Rd. as soon as you can.

We want to show you our modern new service department, staffed and tooled to keep your car running its tiptop best. And we want you to pay an informal visit to our sparkling new showroom where, if the time has come to think of a new car, you'll find the stunning new Buicks are truly beautiful buys.

They're exciting cars, these 1954 Buicks—new as tomorrow in their fresh new styling, their longer, lower lines, their stepped-up power, their deft and gracious handling. In more than 50 years of building better automobiles, the Buick factory has never put forth finer cars than these.

For this is the year that every Buick boasts a V8 Engine under its hood—including a completely new V8 power plant to give new life and lift to the budget-priced SPECIAL.

This is the year that every Buick provides more generous room, richer comfort and a still further improved Million Dollar Ride.

This is also the year of a new Buick CENTURY with pace-setting performance that stems from its record-high power-to-weight ratio—of a new, more luxurious SUPER, and of a new ROADMASTER that is bigger as well as more powerful than ever.

We will be happy to show you these great new Buicks in your choice of spacious Sedans, gay Convertibles,

and sleek Rivieras. You have your choice also of two smart all-steel Estate Wagons that are "steals" at their bottom-of-the-line prices.

If you wish, we'll be glad to demonstrate Buick's Twin-Turbine Dynaflo®—the wonder drive that's so exceptionally quick on the getaway, quiet and smooth.

We'll also show you the wide range of today's latest features that Buick now offers as standard equipment or extra-cost options—such as Buick Safety Power Steering for all Series, improved Power Brakes, electrically operated controls for raising or lowering windows and adjusting the front seat in all four directions.

And be sure to ask about the down-to-earth delivered prices on these style-setting beauties—prices that make them the beautiful buys of the year.

Call on us at our new quarters soon. See how well we're prepared to take care of all your present and future car needs.

*Standard on Roadmaster, optional at extra cost on other Series.

Fire Destroys

(Continued from Page 1)

interior is gutted and the structure will probably need to be torn down. Flames did their worst damage in the rear of the home. Smoke was seen for miles and many spectators watched, stopped or drove by the home along the busy highway. The house is located just south of the Canton Center school. Firemen left the scene at 12:30 p.m.

The Plymouth city fire department sent a truck to the Plymouth township station as a "stand-by" during the absence of the township trucks. See pictures on page 4 of this sect.

Firemen climb to roof to fight blaze

First Degree

(Continued from Page 1)

was a track inspector and Savale a track foreman, both C & O railroad employees. The dispute allegedly arose over \$90 which Savale owed to Gonzales.

The two men were said to have started the argument in a Livonia tavern, during which Savale allegedly challenged Gonzales "to have it out." Later, the two men met in front of Gowman's Pharmacy, 31515 Plymouth road. Police Chief George Harmon said that Savale rested his shotgun on the roof of his car "to get good aim" and fired both barrels at Gonzales from 10 feet away.

Ricocheting shotgun pellets struck a woman witness in the face as she came out of the drug store. She was taken to Wayne County General hospital and given first aid.

Savale is being held in the Wayne county jail without bond.

Rose Auto Closes Dealership Here

Rose Auto Inc., local DeSoto-Plymouth dealership, closed the doors to its showroom this week at 684 West Ann Arbor road.

It was announced that Rose Auto, part of a concern with seven DeSoto-Plymouth dealers, is consolidating its facilities into four dealerships. The Plymouth dealership will be consolidated with the Cy Seymour company, 3377 Fort street, Lincoln Park.

No announcement has been made about the future of the Rose Auto building.

There are over 300 Scout Units organized for physically handicapped boys.

Water Survey

(Continued from Page 1)

and he cited the present case of Flushing, Michigan where their well system is failing and water must be hauled into the city. Commissioner Eleanor Hammond called it "unfair" to provide more outside water without assuring adequate local supply.

Commissioners spent over two hours reading and discussing the proposed new traffic ordinance which was drafted by City Attorney Harry Deyo. The ordinance proposed is similar to the one now used in Detroit. It is not too much different from the present Plymouth traffic ordinance except that it fills all the "loop-holes" which the present ordinance had. Plymouth has had to make additions to the old ordinance from time to time to fill in the gaps.

The reading of the 35 page proposed ordinance and discussion took until 11:05 when the meeting was adjourned. Second and final readings of the ordinance will take place at a future meeting.

Stanley Corbett, Plymouth electrician for the past 30 years and now planning to move to Florida following his retirement, submitted his resignation to commissioners from the electrical examining board and board of review. The commission approved the resignation "with regret." In his resignation, Mr. Corbett thanked the commission for their confidence in him shown through his appointment to the posts. Corbett is a former city commissioner and mayor of Plymouth.

A letter from Orson Atchinson, owner of Plymouth Taxi Service, was read to the commission in which Atchinson said that he was "sorry about the misunderstanding" which arose two weeks ago between his company and Plymouth police. He added that he did not know of the affair until he was called by the city manager the day following the commission meeting at which the situation was discussed.

It was reported to the commission at their last meeting that taxi drivers refused to pick up customers at downtown supermarkets because police were ticketing them for double parking. The situation was straightened out the following day when police and taxi officials decided upon stopping places where traffic would not be snarled with double parking.

Who's New In Plymouth

PLYMOUTH RESIDENTS SINCE NOVEMBER are Mr. and Mrs. LaVerne Olds of 336 North Harvey street. The Olds moved here from Dearborn because they wanted "to live where there was room to move around." The couple has three grown children, a son Roderick who resides in Livonia, a daughter, Mrs. Marguerite Kuly of Willow Run, and another son, Malcolm, now serving in the Navy. Mr. Olds is employed at the Plymouth post office, and Mrs. Olds works at Harry Ferguson, Inc.

SOCIAL NOTES

Mr. and Mrs. Clayton Kops and Mr. and Mrs. Lee Langkabel, all of Plymouth, attended the dinner given on Saturday of last week at Botsford Inn for a group of Michigan Bell Telephone employees.

Mr. and Mrs. George Chute will entertain eight guests at dinner Saturday evening in their home on Garfield avenue.

Reservations for the Presbyterian Women's Auxiliary luncheon on February 10 must be made with Mrs. David Mather, 2220 or Mrs. Don Searl, 1279-R before Monday February 8.

Mr. and Mrs. Herman Tritten, of Brethern, who have been visiting with their son, Jesse Tritten and family of West Ann Arbor trail, for the past two weeks, are visiting their son, Herbert and family in Oil City, Pennsylvania.

Mr. and Mrs. Evered Jolliffe returned to their home on West Ann Arbor trail on Sunday after spending the past six weeks in Hollywood Beach and Fort Lauderdale, Florida. The last week of their vacation they were joined by their daughter, Mrs. Robert Champe of Rosedale Gardens, who returned to Plymouth with them.

On Saturday evening, January 23, former neighbors of Mr. and Mrs. John Bloxson on Adams street surprised them at a house warming at their new residence on North Territorial road. About 35 guests enjoyed the potluck dinner and social evening.

The Church of God is sponsoring a rummage sale to be held at the Grange Hall on Friday and Saturday, February 12 and 13. Lots of children's clothing.

Miss Marian Miller spent her mid-semester vacation from the University of Michigan with her parents, Mr. and Mrs. Ewald Miller.

Mr. and Mrs. Charles Thelen of Beck road and Mr. and Mrs. Wilfred Thelen of Farmer street spent last weekend in Richmond where they attended a surprise birthday party honoring their brother, Leo Thelen.

The January meeting of the Allen Extension group met at the home of Mrs. Stanley Travis on Canton Center road on Thursday, January 28. After the business meeting a very interesting lesson on "Building Sound Attitudes in the Minds of Children" was given by Mrs. Harold Barnes. Dainty refreshments were served by the hostess.

Mr. and Mrs. Fred Ballen of Burroughs avenue were the Saturday evening dinner guests of Mr. and Mrs. Paul J. Wiedman of North Territorial road.

Mr. and Mrs. Ronald Pelley were honored at an open house last Saturday evening in the home of Mr. and Mrs. Harry Burleson on Ross street. Mr. and Mrs. Pelley were married in Angola, Indiana on January 16. Mrs. Pelley is the former Naomi Mischler of Plymouth. Over 100 guests attended the party honoring the young couple.

Joan Batten Plans Summer Wedding

Miss Joan Batten

Mr. and Mrs. Ernest Batten of 14253 Eckles road announce the engagement of their daughter, Joan to Airman Second Class, Herbert Anderson, son of Mr. and Mrs. Irvin Anderson of Sciota, Illinois. Mr. Anderson is stationed with the Headquarters 30th Air Division at Willow Run. A summer wedding is being planned.

BPO Elks Present Flag To Plymouth VFW Post

An American Flag was presented to the Veterans of Foreign Wars Post No. 6695 by the B. P. O. Elks No. 1780 at a ceremony at the V. F. W. home on Sunday, January 31, at 2 p.m. Ray Creith, exalted ruler of the local Elks club, made the presentation in the behalf of the organization.

The flag was accepted by Commander Richard Neale, who in turn gave it to Edward Kopenski and the Color Guard, who raised the flag. The bugle was played by John Gaffield.

Members of the Elks club attending the ceremonies were Donald Schifle, Esteemed Leading Knight; Harvey Shaw, Esteemed Loyal Knight; Warren Markle, Inner Guard; Godber Jackson, secretary; Thomas Argo,

chaplain; Joseph Elliott, Robert Ingram; Sidney Davison; Ben Weaver and Ray Danol.

In his presentation address, Creith stated that both organizations "have an intense devotion to our flag and both groups have many times in the past taken active part in the preservation and defense of all it represents."

Lincoln Banquet Guests to Hear House Leader

The Seventeenth Congressional District Republican Committee has announced that the Honorable Charles Halleck, congressman from Indiana and majority leader of the House of Representatives, will be the speaker at the annual Lincoln Day banquet. The event will be held on Saturday, February 13, at 6 p.m. in the Rosedale Evangelical Lutheran church, 15170 Archdale at Fenkell.

Halleck is an able speaker and one of the five most important men in the Congress. He is responsible for passage of the Administration program, so his message should prove important.

Because the space is limited, interested persons are urged to make reservations early. Tickets may be procured locally from Russell Daane, Harry Reeves or Mrs. Catherine Henderson.

Bernice McDonald To Be Summer Bride

Miss Bernice McDonald

Mr. and Mrs. Lawrence McDonald of Northern street announce the engagement of their daughter, Bernice to Charles Merryfield, son of Mr. and Mrs. Arthur Merryfield of Caster street, Plymouth.

A summer wedding is being planned.

August W. Pankow Has 90th Birthday

Observing his 90th birthday last Sunday, January 31, was August W. Pankow of 424 North Main street. Pankow has been a resident of Plymouth almost all his life, and has resided at the Main street address for the past 30 years.

Mr. and Mrs. Pankow were guests Sunday at a party in Northville given by their six children in celebration of Mr. Pankow's birthday. Their children are Mrs. Arlo Hauger of Northville, Mrs. Nettie Kincade, Levi Pankow, Clarence Pankow, Harvey Pankow, and Harold Pankow, all of Plymouth.

NOW IMMORTALIZED with a school dedicated to her name is Miss Edna M. Allen, 305 Arthur, a teacher in the Plymouth school for 32 years. Pictured is the auditorium portion of the half-million dollar Allen school on Haggerty road which will be dedicated next Sunday afternoon at 4 o'clock. The school is similar to Bird and Smith elementary schools with the exception of several improvements in design.

Robert Baileys Honeymoon in North

Mr. and Mrs. Melvin Clement of Livonia announce the marriage of their daughter, Carol Ann, to Private First Class Robert J. Bailey, son of Mrs. Marion Bailey of Herald street, Plymouth.

The young couple were married on Wednesday, January 20, in LaGrange, Indiana.

Following a short honeymoon in northern Michigan they returned to Plymouth. Mrs. Bailey will remain with her parents while her husband is stationed with the United States Army in Fort Sill, Oklahoma.

Madonna College To Hold Program

The public is cordially invited to attend a Press month program to be presented at Madonna college, Thursday, February 11. It will be held in De Sales auditorium at 7:30 p.m. Father Hubert A. Maino will deliver a lecture on the Catholic Press.

Father Maino is present editor of "The Michigan Catholic" where he has held this position since 1948. Previous to this, he was an assistant at several parishes and served as Army chaplain in Europe for five years. Originally Father Maino is from Jackson, Michigan.

At the Press program, Father Maino will announce the new editor of "The Madonna Herald" and distribute award pins to several members of the editorial staff. The new editor will in turn announce the new staff.

Delphine Pieczynski, retiring editor of "The Madonna Herald," will handle the evening program. The program is sponsored by the campus Press club.

Bartlett Mothers' Club Plans Box Social

The Bartlett school Mothers' club will hold a box social on Wednesday, February 10, at 8 p.m. at the school. All women in the Bartlett school district are invited to attend and join in the evening of fun.

Hostesses for the evening are Mrs. C. R. Eaton and Mrs. T. H. Stickney.

School Librarian To Address Holy Name Society

"A Galaxy of Catholic Authors" will be the subject of the address to be given by Patrick G. Butler, librarian of the Plymouth high school before the Holy Name Society of Our Lady of Good Counsel Catholic church at 8:15 p.m. on Wednesday, February 17, in the church hall at the corner of Arthur and Williams avenues. Because of widespread interest in the subject, all women of the parish are invited.

"Paradoxical as it may seem," comments Mr. Butler, "out of an age that will undoubtedly be known as one of barbarous materialism has come some of the most profound, most deeply spiritual, consummately artistic, literature of the last four hundred years."

Jacques Maritain is without doubt the foremost figure of our day in the field of philosophy. It would be difficult to overstate the effect on British thought of the works of Gilbert Chesterton and Hilaire Belloc. The present great quickening of religious fervor in France was set in motion by the challenging works of Leon Bloy, Francois Mauriac and George Bernanos. And who could say that the United States has not been influenced by Thomas Merton, Fulton Sheen and Karl Stern?"

Mr. Butler received his A. B. degree from Western Michigan college, and his M. A. degree from the University of Michigan.

Auxiliary Plans Flower Lecture

The Veterans of Foreign Wars Auxiliary, through community service chairman Mary Jane Schwartz, has planned a flower demonstration to be held on Wednesday evening, February 10. Curtis Crowell, Dearborn Florist, will begin his talk at 8 p.m. in the V. F. W. home across from Arbor-Lill.

Crowell will particularly touch upon the use of flowers in valentine and television arrangements. A graduate of Michigan State college, Crowell recently demonstrated arrangements before the Southeastern Michigan Florist association.

Tickets are available at the Linda Lee shop, Bartel's florists, Heide's greenhouse, Sarah's and Lov-Lee beauty shops, or by calling 1111-M12.

Refreshments will be served.

Viviens to See Travel Films

Sarah Lickly, local high school instructor, will discuss her travels in foreign lands before members of the Viviens at their meeting tonight, at 8 p.m. at the Elks temple. Miss Lickly will also show pictures of her trip through Spain and Portugal last summer.

Chairman of the refreshment committee for the evening will be Mrs. Norman Atchinson.

On Friday, January 29, the Viviens took a Greyhound mystery trip, which took them to Windsor. The 35 persons attending had a wonderful time.

A box social in conjunction with members of the B. P. O. Elks at the Elks temple has been set for Saturday, February 13.

BAD WEATHER

could mean a bad—and costly—day, if you or someone in your family should accidentally injure someone, resulting in a damage suit. An Ohio Comprehensive Personal Liability Insurance policy protects you from expensive lawsuits. The cost is low.

Is the secret of cancer locked in this cell?

Cells like this . . . along with several other types . . . make up the human body. And upon these microscopic bits of living matter medicine's most powerful research weapons are focused.

Why? Because the secret of cancer is believed to be locked within the cell itself. When science eventually learns why cells suddenly cease growing normally—and revert to wild, uncontrolled growth—then cancer may cease to be a mystery.

Fortunately, we don't have to wait until these innermost secrets of life are known, to do something about cancer. For doctors today are saving about one in four cancer patients. Moreover, the American Cancer Society estimates that this cure rate could be increased to two in four—without a lot of further knowledge—if patients would report symptoms in time to receive prompt, thorough treatment.

Luckily for us, nature usually sends out certain warning signals. Sometimes they mean cancer—more often they do not. But if you notice any of the following symptoms—tell your doctor at once!

- 1 Any sore that does not heal
- 2 A lump or thickening in the breast or elsewhere
- 3 Unusual bleeding or discharge
- 4 Any change in wart or mole
- 5 Persistent indigestion or difficulty in swallowing
- 6 Persistent hoarseness or cough
- 7 Any change in normal bowel habits

The importance of early diagnosis and treatment cannot be overemphasized should any of these symptoms appear; for despite the fact that there is still much to be learned about the disease, there is much your physician can do to control cancer now. Remember—in your physician's hands, you're in good hands.

First Church of Christ Scientist

Sunday morning services, 10:30 a.m. Sunday school, 10:30 a.m. for pupils up to 20 years of age. The wholly spiritual nature of effective prayer which overcomes sin, sickness, and sorrow, will be set forth at Christian Science services this Sunday.
Selections from the Authorized King James Version of the Bible and correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy comprise the Lesson-Sermon entitled "Spirit."
Scriptural texts include the following words of Christ Jesus from John: "The hour cometh, and now is, when the true worshippers shall worship the Father in spirit and in truth: for the Father seeketh such to worship him. God is a Spirit: and they that worship him must worship him in spirit and in truth" (4:23 the, 24).
The following correlative citation from Science and Health by Mrs. Eddy will also be read: "To enter into the heart of prayer, the door of the erring senses must be closed. Lips must be mute and materialism silent, that man may have audience with Spirit, the divine which destroys all error" (15:9).

Film to be Shown At First Baptist

The month of February, designated "Missionary Emphasis Month" at the Plymouth First Baptist church will feature during the 7:30 Sunday evening service the noted film "To Every Creature!" Startling, authentic missionary film produced in color and sound by Dr. Irwin A. Moon at Moody Institute of Science. The film presents on-the-scene shots and music direct from South America and Mexico. Featured are actual experiences of missionaries who suffered great hardships and narrowly escaped death. "To Every Creature" portrays many of the difficulties faced by frontier missionaries, also explains how the effectiveness of missionaries can be multiplied many times, through modern marvels of transportation and communication, and through specialists trained to operate and maintain these marvels. One dramatic episode shows how the Institute is helping meet this challenge through training missionary technical specialists, skilled in flying, radio communications and photography. A monkey, killed cooked and eaten, the making of a deadly liquor and a witch doctor in action are other unforgettable parts of this challenging film. Included in the month of Missionary Emphasis will be such speakers as Dr. Lester Knox, China, - Miss Pechous, Gleiss Memorial Center, - Reverend O'Neal Ireland and Reverend Ralph Karney, Michigan Rural Missions. The Missionary Emphasis program is arranged to include each Service of the church, Sunday morning, evening and the Midweek service throughout the month.

Episcopalians Attend Convention

The one hundred-twenty first Diocesan convention of the Episcopal Diocese of Michigan and the Women's convention were held concurrently at the Masonic temple in Detroit on Wednesday, February 3. The opening service of the convention was held on Tuesday evening at St. Paul's Cathedral, Detroit, with the Right Reverend Russell S. Hubbard, D.D., Suffragan Bishop of the Diocese and Missionary Bishop Elect of the Diocese of Spokane, Washington, as the preacher. Bishop Hubbard will leave for his new work immediately after the convention. The official delegates from St. John's church to the Diocesan convention, in addition to the Reverend David Davies, were Frank Henderson, Walter K. Sumner and J. W. Cheetham. The alternates were Harry J. Christensen, LeRoy Hull and Ernest W. Ebert, Jr. Delegates to the Women's convention were Mrs. Harry J. Christensen, Mrs. James E. Hardimon, Mrs. Alice Keeth and Mrs. Arden Sackett. On Wednesday evening a Diocesan Family dinner was held in the Crystal Ballroom of the Masonic temple. Following the dinner Bishop Emrich presented silver crosses to some men and women who have given outstanding service to the Diocese. Also a farewell gift was presented to Bishop and Mrs. Russell S. Hubbard. A fine delegation was in attendance from St. John's parish at this dinner.

LOOKING OVER AN AWARD PLAQUE is J. Fred VanDyke, who was among 43 insurance men honored recently with the title "Man of the Year." VanDyke was chosen by his company, the Mutual Life of New York, to receive the honor, and thus was a guest at the Annual Man of the Year Dinner put on by the Life Agency Management Association of Detroit at the Detroit Athletic club on January 26. VanDyke, who resides at 9585 Joy road, is employed with the O. Embry Moats agency.

WAYNE DUNLAP, (right) conductor of the Plymouth Symphony orchestra is being greeted by George Szell, conductor of the Cleveland orchestra in Severance Hall, Cleveland, at the opening of the Cleveland Orchestra Conductors' Workshop held in Cleveland early last

month. Thirty conductors from all over the country attended the workshop, which was sponsored jointly by the Cleveland Orchestra and the American Symphony Orchestra League.

SOCIAL NOTES

Mrs. Otto Beyer of North Mill street spent the weekend with her son-in-law and daughter, Mr. and Mrs. T. L. Sullivan at White Lake.

Miss Mary Murray entertained a group of ladies at dinner last Friday evening at the Mayflower Hotel in celebration of her birthday. Miss Murray was pleasantly surprised when a beautiful birthday cake was presented to her during the dinner.

Miss Kay Dobbs is spending her mid-semester vacation from Western Michigan college at Kalamazoo with her parents, Mr. and Mrs. Edward Dobbs of Pennington avenue.

The Sunshine Club will meet Wednesday, February 10, with Elizabeth Worth, with Thelma Rockwood as co-hostess.

Mr. and Mrs. William Sliger of Palmer avenue spent the weekend at Kellogg Center in East Lansing where Mr. Sliger attended the annual Michigan Press Association meetings.

Tom and Melvin Guthrie, students at Albion college, spent several days of their mid-semester vacation at Caberfae Ski lodge near Cadillac, Michigan. They are the sons of Mr. and Mrs. Melvin Guthrie of Newburg road.

Mr. and Mrs. Clyde Smith of Newburg road and Mr. and Mrs. Henry Grimm, Jr. of Wayne road returned to their homes last Saturday after vacationing for four weeks in Melbourne, Florida. They also visited in Homestead and St. Petersburg.

Mr. and Mrs. L. F. Martin of Martin's China Shop have returned from Chicago, Illinois, where they attended the china, glass and gift show.

Mrs. Alfred West has returned from Englewood, Florida, to be with her daughter, Mrs. Robert Dubach and new granddaughter in Livonia. Mrs. West will return to Florida in about three weeks.

Mr. and Mrs. Jack Gage of Clemons road were the Saturday evening guests of Mr. and Mrs. Carl Hartwick of Northville road.

Mr. and Mrs. Nelson Bakewell of Adrian were overnight guests on Saturday of last week in the home of Mrs. Bakewell's mother, Mrs. Minnie Bakewell of South Main street.

Mrs. Clarence Schuler of Blunk street and her sister from Traverse City have returned after attending the funeral services for another sister in St. Catherine, Ontario, Canada.

SEE OUR LARRO

3-D POSTER!

ONLY ONE OF ITS KIND . . .

3-D transforms a jumble of line into sharp focus. And new 3-D is sweeping the nation. But this may be your only chance to see 3-D in large poster size. Nothing like it ever before.

Larro SureChick will transform those baby chicks of yours into sleek, rugged pullets . . . actually grow them 10% faster on 1 lb. less feed! Order Sure-Chick now.

Club to Hear About Farms in Belgium

The Rosedale Gardens Branch of the Woman's National Farm and Garden association will have a potluck luncheon on February 9 at noon in the clubhouse. The regular meeting will start at 1:30 p.m.

Joan Pierce, international farm youth exchange delegate to Belgium in the summer of 1953, will be a guest at the meeting. She will show colored slides of farm and community life in Belgium. Miss Pierce spent four months with Belgium farm families learning to know their culture and customs by becoming an intimate part of their families. Mrs. Ruth Bishop is program chairman.

WAYNE 5978

By Les Wilson

With air travel as commonplace as it is, we will offer a few tips this week on how to make effective use of your equipment from "up there."

Box cameras as a rule aren't completely satisfactory. More versatile cameras are better able to cope with problems of speed, altitude, air stability and atmospheric conditions. Generally, the best spot for picture taking from an airliner is a seat to the rear, away from the wing. For shots of an airport on takeoff, a seat on the left of the plane is necessary as usual air field procedure routes traffic in a counterclockwise pattern.

The problem of focus is a simple matter in aerial photography—set the lens at infinity and forget it. Haze, however, is often a problem which creates low contrast negatives in black-and-white unless corrective steps are taken. If color shots are desired, a filter is usually a must to counteract the veiling effect of haze which is always present to some degree.

It seems new advances are being made every day and manufacturers of PHOTOGRAPHIC SUPPLIES have come up with gadgets that compensate for any unfavorable condition. For UP TO THE MINUTE Cameras, Film and Darkroom Supplies, come to 821 West Ann Arbor Trail. We also do expert camera repair work.

Why not lay away a handsome new camera now . . . to give to your special beau or sweetheart for Valentine's Day? We have a wide selection of the finest, nationally known makes—in a range of prices to fit your budget.

PLYMOUTH'S CITY MANAGER, Albert Glassford (right) is shown discussing the agenda for the sixth annual City Managers Institute held last Wednesday through Friday at the University of Michigan. Pictured with Glassford are Clarence E. Ridley of Chicago (left), executive director of the International City Managers'

association, and Harold K. Schone, City Manager of Oak Park. The meeting was sponsored by the U. of M. Institute of Public Administration in cooperation with the Michigan Municipal League and Michigan chapter of International City Managers' association.

SOCIAL NOTES

Mr. and Mrs. Ralph J. Lorenz of Evergreen street were hosts at dinner and canasta last Saturday evening to Mr. and Mrs. A. K. Brocklehurst and Mr. and Mrs. Frank Terry.

Miss Ada Daggett has been confined to her home on Ann street for the past week because of illness.

Mr. and Mrs. Stanton Klink and Lowell Sweeney were the Saturday evening guests of Mr. and Mrs. Lyle Sweeney of Livonia.

Little Barbara Johnson of Wayne spent last week with her grandmother, Mrs. O. Rumpf in Plymouth.

Hamilton Searfoss has returned to his home on West Ann Arbor trail after being confined to Session's hospital, Northville, for several weeks.

The program of the Livonia Gardener's Club for February 10, will be movies on "Yours is the Land" and "A Travel Picture Through Switzerland."

Derald Spears, who is stationed at Fort Knox, Kentucky, is spending his furlough with his parents, Mr. and Mrs. Hamilton Searfoss of West Ann Arbor trail.

CARE Packages Can Be Handled Through Local Railway Express

Care packages may now be ordered at your local Railway Express office, states Leonard Millross, agent. As a contribution in public interest, Railway Express will take orders for CARE at their principal offices.

Through CARE's person to person, on-the-spot service one can reach orphaned children, the hungry, the TB afflicted, and give to them the life-sustaining aid of food, warm blankets and clothing material.

Your donation, continued Millross, can literally save a life or enable them to help themselves to fight poverty, to combat disease, to defeat illiteracy, and to secure freedom.

Over 1/2 of the world's people are constantly hungry.

More than three fifths of the world's people are sick.

More than four fifths of the people in underdeveloped areas cannot read or write.

In Europe over 14 million escapees, refugees and displaced persons are striving to start new lives.

These are the CARE packages available for Korea and further defined to other points.

Korea food - 34 pounds meat, rice, flour, sugar, etc., \$10.00;

Korea food - 16 pounds skim milk powder, butter, beef, and gravy, \$4.00;

Korea blanket - a new warm woolen blanket, \$7.00;

Wool suiting - 3 yards of woolen suiting, enough for complete suit, \$10.00;

Underwear - four suits of long underwear, 3 pair long stockings and 5 pairs of socks for the violent Korean winter, \$10.00.

Knitting wool - all the material and needles for sweaters, caps, gloves, etc., \$10.00; Cotton good quality, strong material for clothing, \$10.00; Teacher's suiting - 6 yards of all wool suiting, \$20.00; Twin sweater set - one orlon knit cardigan and one 100 per cent virgin wool pullover, \$7.50; Blanket - woolen (general relief only), \$4.00; Agricultural hand tools, \$7.00; Plow, \$10.00; Elementary Korean student kits, \$4.25; Secondary Korean

student kits, \$6.50; Athletic equipment package, \$46.00.

These packages can be sent to Austria, Pakistan, Norway, Benelux, Yugoslavia, Philippines, Britain, West-Germany and Berlin, Finland, Greece, France, India, Italy, Israel, Korea, Japan and Okinawa.

For further complete information about programs, projects or self-help packages, write to CARE Self-Help, 660 First Avenue, New York 16, New York.

Begin Delivery of New City Directory Here

Distribution was made this week of the newest Plymouth and Northville City Directory, published by the R. L. Polk company.

The directory is a volume listing 10,024 names in Plymouth and Northville and on the surrounding rural routes.

Special features of the directory include the designations of owner-occupied, rented homes and places of business having telephones, and short stories about Plymouth and Northville.

Classified pages are also included in the new directory.

ANOTHER MILESTONE marking the rapid growth of Livonia as a city was the opening of the National Bank of Detroit's completely modern permanent Plymouth-Deering office on Monday, one of the bank's three offices in Livonia. Everett W. Adams, branch manager, is shown talking with National Bank of Detroit vice president Richard D. Mange, Floyd A. Kehrl and Henry T. Bod-

man. Mr. Kehrl is in charge of the Penniman office in Plymouth and is a member of the Livonia-Plymouth Advisory Committee. Mr. Bodman is a general vice president of the bank. They were among the hundreds of Livonians who inspected the bank's new quarters during "Open House" last week.

To Open School for Blind in Taylor Township

The second nursery school for the visually handicapped in the nation is now being organized in Taylor township, for the benefit of blind children within a 225 mile radius. The only other school of this type is in Los Angeles, California. The school is open to children from two and one-half to seven years of age. The purpose of the school is to teach cooperative living and to prepare the children for enrollment in public school Braille classes. A tentative opening date of February 22 has been set. Classes will be held in the St. Paul's Reform church, on Goddard road west of Telegraph. The group plans on the eventual construction of a resident school so that

children from greater distances can be accommodated. Further information on the nursery school may be obtained from Mrs. Ricker, 6801 Jackson, Taylor township.

The school, to be known as the Penrickton Nursery School for the Visually Handicapped, was founded by Mrs. Lillian Ricker. Classes will be taught by a speech therapist and a special education teacher. Charges will be based on the parents' to pay. Our grandmothers may have had removable hair and teeth, but they didn't have to wash off their complexion before they went to bed.

Civil Defense Office Discusses Disaster Work

Further preparation for disaster aid was made at the last meeting of the Plymouth township Office of Civil Defense, Thursday evening, at the township hall. Fifty interested men and women attended the meeting.

William Seibert, Civil defense co-ordinator for Wayne county, described equipment known as radio net to be used in case of disaster. This would link one community with another if an emergency should arise. He also described different warning devices as set forth by the federal government.

Barney Preo, chief air raid warden of Detroit, told of plans

made by the Detroit O. C. D., setting forth what protection there is against possible atomic attacks. He stressed the necessity of making early plans for that protection and for evacuation from vital areas.

Mr. St. Clair, representing Burroughs, Dr. Bentley, the medical profession, the Reverend Merton Henry, the clergy, Ernest Henry, the City of Plymouth, and Robert Houghton, in charge of school buses, all pledged cooperation with authorities, should the need arise.

Vaughn Smith was appointed chief of auxiliary with instructions to select assistants.

Dr. Lichter, chief of Wayne County doctors on civil defense, has appointed Dr. Frederick Bentley as head of the medical profession in this area in the case of disaster. This is also through the Office of Civil Defense.

Earnings of the Philtower Building in Tulsa, Oklahoma, help maintain the 127,000 acre Philmont Scout Ranch near Cimarron, New Mexico, used for high adventure camping. Both were gifts of Waite Phillips.

Cub Scouting, started in 1931, now has over a million boys enrolled.

FISHING PALS. A. R. (DUTCH) WEST and C. V. Dennis are the first two Plymouth residents interviewed by The Mail's Florida reporter whose series on local residents and their activities in the sunny south starts this week in the CHIPS column elsewhere in this issue. While it isn't possible to find all of the Plymouth residents vacationing in Florida an attempt will be made to picture as many of them as is possible in the next two weeks.

Junior High, Frosh Bow To Trenton Cagers

The Trenton junior high and frosh teams emerged victorious in both games against the local teams at Trenton last Thursday afternoon. The Rock junior high five lost out by a close 17 to 15 score as they were held without a basket during the entire second half-making only two free throws. The Frosh also were ahead at the half, but faded after intermission to lose 48 to 44.

In the first game the local seventh and eighth graders were all tied up at the end of the first stanza, and had earned a 13 to 11 lead at halftime. Trenton went into the lead by one point, 16 to 15, at the end of the third quarter, and had one free throw in the last stanza—the latter was the only point made in that last quarter by either team.

Walaskay was high for Plymouth with 5 points, Steckney had 4, Jordahl 3, Knipchild 2 and Barraco 1 point. They counted on 7 of 12 foul shots.

In the Frosh game, the locals were ahead until the third quarter when Dick Mans put Trenton ahead with his eight points that period. Jerry King and Ken Calhoun led Plymouth with 15 and 11 points respectively. Cliff Tait had 8 while Ron Markham and Bob Jenkins had 5 each.

The Frosh cashed in on 12 of 25 foul shots. Tomorrow Redford Union plays the two teams here in a double-header beginning at 4 p.m. Earlier in the season the Junior High lost while the Frosh won over at Redford Union.

Junior Varsity Downs Trenton

The Plymouth junior varsity basketball team reversed an earlier loss to the Trenton JV five, last Thursday night when they handed the Young Trojans a 45 to 35 defeat. In the early-season contest the Rocks had led all the way only to be edged-out by four points in the final minutes. In the game last week the local cagers jumped to an 8 to 5 lead in the first quarter and maintained it throughout the contest. This win gave the JV's a 7-3 record for the season, and a 3-3 record in 6-B play.

Tom Ferguson again led his teammates with 16 points, followed by Henry Bonga with 13, Jack Carter with 10, Linden Mills with 4 and Dick Davidson with 2. Jim Sullivan played a brilliant game for Trenton and scored 22 points—all but 4 of them coming on long shots. Young Sullivan was one of the best long shot artists seen on the local floor this year.

The local five made good on 7 of 19 free throws, while their opponents connected on 5 of 11 charity tosses.

Tomorrow the JV's tangle with Redford Union at the latter school and will be seeking revenge for a 39 to 30 loss handed them on the home floor a few weeks ago.

Swim Meet Tonight: No Adult Swimming

Because of the dual swimming meet this evening between Plymouth high school and the University of Michigan high school team there will be no adult swimming in the local pool. The swim meet begins at 8 p.m.

The Scout movements of eight nations are directed by native leaders who were trained at the Boy Scouts of America's school for professional leaders at Mendham, New Jersey.

SPORTS

SPORTS FLASHES

from The Sporting News by J. G. Taylor Spink

Eddie Stanky, a veritable man in motion this winter, has wholesome respect for Brooklyn's National League champions, writes Bob Broeg in The Sporting News, but—and this may come as a surprise in some ports of call—the manager of the Cardinals predicts a seven-club pennant race in 1954.

"That's because there's inferior pitching in the league," Stanky said while omitting only Pittsburgh from possible contention.

"Where there's unproven pitching, there's little difference between the first and second divisions," Eddie maintained, "and the only reason I'm omitting the Pirates is because they've got less than the rest of us."

Stanky respects Milwaukee's staff, but not Brooklyn's, despite the return of Don Newcombe from a two-year Army hitch.

"All right," he said in The Sporting News, "Let's say they've got two fine starters in Newcombe and Carl Erskine. The old Preacher (Roe) is on the way down and Billy Loes—well, he's like our Stu Miller, unpredictable."

SAPERSTEIN SAYS OFFENSE KILLING BASKETBALL

Abe Saperstein, the man who took aim and hit the pot of gold in basketball, thinks it's time for big changes in the sport to keep it from killing off customers, according to a story in The Sporting News.

"The game," mourns the owner-coach of the Harlem Globe-trotters, "is losing in crowd appeal. It's growing by leaps and bounds as a sport. I mean there now are more teams and more players. But spectator appeal is slipping badly."

He noted that a recent Saturday night college twin-bill at Madison Square Garden drew fewer than 2,000, according to a newspaper report. He has some constructive suggestions, among them the restoration of the jump ball after each basket.

He accuses basketball of creating entirely too much offense. It must have both, he contends in The Sporting News story, offense and defense to remain interesting and competitive.

THIS AND DATA FROM THE SPORTING NEWS

Bobby Thomson has led the New York Giants in home runs (says Dave Grote) for five straight years—1949 (27), 1950 (25), 1951 (32), 1952 (24) and 1953 (26). To top it off, the Staten Island Scot is a pretty good outfielder... Ken Staples, rookie catcher on the Brooklyn roster, was a good enough hockey player to be offered a contract by the Chicago Blackhawks in 1945. With Roy Campanella in front of him, maybe Ken regrets he didn't go with the Hawks... Gabe Paul, general manager of the Reds, recently made a round-trip by air to St. Louis, where he dickered with Dick Meyer, general manager of the Cardinals, for eight hours, attempting to make a major player trade but without success. So that the trip would not be a complete loss, Gabe arranged for the transfer for cash from the Reds to the Cardinals of Lefthander Niles Jordan and Righthander Dick Bokelmann from Columbus to Tulsa of the Texas League, also for cash.

More shorts from The Sporting News points out that the Washington Senators hit only ten homers in 77 games they played in Philadelphia... and that Ted Williams was the lone Red Sox player to hit a home run in Washington last year... that Dom DiMaggio, who may wind up with the Chicago White Sox this season, according to The Sporting News, remarked recently that Ted Williams has "probably about one more good season left."... that Jerry Priddy, now manager of Seattle in the Pacific Coast League would like to have Satchell Paige on his club... That Duquesne's starting five on the basketball court represents four states. Ricketts and Iezzi are from Pennsylvania, Tucker from Kentucky, Green from New York and Winograd from New Jersey.

Ford presents two new deep-block engines

Ford's new 130-h.p. V-block V-8

This brand new Overhead-Valve V-8 has an extra-deep block which makes it resemble a "Y" in cross-section. This new deep-block design means greater rigidity for smoother, quieter performance... longer engine life. Other features which make this engine a long-lived, smooth, savingful performer are: new low-friction (short-stroke) design, Free-Turning Overhead Valves, new 5-bearing crankshaft, and new high-turbulence combustion chambers.

Ford's new 115-h.p. I-block SIX

Like the new V-block V-8, this engine has Ford's deep-block design for greater rigidity, longer engine life. Also, like the V-8, you get Ford's modern manifolding, low-friction design, high-turbulence combustion chambers, and Ford's Automatic Power Pilot. One advantage of both new engines is an amazingly flat "torque curve" which gives you top pick-up power through the whole range of driving speeds.

You are cordially invited to come in and Test Drive the

'54 Ford

Check the extra dividends in the '54 FORD

Your Ford Dealer invites you to inspect and Test Drive Ford's new dividends for '54. You'll find new, smooth-riding, easy-handling Ball-Joint Front Suspension... a new, stronger frame... 5 optional power assists*... beautiful new styling, inside and out. They're all reasons why Ford's the one fine car in the low-price field.

*Available of extra cost.

Sport Glances

by "Professor" Edgar Brown

That 6-B League basketball race is really becoming scrambled isn't it? Three teams are battling it out for the crown, and the fourth place team, Plymouth, can't be counted out of the race despite three losses. Those three losses were to the three leaders away from home, and it makes a difference playing on a large floor and a small one as Trenton found out the other night when the Rocks beat them here after nearly doubling the score on the same team over at Trenton. Belleville, in fifth place, also has a team that can cause a lot of trouble on their own floor as Bentley found out last week as the Tigers upset them at Belleville. Allen Park is the only team with one loss now, but they lost two of their best players last week, and shouldn't prove too serious from now on, even though that slow control-type play employed by them will cause trouble on any court.

Plymouth could even tie for the crown yet if Bentley wins over Trenton at Trenton. Allen Park loses to Trenton and Bentley, and Plymouth defeats Bentley at home—providing the Rocks don't lose any more games. It is going to be mighty interesting from here on in. The team that can suffer no more than two losses will win it outright, and if the best team loses three games there will be a tie for the championship.

The high school swimming team has yet to win its first tank meet since the sport was inaugurated last year. Sports fans must remember that Plymouth never had a swimming team, or a place where young people could gain much practical experience in swimming, until the new pool was opened last year.

It takes time to develop swimmers, and some of those youngsters taking advantage of swimming lessons, and the pool during the summer months will be top-flight swimmers in a few years. Too, Plymouth meets much larger schools as many of the smaller ones do not have pools—when one competes against such schools as Highland Park, Fordson, Ann Arbor, Ypsilanti and Birmingham, who have had swimming for years and are all Class A schools, a newcomer in the sport cannot win many meets. Have patience, Plymouth swimmers will have their day in the not too distant future.

It is most gratifying to note that the serious after-game misconduct has not reached the disgusting proportion here that it has in certain instances in Detroit. There may have been some oral bantering back and forth, and some light skirmishes, but nothing serious. However, that is no reason to believe it couldn't happen here.

I believe that much of the rowdiness after athletic contests elsewhere has been the result of a few discontented students and alumni, who haven't been "well-grounded" in the basic principles of fair play. In some schools the spirit of winning at all costs is instilled in the athletes, the fans, and others while the thought of losing is unforgivable and unpardonable. It seems to me that students, athletes and fans should be taught how to lose graciously as well as to win the same way. I have made this remark many times in this column.

A team should play to win, to give everything possible to achieve that goal, but it is for sure that both teams cannot emerge the victor, so the loser should be ready to admit defeat and not make excuses for the loss. I believe that it takes as much "intestinal fortitude" and courage to lose a contest, in athletics or in the game of life, as it does to win. If a person can come back and try to win the next bout that is the important thing. Our young people should be taught how to win, how to lose, and to play to win, but not be disgraced if that is not possible.

Kenneth Kisabeth closed out his athletic competition in grand style against Trenton the other night. Kenny counted 19 points to lead his mates to victory. Young Kisabeth holds the scoring record at the high school for both a single game and the season—last year he established these as he broke Wally Dzurus' old records. He will now be playing for the Capitol Shirts five, who are currently leading the Men's league.

Plymouth Plays "Spoiler" In 42-37 Win Over Trenton

The high school cagers played one of the best games of the season last Thursday night as they upset first-place Trenton 42 to 37 to knock the down-river school out of a tie for first place. This was the Trojans' second straight loss, and the Rocks gained revenge for the humiliating defeat handed them in an earlier game at Trenton.

The Rocks started right at the beginning with a sure-fire attack and were never headed during the contest. The defense did a grand job of "bottling-up" big Art Boyd, 6 foot 9 inch center who has led the Trojan attack all year, and held the tall one to a meager 7 points. Without his offensive threat, Trenton could not get anywhere.

Kenneth Kisabeth played his last game for the Blue and White and had his best night of the season. Kenny scored 19 points on 7 buckets and 5 free throws—12 of them coming in the first half to give Plymouth a 7 point lead at intermission time. The winners maintained this margin and added one more point to it by the time the fourth quarter began, and then protected that lead by good defensive play during the last quarter.

Plymouth was better at the free throw line than their opponents as they gathered in 12 points out of 19 attempts in this manner. Trenton was successful on 9 of 17 chances.

Those scoring points aside from

Kisabeth's 19 were Bob Middleton with 10, Jerry Kelly with 6, Gary Gothard with 4 and Dick Day had 3 points. Dale Brubaker led Trenton with 18 points.

Tomorrow Plymouth journeys to Redford Union for a return engagement with the Panthers. The Rocks won the first contest here in rather easy fashion 57 to 32.

The bowlers with the Clover Television service team of the Women's House League at Arbor-Lill were "on the ball" Monday evening when they rolled 860 points for the team high single game. The team average for Clover Television is 706.

The women also raised the Team High Three Game score from 2288 to 2395. The team competes with seven others in the league at Arbor-Lill.

Bowlers for the Clover team are O. Thorpe, E. Cook, J. Buttermore, B. Riley and M. Robinson.

Every married man in Plymouth knows he can make a hit with a neighbor by telling her she bakes the best cake in the world, and he also knows better than to let his wife find out that he said so.

Allen Park Tops League

A good defensive is the best offense according to many followers of sports — this goes true to form as far as the 6-B League race is concerned. Allen Park has allowed the fewest points to be scored against them this season and is at the top of the heap, even though they have scored next to the fewest points in the league. The other teams who have held the opposition down on defense follow in order in the tight league race.

Plymouth has scored the most on offense, but is fourth in the standings, and fourth in defense.

The big game of this week is the one between Bentley and Trenton at Trenton. The latter beat Bentley on the Bulldogs' home floor by two points earlier in the season. Allen Park plays Belleville, while Plymouth journeys to Redford Union.

The scramble for first place is still just that with four more games to go this season. Any one of the first three teams could win it outright, or there is an outside chance that any one of the first four teams could share the title.

In games last week, Belleville handed Bentley a surprise lacing at the former place 41 to 39; Plymouth also surprised Trenton in downing them 42 to 37; while Allen Park won handily over Redford Union 47 to 21. Allen Park lost two of its best players in Smith and McNew, while Plymouth will be without the services of Kenneth Kisabeth by graduation.

The standing at the present

Tait's Can't Stop Capitol Quintet

Capitol Shirts grabbed a more firm hold on first place in the Men's Basketball league with a second win over their nearest rivals, Tait's Cleaners, 48 to 40 last Wednesday night out at Bentley high school. This win gave the leaders an 8-0 record in league play while Tait's holds second place having suffered two losses.

Beglinger Olds bounced back last week to win two games — one from First National Bank played at Livonia, the other from Lightfoot Heating played at Plymouth. In the latter game, the losers jumped off to a 15 to 4 lead in the first quarter, but couldn't hold it and faded fast during the second half. Bob Carlson paced the winners with 18 points closely followed by Bob Breen with 16. Bud Lanphear had 12 for the losers.

Box Bar won their second game of the season when they came

out on top in their tussle with Ford Local 182 by a score of 51 to 34. Rex Mahor and Bob Meyer led the winners with 11 points each. Harris also had 11 for the losers.

Tonight First National plays Tait's Cleaners at 8 p.m., and Box Bar goes against Lightfoot Heating at 9:15 at the local high school. Beglinger Olds competes against Tait's Cleaners at Bentley next Wednesday with Capitol Shirts playing LaFontaine there also.

The standings as of Wednesday, January 27, are as follows:

TEAM	W	L
Capitol Shirts	8	0
Tait's Cleaners	6	2
LaFontaine	4	3
Beglinger Olds	4	5
Lightfoots	3	4
First National	3	4
Box Bar	2	6
Ford Local 182	0	8

Ahh! TASTES JUSTA LIKE DE BROCCOLI IN SUNNY ITALY!

Take a tip from Tony and treat your family to Kroger's

FRESH BROCCOLI WITH ANTONI SAUCE

DIFFERENT! DELICIOUS! ECONOMICAL!

THE SECRET OF SHORT COOKING!

To serve broccoli at its bright-green best, be sure to cook it in a small amount of boiling water. Cover and cook till tender... and only till tender. Serve at once... with the easiest and most tempting topping you've ever tasted:

ANTONI SAUCE

Add 2 tablespoons lemon juice to 1 cup salad dressing. Heat and pour over fresh-cooked hot broccoli. To make topping: Melt 2 tablespoons butter, add a dash of garlic salt, and 1/2 cup dried bread crumbs. Heat and toss together till lightly browned. Sprinkle over-sauce on top of broccoli. Take it to the table with your head held high. The folks will love it.

Kroger

KROGER FRESH BROCCOLI
When broccoli was first introduced in America it made an immediate hit, although it cost about \$2.00 a bunch. Kroger brings you the finest and the freshest... Large Bunch **23¢**

Northville Club Hears Discussion By Sam Hudson

At their regular meeting on January 27, members of the Northville Optimist's club heard Sam Hudson of Plymouth and Dave Vincent, Plymouth high school junior and president of the Plymouth Junior Achievement

"Lite Products" company, explain the work of the J. A. unit sponsored by the Evans Products company.

Hudson, advertising manager of Evans Products and an advisor in the local J. A. movement, was introduced to the meeting by D. B. Lawrence of Northville, assistant sales manager of Evans' Heating & Ventilating division.

Club members heard Hudson explain the J. A. movement's purpose, its origin and its growth. He pointed out that there is a \$40,000 Junior Achievement scholarship fund. He also spoke briefly on the selection of products for J. A. manufacture and distribution.

Dave Vincent spoke briefly on some of the very real manufacturing, production and sales problems encountered in his unit's

venture into the manufacture and sale of television lamps, the product they chose to make and market.

Pressure increases sharply as the ocean descends. At four miles down, for example, ocean water crushes with a weight 640 times that of the atmosphere, or four and a half tons to the square inch. Man can stand little more pressure under water than 65 pounds to the square inch.

Largest of the world's seas is the Malay Sea, with 3,144,056 square miles. The Caribbean, 1,667,762 square miles, and the Mediterranean, 1,145,156 square miles, rank second and third.

Over 300,000 volunteer leaders in Scouting took training courses last year.

Men in Service

James Phalen

Army Private First Class James Phalen, son of Mr. and Mrs. William Phalen of 220 Ann street, Plymouth, is serving with the 187th Airborne Regimental Combat Team in Japan.

The team is currently undergoing intensive training as part of the United States forces guarding the Japanese islands.

A rifleman with Company G, Private First Class Phalen entered the Army in January 1953 and was assigned to the 187th last July. He holds the Combat Infantryman Badge and Korean and UN Service Ribbons.

Life is a funny thing. A couple Plymouth men have a fight and are the best of friends afterward. But just let a couple of women try it.

PLYMOUTH TOWNSHIP FIRE DEPARTMENT added a 1,000 gallon water tank and pumper truck to its equipment list last week. The \$12,000 truck is pictured here during a grueling three-hour test at Wilcox lake last Thursday afternoon under the supervision of factory representatives. Chief Bud Holmes reports that the new truck will bring the water carrying capacity of the three-

truck department up to 2,200 gallons. The truck is manufactured by the Michigan Firetrucker division of the Niles Steel company. It is capable of delivering 800 pounds of water pressure. Replaced by the new truck is a small truck which carried 600 gallons of water but was not a pumper.

4 African Lobster Tails
1/4 cup butter or margarine
1/2 cup sliced mushrooms
1/4 teaspoon paprika
1/4 teaspoon dry mustard
1 tablespoon minced parsley
1 tablespoon lemon juice
1 1/2 cups medium white sauce
4 tablespoons grated cheese
Cook mushrooms in butter. Add cooked, cubed lobster (see below) and heat. Add seasonings, lemon juice and white cheese. Pour into greased casserole, sprinkle with grated cheese. Bake in hot oven (400 degrees F) 10-15 minutes, or until cheese melts and browns. Serves 4-5 people.
To cook tails just drop into boiling salt water and cook slowly, don't boil. Allow 15 minutes if thawed; 20 minutes if frozen. Cut open lengthwise, remove thin undershell with scissors. Remove meat and cut into cubes.

INTO THE ARMY AND OUT AGAIN together were the five Plymouth men pictured above. They all enlisted from Plymouth in January, 1951, received their basic training at Fort MacArthur, California, and eventually served with the 370th Amphibious Engineers in the Panama Canal Zone. Three were stationed at Fort Davis in the Canal Zone and the other two at Fort Sherman. Then last month all five received their discharges and returned home to Plymouth. Looking over a map of the Canal Zone are, left to right: Bill Joyner, 11345 Eastside Drive; Dick Burden, 143 Union; Jerry Fallot, 112 Union; Bill Stout, 216 North Harvey; and Dick Farwell, 169 Adams.

National Bank Opens New Office For Livonia Area

Livonia's most modern, largest bank opened Monday with Livonia, Detroit and adjoining suburban bankers and businessmen agreeing: "It is a tangible expression of faith in the future of Livonia."

The new bank is another step towards fulfilling the pledge of National Bank of Detroit to provide every banking service and convenience for Livonia when it merged with the Plymouth banks in 1952. The new building occupies a site adjacent to the temporary building which has served the banking needs of the district for the past year. Ground will be broken for another new building to replace the temporary bank office at Grand River and Eight Mile road, which, with the Plymouth-Cranston office, provides three National Bank of Detroit offices in Livonia.

combines beauty and practicality and it includes all the most modern equipment, facilities and protective devices. A large parking lot, drive-in windows and night depository are available.

Everett W. Adams will be manager and Edwin W. Bodinus assistant manager. Both have served in similar capacities in the temporary office, but the staff and personnel of the new office will be double the temporary office force. The bank held Open House Thursday and Friday prior to the opening Monday and among those greeting old and new customers were the bank officers from Detroit, from Plymouth, Wayne, Garden City and Inkster where the bank has offices, and many of the members of the Advisory committee composed of: Russell M. Daane, Charles L. Finlan, Cass S. Hough, Carson W.

Johnston, Floyd A. Kehrl, Harry Larsen, Harry O. Mohrmann, John L. Olsaver, Victor H. Petschulat, Ernest S. Roe, Edwin A. Schrader, Clifford W. Tait, Jack E. Taylor, Paul J. Wiedman and Jesse Ziegler.

Plymouthites Entertain At Northville Hospital

Miss Mary Lou Hartwick, 14354 Northville road, and her accompanist, Jon Brake, also of Plymouth, entertained in the Northville Hospital auditorium on Saturday, January 30. This was the second musical program this couple has presented for the patients, who have been most enthusiastic on each occasion.

Miss Hartwick brought her college friend, Miss Elyse Conte, of Athens, Greece, on the visit. Both attend Alma college.

Cherryhill News

Mr. and Mrs. George Farwell will entertain at a co-operative dinner and evening of cards Saturday in their home on Adams street for Dr. and Mrs. Elmore Carney, Mr. and Mrs. William Arscott, Mr. and Mrs. H. Wood, Mr. and Mrs. John Henderson, Mr. and Mrs. Edward Dobbs and Mr. and Mrs. O. H. Williams.

Unit I of the W.S.C.S. is sponsoring a family night at the church Wednesday night, February 3, beginning at 7 p.m. with a pot-luck supper after which Mr. and Mrs. Depew will show pictures of their trip through the West.

Mrs. Eleanor Buchner spent Sunday with Mr. and Mrs. Russell Trowbridge.

Mr. and Mrs. Fred Heidt and family were dinner guests of Mr. and Mrs. Walter Wilkie on Sunday.

Unit I of the W.S.C.S. will sponsor the Father and Son banquet Wednesday evening, February 17 at the church. A good program is being planned. Everyone welcome.

Mrs. Eleanor Buchner will entertain her Pinochle club Wednesday afternoon.

Mr. and Mrs. George Dunstan and Caroline were Sunday guests of Mr. and Mrs. Art Bunting of Pontiac.

Mr. and Mrs. George Farwell will entertain at a co-operative dinner and evening of cards Saturday in their home on Adams street for Dr. and Mrs. Elmore Carney, Mr. and Mrs. William Arscott, Mr. and Mrs. H. Wood, Mr. and Mrs. John Henderson, Mr. and Mrs. Edward Dobbs and Mr. and Mrs. O. H. Williams.

Girl Scout News

Troop 1, leaders Mrs. Sheldon Baker and Mrs. Hugo Russell divided into four patrols on Monday January 25 with each group visiting a Brownie troop to teach songs and games to the younger girls. Brownie troops 7, 17, 18 and 20 were visited.

Troop 4 had as its guest Mrs. J. H. Lodge on Tuesday, February 2. Mrs. Lodge conducted a class on First Aid on hikes. The importance of the visit of the x-ray unit to Plymouth in the near future was stressed, also. Mrs. Lodge, a nurse at Maybury Sanatorium, urged the girls to advertise the arrival of the unit to their parents and adult friends.

An overnight camp-out at the Girl Scout cabin was a highlight of the past week-end for members of Troop 5 and their leaders, Mrs. H. D. Jensen, Mrs. J. R. Witwer and Mrs. Wm. Congdon. As a special guest was the troop's newest member, Eulaine McCorkle of Ann Arbor. A polo victim, "Corky" was accompanied by her social worker, Miss Elizabeth Watkins. Other guests at dinner were troop committee members Mrs. Peter Schipper, Mrs. Lester Reddeman and J. R. Witwer.

Troop 18 reports that Karen Kops is not one of our Brownies any more. Shirley Meyers has taken her place. Christine Baker, Joan Nagy and Sharon Woods came to our troop meeting and taught us songs and games.
by Helen Otwell, Reporter

Twelve members of Troop 22 enjoyed a visit to the nurse's office at the Daisy Manufacturing company. The nurse, Miss Alvera Wenger told the girls about the injuries and illnesses she encounters at Daisy and how she treats them. She also showed an example of applying simple first aid by caring for a scratch on the arm of one of the members. The leaders of Troop 22 are Mrs. Gerald Hosier and Mrs. Fred Berry.

There will be no swimming on Saturday, February 6. It will be held at the usual time on February 13.

The Boy Scouts of America has Local Councils in Japan and Germany to serve sons of American personnel stationed there.

Plan Conference On Mental Health

Governors and mental health officials throughout the country will attend a three-day conference beginning February 8. Representatives from groups such as the American Psychiatric Association and the American Association of Psychiatric Social Workers have also been invited by Governor Dan Thornton, Colorado, conference chairman.

Governor G. Mennen Williams will give the opening address on "The Responsibility of the States in the Field of Mental Health." Others who will speak at subsequent sessions include Dr. Harvey Tompkins, Director of Psychiatry and Neurology, Veterans Administration, Frank Bane, Executive Director of the Council of State Governments, and Dr. Winfred Overholser, Superintendent of St. Elizabeth's hospital, Washington, D. C.

On February 10, Northville State hospital will play host to the group. Displays and exhibits of the hospital treatment program will be set up in the lobby. Tours of the buildings have been arranged by the hospital's public relations committee. Abraham Brickner, psychiatric social work supervisor, is chairman and his committee will be assisted by the American Red Cross Gray Lady service, including Mrs. Lorraine Barbour of Plymouth.

A movie recently released by the Michigan Department of Mental Health entitled, "It's a Big Problem," will be shown in the auditorium, followed by a special luncheon in the hospital cafeteria under the direction of A. A. Brewer, Director of Food Service.

According to Dr. Phillip N. Brown, Medical Superintendent at Northville State hospital, it is expected that this conference will be well attended. Mental illness is one of our major health problems which is primarily handled on the state level.

Chamber Directors Name New Officers

Don Burleson of Dunn Steel Products company and L. B. Rice, manager of the local AAA office, were elected to new offices created on the Chamber of Commerce board of directors. Burleson has been elected second vice-president and Rice will be the board's secretary.

The executive secretary, Nat Sibbold, had previously served as the board's secretary. Terms of the newly-created officers will expire at the end of the year.

I know a fellow who is such a good salesman that when he dies he will try to sell St. Peter a card-index system.

Chips from the ROCK

The first stop, after a two-and-a-half-day motor trip of 1351 miles of your travelling Florida reporter, was at Englewood. Here under the shade of hundreds of graceful palm trees we found three Plymouth residents in one of the most inviting trailer camps ever visited. Each was more than comfortable in his mobile home and a more friendly collection of people from all over the country could never be found.

The pioneer Englewood resident from Plymouth was Colburn V. Dennis (pictured below) who made his first visit to Englewood in 1938. When we were directed to his house on wheels we found him comfortably seated in one of the two comfortable, folding canvas chairs which are placed between his car and his trailer. Here he was relaxing after finishing his morning housework while making up his mind whether to fish or join the members of the Liars club for a midday talk fest. The Liars club, for our readers' information, consists of a grouping of several wood benches where trailerites gather to exchange stories and tales, and who should we find presiding over this unusual gathering place but Dan Wells of Northville who retired from the Training School several years ago.

Not satisfied with spending all his time fishing or at the Liars club was Glen Penny (pictured above) whom we found on the edge of town where he was clearing an acre of land he recently purchased. He hopes to develop this and sell four building sites for new homes. While a bulldozer was pushing dirt from the edge of a creek, which runs through the middle of the land, we found him leaning on a tree ready with his axe to help with the job.

One Plymouthite we missed in Englewood was farmer Gus Eschels who apparently was away at the time of our visit. However, life in Englewood is interesting and for one who loves the things from the sea, good fellowship and companionship, we believe we can say this would be the spot.

The town itself is very small, located about a 100 miles south of St. Petersburg on the Gulf of Mexico. It has many things to offer. Development of the area is being pushed by a New York Vanderbilt through whose charity many of the residents gain unusual opportunities. For instance, he was dissatisfied with the personnel in the schools and he told the board of education to hire the best teachers they could find and he would see that their salaries were paid! Little wonder that the small town of Englewood has the highest paid teaching staff of any school in America.

Of interest to fishermen of Plymouth is the fact that these neighbors of ours are able to wade out in the sea and gather their own oysters at will. When they go fishing they seine their own shrimp for bait and often select the larger of their catch for a supper delicacy. According to "Dutch" anytime during the next few days the shrimp run will be on and during that time they dip shrimp in the creeks much the same way as we dip smelt in Michigan.

In their boats in Lemon Bay they catch sheepshead, trout, red fish and snappers, and in case the fish are not biting that day the commercial fishermen always have mullet available. In two weeks' time last winter the commercial fishermen netted 160,000 pounds of mullet, and "Dutch" watched two boats come in one evening with over 3,000 pounds each on board.

Don't for a minute think that fish is all that there is at Englewood... beautiful tomatoes... like those from your garden... are now on the market for 50 cents a peck! Oranges, grapefruit and home garden treats are available at mid-summer prices. In fact, a few blocks from the trailer park a 700-acre field is being readied for the planting of watermelons... oh well... that's Englewood and we must move on...

TWO SPECIAL REQUESTS... Colburn Dennis wants his son to know he is fine and he hopes things at the Canton Center store are in good shape... "Dutch" West wants wife Mae to know he is getting along fine alone and his Brothers Four that it will be a long time before he comes home!

About 30 palms away we visited the cozy mobile home of Mr. and Mrs. A. R. West where we found "Dutch" batching it while his wife was making a short visit back up north to assist with the chores attendant on the birth of a new grandchild. Cooking for the first time in his life, he was happy and asked that we let his wife know that he was getting along just fine with the stove and the ice box.

As you might expect we found Dutch getting ready for a trip in the bay where he spends much of his time, as do all the rest of the Plymouth colony, fishing for food for their tables. Each has his own boat anchored but a few feet away in the parks own "cut" which provides easy access to any one of the many fine fishing grounds in the area.

ROGER BABSON Says

BABSON DISCUSSES FUTURE CITIES

New Boston, New Hampshire. Whether or not you and I will live to see World War III, I am convinced a revolution will take place in the location of factories.

CROWDED PARKING AND MORE FIRES

As the development of good roads followed the increased operation of automobiles, so the decentralization of factories will follow the increased nuisance of parking. Parking facilities are as inadequate and the parking problem as unsolved today as was the highway problem when we had only dusty, dirt roads. Parking lots may be only a temporary solution. The real answer is moving factories into rural sections and having the cities take in these suburbs.

Another serious problem is loss by fires. These are tremendously heavy and costly today. Fire, occupancy and business insurance are great helps, but these cost money. Such insurance protects us against our own losses; but not against the constantly increasing total fire loss. This can be accomplished only through more fire-alarm boxes, more sprinkler systems, better construction and "housekeeping." What with all these we must finally resort to more decentralization.

EMPLOYMENT PROBLEMS

Every year more up-to-date manufacturers are operating schools for training employees. To compensate for increased wages and meet competition employees must be better trained. The first cost of such training seems high to old-time employers; but it pays by reducing turnover. One of the best investments which a corporation can make is in the finding and training of seriously-minded young people for its organization.

Most of the Factory Schools and the college, public and private engineering schools are in cities. As a result, they attract mostly "city" young people, who too often have led "soft" lives and are not so likely to make ambitious employees. As a rule, better trainees can best be secured in the rural schools surrounding a city, where boys are trained to work and save in the home. These young people usually make the best workers.

EVERYONE HAS AUTO

In view of the above, I forecast that even before a factory leaves a big city and moves out into a rural section it may have its training school in a rural or suburban section, rather than in the center of a big city where the factory is now located. This would enable the factory to attract and train country young people. A few years ago this would have been impracticable because of lack of transportation; but today almost every boy with any mechanical ability has a second-hand car. In fact, if a boy has not ingenuity enough to fix and operate a car, he is not the kind of a boy that the school wants. Such a program would later bring better young people into our cities as employees. It

would also relieve some pressure now on the public trade schools giving mechanical instruction. Thus the cities and the factories, the surrounding rural, country and its young people would all benefit.

BENEFIT THE CITY

Anything which helps solve the parking problem for a city ultimately helps the city. It may, therefore, help cities to have certain factories move out into the country. Cities are intended to be great shopping centers. This means that we should favor the merchants and their stores in every reasonable way—good roads, plenty of parking space, low taxes, and friendly people. Public schools dependent upon taxes could well afford to train the students to be courteous under all conditions.

How a combination of cities and rural sections will be brought about I do not know; but it seems inevitable. All large cities and their surrounding small towns have their usefulness. They should cooperate more for the joint good of all. By so doing we will have better cities and better towns.

Tailor-made for The home of today!

Favorite Recipes From Plymouth's Kitchens

Yum Yum Salad

Widely recognized as one of Plymouth's best cooks is Mrs. Loren Goodale of 196 Hamilton street. Mrs. Goodale, who has won many prizes for her cooking, now does catering locally from her shop at 737 Maple.

The recipe given here won a prize in a contest on WJR years ago. The salad then was featured on the menu of the French Village restaurant for a week. Mrs. Goodale also won two grand championships in cooking at State Fairs, which entailed entering all the different categories.

Mr. and Mrs. Goodale have four children, with three still living at home. Barbara, Beverly and Loren, Jr. all say that "Mother's cooking is tops."

Yum Yum Pineapple Salad

- 2 cups crushed pineapple
- 1/2 cup water
- 1 package lemon flavored gelatine
- 1 cup grated American cheese
- 1/2 pint whipping cream
- 2 tablespoons finely chopped celery
- 2 tablespoons finely chopped pepper
- 1/2 cup mayonnaise
- Few drops onion juice

Dissolve the gelatine into the crushed pineapple and water which have been heated. When the mixture begins to set add the cheese, then the cream that has been beaten stiff. Mix thorough-

Mrs. Loren Goodale begins preparation of her Yum Yum Pineapple Salad.

ly. Put into a mold and let set until firm. Cut in slices and serve on lettuce with a dressing made from the mayonnaise, celery, green pepper and onion juice. The salad will serve from 10 to 12.

For saving or trying to save life, 124 Boy Scouts were honored in one year for heroism by the National Court of Honor of the organization.

Conservation Series Begins on Wednesday

The first of a series of free Conservation lectures and films will be held on Wednesday, February 10, beginning promptly at 7:30 p.m. in the Plymouth high school auditorium. The series is under the auspices of the Adult Education department and the Western Wayne County Conservation association.

Topic for the first of the series is "Game Management in Michigan" with the accompanying film "Web of Life." Guest speaker for the event will be Merrill L. Petoskey, district game supervisor for the Conservation department.

Petoskey received his Bachelor of Science degree from Michigan State college in 1943 and his Master of Forestry degree in 1947. He served three and one-half years during World War II in Europe, and recently, two years during the Korean War with the military rank of captain. He is a member of the Wildlife Society, the Society of American Foresters, and a member of the Professional Forestry Honorary fraternity, Sigma Xi.

The conservation series, which will last for five weeks, is open to the whole community. No special enrollment for the series is necessary.

In the succeeding weeks lectures will cover "Southeastern

Michigan: 10,000 Years Ago and Now" on February 17; "Conservation Education: Not A Schoolhouse in Sight," February 24; "Responsibility of the Community Toward Its Natural Resources," March 3; and "Your Outdoor Michigan," March 10.

Organ Owners Organize Club

Chord organ owners in this area met at Grinnell's in Ypsilanti on Monday evening, January 25, for their monthly meeting. The class portion of the meeting was conducted by Dick King.

It was decided at this meeting to organize a Chord Organ club and temporary officers were appointed. Hugh Williams of Belleville will be acting president and Mrs. Richard Daniel of Plymouth will serve as secretary.

Others from Plymouth attending were Mr. and Mrs. David Cell and Mr. and Mrs. William Epps. Following the meeting refreshments were served.

Since 1910, more than 21,000,000 boys and men have been members of the Boy Scouts of America.

Madonna Sister Receives Honor

Sister M. Raynelda, CSSF, head of the English department at Madonna college, was nominated to the Honorary Membership in the International Mark Twain Society. She will receive the Certificate of Honorary mem-

Toronto Symphony to Be Heard in Ann Arbor

The Toronto Symphony orchestra, under its distinguished conductor Sir Ernest MacMillan, will be heard in Ann Arbor for the first time, Wednesday, February 10, at Hill auditorium.

Sir Ernest MacMillan is renowned throughout the world of music. He received his Bachelor of Music degree from Oxford university at the age of 17, and had appeared as guest conductor of the B. B. C. in London, the N. B. C. orchestra of New York, the Philadelphia orchestra, and many others throughout the United States and Canada.

A varied program has been planned.

bership which is one of the most valued and important awards which the Society has to bestow. This membership is not available to the general public, but is conferred on an author in public recognition of his contribution to literature.

The award was given to Sister Raynelda for her dissertation entitled "The Patristic Influence on Chaucer," which revealed that this fourteenth-century English poet was greatly influenced by the Church Fathers, especially by St. Augustine.

Sister Raynelda was granted the Doctor of Philosophy degree at the Catholic University of America last June. She received the degree with English as major, and Latin and American literature as minors. She received her Bachelor of Arts degree at the University of Detroit and her Master's Degree at the University of Notre Dame. At present Sister Raynelda teaches English courses at Madonna college.

Proclaim Boy Scout Week

WHEREAS, February 8, 1954 is the 44th Anniversary of the founding of the Boy Scouts of America, chartered by the Congress of the United States, as a program for all the boys of America, and

WHEREAS, the Boy Scout program has affected the lives of over 21,000,000 American boys and men since 1910, and now has a national active enrollment of 3,300,000, and

WHEREAS, the Detroit Area Council, Boy Scouts of America, marks their 44th Anniversary with a mammoth Exposition in May 1954, and

WHEREAS, this same Council is now engaged in a "Friends of Scouting" Campaign, designed to extend its program to more American boys of every race, color or creed,

NOW THEREFORE, I, Russell M. Daane, Mayor of the City of Plymouth do hereby proclaim the period of February 7th to 13th as "Boy Scout Week" and urge our citizens to express appreciation to the volunteer Scout leaders in churches, schools, P.T.A.'s, veterans' associations, fraternal groups, service clubs and other community groups which sponsor 1,212 Cub packs, Scout troops and Explorer units of our Council with an all-time record membership of 60,168 Scouts and leaders.

Russell M. Daane

Section 4

Many of the Nation's Leading Men Once Were Affiliated with Boy Scouts

The three programs of the Boy Scouts of America—Cub Scouting, Boy Scouting and Exploring—contain many opportunities for boys to develop leadership ability.

Members select their own leaders and those who advance to greater responsibility often train the boys who succeed them. In these leadership opportunities the boy faces a widening and deepening of his own thinking. He trains himself so that he can take over additional duties, while taking part in a program that gives him fellowship, personal progress, adventure and opportunities for service to others.

During Boy Scout Week, February 7 to 13, the organization will honor its volunteer adult leaders.

Boy Scout leaders proudly point out that 15 members of their National Executive Board, which supervises the management of the organization now 3,300,000 strong, were Boy Scouts or leaders in Scout Troops.

Since 1910, more than 21 million persons have been identified with the Boy Scouts of America. Many have become leaders in their communities. Some hold the highest elective positions in the nation and others are leaders in their respective vocations.

Victor Ridder, New York publisher, and Frank L. Weil, New York attorney, both active in Scouting over 40 years, are veteran members of the National Executive Board. Both led Boy Scout Troops in the earliest years of the organization.

Secretary of Agriculture Ezra Taft Benson was an Assistant Scoutmaster and Scoutmaster from 1918 to 1929. Kenneth K. Bechtel of San Francisco, a Vice President of the National Council, is a Scout from 1916 to 1919. He is President of the Industrial Indemnity company.

Leonard K. Firestone of Los Angeles, President of the Firestone Tire and Rubber company of California, became a Scout in 1919 and E. J. Thomas of Akron, Ohio, President of the Goodyear Tire and Rubber company, became a Scout in 1913 and later was an Assistant Scoutmaster.

William H. Pettridge of Chicago, Executive Vice President of "Popular Mechanics" Magazine, became a Lone Scout in 1918. A year later Frank C. Rand, Jr., Sante Fe, New Mexico business executive, became a Scout.

Dr. William C. Menninger of Topeka, Kansas, General Secretary of the Menninger Foundation, has an outstanding record in Scouting. He became a Scout in 1911 and achieved Eagle Scout rank. He was Scoutmaster eight years, Skipper of National Sea Scout Flagship "Kansan" six years and Cubmaster of Pack 607 for five years. During World War II, as a Brigadier General, he was Chief Consultant in Psychiatry in the Office of the Surgeon General.

Another board member who was an Eagle Scout is William D. Campbell of Southern Pines, North Carolina.

Thomas J. Watson, Jr., of New York, President of International Business Machines company and now President of the Greater

New York Councils of the Boy Scouts, joined a Troop in 1926. John R. Donnell of Findlay, Ohio, Treasurer of the Ohio Oil Company became a Scout in 1924.

Governors Thomas E. Dewey of New York, Allan Shivers of Texas, Robert F. Kennon of Louisiana, Howard Pyle of Arizona, Herman Talmadge of Georgia and Francis Cherry of Arkansas were Boy Scouts. Governor Kennon became an Assistant Scoutmaster of a Troop at Minden, Louisiana, with which he is still affiliated.

Many leaders in Washington were Scouts or helped to lead them. Associate Justices of the Supreme Court, William O. Douglas and Tom Clark, were Scouts. Senator Edward Martin of Pennsylvania, was one of America's first Scoutmasters in 1911. Other Senators who were Scouts include William F. Knowland of California, John Sparkman of Alabama, Robert C. Hendrickson of New Jersey, J. William Fulbright of Arkansas and Hubert H. Humphrey of Minnesota.

Dr. Paul A. Siple, Military Geographer of the Department of Defense, was an Eagle Scout in 1928 when he was selected a member of the first Byrd Antarctic Expedition. He had important leadership posts on three additional Antarctic expeditions.

Another former Eagle Scout, Dr. Mont A. Cazier, head of the Entomology Department at the American Museum of Natural History, served extensively during World War II in insect control work in the Chinese and East Indies areas.

Two former members of a Canton, South Dakota Troop are Dr. Merle A. Tuve who helped to develop the proximity fuse, and Dr. Ernest Lawrence, a Nobel Prize winner, who invented the cyclotron.

Dr. Frank Stanton, President of the Columbia Broadcasting System, Milton Caniff, creator of the newspaper feature "Steve Canyon" and MacKinlay Kantor, noted author, are former Scouts. Mr. Kantor's new book, "God and My Country," out February 8, is the story of a Scoutmaster.

Offer Valuable Hints On Buying Bedding

If you are out shopping for bedding to place in your home chest, or if you are a busy homemaker who needs to replenish her supply, it is important to know just what to look for in sheets and towels. By keeping a wary eye out for these structural features, you can be sure you are getting articles with long-wearing quality.

Sheets should be large enough for plenty of tuck-in. The 108" length is best for standard beds. In width, buy 63" for twin or single beds; 72" for three-quarter, and 81" or 90" for double beds.

Authorities have found that in the lower price field, type 140 muslin sheets often give better all around service than percale. This sheet launders well and can withstand a great amount of wear strain.

The sheet "type" refers to the number of threads of yarn per square inch. Type 140 contains 140 threads per square inch; possibly 70 horizontal threads and 70 vertical threads. Type 140 sheets are generally stronger than 112 or 128 sheets. However, over 140 the thread used is finer and results in a more luxurious sheet. Thus, a type 200 sheet may not have greater tensile strength than a type 140 but it will have a finer and more luxurious feel and appearance.

Type 180 percale is lighter and finer than a type 140 muslin sheet. Although it is more costly the laundability and service of this sheet should offset the difference in cost.

Regardless of the type of sheet that fits your pocketbook, check your intended purchase for straight hems. The stitching should follow the thread of the fabric. Good sheets will have about 14 stitches to the inch.

Be sure to check the sheet for heavy-sizing by rubbing a corner of the sheet between your thumb and forefinger. If a white powder results—beware! After the first laundering, this sheet may be limp and sleazy.

White fitted sheets demand the same investigations as regular sheets. However, more attention should be given to seams and mitered corners. Check for straight hems, even stitching and loose threads.

Pastel fitted sheets are relatively new on the market. They, of course, call for the same qualities mentioned previously about other sheets. In addition, make sure that the sheet is color fast.

For best service, select towels with selvage edges in which each width yarn goes to the outside edge and passes around the length yarn. Hems should be on the straight of the material with adequate turn-under allowance and securely fastened ends. They should be lock-stitched leaving no raw edges.

To test terry towels for long wear, hold them up to the light. If tiny points of light show through, the towel has a close even weave and will give good service. If patches of light show through, the towel is loosely woven and will not wear well.

Keep Glass Gleaming These Special Ways

When the family sits down to three meals a day, or when friends come in for a festive occasion, glassware is an indispensable part of household equipment. It lends beauty, grace and convenience to the dining table. A homemaker can, by following a few simple do's and don'ts, care for her glassware easily to add years to its life.

The washing of glassware requires simple, ordinary care. It will be safer if a rubber mat or dish towel is put in the bottom of the dishpan and on the drain-board. Rubber faucet tips are an added protection. Wash only a few pieces at a time—one at a time is even better—and hold stemware by the bowl to avoid strain and lessen the chance of dropping the glass.

Use a mild solution of soap-suds or synthetic detergent and comfortably hot water to preserve that wonderful sparkle that is an inherent quality of fine handmade glassware. Improper washing will dim its brilliance. Rinse thoroughly in warm water.

A few drops of ammonia or bluing in the rinse will help bring out the luster. Do not use ammonia or caustic washing powders on gold, platinum or silver decoration.

There are two schools of thought on drying glassware. One holds that glasses should be dried immediately with a lint-free towel. The other holds that, thoroughly rinsed in warm water, glasses will dry better alone. In any case, a final polishing with a clean dry towel will make glasses gleam.

Use a soft brush to clean pressed or cut designs quickly and easily.

Handmade glass vases, bowls, cruets and condiment containers can be kept brilliantly clear by loosening sediment deposits with a solution of ammonia and water or tea leaves soaked in vinegar.

Remember that while delicate handmade American glass is thoroughly treated so that it will not be affected by ordinary temperature changes, it should not be subjected to extreme or sudden changes from hot to cold. These can be avoided very easily by placing a silver spoon in a crystal cup or glass before pouring in a very hot liquid. The silver absorbs the heat quickly. It is also wise to protect glass plates with paper doilies when serving ice cream. Keep hot cups and plates away from cold metal, enamel or porcelain surfaces.

Food Sense—Not Nonsense

'Doc,' It Looks As If You Hit Pay Dirt

Dental scientists may have struck pay dirt in their efforts to reduce dental decay. If so, the average American can hope to have his sweets, yet have fewer decayed, missing and filled teeth than at present.

To lessen the degree of decay, dental scientists have studied the use of "chemical barricades"—the newly talked-of anti-enzymes. Anti-enzyme protection is based on the widely held theory that decay is caused by acids attacking the enamel of teeth; acids that are produced by the action of bacteria on foods containing high levels of sugar, foods that many people enjoy.

The little demons that cause the fermentation use enzymes as their tools to change sugar rapidly into enamel destroying acids. Those foods recognized as carbohydrate foods because they contain starch, such as enriched bread or cereals, have not been a dental threat. The enzymes break down these products so slowly that saliva can neutralize any acids formed in the process.

This theory is seen in action in countries such as Italy where 70 per cent of the calories are obtained from bread, spaghetti and macaroni. An Italian 60-year old person can be expected to have as good teeth as a 19-year old American child.

If any part of the cycle—from sugar to acid—can be interrupted, dental decay can be slowed to a walk. Research has turned to chemicals which may toss the proverbial monkey wrench into the mouth bacterial machine. These chemicals inactivate the enzymes which are necessary for acid production. From tests with thousands of subjects, two materials with tongue twisting names—sodium lauryl sarcosinate and sodium dehydroacetate hold the most promise. Because these tongue twisters are absorbed by the film which covers the teeth their protection lasts for several hours.

It is hoped that evidence from clinical tests on tooth pastes containing the anti-enzymes will demonstrate that these "chemical barricades" are as effective in prevention of dental decay as the theory now indicates.

Fudge Goes To A Party

Here is a new and glamorous fudge—a rich coconut confection with an accent of bittersweet chocolate. It's perfect for parties, for holiday occasions, and to include in a gift box of homemade candy for a friend or neighbor. Make an extra batch for family enjoyment at the same time. Like all good things, it disappears fast—but then it's so easy to make! Just blend cream cheese with confectioners' sugar, coconut and flavoring. You can depend on a perfect pan of fudge every time. And you'll be delighted with the smooth texture, the sweet, but not too sweet, flavor, of fudge made with cream cheese.

Chocolate-Topped Coconut Cream Cheese Fudge

- 1 3-oz. pkg. cream cheese
- 2 1/2 cups sifted confectioners' sugar
- 1/2 cup shredded coconut
- 1/2 teaspoon vanilla
- Dash of salt
- 1 1-oz. square unsweetened chocolate, melted

Place the cream cheese in a bowl and cream it until soft and smooth. Slowly blend the sugar into it. Add the shredded coconut. Mix well. Add the vanilla and salt and mix until well blended. Press into a well greased shallow pan. Place in the refrigerator until firm (about 15 minutes). Spread the chocolate on the fudge and score the chocolate into squares. Place in the refrigerator until the chocolate hardens. Cut into squares following the scored pattern.

Hot Finger Sandwiches

People have been enjoying fruit and you are sure to please sandwiches for over 150 years, ever since that fabled gentleman, the Earl of Sandwich called for slices of bread with beef between them, because he was too interested in a dice game to go out for lunch. He is credited with inventing a meal in one, named for him, the sandwich.

In the United States alone, it is estimated that over thirty million sandwiches are eaten daily. Sandwiches can be made in so many different ways that they fit every occasion. One of the most versatile members of the sandwich family is the hot finger sandwich, made from protein bread, rich in body building protein to help round out our healthful diets, and a hearty liverwurst and pickle spread.

Serve these finger sandwiches right out of the oven with a hot or cold beverage. Add a tray of your favorite cheeses and some

every palate.
HOT FINGER SANDWICHES
1/4 lb. liverwurst, unsliced
3 tablespoons pickle relish
8 slices bread
4 tablespoons melted butter
Mix together liverwurst and pickle relish and roll mixture into eight sausage shapes. Cut the crusts from the bread. Place one liverwurst sausage diagonally across each slice of bread. Bring opposite edges of bread together and secure with toothpicks. Brush canapes with melted butter and broil for 5 minutes or until bread is golden brown. Serve hot. Makes 8 sandwiches.

If you ever use too much "permanent" starch on your clothes and find it does not wash quickly, try soaking it in rubbing alcohol for a few minutes. Then launder promptly in good soapy water.

BUICK V8 DELIVERED LOCALLY!

1954 SPECIAL 2-Door, 6-Passenger Sedan Model 48D (illustrated)

*Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice.

As you look at it, you can see a lot of what makes this new 1954 Buick SPECIAL so sensational.

You can see the long, low, sleek and ultra-glamorous lines that add up to the biggest automotive styling change in years.

You can see the remarkable new windshield with the back-swept corners—greatest visibility improvement since closed cars came on the market.

And of course you can see the price—the local delivered price—which is headline news, too.

For that, as a shopping tour will tell you, is just a few dollars more than those of the so-called "low-price three."

But what you can't see is the rest of the sensational automobile that's yours for the low price shown here.

The spectacular power of this SPECIAL's brand-new V8 engine. The honest six-passenger roominess. The truly modern interior luxury. The superb new handling ease. The sublime comfort of Buick's famed Million Dollar Ride—now steadied even more by a newly developed front-end geometry.

Fact is, there's so much that's terrific about this new glamor car, you ought to drop in and give it a really thorough study and sampling.

That way you'll prove to yourself that the buy—and the thrill—of the year is Buick. Come in this week, won't you?

BUILDING NEWS

Helpful Hints Concerning Building, Remodeling, Repairing & Redecorating

**BUILD
or
REMODEL**

HERE IS GOOD NEWS for housewives—and bad news for their husbands! It is proof that a man can do two jobs at once! Shown above is the dining area portion of the home of Dr. and Mrs. Gerald Fitch of 352 North Main street. Dr. Fitch, with help and advice from Mrs. Fitch, pine-paneled the complete dining-living area of this older home and carried out the modern theme with hurlap wallpaper. The built-in cupboards and drawers are all the work of the Fitches, and what is more they have also remodeled two upstairs bedrooms. As a matter of fact, Dr. Fitch has done a complete remodeling job in his home from plumbing to wallpapering. He says he enjoys doing the work in spare hours away from his daily profession of being a dentist!

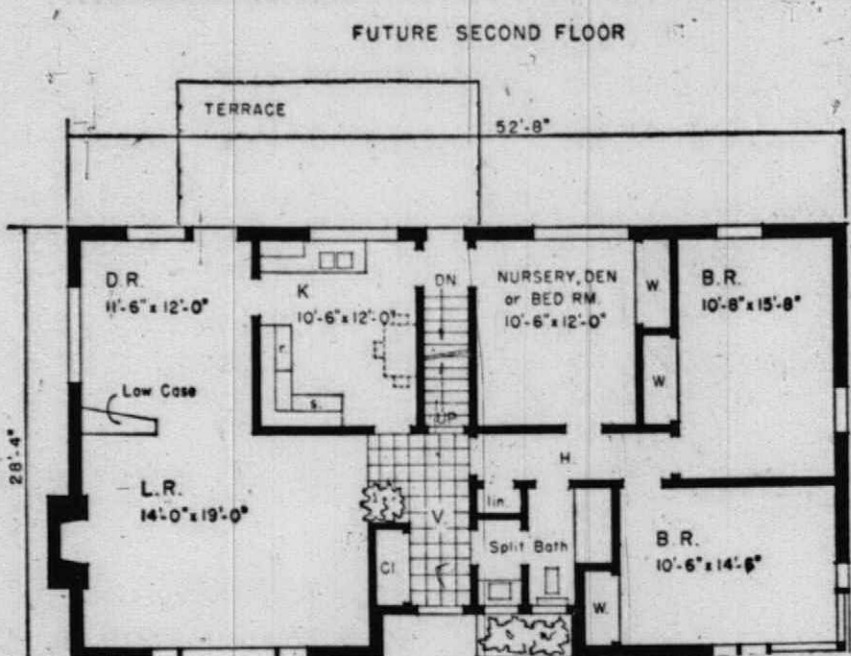

For Asphalt Tile Floors
Asphalt floors should not be coated with anything but emulsion-type wax.

Large Home Designed With Growing Family In Mind

This rather large home—a plan appearing in the current edition of Small Homes Guide—was designed by Architect Elmer Gylleck with the growing family in mind. He therefore included a first-floor room for use as a nursery, den or bedroom, as well as a split bath.

The future second floor includes two large bedrooms, another bath and a dressing area—enough for any family. The area is 1,451 sq. ft. on the first floor, 829 on the second. Information on blueprints and their cost can be obtained by writing to Small Homes Guide, Dept. 1272, 82 W. Washington, Chicago 2, Ill.

A properly insulated house, with insulation under the roof, in the sidewalls, and in the floor is a box of warmth in the winter and a box of coolness in the summer.

Paint For Ulcers
A room painted in dark forest green is soothing to anyone suffering from ulcers, according to noted color authority, Howard Ketcham.

Extended Mortgage Term Will Prove Costly To Home Buyer In Long Run

It's expensive to be poor, the current edition of Small Homes guide points out. That's particularly true when it comes to paying for a home, where the person of moderate means is tempted, or even forced, to seek a long-term mortgage. A loan grows bigger with every passing month as interest charges swell the total debt.

When a \$10,000 mortgage debt is contracted on a home, for instance, the interest will amount to \$2,728.40 at 5 percent if repaid in 10 years. At the same rate, it would amount to \$7,538 if payments were spread over 25 years—just about what the homeowner would expect in return, over

a comparable period of time, if he were to put his own money out "to hire."

The home buyer should set his sights on as large a monthly payment as he can possibly muster, the magazine cautioned, in order to retire the debt as rapidly as possible, thereby saving himself perhaps several thousands of dollars.

Also, if he is unable to take a short-term mortgage at the time he buys, because of inability to meet high payments, he should at least make certain his mortgage allows him to make payments in advance of the due date without penalty. Then he can use windfalls or increases in income to good advantage in retiring the debt more rapidly than expected.

WHAT A \$10,000 MORTGAGE COSTS

Term of the Loan	at 5 percent		at 6 1/2 percent	
	Monthly payments	Total amount of interest paid	Monthly payments	Total amount of interest paid
5 years	\$188.72	\$1,323.20	\$191.02	\$1,461.20
10 years	106.07	2,728.40	108.53	3,023.60
15 years	79.08	4,234.40	81.71	4,707.80
20 years	66.00	5,840.00	68.79	6,509.60
25 years	58.46	7,538.00	61.41	8,423.00

Tack A New Room Onto Your House

A hammer, some tacks and a new transparent plastic material are all that are needed to turn a wind-swept porch into a cozy room such as this. Thus, what has been a useless, unpleasant snow trap becomes a handy utility room to be employed all winter long. It will help keep the house warmer, too, for it acts as a wind break.

An enclosed porch room is easily accomplished. Anyone can do the job. The new glass substitute, called Flex-O-Glass, comes in rolls so that the right amount can be measured and cut with ordinary shears. It is flexible, shatterproof and clear as glass. If the porch happens to have screens, leave them up and tack the material right over them. Otherwise, simply tack it between uprights. Come spring, the plastic windows can be taken down, rolled up and put away until the next winter. And you don't have the bother of storing your porch furniture from season to season.

If the room is located to receive sunlight, it makes a wonderful children's play room, because this new plastic lets in sunshine's Vitamin D (Ultra Violet Rays) which common glass filters out. Galoshes left on the enclosed porch save you mopping up in wet weather. On milder winter days, you have a nice, comfortable spot to sit in the sun. Most important in these days of high living costs, the new plastic window material is inexpensive—far less costly than glass windows.

Rubber-Base Paints For Masonry

Rubber-base paints are often being used these days for masonry surfaces because of their alkali-resistant qualities. They can be applied to asbestos shingle, stone, brick, concrete and cinder block.

Window Shopping With Sue

Don't mean to keep harping on the "do-it-yourself" projects, but you've got to admit that everybody is doing it these days. What's marvelous about all these products is the fact that the various local companies supply directions with them, so that you really can't go wrong.

Take the line of Gold Seal products sold at Eger-Jackson's for example. There's the linoleum tile for every room in the house but the basement. Then there's the rubber tile, and vinylite—they're good for all rooms other than the basement, too. The asphalt tile is recommended for your basement floors—its durable, won't buckle or curl, and the colors go all the way through the tile. Finally there's congo-

A SMALL HOUSE PLANNING BUREAU DESIGN NO. C-281

DESIGN C-281. This plan is suitable for a corner lot, but it can also be adapted for use on an inside lot by placing the doors on the other wall of the garage. There are three bedrooms, bathroom, a large living room, combination kitchen-dinette, with a two-way view, attached double garage and a full basement. Exterior finish includes plywood gables, the entrance recess, vertical siding in shingle siding and asphalt shingles. Floor area is 1224 sq. ft., with a cubage of 22,556 cubic feet, not including the garage. Plans show a covered entrance, planting area, fire place, wardrobe closets, coat closets, linen and towel cabinets and a dressing table in the bathroom. For further information about DESIGN C-281, write the Building Editor, The Plymouth Mail.

Wise Precaution

When you're painting a wall, remove the electrical switch and outlet plates and paint them separately on a newspaper. If you paint the plates on the wall, they'll stick and possibly disfigure the surrounding area the next time you take them off.

These Events Were News

50 Years Ago

February 12, 1904

The Tonquish Helping Hand Society will give an oyster supper at Fred Reiman's home on Friday evening, February 19. It is to be a leap year party. Bring refreshments. Ladies pay the bill and the society will furnish the oysters. We hope a large crowd will turn out, as everyone is invited.

Elmer Hix, while on the ice Monday evening with several others, fell down and it is feared he hurt his shoulder quite seriously.

An Elm correspondent of The

Tribune says some chicken thieves were caught near Wayne Friday morning, one of them being perforated with shot. The farmers who have lost chickens will not be sorry if he had been killed.

John Shaw, a life-long resident of Livonia township, has purchased the residence of Hiram Roe on Union street. Mr. Shaw will move into his place soon. We understand Mr. Roe will build himself a new house.

A ten-year-old son of John Betty sustained some injuries to his toes Friday. He was riding on a bobsleigh when he fell off and the runners passed over his toes, tearing off the nails.

W. F. Hoops has suffered much the past few days with a frost-bitten nose.

Frank Eckles has rented the Fred Schrader farm and Mr. Schrader will move into the village soon.

The delivery horse of J. R. Rauch & Son became frightened

at a street Tuesday morning and broke loose from the sleigh and ran to Newburg before being stopped. Broken thills was the damage.

The roads on Sunday were very slippery. As the sleigh containing the pall-bearers for Mrs. Cook was being driven over the highway near the railroad, it slipped down into the ditch and was overturned. All the occupants were thrown out, some of them sustaining minor injuries.

Mr. Burrows came within six inches of striking his head against a telephone pole and Mr. Lauffer was buried underneath the box and robes. It was a fortunate thing no one was seriously injured as might have been the case.

A. C. Lyons, painter for H. J. Fisher, fell on an icy sidewalk Tuesday evening and broke his arm. Dr. Tillapaugh set it and it is doing nicely now.

The break-up in the weather last week brought with it also an arrival of coal, the anthracite variety having become entirely exhausted.

in an air raid over Germany, is a prisoner of war in Germany.

*Plymouth business circles and residents will be more than interested in the announcement of retirement from business of Glenn M. Jewell of the Jewell Cleaners and the purchase of the business by Clifford Tait, who has been associated with Mr. Jewell since 1930.

Members of the Two-Put-Golf club and their wives met Monday evening in the Carlton Lewis home on Hartsough avenue. They were Mr. and Mrs. Al Smith, Mr. and Mrs. Robert Jolliffe, Mr. and Mrs. Horace Thatcher, Mr. and Mrs. Arlo Soth, Mr. and Mrs. Roy Clark and the host and hostess. A 6:30 dinner was enjoyed and bridge followed. High scores for the evening were won by Mrs. Al Smith for the ladies and Roy Clark for the men.

Mr. and Mrs. Horace Thatcher announce the engagement of their daughter Velma to Ensign Victor Nester of Albino. Ensign Nester who was a guest last week in the Thatcher home, is now in Norfolk, Virginia, where he was transferred after his training at Notre Dame.

Plymouth, Plymouth township and Livonia township contributed close to \$1,000.00 for the infantile paralysis fund, it was announced this week by A. Lincoln Lantz, chairman of the drive.

New Books

at
Dunning Library

Latest shipment of books into the Dunning library again include many reprints of popular books as well as the newer novels just put into circulation. The following is a list of those books which are set for adult readers:

"When Knighthood Was in Flower" by Charles Major, "John Nielson Had a Daughter" by Ruth Livingston Hill, "Pollyanna Grows Up" by Eleanor Porter, "The Mask of Innocence" by Francois Mauriac, "Laddie" by Gene Stratton Porter, and "Here Comes the Sun" by Emilie Loring.

"The Story of San Michele" by Axel Munthe, Gwen Bristow's "Tomorrow Is Forever," Anna Botsford Comstock's "Handbook of Nature Study," "The Shepherd of the Hills" by Harold Bell Wright, "Family Doctor" by Richard and Dorothy Williams, and "How to Pass Radio License Examinations" by Charles E. Drew.

Hoff's "Oops, Wrong Statement," "Fear to Tread" by Michael Gilbert, "Tilbury Town," selected poems by Edward Arlington Robinson, "The Civil War" by James Street, "The Complete Book of Pottery Making" by John B. Kenny, and Eleazar Lipsky's "Lincoln McKeever."

"Love and Mrs. Candy" by Robert Tallant, "Stairs of Sand" by Zane Grey, "Cry the Beloved Country" by Alan Paton, "The Covered Wagon" by Emerson Hough, "The Lieutenant's Lady" by Bess Streeter Aldrich, "Freckles Comes Home" by Jeanette Stratton Porter, and "Forlorn River" by Zane Grey.

Albert Schweitzer's "Out of My Life and Thought," "Captain Blood" by Rafael Sabatini, "When Hearts Are Light Again" by Emilie Loring, "Handbook of Personnel Management" by George Halsey, "Round River" by Aldo Leonard, and "I Hear Adventure Calling" by Emilie Loring.

"The Last Billionaire, Henry Ford" by William C. Richards, "The Sea Wolf" by Jack London, "Night in Bombay" by Louis Bromfield, "To Love and To Honor" by Emilie Loring, "West

Phone 1901-R

25 Years Ago

February 8, 1929

Miss Josephine Schmidt, Plymouth, enrolled in the sophomore class at Western State Teachers college this winter, has just been selected as a member of the W.S.T.C. women's debate team which met the Canadian men's team here, last Monday evening, February 4.

Geraldine Lash, eight-year-old daughter of Mr. and Mrs. John Lash, of this village, died at the University hospital, Ann Arbor, last Friday evening from diptheria.

There are nine candidates whose names will appear upon the village primary election ballot on Monday, February 11. They are well known citizens and well qualified to fill the offices of Village Commissioner.

They are as follows: William J. Sturgis, John W. Henderson, Louis Reber, Floyd A. Kehrl, Henry J. Fisher, Paul J. Wiedman, William J. Towle, George H. Robinson and Paul A. Nash.

Mr. and Mrs. C. H. Bennett have returned from New York City, where they have been for the past few weeks.

Two of the older generation are receiving felicitations on their birthdays, H. A. Spicer having reached his 83rd milestone last week, and W. J. Stewart his 85th this week.

Work has progressed rapidly on the Penniman avenue garage, owned by Walter Bronson. It is being erected on the site at the rear of the Penniman Allen theatre. Goodwin B. Crumbe, builder, has the contract.

Mr. and Mrs. Thomas Moss, of Northville, entertained a company of Plymouth and Northville friends at their home in that village Thursday evening.

Supervisor Charles Rathbun is in Lansing this week attending a convention of the State Association of Wayne County Supervisors.

The Misses Elizabeth Beyer, Gladys Schrader and Ruth Allison from Plymouth, are attending the J-Hop in Ann Arbor this week-end.

Mrs. Coello Hamilton and Mrs. Ray Holcomb entertained the Stitch and Chatter Club at the home of the former on Hamilton street Thursday. Luncheon was served.

Judge Hears 2 Traffic Cases

Two traffic cases were heard last week by Municipal Judge Nandino Perlongo, one of which was dismissed and the other resulting in a fine.

The dismissed case was brought to court by police who issued a court summons to two motorists involved in a collision. They were Thomas Ramstead, Northville, and Charles Davis, Livonia. Ramstead filed a complaint against Davis claiming Davis was speeding south on Starkweather at 55 miles per hour. Davis filed a complaint against Ramstead claiming the latter disregarded a stop sign on Farmer street.

Since the two drivers were the only witnesses, the judge dismissed both actions. The collision resulted in face cuts and bruises to Ramstead. Both cars were heavily damaged. The mishap occurred at 5:05 p.m. on January 26.

Harold Schmidt, 8858 Northern, was fined \$25 for leaving the scene of an accident without identifying himself. Schmidt's car sideswiped a car parked in front of 555 Starkweather on January 23.

Pleading guilty, Schmidt paid the fine and was released.

Taxes in City 96% Collected

School and county taxes in Plymouth were 96.3 per cent collected as City Treasurer Charles Garlett made a check in his collection book last week.

January 17 was the deadline for paying taxes without penalty. A year ago the taxes were 95 per cent collected on the same date. The check shows that \$348,234 have been collected.

Taxpayers will now pay a four per cent penalty on their taxes. Garlett points out that payments can be made at the city hall only until March 1. After that time the returns will be turned over to the county treasurer and payments will have to be made there. There will also be additional penalties of one per cent a month after March 1.

Specifications on the above-mentioned equipment are on file at Canton Township hall, corner of Cherry Hill and Canton Center roads.

All proposals should be addressed to Andrew G. Smith, Clerk of Canton Township, 128 Canton Center road, Plymouth Michigan. Proposals will be publicly opened and read aloud at 8 p.m., E.S.T., February 9, 1954 at the above place.

The Board reserves the right to reject any or all proposals in whole or in part.

ANDREW G. SMITH
Township Clerk

10 Years Ago

February 4, 1944

Carvel Bentley, former director of vocational education in the Plymouth public schools, now in Uncle Sam's fighting forces, was home for a brief furlough during the present week. He has been stationed at Jefferson barracks in St. Louis, Missouri, but is now being transferred to Salt Lake City, Utah.

Sam Spicer is firmly convinced that some of the starlings living around his farm place just east of town, have made a serious error in their ideas about spring. The other day he found a startling egg that had blown out of a nest. He stated that for some time past he was sure that a number of starlings had started nesting.

Mr. and Mrs. William G. Johnson of Holbrook avenue were advised yesterday by the war department that their son, Lieutenant Owen Johnson, reported lost

MODERN FOLKS DISPOSE OF REFUSE THE GASINATOR WAY

Next time the spouse of your house moans, "Do I have to take out the garbage," just say—"What we need is a Gasinator."

Gasinator is a handsome, modern appliance that eliminates forever all garbage and rubbish cans. Easily installed in your kitchen, basement or utility room, it silently disposes of all garbage and burnable refuse.

No more ugly garbage odors in your yard in summer—no more cold treks through snow to the garbage can in winter.

Gasinator is amazingly low priced and costs just pennies a day to operate.

Call or see us TODAY for full details.

Explain Self-Employed Security Tax

Many inquiries concerning social security for the self-employed are made each day at the Social Security offices. The self-employment social security tax return is due March 15 along with the Federal income tax return. A few of these more important questions are answered below.

Question 1: Does the self-employed person need a social security number?
Answer: Yes. The self-employed person will need a social security number for his income tax and social security tax report. He can get the social security card at any social security office.

Question 2: What amount of earnings must a self-employed person have in order to be covered by the social security law?
Answer: If net earnings from self-employment are \$400 or more in any one year the person is covered by the law. His self-employment income will count toward social security payments.

Question 3: Does a self-employed person report income from investments?
Answer: No. Income from stocks or bonds will not be credited for social security purposes, unless the person is a dealer in securities. Rentals from real estate held for investment purposes will not count towards

social security benefits unless the person is a real estate dealer.

Question 4: When a joint income tax return for a husband and wife is filed, are both names shown on the Schedule C-social security report of self-employment income?
Answer: No. Only the name of the self-employed person is entered on the report. However, if the business is a partnership and the husband and wife are partners in the business, then each partner must file a separate Schedule C. In such cases, each partner needs a social security number.

More information about social security for the self-employed may be obtained by getting in touch with any social security office. The Detroit-Northwest office is located at 14600 Grand River, corner of Hubbell, Detroit 27, Michigan. The telephone number is Broadway 3-1717.

For the convenience of Plymouth and Northville residents, a representative of the Social Security office is at the Plymouth post office on the second and fourth Thursday of each month between 9 a.m. and 12 noon.

Enrolled in Boy Scout movements of 54 nations recognized by the International Boy Scout Bureau in London are 5,561,993 boys and leaders.

MICHIGAN BELL TELEPHONE COMPANY

Treat Tractor Like Old Dobbin

Remember that your modern work horse-like old Dobbin—needs daily grooming if you want to avoid grief from a stalled machine.

That is the word from agricultural engineers at Michigan State college. Here are some hints they give to avoid tractor complaints.

Wipe off ignition cables, coil, distributor and spark plug insulators every day or two. Grease attracts dust, and damp dust becomes a moist wick causing the high voltage to leak or short circuit engines to miss, stall or fail to start.

To do a good cleaning job, moisten a rag with solvent. It works with the truck and family car, too.

Keep tabs on hours you operate the tractor. Spark plugs should be cleaned, adjusted and checked every 100 hours—that is equal to 4,000 to 5,000 miles on your car. Dirt or fouled plugs mean wasted fuel, power loss and frequent overheating.

Keep up the water level of the battery and make sure the holes in the vent plugs are not clogged with dust—pent-up gas pressure can split cell casings.

Make checking the oil level and lubrication daily habits. For every 10 hours of operation there are vital points—king pins, tie rod ends, etc. that need two strokes of the grease gun.

Overheating, which can result in an expensive job, has many causes. But first check the fan belt—it may be loose and slipping. An insect-clogged radiator core is another cause. Also make sure you are not overloading the engine with too heavy a task too long.

YOU CAN COUNT ON US TO GIVE YOUR CAR THE CARE IT NEEDS!

Seeing that your car gets "top-notch" service is our responsibility... and we know our job well! Gas-up and lube jobs are just the beginning... tune-ups, brake jobs, and wheel work are our specialties, too! Drive in today!

We serve you RIGHT! Top Quality SHELL Gas and Oil.

MARQUIS' TOLL HOUSE

FORMERLY MARQUIS FINE FOODS — 335 N. MAIN (Same Location)

AT LEFT: A complete new addition, this section offers a friendly atmosphere for a sandwich, lunch or your favorite beer or wine beverage.

AT RIGHT: The "old" area has now been completely redecorated to give a brighter, more modern atmosphere for your dining pleasure. As a matter of fact, everything's been changed but the fine food!

MARQUIS' TOLL HOUSE
335 N. MAIN ST. PLYMOUTH

keeping in touch

DEEP IN THE HEART of Texas is James S. Brinks, son of Mr. and Mrs. J. E. Brinks of 48734 West Ann Arbor road, a sophomore majoring in agriculture at Michigan State college. Jim is a member of a six-man judging team at the Southwestern Exposition and Stock Show in Fort Worth. The State team will compete against other college teams from the midwest and southwest.

FROM YPSILANTI we learn that The Reverend William P. Mooney, pastor of the St. John's Catholic church there and formerly pastor of Our Lady of Good Counsel in Plymouth, led ground-breaking ceremonies for the proposed addition to the school there. The addition will be built at a cost of more than \$250,000.

THE ANNUAL U OF M J-Hop will be held tomorrow night featuring the music of Ray Anthony and Buddy Morrow. The J-Hop committee forwards these couples including Plymouthites attending: Kenneth Johnson-Terry Carney; Dennis Larkin-Sally Truesdell; Wesley Loos-Nancy Worth; Lawrence Mack-Jane Finkbeiner; Bob Simmons-Gaillie Valentine; Grant Gabil-Virginia Catonese; Richard Huebler-Helen Taylor; and Phil Jacobus-Susan Wesley.

AT THE UNIVERSITY OF WISCONSIN Dervin L. Flowers, son of Mr. and Mrs. Leo Flowers of 9055 Ball street, was recently elected master of ceremonies of Alpha Chi Sigma, professional chemistry fraternity.

A THOUGHT FOR THIS WEEK: From the Groucho Marx television show we steal this bit of philosophy rendered by a ninety-plus-year-old contestant who Groucho asked to what he attributed his long life. "Each morning when we arise we have two choices—to be unhappy or happy. I choose the latter!"

HEALTH AND BEAUTY

How to Reduce Safely
Food is the fuel of the body. Your automobile requires no oil or gas when it is resting, but your body does. When lying at perfect rest, sleeping soundly the body is using fuel which was taken in as food. It uses much more when exercising.

The foods that store fat in the body are mostly the starches, such as bread, cereals, rice, hominy, potatoes, pastry, cakes, pies, and fats of all kinds, cream, butter and fat meats. "Then," queries my overweight friend, "must I leave all those things out of my diet in order to lose weight?"

By no means. That has been tried to the detriment of the health of the victims. Of course, the fat making foods should be partaken of more sparingly. Many fat people eat too much starch. In fact, they eat too much of everything.

In order to reduce without causing hunger, weakness, or discomfort, the person should never try to reduce too rapidly. The vegetables such as cabbage, turnips, kale and greens of all kinds, contain valuable vitamins and are laxative. They can be eaten freely, for they do not produce fat. Half a head of lettuce at dinner is quite filling. A combination of raw fruits and vegetables is extremely wholesome and very satisfying. Lemon juice is preferred by some as a dressing.

Liquids are held by the body

in the fatty tissues and salt greatly aids in this retention. For this reason it is well to reduce the intake of salt and water. No matter how much you exercise, you will not reduce your weight if you continue to overeat.

It is extremely important that overweight people eat more moderately and cut down considerably on starches. Most obese people like fattening foods of all kinds, such as breads, cereals and desserts. Too many starchy foods as a rule, are served at meals.

Meat, bread, or potatoes, one or two fresh vegetables, and a raw salad, and if desired a simple dessert, is quite enough for a dinner. In fact, one could get along on less, especially if trying to reduce.

If there is a feeling of hunger in the middle of the morning or afternoon, try eating some fruit. It often proves very satisfying. A glass of tomato, orange, or grape fruit juice is strengthening and filling.

If you want to get rid of the disfiguring protrusion in front that is such a source of annoyance to you, you may do so safely, and comfortably by eating sanely.

Warn Motorists To Use Added Care in Driving

City police are warning motorists to be extra careful in the recent heavy snowfall. Winter driving hazards beset motorists from two sides.

It should be remembered that during this season of the year when streets are in their most dangerous condition, you have to do a greater percentage of your driving after dark, because the hours of daylight are shorter.

The result is a combination of reduced visibility and inadequate tracks which spells accidents unless various safety precautions are heeded.

It would be well to remember the following six safety measures:

- (1) Stop accidents before they happen by being prepared. Don't blame accidents on the weather-man. Accept your responsibility.
- (2) When you start out on a slippery morning, get the "feel" of the road before you get in traffic.
- (3) Keep your windshield clear of snow and ice, fog and frost. Be sure your lights, windshield wiper blades, and defroster are in first class condition.
- (4) Use tire chains when snow and ice increase driving hazards. Tests have shown that they cut stopping distance in half, and give from 4 to 7 times more pulling traction.
- (5) Don't jam on your brakes to stop. Pump them gently.
- (6) Keep a safe distance between you and the car ahead. Without tire chains, it takes from 3 to 12 times as far to stop on snow and ice, as on dry concrete.

Haarbauer New General Manager of Vanson

Appointment of George H. Haarbauer as general manager of Vanson Cold Heading, Inc. has just been announced by the Detroit company.

Haarbauer, who resides at 166 Ann Arbor trail, has had 20 years experience in the cold heading industry. In his new capacity he will have complete supervision over engineering service, plant production and sales.

Mrs. Customer: That lamb you sent me, Mr. Stintwaite was the largest and toughest I ever saw.

Mr. Stintwaite: Tut Tut, it's that boy, been loitering again. I assure you when that loin left the shop it was the sweetest little leg of lamb you could set eyes on, and I gave him strict orders to deliver it at once because you wanted it young.

OUTDOOR NOTES From The MICHIGAN DEPARTMENT OF CONSERVATION

Proposed increases in hunting and fishing license fees, requested by the conservation commission, must now go to the state Legislature for approval or rejection.

The commission, in its January meeting, approved the several increases suggested by department workers as one method of regaining financial ground lost through rising costs of recent years.

The suggested increases are: Resident fishing license, from \$1.80 to \$2; annual non-resident fishing license, from \$3 to \$4; 15-day non-resident fishing license, from \$2 to \$3; trout stamp, from \$1 to \$2; and resident small game hunting license, from \$2 to \$2.50.

Also, it was asked that both residents and non-residents be required to buy licenses in order to fish in Great Lakes waters surrounding Michigan.

Department revenue officers say the increases, if approved, could not take effect until 1955. By then, they say, most reserve money stored up in the fish and game protection fund will have been used up in meeting yearly department deficits.

Workers say the proposed increases would net about \$1.6 million yearly, enough to satisfy present budget requirements.

Extensive watershed development work will begin on the Cedar River in Gladwin, Clare and Roscommon counties, possibly next spring, conservation department fisheries workers say.

The conservation commission last week authorized the work that is expected to cost about \$130,000 over a period of years.

Also, the transfer of walleyed pike over the dam at Newaygo was again approved and operations will start there under about

the same conditions as last year. Some changes in fishing conditions below the dam are, however, going to make it tough for chiselers to take and keep these pike for personal use. The commission approved the changes to eliminate a problem that has grown up in recent years.

Also of interest to fishermen was the commission decision to purchase fishing sites on Chandler Lake in Grand Traverse county and on Cowden Lake in Montcalm county.

More than 11 million young trees have been placed on sale by the conservation department and, if the spring season is anything like previous years, all these will soon enough be requested for transplanting from the three state-owned nurseries to areas being reforested throughout Michigan.

Orders for the trees from private growers are now being accepted at the department's forestry division in Lansing, with first shipments scheduled in early spring.

New order forms have been printed this year to facilitate the work. As usual, persons or firms who wish to order the young trees can start through the ordering process by dropping a card to the Lansing office.

The department is offering a wider variety of age classes of trees this year with prices, in general, the same as last year.

As usual, the seedlings and transplants may be ordered for Christmas tree production and reforestation purposes only; they will not be sold for ornamental purposes or for resale with roots attached.

Another tagged bear has been shot, a hunter reports, the third positive record state game workers have of the movements and

habits of upper peninsula bear. Workers at Cusino wildlife experiment station in the central upper peninsula started the bear-trapping project last year and since have live-trapped five of the animals.

All were given ear-tags and then released in various wild areas around the station.

The first two reported shot had traveled varying distances, the farthest going 15 1/2 miles from where released.

The third bear killed was the mother of this most roving bruin. She was taken by a hunter late in November, 14 miles southwest of where released and only about 1 1/2 miles from where her cub had been shot two months previously.

Game men are especially interested in noting from these taggings and subsequent kills that the animals can travel considerable distance in a short period of time.

The study is scheduled to continue when bears again become active in the spring.

Gifts to God can never make up for thefts from men.
