

New Library Dedication Attracts 250

About 250 persons turned out for the dedication of the new Dunning library building last Sunday afternoon and to congratulate both the city and library staff. The library was opened early this year, and although books have been distributed from it since this time, the formal dedication was delayed until last week.

Mrs. Eleanor Hammond, city commissioner, presided at the event. Following the invocation by the Reverend Melbourne I. Johnson, D.D., Mayor Russell M. Daane gave the presentation of the keys to Dr. Fred C. Fischer, chairman of the Wayne County public library board.

The welcome address was delivered by Mrs. Agnes Pauline, librarian. The ceremony concluded with the benediction by the Reverend Father Francis Byrne and tea served by the Plymouth Branch of the Michigan Division of the Women's National Farm and Garden association. Pouring was done by Mrs. Bessie Dunning and Mrs. Ada Murray.

Throughout the afternoon background music featuring recordings of the Plymouth Symphony orchestra was heard throughout the library. These recordings were furnished by Carl Groschke.

Special acknowledgments were made to Mrs. Bessie Dunning and Miss Margaret Dunning for the donation of the property; to Edward C. Hough for the furniture for the new building; to the Plymouth Business and Professional Women's club for the slipcovers; to the William Wood Insurance Agency for the draperies; and to the Plymouth Woman's club for its donation toward the record player.

The new library unit is a large modernistic brick structure attached to the former frame library building. Architect for the new building was Byron Becker with Dan S. Mills as builder.

The opening of the new unit marked a far step from the first library 31 years ago consisting of two wall sections of books. The two buildings now offer Plymouth residents facilities for comfortable reading, musical enjoyment, story hours and just browsing.

The library now has seven employees besides Librarian Mrs. Pauline. These are Miss Nancy Brannan, Mrs. Ruth Osgood, Miss Barbara Carley, Miss Judith Marshall, Mrs. Elizabeth L. Worth, Mrs. Dorothy M. Burden and Edgar A. Burden.

Collision In Storm Takes Life

Funeral services were held Monday afternoon for a Barnes-Gibson-Raymond employee who died from injuries he received in a two-car collision near here as he and three other employees were driving to work during last week's Wednesday morning blizzard.

Archie Wahley, 52, of 7746 Whipple avenue, Detroit, died in Wayne County General hospital Thursday after suffering a punctured lung and other injuries in the collision. He worked in the Fourside Department at the Plymouth plant. The collision took place at 7 a.m. in front of the Barnes-Gibson-Raymond factory on Plymouth road.

Wayne county sheriff's deputies said that Wahley was riding in the front seat of a car driven by Edward Miller, 35, Detroit, when Miller applied the brakes after seeing a car ahead apply its brakes. Miller's car skidded to the left into the eastbound lane and into the path of a car driven by Donald E. Moore, 19, of 382 Pacific, Plymouth. Moore was on his way to work in a Detroit Burroughs corporation plant.

The road patrol said that the Moore car struck the side of the Miller auto nearest Wahley. They added that Moore was traveling at only 25 miles an hour during the collision.

Unique Section

Section 5 of this issue of The Mail is most unique in that it is devoted entirely to shoes for spring. The promotion is the brain child of Plymouth's shoe dealers—Davis & Lent, Fashion Shoes, Fisher's, Plymouth's Men's Wear and Willoughby's—and should be proof positive to residents of this area that Plymouth is something of a footwear center. For the latest in "what's new in shoes," turn to section 5.

IT REALLY ISN'T AS BAD AS IT LOOKS but Graham's Ralph Rostow shows how most businessmen feel the last two or three days previous to MARCH 15th . . . last day for sending Uncle Sam that income tax payment. Snarled in the usual maze of figures, adding machine tape and confusion that most of us have, merchant Rostow sought the aid of accountant Arthur Haar and Mrs. Haar in getting his final returns ready ahead of next Monday which is the deadline for filing. Perhaps this picture will help remind you also, that if you haven't already done so, the time is short to file your own return.

First School Board Minute Book Found After Presumed Lost in Fire

Official proceedings of Plymouth's first board of education—believed destroyed in a fire which leveled the village's only school back in 1916—were discovered last week in the attic of an old Plymouth home and were promptly turned over to school officials.

Asked by the home's owner to throw away any useless items found in the attic, Edward A. Carney, 238 South Main street, came upon an aged book which was found to contain the minutes of the Union School District of Plymouth from the time it was formed on November 2, 1853, to September 1, 1902.

The 1916 school fire had been a total loss. Only a few of the brick walls remained standing and so records prior to that were presumed lost forever. But somehow, this first school board record book escaped the fire by being out of the school vault at the time of the conflagration.

Former residents of the home now occupied by the Carneys were Mr. and Mrs. J. W. Henderson, now both deceased. Mr. Henderson was president of the board of education in the early 1920's and according to notes found in the

minute book, had used the book to secure some historical facts for a speech he was delivering concerning the school. But this still does not explain who had (Continued on page 6)

Papes', Capitol Plan Weekend Opening

Two of the three stores closed by the Fashion Shoes fire of February 13 will open this weekend. Capitol Shirts announced that its doors would open again today having completely restocked the shelves with new men's wear merchandise. It was also necessary to redecorate the interior due to smoke damage.

Papes' House of Gifts will open Saturday morning after extensive redecorating and restocking with new merchandise. Fashion Shoes, last of the trio of stores located on West Ann Arbor trail at Forest avenue to reopen, plans an early April opening. The shoe store suffered the most damage and is undergoing a complete remodeling program.

Meanwhile, James Urquhart, 12, of 42512 Parkhurst, traveled to Lake Placid, New York with his ice skates to tie for third place in the juvenile speed contest and second place in the 220-yard race.

The occasion was the North American Indoor Speed Skating Championship which is held once a year and draws contestants from across the nation. Jim won a second place medal two years ago at the event. He also has won trophies for the Michigan Cradle championship and the Ohio Mid-gate Championship contests.

Local Winter Sportsmen Bring Home Trophies

Three Plymouth skiers and ice skaters arrived home this weekend with trophies and medals as evidence of their winter sport skills, but one of the trio was also able to show friends a different kind of trophy—a fractured leg.

Sam Dibble, Jr., 1116 Harding won a fourth place among 30 entrants in the championship ski race held at Osego Lake near Gaylord, but he later found he had to take the bitter with the sweet. Just before leaving for home, Mr. Dibble decided to take one more run down a steep hill, it perhaps being the last trip of the season because of the approaching spring.

It turned out to be his last trip of the season, indeed, when he fell, fracturing and dislocating a leg bone near the ankle. He was taken to an Osego hospital Sunday night and brought home by his wife Monday.

Daughter Edyth, 12, won a second place award in the girls' midget class. A son entered several events but failed to place among the winners during the day.

In Plymouth city, for instance, there were no permits issued for homes in January last year and only one in February. Home building permits were issued to five persons during January of this year and two more in February.

In Plymouth township, permits were for nine new homes during the 1954 two-month period, three in January and six in February. This compares with five issued for homes last year during the two months.

Money-wise, the seven homes to be built in the city are estimated to cost a total of \$77,500, or an average of \$11,000 apiece. The township homes are estimated to cost a total of \$109,000, or an average of \$12,000 each.

Local Citizens At Conference

A group of Plymouth area citizens interested in schools are in Lansing today attending the 15th Annual Citizens Conference called by Clair L. Taylor, state superintendent of public instruction.

Meeting at the Hotel Olds, the group will hear symposiums on school finance during the morning and an address by Dr. Samuel Brownell, U. S. Commissioner of Education.

Governor G. Mennen Williams will also address a welcome to the citizens.

Rev. Johnson Returns
Methodists at their Quarterly Conference, held Monday evening, again invited the Rev. Melbourne I. Johnson to return to Plymouth by unanimous voice for the fifth consecutive year.

It was pointed out at the conference that the growth of the local Church membership had reached an all time high and that future planning would of necessity include a building or enlargement program.

Board of Education Asks for May Vote On Four-Mill Levy

Red Cross Drive Sets Sights On 1,000 Members

With a goal of \$1,000 to be met by the Plymouth Branch of the American Red Cross the Plymouth Woman's Club has again voted to handle the Red Cross drive this year. The local branch is stressing membership of 1,000 in conjunction with the national drive this year. Mrs. Walter Beglinger, chairman of the drive, stated that the campaign will be limited to general solicitations—a house to house drive.

Although she has not yet named her committee, Mrs. Beglinger said that the drive will probably kick off on March 22. Woman's club members will take over the solicitation of homes.

She explained that through the cooperation with the Community Fund, industry and business will not be asked to give again. The Plymouth Community Fund recently turned over a check for \$2,500 to the Detroit Red Cross. This was a portion of the money collected by the local Community Fund in its drive last fall.

The balance now needed is to maintain the high level of services offered by the Red Cross, including the blood program.

She pointed out that blood is a life-saver in thousands of hospitals. During the past year alone 52,297 pints were furnished by the Detroit chapter to civilian hospitals. This constituted a saving of \$1,307,425 to patients. Through the Detroit Regional Blood Center 45,491 pints of blood were also contributed to the armed forces. These helps in disaster and in the blood program are but two of the many services offered individual citizens through the Red Cross.

Home Building Permits Gain

A bigger home building boom than last year appeared evident in both Plymouth and Plymouth township according to a survey of building permits issued during the first two months of 1954 in the two areas.

While January and February are "slow" months for issuing building permits, a comparison with a year ago shows that more people are apparently getting an early start on their home building.

In 1908 Nelson Schrader moved to Northville, and Fred continued in business in Plymouth. Then in 1917 the mortuary was moved to its present location on South Main street and the first funeral home in this area was established. (This was a departure from the (Continued on page 6)

Plymouth township's Board of Education will appear before the School Community Planning Group tonight with a plan to place a four mill levy before school district voters this spring in order to finance:

1. Pay increases for teachers, clerical and administrative personnel;
2. Needed improvements at all schools with the exception of the new Allen Elementary school;
3. Additional construction of rooms at Bird and Smith Elementary schools where overcrowded conditions prevail.

Rotary Honors Charter Members

Members of the Plymouth Rotary club will pay tribute to the eight living charter members of the club on the event of its 30th anniversary this Friday. Those charter members still living and active in club affairs are Edward C. Hough the club's second president, Dr. B. E. Champe the third club president, Carl Shear, Paul J. Wiedman and attorney John Dayton.

Three other living charter members, not now active in the club but invited to participate in the Friday program are Harry Lush, Sidney Strong and Jesse Hake. Of interest is the fact that all of the charter members except Carl Shear are still engaged in the business under which they entered Rotary 30 years ago. Mr. Shear retired last year from his local automobile business.

The anniversary program will be under the direction of Frank Henderson.

Schrader's Ends 50th Year Of Business Here

Plymouth now has its fourth 50-year-business with the celebration this month of the 50th anniversary of the founding of the Schrader Funeral home. Daisy Manufacturing, the McLaren company and The Plymouth Mail also rank among concerns serving Plymouth residents for more than 50 years.

It was back on the first day of March in 1904 that the Schrader brothers, Fred and Nelson, opened the business on the second floor of the building in which Blunk's furniture is now located. Known as Schrader Brothers, it was a combination furniture and undertaking business, a successor to Millspaugh Brothers.

In 1908 Nelson Schrader moved to Northville, and Fred continued in business in Plymouth. Then in 1917 the mortuary was moved to its present location on South Main street and the first funeral home in this area was established. (This was a departure from the (Continued on page 6)

Burglars Hit School Twice on Weekend

Two burglaries on successive nights left the St. Peter's Lutheran parochial school minus \$42 last weekend.

Police said that someone broke into the school on Penniman avenue on both Saturday and Sunday nights. They found \$35 during the Saturday night raid and \$7 on the following night.

Entrance to the building was gained by using a jimmy bar on an outside door, Chief of Police Carl Greenlee said. It is believed that the burglary was the work of one or more young boys.

Rename Candy Shop

Announcement of change of name—but not ownership—was made this week by Plymouth's only shop devoted exclusively to making candy. Henceforth Mrs. Stevens Candies, located at 896 West Ann Arbor trail, will be named after the owner, George Kemnitz.

The Kemnitz's opened their candy store next to the A & P more than two years ago and have become very popular for their homemade candies. Mr. Kemnitz will now feature these fresh, made-at-home sweets including chocolates, brittles, caramels, fudges, etc.

DEDICATION CEREMONIES of the Dunning Library Sunday attracted some 250 persons to the new building. In the above picture Mayor Russell M. Daane presents the key to the library to Mrs. Agnes Pauline, branch librarian, as a group of the library's leading contributors

and boosters look on. They are: (left to right) Miss Margaret Dunning, Mrs. Ada Murray, Mrs. Bessie Dunning, Mrs. Pauline, Mayor Daane, County Librarian Walter Kaiser, Fred C. Fischer, chairman of the Wayne County Public Library Board, and Edward C. Hough.

IT WAS A BIG NIGHT for the Plymouth Junior Optimist club last Monday at the V.F.W. Hall on Lilley road. The club's official charter was presented during a special ceremony by Judge Jay H. Payne, Probate Judge of Washtenaw County and 17th District Governor of Optimist International. Shown above, left to right, are three of the Junior Optimist officers: Thomas Rollin, secretary, Keith Evans, vice president, Ronald Hubbs, president (receiving the charter), Judge Payne, Matthew Fortney, and Kenneth Hannah, president and secretary, respectively, of the senior Optimist club. Eighteen charter members are listed in the club's records. It is the first Junior Optimist club to be officially chartered in Plymouth by Optimist International.

Name Exhibit Chairmen For Creative Arts Festival

Exhibit chairmen were named recently for the second annual Creative Arts Festival to be held in the Plymouth high school from April 23 to 25. The festival originated last year for the purpose of showing the creative handicraft of local residents. Because it met with such success, the festival is being held again this spring in order to exhibit articles made in the past year.

Exhibitors must register their articles with the committee chairmen by April 1, in order that the chairmen may know what to expect for their individual displays. Demonstrations of the handicraft will be given in most of the exhibits.

Chairmen are: flower arranging, Mrs. Charles Nelson and Mrs. A. T. M. Petersen; drawings and water colors, Mrs. F. D. Sober; molded ceramics, Mr. and Mrs. Willard Jackson; hand-made ceramics, Mrs. Jane Carmichael, Mrs. Dora Hondrop and Mrs. Barbara Wright; oil painting, Mr. and Mrs. E. J. Cutler; sewing and tailoring, Mrs. Lila Humphries; metal work and jewelry, Beatrice Ware and Mrs. Bernice Law; leather carving and tooling,

Dorothy Lucas; hooked rugs, Mrs. Earl Kenyon; millinery, Mrs. Joyce Dalian; china painting, Mrs. Harold Grimoldby; and photography, Robert Webber.

Anyone interested in entering work in these exhibits should contact these chairmen, or Herbert Woolweaver in the Adult Education department at the high school.

Hold Welcome Home Party for Marine

Mrs. Edward F. Thorne entertained at her home on Lilley road last Saturday evening with a welcome home party for her husband, Corporal Edward Thorne. Corporal Thorne returned from Japan after serving with the 3rd Marine Division as a wire repair instructor and switch board operator.

On returning to Plymouth he commented that Michigan winters are not so bad. He said there was from two to three feet of snow and zero temperatures when he left Camp McNair at the foot of Mount Fujiyama in Japan.

Dunlap, Kendall Headline First Grosse Pointe Symphony Concert

Wayne Dunlap, conductor, and Fred Kendall, tenor soloist, both of Plymouth, received a tremendous ovation last Sunday afternoon at the beautiful Parcels Auditorium on the occasion of the first concert staged by the newly formed Grosse Pointe Symphony Orchestra.

Tickets were completely sold out before the day of the concert and close to a thousand persons turned out to hear the new organization. The programs bore welcome messages from Mayors Homer W. Fritsch, Grosse Pointe Woods, Ernest C. Putnam, Grosse Pointe Shores; Fred W. Parker, Grosse Pointe City; and William F. Connolly, Jr., of Grosse Pointe Farms. The orchestra personnel which has 59 members performed with an inspired enthusiasm a program which consisted of the following numbers: Overture to "Russian and Ludmilla" by Glinka; Symphony No. 8 in B minor, "Unfinished" by Schubert, (including the scherzo which was orchestrated from sketches left by Schubert and complemented by Dr. Hans T. David); Capriol Suite, for String orchestra by Warlock; and closing with the Polovtsian Dances by Borodin. One of these dances created a stir in the audience when the theme "Stranger in Paradise" startled their ears.

Fred Kendall of radio and television fame sang two operatic arias: "La Fleur que tu m'avais jetee" from Carmen by Bizet and "La Donna e mobile" from Rigoletto by Verdi. He offered "Song of Songs" by Moyer as an encore.

SOCIAL NOTES

Mr. and Mrs. Clifford Tait and son of Northville road and Mr. and Mrs. Glenn Jewell of Mecosta will accompany the Tait's daughter, Mrs. Ted Thrasher to Camp Chaffee, Arkansas, this weekend where she will join her husband, Private Ted Thrasher. The Tait's and Jewell's will visit relatives in Tennessee before returning to Plymouth.

Bill and Jim Nelson, sons of Mr. and Mrs. Fred C. Nelson of Ross street, will entertain a group of their friends on Saturday afternoon at a birthday party for both boys.

News was received in Plymouth this week of the birth of a daughter, Erin Elizabeth, on February 22 to Mr. and Mrs. Bruce McGregor of East Ann Arbor. Mrs. McGregor is the former Barbara Johnson of Plymouth.

Mrs. Jessie Terry was honored at a family dinner on Sunday when Mr. and Mrs. Frank Terry entertained her at their home on Union street for her eighty-seventh birthday. Guests included Mr. and Mrs. Leon Terry and son, Cass of Ypsilanti; Mr. and Mrs. Wilbert Gould, Mr. and Mrs. Irwin Friday, Mrs. Gladys Baker and Mr. and Mrs. Terry, all of Plymouth.

Keith Alexander Kellman, son of Mr. and Mrs. Norman Kellman of Hamilton street, was baptised on Sunday morning in Our Lady of Good Counsel church. Mr. and Mrs. Clayton Kops of Beck road were Keith's Godparents. Following the christening, Mr. and Mrs. Kops and family were the dinner guests of the Kellmans.

The Rebekah lodge are sponsoring a pillow case party at their hall on Elizabeth street on Friday evening, March 19.

Mrs. Rhea Watts and children of Adrian spent Sunday with Mrs. Watt's parents, Dr. and Mrs. Luther Peck of West Ann Arbor trail. They helped Sandra Watts celebrate her thirteenth birthday.

Miss Mary Lou Hartwick, a student at Alma college, will spend the weekend with her parents, Mr. and Mrs. Carl Hartwick of Northville road.

Mr. and Mrs. Stanton Klink of Adams street and Mr. and Mrs. Thomas Thompson of Sutherland avenue have returned from a two weeks trip to Florida. They visited friends in Bradenton, St. Petersburg, Cypress Gardens and Clearwater.

The Ladies Auxiliary of the Ex-Service Men's club luncheon will be held at the home of Mrs. Mabel Evans, 1034 West Ann Arbor trail, on March 19 at 12:30 p.m.

Dr. and Mrs. Luther Peck of West Ann Arbor trail were hosts at dinner Wednesday evening to Mr. and Mrs. John Perkins of Rosedale Gardens in celebration of Mrs. Perkins' birthday.

Mr. and Mrs. William Curtis of Franklin Hills were the Saturday evening dinner guests of Mr. and Mrs. Albert Pint of Schoolcraft road.

Mr. and Mrs. Walter Wilson are now at home after spending the winter in Florida.

Mr. and Mrs. Lloyd Fillmore and Mr. and Mrs. Albert Groth attended the fiftieth wedding anniversary celebration of Mr. and Mrs. John Hawk in South Lyon on Sunday.

Mrs. Clare Chillson, who was so seriously injured in an auto accident on February 5, has been released from University hospital, Ann Arbor, to her home on Newburg road. At this time she is still confined to her bed except for about two hours each day. It will be several months before she will be completely well again.

Mr. and Mrs. Herman Tritten have returned to their home in Brethern after spending several weeks with their son, Jesse Tritten and family on West Ann Arbor trail.

Mr. and Mrs. Paul J. Wiedman of North Territorial road were the Saturday evening dinner guests of Mr. and Mrs. Fred Balen of Burroughs avenue.

There will be a dance sponsored by the Optimists club on Saturday evening, March 13, from 8:30 to 11:30 p.m. in the High School Auditorium. Tickets will be available at the door. Music will be furnished by Vernon Diedrick's orchestra.

Mrs. Mary Henry is still confined to St. Anthony's hospital in St. Petersburg, Florida, where she has been for the past six weeks suffering from a fractured hip.

Mr. and Mrs. Lawrence Larsen Sr. have returned to their home on Ann street after vacationing for three weeks in Florida. They also enjoyed the Mardi Gras in New Orleans, Louisiana.

William Rucker left Monday for Florida where he will vacation at the Kenilworth Hotel in Miami Beach.

Sunday afternoon visitors at the Eugene Ferrari home were Mrs. Ferrari's uncle, Michael Krys; Mr. and Mrs. Harold Voss and children, Tim and Kay, all of Detroit; Mrs. Robert Fisher and children of Ypsilanti and Mrs. Vincent Ferrari of Plymouth.

The Mission Society of St. Peter's Lutheran church will meet on Tuesday evening, March 16 at eight o'clock at the home of Mrs. Otto Beyer on North Mill street. All ladies of the church are invited to attend.

Mrs. Florence Wood of the "Wood Agency" has returned to Plymouth following a vacation in Florida.

Mrs. George Eads of South Main street is recovering from surgery at the Garden City hospital.

Circle 10 of the First Presbyterian church will meet on Monday evening, March 15 at 8 p.m. in the home of Mrs. Robert Bachelder, 1454 Penniman avenue.

Mrs. Maurice Garchow of Bradner road with Mr. and Mrs. Leo Gibbons and Mrs. George Richardson of Coldwater attended the Saturday afternoon performance of "Oklahoma" in Detroit.

Mr. and Mrs. W. S. McAllister of Northville road and their grandson, Del; and Mr. and Mrs. William R. McAllister and daughter, Karen of Lakeland Court spent last weekend with Mr. and Mrs. Roy McAllister and family in Saginaw.

Dinner guests of Mrs. Edythe Hadley on Wednesday evening of last week, in her home on Dodge street were Mrs. Harold Underwood, Mr. and Mrs. Fred Hadley and Mr. and Mrs. Homer Jewell.

The Plymouth Corner's Society, Children of the American Revolution, will meet at the home of Ann Hulsing, 1010 Church street, on Wednesday, March 17 at 5 p.m. Miss Dorothy Midgely will conduct a parliamentary law session with the members demonstrating the right and wrong method of conducting a meeting. Supper will be served followed by the playing of American Folk song records.

Mr. and Mrs. Milton Scheifele of Detroit were Sunday visitors in the William Martin home on Blunk street.

MRS. RUSSELL HOFFMANN, proprietor of Plymouth's newest eating establishment, Plymouth House, arranges a mirror on the wall of the colonial decorative scheme. Plymouth House opened last week and will celebrate its grand opening next weekend. It is located at 289 South Main street.

THE ABOVE FOUR ROTARIANS will direct the destiny of the local Rotary club when it starts its new year on July first. Elected to the club presidency is Patrick McGuire, left, who is receiving the congratulations of vice-president David Galin, also newly elected. Re-elected to the offices of secretary and treasurer respectively, were Evered Jolliff and Donald Sutherland. Lewis Goddard will be the retiring president.

Architect Becker Opens New Office

Formation of a new partnership was announced this week by Plymouth architect, Byron Becker, to be known as Wheeler & Becker, Architects. The offices are located in the Free Press Building in Detroit.

Becker is well known locally as architect for the new Dunning library and the Northside fire station. He has been associated for more than 13 years with Giffels & Vallet, Inc. of Detroit and has had extensive experience in architectural design of schools, banks, industrial developments and hospitals.

His new partner was associated for 23 years with the firm of Stanton & Hillier, Architects, whose offices and business Becker and Wheeler have taken over. His most recent project was the Oakwood hospital. Both Becker and Wheeler are members of the American Institute of Architects and the Michigan Society of Architects.

Chorus to Perform In Arts Festival

Rehearsals are now underway by the Plymouth Civic Chorus for the presentation of the Brahms "Requiem". This is the first time that such an important choral work has been undertaken as part of the Creative Arts Festival.

The "Requiem" will be given by the chorus and the Plymouth Symphony orchestra, assisted by a soprano and baritone soloist, and directed by Wayne Dunlap. The concert will be given on Friday, April 23.

As a large chorus is needed, director Fred Nelson stressed that there is still room for more singers. Rehearsals are held every Monday evening from 7:30 to 9 p.m. in Room 3 of the junior high school.

Area Fire Chiefs Meet Here Today

Fire Chief Robert J. McAllister will host at the Southeastern Michigan Fire Chiefs association meeting today at which some 60 chiefs are expected to attend.

Chief McAllister, who retired as president of the association in January, has been succeeded by Tom Dixon, chief of the Lincoln Park fire department.

Principal speaker following the luncheon at the Mayflower hotel this noon is Bob Loughhead of the Michigan Inspection Bureau. He is in charge of the setting of insurance rates for all Michigan areas.

Other officers of the association are August Zado of East Detroit, first vice-president; Ken Roberts of Inkster, second vice-president; and Cal Johnson of Flint, secretary.

The fool thinks he's awfully wise, and the wise fears he's an awful fool.

Sidney Strong Retires from County Road Commission After 10 Year's Service

After serving the past 10 years as a special assignment engineer for the Wayne county road commission and a total of 47 years as a civil engineer, Sidney Strong started his life of semi-retirement last week at his unique William street home.

Working 10 years with the road commission on all types of projects, Mr. Strong had become perhaps more familiar with the county road system than any other person in the department. But Mr. Strong's 10 years with the county is only part of his service in public office. In Plymouth, he is best known by present-day citizens as chairman of the city planning commission. Perhaps fewer people remember him as Plymouth's city manager for seven years. His long affiliation with the Boy Scouts has also brought him wide recognition.

A native of Kalamazoo, Mr. Strong began his work as a civil engineer in 1907 with U.S. Engineers department at the Soo locks. It was during his 12 years there that the Davis and Sabin locks were constructed.

Two years after Plymouth hired its first city manager in 1918, Mr. Strong was named to the job and held it until 1927. It was during these years that the city water system changed from its unreliable gravity flow to pumps at the Beck road wells. The first disposal plant and sanitary sewers were also installed during these years and many of the main streets paved for the first time.

When Plymouth's first planning commission was named in 1938, Mr. Strong was asked to serve. He has been chairman of the planning commission twice and the group recently wrote its second zoning ordinance for the city. The volunteer job calls for patiently hearing and considering hundreds of complaints, "but we've had many bouquets too," Mr. Strong adds.

Besides continuing his city job during his "retirement," Mr. Strong will continue his Boy Scout work in the Sunset District (western Wayne county). He has been in Scout work 36 years in nearly every Scouting position including special field commissioner, district commissioner and Scoutmaster.

The Strong home, built two years ago, will now be serving its intended use. An architect friend designed the home especially for the "retirement" years and as such has been given publicity in several national magazines as well as area newspapers. The Strongs, who have five married children and 14 grandchildren, plan to do some

A BUSY CORNER of the Sidney Strong household is Mr. Strong's "den" which is a section of the living room. It is here that he carries on his many activities as well as his hobbies. His retirement from the Wayne county road commission became effective at the end of February.

traveling in the future but Mr. Strong's activities here will still keep him busy. His plans call for some engineer work at home on a part-time basis.

What Christ's Life Should Mean to Today's World

BISHOP SHEEN'S

Modern INTERPRETATION of the LIFE of CHRIST

THIS is perhaps the most significant interpretative treatment of Christ's life because it dramatically applies the life teachings of Jesus to the atomic age! People of all creeds will find inspiration and stimulation in this great work by Bishop Sheen—profound philosopher, deep scholar, great spiritual counselor, distinguished TV speaker and noted newspaper columnist. Bishop Sheen's modern interpretation of the Life of Christ...

Private Ralph Peters

Army Private Ralph L. Peters, son of Mr. and Mrs. Walter A. Peters, 19505 Farmington road, Livonia, took part last month in ODEX 16, an offshore exercise conducted near Bordeaux, France.

Under simulated tactical conditions, assuming that no port facilities remained on the coast, troops utilized BARCs, 197,000 pound amphibious cargo barges, to move supplies from ships anchored far offshore to positions on the beaches.

Private Peters entered the Army last July

SNOW DISAPPEARED in one day on the downtown streets last Thursday, thanks to the Department of Public Works. A blizzard which struck the city the day before, left four inches of snow and caused treacherous driving conditions. After a grader moved the snow to the center of the streets, the front-end loader shown above loaded the snow into trucks and the snow was dumped on city-owned fields behind the high school. Charles Wilson is pictured operating the loader.

THIS PRIZE Aberdeen Angus, Great Oaks Blackcapmar 9th, was purchased by R. D. Willoughby of Plymouth last Saturday for \$4500. The purchase was made at an auction on the Northville farm of Ray Carroll. Willoughby stated that the prize bull would be used as herd bull for his 120 head of registered Aberdeen Angus cattle at the Willoughby farm. The bull weighs 1400 pounds.

New Oil Drilling Site Established; Detroit Council Interested In Leases

A new wildcat drilling site is being established southwest of Novi, a spokesman for the W. C. Taggart company said this week as their drilling on the Wilson farm in Salem township continued.

The week's oil news also revealed that the Detroit city council is getting the "oil fever" and that other oil drilling concerns are still attempting to get rigs set up.

Eyes of most oilmen are focused on Ralph Wilson farm on Eight Mile road where Taggart is drilling his third well. Since the oil strike on the nearby Roy LeMaster farm is still considered a "wildcat" find, other firms have been slow in moving in much equipment until an announce-

ment comes from Taggart about the Wilson drilling. Taggart found no oil on the Glen Angell farm during a recent deepening of an old dry drilling.

Also holding up other drilling firms has been the rigidly enforced road load limits which prohibit the moving of the heavy drilling rigs into the area.

A Taggart spokesman reported Wednesday that gas had been found in the mud during recent drillings on the Wilson property but is not considered too important. However, the drilling crew is awaiting word about what to do next from Taggart who is vacationing in Florida.

The Taggart rig being moved onto the Pat Malley farm southwest of Novi is a smaller rig than one now in use in Salem township. The spokesman said that it is not known if there is oil in that area or not, since no drilling has been undertaken there, "but we're hoping there is." The actual drilling operation will be turned over to Ferguson and Ferguson of Mount Pleasant when the rig is set up.

One of the other active firms in the area is C. W. Collin and G. C. Berlin of Mount Pleasant. They are still setting up rigs on the Frank Whipple and William Gowans farms on Eight Mile road.

Meanwhile, the Detroit council appears to be opening the door to the oil business. Oilmen have for years been trying to lease land on which the Maybury Sanatorium and House of Correction are located. A legal counsel ruled this illegal in 1942, but the present corporation counsel, Paul T. Dwer, has ruled that the city could lease its property to drillers under certain conditions.

One councilman when reminded of the old ruling said, "Then let's change the statute. If we don't, we're nuts, that's all. It's inconceivable that we should have a possibility of oil under 2,200 acres and do nothing about it."

The "Oil and Gas News" magazine claims that C. W. Collin has picked up a "sleeper" 80-acre lease in the heart of the Maybury

Sanatorium, a plotted sub-division made up of 18 separately owned lots. The lease is scheduled for early drilling, the magazine claims.

The real price of everything is the toil and trouble of acquiring it.—Adam Smith.

The H. R. Penhale Company people are busily engaged aboard the Good Ship Mayflower this week. Among other things that they are doing is building new, attractive and more adequate coat closets and racks near The Pilgrim Room. These new fixtures will accommodate better the people who patronize The Pilgrim Room as well as the gentlemen who use The Captain's Quarters for service club meetings.

News in one word: — The couple who moved from The Priscilla Inn, packed their Priscilla patterned silverware, and took up residence in Plymouth on Priscilla Lane near Turkey Run in Plymouth Colony. How do we know about this? We saw them in The Pilgrim Room of The Mayflower enjoying among other things some delicious clam chowder, a la Priscilla of course. While they were at The Mayflower they browsed about The Wine Shop where they found some of those new pot-holders that Plymouth folks are buying like mad because of the pictures of Priscilla and John Alden painted on them. They're very useful for the kitchen as well as decorative.

Arrived on board last week: Mr. and Mrs. Harry Lush. We can only surmise that this portends some unusual plans for us moviegoers because they are noted for keeping abreast of the latest developments in the show world.

Insurance man Fred Van Dyke is taking off this week for a business meeting. It's just coincidental that such a choice should have its setting in Florida's Miami at this time of year.

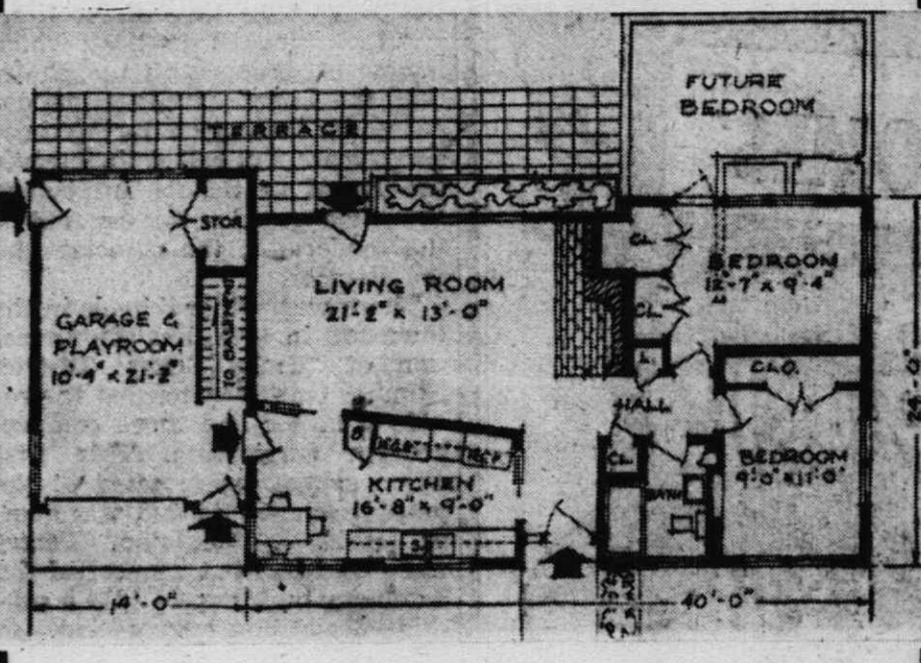

A whole fleet of Consumers Power Trucks was parked outside the Mayflower the other morning when we arrived. Our first thought was that some of the gas mains must have frozen. On second thought, however, that would take a bit more cold than we have had lately.

As the Lenten period approaches The Wine Shop is putting in an extra stock of foods-for-the-season. Among them is an additional supply of aged Pinconning cheese which will add variety to the menu in many ways. It is the only Pinconning cheese, so aged, that is available in Plymouth.

Plan To... **Build now Save Now!**

Planning to make improvements in your home or to build a new one? Do it now and SAVE at our low prices for materials.

Remodel, repair, modernize, build NOW! "Later" may be TOO late to buy lumber and supplies at our present low prices. We have everything that goes into a building job... everything top quality.

THE ANNUAL LIONS wrestling show is the topic of conversation of this group. Scheduled for April 10, this year's show is headed by Bob Erdelyi (center above) and will be held at the high school gymnasium. Proceeds from the event go for the many Lions club charitable activities. The wrestling show will feature three matches and a tag team event. Pictured in the committee meeting above are: (seated left to right) Dr. Ralph Snoke, Clifford Manwaring, Chairman Erdelyi, Clayton Stokes, Les Wilson, and standing, Cameron Lodge and J. Rusling Cutler.

Board of Education

(Continued from page 1) expenses, about two mills would go for the proposed teacher salary increase. Superintendent Isbister reported that one mill will yield about \$40,000 per year. The teacher salary increases will cost in the neighborhood of \$76,000 next year.

Looking over the proposed salary schedule last week, the School Community Planning Group was split in its opinion. Half thought the increase too small and the other half went along with the school board's plan. Being only an advisory group, the school planners recommended that the school board reconsider boosting salaries higher during the later years on the schedule.

Meeting again at their regular session Monday night, the school board stuck with their original schedule. The planning group is expected to spend much of their time tonight laying plans to present the plan to voters. Parent Teacher associations in the school system are also expected to carry the school finance problem to voters before the election.

"Just how bad is the teacher situation now?" Superintendent Isbister was asked by a member of the planning group last week.

He replied that many schools are already actively searching for replacements and that the state education office is warning of a continued serious shortage. We're definitely in competition," Isbister added. "In order to get our share we have to use the dollar sign."

Should voters approve the proposed millage, the school improvements would not become a reality until next year since this year's taxes are not collected until December. (Unless the board should borrow money for this purpose.) Here is a breakdown of the improvements needed at each school with the cost estimated:

Starkweather Elementary, acoustical treatment, new lighting, more storage space, improved playground, painting, shades, \$21,400; Junior High, acoustical treatment, new lighting, painting, outside doors, shades, \$22,300; Bartlett Elementary, install septic tank, plumbing, painting, cabinets, \$2,750.

Hough Elementary, painting, who elected them.

\$750; Bird Elementary, fencing, tile drain play area, hard surface parking area, \$7,000; Smith Elementary, hard surface parking area, tile drain play area, fencing, \$6,000; high school, bus turn around, ball park relighting, \$10,500. Plans also call for the hard-surfacing and fencing in of the school bus parking area which is estimated to cost \$5,725. If the one mill levy for building and site financing should be approved, school board members believe that two additional classrooms could be constructed a year. Although a new elementary school opened just last fall, the lower grade classrooms are overcrowded. At Bird school, for instance, there are 490 pupils and the school was constructed to handle 425.

Both Bird and Smith schools, as well as Allen school, were built so that more classrooms could be added to each of the three wings. It is estimated that each classroom would cost about \$20,000 for construction and furnishing.

In a comparison of salary schedules from other Wayne county, Ypsilanti and Ann Arbor districts, Plymouth teacher pay is "mediocre." A list of 28 school townships district beginning teachers are ranked 16th. Getting more pay are beginning teachers in Allen Park, Trenton, Wyandotte, Highland Park, Birmingham, Livonia, Oak Park, Ferndale, Ecorse, Lincoln Park, Hazel Park, Belleville, River Rouge, Melvindale, Dearborn and Detroit.

Plymouth teachers with an A.B. degree receiving the maximum pay can look to only eight other districts where less maximum pay is received. Plymouth township school district taxpayers now pay a total of 17.95 mills for school tax with 9.195 mills for operation. In a list of all of Wayne County's 55 school districts, 33 pay more total millage to schools and 29 pay more operating tax millage.

Behind each child in Plymouth township is a tax valuation of \$12,202. Plymouth township is 15th in the list of 55 districts in this department.

The next time you feel the urge to cuss your public officials, put in a word or two for the folks who elected them.

Schraders

(Continued from page-1)

traditional house funeral, and thus was a bold move in a progressive program.

It was at this time that motorized equipment replaced the horse drawn carriages, and Schrader's inaugurated the first ambulance service in the territory. Today the establishment has two heated ambulances which are on call night and day.

Last year the chapel and adjacent rooms of the funeral home were redecorated under the direction of owner Edwin A. Schrader. A new electric organ was provided in the main chapel, and separate lounge rooms give privacy. Throughout its 50 years in Plymouth Schrader's has gained a high regard among the local businesses.

Collision

(Continued from page 1)

the blinding snowstorm and Miller at about 15 miles an hour.

Andrew Kopeco and Mary R. Oydow, also passengers in the Miller car, were taken to the hospital with Wahley and Moore where they were all treated and released with the exception of Mr. Wahley. The Plymouth youth suffered minor injuries to the nose and knees.

A detective for the sheriff's department stated that both drivers have been absolved of any neglect in the accident.

Mr. Wahley is survived by his wife, Anna Marie, and five children, Thomas, Margaret, Dorothy and Patricia Wahley and Mrs. Mary Ann DeMartino. Services were held at 2 p.m. Monday from the Alfred W. Eppens Funeral home on Gratiot avenue. Burial was in Gethsemane cemetery.

Sentenced to Jail On Assault Charge

A 20-year-old Plymouth father has been sentenced to 90 days in the Wayne county jail for the beating of his wife and four-month-old baby.

O'Dell Lovelace, 240 North Harvey, was sentenced by Municipal Judge Nandino Perlongo last Monday after charges were brought against the young father by his wife, Rose.

Plymouth Police Chief Carl Greenlee said that Mrs. Lovelace charged her husband with assault and battery after he was said to have beat her and their infant son. Lovelace told Judge Perlongo that he had "slapped" the child to because it was crying.

First School

(Continued from page 1)

the book at the time of the fire. A look through the book which is now browning with age, shows that the board of education did not go by that name during those early years, but called themselves the Board of School Inspectors. It was composed of three members: the moderator, the director and the assessor.

There were other schools in the township in 1853, but the formation of "Union School District Number One" was needed to provide a larger and more comprehensive curriculum. This first union school was located at the present school site and was owned by E. J. Penniman. Classes were held in what was called the Seminary building. In 1854 a substantial addition was erected.

School population between the ages of four and 18 at that time was 250. Mr. C. A. Frisbee, as principal, was paid \$2 per day for teaching and his two assistants \$4.25 and \$4 per week respectively. Teachers' salaries for this first year of operation totaled \$769.50. Tuition for non-residents was \$6 per year for the lower department, \$10 a year for the intermediate department and \$12 per year for the upper department.

Mr. Frisbee remained as school principal for 24 years, his salary increasing to \$650 a year in 1860 and \$1000 a year 10 years later. The record book shows that a new building was erected in 1884. This building remained until it burned to the ground in 1916.

"Riches," said the teacher, "take unto themselves wings and fly away. Now, what kind of riches does the writer mean?"

He stared around the class, but nothing but blank looks met his gaze.

"Surely someone can answer a question like that? You, Smith," said the teacher, "what kind of riches did the writer mean?"

Smith hesitated a moment, then:

"Ostriches, sir," he replied.

 10:30 Sunday school.
 Classes for pupils up to 20 years of age.

The healing power of that faith which is rooted in a spiritual understanding of God will be brought out at Christian Science services this Sunday.

The Lesson-Sermon entitled "Substance" includes the following passage from the Bible:

"Now faith is the substance of things hoped for, the evidence of things not seen. Through faith we understand that the worlds were framed by the word of God, so that things which are seen, were made of things which do appear" (Hebrews 11:1,3).

Among the correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be the following:

"When we come to have more faith in the truth of being than we have in error, more faith in Spirit than in matter, more faith in living than in dying, more faith in God than in man, then no material suppositions can prevent us from healing the sick and destroying error" (368:14).

The Golden Text is from Psalms: "Thy name, O Lord, endureth for ever; and thy memorial, O Lord, throughout all generations" (135:13).

Thursday March 11 - Trustee Meeting in charge of Howard Harder at the church.

Friday March 12 the Benevolence Committee will sponsor a "Pot Luck" Dinner at the Newburgh Hall.

Wednesday March 17th the Ladies Missionary Society will conduct the Prayer Meeting and will conduct a "Spiritual Birthday" Program. This will be under the direction of Mrs. Howard Harder.

This Sunday March 7 after the evening service, the men of the church gathered to elect officers for the Brotherhood which was organized. Mr. William Pryor was elected President and Mr. Robert Majors was chosen Secretary - Treasurer. The men will sponsor recreational activities for the youth of the church such as basketball, softball, and other activities. Also under consideration is a men chorus, prayer band, and fellowship services for the men of the church.

March 16th Tuesday the Detroit District meeting of the Church of God will be held in the Local church with Reverend Jones conducting the worship service. Reverend Dale Frye of the Northwestern Church of God will be in charge of the meeting. Reverend Jones is a member of the program committee and also is a member of the advisory committee.

First Methodist Church
 Melbourne Irvin Johnson, D.D., Minister
 Sanford P. Burr, Youth Director
 James Sands Darling, Organist and Choir Director
 Robert Ingram, Church School Superintendent

Sunday school meets at 9:45 a.m. Two identical services for worship are held at 9 and 11 a.m. each Sunday. A Junior Church is conducted during the latter half of each morning worship service. There is also nursery care at both services. Parents may be assured that there is competent supervision at all times. Not only has our growth at the services for worship been a most encouraging experience-our Sunday school has also shown a marked increase during the last few months. Five new Methodist families registered with us last Sunday as newcomers to the Plymouth community.

Next Sunday morning Dr. Johnson will preach on the theme, "The Fatalities of Fear."

Sunday evening at 6:30 p.m. our M. Y. F. will be led in a discussion on a subject of interest to all youth by Joyce Smith, Marjorie Alford and Bob Bateman.

Our first Lenten Fellowship dinner and service of worship will be held on Thursday evening March 18th beginning at 6:30 p.m. with the pot-luck dinner and followed at 7:30 p.m. in the sanctuary with a sermon by the Rev. Oliver J. Collins, D. D. minister of the Trinity Methodist Church of Highland Park, Michigan. All members and friends are invited and urged to attend these services. When it is impossible to attend the dinners you may feel free to attend the services for worship, following each of the Thursday Fellowship dinners.

Not pictured are Mrs. Earl Mastick, Mrs. William Bake, Mrs. Robert Willoughby, Mrs. Marvin Sackett and Mrs. Phillip Theobald.

Cancer Unit White Goods Drive Reported Meeting With Success

The local cancer unit white goods drive will continue here for a few more weeks. The white drive is being conducted at present because of the great need for cancer dressings. Spring being the best time to conduct such a drive, an extra "push" is being given.

Depots for the white goods, large grocery bags and dry cleaner bags are the following: The Plymouth office of the Detroit Edison company across from the City Hall, all the elementary schools, Allen, Bird, Smith, and Starkweather, all local Girl Scout leaders' homes, and the Presbyterian church circles are cooperating.

The Canton Center Farm Bureau, the Robinson Extension group, and other organizations such as the MOMS, Navy Mothers, Eastern Star, Historical Society, the P.E.O. Sisterhood, Plymouth Woman's club, Veterans of Foreign Wars Auxiliary, local Red Cross, and St. John's Auxiliary are cooperating in this drive.

Mrs. William Norman, chairman of the drive, would like any other organizations or individuals who are not as yet informed on the particulars of this drive to phone her at 1553-W.

For those who find it more

Play Group Holds Annual Election

New officers of the Northville Cooperative Play Group were elected at the monthly meeting last week of the Northville Presbyterian church. Heading the group for the next year as president will be Mrs. Charles Hall.

Other officers assisting her are Mrs. B. William Secord, treasurer; Mrs. Irwin Marburger, membership chairman; Mrs. Fred Davis, membership from Farmington; Mrs. Howard Raaflaub, membership from Plymouth; Mrs. John Stubenvoll, equipment chairman; and Mrs. James Mahoney, P.T.A. representative.

On Wednesday, March 17, the Play Group will sponsor a sale at the Northville Presbyterian church beginning at 9 a.m. Featured items for sale will be beach and picnic equipment, summer sport equipment, novelty jewelry and Easter toys. Proceeds from the sale will be used for the purchase of playground equipment for the nursery school.

Presbyterians To Consider New Church Addition

The building committee of the First Presbyterian church, in considering the church's needs, has recommended an addition to the present building costing from \$155,000 to \$200,000. The plans will not come up for congregational approval, however, for several months.

Heading the 26 member building committee as general chairman is Douglas Shaw. He is assisted by Dick Daniel, chairman of the study sub-committee; Eugene Light, chairman of the plans and construction sub-committee; Elvin Taylor, chairman of the finance sub-committee; and Robert Webber, chairman of the publicity sub-committee.

The committee has currently studied the church's needs up to 1970. This report will later be presented for approval. It has shown, however, that the Sunday School is the main source of crowdedness. The church itself, by continuing with its two services, should be satisfactory until about 1960.

At a meeting last week Dr. John Reed from New York, a member of the National Board of Missions, talked to the committee on financial campaigns. In the near future the campaign which would begin in October will be put up to the congregation for approval. Money would be raised by individual pledges.

If the new addition is approved building would start in the spring of 1965. Architect would be James Morrison of Detroit, noted church architect.

Woman's Club Hears News Poet

Almost 100 women helped the Plymouth Woman's club celebrate its 60th anniversary last Friday in the Methodist church. Speaker for the event was Ann Campbell, Detroit News poet.

The anniversary was also combined with the 14th year of the Glee Club and past presidents' day, with 12 former presidents in attendance. Mrs. R. E. Cooper, the club's oldest past president, reminisced on the history of the club and on former president Miss Harriet Hartsough in particular.

Program chairman Mrs. Leslie Daniel, introduced Ann Campbell, who talked about her childhood in Yale, Michigan and told that she will celebrate her 31st year with the News in May.

Tea was served following the meeting.

The annual meeting will be held in the Presbyterian church on April 2 featuring a potluck luncheon.

The danger in spelling things out today to keep them from understanding what you're saying is that they're liable to correct your spelling.

● Here's an angle you may not have considered: The money you "save" by not calling a Doctor promptly may turn out to be poor economy. A prolonged illness may cost you a lot more than the physician's modest fee—not to mention the needless suffering. Take care of your health. And take care, too, to bring your Doctor's prescriptions to this "Reliable" source for prompt, precise compounding.

Deadline on Want Ads - Noon Tues.

FORD'S FX-ATMOS, a "future experimental" car that never will be built for sale, makes its debut at the Chicago Auto show this Saturday. Ford Motor Company

officials say the model, built of pearlescent white, ice blue and red plastic presents styling concepts that could appear in near-future Fords.

Grange Gleanings

The first item on our record is that Mr. Hodge is at home from the hospital and feeling pretty well. Visitors will be welcome. Joe Tracy was a little better at the last report on him. Bert Kahl is coming along fine and expects to come home today, so he will enjoy a call from his friends too. The Hauk golden wedding was a very lovely occasion. It was a perfect day with bright sunshine. There was a very large crowd of old friends to congratulate the fine couple, and a great many beautiful flowers and gifts. Such occasions are happy affairs when one meets old friends and renews the acquaintance of many, perhaps not seen for years. Ice cream, cake and coffee were served. The beautiful wedding cake adorned the table. Guests were there from Detroit, Pontiac, Wayne, Dearborn, Stockbridge and Plymouth.

The last meeting of the Grange was an unusually large one much to our surprise as it was

bad weather. So it seems that members can come if they have the desire to do so. Keep up the good work.

The next meeting will be on March 18. The program will be music by the high school band or some of its members.

Mr. and Mrs. Herman Tritten who have been visiting their son Jesse for sometime left for their home at Bretheren Monday morning.

The Lily club on Monday evening was well attended. Seven tables were in play and there was a jolly crowd who seemed to be having a very good time. Mr. and Mrs. John Oldenburg, Louise Tritten and George Huebler were on the host committee.

And speaking of card parties, do not forget the public card party on Saturday evening, March 13 at 8 p.m. Mr. and Mrs. Hartom, Mr. and Mrs. Fillmore and Mr. and Mrs. Miltimore are on the committee. Lunch will be served. Bring your friends and make up a table.

Community Fund Names Three To Budget Committee

Lou Goddard, president of the Plymouth Community Fund, announced recently the appointment of the budget committee. Serving on this committee, which analyzes the budgets of individual organizations and justifies the needs before soliciting, are Harry Larsen, chairman, Robert Smith and Sheldon Baker.

At a meeting on March 3 the Community Fund gave a check for \$2,500 to the Red Cross to cover the business and industrial solicitations. Last year the Red Cross agreed to accept money from the Community Fund instead of soliciting business and industry itself. The house-to-house campaign will still be carried on by the Woman's club later this month.

\$2,000 was given the Salvation Army at a previous meeting.

OBITUARIES

William Hawkins

Funeral services were held on Monday, March 8, for William Hawkins of Garden City. Mr. Hawkins was a Plymouth resident from 1940 to 1952. He passed away on March 5 in his home after a long illness.

Mr. Hawkins was born in Livonia 74 years ago and resided in this area all of his life. Prior to his illness he was a machine operator at Plymouth Tube.

He is survived by his wife, Agnes B. Hawkins; three children, Mrs. Phyllis Breault of Dearborn, William James Hawkins of Detroit and Walter Hawkins of Ann Arbor; six grandchildren, a brother and two sisters.

Services were held at 2:30 p.m. from the Caldwell funeral home in Garden City with the Reverend Agnes Hill officiating. Interment was in Cadillac West.

The height of fashion is usually the badge of the depth of cowardly folly.

National Bank of Detroit Expands Plymouth - Cranston Livonia Office

Further confirmation of the solid growth and importance of the Plymouth-Cranston area in Livonia, is evidenced in the announcement by Floyd A. Kehrl, vice president, National Bank of Detroit, in charge of the bank's Livonia operations as well as its Penniman Office in Plymouth, of the expansion plans for the Plymouth-Cranston office of that bank to provide even better and more efficient banking services to individuals, families, businesses and industries in this vicinity. Floor space will be increased to 5,906 square feet—approximately doubling the floor area of the present office.

The expansion will include additional safe deposit facilities with more private rooms for customers and a new conference room, and increased management and employee areas. The lobby will be enlarged for greater customer convenience and teller stations will be increased to thirteen.

In addition there will be four teller stations devoted exclusively to Drive-In Banking—a service

pioneered in the Detroit area by the National Bank of Detroit. Drive-In Banking will enable customers to perform routine banking operations quickly without leaving their automobiles. For customers whose business takes them inside the bank there is an adjacent parking lot.

William E. Arthurs and George N. Kenyon are manager and assistant manager, respectively, of the Plymouth-Cranston Office.

Commenting on the new addition Mr. Kehrl said, "This expansion, together with the recent opening of our new, modern office at Plymouth-Deering, has been made necessary by the bank's expanding business in Livonia. It is also evidence of our intention to keep in step with the progress of this growing community by providing the best in banking services."

There would be a lot more happiness in the average home if a man's faults didn't worry his wife any more than they do him.

SOCIAL NOTES

Dr. and Mrs. Edwin Rice of West Ann Arbor road attended the second annual Michigan Tourists Council held on Tuesday, Wednesday and Thursday of last week in the Kellogg Center at Michigan State college in East Lansing. Over 100 operators coming from as far as Ontario, Pennsylvania and Ohio attended the meeting. Michigan now rates fifth in the nation in tourists trade spending over \$500,000,000 annually.

Mrs. Sed Donovan, Mrs. Levi LeVergne, Mrs. Patrick Dowling and Mrs. Wilfred Thelen attended the luncheon and card party at Kern's in Detroit on Tuesday for the Cancer Fund.

Herbert Swann of Northville was the Sunday dinner guest of Mr. and Mrs. Lester Burden of Union street.

Mr. and Mrs. Edwin Ash and family of Haggerty road were the Sunday evening supper guests of Mr. and Mrs. S. C. LeFever of Eastside drive.

Mr. and Mrs. John Stratton of Lakeland Court were the Saturday evening guests of Mr. and Mrs. Edward Esbrook of Detroit.

Nearly 250 friends and relatives of Mr. and Mrs. John Hawk of South Lyon, formerly of Plymouth, attended their fiftieth wedding anniversary celebration in South Lyon on Sunday. The Hawk's received many lovely gifts and cards in remembrance of this happy occasion.

J. Maurice Campbell, brother of Fletcher Campbell of West Ann Arbor trail, is seriously ill in Royal Oak General hospital. He would enjoy hearing from his old Plymouth friends.

Mr. and Mrs. Harry Lush are visiting in Plymouth from their home in Rancho Santa Fe, California.

Joseph Tracy of Church street is still confined to St. Joseph's hospital, Ann Arbor where his condition is slightly improved.

Circle 5 of the First Presbyterian church will meet on Thursday evening, March 18 at 8 p.m. for dessert. They will be the guests of Miss Anna Hay in the home of Mrs. Margaret Hough on West Ann Arbor trail. Movies of Mrs. Hough's recent trip to Europe will be shown. Members are asked to notice the change of time for this meeting only.

Mr. and Mrs. Coda Savory have returned to their home on Brookville road after spending the winter months in Florida.

Mrs. Fred Ballen was hostess Tuesday in her home on Burroughs avenue to the members of her Mayflower bridge club.

Mr. and Mrs. Carl Hartwick of Northville road were the Sunday evening supper guests of Mr. and Mrs. Jack Gage of Clemons road.

B. E. Giles is still ill at his home on Blunk street.

Mr. and Mrs. Miller Ross and family and Mrs. Sara Ross, all of West Ann Arbor road were Sunday dinner guests of Mr. and Mrs. Horton Morrow in Ann Arbor, in celebration of the birthdays of Miller Ross and his mother, Mrs. Sara Ross.

Mr. and Mrs. Donald Melow and family of Spring street spent last weekend with the Herbert Kalmbach family in Cleveland, Ohio.

The Fellowship class of the Newburg Methodist church were guests Wednesday evening of Mr. and Mrs. Roy Wheeler of West Ann Arbor trail.

Mr. and Mrs. A. M. Wiledon of Pine street were Sunday dinner guests of Mr. and Mrs. Reynold Dodds and family at Taylor Center. They celebrated the birthday of Mrs. Dodds and the wedding anniversary of Mr. and Mrs. Wiledon.

Mrs. Ada Lovewell, who is still confined to Harper hospital, Detroit, following a fall in her home last week breaking her hip, is improving very nicely.

Who's New In Plymouth

PLYMOUTH HAS BEEN THE HOME of Mr. and Mrs. Elmer Boer of 357 Evergreen since last May. The couple and their two children, Barbara Ann, 3, and one-year-old Lois Kay, moved here from Columbus, Ohio. Mr. Boer, who received his engineering degree from the University of Michigan, is in the plant engineering department at the Ford Motor company on Middlebelt road.

Prepare to Launch Annual Drive To Raise Easter Seal Monies

The annual Easter Seal campaign will get underway locally on March 18 when the Easter Seals will be mailed out to area residents. Appointed chairman of the mail campaign for the local area was Rotarian Earl West. Other members of the Rotary club who will serve on his committee are Charles H. Bennett, Elmer S. Anderson, Tom Kennedy and Robert Willoughby.

Easter Seals for the outlying rural areas of Wayne Out-County were readied for mailing by members of the Happy Friendship club in an all-day Easter Seal stuffing bee on March 6. The young people stuffed 4,300 envelopes to be mailed to the rural areas receiving Easter Seal services.

The 15 members of the club met at the headquarters of the Wayne Out-County Chapter of the Michigan Society of Crippled Children and Adults in Eloise. Helping them were Plymouthite Mrs. Herma Taylor, R. N., executive secretary of the chapter, and Charles DePlanche, Inkster, Easter Seal chairman for the chapter's 1954 campaign.

Seventeen of the club's 28 members, living in various communities covered by the Wayne Out-County chapter, are wheelchair handicaps.

The club was organized last July by the Easter Seal society for the teen-age group which attended the day camp program at the Kiwanis Girl Scout cabin here.

"Each month these young handicapped persons have met for a day of social recreation. A host of volunteer helpers from every community have contributed to this great undertaking," Mrs. Taylor explained.

High school grads can now apply for U. S. Air Force pilot training.

Northville Patients Hear Woman's Club Glee Club

On Tuesday, March 9, the Plymouth Woman's Glee club entertained the patients in the auditorium at Northville State hospital. It was essentially the same program as was planned for the 60th anniversary of the club, and the 14th anniversary of the Glee Club.

Mrs. Gerald Hondorp, director of the Glee Club, arranged the

V. F. W.

The old fashioned square dance at the Post Hall is being held Saturday, March 13, at 9 p.m. Teen-agers are invited to attend also. Posters are in evidence in the high school.

A cancer benefit card party has been planned and all is in readiness, reports Mation Luttermoser, cancer chairman of the Auxiliary. Dr. Walter Hammond, Jr., well-known for his many years of practice in this area, will speak on the subject of cancer and will invite an open discussion after a very dramatic, but brief film on this dread disease. See cancer article elsewhere in this issue. The date is Tuesday, March 23, 8 p.m. at the VFW Hall, 1426 Lilley road, across from Arbor-Lill. Refreshments will be served.

Attention all Auxiliary members, nomination and election of officers is taking place at the next regular meeting, Tuesday, March 16. Think about who you want in office and be there to vote them in. It is your auxiliary.

Another gigantic rummage sale is being planned to take place at the Post Hall, April 10 and 11. That's on a Saturday and Sunday. Everyone start putting things aside for this event. Anything is acceptable! Clothing, furniture, books, just anything. Phone 1111-M12 or 1553-W for pick up. If you thought the last rummage sale was terrific, wait until you see the one coming up Saturday and Sunday, April 10 and 11, all day.

O.E.S. NEWS

Plymouth Chapter No. 115 of the Order of Eastern Star will hold its special meeting on March 16 beginning at 5 p.m. Victoria officers will be guests of the Plymouth officers for dinner at 6:30 p.m., and will exemplify the degrees at 7:45 p.m. For dinner reservations call Clara Todd at Plymouth 75 by March 14.

Elsa Gerst has tickets for the spring luncheon to be held on April 27 at 12:30 p.m. Do not forget your donations of baked goods and fancy work. Make your reservations early.

Area Secretaries Invited to Begin Club Chapter

Secretaries in local businesses and industry will have the opportunity of organizing a chapter of the National Secretaries' Association, according to Joan Alexander of the Detroit Transcript Chapter of the association.

With the influx of new residents and industry into the Plymouth area, she said, it was felt that a chapter here was warranted.

Arrangements have been made for an initial meeting of all interested secretaries at the Mayflower hotel on Thursday, March 18. There will be a dinner in the main dining room at 6:30 p.m. followed by an informal meeting in a private room.

Present at this meeting will be Mrs. Edna Brown, president of the Detroit Transcript Chapter, as well as members of the chapter. Mrs. Brown will describe the functions of the association to those attending, and will answer any questions which might arise.

Henderson to Speak On Safety On Roads

Frank Henderson will address members of the Parent-Teacher-Student association at their meeting on Tuesday March 16, at 7:30 p.m. in the junior high school auditorium. Henderson has recently returned from attending the White House Conference on Highway Safety in Washington, D. C. A film will follow his talk on "Safety on the Road."

Program chairman for the meeting is Mrs. Pieter Schipper. Refreshments will be served.

It was announced that Mrs. Paul Simmons will act as cake walk chairman for the coming P.T.S.A. Carnival, and Mrs. Warren Bassett will serve as pie walk chairman.

program, and the soloist was Mrs. Thomas Locke. Also featured was a piano duet by Mrs. William Clarke and Mrs. Roy Jacobus. The Glee Club sang four numbers, as well as conducting group singing.

Mrs. Murray O'Neil, president of the Woman's club, made the program available to the patients at Northville at the suggestion of Mrs. Byron Champion. Who visits the hospital regularly as the hospital liaison for the Plymouth Birthday Club Ladies who have adopted one of the hospital buildings for monthly birthday parties and regular visits to the patients.

Entertainment, of the type furnished by the Plymouth Woman's club, is definitely therapeutic, according to Mrs. Carolyn Seefeldt, director of social service at the hospital. She stated, "Volunteer services and entertainment help to provide a link with the community and demonstrate to the patients that people know and appreciate them. Programs of this type play a vital part in the treatment program in a psychiatric hospital." Any groups or individuals wishing to provide entertainment for recreational purposes are asked to contact Miss Janet Paterson, director of occupational therapy, at Northville 1290 week-days.

To Hear Book Review At St. John's Church

Mrs. Charles Dengler of Jackson, an outstanding club woman and currently the president of the Woman's Auxiliary of the Episcopal Diocese of Michigan, will review Sholem Asch's recent book, "Passage in the Night" next Thursday afternoon at 1:30 p.m. in St. John's Church hall.

Mrs. Dengler is in great demand as a speaker and book reviewer and those attending this event are in for a real treat. The affair is being sponsored by the Woman's Auxiliary of the parish, and the public is cordially invited to attend.

Blossom Gets New Ford Appointment

Assuming a new post at the Ypsilanti plant of the Ford Motor company is John Blossom, 49000 North Territorial road. He has been named manager of the division's production programming and control department.

A member of the Plymouth Kiwanis club, Blossom was formerly section supervisor of the divisional production control department.

He started with Ford on April 9, 1918 as an assembler at the Rouge plant. The company was then known as Henry Ford and Sons, Inc.

Mr. Blossom became foreman of the Shipping Dock Foundry in 1923 and was transferred in 1943 to the Willow Run plant where he was supervisor of material control of the planning and scheduling section. In 1949 he was transferred to Ypsilanti where he assumed the position held previous to his recent promotion.

Mr. Blossom was born in Paris, Michigan and attended Plymouth high school and the Detroit Business Institute.

HOW TO GET SICK!

Some Folks Are Determined To Be Sick. Here Are Some Suggestions:

- Stay in the sun until you are overheated.
- Don't pay any attention to what you eat.
- Let minor infections alone—they don't look bad.
- Let your system get clogged.
- Why sleep — you might miss something!

But if you want to stay well don't let any minor ache or pain be neglected your physician and have your

Twelve Seniors Compete For Regents' Awards

Twelve members of this year's senior class traveled to Ann Arbor's Rackham Memorial building last Friday to compete in the Regents Alumni exams given by the Alumni association.

Those that took the exams were Dick Root, Dean Palmer, Jim Isbister, Ann Sumner, Luree Merillat, Sue Simmons, Howard Oldford, Lynn Becker, Jerry Kelly, Carolyn Hill, Brian Kidston and Tony Cousino.

Last week an announcement was made naming the 29 highest seniors in scholastic standing since the beginning of their high school years. They are Lynn Becker, Bruce Campbell, Joyce Campbell, William Fulton, Doris Honey, Kay Ingram, James Isbister, Jerry Kelly, Brian Kidston, Alice Miller, Luree Merillat, Anita Mosher, Jacqueline O'Neill, Charles Oliver, Howard Oldford, Dean Palmer, Shirley Place, Charlene Paulger, Ronald Raven, Donna Read, James Reh, Edwin Rossow, Nancy Schaal, Susan Simmons, Marilou Truesdell, Patricia Wendland, Ross Willett, and Shirley Zimmerman.

Plymouth to Host League Student Council Meeting

The senior class is also planning for a combined senior mixer with Belleville high seniors later this year.

Plymouth high will be the sight of the Suburban 6-B League Student Council Conference which will be held on Friday, March 26.

Co-chairmen of the program committee are Dick Root and Chuck McKenna. Jerry Kelly and Dan Clifford are co-chairmen of the refreshment committee while Jane Nulty and Elaine Rich will head the publicity committee and Sally Black and Betty Bowden will act as chairmen of the reception committee.

The program, beginning at 12:30, will begin with registration and guided tours of the school. This will be followed by a general assembly in the auditorium. At this assembly the representatives from the various schools will be welcomed by Ty Caplin. The group will then be divided into discussion groups. Following these discussions will be a general assembly at which a panel of the various discussion leaders will make a report of the discussions.

To conclude the day with a light note, refreshments will be served.

Scholarships Open to Local '54 Graduates

Scholarships are available for all seniors attending Plymouth high and interested in the fields of home economics, nursing, agriculture and other careers.

For those who have chosen a career in nursing, four Helen Newberry Joy scholarships of \$850 each are offered by Wayne university. Ten scholarships of \$300 each have been set up by the Michigan League for Nursing, through the cooperation of the Michigan Blue Cross. Competition for nursing scholarships is presented by the Detroit and Tri-County League.

The University of Michigan club's annual scholarship award is \$100.

Merit award, M.S.C. entrance, and 4H Club scholarships are being contributed by Michigan State college. M.S.C. Future Farmers of America, Sears Roebuck and Krogers also offer scholarships.

Two seniors sending in the winning papers on "Organized Labor in America," will receive \$500 each, from the George Wilson Scholarship fund. The money will go toward their education in any college of their choice.

Cheerleaders Entertain At Friday Night Dance

"Blow yourself in and have a ball" was the slogan for the "March Whirl", school dance sponsored by the cheerleaders last Friday night, March 5, from 8-11 p.m. in the high school auditorium.

Sara Leet, captain of the varsity cheerleaders, headed all the preparations with the help of Mrs. Louise Cigiile, girls' gym instructor and cheerleaders advisor. Heading the various committees were Pat Calkins, refreshments; Margaret Duty, tickets; Roberta Lidgard, publicity; and Sharlene Johnson, music.

Varsity, junior varsity and freshmen cheerleaders joined forces to make the dance a success. All projects of the cheerleaders are done to buy more uniforms.

Art Students Tour Exhibits at Crowleys

Students from the art class took a trip to the Crowley-Milner department store to attend the Art Exhibit sponsored by The Scholastic Art Awards. This award is connected with the Scholastic Magazine.

Among the many kinds of art exhibited were commercial drawings, jewelry, oil painting, ceramics, water colors, life drawings and photography.

The trip was made Friday morning March 4, from 8:30 until 11:30 when the bus brought the students back to the school for their afternoon classes.

Begin Planning for PTSA Carnival

For an evening of fun, frolic, and varied entertainment reserve the date of Saturday, March 27, to attend the P.T.S.A. Carnival. A cake and pie walk, offering free cakes and pies to the lucky winners, will be featured along with a fish-pond and general shopping center.

For hungry shoppers the snack bar will be open offering snacks or dinners at a nominal fee. As an added highlight, a fashion show will be given featuring male models residing in Plymouth.

If in doubt about your future, an answer to many problems might be in the hands of the fortune teller who will be available. Various movies will also be shown at the carnival.

A shooting gallery for those who wish to try their luck at marksmanship and a spook house to provide thrills and spills, will also be available. To top off a busy evening, a talent show featuring Plymouth's own talent will be presented.

The event is under the general chairmanship of Mrs. Earl West.

Choral Concert to Be Presented Tuesday

Under the direction of Fred Nelson the choral department of the senior high school will present its annual choral concert in the school auditorium Tuesday evening, March 16, at 8 p.m.

The following selections have been chosen by the Freshman Chorus as their part in the program, "Charlottown," "Prayer,"

"I See the Moon," and "Chopsticks."

Among the presentations for the high school choir will be the following: "Surely He Hath Borne Our Griefs," "Wondrous Cool, Thou Woodland Quiet," "O Susanna," "Whoopie Ti-Yi-Yo," "Onward, Ye Peoples," and "Fantasy on Negro Spirituals."

The Girl's Glee Club will sing "Song of the Brook," "Say, Where Is He Born," "Say It With Music," "Yours Is My Heart Alone," and "S Wonderful" as their contribution to the concert.

Included in this festive occasion will be old favorites such as "Star Dust," "Praise Ye the Lord," "Because," and "Can't Help Lovin' That Man." These will be sung by the Triple Trios concluding their part in the program.

Love at first sight is possible, but it is always best to wipe off your spectacles and take a second look.

Future Homemakers Attend Open Meeting

Highlighting the March 30 open Future Homemakers of America meeting will be a discussion on "Careers in Home Economics" by a member of the Home Economics club at Michigan State college. Guests as well as regular members may attend the program which will be held in the Plymouth high school home economics department.

Joan Redd, vice-president of the local chapter, Mary Ortman, Marilyn Brown, and Dorothy Sue Mandt accompanied by Mrs. Benedict Ortman, the chapter mother, were the voting delegates at the State F.H.A. convention held at Grand Rapids on March 4 and 5. During their two-day visit the girls and Mrs. Ortman stayed at the Pantlind hotel. Friday, March 5, Mrs. Jean Ross, club advisor, accompanied 20 of the club's members to the general session of the convention.

Plymouth School NEWS

Quill and Scroll Holds Initiation

Betty Bowden, president of the Quill and Scroll club, presided at the annual initiation last Tuesday, March 2.

Ty Caplin, secretary-treasurer, and Dean Palmer, vice president, also helped install the 15 new members.

The 15 new members were as follows: Sally Gyde, Marilyn Sheere, Ella Plant, Thalia Bairas, Betty Simmons, Janet Mulholland, Jane Smith, Ann Sumner, Doranne Wilton, Jean Walker, Pat Wendland, Luree Merillat, Tom Sawyer, Charles McKenna and Sally Morgan.

Dean Palmer, editor of the Pilgrim Prints, presented Janice Kowalcik with an honorary award for the work she has done this year on cartoons for the school paper.

Refreshments of cookies, milk and ice cream were served after the initiation.

Jar rubbers attached to the underside of a small rug will keep it from slipping.

NEW LARRO

SURE PIG

The Sensational New Feed SHATTERS EVEN THESE RECORDS

45 lbs.	AVERAGE WEANING WEIGHT (56 Days). Pigs the nation over average only 25 to 30 pounds at weaning. New Larro Sure-Pig sets a new weight standard — 45 lbs. at 56 days.
9.8	PIGS WEANED PER LITTER (56 Days). It takes five pigs in a litter just to pay expenses. A six pig litter gives only one pig for profit. Raise a 9.8 pig litter and you really make money on your investment.
NO RUNTS	AT WEANING (56 Days). It's amazing, but true! Tests at Larro Research Farm prove that undersized pigs at birth make fast gains too on New Larro Sure-Pig. It's the feed that saves the runts.
GREATER ANTIBIOTIC EFFICIENCY	New Larro Sure-Pig beats all the recent claims made for antibiotic pig feeds. Never before has there been a feed that grows pigs like the new Larro.
SOWS GAIN 23 lbs. (Average 56 Days)	Larro-fed sows gained 23 lbs. during the nursing period. Think of the extra profit when you market them.

Why this New 161-Horsepower V-8 gives you the finest performance —in the popular-priced field!

BETTER ACCELERATION—MORE POWER PER POUND—Mercury has always been famous for pickup, yet this year's Mercury is livelier than ever. You have a greater feeling of safety passing or entering highway traffic. Any driving is easier.

MATCHLESS ECONOMY—MORE POWER PER CUBIC-INCH DISPLACEMENT—Mercury has always been famous for economy. And although this year you get 28% more power, Mercury can deliver even more miles per gallon. And you can use regular gasoline!

GREATER RESERVE POWER—EXCLUSIVE 4-BARREL CARBURETOR—Only Mercury in its field offers you a 4-barrel carburetor with two barrels vacuum operated. Mercury's tremendous reserve power cuts in instantly, automatically when you need it.

ANOTHER MERCURY "FIRST"—THE SUN VALLEY—America's first transparent-top car. You can see through the roof! The Sun Valley, like all Mercurys, is powered by the new V-161 engine.

QUIETER, FINE-CAR SMOOTHNESS—Engine vibration is virtually eliminated by balancing all important parts before assembly and mass-balancing the completed engine.

Don't miss the big television hit, "TOAST OF THE TOWN" with Ed Sullivan. Sunday evening, 8:00 to 9:00, Station WJBK-TV, Channel 2.

Deadline on Want Ads — Noon Tues.

Jay Robinson, the monstrous Roman Emperor Caligula, metes out his own brand of justice in the spectacular climax of "The Robe," the first CinemaScope production, which opened at the Penn theatre this week. His victims are two of the stars of the widely-acclaimed masterpiece, Jean Simmons and Richard Burton, who will neither renounce their conversion to Christianity nor uphold the insane tactics of the Roman ruler. Miss Simmons carries the Robe, around which the late Lloyd C. Douglas, author of the all-time best-seller, wove his now legendary story of the Roman tribune Marcus Tullius (Burton), who won the garment Jesus wore to His death by gambling for it at the foot of the Cross and was finally led to conversion through its power over him.

SOCIAL NOTES

Mrs. Nick Rohan was guest of honor at a dinner party and stork shower on February 22 in the home of Mrs. Mary Armbruster. Guests included forty-five ladies who were former co-workers with Mrs. Rohan. Colored movies, dainty refreshments and the opening of the gaily wrapped gifts were enjoyed during the evening. Mrs. Rohan is the former Beatrice Maglaya.

Mr. and Mrs. Donald Bidwell of Hartsough street, who are vacationing in the southland, recently visited at the Little White House in Warm Springs, Georgia.

Mr. and Mrs. Dunbar Davis and family, who have resided on Burroughs avenue for several years, are now nicely settled in their new home on Ford road.

The Plymouth Grange are sponsoring a St. Patrick's card party on Saturday evening, March 13 beginning at 8 p.m. at the Grange hall on Union street. Tickets will be available at the door or from members and refreshments will be served.

Mr. and Mrs. Alfred R. West have returned to their home on Kellogg street after vacationing for the winter at Englewood, Florida.

Mr. and Mrs. Kenneth Hirschlieb and children, Judy and Gary, of Grantland street have returned to Plymouth after a three weeks tour through the southern states. They spent a week in St. Petersburg, Florida.

Theatre Guild To Choose Cast

William Merrill, director of the Plymouth Theatre Guild put on a successful performance of "January Thaw" with proceeds being used for the Kiwanis Girl Scout Cabin. Anyone interested in any phases of dramatic production is urged to attend this meeting. If people would reform themselves and leave the world everybody would be better off.

OBITUARY

B. F. Reafsnyder

Funeral services were held in Indiana this week for B. F. Reafsnyder who passed away on Saturday, March 6, in Sessions hospital at the age of 77 years. Mr. Reafsnyder, who resided at 14429 Northville road, was a resident of Plymouth for the past 11 years.

He was born in Middlebury, Indiana on September 14, 1876, and was married to Minnie Pixley in 1902. She preceded him in death in 1943. In 1944 he married Mrs. Matilda Alsbro. He was a former employee of The Plymouth Mail, and a member of the Methodist church.

Surviving are his wife, Matilda; five children, Victor Reafsnyder, with the Army in France, Bernard Reafsnyder and Mrs. Eloise Twombly of DeKalb, Illinois, Mrs. Grace Landaw of Goshen, Indiana, and Mrs. Viola Dennison of Mishawaka, Indiana; a sister, Mrs. Mary Lehman of Middlebury, Indiana; 10 grandchildren and eight great-grandchildren.

Funeral services were held in Goshen, Indiana, with interment in Oak Ridge cemetery, Goshen.

A Vermont editor says the best novel a man can read is his own bank book. But he never cared for sad endings.

SPORTS

Capitol Shirts Trip Tait's To Win Recreation Crown

Capitol Shirts trounced Tait's Cleaners twice last week to win the playoffs in the Men's Recreation League. These wins earned the champions the right to compete in the Michigan District Recreation Tournament next week in Plymouth.

In the first game the winners led all the way jumping into a 19 to 16 first period lead and 33 to 27 halftime margin. A big third quarter where they scored 24 points proved too much for Tait's and they entered the last stanza on the short end of a 57 to 38 score. Ken Kisabeth had 14 points in this third quarter. He was high with 26 points for the night; Carl Pursell had 17, McIntyre 10, Levering 8 and Phil Jacobus and Parks 2 each. Mac Pierce tossed in 20 for the losers with Becker having 14, Pottenger 7 and Schaffer and Houghton 6 each.

Foul shots meant a lot to the winners as they hooped 15 of 19 tries to only 8 of 18 for the losers.

Capitol Shirts will go against Wayne, Monroe, Roseville and Ann Arbor here next week to try to represent this district in the state tournament at Battle Creek on March 26 and 27. Wayne plays Monroe at 7:30 next Tuesday night while Ann Arbor plays Roseville at 9 p.m. Plymouth

draw a bye, and will play one of the above winners on Wednesday providing there is no state high school quarter finals game here that night—the other team will have the bye. Finals are scheduled for Thursday night.

The tournament is a one-game knockout.

Tait's Cleaners will play in an inter-city tourney at Highland Park. Others entered are Dearborn, Pontiac, Wyandotte, Hamtramck, Detroit, River Rouge, Hazel Park and Highland Park.

Tait's drew Hamtramck and will play Tuesday, March 23 at 7 p.m. The game will be played in the Hackett Field House, corner of Third and Pitkin Avenues in Highland Park. Semi-finals will be held Wednesday with the finals Thursday, March 25.

These tournaments will wind up the basketball season in Plymouth.

Devil's Lake, along Oregon's coast, has an elevation of just ten feet above sea level and is linked with an Indian legend which describes the lake as the home of a giant fish or water monster, alleged to surface from time to time and destroy any convenient native.

Starkweather 5 Trips Bird, 19-1

The Starkweather grade school lads continued to be the team to beat in the Grade School league as they nearly shutout Bird school last week. They trounced the Birdmen 19 to 1, the one point being made on a free throw by Burden in the first quarter.

The league-leaders were ahead 9 to 1 at the half. E. Micol was the big scorer with 12 points; D. Wooley had 3, while Dave Timcoe and D. Smith each contributed 2 points to the winner's total.

Starkweather reserves lost their game to Bird by a close 6 to 4 score after being ahead 4 to 2 at the half. The Bird lads counted four times in the last half to sew up the game while holding Starkweather without a point. Porter had 4 for the winners with Knapp and Rank each having 1—Helm scored all the losers points.

The Lutheran Day School pulled a mild upset as they downed Smith 18 to 11. The winners came from behind to pull the trick as they were on the short end of a 9 to 6 score at the half—the last quarter began at 11 all, but scored 7 times to none for the losers. Randy Egloff led the attack with 10 points. Wayne Sparkman had 9 for the losers.

The standings in this league are as follows:

	W	L
Starkweather	7	1
Allen	5	2
Smith	4	3
Lutheran	2	5
Catholic	2	5
Bird	2	6

Swimmers Lose Close Final Meet

Another close one, and another two-point loss was the lot of the high school swimmers last week as Ypsilanti Roosevelt edged them 43 to 41 in a duel meet over at Ypsilanti. Four first places were not enough for Coach John McFall's lads as they ended the season with this loss.

First places were scored by Chuck McKenna in the 40 yard free style, David Beegle in the 200 yard free style, Bob Packard in the backstroke, and the free style relay team composed of Gary Wright, Dick Wallace, Chuck McKenna and David Beegle won a first also. Dick Wallace had a third in the short free style, Paul Daoust a third and Mike Conrad a second in the breast stroke, Lee Rowe a third in the 200 free style; Paul Gregory a third in the backstroke, Dick Zukosky a third in the 100 free style, Art Losse a second and Tom Rutherford a third in diving, and Mike Conrad a third in the individual medley—the Plymouth medley relay of Bob Packard, Paul Daoust and Dick Zukosky came in second.

The state Class A swimming meet is scheduled for this coming Saturday at Ann Arbor. Competitors are picked from times scored throughout the year. The following qualified: Dick Zukosky, Bob Packard, Paul Gregory, David Beegle, Chuck McKenna, Paul Daoust, Dick Wallace, Gary Wright, Lee Rowe, Tom Rutherford and Art Loose.

That meet will conclude the swimming season for this year.

WINNERS OF THE PLYMOUTH MEN'S RECREATION BASKETBALL LEAGUE playoffs were the Capitol Shirts team shown above. This team defeated Tait's Cleaners twice last week to cop the trophy, and will represent Plymouth in the State District Recreation tourney to be played at Plymouth next week. Reading from left to right above are: top row—Henry Levering, Kenneth Kisabeth, Manager Don Huebler, Dunc McIntyre, Steve Folino. At the bottom are: Bill Parks, Carl Pursell and Phil Jacobus.

Only a ride tells you how solidly it holds the road! How nimbly it reacts! How promptly it obeys! How eagerly its new 185-horsepower "Rocket" Engine responds! Take that ride—that revealing "Rocket" ride—tomorrow at the latest!

Regional Tourney

The Michigan State high school class A Regional tournament is now in progress at the local high school gymnasium. Seven teams are competing for the right to advance in state play. The finals are Saturday, March 20 at East Lansing.

Last night Plymouth played defending state champs, Fordson High School, and the winner of that game plays the winner of the Catholic Central-Lincoln Park game tonight. Detroit St. Anthony also plays tonight the winner of the Detroit St. Joseph-Deerborn game. The first game tonight begins at 7 p.m. The winners of this evening's game will play in the final Saturday night beginning at 8 p.m.

CASEY SAYS HE CAN'T PUT RAP ON RASCHI
Although George Weiss' dealings with Vic Raschi left the general manager somewhat less than joyous, reports The Sporting News, Manager Casey Stengel said he had nothing against the pitcher who was sold to the Cardinals.

"I can't put the rap on Raschi," said Stengel glumly. "He certainly wasn't sold for anything he did on the field. They must have been awfully sore at him in the front office."

Raschi's Yankee teammates said they found him to be a fierce competitor who generally was best against the toughest teams in the league.

CUBS PUT PUNCHING BAG IN CLUBHOUSE

The era of wonderful nonsense apparently has returned in the life of the Chicago Cubs, says The Sporting News.

Personnel Director Wid Matthews announced that a punching bag has been installed in the clubhouse, "to help the boys loosen up and relax before they go on the field."

CONSOLO IN KEY SPOT IN RED SOX INFIELD

There's an experiment going on in Sarasota, Fla., which could completely change the right side of the Boston Red Sox infield. What's more, says The Sporting News, it could also pave the way for a major trade by the Sox before the June 15 deadline.

It revolves around bonus beauty Billy Consolo, a 19-year-old infielder with terrific promise. Manager Lou Boudreau is being very cagey about it. When he revealed that he was going to work on Consolo at second base, he stated it was more of an insurance move. "I want somebody back of Billy Goodman," Lou said. "Not having a solid replacement for Goodman hurt us badly when Billy tore some cartilage loose from his ribs during a rhabarb in a Yankee game in Boston."

A great believer in youth, Boudreau may startle everyone by opening the season with Consolo at second base, which would, says The Sporting News, present these two possibilities: 1. Goodman may be shifted to first base. 2. He might be used in a trade. Around the American League the general feeling is that Goodman is a better first baseman than a second baseman.

"GREAT PLAYERS CAN BE MADE" — SLAUGHTER

Enos Slaughter, called "The Old Pro," is widely regarded as the greatest competitor in the game. A story currently running in The Sporting News under his by-line has this to say:

"When I hear someone try to discourage a kid by telling him ball players are born, not made, I get mad.

"Sure, you've got to have some ability, but I think I'm living proof that skill can be hidden behind youthful clumsiness, that no one man's judgment is enough to rule a guy off the diamond and that determination and hustle will take a player farther and keep him there longer.

"I'm proud as hell of the reputation I've won in baseball as a competitor and as the last of the Gashouse Gang, but behind that reputation is a story of the fathers and sons who read The Sporting News.

"One man can do a lot for you, though. Take my case and Billy Southworth, who then was beating his way back to the big league as a scout. Just when they were about to bounce me out of the tryout camp, Southworth saw something. 'Look, kid,' he said, 'do you realize you're running flat-footed? Try running on your toes.'

"Billy took me in the outfield, demonstrated proper running technique, and I practiced. So help me, within three days I was four steps faster getting down to first base!

"That's nothing, though. Within three years I was in the big leagues."

This quote from The Sporting News story by Enos Slaughter gives added importance to the series of articles soon to appear in The Plymouth Mail on "How to Play" baseball.

KRITCHELL'S DOUGH WENT TO THE DOGS

Paul Krichell, veteran scout for the Yankees tells this story in The Sporting News of one of the many youngsters who haunt big league camps for "a tryout."

"The stories those kids give you is heart-rending. No place to sleep, nothing to eat . . . hitchhiked down from Rochester or the Bronx. One gave me a real tear-jerker, said he had been recommended to me by a friend in Bridgeport. So I lent him 20 bucks, I knew he couldn't play ball.

"That night at the dog track—there was the kid with my 20, betting his head off. That cured me."

It's tournament time in Plymouth again. The state Class A regional is now in progress at the local gymnasium. Tonight the winners from last night's games play with the finals scheduled for Saturday night. The winner advances to the state quarter-finals.

To me it looks like Highland Park is the team to beat in the Class A finals with Lansing Sexton and Flint Northern as possibilities. In Class B, River Rouge looks good with Ludington and Holland Christian pushing them. Mt. Pleasant is a darkhorse. In Class C, I like Lansing St. Mary's with Marlette and Three Oaks up in there. All Saints of Detroit should win Class D if they don't foul out like they did in the finals last year when they should have won the crown. Remus and Ellsworth may give them some trouble and Spring Arbor is a darkhorse. Last year I picked two out of four state winners.

All of last year's champions have already bowed-out in district play. Fordson, the only one left, opened play last night against Plymouth in the local tournament, but are not conceded much chance of retaining their crown.

There will be another district tourney in the Plymouth gymnasium next week when the state recreational league holds one here. Capitol Shirts, the winner of the local Men's playoffs, will be the Plymouth representative, with other teams from Monroe, Roseville, Ann Arbor and Wayne. The winner advances to a state recreational tournament at Battle Creek, March 26 and 27. Tat's Cleaners, the local runnerup, will go to an inter-city tournament at Highland Park to compete against teams from Pontiac, Dearborn, Wyandotte, Hamtramck, Detroit, River Rouge, Hazel Park and Highland Park.

So Plymouth basketball lovers are in for a lot of their favorite sport the next couple weeks.

The local Optimist Club is selling license plates with the word Plymouth on them. These fit nicely on the front of the car and serve to advertise our lovely city. They can be secured from any Optimist member, and the profits derived from such sales will go to augment the treasury for betterment of the youth program.

Many things advertise our city. Good schools are a grand method. Many new residents are attracted to this city by the modern school system, and according to some real estate prospectors one of the first things a prospective customer asks is, "What kind of school facilities are available?"

A near disaster took place in our nation's capitol last week when some fanatics shot the House of Representatives up and wounded many capable lawmakers. Michigan's representative Alvin Bentley was one—in my mind he will be remembered from this incident by his remarks to the House Chaplain when the former came to offer a prayer for his recovery. Representative Bentley told him to also say one for the would-be assassins, to forgive them for they know not what they do. That was very nice of him. So many people pray only for their own salvation, or for some selfish reason. A few weeks ago we had a week designated as Brotherhood Week. To me that should not be limited to any one week but should be continuous throughout the year. Not much was heard about Brotherhood Week except from the church pulpit. I believe that many of the ills in this world could be cured if we understood our fellowmen and tried to practice Christianity in our daily living.

Last week was also the week of the big snow. Many schools shut down that snowy day. The local schools remained open for the ones who wanted to come, and most of the local students were there. The buses and country children were allowed to go home. That is the way it should be—it seems nowadays kids are not as tough as they used to be, or are coddled too much. I can remember as kids when we wallowed through snowbanks up to our knees to the country school a mile away, and up in the northern part of the Thumb we really had some blizzards—and we loved it—no one caught colds, or had serious illness. Sometimes I think we coddle our youngsters too much in protecting them against the elements and the rigors of life. They will have to learn someday that every day will not be a sunny one, and at that later date they will find it all the harder to bear.

In its plants overseas, the Overseas Operations Division of General Motors employs approximately 70,000 men and women. Of this number, approximately 98 per cent are local nationals who have been trained in modern mass production methods.

ONE OF THE TOP quarter-mile runners on the Michigan State track team this winter is Louis Varga, left, of Plymouth, shown with assistant coach Fran Dietrich. Varga, a senior, got off to a good start this season but suffered a pulled leg muscle in his team's second meet and has been out of competition since then. He was being counted on for the 440 plus a leg on the mile relay team. However, Louis has made an almost complete recovery and is listed as a possible starter in the 300-yard run of the Big Ten meet at Champaign, Ill., this Friday and Saturday. Varga is a 1950 graduate of Plymouth high school and has won two varsity track letters at Michigan State.

Historical Group to Hear Paper on Local Fairs

The Plymouth Historical society will hold its regular monthly meeting on Thursday evening, March 11, in the Veterans' Memorial building. The meeting will begin at 7:45 p.m.

Highlight of the evening's program will be the reading of a paper on "Memories of the Plymouth Fair." Anyone interested is invited to attend this meeting.

HAROLD E. STEVENS
857 Penniman (rear) Phone Plymouth 1697

Best surprise of last week was the telephone call Mr. and Mrs. Hugh Gardiner received from Larry Mueller of Livonia. Mueller, a Ham radio operator, was in contact with another Ham in Cuba who had the Gardiner's son Frederick at his side ready to talk to his folks through a radio-phone hookup here in Plymouth. Young Gardiner, an aviation metalsmith, f.c., was stationed at Guantanamo Bay, Cuba, and informed his folks in a 20 minute conversation that he was to be returned to this country sometime around the 10th of this month. Interesting part of the call was the fact that Mr. Gardiner senior and Mueller are employees of Burroughs and though they worked close by each other they had never met before the phone call.

Prize postcard of the week was the brightly colored card used by Lake Worth's Holiday House for its guests. Adding charm and glamour to the pool in the lush surroundings of the popular holiday resort is none other than Mrs. Edwin Schrader of Plymouth who is seated next to the diving board in the picture below where son Wyn, on the board, is shown dipping his feet in the pool. The card just goes to prove that it takes northern "Belles" to provide the actual material for Florida's much photographed bathing beauties.

If you noticed music teacher Hannah Strasen limping about town the last few days it wasn't because a piano fell on her foot, it was the result of her dropping a bowling ball on her toe out at Arbor-Lill last week.

Just back from a fire fighter's convention in Memphis, Tennessee Chief Robert McAllister was amazed at the efficiency of the program committee who had arranged a big yellow light which flashed three minutes previous to the end of each program speakers time. After the three minute period expired a loud bell rang, a bright red light flashed and the loud speaker automatically went dead. Says Bob, that might be a good arrangement to hook up at some of the local meetings here in town!

Among the recent arrivals from Florida is Golf Pro Casey Partridge, who reports that he had much fun on the water at Ft. Lauderdale with his friend Don Patterson, also of this city. Patterson owns one of the swankiest yachts in the bay and, completely recovered from a recent operation, spends most of his time deep sea fishing. Partridge likes Florida so well he expects to open a miniature golf course down there in the next year or so and will devote his winter months to the operation of that course in addition to Plymouth Country Club here in the summer. Mr. Patterson will return here early next month to start operations on his Idyl Wyld course on Five Mile road.

ANOTHER CONQUEST OF MT. EVEREST

Roger Babson Says

BABSON DISCUSSES BUSINESS AND HEALTH
Babson Park, Florida. Some weeks ago I wrote a column on the relation of Business to Mental Physical Health. Of course, people must have employment and wages in order to buy, but they must also be free from worry in order

to do good work and get promoted. This is so self-evident that it needs no discussion; but I want to write now of something much deeper.
MY PERSONAL ILLNESSES
I have not been feeling well for three weeks. Although I was not confined to my bed, yet something caused severe pains in my

back and legs. I just could not do any constructive work and I began to worry, which I never do when feeling well. I therefore, am now in Florida for a few weeks. This column, however, is not an advertisement for Florida, although I am very fond of its climate!

My purpose rather is to say that being independent financially and free to come and go. I am not dependent upon any job or salary. If, however, I were and obliged to go to an office each day, I would not have given my company "value received" for my salary. Worse than that, I probably would have made mistakes in judgment which would have caused the company financial loss.

HOW'S THE HEALTH OF YOUR ASSOCIATES?

Yet, there must be hundreds of important executives and thousands of foremen and tens of thousands of workmen, salesmen, and clerks who are dragging themselves to work when they ought to be home in bed. They do this partly not to lose their pay; or—if they are executives—not to have the word get around that they are not well. As the prosperity of every business depends largely on the decisions made by executives, foremen, and others, such "half-sick" men and women can cause their companies much loss.

When you consider that thousands of companies are suffering losses for this reason, it shows how poor health and worry must affect the entire business of the country. If you are unemployed, it may be due to your health or to your boss's health. In other words, if he were "up to snuff," the company might not have needed to lay you and others off. So much for that. Now some statistics on the direct cash cost of illness and accidents.

ILLNESSES AND ACCIDENTS

The Health Information Foundation reports that during the past full year 22,000,000 families of these United States as individuals paid out over \$10,000,000,000 for medical and dental costs. Furthermore, this was in addition to what the Federal Government and the States expended. Of the above \$10 billion, \$2 billion went to hospitals, nearly \$5½ billion to doctors and dentists, \$1½ billion for medicines, and over \$1 billion for other practitioners, nurses, etc.

Most of the people treated got well, although they lost both time and money. But a good part of this expense was absolutely thrown away for there were nearly 100,000 deaths, largely from automobile accidents. In addition, millions of others were injured by accidents, such as traffic accidents—1,350,000; drownings—6,800; home falls—20,000; industrial accidents—15,000; burns—6,400; firearms—2,500; etc. These figures are supplied by the National Safety Council. I wonder how many readers of this column will be included in the 1954 figures!

LET US LOOK TO THE FUTURE

The politicians and welfare experts are constantly raising the legal age at which young people can go to work. Now they say that all should have a college education. At the same time, industry is retiring more people between 60 and 65 years of age. Today the number of people over 65 years is one in twelve; in 25 years it will be one in nine. But where is the money coming from to give the young people 22 years

for education and play, and the old people pensions?
The truth is that somehow (through more taxes or higher prices), these millions of young and old must be supported by those between 22 and 60-65 years of age. The latter must also supply the \$10 billion mentioned above. This makes the cost of sickness, youth, and old age far more important than the cost of coffee!

By Les Wilson

"To stop or not to stop? That is the question." We're speaking of the stopping action that provides the feeling of motion in your camera work of course. Occasionally action pictures are little more than "blurs" and the question arises: when does this "blur" rate as a good picture? Certainly not when the desire for filmed action goes to the extreme of picturing motion with a loss of identity. This tends to render the subject inanimate and lacking in the pleasant effect to be had when the subject is readily definable and the pattern of motion moderate.

The use of electronic flash creates the arrested action picture, with the subject seemingly dangling in thin air. This is a tricky technique and although this type of picture may represent perfect composition and sharpness of detail, it can suggest less action than a rheumatic turtle.

Whether you depend on electronic flash or a nimble trigger finger, you can reasonably expect to capture a feeling of motion to fit the requirements of any shot you have in mind. You can always depend upon THE PHOTOGRAPHIC CENTER to have equipment to fit your requirements... whether they be for movie or still photography. Drop in at 821 West Ann Arbor trail and let's get acquainted... you'll find we have the most complete stock in town. Remember, too, we also do expert Camera Repairing.

FASHION FEATURES BOLD TWO TONE EFFECT AMONG NEW IN SHOES FOR SPRING

Delicately styled closed and semi-closed pumps for wear with the important dressmaker suits make the big fashion news in shoes for the Spring.

They get a brand new look for the season as rising hemlines create the need for more decorative treatment of footwear.

They point to the mode that will be dominant for Easter and they hint of fashions that will prevail later for the summer when the wide open shoes will rise to record popularity.

Heels, whether high or medium are slimmer and more graceful for Spring. The silhouette is longer. And color, in trims of pale tones offsetting dark hues, lend the smartest of all of the delightfully new touches.

Black is more important than ever this spring—black patent and polished calf. Navy is a little lighter, and cool neutral browns are exceedingly smart.

In other years these colors have been livened with touches of white—a narrow piping, a little bow, cording or stitching. This year the popular two-tone effect is handled more boldly.

The trimming is part of the shoe giving a very modern effect of design. And white trimming in many cases has given way to the new pale offwhites and beiges which are more subtle in combination with dark shades.

These are the colors which go by such names as parchment, cashmere, cameo, panama, polished pine, polar bear etc. They are all off-white in various degrees of depth, and the way in which they are handled with the darker base shade of the shoe is new and different.

Often the greater part of the vamp is made of the pale tone, shirred, pleated or plain, with just a shell of the basic shoe color. Or it may be a half and

half vamp, or a vamp of one color and the back of the other.

Since skirts are definitely shorter, shoe designers have taken advantage of the situation to create really outstanding attention getters in spring shoe fashions.

With these two-tone shoes, eight button gloves in pale leathers to match the trim, and bag to match the basic color of the shoe, make a very nice threesome in suit accessories.

Another version of the two-tone shoe matches the mood of a town tweed for the important spring costume. Here again the closed pump is a favorite with the new stacked or built up leather heel, slimmer and highly polished.

The newest of these shoes are in the pale anilines, in the honey, ginger or polished pine shades. Here the contrasting leather is a darker tone, handled more delicately, in a narrow band of scalloped suede, an underlay, or a piping or binding of black or a deeper tone of brown.

The beige to brown family is definitely the favorite in these highly styled city spectators, with honors for advance fashion going to the paler tones.

For the woman who wants a smart street shoe that will bridge

the gap between the early closed types for Easter and the later wide open shoes which will follow there is the closed vamp, open back sandal which is one of the prettiest shoe fashions we've had in a decade.

SHOE FASHION ON HALF SHELL, half demure, half coquette, here's bewitching foot flattery for the coming season to make the most of a well turned ankle. Comes in buttery soft aniline.

THE LOOK OF SMART ELEGANCE in women's shoes for spring 1954 is exemplified by the two handsome pumps shown above. Observing the new styles are, left to right, Robert Willoughby and Ronald Crabtree of Willoughby Bros. shoe store, Mrs. James McLean of Plymouth, Mrs. Dorothea Curtis and Mrs. W. J. Wells, both of Livonia. According to Willoughby, a host of exciting new designs and color combinations will be available to women shoppers this spring.

Nudest of Shoe Flattery Pointing Way to Summer

If you have a pretty foot and ankle the later spring and summer shoes were made for you! And even if you haven't these new shoe fashions are designed to create that illusion. They're "The New in Shoes."

They're shells, they're skeletons, they're the nudest of the nude. But so skillfully contrived that they actually fit, stay firmly on the foot, and stand much more wear than you would think.

The sandal is the queen... and offered in a bewildering variety of patterns.

The T-strap which staged a comeback last season is a leader, but now handled much more subtly in more youthful patterns. The ankle strap, which all but disappeared, is now shown in

some of the prettiest designs of the season.

The halter strap is still a big favorite, but yielding place to the asymmetric "fluid" strap which leaves one side of the foot bare and yet moors the shoe firmly in place.

Wide open toes are the rule. No more peepholes revealing a somewhat uncouth big toe peeping out, but the whole front of the vamp cut off in curved or asymmetric line as a setting for beautifully pedicured feet. This new trend, combined with sheer as gauze sandal stocking should be a godsend for the cosmetics business.

They call them slings or spats, these sandals that consist of nothing but a wide instep band,

a sole and a strap. Sometimes the spat idea is emphasized by button trim or narrow lacing at the side. They manage to convey the impression of a complete and beautifully designed shoe while affording the minimum of coverage.

Among the nudest is the fluid line sling — two narrow bands and an asymmetric strap, pleated and stitched. In black patent, pale shades or bright pastels it's going to look wonderful with your summer lines and prints.

Another halter sling has side sections of leather caught with an ornament on the vamp and held on by a halter strap. Minimum shoe, maximum chic!

The offside T-strap is the newest version of this revived fashion

with twisted leather strap fastened to one side of the vamp to follow that all-important fluid line which is as important in costumes as it is in shoes.

As warm weather comes on, white, natural and pale beige shades will be important in the wide open sandal types, for wear with everything. And there will be a riot of pale pastels or shock colors to go with everything. The nude patent sandal is a godsend in any wardrobe.

OUTSTANDING EXAMPLE OF DAIN'TILY FEMININE new footwear is this curvaceous pump with low cut vamp, slender heel, and fashionable white stitching to add a bright note to the spring ensemble.

Red Shoes Still True Favorite

Smart women have discovered and prints. And the deeper, to their satisfaction that red is richer, cherry red in polished the tried and true color that goes calf or reptile which is smart with everything, and does a lot with classic blacks, browns and navies and with the new pale tones and more subtle tweeds.

There are two reds for spring and summer. The brilliant Basque red in kidskin, the sharp accent for summer cottons, linens

The polished leathers have it in red, for it is the glow that makes the shoe.

Casuals Again Play Star Role Among the New Shoe Styles

You'll never stop with one pair of the casual shoes that are putting in their appearance for spring and summer indoor and outdoor wear.

Bright shining stars of footwear design, they make the simplest costume a conversation piece.

"Imagination Unlimited" is their motto. Fantastic combinations. New materials and colors. Best of all, good sound construction with leather soles, spectro heels, some with rubber inserts, a shoe that feels wonderful on your foot and will do with considerable wear and tear as well.

Black, bright red, navy and white and natural are basic colors. In addition to these, brown and deep charcoal are favorites. And luscious pastels include the newly smart turquoise, avocado green, bright yellow, watermelon or paler pinks, sun yellow and orange.

Such bread and butter fabrics as good old denim have been shined up with frosted beads and spray embroidery to take a front row seat in foot fashions. Sailcloth is another sturdy fabric,

now glamorized for patio or party wear.

Startling contrasts are in order, such as shag suedes bedewed with sparkling rhinestones. Silk shantung and linen, smart with your dress-up separates also go in heavily for jeweled trim. Imagine the humble sneaker glorified in a leopard print cotton with shiny black patent binding and laces.

Smooth leathers, and glovesoft grain leathers are more simply styled for practical wear, but add that 1954 dash of spice with startling lining of giddy checked or striped cotton.

In a properly fitted shoe there should be space in the toe to allow for elongation of the foot while in motion to permit toes to function without restraint or pressure.

CRISP STRAW WEAVES will be prominent among "The New in Shoes" for this spring and Easter as in the instance of this pair in navy blue with stripes of white pearl lustre above the fashionably perfect toe.

THERE'S QUIET ELEGANCE in this new pump for spring with simple smooth vamp, wide open toe and halter quarter, available in colors to match your costume.

Burned Out Fashion Shoes Plans Early April Opening

The disastrous fire of February 13 has temporarily closed the doors of Plymouth's popular

Fashion Shoes located at 853 West Ann Arbor trail. The owners, Mac Goldman and Sanford Kirsch, are hopeful, however, that by April 1 they will again be

Sanford Kirsch

open for business featuring a completely new line of shoes for women and children.

Fashion Shoes opened its doors in Plymouth slightly more than two years ago. The February blaze was the second fire in that short time to interrupt the store's operation. Discouraged, but still determined, Goldman and Kirsch,

Mac Goldman

have set about redecorating and reordering for the coming Easter season. They promise a sparkling array of the season's newest styles in footwear in both women's and children's lines. Fashion features American Girl, Citations, Poll Parrot, Jumping Jacks, Sandler of Boston, Honeybugs & Honeydebs and Buskens.

FASHION SHOES

853 W. Ann Arbor Trail at Forest

Plymouth

HERE'S A SAMPLE of what's in store for children this spring. Mrs. G. Brisse of Livonia, and her three children, Jimmy, Barbara, and Susan, are shown above with James Houk, of Fisher's shoe store, previewing some of the newest styles and colors in children's shoes. It's no wonder kids get such a big thrill out of a new pair of shoes!

THE SMOKED ELK SPORT OXFORD with crepe sole, shown above, is the type of shoe which stylists predict will be favored by many men this spring. Henry Bock of Plymouth, and Edward Wingard and Ronald Roberts of Davis & Lent's men's shoe department, left to right, respectively, are inspecting the sport shoes, and are heartily in agreement with the experts.

Younger Set Steps Out in Style

Girl's Shoes Get Gay Touch

Small feet are going to look mighty pretty in their new spring slippers. Never have designers taken such time and pains to give the new look to children's dress-up shoes.

More and more they reflect the style points of grown-up fashions a lighter look, lower cut vamps, delicate touches of decoration, a wide variety of strap treatments.

Black patent is the undoubted leader for the Easter Parade. From tiny toddlers to smart teen-agers, patent is first choice. For the littlest ones, the classic black patent Mary Jane ankle strap can't be beat. It just goes on forever. It fits, it's simple and suitable, it's the perfect shoe. If she's still in arms her Mary Jane may be white or pastel kidskin.

For kindergartners, the Mary Jane takes on the new slightly more grown-up look with curved sides, lower cut vamp decorated with flat tailored bow.

Bright red is another big hit with young wearers. They like it because it's gay. Their mothers like it because it goes with everything, and in polished leather it's long wearing and always renewed with a fresh shine.

If she's big enough to wear a suit of grey flannel or navy woolen (and five-year-olds wear suits these days) she'll adore a tailored ankle strap of red calfskin with cutout sides and rounded vamp decorated with a smart scalloped design of perforations. Or a sabot strap, which is among the revivals in children's shoe fashions, very effective in red calf with wide curved strap piped and dotted with white.

For really dress-up wear, navy suede usually combined with contrasting leathers or colors goes well with the classic navy Easter coat, and wide brimmed white or natural straw hat with navy streamers.

Very simple and very chic is an ankle strap of navy suede with curved yoke of bright red calf. This is as smart with the popular red spring coat as with the navy blue.

White, promising to be a big shoe fashion for grown-ups, is of course, tops for young children. This year the little strap shoe may be white calf or kid, white suede, white linen or for the slightly older child a combination of lacy white nylon mesh with leather.

On the practical side, new devices make it possible to keep these little shoes snow white for several wearings.

RICH BROWN LEATHER uppers are enlivened by hard-to-soil and easy to clean white moccasin toe on sturdy spring shoe that mother will welcome for little men.

Boys Follow Dad's Style

Kindergarten, grade school, junior high! Nothing takes the place of the oxford for growing active boys. But there's variety even in the staple oxford these days. The classic wing tip still sells to boys of all ages.

But again junior fashions ape grown-ups in the addition of plain toes, straight tips, U vamps and moccasin tips. There are also some good-looking school shoes with buckled monk strap treatments.

Smooth leathers, of course, because they stand up and take a nice shine (if the boy owns a shoe shine set and can be persuaded to use it). Shades of brown, including the Burgundy color popular in men's shoes are the favorites.

In addition to the all-leather shoe, leather with mesh promises to appeal to small boys as it does to their dads. In some places blue suede is being featured as an alternative to a black shoe.

Most of these shoes are made with leather soles, but there is an increasing interest in foam crepe soles in white or color. Boys like them, and if their taste is consulted are apt to insist on this feature.

Saddle oxfords, of course, go on forever, and the basic combinations of tan or blue with white continue to be the first choice.

Again copying dad, youngsters who are style conscious are going for the gored or elasticized laceless shoes. Some boys wore them last year. More boys will want them this year.

Both brown and blue smooth leathers are in the shops in these slip-on shoes for early spring school wear, (also for best if you wish).

Sub Teener's Bag Matches New Shoes

It's the little girls' delight to go through her mother's handbag, occasionally counting the money in the change purse, testing the lipstick, running the comb through her hair.

Then she wants a bag of her own — not a little bag but a great big one just like the one her mother carries when she goes shopping.

It's for the sub teener, the ten-to-twelve, that this fashion offers the greatest possibilities. Lots of things to carry. Lots of things to do. And so stylish too, to carry a bag to match her shoes.

Polished calf is the favorite in these bag and shoe combinations. In black, bright red and navy blue, in brown and lighter wood tones of calf leather or fabric combined with calf it matches the new spring shoes for school and general daytime wear.

The foot of stocking should be long enough to extend possibly an inch beyond the longest toe for more comfort and better fit of shoes.

Smart Shoes for Men Feature Comfort This Season

Who said "Take the overcoat off your feet?" This spring there's really something for the men. They'll walk in luxury, in the new shoes that are light as a feather (compared to the old ones, that is!) soft as a glove, yet constructed to hold their shape, and more smartly styled than ever before.

The same revolution that has taken place in men's clothing has hit the shoe industry, with wonderful results.

How many men now own a winter greatcoat, or an office suit of flannel or serge heavy enough to stand alone? Their clothing is light in weight, often combined with "magic fibre" to keep it wrinkle proof and fresh, designed for wear in heated offices, heated trains and cars, heated homes.

Shoes are going right along with the trend. You're going to see some of the smartest of the new models in nylon mesh for general street wear with business

suits. New meshes have been developed in lighter shades, basket weaves and two tone tweedy effects.

These appear in the classic wing tip, the newer U-wing and variations, on these themes for street wear. Smooth leathers are perhaps first for combination with these airy meshes, but there is increasing popularity for grained leathers and reptile, real or grain.

Highlights for this type of shoe are the slimmer, narrower, more elegant silhouettes, and the continued interest in browns for combination with the lighter shades. In some cases shoes are monotone with mesh dyed to match the leather trim.

While brown leads, don't overlook the smartness of a pair of blue shoes in the early spring wardrobe. Blue caught on first with the younger set who took to all-over blue suedes with white cushion soles. Now more conservative men are going for the

navy shoe because it has a smart new look and combines well with the grey and blue suits which lead the field for town wear.

For the man who likes something a little different from his fellows there's a wing tip four-eyelet oxford combining copper nylon mesh with matching reptile trim. Looks wonderful with the

new black-brown shade in flannel which is rivaling oxford grey as high fashion for very early spring wear.

Styles in these are somewhat less formal—such as a wine suede slip-on with reptile trim and built-on laces to give the appearance of a tie. Or he may fancy a navy blue all-over rep-

tile in a tassel moccasin or a light grey suede combined with navy reptile in a tassel wing slip-on.

A classic spectator gets the new look for spring by combining light blue linen with navy reptile. For the man who likes smart accessories there's really a new look for spring '54.

HERE'S A NEW SPRING SHOE a man can really relax in, and they're smart looking, too. The suede, loafer-style shoe shown above in the hands of Donald Verona, of Plymouth Men's Wear, typifies the trend towards comfortable, casual shoes that are so popular with many men. Robert Wallace, and his cousin, James Wallace, above left to right, think the new styles are tops in comfort and good looks.

Brown Shoes Don't Go With Everything

Lots of men harbor a mistaken idea that brown shoes go with everything. 'Taint so!

The current fashion for suits of light navy in flannels and tropical weights for spring and summer wear is a case in point. The man who wears them with his neatly polished shoes of tan or brown is completely off base. Black shoes, if you like blue suits, even if it means an extra pair. And the new navy shoe is permissible, also.

Other don'ts include the wearing of real loafers for business as well as sports. Slip-ons, yes. Loafers in the accepted sense, no.

In other words, elaborate buckle treatments, tassels, hand-stitched in rugged leisure types are distinctly off base with your neatly tailored office suit. If you like the comfort of the laceless slip-on shoe this spring, there are dozens of smart correct patterns to choose from.

These are styled like orthodox dress shoe fashions with the added attraction of trim look, no lacing bother. Popular fashions include the plain tip, the U vamp and even in some cases the straight and wing tip. They are usually high on the instep, with elasticized goring with no trim.

NEW SOFTER LEATHERS are featured for spring this year, in a rich brown shade on the shoe illustrated above. This model which combines mudguard with side gore will stimulate considerable interest from men interested in popular slip-ons.

THE LONG U TIP IS TOPS for this spring as shown in this handsome shoe for men. Of tan boar calf, this blucher model also may be had in black.

Yes, men can go all out for a splash of color in those weekend casuals. In addition to color, from seasand to grey and navy, with bright shades thrown in, manufacturers of shoes for the male in all price ranges are making clever use of detailing to give these leisure-time shoes a fresh new look for spring and summer. Yellow promises to be a popular favorite for the sports shoe. A slip-on of soft yellow glove leather with navy trim has a strip of going on each side for fit and a cushion sole for comfort. Grey has become a high fashion color in men's casual shoes, alone or in combinations. A grey shrunken grain leather is combined with navy suede in a smart handstitched six eyelet oxford for country wear.

Seasand, the new pale tint follows the trend for lighter foot wear for both men and women. This is used in all-over effects or in combinations. As for instance, a two-eyelet plain toe blucher of seasand soft leather with bright navy trim and synthetic crepe sole. Supplementing the vogue for high shades is the current fashion for black and white in men's sport shoes. This includes the all-white shoe, the all-black shoe and the one that combines both, as for instance, a white buck oxford with platform, lacing and collar of black. White mesh with black calf figures heavily in this group, both for casual and town-and-country wear.

THE LONGER, SLIMMER, THREE EYELET BLUCHER moccasin with mudguard treatment in black polished leather and rubber heel, is a smarter and more sophisticated shoe for the new season.

STRIKING NEW COLOR NOTE PLUS STYLING is reflected from this grey suede with gunmetal calf mudguard and trim in a new two-eyelet blucher for either town or casual wear.

THE TASSELED MOCCASIN of polished black with leather sole and rubber heel as shown above in one of the increasingly popular slip-on models will be a reigning favorite this spring. And black continues strong among "The New in Shoes" for men.

Laceless Shoes Rate High

The laceless shoe soars to the front for peak popularity this spring as runner among boys of all ages—from the kindergarten set to the brass hats of big business. Their ease, comfort, excellent fit and perfect styling have endeared these smart shoes to every member of the male animal kingdom.

The tassel moccasin is a favorite among the slip-on types. But there are some interesting new moccasin treatments for the coming spring season.

Anilines, in pale wood and russet tones are more important than last spring and featured in a wide variety of laceless shoe fashions. Often a contrasting piping sets off the pattern of the shoe.

White is coming into the picture — white in heavy linen, crash, and buck, alone or in combination with black, tan or navy leathers. There is a big comeback in the brown and white and black and white shoe, which has an entirely new look in laceless patterns.

Colorwise, combinations of grey, blue and brown in suede and calf promise to be important.

For town wear there is a custom-type blucher moccasin, also bluchers with straight and wing tips emulating the more formal type of footwear. These are smartest in the conventional black, brown or navy leathers for wear with flannels and tweeds.

The increasing popularity of the laceless shoe has been an inspiration to shoe designers and manufacturers.

LACED MODELS WITH MESH bring interesting styling to the men's field this spring. Here is a black and white sharkskin nylon combination with brown buck in a smart U wing spectator oxford.

Favorite Recipes From Plymouth's Kitchens

Two Delicious Dishes

Mrs. Louise Hutton of 328 West Ann Arbor trail has two favorite recipes to offer to other Plymouth cooks. The first of the recipes is for an orange layer cake while the other is for mushroom studded meat balls.

Orange Layer Cake
2½ cups sifted flour
2 teaspoons baking powder
½ teaspoon salt
Grated rind of 1 lemon
Grated rind of 1 orange
2/3 cup butter
1½ cups sugar
3 eggs unbeaten
2 tablespoons lemon juice
5 tablespoons orange juice
2 tablespoons water

Sift dry ingredients. Add lemon and orange rind to the butter and cream well. Add the sugar gradually. To this mixture add the eggs one at a time. Then add the flour alternately with the combined fruit juices and water. Bake in a moderate oven. Mrs. Hutton recommends an orange frosting.

Mushroom Studded Meat Balls
1 pound ground round steak
¼ cup finely chopped onion
¼ cup chopped parsley
1 egg
3 cups seasoned prepared tomato sauce
1 cup fine bread crumbs
¼ teaspoon paprika
1 teaspoon salt
¼ teaspoon pepper
5 whole cooked mushrooms.

Combine ground round steak, onions, parsley, salt, pepper, paprika, crumbs and beaten egg and mix well. Divide meat into five portions. Wrap meat mixture around one whole mushroom, making 5 large meat balls. Roll the balls lightly in flour and place in a covered casserole or skillet. Cover with tomato sauce and let simmer very slowly for 1 hour, or bake in moderate oven,

Mrs. Louise Hutton sifts flour for her cake.

350 degrees, for 1 hour. Serve with cooked spaghetti and more tomato sauce. Smaller meat balls may be made by cutting the mushrooms and rolling them in a smaller amount of meat.

Madonna Students Discuss Problem of Being

The problem of being was the subject of the annual Aquinas symposium held at Madonna College on Monday, March 8. Members of the Introduction to Philosophy class under the direction of Rev. James T. Shannon, head of the Theology and Philosophy Division at the College, reviewed the answers offered by history to the Problem of Being.

The dilemma of Parmenides was explained by Tillie Gresser, the answer of Pluralism by

Gloria Laginess, Emanationary Monism by Beatrice Czenkusz, Evolutionary Monism by Celia Jakubielski and Dualism by Pat Okray. Eleanor Malecke gave a sketch of St. Thomas' life and wisdom. Leona Wisniewski was the chairman.

This traditional observance honoring St. Thomas dates back to 1944, when the first symposium took place at the College. In the years following guest speakers addressed the students.

In 1952 a different procedure was initiated. Members of the Introduction to Philosophy class presented a symposium covering the four problems of philosophy. Last year the symposium treated the problem of knowledge and St. Thomas' relation to the epistemological question. Classes in the next two years will deal with the problem of nature (cosmology) and the problem of values (ethics.)

My recipe for

TUNA FISH CASSEROLE...

always successful in my

ELECTRIC RANGE

Mt. Clemens folks know Mrs. Paul Hogue well. This busy homemaker finds time for church work, PTA, and public service activities. Yet she never lacks time to prepare tasty treats like this Tuna Fish Casserole—cooked to mouth-watering perfection in her modern electric range.

You get a lot of special service from an electric range. It always snaps to attention with the exact amount of heat you need. It cooks complete meals automatically. In short, it helps you prepare the best-tasting food with the least stress and strain. It's truly wonderful what an electric range will do for you!

TUNA FISH CASSEROLE

Temp. 425 degrees
1 can cream of mushroom soup
1 cup milk
1 can tuna (white meat)

1 can (8 oz.) mushrooms and juice
Paprika

Time 30 minutes
2 cups potato chips, crushed

¼ tsp. pepper
1 tbs. grated onion
½ tsp. Worcestershire sauce

Paprika

Pour mushroom soup into large bowl, add milk and blend. Add remaining ingredients, reserving 1 cup of crushed potato chips for top of casserole. Mix well and fill greased casserole to within ½ inch of top. Sprinkle remaining potato chips over top of casserole and then sprinkle with paprika. Bake casserole in preheated oven or roaster. 8 servings.

Rosedale Gardens Women's Club To Present "Flight of Fashion"

Rosedale Gardens Women's Club will present its annual charity benefit fashion show on Thursday, March 18, at 8:30 p.m. at the clubhouse of Hubbard. The Ron-Lon Shops, located in the Sheldon Center, will furnish all fashions to be shown. The motif "Flight of Fashion" indicates the showing a wide variety of clothes from spring suits and coats right up to summer casuals and beachwear. All sizes will be represented, including pre-teen, teen, as well as the usual women's styles.

All proceeds from the show will go to the Easter Seal Society Summer Day Camp for Orthopedically Handicapped Children.

Mrs. E. J. Kral is general chairman of the affair. All clothes will be modeled by members of Women's Club. They include Mrs. John Aherns, Mrs. C. E. Andrew, Miss Carolyn Brooker, Mrs. O. L. Brooker, Mrs. Richard Burck, Mrs. Robert Burton, Mrs. Charles Cook, Mrs. Richard Golze, Mrs. Herbert Morgan, Mrs. Felix Nastold, Miss Carolyn Shefferley and Mrs. Harold Thomas. Mrs.

Milton Secor will be the commentator and music will be furnished by Mrs. William Koenig. Hostesses are Mrs. William Peristy, chairman, Mrs. O. L. Brooker, Mrs. Harry Burton, Mrs. E. R. Stanbury, Mrs. Louis Steele and Mrs. H. T. Valrance.

The Easter Seal Camp, which is located just west of Livonia in the Plymouth Kiwanis Girl Scout Lodge on Plymouth Road, is in operation 6 weeks each summer for children in the Wayne Out-County area. Last year, 78 children ranging in age from 5 to 15 were enrolled. Mrs. Herma Taylor of Plymouth, is executive secretary of the Wayne Out-County Chapter of the Michigan Society for Crippled Children and Adults, Inc., who sponsor this camp.

All reservations must be made not later than Monday, March 15, with Mrs. Harold Hultquist, Liv. 4959. Persons not able to attend the fashion show, but who may wish to donate to this worthy cause, may do so by calling Mrs. Hultquist at the above telephone number.

SOCIAL NOTES

Mrs. George Britcher, Miss Sarah Gayde, Mrs. Floyd Burgett, Mrs. Carl Hartwick, Mrs. Leslie Evans, Mrs. Donald Melow, Mrs. Walter Packer and Miss Elsie Melow were guests of Mrs. T. L. Sullivan at a co-operative dinner and evening of cards at the Sullivan home in White Lake.

Bert Hodge, who has been confined to Atchison hospital, Northville, is convalescing very nicely and is now at his home on Francis street.

Sunday dinner guests in the William McCoy home on Fair street were Mr. and Mrs. W. D. Robinson and Marilyn Coxin of Windsor, Ontario; Mr. and Mrs. Harold Robinson of Grosse Pointe; Mr. and Mrs. Thomas Horan, Russell and Nancy of Plymouth. The occasion was in celebration of Mr. McCoy's birthday.

Mrs. C. H. Goyer entertained a few friends at dinner Tuesday evening at her home on Church street.

Mrs. Harold Todd and son, Hal and Mrs. Donald Connelly, of Seattle, Washington, left for their home last Thursday after visiting with Mrs. J. Harold Todd of Clemons road for the past month.

Circle 7 of the First Presbyterian church will meet on Tuesday evening, March 16 at 8 p.m. in the church parlors.

Mr. and Mrs. Carl Hartwick of Northville road spent Sunday in Alma with their daughter, Mary Lou Hartwick.

Mr. and Mrs. Edwin Ash of Haggerty road attended a pinocle party last Saturday evening in the home of Mr. and Mrs. Harry Lyke in Northville.

Double-Duty Glassware Eases the Family Budget

Today's homemaker wants her new home to be easy to look at, easy to live with, and easy to care for. She is looking for ways of conserving time, space and money. Designers have had these requirements in mind in creating the newest collections of furnishings and tableware for her home. Beauty and graciousness have been carried out in designs that take account of the budget. This is done most frequently by having various pieces serve more than one purpose—in fact, do double duty.

Have your table acquire easy elegance by choosing appointments that can do double duty. You can select cooking and serving pieces, and American hand-made glassware that have this happy faculty. Pottery casseroles and oven dishes come in blue, green, yellow, brown and other lovely colors. They can go straight from oven to table. This saves the homemaker serving time, as well as the washing of separate serving dishes.

Then there are the many attractive chafing-dishes in copper, brass and other metals that permit the actual meal to be prepared at the table, and served from one piece. Reserve your table linens, laces and organdies for special occasions only, and use straw mats that don't require washing. Make use, too, of trays in painted metal or wood, or textured materials, for TV hospital-ity.

Spring is Time To Take Stock Of Grooming

To every woman, spring is clean-up time. Some women tackle their homes; and some, their offices. But all should check up on themselves.

Before parting with one penny for new clothes, take stock of your grooming habits. Observe your day-to-day methods of dressing and make-up, of skin and hair care.

It is very easy to become careless in doing something that you do constantly, day after day, year after year. You get to a point where you are almost unaware of the action.

Perhaps some of you haven't altered any of your grooming habits in years. If that's the case, you will probably discover that you could make some decided improvements here and there.

Just consider lipstick. You've worn it for so long now that, in an emergency, some of you can apply it without looking in a mirror. You have your technique down pat.

But what about the results? Do you achieve the clearly defined line that the girl who uses a lipstick brush gets? And is the outline you make as becoming to you as it seemed when you decided on it 10 or 15 years ago?

In re-evaluating your way with lipstick, don't forget to give some thought to the shade you wear.

LIGHTFOOT HEATING

"Heat to Your Heart's Content!"

Serve Piping Hot Soup To Hungry Family

A big bowl of piping hot soup, followed by a crisp salad, bread, and a favorite dessert always has popular appeal to the family. Have the soup just as hearty and hot as you can make it.

Vegetable Soup
1 medium sized soup bone
2 onions sliced thin
3 carrots sliced thin
1 cup celery diced
2 turnips diced
½ cup shredded cabbage
1 cup butter beans
2 cups okra sliced
2 cans tomatoes
Salt and pepper.
Sugar to taste

Add soup bone to 2 quarts of water, add onions, carrots, celery, turnips, cabbage and butter beans. Cook about 2 hours. Add okra and tomatoes. Cook 30 minutes or until vegetables are tender. Season with salt, pepper and sugar. Add more water if needed.

Navy Bean Soup
- 12-oz. package navy beans
2 quarts cold water
Uncooked lamb shoulder bones
3 tablespoons salt
1 small peeled clove garlic
8 peppercorns
¼ teaspoon majoram
¼ bay leaf
4 sprigs parsley
½ cup minced onion
1/8 teaspoon pepper
2 cups canned tomatoes

Wash beans, pick over and soak in cold water overnight. Drain, measure liquid from beans; add enough water to make 2 quarts. Add to beans with bones and salt. Tie garlic, peppercorns, bay leaf, parsley, majoram and onions in a small cheesecloth bag. Add to water and bones. Cover, bring to a boil. Lower heat and simmer 4 hours. Remove bones and bag. Strain. Mash beans with potato masher and return to soup. Add bits of meat that cling to bones, pepper, and tomatoes. Serve hot.

When choosing cabbage, select solid heads, heavy for size, free from yellow leaves. One pound makes seven to eight half-cup servings raw or four to five servings cooked.

Add Salmon To Macaroni And Cheese For A Delicious Casserole

A golden macaroni and cheese casserole studded with succulent flakes of salmon makes mighty good eating. Baked in individual casseroles, this hot and hearty combination makes a simple meal for the cook and gives each person his own dinner-in-a-dish to enjoy.

Aside from its delicious flavor, Salmon Macaroni Casserole boasts the ease of preparation which you can always count on with convenient canned products, in this case salmon, soup and evaporated milk.

Canned salmon is one of nature's most healthful foods, since it gives you an abundance of vitamins and minerals as well as body-building protein. Once for ounce, it is one of your best protein buys, since the 16-ounce can of solid meat provides four generous servings.

Salmon Macaroni Casseroles
4 ounces elbow macaroni
1 can condensed cream of celery soup
¾ cup evaporated milk
1 1-pound can salmon, drained and broken into pieces
¼ cup finely cut pimiento
1 cup grated American cheese
Cook macaroni according to package directions. Drain, but do not rinse; reserve. Combine celery soup and evaporated milk. Add macaroni, salmon, pimiento and ½ cup of the grated cheese. Turn into greased 1½ quart casserole or individual casseroles; sprinkle remaining cheese around edge. Bake in a moderate oven (350°F.) 25 minutes.
YIELD: 4 servings.

Your Values, Goals Guide Living

Each of us in this world uses economic resources. In general, they are money, materials, time and energy. Dr. Irma Gross, head of the Michigan State college department of home management and child development, reminds you that the quality of your life is tied up closely with the way you use your own resources. After all, you do buy the quality of your life with your time, your energy and your money.

The field of home management does not offer you definite rules as to how to use your resources—but it does offer you guiding principles—among them, consideration of your values and your goals. What are your values? They represent what is important to you. Your goals are what you are definitely working toward.

Think about this term values for a moment. You may not even be conscious of your values—you

do not discuss them often. Yet your values help you decide what you buy when you go on a casual shopping trip with your neighbor. She may be an impulse buyer—buys something she had not planned—a purple belt, for example. She knows it is not especially related to anything in her wardrobe. She may not even need a belt yet her underlying reason could be her unconscious pride in her trim waistline. Another friend joins you in a hardware store. Although she has several knives, she soon purchases a five-inch knife with a saw-tooth edge and a handle made of new material. Her goal is to have all necessary and modern tools. Her value of efficiency led her to buy the knife. While the salesman wraps up the knife you go on to the next

counter and look at the games. You value highly family cooperation and harmony. One of your goals is to have things that the family can do together. So you find yourself buying a game.

Recognize the importance of your values. They have power over you, Dr. Gross emphasizes.

BUILD

AN IDEAL RECREATION ROOM FOR THE WHOLE FAMILY was recently completed in the home of Mr. and Mrs. Wendell Lent of 594 Edison. An asphalt tile floor of tan and green was put in, complete with a shuffle board court. Side-walls were finished in mahogany plywood of a light platinum finish, with carpentry work done by Leo Arnold. The room also features a kitchen unit and snack bar, a fireplace, many closets, and seats along the wall. The tops of these seats lift up for additional storage of the children's playthings. Pictured here are two of the children, Linda and Karen, while the other two, Jamie and Julie, are not shown. Pease Paint supplied the paint for the recreation room, with Eger-Jackson supplying the flooring. The decorating work was done by the whole family.

"Closet Appeal" Is Potent Factor In Selling Houses

Home buyers may not fully realize the fact, but they are gradually crawling into the driver's seat in the housing market.

With more than one million new dwelling units constructed annually for the last five years and another million predicted for 1954, the acute stage of the housing shortage has passed. Buyers now are in a position to shop around and accept only homes which suit their fancy and their pocketbooks.

Builders consequently are concentrating on quality features that give homes more buyer appeal. This trend is evident, for example in the use of attractive, high quality woods for interiors. The public in recent years has become strongly "wood conscious." Home owners seem to have cultivated a keener appreciation for the warmth, beauty and charm inherent in fine wood.

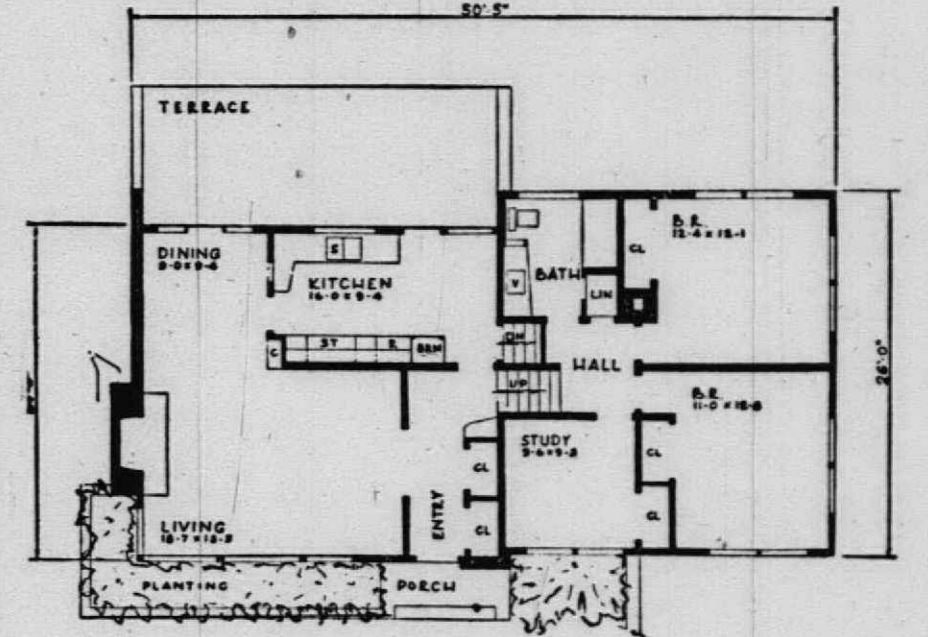

Rich rose-red and white coloring of the cedar, along with its lovely pattern, makes for striking natural beauty. It's most distinctive characteristic, however, is its fragrant aroma. Pleasant and refreshing to humans, this fragrance is deadly to moth larvae. For that reason the wood is employed most extensively to provide moth-repellent closets and storages.

Many builders, aware of the appeal which attractive cedar closets hold for most home-makers, are now including one or more in each dwelling, even those in the moderate price range. Many families who never before have enjoyed the benefits of cedar closets also are specifying them in homes built to order. Through economies of installation some builders are able to include them at little or no increase in the cost of the houses.

Other evidence of increased use of fine woods is found in the growing popularity of oak and other hardwood floors. Hardwoods in the conventional strip style, as well as the newer unit-block and the modern plank types, are being offered in more and more dwellings. Builders

DESIGN H-253

DESIGN H-253
1,257 Sq. Ft.
18,187 Cu. Ft.

This striking tri-level home highlights efficient, easy traffic circulation because of its three divisions of living, sleeping and service levels. The first level, approximately 577 square feet, includes a laundry room, large storage closet and furnace room next to the garage. Five steps up is the next level: spacious living room, dining, kitchen and terrace.

As you enter this level from the covered front porch, there is a separate vestibule with closet. A massive fireplace is the focal point of the large living room. Up seven steps, you find two bedrooms, a study and bath. For complete plans, send \$8.75 and design number to HomOgraf Co., 11711 E. Eight Mile Road, East Detroit, Michigan.

ICE DAM: menace to home and purse

Here's How to Cure the Trouble that Ice Dams Cause

The positions of the eaves and gutters on a roof can often serve to create "ice dams" during freezing weather. This condition can eventually result in peeling paint on the wall of the house beneath the place where the ice dam formed (see figure 1). Figure 2 shows the type of ice dam that can form under such circumstances. In figure 3 there's a cross section of such an ice dam. Here, water from snow and ice that has melted on the warmer section of the roof is trapped. It eventually forces its way beneath the shingles and into the walls of the house. To remedy such a damaging and expense-causing situation, eaves flashing can be installed that extends up far enough beneath the shingles to prevent the entry of water trapped by future ice dams (see figure 4).

Window Shopping With Sue

You know, there are a lot of little ideas that you can incorporate into your home when remodeling, or can use as just an added convenience. For instance, in your coat closet you might install shelves of metal grill-work on which to place wet boots and rubbers. A drip pan, underneath would catch the water for easy removal. Such an arrangement would keep your hallway free of a lot of melting snow, and would get wet boots out of the way.

An idea for your kitchen, if you have in mind installing a handy bench for the breakfast nook, would be to place drawers under the bench for fruit and vegetable bins. The front of the drawer is made of metal lath for ventilation.

For a boy's room you might cover a section of wall with a large sheet of cork for him to use as a bulletin board. And you might buy an unfinished chest for his room, covering the top surface with one of those durable plastic panels. This would prevent stains and mars should he get too boisterous.

Another idea with glass brick, that I've been told about, is a planter for the mantel. The glass blocks form the outline of the box and give a pleasing modernistic appearance.

And if you have an old chest of drawers you don't like, you might just take two of the drawers and reframe them, making a two-drawer chest with a book shelf in between the shelves. That would revamp it into appearing much more modern, and also would preserve some of that much needed drawer space.

Easy to Clean Mohair Upholstery

To clean mohair upholstery, first go over it with a vacuum attachment or a good clothesbrush. Dissolve a half cup of mild soap flakes in one quart of boiling water. Cool until jellied, then beat jelly to a stiff lather with a rotary egg beater until no liquid is left. Using a soft brush, spread the lather over a small area at a time. Scrape off soiled lather with a spatula; remove remainder with a soft cloth wrung out in clear lukewarm water. Change the rinse water as soon as it is soiled. While mohair is damp, use a whisk broom to brush in the direction of the pile. When dry, brush against the pile. Do not use the furniture until thoroughly dry.

Family Handyman Questions And Answers

Question: I have a warm air furnace with a stoker. Every time it rains, water runs down the chimney and into the smoke pipe. The pipe rusts out and has to be replaced. What can I do to eliminate this?

Answer: The smoke pipe should not extend into the chimney far enough to have water reach it by this method. Removal of the protruding end, or adjustment of its location in the flue will stop this trouble. Or, you may provide your chimney with a rain cap which incidentally sometimes even improves the draft. If condensation is added to this trouble and rusts the pipes while the furnace is idle, coat the inside of the pipe with waste oil-which will burn off harmlessly when the furnace is started up-and paint the outside with metal paint such as is used on tractors.

Old Historical Atlas Paints Bright Picture of Life in Plymouth Township

There is a handful of Plymouth citizens who occasionally take a dusty old book from the shelf for a look into the past. Once the pride of many families in this area, the "Illustrated Historical Atlas of Wayne County" is today a rare volume.

Published in 1876 (100 years after the Declaration of Independence), the book not only contained detailed maps of each township and village, but had some of the finest sketches made at that time.

The sketches were not of significant buildings or beautiful landscapes, but of some of the fine city dwellings and farm homes of that era. All of Wayne county at that time had a population of only 145,000.

The last few pages of the 80-page atlas contained a history of each township, including that of Plymouth township. The following is the Plymouth township history as written in 1876:

"Along the northwesterly limits of the county of Wayne lies the township of whose history an epitome we have now to give. The first purchase of land in this section was made in the summer of 1824 by one Alanson Aldrich, who, however, never settled here. Other tracts were taken up in the fall of the same year by Erastus Hussey and Abraham Spears, the former becoming a resident after two years, but the latter never.

"The first actual settlers were William and Allen Tibbitts, who purchased 800 acres of land in April of the following year and moved upon it forthwith. During the same year came Gerrit Houghtaling, Samuel Gates, Edwin Stuart, Erastus Starkweather, Herman Stowe, Daniel Baker and Luther Lincoln. The last named erected a saw-mill on the River Rouge early in 1827. In the same year, a small store was opened about a half mile south of where the village of Plymouth now stands.

"It proved a great convenience to the pioneers, who, before that, were obliged to go to Detroit for all their merchandise. Then came John Miller, who bought a piece of land now covered by the village of Northville. (Northville was in Plymouth township at the writing of this history). Finding thereon a large boulder, he conceived the idea of building a grist-mill, and after a considerable amount of labor succeeded in fashioning the rock into a millstone, and soon thereafter had his machinery in almost constant operation.

"Subsequently, a large flouring mill was erected by Lincoln on the Rouge, but hardly had it commenced work ere it was destroyed by fire, and upon being rebuilt was burned a second time. For several years after that, all the gristing in the township was done by Miller with his improved run of stones. Years later, the man sold his mill property and moved a few miles further north, where he died in 1860, leaving six sons and four daughters. The names of William Starkweather, Daniel Phillips, Warren Stowe, J. J. Andrews, Roswell Root, G. P. Benton, Pilts Taft and Daniel Cody will probably complete the list of men who, fifty years ago, took up their abodes in the continuous wood with which the township was covered and hewed out the way for coming generations, who today, in the luxuriant growth of a wealthy, prosperous and highly cultivated section of country, gaze upon the fruition of their fathers' hopes.

"In 1826, the settlers gathered together, and for the first time

in several years listened to the expounding of the Word by Elder Hickox. He preached for several years off and on, and was finally superseded by Elder Swift. In February 1827, a public meeting was held at the house of William Tibbitts, which resulted in the erection of the township of Plymouth. Three months later came another meeting at which the following officers were elected:

"Supervisor—William Barton; Clerk—Allen Tibbitts; Collector—A. B. Markham; Assessors—Erastus Starkweather, Roswell Root, Henry Lyon; Justice of the Peace—Philo Taylor.

"There were forty-two votes cast at this election, and it was resolved by a majority of two, to raise \$150 for necessary expenses during the ensuing year.

"About this time a company of soldiers was formed, being afterward increased to a battalion. The organization was preserved intact for several years, but was finally disrupted by the repeal of the law that called it into being—the Michigan Militia act. The first physician was Dr. J. D. Davis, and the first Postmaster Gideon P. Benton—both of whom have long been sleeping the sleep that knows no waking.

"The soil of Plymouth varies from a light loam in the east to a heavy clay in the west, with here and there long gravelly ridges. Being well watered by the River Rouge and tributaries, the land has always been remarkable in its fecundity (quality), and has brought the township agriculturally to the front rank. In early days, a yield of from thirty to forty bushels of wheat to the acre was nothing unusual. Fruit culture is now receiving considerable attention.

"When Michigan was admitted into the Union, an impetus was given to immigration, and the full share of this Plymouth received, added to her auspicious commencement, gave her a rapid and substantial growth, which has continued without intermission to the present day. She is favored with a network of excellent roads, unsurpassed railroad communication, good bridges, very superior schools and in fact all the advantages that would naturally accrue to a population so industrious, intelligent and straightforward. The town (township) has now upward of 4,000 inhabitants, about a third of which are congregated in the two thriving business centers, Northville and Plymouth."

Assaults Worker In Railroad Car

Another assault by a Chesapeake & Ohio railroad worker upon a fellow employee has brought to three the number of violent escapades which have occurred in the local railroad yards in recent months.

Brown Townsend, 49, a native of Chicago, is in county jail charged with felonious assault after striking a fellow employee with a poker early Sunday morning. According to Wayne county sheriff's detectives, Townsend left the camp car late Saturday night in a drunken condition threatening to kill other residents of the car when he returned.

The remaining occupants of the car barred and locked the door but Townsend broke in the door upon his return. Picking up the poker he struck Albert McDaniel on the arm and head before being overpowered by the other three occupants. McDaniel was taken to the Wayne County General hospital where he is suffering a fractured arm and skull injury.

It was only a month ago that another worker stabbed an employee with an ice pick, causing a minor wound. Several months ago a knife stabbing occurred.

Detectives quoted Townsend as saying after being jailed that "when I get out, I'll finish killing McDaniel."

Gets Evans Post

The appointment of John D. Huggins as sales manager, Wheel-ed Goods, Evans Products company, was made today by E. S. Evans, Jr., president of the Plymouth company.

The Evans company has recently acquired the Cycle Division of the Colson Corporation, Elyria, Ohio, and incorporated it into the Evans Consumer Division headed by George Faurie.

Before joining the Evans company, Huggins had been Midwest sales supervisor in Chicago for the Cleveland Welding company former Midwest branch manager for the Colson corporation; and earlier was western sales manager of Eagle Rubber company. He will make his head quarters at Plymouth.

HEALTH AND BEAUTY

Children are natural hero worshippers. In the past, alas, the great military leaders of antiquity and of modern times have been held up to them as wonderful men; not because they were benefactors of mankind, but because they won, great battles.

Many of these men were selfish, cruel, covetous and immoral. They marched to victory over the bodies of the slain. On the other hand, children are taught little or nothing of the great heroes of medicine who have fought their battles against disease and won for the benefit of humanity. These men and women toiled not for themselves, nor for any glory or emoluments that they might derive from their work, but to save men, women and little children from suffering and death.

In instructing children in hygiene and the care of their bodies, do not implant the fear thought of germs and specific diseases in their minds.

Do not say, "If you don't keep your hands clean, you may get some awful disease from the germs that are always hanging around ready to pounce on little children who are dirty."

Frightening children only makes cowards and neurotics of them. Tell the little ones frankly that there really are germs and help us to them to see on their skins, on their clothing, and in the air. Inform them that some of these germs are good and help us to live. We could not make milk or butter without certain kinds of germs. We even need germs to fertilize our soil and for many other useful purposes.

Now the child should be told that there are bad germs that make us sick if they get into our systems and we must guard against their attacks by habits of cleanliness and by proper eating. Impress upon him also the fact

that the child who eats candy and knick-knacks between meals does not want a wholesome dinner. He eats improperly and thus prevents his body from making good red blood which will protect him against evil germs and the diseases which they bring.

Tell the children about the great heroes of medicine, such as Walter Reed, Lord Lister, Louis Pasteur and others. Tell them how they sought the germs of yellow fever, rabies and other deadly microbes which you can compare to dragons that were destroying people.

Then comfort them by the assurances that these heroes overcame these enemies, and taught the whole medical profession to do the same. Make the entire subject of health as interesting to the childish mind as an adventure into an unknown country of strange inhabitants.

Children that have been frightened by teachings that awakened their fears without allaying them, have been known to develop phobias and terrors of germs and of disease that they found it impossible to rid themselves of later in life.

Even though money will not make you happy, it is a fact that you can be just as unhappy without it.

50th Anniversary

Not everyone is happy to have another personal birthday anniversary, but we believe that business anniversaries are always noted with a certain satisfaction, because they demonstrate that the firm has continued to serve well.

The individual, you see, continues to exist whether he's good or bad, useful or otherwise. With a business organization, this is not true; only a firm with policies which meet with public approval, and win public patronage, can hope to survive.

It is with real and understandable satisfaction, therefore, that the Schrader Funeral Home observes this, its fiftieth anniversary.

SCHRADER Funeral Home

These Events Were News

50 Years Ago

March 18, 1904

A. D. Prout will quit the barber business in Plymouth Saturday evening and with his family will move to Detroit, where he will be manager of the barber shop in the Fellowcraft club rooms.

A surprise was given Postmaster Hall last Friday evening by a number of young ladies, who had taken possession of his house while he and his wife were at the post office. A good time was had by all present and Mr. Hall was pleasantly reminded of the fact that March 11th was his birthday.

Perry Woodruff on Tuesday sold his barbershop to P. A. Lee, of Milford, who took possession at once. Mr. Lee expects to put in a new outfit of modern chairs and appliances when the Conner company finishes its new building. Mr. Woodruff will look for employment out of town.

Miss Una Gonsulfo was given a surprise by a number of young friends at the home of Willard Roe last Thursday evening. After the playing of games, light refreshments were served, the evening being most pleasantly passed.

Samuel Ableson and William Felt, of Plymouth, George A. Wiles of Canton and Erastus Wilson of Livonia, have been drawn to serve on the April jury panel of the Wayne circuit court.

Newton Huston has quit the farm in Canton township and gone to reside in Kalamazoo, where he will operate a lumber yard.

An old inhabitant, of Northville, predicts that next summer will be very hot, and that there will be many deaths from sun-

stroke and the torrid weather. He says that extreme cold is always followed by the other extreme. The front wheel of David Mott's wagon went into a hole in the Newburg road, Nankin township, one day last December and Mott was pitched to the ground and, he alleges seriously injured. He now sues the township for \$10,000 damages.

Miss Carrie Stewart goes to Freeland next week as trimmer in a millinery store.

25 Years Ago

March 15, 1929

The rectory of Our Lady of Good Counsel on Union street was burglarized Wednesday night and a large quantity of loot obtained. Entrance was gained by loosening a window sash on the first floor. None of the members of the household occupying sleeping rooms on the second floor, were aware of the robbery until yesterday morning. The residence of Mrs. W. R. Shaw was also entered.

Maynard Larkins, Plymouth high school student, who has shown special aptitude in his musical studies, has been selected for membership in the National High School orchestra and band camp at Interlochen, Michigan.

The last concert for the Music Memory contest was given this week at Orchestra Hall. The contestants are working hard for the final on Friday. A preliminary is to be given Thursday and the 10 students having 100 per cent of the pieces and composers right will be eligible for the final. The following people are working to win: Doris Herrick, Helen Wolfram, Rosemary West, Katherine Compton, Helen Ribar,

Evelyn Rorabacher, Lucile Wileden, Margaret Buzzard, Christine Nichol, Robert Chappel, Vivian Toehle and Anna Belle Withey.

Many improvements are being added to Dettling's service station on South Main street. Goodwin B. Crumby, builder, is completing the work this week.

The children of Mrs. Root's first grade, under the direction of Miss Schrader, are learning songs about the wind, pussy willows and birds.

Mrs. Carl Helde visited her daughter, Miss Vera Hengsterfer, at Three Rivers last Thursday.

10 Years Ago

March 10, 1944

A thousand less automobile plates were sold by the Plymouth branch of the secretary of state's office this year, it was announced this week by Frank Rambo, manager of the office.

Clyde Smith, proprietor of Old Elm tavern, and Sylvester Pace, manager of the fruit store at Wayne and Plymouth roads, celebrated their birthdays last Sunday evening when 50 of their friends gathered at the Old Elm to give them a surprise party. Dancing and cards helped to pass a pleasant evening, during which many novel gifts were given to the honorees.

Private Orlyn Lewis, a member of the technical training detachment, stationed at the University of Oregon, in Eugene, spent a few days with his parents the past week. Private Lewis is a pre-meteorology student and for the past six months has been drum major of a 40-piece military band at the university.

Mr. and Mrs. Robert Strachan returned to Plymouth Sunday from Cleveland, where they placed their famed Doberman Pinscher, Reggie in the Cleveland dog show. The dog was awarded top blue ribbon for being the best of all female Dobermans entered in the show. The dog's full name is Regina V. Strachan.

Mr. and Mrs. John K. Nelson have received word that their son, Jerry Nelson S2/c is confined to the naval hospital at Great Lakes with a serious kidney injury.

The "National Congress Bulletin" the national publication of the Parent-Teacher association, has recognized the efforts of the Starkweather P.T.A. In the February issue, there is a lengthy statement on the achievements of the Starkweather organization in providing a luncheon for the youngsters, where 50 to 100 youngsters are served every day. The organization also established a "galosh exchange", because of the shortage of rubber. Children who outgrew their boots could exchange them for larger ones, and the younger children also benefited.

The new general science high school teacher, Mrs. S. N. Thams, school and went to North Dakota. She graduated from Fargo high school and went to North Dakota, state college, where she specialized in general science.

Daisy Shows Four New Gun Models

Four new air rifle models produced by the Daisy Manufacturing company were unveiled Monday at the Toy Fair held in New York City.

Daisy is showing seven models at the toy buyers exhibit altogether, one of which is the completely new "Red Ryder Carbine." This model shoots a half-inch cork ball and has a loud "bang". It is designed especially for areas which prohibit BB guns.

One of the four new models is Model 80 called the "Long Rifle." It holds 850 BBs and features a bright carbine band, an adjustable rear sight and adjustable brown sling.

Model 75, "The Scout," features a bright carbine band, new trigger, checkered stock and a yellow sling. It is hoped that Model 94 will be the star of the new line. It offers many new features including a bright-finished lever, a bright engraved carbine band, combination open and peep-sight, bright finish hammer and trigger and a buckskin "boot" to protect the butt plate.

Maggie: He's a wild Indian, I'll say.

Madge: Why do you call him that?

Maggie: Aw, he's always on some girl's trail.

THE FLAVOR TELLS YOU WHY IT'S MICHIGAN'S LARGEST SELLING BOCK

The Look of Tomorrow is in every '54 BUICK Today
With completely new "years-away" styling—highlighted by the dream-car design of the panoramic sweep-back windshield.

Take it Easy you don't have to prove a thing!

LET'S be sensible about this subject of horsepower. An all-American tackle doesn't go around tackling people in everyday life. A world-record sprinter doesn't have to demonstrate his prowess on city sidewalks. The better you are, the less you have to prove it. And that's how it is with a Buick CENTURY. Of course it's a spectacular performer—a car with instantly responsive action. It has to be, for this one combines a high-compression 200-horsepower V8 engine with a nimble weight of only 3866 pounds as it comes off the assembly line. That's a power-to-weight ratio that chalks up a new record—a ratio that no other Buick has ever reached before. It can spin your wheels on a dry pavement if you give it the gun, but why waste rubber? If some show-off wants to get the jump on you at a traffic light, why not let him have fun? He isn't kidding anyone but himself, when the name on your car is CENTURY. The real pride of owning such a car is simply this: You know so well what it can do that you never have to prove it. That lets you enjoy the tireless ease of its gait in ordinary driving, when only a fraction of its eager power is working. It gives you a quick reserve for breasting a hill—and the happy knowledge that there's still more to come in a sudden emergency. Sure, this is more power than most people really have to have. But you can hardly call it extravagant, when you are buying more horsepower per dollar in a CENTURY than you get in any other car in America.

IN THE SERVICE**

Brief items of interest about Plymouthites in the services are welcomed in this column, providing the information does not conflict with press security policies.

Richard A. Moore

Airman first class Richard A. Moore is now assigned to the 3rd radio relay squadron of the 8th command group at Pope Air Force Base, North Carolina. Moore is the son of Mr. and Mrs. Clarence E. Moore of 738 Burroughs avenue. Moore enlisted in the Air Corps in February of 1952, and was stationed in Korea. He received special schooling at Scott Air Force Base in Illinois. A graduate of Plymouth high school, Moore also attended Michigan State Normal college.

OUTDOOR NOTES
From The
**MICHIGAN DEPARTMENT
OF CONSERVATION**

First work on the Cedar River watershed in Gladwin and Clare counties is slated to start this spring, conservation department fisheries workers report.

A meeting of department workers with farmland owners from the watershed area is slated Thursday, March 4, at 8 p.m. in the town hall at Gladwin.

Watershed problems will be outlined and work plans scheduled under the \$130,000, two-year program will be discussed. Federal money under the Dingell-Johnson program will pay three-fourths the costs and the state will pay the remainder.

A steering committee, comprised of representatives from all interested land, business and sportsman groups in the two counties has been appointed to work out obstacles confronting the project.

Most of Michigan's forest fire equipment damaged during the 1953 season has been serviced, repaired and returned to field posts for use in the coming season, conservation fire chief M. M. Bergman reports.

Remaining small equipment, hand tools and light pumps, will be distributed to "key men"—farmers and woodsmen—in the near future.

Generally, first fires are re-

ported in Michigan about mid-March and last fires are reported smothered about the end of November.

Use of chemical plant killers will be closely regulated on state lands this year to protect wildlife and natural forest areas, the conservation department notes.

In the past, indiscriminate use of herbicides on road and power rights-of-way has often caused wildlife problems and left public forest areas parched and unsightly.

Starting this year, use of the chemicals on state-owned lands will be authorized only after representatives from the conservation department's game, forestry and parks and recreation divisions have had a chance to see and approve the spraying project.

Biologists from Swan Creek wildlife experiment station in southwestern Michigan are busy this week locating points where wild turkeys can best be released in Allegan state forest.

The conservation workers expect to receive first shipments of turkeys late this month, probably from Pennsylvania, though negotiations for the birds have not been completed.

The wild birds, when received will be released as the beginning of a projected three-year program recently authorized by the conservation commission. Game men hope the big birds can be re-established in at least one or two small areas on a portion of their former southern Michigan range.

One of the first bits of business besides locating release points is to find a "human-proof" area of about 500 acres in the state forest where the birds will be able to nest unmolested during April and May. A big problem in turkey management, game workers

emphasize, is giving the birds chance to grow without human interference.

Field workers hope to enlist the aid of local conservation clubs in carrying out the project.

Game men, however, view the turkey project with cautious reserve, pointing out that game birds of that type need large areas of a special type of wild land for development. Such areas are, in general, lacking in southern Michigan.

Other turkey experiments have met with varied success. At present, in the small, wild Green Bend Pinery area north of Sarnia, Ontario, several broods of wild turkeys have taken hold and seem to be flourishing.

The Canadians planted two males and four females in the woodland five years ago.

Though too few in numbers to hunt, the birds nonetheless serve a sentimental purpose in an area formerly inhabited by native turkeys.

In Michigan, the story has been less successful. Conservation department and private plantings were made at various points in the lower peninsula in 1919-20, 1938 and 1942, but all failed after a short time.

In Pennsylvania, sportsmen take about 10,000 turkeys each year, but habitat and weather are better than in Michigan.

Wool sweaters can be washed in the washing machine, if careful attention is paid to specific directions from the machine's manufacturer. Correct water temperature and washing time are vital to the success of the sudsing. Knit garments are best put in a mesh bag or pillow case before laundering, to avoid snags and tears.

A good statesman has something to say—a poor statesman has to say something.

LISLE ALEXANDER of Plymouth was among a group of 18 Michigan American Legionnaires attending the 1954 national rehabilitation conference in Washington, D.C., last week. The big issue was the Legion's stand against the American Medical Association's mandate that nonservice-connected veterans be denied medical assistance in Federal VA hospitals.

LISTED AMONG the Michigan State students attending the Delta Tau Delta term party at the Hotel Olds in Lansing recently was Robert Arlen, son of Mr. and Mrs. Frank Arlen of Plymouth.

GETTING THE

inside dope (at right) on landscape architecture and urban planning is Leon R. Christensen, son of Mr. and Mrs. Peter Christensen of 38901 Ann Arbor road. Leon is at the left in the picture listening to D. Newton Glick, associate professor at Michigan State college. Leon is one of three seniors to win national awards in the design of an airport. He received the highest possible award, the gold seal.

ELECTED TO A three-year term as director of the Southwestern Michigan Aberdeen-Angus Breeders' association recently was R. D. Willoughby, Plymouth Shoe retailer and farmer.

FROM THE UNIVERSITY of Michigan comes word that Richard H. Nagel, son of Mr. and Mrs. Hugo Nagel of 11657 Russell, has pledged Kappa Sigma fraternity.

HONORED LAST WEEK as one of 22 women having been employed by the Ford Motor company for 25 years or more was Mamie Olsen of 42629 Five Mile road. The women were honored at a "Salute to Oldtimers" dinner last Thursday. They also took part in a style show and modeled clothes worn by the career girls of 1900, 1910, 1920, 1930, 1940 and 1950.

A THOUGHT FOR THIS WEEK: Our deeds determine us, as much as we determine our deeds.—George Eljot.

FORGET WEATHER WORRIES

Don't be a slave to weather conditions. Dry clothes in an automatic gas dryer and bask in the knowledge that your laundry will dry just right no matter what the weather is like.

A gas dryer is better for your clothes and better for you. Don't haul a heavy clothes basket outside, and pin up and pull down soggy laundry. Don't let the wind, rain, snow and soot get at your clothes. Instead dry them the modern, "always-right" way... in a gas clothes dryer.
