

# OIL, GAS DISCOVERIES BRING PREDICTIONS OF IMMEDIATE CHANGE IN ECONOMY OF PLYMOUTH AREA

News that a significant gas well has been discovered near Northville this week may arouse but passing interest among most Plymouth citizens. After all, the "strike" was in Washtenaw county and neither Plymouth nor Plymouth township stands to gain any revenue tax-wise.

Plymouth has always looked eastward toward Detroit at the surging wave of industry and population which is moving this way. So it is no wonder that the new and unexpected type of prosperity which has been sneaking into the city's back door from the west has been ignored.

It cannot honestly be said today that this area will definitely become a major oil or gas field. But with the discovery in a few short months of a highly-productive oil well and two potentially productive gas wells, oilmen from here to Texas are becoming more than mildly interested. With over a dozen rigs now drilling in search of the "black gold" at a cost of between \$40,000 and \$60,000 per drilling, it is clear that oilmen are not taking this thing lightly.

So neither can Plymouth businessmen and its citizenry take the nearby oil activities lightly. Oilmen, not city officials or merchants, are predicting some added prosperity for Plymouth. Several oilmen have already been inquiring about the ability of Plymouth to absorb an influx of workers, executives and business.

William Albers, the man who drilled this week's spectacular gas well, told The Mail that he looks for drilling equipment companies to establish branches here within six months to a year after an oil field is definitely established. Now a resident of Dundee, Albers is seriously thinking of purchasing a home in Plymouth in order to be near his job.

Albers believes that Plymouth will become the natural center of the oil field if a field develops. Many oil executives and workers have already made Plymouth and the Mayflower hotel their headquarters. There should be no fear that Plymouth will become a rubble-rising Boomtown commonly associated with the Old

West. Instead, we should take this unfamiliar business of oil and gas seriously, keep an eye on its progress, and have our city, schools and citizens prepared to welcome and smoothly absorb any impact.

Those informed on developments of this kind further point out that it is not improbable that the gas wells now being developed will attract major industry into the area almost immediately. One driller pointed out the fact that the well now being burned off on one of the farms would provide sufficient gas to support a mammoth heat treating plant.

Others point out the possibility that if a major gas producing field should develop all of the major industry in the area could be supplied directly from these wells at greatly reduced heating and usage costs.

It is highly probable that a new development will spring up over night along the tracks of the C. & O. railroad property if the present development continues along its present trend and, according to the oilmen now prospecting the area, this seems almost a certainty.

A WORD FROM one happy oil driller to another was extended this week when Leo Peterson (right), general superintendent of the W. C. Taggart drilling organization, visited William Albers at the site of the gas well strike which was headlined throughout the state this week. Albers gets one-sixteenth share of the profit.

## What to Do with Gas Well Now Studied by Oilmen

Whether to try for a more valuable oil well or be satisfied with a highly-productive gas well was the problem facing the driller and owners of the gas discovery made this week on the farm of Charles H. Nerreter, 53329 Eight Mile Road.

Although some reports claimed the gas well was the largest gas discovery in the Midwest, an opinion given The Mail by driller William Albers of Dundee indicated that the well is not the biggest ever discovered in Michigan but is among the best.

Albers estimates that the well, located on Chubb road between Seven and Eight Mile roads, will produce between 15,000,000 and 20,000,000 cubic feet of gas per day. Its pressure now stands at 1,800 pounds. This is considered very good.

But Edward Torosian, of Detroit, 40 per cent owner of the well, and Albers know that oil is more valuable than gas so the problem remains whether to attempt for oil. A process of "acidizing" the hole possibly could bring out oil. Up until Wednesday noon, no decision had been reached as to which path to follow.

Oil came up the hole 500 feet during the drilling, Albers said, but the tremendous gas pressure is now believed holding the oil back in the strata. There are now no facilities in the area for piping away any natural gas. Expensive pipes would first need to be laid. Oil being piped out of the Roy LeMaster well on Napier road is hauled away several times a day by tank trucks.

Though the new gas discovery has great potential output, all production would remain in the hands of the State Conservation department. Albers said that since the well is located on only a 10-acre plot, the department might cut production down to a million or a million and a half cubic feet daily. Natural gas sells for \$300 per million cubic feet. Albers also estimates that the

## Korea Fund Drive Planned by Local Veteran Groups

For the restoration of Korean homes, schools, hospitals and ultimately—the people, Plymouth veterans' organizations are uniting next week in an effort to solicit funds for the American-Korean Foundation.

"This will be America's opportunity to prove that the strength of a Democracy lies in books as well as in airplanes, and in the traditions of liberty as well as tractors," declared the co-chairmen of the "Veterans March for Korea."

On Friday and Saturday of next week, May 21 and 22, representatives of the veteran groups will be stationed at key spots in Plymouth's downtown area in booths to receive donations. Hours will be from noon until 8 p.m. on Friday and from 9 a.m. to noon on Saturday.

Co-chairmen of the planning committee are Gerald Olson and Mrs. Kenneth Fisher of the Veterans of Foreign Wars. Others on the committee are President Marie Norman and Commander Edward Kopenksi of the Veterans of Foreign Wars; President Marie Thompson and Commander Robert Wilson of the American Legion; and Mrs. John Warkup of the MOMS club.

They point out that in Korea, much can be achieved for a small amount from Americans. For example: 50 cents will provide a day's complete care for an orphan; \$1 will maintain a hospital bed for a day; \$4 will pay for a year's schooling for a child; \$100 will provide an artificial leg for an amputee veteran and train him for useful work; and \$1,000 will send a student through four years of medical school.

## Mrs. Samuelson To Head Garden Club for 1954-55

The Plymouth Branch of the Women's National Farm and Garden association celebrated its 18th birthday last Monday and also named its new officers. Heading the club for the next year as president will be Mrs. Arnold Samuelson.

She will be assisted by Mrs. Ralph Lorenz, first vice-president; Mrs. George Schmieman, second vice-president; Mrs. Russell Isbister, treasurer; Mrs. Clifford Fishbeck, recording secretary; and Mrs. Gail Mason, corresponding secretary.

Reports of their terms of office were given by past presidents Mrs. Paul Wiedman, Mrs. Clarence Elliott, Mrs. Roy Lindsay, Mrs. Louis VonStein, Mrs. Carl Shear and Mrs. Sidney Strong. Mrs. Samuelson presented a shrub to retiring president Mrs. Edwin Schrader as a gift from the club.

The Plymouth Garden club, along with those from Northville and Rosedale Gardens will serve as hostesses for a luncheon to be part of the 40th anniversary annual meeting of the Women's National Farm and Garden association being held in Detroit from May 18 to 21.

On Friday, May 21, the local clubs will be hostesses to delegates at a luncheon at Lovett Hall in Greenfield Village. This will be preceded by a service in memory of Mrs. Henry Ford in St. Martha's Episcopal church. A sun dial will be dedicated as a national memorial. Following the luncheon delegates will tour Greenfield Village and Fairlane.

ELECTION RESULTS favoring two millage proposals are being studied by the heads of four school organizations. From left is James Gallimore, president of the school board; Russell Isbister, superintendent of schools; Loren Griesner, Jr., president of the Plymouth Teachers association; and James Hardiman, president of the School Community Planning Group.

## Clean-up, Fix-up Week Plans Set

Outside and inside, from cellar to attic—those are the targets of Clean-up, Paint-up, Fix-up Week being observed in Plymouth next week in a concentrated effort to give homes and business establishments a face-lifting and thus make the city an even better place to live.

Sponsor of the second annual Clean-up, Paint-up, Fix-up Week is the Plymouth Chamber of Commerce which this year is offering prizes to the three homes where the week is observed with the most enthusiasm.

The city is also making a special effort to dust off the town by cleaning the streets. Home dwellers having great quantities of rubbish such as large limbs will be able to dispose of this useless material at no extra cost. A special rubbish pick-up for homes will take place Wednesday. Commercial buildings can secure the special pick-up service Saturday of next week.

To have a special rubbish pick-up, it is necessary to call city hall. If the home pick-up service is not completed Wednesday, the pick-up will be held Saturday. The First Federal Savings and Loan association is paying the cost of the special pick-ups.

Three prizes are being offered by First Federal for the homes demonstrating that they have cleaned, fixed and painted up the most in the one-week period. Persons wishing to have their home entered in this competition should call the Chamber of Commerce office, Phone 497, by 5 p.m. next Thursday. Judging will take place Friday morning.

First prize in the competition is \$25; second prize, \$15; third prize, \$10. Judges will be William Rose, chairman; Mrs. George Kennitz and George Jackson.

This is the first year that prizes have been offered in the Clean-up, Paint-up, Fix-up Week campaign. The week is observed across the nation but not simultaneously. Detroit observed the week two weeks ago.

The week is not only set aside to improve the appearance of homes and business establish-

ments, but it helps protect the health of the occupants, and helps eliminate fire and safety hazards.

If home dwellers are disposing of some clothing or objects still of use, there are at least two organizations ready to accept them. The Presbyterian Thrift Shop is interested in useful clothing such as shoes and hats, and small pieces of furniture. A call to Mrs. Guy Higley, Jr., at 1673-W will arrange for pick-up.

The Kiwanis club will make pick-ups each Saturday from now until September of useful articles to be sold at an auction sale or white elephant sale in September.

## Lions Hold Annual White Cane Drive

Members of the Lions club will be on streetcorners this Friday and Saturday offering white cane help pins in exchange for donations to their fund to help the blind. Pat Finlan is acting as chairman of this year's sale.

The White Cane drive is a follow-up to White Cane Week, observed nationally last week to make the public more conscious of its responsibility in aiding the blind. The Lions clubs have made this work into their most important program.

Locally the Lions club has spent over \$1000 on its sight conservation program. With the help of the funds raised by the annual streetcorner sale they have arranged for the purchase of glasses, many eye operations, rebuilding of plastic eyes, distribution of white canes to the blind, and many more such works among the sightless or those with eye troubles.

## Plan Northville Junior Horse Show for June 6

Plymouth junior equestrians are scanning the prize lists which are out for the 6th annual Northville Junior Horse Show scheduled for Sunday, June 6 at Northville Downs. The list shows 27 all-junior classes divided among saddle horses, western horses, hunters and jumpers, with classes for all divisions of horsemanship as well as horses. Events are for beginners as well as more advanced riders.

Closing date for regular entries is May 30. Post entries will be accepted up to the date of the show.

The big Northville event, sponsored by the Northville Optimist club for the benefit of underprivileged children, marks the official opening of the 1954 season of licensed association shows for the metropolitan district.

Information on entries and other details of the show can be secured from the secretary, Mrs. Franklin Beeks, 690 Thayer boulevard, Northville, phone Northville 786-M.

## School Begins Children Census

A census of all children between the ages of one day and 20 years will be taken in the Plymouth township school district by the end of this month. It was announced this week by Superintendent of Schools Russell Isbister.

This will be the annual school census conducted to determine how many children are eligible for school and what enrollment can be expected in the next few years.

## Both Millage Propositions Get Approval

Seven hundred and sixty-six Plymouth township school district voters went to the poll Monday and approved a tax increase of \$4 per \$1,000 valuation in order to finance salary increases, pay for building improvements and establish a building and site fund.

## School Heads Look at New School Idea

A new idea in providing new classrooms in a hurry was investigated by Plymouth township school administrators last week when they traveled to Flint to look at their "ranch-type primary units."

The units are ranch-style homes located in the midst of new home construction areas which provide a classroom for one grade.

Plymouth Board of Education and the School Community Planning group discussed the new idea last fall but not until the school board, the superintendent and elementary principals went to Flint on Wednesday of last week did they get a close look at the project.

Flint now has three of the units and expects to build 12 more. The homes look like ordinary ranch-style homes on the outside but inside they are found to have no partitions and appears to be a regulation classroom. If and when the neighborhood school population drops, the homes can be sold to private individuals for easy remodeling into a conventional home.

Flint teachers were very enthusiastic about the plan, Superintendent Russell Isbister reported. The neighborhood schools are close to the homes of the youngest children, allowing them to go home for lunch and eliminating dangerous distant walking. The Flint board of education claims that the units provide a more homelike atmosphere for small children; freedom from interference by older children and relief from the more formal routine necessary in a large building.

The Flint board also reports that the principal advantages are to relieve crowded conditions in present school areas; provide good schooling facilities for new outlying areas; can be constructed within four months rather than 12 to 16 months required for a large building; can be built for \$11,500; be re-sold for ranch homes; and gives time to determine the long range needs of a community.

School board members, the administration and the School Community Planning Group and the Plymouth Teachers association expressed their gratitude to the public for their desire to keep the school standards high. Superintendent of Schools Russell Isbister stated:

"This is an expression of faith on the part of citizens in the School Community Planning process activated by the Board of Education. Credit is due the school planners, the Parent-Teacher associations, Chamber of Commerce, newspapers and the many citizens who studied the needs of the schools and gave favorable support to the school improvement program."

"The community is saying that it wants good schools and is willing to pay for them. It is also a recognition of the worth of the teaching profession and its efforts to provide an adequate program of instruction for the children, youth and the adults in the community."

School board President James Gallimore stated, "We are very pleased, of course. It shows that the public has confidence in the school board and school administrators."

Teachers will receive their pay increases, during the 1954-55 school year. A beginning teacher, for instance, will receive \$3,600 instead of \$3,300. The salary increase again places Plymouth in good competition with other Detroit area schools, many of which also gave substantial pay increases to their teachers. Revenue from the new millage will not actually be received until the next tax collection in December.

## Leo Flowers Elected New Director Of Township Civil Defense Unit

Leo F. Flowers, formerly deputy director of the Plymouth Township Civil Defense unit, has been elected as director of the unit by the advisory committee following the recent resignation of John C. Miller from the post of director. The retiring director will serve as one of the advisors.

First meeting scheduled under the new directorship will bring Municipal Judge Nandino Perlongo as the speaker. The meeting will be held Thursday, May 20 at the township hall beginning at 8 p.m.

Discussions and decisions will take place on the duties and authority of civil defense departments and their members in case of a disaster such as tornadoes or enemy attack. Lee Boatwright, chairman of the advisory committee, will ask for an election of two members on the advisory committee due to the moving of two members from the area.

The new director attended a meeting of all Wayne county directors in Detroit Wednesday. Flowers reports that a nationwide test will be held June 14 and 15 by the U. S. Civil Defense Administration.

General Dougherty, Wayne county and Detroit director, has invited all out-county communities to join in the test. An invitation was also extended to the 105 Plymouth township members to attend a demonstration last Saturday at Rouge park on how to feed large numbers of displaced people. The Detroit Welfare department sponsored this demonstration.

William Sibert, officer of the Wayne county Civil Defense unit, will also be present to instruct members and answer questions. C. D. members will be fingerprinted at the meeting by Vaughn Smith, C. D. chief of police.

General Dougherty, Wayne county and Detroit director, has invited all out-county communities to join in the test. An invitation was also extended to the 105 Plymouth township members to attend a demonstration last Saturday at Rouge park on how to feed large numbers of displaced people. The Detroit Welfare department sponsored this demonstration.

# Florida Honeymoon Follows Smith - Kirkpatrick Ceremony

At a seven-thirty o'clock candlelight ceremony in the First Methodist church on the evening of April 10, Marion Louise Kirkpatrick and Emmett Iverson Smith, Jr. were united in marriage by the Reverend Melbourne I. Johnson.

Miss Kirkpatrick is the daughter of Mr. and Mrs. Russell A. Kirkpatrick of Auburn avenue and Emmett is the son of Mr. and Mrs. Emmett I. Smith, Sr. of Saginaw, Michigan.

The altar was adorned with two vases of white snapdragons and carnations and at either side of the chancel were palms and baskets of white gladioli, forming a background for the softly glowing candleabra.

Preceding the ceremony, Phil Steding sang "Through the Years" and "O Promise Me" and during the ceremony he sang "The Lord's Prayer." He was accompanied by Mrs. Roland Bonamici at the organ.

The bride, who was given in marriage by her father, wore a gown of slipper satin. The yoke of illusion had a round neckline edged with satin applique and tiny seed pearls. Her veil of matching tulle was fingertip length and was gathered to a cap of lattice design of narrow satin bands caught with seed pearls.

The bodice of the gown was fitted and had long sleeves. The skirt was pleated at the waistline and fell in graceful folds, ending in a train. The bride wore a strand of pearls, the gift of the bridegroom, and she carried a bouquet of white roses and stephanotis.

Her attendants were Mrs. William H. McGraw, sister of the bride, matron of honor; Mrs. William Otis and Mrs. Hope

Wade, the bridesmaids. They wore matching full-skirted ballerina length dresses of white nylon embroidered with pink and styled with bertha collars of white nylon which formed a large bow at the back with long streamers falling to the hemlines of the skirts. They wore headpieces of matching nylon and dainty pink veils. Each attendant wore white gloves and carried a colonial bouquet of pink rosebuds circled by pink carnations.

Burton Gates, a fraternity brother of the bridegroom, served as best man and the ushers were Patrick Cusick, Robert Cornell and Gary Hicks, also fraternity brothers, and Robert Kirkpatrick, brother of the bride.

Mrs. Kirkpatrick, the bride's mother, wore a dress of navy blue lace complemented by pale pink accessories. Mrs. Smith chose a shantung dress of Dior blue with white accessories for her son's wedding. Both mothers wore corsages of pink roses.

A reception followed the ceremony at Dearborn Inn with 150 guests present. The couple left for a two weeks honeymoon in Florida. For traveling the new Mrs. Smith wore a powder blue shantung dress with matching coat and white accessories.

Mr. and Mrs. Emmett I. Smith, Jr.

### O.E.S. NEWS

Plymouth Chapter No. 115 O.E.S. will hold its birthday dinner at 6:30 p.m., May 18. Chapter opens at 5 p.m. Make reservations early with Clara Todd, phone Plymouth 75.

### SOCIAL NOTES

Mrs. Jack Gage and son, Jim, of Clemons drive, entertained Mrs. Gage's mother and father, Mr. and Mrs. J. Horen of Macedonia lake at dinner Sunday at the Old Mill Inn.

Information received from the United States Army center in Kansas City, Missouri, states that Private First Class Herman J. Borst, son of Mr. and Mrs. Cornelius Borst of Pershing avenue, Livonia, will move to Yakima, Washington, Fighting Center, this month to participate in Exercise Hill Top with the 44th Infantry Division. Borst is stationed at Fort Lewis, Washington, as a cook in Headquarters Company of the division's 130th Regiment. He entered the Army in April 1953.

Mr. and Mrs. Norman Mahrley and family of East Ann Arbor trail were hosts at dinner on Mother's Day to Mr. and Mrs. Walter Packer and daughter, Pam; Mr. and Mrs. Charles Themm, of Plymouth; and Mr. and Mrs. Rudolph Knaut of Wayne.

Mr. and Mrs. Albert Dayton and family of Deer street visited relatives and friends in Port Huron and Richmond on Sunday.

Joseph Tracy continues critically ill at his home on Church street.

Mrs. Lois Dicks and son of Detroit spent Monday evening with Mr. and Mrs. Frank Dicks of Forest avenue.

Mr. and Mrs. Frank Pierce of Northville road had as luncheon guests on Sunday evening, Mrs. Russell Nickerson, Mr. and Mrs. Herbert Norgrove and family, Mr. and Mrs. Robert Sheperd and family and Mr. and Mrs. Dan Julien and son, Paul.

Attending the Mother-Daughter banquet at the First Baptist church in Adrian as guests of Mrs. Nelson Bakewell of that city on Saturday evening of last week were Mrs. Minnie Bakewell, Mrs. Fred Anderson, Mrs. Mazie Slater and daughter, Pam, Mrs. George Newton and Lee, Mrs. Kenneth Anderson and Mrs. Gerald Bakewell, all of Plymouth.

The Canton Center Farm Bureau will meet on Friday, May 14, at 8 p.m. in the home of Fred Korte Sr. at 46601 Warren road. Discussion topic will be "Can we meet the challenge to township government?"

Mr. and Mrs. Edwin Reber and daughter, Sandy of Auburn avenue spent Mother's Day with Mr. and Mrs. John Hawk and other members of the Hawk family in South Lyon.

Mrs. William Michaels, of Ann street will be hostess to the Emanons club on Thursday, May 20. Luncheon will be at 12 o'clock.

Mr. and Mrs. Roy Pursell of South Main street spent the Mother's Day weekend with their daughter, Joanne, a student at Denison University, Granville, Ohio.

Mother's Day dinner guests of Mr. and Mrs. T. L. Sullivan at White Lake were the Robert Beyer family, the Floyd Burgett family, Mrs. Carl Hartwick, Miss Amelia Gayde, Miss Sarah Gayde and Mrs. O. F. Beyer. They also celebrated the second birthday of Robert Michael Beyer.

Mr. and Mrs. Delbert Owens of Pontiac were the weekend houseguests of Mr. and Mrs. Frank Terry of Union street.

Wilfred Thelen of Farmer street entered St. Joseph's Mercy hospital, Ann Arbor, on Thursday of last week. His condition is slightly improved at this time.

Mr. and Mrs. John Lovely and family of Detroit were Sunday guests of Mr. and Mrs. James Thrasher of Lakeland Court.

Dr. and Mrs. A. E. VanOrnum and family of West Maple avenue spent Mother's Day in Brighton with Mrs. VanOrnum's parents, Mr. and Mrs. George Ratz.

Mrs. Anthony Dohmen and Mrs. Paul Wiedman will entertain 20 ladies from Livonia, Northville and Plymouth at a luncheon Friday in the Wiedman home on North Territorial road. Plans will be completed for the Michigan Convention of the National Women's Home and Garden club at this time.

### Russell Downing and Bride Visit Plymouth

T/Sgt. Russell W. Downing of the United States Marine Corps and Miss Suky Arellano of Managua, Nicaragua, were married on May 7 at Seekonk, Massachusetts. They arrived in Plymouth on Sunday morning for a few weeks visit at the home of Russell's parents, the W. B. Downings of North Harvey street, before going to Camp Pendleton, California. T/Sgt. Downing has been a guard at the American Embassy in Managua, Nicaragua, for the past 26 months.

### Three to Attend Girls State Event

Three Plymouth high school girls were selected to attend Wolverine Girls State at the University of Michigan from June 15 to 23. The girls, each sponsored by a local organization, are Ella Plant, sponsored by the Plymouth Business and Professional Women's club; Sally Morgan, B.P.O. Elks club; and Thalia Bairas, Passage - Gayde American Legion auxiliary.

The Girls State is an annual event held at the University of Michigan to give girls a chance to experience government at work, and to train them to be better citizens.

Announcement of this year's delegates was made by Mrs. Elton Knapp of the American Legion auxiliary.

### Sharlene Johnson Plans June Wedding

Sharlene Johnson's engagement to Jerry Finnegan has been announced by her parents, Mr. and Mrs. William Johnson of Ann street.

The bride-elect is a senior at Plymouth high school and her fiancé, the son of Mrs. Marion Finnegan of Main street, was also graduated from Plymouth high school.

A late June wedding is being planned.

Intellectually, as well as politically, the direction of all true progress is toward greater freedom, and along an endless succession of ideas.

—Christian Nestell Bovee

MR. AND MRS. SAM EVANOFF of Starkweather avenue announce the marriage of their daughter, Uerdona Joy to Norman V. Novatis, son of Mr. and Mrs. Vasli Novachoff. The couple are honeymooning in Florida and Cuba.

### Group Hears Lesson on Flowers

Mrs. Emma Schaufele of household hint to go with the lesson on new cleaning agents. Officers will be elected. Occasionally we see a woman who gives us the impression that the only thing she lost by dieting was her disposition.

The last lesson of the local group will be given by Olive Olson and Sadie Ferguson on May 14 at 7:30 p.m. at the home of Mrs. Jesse Tritton on East Ann Arbor trail. Roll call will be a

### Theatre Guild to Hold Annual Meeting Monday

The Plymouth Theatre Guild will hold its annual meeting on Monday, May 17, at 8 p.m. in the Veterans' Memorial building, announced Guild President Mrs. Peter R. Miller.

A report on the recent play "Mr. Barry's Etchings" will be given. Five vacancies on the board will also be filled.

CONSIDER  
the COST!

Yes, consider the high cost of poor health. And the needless suffering, too. Don't take chances! It pays to see your Doctor at the first suggestion of illness. And it pays, too, to bring his prescriptions to this "Reliable" source where skilled, Registered Pharmacists assure precise compounding at prices that are always fair.

## Visiting Mayor Has Busy Day Despite Late Arrival

While Plymouth played host to Mayor Joseph Flaugh of Benton Harbor during last week's Exchange of Mayors Day, Mayor Russell Daane of Plymouth was being extended regal courtesies in Benton Harbor as honorary mayor of that city.

Mayor Daane arrived in the lake shore city of 20,000 inhabitants on Tuesday, a day ahead state-wide mayor exchange event, in order that he could attend an 8 a.m. "send-off" breakfast. The breakfast was given in honor of a group of Blossom Festival queens who visited cities in that part of the state as a prelude to the Festival being held this week.

Official greetings were then extended at the city hall by city officials and the visiting mayor was taken on a tour of the building and examined the police and fire departments.

A tour of Benton Harbor followed. The honorary mayor's party viewed the city's expansion, much of it due to reclaimed swamp land. Benton Harbor is also in the midst of a large road relocation program, aimed to offset traffic congestion.

Mayor Daane was a guest of the St. Joseph Junior Chamber of Commerce at noon luncheon. The afternoon itinerary took them to the new \$2,000,000 water works, the \$2,225,000 sewage disposal plant, through the Whirlpool corporation plant and along the waterfront. Plymouth's mayor was interviewed on the local radio station late in the afternoon and met with the press during which he told of Plymouth's industry and progress.

A hotel dinner with city officials and other civic leaders completed the day.

Mayor Flaugh, though not arriving in Plymouth until noon because of bad flying weather, had a busy day in Plymouth and remained here until Thursday. He toured city developments schools, parks, and factories. A key to the city was given upon

his arrival by Mayor Pro Tem Ernest Henry and in a tour of the Daisy Manufacturing company, he was presented a special air rifle with the city seal on the stock.

### Install Kelley as President Of University Lions Club

Ralph J. Kelley of 41900 Schoolcraft was installed as president of the University Lions club in Detroit on Tuesday evening, May 11, at the Meadowbrook Country Club.

Guest speaker for the event was international first vice-president Monroe L. Nute of Kennet Square, Pennsylvania. Beginning July 1 Nute will be the club's international president.

The event was also the 25th anniversary of the University club and four charter members were honored. Guests from throughout the state attended.

They say that poverty isn't a crime. But just the same the penalty is hard labor.

TELEVISION 'SNACK TABLES' produced by the Telenac company, local Junior Achievement group, has won them an "A" award for outstanding business accomplishments and another award in the furniture production division. Members of the J. A. firm and the Michigan Bell Telephone company advisors are, left to

right, standing: Rich Wyatt, sales advisor; Jim Arnold; Jim Wick; Carl Fulton; Bob Walters, production advisor; Vern Diedrick; Terry West; Mel Sawyer and Bernard Papo. Sitting: Korki Schwass, business advisor; Mary Ortman; Nancy West; Marilyn Brown and Joyce Cook. Not pictured is Bell Fleming, alternate advisor.

### Telenac J. A. Company Receives Two Awards

Two awards for product excellence are being presented to one of Plymouth's six Junior Achievement companies.

The Telenac company, sponsored by the Michigan Bell Telephone company, has received an "A" award for its outstanding business accomplishments and will receive a third place award in the furniture division at the J.A. "Future Unlimited" banquet in Detroit today.

"A" awards are presented achievers whose companies have shown outstanding performance

for the year. The furniture division award was in competition with other J.A. companies in the state.

Telenac boys and girls produced a three-legged stand used principally for holding snacks while watching television. Its top is shaped like an easel.

Stockholders of Telenac met Monday night and learned that they are receiving 10 per cent dividends on their investments. Parents and friends of the company personnel are usually the stockholders. Stock sells at 50 cents a share.

Telenac and other companies must now dissolve and prepare an annual report to stockholders.

Meanwhile, more than 4,000 persons are attending the Junior Achievement banquet at the Masonic Temple today to hear James J. Nance, president of Packard Motor Car company, deliver an address. Many of those in attendance are from Plymouth. This is Junior Achievement's fifth year in southeastern Michigan. During the year more than 3,000 boys and girls have operated 187 business firms of their own through J.A.

A final report on the \$200,000 subscription campaign will be given at the banquet.

### Hubbs and Gilles Hold Grand Opening Event

The grand opening event of Hubbs and Gilles Electric's new building and facilities will be held this weekend, Friday and Saturday, at the new location at 1190 Ann Arbor road. Partners Al Hubbs and Bob Gilles formerly operated the business from 11021 McClumpha road.

The new building is 40 by 60 feet in size and it features a knotty pine paneled show room for the electrical appliances. The firm also does electrical contracting work. Hubbs and Gilles has been in business locally since 1944.

Hold fast to the Bible as the sweet-anchor of your liberties; write its precepts in your hearts, and practice them in your lives. —General U. S. Grant

### Budget Needs Heard By Community Fund

Budgets for organizations receiving support from the Plymouth Community Fund were presented at the meeting of the board last week. The recreation commission presented a budget of \$4500 for the summer playground activities put on each year for the children of the community.

Budgets from the Salvation Army, Boy Scouts and Memorial fund were also presented at the meeting last week. The group also earmarked 16.8 per cent of the collections to the United Fund.

On last year's budget \$3000 is yet to go to the Salvation Army and \$2150 to the Boy Scouts.

WASHINGTON, D. C.—Seeing the beautiful and historic sights of their Capital proved a thrill for these young AAA safety patrol boys. They were among 115 Michigan patrollers taken on a four-day honor trip here by Automobile Club of Michigan as a reward for long hours of guarding classmates at school corners. They left Detroit last Thursday and returned Sunday. From left to right they are: Michael Porter, Bird Elementary school, Plymouth; Kenneth Davidge, Volney-Smith school, Redford; and Aks Kikut, Eastbrook school, Ypsilanti.

### Sixth Graders to Fly to Niagara Falls

Twenty-three Starkweather sixth graders will enjoy a day at Niagara Falls this Friday—and they earned all the money to finance the trip themselves. The youngsters will fly to Niagara Falls on a plane leaving Willow Run at 10:10 a.m. and the group will return again at 11:01 p.m.

The class has \$600 to spend on the trip, a sum they earned throughout the term by giving dances, bake sales and painting street numbers on curb stones. The students themselves chose Niagara Falls as their destination after discussing which place they would find most interesting and how much money they could spend.

Three mothers were also chosen to accompany the students along with their teacher, William Foster. The class will pay all the expenses of the three mothers, whose names were drawn "out of a hat" by the students.

### Another Aid To Modern Living! PORTABLE AIR CONDITIONER REVOLUTIONIZES THE INDUSTRY

This new Davison Unit will drop the temperatures approximately 25 degrees at the blower head at 15% relative humidity at 100 degrees temperature by changing atmosphere from sensible to latent heat. Cools approximately 1500 cu. ft.

At fire station number 3 he is engaged in intensive training for fire prevention and extinguishing. Albright was a Plymouth township resident before entering the service.

No one ever forgets anything he really wants to remember.

**PUBLIC LETTER BOX**

Teen Agers Via Organized Play  
We should commend Sterling Eaton for his splendid article on rowdyism among a few teen agers. I came from a small town in New York State, we had no organized play, school coaches or scouting, but all kids got together and organized their own baseball, football, basketball, we earned the money that paid for the balls, gloves, and uniforms. Two of the fellows became big league professional baseball players. Warren Hull of TV was one of our baseball players.

We also organized our own dance parties, hiring the hall's orchestra, and refreshments, we had exceptionally good crowds, and everyone had a good time. We also had our plays, minstrel

shows, glee clubs, quartets, which we ourselves organized, also canoe clubs, bicycle clubs and yacht club. We bought canoes, boats, bicycles and yachts when money was hard to get and wages low.

Our parents guided us through Sunday school and church, which a lot of parents don't do today. It has been a disappointment to a great many people of Plymouth after working so hard on minstrel shows etc. to raise money for a recreation center. The people and businessmen supported these undertakings and it amounted to quite a sizeable lot, then to have it taken over by a city organization and changed entirely from what the money was originally intended for.

We had a well organized recreation center. It didn't fail because it was too small. We have had the high school gym and the Masonic Temple halls for dances and big parties. The main reason it failed was because the rowdy element gradually worked in.

The answer to this rowdyism isn't with organized play or fancy expensive buildings, because this class of kids wouldn't take part in it. There is only a very small percent of the kids that want to be wild, and that problem is entirely up to the parents, make the parents responsible and have them see that their children do go to Sunday School, Church and scouting. One of our great educators once said, he never knew a boy scout that ever got into trouble.

In our school we have plenty of places where the kids can dance, have parties, dinners, etc., why don't they use the facilities we have.

Harry K. Newell

LEADERS OF THE TWO LOCAL extension groups inspect the display in Dunning's window commemorating National Home Demonstration Week, May 2 to 9. Left to right are Allen group leaders Mrs. Harold Barnes and Mrs. Alton Frederick and Plymouth group leaders Mrs. C. W. Ferguson and Mrs. Forrest Olson. They are shown here looking at a chair which was completely refinished by one of the members of the groups.

**Official Proceedings of Your City Commission**

Monday, April 19, 1954  
A regular meeting of the City Commission was held in the Commission Chambers of the City Hall on Monday, April 19, 1954 at 7:30 p.m.  
Present: Comms. Bauer, Fisher, Henry, Terry and Mayor Daane.  
Absent: Comms. Hammond and Tibbitts.

Comms. Hammond and Tibbitts had requested permission to be absent from this meeting, and by leave of the Commission, both absences were excused.

Moved by Comm. Bauer and supported by Comm. Henry that the minutes of the regular meeting of April 5, 1954 be approved as read.

Monday, April 19, 1954  
The Clerk presented the following bills in the amount of \$41,126.48:  
Moved by Comm. Bauer and supported by Comm. Terry that the bills in the amount of \$41,126.48, as audited, be approved and warrants drawn.

Carried unanimously.

The following reports were presented: Municipal Court, Health, Treasurer, Fire, D.P.W., Police, Cash Statement for first 7 months.

Moved by Comm. Terry and supported by Comm. Bauer that the above reports be accepted and placed on file.

Carried unanimously.

The Clerk presented a communication from the City Attorney relative to financing the first payment due on the Middle Rouge Interceptor Sewer Bonds.

Moved by Comm. Henry and supported by Comm. Fisher that the matter be referred to the City Manager for the drafting of a suitable resolution to be presented at the budget hearing.

Carried unanimously.

The Clerk read a communication from the American Surety Company regarding damages to assured's automobile.

Moved by Comm. Henry and supported by Comm. Bauer that the claim against the City by the American Surety Company be denied, since required notice under the City Charter and State Law was not given.

Carried unanimously.

The City Manager recommended that the firm of Horgan & Baylis be engaged as appraisers for the Forest Avenue Alley condemnation case.

Moved by Comm. Terry and supported by Comm. Bauer that the firm of Horgan & Baylis be engaged as appraisers for the Forest Avenue Alley condemnation case at a cost of \$1000.00 plus \$50.00 a day in court.

Carried unanimously.

Moved by Comm. Terry that the City Manager be authorized to conclude the transaction for the Sharpley portion of the proposed East Central Parking Lot addition. Motion failed for lack of support.

Moved by Comm. Henry and supported by Comm. Bauer that the matter of the Sharpley property be deferred until the next regular meeting.

Carried unanimously.

Moved by Comm. Henry and supported by Comm. Terry that the City Manager be authorized to advertise for bids for a 2-door police type sedan and police type motorcycle, specifications for both to be as drawn up by the City Manager.

Carried unanimously.

Moved by Comm. Henry and supported by Comm. Terry that the City Manager be authorized to contract for erection of a garage on the Clark property at a cost of \$800.00.

Carried unanimously.

Moved by Comm. Henry and supported by Comm. Bauer that the City Manager dispose of the City owned building at 578 Hamilton by removal by private interest without cost to the City, or if impossible, burn the building, to be completed in one day.

Carried unanimously.

Mr. William Ottwell presented the Heating Board's recommendation for deletion of Section 3.8 and amendment of Section 2.14 (A) of Ordinance No. 180, known as the Heating Ordinance.

Mayor Daane referred the matter to the City Manager and the Fire Chief for investigation, report and recommendation.

The City Manager reported relative to storm sewers in the southwest portion of the city.

Moved by Comm. Henry and supported by Comm. Bauer that the matter of a proposed storm sewer study for the southwest portion of the city be referred to the City Manager for disposition and report. Carried unanimously.

The Clerk read a proposed Traffic Violations Bureau Ordinance, by title only.

Moved by Comm. Bauer and supported by Comm. Terry that a proposed Traffic Violations Bureau Ordinance be passed its second reading, by title only.

Carried unanimously.

The Clerk read Ordinance No. 186, Traffic Violations Bureau Ordinance, by title only.

Moved by Comm. Terry and supported by Comm. Fisher that Ordinance No. 186, Traffic Violations Bureau Ordinance, be passed its third and final reading, by title only and become operative and effective on the 11th day of May, 1954.

Carried unanimously.

Moved by Comm. Bauer and supported by Comm. Henry that the City Manager be requested to obtain information on installation of flasher signals at the Farmer Street crossing of the C & O Railroad.

Carried unanimously.

Moved by Comm. Henry and supported by Comm. Terry that the meeting be adjourned.

Carried unanimously.

Time of adjournment was 9:37 p.m.

to obtain information on installation of flasher signals at the Farmer Street crossing of the C & O Railroad.

R. A. KIRKPATRICK of 357 Auburn, recently retired general claims agent with the Chesapeake & Ohio railroad, is shown here at his favorite hobby, woodworking. Kirkpatrick's retirement ended his 47 years with the railroad.

OBITUARY

**Mrs. Bertha Wolff**  
Mrs. Bertha Wolff who resided at 262 Blanche street passed away Thursday morning, May 6 after an illness of several weeks. Mrs. Wolff was 58 years old.

Surviving are her husband, William C. Wolff; her daughter, Mrs. Evelyn Lucas; her two sons, William E. and Clarence Wolff, all of Plymouth; also surviving are her brother, Herman Esch, her sister, Mrs. Hulda Ash, both of Plymouth, four grandchildren, other relatives and many friends.

Formerly a resident of Livonia Mrs. Wolff has lived in Plymouth since 1926. She was a member of St. Paul's Evangelical Lutheran church of Livonia, a member of the Ladies Aid, and very active in church work.

Pastor Theodore Sauer officiated at the funeral services which were held Saturday, May 8 at 2 p.m. at St. Paul's Evangelical Lutheran church, Livonia. Hymns were sung by Mrs. Marguerite McCotter accompanied at the organ by Miss Doris Hemker. The active pallbearers were William Esch, Herman Esch, Louis Esch, Robert Esch, Edward Ash and William Cort. Interment was made in Riverside cemetery. The services were under the direction of the Schrader Funeral home.

**Bernice Chynoweth**  
Funeral services were held on Saturday, May 8, in Gillespie, Illinois for Mrs. Bernice Ione Chynoweth who died suddenly in Nankin township on May 5. Mrs. Chynoweth was born in 1897 in Illinois and resided in this area for 14 years.

She is survived by a son Kenneth Young; a sister Mrs. Audrey Morris of Illinois; three brothers, Rupert and Marlin Shields of Detroit and Delbert Shields of Louisiana.

The body was at rest at the Caldwell Funeral home on Ford road. Funeral services were at 2 p.m. in Illinois.

**George W. Cort**  
Detective Lieutenant George W. Cort, a former Livonia resident, passed away at Ford hospital on Monday, May 3, after a brief illness. He was with the Detroit Police Department for 38 years.

Born and raised in Livonia he moved to Detroit soon after his marriage and joined the police force in 1908. He was once the driver of a horse drawn vehicle that conveyed crippled children to the old Harris school.

He is survived by his wife, Laura; three children, Orville, George and Mrs. Edna Kalons, all of Detroit; four grandchildren; a brother, Henry Cort of South Lyon; and a sister Mrs. Anna Woodruff of Detroit.

Local Posts Set May 28 for Sale Of Buddy Poppies

Buddy Poppies to help disabled veterans will be offered again in a street corner sale by members of the Mayflower Post Veterans of Foreign Wars and the Passage-Gayde Post American Legion and the auxiliaries of both groups. The sale has been set for Friday, May 28.

Heading the campaign for the V.F.W. post this year is William Norman, who is taking over for chairman Joe Elliott who is ill. Mrs. Harry Bartel of the V.F.W. auxiliary will act as co-chairman. The American Legion Post has named Vernon Miller as its Buddy Poppy chairman, and he will be assisted by Mrs. Rudolph Kunz of the auxiliary.

All post and auxiliary members will be asked to assist in the streetcorner sale to ensure complete coverage of the community, stated Norman. A drive among local business and industrial men

50 to Take Train To Tulip Festival

Fields of tulips and parades of street dancers characteristic of the Holland Tulip Festival will be seen by at least 50 local residents this Saturday. They have already purchased their tickets on the special train which will leave Plymouth at 8:20 Saturday morning and return here at 10 that evening.

The Chesapeake and Ohio ticket office has reported that 50 of the tickets had been sold. A few more were still on hand for those who decided at the last minute to take in the sights of the Holland event. The train, which leaves from Detroit, is sponsored by the Detroit Municipal Employees association.

Included in the price of the ticket is a luncheon at the Women's Literary club and a reserved seat on a sight-seeing bus out to the tulip farms. Visitors to the festival will also see a parade of wooden shoes dancers and street-washing, part of the traditional festival.

What to Do

Continued from Page 1  
well would be good for between 14 and 20 years.

The one mile stretch of Chubb road between Seven and Eight Mile roads turned into a busy thoroughfare Monday and Tuesday as news about the discovery reached the newspapers.

A loud explosion rocked the area Monday when the gas shot up the hole. Washtenaw county sheriff's authorities blocked off the roads because of the danger of explosion from smoking or passing cars.

Kirkpatrick Retires From 47-Year Job

Forty-seven years with the railroad was terminated by R. A. Kirkpatrick of 357 Auburn with his retirement on April 30. Kirkpatrick entered railroad work back in 1907 in Mayville, Michigan as a station clerk. At that time his salary was \$30 per month, and his room and board cost him \$4 a week.

Kirkpatrick so enjoyed his work with the railroad that he even encouraged a friend of his to leave his job as a grocery clerk in Mayville and work for the railroad. The young fellow, Carl J. Millikin, is now assistant general manager of the Pere Marquette District of the Chesapeake and Ohio railroad in Detroit.

Kirkpatrick entered the claim department at Saginaw in 1913 and came to Plymouth in 1924 when he was appointed general claim agent. He held this position until his recent retirement.

Considerable knowledge of the Pere-Marquette has been acquired by Kirkpatrick during his work with the railroad. He also recalls when the Pere-Marquette was formed in 1900. His father served as station agent with the road in Unionville, Michigan around that time.

On his retirement he was guest of honor at several dinners given by the Border Cities Claims Conference and the general officers of the Pere Marquette district of the C. & O.

He is a member of the Hi-12 club in Plymouth and also is very active in the First Methodist church, where he serves as financial secretary.

Retirement plans include spending summers at his cottage on Lake Superior near Rock River, Michigan, with Plymouth his winter headquarters. His hobby of wood-working will also keep him very busy, he said.

has also planned, he said.

Veterans Administration officials have always regarded the making of Buddy Poppies by disabled veterans as a valuable form of occupational therapy. Ever since 1922 when the first nationwide sale of Buddy Poppies was conducted, the Veterans Administration has permitted veterans under government care to assemble the materials that are necessary to create the official Buddy Poppy.

Proceeds from the sale are used for hospital work carried on by the local auxiliaries, helps needy and disabled veterans and their families, and helps maintain the V.F.W. national home at Eaton Rapids, Michigan.

A Buddy Poppy poster contest was recently sponsored by the American Legion auxiliary to help publicize the sale. Winners in the contest will be announced at a later date.

THREE USEFUL WEAPONS for Paint-up, Clean-up, Fix-up Week are shown here by judges of the contest being held for home owners whose fixing, painting and cleaning program during the week shows signs of the greatest effort. The judges, from left, are William Rose, Mrs. George Kemnitz and George Jackson. The observance is next week.

Plan Crack-down On Park Drinking

Arrest of two intoxicated boys in Plymouth's Riverside park last Saturday night has brought a warning from the Wayne County Sheriff's department that a severe "crack-down" on drinking parties in the park system is being planned again this year.

The two 17-year-old boys, both from Detroit, were released to their parents with one of the youths being inducted into the Navy next week. However, a Detroit grocery store operator will be prosecuted for selling beer to minors, the sheriff's office said.

"We're going to crack-down tight again this year and check the park thoroughly for drinking parties," a spokesman said. During the fall last year, special details of patrolmen cruised the park each night to check the increasing drinking parties.

Only a few Plymouth youths were involved in all of last year's arrests, the others coming here from Detroit and other communities.

Ever try splitting frankfurter rolls, spreading them with butter or margarine and sprinkling them with poppy seed before toasting in the oven? Delicious with salads.

For a molded spring salad, dissolve a package of raspberry gelatin in 1 1/2 cups boiling water and 1/2 cup pear juice. Cool. When partially set, stir in 1/2 cup diced celery and pour into shallow mold. Arrange 8 pear halves on top of gelatin, cut side up. Fill pear cavities with maraschino cherries. Serve on lettuce with mayonnaise.

**Aboard the Good Ship MAYFLOWER**

We just learned that the hotel pays more per pound for the finely blended coffee which it uses than most of us pay at the retail level. Perhaps that doesn't do much for profits, but it sure does make lots of friends.

Plymouth's "Mother of the Year" and her lively family were in for dinner on Mother's Day as guests of the management. One look at those three happy youngsters of hers prompts us to second the motion. And when it comes time for Father's Day we already know that the leading candidate comes from the same family.

Best buy of the week: Those one-inch long white canes that the Lions Club members are selling. If all the folks in Plymouth could have had the heart-warming experience that your Bo's Mate had in seeing the direct results of what these Lions do for the sightless right here in Plymouth, they'd buy canes like mad. Let's open our hearts to open some eyes!

Overheard in the lobby: "So, you don't like Michigan weather. Just wait until tomorrow, and we'll have something different."

The reason the pastries and rolls aboard the Good Ship Mayflower are so delicious is that they are of the "home-made" variety. Below decks in the hotel is a very modern, efficient, self-contained bakery. And there-in lies a good story. We'll write its history one of these days: a history as interesting as its products are tasty.

That buzz-zz noise could be those \$5 million gas wells—or it could be the talk they fause around the lobby among the oil men. We've been trying to sell the oil rights on our twelve-foot-square clothing store, but the Skipper frowns on my selling something which doesn't belong to me.

**Card of Thanks 27**

We wish to express our appreciation to our neighbors, friends and relatives, for the flowers, cards and many acts of kindness we received during our recent bereavement. Especially to Mr. Schrader, Reverend Walsh, and Mr. Nelson.

Mrs. Cyrus King and family.

I wish to express my thanks for the flowers, cards and many acts of kindness I received during my stay in the New Grace Hospital, undergoing an eye operation.

Mrs. Mark Joy

Our heartfelt thanks to all who extended comforting sympathy and help in our recent sorrow. For the beautiful service, floral offerings, and other kindnesses, we are deeply grateful.

The William Wolff family.

## Infant Garden Plants Need Help to Reach Sunlight

When the garden soil has been made ready in the spring, it is time to sow seed. This is a simple task but if carelessly performed it can result in serious losses, of seed, growing time and labor.

Like you, seeds need air, water and food. These must be available in the top inch of garden soil to which the first stages of their struggle for existence will be confined. It is always a struggle, and seeds need your help to overcome the hazards which they encounter in getting a start in life.

Seeds may drown if water stands too long over them because of poor drainage. When there are vacant spaces in low spots in a row, with otherwise a good stand, drowning is probably the cause. Water excludes oxygen from the soil and should never stand more than half an hour on the surface of the garden.

A cold spell may delay germination, enabling moulds and fungi to attack the dormant seeds.

to weaken or destroy them. This can be prevented by using a disinfectant such as spergon or arsan. Take as much of either as you can lift on the end of a toothpick, drop it into the seed packet and shake it well to coat the seed. Always do this when seeds are sown early, before the ground warms up, for diseases are most dangerous then.

Seeds may be sown too deep. Small seeds should be barely covered, even the large seeds not more than an inch. And the greatest hazard of all, as re-

search with soil conditioners is proving, is the danger of being buried alive under a soil crust which seed sprouts cannot penetrate.

If your garden contains clay, a hard rain may compact it sufficiently to imprison the seed. The tiny sprout often faces an impossible task in attempting to break its way to the sunshine.

If you have a compost pile, there is no better way that you can use the humus from it than in preparing a special soil with which to cover seed. This should be mixed with sand, half and half. In addition to making sure that the seed sprouts will be able to emerge, this loose soil will hold moisture and keep the soil beneath it from drying out. It is therefore especially desirable in hot weather.

## Elected as State Hi-12 Treasurer

Plymouth members of the Hi-12 club played a large role in the state Hi-12 convention held at St. Clair last Friday and Saturday with one local member, David Thompson, winning the election as treasurer of the state Hi-12 board.

International President J. Nelson Truitt of Denver, was present as the Plymouth club took charge of the Saturday night President's Banquet at the St. Clair Inn. Floyd Tibbitts, local president, conducted the meeting while Frank Henderson was master of ceremonies.

Roy Rew, widely-known local magician, entertained the 200 members for the major part of the program. Howard Thompson, brother of the new state treasurer, sang a solo.

There are 27 Hi-12 clubs in the state with several more now being formed. Twenty Plymouth members attended the state meeting.

## Postmaster Announces Sale of New Stamp

Dr. George Timpona, local postmaster, has announced that the three-cent Kansas Territorial commemorative stamp will be placed on sale on or about June 1. The reddish-gold stamp will have a design showing a field of wheat and a set of farm buildings. A train of pioneers will appear in light silhouette. The numerals "1854" and "1954" in dark gothic will appear in the upper left and right corners of the stamp. Across the bottom will be printed "Kansas Territorial."

"The House of Seven Gables", immortalized by Nathaniel Hawthorne, was built of wood in 1663, still stands in Salem, Massachusetts.

# SOCIAL NOTES

Miss Ada Daggett and Mrs. William Farley spent Mother's Day with Mrs. Farley's daughter, Mrs. Lynn Fraser and family in Flint. Other guests included Mr. and Mrs. Leslie Fraser and family of Frankenmuth and Mr. Fraser's mother, Mrs. Nellie Miller of Detroit.

Mrs. Philip Hadsell and children, Margaret and Alan, of Niles spent Mother's Day with Mrs. Margaret Hough of West Ann Arbor trail.

Mr. and Mrs. Edwin Scott of West Maple avenue spent the weekend with friends in Cleveland, Ohio.

Mrs. Jack McVey left Willow Run Sunday evening for her home in Philadelphia, Pennsylvania, being called here by the sudden death of her brother, George Robbins. Mr. and Mrs. McVey were residents of Plymouth several years ago.

Guests in the Fred Anderson home on North Main street on Mother's Day were Mr. and Mrs. Nelson Bakewell and their children and grandchildren of Adrian; Mrs. James Deeg and family of Dearborn; Mr. and Mrs. Patrick Fagen and family of Newburg road; Mr. and Mrs. Ed Sommerman and family of Livonia; Walter Anderson and Mr. and Mrs. Kenneth Anderson of Plymouth.

Mrs. Anne McGeorge, Worshipful High Priestess and Mrs. Sarah Dent, past High Priestess, were in Chicago, Illinois, last week where they attended the 60th session of the Supreme Shrine. They returned to Plymouth on Friday.

Ten guests were present at the meeting of the Kenyon Extension group on April 28, in the home of Mrs. Robert Waldecker on Warren road. Mrs. Olson, of the Plymouth group gave the lesson on cleaning aids including the proper use of soap and synthetic detergents.

Mr. and Mrs. Roland Bonamici of Sutherland avenue attended a dinner dance at the Sheraton-Cadillac hotel last Saturday evening sponsored by the American Institute of Banking. During the evening Mr. Bonamici was presented with a pre-standard certificate for completing courses given by the A. I. B.

Mrs. J. R. Witwer, Mrs. Louis Norman and Mrs. Jesse Tritten attended the Home Economics Alumni Day at Michigan State college in East Lansing last Saturday.

Mr. and Mrs. Albert Pint of Schoolcraft road were dinner guests last Saturday evening of Mr. and Mrs. Earl Taylor, of Franklin Village, at Devon Gables.

Private Ralph White, son of Mrs. Marion White, is now stationed at Fort Monroe, Virginia with the 56th A.A.A., Gun Battalion.

Mrs. Edythe Hadley of Dodge street has received word from her daughter, Mrs. Ruth Williams that she is leaving California very soon to join her husband who is stationed in Japan.

Mrs. Frank Dicks attended a reunion of the Belle Cover pupils in Detroit last Friday evening.

Miss Jeanette Baldwin of Dayton, Ohio, is visiting at the Joseph Tracy home on Church street.

Mrs. Lena Willett has been in Harper hospital for the past week where she had a cataract removed from her eye.

# Who's New In Plymouth

ANOTHER OF PLYMOUTH'S NEW FAMILIES is that of Mr. and Mrs. Richard A. Culver of 549 East Ann Arbor trail. The Culvers, who came here from St. Johns, Michigan last spring, have one daughter, Jennifer, who is five months old. Mr. Culver is sales engineer with Price Brothers, and both the Culvers are 1950 graduates of the University of Michigan.

## Karla Jean Herbold Wins Writing Award

A national first place award in the Scholastic writing awards contest was granted to Karla Jean Herbold, daughter of Dr. and Mrs. William Herbold of West Ann Arbor trail, in the junior short story division. Karla, an eighth grader at Plymouth junior high school, won a \$25 savings bond.

Other local winners in the regional contest, receiving honorable mentions, were Annie Denany and Geraldine Wilhelm, poetry awards, and Luree Merillat, journalism. Annie and Geraldine attend Our Lady of Good Counsel school, and Luree goes to Plymouth high school.

Each year the Scholastic Writing Awards, conducted by Scholastic magazines, offer students an opportunity to discover their creative writing talents as they compete for tuition scholarships, cash awards, and national recognition.

A record number of student entries were submitted from the 48 states, Canada, Hawaii, Puerto Rico, and American schools in several foreign countries. The winning manuscripts were selected by a national board of judges, made up of leading authors, journalists and educators, including Jesse Stuart, Eudora Welty, J. Frank Dobie, Robert P. T. Coffin, Phyllis McGinley, Gladys Schmitt, and Hughes Mearns.

Karla Jean Herbold

Besides receiving the awards, young writers will see their efforts published in four national classroom weeklies and the May issue of Literary Cavalade—all published by Scholastic magazines.

# SOCIAL NOTES

Mr. and Mrs. Everett Burnester of Williams street entertained members of their bridge club last Saturday evening in their home. Guests included Mr. and Mrs. Frank Upton and Mr. and Mrs. James Cooper of Rosedale Park; Mrs. Lyle Parrott of Detroit; and Mr. and Mrs. Arnold Doub and Mr. and Mrs. C. M. Wharton of West Bloomfield Village.

Lisle Alexander of North Mill street has been in Washington, D. C. on American Legion business.

Mr. and Mrs. Lester Burden and family of Union street and Neil Akerling enjoyed dinner last Friday evening, following the high school band concert, at Mason's on Schoolcraft road.

Mrs. Agnes Wilson entertained a group of friends last Friday evening in her home on Rose street.

Mother's-Day dinner guests of Mr. and Mrs. Harold Behler in their home on Irvin street were Mr. and Mrs. Robert Hitt and family of Livonia, and Dale Behler, a student at Michigan State college in East Lansing.

Mrs. Mark Joy returned to her home on Plymouth road last Wednesday after undergoing eye surgery at New Grace hospital, Detroit.

Alious Owens returned to his home on Northville road this weekend after spending nearly three weeks in Hot Springs, Arkansas, and Union City, Tennessee.

Mr. and Mrs. H. C. Culver of Palmer avenue were in DeWitt, Michigan on Sunday visiting an aunt of Mr. Culver who is very ill.

Mr. and Mrs. Floyd Tibbets and Mr. and Mrs. A. K. Brocklehurst attended the Michigan State Association of Hi-12 convention on Friday and Saturday of last week at the St. Claire Inn. They were joined on Saturday by Mr. and Mrs. Oral Rathburn, Mr. and Mrs. David Thompson, Mr. and Mrs. Harry Brookes, Mr. and Mrs. Rex Hoffman, Mr. and Mrs. Frank Henderson, Mr. and Mrs. Raymond Bachelder and Mr. and Mrs. Harold Reid.

Mrs. Russell Cunningham entertained members of the Robinson Extension Group at her home on Ball street on Tuesday, May 4. The lesson was on "New Cleaning Agents" and was given by Mrs. Robert Widmaier and Mrs. John LaGrow.

Mr. and Mrs. H. J. Moran have just returned from a six week visit in Ft. Lauderdale, Florida. Mrs. Moran is the former Elaine Clair of Five Mile road and a former Plymouth high school teacher.

Mr. and Mrs. John Henderson of Auburn avenue were Sunday evening dinner guests of Mr. and Mrs. Don Wilson in their home on Middlebelt road in Livonia.

Circle 10 of the First Presbyterian church will have a joint meeting with Circle 8 on Monday evening, May 17 at 8 p.m. in the church parlor.

Mr. and Mrs. Richard Larkin and family of Pacific avenue were the Mother's Day guests of Mr. and Mrs. A. K. Brocklehurst of Wing street.

The Get-together Club will meet with Mr. and Mrs. Harold Merrithew in Northville on Saturday, May 15.

Mr. and Mrs. Merle Rorabacher, Mrs. LeRoy Jewell and Mrs. Nina Blunk spent the weekend in Three Oaks with Mr. and Mrs. Thurber Becker, who on Sunday entertained at a brother and sister reunion. They were joined on Sunday by Mr. and Mrs. Otto Reamer and Mr. and Mrs. Manford Becker of Plymouth and the other members of the Becker family.

Mr. and Mrs. Maurice Garchow and son, Richard of Bradner road spent Sunday afternoon and evening with Mr. Garchow's mother, Mrs. William Garchow in Livonia.

Mrs. Oscar Freiheit of North Mill street is confined to University hospital, Ann Arbor.

Mr. and Mrs. William Flanagan and daughter, Judy, of Livonia, were the Sunday dinner guests of Mr. and Mrs. Glenn Fraleigh of Gold Arbor road.

Miss Marion Fisher of Plymouth road spent the weekend visiting in Cincinnati, Ohio.

The Lutheran Ladies Mission Society will meet on Wednesday afternoon, May 19 at 2 o'clock in the home of Mrs. James Gothard, 14355 Eckles road.

Members of the First Baptist church choir honored Mrs. James O'Neal with a shower last Friday evening, May 7, in the home of Mr. and Mrs. Dunbar Davis on Ford road. Thirty-eight members and friends of the choir were present at the party.

Mr. and Mrs. Thomas Herschberger of Detroit, were the dinner guests of Mr. and Mrs. Albert Dayton of Deer street on Sunday of last week.

Mr. and Mrs. John Henderson will be hosts on Saturday evening in their home on Auburn avenue to members of their bridge club. Planning on attending are Mr. and Mrs. Edward Dobbs, Dr. and Mrs. Elmore Carney, Mr. and Mrs. O. H. Williams, Mr. and Mrs. H. Wood, Mr. and Mrs. George Farwell and Mr. and Mrs. William Arscott.

## Plan D.A.R. Meeting

Sarah Ann Cochran chapter, Daughters of American Revolution, will hold its annual meeting this Monday, May 17, at the home of Mrs. Ralph Garber, 46225 North Territorial road. It will begin at 1 p.m.

Plans are also being made for the annual picnic to be held at the home of Mrs. Claude Cruse, 43180 West Nine Mile road, Northville. It is scheduled for June 21 beginning at 12:30 p.m. Mrs. Walter Hammond and Mrs. Robert Willoughby will tell members about the Continental Congress of the D.A.R. which they attended in Washington D.C. The annual reports will be made and new officers elected.

## Grange Gleanings

The Grange meeting of May 6 was very much of a "let down" from our big crowd of April 23. We hope for a better attendance next week, on May 20.

Mr. Hodge is holding his own at the hospital. He has a great deal of pain. Cheerful callers are appreciated.

Joe Tracey remains about the same as he has been for several weeks. A call from some of the members would be welcome.

The Lily club on Monday night was a very nice party. Prizes were won by Mrs. Farley, Mrs. Gebhardt, Mr. Eberts and Mr. Coverdill. Those who attend the Lily club parties always have a good time.

MRS. ROBERT MINOCK of Ross street was caught by The Mail photographer as she got in the "clean-up, fix-up" mood starting with the closets. She has a willing helper in 4-year-old daughter Janeen. With Clean-up, Paint-up, Fix-up week being celebrated in Plymouth May 17 to 22, residents will be given a chance to win \$50 in prizes for their efforts. Full details on page 1, section 1 story.

CHECKING OVER FINAL VOTING RETURNS are new class presidents, left to right, Gail Foreman, junior; Wayne Smith, senior; and Charles Westover, sophomore. School officers were elected last Tuesday when students voted on the city voting machines. The class presidents will not take over their duties until the fall semester.

### Girls Nearly Sweep Student Council Elections; Classes Choose Officers

Voting machines buzzed, votes were tallied and the final results released. The new school officers and student council representatives have been selected.

Heading the list the new mayor is Jane Nulty; vice-mayor, Sally Black; student council secretary, Sally Morgan; and student council treasurer, Earl Fulton.

Officers for next year's senior class are Wayne Smith, president; Denny Luker, vice-president; Thalia Bairas, secretary; Darlene Adams, treasurer; student council, Nancy West, Bob Middleton, Joan Donnelly, and Jim Zukosky.

The future junior class chose as its president, Gail Foreman; vice-president, Jim Dyer; secretary, Judy Richwine; treasurer, Jim Parry; student council, Jim Keith, Bob Young, Pat Clifford, and Ray Spigarelli.

Next year's sophomore class selected Chuck Westover, president; Carol Clarke, vice-president; Fred Heidt, secretary; Kay Porter, treasurer; student council, Barbara Erdelyi, Elaine Keith, Roberta Lidgard, and Clifford Tait.

The new officers were installed on Tuesday, at an assembly held first hour.

Voting machines such as are used in regular elections were installed in the school for a day.

### To Elect Officers Junior High PTSA

New officers of the junior high school Parent-Teacher-Student association will be elected at the meeting on Tuesday, May 18, at 7:30 p.m. in the auditorium. A projector and visual equipment will be presented to the school.

Program for the evening includes a fashion parade by Mrs. Pauline Morgan's 7th and 8th graders, and displays of articles made in Mr. Sullivan's shop classes and Mrs. Shield's art classes.

Refreshments will be served.

### Seven Girls Win Positions As Cheerleaders

Cherri Ritter, Carole Partridge, Marjorie Beyers, Mary Lou Foote, Barbara Smith, Joan Bassett and Carol Clarke were the seven girls chosen to represent Plymouth high school next year on the varsity cheerleading squad.

The seven girls chosen to be on the junior varsity squad are: Peggy Wingard, Lenora Bassett, Margaret Duty, Virginia Hart, Madeleine Jones, Geraldine Minehart and Janice Depki.

The tryouts were held on Wednesday, May 5, at 3:45 p.m. in the Plymouth high school gymnasium. Forty students from grades 9, 10 and 11 were on hand to show their skills.

Each student cheered "Yea Team," with another person and then had to show the motions they made up to fit the new cheer, "You've got to pep it up, step it up. Fight, Fight! We're from Plymouth. They're alright. Yea, Plymouth!"

Five members of the faculty acted as judges and six students judged each student in their pep and voice, appearance, coordination, originality, and audience appeal. The faculty judges were: Mrs. Nancy Coates, Mr. Melvin Blunk, Mrs. Virginia Calligari, Mrs. Louise Cigile, and Miss Dorothy Midgely, while Dorothy Mandt, Larry Tillotson, Dick Morrison, Sandra Penny, Mary Ellen Sparks and Jon Wolfe represented the student body as judges.

### Civilized

It is reported that the Eskimos are chewing bubble gum now. We had no idea they were so civilized. — Christian Science Monitor.

### Starkweather Children to Present Streamlined Story of Cinderella

Something new in the way of a Cinderella story will be seen on Friday, May 21, at 7 p.m. in the high school auditorium, when the boys and girls of Starkweather school present an operetta, "Streamlined Cinderella."

Plot, costumes, scenery, and songs have all been modernized, and the familiar story will be recognized but with each situation reversed.

Participating in the production will be 200 students from the first through the sixth grades. The leading parts of Cindy Lou, Prince Dean, and Cuthbert will be played by Linda Schrock, James Herter, and Dennis Robertson, respectively. There will be 16 leading characters in all; 30 in the stage chorus; and 70 in the floor chorus. Children from the first, second, and third grades will present related songs as part of the operetta.

The production is under the direction of Merry Lynn Schroeder, music instructor, assisted by the entire faculty of Starkweather school. Larry Livingston will be the accompanist.

All residents of Plymouth are being invited to attend, and there will be no admission charge.

### Sheldon Talks to Class At Plymouth High School

Duane Sheldon, representative for the New York Insurance company in the Plymouth-Northville-Livonia area, talked to the senior commercial law class taught by James Latture on Monday morning at the Plymouth high school. Sheldon resides at 1409 Sheridan avenue.

In his talk he covered life insurance, how it began, the various kinds of life insurance, and its modern-day uses. About 40 students attended.

### Name Editors For Next Year's School Annual

Applications for the new positions on next year's Annual were turned in Wednesday, May 5, at 3:30. Taking over the new positions are: editor; Janet Denhoff, assistant editor; Sandra Newingham, business manager; Dale Houghton, and activities editor; Jan Ponto.

They were chosen by their advisor Mrs. Coates on the basis of their experience, scholastic ability, reasons for wanting the position, and their abilities in that line of work.

At the completion of the 1954 Plythean, which should arrive around June 5, the members of the Annual staff and their advisor, Mrs. Coates, have planned a picnic for the near future at Riverside Park.

Seven members of the Annual staff attended the journalism press conference at the University of Michigan in Ann Arbor, Friday May 7. Those who attended were Jeanie Walker, Janet Mulholland, Janice Kowalcik, Dale Houghton, Janet Denhoff, Sandra Newingham and Sally Shuttleworth.

### Dean Palmer Wins Scholastic Reporting Contest

T. Dean Palmer, Plymouth high school senior, took first prize Friday in a reporting contest sponsored by the Michigan Interscholastic Press Association (MIPA) as part of its 27th annual convention at the University of Michigan.

Sponsored by the U-M Department of Journalism, the reporting competition was based on coverage of a talk on "Democracy Works" by Arthur Garfield Hays, general counsel for the American Civil Liberties Union. Dean is the son of Mr. and Mrs. Theron Palmer of Beck road. Other winners include: Bruce Bennett, second, Sault Ste. Marie High School senior, 1200 Kimball, Sault Ste. Marie; and Mary Ann Miller, Our Lady of Mercy High School senior, 16740 Rosemont, Detroit, third place.

### PLYMOUTH SCHOOL NEWS

## The "Stranger" Everyone Knows!

The big car eases out from the boulevard and comes to a soft, silent stop. A man steps out from behind the wheel and heads for his destination.

The license plate reveals him to be a person from another state—a "stranger," so to speak.

But the golden crest on the hood of his motor car tells everyone something about him. For it is the famous crest of Cadillac—and no man is wholly a stranger, wherever he be, when he drives this distinguished car.

Any owner can tell you, out of his own personal experience, that a Cadillac is a virtual "letter of introduction" for the man who sits at its wheel.

He becomes, in a sense, the "stranger" everyone knows—a member of the most distinguished motoring fraternity in all the world.

This priceless aspect of Cadillac ownership is but

one of the many rewards which come to the owners of Cadillac cars.

In fact, it might even be considered an extra dividend—for it comes in addition to the car's great and distinguishing beauty... its brilliant and inspiring performance... its magnificent comfort and luxury... and its remarkable economy of operation.

As a matter of fact, it would be a formidable task to recite even a basic portion of Cadillac's cardinal virtues for 1954—for the car is superlative in every respect and has been markedly advanced in every phase of appearance and operation.

Of course, it would take only an hour on the highway to understand what it all means in terms of pleasure and satisfaction—and that's why we suggest that you come in and see us—soon.

Why not make it today?

Although medicine is perfectly safe when used for the purpose intended—and taken in strict accordance with the directions on the label—any medicine can be a potential source of danger in the hands of children, especially since many products are flavored to make them palatable. Keep ALL medicine out of reach of the inquisitive hands of children. Store medicines on the upper shelves of medicine chests or closets. Never leave medicine bottles lying around on tables. Dispose of prescribed medicine when the need for it has passed. Apply the same safety rules to toxic cleaning fluids, and pest destroyers. Store these products out of harm's way.

# Sport Glances

It was certainly a coincidence when I mentioned two weeks ago that the four-minute mile would be made soon. Just last week Roger Bannister of England ran the mile in 3 minutes 59.4 seconds. West Coaster O'Brien also broke the 60-foot shot put mark. A few years ago experts said that it was humanly impossible to run a four-minute mile, put the shot 60 feet, high jump 7 feet or pole vault 15 feet. The mile has now been done in less than four minutes, the pole vault is quite a bit over 15 feet, and the high jump will be broken this summer.

Anyone with any sense will never use the phrase "it can't be done." If anyone should tell me that some genius had just returned from a flying trip to the moon—well, maybe I would have doubts but I would not air them to any great extent. This old world of ours moves along so rapidly, nowadays, that we might as well get out our dictionaries and erase the word "impossible." Let anything be wanted badly enough and some fellow will immediately set about finding a way to do it. He will not consider the difficulties that may stand in his way, they will simply be an added inducement for him to get on to the job.

The state regional track meet for Class A schools is this Saturday at Ann Arbor. All first three place winners at this meet will advance to the state Class A meet at Ann Arbor the following Saturday. Plymouth should have a few entries advance to the state meet. Captain Jerry Kelly placed fourth in the 220-yard dash and fifth in the 100-yard dash at the state meet last year, and should do better this year. All the dashmen ahead of him last year have graduated. Jerry Swain should advance in the hurdles, and he is only a junior. Tom Davis might qualify in the mile—beyond those three, it is questionable whether anyone else will qualify.

How about that Trenton high pitcher who hurled a regulation seven inning ball game without a hit, and then lost to Plymouth in extra innings 5 to 4. At the end of the seven innings the score was one all—the Rocks having scored a run in the sixth to tie it up without a hit. Trenton went ahead by three runs in the first extra inning, and then Plymouth came back to score four runs and win the game on one hit. Two walks and a hit batsman set the stage for Dick Day's triple to

clear the bases to tie the score, and then Day scored as they tried to nip him at third and the throw went over the third baseman's head. That was the only hit off Reichel, the Trenton hurler. If there is a zanier game than that I haven't heard about it!

Rookies provide more "fight" than old-timers, and as a result he team may prosper for a while, but I still can't see the Tigers as a first division club this year. I do see them as a definite threat in a year or so. There is such a thing as being practical—and after all the betting men in baseball quoted the Tigers as 100 to 1, along with the Pittsburgh Pirates. But I think they made an "awful" mistake in mis-judging these young players of the Tigers. I only hope that Manager Hutchinson continues to use these rookies in the starting line-up, along with pitcher Miller. He will realize big dividends in a few years if he does.

## Netmen, Golfers Have Busy Week

The Plymouth High golfers were busy last week when they engaged in four meets—breaking even in the four.

In the first one they trounced Allen Park 185 to 231 strokes in a nine-hole match. Tyler Caplin was medalist with a 39 score, followed by Fred Benson with a 46, and Wally Rush and Kolak each with 50.

In the Bentley meet, the Rocks won out 171 to 187 with Benson this time being the medalist with a sparkling 36, Caplin had a 44, Carmichael a 45 and David Beegle a 46.

Next the Rocks met the defending 6-B League champions, Redford Union, and came out on the short end of a 164 to 174 count. Benson was low with a 40, Caplin had a 44 as did Beegle, and Carmichael a 46. Redford Union scores were quite even being a 40, 40, 41 and 43. Redford Union will be met again next Monday. This weekend the squad go to the Regional at Brighton.

In an 18-hole match Dearborn defeated Plymouth 513 to 340. Benson again was low for the local linksmen with an 81, Caplin earned an 83, Beegle an 89 and Carmichael an 87. Dearborn won with scores of 75, 78, 80, 80. The meet was held at the Dearborn Country Club.

The Rock tennis team dropped two matches last week also. Trenton beating them 6 matches to 1, and Bentley duplicating the same score a few days later. The tennis team now have a one win and three lost in league play. Today Northville is met away, and next Tuesday, the Mustangs come here for a return match.

## Lutherans Pace Grade Ball Nines

The Lutheran School won 2 games and lost 1 in the Grade School League last week, as Starkweather won 1 and lost 1, and Allen and Smith each won 1. Catholic lost one and Bird two.

Lutheran upset the strong Starkweather team 9 to 4 with Simmons being the winning hurler. The winners scored in each inning. Egluff and Lehnhardt each had two hits for the winners — Egluff's being doubles. Smith had two singles for Starkweather. Lutheran also defeated Catholic 8 to 3 in another game when they scored 5 runs in the third inning and 3 more in the fifth. Simmons and Egluff homered in this game.

However, Lutheran lost a close game to Smith 3 to 2 even though the losers out-hit the winners 9 to 6. Sawyer was the winning pitcher for Smith. Smith also defeated Catholic 11 to 3 in another game.

Starkweather beat Bird 6 to 1 as they scored 5 runs in the third inning to sew up the victory. Hoffman was the winning hurler.

Allen counted 10 runs in the first inning on 5 hits and 6 walks to easily hand Bird a 14 to 7 licking last week.

Standing in this league will appear on this page next week.

## BASEBALL QUIZ

Score yourself ten points for a correct first choice, five points for a second choice, three points for third choice one point for fourth choice. If you score less than 40 points—better brush up on your baseball.

1. What National League player tied a record by hitting four doubles in a game on opening day, 1954? ( ) Alvin Dark ( ) Stan Musial ( ) Jim Greengrass ( ) Willie Jones ( ) Carl Furiollo ( ) Frank Thomas ( ) Randy Jackson.
2. Who holds the National League record for most errors by a shortstop in a night game? ( ) Marty Marion ( ) Eddie Lake ( ) Lou Stringer ( ) Charley Hollocher ( ) Solly Hemus ( ) Roy McMillan ( ) Gran Hamner.
3. Billy Goodman has played several positions for the Boston Red Sox. He opened the 1954 season in left field, in 1953 he played second base, played right field in 1951 and first base in 1950. Where was he in 1952? ( ) First base ( ) Third base ( ) Shortstop ( ) Left field ( ) Bench.
4. Two points for each correct answer on this one. What positions do the following players normally play? ( ) Curtis Roberts ( ) Spookes Jacobs ( ) Gran Hamner ( ) Frank Bolling ( ) Rudy Regalado.
5. What two clubs met in the 1944 World's Series? ( ) Giants-Indians ( ) Cardinals-Tigers ( ) Cubs-Yankees ( ) Dodgers-Yankees ( ) Cardinals-Browns ( ) Cubs-Tigers.
6. Who was the last pitcher to pitch a perfect game in the major leagues? ( ) George Wiltse ( ) Vernon Kennedy ( ) Jess Haines ( ) Charley Robertson ( ) Fred Toney ( ) Adrian Joss ( ) Denton "Cy" Young.

ANSWERS: 1. Jim Greengrass. 2. Marty Marion, three errors, June 19, 1940. 3. Bench. 4. All play second base with exception of Regalado, who is a third baseman. 5. Cardinals-Browns. 6. Charley Robertson, April 30, 1922.

## SLAUGHTER TRADE RECALLS OTHER SQUAWKS

Gussie Busch, president of the St. Louis Cardinals, has heard plenty from his fans and the St. Louis press since he traded the popular old war horse of the Cardinals, Enos Slaughter, to the New York Yankees, says The Sporting News.

Yet, Busch may take a little solace from the abuse which was heaped on earlier club owners and general managers who irked their fans and defied sentiment by trading away or selling popular athletes. Way back in the eighties they almost dunked Chris Von Der Ahe, colorful owner of the old St. Louis Browns, into the Mississippi River when he sold Pitchers Dave Foutz and Bobby Carruthers and Catcher Doc Bushong of his three-time champions for \$10,000 and accepted another \$5,000 of filthy lucre from the Philadelphia A's for Outfielder Curt Welch, an early St. Louis World's Series hero, and Shortstop Bill Gleason.

However, the howls against Von Der Ahe were just zephyrs compared to the storm raised in St. Louis in 1926 when the late Sam Breadon, former Cardinal owner, gave out the announcement he had traded the Cardinals' great second baseman and batting champion, Rogers Hornsby, to the Giants for Second Baseman Frankie Frisch and Pitcher Jimmy Ring.

To say that hell broke loose would be putting it mildly. The town went wild with rage, and thirsted for Breadon's gore. His name quickly became anathema in St. Louis. Boil Sam in oil would have been considered light punishment.

The Sporting News says that a deal made by the Giants one year after obtaining Hornsby, trading Rogers to the Boston Braves for Catcher Shanty Hogan and Outfielder Jimmy Welsh, was almost as much of a stunner for New York fans as the original Cardinal-Giant Hornsby swap.

Boston fans and writers writhed after Harry Frazee, owner of the Boston Red Sox, sold the club's young home run champion and great lefthanded pitcher, George Herman (Babe) Ruth to the New York Yankees in 1920 for \$100,000.

Jackie Robinson has warned the Phillies' pitchers to stop throwing at his head, "or else." When Robinson broke in as the first Negro in the majors in 1947, he also accused the Phillies of being the only club to dust him off consistently.

Hank Bauer, peeved at the platooning tactics of Casey Stengel that deny him a regular job and chance to earn a big salary, would welcome a trade that would get him away from the Yankees.

# IT'S AMERICA'S "BEST SELLER"

Because it's America's Best Buy

Ford has pioneered in bringing the most worth-while things to the most people . . . and more and more people are now buying Fords

FOR A LONG TIME, people have recognized that Ford is the "Worth More" car. And they have been expressing their preference in a great and growing volume of purchases. The reason is simple. More and more people have found in Ford everything they want and need. They have found that Ford offers exterior beauty that has set the trend for the industry . . . interiors that are so colorful and in such good taste that just sitting in a Ford is fun. If you're in the market for any new car, you'll be missing something if you don't come in and value-check a Ford point by point. And when you Test Drive a Ford and find out what a brilliant performer it is, you'll really understand why Ford is America's Best Seller and America's Best Buy. In the first place: Ford offers the two most modern engines in the entire industry: the completely new 130-h.p. Y-block V-8 and

the outstanding new 115-h.p. I-block Six. As for comfort—Ford is the only car in its field with Ball-Joint Front Suspension. This amazing new principle provides a degree of handling and riding ease that cannot be equalled in any car without this new suspension system. Choice, too, is a department where Ford excels. You'll find just exactly the car for you among the 14 body styles and more than 100 body color and upholstery combinations in Ford's three great lines. And consider these facts, too. Ford is a completely modern car. The advanced fine-car features that make it "Worth More" when you buy it, will also make it "Worth More" to someone else when you sell it. Why not accept our invitation to Test Drive a '54 Ford. We believe that you've never driven a car in Ford's field that is in any way comparable.

THIS PHOTOGRAPH OF TWO Plymouth youngsters riding Plymouth-made bicycles will some day appear in a ninth grade general science textbook. Rand McNally & Co., book publishers, secured the photo from the Evans Products company which is soon beginning large scale production of their bicycle line. Shown is Linda Williams, daughter of Mr. and Mrs. Harold Williams, 464 Roe street, riding the new Evans-Colson Olympic girls bicycle, while on the Fire bird boys bicycle is Norman Terry, son of City Commissioner and Mrs. Marvin Terry, 1075 Roosevelt. The publishers say that the book will be published in the near future.

## Benson's Record 70 Helps Plymouth Golfers Win 6-B League Title Tie

The Plymouth High School golf team tied a good Redford Union foursome for the championship of the 6-B league last Friday afternoon at the Plymouth Country Club course west of town. Each school ended up with a low total of 321 strokes for the 18-hole layout. It is thought that two trophies will be awarded as is customary in other sports.

Redford Union has won this league sport for the past several years, and just last week defeated Plymouth by 10 strokes in an 9-hole match, but the Rocks were "hot" on their own course and nearly won the title outright on the last putt of the game when David Beegle nearly sank a 15 footer. Co-captain Fred Benson was medalist in the meet with a sparkling 70, which broke the school record of 72, and also the 6-B League meet record. Young Benson went out in 36 and in 34, and sprinkled 6 birdies in his splendid round.

Behind Benson came Tyler Caplin with 77, David Beegle with 87 and Tom Carmichael an 87. Bentley High was third with 334, and Allen Park was disqualified when one of their men did not make the meet.

Next Tuesday the two co-champions meet again over at Redford Union in a show-down battle. This coming Friday and Saturday the state regionals are being held at Brighton and the Rock golfers will be there.

## Merchants Edge Teamsters 1 to 0 To Stay Unbeaten

In one of the best played baseball games seen in local circles in a long time, the Plymouth Merchants nine defeated Teamsters last Sunday at Cass Benton Park by a close 1 to 0 count. The thrilling pitchers battle was a grand spectacle right up to the end, and Ed Hock had earned his shutout. Young Hock pitched brilliantly all the way and was never in trouble except for the seventh inning when Teamsters bunched two of the hits they got off Hock, but when a player tried to score from second on a single to right field, Joe White got off a perfect peg to catcher Herald Williams to nip the runner with feet to spare.

## JV's Drop Two Close Contests

The high school junior varsity baseball team lost two close games last week when Redford Union edged them 3 to 2 in extra innings, and Belleville won 4 to 2 in regulation innings.

In the Redford Union loss, the Panthers scored the winning run in the first extra inning when Bob Jenkins, the Rock hurler, walked the first man up, and then a single and an outfield fly pushed him across the platter with the winning run.

Mills had 2 hits for the Rocks with Comings, Cloar, King and Calhoun each having one hit.

In the Belleville loss, the Tigers showed across two runs in the sixth inning on a double, walk, fielder's choice, and a single. The Rocks came back with one run in the top of the seventh, but the attack fizzled out there.

Tait hurled for Plymouth. Hits were made by Christenson, Foreman, Cloar and King, each having one hit.

Today Redford Union comes here for a return game with the Rocks, and next Tuesday the JV's go to Ann Arbor for a game there.

## One Hit Plenty for Rocks As They Nip Trenton 5-4

In one of the most dramatic finishes ever witnessed in local high school circles, the Plymouth Rocks came from behind in extra innings to hand the Trenton Trojans a 5 to 4 defeat last Thursday afternoon. The Rocks, held hitless by Reichel during the regulation game, had scored once in the sixth inning without the aid of a hit to tie the score at one run all at the end of the regulation seven innings.

In the extra inning, Trenton had jumped on Henry Bonga, who hurled all the way for Plymouth, for three runs on a single, a walk, a sacrifice, a double and another single, which seemingly sewed up the game for the visitors. But the Rocks were not to be denied victory for they came storming back to count four runs to win the game. Wilhelm opened with a walk, the next batter struck out, but Gothard was hit by a pitched ball, and Bonga walked to set the stage for Dick Day, who came through with a booming triple to score all three runs. He came across the plate with the winning run when the throw to third was wide.

Day's hit was the only bingo made off Reichel, who hurled a magnificent game except for the sixth and eighth innings, when wildness spelled his doom. He struck out 12 of the 22 men to face him, hit one batsman, and walked six. Bonga struck out six and walked five men in yield-

ing 7 hits.

In another game played earlier in the week, Plymouth dropped a close game to Belleville, the 6-B League leader, by a 3 to 2 score. The Tigers were able to gather only two hits off Dick Day, but errors, both mental and physical proved the downfall of the Rocks. Day struck out 10 men and walked 5.

The Rocks lost the game in the sixth inning when the ultimate winning run was scored by the Tigers. A walk, a single, and some mental laxness proved costly here which resulted in a run being scored.

Plymouth made 7 hits—Carter and Day each had 2, while McKenna, Agnew and Rutherford each had one hit.

The Rocks now have a 4 won and 1 lost record in 6-B League play, which rates a second place behind the Belleville Tigers who have a 5 won and none lost record. Three of the four Rocks wins have been by one run, and the other by two runs. All this means that the race for the championship this year is wide open, and any team still has a chance to cop the crown at this date.

Tomorrow, Bentley comes here for a game with the Rocks. In their first meeting Plymouth won by a 2 to 0 score. Belleville is met again next Monday. This game may determine the league champion.

## All-Sports Dinner Enjoyed by 200

Close to 200 people enjoyed the Athletic Alumni All-Sports Dinner last Saturday night in the high school auditorium. President David Gates said after the get-together that it is the will of the newly-formed Alumni group to make this an annual event, honoring the athletes in all sports.

Toastmaster Al Wistert did a marvellous job of conducting the program, while the principal speaker, Don Wattrick, sports announcer and director of Station WXYZ-TV, gave an interesting talk on athletics as an asset in the total school program. Mr. Wattrick said he was worried concerning the attitude of faculty groups in doing away with a sport because it was getting out of hand. He cited the Wayne University case in dropping football as an example.

He continued with the thought that a good sports' program belongs in any school curriculum, and the value derived from such a program is tremendous to the participants.

Coaches from other schools were introduced. Jim Wink basketball coach from Highland Park; Fred Trosko football coach at Michigan Normal College; Jack Cotton, assistant coach in football at Wayne University; Elmer Swanson, assistant coach at the University of Michigan. Former Plymouth High coaches present were "Beef" Mathieson, "Tony" Matulis, Eddie Bender and Art Walker.

## Trackmen Edge Redford Squad

On a day more fit for cross-country than for track, the Plymouth high track squad met a powerful Redford Union squad and handed them a 62 to 47 beating last week.

The meet was conducted in 47 degree temperature, but even so, one school record was broken—that being in the 180 yard low hurdles when Jerry Swain toppled the sticks in 21.9 seconds to knock a tenth of a second from Jack Robinson's former mark.

Results of the meet were at follows:

High Hurdles—17.2 seconds—Swain; RU, Juve.  
Medley relay—2:43.5 — Plymouth—(Juve, Markham, Keith, Danol).  
100 yard dash — 10.5—Kelly, Williams, RU.  
Mile Run—5 min.—Davis, RU, Smith.  
440 dash—56.2 — RU, Fulton, RU.

Low Hurdles— 21.9 — Swain, RU, Willett.  
220 yard dash—22.6 — Kelly, Markham, Williams.  
880 run—2:11—RU, Becker, Ferguson.

880 Relay—1:38.7 (Juve, Markham, Keith, Kelly).  
Shot Put—42 feet 8 1/2 inches—RU, RU, Juve.

Pole Vault—9 feet—(three way tie)—Danol, RU, RU).  
High Jump—5 feet 4 inches—RU, Pagenkopf, RU.  
Broad Jump—19 feet — RU, Kelly, Juve.

The high point man of the meet was Jerry Kelly of Plymouth with 14 1/4 points.

This coming Saturday the squad journey to Ann Arbor for the state regional track meet. All boys who place either one, two or three go to the state Class A meet the following week.

## NOTICE OF HEARING

**NOTICE OF HEARING ON PROPOSED AMENDMENTS TO THE ZONING ORDINANCE TOWNSHIP OF PLYMOUTH WAYNE COUNTY, MICHIGAN** NOTICE IS HEREBY GIVEN that a public hearing on proposed amendments to the Zoning Ordinance of the Township of Plymouth relative to proposed changes in the Zoning Map of said Township will be held at 10:00 a.m. at the Plymouth Township Hall located at 42350 Ann Arbor Road, Plymouth, Michigan, on Saturday, June 5, 1954.

**NOTICE IS FURTHER GIVEN** that the map of said proposed amendments may be examined at the Plymouth Township Hall, 42350 Ann Arbor Road, Plymouth, Michigan, from 9:00 a.m. to 5:00 p.m. each day Monday through Friday until the date of the public hearing.

**NOTICE IS LIKEWISE GIVEN** that a public hearing on the following proposed amendments to the Zoning Ordinance for the Township of Plymouth will likewise be held on Saturday, June 5, 1954, at 10:00 a.m., with respect to the following proposed amendments to be made to the Zoning Ordinance for the Township of Plymouth:

That Section 1.15 be amended to read as follows:

**FARM DWELLING-A** structure for human habitation located on land used for farming or agricultural purposes.

That Section 1.31 (a) be added to said ordinances as follows:

**DRIVE IN OUTDOOR THEATRE**-An open lot or part thereof, with its appurtenant facilities, devoted primarily to the showing of moving pictures or theatrical productions, on a paid admission basis, to patrons seated in automobiles or on outdoor seats.

That Section 1.41 be amended to read as follows:

**USE**-The purpose for which land or buildings thereon are designed, arranged, or intended to be occupied, or for which they are occupied or maintained.

That Section 3.05 be amended to read as follows:

No unplatted areas shall be platted or divided until such time as streets are dedicated and laid out to conform with adjoining platted property and approved by the Township Board, and such other authority as required by law, and no lot shall be divided so that the depth is greater than four (4) times the front width. Roads from such platted areas shall enter a public highway at intervals of not less than six hundred (600) feet and at locations on such public highway as may be approved by the Township Board.

Connecting roads to the interior of Township sections, laid out to conform with adjoining platted property shall be located at intervals not exceeding one-quarter (1/4) mile, and in a location and manner approved by the Township Board.

That Section 3.12 (a) be amended to read as follows:

Except as hereinafter provided, no trailer coach may be erected, altered, or moved upon any premises and used for dwelling purposes, unless such premises shall be a trailer park duly licensed and operated in conformity with the laws of the State of Michigan. Trailer park being defined as land or floor area occupied or designed for occupancy by two (2) or more trailers or camp cars in use for living purposes.

That Section 4.3 be amended to read as follows:

**LOT AREA**-A one family dwelling in R-1 Districts, together with accessory buildings, hereafter erected shall be located on a lot not less than ten thousand (10,000) square feet and with an average width

of not less than seventy-five (75) feet.

Provided, that these requirements shall not apply to any lot which at the time this Ordinance becomes effective is narrower at the street line or lesser in area than the specifications herein provided, if such lot was of record at the time of the adoption of this Ordinance, and such lot is ample in size to supply a safe water supply, a safe and adequate sewage disposal system, as established and required by State and County Health Department rules and regulations.

That Sections 5.03 be amended to read as follows:

**LOT AREA**-Every lot in an R-2 District, occupied by a one family dwelling, shall provide an area of not less than ten thousand (10,000) square feet and have an average width of not less than seventy-five (75) feet. Every lot occupied by two (2) or more living units shall provide an area of not less than ten thousand (10,000) square feet for the first living unit, plus seven thousand (7,000) square feet for each additional living unit and such additional lot shall not be less than sixty (60) feet in width. This provision shall not prohibit the construction of a one family dwelling on a lot of record prior to the adoption date of this Ordinance; however, no dwelling shall be erected on a lot of record whose area is less than four thousand (4,000) square feet or less than forty (40) feet in width at the front lot line.

That Section 6.01 (c) be amended to read as follows:

**Off-street parking facilities** when such land is owned by the industry and lies between zoned industrial property and a highway; provided, a green-belt screen planting a strip not less than twenty (20) feet wide is planted and maintained adjacent to residential uses. Such screen shall be evergreens, or a combination of evergreen and deciduous plant materials, planted close together by nursery standards, and to be maintained at no less than four (4) feet in height at time of planting or thereafter.

That Section 8.01 (j) be amended to read as follows:

**Gasoline and oil service stations, garages, motels, or motor courts, cleaning establishments, outdoor drive-in theatres, upon approval of the Board of Appeals.**

That Section 9.07 be amended to read as follows:

**YARD REQUIREMENTS**-Every structure hereafter erected or altered in any M-1 District, the principal use of which is light industrial use, shall provide two (2) side yards of not less than twenty (20) feet each and a front yard setback as follows:

Width of Street 120 feet. Setback from Center Line of the Street: 90 feet.

Width of Street: 86 feet. Setback from Center Line of the Street: 73 feet.

Width of Street: 60 feet. Setback from Center Line of the Street: 60 feet.

**NOTICE IS FURTHER GIVEN** that the text of the proposed changes in the Zoning Ordinance may be examined at the Plymouth Township Hall at 42350 Ann Arbor Road, Plymouth, Michigan, from 9:00 a.m. to 5:00 p.m. each day Monday through Friday until the date of public hearing.

**PLYMOUTH TOWNSHIP ZONING BOARD**  
by **JOE MERRITT**, Secretary.  
May 13, June 3, 1954.

A Canadian, knocked through a store window by a concrete-mixer truck, got up and walked away. If the comic-strip artists seek a new detective hero, this is their boy.—Richmond Times-Dispatch.

**IN A BRIEF CEREMONY** on Friday the Veterans of Foreign Wars auxiliary presented an American Flag to the Bartlett school to replace one that was well worn. Shown here accepting the flag from Mrs. Loretta Young, far left, is Clifford Zurpo. Looking on are auxiliary members Mrs. Marie Norman and Mrs. Geraldine Olson, and teachers, Mrs. Jean McKenna and Mrs. Margaret McKenna. First and second grade students watch the ceremony in the school yard.

### Intriguing

A Chicago doctor urges women to give up their bus seats to tired males. The suggestion is intriguing, but most of us prefer to race the women for them.—St. Louis Globe-Democrat.

### Enamels Popular

Because they have a slight sheen, semi-gloss and eggshell enamels are popular for walls and woodwork that are often washed. Usually they can be obtained in colors that match flat wall paint exactly, so it is possible to have walls painted with the flat coating, when desired, and matching woodwork in the coating with the sheen.

### Legal Notices

Petitioner: Doris A. Dodge, 1531 Lakeside Dr., Plymouth, Michigan

**STATE OF MICHIGAN, COUNTY OF WAYNE.**  
No. 415,028

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the twenty-seventh day of April, in the year one thousand nine hundred and fifty-four.

Present James H. Sexton, Judge of Probate.

In the Matter of the Estate of Sara A. Whipple, Deceased.  
E. Janette Zink, administratrix of said estate, having rendered to this Court her first and final account in said matter and filed therewith her petition praying that the residue of said estate be assigned to the person or persons entitled thereto:

It is ordered, That the Twenty-seventh day of May, next at ten o'clock in the forenoon at said Court Room be appointed for examining and allowing said account and hearing said petition.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulated in said County of Wayne.

**JAMES H. SEXTON**, Judge of Probate.  
I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

**RAYMOND A. SUDEK**, Deputy Probate Register.  
Dated April 27, 1954.  
May 6, 13, 20, 1954

Attorney: J. Rusling Cutler, 193 N. Main Street, Plymouth, Michigan

**STATE OF MICHIGAN, THE PROBATE COURT FOR THE COUNTY OF WAYNE.**  
No. 417,043

In the Matter of the Estate of J. HAROLD TODD, Deceased.  
Notice is hereby given that all creditors of said deceased are required to present their claims in writing and under oath, to said Court at the Probate Office in the City of Detroit, in said County, and to serve a copy thereof upon **MARY KATHERINE TODD**, Executrix of said estate, at 42425 Clemons D., Plymouth, Michigan on or before the 30th day of June, A.D. 1954, and that such claims will be heard by said Court, before Judge James H. Sexton in Court Room No. 227, Wayne County Building in the City of Detroit, in said County, on the 30th day of June, A.D. 1954, at two-thirty o'clock in the afternoon.

Dated April 19, 1954.  
**JAMES H. SEXTON**, Judge of Probate.  
Published in Plymouth Mail once each week for three weeks successively, within thirty days from the date hereof.

I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

Dated April 19, 1954.  
**ALLEN R. EDISON**, Deputy Probate Register.  
APRIL 22, 29, May 6, 1954

**TO THE SUPERVISOR AND HIGHWAY COMMISSIONER OF THE TOWNSHIP OF CANTON, WAYNE COUNTY, MICHIGAN.**

You are hereby notified that the board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting of said Board held on April 29, 1954, decide and determine that the certain streets described in the minutes of said Board should be County roads under the jurisdiction of the Board of County Road Commissioners. The minutes of said meeting fully describing said streets are hereby made a part of this notice, and are as follows:

"Minutes of the meeting of the Board of County Road Commissioners of the County of Wayne, Michigan, held at 3800 Cadillac Tower, Detroit, Michigan, at 2:00 p.m., Eastern Standard Time, Thursday, April 29, 1954. Present: Commissioners Wilson and O'Brien. Absent: Commissioner O'Hara. Commissioner O'Brien moved the adoption of the following resolution:

**BE IT RESOLVED** by the Board of County Road Commissioners of the County of Wayne, Michigan, that the following described roads be and they are hereby taken over as county roads and made a part of the county road system of the County of Wayne. All of North Drive, also all of South Drive, also all of Gold Arbor Road as dedicated for public use in Canton Township, Wayne Co., Michigan, as recorded in Liber 75 of plats on page 61, Wayne County Records, constituting a total of 0.595 mile of county roads.

The motion was supported by Commissioner Wilson and carried by the following vote: Ayes: Commissioners Wilson and O'Brien. Nays: None. Absent: Commissioner O'Hara.

**THIS NOTICE IS GIVEN UNDER AND BY VIRTUE OF ACT NO. 283 OF THE PUBLIC ACTS OF 1909, AS AMENDED.**

In testimony whereof, I have hereunto set my hand at Detroit, Michigan, this 7th day of May, A. D. 1954.

**BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF WAYNE, MICHIGAN**  
Charles L. Wilson, Chairman  
Michael J. O'Brien, Vice-Chairman  
John P. O'Hara, Commissioner  
By Sylvester A. Noetzel, Secretary and Clerk of the Board  
May 13, 20, 27.

### Three Motorists Heard in Court

Municipal Judge Nandino Perlongo handed out fines to three motorists last week, other than for speeding offenses, one for excessive noise and two for reckless driving.

A fine of \$75 was given Samuel H. Robertson, 137 South Union street, for creating excessive noise with his car on May 2. Two police witnesses said that Robertson was starting and stopping his car on Main street and squealing tires brought merchants to doors to see what was happening.

William Murdock, 28, of 750 Arthur street, was charged with reckless driving on Penniman. He was fined \$100, placed on a year's probation with the restriction that he drive only to and from work.

Judge Perlongo said that a third reckless driving offense brought the revocation of the driver's license of Robert Tucker, 17, Wayne. The youth's license is revoked until Labor day. He was also given a \$35 fine.

### Firemen Try Paint Instead of Water

Plymouth's firemen proved they could spray paint on walls as well as water on fires when they invaded the new Northside fire station last week and painted the interior in a variety of hues from gray to flamingo.

Starting at 8:30 a.m., the 10 volunteers, plus the "regulars" started the job using the spray outfit and services of Earl "Red" Foster, local letter carrier. Six hours later the job was completed with the main equipment room in gray; office, sand; bunkroom, green; bathroom, yellow; and kitchen, flamingo.

A potluck dinner was served at noon. Fire trucks were parked in front of the new station ready for any fire calls.

The passing of a sellers' market now is definite. At Moffatt, Ont., a grocer who rescued a citizen from a burning home explained, "Anyone would have done it. He was a customer."—Milwaukee Journal.

### Blames Crash On Blinding Lights

Two persons received minor injuries when a car driven by an Inkster housewife crashed through a guardrail and rolled over three times in a field just west of Haggerty road on Ann Arbor trail last Saturday morning.

Mrs. Carolyn Hawthorne, 32, of 25465 Oakland, Inkster, was driving the car, according to sheriff's authorities. The driver claimed that the headlights of an oncoming car blinded her, causing her to steer the car off the roadway and through the guardrail. The car was badly damaged as it rolled over.

A passing motorist took the driver and her passenger, William Watson, 29, Farmington, to Sessions hospital in Northville where Mrs. Hawthorne was found suffering a lacerated left arm. Watson refused first aid, sheriff's deputies said. The mishap occurred at 1:53 a.m. Saturday.

### C & O Names Claims Attorney

The Chesapeake and Ohio announced the appointment of Robert A. Straub as general claims attorney at Detroit. The announcement was made by J. C. Kauffman, C & O vice-president and general counsel at Cleveland.

He is treasurer of the Michigan Railroad Lawyers Association, a member of the Detroit Bar Association and the Michigan State Bar. He is married, has three children and lives in Ann Arbor.

PLYMOUTH

PHONE 711

SATURDAY IN SUBURBIA

Off to a bad start within minutes after their marriage were new Livonia residents, Mr. and Mrs. Thomas Stowe. Their first present after the ceremony was a snappy parking ticket issued within a five minute period when their gaily decorated car pulled up in front of the Mayflower for a wedding breakfast. Between the time attendants could get the party into the hotel and get back out to park the car... a matter of less than five minutes according to several witnesses... local police made several fine friends for this community.

It has been our observation that in most communities the police bend over backwards to help guests in and out of hotels even to stopping traffic to let parked cars pull out from the curb. A short while ago we pulled up in front of the Sheraton-Cadillac to make a quick call on manager Neal Lang. We told the traffic officer, not the doorman, the purpose of our visit and he directed us to pull up in the no parking area and leave our car there while in the hotel.

Several of the people who witnessed the affair at 10 o'clock Saturday morning were highly indignant at the time of the incident as were the drivers of the car who had momentarily helped the party into the hotel. It is evident that some definite, logical parking policy is badly needed in Plymouth and it is not necessarily up to the police to establish this policy. We think the city commission owes it to local business houses to see that every effort is made by all of their employees to bend over backward in lending a friendly hand to visitors in this community, no matter where they may be.

Salem Attorney George Schmeman found a most considerable switch-engine engineer one morning recently on his way to catch the streamliner to Detroit. Driving over the Farmer street crossing he was halted by a switch engine moving cars. Knowing he would miss his train if delayed much longer, he rolled down his window, motioned to the engineer, pointed to his wrist watch then toward the railroad station. The engineer caught on and backed up the engine long enough to let Mr. Schmeman cross the track.

Editorial

HOSPITAL WEEK

by Sterling Eaton

This is Michigan Hospital Week. It is also National Hospital Week. It is the week when the largest possible public interest will be focused on this country's hospitals and similar institutions.

It is also probably the best week in the year to talk about the proposed St. Mary's Hospital which is presently carrying on a most desperate fight to gain more funds to bring about its construction.

The rank and file of the people in the area have supported the gigantic undertaking generously. Over \$300,000 has been given or pledged for its support.

The original survey made evident the fact that major industry wanted and would support such an undertaking. However at the same time St. Mary's started, unknown to any of the interested parties participating in the drive another more powerful association was being formed by major industry, which today holds the future fate of not only St. Mary's, but any other project which might depend on financial assistance from major industry if it were to become a reality.

Under the leadership of top industrialists such as Harlow Curtice, Henry Ford, John Coleman and a hundred others the Metropolitan Building Fund of Detroit came into existence. Here major industry banded together and subscribed some fabulous sum of millions of dollars to be granted to charitable institutions, hospitals, Y.M. and Y.W.C.A.'s and the like.

Several boards were set up to hold hearings on the necessity of each projected undertaking. People soliciting funds from any participating industry were told, as were we who were working on St. Mary's, that if we were to be considered for financial aid we would have to channel our requests through this organization in Detroit.

We were also told that to qualify for aid we must discontinue our active fund raising campaign and depend wholly on the decision of this group as to whether or not we needed a hospital in this area. Or at least, whether or not they thought we needed a hospital in this area, or whether or not they as a group, which includes all of our major industry, would participate in this project.

The hospital program was duly presented to the Metropolitan group for study. Hearings were held and the first decision to be received from the Detroit organization reached this conclusion. "On the basis of a statistical study and applied formula there appears to be no immediate community-wide need for acute care hospital beds in your area."

To the committee working in this area for a hospital it was immediately evident that the "statistical study and applied formula" as such, DID NOT apply to this particular area and an immediate appeal was demanded from the allocation committee of the Building Fund.

Two weeks ago the appeal was granted and another attempt was made to point out the acute need for a hospital in this immediate area. At this writing, no further decision has been made by the Fund agency. At that meeting, however, the St. Mary's group was informed that in case the request for funds should be again denied, an opportunity would be arranged some time in June or July for them to appear before the board of directors of the Fund and again attempt to secure financial aid.

So... as Michigan Hospital week and National Hospital week fades into the twilight, this area and the surrounding area, now becoming one of America's industrial giants at the hands of the perpetrators of the Metropolitan Building Fund, stands without a hospital or the necessary beds to care for the needs of the thousands of people THEY are moving into our communities.

If serious consideration is given to a grant for a hospital in this area it becomes more doubtful if the answer could conscientiously be no.

Michigan Mirror

By Gene Alleman

LIKE TWO FIGHTERS in the opening of a slugging match, Democrat and Republican brass are probing and sparring in a search of each others defense. Both are anxious to discover any weakness of the opponent; each is striving to cover his most vulnerable points.

Campaign machinery has been readied for action and already has started to function. Most people expect campaigning to be rugged. Michigan is considered one of the crucial and key states. What happens here is of national political importance. Neither side will lose the election for lack of aggressive effort.

Certain similarities exist in the hopes and fears of both Republicans and Democrats. Each hopes for dissent within the other party. Each claims that it will be campaigning on a shoe string; that the other has huge financial supports from "vested interests."

Both the Republican spokesmen and Gov. G. Mennen Williams claim credit for all good recent legislation; each claims the other was prodded into constructive action by pressures of the moment.

An element of truth as is usually the case in politics, is present in all these claims. But it is hard to separate from fabrication. John Feikens, chairman of the Republican State Central Committee, says the CIO will "try to buy an election in Michigan with a million and a half dollar war chest." John Murray, publicity director for the Democratic State Central Committee, poots this, saying, "We are always hearing about gigantic sums of money unions are pouring into our campaigns, but we never see any of it. I wish someone would tell me where we can get our hands on it."

The kind of a fellow who once thought that the world owed him a living now thinks it owes him a ride.—Oregon Motorist.

ROGER BABSON SAYS:

BABSON DISCUSSES WALL STREET  
New York City, The newspapers are discussing Geneva, London, and Paris in relation to Indo-China. It is interesting to note what the leading columnists and the radio-television commentators have to say. But let me pass along the conclusions of a short, narrow alley in New York City—called "Wall Street." This little street goes haywire sometimes—but not often.

PRESENT WALL STREET PRICES  
We cannot go by prices alone when the newspapers headline the financial news: "HIGHEST BOND PRICES OF THE YEAR"; or, "HIGHEST STOCK PRICES SINCE 1929"; or, "COMMODITIES CONTINUE TO ADVANCE." For many investors have stocks and bonds which still show them a loss; while some farmers and manufacturers are selling their products below cost. Why this inconsistency?

As I have said before, the high stock prices are caused primarily by the thousands of Mutual Trust salesmen who are selling their Funds' shares all over the country. The money received for these investment Trust stocks which you buy goes into securities selected by the Trusts' managers. Most of this money is placed in a few "blue-chip" nationally known stocks, perhaps in only 65 stocks selected from about 1,500 listed on the New York Stock Exchange. These 65 are used by the newspapers as the Dow-Jones stocks. What is said about these is true—they are very high. The rapidly growing Pension Funds are also causing present high prices for these 65 popular Wall Street stocks, even though many other stocks are going down.

ANOTHER REASON FOR HIGH PRICES

There, however, is another reason for high prices. Prices are high because Wall Street thinks that we are to direct a "shooting war" against the Chinese and threaten to use Atomic bombs. Already we are supplying the Indo-China patriots and French with airplanes, guns, shells, etc., the same as the Chinese are supplying the Communists of Indo-China with war material without involving Russia. Our Defense Department argues that, as a last resort, we could also supply the Indo-China Army with Atomic bombs, without involving Russia, or without starting World War III.

Neither Eisenhower nor Wall Street wants a World War III or a long Indo-China war. Both dread the use of Atomic bombs by either the United States or Russia against the other. But no one wants our foot soldiers involved in another "Korea" fought with our troops. Hence, I believe that we will get the soldiers of Formosa, Korea, the Philippines, Australia, and other bordering nations—directly interested—to do the fighting while we supply the arms.

WALL STREET BELIEVES THIS POSSIBLE

If so, it would cause commodity prices to strengthen; it would increase employment, and it should result in a Republican Congressional victory this coming November. Under such conditions, Eisenhower could not balance the budget, but does Wall Street really want it balanced? Hence, notwithstanding the very high prices at which the 65 Dow-Jones stocks are now selling, Wall Street is bullish today.

★ THINKING OUT LOUD ★

One question, sometimes controversial, sometimes personal, is asked each week by The Mail of four pedestrians along Plymouth's downtown streets. This week's guests are "thinking out loud" on the question:

"Do you find that there is adequate parking for shopping in Plymouth?"

Crosby Mrs. Wendland Mrs. Korman Hirzel

ROBERT CROSBY, Willow Village: "It is all right except for Friday night and sometimes on Saturday. It gets rather congested then. I work downtown and have to park on a side street."

MRS. HAZEL WENDLAND, 297 Farmer: "I always find a parking place myself and never seem to have much trouble. No, I don't come downtown on Friday night or Saturday so I don't know how it is then."

MRS. JOHN KORMAN, 46075 Ford road: "I think parking is just wonderful in Plymouth. I never have any trouble finding parking places. I usually do my shopping Friday evening because I work during the day."

HARRY HIRZEL, 14592 Northville road: "I've been in many other towns where parking is much worse. It is no problem at all if you are willing to walk a block or two. Women who shop seem to complain more."

# Favorite Recipes

From  
Plymouth's Kitchens

Mrs. Ernest Vealey beats the batter for her molasses cookies.

## Molasses Cookies

Splendid molasses cookies is the name Mrs. E. C. Vealey of 352 Adams street gives to her favorite recipe. She often prepares the cookies for her friends and has received many compliments on them from those who have tasted them.

She advises those trying the recipe to make a stiff cookie dough for otherwise the cookies will spread all over the baking sheet.

### Splendid Molasses Cookies

- 1 cup dark molasses
- 1 cup sugar
- 1 cup sour cream of whole milk
- 1 cup seedless raisins
- 2 eggs
- 2 heaping tablespoons of shortening
- 4 cups flour
- 2 teaspoons soda
- 1 teaspoon salt
- 1 teaspoon cinnamon
- ½ teaspoon nutmeg, cloves and allspice

Mix sugar, molasses, shortening and eggs together well and add sour cream or milk. Sift together the flour, salt, soda, cinnamon, nutmeg, cloves and allspice. Add to the first mixture. Then add raisins, washed, dried and floured. Make dough stiff, adding additional flour if necessary. Drop from a teaspoon on a greased baking sheet. Place in a 375 degree oven and bake for approximately 10 minutes. This recipe will make four dozen cookies.

Mr. and Mrs. Donald Moore are honeymooning in Florida, following their marriage in the First Methodist church, Plymouth on Saturday evening, May 1. Mrs. Moore is the former Anna Jean Munster, daughter of the Peter Munsters of Amelia street. Mr. and Mrs. Earl Moore of Pacific avenue are the bridegroom's parents. Mr. and Mrs. Moore will reside on Starkweather avenue after returning to Plymouth.

## Planning Meeting Set for C.A.R.

Michigan Society Children of the American Revolution is holding a Junior and Senior State board meeting at Schuler's in

Marshall on May 22. Planning for next season's activities will begin at 11 a.m. and will be followed by a luncheon.

## Richard Rowe To Wed In Ohio in June

Mr. and Mrs. Lester R. Swank of Chillicothe, Ohio, announce the engagement and forthcoming marriage of their daughter, Jo-Anne Marie to Richard L. Rowe, son of Mr. and Mrs. Milton S. Rowe of 39936 Ford road, Plymouth.

The wedding will be an event of Saturday afternoon, June 12, in the Walnut Street Methodist church in Chillicothe, Ohio.

Miss Swank is a junior at Hiram College, Hiram, Ohio, where she is president of Delta Chi Delta sorority and a member of Theta Alpha Phi, national dramatics honorary. Mr. Rowe attended William Penn college, Oskaloosa, Iowa and is employed at Hawthornden hospital, Macedonia, Ohio.

Local people attending in an advisory capacity will be Mrs. Robert Willoughby, senior state president; Miss Margaret Roberts, Mrs. Kenneth Hulsing, Mrs. Claude A. Cruse, Mrs. C. J. Burkman, Mrs. Harry N. Deyo and Mrs. George Zerbel. Juniors expected from this area are Anthony Worth, Janet and Robert Willoughby, Ann Hulsing, Richard Root, Randy at Eon and Margaret Sue Daniels.

# Upstairs - Downstairs ALL AROUND THE HOME

## Fire Insurance Coverage Is Important to Families

Fire insurance on the home is one of the most important kinds of protection for a family to carry. The usual standardized policy covers, primarily, the direct loss from fire and lightning, explains Lucile Ketchum, home management specialist with the Michigan State College Co-operative Extension Service.

Ordinarily, if we are to obtain protection from damage caused by storms, tornadoes, cyclones, explosions, riots or civil war, an additional premium must be paid. The cost of this "extended coverage" is about one-third of the basic premium. It is added to the policy as a written "endorsement."

"Endorsements" which are added to the basic policy may take many forms, Miss Ketchum points out.

One such endorsement provides protection against smoke damage which may occur in the absence of fire—for example, in homes where oil is used for heating or cooking. Recently a number of companies have started writing "additional extended coverage" for as many as nine or 10 different perils, some of which formerly were specifically excluded.

An endorsement of this kind should be considered if there are special hazards, such as the possibility of fire.

Insurance on "contents"—household goods—may be added as an endorsement, if you carry it with the same company that insures your house. Such items as money, deeds and securities are not covered, emphasizes the specialist.

## Choose Styles To Flatter Thin Figures

The girl or woman who is tall and thin—even lanky—can easily fool the public into believing that she has a fashion model's proportions this spring.

Lucky girl! In choosing the right clothes, she can brush aside all the repressing "do's" and "don'ts" that her stout sisters must observe for best effects.

If in harmony with her personality, the tall and thin individual can choose the striking, the bold and the dramatic. For she has one very important asset—height.

Since the long thin vertical line alone is no cause for admiration, she can choose her clothes and accessories to add bulk and the needed horizontal feeling to her figure. She mustn't be too timid in her choices—imagination is the thing she'll use.

The success of any costume for her begins with the right fabric. Wools are a natural choice for her because they have body. Loose, soft weaves in lightweight wools will be better than the sheers made of worsted yarn. A sheer (even in wool) tends to cling too closely. Flannels are better than worsted gabardines and Poret twills which might look a bit too trim on her thin figure.

In summer fabrics, the waffle weave piques, very wide wale piques, puffy seersuckers, coarse natural linens and stiff denim-life fabrics—these are for her. Quilted fabrics are a boon to give a rounded effect.

Sheer, transparent fabrics are liabilities for her scheme of camouflage. They aren't flattering to thin arms and sharp shoulder blades. Shiny fabrics are taboo because they highlight sharp bones. Clinging fabrics—rayon jerseys, voiles, batistes—will only seem limp and sad on her thin figure.

Since she is tall and thin, she has great freedom in choosing fabric patterns. Plaids, checks and the bold prints are all good. Large design units, widely spaced, give a dramatic effect and at the same time break up length and add the desired illusion of width. Thin, dainty patterns that may appeal to her feminine fancy must be put gently aside—they would only contrast too much with her angular figure.

Jewelry—not too much of it—can be scaled to height. Wide bracelets make long arms seem shorter. Large heavy pendants on enormous chains are good. But, better no jewelry at all than anything seeming too sweet or naive in contrast.

She'll want to select accessories that are large in scale. With that dark outfit she can use an enormous red purse to accent the red trimming on her hat. Big hats are her best.

Gloves that cover bony wrists also give width to slender arms. Simple styles in shoes are best.

## Time for Cherry Pie

Top choice dessert in many a home is pie. It is easy to make a good pie in quick order when the filling is made from canned fruits.

**Choice Cherry Pie**  
 3/4 cup sugar  
 2 1/2 tablespoons cornstarch  
 1/4 teaspoon salt  
 1 No. 2 can water pack red sour pitted cherries  
 2 tablespoons butter, or margarine  
 Pastry

Mix sugar, cornstarch and salt in a saucepan. Add syrup drained from cherries and stir until smooth. Cook until thickened and clear, stirring constantly. Remove from heat; add butter and cherries. Pour into an unbaked 8-inch pastry lined pan. Cover with top pastry. Bake in hot oven (425°F.) about 30 minutes. One 8-inch pie.

**FRUIT PIE FAVORITES**—If your choice is peach, apricot or crushed pineapple, use a No. 2 1/2 can of fruit. (If pineapple is not available in No. 2 1/2 can use 2 cups drained pineapple and 1 cup syrup.) Mix a cup of the syrup from the fruit with 2 tablespoons quick-cooking tapioca and 2 tablespoons sugar. Put the drained fruit in a 9-inch pastry lined pan and pour the syrup-tapioca over it. Dot with butter and cover with pastry. Bake in a hot oven (425°F.) about 40 minutes, or until browned.

New on the market are ready-to-use canned fruit pie fillings. Have you tried them yet?

## How to Buy Washables for Bride

Here's a tip for women buying unbleached sheets for June wedding presents. Shrinkage in length of unbleached sheeting is irregular. An added allowance should be made when purchasing, in order to insure adequate length after laundering. All sheeting is expected to shrink, say technicians at American Institute of Laundering, so sheets should be bought wider and longer than the required finished article.

Unbleached sheeting is superior to bleached sheets if breaking strength alone is considered.

Toweling is both a useful and attractive gift for the June bride. Reasonably priced towel sets are on the market and are bound to make the bride happy. This needed item is often overlooked as a wedding gift.

When buying towels make sure the ones you are getting are certified washable and colorfast. All towels do not hold their pretty colors after the first laundering.

A further aid in getting top quality toweling is to observe, feel and pull the different sections to make sure that all stretch equally. Uneven tension in the weaving process can cause towel parts to pucker or become distorted in the laundering process.

If you're thinking about embroidered tablecloths, placemats or napkins for that June bride make sure you're getting embroidery.

Some of the "embroidery" is only glued to the fabric. One washing can loosen the backing and can cause the edging to go

down the drain. Inspect embroidery to make sure the edging is sewed on.

Monogrammed washables are popular as gifts for June brides. Before buying, make sure they're colorfast.

If a tablecloth is on your list of gifts for a June bride first determine the size of the table on which it is to be used. Many tablecloths are not preshrunk, and users can expect a certain amount of shrinkage after laundering.

Also be sure that colors and prints are colorfast so that they can be safely laundered. If the

tablecloths are embroidered, check to see that embroidery is firm and close together especially if the style is of the cutwork type.

When buying chenille bedspreads as June bridal gifts check the pile. Make sure the pile is securely held in the background fabric. Otherwise it may have a tendency to slip out.

When baking, leave at least one inch of space between pans, and between pans and the oven walls. This allows for even heat distribution to give uniform browning.

## Keep Them Afloat

If you have trouble with cherries and nuts falling to the bottom when you make cherry nut cake, you might check on these pointers, listed by a household magazine. Your recipe may not have enough flour to give sufficient body to the cake. The cake must have body enough to hold the weight of the cherries and nuts. Another possibility is that the "fruits" aren't cut fine enough. Dredging them in a little flour helps to hold them suspended in the cake.

Helpful Hints Concerning Building, Remodeling, Repairing & Redecorating

REMODEL  
or  
BUILD

A REFRESHING DASH OF COLORFUL AFRICAN VIOLETS is one of the main points of attraction in this breezeway in the home of Mr. and Mrs. Lloyd Fillmore, 197 S. Union. Fillmore decorated the room himself and also built the counter and cabinets with plywood doors, shown in the foreground. The walls are painted yellow and the floor is covered with Armstrong's asphalt tile in a unique pattern formed from ten different colors of tile. The Armstrong's floor tile was supplied by Blunk's, Inc., local home furnishings store.

## Modern House Now Can Have Colorful Roofing

The contemporary style of architecture—modern in good taste, not "modernistic"—has taken a forward stride in popularity with the introduction of a roofing application method that for the first time permits desirable colorful roofing material to be used on a house with a low, slanting roof.

Before this development, the house with a roof that sloped between 2 and 4 inches to each horizontal foot was in a roofer's "noman's land." Application methods that were technically suitable had been adapted from the flat roofs used on industrial and commercial structures and generally were undecorative.

The range of colors was particularly limited. This was in contrast to the wide variety of solid and blended colors of the asphalt shingles used to roof homes with more steeply pitched roofs.

Color is of little importance in a flat roof because the roof surface cannot be seen from ground level. But a "low-slope roof" is visible, and architects and color consultants have long sought a means of making it more attractive. A wide selection of roof

colors is essential because the roof is the key area in exterior color design.

The new application method is for three-tab, square-butt asphalt strip shingles. It has been developed by the Asphalt Roofing Industry Bureau, an association of the leading roofing manufacturers.

The Federal Housing Administration office in Washington has evaluated the system and is prepared to advise its field insuring offices regarding its acceptability.

The method is both the most watertight and the most economical of several possibilities considered by the technical research staff in charge of the work. Panels of asphalt shingles applied according to the specification passed "violent and rigorous" tests in a specially designed "storm machine".

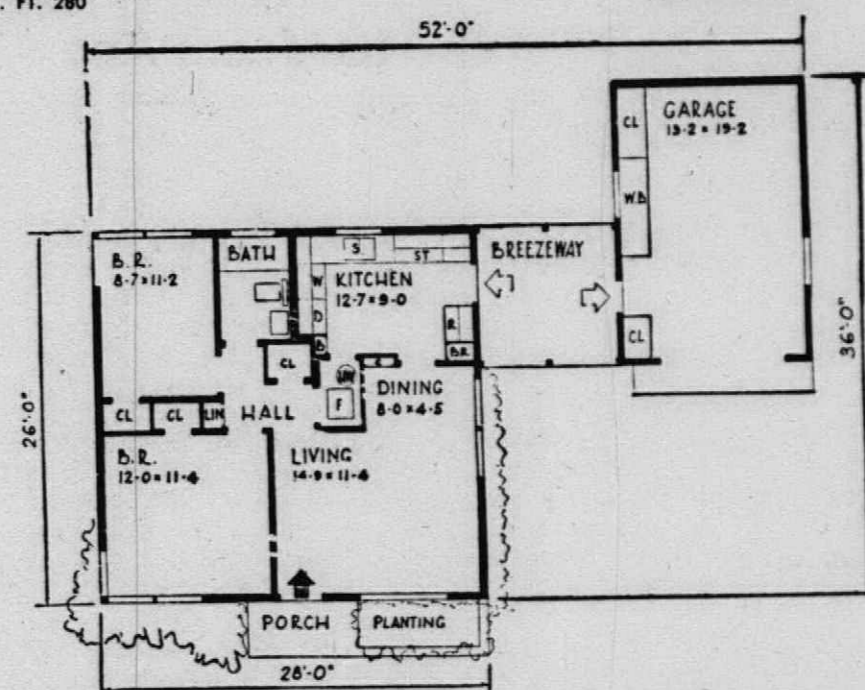

The first step in the application method is to cover the entire roof deck with two layers of asphalt saturated felt. In cold climates, the layers are cemented together along the eaves. After the shingles are securely nailed, all shingle tabs are cemented down for maximum wind-resistance.

## TWO-BEDROOM RANCH HOME

Contemporary styling and compactness of plan are designed into this two-bedroom ranch-style home, which features good possibilities for economical construction. Designed primarily as a basement home, the attached breezeway and one-car garage can be added later, if desired. The design features clean-cut line of wood siding and cedar shakes. The interior is a gem of compact planning with the living and work areas located in one section. For further information about building details and blueprints write The Building Editor, The Plymouth Mail.

The old time girl of the clinging vine type would probably be known as poison ivy to the modern generation.

## Window Shopping With Sue

For the last couple of months I've been suggesting all kinds of things you might want to install when modernizing your bathroom—such as glass walls, corner tubs, plastic wall panels, etc.—so now I thought I'd say a little bit about the arrangement you're going to make in this remodeled bathroom of yours.

One of the most welcome innovations in the bathroom design is the combination wash-bowl and dressing table. I'm sure you've seen them—one or two flat rimmed wash-bowls set into a long counter top, fitted with drawers and shelves. As a rule, you don't want to place it beneath a window since this would preclude installing a mirror or medicine chest over it.

You also might want to install a shower stall, particularly if you're remodeling a large bathroom. You can get readymade shower stalls, you know, which are 32 or 36 inches square. Stall showers, besides requiring waterproof walls, also need cement or metal floors or a lead pan.

As for your bathroom decoration you can get the fixtures in a variety of colors and walls can

be done in ceramic or simulated tile or pre-finished composition board. In standard practice the walls go up about seven feet around the tub and approximately 54 inches elsewhere. Then the top wall section can be painted or papered the way you prefer. Of course, it's also possible to have the tiling up to the ceiling. To muffle the noise the ceiling can be done in acoustical tile. And don't forget to provide room for a medicine chest and maybe a clothes hamper.

If one member of your family likes to monopolize the bathroom, a divided bathroom can give two persons privacy in the same room. You can enclose the bathtub in a separate area, or perhaps install a partial wall to separate the toilet. These divided arrangements are good ideas to keep in mind when planning your new home or remodeling the bathroom of an old one. The best idea is to consult with one of the local supply companies about the costs of this improvement and plans for going the work. After all, an attractive bathroom has much to do with the impression your house can give.

## Glass Shelters Terrace

Overhead glass fiber panels give unusual touch to a terrace.

Glass fiber panels, a post-war chemical development, are gaining popularity in home construction, according to American Builder magazine.

The panels—made of fibrous glass imbedded in polyester resins—are translucent and shatter-

proof and will stand a severe beating from wind, snow, hail, and other weather conditions. The translucent character of the structural panels, added to the wide range of colors available, gives the material unusual decorative value.

## New Home Building Features Extra Bath

At least one quarter of the new homes now going up are being equipped with multi-bath facilities, a minimum of one complete bathroom and a powder room in addition.

In the three-year period 1949 to 1952, there was an increase of 85 per cent in the number of multi-bath homes built, reflecting determination of building contractors to satisfy a pronounced and strong demand on the part of prospective buyers for more adequate sanitary facilities in the home.

It is expected that in 1954 housing starts again will reach the 1,000,000 mark. If so, at least 250,000 will be multi-bath homes. The figure actually may be considerably higher, because the trend to the multi-bath home has been gaining momentum steadily during the past few years.

More and more contractors may be expected to put an additional bath or powder room in the homes they build, for experience has shown that the extra bath is

the most important feature in asuring a quick sale.

It is not alone in new homes that extra baths are being installed, however. Owners of older-type homes are taking advantage of "open-end" mortgage agreements to borrow funds for installing an additional bath or powder room. Space for the additional bath is easy to find in the home of roomy proportions built 20 or more years ago. It may be an unused butler's pantry or first floor sewing room, the closed off end of a long hallway or part of an extra large room—even the walled-in space of a stairwell. Often an extra bath goes in the attic to make an apartment for a source of rental income.

When it comes to selling a home, additional bath facilities may well be worth an extra \$2,000 or \$3,000 in the selling price, experience has shown.

Never lay hardwood flooring in a cold damp building. Heat it for ten days to at least 70-degrees regardless of the season.

Over 90% of the Maple Flooring sold today is made from slow-growth Northern Maple, grown in a climate which has increased the tight-grained, tough-fibred character of the wood.

## These Events Were News

### 50 Years Ago

May 20, 1904

The new telephone line to Lapham's Corners is completed. Those connected are J. J. Sherer, J. A. Ware, J. C. Drayton, J. Haeney, A. Heeney, E. Shuart and E. Partridge. Bogert & Company came out a day or two ago with a handsome new delivery wagon of a new type. It is dust and rain proof and a fine vehicle. W. N. Wherry had his face severely burned Saturday by the turning of a pipe in connection with the burner of the blazing apparatus. A birthday surprise was given to Mabel Ray Saturday evening by a number of her friends. Enjoyable time was had by all.

Mr. and Mrs. G. E. Brownell were happily surprised on Tuesday afternoon when some 20 of their neighbors and friends rallied at their hospitable home, with well filled baskets of good things which they all enjoyed. It being the anniversary of Mrs. Brownell's birthday, in token of their love, they left many beautiful gifts to remind her of the day.

John Zander has completed arrangements for doing all kinds of glass casting and general jobbing, having opened a foundry of his own in the rear of his home on Union street. Mr. Zander has been in the business for 17 years, a number of which he spent in the factories here and is qualified to do work of the best. He expects to secure work from Detroit, having already several good contracts.

The Wilcox mill-dam which a week ago went out with the flood, has been repaired and is now pronounced to be in better condition to withstand floods than ever before. The mill is again in operation and the boys will be busy every day to serve their customers, and they are making a first class quality of flour too.

Mr. and Mrs. C. H. Bennett and Mrs. Peck have returned home after a stay of several months in Detroit.

### 25 Years Ago

May 17, 1929

An automobile driven by Cecil Packard of this place, crashed into the rear end of a truck pulling a trailer, at New Hudson, early last Saturday evening. Young Packard was seriously cut about the face, requiring 22 stitches to close. Miss Margaret Dunning, also of this place, another occupant of the car, was hurt about the head, and was taken to the hospital at Howell.

The First National bank of this place, made the announcement last week that in connection with the distribution of the \$25 in cash on May 11 to 10 members of their 1929 Christmas club, the following persons were awarded \$2.50 each: John Baze, Barbara Kensler, Mrs. Irma Kaiser, V. W. Hitt, Wyman Bartlett, David Bolton, Frank Capatosta, Gernith Willmore, Lloyd Ellis and David Galin.

Paul Dettling, connected with the Plymouth Auto Supply company, has accepted from the General Electric company, the dealership of the General Electric refrigeration for Jackson county. Mr. and Mrs. Dettling will reside in Jackson after June 1.

Reverend H. E. Sayles, former pastor of the Plymouth Baptist church has resigned his charge at

Stockbridge, and is retiring from the active ministry. He will make his home in Florida.

Mr. and Mrs. James Swegles and family attended a concert in Ypsilanti last week. Two of Mr. Swegles' nieces who took part in the program played the violin and cello.

William Staman was one of the members of the senior class of the Detroit College of Pharmacy, who spent several days of last week at Indianapolis, visiting the Lilly Pharmaceutical plants.

Several families from this place and Detroit, with well filled baskets, surprised Mrs. Clyde Laslett at her home in Chelsea, the occasion being in honor of her birthday. Mrs. Laslett was the recipient of many beautiful gifts.

Mrs. Ella Warner, who has been suffering from a fracture the past three weeks, is making favorable progress.

### 10 Years Ago

May 12, 1944

Charles Brake, deputy county superintendent of schools, who resides in Plymouth, has been elected president of the Detroit School Men's club, which is composed of all the male employees of the various boards of education in Wayne county. Mr. Brake has long been active in public school affairs and is one of the best known educators in this part of Michigan. He is also chairman of the newly created Wayne county board of health.

Dr. John R. Kelly, who for the past nine years has practiced medicine at 249 South Main street, has moved his residence and offices to 543 Deer street.

Members of the Old Time Minstrels, of which W. C. Smith, blackface comedian is an end man gave an entertaining performance at Veterans' hospital, Dearborn, last Saturday night.

Mrs. Ruth Whipple was speaker at the Mother and Daughter banquet held in the Methodist church at Grand Haven last Tuesday night.

Mrs. Belle Farley Murray will be the guest speaker at the Stark-weather PTA meeting Thursday evening, May 18 at 7:30 p.m. in the school auditorium.

Rozanna Mieden, Virginia Hall, Beverly Ash, Barbara Pace, Doris Oldenburg, Maxine Penn, Ruth Hoysradt, Caroline Trockee, Elaine Mahoney and Audrey Noble attended the Michigan State college high school home economics day Friday, April 28 in East Lansing.

Eight girls from Plymouth high attended the Playday for junior and senior girls from high schools all over Michigan at Michigan State Normal college at Ypsilanti on May 5 and 6. The girls stayed in dormitories on the campus Friday night, participating Saturday in swimming and other sports. They had luncheon at noon on the campus. The Plymouth girls attending were Lois Vetal, Irene Niedospal, Annabell Heller, Norma Robinson, Helen Bowden, Barbara Stover, Jenne Schuler, Jeanne Minehart and Lois Mills.

A registered Jersey bull has been purchased by Warren R. Palmer & Son of Warren road from W. J. Schneider of Ann Arbor. The name of the animal is D. V. Observer Aim 44234.

Jean O'Meara and George Petrazewski, two Plymouth youngsters, have become proficient in the art of roller skating and won the two national prizes for novice pairs at the national amateur roller skating tournament at Chicago last week.

THE PART THAT NATIONAL affairs plays in the work of the Chamber of Commerce was discussed recently by Bernard Roach, program consultant of the United States Chamber of Commerce, before a group of nearly 30 Plymouth business and professional

men. Shown above (left to right) are: Harold Curtis, Markham Purple, Harry Mohrmann, Roach, Clifford Manwaring and Fred Van Dyke. The program was arranged by the national affairs committee of the Plymouth Chamber of Commerce.

## Allocation Board Gets Ready For Annual Tax Pie Slicing

The see-saw battle between county officials and school officials during the annual slicing of the tax pie, is waging again with the Wayne County Tax Allocation board now in the midst of sizing up the pieces.

One of those keeping an eye on the activities is Superintendent of Schools Russell Isbister who recently attended a board session to speak up for Plymouth township school district. The local school district is now getting 7.95 mills, which figures to a sum of approximately \$318,000. The allocation board cut the Plymouth school slice down several thousand dollars during the past fiscal year.

Laws of Michigan specify that county government, public schools and the public library must operate on not more than \$15 per \$1,000 of assessed valuation on real estate. It is the problem of the allocation board to determine what share of this tax pie goes to schools and what goes to the county.

A year ago the board directed that Wayne county should receive \$6.05 out of each \$15 levied as a

### Local Sroptimist Club Holds Monthly Meeting

The Plymouth Sroptimist club held its regular monthly meeting on Wednesday, May 12, at the home of Elsie Melczek in Livonia. Co-hostess for the 8 p.m. meeting was Ethel Allen. The club is also making plans for a rummage sale to be held on May 21, 22 and 23.

tax on local property, leaving \$8.95 for operation of schools and townships. This latter amount represented five cents less than schools have been allowed for operating purposes during the preceding year and consequently gave the county five cents more. This was in spite of the fact that the schools have been calling for the construction of more buildings, employment of more teachers and furnishing other expensive school operations.

So recently William D. Merrifield, educational director for the Chrysler corporation and a member of the Detroit Board of Education, presented the case for public schools in an appearance before the allocation board. He stressed that the county's schools have increased more than 25,000 in attendance (38 per cent) in the past ten years. The number of pre-school children has gone up from 245,000 in 1950 to 284,000 today and there will be almost 14,000 on half-day sessions.

Merrifield pointed out that last year there were 37,900 children forced to attend overcrowded schools while today there are 48,000. In addition

there are nearly 33,000 children attending school under sub-standard conditions. Schools in the county can accommodate only 20 per cent or 16,250 of the handicapped children. The remaining 85 per cent, or 65,000 handicapped children received absolutely no program geared to their needs, Merrifield said.

The Detroitier added that \$44,000,000 is needed to construct classrooms for children attending sub-standards schools. To construct classrooms for those now attending half-day sessions or over-loaded classrooms, it would require another \$68,000,000. If all these additional classrooms were built, it would take another \$18,000,000 each year to provide their teachers, employees, heating, lighting, supplies and equipment.

Final day of the board hearing is set for May 12. The board consists of a member of the Detroit board of education, two private

attorneys, the Wayne county treasurer, a member of the Wayne county board of auditors and superintendent of county schools.

The Walk-in-the-Water was the first steamboat on the Upper Lakes. Under the command of Captain Job Fish it docked at Detroit on August 27, 1818.

# Precaution Rules Can Save Lives When Lightning or Tornado Strikes

Two of nature's most fearsome elements for people living in this part of the nation are tornadoes and lightning. They take lives—but they are less deadly than many people think. Some knowledge about tornadoes and lightning may be your best protection, so read these two articles and remember the facts.

## Tornadoes Lightning

Two tornado warnings have already been received in the Plymouth area this year, both occurring only several weeks ago. Michigan people have a vivid recollection of the destruction inflicted by tornadoes last year at Flint, Port Huron and several other communities in the state.

Last year more than 500 tornadoes hit 36 of the 48 states, many in areas never before experiencing such a situation. Because of these unprecedented tornadoes, many people now become terrified when a tornado warning is issued. Children especially have become tornado conscious—too much so.

The weather bureau, and consequently the radio and television stations, have been "put on the spot" by two areas of thought. There have been times when tornadoes have struck without warning and the victims were asking, "Why weren't we warned?" There are other people who criticize radio and TV for issuing weather bureau warnings and thus spread fear unnecessarily, especially since tornadoes often do not develop.

Most newscasters issuing warnings, are careful in their wording of such warnings, stating that a tornado is "a slight possibility".

Citizens must first remember that chances of being in the path of a tornado are very slight. If as much fright was developed among drivers of automobiles as they sped frantically down crowded highways, it might save countless thousands of lives each year, many more than the handful of persons killed yearly by tornadoes.

But suppose you do see a dark, funnel-shaped cloud heading in your direction, its long tail stretched toward the earth. The American Red Cross advises you to lie flat on the ground. If you are lying flat you will be less likely to be picked up and tossed about and not so likely to be injured by flying objects.

If outside, run to the right as you face the tornado. Lie down in the first ditch or gully you see and hold on tightly to anything you can grasp. It is unwise to seek shelter behind a building or other object.

Should you be inside, a basement is the safest place to go, the Red Cross advises. Flatten yourself on the floor, under a table or other sturdy object. In the basement it is possible to escape injury even if the rest of the building were picked up and carried away. Lie face-down in the southwest corner of the basement (and don't wait for a tornado before deciding what corner this is). Tornadoes usually travel toward the northeast, so if the building is hit, debris will probably fall at least as far as the opposite corner.

Tornadoes usually occur in the afternoon, between 3 and 6 o'clock. However, it is the tornado occurring at night which is most treacherous. Tornadoes move at a rate of between 10 and 40 miles per hour and winds within the funnels have been estimated at 500 miles per hour. Most tornadoes follow a path no wider than several hundred yards and even the fiercest ones blow themselves out after traveling no further than 40 miles.

Your chances of ever seeing a tornado are small. But if you ever do, keep these few simple rules in mind.

Most Plymouth people have had some first-hand experience with lightning. They may have had their homes struck, seen balls of fire travelling along wires and fences, seen trees shattered or perhaps felt some of the lightning shock.

But oddly enough, many persons are more terrified when there is mention of a tornado than they are of a thunderstorm. There may never be a tornado dipping to the earth in the Plymouth area, but there has been lightning here probably since the beginning of time and there is no indication that this spectacular demonstration of nature will ever stop.

It is therefore apparent that lightning is much more of a threat to the individual than tornadoes. But even then, few are the people killed each year by lightning. Most of the lightning victims would be alive today had they remembered a few simple rules. These rules have been listed many times, most people are acquainted with them; there are some people alive regretting they ignored them.

Safest of all places to be in a thunderstorm is in a metal enclosure, according to the National Bureau of Standards. An automobile is a good example of this providing it has a metal top. A steel railroad coach or a building using steel construction are other examples.

If you're looking for danger, you might try standing in the middle of a field away from all trees, or be in a wooden boat in a large expanse of water. Flying a kite in the face of a thunderstorm has taken the life of many boys. Though Ben Franklin discovered electricity with this kite-flying method, authorities consider him lucky to survive the experiment without injury.

In a residential area, if the house is higher than the surrounding trees, the lightning may discharge through the building. If trees in the same vicinity are higher, lightning will probably discharge through them instead of the building. Pointed lightning rods will discharge the atmosphere and conduct the lightning to the ground. Unfortunately, lightning rods are no longer considered a necessity by present-day home builders as they were in years past where every sizable home possessed the lightning arresters.

A farmer plowing a field is safer under the tractor than perched in its seat. In short, it's the highest objects which offer the greatest hazard.

If there is a storm:

1. Do not go out of doors or remain outside during thunderstorms unless it is necessary.
2. Stay inside of a building where it is dry, preferably away from chimneys, fireplaces, stoves and other metal objects.

If there is any shelter, choose in the following order:

- a. Large metal or metal-frame building.
- b. Dwelling or other buildings which are protected against lightning.
- c. Large unprotected building.
- d. Small unprotected building.

If outdoors, keep away from:

1. Small sheds and shelters if in an exposed location.
2. Isolated trees.
3. Wire fences.
4. Hill tops and wide open spaces.

If caught outside in a storm, it is wise to seek shelter in a cave, a depression in the ground, a deep valley or canyon, the foot of a steep or overhanging cliff, in a dense woods or in a grove of trees.

If you should seek shelter under a tree where there are other trees nearby, the National Bureau of Standards warns that it is better not to stand or sit near the trunk of the tree, but to stay away from the trunk as far as possible.

## Snake Finds Life in City Nowadays Quite Unhealthy

It has been 125 years since Indians roamed these parts, but it appears that civilization has failed to completely wipe out traces of some of the wildlife associated with that era.

A blue racer four and a half feet long was killed recently a few stone throws from the downtown area. The next day an opossum was seen around a home on Evergreen street.

A small boy ran into the police station, excited, winded and wide-eyed, and declared that a "snake this big is down on Penniman." (His hands illustrated a snake four inches in diameter.) Chief of Police Carl Greenlee went to 999 Penniman, located a half block west of Harvey street, and found a blue racer in the front lawn of the Mrs. Alice Alsbro home and found the snake, not four inches thick, but long enough to scare a soul. It was killed and buried.

The blue racer is a non-poisonous snake commonly found all the way from Michigan to Texas. Greenlee said that a blue racer was killed across the street from the Alsbro home a year ago. They are believed to occasionally venture along Tonquish creek which runs south of Penniman.

The opossum was spied in the bushes around 371 Evergreen but police were unable to locate this harmless creature when they arrived.

## Michigan Shows Decided Increase In Many Fields

Unusually large wheat and corn harvests in Michigan last year brought total farm yields above average levels, it will be reported in an article prepared for publication in the 1954 Yearbook of the American Peoples Encyclopedia.

Wheat production set a new state record with 44,692,000 bushels and was valued at \$82,680,000 while the corn production of 80,262,000 bushels carried a dollar value of \$116,380,000.

Twenty new manufacturing plants found homes in Michigan during 1953, bringing the total to approximately 14,000. Included were 3.5 million dollar television tube plant for CBS-Hytron at Kalamazoo and a new General Electric Branch at Holland.

Indications, based on receipts from the state's sales tax, were that retail activity in Michigan kept an unusually brisk pace throughout the year. Receipts were up 11 per cent from the levels of the preceding year.

Michigan's automobile industry greatest in the world -- recorded the second best year in its history in 1953. A total of 6,165,000 automobiles and 1,205,000 trucks were produced in the state, a total topped only by the record-setting performance of 1950. Automotive payrolls amounted to 3.5 billion dollars, paid to some 770,000 production workers.

The state's school districts spent an estimated 60 million dollars on expansion of facilities but at year-end, educators warned that an additional 2,000 rooms were needed to maintain the state's high educational standards. State school aid appropriations amounted to 108.3 million dollars, plus an appropriation of 50.1 million dollars for state-supported colleges and universities.

The Ann Arbor Railroad in 1892 began to operate the first car ferries used on Lake Michigan.

Keeping venetian blinds clean is a less formidable job if you use your vacuum cleaner brush attachment to remove loose dirt.

## Local Insurance Agent Meets With Company

Tage R. Gundbrandsen, local representative of the Metropolitan Life Insurance company, was in Detroit last week for a conference with Frederic W. Ecker, president, and other officials of the company.

Mr. Ecker, who became president of the Metropolitan last year, is on one of a series of "get acquainted" trips that will enable him to meet personally the members of the company's field force of more than 21,000 representatives in the United States and Canada. The current visit to the Metropolitan's Great Lakes territory also includes conferences at Minneapolis, Minn., and Milwaukee, Wisconsin.

# "Best Seller" for 3 good reasons

CAN YOU SEE • STEER • STOP SAFELY?  
CHECK YOUR CAR — CHECK ACCIDENTS

Buick now outsells all other cars in its price class and above

You've probably noticed it right in your own neighborhood.

Bright new Buicks appearing here, there, everywhere. And more and more of them in recent weeks.

Know what's happening?

Folks in growing numbers — (and maybe you'll be joining them soon!) — are finding Buick styling, performance and value far too wonderful to pass up.

So Buick is selling at a record pace—outselling all other cars in its price class and above.

Matter of fact, latest figures for the first quarter of 1954 show that, in total national volume, Buick is outselling every other car in America except two of the so-called "low-price three."

A look and a ride and a peek at the price tag will be all you'll need to know what's back of this best-selling success.

There's styling in Buick that's the greatest beauty advance in years — the very look of tomorrow—and with the spectacular panoramic windshield that's part and parcel of this dream-car look.

There's performance in Buick as never before — with record-high V8 power, with the sensationally smooth

whip of Twin-Turbine Dynaflo,\* with the buoyant ride of all-coil-springing, with a new precision of control and handling.

And there's value in Buick that's hard to match—with prices starting near the "low-price three"—prices that buy more Buick beauty and power and thrill and sheer automobile than smart money ever bought before.

How about you?

Are you ready, willing and waiting to be shown that this best seller called Buick is the buy of the year for you, too? Drop in this week, or give us a call, and we'll arrange a demonstration.

**NEW OFFICERS OF THE MAYFLOWER POST** Veterans of Foreign Wars and Auxiliary were installed recently at ceremonies at the V.F.W. hall. New officers of the post, shown top, are, left to right, George Leemon, James Wiltse, Harold Young, Bill Norman, James McLean, Edward Kopenski, Barney Mecklenberg, Bob Smith, Ray Danol, Roy Warner, Jerry Olson, Harry

Bartel and Paul McLean. The auxiliary officers, bottom picture, left to right, are Fran Beeley, Irene Stroschein, Marion Warner, Betty Krumm, Geraldine Olson, Loretta Young, LeMay Smith, Marie Norman, Kay Coolman, Marilyn Wiltse, Virginia Bartel, Marion Dickie, Ida Nairn, Janet Allen, Marion Luttermoser and Gertrude Danol.

**May Brings Longer Days, More Spectacular Planets**

Longer days, a double planet and a heavenly crown—that's May's lineup of stellar attractions, according to Hazel M. Losh, University of Michigan associate professor of astronomy.

Professor Losh explains that at the month's beginning "we had 14 hours of daylight, extending to 15 by the end of May." This is due to the sun's rising and setting approximately 20 degrees north of the east and west horizon points, with the distance increasing to 30 degrees as the month lengthens.

Venus will shine as May's bright "Evening Star" for about one and a half hours after sunset, moving eastward and passing Jupiter on May 23. Bright, but not as much so as Venus, Jupiter will combine with it to appear as a double planet at the time of passing.

Formerly located near and below the horns of Taurus, Jupiter moves into the constellation of Gemini (The Heavenly Twins)

this month, Professor Losh points out.

Saturn will be seen in May's southeast sky revealed to be surrounded by a shining ring when viewed through even a small telescope. Located 15 degrees east of the star Spica, it is distinguished by its yellowish color in contrast to the star's whiteness.

"In the east, Mars, red in color, will grow brighter throughout the month," Professor Losh states.

On May 2, a new moon will grace May's sky, passing two degrees above Venus on May 4 and Jupiter the next day. Professor Losh points out that "by May 16 the moon will be almost

nearly full, continuing on its winding path among the planets and passing Mars and Saturn."

Around sunset, May's skies will reveal the Corona Borealis or The Northern Crown. One of the few constellations resembling the subject it is suppose to, the crown has stars arranged in a semicircle, outlining a crown of jewels, the professor says.

"Composed of seven fairly bright stars," she adds, Corona's brightest is Gemma, known as "Pearl of the Crown." Professor Losh continues that it was also known to the Arabs as Alphecca, "The Bright One of the Dish" for they felt the constellation resembled a dish.

## keeping in touch

ELECTED TREASURER recently of the Denison university (Granville, Ohio) Young Republican club was Joanne Pursell, daughter of Mr. and Mrs. R. R. Pursell of South Main street. Joanne is a freshman.

ELLEN DAANE, daughter of Mr. and Mrs. Russell M. Daane of Garfield avenue, was initiated into Sigma Kappa sorority recently at Michigan State college.

AMONG THE TOP four golfers on the Michigan State Normal squad this year is Howard Carson, son of Mr. and Mrs. H. E. Carson of Bassette drive.

YOU CAN SEE Lillian Gish this week at the Lydia Mendelssohn theatre in Ann Arbor in the play "The Trip to Bountiful." It continues through Saturday and marks the first production of the five-week drama season. Evening performances start at 8:30 p.m. and the Thursday and Saturday matinees at 2:30.

A THOUGHT FOR THIS WEEK: Doing good is the only certainly happy action of a man's life.—Sir Philip Sidney.

## Local Troops to Attend Boy Scouting Exposition

Local Boy Scouts and friends of Scouting are expected to have the "time of their lives" this weekend at the Scouting Exposition at the State Fair Grounds in Detroit from May 13 to 15. The Scouts have been selling tickets to the exposition throughout the Plymouth area.

With 450 booths, eight stage shows and 20,000 active participants this exposition will be the biggest indoor Scouting show ever produced. Booth subjects include hobbies and crafts never heard of by many people—besides all the skills and techniques and pre-vocational guidance subjects found in the Scouting Merit Badge program.

"Smokey" the Bear, in life-size

animation, is part of the conservation exhibit. Two of Windsor's finest troops are participating—emphasizing Scouting's World Brotherhood theme. Cross section models of jet plane motors and modern automobile engines, prove that youth today are indeed mechanically minded.

Did you know that many Scout hobbies are financially profitable? Then talk to hobbyists on taxidermy, small arms repair, and other technical subjects.

The many displays will include pouring pancakes from a cement mixer, jewelry making, civil defense, fingerprinting, bachelor cooking, free French fries, baitcasting, archery, and much more.

## Henry to Represent Local Club At Annual Kiwanis Convention

The Plymouth Kiwanis club was represented by its secretary Ernest Henry at the 39th annual convention of Kiwanis International in Miami, Florida from May 9 to 13. He met with over 12,000 fellow Kiwanians from every section of the United States, Canada, Alaska and Hawaii, according to club president Ed Campbell.

Outlining the program for the five-day convention, he said an exceptional panel of speakers and an elaborate program of entertainment was given the Kiwanians in Miami.

Such well-known personalities as General James A. Van Fleet, who was commander of the United Nations Forces in Korea and is now chairman of the American-Korean Foundation; the Honorable Paul Martin, Q. C., who is Minister of Health and Welfare for Canada; the Reverend Charles L. Allen, D.D., who is pastor of Grace Church Methodist in Atlanta, Georgia and writes a Sunday column for the Atlanta Journal-Constitution; and H. Roe Bartle, who is president of the Missouri Valley college and an eminent humanitarian, addressed the Kiwanians in Miami's huge Dinner Key Auditorium. Several other pro-

minent leaders from the United States and Canada were also invited to speak.

Cruises through the many attractive bays and inland waterways, park and tropical garden tours and general sight-seeing enabled guests to visit all sections of this most attractive southern city.

The main feature entertainment on Monday evening was held in the Orange Bowl and the general public was invited to attend. This spectacular extravaganza was one of the highlights to the convention.

The social highlight of the convention was the President's reception and ball, honoring the 1953-54 president of Kiwanis International, Donald T. Forsythe of Carthage, Illinois. Mrs. Henry accompanied her husband to the convention.

## V. F. W. NEWS

Americanism chairman, Loretta Young, finished her year by presenting an American flag to the pupils of Barlett school on April 30. Thus far, she has arranged for the presentation of 16 American flags to the schools in Plymouth. We feel that this accomplishment is a very important part of our auxiliary program.

Buddy Poppy Day has been set for May 28 in Plymouth. On Thursday, May 27 we will sell Buddy Poppies to the outlying factories. Let's all be ready to do our part in selling Buddy Poppies on these two days. Please contact Virginia Bartel as to the hours you can work. We need everyone's cooperation!

Report has it that Joe Elliott is still in St. Joseph's hospital in Ann Arbor and is improving slightly each day. He can't have any visitors as yet but a card would be most appreciated. Get well soon, Joe!

On May 2 Virginia Bartel, Marie Norman, Loretta Young, Marilyn Wittstein, Irene Stroheim, Marion Luttmoser and Grace Burley attended our Fourth District Encampment held at Dunn school in River Rouge. The election of district officers took place and we are proud to announce that our own Chaplain and Department Cancer chairman, Virginia Bartel, was elected junior vice-president for the ensuing year. Congratulations, Virginia and we pledge our full cooperation. The new district president Ruby LaPointe and all her officers were then installed and the meeting ended with a dinner in the Post Hall. Many nice compliments were given the delegates on their new auxiliary uniforms.

## Marie Timpona Receives Honor

One of Livonia's outstanding women, Dr. Marie Timpona, was recently honored by the Auxiliary of the Wolverine Post No. 171 Veterans of Foreign Wars. Dr. Timpona is the wife of Dr. George Timpona, Plymouth postmaster. Dr. Marie Timpona, a Livonia chiropractor, was presented the Outstanding Citizenship Award by the Americanism committee for her efforts and contribution in selecting the prize-winning "Americanism" essay written by a Redford high school boy or girl.

She was also honored because of the fact that over the years she has made a name for herself as a humanitarian. The presentation of the scroll was made by Cecil Liston, past district president, who observed that before these awards are made they must be heard by the district department.

## OUTDOOR NOTES From The MICHIGAN DEPARTMENT OF CONSERVATION

During the recently-ended beaver and otter seasons, 3346 state trappers bagged 8454 beaver and 440 otter, conservation department game workers report.

Of the total, 6289 beaver and 247 otter were taken in the upper peninsula, 2124 beaver and 193 otter were bagged in the northern peninsula and the remaining 41 beaver were taken in the southern lower peninsula.

Field conditions varied widely, providing good trapping in some areas and poorer bags in others. Generally poor conditions prevailed across the upper and most of the lower peninsula; the Traverse City and Baldwin areas, however, experienced good weather and the take in those districts was accordingly higher. Pelt prices were generally low and discouraging to trappers.

The total beaver take was less than half the 1953 bag of 17,500 pelts. The otter take, however, decreased from 533—a record—in 1953 to this year's 440 pelts. The beaver population was generally spotty; high in some areas, but below 1953 levels in others.

Also, license sales this year were below the 4232 sold during 1953, partly because more areas of the state were closed to trapping.

A pheasant nest containing four eggs was found recently under a multiflora rose hedge in northeastern Lenawee county, game workers report.

The nesting was considered somewhat early, and was encouraging to farm game habitat workers who have long plugged merits of the rose type for wildlife.

The nest, which ultimately will probably contain 11 or more eggs, was found on the Earl Pennington farm near Ridgeway.

The game habitat program provides farm cooperators with free plantings, paid for mostly by sportsmen, to increase food and cover for small game in southern Michigan. Pennington is a cooperator who has received a number of different types of plantings for use on his farm.

A misplaced mockingbird has just finished 10 days of scrambled operations at Rose Lake Wildlife station, 12 miles northeast of Lansing, game workers report.

The gray and white bird, usually found only in more southern states, camped at the station from April 19 to 28, during which he imitated at least 16 other bird types—including the domestic chicken.

Famed for purloining the songs of others, this bird imitated calls of the robin, bluebird, cardinal, kingfisher, crested flycatcher, whip-poor-will, English sparrow, flicker, tufted titmouse, chipping sparrow, bob-white, starling,

ovenbird, towhee, domestic chicken, and Carolina wren. All the bird types are found in Michigan, except the Carolina wren, which call was apparently imported for the occasion.

The mockingbird, somewhat larger than a robin, left no forwarding address when two brown thrashers appeared and sent him on his way.

The bird spent most of his time near the home of C. T. Black, biologist in charge of the station.

Research work conducted by the federal forest service in Michigan during the last 30 years is summarized in the 1953 annual report of the Lake States Forest Experiment Station, published recently in St. Paul, Minnesota, state foresters report.

Thirty years ago in the Lake States—Minnesota, Wisconsin and Michigan—most of the pine sawtimber had been cut, but hardwood lumber production was still booming.

Pulpmills were expanding, but even in 1924, supplies of spruce were dwindling. Aspen and jack pine stands were building up in large areas, but industry had to gear to their use before these smaller tree types could be important.

Thirty years ago, the federal government administered only two forest areas in Michigan. They included several hundred thousand acres in the Huron national forest and a few thousand acres in Chippewa county, in an area then known as the Raço Ranger District.

Today in Michigan, about 2.5 million acres are under federal administration and there are five federal forest units in the state. In the upper peninsula are the Ottawa national forest and the Marquette and Hiawatha units of the Upper Michigan Forest. The Lower Michigan National Forest includes the Manistee and Huron units.

Federal forest research in Michigan and the Great Lakes area in general has developed along four major lines, according

By Les Wilson

What can toning do for your photograph? By and large, the majority of photos can stand nicely on their original black and white, but where a certain mood or feeling is desired, tone can be as important as lipstick to a blonde in an all-male gathering.

Tone should never fight for attention in a print, but rather to harmonize with it and complement it. For example, if your print is of snow, water or the cold majesty of a stone and steel skyscraper, a cool color such as blue imparts the proper feeling. If you wish to suggest warmth in your print, there is a wide range of browns from the neutral brown to purplish browns.

Red, also, is used to good effect to lend a feeling of strong color to sunsets and fires. A rippling field of golden wheat would be aided greatly by a yellow brown tone. Yes, tone thoughtfully used can give a run-of-the-mill print a flattering new look.

And modern equipment, properly handled, can make a run-of-the-mill photographer turn out work that is worthy of a salon. We at THE PHOTOGRAPHIC CENTER have the BEST supplies, at the BEST possible prices... after one visit you'll be convinced we're your BEST BET! Come to 821 West Ann Arbor Trail today.
