### Frank Rau Takes Bride to Colorado

Mr. and Mrs. Frank P. Rausuit and both mothers were pink and white carnation corsages. Immediately following the ceremony a reception was held

ford, Farmington, Northville and Plymouth. The young couple spent their honeymoon in Northern Michigan. For traveling the new Mrs. Rau chose a light green nylon dress with white accessories and the bouquet from her white Bible.

Mary attended Plymouth high school and Frank attended Redford Union high school and is now serving with the Army in Colorado.

Mr. and Mrs. Frank Rau in the church dining room with over 100 guests attending from Chicago, Commerce, Detroit, Red-

The young couple were married in the First Presbyterian church on May 1. Mrs. Rau is the former Mary F. Stone, daughter of Mr. and Mrs. Garrett Stone of Canton Center road and the Elmer Raus of Woodward avenue, Redford, are the bridegroom's parents.

The Reverend Henry Walch officiated at the impressive three o'clock ceremony before the altar which was graced with baskets of white gladioli. Fred C. Nelson presided at the organ and accompanied the soloist, Mrs. Geraldine Stone who sang "Because" and "The Lord's Prayer."

Mary chose a floorlength gown of nylon net and lace over satin for her wedding. The Empire bodice of lace featured a portrait neckline, long pointed sleeves and points of the lace extending over the triple net skirt. She wore a bonnet shaped crown of satin which held in place her fingertip length veil of illusion and she carried a white Bible centered with white feathered carnations and ivy.

Mrs. Jean Berger was her sister's matron of honor. She wore a ballerina length gown of orchid net over taffeta. The strapless bodice was of bands of net and satin and she wore a matching net shoulderette. Her bouquet was of yellow carnations. The bridesmaids, Mrs. Donna Harder and Miss Myrna Rau, sisters of the bridegroom, wore matching ballerina length gowns of pale green fashioned similarly to that of the honor matron except for bands of lace diagonally across the front of their skirts. Their flowers were of yellow carnations.

Frank asked his brother, James, to assist him as best man and seating the guests were Bruce Harder, brother-in-law of the bridegroom, and James Daniels.

Mrs. Stone, selected for her daughter's wedding, an afternoon dress of yellow crepe with which she wore white accessories. Mrs. Rau chose white accessories to compliment her light blue silk

### Farewell Given Missionaries

Members of the Calvary Baptist church gave a farewell to two young missionaries who this summer will be traveling to Japan, one of them with the financial support of the local congregation.

Miss Rowena Kubo, an American-born Japanese, and Patricia Maxwell will leave this summer for Japan where they will serve as missionary-teachers. Both have been in this area for the past eight months performing intermission work as a preparation for their overseas jobs.

The farewell was given last Saturday afternoon on the lawn of the Wilbert Thompson home, 11885 Haggerty, with about 100 persons attending. The young missionaries were presented with purses and Miss Kubo was told that Calvary Baptist church would give her financial support during her stay in Japan.

The local congregation is now supporting two families in the missionary field. One is the Roy Tillotson family in Argentina. The other is the Jack Briggs family in Venezuela.

### Elks Attend Contest In Traverse City

Eight couples from the local B.P.O. Elks club traveled to Traverse City last weekend to attend the state ritualistic contest held there. Officers from the Plymouth club competed against the officers of 19 other clubs in the contest. This was their initial attempt in the competition.

New president elected to head the Michigan State Elks association was Glen Converse from Lansing.

PRESENTED WITH A PURSE before their departure as missionaries to Japan were these two young women, Rowena Kubo, left, and Patricia Maxwell. They have been working at Calvary Baptist church and other area churches for the past eight months. William Currier, senior deacon, looks on as Reverend Patrick Clifford presents the gifts.

FOURTEEN CHAMBER OF COMMERCE secretaries, known as the Chamber of Commerce Area Executives, met in Plymouth Monday at the Mayflower hotel as guest of Nat Sibbold, local secretary. Four of the visiting secretaries are shown here looking over some of Plymouth's accomplishments. They are, from left: Ervin Kolowick, Hamtramck; Robert P. White, Detroit; Joseph Cardinal, Dearborn; Nat Sibbold; and Paul Ungrodt, Ypsilanti.

### Showing Good By Local Riders In Sunday Event

Several of the Plymouth entries in the Northville Junior Horse Show last Sunday rode away with honors in the various classes. The show turned into a 10-hour marathon when there were more entries than anticipated. An estimated 6,000 spectators attended the Northville Downs show.

Plymouth's Cindy Hull and Ellen Cowgill, led the field of Plymouth riders with the most places in the classes.

Awards won by local horsemen were: equitation, beginners, Western seat, first, Cindy Hull and second, Linda Hershey; ponies under saddle, third, Sharon Moers; equitation, open Western seat, first, Cindy Hull, fourth, Diane DiPonjo; lead line, first, Connie Jo Palmer and Steve Donahue.

Others were: Western pleasure horses, second, Ellen Cowgill; junior stock horses, fourth, Sharon Moers; trail horses, second, Sharon Moers, and fourth, Ellen Cowgill; and Western equitation championship, fourth, Ellen Cowgill.

The Junior Horse Show was sponsored by the Northville Optimist club to benefit underprivileged children.

### 3 Madonna Girls To Tour Europe

Mary Ann Barczak and Amelia Poleski, freshmen at Madonna College, and Dorothy Lapczynski, a June graduate, will join other college students from all over the country in Marian Year tours of Europe, sponsored by the National Federation of Catholic College Students.

Mary Ann Barczak, will leave for Europe on June 21. Amelia Poleski and Dorothy Lapczynski begin their trip on July 17 and return September 3.

They will visit such places as Amsterdam, Holland; Cologne and Heidelberg, Germany; St. Gotthard, Switzerland; Milan, Venice and Florence, Italy and Rome. Several days will be spent in the "Eternal City" where the highspot of the tour will be an audience with His Holiness, Pope Pius XII.

From Rome they will continue on to Florence and Nice. The next lap of the tour will take them to Lourdes where they will spend an entire day at the famous shrine. Then to the magical city of Paris. Several days are set aside for sightseeing, shopping, and visits to the many old cathedrals and churches in and around the city.

Amelia and Dorothy, who are taking tour A, will conclude their journey at Rotterdam, Holland, after having visited six countries.

Mary Ann is taking tour D, which takes her through nine different countries. Besides the countries mentioned she will travel through Belgium, Spain, Portugal and England.

### Men in Service

Airman 3rd Class Ralph Jones, son of Mr. and Mrs. Elmer Jobs of Osseo, Minnesota, has entered the USAF Technical School for Aircraft Mechanics at Sheppard Air Force Base, Texas, the largest school of this type in the world.

Prior to his enlistment on March 1, 1954, Airman Jones attended the Plymouth high school. During his specialized training as a student at Sheppard he will receive intensive training designed to provide him with the thorough knowledge and basic

skills required in servicing, inspecting and maintaining aircraft currently used by the United States Air Force.

Upon graduation he will be awarded the rating of Airplane and Engine Mechanic. Along with the majority of graduates in his class, he will enter a course for advanced training or will be assigned to one of the major Air Force commands for on-the-job experience with first-line operational aircraft after completion of his schooling here.

## No wonder Buick Sales are Soaring!

TAKE heart, good friend—you can buy a hit-of-the-year Buick if you can afford any new car.

And we proudly show our price here to prove it.

For this price is the delivered price—the local delivered price—of the new Buick SPECIAL 2-door, 6-passenger Sedan—and it's just a few dollars away from those of the so-called "low-price three"—lower, in fact, than even some models of those very same cars.

But look what this Buick price gets you! It gets you the very look of tomorrow in styling modernity, even to the spectacular new panoramic windshield that seems to outdate everything before it. It gets you Buick V8 power—highest in

SPECIAL history—plus the economy of new Power-Head Pistons.

It gets you Buick room, Buick luxury, Buick size and structure and solidity—including of course, the famed Million Dollar Ride and a new precision in handling ease.

It gets you, too, solid and deep-down value.

For any way you look at it, you're money ahead with the car that's years-ahead now in looks and line and the lift of its power—and the car that's outselling every other car in America except two of the "low-price three."

Drop in today or the first thing tomorrow—just to try and to drive and to compare a new Buick. We'll let the car prove its points.

**Rotary International Elects New President**

Frank Henderson, local delegate to the meetings of Rotary International in Seattle, Washington, announced that Herbert J. Taylor of Chicago was elected president of Rotary International for the 1954-55 year. The 45th annual convention had a registration of more than 8,000 Rotarians and their guests.

The international organization's new president is chairman of the board of the Club Aluminum, Products company and a director of a number of banking,

civic and manufacturing organizations. Taylor will fill the office held last year by Joaquin Serratosa Cibils of Montevideo, Uruguay.

Nancy Ann Peck, daughter of Mr. and Mrs. Vernon Peck of Irvin street, celebrated her sixth birthday on June 1 by entertaining the following little friends at a party: Judy and Betty Moberg, Christine Diener and Ray Christensen.

**ROTARIANS OFFICIALLY MET** Livonia's new superintendent of schools, Dr. Cole Brembeck, left, at their meeting last Friday where he appeared as guest speaker. Receiving an official welcome from Rotary president Lewis Goddard, the guest provided the club with one of the most interesting addresses it had heard in a long time.

trol. This factor he lauded by saying the interest in educational institutions is prevalent in every home where there is a child and it is this factor that makes the schools a matter of public interest no matter in which community they may be located."

He concluded his talk by explaining the difficult struggle which is going on within the schools themselves and which in the future may do much to hinder or improve our present method of education.

According to the speaker there are two warring camps within the schools with two entirely different versions of how to teach. One is the group of professional educators who have their philosophy of how teachers should be trained and the other is the group of academic educators who are more the disciplinarians and favor more the three R method of teacher training.

"The problem resolves itself in the question of how much of each kind of training should the teacher have. With the finest building in the world and all of the plush equipment there is at their command, without good teachers to man these facilities, we have nothing," he stated.

Miss Marilyn Wagenschutz, daughter of Mr. and Mrs. Harry Wagenschutz of Carol street, spent last weekend visiting the Spicer family and Robert Wallace in Samberg, Tennessee.

by July 1. A sand and gravel pit at Schoolcraft and Haggerty roads has offered to accept all rubbish at \$1 per load but has refused to take garbage.

The land fill method of disposal has been discussed as the most feasible method, but will require earth moving equipment. City Manager Al Glassford said that it is possible to start land fill operations on several acres near the city garage. He suggested using present equipment to see how the plan works, and then purchase a bulldozer if the operation is a success.

A significant decision concerning water for out-of-city homes was reached by the commission. With several applications being made by Plymouth township home owners to tap water mains which pass their properties, Glassford asked the commission to express their opinion on whether or not these applications should be granted. Commissioners argued that they have previously turned down requests to extend water mains to out-of-town users because of the limited supply of water and that for this reason, no more taps on the present mains should be allowed until a larger water supply is available.

The second and final reading of Ordinance 187 to amend Ordinance 180 was approved. The latter was the ordinance which required a fire extinguisher installed near all new oil furnaces.

**New Ordinance Requires Township Dogs to Have License by July 1**

A newly-enacted ordinance gives Plymouth township dog owners until July 1 to secure a license for the dogs and have them vaccinated for rabies, township Supervisor Roy Lindsay reminded township dwellers this week.

Owners of dogs have been slowly filing into township hall to secure dog licenses before the July 1 deadline. The ordinance, similar to the Plymouth city dog law, requires the dog to have a rabies inoculation before the license is secured.

Cost of the license is \$1 for male or unsexed females and \$2 for females. Fees will be doubled after the deadline date. All dogs over four months old must secure licenses. There are special rates for kennels.

Lindsay said that the township does not plan to hire a dog warden at this time but will use the

services of the township's three constables to enforce the new dog ordinance. He added that if it is found that the constables are not able to handle the job, it may be necessary to hire a full-time warden.

Plymouth township has three other ordinances which recently became effective. One controls the sanitation of eating and drinking establishments through inspections and granting of licenses. Another ordinance provides for the sanitary inspection of all bulk food establishments in the township. The third ordinance controls the installation of wiring and electrical devices and the registration of electrical contractors.

Mrs. Dewey Smith of Hillman was a visitor last week in the Guy Fisher home on Forest avenue.

By Les Wilson

For the interest of those who might make a picture or two intended for sale, let's consider the problem of model releases. Whenever you exhibit or sell a picture of a person or persons you face a possible lawsuit. Most of the trouble springs from invasion of the right of privacy.

It's not the mere taking of a person's picture, but rather the use to which it may be put which invades this right. If used for advertising, promotional or trade purposes, sale of pictures not properly released can be a source of legal embarrassment.

Getting a release from every living mortal who intentionally or otherwise pops up in a picture would be a discouraging task. Thus, it would be wise for the amateur photographer who intends to dabble in work for sale purposes to look into rulings which clearly define the rather tricky right of privacy.

And it would also be wise for any photographer-amateur or professional to look into THE PHOTOGRAPHIC CENTER In ALL MATTERS PHOTOGRAPHIC, both Services and Supplies, you'll find we consistently give the MOST VALUE for the LEAST MONEY.

Robert Ingram, Church School Superintendent  
Next Sunday morning June 13 at 10 a.m. our Sunday School and worship service will combine for a CHILDREN'S DAY program. Our young people who are graduating from high school are asked to attend as a group. Each year some special recognition is given to our graduates. The same applies to those of our church who are graduating from college. Bibles and other gifts will be given to our Sunday school pupils of age groups who are given such each year at this time.  
It is the hope of our Sunday school officers and teachers that all parents and friends will attend this service. Please remember that the Sunday school and worship service is at 10 a.m. each Sunday. This time will hold from now until next September.  
Saturday, June 12 at 5:30 p.m. our "Young Couple's Club" will meet for a picnic at the Plymouth Riverside Park near the tennis courts. This organization is growing. You will enjoy the fellowship. Come!  
Our Daily Vacation Bible School will be held from June 21 to July 2. The day by day schedule is 9:30, to 11:30 a.m. Children from 4 to 12 years are invited. That is, the school is planned for that age again. The dean of our V.B.S., Mrs. Harold Grimoldby, and her excellent staff have been working for months to make this another successful school. However, they should have and indeed must have the full cooperation of all the parents and children within the 4 and 12 year age group to achieve maximum results.

## Summer Worship Service Schedule

Plans for summer services in the local churches are completed now, showing that several of the churches will hold fewer services while others will continue throughout the summer as during the rest of the year.  
A change has been made by St. Peter's Lutheran church so that Sunday morning services will be held at 9 and 10:15 a.m. and Sunday School at 9 a.m. The First Methodist church will hold both Sunday School and the Sunday worship service at 10 a.m. throughout the summer.  
Services at the St. John's Episcopal church will include Holy Communion at 8 a.m. and the another service at 10 a.m. Sundays. There will be no services on Wednesdays.  
Beginning on June 20 the First Presbyterian church will have only one Sunday service, and that at 10 a.m. The Riverside Park Church of God will continue the same schedule of services with the exception of the Youth Fellowship services on Sunday evenings, which will be omitted.  
Church services will remain unchanged in the following churches: Plymouth Assembly of God, First Church of Christ Scientist, First Baptist church, Newburg Methodist church, Calvary Baptist church, Church of the Nazarene, Reorganized Church of Jesus Christ of Latter Day Saints and Our Lady of Good Counsel church.

## Honor Hoenecke On 25 Years With St. Peter's

About 250 members of the Lutheran congregation and friends got together on Sunday afternoon to honor the Reverend Edgar Hoenecke on his 25 years with St. Peter's Evangelical Lutheran church. The event was highlighted with a big chicken dinner in the church parlors.  
The work of the master of ceremonies was handled very ably by Leonard Arnison. A congratulatory message was brought to Reverend Hoenecke and those attending by the Reverend G. Press of Wayne, president of the Michigan District.  
Mrs. Otto Bayer, who entertained the pastor on his first morning in Plymouth, reminisced about the early days of Reverend Hoenecke's ministry.  
Attending the event besides Reverend and Mrs. Hoenecke and their five children were Reverend Hoenecke's father, Professor O. J. R. Hoenecke, and sister, Mrs. Pfeiffer, both from Saginaw. Congratulatory messages were read, and the Hoenecke's were presented with a television set and money from the congregation, as well as tokens of appreciation from individual members.

## Christian Science Church Elects New President

Spiritual understanding alone can heal today's widespread distrust and discord and assure universal freedom and security. The Christian Science Board of Directors said recently in a special statement.  
About 7,500 Christian Scientists from many parts of the world heard the Directors' message at the Annual Meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.  
Stressing the universal nature of spiritual understanding, the Directors said that the healing promises of practical Christianity apply "to every human being and every group and nation."  
"When we look at the world and its problems, we cannot fail to be grateful that the teaching of Christ Jesus has so broadly and deeply registered in it," the Directors said. This teaching, they declared, offers a lasting solution to confusion in government, conflicting national interests, and world tension.  
Named President of The Mother Church for the coming year was Mr. William R. Knox of Boston Massachusetts, a Christian Science practitioner active in the healing work of the denomination for almost 50 years. His term of office is one year.  
Mr. Knox emphasized the conviction of Christian Scientists that God's law and power are scientifically applicable to human problems and available to all.

## NEWBURG METHODIST To Hold Bible School

## Reverend Frye To Be Delegate To Conference

The Reverend Doctor Glenn M. Frye, 1115 Maple, Plymouth, is a member of his Methodist Conference delegation, which with other groups, will make up the more than 2,000 persons expected to attend the National Conference of Methodist Men at Purdue university, Lafayette, Indiana, July 9-11.  
The meeting will be the first assembly of its kind to be sponsored by the General Board of Lay Activities of the Methodist Church, with headquarters in Chicago.  
Theme of the conference will be "Methodist Men Work for Christ."  
Among the principal speakers who will address the meeting are: Attorney General Herbert Brownell, Jr., Washington, D. C., who is a Methodist layman; Lem T. Jones, Kansas City, president of United Church Men of the National Council of Churches; and Bishop Richard C. Raines of Indianapolis.  
Fran H. Faber, Minneapolis, Minnesota, is general chairman of the conference.

## DEFLATED

The young husband wrote home from his new job, saying: "Made foreman — feather in my cap." A few weeks later he wrote again, saying: "Made manager — another feather in my cap." After some weeks he wrote again, saying: "Fired—send money for train fare."  
His wife unfeelingly telegraphed back: "Use feathers and fly home."

# Roger Babson Says:

## BABSON DISCUSSES JUNE GRADUATES

Babson Park, Massachusetts. Labor leaders have forced employers to resort to unprecedented research. This research is teaching employers that they can get on without routine workers. This should be a warning to those now graduating from high school or college.

### PUSH-BUTTON AGE

The development of electronic furnishes the basis of modern automatic machinery. A simple illustration is the "electric eye," which opens doors at the correct time without any help from you. Another illustration is the record-changer and turnover on our phonographs, including the automatic stopping of the machine. The most complicated are the new "missiles" which chase and catch an airplane without any human direction.

This same electronic principle is being applied to operation of a factory by a dozen employees, in contrast to the 400 formerly required. As their chief duty will be to "press push-buttons," this can be done by women as well as by men. Labor does not realize the great changes ahead. Employers will always need human help; but not for many present-day jobs. They will want the intelligence and judgment of high school and college graduates.

### SERIOUS BLOW TO RUSSIA, CHINA AND INDIA

Russia has been depending on her massed armies to overrun Europe the first day of her attack. As the Free Nations of Europe learn to use atomic weapons, wars will also go on a "push-button" basis. The great masses of Russians, Chinese and Moslems will be a nuisance to clutter up a battlefield. Premier Nehru recognizes this. It explains his great desire to remain neutral. Electronics and the atom will cause tremendous changes in both warfare and education.

It surely is wonderful to live here in the United States, which is leading in these new developments. I envy our young people who are to graduate this month. They will have so many more opportunities than we oldsters had. I wish the schools and colleges would wake up to these changes that are ahead. Better pension off the professor who can teach only the orthodox old-fashioned

courses, instead of forcing young people to take these courses in order to get an A. B. degree.

### CHARACTER AND BRAINS

I forecast that the above changes mean young graduates will need good character more than ever before. Better training by homes, churches and colleges will be absolutely essential in this new electronic push-button age. Wise are the young people who now take evening courses which will enable them to move forward to better jobs when the dull ones are cast aside. I forecast that even the Linotype machine which sets the type for this column will be abandoned for a new automatic photo process.

The typical salesgirl of today could become obsolete. She could be replaced 70% by "self-service" counters, 20% by push-button vending machines, to which I have previously referred, and 10% by highly-paid, intelligent salesmen and clerks who secure new customers. Such qualifications must be had by the June graduates who are to get good jobs. The field of advertising and selling is yet in its infancy, with marvelous possibilities for those who properly train themselves.

### I FORECAST THAT THIS CHANGE MEANS:

(1) Manual and routine labor will gradually become obsolete.

(2) To keep employed those unable to do anything else, their hours of work will constantly be decreased with the same take-home pay. This will boost the "Build-It-Yourself" industries!

(3) The pay increases will go to the serious and intelligent employees. These will be no limit to the salaries of those who have the needed character, brains, loyalty, and initiative.

(4) The great U.S. problem will not be to raise crops, or to build homes, or to manufacture merchandise, but to get people to buy. Hence, instead of subsidizing farmers, we will subsidize merchants and salesmen.

(5) I am advising young men to become expert machinists, instead of lawyers; trained outside salesmen, instead of inside pencil-pushers; and after graduation this June, to attend night school in preparation for the NEW AGE.

One's belief in truth begins with a doubt of all the truths one has believed hitherto.—Nietzsche. —T. H. Huxley.

JUNE BRIDES LOVE...

# A&P's Gift for Thrift...

It's an old custom for new homemakers to do their first marketing at A&P and to shop here thriftily ever after. And this June—as usual—thousands of brides will get their housekeeping off to a smart start by saving money on items after them at A&P. But you don't

have to be a bride to share the savings made possible by A&P's gift for thrift. Whether you've been married for days or decades, a few weeks or many years, you're invited to come see... come save at A&P.

## Customers' Corner

### Bother of the Bride...

In our grandmother's day a bride's home was her sole responsibility. Today's busy brides often combine housekeeping, career and community activities. How to do this successfully? One big boost is to shop at your time-saving A&P... where everything is arranged to make shopping no bother at all for brides, or more experienced homemakers!

What's more, "just starting" budgets aren't bothered... they're pampered... by A&P's policy of store-wide low prices every day in the year!

Come see... come save... at A&P!

# Who's New In Plymouth

It will be a Happy Birthday tomorrow for David Cigan, son of Mr. and Mrs. John Cigan of 650 Jener. The Cigans and their two children take this week's spotlight as the new residents. David, shown here with his mother and six-week old sister, Judith Ann, will be five years old on Friday. Mr. and Mrs. Cigan moved to Plymouth from Indianapolis, Indiana in October of last year. Mr. Cigan is a confection broker. Mrs. Cigan is from London, England, coming to the United States in 1946. The family lived in Wisconsin when Mrs. Cigan first came to this country. The Cigans are members of the First Methodist church here.

## Mr. and Mrs. S. M. Grady Honored On Their Golden Anniversary June 6

Mr. and Mrs. S. M. Grady of Corrine street celebrated their fiftieth wedding anniversary on Sunday, June 6 with a picnic in Riverside Park.

All of their children including five sons and two daughters were present beside 29 grandchildren and 3 great grandchildren. Unable to attend were 3 grandchildren and 6 great grandchildren.

Mr. and Mrs. Grady came to Plymouth about five years ago. They were married in Troy, Tennessee on June 5, 1904.

Present for the gala occasion were Mr. and Mrs. T. H. Grady and family of Sikeston, Missouri; Mr. and Mrs. Dee McMullin and family, Mr. and Mrs. Finnis Luker and family, Mr. and Mrs. Emmerson Grady and family, Mr. and Mrs. Howard Grady and family, Mr. and Mrs. John Grady and family and Mrs. J. D. Grady and family, all of Plymouth.

Grandchildren attending were Mr. and Mrs. James Covey and family, Mr. and Mrs. Dale McMullen and family and Mr. and Mrs. James Grady, all of Plymouth.

**Plymouth's Men's Wear Observes Anniversary**

Plymouth Men's Wear is celebrating its sixth anniversary in Plymouth business, announced Sam Verona, owner. The business is operated jointly by Verona and his two sons, Earl and Don.

The store first opened in the spring of 1948 at its present location at 828 Penniman avenue. Verona has been in the men's wear business in Detroit for 25 years. The local store has expanded since it was first opened.

In observance of the anniversary the concern is continuing a special sale event.

## Girl Scout News

The Girl Scout Cabin was the scene of the Brownie Fly-up service on Friday evening, June 4. Brownies from troops led by Mrs. Thomas Adams and Mrs. William Edgar; Mrs. Karl Sonderegger and Mrs. Bernard Schwartz; Mrs. Stanley Wilt and Mrs. Jack Taylor; and Mrs. Robert Steele participated. A large group of parents witnessed the service as each Brownie received her wings and was welcomed into a new Scouting experience by an intermediate Scout. Leaders of these fly-ups will be Mrs. William Edgar and Mrs. E. P. Light; and Mrs. Woodrow Tichy and Mrs. Robert Barbour. Greta Jensen is the reporter.

Jeanie Schwartz reports that troop 17 enjoyed a cook-out at the Girl Scout cabin at their last regular meeting. Mrs. Karl Sonderegger and Mrs. Bernard Schwartz are leaders.

Troop 14 enjoyed a trip through the Plymouth Post Office as part of their My Community Badge. The Scouts are grateful to Postmaster George Timpona for the time he spent in explaining just how mail is handled. Mrs. Carl Wall is troop leader.

The Easter Seal Day Camp is once again being held at the Girl Scout Cabin during most of the month of July. Girl Scouts 12 years old or older have an opportunity of assisting with the activities. Girls interested are asked to list the time they will have available with their leaders who will report to Mrs. William Edgar. Girls who have helped in the past have enjoyed it very much and here is a chance, Scouts to do a very real piece of service work.

**Goodwill Industries To Collect on June 17**

Helping others to help themselves is typically American. That's why so many people are interested in the program of self-help for the physically handicapped which is conducted by Goodwill Industries. Through the collection, repair and sale of household discards, Goodwill Industries provides employment, wages and rehabilitation to nearly 400 handicapped adults.

An easy way to help Goodwill Industries help others is by contributing repairable discards of clothing, shoes, hats, toys, furniture and small appliances. These articles are needed in the Goodwill workshops now more than ever.

The Goodwill trucks will be in Plymouth and Northville on Thursday, June 17. For a truck pick-up call Miss Edith Sorenson, your Goodwill representative, at Northville 571.

**Theft of \$250 Being Probed**

Theft of \$250 from the cash register of the Roberts Supply company, 639 Lilly road, is being investigated this week by Plymouth police. Another theft, a car from Beglinger Oldsmobile used car lot, was partially solved last weekend when the car was found, but the person taking the car is still unknown.

The Roberts Supply company theft took place sometime after the office closed at 5 p.m. Saturday and Sunday morning. Police said that entrance was gained to the office several weeks ago but nothing was taken at that time. Last week's larceny was accomplished by breaking a hole in the window of a door.

Money was taken from the cash register, police said, although the money is usually locked in a safe.

Theft of the car took place sometime last Thursday night. It was recovered by the Wayne county sheriff's department at 12:55 a.m. Saturday on Bradner road near Five Mile. Several youths had "road tested" the car earlier in the day, police said. It was believed that a key had been

taken at that time or an extra key had been made while the car was being tried out.

**Grange Gleanings**

Those who were not at the Grange meeting of June 3 missed a fine supper. We have only one more meeting before our summer vacation, that meeting is to be on June 17. Let us hope to have better attendance next fall. We must make the meetings more interesting, more worth while. It can be done, you know. There are so many subjects that can be brought before the members that are interesting and of real value. Of course that means effort, but is there anything worth while to be had, without some effort?

Mrs. Louise Hutton spent the weekend with her daughter and family in Williamston.

Be sure to mark the date of June 13 on your calendar for on that day we are invited to attend services at Calvary Baptist church on West Ann Arbor Trail at 11 a.m. We had a splendid attendance last year at Newburg Methodist church so let us have as good or better this year.

Our annual Grange picnic will come on July 1 in Riverside Park, between Plymouth road and the railroad. More information will be given later.

The many friends of Mr. Hodge will be very sorry to learn that he suffered the amputation of his left leg above the knee on Friday of last week. He is getting along as well as could be expected. The doctors say his vitality is amazing.

**Attend Ford Film Showing in Ypsi**

Eight Plymouth people attended a luncheon and showing of the Ford Motor company's new motion picture, "American Farmer," last Friday noon at the Hotel Huron in Ypsilanti.

The film details the many functions of the farmer at harvest time as seen through the eyes of a city school boy hired to assist on the farm during the summer. The film received the top award in the agriculture film category of the American Film Festival held in Chicago.

Attending from Plymouth were Roy Lindsay, township supervisor; Dean Saxton of Saxton Farm store; Perry Richwine of First Federal Savings & Loan association; Ed Holdsworth and Warren Hoffman of Hoffman & Holdsworth Implement company; Ted Mackey of Mackey Mercury; Alfred West of West Bros.; and Robert Bullard of The Plymouth Mail.

**Even Trees Need Proper Feeding**

In a dinner nothing is more important than the food and how it is served. The thought goes for trees as well as for humans. Simply seeing that a tree gets nourishment often is not enough. When the arboreal mealtime rolls around, the home owner should pay attention to the menu he prepares. Most trees, for example, need a food formula high in nitrogen.

A properly balanced diet should contain approximately three parts of nitrogen to one each of phosphorus and potassium plus minute quantities of those vital trace elements that are so important in some soils.

Tree meals are served to the roots through holes in the surrounding soil. All too often, the home owner tries to get by with as few holes in the sod as possible.

But this means that comparatively few of the feeding roots get fed, even if a double dose of the victuals is placed in each hole. Most trees have a root system at least as wide as their branch spread, with the majority of the feeding roots being within the perimeter of the circle. Perforation holes are made over this entire area. These should be 12 to 15 inches deep and not more than 12 to 15 inches apart. The prescribed tree food dosage is then distributed among the holes. The unfilled portion should be filled with top soil, peat moss, shredded manure or other humus materials.

The evil that men do lives after them; The good is often interred with their bones.—Shakespeare.

# Set July 17-18 for City Golf Tourney

Plymouth's 1954 Chamber of Commerce golf tournament planned for July 17 and 18 at the Bob O' Link course promises to be the largest tournament ever staged locally. Chairman L. B. Rice states confidently that the prize list, entry and general planning will far exceed all previous efforts.

Besides a host of prizes which may total nearly \$1000 in value, the tournament will take on the aspects of a "golf outing" with the advent of a buffet lunch to be offered free to contestants at the close of the last day's play. Guests and spectators may join in the luncheon for a nominal charge, Rice stated.

Competition in all flights of the medal play tournament promises to be keen this year. One new innovation makes all previous champions and runners-up automatically qualified for the cham-

Other flights from the par shooter to the 100-plus golfer will be equally interesting as prizes will be distributed fairly throughout all flights.

An 18-hole qualifying round will be played Saturday, July 17 with starting times to be posted for this round in the July 15 edition of The Mail. The championship flight qualifiers will play 36 holes Sunday, July 18, while all other flights will play 18 holes. Starting times for the Sunday round will be posted late Saturday evening at the AAA office window and at Bob O'Link golf course. Rice stated that the final day's starting times will be planned so that all golfers will finish at approximately the same time in the afternoon. He has been as-

sured by Bob O'Link Pro Midge Cova that 27 holes will be available for play exclusively for the tournament.

Defending champion in the tourney is Tom Lock who downed Ralph Lorenz by a single stroke. Entry fee for this year's tourney will be \$5 and this will include the cost of the golf for the two days.

Last year's play started on a sour note as rain soaked the players on the qualifying round. Despite this, there was but one withdrawal of the 66 entries. "We're confident of obtaining a much larger entry list this year because of the earlier date of the tourney", said Rice. Last year the match was played in September. Members of Rice's committee

are: Jim McAllister, fund raising; Ed Wingard, prizes and display; George Todd, pairings and scoring; Bill Sliger, publicity; and Harper Stephens, Rex Purkey and Bob Wesley, rules.

### Summer Swim Registration Set For Next Week

A well-rounded swim program will again be featured at the high school swimming pool this summer states Herbert Woolweaver of the recreation department, and John McFall, swimming supervisor. Since the pool was opened two years ago thousands have taken advantage of the cool pool waters on the hot days during the summer months.

Registration will begin next week at the recreation office in the high school and anyone wishing to participate in this summer's program must register by Friday, June 18; The office will be open from 12:30 to 4:30 each afternoon for that purpose. The summer program gets underway on Monday, June 21 with classes for all ages. The number of classes in each division will be determined by the number that register.

All persons taking part in the swimming program are asked not to wear wool swim suits. The girls are required to wear bathing caps. Because of the depth of the water at the shallow end of the pool, children should be at least 48 inches in height bare-footed.

Swimmers must furnish their own towels.

The tentative program is as follows:  
 9-10 a.m. Beginners Grades 1-3  
 10-11 Beginners Grades 4-6  
 11-12 Jr.-Sr. Life Saving Grades 1-2 Swimmers Grades 1-3  
 2-3 Swimmers Grades 4-6  
 3-4 Swimmers Grades 7-8  
 4-5 Swimmers Grades 9-12

There will be an evening pro-

gram for adults and teen-agers as follows:  
 Monday 7:30 p.m. Family Swim  
 Tuesday 7:30-9 Women's Swim  
 Wednesday 7:30-9 Father & Son  
 Thursday 7:30-9 Adult Swim  
 Friday 7:30-9 Teen-agers

Anyone desiring to enter any of the above program should register at the high school recreation office this week so that a permanent schedule may be made up.

**MANY OF BASEBALL'S STARS TAILED**

Granny Hamner, crack second baseman of the Phillies, was much annoyed. A fellow in a car was tailing him. He protested to Philadelphia police, and the Quaker City coppers promised protection. They halted the driver of the trailing car, who proved to be Charles DeLand, a private eye employed by the Phillies to keep an eye on the players. Hamner was quite indignant and club President Bob Carpenter publicly apologized to Granny, saying, "the detective trailed the wrong man," and Hamner cooled off.

Commissioner Ford Frick was asked for comment. He replied: "It's no violation of baseball law," and said it had been going on for years.

Many of the stories in the current issue of The Sporting News deal with Babe Ruth and his efforts to evade curfew laws set by his club. In his autobiography "My Fifty Years in Baseball," the late Ed Barrow said it was his custom not to retire until all his players had checked in, but he gave up at 4 o'clock one morning when Ruth was missing.

The hotel employee whom he asked to continue the vigil reported at 6 a.m. that the Great Man had arrived. Barrow stormed into The Babe's room, to find him cozily under the covers, smoking a pipe.

"Do you always smoke a pipe at this hour of the day?" asked Barrow.

"Sure," said Ruth. "It's very relaxing."

Barrow jerked off the covers. The Babe had some difficulty explaining why he was fully dressed, even to his shoes.

The story continues to say that John McGraw frequently employed private eyes during his historic and colorful 30 years as manager of the Giants. He had to deal with such characters as Bugs Raymond and Phil Douglas on his squads, not to mention a few others who disappeared from the big league roster after private investigations.

Years ago the late Walter Briggs, who owned the Detroit Tigers, put a private eye on Boots Poffenberger, his unpredictable pitcher. A few days later he called The Baron into his office for a conference and read off an imposing list of things the young man had done and the places he'd been.

"How'd you find out all those things?" asked Poffenberger. Briggs explained that he had put a detective on the pitcher's heels.

"That's silly," said Boots. "Why don't you put him after some of the other guys? You know what I'm going to do."

Sports news on the local front was scarce last week. Therefore, I wish to reprint an article I read last week concerning the behavior of children entitled "Love, Trust Your Child and He'll Learn to Behave." It was written by Dr. Bernice Borgman, director of the Michigan State College nursery school.

"Sometimes a child's behavior may seem planned to annoy parents. But is it?"

It is more likely that a child hasn't yet learned what other people feel is acceptable behavior or how he can achieve it, explains Dr. Borgman.

"Love, trust, enjoyment and good-natured treatment are the tools you can best use to help your child learn acceptable behavior," says the same author.

She means that when parents ask more mature behavior from a child than he is capable of, it usually means failure for him and strain for both parents and child. "It isn't fair to expect too much— but neither does he want you to underestimate his experience and abilities," the child expert asserts.

Dr. Borgman says parents need to know not only their own children, but more about all children. For example, most two-year olds do not play cooperatively. Knowing this you will not be embarrassed because your child almost ignored another two-year-old who came to visit.

"No child can be expected to conform in all respects to a set of preconceived ideas for a given age. Individual differences account for a child being ahead of his group in some respects and behind in others—and yet be a very normal child."

Parents find it necessary to give much time, effort and money to the job of being parents, she says, and do so willingly because the satisfactions are well worth the price. But the expert adds: if parents are wise, while trying to understand a child, they will also honestly try to understand themselves. Recognize both your liabilities and your assets—then pattern your living accordingly is Dr. Borgman's advice.

Parents who are trying too hard to be something they are not only create an atmosphere of emotional strain which children are quick to sense, she says. "Many times a child's difficult behavior actually stems from strains and maladjustments in parents' lives."

"If your child could discuss behavior with you, he might be tempted to suggest—Please let me be myself, help me to develop to the best of my abilities, but don't have too fixed notions about what you want me to be."

It is better that some should be unhappy than that none should be happy, which would be the case in a general state of equality. —Samuel Johnson.

An error and three straight hits after two were out in the seventh inning were too much for the Plymouth Merchants to overcome and as a result the local nine went down to their third defeat of the season. Northville was the winner by a 4 to 2 margin at Cass Benton Park last Sunday.

The contest had been a hurling duel up to that point with each pitcher allowing only four hits and two runs, but in the last of the seventh inning after Rousseau had thrown out the first batter at first, the shortstop erred on a ground ball, and when he overthrew first the runner took third. Hock got the next batter on strikes for the second out, but then a triple and two singles pushed two runs across the platter.

Northville had scored first in the fourth inning on a walk, a sacrifice and two singles. The Merchants came back to tie it up in the fifth as Dzurus and Whyte opened with singles, were sacrificed along by Collura, and both scored on Ed Hock's single to center.

The Northville hurler's fast ball struck out 12 local batters in allowing four hits, all singles. Ed Hock allowed 7 hits, struck out 5 and walked 2 and hit one batsman.

The four Plymouth hits were made by Williams, Dzurus, Whyte and Hock. The fielding gem of the game was a diving catch of a line drive just off the ground made by Pete Collura in the sixth inning.

This Sunday the Merchants play Wayne Dietrich at the Junior High Field in Wayne. The game begins at 3:30 p.m.

At a meeting of the high school tennis squad last week Edwin Rossow was elected captain of this year's squad and Jim Zukosky as the most valuable tennis player. A senior, has been on the team for three years, while Zukosky is finishing his junior year. Thirteen boys received varsity awards and 10 others reserve awards for play during the past season. Coach John McFall gave varsity awards to the following: Jim Zukosky, Edwin Rossow, Bob Batesman, Brian Kidston, Jerry Steple, Pieter Schipper, Richard Root, Dave Bowen, Mike Conrad, Melvin Sawyer, Jerry Trahan, James Gibson and Arthur Losse.

Reserve awards went to John Cell, Tony Cousins, Lee Huber, Douglas Lock, Douglas Rowe, Thomas Rowe, Ed Stratarski, Wesley Smith, Martin Strasen and David Tillotson.

**Status of Liberty Stamp  
To Go on Sale July 1**

Dr. George Timpona, local postmaster, has announced that on or about July 1 the new three-cent Statue of Liberty stamp will be placed on sale. The stamp bears the words "In God We Trust."

He said that the stamps will be issued in booklet form in two sizes: one containing 12 stamps and the other 24.

**A DROP**

Those in Sierra Leone, West Africa, who sent an offering of \$22.50 to Windy City churchmen to be used in combating the "evils of civilization in Chicago," had good intentions, but inadequate understanding of the size of the task.—Indianapolis Star.

The boys summer baseball program will begin next Monday when Class E for lads 16 and under, and Class F for those 14 and under begin the summer schedule. Class D, for boys 18 and under, will begin next Tuesday. So far, however, this team has no sponsor or manager. The recreation department has suits, but has been unable to locate a sponsor or a manager. If anyone is interested in either, he should contact Herbert Woolweaver at the high school.

In the D League will be teams from Plymouth, Livonia, Redford Township, Dearborn Roosevelt, Inkster (2 teams), and Wayne (2 teams).

Davis & Lent is sponsoring the team in the E league.

The Plymouth Softball League was supposed to begin its schedule last week, but rain interfered and it did not get underway until this week.

Games tonight find LaFontaine playing Evans at 6:15; Olds going against Barnes, Gibson, Raymond at 7:30; and Cavalcade playing Merchants at 8:45. Games are played every Monday and Thursday in this fast league.

The above teams are managed by the following men: Cavalcade, last year's champions, by Joe Thibadeau; Plymouth Merchants by Phil Barnes; Beglinger Olds by Douglas Egloff; LaFontaine by Charles Dudley; Champion Corrugated by Gordon Tornow; Evans by Herbert Little; and Barnes, Gibson, Raymond by Jim Mitchell.

**Late Rally Nips Rock JV's 6 to 5**

The Plymouth high JV baseball team came within one out of winning the second straight game over an Ann Arbor JV nine last week, but with two men out Bill Perigo, son of the Michigan basketball coach, slapped a single over the infield to score the winning run. Ann Arbor scored 4 runs in that last inning to come from behind and defeat the Rocks 6 to 5.

The young local JV's counted all 5 runs in the first inning on wildness as 5 walks combined with a triple by Jerry King, and singles by John Thomas and Cliff Tait propelled the markers across the platter. Plymouth was shut-out after that first big inning, but Ann Arbor kept pecking away at the lead with 2 runs in the first inning on a walk, 2 singles and a triple, and then were held in check until they exploded in the last inning for the 4 winning runs on a walk, an error, a double and three singles.

Plymouth made 6 hits—three by Cliff Tait, two by Clear and one by Thomas. Bob Jenkins hurled for the Rocks until relieved by Grow in the fatal last inning. The Ann Arbor twirler, Ed Lewis, held the locals to 6 hits, struck out 10 while walking 9 men.

Coach Charley Ketterer issued 18 junior varsity awards to the following men: Wallace Bullard, Jerry Trost, John Thomas, Cliff Tait, Pat Roedding, Robert Clear, Dan Christenson, David DeCoster, David Grow, Richard Gra-

bowski, Jerry Mearl, Bob Jenkins, Jerry King, Dennis Kudej, Henry Meade, Richard Manion, Linde Mills and Virgil Norgrove.

**Wayne Nine Leads  
In Inter-County**

The Wayne Merchants vaulted into the Inter-County baseball lead yesterday with an easy 16 to 2 win over the hapless Lincoln Cubs, who have yet to win a game. The leaders only lost this year was an 8 to 4 defeat handed them by Grandale earlier in the season. Auto Club, last year's defending champions, got off to a slow start losing three of its first four games, but have started hitting now and have won three straight games. Sunday Auto Club knocked Taylor out of a first-place tie when they beat them 9 to 3. In other games Northville downed Plymouth 4 to 2; Farris defeated Wyandotte 7 to 1; and Teamsters won over Grandale 7 to 5.

The league this year has 14 teams, all in one division. Those having a percentage of 500 or better will enter a championship playoff, while those under 500 will enter a consolation playoff. Each playoff will be conducted on a two-game knockout series and will begin the Sunday before Labor Day.

SELECTED AS THE CAPTAIN and most valuable by their teammates on the track squad were Jerry Swain (left) and Jerry Kelly. Swain, a junior, won both hurdle events in all dual meets this year, placed high in the state regional and league meets, and set a school record in the low hurdles. Kelly, a senior, placed third in the state Class A 220-yard dash and got as far as the semi-finals in the 100-yard event. He won both events in the league meet by setting a new record in the 220 and tying the 100-yard mark. Swain will be back for another year, while Kelly is enrolling at the University of Michigan.

# Chips from the ROCK

Fortunately this is America and everyone is entitled to his own personal opinion. Last Saturday I attended the zoning meeting at the township hall at the invitation of two other property owners in the area.

Each had asked my opinion of the proposed zoning change, and I told them I hadn't thought of it before and actually I didn't know much about it, but since a few years ago I had acquired a future large homesite in the area, I would most certainly attend.

The day previous to the hearing I went to the township hall to see the newly proposed map. Then shortly thereafter I talked to a couple of local real estate people who informed me, that whichever decision was finally reached in the matter, it wouldn't make much difference to me personally in dollars and cents, because of two reasons. First, if the change was made I would lose all of my valuable frontage on Territorial road as future homesites. There was no question but what that section would become less desirable if they were to overlook railroad sidings which were adjoining large industrial plants.

On the other hand, however, if I lost dollars on the frontage I would then gain it on the rear of the property where industrial sites would compensate for the homesites lost. I have equal frontage on both Territorial road and the railroad.

So, as far as my own pocketbook was concerned, it seemed a toss-up and that's usually what most of us think about. Not for one minute, however, then or now, did I lose sight of the fact that the area affected was, in my personal opinion, about the only really undeveloped, desirable area left around Plymouth for future beautiful home development. I look on it today as I have visualized it in the past as an area with the future possibility of a Franklin Village, or the like.

Be that as it may. As I listened to less than 50 residents put their actual protest on record at the hearing, and I heard one, in a discussion about the advantages of the interceptor sewer to the township say, as he was being told how it would materially benefit Green Meadows and the southern part of the township immediately, that he "didn't care about Green Meadows." I wondered. Wouldn't you?

Then when I was told I was one of the perpetrators of the idea by a couple of women I became incensed, because any Township official can tell you I had never discussed the issue, its effects, its advan-

tages or disadvantages until the day before the hearing with any of them.

I have lived with Township Supervisor Roy Lindsay, Sam Spicer, Norman Miller, Carl Hartwick and their families, and all of the rest of the township officials for almost 25 years and I have the utmost confidence in their actions and their opinions.

I am also fully aware of the fact, as are they, that they owe their responsibility to the majority of the 6,000 residents of the township not any group from any one specific area. Mr. Spicer, township treasurer for some 18 years, pointed out the fact that the township receives less than 5c of every tax dollar paid by township residents. He stated that at every meeting of the township board there had been request after request for things in all sections of the township that the Board could do nothing about because they didn't have the money. He further pointed out the fact, as did the supervisor, that homes do not provide tax dollars and that over 2/3 of the tax dollars paid in the township come from industry.

These are facts that I am well aware of. Isn't it true that Plymouth City Manager, Al Glassford, has publicly stated many times that Plymouth or any other city cannot support its city and make improvements on the income from tax on homes. It needs tax dollars from industry. Not long ago it was pointed out on this page that Plymouth's industry and business houses provided over 50% of the tax money paid into the City Hall.

It is also a matter of fact that city officials right now, would give almost anything, if they could annex that part of the township which has industrial plants. They need those tax dollars to provide the residents of Plymouth with the improvements they need, and who can blame them?

THESE ARE ACTUAL FACTS, and when township officials state that it is their best judgment that this area must provide the rest of the township residents with the improvements they will need in the future, not today, some move of this nature must be made, and someone is going to suffer.

IT'S AMERICAN TO PROVIDE FOR THE MAJORITY.

IT IS ALSO A FACT TODAY that any of the residents along the railroad facility may wake up any morning and see a factory at their doorstep. Take as an example the prosperous Champion Corrugated Container Company, an asset to Plymouth, on the east side of Sheldon at the railroad. Lift that plant across the road on the north side of the tracks and overnight industry has opened up the 250 foot strip on the north in the township down the rails. A common road would string a dozen industrial plants from Sheldon to Beck before the summer is over. IT COULD HAPPEN JUST THAT FAST.

It is also a known fact that the railroad is planning the building of more tracks on their property to care for the increased, anticipated load to the west.

Instead of six trains daily, there soon may be sixty and no one here can or will stop that eventuality.

Unfortunately, under the present zoning map AS IT IS NOW IN EFFECT, NO PROTECTION WOULD BE PROVIDED FOR THE RESIDENTS IN THE AREA. No smoke control, no planting of trees and evergreens for a shield, no 200 ft. property line set-back and little control over the shape, design, style, etc., of the building they might wish to build.

According to supervisor Lindsay, these protective features would be a part of the new zoning proposal. They are not protecting anyone in the area today.

If I were to analyze the proposed zoning change, I would disagree violently with the engineers. The proposed area, north of the tracks, to 5 Mile road is far too extensive for light industry. The proposed country home area must be more clearly defined and the ridiculous strip of 300 ft. on Territorial road, for Class A residential, might just as well have been forgotten. Who wants to build a \$50,000 or \$60,000 home on a main highway lot with a depth of 300 feet?

There certainly is much to be desired in the proposal, and that is my understanding as to the purpose of the hearings. It might well be pointed out that we can be sure township officials will take no action if they determine it not to the best interest of all concerned.

A member of the school board approached me Friday to point out the necessity and the value of having industry locate in the township. He stated the need for more tax dollars for future schools. As more residents pour into this area more schools will certainly have to be built, and it was his opinion that the school district will sorely need tax funds from industry which usually locate along a railroad. If industry moves west, beyond Plymouth township, along the railroad, other governmental units will profit from their taxes.

As I seriously study all the phases of the proposal it becomes obvious that some will sacrifice. A man's home is his castle, and who can blame the residents of the affected area, who have invested their life savings in the cozy homes that they have, for protesting?

The ultimate solution will be a difficult one for all concerned. It is my opinion that township officials are not thinking about today or tomorrow, but perhaps about the years ahead. The entire Wayne County problem is under study at this time by several different groups. Your elected township officials would be derelict in their duties if they were not keeping abreast of the changing times and conditions.

PROGRESS WILL NOT BE STOPPED IN THIS SECTION OF THE COUNTY NO MATTER WHO OR WHAT IT AFFECTS. But there is one thing certain that I can assure you now, no one will ever point his or her finger at me and say, "He stood in the way of progress for the overall community."

## ★ THINKING OUT LOUD ★

One question, sometimes controversial, sometimes personal, is asked each week by The Mail of four pedestrians along Plymouth's downtown streets. This week's guests are "thinking out loud" on the question:

"What do you think of the Chamber of Commerce's idea of operating the Central Parking lot with attendants, like a commercial lot, instead of using meters?"

MRS. MAXINE KUNZ, 39665 Koppnick road: "That kind of parking lot would be fine. Often a person dashes into a store, can't get waited on, or is held up for some other reason. Then you have to dash out and put more money in the meter or else get a ticket."

S. J. WILHELM, 424 Ann: "That depends how much they charge. They would need to hire attendants and that would eat up some of the profit. But I think it is worth a try. Maybe it would eliminate some of the hard feeling when tickets are issued."

BOYD WILSON, 9456 Oakview: "I believe I would go for the idea. It would have many good points. Right now I park in the Central lot at an all-day 25-cent meter."

MRS. JOHN CANNING, 1241 Penniman: "I would prefer it. They have that system in Ann Arbor. I can leave my car in an Ann Arbor parking lot and spend all day shopping without worrying about meters."

## MICHIGAN MIRROR

By Gene Alleman  
 Secy. Mich. Press Ass'n.

An enemy invasion, which threatens to spread all over Michigan, is being combated in the central part of the state.

If present tactics are successful, the threat will be eliminated. If not, more extensive means must be employed. Already \$150,000 of Michigan money has been appropriated in this battle. Future activities will be even more costly. The alternative—doing nothing—is infinitely more expensive.

The foe in this case is the gypsy moth. Insignificant sounding perhaps, but known to be one of the most destructive of insects. In its larva, or caterpillar stage the gypsy moth satisfies its prodigious appetite on the green leaves of trees, shrubs and other leafy plants. The larvae appear in such astonishing numbers that they can totally destroy all foliage in an area.

State officials were faced with the urgent problem of what to do. The choice was to immediately adopt a program involving spraying and other precautions in cooperation with federal authorities, or face a federal quarantine under which every material that stands out-of-doors would be inspected and certified before it could leave the area. They chose to take action.

"Never in the 30 years that I have worked in this field did I see such splendid cooperation between various branches of the government and the community," stated C. A. Boyer, chief of the Bureau of Plant Industry for the Michigan Department of Agriculture.

Boyer told the story of how the gypsy moth came to be found for the first time west of Pennsylvania.

"A peculiar bug is raising havoc with my plants," reported a Lansing housewife to the city forestry office. "Will you tell me what to do to get rid of it?"

Samples of the insect picked by these men showed it to be foreign to the area. They called upon Bower of the Agriculture department; Dr. Gordon E. Guyer and Prof. Ray Hutson of Michigan State College's entomology department. These men identified the insect as the destructive gypsy moth. Specialists of the Conservation and Highway departments were quickly called into consultation

Reports of the moth in other parts of the state were not long in arriving. Several came from areas along US 16, Brighton and Detroit.

These, and all other that are made are to be quickly investigated. If conditions warrant, spraying and other weapons will be put to use.

Men have been fighting the gypsy moth for nearly half a century in New England. Every effort possible will be made in Michigan to win the battle early—before the enemy is able to become firmly entrenched.

# Favorite Recipes From Plymouth's Kitchens

Mrs. John F. Henderson checks her mixer before preparing hot fudge sauce cake.

## Hot Fudge Sauce Cake

A hot fudge sauce cake is the favorite for Mrs. John F. Henderson of 4245 1/2 Parkhurst. The cake, served with ice cream, is an ideal dessert for company, and would be excellent if you are entertaining at one of the many bridal showers this month.

Mr. and Mrs. Henderson have one child, Diane, who is eight months old.

**Hot Fudge Sauce Cake**  
1 1/2 cups flour  
1/4 heaping teaspoon salt  
3/4 cup milk  
1 cup plus two tablespoons sugar  
3 teaspoons baking powder  
3 tablespoons melted shortening  
3 tablespoons baking cocoa  
3/4 cup nuts

Sift together the dry ingredients. Then add the shortening and milk, and then the chopped nuts. Mix well and pour into an 8 by 8 inch cake pan.

**Sauce**  
1 1/4 cups hot water  
4 tablespoons cocoa  
1 cup brown sugar

Mix ingredients for sauce together and pour sauce over the batter in the cake pan. Bake in a 350 degree oven for 45 minutes. The cake will rise to the top and the sauce will go to the bottom during baking. When done, cut the pieces in the pan, turn them over and serve hot on ice cream.

## One Million Women To Be June Brides

Each year in the month of June nearly one million American women marry. Here is an important reminder to them from the Social Security Administration.

Their social security card should show their married names. Anyone changing her name should get in touch with the nearest social security office and exchange the card for one showing the same number but the new name.

This enables the Social Security Administration to keep each record correct and up-to-date. When the new card is received it should be shown to the employer. He will copy both the name and number exactly from the card. His quarterly reports of the earnings will then show the correct name and number.

Prompt action to record the name change will protect the person's social security rights.

The Northwest social security office is located at 14600 Grand River, Detroit 27, Michigan. The telephone number is Broadway 3-1717.

## Garden Club to Hold June Picnic Meeting

A potluck picnic on Monday, June 14, will be the highlight of the meeting of the Plymouth Branch of the Michigan Division of the Women's National Farm and Garden Association. Members of the club will meet at the cottage of Mrs. Carl Shear at Base Lake.

The meeting will start about 10 a.m. with the luncheon, at noon. Members are asked to bring their own dishes. Anyone desiring transportation should contact Mrs. Roy Jacobus.

## New Books at Dunning Library

With summer getting very close the library has announced its summer hours. The Dunning branch will continue open until 9 p.m. on weekdays but will be closed every Saturday from June 19 to September 4.

The latest shipment of new books has arrived, also, with an excellent selection from which local readers may choose.

These include: "Larry Pennington" by Basil Partridge, "Captain of the Medici" by John J. Pugh, "Plant Production Control" by Charles A. Koepke, Evelyn M. Richardson's "Desired Haven," "Ghost Town Bonanza" by Rosemary Taylor.

"Bailey's Handbook for Sta-

tionary, Marine and Diesel Engineers and Firemen", "Black Renegade" by Dana Faralla, "The Flaw in the Crystal" by Godfrey Smith, "A Bed of Roses" by William Sansom, "The Secret Stair" by Phyllis Bottome, "The Strangling" by Alice Harwood. Harriette Arnow's "The Dollmaker", "The Social Psychology of Prejudice" Gerhart Saenger, "The Last Love of Camille" by Frances Winwar, "Never Victorious Never Defeated" by Taylor Caldwell, and "God's Country and Mine" by Jacques Barzun.

## Richard Sacketts To Reside Here

Large baskets of white peonies and stock formed the setting for the ceremony on Saturday afternoon, May 29, uniting Laura Yvonne Simmonds and Richard Clark Sackett. Laura is the daughter of Mrs. Naomi Simmonds of Morton, Indiana and the late Francis Guy Morton. Richard is the son of Mrs. Joan Sackett of Plymouth and the late Clark Sackett.

The Reverend David T. Davies officiated at the four o'clock ceremony.

Laura was attired in a blue suit with frosted white nubbing boucle with which she wore white accessories and an orchid corsage.

Her only attendant was Dorothy Ruder of Walled Lake. She wore a beige wool suit and her corsage was of pink carnations.

John Burkart assisted Richard as best man.

Following the ceremony a reception was held at the Sackett home on Gilbert street with 50 guests attending from Detroit, Redford, Wayne and Plymouth.

Laura was graduated from Morton, Indiana, high school and is employed by the Michigan Bell Telephone company in Plymouth. Richard attended the Plymouth high school and served four years with the United States Navy. He is employed by the Weber Machine and Tool company in Northville.

The young couple will make their home on Starkweather avenue until their new home is completed.

## Augustine Wins Honors At Swarthmore College

Augustine attended Redford high school in Detroit.

## Joyce Carson In First Nursing Class Graduation

The first class in Michigan State college's Department of Nursing Education program will receive degrees Sunday (June 6) at M.S.C.'s 96th annual commencement program. Among the graduates will be Joyce Carson, 141 South Main street, Plymouth.

Ten women students, all from Michigan, are in the first graduating class. Following their final term of schooling this summer they will be "pinned" on September 3, and will be eligible for employment as nurses, according to Miss Florence C. Kempf, head of the nursing education department.

After successful completion of State Board of Nursing examinations in October or November of this year, they will become full-fledged nurses.

M.S.C.'s professional nursing education program has three major functions, Miss Kempf said: To provide the student with learning experiences in nursing, to encourage her personal growth, and "to assist her in developing social sensitivity and responsibility." About half of the four-year program is devoted to general education and half to professional nursing education.

Clinical practice and field work are obtained by the student nurses in seven health agencies in Michigan, through cooperative agreements. These include the Butterworth hospital, Grand Rapids; Calhoun County Health Department, Battle Creek; Children's Hospital of Michigan and Detroit Visiting Nurse association, both of Detroit; Holland City hospital, Holland; Ingham County Tuberculosis sanatorium, Lansing, and the Northville State hospital, Northville.

## Joseph D. Sargent Jr. Graduates from OSU

Joseph D. Sargent, Jr. of 45805 West Ann Arbor road will be among the 272 Ohio State university students who have completed four years of training in the Army R.O.T.C. program and will receive commissions as officers at the university's spring quarter commencement exercises on Friday, June 11.

Sargent and 19 other men are receiving commissions with the chemical corps.

## Canned Meat Is Basis for Tasty Casserole

Today, canned meats offer a wide field of eating enjoyment. Here's one dish that you'll find just right for many occasions. It's a corned beef casserole that's topped with tender parsley dumplings. Serve this with corn on the cob, a green salad or relish tray, rye bread and a dessert of strawberry sundaes.

### Corned Beef Casserole

- 1 12-ounce can corned beef
- 2 tablespoons butter or margarine
- 2 tablespoons flour
- 2 teaspoon salt
- 2 teaspoons prepared mustard
- 1 tablespoon horseradish
- 1 1/2 cups drained canned or frozen peas
- 1 1/2 cups vegetable liquid or water

### Parsley dumplings

Melt butter or margarine and stir in flour, salt, mustard and horseradish. Gradually add vegetable liquid or water and cook, stirring constantly until

thickened. Add corned beef and peas. Bring mixture to boiling point and drop Parsley Dumplings by tablespoons on corned beef mixture. Cover closely and simmer 20 minutes. 4 to 6 servings.

- ### Parsley Dumplings
- 1 cup enriched flour
  - 1 1/2 teaspoons baking powder
  - 1/2 teaspoon salt
  - 1 tablespoon minced parsley
  - 1 egg, beaten
  - 1/3 cup milk
  - 2 tablespoons melted lard

Sift together flour, baking powder and salt. Add minced parsley. Combine egg, milk and melted lard. Add liquid to dry ingredients, stirring only until flour is moistened. Drop by spoonfuls on mixture.

If a cooked filling is called for in a one-crust pie, a much better shaped shell will result if the pastry is chilled in the pie pan before it is baked.

## Love, Trust Called Tools To Help Child

Sometimes your child's behavior may seem planned to annoy you parents. But is it?

It is more likely that your child hasn't yet learned what other people feel is acceptable behavior or how he can achieve it, explains Dr. Bernice Borgman, director of the Michigan State college nursery school.

Love, trust, enjoyment and good-natured treatment are the tools you can best use to help your child learn acceptable behavior, says Dr. Borgman.

And do you know what behavior may be expected from a child at various levels of development? When you ask more mature behavior from your child than he is capable of, it usually means failure for him and strain for both parents and child. It isn't fair to expect too much—but neither does he want you to underestimate his experience and abilities.

So parents need to know not only their own children, but more about all children. For example, if you know that most 2-year-olds do not play cooperatively, you will not be embarrassed because your child almost ignored another two-year-old who came to visit.

Of course, no child can be expected to conform in all respects to a set of norms for a given age. Individual differences account for a child being ahead of his group in some respects and behind in others—and yet be a very normal child.

You will find it necessary to give much time, effort and money to the job of being parents. And you do so willingly because you feel the satisfactions are well worth the price. But, if you are wise, while trying to understand your child you will also honestly try to understand yourselves, advises Dr. Borgman. What kind of persons are you? Recognize both your liabilities and your assets—then pattern your living accordingly.

Parents who are trying too hard to be something they are not only create an atmosphere of emotional strain which children are quick to sense.

When you are planning a buffet menu, include main-course foods that can be served on a single plate. Unless you are going to have small tables at which guests can seat themselves, it's best to serve fork-foods. Any bread, rolls or biscuits served should be buttered ahead of time.

Milk is the best food bargain on the market, says George Parsons, extension dairyman at MSC. It is figured this way: a quart of milk contains one cent's worth of sugar, 2 1/2 cent's worth of fat, 38 cent's worth of protein—if you figure the present price of a beef or pork roast; and a half cent's worth of vitamins and minerals.

## Magic Ice Cream for Bridal Fare

**THERE ARE PROBABLY MORE SHOWERS RIGHT NOW** than at any other time of the year—bridal showers, that is. They are a traditional prelude to the Perfect Wedding! If you have a shower on your party-giving schedule, you'll want light, easily-prepared refreshments: pretty party sandwiches, individual aspic salad, tall, tinkling-cool glasses of iced coffee with whipped cream, and, of course, fresh strawberry ice cream and cookies. For that special partyish touch, try this homemade strawberry ice cream made with sweetened condensed milk. With this failure-proof recipe, you'll find it an easy matter to make several trays of ice cream, especially since you need only take it out of the refrigerator once for beating.

The sweetened condensed milk, which should not be confused with evaporated milk, gives you ice cream that is creamy and rich without any of those pesky little ice crystals that frequently crop up in some homemade ice creams.

### FRESH STRAWBERRY ICE CREAM

- 2/3 cup (1/2 can) sweetened condensed milk
- 1/2 cup water
- 1 cup crushed strawberries
- 1/4 cup sugar, about
- 1 cup heavy cream

Set refrigerator control at coldest point. Combine sweetened condensed milk and water. Chill. Sweeten strawberries to taste. Stir into milk mixture. Whip cream to custard-like consistency. Fold into chilled mixture. Pour into freezing tray. Cover tray with waxed paper. Freeze to a firm mush (about 1 hour). Turn into chilled bowl. Break up with fork then beat with rotary beater until fluffy but not melted. Quickly return to tray, cover tray with waxed paper. Return to freezing unit. Freeze until firm. (ANS)

## Fix Summer Dinners in Mornings

Summer time may find the kitchen not the busy place it is during cooler months. However, the family needs nutritious meals in summer, the same as winter. Here is a suggestion. Do a great deal of your meal preparation in the cool of the morning, and occasionally prepare sufficient food for second and third day meals.

A meat loaf, for instance, may be baked entirely in the morning, then sliced reheated just before dinner. These may be served with a sauce of cream of mushroom soup or tomato soup.

Or cook a large pot-roast in the morning. To serve, reheat chunks in a barbecue sauce. For a second meal, cube the beef and place in a greased casserole. Pour a medium white sauce over it. Season and sprinkle with buttered bread crumbs and grated cheese. Heat thoroughly in a moderate oven. Left-over roast beef or pot-roast and cooked noodles reheated in a casserole make another quick dish.

Of course, baked ham in your refrigerator is a great convenience. Ham and corn, ham and lima beans are both good summer time combinations. You can

prepare the casserole in the time. Then place in a moderate morning, cover closely and chill over just long enough to heat in your refrigerator until dinner through.

## Give Laundry Hints

Many homemakers are beginning to use the attractive pastel colored sheets for such things as curtains, drapery, flounces, tablecloths and bed spreads. Make sure the colored sheets you buy are sunfast and colorfast if you use the sheets on the beds or elsewhere in the house. Look for the sheets whose label certifies washability and colorfastness.

When shopping for curtain materials inquire about washability. If there are no preshrunk labels make allowance for lengthwise shrinkage—as much as three inches to the yard. To decide total yardage, figure on at least 100 per cent fullness if the curtains are not to be skimpy. In other words, the fabric should be twice as wide as the space to be covered.

Another pathetic figure is the woman who has kept so healthy that she never could have an operation to talk about.

# Blue Flowers in Garden Like Bass Part in Song

One plant of purple alyssum Royal Carpet may cover a 12-inch circle

If floral colors were rated in accordance to their popularity, red would lead all others, following in order by pink, yellow, orange and blue. But without blue flowers to bring out the brilliance of all the others, a flower bed or border will be like a musical composition without a bass part.

Blue does something for every other color it is near, and all the other colors in turn do something for blue. When you discover this effect you will always miss blue when it is absent, as it is too often perhaps because the blue flowers are not as well known as the more vivid colors. True blue, in fact, is the rarest of floral colors.

## Anticipate Top Pheasant Season Again This Year

"Rosy!" That was how conservation department game men described the state's ringneck pheasant outlook recently. Field surveys show that despite a kill last fall of more than a million birds, the ring neck population still appears on the increase.

"With a good nesting season and heavy hunting pressure this fall, we can expect another million-plus kill," says biologist Ralph Blouch, in charge of pheasant research.

Since 1947, when hunters took only 400,000 birds, the ringneck population has been rising almost steadily. Field surveys and kill records showed a slight slump in 1950, but since then populations have been rising.

Of 28 rural mail carriers making regular spring pheasant counts for the department, 13 report populations are higher than last year, nine that populations are lower and six that ringneck numbers are the same. The carriers count the numbers of birds seen while driving regular mail routes.

Conservation workers also report total pheasant numbers are higher than last year. Early estimates of crowing counts show some increase in many areas.

Wisconsin's pheasant specialist recently toured southern Michigan and commented on the excellent general habitat available here. Michigan's mixed agriculture, he said, seemed much better suited to pheasants than the dairy-type farming of his state.

Wisconsin last year had a pheasant kill of about 400,000 birds.

# Bees in Wall? Call For Expert Help Two Motorists Fined by Judge

How do I get rid of those honey bees in the walls of my house? Entomologists at Michigan State college are answering that question every day. They suggest getting an exterminator or a professional bee man to do the job.

One of the reasons it's hard to get at the bees with a poison to eliminate them: The wax comb or nest is usually too far from the hole where the bees entered the wall. E. C. (Bert) Martin, M.S.C. entomologist, explains that poisons have to be sprayed or dusted directly onto the nest to get results.

If you want to do the job yourself, Martin suggests this: You can locate the nest in the wall by tapping the outside or inside wall with a hammer. Then you listen for an answering buzz from the bees.

Once you've located the bees you can bore a hole and spray the poison directly on the nest. As for poisons recommended, some are dangerous to use.

Cyanogas is used only by experienced beekeepers or exterminators, and the house has to be vacated when this chemical is used.

The local county agricultural agent can tell you what chemicals you can use and how to use them. A beekeeper's veil, a smoker and a pair of leather gloves will help prevent stings.

Martin says that it's also important to remove the nest if possible because it is liable to attract other bees and you'll have the same problem over again.

### ONE TRACK MIND

"In times of trial," said the preacher, "what brings us the greatest comfort?"

And from the back row an answering voice, "An acquittal!"

### HIS ALL

Navy Bridegroom — With all my worldly goods, I thee endow. His Father — There goes his seabag and fountain pen.

Two Plymouth motorists were fined in hearings before Municipal Judge Nandino Perlongo last week.

One was Sylvester Warner, 64, of 103 Amelia, who pleaded guilty to charges of reckless driving and leaving the scene of an accident.

The complaint against Warner was filed by Edward Meany, 12776 Ridgewood drive, who said that he was waiting for a traffic light on Ann Arbor road last May 3 when Warner's car turned the corner and crashed into the side of his car.

Meany told police he chased Warner to his Amelia street home. Warner was fined \$50 on the reckless driving charge and \$25 for the charge of leaving the scene.

Iris Cheever, 614 Pine street, was also charged with reckless driving in her appearance before the judge. Her car struck the rear of another car which was waiting for a switch engine at the Farmer street railroad crossing. She was fined \$35.

### CAUSE FOR PAUSE

"How do you cure your husband from staying late at the club?"

"When he came in late one night, I called out, 'Is that you, Jim?' and my husband's name is Frank."

The man who has a talkative wife may have a whole lot to say, but he seldom gets a chance to say it.

**LARRO SUREMILK Stimulates Full Milk Flow!**  
Can Eliminate "Lost Milk Margins"

It will pay to know what flowers provide the precious blue tones, and try to use them at least sparingly in every planting you make.

Asters have deep blue purples both light and dark. Delphiniums and larkspur have blue varieties, including some of the species delphiniums, which blossom all summer, such as the Chinese.

One of the easiest to grow is alyssum violet queen. Fragrant as the white sweet alyssum, it is a deep purple, with small white eye. It grows quickly from seed and can be sheared like white alyssum to control straggly growth and stimulate late flowers.

A new variety that spreads close to the ground is alyssum royal carpet, which often covers a 10 inch circle with one plant.

Forget-me-nots are blessed with a poetic name which is always an asset to a flower. While it officially is applied to the myosotis, a spring flower which likes a moist, somewhat shady place, flowers of the same type are borne by the anchusa, or African, and the cynoglossum, or Chinese forget-me-nots. The latter is an all summer bloomer growing two feet tall which thrives in hot summer weather and dry soil, where the myosotis would never survive.

One of the true blue flowers is the bachelor's button, centaurea cyanus. This is usually sown directly in the garden where it germinates quickly and grows fast. It bears all summer if occasionally cut back. Dwarf varieties are excellent for the border.

Other blue flowers are the fragrant heliotrope, Heavenly blue morning glory, nierembergia, pansy, petunia, annual phlox, salvia farinacea, scabiosa, phlox, verbena, all easily grown from seed.
