

Award Diplomas To 172 Tonight

As several thousand students emptied their desks and lockers yesterday and headed home for a summer-long recess, 172 senior boys and girls prepared to don their caps and gowns tonight to receive their diplomas from the Plymouth township school system.

James Gallimore, president of the board of education, will hand the diplomas to the graduates as they file past him on the gymnasium stage. Starting time for the ceremony is 8 p.m.

A realistic look at life was given the grads last Sunday evening when Reverend Henry J. Walch, pastor of First Presbyterian church, delivered the baccalaureate sermon. Tonight, there will be no speaker. Replacing the usual commencement speaker will be a recognition program at which graduates with high scholastic honors will be recognized.

With the high school band directed by Laurence Livingston playing the processional, the graduates will file into the auditorium. Reverend Melbourne I. Johnson, pastor of First Methodist church, will give the invocation.

The presentation of honor keys will be directed by Mrs. Virginia Calligari, chairman of the senior class advisors. Fourteen keys will be presented to 12 graduates, the names of the recipients being withheld until the time of presentation. This will be followed by scholarship presentations by Miss Ruth Butts, school counselor. (Names of those receiving recognition will be found in next week's Plymouth Mail.)

Miss Betty Bowden, one of the graduates, will present a flute solo to continue the program, after which Principal Carvel Bentley will present the class and the awarding of diplomas will be made by the school board president.

A recessional by the band will close the program. Next year's graduating class is in charge of ushering and the decorations.

Meanwhile, the 1953-54 school year came to a close yesterday for other students. Most youngsters in the elementary grades enjoyed picnics in Riverside park Wednesday morning. Teachers will work through Friday to complete their records.

Superintendent of Schools Russell Isbister traveled to each of the elementary schools Tuesday and delivered a brief graduation address for the sixth grade pupils who will be in junior high next fall. One sixth grade, that of Bird elementary school, had a graduation luncheon at the Mayflower hotel Monday afternoon.

M. I. Johnson Returned To Methodist Church

The annual Methodist Conference for the Detroit area reappointed the Reverend Melbourne I. Johnson to the local church for the fifth year. He was also elected as one of the five ministers to administer the \$450,000 revolving fund set up for the building of new churches in needy areas. This responsibility and honor was given Reverend Johnson because of his success in the business administration of his churches.

PLYMOUTH'S FATHER OF THE YEAR, Mac Donnelly, Sr., heads a family of seven children and the entire aggregation joined in the celebration when news came that Mac, Jr., had won his father the title. Standing

are Gail, 11, (left) and Kathleen, 9. On the davenport, from left, are Mr. Donnelly, Elizabeth Ann, 2, Mac, Jr., 12, Mrs. Donnelly and Brian, 3. In the foreground are Thomas, 6, and Mary Sharon, 8.

Obtain Carnival for July 5

One of the biggest celebrations in the history of Plymouth's Independence Day events was assured this week with the announcement that Motor State Shows had been obtained to appear here.

The famous carnival, which has been pictured in Life magazine and featured in a motion picture, will provide 10 rides for kiddies and adults as well as 20 other entertaining concessions. In signing the show for the July 5 date, General Chairman William Slinger and Chamber Secretary Nat Sibbold announced that the carnival would remain at the high school athletic field through July 7, following the local celebration.

Seven Persons Hurt in 2-Car Collision

An Ypsilanti couple was critically injured and five others hurt in a two-car collision near Plymouth last Sunday evening. Two Schrader Funeral home ambulances were at the crash scene to take the injured to the Wayne County General hospital. The crash occurred at 6:20 p.m. at Ford and Beck roads. The Wayne county sheriff's department said that Floyd Morris, 20 South Adams street, Ypsilanti, was traveling south on Beck road, stopped for a stop sign and then pulled out in front of a car being driven east on Ford road by Richard Demonte of Detroit. The Morris car was rolled over and both Mr. and Mrs. Morris are in critical condition, unable to give their version of the mishap. Also taken to the hospital were Demonte, who was released after treatment; Richard Demonte, Jr., 2 given x-ray examinations; William Henry, 29, of Wayne, admitted for observation; and Thomas Henry, 23, fractured leg. The Henrys were riding in the Morris car. No tickets have been issued yet, the sheriff's department said.

Dunn Steel Products to Dedicate New Plant in Series of Activities

Dedication of the new half-million-dollar Dunn Steel Products company plant will take place next week when open house festivities are held for employees and their families, local manufacturers and Dunn Steel customers.

John G. Spruhan, general manager of Dunn Steel Products stated that the concern has virtually completed its occupancy of the new plant located on Dunn street, just west of Starkweather avenue. The old plant was at 377 Amelia street.

There will be no formal dedication, Spruhan said, but the modern factory and office building will be considered officially dedicated at the conclusion of three open house programs scheduled for this Sunday, Monday and Tuesday. Also included in the activities is the annual employee dinner to be held tomorrow night at the Hawthorne Valley Country club. Dunn Steel, a division of the Townsend Manufacturing company, New Brighton, Pennsylvania, has increased its floor space from 25,000 square feet to 41,000 square feet by construction of the new plant. The old plant was found much too small due to the constant growth of the concern. The new seven and one-half acre site on which the new plant was constructed is still capable of holding a plant three times the size of the new building.

The general manager said that the north and west walls of the building were designed for expansion. "I am confident," Spruhan said, "that our product line is in a position for more growth and that this is only the beginning of an expansion program." The Dunn Steel division specializes in "cold-headed auto fasteners" which are used in the manufacture of component parts for every make of automobile. It is believed that nearly every car on the road has Dunn Steel fasteners.

A plant employment growth took place a year ago and the Continued on Page 6.

Wildlifers Start \$35,000 Building

The Western Wayne County Conservation association has begun construction of a \$35,000 building on its grounds on Joy near Wayne road.

Being torn down is the present frame building which was brought to the site at the close of World War II. It had been an engineer's building at the Willow Run bomber plant.

Many Plymouth area people belong to the association, which now lists 777 members. The grounds have one of the best archery ranges in the state on which state archery shoots are now held.

Smith, Mrs. Hulsing Win School Election

Father of 7 Wins Best Dad Honor

Proudest father in town when Father's Day comes around this Sunday will be Mac J. Donnelly, father of seven children, whose 12-year-old son has earned for him the title of "Father of the Year."

Mac John Donnelly, Jr., who this week finished the sixth grade at Our Lady of Good Counsel school, wrote the winning entry in the Chamber of Commerce Father of the Year contest. Mac Jr. will receive a \$25 savings bond for his part in the contest, while the senior Donnelly will be the beneficiary of a list of 34 prizes donated by Plymouth merchants.

Three high school teachers judged the entries following the Monday noon deadline. In 25 words or less, the young contestants under 16 years of age wrote: "My father should be selected Plymouth's Father of the year because..." This was Mac's reason:

"He works hard to support seven children. He makes many Continued on Page 6"

Garbage Wrapping To Become Legal

Starting July 1, Plymouth housewives will no longer need to cater the hogs. Garbage can be wrapped in newspaper and placed in the garbage can without the benefit of wrapping. But after July 1, it will be permissible to wrap garbage in several thicknesses of newspaper and place it in the garbage can, Glassford said.

Reason for the change is traced to recent state legislation requiring all garbage to be cooked before feeding to hogs, the consumers of all Plymouth garbage. The city has no garbage cooking apparatus so will start the sanitary land fill method of disposal. Present rubbish and garbage schedules will be maintained.

Mock Air Raid Brings Homeless

Plymouth area citizens took 1,000 homeless Detroiters into their homes this week and set up a temporary hospital for 150 people injured by an H-Bomb blast Monday morning—all on paper.

It was all part of a nationwide Civil Defense test to determine how effective the CD units are. Leo F. Flowers, director of the Plymouth township Civil Defense unit, said that the mock bomb test brought an alert at 9 a.m. from the Wayne County Civil Defense office.

At 2:45 p.m., Detroit asked out-county communities for help. Flowers sent—on paper—two fire trucks, 10 C. D. policemen, 15 wardens, and 15 first aid people.

There were 1,000 homeless people in Plymouth for three days and a temporary hospital was set up to accommodate 150 injured people. The all-clear sounded at 3 p.m.

To Run Babson's Forecast

The Plymouth Mail will publish Roger W. Babson's Forecast for the Second Half of 1954 in next week's issue. You will find it on the editorial page.

A careful checking of the Babson Predictions made in the Business and Financial Outlook for 1953 upholds the remarkable average of the past years by being 84 per cent correct! Below is the score for the last 16 years. It holds the best and highest record for Annual Forecasts on U. S. Future Business.

FORECAST	% ACCURATE	FORECAST	% ACCURATE
1933	84	1945	87
1932	88	1944	91
1931	86	1943	94
1930	81	1942	86
1929	80	1941	78
1928	81	1940	76
1927	93	1939	89
1926	95	1938	83

Watch for Roger W. Babson's Forecast for the Second Half of 1954 in our next issue.

Provide Rotarians With Best Program

Members of the Plymouth Rotary club had an exceptionally fine program last Friday presented under the direction of Harry Mohrman. The program featured three local speakers who had participated in the activities of the National Affairs Committee of the Chamber of Commerce. Each was assigned a subject to present and the interest shown in the talks proved beyond doubt that Rotarians enjoyed one of their best programs of the year.

Featured on the program were Maxwell Waxowiak, assistant to the president at Wall Wire, N. M. Purple, general manager of Barnes-Gibson-Raymond, and George Bowles, State Labor Mediator.

Because of the general interest in the presentations made by the three speakers The Plymouth Mail will present their complete texts in next week's issue.

Community Fund Approves Budget

The Plymouth Community Fund approved the 1955 budgets for the various local Fund-sponsored groups at its June 2 meeting, according to James Thomas, publicity director. This meeting was the Fund board's last until fall.

Collections made in the annual drive this fall will be allocated according to the following budget: Boy Scouts, \$2150; Girl Scouts, \$1875; Salvation Army, \$5000; Visiting Nurse association, \$1320; recreation commission, \$4000; Veterans' Memorial foundation, \$1750; Plymouth Dental Fund, \$500; Red Cross, \$2500; and United Foundation, \$3000.

George Witkowski has been appointed chairman of the 1954 drive, with Harry Roberts as co-chairman. Other appointments were Mrs. Russell Roe, house-to-house solicitation; Phillip Barney, business solicitation; Dr. Ralph Snoko, professional solicitation; Arch Vallier, industrial solicitation; Russell Isbister, school solicitation; and James Thomas, publicity.

Hillside Inn Safe Cracked

Investigation is continuing this week of the theft of \$459 from a safe at the Hillside Inn, Plymouth road.

The Detective bureau of the Wayne County Sheriff's department reported that the theft took place between 2:30 and 5 a.m. Friday. There was considerable destruction found. A wash room window was forced open to gain entrance to the building. A crow bar was then used to open a heavy door leading to the office.

Hauling the safe out of the office, the sheriff's office reported that the crow bar was used to pry open the safe door and a bag containing the money was taken. It was believed that the intruders were frightened away by something because the crowbar was left at the scene.

This was the first safe burglarizing in this area for quite some time, a detective said. The department is still investigating.

Mrs. Esther Hulsing and Warren L. Smith were victors in the race among five persons for two seats on the Plymouth Township Board of Education which took place Monday—an election which attracted only five per cent of the voting public.

Final tabulations showed: Smith, 195; Mrs. Hulsing, 167; Mrs. Maxine Willoughby, 140; Robert F. Wilson, 125; and Charles A. Wyse, 107.

Smith's 195 votes regained for him a second term on the board. The other incumbent candidate, Mrs. Willoughby, received 17 votes less than Mrs. Hulsing and will leave the board after serving one three-year term.

A total of 382 persons went to the high school poll during the day. With over 7,000 eligible voters in the school district, this accounted for only five per cent of the voting public.

The polling room with two voting machines opened at 8 a.m. and by 1 p.m. there had been only 89 persons casting votes.

Mrs. Hulsing and Smith will begin their terms July 1 when the board is reorganized. Smith has been board treasurer for the three years he has been in office. Mrs. Hulsing has considerable knowledge of board functions, her husband, Kenneth, having been a board member. She has also been active in the School Community Planning group. The Hulsings have three children in school.

Mr. Smith, besides his school board office, holds the appointive office as a member of the Plymouth Board of Review. He is factory superintendent of the Industrial Wire Cloth Products corporation in Wayne and is a partner in the S & W Hardware, 878 Ann Arbor road.

Incorporated with Monday's election was the annual meeting of the qualified electors which was held in the high school auditorium at 8 p.m. Only nine citizens were present besides the school board and school superintendent. After a reading of last year's minutes, Secretary Carl Caplin presented his report on school expansion during the current fiscal year.

He reported on the completion of Allen elementary school at a cost of \$497,972, completion of a new homemakers department and cafeteria at the high school, the purchase of a new school site and the approval by voters of millage for salary increases and school improvements.

Caplin added that the School Community Planning group had recommended and aided in the planning of many advancements. The group "is the nearest thing to grass roots democracy we have," he added. Superintendent of Schools Russell Isbister also praised the group, pointing out that schools get better as more people participate in their planning.

Warren Smith, treasurer of the board, presented the financial report from July 1, 1953 through May 31, 1954. A motion was approved to keep the combined salaries of the school board at \$1,500. Another motion was made and approved to leave the school depository location to the discretion of the school board.

Planners Holding Hearings Tonight

Two change of zoning requests will come before the city planning commission tonight, both of them seeking changes in order that commercial buildings may be constructed.

Scheduled at 7:30 p.m. is a hearing on the request of Leonard Millross, manager of the local Railroad Express agency. He asks that lot 620 be changed from R-1 (one family residential) to C-2 (commercial). This lot is located near the Rouge River bridge on Mill street. The concern hopes to build a new express office at that location.

Construction of an A & P store building is being planned, should the zoners approve the second request set for 7:45 p.m. Carl Shear, 795 South Main street, has requested that six and one-half lots east of Main street be re-zoned to commercial. The lots are located behind lots which border along Main street. The Atlas Finance company is planning the construction and wants the rear lots for parking.

MISS PLYMOUTH OF 1953, Mariba Carley (center), got a preview look this week at some of the girls who will compete for her crown in the Plymouth Chamber of Commerce beauty contest. She wouldn't venture a guess as to whom her successor might be, but said she would be on hand at the July 5th Independence Day celebration to crown the winner. Beauty Contest Chairman Robert Beyer and Wilbert West said they still have a number of sponsors for girls who would like to enter the contest. The winning beauty will receive a set of luggage,

two tickets to a Detroit play and a dinner. Shown above (left to right) are: Lillian Davis (Miss Cloverdale Farms Dairy), Peggy Wingard (Miss Beglinger Oldsmobile), Shelve Dunagan (Miss Beyer Drugs), Dorothy Keene (Miss Vinc's Tires), Jean Stapleton (Miss West Bros. Nash), Carol Van Aken (Miss Graham's), Miss Carley, Jeannine Tidwell (Miss Gambles), Barbara Smith (Miss Mackie Mercury), Pat Anderson (Miss Gould's Cleaners), Barbara Davison (Miss Roberts Supply) and Jean Pritchett (Miss Conner Hardware).

Mr. and Mrs. George Gyde

George Gyde-Muriel Fagan Wed In Candlelight Ceremony

In a lovely candlelight ceremony on Saturday, May 29, Muriel Jean Fagan and George LeVerne Gyde spoke their nuptial vows. The Reverend R. L. Pennell officiated at the eight o'clock double-ring ceremony in the Salem Federated church. The Reverend D. Couch of Salem read the Scripture.

Muriel is the daughter of Mrs. M. Cutter of Northville and Ray Fagan of Detroit. George's parents are Mr. and Mrs. William Gyde of Powell road, Plymouth.

The ceremony took place before an altar graced with palms, stout and snapdragons. "I Love You Truly," "Because" and "The Lord's Prayer" were sung by Myron George, accompanied at the organ by Mrs. Julie Givens.

Muriel, who was given in marriage by her father, wore a floor-length gown of white satin and lace completed with a bash-

ful veil edged in Italian lace. She carried a white Bible, set with roses and a white orchid.

Norrine Trumble, her maid of honor, wore a ballerina-length gown of pale green net, and she carried a bouquet of yellow carnations. The bridesmaids, Phyllis and Patsy Fagan, June King and Darlene Nagel wore gowns of yellow, orchid, pink and blue net, respectively, and all carried carnation bouquets to match their gowns. The flower girl, Suzanne Noll, appeared in a pink floor-length dress and she carried a basket of red rose petals.

Donald Nagel served George as the best man, and Raymond Fagan, Gerald and Billy Gyde, and Art Deichart were ushers.

The mother of the bride, Mrs. Cutter, chose a white ballerina length dress with red accessories for her daughter's wedding. Mrs. Gyde wore a lovely blue dress with white accessories. Both mothers wore corsages of carnations and roses.

Following the ceremony a reception for 225 guests was held in the I.O.O.F. hall with guests attending from Marine City, Ann Arbor, Pinckney, Plymouth, Walled Lake, Jackson and Northville.

When the young couple left on their wedding trip to Marine City the bride wore a white print dress.

Mr. and Mrs. Gyde will reside at 47097 Joy road.

Irene Hunt Weds Covert Kelley

Before an altar decked with gladioli, carnations and palms, Irene Hunt was united in marriage with Covert Kelley in a six o'clock ceremony on Saturday, June 5. The couple spoke their wedding vows before the Reverend Robert Richards in the Newburg Methodist church.

Irene is the daughter of Mr. and Mrs. Elton C. Hunt of Newburg road, Livonia, and Covert's parents are Mr. and Mrs. William Kelley of Coalport, Pennsylvania.

While Mrs. Paul Nixon played the organ, Mrs. Grace Hanninen, soloist, sang "I Love You Truly" and "The Lord's Prayer."

The bride, who approached the altar on the arm of her father, wore a floor-length gown fashioned with a lace bodice with Peter Pan collar. The skirt was of net over taffeta, and her veil fell from a crown of rhinestones and pearls. She carried two white orchids on her white Bible.

The bridegroom's sister, Nema Kelley, served Mary as her maid of honor. Her floor-length dress was of green lace and net and she wore a green picture hat. The bridesmaid, Inez Klaserner, wore a similar gown in yellow. Both carried bouquets of white roses.

Little Roberta Ann Remy wore a pink dress and carried pink carnations when she served as flower girl for the ceremony.

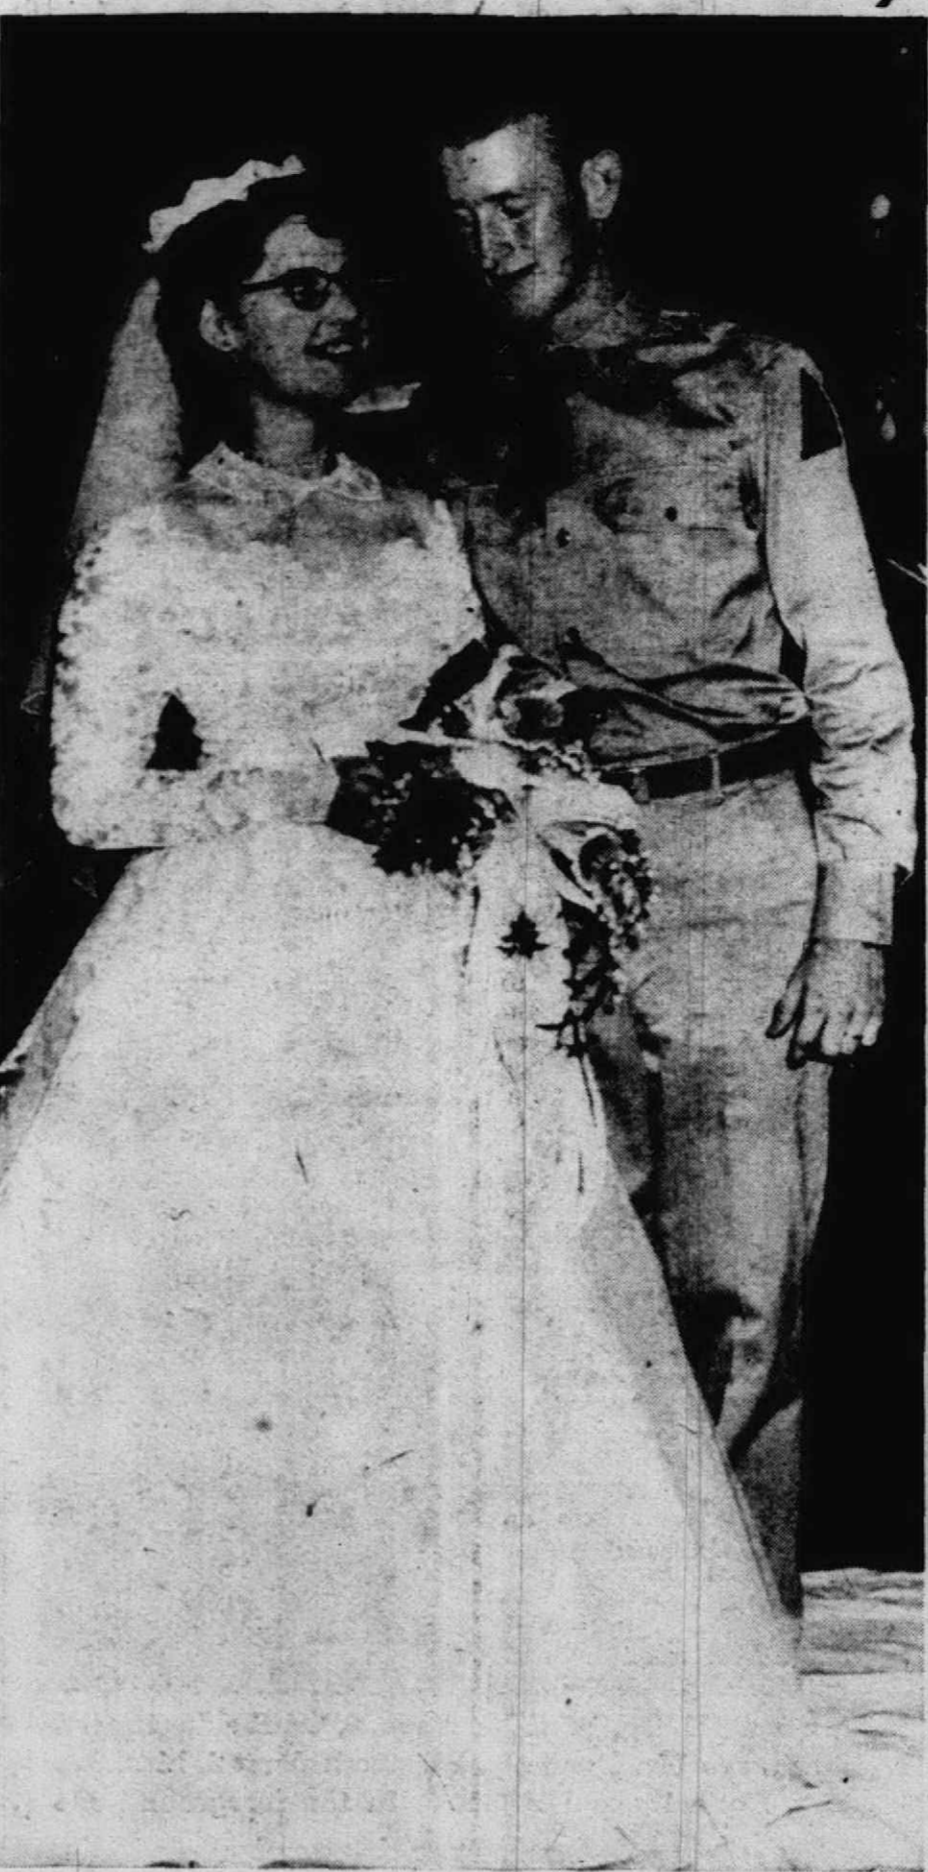

Covert selected as his best man his brother, John Kelley. The bride's brother, Donald, and Ben Gercone seated the guests.

Mrs. Hunt chose a dress of Army blue lace with white accessories. Pinned to her shoulder was a white orchid. Mrs. Kelley also complemented her Navy blue dress with white accessories and a white orchid.

Following the ceremony a reception for 125 guests was held in the Veteran of Foreign Wars hall. Guests were present from Plymouth, Novi, Livonia, Bradford and Coalport, Pennsylvania.

For her wedding trip the new Mrs. Kelley wore a beige suit with brown accessories and the orchids she carried for the ceremony.

Mrs. Kelley will reside with her parents while her husband is in the service.

Private and Mrs. Covert Kelley

Haley-Mulhern Rites Read Last Saturday

Mary Mulhern and John Haley spoke their marriage vows at a nuptial high Mass at Our Lady of Good Counsel church on Saturday, June 12. The Reverend Francis Byrne officiated at the nine o'clock ceremony.

The bride is the daughter of Mr. and Mrs. James Mulhern of Beck road, and the bridegroom is also a Plymouth resident.

Mary, who was given in marriage by her father, wore a ballerina length gown of imported lace over white satin. The long sleeves tapered to points over the wrists, and her elbow-length veil was caught up by a pearl coronet headpiece. The bride carried a bouquet of white roses.

Mary selected as her maid of honor her sister, Nancy. She was gowned in a ballerina-length dress of pink imported lace with a pink lace picture hat. She carried a bouquet of pink roses.

Mrs. Mulhern the bride's mother, chose a yellow dress with white accessories for her daughter's wedding. Mrs. Kowski, grandmother of the bride, wore a blue cotton suit. Both complimented their costumes with white gardenia corsages.

The bridegroom's brother, Joe Haley, served as best man.

A reception was held in the bride's home at five o'clock with guests attending from Detroit, Albany, Michigan, Plymouth and Saginaw. The couple will reside at 400 Beck road.

Mr. and Mrs. John Haley

'29 Class Holds Reunion Sunday

Response is reported excellent to the first reunion planned by the Plymouth high school class of 1929 for this Sunday, June 20. The silver anniversary reunion will begin at 2 p.m. in the old high school auditorium.

Working on preparations for the reunion are Mrs. Irene Krauter Rowland, Mrs. Heloise Travis Campbell, Mrs. Betty Spicer Norman, Miss Margaret Dunning, Mrs. Betty Burrows Packard and Dr. Elmore Carney.

The committee contacted the members of the class by letter. They also extended an invitation to any of the teachers of the class and those who graduated from the high school in the years near 1929.

Reservations can be made with Mrs. Louis Norman of 41681 East Ann Arbor trail.

Hobo: "Boss, will you give me a dime for a sandwich?"
Marine: "Let's see the sandwich."

Form Plymouth Hills Association June 8

The Plymouth Hills subdivision property owners met on June 8 and voted to form the Plymouth Hills association for the protection, benefit and general welfare of the owners, it was recently announced.

Chairman of the association is Dr. John F. Vos; vice-chairman, E. A. Rice; and secretary-treasurer, Ernest Williams.

The association named a committee to which all building plans must be submitted for approval before construction can begin. Franklin Q. Hershey, Wycliffe W. Winn and E. A. Rice are on the committee.

Rosedale Gardens Plans Annual Dance Recital

The Rosedale Gardens Civic Association will hold its annual dance recital at 8 p.m. on Wednesday, June 23, in the Plymouth high school auditorium.

Karen Hackett of Livonia will dance the role of Clara in "Passe Noisette" from the Nutcracker Suite, a ballet.

A tap dance production, "Good Ship Lollypop" will also be presented.

Over 100 persons will take part in the recital, which will climax the ballet, tap and ballroom dancing classes held throughout the year at the Rosedale Gardens clubhouse. The program is under the direction of Elizabeth Parry.

Several Win Prizes In L. J. Ranch Show

Several local horsemen came away from the L. J. Ranch annual horse show last Sunday with more laurels for Plymouth.

In the morning show for juniors, Mary Foster won a first place in the junior horseman-ship class, and Cindy Hull took second. Sharlene Moers took second place in the junior Western pleasure class and Linda Schaffer, first place, junior trail class.

Linda Schaffer and Mary Ellen Carroll won the second place award in the matched pair class in the afternoon show, and Marge and Angelo DiPonio took third. Eva and Hollis Reed won fourth place in the quarter horse halter class.

Police to Continue Lite-Bike Taping

The Lite-A-Bike campaign ended Tuesday in the schools but the program to have reflective tape applied to every bicycle in the Plymouth area will now continue indefinitely with headquarters at the police department.

Six organizations contributed to purchase the expensive reflective tape. They were the Kiwanis club, Veterans of Foreign Wars, Veterans of Foreign Wars Auxiliary, Rotary club, Lions club and Elks club.

The Kiwanis club sponsored the project with the cooperation of the police department and Girl Scout Troop No. 1. When it was found through a survey at the schools that there were 1,600 bicycles in the area, financial help had to be secured. City Manager Al Glassford of the Kiwanis club and Police Captain Kenneth Fisher handled arrangements.

White tape is applied to the handlebars and fork and red tape on the rear fender.

Since many youngsters ride the school bus and were unable to bring their bicycles to school to have the tape applied, Captain Fisher said that they can either bring their bicycles to the police station anytime or have their parents come to the station to secure the tape.

Girl Scout Troop No. 1 offered valuable aid to the program by

ADDED SAFETY ON THE HIGHWAY for Plymouth bicycle riders is being given through the Lite-A-Bike campaign. Reflective tape applied to the bicycle make it much easier for motorists to see the bicycles at night. Susan Campbell of Girl Scout Troop 1 is helping to apply the tape to the bicycle of Tommy Kennedy, 174 Rose. Watching is Captain Kenneth Fisher of the police force who is helping to direct the campaign.

Driver Unhurt As Truck Upsets

A semi-trailer truck was heavily damaged last Friday morning when it rolled over on Ann Arbor road, but its driver escaped unhurt.

The mishap took place near Elmhurst as Keith Wolf, 30, of Kokomo, Indiana, was driving a cargo of wire toward Detroit. He told Plymouth police that he swerved the truck to avoid hitting an unidentified car which had stopped suddenly in front of him. He swerved the truck again to miss an oncoming car in the westbound lane.

The truck plunged into the ditch on the north side of the road and turned over on its side.

A gasoline tank was damaged in the smash-up, causing fuel to spill over the ground. A Plymouth fire truck stood by until the danger was passed.

WITH THE TRAILER on its side and the cab of the truck nosed into the ground, the driver of this truck escaped uninjured. He was Keith Wolf of Kokomo, Indiana who lost control of the truck when swerving to miss a car which suddenly stopped ahead.

Floor Workers Picket Store

Picketing by members of the Resilient Floor Decorators Local 2265 (A.F.L.) continued this week in front of Blunk's Inc., local furniture, appliance and floor covering store.

A dispute over a new contract is the cause of the strike which involves some 600 workers in the Detroit area. Local members of the union did not begin picketing until last Wednesday. The Taft-Hartley law forbids the importing of pickets and the union rules require picketing by its members.

A store spokesman said that the new union would raise the cost of labor for floor decorators from \$4 per hour to \$5 per hour. It asks for a hike from \$2.78 to \$3 per hour guaranteed wage; from \$2 to \$3 per day car guarantee; from 8 cents to 10 cents per mile over 20 miles for mileage; from 7 1/2 cents to 10 cents for the insurance fund; and a vacation fund contribution.

Mrs. Morgan took her Plymouth high school class to the Mayflower hotel last week. The class had studied good grooming and they went to the hotel to try out what they had learned.

Grange Cleanings

Tonight is our last Grange meeting until next September. We hope for renewed interest and a better attendance in the fall. Some of our new members have been somewhat remiss in their attendance so come and see us sometime.

Tonight we are going to have our County Agent, Mr. Biebsheimer from Wayne with us and he will speak on matters of value to farmers and city folks too—those who have gardens anyway.

Where were all the good grangers on Sunday? There were only 20 who braved the heat and attended church services at Calvary Baptist as was planned at our last meeting. The church was well filled and the service was good. The Reverend Clifford is a very earnest and energetic speaker. The little church is lovely inside.

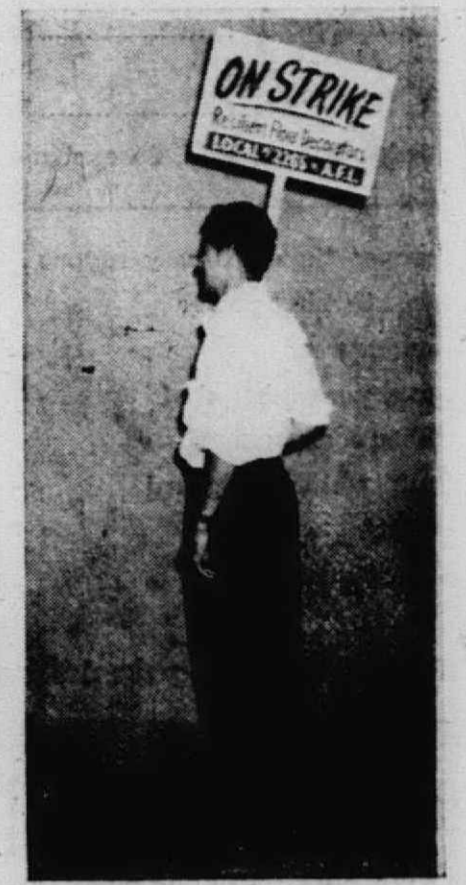

Our sick folks remain just about the same. Our latest report from Mr. Hodge is quite encouraging, he sits up in a wheelchair much of the time, also wheels himself up and down the hospital corridors.

Foresight beats hindsight. Better to have protection — and not need it — than to need it and not have it!

Have you ever been in the middle?

"WE ARE" . . . and the purpose of this ad is to tell you why. The resilient floor decorator pickets in front of our store seemingly indicate that we are unfair to organized labor but what about organized customers? They are free to buy wherever they can save money or do it themselves if they wish. This may sound like the hen and egg question because without customers we would not need employees, and likewise, if we have to charge you more we may not have customers.

Already many of our customers complain that our present service rate of \$4.00 per hour for time work is too high. Many stores in the metropolitan area are charging as much as \$5.00 per hour. Again, you as a customer have a right to tell us so but we want to explain that even at \$4.00 per hour we make no profit. We are simply performing this service as a convenience to our customers.

The trouble is not that we have poor mechanics. Our men are among the best in the industry. The problem is this: In addition to the rates listed below, we have many hidden expenses such as traveling to and from each carpet or linoleum installation; compensation insurance; social security, measuring and estimating; supervision; and general overhead, all of which more than offset the difference between the labor rate and the hourly rate charge to the customer.

Now you may say that Blunk's is not in business for the fun of it and you are entirely correct because it is not easy to serve our customers well and still keep employees happy in these times. We are proud to make a fair profit so that we may be here another 31 years to serve you. But many persons are confused on this matter of earning a profit. Is not the wage earner in any job making a profit? The big problem is to equalize the profit between the national average wage rate of \$1.95 per hour and our service charge of \$4.00 per hour. This is what we're faced with:

RESILIENT FLOOR DECORATORS LOCAL 2265 (A.F.L.)

recently expired contract	new union demands
provides for . . .	call for . . .
\$2.78 per hour basic rate	\$3.00 per hour basic rate
Plus—	Plus—
\$2.00 per day car guarantee	\$3.00 per day car guarantee
Plus—	Plus—
08c per mile (over 20 miles)	10c per mile (Over 20 miles)
Plus—	Plus—
7 1/2c per hour to insurance fund	2% or 06c per hour paid into the vacation fund
Plus—	Plus—
a guaranteed full day's pay if a man was asked to report for work regardless of circumstances	02 1/2c per hour additional into the insurance fund
Plus—	
a guaranteed full day's pay if a man worked at least 6 hours	

This fact remains! Many of our customers do not want to, or cannot install their own carpet, linoleum, or tile and we are charged with the responsibility of performing this service at a fair price.

We wish to commend our mechanics on one point—they are picketing for a principle. Some others, however, have "jumped shop" and gone to work with a few merchants in the metropolitan area who were given open-end contracts by the union at the cost of \$1.00 per hour or \$8.00 per day "kick-back" to the union. We do not believe that you, as a customer, wish to pay this \$8.00 per day, but some merchants and employees chose this method of going on strike for \$3.00 per hour and then going back to work for \$2.00 per hour. Doesn't make much sense does it?

"This Is Our Youngstown Dream Kitchen"

A true statement by Mr. and Mrs. Norman Werner, of 37750 Schoolcraft road, because they actually planned this beautiful Youngstown kitchen pictured above with Mrs. Werner.

There are many unusual features in this kitchen. First and foremost are the 18 inch high wall cabinets used throughout to accommodate the convenience of the Werners, who are not six footers, and made possible by the variety of cabinet sizes in the Youngstown line.

Another beautiful feature is the snack bar with the base what-not shelves at each end and a 7 foot Formica top and stools to match.

The labor-saver is the Youngstown dishwasher-sink combination that Mrs. Werner would certainly not want to be without. We regret that we cannot reproduce herewith the beautiful coloring of the kitchen and accessories that are actually breath-taking.

May we have the opportunity to help you plan YOUR dream kitchen? There is no obligation.

Henderson Tells Of Dulles Speech

One of the major highlights of the Rotary International convention held in Seattle recently, according to Frank Henderson, delegate from the local club, was the speech by Secretary of State John Foster Dulles last Thursday. Henderson said that the Secretary's speech was greeted enthusiastically by the audience, representing more than 50 different countries. In this talk he covered a wide range of foreign developments and problems. Dulles warned that the time is fast running out for a unity in Europe, and he voiced concern over the mounting gravity of the

Indochina situation. He also expressed concern over the Guatemalan problem, and praised the United Nations as the "most significant" institution developed to protect world peace.

Mr. and Mrs. Howard Zander, Kathleen and Hale, attended the commencement exercises of their niece, Dorothy Zander, from Michigan State Normal college in Ypsilanti. Dorothy graduated with high honors.

PLYMOUTH KIDDIES will soon be seeing TV-Star Cowboy Colt perform with his famous trick horse as he is shown above. Thanks to former Plymouthite, Ty Place, Cowboy Colt will be in the Plymouth Independence Day parade and perform at the high school athletic field as part of the festivities. Mr. Place is an executive of Wilson Dairy, sponsors of the Cowboy Colt television program.

Sentence Drinker Of Rugged Drink

A "drifter" with an apparently cast-iron stomach has been given 90 days in the Detroit House of Correction on a charge of being a disorderly person. He is Arthur Wills, 46, who gives his address as Pittsburgh, Pennsylvania. Will was arrested by Plymouth police Tuesday noon at the Mapleawn Dairy after passing out. It was discovered that he had been drinking a deadly alcohol mixture used as lacquer thinner and a number of other purposes. He was thought near death at the time of his arrest but he later recovered and admitted that he had been drinking the alcohol mixture. A hardware dealer said that Wills had been purchasing a pint of the substance for the past three days. The can warns that the contents are "deadly poison" and care should even be used if it comes in contact with the skin.

THE STANDOUT HOUSE PAINT

SOCIAL NOTES

Forty relatives and friends surprised Mr. and Mrs. Earl Markham of Ann street on Sunday celebrating the 25th wedding anniversary of the Markhams. Guests arrived from Howden, Davisburg, Holly, New Hudson, Northville and Plymouth, bringing baskets for a cooperative luncheon. Mr. and Mrs. Harvey Rutherford who were attendants at the wedding of Mr. and Mrs. Markham were co-hosts at the party.

The Get-To-Gether Club will meet at the home of Mr. and Mrs. Clarence Schoemborn of Bradner road on Saturday, June 19th.

Following the graduation exercises this evening Mr. and Mrs. Russell Anderson will open their home on Blunk Ave., to friends and relatives honoring their daughter Irene, a graduate.

On Thursday evening Reverend and Mrs. M. I. Johnson will hold an open house honoring their son Lt. Ralph Johnson a University of Michigan graduate and Lloyd a member of the Plymouth High School graduating class.

Sunday guests of Mr. and Mrs. Albert Groth of North Harvey street were Mr. and Mrs. Jess Cummings of Pontiac.

Mr. and Mrs. H. F. Enterline of Haggerty Highway honored their daughter Inez Mae and all graduates of the Plymouth High School Class of 1954 on Tuesday evening at the K.C. Hall.

Weekend guests of Mr. and Mrs. George Holstein, Rose street, were Mr. and Mrs. Max Hillmer of LaGrange, Illinois. They were joined on Saturday evening by Mrs. Ernest Mose and Davis Hillmer of Detroit.

Bud Young, home on leave from the Navy, was guest of honor at a birthday picnic dinner at the home of his parents Mr. and Mrs. D. S. Young. Those attending were Mr. and Mrs. M. R. Evans, Mr. Bob Young, Mr. and Mrs. C. E. Kincaid, Mr. and Mrs. Robert Wood and daughter, Debby, Mr. and Mrs. Jack Young and sons, Brian, Craig and Billy, and Miss Dollie Bouterse, all of Plymouth; Mr. and Mrs. Ed Kincaid and sons, Terry and Johnny and Randy of Erie; Mr. and Mrs. Paul Jones and children, Sandy and Ricky, of Wayne; and Miss Marlene Skelt of Ypsilanti.

Mr. and Mrs. Burton Rich of Brookville road entertained 125 guests Sunday honoring their daughter, Elaine Joy and daughter-in-law, Diana McKay Rich. Both girls are members of the 1954 graduating class at Plymouth High School.

Mr. and Mrs. Luella Cutler and daughter, Suzanne, were guests Monday evening of Mrs. Mary Neville and daughter, Mary Helen, at their cottage at Base Lake.

Helen B. Walbridge will present pupils from Livonia, Plymouth and Detroit in a piano recital at the McGregor Library Auditorium, Woodward and Massachusetts avenue, June 23 at 8:15 p.m.

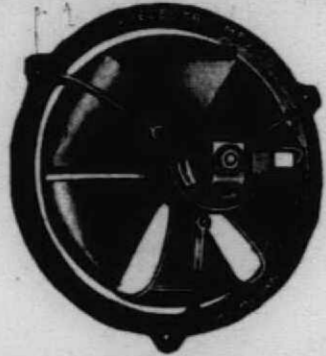

Mr. and Mrs. Ernest Mandt of West Ann Arbor road will honor their daughter Dorothy, and all members of the senior class this evening following graduation. There will be dancing and refreshments. Mrs. Bowen will preside at the punch bowl, and assisting will be Jeanie Walker, Ann Sumner, Margaret Burr, Bob Bowen, Bob Willoughby and Brian Kidston, Joan Redd, Sally Ford, Gordon and Bruce Campbell, Larry Tillotson, and Dick Root.

Mr. Ora Glass received head injuries at his work Monday morning and was taken to the University Hospital in Ann Arbor.

Mrs. Gladys Britt of Detroit, Mrs. Goldie Britt and Art Rose of Dearborn and Mr. and Mrs. Perry Hix of Warren road spent the week end at Clear Lake.

Mr. and Mrs. Walter K. Sumner, W. Ann Arbor trail, entertained on Monday evening honoring their daughter Ann, a member of the graduating class at Plymouth High school. The decorations carried out the graduation theme, small diplomas being used as table favors.

Mr. and Mrs. Robert Willoughby, west Ann Arbor trail honored their son Robert, a graduate, Tuesday evening with a chicken bar-b-que supper for a group of friends.

Make DAD happy by giving him a La-Z-Boy!

THE PERFECT FATHER'S DAY GIFT

Only in a La-Z-Boy can Dad recline from sitting to full bed position... comfort no other chair can offer. Whether he prefers to sit up and read, watch TV or recline all the way for a nap, La-Z-Boy responds automatically to his every comfort mood. Mother will enjoy a La-Z-Boy, too, for besides its outstanding comfort features, La-Z-Boy offers 9 beautiful styles, so that she can choose the one that best matches her living room. Don't wait another day, come in and see this perfect gift for Dad... a La-Z-Boy, your best buy in comfort.

Chair Illustrated Above is **\$129⁹⁵**

Other LA-Z-BOYS with Separate Ottomans

Start At **\$104⁴⁵**

Model 203 with built-in foot-rest

La-Z-Boy's Otto-Matic gives comfortable leg-rest in all positions, sitting or reclining. You can have this extra feature for your La-Z-Boy. Unlike regular foot-rest chairs, the Otto-Matic gives full extended leg-rest even when you are sitting up straight—an exclusive La-Z-Boy feature. When not in use the foot-rest disappears into the chair front.

Beautiful styles with separate ottomans, if you prefer. These, too, have La-Z-Boy's famous automatic reclining fixture which permits snug comfort from sitting to full bed positions. Some are in solid rubber upholstery. And the ottoman, beautifully designed, is a useful piece of living room furniture, too.

OBITUARIES

Jacob S. Livernois
Jacob S. Livernois who resided at 37882 Plymouth road passed away suddenly June 12 at the age of 67 years. Mr. Livernois had resided in Livonia for 17 years. His former home was Detroit. He was a building contractor but had retired several years ago. Since moving to Livonia Mr. Livernois was a very active member in St. Michael's church. At the time of his death he was a member of the

campaign team working to provide an addition to the school and convent at St. Michael's.
Surviving are his wife, Mrs. Vinnie Livernois; a daughter, Mrs. Jean Ann Aubrey of Livonia, a son, Norman who lives at home; three sisters, Sister M. DeRicci of the Dominican Sisters, Racine; and Mrs. Julia Palmer at Holy Angels, Milwaukee; Sister Theodosia O. P. also of the Dominican Sisters of Racine,

Wisconsin, now teaching in Racine; and Mrs. Julia Palmer of Detroit, other relatives and many friends.
The rosary was recited Monday evening, June 14 at 8 p.m. at the Schrader Funeral home. Solemn Requiem Mass was held Tuesday morning, June 15 at 10 a.m. at St. Michael's church, Rosedale Gardens, Livonia. The pallbearers were Ralph Livernois, Tom Livernois, Daniel Livernois, Floyd Fix, Brad Springer and Clifford Anderson. Interment was made in Holy Sepulchre cemetery.

William Bakewell

William Bakewell who resided at 40355 Gilbert street in Robinson subdivision, Plymouth, passed away Tuesday, June 15 following an illness of several months. He was 89 years of age.

Mr. Bakewell spent the greater part of his life in the East. He was employed at the General Electric company in Lynn, Massachusetts from which he retired in 1925. Following his retirement he moved to this area and has made his home here since. Mr. Bakewell was formerly a member of the Oddfellows Lodge, but he has not been active for some years.

Surviving are three children, William E. Bakewell of Detroit, Mrs. Doris Sieloff of Livonia and Mrs. Gertrude Meader of Plymouth, one grandchild, Christine Sieloff, other relatives and many friends. His wife, Mrs. Emma Bakewell preceded him in death in June, 1947.

Funeral services will be held at the Schrader Funeral home on Thursday, June 17, at 3 p.m. The Reverend David L. Rieder will officiate. Hymns will be rendered on the chapel organ by Mrs. Edna O'Conner. Interment will be made in Riverside cemetery.

Hannah A. Johnson

Funeral services will be held Thursday, June 17 at 1 p.m. for Mrs. Hannah A. Johnson who passed away Monday evening, June 14. She was 85 years old. At the time of her death Mrs. Johnson was staying at the home of her daughter and son-in-law, Mr. and Mrs. Matthew Everett at 8445 Canton Center road, Plymouth. It had been her practice to visit for a few months at the home of each of her children although her regular address was at the home of her daughter and son-in-law, Mr. and Mrs. Walter Snyder at 33064 East Ann Arbor trail, Garden City.

Mrs. Johnson was born in Livonia and spent her entire life in this area. She was a member of the Simpson Methodist church in Detroit and was very active in church work as long as her health would permit. While the serious illness which resulted in her death, was of only three weeks

duration. She had been in failing health for some time.
Surviving are five children, Mrs. Ruth Everett of Plymouth, Mrs. Hazel Snyder of Garden City, Mrs. Bernice Owrey of Flint, Howard Johnson of Pontiac and Charles Johnson of Albion; three sisters, Mrs. Rose Seiting and Mrs. Annette Egloff of Plymouth and Mrs. Mildred Higgins of Detroit; 13 grandchildren, 18 great-grandchildren, other relatives and many friends. Her husband, Charles J. Johnson preceded her in death in 1945.
The Reverend Robert D. Richards of the Newburg Methodist church will officiate at the services which will be held at the Schrader Funeral home. Hymns will be sung by Nestor Sibbold, accompanied at the organ by Mrs. Edna O'Conner. The pallbearers will be Carl Drys, Edward Asam, Charles Asam, Harry Egloff, Bert Krumm and Joseph Pritchard. Interment will be made in Livonia cemetery.

Mrs. Robert Soth, Joyce and Guy and Mrs. Perry Hix called on Gladys Britt in Detroit on Wednesday.

Elect New Head Of Kiwanis Clubs

Delegates attending the 39th annual convention of Kiwanis International at Miami, Florida

elect a prominent manufacturer from Spokane, Washington to head the organization in the year ahead.

Officers of the Kiwanis Club of Plymouth were informed that Don E. Engdahl, president of the Spokane Sash and Door Company, would succeed Donald T. Forsythe, of Carthage, Illinois, as president of Kiwanis International, which is now comprised of more than 3,800 clubs throughout the United States, Canada, Alaska, Hawaii, and the Yukon Territory.

No. 420,101
At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the second day of June, in the year one thousand nine hundred and fifty-four.

Present James H. Sexton, Judge of Probate.
In the Matter of the Estate of MARY FRASER Deceased.
An instrument in writing purporting to be a copy of the last will and testament of said deceased and the probate thereof duly authenticated having been produced into this Court for allowance and Jessie Frazer Wilkie having filed therewith her petition praying that administration with the will annexed of said estate be granted to Davis J. Wilkie or some other suitable person:
It is ordered, That the fifth day of August, next at ten o'clock in the forenoon at said Court Room be appointed for hearing said petition.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulated in said County of Wayne.

JAMES H. SEXTON,
Judge of Probate.
I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.
Dated June 2, 1954.

WILBUR H. RADER,
Deputy Probate Register,
June 17, 24, July 1, 1954
Attorney: J. Rusling Cutler, 193 N. Main Street, Plymouth, Michigan.

STATE OF MICHIGAN, COUNTY OF WAYNE, ss.
No. 412,311
At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the tenth day of June, in the year one thousand nine hundred and fifty-four.

Present James H. Sexton, Judge of Probate.
In the Matter of the Estate of ANTHONY KAPLUCH, Deceased.
Mary Meck, administratrix of said estate, having rendered to this Court her first and final account in said matter and filed therewith her petition praying that the fees as set forth in said account be allowed:
It is ordered, That the thirteenth day of July, next at ten o'clock in the forenoon at said Court Room be appointed for examining and allowing said account and hearing said petition.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulated in said County of Wayne.

JAMES H. SEXTON,
Judge of Probate.
I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.
Dated June 10, 1954.

MARTHA EGLAND,
Deputy Probate Register,
June 17, 24, July 1, 1954

TO THE CREDITORS OF RICHWINE SADDLERY, INC.
Please take notice that RICHWINE SADDLERY, INC., a Michigan Corporation, will be dissolved on July 19, 1954. All creditors are requested to present their claims to the company at 859 S. Main St., Plymouth, Mich., on or before July 7, 1954.

Signed, A. J. RICHWINE,
Secretary
June 17, 24, July 1, 1954.

High School Class of '53 Go Hold First Reunion

The Plymouth High School Class of 1953 will hold its first reunion Saturday, June 19, at the Breakfast Nook in Riverside Park at 5:30 p.m. Secretary Ann Hammond states that nearly all of last year's graduates have indicated a desire to attend. Outdoor games will be played and a fireside sing will conclude the festivities.

Miss Hammond says that the reunion will be held in the high school auditorium in case of rain. Everyone attending is asked to bring his own food and tableware.

DEDICATION OF DUNN STEEL Products company's new plant in Plymouth will be observed in a series of activities starting this week. The modern plant replaces a factory building on Amelia street which will be sold. Dunn Steel is a division of the Townsend company, a Pennsylvania firm.

DUNN STEEL

Continued from Page 1

factory today employs 100 persons. Dunn Steel, one of the oldest manufacturing plants in the city, was founded by Andrew Dunn, who now makes his home in Ashville, North Carolina. He returned from a tour of Europe only last week and factory officials hope to have Mr. Dunn return to Plymouth for next week's activities.

Dunn Steel and the Townsend company merged stock in 1951. The present manager, John Spruhan, has headed the local division since March 1953.

F. R. Dickenson president of Townsend, will attend the employee dinner tomorrow evening. Employees and their families will tour the new plant Sunday from 1 to 4 p.m. during which refreshments will be served.

Monday will be "Industry Day" at the new plant which already boasts of a spacious lawn and a paved parking lot. Representatives from 28 area industries have been invited to attend the open house which begins at 12:30 p.m. A special bus will take the

group to the Mayflower hotel for a luncheon and then return them to the plant for an inspection tour.

Final day of dedication will be Tuesday when representatives from Dunn Steel's principal customers will arrive at 2:30 p.m. for a plant tour and an evening dinner at Arbor Lill.

Dunn Steel plans to sell the old Amelia street building.

BIRTHS

Mr. and Mrs. Donald Burkhardt announce the arrival of a son, Lee, born at Sessions Hospital, Northville, June 13th. The baby weighed 7 lbs. 9 oz.

Mr. and Mrs. Warren Tillotson announce the birth of a daughter, Becky Lynn, weighing 8 lbs. The baby was born at Garden City hospital, May 28.

NEW Larro SURELAY "Hi-Energy"
SAVES 1/2-lb. Feed PER DOZEN EGGS
 NEW SureLay "Hi-Energy" packs a big energy wallop, thanks to General Mills' own Carbo-Mix Process. This means you can make a dozen eggs on a HALF-POUND LESS FEED. There's a lot more to the story. But if you want to produce a dozen eggs on 1/2 lb. less feed, see us for NEW SureLay "HI-ENERGY."

CLASSES OF 1904 AND 1954 at the University of Michigan got together last week when local physician Dr. Luther Peck and his grandson, Luther Lloyd, met on the steps of the Michigan Union. Dr. Peck attended the reunion of his Medical school class of 1904 at the university last week, an event of particular significance since his grandson received his Bachelor of Arts degree on the 50th anniversary of Dr. Peck's graduation. Dr. Peck, who has been a doctor in Plymouth for close to 50 years, attended both Luther's graduation and his commissioning as a second lieutenant in the Army immediately following. He is the son of Mr. and Mrs. K. M. Lloyd of Youngstown, Ohio.

OBITUARIES

Frank D. Rudd
 Frank D. Rudd who resided at 26530 Plymouth road, Redford township passed away suddenly Wednesday evening, June 9. Feeling ill, Mr. Rudd asked friends to take him to the hospital where he died shortly after arriving.
 Surviving are two daughters, Mrs. Aileen Mack of San Diego, California and Mrs. Naomi McEown of Whitmore Lake, Michigan; two sons, Charles A. of Wayne and Shirwell J. of Plymouth; one sister, Mrs. Gertrude Venners of Midland, Michigan, six grandchildren, other relatives and many friends.
 Mr. Rudd was born in Saginaw, Michigan, but lived there only a short time. His early life was spent in Alpena, Michigan. In 1909 Mr. Rudd moved to Ann Arbor where he lived for 30

years. Nearly all his business activity has been ice cream making. In Alpena he worked for the Gavigin Ice Cream company. In Ann Arbor he worked for the McDonald and Arctic Ice Cream companies and in 1939 he moved to Plymouth to work for the Cloverdale Farms Dairy. He was employed at Cloverdale until his retirement in 1948.
 The Reverend Henry J. Walch, D. D. officiated at funeral services which were held Saturday, June 12 at 2 p.m. from the Schrader Funeral home. Hymns were played on the chapel organ by Mrs. Edna O'Conner. The pallbearers were Herman Bakhaus, William Bakhaus, Harold Behler, Al Ducommon, Howard Shipley and Thomas Fitzgerald. Interment was made in Washtenong Memorial Park in Ann Arbor.

Plymouth High School News

Occupational Training To Be Offered Again

Again this year Plymouth high school's occupational training program has been made possible by over fifty employers in the Plymouth area who are willing to cooperate by offering jobs, by training their employees, and by giving valuable advice and teaching good work habits to Plymouth high school's youths.

Although the primary purpose of the training program is not to earn money, it is interesting to note that 80 trainees on the "earn as you learn" program will be over \$84,000 richer at the end of the school year. To earn this amount of money it was necessary for the trainees to devote over 10,000 hours on the job during a month.

This program has been offered various times throughout the school's duration and will again be given to various students who wish to participate in the occupational training program next year.

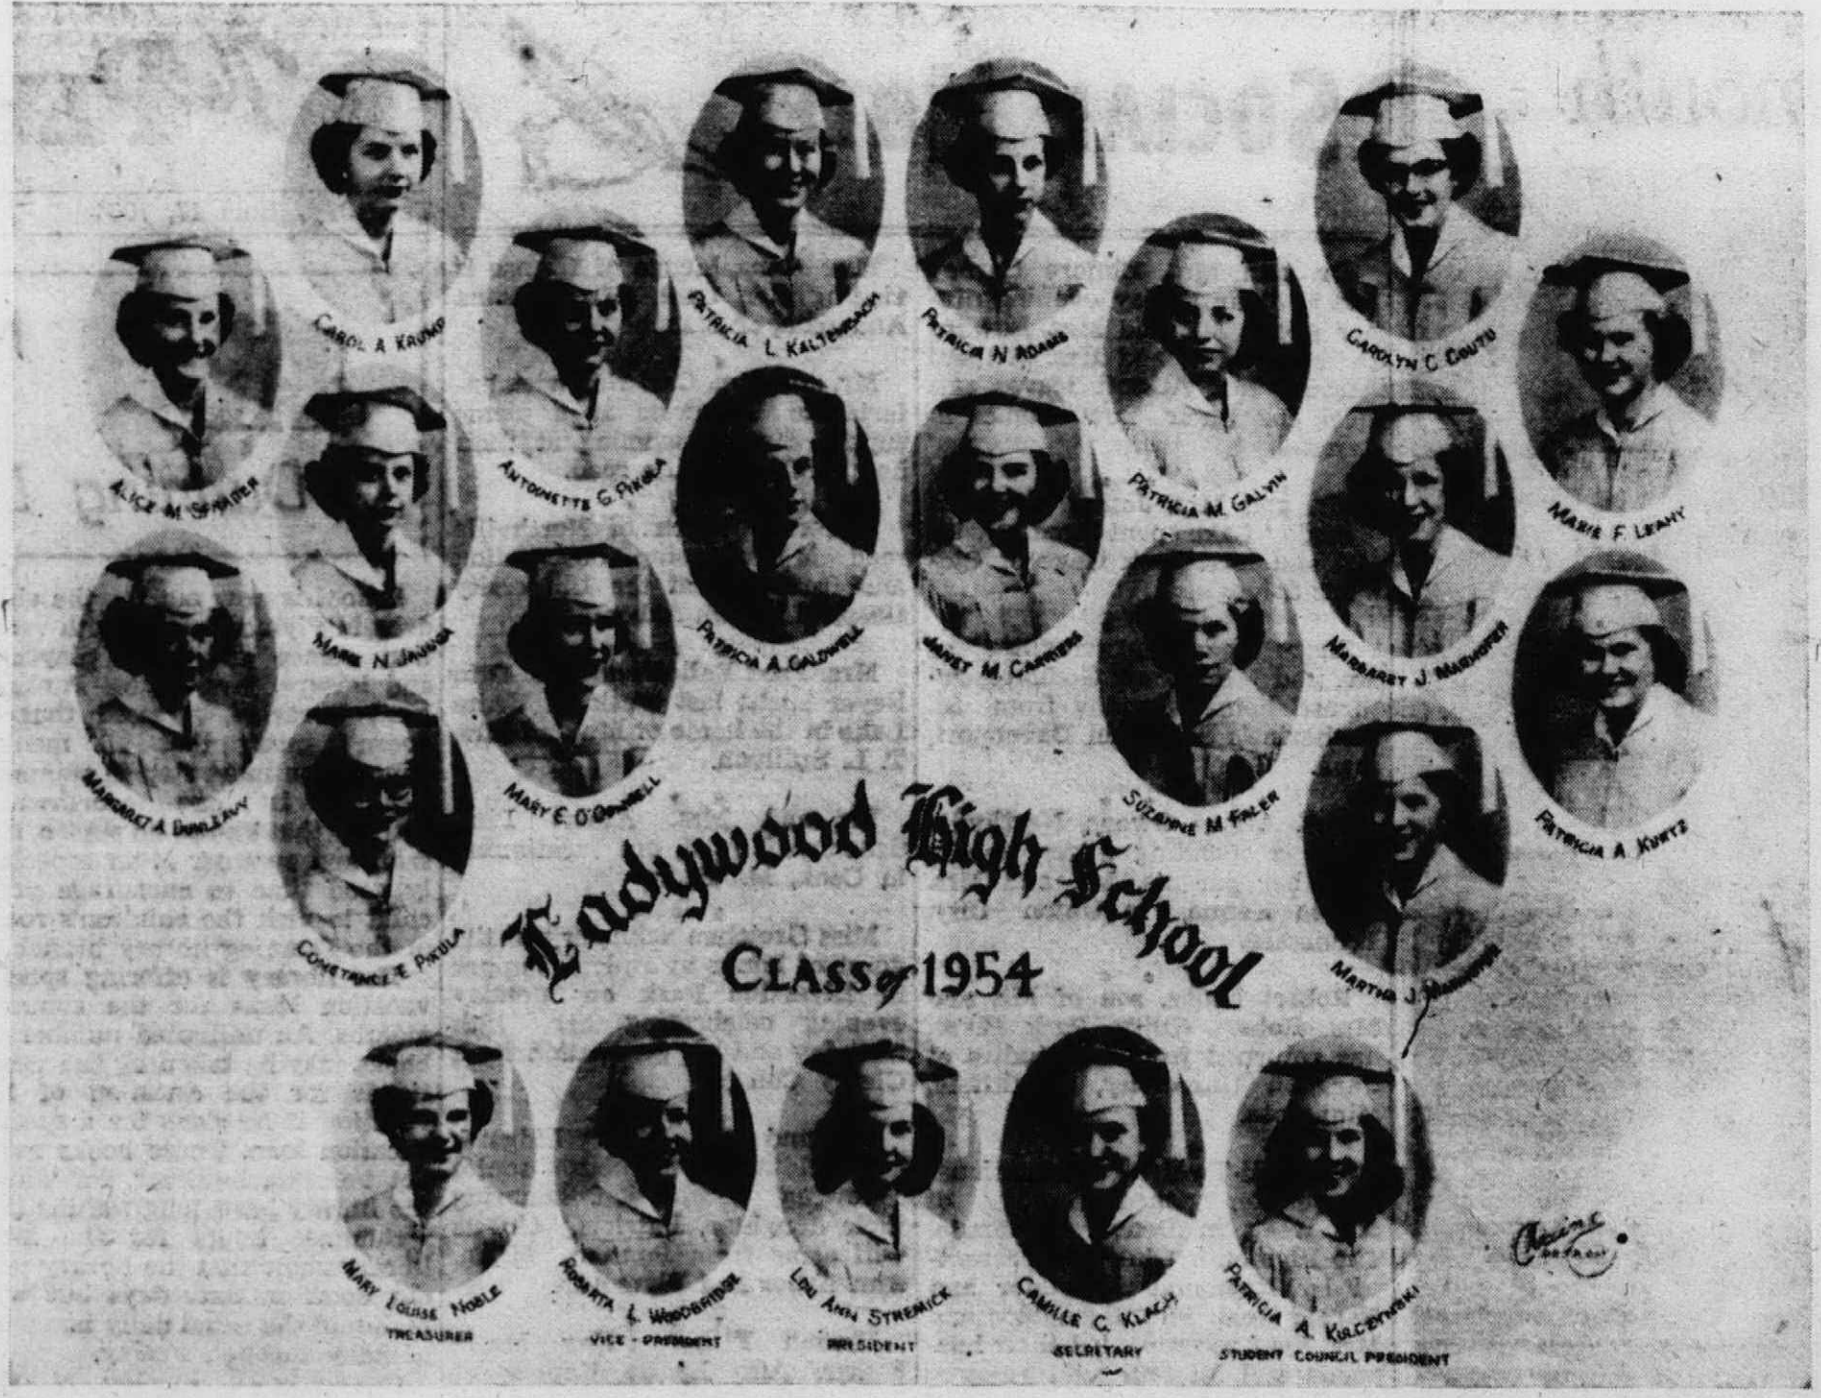

Student Council Makes Plans

Plans for next year's student council activities already being considered before conclusion of the present school year, were discussed at the first regular meeting of the new council, June 9.

First on the agenda was the student council dance to be held shortly after school convenes in September. Heading committees for the dance will be the following council members appointed by Mayor Jane Nulty: Sharalyn Watson, publicity; Earl Fulton, refreshments; Sally Morgan, orchestra; Sally Black, chaperones; and Nancy West, tickets.

An assembly committee for the 1954-1955 school year was arranged, to be headed by Pieter Schipper. Others on the committee will be two council members and four students not on the council.

Elected at the meeting as corresponding secretary for the council was Joan Donnelly.

Here's List of 172 Seniors Who Will Be Awarded Diplomas at Commencement Exercises Tonight

There will be 172 seniors receiving diplomas at Plymouth high school's commencement tonight. Members of the graduating class and their officers are:

James Isbister, president; Dean Palmer, vice-president; Jacqueline O'Neill, secretary; William Fulton, treasurer; Betty Bowden, Nancy Jean Morrison, Richard Root and Ross Willett, student council representatives.

Walter Abate, Irene Anderson, Janice Anderson, Shirley Aughenbaugh, Davis Augustine, Marilyn Barnes, Sam Battle, Juliet Bays, Lynn Becker, Frederick Benson, Richard Blackwell, Richard Blomberg, Marilyn Bowlby, George Brown, Beverly Buchanan, Margaret Ann Burr, Ted Byers, Barbara Ann Campbell, Bruce Campbell, Gordon Campbell, Joyce Campbell, Tyler Caplin.

Award Choir, Glee Club Letters

It was announced last week that choir and glee club letters and certificates were awarded to qualified students at Plymouth high school. To be eligible the students had to 1) be a member of the ensemble for two years including the semester in which the award was made; 2) not be absent, unexcused, from a performance; 3) demonstrate a desire to promote the welfare of the organization and Plymouth high school; 4) demonstrate exceptional ability in part-singing; and 5) receive the recommendation of the director.

Since the usual annual honor assembly was not held this year the awards were distributed during the regular class period. Recipients from the choir were the following: Kay Chronkite,

Barbara Baskins, Barbara Carley, Carol Zander, Peggy Wingard, Ellean Wilton, Dorrane Wilton, Suzanne Specker, Ronald Rowe, Judy Richwine, Fred Reiman, Joanne Pankow, Robert Packard, Ora Jean Nichols, Suzanne Millington, Mildred Green, Sharon Irvine, Anne Higley, Barbara Gibson, Pat Gronowick, Linda Fulton, Joan Ebersole, Pat Dory, Joyce Cook, Theresa Carpenter, Jack Carter, Leslyn Keeth, Ruth Norman, Elaine Rich, Barbara Campbell, Ann Sumner, Anthony Worth, Carole Partridge, Ellen Travis, Ruth Bogenschutz, Betty Gregory, Janet Wickens, Jane Carney, Lenora Bassett, Rita Warneke and Dorothy Keen.

Those obtaining the letters and certificates from glee club were

Sonya Bench, Marlyn Brown, Phylis Carr, Virginia Hart, Barbara Khaler, Donna Kholer, Linda Lent, Nancy Woch, Mary Ortmann, Shirley Wall, Pat Calkins, Joan Burnette, Pat Anderson, Faye Parmenter, Mary Lou Foote and Dianne Draper.

Make Awards To Athletic Group Members

Gold discs with first names of the girls on one side and Girl's Athletic Association on the other were presented to the senior members of G.A.A. at the annual picnic June 17 at Camp Dearborn. All members of the club could attend the picnic if they wished. The school bus took the girls and Mrs. Louise Gigue, girls' gym teacher, and Mrs. Dolores Caldwell, girls' swimming teacher, at 9 a.m. for a full day of swimming and picnicing. Every girl that attended the outing contributed food so all participated in a huge pot-luck lunch.

Elect New Officers Of Future Nurses Club

Irene Zakul will preside as next year's Future Nurses club president, with Joyce Batts as vice-president, and Gail Forman, as secretary-treasurer. The girls were nominated and voted on at the last meeting of the F.N.A. for the 1953-54 school year. The girls are under the supervision of Mrs. Mary Strassen.

Get Back At Him Mrs. Gray—And did you enjoy your camping trip, my dear? Mrs. Young—Immensely. It was the first chance I had to complain of my husband's cooking.

A Gorge in Prospect City Urchin (in the country)—Quick, Jimmie, there's a bee—catch it and we'll have some honey.

Why borrow trouble? Get a new automatic GAS WATER HEATER and be sure of tankful after tankful of hot water whenever you want it.

See your GAS WATER HEATER DEALER. Take advantage of his SPECIAL LIMITED TIME OFFER Today!

Lost and Found Is Packed With Many Lost Articles

"Oh where, oh where has my fountain pen gone. Oh where, oh where could it be? I've lost my coat and a brand new ring. Oh where, oh where could they be?"

This is the tune which is sung by the students at Plymouth high this year.

The 'Lost and Found' which is located in the Assistant Principal Gustave Gorguze's office is packed to the brim with an assortment of lost articles. Boots, galoshes, scarves, sweaters, lipsticks, charms, rings, glasses, pens, and pencils of all kinds are to be found in the office. The biggest problem is that most people don't bother to stop by and get their belongings or they have no identification on the articles.

Clothing is taken at the end of the year by the nurse, Mrs. Mary Strassen, to be pressed, repaired

and distributed to the needy school children. All other articles of little value are picked up by Miss Neva Lovewell. She repairs all the toys, costume jewelry, and such other things and puts them in gift wrapped packages. These presents are given to the needy groups at the discretion of Miss Lovewell. All other valuables such as watches, glasses, expensive jewelry, pens and wallets are kept in the office from year to year in hopes that somebody someday will pick them up.

A good many of the articles which were not picked up were lost at athletic events by out-of-townners or adults.

Apologies to Mark Twain "For my insomnia, the doctor advises me to lie at the very edge of the bed."

"What's the idea?" "Thanks I may drop off, I suppose."

Announce Scout Aquatic Contest

Boy Scouts of the Plymouth area will again participate in the popular Aquatic meet scheduled for the Plymouth High school swimming pool on Saturday, July 10, the Detroit Area Council reported.

Each of the 11 districts have meets set and winners of the district meets will compete in semi-finals. Winners of the Plymouth meet will go to the semi-finals on Friday, July 24 at Brennan pool, Rouge park. The council finals are scheduled for the Patton Park pool, on Wednesday, July 28. There will be pocket patches for all boys and leaders who participate, ribbons for semi-finalists and medals for final winners.

The Plymouth meet will be held from 10 a.m. to 12:30 p.m. The program is open to all registered Scouts and Explorers of the council.

Former Resident Tells of 31-Day Tour Through Europe, Holy Land

When Fannie Spicer Pitts, formerly Mrs. Henry Doerr of Plymouth, stepped off the Santa Fe Chief the evening of June 4, it ended an approximately 25,000-mile trip. She left her home in Pomona, California, on Easter Sunday afternoon, for the 31 day tour of Europe and the Holy Land, which she made with a group of 22 other persons. The trip was under the leadership of Dr. Frank McCoy Field, a former resident of Plymouth, and author of the book "Where Jesus Walked."

Local Doctor To Show Movie To Livonia Group

The Livonia Business and Professional Men's Association has arranged an outstanding program, dealing with "Heart Disease and the Business Man," for its Wednesday, June 23, luncheon meeting which will be held at noon at the Livonia Inn on Plymouth road.

The Michigan Heart Association has made arrangements for Ray Barber, M. D., of Plymouth, Michigan to address the Livonia group on America's number one health problem—heart disease. Dr. Barber is a very active member of the Michigan Heart Association and is a well known specialist in heart and circulatory diseases.

Together with his talk, Dr. Barber will show a film entitled "Guard Your Heart." The film concerns the story of a middle-aged, hard-driving executive who becomes worried about his heart. In the course of a complete physical examination by his family physician, the executive learns of the power and endurance of his heart and the way in which it performs its task of circulating the blood throughout the body. By means of animation, the film illustrates what takes place in hardening of the arteries and coronary attacks as well as a brief discussion of other heart diseases.

"Guard Your Heart" is a film of interest to everyone in the community.

Reservations for the luncheon should be made with Harvey Moelke at Livonia 2347.

Selfridge Field Jets Keep Constant Guard In Area

Though few Plymouth people give it much thought, the city is under constant armed guard. At nearby Selfridge Air Force Base—an hour's drive northeast of Detroit—swift jet fighters and skilled crews stand round-the-clock watch over this vibrant industrial concentration.

Detroit and surrounding areas, turning out many strategic defense materials, must be considered a high priority target in the event of sneak air attack. Selfridge airmen have just one mission in these days of "cold war"—track down and identify any "unknowns" in the area and, if an enemy, destroy him.

Selfridge, vital link in the U. S. air defense chain, has as its sector the entire Great Lakes area with Detroit the heart. Only the enemy knows when and where he might strike; surprise is always his advantage. So Selfridge must be constantly alert with a retaliation plan that goes into action instantly. They have it in what airmen call "the scramble," and it works so precisely that jets are airborne in less than three minutes after the alarm is sounded.

At the upper end of a mile-and-a-half runway—some distance from other base installations—stand the "alert" hangars. Inside each a sleek F-86 Sabre jet is poised like a hornet at the hive entrance, gassed-up and fully armed with 24 lethal "Mighty Mouse" rockets. In a scramble, big doors fore and aft swing overhead in 20 seconds, making a straight-through tunnel. Thus jets, started immediately inside, practically fly out of the hangar.

Pilots, who stand 8-hour watches in a center section, call it the "firehouse." Like firemen waiting for the alarm, they while away the long hours playing chess or watching TV. Meals come to them with plenty of hot coffee to ward off drowsiness.

Near the "firehouse," giant radar tirelessly probes the sky with invisible fingers. In this nerve center another part of the air defense team keeps watchful eyes glued to fluorescent screens as they record each sweep of the radar beam. Here is where first contact with an "unknown" is made. It could be a joy-riding private plane, an unreported commercial flight, or—deadly serious business. Whatever it is, the scramble is triggered.

As the public address system loud speaker barks... "Blue angels... 30,000... 0430!" pilots are on the way. Hangar doors are open as the men swing up into their planes. They buckle on parachutes and helmets in a single motion, radioing the control tower while crewmen start engines with a deafening roar that sends fiery blasts to the rear hangar openings. Wheel chocks kicked away, the jets scoot out to the runway in pairs. Control has cleared the way, seconds later they are in the air, seeking their target. Elapsed time from alert to take-off: just over two minutes.

It's not uncommon for Selfridge jets to be "scrambled" several times a week. Whether on practice missions or seeking out unidentified planes that turn out to be "friendly," the airmen never know the nature of their quarry until after they are in the air. Every alert is the real thing until operations tells them otherwise.

Protect Your Engine With An Oil Change!

Good, clean motor oil—that's a must for your car to run smoothly in warm weather, and help the engine hold-up for years... Let us change your oil regularly!... for better performance—fewer service bills.

Our service charges are on the friendly side, too! For safe, carefree driving, have your car serviced RIGHT here!

WITH PLYMOUTHITES IN THE SERVICE

Brief items of interest about Plymouthites in the services are welcomed in this column, providing the information does not conflict with press security policies.

Remo Coco

Remo Coco, son of Mr. and Mrs. Desolina Coco, 20275 Parkville, Livonia, Michigan, recently was promoted to Army sergeant while serving in Korea with the 936th Field Artillery Battalion.

Sergeant Coco is a section chief in Battery A of the battalion which is training to maintain combat readiness.

He entered the Army during January 1953, completed basic training at Camp Chaffee, Arkansas and arrived in Korea the following July.

Richard H. Moore

Colonel Richard H. Moore, son of the late Colonel and Mrs. William K. Moore of Plymouth, was among 197 students graduating today from the Army War College at Carlisle Barracks, Pennsylvania. He leaves the Army's highest educational institution for an assignment in the Pentagon, Washington, D. C.

Colonel Moore received his B.S. and M.S. degrees from the University of Michigan. Before being called to service in 1941 he was employed by the Ford Motor company in Dearborn, Michigan.

During World War II he served in the European Theater of Operations and participated in Northern France, Central Europe and Rhineland campaigns.

After cessation of hostilities Colonel Moore returned to the States and had various tours of continental duty until 1947 when he was assigned to the 8th Army in the Far East Command. He came to the Army War College from the Command and General Staff College at Fort Leavenworth, Kansas, where he was a member of the staff and faculty.

Colonel Moore is married to the former Geraldine Kinney, also of Plymouth. They have three children, Barbara, Richard and William.

Small Oversight

"Did you cancel all my engagements, as I told you, Parker?"

"Yes sir, but Lady Millicent didn't take it very well. She said you were to marry her next Monday."

Coach Baughman's Short Career Highlighted by Successful Teams

Coach Keith Baughman

(This is another of a series of articles concerning people who have contributed much to sports in the Plymouth area. We hope to continue these articles throughout the summer as there are many in Plymouth who have given a lot to athletics — either behind the scenes as sponsors, or actively as managers, coaches and youth leaders.—Ed Brown)

Plymouth high school recently won another 6-B League track championship—one of many titles taken in this sport in recent years under the coaching of Konrad Moisoio and more recently Keith Baughman. Mr. Baughman has been varsity coach the past two years, with the Rocks taking the championship each year.

Keith was born in Copemish, Michigan, where he attended high school and participated in basketball and track. In high school he ran the hurdles and high jumped. After graduation in 1940, Keith thought he would like to try working in the automobile industry, and enrolled as an apprentice in tool making at the Ford Motor company. Two years later he was called for World War II and served in the Marine Corp for 3½ years with duty in the Marshall Islands and Philippines. Upon being discharged he finished his apprenticeship and became a full-fledged tool and die journeyman in 1946.

Having saved up some money from his factory and armed service pay, Keith then decided he would like to go to college and become an industrial arts teacher. He entered Michigan Normal at Ypsilanti in 1946 and graduated with a Bachelor of Science

degree in 1950. He didn't have time to participate in athletics in college for he had a wife and child to support at that time.

Mr. Baughman came to Plymouth in the fall of 1950 to teach shop courses. His first year he assisted in frosh football, and for two years had the frosh track team, becoming varsity coach when Konrad Moisoio stepped down from his track duties. Keith is going to summer

school at the University of Michigan this summer and will complete his work for a Master of Arts degree.

He lives at 1124 Carol street with his wife Louise, and seven year old daughter Linda. The Baughmans built their own house with the help of his brother-in-law in 1947. They like Plymouth and think it one of the best cities in Michigan.

Sport Glances

by "Professor" Edgar Brown

I was one of those that endured the sweltering heat at Ann Arbor Saturday to witness the Inter-collegiate track meet. All the top college stars were on hand and despite the heat some remarkable times and distances were made in many events. I saw the 7-foot high jump nearly become a reality, but the jumper, missed by the narrowest of margins. A sparkling 1:50.5 half mile was turned in; a 9.5 second 100-yard dash, and a 20.7 second 220; a 22.6 second 220 low hurdles; and a broad jump of nearly 26 feet.

The West Coast dominated the field with Southern California running away with the meet by scoring 66 points. Illinois was second with 31 points.

It was a good meet with around 15,000 braving the torrid heat to see it. Many of these winners will also win in the 1956 Olympics in Australia.

Those Detroit Tigers have sort of leveled off from the early season pace they set, and are currently in a slump having lost 9 of the last 11 games. The kids are playing good ball considering their age, and most games are interesting until the last out is made. There are some things I can't understand though—such as the game Sunday when Manager Hutchinson ordered Zernial, a pinch-hitter walked with two out and no one on and the Tigers ahead by one run. The next man was walked unintentionally and then a line hit scored both runs to win for Philadelphia.

On paper they should end up near the top of the second division as I predicted earlier this year.

If the scorers cooperate by keeping track of sacrifice hits, walks, etc., this year in the local softball leagues, I am going to try and keep the batting averages of every player in both the men's leagues and put the top five in the paper each week. That is quite a job, but it can be done if the score sheets are clearly marked and noted when a player enters the game. The first few games have been very good, and the scorer has done a remarkable job of explaining each play.

The league will be a close one this year as most of the teams are about on a par, and the games played so far have been close ones. The men's league play on Monday and Thursday nights, while the B league, or old-timers, play on Wednesdays.

Another no-hitter was tossed the other day. Jim Wilson, a relatively unknown, turned the trick as he pitched the Milwaukee Braves to a 2 to 0 victory over the Phillies and Robin Roberts. Most of the no-hitters hurled in the past few years have been by mediocre pitchers. Ken Holloway turned in the last one in the American League a couple years ago—never won after that, and is now in the minors. Few real top-notch pitchers, outside of Bob Feller, ever have achieved the honor.

SPORTS

Students Nip Faculty, 7-6

The high school baseball team needed some gift runs to down a scrappy faculty nine last Thursday 7 to 6 in a game played before a large and noisy crowd of students at the high school diamond. Only two of the school boys runs were earned as errors by the older men played a prominent part in the outcome of the game. All the faculty's runs were earned.

The teachers jumped off to a two run advantage when they scored two runs in the initial inning on a single by Ketterer, a fielder's choice and two sacrifices. The boys came back to tie up the contest in the third inning after two were out on singles by Clifford, Wilkin and Rutherford.

The latter went ahead with two more counters in the fourth on errors and singles by Gothard and Day, and cinched the game in the fifth with a cluster of three runs on more errors, two singles and a double by Church. The faculty men came back strong in the last inning to count four runs and have the winning run on base. A hit batsman lead the inning off, and then four straight hits—a single by Ketterer, a double by Sandmann, a single by Gorzuge and another double by Smith together with two walks propelled four runs across the plate, but a strike out ended the threat.

Coach Ketterer hurled for the faculty and allowed 10 hits, struck out 5 and walked one man. Gary Gothard tossed for the boys and allowed 5 hits, struck out 8 and walked 3 men.

Athletic Alumni Elect Officers

At a recent meeting of the Plymouth Athletic Alumni Association David Gates was elected president for the coming year. Dave has been serving as temporary president since the organization was formed last winter. O. H. "Liv" Williams was selected as 1st vice-president and chairman of the program committee; Bill Lyons as 2nd vice-president and chairman of the publicity committee, and Dick Nagel as 3rd vice-president and chairman of the scholarship committee. Charles Elliott will serve as treasurer, and Bob Champe as secretary.

President Gates states that a discussion was held seeking other ways of promoting the athletic program in the local school, and that the executive board will meet this summer and arrange a program for next year.

The scholarship committee interviewed candidates for the \$50 award given annually to a deserving letterman. Jerry Kelly, an outstanding athlete and scholar, was this year's recipient. Jerry is entering the University of Michigan in the fall. The award is based primarily on need and scholastic standing.

B, G & R Wins

Barnes, Gibson & Raymond won their first game of the season in the Men's league by downing Champion Corrugated 10 to 3 last week. The winners collected a total of 15 hits with a triple and a home run by C. Sparks doing the most damage.

Ward held the losers to 5 hits in chalking up his win; Caldwell was the loser.

Pulliam, Clark, C. Sparks, Cox, Ward and E. Sparks all had two hits each. Bill Bingly had a triple for the losers.

TCP

pierces power curtain

-makes engines up to

15% more powerful

TCP, the Shell-discovered fuel additive now blended into Shell Premium Gasoline, neutralizes lead and carbon deposits which formerly caused pre-ignition and spark plug "miss"*

Actually repowers engines in less than 400 miles—in most of the cars on the road today!

Full engine power, as designed for your car, seldom survives the first 2½ months of driving. After that, lead and carbon deposits smother power, waste fuel, reduce pick-up.

How deposits attack

These deposits, formed in combustion chambers, become red hot and prefire the fuel, before the piston is in firing position. The same deposits, built up on spark plugs, short-circuit the electric current, and the spark plug misfires.

This dual attack results in the greatest cause of power waste in today's engines, and it hits just when you need full power most—on hills, or during rapid acceleration.

More power than you think

Up to 15% more power than you think your engine can deliver is unleashed by Shell Premium Gasoline with TCP. This fuel additive, discovered

after years of research by Shell scientists, "fireproofs" deposits in combustion chambers and stops pre-ignition. It makes the spark plug deposits non-conductive, and prevents misfiring.

In 400 miles

So swift is the corrective action of Shell Premium with TCP that you'll feel your engine has had a tune-up before you've driven 400 miles. But engine deposits accumulate constantly. Continued use of Shell Premium with TCP is the only way to maintain the benefits you've gained.

Shell Premium Gasoline with TCP is the greatest gasoline development since the discovery of tetraethyl lead. It is available only at your Shell Dealer's.

*Shell's Trademark for this unique gasoline additive developed by Shell Research. Patent applied for.

Favorite Recipes

From
Plymouth's Kitchens

With picnics getting a lot of attention during these warm weather days some new recipe ideas are always useful for the outdoor cook. Girl Scouts Judy Walch and Allison Scott have provided some of the recipes used by the Girl Scouts in their cook-outs. These form some of the favorite foods of both the Scouts and their leaders.

Stew
For individual servings make one hamburger patty. Take a double thickness of aluminum foil and put in it the patty, diced celery, potato and onion, 2 tea-

spoons water, salt and pepper. Seal the foil around the stew so that no steam can escape. Put on the coals of your fire and cook for 20 minutes. The stew can be eaten right in the foil.

Weiners and Corn
Take six weiners and cut in small pieces. Take two cups of whole kernel corn and 4 cups of pork and beans, mix together and simmer in a pan. Stir carefully because it will stick easily. Serve with carrot and celery sticks.

Baked Apples
Bake an apple on a stick, peel the skin off, roll in brown sugar

and eat. Baked apples may also be made by removing the core from the apple and filling the hole with brown sugar and raisins. Wrap in foil and place on the coals.

Some-Mores
One of the favorites of Girl Scouts everywhere are the Some-Mores. For each serving place a couple squares of milk chocolate bar upon a graham cracker. Roast a marshmallow and place the hot marshmallow on the chocolate, pressing down with another graham cracker. Eat like a sandwich.

SOCIAL NOTES

Mr. and Mrs. John Stratton of Lakeland Court spent the weekend with Mrs. Stratton's parents, Mr. and Mrs. Bruce Kenitz in Detroit. Earlier this week Mr. Stratton left for Yale University where he will do post graduate work.

Among those from Plymouth who graduated last Saturday morning from Michigan State Normal college in Ypsilanti were Mr. and Mrs. Kenneth Thompson (Mrs. Thompson is the former Diane Arscott) and Dan Julien.

Mrs. Donald Melow left Thursday by plane for Cleveland, Ohio, where she spent the remainder of the week with Mr. and Mrs. Herbert Kalmbach and family. She was joined over the weekend by Mr. Melow and sons, Carl and David.

Mr. and Mrs. Garnet Rush will hold an open house Thursday evening honoring their son, Wally following his graduation from Plymouth High School.

Mrs. Agnes Pauline attended the Belleville Business and Professional Women's club meeting on Monday evening of last week and Mrs. Pauline was the installing officer as her last official act as District 2 chairman.

Billy Britcher, son of Mr. and Mrs. George Britcher of Wilcox road, celebrated his twelfth birthday on Wednesday evening of last week by entertaining his cousins, David and Carl Melow and Mary Lou Smith.

Cadet Edwin L. Kimbrough, son of Mr. and Mrs. R. L. Kimbrough of South Main street has qualified for the dean's honor roll for the second semester at Wentworth Military Academy.

Mr. and Mrs. Kenneth Thompson and Mr. and Mrs. Dan Julien attended the Michigan State Normal college senior dance at Ypsilanti on Friday evening. The Thompsons were hosts at dinner, preceding the dance and the group later were guests at the Julien home.

Mr. and Mrs. George Britcher and sons, Michael and Billy, of Wilcox road spent the weekend at the cottage near Atlanta, Michigan.

Miss Kay Dobbs has returned from college and will spend the summer vacation with her parents Mr. and Mrs. Edward Dobbs of Penniman avenue.

Sgt. Mary Ellen Patterson has returned to active duty and is stationed at the Publications Branch, Naval Annex, Washington, D.C. Sgt. Patterson is the former Mary Ellen Kearney.

Mrs. Herbert Goyer of Church street entertained at luncheon on Monday for eight sisters and brothers, all of Detroit.

Don Carney of Penniman avenue, was host to a group of friends over the week end at the Carney's cottage at Little Silver Lake.

Mr. and Mrs. George Burr, of Sheridan avenue, were hosts Sunday evening, following baccalaureate, honoring their daughter, Margaret Ann, a graduate this week of Plymouth High School. Guests were Margaret Ann's grandmother, Mrs. Maude Bennett, Mrs. Ida Mae Harmon of Ligonier, Pa., Mr. and Mrs. Dan Mac Gilvary of Ferndale, Mr. and Mrs. Howard Germompraz of Farmington and Mr. and Mrs. Sanford Burr of Plymouth.

The class of 1913 of Plymouth High School held its annual reunion in the park Saturday, June 12. The attendance was small, but a good time was had reminiscing.

Mr. and Mrs. Walter Sheridan and daughter, Janet, of Toronto, are spending a few days with their aunt and uncle, Mr. and Mrs. Edward Dobbs of Penniman avenue.

Miss Phyllis Mandel was honored at a miscellaneous show on Sunday afternoon at the home of Mrs. Leo J. Klein. Fifty guests were invited to attend from Detroit, Livonia and Plymouth.

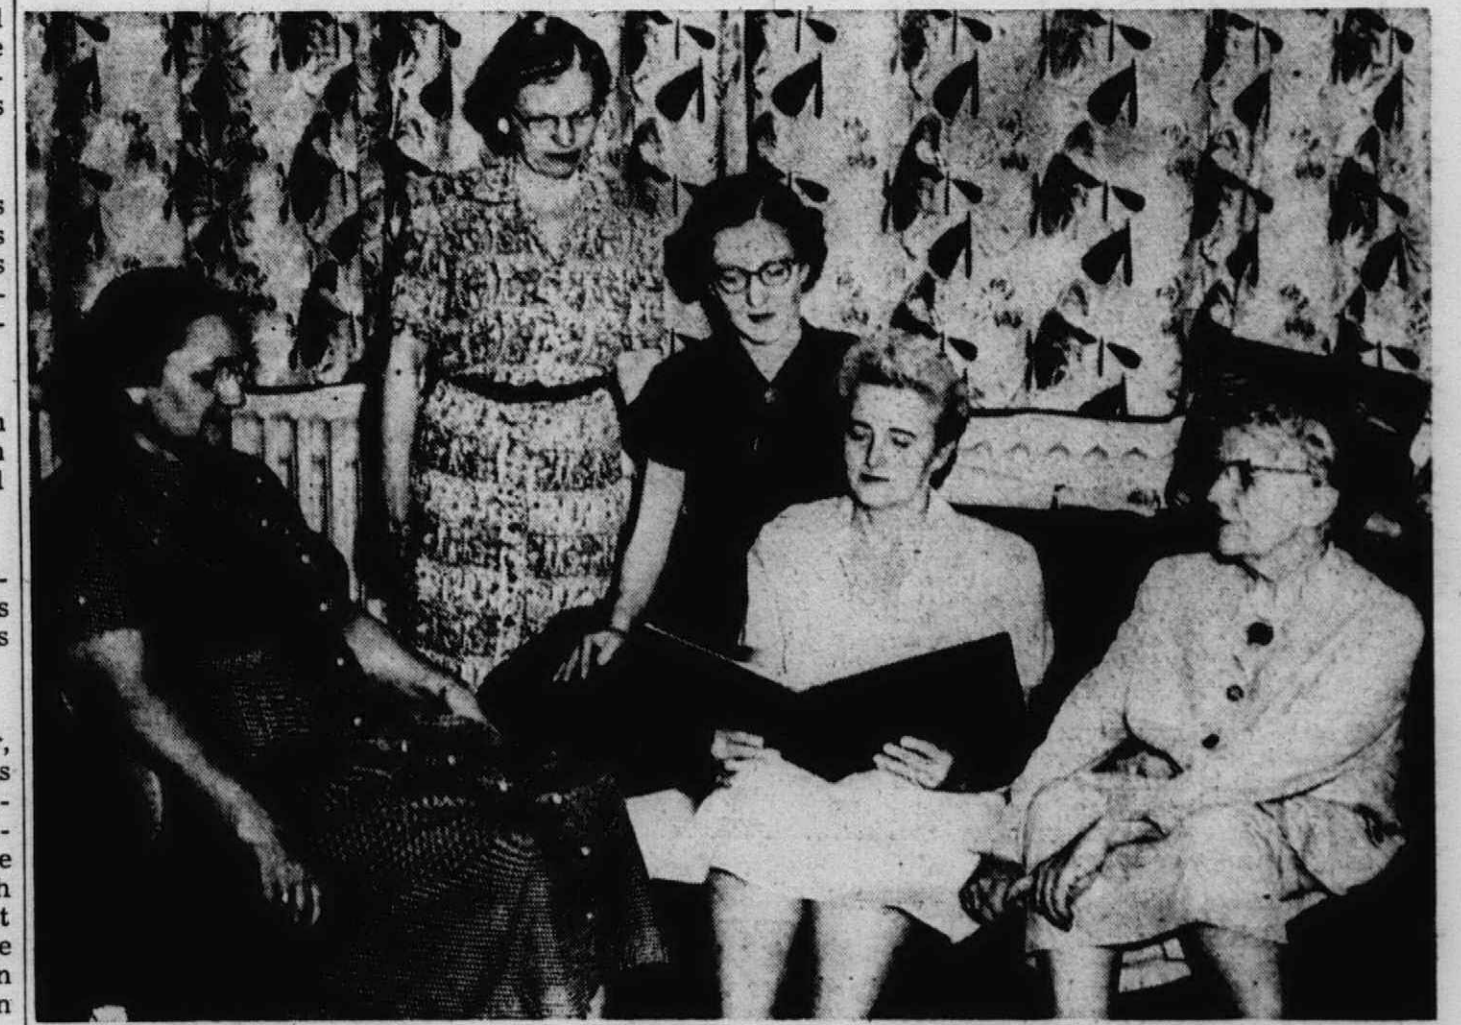

Sunday dinner guests of Mr. and Mrs. Edward Dobbs, Penniman avenue, were Mr. and Mrs. Glenn Mellena and son, Robert, and daughter, Ruth, and Mrs. Kate Venstra, all of Grand Rapids.

Madonna College to Resume Reading Clinic

The Madonna college Reading Clinic will resume its services to children on June 21. The Clinic, beginning its third year of services, aims to help children overcome reading difficulties and reach their proper reading level.

There are still a few openings for the summer services. Parents who wish to enroll their children are asked to make arrangements before June 17. Please call Plymouth 528.

Preliminary tests for new pupils will take place this week Thursday and Friday, June 17 and 18, from 9 a.m. in the morning till noon. All new pupils are required to undergo these diagnostic tests on both days.

On the basis of this diagnosis, clinicians will devise a suitable program of remedial work for each child.

Individual instructions will be given for one hour daily Monday through Friday, beginning June 21. The time will be arranged previously by clinicians in conference with the parents. Summer instructions will end July 30.

Madonna college Reading Clinic opened its services in June 1952. Instructions were conducted daily during the summer periods and on Saturday mornings during the school years. A capacity number of children from the vicinity made use of this opportunity to improve their reading.

The Clinic occupies one floor of Loreto on the college campus. The Clinic is well equipped with modern diagnostic and remedial reading apparatus and is conducted by trained reading instructors.

In addition to a number of tests and personal interviews, diagnosis of reading difficulties

Sarah Ann Cochrane Chapter Plans Picnic

The Sara Ann Cochrane chapter of the Daughters of the American Revolution will hold an annual picnic on Monday, June 21, at 12:30 p.m. Members will meet at the home of Mrs. Claude A. Cruseo, 43180 West Nine Mile Road, Northville. This will be the last meeting until fall.

Easily Built, Attic 'Cedar Room' Provides Family With Answer To Storage Problems

How would you like to have a "cedar room" in your home, one big enough to provide ample storage for winter clothing, woolens, extra linens and the hundred and one items you want out of the way and safe from moths?

A "cedar room" might be called a big brother to a cedar closet. Its "king size" proportions make it doubly desirable for homes with storages that already are fully packed.

A walk-in "cedar room" can be built in the average attic easily and at modest cost. While most attics differ in size and shape, it is simple to mark off an area for a storage place. Unlike other rooms, no provisions must be made for windows, furniture placing and the like. The only requirements are plenty of space and sufficient head room to provide easy access to all corners.

A room 8x10-feet will take care of the needs of a good-sized family. In a long, narrow attic a 5x16-foot room would, of course, do the same job.

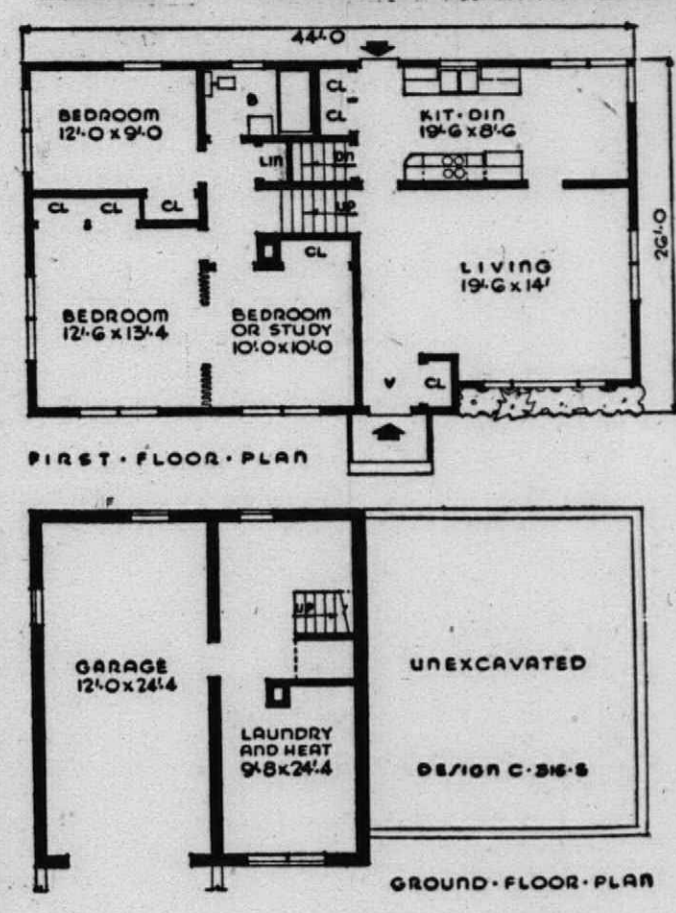

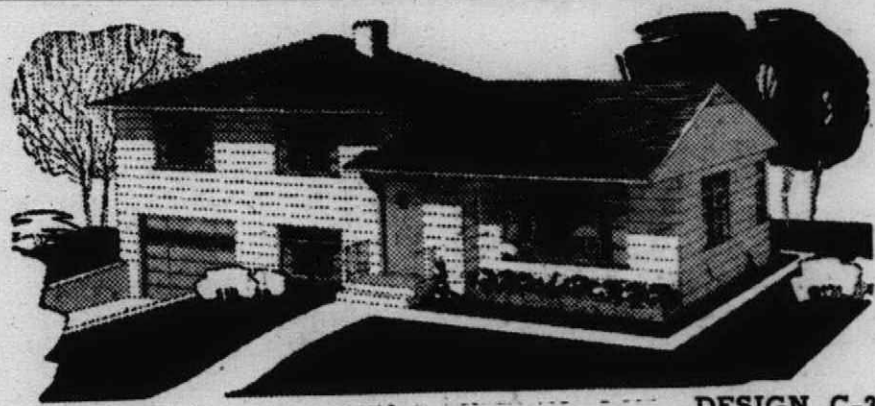

Framing the cedar room is simply a matter of supplementing existing framing as needed with 2x2-inch uprights, spaced so the centers will be 24 inches apart, and providing framing for a door. The framework then is lined with aromatic red cedar, which comes in tongued and grooved strips like flooring. For maximum protection, ceiling, floor and door should be lined as well as the walls. Exterior walls can be covered with any type of building board.

Provision should be made, of course, for shelves and hangers. Racks mounted on casters will facilitate the handling of clothing.

Plymouth lumber dealers are always anxious to help customers in their "do it yourself" projects. If you show him a simple sketch of your proposed "cedar room," your dealer undoubtedly will be glad to help you plan the framing and give you other tips. He can supply the cedar lining and other materials, too.

Recently a hundred families were asked what added convenience they felt would help them most in housekeeping. The answer most often received was "more closet space," with "a big cedar closet" a close second. The home handyman can fulfill both needs by converting wasted attic space into a "cedar room." The whole family will enjoy the cedar's clean aroma and handsome appearance.

Only the moths would be against this project—and they have no vote.

DESIGN C-316-S. A flexible three bedroom house built on three levels. The garage and laundry occupy the lower level; living room and kitchen, the ground level; and the three bedrooms and a bath, the top level. Minor variations can readily be made... such as substitute a partition for folding doors between bedroom and study, making an L-shape of the living room and dining, or changing the approach to the garage to the rear. The garage can be omitted altogether. Construction is frame with crawl space under living room level.

Use of Screw-Type Nails Assures Good Results When Laying Hardwood Floors

A comparatively new development in the laying of hardwood floors, use of screw-type nails, today is giving home buyers added assurance of permanent trouble-free floor service, according to trade reports.

Posessing about two and one-half times the anchorage power of ordinary flooring nails, the screwtype fasteners hold the hardwood securely to the subflooring, with virtually no danger of ever loosening.

Local lumber and building supply dealers say anyone planning a home built to specifications would be wise to remind the contractor to use good nails in applying the hardwood floors.

The do-it-yourself enthusiast who undertakes installation of a hardwood floor in a room addition, attic or similar small area also should keep this in mind, for good nails will enable him to do a better job with less difficulty.

Spirally grooved, screw nails are driven with a hammer, just as ordinary nails are fastened. They turn while penetrating the wood, drawing the hardwood tightly to the subflooring. In the turning process the wood fibers

become firmly embedded in the threads of the nails. The resultant holding action, impossible to attain with smooth-shanked nails, minimizes the danger of floor squeaks caused by loosening of nails.

Manufacturers of screw type nails claim that they are more resistant to bending than are ordinary steel wire nails.

Flooring authorities emphasize that adequate nailing is essential for both subfloors and finish floors. Most sizes of tongued and grooved flooring strips should have a nail every 10 inches. Exceptions that very narrow strips (1 1/2-inch) may be nailed every 12 inches and thin strips (3/4-inch)

call for nails at 8-inch intervals. Subflooring boards should have two nails at every bearing point.

HERE'S HOW

The modern bed in which all structural members are hidden is easy for the home craftsman to make.

The bed is simply a frame mounted on short legs (A). Frame members are of 1 by 4-inch lumber—two pieces 67 1/2 inches long, and two pieces 51 1/2 inches long, fastened to four legs made of 3 by 3's.

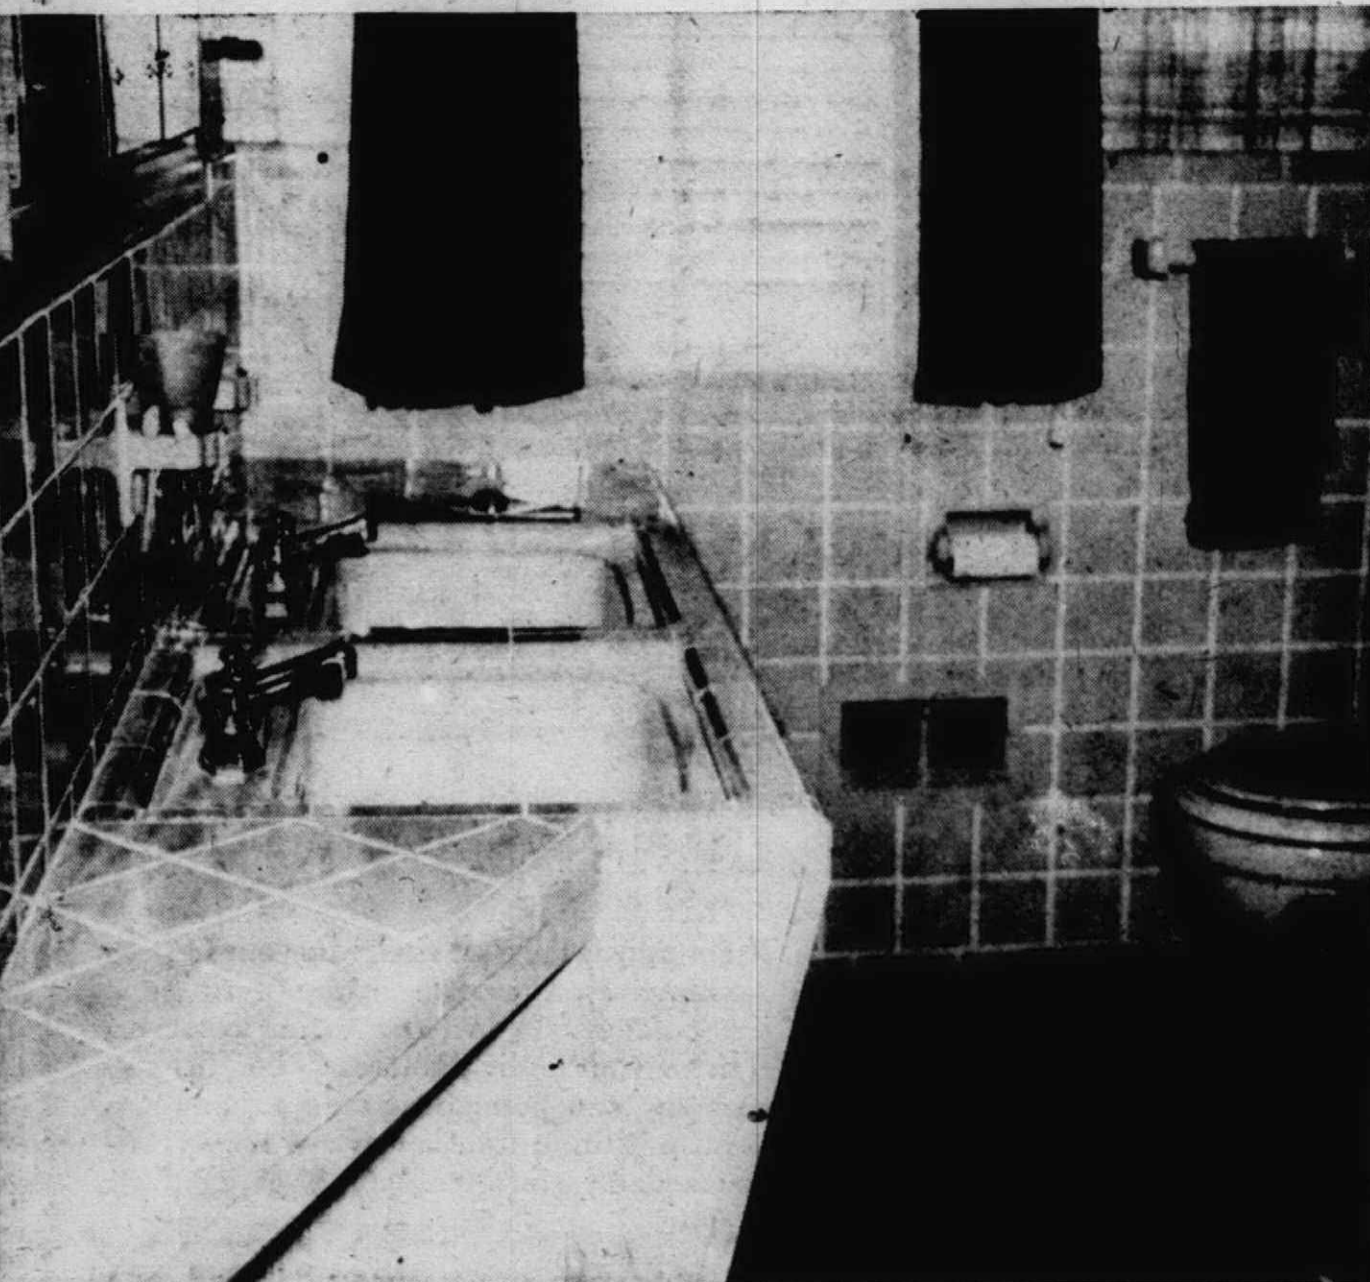

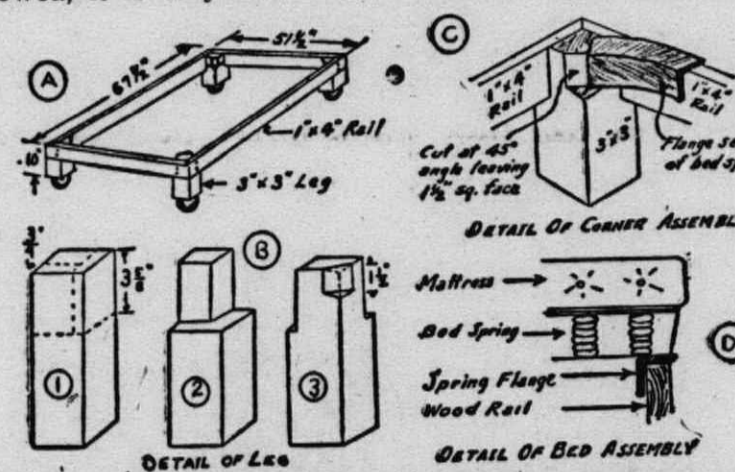

The leg shaping looks complicated, but if the steps in (B) are followed, it is easy. Saw out on

MAKE A MODERN BED

the dotted lines (B-1) to produce the block (B-2). Drawing (B-3) shows the leg turned around for cutting the 45-degree notch, 1 1/2 inch square. The reason for the notch and ledge are shown in (C).

The rails are fastened to the legs with Number 8 (roundhead) wood screws.

Spring and mattress are just set in place, with the flange on the bottom of spring, extending along the rails and corners as shown in (C) and (D).

PROOF THAT A BATHROOM can add much to the attractiveness of a house is offered by the lovely bathroom in the home of Mr. and Mrs. Nat Sibbold of 1149 Ross street. The tile in the bathroom is of aqua while the fixtures are of sand. One of the highlights of the room are the two basins, shown these days in many of the modern homes. The walls are papered in an aque and cocoa plaid, and the floor and drapes are dark brown.

Window Shopping With Sue

It's really remarkable the number of gadgets they're putting out nowadays to make work in the kitchen so much easier and more efficient. Take kitchen storage space as an example. They're offering so many different kinds of shelves and holders these days that it's really amazing.

For instance there are spice shelves, package shelves, various sized utility shelves, wall knife holders and ones that fit into the drawers, hanging shelves for cups, glass, towel driers that fold back into the cupboard, lid holders, duo-containers for wax paper and paper towels, and so much more. But it all goes to the same purpose: making life simpler for the homemaker.

By the way, have you heard that Eger-Jackson's is getting in a whole new line of artist supplies? That should be good news to all the local artists, and there are a goodly number of them. Taking up oil painting and the like is not only fun, but think of the thrill you'd have when you hang your original painting in the living room.

Have you noticed that one of the latest trends in homes is substituting inside blinds at the windows for curtains. Pease Paint and Wallpaper has some of the lovely Bermuda blinds, for instance, that can be made to

Handy Jim's FIX-UP TIPS For Farm and Home

Making a Bench Vise
An indispensable item for the home workshop is a bench vise, which can be made of scrap wood either one inch or two inches thick. According to American Builder, the first operation is to

cut a section 7 1/2 inches wide and 14 inches long.
About 1 1/2 inches from one side, cut a triangular slice in the shape of a wedge. One side of the wedge should be cut at a 45-degree angle.
Attach the vise to the workbench top with countersunk screws. The work is held between the vise and the sliding wedge.

Penetrating Sealer

The penetrating sealer type of finish is ideal for Maple and Birch floors. The sealers have penetrating qualities that become an integral part of the wood. After application, the finish wears away only as the wood itself wears away. Excellent sealer finish products are available at hardware and paint stores, as well as at many local lumber yards.

The average floor-layer finds the floor screw type of spiral nails more satisfactory for fastening Maple and Birch floors, because they eliminate splitting.

These Events Were News

50 Years Ago

June 24, 1904

A large number of young people attended the party at William Ash's on Saturday evening and tripped the light fantastic until an early hour in the morning, which shows a sad disregard for the Sabbath.

Somebody seems to have a terrific hankering for bananas, and being apparently unable or unwilling to purchase them legitimately, makes a practice of stealing whole bunches of them from D. A. Jolliffe's cellar. D. A. has made up his mind that the thing has gone far enough and the banana thief may find himself in trouble if he does not desist.

While the price of the Detroit Daily was recently advanced to 10 cents per week, the paper has since been very materially improved and a person will still get more than "his money's worth."

Ernest Roe and B. J. Havershaw were sitting in the doorway of the electric light plant Tuesday evening about seven o'clock when they noticed smoke issuing from the kitchen door of the house opposite occupied by Ernest Burden. They rushed across the street and by that time flames were shooting out in all directions. Thinking the house was afire, Mr. Havershaw went back and blew the whistle for the fire alarm, and in the meantime members of the house had learned of the fire, which was caused by a gasoline stove letting down too much gasoline and overflowing. The fire department turned out, but their services were fortunately not needed.

A young man well connected with a Southern family, made an attempt Wednesday to commit suicide by the laudanum route, at the Hotel Plymouth. He has been stopping here for some three weeks and the last three days had been drinking heavily. Wednesday afternoon Landlord Strong observed him sitting down at a table, with an empty bottle beside him. At once noticing something wrong about his appearance, physicians were summoned and through their efforts his life was saved.

25 Years Ago

June 21, 1929

Friends of Cadet Terrence Hickey will be happy to learn that he arrived home Monday evening, after an absence of two years. Upon graduating from Plymouth with the class of 1927, Ted was selected by the government as one of Michigan's representatives to West Point, New York and passed his examinations with high grades. He has been chosen as one of the guests of honor at the alumni banquet Friday evening, and will tell about his life at West Point.

The Wayne County library is now nicely settled in the new location in the south room of the Plymouth Furniture Exchange building on Main street.

Robert Willoughby of this place, and Miss Maxine Geddes of Shreveport, Louisiana, were united in marriage at Shreveport, Louisiana, on Tuesday, June 11. The bride is a former teacher in the Plymouth schools while the groom is a prominent young businessman of Plymouth.

David Niehol, Edwin Schrader, Katherine Wilcox and Ruth Allison are home from the University of Michigan for the summer holidays.

On Sunday, June 16, the following children were confirmed

in St. Paul's Evangelical Lutheran church at Livonia Center: Ruth Bayes, Margaret and Viola Landau and Dorothy and Earl Smith.

Arthur White has been seriously ill from blood poisoning at his home on Canton Center road.

Miss Dorothea Lombard has returned from her studies at Albion college, to spend the summer with her parents, Mr. and Mrs. Warren F. Lombard on Ann Arbor street.

The Misses Ruth Shattuck, Helen Roe and Pauline Peck and Mrs. Ruth Huston Whipple finished their terms of teaching in Detroit, Wednesday and are home for their summer vacation.

Miss Julia Wilcox, who has been a student at Smith College at North Hampton, Massachusetts, returned last week to spend the summer with her parents, Mr. and Mrs. George Wilcox, at their home on Penniman avenue.

10 Years Ago

June 16, 1944

Daniel A. Kelly, Jr., better known to his former associates in the Allen Industries as Alton Kelly, who came to Plymouth in October 1936 to work in the Allen plant, is reported by Army officials as killed in action somewhere in the southwest Pacific.

Three girls from this city, Carmel Stitt, daughter of Mr. and Mrs. Charles B. Stitt, and Bernice and Patricia Kinahan, daughters of Mr. and Mrs. James B. Kinahan, took an active part in Commencement Week activities at Marygrove college, Detroit during which 119 seniors were graduated June 7 at the 34th annual Commencement exercises.

Margery Jean Merriam, daughter of Mr. and Mrs. R. D. Merriam of Pacific has just received word that she has been awarded an all-expense scholarship at Michigan State college at East Lansing for the school year 1944-45.

Doctor and Mrs. Carl January and mother, Mrs. Florence Webster, were entertained by Mrs. Polley and her daughter Regina, for Sunday dinner at the Dearborn Inn.

Edwin Rossow, young son of Mr. and Mrs. Ernest Rossow celebrated his eighth birthday last Saturday by inviting 10 of his playmates to spend the afternoon with him at his home on South Main street.

Attorney and Mrs. Perry Richwine have returned from New York City, where Mr. Richwine went on legal business recently.

Mrs. Ada Murray, librarian of the Plymouth branch of the Wayne County library is attending a library workshop at Scenic Lodge, Muskegon, June 12 to the 16.

It is not too late to plant certain crops in the Victory Garden, stated Chaffmah Robert Jolliffe this week. Victory gardeners can now plant potatoes, midseason and late sweet corn, beans. Tomato plants may still be set out; also pepper plants, kohlrabi, broccoli.

Miss Neva Lovewell and her mother, Mrs. Ada Lovewell, entertained at a supper, Wednesday evening in their home on Pacific avenue in honor of Corporal William Thomas who is home on furlough from Camp Cooke, California. Other guests included Mr. and Mrs. Charles Humphries, Mr. and Mrs. Elvin Taylor, and daughter, and Mr. and Mrs. Fred Thomas.

Private Donald Jewell of the Marines, who is now attending Officers Candidate School in Kalamazoo, spent the weekend with his sister, Mrs. Charles Root, Jr.

Young TV Hobbyist Receives 37 Different Stations

Did you ever accidentally switch your television channel selector over to channel 13 and discover you could faintly see a Toledo telecast? The sense of accomplishment you felt then is just a small degree of what 15-year-old David Rix feels each time he works his television set. David has to date managed to get 37 different stations on his set.

Although watching Toledo broadcasts may be amazing to you, for David the Toledo programs are just everyday events. Toledo gets as much attention from David as the regular Detroit stations and comes in just about as clear.

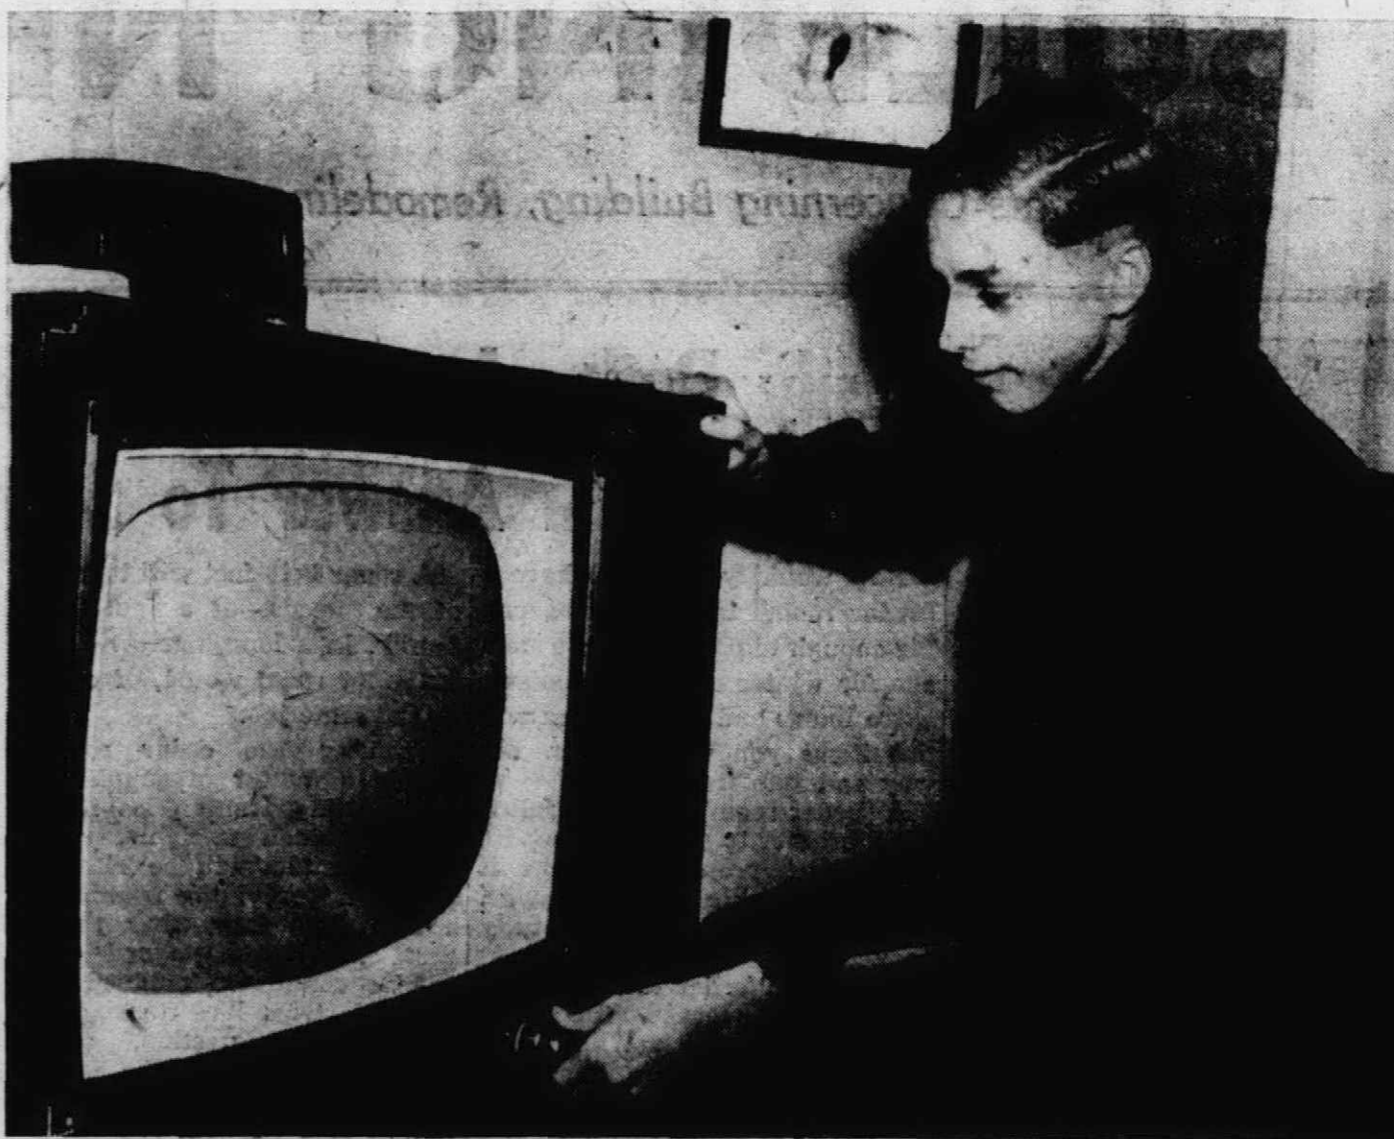

Of course the secret of his success is primarily due to the 18 foot tower David has erected on the roof of his home at 279 Ann street. The tower, which David purchased himself in three six-foot sections, was put up by David and his father, Edward Rix. In all, David explains, the tip of the tower is 47 feet from the ground.

The aerial is equipped with a rotator which enables David to turn it thus getting more than one station on a given channel. For example, for most of us channel 5 is just a click on the dial when we're changing channels from 4 to 7. But for David, channel 5 can bring in Bay City, Michigan; Cleveland, Ohio; Chicago, Illinois; Cincinnati, Ohio; and Cheyenne, Wyoming.

It is getting reception from Cheyenne of which David is most proud. And it wasn't long ago either. David said that the big event happened on May 24, and strangely enough that was a cloudy day. Reception from the far-away places is generally best on clear days. For David this was a real accomplishment, as it would be for any television hobbyist, for Cheyenne is 1,125 air miles away.

Other stations that David has picked up on the 21-inch television set are Pittsburgh, Louisville, Indianapolis, Wheeling, London, Ontario, and many more. He identifies the stations through the call-letters and thus adds to his long list of stations which he has received. He also traces on a map the distances to the various cities.

Television is not only a hobby for David. It's more as if he is getting an early start on his career, because, he explained, that is what he intends to make his life work.

TUNING IN A PROGRAM on his television set is 15-year-old David Rix of 279 Ann street. David, who is a television hobbyist, excels in getting far-away stations on his 21-inch set. He recently received a telecast from Cheyenne, Wyoming, and has successfully tuned in 37 different stations.

No Chances

Mr. Meeker had crawled under the bed when he heard the burglar. He held his breath and waited. Then after a long pause he felt someone trying to crawl in besides him.

"Is that you, Henrietta, dear?" he whispered.

"No," was the answering whisper. "I've just had a look at her. I'm the burglar. Move up."

New engine power! New operating economy!

New Chevrolet Trucks... do more work per day... more work per dollar!

You save hours on the road. Thanks to new high-compression engine power, you can maintain faster schedules without driving at higher maximum road speeds. Increased acceleration and hill-climbing ability cut your time per trip.

You save extra trips. That's because of extra load space. New pickup bodies are deeper, new stake and platform bodies wider and longer. Also, they're set lower to the ground to make loading and unloading faster and easier.

You save time on deliveries. With new truck Hydra-Matic transmission, you can forget about clutching and shifting—for good! This proved, economical automatic transmission is optional at extra cost on 1/2-, 3/4- and 1-ton models.

You save on operating costs. The Thriftmaster 235" engine, the Loadmaster 235," and the Jobmaster 261" (optional on 2-ton models at extra cost), deliver greater horsepower plus increased operating economy.

You save with lower upkeep, too. New Chevrolet trucks are built stronger to last longer. For example, there are heavier axle shafts in two-ton models, bigger clutches in light- and heavy-duty models, stronger frames in all models.

And your savings start the day you buy. In fact, they start with the low price you pay—and they never stop as long as you own a Chevrolet truck. Chevrolet, you know, is America's lowest-priced line of trucks.

Come in and see all the wonderful new things you get in America's number one truck. We'll be glad to give you all the money-saving facts.

MOST TRUSTWORTHY TRUCKS ON ANY JOB!

Keeping the sun behind you is a good practice for the beginning photographer, but as his work improves and he stretches a bit for imaginative picture possibilities he will learn how to include the sun in occasional shots.

The problem of spots caused by internal reflections when shooting at the sun can be almost entirely overcome by using a coated camera lens. What small amount of glare or spotting occurs even with the use of a coated lens can be easily eliminated during printing.

An early morning sun or a sun softened by haze offers many opportunities for striking pictorialization. If feasible, include some object in the foreground. This foreground interest will usually appear as a silhouette due to the sunlight from behind and the necessity of a very short exposure, perhaps 1/200 on the average. What with a season of sunny out-of-door days at hand it may be rewarding to experiment with this approach to something just a bit out of the ordinary.

And it will be equally rewarding to get your CAMERA, FILM and Darkroom supplies from THE PHOTOGRAPHIC CENTER. Proper equipment can make GOOD pictures even BETTER... so come to 821 West Ann Arbor Trail for the BEST photographic materials made. Remember, too, we also do expert PHOTO-FINISHING and CAMERA REPAIRING.

Official Minutes

Monday, May 17, 1954
 A regular meeting of the City Commission was held in the Commission Chambers of the City Hall on Monday, May 17, 1954 at 7:30 p.m.
 Present: Comms. Bauer, Fisher, Hammond, Henry, Terry, Tibbitts and Mayor Deane.
 Absent: None.
 Moved by Comm. Tibbitts and supported by Comm. Bauer that the minutes of the regular meeting of May 3, 1954 be approved as read. Carried unanimously.
 The clerk presented the following bills in the amount of \$40,372.51.
 Moved by Comm. Terry and supported by Comm. Bauer that the bills in the amount of \$40,372.51 be approved as audited and warrants drawn. Carried unanimously.
 The Clerk presented the following reports for the month of April: Municipal Court, Health Department, Fire Department, Treasurer's and Police Department.

Commerce regarding parking fees and parking tickets.
 Moved by Comm. Henry and supported by Comm. Terry that the Mayor appoint a committee from the City Commission to cooperate with the Chamber of Commerce Parking Committee on a study of parking fees for city lots.
 Carried unanimously.
 The Mayor appointed the following parking committee: Comm. Henry, chairman, Comm. Hammond and Comm. Tibbitts.
 The Clerk read a communication from Dr. H. C. Balfour requesting parking meters on St. Harvey Street from Penniman to the first driveway on the east side of the street. The Mayor referred the communication to the City Manager and Police Chief for further study and recommendation.
 The Clerk presented a communication from City Attorney Deyo relative to the sharing of costs for the installation of flasher signals at a railroad crossing.
 Moved by Comm. Bauer and supported by Comm. Terry that the City Manager be instructed to incorporate in the 1955-56 budget an amount sufficient to provide adequate crossing signals at the Farmer Street railroad crossing. Carried unanimously.
 The Clerk presented a communication from the Wayne County Library Board relative to the apportionment of costs for the Dunning Library.
 Moved by Comm. Hammond and supported by Comm. Bauer that the matter be referred to the City Attorney for his consideration. Carried unanimously.
 The Clerk presented a communication from the Mayflower Post No. 6695, V.F.W., requesting permission to hold a Memorial Day parade on May 21, 1954.
 Moved by Comm. Tibbitts and supported by Comm. Henry that the V.F.W. be given permission to hold a Memorial Day Parade on May 31, 1954.
 Carried unanimously.
 The Clerk presented a communication from William Rose regarding damages to his car.
 Moved by Comm. Henry and supported by Comm. Hammond that the claim against the city by William A. Rose be denied. Carried unanimously.
 The City Manager announced his appointment of Mr. Calvin Brown as City Constable.
 Moved by Comm. Tibbitts and supported by Comm. Fisher that the appointment of Mr. Calvin Brown as Constable be approved. Carried unanimously.
 Messrs. Fred and Bill Beitner, lessees of the city owned store at 340 S. Main Street, addressed the commission regarding the terminology of their present lease and its interpretation.
 The City Manager presented a communication relative to assessment procedures on special assessments. The Mayor referred the matter to the City Manager for further information.
 Chairman Sidney Strong and Comm. Clifford Manwaring of the Planning Commission presented the Planning Commission's progress report as to their study of the disposition of certain city owned property.
 Moved by Comm. Tibbitts and supported by Comm. Fisher that a proposed ordinance to amend Ordinance No. 180, The Heating Code, be passed its first reading.

Carried unanimously.
 The City Manager presented a recommendation that the business hours of the City Hall be changed to 8:00 a.m. to 5:00 p.m. Monday to Thursday, both inclusive, and 8:00 a.m. to 8:30 p.m. on Friday.
 Moved by Comm. Bauer and supported by Comm. Henry that the City Hall business hours be adjusted for the months of June, July and August in accordance with the City Manager's recommendation.
 Carried unanimously.
 Moved by Comm. Hammond and supported by Comm. Terry that the City Manager be authorized to obtain bids for a suitable fan or air conditioner for the Commission Chambers by the next meeting.
 Carried unanimously.
 Moved by Comm. Hammond and supported by Comm. Terry that the meeting be adjourned.
 Carried unanimously.
 Time of adjournment was 11:10 p.m.
 NOW!

Now is the time to wish for a divine wind to blow and remove entirely all selfish and aggressive ideas, and all treacheries and guiles following them, leaving not even tiny specks.—Shiunso Tokyo.)

A Layman Says...
 I will arise and go to my father, and will say unto him, Father make me. (Luke 15:18, 19.)
 And Jesus said unto them, Come ye after me, and I will make you to become fishers of men. (Mark 1:17.)
 The first indication of the prodigal's departure was the selfishness shown when he said, "Father, give me." In contrast, what manifest unselfishness is revealed in the words, "Father, make me as one of thy hired servants." Thus the marred vessel is made again another vessel; the once faithless son becomes a sharer in his Father's joy, the hopeless failure is transformed into a fisher of men. How may this be true in my life? Jesus said, "Follow Me, and I will make you."
 (E.B.S.)
 "Follow Me, and I will make you"—Make you speak My words with power. Make you channels of My mercy, make you helpful every hour. "Follow Me, and I will make you"—Make you what you cannot be, Make you loving, trustful, godly, make you even like to Me.

Prove THE DIFFERENCE AT THE WHEEL TODAY!

Poll Shows 95,000 Deer Shot in State Last Fall

Firearm hunters harvested about 95,000 deer from Michigan's herd last fall, the conservation department's post card poll shows.
 The poll is complete with the exception of a few final touches, not expected to change final figures more than a small fraction.
 The total is somewhat higher than early estimates indicated. For one thing, traffic surveys totaled immediately after the season showed that hunters took 18,000 deer during the special season in the northern lower peninsula; post card figures now show that about 26,000 were taken.
 It was the second year the traffic survey was more conservative than the post card poll. The survey indicated that 92,000 deer were taken in the 1952 special season and the post card

figures later showed that 110,000 animals were bagged.
 The poll was used this year for the second time and is considered relatively more accurate than any previous method. Both it and the traffic survey have been approved by the University of Michigan Survey Research Center.
 In addition to the special season kill in the northern lower peninsula, the poll shows that during the regular buck season about 26,000 deer were taken in the upper peninsula, about 41,500 were bagged in the northern lower peninsula and about 1500 were harvested in the southern lower peninsula.
 A total of 438,000 residents and 11,100 nonresidents purchased firearm deer licenses during 1953. Of that total, 21 percent bagged a deer.

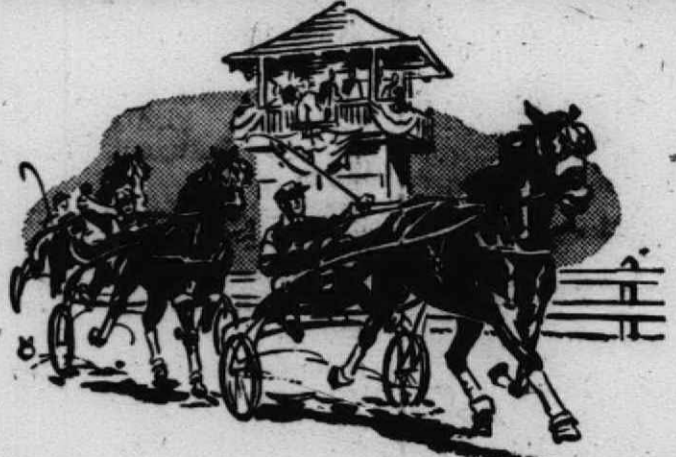

Prairie Chicken, Grouse Decrease Foreseen in State

No shortage of woodcock is foreseen this year, but early reports indicate sharp-tailed grouse and prairie chicken populations are down somewhat from last year, conservation department game men say.
 The woodcock counts are nearly complete. About 40 teachers, Audubon Society members and conservationists have been making the counts during recent weeks.
 Their survey indicates populations are about the same as this time last year.
 The information is Michigan's part of a nationwide Fish and Wildlife Service count of the long-nosed little shore birds.
 But state workers noted some decline in prairie chicken and sharp-tailed numbers this spring. They say counts show "somewhat fewer" birds than last year

in the upper peninsula generally, although populations in the important Seney Marshes appear to be holding up.
 Drummond Island's sharp-tailed population is down about 20 percent, while early reports from the northern lower peninsula indicate total prairie chicken-sharply in the Fletcher area west of Higgins Lake.
 Counts of ruffed grouse are tall numbers are down, especially being made and as yet are inconclusive. Also, for the first time this year, drumming counts of these birds are being made; in future years they will provide comparisons for additional population checks.

A LETTER from Mrs. Fannie S. Pitts, formerly of Plymouth and now residing in Pomona, California, tells of her pleasure in reading The Mail each week and thanks her brother, S. W. Spicer, for sending her the subscription. Mrs. Pitts describes a recent 31-day tour of Europe in an article to be found elsewhere in today's Mail.

TWO PLYMOUTHITES are listed among the graduates participating at the Cleary college ceremonies this Saturday. They are Gretchen Schuster and Benny Thompson. The exercises will be at 2 p.m. with the Honorable Arthur E. Summerfield, Postmaster General, delivering the commencement address.

"JACKIE" LANGMAID, University of Michigan freshman daughter of Mr. and Mrs. William Langmaid, is acting as a counselor at the Girls' State at Ann Arbor this week. During the summer "Jackie" will work at a South Haven vacation resort.

HELP WRITE THIS COLUMN! Send your news about former residents, students away at school, vacations, etc., to "Keeping In Touch" in care of The Plymouth Mail.

A THOUGHT FOR THIS WEEK: Every violation of truth is a stab at the health of human society.—Emerson.

State Professor Explains How to Live on Paycheck

The problem of economizing—of making one's paycheck go around—is one that constantly bothers almost all of us, states Dr. Lawrence Ritter, economics professor at Michigan State College. After we get through paying food, housing, medical, dental, and clothing expenses, he said, then we come up against telephone bills, automobile expenses, insurance payments, overdue bills of various sorts, and the thousand and one other things that offer themselves in exchange for our limited income. All this is quite aside from our need to save for possible future emergencies, for sending the children through college, and for our own old age.

There are several possible solutions to this problem none of which can be said to be entirely satisfactory. One possibility is to ignore the problem by borrowing any extra cash you may need, Dr. Ritter said. Banks and small loan companies are doing flourishing lending business today as testimony to the many millions who are using this device to solve the difficulty. When you have to start repaying the loan, you may then find that the problem is worse than it ever was, he explained with more and more of your paycheck going to repay past debts and less and less left for the current expenses which are as great as ever.

A second possibility is sharply to curtail one or more of your major expenses, such as those associated with clothing, your car, or your food bill. But this solution would involve such a severe change in most peoples' habit patterns, suggested Dr. Ritter, that it can hardly be considered as more than a laughable suggestion. The last solution is to try to live within your paycheck by the traditional method of budgeting—listing all of your various expenses, comparing them with your paycheck, cutting down on luxuries and things you need less than other things, keeping a record of how each penny is spent, and seeing how and where you can economize more next month than you did in the one just ended.

This method has definite possibilities, but if you start it you might as well resign yourself really to doing without some things you now enjoy, he said. You will find out how much you really can afford to spend on various items and find out surprisingly how much you actually are spending on them. Unless you are prepared to do some cutting down where you find it really counts, you might as well not waste time doing all the bothersome paper work. Just keeping the records, in itself, won't solve the problem.

A local man says he can explain the proverbial claim that women are possessed of clean minds. "It's because," he says, "they change 'em so often."—Lamar Democrat.

Calendar of Coming Events

Submitted by the Chamber of Commerce

- Thursday, June 17 —
 Plymouth Grange No. 389 8 p.m., Grange hall
 Knights of Pythias 8 p.m., IOOF hall
 Lions club 6:30 p.m., Mayflower hotel
 St. John's Guild 1 p.m., Church parlors
- Friday, June 18 —
 Daughters of America 7:30 p.m., Grange hall
 Plymouth Rock Lodge No. 47 7:30 p.m., Masonic temple
 Rotary club Noon, Mayflower hotel
- Monday, June 21 —
 Business and Professional Women's club 6:30 p.m., Garden of Mrs. Austin Whipple
 Pilgrim White Shrine 7:45 p.m., Masonic temple
- Tuesday, June 22 —
 Kiwanis club 6:10 p.m., Mayflower hotel
 Oddfellows 8 p.m., IOOF hall
- Wednesday, June 23 —
 B.P.O. Elks 8:30 p.m., Elks temple
- Thursday, June 24 —
 Passage-Gayde Post auxiliary 8 p.m., Veterans' Memorial building

Students to Attend MSC Orientation

About 1,500 high school students, 300 of them from out-of-state, will get an introduction to college life this summer when they take part in Michigan State College's annual counseling clinic program.

The students, all incoming freshmen in the fall at M.S.C., will attend one of eleven three-day clinics on the M.S.C. campus, scheduled throughout the summer. A television program presenting scenes of clinic activities and comments by clinic counselors can be seen this Friday on WKAR-TV, Channel 60, the M.S.C. television station. The program will be at 5:30 p.m. in the series "Post-mark, East Lansing."

Purposes of the clinics, now in their sixth year, are to provide students with educational and psychological tests, discussions with experienced counselors about plans for college, the opportunity to meet members of the faculty, experience a preview of college life and meet other students who will be their classmates in the fall.

Postmaster Timpona Announces New Stamp

Postmaster George Timpona has announced that the new three-cent stamp commemorating the 100th anniversary of George Eastman will be placed on sale locally on or about July 13. The stamps will be issued in sheets of 70 stamps each.

Timpona said that the color will be maroon with a double outline frame. The portrait of George Eastman is the central design and dominating the stamp across the top is the wording "U.S. Postage." Arranged in two lines to the left of the portrait is "George Eastman". All lettering is in light face Gothic.

Passing at an intersection is like the old parlor game of trying to pat your head with one hand, rub your stomach with the other and dance a jig at the same time. It's hard to do because you have to keep your mind on so many things at the same time.

The car you're passing may turn left.

The car you're passing may swing left to turn right.

The car you're passing may hide coming from right.

The car you're passing may hide pedestrian coming from right.

The car coming from your left may start up.

The car you're passing may dodge left to avoid car on right.

It's smarter to slow down and pass beyond the intersection, or speed up to pass before reaching the intersection.

OUTDOOR NOTES From The MICHIGAN DEPARTMENT OF CONSERVATION

A five-foot head dam will be constructed near the outlet of Foch Lakes in Thunder Bay River state forest, 11 miles northwest of Atlanta, conservation department workers say.

The dam will back up water over a 52-acre area; at present, water in the area covers about eight acres.

Existing forest roads provide good access for fishermen. The proposed impoundment is expected to benefit largemouth bass, bluegills, northern pike and perch.

The conservation commission authorized the work at its June meeting.

The trouble with some of Michigan's raccoons may be RVJ, a virus disease recently classified at the U.S. Fish and Wildlife Service's Patuxent, Maryland station.

RVJ—short for raccoon virus jaundice—is classed as an entirely separate disease, not to be confused with distemper in domestic pets.

Numbers of raccoons along the East Coast, in New York state and in Michigan and probably other Great Lakes' states have been suffering from a strange disease, until recently pegged as a "distemper-like" affliction. Symptoms are similar to those of distemper in dogs.

The U. S. Public Health Service has been working with conservationists on the problem.

Four fishing sites, 500 acres of game lands and 280 acres of hunting lands will enter public domain as a result of recent conservation commission action.

The commission authorized purchase of public sites on Paw Paw Lake in Kalamazoo county, Bar Lake in Manistee county, Lake George in Ogemaw county and Carter Lake in Barry county.

Hunting lands in Allegan, Chippewa River, Houghton Lake and Alpena state forests and in Quincasssee wildlife area were approved for purchase.

Under the Pittman-Robertson federal aid program, game land acquisition was authorized in the Tuscola, Edmore and Martiny projects.

William Osborn of Manistique, the oldest hunter in the state who reported bagging a deer last fall, got around to making his yearly report recently.

Osborn, 83, said the 1953 season was the 62nd year he has hunted whitetails in Michigan.

He hunts alone and uses archery equipment made by himself. Last fall, he bagged an adult buck with his homemade bow and arrow.

Pheasant damage to cornfields can often be avoided by spreading shell or ear corn along the field edges, game workers say.

In the spring, when corn sprouts are young and soft, pheasants sometimes cause nuisance damage by eating whole rows of the young plants.

Some farmers have found that the corn serves as a decoy or bait to keep ringnecks from entering the cornfields.

At least two deer bounced through Edgemont Park early this week, a suburban area three miles from downtown Lansing, residents report.

Last week, four were seen in Rochester-Utica recreation area, 20 miles from downtown Detroit. Last winter, a number were seen on several occasions at Warren Dunes state park near St. Joseph.

Conservation game men say the deer herd in the southern third of the state is building up in many areas. They add that Michigan resi-

dents south of the Muskegon-Bay City line will be seeing more and more deer as the years advance.

Curiosity killed the cat, but it only gave the woodchuck a haircut.

And maybe took a little skin too.

This particular woodchuck lives in a forest area in the western upper peninsula.

One day last week he found some expensive fishing rods leaning against an automobile. Guided by a dietary craving known only to woodchucks, he ate all the cork off the handles.

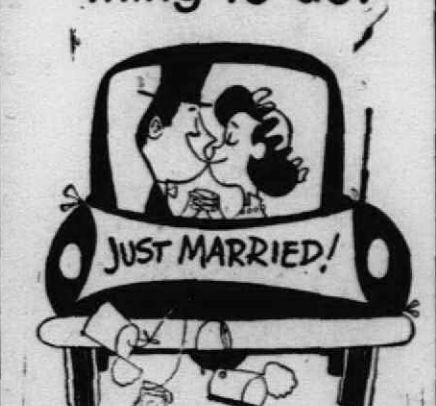

Exploring further, he found the underside of the vehicle a maze of wonderful hiding places. He climbed and scamped in these.

Suddenly, while he was leaning against a fan-like arrangement and viewing the dim interior, a whir started and woodchuck's rump was neatly scraped of hair.

The car owners, a man and wife fishing team, returned from exploring the woods, found their chewed-up fishing rods and started the engine.

Woodchuck jumped out from under the hood and headed for deep woods. For awhile, he will sleep on his snout and eat standing up.

It's the natural thing to do!

ELECTRIC home freezer

SEE YOUR DEALER

Freezing foods, instead of canning, leaves the kitchen cooler. A freezer is wonderful in other ways, too. Foods hold their fresh, natural color and flavor. They keep their vitamins and minerals. With a variety of home frozen foods on hand, meal planning's easier in every way—entertaining is less of a task.

BE MODERN—LIVE ELECTRICALLY

or Detroit Edison

He's Ten Years Younger Today!

Here's a man who has just taken ten years off his age—insofar as his spirits and mental outlook are concerned.

He's going for his first ride in his first Cadillac—and he's a happy, happy man—with his hopes in the sky and his heart singing a song it hasn't recalled for a decade.

He's having an experience which we can't tell you about. You have to live it yourself—at the wheel of that first Cadillac—in order to evaluate it.

You know how it goes. You work and you worry and plan and hope. The years go by—and, bit by bit, you get things done. The insurance creeps up where you want it—the mortgage on the home goes into the fire—there's that nest-egg against the future and the college fund is in the bank.

And then, one day, you feel there's no further need for resisting—so you order the Cadillac—and wait for the happy news—"It's here!"

Your ride home will live in your memory forever. You've put the cap sheaf on your world of dreams.

Of course, this great sense of personal well-being is only the first thrill that comes with your Cadillac.

There's its magnificent performance—its marvelous balance and roadability—and its rare comfort and safety and handling ease. Every hour at the wheel is a privilege—and every journey is a wonderful memory.

Is the time about right for you to step up to a Cadillac?

If so—please come in and see us. The longer we're in business, the happier we are when we deliver a man his first Cadillac.

We'll be waiting to welcome you—anytime.
