

City Golfers Match Shots This Weekend

With 90 paid entries on record and several more expected to sign up this week the Plymouth Chamber of Commerce City Golf Tournament looms as one of the biggest golf attractions ever staged in this area.

Friday at Todd's grocery on South Main street. Post entries may be made Saturday morning at Bob O'Link until 11:00 a.m. A buffet luncheon will be served all contestants free of charge Sunday afternoon following final play for the day.

Approximately 40 prizes will be given away during Saturday's 18-hole qualifying round and Sunday's medal play. Championship flight qualifiers will play 36 holes Sunday, while the other three flights will play 18 holes.

For starting times in Saturday's qualifying round turn to page 7 of this section. Defending champion and possessor of The Plymouth Mail championship trophy is Tom Lock.

Lock still must rule as the tournament favorite based on his past record. To retain his crown, however, most golfers believe he will have to shoot better golf than his winning total of 155 last year.

TACKLING PROBLEMS of Plymouth township's ever-growing school system are these four officers of the Board of Education, plus one trustee. Board officers were elected at Monday's meeting as the new fiscal year began.

Plymouth Township Board of Education was reorganized at its first meeting of the fiscal year Monday with James Gallimore retaining his office of president. It was also the first meeting for

Local Fire Chiefs Attend Convention

Fire chiefs Bud Holmes of Plymouth township and Robert McAllister of Plymouth city are at Ishpeming this week attending the annual meeting of the Michigan Fire Chiefs association.

Chief McAllister, who has been president of the association for the past two years, is presiding at his last meeting. A new slate of officers will be elected.

Commission Report Error

Last week's city commission meeting story in The Mail incorrectly reported the vote on a motion to allow water taps for 15 more homes in Plymouth Colony.

Area Building Keeps Fast Pace Despite Reported Business Sag

A building boom which will equal or even exceed last year's big home and commercial construction program in Plymouth city and township was seen this week when a tally of building permits issued during the first half of 1954 showed almost a million and a half dollars worth of construction completed, in progress or planned.

Talk of slumping business conditions during the first six months of the year was certainly not indicated in the money which is being spent on building in the city and township areas.

Plymouth township with its extensive home building programs again leads the city in construction costs. The township building costs are \$309,455, while the city total is \$652,970.

Since most city property is older than township property, it is the 41 permits issued for renovation and additions which accounts for the greater number of city permits.

A trip through the city and township clearly indicates that growth in the two areas is not at a standstill. Sounds of groaning power shovels, ringing hammers and gnawing saws are heard mainly on the city's fringes and almost anywhere in the township.

The average cost of the 53 homes being built in the township is \$14,943, while the average cost of 40 new city homes is \$10,447. A year ago, there were permits granted to build but 26 city homes. There were 56 township permits for homes issued.

Attendant Parking Trial Plan Halted

Plymouth's retail merchants, who had hoped to afford their customers greater parking convenience by operating the Central Parking lot with attendants instead of meters, voted to abandon the venture Wednesday morning, just seven days after it went into effect.

Mayor Russell Daane announced later in the day that the parking lot will be legally changed back to meter operation effective today (Thursday morning).

City Purchases Motor Equipment Costing \$34,000

Over \$34,000 worth of motorized equipment was ordered by the city commission at a special meeting Friday night, including two police cars, caterpillar tractor, garbage truck, rubbish truck and a pick-up truck.

Although there was some speculation by some merchant members of the Chamber of Commerce that the attendant plan could work with some revisions, the majority of merchants felt that complaints by customers were indication enough that meters were preferred.

Youth Golf Clinic Starts Next Week

Youths from 8 to 15 years old will have an opportunity to learn golfing from a professional when a summer golf clinic for youngsters opens next week co-sponsored by the Hilltop golf club and the Plymouth Rotary club.

Meeting each Tuesday and Thursday, the five-week clinic will include six lessons of golf instruction and four lessons of golfing etiquette and procedure.

The lessons will be held at the Hilltop course and will be in charge of Chris Burghardt, manager of the club. He hopes to divide the youths into age groupings and boy and girls, depending upon the enrollment.

A nominal charge to cover expenses will be made for the clinic, but for those found financially unable to afford the clinic, the bill will be paid by the Rotary club.

Thieves Break In Drive-In Twice

Sheriff's detectives are continuing their investigation of a double-header burglary at Bohl's Drive-In, Northville road near Five Mile, in which thieves took an estimated \$90 in cash and a large supply of food valued at \$250.

The thefts took place on both Thursday and Friday nights last week. A lock on the rear door was broken to gain entrance Thursday night. The lock was not replaced during the day so Lawrence Bohl, owner of the establishment, boarded up the door.

But the boarded-up door proved no challenge to the intruders when they returned Friday night. Thursday night's thefts included an estimated \$90 from a juke box and \$50 worth of food from a deep freeze. Two cigarette machines were also pried open but no money was taken.

Friday night's theft "really cleaned us out," Bohl stated. What frozen food they left the night before, they got Friday night—an estimated \$200 worth. It included frozen hamburger, chicken, scallops, chilli, lobster tails and other "fancy orders."

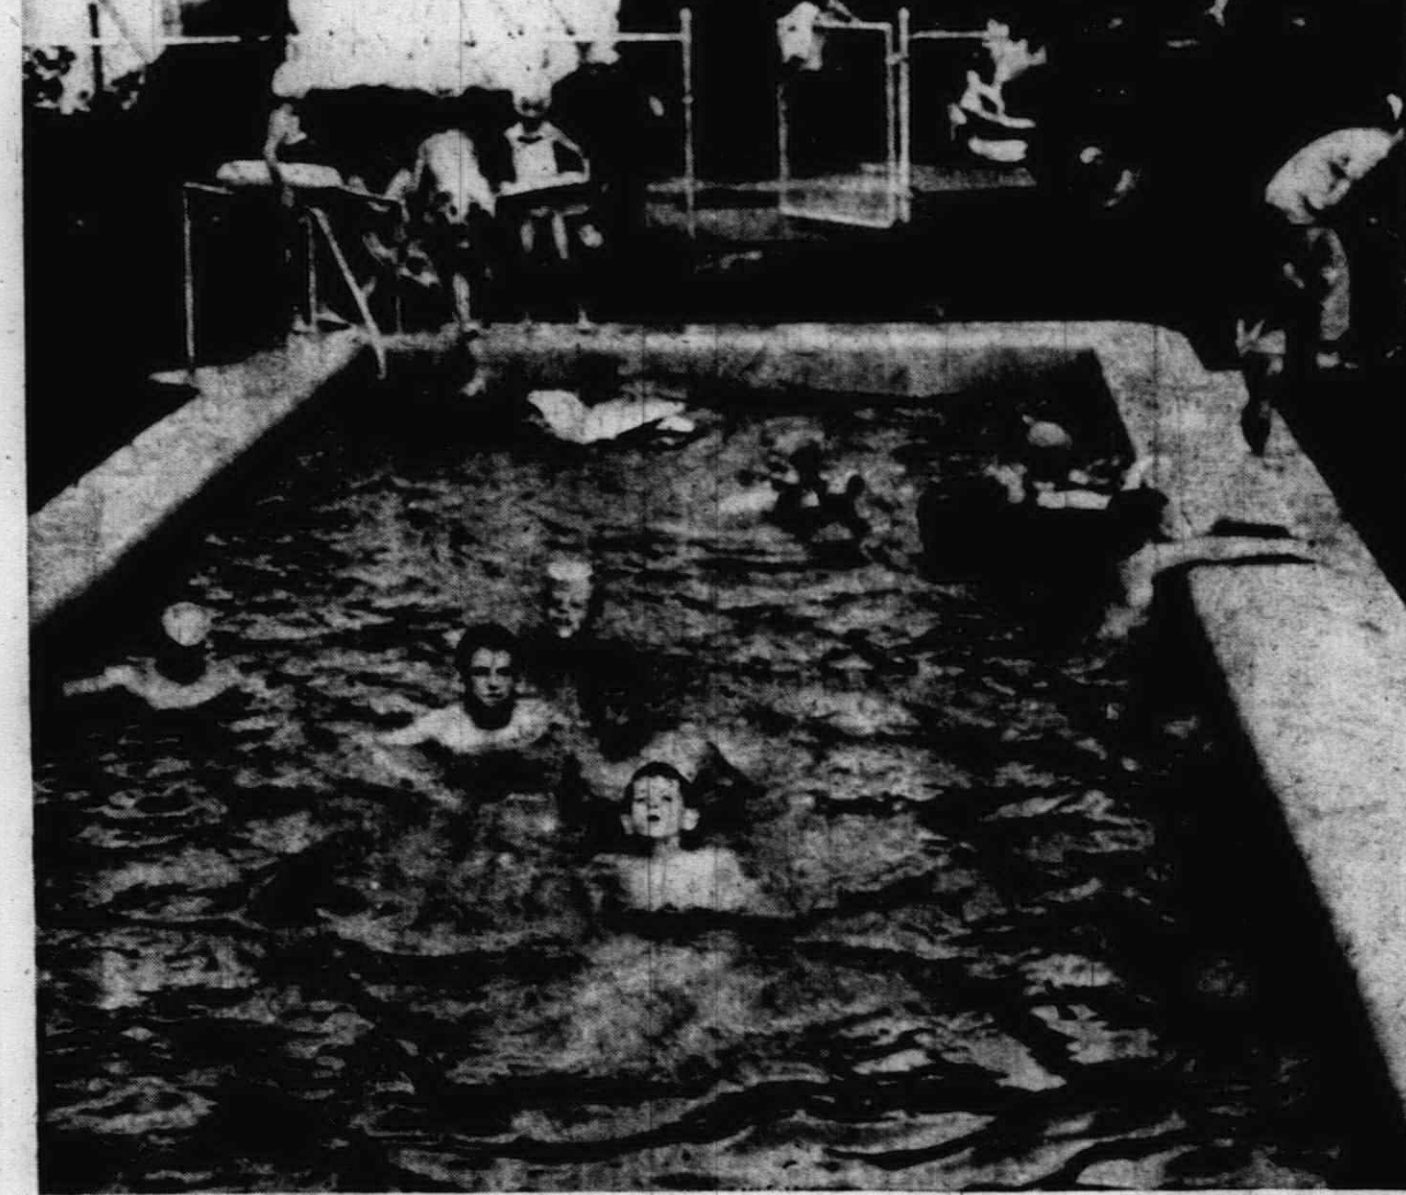

The sheriff's department said they have questioned several suspects but have not come across any positive leads.

Check Bounces Plymouth Man Into DeHoCo

Writing of four bouncy checks bounced a Plymouth man into the Detroit House of Correction this week for a period of 60 days, only two weeks after another Plymouthite and two companions were arrested for allegedly taking 250 blank checks from a local factory and passing several after forging the company treasurer's signature.

The latest case of bad check writing involved Ollen Jimerson, 21, of 212 South Main street, who was charged with "insufficient funds" after signing the checks with another name, "Jimmy Jimerson."

Police said that Jimerson wrote and cashed three of the checks at Bob's Standard Oil service station, Main and Ann Arbor trail, and another at McKay Service station, 406 North Main. Things seemed to be going good for Jimerson until the real Jimmy Jimerson, 412 West Ann Arbor trail, got a notice of "insufficient funds" from the National Bank of Detroit. He checked with the bank and found the checks were not his but bore his name and address.

THERE'S NO BETTER WAY to beat the July heat than with a cooling dip in the water. Almost any afternoon you will find a picture such as this at the swimming pool of Mr. and Mrs. Stanley Hough, 40106 Gilbert. Mr. Hough, owner of the Plymouth Paving company, and his wife built the pool over a six-week period last summer.

Fred A. Hubbard Succumbs at 84

Fred A. Hubbard, for many years a building contractor in Plymouth and Detroit, passed away at his residence at 9229 South Main street, Monday evening following an illness of three years.

Mr. Hubbard was born in Yale, Michigan on March 27, 1870, moving to Detroit in 1874 and then to Plymouth in 1934.

Affiliated with the Detroit Wood Products company, Mr. Hubbard was largely a contractor for residential buildings and additions in Detroit, constructing a few Plymouth buildings. Closing out his business and retiring about three years ago, Mr. Hubbard was still active and conducted a small woodworking business as a sub-contractor for his Detroit firm.

Immediate survivors of Mr. Hubbard are his wife, Grace; two daughters, Mrs. Minnie Hathaway of Temple City, California and Mrs. Lucille Llewellyn of Royal Oak, Michigan; two sons, J. Harvie Hubbard of Clearwater, Florida and Fred A. Hubbard, Jr., of Clarkston, Michigan; one sister, Miss Frances Hubbard of Detroit; two brothers, Thomas P. Hubbard of Birmingham and Harvey J. Hubbard of Farmington; nine grandchildren and three great grandchildren.

Funeral services will be held at the Schrader Funeral home, Thursday, July 15 at one o'clock. The Reverend David T. Davies will officiate with Mrs. Edna O'Connor as organist. Interment will follow in Woodlawn cemetery, Detroit.

KIRK AND DICK LORENZ (left to right) were caught dining in their father's Mayflower hotel recently by the Detroit News photographer, and in last Monday's edition of The News this picture appeared along with the story of the Pilgrim Room and the Johnny Billington Clean Plate Club. As a result of the picture and the story by News Reporter Paul Harsha, Lorenz was invited to appear on the "Detroit Deadline" newscast of WXYZ-TV

Monday evening. He was interviewed by Beverly Belaire and explained the background of the Johnny Billington story as shown in mural form in the Pilgrim Room. This summer, on the first anniversary of the Clean Plate Club, Lorenz plans to give a pony to one of the members. As the name implies, membership to the club is gained by any child who eats all his meal to the satisfaction of the Mayflower waitress.

Ray Nowrys' Wed July 10

In a double ring ceremony at eleven o'clock on Saturday morning, July 10, Miss Dorothy Corrine Lux of Northville became the bride of Ray S. Nowry of Plymouth.

Their vows were spoken before the Reverend C. M. Pennell, at her home in South Lyon, and the service was witnessed by Mr. and Mrs. Sheldon Nowry of Plymouth, parents of the bridegroom.

The bride, a nurse at the Maybury Sanatorium, is the daughter of Mr. and Mrs. Harry Lux of Syracuse, New York. She wore a suit of aqua gabardine and wore a corsage of yellow rosebuds.

Mrs. Kenneth Nowry was Dorothy's only attendant. She wore navy blue and her corsage was of white carnations. Kenneth Nowry, brother of the bridegroom was his bestman.

Mrs. Nowry wore a navy and white sheer for her son's wedding with which she wore a white carnation corsage.

Mr. and Mrs. Sheldon Nowry entertained at a family dinner in their home at 803 Ann street before the newlyweds left for a trip through northern Michigan, Minnesota and Wisconsin. For traveling, the new Mrs. Nowry chose a dress of baby blue cotton satin with white accessories.

On their return, the young couple will make their home at 118 Church street, Northville.

Harold Rices Live In Clare

Mr. and Mrs. Donald Aughenbaugh of Starkweather avenue announce the recent marriage of their daughter, Shirley, to Harold Rice, son of Mr. and Mrs. W. Rice of Baldwin.

The young couple were married in Holly on June 29. They are at present residing at Clare, Michigan.

Mr. and Mrs. Franklin Wiltse and family of Roswell, New Mexico, have returned to their home after vacationing with Mrs. Wiltse's parents, Mr. and Mrs. Earl Meyers of North Harvey street.

Mrs. George Newton Jr. and daughter, Lee, left Saturday for Washington, D. C. where they joined Mr. Newton who is attending classes there in conjunction with his service in the United States Navy.

Vacations Closing Two Major Plants

Summertime is vacation time for most of the 6,500 employees of the industrial plants in and surrounding Plymouth and a survey shows that only two of the major industries are shutting down to allow for vacations.

The remaining concerns are staggering the vacations of their employees so that production facilities need not stop.

The Daisy Manufacturing company is already closed down to allow for vacations. Production was stopped July 2 and will start again July 19. There are about 380 currently employed there.

It was announced last week that the Burroughs corporation will shut down during the last two weeks in July to allow its 3,300 employees time off.

Whitman and Barnes is not shut down but allows two periods during which employees may take their choice of vacations. The first began Monday and continues through July 24. The second vacation period will be from August 1 to 14.

Check Bounces

Continued from Page 1

Chief Judge Nandino Perlongo sentenced Jimerson to 60 days in DeHoCo and demanded that restitution be made for the bad checks.

Meanwhile, three men charged with uttering and publishing (passing forged checks) will be heard tomorrow before Justice of the Peace George Wicklund of Dearborn township. They are Courtney Spencer, 30, Walled Lake; Burl Gooch, 50, of 736 Penniman; and Ray Spencer, 30, Livonia.

Courtney Spencer was arrested by Plymouth police June 25 while attempting to pass a forged check at the Kroger store here. He named Gooch and Ray Spencer as accomplices and they were arrested. About 250 blank checks were stolen from Wall Wire Products company here which were believed taken by one of the men. All three worked at Wall Wire at one time.

Area Building

Continued from Page 1

during the first six months of last year.

The largest non-residential building permits issued in the township this year have been two permits issued to the Worden Specialty company, Northville road. They have asked to construct two buildings, one measuring 67 by 117 feet and costing \$20,000, and the other measuring 79 by 86 feet to cost \$30,000. The buildings will be used for storage, assembly and light manufacturing.

In the city, the National Bank of Detroit was issued the largest commercial permit. Their alterations and modernization will cost an estimated \$153,000. The city's North Side Fire station costing \$20,000 was also another major non-residential project. One of the largest subdivision projects in progress this year in Plymouth is the Garling Subdivision located east of Mill street. Eleven duplex apartments were completed this spring and several dozen homes are being built or are already completed.

Site of much of the township building is in the Rocker Subdivision south of Ann Arbor road. Construction in Plymouth Colony is also continuing this summer.

OBITUARIES

John R. Melanson

John Raymond Melanson, who resided at 33935 Orangelawn in Livonia, passed away very suddenly Saturday, July 10. He was 59 years of age.

Mr. Melanson was born in New Brunswick, Canada where his early life was spent. During World War I he served with the Canadian Army. In 1922 he moved to the United States and since 1936 he has made his home in Livonia. A member of St. Michael's, he was very active in all the activities of the church. He belonged to the St. Michael's Men's club.

Surviving are his wife, Mrs. Evelyn Melanson; one daughter, Mrs. Jacqueline Bayne of Wayne; four sisters, Mrs. Evangeline Hackey, Mrs. Domitille Roy, Mrs. Grace Sears, and Mrs. Marguerite Comeau all of New Brunswick, Canada; three brothers, Cletus Melanson of Quebec, Canada; Regis Melanson of New Brunswick, Canada and Adolph Melanson of Ontario, Canada; two grandsons, Michael and William Bayne; other relatives and many friends.

The Rosary was recited Monday evening at 8 p.m. at the Schrader Funeral home, Plymouth. Funeral services were held Tuesday morning, July 13 at 10 o'clock at St. Michael's church in Rosedale Gardens, Livonia. Active pallbearers were Russell Wendt, Edgar Westphall, John Gagneur, Frank Girardin, Richard Gagneur and Anthony Kreger. Interment was made in St. Mary's cemetery, Wayne.

Mary Lauretta McDonald

Graveside services for Mary Lauretta McDonald, infant daughter of Mr. and Mrs. Amos D. McDonald of 145 East Ann Arbor trail, Plymouth, were held at 11 a.m. Wednesday, July 7 in Riverside cemetery.

Surviving besides her parents are five brothers, Oscar, William, Kenneth, Larry and Robert; her grandparents, Mr. and Mrs. Oscar Davis of Pennsylvania, and Mrs. Loretta McDonald of Plymouth. Services were under the direction of the Schrader Funeral home.

Dorothy B. Gaab

Mrs. Dorothy B. Gaab, who resided at 11290 Southworth in Plymouth township, passed away Thursday morning, July 8 after an illness of eight months. She was forty years old.

Surviving are her husband, Herman A. Gaab; her two daughters, Rosemarie E. Gaab and Sharon A. Gaab, both at home; also surviving are her father, Joseph Okray of Wayne; her two brothers, Norman Okray of Baltimore, Maryland and Henry Okray of Wayne; her sister, Mrs. Ruth Theisen also of Wayne; other relatives and many friends. Her mother, Mrs. Helen Okray preceded her in death in 1925, also one child in 1936.

Mrs. Gaab has lived in this vicinity since 1936 and was a member of Our Lady of Good Counsel church, Plymouth. Rosary was recited at the Schrader Funeral home on Sunday evening, July 11 at 8:30. Services were held Monday, July 12 at 9 a.m. from Our Lady of Good Counsel church with the Reverend Father Francis C. Byrne officiating. Active pallbearers were L. Barnsdale, William Albitius, Rodger Liberty, Edward Okray, Charles Miller, Jr. and Raymond Priebe. Interment was made in Holy Cross cemetery, Detroit.

Lynn Felton

Lynn Felton of Rochester, Michigan passed away Tuesday morning, July 13, at the Harper hospital following a long illness.

Formerly a resident of Plymouth, Mr. Felton moved to Rochester about 12 years ago. When the Feltons resided in Plymouth, they were members of the Presbyterian church.

Surviving are his wife, Ann, and two sons, Clark and George, all residents of Rochester.

Masonic services will be held at 1 p.m. Thursday, July 15, at the Pixley Funeral home, Rochester. Interment will be made in White Chapel.

Odelia M. Palmer

Mrs. Odelia M. Palmer, a resident of Canton township for the past 56 years, passed away at her home at 5777 Beck road, Monday, July 11 after a prolonged illness. Mrs. Palmer was born in Hamburg, New York, 75 years ago.

Surviving are her husband Fred Palmer; one daughter, Mrs. Gladys Salley; two sons, Warren and Theron Palmer all of Canton township; one brother, Will A. Knoll; six grandchildren and three great grandchildren; other relatives and many friends. Her daughter Mrs. Iris Witt preceded her in death March 30, 1952.

Funeral services were held Wednesday, July 14 at 2 p.m. from the Schrader Funeral home with the Reverend Henry J. Walch, D. D. officiating. Hymns were sung by Nestor Sibbold accompanied at the organ by Mrs. Edna O'Conner. Active pallbearers were Clarence Ripper, Columbus Wilkin, August Hauk, Parnell Johnson, Willoughby Wisley and Colborn Dennis. Interment was made in Riverside cemetery, Plymouth.

Caroline Wahn

Mrs. Caroline Wahn, who resided at 1024 Wing street, passed away Tuesday evening, July 13 at Wayne County General hospital. She was 83 years of age. Mrs. Wahn had been in poor health for about five years. Tuesday afternoon she became critically ill and was taken to the hospital. She passed away one hour after admittance.

Formerly of Langdon, North Dakota, Mrs. Wahn has lived in Plymouth for the past 30 years. She was a member of Our Lady of Good Counsel church.

Surviving are her son, John Wahn of Plymouth; two daughters, Mrs. Ann Delvo of Plymouth and Mrs. Katherine Lorenz of Langdon, North Dakota. Also surviving are 14 grandchildren and 11 great grandchildren, other relatives and many friends. Her husband, Joseph Wahn preceded her in death in 1929.

The rosary will be recited Friday evening, July 16 at 8:30 at the Schrader Funeral home. Funeral services will be held Saturday morning, July 17 at 9 o'clock at Our Lady of Good Counsel church. The pallbearers

will be Richard Delvo, Robert Delvo, John Wahn, Jr., Richard Genreau, Cecil Owens and Ralph Aldenderfer, all grandsons of Mrs. Wahn. Interment will be made in Holy Sepulchre cemetery.

Rob Plymouth Finance Branch Office of \$55

The Evergreen branch of the Plymouth Finance company was robbed of \$55 Monday morning, according to Myrn Smith, president of the concern. Two men, allegedly armed with 45 caliber automatics entered the office at 9:45 a.m. and held up manager Robert Hafey.

Smith said it is unusual to have any large sum of money on hand in the finance offices. The Evergreen office is one of three branch offices operated by the Plymouth Finance company.

"In times of trial," said the preacher, "what brings us the greatest comfort?"

And from the back row came an answering voice, "An acquittal!"

"Oh, Jim's fine... except for a little trouble with his back now and then!"

**Cavalcade, Olds Clash
In First Place Tilt**

With the season just past the halfway mark in the Men's softball league, the race has definitely become a two-team affair with Cavalcade and Beglinger Olds fighting it out for the crown and the right to represent Plymouth in further state recreational play when the season is over. Cavalcade has not lost a game all season, while Olds has dropped only one contest—that a first game loss to the Plymouth Merchants.

The two leaders have not met this season as the only scheduled game between them was rained

out earlier in the summer. It will not be made up unless it has a bearing on the standings. These two good outfits meet tonight in what should prove to be an outstanding game. Undoubtedly the two best hurlers in the league will face each other—Gabby Street for Olds and Joe Thibadeau for Cavalcade. Breaks may decide this crucial contest. The game is at 6:15 p.m.

Other games tonight find La-Fontaine facing Barnes, G. & R. at 7:30; and Champion Corrugated going against Evans at 8:45.

**Gabby Street
Hurls No Hitter**

A no-hit game by Gabby Street, and a hitting rampage by the Olds batters, enabled the Automen to win two more games last week and remain on the heels of undefeated Cavalcade in the Men's league.

The first game Olds defeated Champion Corrugated 5 to 2 as Street pitched his no-hitter. The two runs were scored on an error and a hit batter in the second inning, and a hit batsman and errors in the fifth inning. Olds scored one in the second, two in the fourth and two more in the fifth inning off Pat Kearney, who allowed only 8 hits in a losing cause.

Street struck out 12 men, walked none and hit two batters. Stout and Street each had two safeties for the winners.

In the second win a 17 hit barrage lowered the boom on Barnes, Gibson & Raymond to the tune of a 20 to 2 defeat. Street and Wilkie shared the mound duties.

Hunt had a home run and a single to lead the attack, with Slessor having three hits, and Pursell, Likewis, Tippa, Stout and Street each having two binges. The big inning was the second when Olds counted 12 runs.

**Merchants Lose
Third Straight**

The Plymouth Merchants came from behind twice to tie the score in their game with Wyandotte last Sunday at Riverside Park, but an error, a sacrifice and a single scored the winning run for the Chemics in the top of the ninth inning to make the final score 5 to 4. The winners counted five runs on 11 hits, but 5 errors, a double steal, and some timely hitting were too much for the local nine to overcome.

This was the third straight loss for the Plymouth team and brings the season record to six wins and six losses.

The Merchants scored one run in the third inning on a walk, a double by DeWulf, another walk to load the bases, and the third walk of the inning forced a run across the plate with one down. The bases remained loaded, but a fast double play from second to home to first put the fire out. The home team counted another run in the fifth inning on a single by Swartz, an error in the outfield and a single by Al Moers. This tied the score up until Wyandotte went ahead with two unearned runs in the eighth. The first batter doubled but was thrown out at third on a fielder's choice. The runner on first stole second and went to third as the catcher's throw went into centerfield from where he scored on a single. Another single sent him to third with two men down, and then the two baserunners worked the double steal with the man on third scoring while the man on first was being run down.

Plymouth came back to tie it up with two more runs in the eighth inning on a hit batsman, a sacrifice, an error and singles by Kubitsky and Russeaux and another error.

Wyandotte pushed across the winning run in the top of the ninth when Russeaux dropped a pop fly straight up in the air to allow the runner to reach first safely. He was sacrificed to second from which he scored on a single to center.

Swartz opened the ninth for Plymouth with a walk, was sacrificed to second, but the next two players fled to center to end the game.

Ed Hock pitched for the Merchants and allowed 11 hits, struck out 6 and walked two men. Wyandotte used three hurlers. This was the second win of the day for Wyandotte as they won over Food Fair in the morning to make up an earlier game that had ended in a tie.

Sunday Plymouth plays Wayne over at Wayne. The latter has won 8 games while losing 4.

Elks Nine Leads Loop

The Plymouth Elks team in the Class D Western Wayne County league is fighting it out with Dearborn for the league leadership. As of last weekend, the local Elks-sponsored nine had lost none, but had been tied by the Myron H. Beals post team from Livonia.

The Plymouth team beat the Dearborn 2 to 0 in the first game of the season with both hurlers pitching no-hit ball during the regulation 7 innings. In the eighth inning Plymouth scored the only two runs of the game as Kisabeth led off with a double. Bender also doubled sending Kisabeth home, and a single by Wilhelm counted Bender.

Kisabeth, the winning hurler, was touched for two hits by Dearborn in the top of the eighth but held them scoreless.

These two teams met again Monday night. Dearborn gained partial revenge for the above loss by knocking Plymouth out of the Hearsi journey as Hein pitched another no-hitter. This game did not count in the league standings.

Aside from the Livonia tie, the Elks won on a forfeit from Inkster to give them the league lead. Richard Huebler manages the Elks team.

Ellis Restaurant

THE COMPLETION OF THE REMODELING and enlarging of the Ellis Restaurant on South Main street was announced recently by owner Elton Ellis. The kitchen and seating capacity of the restaurant was doubled when Ellis took over the building next door, formerly occupied by Boyer's. A new front was put on the building, and inside decorations carry out Plymouth's colonial theme. The Grill Room now seats up to 33 persons, while the Colonial Room has the charm and styling of Pilgrim days.

Attendant Parking
Continued from Page 1

short-term parkers were loud and frequent. A customer who used to put a penny in the meter and run into a dime store for a few minutes, found that he had to pay 10 cents whether he parked one minute or two hours.

At the request of the Chamber, the city commission met Friday morning and voted to lower the minimum rate to five cents for each hour. Discussion of abandoning the plan took place at the meeting but merchants attending the meeting decided to give the lot a longer trial.

Edwin Schraeger, off-street parking committee chairman, pointed out at the meeting that there was bound to be opposition from customers. "When parking meters were installed here and in other cities, there were motorists violent in their protests," he asserted.

Merchants who attended the emergency meeting Wednesday morning agreed that the Chamber should continue its study of Plymouth's parking situation. Several offered the suggestion made by the Chamber at a commission meeting that persons receiving overtime parking tickets should be able to settle the fine at a reduced rate if paid within an hour. Similar plans are in use in many other communities.

It was the overtime parking ticket which touched off the Chamber's study into a new parking lot plan. Retail merchants reported that many shoppers complained about receiving overtime parking tickets and paying a \$10 fine, though they were perhaps in violation a few minutes because of a delay in a store. Merchants theorized that shoppers would therefore like a parking lot without meters, where they could pay when leaving the lot, depending upon the time spent there. The off-street parking committee then took over the idea, worked out a plan and presented it to commissioners.

The majority of city commissioners were of the opinion that the lot would not be a success under an attendant, but voted for the plan on a trial basis. Only Mayor Daane has voted negatively on all motions which were needed to place the lot in operation.

A time clock was rented, a telephone booth borrowed and barricades placed in the lot as a temporary set-up. Cars entered the lot from Ann Arbor trail and drove to a point near the northwest corner. Here, they were given a parking claim check with the hour stamped on its face. When leaving, the claim check was presented and stamped and payment made according to parking time. If a purchase of \$3 or more was made at most stores, the clerk pasted a stamp on the claim check which gave free parking for the first two hours.

The parking attendant booth escaped calamity Tuesday morning when a semi-trailer truck owned by the Jones Transfer company struck a power line strung from a pole to the booth. The booth was turned over but no damage was done. The time clock, however, stopped working and times on the parking claim checks had to be noted in writing.

Place Rural Mail Boxes On Correct Side of Road

Mail boxes served by carriers must be put on the side of the road in the same direction that traffic is moving, states Dr. George Timpona, Plymouth postmaster. It is against the state law, he said, for a carrier to approach the mail box from the wrong side. It will also eliminate the hazard of a bad accident.

Anyone in doubt on which side of the road to put his mail box should call the post office.

FIRST CHURCH OF CHRIST SCIENTIST

10:30 Sunday morning service.
10:30 Sunday school.

Classes for pupils up to 20 years of age.

That strength, joy and healing result from a spiritual understanding of God as infinite Life will be brought forth at Christian Science services Sunday.

Keynoting the Lesson-Sermon entitled "Life" is the Golden Text from Romans (6:23): "The gift of God is eternal life through Jesus Christ our Lord."

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (487:27): "The understanding that Life is God, Spirit, lengthens our days by strengthening our trust in the deathless reality of Life, its almightiness and immortality."

The following passage will be among those read from the Bible (Psalms 118:14,17): "The Lord is my strength and song, and is become my salvation. I shall not die, but live, and declare the works of the Lord."

Beyer Drug Gets New Pharmacists

Plymouth has two new pharmacists, both employed by Beyer Rexall Drug stores. Alfred E. Campbell, pharmacist at the Liberty street store, is a graduate of Ferris institute, Big Rapids, and has had 12 years experience as a pharmacist. Formerly affiliated with the St. Charles hospital in Toledo, Ohio, Campbell is replacing Charles Lynds. The Campbells are living in Ann Arbor and have one child.

William Arendall of the Forest avenue store is replacing pharmacist Walter Drummond, who has gone into the Army for two years. Arendall is also a graduate of Ferris institute and has been a pharmacist for 20 years. Prior to his position - at Beyer Rexall, Arendall was employed by the National Wholesale Drug company, Detroit. The Arendalls and their three children are at present living in Detroit.

A Layman Says

Now are we the sons of God, and it doth not yet appear what we shall be. (John 3:2)

We are the sons of God. We are not merely called and even legally declared, but actually are sons of God by receiving the life and nature of God; and so we are the very brethren of our Lord, in His divine relationship. Therefore, He is not ashamed to call us brethren. He gives us a nature worthy of our glorious standing, and as He shall look upon us, reflecting His own likeness and shining in His Father's glory, He shall have no cause to be ashamed of us. Even now He is pleased to call us brethren in the sight of all the earth and heaven. How this dignifies the humblest saint of God! Let us go out today to represent His Royal family. (A.B.S.)

Child of God by Christ's salvation, rise O'er sin and fear and care - Joy to find at every station, something still to do or bear; Think what spirit dwell within thee; think what Father's smiles are thine; Thank that Jesus died to win thee, - child of God, wilt thou repine?

SOME MEMORY

The teacher who had been telling the small pupils the story of the discovery of America by Columbus, ended by saying: "And all this happened more than 400 years ago."

A little boy whose eyes popped wide open thereupon exclaimed, in true admiration: "Whew! What a memory you have!"

Green Meadows News

by Beatrice Lee 9461 Elmhurst

Mr. and Mrs. Vern Sturm of Elmhurst, left Friday, July 9, on their western vacation and adventure. Their two children, Pat and Terry, and the family pet cocker, Laddy, piled in the family car, with the little red Jeepster, filled to the brim behind them, for three weeks. Good luck and have fun, neighbors!

Mr. and Mrs. Grey Olson and their two grandchildren, Terry and Bobby, of 9444 Elmhurst, are spending their vacation in northern Michigan.

The Brandells of 9090 Sheldon road spent a week vacationing in the Glen Lake area, enjoying fishing, swimming and camping.

Belinda Pate of 9074 Sheldon road left Saturday, July 10, to visit her grandparents in Union City, Tennessee.

Mr. and Mrs. Henry Johnson of 8840 Elmhurst, announce the arrival of a seven pound 14 ounce baby boy, John Henry, born Tuesday, July 6.

Mr. and Mrs. Dale Renwick and son Bob, of 1325 Ann Arbor road and Terry Calkins of 9464 Elmhurst, spent last weekend in the north woods.

Mr. and Mrs. J. C. Lee and family of Brookline, are leaving Friday, July 16, to spend a two-weeks vacation at a cabin in Mio, Michigan.

Mr. and Mrs. George Michelin of East Ann Arbor trail spent Friday evening with their daughter, Mrs. Charles Lee of 9461 Elmhurst, on their return from a trip to Hammond, Indiana to see Mr. Michelin's brother, John.

Mr. and Mrs. Ray Cather and family, of Marlow avenue left Friday for a trip to West Virginia.

Mr. and Mrs. Gene Spencer and family of Marlow avenue spent Sunday at Mrs. Spencer's parents' home in Portland, Michigan.

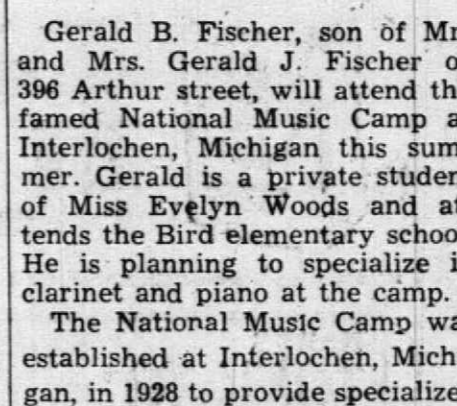

When I'm not thank'd at all, I'm thank'd enough: I've done my duty, and I've done no more. - Fielding.

When a man is full of his own importance it usually is a sign that his head is empty.

NEW RESIDENTS of Plymouth are the Glenn W. Taylors. Seated above in the living-room of their home at 882 Routh are, left to right, first row, Linda, 8, and Louis, 4. Back row, left to right, Mr. and Mrs. Taylor, Beth, 13, and Douglas, 10. Linda and Douglas attend Smith elementary school, while Beth is enrolled at the junior high school. Presently employed in Detroit, Mr. Taylor and his family moved from Fenton to Plymouth last September. The Taylors attend the Calvary Baptist church.

Gerald Fischer To Attend Camp At Interlochen

Gerald Fischer

Gerald B. Fischer, son of Mr. and Mrs. Gerald J. Fischer of 396 Arthur street, will attend the famed National Music Camp at Interlochen, Michigan this summer. Gerald is a private student of Miss Evelyn Woods and attends the Bird elementary school. He is planning to specialize in clarinet and piano at the camp. The National Music Camp was established at Interlochen, Michigan, in 1928 to provide specialized instruction for unusually talented young musicians, and has expanded its program to include actors, artists and dancers. The camp, which runs from June 27 through August 23, boasts six symphony orchestras, three symphonic bands, 12 choral organizations, an opera company producing 50 operas each summer, and numerous other activities which provide training and experience in the arts. A complete recreation program, with instruction in land and water sports, provides an ideal balance between work and play for the campers. About 1100 students will attend the National Music Camp's regular season where a staff of specialists will guide and train them in their respective arts activities. Some 250 public performances and radio broadcasts will be presented by the students during the eight-week season.

Chips from the ROCK

"Did you ever see a town with dirtier streets?", queried Milton Laible last Friday morning as he surveyed the Main artery of our beautiful city. "It makes me almost feel like taking a brush and sweeping the streets myself," he said.

Trailerite John Jacobs who regularly swears off from trailers, particularly after he cracks them up on the mountains going and coming from the sunny south, was all smiles on the weekend as he exhibited his new dual wheel Pontiac Chief. "All I need to do now is finish up a few days work and we're off for Oscoda and Neva Lovewell's Pine Island fishing resort for the rest of the summer," he said.

After reading our mention of his home-made soap some three months ago Attorney John Crandell presented us with three bars a week or two later. We tried it a day or so later in our downstairs wash room and found it made a wonderful soft soap suds so we just left it for everyday usage by the family. Imagine our surprise some ten weeks later when by chance we compared it with one of the unused bars and found after constant daily usage it still retained its original size. We are now convinced that the bar in the University of Michigan wash room might well be six or seven years old because it just doesn't wear out.

Plymouth's most surprised sailors were Rip Collins, Bud Gould, Harry Willie and Jack Taylor one afternoon last week. It seems "old sea dog" Taylor had purchased a new motor for his cabin cruiser "Clementine" which steams in and out of all the ports on Base Lake, and the three helpers, all skilled mechanics, had labored most of the day installing the same. After a final check-up, the cruiser was launched by the foursome and pushed some 15 feet out into the water where the motor was given a test. Everything was ship shape and the captain ordered full throttle ahead. Instead of cutting the waves ahead in the lake, it reversed under full speed and landed boat, captain and crew some three feet up on the beach. It turned out Captain Taylor didn't know you ordered marine engines with either a left or right drive and he had put the wrong one in his weather-beaten craft. It took nearly an hour to unload the laughing crew from the boat.

★ THINKING OUT LOUD ★

One question, sometimes controversial, sometimes personal, is asked each week by The Mail of four pedestrians along Plymouth's downtown streets. This week's guests are "thinking out loud" on the question:

"Bermuda shorts seem to be gaining slight headway among the male population. Do you like to see men wearing them?"

MRS. JAMES ROSS, 1008 Harding: "If they have nice legs then I see no objection. I see quite a few men in our neighborhood wearing them now. But I don't think much of the idea of wearing them in public places."

EARL "RED" FOSTER, 772 South Main: "I haven't noticed many men wearing them. I imagine they would be nice and cool to wear on my job, but I don't think the Post Office department would go for them. No, I don't have any objection to them."

Mrs. Ross Foster Todd Miss Christensen

GEORGE TODD, 386 Pacific: "I do have a pair at home but I seldom have an opportunity to wear them. I tried them on the golf course once but I got too much ribbing from the boys. They aren't good to go shopping in but for golfing or some other leisure, they're just the ticket."

MISS JANET CHRISTENSEN, 464 Evergreen: "No, I don't like to see them. They look so funny. I work at the theatre and I see quite a few men even wear them into the show."

ROGER BABSON SAYS:

BABSON DISCUSSES CHAIN STORE STOCKS

New Boston, New Hampshire. During a visit here I have had an opportunity to talk with various retired workers now living on pensions. One thing that interests them most is the future cost of living. They are grateful to their employers for their pension, but they wonder just how much it may always be able to buy. You cannot blame them for worrying, considering that a \$1,000 pension received in 1900 will today buy only about \$300 worth of food, clothing, and shelter.

MONEY VERSUS GOODS

Too many of my readers are thinking only of dollars, rather than of what these dollars will buy in the years ahead. Of course, the ideal thing would be for employers to promise their retired people a certain number of bushels of potatoes, pounds of meat, pairs of shoes, etc., in the form of a pension. Corporations, however, cannot do this unless they can be reimbursed by the Government. As our politicians are the ones who mainly determine the cost of living, would it be unfair to ask their Government to "give these pensioners 'insurance' against such 'unreasonable inflation'?"

Another possible answer would be to have pension funds invested in merchandising stocks. I have in mind super markets such as A & P, Kroger, American Stores, First National, Stop & Shop, etc., and the Variety Chains. These stocks could partly serve as a hedge against rising food prices and the cost of necessities. The latter could always be purchased from Chain Stores, such as Sears Roebuck, Montgomery Ward, Penney, especially from the modern Variety Stores which now carry nearly everything necessary to living, other than food. The buyers for these Variety Chains hunt all over the world for the best merchandise at the lowest prices and sell it at the least profit; while the value of their inventories increases along with the cost of living. Thus, if pension funds were invested more in such stocks, the pensioners should be much better off if the cost of living should increase—especially in view of the "self-service" feature which was promoted by Herbert A. Hills, Jr., of Wellesley, Mass.

TEN BIG VARIETY CHAINS

Working people should also put a fair proportion of their own savings in these stocks, possibly an equal proportion of money into each of the ten. Knowing, however, that two of these, the McLellan Chain and the McCrory Chain, are largely owned by the United Stores Corporation, I can "catch two birds with one stone" by buying the stocks of United Stores Corporation which are listed on the New York and American Stock Exchanges. The Second Preferred sells around \$9.75 a share and yields over 8%; and the Common sells around \$2.75 a share. When working people come to me and want stocks to lay away for their children and grandchildren, not for speculation, I recommend these United Stores stocks at the rate of one share of Common for protection with each two shares of Second Preferred for dividends. Note the following figures.

(The first figure represents the 1953 Sales, the second, the Current Market Price; the third, 1953 Dividend; and the fourth, Yield.)	
F. W. Woolworth	\$713,870,378 42 \$2.50 6.0%
S. S. Kresge	\$337,299,151 33 \$2.00 6.1%
W. T. Grant	\$299,767,741 37 \$1.50 4.1%
G. C. Murphy	\$187,163,824 40 \$2.00 5.0%
S. H. Kress	\$172,979,646 49 \$3.00 6.1%
J. J. Newberry	\$171,163,900 34 \$2.00 5.9%
H. L. Green	\$108,683,918 29 \$2.25 7.8%
McCrory Stores	\$104,787,105 13 \$1.10 8.5%
Neisner Brothers	\$66,742,814 14 \$1.00 7.1%
McLellan Stores	\$60,672,811 24 \$2.00 8.3%

WARTIME PROTECTION

There are several reasons why I like the above ten Variety Chains. In addition to their being a hedge against inflation and against a rising cost of living, they provide a geographical protection in case of World War III which big city stores cannot offer. All the above ten chains have their assets scattered throughout the United States. The United Stores (McCrory and McLellan) have stores in over 440 cities scattered in 37 states, while Woolworth has 1,973 stores in the United States and Canada alone. Woolworth, however, has a large investment in England and Germany which World War III would probably wipe out. Although we may not fear such a war, no student of history can believe that wars are over forever. Only a great spiritual awakening, of which I see no signs at present, can prevent the onslaught of such a war before long.

Editorial

MASS-DISTRIBUTION IN ACTION

A wealth of evidence proves that retail competition has become intensely competitive, and that retailers of all kinds and sizes are wooing the consumer with the utmost ardor.

An interesting example is found in a Wall Street Journal news story. Traditionally, retail business lags during the summer, especially in areas where the weather is hot and humid. This year merchants in many larger shopping centers are going to extraordinary efforts to boost summer sales. Promotion is being stepped up, bargains are being advertised, prizes and premiums are being offered, and so on.

The time has passed when all a merchant had to do was open his doors, sit back, and wait for an eager public to rush in and empty his shelves. Good retailers in the small towns no less than the great cities recognize that fact and are acting accordingly. Wares must be aggressively advertised. They must represent a good buy to the consumer's critical eye. Stores must be attractive and service courteous. And every merchant must everlastingly try to do a little better job, to offer more compelling inducements, than his competitor down the street or in the next community.

This is competitive mass-distribution in action. And this is one of the reasons for our world-beating living standards.

INVESTMENT AND PROSPERITY

An item in Newsweek deals with some late developments in the stock market. Among other things, it points out that there is increasing public interest in that market, as is evidenced by the fact that, up to the time the June 21st issue of the magazine went to press, there had been 42 days this year in which 2,000,000 shares were bought and sold, as compared with only 23 days in all of 1953.

What that means is that more and more people, most of them in the middle-income brackets, are investing some of their savings in the concerns which supply us with our wealth of goods and services, which provide much of our employment, and which are the base on which our material well-being rests. That, in turn, means that more and more people have learned that the stock exchange is not a rather mysterious institution existing primarily to serve the wealthy, but that it is an open market place that exists to serve us all, the same as a stockyard where cattle are offered for sale. And increased public interest in stocks has been greatly stimulated by the recent adoption of an installment-purchase system whereby people can become investors in securities of their choosing for as little as \$40 a month.

All who believe in the American system will welcome the current trend. As President Eisenhower said, in making his proposal to modestly reduce the double taxation of dividend incomes, "The more we can encourage savings and investments, the more prosperous will be 160,000,000 American citizens."

YOUR SECURITY AT STAKE

Every American who wants his country to be militarily secure and economically strong should read an address on the merchant marine situation made by Congressman Tollefson of Washington on the floor of the House.

Mr. Tollefson presented an incontestable case for an adequate American merchant fleet. It is vital in both peace and war. He cited historical fact after historical fact to prove how heavy a price we paid in World Wars I and II because we had allowed our merchant marine to decay largely for lack of the kind of governmental policies and laws that were needed.

At the end of his talk, Mr. Tollefson dealt with the much misunderstood question of the merchant marine "subsidy" — which is actually a form of differential payment to help American shipowners meet the competition of foreign flag lines whose operating costs are far lower than ours. Government payments for this purpose are provided under strict laws and regulations. These include a unique recapture clause, whereby, if profits permit, the government gets back all or part of the money advanced.

The present trouble, in Mr. Tollefson's words, is that "the government has failed to provide a sufficient subsidy to carry out the mandate of the Congress."

According to Mr. Tollefson, over a 10-year period the "subsidy" cost the government \$35,515,800, after recapture. Even if this should be much larger in the future, it would be as nothing compared to other federal subsidies. Total farm subsidies for the same period came to more than \$2,100,000,000.

MICHIGAN MIRROR

By Gene Alleman
Secy. Mich. Press Ass'n.

The "do or die" period of the primary campaign is at hand.

Little more than two weeks remains before the Aug. 3 balloting. Candidates and party-workers are busy with personal appearances, radio and TV programs, newspaper ads and news stories supply election information for the voter.

The unusual offer of Democrat senators from Washington supplied campaign fodder for guns of Moody's opponents, both Democrat and Republican.

Senators Lehman (N.Y.), Douglas (Ill.), Mansfield (Mont.) Jackson (Wash.), Kennedy (Mass.), Humphrey (Minn.), Magnuson (Wash.) and Monroney (Okla.) all offered to fill speaking engagements for Blair Moody, whose physical condition prevents the active campaign originally scheduled.

Moody's primary opponent, Patrick V. McNamara, was heard from immediately after the offer was announced. In burning telegrams to each of the eight senators, Democratic National Chairman Stephen A. Mitchell, former President Truman, and the 1952 presidential candidate Adlai Stevenson, McNamara roundly denounced the proposal.

"I find the announcement unbelievable that you will campaign in the Michigan primary for my ailing opponent," he stated.

Blunt facts in the Democratic camp are said to be these:

McNamara is not actually considered to have much chance to beat Moody.

Moody's backers strongly assert that the former senator did not suffer a heart attack. A particularly virulent form of pneumonia laid him low, they say, with complications that resembled a heart attack.

Campaign plans for Moody went up in smoke with the onset of the illness. After a complete rest which doctors insist upon, Moody will attempt to sell himself via a state wide television hook-up scheduled for July 29.

The illness proved an unexpected source of material for GOP leaders. They were quick to point out in the words of Republican State Central Committee Chairman John Feikens that "Michigan citizens are able to pick their candidates without having out-of-state people help them form opinions."

Republicans expect to hit Moody hardest on his voting record as a senator. They point to his support for the 1951 tax program which "cost the people of Michigan \$466 million in consumer taxes." Included in the bill, which was advanced by President Truman at the time of the Korean "police action" was 1/2c increase per gallon for gas; 1c per pack for cigarettes; 11% hike in income taxes; increase from 7% to 10% in excise taxes for automobiles.

Democratic answer is that taxes were voted for only a short period; were necessary to meet additional expense of military operations.

Dr. Eugene Keyes, who refused to go along with a GOP move to maintain unity by not attacking fellow candidates, is being pointedly ignored by party leaders.

Michigan's improved financial situation, with the state operating in black for the first time in years, makes excellent campaign material. Republicans point with pride to "their" legislative program that made it possible to eradicate deficits of \$65 million.

Moving forward due dates for corporation taxes and passing the business receipts tax are responsible for the happy financial state. GOP supporters are quick

to point out that Williams supported neither move.

Democrats, however, refer to the end of red ink operation as a "joint achievement." "The solution found was not to everyone's liking," they say, "but at least it worked."

Despite the vigorous activity in primary campaigns, the big battle is expected to take place

before the general election in November.

Whether the Wolverine state sends a Republican or Democrat senator to Washington is a question which has immense significance at the national level. With so much at stake, and the situation as unpredictable as political observers believe it to be, no time will be lost when the primary is over.

All set to make Pineapple Fluff are Mrs. Donald Pankow and her two children, Kerry and Karen.

Pineapple Fluff

With two children to please Mrs. Donald Pankow of 585 Maple avenue says that desserts get the most raves from her family. Young Kerry, three, and Karen, seven, both put their stamps of approval on the pineapple fluff that mother makes as well as the delicious raw apple icing she often puts on her cakes.

Mrs. Pankow gives here her recipe for the pineapple fluff and also for the apple icing, which she highly recommends.

Pineapple Fluff

2 cups cold cooked rice
1 1/2 cups crushed pineapple
2 cups cut marshmallows
1 1/2 cups whipping cream
1/2 cup sugar

Mix together the rice, pineapple and marshmallows. Whip the cream, adding the sugar, and fold into the rest of the mixture. Mrs. Pankow says the dish may be served immediately or chilled in the refrigerator until served.

Raw Apple Icing

1 apple
1 cup sugar
1 egg white
Juice of 1/2 lemon

Peel and slice the apple and combine with the other ingredients. Beat in a small bowl with electric mixer set at speed 2 and increase speed to 7. Continue mixing until icing is thick and smooth. Spread on the cake.

Local Library to Offer Third Film Program

Wednesday, July 21, marks the third program of the current film series offered by the Dunning Library. "Rumpelstiltskin," "Bicycle Safety" and "Summer on the Farm" will be featured at 2 p.m. for children through the eighth grade.

At 7 p.m. that evening, "Lugano," "Social Courtesy" and "Square Dancing" will be shown to teenagers and adults. Everyone is welcome to attend either or both programs.

Elliott - Morrison Marriage Announced

Mrs. John Elliott

Mr. and Mrs. K. L. Morrison of 1045 Brush street announce the marriage of their daughter, Nancy Jean, to John Elliott, son of Mr. and Mrs. Joseph Elliott of 876 Church street.

The ceremony was performed on January 9 in Kalamazoo.

Both Nancy and John are Plymouth high school graduates. They are making their home in Plymouth.

New Books at Dunning Library

Several new books, currently on the best-seller list, arrived yesterday at the Dunning Library. Among this group are "A Time to Love and A Time to Die" by Eric Maria Remarque, Frances Parkinson Keyes' "The Royal Box" and "Mr. Hobbs' Vacation" by Edward Streeter. Other new novels available to Plymouth readers are "Devil Dog" by Frank Conibear, J. B. Priestley's "The Magicians," Leslie Turner White's "Sir Rogue," "Dragon Watch" by Will H. Hays, Jr. and Robert Carson's "The Quality of Mercy."

Of special interest to those who enjoy historical novels will be "Troubled Border" by T. D. Allen, a novel concerning the pioneers of the Pacific Northwest; Herbert Best's "Diane" with its setting in Jamaica, 1804. "The Mango Season" by Kathryn Grondahl and "Beyond the Hungry Country" by Louise A. Stinetor, both with their settings in foreign lands, the former in Siam and the latter in Africa.

"The Deep Six" by Martin Dibner, a tale of violence and action at sea; and Clare Kipp's story about "Clarence," the life of a sparrow, are also available among the new books.

Two new books on Africa have made their appearance, MacLean's "Africa: The Racial Issue" and "The Heart of Africa" by Alexander Campbell. In addition, "Best Stories of O. Henry," as selected and introduced by Bennett Cerf and Van H. Cartmell, Pearl Buck's "The Child Who Never Grew," William L. Shirer's "Stranger Come Home" and "Clown, My Life in Tatters and Smiles" by Emmett Kelly with F. Beverly Kelley have arrived in this latest shipment.

Readers will also be interested to find "Margaret, The Story of a Modern Princess" by Marion Crawford, Avery and Nye's "The

Clubwoman's Book," "Eat, Think and Be Slender" by Leonid Kotkin, M. D., "Better Homes and Gardens Gardening Ideas" with the new handyman section, Lawrence H. Battistini's "Introducing Asia," "Your Washington" by Tristram Coffin, concerning the dramatic and inspiring story of the Capital's famous shrines.

Other books include "Success and Satisfaction in Your Office Job" by Becker and Lawrence, James W. Calley and Martin Levin's "Complete Courses in Civil Service," Preston E. James' "A Geography of Man," "The Pistol Shooter's Book," a modern encyclopedia by Charles Askins, Leonard D. Baldwin's "Recent American History" and, in a lighter vein, "You've Got Me in Stitches," a collection of hospital cartoons as edited by Lawrence Lariat.

More Fun, Less Work Is Motto of Today's Picnic

The best news for lovers of the great outdoors is that the picnic, most-honored of American summer institutions, has finally turned into an art. The fun has been left in, but the "bugs" have been ironed out!

Gone are the haphazard one-day expeditions when folks grabbed a sandwich, jumped into a car and headed for a nearby clump of trees without a second thought. This simple approach to nature's call turned out to be not so simple after all.

That was the old-fashioned picnic of yesterday. But today it's a thoroughly different story. The picnic has developed into a relaxed, pleasure-filled affair, thanks to the combined efforts of State Conservation specialists plus the ingenuity of American industry.

The conservationists have established a set of easy-to-follow rules, while industrialists have come up with a host of new products to take the pain out of the picnic.

Angel Picnic Dessert

When you plan a picnic, include a round or loaf packaged angel food cake from your grocer's ready-to-eat cake department as the basis of your outdoor dessert. Include, too, a jar of marshmallow cream and a shaker of colored sugar granules. With these ingredients, your picnicers can make Angel Mallow, a delightful summertime dessert for outdoor dining.

Package angel food cakes, made from a cook book recipe, travel well, save work, and add little weight to the many things you must tote to the picnic site. And because they are a light sweet, and so good with marshmallow cream, your picnic will come to a happy ending.

To make Angel Mallow, slice the cake. Spread a slice with marshmallow, and sprinkle with sugar granules for color and texture. Top with a second slice and eat out of hand. For home desserts, provide a fork for eating.

Senior Citizens Need Protein Foods Daily In Summer Diet

Protein, the nutrient which builds and renews body tissues, is needed all of a lifetime and in summer as well as winter. The senior citizen requires protein daily just as do younger family members, for it has been said we grow old when we cease to build new body cells.

Best sources of complete protein come from foods of animal origin: meat, fish, poultry, milk, eggs, and cheese. Next best sources are dried peas and beans and nuts and peanut butter.

Another source of protein can come from unflavored gelatin. This plain gelatin is all-protein and contains seven of the eight essential amino acids or building blocks of a complete protein food.

The rest of the protein required each day can come from cereals, breads, and some of the legume vegetables like peas and beans.

At least one serving of meat, poultry or fish is recommended each day. At least four eggs a week are suggested. Two and a half to three cups of milk or its equivalent should be included in the daily diet. Milk is also important for calcium and loss of calcium in the body creates fragile bones. Part of the milk requirement can come from ice cream or cottage cheese. This cheese has all the nutrients of whole milk except the fat, and less riboflavin content.

A small portion of left-over cooked meat, cheese or hard cooked eggs can be extended with unflavored gelatin to a main dish of high protein value. And it's a cool way of getting summer protein as no cooking is involved.

New Style Michigan Mothers To Turn Co-Ed Created

The "do it yourself" trend among homeowners today has made carpenters, paper hangers, painters, and plumbers out of many homemakers and business-men.

This "do it yourself" trend has resulted in an entire new group of fashions for men and women. Now instead of wearing bedraggled, worn out clothing, the "do it yourself" gang is donning cotton clothes designed especially for this purpose. These are trim, work-sports-wear garments, comfortable and easy to wash.

Denims, dark fabrics, dungarees, twills, and chambrays are among the popular Sanforized fabrics used in the new fashions, for they are comfortable and wash well.

Borrowing an idea from the man of the family, the lady of the house is adopting cotton coveralls for practical workwear. Her coveralls add a feminine touch, however. Some are made of bright red sailcloth with a polka dot collar and sash. They are designed in a zip-front sleeveless style with leg-flattering matador trousers. Another style is designed in faded blue Sanforized denim, to be worn either with or without a blouse.

Sanforized terry cloth is used for one style. These terry cloth coveralls have an elasticized waist and cuffed knee-length trousers. They are smart for beach wear, as well as household jobs.

One of the versatile outfits designed for men is appropriate either for fisherman or workman. It is a pair of overalls designed with 16 pockets to hold screwdrivers, measuring sticks, pencils and other tools, or a fisherman's gear.

For the man turned garbage emptier, babysitter, and dishwasher, a khaki colored denim coat will eliminate the need for a husband to don frilly aprons.

For light chores, there are slacks in stripes, houndstooth checks, and smartly tailored denims. To go with slacks is a cotton "putterer's" vest, complete with strategic pockets.

Tips on Salad-Making

Choose the right dressing for the right salad this summer—one that brings out and enhances the flavor of the fruits and vegetables.

Take care not to drown these flavors, either by too much dressing or by one with too much flavor of its own.

Have the greens and vegetables or fruits quite free of excess moisture when the dressing is added to avoid a soggy, watery result.

Add the dressing just before the salad is served in order that none of the crisp texture is lost. Jars of mayonnaise, cooked salad dressing, French dressing and possibly a fruit French dressing will give you bases for any number of variations.

Michigan moms will turn coeds when they attend the 27th annual Homemakers' Conference at Michigan State college, July 20-23. Those planning to attend from Plymouth are Mrs. Forrest Olson, Mrs. G. F. Wright and Mrs. Robert Widmaier, and more than 1,300 homemakers from rural and urban Michigan are expected.

The conference — planned around the theme, "Better Families, Our Goal"—is sponsored by the home demonstration staff of the Michigan Cooperative Extension Service. No membership in any organization is necessary—any woman is eligible to attend and can obtain complete information about registration and accommodations from the home demonstration agent in her county.

The feature speaker for the opening session in the M.S.C. auditorium on Tuesday afternoon, July 20, is Mercedes Hurst, Miss Hurst, a public relations specialist with International Harvester, will discuss, "The Lady Gets What She Wants."

Other outstanding speakers slated to appear include: Frances Scudder, director of home economics extension programs for the U. S. Department of Agriculture; Laura Lane, an associate editor of Country Gentleman magazine, and Mildred Buchanan

Offer Hardwood Panels In Five Grades

To assist users in specifying
their wants, makers of hardwood
plywood have established five
standard grades. The Hardwood
Plywood Institute reports that
the grades, as recently revised,
are custom, good, sound, utility
and reject. In the matter of face
veneers, the grading rules in
essence are as follows:

Custom grade—Specially selected
for architectural and technical
uses and for special matching of
panels.

Good grade—Tight, smoothly
cut veneer with the natural char-
acter markings of its species; if
made of more than one veneer
piece, matched at the joints to
avoid sharp contrast in color and
grain. This is the grade usually
used for home wall paneling and
workshop projects calling for a
natural finish.

Sound grade—Sound, smooth
surface, free from open defects;
not matched for grain and color;
well suited for work to be painted.

Utility grade—Minor defects
permitted which do not impair
service ability. Used for backings
and concealed parts.

Reject grade—Permits various
defects which do not seriously im-
pair strength and serviceability.

Panels may be obtained with
the same grade on both sides or
with one grade on the face and
another on the back.

Logs Used to Fullest In Making of Plywood

The manufacture of plywood
gets the most out of a log. The
U. S. Department of Commerce
estimates that one large log will
yield enough plywood face veneer
to panel 20 rooms, whereas,
if the log were sawn into con-
ventional lumber, it would pro-
duce only enough lumber to
panel one room.

Cost Saving Tips on Buying Wood For Home Modernizing

Money can be saved and better
results gotten if you buy lumber
carefully, choosing the grade and
kind of wood best suited to the
work you are planning before
purchasing. Don't buy a high-
priced finish grade, for example,
unless you expect to use it for
finishing, recommend Georgia-
Pacific plywood engineers.

Your project will determine the
species of wood you use. For
general structural purposes, soft-
woods usually are chosen, such
as longleaf or shortleaf yellow
pine, fir or hemlock. For finish,
such as casing, base, molding,
etc., softwoods are again chosen,
such as shortleaf yellow pine and
white or Ponderosa pine. Of
course, where paneling is used,
the trim or finish should be of
the same species. For furniture,
hardwoods are favored, including
oak, maple, gum, mahogany, ash,
beech, birch, walnut, hickory or
poplar.

For cabinets and wall paneling
the use of plywood, such as Rip-
plewood, is increasing rapidly be-
cause of its strength, uniform
thickness and the ease with which
it can be handled. Most important
in this instance is dryness and
dimensional stability which is
found in its highest degree in
plywood.

Grading methods vary slightly
but the woods most often used
usually are graded as finish and

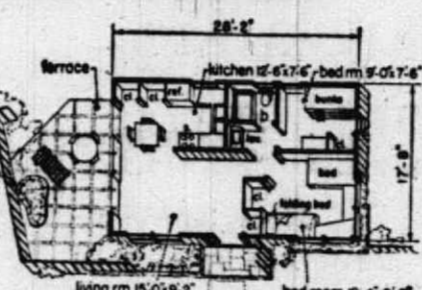

board grades. Finish grades in
softwoods are 1 and 2 Clear (com-
parable grade is first and seconds
in hardwoods). This is highest
quality chosen for lack of defects.
Use it for fine finishing work. "C"
Select in softwoods ranks next in
quality and price. It may have a
few knots and imperfections but
one side usually is reasonably
free of defects. "D" Select, lowest
of the finishing grades, is a good
all-around wood.

Board grades of wood are: No.
1, a good, general purpose wood,
permitting sound knots and other
sound defects and will take paint
well; No. 2, an all-around utility
grade, often used for sub-floor-
ing and sheathing; No. 3, less de-
sirable because of greater number
of defects in some species, and
No. 4, a low cost lumber useful
for temporary structures, crating
and similar work where neither
strength nor beauty is needed.

Plywood is made in all species
and in several thicknesses and
grades, all including the standard
4' x 8' panel. Handy 12" x 12" and
16" x 16" squares also are avail-
able. It is an ideal material to
have around the workshop. For
exterior purposes, be sure you
do not choose a plywood having
interior glue lines. This is a com-
mon error that should be avoid-
ed.

Window Shopping With Sue

One of the chief components of
a beautiful home is beautiful
furniture—furniture in the cor-
rect taste for your rooms. And
the products they're putting out
these days, whether modern or
colonial, are just out of this
world. Stop in to Blunk's some-
time and just look around—it'll
make your mouth water.

For example, you'll probably
see some lovely Hitchcock chairs.
It seems that back in 1818, Lam-
bert Hitchcock, the 23-year-old
son of a Revolutionary War
soldier, began making parts for
fancy chairs. These were sold
from door to door by peddlers in
those early days. The Hitchcock
furniture had the beauty of
Sheraton enhanced with the
sturdy character of New England
craftsmanship. The factory has
been restored and today the fur-
niture is reproduced in the
Hitchcock style in the city of

Hitchcockville, Connecticut. Some
of these pieces in black with gold
trim are shown at Blunk's.

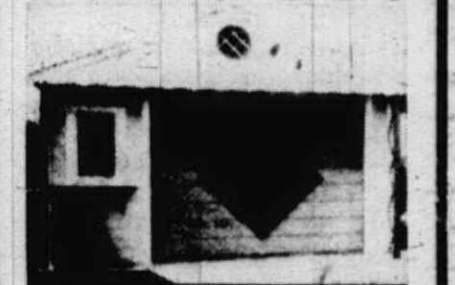

Another lovely set, currently
being shown at the local furni-
ture store, is a beautiful bedroom
suite. The furniture is of maple
with wrought iron knobs and
handles, while the bed has a
bookcase headboard.

While speaking of furniture, I
learned over at Blunk's that
lamed oak stars in finishes on
most modern groups, according
to the Chicago-Market Daily.
Ranked behind lamed oak are the
warm tawny tones of cordovan
mahogany and limelight. Combin-
ed finishes on the tables are also
popular, for many are seen in a
combination of black and white,
leather and wood, and in plastic,
marble, wrought iron, glass,
ceramic tile and marble combina-
tions.

A Modern Development

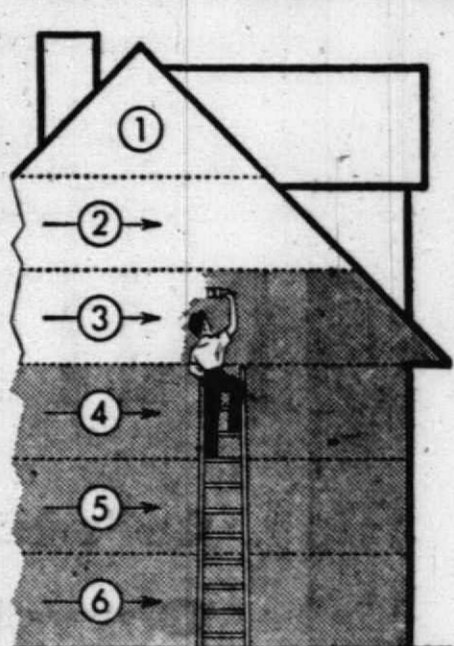

Because of its popular and
widespread acceptance and use in
homes and all types of commer-
cial areas, it is hard to realize
that less than twenty years ago
resilient floor tile, such as Ken-
Flor vinyl tile, was unknown to
the American public.

How to Paint a Clapboard House

When painting the side of
a house, start at the highest
point and apply paint in
horizontal strips about 3
feet wide, working from left
to right. When possible,
paint above the top of the
ladder. This enables you to
reach a wider area. Never
step in the middle of a
strip for any great length
of time. For safety and
working ease, the distance
between the house and the
base of your ladder should
be about 1/4 to 1/3 of the
ladder's length.

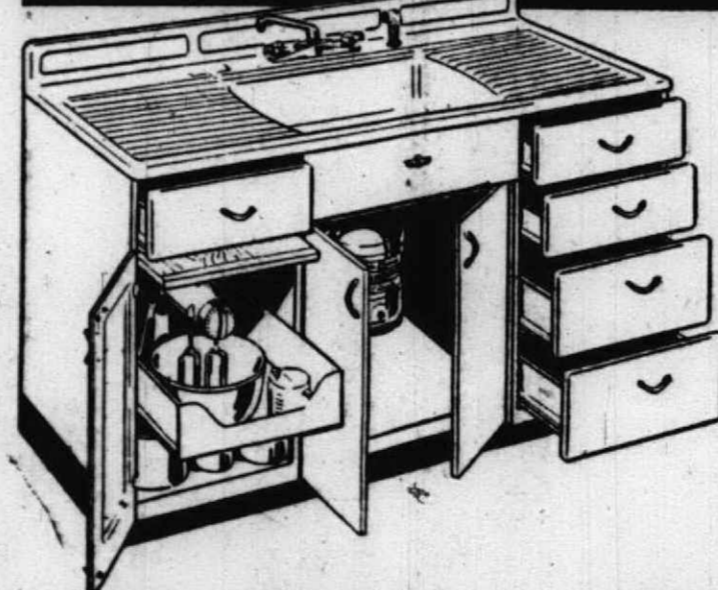

1. Load your brush, then
apply two or three dabs of
paint along the joint of the
siding. This helps to dis-
tribute the paint quickly and
easily.

2. Next, brush the paint
out well, being sure to coat
the clapboard under-edge.

3. "Feather" the ends of
your brush strokes so the
coat will be smooth where
one section joins another.

These Events Were News

50 Years Ago

July 22, 1904
Mrs. J. G. Meiler presented the Rebecca Lodge at its last meeting with a fine silk quilt, to dispose of as they see fit. Mrs. Meiler was a member of the lodge when it was first instituted 40 years ago. She is now 82 years of age.

George T. Miller's pacer, Captain Sphinx, is entered for 2:07 p.m. event in the Blue Ribbon meeting at Detroit next Monday afternoon.

Hans, son of Charles Minning, of Stark, broke his leg last Saturday while bathing. Dr. Patterson was called to reduce the fracture.

Jane Pelton, Ruth Huston and Elizabeth Conner were the principals in an "entertainment" given in a tent in Mr. Huston's yard Monday afternoon. They had everything in theatrical style even to programs, and the audience was very much pleased in the productions, which consisted of recitations and songs by the little tots, all nicely rendered. Little June was the leading spirit in the affair, being well versed in theatrical experience.

Two small fires occurred this week by the grass being so dry. Monday the grass on the vacant lot on the Gunsolly property caught fire and was put out by some of the north side firemen who turned out with the hose cart. Tuesday morning they were called out again by an engine setting fire to the grass in Stark-weather's field in the rear of Morris Smith's house. Quite a bit of hay and some of the fence was burned before it was put out by the firemen.

Jessie and Charley Hetzler of Detroit visited at the parental home a few days this week.

Robert Walker will attend the Michigan Rural Letter Carrier's Convention held at St. John's, Tuesday.

H. B. VanAken's new barn has nearly reached completion. It is a fine structure and adds to the looks of the farm.

Will Garchow had the misfortune to lose his driving horse last Saturday night.

The Epworth League will hold an ice cream and lemonade social at the home of Mrs. F. Oldenburg Saturday evening.

The dancing party at George Proctor's on Friday night was much enjoyed, about 25 couples being present. Ice cream and cake was served.

25 Years Ago

July 19, 1929
The Garden Tea House on South Main street, conducted by Mrs. Nancy Birch-Richard, is meeting with popular favor by all who have visited the new place, where the most delicious food is served in surroundings that are cheerful and homelike.

Judge Phoebe Patterson experienced her first airplane ride last Tuesday afternoon, when she was a member of a party taken up by Eddie Stinson from the Wayne airport. The judge said it was a wonderful ride but she was a wee bit scared when the ship made some sharp turns.

Mrs. F. D. Schrader and daughter, Evelyn, visited their son and brother, Edwin Schrader, who is attending school at Mill Springs, Kentucky, Monday. The occasion marked the birthday anniversary of both Edwin and Evelyn. Mrs. Schrader and daughter will visit many points of interest through the Cumberlands before their return.

Raymond Lennox, of East Side drive was bitten by a dog July 4th. The dog was later found to have rabies.

Mrs. Clyde Ford of Dearborn, Mrs. Mary Ford of Dearborn and Mrs. James Glass of Plymouth, were among the guests who visit-

ed the Rose Garden of Mrs. Henry Ford last Friday morning, spending two hours wandering among the most beautiful roses and other flowers and shrubbery and artificial lakes.

Mrs. Lena Dethloff has received some interesting news from her son John Robinson, who is aboard the U. S. Barie on a three years' cruise. John has been awarded a medal for an act of bravery when he recently dove into the ocean and saved a comrade from drowning while in China waters.

Mr. and Mrs. Claude Robinson and children of Plymouth, have moved to Northville, and are at present occupying the residence of Father Joseph Schuler on Thayer boulevard. Mr. Robinson is associated with the Detroit Steel Products company. It is their plan to make Northville their home. Mr. Robinson is well known in steel products manufacturing circles and has been with the Detroit company for a number of years.

While motoring to Detroit on the Plymouth road last Saturday afternoon, Earl Ryder met with an auto accident that did considerable damage to his car. Four cars were coming from Detroit when another car traveling the same way turned out to pass them, and although Mr. Ryder got off the pavement to avoid an accident, the other car collided with him.

10 Years Ago

July 14, 1944
Mr. and Mrs. Samuel C. Hench, residents of Plymouth for many years prior to 1910, will celebrate their golden wedding anniversary at their present home, 400 High street, Benton Harbor, on Tuesday, July 18.

George R. Mullins, a 17 year old lad living with his parents on Middlebelt road, was seriously injured last Saturday when he fell to the pavement on Union street from the running board of an automobile, that he died Tuesday.

Doyle Rowland, 36 year old farmer residing on North Territorial road near Gottfredson, is still in a serious condition in Sessions hospital at Northville as the result of injuries he received Sunday when he was knocked from a tractor on to a mowing machine.

William R. Cassady, veteran of World War I, who won honors and distinction because of services to his nation on the battlefields of France, died Wednesday, July 12 at Hot Springs, Arkansas.

Professor Earl V. Moore, director of the school of music of the University of Michigan, announces that Robert Todd, son of Dr. and Mrs. J. H. Todd, has been chosen to be a member of the two-week High School Music Clinic conducted by the University at the National Music Camp, Interlochen, Michigan.

Evelyn Elliott and Carol Kinney left Monday to begin training at the Farmington Children's Hospital.

Mr. and Mrs. Robert T. Walker are attending the Michigan State Rural Carriers convention at Holland. They will also visit friends at Grand Rapids and Lowell.

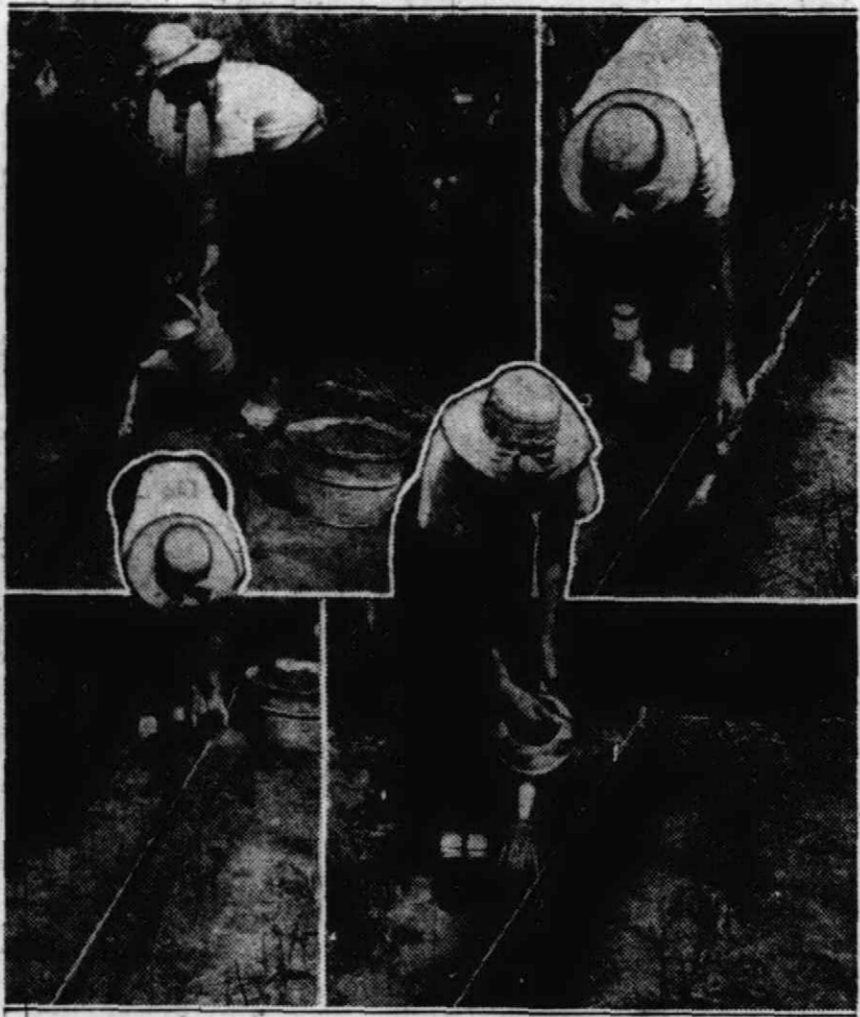

A letter received Wednesday morning, by Mrs. Charles Humphries from her brother, Wilbur Davidson, who is well-known in Plymouth, stated, that as leader of a gun crew on one of the larger boats he had a ringside view of the European invasion. He was without sleep for six days and nights during the heat of the battle, and watched bombs fall almost unceasingly.

"He calls her his 'Queen of the Links?'"

"Ah, their courtship began on the golf course, I presume."

"No—far from it. She sells wieners at a hot-dog stand."

Use Special Techniques When Sowing in Summer

Top left: Make Deep Drill and Soak Soil Deeply. Top Right: Mix Seed with Sand and Sow on Damp Soil. Lower Left: Cover Seeds With a Special Porous Soil. Lower Right: Keep Soil Moist Until Seeds Germinate.

Sowing seed for a fall harvest in the vegetable garden should not be neglected. All the early crops can be grown for fall use, many with much improved quality, owing to cooler weather.

In some ways the fall growing season is more favorable than spring. It is more difficult to start the seed in the hot, dry weather of midsummer, but as the season progresses with cooler nights and more moisture, the plants develop better than when temperatures are rising as they mature.

Few vegetables go to seed in the fall. Cauliflower, Chinese cabbage, spinach and peas, which are matured in the spring only by experts who take long chances to give these crops an early start, are easier to grow in the fall. Head lettuce will make heads instead of going to seed. All crops have a much longer season of harvest than in the spring, thanks to cooler weather and more moisture.

Seeds cannot be started in hot, dry weather by the simple methods which are effective in the spring. Heat alone would speed germination in most cases, but it dries out the soil in which the seeds lie, and may form a crust over them, so that even if they sprout, they cannot make their way to the surface.

Wherever there is clay in the soil this crusting is probable; but it can be overcome, and moisture sufficient for the needs of seeds and seedling plants can be supplied.

The first step is to prepare a special soil with which to cover the seeds. This should contain no clay, but sand and organic matter, such as peat moss, or compost. The drill in which seeds are sown should be much deeper than in the spring, to bring the seeds closer to the deep soil moisture. Fill the drill with water several times, so that the soil is soaked, and on this wet soil the seed should be sown.

Cover it with the specially prepared soil and soak the covering soil. It will be necessary to keep this soil damp until the seeds sprout, but if sufficient peat moss has been used, it will hold moisture well. When the seeds sprout there will be no hard crust to keep the infant plant from emerging to the sunlight.

Young plants will need regular watering until their roots grow deep enough to reach moisture, and by this time nights should be cooler and rains more frequent. Thinning out should be done early, to reduce competition between plants.

Varieties to be sown for fall harvest should mature in 60-70 days unless they are frost resistant. In selecting them figure that maturity will be slowed down somewhat by hot, dry weather during their infancy.

Plant food should be supplied when seeds are sown, just as in the spring. About half the quantity used in the spring will be sufficient if the soil received a spring application.

Soluble plant food can be dissolved in the water which is used to soak the drill in advance of sowing. This will act as a starter

solution, helping the young plants in their initial growth. Be careful not to use too much, following exactly the instructions given by the manufacturer for starter solutions. The usual amount is one level tablespoonful to a gallon of water.

Care of late sown crops after they attain vigorous growth will be less than in the spring, because fewer weeds grow in the fall, and cultivation need not be as frequent.

Plymouth Day Set For "Cinerama"

"This Is Cinerama," the new dimensional motion-picture entertainment now in its record breaking run of 69 weeks of exhibition at the Music Hall in Detroit, has announced that July 25 would be known as Plymouth Day at that theatre.

Frank Upton, managing director of the Music Hall, stated that blocks of the best seats in the theatre would be reserved for residents of Plymouth who would be attending the three performances on that day.

The matinee starts at 2 p.m. with a special performance at 5 p.m. and the evening show at 8:40 p.m. Inasmuch as all seats are reserved, an advertisement containing a coupon appeared in this edition of the Plymouth Mail and another will run in next Thursday's edition. All reservations must be in to the Music Hall box office not later than Tuesday, July 20.

More than 950,000 persons have seen the entertainment since it began its epochal run in March 1953, which has established a record for length of run for any type of entertainment in Michigan's history.

Charles Kolak Attends U-M Summer Camp

Charles W. Kolak of 47035 North Territorial road will be among the 100 University of Michigan students and recent high school graduates who have traveled west for the summer session at Camp Davis, Jackson, Wyoming. The camp is one of eight put on each summer by the university.

Required of the U-M civil engineering students, the camp was opened last year to outstanding recent high school graduates on a special program to assist the Michigan State Highway Department in encouraging young men to enter civil engineering. The camp offers an eight week course in geology and surveying for the University students and a course in fundamental surveying for the younger men.

During their one required session, the University students spend half of their day in the field, mapping and surveying and the other half in the classroom on the base. Traveling in small groups, they study topography and rock formations in the surrounding area taking several long distance trips to national parks to further their practical study.

Navy Bridegroom—With all my worldly goods, I thee endow.
His Father—There goes his seabag and fountain pen!

TOO REAL
Two men, strangers to each other, happened to be wandering farther and farther down the darkening corridors of an ancient picture gallery. One of them shivering slightly, said:
"Rather spooky, isn't it?"
"Do you believe in ghosts?" asked the other.
"No," said the first speaker, "do you?"
"Yes," said the other—and vanished.

★ ★ OFFICIAL PROCEEDINGS OF THE CITY COMMISSION ★ ★

Monday, June 21, 1954

A regular meeting of the City Commission was held in the Commission Chambers of the City Hall on Monday, June 21, 1954 at 7:30 p.m.

Present: Comms. Bauer, Hammond, Henry, Terry, Tibbitts and Mayor Daane.

Absent: Comm. Fisher. Since Comm. Fisher was absent because of illness, his absence was excused by the commission. Moved by Comm. Hammond and supported by Comm. Bauer that the minutes of the regular meeting of June 7, 1954 be approved as presented.

Carried unanimously. Chairman Strong of the Planning Commission reported on re-arrangement of area north of Goldsmith from Arthur Street to Ann Street.

The City Manager presented a tabulation of bids for a deep well turbine pump with the recommendation of the Consulting Engineers that the bid of William A. DaLee be accepted.

Moved by Comm. Terry and supported by Comm. Tibbitts that the bid of William A. DaLee, in the amount of \$968.00, for a deep well turbine pump be accepted. Carried unanimously.

Mayor Daane opened public hearings on Projects 50-2-107 to 50-2-118, both inclusive.

A hearing was held on Project 50-2-107, William Street curb, gutter and pavement, Arthur Street to Evergreen. Two written objections were presented. Present at the hearing, objecting to the project, were Mr. and Mrs. A. E. Vallier, Mr. John McAllister and Mr. Fred Ebert. Mr. Sidney Strong favored the project.

A hearing was held on Project 50-2-108, Junction Avenue water main from Lena to Sheldon Road. No interested parties were present.

A hearing was held on Project 50-2-109, Liberty Street Storm Sewer, Starkweather to Amelia. Mrs. Forest Smith, Mrs. Walter Smith, Mrs. Fred Clement, Mrs. Rudliff and Mrs. Kenneth Failing inquired as to their assessments and voiced no objections.

A hearing was held on Project 50-2-110, Liberty Street curb, gutter and pavement, Starkweather to Amelia, with the same people present and voicing no objections.

A hearing was held on Project 50-2-111, Pearl Street Storm Sewer and pavement, Starkweather to Mill. There were no objections.

A hearing was held on Project 50-2-112, S. Holbrook water main, Union to Parkview Drive. Mr. Bellingall and Mr. Wheeler, representing Mrs. Kenyon Olds, favored the project. Mr. Paul Olds voiced objections.

A hearing was held on Project 50-2-113, S. Holbrook sanitary sewer, Union to Park Drive, and Park Drive sanitary relief sewer. Mr. Olds again voiced his objections.

A hearing was held on Project 50-2-114, N. Holbrook storm sewer, Plymouth Road to C & O R. R. There were no objections.

A hearing was held on Project 50-2-115, Arthur Street curb, gutter, pavement and sidewalk, Junction to C & O R. R. Mrs. Wm. Moore and Mr. Dooley favored the improvement. Mr. Ralph Knupp objected to paving north of Goldsmith.

A hearing was held on Herald Street water main, Brush to Wing, Project 50-2-116. There were no objections.

A hearing was held on Project 50-2-117, Ross Street curb, gutter and storm sewer, Harvey to Lincoln. There were no objections.

A hearing was held on Project 50-2-118, Junction Avenue sanitary sewer, Sunset Street to Auburn Avenue. There were no objections.

The Clerk read a communication from Mrs. Nina E. Blunk relative to the William Street curb, gutter and paving. In the minutes, which may be inspected in the office of the City Clerk, lengthy resolutions appear determining to proceed with the following projects:

Project 50-2-108 — Junction Avenue water main from Lena to Sheldon Rd.
Project 50-2-109 — Liberty Street Storm Sewer, Starkweather to Amelia.
Project 50-2-110 — Liberty Street curb, gutter and pavement, S. Starkweather to Amelia.
Project 50-2-111 — Pearl Street

that the projects have been authorized and will be completed. The following resolution was offered by Comm. Bauer and supported by Comm. Hammond:

WHEREAS, the County Librarian, by letter dated May 11, 1954, addressed to the Mayor and Commissioners, City of Plymouth, advised that the Wayne County Board of Supervisors, on October 27, 1953, adopted a report and a resolution requiring all communities served by the Wayne County Library to share in the costs of providing library service to their own residents, and

WHEREAS, the Commission has duly considered said report and resolution which requires such costs, beginning December 1, 1954, be met by the various communities according to the formula established by said resolution,

NOW THEREFORE BE IT RESOLVED, that the City of Plymouth hereby agrees to assume its proper share of the costs of providing library service to its residents beginning December 1, 1954, for a period of one year and/or until further action by the Commission.

BE IT FURTHER RESOLVED, that the budget for the fiscal year, 1955-1956, make provision for the above costs and that a tax be levied therefor under and by virtue of the provisions of the county library law, Act 138 P. A. 1917, as amended by Act 249 P. A. 1931; Act 113 P. A. 1937 and Act 206 P. A. 1943 (Secs. 397-301-397-305 C. L. 1948).

BE IT FURTHER RESOLVED, that the City Clerk forward a certified copy hereof to the Wayne County Public Library Board.

New, bigger load space! New, lower loading height!

New Chevrolet Trucks... do more work per day... more work per dollar!

You save on operating costs. High-compression power in every model saves you money every mile! The "Thriftmaster 235" engine, the "Loadmaster 235," and the "Jobmaster 261" (optional on 2-ton models at extra cost), deliver increased horsepower and operating economy, both.

You save extra trips. That's because of the extra load space you get. New pickup bodies are deeper... new stake and platform bodies are wider and longer. Also, they're set lower to the ground to make loading and unloading faster and easier.

You save time on deliveries. With new truck Hydra-Matic transmission, you save valuable time at every delivery stop. And you can forget about clutching and shifting! This proved automatic transmission is optional at extra cost on 1/2-, 3/4- and 1-ton models.

You save with lower upkeep, too. New chassis strength saves you money on maintenance. For example, there are heavier axle shafts in two-ton models... bigger clutches in light- and heavy-duty models... stronger frames in all models.

You save hours on the road. Thanks to new high-compression engine power, you can maintain faster schedules without driving at higher maximum road speeds. Increased acceleration and hill-climbing ability let you save time where it counts!

And your savings start the day you buy. Chevrolet, you know, is America's lowest-priced line of trucks. And it's also the truck that has a traditionally higher trade-in value.

Come in and see all the wonderful new things you get in America's number one truck. We'll be glad to give you all the money-saving facts.

MEN IN SERVICE

Melvin Schultz
 Second Lieutenant Melvin Schultz, son of Mr. and Mrs. August Schultz of Hanford road, was ordered to report to Fort Benning, Georgia for a basic officer's training course on July 19. Lieutenant Schultz was graduated from Plymouth high school in 1950 and from Michigan State college in 1954.

William Weber

Private William J. Weber, son of Mr. and Mrs. Ben Weber, 1095 York street, Plymouth is nearing completion of basic infantry training at Fort Leonard Wood with a unit of the 6th Armored Division.

After induction into the Army at his home station, Private Weber processed through the 5045th ASU Reception Station at Fort Leonard Wood, where he received his initial Army clothing, and took the basic qualification and aptitude tests to determine his assignment in the Army after completion of basic training.

In the first eight weeks, he is being taught the basic elements of military life, how to defend himself individually and with a unit, how to live with other soldiers, basic infantry techniques, and other fundamental facts important to his success in the military service.

Upon completion of the eight-week infantry cycle here with the famed "Super Sixth," he will receive a leave before beginning eight weeks of advance basic training, either at Fort Leonard Wood or another training installation.

Sgt. Paul Horie Serves In Detroit With Anti-Aircraft Unit

Sergeant Paul O. Horie, son of Mr. and Mrs. William Horie, 15940 Middlebelt, Livonia, is serving with the 99th Anti-Aircraft Artillery Gun Battalion in Detroit, Michigan.

A supply sergeant in the battalion, Horie entered the Army in February 1953 and was stationed at Fort Riley, Kansas, before his present assignment. He attended Bentley high school.

Senator Byrd is doing one of the biggest jobs in the country, and with scarcely any aid from any one. He is worrying about the national debt. — Cincinnati Enquirer.

GIRL SCOUTS volunteer their services regularly to assist with the crippled children's Day Camp. The three youngsters shown here are being helped by (from left) Mary Jane Readman, Troop 14, Plymouth; Jane Hardiman, Troop 5, Plymouth; and Donna Whittington of Livonia. The two boys work on a board placed on their wheelchairs while the crippled girl manages to get about on crutches.

Crippled Children of 14 Communities Attending Day Camp Activities Here

Day camp for crippled children from 14 Wayne county communities opened last week near Plymouth and once again the work of many organizations and individuals promises to make this summer another happy one for the disabled youngsters.

Sixty-five children from the ages of four to 14 and 29 teen-agers from 15 years on up are being offered the helping hand by the Wayne Out-County Chapter of the Michigan Society of Crippled Children and Adults.

The day camp is located at the Girl Scout cabin, south of Plymouth road near the Burroughs corporation plant. Mrs. Herma Taylor, executive secretary of the Wayne Out-County chapter, heads the summer program.

But the camp is hardly a one-person operation. Dozens of people lend their services to keep the children busy throughout the day. Girl Scouts and Boy Scouts are some of the most frequent helpers. There are also several women who serve in a supervisory capacity. Service and fraternal organizations, church groups and individuals also make it an annual project to help the camp.

Monday through Thursday are the days for the younger groups. The older group comes every other Friday and a newly-formed adult group will also come every other Friday.

Children attend the camp from Allen Park, Flat Rock, Lincoln Park, Melvindale, River Rouge, Taylor township, Wayne, Dearborn, Dearborn township, Hamtramck, Livonia, Wyandotte, Garden City and Plymouth.

The youngsters start the day with a pledge to the flag and a prayer. A song period follows and this leads to a handicraft hour. Then it's time for lunch and the children eat the sandwich they bring, along with other food supplied by the chapter. A rest period follows the lunch. Usually

delightful visitor. Plymouth Girl Scouts perform dances and some local service clubs also give programs.

The afternoon also includes a game period. Playing ball while in wheelchairs or playing musical wheelchairs are two of the favorites.

Santa Claus will make a visit to the camp sometime this month. The children will actually trim a Christmas tree and will send packages of candy to a similar camp.

Children attending the camp are only the most severely orthopedically handicapped of the crippled children. Between a third and a half of the groups are confined to wheelchairs. It is the money donated through the Easter Seal campaign which operates the camp.

The highlight of the day is the afternoon special event.

Some days the special event consists of movies, or an amateur show, or visits from celebrities such as Auntie Dee, or famous baseball players. Pony rides come once each summer and are undoubtedly one of the most popular of special events. Another is the visit by the Plymouth and Plymouth township fire departments. The children climb over the trucks and are given an opportunity to handle the hoses with water. A magician is also a

HE ASKED FOR IT

One night a "sob speaker," with tears streaming down his cheeks and his face distorted with anguish, was telling an audience how his little Sarah Ann went home to the angels with her doggie clasped tightly in her arms. "Oh, Lord," he sobbed, arms raised to heaven in agonizing supplication. "Oh, Lord, why couldn't you have taken me instead?"

From the rear of the hall came an eager cry, "It ain't too late, Lord; do it now."

BE CAREFUL WHEN PASSING SEVERAL CARS

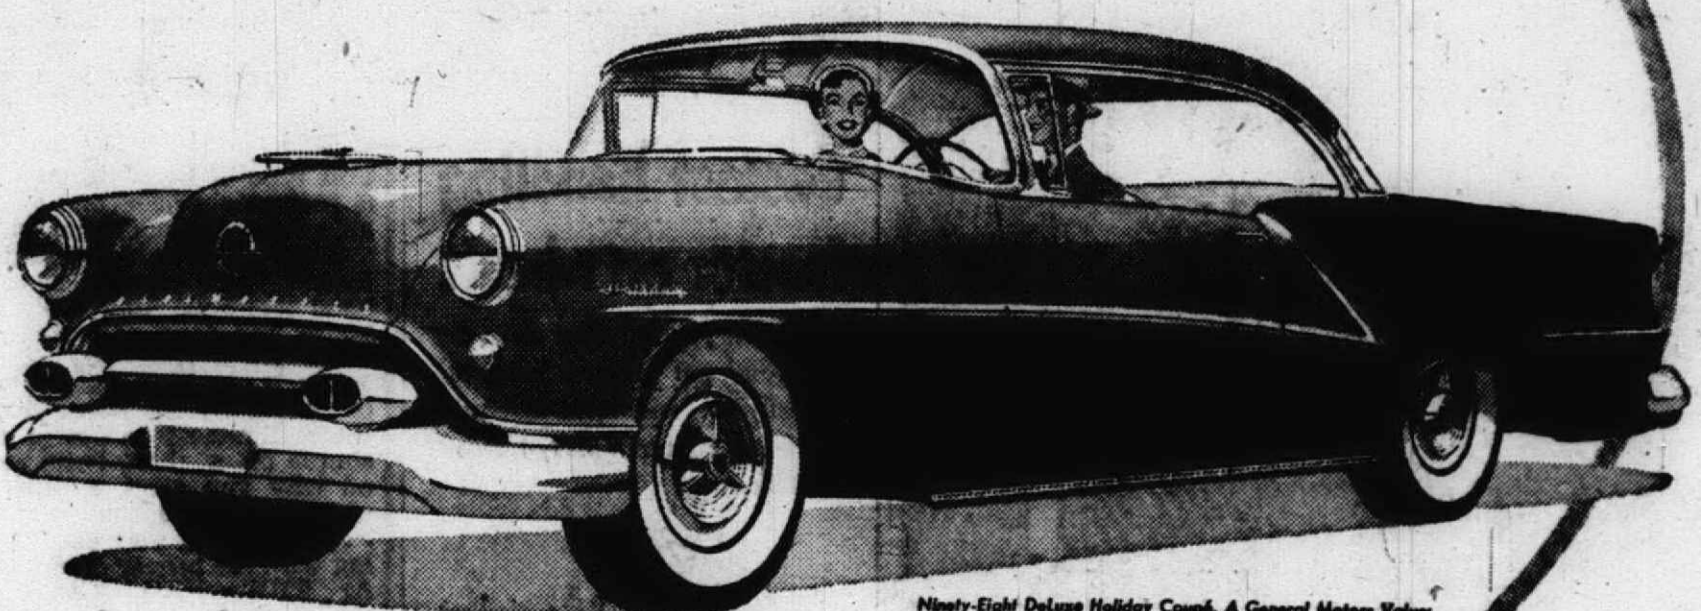

Passing several cars in succession is like trying to jump a mud puddle which may be too big for one jump. Getting a little wet is nothing compared to getting caught by an oncoming car before you complete the pass.

In addition to the triple distance you have to go before you can get back on the safe side of the road there is still another hazard. Any one of the first two drivers ahead of you may also want to pass the car ahead — and pull out right in front of you.

So think twice before passing several cars at a time. When you do, be sure you have plenty of clear distance ahead and use your horn vigorously.

U-M Doctor Sees Ultimate Victory In War on Polio

"I cannot help but feel that within the foreseeable future, poliomyelitis will become as rare as small pox and the plague," said Dr. David G. Dickinson, Director of the University of Michigan's Respirator Center.

Decisive scientific evaluation of the polio vaccine now under way at the University at the Polio Evaluation Center will not be available until sometime in 1955.

Yet Dr. Dickinson strongly feels that two campaigns in the battle against the disease have been won. Now there is a vaccine, and now parents can be reasonably certain that it is a safe vaccine.

On the matter of safety, Dr. Dickinson said: "It would seem that, properly administered, the Salk vaccine must be far more safe than many medicines casually consumed by the barrellful every day by the American public."

In all some 1 1/2 million separate injections of the vaccine itself have been given. And, declared, Dr. Dickinson, "There has not been a single report of serious reaction."

When the day of relief comes—and the doctor warns that it may still be several years before polio can be expected to disappear—mankind will be able to read the chapter on polio with great pride.

Although at present only a few research laboratories are set up to grow viruses in the test tubes, Dr. Dickinson feels that within a few years it should be possible to be tested for susceptibility to polio nearly as quickly and inexpensively as one can now get a blood test.

All in all, the U-M polio specialist feels that although the new vaccine's effectiveness can only be gauged by its ability to prevent paralysis, "Never before in medical history has a new vaccine been introduced with so much evidence that it should be successful."

Name Beyer's To International Roll of Honor

Beyer Rexall Drugs has been named to the International Rexall Roll of Honor, according to information received today by Robert Beyer, owner.

The citation, made for leadership in merchandising, is designed to stimulate Rexall druggists to provide more efficient service to their patrons.

It is symbolized by distinctive lapel and store window insignia, issued to recipients of the award, and by publication of the names of Honor Roll stores in a special booklet distributed annually to all Rexall druggists in the United States and Canada.

The honor is awarded by the International Association of Rexall clubs, representing 11,500 independent druggists who are authorized agents for Rexall products in Canadian and United States communities.

This is the second award which Beyer has received for outstanding efficiency and public service during 1953. An earlier award qualified the store as a member of the Rexall Golden Anniversary club, comprising Rexall stores that distinguished themselves during the 50th anniversary year of the founding of Rexall Drug company.

May Traffic Deaths Show Increase As Number of Accidents Decline

The downward trend in Michigan traffic accident fatalities that prevailed in January, March and April was halted again when 152 persons were killed during May, according to the monthly statistical report of the State Police.

The figure represented an increase of 18, or 13 per cent, over the same period last year, and was the highest reported for the month of May since 1941, when 193 persons lost their lives.

Injuries during May amounted to 4,777, or 10 per cent below 5,304 in May of last year. Accidents were down 11 per cent from 16,092 to 14,258. Urban areas accounted for a substantial reduction in both injuries and accidents.

During the first five months of this year, 622 persons have been killed and 20,534 injured in 74,426 accidents. Compared to the same period last year, deaths were down 36, or five per cent, and injuries decreased 734, or three per cent. Reported accidents increased three per cent.

Estimated mileage for the first four months of 1954, the latest figures available, was 8.2 billion, an increase of four per cent over 7.8 billion in the same period last year. The death rate of 5.7 for each 100 million miles of travel showed a reduction of 15 per cent.

OUTDOOR NOTES

From The MICHIGAN DEPARTMENT OF CONSERVATION

The conservation department's film loan section is well on its way to another year of record use, Clare J. Tinker, in charge of the section, reports.

Each year, the public makes more extensive use of the loan service, and since its beginnings in 1929, "many millions" of persons have seen department films, Tinker says.

The films cover a variety of conservation subjects and are loaned free to schools, service groups, sportsmen's clubs, churches and others. Any organized group may borrow the films and the only cost to the user is postage.

This year's loans and attendance promise to top the old record by a wide margin.

In the last nine months, more than 3300 loans were made and 436,000 persons viewed the screenings.

From 65 to 70 per cent of the loans go to schools. Ten per cent go to service groups, eight per cent to sportsmen's clubs and the remainder to a miscellaneous group of users.

At present, 34 films are listed in the department catalog as available to the public. All but four of these are sound films and all but seven are in color.

Also, announcement and publication of a new film on Michigan's deer problems is expected shortly.

Tinker says a film on Michigan wildflowers is being edited, too, though publication is not expected before fall.

The shortest film in the present catalog lasts 10 minutes and the longest runs 35 minutes with the average about 18 minutes.

A new film catalog will be published in August; persons who request the catalog now will receive their copy as soon as available.

A courageous hen pheasant put

on an unusual show for two weeks and showed the men she was willing to sacrifice herself for her brood.

Ralph Bailey and Howard Green, Jackson area game workers, report they were making a routine check on the Sharonville state game area southeast of Jackson when their progress through a field was blocked by an irate hen pheasant.

Unlike most hen pheasants, who desert their young when humans approach, this mother made it plain she wanted no interference from humans.

The hen placed herself between brood and human intruders and started war maneuvers. Repeatedly, she dashed at their legs, thumped her ruffled wings and squawked loudly.

Bailey and Green could see the brood was just in the process of hatching; some chicks already were out of their shells, others were not.

The two conservation workers made a wide and cautious detour before going on their way. The hen watched suspiciously until the two were out of sight.

State game workers admit they are stumped for an answer

to the question: "How come all the white-tailed squirrels in parts of southern Michigan?"

The conservation department has received reports from a number of cities that young fox squirrels have been seen with white tails, paws or nose-spots. Apart from the touches of white, the animals appear otherwise normal in color and behavior.

The mottled squirrels have been reported from Lansing, East Lansing, Potterville, Charlotte, Hastings, Lyons, Greenville, Hudsonville and Grand Rapids.

Progress! State fish workers formerly found it a tough chore getting eggs for hatchery cultivation from large captive trout.

The big fish thrashed about while workers removed the eggs into containers. Often, the parent fish injured itself seriously.

Now, however, state workers merely add anesthetic to the water, the fish become drowsy and fish and eggs are separated without difficulty.

The nearer we come to great men the more clearly we see that they are only men.

It's a good bet that the most treasured pictures in the average photo album are those featuring babies. The small fry aren't always willing subjects but, properly approached and handled, they provide perfect material for many sparkling shots.

Holding a youngster's attention is a fleeting proposition at best, so advance planning is a big aid. Young faces don't offer the character lines found in more mature mugs such as ours, thus you should strive for a true recording of highlights and flesh tones. A close-up lens, which allows you to work at practically nose-rubbing distance, is a great aid in capturing expressive detail. This type of lens, incidentally, is modestly priced and available for any model camera.

Some housewives keep a loaded flash camera near at hand while working about the house and take advantage of shots when the opportunity arises. If you have the patience of an elderly St. Bernard and the willingness to lay a few simple plans, there is no reason why you can't receive for many enjoyable baby pictures... providing you are working with the proper equipment. At THE PHOTOGRAPHIC CENTER we'll be happy to help you make your selection. Come in and look over our complete line of cameras and supplies. Take advantage of our high quality photo finishing for prints that will always be cherished.

HAVE you been thinking you can't afford a new Buick? Listen:

If you can afford any new car, you can afford a Buick—and we boldly show our price here to prove it.

Look again, and you'll see that this is the local delivered price of the new Buick SPECIAL 2-door, 6-passenger Sedan. Compare, and you'll learn that this price is just a few dollars away from those of the so-called "low-price three."

But—dig a little deeper if you want the real clincher. That's when you find that those few dollars more you pay for a Buick buy you a lot more automobile.

They buy a whale of a lot more power—Buick V8 power—plus the new economy of Power-Head combustion.

They buy a lot more luxury and comfort and solidity—more room, more glass area, more frame strength, more tread width, more ride steadiness—including the million dollar "feel" of all-coil springing and torque-tube stability.

They buy, too, the most advanced styling of the times, and the great panoramic windshield, and the surety that such fresh-
