

Two City Commissioners Resign

Health Retires Fisher; Tibbitts Moves from City

Resignations from the Plymouth city commission were submitted by Henry Fisher and Floyd Tibbitts at Monday night's meeting of the legislative body.

Fisher, a veteran Plymouth public official, is resigning due to ill health. Tibbitts, the city's mayor during 1951 and 1952, is moving outside the city limits which disqualifies him as a commissioner.

Letters Occupy Most of City Commission Time

City commissioners devoted most of their hour and 45 minute meeting of Monday night to reading and discussing letters addressed to them—two of which objected to their decision at a recent meeting to purchase a Catapillar tractor.

At a special meeting July 9, commissioners purchased some \$34,000 worth of motorized equipment, including a crawler tractor for use at the city's new "land fill" garbage disposal site.

The Detroit firm offered a bid of \$11,000 for a Catapillar tractor, the highest bid of the five. The commission purchased the Catapillar after it was shown that it was the lowest bid when figuring the cost per pound.

Other commissioners argued that the weight indicated more sturdy tractor and more ability to pack the ground.

Two local employees of the Detroit Diesel division of General Motors wrote letters to the commission objecting to the purchase. (Engines manufactured by Detroit Diesel are used by the firms who offered competitive bids, but not by the Catapillar Tractor company.)

Robert Lorenz was installed as grand knight at a meeting of the Knights of Columbus on July 12, 1954. Others invested at this time were, Larry Zielasko, deputy grand knight; Foster Kisabeth, chancellor; Jim McGraw, warden; Barney Bach, recorder; Gordon Nulty, treasurer; Charles Batts, advocate; Tom Mathews, inside guard; Joe Kirkey, outside guard; Jack Gilles, Jr., trustee.

They also claimed that the Catapillar company was able to demonstrate its product to the commission but the other companies were not. A long list of prominent companies using diesel engines was given by the writers. Commissioner Bauer again of-

Township Has Costliest Fire of Year

Plymouth township suffered its biggest fire loss of the year last Friday when a combination barn and workshop on the farm of Derward Jewell, 39849 Ann Arbor road, was destroyed.

Fire Chief Bud Holmes unofficially estimates the loss "as much as \$10,000." Cause of the blast blaze was believed to have been spontaneous combustion.

It was about 11:15 a.m. Friday that several members of the Jewell family noted sudden bursts of smoke and flame from the concrete block building which sets 100 feet behind the house. Straw and hay, enough to make between 700 and 800 bales, was stored in the loft of the building while the main floor was used for Mr. Jewell's plumbing business.

A large supply of plumbing fittings and tools figured in the high loss. About 20 minutes after the fire started, the loft floor burned through and the tons of hay and straw poured down on the plumbing stock. The building was also used to stable several horses and ponies but none of the animals were in the building at the time.

A brick two-car garage attached to the front of the building was saved. Large crowds of spectators were attracted to the fire as smoke rose high into the air. The straw and hay smoldered throughout the day and firemen returned periodically to check for an outcropping of flames.

Although insurance inspectors have not yet placed their estimate on the loss, the fire chief estimated it would run around \$10,000, making it the biggest township loss this year.

(Pictures of the fire are found on page five.)

Knights of Columbus Install New Officers

Robert Lorenz was installed as grand knight at a meeting of the Knights of Columbus on July 12, 1954. Others invested at this time were, Larry Zielasko, deputy grand knight; Foster Kisabeth, chancellor; Jim McGraw, warden; Barney Bach, recorder; Gordon Nulty, treasurer; Charles Batts, advocate; Tom Mathews, inside guard; Joe Kirkey, outside guard; Jack Gilles, Jr., trustee.

Safety Award Given City for Sixth Year

Plymouth was presented with an excellence award for pedestrian safety for 1953 by the American Automobile Association, its sixth successive award.

L. B. Rice, manager of the local AAA office, made the presentation to City Manager Albert Glasford. There have been no pedestrian deaths in Plymouth since 1947. The award read:

"For excellence of Pedestrian record, Plymouth, Michigan is commended for its outstanding record of no pedestrian deaths during 1953 as reported in the AAA National Pedestrian Protection contest." The award was signed by Ralph Thomas, national president, and E. S. Matteson, head of the Michigan AAA.

Absentee Ballots Ready as Primary Election Nears

With primary election day looming only 12 days away, it is now time for those not planning to be here on August 3 to make application for their absentee ballots, clerks of Plymouth and Plymouth township said this week.

Norman Miller, clerk of the township, and Lamont BeGole, city clerk, received the absentee ballots this week. Any registered voter not planning to be in the area during the day can either secure the ballots by mail or at the clerks' offices.

By going to the office of a clerk, the voter can make application and vote immediately. If not now in the area and not being able to travel to the clerk's office, the voter should submit a ballot request along with his reason why not being able to vote in

Who's running in the primary election of August 3? What special issues can Plymouth and Plymouth township voters expect to find when they enter the voting booth? The Mail will publish a complete run-down on the ballot in next week's issue.

person, his address, precinct number (if within the city) and signature.

The August 3 election will be the first party election in Plymouth city or township this year. There have been two school elections, one of them a vote on a four-mill levy increase and the other to elect two trustees to the Plymouth Township Board of Education.

Voters in the state-wide election will select the candidates in their respective parties for the November general election. A number of judgeships will also be decided in the primary.

Township to Vote On Millage Hike

Plymouth township voters will decide on the financing of \$103,000 worth of bonds at the August 3 primary election—bonds which will pay for the "at-large" share of the Middle Rouge Interceptor drain.

Township Supervisor Roy Lindsay explained that the township stands to save between \$30,000 and \$35,000 if the proposal succeeds. The \$3,795,000 drain system is already partially completed and will cost township tax payers over \$200,000.

Of this amount, 45 per cent must be paid "at-large" and 55 per cent by direct assessment. To finance the "at-large" portion of

Proposed Zoning For Industry Gets Objections

Protests against the proposed re-zoning of six and a half residential lots to allow for the development of manufacturing were heard at a meeting of the Plymouth planning commission Thursday night.

Five persons jointly owning the lots petitioned the planning commission on June 17 to have the properties changed from the two-family residential classification to heavy manufacturing. The lots are located north of Liberty street and west of Starkweather avenue, abutting the C & O railroad.

Twenty-eight neighbors living on Liberty, Starkweather, Spring and Farmer streets signed a counter-petition to protest the proposed zoning change, because: "It is a residential neighborhood and we prefer it to remain as such; establishment of industrial plants would greatly depreciate the value of the residential area; noise, traffic, smoke, soot, dust and other disadvantages, if a manufacturing area were developed, would make our properties undesirable for residences."

"Traffic and trucks would make it unsafe for our children; and proposed paving for black-top on Liberty street, which has been passed, would not be sufficient for truck traffic."

Sixteen of the neighbors appeared at last Thursday's meeting to present the petition and verbally argue their objections. With three of the planners absent, however, the attending commissioners said they would postpone a decision until their next meeting.

The five persons petitioning for

Bargain Parking Meters Seldom Used

Want some all-day metered parking at half price? "We've got meters in the Central Parking lot which will give motorists up to 10 hours of parking for a quarter, but few people ever take advantage of them," Chief of Police Carl Greenlee pointed out this week.

The 10 meters affording this bargain are located at the southwest corner of the lot. Each nickle gives two hours of parking and the meters take up to five nickles or one quarter. Other meters in the lot cost five cents an hour.

Safe Crackers Try Plymouth Twice in Week

Safe crackings at two Plymouth township businesses and burglarizing of the Plymouth Elks club were among the crime reports investigated over the weekend by detectives of the Wayne county sheriff's department.

One safe breaking, that at the H. R. Penhale woodworking shop, 34681 Ann Arbor trail, was unsuccessful. But at Hillsdale Inn, Plymouth road, thieves pried open the safe for the second time in a month and took an estimated \$800 in cash. The previous theft, on June 11, resulted in a \$459 loss.

Detectives said that outside and office doors were pried open to gain entrance to the restaurant. The theft took place sometime early Saturday morning.

Early last Friday morning, an attempt was made to open the Penhale safe but the job was given up after considerable damage to the safe.

Though no arrests have been made in either of the safe cracking cases, two Plymouth men have been bound over to circuit court after admitting breaking into the Elks club on Ann Arbor road and taking about \$82 in change.

They are William R. McCants, 814 York street, and James F. Joyner, 40314 Joy road. Both are 50 years old. Detectives said that both men were out of work, have families and have no previous police record.

The theft took place at midnight Sunday. After breaking into the building, the pair broke open cigarette and shuffleboard machines and a juke box. Both have pleaded guilty to breaking and entering in the night time.

Police Step Up Traffic Ticketing

Traffic ticketing by Plymouth Police during the first six months of the year has shown a marked increase as compared to the same period a year ago, according to a report to the city commission by the police department.

There have been 1,460 traffic tickets issued in the first half of the year, the report indicates, as compared with 1,186 from January through June last year. Here is a breakdown on the work of the police for the comparative periods. The first figure is for 1954, the second figure is 1953:

Reckless driving, 37, 11; drunk driving, 16, 4; speeding, 86, 80; stop sign and red light violations, 48, 42; improper parking, 271, 448; miscellaneous, 58, 54. Breaking and entering, 8, 9; larceny, 34, 33; auto theft, 2, 3; prowler calls, 20, 18; doors found open, 190, 199; dog complaints, 60, 65; dogs killed, 60, 65; lodgers, 24, 20; miscellaneous complaints, 983, 1089; operators licenses issued, 614, 1039; chauffeur licenses issued, 131, 135; beginners licenses issued, 48, 33; and license change of address, 551, 411.

Realtor Quits

Giles Real Estate, active in the Plymouth housing scene for nearly two decades, has closed doors to its office on Fralick avenue.

Illness of the firm's owner and founder, Burton E. Giles, 208 Blunk, has forced the closing of the business which opened in May 1936. Mr. Giles went into the real estate business after serving as Plymouth's postmaster for 12 years.

Mr. Giles' son, Allan, has been operating the firm during his father's illness. There are no plans at present concerning the disposal of the Fralick avenue building and property.

"IT'S A DOGGONE SHAME the way things are going to the dogs around here," are the words probably being uttered by Rex as he surveys the damage to his home after last week's wind and rain storm. The dog and the demolished panel truck in the background belong to Mr. and Mrs. James Allen, 413 Maple. The uprooted tree crushed the truck and damaged another nearby car. Rex was not in his home when the tree crashed to the ground.

Severe Wind, Rain Storm Causes Extensive Damage

A torrential rain churned by high velocity winds swept through the city late Wednesday afternoon last week, bringing down trees and limbs, flooding streets and basements and sending the fire department into every section of the city to guard fallen power lines.

Plymouth seemed to be the hardest hit of all area communities, reports of electric and telephone companies indicated. The storm roared into the city at about 4:45 o'clock and it was all over in 15 minutes.

But in its wake were streets covered with limbs and fallen trees, a demolished truck, at least two damaged cars, some broken window panes and the disruption of telephone and electric service to several hundred homes.

The most serious single case of damage was to a 1950 panel truck which was parked behind the home of James Allen, 413 Maple avenue. The truck, used in the Allen's carpet cleaning business, was crushed by a huge tree of nearly two feet in diameter. A car parked in the driveway was also dented by heavy branches.

At 300 North Mill street, firemen were called when a power line fell on a car. Four holes were burned through the metal by the "hot" wire. It was only a few minutes after the storm started that the city hall switchboard was flooded with calls.

The fire siren was sounded when a Starkweather avenue

SELLING WINDSTORM insurance should have been a snap for the C. L. Finlan & Sons Insurance company with this kind of display to show the public. Limbs as big as most trees fell on and beside the insurance office during last week's storm. Water flooded the street and rolled up on the front lawn. The office is located at Ann Arbor trail and Forest avenue.

Dr. Peck Marks 50 Years in Local Practice

COUNTING OUT PILLS for one of his patients is Dr. Luther Peck. Dr. Peck prescribed his first pills for local residents 50 years ago, and he's still very active in his profession.

It was on August 1, 1904 that Dr. Luther Peck, without even a horse to call his own, set up his practice here and began curing the ills of Plymouth residents. Now, 50 years and 2,000 babies later, he's still one of the city's active physicians and expects to continue to be for many years to come.

In 50 years of practicing medicine in a small community Dr. Peck has seen a lot of changes. When he first started out he was the well-remembered horse and buggy doctor, and today a call of a few miles is no trick at all in his modern automobile. "Yes, times have changed," he mused.

But being a doctor in the early 1900's was no easy task. Dr. Peck started out to get his Bachelor of Science degree at the University of Maine, with his uncle's financial assistance. When his uncle died, however, Dr. Peck began earning his way by waiting on tables in the dormitory. Working as a waiter on shipboard off the coast of Maine during the summers also helped him finance his education.

Upon his graduation from the University of Maine Dr. Peck had intended studying medicine at Boston university, but a friend of the family induced him into attending the University of Michigan Medical School. While there he tutored in Greek and cut lawns to earn his room and board.

Following his graduation he took over an uncle's practice in the East for one month, while his uncle vacationed, and then came to Plymouth, where he has lived and worked ever since. In 1905 he married Elizabeth Thompson, a registered nurse, whom he met while serving his internship at the University hospital.

On first coming to Plymouth, young Dr. Peck located his office. Continued on Page 6

## 27th Annual Wagenschutz Reunion Held Sunday

The 27th annual Wagenschutz reunion was held Sunday, July 18, at the home of Mr. and Mrs. Harvey Wagenschutz of Livonia.

Following the family dinner, the business meeting took place. The meeting began with the pledge to the flag and the singing of America. Mrs. Arthur Marsh then conducted a memorial service in memory of Mrs. Edwin Wagenschutz of Kalkaska who passed away this year, also, of all the loved ones who are no longer with the family. There was one birth, that of Patricia Anne, daughter of Mr. and Mrs. Howard McLellan.

Among the 65 present were Mr. and Mrs. Howard McLellan, Mr. and Mrs. Donovan Hamilton, Mrs. Clifford Powell, Mr. and Mrs. Owen Partridge and family, Mr. and Mrs. Carl Wagenschutz and family, Donald Wagenschutz, Mr. and Mrs. Austin Partridge and family, Mrs. Gustie Wagenschutz, Mrs. Amelia Ford, Mrs. Gladys Johnson, Mrs. Ella Partridge, Mrs. Lucy Wagenschutz, Mr. and Mrs. Clarence Smith and family, Mr. and Mrs. Harvey Wagenschutz and family, Mr. and Mrs. Elmer Lindow and family, Mr. and Mrs. Henry Anthony and family, Ed Wagenschutz, Mr. and Mrs. Melburn Partridge, Mr. and Mrs. Clayton Meyers and family, Mr. and Mrs. Charles Wagenschutz, Mr. and Mrs. Archer Clark and family, Mr. and Mrs. George Ruttan and family, Mr. and Mrs. Arthur Marsh, Robert Wagenschutz and Linda, Mr. and Mrs. Ralph Wagenschutz and family, Mrs. Alice Krumm, and Grandma Krumm.

Next year's reunion is to be held at the home of Mr. and Mrs. Melburn Partridge of Tecumseh, Michigan.

Members of the board of directors and executive board of the Plymouth Business and Professional Women's club held a picnic meeting Monday at the home of Mrs. Bernice Crisp in Rosedale Gardens. Tentative plans for the coming year were outlined, and new committees were appointed.

Mr. and Mrs. James Allor of Haggerty road entertained Mr. and Mrs. Robert Foth at a dinner in honor of Mrs. Foth's birthday. The celebration took place Friday at the Allenel hotel in Ann Arbor.

## Local Farmers To Vote on Wheat Supports Friday

Farmers in wheat-growing areas all over the United States will be going to polls this Friday, July 23, to vote their choice on how wheat marketing should be handled in 1955. Polling place for local farmers will be the Canton Center hall, located on the Canton Center road near Cherryhill road.

Secretary of Agriculture Ezra Benson has called for the vote because wheat supplies are estimated now at 79 per cent of the need. Two-thirds of the voting farmers—anyone planning to have more than 15 acres of wheat to harvest in 1955—must approve marketing quotas to make them law.

County offices of the Agricultural Stabilization and Conservation program have set acreage allotments and marketing quotas for farmers on the basis of prorated national and state figures. If two-thirds of the farmers vote "yes" then marketing quotas will govern all farmers with more than 15 acres of wheat to harvest and cash penalties will be assessed on their "excess" wheat. Price supports at the national level will be available only to farmers who comply with their acreage allotments on wheat, any other crop allotments set up, and total acreage of crops set for their farms.

If more than one-third vote "no" there will be no marketing quotas and no cash penalties on "excess" wheat, and the price support level will be 50 per cent of parity. Acreage allotments will still hold—and farmers who grow an excess of wheat, or of other crops under allotment, will not be eligible for price supports. It will be a "free" market, otherwise.

Mr. and Mrs. Merle Rorabacher, Rocker drive, spent several days this week with Mrs. Rorabacher's brother and family, the Ford Beckers of Pittsford, Michigan. During their visit they were callers at the home of another brother and family, Mr. and Mrs. Paul Becker in Jerome.

## Sandnes - Wallace Vows Spoken

Mr. and Mrs. Walter Sandnes

Laverne Wallace and Walter Sandnes spoke their nuptial vows, Saturday, July 17, in a lovely eight o'clock candlelight ceremony in the Plymouth Assembly of God church. Laverne is the daughter of Mr. and Mrs. Joe Wallace of Joy road, and Mr. and Mrs. Ovald Sandnes of Farmington are the bridegroom's parents.

The wedding service was read by the Reverend John Walaskey before an altar graced with beauty vases of white gladioli and mums and palms. "I Love You Truly" and "Through the Years" were sung by the Reverend Norman Pearsall. The "Wedding March" by Wagner was played by Laura Puckett.

Given in marriage by her father, Laverne wore a gown of Chantilly lace over satin sweeping into a long train. The skirt featured two inserts of accordion pleated tulle, and a row of tiny buttons closed the back of the bodice. Her long sleeves ended in points at the wrists, and she wore three strands of pearls, a gift of the bridegroom. Her veil of illusion applied with Chantilly lace was caught up by a taria of seed pearls. Laverne carried a cascade bouquet of white rose buds, centered with an orchid.

The bride chose as her maid of honor Carol Schaufele who wore a strapless gown of lavender net and taffeta with a matching net jacket and mitts. Her costume was completed with a picture hat of net and taffeta, and she carried a semi-cascade bouquet of yellow carnations with white ribbon streamers.

The bridesmaids, Edith Reines and Joan Redd, wore strapless gowns of yellow and pale blue, respectively, with matching picture hats and mitts. Their bouquets were of pink carnations with white streamers.

Walter asked George Clifford to serve him as best man. Owen Mitchell and Richard Munro seated the guests.

Mrs. Wallace chose a gown of turquoise blue with a matching hat and white accessories for her daughter's wedding. Her corsage was a lavender orchid. The bridegroom's mother wore a dress of navy blue lace, complementing her costume with white accessories. She also wore an orchid corsage.

Following the ceremony a reception for 175 guests was held in the Newburg Methodist church hall.

For her wedding trip to Northern Michigan the new Mrs. Wallace wore a light blue summer suit with white accessories and the orchid from her bridal bouquet.

## SOCIAL NOTES

Mr. and Mrs. Wilbert Thompson of Haggerty road entertained the engineers and office staff, with their families, of the Taylor-Thompson Machinery company and Swift Electric Welder company of Detroit at a picnic at their home on July 17. About 60 guests attended the party and spent the afternoon swimming, playing badminton and softball.

Sixteen ladies from Detroit, Pontiac and Dearborn were guests at a terrace luncheon on July 14 given by Mrs. Wilbert Thompson at her home on Haggerty road. Afternoon devotions were led by Mrs. E. Brownfield and Mrs. S. W. Bale of Detroit.

Mrs. Blanche Johnson, 815 Church street, was honored Friday night at a birthday dinner given at her home by her son, Elmer Daniels, and family from Ann Arbor.

Little Sandra Reber, daughter of Mr. and Mrs. Edwin Reber, Auburn avenue, celebrated her sixth birthday, July 14, by having several little friends in for the afternoon. Guests were Mary Sincock, Susan and Patty Donahue, Janet Coxford, Marcia Herter, Kathy Pankow and Susan Young. Games were played and refreshments served. On Wednesday evening the Rebers were joined by Mr. and Mrs. John Hawk, Mr. and Mrs. Lawrence Miller and daughter, and Mr. and Mrs. Elton Miller and son for further celebration of the birthday.

The Reverend and Mrs. E. B. Jones are spending a weeks vacation at Lupton, Michigan. Before returning to Plymouth they will motor east for a visit in Pennsylvania.

Mr. and Mrs. Vern Kelly and daughters Donna, Barbara and Ann, of Palmer avenue, have just returned from several days vacation at Houghton Lake.

The Robert Robertson's of Hartsough avenue are spending a 10 days vacation in Tennessee.

Mr. and Mrs. Gerald Elston and daughter Sheryl were hosts last Saturday evening at a picnic supper to Mr. and Mrs. Harold Elston of Bob Young's University and Mr. and Mrs. Darrell Koons of Albion.

Twenty-five ladies of the Riverside Park Church of God gathered at the home of Reverend and Mrs. E. B. Jones on Arthur street last Tuesday evening for their missionary meeting and surprise birthday party on Mrs. Jones. Presiding president was Mrs. Howard Harter; Mrs. Harold Shaw was in charge of devotions. Business matters were discussed and Mrs. Sterling Freyman gave a book review. Refreshments were served.

Mrs. Marian Finnegan of Main street and daughter, Ann, and Miss Alma Furman of Florida also plan to attend the Watchtower convention in Toronto.

Ann Hulsing, daughter of Mr. and Mrs. Kenneth Hulsing of Church street and Ann Louise Cooper, daughter of Mr. and Mrs. J. E. Cooper, of West Ann Arbor trail will leave Sunday for 11 days at Cedar Lake Girl Scout camp.

Miss Winifred Bartlett of Grand Rapids spent last Sunday with her brother, Wyman Bartlett of Blunk street.

Mr. and Mrs. Richard Gust and Mr. and Mrs. Perry Hix of Warren road returned from a trip last Friday around the northern part of the Lower Peninsula.

Mrs. Elmer Horvath and children left Sunday for a two weeks vacation in Hulbert, Michigan.

Mr. and Mrs. Ronny Caddy of Ann Arbor were visitors at the home of Mr. and Mrs. Wyman Bartlett.

Robert McAllister and his wife, Shirley, their three children and Margaret Schomberger journeyed to Ishpeming July 10 to attend the Michigan State Fire Chiefs Convention, where he served as president. The party had a cottage on Lake Michigan and returned to Plymouth on July 18.

Mrs. Mae Staats who has been a guest in the home of Mr. and Mrs. Albert Pint, Schoolcraft road, for the past two weeks left Sunday for her home in Des Moines, Iowa.

Mr. and Mrs. Harry Curtis of Franklin Hills and two grandsons from California were Sunday guests of Mr. and Mrs. Albert Pint.

Mr. and Mrs. James Honey of Adams street and daughter, Doris, as well as Miss Janetta Kemp of Livonia will attend the Watchtower convention in Toronto this week.

Tuesday out-of-town guests at the home of Mr. and Mrs. Mark Joy of Plymouth road were Mrs. Landon Stewart of Owosso, Roy and Adah Hodge of Owosso and Mr. and Mrs. S. Ostrander of Wayne. While in Plymouth, the Hodges also visited their relatives, the B. A. Hodges, in Robinson subdivision.

Mrs. Alex Balloch of Edison avenue left by plane for a week's vacation in Concord, New Hampshire.

Mr. and Mrs. Dennis Sabo and children, Douglas, Derrick and Davis, left Saturday for St. Louis, Missouri. They had been visiting the Karl H. Starkweathers as well as other relatives and friends in Plymouth for the past two weeks.

Mrs. Gladys Britt of Detroit spent Monday with Mr. and Mrs. Perry Hix of Warren road.

Mr. and Mrs. Kenneth Bartlett of Syracuse, New York visited the home of Kenneth's parents, the Wyman Bartletts of Blunk street. Other visitors at the Bartlett home on Blunk street were Mr. and Mrs. K. Vermet from Milan.

Mrs. Ann Nichol, 837 Church, was hostess at a birthday dinner last Saturday night at the Hillside Inn in honor of Mrs. Blanche Johnson, 815 Church street. Guests attending the celebration were Mrs. Sadie Goyer, Mrs. Mary Polly, Miss Regina Polly, Mrs. Louise January. Following the dinner, the party spent the remainder of the evening at the home of Mrs. Nichol.

## Band to March In Legion Parade

The Plymouth high school band has been invited by the local American Legion Post to participate at the annual state convention in Grand Rapids, Saturday. The band will lead the 17th District in the parade, marching in the second position of the line of march.

Robert Wilson, commander of the local post, was instrumental in getting the band into the parade. He also got approval of all the parents for the program, and arranged to have Legionnaires and Auxiliary members act as chaperones.

Approximately 60 boys and girls will board the buses at the high school at 7 a.m. and will arrive in Grand Rapids at 11 a.m. The youngsters will be served lunch at the Pantland hotel and then will take a brief sight-seeing tour of the city.

There will be about 35 bands in the parade in all, and the local bandmen will have the opportunity of watching the drill work of the famous Jackson Zouaves.

Attending the State Convention from the local Legion will be newly elected Commander Harry C. Burleson, Past Commander Robert Wilson; William Langmaid, present 17th District commander, and many other local Legionnaires.

## BIRTHS

Born to Mr. and Mrs. David Shipman, a daughter, Karen Lee, July 6th at Lansing, Michigan. Mrs. Shipman is the former Patricia Pine.

Mr. and Mrs. Terry Hitt, 1335 Sheridan avenue, are receiving congratulations on the arrival of a daughter, Terrilyn, on June 29 at the Garden City hospital. Mrs. Hitt is the former Madelyn Fedell.

Mr. and Mrs. Norman Keehl of Mercedes street, Redford Township, are receiving congratulations on the arrival of a daughter, Gwendolyn Marie, born July 4 at Sessions Hospital, Northville. She weighed in at 6 lbs. 14 ozs. Mrs. Keehl is the former Kathleen Johnston.

Born to Mr. and Mrs. Earl Hein of Chelsea, a daughter, Elaine Margaret, July 11 at the St. Joseph Hospital in Jackson. Mrs. Hein is the former Ruth Gottschalk.

Proud parents of a son, Andrew Roy, are Mr. and Mrs. Eldon McGee of Ann Arbor road. The baby was born July 1 at the University Hospital, Ann Arbor, weight 8 lbs. 3 1/2 oz.

## Three Recruiting Branches Set Up Plymouth Visits

An intensified search by the armed forces for recruits in the Plymouth area was started this week as the Air Force and Marine corps announced two-day week visits to the city and the Army began a drive for a squad of recruits from here.

Army Sergeant LeRoy Sipes, whose visits here come on Tuesday and Thursday, announced that a drive is on to obtain a squad of recruits from Plymouth. Anyone from the Army together under the buddy system to form a squad, he said. The squad would be inducted no later than July 28.

Men interested in certain fields, Sergeant Sipes added, such as engineers, signal corps or transportation, may enlist for four or six years.

Meanwhile, the Air Force and Marines have set up visiting schedules at city hall to talk with young men. Sergeant Archie Adams of the Air Force, aided by Sergeant Orson Deemer, will visit the city each Wednesday and Friday.

For those interested in the Marines, Sergeant David A. Segel will be at city hall each Tuesday and Thursday.

Each of the three recruiting branches has offices in Ann Arbor.

COMBUSTION OF STRAW and hay was believed to have started the fire which leveled the barn-workshop on the Derward Jewell farm, 39849 Ann Arbor road. The above photo shows the concrete block building after collapse of the roof.

PULLING DOWN THE WALLS of the building was necessary to reach the tons of burning hay and straw. The hay and straw were stored in a loft but fell on top of the plumbing supplies and shop on the main floor when the loft floor burned through.

**ELECT CHARLES WALKER STATE REPRESENTATIVE**

THIS IS WHAT HE STANDS FOR:

1. An improved marketing program to raise the income of Mich. farmers.
2. Improved unemployment insurance to sustain the purchasing power of industrial areas.
3. Improved workmen's compensation to maintain buying power of industrial accident victims.
4. Improve school tax procedures so our public school systems building program can progress.
5. Improve election laws by providing bi-partisan local boards and bi-partisan state boards of canvassers.
6. A permanent state commission on problems of the aging.
7. State government protection for utility rate payers.

**OBITUARY**

**Richard H. White**

Funeral services will be held Friday, July 23 at 2 p.m. from the Schrader Funeral home, Plymouth for Richard H. White who passed away early Wednesday morning, July 21. Mr. White was 80 years old. He was residing at the home of his daughter and son-in-law, William and Elizabeth Esch at 11636 Russell street, Plymouth.

Other survivors besides Mr. and Mrs. William Esch, are his stepdaughter, Mrs. Katherine Shoberg of Detroit; his two sisters, Mrs. Cora Blunk and Mrs. Dora Wagenschutz, both of Plymouth; also nine grandchildren and nine great grandchildren and other relatives. His wife, Mrs. Olive White preceded him in death on January 15, 1942; a daughter, Mrs. Myrte Bauman; and his three brothers, Arthur, Alfred and George White have all preceded him in death.

Mr. White is a retired farmer, formerly living in Livonia. For the past 13 years he has been a resident of Plymouth.

The Reverend Henry J. Walsh, D. D. will officiate. Hymns will be rendered by Nestor Sibbold, accompanied at the organ by Fred Nelson. Interment will be made in Riverside cemetery.

It would take 83 railroad hopper cars to carry the average-per-minute—5,000 tons—production of American bituminous coal mines.

**MEN IN SERVICE**

**Charles L. McQueen**

Charles L. McQueen, son of Mr. and Mrs. Raymond McQueen, 504 Willard road, is currently taking his basic training at Lackland Air Force Base at San Antonio, Texas. McQueen enlisted in the Air Corps in April, 1954. He had been a resident of Plymouth for three years prior to entering the service.

**Gerald R. Huber**

Gerald R. Huber, gunner's mate third class, USN, son of Mrs. H. P. Utter of 14633 Garland street, Plymouth, is making an around-the-world cruise aboard the Atlantic Fleet destroyer USS Bears.

The Bears is a unit of Destroyer Division 321 which left its homeport of Norfolk, Virginia, in April. The division entered the Pacific via the Panama Canal and after a two-day stopover in Balboa, Canal Zone, proceeded to San Diego, California. After a few days in San Diego, the Bears in company with other ships of the division got underway for Honolulu, Hawaii, and further routing to the Far East.

The division is scheduled to operate several months with UN's naval forces in the Far East. While in this area Bears will join with U. S. Pacific Fleet and allied navy units in security and readiness operations.

While in Japan the ships will visit Sasebo and Yokosuka.

After completing operational duty in the Far East the division will steam south to the equator for "crossing-the-line" ceremonies. The ships will then head homeward through the Indian Ocean and complete an around-the-world cruise enroute to Norfolk.

**James L. Owens**

Private First Class James L. Owens, son of Mrs. Minnie Owens, 784 Penn avenue, Plymouth, recently spent seven days in Japan on a rest and recuperation leave from Company B of the 10th Combat Engineer Battalion in Korea.

Available to Owens at Camp Hakata were recreational and sightseeing facilities giving him a fascinating glimpse of Oriental culture.

The 22-year-old Owens entered the Army during November 1952 and arrived overseas in June 1953.

**MYSTERIOUS ENDING**

Walter Tippy was amazed at the way the mystery he has been reading turned out, until he discovered that he had read up to page 123 in one book and finished the other 200 in another—The Columbia (S. C.) State.

**James H. Goodale Jr.**

Private James H. Goodale Jr. is now continuing his army career in the famed "All American" 82nd Airborne Division at Fort Bragg, North Carolina.

As a member of the 82nd, he will receive advanced training in military tactics, and participate in the training exercises and maneuvers held by the division throughout the year. Private Goodale is the son of Mr. James H. Goodale Sr. of 288 Blunk st., Plymouth. Private Goodale entered the army in January and received his basic training at Fort Knox, Kentucky.

Prior to entering the Armed Forces he attended Northville high school. He was formerly employed by Wayne County Parks and Consumers Power.

**Thomas H. Gavigan**

Private Thomas H. Gavigan, son of Mr. and Mrs. H. B. Gavigan, 1052 Harding street, Plymouth, has been selected to attend the 5th Armored Division clerk typist school.

During the eight-week course, he will receive instruction in typewriting, the Army filing system, publications, principles of military correspondence, personnel records and reports.

**Robert J. Levitt**

Robert J. Levitt, stationed in Mannheim, Germany, was recently promoted to the rank of captain in the armored branch. Captain Levitt is a veteran of World War II and the Korean conflict, and holds the distinguished flying cross, two bronze stars for heroism and the purple heart.

Captain Levitt is the husband of Joanne Gorton Levitt, formerly of Plymouth, now residing in Ann Arbor.

**NEW**

In Indiana an unidentified man who was felled by a motor car got up and streaked down a dark alley. The hit-and-run pedestrian, we believe is new.—Detroit News.

**Donald H. LaMay**

Yeoman first class Donald H. LaMay, who is stationed at the Jacksonville Navy Air Base in Jacksonville, Florida, is currently home on a 15-day furlough. Donald is the son of Mrs. Bertha LaMay of Adams street, Plymouth. Donald is accompanied by his wife, Marianna, of Fort Lauderdale.

IT RAINED ONLY 15 minutes on Wednesday of last week but the deluge backed up storm sewers in some sections of the city. Here, it turned a portion of South Main street in front of The Mail office into a canal. Note that water almost comes to the bumper of the car launching itself into the street. The water caused long lines of traffic but none of the cars was stalled.

**Letters Occupy**

Continued from Page 1

ferred his argument that the city had failed to write detailed specifications when advertising for bids.

After other commissioners again reviewed their argument in favoring the Catapillar and being informed that the tractor has already been delivered and is being used, the letters were filed.

The water supply problem cropped up once again. It was the Worden Specialty & Machine company, Northville road, who this week asked for increased water supplies. President Walter A. Smith wrote that additions are being made to the plant and that the size of the pipe should be increased from three-fourths inch to two inches. The water, he added, would be used for sanitary facilities and not for manufacturing.

But since the company is outside the city limits, city commissioners tabled the request until more adequate supplies are obtained. Previous out-of-city requests have been turned down except for a request at the last meeting from Plymouth Colony where water mains are already installed.

A third and final reading was given to an ordinance amendment which was needed to re-zone two areas. Both re-zoning requests were from residential to commercial classifications. One is east of South Main street (near Beglinger Oldsmobile) where lots are to be used for a super-market parking lot. The other is at the north end of Starkweather avenue near the bridge where the Railroad Express company wants to construct a new office.

Karl Starkweather, 711 Starkweather avenue, wrote a request concerning the proposed paving of Liberty street. The city had planned to remove the small park which divides the street west of Starkweather avenue. Mr. Starkweather, however, said that his

mother deeded land for the park to the city and that he could stand in the way of its removal. But he requested that the park be removed if five feet of the street is added to property on each side of the street. The city manager was instructed to work out a plan with Starkweather.

Commissioners accepted and filed a letter from the Plymouth Chamber of Commerce which officially informed them that the Chamber's Central Parking lot attendant plan has been abandoned. The attendant system was under a trial period not exceeding 90 days but was dropped last Thursday by a vote of merchants. The test lasted eight days.

A vote of commendation was given Police Captain Kenneth Fisher for his successful work in promoting the "Lite-A-Bike" campaign. Reflective tape was placed on most of the city's bicycles as night-time riding protection. Captain Fisher directed the campaign with the financial backing of a half dozen local organizations and spearheaded by the Kiwanis club.

Monday night's meeting was the shortest in a year.

**Severe Winds**

Continued from Page 1

the "hot" wires until repairs from the Detroit Edison company arrived.

There were 188 telephones put out of order in Plymouth, the Michigan Bell Telephone company reported. The disruption was centered in five cables. It was explained that the 97-degree temperature during the day, followed by a fast cooling off period, caused condensation to form inside the cables, thus shorting them out.

An untold number of homes were without electricity following the storm. A line break at Burroughs and Harding disrupted power in that area for three hours and 25 minutes. Power was off for an hour and a half in the Pearl street area, for three hours near Ann Arbor trail and Sheldon road, and up to six hours for some consumers on McClumpha road.

The usual complaint of storm sewers backing up into basements was heard. Main street in front of the Plymouth Mail office was turned into a small lake and caused long lines of traffic as the water rose to curbing height.

Vegetable and fruit growers feared the worst as some hail pelted down along with the rain, but it quickly subsided.

**Township to Vote**

Continued from Page 1

\$103,000, the township can, either pay it over a period of 15 years directly to the county at an interest rate of six per cent, or sell its own bonds at three per cent interest or less.

As Plymouth city and several other communities have already done, the township hopes to sell its own bonds to cut interest costs at least in half.

But to raise taxes to meet the yearly payments for the proposition, it is necessary that voters give their approval. Six-tenths of one mill (or 60 cents per \$1,000

valuation) is being asked. This is to continue 15 years.

The township's present total taxation of 32 mills goes to the schools. The tax limit by law is 50 mills.

Sharing in the Middle Rouge grain costs are Garden City, Livonia and Plymouth cities, Northville village and Canton, Dearborn, Nankin, Northville, Plymouth and Redford townships.

A sensible person is anyone who agrees with us.

**RESOLUTION**

WHEREAS, on August 1, 1954, Doctor Luther Peck will mark the fiftieth year of his practice of medicine in the City of Plymouth, Michigan, and WHEREAS, during his fifty years of service to his community, Doctor Peck has on many and numerous occasions at all hours of the night and day, regardless of his own comfort, convenience or safety, responded to the call of suffering humanity, and WHEREAS, by his prompt and diligent attention to the medical needs of his fellow citizens during his forty-five years as Health Officer of the City of Plymouth, by his over 20 years of service to the State as a member of the Michigan State Board of Registration, and by his service as a Commissioner of the City of Plymouth, he has demonstrated his whole-hearted interest in the well being of his State and City, and WHEREAS, the City of Plymouth and the citizens thereof, have during the fifty years of Doctor Peck's service received benefits for which no worldly repayment can ever be sufficient, and WHEREAS, this City Commission desires to attempt some expression of appreciation to Doctor Peck. NOW THEREFORE BE IT RESOLVED, that this commission does hereby commend and thank Doctor Peck for his fifty years of faithful medical service to this community, and in grateful appreciation for and in public recognition of his service, does hereby present to Luther Peck, M.D. a copy of this resolution under the Seal of the City of Plymouth, Michigan.

**Dr. Peck Marks**

Continued from Page 1

fices over the old Riggs store. He had two rooms, which wasn't bad, but the Businessmen's club was on the other side. Since the Businessmen's club was a place where the men relaxed at pool tables and played Pedro, the atmosphere was not exactly ideal for the new doctor. Anyway, Dr. Peck said, the entrance was right on the street, and in those days people were ashamed to be seen going into a doctor's office.

So he decided to purchase the little house on the corner of Ann Arbor trail and Deer street, at a cost of \$1,000. Having only \$10 in his pocket, this was no easy task. Finally through the help of a good friend, David Allen, the bank gave him a loan and he had himself a new office.

The struggling young physician also came to town without a horse. On getting numerous country calls, he had to rent horses from the local livery stable. Since the farmers never paid their bills until the fall when harvest came in, Dr. Peck found himself with quite a rental bill on his hands.

And that's how he came to own his first horse. One of his patients offered him anything on his farm in payment of the doctor bill, so Dr. Peck selected a young colt. The farmer not only broke the horse for him but threw in a gig too. So Dr. Peck then had himself a means of transportation for his country calls.

He recalled that many of the farmers paid the bills in produce. He was as likely to be offered 10 tons of hay in payment for his services as money.

Throughout the years, the doctor estimates that he has brought about 2,000 babies into the world. Many was the night he would be called out to attend an expectant mother, he said, and in the early days he would expect to pack up and spend the night at the patient's house.

Dr. Peck stopped delivering babies about two years ago. He mused that some of the babies he brought into the world are now grandparents.

Looking back on his early days here, he said that almost all of the people who came to him when he was a young doctor have since passed away.

Doctoring the local people hasn't been his only contribution to the community. He has also served as city health officer, city commissioner, and as a member of the Michigan State Board of Registration. The city commission Monday showed the city's appreciation of the doctor's work by drafting a resolution of commendation.

Fifty years treating the ills of a community is a long time, but Dr. Peck is still almost as spry as he was in those early days. He admits he can't do all he used to do, but his active days are far from over. Dr. Peck still finds himself with a long list of doctor calls, and his office hours are full.

A familiar figure in Plymouth, Dr. Peck has certainly played a major roll in the history of the city. His 2,000 "babies" and the rest of the local residents will testify to it.

**Proposed Zoning**

Continued from Page 1

the zoning change are Rose Holstein, Davis Hillmer, Gertrude Mose, Karl Starkweather and Max Hillmer. Their petition pointed out that the present M-2 zoning adjoining the railroad is too small to be attractive to manufacturing. There would be a tendency, it added, to locate a coal yard, junk yard or similar business in the present small area.

The petitioners said that allowing the zoning change would not only be advantageous to them, but to the general welfare of the city.

Dr. and Mrs. Elmore Carney are spending several days with Mr. and Mrs. Eber Readman in Oscoda.

**Two City**

Continued from Page 1

was a Wayne county supervisor for two years.

His second "tour of duty" started in 1949 when he was elected to the city commission. He was re-elected for a two-year term in 1951 and re-elected for a four-year term in 1953. Coming to Plymouth in 1902, Commissioner Fisher bought out a blacksmith and buggy business from Charles Brems. He lists his occupation as a blacksmith.

Commissioner Tibbitts was also elected to the commission in 1949. He was re-elected for a two-year term in 1950 and another two-year term in 1953. He served as mayor during 1951-52. Commissioner Tibbitts, who now makes his home at 356 West Ann Arbor trail, moved to Plymouth in 1937. He has been associated with Berry & Atchinson during the past year. The Tibbitts will make their home on Ball street.

Three appointed commissioners will be sitting on the commission after the two vacancies are filled. Marvin Terry was appointed a year ago to fill a vacancy created when Commissioner Frank Arlen was unseated because he moved his residence from the city. Terry's term will expire next spring along with the terms of Mrs. Eleanor Hammond, George Bauer and Tibbitts. Both Mrs. Hammond and Bauer will be ineligible to run again because of a charter provision forbidding more than two successive terms.

Terms of Mayor Russell Daane, and Commissioners Ernest Henry and Henry Fisher expire in April 1957. Both Daane and Henry are serving their second terms and will be unable to seek another term.

**SOCIAL NOTES**

A reunion of the family of the late Mr. and Mrs. Charles Rathburn, Sr. was held Sunday, July 18, at Cass Benton park. The following families were present, Mr. and Mrs. Clarence Rathburn, Mr. and Mrs. James Ross and children, and Mr. and Mrs. Wesley Rathburn and children from Plymouth. The out-of-town families were Mr. and Mrs. Harry Armstrong, Mr. and Mrs. Gibson Carpenter, Mr. and Mrs. Charles Armstrong and children, Mr. and Mrs. Donald Armstrong and children from Detroit, Mr. and Mrs. Kenneth Rathburn and children from Northville, Mr. and Mrs. Earl Price and children from Pontiac, and Mr. and Mrs. John Folks and children from Oklahoma City, Oklahoma. The guests numbered 40 in all.

A cooperative luncheon and all-day visit with Miss Floy Warner of Wayne was enjoyed last Wednesday by Mrs. Mame Warner, Mrs. Sadie Goyer, Miss Rose Hawthorne, and Mrs. Blanche Johnson, all of Plymouth.

Vaughan D. Taylor returned home Sunday after spending his annual 3 weeks stay at Mackinac Island.

Mr. and Mrs. Earl Kenyon, North Territorial road, are spending a few days visiting friends and relatives in New York state.

Mr. and Mrs. William Loveless and family of Rockville, Maryland, are visiting Mrs. Loveless's parents, Mr. and Mrs. H. W. Bowden.

Mrs. Edna Luree of Detroit spent last week end with Mrs. Hattie White of Dewey avenue.

Mr. and Mrs. James Latture, of Harding avenue, will spend the next 10 days vacationing at Lake Leelanau.

Miss Willma Latture will fly to Washington, D. C. this week end to visit friends.

**Hold Services For Youths Killed In Auto Crash**

A double funeral was held Monday afternoon from the Schrader Funeral home for the two Rosedale Gardens youths killed Friday in a head-on collision. Two ministers officiated at the funeral for Donald H. Ross Jr., 19, of 9810 Auburndale, and Donald Edward Brown, 18, of 9811 Blackburn.

The two boys were killed when their "hotrod" skidded out of control and smashed into an oncoming car on North Territorial road, east of the Dexter-Pinckney road. Injured in the other car were Mrs. Patricia Ralko, her four children, and Miss Carol Silverwood, all of Detroit.

The Reverend David T. Davies officiated at the 2:30 p.m. funeral for Donald Ross. Ross was a graduate of Bentley high school in 1953, and had been a resident of Livonia for 13 years.

Surviving him are his parents, Mr. and Mrs. Donald H. Ross, one brother, Gordon B. Ross of El Paso, Texas, and his grandmother, Mrs. Horace A. Ross of Algonac.

Donald Brown was a 1954 graduate of the Bentley high school and had resided in Livonia for the past 15 years. The Reverend John Forsythe of Detroit officiated at his funeral services. Donald is survived by his parents, Mr. and Mrs. John H. Brown.

Interment of both bodies was made in the Riverside cemetery.

A coal barge unloader on the Illinois River near La Salle can deliver some 670 tons of coal hourly.

## ST. JOHN'S EPISCOPAL CHURCH

South Harvey and Maple avenue  
Office phone 1730, Rectory 2308  
Reverend David T. Davies, Rector  
Harper Stephens, Choir director  
Mrs. William Koenig, Organist

8:00 a.m. Holy Communion.  
10:00 a.m. Family Service.  
Our people are urged to worship as a family as worship is intended to be a family experience. A religious film will be shown to the younger children during the sermon period.

William Penn once said, "Men must be governed by God or they will be ruled by tyrants."  
The worship of God is not the refuge of the weak but the weapon of those who would be strong. Worship in the church of your choice on the Lord's Day.

## FIRST CHURCH OF CHRIST SCIENTIST

10:30 Sunday morning service.  
10:30 Sunday school.  
Classes for pupils up to 20 years of age.

The practical value of the spiritual truths contained in the Bible will be brought out at Christian Science services Sunday in the Lesson-Sermon entitled "Truth".

Scriptural selections to be read include Paul's advice to Timothy (II Timothy 2:15): "Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be read (497-3): "As adherents of Truth, we take the inspired Word of the Bible as our sufficient guide to eternal life."

The Golden Text is from Isaiah (25:1): "O Lord, thou art my God; I will exalt thee, I will praise thy name; for thou hast done wonderful things; they counsels of old are faithfulness and truth."

## PLYMOUTH ASSEMBLY OF GOD

Ann Arbor Trail at Riverside Dr.  
John Walaskay, Pastor

## Name Recruiting Chief

A new commander has been assigned to head all Army recruiting in Michigan, it was announced this week from the Ann Arbor office of the Army Recruiting Service.

He is Lieutenant Colonel Marvin E. Mitchell, whose Army career dates back to 1928 when he joined the 17th Infantry as a private. During World War II he saw service in Italy with the Mediterranean Training Command and the Allied Forces Headquarters.

Since the war, he has been in charge of a training program for the Reserve Corps, and has been battalion commander in Okinawa.

## LUTHERAN PEOPLE LIVING IN PLYMOUTH

St. Peter's Lutheran Church last Tuesday, July 13th, resolved to build a new Church on their beautiful corner site on Penniman Avenue. The church is to seat 550 in the nave, 375 in the social room in the basement. It will be fully modern and equipped to give our community all the facilities required of a church in our day. Construction will begin this summer, God willing.

We are happy to invite all the Lutheran people living in this community to come and join us in this worthy enterprise! We feel that the slogan "Buy at home!" applies with extra force in church affiliation. If you live in this community and are interested in building this community, you ought also to help build the Lutheran Church in this community. We are happy to learn from you about any improvement which you might suggest on the basis of your experience in your former church. But, come, and let us get acquainted!

You will want to share our joy in building and dedicating the beautiful Early American Church which we are building as our memorial of gratitude for One Hundred Years of undeserved grace. Our congregation was founded by twelve charter members on March 5, 1856. The descendants of some of these charter members are still in the congregation. Come, and visit one of our beautifully simple, Lutheran services. You will find a warm welcome at St. Peter's.

## FIRST BAPTIST CHURCH

North Mill at Spring street  
David L. Reider, Pastor

## Calvary Baptist To Show Film "London Crusade"

"London Crusade," an hour-long documentary of the three-month campaign held by Evangelist Billy Graham, will be shown here Monday, August 2 in the Calvary Baptist church at 7:45 p.m.

Filed entirely in England, "London Crusade" is Britain's own story of the three-month Billy Graham campaign. Narrated by the Bishop of Barking, one of the most respected leaders of the Anglican church, the saga is a complete, gripping portrayal of the events as they transpired.

Beginning with scenes of the Grahams' arrival at Waterloo Station, the film moves on to the opening night at Harringay Arena. It then covers the entire series of history-making services, concluding with the great White City and Wembley Stadium meetings, where a total of 200,000 gathered for the closing rallies of the Crusade.

The doors to Calvary Baptist church will be opened at 7:00 with the service beginning at 7:45. All seats are on "first-come basis," with no admission charge.

## Cherry Hill News

by Mrs. James Burrell  
50160 Cherry Hill Road

Mrs. Bernice Thomas of Plymouth spent Sunday with her mother, Mrs. Louisa West.

Miss Joyce Bechner and two girlfriends left Saturday morning for a three weeks trip to California. They will visit many interesting places on the way.

Mrs. A. J. West and Bonnie, Mrs. Roxie Dunstan and Caroline Annie spent last week at Mr. West's cottage at Pleasant Lake. Mr. West and Mr. Dunstan went up for the week end.

The ice cream social at Mr. and Mrs. Knudt Jorgensen's Sunday evening was well attended.

A homecoming will be held at the church on Sunday, August 1. The morning service will be at 10:45 a.m. The Reverend LaVerne Finch will be the speaker. Dinner will be served by the W.S.C.S. with a free-will offering.

Mrs. Knudt Jorgensen was hostess recently at a dinner party for the Past Noble Grand officers of the Rebekah Lodge 509 of Flint. It was also the 10th anniversary of Mrs. Jorgensen being past officer. Miss Jennie Powers of Flint entertained the 15 members with organ selections.

Mrs. E. W. Kessler and daughter, Claudia, have returned home from their visit with her daughter in South Dakota.

Mr. and Mrs. William Freeman, Mrs. Dewey and Mrs. Irene Cook and Maxine of Kalamazoo were recent guests of Mr. and Mrs. James Burrell.

Unit I of the Women's Society of Christian Service met with Mrs. Elam Moyer last week.

Mr. and Mrs. Freeman accompanied Mr. and Mrs. Burrell to Denton cemetery for the burial of Mrs. George Biggs of Grayling.

Last week a meeting was held of all members of the church, Units I and II of the W.S.C.S., all Sunday School teachers and officers. They met to discuss and make plans for the church house building.

"How do you cure your husband from staying late at the club?"  
"When he came in late one night, I called out, 'Is that you, Jim' and my husband's name is Frank."

## Green Meadows News

by Beatrice Lee  
9461 Elmhurst

Mr. and Mrs. A. Adams and family of Lewiston, Maine, were the houseguests of Mr. and Mrs. Elmer Vermette of 9229 Ball street.

Mr. and Mrs. Robert Brink of 9445 Elmhurst entertained old school chums, Mr. and Mrs. James Ebling and their two-week-old son, James, of Detroit.

Mr. and Mrs. Norman Johnson of 9115 Corrine have been entertaining Miss Gladys Johnson of Marquette, Michigan, for the past few days.

Mr. and Mrs. Norman Johnson of Corrine plan a weeks vacation touring in Upper Michigan.

Mr. and Mrs. Telesky of 9229 Ball Street have been entertaining their granddaughter, Miss Barbara Taycik, for the past few days.

Mr. and Mrs. Telesky of Ball street are planning a motor trip through Quebec, Montreal, and St. Ann De Beaupre.

Mrs. K. Olds and family are visiting her parents in Tennessee. Mr. Olds will leave by plane Monday to join them.

K. Olds played in the golf tournament Saturday and Sunday. The Olds' live at 9211 Ball street.

The young people of Dunning Park chapel enjoyed a weener roast at Riverside Park followed by a singspiration, honoring Albert Smith, at the home of Jeanette and Lois Adams of Corrine street. The group was entertained with a vocal number by Paul Hunter.

Mr. and Mrs. Stanley Reeves of Corrine street spent the weekend at Niagara Falls.

Mr. and Mrs. Ira Cude of Northern, enjoyed a visit with Mrs. Cude's brother in Cleveland, Ohio. They were accompanied by their daughter, Mrs. Leonard Forrester and grandson, Donnie.

Mr. and Mrs. William Fox and family of 9074 Northern, have returned home from a vacation trip in northern Michigan. The trip also included taking Mr. Fox's mother and sister of Marion, Michigan across the Straits with them for a couple of days. This was the first time for all to cross the Straits.

## Newburg News

by Mrs. Emil LaPointe  
Phone 1144-J2

Mr. and Mrs. Harold Mackinder of Ann Arbor trail entertained Mrs. Mackinder's sister and her husband, Mr. and Mrs. Thomas Caldwell, and daughters, Jane and Nancy, from Grand Rapids.

Mr. and Mrs. William Eastlake, also of Ann Arbor trail, spent a week touring through New York and Pennsylvania visiting Mrs. Eastlake's aunt in Albany and visiting Mr. Eastlake's aunt in Carbondale, Pennsylvania.

Mr. and Mrs. William Body of Newburg road and sons, Dennis and Stephen, returned after a three-week vacation in California.

Mr. and Mrs. Willard Coole of Hix road and sons, William and Roland, and daughter, Muriel, visited in Buckhannon, West Virginia for four days, the occasion being the Coole reunion.

## Michigan Seen Headed for Low Forest Fire Year

Michigan appears headed for a record low forest fire loss this year, although conservation department workers are keeping their fingers crossed.

At present, 3025 acres have been reported damaged by fires. To this date in the record low year of 1951, fires had damaged 3455 acres. The total loss that year was 4491 acres.

The reports cover all Michigan lands with the exception of the federal forest areas, which are protected by the U. S. Forest Service.

But Michigan still has to go through the late summer and hazardous fall seasons when a combination of dry weather and human carelessness could wreck any hopes for a new record low.

Foresters say the continuous protection of Michigan woodlands in recent decades is beginning to pay off. During each recent year, there has been a fairly steady increase in total money dumped into the state treasury through sale of publicly-owned timber resources. Part of this increase, they say, results directly from the state's alert fire suppression system.

Laboratory experiments conducted by the Bureau of Mines at Bruceton, Pa. last year advanced a "single-step" hydrogenation process for obtaining high yields of gasoline directly from coal.

## Local Resident Will Head State Legion Parade

An honor that is bestowed upon a legionnaire once in a lifetime, has been given to a resident of Plymouth. Elton D. Knapp, commander 18th district, department of Michigan, American Legion, will have the honor of leading the largest parade, to be held in the State of Michigan, on Saturday, July 24, in Grand Rapids.

It is believed commander Knapp is the first from this area to obtain such an honor. It was won by his district for having the largest percentage in membership throughout the state.

Through his leadership, and the guidance of his senior vice commander, Chuck Larson, of Farmington, the 18th district won the most Gavel Bells, given by the department headquarters to the post that equaled their 1953 membership by last December 31. They won five Gavel Bells out of a possible 25.

The district is only two years old, but through the efforts of Commander Knapp it is recognized as one of the leading districts throughout the state.

SCHRADER  
PROMPT AMBULANCE SERVICE  
ONE of the most important attributes of superior ambulance service is its constant readiness to respond to any emergency. Schrader ambulance service truly is such a service, because the oxygen-equipped Schrader ambulance is available night and day, whenever and wherever the need arises. This is a fact well known to the many people in Plymouth who have had occasion to call our ambulance.

I'm a Studebaker Champ! Only 18 months old, driven merely 23,000 miles, had excellent care, but I'm looking for a new owner as my present owner moved next door to his job and doesn't need me any more. I am equipped with R and H. OD, seat covers and much more. Must see me to appreciate. I am priced right, too. Bill at 101 Amelia Street Thursday, Friday, Saturday or Sunday afternoon at C & O yard office. Phone 698J. 2-1tc

## Disease Peppers Leaves of Elm With Black Spots

Although tree leaves should be thickest at this time of year, a disease known as black spot is stripping many elms of their foliage.

The disease peppers leaves with small, shiny, black growths. The spots are fruiting bodies containing millions of spores—the seeds of the fungus.

Spread of black spot was aided this spring by the cold, wet weather so favorable to development of the ailment. It attacks all elms including American, English and Chinese.

In early spring, the disease can be controlled easily by spraying trees with standard fungicides. At this time of year, however, spraying is ineffective.

Best thing for the home owner to do is collect all fallen elm leaves and burn them to prevent further spread of the infection. And calendars should be marked for an early spring spraying next year.

Repeated defoliation of elms by black spot will cause serious injury to these valuable shade trees. In their weakened condition, the trees will be more vulnerable to attack from other diseases and insect pests, particularly borers.

## Leafy Wardrobe Indicates Tree's General Health

Trees have much the same wardrobe problems as humans. The leafy raiment which clothes a tree may get ragged, tattered and threadbare. Spots or holes may mar the fabric. Colors may fade, lose lustre or change entirely from the original shade. Crisp leaf patterns may go limp and shapeless as if in need of pressing.

The main difference is that a man can obtain a new wardrobe at a tailor shop or clothing store. But a shabby tree will often need a doctor's care to restore its wellgroomed look. A tree's appearance reflects the state of its health.

A heavy cloak of colorful, perfectly-formed leaves means that the tree is in good condition. But when the leaves start dropping off in summertime, when they appear frayed, spotted or unhealthy in color, then the tree may be seriously ill.

Insects, disease, drought, sun scorch, root suffocation and other tree ailments show their harmful effects in the arboreal attire. As long as it is in good health, the average shade tree will wear beautiful clothes this time of year.

## ELECTION NOTICE

CITY OF PLYMOUTH WAYNE COUNTY, MICHIGAN

Notice is hereby given that a GENERAL PRIMARY ELECTION will be held in this city on

**TUESDAY, AUG. 3, 1954**

This election is being held for the purpose of nominating candidates for the offices of: Governor, Lieutenant Governor, United States Senator, Representative in Congress, State Senator and Representative in the State Legislature, One Judge of Probate (to fill vacancy) for the term ending December 31, 1956, Circuit Court Commissioner (Full Term), four to be elected, Prosecuting Attorney, Sheriff, County Clerk, County Treasurer, Register of Deeds, County Drain Commissioner and two Coroners as prescribed by Act 351, P.A. 1925, as amended, being Sections 145.1 to 198.12 C.L. 1948, and office of Delegate to County Conventions.

The polls will open at seven o'clock A.M. and remain open until eight o'clock P.M. election day.

Lamont C. BeGole, City Clerk

NO ONE DONT PASS UNLESS THERE'S ROOM UP AHEAD

The old adage "look before you leap" never had a better application than the case of the motorist who pulls out to pass without first being positive that he has a gap ahead big enough for him to pull into when he completes his passing maneuver.

There's more to it than just spotting that gap up ahead. It must not only be at least 40 feet long but you have to look for assurances that it won't close up on you just as you get alongside the car ahead of you. Study the car ahead to see that it is not picking up speed — and watch the car ahead of it to see that it is not slowing down.

## SPORTS FLASHES

from The Sporting News by J. G. Taylor Spink

If tradition means anything, the New York Giants and Cleveland Indians should meet in the 1954 World's Series. There's a saying that the leaders on the Fourth of July will be the winners. American League teams that led on Independence Day have won 35 pennants in 53 years. In the National, 33 of the Fourth of July leaders have taken the flag.

Although the Baltimore Orioles are a near tail-end club, they're up around the top of the league in attendance. The Orioles, on July Fourth, had a total home attendance of 661,000. Only one club in the American League had done any better, the Cleveland Indians had played to 666,000. The New York Yankees were in third place, with 646,000.

A gag, no matter how good it was to begin with, can get tiresome. Umpire Bill McKinley of the American League is from the family of the assassinated President McKinley. He's tired of hearing, "They shot the wrong McKinley." It was on the funny side when Dizzy Dean first used it while broadcasting at Yankee Stadium.

Braves Pitcher Gene Conley hasn't been in baseball long, but winning honors is nothing new to him. When he was chosen as a member of the National League's All-Star Game pitching staff, it was his third major honor in a brief career. In his first year in

baseball, 1951 when he was with Hartford of the Eastern League, he was named The Sporting News outstanding minor league player. Last year he repeated.

If there's one pitcher who has had a hex on the Yankees this season it's Willard Nixon of the Red Sox. When Nixon beat the Yankees, 6 to 1, on June 30, it was his third victory of the season over the New Yorkers. No other righthander had beaten the world's champions more than once up to July. While Nixon is rough on the Yanks, he's a paty to the Indians and White Sox. He had started four times against Cleveland without lasting once. The White Sox shelled him three times.

Baltimore's Bob Turley was the first major league pitcher to reach the one-hundred mark in strikeouts this year. Turley fanned five Tigers while beating Detroit 5 to 3 on July 2. That raised his strikeout total to 103.

There really were fireworks in the major leagues on the Fourth of July. Major league batters hit 35 home runs. But even that is no record for an Independence Day. In 1950, 40 homers were hit, 24 of them by the National League and 16 by the American. The top performer on this Fourth of July was Bill Glynn of the Indians, normally not a slugger. He got three homers against the Tigers.

### 73 Swimmers Get Red Cross Awards

Seventy-three young people of Plymouth recently completed the requirements for either a beginner, junior or senior life saving certificate issued by the recreation department under the direction of pool supervisor John McFall.

The beginners, those in grades 1 to 6, had to do many things to secure this certificate among which were: swim the length of the pool, dive off feet first in the deep end and do the prone and back float. To earn a junior or senior badge, many life saving skills have to be completed.

The following boys and girls were issued beginner certificates: Clyde Blunk, Karen Dickerson, Ruth Ann Lidgard, Paul Kreimes, Thomas Lockwood, Joe Steencken, Carolyn Keeth, Pauline Pomeroy, Susan Horvath, Dee Wernette, Charles Willis, Gary VanValkenburg, Terry Bush, Scott Soth, Michael Horvath, John Haeske, John Cook, Leonard Sackett, Harold Fisher, Linda Park, Sharon Baker, Pamela Stokes, Sharon Wesley, David Kunz, Sharon Buttermore, Dan Cook, James Vojeck, Victor Vojek, Richard Alford, Peter Alford, Donald Forrester, Jon Martin, Daniel Olson, Jim Kincaide, Ellen Lamb, Hal Balch, Barbara Raven, Jerry Belch, Bonnie Edgar, Amicia Manwaring, Kate Lindroth, Kevin Huntington, Jimmy Perlongo and Barbara Steencken.

Those from 12 to 15 years of age winning a junior certificate were: Judy Hinote, Ann Hulsing, Bruce Wood, Carl Glassford, John Walker, Frank Roberts, Daryl Tonkevich, Ronald Hubbs, Charles Yost, Joan Becker, George Ann Bauer, Susan Dunn.

Judy Wilson, Joyce Hinote, Bill Conover, John Voss, Jim Archer, Ken Knipschild, Jim Myers, Dale Gulbranson, Harold Smith, Waldemar Losse, Arthur Losse, Mariana Tensen and Jim Preston.

Winning the senior life saving certificate for those over 15 years of age were: Mary Carless, Barbara Smith, LoAnn Jensen and Madeleine Jones.

### Londeau Clouts Way to 1st Place

Six hits in seven times at bat last week enabled Cavalcade's Londeau to regain the batting lead in the Men's Softball League standings. The slugging spree included two homers, two doubles and two singles—the homers pulled him within one of Hunt, who has four circuit clouts to date. One newcomer attained the ranks of the five highest batsmen this week when Joe Thibadeau, star hurler for Cavalcade, gained fourth place with a minimum number of times at bat to qualify.

The games in Class B were rained out last Wednesday so the standings remain the same as the previous week and will not be repeated now. Joe Wallace of the Northville VFW post remains in first place with 7 hits in 10 times at bat for a .700 mark.

The leaders in the Men's league for those who have been at bat 15 times, or more, are as follows:

	AB	H	PCT
Londeau	29	15	.517
Hunt	28	12	.429
Slessor	24	10	.417
Thibadeau	15	6	.400
Cole	18	7	.389

### Fay's Pure Oil Being Remodeled

Fay's Pure Oil station on West Ann Arbor road is currently undergoing extensive remodeling. Still servicing customers, although at present from a temporary building, Fay Williams, owner, reports that an entirely new, more modern building will be constructed. All the latest fixtures will be incorporated in the building itself and new pumps and new lubrication equipment will also be added. The "new" station, to be completed in about three months, will be much larger.

Williams, who has operated this station for the past 14 years, states that it was one of the oldest stations in this part of the country. Originally the Standard station, built by Frank Palmer about 35 years ago, it was one of the first of its kind in the Plymouth area. Later it became known as the Fay Hi-Speed station, and when Pure Oil bought out Hi-Speed last year, the name was changed to Fay's Pure Oil service.

Electric utilities, to take care of their estimated load of one trillion KWH by 1965, are expected to consume more than 300 million tons of coal, which is more than 2½ times as much coal as was consumed for electric power generation last year.

### Cavalcade in Tourney

The Cavalcade softball team, co-leaders in the local league, will represent Plymouth at the 4th Annual Metropolitan Beach Invitational Softball tournament this weekend. Cavalcade will meet Shaw's Jewelers of Pontiac Saturday at 6 p.m. Other teams in the tourney include Trenton, Roseville, Mt. Clemens, Hamtramck, Ferndale and St. Clair Shores. Winning teams will play again Sunday at noon, 2:00 p.m. and 5:00 p.m.

# Who's New In Plymouth

THREE OF Barbara's prettiest dolls are being admired by Plymouth's new residents, Mr. and Mrs. Melville R. Troyer, 41240 East Ann Arbor trail. Enrolled in the Allen school, Barbara's hobby is collecting dolls of all lands, and at present she has about 29 in all. Coming from Muncie, Indiana, the Troyers moved to Plymouth about a year ago. Troyer is employed by the Chevrolet Spring and Bumper plant on Eckles road, and the family attends the First Methodist church.

## Bassett Family Holds Reunion

Seventy members of the Bassett family were present at Riverside Park on Sunday, July 11, for the annual family reunion.

Following a potluck dinner Secretary Clifford Cochran called the meeting to order and read the minutes. Mrs. Warren Bassett was chosen as secretary for the ensuing year, and Mr. and Mrs. Earl Bassett and Mr. and Mrs. Herold Hanser were named to the refreshment committee.

Serving on the refreshment committee for this year's reunion were Mr. and Mrs. Ora Bassett, Mr. and Mrs. Ronald Bassett and Mr. and Mrs. Robert Vernard.

Among those who attended the annual event were Floyd Bassett and Mr. and Mrs. Clark Bassett of Laporte, Indiana, Mr. and Mrs. Harry Bassett of Wayne, Mr. and Mrs. Ora Bassett of Plymouth, Mr. and Mrs. Warren Bassett and family of Plymouth, Mr. and Mrs.

Edward Bassett and family of Plymouth, Mr. and Mrs. Earl Bassett and family of Plymouth.

Miss Ardith Bassett of Plymouth, Mr. and Mrs. Ronald Bassett and family of Plymouth, Mr. and Mrs. Arthur Trost and family of Garden City, Mr. and Mrs. Carl Johnson and family of Garden City, Mr. and Mrs. Earl Zeese and family of Allen Park, Mrs. Esther Munro of Novi, Mr. and Mrs. Herold Hanser of Novi, Mr. and Mrs. Terry Tallmadge and family of Plymouth.

Mr. and Mrs. Howard Cochran of Plymouth, Mr. and Mrs. Robert Cochran of Plymouth, Mr. and Mrs. James French and family of Plymouth, Mr. and Mrs. Rex Parrish and family of Wayne, Mr. and Mrs. Irving Geer and family of Livonia, Mr. and Mrs. Guy Taylor of Livonia, Mr. and Mrs. Robert Vernard of Plymouth and Mr. and Mrs. Richard Conn of Garden City.

# SOCIAL NOTES

Sunday dinner guests of Mrs. Lytton Wallace and son Jack were Mr. and Mrs. Lytton Fields and son Jerry of Ortonville, Mr. and Mrs. Ed Matteson and Mr. and Mrs. Tom Marsh of Pontiac, and Mr. and Mrs. Bill Jamison of Plymouth.

Miss Martha Kletke of Lansing will be a week end guest in the home of Mrs. Luella Cutler on Palmer avenue.

Mr. and Mrs. Tom Phillips were last Thursday dinner guests of Mr. and Mrs. Miller Ross, Ann Arbor road.

Mr. and Mrs. Richard Wernette and family, Adams street, will leave tomorrow for a two weeks vacation at Lake City.

Beverly and Betsy Ross, summer students at the University of Michigan, spent Sunday with their parents Mr. and Mrs. Miller Ross on Ann Arbor road.

Mrs. Albert Horvath and children have returned from a two weeks vacation with Mrs. Horvath's parents, Mr. and Mrs. Edward Luzius at Evans Lake.

Mr. and Mrs. Edwin Ash, and family of Haggerty highway, are spending a few days vacation through the Copper country.

Mr. and Mrs. H. C. Culver of Palmer avenue enjoyed a visit in Redford with Mrs. Helen Bailey, former matron at the House of Correction. The Culvers report that Mrs. Bailey, who has been crippled with arthritis, is feeling much better.

Mrs. Edna O'Conner has gone on a week's vacation to a lake in the vicinity of Petoskey.

Mr. and Mrs. O. H. Williams and son, Karl, of West Ann Arbor trail spent the weekend at Ore lake with Mr. and Mrs. Edward Dobbs of Penniman avenue.

Mr. and Mrs. Walter Dzurus and sons of Sheridan avenue visited Mr. and Mrs. Joe Nowicke of Saddle Bag lake over the weekend.

Russell Brown, son of Mr. and Mrs. Foster Brown, 644 Blunk, and Herb Olson, son of the Herbert Olsons, 1340 Ross, have just returned from a week's automobile trip to Lake Park, Minnesota, where they visited Herb's relatives. Their travels included the Porcupine Mountains, coming back by way of the Lake Superior shoreline. Stops were made at Marquette, Sault Ste. Marie and Mackinac Island. Russell and Herb brought back souvenirs and used several rolls of film on the many picturesque places they visited.

Carol Ann Piesczak of Wayne and Darlene Levandowski of Livonia spent the weekend with their aunt and uncle, Mr. and Mrs. John E. Britcher of East Ann Arbor trail, at their cottage at Mullett lake.

Corporal Robert DeLong and Mrs. DeLong and son Robbie, are visiting Mrs. Bertha LaMay. Mr. DeLong has just returned from Korea, after serving eighteen months with the Army stationed near Seoul. Mrs. DeLong is the former Barbara LaMay.

The annual ice cream social given by the Lutheran Ladies will be held Thursday, July 22, from 7 to 10 p.m. at the home of Mr. and Mrs. Garchow, 15620 Bradner road. All church members and friends are cordially invited to attend.

Mrs. Thelma Cushman is vacationing this week at Oseoda, Michigan, accompanied by her granddaughter Debby Cushman of East Lansing.

Mr. and Mrs. Harry Mumby were hosts on Sunday at their cottage on Silver Lake to the members of their Suburban Club. Present were Mr. and Mrs. William Grammel, Mr. and Mrs. Tom Gardner, Mr. and Mrs. Arthur Blunk, Mr. and Mrs. George Billings and Mr. and Mrs. Earl Gray.

Pamela Barber, daughter of Mr. and Mrs. Robert Barber of Arthur street, flew to Syracuse on Monday of this week enroute to Massena, New York where she will visit her grandmother.

Mr. and Mrs. Gerald Fischer and family of Arthur street visited their son Gerald at Interlochen last week end.

Mr. and Mrs. Robert Bullard, Maple avenue, spent last week end with Mrs. Bullard's parents, Mr. and Mrs. Palmer N. Burrows of East Tawas.

Riverside park was the setting Monday evening for a dinner given by Mr. and Mrs. Dale Arnold of Burroughs avenue. Guests were Mrs. E. Knouse, Mr. and Mrs. Ralph Martin and sons of Harlan, Iowa, Mr. and Mrs. Richard Swanson and daughter, Mary Ann, of Wayne, and Mr. and Mrs. Charles Arnold of Plymouth.

Mrs. Lydia Ebersole of Northville spent the weekend at the home of Mrs. Eva Herrick of Bradner road.

Sunday guests of Mr. and Mrs. Everett Burmester, Williams street, were Mr. and Mrs. Morris Menzies of Amherstburg, Ontario.

Mr. and Mrs. H. C. Culver of Palmer avenue are planning a two or three-day trip to Turk lake, which is just north of Greenville.

A trip to Elmore, Ohio this Saturday is planned by Mr. and Mrs. Edwin Goebel, Sr. and family of Auburn avenue. They will visit with Mrs. Goebel's cousin, Mrs. Ted Reynolds, and family.

Mr. and Mrs. Albert Groth and daughter, Molly, of North Harvey visited relatives in Defiance, Ohio on Saturday. Accompanying them on their trip to Defiance was Joseph Baldwin of Springfield, Ohio, who had come to Plymouth last Wednesday to visit several of his relatives here.

Mr. and Mrs. H. C. Culver of Palmer avenue were among the 200 guests at the Masonic picnic held Sunday on Hines drive near Merriman road.

Entertaining out-of-town guests from Pennsylvania are Mr. and Mrs. Horton Booth and family, 1325 Sheridan.

A delightful weekend was spent at Lake Odessa by Mrs. Edward Ebert of Mill street and her daughter, Mrs. Walter Sippel of Detroit, and Mrs. Sippel's two children, Walter and Christine. They stayed with Mrs. F. M. Thomas, Mrs. Ebert's mother.

Mrs. William Farley of Adams street spent Sunday in Flint, visiting her daughter, Mrs. Lynn Frafer, and family.

Mr. and Mrs. Howard Culver and sons, Howard, Jr. and Billy of Wayne left Monday morning enroute to Niagara Falls for a week's vacation.

Mr. and Mrs. Jess Keltz from Niles, Michigan spent last week with Mr. and Mrs. Fred Ebert of Penniman. Mrs. Keltz is the sister of Fred Ebert.

Mr. Edward A. Grosjean and son Edwin of Newburg road and son-in-law, Don Wilcox of Detroit, have just returned from a fishing trip to Manitoulin Island, Canada.

LOCAL BOY SCOUT Stanley Heldreth, 14632 Garland, was honored as a promising salesman recently by fellow Scouters at a luncheon at the Plymouth Motor Corporation plant. He was among the leaders in selling tickets to the recent Scout Exposition at the Detroit State Fair grounds. Scouts from the Detroit Area sold over 100,000 tickets. Stanley and 80 other Scouts and their parents were guests at the luncheon. He is shown about receiving congratulations from Amos Shields, chief executive of the Detroit Area Council.

## I Was Locked In!

HOW MY TELEPHONE HELPED IN AN EMERGENCY

MRS. JOSEPH B. HERTZBERG, OAK PARK, MICH.

MARK, DIAL THE LAST NUMBER ON THE TELEPHONE, YOU'LL GET THE OPERATOR.

CLICK

"ONE COLD DAY I WENT TO THE FRUIT CELLAR WITH MY SONS, MARK, 4 1/2, AND NEIL, 2. THEY LEFT AHEAD OF ME AND THE DOOR SLAMMED."

"THE LOCK JAMMED AND I WAS LOCKED IN. I DIDN'T WANT THE BOYS TO GO OUTDOORS FOR HELP BECAUSE THEY HAD COLDS."

"I SHOUTED OUR ADDRESS AND TELEPHONE NUMBER ... ONE FIGURE AT A TIME ... TO MARK AS HE DASHED UP AND DOWN THE STAIRS."

"ADDING TO THE CONFUSION, NEIL TURNED ON THE HOT WATER. MARK WAS ABLE TO TURN IT OFF BEFORE STEAM FILLED THE KITCHEN."

"MARK CALMLY GAVE THE NUMBERS TO THE OPERATOR ... IT SEEMED LIKE HOURS."

"THE TELEPHONE OPERATOR (SERVICE ASSISTANT, LOUELLA RICE) WAS WONDERFULLY PATIENT AND MADE CERTAIN SHE HAD OUR CORRECT ADDRESS."

THE HERTZBERG ADVENTURE SHOWS HOW IMPORTANT THE TELEPHONE IS IN EMERGENCIES, WHETHER THEY'RE REALLY SERIOUS OR MERELY TROUBLESOME. YOUR KNOWLEDGE THAT THE TELEPHONE IS ALWAYS NEAR ADDS MUCH TO ITS VALUE. THAT'S ONE REASON YOUR TELEPHONE SERVICE IS WORTH A LOT MORE THAN IT COSTS.

NOT BEING SURE HOW SERIOUS THE EMERGENCY WAS, SHE CALLED THE POLICE IMMEDIATELY AND THEY RESCUED ME."

## Our Sincere Thanks To Our Many Friends

WE COULDN'T HAVE DONE IT WITHOUT YOUR HELP . . . .

Recently the Rexall Drug Co. notified us that, in competition with over 400 Rexall drug stores throughout Michigan, our store RANKED 5TH IN THE STATE FOR 1953. In 1952 we were ranked 8th. Naturally we're proud of this enviable record but we know it would have been impossible without the magnificent support and loyal patronage of our many friends and customers. All of us here at Beyer Rexall Drugs offer you our humble thanks and deep appreciation . . . .

## BEYER **Rexall** DRUGS

Downtown store—505 Forest, Ph. 247 FREE Parking next to Plymouth Hdwe.  
Northland store—165 Liberty, Ph. 211

ORDERING TIME IS CUT to only a few seconds with the Maple Lawn Drive-In Teletray system. Dale Dauderman, 9204 Morrison, (top photo) has taken the speaker off the stand and is ordering from the menu. Answering his call for food is Mrs. Margaret Spender (lower photo) who writes down the order and hands it to another employee to "serve up." A car hop then takes the order to Dale. After finishing the snack, he placed the tray on the car-side table without the need of recalling the car hop. The only other system of this kind in Michigan is at Royal Oak. Watching Mrs. Spender is Edsel Forshee, owner of the drive-in.

## Plymouth Gets 2nd Telephone Ordering System In Michigan

If anyone ever thought that the drive-in restaurant business with its rushing young waitresses could never be improved upon, they are finding themselves mistaken.

The Maple Lawn Drive-In, Ann Arbor road and South Main street, is not replacing waitresses with some mechanical gadget, but the means of securing orders has been revolutionized with a "Teletray" system which is the second one of its kind in Michigan. It is also only the 67th in the United States.

Already given several weeks of trial, the new system has proved itself a success, according to Edsel Forshee, operator of Maple Lawn.

The parking lot has been turned into something looking like a drive-in theatre. But instead of having a post with just a speaker for every car, the Maple Lawn Drive-In posts contain a table to place the trays on, a menu and a two-way speaker.

**PIANO TUNING AND REPAIRING**  
H. G. CULVER  
Phone 85-W  
895 Palmer

A customer driving up to a "station" no longer has to wait to catch the attention of a waitress. He merely scans the menu, picks up the speaker and presses a button on the speaker. A girl at the Teletray switchboard then asks for the order and she knows exactly where the order is coming from.

Sixty cars can use the new installation. Forshee said that during a busy period last week, 120 orders were taken in 45 minutes. Customers not only seem to like the different and faster service, the owner said, but it also cuts down the number of car hops needed.

Though winter virtually closes down most drive-in services, Forshee believes that the Teletray system will keep his outside business alive in cold weather. A driver can place the speaker inside the car to place the order. A complete box lunch dinner can be ordered so that the meal can be eaten without opening the window for a tray.

Music is played through the speakers when orders are not being placed, thus eliminating the drain on car batteries of those people who play their car radio while eating.

## Detroit Trust Official to Head Area Achievers

Heading the Junior Achievement program in Plymouth and other Southeastern Michigan, Inc. companies during the coming school year will be Noble D. Travis, vice-president of the Detroit Trust company.

His election came at the annual board of directors meeting held at the Park Shelton hotel. Travis succeeds J. C. Doyle, sales and advertising manager of the Ford Motor company, as president.

As president, Travis will head a 50-member board of top businessmen and industrialists. They guide the activities of Junior Achievement, the organization which puts teen-agers into business for themselves in a "Learn by Doing" program of acquainting them with the American business system.

This is the sixth year for Junior Achievement in this area. Six J. A. companies were started in Plymouth last fall and set up headquarters in a South Main street storeroom. James Mitchell of Barnes - Gibson - Raymond, headed the local program which will again get underway after school opens in September.

## Announce Two Appointments At Burroughs

Appointment of two men to supervisory positions with the Burroughs corporation Plymouth plant, was announced this week.

One is William C. Tullis, 300 North Mill street, and the other Edward W. Schening. Tullis has been named production control coordinator for the firm's Detroit and Plymouth plants. He will be responsible for matters pertaining to methods and procedures used in production scheduling and maintenance of inventories for the over 70,000 different parts used in the manufacture of Burroughs business machines.

Tullis

Tullis joined Burroughs in 1941 as a stock clerk at the Detroit main plant. During World II he served as an infantry officer in the southwest Pacific and returned to Burroughs in 1946.

In 1950, he was sent to Strathleven, Scotland as an assistant foreman to help set up manufacturing operations at the company's new plant there. Upon his return in 1952 he was made a special staff assistant and was appointed assistant superintendent of production control at the Plymouth plant in 1953.

Schening

Schening is manager of defense products at the Plymouth plant. His predecessor, Herbert DeBorde of Livonia, has been promoted to technical assistant to the factory manager at the Detroit plant. He will have complete responsibility for the engineering, production and assembly of defense products.

Schening, who plans to bring his family to live in Plymouth, was transferred from Detroit to the Plymouth plant in 1953 as chief engineer, defense product engineering.

## Suggest Longest Pheasant Season For This Year

Maximum pheasant and ruffed grouse seasons permitted by law have this year been urged for all of Michigan's lower peninsula with the exception of Emmet county, the conservation department reports.

Emmet county may be closed to pheasant hunting again this year in response to a request from sportsmen in the area.

However, game workers have asked that the upper peninsula ruffed grouse season again be cut from the maximum of 41 days allowed by law to 32 days. The season recommended is October 1-November 1, inclusive.

Also, the wildlife biologists have urged the conservation commission to close the sharp-tailed prairie chicken season in the lower peninsula; a limited season was provided last year, but field surveys show populations of these birds as presently low.

The commission will consider all the recommendations at its July 19-20 meeting at Haven Hill. Other recommendations on upland birds include requests to continue the Menominee county pheasant season and to provide a 32-day season on sharp-tailed and prairie chickens in the upper peninsula.

## ★ THINKING OUT LOUD ★

One question, sometimes controversial, sometimes personal, is asked each week by The Mail of four pedestrians along Plymouth's downtown streets. This week's guests are "thinking out loud" on the question:

"Do you think Plymouth has adequate police and fire protection?"

HAROLD GOW, 300 Parkview drive "I have lived here only a very short time, but I have had one occasion to call the police department. My little boy had lost his bicycle and the police located it. I found them courteous and efficient."

JULIUS SANER, Jr. 465 Ann: "I think we could use more patrolmen to check the speeders, even here on Main street. I work at the service station at Forest Motors (South Main street) and they 'fly low' past there every night. They used to use our station to turn around and speed back until I reported a few license numbers."

Gow Saner Mrs. Wilcox Ford

MRS. JOHN WILCOX, 575 Irvin: "I have had only one dealing with the police and they arrived very promptly. The lieutenant in charge seemed extremely courteous."

F. L. FORD, 1227 Ann Arbor trail: "There isn't enough patrolling of the streets for speeders. They go past my house at 50 miles an hour. There should be a traffic light at Sheldon road and (Ann Arbor trail) to slow down cars. And the sign in front of the Mayflower hotel should direct traffic to Ann Arbor out Main street to U. S. 12 instead of going out Ann Arbor trail."

## Harvey Container Fire Loss Small

It took Plymouth firemen almost an hour to extinguish a fire at the Harvey Container company on Wednesday afternoon of last week, but the loss money-wise was considered negligible.

Over a dozen giant rolls of heavy paper stored outside behind the factory were ignited by sparks from a nearby burning trash pile. The two and one-half ton rolls are used as a liner for the pasteboard boxes manufactured at the plant.

A fork lift took the rolls from the stacks and placed them on the ground where firemen had to unpeel many layers of the charred and burning paper in order to completely extinguish the blaze.

Factory spokesmen said that water and the few layers of burned paper will decrease the value of the rolls very little.

This was the first fire call in the city since June 20.

## State Police Nab 13,712 In May

Michigan State Police made 13,712 arrests during May, including 12,755 for traffic offenses. In addition, the Department handled 7,362 complaints and 503 delinquent and wayward minors and juvenile traffic offenders.

Of 8,629 cases prosecuted during May, 7,923, or 92 per cent, resulted in convictions.

Troopers made 3,967 liquor and 22,588 property inspections.

East Lansing Headquarters received 4,758 criminal and 2,499 non-criminal fingerprints during May, and 23 persons were identified. Of 683 applicants for permits to carry concealed weapons, 74 were found to have criminal records.

The Identification Bureau now has on file 3,717,644 fingerprints, of which 1,773,098 are non-criminal.

## TO THE QUALIFIED ELECTORS — OF — PLYMOUTH TOWNSHIP

PLEASE TAKE NOTICE that a General Primary Election will be held in the Township of Plymouth, Wayne County, Michigan,

### Tuesday, August 3rd, 1954

In the regular voting places in each election precinct, between the hours of 7:00 o'clock a.m. and 8:00 o'clock p.m., Eastern Standard Time. This election is being held for the purpose of nominating candidates for the offices of: Governor, Lieutenant Governor, United States Senator, Representative in Congress, State Senator and Representative in the State Legislature, One Judge of Probate (to fill vacancy) for the term ending December 31, 1956, Circuit Court Commissioner (Full Term), four to be elected, Prosecuting Attorney, Sheriff, County Clerk, County Treasurer, Register of Deeds, County Drain Commissioner and two Coroners as prescribed by Act 351, P.A. 1925, as amended, being Sections 145.1 to 198.12, C.L. 1948, and office of Delegate to County Conventions.

At this time there will also be submitted to the qualified electors of the Township the following proposition:

Shall the limitation on the total amount of taxes which may be assessed against all property in the Township of Plymouth, Wayne County, Michigan, for all purposes except taxes levied for the payment of principal and interest on obligations incurred prior to December 8, 1932, be increased, as provided by Section 21, Article X of the Constitution of Michigan, by six-tenths of one mill (60c on each \$1,000.00) of the assessed valuation, as equalized, of all property in the Township for a period of fifteen (15) years, the years 1954 to 1968, inclusive, for the purpose of providing funds to pay the principal and interest on bonds of the Township in the aggregate principal amount of not to exceed One Hundred Three Thousand (\$103,000.00) Dollars to be issued for the purpose of funding part of the assessment made against the Township of Plymouth at large for the construction of the Middle Rouge Parkway Interceptor Drain?

Each person voting on the foregoing proposition must be a registered and qualified elector of the Township of Plymouth, Wayne County, Michigan.

This Notice is given by order of the Township Board of the Township of Plymouth, Wayne County, Michigan.

## Deer Population Back to 1952 Level

Deer drives recently conducted in Lake county give indication that deer populations there have returned to a level near what they were before the 1952 special any-deer season.

Conservation department workers report that groups of youngsters from the annual summer Michigan United Conservation clubs group camp at Ludington state park made the deer drives near Baldwin.

In the first drive, 54 boys drove three antlered bucks and 12 "other" deer out of half a section

of land five miles northeast of Baldwin. It could not be determined how many of the "other" deer were bucks, how many were does or how many were fawns.

In the second drive, made a week later, 55 boys drove one antlered buck and 23 other deer out of half a section of land five miles northwest of Baldwin.

The two drives show respective populations of 30 and 48 deer per square mile for the two areas involved. However, game workers say the average for the entire deer area in Lake county, based on the department's spring activity check, is probably closer to 30 per square mile.

The Lake county district saw heavy hunting during the first special deer season, but fawn crops in the last two years have hiked populations back to the present high level.

Tomatoes should always be mulched to keep weeds down and the soil moist.

## Summer Mulching Saves Toil, Keeps Weeds Down

While sunshine is a vital need for all plants, shade over their roots is beneficial to most. Trees and shrubs take care of this, but cultivated crops in the home garden may not do so.

So mulches to cover the soil, which have been used for thousands of years, are now being advocated by research men for more purposes than ever, the latest being to prevent erosion from the fall of rain drops.

All of us would like to have enough straw to put a layer of three or four inches over the garden to prevent this. But, often, we can't get the straw or it costs too much. But, we can take the mowings from around the edge of the garden and put them between the rows. Later the lawn clippings can be spread out between the rows. An hour or so spent with a hand sickle cutting down weeds and spreading them in the rows will pay handsomely.

Men who have gardened for years, but who were not taught to use mulches continuously, express surprise at what a wonderful help they have at last found. It prevents the raindrop erosion by intercepting the raindrops and leads the water down to the soil gently. It keeps the weeds down and lowers the soil temperature in the hot summer days and helps conserve the moisture which goes into the soil.

Paper mulch, and even stones and slabs of concrete have been experimented with. But tests by

the Ohio state experiment station, emphasizing the importance of soil aeration, indicate that the best mulching materials allow free circulation of air through the top eight inches of soil.

Mulches of fresh organic material, such as manure, straw, alfalfa, peat moss, lawn clippings and others, stabilize the granular structure of soils and prevent surface compaction.

Waste lumber is used by some gardeners, to shade the ground between rows. By laying down boards when planting the garden, and walking on them rather than the soil, the ground is kept loose, and by shifting the boards between rows, weeds can be killed without hoeing.

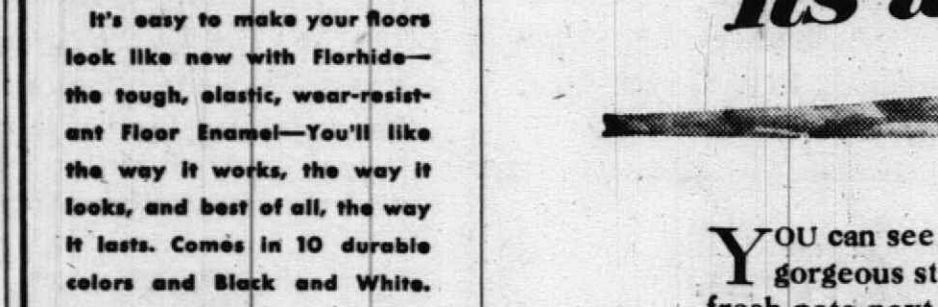

Excellent results can be obtained from a heavy mulch of dry lawn clippings, applied a little at a time. The first application should be well mixed with the top soil; and then it may be built up to several inches in thickness, so that weeds are kept down and evaporation checked, but at the same time rains are allowed to penetrate the soil. Tomatoes especially like a mulch of this kind.

Tip from home economists at Michigan State college: Milk will not scorch so easily if you wipe the bottom of the pan with a bit of butter before scalding.

## Ask Civic Groups to Attend Institute

Civic organizations throughout the State of Michigan have been invited to send representatives to a University of Michigan institute on Friday, August 20, at which improved methods for selecting judges will be discussed.

The institute is sponsored by the University of Michigan Law School and summer session in cooperation with the State Bar of Michigan. Professor Charles W. Joiner reports that the organiza-

tions are being asked to send a team made up of a lawyer and a layman to the institute. He believes this is the first time that lawyers and laymen have been invited to participate jointly in an institute held at the Law school.

"We hope that these 'teams' will carry back to their organization an explanation of the Michigan Plan for selecting judges which the State Bar of Michigan has proposed," Professor Joiner reports. "These teams also can report on what each organization can do to achieve the aims of the Michigan Plan—to take judges out of politics."

Invitations have gone out to the following clubs: Rotary, Lions, Exchange, Optimists, and Kiwanis, as well as to chambers of commerce, Farm Bureaus, Granges, League of Women Voters, and labor unions.

**Care Increases Wages**  
American workers could increase their take-home pay by as much as a half a billion dollars annually simply by being a little more careful.

Workers lost almost a billion dollars in wages in 1953 as a result of work accidents, according to the National Safety Council, although about half that amount was returned to them in compensation payments.

The Council's statistical yearbook places the total cost of on-the-job accidents at \$3,150,000,000. This figure includes wage losses, medical expenses, insurance overhead costs and indirect costs.

## Announces New Deputy Director

Leo F. Flowers, director of Civil Defense, Plymouth Township, has announced the appointment of Stephan E. Tallian, Sr., as deputy director of Civil Defense for Plymouth Township.

Flowers wishes to thank all who participated in the Civil Defense program of July 5, particularly the Plymouth Police and Fire departments, Plymouth Township Fire department, Civil Defense Police department, Veterans of Foreign Wars, American Legion, Mettetal airport, Schrader and Sonderegger funeral homes, members of the Chamber of Commerce who made the practice test possible and all others cooperating in the program. Flowers reports that the program was successful, with a minimum of confusion.

An invitation to attend a meeting held June 2 of the Dispersal and Evacuation committee for out-county civil defense directors was issued to Flowers.

## Drive on the Safe Days

Driving somewhere? Then take advantage of reduced accident rates by traveling on Monday, Tuesday or Wednesday.

The National Safety Council's statistical yearbook shows that nearly two out of five fatal motor vehicle accidents occur on Saturday and Sunday and that the fewest occur on the first three weekdays.

Reports from 27 states show these fatal accident percentages: Saturday, 21; Sunday, 18; Friday, 15; Thursday, 13; Monday, Tuesday and Wednesday, 11 each.

Estimates Cheerfully Given

*You get Tomorrow's Style in Today's Buick*

## It's a Million Dollar Ride — and no foolin'

**YOU** can see for yourself the gay and gorgeous styling that's sure to be the fresh note next year, too.

And you can easily learn that here is power a-plenty — the highest V8 power, Series for Series, in the annals of Buick history.

But what you can never know, till you try it yourself, is the feel of a Buick in motion.

It's a ride as precision-soft and firm as only coiled steel can make it.

Yes, coil springs on all four wheels. And a full-length torque-tube drive for true tracking. And a massive X-braced frame for solid steadiness. And specially calibrated shock absorbers, V-braced struts,

wide-rim wheels, a unique front-end geometry — plus a host of other betterments too numerous to mention.

You feel the result of this advanced engineering every mile you drive — in what is literally and figuratively a Million Dollar Ride.

You feel it in the superb and buoyant cradling. You feel it in the serene levelness of your going over ruts and ridges. You feel it in the precise snubbing of jars and jounces. You feel it in a new kind of steadiness, handling ease, curve control.

Only thing for you to do, we believe, is to come try this miracle of motion — and we'll be glad to oblige.

That way you'll also learn firsthand about the style, the power, and the value that have made Buick such a best-selling success this year. For Buick today is out-selling all other cars in America except two of the so-called "low-price three."

(Smart tip: With Buick such a beautiful buy this year, think what a winner it's bound to be at trade-in time! Come see us this week!)

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

# JACK SELLE'S BUICK

200 Ann Arbor Road Plymouth, Mich.

# Lorenz Nips Morrison by One Stroke to Win City Golf Title

## Baughman, Bowers, Thatcher Triumph in Other Three Flights

Plymouth got a new city golf champion Sunday afternoon at Bob O' Link in real story-book fashion. Ralph Lorenz, popular Mayflower hotel manager, scored two birdies on the final two holes of the abbreviated 27-hole championship match to edge Ray Morrison by a single stroke. Lorenz' 113 total was four over par for the distance.

In the other three flights of the tournament, which attracted 111 contestants, Mark Baughman topped Howard Carson for first flight honors, Harry Bowers and Harry Shoemaker finished one-two in the second flight, and in the final flight Horace Thatcher and Charles Derr tied with identical 90's. Thatcher was awarded first prize by the flip of a coin.

Slow play at the crowded Grand River course prompted Tournament Chairman L. B. Rice to shorten the planned 36-hole final in the championship flight to 27 holes. All other flights played 18 holes.

At the end of the first 18 holes Sunday morning Lorenz was enjoying a comfortable five stroke margin after registering a par 72. His nearest competitors were Bill Benjamin, Bill Bean and W. Woods. Another stroke back at 78 was the strong-finishing Morrison, an employe of the Plymouth Burroughs plant. Playing ahead of Lorenz, Morrison toured the final nine in 36. Meanwhile, Lorenz went two over par on the first four holes and looked as if he might shoot himself completely out of the tournament on the par-4 fifth hole as he scored a triple-bogie 7. After going one over on the short par-3 sixth hole, Lorenz parred number seven and got his birdie on the easy par-5 eighth hole.

Needing a birdie to win on the long 550-yard final hole Lorenz hit two beautiful wood shots which left him a short wedge shot to the green. His pitch left him with an 8-foot putt. The usual fast-playing hotelman

### Leading scores in each flight:

<b>Championship</b>	
Lorenz	113
Morrison	114
Bean	116

Wingard	94
Walker	94
O'Leary	94

studied the putt for several minutes before knocking the ball straight in the hole to win the title which had eluded him by a single stroke last year.

Winners in each of the flights received golf bags and individual trophies. Lorenz also received The Plymouth Mail championship trophy. Championship Runner-up Morrison received a caddy cart while all other prize winners were allowed to make their choice from a host of prizes. Saturday qualifying round honors went to Ray Hartner with a 72. Defending Champion Tom Lock and Benjamin shot qualifying 74's to split runner-up honors.

Several players left before the awarding of prizes Sunday afternoon. They may call for their awards at the Plymouth AAA office. They are: Gordon Moe, Elton McAllister, Andrew, G. Friess, C. Derr, J. Hardiman, Potok, Leon Walker, George O'Leary and Sam Coffee. The latter probably won the most appropriate prize of the tourney—a pound of coffee! Qualifying prizes also await Hartner and Norvey.

Five contributors to the Plymouth Chamber of Commerce tournament whose names were missing in last week's credit roll are Todd's market, Penniman market, Lov-lee Salon, Wingard Insurance and the Auto Club.

### Hole in One!

Charles E. Miller of 11179 Southworth became Plymouth's first golfer to register a hole-in-one this year. Miller pulled the trick last Saturday at the Woodland golf club at Brighton. He aceed the 170-yard fourth hole as Art Hammond of Ashtabula, Ohio and John Hammond of Livonia looked on.

## MORE SPORTS ON PAGE 8

Section 2

THE NEW CHAMP, Ralph Lorenz (left), receives congratulations from Runner-up Ray Morrison following Lorenz' one-stroke victory in the Plymouth Chamber of Commerce golf tournament. Following the tourney Lorenz and Morrison discovered they had been high school opponents on the links and had not met in competition since that time.

IMPROVING EVERY YEAR is Mark Baughman (right) winner of the first flight. Baughman won top honors in the second flight of the city golf tournament last year. First Flight Runner-up Howard Carson congratulates Baughman.

## Sport Glances

by "Professor" Edgar Brown

Beglinger Olds scored an important victory over Cavalcade last week when they defeated the defending champions 5 to 2 in the first meeting between these two powerhouse teams. A three-run attack in the first inning provided the margin of victory. All the runs counted on both sides were earned, and the game was a fast, thrilling contest.

The league batting leader, Londeau, was the only Cavalcade player to bother Gabby Street. Londeau socked a home run over the fence, a double and a single to knock in all the losers runs. A previous contest between these two was rained out earlier in the season, and will be made up if it makes a difference in the standings at the end of the season. Right now it looks like it might for they meet once more, and no matter who wins, the game would have to be played provided neither team loses to some other team. That looks improbable at present for these two are far ahead of the others, and have a more powerful attack and hurling strength. Cavalcade has two good hurlers in Thibadeau and Lowe, while Olds relies upon Gabby Street for the mound duties.

It will be interesting to watch these two play those last few games this year. I wouldn't be surprised to see Cavalcade take the next one, Olds win the rained out game, or vice-versa, and then have a playoff game for the title. Could be!

Hundreds of swimmers have been taking advantage of the pool at the high school these hot days for a dip in the cool waters of the modern structure. It is a wonderful thing to have our children provided with such wholesome exercise and recreation under expert supervision. Plymouth is indeed fortunate in having a place for youngsters, and oldsters, to swim without having to journey to neighboring pools or nearby lakes.

To see these young tots learning to swim and the progress they make under good instructors, is really something to behold, and don't you think for a minute that the tots don't love it for they do. Plymouth taxpayers should never regret the decision they made when they voted to provide funds for this splendid pool, for they have given many happy hours to the youngsters in the city—and a happy child is usually a good one.

The champion Detroit Lions meet at Ypsilanti this week to begin preparation in defense of the title won last year. The team will begin practice for the All-star game to be played the middle of August in Chicago.

Detroit has most of its stars back, however, a few have retired such as Bob Smith, and a few others have been grabbed by the armed forces, but you can bet the Lions will come up with another good team this fall. To win the crown three years in a row will be quite a feat—one that no one has done before, but the Lions have assembled quite an array of talent, and could do it with a few breaks along the way.

## Davis & Lent Nine Still Unbeaten

The Davis & Lent team in the Inter-city Class E league for boys 16 and under continued unbeaten as they conquered their foremost rival, Clarenceville, 7 to 2, and then won handily over Rosedale 26 to 3. The local nine now have won 8 and lost none, and have just about sewed up the league crown.

Dick Day limited Clarenceville to but, 2 hits, but weakened and loaded the bases in the seventh inning with two out, so Drews came in to register the final out. Plymouth counted 3 runs in the first inning on three hits, and one in the third and fifth with the final two coming in the sixth inning.

Spectacular fielding aided the winners cause, and Jack Carter and Dick Day led the attack, each getting 3 hits, with Christenson, Calhoun, McKenna and Foreman each getting one bing.

In the easy Rosedale win, Bob Jenkins tossed one-hit ball; walks accounting for the losers 3 runs. Plymouth scored 14 runs in the first inning. Christenson garnered 4 hits, Day 3 with one being a home run, Calhoun and Tait 2 each, and Carter, Cummings and Thomas each contributed one hit to the attack.

Today the Davis & Lent nine play Redford Township in a game at the Riverside Park diamond.

Also the McCarthy hearings teach solons it's more discreet to extend one's remarks in the Congressional Record than over the monitored Pentagon phone wires.

WINNER IN THE second flight of the city golf tournament was Harry Bowers (left) who looks over his prizes with Runner-up Harry Shoemaker. Bowers shot exceptionally fine golf to register a 79.

THIRD FLIGHT honors were shared by Horace Thatcher (shown above) and Charles Derr. Thatcher won the top prize by the flip of a coin. Derr left before the awarding of the prizes, which for Thatcher were a golf bag and a trophy.

**Evans Wins Two**

Evans came above the .500 mark in the Men's league last week with two victories—one a 6 to 3 win over Champion Corrugated, and the other an 8 to 0 shutout of Barnes, Gibson & Raymond.

In the latter game, Graczyk shutout the losers with 7 hits, spread over the 7 innings of play. Little and Brehmer led the attack with two hits each for the winners. West had two for the losers.

In the first game, Evans came from behind with two runs in the sixth and seventh innings to win after Champion had gone ahead with a cluster of three runs in the fifth. A walk, a double by Marsh and a single by Chohan put the winners ahead in the fifth.

Little, Brehmer and Marsh each had two hits for the winners with Waslaski, Koffman and Scheel each having two for the losers.

**Errors Costly As Kiwanis Lose**

Five critical errors proved too much for the Plymouth Kiwanis Class F team to overcome as Livonia Center administered an 11 to 3 defeat to the local nine last week. The defeat left the local entry in the Inter-city league for boys of 14 and under with a record of 4 wins and 3 losses.

Marvin Hopper tossed for the Kiwanis outfit and allowed a total of 10 hits, and also contributed a triple to the attack. Art Bomback was the winning hurler and held Plymouth to 7 hits in pitching a creditable game.

All games last Wednesday were rained out. Plymouth plays Cooper on the diamond behind the high school next Monday afternoon.

LOCAL SPORTS' ENTHUSIAST Earl Gray is shown above on the job at West Bros. Nash completing an auto sale with Mrs. Coleen Davidson. Gray has umpired ball games in the area for more than 25 years.

### Quarter-Century of Umpiring Proud Record of Earl Gray

A local resident who has been connected with sports for over 30 years, and who has done much to promote baseball in this area as a player, manager, organizer and umpire is Earl Gray, secretary of the Inter-County league and also of the Suburban Umpires Association. At present Earl is in his 26th year of umpiring baseball games.

Earl began his baseball career as a player on the grade and high school teams in Plymouth, and later played in the Odd Fellows league in 1922. In 1923 he was prevailed upon to umpire a game at the old Burroughs field, near the present Burroughs plant, and he called such a good game that he was asked to umpire the rest of the season, and has been at it ever since.

In 1931 Riverside Park was developed and the games were moved to the present diamond in the park. He remembers that Plymouth had two teams then; the Merchants team managed by LeRoy Simmons, and the Buick team managed by Ray Levandowski.

By 1932 he began umpiring in the Western Wayne league, and during the next five years umpired in the Michigan-Ontario league and independent games until he helped organize the present Inter-County league. He was president of this latter league from 1936 to 1952 and is now secretary.

In 1945 Earl started an umpire's training program at his house, and many umpires owe their present positions to this early training.

Softball made its start in Plymouth in 1931, and Earl along with Harry Hunter missed only one game in two years. The crowds were very large in those days, but the umpires received no money.

In 1948 he founded the Suburban Umpires Association, whose umpires work almost all games in Plymouth, Livonia, Northville and Wayne. Earl is secretary of this association. He has worked in many state tournaments.

Earl says that the toughest decision an umpire has to make is to forfeit a game to an opponent, or to call a game on account

### Merchants Lose Fourth Game in Row

Taylor Merchants went into undisputed possession of first place in the Inter-county league with a 10 to 2 win over Teamsters last Sunday. A bases-loaded home run by slugger pitcher Frank Neyoukas, and a three-run homer by Earl Johnson were the big blows of the Taylor win.

Wayne remained in second place with an 8 to 5 triumph over the Plymouth Merchants. Norm Barikmo and Don Hubble each hit three-run homers to spark the Wayne victory. This loss put the local nine below the .500 percentage mark necessary to get in the championship playoffs. Sunday the Plymouth team plays the new Dearborn Vagabond team at Riverside Park in a game beginning at 3:30. The Dearborn out fit beat the hapless Cubs 27 to 0 Sunday, as Jack Kralick, a left-hander recently signed by the Chicago White Sox, had a no-hitter until two were out in the ninth inning. The hurler also had four hits. Food Fair knocked Farris out of a first-place tie by winning 8 to 2.

Auto Club continued its climb to the top by beating River Rouge 3 to 5, and Northville whipped Grandale 14 to 5. Wyandotte won over Dietrich to complete the games played last Sunday.

The standings in this league are as follows:

W	L
Taylor	10 3
Wayne	9 4
Farris	9 4
Teamsters	8 5
Northville	8 5
Wyandotte	8 5
Auto Club	8 5
River Rouge	7 6
Plymouth	6 7
Food Fair	6 7
Dietrich	5 8
Grandale	4 9
Dearborn	3 10
Cubs	0 13

### Two Elks Players At Briggs Stadium

Five players from the recent Hearst District tournament conducted in Plymouth were chosen to play on the out-side all-star team that played at Briggs Stadium Tuesday morning. Two of the five were players from the Plymouth Elks Class D team—Kenneth Kisabeth being chosen as a pitcher, and Ron Bender as a shortstop. The others were Dick Hein, the Dearborn pitcher who chucked a no-hit game against Plymouth in the finals, and Bob Johnson and Bob Cutty of Livonia.

At Briggs Stadium one boy from the out-state team and one from the Detroit team will be picked to play with a national all-star team at the Polo Grounds in New York on August 11.

Dearborn, which won the local district tourney on Hein's no-hitter lost out in the out-state tourney to Marshall when Hein walked two men and allowed a hit sandwiched in between a couple errors for four runs in the third inning. Marshall won 5 to 1.

### Beglinger Olds Strikes Early to Hand Cavalcade First Defeat of Season

The Beglinger Olds team in the Men's softball league tossed a slight roadblock into the path of the defending champion Cavalcade victory march last Monday night when the Olds players upset the champs 5 to 2 in the first meeting between these two this season. The teams battling for first place in this fast league play once more this season on the evening of Monday, August 9, next to the last week of play.

The dramatic victory, witnessed by a capacity crowd, was featured by an Olds attack in the first inning that produced three runs, and the steady pitching of Gabby Street. The Olds batters teed off on Joe Thibadeau, the Cavalcade star, in the initial inning when Schultz singled with one down; Egloff tapped to the infield, and the play was made on Schultz at second, but the fleet shortstop beat it with Egloff being safe on the fielder's choice. Hunt then lined a single scoring Schultz; Don Likeweiss doubled counting both Egloff and Hunt.

Cavalcade had gone ahead in the top of the first as Dunn singled, and scored on Londeau's double. Olds came back with another run in the second on a single by Street, who raced home on Wilkie's double.

In the fourth Londeau, the league's leading sticker, socked a long home run over the fence in left-center field to bring the score to 4 to 2. Olds scored an insurance run in the sixth inning when Likeweiss singled and Pursell doubled.

Cavalcade could not recover from that first inning onslaught and went down to its first defeat of the season. Olds has also lost only one, but the defending champions have won one more game than Olds.

Londeau led the losers at bat with three straight hits in three

times at bat, a home run, double and single to get three of the five hits Street allowed. Thibadeau allowed seven hits—two by Likeweiss, and one each by Wilkie, Schultz, Hunt, Pursell and Street.

Street struck out two and walked one man. Thibadeau struck out four and walked none.

The standings in the Men's league are as follows:

W	L
Cavalcade	9 1
Olds	8 1
Evans	5 4
LaFontaine	4 5
Plymouth Mer.	4 6
Champion Corr.	2 7
Barnes, G & R	1 9

### Cavalcade Romps

Cavalcade came back with a vengeance after suffering their first defeat at the hands of Olds Monday night to swamp Champion Corrugated Thursday night to the tune of 22 to 5.

The champs scored 7 runs in the fourth inning and 9 more in the sixth for the two big innings in this one-sided softball game. Five walks, an error, four hits including a homerun by Beutel counted the 9 runs in the last inning.

Lowe was the winning hurler, allowing but two hits, striking out 11 men and walking three. Champion Corrugated used four twirlers—Pat Kearney started, with Caldwell coming on in the big fourth. A. Fulton in the fifth, and R. Fulton in the sixth. The quartet allowed 16 hits, struck out 3 and walked 9 men.

Londeau had a home run, double and single in four official times at bat to lead the winners at bat, Beutel had a home run, and Dunn a triple.

### Elks Nine Lead; Still Unbeaten

The Plymouth Elks team in Class D gained partial revenge for the no-hitter tossed at them by Dearborn in the recent Hearst tournament here when they defeated Dearborn 6 to 3 last week in a regular Western Wayne league game. The Elks outhit Dearborn 11 to 6 with Danny Clifford getting 3 bingos—two doubles and a single, Ron Bender and Larry Wilhelm each had two safeties. Ken Kisabeth pitched the entire game against Dearborn.

In another game last week, Plymouth shut out Livonia 5 to 0 with Paffel being the winning hurler—the game was limited to five and a half innings by darkness. During that time Paffel allowed only two hits. Virgil Duprie had a long homerun for the Elks to lead an eight-hit attack.

On Monday of this week, Plymouth continued unbeaten in this schoolboy's league with a 15 to 2 victory over Inkster. Virgil Duprie hurled for Plymouth and yielded but one hit. The local nine had only 7 hits—two each by Clifford and Danol, and one each by Bender, Middleton and Sorenson.

These wins left the local Elks team in first place with five wins and no losses. Dearborn is in second with four wins and two losses. Livonia has two wins and three losses, while Inkster has yet to win a game having lost six straight.

Today the Elks team play Dearborn at Inkster Park, and next Monday the locals play Inkster at the high school diamond here. All games are at six o'clock.

The five leading hitters for the local nine are:

Schwartz	7 4 .571
Clifford	16 7 .438
Kisabeth	10 4 .400
Bender	26 9 .385
Middleton	15 4 .266

# Chips from the ROCK

School board president James Gallimore, no mean poet, was inspired to write the following verse one day last week which he submitted for our "I Remember When" column. The inspiration came about as he observed Charlotte Williams, The Mail's next door neighbor, swinging on her porch swing. For the benefit of our readers we might state that The Mail and the gas station next door were built on the site of the old Detroit United Railroad and interurbans which ran from the city to Northville, Plymouth and Wayne used to switch and turn around on these properties. Old timers will also remember former police chief Charles Thumme, now deceased, who for many years was a conductor on the line.

Swinging on the front porch  
Right in the heart of town  
Through many years of progress  
They did not take it down.

They watched the interurban  
As they passed and switched nearby  
'Twas quite a thrill to ride them  
They went with ne'er a sigh.

Now they watch the autos  
And see the stop light go  
The traffic's changed its rhythm  
But the swing goes nice and slow

With the passing of the porch swing  
And front porches, too.  
Can you wonder that the young folks  
Find somewhere else to woo?

The C. & O's repair write up man Elmer Johnson highly recommends a fast 1,400 mile motor trip through northern Michigan which in three days, a family of three, can see a lot of the state for slightly less than \$70.00. From Plymouth they covered Houghton, Higgins and Burt Lake and Castle Rock at St. Ignace the first day, spending the first night at Paradise, Michigan. The second day they visited Tahquamenon Falls, the wild fowl preserve at Seney and the sunken gardens at Marquette, staying over night at Baraga, Michigan. On the third day they visited a coal mine at Hancock, Brockway mountain and Copper Harbor and then drove home in the cool of the night to complete, for their money, a most interesting motor tour of upper Michigan.

Visitors to Plymouth seldom have an opportunity to secure a real souvenir from this city. However, today there is available from the Lutheran Church, a highly decorative and worthwhile plate embossed with a picture of the present church which would be welcome in any home in the country. Because the congregation is about to abandon the present Church for a new edifice which will be built this summer Mrs. Edgar Hoenecke, wife of the minister, thought up this excellent memorial piece, which is now being offered to the public.

And speaking of the Lutheran Church on Spring street . . . this might be an excellent time for the Board of Education to secure the two pieces of property owned by the Lutherans along with the two acre plot directly behind the same. With the loss of the park across from Starkweather school to the fire station and the lack of playground area around the school . . . it seems a logical move to secure this property for conversion to playground area which is so badly needed by the school. It wasn't too many years ago that the Board of Education was thwarted in an attempt to purchase the houses directly south of the school. We are of the opinion that the Lutherans would be most cooperative in a move of this nature.

Proof that this is the land of opportunity can be shown by Howard Towne of Plymouth who was just appointed assistant supervisor in charge of all television at station WJR in Detroit. Three years ago at the suggestion of Plymouth's famous tenor, Fred Kendall, Towne took a part time job as night switchboard operator at WJR and studied radio engineering during the day. On the completion of his course a year ago he accepted an appointment with RCA Victor as a television installation engineer and set up stations all over this country and South America. Now fully experienced in the television field he has landed one of the best jobs that there is in the business.

## TOP TUNE ON CAPITOL HILL

Attorney and Mrs. Perry Richwine may find that they have millions of more new friends in the near future as news is spread of their newest acquisition. Deciding they wanted to see more of America they designed and had built a mobile home which embodies all the comforts of today's living and will provide for them the finest sleeping, eating and living accommodations there are no matter where they stop along the way. If we can catch them home long enough in the next few weeks we'll provide our readers with pictures of this unique house on wheels and for the record, when the newness wears off, we would like to get our name high on the list of borrowers. It's really quite a wagon.

The Harry Lushes' out at Rancho Sante Fe, California will have a surprise visitor from home in the near future. Young Dr. Heinz Hoenecke writes that he is stationed at the County Hospital in San Diego where he is getting his first real indoctrination into his profession and asks we send him the Lushes' address so he can make a call and find out the best places to hunt in sunny southern California. We sent him the address and also told him that if there was no one at home to explore Mr. Lush's Macadamea nut grove and chances were ten to one he would find the local theatre owner out in the grove harvesting his crop.

### Editorial

**What Of The Comic Books?**

Every once in a while we run across the fact that parent-teacher groups and others interested in the welfare of children, express the belief that fewer "blood and thunder" comic books would aid in combatting juvenile delinquency.

The possibility exists that these individuals are correct but, in their criticism of the literature of youth, they are following the example of earlier generations. There has hardly been a time, in the history of the country, when the adults of the nation did not criticize and condemn the literature of the young people of their day.

The modern comic book, and its counterpart, the radio serial, probably provide modern youth with the same thrill that their elders got out of the "dime novel." It might be better of course, if youth would take to the reading of the classics, or some useful and informative tomes on practical subjects, but the way to persuade them to make the change is not apparent. With many of them, it is a case of reading the "comic books" or reading nothing.

### The Question Of Death For Spies

A House Judiciary subcommittee recently approved a bill proposed by Attorney General Herbert Brownell which would permit the death sentence for spies in peacetime. Heretofore, the United States has imposed the death penalty on spies only in times of war.

There is, however, thought to be some opposition in the Senate Judiciary committee, and in the Senate itself. Although the bill only permits the death penalty—and does not make it mandatory—some members of the upper legislative body are believed to oppose the measure.

We point out, in this connection, that the upper legislative body is inclined to be perhaps more lenient in such matters, and this might be attributed to the greater age of most members of the upper body. No doubt many of the nation's elder statesmen cling to ideas and concepts of war which take into consideration the chivalrous attitude and the philosophy that wars should be fought in an honorable manner.

These concepts are out of date in 1954. They are out of date because of the nature of atomic warfare and the scientific angle which now has become dominant in military operations. The theft of the country's highest scientific secrets could well determine the outcome of a new war, and, therefore, the elective death penalty for spies, convicted of selling government secrets to the enemy, is a necessity in this country.

It may seem severe to many Christians, and the death penalty for spying in peace time may be thought unnecessary by some high-minded individuals, but the practical approach to survival and the preservation of our democratic civilization includes the realization that stern measures are necessary to preserve the nation's secrets in this atomic age.

### ROGER BABSON SAYS:

#### BUSINESSMEN MUST HELP SCHOOLTEACHERS

Babson Park, Massachusetts. Just recently the Seventh Annual Conference of Businessmen and Educators was held on the campus of Babson Institute in Wellesley, Massachusetts. The theme was "Education for Survival." It was a conference on business educational standards. Nine out of every ten business executives invited to participate in the conference declined invitations on the ground that the issues are too controversial!

**WHAT MANNER OF MEN ARE BUSINESSMEN?**

Since the war, businessmen have made a number of sharp attacks on our schools, our teachers, and the graduates. Yet, with but a few notable exceptions, businessmen and companies have not given education the kind of support it wants and needs. One well-known Eastern superintendent of schools recently stated that every time he tries to approach a group of businessmen for some help on a problem, almost automatically they query in chorus, "All right, how much do you want?"

With their dollars businessmen are generous, but with their recommendations and their time they are miserly. They do not seem to understand the educator when he asks them to sit down to discuss problems of curriculum, problems of delinquency, or even part-time employment for students.

Yet, full-page advertisements appear in newspapers urging us all to support the schools. One such full page which recently made its appearance was headlined this way, "The present of education is the future of your business." The copy went on to ask why businessmen "are so blind, when it comes to the needs of our educational system?"

#### ARE BUSINESSMEN FAIR?

This advertisement further discussed three shortages that need to be remedied: 1) the shortage of classroom space; 2) the shortage of financial reward to attract capable individuals into teaching; and 3) the shortage of top-caliber teachers. Bravo! Now what I want to know is: What kind of run-around will a worthy educational project get by this same advertiser when he is approached to speak on these issues at the grass-roots level.

If businessmen mean anything beyond a gesture by such advertising, then they will see to it that someone within the company is designated to handle educational-business relations.

#### ANOTHER FAILURE OF BUSINESSMEN

I can tell you about the apparent failure of a project for this summer involving educators and businessmen. Someone got the idea that business might be better understood if teachers were given the opportunity to get work experience in various businesses, at various levels, during summer vacations. Such a program would indeed benefit a cooperating company; but it would also help supplement the earnings of the underpaid teacher.

The idea was started by a national trade association. Meetings were held with representatives of the schools, colleges, and businesses. Business again talked optimistically about how it wanted to support this program. But, when the chips were down, you could count on your fingers the number of such summer jobs that business offered in New England. Does business always really mean what it says?

## MICHIGAN MIRROR

By Gene Alleman  
Secy. Mich. Press Ass'n.

**INCREASING IRRITATION AMONG PEACH** growers of the state is responsible for a campaign to encourage housewives to "put off until tomorrow what they could do today."

Peach people here have been stewing, sweating and swearing for several years about the break they get on National Peach Week. This year the promotion was scheduled for July 19-25. . . weeks before a Michigan peach is picked. The early date is a distinct advantage to southern growers, whose orchards are ready for picking early in summer.

This season, for the first time, the Michigan Department of Agriculture took some definite steps to help the Michigan grower market his product.

"We have long been concerned over Peach Week publicity coming a month ahead of Michigan harvest," said G. S. McIntyre, director.

The department made available \$2,500 in funds which could be matched by the peach growing industry and used to remind housewives that Michigan peaches would be ready about Labor Day. "Michigan grown peaches are worth waiting for," states McIntyre. "They are excellent in quality, and low in price. The crop this year is expected to reach 2½ million bushels, somewhat smaller than other years."

Conferences to provide a better market for northern peaches were arranged. Representatives from independent and chain groceries, growers and packers met with agriculture department leaders to see what each could do to help out.

If Mrs. Housewife cans peaches later this year than others, there is a good chance she is doing so because several Michigan groups cooperated to help the Michigan peach grower.

#### WAS THE \$150,000 BATTLE WITH THE GYPSY MOTH A SUCCESS?

The first part of June state officials were shocked to learn that this parasite, which destroys nearly all green plants, had been identified for the first time in history west of Pennsylvania. It had been found in several areas in central Michigan. Plans were hastily prepared for a spraying project aimed at killing every moth in the state. It took four airplanes about a week to finish the attempt.

"As of today no live gypsy moth has been seen in Michigan since we sprayed," said C. A. Boyer, chief of the Bureau of Plant Industry.

A necessary part of the fight against this pest, Boyer explained, is a trapping program to test the efficiency of the spray. Traps have been located over a 1,600,000 acre area in a 25 mile radius of Lansing; 10 miles further in each direction along key highways.

They are baited with portions of the female moth which will attract males from a distance of one half mile. "We feel our traps are 100% fool proof but we can't say for sure for another 50 trapping days that our spray has killed all the moths," explained Boyer. "Even if none are trapped," he added, "a visual search will be continued for eggs that might have been laid by untrapped females."

"It looks very good, so far," Boyer stated.

#### FIRST "DRY RUN" TESTS OF THE NEW STATE POLICE EMERGENCY TRAILER

were entirely successful according to Commissioner Joseph A. Childs. The trailer was built by police personnel after a need for such a vehicle was experienced at the Flint and Port Huron risisters. Barring unexpected emergencies, plans call for the official use of the trailer at the International Air Show in Detroit, July 24-25.

Principal use of the trailer is to serve as headquarters-control point for state police when they are called into an area. It provides communications between men in the field and with other areas. There are four radio transmitters and a specially designed telephone switchboard supplying five trunk and 12 extension lines. The telephone equipment, designed and built by Michigan Bell engineers, may be hooked up to regular commercial facilities or powered by local battery power.

When working under disaster or congested conditions, walkie-talkie units permit excellent communications with officers in the field.

**A JAIL BREAK ATTEMPT** is responsible for a ruling that Wayne County guards will now wear clip-on bow ties.

Four-in-hand ties worn previously proved a handy weapon for two prisoners. They grabbed two guards by the long ties, twisting them tightly around their necks.

Alarm was given in the ensuing shuffle, and other guards arrived in time to prevent serious damage.

Gladys Forte Says:

"You can't beat Terry's cakes and my favorite is . . ."

# Favorite Recipes From Plymouth's Kitchens

Under the watchful eye of young Jimmy, Mrs. Robert Wilson prepares her Hungarian Chicken Paprika.

## Hungarian Chicken Paprika With Noodles

How about some Hungarian Chicken Paprika with egg noodles? That particular dish is the favorite recipe of Mrs. Robert Wilson of 157 North Holbrook. The noodle dish is delicious cooked with either chicken or veal, explains Mrs. Wilson.

Mr. and Mrs. Wilson have one child, Jimmy, age one and a half.

1 three-pound fryer, disjointed  
3 cups water  
½ pint sour cream  
2 tablespoons flour

Melt the fat in a four-quart pan. Add sliced onion and simmer until brown. Stir in paprika and then place pieces of chicken in the pan, and add water, green pepper (diced) and salt. Cover and let simmer until tender, approximately one hour.

When chicken is done add combined flour and sour cream. Let it come to a boil and remove from the fire. Serve over noodles. The

recipe will serve five.

Noodles  
3 eggs  
2 cups flour  
½ teaspoon salt  
2 tablespoons milk

Beat eggs in a bowl and add, gradually, the remaining ingredients. Blend until smooth. Pour out on a flat plate and slide small amounts off the plate with a table knife into two quarts of boiling water. Boil for five minutes. Drain and rinse with cold water, then hot. Serve immediately with chicken.

## Kischewski - Ferraro Wedding Announced

Barbara Joy Ferraro of 8273 Freemont street, Garden City, was married July 20 to Hans Kischewski of Wayne, Michigan, formerly of Germany. The wedding service was performed by Judge Perlongo at 7 o'clock in the evening.

Barbara Joy graduated from Plymouth high school in 1953. The Kischewskis are taking a honeymoon trip in the northern part of Michigan.

## Playgrounds Note 419 Registered for Summer

With the summer playgrounds in full swing, Director Herbert Woolweaver notes a high enrollment at all of the playgrounds. Total registration at present stands at 419.

Broken down into figures for the individual playgrounds, Allen has a registration of 47; Bird, 78; Central, 98; Greenmeadows, 52; Smith, 82; and Starkweather, 62.

Activities at the playgrounds include games, stories, arts and crafts, music, free movies, trips and many active sports.

## Library Announces Films for July 28

Mrs. Agnes Pauline, head librarian at the Dunning Branch, has announced the film program for July 28. At 2 p.m. youngsters will see "Paul Bunyon and His Blue Ox," "Dearborn Holiday" and "Care of Pets."

"Washington Irving" and "Dearborn Holiday" are on the agenda for the 7 p.m. adult program that same day.

## New Books at Dunning Library

Two novels on the best-seller list, now available at the Dunning Library, are "The Bad Seed" by William March and Peter DeVries' "The Tunnel of Love." Other recent acquisitions of the library are the following novels: "The Heart in the Desert," by Gilbert Phelps, with its contemporary setting, David Divine's "The Golden Fool," a suspense tale about the search for gold in South Africa, "Star in the Rigging," Garland Roark's novel about the Texas navy, Will Henry's "The Fourth Horseman" concerning Arizona cattle wars in the 1880's, and "Rendezvous," the story of a French peasant girl by Rose Franken.

Dealing with guerilla fighting in Yugoslavia and Poland during World War II is Manes Sperber's novel, "Journey Without End." Two novels of science fiction by A. Merritt have now been incorporated in one volume, "Dwellers in the Mirage and The Face in the Abyss." Also on the new-book shelf are two murder mysteries, "Death and the Gentle Bull" by Lockridge and John Roeburt's "The Hollow Man."

"Hold Close the Day" by Isabel Black is about a Brooklyn family in the 1900's, and for those who prefer pioneer settings there's "Daniel Boone Kissed Me" by Felix Holt. Other books recently added are "The Quaker Bride" by Janet Whitney, Elizabeth Corbett's "The Richer Harvest" and "The Corioli Affair" by Mary Deasy.

For readers with a mechanical bent, there's "Fix Your Ford" by Bill Toboldt. The latter covers servicing and repairing of Ford V-8's and 6's from 1932 to 1953 and includes many repair-saving shortcuts. Other non-fiction books now available at the library are "A Shakespeare Companion, 1550-1950" by F. E. Halliday, Loucks and Hoot's "Comparative Economic Systems, Fourth Edition," "American Economic History, Seventh Edition" by Faulkner, Arco course for the Civil Service position of "Clerk Grade 2," "The First Ladies in Fashion" by Randle B. Truett, containing many photographs of first ladies of the White House and showing the development of fashion over the years, and Dorcus and Shaffer's fourth edition of "Abnormal Psychology."

# The PLYMOUTH MAIL

Thursday, July 22, 1954 Plymouth, Michigan Section 4

## SOCIAL NOTES

Some of the hottest weather in the nation was experienced by Mr. and Mrs. Harry Wagenschultz, 1055 Carol, and Mr. and Mrs. Joseph Courtade, 11060 Gold Arbor, when they made a 5,500 mile trip to the west coast. They returned last week after 12 days of driving through the Southwest to Los Angeles, back through Sacramento, Reno, Salt Lake City, Denver, Lincoln, Nebraska and Illinois. They said that the 115-degree heat they found in the desert was expected, but they also arrived in Denver during the second hottest day in the city's history, 102. It was 115 degrees in Lincoln. But despite the heat, the couples report that other aspects of the trip were compensating.

Mrs. Walter Anderson of Dewey street will be visited by her sister and niece, Mrs. Clayton Bushaw and daughter, of Whitehall, Michigan.

Houseguests of Mrs. Lila Humphries this week are Mr. and Mrs. Victor Gremmel and little son of Sebawaing, Michigan.

Mr. and Mrs. Dale Arnold of Burroughs avenue entertained the following guests at a dinner Sunday, Mr. Pete Prom of Lakeland, Florida, Mr. and Mrs. Timothy Prom of Detroit, Mr. and Mrs. Charles Prom of Plymouth and Mrs. Anna Gustin of Plymouth.

Mr. and Mrs. George Bowles and family of Palmer avenue are spending this week vacationing in the northern part of the state.

Visiting at the home of Mr. and Mrs. Charles Arnold on South Harvey street are Mrs. Arnold's mother, Mrs. E. Knouse, and Mr. and Mrs. Ralph Martin and sons of Harlan, Iowa.

Mrs. J. Hodge of Detroit will spend the week with Mr. and Mrs. Bachelor of North Main street.

Mr. and Mrs. Howard Bowring of Bradner road spent part of the weekend at the home of Mr. and Mrs. Howard Knight in Monroe, Michigan.

Mrs. David L. Rieder, N. Mill street and Mrs. Roy Kehrl of Northville are attending the Houseparty of Baptist Women being held this week at Kalamazoo College.

Mrs. A. K. Brockelhurst, Mrs. Grant Camphausen, Mrs. Morris Ferguson and Mrs. Marcus Litzenberger attended the funeral service on Saturday of Mrs. Dae Butz in Angola, Indiana.

## HEALTH AND BEAUTY

Your legs will be getting a lot of attention during the summer months. Do all that is possible to make them smooth as silk. A sun-tan and a pair of flattering nylons will do for them what powder does for your face.

However, this is only the outside dressing. Pretty legs are always legs that get enough of the right kind of exercise. Exercise will also keep them pretty longer. Swimming has often been called

the perfect exercise for your whole body and is certainly on warm days the most pleasant to take. A brisk walk or bicycle ride is highly recommended.

Even beautifully shaped legs can be made unattractive looking if they are shaggy. There is a new electric razor—just for ladies—on the market. Or—a safety razor, carefully used will suffice. You may prefer to use one of the many hair removing products. Whatever you choose, be sure to keep your legs neat.

## Name August 1 As Plymouth Day For "Cinerama"

Plymouth Day for "This Is Cinerama" has been set for Sunday, August 1, at the Music Hall in Detroit. The new dimensional motion-picture entertainment is in a record-breaking run of 70 weeks at the Detroit theatre.

Frank Upton, managing director of the Music Hall, stated that large blocks of the best seats will be reserved for local residents who plan to attend the three performances on that day.

All reservations must be in to the Music Hall box office not later than Tuesday, July 27. The matinee begins at 2 p.m., with a special performance at 5 p.m. and the evening show at 8:40 p.m. Because all seats are reserved, an advertisement containing a coupon appears in this edition of the Plymouth Mail.

Give your toe nails a manicure. Take time to make it a good one. It is a good idea to rub your legs and feet with your favorite hand lotion after every bath. This will keep them smoother looking.

Stockings will make you more comfortable during the heat. Bare feet inside shoes will be glued together in a few minutes. There is a new "air-conditioned" nylon. It is made with hundreds of tiny holes along the sole. A perfect fit is more important than ever during the summer.

Most men say they like us in nylons. They also go for bare shoes with sandal-foot stockings.

## Branch Sends 4 to Workshop

Four local members of the American Association of University Women attended the organization's regional workshop last Thursday at the Birmingham Community House. Mrs. Ray Collins, Mrs. Kenneth Hulsing, Mrs. John Barnes and Mrs. Robert Houston represented the Plymouth branch.

Ideas were exchanged on membership participation in the A.A.U.W. study groups and on the planning of new programs for the coming year.

The local branch has seven study groups to which the members may belong. Two of these, the arts and radio-television study groups, are new to the club this year.

Linda Jo Pearson, seven-year-old daughter of Mr. and Mrs. Earl Pearson, Shearer drive, is recuperating in St. Joseph's hospital, Ann Arbor, from a broken leg. Linda expects to be released in about three weeks.

## Upstairs - Downstairs ALL AROUND THE HOME

### Laundry Shirt-boards Prove Useful in Home

Shirt boards, those cardboard backing sheets used by laundries to protect shirts from the time they are pressed until they are stored in dresser drawers by the homemaker, have many uses in the home.

Many males are in the habit of slipping such shirtboards from their laundered shirts and dropping them in the waste basket, ignoring the fact that they have a valuable variety of uses.

Homemakers will find many uses for the lowly but versatile shirtboard when they prepare food for the family. Vegetables or fruit for salads can be cut or peeled on one of the boards. The board makes a nice cutting surface, absorbs juices lost in cutting, and makes a sturdy wrapping when folded around the peels and disposed without mess.

Shirtboards are stiff enough to hold sweepings when no dust pan is handy, and if you're building a home, save those shirtboards to

pick up wood shavings, plaster, and dirt and mud tracked into the house.

Another variety of uses occurs when there is painting to be done in the house. When painting windows the shirtboard can be held over the glass so it will receive the excess paint. Boards can also be used as a guide or straight edge and as "splatter boards" under paint cans.

The shirtboards can also be used under potted plants to protect the painted or varnished window sill or can be placed on the newly scrubbed or waxed floor to prevent tracks or scuff marks.

Ever have to keep the children in the house because of rainy weather? Those shirtboards you've saved will come in handy for them to use in coloring, making puzzles or for building houses or boats.

Shirtboards can be used as picture backing when mounting photographs or paintings, as protection from sleet or snow if held in place by the windshield wiper on the family car.

Those whose tastes run to stencils can draw their own original designs on shirtboards. It is then an easy matter to cut and paint them on nursery, kitchen and bathroom walls.

### Lamb Blends Nicely With Variety of Herbs

Step into the field of herbs and a new adventure in cooking opens to you. The wide variety of seasonings available on your grocer's shelf allows great opportunity to introduce exciting new flavors to your family. And you will find that the flavor of lamb blends especially well with many of our herbs.

For example, with lamb try sweet marjoram, summer savory, rosemary, mint, dill and chives. This may be one herb alone, or in groups. However, a word to the novice, it's wise to start with one and experiment until you have found just the right amount of the right seasonings for your family's taste. It's always wiser to have too little seasoning rather than too much.

### Travelers Get Wardrobe Tip

To know what to wear in hatless Los Angeles, or at the opening of the International Festivals . . . to be correctly dressed on every occasion . . . is one of the distinctions and great pleasures of the well-dressed vacationist.

The correctly-dressed woman knows the worth of our great American casuals, the coat dress, the think-nothing-of-it sun dress, the sheath and the wonderful American mix-master separates!

With great ease you can dress divinely to dance on the terrace at the Lido or stroll in slim pants down Hollywood Boulevard, knowing full well that you look your best. You can have more fun, whether you're dancing at the Stork Club or swinging your partner in Virginia City, if you plan your vacation wardrobe wisely. Here, then, are some fashion facts that will see you off on that long-planned vacation in style!

First of all, you'll need an all-weather coat. One to take you from city to country . . . always right for plane, train or boat. Secondly, a classic dress is almost a must in every vacation wardrobe. The shirt type is good for city and travel; the sheath dress, scoop-necked and sleeveless, can be worn with "cover-up" for daytime, bare for dressy evenings.

Next, a simple cotton . . . striped, checked, flowered, polka dotted, or just independently plain and beautiful of color. It will go almost everywhere and season unlimited! Slim pants and jacket . . . shirt and shorts . . . bathing suit . . . these are the backbone of resort and country wear, at home and abroad.

Separates, a bonanza for the girl who likes to shift wardrobe scenery, are perfect for the dining room, the cocktail lounge or terrace. Pretty in light or dark cottons, jacketed for mountain haciendas.

These are the clothes to keep you fashionably dressed wherever you go. In some cases you'll want a short-evening dress for romance aboard ship or for city night clubs.

Cottons in wonderful colors and finishes are stressed. There are gorgeous glazed pima in coats, dresses, skirts and shorts; fluted plisse, seersuckers and denim in bathing suits, play clothes and dresses.

You'll have no regrets, no "well next time," when you go forearmed with a vacation wardrobe such as this.

### Best Soda of Summer Quick Home Feature

Fizziest fun of summer is a wonderful new soda quick to make at home. It has the lightest, most delicious chocolate flavor because it is made with quick cocoa powder that stirs into milk instantly. No heating is necessary. A scoop of ice cream makes it official that this is a real, soda fountain soda. For that bubbly, authentic finish, pour in sparkling water, or any favorite carbonated beverage.

"Soda and a sandwich" is a summer custom strictly U.S.A. It has long been popular at commercial soda fountains. Now your family can enjoy the same lunch at home, and it's so easy on you. Just arrange the sandwich set-ups as in the photo for folks to make their own. Have your Quick Chocolate Soda makings handy, and mix each fellow a Quick Chocolate Soda on the spot. It's such an easy task, the youngsters will want to take it over from you.

#### Quick Chocolate Soda

- 3 heaping teaspoons quick cocoa powder
  - Small amount of milk
  - 1 scoop vanilla ice cream
- Combine quick cocoa powder and milk in a tall glass. Add vanilla ice cream. Fill slowly with chilled sparkling water or other carbonated beverage.
- YIELD: 1 soda

### Try Peas Parisienne on Your Dinner Menu

Give a continental touch to America's favorite vegetable. No French - to - English dictionary needed for this one. Extra fancy peas, quick-frozen of course, are the only assurance you need that your dish will be tops! Try this pleasant variation and watch waning appetites perk up.

- 1 package extra fancy quick-frozen peas
  - 1/4 medium sized onion
  - 2 lettuce leaves
  - 1/3 cup consommé or chicken stock
  - 1 teaspoon sugar
  - 1/2 teaspoon salt
- Add sugar and salt to chicken stock, bring to a boil. Drop in

### Why Does Child Fail To Mind?

Your three-year-old child simply will not mind! If this is your problem, concentrate on WHY the child does not mind—instead of merely on the FACT.

Approach the problem much as you would the problem of the cake that failed to rise. What is the cause? That is really what you need to know. Begin by asking yourself these questions:

Is the child well and does he get enough sleep? Well-fed children have more energy to cooperate and rested children are more willing to take suggestions.

What tone of voice do you use when you ask your child to do something? Is it a request or is it a command? The rather gentle but positive manner usually gets better response than the command.

When asking your child to do something, do you allow time for the request to "get through" to him? Children are sometimes so engrossed that they need a moment to turn from one activity to another. Just what do you expect of your child? Are the things you ask within his ability—or does he give up in despair and refuse?

Is your three-year-old refusing to mind in order to gain attention? If you suspect this is the case, why not plan to give him more of your time and the feeling that he can gain your attention in more desirable ways.

### Picnics Call For Casual Clothes

A picnic . . . it's nature's holiday!

The only thing we like old-fashioned about this American pastime is the food and our appetites. As far as what-to-wear, we want to relax in modern style.

Fashionably speaking, nature's holiday that takes picnickers out-in-the-open, calls for care-free, easy-going styles with freedom from upkeep, high prices and confining lines. Practical clothes of the most casual informality that can literally be thrown into the tub are the order of the day.

This summer's picnic fashions follow two paths . . . the feminine pretty look and the casual, tailored boyish. That gives us the wonderful variety that nature affords. Whether the outing is going to be really country or a more social occasion, there are sportswear fashions for relaxation ranging from lean blue jeans to full skirts.

#### Gay Colors

Nature's own style of freedom that gives us the flowers that bloom, the bright grass that grows, the budding trees that sprout leafy branches, the water that flows from a rippling brook and the blue sky of this most wonderful season offers the same truly fabulous colors to fashion. How fitting is the word from Paris that this season the smartest hue is to be blue—from navy to sky blue. Also, pastel rose and cement-white . . . all of which are nature's own colors.

Pink play clothes as pretty as roses and aster blossoms that range from the palest to the deep

strawberry shades, couldn't be more flattering to all women.

Bursting forth are many shades of orange tones in solids and prints of beguiling patterns.

There's current fashion feeling for khaki. We'll see this high fashion color at play in plain fabrics, stripes . . . and making a strong point of polka dots.

#### Cottons for Comfort

In fabrics, cotton is socially at ease and firmly established as the leader for summer playgoers. The fresh, clean feel of cotton is enough to tempt the choicest. All are quickly tub-able . . . their colorfast flowers do not run in the wash and they are always a sign of crisp smartness.

For those who favor them the man-made fabrics are more in evidence this summer than ever before, with daeron in the lead. Like cotton, it takes on new textures that enhance the plain practicalities of the miracle fabric. Denim is much a part of the picnic scene as food and informality. Hibiscus pink playuit has "paper candy" trimmed elasticized halter and waistband. In contrast to the bare, pretty look is the covered-up, tailored boyish fashion.

Slim limb blue jeans have large pockets and come in dark or faded denim. Denim is ideal for the "walking shorts" for the man who has to take over culinary duties at the charcoal grill. The sterner sex has a wider choice . . . faded or navy blue, charcoal or brown. Short sleeved shirt with action back comes in several stripe combinations.

Canned apple sauce is handy to keep on your kitchen emergency shelf to use for dessert quickies or to accompany a meat or fowl course. It's good, too, in cookies, cakes, quick loaves.

# BUILDING NEWS

Helpful Hints Concerning Building, Remodeling, Repairing & Redecorating

REMODEL  
OR  
BUILD

THE MODERN TREND in bathrooms is toward the fully tiled room, lending the sparkling cleanliness so important in a bathroom. One of these is shown above in a recently constructed home on Simpson street. The gleaming white fixtures in the bathroom were installed by Glenn C. Long Plumbing and Heating of Northville.

## Make Your Rooms More Attractive, Brighter by Repainting Woodwork

Few things you can do yourself inside the house can brighten it up as much as some paint on the woodwork.

With relatively little effort, a room can be transformed into a gay and more interesting place by putting finishes on the doors, baseboards and windows. The same goes for the stairways—if you have them.

All you need is to invest a few dollars for some good finishes and paint brushes—the only tool which can do an adequate job on this type of surface—plus some time and talent in choosing the colors and doing the work.

You can use the newer synthetic or "orthodox" paints, enamel, varnish stain or clear varnish on your woodwork—depending on the final impression you want to produce. And if you choose the proper brush for each job, you should be assured long-lasting, attractive results. In this connection, the Paint and Varnish Brush Division of the American Brush Manufacturers Association makes the following helpful suggestions:

For baseboards and door

frames, use a 2½ or 3-inch brush. To paint around window sash and other small trim, a narrow sash brush should be used, probably 1½ or 2 inches wide.

A varnish or enamel brush, 2½ inches wide with chiseled edge is recommended for these finishes.

Before you start, remove all the hardware that is in the way. Then be sure that the woodwork is clean. Grease, oil or wax can be removed with turpentine.

After the surface is dry, sand it smooth. Fill putty cracks and nail holes with wood putty; sand lightly again after the fillers have dried, so that your wood surfaces are nice and smooth.

Now comes an important thing to do: carefully read the directions on the can of the finish you are going to use. This cannot be overemphasized—yet it is something that is constantly overlooked.

Enamels and paints must be stirred well, but varnishes should be neither stirred nor shaken, as to do so might cause air bubbles that would prevent you from doing a good job.

Now you are ready to paint.

Dip the brush into the can for about a third the length of the bristles—never more than half-way. Brush first across the grain of the wood, then brush with the grain. Never pile your finish on thick—two thin coats will do better than one thick one.

Millions of American homes are of wood on the outside—and we well know the importance of keeping them well painted. Furthermore, it is estimated that painting a house adds about 12% to its value. Not everybody can paint a house on the outside—but they can do something about the woodwork indoors, as well as the walls and ceilings. In doing so, they can add individuality to the home, also do much to protect the wood and thus also add value to the house. And besides, it's something you can do at any time of year.

## Modern Bathroom Starts With Fixtures

Paint may cover a lot of things, but it can't modernize an old bathroom, says the Plumbing and Heating Industries Bureau.

Bathroom modernization should start with the fixtures. Outmoded plumbing fixtures not only give away the true age of a home, but they are unattractive and inconvenient to use. In many cases, they may be chipped or worn due to carelessness or improper care.

When you're thinking about redecorating, look at your bathroom with a critical eye. Is it arranged conveniently? Are the fixtures dull and unattractive? Are more fixtures needed to accommodate the family?

It's a good idea to call a plumbing contractor and ask him to look your bathroom over. He will have many practical suggestions that will add convenience and save you money in the long run. He can estimate just how much it will cost to modernize your bathroom properly.

In many cases you may be able to finance the cost with your present mortgage. Through an "open end" mortgage arrangement, he may be able to lend you back some of the money you have already paid into your home. Or if this is not practical, then the bulk of the cost can be financed with an FHA home modernization loan at low interest rates.

A SMALL HOUSE PLANNING BUREAU DESIGN NO. B-324

DESIGN B-324. This efficient two bedroom plan has the advantage of being expandable. A third bedroom can easily be added by using the present closet for an extension of the hall, without disturbing the rest of the house in the process.

The roomy kitchen-dinette is arranged to cut down on extra steps, while leaving plenty of space for comfortable dining. The plumbing is grouped in one wall for easy installation and the plans call for a full basement, an attached garage and covered porch in the rear.

The exterior finish includes wide siding, asphalt shingles, a picture window, planter and wide eave overhang. The floor area is 936 square feet with 17,764 cubic feet.

For further information about DESIGN B-324, write the Building Editor, The Plymouth Mail.

## Avoid Design Extremes When You Plan To Buy A House

Don't buy a house if it isn't worth selling again.

That's the advice from reputable builders around the country. Sure, you may plan to live in your new house the rest of your life, but unforeseen events often life, but unforeseen events often children growing up and away, new interests, illnesses, any number of things, can make it necessary to sell the house.

It's good common sense, therefore, to buy more than superficial glamor in a house. The soundest advice, builders say, is to stick with the "middle-of-the-road" trend in modern housing, avoiding extreme styles. And buy the best you can afford, they urge, because only quality pays off in the long run.

In buying quality, you'll find it easier to keep the house in top condition for possible re-sale. The use of such standard materials as waterproof, durable clay tile in kitchens and bathrooms, for instance, means that redecorating

is never needed—an expensive item in many badly planned homes.

Modern conveniences such as air conditioning, scientifically planned lighting, automatic garbage disposers, recessed storage space, handy laundries, and quarry tiled terraces are all becoming an expected part of every new house. To shop for anything less today is to ignore the terrific strides housing has made in the last few years.

Other things to consider when buying a house—always with the thoughts of its re-sale potential in mind—are these: Make sure the neighborhood is established. Beware of the "cute" small house; it's often built for hurry-up sale. Remember that one and-a-half or two bathrooms with clay tile surfacing are the rule today for the quality house. But above all, avoid extremes in design. Fashions change and you may find yourself with a "dud" on your hands in later years.

## Window Shopping With Sue

A recent idea based on the theory that every room in the home has a personality and type all its own, and should be treated as such, has brought forth the use of photo murals. These murals are available through Pease Paint and Wallpaper company, and Jerry Pease tells me that, contrary to public opinion, they are no longer out of the range of the average pocketbook. When first introduced, a full-wall covering, 15 feet by seven feet, used to cost about \$700, and now the home-maker can purchase a lovely photo mural of the same size for \$79.50. More over, the smallest mural, three and a half feet by five feet, may be yours for only \$14.75.

The mural trend is an outgrowth of the one-odd-wall decorative scheme, which you've probably seen in such varied combinations as the picture window, the contrasting wallpaper and extended draperies. Actual photographs in color or sepia, and enlarged to wall size, these scenic papers may be of mountain country, ocean shores, desert, placid lakes or what have you. And don't forget those wonderful new drapery and upholstery fabrics created to match exactly the design and color of your wall-papers. Pease Paint specializes in correlating fabrics and papers and will gladly assist you with any decorative problems you might have.

## HERE'S HOW...

### ... MAKE A SEESAW

A safe, sturdy portable seesaw is easily made, using 2-inch lumber.

First make two A-frames as shown in the drawing. To avoid angle measurements, a frame pattern may be drawn, full-scale on large paper or on a basement floor. Then the angles are marked off on the lumber.

The frames are joined with 3 pieces of 2 by 6: a cap and two lower connections. These may be

nailed with 40-penny nails. All other fastenings are 4-inch carriage bolts, with the smooth heads of the bolts on the inside of the structure.

A 1-inch pipe, 23 inches from the ground level will support the seesaw plank. If threaded at both ends, the pipe may be capped with a flange or collar to prevent slipping. If it is not threaded, holes may be bored for a bolt, used as a cotter pin.

## These Events Were News

### 50 Years Ago

July 29, 1904

Ira Wilson is building a basement under his barn on the old Hawkins homestead.

Captain Sphinx, George Miller's pacer, took second money in the 2:10 pacing race at the Detroit Blue Ribbon meeting last Monday. The best time made by the winning horse was 2:04 3/4.

The same old sneak thief again broke into D. A. Jolliffe's store Friday night and secured about \$3 in cash. Mr. Jolliffe should set a bear trap for him, or something of that kind.

Mrs. Julia Stewart received a letter Wednesday acquainting her of the death of her mother, Mrs. Laura Blackman, which occurred at Berkeley, California, a week ago yesterday. Mrs. Blackman was one of the oldest pioneers of Plymouth and is well remembered by the old citizens.

William Root, of Canton Township, made complaint before Justice Valentine yesterday morning against Harry Bowen, of Detroit, a brother-in-law, charging with assault and battery. Mr. Root had a badly bruised eye as a result of the encounter. Officer Springer is after his man.

On complaint of Louis Minehart, three hoboes, who were loitering about his farm Wednesday, burning up his wood and fence, were arrested by Officer Springer and brought before Justice Valentine. They pleaded guilty and were fined \$5 or 30 days each. They took the latter alternative.

Some fellow was evidently of the opinion that photographer E. P. Baker kept his surplus cash hid away in the cameras in his gallery. Several cameras are stored there by outside parties besides his own, all of which were opened last Friday night and examined. Nothing else seemed to be disturbed. The fellow gained admittance by breaking a pane of glass out of the skylight.

Mrs. John Forshee will have a Japanese tea party for the woman's foreign missionary meeting at her home Wednesday afternoon, August 3, which will be the annual mite box opening.

John Reiman, John Robinson, David Mott and Ben Hix all spent the first part of the week camping out and picking huckleberries.

### Lissner and August Barnowski of Detroit.

Mrs. R. A. Kirkpatrick gave a birthday party for her son, Bobby, Wednesday afternoon. He was just five years old, and entertained 10 of his little friends.

Mrs. C. H. Bennett and Miss Pauline Peck were hostesses to 80 of their friends at a beautifully appointed bridge luncheon at the Detroit Boat club at Belle Isle on Wednesday.

A card came from Chief of Police George Springer, who, with Mrs. Springer and family, is enjoying a trip to Washington, D. C.

James Mackey, an engineer of the Mack Craft Amphibian corporation, spent the week-end with his parents in Detroit.

Mr. and Mrs. R. S. Wood and Mrs. Nettie Townsend spent Sunday with Mr. and Mrs. Harry Scott of Detroit, who have just returned from a motor trip through the east. While in New York, they called on Mr. and Mrs. Harry McClumpha at Tribe's Hill.

### 10 Years Ago

July 21, 1944

Gerald Shoemaker, son of Mr. and Mrs. Harry Shoemaker of Pacific avenue, is now in an air base hospital, somewhere in the Pacific, suffering from shell shock.

Mrs. J. L. Singleton, of North Mill street, an employee of the Bomber Plant, has just been advised by the war department that one of her sons in the armed forces of the nation, Roy Singleton, has been seriously wounded in action in France.

Walter Jendryka, one of the Plymouth Mail boys who entered the armed services of the country during the early days of the war, has just returned from the Aleutian Islands where he has been stationed for over two years. He has been granted a furlough and will spend the next three weeks in Plymouth with Mrs. Jendryka and his many old friends. During the 26 months he was in the Aleutians, his outfit saw service on a number of the islands.

Greetings! To Plymouth's youngest war mother. It has just been learned that Mrs. Lester Burden, mother of Charles Burden, is the youngest mother in Plymouth to have a son in Uncle Sam's Army.

Robert Beyer, Ph. M2/c has arrived home from the United States Naval Hospital at Farragut, Idaho, where he will spend a 10 day leave with his mother, Mrs. O. F. Beyer and family.

Lieutenant Everett Hartwick of Camp Grant, Illinois, is spending the weekend at the home of his brother and family, Mr. and Mrs. Carl Hartwick of Northville road.

Roberta Orr, daughter of Mr. and Mrs. R. C. Orr of Beck road and a June graduate, recently received word that she had been awarded a two-year scholarship to the Michigan State Normal College at Ypsilanti, where she will pursue a teaching course.

Robert Egge, son of Mrs. Martha Egge of Arthur street is enjoying a brief furlough home from an Army station at Manchester, New Hampshire, where he was recently transferred from northern Maine.

Mr. and Mrs. John Henderson attended a family dinner in Redford, Sunday, at the home of Mr. and Mrs. Byron Gurry, in honor of their nephew, Jack Baker, who was home on leave from the Great Lakes Naval Training Station.

For some time petty thieving has been going on at Phoenix park, and last Sunday night boys saw two men breaking into cars parked at the roadside, and notified Deputy Sheriff Albert Williams, who arrested two men who gave their names as Robert

THE PLYMOUTH V.F.W. AUXILIARY carried away top honors publicity-work when it was awarded the highest place in the state for the finest publicity work for the past year. Shown here with the trophy received by the auxiliary is Mrs. William Norman, last year's publicity director and currently president of the group. Mrs. Norman stated that without the cooperation of The Plymouth Mail in handling publicity the auxiliary could never have won the trophy.

### Dog Days Mean Additional Care For Your Lawn

Summertime, when the living is supposed to be easy, home owners must often work frantically to keep their greenery green.

This summer, after a particularly dry winter, proper treatment of lawns is more important than usual, according to Dr. Marion T. Hall, botanist at Cranbrook Institute of Science.

Healthy grass depends directly on the amount of water available to its roots, he says. Long-rooted grass has a much better chance of surviving the dog days of July, August and September, the months when lawns suffer the most.

It is still not too late to encourage deeper root growth, although advance preparation for dry periods is better. Proper harrowing, mowing and watering are the keys to sturdy chlorophyll.

Harrowing loosens earth around the roots and lets in air. For beginning or reconditioning lawns Dr. Hall recommends disc harrows with the discs set straight. Well developed turf is best served by punch harrows, consisting of spikes of various lengths which air-condition the roots without slicing the surface growth.

Proper mowing is essential. Two most common faults in mowing grass are cutting too close to the ground and taking off too much at one mowing. Grass should be kept from 1 1/2 inches to 2 inches tall. Never more than one inch of tops should be cut at one mowing.

Watering is probably the most important treatment. A lawn should not be watered lightly or too often. The rule is thorough, but infrequent, drenching.

Fall applications of fertilizer will make next summer's job a lot easier. Dr. Hall suggests, as a good average dressing, ten parts nitrogen, six parts phosphorus and four parts potassium, applied at the rate of 600 pounds to the acre.

### Burroughs to Get Edison Power

After 50-years of supplying most of its own electric power needs Burroughs Corporation will tie in to Edison Company lines this fall at Plymouth and Detroit plants and discontinue operation of all electric generating equipment.

The Plymouth Plant Powerhouse will still be used for the manufacture of steam heat and compressed air, but turbines and other electric generating equipment will be removed to make room for new product manufacturing processes.

"The move is the result of a corporation-wide study of the company's long range power needs", Robert A. Niemi, Plymouth plant manager said. "The purchase of power will reduce our operating costs and eliminate large expenditures which would otherwise be necessary during the next few years for replacement or addition of electric generating equipment".

### Recommend No Changes in Rabbit Hunting Season

Game workers have recommended no changes be made in the hare and rabbit seasons this year, and have suggested only slight changes in squirrel hunting regulations, the conservation department reports.

Wildlife workers say that populations of cottontail rabbits are again good this year and that numbers of snowshoe hares are fair to good.

They recommend an October 1-March 1, inclusive, season in the upper and northern lower peninsulas, except that a closed season on cottontail rabbits is again urged for Beaver Island.

In the southern lower peninsula, an October 20-January 31 season on rabbits and hares was recommended.

Fox and gray squirrels are again plentiful in the lower peninsula this year and game workers have asked that the maximum season as set by law—the same as provided for hunters in the lower peninsula last year—again be authorized this year. That would provide an October 20-November 10, inclusive, season on both species, with maximum bag limits as set by law.

For the upper peninsula, game men have urged that the entire region be open to gray squirrel hunting from October 1-20 and that no season be authorized on fox squirrels. In 1953, only the western UP was open to gray squirrel hunting. As for the last several years, the gray squirrel bag limit in the upper peninsula will be reduced from the maximum set by law.

The conservation commission will decide season limits on most small game species at its July 19-20 meeting at Haven Hill.

They who await no gifts from chance, have conquered fate. —Matthew Arnold.

### Hens Eating Up YOUR PROFITS? Feed Economical NEW Larro SURELAY

(FORMERLY LARRO EGG MASH)  
You may think you are saving money by buying a cheap feed. But you're probably really losing potential profits. A better feed that produces just one extra egg per bird every month is worth \$1.12 more per bag.

A Leghorn hen eats about 40 lbs. of Larro SureLay a year, so 50 hens will eat about a ton. An extra egg each month from 50 hens is 600 eggs or 50 dozen eggs each year. Fifty dozen eggs at 45 cents a dozen is \$22.50 EXTRA PROFIT for each ton of Larro SureLay fed.

Just one EXTRA EGG from each bird every month makes LARRO SureLay worth \$22.50 more per ton or \$1.12 more per bag. And you'll probably find that your hens will produce an extra 2, 3 or even more eggs each month when you feed them LARRO SureLay.

Don't Throw Away Dollars to Save Pennies on Egg Mash. Feed New Larro SureLay

## "Motor News" Describes Plymouth Colonialization

Plymouth gained another laurel for its attempt to make the city a real colonial community with the publication of an illustrated article on the trend in the July issue of "Motor News," official publication of the Automobile Club of Michigan. Particularly lauded is the work of Hotelman Ralph Lorenz and Chamber of Commerce secretary Nat Sibbold in promoting the colonialization.

Author Carl Pavsner says that "their eventual goal is to convert the town . . . into a replica of a Colonial community. Their method is to redesign all business establishments and as many homes as possible in a setting of early-American (Georgian) architecture."

He points out spots of interest, such as the Mayflower hotel with its rooms inspired by the Pilgrims' story, the Plymouth Mail building, Schrader's, Hillside Inn and the Plymouth Colony residential area. Pavsner also tells of plans of Henry Penhale to construct a replica of the fort that stood near Plymouth Rock to house his wood-working shop.

Also complimented is the work of the Plymouth Symphony orchestra and the Hallowe'en window dressing idea. Comments Pavsner, "In Plymouth, tradition is a co-worker, not the boss."

## NEWS from the PLAYGROUNDS

Bird playground was awarded first place for the best float in the Independence Day parade. Their float depicted the 150th anniversary of Lewis and Clark Expedition.

The idea was originated by Steve Hayskar who also took the part of Lewis. John Jousma was chairman and also portrayed Clark. The Indian maiden was Jane Jousma and her son was Robert Wilson. Her attendants were Carol Otwell and Judy Eley. Ronald Anderson, John Lickiey, and Benjamin Creech portrayed the other pioneer explorers of the expedition. Susan Hayskar and Trenton Taylor carried the flag that preceded the float.

This year Starweather school is planning a Tot-Lot program. This is offered by the Recreation department and supervised by Sue Robinson and Janet Spigarelli. The program will run from 9 to 12 in the morning. The program started June 21 and will continue until August 13.

John Bushamp is the editor of the cross-word puzzle section in the Playgrounds-News published by the Allen playground.

Patrol members are: Tom Abraham, Danny Hartford, John Bushamp, Arthur Johnson, Diane Deja, Joyce Everett, Nancy Austin, Kitty Eckstrom and Nancy Gibson.

The purpose of the patrol is to keep the bikes of the playground in their racks, put out and inspect play equipment, see that the room is in order and help supervise special trips.

The beginning attendance of 3 on the Allen Playground has risen to 24. That's a nice amount but there's still lots more room for everyone. Anyone from school age into the teens is welcome. Come join the fun.

The first printing of the Allen Playground News was recently distributed. This paper, which is sold for 2c is distributed by the Allen Playgrounds. So Allen neighbors, watch for the "paper boys and girls."

Starweather playground held a Junior Olympics for its first special event on Thursday, June 30. Winners in the races were:

Running race: First Place-Lon Hadwin, Second Place-Duane Rider, Three Legged race: First Place-John Hadwin and David Swan, Second Place-Lon Dickerson and Tony Hunt. Distance Jump: First Place - Lon Dickerson, Second Place-Joe Wiseman. Relay race: First Place- Sharon Stremick, Dorothy Stremick, Danny Stremick, Lon Hadwin, Kathy Merry Field, Second Place-David Swan, Joe Wiseman, Lon Dickerson, Barbara Norman, Marjorie Johnson.

Walking race: Lon Hadwin - First, Dick Freeman-Second. Throwing race: First Place-Duane Rider, Second Place-Dick Freeman. Bike race: First Place-Duane Rider, Second Place-John Hadwin.

Ribbons were awarded to first and second place winners. Judges for the event were the playground supervisors, Sue Daniels and Nancy Coates.

The Allen playgrounds who attended the 4th of July Parade were James, Michael, and David Davies, Peter Ackerman, Carolyn Eckstrom, Danny Hartford, Joyce

Everett, Nancy Austin, Carol Lamb, Diane Deja, Nancy Gibson, Sue Crowthers, Elaine Moran and Garry King.

The Allen playground held a Community Pot-luck Picnic in the Riverside Park, corner of Haggerty and Edward Hines Drive on Thursday, July 15 at 6:00 p.m. The Allen neighbors brought food and beverage for their own families and a dish to pass. The purpose of this get-together was to promote the playground and to show the parents what we are trying to accomplish this summer.

The playground's picnic held a candy sale at the picnic, the proceeds from which will go into the playground treasury.

All families in the Allen school vicinity are welcome.

The Allen playgrounds enjoyed a picnic Friday noon, July 2 at Riverside park. They brought their lunches and roasted hot dogs and toasted marshmallows. After playing on the swings, slides, and teeter-totters, relay races were held. First place went to Linda Jordahl, 11, of 40870 Joy road, second place went to Carolyn Eckstrom, 11, of 9563 Gold Arbor road, and in third place was Bob Busse, 10, 11825 Morgan street.

Allen Playground and Starweather playground will visit Greenfield Village all day on Wednesday, July 14. The Allen Playground will be closed for this day.

Central playground was thrilled Monday when it was announced that their 4th of July float won second place. With the prize money free Kool-Aid (two glass limit) each Friday will be served.

The Centralites portraying the signers of the Declaration of Independence were, Virginia Signorelli, Bill Signorelli, Pete Signorelli, Byron Brown, Becky Lyons, Roger Wilhelm, David Felig and Jared Stevens, in case you couldn't recognize them in their white wigs. Tom Lock was the T.V. cameraman who helped carry the "You Are There" theme through.

Playground Kiddie's Parade winners in the Independence Day parade were: first place float, Bird; second place float, Central; third place float, Smith; first place bike, Susan Patterson; second place bike, Randy Roberts; first place wagon, Scott Dodge; second place wagon, Gordie Patterson; best dressed girl, Kathy West; best dressed boy, Bill Lenaghan; cleverest girl, Susan Hayskar; and cleverest boy, David Richard.

Winners of the Independence Day games and contests were the following:

Age 5-7 Shoe Scramble: Girls: Jacqueline Krska; Gloria Drews; Mary Rank. Boys: Buz Glass; Sandy Schaper; Richard Forester.

8-9 Shoe Scramble: Girls: Penny Wolfe; Cheryl Wright; Mary Dempsey. Boys: Jimmy Weisemar; Edward Leininger; Byron Brown.

10-11 Three Legged Race: Girls: Kathy Clyde, Carolyn Scott; Vickie Schipper, Sandra Glassford; Celeste Arjay, Donna Terry. Boys: Don Bloomhuff, Pat McKenna; David Schoeneman, Robert Klinske; William Conover, Mike Knapp.

12-14 Three Legged Race: Girls: Sandra Reusch, Barbara Reusch; Rosalie Lomonaco, Linda Duman; Kerstie Schipper, Jackie Potter. Boys: Jim Schmidt, Bill Carter; Tom Locke, Denny Arm-

strong; Edward Soleau, Paul Utley.

5-7 Balloon Race: Girls: Nancy Young; Susan Young; Joelle Venese Kuczyski. Boys: Sandy Schaper; Ronnie Rank; Alvin Roberts.

8-9 Balloon Race: Girls: Sandra Adams; Patricia Shereda; Barbara Schaper. Boys: Allan Warner; Charles Elwell; Skip Taylor.

10-11 Balloon Race: Girls: Mary Lou Argo; Karen Clyde; Sandra Glassford. Boys: Paul McConnell; Robert Klinske; Peter Lomonaco.

12-14 Balloon Race: Girls: Dolores Mault; Barbara Thorpe; Linda Duman. Boys: Edward Soule; Richard Anderson; Tom Locke.

### Scout Troop Six Attends D-Bar-A Boy Scout Ranch

Boy Scout Troop 6 returned Saturday from the D-Bar-A Scout Ranch, near Metamora, after a very successful week in camp. The troop won the Camp Water Carnival, defeating four troops from Dearborn by placing first in the advanced swimmers relay, beginning swimmers relay, canoe race and hand paddling canoe race.

Twenty-one merit badges were won in the subjects of forestry, fishing, swimming, life saving, canoeing and cooking by Scouts Tom Ferguson, Jerry Foreman, Sam Hartloff, Larry Kunkel, Richard Parker, Tom Simmons, Gary Strasen and Jack Vincent. Scouts Ronald Bondie and Harry McConnell completed the requirements for first class scout.

The troop also carried out a conservation project, as a part of the nation-wide Scout Conservation Good Turn, clearing out "weed trees" on a part of the Ranch and replanting the area in pine.

Troop Six is sponsored by the Plymouth Lions club and meets Monday nights at the Smith elementary school. Its leaders, Scoutmaster Ed Miller and Assistant Scoutmaster Robert Johnson, both accompanied the troop to camp.

## Youngsters Warned of Blasting Cap Dangers

Many children are victims of blasting cap accidents each year. Some lose fingers and hands, others are blinded.

In a cooperative effort to cut down these unnecessary accidents, the United States Post Office Department and Bureau of Mines today joined forces in a nation-wide educational campaign to alert boys and girls to the danger of blasting caps in inexperienced hands.

A two-color poster to inform children what blasting caps are and warn them to leave them alone is displayed in the Plymouth Post Office as well as in 40,000 other post offices across the nation. In big red type the posters warn boys and girls "DON'T TOUCH BLASTING CAPS". It shows four different types of blasting caps and admonishes youngsters to report to a policeman or sheriff, or some other adult, if they find one.

Blasting caps are shiny, pencil-sized metallic cartridges which, when inserted into sticks of dynamite and set off by a burning fuse or electric charge, trigger the dynamite's explosion. The caps in themselves are dangerous since they contain a powder charge that can set off by careless handling, shock or heat. Fragments from the cap's disintegrating metal casing can puncture an eye, rip a hand, or, in extreme cases, cause death.

Great expansion in mining, road building, quarrying, construction and other essential American industries has greatly

increased the demand for commercial explosives. And where dynamite is used, whether it be for clearing a field of stumps or building a skyscraper, blasting caps also must go.

A decade or so ago, there were hundreds of blasting cap accidents a year. Largely through a nation wide safety program, such accidents have been markedly reduced in recent years. Although this was a major accomplishment, in face of dynamite's growing use and the large increase in child population, even a single blasting cap injury is too many.

Last year the National Education Association, the Boy Scouts, the international associations of police chiefs and fire chiefs, the National Sheriffs' Association, together with the Post Office Department, the United States Bureau of Mines, and many other national organizations helped distribute and display about 400,000 safety posters and several thousand boards on which were mounted dummy blasting caps so that children can learn to know what they look like.

Despite this campaign, caps continue to be carelessly stored or lost. The Institute of Makers of Explosives, 250 East 43rd street, New York City, coordinates the campaign to protect boys and girls from injury by blasting caps. They provide free posters and study discussion sheets for teachers and adults to use in explaining the dangers of blasting caps to youngsters and have

available for loan a 15 minute, 16mm. film, "Blasting Cap", in color and sound.

### LITTLE TOO WELL

Walking through the woods, the artillery officer was surprised to see a number of men climbing trees and crawling through bushes. "What's the great idea?" he snapped. "What do you men think you are doing?" "Well, sir," said the sergeant, "we've discovered the gun's so well that we can't find it."

If you are stepping up from the box camera class to costlier and more versatile equipment you may find that you have more decisions to make than an apple sorter at harvest time.

Once you have decided on the type of camera you would like to work with (there are five general types: the single and the twin-lens reflex; folding roll-film; press and view; and 35mm), you should consider several basic qualities which will largely determine future satisfaction with your purchase. Optical excellence, ease and convenience of operation, and mechanical quality should be taken into account. Lens speed, accuracy of shutter and rangefinder, and compactness will also contribute to better picture-taking.

Of course, there is no such article as the perfect camera for everybody, but there is a perfect camera for any given individual. In other words, there is a camera practically tailored to meet any person's particular photographic ambitions and scope of technique. Buy wisely, folks, because your camera is an investment which will provide many pleasures for years to come.

By the way, we stock a full line of cameras ranging from the latest versions of the trusty box camera to the slickest articles in the field. We have 'em to fit every shooting need and every budget. Stop in soon and we'll be happy, as always, to help you make the proper selection. Consider THE PHOTOGRAPHIC CENTER as your headquarters for the latest tips and techniques in the camera field. We are located, you know, at 821 West Ann Arbor Trail.

## OUTDOOR NOTES From The MICHIGAN DEPARTMENT OF CONSERVATION

After more than two years in the making, the conservation department has announced the release of "The Michigan Deer Story," its new color-sound film on one of the knottiest problems in state conservation work.

The film packs into 26 minutes the history of Michigan's deer work, the management procedures now being used and the hopes for the future of the state's whitetails.

Deer hunting is big business in Michigan. Sportsmen spend at least \$25 million on equipment, transportation, services and supplies for use in deer hunting in the state each year. The value of the meat alone derived from the herd is estimated at \$3 million. A vast but intangible value comes from recreation obtained from hunting and from simply watching the animals.

The film traces the early growth, decline and subsequent modern development of Michigan's herd.

Few deer were available before the white man arrived; the virgin forests blocked out sunlight and cut off undergrowth that deer needed for food.

But when lumbermen arrived, they chopped vast holes in the forest and let sunlight reach the earth. The undergrowth built up and the herd began to grow.

Then wide-open market hunting and disastrous forest fires cut the herd until it reached an all-time low around 1900.

Protective laws brought the whitetail back, but then a new danger grew to menace the herd—there were so many deer that starvation began. Conservationists realized that the best way to keep the herd large, healthy and useful to man—just as any crop is useful to man—was to keep it in line with its food supplies.

"As the rancher must keep his herd of cattle down to the size of available foods, so Michigan must keep its winter deer herd down to the amount of winter food available," the film points out.

Thus, in 1952, an "any deer" season was authorized as the first attempt to hold the herd down to where it should be.

The film shows the need for such seasons, the way they operate and the general thinking behind deer herd management.

Schools, service groups, sportsmen's clubs and other organizations may obtain free loan copies of the film from the department's film loan service at Lansing 26.

Civil service appeal board decision clearing an upper peninsula conservation officer who appealed a 90-day suspension based on grand jury findings will not be challenged by the conservation department.

The officer, Bernard A. Stephansky of Marquette, in charge of department law enforcement activity in the upper peninsula, was suspended by director Gerald E. Eddy on February 9.

The appeal board on June 25 ruled that his suspension was without justification and ordered his reinstatement.

Eddy said he will not move to discipline Stephen and Michael Kukura of Crystal Falls, veteran fire officers who invoked the Fifth Amendment against self-incrimination in refusing to testify during the appeal hearing.

Attorney General Frank G. Millard had instructed Eddy that the refusal of the Kukura brothers to testify was justification for their dismissal from service.

Circuit Judge Donald E. Holbrook of Clare, serving as grand juror in a year-long investigation of alleged fraud and misconduct on the part of department employees above the Straits, had advised Eddy that testimony taken was sufficient reason to discharge seven employees of the department.

Eddy emphasized that at no time had the testimony been made available to him.

Eddy secured the resignation of one man, Chester W. Bonney, in charge of the department's Baraga headquarters, absolved another and invoked lesser disciplinary measures in four instances. None of the four appealed.

Four lampreys were found attached to a 26-inch brown trout

taken from Cole Creek west of Manton during the weekend, conservation department fisheries workers report.

They were believed to be chestnut lampreys, one of five species found in Michigan waters.

Fish men doubt that the troublesome sea lamprey, which in recent years has ravaged trout populations in the Great Lakes, has penetrated Michigan streams very far.

The trout was taken by Keith Cantaine of Eaton Rapids. He said the lampreys were 6-10 inches long and chestnut colored. The adult sea lamprey is gray-black and measures about 18 inches.

## Michigan Educates Trout In The Art of Survival

Michigan's pioneer experiment in "training" trout indicates—according to the research workers involved—that the work has been "significantly" successful.

State officials have received a preliminary report from Psychological Research Services, Inc., the independent group that under conservation department contract has been "sending trout to school"

at Oden hatchery during the last year.

The report says that, compared to untrained trout, the trained fish showed a higher rate of winter survival and that the angler's catch of trained trout was more evenly distributed over a long period of time.

These have long been two of the biggest problems in trout planting work. The fish were always too easy as targets for the fisherman's lure and few even survived opening week of the season.

Also, experiments showed that hatchery fish rarely lived through the winter when planted in streams or lakes after the close of trout season.

The psychological experiment was an attempt to teach the fish, while in hatchery ponds, how to live after release in natural streams.

Fingerling-sized brook, brown and rainbow trout were taught how to feed as natural fish, how to avoid birds and other predators and how to regard humans with suspicion.

After training the fish were released last fall in a blocked off, experimental portion of a natural stream. In the spring, it was found that: "A high rate of survival was realized for all types..." according to the report.

On legal-sized fish, the report says the training proved of little value to brook trout, but of significant value to rainbows. Few of the legal-sized brook trout survived the winter, but a high percentage of the "bows" came through.

The report says the trained fish also proved their superiority to untrained fish by avoiding anglers with studious caution. Untrained fish have long been notorious for their gullibility; if fish can be trained to be tougher to catch, the angler can be provided with more sport.

The year of research work ended with the close of the fiscal year on June 30; the conservation commission is expected to discuss the report and results of the work at its next meeting.
