

It's Back To School Day Today

Sights of young folks plodding along the sidewalks with books under their arms and of school busses kicking up dust along the country roads was a sure sign that summer vacation had ended today for some 3,350 boys and girls in the Plymouth township school district.

Nearly 500 other youngsters in the Lutheran and Catholic parochial schools also returned to classrooms yesterday and today.

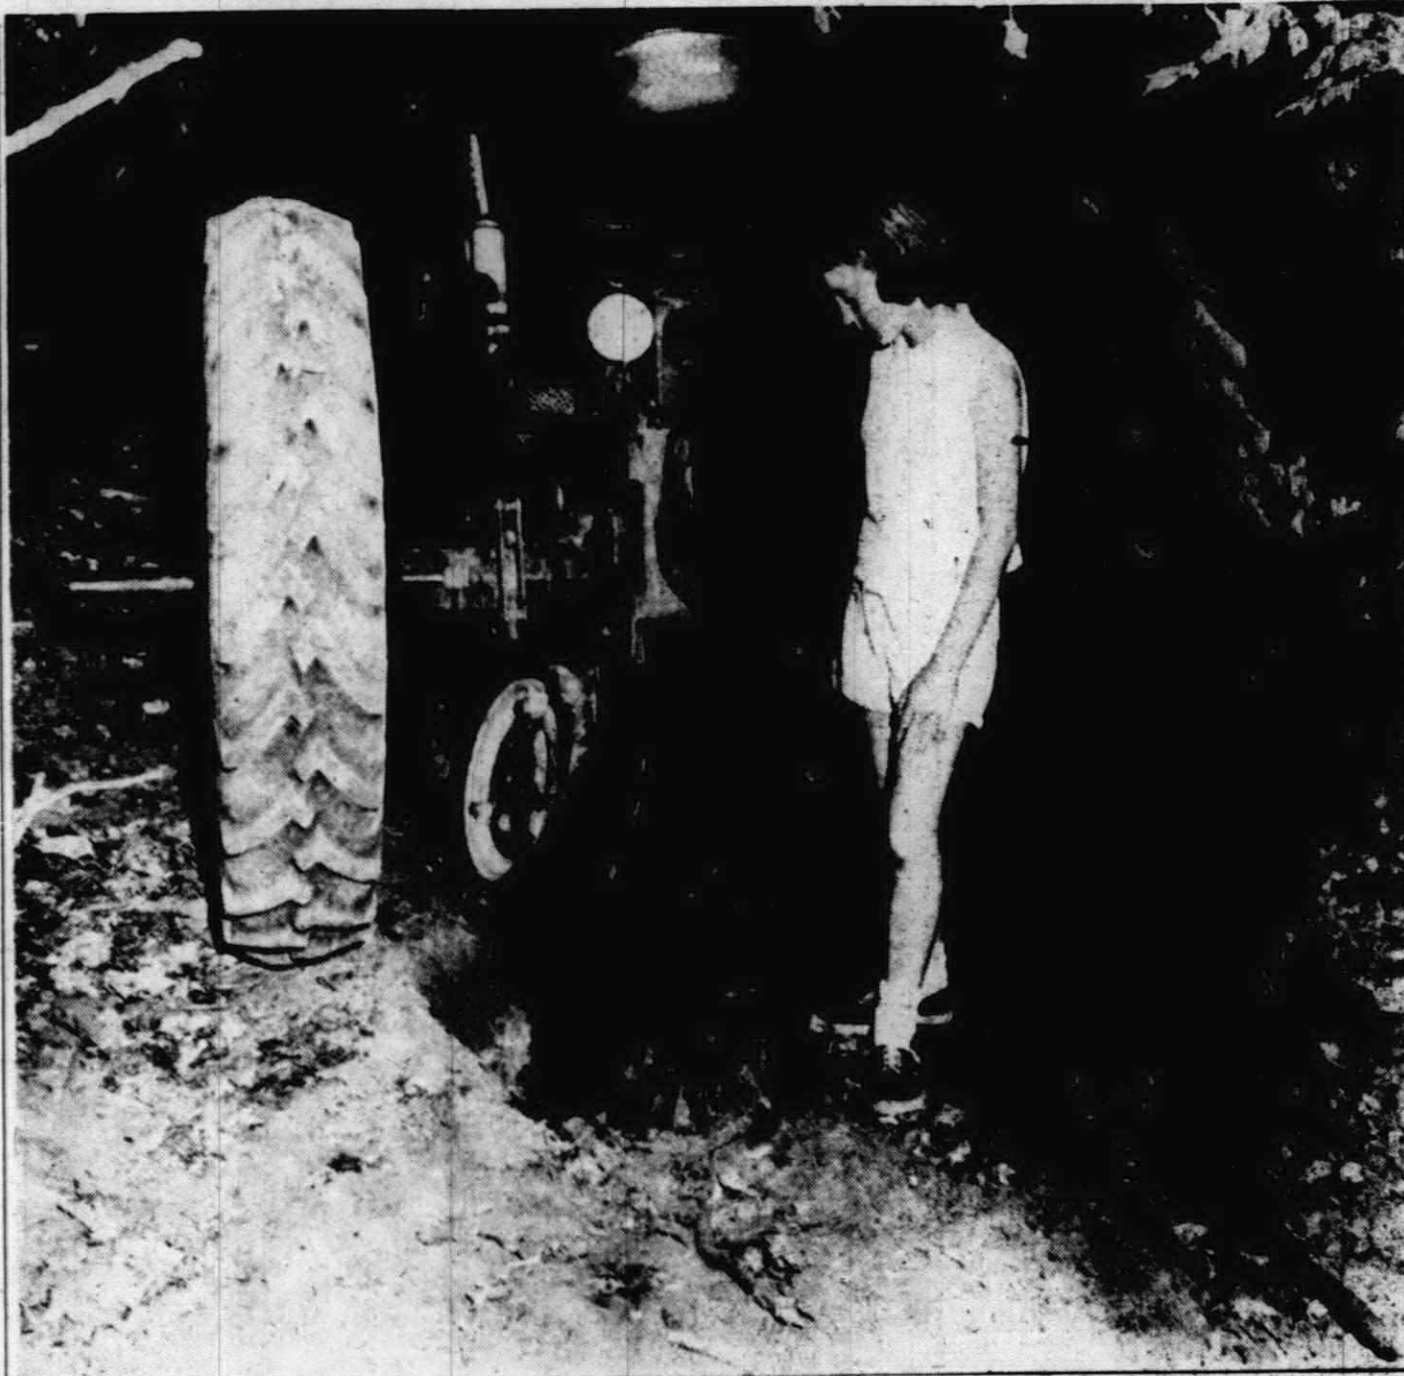

School officials will not be able to make an actual enrollment count for several days. An estimate of 3,350 was made several weeks ago by Superintendent Russell Isbister. This would be another record high.

Teachers began their duties Tuesday when a two-day pre-school conference was held. The 131 teachers and administrators met in the high school auditorium at 9 a.m. Greetings were extended by James J. S. Gallimore, president of the Board of Education, and Superintendent Isbister.

Principal speaker during the morning was Carl Kranish, speech instructor, who talked on the subject, "Implications of Television for Education." He was given a leave of absence last year to study TV uses and techniques.

Seventeen new teachers were introduced to fellow teachers by principals of the schools in which they will teach. There was one last minute change in the school staff due to a resignation. Mrs. Lois Dorfman, second grade teacher at Allen elementary school, resigned to go with her husband who has entered the service. Hired in her place is Mrs. Lorraine Hurtik, 1386 Hartsough.

She was a teacher at Starkweather school several years ago. Tuesday morning's program ended with a luncheon served at Allen school. Tuesday afternoon and Wednesday were devoted to teacher meetings and making preparations for return of the pupils.

SADLY LOOKING AT the damaged tractor and the hole which was dug and camouflaged is Susan Campbell, daughter of Mrs. Allan Campbell, Joy road. Detectives believe the hole was deliberately dug to damage the tractor.

Tractor Saboteur Gets 'Meanest Man' Vote

Deliberate sabotage of a farm tractor gives someone the title of "meanest person in Plymouth" this week. It occurred Sunday afternoon when Bruce Campbell, 18, of 45110 Joy road, was driving the tractor through a narrow woods path from a field to the house.

Someone had dug a hole in the center of the road and covered it over with twigs and leaves. The dual front wheels of the tractor suddenly dropped into the hole,

the wheels buckled, the radiator was torn off the front of the tractor and the steering wheel was pulled from Bruce's hand. He was thrown forward to the ground, hitting his hand against the hot muffler. He suffered second degree burns.

Sheriff's detectives said that the attempt to sabotage the tractor was definitely deliberate, but the family could give no explanation of who would want to do such a thing, unless it was the

work of mischievous youths. It was not yet learned if insurance covers the damaged tractor which is almost broken in two.

Bruce soon leaves for his freshman year at the University of Michigan. Another brother, Gordon, was inducted into the Navy this week. Their mother, Mrs. Allan Campbell, is a widow and teaches school in Wayne. At home is Susan, 13.

Apply Seal Coat To Nine Miles Of City's Streets

Over nine miles of Plymouth streets are being given relatively hard and smooth pavements this week with a process known as seal coating.

Seventeen streets are scheduled for the seal coating application, some of the heaviest traveled to get a double coating. This is the time of the year that the city's unpaved streets would get an oil coating which would last through the fall and winter. But, according to City Manager Albert Glassford, seal coating should well outlast several oil applications and will keep the streets more smooth.

The seal coating consists of a tar composition into which are spread "chips." The coating is then rolled. Glassford said that the seal coating will be more lasting where streets have curb and gutter installations.

Streets getting a double seal coating are: Fairground, 2,520 feet; Maple (Harvey to Jenner), 1,080 feet; Wing (Harvey to Jenner), 750 feet; Wing (Main to Deer), 900 feet; Elizabeth, 1,350 feet; Dodge, 1,140 feet; Hartsough (Main to Lincoln), 3,900 feet.

Single seal coating will be given: Sheridan, 792 feet; Lincoln, 900 feet; Harvey (Wing to U.S. 12), 9,600 feet; Forest, 5,900 feet; Maple (South Main eastward), 3,300 feet; Adams, 2,160 feet; Hamilton, 4,800 feet; Deer, 2,100 feet; Spring, 792 feet; Farmer, 3,300 feet; Burroughs, 2,700 feet.

Other unpaved streets will be given the usual oil application in the near future.

New Course Added To Adult Program

Adult education director Herbert Woolweaver has announced the addition of a new course in "Cake Decorating" to the adult education program at the high school. Starting on September 28, the class will meet each Tuesday from 7 to 9 p.m. and will run for a ten-week period. Former Plymouth resident, Marie Knapp, now of Livonia, will teach the new course.

Registration for all courses in this program will be held September 20 to 24 from 8 to 5 p.m. A special evening registration will be held on Monday and Tuesday evenings from 7 to 9 p.m.

Bartlett Mothers' Club Meets September 15

The Bartlett school Mothers' Club will have its first meeting of the year on September 15 at 8 p.m. at the school. Hostesses for the evening will be Geraldine Olson, Virginia Benoit, Esther Popp, Esther Sprengel and Marge Smith.

Holiday Weekend Claims Lives Of Four from Plymouth Area

Shut-down Well Startles Oilmen with 40-foot Spurt

A supposedly dry well erupted into an old-fashioned oil gusher last Friday in Salem township, leaving no doubt in the minds of oil speculators that there is still lots of oil to be found in the state's newest oil field.

At the same time, the Michigan Department of Conservation has issued an emergency production order which limits the production of oil and gas in the Northville petroleum pool.

The latest discovery was made on the farm of John, Henry and Frank Dolan, 9441 Chubb road, just north of Seven Mile road. The well's promoter, David Shiffman of Detroit, had about given up hope of getting oil out of the well and had closed it down temporarily. Gas was found in small quantities on July 5.

But after a recent strike on the Charles Nerreter farm just north of the Dolan farm, the hole was deepened. Last Friday, crewmen were talking about "putting on the bottle," a pipe contraption installed on wells when they are about to be completed so that the oil does not "blow." With little

warning, the oil gushed out of the hole 40 feet over the top of the drilling rig and over the area. A top valve brought the well under control.

Tests are being made to determine the importance of the new find. The new production order restricts production of oil to not more than 200 barrels of oil per day and 1,000 cubic feet of gas per barrel of oil. Effective for 21 days, the order may be followed by a permanent order later this month depending upon the outcome of a public hearing in Lansing on September 17.

Purpose of the order is to reduce the possibility of present and future wastes in production. Rapid production from a petroleum field can cause severe losses by oil being by-passed and left trapped in underground pockets, the Conservation department said. There are two producing wells in the pool capable of producing more than the production amount, W. C. Taggart's well on the LeMaster farm and Edward Torosian's well on the Nerreter farm.

Lake Search Continues For Mrs. Bernice Jackson

One of the heaviest holiday accidental death tolls involving Plymouth area people was recorded last weekend when four persons lost their lives—two men in auto accidents and two teen-age girls by drowning. The dead are: ELRoy Juve, 46, of 467 Arthur street.

Gustav Eschels, 64, of 5435 Gotfredson road. Mrs. Bernice Dickey Jackson, 19, of 44200 Shearer drive. Luella Moomey, 14, of 8089 Chubb road.

Commissioners Wade Through Varied Agenda

Water, rubbish, appointments and special assessment rolls were some of the items on the agenda facing city commissioners Tuesday night, including Commissioners Harold Guenther and Richard Sincock who were attending their first regular meeting since their appointment two weeks ago.

Commissioners approved a contract with the Schoolcraft Sand company which will give the city an acre of land inside the sand pit which will be used for dumping rubbish. The city has been dumping rubbish in the pit for the past several months at \$1 per truck load. The new contract sets a charge of 10 per cubic yard plus the cost of sand used to cover the rubbish.

City Manager Albert Glassford reported that the new contract should save the city almost half of what it now costs to dump rubbish. Plymouth township also will have an acre for dumping purposes in the pit. Eventually, Glassford said, it may be possible to dump both garbage and rubbish in the pit making necessary only one pick-up.

Commissioner Guenther, who has been serving as a member of the three-man Personnel Service Appeal board, offered his resignation from the board Tuesday night since he cannot legally hold both jobs. In his place, Mayor Russell Daane appointed Robert J. Stewart, 1368 Elm, who is personnel director with the Ford Motor company. Other members of the board are the Reverend Henry Walsh and Clifford Tillotson. The board's function is to hear all grievances of city employees.

On the city planning commission, the term of Dorothy Swope has expired. Mayor Daane deferred an appointment until he received recommendations from Sidney Strong, planning commission chairman. Worden Specialty and Machine company, Northville road, was given permission to enlarge its water intake from three-quarters of an inch to two-inch pipe. The firm recently installed new sanitary facilities for which the three-quarter inch pipe was inadequate. Commissioners, however, turned down a request for a larger pipe a month ago.

Civil Defense Has Next Meeting On September 16

According to Leo F. Flowers, director of Civil Defense for Plymouth township, this organization will hold its next meeting Thursday, September 16, at 7:30 p.m. at the Plymouth township hall. The V.F.W. will show a film entitled "Communication on Civil Defense." Guests speakers at this meeting will include directors of Civil Defense for the Wayne county area, Ann Arbor and Cayton Center.

Flowers also reported that the committee on the evacuation of Detroit will meet to adopt a plan similar to the Federal Civil Defense program, and that the U. S. Civil Defense office has now moved to Percy Jones hospital in Battle Creek, Michigan. Industry representatives are invited to discuss the purchase of a Rescue Trailer which would be available to the Office of Civil Defense on a 24-hour basis. Flowers also wished to remind residents of the Plymouth area that "vigilance is the price of Freedom in any emergency."

The weekend also brought the death of Mrs. Verna J. Kreger, formerly of Plymouth, who died Sunday due to injuries she received in an automobile accident several years ago. She was the daughter of Drs. Edwin and Alta Rice of Plymouth. (Obituary may be found elsewhere).

Eighteen Michigan National Guardsmen were assigned to the Wayne post of the Wayne County Sheriff's office to help control traffic in western Wayne county. Despite the help the guardsmen gave law enforcement agencies in Wayne county and elsewhere in Michigan, the death total climbed high. There were no serious accidents in Plymouth city.

First of the four to lose his life during the tragic holiday weekend was Mr. Juve, who was widely known in Plymouth through his work as a plastering contractor. He suffered fatal injuries Saturday night when his car was struck by another on Farmington road near Colfax road in Farmington township.

Authorities said that Mr. Juve was backing his car from a driveway when the collision took place. He died Saturday evening in Redford Receiving hospital of internal injuries.

Mr. Eschels, a Salem township farmer, died in Wayne County General hospital of injuries he received while riding as a passenger with Kenneth A. Swick of New Boston. Also seriously injured were Mrs. Eschels, Swick and Kenneth Bonde of Wyandotte, driver of the other car.

Wayne County Sheriff's deputies said that Swick was driving east on Eureka road and Bonde was traveling south on Inkster road. The mishap occurred early Sunday.

Fourteen-year-old Luella Moomey, daughter of Mr. and Mrs. Lloyd Moomey, drowned at 6 o'clock Sunday afternoon in a gravel pit on Salem road. Accompanied by Virginia Blunk, 12, granddaughter of Mr. and Mrs. Elmer Blunk, Gotfredson road,

the girls went to the gravel pit without the knowledge of anyone.

Luella jumped in first and failed to reappear. Virginia, who does not swim, jumped in to try to save her companion but she too went under, but managed to reach the bank. Luella came to the surface several times but Virginia was unable to reach her.

Virginia hurriedly dressed and started for home three miles away to get help. Mary Rich, 9500 Brookville road, met Virginia, was told the story and Mary told her mother, Mrs. Burton Rich. Soon, Mr. Rich, son Kenneth, Duncan McIntyre and Terry and Basil Barrett went to the gravel pit along with Ronald Lyke, Salem township deputy.

An inspection of the pit finally revealed a muddy spot. Kenneth Rich dove in and pulled the girl from the water. She was standing up in six feet of water.

Artificial respiration was given by the men until a pulmonologist arrived from South Lyon. A Northville doctor injected a stimulant and the girl seemed to respond slightly. A short time later, the Washtenaw county coroner pronounced her dead. The coroner reported that the girl had no water in her lungs, indicating suffocation from a closed esophagus.

Coast Guardsmen are still searching the waters of Lake Erie near Amherstburg, Ontario for the body of Mrs. Bernice Jackson, daughter of Mr. and Mrs. James H. Dickey, 44200 Shearer drive. She is the mother of two children and has been employed in the meat department of Stop & Shop here.

Organizations Come to Financial Aid Of Family Head Hospitalized by Polio

It is indeed tragic when polio cripples a child, but hardship is added to tragedy when the disease strikes the head of a household.

Such is the case in the home of Ernest W. Berridge, 496 Irvin, when paralysis suddenly gripped Mr. Berridge three weeks ago after returning home one evening from his work as sales representative for the F. E. Compton company.

Now in University hospital in Ann Arbor, Mr. Berridge is receiving treatment for complete paralysis of his left leg and partial paralysis of his right leg. He

may be able to return home in a month. Then begins the task of regaining use of his legs.

In the meanwhile, life in the Berridge home does not go on as usual. Savings were quickly depleted when the head of the household stopped work. There remained payments on the home, on the car and feeding of Mrs. Berridge and two adopted children, Kathleen, 5, and David, 3.

While the emergency polio fund drive was being conducted last week, word also got around that Mrs. Berridge needed help badly. The first organization to

come to her aid was the Benevolent and Protective Order of the Elks. They turned over \$56 to Mrs. Berridge after voting \$25 from the lodge treasury and taking a collection from members of \$31.

More plans are being made by the lodge to help the family through the financial crisis, though Mr. Berridge had no connection with the Elks lodge.

Two other groups have joined in to give assistance to the family. Post office employees and the Mayflower post of the Veterans of Foreign Wars have both turned over checks to the family.

Philip Barney, owner of Barney's Plymouth Grill, Starkweather avenue, has designated this Saturday as "coffee day" for the Berridges. All receipts from coffee sold during the day will go for a donation.

Other individuals or groups wishing to offer financial assistance can give their donations directly to Mrs. Berridge or they can be relayed through the Elks lodge or the Plymouth Mail.

The Berridges have lived in Plymouth since they were married 15 years ago. Mr. Berridge taught five years in the Central Elementary school.

RAY KREITH, exalted ruler of the Plymouth B.O.P. Elks, presents a check to Mrs. Ernest Berridge to help her meet expenses during her husband's illness with polio. Phil Barney (center), past exalted ruler, and Godber Jackson, secretary, also were present. Children are David, 3, and Kathleen, 5.

Mrs. Jim J. Singleton

Singleton-Campbell Rites at Our Lady of Good Counsel

Mr. and Mrs. Jim J. Singleton are honeymooning in northern Michigan following their marriage on Saturday morning, September 4, in Our Lady of Good Counsel church. Mrs. Singleton is the former Barbara Ann Campbell, daughter of Mr. and Mrs. William Lawrence Campbell of Ann street. Jim is the son of Mrs. Maggie Singleton of Liberty street.

The Reverend Father Byrne officiated at the eleven o'clock service. Bouquets of white gladioli adorned the altar. Mrs. Felix Cylk presided at the organ and accompanied the soloist, Mrs. Robert Long, who sang "Ave Maria."

Barbara Ann, given in marriage by her father, was lovely in a waltz length gown of nylon tulle and lace over taffeta. The gown had a bouffant skirt, fitted bodice and a bolero jacket edged in lace and fastening with tiny white buttons down the back and she wore matching nylon tulle mitts. Her fingertip length veil was caught to a lace Juliet cap and she wore a strand of pearls belonging to her mother. She carried a spray of shattered carnations, stephanotis and ivy.

Miss Phyllis Artman of Detroit, Barbara Ann's honor attendant, was gowned in a ballerina length gown of rose crystalline. The bodice of tulle was scattered with tiny sequins and had a short-sleeved bolero.

The bridesmaid, Mary Lou Truesdell, was gowned identically like the honor maid only in a deeper shade of rose. Their bouquets were of miniature gladioli with matching tiny ribbon hats with brims of rose tulle.

William Gommel of Detroit, cousin of the bride, served as best man and ushers were Frank Damh of Detroit, cousin of the bride, and Ronald Hees, brother-in-law of the bridegroom. Robert

Garden Club Has First Meeting September 13

The Plymouth Branch of the Michigan Division of the Women's National Farm and Garden Association will hold its first meeting of the fall season on September 13 at 1:00 p.m. Mrs. Milton R. Laible of 197 South Main street will serve as hostess.

Planned for this meeting are reports by Verle Crawford of Allen school on the Conservation school at Higgins lake, and one by Miss Shirley Plant, who received a scholarship from the organization to Michigan State college.

The tea chairman at the first meeting of the association will be Mrs. Wilson Augustine. Mrs. Augustine will be assisted by the following members, Mrs. Raymond Bachelder, Mrs. William S. Baker, Mrs. Henry Baker, Mrs. Byron Becker, Mrs. Otto Beyer, Mrs. Donald Burleson and Mrs. Floyd Burgett.

Symphony to Sponsor Beginners String Class

In an effort to develop talent for the future the Plymouth Symphony Society this week announced plans for organizing a class for string instruments for beginners. The lessons will be open to fourth graders through junior high school students.

Date for the opening class has been set for Saturday, September 13 at 9:00 a.m. and sponsors emphasize that it will be continued only if sufficient interest is shown. The classes will be conducted at the high school under the direction of Donald Morris, a graduate of the University of Michigan school of music.

The Symphony Society plans to take class members, along with other interested children, to Detroit Symphony's Children's Concerts this winter as a part of its "talent development" drive. Members may be enrolled in the new class by calling either C. C. Ellis or Mrs. Gerald Fischer, or by attending the first class session.

Grosjean-Traycik Troth Announced

Mr. and Mrs. E. L. Traycik of 17550 Laurel street, Livonia, announce the engagement of their daughter, Donna, to Edwin L. Grosjean, son of Mr. and Mrs. E. A. Grosjean, 8300 Newburg road.

Donna is a senior at Bentley high school and Edwin is a sophomore at Michigan State Normal college. He was graduated from Plymouth high school.

No date has been set for the wedding.

There are two million more women than men in the United States.

Paula Hoenecke, who flew to California last week, served Alice as maid of honor.

Both Heinz and his bride are graduates of the University of Michigan. They will make their home in San Diego where Dr. Hoenecke is practicing.

Mrs. Paul R. Harding

Paul Harding-Elaine Dobbs Wed In Recent Candlelight Ceremony

Large baskets of white gladioli and mums and tiers of lighted candelabra formed the setting for the impressive ceremony uniting Elaine Kay Dobbs and Paul Richard Harding.

The four-thirty o'clock rites were read by the Reverend Henry Walch, D. D., on Saturday, September 4, in the First Presbyterian church, Plymouth.

Elaine is the daughter of Mr. and Mrs. Edward G. Dobbs of Penniman avenue and Paul is the son of the Robert S. Hardings of Ann street.

F. Earl Reh sang "Through the Years", "Because" and "The Lord's Prayer". Fred C. Nelson presided at the organ.

Given in marriage by her father, Elaine Kay approached the altar in a gown of white slipper satin with scoop neckline bound in Chantilly lace sprinkled with seed pearls and iridescent sequins. The full skirt ended in a Cathedral train. Her fingertip length scalloped veil fell gracefully from a Juliet cap of seed pearls. Her only jewelry was a single strand of pearls, the gift of the bridegroom. She carried a colonial bouquet of mums, roses and stephanotis centered with a white orchid.

Miss Gwendolyn Phillips was Elaine's maid of honor. She wore a full length gown of dusty pink with satin bodice and tulle skirt, with halter neckline, and she wore a matching pink satin headband trimmed with matching pink tulle. Her bouquet was in colonial design of pink roses and mums.

Bridesmaids were Miss Norma Loye of Brimley, Michigan, Mrs. Diane Thompson, Mrs. Margery Dobbs, sister-in-law of the bride, and Miss Judy Turner, cousin of the bride. Their gowns were identical to that of the maid of honor and they carried identical colonial bouquets.

Douglas Green assisted Paul as best man and seating the guests were Charles Leipham, Robert Leipham, cousins of the bride.

groom, Frank Heckadon and King Ayres.

Mrs. Dobbs selected a rose crystalline dress with which she wore black accessories and a white orchid corsage. Mrs. Harding's dress was of wine-red taffeta with which she wore matching hat, black shoes and purse. Her corsage was also a white orchid.

Following the ceremony a reception for 200 guests was held in the church parlor.

The young couple are touring northern Michigan. For traveling the new Mrs. Harding wore a navy blue suit with navy accessories and the orchid from her bridal bouquet.

Both Elaine and Paul attended Plymouth high school. Paul was graduated from Western Michigan college and is affiliated with Delta Sigma Phi fraternity. Elaine attends Western Michigan and is a member of Alpha Omicron Pi Sorority.

Local Historical Society Holds Meeting Tonight

The members of the Plymouth Historical Society will meet this evening, Thursday, September 9, at 7:45 p.m. at the Veterans Memorial building.

A history of the Plymouth Branch, Michigan Division of the Women's National Farm and Garden Association, will be read. The material was prepared and written by Mrs. Arthur Mills for the National Archives of the association.

Refreshments will be served at the meeting by Mr. and Mrs. Herbert Culver, Mr. and Mrs. Samuel Spicer and Mrs. Paul Ware.

Miss Nancy Brannan of Five Mile road has returned to her position as assistant librarian after a delightful vacation trip, with a friend, through the New England states. Historic spots were visited in Boston and the surrounding area and Nancy managed to include a play at one of the Cape Cod summer theatres, also a boat trip to Nantucket. Returning home they visited Niagara Falls.

BIRTH

Mr. and Mrs. Robert J. Orr of Coventry Gardens announce the arrival of a son, Richard Allen, born September 4 in Detroit Osteopathic hospital, weighing eight pounds 11 ounces. Mrs. Orr is the former Grace Squires.

Mr. and Mrs. Robert Hitt of Hathaway avenue, Livonia, are receiving congratulations on the birth of a daughter, Janice Gail, born on August 27 in Garden City hospital and weighing six pounds, 11 ounces. Mr. and Mrs. Harold Behler of Irvin street are Janice Gail's grandparents.

Mr. and Mrs. Donald Vetal of Baltimore, Maryland, announce the birth on August 29, of a seven pound, nine ounce daughter, Mary Dolores. Mr. and Mrs. Harvey Vetal of Plymouth are Donald's parents.

Mr. and Mrs. John Duke of South Harvey street are pleased to announce the birth of a son, Graig Michael, at St. Joseph's hospital, Ann Arbor, on August 13 and weighing nine pounds, 10 ounces. Mrs. Duke is the former Virginia Shaw.

Mr. and Mrs. Raymond Rossov of 1200 Ross street have chosen the name, Gerald Morris, for their new son born on August 26 at Mt. Carmel hospital, Detroit, and weighing eight pounds, five ounces.

Announce Troth of Carol Oldenburg

Carol Jean Oldenburg

Carol Jean Oldenburg's engagement to Joseph William Vorbeck has been announced by her parents, Mr. and Mrs. John M. Oldenburg of Blunk avenue.

Joseph is the son of Mr. and Mrs. Joseph W. Vorbeck of Fallbrook, California.

Mr. and Mrs. Donald Brinks Honeymoon at Isle Royale

A gown of imported Chantilly lace over satin was chosen by Shirley Janet Travis when she became the bride of Donald Brinks in the First Presbyterian church on Saturday evening, September 4.

The Reverend Henry Walch, D. D. officiated at the eight o'clock candlelight service. Bouquets of white mums and white gladioli enhanced the chancel. Fred C. Nelson presided at the organ and the soloist, Miss Shirley Plant, sang "The Lord's Prayer."

Shirley is the daughter of Mr. and Mrs. Stanley Travis of Canton Center road and Donald is the son of Mr. and Mrs. J. E. Brinks

of Ann Arbor road. Shirley was given in marriage by her father. Her gown was complimented by a face bodice with yoke of illusion edged with a scalloped accent of sequins, long sleeves and full Cathedral train. She wore a Juliet cap of Chantilly lace edged with satin binding from which fell her fingertip length veil of imported French illusion. She carried a white Bible centered with white rosebuds.

Ellen Travis, maid of honor, and Donna Dunlap, bridesmaid, were gowned in silk tulle over taffeta in turquoise and melon. The skirts were very full and had strapless bodices over which they wore short tulle jackets with shirred three-quarter length sleeves.

James Brinks was his brother's best man and ushers were Robert Wilson and David and Kenneth Brinks, brothers of the bridegroom.

Mrs. Travis wore a mink colored jacket dress and brown accessories. Mrs. Brink's dress and accessories were in navy blue.

Following the ceremony, a reception was held with 138 guests attending from Ann Arbor, Jackson, South Haven, Columbus, Ohio, Dearborn, Brighton and Plymouth.

The young couple left immediately for a two weeks honeymoon at Isle Royale. For traveling the bride wore a charcoal knitted suit with pink accessories. Both Shirley and Donald graduated from Plymouth high school. Donald attended Michigan State college in East Lansing.

They will reside at 1098 Sheldon road following their northern trip.

Ronnie and Nancy Peck of Irvin street enjoyed a boat trip to Bob-lo Friday afternoon with their parents, Mr. and Mrs. Vernon Peck.

Mrs. Belle Burgess returned to her home in Lyons, Ohio, Tuesday after visiting for three weeks with her sister, Mrs. M. M. Rowland.

Eads' Announce Troth of Two Daughters

Malinda Jean

Virginia

Mr. and Mrs. Emmett W. Eads of Livonia made a dual engagement announcement this week as they revealed the engagements of daughter Malinda Jean to Edward Wivell, and daughter Virginia to James M. Stull.

Mr. Wivell is the son of the late Mr. and Mrs. Edward Wivell of Detroit. No date has been set for Malinda Jean's wedding.

Mr. Stull is the son of Mr. and Mrs. Sterlie L. Stull of Livonia. Virginia plans a January 15 wedding date. Both girls are graduates of Bentley high school.

were sunning themselves on the bow of a cabin cruiser owned by Royal Skelton of Detroit as the boat moved down the Detroit river into Lake Erie. The girls were making their way back to the cabin when Bernice lost her footing and fell into the water.

The boat was stopped and turned around. Another member of the group, James Bortz of Mt. Clemons, dived in with a line from the boat and gave it to Bernice. Bortz then swam back to the boat through the choppy water.

Miss Wanke told relatives that Bernice did not move after she was handed the line. Her parents said that she was a good swimmer. After Bernice vanished beneath the waves, her companions looked "for a long time." They then headed for Amherstburg where they reported the tragedy to Ontario Provincial police.

Coast Guardsmen searched the waters all day Tuesday and Wednesday.

Mrs. Jackson, now divorced, lived at the home of her parents. Also at home are two children who are too small to realize what has happened to their mother. They are James, 3, and Patricia Ann, 1.

Other survivors are three brothers, Carl Dickey of Livonia, Doyle and J. C. Dickey, both at home, and a sister, Fayon, also at home.

The drowning victim was born in Waldenburg, Arkansas. The Dickey family moved to Plymouth from Waldenburg four and a half years ago.

Elroy O. Juve

Funeral services were held at 11 a.m. Wednesday from the Schrader Funeral home. The Reverend Edward Hoenecke, pastor of St. Peter's Lutheran church, officiated. Hymns were sung by Miss Mary Lou Hartwick, accompanied by Mrs. Edna O'Conner.

Mr. Juve, born August 18, 1908 in Baltic, South Dakota, is survived by his wife, Mae E. Juve; three children, Rodney, Lee and Rosalind Juve, all of Plymouth; his mother, Mrs. Emma Juve of Baltic; three brothers, Edward and Alford Juve, Detroit, and Lawrence Juve, Tucson, Arizona; and three sisters, Mrs. Rosella Murphy, Burlington, Vermont, Mrs. Louise Brendsel, Baltic, South Dakota, and Mrs. Lenora Anderson, Los Angeles.

Pallbearers were Andrew Rudd, Robert Barbour, Robert Kisabeth, Fenton Thompson, Richard Herter and Nils Steng. Interment was in Riverside cemetery. Mr. Juve was a member of St. Peter's Lutheran church.

Gustav A. Eschels
The Reverend Edgar Hoenecke conducted services for Mr. Eschels at 1 p.m. Wednesday at the Schrader Funeral home, followed by interment in Highland cemetery, Ypsilanti.

Surviving Mr. Eschels is his wife, Amelia; a son, Gustav H. Eschels, Livonia; a daughter, Mrs. Beverly M. Zauha, Plymouth; two brothers, Julius of Freesoil, Michigan and John of Detroit; and three grandchildren. The deceased was born in Freesoil on April 18, 1890.

Mrs. Edna O'Conner provided organ music for the service. Pallbearers were Carl Rakowski, Albert Drake, Lee McConnell, William Roach, Raymond Walter and Glen Linsky.

Mr. Eschels was also a member of St. Peter's Lutheran church.

Luella Beth Mooney
Luella was born September 1, 1940 in Grand Rapids. Surviving with her parents are two brothers, Jimmy and Donald; and the grandparents, Mr. and Mrs. Jacob Mooney and Frank Giles, all of Grand Rapids.

She was a member of the Salem 4-H club and the Salem Federated church Sunday school. She was graduated from the eighth grade in Salem last spring and was to start as a freshman in Northville High school this week. The family has lived in Salem five years.

Funeral services will be conducted at 2 p.m. Thursday at the Salem Federated church with the Reverend Douglas Couch officiating. Burial will be in Salem Walker cemetery. The body will lie in state until noon Thursday at the Casterline Funeral home in Northville.

Kiwanians Hear Of B.I.E. Plans

Representatives of business, industry and education told Kiwanians Tuesday evening of the functions of the Education Committee of the Chamber of Commerce and of the purpose of B.I.E. Day, scheduled for Friday, October 29. Committee Chairman George Mayhew pointed out that B. I. E. (Business, Industry, Education) Day has been presented in Plymouth three years in the past. It enables representatives of retail business and industry to invite groups of teachers into their establishments and to explain the operations and techniques employed in their respective businesses, he stated. Tom Kent, Daisy Manufacturing personnel director, reviewed the results of past B.I.E. Day efforts and emphasized the interest shown by teachers during a question and answer period following a tour through the plant. He urged other industries and business owners to take part in the forthcoming B.I.E. Day stating that the project promotes better understanding between educators and business. The program was under the chairmanship of Mel Blunk. Next Tuesday the Kiwanis club will hold a family picnic at the Girl Scout Lodge. Members are asked to bring their own table service. The picnic will begin at 6:30 p.m.

OBITUARIES

Richard S. Talbot
Mr. Richard S. Talbot of 372 South Mill street passed away suddenly Wednesday evening, September 1, at the age of 78. He and his wife were visiting relatives in Sheldon, Washington.

Mr. Talbot had been a resident of Plymouth for the past 10 years and had been employed at the Standard Tube Mills during his early residence. Mr. Talbot had also attended the Salvation Army church in Plymouth. Prior to his residence in Plymouth, Mr. Talbot had lived in Hornbeak, Tennessee and Florence, Alabama.

Surviving are his wife, Lena M.; two sons, Matthew R. of Ohio, and George F. of Plymouth, five daughters, Mrs. Walter Robinson of Florence, Alabama, Mrs. Raymond Daniel of Carlsbad, California; Mrs. Raye Thorpe, Mrs. Alfred Reeves, and Mrs. Helena Robinson, all of Plymouth; 17 grandchildren and two great-grandchildren, many relatives and friends.

Interment will be made in Obion Chapel cemetery at Troy, Tennessee.

Inez Katherine Shierk
Mrs. Inez Katherine Shierk, born July 2, 1877 in Yellow Creek, Illinois, passed away Friday, September 3, at 11 p.m. at 1150 Niles avenue, St. Joseph. Daughter of the late Mary Peters Ernest and Christian Ernest, Mrs. Shierk was preceded in death by her husband, Emery E. Shierk, Sr., and a sister, Eva Garner. She is survived by her daughters, Mrs. Kenneth Hinkle, Mrs. Sherwood Vinnedge and Mrs. Gordon Hinkley, all of St. Joseph; two sons, Harold H. Shierk of Livonia and Emery E. Shierk of Watervliet; a brother, Claude Ernest of Milwaukee, Wisconsin; and three grandchildren. Mrs. Shierk was a resident of St. Joseph since 1920 and was a member of the Order of the Eastern Star. Services were held Tuesday morning, September 7, at ten

o'clock from the Kearley Chapel in St. Joseph with the Reverend Howard Blanning of the Congregational church officiating. Interment was made in Riverview cemetery.

Verna J. Kreger Passes Away

Injuries sustained as a result of a serious automobile accident a few years ago, resulted in the death of Mrs. Verna Jean Kreger, only daughter of Dr. Edwin and Alta Rice of 747 West Ann Arbor trail. Mrs. Kreger passed away Sunday, September 5, at Munsion hospital in Traverse City, Michigan.

Born March 22, 1932, Mrs. Kreger was a resident of Plymouth until approximately a year ago when she and her husband, Arthur, moved to Traverse City. While residing in Plymouth, Mrs. Kreger belonged to the Presbyterian church and was a member of the P. E. O. Sisterhood.

Surviving are her husband, Arthur Kreger; her parents, Drs. Edwin and Alta Rice; and a maternal grandmother, Mrs. Frank Lees of Nebraska.

Services were held at three o'clock Wednesday afternoon, September 8, at the First Presbyterian church in Plymouth. The Reverend Henry J. Walsh was the officiating minister. The pallbearers were Richard McKinley, William Clement, Harold Salow, Neal Lamphear, Paul Gardener and James Lichty. Interment was made in Newburg cemetery, Livonia.

Beyer Rexall Drugs Celebrate 47th Year

Forty-seven years of prescription-filling, soda-serving and everything else that goes with the operation of a drug store are being celebrated this week by Beyer Drugs of 165 Liberty and 505 Forest.

The Liberty street store was opened in 1907 by Otto Beyer and, along with the three-and-a-half-year-old Forest street store, is now owned and operated by Robert Beyer. The anniversary event is being marked by special sales this weekend along with a

host of gifts for visitors. Beyer states that 1000 orchids have been flown from Hawaii for women customers, while children will be treated to gingerale, balloons and comic books.

Because it resists the checking and cracking ordinarily caused by oils, grease, gasoline and various chemicals, neoprene synthetic rubber is being used to replace natural rubber in many industrial and household items.

GOING INTO THE MASONIC Temple where they will lead the Demolay activities during the coming year are three of the top officers who will take office this Saturday. They are, from left: Bob Young, junior counselor; Jim Thorpe, senior counselor; and Rod Willard, master counselor.

Psychiatrist Is Rotary Speaker

Rotarians heard a most interesting talk last Friday by Dr. Maurice Floch, psychiatrist at the Detroit House of Correction. Dr. Floch outlined the value of rehabilitation and pointed out that most men and women who were placed in penal institutions were

there because of a lack of human interest and understanding.

He gave examples of progress made at De-Ho-Co in helping inmates find themselves and was highly critical of Jackson prison, which he said most penologists considered a monstrosity. Because of the size of that institution it is impossible to study and help with the human behavior of 6,000 inmates, he said. Small institutions can do a good job of rehabilitating and Sweden has the perfect penal program with their largest prison holding only 150 men and their average only 20.

"Michigan has the largest prison population per hundred thousand population in the United States," he said. "The reason for this is that Michigan laws are stricter and Michigan courts convict more people than do those in other states," he continued. "Forgery punishment is greater than that of murder in Michigan, and because we lack probation facilities and manpower more people end up in prison, which costs the taxpayer a thousand dollars a year as against \$85.00 a year if they were probationed".

The perfect remedy to Michigan's problem would be the breaking up of Jackson prison into several small independent units, the establishing of small prison farms, larger and better trained prison staffs and a long range study of Michigan criminal laws," he stated.

Chemical plants in hundreds of U. S. communities provide a three billion dollar annual payroll.

Demolay Installs New Officers Saturday Night

Rod Willard, son of Mr. and Mrs. Frank Willard, 1163 Junction, will be installed as master counselor of the Plymouth chapter, Order of Demolay, this Saturday night at the Masonic Temple.

A dinner will be held starting at 6:30 p.m. followed by installation at 8 o'clock. The evening will end with a dance from 9:30 to midnight.

Installing officers for the program will be Richard Huebler, installing officer; Peter Leemon, senior counselor; Thomas Wood, junior counselor; Phil Straub, chaplain; Al Williams, marshal; and Bruce Campbell, senior deacon.

The following young men will serve with Rod as officers during the year:

Jim Thorpe, senior counselor; Bob Young, junior counselor; Larry Braund, senior deacon; Karl Wehmann, junior deacon; Dan Brown, senior steward; Wesley Thompson, junior steward; Foster Brown, chaplain.

Jim McIntyre, marshal; Skip Rambo, orator; Henry Mende, standard bearer; Terry Calins, sentinal; Alexander Forrester, scribe; Tom Sawyer, treasurer; Alton Nesbitt, Olmonur; Charles Hawes, 1st preceptor; George Hawes, 1st preceptor; Virgil Norgrove, 3rd preceptor; Raymond Eaton, 4th preceptor; Guy Bunyea, 5th preceptor; Dick Nobel, 6th preceptor; Loren Goodale, 7th preceptor.

The practical value of understanding God as the source of all true substance will be stressed at Christian Science services Sunday in the Lesson-Sermon entitled "Substance."
Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following (301:17-20): "As God is substance and man is the divine image and likeness, man should wish for, and in reality has, only the substance of good, the substance of Spirit, not matter."
From the Bible will be read the following passages from Psalms (37:3-5): "Trust in the Lord, and do good; so shalt thou dwell in the land, and verily thou shalt be fed. Delight thyself also in the Lord; and he shall give thee the desires of thine heart. Commit thy way unto the Lord; trust also in him; and he shall bring it to pass."

FIRST PRESBYTERIAN CHURCH

Reverend Henry J. Walch, D.D. Minister

We shall resume the schedule of two services on Sunday, September 19 with morning worship at 9:30 a.m. and 11:00 a.m. and Church School at 9:30 a.m. and 11:00 a.m.

We shall worship next Sunday morning at the hour of 10:00 a.m. with one service in the morning. Students will be enrolled in the church school on Sunday, September 12 at 3:00 p.m. A program introducing the Faith and Life curriculum will be given the parents in the church sanctuary while the students are meeting with their teachers. Because our church school curriculum is a program for church and home it is necessary that parents be informed of their part in the program.

The Board of Trustees will meet on Wednesday evening, September 8 at 7:30 p.m. in the parlor for their regular meeting.

The Board of Deacons will meet on Tuesday evening, September 14th at 7:45 p.m. in the parlor.

The Chancel Choir will meet on Thursday, September 9th at 6:30 p.m. for dinner followed by a rehearsal.

Of the "Spiritual Life Mission" to be held in the Michigan and Detroit Conferences Dr. Glenn M. Frye writes in the Christian Advocate that, "the task of spiritual preparation should be begun at once. Every member should be asked now to keep from conflicting dates." The Plymouth Methodist Church will join with all other Methodist Churches in the Detroit Conference in the observance of this Mission. A guest preacher from the Michigan conference will assist Dr. Johnson. One definite objective of this Mission is to reactivate all members of our Church and particularly those who are not actively engaged in some phase of Church work. Our present Membership, as reported to the last annual Conference, is 950. What a mighty army we could be!

Church of God To Show Film On September 19

A technicolor film entitled "This Gathering Storm" will be shown at the Riverside Park Church of God on Sunday, September 19, at 7:30 p.m. Released by World Vision, Inc., an interdenominational missionary organization headed by Dr. Boh Pierce with headquarters in Portland, Oregon, the film is 65 minutes in length and will be shown on a large screen.

The film will cover missions and the crisis facing the lands of Japan, Korea and India. Interesting scenes of life in India and seldom-filmed Hindu religious rites, including the sacrificing of a scared bull, are shown. A ceremonial dance, the millions thronging the Ganges River and poverty-stricken areas, as well as relief work being done, form a vital part of the film. Revival services held by Evangelist Billy Graham on his Korean visit, Japan and its return to nationalism will also be covered.

World Vision, Inc. is internationally known both for its outstanding religious films, including "China Challenge," "The Flame" and "38th Parallel," and for its humanitarian interest in war-torn and troubled lands. Through its efforts in the Orient and India, new orphanages have been built, baby homes opened, a hospital constructed for wounded Korean babies and children, clothing shipped to the homeless, salaries of missionaries paid and many other donations made.

The showing of "This Gathering Storm" is open to the public and there is no admission charge.

Holy Name Group Holds Breakfast This Sunday

The Holy Name Society of Our Lady of Good Counsel parish will hold its annual Father and Daughter Communion Breakfast Sunday, September 12. The second Sunday of each month is Communion Day for the Society, and this month the men of the parish have been requested to invite their daughters to attend mass with them, receive Communion and afterwards have breakfast together.

Chairman Eddie Bender has made all arrangements and there will be a short program immediately after the breakfast.

This event is the initial activity of the Holy Name Society. It has been very popular in the past.

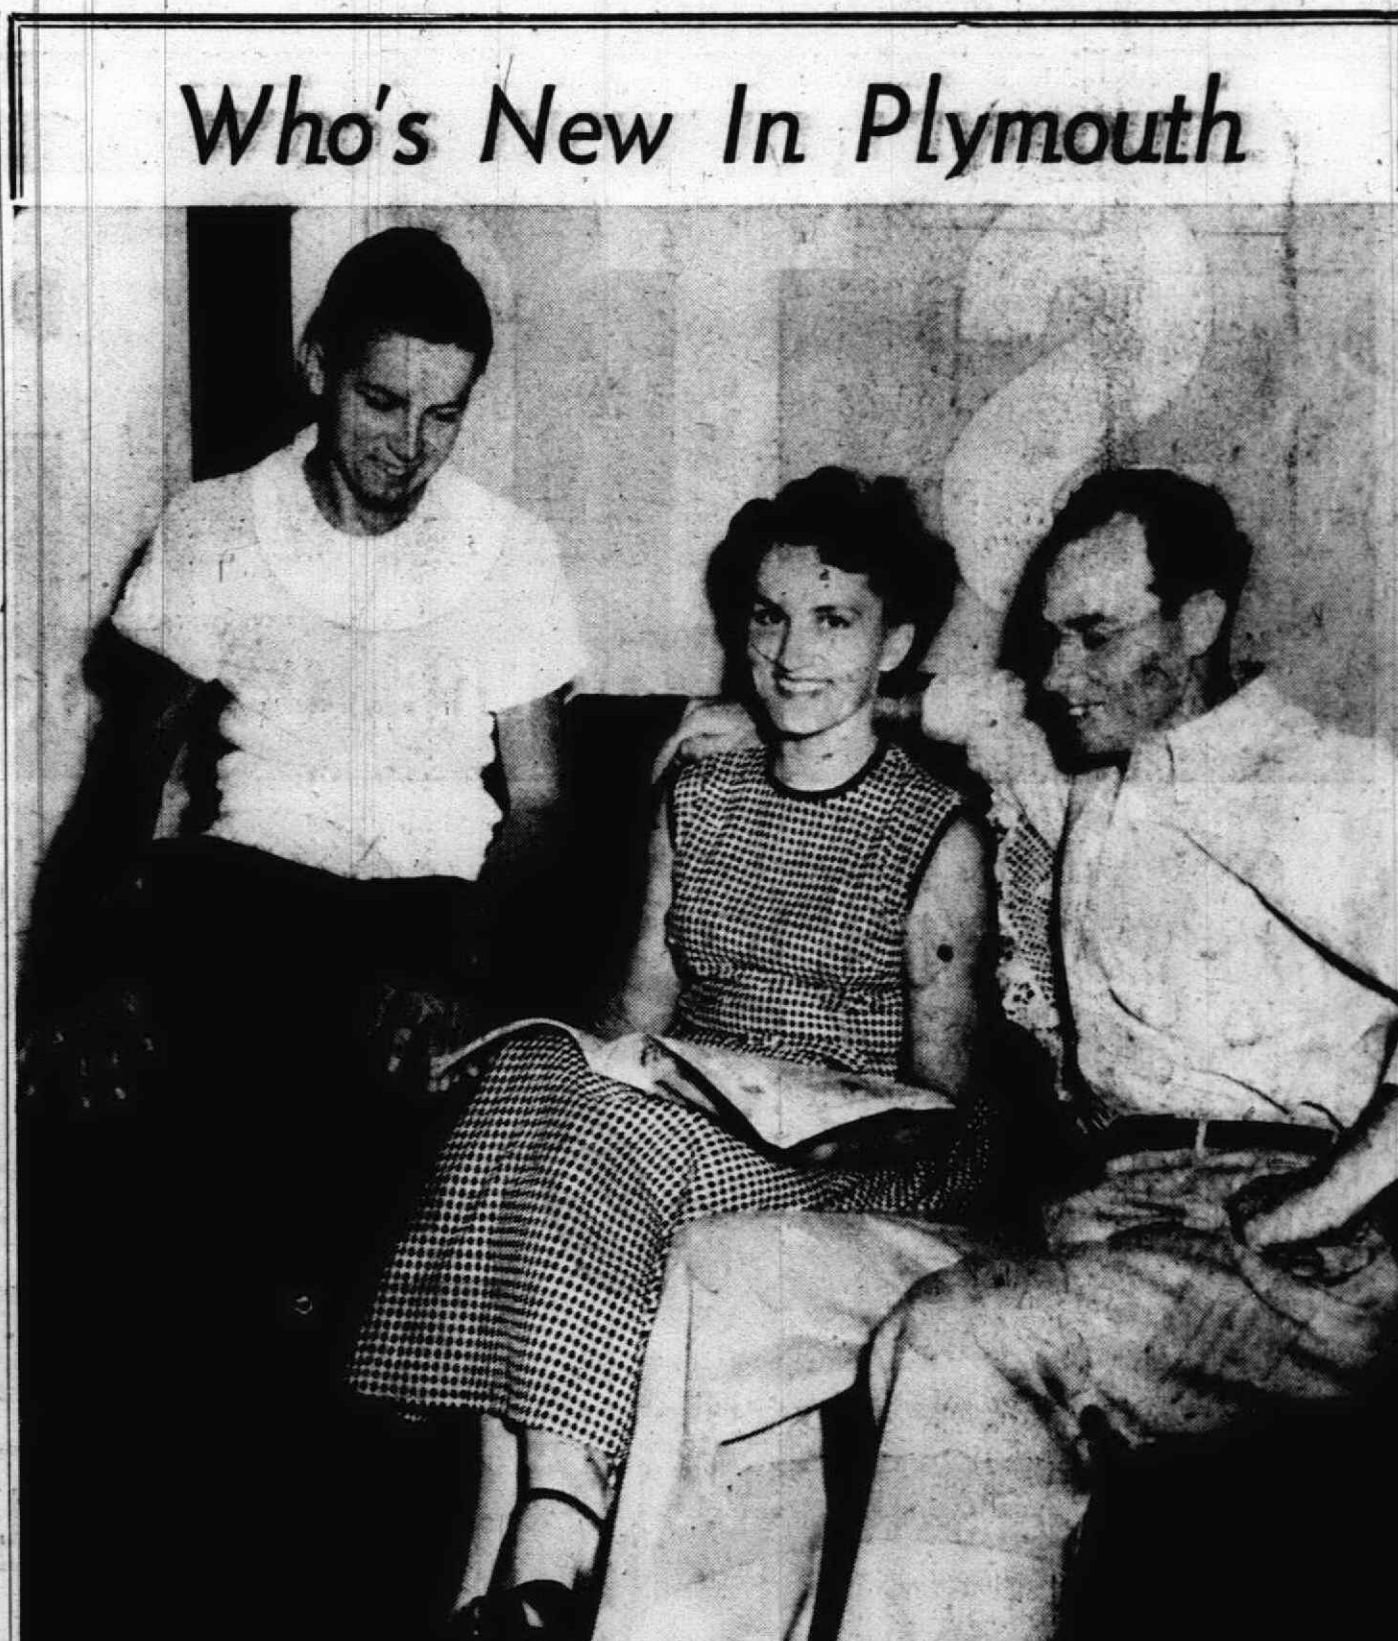

Presbyterian Church Will Hold Reception

A reception will be held Sunday afternoon, September 19, from 4:00 to 5:30 p.m. at the First Presbyterian church welcoming the Reverend and Mrs. Thomas Keefe to Plymouth. The Reverend Keefe is the new minister of Christian education and he will direct the church school, youth groups and various related activities in the Presbyterian church.

Methodist Church Holds Annual Harvest Service

The First Methodist Church of Plymouth will hold its annual HARVEST FESTIVAL service on Sunday morning, September 19, at the 11 a.m. service. People are asked to bring enough fruit and vegetables to make an attractive plate of each kind. Variety and quality rather than amount is the most important thing as the church is not going to have the sale of this produce as in recent years.

The fruit and vegetables will be taken over to the Chelsea Old People's home on September 20. Gifts should be brought to the church not later than noon of Saturday, September 18, and not earlier than Friday evening, September 17.

A FAMILY OF swimming enthusiasts, the W. Roy Andersons of 9210 Northern are looking forward to the opening of the high-school pool on September 13. Here we see Mr. and Mrs. Anderson and son, Bob, enjoying an evening at home. Coming from Gastonia, North Carolina about a year ago, Anderson is presently employed at the General Motors Hydra-matic plant at Willow Run. Bob, 16, is enrolled at Plymouth high school.

Adventist' School Starts in Detroit

The Seventh-day Adventist Junior academy located at Southfield and Fenkell Avenues, Detroit started September 7. This is only one of over 450 such schools in various localities throughout the state, where boys and girls of this denomination mingle a good Bible training along with their three Rs'.

There has been such an increase in enrollment from children of non-Adventist parents this year that it became necessary to purchase a third bus to transport children to the academy. The Adventists fully maintain and support their own parochial schools and buses.

Mrs. Elaine Johnson of 11704 Russell Street, Robinson Subdivision, Plymouth, who has three children attending the academy, is driving the bus route beginning at Sheldon Road, via Wayne, Garden City, Brighton to the school. The bus will accommodate 46 pupils.

Others attending from this vicinity are Carl Carey, 1547 Brookline; Mary and Tommy Gessel, Wayne; Mrs. Alwynn Gibbs, teacher, Dennis and Barbara Gibbs, Garden City. All are members of the local Seventh-day Adventist church.

Riverside Park Church Announces Program

The Reverend Ray Tuttle will represent the state organization of the Church of God at the Riverside Park Church of God on September 15 at 7:30 p.m. Explaining in detail the organizations of the church and how they function, Tuttle will also stress the part each congregation plays.

Grange Cleanings

Everyone will be glad to know that Lily Club is to meet again on September 13 after several months vacation. Mr. and Mrs. Jesse Hake and Mr. and Mrs. Jacobs are to be the hosts. Bring your friends and neighbors and come. Bring sandwiches, cake or jello—your own table service, too. At the Grange hall, 8 p.m.

We were all so happy to have Molly Tracy with us again. She says Joe is better but scarcely up to attending Grange.

Realtors' Board Holds Dinner Meeting Tonight

Realtor Bruce J. Annett of Pontiac will address the Western Wayne County Board of Realtors at 6:30 this evening, September 9, at the Mayflower Hotel. Annett is president-elect of the Michigan Real Estate Association for 1955.

The local Real Estate board is composed of all realtors in Plymouth, Northville, Livonia, Wayne and Belleville, and election of officers for 1955 will also take place at this meeting.

It's
WHERE
 you buy a
 used car
 that counts
 and
 You can
DEPEND
 on
FORD
 DEALER
 USED CARS
 and TRUCKS

It stands to reason
 a Dealer you can
 trust sells a used car
 you can trust.
 We Ford Dealers
 are established
 businessmen. We
 don't depend upon
 used car profits to
 stay in business, and
 we can price our
 used cars at rock
 bottom. Actually
 it's good business
 for us to keep prices
 low. For we have to
 make room for a
 constant stream
 of trade-ins.

Legal Notice

As I do not have a list of all the friends of Thelbert (Bud) Caldwell, so that I cannot thank each one separately, I take this means of expressing my very sincere thanks and appreciation for the many beautiful flowers and for every act of kindness, shown me in this sad hour. I shall never forget you and may the Lord bless every one in my prayer.

WINNERS of a state-wide contest sponsored by Ship'n Shore Blouses are shown above looking over their prizes at Minerva's, 857 Penniman. The girls, who entered the contest at the Plymouth shop, are from the left, Jill Jennifer Jackson, 10, of 31818 West Chicago boulevard, Livonia, winner of first prize or six blouses; Sally Sawyer, 12, of 1435 Penniman, Plymouth, second prize, four blouses; and Ann Goddard, 14, of 1227 West Maple avenue, Plymouth, third prize, two blouses. In the background is Mrs. Minerva Chaiken, owner of the apparel shop. The contest was limited to girls between the ages of 7 and 14 residing in Ohio, Michigan, Indiana and Kentucky.

SEEING IS BELIEVING, and Mrs. Neil Walker of 702 Blunk is pointing out a sunflower growing on the side of a tree in her yard to her neighbor, Mrs. Henry Reddeman. The three-foot sunflower, just out of the camera's range, is sporting five blossoms up near the top of the tree. Mrs. Walker believes that the seed was dropped by a passing bird, fell among the branches near the top of her cottonwood tree and rooted in soil which might have collected there.

Chips from the ROCK

Neighbors of banker Jack Taylor had a neat welcome sign on his porch door heralding his removal from the lake back to his Ridgewood street home. It read . . . "Old bankers never die . . . they just lose interest."

Harry Hunter, just returned from visiting friends in southern Illinois, noted the bumper crops local farmers are having and compared them to the drought area he visited where corn is scarcely a foot high and peaches are ripening about the size of a Michigan peach pit.

Well worth paying admission to see was the recent golf match between Edwin Schrader, Cass Hough and King-Seeley's Dick Gustine at Barton Hills in Ann Arbor. All three, admitting they are getting a little too old to navigate the eighteen holes with ease, were observed riding around the course in the new electric autos now provided for oldsters who still want to swing their clubs but can't take the walking.

You might suspect it possible for a patient in a dentist's office to walk off with the wrong set of teeth but you would hardly expect them to walk off with the dentist's glasses. It did happen, however, when Venita Adams returned home thinking she was losing her eyesight after visiting the offices of Dr. John Olsaver. Not able to see anything, a friend noted for her that she had on the doctor's tri-focals which she had picked up by mistake. During the same period the doctor was having difficulty with his work as well but noted that he hadn't drilled any wrong teeth during the time his glasses were missing.

Weekend farmer, M. L. Kirchoff is proudly exhibiting giant ears of corn, some of which measure 15 and 16 inches in length. The reason for the unusual growth is an application of liquid nitrogen which he says made the corn grow so fast you could almost see it. The ears are so big that it is impossible to walk between the rows on the fields where he used the nitrogen.

It should be noted that the "teen-age" program sponsored by the recreation department at the high school on Thursday nights has been off to a most successful start. Nearly 200 local youths were on hand to dance and play games under recreation department supervision last week. Parents should encourage their children to attend and participate in the program during the months ahead. In line with this program, school board president James Gallimore, comes up with a good suggestion for usage of the city garage on the central parking lot. "Since the city has been unable to find a suitable tenant for the same and since they apparently have no need for the building themselves it might make an excellent youth center for the community," he says.

Hotel manager Ralph Lorenz thinks his "Johnny Billington clean plate club" is a fine idea but the pony he is getting ready to give away to one of the lucky members of the club doesn't rate so high in his estimation this week. Just as he got into his car Saturday night, all dressed in blue flannels and white linen coat, headed for a country club dinner dance the pony broke out of its enclosure and led the city golf champion a merry chase through wood and dale, white coat and all before it was finally corralled and put back in the barn. Soaking wet and slightly bedraggled the champion arrived at the dinner an hour late but no less hungry from his chase in the woods.

DEPTHS OF DESPAIR

MICHIGAN MIRROR

By Gene Alleman
Secy. Mich. Press Ass'n.

Death of a Michigan child, whose parents were unable to secure medical attention, emphasizes a basic problem facing the people of this state. It is a problem that takes on tremendous personal significance, endangering both anxiety and anger in the individual who is faced with the need for a doctor and is unable to engage one. It is a condition that troubles various civic leaders and some members of the medical world. The problem defined in brief: The need for more doctors.

Investigations by the State Board of Registrations in Medicine into the case of the Hazel Park four-year old indicated that the parents had delayed so long in calling a doctor that it's questionable whether she could have been saved; that a doctor who was called instructed the parents to take the child to a hospital. The important point is that no doctor could be found to attend the little girl.

There are fewer medical doctors in Michigan now than in 1942, a war year, according to the federal Public Health Service. Latest figures for the state show that in 1942 there were 121 physicians per 100,000 people; in 1949 there were only 111. Another table shows that there was one doctor for every 831 people in 1942; in 1949 one doctor was available for each 904 people. An editorial in the Ingham County News in Mason pointed out that there are fewer doctors per capita in Michigan than in

Ohio and other mid-west states. The Detroit Free Press stated editorially: "The shortage of doctors was cited repeatedly at the National Governors' Conference on Mental Health as one of the main reasons proper care for the mentally ill is lacking."

"It seems obvious to me," says Dr. A. C. Furstenberg, dean of medical school at University of Michigan, "that we need more doctors if you can't find one when you are sick. The law of supply and demand is fundamental and easily understood by anyone. If a doctor is not available when his services are required, and appointments must be made 30 to 60 days in advance, surely there is something wrong with the supply of medical talent." The dean says that there are valid reasons for increasing present enrollments in medical schools, but cautions that it must be done in an "orderly manner as budgets will permit."

Great worry of some medical school administrators is that the quality of doctors would be lowered under an accelerated training program. Reminding that "no medicine may be much better than bad medicine" one midwest authority further cautions: "as the quantity of professional men is increased under undesirable conditions, the quality is likely to go down. This does not mean that we still would not have many outstanding doctors and dentists, but rather that they would be harder

to find if the number of professional men were increased."

Medical training is expensive. Technical instruction by skilled doctors to small groups of students is a necessity if a college is expected to produce competent physicians.

U. of M. medical school for the past three years has admitted 200 students annually. A total of 720 were enrolled the first of this year.

Wayne University, the only other medical school in Michigan, is now admitting 75 each year. Some 6,737 physicians were reported practicing in Michigan in 1950. If each student who began training graduated and started practice in Michigan (which all do not), only 275 new doctors a year would be available to ease the existing shortage and replace physicians who die or retire.

Quickest remedy seems apparent at Wayne University.

"At the present moment, we have physical facilities for taking 100 students per class," states Dean Gordon H. Scott. "We have no funds with which to hire the additional faculty necessary to handle another 25 students per class. When we were granted a new building by the legislature, we were taking 68 students. We have strained every resource since that time so that we might raise the number from 68 to 75. We cannot go further than we have without deluging our instructional program."

Cost of increasing the student load at Wayne to 100 per year would be approximately \$250,000 per year is the opinion of Dean Scott. It amounts to \$2,500 per new student.

★ THINKING OUT LOUD ★

One question, sometimes controversial, sometimes personal, is asked each week by The Mail of four pedestrians along Plymouth's downtown streets. This week's guests are "thinking out loud" on the question:

"Probably everyone agrees that North Main street needs resurfacing, but not everyone agrees that it should be widened from two lanes to four lanes such as is being proposed by the city commission. Do you think widening is necessary?"

RAGNER BLOMBERG, 348 Arthur: "I think it should be both widened and paved. North Main street is a disgrace to the city. There's lots of traffic on that street, too much for two lanes. When people come into town, that street is the first thing they see and it's a disgrace."

MRS. ELIZABETH CUNDIFF, 837 Holbrook. "Yes, I think it should be widened. Traffic has outgrown the two lanes. Four lanes would also mean more safety."

DAVID GALIN (owner of D. Galin & Son): "I think widening would help the city a great deal. There can't be growth of any community by keeping the main artery stymied. Some of the property owners along the street may be hurt and the cutting of some of the trees may hurt the beautification, but this is something necessary with the growth of any community."

KENNETH WILSKE, 799 Auburn: "It should be widened. I believe the widening should be made on the north side because widening on the south side would bring the street up to their front doors. During that big rush at 5 o'clock you can see cars stacked up from one traffic light to another."

Roger Babson Says

EVERY READER HAS A GOLD MINE

Babson Park, Massachusetts. A prominent educational institution was recently presented a life-sized sculpture of my head for its library. This gift came from a group of admirers of my 33 years of writing these weekly columns. Naturally, I am pleased. It has aroused within me thoughts which each reader should consider regarding his head and what it contains!

WHY A GOLD MINE? First, my reader, remember you have in your head—as you read this column—the most marvelous machine in the world. It is the greatest creation of God, the workings of which have never been understood by any scientist or physiologist.

Second, psychologists tell us that we Americans are using our most wonderful brains only to about 2% of capacity. Some great thinkers have perhaps reached 5% or more; but probably the men who run our Government at Washington or who head our corporation average only about 3% efficiency.

WHY I AM BULLISH For the "long pull" the above sad thought should make us very hopeful. If the brain of the average high-school graduate works, even after graduation, at only 2% capacity, think what this would mean if this average of 2% could be increased to 4%! It could result in doubling the prosperity of our nation; doubling both our production and our standard of living. Surely, we all have a gold mine in our head.

Considering the entire world, the brains of its three billion people probably are working at less than 1% efficiency. If this average could be increased only slightly, think what it would mean in better living and a higher life for these billions. In addition, it should result in greatly increased foreign trade for us all. The "chain reaction" caused by a small increase in the efficiency of our brains is beyond the most optimistic dreams.

NEED OF SPIRITUAL AWAKENING

This need not mean that we are headed for a mechanistic age. The trouble today is that we all need to catch up spiritually. Brains have made it possible for us to travel faster, hear over long distances, and now—by television—see what is going on anywhere. But, what have the inventive brains and chemical laboratories done to bring us nearer to God? I forecast that a changing attitude is ahead.

Increasing the efficiency of our brains to 4% or more does not necessarily mean inventing new miraculous machines or discovering free power from solar radiation or gravity. I further forecast that use of increased brain power will result in helping us to make correct decisions and will give us the will power to carry out these decisions. This power is our greatest need. Lack of concentration and lack of faith are due to our weak, unused brains. In fact, it is hard to draw the line between physical brain power and spiritual faith power. Health and happiness are dependent upon both.

FINAL THOUGHT

Once children were considered an asset. Today too many families look upon children as liabilities or luxuries. If you, my reader, come in this latter group, please think of the wonderful brains you can create and nurture by raising and training more children. This

may be your best opportunity for serving mankind. Furthermore, the brains of these children may be far better insurance for your old age than any paper policy you can buy. One more thought: If you are a woman who loses your job during this "push-button" age which we are entering, do not be discouraged. Remember that a far greater opportunity is awaiting you to stay at home and help develop the brains and souls of your family—or to teach, or even "baby sit." These also have great opportunities. (These opinions of Roger W. Babson are published in this paper every Thursday.)

Banana Nut Cake

Mrs. Carl Hosier of 405 Blunk street says you'll find this banana nut cake both economical and easy to make. A favorite with her family, she tops the cake with a seven-minute or other type of fluffy icing.

Banana Nut Cake

- ½ cup shortening (soft)
- 1½ cups sugar
- 2 eggs, unbeaten
- 1 teaspoon vanilla
- 2 cups sifted flour
- ¾ teaspoon baking soda
- ½ teaspoon baking powder
- ½ teaspoon salt
- 1 cup bananas (mashed pulp about 2 large bananas)
- ¼ cup sour milk
- ½ cup chopped nuts

Cream shortening, sugar, eggs and vanilla. Add sour milk. Sift dry ingredients together, add alternately with bananas, beating well after each addition. Fold in nuts. Bake in two greased and floured 9-inch layer pans. Temperature: 350 degrees for 30 to 35 minutes.

Not only is this banana nut cake luscious-looking, but is inexpensive and simple to make, according to Mrs. Carl Hosier of 405 Blunk street. Jeff. right, is using all his powers of restraint to keep from taking a sample of the family's favorite cake.

New Lutheran Church Organized in Livonia

Following a survey by the Lutheran church, a new church of the Augustana synod has been organized in the Livonia area. First services will be held at the Good Shepherd Lutheran church on Sunday, September 12, 9:30 a.m. at the Bulman school, located on Delaware and Puritan avenues in Redford township. At 10:45 that morning the new church will hold its first Sunday school class. Pastor of the Good Shepherd church is the Reverend Albert Weidlich. A graduate of August-

ana seminary, Rock Island, Illinois. Weidlich was ordained June 20 of this year. He and his wife reside at 16132 Inkster road.

Lions Club Will Hold Barbecue September 14

Instead of their usual meeting on September 16, the Lions club will meet September 14, 6:30 p.m., at the Ypsilanti Lions club for a barbecue dinner with that organization.

Holy Name Society Holds Father-Daughter Event

On September 12 the Holy Name Society of Our Lady of Good Counsel church will sponsor a Father and Daughter breakfast. Tickets for the breakfast, which will be held in the church hall following 8:00 mass, may be obtained from the officers of the society or from the ushers at the church.

EXCERPTS FROM HER new book are shown by authoress Lucy Fredman (left) to her hostess, Mrs. R. L. Jacobus, 39936 Warren road. In private life, Miss Fredman is Mrs. Harry Becker whose husband and Mr. Jacobus are board members of the Michigan Blue Cross. Mrs. Becker is currently working on a book, a psychological study of a young Chicago murderer, William Heirens.

"Woman Author" of Best Selling Book On Mental Health Makes Plymouth Visit

The author of two successful books on mental health and her husband who is completing a half million dollar study on hospital financing, were Plymouth visitors last week at the home of Mr. and Mrs. R. L. Jacobus, 39936 Warren road. They are Mr. and Mrs. Harry Becker of Chicago.

As the author of "Fight Against Fears" and "Hope for the Troubled," Mrs. Becker may be better recognized by her pen name, Lucy Fredman. The Beckers were guests at the Jacobus home while Mr. Becker attended a board meeting of the Michigan Blue Cross in Detroit with Mr. Jacobus. Both are board members.

While her husband attended board sessions, Mrs. Becker—or Lucy Fredman—was busy at her third book which is a psychological study of William Heirens, a Chicago youth who brutally murdered three persons several years ago, creating national attention.

Mrs. Becker, for 11 years a writer and correspondent for the New York Times, started writing books after she quit the newspaper job. Her first attempt, "Fight Against Fears," became a best-seller in 1951 and was printed in a pocketbook edition a year ago. This book was based on her own case of mental instability

caused by a severe sinus condition.

The second book, "Hope for the Troubled," was a report on the progress of mental health studies and how mental health is slowly becoming recognized by the public as an illness which may be cured. Pocketbook editions are also being printed of this book.

Mrs. Becker hopes to have her book on Heirens on the market next spring. Heirens, despite his violent methods of murder, was sentenced to Joliet prison in Illinois as a sane man. The book will report on the psychological studies on Heirens. In the course of writing the book, Mrs. Becker has visited the former University of Chicago student in prison several times.

As a New York Times reporter, Mrs. Becker became one of the first women on the Times staff to cover general news. During her first six years, she covered the Texas City disaster, political con-

ventions and other outstanding events across the nation. Her last five years with the Times was devoted to writing articles on mental health and psychiatry. She was the first writer to specialize in this field for the Times, probably for any newspaper.

As Lucy Fredman, the Plymouth visitor still writes a weekly article on mental health for the New York Times and does free lance writing in this field.

Though Mr. Becker's job is instructor in hospital economics at Northwestern university, he has devoted most of his time to a comprehensive study on hospital financing, a project sponsored jointly by a number of organizations which have formed the "Commission on Financing Hospital Care." He is a former director of the CIO Health and Welfare programs.

New Books at Dunning Library

A best-selling novel again appears among the new books in the latest shipment received by the Dunning library. Two copies of "Mary Anne," by Daphne Du Maurier are now available to Plymouth readers. Other new books in this shipment are Shirley Seifert's "Farewell, My General," with its Civil War background, and "Around the World on a Freighter at 76," by Lillian Loveland, which both armchair and world travelers will enjoy.

"Break Down the Walls" by John Bartlow Martin is concerned with the abolishment of prisons and contains a history of American prisons with an account of the Jackson prison riot. Readers who want to know how to operate excavation equip-

ment" will find a book by this title most helpful. Author Herbert L. Nichols, Jr. has compiled the manual with the layman in mind.

New additions among the circuit and inter-library loan books will interest many readers. The memoirs of Prince Louis Ferdinand of Prussia are contained in a book entitled "The Rebel Prince," and Love is Not Enough" by Bettelheim deals with child psychology and guidance.

Twenty-one writers have contributed to a volume, "The American Church of the Protestant Heritage," edited by Vergilius Ferm. This book covers the background, characteristic features and growth of Protestant churches in America. "Syngram Rhee, The Man Behind the Myth" is a biography of this noted person's life by Robert T. Oliver. "The Case of Mrs. Surratt" by Guy W. Moore pertains to the controversial trial and execution of the woman involved in the Lincoln assassination. An officer in the Royal Navy, Captain Russell Grenfell, has written a book of timely interest entitled, "German War Guilt and The Future of Europe."

Among the circuit books, ballet enthusiasts will enjoy reading S. Hurek's book, "S. Hurek Presents." The world of ballet and its celebrities is brought to life in this publication which also contains many fine photographs of dance personalities.

The slopes of the Great Smoky Mountains are drained by 600 miles of streams.

How to Help Men Buy Wisely

Feminine preferences and tastes today influence the purchase of almost every kind of merchandise, from homes and automobiles to men's wardrobes.

Here are several important things a woman should know if she is to help a masculine shopper choose a suit that has the qualities he wants, and is a good value for the price he pays.

She should know the characteristics of the various kinds of suitings and the type of wear each is best suited for; which stand up best under hard use and dry cleaning; which wrinkle least; which hold press and are least likely to become shiny.

An indoor worker, who places high value on appearance and comfort, may get the service he wants from a fine, soft worsted. But the man who is out in all kinds of weather, in and out of cars, should choose a rugged cloth that will stand up under harder wear.

The first, and most important consideration in buying a man's suit is correct fit. To wear and look its best, a suit must fit perfectly. Since forty-nine out of every fifty men have some kind of figure problem, it is necessary for them to have clothes made to their individual measure.

An increasing number of men today are solving this problem of correct fit by buying suits, in the

popular price range, which are made to measure for their individual chest, waist and inseam measurements. A suit bought by this plan provides for any figure irregularity.

Take time to notice all details of fit. Look at the front, sides and back of the entire suit. Watch as the wearer raises his arms, stoops, moves about and sits down. Observe him as he walks with his natural stride to see if the trousers are cut for walking comfort.

Be sure the coat collar sets up smooth and close to the back and sides of the neck and is made so one-fourth to one-half inch of shirt collar shows. Armholes should be comfortably large but not so deep the coat lifts with the reach of the arms. There should be an easy, unwrinkled fit through the body with no strain as coat is buttoned. Sleeves should be tapered and comfortably wide, but not full enough to cause unsightly wrinkles.

Trousers should hang straight without wrinkles. There should be comfortable seat fullness without bagginess.

It's necessary to scald most vegetables before freezing them. Scalding slows or stops loss of flavor and color. It also brightens green vegetables, makes them easier to pack, and destroys harmful bacteria.

This Cake's A Real Treat

Right-Side-Up Pineapple Cake
Simple one-bowl version

- 1 1/4 cups sifted all-purpose flour
- 1 cup sugar (beet or cane)
- 2 1/2 teaspoons baking powder
- 3/4 teaspoon baking soda
- 1/4 teaspoon salt
- 1 egg, room temperature
- 1/3 cup milk
- 1/3 cup pineapple juice
- 1/3 cup shortening, room temp.
- 1/4 teaspoon lemon extract

Sift dry ingredients into mixing bowl. Add all remaining ingredients and with rotary or electric beater, beat just until batter is smooth. Spread in a well-greased and floured 8-inch square pan.

Bake in a moderate oven (375° F) for 35 to 40 minutes or until top is a golden brown and springs back when lightly touched.

Remove from oven and spread with Pineapple Topping. Place under heated broiler for about 3 minutes, until topping bubbles and browns.

Pineapple Topping
Mix together in a small bowl: 4 tablespoons butter or margarine, melted, 1/2 cup sugar, 1/2 cup drained, crushed pineapple, 1/4 teaspoon mace, and 1/2 cup coarsely chopped nuts.

(The juice drained from the crushed pineapple furnishes the liquid for the cake.)

Freeze Heavy Cream

A series of checks have shown that whipped cream can be frozen. Sweetened or unsweetened, whipped or unwhipped, left-over 40 per cent cream can be frozen and stored for future use as a topping for salads and desserts.

Drainage from frozen whipped cream is very slight and there seems to be no quality deterioration. Frozen unwhipped cream should be completely defrosted (but still cold) for whipping.

You won't want to leave unwhipped cream in the bottle to freeze it, however. Put it in a container which allows for some expansion during freezing.

Food Sense—Not Nonsense

No Slip-Ups With School Lunch Boxes

A little bit of home is carried—away from home—by many small stoves between breakfast and dinner—home and school. To avoid slip-ups occurring in planning for the lunch box needs of the 3-R crowd, mother can follow the guide used by school lunch managers. This is the Type A Lunch of the National School Lunch Program and includes:

- 1 portion bread, enriched or whole grain
- 2-oz. serving protein-rich food
- 1/4 cup serving vegetables and/or fruits
- 2 teaspoons butter or margarine
- 1/2 pint milk

To use this guide, mother will begin by choosing the protein-rich food which can easily be made the filling for sandwiches. It could be cooked either in slices or chopped for blending with mayonnaise. The same measure of peanut butter or one-half cup of baked beans will fill two sandwiches and meet requirements for the protein food in the school lunch.

Mother can vary the sandwiches with the wide assortment of bakers' breads and rolls—enriched, whole wheat and rye plus the variety breads and buns. The butter or margarine is spread on the bread, not only for its food value but also to prevent fillings from soaking into the bread. Fresh vegetables should be wrapped separately to be eaten out of hand or included later in the sandwich at lunch time.

Additional foods may be planned to meet the high energy needs of children. These calories and further nutrients may come by way of easily carried desserts—cup cakes, cookies, or individual fruit pies. For the high school boy or girl, all servings should be increased and other foods added.

No slip-ups will occur, if eye appeal is considered and food nutrients most likely to be lacking from the average diet are included. These are vitamin C, found in citrus fruits and cabbage, and thiamine, supplied by enriched or whole wheat bread, peanut butter, liver sausage or baked beans.

Vary Your Menu With A Tasty Creole Dish

CREOLE JAMBALAYA

- 1 lb. fresh pork
- 1/2 cup finely chopped onion
- 2 finely chopped garlic cloves
- 3 tablespoons fat
- 1 slice ham, cut 1/2" thick
- 1/4 teaspoon thyme
- 2 tablespoons chopped parsley
- 1/2 teaspoon cloves
- 2 bay leaves, broken in pieces
- 8 pork sausages
- 4 cups bouillon
- 1/2 teaspoon chili powder
- 1/4 teaspoon salt
- 1/2 teaspoon cayenne
- 1 1/2 cups converted rice

Cut pork in half-inch cubes; remove all fat. Saute onion, garlic and pork in fat until delicate brown. Cut ham in half-inch cubes; remove all fat; add to pork mixture with thyme, parsley, cloves, and bay leaves. Saute until ham is delicate brown. Cut sausages in half-inch slices; saute. Add to the pork mixture. Add bouillon; bring to boiling point.

Add chili powder, salt, cayenne and rice. Cover and cook slowly for 35 to 40 minutes, or until the rice is tender, stirring frequently. Serves 4-6.

Noted American Designer Advises, "Keep Home Decorations Simple"

A famous American decorator advises the average homemaker to adopt this basic approach to home decorating:

"Keep it simple." By following that one rule, the amateur can avoid a hundred decorating disasters and create an atmosphere in good taste, using virtually any decorative scheme.

Elaborate fabrics and furniture may work for the professional, but, in the hands of an amateur, may produce horror interiors that drive the occupants neurotic in a matter of weeks.

"Keep It Simple" "To the average lay person, I have just this simple admonition—keep it simple. We use loads of cotton and I particularly like chintzes and printed lawns.

"Decorating takes a knowledge of how to mix things. If you don't know what you're doing, don't try to mix too many things. "It's a good idea not to get too many colors in a room. One good approach is monochromatic—use a single color throughout the room.

Two-Color Combination "Another is to use two striking colors in combination, such as brilliant orange and red; but this must be done with great care. If the combination is too garish, either you'll get very tired of it, or you won't use the room very often."

The dining room is the best place to experiment, the decorator pointed out, because it gets less use than any other room in the house.

"Here you can go to town and knock 'em dead for color stimulates appetite and conversation." He also contends that "bathrooms should be peppier than most of them are."

Tips on Basic Furniture Basic furniture should be simple in line and built to endure.

"You don't buy a sofa very often, and when you do, it's an important investment that should last for years. Get a straightline sofa—one with straight back and arms—and it will always be in keeping with your other things, even though fashions change. A

period piece gets dated after a few years." It's easier to make slipcovers for a simple, straight-line sofa than for an elaborate, curving type, and the simpler the design of the sofa the more you can let yourself go with the slipcover pattern.

"I'm a great believer in slipcovers. Even where the decorating budget is high, I often put inexpensive cotton slipcovers on the sofa, using different patterns for summer and winter."

Oriental Cotton Designs Following a tour of the Orient, the decorator has recently created a variety of dresswear and decorative cottons inspired by his travels. These include an embossed lawn with the flavor of deli-

cate tracery on a Siamese screen, a soft poplin based on a Hindu sari and a sheer lawn suggesting the wares of Oriental caravans.

He feels that the Far Eastern influence is attaining new prominence in contemporary home furnishings and that the American housewife today can "decorate with fabrics of style and taste inspired by motifs from many corners of the world."

But the exotic note must be handled with discretion. In case of doubt, the homemaker contemplating a plunge into any riotous decorating scheme is advised to heed his original injunction: "Keep it simple."

The dill used in dill pickles may be either fresh from the garden or dried.

4 Important Reasons why you should buy a PONTIAC RIGHT NOW!

- 1 Pontiac is One of the Greatest Cars Ever Built!**
Match today's Pontiac with America's finest cars and you'll get a dramatic picture of Pontiac value. First of all, Pontiac is bigger, in fact, than many cars costing hundreds of dollars more. Pontiac is beautiful—with its distinctive Silver Streak styling. Inside, you'll find genuine fine-car luxury and appointments—along with the roominess and comfort that come only with a long wheelbase. But the big surprise comes when you test Pontiac's performance. See how alert it is to every demand in traffic, how it handles and corners almost without effort, how it takes to the open road with plenty of power to spare and saves money every mile.
- 2 Pontiac has the Best Resale Value in its Price Class!**
Along with all its fine-car size, luxury and performance, Pontiac has a very special attribute no car at any price can beat—its unsurpassed reputation for year-in, year-out dependability. Pontiac's carefree, economical long life and its proved record of amazingly low maintenance expense are so widely known and acknowledged that it commands the highest resale value in its price class. Because Pontiac is America's most desirable used car, your original investment comes back in greater measure when you trade.
- 3 Pontiac is Priced Just Above the Lowest!**
After you've convinced yourself of Pontiac's value, after you've considered all the good things you've heard about its dependability—see how it compares dollar-wise. Despite the fact that it's a fine car in every sense of the term, Pontiac is priced so near the lowest that if you can afford any new car you can afford a Pontiac.
- 4 We'll Make You a Deal You Can't Afford to Miss!**
Right now we're making such liberal trade-in allowances that you just can't afford to pass up the greatest opportunity you ever had to become a fine-car owner. Come in and get the facts.

REMODEL
or
BUILD

THIS BUILT-IN FIREPLACE on one end of the kitchen in the new home of Mr. and Mrs. Earl J. Demel, 13900 Beck road, is extremely useful and convenient in addition to being a center of interest in the kitchen. The fireplace is built-in in the brick wall with display shelves at the left, and a utility room with louvered doors at the right. The fire place tends to create a "homey" atmosphere of warmth and good cheer.

Thanks largely to the ranch style of home design, the entrance hall is staging a comeback. The lack of a porch is the reason.

Shower Bath In American Home No Longer An Expensive Luxury

Once regarded as a luxury, the shower bath is now considered an essential part of the equipment for every modern bathroom, says the Plumbing and Heating Industries Bureau.

When planning a new house, it is advisable to provide not only for showers over the bathtub, but also for one or more showers in separate leakproof compartments.

Nor is it necessary for owners of existing homes to go showerless. Special types of showers are available for installation over bathtubs in middleaged homes. These installations can be made without marring the walls.

A full line of new and improved shower equipment, made of lustrous, non-tarnishing chromium plated brass is available for new bathrooms as well as for the modernization of old bathrooms.

This equipment ranges from a variety of attachments for showers over the bathtub to

shower cabinets in a wide range of sizes. Shower heads have been improved so that they take less water, concentrate the stream on the body of the bather, and are easy to keep clean.

Especially important are the safety features of modern showers. As with all plumbing equipment, installation is an important factor in the satisfactory operation of the shower, whether it is over a bathtub or in a separate cabinet.

Modern Laundry Facilities

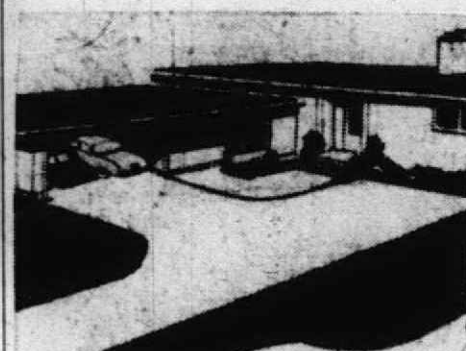

The trend in the location of the laundry is upward from the basement to the kitchen or an adjoining room. Good light and ventilation, a comfortable floor covering such as resilient Kenlor vinyl flooring, clean, fresh-looking walls and equipment are as important for the laundry center as for the kitchen.

Garage Design, Site Planning Determine Location and Uses

Editor's Note: This is the second of three installments on the subject, garage planning and construction, reprinted here in part from information supplied by the Small Homes Council, U. of Illinois.

The multiple purpose, for which the garage or carport is to be used, will help to determine its location on the lot and its position in relation to the house although other factors, such as the approach to the street, must also be considered.

With the increasing importance of automobiles in family activities, the garage or carport area serves as the principal entrance

court to the house and should be recognized as such in designing the house. Both the front door and the service door should be easily accessible from the driveway.

If a choice of location for the garage is available, the orientation of the garage should be considered in respect to prevailing winds and also winter and summer sun. In some regions where the direction of the prevailing wind in winter is different from that in summer—i.e., southwest breeze in summer and northwest wind in winter—the garage can sometimes be located to protect the house from winter winds (making it easier to heat) without blocking the desired summer breeze. Similarly, sometimes it is desirable and possible to place the garage on the west side of the house, thus protecting the house from the direct sun in summer and helping to keep the house cool. A desirable southern exposure should not be blocked by a garage.

A detached garage, unless connected to the house by a breezeway or a porch, is not recommended. There are, of course, some unusual conditions, such as an ex-

tremely narrow lot, which might make it impossible to provide a garage or carport unless it is detached from the house.

The driveway should be straight and as short as possible. If the lot is large enough, an off-street parking area or a turn-court is desirable.

Do not locate the driveway close to a corner of the house, existing trees, or an area which is to have high hedges. These may block the view and possibly be the cause of accidents.

Paved driveways should be drained by using either "crowned" or "dished" cross-sections. If sidewalks are combined with driveways, they should be built slightly higher than the driveway.

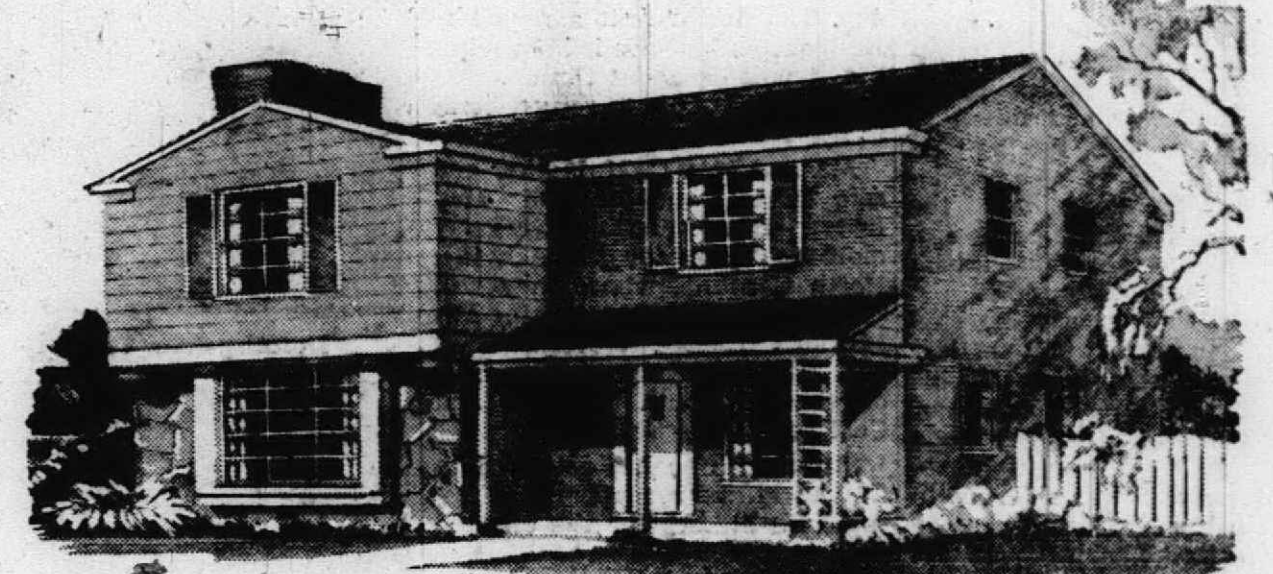

Because of its size, the garage door must be selected with an eye to appearance, particularly if the garage faces the street. Doors should be simple in design so that they do not dominate the house. A strong contrasting color on the door is generally undesirable.

The attached garage is important in the architectural design of the house since it forms a large

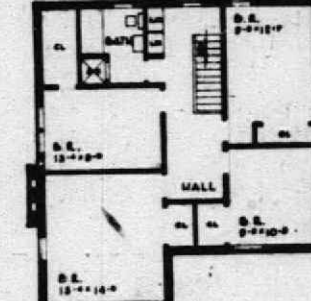

part of the total area of the structure (often as much as one-fourth).

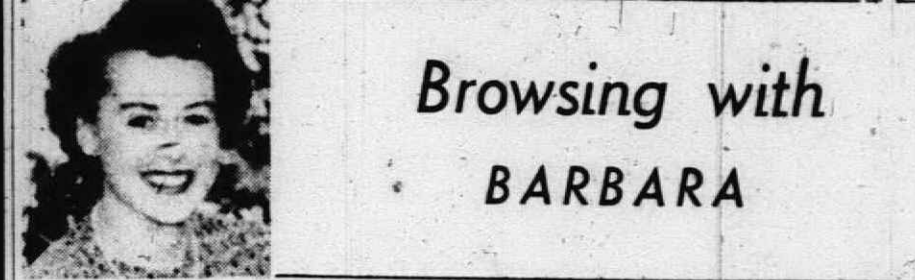

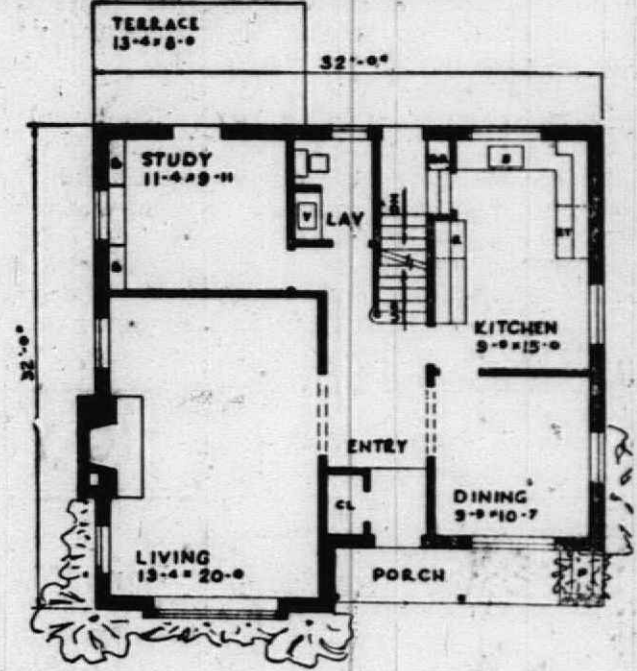

Garage designs that extend the line of the house ridge or the lines of the eaves, or those which seem to add to the total length of the walls (through the use of plain garage doors) generally make the house look larger and more attractive. Designs which break the line of the house or offer a strong contrast in material or color often detract from the appearance of the house. Garages purchased as stock items are too frequently selected and placed without regard to the house from the standpoint of design, materials, or location.

LOVELY HOME FOR A LARGE FAMILY

This impressive home, with its ageless styling, is an ideal house for a large family. The design features four huge bedrooms and a family-size bath on the second floor. With an exterior of fieldstone and wood, this home has a dignified and serene appearance. The long rectangular living room includes a massive fireplace and the study, which could serve as a television room, opens onto a lovely outdoor terrace. The kitchen is planned to save the housewife many steps. For complete plans, send \$8.75 and design number to HomOgraf Co., 11711 E. Eight Mile Road, E. Detroit, Mich.

Browsing with BARBARA

If you're thinking about projects for the improvement of your home this fall, how about those badly-worn wood steps? The Plymouth Lumber company, Main street, has the answer for you in the Nu-Cast prefabricated cement steps. These steps are reinforced, interlocking and you'll find them easy to install. They're all cast in one piece, as are the top and three sides, and once set up, the interlocking feature holds the whole unit firmly in place. Coming in sets of one to five steps, the sizes range from two to six feet, and odd sizes will be made to order.

In smaller homes space is always at a premium, and if you've

got this problem on your hands, you'll be interested in the EZ-WAY Folding Stairway available at Roberts Supply company on South Mill street. By using this folding stairway, wasted attic space may be converted into a playroom for the kids, extra guest room or a den for Dad. A snap to install, EZ-WAY stairways have a special safety strip on each tread for firm footing. No counterweights are needed, either, because of the tempered-springs feature. This, too, acts to keep the stairway snug against the attic opening when closed. A light pull on the operating dowel slides the stairway down, locking by itself.

Water leaks are expensive. A dripping faucet allowed to be unrepaired or unreplaced, soon wastes more than a new one would cost.

HERE'S HOW...

MAKE AN ATTIC ROOM

Remodeling the attic is a challenge to the craftsman, and the possibilities for development are endless.

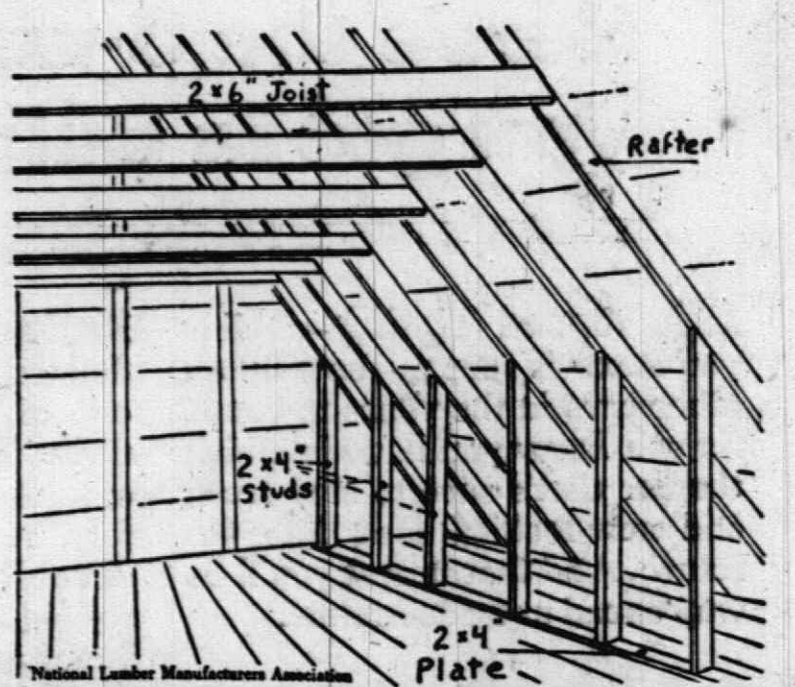

Before he starts, the craftsman should see his local lumber dealer for advice on how to take advantage of the existing structure, and on how to save money by the wise use of lumber.

The drawing shows the addition of the joists and studs to

which ceiling and walls will be fastened. This work must be done carefully, and checked for alignment with a carpenter's level.

Ceiling joists are of 2 by 6-inch lumber for spans over 10 feet long. For shorter spans, 2 by 4's may be used.

Wall studs are 2 by 4's, extending from a 2 by 4 plate on the floor to meet the rafters at a suggested height of not less than 5 feet.

Have you heard? There's going to be an addition in Cherryhill. Yes, we are going to build more Sunday school rooms and rest rooms on the church house and things have been buzzing all summer with projects to raise money for the building fund. Our biggest event is coming up Saturday, September 11. It is a carnival beginning at 1 p.m. with all kinds of races, games, refreshments, cake walk and cake guesses, pony rides and a fishpond. There will also be an apron and plant booth, a place to sit and have a cup of coffee and a doughnut while visiting with friends, a country store selling anything and everything. For those who enjoy sports there will be archery and horse-shoe pitching. There will be music if the young folks want to dance, and the carnival will wind up with a beef supper beginning at 5:30 p.m. Everybody come and enjoy yourselves.

Letter to the Editor

Dear Sir,

In regard to the article "Industry Could Help," in the Editorial of the September 2, issue of the Plymouth Mail, I would like to say a few words. I am forced to agree that industry could help make Plymouth a bigger town, but it never could make Plymouth any better. All it could do, would be to make Plymouth worse than it is now and probably worse than it ever was.

When factories move into a town they bring more people, some of which would be very undesirable to Plymouth. The people being those who would work in these factories. With these people come more children, making our schools, which even now are growing too crowded, highly inadequate. Surely we will get more taxes from these factories, but these extra taxes will in turn have to be used for the expansion of our school system. Earlier in this letter I mentioned undesirable by this, I mean juvenile delinquents, hoodlums, and drunkards.

We are not able to avoid getting some of these undesirables in with the good people. Who will suffer because of the increase of juvenile delinquency and hoodlums? You the good people of Plymouth, and you the merchants who run their businesses on the streets of Plymouth and finally the town of Plymouth itself. Plymouth reputation will suffer possibly because of this. To confront with this problem we will have to enlarge our police force, which will come from the taxpayers.

Plymouth is now a nice, quiet, respectable community with a good reputation. Let us try to keep it this way, a place where the children of Plymouth can grow up decently and live a good life. These are my sentiments, and the sentiments of many of Plymouth's fine citizens. I think the Plymouth Mail very sincerely for letting me and others express their opinions about Plymouth and its people.

Thank You,
A. K.

NORTHVILLE'S VFW softball team emerged as champions of the local Class B "Old Timers" league in the season just completed last week. Players on the team pictured above are: (l. to r., back row) D. Schoultz, B. Light, H. Wagenschütz, D. Slessor, L. McCarthur, J. Wallace and J. Funke; (seated l. to r.) C. Meyers, F. Robinson, V. Bongiovanni, A. Ash, G. Perry (Mgr.), R. Van Hoff, O. Atchinson. Batboy R. Atchinson is seated at left with a small companion who was unidentified. Missing when picture was taken were J. Lach and C. Rodgers.

THE CREAM OF PLYMOUTH'S crop of softball players as chosen for the All Star team competition found the going tough at Wayne last week and lost two games to the Wayne All Stars. Pictured above (l. to r. standing) are: R. Johnson, C. Pursell, G. Street, B. Dunn, J. Thibodeau, J. Asher and Manager C. Dudley. Seated left to right are: B. Stout, M. Scriver, H. Schultz, J. Slessor, H. Hunt, W. Londeau and M. Wayne.

Local All Star Nine Fails In Inter-City Title Defense

The defending Plymouth All-Star team lost its title last week when Wayne defeated the local aggregation twice. Plymouth drew Wayne in the first round and succumbed 7 to 1 as three errors and a bases-loaded home run gave Wayne a big edge in the first inning. Street then relieved Joe Thibodeau, but the damage had been done, and the Plymouth Stars just couldn't catch up.

Plymouth defeated Inkster rather easily in the second round 16 to 1, but drew Wayne again in the third round and lost a 11-inning 4 to 3 contest. Each team had lost one game.

Garden City remained unde-

feated as they downed Wayne and Inkster, and were favored to win the crown.

Five Inter-County Nines Share Title

Nine teams in the Inter-County league are currently battling it out in the championship playoffs to determine who will win the championship. Those nine teams all ended the season with a percentage of .500 or better. A tourney for those below the .500 mark also is in progress to determine a consolation winner.

Five of the nine teams tied for first place during the regular season, each having won 12 and lost 6 games.

The final standings in this fall league were as follows:

Team	W	L
Farris	12	6
Taylor	12	6
Wayne	12	6
Wyandotte	12	6
Auto Club	12	6
Teamsters	11	7
Northville	10	8
River Rouge	10	8

Sport Glances

by "Professor" Edgar Brown

Plymouth high school athletic teams lost a most loyal fan and booster by the tragic death of Elroy Juve last Saturday night. He was killed in an automobile accident on Farmington Road.

Mr. and Mrs. Juve attended all athletic events here and away. His son, Lee, is captain of this year's football eleven, and also a regular on the basketball and track squads. An older son, Rod, graduated a year ago after participating in the same sports.

Mr. Juve had been interested in local sports since coming to Plymouth a few years ago and was a promoter of athletics as a developer of good general characteristics in young people. He was on the Board of Directors of the newly organized Alumni Association because of his genuine interest in promoting athletics.

Elroy will be greatly missed at the athletic events this year and Plymouth athletes have lost a fond follower.

It's football time again and the high school eleven opens the lid on the 1954 season next week when the Northville Mustangs come here for a game. Northville won a surprise contest last year on an inexperienced local team's mistakes. The Rocks quickly recovered after that humiliating defeat, and went on to become champions of the tough 6-B league. Coach Ketterer has been having his troubles with boys being ill, etc., but even though Plymouth will field a light team this year, you can wager that they will be out there fighting for every yard on both offense and defense, so you better reserve the next few Friday nights for some good football games.

U. S. bituminous coal production in 1953 of 453 million tons would fill 440 Empire State Buildings, from sub-basement to TV tower.

Merchants Win Tourney Pair

The Plymouth Merchants, playing in the consolation tourney of the Inter-County league, won the first two games in the playoffs by downing Grandale 7 to 1 on Sunday and then trouncing Lincoln Park Cubs 10 to 5 on Labor Day.

Ed Hock pitched both contests as the locals remained undefeated in the lower-bracket playoffs. Young Hock limited Grandale to 6 hits as he struck out 8 men. The Cubs touched him for 8 hits.

In the Grandale game Plymouth went ahead in the first inning by counting one run, and adding singletons in the fourth, fifth and sixth, and capped the win with a three-run outburst in the eighth inning. Grandale scored their lone run in the bottom of the eighth inning.

Al Moers led the attack with 4 hits, one of them a threebagger; Wally Dzurus also had a three-base hit and a single; Harold Williams and Rousseaux each had two safeties, while Harold DeWulf, Pete Collura and Hock had one apiece.

In the Labor Day contest, the Merchants were behind until the sixth inning by a 5 to 1 count, but from that point on they hit the Cubs pitcher freely to win going away. The winners secured 14 hits; Dzurus, Moers, Hock and Schwartz getting two each.

The feature fielding play of this game was a circus catch by Dick Huebler in the outfield of a ball over his head.

The winner of this lower bracket will be the team that survives the two-game knockout tourney. Next Sunday the Merchants will play again. Four teams were in the playoffs, Grandale, Plymouth, Cubs and Dietrich. The Cubs loss eliminated them from further play as they lost to Dietrich Sunday by a 14 to 7 score.

Foreman Drops Horseshoe Match To State Champ

It took the state horseshoe champion to dispose of Ed Foreman, Plymouth's representative in the state finals at the Michigan State Fair last weekend. Foreman drew Martin Leatherman of Quincy for the first round of play. Leatherman went on to win the finals and become the new state champ.

Foreman lost his match 21 to 7 and 21 to 3, and gave a good account of himself despite the one-sided scores.

Sixty district winners were on hand at the fair grounds to try for the coveted first place prize. The new champ threw 70 ringers in the three game, 50 point, final match—an average of 23 ringers per game of 50 points.

The renewal of the state horseshoe tournament was such a success that next year's efforts will be much bigger to provide better state-wide elimination tourneys, and much more interest in this old sport.

Six Teams Remain In Inter-County Games

Farris, Wayne and Taylor were eliminated in the championship play of the Inter-county softball league playoffs last weekend leaving six teams competing for the title. The six teams along with the schedule for Sunday are: Auto Club at Wyandotte; Teamsters at River Rouge; and Northville at Food Fair.

Plymouth advanced in the consolation flight and plays Dietrich at 3:30 p.m. at Riverside Park Sunday. Neither team has lost a game in the playoffs and therefore will meet again in the double-loss elimination tourney a week from Sunday.

Rocks to Field Grid Squad Small in Number, Stature

Illness and misfortune has plagued the Plymouth high school football squad since the boys began practice last week. Coach Charles Ketterer says that a number of boys have been idled by colds for a few days, and that one letterman may be out indefinitely because of a more serious illness. As a result of all this, some of the prospects will not get in condition as fast as those who have been out each day.

Captain Lee Juve will miss practice this week because of the death of his father in an automobile accident over the weekend.

Many of the boys who indicated a desire to come out for the gridiron sport this fall in a poll taken before school was out in June failed to show up. About 36 boys are still practicing faithfully each day vying for places on this year's varsity.

The Rocks will again present a small, but scrappy eleven. There is not one lineman who tips the scales at more than 180 pounds.

Coach Ketterer and his assistants have only a week left to prepare their players for the first game of the season, which is next Friday night with Northville on the local field.

Beginning today the practice sessions will be limited to after school hours.

Coach John McFall had his Frosh team out last week when

about 25 lads reported for the first session. More are expected out after school begins today. The Frosh will play a limited schedule this year as in the past.

FORD'S FIRST IN SALES

LATEST NEW-CAR REGISTRATION FIGURES* FOR THE FIRST SIX MONTHS OF 1954 SHOW MORE PEOPLE ARE BUYING FORDS THAN ANY OTHER CAR

*Source: R. L. Polk & Company. Registrations for January through June, latest month for which figures are available.

Ford's first in "GO"

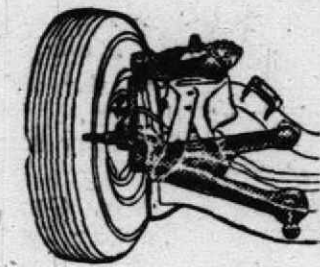

Ford's Y-block V-8 is the most modern in the industry

Ford's 130-h.p. Y-block V-8 is the greatest engine development since the original Ford V-8. Deep, Y-block construction assures greater rigidity for smoother performance; longer engine life. Short-stroke, low-friction design means less friction—more usable power from every gallon of gas.

Ford's first in Ride

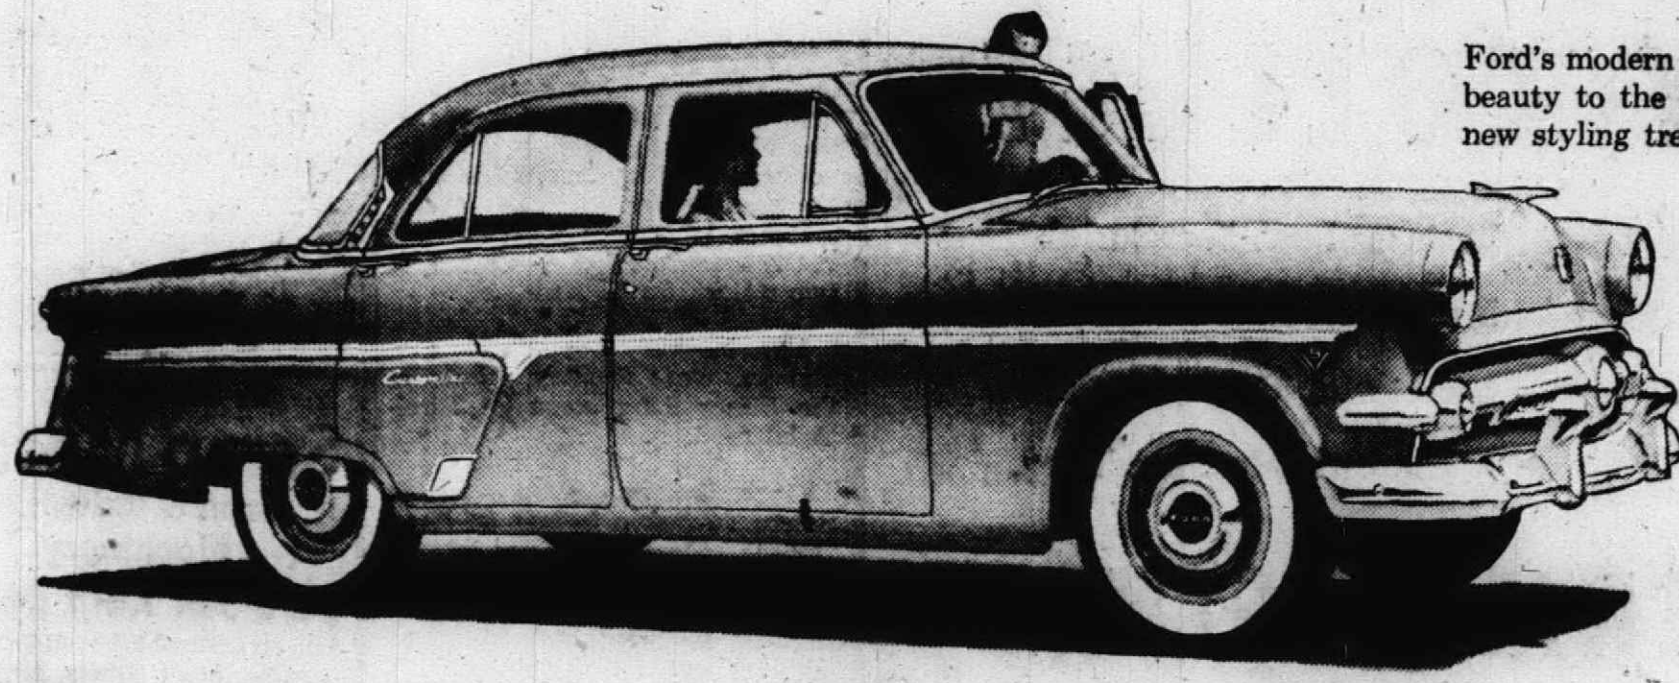

Ford is the only low-priced car with Ball-Joint Front Suspension

Only Ford in the low-price field has Ball-Joint Front Suspension. This advanced system eliminates old-type kingpins. Wheels move right and left, up and down on smooth-acting ball joints. This makes all handling and riding easier. And that "new car feel" stays on and on... because 12 points of wear are eliminated by the new Ball-Joint system.

Ford's first in Style

Ford's long, low look sets the trend for tomorrow's cars

Ford's modern styling has brought luxurious beauty to the low-price field... and set a new styling trend in the industry. The eye-catching exterior beauty is complemented by interiors that combine fashion and function in a way that matches a fine living room for both beauty and comfort.

Ford's first in Resale Value

Used car prices show FORD returns a higher percentage of its original cost at resale than any other car

The cost of a car to you is the amount you pay for it less the amount you get for it when you sell it or trade it in. And recent-model Ford cars return a greater portion of their original cost at resale than any other car in the low-price field. That's why it costs you less to own a Ford!

V.F.W. News

The Mothers' March on Polio on Tuesday, August 31, was a huge success! Chairman Virginia Bartel, was very pleased with the results and wishes to thank all V.F.W. members, all organizations, individuals and the Boy Scout groups who participated in this Emergency Drive. Also our thanks to Community Service Chairman Alice Fisher and her committee who had charge of plans for the showing of the film on Polio at the Penn Theatre.

The date for our annual Rummage sale has been set for September 22 and 23 at our V.F.W. Hall. Chairman Jerry Olson is asking for girls to volunteer to work on those two days. Call 1553W if you have any rummage you care to donate!

Let's not forget our observance of Citizenship Day on September 17! AMERICA'S HONORED HERITAGE!

Contact President Marie Norman if you plan on attending the 4th District rally on September 12 held at Wayne, Michigan. Here's a chance for all chairmen to earn their points and meet all the new district officers.

Report has it that Post member Ernie Berridge is in the hospital with polio attack. Any cards or a personal visit would probably help to cheer him up. His room number is 4 Center Private University hospital in Ann Arbor.

Plans for the Dedication Program for the completion of the Post Hall have been temporarily cancelled. A future date will be announced in this column.

First Meeting
On September 6**

The American Association of University Women will hold their first meeting on September 16 at 8:00 in the home of Mrs. Miller L. Ross, 50000 West Ann Arbor road. Mrs. Ross's co-hostesses will be Miss Irene Truesdale and Mrs. A. E. Haar.

The speakers for the evening will be Miss Alma Murphy and Miss Marie Hickey, who will talk on the education of a physical therapist and the techniques used in physical therapy and rehabilitation.

Both Miss Murphy and Miss Hickey are members of A.A.U.W. and residents of Plymouth. Miss Murphy, who has a doctorate in philosophy and physiology, is doing research and clinic work in the Physical Medicine clinic and Polio Respirator center of University hospital. Miss Hickey is Head of Daytime Activities at the Rehabilitation Institute of Metropolitan Detroit on Hamilton Avenue.

All women who have degrees from colleges and universities accredited by the American Association of University Women are most welcome as guests and may procure complete information from the membership chairman, Mrs. William Clark.

NOTICE OF SALE
\$103,000.00
TOWNSHIP OF PLYMOUTH
COUNTY OF WAYNE,
MICHIGAN
1954 DRAIN ASSESSMENT
FUNDING BONDS**

Sealed bids for the purchase of general obligation bonds to be issued by the township of Plymouth, County of Wayne, Michigan, of the par value of \$103,000.00, will be received by the undersigned at Township Hall, 42350 Ann Arbor Road, Plymouth, Michigan, on Thursday, the 16th day of September, 1954, until 7:30 o'clock, P.M., Eastern Standard Time, at which time and place said bids will be publicly opened and read.

Said bonds will be dated September 2, 1954, will be coupon bonds in the denomination of \$1,000.00 each, will be numbered consecutively in the direct order of their maturities from 1 to 103, inclusive, will bear interest from their date at a rate or rates not exceeding three (3%) per cent per annum, expressed in multiples of 1/4 of 1%. Said interest will be payable on March 1, 1955, and semi-annually thereafter on September 1st and March 1st of each year, both principal and interest to be payable at a bank or trust company to be designated by the manager of the account purchasing the bonds. Said interest rate for each coupon period on any one bond shall be at one rate only. Accrued interest to date of delivery of such bonds shall be paid by the purchaser at time of delivery.

Said bonds will mature serially as follows:
\$6,000.00 March 1st of each year from 1955 to 1958, inclusive;
\$7,000.00 March 1st of each year from 1959 to 1962, inclusive;
\$8,000.00 March 1st of each year from 1963 to 1965, inclusive;
\$9,000.00 March 1st of each year from 1966 to 1968, inclusive.

Bonds of this issue numbered 1 to 52, inclusive, maturing in the years 1955 to 1962, inclusive, shall not be subject to redemption prior to maturity.
Bonds numbered 53 to 103, inclusive, maturing in the years 1963 to 1968, inclusive, may be redeemed prior to maturity at the option of the Township, in the inverse numerical order, on any interest payment date on or after March 1, 1958, at par and accrued interest to the date fixed for redemption, plus a premium as follows:

Legal Notice

demption after March 1, 1962 but on or prior to March 1, 1964.

No premium shall be paid on bonds called for redemption after March 1, 1964.

Notice of redemption shall be given to the holders of the bonds to be redeemed by publication not less than thirty (30) days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds. No further interest payable on bonds called for redemption shall accrue after the date fixed for redemption, whether presented for redemption or not, provided the Township has money available for such redemption with the paying agent.

For the purpose of awarding the bonds the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from October 1, 1954 to their maturity and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the Township. Each bidder shall state in his bid the interest cost to the Township, computed in the manner above specified. No proposal for the purchase of less than all the bonds or at a price less than 100% of their par value will be considered.

The said bonds are payable from ad valorem taxes subject to such limitation on said taxing power as may result from the provisions of Section 21, Article X of the Michigan Constitution and the Michigan Property Tax Limitation Act.

A certified or cashier's check in the amount of \$2,000.00 drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the Township, must accompany each bid as a guaranty of good faith on the part of the bidder to be forfeited as liquidated damages if such bid is accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks, and checks of unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Padcock and Stone, attorneys of Detroit, Michigan, which opinion will be furnished without expense to the purchaser of the bonds prior to the delivery thereof, approving the legality of the bonds. The purchaser shall furnish bonds ready for execution at his expense. Bonds will be delivered at Detroit, Michigan. The right is reserved to reject any and all bids.

Envelopes containing the bids should be plainly marked "Proposal for Bonds."

U-M Dental Clinic To Begin Early

This year the examination of patients for admission to the Dental Clinic of the School of Dentistry will begin one week in advance of the regular opening of the University of Michigan Dental Clinic.

The purpose of the early examination period is to encourage those persons who desire or are accustomed to coming to the dental clinic to avail themselves of an early preliminary examination and assignment, thus avoiding delay and inconvenience.

Examining of prospective patients will take place during the week of September 13th between 9 a.m. and noon and 1:30-4:00 p.m. The only charges for examination what will be made are those for any necessary X-ray films needed to do a complete examination.

If after preliminary examination the patient is considered to have dental problems which can be cared for at the Clinic, he will be assigned to a dental student.

In the past, examinations have coincided with the actual opening of the clinic, resulting in delays and congestion. By examining patients from Monday, September 13, through Friday, September 17, it is expected that a considerable number of patients will be ready for assignment when the Dental Clinic officially opens September 20.

The number of appointments for dental treatment varies with each individual patient. During the examination period patients will be informed regarding the time factor involved before being assigned for clinical treatment.

The University's School of Dentistry is arranging this early examination period with the hope that it will help reduce the number of appointments necessary for preliminary examination and also will provide sufficient clinical cases at the beginning of the school year.

This is the first time patients have had an opportunity to have preliminary examination for dental needs prior to the official opening of the Clinic. It is hoped that patients will avail themselves of this early examination period in order to have greater assurance of being assigned for treatment.

However, patients unable to appear at the clinic during this period may come to the Clinic as in previous years and make appointments for examinations after the opening date, September 20.

Madonna College Faculty Member Leaves for Year's Study Abroad

A year of travel and study in Italy is ahead of Sister Mary Angeline, C.S.F., of Madonna college, Livon, a, who sailed today from New York on the Italian ocean liner, ANDREA DORIA. Sister Angeline has been on the faculty of Madonna college since 1948 as head of the art department.

While abroad, Sister Angeline will gather the data for her dissertation toward a doctoral degree in the History of Fine Arts. Completing her studies at the University of Michigan this past spring, Sister Angeline was awarded a grant from the Horace Rackham Graduate Student Research Fund for her study abroad.

As a graduate student at the University of Michigan, Sister was among the several students elected in 1953 to the membership in the Phi Kappa Phi society on the basis of scholarship and leadership.

For the past six summers she was lecturer in art at the Catholic University of America, where she received her master's degree in Creative Arts in 1948.

Accompanying Sister Angeline on her trip through Italy is Sister Mary Juvenalia, C.S.F., of Lodi, N. J. Their first stop will be in Rome at the General Motherhouse of the Felician Sisters.

Sister Angeline's original research will deal with the development of the architectural plans of existing 13th and 14th century Franciscan nunneries, specifically those of the Poor Clares, or Clarissas. Concentrating her study in Central Italy, Sister will begin at the first Poor Clare motherhouse, the San Damiano in Assisi, and will proceed chronologically to the convents in Perugia, Florence, Venice, Mantua, Padua, Foligno and others.

She will make a study of the plans, the relationship of the convent church to the choir, the position of the cloister in relation to the living quarters, the gardens, etc., trying to determine to what extent the plan of the San Damiano convent influenced the development of the architectural plans of subsequent convents of the same Order.

A comparative study of the monastic and conventual plans of other orders might enable Sister Angeline to establish the distinctive architectural features of the churches and convents of the Poor Clares.

For accuracy in the study, she will make measured drawings of examined floor plans and will take photos of details and ensembles, as well as of existing plans and manuscripts describing the buildings. She will supplement her first-hand study with research at the Vatican library.

While making her rounds in Central Italy, Sister will visit a number of fine art museums to examine the masterpieces of Italian architecture, sculpture and painting.

OUTDOOR NOTES
From The
MICHIGAN DEPARTMENT OF CONSERVATION

Sixteen fishing sites have been developed for public use to date this year, conservation department fisheries workers report.

At present, department crews are working in the upper peninsula and by December 1, eight sites will be completed in that region.

Then the crews will move equipment south to work through the winter months.

To date under the program, 224 fishing sites have been completed and are open to public use throughout the state. Another 201 undeveloped sites are in public ownership; these will be developed and made available as quickly as funds permit.

In general, sites must be provided with roads, parking areas, boat launching sites and other facilities before they are usable by the public.

Twenty-five reported fires damaged 36 acres of Michigan forests and grasslands last week, conservation department records show.

To date this year, 3314 acres have been damaged. The reports cover all lands except federal forest acreage.

The conservation department's parks and recreation division collected about \$300,000 during fiscal 1953-54 in various fees, state officials report.

The fees were collected for boat rentals, camp permits, ski tow rides and from concessions and other miscellaneous sources.

The money is placed in the state's general fund.

Before you import any wild animal or bird into Michigan, you must first obtain an importers permit from the conservation department, law enforcement workers emphasize.

The permits may be obtained from the department's game division at Lansing, 26.

Recently, conservation officers have had to disappoint several owners of wild "pets" because of a failure to fulfill requirements of the law.

The law does not apply to domestic birds or animals.

Michigan's ring-necked pheasant population appears well above last year's and possibly near a record high, conservation department workers say.

Rural mail carriers of southern Michigan recently completed their annual summer brood count of the birds and reported that this year pheasants are six percent above the 1953 population total.

Carriers saw 7.7 broods per 10 carrier days during the two-week census period. In a similar count in 1947, they saw only 2.2 broods per 10 carrier days, the lowest point in recent years. Since that date, however, pheasant numbers have shown a fairly consistent trend of increase.

Also, 70 percent of hens seen by the carriers this year were accompanied by broods, a slightly higher total than last year and considerably above the 1947 low point.

By areas, the Thumb region was again highest in the state's pheasant range, though no increase was evident from last year.

Second highest area was the

Ingham - Clinton-Eaton - Gratiot county group, which showed a 25 percent increase in broods over last year.

Detroit-area counties placed third in total pheasant numbers, chalking up a nine percent increase, while the southwestern corner of the state brought up the rear—as usual.

Ottawa showed the highest individual total of any county in the state—16.8 broods per 10 carrier days.

Because of the over-all increase, state workers are predicting hunters will bag more than the 1,200,000 birds taken last fall. However, the total will probably not exceed the record bag of 1,400,000 birds taken in 1944.

Carriers voluntarily carry out census work for the state agency by counting the numbers of birds and broods seen while routinely traveling their rural routes each day. This year, 589 carriers took part; last year, 586 participated.

The mailmen traveled more than 338,000 miles during the July 26-August 7 census period.
