

# MAIN STREET

By Sterling Eaton

Much has been said about the widening and improvement of Main street. City officials, local businessmen and residents all have been concerned with the ultimate outcome of the street program.

No one can deny that traffic on the street becomes greater by the day and no one can argue that some action must be taken to provide a better flow of traffic through the city.

We along with most other interested parties agree that much of Plymouth's charm lies in the beautiful trees that line our streets and none of us wish to have them disturbed. However, there comes a time when steps must be taken and some sacrifices made to provide additional safety measures for the benefit of our residents if we are to keep pace with other municipalities in progressing with new growth.

It would be wise for city fathers to drive to Ann Arbor and view for themselves the fine job Mayor William Brown just did for the residents of that community on Huron street or US 12 west of the business district.

Here is a project almost identical with the one facing Plymouth on Main street and we think Ann Arbor came up with the perfect solution. How was their project handled? Very simply, they widened the street to the base of the tree trunks, put in new curbing then black-topped the entire surface. It didn't provide a six car thoroughfare but it did widen the street enough to provide for four lanes of traffic without cutting down the trees which preserved the beauty for all to enjoy.

Our best guess is that the same thing could be done on Main street from the Mill street traffic light to the business section with only the loss of six or seven trees. To avoid a major engineering project at the bottleneck caused by the old King plant and the former Chevrolet garage, curbs could be placed next to the walks thereby providing more road space at a minimum of cost. A lower speed limit could be enforced in this area and yet four lanes could travel both north and south without interruption.

At the same time thought is given to Main street, city fathers must also take action on one-way thoroughfares. Taxi drivers in Detroit will tell you that city planners there are doing so much experimenting with one-way streets that it is almost impossible to keep up with the changes that are made overnight. Plymouth also is at the stage where it must have one-way thoroughfares with no parking if it is going to properly handle its increased traffic.

A simplified widening will save many dollars for all taxpayers concerned but the project cannot and must not stop there. Another access street from east to west must be immediately provided and the petition just filed by some 500 residents requesting railroad crossing protection on Farmer street must be acted favorably upon.

There is no question but that the city must take immediate action on Main street, Farmer street and one way streets and there is no question but what some of our local residents are not going to like whichever and whatever action is taken. Regardless of that, however, the lives and safety of the boys and girls of this community as well as the adults that travel our streets must come first and we believe that a modified widening and black-topping and a one-way street program is an immediate necessity.

## Chamber Letter Urges Main Street Widening

At a special meeting of the board of directors of the Plymouth Chamber of Commerce Monday morning a letter was drafted for presentation to the City Commission next Monday evening stating that the Chamber definitely favors the widening and paving of Main street.

Stating that they concurred with the recommendations of the American Automobile Association, the City Managers and consulting engineers regarding the widening of Main street to a width of 44 feet, the Chamber asked that the project be undertaken "without undue delay." The letter suggested eliminating the 8-foot walk over the entire area saying this would represent a "substantial saving in cost." It also hinted that because the widening would be of great benefit to the whole community that the individual owner whose property abuts the improvement should not have to pay a full one-third as suggested by the city.

The letter was signed by Ralph G. Lorenz, president of the Chamber of Commerce.

## Junior Achievement Firms Opening Doors Monday for Another Year

Junior Achievement will begin its second year in Plymouth next week when high school boys and girls meet to form new companies and plan production of new products.

A staff member of the Junior Achievement of Southeastern Michigan, Inc., will speak today at a high school assembly and show a film on the J. A. program. Students will be given a chance to ask questions about the program's operation.

There were more than 100 teenagers active in the Plymouth J. A. program last year operating six manufacturing concerns. This year, J. A. expects to have eight teen-age business concerns in operation at the meeting center located at 204 South Main street.

James Mitchell, head of the local program, announced that the center has been renovated this summer and is again ready for operation. The center is equipped with all of the machinery and work space necessary to conduct J. A. business affairs and production. Firms meet one night a week from 7 to 9 p.m., beginning next Monday and continuing through mid-May.

Each J. A. firm will be under the sponsorship of an established business or industrial concern which will have three of its executives working with the teenagers as advisors in management, production and sales. To date, five companies have agreed to sponsor seven J. A. firms: Burroughs corporation, three firms, and one each by Michigan Bell Telephone company, Evans Products company, Barnes-Gibson - Raymond and Daisy Manufacturing company.

Purpose of Junior Achievement is to teach young folks the methods and problems of operating a profit-making firm.

## Set Record Community Chest Goal

Committeemen for the 1954 Plymouth Community Fund campaign will meet next Wednesday night to map final plans for the biggest annual appeal in local Community Fund history which opens October 19.

A goal of \$24,500 has been set for the 1954 drive, it was announced this week by George Witkowski, chairman of the drive. The goal last year was \$19,000.

A kick-off breakfast will mark the opening of the campaign on Tuesday, October 19. It will then be up to the campaign committee and citizens to meet the \$24,500 goal. The gifts will be divided among 29 agencies, nine of them in Plymouth.

The Community Fund campaign again includes the support of the American Red Cross, but the Red Cross reserves the right to conduct a residential campaign to meet an emergency but foregoes any other solicitation from business and industry.

Other local agencies benefited by this annual appeal are the Boy Scouts, Girl Scouts, Salvation Army, Visiting Nurse association, Veterans Memorial Center, Plymouth Dental Fund, Plymouth Chapter of the American Cancer Society and the Plymouth Recreation commission.

Harry Roberts is assisting Witkowski in directing the 1954 campaign. Others on the campaign committee are: Marvin Criege, treasurer; Mrs. Russell Roe, residential; Phil Barney, local business; Dr. Ralph Snokke, professional; Arch Vallier, industry; Russell Isbister, schools; and James Thomas, publicity.

Committee members, as well as the Community Fund directors and officers, serve without pay. The Community Fund is a non-profit, incorporated organization for the purpose of collecting donations in one annual drive and disbursing these funds to approved agencies.

Donations last year exceeded the \$19,000 goal by \$986.

President of the Community Fund Board of Directors is Lewis H. Goddard. Others on the board are: vice-president, Harry Larsen; treasurer, Marvin Criege; secretary, Helyn Caplin; directors, Mrs. Russell Roe, Russell Isbister, Harry Roberts, Robert Smith, George Witkowski, Sheldon Baker, Philip Barney, James Thomas and Arch Vallier.

## Oakman Opens Campaign Office

Two local Republicans were named to the Citizens for Eisenhower-Oakman committee for the 17th district this week by Chairman Gordon Williamson. Representing Plymouth are Mayor Russell Daane and City Attorney Harry Deyo.

Chairman Williamson gave these reasons for the organization of the citizens group. "There are some of us that feel this nation is in sounder shape financially, that its position is stronger internationally, and that there is more hope for the future than there ever was before the Eisenhower administration took over the beginning of last year. We want to see this progress continued," he said.

New headquarters have been established for the organization at 28085 Plymouth road in Livonia and volunteers and other interested parties will assemble at open houses to be held both Friday and Saturday of this week featuring entertainment and refreshments.

**Elector Registration Deadline on Monday**

With an all-time high for registration of electors in the city of Plymouth already set, City Clerk Lamont C. Begole aimed even higher this week as he urged local citizens to register before the October 4 deadline. He emphasized that those now properly registered do not have to re-register.

To make registration as easy as possible a station has been installed at the S. S. Kresge store and will be open Friday, October 1 from 1:00 to 8:00 p.m. and Saturday from 10:00 a.m. until 4:00 p.m. Mrs. Clifton Tillotson will be in charge of the volunteer workers at this station. Registration may also be made at the city hall until 8:00 p.m., Monday.

Begole stated that this week the registration figure reached 4680.

AN ARTIST'S SKETCH is shown above of the proposed \$150,000 addition to Plymouth's First Presbyterian church.

## Presbyterians Plan \$150,000 Expansion

A proposed \$150,000 expansion and improvement program was ready this week to be presented to the congregation of the First Presbyterian church of Plymouth. Under the direction of Chairman R. Douglas Shaw, the building committee has designated Sunday, October 24 as "Campaign Sunday" at which time the drive will get underway with the earliest possible date next Spring set as the goal for ground breaking.

The announcement by the Presbyterian church makes it the sixth church in Plymouth during recent months to undertake an expansion or building program. Other churches having completed or planning such programs are: First Baptist church, St. Peter's Evangelical Lutheran church, St. John's Episcopal church, Church of the Nazarene and the First Church of Christ Scientists.

Plans call for the addition to be built to the west side, or rear, of the church between the present building and the manse. In discussing the need for expansion Dr. Henry J. Walsh, pastor of the church, stated that "along with other churches in the community our church has been affected by the influx of population and has been overcrowded for two years. With two church services and two church school sessions the church is trying to meet the needs of its members. The addition of a new Minister of Christian Education has expanded the staff of the church but we still face a great need of the physical expansion of our church building. It is our hope that the proposed addition to our building will answer the crying need."

The proposed addition will provide the church with 22 church school classrooms, an increase of 12; a newly located kitchen and a dining room seating capacity of 325 instead of the present 200; rehearsal and robing rooms for the choir; an activity room for the scouts; additional storage space; and a modern heating plant. Figures show that the average attendance at the First Presbyterian church schools has increased from 143 in 1941 to a present average of 316.

## Big Decision Night Faces Commission

City commissioners are faced with one of their most vital meetings in recent years this Monday night when the Main street widening and paving proposal appears on the agenda.

Also scheduled for a decision is the controversial paving of Amelia street and the review of special assessment rolls for \$78,000 worth of improvements.

The meeting is expected to again draw a sizable crowd of interested citizens, many of whom attended the September 20 public hearing on the Main street proposal. A petition was presented at that meeting which opposed the widening part of the project but favored repair and paving of the street.

If commissioners find that the petition contains signatures of a majority of property owners living along the route, the proposal can pass only with the vote of five of the seven commissioners instead of the usual four. The proposed Main street widening and paving would run from Pennington avenue to Mill street. Its cost is estimated at \$162,000.

Commissioners are also expected to decide on the proposal to pave Amelia street from Main to Farmer. Five property owners along this route also presented a petition opposing the project.

Another item on the agenda which may draw some citizens is the review of special assessment rolls Number 199 through 209. These are the 11 projects completed this summer on Junction, Arthur, Herald, Ross, Holbrook, Park drive and Liberty streets. Property owners being assessed for these projects are being invited to attend this meeting if they have any questions concerning their assessments.

## Township Blaze Damages Building

Two Plymouth township firemen suffered minor burns in a blaze last Thursday night which destroyed an old building behind the home of Charles P. Finlan, 41895 Wilcox road.

The 14 by 30 foot building was used for storage purposes by the Finlan family. Since there was no electricity or heating in the building, Fire Chief Bud Holmes said there appeared to be no known cause of the fire. But there was one theory that a hobo might have started it.

Finlan said that the doorbell rang while he was in bed. When he answered the door, there was nobody there, but it was then that he noticed the fire.

Paul Vincent, assistant fire chief, received a burn when hot tar struck his face. His arm and an arm of Volunteer Louis Norman were burned slightly. The alarm sounded at 11:09 p.m. and the trucks returned at 1 a.m.

## Purkey is Named Head of Champion Sales Operation

Champion Corrugated Container Corporation of the city last week announced the appointment of Rexford Purkey to the position of sales manager.

Mr. Purkey, who resides at 1397 Sheridan, has been affiliated with Champion for the past seven

Rexford Purkey

years and has been a resident of Plymouth for the last four years. In 1952 he was appointed assistant sales manager when his firm installed their corrugator. Since that time Champion has doubled in production capacity and this promotion is part of a planned progressive schedule established by the Corporation.

Latest moves in the schedule have been the installation of a new printer slotter, a die press, and an automatic stitcher, which is expected to be in operation within the next 30 days. The net results have been doubled production capacity within 24 months.

In accepting the post Mr. Purkey mentioned that "in spite of dire predictions to the contrary we have found 1954 our best sales year at Champion. We will do an even better job in 1955."

Although only 33, Mr. Purkey has sparked his firm with new ideas and a fresh approach to salesmanship. This appointment is another step by Champion to further enhance their position as one of the area's major corrugated carton producers.

## Readers Speak Out On Newspapers

"If you were in charge of a small town newspaper such as The Plymouth Mail, what would you include in that newspaper to make it more interesting?"

HENDRIX GROSS, 700 Irvin: "I think you do a good job on The Mail. People like to know what is going on locally and don't care to read much of the outside news. If I were running a small newspaper, it would not be much different than yours."

National Newspaper Week, October 1-8

## Busy Fire Prevention Week Program Planned

Plymouth will more than casually observe National Fire Prevention Week which begins this Sunday. An educational program for youngsters, adults and firemen is in the works.

Highlight of the week will be a public fire fighting demonstration Thursday night which will bring fire trucks from nine departments to the city. The demonstration, starting at 7 p.m. behind the high school recreation field, is the third such annual affair.

Departments from Plymouth township, Detroit House of Correction, Livonia, Canton township, Novi, Salem township, Northville and Wayne will send a truck and a crew of men to take part in the event.

A pit of oil will be one of the challenges which firemen will face. The oil pit will be ignited many times as each department

## Set Friday Deadline For Insurance Plan

Friday, October 1, is the deadline for schoolchildren to participate in the new voluntary accident insurance plan approved by the Plymouth Board of Education. Offered by the World Insurance company of Omaha, Nebraska, the new insurance policy will insure a pupil, at a cost of \$1.25 per school year, from the time he leaves home for school in the morning to the time he arrives back home in the afternoon. The plan is also available to teachers and office personnel in the Plymouth public schools.

## Zoning Change Heard Tonight

City Planners will meet this Thursday night at the city hall to discuss a possible zoning change on the north side of Ann Arbor road from Harvey street to Sheldon road. The hearing was called at the request of the Michigan Bell Telephone company which seeks a deepening of the present C-2 area along Ann Arbor road further north to accommodate a possible future building to house a new exchange when dial systems are brought to Plymouth.

The present area is zoned C-2 approximately half way north to Byron street, which is shown on the zoning map, but actually not developed or opened through at this time. The Planning Commission will discuss the possibility of extending the C-2 area north to a green strip which would then divide the south side of Byron street, residential area R-2 from the Ann Arbor C-2 section.

The property under consideration by the phone company is presently owned by attorney Earl Demel.

## Reports 2 Grassfires

Two small grass fires along the railroad tracks near Sheldon and Beck roads were reported Tuesday and quickly put out by the Plymouth township fire department. About a quarter of a mile apart, the first one was reported at 11:09 a.m., while notice of the other blaze came into the department at 6:30 Tuesday evening.

gets a chance at extinguishing the blaze.

One of the most troublesome of fires to extinguish will also be a natural gas line has been laid into the field. The gas will be ignited and fought by each department. Between 600 and 700 gallons of oil and 100 gallons of gasoline will be burned for the demonstration.

The week will also be an exciting one for school children. All elementary public and parochial schools will be visited by the Plymouth fire department sometime during the week. School children will be shown how the equipment is used and told about fire hazards. Each child will be given a "fire inspection sheet" which he will take home to make an inspection for fire hazards.

The school having the greatest percentage of returned inspection sheets will be presented a "Fire Prevention Achievement" banner.

In each classroom, a child will be selected as the "best citizen" and presented a "Junior Fire Marshall" plastic firemen's helmet.

Working in cooperation with the Plymouth fire department during the week's activities will be the Plymouth Association of Insurance Agents.

The fire demonstration is arranged through the efforts of the Mutual Aid association. Prior to the demonstration here, Salem township will have a demonstration Tuesday night and Novi township Wednesday night. High pressure water hose and dry chemicals will be used to extinguish the fires.

## Kiwanis Peanut Sale Sets All Time Record

By consuming \$651.79 worth of peanuts over the weekend Plymouthites helped the local Kiwanis club set an all-time record in its annual sale to provide funds for its local youth activities.

General Chairman Harold Fischer reported that two teams of Kiwanians selling on Friday evening and Saturday morning completely sold out the 3500 bags by 10:00 a.m. Saturday. The response by local members was the best ever, Fischer said, as more than 50 Kiwanians took part in the project.

## Readers Speak Out On Newspapers

"If a dictatorial power such as Russia should take over our government, would you read your newspaper with the same enthusiasm that you do now?"

RAYMOND CARLEY, 561 Deer street: "No, I certainly wouldn't. We would be reading only what the government wanted us to know. The only way we could find out the real facts would be through some private source. That's the way things are done in Russia. I believe our newspapers in America attempt to give the public the true picture of what is going on in the world."

National Newspaper Week, October 1-8

## Scuffle Results In Broken Leg

A scuffle between two men in a local manufacturing plant last week has resulted in the charge of "aggravated assault" being filed against Kelvin Dunagan, 19, of 176 North Harvey street.

Police said that Dunagan entered a side entrance of the Superior Furnace & Manufacturing company, 322 Hamilton street, and became engaged in a tussle with an employee, Alvin Smithson, 270 South Mill. Smithson was pushed against a piece of machinery and suffered a broken leg, police stated. It was believed that the men had been in a long-standing feud.

An official of the Superior company filed charges against Dunagan and he was released under a \$300 bond in a preliminary hearing before Municipal Judge Nandino Perlongo. He is scheduled for re-appearance next Monday.

In other cases before Judge Perlongo, Keith W. Avery, 6133 Canton Center road, was given a two-day jail sentence, a fine of \$35 and prohibited from driving for a year. He was charged with operating a motor vehicle while his operator's license was suspended.

Robert D. Gotro, 8880 Marlowe, was fined \$50 for leaving the scene of an accident. Police said that his car struck another on September 22 on Main street between Pennington and Ann Arbor trail.

## Fine Reckless Driver, Child Neglect Couple

A \$100 fine and one year's probation during which time he may drive a car "for business purposes only" was given Joseph L. Banville, 37, of Northville last Monday by Municipal Judge Nandino Perlongo. Plymouth police ticketed Banville for reckless driving on South Mill street.

Judge Perlongo also fined Mr. and Mrs. Revel Eugene Greer of 384 South Mill street \$25 each after neighbors reported to police that the couple had left their four children alone in the house for a period of "several hours" last Friday evening. According to police the children are four, three, and two and 3 weeks of age.

Sealed proposals will be received by the City of Plymouth, Michigan, as Owner, until 3:00 P.M. Eastern Standard Time, on Thursday, October 14, 1954, at the City Hall, 176 S. Main Street, Plymouth, Michigan, and then publicly opened and read, for the grading and paving of certain streets.

The principal quantities comprise approximately:

880 lin. ft. Grading right-of-way  
2400 sq. yd. 8" Concrete pavement  
150 sq. ft. Sidewalk replacement

Plans and specifications may be examined at the Plymouth City Hall and may be obtained at the office of Herald F. Hamill, 292 S. Main Street, Plymouth, Michigan, by making a deposit of \$10.00 for each set, which will be refunded upon their use in a bona fide proposal or upon their return in good condition prior to the time set for opening bids.

Each proposal shall be accompanied by a Certified Check for \$800.00, payable to the Owner, as security for the acceptance of the contract. A Bid Bond in the Michigan Standard Form issued by an approved Surety company, may be furnished in lieu of a Certified Check.

No bidder may withdraw his proposal within 30 days after the date set for the opening thereof.

The right is reserved by the Owner to reject any or all proposals, either in whole or in part, and to waive any irregularities therein.

## Smith Meeting Attracts 250

More than 250 parents and teachers of the Smith elementary school met Tuesday evening for an "open house" program which enabled parents to meet teachers and to learn of the Parent-Teacher association plans for the coming year.

After a "get acquainted" session at which time refreshments were served in the gymnasium, parents visited the rooms and met with the teachers of their children. Following this a general meeting was held in the gymnasium under the chairmanship of Warren Smith.

Miss Ruth Erikson, principal, told the group of plans for the coming year for the Parent-Teacher association. Superintendent of Schools Russell Isbister commended the parents for their excellent turn-out and emphasized the importance of parent-interest in the school activities of their children.

The Reverend David T. Davies spoke briefly to the parents on the threat of comic book reading on the lives of children. He emphasized the fact that "just as good food builds good bodies, so it is with good reading and good minds."

## County Health Guild To Meet October 7

The Wayne County Health Guild will hold its first meeting of the season on October 7, at 12:30 p.m.

The luncheon and meeting will be held at the Evangelical Lutheran Home at 6700 West Outer drive.

The Reverend Kuhlman will speak on "Care of the Aged" and all members of the Guild and interested persons are invited.

For reservations call Plymouth 579.

The Women's Auxiliary group of the Rosedale Presbyterian church held their meetings at the following homes Tuesday evening September 28: The Ruth group, Mrs. Ruth Haab, leader, met at Mrs. A. Marshalls, Shadyside avenue; Priscilla group, Mrs. Larkin Breed, leader, at Mrs. C. Shaffer, Auburndale; the Martha group, Mrs. Howard Dickie, leader, at Mrs. Thomas Snagor's home, Hathaway drive; and the business and professional women's group, Mrs. B. E. French, leader, at the home of Mrs. D. F. De Mers, Ingram avenue. The service group under Mrs. George Miller and Mrs. Phillippe's group are not meeting for a while.

Mr. and Mrs. Martin Mepians entertained about 14 members of the senior Bentley high school chorus at the home of Mr. and Mrs. Tone Mepians, West Chicago, Thursday, September 24, honoring one of their members, Bob Rue. Bob left for the service September 28.

The following people from the Gardens attended the lovely MacDonald-Mepians wedding Saturday at Bushnell Congregational church: Mr. and Mrs. James Willson, Mr. and Mrs. A. Parrington, Mrs. O. L. Brooker and daughters, Marilyn, Carolyn and Gwendolyn; Mr. and Mrs. Carl Groth and daughter, Nancy, and her husband; Miss Barbara Holth, Mr. and Mrs. Irving Hancock and granddaughter, Mr. and Mrs. George Miller, Mrs. C. Burton and Mrs. W. Burton, Mr. and Mrs. Otto Hansen and daughter, Patty; Mrs. Robert Burns, Mr. and Mrs. William Culbertson and son, Stewart; Colonel and Mrs. Robert Bruce, Mr. and Mrs. L. Bowdler, Mrs. Curtis Butt and Mrs. R. W. Mason

Arts and Letters met at the home of Mrs. L. Bowdler, Melrose, Tuesday evening, September 21. Mrs. Conrad Hector brought her house guest, Hans Roozan, whom she met while vacationing in Canada. Roozan was born in Holland, attended university there and then moved to Africa where he finished his schooling. He speaks six languages and has been hitch-hiking through Canada and the United States this past summer. He gave a very interesting talk about Africa and his impressions of things he encountered in his travels. He has become an American citizen and has enlisted in the Securities Commission for three years although he has already served six years in Europe. After roll call, tea was poured by Mrs. Paul Harsha. The next meeting will be at the home of Mrs. Burt French, Berwick avenue.

The Livonia Civic Drama group met at the home of Mrs. S. Taormina, Arden avenue, Monday, September 21. Tentative plans were made to produce a one-act play and possibly a Christmas pageant. In the absence of the president, Mrs. Earl O'Hara took charge of the meeting. Anyone interested in becoming a member of this worthwhile group should contact Mrs. S. Taormina, Livonia 5115. Remember you don't have to act to become a member. We need painters, electricians, prompters, costume makers, ticket sellers, publicity people, etc. Come, and who knows what latent talents you will discover. Meetings are at Bentley junior high the third Monday evening of the month at 8:30 p.m.

Mrs. F. B. Waters is visiting her daughter and her husband, Mr. and Mrs. John Houschele, Paw Paw, Michigan. Nancy suffered a slight attack of polio but is recovering nicely.

Miss Nancy Murray, daughter of Mr. and Mrs. Jack Murray, has returned to Albion college for her junior year.

The members of Rosedale Presbyterian church were quite proud to learn that their pastor, the Reverend Woodrow Wooley, had been awarded second prize for a brotherhood sermon he preached last February. The title of the Reverend Wooley's sermon was "Divine Basis of Brotherhood" and the award was made by the Detroit Round Table of Christians and Jews.

Four young Livonians, graduates of Bentley high school, attending college this fall will be aided by grants from the Bentley High School P.T.A. They are Phyllis Schultz, Loveland, enrolled in Wayne university where her tentative plans are to major in psychology; Dave Merriam, Arden, has been appointed to General Motors Technical school in Flint, where he will go to school one month and work one month. His ambition is to become a mechanical engineer. Nancy Roney, Brookfield, won a scholarship in 1953 and will continue to receive aid. She is at Michigan State, majoring in journalism. Clyde Rue, Hubbell, is receiving his second grant and is attending Michigan State, majoring in chemical engineering. The P.T.A., as part of its scholarship program, sends two students to Wolverine State. This year they were Gayle Burns, Hemingway, and Dave Markowich, Woodring. While at Girl's State, Gayle presided as mayor, of the city, county sheriff and treasurer of the State; and Dave was elected chairman of the county board of supervisors during his stay at Boy's State.

Mr. and Mrs. V. Waling, West Chicago Boulevard, announce the birth of a son, Victor Keith, September 7 at the Henry Ford hospital.

Mrs. Robert Champe entertained the members of her bridge club Tuesday evening, September 28, at her home on Arden avenue.

Cub Scout Pack R. G.-1 opened its 1954-55 season last Friday night in the Rosedale Gardens Community house. Among the capacity crowd in attendance were Community Commissioners, Harold Wiegand and Edwin Willis, Scoutmaster Jim Ruth, Troop R. G.-1; Scoutmaster John Krygier and Assistant Scoutmaster Neil Belfy of Troop No. 271. Among the Adult leaders introduced were Stan Stevenson, Louis Steele, Ted Lutz and Carl Burke of the Pack committee; Den Mothers Mrs. Graham, Mrs. B. D. Priestman, Mrs. Henry Curle, Mrs. N. Rich and Mrs. H. Seiffert. Also introduced were Boy Scouts R. Wilson, H. Burton, N. Rich, R. Terry and Ed. Lewis, who will be den chiefs. Assistant Cubmasters L. Core and R. Watt participated in their first pack meeting in their new capacity. Cubmaster, R. M. Hansz, conducted the ceremony in which Lion Cubs Rolli Hemmett and Charles Kruger received the Webelos badge, the highest award in the Cub Scout program. J. Kruger received a small gift in recognition of his service as Assistant Cubmaster for the past two years. The meeting was concluded with cartoon movies. Boys from eight to 10½ years old are invited to call Livonia 4744 or 2856 regarding Cubbing, if they live in the area boundaries of Plymouth, Merriam, West Chicago and Farmington roads.

The Women's club is sponsoring a series of ten bridge lessons beginning September 30 at 7:30 p.m. The classes are to be taught by Mr. W. Armstrong of the Y.W.C.A. In future it will be held the fourth Thursday of each month. All interested are urged to come to the first meeting or contact Mrs. E. Blankenhagen, Livonia 4141.

Dr. and Mrs. E. A. Rice and Maurice Woodworth, all of Plymouth, and Mrs. A. J. Kreger of Gray avenue, Livonia, have just returned after spending a week in Lynn Camp in Thessalon, Canada. A scenic trip to Aubrey Falls was enjoyed by the group and Mr. Woodworth and Dr. Rice took extended fishing trips from the camp.

James Blanton of Newburg road left last Friday, September 24, for the Michigan College of Mining and Technology in Houghton, Michigan in the Upper Peninsula. Blanton is starting his sophomore year and will reside at the Delta Sig fraternity house.

Mr. and Mrs. John Lester and Dr. and Mrs. Earl Reimche, all of Escalon, California, are spending this week with Mr. and Mrs. Paul Nixon of Wadsworth avenue, Livonia. Mrs. Lester and Mrs. Reimche are mother and sister, respectively of Mr. Nixon.

Arthur Kreger of Traverse City, Michigan, son of Mr. and Mrs. A. J. Kreger of Gray avenue, spent the week-end with his parents at their home.

The Sacred Heart circle of St. Michael's church held its first meeting of the fall season at the home of Mrs. Niel Suddendorf of Newburg road. Members present for the evening were, Mrs. Sadie Fegan of Newburg road, Mrs. Stanley Belanger of Ravine drive, Mrs. Wilford LaBelle of Joy road, Mrs. Emil LaPointe of Joy road, Mrs. Arthur Gennis of Joy road, Mrs. Thomas Levandowski of Newburg road and Mrs. Clarence Levandowski also of Newburg road.

Mr. and Mrs. Jack Horton of Harbor Springs, Michigan and Mr. Fred Edwards of Detroit accompanied Mr. and Mrs. A. J. Kreger of Gray avenue, Livonia to the Hillsdale fair. While there they will be the guests of Dr. Wheaton of Hillsdale. Kreger and Ralph Bulmon of Newburg road will umpire the Fair Baseball tournament. This will mark the sixth year that these two men have been asked to serve in this capacity.

The first meeting of the fall for the Cub Pack 270 of the Rose-dale Gardens Presbyterian church was held at that church last Friday evening. Den No. 1 of the pack dramatized a skit about gold mining, while Dens No. 2, 3, 4, 5, 7, and 8 had very attractive exhibits of their handicraft work. Den No. 8 was awarded the honor pennant for the best exhibit. Several boys received awards for achievements accomplished during the summer months and Bruce LaPointe and Gregory Hall, Boy Scouts of Troup 270, received Den Chief chords for their services to the pack and individual dens. Highlight of the evening was the ceremony and presentation of the Webelos award to Scout Paul Overmyer. This is the highest award to be achieved in Cubbing and is the first step to becoming a Boy Scout. The meeting was brought to a close with a few timely words about safety by the cubmaster, Kenneth Rotch.

Visiting with Mr. and Mrs. Edwin A. Grosjean of Newburg road, is Mrs. Rose Brandon. Mrs. Brandon is from Toronto, Canada.

Mrs. Henry Mendé of Newburg road, honored Miss Edna Gisner with a bridal shower last Friday evening, September 24. Miss Gisner is the bride-elect of David Smith of Newburg road. Guests for the evening were Mrs. Oscar Gisner, Wayne; Mrs. Clyde Smith, Mrs. James Tomlinson, Mrs. Anna Urboniak of Wayne; Mrs. Melvin Guthrie, Mrs. Agnes MacIntyre, Mrs. Hazel Grimm, Mrs. Mae Blanton, Wayne; Mrs. Frances Zukosky, Wayne; Mrs. Eleanor Rinsinski, Wayne; Mrs. Ethel Sharrock, Ypsilanti; Mrs. Gladys Ryder, Mrs. Gladys Grosjean, Mrs. Sadie Fegan, Mrs. Margaret Tomlinson and Miss Louise Geney.

Don't forget the square dances—October 9 and 23 at the Newburg church hall. Orchestra and caller and dancing begins at 9:00 p.m. The public is invited to attend. Refreshments will be provided.

On Tuesday evening, October 5, at 8:00 p.m. the Women's Society of Christian Service of the Newburg Methodist church, will have as their speaker, Mrs. Louise Cansfield of Northville. Mrs. Cansfield is the president of Ann Arbor district of the Women's Society of Christian Service and will speak concerning the forming of evening circles. All women of the church are cordially invited to attend. A tea will be served at the close of the meeting.

Mr. and Mrs. Paul Funk of Horton avenue, Livonia were hosts at a surprise birthday party honoring their son, Ronald, on his 16th birthday. The following young men and women, all classmates of Ronald, were present for the festivities which took place on Saturday evening, September 25: Nancy Mead, Nancy and Janet Boyce, Dorothy Wendt, Carol Shurring, Josephine Bonfante, Bonnie Steele, David Proctor, Ralph Bulmon, Jr., Edward Clement, Donald Watchko, James Lawrie, Wesley Thompson and Larry Martin.

**Y-Teens Hold Party**

Y-teens events for this week are a "kiddies party" held Tuesday, September 28, with the new members as the kiddies and the old members as the big sisters. The annual initiation is held today, September 30.

The club schedule for the year consists of films, a scavenger hunt, a party with the Hi-Y, a sleigh ride, an all-girls party, panel discussions, foreign student speakers from the University of Michigan and an international dinner.

**School's Used Bookstore Doubles Intake This Year**

"The used bookstore, in its second year of operation has doubled its intake over last year," stated Tom Sawyer, editor of the "Pilgrim Prints" and manager of the used bookstore.

Approximately \$1000 was taken in by the used bookstore, clearing a house for high-school students' used books. The bookstore located on the second floor front corridor will be open Tuesdays only for the next five weeks. If a student does not claim his money by November 1, it will go toward the running of the Pilgrim Prints.

**Jr. High P.T.S.A. To Meet Tuesday**

Parents of students at the junior high school will get a chance to learn about the school's program and to meet the teachers at the Parent-Teacher-Student association's first meeting on Tuesday, October 5, at 7:30 a.m. in the high school auditorium.

Instead of the quarterly meetings held in past years, the P.T.S.A. board has voted to hold its meetings on the first Tuesday of each month during the school year. Board officers are: R. L. Jacobus, president; Mrs. Foster Calahan, vice president; Mrs. Tom Argo, secretary; and Mrs. Donald Herrick, treasurer.

Serving on committees are: George Bowles, program; Mrs. Foster Calahan, room mothers; Mrs. John Lamb, social; Mr. and Mrs. Harry Roberts, hospitality; Robert O. Wesley, publicity and Mrs. Earl West, membership.

**High School Junior Wins**

Ellen Cowgill, a Plymouth high school junior, rode her horse, "Baby", to the reserve championship of the state, in the girls 4-H working stock horse division. She competed against more than 200 entries from all over the state of Michigan.

Finishing with a total of 36 points, she then went to the championships at the Michigan State fair where she finished second.

## FIRST CHURCH OF CHRIST SCIENTIST

10:30 Sunday morning service.  
10:30 Sunday school.  
Classes for pupils up to 20 years of age.

The infinite allness of God, good, and the consequent unreality of sickness and discord will be stressed at Christian Science services Sunday.

Readings from the King James Version of the Bible and correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy comprise the Lesson-Sermon entitled "Unreality."

That real dominion and power are derived from God is brought out in the Scriptural passages to be read, including the following statement by Paul, (II Timothy 1:7): "For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind."

From Science and Health the following selections will be among those read (414:21-23): "The Scripture declares, 'The Lord He is God (good); there is none else beside Him.' Even so, harmony is universal, and discord is unreal."

The Golden Text is from Matthew (7:18, 19): "A good tree cannot bring forth evil fruit, neither can a corrupt tree bring forth good fruit. Every tree that bringeth not forth good fruit is hewn down, and cast into fire."

Sunday October 3, has been designated as Missionary Day at the Riverside Park Church of God. Mrs. Freda Harder, resident of the local missionary society, will be in charge of arranging the services for the day. Rev. Lester Crose, former Missionary to Lebanon, will be the speaker for the occasion. In the 10:00 a.m. worship service Reverend Crose will relate many of his experiences on the mission field. For the evening service which begins at 7:30 he will be showing colored slides and giving interesting comments. A free-will offering will be taken in the interest of missions. Mrs. Harder will use many of the Ladies of the missionary society during the activities. Any one in our community is invited to these services.

Reverend Crose who is our speaker for the Missionary Rally has had the honor of being elected executive secretary of our National Missionary Board. We are especially honored to have him in our community.

The Thirty-Fifth Annual Michigan Ministerial Assembly of the Church of God with offices in Anderson, Indiana, will be held at the Edgewood Church of God Edgewood, Michigan. The dates of the meeting are October 19, 20, 21. The theme for the meeting is "Evangelism in the Local Church." The program will include a banquet with Dr. John A. Morrison, president of Anderson College, Anderson, Indiana, as the speaker. Dr. Charles E. Brown-former Editor of the Gospel Trumpet Company, Anderson, Indiana, will lead the conferences. Rev. Carl Reynolds pastor of the Church of God in Springfield, Ohio is the principal speaker. Reverend E. B. Jones will attend and will be serving in the Alumni Activities as well as an officer of the Southeastern District Program Committee.

## Episcopal Church Consecrates New Bishop of Michigan Diocese

A significant event in the life of the Episcopal church in the Diocese of Michigan will be held today, September 30, at 10:30 a.m. in St. Paul's cathedral, Detroit, when the Reverend Archie H. Crowley, Rector of St. James Church, Grosse Ile, Michigan will be consecrated suffragan bishop of the diocese. The former suffragan bishop, the Right Reverend Russell S. Hubbard, D.D. was elected missionary bishop of Spokane last fall by the House of Bishops. Bishop-elect Crowley is the first local man to be elected a bishop by his own diocese.

The Consecration will be the Right Reverend Henry Knox Sherrill, D.D. of New York, the presiding bishop of the Protestant Episcopal church, and one of the presidents of the World Council of Churches which were elected recently at Evanston, Illinois. The co-consecrators will be the Right Reverend Herman R. Page, D. D., bishop of the Diocese of Northern Michigan and the Right Reverend Norman B. Nash, D.D., bishop of Massachusetts.

Bishop-elect Crowley will be presented for consecration by the Right Reverend W. Appleton Lawrence, bishop of Western Massachusetts and the Right Reverend Charles F. Hall, bishop of New Hampshire. The sermon will be preached by the Right Reverend Richard S. Emrich, Ph.D., S.T.D., bishop of the Diocese of Michigan, whom Bishop Crowley will assist in diocesan duties.

**OBITUARIES**

**James M. Swegles**  
Mr. James M. Swegles, better known as Matt Swegles, who resided at 42195 Ford road, passed away very suddenly Saturday morning, September 25. Mr. Swegles had had some heart warnings for several years, but was apparently in good health until a few hours before his death. He passed away at his home.

A resident of Canton Township for 38 years, Mr. Swegles was very active in many activities of that and other communities. He was a member of the First Presbyterian church of Plymouth. He was a life member of Wayne Lodge No. 112 F&AM. He had served as master of the Plymouth Grange, and had just recently been re-elected as steward of the Washtenaw County Pomona Grange. He was a member of the Farm Bureau. At the time of his death Mr. Swegles was working on corn conservation with the Wayne office of the Conservation Department.

Besides operating his own farm, Mr. Swegles was an agent for the State Farm Mutual Insurance company for 21 years. He retired from both activities in 1952.

Surviving are his wife, Mrs. Vivian Swegles; eight children, Leith Swegles of Homer, Mrs. Theo DeMeritt of Garden City, Mrs. Thelma Sherman of Detroit, Mrs. Chrystal Davis of Detroit, Mrs. Luella Dethloff of Plymouth, Rex Swegles of El Monte, California, Max Swegles of Detroit and Ronald Swegles of Wayne. Also one brother, Mr. William Swegles of Santa Cruz, California; and one sister, Mrs. Bessie Toles of Ypsilanti; 23 grandchildren and 14 great grandchildren.

Dr. Henry J. Walsh officiated at funeral services which were held at the Schrader Funeral home, Tuesday, September 28, at one o'clock. The services were

under the auspices of Wayne Lodge No. 112 F&AM. Organ music was played by Mrs. Edna O'Conner. The pallbearers were Fred Korte, Philip Dingeldey, Louis Buehler, John Root, William Grammel, and Thomas Gardner. Interment was made in Riverside cemetery.

**John Wagar**  
Following an illness of one week, Mr. John Wagar passed away Thursday morning, September 23. His death occurred at University hospital in Ann Arbor where he was taken Monday morning, September 20. He was 74 years of age.

Mr. Wagar is survived by his wife, Mrs. Caroline Wagar. Their home is at 328 Farmer street where they have lived since coming to Plymouth from Detroit in 1940. Mr. Wagar was born in Latvia and came to the United States in 1905.

Until his retirement in 1952, Mr. Wagar owned and operated a shoe store and shoe repair shop on Starkweather Avenue. He was a member of St. Peter's Evangelical Lutheran church.

Funeral services were held Saturday, September 25, at three o'clock at the Lutheran church with the Reverend Edgar Hoennecke officiating. Mrs. Helen Goebel sang several hymns accompanied at the organ by Mr. Robert Bartel. The pallbearers were Walter Ebert, George Caldwell, Richard Powell, Oscar Freiheit, Ernest Wendland and Robert Shingleton. Interment was made in Riverside cemetery.

**Mrs. Theresa G. Hamilton**  
Funeral services for Mrs. Theresa G. Hamilton, who resided at 311 Hamilton street, were held Saturday, September 25, at two o'clock. She was 67 years old.

Surviving are her husband, Coello Hamilton; four daughters, Mrs. Ruth O'Neil and Mrs. Clarence Steel of Plymouth, Mrs. Elaine Haas of Mendon, and Mrs. Mary Jane Greer of Ann Arbor; also 10 grandchildren.

Mrs. Hamilton had lived in Plymouth for 44 years. She attended the First Church of Christ Scientist of Plymouth.

The Christian Science service was read by Mr. David Treacy at the funeral services which were held at the Schrader Funeral home. Organ music was played by Mrs. Velma Searfoss. The pallbearers were Dr. Carl January, Winston Cooper, Thomas Moss, Earl Kenyon, Maxwell Maan, and Roderick Cassady. Interment was made in Riverside cemetery.

It's WHERE you buy a used car that counts and You can DEPEND on FORD DEALER USED CARS and TRUCKS  
 It stands to reason a Dealer you can trust sells a used car you can trust.  
 We Ford Dealers are established businessmen. We don't depend upon used car profits to stay in business, and we can price our used cars at rock bottom. Actually it's good business for us to keep prices low. For we have to make room for a constant stream of trade-ins.

## WHY?

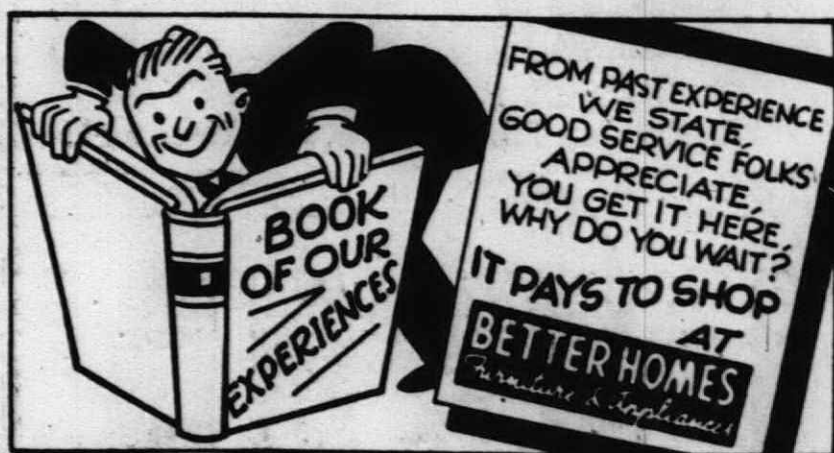

One year from today, perhaps sooner, you may meet one of the men who will see, and answer, and take advantage of the opportunity presented in this message.  
You could be that man—instead of sitting on the side lines and in a year from today saying . . . "Why? Why didn't I recognize this as my big opportunity?"  
We have the most modern facilities in the automobile, family liability and fire insurance field.  
We have attractive, proven lead-producing advertising and materials.  
We are a Michigan Company with an enviable 50-year record providing broad coverage insurance facilities and nation-wide claim service.  
You can be one of the men who qualify for this fine opportunity. One who will establish and build a highly successful and profitable agency of your own.  
Because you have read this far—we think you owe it to yourself to get the facts—the figures—the success stories.  
Write today—tell us your background and experience—tell us whether you'd like an opportunity to start on a part-time or full-time basis. Your inquiry will be confidential.

**New Gas Strike On Carl Ely Farm**

A gas well gaged at 12 million cubic feet was struck Saturday night on the Carl Ely farm at 53853 Eight Mile road by the Taggart company, which reported this week that drilling operations would continue in the quest of oil.

According to Taggart Superintendent L. C. Peterson, the strike was made at the same level as the neighboring Torosian - Nerreter well which produced oil after deepening.

Residents of the area were somewhat alarmed by the fire

which raged from 8:00 until 10:00 p.m. at the well. According to Peterson, two flares were purposely lit to burn off the gas.

**Band Parents to Meet**

Members of the Plymouth Band Parents club will hold their first meeting on Monday, October 11, at the high school. Parents of all children in the grade-school classes, as well as the junior and senior bands, are urged to join the group.

**School-Community Group To Hold First Meeting**

Russell Isbister, superintendent of schools, has announced that the School Community Planning group will hold its first meeting of the year on Wednesday, October 6, at 7:30 p.m. in Starkweather school. Teams made up of representatives from each school, parents and other interested persons will be on hand to decide topics for discussion and to formulate plans for the year. The meeting is open to the public, and Isbister urged anyone interested in school-community planning to attend this meeting.

**Project Members Hold Breakfast**

A Registration Breakfast was held in Riverside park on Sunday, September 12, for the 23 families participating in the Character Research project. At this time the materials for the Social Adjustment unit were given out.

In the 13 weeks of this Fall unit the parents will attempt to help their children develop their social confidence and social skills while becoming more sensitive to the needs of others. The lesson materials used in

this character-education program were prepared in the Department of Psychology of Union college at Schenectady, New York, under the direction of Dr. Ernest M. Ligon. The materials are based on the discoveries of psychologists combined with studies of detailed reports of actual experiences of parents and children in this Christian Character project.

Anyone interested in knowing more about this project is urged to call Mrs. Henry Jensen, 411M.

### Members of Passage-Gayde Post Convene for First Meeting of Year

Gavel in hand, Harry Burleson, newly elected commander of Passage-Gayde Post No. 391 of the American Legion, opened the first meeting of the new Legion year at 8:30 p.m. Wednesday, September 8, 1954 at the Veterans Memorial home. Five new members, Sergeant Frank Dowling, Stanley Belinger, Robert Norman, Ray Viau and William Taylor were accepted into the membership. There were other veterans also in attendance, considering membership in the post. Guests from other posts at the

meeting were David McDougall, 17th district commander, and Paul Burnham, 17th district senior vice commander, both members of the Lloyd H. Green Post, Northville. William Langmaid gave a most interesting resume of his duties and experiences at the recent National Convention held at Washington D.C., and was endorsed by the Post as delegate-at-large to the 17th district of which he is past commander. Commander Burleson noted that the general public, especial-

ly veterans, are always welcome to attend Legion meetings, which are held at the Home on Main street, just north of the high school, at 8:30 p.m. every second Wednesday of the month. Next regular meeting will be on October 13.

Newly installed officers for the year 1954-55 are: commander, Harry Burleson; senior vice commander, Albert Holcombe; junior vice commander, Quentin Bolander; finance officer, William Langmaid; chaplain, Peter Truedell; historian, Raymond Gard-

ner; sergeant-at-arms, Frank Nadeau. Commander Burleson appointed Dorothy Koi as adjutant. Vernon Miller and Harold Wilson are the new members of the executive board.

Attending the Civil Defense meeting on Thursday evening, September 16, at the Plymouth Township hall were H. Burleson, W. Langmaid, R. Wilson and Lee Boatwright. Mrs. Adah Langmaid also attended, representing the Auxiliary. Another meeting, held September 23, was attended by members of the Legion.

### GIRL SCOUT NEWS

Members of Troop 21 elected new officers at their first fall meeting, assuming the office of president is Sandra Keefe, who is a new member of the troop, vice president, Martha Bernash; secretary, Martha West; and treasurer, Nancy Houseman. Susan Phillips is Sunshine Girl and Barbara Gooch, reporter. All the girls in this troop are second-class Scouts. Work on proficiency badges will form the basis for the year's program. Mrs. Wayne Rubey and

Mrs. Ralph Lorenz are the leaders. Troop 1 had a cook-out in the park at their regular meeting. Patrol leaders elected are Betsy Edgar and Kathy Yokley. Assistants are Elizabeth Calhoun and Joan Nagy. Mrs. Sheldon Baker is the leader.

Troop 3 enjoyed a cook-out at the Kiwanis-Girl Scout Lodge at their last regular meeting. All the

girls passed their basic fire-building tests. Mrs. William Edgar and Mrs. L. P. Light are the leaders.

Ten members of Troop 5 spent Saturday at the Lodge with their leader, Mrs. H. D. Jensen. They reorganized as a senior troop and are meeting twice a month on Tuesday evenings. Their major emphasis will be on out-of-door living this year.

### State Barbers Announce "Union Barbers Day"

Union barbers in Plymouth and throughout the State of Michigan have announced that they will have a "Union Barbers Day" in which they will set aside 70 per cent of their earnings that day for the National Society for Crippled Children and Adults, Inc.

The exact date of "Union Barbers Day" will be told to Michigan barbers the day before the event and will be carried in the newspapers throughout the state, on radio and television.

**NEWSPAPER WEEK**

Throughout these pages today you may find various references to the value of the newspaper to every American.

It is National Newspaper Week, and if we tend to boast a little just now perhaps we may be indulged. For the newspaper, which regularly devotes itself to bring news and the interpretation of news to your homes, has a message of its own. We believe that message worthy of some attention.

The American newspaper occupies a unique place in the world. Its freedom to print is guaranteed by the Constitution. It has been considered from the beginnings of the Republic and from even before that — an essential instrument in the lives of the American people.

Its basic purpose has been and always will be the same: To tell the happenings of the day. Here the function is of particular importance in regard to the happenings of government, which is but an instrument of the people's will.

Its next and almost inseparable function is to try to place the facts concerning these happenings in perspective — to give them meaning in the light of other events, past and present.

It has other important purposes — to serve as a medium for advertising, to entertain and amuse, to serve as a public forum.

You may, and undoubtedly do, on occasion become discouraged with your newspaper or even become angry with it. Yet it is an indispensable item for intelligent living, and in more cases than is generally realized it is the most constructive and most educational item in a family's existence.

Where newspapers are free from government restrictions, as they are in the United States, you are free to select the reading matter of your choice. You are privileged to have a voice of protest. You are favored by having news of importance to you, personally, collected, verified, edited and presented in readable and understandable form delivered to your home every day.

The modern newspaper is a swift and accurate purveyor of important factual data and a medium of considered, moderate and enlightened opinion.

The newspapers of America set aside next week, therefore, to call attention to the services they perform. But more than that they set it aside to remind themselves and their readers of the obligation they owe the American public.

It is their constant hope that the reading public will continue to trust the integrity of their services. It is their constant effort to maintain the standards which have made this nation, more than all others, a nation of newspaper readers.

National Newspaper Week, therefore, is not an occasion for self-praise by newspapers nearly so much as it is an occasion for self-appraisal. It is also, we feel, a time to "take stock" of one's product. To do this we have gone directly to the best source of information our readers. Throughout today's pages of The Mail you will find comments on newspapers in general, and The Mail in particular, by several local citizens. We accept their praises with great gratitude. We shall take heed of their criticisms and consider ourselves most fortunate that our readers have enough interest in THEIR NEWSPAPER to want to improve it.

**Roger Babson Says**

**BABSON DISCUSSES BANK ACCOUNTS**

Babson Park, Massachusetts. When a young couple gets married part of their joint savings—after buying a little good furniture—should go into life insurance—simple and inexpensive straight life insurance. After this a couple should start to build up credit and get the good will of some local bank. I would even advise renting a small safe-deposit box for keeping important papers, good jewelry, etc.—and don't forget to make WILLS.

**IMPORTANCE OF BANK ACCOUNTS**

If business and market conditions were different today, I would probably advise the purchase of a few shares of some good stock with one's savings; but I hate to do so with prices so high. Hence, today the best investment is a small bank account. Some later year you will be able to use this money to buy good stocks for much less than they are now selling. But, when you put the money in the bank, don't withdraw it until that time comes. Consider this bank ac-

count sacred—not to be disturbed for anything.

Another reason I want you to start a bank account, with regular deposits, is to help you get a reputation for thrift, honesty, and hard work. Make it a point to get acquainted with some high officer in the bank and say "Good morning" to him every time you go in so that he will know you and be able to give you or your partner a good reference whenever you need one. The interest which you get on a bank account is only one-half of the value which you get from the account. The other half is the acquaintance of bank officials. I tell my grandchildren to put church attendance first and "bank attendance" next — although, of course, not for the same reason!

**ADVICE TO INVESTORS**

Although most stocks — yes, even good stocks — seem too high to me today, I think that local bank stocks are in a safe and profitable position. Since nearly all weak banks were eliminated in the Thirties, all banks are now being operated carefully. Most of them could be liquidated for more than their published assets, so that, as a stockholder, you would

probably get more than you paid for the stock. More of my readers should own stock of the local bank where they have their account. In fact, perhaps one of the best investments for the young married couple would be five or ten shares of such stock.

**BANK STOCK AS INVESTMENTS**

If an investor is to put considerable money into bank stock, he should get the reports of two or three banks and carefully study them. Any bank — whether or not you are a customer — will gladly give you a copy of its Annual Report. In most states this must be published in the local paper, once a year. When my father died, I found a scrapbook in which he had pasted the published Annual Reports of all Gloucester banks, clipped from his valued Gloucester Daily Times.

Usually the bank with the largest deposits gets the most attention, but when bankers brag to me about their "large deposits," I jokingly reply, "You surely owe a lot of money!" For a bank's deposits are money which must be paid back to the people sometime. Therefore, when comparing bank statements subtract the deposits from the total assets and see what would be left for the stockholders.

**THE VALUE OF BANK STOCK**

The real value of bank stock depends very largely on the character, integrity, and energy of the men who operate the bank. Are they church goers? Do they live liquor alone? Do they live within their salaries? A successful banker is a combination of good character, good health, and good judgment.

Directors also should measure up to the above requirements. But too many bank directors accept the position as an honor rather than as a responsibility. Always ask how much money the directors of the bank are borrowing. This question, however, as well as the quality of the bank's assets, is under the constant supervision of the bank examiners. Hence, I forecast that when the next depression comes, bank stocks will stand up better than any other group of stocks.

**LATEST FIGURES LEAVE LITTLE DOUBT** that National Guardsmen performed a valuable public service when they joined hands with local and state police departments to patrol streets and highways during the Labor Day weekend.

The record is now accumulated and speaks for itself.

Under the plan 682 volunteer guardsmen offered to help from Friday to Tuesday morning. Of these 51 were assigned to cities, villages and townships; 156 to sheriff's department. The balance worked with Michigan State Police.

Guardmen, who received a daily pay allowance according to rank and expenses, worked the same shift as police officers.

State Police totals show that rural trunklines, where 20 people were killed last year in 14 accidents, had only four deaths in four accidents this year. Of the four killed this year, two were in an isolated area in the Upper Peninsula. None of the fatal collisions occurred in the most heavily policed areas known as the "29 high-accident sections."

The 22 killed in 1954 compares with the 31 killed in 1953. It looks more impressive when compared with average highway death during the summer of 1953—23.5 dead people per each Friday through Sunday. The Labor Day week end total was slightly lower and included an additional 24 hour period.

Nearly twice as many arrests were made for violation of highway regulations. In 1953 there were 2,802 drivers ticketed. This week end 5,209 violators had reason to wish they had been more careful. This increase of 2,407 resulted from the higher number of police officers and from a policy in force since spring that called for more arresting as well as cautioning of traffic violators.

Violations during the Labor Day period fell into the same pattern of percentages as other periods; 46% speeding; 15% regarding stop signs or signals; 10% driving on wrong side of road; 7% improper passing; 5% drunk; the balance for miscellaneous reasons.

Not one adverse criticism reached state police headquarters.

Questionnaires sent to sheriffs were returned with glowing compliments. One sheriff from a sparsely populated county pointed out gratefully that his force without guardsmen would have consisted of himself and one deputy.

State Police Commissioner Joseph A. Childs, was also warm in his comments. He explained that use of guardsmen permitted twice as many state police cars at night. Troopers patrol in pairs after dark. A guardman could act as the second officer.

During the day, when troopers work alone, the second man increased efficiency because only one car needed to be called to a collision. Since it takes two officers to handle an accident, two cars are summoned in usual procedure.

"Our experience with the National Guard was good," said the Commissioner. "They stayed on the job, worked about 10 hours per shift and didn't complain."

**INTERESTING ANGLE TO CAMPAIGNING**, now in full force, is the tendency of Governor Williams to give Highway Commissioner Charles M. Ziegler a hard time. Ziegler, who was also elected by the people of Michigan, is not a candidate for anything right now. His term does not expire for three years.

Requests for special reports by the chief administrative official keep the highway staff busy. Ziegler is in a delicate position regarding the governor's request for information. Accumulating the facts takes staff people off other important duties; costs money that wouldn't need to be spent otherwise. In addition, the Commissioner seems a little suspicious about the governor's motives. He appears to worry that Williams is applying pressure for reports because of political reasons rather than an actual desire for knowledge.

Answer to the latest such request was sent in a letter to the governor. The first paragraph read: "This will acknowledge your letter of September 15, in which you request an enormous amount of detailed information and maps to supplement reports which I have previously made in complete accordance with the provisions of Act 51, P.A. of 1951."

Other sentences describe the busy activity in the department. The letter ends with a reference to a report now being accumulated and the curt information that it will be ready for the 1955 Legislature.

**★ THINKING OUT LOUD ★**

One question, sometimes controversial, sometimes personal, is asked each week by The Mail of four pedestrians along Plymouth's downtown streets. This week's guests are "thinking out loud" on the question:

"Today we are looking for strangers in Plymouth. Where are you from and what are you doing in Plymouth today?"

MRS. HELEN SHELTON: "My home is in Livonia and I've just been to the bank here and I'm going to do a little shopping. I have done my shopping in Plymouth for 20 years. Why? I like it here, it's a friendly little town."

MRS. ROY BRYANT: "I live in Livonia and I'm in Plymouth both for some business and to do some shopping. I come over here at least once or twice a week. I like Plymouth."

Mrs. Shelton Mrs. Bryant Mrs. Thomas Mrs. Buhl

MRS. JAMES THOMAS: "Why, I live in Redford and we came over here today to buy some wallpaper. We don't come here too often but we do all of our shopping for wallpaper at a store here."

MRS. RALPH BUHL: I come over here every Friday to do my shopping. We live in Livonia. Why do I come here? Well, I just like the variety of stores. We also do our banking here."

## Favorite Recipes From Plymouth's Kitchens

Although Paul Dan Julier, 10-month-old grandson of Mrs. Frank Pierce, 14286 Northville road, is a little too young for Yorkshire pudding, he's getting a big kick out of the preparations in the picture above.

### Serve Yorkshire Pudding With Your Next Beef Roast

"In my mother's family," says Mrs. Frank Pierce of Northville road, "roast beef just had to have Yorkshire pudding with it." So here's a recipe for old English Yorkshire pudding for you to serve with your next roast beef dinner. And, believe me, it'll taste mighty good these cool days.

Mrs. Pierce tells us that in days gone by the pudding was cooked right along with the roast, but nowadays meat is cooked at such low temperatures that the pudding puffs up better in a rather hot oven.

The pudding takes about a half hour to bake, so Mrs. Pierce suggests that you take your roast, a nice English cut or any good roast cut, and keep it in a warm place outside of the oven. She claims the roast is easier to carve, too, if it comes from the oven a little before serving time. Then measure part of the drippings for the pudding and save the rest for gravy.

**Old English  
Yorkshire Pudding**

Sift together  
1 cup of sifted all purpose flour  
1 teaspoon of salt

Add gradually, stirring to a smooth paste  
1 cup of milk

Beat until light and add:  
2 eggs

Pour off drippings from roasting pan and measure about:  
4 tablespoons roast beef drippings.

Return to roasting pan, pour in pudding batter. Bake in moderately hot oven 400°, about 30 minutes. Cut in squares and serve around roast. Makes 6 to 8 servings.

### Nazarene Church Announces Week Of Open House

Plans for an "Open House" week, October 3-10, at the new building of the Church of the Nazarene at 41550 East Ann Arbor trail have been announced by the Reverend E. T. Hadwin, pastor of the church. Starting Sunday night, October 3, at 6 p.m. the Open House will officially get underway, and a special service will be held at 7:30 p.m. that evening.

Other events scheduled throughout the week are services each evening at 7:30 p.m. with Dr. W. M. McGuire, district superintendent of the Eastern Michigan district of the church, as guest speaker; and special music at these services by Ray Williams, his choir and quartet.

A formal dedication service will close out the event on Sunday afternoon, October 20, at 3 p.m.

Residents of Plymouth and the surrounding communities are invited to come and "inspect" the church's new building.

### Madonna Herald Wins Laurels

The Madonna Herald, campus newspaper of Madonna college, was named a Newspaper of Distinction by the Catholic School Press Association in its most recent rating. The paper also received All Catholic rating for the third consecutive year. The additional distinction was awarded the paper for its diffusion of Catholic thought and general excellence in journalistic techniques.

According to the survey sheet the Herald showed excellent promotion of Catholic Action and a very strong interest in feature articles. Also rated as "excellent" was the attention given to Catholic activities, classes, organizations, current events, student opinions and editorials. Other aspects rated as "good" were page layout, consistency in style and application of art and photographs to news and features.

New appointments for the Madonna Herald staff were announced with the opening of the fall term. Alice Wolak was appointed editor-in-chief. The former editor, Rose Wolak, is now the student publicity director. Remaining in the same positions they held last year are Pat Kaszyk, business manager; Geraldine Sprywa, advertising manager, and Eleanor Malecke, circulation manager.

Now under construction, the General Motors Technical Center north of Detroit will have 17 major buildings. It is being built on an 818 acre site.

## New Books at Dunning Library

Many of the new technical and non-fiction books ordered by Dunning library have just come in this week. Among these are: "An Introduction to Trees" by John Kieran, Kinder McClusky's "The Audio-Visual Reader," which tells how to use audio-visual materials; "Raising Livestock, Second Edition" by George P. Deyoe, W. A. Ross and Walter H. Peters.

Others falling into this category are: "Introduction to Chemistry" by R. T. Sanderson, Edgar J. Kates' "Diesel and High Compression Gas Engines—Fundamentals and Procedures" by Emanuele Stieri, Bruce A. Roger's "The Nature of Metals," "Welding Engineering" by Boniface E. Rossi and W. T. Read, Jr.'s "Dislocation in Crystals."

"Tomorrow!" by Philip Wylie, which was on the best-seller list, has also been added to the library's collection. Readers will enjoy Igor Gouzenko's "The Fall of a Titan," currently appearing on the best-seller list, "Never Say Diet" by Corey Ford, a non-fiction best seller, and Steinbeck's "Sweet Thursday."

Quite a few non-fiction books also came in, such as, "New Horizon," the up-to-date world travel

guide put out by Pan American World Airways; Jesse Osborn's "Mathematics for Daily Needs," a very handy book; "Speech in the Elementary School" by Mardell Ogilvie, Robert St. John's "Through Malan's Africa," "Spoken German for Travelers and Tourists" by Charles Kany and Christian Mely; and "Animals, Men and Myths" by Richard Lewinsohn.

Also in this shipment are "Business Organization and Practice, Second Edition" by Edwin Robinson, Eddie Davis' "Laugh Yourself Well," Lelia McGuire's "Old World Foods and New World Families," "Dinners That Wait," a cookbook by Betty Wason; "The Revolt of the Middle-Aged Man" by Edmund Bergler, M. D., and Jhan and June Robbins' "Eight Weeks to Live," covering the last chapter in the life of Senator Robert A. Taft.

## SOCIAL NOTES

Mrs. Katherine Todd of Clemons road spent the weekend with Dr. Irene Sparling of Northville. On Sunday they drove to Mt. Pleasant, where they spent the day.

Members of the choir of St. Peter's Lutheran church enjoyed their annual picnic dinner Sunday afternoon at Cass Benton Park.

Saturday evening dinner guests of Mrs. Eugene Orndorf of Northville road were Mr. and Mrs. Howard Sly of Detroit and Mrs. Orndorf's houseguests, Mr. and Mrs. C. W. Ricketts of Newark, Ohio.

Mr. and Mrs. Howard Salley of Ford road have just returned from a trip through the East where they visited a nephew, Dean Palmer, at Harvard University, with trips to Boston, Massachusetts and New York City.

Mrs. Joseph Nowland and Mrs. Helen Jones, of Robinson Subdivision, were co-hostesses at a delightful surprise birthday party honoring Mrs. Bondie, on Monday evening, September 20. Mrs. Bondie was the recipient of many lovely gifts. Following a social evening, a dainty luncheon was served by the hostesses.

The Theta Lambda Sigma Alumni chapter of Plymouth, Ypsilanti and Ann Arbor met last Wednesday evening at the home of Mrs. Ralph Lorenz of Ann Arbor road. Preparations were made for the forthcoming annual state association luncheon to be held at the Mayflower Hotel on October 16. The local chapter will be hostess at this affair. Hostesses at the meeting were Mrs. David Gates, Mrs. Donald Burleson and Mrs. Lorenz.

### Readers Speak Out On Newspapers

"Do you think most people read as much of their newspapers as they should?"

Mrs. Norman Mahrley, 35700 Ann Arbor Trail, Livonia: "I think most people like to read their hometown newspapers pretty thoroughly. I at least glance at each item and then read what interests me. I like to read the Plymouth Mail because I used to live here and it contains mostly all local news items that interest me. We also read The Livonian. National Newspaper Week, October 1-8"

REPRESENTATIVES of the sixth grade at Bird school are literally being "taken to the cleaners" with a truckload of some 8400 coat hangers collected by the class. From left, Bob Monteith, Elaine Berry, Gary Van Valkenburg, Martha West and Richard Gretzinger will sell the hangers to Perfection Laundry company and in that way earn part of the money for the class to attend school camp October 11-15. Held at Island Lake Group camp, the 65 sixth-graders will be accompanied on the outing by their teachers and six senior high school students.

## Check Rayon Labels

STOP being disappointed in color changes when washing rayons; LOOK for labels when you buy; then LISTEN to them. Acetates and rayons carry new labels which show how they are to be laundered, says an expert of textiles and clothing.

L22 is the name for the new specifications on labels of fabrics or ready-made apparel containing 50 per cent or more rayon or acetate. But L22 is voluntary; you, the buyer, will have to look for and ask for the labels and they will be put on.

When you buy a fabric you want to know if it will shrink, if

it's colorfast, if it must be dry cleaned, or if it's weak when wet. L22 will answer these questions. These labels are traffic-light colors. Green means go-ahead washing in hot water—up to 160 degrees F. Amber cautions you; warm water—up to 105 degrees F. Stop when you see the red label—dry or wet clean only.

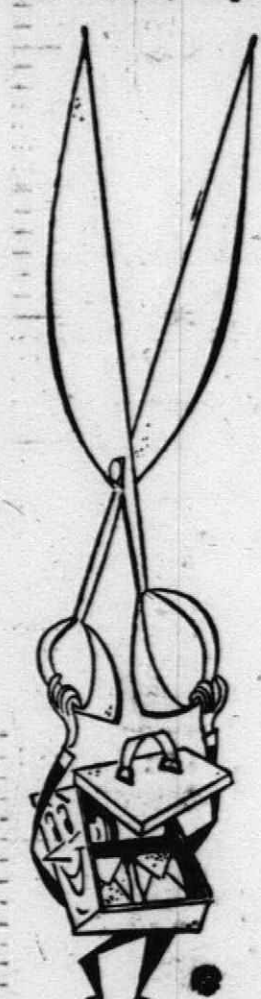

L22 is based on performance rather than how the clothing is made. You are more interested in the colorfastness to sunlight in a fabric used for bathing suits than one used for pajamas.

Success of L22 is up to you. Ask for it when you buy rayon or acetate garments and retailers will respond.

## Food Sense—Not Nonsense

### Clip For School Lunch Box

From planning to packing the school lunch box, mothers welcome a short cut to preparing attractive lunches which will rate an A plus in nutrition.

A short cut to meeting the child's requirements for this meal is to follow a basic menu pattern. Whether the lunch is carried, eaten at home or at school it should provide one-third of the daily needs for calories, proteins, vitamins and minerals. If mother packs the food correctly, neither breakfast nor dinner need do double duty for a skimpy lunch.

A simple basic menu pattern is the Type A lunch. Recommended by the National Research Council, it consists of two ounces of protein-rich foods such as meat, eggs or fish; three-quarters cup of vegetables or fruits or both; one or more portions of bread with two teaspoons of butter or margarine and a half pint of milk.

Here is the guide as it looks in the lunch box of the five to nine-year old: Generous serving of meat loaf between two slices of enriched bread spread with butter or margarine, carrot and cabbage salad, hot cocoa in a vacuum bottle, one large cookie and a banana.

His ten age brother needs almost twice the number of calories daily. An A plus lunch for the 15-year old includes a serving of cheese between slices of enriched bread, bologna or ham on a bun, plus hot corn chowder in the vacuum bottle and milk, purchased at school. A couple of doughnuts and an apple top off the lunch for the on-the-go adolescent.

A few caution signals are run up for mothers. Lunches are apt to be low in thiamine, a B vitamin. Sandwiches made with enriched bread filled with either peanut butter, liver sausage or baked beans will keep the thiamine score high. Vitamin C, or ascorbic acid, also may be low. But tucking in an orange or a fresh tomato will hurdle this trouble spot and keep mother at the head of the class.

## Lace Curtains Skyrocket to New Fame

Cotton lace curtains are skyrocketing to new fame in home fashions.

Reminiscent of the "good old days", but with an entirely different look, laces and embroideries have been re-discovered by the homemaker, market experts say.

If you take a look at your favorite curtain counter, you'll easily see why there's so much talk going around about something that has been taken for granted heretofore.

New laces are definitely style-conscious and woven in many patterns and designed with a feel of true elegance. There are new sizes and types that blend with every interior, be it traditional, modern, or provincial.

Keeping step with the popularity of cafe curtains, many novel laces are offered in this category.

Try skillet hashburgers on that next picnic. This favorite fare of Jiggs will spark the Irish wit around the campfire. Slice canned corned beef and brown well in fat in a skillet. Serve on grilled hamburger buns. Team-up the hashburgers with cole slaw, sliced tomatoes or tartar sauce.

# Eat Your Apple A Day In New, Different Way

Want to eat your "apple a day" in new and different ways? Apples can be served as appetizers, main courses, salads, desserts, candies and in-between-meal snacks.

An extension foods and nutrition specialist at Michigan State College, advises the time is here to store this fruit which is chock full of vitamins and minerals. Whether they are canned, frozen or kept in cold storage, your apples will be there throughout the winter to prepare just as you want.

Bake apples to take advantage of the large amount of vitamin C in the peel. Varieties which are excellent for baking are: Jonathan, Stayman, Winesap, and Wolf River. Her baked apple recipe includes a meringue topping.

### PARTY BAKED APPLES

- 1/2 cup dark corn sirup
- 1/4 cup water
- 1/4 teaspoon cinnamon
- 1 teaspoon grated lemon rind
- 1 tablespoon butter
- 2 tablespoons sugar
- 4 large baking apples

### MERINGUE

- 1 egg white
  - 2 tablespoons sugar
- Combine first six ingredients and bring to a boil. Remove from heat. Core apples; pare upper half. Place in baking dish. Pour hot sirup mixture over apples.

## Pink, Charcoal Lead All Other Color Schemes

Dame Fashion's favorite color-teaming whim for the moment seems to be a pink and charcoal combination.

Looking over the year's cotton collections, both in wearing apparel and in home fashions, the pink and black duo has been a best seller in every category.

The color couplet made its debut last spring in ladies' fashions. Then the menfolks stole the show with their pink cotton shirts, teamed with pink and black striped ties.

New home fashionists have picked up the craze, and pink pairs off with charcoal in cotton slipcovers, bedspreads, and draperies all through the house.

Food specialists pass on this information from a U. S. Government report . . . "although most mothers make an effort to see that their families get enough milk, mothers themselves generally have a poor record as milk consumers, often taking far less than they need for adequate nutrition."

Bake in moderate oven (350 degrees F.) about 1 hour or until tender, basting frequently. Remove from oven. Beat egg white until foamy; gradually beat in sugar. Top each apple with meringue. If desired, insert blanched shredded almonds in meringue and dot with chopped, drained maraschino cherries. Return to oven and bake 15 minutes longer.

Apple punch is another way to please family or guests.

- 1 quart apple juice
- 1 cup pineapple juice
- 4 or 5 sprays crushed mint
- juice of 1 lemon
- 1/2 cup sugar

Combine the ingredients; chill thoroughly and serve with ice.

For more recipes and ideas on serving apples, write to Roberta Hershey, Home Economics Extension Service, Michigan State College. Her bulletin, "Another Way For An Apple A Day" is available upon request.

## Cotton Shirts Storm World Of Fashion

Cotton shirts for women tailored with all the precision of a man's shirt have taken the fashion world by storm.

Man-tailoring details show up in styling of collar bands, French cuffs and long shirttails. Shirts with ties are another menswear idea.

Colors featured are kaleidoscopic—ranging from vivid turquoise, orange and flame red to pastels and white background prints. Roman, candy and ombre stripes are shown; prints include Egyptian motifs, geometrics, tiny florals. Cotton broadcloth, printed cotton challis, wrinkle-resistant and no-iron cottons offer a wide variety of textures.

Many original style details crop up, such as the removable frilled jabot, the tucked dickey, detachable white collars, the bloomed silhouette.

Though tailored with mannish styling, many shirts feature soft feminine details such as "baby" touches of tiny tucking and dolled-sized sleeves.

Unusual styling is a feature of today's shirts. The bright red design with chevron-shaped yoke, the dark plaid gingham shirts with tucked dickeys, the pastel corduroy shirts with removable jabots and the touch of white fagoting on a charcoal-colored design—these are all fashion ideas dreamed up by modern designers.

Sandwiches for freezing should be spread generously with butter. If mayonnaise is preferred, it may be added when the sandwiches are ready to be eaten.

## Better Breakfasts—Better Grades

Better grades, better work, better attitudes from Better Breakfasts. With vacations over, youngsters going back to school, and everyone back on a schedule, this is the time to establish good eating habits for every member of the family.

For, in recent studies at a distinguished medical school of a leading mid-west university, it has been shown that omitting the morning meal may result in the lowering of the mental and physical efficiency of young women, young men, and old men during the late morning hours.

The findings of the newest of these scientific tests, a study conducted with boys 12 to 14 years of age, show that maximum work rate and maximum work output were significantly less in the late morning hours when breakfast was omitted.

From the authorities that the omission of breakfast exerted a significant detrimental effect both on the attitude and scholastic attainment of the boys who followed this practice during the time they were in school.

The subjects showed no significant change in body weight whether they ate no breakfast or a basic cereal breakfast so long as their total caloric intake per day was not changed.

The quickest, easiest, and least expensive of all breakfasts is the cereal breakfast, which is as effective nutritionally as other breakfasts. Using the nationally accepted basic breakfast pattern of fruit, cereal, milk, bread and butter, 1/4 to 1/2 of the day's total food requirements is provided. When you eat this basic cereal breakfast, you will work better, think better, and be calmer and steadier. Boys and girls get better grades with a cereal breakfast, and you can reduce safely with a basic cereal breakfast.

## Add Touch of Italy, France to Spinach Dish

A touch of Italy and France for a combination will make this a scrumptious meal! Take your favorite baking dish—be it pyrex or a fancy casserole which has been well rubbed with a cut clove of garlic. Put in cooked quick frozen whole leaf spinach and top with condensed tomato soup and grated cheese-pop in the oven until delicately brown. Serve with crisp garlic Italian bread and a tossed green salad with a tart French dressing.

- 1 package frozen whole leaf spinach
- 1/2 teaspoon salt
- 1 clove garlic
- 1 cup condensed tomato soup (undiluted)
- 1/2 cup grated cheese

Drop solidly frozen whole leaf spinach into 1/2 cup boiling water with 1/2 teaspoon salt. Bring to boil, breaking block with fork to hasten thawing. When water is bubbling rapidly in center and around edges of pan, cover and cook 3 to 4 minutes. Drain and place in baking dish which has been rubbed with cut clove of

garlic. Cover with one cup condensed tomato soup (undiluted). Sprinkle with 1/2 cup grated cheese and place in oven until dish is bubbly and cheese delicately brown. Serves 4 to 6.

## Use Raglan Sleeves For Doll Clothes

When you're making doll clothes, it is a good idea to make them with raglan sleeves so that children can more easily dress and undress their dolls without your help.

Little fingers will have more success with big hooks and eyes and big buttons than with the dainty sizes you'll be tempted to use, points out a specialist in Michigan State College's Spartan nursery school.

Tiny fasteners can be an irritating task even for grownups, you know.

Cantaloupes are a good source of Vitamin C, and they also supply some Vitamin A.

## How To Ready Your Home For First Attacks of Winter

The first snowflakes are gentle but sometimes frightening reminders of the troubles that besiege the house in winter—condensation on the windows, drafts, cold walls, high fuel bills, leaking roofs.

Now is the time to decide. Are you going to suffer with these problems through the winter or do something right away to prevent them, while there still is time?

The best place to start the pre-winter checkup is the roof. If shingles aren't down tight, nail or cement them in place. Otherwise wind and moisture will do their dirty work. Freezing and thawing will complete the job of destruction and you'll have a leak before spring.

As you leave the roof, clean out the gutters and look for spots where they might rust through. Perhaps a coat of asphalt-base paint is needed on the inside.

Shifting to the outside walls, look for cracks around doors and windows that can be sealed with caulking compound. If the walls

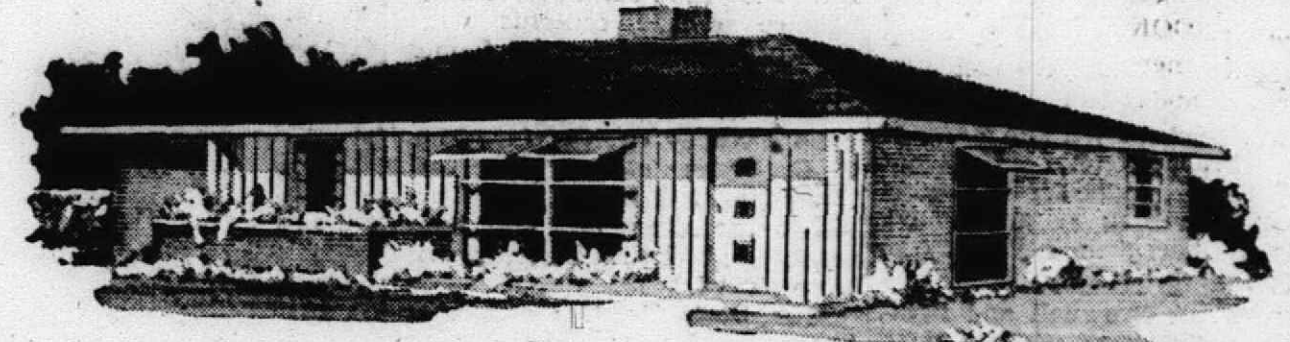

need new siding and you are plagued with cold interior walls, you can lick both problems at once with insulating siding. You'll insulate the house, give the exterior an attractive modern look and save on the fuel bills.

If the sidewalk or driveway needs repair, don't wait for cold weather when concrete will freeze. Do it now.

Moisture vapor is a continual problem during the winter if you don't have storm windows. They help cut fuel bills, too, and save your walls from the damage caused by moisture dripping from the windows.

You've probably already had the heating plant checked. But if you haven't don't wait for the dead winter. Clean and repair it now, even if you have started to use it. Wait until a mild day comes along.

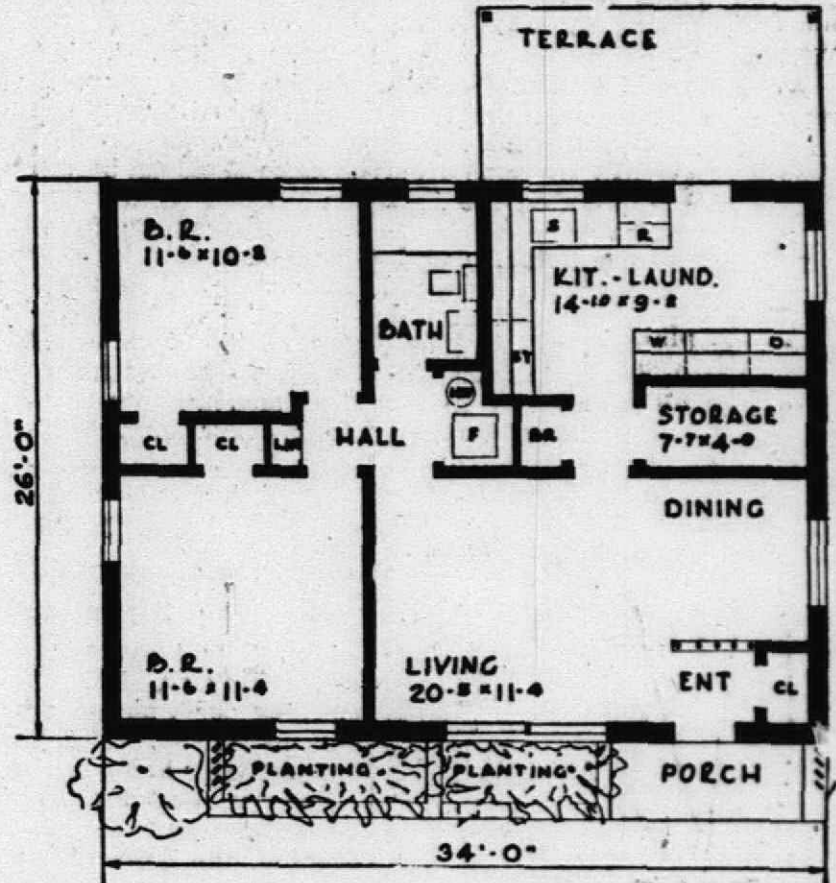

All this may sound like a lot of bother, and it is. But it saves money and grief in the long run. So do your checking now before the first snowflakes are followed by snow drifts.

### COMPACT COMFORT DESIGN-H-192

This compact home features true living comforts. The lovely exterior appearance of contrasting wood and brick, plus planting boxes will catch your eye before you even consider the well arranged interior. Every section of the home is well lighted by the many windows. The two large bedrooms will accommodate twin beds and include ample closet space. Storage space is featured near the spacious kitchen. Good room locations minimize on cost. For complete plans, send \$8.75 and design number to HomOgraf Co., 11711 E. Eight Mile Road, East Detroit, Michigan.

**Precision Built**  
Steel kitchen cabinets are precision built on machines which guarantee a dimensional exactness that would be prohibitive in cost if the cabinets were to be constructed by hand. As a result, the cabinets fit together perfectly when installed in the kitchen yet are relatively low in cost because of machine production savings.

TWO VIEWS of the modern, up-to-date kitchen of the Roy A. Fisher's, 1352 West Ann Arbor trail, are shown above in the foreground of the top photo we see the Thermador stove, containing four surface units and gridle, with storage space below. Directly opposite the stove is the under-counter dishwasher, permitting an unbroken surface of grey Formica counter-top. To accent the white ceiling and gray counter-tops, yellow trim was used, with cupboards and woodwork of natural birch. In the lower picture, taken to the right of the stove, is the compact, stainless steel Thermador primary-oven and warming drawer. The Fishers' stove, primary oven and dishwasher were supplied by D. Galin and Son, Penniman avenue.

## Reduce Flow At Fixture To Prevent Water Waste

Shaveless days and the limitation restaurants impose of one glass of water per patron per meal undoubtedly are of value in impressing the public with the need for conservation where the water supply is scarce.

Unfortunately, however, such measures are of little effect in getting at the root of the problem which is, quite simply stated, the saving of water.

The best way to accomplish this, the Plumbing and Heating Industries Bureau points out, is with the installation of a flow control valve right where most water is wasted—at the faucet outlet. A number of different manufacturers produce such valves, which are supplied and installed by qualified plumbing contractors.

As a general rule, the volume of water flowing from faucet outlets in the home at the pressure supplied by most municipal water systems is in excess of need. Flow control valves automatically reduce the volume of water passing through faucet outlets, thus effecting an important saving of water.

Valves are available in different sizes. The size needed for a given installation is determined by the flow rate desired.

The control element consists of a flexible washer, which enables the valve to maintain a steady flow of water at the faucet outlet, regardless of fluctuations in supply line pressure.

Thus, if the pressure is relatively high at a given time, the washer automatically narrows to reduce the rate of flow. Conversely, if the pressure should suddenly drop, the washer opening would expand, permitting the flow to increase.

One place where a flow control valve is strongly recommended is in the water supply line for a showerhead. At average pressure, a showerhead will deliver between six and eight gallons of water per minute. Since three gallons per minute is entirely adequate for showering purposes, even with the largest type showerhead available, a flow control valve is advisable to prevent a needless waste of water.

**Browsing with BARBARA**  
  
Speaking of washing machines, Glenn Long over at 43300 Seven Mile road, Northville just told me about the new Norge washer that's got a suds return on it. Instead of pumping the water down the drain after the washing, this added feature makes it possible for you to re-use that hot, sudsy water. How many times, after you've loaded your washer with a few white clothes, haven't you wished that you could save that water for the rest of the laundry? Well, now you can.  
And don't forget that this new, extra feature goes right along with all the advantages offered by a Norge automatic washer—the "Time-Line" knob that puts the washer through its paces—or cycles—and the fact that you can shorten, skip or repeat any cycle you want. Why not stop by Glenn Long's and take a peak at this brand-new washer?  
Last week I stopped by the Union Wrecking company's modern hardware store at 31245 West Eight Mile, where they were celebrating their anniversary. You'd be amazed at how many items you can find there to use in your do-it-yourself remodeling projects. Just as an idea, they had sales on their 2 x 4's and other length boards. These handy boards can really be put to use when you think about enclosing that open stairway to your cellar.  
By boxing it in with 2 x 4's and covering the latter with paneling, you not only get a safer stairway, but you'll also get additional storage space—an item hard to come by—and an inexpensive new closet to boot. Make a board-and-batten door, or, if you're tired of the do-it-yourself idea by the time you get ready to add the door, why not buy a ready-made one at Union Wrecking company.  
Or you can take those same 2 x 4's to make a lattice-work partition against the stairway, getting a very attractive decorative effect from setting plants at random on the horizontal boards. They've got all kinds of supplies over at Union Wrecking, and you've got the ideas, so why not get over to Union and get on that remodeling project right now?

Keep It Smooth  
When applying paint with a roller, always begin on an unfinished area and work toward a finished one.

**Shadow-Boxes Are Good Show-Offs**  
A shadow box, with one or two open shelves, is an excellent place to show off your beautifully colored or crystal glassware. Place one or two pieces whose fine quality, sparkle and shape give the appearance almost of a painting, against the shadow-box lining. Make the most of the clear luster of American handmade glass.  
A hutch cabinet, with open shelves above and closed ones below, is another means of using your American handmade glass as decorative accents in your room. Arrange neatly on the open shelves your fruit-juice glasses, water tumblers, taller glasses for iced drinks, your footed dessert glasses, and so on. Give glassware plenty of elbow room. Don't crowd it together. Place glasses rim side up, never upside down.  
In an Early American dining-room with pine or maple furniture, display the glassware effectively in open shelves just as you would books. Line the shelves with small-patterned paper. Printed in Shaker or Pennsylvania Dutch design.

## These Events Were News

### 50 Years Ago

October 7, 1904  
New dental parlors are being fitted up in the Voorhies house, opposite the park, and will be known in the future as the Plymouth Dental Parlors, conducted by Dr. C. Arnold.

A fire alarm was turned in about nine o'clock Monday night, when two small buildings near the Starkweather avenue crossing of the Pere Marquette railroad, owned by the company, were discovered to be on fire. Several handcars were removed from one of the buildings, and the balance of the contents were quickly consumed by the flames in both buildings.

Mrs. W. Bartlett gave a surprise birthday party for Mrs. C. G. Draper at her home last Thursday at 2 p.m. Bridge furnished the afternoon's entertainment, and light refreshments were served.

Miss Doris Prestler and Miss Bernadine Briggs, students at the Ypsilanti Normal college, were guests last Sunday of Miss Grace Tillotson.

Mr. and Mrs. C. V. Chambers and son, Stanley, spent last weekend at Grand Rapids, and on Sunday, visited the Castle Golf club on Lake Michigan beach and Benton Harbor going through the beautiful grounds of the House of David, returning home by way of Kalamazoo and Battle Creek.

Miss Mabel I. Spicer, in the employ of the Michigan Federated Utilities, who has been stationed at Alpena, has been transferred to Marshall for the next six months.

Mrs. Cass Stevens and young son, Gregory, left Thursday morning for Chicago where Mr. Stevens is now located. They plan to make their home in that city.

Barbara Lasslett entertained five little friends at dinner Friday evening, the fifteenth, the occasion being her seventh birthday. Her little guests were, Norma Bloomhuff, Lucy Barnes, Patsy Calkins, Marie Ann Curtis and Leslyn Keeth. After dinner they attended the picture show.

Mrs. William Rambo and her mother, Mrs. William Jordan, entertained Mrs. Arthur Frost, Miss Donna Vance and Mrs. Frank Rambo at a luncheon Wednesday.

Dr. and Mrs. Walter Hammond and son, Hobart, left today for Palmerton, Pennsylvania, where they will visit in the home of Mr. Hammond's parents for a few days.

A Sunday morning breakfast for the members of the Evening Bridge Club, and their families was held in Riverside park last Sunday. Those attending were Mr. and Mrs. George Farwell and family, Mr. and Mrs. H. L. Wood and family, Mr. and Mrs. John Henderson and family, Mr. and Mrs. William Arscott and family, and Mr. and Mrs. O. H. Williams and family, and Mr. and Mrs. Edward Dobbs and family.

A surprise birthday party honoring Mrs. Edith Bennett was held Friday evening at the home of her daughter, Mrs. Lester Bassett, Stonehouse road, Newburg. Those attending were Mrs. Emma Westfall, Mrs. Pearl A. Gerling, Mrs. Sara Passage, Mrs. Bessie Sallow, Mrs. Georgianna Allen, Mrs. Dorothy Daley, Mrs. Doris Fulton and Mrs. Florine Bennett.

Mrs. William Congdon (nee Joan Cassady) who has been spending the last six months with her husband, William S. Congdon, Coxswain, U.S.N.R., at San Diego, California, returned to Plymouth Thursday night.

Mr. and Mrs. Forest Gorton, Mr. and Mrs. A. K. Brocklehurst, Mrs. Erma McLean and Mr. and Mrs. L. K. Stevens of Pontiac were in Flint Tuesday evening where they witnessed the capping ceremonies of the class of 1942 student nurses at Hurley hospital of which Miss Jo Ann Gorton is a member. There were 38 in the class. The affair was held in the Hurley hospital auditorium and a reception at the nurses home followed for friends and parents.

The second annual birthday party which marked the second anniversary of the opening of the Paul Hayward Men's Store in Plymouth, last Saturday, was a most successful affair.

### V. F. W. NEWS

October 18 is the date of the luncheon to be sponsored by the Community Service committee. Serving starts at 1 p.m. and a short entertainment is being planned for that afternoon!

The following officers and delegates attended the 4th District Rally at Wayne Recreation hall at Wayne, Michigan, on Sunday, September 12: Isabelle Lueke, Marie Norman, Marion Luttermoser, Loretta Young, Marilyn Wiltzie, Betty Krumm, Alba Van Meter, Virginia Bartel and Lucinda Archer. Our chaplain, and 4th District vice president, Virginia Bartel, accepted a citation and a white gavel for being a member of the Honor Roll last year. The citation was made out to Past-President Gertrude Danol.

The general committee chairmen for our annual smorgasbord dinner on Sunday, November 7, are as follows: Tickets... Delores Olsaver; Finance... Marion Dickie; Decorations... Marilyn Wiltzie; Dining-room... Bettie Neale; Kitchen... Helen Shephard; Publicity... Marion Luttermoser; Clean-up... Marion Luttermoser.

Every auxiliary member will be asked to donate food or money and will be called upon also to work on a committee planning the dinner! General Chairman Loretta Young asks each girl to cooperate and help to make this year's dinner the success it has been in the past! Contact Loretta for any further information.

Remember these important rules on ten ways to Kill an Auxiliary!

1. Don't attend meetings.
2. Don't accept any office. It's easier to criticize.
3. Devote most of your time to talking. Let the other girl do most of the work.
4. Keep your eye on what the Auxiliary owes you-not what you owe the Auxiliary.
5. Always think the worst about anybody.
6. Never approve anything your officers or committees do.
7. Don't pay your dues until you have to.

8. Encourage disagreement among the members.

9. Remember-you know more than anyone else.

10. Don't cooperate with any officer-make them cooperate with you!

### Soft Water Harmful To House Plants

If your home water supply has been softened, don't use it on your house plants.

That's advice from C. E. Wildon, a horticulturist at Michigan State College. When water is softened, he explains, its calcium has been taken out and sodium has been added. Most plants can't tolerate much sodium.

Wildon suggests catching rain-water for watering plants if your water has been softened, or you can buy distilled water.

The same advice is good if your water supply contains much salt, according to Wildon.

## Ypsilanti Woman, 75, Remains DeHoCo Prisoner After 42 Years

It was on May 12, 1912 that an Ypsilanti woman was sentenced to the Women's division of the Detroit House of Correction for the murder of her three-year-old son.

Today, that woman, now 75 years old, still remains in the penal institution north of Plymouth, holding some flicker of hope for freedom from the longest prison term ever served in Michigan by a woman.

She is Frances Dewey, who

after 42 years in prison, is gaining some sympathy for her desire to spend the remainder of her life outside prison gates.

She was quoted in 1938 as saying, "I don't think I should be here. . . but I am here and I don't think they will ever let me out." Her early life was not easy. Her father was murdered by an unidentified person and her mother died of typhoid fever.

Married at 15, her husband deserted her after two children were born. She doesn't remember who adopted the children. A brief term in the old Detroit House of Correction was drawn when she was 18 and she had two other sentences before she was 30.

Then she married again, to a Bert Wildsmith, and adopted two girls and a boy. The girls were later returned to a home but the boy stayed with Frances. This was the child she was charged with beating to death.

George J. Burke, former Washenaw county prosecuting attorney, told corrections officials in 1936 that he "was of the opinion that murder in the second degree or manslaughter probably would have been enough. . . she never seemed disposed to be vicious or cruel. If she has any place to go after she is released, I certainly can see no objection to her release."

But Corrections department files show no yearly reports on her progress since 1950 and it appears she will die in the institution where she has been confined at various times since she was 18.

## Letter Writing Week Here Again

"There is No Time Like the Present" is an old slogan, but the U.S. Post Office department believes it quite suitable for next week when it celebrates National Letter-Writing Week.

Plymouth's postmaster, Dr. George Timpona, is joining postmasters across the nation in asking citizens to get out that dried-up pen and renew acquaintances by mailing a few pages to that old friend.

Everyone sends Christmas cards to all their friends once a year, but how many people sit down and write a letter to those "friends" between Yuletide seasons?

In a letter to postmasters written by Arthur E. Summerfield, postmaster general, he writes that "we in the postal service are very close to the hearts and everyday life of the American people. Sometimes in the press of modern-day activities there may be a disposition to pass off such relationship as a matter of course and lose the personal touch."

"Letter Writing Week presents a golden opportunity to dramatize the postal service and to emphasize that we sincerely and genuinely hope that the celebration of Letter Writing Week will bring pleasure and happiness to millions throughout the country and that the resulting letters will serve to renew many contacts and friendships which might otherwise have been lost."

## Local Ham Wins Fourth Place At National Show

Lorandson's Locker service, Plymouth, Michigan was honored September 22 when one of its hams, entered in the National Ham Show at the National Frozen Food Locker Convention in St. Louis, Missouri won fourth place in the light commercial class. The local locker plant's ham was entered in competition with hams from frozen food locker plants all over the United States.

Mr. Harold G. Anderson, manager of the local locker plant, was presented with a ribbon award by Dr. Dan Brady, College of Agriculture, Columbia, Missouri, who was chief of the Ham show judges. Other judges for the Ham Show were Professor Edwin Rhine, Iowa State College, Ames, Iowa, and Roy Snyder, Texas A and M, College Station, Texas.

Several thousand locker operators are attending the National Frozen Food Locker Convention, uniquely featured as a "NO SPEECH" convention. The entire program consists of panel discussions which are conducted by men and women experienced in all branches of the frozen food locker industry.

The convention features 89 commercial exhibits presenting the latest equipment and supplies used by locker plants.

## HEALTH AND BEAUTY

There are few disorders which bring as much anxiety to both the sufferer and the observer as the wheezing and breathlessness brought on by an attack of asthma. Asthma is said to be a symptom, not a disease. There are a number of social factors which combine to influence the severity of the attack. These factors may be environmental, psychological or social.

Bronchial asthma is the commonest variety. In this type of asthma, the wheezing and breathlessness are brought on by the narrowing of the smaller bronchial passages. At the same time, there is a sudden increase in secretions poured out by the glands of the bronchial air passages.

Bronchial asthma is often caused by pollens, dust or respiratory infections. Some doctors believe that an asthma attack can be caused by emotional disorders.

The first step in treatment of any asthma case is to determine the cause of the seizures. In allergic type cases, there is almost always a family history of allergic disorders. These disorders may range from hayfever and eczema histories to asthma.

Allergens that cause bronchial asthma may enter the body in several ways: through the respiratory tract by inhalants; through the mouth by eating, taking drugs, etc., through the skin, by injection of such items as penicillin and anti-tetanus serum.

Ragweed and grass pollens seem to be the most common inhalant materials which bring on bronchial asthma. House dust and mold are also high on the list of causes.

Food allergens bring on attacks, particularly in infants and children. The venoms of insect and snake bites also cause allergic attacks.

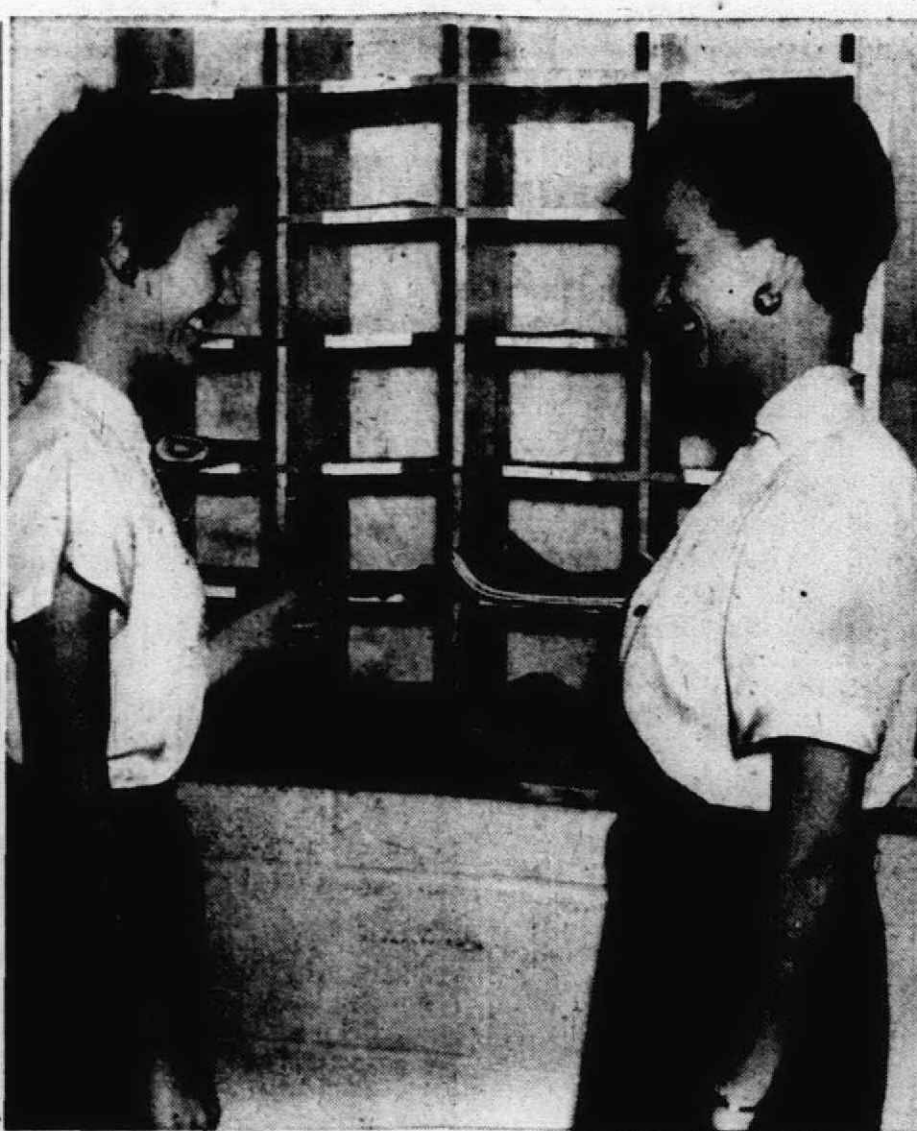

Never try to treat an asthma sufferer without the help of your family doctor. In many cases his skills alone are not sufficient and a specialist must be consulted.

## Office Girls, Teachers To Learn Modern Dance

The Plymouth Recreation department will give office girls and teachers a chance to try their skill at modern dance. Under the direction of Aleta Christie, modern dance and ballet teacher at the high school, classes in modern dance will start today, September 30, at the junior high gymnasium from 7 to 8 p.m.

Anyone interested in joining should come out for the first meeting. Visitors are also welcome.

The battle for Leyte Gulf on October 22-27, 1944 was probably the biggest naval action ever fought. Some 166 American ships and 1,280 planes engaged 65 Japanese ships and 716 planes.

SMITH SCHOOL'S new teachers, Mrs. Patricia Ann Barbour, left, and Mrs. Billie Woomer, check the mailbox in the principal's office which recently held their first pay checks. Mrs. Barbour teaches third grade while Mrs. Woomer is a first grade teacher.

## Announces October 6 Adult Film Program

Plymouth residents will have an opportunity to see two worthwhile films at 7 p.m. Wednesday evening, October 6, according to Miss Nancy Brannan, assistant librarian. The next films to be shown at the Dunning library's adult program are "The News Magazine of the Screen," and "Christopher Columbus."

"News Magazine" covers such events as the Big Four meeting, Indo-China, the release of anti-red P.O.W.'s, news from India and shows how the Indians make the desert bloom. The other film, "Christopher Columbus," portrays Columbus' life from boyhood to his landing on San Salvador.

Indians of the tropical Choco region of Colombia have long "waterproofed" clothing and coverings by daubing them with the milky juice of wild rubber trees.

Want to make the Beautiful Buy?

You can't beat success in an automobile for proof of value. So take a look at the national sales figures and you find this fact: Buick today is outselling all other cars in America—regardless of price class—except two of the so-called "low-price three." And when you look at the "tomorrow" styling of this glamorous beauty—when you try it for V8 power, for room, for comfort, for ride—and when you check its low delivered price—you have all the reasons for Buick's soaring success.

Want to get the Top Allowance on your present car?

The more cars we sell, the better deal we can make with you. So with our tremendous volume right now, we can offer you more money as an allowance on your present car when you trade it in for a new Buick. That means we're passing our success on to you where it counts—in the fewer dollars you pay for this dazzling new Buick.

Want to be sure of a High Resale Value?

You can see for yourself that Buick today is graced with modern beauty—year-ahead styling that's bound to stay fresh and new-looking for years to come. It's what the other cars will come to in the future—even to that broad panoramic windshield that's on every new Buick today. So you can be sure that you'll trade high later when you're ready to resell the Buick you buy right now. Come in—this very week—and make the buy of the year in Buick. You'll find you're way ahead now—and at trade-in time well in the future.

Now's the time to make your buy because—

## Rocks Squeeze By Bentley In Hard Fought Tilt, 13-12

An aroused Plymouth high eleven recovered from a surprise Bentley high touchdown in the last minute of play to thwart the Bulldogs' try to rush the ball over for the extra point, and thus preserved a one-point lead to win 13 to 12.

Thrills galore were in store for the largest crowd ever to witness a game on the local field from the time that Plymouth scored in the opening minutes of play until the Bentley touchdown in the waning seconds. Dick Davidson's extra point after the second Plymouth touchdown was the difference between victory and a tie. Dick booted the ball squarely between the uprights for the vital one point.

Linden Mills kicked off for Plymouth to Bentley, which started off fast for two first downs, but a penalty and an incomplete pass set them back and forced them to punt. A poor quick kick traveled only 15 yards and the Rocks put the ball in play on their own 40 yard line. Captain Juve made 8 yards the first time Plymouth had the ball, and then Davidson passed to Dale Wilkin for 26 yards. On the third play Denny Luker scampered around left end on a reverse for 26 yards and a touchdown. Davidson missed the extra point and the Rocks led 6 to 0 in the opening minutes.

Play remained close and furious during the first half, and into the second half until Bentley received a punt on its own 28-yard line. On the first play from scrimmage Bill Baxter, a dash man on the track team, sprinted 72 yards on a beautiful run to tie the score at 6-All as the Bulldogs missed the extra point.

Near the end of the third quarter the local eleven began a drive that ended in a second score. Plymouth received a punt in its own territory and George Pine made 5 yards, Denny Luker 2 and Davidson 5 for a first down. Dick Day then went for 6, and then Day passed to Bill Petro for 26 yards and a first down on the Bentley 26-yard line as the final quarter opened. Davidson ran for 6, and then a pass from Davidson to Dale Wilkin clicked for 20 yards and a touchdown. Davidson kicked the all-important extra point to make the score 13 to 6.

It looked like the game would end that way until Bentley began a desperation drive in the final minute. The losers received a punt on their own 46-yard line. A pass and two line plays made a first down on the Plymouth 45-yard line. Then with 45 seconds left Baxter got behind the defense to gather in a long pass and ran unmoled across the goal line for the tying touchdown. Bentley tried to run the necessary three yards for the extra point and was stopped a yard short of the goal line. That was the ball game.

The game was played with few mistakes, and many hard tackles and blocks were made. Captain Juve made a sensational 95-yard run for a touchdown, but the play was called back to the Rock 30-yard line because of a clipping penalty.

Statistically the Rocks outplayed Bentley by a small margin, but the losers didn't do much offensively outside of the two long touchdown plays, but put up a rugged defense with a good punter.

Luker and Juve were the big ground gainers for Plymouth with the former having 74 yards and Juve 70.

Plymouth made a total of 262 yards; 185 on the ground and 77 by passes. The Rocks made 12 first downs to 9 for the losers, and completed 4 passes out of 7 attempts. Bentley had a total of 218 yards; 118 on running and 100 through the air.

Friday Plymouth journeys to Trenton for a game beginning at 8 p.m. This game is always a close one, and is expected to go a long way in determining the 6-B leader this year. Last year Trenton won 16 to 6 for the locals only 6-B loss.

## 9, 12-Grade Girls Now Able to Join Athletic Club

Because of the great interest in the Girls Athletic Association girls in grades 9-12 will be able to join the club this semester. The sports offered are volleyball, swimming, softball, track, tennis and badminton. Girls wanting to join must be able to play after school on Tuesdays and Thursdays and maintain at least 150 points a year. The first sport offered will be softball under the direction of Margaret Schomberger.

G.A.A. also has playdays which 10 girls from each of the 6B League schools can attend. At a 6B League meeting these dates were set for the play days.

Plymouth—November 2—Volleyball

Trenton—March 8—Swimming

Allen Park—April 5 Dancing

Belleville—May 3 Softball

Redford Union—May 24—Track

Any girl wanting to join G.A.A. may contact Mrs. Louise Cigile, girls athletic director.

## Rocks Top 6-B League

From all indications the 6-B league football race will be as close as the past few years with the Plymouth eleven again being in contention for the title. Plymouth, the defending co-champion with Trenton, is tied for first place with Belleville after the first round battles. The Rocks squeezed by Bentley by the slim margin of one point 13 to 12 while Trenton battled Allen Park to a 7-all tie. Belleville won over Redford Union 18 to 0 as George Thompson counted two touchdowns.

In the Trenton tie Allen Park counted first as John Angelotti returned a punt 65 yards for a touchdown, and then took a pass for the extra point. Trenton scored later on Jerry Driscoll's 35 yard end run, and Tom Jones conversion.

Walled Lake, a future Plymouth foe, downed Keego Harbor 14 to 0, while Garden City, another foe lost in the last three minutes to Inkster 16 to 13. Northville beat South Lyons 25 to 13, and Wayne won over Lincoln Park 25 to 12. Ypsilanti and Lansing Sexton battled to a 6-all tie, and Ann Arbor extended its winning streak to 24 straight as they easily beat Kalamazoo 31 to 0.

The 6-B league standings with points scored for and against each team are as follows:

|               | W | L | T | PF | PA |
|---------------|---|---|---|----|----|
| Plymouth      | 1 | 0 | 0 | 13 | 12 |
| Belleville    | 1 | 0 | 0 | 18 | 0  |
| Trenton       | 0 | 0 | 1 | 7  | 7  |
| Allen Park    | 0 | 0 | 1 | 7  | 7  |
| Bentley       | 0 | 1 | 0 | 12 | 13 |
| Redford Union | 0 | 1 | 0 | 0  | 18 |

## Misplays Doom Rock Frosh In Northville Grid Contest

The Plymouth high school frosh eleven opened its 1954 season last week by dropping a 13 to 0 tilt to the Northville frosh. Play was close throughout with the first half ending in a scoreless deadlock. The young Rocks had one touchdown called back by a clipping penalty in the first half.

Northville came out strong after intermission and counted two quick touchdowns—one on a pass interception and run of 50 yards, and the other after a bad Plymouth punt deep in the Rocks' territory.

Thirty boys are out for the local frosh squad now, but Coach John McFall states that the team needs a manager. The following lads are practicing daily: Don Allsbro, Randy Eaton, Dick Paullger, Don Carney, Joe Barraco, Bob Drobek, Al Spigerelli, Stan Good, Bruce Curtis, Bob Isbister, John Walker, Jim Williams, Carl Glassford, Kick Orr, Dick Bennett, Jim Cothard, Dick Anderson, Jerry Kilnsmith, David Walcott, Ken Soleau, Jim Durus, Kenneth Luker, Wayne Jordahl, Bob Truesdell, Mike Todd, Dennis Merchant, Jerry Ward and Tom Feister.

Jerry Vettege, a star guard on

the high school team a few years back, is helping out in the coaching of the frosh eleven. Today Plymouth plays Bentley here at 4 p.m.

## Form Bowling Classes For Teen-Agers, Women

An arrangement has been made with Norbert Lory of Arbor-Lill recreation for a teen-age bowling league. Any boy or girl in this area is eligible to join this mixed league for instruction and bowling. Lory reports that a good coach will be secured to teach youngsters the fundamentals of bowling.

The league will begin on Saturday, October 2 at one o'clock, and continue each Saturday at the same time throughout the year. Lory says that the same program is being set up for ladies on Wednesday afternoons from 1 to 3 p.m. Instruction will be given and leaguists will be set up.

Anyone interested in either of these leagues should contact the recreation office at the high school, or come Saturday at one o'clock to Arbor-Lill for the teen-agers, and Wednesday at one o'clock for the ladies.

## Sport Glances

by "Professor" Edgar Brown

The capacity crowds at the first two high school football games indicate that there are many in Plymouth who love to see competitive sports. Each of the first two games exceeded any previous attendance mark of the past.

The fans saw an alert Plymouth team rebound from the defeat suffered at Northville last year, and soundly trounce the Mustangs. A light fast-charging line will outplay a heavy line most of the time, and that is what the Rocks have. They are small but fast. The first string will hold its own against anyone this year, but Coach Ketterer could use more depth on the bench. Many of the regulars have to go both ways this year.

Clean sportsmanship from both the players and the spectators was noticeable at each game. Let's hope that football night games will not have to be banned here as they have in Chicago and some Detroit schools because of the rowdy element at night.

Again the Detroit Lions are the defending champions of the pro football league, and again they will be the team to beat for the championship. The Lions roared through 6 unbeaten exhibition games with ease, and won easily over the Chicago Bears last Sunday.

There always has been a feeling among football players, that the backs get all the credit and the linemen do all the work. The Lion backs will be the first to praise the work of the line for their gains. The first few easy victories were made possible by the fast-charging offensive line, which is gaining prominence this year.

The Lions have been noted more for defensive lines than for the offensive ones. This year they have both good offensive and defensive lines, and for that reason I pick them to repeat as champs with the two Pacific Coast teams as their nearest threats.

The swimming pool is open to the public again this year, and something is planned for each evening. A schedule appears on this page. It is wonderful that our city has such a splendid pool for anyone who wishes to take a dip in winter or summer seasons. You should take advantage of the pool accommodations.

The paper is trying to run all bowling league standings this year. Tell your secretary to call the scores into the Plymouth Mail. If the standings do not appear it is his fault. Call, or bring, the scores in each week by Monday afternoon.

## Adult Swimming Program Begins

Swimming Supervisor John McFall reports that the adult swimming program is underway, and many are taking advantage of the fine opportunity to either enjoy a swim, or learn to swim at the new pool. The large pool is open to the public in the evening with certain nights designated to certain groups so that everyone will have an opportunity to use the pool.

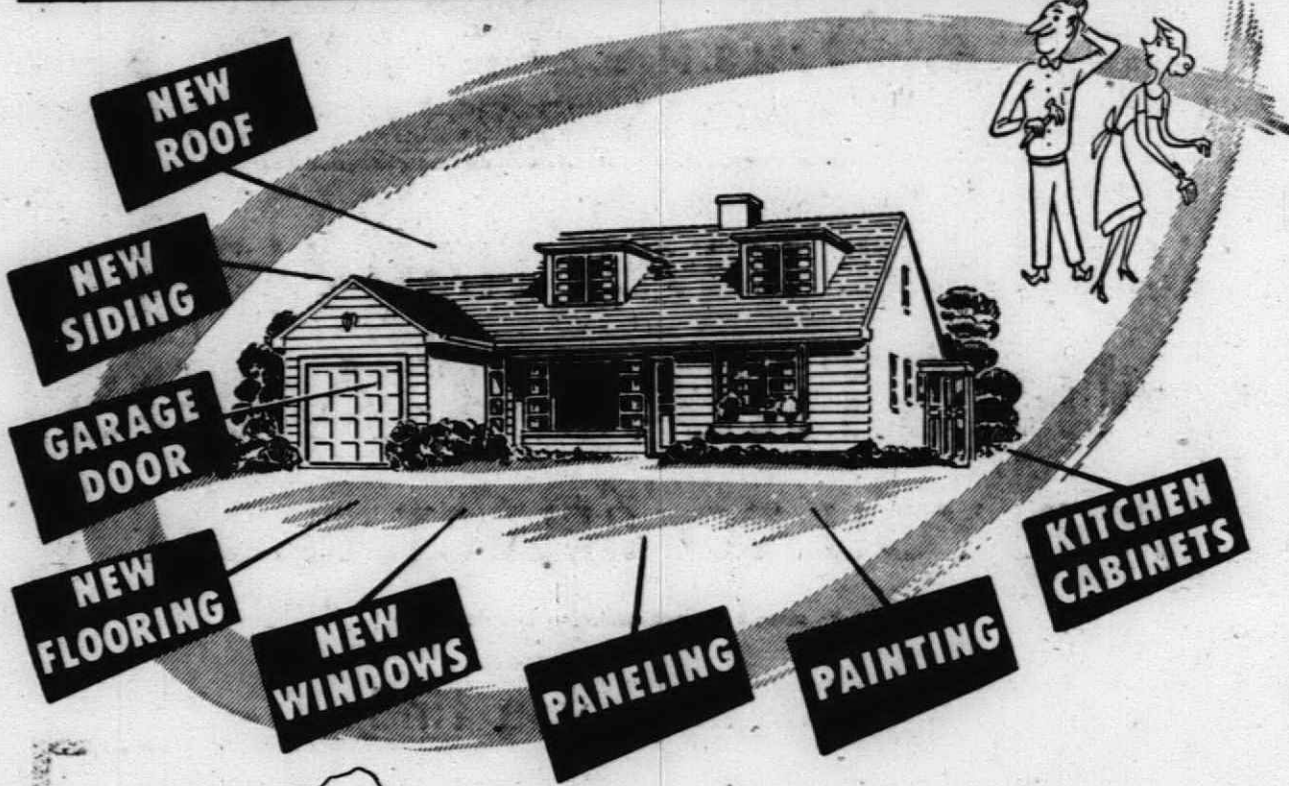

On Monday evening from 7:30 to 9 is family night when the entire family can use the pool together. The same hours Tuesday find the women in the pool, and anyone desiring instruction can obtain it from Wilma Shirey, who is in charge that night.

Fathers and sons have the pool on Wednesday evenings, and Frank Sullivan will be there to help anyone wishing instruction of any kind. Thursday is adult night for both women and men over 18 years of age. Wally Laury will be at the pool Thursday for instruction to anyone desiring it.

The teen-agers take over on Saturday night. One need not enroll for any of these nights. Merely come up and enjoy the pool with the others.

PROVING HE CAN "pick the winners" as well as coach them, Charles Ketterer, mentor of the Plymouth high school grid team, turned up as first winner of the weekly Plymouth Mail football contest. Above Ketterer (at left) cashes his prize check and tells Banker John Pint and Pat Wiltse how it's done! Wiltse is owner of Community Pharmacy, one of the sponsoring firms of the football contest.

## Ketterer Takes First Prize In Grid Quiz

Plymouth high school football coach, Charles Ketterer, is riding the crest of a winning streak! His gridders got him started with victories in their initial two outings. Coach Ketterer added the latest victory himself—a first place in the weekly Plymouth Mail football contest!

Actually Coach Ketterer was tied by Kenneth G. Libbing of 15512 Lakeside as both missed but two selections of the 15 games. Libbing had to be content with second prize of \$7, however, as Ketterer's prediction of 34 to 17 in the Detroit Lion-Chicago Bear game was more accurate than his 21 to 6 pick. Third place went to Irwin L. Brink of Wayne, who had only three misses and beat out a host of other contestants for the prize money with his very-nearly accurate 39 to 17 professional game prediction.

For Ketterer, winning the football contest is getting to be old stuff! He did it once last year also had one third-place entry.

Most missed of all selections was the Michigan State-Iowa game. Ketterer picked this one right, however, but slipped up on the Penn. State-Illinois and Army-South Carolina contests. The latter two contests were missed almost as frequently as the Michigan State upset.

There's another contest on this page for this weekend's games and another \$20 in prizes will be given away. So check last week's results carefully, read all the expert predictions, and then make your choices. Have your entry in The Mail office not later than 5:00 p.m. Friday or postmarked by that time if mailed.

"Performance before reputation" is Coach Parker's coaching theory. Halfback Carl Karliwacz was a 23rd draft choice; halfback Jim David was picked 22nd.

Eight players on the 1954 Detroit Lions roster started their professional grid careers with other teams in the league.

## SPORTS FLASHES

from The Sporting News by J. G. Taylor Spald

For the first time since 1950 the Detroit Tigers have come out in the black this year, without aid from football. Attendance of well over a million at home games did the trick. The Tigers managed to break even in 1953, but that was due to \$175,000 in rental of Briggs Stadium to the Detroit Lions of the National Football League.

Charlie Grimm has done all right in baseball, but there was a time that he couldn't even hold a peanut vendor's job. Grimm as a boy sold peanuts in old Robison Field in St. Louis, but spent much of his time trying to talk to the ball players. One day he asked Bobby Wallace, the old infielder, how to become a player. "Watch Hal Chase," said Wallace. And Grimm did—so much that he was fired as a peanut seller.

The Sporting News, looking back to April, says Jimmie Dykes didn't realize then what a prophet he really was. It was in April that Jimmie said: "If the Orioles finish eighth, I won't be around in 1955."

Joe Adcock of the Braves broke

a National League record September 10 when he hit a homer at Ebbets Field. That made nine for him this year in the Dodger park, and that broke the old record of eight homers in one season in a foreign park held by Jim Bottomly, Mel Ott and Stan Musial. His nine in one park tied the major league mark set by Lou Gehrig of the Yankees in St. Louis in 1931 and equaled by Jimmie Foxe of the Athletics at Detroit in 1932.

If Jackie Robinson could bat only against the Cardinals, he would be in the league until he tripped over his whiskers. Robinson has hit .443 against Cardinal pitching this year, and his lifetime mark against the Redbirds is better than .350.

Baltimore fans, disillusioned by the showing of the Orioles this year, criticize the management particularly for some of the trades it made. They point out that three men traded off Roy Sievers, Sam Mele and Vic Wertz, had hit a total of 44 home runs at a point where the whole Baltimore team had hit only 45.

## When, What to Read to Children Outlined by College Professor

If you are the parent of a child of pre-school age you are probably wondering what can be done to better prepare him for those first vital years of elementary school. You ask yourself, "When and how much should I read to my child? At what age do children become interested in books and what kind of books do they like? Is there danger that I may read to him so much that he will become overly-dependent and be reluctant to strike out on his own? My neighbor's child doesn't read as well as he should because they feel they read to him too much."

One of the things that influences greatly early success in reading is the experience a child has with books during the pre-school years. Children who have had real fun with books before entering school are more likely to succeed in reading than children who have not experienced this pleasure. Therefore, read to your child and when you do, make it as much fun as possible. There is very little danger that you will read to him too much. His normal

desire for other activities will prevent this.

"So I am to read to my child. At what age do I begin and what type of books do I use? My neighbor's child was interested in books at the age of twelve months."

That may be true of your neighbor's child but he was ahead of most children his age. Most children twelve months of age have very little interest in books and magazines other than to tear and crumple the pages and mouth the pieces. However, at fifteen to eighteen months the infant begins to show an active interest in the pictures in books. He enjoys sitting on his mother's or father's lap looking at colored pictures while she or he turns the pages. This is the time to provide plastic or cloth books, preferably those which contain tactile pictures—that is pictures of a rabbit with cotton fur, a dog with felt fur, etc. This is the time for the parent to say "Show me the dog," and "Where's the rabbit?" letting the child point.

By the time your child is two years old he wants something to happen in the pictures and is ready to listen to a short story read or told by you. He also wants repetition. He wants to master the story with each picture. Therefore at this age, a few books, read and reread are preferable to many books.

At approximately two and one-half years your child will probably begin to show an interest in Mother Goose rhymes. Children of this age like the catchy sounds and jingles and like to memorize them.

By the time he is three your child will at times wish to tell a story you have just finished reading. By all means encourage this desire as much as possible. Practice in telling stories is excellent preparation for later instruction in reading.

Four-year-olds like stories which are a bit longer. They are now as much interested in the story as in the pictures. There are many inexpensive books which have high interest for youngsters this age. Almost every drug store and many markets now display racks of books which sell for from fifteen to twenty-five cents. Stories about animals, trains, fire engines, airplanes are fascinating, particularly those which are imaginative.

Alphabet books are especially fine for three-and-a-half and four-year-olds. Many children learn the letters of the alphabet in this manner and children who know the letters of the alphabet seem to have an advantage in later reading instruction.

As you read to your child many questions will arise. It is most important that you answer them to his satisfaction. One of the major reasons for reading to children is to develop interest in books.

### Announces New Stamp

A new 20-cent special delivery stamp will soon be available to Plymouth letter-writers and collectors when it goes on sale at the local postoffice October 14. According to Dr. George Timpona, postmaster, the design of the new stamp illustrates a special delivery letter being handed by the messenger to the recipient.

The hands are set off against a dark background, and the lettering, "Special Delivery," in white face Gothic, dominates the top of the postage.

## Tree Weakness Shows Up Now, According to Landscape Architect

Ann Arbor—In late summer and early fall a weakness may begin to show up in trees because of the effects of growth, lack of proper food in the soil, and damage caused by insects or disease.

Right now is, therefore, a good time to take a close look at your trees, suggests Harlow O. Whittemore, professor of landscape architecture at the University of Michigan.

Many persons don't realize that trees draw a very large amount of water from the soil, especially those with luxuriant foliage. A very satisfactory method of watering deep tree roots is to raise a rim of soil around the tree out about as far as the branches go, forming a basin which should be filled with water perhaps two or three times a week.

On sloping ground this won't work, Professor Whittemore says, so it is recommended that drain tiles three inches by twelve inches be set vertically in the ground with the top just at the surface so as not to interfere with mowing the lawn. These should be set about four or five inches

apart under the trees and filled with water a number of times and allowed to soak. This brings the water down into the ground where the tree roots can get it.

During dry weather these should be filled with water about twice a week. At the same time, you may feed the tree by dropping a handful of "10-10-10" (nitrate-phosphate-potash) fertilizer into the hole about once every two months at the time you water the tree.

Another method of tree feeding is by means of holes made with a soil auger or a crowbar, the professor indicates. These should be made to a depth of about twelve inches and then a cupful or two of chemical fertilizer funneled into each hole and the hole refilled. This treatment will last for as long as ten years but is recommended about every five years.

Still another method is the use of a water auger by which a pipe with water pressure is forced down into the soil, the water forming its own hole. Attached to the pipe is a jar with soluble chemical which dissolves into the water which goes into the ground so that the tree is fertilized with a chemical solution for as much as three feet deep into the ground.

Professor Whittemore says another treatment is a combination with the organic method. It consists of working a compost of decayed tree leaves into the ground by spading. In this case, some chemical fertilizer should be worked in with the compost. This method has the advantage of improving the soil as to texture, the water-retaining capacity, and the action of beneficial bacteria.

In particularly dry rainless weather are experienced, tree leaves and compost can be laid directly on the ground as a mulch to hold moisture. But this must be accompanied by watering in one of the several ways mentioned.

When planting trees in such regions, or even in regions of moderate rainfall where the soil is sandy, the U-M man cautioned, plant the tree in a bowl-shaped depression which can be filled with water when needed. The depression will serve to catch and retain rain water.

The average temperature of the sun is estimated at 10,000 degrees Fahrenheit.

## OUTDOOR NOTES From The MICHIGAN DEPARTMENT OF CONSERVATION

Application forms for the one-day any-deer season are now available from any of the more than 4000 hunting license dealers throughout the state and from district offices of the conservation department.

Hunters who want to take advantage of the special season on December 1 must post their application to conservation department headquarters at Lansing, 26, by October 10.

A total of 81,000 applicants will be issued permits to hunt in certain designated areas of the lower peninsula during the special season. If more than that number of applications are received, a drawing will be held to decide who receives permits. The drawing, if necessary, will be held about October 20.

Applications will be accepted only from those who have purchased licenses. Applicants will be asked to indicate on the form their first and second choices for the area in which they want to hunt.

Persons wishing to hunt as a party should mail applications together in a single envelope; these will be treated as a single application.

If an applicant is "lucky" in the drawing, his permit will allow him to take a deer of any age or either sex in the northern lower peninsula on December 1, provided he has not killed a deer during the regular or archery seasons—unless it was a camp deer.

Complete details regarding the special season, the areas in which deer may be taken, regulations regarding applications and other pertinent information may be obtained from the license dealers or the department's district offices.

Michigan's forthcoming hunting seasons on small game and deer are expected to attract a record number of sportsmen to the state's woods and waters, reports the conservation department.

An estimated 750,000 residents

of Michigan will hunt small game during the season which gets under way in the upper and northern lower peninsulas on October 1.

The bulk of these hunters will not take the field, however, until the opening of the general pheasant season on October 20.

Nonresident small game hunters may number about 8000 this year, state workers estimate.

October 1 also marks the opening of the bow and arrow season on deer and department estimates for this season are 30,000 resident and 3000 nonresident archers.

A predicted 455,000 residents will hunt during this year's firearm deer season which opens November 15, with 30,000 nonresident deer hunters also expected.

In general, the number of hunters this year may be two to three percent above the 1953 total, according to Arden McNeil, in charge of the department's license section.

Closed seasons on lake trout, whitefish and chubs in Michigan waters of the Great Lakes remain unchanged this year, the conservation department's annual reminder to commercial fishermen points out.

Lake trout may not be taken from Lake Huron during the month of October; from Lake Superior October 5-November 4; or from Lake Michigan October 10-November 25.

Closed seasons for whitefish are: Lake Huron, November 1-December 1; Lake Superior, November 1-26; Lake Michigan, November 5-December 10; Lake Erie, December 1-March 10.

For chubs, the closed seasons are the entire month of November in Lakes Huron, Michigan and Superior.

The department emphasizes that no permits will be issued to anyone to fish for spawn during the closed seasons.

about the same waterfowl season this year as last year, state conservation workers report.

About the only difference is that some flights may migrate through Michigan later this year than they did in 1953. Reports from the Canadian provinces say that large numbers of diving ducks are still quite young and that some migrations will be held back.

But hunters can expect fair numbers of targets early in the season—provided by birds that have stayed in Michigan throughout the summer and by early small flights of migrants from the north.

"Our local hatch of birds this year was only fair compared to last year," says Herb Miller, state waterfowl specialist, "but we can expect Canadian ducks later in the season to make up for any shortage of local birds."

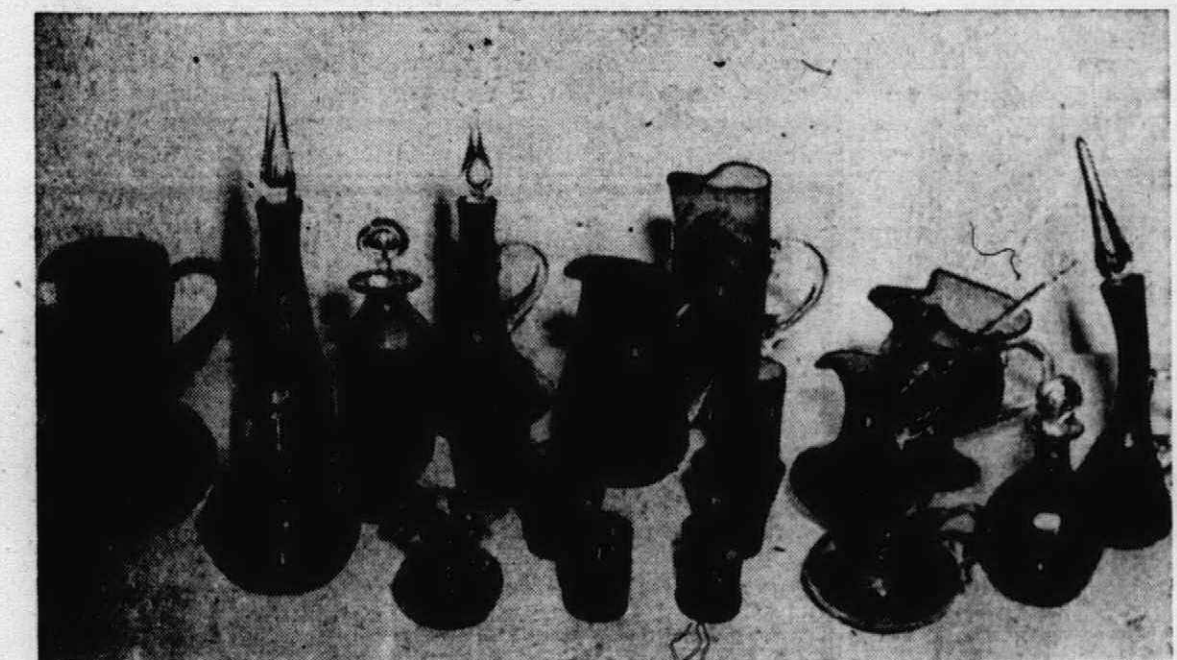

As in the past, the duck season in Michigan opens at noon on October 1 and continues through November 24. With two major exceptions the regulations are about the same as last year.

The exceptions include a closed season this year on wood ducks and somewhat more restricted hunting of mergansers.

Fur farming has grown and multiplied in recent years until today there are 6,000-odd farms from Maine to California selling furs.
