With only \$10,027 turned in, an emergency meeting of the Plymouth Community Fund board of directors is being called this week to determine what to do next in the \$24,500 campaign which is scheduled to close this Thursday.

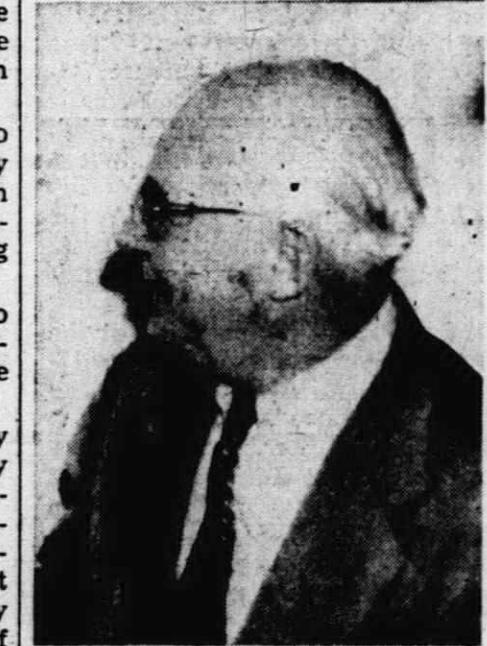

R. Douglas Shaw, Church, Business Leader, Dies

R. Douglas Shaw, one of Detroit's largest electrical contractors and widely known layman in the Presbyterian church, died suddenly Sunday night in Ann Arbor three hours after suffering a heart attack.

He had been attending a meeting in Ann Arbor when he had the attack. Taken to St. Joseph's hospital, he passed away at 9:15 p.m. He was 58 years old.

Mr. Shaw made his home at 15874 Stanford, Livonia, but was well known in Plymouth through his personal and church affiliations. As chairman of the building committee of First Presbyterian church he was just completing a successful campaign for funds. He had been an elder here and other Presbyterian churches in Detroit where he resided before moving to Livonia seven years ago.

Other church interests placed him at one time as president of the Presbyterian Laymen, Synod

Among the local agencies to feel the "pinch" from the lack of funds should the goal not be reached will be the Boy Scouts, Girl Scouts, Plymouth Dental Fund, Plymouth Recreation commission, Salvation Army, Veterans Memorial Center, Visiting Nurse Association, American Cancer Society (Plymouth chapter) and American Red Cross.

All but \$3,630 would go to the above agencies. The remaining would go to 28 other agencies in Michigan which depend upon Community Fund donations. They

Alley Debate Brings Crowd To City Hall

A debate on the advantages and disadvantages of alleys took place at a special city commission meeting Monday night when 35 people crowded into city commission chambers, some of them asking that their alleys be eliminated, others demanding that they remain.

Result of the two hours of discussion was a decision to vacate four alleys, not to vacate one alley and to defer a decision on four others.

Only one of the proposals to vacate had been petitioned for by property owners. The other seven proposals came at the recommendation of the city planning commission.

"Why does the city want to vacate these alleys?" the commission was asked by one of the property owners.

In an explanation by Sidney Strong, chairman of the city planning commission, and Carroll Porter, chairman of the committee which studied the vacant lots, it was pointed out that modern cities are gradually getting away from the use of alleys. They cited Detroit where alleys have become a breeding place for rats and filth.

New subdivisions are planned without alleys, they added. Residents take their trash to the curb for pick up. "And most of the alleys in Plymouth are not

Farmer Falls From Wagon, Four Injured

Things just weren't running smoothly out in Salem township last Friday. It was one darn thing after another.

It all started when Peter Baumgartner, 80-year-old farmer, was picking corn on his North Territorial road farm. He fell off the wagon across the wagon tongue. It was not until a while later that two of his helpers, Bud Eichner, a neighbor, and Kent Waters, Redford, found Mr. Baumgartner.

Plan Goldkette Concert For Benefit of Symphony

Jean Goldkette, one of America's greatest pianists, will appear in a concert in the high school auditorium on Monday, December 6. This versatile artist acclaimed as the greatest of all time and having sold untold millions of records throughout the world will perform here due to the efforts of the Plymouth Rotary Club in a benefit for the Plymouth Symphony Orchestra.

Tarzan-Like Feat Brings Down Deer

Some folks may think that hunting with a bow and arrow is a return to primitive way of life, but they should consider the case of George Wilson, 15600 Beck road.

George and his companion, Keith Woodward of Ypsilanti, were hunting deer with bows and arrows near Curran, Michigan last weekend. After returning to the ranch house from a day of unsuccessful hunting, they saw four deer in the garden. Three of the deer jumped the gate but the fourth apparently forgot about his jumping ability and tried to squeeze through the fence.

In a scene which duplicated the fictional feats of Tarzan, George forgot all about his bow and arrows and took after the deer, jumped on it and killed the 100-pound buck with a hunting knife.

Mr. and Mrs. Peter F. Spitz, Jr.

Kathleen Edwards - Peter Spitz Wed in Our Lady of Good Counsel

On Saturday morning, October 30, Kathleen Edwards, daughter of Mr. and Mrs. Oscar Edwards of Pomona avenue, Detroit, became the bride of Peter J. Spitz, Jr. son of Mrs. Peter Spitz, Sr. of Arthur street and the late Mr. Spitz.

The ceremony was performed at eleven o'clock in Our Lady of Good Counsel church with the Reverend Father Francis Byrne officiating. Bouquets of red roses and white baby mums were placed at either side of the altar.

Kathleen, given in marriage by her father, wore a floor length gown of lace and net over satin. The fitted bodice of the lace was adorned with rhinestones and seed pearls and had a deep yoke of illusion. Deep panels of the lace fell from the waistline down either side of the skirt. Her fingertip length veil of illusion was held in place by a crown of seed pearls and rhinestones and she carried a colonial bouquet of deep red roses.

Kathleen chose as her matron of honor, Mrs. Anna Eicher, sister of the bridegroom, who wore a gown of turquoise crystal and net. She wore a pearl crown in her hair and carried a bouquet of red roses and white carnations in colonial design. The bridesmaids were Mrs. Betty Charles, sister of the bride and Miss Mary Jane Spitz, sister of the bridegroom. They wore gowns fashioned like that of the matron of honor. Betty's gown was of coral crystal and Mary was in gray and both attendants wore crowns of pearls. Betty carried a bouquet of pink asters and pink baby mums and Mary's flowers were bronze baby mums.

Peter asked his brother, Michael, to be his best man and ushers were Robert Potter and George Cronkrite Jr.

Mrs. Edwards, mother of the bride, chose a steel blue satin dress with pink accessories and wore a corsage of pink carnations. Mrs. Spitz selected a steel blue dress and her corsage and accessories were also in pink.

The young couple left immediately for a honeymoon in northern Michigan. The new Mrs. Spitz changed to a grey suit with a corsage of red roses from her bridal bouquet for traveling.

The newlyweds will be at home at 555 Starkweather avenue following their honeymoon. Peter is a graduate of Plymouth high school and Kathleen graduated from Redford high school.

A reception was held in the Grange hall with about 125 guests attending from Gladwin, Detroit and Plymouth.

Mrs. Felix Cyk presided at the organ and accompanied the soloist, Mrs. Ardith Long who sang the "Ave Maria," "On this day O Beautiful Mother," and "Mother At Your Feet We're Kneeling."

Kathleen was honored at a miscellaneous bridal shower, on October 15 given by her bridesmaids, Mary Jane Spitz and Betty Charles.

Newburg Methodist Church Scene Of Recent Smith-Gisner Nuptials

At a candlelight ceremony on Saturday evening, November 6, in the Newburg Methodist church, Edna Jane Gisner became the bride of David Ryder Smith. Edna is the daughter of Mr. and Mrs. Oscar Gisner of Newburg road, Wayne, and the bridegroom's parents are Mr. and Mrs. Clyde Smith, also of Newburg road.

The seven-thirty o'clock service was read by the Reverend Robert Richards before the altar which was graced with lighted tapers and baskets of white mums. Mrs. Robert Richards presided at the organ and the soloist, Miss Dilys Richard sang "O Promise Me" and "The Lord's Prayer."

Edna, given in marriage by her father, wore a gown of eggshell Italian satin with picture neckline edged with a wide band of iridescent sequins and pearls. The full skirt fell into a Cathedral train. Her headdress was of an arrangement of lace roses with pearls and orange blossoms and held in place her fingertip length veil of illusion. She carried a white Bible centered with a white orchid and stephanotis tied in white satin streamers.

Miss Louan Gisner was her sister's maid of honor. She wore a shrimp colored floor length strapless gown of crystal with matching jacket and pleated bodice. She carried a basket shaped bouquet of white figi mums. The bridesmaids, Mrs. Joyce Tomlinson, Miss Marilyn Smith, sister of the bridegroom, and Miss Alice Gisner, sister of the bride, wore gowns of deep blue fashioned like that of the maid of honor.

Everett Smith, brother of the bridegroom, assisted David as best man and seating the guests were James Tomlinson, brother-in-law of the bridegroom, Robert Grimm and Ralph Gnaupczynski.

Mrs. Gisner chose a street length gown of delphinium blue lace with matching hat and white gloves. Her corsage was of Talisman roses. Mrs. Smith selected a street length gown of Dior blue taffeta with which she wore a corsage of Talisman roses and matching blue hat.

Following the ceremony a reception was held in the church hall with over 200 guests attending from Illinois, St. Johns, Alpena, Detroit, Ypsilanti, Wayne, Dearborn, Drayton Plains and Plymouth.

For traveling the new Mrs. Smith changed to a beige dress with black accessories and the orchid from her bridal bouquet. The young couple are honeymooning in Washington, D. C.

Both Edna and her husband were graduated from Plymouth high school.

Local Librarians Attend Convention

The Dunning branch of the Wayne County library was well represented at the recent four-day meeting of the Michigan Library association in Detroit. Attending the event were Mrs. Agnes Pauline, Miss Nancy Branan and Mrs. Wallace Osgood.

Highlighting the librarians' get-together were such events as a book fair at the Historical Museum and talks by Mrs. Harriet Arnow, Mrs. Harriett Long and William L. Shirer.

Mrs. Arnow spoke at the luncheon on "The Role of the Library in Writing My Books." The subject of children's books was covered in a talk by Mrs. Harriett Long at the tea. At the banquet Friday evening Shirer addressed the attending librarians on the topic, "The World Today."

Senior Troop 5 welcomed three transfer scouts to membership at the last regular meeting. The girls are Kay Sempliner, Judy Roe and Carol Wohlgenuth. The troop voted a contribution to the Presbyterian building fund in gratitude for having been permitted to hold meetings there for several years. More plans were made looking toward the National Encampment at Tule Hill in 1956 which the troop plans to attend. Members of Troop 5 ushered at both performances of "My Three Angels," Plymouth Theatre Guild's fall production.

Rotary Anns Plan 5th Annual Sale For Handicapped

The Plymouth Rotary Anns, under the chairmanship of Mrs. David Mather announce their fifth annual sale of craft items at Stop and Shop, November 16 through November 20. All the items for sale were made by homebound handicapped children and adults served by the Occupational Therapy program sponsored by the Easter Seal Society. Proceeds from the sale are returned to the individuals who made the articles.

Items featured will include rugs made by a local Plymouth resident who has been partially paralyzed for several years, also fine linen place mats and towels made by a Northville resident, and ceramics done by a young adult who has had polio. Aprons, pillow cases, baby clothes, stuffed toys and many novelty items will also be for sale. Some of the aprons were made by a 45-year-old victim of lateral sclerosis, a woman who has been seriously handicapped since she was six years old.

Your support at this sale will spread Christmas joy into many homes of the severely handicapped in this area.

Speaker Supports Townsend Ideals

A small audience gathered at the Veterans Memorial Center last Thursday night to hear Dr. H. Truman Gordon, a staff member of the Washington-Townsend Legislative Bureau.

Dr. Gordon, an advocate of the main proposals of Dr. Francis E. Townsend, outlined what he calls a "just and sufficient social security program which will provide definite economic security for every citizen."

His plan asks for a universal coverage of one federal retirement and disability insurance plan for all American citizens; a broadened tax base to raise revenue for this purpose by possibly replacing the payroll tax with a small two per cent tax on gross national income; and a pay-as-you-go plan of distribution of the social security income instead of the present system "which now distributes only a portion of the revenue."

"The right kind of social security can prove to be the strongest possible bulwark that can stop the dangerous infiltration of Communism," Dr. Gordon declared. Of the 13,000,000 persons 65 years of age or older in the U.S., about 4,000,000 had no money income whatever in 1953, he added. By putting more money into the hands of these people, Dr. Gordon asserted, purchasing power would be increased and business could be expanded.

The Lutheran Ladies Aid Society will have another bake sale at Dunning's on Forest avenue on Friday, November 19, beginning at 9:30 p.m.

Fred McAllister and son, Kurt, were Thursday guests of Mr. and Mrs. Robert McAllister and family of Jener avenue. Mr. McAllister, father of Robert and fire chief of Eastwood station in Kalamazoo Township, was the speaker at the Mutual Air Firemen's Association meeting held in Plymouth, Thursday.

SOME LUCKY PERSON is going to win this gobbler at the White Shrine Fall Festival this Saturday. Starting from the left, White Shrine members Fannie Judd, Anne McGeorge and Pat Hilger keep their eye on the turkey as Linda Steencken daughter of one of the members, lends a helping hand. Held at the Masonic Temple this Saturday, the Fall Festival will get under way with a Semi-Smogasbord dinner from 5 to 7:30 p.m. Other featured attractions of the evening will be booths offering a variety of items for sale and the awarding of the turkey shown above.

Theatre Guild's "My Three Angels" Plays to Enthusiastic Audience

"My Three Angels" fall Theatre Guild production, played to an enthusiastic crowd of some 600 people who turned out to see fellow Plymouthites perform behind the footlights last Saturday and Sunday evenings in the high school auditorium. The play was directed by William W. Merrill of Will-O-Way playhouse.

Portraying the part of Joseph in the breezy three-act comedy, C. Veach Sparks captured the hearts of the audience as one of the three lovable angels. His two colleagues in the play, Warren Worth and Lee Mahoney, playing the roles of the other two convicts, both acted and spoke their lines exceedingly well.

Russ Creel was thoroughly convincing in the role of Felix Ducotel, head of the family who has brought the fortunes of the Ducotels to the brink of disaster through mismanagement of his store in the French penal colony.

Those attending one of the Guild's most successful productions were caught up in the charm and sweetness of Marie Louise Ducotel, skillfully portrayed by Jeannine Tidwell.

In the role of the down-to-earth, practical but kindly mother in the play, Dorothy Smith acted out the role with unusual deftness.

Sounds of terror could be heard from the audience when the play's villain, Russ Wallace in the role of the domineering Henri

Trochard, comes out of his room to find the lovers, Emilie and Paul, in an embrace. John Lodge as the despicable Paul, aroused a feeling of disgust in the minds of the audience for this spineless suitor of Mary Louise.

The absent-minded Mme. Parole, portrayed by Daisy Hornback was exceptionally well done as was the role of the lieutenant, played by Jack Wilcox. Even Adolphe, the imaginary serpent, became almost real to the audience in the scene where the three angels release him from the confines of his straw cage.

All in all, "My Three Angels" can be marked as one of the Theatre Guild's most successful presentations, and Plymouth audiences are looking forward to the group's future productions, anticipating more evenings of such delightful entertainment.

Mrs. Arthur Johnson has returned to her home on Marlowe avenue after several weeks illness.

Rolls Game of 297

Probably the largest single game rolled on the local bowling alleys was recorded last Friday night when a Detroit-er got a 297 at Arbor-Lill. He is John White, 11721 Vaughan, who bowls in the 7 o'clock Ford League. White has a 142 average. His Friday night games were 297, 142 and 164 for a total of 603. White will receive a silver plaque from the ABC for his feat.

Reports Good Attendance At First Well Baby Clinic

Attendance was reported high at the first "Well Baby" clinic sponsored by the Wayne County Health department and Livonia Health Guild. Clinics are held from 1-3 p.m. in the community room of the First Federal Savings and Loan Association, Sheldon Center, the first Wednesday of each month.

Appointments for the clinics are necessary and may be made by calling Mrs. Leslie Southgate, Livonia 8609.

CD Unit to Hear Mock Raid Report

A report on the Plymouth township Civil Defense unit's participation in the Detroit mock bomb attack will be given at a meeting of the group this Saturday night.

The Saturday night meeting has been scheduled to accommodate those who work other evenings of the week, according to Leo F. Flowers, director of the unit.

The township fire department sent one of its trucks to take an active part in the mock raid where condemned buildings were burned last Saturday. The "raid" was staged to determine how much help outside communities could give the city of Detroit.

Saturday's meeting will be from 7:30 to 9 p.m. A meeting is scheduled in the future at which the Michigan Department of Social Welfare will discuss methods of organization dealing with evacuation and dispersal in case of an emergency.

725 Persons Attend Smogasbord Dinner

Between 1 and 5 p.m. Sunday about 725 people filed into the V.F.W. hall on Lilley road to indulge themselves in the goodies offered at the V.F.W. Auxiliary's annual Smogasbord dinner. Tickets had been sold beforehand by the hour so that persons arriving at the 5 p.m. hour would find just as much food as those coming at 1. Members reported no visitors had to wait in line.

Total receipts for the event are still being tallied up, but chairmen expect the amount taken in at Sunday's dinner will top that of last year.

International League Holds Potluck Supper

The Northville and Plymouth branch of the Women's International League for Peace and Freedom will meet for a 6:30 potluck supper on Thursday, November 11, at the home of Mr. and Mrs. Cy Frid, 515 DuBuar street in Northville.

Speaker for the occasion will be the former state president, Mrs. Frederick Weidman of Dearborn. Mrs. Weidman attended the world conference in Copenhagen, Denmark this summer. Her topic will be "Southeast Asia."

Women who are interested in working for peace are invited to attend this meeting. This is family night, so husbands are also invited.

The Reverend Robert Richards of the Newburg Methodist church will be guest speaker on Tuesday, November 16, at a tea before the ladies of the Detroit Federation of Women's club at their President's Day Tea.

MEMBERS OF THE LOCAL BRANCH of the National Farm and Garden Association held a flower-arrangement contest among their membership at a meeting held Monday at the home of Mrs. Roy Leemon on Ann Arbor road. The five first place winners, who were selected on the originality of their floral pieces by popular vote, were left to right Mrs. Bruno Schroeter, Mrs. Andrew Vargha, Mrs. Emily Reid, Mrs. Chester Teasel, Mrs. Edwin Schrader and Mrs. Sterling Eaton. Over forty floral arrangements were submitted by club members for the event.

Madonna College Students Teach At New Parish

On October 16 seven Madonna College students began teaching catechism classes at St. Hilary parish, just organized this year. Classes are held at the Stephen T. Mason public school each Saturday, from 9:30 to 10:30 a.m.

The students are participating in the apostolic work of the Confraternity of Christian Doctrine (CCD), an organization that promotes catechetical instruction for public school children.

Engaged in this CCD work are Beatrice Czenkusz, Arlene Kiel-pinski, Geraldine Sprywa, Leona Wisniewski, Sister Mary Edith, Sister Mary Leonita and Sister Mary Michaela. Sister Mary Sancia, of Ladywood high school, is in charge of the group.

St. Hilary parish is located in the vicinity of Plymouth and Telegraph roads, Redford Township. Fr. Edmund J. Wolschon is the pastor.

On Wednesday, October 13, Msgr. John J. Ryan, Archdiocesan Director of the CCD, gave the catechists instructions in methods of conducting their classes.

License Plates On Sale Week Early

Michigan's 1955 license plates went on sale Monday morning, it was announced by Mrs. Frank Rambo, local license bureau secretary.

Though the plates have not gone on sale in former years until November 15, Mrs. Rambo said that she received a bulletin from the secretary of state's office instructing her to place the plates on sale Monday morning. The early sale is a benefit to persons purchasing new cars within the next few weeks. They will not have to purchase a 1954 license.

Color of the new plates is a dark gray-green background with white numerals. These are the colors of Michigan State college which next year will celebrate its 100th birthday.

The Plymouth - Plymouth township license bureau is located at the township hall.

Mr. and Mrs. Rex Wynkoop of St. Joseph, Michigan, will be in Plymouth Saturday evening following the game at Ann Arbor. The Wynkoops will be guests at the Mayflower Hotel for the remainder of the weekend.

SMILING FACES tell the story of the successful Smith School "Country Fair" held last Saturday evening in the rooms of the elementary school. Above Don Wall (center), son of Mr. and Mrs. Francis Wall of Warren road, receives the congratulations of the Country Fair Co-Chairmen Herb Burley (extreme left) and Dave Gates (after he had won the Evans-Colson bicycle shown in the background for his near-accurate estimate of the number of beans in a jar. Smith School Principal Ruth Erikson watches the proceedings while surrounded by a few of the hundreds of children attending the annual event. In the picture at the right, Randy Kenyon, son of Mr. and Mrs. George Kenyon of Ross street, takes a ride on his trusty horse, which was given a real workout by the would-be cowboys at the fair. Looking on are operators of the children's rides, Forest Morgeson and Larry Parmenter (l. to r.).

FIRE CHIEF Wallace Gannon of Muskegon is shown speaking to the 118 firemen who attended the meeting here of the Mutual Aid Fire association. At left is Chief Robert McAllister of Plymouth. Chief Gannon; Mike Carnes of Union Lake, chairman; Jack O'Callahan, Garden City, vice-chairman; and Max Marken, Superior township, secretary-treasurer.

Twenty Departments Attend Mutual Aid Meeting Here

One hundred and eighteen firemen from 20 departments attended a meeting of the Mutual Aid Fire association here last Thursday night at which Chief Wallace Gannon of Muskegon was the guest speaker. The meeting was held in the North Side fire station. Attending the affair were firemen from Livonia, Canton township, Garden City, Plymouth, Plymouth township, Salem township, Superior township, Novi, Walled Lake, Union Lake, White Lake, House of Correction, Whitacre, Waterford, Whitmore Lake, Augusta township, Burroughs corporation, Evans Products company and a Northville fire commissioner. Gannon, who is a former state fire instructor, showed films on tests made in Muskegon on a home employing fog lines. Films were also shown by Chief Fred McAllister of Kalamazoo township. He is the father of Plymouth's Chief Robert McAllister. The movies showed the "Cavalcade of Fire" which was presented by Kalamazoo county firemen at the county fair.

Madonna Student Group To Hold Informal Dance

Other members are Alice Wolak, Tillie Gresser, Patricia Okray, Florence Leads, Nancy Bubernik and Theresa Sternicki.

Handy Racks

Storing of condiments sometimes presents a kitchen problem. But it's easily solved with the tiered steel racks which are available in steel kitchen cabinets. The racks make it easy to see and remove condiments from their storage place inside a steel wall cabinet.

LETTER BOX

Dear Mr. Eaton: I feel compelled to write this letter to express publicly my appreciation of one fine spirit of helpfulness and friendliness that exists in our community. I have discovered in my work in the girl scout program that no favor either big or small goes unanswered by the people of our community. We have so many wonderful people employed in position of service and responsibility in our city and all of them are willing to share their knowledge and experience with these young people who will be tomorrow's citizens.

We have been welcomed into our city hall, post office, hotel, library, telephone co., stores, factories and private homes by the most friendly spirit imaginable—with all of these people eager to help and inform our scouts of the job they perform and answer questions that give them a better understanding of our community and how it functions. Maybe it would be well to mention some of these good people who have so generously made our troop meetings interesting and instructive. Mrs. Paul Wiedman, Mrs. Mary Strassen, Mrs. Ted Box, Mrs. Lila Humphries, Mrs. Donald Potter, Mrs. Ken Hulsing, Mrs. Bowser, Mrs. Agnes Pauline, our librarian; Mr. Al Glassford, our city manager; Mr. Carl Greenlee, our chief of police; Mr. McAllister, our firechief; Mr. Timpona, our postmaster; Mr. Don Cornell of one hotel; and Mr. Isbister of one school. All of these busy people have taken this time willingly to give our scouts information that is beneficial to their becoming better citizens of our community. No matter where our troop has been they have been treated in the most kindly manner. I think we should be very grateful that this spirit of helpfulness isn't something ideally talked about but actually abounds in Plymouth, as proven many, many times by acts of kindness and generosity accorded us in our scouting.

Sincerely,
Mrs. Carl Wall
Leader Troop 14

NEWS FROM OUR NEARBY NEIGHBORS

Afternoon, Evening Festivities Mark Northville Homecoming Celebration

A few Northville residents who hadn't been forewarned may have wondered what was happening to their ordinarily quiet town last Friday when they looked out their windows around 1 p.m. to see the local police force and high school band leading a parade of 14 floats down the street. Northville was holding its first Homecoming Day.

Inspired by junior high school teacher Alvin Skow from similar festivities he'd observed in other school systems, the big event treated alumnae and townspeople to an afternoon and evening full of activities. Students in Northville schools, too, had their treat with all afternoon classes dismissed in honor of the celebration.

Some 14 floats were exhibited during the parade, representing classes from the junior and senior high schools, the Pet club, Varsity club, Commercial club, Library club, Science club and Student Council. Homecoming Queen Marianne Ratliff and attendants Janet Malott, Peggy Hammond and Carol Sutton rode in style down Northville streets on the Varsity club float.

Judging the floats were Charles Freydl, owner of Freydl Cleaning company, Essie Nirider, manager of the D & C store, and Sibley Style Shop owner, Alfred Sibley. First prize went to the senior float; second, the sophomores; while freshmen took third place. The Forensic club, Science club and float no. 9 received honorable mention.

Following the parade alumni and visitors watched competitive games between high school boys and girls in the Community Center gym. Featured events were pushball contests, speedball and soccer games, tug of war and a skit sponsored by the Pet club. Gayle Ashburn, a senior, was announcer for the afternoon's program.

After a brief pause in the day's festivities, Homecoming visitors set out again at 8 p.m. for the Northville - Brighton football game, and then rounded out a rather full day's schedule with the Homecoming dance. Music for this last event in the gala celebration was provided by the Down Towners, 13-piece orchestra composed of Detroit music teachers.

Mr. and Mrs. Harry Atchison of Salem entertained their sons and families at a family dinner last Sunday.

Mrs. R. H. Johnson, 316 South Wing street entertained her card club Tuesday afternoon.

Sunday guests at the E. B. Cavell home on Griswold road were Mr. and Mrs. F. J. Broad and Mrs. M. A. Southworth of Detroit and the R. W. Cavells of Dearborn.

Mrs. Ernest Miller, 113 West street was hostess at a dessert bridge party Thursday afternoon.

Mrs. Van Valkenburg and daughter, Mrs. Ray Stevens, visited Mr. and Mrs. Spencer Van Valkenburg at Vicksburg, Michigan last Thursday.

Mr. and Mrs. Roy Terrill of Six Mile road left last Saturday for a month's vacation trip through the south. They expect to visit the Ozarks and New Orleans and will also visit Mrs. Terrill's sisters at Pensacola, Florida. Mr. and Mrs. Terrill were delayed in leaving on their trip because of an accident to their car. Mr. Terrill had parked it behind the bank while attending a meeting last week and when he returned to his car he found one side smashed in where some unknown person had backed into it.

The Reverend Bernard Pankow and family have arrived at the Lutheran parsonage on Elm street. The Reverend Pankow, formerly of Mexico, will replace the Reverend Rossow at St. Paul's Lutheran church. The Reverend Rossow has accepted a call to Saginaw.

Mrs. Barney Tuck, 622 Fairbrook, visited her sister, Mrs. Will Hart of Owosso, at St. Joseph hospital Thursday afternoon. Mrs. Hart had cataracts removed from both eyes and is making a fine recovery.

Visitors at the F. Sump home at 40205 Six Mile road the past two weeks were the C. Albert Sumps of Washington, D. C.; the Rufus Hutcherson family of Frankfort, Kentucky and the Beckham Hutchersons of Walton, Kentucky. Mrs. Sump's mother, Mrs. Lula Hutcherson of Frankfort, Kentucky will spend the winter at the Sumps home.

Mrs. Roy Terrill, Mrs. Virginia Goodrich, Mr. Jake Pellner, and Mrs. Mary Marburger enjoyed dinner at Arbor-Lill last Thursday evening with Mrs. Terrill's sisters, Lena and Termelia Kohler, who are leaving soon for their winter home at Pensacola, Florida.

The Northville Garden club met at the home of Mrs. Hopkins on Lakeside drive last Monday afternoon. Mrs. Fraser Carmichael of Plymouth gave a very interesting talk and demonstration on "Gift Wrapping."

Mr. and Mrs. E. B. Cavell were guests at the Sterling Eaton home in Plymouth Sunday for a belated birthday dinner for Mr. Eaton. Miss Cynthia Eaton of Chicago, granddaughter of the Cavells, flew home for the occasion.

Mr. and Mrs. Orson Atchinson were the guests of Mr. and Mrs. Norman Atchinson of Plymouth at the Kiwanis night club last Saturday evening at the Plymouth high school.

Mrs. Leonard Cole, Phone 1999-J

Mrs. Joseph Nolan of Ann Arbor trail has news of Ladywood high school. She reports that John Kennedy of Detroit, an editor of the Michigan Catholic Paper, spoke to the Moms club on Monday concerning the teen-agers. Many of his references were taken from the book entitled, "We Cannot Live Without Faith," written by Pope Pius XII.

The Sack dance which was held on Friday night was quite a success. Everyone had a grand time.

The students at Ladywood are fascinated with the typing and short hand classes.

Remember the card party at Ladywood High School on November 11. All invited.

Mr. and Mrs. Leonard Cole of Haggerty spent Friday evening in Detroit with Mr. and Mrs. Woodford Moore.

Mr. and Mrs. Glenmore Passage of Haggerty highway have returned home after vacationing in Florida.

On Wednesday of last week Mrs. Lillian Ash and Mrs. Margaret Ayers represented Allen school at the Parents institute at the Rackham building in Ann Arbor.

Charles Orr, 10, Wins Weekly Football Poll With Two Wrong Predictions Including Tie

Ten-year-old Charles Orr topped dozens of other speculators last weekend in the Plymouth Mail football poll and pocketed a \$10 check which will go for "Christmas gifts."

Young Charlie is in the fifth grade at Allen elementary school, the same grade as Mary Lou Argo who won the contest two weeks. He is the son of Mr. and Mrs. Norman Orr, 702 Coolidge street.

Mr. Orr helped his son in working out a few of the predictions. Results of their efforts was an entry which proved to be one of the most perfect this season. Charlie's entry had two errors—the Tulane-Alabama game which ended in a tie and the North-South Carolina contest. Charlie wrongfully picked the slightly favored South Carolina.

Thrilled with his \$10 win, Charlie said he will save the money to buy Christmas presents. He often attends the Plymouth high school football games and watches games on TV. This was the first time he has ever entered The Mail's football contest, although he had an entry blank filled out once but never submitted it.

Second and third place entries also had but two misses, but young Charles had a narrower point spread in his prediction of the Detroit Lions win over the Baltimore Colts.

Tom Adams, 1116 Harding, won the second place \$7 award while John Thomas, 9445 Elmhurst won third place money. Thomas was one of the three persons involved in a three-way tie for first place several weeks ago.

Like first place Charlie Orr, Tom Adams misjudged North Carolina's win while Thomas erred in his prediction of Duke over Navy.

One entry which would have been eligible for the third place win failed to bear a name.

Theatre Guild to Meet

Members of the Plymouth Theatre Guild will meet Monday, November 15, at 8 p.m. in the Veterans Memorial center. A report of the play, "My Three Angels," will be given and discussion of possible one-act plays for December will take place.

CHARLES ORR, the week's top football prophet, receives his check from Roland Crabtree, clerk for the Willoughby Bros. shoe store. Charles correctly predicted 13 out of 15 games—with a little help from his father.

Mayor Daane Urges Residents To Join Optimist Week Observance

Mayor Russell M. Daane has issued a proclamation naming this week, November 7 through 13, as Optimist Week, and urges all citizens of Plymouth to join in this observance and to extend a hearty salute to the Plymouth Optimist Club for its activities in boys' work. The official theme for Optimist Week is "Every boy needs a man's helping hand."

Members of the service group are observing this week to bring before the public the work they are doing for the education and development of youth in our community. Sam Stephens, president of the Plymouth Optimist Club, said today, "Our club takes

a great interest in all phases of youth work. We are truly trying to live up to our slogan "Friend of the Boy."

The highlight of Optimist Week was a special boys' night meeting held at the VFW Hall on Lilley road last Monday evening. The Plymouth Junior Optimist club was presented with its official charter and the Junior Optimists and other boys were guests of the senior Optimist club. William Keifer, of Plymouth, spoke on "Use of the Bow and Arrow for Hunting and Sport" and a very fine evening of entertainment was enjoyed by the group.

The local club is a member of Optimist International which has nearly 1000 individual clubs throughout the world with a total membership of more than 45,000.

Grange Cleanings

The supper meeting of last Thursday night was quite well attended. A fine supper it was, too, as these Grange suppers always are. We will have a fine class of eight new members to receive their third and fourth degree at a near future date.

The Lily Club on Monday night was attended by the usual crowd of the old faithful members and all had a good time.

Our bazaar will be held at the hall on Friday, December 10, from 10 a.m. There will be booths as follows: candy, Mrs. Hulton; aprons, Mrs. Chappel; fancy work, Mrs. Grammel; parcel post, Margaret Groth; white elephant, Mrs. Becker; baked goods, Mrs. McConnell; fish pond; Stationery and cards, Mrs. Tritten.

Mrs. Rienas is chairman of the kitchen assisted by Mrs. Lunn and others. They will serve those grand good super-duper "Sloppy Joe's" from about 11 p.m. on. Those who ate them last year know how good they were so there will, no doubt, be a brisk demand for them.

Will those who can, please donate something for any or all of the booths and send your donations in early.

Mrs. Minnie McConnell flew down to South Carolina on Tuesday to visit her sister for a few days.

Several of the Grange members went over to Pittsfield on Tuesday night to witness the installation of the Pomona officers for the coming year.

Dr. Peck

Continued from Page 1

normally be spent in high school, he lived with his uncle in Monson and attended the Monson Academy. His uncle was a physician and undoubtedly his intimate contact with his uncle for a number of years decided what Luther Peck would be in later life.

"He completed the studies in a classical course in this academy and graduated on June 1, 1898. His uncle told him that if he walked the straight and narrow, or words to that effect, he would help him through the University of Maine. He went to the University of Maine but after being there six months his uncle died and Luther Peck was on his own. He was a member of Sigma Chi Fraternity at the University of Maine and was manager of the football team of the university in 1901. He received his degree of bachelor of science on June 11, 1902.

"Then he came to Michigan and attended the University of Michigan Homopathic Medical College. He received his degree of doctor of medicine there on June 23, 1904. There's something I want to ask members of the State Board of Registration, whether they still do what they did at that time? Dr. Peck received his registration to practice medicine in Michigan a day before he received his degree from the University of Michigan.

"He started to practice medicine in the village of Plymouth on August 1, 1904. He started as a simple horse and buggy doctor that we read about. When he came here he was an eligible bachelor and I understand from some of the old-timers that tongues began to wag as to who might be able to pick off this eligible bachelor. But a good-looking, red-haired woman appeared on the scene and that answered the questions. Elizabeth Thompson became Mrs. Peck on August 1, 1905. We are very sorry that Mrs. Peck is not able to be with the doctor tonight to share his hour of honor.

"We all know what an important role the wife of a doctor plays in keeping the doctor going when his hours are long and time of meals is uncertain and I know he has appreciated Mrs. Peck's help throughout the years.

"Dr. Peck told me he bought his first car, a Ford touring car, in 1909. But of course he still had to rely on the horse and buggy to get him on his calls. He has remained a general practitioner and family doctor throughout his time in Plymouth. He was appointed to the Board of Health in Plymouth the first year he was here, in 1904, and held the office of health officer until 1949. Dr. Peck has been a member of the Michigan State Homopathic Society and president of that organization three different times. He was a charter member of the Plymouth Kiwanis club and a past president. In 1938 he was given the Community Service Award by the Plymouth Rotary club for his outstanding work as a city health officer.

"He was appointed a member of the Michigan State Board of Registration in Medicine by Governor Loren Dickinson on May 26, 1939. He has been reappointed by Governors VanWagner, Kelly and Williams. His present appointment runs until 1957. He was appointed a city commissioner for the city of Plymouth by Governor Williams on September 9, 1949. He is a life member of the American Red Cross.

"But I would say that his greatest honor or award has been his day by day appreciation he receives from his patients. He has delivered about 2,000 babies in this vicinity.

"Dr. Peck—your family, the medical profession, the Chamber of Commerce, the officials of the city of Plymouth, and this entire community are very proud of you. This plaque is only a symbol of the high esteem in which we hold you. It is awarded by the Chamber of Commerce and reads as follows: 'Awarded to Luther Peck, M.D., for 50 years of invaluable and unselfish service as a doctor of medicine and community leader in Plymouth, Michigan.' It gives me a great pleasure to present it to you doctor. Congratulations on your long service in the community."

DR. PECK: "Dr. Hammond, I thank you sincerely for those eulogizing words and for the diploma you have handed me. However, I think you have overestimated me. Wait, for that is a habit of yours I have never been able to control.

"Mr. toastmaster, Dr. Furstenburg and friends, I see that it has revolved around me to make some sort of a speech. So let me start first by publicly expressing my regret that Mrs. Peck is unable to be here tonight as she is hospitalized in St. Joseph's hospital in Ann Arbor.

"Now then friends, 50 years ago when I was graduated from medicine, two things were required—whiskers and brains. Unfortunately I had the whiskers. So when I assumed that I would be called upon for some sort of a speech, I said to myself that it couldn't be done and I was reminded of the following story:

"In the pre-prohibition days, a man had imbibed too freely of a liquid refreshment with an alcoholic content in excess of one-half of one per cent. He was on his way home when he collided with a friendly lamp post that stood along the gutter and he reeled into the ditch. And as he was in that position, he turned around and his eyes traveled across the street to a movie picture house, across the front of which was displayed this sign, 'Home Sweet Home in 5 Reels.' He said 'Shoot, it can't be done.'

"However, be that as it may, I want to thank all who have made this evening such a happy one for me. Especially do I thank the Chamber of Commerce for planning this Golden Jubilee, and Dr. Furstenburg for coming here tonight and being the guest speaker. I shall long remember you and Mrs. Furstenburg's goodness to me. Especially do I thank the city commissioners for giving me the diploma (resolution) that has been awarded me and their diploma. This is the first time in 50 years that I was given two diplomas in one month.

"And so again I thank you from the bottom of my heart. In closing I wish to express my appreciation and admiration to the doctors on the State Board of Registration in Medicine for coming from all parts of Michigan to be with me tonight. It's mighty nice of you, and since you are here, I am calling a special meeting of the board to be held at 127 South Main street to talk over some important administrative problems immediately after this meeting.

"And now that my task is over, and the sun sets down in the West, I pray for a little relaxation and I know you'll grant my request.

"God bless you and goodnight."

Alley Debate

Continued from Page 1.

in good enough condition for use."

Property owners offering the most resistance were those who border an alley running between Palmer avenue and Hartsough avenue from Lincoln avenue east to an alley just west of Club Main street. They offered two petitions which included signatures of 33 out of the 38 home owners affected.

They argued that their alley was not in poor shape and that it was convenient. By placing trash at the curb it presents an eye-sore which may remain there several days if it is not picked up on time, they added.

Because of the majority of protests, commissioners voted not to vacate the Palmer - Hartsough alley.

There were no protests about vacating four other alleys and commissioners passed resolutions asking that they be vacated immediately. They are:

North-south alley between Jenner and Herald streets, from Brush to Maple; north-south alley between McKinley and Herald, from Wing to Maple; north-south alley between Jener and Harvey from Brush to Maple; and east-west alley between Sutherland and Palmer, from Harvey to an alley just west of Main street.

Deferred were decisions on the following alleys: East-west alley between Brush and Carol, from Harvey to Forest; north-south alley between Harvey and Forest, from Sutherland to an alley just south of Brush street; and east-west alley between Sutherland and Palmer from an alley just west of Main street to the end of the subdivision.

Mayor Russell Daane said that the city plans to continue its study into the alley situation and seek vacating of alleys in other sections of the city.

HONORED GUEST at the Chamber of Commerce dinner-meeting last week was Dr. Luther Peck, left, who is listening to an old friend and distinguished doctor, Dr. Albert Furstenburg, dean of the U. of M. medical school.

 There was a very excellent re-
 sponse to the Special Evangelistic
 Services which began Sunday
 morning at 10:00 a.m. at the
 Riverside Park Church of God.
 Rev. Paul Tanner of Milwaukee,
 Wis. delivered two inspiring and
 challenging messages. In the
 morning workshop the theme of
 the message was "Come Before
 Winter" and in the evening "Save
 to the Uttermost."
 Throughout this week there
 will be special music and visiting
 talent in each of the evening ser-
 vices which begin at 7:30. Thurs-
 day evening Sally Canning will
 bring a special number. Friday
 night will be the closing ser-
 vice of the campaign. Ginger
 Freyman will be directing the
 Junior Choir as well as leading
 the congregational singing.
 Wednesday Nov 17 the Bene-
 volence Committee will present a
 service with the theme of "Har-
 vest Home" being observed. Mrs.
 Irene Robinson, chairman, will
 be in charge of the service. Mrs.
 Marian Jones has been asked to
 deliver the message for the even-
 ing.
 Sunday, Oct. 31 was observed as
 "Talent Sunday" by the Mission-
 ary Society of the church. Several
 months ago the society passed
 out 30 Silver Dollars and during
 the summer months each family
 was to develop their Dollar.
 When the offering was taken the
 \$30.00 had become more than
 \$300.00.

 Keynoting the Lesson-Sermon
 entitled "Mortals and Immortals"
 is the Golden Text from John
 (3:6): "That which is born of the
 flesh is flesh; and that which is
 born of the Spirit is spirit."
 Selections to be read from
 "Science and Health with key to
 the Scriptures," by Mary Baker
 Eddy includes the following
 (76:22-26): "The sinless joy,—
 the perfect harmony and immor-
 tality of Life, possessing unlim-
 ited divine beauty and goodness
 without a single bodily pleasure
 or pain,—constitutes the only
 veritable, indestructible man,
 whose being is spiritual."
 From the Bible the following
 passage will be among those read
 (Romans 8:6): "For to be carnal-
 ly minded is death; but to be
 spiritually minded is life and
 peace."

A Layman Says...
 "GOD IS FAITHFUL WHO
 WILL NOT SUFFER YOU TO
 BE TEMPTED ABOVE THAT
 YE ARE ABLE; BUT WILL
 WITH THE TEMPTATION
 ALSO MAKE A WAY TO
 ESCAPE, THAT YE MAY BE
 ABLE TO BEAR IT. 1 Cor.
 10:13.
 It was due to the efforts of
 Samuel Plimsoil that the mer-
 chant shipping act of 1876
 was passed, requiring all ships
 to bear a mark known as the
 Plimsoil mark and indicat-
 ing the maximum load line.
 The Plimsoil mark with its
 gradations and figures, may
 be seen on the bow of ships
 near the water line as they lie
 at anchor in a harbor. In god's
 sight, each of us have a simi-
 lar mark, though we may not
 be able to see it. The burden
 and responsibilities He gives
 us may seem unbearable, but
 He knows our limit. His ever-
 lasting arms are underneath,
 and by His grace we can bear
 them without sinking.

ENGLISH EDUCATOR TO GIVE LECTURE AT BAPTIST CHURCH
 The Reverend Walter J. Field, lecturer, English educator and missionary from the Holy Land, will present a lecture and sound motion pictures on "Life in War-Torn Palestine" at the First Baptist church, on Wednesday, Novem-
 ber 17, at 7:30 p.m.
 The speaker has just recently returned from the Holy Land and is now on a lecture tour. Field is a native of the British Isles and has spent more than 14 years in Palestine and middle eastern countries.
 In the picture and lecture here, Mr. Field will show and discuss the problem of Palestine and speak of his experiences while living and working with both the Jews and Arabs. During the war Mr. Field served with the British Middle East Army, after which he returned to the Holy Land to resume his work. From these years of first-hand experience he is a well qualified and unbiased, speaker on the Jewish-Arab struggle for the land of Palest-
 ine.
 The film, "The Holy Land Passing Parade," which Mr. Field will show is a complete and original sound film on Palestine. Contrast-
 ing the life of the modern Jew in the State of Israel and the life of the native Palestinian as he carries on the customs and traditions common in Bible days, it features a coverage of the entire country from Dan to Beersheba.
 Mr. Field will show pictures, in sound and color, of the work of the Mission which he represents.

CHRISTIAN SCIENCE LECTURER TO TALK AT DETROIT CHURCH
 Application of the spiritual understanding of God as a practical basis for peace, health, and success in daily living will be the topic for a public lecture on Christian Science to be given at the Fourth Church of Christ, Scientist, 5240 West Chicago Boul-
 evard, Detroit, on Saturday evening, November 13, at 8 p.m. by E. Howard Hooper of St. Louis, Missouri.

 On nationwide tour as a member of the Christian Science Board of Lectureship, Mr. Hooper will speak on the subject "The Continuity of God Revealed."
 Prior to becoming an authorized teacher and public practitioner of Christian Science healing, Mr. Hooper was an executive of a steel company in St. Louis. He has been engaged in the public practice of Christian Science for over 20 years and has served as Christian Science Committee on Publication for Mis-
 souri. As a Christian Science lecturer he travels extensively throughout the United States and Canada.
 The lecture is free to the public.

Who's New In Plymouth
 The Reverend Walter J. Field, lecturer, English educator and missionary from the Holy Land, will present a lecture and sound motion pictures on "Life in War-Torn Palestine" at the First Baptist church, on Wednesday, Novem-
 ber 17, at 7:30 p.m.
 The speaker has just recently returned from the Holy Land and is now on a lecture tour. Field is a native of the British Isles and has spent more than 14 years in Palestine and middle eastern countries.
 In the picture and lecture here, Mr. Field will show and discuss the problem of Palestine and speak of his experiences while living and working with both the Jews and Arabs. During the war Mr. Field served with the British Middle East Army, after which he returned to the Holy Land to resume his work. From these years of first-hand experience he is a well qualified and unbiased, speaker on the Jewish-Arab struggle for the land of Palest-
 ine.
 The film, "The Holy Land Passing Parade," which Mr. Field will show is a complete and original sound film on Palestine. Contrast-
 ing the life of the modern Jew in the State of Israel and the life of the native Palestinian as he carries on the customs and traditions common in Bible days, it features a coverage of the entire country from Dan to Beersheba.
 Mr. Field will show pictures, in sound and color, of the work of the Mission which he represents.

UNDERTAKING A COOPERATIVE sewing project are newcomers Mrs. Doris Wick and 12-year-old daughter, Irene, as they get together on making a new skirt. Formerly from Northville, the Wicks reside at 745 Karmada. On display at the right are a few items from Mrs. Wick's antique collection. The bedspread was made in 1851 by Jacob Sherman of Attica, Ohio, and just above it are some unusual plates. The verse in the picture frame was composed by Mrs. Wick and reflects her attitude towards life. It reads: "Put a Peck of Kindness in Your Every Act, and a Bushel of Happiness will Bounce Right Back." Besides Irene, who's enrolled at the Lutheran Day School, Mrs. Wick has four other children, three of whom are married.

Methodist Women's Dollar Bazaar Features Kandiland, Other Booths
 The Methodist women are aware that there are many "sweet tooth addicts" in and around Plymouth, and at their annual Dollar Bazaar on December 1 they will feature Kandiland in addition to the Central Bake Shoppe and other booths. Start-
 ing at 1 p.m. at the church, visitors may avail themselves of home-made candies and crunchy nuts at Kandiland. Mrs. Albert Horvath and her committee are in charge of the booth.
 If one is a calorie counter and must avoid the tempting array, the Methodist ladies recommend bypassing Kandiland for Fibber McGee's Closet. Mrs. Clifford Noll and committee in charge of the Closet has there's a variety of attic treasures to suit all ages. Visitors can find that matching piece of china, an extra pottery vase or perhaps a book or two.
 If you are a "new grandma," "fond auntie" or proud parents, Mrs. Wendell Lent and her committee await your patronage at the Kiddy Korner. This children's shop will feature items just right for winter birthdays or Christmas giving. A variety of infants and toddlers clothes, dolls, dolls' clothes and stuffed, cuddly toys will be on sale.
 The dollar supper is being handled differently this year, and supper tickets will not be sold at the door. Supper hours are 5, 6 and 7 p.m. Tickets for the event must be bought in advance, and may be obtained from any member of the Methodist Women's Society of Christian Science, Mrs. Harry Mumby or Mrs. Lloyd Fillmore. Dessert at the supper will be extra.
 To clean picture glass, wash it with a lintless cloth, and mild soapsuds. Rinse with clean, warm water to which ammonia has been added. Polish with a chamois.
 Most compliments are not true—but that makes them even more enjoyable.

Painting Weather

When you're planning to paint the outside of a building, keep your "weather eye" wide open. Best exterior results are obtained when the air is warm and dry. Don't paint in the direct rays of a hot sun. Plan your work so that you paint surfaces when they're in the shade. Don't paint, either, when the morning dew is on a surface, or when there's a chance that it may rain. As far as temperature is concerned,

Directing attention to the advantages of a personal bathroom, the Plumbing and Heating Industries Bureau points out that a separate bathroom for each member of the family is as important as a separate bedroom. Everyone should be entitled to the privilege of using his or her sanitary facilities at any hour of the day or night, without inconvenience to others in the household.

SOCIAL NOTES

Mr. and Mrs. L. A. Bordine left last Monday morning for a vacation tour of several southern states including Florida. With the Bordines are Mr. and Mrs. Archie Herrick of Bradner Road, aunt and uncle of Mrs. Bordine, and their son, Dwayne. Enroute they will visit Major and Mrs. Howard Ebersole in Panama City, Florida, grand-children of Mr. and Mrs. Herrick, where they intend to do some deep sea fishing in the Ebersole cabin cruiser "Cricket". After sight seeing into Florida they will return by way of the Blue Grass country returning in time to be home for the Holidays.

A. Keith Ebersole has just finished basic training at Fort Leonard Wood, Missouri with the 6th Armoured Division and after seven days at home with his wife, the former Dneise McKinley, and his parents Mr. and Mrs. U. R. Sutfin of Maple Street will leave for specialized training at Fort Bliss, Texas. Mrs. Ebersole is returning with him and will make her home in El Paso.

Mr. and Mrs. U. R. Sutfin of Maple Street are the proud grand parents of Suzanne Lori, born November 1st to Mr. and Mrs. Jack Kahal of Romulus. Mrs. Kahal was formerly Dorothy Ebersole of Plymouth.

Mr. and Mrs. Leon Huston spent the weekend in East Detroit with their son and daughter-in-law, Mr. and Mrs. Ray Huston.

Miss Amelia Gayde and Mrs. Otto Beyer spent from Thursday through Sunday with Mr. and Mrs. T. L. Sullivan at White Lake.

The Get-together club will meet at the home of Mr. and Mrs. Ivan Dickerson on Napier road on Saturday, November 20.

Mrs. Peter Spitz, Jr. underwent an appendectomy on Thursday of last week. She is convalescing very nicely.

Mr. and Mrs. Austin Pino of Forest avenue spent Sunday in Romulus with their son-in-law and daughter, Mr. and Mrs. Emery Seestedt and family. They celebrated the seventh birthday of the Seestedt's daughter, Ruth, and also witnessed the christening on Sunday morning of their new grandson, Carl.

C. V. Dennis left Saturday for his annual sojourn in Englewood, Florida.

The Canton Center Farm Bureau will hold its meeting on November 12 at 8 p.m. in the home of Sid Sutton, 4519 Sheldon road, Plymouth. The topic for the evening will be "State and local equalization of taxes."

Mrs. Mark Joy, who underwent major eye surgery two weeks ago in New Grace hospital, Detroit, has recovered sufficiently to return to her home on Plymouth road.

Mr. and Mrs. George Bloss of West Branch were weekend guests of Mrs. Charles Rathburn of Haggerty highway.

Robert W. Lewis

NEWS OF OUR MEN IN SERVICE

Private Robert W. Lewis, son of Mr. and Mrs. Warren Lewis, 11290 Gold Arbor, is home on a 25-day furlough before being transferred to 1264th SU-OS. Replacement Station, Camp Kilmer, New Jersey for December shipment to Europe.

Private Lewis entered the Army February 16, 1954, completed his basic training at Fort Knox, Kentucky, then took eight weeks of training in the Wheel Vehicle Mechanic School.

He has served as a truck and tank mechanic in the 547 A.F.A.-BN. since July 16, 1954 at Fort Knox, Kentucky.

Don F. Ream
Private First Class Don F. Ream, 20, son of Mr. and Mrs. Fred M. Ream, 378 South Harvey street, Plymouth, is a member of the 999th Armored Field Artillery battalion, which recently arrived in Japan after serving in Korea since 1950.

Private First Class Ream is a clerk in Battery C of the battalion, which has been assigned to Camp Drake, Japan.

Ream, a former student at Fort Hays State college and a member of the Tau Kappa Epsilon fraternity, entered the Army in February 1954. He arrived in the Far East last July from Fort Knox, Kentucky, where he completed basic training.

Arnold N. Schulte
Sergeant Arnold N. Schulte, whose wife, Betty, lives at 15905 Harrison, Livonia, is scheduled for release from active duty early next month after serving with the 26th Anti-Aircraft Artillery Group at Fort Lawton, Washington.

Sergeant Schulte, son of Mr. and Mrs. Norbert L. Schulte, 6318 DeBois street, Detroit, is a master gunner in Headquarters Battery of the artillery group.

Before entering the Army in November 1952, he was a draftsman with the Mechanical Engineering Company in Detroit.

Charles R. Oja
Corporal Charles R. Oja, son of Mr. and Mrs. Waino Oja, 19319 Westmore, Livonia, recently spent a seven-day rest and recreation leave from his unit in Korea at Kobe, one of Japan's largest metropolitan areas.

Sight-seeing and entertainment facilities in Japan provided him with a welcome break in the task of maintaining security on the Korean peninsula.

Corporal Oja, a truck driver in the 512th Engineer Dump Truck company of the 1169th Engineer group, entered the Army in May 1953 and arrived overseas last November.

James E. Humbarger
Corporal James E. Humbarger, 22, son of Mr. and Mrs. Edgar Humbarger, 18205 Gillman, Livonia, was engaged in round-the-clock, mock combat last week during "Exercise Breechblock," an artillery maneuver held at the foot of Pikes Peak.

Over 2500 ground troops, as well as jet and B-36 bombers, supplemented the 105 mm. and 155 mm. artillery units during the exercise.

Humbarger is a track vehicle mechanic in the 538th Field Artillery Battalion at Fort Carson, Colo.

What's the Sure Way to Save on Food? Come See at A&P! Compare and...

CHECK YOUR SAVINGS!

WRITE IN PRICES YOU'VE BEEN PAYING... SEE WHAT A&P SAVES YOU!

Of course a few occasional low prices save you a little money. But in the long run they don't make much difference in your total food bill. It takes many regular low prices to do that. And A&P has what it takes... scores of money-saving prices in every department every day. What proof? Compare the typically low A&P prices in this ad with the prices you've been paying. Add up the savings they represent and see how they can cut your total food bill. Once you've made this convincing comparison, we believe you'll agree that the sure way to save money on your food it to come see... come save at A&P.

Customers' Corner

You Can Bank on Saving at A&P!
Low prices don't mean a thing, unless high quality is assured, too! You can't miss at A&P! Not only do low prices prevail in every department throughout the store every day in the week... but the quality of every thrifty purchase you make is guaranteed to please you or you get your money back without question! That makes savings certain at A&P!
So, in the interest of a balanced budget, come see... come save... at A&P!

Busy clothier Wendell Lent rushed from his store at closing time on election day, picked up his wife and went to the high school to vote. After standing in line almost an hour and finally getting almost to the registration desk, Nellie Bird, also in line, asked the Lents if they had moved from their home on Edison street. They replied no and she said she doubted if they were at the right voting place. Fast calculation brought forth the fact that in the rush they had absent-mindedly returned to the school where they last voted in the school election, completely forgetting their precinct voted at the city hall. An hour or so later they did finally cast their ballots.

That Kiwanis rummage sale still haunts Pontiac dealer Dutch Atchinson. After losing his favorite golf sweater to Roy Fisher, whose wife purchased it for 10c, his favorite hand painted tie, beautifully decorated with Chief Pontiac's head turned up a recent evening around the neck of electrician Eddy Campbell. In this case Mrs. Campbell made the purchase for only a nickel.

Some of the best news we have heard in recent months was of the surprise visit of Daisy president Charles Bennett to his office after several months of confinement with illness. Not only was it a shock to other Daisy officials, but the president calmly announced this was no social visit but that he was only assuming the duties and responsibilities of his position. To further show off his youth in the early ninety years of his life, the next day he visited his close friend and associate Edward C. Hough at his home on Ann Arbor trail long enough to walk off winner in three games of dominoes.

"Most of the people around us grow lemons and oranges but we're nuts," says Penn theatre owner Harry Lush as he tells of his Macadamia grove in Rancho Sante Fe, California. Making a business of growing these unusual nuts he has one of the largest groves on the coast. The Macadamia was originally grown in Australia then tried in Hawaii and now for the first time in U.S. According to Lush, California growers are making every effort to develop products for their state that can't be grown in Florida. The Macadamia is a great favorite with candy manufacturers, he says.

The little woman and I were talking one evening about the difference in present day methods of education in comparison to those when we were in school. The discussion came about in regard to our 14 year old who so far had had no opportunity to memorize any of the classics which all of us had to learn in our day. We pointed to this lack of training as one of the possible reasons why so many present day students seemingly don't have the proper powers of concentration. In a serious conversation after the Dr. Peck testimonial dinner, my better half and Dr. Furstenberg's wife drifted into the same subject. It seems they had noted the same deficiency in their 14 year old at Ann Arbor and both agreed television, radio, cars, etc. had certainly been responsible to a great extent for this change. This might be noted by local educators who could prescribe a slight dose of the Gettysburg address, Evangeline and perhaps Ode to The Grecian Urn. Both the Furstenbergs and ourselves and many other parents would have more room in our television rooms during the evenings if some kind teacher would oblige.

A dozen people including the speaker and members of the state medical board who attended the C. of C. Peck banquet were to be guests of the Pecks for coffee after the affair was over. Because Mrs. Peck was unexpectedly hospitalized, mutual friends of the Pecks and Furstenbergs, the Edwin Schraders, offered the hospitality of their home for the late hour coffee clutch. After more than forty guests had been served by the surprised but happy hosts the distinguished visitors departed for their home all agreeing it had been a memorable evening. Next day, kindly Dr. Peck had the following to say, "perhaps I over did myself a little in inviting so many guests for coffee after the banquet but after fifty years of practice and after such a wonderful affair, who wouldn't?"

MICHIGAN FARM leaders issued a warning to reduce rural worry over the coming of the St. Lawrence Seaway. They agreed that untold wealth will accompany the widening and deepening of the channel from the Atlantic to the Great Lakes, bringing more people, industry and world markets. "But we'll still need land for farming to feed all these people," said George S. McInyre, state director of agriculture. He said that the expansion of industry and residential suburbs possible with the Seaway boom threaten to overrun some of the better farm lands near the border lakes.

Agriculture in Michigan will be called upon to grow more food and livestock to feed the state and also to take advantage of the world markets. "We'll need the land we have now and more probably," McInyre said.

MICHIGAN STATE COLLEGE is going to test the effectiveness of flu shots it has been providing free for several years. Each fall when the students flock to the campus, they are offered the shots free when they complete registration. Doctors believe they do the trick and keep more students in classes instead of the infirmary, but they are going to make certain in tests this winter.

PEOPLE WILL DISAGREE over toll highways until they are completed and paid for, a period of time which may out-distance the life span of those who are building them.

MICHIGAN WILL GET \$551,000 in Federal money to improve airports in the state. Beneficiaries will be Willow Run airport near Ann Arbor, Detroit-Wayne County airport,

The toll theory is that those who use the roads pay for them. Free roads are financed from tax money, which often forces payment from people who never receive direct benefit.

After years of controversy, the new Michigan Turnpike Authority is getting started on a toll road between Detroit and the Saginaw-Bay City area. It is the second try.

Monroe residents objected so strongly to the Authority taking over the Detroit-Toledo expressway, a free road now under construction, that plans were abandoned to make it a toll highway.

Already complaints are being heard about the proposed Detroit to Saginaw-Bay City toll road. Farmers do not want to eliminate farm-to-market roads; resort people want exit points nearby; gasoline dealers want stations on the superhighway.

The law is quite clear on most points, giving the Authority power to make contracts for gasoline service on the highways, to build the roads and sell revenue bonds to pay for them.

Public policy is expected to make certain in the legislature that farmers and resort owners, vacationists and "average" motorists are protected.

For instance, one clause in the law requires that free highways come close to paralleling the toll roads.

MICHIGAN WILL GET \$551,000 in Federal money to improve airports in the state. Beneficiaries will be Willow Run airport near Ann Arbor, Detroit-Wayne County airport,

Roger Babson Says:

BABSON DISCUSSES THE STOCK MARKET

Babson Park, Massachusetts. Twenty-five years ago I made a well-known forecast about an impending big break in the stock market. (Reprint of the article which appeared in the New York Times in 1929, recording my statement, will be sent to anyone free on request.) At the close of the previous day in 1929, the Dow-Jones Industrial Stock Average stood at 330. The market immediately began to weaken and shortly plunged down swiftly, closing at 230—a decline of 100 points in less than eight weeks. Today the Dow-Jones Industrial Average is 358, with-in 6 points of the highest figures since 1929. In fact, it has moved up over 100 points since September 1953.

REACTIONS TO BE EXPECTED

I expect another severe reaction sooner or later, of at least 50 to 75 points. Surely, present stock yields are now too low, when 1954 Federal Taxes are deducted. Such a break in the market could occur even during a period of good business activity such as I am now forecasting. Stock prices have of late demonstrated that they can move independently of both business and earnings. It is well to recall that, in 1929, there were few outward signs of the stock market crash ahead.

Investors were then anticipating larger dividend returns with a reduction in risk through diversified Investment Trust holdings and promised mass production and inventions "such as the world had never seen before." The research laboratories of our great industrial concerns were also then depended on to bring these miracles about. In short, a "New Era" was then confidently anticipated. Basically, there was weakness, but it was most apparent in stock market speculation.

CONSERVATIVE ADVICE

The current market presents much the same irregular picture as was present in 1929. The so-called blue chips have outdistanced the bulk of the issues on the market, due to concentrated buying, much of it by Institutions, Pension Funds, and Mutual Investment Trusts. There are in addition many new crosscurrents in the market that did not exist in 1929. We have armament activity and other Government buying, heavy spending, support of farm prices, and especially the INTENSE NEW ADVERTISING PROGRAMS, WHICH I CONSIDER VERY IMPORTANT.

It is clear that the economic picture and the trend in the market can change abruptly and snowball rapidly to an unexpected degree. The real purpose of my column this week is to bring to your attention that the market may soon be in as vulnerable a position as in 1929, especially if the capital gains tax should be repealed, for which the "bears" are striving. Those who were unprepared in 1929 had no chance to take the profits they thought they possessed. Nor did they have purchasing power when the market reached the unbelievable bargain levels of 1932.

GENERAL CONDITIONS NOW GOOD

The banks are now sound; em-

ployment is now good; profits in most lines are fair; while very few stocks are being "bought on margin"; all must have a margin of at least 50%. Home building is actually booming, and the inflation since 1929 has justified higher prices for both homes and stocks. Again, I commend the importance of today's advertising.

The boom in home building is, however, becoming a possible source of danger. This is a new factor which did not exist twenty-five years ago. Where the danger signals of 1929 are not now evident, this new danger signal of the "building boom" is surely with us. Furthermore, today's building is mostly on borrowed money. Only the Federal Government can prevent a wave of mass foreclosures some day.

INSTALLMENT PURCHASES

This brings me to another present danger, namely, installment purchases. These purchases are today not increasing rapidly. They, however, are still very heavy. Curiously, they are now being encouraged by the banks which would have nothing to do with small loans twenty-five years ago.

Another different condition today relates to labor unions. Every right-thinking person must approve the general usefulness of labor unions in their place. Unions are justified in striking if necessary to eliminate bad working conditions and to get a fair wage. The present system, however, of demanding more money merely because a union has a monopoly of a certain industry is wrong and could ultimately bring on a panic.

Babson Comments On Election

Babson Park, Massachusetts. Naturally, the Republicans are much disappointed by Tuesday's election results. It, however, shows that the Eisenhower "Millionaire Cabinet" does not understand politics. Frankly, there is no reason why these able businessmen should be experts on political matters any more than Congressmen should be able to successfully run steel, coal, or automobile companies. During the two years when I was Assistant Secretary of Labor, I learned that politics is a profession. Big businessmen, big lawyers, big bankers, and big generals have not been trained for getting votes. I forecast that President Eisenhower will soon recognize this and make changes in his Cabinet and his advisors.

As to the effect of the election on business, I am not disturbed. This is too big a country to be upset by these election results. The election means only a delay in remedying some of the New Deal errors. In the meantime, less money will be spent by large companies for expansion, but money will be spent by wage-workers in the dime stores. Both Democrats and Republicans will work for less unemployment between now and 1956. There will be no World War III during 1955. All in all, I forecast no great changes, — certainly neither a "boom" nor a "bust."

Capital City Airport at Lansing, Bishop Field at Flint, Kent county airport at Grand Rapids, and Muskegon County airport at Muskegon.

This is the first year that southwestern Michigan fruit growers and other businessmen have received "an adequate share" for their air terminals at Muskegon and Grand Rapids.

"Many of them use the air for shipment and personal travel," said Brig. Gen. Lester J. Maitland, state aeronautics chief.

Another point in the increased Federal aid for the airports: employment which, especially around Muskegon and Detroit, has been at the crisis point for months.

WORK IS UNDERWAY on two major prison buildings which are part of an emergency housing program. The inmate population is creeping toward an all-time record of 10,000.

Corrections Director Gus Harrison said that the new \$250,000 dormitory at Ionia Reformatory for 230 more men and the \$50,000 man farm housing unit at Southern Michigan Prison at Jackson will ease the situation for another two years.

Nine Month Earnings \$5 Million at Burroughs

Earnings of Burroughs Corporation for the nine months ended September 30, 1954, from the Company's operations in the United States and Canada, including dividends received from subsidiaries operating in other countries, amounted to \$5,004,578 or \$1.00 per share, compared with \$5,310,103 or \$1.06 per share earned during the same period in 1953.

Total revenue from all world wide operations for the nine months period amounted to \$126,298,043 or 8 per cent above the \$116,591,234 for the same period in 1953. (The 1953 figure is restated to conform to certain accounting changes made in 1954.)

With the continued expansion of engineering, research and product development activities, expenditures for this purpose during the first nine months of this year rose \$1,700,000 above the same period in 1953. These higher costs, together with expenses involved in preparing to market new products, more than offset the increased earnings which might ordinarily be expected from the higher revenue volume.

★ THINKING OUT LOUD ★

One question, sometimes controversial, sometimes personal, is asked each week by The Mail of four pedestrians along Plymouth's downtown streets. This week's guests are "thinking out loud" on the question:

"Now that the election is over and control of Congress will be in the hands of the Democrats, do you think there will be any noticeable change in our way of life?"

MRS. IRENE KERNOZEK: 123 West Cady, Northville: "No, I don't think there will be much of a change. Things will go right along as they always have. I was surprised though at the outcome of the election."

H. W. Thatcher, 659 Burroughs: "The election was a blow to the people. Eisenhower has many things started which needs the support of a Republican Congress. They are programs which could be to everyone's advantage, including labor. His highway program could help to absorb much of the unemployment. Yes, the election was somewhat of a surprise to me."

Mrs. Kernozek Thatcher Mrs. Tomhave Dunagan

MRS. M. TOMHAVE, 41551 East Ann Arbor Trail: "Things will go on much as they have before. The Democrats have been out of power only a few years so the public won't have much trouble getting used to them again. I had expected many of the Democrats to get back into office again but not as many."

DOLLIE DUNAGAN, 176 South Harvey: "Frankly, I don't know. There are some good Republicans and some good Democrats. It's what is in their hearts that counts. I'm hoping that business will pick up now that Democrats are in control. I have worked but one month in the past year and I have tried to get jobs at lots of places. All I know is that I've had a harder time in the past year than in the 10 previous years. Maybe the Democrats can do something, maybe they can't."

Favorite Recipes From Plymouth's Kitchens

Gives New Tip On Sauerkraut

If you like sauerkraut with an entirely different and unusual flavor, we suggest you try Mrs. Henry J. Walch's method of cooking one of her favorite dishes. Wife of the Reverend J. Walch, Mrs. Walch often has occasion to serve it to the frequent guests at the manse on 737 Church street. Then, too, this simple dish comes in handy for church suppers and other social gatherings.

Mrs. Walch tells us that when she's going to have a roast loin of pork for dinner, she'll have the bottom part of the pork loin cut off to cook in the sauerkraut. Starting in the morning she takes two cans of sauerkraut, the pork section, adds enough water and puts in an onion for flavoring. After cooking for about an hour, she turns the sauerkraut off and lets it set for the rest of the day.

On towards dinner time Mrs. Walch puts the pork roast in the oven and as it cooks, she removes some of the grease, adding it to the sauerkraut. About an hour and a half before dinner the sauerkraut goes into the oven for its second cooking. By baking potatoes at the same time, you've got your whole dinner ready right in the oven!

Mrs. Walch points out that the more you cook the sauerkraut the better it actually tastes. Another suggestion would be to substitute Polish sausage for the pork loin section, placing it on top of the sauerkraut to cook for about an hour. In this way the flavor and juices of the sausage will have a chance to seep through the sauerkraut, giving it an appetizing and unusual flavor.

Giving the pot a stir as she goes about her favorite way of cooking sauerkraut is Mr. Henry J. Walch, 737 Church street.

University Women to Sponsor Tea For High School Girls, Mothers

The Plymouth Branch of the American Association of University Women will give a tea this Sunday at 4 p.m. in the high school for high-school girls who are taking a college preparatory course and their mothers. The event is being sponsored by the club's Study Group on Education.

Planned for the tea is a panel discussion by members of the teaching staffs of local schools. Subjects to be discussed will include necessary preparation and training for the teaching profession, reasons for choosing this profession, information on specialized fields, such as art, music, remedial reading, speech correction and class-room techniques.

The panel members have been chosen from different fields to

show the versatility of the teaching profession. Members are Miss Ruth Eriksson, Principal of the Smith School, who will represent administration; Mrs. Alice McClumpha, librarian for the elementary schools who will represent special studies; Miss Gertrude Fiegel, high school teacher; Miss Adeh Truesdale, kindergarten teacher; Miss Shirley Plant, freshman at Michigan State, who is majoring in home economics.

The local organization points out that the shortage of available teachers for public schools is very serious and promises to be even more so when an expected additional 60,000 children enroll next fall. The teaching profession, it adds, offers many challenges and the club hopes that the girls who plan to go on to college will be encouraged to enroll in teacher training courses.

Mrs. Esther Hulsing is chairman of the Education Study group and Mrs. Bertha Krieg is hostess for the tea. Other members of the group who will assist her are Miss Edna Allen, Mrs. Wilma Barnes, Mrs. Gertrude Bock, Mrs. Caroline Gulick, Mrs. Clara Scharmen, Mrs. Juanita Sutherland, Mrs. Libby Worth.

Local Library Makes Plans For Book Week

Plans are under way at the Dunning library to observe National Children's Book Week, November 14 to 20, according to Mrs. Agnes Pauline, head librarian. The theme for 1954 is "Let's Read."

The purpose of Book Week, the librarian explained, is to focus attention on the importance of good books for children.

"Books can play a vital part in the life of the growing child and Book Week emphasizes the value of bringing youngsters and good books together early," Mrs. Pauline said.

Highlight of the Plymouth observance will be a week-long "Book Fair" when many of the newest children's books will be on display. Mrs. Pauline urged children and parents to visit the local library during Book Week. "Seeing the new children's books on display will also help many people to select interesting titles for Christmas gifts," she added.

Book Week was founded in 1919 by Franklin K. Mathews, Chief Boy Scout Librarian, who suggested the idea to the American Booksellers association. The idea grew quickly and Book Week has been observed ever since.

Soroptimists to Meet

Members of the local Soroptimist club will gather at the home of Mrs. Helen Stevens, 998 Church, for their next meeting on Wednesday, November 17. Catherine Henderson will serve as co-hostess at the 8 p.m. get-together. At their last meeting held in the home of Frances Stark, members heard a report on the work that Katherine Todd is doing at the Sister Kenny Polio center in Farmington. Mrs. Todd is in charge of making restraining bands and binders for polio patients. Co-hostess at the meeting was Julia Spaulding.

Fortnighters to Meet For Supper, Dancing

This Friday, November 12, at 6:30 the Fortnighters of the Presbyterian church will meet for pot-luck supper followed by an evening of dancing and fellowship. Instead of square-dancing this time they will be taught the basic steps of some South-American dances by Don Thompson of the Thompson School of the Dance in Ann Arbor. There will also be some ball-room dancing.

All couples of the church are heartily invited to come and join in or watch the festivities. Mr. and Mrs. Arch Vallier, Mr. and Mrs. Dave Johnson and Mr. and Mrs. Samuel Hudson are on the committee for this month.

Soroptimist Club Offers Supplies for Handicapped

The Soroptimist club has announced that it has supplies for handicapped persons which are available to the public. Among these are a hospital bed, bedside table, wheelchairs and several sets of adjustable crutches.

Julia Spaulding at Plymouth 1754 is in charge of the supplies. A doctor's permission for their use will be required before the materials are released.

D.A.R.'s To Meet In Northville

An informal travelogue on Europe is on the program agenda for the Monday, November 15, meeting of the Sarah Ann Cochran chapter, Daughters of the American Revolution. Hostess for the 1 p.m. gathering is Mrs. Del W. Hahn, 548 West Main street, Northville.

Mrs. Harry Deyo of Plymouth will describe to members her experiences while traveling on the Continent and Mrs. Sherwin Hill, who traveled throughout Spain, will give the highlights of her trip in that country.

White Shrine News

Our stated meeting will be held Monday, November 15, at 7:30 p.m. with refreshments following. Come and hear our nice reports.

Very favorable news has been received from all our male sojourners who were reported ill last week.

Word has just come that Sojourner Edna Stoll is in North-west General hospital in Detroit for surgery. Please send her cards. We hope she will be with us soon.

Gives Rules for Sound Sleep

A good night's sleep is a priceless luxury, says a noted authority, listing ten rules for better sleep.

Authorities estimate that half the American population has trouble getting the right kind of sleep.

"Is there anything more refreshing than to creep between clean, sweet-smelling sheets? Especially after a good warm bath? They feel so cool and relaxing," says James F. Bender, author of a book on How to Sleep.

Aside from the luxurious sensation of dropping off to sleep between fresh sheets, you are more likely to stay asleep when the sheets are smooth.

Ten Helpful Hints

Here are ten hints that may help you sleep better:

1. Sleep in a good bed with a quality mattress, clean cotton sheets and fluffy pillow.
2. Sleep in a cool room with a flow of fresh air.
3. Avoid glaring room colors. Pastel greens and blues are most conducive to rest.
4. Take a light snack before retiring—with emphasis on the "light." A glass of warm milk and a cracker are about right.
5. Try a warm bath (98 to 102 degree water), soaking for 10 or 25 minutes.
6. In summer, cool off the bedroom with canvas awnings, use a light cotton blanket or bedspread for minimum warmth and if necessary bathe your wrists in ice water.
7. Relax your muscles.
8. Don't fight insomnia. Quiet reading in bed is better than tossing and turning in the dark. Even lying quietly awake may provide enough rest despite lack of sleep itself.
9. Set a bedtime hour and stick to it, so that your body becomes accustomed to sleeping at regular intervals.
10. Indulge yourself, treating sleep like the luxury it is. Charles Dickens always slept in a bed with its head pointing north. If you have a sleep superstition, indulge in it.

If you prefer to gamble on the result, you can wash such toys with a rich lather of soapsuds, but be careful not to get the filling wet. Place toys in front of a fan to dry. Brush them while still damp and again when they are dry.

Children Welcome This Dish!

Children welcome hot and wholesome lunches when a grown-up type of food like Bread Loaf Surprise is on the bill of fare. Served as a sandwich with soup or an entree with vegetables, this tempting hot cheese dish is hearty enough to satisfy the most demanding midday appetites.

It's suggested that you prepare this sandwich-type loaf ahead of time and bake it just before the children appear for luncheon. Spread slices of bread with a spicy mayonnaise mixture and put these bread slices upright in a loaf pan. Slip a generous piece of cheese between each slice. The total preparation time comes to less than ten minutes, and the loaf will serve 4-6 generously. About fifteen minutes before serving time pop the loaf into the oven after topping with more of the mayonnaise mixture. The result is a bubbling golden brown loaf which will delight the children whether eaten by finger or fork.

BREAD LOAF SURPRISE

1 cup mayonnaise
 1/2 cup prepared mustard
 1/2 teaspoon parsley flakes
 8 slices white enriched bread
 7 slices cheese
 Paprika
 1/4 cup chopped olives (Optional)

Combine mayonnaise, mustard, and parsley flakes. Spread both sides of bread slices with about 2/3 of this mixture. Fit the bread slices upright into a loaf pan in "domino" fashion. Put a slice of cheese between each slice and pour the remaining mixture across the top of the loaf. Sprinkle the loaf with paprika and chopped olives. Bake in a 350° F. oven for 15 minutes or until cheese has melted. Serve immediately.

You'll Buy Tomatoes In Powder Form Soon

You may buy tomatoes in powder form in the future. The U. S. Department of Agriculture has developed a tomato powder that can be turned into fine-flavored juice just by adding water—even ice water.

The powder is not in commercial production but a plant in Florida will produce orange and grapefruit powders developed by the USDA's "puff drying" process. Concentrated and homogenized, the juice is dried in a vacuum chamber. The sponge is pulverized and canned with a drying material. Light weight, these powders keep without refrigeration.

A specially good warm weather investment is perfume sachet. This fragrance in powdered form seems to have more staying power than some colognes. Just shake a little inside your clothing before setting out for the day and you'll be sweet-smelling all day long.

Cereal And Milk Make Glamour Souffle

THERE'S nothing quite like a well-stocked cereal shelf and comes to convenience, not only in preparing quick, easy, and nourishing breakfasts. But these two good foods—cereal and milk—provide always-on-hand ingredients for many a bread, main dish, cookie, and dessert.

Nor do they stop with wholesome, mouth-watering goodness. This team of cereal and milk, served at breakfast time and through the day, helps prevent the calcium deficiency in teen-age and adult diets, which recent nutritional studies have shown to be greater than any other nutritional deficiency. You never outgrow your need for cereal and milk!

Whether you serve this popular pair in a cereal bowl for breakfast and snacks or combine them in a dish like this Crispy-Top Corn Flake Souffle, you can do a great service to the farmers of the nation by serving your family milk more often and in different ways. There is a milk surplus but there's no limit to what the good home-

makers of the country can do for the dairy farmers—and their own families—when they combine cereal and milk in a dish as good as this.

Crispy-Top Corn Flake Souffle

2 tablespoons butter
 2 tablespoons flour
 2 cups milk
 1 1/2 cups grated American cheese
 1 1/2 cups corn flakes
 4 eggs, separated
 1 teaspoon salt
 1/2 teaspoon dry mustard

Melt butter, add flour, and stir to a smooth paste. Add milk gradually; cook over low heat, stirring constantly, until thickened. Add cheese and stir until melted. Crush 2 cups of the corn flakes slightly; add to cheese sauce. Beat egg yolks with salt and mustard. Stir hot mixture gradually over the yolks. Beat egg whites until stiff and fold in cheese mixture. Turn into 2-quart casserole. Sprinkle remaining 1/2 cup corn flakes around edge or in center of casserole. Bake in a slow oven (325° F.) about 50 minutes. Yield: 6 servings.

Try This "Meal-in-Two" For New Taste Treat

Vienna Sausage Pockets: 2 cups sifted all-purpose flour; 4 teaspoons baking powder; 1 teaspoon salt; 1/4 cup shortening; 3/4 cup milk; prepared mustard; 2 (4-ounce) cans Vienna sausages.

Sift together flour, baking powder and salt into mixing bowl. Use pastry blender to cut shortening into flour until particles are size of wheat grains. Add milk all at once. Stir vigorously until just blended. Turn onto lightly floured pastry cloth or board. Toss lightly once or twice to coat with flour. Knead for 30 seconds. Handle lightly. Roll dough approximately 1/8 inch thick. Cut with floured 3 1/2 inch plain or fluted-edge round cutter. Arrange biscuit circles 1/2 inch apart on baking sheet. Spread each one with thin layer of mustard. Place sausage in center of each circle. Fold biscuit dough over top of sausage, pinching only biscuit corners tightly together. Bake in hot oven (425° F.) 12 to 15 minutes. Top with catsup, if desired. Serve at once with Pineapple Cucumber Salad. Makes 12 to 14 sausage pockets.

Pineapple Cucumber Salad: 1 package lemon-flavored gelatin; 1 1/4 cups hot water; 1/2 cup pineapple juice; 2 tablespoons mild vinegar (1 tablespoon vinegar plus 1 tablespoon water); 1/4 teaspoon salt; few drops green vegetable coloring; 1/2 teaspoon grated onion; 1 cup diced pineapple, drained; 1 cup diced cucumber, for garnish, as desired; watercress drained; mayonnaise; pimiento or parsley for garnish.

Place gelatin in mixing bowl. Gradually add water, stirring until gelatin is dissolved. Add pineapple juice, vinegar, salt, pine-

coloring and onion. Mix well. Chill until mixture is consistency of unbeaten egg white. Fold in pineapple and cucumber. Arrange strips of pimiento in a well-oiled 3-cup ring mold, as desired, to form a design in mold or use them to garnish top. Spread salad mixture evenly in mold. Chill until firm. Unmold. Place 5 1/2-ounce custard cup in hole of ring. Fill with mayonnaise. If you prefer to use a mold of another shape, serve mayonnaise in a separate dish. Garnish salad with pimiento, with watercress, or parsley around edge.

Fashion Experts Advise Women To Plan Holiday Wardrobe Now

The time has come to start counting the number of days to Christmas and readying the shopping lists. A wise woman remembers the holidays are for her, too, and she owes it to herself, her family and her friends to dress for the occasion. Before selecting a holiday wardrobe, each woman should first take stock of where she's wearing her new clothes. Will it be a round of parties for the collegian who's come home? A big wingding at the Country Club for the career girl? Or some intimate parties at home for the young matron?

No matter where the calendar beckons, there are some wise rules to govern holiday buying. A leading designer suggests a seven-point guide, guaranteed to make every woman a holiday success.

1. Choose fabrics that are elegant and festive, but make certain the designs are kept simple.

2. Select one piece of jewelry for accent. Perhaps a pair of earrings falling almost to shoulder length, or a string necklace discreetly woven.

3. Wear high heels. They are most flattering. And when in doubt as to the style, bear in mind that a simple pump becomes every woman and every wardrobe.

4. Let your hair be slightly longer. Start now allowing it to grow to a more feminine length.

5. Buoy a full skirt with a petticoat. Try the sash long waist to near hip length for a longer, supple torso look.

6. It's only for "after-five" that glamour clothes truly exude glamour.

7. Buy within your budget. Avoid financial worries plaguing your holiday merriment.

The experts' choice for holiday-wear fabrics runs to laces and brocades, failles and velveteens. Emphasizing the use of separates she believes a few well-chosen garments make for many distinguished costume changes.

For the lure of the holidays and dining by the glow of candlelights, there's a full skirt of washable lace built with three tiers and paired off with a short-sleeved high neck blouse. The latter, inspired by Mary Martin's interpretation of "Peter Pan," is forever young, simple in line and design and reflecting good manners and good taste. The tiny col-

lar and all-covered up look is becoming increasingly the choice of women here and in Paris.

For variations on a lace theme, you might purchase a square-necked blouse to go with the tiered skirt for later dancing. Beneath the skirt a petticoat is advised. And you can get these petticoats in both Pellon and nylon parchment, that folds away into a tiny parcel for packing in a suitcase or bureau drawer.

For the luminous glow there's a leaf brocade in bloom available on the market. A sheath dress comes with its own jacket for the costume look. Complete in itself, the sheath goes alone or gets a new personality with the addition of the jacket.

A new faille fabric, is bewitched with velveteen applique and bejeweled with black rhinestones. And cotton, becoming more and more the mainstay of the year-round wardrobe, has gloss in paisley sateen with shocking colors provided for pairing off.

Belts made to match the blouses herald again the long torso silhouette, much in vogue.

These separates, all considerably priced, are planned for the many fabulous nights ahead whether it's a Thanksgiving Prom, the night before Christmas Party, or the welcome to Little New Year. And the clothes go on, too, after the holidays for the festive evenings awaiting you in 1955.

Understating all this late-day drama, the designer cautions, is simplicity, the byword of good taste. It's precise tailoring, she says, that enhances the personality of the woman who wants to look well in her new clothes.

Two new 6's 6

It's the valve-in-head V8 as only the valve-in-head leader can build it!

You'd expect Chevrolet to out-V8 the field—and it has! Chevrolet's new "Turbo-Fire V8" puts a brand-new kind of excitement under your foot. The excitement of 162 horsepower! The excitement of an 8 to 1 ultra-high compression ratio that squeezes more pure fun out of a gallon of gas than you ever dreamed possible! The new "Turbo-Fire V8" is so efficient that it requires only four quarts of oil instead of the usual five or more. And it has the shortest piston stroke in the low-price field, for longer engine life. But we can't even begin to give you the whole story here. Come in and drive the new "Turbo-Fire V8!"

With enough new advances to fill a book!

Chevrolet offers two new highstepping sixes for 1955! There's the new "Blue-Flame 136" (new with Powerglide as an extra-cost option) and the new "Blue-Flame 123." Both bring you new, higher-rated power—the zippy, thrifty high-compression kind. Both have new, more efficient cooling and lubrication systems . . . new engine mounts that result in almost unbelievable smoothness. And, like the new "Turbo-Fire V8," both are sparked by a new 12-volt electrical system for finer performance and faster cold-weather starting. They're the liveliest, smoothest sixes Chevrolet ever put into a passenger car!

The combination of a steel over-range cabinet with built-in exhaust fan and a matching enameled or contrasting stainless steel range hood diverts cooking odors and provides circulation of air that's essential in your kitchen. The exhaust fan cabinet matches your other steel cabinets perfectly and can be incorporated as part of a continuous row of wall cabinets.

Storm windows save fuel. One 2 ft. 4 in. by 5 ft. 2 in. storm window of ponderosa pine wood is estimated to save annually 100 pounds of coal, 8 1/2 gallons of oil, or 12 therms of gas.

THE GROWTH OF PLYMOUTH COLONY SUBDIVISION has been impressive over the past year. These homes are typical of the 40 rambling, modern, ranch-style homes in this select community off Sheldon road near Plymouth. Approximately 28 new homes have been built since last July. The names of the streets carry forth the colonial motif for which downtown Plymouth is becoming well-known. The area is beautifully wooded and boasts low taxes, city water, and easy accessibility to schools, stores, and churches. The homes are valued at between \$19,450 to \$26,900 and the average lot is 90'x140'. Building restrictions require 1200 sq. ft. minimum floor space. Meyers-Hill Realty Co., 25249 Plymouth road, is exclusive sales agent for the four remaining new homes in the subdivision.

Special Cabinets Hold All Kinds Of Kitchen Goods and Utensils

This special-purpose wood kitchen cabinet is designed for storing fruit and vegetables. Its three bins, which have metal rod sides for ventilation, slide out for easy handling of stored articles. A top drawer holds dish towels or utensils.

Many other ponderosa pine cabinets are designed for special purposes. Among them are spin-shelf and swing-shelf cabinets for condiments, dishes, toasters, or pots and pans. Some cabinets feature sliding trays and shelves and removable dividers.

Special-purpose wood cabinets come in standard sizes and are available from several of the dealers listed on this page. They can be painted, stained or given a natural finish. Some come "knocked-down" for economical assembly by the homeowner.

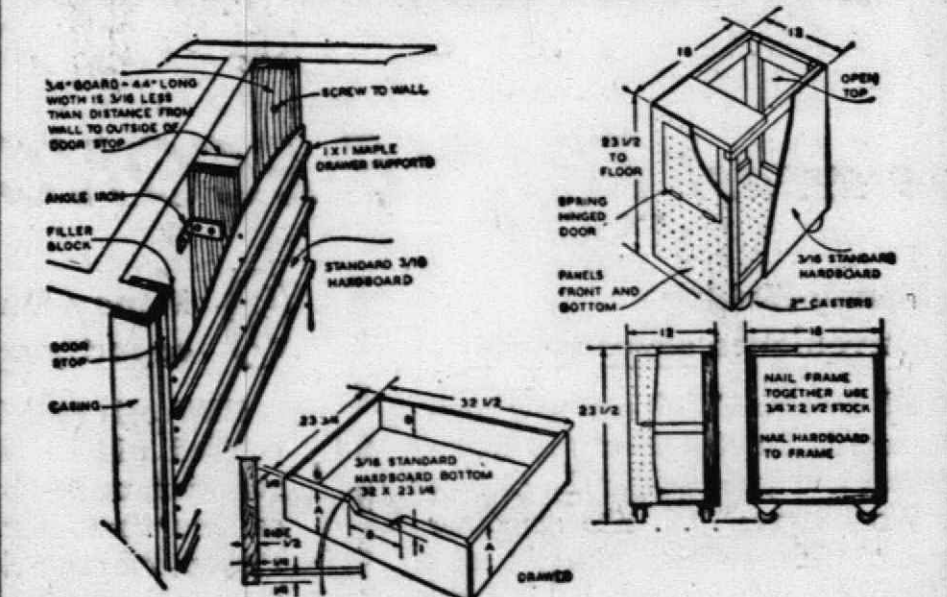

Here's How to Build a Linen Closet Compactly Designed to Save Space

There will be no digging through high piles of materials to find what you want in this linen closet, which features wide flat drawers. Roll-out hamper and an open space for vacuum sweeper or luggage complete the facilities. Here are directions from Home Modernizing on how to build it:

Line sides with hardwood. Attach drawer slides with screws through both these boards.

Simple drawer construction is snag-proof because of hard-board bottom.

To remove the greenish oxidation that forms on copper and brass fixtures, wipe them with a cloth soaked with ammonia.

Opening in top, spring-hinged door on front and perforated hardboard for ventilation make a simple hamper box.

Avoid Confusion During Modernization of Home By Following Recommendations for Planning

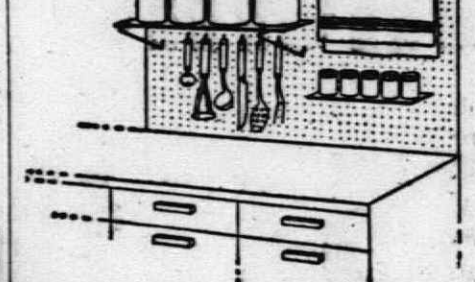

Modernizing can be made easier—or harder—depending on whether or not you minimize the mess caused by such projects. An article in Home Modernizing magazine lists some general rules for making such jobs easier, and gives special hints for specific jobs.

FIX-UP TIPS
For Farm and Home

In general, you'll save yourself a lot of hair-tearing if you: 1. Make an estimate yourself, or have your contractor tell you how long the project will take, what rooms or facilities will be out of use, and for how long. 2. Keep the children out of the house as much as possible. 3. Simplify meals through the use of ready prepared foods, disposable plates, napkins, etc. 4. Clean up day by day or room by room. 5. Protect furniture and floors with drop cloths or several thickness of newspaper wherever debris, paint, etc., is likely to accumulate.

To save the homemaker's energy, time and happy disposition, have kitchen tools, utensils and ingredients within easy reach. Just install some Masonite "Peg-Board" panels in convenient locations. These Presdwood panels with numerous perforations are fitted with hooks and hangers on which the homemaker can suspend the tools of her culinary art.

Decorative as well as functional, the panels may be painted to harmonize with the colors of the kitchen. Some of their favorite locations are over the range, between the base and wall cabinets, in the back of cabinets, over or under the sink, and over a working counter or desk.

A variety of metal fixtures which may be obtained at the same lumber yards handling the perforated panels, will carry shelves for canisters and similar items; plates, platters, cups, all types of utensils, pots and pans, dish towels, a thermometer, memo notes, pencil and the like.

Handyman husbands called on to install the panels find they go up with a minimum of effort over spacers, which are used to allow room for insertion of the hooks and hangers. The metal attachments are used interchangeably, thus giving the homemaker an opportunity to change her arrangements whenever she likes. Moving them is a matter of seconds, and no tools are needed.

Use drywall materials if you're making living space where none existed. Avoid tearing out old walls and ceilings just because they are in poor condition. Instead, place acoustic tile or gypsum board over furring strips on the old plaster.

When changing or installing new fixtures in kitchen or bathroom, put in the piping runs and then make the final junction at a time when the plumbing is least in use.

There's really no way to prevent mess caused by a change-over in the heating plant. You'll probably have to resign yourself to a complete housecleaning afterwards.

Attic Cedar Room

Millions of households these days are suffering from severe cases of closet congestion. If yours is among them, don't let it get you down. The cure may be easier than you think.

One prescription virtually guaranteed to correct the ailment is construction of a handsome "walk-in cedar room." Such a room would not only afford moth-safe storage for seasonal clothing and household wools, but also for countless other items presently contributing to the congestion.

Particularly if you have usable attic space available, your closet troubles can soon be over. An easily accessible attic with sufficient headroom is just what a "house doctor" would order in this case.

Generous dimensions for the room would be about 8x10-feet, or its equivalent in area. Existing framing might be utilized for the ceiling and one wall. New framing could consist of 2x2-inch studs spaced with centers 2 feet apart. A door frame must be included, of course. Generally it is wise to weatherstrip the door for air-tightness.

The framing is lined with aromatic red cedar, which can be obtained at lumber dealers in widths from 2 to 4 inches and in lengths up to 8 feet. It is 3/4-inch thick. Tongued and grooved, it is easy to apply. The exterior of the closet could be covered with such material as wallboard or plywood.

materials through the house. In the case of an attic, protect the route through which materials must be carried, with newspapers or drop cloths.

If you have to tear out and build, do it in just the reverse order.

Use drywall materials if you're making living space where none existed. Avoid tearing out old walls and ceilings just because they are in poor condition. Instead, place acoustic tile or gypsum board over furring strips on the old plaster.

When changing or installing new fixtures in kitchen or bathroom, put in the piping runs and then make the final junction at a time when the plumbing is least in use.

There's really no way to prevent mess caused by a change-over in the heating plant. You'll probably have to resign yourself to a complete housecleaning afterwards.

You do-it-yourselfers who are thinking of resurfacing counter or table tops in your home will be interested in an item I saw this afternoon over at the Plymouth Lumber and Coal company on South Main. It's U. S. Naugatop, put out by the U. S. Rubber company. Easy to apply, you've only to use a special adhesive material to do the trick.

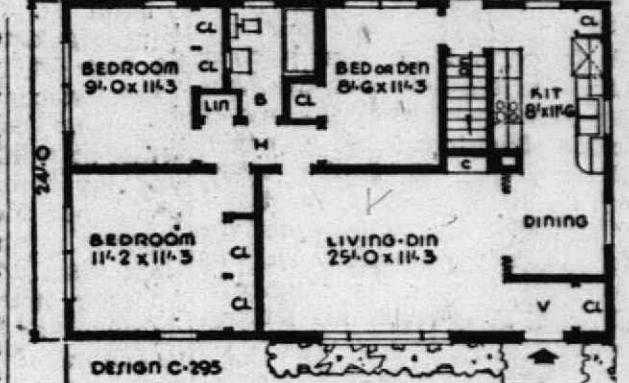

Similar to a plastic, this product comes in rolls about a yard wide with marbled or tweed pattern. Colors range from red, gray, green and yellow in the marbled, and the different shades are also available in the tweed.

Ideal for countertops, tables or other surfaces, this material will resist boiling water, alcohol, damage caused by burning cigarettes, fruit acids and greases. Then, too, it's durable and will give you long lasting wear.

If you're out to beautify the exterior of your home and protect it against the weather at the same time, you really should look at the new "silicone sealed" asbestos siding they've got over at Plymouth Lumber and Coal company. Manufactured by Johns-Manville,

DESIGN C-295. The exterior of this attractive house is finished with wide siding, except for stone facing on the living room wall. A wide overhanging eave protects the picture window and the front entrance. There are three bedrooms, bath, living room, combination kitchen-dinette and a full basement. A pair of folding doors can separate the dinette from the living room. Wardrobe closets, with overhead storage, are used throughout, in addition to the linen cabinet in the bedroom hall. Other

points of interest are recessed tub. Floor area is 960 sq. ft., with cubage of 18,240 cu. ft. For further information about DESIGN C-295, write the Building Editor, The Plymouth Mail.

Fixin' - Up Tips

Question: I want to make a cement driveway, but since it's 85 feet long, 9 feet wide, I would like to know how I can make this as cheap as possible?

Answer: One of the very best ways to cut the cost down, in fact, cut exactly two-thirds off the price is the twin strips of concrete, parallel to each other, each 18 inches wide. Center lines of the strips should be spaced exactly to the distance between the front wheels of the car. Space between strips is sodded, planted to cover, or merely filled with sand, or brick if you prefer. Only the apron, directly in front of the garage for a distance of about 5 feet, and the last 5 to 10 feet where the driveway enters the roadway, are completely cemented over.

Valance Hides Light

A fluorescent tube behind a valance, gives a diffused, restful light, makes a room seem bigger. The unit can be built by the homeowner, or bought from various fixture manufacturers.

Instead of old-fashioned sash weights, most new double-hung ponderosa pine windows are equipped with compact balances that make the windows look better and operate more easily.

Special Counters

If you wish, stainless steel panels can be set into the countertop of your steel base cabinets, beside the range, so you can set hot utensils there without damage to the counter. Maple cutting board counters, too, can be installed on steel base cabinets to provide variation in work surfaces.

Alonso Hanchett, Miss Grace Edwards, Will Herr and Miss Edith Small spent last week Wednesday evening with Mr. and Mrs. George Bear and family. Will Herr entertained them with his phonograph.

At a recent election for class officers at the University of Michigan, David M. Nichol of Plymouth, was chosen as treasurer of the sophomore class in the Lit school.

A committee consisting of John S. Dayton, chairman, Ford Brooks, Roger J. Vaughn met at the Chamber of Commerce office with Secretary Berg D. Moore Wednesday evening to redraft and bring up to date the constitution and by-laws of the Plymouth Chamber of Commerce. This piece of work, while it does not show up on the outside, is necessary and will be of assistance to future board of directors.

John H. Gray of Plymouth, steplejack, took a job of cutting 22 feet off the tops of the two smoke stacks of the Daisy Manufacturing company plant, and while at work one stack fell over and lay across a guy wire with about two inches holding it. It was so great a job that the boss hired Tom Hamilton to shoot the remainder of the stack off, but his gun wasn't high-powered enough, so the men had to break it. While Gray was on the other stack it fell on the roof and put a hole in it, but didn't do too much damage.

A farmer's team was hitched in front of the Schrader Brothers store Monday. One of the horses became frightened at a paper fluttering past it, broke away from its mate, in the effort turning the platform wagon bottom side up and then stood quietly in the street gazing at the damage it had done. It was a comical thing to see.

The Plymouth band accompanied by a party of staunch Warner adherents went over to Farmington Monday evening to congratulate that gentleman upon his election. There were present some 1,500 people and they had a most felicitous time. Mr. and Mrs. Warner held a reception at the town hall and shook hands with all comers.

H. E. Hendrick and wife of Muskegon visited at Jay Burr's Sunday. They had been at Ypsilanti to celebrate the golden wedding of their parents who were former residents of this place. Mr. Hendrick was born in the house that formerly stood on the site of the residence of H. C. Robinson on Sutton street, 47 years ago.

There prevailed a heavy gale of wind all day Sunday that blew the dust from the streets in clouds. Pedestrianism was rather difficult, and not many people were out.

Mrs. George VanDeCar received a letter from her son, Earl, who is up north hunting with his father, saying the latter had shot two deer.

There was a large attendance of friends and relatives at the funeral of Peter Gayde last Friday afternoon, the Lutheran church being filled to overflowing. The Reverend G. D. Ehnis conducted the services. The floral tributes, of which there were many, were especially fine. All the business places were closed during the funeral hour, out of regard for the deceased, who had been a merchant for more than 30 years.

Double Tulips Resemble Peonies

Taller stems and larger flowers distinguish new double varieties.

While early flowering double tulips have been grown and admired for 100 years, most of the tall, late blooming varieties now offered, blooming at the same time as the single flowering Darwins, have been introduced since World War II.

They are called "peony flowered," and when well grown their flowers resemble peonies, though never as large as real exhibition peonies can be grown. Compared with the early flowering double tulips they have longer stems and larger flowers.

Early double tulips blossom two weeks or more before the late flowering kind. Like the single early varieties, they were bred for use in formal beds, which the English called "carpet beds." The flowers were used to work out colorful patterns comparable to the designs in carpets. This method has long been out of fashion in this country, though still practiced abroad.

Single early and double tulips were produced by systematic breeding, before modern plant breeding methods were well known; but the old methods were highly successful, producing flowers uniform in height, color, and flowering season. If the early tulips, single and double, are planted, together with the late varieties, the garden display of tulips can be lengthened by two, or three weeks.

Among the peony flowered tulips are red, pink, lilac, dark maroon and white varieties. They are not well suited to planting in formal beds, but fit gracefully into the informal border arrangements which are in fashion now.

A group of late double tulips placed at a focal point in the garden will attract the attention of garden visitors. They are definitely "head-line performers." They should be planted at the same depth as Darwin tulips, and with the same distance between them, and will blossom at the same time.

The skin changes of pregnancy are often very upsetting. Dermatologists agree that women at this time are no more affected by skin disease than the general population. However, pregnancy itself brings about characteristic changes.

The appearance is not the same with all women. Some of these changes are the change of pigmentation, formation of thin white scars on the abdomen, excessive perspiration, general or local itching and, in some cases, growth of facial hair.

There are a number of cosmetics on the market to help make the expectant mother more comfortable. Oils and creams to keep the skin soft and to help reduce the formation of striae are in common use.

Another common skin change is the darkening of pigment. This change is much more often seen in brunettes, with considerable amount of pigment in their skin. The condition is usually more marked on the face and is referred to as the "mask of pregnancy."

A tendency towards dark circles under the eyes will often become much darker. These changes will disappear after delivery.

A serious change may be the darkening and enlarging of moles. This type change should always be called to the attention of a doctor.

If there is excessive itching of the skin, even when some soothing oil and cream is being used, it will be necessary to use a different brand of soap. Soap substitutes are fine for those suffering from dryness and itching of the skin after a bath.

It is most important to the expectant mother that she know what skin changes to expect during this period and that they are temporary.

The male king snake finds his mate by a keen sense of smell. The female detects his approach by her forked tongue, a sensitive receiver of the slightest smell as well as an organ of touch.

Announce Cast Of Senior Play

Leads in the senior play, "The Form Divine", to be presented November 19 in the High School Auditorium, went to Lea Rave Crane, Tom Rowe, and Carol Stratton.

Other members of the cast are: Gretel - Sally Ford, Lucilla - Lea Rave Crane, Arthur - Tom Rowe, Charlotte - Ella Plant, Paris Green - Sally Black, Miss Mitz - Barbara Maulton, Miss Midge - Mary Ellen Sparks, Miss Meadows - Susan Goddard, Dorothy-Glenna Merrilatt, Harry - Dave Daly, Hoopy - Carol Stratton, Peggy - Jane Smith, Jimmy - Jim Thorpe, Linda - Joan Donnelly and Betty - Kathryn Bernard.

The plot concerns a lady named "Lucilla" who is made fun of because she is old. By taking a course at Beauty You School she changes her appearance and attitude toward life. Her friends, Miss Midge, Miss Meadows and Paris Green, having the same problems, also enter the school.

Course Teaches Students Automobile "Know-How"

Plymouth High School students enrolled in the driver training course are learning the more practical things about owning and driving their own automobiles such as changing a tire, washing a car, and clutch control.

Driving mostly on Beck road and Blanche street, students now have four hours of driving and about 10 hours of classroom work including movies and lectures. This is half the amount needed for graduation.

The course will enable teenage drivers to benefit from the experience of professional drivers and excellent teachers. The instructor of the class is Donald Denison.

Sport Glances

by "Professor" Ed Brown

Last Friday night the high school football squad completed another undefeated season. This is the second time in recent years that the Rocks have gone all the way without tasting defeat—a great credit to the boys, coaches, and others connected with the team. Plymouth has not enjoyed an undefeated season since the days before the second world war.

The Rocks presented some rugged teams in those days also and played such schools as Melvindale, River Rouge, Ecorse and the like. Plymouth was a member of the old Huron Valley conference in those days with the above schools.

The past decade the local team hasn't done so badly considering the fact that the old 6-B league had Ypsilanti and Wayne as members, and played such schools as Mt. Clemens in non-league tilts. Plymouth never did win a game from Ypsilanti in football, but always won more games than they lost to Wayne. The Rocks dropped the above two schools when the new league was reorganized in favor of Garden City and Southfield. Bentley took Plymouth's place on the Wayne schedule and upset them easily last week 14 to 0 before a capacity crowd. There are many in this area who would like to see both of these old rivals back on the Rock schedule one of these years.

The big Michigan—Michigan State football game will be held this coming Saturday at Ann Arbor. This contest will be a tossup with the team gaining the breaks emerging the winner. Each team has looked good in certain games this season, but also each has looked bad in a few. Both are very unpredictable.

MSC has had the superior team the past few years, but are a little below par this year. The Spartans have many good backs, but the line has not come through, and this goes to show that the line plays an important part in the success of any football season.

On paper I suppose U of M should win, but MSC could pull an upset. After all they have lost more than they have in any one season in a long time, and it is about time they pulled one out of the fire. Michigan is tired of being shoudered around for so long, and will be out for revenge. You pick the winner.

Basketballs are filling the gymnasium these days, and the swimming hopefuls are churning up gallons of water preparing themselves for the coming season. Both are the longest seasons of any sport with meets beginning around the first of December and lasting until mid-March. Each squad has quite a number of holdovers and expect to field teams of good competitors. Swimming, a relatively new sport here, has shown progress each season since the inaugural meet two years ago.

Plymouth Coach Learned Baseball At High Ranking Western State

The varsity baseball coach, Gustave Gorguze, had a varied and interesting career in preparation for his present position at the high school of varsity baseball coach and assistant principal. Coach Gorguze became interested in athletics while in the grade school in Detroit and later on at Southeastern high school, where he participated in baseball and basketball for four years.

After graduation from high school in 1939, "Gus" as he is known to his friends, worked in industry for three years until the fall of 1942 when he matriculated at Western State Teachers' College in Kalamazoo. At Western the popular coach became a baseball star playing centerfield on the nationally-known Hilltopper teams. His athletic career was interrupted by the war, and 1943 found him in uniform in the navy as an ensign. Coach Gorguze served in the South Pacific theater as an instructor in gunnery.

In 1946 after his discharge he returned to Western State to participate in athletics again until his graduation in 1949. At that time Western was considered a power, as it is now, in baseball and played mostly Big Ten nines. The Kalamazoo team had a winning percentage over the big three—Notre Dame, Michigan and Michigan State.

Gorguze came to Plymouth high school in the fall of 1950 as a junior high mathematics teacher varsity baseball coach and reserve basketball coach. In 1951 he moved to the high school as a guidance man and counselor. In 1953 he became assistant principal of the high school, and still coaches varsity baseball and junior high basketball.

Coach Gorguze lives with his wife, Alfreda, who is a visiting nurse, at 1285 Woodbine in Redford Township. Gorguze likes the Plymouth community very much and thinks it and the school system one of the most progressive in the state.

TWO OF THE TROPHY winners of Davis & Lent's summer-long fishing contest proved that you don't have to be a seasoned-veteran to pull in the big ones. Above Charles Beagle and Bill Keifer (extreme left and right) of Davis & Lent present two of the trophies to David Schoenneman and Jimmy Houk. David won the walleye division with a 3 lb. 10 oz. catch, while Jimmy's 4 lb. 4 oz. bass won third place in that division. Other trophy winners in the order of their catches are: (bluegill) J. H. Gardner, Duane Johnson and Melvin Vickstrom; (bass) Joe Fulton and Ralph Taylor; (pike) Dale Johnson, Bob Moran and James Houk; (trout) Mel Michaels, Jerry Calhoun and Robert Lorenz; (walleye) Ron Turkett and James Houk.

Hopper Leads Junior Eleven To 48-6 Victory

Junior high halfback Myron Hopper had himself a field day at the expense of Belleville a week ago in the last game of the season. Young Hopper scampered for four touchdowns, two on a kickoff and a punt return as Plymouth ran up a 48 to 6 score. The local lads were really clicking in this game, and with one exception, scored each time they got their hands on the ball in the first half.

Opening kickoff and returned it 55 yards for the first score before the game was 30 seconds old. He also accounted for the second TD on a 35 yard end sweep, and another when he returned a punt 40 yards. The speedy back concluded a brilliant afternoon with an off-tackle 15-yard scoring play. Larry Wells recovered a fumble and raced 45 yards for another marker. Wayne Sparkman counted on a reverse for 35 yards,

and Ronald Turkett ran around end for 15 yards and the final touchdown. The local boys made good on 6 of the 7 extra points. The halftime score was 27 to 0, and the reserves played most of the last half. Everyone in uniform played some in this game. The junior high squad finished the season with a record of two wins, one loss, and two ties. The wins were from Belleville and Trenton, the loss to Allen Park by 7 points, and the ties were with Bentley and Redford Union.

Rocks End Championship Season By Defeating Walled Lake, 35-0

An undefeated season was tucked away in the record books Friday night when seven touchdowns and an equal number of conversions avalanched the Plymouth Rocks over Walled Lake, 35-0.

A season's record of seven wins and one tie placed the Rocks among the few undefeated teams in the state. The only flaw in the recordbook was the 6-6 standstill played with Allen Park on October 15.

Friday's game also brought an end to the high school football days of 14 seniors. Most of this year's strength came from the senior ranks.

Walled Lake fought the Rocks on even terms during the first half. In the waning minutes of the first quarter the visitors carried the ball to the Plymouth four yard line with a first down. Four plays later, Walled Lake gave up the ball on the one-foot line.

The game's first score came when halfback Dick Davidson tossed a 30-yard touchdown pass to quarterback Dick Day with but 15 seconds remaining in the second period. Davidson kicked for the extra point.

The Rocks took command of the field during the last half by scoring once in the third and three times in the last quarter. A thrilling 44-yard run by Davidson accounted for the third period scoring, followed by a pass by Davidson to Denny Luker for the extra point.

Lee Juve, captain and fullback of the Plymouth squad, bettered Davidson's run by 10 yards by sprinting 50 yards in the fourth quarter. A conversion by Davidson made the score 21-0.

Again in the last quarter, McKenna, halfback for the Rocks, passed into the end zone where Henry Bonga made a successful diving catch. Davidson again

made a successful conversion. The final scoring play was performed by halfback Lindy Mills and Day. As Mills started a run toward the goal, Walled Lake men began closing in. Mills lateraled to Day who ran for a touchdown. The entire play stretched for 38 yards. Another point after touchdown was kicked by Davidson and the game ended with the 35-0 score.

Going into Friday's game, Walled Lake had a 4-3 record. Seniors playing their last game were Lee Juve, John Agnew, Jim Arnold, Henry Bonga, Dick Day, Coin Hauk, Harold Hopper, Jeff Hubbell, Denny Luker, Chuck McKenna, Dale Nyhus, Bill Petro, Tom Rutherford and Dale Wilkin.

Frosh End Year With 25-7 Victory

The high school frosh gridders finished the season with a win as they pummeled the Allen Park first year men into a 25 to 7 defeat last week. Frosh Bob Truesdell sped for three touchdowns, and scored one extra point to account for 19 of the 25 points. Don Alsboro accounted for the other as he snared a pass from Walasky for the score.

season with a two won and two lost record. The team won from Allen Park 25 to 7; from Redford Union, 33 to 6; and lost to Northville 13 to 0; and Trenton 25 to 14.

The yearlings counted one touchdown in the first to lead 6 to 0 at the half, and rang up two more in the third stanza, and the final one in the fourth quarter. The Plymouth frosh ended the

THE TOTALLY NEW '55 FORD!

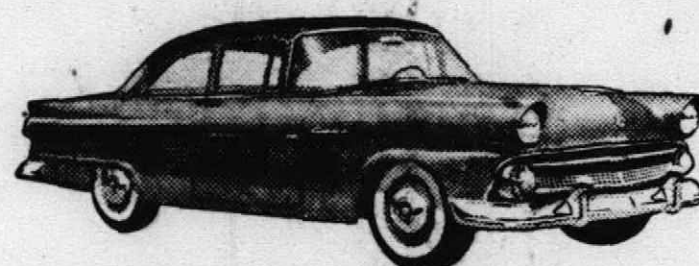

ON DISPLAY FRIDAY!

with styling inspired by the Ford THUNDERBIRD

New FAIRLANE Series... The new Club Sedan, like all six models in Ford's new Fairlane Series, features the new wrap-around windshield, new luxurious interiors and wide choice of stunningly new, single and two-tone exterior colors.

Longest, Lowest, Roomiest...most Powerful ever built!

New CUSTOMLINE Series... The Tudor Sedan (above) and Fordor offer a wide selection of new color and upholstery combinations. Like all '55 Fords, they have a new wider grille, new visored headlights and sturdier, extra-narrow pillar-posts for better visibility.

New STATION WAGON Series... The new 6-passenger, 4-door Country Sedan (above) is one of five new 4-door beauties. There's also an 8-passenger Country Sedan, an 8-passenger Country Squire and a 2-door, 6-passenger Ranch Wagon and Custom Ranch Wagon.

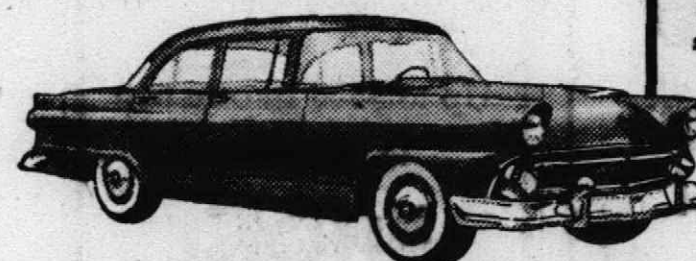

We invite you to see for yourself. And we tell you in advance you'll be amazed. For this new Ford is totally new—outside, inside, and in thrillingly different performance.

The long, low lines of the Thunderbird were its styling inspiration. Inside, you'll be greeted by rich, roomy luxury... by fabrics never before offered in a motorcar.

Mighty engines, mightier than in any Ford before—supply its exciting power. And each of Ford's three new engines offers the safe, split-second response of Trigger-Torque Power.

Your ride will be up to 15% smoother. Best of all, you'll find your kind of car, for there are 16 body styles in four fresh new lines.

When you come in, don't be surprised if you tell yourself: why look farther—why delay—why just can't buy better than Ford.

New MAINLINE Series... Each of the three Mainline beauties offers the same engineering advancements, the same graceful contours and clean lines that distinguish all '55 Fords. Fordor Sedan is illustrated above.

EXCLUSIVE TRIGGER-TORQUE POWER IN 3 MIGHTY ENGINES

1. 162-h.p. Y-block V-8
2. 182-h.p. Y-block Special V-8
3. 120-h.p. I-block Six

- (1) The new 162-h.p. Y-block V-8 has a higher (7.6 to 1) compression ratio, greater displacement. And, like all '55 Ford engines, it has Ford's famous deep-block build... short-stroke design.
- (2) The new 182-h.p. Y-block Special V-8 (offered in combination with Speed-Trigger Fordomatic on Fairlane and Station Wagon models) features 4-barrel carburetion, dual exhausts and extra-high (8.5 to 1) compression ratio.
- (3) The new 120-h.p. I-block Six has a new higher (7.5 to 1) compression ratio. It's the most advanced six-cylinder power plant in the industry.

WORD HAS REACHED the Edward Dobbs of Penniman avenue that two former Plymouth residents, the Clarence Lidgards and the William Arscotts, now of Mesa, Arizona, see each other frequently and enjoy Tempe college football games together.

M. EDWARD REID, Jr., is representing The Photographic Center this week at the Eastman Kodak company's sales training center in Rochester, New York. The course started November 8 and extends through November 17. The group is composed of 16 men and women and in addition to touring the plant and attending lectures they will visit Niagara Falls to take black-and-white, color, still and motion pictures.

AT MICHIGAN TECH in Houghton, Michigan, John W. Kytola, son of Mr. and Mrs. W. K. Kytola of Milburn in Livonia recently received a promotion to cadet second lieutenant in the Army ROTC. John is a senior in mechanical engineering.

A THOUGHT FOR THIS WEEK: A little fact is worth a whole limbo of dreams.—Ralph Waldo Emerson.

Finds Safe Taken Six Months Ago

A safe containing \$392 which was carried away from the Plymouth Elks lodge last May 6 has been recovered west of the city near Napier road, the Wayne County Sheriff's department reported.

Elks club officers identified the safe by business papers which were left untouched inside the safe. The money was gone.

The lodge building on Ann Arbor road was entered sometime during the night of May 6. Beside taking the safe, the intruders took other small amounts of money from various machines.

The safe was discovered last week near Napier and Chubb roads by Gordon Hooth, 10381 Five Mile road. Washtenaw county sheriff's deputies took the safe into its possession and reported it to Wayne county authorities. The safe's description fit the description of the Elks club safe and Elks officers were called upon to identify it.

At the Texas State Fair in 1953 attendance was 2,882,712, slightly more than the population of Philadelphia. There were 3,200,000 cold drinks sold and three freight-car loads of potatoes for French fries.

UNWRITTEN LAWS

A green signal never gives the motorist a right to run down a pedestrian—especially if he is trying to finish a crossing he actually started on his green signal.

For a motorist, encased in a ton and a half of steel, to insist on his right-of-way rights over a 130 pound woman on foot is like a big bully threatening to slap some small youngster.

Remember, when the pedestrian starts his crossing on a green signal he has a right to finish his crossing on the red when he is in the pedestrian crosswalk in front of you. And remember, a pedestrian is merely a motorist before he gets into his car or after he leaves it.

State conservation department workers are urging that hunters planning northern trips this year carry at least a compass, matches and a map of the county being hunted.

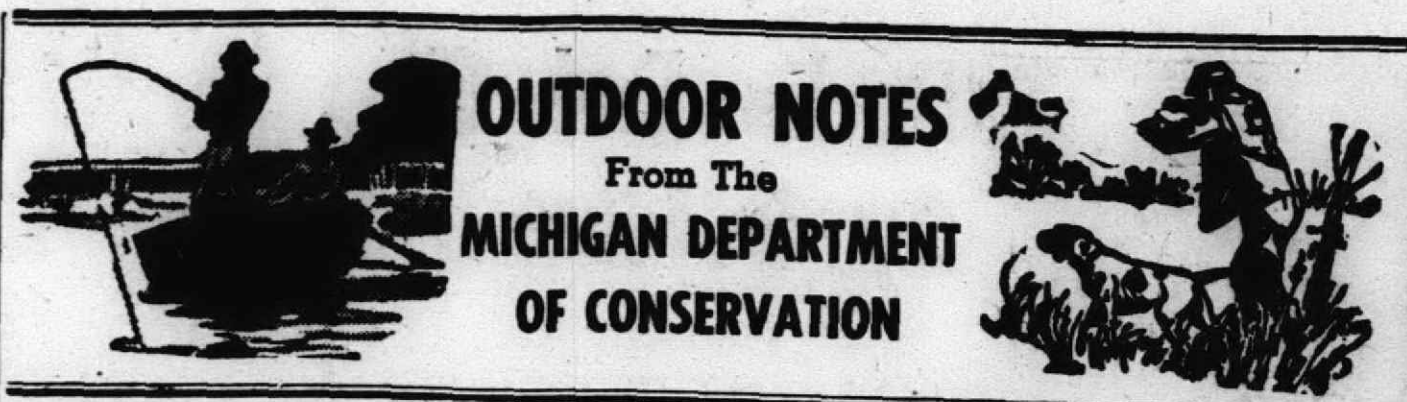

These three items may spell the difference between life and death for even the most experienced woodsman. Mixed with a little common sense, they have often saved hunters from a gloomy woodland doom.

The compass and map have to be trusted. When the compass seems to be going the wrong way, the hunter should follow its lead. Detailed maps of each of Michigan's counties are available free from conservation offices. Hunters should note road and stream directions, distances and location of towns, farms and other points.

Law officers, who help find lost persons, say panic is the most dangerous enemy facing the hunter.

"The best thing is to build a fire, sit down and consider the situation," says E. E. Tucker, in charge of law enforcement work. "Keep warm and conserve energy," he adds. "And when you decide from the map and compass which way to move, go in one direction by lining up trees ahead and guiding on them."

Teen-age hunters are well on their way again this year to begin the most dangerous group afield. To date in Michigan's month-

OUTDOOR NOTES From The MICHIGAN DEPARTMENT OF CONSERVATION

About 65,000 special season deer hunting permits have already been mailed to hunters.

Conservation department workers mailed the permits ahead of schedule to give hunters more time to make fall hunting plans.

Still unmailed on November 1, the deadline for application, were about 16,000 permits, but an 11th hour rush of mail promised a sharp cut into this surplus.

State workers said the final count would probably show quotas filled for all except area A and that about two-thirds of the permits for this area would be assigned.

Final totals are expected as soon as all late mailings have been processed.

Commercial anglers are netting chubs out of Lake Michigan under protection of an injunction served early this week against Gerald E. Eddy, director of the state department of conservation.

The injunction enjoins Eddy from enforcing the closed season on chubs in Lake Michigan during November.

The fishermen asked Eddy in late October to open the season because the chub population is high and in need of harvest.

Eddy answered that he had no legal authority to open the season. Under the status, fishing for chubs is not permitted in the Great Lakes during November.

Eddy stated that the conservation department would oppose the injunction. "We are asking that the bill be dismissed and the injunction dissolved," he said.

The law was put into effect in the early 1930's to protect lake trout, which spawn during November. However, in recent years the sea lamprey has virtually wiped out lake trout in Lake Michigan and the need for the law has been reduced.

State conservation department workers are urging that hunters planning northern trips this year carry at least a compass, matches and a map of the county being hunted.

These three items may spell the difference between life and death for even the most experienced woodsman. Mixed with a little common sense, they have often saved hunters from a gloomy woodland doom.

with the 180-HP Strato-Streak V-8!

SENSATIONAL ALL-NEW STRATO-STREAK V-8 PERFORMANCE

Here's an engine so responsive, so alert it almost anticipates your demands for getaway and passing power. But most important, here's an engine so thoroughly proved that it will make even more enviable Pontiac's famed reputation for dependability, long life and economy. Three and a half million miles of testing stand back of Pontiac's all-new perfected 180-horsepower Strato-Streak V-8.

DARING ALL-NEW FUTURE-FASHIONED STYLING

Pontiac's brilliant new styling steps you years ahead in a single bold move. From its "dream car" front end with its twin silver streaks to the new upswept rear fenders, Pontiac for 1955 is far and away the most distinctive car on the road. Its long, low lines are a visual complement to its spectacular performance.

BEAUTIFUL ALL-NEW PANORAMIC BODY

Lower, wider, roomier, Pontiac's new panoramic body provides sweeping vision all around, with new panoramic windshield and extra-wide rear window. Front seats are three inches wider and, despite a roof line almost three inches lower, there is no sacrifice of head room. Underneath this dramatic new beauty and comfort is the rugged safety and quiet of incomparable Fisher Body construction.

ALL-NEW HANDLING EASE

New vertical king-pin front suspension and new recirculating ball steering let you take corners and curves almost effortlessly—cushion road shock so effectively you experience a new driving sensation. Bigger brakes stop you surely and quickly.

EXCITING ALL-NEW INTERIORS
