

Consolidation Activities Gain Momentum In City, Township

Chamber Supports Two Bond Issues Stays Neutral on Merger Question

Plymouth Chamber of Commerce support was given this week to two bond issues...

The three motions were voted upon at board of directors meetings...

On the consolidation issue, the Chamber took this stand: "The Plymouth Chamber of Commerce in keeping with the historically proper scope and purpose of Chamber activities, is concerned with the building and progress of this community..."

"As far as the subject of consolidation is concerned, the Chamber has appointed its study committees to look into the matter. After these studies have been completed by these committees and other community groups, the Chamber will make its decision on this subject."

"Businessmen belonging to the Chamber also gave their 'whole-hearted support' to the two proposals appearing on the special school election ballot March 28. These proposals will provide \$3,000,000 to finance school construction in order to meet increasing enrollment."

Further recommendations made by the Chamber asked that consideration be given to "the relative economies in construction, operation and maintenance of 16 and 18 room elementary schools."

The Chamber also recommends that further studies be made to determine the necessity of an auditorium in the proposed junior high building for both school and community use; and whether or not an additional swimming pool is needed in the proposed junior high."

As a final recommendation, the Chamber states that there should be increased public awareness of school needs in the future. Teacher salaries should be properly maintained, they state, and when the school system is enlarged, more funds may be needed to provide administrative, teacher and maintenance salaries."

"To insure an adequate water supply in future years," the Chamber board voted to support a \$50,000,000 bond issue which will be on the April 4 ballot. "Although the present water source may be adequate for the next few years, the Great Lakes supply is the best insurance we can get for the years ahead," the Chamber declared.

If the bond issue is approved, county officials predict that the supply will not be available to the Plymouth area until 1962. Plymouth city currently gets its water from wells and Plymouth.

Ruler of Nation's Elks To Visit Here Next Week

William J. Jernick, Grand Exalted Ruler of the Benevolent and Protective Order of Elks, will be the principal speaker at a noon luncheon to be held at the Plymouth Elks Lodge on Ann Arbor road next Thursday, March 24, it was announced today by Exalted Ruler Ray Creith.

The 53-year-old leader of the nation's 1,150,000 Elks, is a corporation executive and a former mayor of Nutley, New Jersey. Jernick for many years headed the youth program and crippled children's activities of the New Jersey State Elks association.

Exalted Leading Knight Harry Shaw is chairman of the local reception and luncheon committee. The luncheon will be served by the Vivians. Jernick will be in Michigan for three days, from March 24 to 26. On the 26th, he will officially open the Elks National Bowling Tournament in Detroit.

In addition to his visit to Plymouth, the grand exalted ruler will witness an initiation at Jackson Lodge 713. A class of 50 candidates will become members on the 24th and a banquet will take place. A luncheon at the Royal Oak lodge and banquet at Port Huron will be on the agenda for March 25. At Port Huron, he will be greeted by Governor G. Mennen Williams and Port Huron city officials.

Accompanying Jernick will be a large number of Michigan State Elks association officers including H. Philip Barney of Plymouth.

Arraign 3 Youths For Breaking In

Theft of money and cigarettes from a service station last Thursday night has led to the arrest of three Plymouth youths who have been bound over to circuit court on charges of breaking and entering in the night time.

Arrested were Arthur Secord, 19, of 671 Jener; Roy D. Moyer, 20, of 15525 Marilyn road; and Donald Houghton, 17, of 9253 South Main.

Police said that the boys allegedly broke into the Walter Ash Service station, 584 South Main street, sometime last Thursday night. Taken was \$26.50 in cash, and two cartons of cigarettes. Police said that the boys were seen in the vicinity at the time of the theft. Arrested a few days later, they admitted the theft.

They were arraigned before Municipal Judge Nandino Perlongo Tuesday, bound over to circuit court under \$1,000 bond and taken to the Wayne county jail. Houghton was released under bond later in the day.

All three youths have juvenile records, police stated. Secord is in the Army and is home on furlough.

Jernick has been prominent in the Order's national affairs since 1940 and at the time of his election at the 90th Grand Lodge convention in Los Angeles in July 1954, struck the keynote of his administration with the slogan, "As Exodum Sows, America Reaps." His objective is to broaden the Order's youth and community service programs to strengthen the nation, spiritually and physically, for its role as a leader of the free world.

His strong religious faith is summed up in his statement that, "If this world had more respect for Divine guidance, it might have less need for guided missiles."

William Jernick

More Than 700 Attend Performances Of Kiwanis-Theatre Guild Play

Although final ticket sales had not been tallied up by prestime, Kiwanians agreed that attendance at this year's spring play, "Time Out for Ginger," had topped that of last year, indicating an even more successful fund-raising campaign for the club's Girl Scout Lodge.

The majority of the more than 700 persons who viewed the three-night performance of the play expressed the opinion that this was one of the finest productions ever undertaken as a joint project of the Kiwanis club and Plymouth Theatre Guild.

The play, superbly enacted, provided laughs aplenty for the near capacity crowds who witnessed the show on Thursday, Friday and Saturday nights. The plot of "Time Out for Ginger" was quickly evolved as Theatre Guild members ably maintained the lines of brisk, witty dialogue in the Ronald Alexander play. Action centered about a 14-year-old high school

New Chamber Office

Although remodeling had not yet been completed, the Chamber of Commerce moved into its new offices Wednesday at 455 South Main street, next to the Consumers Power company.

Chamber Secretary Nat Sibbold stated that the official opening of the new office is not scheduled until April. The new site will provide, in addition to Sibbold's office, an office for the receptionist, a corridor for promotional material and an industrial display room. The Chamber was formerly located at 215 South Main street.

Find Man's Body In Boxcar Here

Suffocation caused the death of a Flushing, Michigan man found dead last Saturday morning in an empty boxcar in the railroad yards of Evans Products company.

Identified as Matt Aho, 44, of 11176 Carpenter, Flushing, his frozen body was discovered when the freight car was opened at 7 a.m. Saturday by Sidney Thomas, 1128 Hartsough. At an inquest held in the county coroner's office Monday morning, it was determined that the man died of asphyxiation.

Aho was found lying in the middle of the steel boxcar near a hole burned through the wooden floor. Some boards had been ripped from the side of the car with which he had started a fire. With the car being nearly airtight, smoke caused his suffocation. His right arm was said to be partially burned.

The boxcar had a self-locking mechanism on its doors, making it impossible for him to get out. The coroner's office said it was impossible to determine how long the victim had been dead. The car left Michigan City, Indiana on February 22 and had stopped in Grand Rapids and several other towns before arriving in Plymouth last Thursday.

OH THE PITY of it all! Sure and what a sad day this is when only one Irish cop can be found on a police force. Out of Plymouth's dozen policemen, only Chief Carl Greenlee claims real Irish ancestry. Grandparents on both sides came from the Emerald Isle. As is his custom on each St. Patrick's Day, the chief has authorized his men to wear green ties if they want. Here, he puts on his own for the occasion.

Township Adopts New Water Plan

Formation of a "Plymouth Township Water Board" for the purpose of providing a water system in certain parts of the township, was announced this week by Supervisor Roy Lindsay.

At its last meeting, the township board approved the formation of such a board and authorized legal counsel to proceed with necessary legal action to create a "township water board and water survey."

Lindsay said that it could not be determined now how long it would take for construction of such a system to get underway. He said, however, that he "hopes it will be this year." It will be up to the water board to find out the costs of providing water and to determine what parts of the township are most in need of water.

Probably the most desperate need for water is felt in the eastern part of Green Meadows subdivision. The city furnishes water for homes in the western part, but those living in the eastern half depend upon wells. Many of these wells have gone dry in recent years.

City water mains do extend to some township areas but city commissioners have been recently turning down requests for additional water service to the township. Their reasoning has been based on a consulting engineer's survey which indicated that Plymouth's water supply was not adequate to meet maximum demands. Since then, the city has drilled another well to provide a reserve supply.

Galín Elected New Rotary President

David Galin, proprietor of D. Galin & Son Appliances, has been elected president of the Plymouth Rotary club to succeed L. P. McGuire. The new officers will take office July 1.

Elevated from the post of vice-president, Galin has been a member of the club since 1944. Donald H. Sutherland, treasurer for the past year, will be vice-president when the new slate takes office. Evered Jolliffe will remain club secretary and James Taylor will be the new treasurer.

Russell Isbister and Harry Draper have been re-elected to the board of trustees. President McGuire will become a trustee when his present office terminates. Leaving the board will be Lewis Goddard, immediate past president.

The president-elect is also a member of the American Legion, Jewish War Veterans, the board of trustees of Adas Shalom Synagogue in Detroit and a member of its cemetery committee, Pisgah Lodge, Bnai-Brith, Mosaic Lodge, F. & A. M. and the Zionist Organization of Detroit.

St. Pat's Day Almost Bypasses Plymouth

Is it scarcity of true-blooded Irishmen or the fact that St. Patrick's Day falls during the week which accounts for the dearth of activities in Plymouth honoring Ireland's patron saint?

Almost sneaking by Plymouth unnoticed, two events will save the day and provide entertainment for residents wishing to celebrate on St. Pat's special occasion.

A dance has been planned for this evening by the Veterans of Foreign Wars, Mayflower Post, from 9 p.m. to 1 a.m. at the V.F.W. Hall.

Chairman Hal Young announced that music would be provided by the Don Barnard Quintette. Hats and favors to carry out the wearin' o' the green will be supplied to guests at the event, which is open to the public. Refreshments will be served.

Sub-Committees Named By New City Chairman

Six major developments were noted this week as interest became more widespread in the city-township consolidation issue.

- 1. A letter of resignation from the appointed chairman of the Plymouth Community Study committee.
2. A promise of "cooperation" with the city from the Community Improvement Association of Plymouth Township.
3. The township study committee held its first meetings.

Who Wants Annexation? Lindsay Asks

Appointment of a sub-committee to study sewer and water service to certain areas of the township took place when Plymouth township's newly-formed study committee held its second meeting Monday night.

Although numerous discussion topics were proposed, the water and sewer problem was found to be the most serious at this time. A sub-committee headed by Ralph Garber was appointed to find ways to expediate sewer and water services to parts of the township.

Serving on the sub-committee with Garber are John Dawson, Clayton Koch and John VanHoy.

In commenting on the function of the township's study group, Supervisor Roy Lindsay told The Mail this week that this is the only committee which can act with authority on the study of township problems. He further re-stated that Mayor Russell Daane of Plymouth "has no right or authority to name township residents on any City of Plymouth committee which would study and solve City of Plymouth problems."

He added that "residents of the township have been asking me who wants annexation and why? I am at a loss to answer because I am certain the people of the township have no interest in annexation or city of Plymouth problems. We have been willing to cooperate in every way we could with the city, even offering to buy city water and installing our own mains."

"There must be selfish interests in promoting the idea of annexation," the supervisor declared. "If Continued on Page 8"

Livonia Phones On New System

Effective at 12:01 a.m. March 20, telephone users in Livonia and Garden City with one- or two-party service will be able to dial direct to some 14 million telephones in 11 states. In addition the same users will be able to dial direct to telephones in more than 80 other Michigan communities and five Ontario, Canada, points.

"At the same time all Livonia and Garden City telephone numbers will be changed to Garfield numbers, according to Robert D. Maurer, manager here for the Michigan Bell Telephone Company.

The overall cost of the new system amounts to \$2,850,000, Maurer indicated.

The project required a new building which was completed last year near Plymouth and Merrimack roads. Maurer said the equipment installed in the new structure was the latest and best type available. It includes automatic message accounting machines which record all pertinent information about a call automatically on a tape which is later used to bill customers for long distance calls they dial direct.

Board Decides on Elementary School Plan, Now Awaits Voting on Money

Plans for a new elementary school building to be located on Sheldon road were given approval of the Plymouth Township School District Board of Education at their Monday night meeting. Whether the building will be actually constructed or not depends upon the outcome of the March 28 special school election.

It is at this election that voters will decide on a \$3,000,000 bond issue. If the bond issue is approved, the first project undertaken will be construction of the elementary building. Wheeler & Becker, Architects, were hired to draw up preliminary plans. Detailed plans will not be started until after the election.

The proposed plan is unlike the three newer elementary schools, Bird, Smith and Allen. The architects submitted three building plans to the board several months ago. Since then, principals and teachers have been asked to state their likes and dislikes of the

plans and of their own buildings. Principals attended Monday night's meeting to express the views.

Scheme "C" as drawn by the architects was the favorite plan but it proved too costly. This plan calls for classrooms to be constructed in "clusters." The present new elementary buildings are built in an "E" shape.

The approved plan agreed upon Monday is constructed in one rectangular unit. The multi-purpose room (or auditorium) is in the center of the unit with classrooms on two sides, the kitchen at one end and offices and special rooms at the other end. Cost of such a building would be somewhat over \$400,000.

In other business before the school board, a letter was received from the Canton Township Board of Education asking that the Plymouth district annex the Canton district. Plymouth already has two small Canton district schools under its jurisdiction, Hough and Bartlett. The

one remaining school is on Canton Center road south of Cherry Hill road. It is the last one-room school in Wayne County.

The Plymouth board decided to invite the Canton board to attend the April board meeting here to discuss the subject.

A committee from the school's maintenance workers attended the meeting to ask salary adjustments. They asked that beginning custodian salaries be advanced from \$3,180 to \$3,500 a year and that the maximum be increased from \$3,680 to \$4,000 a year. The board agreed to take the matter under consideration. Maintenance men doing various types of skilled work are allowed additional pay.

The board received copies of a tentative budget for the 1955-56 fiscal year. Approval of a budget will come at a later date. Estimated expenditures are set at \$1,122,100. During the 1954-55 fiscal year, expenditures were estimated at \$1,087,750.

License Bureau Completes Move

Despite previous announcements of the change in location of the local license bureau office, residents are having a difficult time finding the new office at 181 West Liberty street.

The move from Plymouth township hall to Liberty street was made last weekend. Need for more office space for township work brought about the change in location.

Mrs. Charles Root, Jr., manager of the office, said that many motorists wanting new licenses are still traveling to the township hall. Location of the office now is in the same room occupied by the Plymouth Softener Service and next to Clover Television Service and east of Starkweather.

Hours will remain the same. They are from 9 a.m. to 5 p.m. on weekdays and from 9 a.m. to noon on Saturday. The telephone number also remains the same.

Local Kiwanians Host to Division

The Plymouth Kiwanis club will be host to the 10 clubs of the local district next Tuesday evening at the annual Spring Divisional meeting of District 3.

The conference will get underway at 3:30 p.m. at the First Presbyterian church. Dinner will be served at 6:30 p.m. The delegates will discuss the current work program as well as plans for the future. Michigan District Governor Robert Crary of Jackson will be the featured speaker, while Rudy Underdown, lieutenant governor of district 3, will act as master of ceremonies. Plymouth Kiwanis President Norman Atchinson is general program chairman.

Besides Plymouth, Kiwanis clubs represented at the conference will be Livonia, Lola Valley, Park, Northfield, College Park, Warrendale, Garden City, Evergreen and Strathmore.

AUTO LICENSES went on sale as usual Monday but not at the same place as last Saturday. The bureau moved from the Plymouth township hall over the weekend to the West Liberty street location. At left, Manager Mrs. Charles Root serves some of her first customers, Mrs. Sarah Maness and Mrs. Dorothy Maness, both of 3400 Wadsworth, Livonia.

**Business Women Plan Monday Meeting**

A guest speaker and district officer will highlight the program scheduled for Monday, March 21, by the Business and Professional Women's club.

Starting of the event will be the 6:30 dinner meeting in the Mayflower hotel.

Featured speaker will be Miss Lillian Hogue, one of Detroit's outstanding women in the field of insurance. Miss Hogue's topic will be "Highlights of Personal Money Management."

Miss Evelyn Burke, chairman of district two, with which the local organization is affiliated, will also address the group.

Program chairman for this meeting is Miss Nancy Brannan. She will be assisted by Mrs. Helen Goodman, Mrs. Diane Stephens, Mrs. Beatrice Schultz and Miss Esther DeGarmo.

**Wohn Engagement Announced at Party**

The engagement of Patricia Wohn to Orin Ribar, son of Mr. and Mrs. Steve Ribar, of Plymouth was announced Saturday evening by her mother, Mrs. John Wohn of Simpson street. An August wedding is planned.

The announcement came following a surprise birthday party for Mrs. Wohn at the Simpson street home. Party arrangements were made by her children, John, Patricia, Deanna, Ronnie and Kay.

Attending the event were guests from Dearborn, Redford, Detroit and Plymouth.

Miss Patricia Ann Johnson  
**Patricia A. Johnson Engaged to Serviceman**

Mr. and Mrs. William Johnson, 600 Ann street, announce the engagement of their daughter, Patricia Ann, to Private First Class Donald Lane Byers. He is the son of Mr. and Mrs. Eldon Byers of 41951 Five Mile road.

A graduate of Plymouth high school in 1953, Donald is presently serving with the U. S. Army in Germany. Patricia Ann will graduate from the local school in June.

A definite wedding date has not been set.

**Local Hi-12 to Mark Tenth Anniversary**

Plymouth members of the Hi-12 will meet Wednesday, March 23, to celebrate the 10th anniversary of their organization. Past presidents will also be honored at the 6:30 dinner meeting in the Arbor-Lill restaurant.

Following their dinner meeting last night, Hi-12 members witnessed the degree work of the local DeMolay chapter at the Masonic Temple. Hi-12 and Plymouth Rock Lodge are co-sponsors of local DeMolays.

The following members of the Plymouth Hi-12 last Wednesday night visited the Monroe Blue lodge: David Thompson, Floyd Tibbets, Rex Hoffman, Charles Huebler and Raymond Bachelder. Discussed with international and national club representatives was the forming of a Hi-12 club in Monroe, under the sponsorship of the Plymouth organization.

The Monroe visitors heard Dr. J. O. Kinnaman present a talk on archeology and its relation to masonry.

**BIRTHS**

Sergeant and Mrs. Derald McKinley of Fort Benning, Georgia, are the proud parents of a son, Garry Duane, born March 7 at Fort Benning hospital, Georgia. He weighed nine pounds at birth. Mrs. McKinley is the former Carolyn Smith of Plymouth.

Mr. and Mrs. William Herter of Auburn avenue announce the arrival of a seven pound-10 ounce son, Michael David, born at Garden City hospital on March 5.

**Not Paid For That**

During a layover on a recent week-end trip, we overheard the ticket agent make assurances that a certain train would be on time. One man, after pacing the station platform for more than an hour, stalked angrily to the ticket window.

"Why didn't you tell me this train was late when I asked you before?" he fumed.

"Look here, Mister," replied the complacent agent, "I ain't paid to sit here and knock the railroad."

**Comeback**

"Say, you're the limit. If I mailed a letter addressed to the 'dumbest man in Boston,' I know who they'd deliver it to."

"So, do I; they'd return it to the sender."

**Optimists Engage Rew For "Boys Night" Program**

Featured guests for "Boys Night" sponsored by the Plymouth Optimist club on Monday, March 21, will be Roy Rew, local magician.

A host of magical feats will be performed by Rew before an audience of club members, Junior Optimists and their friends. For the special program the Optimists have invited each of the junior members to bring a guest.

The event will be held at 7:30 p.m. in the V.F.W. hall on Lilley road.

Mr. and Mrs. Clarence Clohset of Birmingham; Mrs. John Clohset of Bay City visited Miss Amelia Gayde and other relatives Sunday.

Carl Hartwick and daughter, Mary Lou, and Miss Virginia Knox of Ithaca were Sunday dinner guests of Mr. and Mrs. Frank Pierce of Northville road.

Mrs. Ilene Herriman and son Douglas are vacationing in Tampa, Florida, with her parents, Mr. and Mrs. Andrew Powers. Mrs. Herriman will accompany her folks home in a few weeks.

David Herriman is visiting his grandparents. Mr. and Mrs. Wayne Herriman, in Flint.

The Goodwill Industries will make a pick-up in this area, Monday, March 21. To make arrangements for the truck to stop at your home, call Mrs. Edith Sorenson at Northville 571.

**SOCIAL NOTES**

The Mae Hudson chapter of the Nazarene foreign missionary society met in the home of Mrs. Lillian Sawyer on East Side Drive last week Thursday.

Mr. and Mrs. Frank Ockert and sons, Mr. and Mrs. Edward Sawyer and Melvin Sawyer met Sunday in the home of Mr. and Mrs. George Sawyer on East Side Drive to celebrate Mrs. Ockert's birthday.

Mr. and Mrs. Harry Bucon of Clemons drive entertained Saturday evening. Guests were Mr. and Mrs. Clyde Fox, Detroit; Mrs. Harold Todd; Mr. and Mrs. Steven Veresh, Mr. and Mrs. Jack Gage and son Jim; Mr. and Mrs. Carl Hartwick and Mary Lou Foote. Buffet supper served.

Mr. and Mrs. Clarence Clohset of Birmingham; Mrs. John Clohset of Bay City visited Miss Amelia Gayde and other relatives Sunday.

Carl Hartwick and daughter, Mary Lou, and Miss Virginia Knox of Ithaca were Sunday dinner guests of Mr. and Mrs. Frank Pierce of Northville road.

Mrs. Ilene Herriman and son Douglas are vacationing in Tampa, Florida, with her parents, Mr. and Mrs. Andrew Powers. Mrs. Herriman will accompany her folks home in a few weeks.

David Herriman is visiting his grandparents. Mr. and Mrs. Wayne Herriman, in Flint.

The Goodwill Industries will make a pick-up in this area, Monday, March 21. To make arrangements for the truck to stop at your home, call Mrs. Edith Sorenson at Northville 571.

Mr. and Mrs. Sidney Strong attended the 100th birthday party of Mrs. Ella Yapp in Grosse Pointe last Saturday at the home of Mrs. Leo Kramer. Mrs. Yapp was a cousin to Mrs. Strong's father.

Week-end house guest of Mr. and Mrs. Evered Jolliffe of West Ann Arbor trail was Mrs. D. J. Hagerman, principal of Bickinson school in Grand Rapids.

Mrs. Otto Beyers is convalescing nicely at University Hospital, Ann Arbor. No visitors allowed.

Phyllis Underwood, formerly of Plymouth, now residing in Trenton, was re-elected in the Daughters of America, Pride of Trenton Council 39, on Monday evening, March 7. She was a former member of the Old Glory Council of Plymouth.

Al Elzerman, well known former Plymouth resident, visited his parents, the William Elzermans, last week enroute from Nashville, Tennessee to his home in West Springfield, Massachusetts. Al has a very responsible position with the Stanley Products Company.

Mrs. Cera Kelley, who resides with her sister, Mrs. Homer Singer on South Main street, is critically ill at University hospital, Ann Arbor, where she has been confined for the past three weeks.

Mr. and Mrs. Frank Henderson of Sunset avenue spent the weekend in New York where they attended the performance of "Othello" at the Metropolitan Opera House. On Sunday they attended services at St. Mary's Episcopal church.

Dean and William Saxton of the Saxton Feed and Supply store on West Ann Arbor trail, attended the engine service school at the Briggs - Stratton Engine Manufacturing Company plant in Milwaukee, Wisconsin recently. While in Wisconsin, they also visited Mr. and Mrs. Alva Stein in Thiensville.

Mr. and Mrs. Sidney Strong attended the 100th birthday party of Mrs. Ella Yapp in Grosse Pointe last Saturday at the home of Mrs. Leo Kramer. Mrs. Yapp was a cousin to Mrs. Strong's father.

Week-end house guest of Mr. and Mrs. Evered Jolliffe of West Ann Arbor trail was Mrs. D. J. Hagerman, principal of Bickinson school in Grand Rapids.

Mrs. Otto Beyers is convalescing nicely at University Hospital, Ann Arbor. No visitors allowed.

**Pease Announces Contest Winners**

Names of winners in the "paint-by-number" picture contest sponsored by Pease Paint and Wallpaper company of South Main street were announced this week by Owner A. Gerald Pease.

1st, Mrs. E. Brown; 2nd, John Monteith, 3rd, Mrs. Horace Johnson.

Scenics: 1st, A. Becker; 2nd, Joyce Stark; 3rd, Barbara Kelly.

Animal series: 1st, Mrs. William Ranbo; 2nd, George Zamoras. There was no third prize winner.

Personage series: 1st, Eldon Martin; 2nd, William Parker; 3rd, Leota Martin.

Children under 12 winners were: 1st, Helen Moberg; 2nd, David Houk; 3rd, Gay Shirey; 4th, Gerry Heath; 5th, Robert Monteith; 6th, Bonnie Gibson; 7th, John Lightfoot.

Prizes awarded for 1st, 2nd and third place winners in the different categories were: King-size: \$25, \$15, \$10; scenic: \$15, \$10, \$5; animal: \$15, \$10, \$5; personage: \$15, \$10, \$5; children: \$10, \$5 and five \$1.

Paintings will be on display at the Pease paint store.

Knits score again in wool, and in combinations with orlon and Dacron, imaginatively styled, flatteringly tailored, and interestingly lined at times with red velvet.

Singing colors rival the brightness of the sun, run the gamut from magenta to deep turquoise, soften to undersea tones.

Swim suit colors take inspiration from foreign shores! From Mexico come matador reds, sunny yellows, and bright blues. Oriental prints lend themselves to asymmetric draping. Persian influences appear in bright cotton with a wide corselet belt of seaworthy leather.

A jungle version emphasizes white leopards and jaguars, with an animal ruff used to add design interest to the bold prints.

Gay prints, smaller than last year, vie with plaids, checks and polka dots. White accents add interest.

**GIRL SCOUT NEWS**

Plymouth Girl Scouts held their annual Juliette Lowe Rally on Sunday, March 13, in the high school auditorium. A flag ceremony opened the program which was attended by about 400 Brownies, Scouts and their parents. Senior Scout Karla Herbold acted as mistress of ceremonies. Mrs. Sheldon Baker, leader of Troop 1, presented the First Class Award to seven members of her troop. The girls earning this award are Georgette Graham, Sharon Woods, Carol North, Elizabeth Calhoun, Allison Scott, Kathy Yakley and Sydmae Van Aken.

The Curved Bar, highest award in Girl Scouting, went to a record number of Scouts. Members of Troop 1 receiving this honor were Christine Baker, Betsy Edgar and Joann Nagy, Mrs. Henry Jensen introduced members of Troop 5 who have achieved this rank. They are Mariana Jensen, Diane Beaver, Carol Wohlgenuth, Kay Sempliner, Judy Rowe and Ann Hulsing, Co-leader of Troop 5 with Mrs. Jensen is Mrs. William Congdon.

Senior Service Program Aids emblems were awarded members of Troop 5 in recognition of their service with younger troops and for volunteer assistance at the Easter Seal Day camp. Those receiving the emblem were Diane Beaver, Ann Hulsing, Jane Hardiman, Betty Worth, Judy Rowe, Marjorie Reddeman and Kirstie Schipper.

Mrs. Eber Readman, Council President presented Mrs. George Bauer with a pin denoting five years of service.

A short pageant depicting progressive steps in Scout camping from Brownie Hobo Hikers to Senior Primitive camping was written and directed by Mrs. William Edgar.

An offering from each Troop made up Plymouth's contribution to the Juliette Lowe fund which promotes Scouting all over the world.

The rally was under the supervision of Mrs. John Looge, Mrs. William Edgar, Mrs. Clifton Giltonson and Mrs. Thomas Thorpe.

A total of 760,000 oil burners of all types were sold in 1954, says the Plumbing and Heating Industries Bureau.

### Artist to Address U of M Club Tomorrow Night

The University of Michigan's Club's March birthday meeting and election of officers will be held tomorrow, March 18, at 6:30 p.m. in Bird Elementary school.

Guest speaker following the business meeting will be Mrs. Cyril Miles, chairman of the Art department, Highland Park Junior college. Addressing the group on her recent trip to Mexico, Mrs. Miles will illustrate her talk with slides and articles from that country.

Born in Boston, Mrs. Miles was educated in Detroit. She graduated from Wayne university with a master's degree in Fine Arts and is presently an instructor in painting at the Detroit Institute of Art. Her work has been displayed at the Michigan Artists exhibition at the Detroit Institute of Art since 1940.

Mrs. Miles is a charter member of the Michigan Watercolor society and is presently a member of its board. Prizes have been awarded to her at the State Fair Art exhibition, the Detroit Teachers show, Michigan Watercolor society and the Detroit Society of Women Painters and Sculptors.

### Firemen Answer Alarm

An overheated oil space heater brought the Plymouth fire department to the home of Joseph Ferguson, 552 Maple street, last Tuesday afternoon. Fire Chief Robert McAllister said that an oversupply of oil in the furnace caused it to overheat but there was no fire outside the furnace. Firemen stood by until the furnace cooled down.

While traveling to the fire in his own car, Assistant Chief George Schoeneman reported that a girl stepped out from between two cars near the Mayflower hotel and walked into the side of his car. Police said that Schoeneman was driving at about five miles an hour at the time.

The girl, Kathryn Armitage, 433 Sunset, was taken to Sessions hospital in Northville where x-rays showed no broken bones. She received several bruises.

Freedom exists only where the people take care of the government.—Woodrow Wilson.

SALLY MORGAN reads the letter she received recently from the state Youth Activities chairman, informing her that she had won first place in the State Youth Leadership contest. Looking on are (right) Tom Argo, local chairman of the Youth Leadership Group, and Phil Barney (left) of the Plymouth BPO-Elks. Sally as state winner receives \$100 cash from the state association and as local girl winner receives a \$25 bond. Local boy winner of the contest was Dave Beegle (inset) who also receives a \$25 savings bond. The contestants were judged on leadership, citizenship appreciation, perseverance, resourcefulness and sense of honor.

### Plymouth Lions Club Plans Benefit Wrestling Show

The Plymouth Lions club has announced that plans are underway again this year to present its annual wrestling show for the benefit of the local club's charitable activities.

Planned for Saturday, April 2, the event is under the chairmanship of Cameron Lodge, Jr. According to Robert Erdelyi, publicity chairman, a card of several bouts featuring the country's top grapplers will be offered. Erdelyi stated that the contestants will be named next week. The bouts will be held in the high school gymnasium.

### Easter Seal Dollars Help Plymouth

For contributors to the Easter Seal campaign who may wonder what happens to their dollars, a highly informative report was released this week by the Wayne Out-County chapter of the Michigan Society for Crippled Children and Adults.

It shows that Mrs. Leslie Taylor, chapter executive secretary from Plymouth, made 3039 home calls during 1954 in behalf of the care and treatment of 245 persons. A total of 789 crippled children and adults were reached during the year and more than 133 new cases were referred to the chapter. Also approximately \$1100 was spent to provide special shoes, glasses, stryker frame, walker, wheel chairs, easel and bed tables for homebound individuals.

Mrs. Taylor pointed out that this help was brought about by citizens of Plymouth who contributed to the 1954 campaign. The local campaign, currently being conducted by the Plymouth Rotary club and under the general chairmanship of Frank Allison, helps support the chapter services to 46 handicapped individuals living in Plymouth. The local campaign will be concluded April 10.

### First Graders Model Before Audience of 100

Over 100 parents and guests of Smith school youngsters were on hand for last week's style show sponsored at the school by first-graders in Miss Bertha Anderson's class.

Modeled by the 27 youngsters were the latest Easter and spring styles for young fry. Fashions for little girls, which included everything from dresses, coats and sportswear to accessories, were supplied by Dunning's. Slacks, sportjackets and suits worn by the boys were furnished by Davis and Lent.

### Library Book Club Meets

The Library Book club will meet Tuesday, March 22, at 1:30 p.m. in the home of Mrs. Betty Norman, Ann Arbor trail.

Mrs. Chris Witwer is in charge of the program.

There is no substitute for character in making a man and no substitute for experience in developing worthwhile character.

## George Conover Named To Key Scout Post

This week District Chairman Kenneth L. Hulsing, announced four new appointments to key district posts in the Detroit Area Council, Boy Scouts of America, as follows:

George Conover, 279 Blunk Street, Plymouth, was named Camping chairman. Robert Johnson of Livonia, was appointed as Advisor for Chapter Seven, Order of Arrow, and camping fraternity. Glen D. Witcraft of Wayne, as chairman of special events and civic service. Named as Protestant Chaplain for the District is Richard M. Hansz, 11309 Arden, Livonia.

Conover began his Scouting in New England as a boy, later served as a Scoutmaster, and five years ago became Cubmaster in the First Presbyterian Church, Plymouth. For four years he was director of Cub Scout Leader training courses for the entire Sunset district, and last fall took trainers instruction for Scoutmasters.

Conover will automatically become a member of the Detroit Area Council Camping committee which is planning several new features for camps next summer.

## For Early Spring Force Shrubs To Bloom Indoors

Are you getting eager to enjoy the heavenly scents and colors of those first flowering shrubs and trees?

Why not anticipate spring and brighten the drab winter look of your home by cutting branches of your favorite shrubs and bringing them indoors for forcing?

Elzada Clover, associate professor of botany at the University of Michigan, says there are numbers of these which may be easily and successfully forced so you can enjoy their out-of-season beauty.

The rules for forcing are very simple and the results rewarding. "The branches should be cut after the buds have begun to swell but before they show signs of blooming," the botanist says. "Some people suggest crushing the ends with a hammer or cutting the lower ends diagonally with a knife, although this is not essential."

"Put the branches in rather deep, lukewarm water in a bucket-sized container. The air should be somewhat moist and cool. A basement or a cool spare bedroom would be ideal. Remember the developing buds need light but it should not be direct, or too intense. The branches should be sprayed with water every few days to keep the buds from drying out," she says.

First to come out under indoor forcing will be Forsythia, with its much-loved brilliant yellow flower, and the silky-grey pussy willow. The silver maple, with its small clusters of reddish flowers growing close to the stem, also has fine decorative value.

Cottonwoods, and other poplars may be enjoyed for the novelty effect of their brilliant red or greenish-colored catkins. The alder's long-tasseling catkins, consisting of many minute brownish flowers, may be used to add a touch of the whimsical.

Most beautiful of all are the scented, delicately colored blossoms of the flowering fruit trees. Easily forced are the exquisite pink and white blossoms of apricot, plum, apple, peach, pear, and Japanese quince.

Redbud and Spiraea will lend themselves readily to this treatment, and you should also have good luck forcing the branches of the little woodland shrub, Benzoin, and prickly ash. Both of these have small yellow flowers.

Most of these are very easily forced and will probably give you flowers within a week or ten days. But—decorative considerations aside—you can have fun watching the spring development of "almost any blossoming branch," Professor Clover promises.

Most significant is the \$125,000, modern, swimming pool at the Charles Howell Scout Reservation at Brighton. The pool is built in an "L" shape with special diving facilities. A shower house is also included. This camp will also initiate this year a cafeteria plan of feeding in the main lodge which will enable accommodation of double the number of campers.

The D-Bar-A Ranch near Metamora will also institute an experiment with feeding by sending food, for part of the meals, from a main kitchen to out-lying camps in large thermos containers. Scouts will still have an opportunity to do part of their cooking, but will be allowed more free time for practice of the other Scouting skills.

Johnson, also a New Englander, has had considerable experience in Scouting in the East. For three years he has been Assistant Scoutmaster of the Plymouth Lions Club troop, and has assisted as an instructor in the Scoutmaster Training courses. He will be a member of Conover's Camping committee.

Witcraft, currently president of the Wayne Lions club, is director of Customer Relations, Wayne branch of the National Bank of Detroit. His Scouting committee will be responsible for such events as the Annual Dawson City Sweepstakes (a winter Scouting skills event), Boy Scout week special programs, "Get Out The Vote" promotion, and other district activities not involving camping.

Hansz, Cubmaster of Pack RG-1, Rosedale Gardens Civic association, is a lay preacher in St. Andrews Episcopal church, Livonia. He will work with protestant pastors on promotion of the Church Awards program and will be responsible for the protestant services at Camporees.

### Sharp Retort

"Are you going to take this lying down?" shouted the politician. "No, the shorthand reporter is doing that," cried a voice.

## New Fashion Themes Appear In Miniature for Girls, Boys

In this spring's bouquet of sub-teen and teen groups can look ahead to exciting choosing in their spring wardrobes. Suits are either very slim-lined or full-skirted and underscored with petticoats.

Throughout the girls' wear picture, the important fashion influences can be seen, promising a gala spring for the girls!

It is interesting to note that many of the major fashion themes for spring appear in miniature versions.

The perky little frocks in 1-3 size range are being shown with the new, longer torso, nautical styling, and the ensemble look!

This pint-sized costume look is achieved by matching dainty, flowered hats, fabric or plastic handbags, or pixie caps to the dresses.

The favorite fabrics in these captivating Easter-bound frocks are organdie, dotted swiss, fine cottons, and new cotton-and-silk mixtures. Hello, lavender, mauve, orange sherbet, pinks, and blues are the season's pet pastels, while navy, especially with white, is important in the nautical look frocks.

Toddler's coats feature such fashion points as the high belt back, some belted straight across the shoulder blades, and the longer waistline worked as elegantly as in the bigger size ranges.

Another favorite silhouette is the coat with straight panels, front and back, and flared or pleated fullness at the sides.

Little boys will find themselves looking very dressed up as they step into the Easter Parade. The "little man" look is a definite influence as evidenced in the revival of the chesterfield. Luxury touches are seen in velvet coat collars, and vests, rayon jacquard linings, and rich-looking stripes.

The Rugby suit with a plain color gabardine slacks, a contrasting plain color vest, and a novelty stripe woolen jacket gives the very young man a well-dressed air! The Eton suit is shown for Spring, usually with a contrasting jacket.

Pink and charcoal remain the favorite colors, while the cognac shades emerge as important.

Fashion-conscious girls of the

### To Each His Own

"What did you come to college for anyway?" demanded the disgusted Professor. "You are not doing any studying."

"Well," replied the student, "Mother says it's to fit me for the Presidency of the United States. Uncle Jim says it's to sow my wild oats. Sister Helen says it's to get a chum for her to marry. And Dad says it's to bankrupt the family."

### New Lease on Life

Paint brushes in which the paint has hardened do not need to be discarded. It is not difficult to restore them to usefulness with the aid of products made for the purpose which are available at your paint store.

A penetrating floor sealer is a type of varnish that penetrates wood instead of remaining as a film on the surface. Scratches made by traffic are less noticeable on this type of finish than on some others.

## "Airy" Note in Spring Millinery Balances New Silhouette Line

Topping the 1955 spring fashion story is a new "airy" feeling in millinery.

The airy note is carried through in a lightness of appearance, and texture, employing the use of lace and sheer materials—chiffon and organdie—of cutouts, slits, and slivers to permit the coiffure to show as much as possible.

The majority of shapes remain small, more "tips" of hats, but there are a number which swing to wider brims and deeper crowns. The little cap presents a peaked front, a deeper back. Sailors left a flippant brim away from the face, in key with the popular breton.

The picture hat appears with shantung "dome," or dramatically draped brim.

Softly curving pillboxes gain volume in pleats, in jutting bouquets and sprays of tiny fruit, in contrasting draping and jeweled bows.

Milady's Easter bonnet may be truly a "bonnet" of shantung or of straw, tiny of brim, velvet bowed and definitely copied from the carriage set.

Mushrooms of straw carry, at times, long streamers of bright velvet, or are completely draped with a silk scarf and girdled with a ribbon.

Straws strike a new note in shiny textured surfaces, often starred with sequins, beads, and jeweled ribbons.

Fishermen-inspired, are floppy bonnets with a sou'wester feeling... often enhanced by overlays of straw "fishnet."

Colors slant to hues of sky, mist and filtered sunlight and bear such delicious names as "lemon ice" "sun-kissed orange," "cinnamon." Flower trims repeat pale tints of hyacinth and avocado, dreamy blues and desert pink, deepening into gunmetal, navy and black hues. Reds appear importantly for spring as do all the glowing violet shades.

Shimmering, jewel-like straw and straw cloth add importance to small hats. Iridescent and multicolored effects are created through the use of metallic or colored threads woven through straws or with silver beads woven into the straw.

Your Easter bonnet may be broad-brimmed or head-hugging, cloche or cartwheel... pixie cap or sailor! Or, it may be a cloud of pale chiffon and lace. But it will be worn with a straight forward air and a heady look to balance the narrow lines of Spring's silhouettes.

## Take Good Look at Label On Lawn Seed Mixture

Ten percent of the 93 million pounds of lawn seed used nationally are estimated to be sown in Michigan where within a few weeks homeowners and others will be sowing new lawns or patching up bare spots.

Since no one lawn mixture is ideal for all conditions, the Michigan Department of Agriculture asks purchasers of lawn mixtures to read well labels on the containers before buying.

Labels not only should contain germination percentages of the ingredients but also the various types of grass seeds that go to make up the mixture.

In its seed testing laboratory at Lansing the Michigan Department of Agriculture runs hundreds of seed tests for germination and purity a year. Lawn mixtures make up a sizeable part of the total tests. And they are the most complicated.

Lawn mixtures are made up of anywhere from five to nine different kinds of grasses, considered by the company offering it to be the most suitable for the purpose intended.

In the Department's seed laboratory, a sample from a lawn mixture is carefully taken. Highly-skilled seed analysts work under strong lights. They use a glass that looks like a jeweler's glass in sorting out with tweezers the

various seeds. Most analysts at a glance can identify 125 different kinds of noxious weed seeds. When found these weed seeds count against the sample's percentage of purity.

After various kinds of grass seeds in a sample are segregated, these various types are germinated separately in the Department's big germinators. There is a big variation in the germination time of different kinds of grass seed. Some types such as white clover or red top come up in a week or slightly over. Japanese Bluegrass sometimes takes as long as 35 days. So the completion of a lawn mixture analysis is one of the slowest things in the seed testing laboratory.

## OBITUARIES

### Mr. Ben York

Services will be held this afternoon in Marion, Indiana for Mr. Ben York, father of Earl Myers, 628 North Harvey street.

Mr. York passed away Tuesday morning, March 15, at his home in Marion. He was 97 years of age. Besides his son, the deceased is survived by three granddaughters, Grace Nicholas, Betty Joann Stiff and Helen Toll, all of Plymouth.

### Mrs. Mary Higgins

The death of Mrs. Mary Higgins of 208 South Main street was reported shortly before presstime today.

Mrs. Higgins passed away last evening at her home, where she had suffered a fatal heart attack. Funeral arrangements have not been completed. Further information may be obtained from the Schrader Funeral home.

## Fine Lawn Provides Perfect Setting For Beauty of Low, Modern Home

Lawns have become more important than ever in the home landscape

Modern home design has increased the importance of the lawn to the home landscape. The house with low spreading lines finds a harmonious frame and foreground in the flawless green carpet upon which it rests.

Without care a fine lawn is impossible, wherever it is attempted. With care, there are several fine lawn grasses available to Americans, the most widely used being blue grass. Since the earliest days, Kentucky blue grass has been the chief reliance for lawns in the northern states.

Its rugged persistence in overcoming obstacles to its growth may sometimes encourage neglect. Its beauty, hardiness and quick response to favorable treatment have kept it in first place against many rivals for more than a century.

Good treatment is much the same for all lawn grasses. In soil requirements they are similar to other plants. The soil should be porous, to provide good drainage, and should contain organic matter to hold in storage water and plant food for the plants to use. These qualities should be checked, and if necessary improved, before any seed is sown.

Though late summer or early fall is the best time, most new lawns are made in the spring. As soon as the ground has thawed out and is dry enough for working, seed for a new lawn may be sown.

The first step is to apply plant food. Three or four pounds of balanced commercial plant food per 100 square feet is usually sufficient. Half of this may be spread evenly over the area and spaded under. The lawn should then be raked smooth and leveled before seed is sown.

The remaining half of the plant food may then be mixed with the seed and both spread together, preferably with a fertilizer spreader, which will apply it evenly at the rate recommended by

the supplier. The seed and plant food should be raked into the top soil. Then use a lawn roller or tamper to compact the soil. This will assist germination and the early growth of seedlings.

The soil should not be allowed to dry out until the seed has germinated, even though this requires frequent sprinkling. If sowing is delayed until warm weather, it may be necessary to cover the surface with straw or similar material to shade the surface and check drying, while admitting both air and light.

After the grass gets a good start sprinkling should be less frequent, with more water applied at a time. Established lawns should be watered when they need it, with a thorough soaking.

Careful tests have shown that an adequate supply of nitrogen throughout the summer is necessary, to keep blue grass growing vigorously. This may be supplied by using a plant food which releases its nitrogen slowly, such as is now available to amateurs. Otherwise frequent applications of nitrogen in other forms should be made.

## FOR THE FUTURE OF YOUR CHILDREN

**MONDAY, MARCH 28**

### PROPOSAL 1 will ask you:

To approve a transfer of 7 mills in our tax levy to retire \$3,000,000 in bonds.

### PROPOSAL 2 will ask you:

To grant authority for the board of education to sell \$3,000,000 in school bonds.

## YOUR PRESENT SCHOOL TAX RATE WILL NOT BE INCREASED!

### These are our needs:

Statistics may be boring—but citizens of Plymouth Township School District are faced with some facts they dare not ignore! Boys and girls are ALREADY overcrowding our elementary schools. Three schools are using their libraries for classrooms. One of these also uses its auditorium. Next September all elementary schools will need to convert their libraries and auditoriums into class rooms.

Junior High enrollment last October 1 was 469. It is anticipated that 525 will be enrolled next fall. This is an increase of 56 students. With 35 to 42 pupils already filling each classroom, where can we put an additional 56 boys and girls? Sacrificing the Junior High library for classroom space is the only solution.

We are living in a growing community. Plymouth and Plymouth Township had a combined population of 11,582 when the federal census was taken in 1950. It is estimated that there are 2,100 more people today. And in four more years, authorities expect another 2,800 men, women and children. Our school population back in 1950 was 2,400. An average of 200 extra children a year have been pouring into classrooms, placing today's enrollment over 3,400. Our school census shows that we can expect these or even higher gains in enrollment indefinitely.

These are just a few of the statistics which point to the serious problem ahead. The solution is obvious. More classrooms must be provided.

### Here's what your "YES" vote will do:

PROJECTS	ESTIMATED COSTS

**360 S. Main in Plymouth**

IT WAS A UNIQUE reason indeed that brought together this group last Saturday evening at the home of Mr. and Mrs. Fred Van Dyke of Joy road. Limburger cheese was the big attraction! Most of the gatherers (excluding the photographer, who was enticed into sampling the cheese) are fond lovers of strong, strong limburger. Above, Dr. A. E. Van Ornum serves up another sandwich while (l. to r.) Mrs. Gerald Fitch, Mrs. Ralph Snoko, Van Dyke, Mrs. Van Dyke, John Van Dyke, Dr. Fitch and Dr. Snoko look on.

### New Look in Men's Hats Features Change in Brims, Crowns, Colors

It's not only the women who need a "new spring bonnet," but the men as well... for men's hat styles have changed dramatically!

Narrower brims, darker colors, slim tapered crowns, and deep center crease hats, unpinched in front are a few of the recent innovations.

New features for spring will include unusual muted tones and heather mixtures, as well as lighter, contrasting bands.

Sports styles are becoming increasingly popular particularly since men have more leisure time. The sports hats, which come in a wide variety of styles, are also light in weight and many are soft and flexible.

To brighten up the popular dark tone spring hats for business and dress-up, high lustre grosgrain bands and brim binding are used with a striping effect. Such colors are cordovan, a rich warm brown; black forest, deep black-green; jet gray, a dark gray; cobalt, a deep blue and char-black will be seen this spring.

Summer straws are also shown in deep colors lightened by contrasting bands.

Never before have men had such a chance to vary their wardrobes—or to change their personality... with a hat!

"Pearl" sequin buttons, seed pearls' edge cotton shorty gloves.

PATRONIZE OUR ADVERTISERS

CHAMPION OF the midwestern state's Lutheran bowling league tournament, held last month at the Great Lakes alleys in Detroit, is this quintet of local keggers. Pictured left to right are Joseph Rowland, Emmett Parker, Norm Mahrley, Walt Tacia and Richard Sharf. The five men, members of St. Peter's Lutheran team 4, rolled a total of 2474 for three team games to come out 395 pins over the tourney's average score. The winners received a team trophy, a \$200 cash team prize and gold rings for each man.

### Spring Brings Warnings About 'Tree Quackery'

Springtime is the usual time that homeowners with sick trees think about calling up a tree surgeon—but a warning went out this week by the Plymouth Community Protection committee of the Chamber of Commerce saying "watch out for tree quacks."

Although tree surgery is a science when engaged in by trained and skilled technicians, it may be an outright fraud, the committee pointed out.

"Untold damage is done annually to trees throughout the nation by unqualified and unscrupulous men posing as tree experts. Since the frauds may not be evident to homeowners until after the tree dies, it is essential that homeowners protect themselves against this racket by becoming familiar with the tricks of the tree phonics, and how to avoid them," the committee states.

In a recent article on this subject in the American Home Magazine, the following precautions are suggested:

1. Be wary of unknown solicitors.
  2. Before employing any tree man, check carefully with your county agent, Chamber of Commerce or the well-known nurseries of the area.
  3. Insist on references and check them.
  4. Don't rush. You can save your tree just as well tomorrow as today.
  5. Be wary of guarantees. A reputable tree surgeon can not guarantee to cure a sick tree any more than a doctor can guarantee to cure a sick patient.
- In most states anyone can work as a tree surgeon. All that is needed is a truck, a few tools and a smattering of knowledge about trees and their care. In a few states such as Connecticut and Louisiana, for example, tree surgeons are required to pass a licensing examination.
- Hiring of an incompetent worker may be costly in the long run. If he is not covered by workmen's compensation, a fall may cost you plenty.

### Local Store to Observe Its Fifth Anniversary

The fifth year of supplying Plymouthites with articles for their homes is being celebrated this week by Better Home Furniture and Appliances, 450 Forest Avenue.

Owners Bert and Babe Wyse said the event would be marked by special sales extending over a ten-day period. Anniversary specials will be featured at the store starting today and ending Saturday, March 26.

## Pease "Colorama" Features Experts On Home Decor

What's new in the field of home decoration and what homeowners can do to incorporate the latest ideas in their own homes will be advanced in a series of lectures and demonstrations Tuesday evening, March 22, at "Colorama."

The event is being sponsored as a service to the community by Pease Paint and Wallpaper company, 570 South Main street.

Starting at 7:30 in the high school auditorium, Colorama will have as its featured speaker, Miss Irma Dutrieux, color stylist from South Bend, Indiana. Correlation of fabrics and colors in the home will be the expert's main topic, which she will illustrate through demonstrations in connection with her lecture.

A color film entitled "Creating a Home" will also be shown. Ideas on furniture placement, creating the atmosphere of a room, drapery hanging and numerous other tips will be presented in the film.

The second portion of the program will feature a talk by a representative from a nationally famous carpet company. Discussed will be the proper selection of a carpet for the home, further illustrated by a color film on the manufacture of carpeting.

Problem walls and what to do about them will be discussed by another expert from Detroit. A lecture on refinishing of furniture will also be given.

Introductory music for the program will be furnished by nine members from the Plymouth high school choir. Separating the two portions of the three-hour program will be a coffee hour.

Baby-sitting services have been arranged for the event in Room 14 of the high school, where youngsters will be entertained with movies, books and games.

Tickets for "Colorama" are available at no cost from the Pease Paint and Wallpaper store.

### Chamber Supports

Continued from Page 1  
South township has announced its intentions of establishing a water system by use of wells. Officials from both the city and township, however, have long hoped for a lake water supply due to the unpredictable level of ground water.

County sanitary engineers say that the water intake and filtration plant would probably be on the Lake Erie shore near Rockwood. Cost of the system would be assessed to all county property owners.

### Who Wants

Continued from Page 1  
The whole idea wasn't a white-wash from the beginning, why should they name a survey group including the city commission, city planning board, township board and township zoning board all without the right to vote, and then place three members of the school board on the committee with voting powers?

"They may want annexation but the residents of the township certainly do not," he concluded.

For the good of your home and your pocketbook, it is important to ventilate your house frequently—that is, to supply fresh air from the outside and remove some of the moist, humid air from the inside of the house. Excessive moisture pressure within a house can penetrate the walls and cause expensive damage.

## Blood Still Needed For Local Resident

The need for blood donors for George Keeping, 902 Hartough, is still acute, although a small response has been made to the recent appeal in The Mail.

A patient at St. Joseph Mercy hospital in Ann Arbor, Keeping requires a pint of blood a day to offset the non-clotting condition of his blood. He has had over 48 pints since entering the hospital on October 4, part of which has been replaced by the family to the hospital blood bank.

Donations may be made at the Ann Arbor hospital, 326 North Ingalls, or at any hospital or blood bank in the country with the request that it be transferred in Keeping's name to St. Joseph Mercy hospital.

## Consolidation Activities

Continued from Page 1  
ready to make some report at the next meeting on April 12.

Areas being explored by the service committee are water, police, inspections, sidewalks, street lights, sewer, fire, garbage and rubbish disposal and street maintenance. On this committee are Robert Lidgard, chairman, Ralph Seyfried, Horace Thatcher, Roderick Cassidy, Loren Johnson, Byron Becker, Frank Terry and Annette Grady.

The planning committee is to study problems dealing with recreation, zoning, subdivisions, building codes, health and welfare, trailer camps, industry location and parking. Serving are Thomas Adams, chairman, Chloe West, Harold Shirey, Leslie Taylor, Frank Lodge, Walter Ash, Gene Light and Robert Barbour.

The finance committee is charged with investigating tax rates, assessments, bonding procedures and non-tax revenues. This committee consists of Austin Stecker, chairman, James Gallimore, Robert Lorenz, Violet Roberts, Ralph G. Lorenz, Don Ward, Marvin Criger and Charles Wyse.

Duties of the administrative committee are to study annexation procedures, annexation legislation, integration of township and city employees, distribution of assets and liabilities and special assessment policies. On the committee are Ralph G. Lorenz, chairman, Garrit Van Tubbergen, George DeGroat, Lois Jensen, Gladys Tillotson and Floyd Tibbitts.

Each committee has four township and four city residents with the exception of the administrative committee which has a total of six members, four from the township and two from the city.

### Over 700 Attend

Continued from Page 1  
roles of Don Wallace and Jon Wolfe added much to the humorous plot situation and contributed in making the play an evening of delightful entertainment for Plymouth audiences.

The amount of applause arising as the final curtain dropped on each performance indicated that the Kiwanians and Plymouth Theatre Guild had combined efforts to present one of their most outstanding dramatic productions to date.

### The Reason

Sick Call PO—How do you feel, sailor?  
Recruit—Can't kick.  
PO—Then what are you doing here at sick bay?  
Recruit—Rheumatism.

RECIPIENT of the first cash award in the new Evans Products company employee suggestion plan is Fulton Griffin, shown at left receiving a \$100 check from President E. S. Evans, Jr. The company recently installed the plan as an incentive to employees to come up with time-saving or new production ideas. If accepted by the committee, an idea can bring an employee as much as \$3000.

## St. Patrick's Day

St. Patrick, the patron saint of Ireland died on March 17, 493. The anniversary of his death has been celebrated regularly in recent times by not only Irishmen but those of many other races, and not only Catholics but those of other faiths.

In fact, the New York organization in memory of St. Patrick, the Friendly Sons of St. Patrick, was organized by both Irish Catholics and Protestants, and its first president was a Presbyterian.

The most famous tale about St. Patrick is the one which tells of his banishment of snakes from Ireland. Yet Cardinal Moran, who some years ago wrote an article on St. Patrick in the Catholic Encyclopedia, fails to mention it. He does mention the ordeal of St. Patrick when he was surrounded by demons in the shape of vultures, and tells of the drowning of the demons in answer to his prayers.

The snake story holds that St. Patrick banished all of them except one, an old serpent which refused to leave Ireland. According to the tale, St. Patrick made a box and asked the serpent to enter it, but the serpent objected. Finally, St. Patrick had his way, convinced the snake the box was large enough to hold him comfortably, and succeeded in getting him into the box, which he then shut and threw into the sea.

Whatever the tale, and there are those who believe several different versions, a great number of people enjoy celebrating the anniversary of the death of St. Patrick, in the middle of this month, every year. Irishmen, particularly, take to the occasion, and on some occasions in the past they have even brought pieces of the "ould sod" from Ireland to observe the occasion.

The beauty of the Emerald Isle and its rolling land is associated with St. Patrick and the tale of the snakes by millions of sentimental Irishmen.

The whole idea wasn't a white-wash from the beginning, why should they name a survey group including the city commission, city planning board, township board and township zoning board all without the right to vote, and then place three members of the school board on the committee with voting powers?  
"They may want annexation but the residents of the township certainly do not," he concluded.

For the good of your home and your pocketbook, it is important to ventilate your house frequently—that is, to supply fresh air from the outside and remove some of the moist, humid air from the inside of the house. Excessive moisture pressure within a house can penetrate the walls and cause expensive damage.

## Blood Still Needed For Local Resident

The need for blood donors for George Keeping, 902 Hart-sough, is still acute, although a small response has been made to the recent appeal in The Mail.

A patient at St. Joseph Mercy hospital in Ann Arbor, Keeping requires a pint of blood a day to offset the non-clotting condition of his blood. He has had over 48 pints since entering the hospital on October 4, part of which has been replaced by the family to the hospital blood bank.

Donations may be made at the Ann Arbor hospital, 325 North Ingalls, or at any hospital or blood bank in the country with the request that it be transferred in Keeping's name to St. Joseph Mercy hospital.

## Consolidation Activities

Continued from Page 1  
ready to make some report at the next meeting on April 12.

Areas being explored by the service committee are water, police, inspections, sidewalks, street lights, sewer, fire, garbage and rubbish disposal and street maintenance. On this committee are Robert Lidgard, chairman, Ralph Seyfried, Horace Thatcher, Roderick Cassidy, Loren Johnson, Byron Becker, Frank Terry and Annette Grady.

The planning committee is to study problems dealing with recreation, zoning, subdivisions, building codes, health and welfare, trailer camps, industry location and parking. Serving are Thomas Adams, chairman, Chloe West, Harold Shirey, Leslie Taylor, Frank Lodge, Walter Ash, Gene Light and Robert Barbour.

The finance committee is charged with investigating tax rates, assessments, bonding procedures and non-tax revenues. This committee consists of Austin Stecker, chairman, James Gallimore, Robert Lorenz, Violet Roberts, Ralph G. Lorenz, Don Ward, Marvin Criger and Charles Wyse.

Duties of the administrative committee are to study annexation procedures, annexation legislation, integration of township and city employees, distribution of assets and liabilities and special assessment policies. On the committee are Ralph G. Lorenz, chairman, Garrit Van Tubbergen, George DeGroat, Lois Jensen, Gladys Tillotson and Floyd Tibbitts.

Each committee has four township and four city residents with the exception of the administrative committee which has a total of six members, four from the township and two from the city.

## Over 700 Attend

Continued from Page 1  
roles of Don Wallace and Jon Wolfe added much to the humorous plot situation and contributed in making the play an evening of delightful entertainment for Plymouth audiences.

The amount of applause arising as the final curtain dropped on each performance indicated that the Kiwanians and Plymouth Theatre Guild had combined efforts to present one of their most outstanding dramatic productions to date.

### The Reason

Sick Call PO—How do you feel, sailor?  
Recruit—Can't kick.  
PO—Then what are you doing here at sick bay?  
Recruit—Rheumatism.

RECIPIENT of the first cash award in the new Evans Products company employee suggestion plan is Fulton Griffin, shown at left receiving a \$100 check from President E. S. Evans, Jr. The company recently installed the plan as an incentive to employees to come up with time-saving or new production ideas. If accepted by the committee, an idea can bring an employee as much as \$3000.

## St. Patrick's Day

St. Patrick, the patron saint of Ireland died on March 17, 493. The anniversary of his death has been celebrated regularly in recent times by not only Irishmen but those of many other races, and not only Catholics but those of other faiths.

In fact, the New York organization in memory of St. Patrick, the Friendly Sons of St. Patrick, was organized by both Irish Catholics and Protestants, and its first president was a Presbyterian.

The most famous tale about St. Patrick is the one which tells of his banishment of snakes from Ireland. Yet Cardinal Moran, who some years ago wrote an article on St. Patrick in the Catholic Encyclopedia, fails to mention it. He does mention the ordeal of St. Patrick when he was surrounded by demons in the shape of vultures, and tells of the drowning of the demons in answer to his prayers.

The snake story holds that St. Patrick banished all of them except one, an old serpent which refused to leave Ireland. According to the tale, St. Patrick made a box and asked the serpent to enter it, but the serpent objected. Finally, St. Patrick had his way, convinced the snake the box was large enough to hold him comfortably, and succeeded in getting him into the box, which he then shut and threw into the sea.

Whatever the tale, and there are those who believe several different versions, a great number of people enjoy celebrating the anniversary of the death of St. Patrick, in the middle of this month, every year. Irishmen, particularly, take to the occasion, and on some occasions in the past they have even brought pieces of the "ould sod" from Ireland to observe the occasion.

The beauty of the Emerald Isle and its rolling land is associated with St. Patrick and the tale of the snakes by millions of sentimental Irishmen.

## AT PEASE' COLORAMA TUESDAY, MARCH 22

7:30 p.m. — Plymouth High School

**SOMEWHAT DISGRUNTLED** at the prospect of a ride in the sunny open air is two-year-old Phyllis Jean White, daughter of Mr. and Mrs. Albert White of Holbrook. More appreciative of the warm spring day is Krystin Shoemaker, 3, who expresses wonderment at her smaller companion's disapproval.

**Grange Gleanings**

Tonight is the big night. The play that we have looked forward to takes place tonight so don't miss it. We hope to have a full house. You will enjoy the play and it will do you good to laugh a little bit. The play has the title "What's In a Name." It sounds as though it might have been adapted from Shakespeare doesn't it, but that is the secret of the cast, so if you want to find out, come and see. You will have a good time.

Mr. and Mrs. Vealey visited the former's sister Mrs. Bradburn, over on Tyler Road Sunday afternoon.

Mr. and Mrs. Jesse Tritten took his sister home on Saturday, they found his mother in the hospital

at Manistee so it would be nice if the Grange members would send her a card as she was a Grange member here for some time.

Mr. and Mrs. John Oldenburg, and Mr. and Mrs. E. Vealey were Sunday evening visitors at the George Oldenburgs on Decker road near Commerce.

Don't forget that it is Blue Cross time.

Remember the card party on March 26 at the Grange hall. Play any game you wish to. Prizes for each table and also door prize. Refreshments afterward down stairs. Bring your friends and neighbors and fill a table of two.

**Six Madonna Students To Page at Convention**

Six Madonnites have offered their services as pages at the Annual Day convention of the Detroit Archdiocesan Council of Catholic Women. The convention will be held at the Statler hotel on Thursday, March 31.

Those volunteering are Eleanor Malecke, Beatrice Czengusz, Tillie Gresser, Celia Jakubielki, Gloria Laginess and Joan Chmaj.

The program of the day will begin at 9 a.m. with the Holy Sacrifice of the Mass at St. Aloysius church to be followed by the dinner meeting. Two of Madonna's foreign students, Maria Chen and Tram Anh Nguyen, have been invited as guests for the dinner.

**Local Post Joins in Observing American Legion's 36th Birthday**

The American Legion's 36th birthday was observed locally last night by a joint auxiliary and post business and social meeting in the Veterans Memorial home. Highlighting the event was the initiation of 21 new members into the organization.

Four million Legionnaires and auxiliary members throughout the world observed the birthdate of the organization on March 17. History of the organization goes back to Paris, France, 1919.

The original proposal to form an association of American veterans of World War I was proached to a group of fellow soldiers at a dinner in Paris, France the evening of February 12, 1919 by Lieutenant Colonel Theodore Roosevelt, Jr., 28th Infantry, 1st Division, Roosevelt, the eldest son of the 26th President of the United States, had been wounded and gassed at Soissons.

Among the 1,000 delegates at the first caucus in France, many were destined to become famous: Lieutenant Colonel Bennett Champ Clark; Colonel W. J. "Wild Bill" Donovan; Lieutenant Colonel Franklin D'Olier, first national Legion commander; Engineer private Harold D. Ross, who became editor of the American Legion Weekly for some years and then founder and editor of the New Yorker magazine; Medical sergeant Alexander Woolcott, later a famous writer and radio raconteur; and John T. Winterich, another future Legion editor and then editor of the Saturday Review of Literature.

Through the years the Legion grew in stature and prestige, as well as in size and strength. Its biggest triumph for all veterans came after World War II when it caused the enactment of the GI Bill of Rights.

More than 11 million veterans have used the educational pro-

motion features and training laws of the GI Bill to fit themselves for civilian life. Since cease-fire of the Korean conflict some 720,000 Korean veterans have trained under this Bill, nearly 1 of 4 separated.

Its leading project, Service and Rehabilitation for the ill and needy veteran, through its Michigan department, realized a financial recovery in 1954 of \$6,296,487 in claims. It is estimated that 70 per cent of the total claims processed were for non-Legion veterans.

The organization sponsors the Michigan Legion's Boys' State, an annual eight-day encampment of 1,000 high school youths who gain practical training in local and state government at Michigan State College. It is the largest program of its kind in the United States.

Since 1925, more than \$105,000,000 were spent in the care of youngsters under the Child Welfare program. And 4,000,000 American students are better speakers and better citizens as a result of annual oratorical contests and scholarship grants.

The Legion also sponsors 4,000 Boy Scout troops, junior baseball, national legislation, traffic safety drives, park and playground facilities, Americanism, Un-Americanism, blood banks, civil defense, a Back to God movement, and junior musical organizations.

Life would be more simple if more people were willing to be just themselves.

**Telephones of Future Described to Kiwanis**

The day of pocket-size radios and transmitters is already here. Plymouth Kiwanians learned this first-hand Tuesday evening as O. C. Wood of the Michigan Bell Telephone company demonstrated advances in communication brought about by the invention of the transistor.

Speaking at the regular Mayflower hotel dinner meeting, Wood said that a one-eighth inch tube today can produce the same amplification that formerly required a complete room of electronic equipment. He showed how the transistor has made direct dialing to almost anywhere in the world possible today on modern telephone systems. A small wrist-type transmitter of the "Dick Tracy" variety was demonstrated by Wood, who predicted someday everyone would have a portable telephone and be assigned a lifelong phone number at birth. "When you call a friend, you can expect to see him in 3-D and color."

Wood was introduced by Program Chairman Fred Foust.

**Selle Appoints Manager**

The name of Orrin Thomas was released this week as used-car manager for Jack Selle's Buick, 200 Ann Arbor road.

Thomas first came to Plymouth in 1947 where he was sales manager of the former Ann Arbor Road Motors. Recently he has been affiliated with Atchinson Motor Sales of Northville and Bill Brown Sales in Livonia.

**Michigan Warm-Water Hatchery Soon to Highlight Fish Research**

Michigan will have a full-scale warm water fisheries experiment station at Hastings as soon as funds are available, conservation department director Gerald E. Eddy announces.

Eddy says present plans call for shifting the entire present Hastings hatchery to warm-water fish research. In addition, warm-water fish work will be stepped up at the department's Rifle River area and at the Institute for Fisheries Research at Ann Arbor.

The Hastings hatchery has 12 outdoor ponds and considerable indoor equipment that makes it ideal for warm-water work. Also, it is central to many state-owned lakes where experimental work can be carried on.

The Rifle River area will be used for expanded research on bog and marl lakes. Michigan has a large number of these unproductive lakes. Fisheries workers have long felt some method of fertilizing the marl and liming the bog lakes might make them more productive.

A new laboratory has recently been set up at the Ann Arbor station and temporary facilities are located in nearby Waterloo recreation area. This equipment will permit warm-water work in southern and southeastern Michigan.

But the Hastings hatchery would serve more as focal point for much of the warm-water work. A broad nine-point program of research includes work on fertilization experiments, experimental manipulation of water levels to secure greater production, thinning methods to control overabundant fish, and tests of competition between game and non-game fish types.

Also, work would be done on relationships between predator and panfish types, fish physiology and genetics, aquatic vegetation control, evaluation of non-native fish species and tests of modified fishing regulations.

A dependable newspaper has a prestige value that is worth money to any advertiser.

**RELY ON YOUR REALTOR**  
 USE THE MULTIPLE LISTING SERVICES offered by 15 Realtor offices

"Realtor" is a professional title given only to members of the National Association of Real Estate Boards and its constituent state and local boards. Adherence to a strict code of ethics in all business dealings with other Realtors and with the public is a fundamental requirement for becoming a Realtor. This high standard of business ethics together with sound judgment, complete knowledge of real estate matters and long experience in handling all types of transactions characterize a Realtor.

# Don't say you can't afford a Mercury before you check the price of this one

Mercury's lowest-priced car—the 188-hp Custom 2-door 6-passenger Sedan—is shown above. Other models in the Custom series are: a 4-door Sedan, a hardtop Coupe, and a new 4-door all-metal 8-passenger Station Wagon.

Mercury's prices start below 13 models in the low-price field\*

- AND LOOK AT THE EXTRA SIZE, BEAUTY, POWER, AND VALUE YOU GET
- Mercury is bigger than the "low-price" cars... in length, width, and wheelbase.
  - You get exclusive styling—Mercury's stand-out styling is shared by no other car.
  - You get high horsepower plus SUPER-TORQUE V-8 performance in every Mercury. (There is 188 horsepower in the Customs and Montereys, 198 horsepower in the ultra-smart Montclair).
  - There's a 4-barrel vacuum-operated carburetor standard on every model at no extra cost. You enjoy 2-barrel economy for normal driving, 4-barrel pickup for fast getaways and safer passing.
  - Revolutionary new high-compression spark plugs provide top performance at all speeds—help prevent fouling and pre-ignition.
  - You save when you buy. Compare our allowance on your present car. It's based on high-volume sales. We can be generous.
  - You protect future trade-in value. Mercury consistently leads its field for resale value.

## ELECTRICAL and MECHANICAL ENGINEERS

Consumers Power Company offers you the opportunity to become a part of a growing and dynamic industry, RIGHT HERE IN MICHIGAN. We have openings for Electrical, Mechanical and Civil Engineers. Positions are available in Distribution Engineering, General Construction, Substation Design, General Gas Engineering and Production and Transmission. We have opportunities available for both experienced Engineers and Engineers with limited experience. Stop in at your Consumers Power Company office in Pontiac and see Mr. C. R. Palmer, Room 420, or write to R. E. Beatty, Employment Supervisor, Consumers Power Company, Jackson, Michigan.

IT PAYS TO OWN A MERCURY FOR FUTURE STYLING, SUPER POWER

Don't miss the big television hit, Ed Sullivan's "TOAST OF THE TOWN." Sunday evening, 8:00 to 9:00. Station WJBK-TV, Channel 2.

SEE YOUR NEAREST MERCURY DEALER!

PLYMOUTH'S assessor-clerk, Kenneth Way (right), was one of the officials attending the Fifth Annual Municipal Purchasing Conference held last Thursday at the University of Michigan. He is pictured in a discussion with C. A. Landel, finance officer of Adrian.

**MEN IN SERVICE**

Robert J. Gobiell

Robert J. Gobiell, gunners mate, U. S. Navy, is presently stationed on board the destroyer, USS NORRIS, which is now on a Caribbean cruise. He is the son of Mrs. Aileen Hitt of Evergreen street.

His mailing address is: Robert J. Gobiell, G.M.S.N. 459-26-41, U.S.S. Norris (D.D.E. 859) Div. 4, P.O. New York, New York.

**Larry Finney**

Lieutenant Larry Finney of the Marine Air Force arrived home Saturday from Korea for a 30-day leave before assignment to the air base in Quantico, Virginia. He is the son of Mr. and Mrs. Carl Finney of 325 Arthur.

The Plymouthite received his training at the Naval Airbase in Pensacola, Florida before transferring to the Marine Air Force. He has been in Korea for the past 14 months.

Americans sent 121,000,000 pounds of mail to overseas servicemen during 1953.

**Sportswear Features New Sleeve-Length**

Sport shirt sleeves for men and boys are the shorter sleeve lengths!

Men and boys have long had a tendency to roll up their shirt sleeves almost to the shoulder. Designers now have "rolled-up" the sleeves for them. In many shirts offered for both fathers and sons, the short sleeve is rolled over a slight thickness of padding to give the rolled-up effect.

The short look gives greater arm freedom to the wearer and a neat, trim look for summer. One designer has even developed a sleeveless shirt for men. Another manufacturer shows a three-quarter-length sleeve, with cuff, already pushed up.

The shorter-sleeve shirts are frequently worn with walking shorts and long socks. Sometimes, they are shown in the deep-armor-hole batwing sleeve style. Frequently they are tunic-like, to be worn belted or loose.

Color contrast at the neckline and sleeves is an important feature of these shirts.

Stripes are the most important single pattern. Fabrics generally are light and luxurious, with linens, Italian silks, chambray and lawn cottons, rayon-nylon blends and nubby-surface fabrics important.

**Right Color**

Mrs. O'Leary: "Shure and I'm sorry to hear your husband passed away. What did he die of?"

Mrs. Murphy: "Twas gangreen."

Mrs. O'Leary: "Praise the Saints for the color, anyway."

**Kept Promise**

"Well, Doc, you sure kept your promise when you said you would have me walking in a month."

"Good, I'm glad to hear that."

"Yeah, I had to sell my car when I got your bill."

# SOCIAL NOTES

Thursday, March 17, 1955

Section 3

Mrs. Milo Corwin and son Bud of Cherry Hill entertained Mr. and Mrs. Walter Ash and daughter Donna and Mr. and Mrs. James Burrell and son Douglas at a dinner last Sunday evening.

Ann Sumner, daughter of Mr. and Mrs. Walter K. Sumner of Bradner road spent the week-end with her parents. She returned to Ann Arbor Sunday evening, where she is a freshman at the University.

Mr. and Mrs. Raymond Bachelor of 157 South Main street left last Monday on a business trip to Muncie, Indiana. They returned home Tuesday.

Mrs. H. L. Wood of Simpson avenue entertained the S. Y. G. club last week Wednesday.

Mr. Kenneth Bartlett of Syracuse New York, visited his father and mother, Mr. and Mrs. Wyman Bartlett of Blunk street over the past week-end.

Mr. and Mrs. Arthur Haar, Mr. and Mrs. John McDonald and Mrs. Margaret Stremich left yesterday for a two weeks vacation trip to the Isle of Pines, near Cuba.

Mr. and Mrs. Wyman Bartlett of Blunk street were visited by Mr. and Mrs. Russ Dyer and daughter Susan of Ann Arbor over the past week-end. Also guests of the Bartletts last Sunday were Mr. and Mrs. Bruce Yates of Detroit.

Mrs. Margaret Stremich entertained her Liberty street Bridge Club last week Wednesday at her home.

Mrs. Gladys Doane of Mio, Michigan, was a house guest of Mr. and Mrs. Frank Tillotson of Morgan street last Wednesday and Thursday.

Robert Anderson, son of Mr. and Mrs. Walter Anderson of Dewey street, celebrated his ninth birthday last Saturday with five of his friends as guests. Enjoying ice cream and cake at the birthday party were Jimmy and David Beglinger, Eric Morganson, Tommy Stribley, and Billy Wolf. Afterwards the children went to the movie.

The Get-Together Club will meet at the home of Mr. and Mrs. Russell Rinehart on Bradner road this Saturday, March 19.

Mr. and Mrs. Walter Ash and daughter Donna attended and enjoyed the DeMolay smorgasbord at the Masonic Temple last Saturday evening. They were the guests of Ford road residents Mr. and Mrs. Fred Aldrich, whose son recently joined the DeMolay.

## Proctor - Hornback Rites Read At Church of Nazarene

Miss Daisy Alice Hornback, daughter of Mr. and Mrs. Karl Hornback of 43944 Shearer drive, became the bride of Robert Nicholas Proctor on Saturday, February 26, at the Church of the Nazarene. Robert is the son of Mr. and Mrs. Charles Proctor of Wixom, Michigan.

tending were some 200 guests from Plymouth, Detroit, South Lyon, Wixom, Ann Arbor, Wayne and Novi.

The Reverend E. T. Hadwin conducted the 7 o'clock nuptial ceremony. Musical selections during the service, which included "Because" and "The Lord's Prayer", were rendered by Mrs. Orma North and Frank Ockert. The latter is a cousin of the bride.

Following their wedding trip to Washington, D.C. and the southern states, the couple are residing in Wixom, Michigan.

Given in marriage by her father, Daisy wore a gown of net over white satin, styled with bodice of chantilly lace. The bridal veil was of shoulder length. A white Bible, adorned with white carnations and orchids, was carried by the bride.

## Rotary Entertains Rural Neighbors

One hundred twenty-eight Rotarians and their farmer guests attended the annual Rotary Rural-Urban dinner last Thursday night at the Cherry Hill Methodist church.

Mrs. Helen Hippee, matron of honor, was gowned in blue and carried a pink floral bouquet. The bridesmaid, Mrs. Betty Proctor, wore a violet gown and carried a bouquet of yellow flowers.

A family-style chicken dinner was served the group, followed by an evening of entertainment featuring Roy Rew, widely-known Plymouth magician. Rew is sponsored by the Michigan Milk Producers association.

Robert asked Eldon Proctor to assist him as best man. Seating the guests were Frank Proctor, together with Eugene and Wayne Hornback, brothers of the bride.

Designed to promote better understanding and friendship between city-dwellers and their rural neighbors, the Rural-Urban meeting is held each year by Rotarians here and in many other cities in the nation. Each Rotarian brings one rural friend to the dinner.

For the ceremony the bride's mother chose a light blue dress with pink accessories and pink corsage. Mrs. Proctor selected a light blue dress with navy accessories. A yellow corsage completed her ensemble.

P. R. Biebershaper, Wayne county agricultural agent, spoke briefly about the county 4-H fair held each year in Belleville.

A reception was held at the Plymouth Grange hall immediately following the ceremony. At-

Much of the money for the fair's new swine building was furnished by the Plymouth Rotary club. He reviewed the growth of the fair since its start and he predicted continued interest and growth.

## Local Library Announces Films for Next Program

Four films have been slated for the Tuesday, March 22, program at the Dunning library.

Dave Galin, vice-president of the club, was in charge of the meeting in the absence of President L. P. McGuire. Gerald Pease was general chairman of the event.

Scheduled for presentation at 7 that evening are "Arabian Bazaar," "Ants," "Flipper the Seal" and "Nature of Color."

## Favorite Recipes From Plymouth's Kitchens

Mrs. Frank Henderson whips up a batch of Sour-Cream Cookies in the kitchen of her Sunset avenue home.

### Sour-Cream Cookies Make Delicious Treat

As an afternoon or evening snack or to accompany her dessert dishes, Mrs. Frank Henderson of 401 Sunset avenue often serves delicious Sour-Cream Cookies.

From a recipe given to her by a neighbor, Mrs. Henderson has been making the cookies for about 14 years, and can really vouch for their goodness! They're

easy to make, and these soft cookies can be varied with the addition of nutmeats or dates.

Sift and stir in:  
2 3/4 cups of sifted flour  
1/2 teaspoon of baking soda  
1/2 teaspoon of baking powder  
1/2 teaspoon of salt

Chill at least one hour. Drop rounded teaspoon of cookie dough about two inches apart on baking sheet. Bake at 425 degrees for eight to 10 minutes. Makes about five dozen.

**Sour-Cream Cookies**  
Mix thoroughly:  
1/2 cup of soft shortening  
1 1/2 cups of sugar  
2 eggs  
Stir in:  
1 cup of thick sour cream  
1 teaspoon of vanilla

## Buy a New Spring Hat at GRAHM'S for \$3.99 . . . and SAVE \$600.00!

Direct French Copies of Cute French Hats

If you took a trip to France to buy one, it would cost at least \$600.00. Also fried snails might not agree with you. Lots of people get very sea sick enroute . . .

So drop in at GRAHM'S . . . see our huge selection of famous hats from \$1.99 to \$6.95 and save plenty at Graham's traditionally low prices.

WINNING FIRST PLACE in three recent amateur shows was just enough to whet the appetites of the "C.B.D.'s," Plymouth singing trio, who hope to chalk up another victory in the April 1 Amateur Variety show sponsored by the Northville American Legion post. Following their signing up as entrants in the event trio members (1 to r.) Cameron Hudson, Daphy Hargrove and Bob Ramp, chat with Legionnaire Paul Burnham, show chairman. Held at 8:30 p.m. in the Northville Community building, the event will feature contestants of 12-18 years competing for prizes totaling \$250. Richard Kline, chief announcer of WPON, Pontiac, will emcee.

### Plymouth Theatre Guild Meets Monday Night

Following the success of their recent production, "Time Out for Ginger," Plymouth Theatre Guild members will gather Monday night, March 21, to decide on a one-act play for presentation the latter part of April. The meeting will be held at 8 p.m. in the Veterans Community center.

The April play will be produced before an audience of Theatre Guild members, Guild patrons and guests. There will be no charge for the evening's entertainment.

The cast of "Time Out for Ginger" and members of the Guild held an "After Glow" party Saturday night, closing night of the show. The group met at the home of Mr. and Mrs. Warren Worth, Territorial road.

A creative economy is the fuel of magnificence.

## Experts Advise Homemakers On Buying Fresh, Frozen Fish

What do you look for when you are buying fish for Lenten meals? The institution administration staff at Michigan State college has a few suggestions on the purchase of fish. A fish must be fresh or fresh frozen. When fresh, the gills are red, the scales cling to the fish, the eyes are bright and bulging and the flesh is elastic. The flesh should be firm enough so when touched with your fingers, it will leave no impression. All fish have a characteristic fresh fish odor, but there should be no foreign odor.

Buy fish fresh or frozen; dressed or drawn; whole, whole split or in pieces as fillets or steaks. A dressed fish is one with scales, fins, head, tail and entrails removed. Drawn fish have scales and entrails only removed.

When purchasing a fish to bake whole, request the fish dealer, to "run the fins." This means removing all the fine fish bones within the flesh. You may also have the

## Sheets Need Good Care To Wear

Bed linens need good care to give good wear. To make sure your sheets and pillowcases serve you best, here are some suggestions from an instructor in textiles, clothing and related arts.

Strong bleaches used in laundering sheets will weaken them. To prevent them from becoming too soiled, change them frequently. Mend the holes and tears before washing. The textile authority suggests tearing torn sheets down the center lengthwise, seaming the salvaged edges together and hemming the raw edges.

Sheets should be washed in hot, softened water with plenty of soap. Make sure the soap is thoroughly rinsed out. Don't try to wash too many sheets at one time, cautions the expert: the results won't be as good.

Another suggestion was to hang sheets a different way each time you pin them up to dry. This will distribute wear from the clothesline evenly over the sheet. Sunshine is the best bleach to whiten sheets, so try to hang them on a sunny day. But do not let them whip in a strong wind or freeze stiff.

Avoid an iron that is too hot and never use it to iron creases into sheets. Fold them by hand and try folding them in different places. Most long tears in sheets, the authority pointed out, are crease breaks.

### BOUQUET OF SPRING SALADS

by Marguerite Mickelsen

Just look at the showy salads you can fix fast with cottage cheese and golden cling peaches! Clings are well-shaped, beautiful peaches, tender and summer-sweet. Thrifty too—your best fruit buy.

**PEACH TULIP SALAD**  
Split a cling peach half down the center, leaving about an inch uncut for flower base. Place on cottage cheese. Set a cherry between petals. Add green pepper stem and leaves.

**PEACH IRIS SALAD**  
Cut a slice from each side of a cling peach half. Place round section on cottage cheese. Set slices, flaring outward, at base. Garnish with a cherry and green pepper stem and leaves.

**PEACH MARIGOLD SALAD**  
Spoon a mound of cottage cheese onto lettuce-lined plates. Center with a cherry. Press golden cling peach slices into cheese, radiating out from cherry.

## So Easy When You Use Herbs!

Here are some rules to remember when using herbs. To bring out the flavor of dried herbs, soak in lemon juice just before adding. Remember dried herbs are 3 to 1 times as strong as the same measure of fresh herbs. Go easy when using herbs. It's easier to add than subtract. Aux finer herbs means that a dish is flavored with a mixture of finely chopped fresh herbs. Vary the amount of each to suit your taste.

**Herb Butter**  
1/4 cup butter softened  
1/2 teaspoon pepper  
1/2 teaspoon parsley, chopped fine  
1/2 teaspoon lemon juice  
1/2 teaspoon dried thyme  
1/2 teaspoon dried basil  
1/2 teaspoon garlic salt

Add to butter salt, pepper, and parsley. Blend well. Add thyme, dried basil and garlic salt. Add lemon juice slowly.

**Parsley Rice**  
1 cup cooked rice  
1 cup milk  
1/2 cup melted butter  
1/2 cup grated cheese  
1/2 medium onion chopped fine  
1/2 cup chopped parsley  
1 egg well beaten  
1/2 teaspoon salt  
1/2 teaspoon paprika  
1/2 tablespoons chopped pimiento

Mix well. Fill buttered ring mold. Bake about 45 minutes in oven (350 degrees). Fill with creamed chicken or shrimp.

**Tomatoes with Herbs**  
3 tomatoes  
1/2 cup basil  
1/2 cup watercress  
Chopped fresh chives

Peel and cut in fairly thick slices. Sprinkle each slice with a little thyme and basil. Place in layers on a large plate and let stand in the refrigerator for 2 hours. Serve on watercress with French dressing. Sprinkle with chopped fresh chives.

**Herb Dressing**  
French dressing made with lemon juice.  
1 teaspoon finely crushed, dried marjoram  
1 tablespoon chopped parsley  
Few drops Worcestershire sauce

To the French dressing add marjoram and parsley. Season with Worcestershire sauce.

## Change in Window Treatment Can Revitalize Your Home

Spring is just around the corner and many homemakers are interested in renewing the appearance of their homes. When selecting new home furnishings, they are interested not only in presenting an attractive appearance to guests but also in the daily comfort and pleasure of their own families.

Window treatment is one of the most important features of the decorative plan in a room. Simple window treatments, which are useful as well as decorative, are most desirable. If your draperies are somewhat faded, you may want to replace them. Perhaps you will want to select a lighter fabric for spring and summer.

When you select your fabric, remember to allow sufficient width. A full width of fabric for each side of a standard size window and increased widths for wider windows. It is better to select a less expensive fabric than to have narrow, skimpy appearing draperies.

Many busy homemakers are welcoming the new pleating tapes which enable them to save time when making their own draperies. The pleating tape can be sewn flat to any drapery fabric. It is "slotted" at suitable intervals so that pleats are formed when special pins are inserted into these slots according to directions.

This arrangement is especially convenient for informal draperies which you expect to launder yourself. When it is time to launder the draperies, the pins can be unlocked and removed and the pleats can be flattened for easy sudsing and ironing. Catching the pleats together at the base with hand stitches, after the pins have been inserted, will give them a professional appearance and will hold them in place. These hand stitches are easily removed and replaced when the draperies are laundered.

When you shop, look for the newer "semi-sheer" fabrics. Use traverse draperies unlined, they allow you to draw them in order to shut out strong sunlight without completely darkening the room during the day. They will also give privacy in the evening without presenting a "closed" appearance to possible guests. These would be a particularly appropriate choice for spring and summer.

New trends in decorating show a preference for choosing drapery colors which blend with the wall color. Used in the smaller rooms of today, this window treatment helps to create a more spacious appearance.

If your room is large, you have the choice of a contrasting color or a patterned drapery fabric. From the colors in the print, you might select the other colors to be used in the room.

Remember, that if you are using a large floral patterned drapery fabric you will want to choose fairly plain materials for the remainder of the room. Of course you may use interesting textured materials or possibly a small stripe. Too much pattern will create a "busy" room. By this we mean that the eye will jump from place to place, creating a feeling of unrest. In this busy age, our home furnishings should be designed to create a restful atmosphere.

The light texture of angel food and sponge cake depends on the proportion of egg white to other ingredients. Measuring or weighing egg white gives more accurate results since eggs vary in size. A successful measure for angel food is one cup of egg white for each cup of flour.

## Fabric, Color Tricks Widen Narrow Room

To make a long, narrow room seem wider, use a dark color on the two end walls—either a darker shade of the color on the side walls or a contrasting color. But with windows on one end wall, it is best to hang dark wall-to-wall draperies there, and paint the opposite wall their color.

Light wall colors, however, make a small room seem spacious. Fabrics, too, should be light. Whereas heavy textures and bold tones eat up light, smooth surfaces and pale colors radiate it. Good examples of light-creating fabrics are found in glazed chintz with flower designs like sweet peas on white; and in smooth-faced clipper sailcloth in rock garden patterns of delicate gray flowers on a white ground.

In addition to light colors, use small-scaled furniture, arranged to leave the center of the room and paths from the door clear. This way any room gains size.

## Drive the low-price Plymouth soon—see why it LEADS "ALL 3" IN VALUE!

- TOP TWO ENGINES**  
Plymouth's PowerFlow 117 engine is the smoothest, thirteenth six in the lowest-price field, with exclusive Chrome-Sealed Action that adds years to its smooth, whisper-quiet operation. And Plymouth's new 167-hp Hy-Fire is the most powerful standard V-8 in the low-price 3. Both engines thrive on regular, NOT premium, fuel.
- NEWEST STYLING**  
Of all 3 low-price cars, only Plymouth's styling is completely and honestly new. Its fleet, forward-looking lines mean this Plymouth will look "new" years from now, and have a higher trade-in value. And, of all 3, only Plymouth gives you a swept-back windshield design, with far more visibility than in other cars in the low-price 3.
- LARGEST SIZE**  
Biggest, longest, lowest car of the low-price 3, Plymouth is actually larger than some high-price cars! To you this means more roominess, more comfort inside, and the smooth, steady ride only a big car can give. Plymouth is priced for every pocket-book; 22 models in three great lines—the Belvedere, the Savoy, the Plaza.
- SMOOTHEST RIDE**  
Only a big car, like Plymouth, can give you a truly "big car" ride. This Plymouth's frame is longer, stronger; rear springs are wider; exclusive Oriflow shock absorbers have still more cushioning action. When you look at all 3 this year, you'll see why the big swing is to Plymouth! Come in today for your demonstration.

Best buy new; better trade-in, too

Helpful Hints Concerning Building, Remodeling, Repairing & Redecorating

REMODEL  
or  
BUILD

HERE'S A KITCHEN MOST ANY HOMEMAKER would be proud to have in their home! This one is in the new residence of Mr. and Mrs. John Waltershausen, 9283 Morrison, in Rocker subdivision, Plymouth. The combination of aqua green paint and gay print wallpaper on the walls makes for a bright, cheerful atmosphere. Counter tops are of pumpkin-colored Formica. Conventional cupboard door handles have been replaced by new touch latch hardware (drawers open at the touch of a finger) for easy access and to create a smooth, modern look. This home was designed and built by Turk and Ramsey, Builders, 9284 Morrison, Plymouth.

## Paint, Refinish, Renew Outdoor Furniture As Do-It-Yourself Project This Spring

Early Spring is the time to check outdoor furniture for needed repairs and repainting. Folding chairs, lawn tables, sun chaises, and gliders may need to be freshened up. Check the top, legs and braces and tighten bolts and screws wherever necessary.

Where paint is in bad condition, remove it and brighten the furniture with fresh paint.

Unfinished metal furniture from which the old finish has been removed requires a metal primer and one or two finish coats.

For outdoor furniture of wood, after removing the old paint treat it with a water-repellent wood preservative. Allow sufficient time for the treatment to dry, then sand with fine sandpaper and apply the paint.

When painting outdoor furniture, select paint for weather resistance. Lean to bright, "summery" colors, allowing one central color to be your "theme."

Unpainted, picnic-style furniture should be checked for knots and cracks. Fill cracks and deep scratches with plastic wood—and use plenty of it to allow for shrinkage while drying. The overfill can then be sanded down.

Coat patch spots and knots with aluminum paint for certain sealing, and sand surfaces with a medium sandpaper—with the grain—until surfaces are perfectly smooth. Dust and clean well with a soft rag dipped in thinner. Allow wood to dry thoroughly before painting.

Painting procedure will depend on the color wanted and the wood

involved. For redwood, use redwood sealer stain; for other woods, a heavy coat of good exterior enamel. Paint edges and undersides to protect against moisture.

Use at least 2 coats of paint, and allow ample time for drying between coats. Sand lightly between coats to provide "tooth" for the next coat. To make the surface completely watertight, finish with a thin coat of spar varnish.

For metal furniture, rub the surfaces with steel wool, then wash thoroughly in soap and water. Apply a coat of metal primer first, and allow 48 hours for drying. Then, use any good exterior enamel, following the same procedure described above for wood.

DESIGN H-62

DESIGN H-62  
1,345 Sq. Ft.  
13,360 Cu. Ft.  
Garage: 266 Sq. Ft.

636 SPR-MAR '55  
Form 31

Here's a compact tri-level arrangement with good traffic circulation. Note the generous eating and work space in the kitchen with the table and counter. A future third bedroom could be added over the living room. This attractive home can be built on a 50' lot (without garage) and on a 60' lot with garage. For further information about Design H-62, write the Building Editor, the Plymouth Mail.

## False Building Economy Corrected; Homes With Basements Return

Many families who built or bought basementless homes in the post-World War II economy rush have seen their error, according to local lumber and building supply dealers. More possessions, more children have crowded these families in their slab-floor homes.

Various factors, modern and compact heating plants and laundry equipment, for instance, have made it possible to say that basements aren't actually necessary. Moreover, in the average three bedroom house, you can save about \$1,000 by eliminating the basement. But what do you lose?

You lose space—space that is valuable, useful and at the same time astoundingly inexpensive. The cost of basement construction can be as low as \$1.50 per square foot of floor space. An expenditure of 10 to 20 per cent more than the cost of a slab structure can make your house essentially twice as big.

Recreation rooms, progressing toward necessity status because of their universal appeal, are foregone by builders of basementless homes. A basement can house the new modern heating and laundry equipment and still be utilized for hobby and living space.

Often, a basement can be built for less than a substitute utility room with much smaller facilities for performing basement func-

tions. Houses with partial basements or crawl basements as much as to build as houses with full basements.

Mortgage lenders, astute businessmen, provide perhaps the most conclusive argument for basements. Lenders are almost universally more lenient with their funds when plans call for a full basement, since such homes are more salable.

### The Quarry House

During the last 15 years standards of living in this country have risen tremendously. Take housing, for instance. At one time the mass market was for low-priced homes; there were nearly twice as many families with incomes of \$3,000 or less as there were families with incomes of \$5,000 or more. Today the trend is just reversed; this means that more and more quality homes will be built in the years immediately ahead.

It's good news for the consumer. He's able now to pay for sound construction, modern design like the open planning of interiors, and permanent materials such as clay tile on walls, floors and countertops. And, in all likelihood, incomes will continue to increase, thus bringing fine new homes within the financial scope of more people.

## Today's Small Homes Have Built-in Bigness

If it's wisely planned, today's small house of quality offers practically all the important features for a well-rounded family life that a much larger and more expensive house does.

When checking the living and storage space in the small new home, go first to the living-dining room area. Ideally, this area should measure nearly one-third of the home's entire footage. Next, check the built-in storage features of living-dining room. They should be so placed around the room that extra bookcases and cabinets are unnecessary.

The small house can have built-out bigness, too. Best example of this is the outdoor extension of the living-dining room by means of a quarry tiled terrace. The terrace can serve as an outdoor room through spring, summer and a good part of the fall. It should be made of a really durable, weatherproof, and stainproof material such as quarry tile.

A large expanse of window-wall between the terrace and the interior is essential to create the feeling of spaciousness. Integration of the living-dining room with the terrace may be accomplished by using a complementary clay or quarry tile for the inside floor.

### Home Improvement

Two out of three families a year undertake an important home modernization project. Naturally, they can not always tackle all those jobs that deserve attention. They must do the most important improvement first, and then next year go on to the next, and so on. If you're wondering where to start in your home, a good idea is to look over the kitchen and bathrooms first. They're the most used rooms in the house. Is the plumbing slowing down? Are these rooms surfaced with a handsome and practical material such as clay tile which is waterproof and fireproof? How about lighting? It should be indirect and concentrated around work areas such as the bathroom mirror and the kitchen countertops.

### Air-Conditioning Cleaner

Air-conditioned homes need less decorating, says American Builder magazine, because paint and wallpaper stay cleaner longer.

### Helps Sell Homes

The resale value of a home is definitely increased if it has hardwood floors, residential appraisers report.

## Homes in Outlying Areas Given Fire Safety Tips

With the swing to suburban living, many people find that they are far removed from organized fire departments. Fire trucks are not within minutes of their homes, as they usually are inside a city.

This means that many home owners might be forced to extinguish or at least delay a fire should flames break out unexpectedly. More and more people, therefore, are equipping their homes with fire fighting equipment.

Portable fire extinguishers are available which are small and can be easily attached inconspicuously to walls or backs of doors. The garden hose may also be kept ready for emergency use. Fire pails have a definite place

among fire fighting equipment in the suburban home. Oftentimes one pail of sand or water is enough to snuff out a fire before it can do any damage.

Especially shaped galvanized steel fire pails are available at most hardware and housewares stores. These have conical or rounded bottoms, so that they may be filled with sand or water and hung from a nail or hook. They are always ready for emergency use.

The fact that a home has this equipment should never preclude calling the fire department, regardless of its distance from the home, unless there is absolutely no chance of a small fire spreading beyond control.

## HERE'S HOW...

This feeder makes an attractive lawn decoration.

Cut the ends, as shown, first drawing a pattern on a piece of 3/4 by 10-inch lumber. Attach the glass guides with 3/8-inch brads.

Next, cut the roof pieces and bevel the mating edges to fit snugly. Then add the sides, beveling the bottoms to fit flush with the bottoms of the end pieces. Assemble the ends, sides and one top member. The top is

placed temporarily. Use 4-penny fishing nails.

Add the bottom, dividing it to fit between the sides. Then add the perch supports; insert the dowels, securing them with 3/8-inch brads.

Remove the temporary top, and join the top pieces with 1 1/2-inch butt hinges. Insert glass, and add the top, nailing one piece to the end.

Mount the feeder, with 3-inch wood screws, to a 2 by 4-inch treated or decay resistant post.

## These Events Were News

### 50 Years Ago

March 17, 1905

Mrs. Henry Tanger and son, Roswell are visiting relatives in Saginaw.

John S. Moon of Milan has purchased the carriage and implement business of A. N. Kinyon and will continue at the old stand on Sutton Street. Mr. Moon is known among the people hereabouts, his parents residing near the village.

The Plymouth Telephone company is making arrangements to extend its telephone to Perrinsville this spring.

George Proctor of Tonquish, Mrs. Mary Strong, Mrs. Francis Stone, Mrs. Edna Everson and little son, Ellwood, of Detroit, Mrs. Eva Rathburn of Perrinsville and Mrs. Libbie Wright of Beech, visited Mr. and Mrs. William Felt Friday of last week.

There are a few people in town who are interested enough in athletic sports to get out and hustle for it. A meeting of these gentlemen was held in Rigg's store last Tuesday and the matter of suitable grounds was discussed. It was stated that grounds near the creamery could be obtained from Mr. Starkweather, and if money enough could be raised to enclose the same with a board fence and build a grandstand, it would be the finest location in Plymouth. The gentlemen present at once subscribed to an amount to reach about \$275. To do the work necessary will require about \$500. It will be necessary to have further donations.

Mr. and Mrs. Hendrick of Ypsilanti, are visiting at Jay Burr's.

Out at Murray's Corners the many friends and neighbors of Mr. and Mrs. Walter Voorhies gave them a very pleasant surprise. Nearly 60 old friends gathered to enjoy once more the hospitality of this worthy couple before they left for a new home. After a bountiful dinner was served Mr. Oliver Loomis, in a few well chosen words, presented them with a fine oak rocker as a memento of the occasion.

### 25 Years Ago

March 21, 1930

Jimmie Hisey, son of Mrs. Lois Hisey, editor of the Wayne Dispatch, and his friend Master Tinkham of Wayne, visited at the Mail office Saturday morning. The boys peddled over on their bicycles.

Mr. and Mrs. Archie Herrick returned the latter part of last week from St. Petersburg, Florida, where they have been spending the winter.

Mr. and Mrs. F. L. Becker and Mrs. Merle Rorabacher and children, Velda and Gerald, spent a few days last week with Mr. and Mrs. Ford Becker, at Pittsford.

Only a miracle saved Ernest Vealey from serious injury last Saturday morning when he fell from the roof of a house on Main street, where he was shingling. He fell onto the cement sidewalk, narrowly missing the posts of the hand rail. No bones were broken but he was terribly bruised and shaken up and will be laid up for some days. His right arm is useless and the right knee is very lame.

Mr. and Mrs. Lee McConnell and son Morris were weekend visitors at Sandusky, Michigan.

Harry L. Peck of Hubbardstown, Michigan, is visiting his cousin Dr. Peck and family.

The T.A.B. Bridge club was entertained last Tuesday at Mrs. R. L. Hill's. Mrs. Nutting received

ed first honors. Next Tuesday the club will be entertained by Mrs. Myron L. Hughes at her home in Royal Oak.

### 10 Years Ago

March 16, 1945

Mrs. Francis Walsh, Mrs. Marvin Terry, Mrs. James Meyers, Mrs. Henry Lorenz, and Mrs. Max Todd attended the dinner meeting of the Auxiliary of the Ypsilanti Junior Chamber of Commerce Thursday evening. Mr. Westcott of the Belgian Congo in Africa was the guest speaker.

Susan Goddard celebrated her birthday Wednesday having 11 children in for games and lunch from 4 to 6 o'clock. They were Susan and Sarah Wesley, Ann Morrow, Judy Swope, Sally Morgan, Wayne Smith, Bobby Bateman of Plymouth, Mary Louise Andrews and Billy Allen of Detroit and Ann Goddard.

Master Tommy Joe Benko was host to several small friends Wednesday afternoon at a party in honor of his fourth birthday. Tommy's guest list was somewhat impaired by the chickenpox epidemic. However, five youngsters were able to attend. Those present were: Coral and Dolores Maul, Bobby Delvo, Billy Westphal and Patricia Loomis.

In Reno, on February 22, Miss Irene Casey, daughter of Mr. and Mrs. Harry K. Casey of Chicago, became the bride of James Nairn of this city. It was a double-ring ceremony. The best man and bridesmaid were Technical Sergeant Marshall C. Wood and Mrs. Wood, both close friends of Sergeant Nairn.

Mr. and Mrs. Henry A. Harer of South Harvey street celebrated their 25th wedding anniversary with a gathering in their home, Sunday, March 11. Those attending were Mr. and Mrs. August Harer, Miss Gladys Harer, Miss Alma Harer, Mr. and Mrs. William Raffel, Staff Sergeant Clifford L. Raffel, all of Dearborn; Miss Anna Harer and Miss Deborah J. Harer of Plymouth.

### Land Price Up But Produce Down

Even though prices of farm products are going down, the price of land the products come from is going up.

The one per cent rise in farm land prices in Michigan has surprised even the real estate price specialists, admits Karl T. Wright, Michigan State college agricultural economist.

Disclaiming any idea that more farmers are buying farms, Wright thinks that the cause of the price jump may be an increase in buying by non-farmers.

The rise in Michigan land prices is the same as the national increase, but is much less than in surrounding states. The Corn Belt states of Iowa, Illinois, Indiana, Missouri, and Ohio all jumped land prices 2 per cent. Minnesota and New York farm prices went up 3 per cent.

U. S. Department of Agriculture figures credit all Western and Mountain states with a drop in prices — Wyoming plunged the furthest with a 4 per cent slump.

In clarifying the Michigan picture, Wright does not believe that industrial buying is boosting prices as much as the non-farm buyer — the person buying for investment.

The economist believes prices will stay about the same for a long period. He advises a farmer not to hold back from buying that farm he has his eyes on.

### Plant Boxes Play Important Role In Design of Contemporary Homes

Planting boxes play an important part in the design of contemporary homes. They are used in many ways to contribute an ornamental touch to the often severe lines of functional architecture.

In constructing all such boxes the needs of the plants to be grown in them should be considered. They should be sturdy, because the soil which they must hold is heavy. The material of which they are made must be capable of withstanding constant moisture. Most important of all is that they provide quick drainage for excess water which will come from rain and the garden hose.

Window boxes, which have been widely used for the last century in Europe and this country provide experience, both in constructing the container and in selecting the plants to be grown.

Window box plants can be grown satisfactorily in a box at least 10 inches wide and 8 inches deep, with its length to fit the space allotted. A box of these dimensions is large enough to hold the roots of annual flowers, and small foliage plants. If larger subjects are to be grown, proportionately larger root space should be provided.

Concrete and metal boxes are satisfactory; but the do-it-yourself hobbyist can easily build them of wood. White pine or cypress are preferred because of their moisture resistant qualities, and no boards less than 1-inch thick should be used. The diagram herewith shows how to put the boards together and provide brackets to support the box, where needed.

Think of the plant box as a decoration of the house. It should be painted to match the house color or trim. The flowers should be chosen to furnish a contrasting, yet harmonious color accent. There is a wealth of suitable varieties from which to choose.

Rich potting soil, must be used for window boxes. Because there

### Madonna College Holds Symposium on Values

Why do some things have more of a value attached to them than others? What actually is a value? By what norm can the value of things be judged?

These were some of the questions posed at the St. Thomas Symposium which took place at Madonna College on March 7. This was the tenth annual event of its kind sponsored by the college in honor of St. Thomas Aquinas, Angelic Doctor of the Church and patron of schools. The discussion revolved around the philosophical Problem of Values.

According to tradition, members of the Sophomore logic class, participated in the program under the direction of Reverend James T. Shannon, instructor in theology and philosophy.

Amelia Poleski, of Detroit, was chairman of the group with Mary Ann Barczak, Marjorie Krist and Eileen Murphy, also of Detroit, and Geraldine Sprywa of Bay City participating in the discussion proper.

The topics discussed were: The Value of the Fine Arts, The Value of Society, The Value of

the Individual and The Value of Artifacts, respectively.

An innovation introduced this year was the question period following the reading of the papers.

At the conclusion of the program the choral group rendered several hymns.

The entire day was dedicated to the honor of the Angelic Doctor beginning with Holy Mass and closing with Benediction of the Blessed Sacrament in the college chapel.

## Are you a "Do-It-Yourself" Driver?

Or would you rather be waited on hand and foot?

Rather shift for yourself... or let Powerglide do it?

Shifting's smooth and easy with Chevrolet's new and finer Synchro-Mesh transmission. A flick of your wrist is all it takes to shift gears.

Powerglide, too, is better than ever this year. Even smoother and sturdier. It's the most popular automatic transmission\* in Chevrolet's field!

Rather roll your own... or just push a button?

Chevrolet gives you separate crank controls both for windows and ventipanes. It's one of many extra conveniences in Chevrolet's Body by Fisher.

Your fingertip adjusts all four windows with automatic window and seat controls.\* Available on all Bel Air and "Two-Ten" models.

Position the seat yourself... or let electricity do it?

Chevrolet's big, beautifully upholstered front seat moves up and forward or down and back into your most comfortable, driving position.

No worry about your battery in a new Chevrolet. It's the only car in its field with the reserve power of a 12-volt electrical system!

Apply the brakes like this... or have power make it easier?

Improved brakes and new swing-type pedals make stopping a cinch. And Chevrolet's exclusive Anti-Dive control gives you "heads up" stops!

Chevrolet Power Brakes\* are better than ever this year—let you stop by a simple pivot of your foot from accelerator to swing type brake pedal.

Want standard steering... or extra-easy Power Steering?

Try this easy new Chevrolet steering. Only Chevrolet and some higher-priced cars use a ball bearing system to cut friction to a minimum.

There's nothing quite so easy as Power Steering, of course. Good news: Chevrolet's new linkage-type Power Steering\* carries a reduced price!

Keep yourself comfortable... or have Air Conditioning?

Chevrolet's wonderful new High-Level ventilation system is another important comfort advantage you won't find on other low-priced cars.

It's goodbye heat wave in your Chevrolet V8 with air conditioning.\* This new under-the-hood system by Frigidair takes up no trunk space.

### Automatically—

Chevrolet's stealing the thunder from the high-priced cars!

What's a high-priced car got that Chevrolet hasn't? Not automatic power features. Not style—just look below. Not performance—just try out Chevrolet's new V8 or one of the new 6's. Not ride

—perhaps the thing that will surprise you most is Chevrolet's fine, solid feel on the road. Come put it to the test. See how Chevrolet's stealing the thunder from the high-priced cars in every way!

\*Optional at extra cost.

motoramic

The Bel Air 4-Door Sedan. You'll find your favorite model among Chevrolet's complete line of Fisher Body beauties.

**HOSPITAL CORPSMAN** Third Class John C. Wieck (left), husband of the former Miss Margaret Saxton of Plymouth, is presented with a letter of commendation citing his "outstanding manner" in performing his duties in the Staff Personnel Office of the Portsmouth Naval Hospital, Virginia. Warrant Officer E. B. Womack presents the commanding officer's commendation before 150 shipmates. Wieck, who holds a master's degree from Kent State University, is the champion swimmer who copped top honors for Portsmouth and Norfolk YMCAs during the Virginia State YMCA meet last May. He is the son-in-law of Mr. and Mrs. Dean Saxton, 585 West Ann Arbor trail.

**William J. Thorpe**  
Private William J. Thorpe, 20, son of Obis Thorpe, 43848 Shear-er drive, Plymouth recently participated in a special Army test exercise at Fort Hood, Texas. Purpose of the exercise was to test combat command experimental formations organized by the first Armored division to adapt to the latest concepts of atomic-age ground warfare.

**Gary E. Sockow**  
Private First Class Gary E. Sockow, son of Mr. and Mrs. Earl Sockow, 570 Kellogg street, Plymouth is now at Fort McClellan, Alabama to participate in the making of an Army training film. Sockow is a member of Support company, 188th Airborne infantry regiment of the famed 11th Airborne division stationed at Fort Campbell, Kentucky.

**Richard Jackson**  
Richard Jackson, interior communications electrician fireman, USN, of 168 Amelia street, Plymouth, is serving aboard the rocket landing ship USS LSMR 525, which was assigned a patrol station closer to Chinese Communist mainland than any other ship during the Tachen evacuation.

Private Thorpe, an automatic rifle gunner in Company B of the 634th Armored Infantry battalion, entered the Army in December 1953. He attended Plymouth high school.

Minutes of the City Commission

A regular meeting of the City Commission was held in the Commission Chambers of the City Hall on Monday, February 21, 1955 at 7:30 p.m.

**PRESENT:** Comms. Bauer, Guenther, Henry, Sincok, Terry and Mayor Daane.

**ABSENT:** Comm. Hammond. Comm. Hammond arrived at 8:02 p.m.

Moved by Comm. Sincok and supported by Comm. Bauer that the minutes of the regular meeting of February 7 and the special meeting of February 16, 1955 be approved as read.

Carried unanimously. Moved by Comm. Bauer and supported by Comm. Terry that he bills in the amount of \$44,153.18, as approved by the auditing committee, be allowed and warrants drawn.

Carried unanimously. The Clerk presented the following reports for the month of January: D.P.W., Police, Fire, Health, Municipal Court and Treasurer.

Moved by Comm. Terry and supported by Comm. Sincok that the above reports be accepted and placed on file.

Carried unanimously. The City Manager presented information relative to the Regional III meeting of the Michigan Municipal League to be held at the Dearborn Inn on Thursday, March 10, 1955.

The City Manager stated that he would present his report on the furnishing of water to the proposed school on Sheldon Road south of Joy Road at the next meeting.

Moved by Comm. Henry and supported by Comm. Terry that the sum of \$1500.00 be appropriated from the Unappropriated Reserve Account to the Highway Tree account for the control of Dutch Elm Disease.

Carried unanimously. Moved by Comm. Henry and supported by Comm. Guenther that a fee of 25.00 inside the city limits and \$50.00 outside the city limits be established as an annual fee for connections for fire prevention sprinklers in business establishments, where such sprinkler water is not metered.

Carried unanimously. The following resolution was offered by Comm. Terry and supported by Comm. Sincok:

**WHEREAS,** the Clover Television Service has requested permission to install certain anchor posts and guy wires in order to insure stability of a one hundred foot mast atop the building at 173 W. Liberty Street, Plymouth, Michigan, now therefor.

**BE IT FURTHER RESOLVED** that the Clover Television Service is hereby granted a license, terminable at the will of the city, to install a guy post of 9 inch eye-beam construction and guy wire between the sidewalk and the street on city property, on the east side of Starkweather Avenue, approximately fifty feet south of W. Liberty Street, such post to be approximately fifteen feet above ground and at least 5 feet below ground; and to extend a guy wire across Liberty Street, such guy wire to be not less than seventeen feet above the sidewalk on the north side of W. Liberty Street, both of said installations to be subject to the approval of the building inspector and fire chief; and, further in the event the city shall at any time require said installations to be moved or removed, same shall be done at the expense of the licensee.

Carried unanimously. The Clerk read a proposed ordinance to amend Ordinance No. 182, Zoning Ordinance, by title only.

Moved by Comm. Sincok and supported by Comm. Terry that the proposed ordinance to amend Ordinance No. 182, Zoning Ordinance, be passed its second reading, by title only.

**YES:** Comms. Guenther, Hammond, Henry, Sincok, Terry and Mayor Daane.

**NO:** Comm. Bauer.

Moved by Comm. Sincok and supported by Comm. Terry that Ordinance No. 191, an ordinance to amend Ordinance No. 182, Zoning Ordinance, be passed its third and final reading, by title only, and become operative and effective on the 15th day of March, 1955.

**YES:** Comms. Guenther, Hammond, Henry, Sincok, Terry and Mayor Daane.

**NO:** Comm. Bauer.

The Clerk read a proposed ordinance providing for "No Sunday Sales".

Moved by Comm. Guenther and supported by Comm. Hammond that a proposed ordinance providing for "No Sunday Sales" be passed its first reading.

Carried unanimously. The Mayor appointed Mr. David D. Wood, 398 Sheldon Road, as a member of the Planning Commission to fill the vacancy created by the resignation of Mr. Lee Gaeke, term to expire November 20, 1956.

Moved by Comm. Terry and supported by Comm. Bauer that he appointment by the Mayor of Mr. David D. Wood to the Planning Commission to fill the vacancy created by the resignation of Mr. Lee Gaeke, term to expire November 20, 1956, be approved.

The following resolution was offered by Comm. Bauer and supported by Comm. Sincok:

**WHEREAS,** one of the major problems in our Plymouth community is the need for municipal services outside of the boundaries of the city, and

**WHEREAS,** it is necessary to determine whether or not the boundaries of the city should be enlarged to solve the problems, and

**WHEREAS,** preliminary studies have been made on the subject of boundary changes, and

**WHEREAS,** a comprehensive study of facts and data by a committee of citizens is deemed advisable,

**NOW THEREFORE BE IT RESOLVED** that the City Commission does hereby establish the Plymouth Community Study Committee to exist from this date until October 1, 1955 and

**BE IT FURTHER RESOLVED** that the following residents of the City of Plymouth are hereby appointed active members of the committee:

Robert Barbour, Byron Becker, Robert Lidgard, Ralph Seyfried, Thomas Adams, Marvin Criger, Robert Lorenz, E. P. Light, Frank Terry, Charles Wyse, Gladys Tiltonson, Don Ward, Lois Jensen, Walter Ash, Esther Hulsing, Frank Henderson.

City Commission on or before August 1, 1955, a comprehensive report of its findings and conclusions, such report to contain: (1) A definite recommendation as to whether or not expansion of city boundaries should be undertaken; (2) if such expansion is recommended, the extent thereof; and (3) such further information and recommendations as the committee shall determine and be germane to the general subject of boundary expansion.

Carried unanimously. The City Manager presented a 6 months audit report from July 1, 1954 through December 31, 1954 submitted by Sutherland and Robson, Public Accountants.

Moved by Comm. Terry and supported by Comm. Bauer that the audit report submitted by Sutherland and Robson be accepted and placed on file.

Carried unanimously. Mr. Merriman, real estate agent, presented a request for water extension in Plymouth Township at the eastern limits of the city. He was informed relative to the current policy regarding extensions of water service outside of the city.

Moved by Comm. Henry and supported by Comm. Terry that the meeting be adjourned.

Carried unanimously. Time of adjournment was 9:40 p.m.

Mayor Clerk

BE IT FURTHER RESOLVED that the following residents of the Township of Plymouth are hereby appointed active members of the committee:

Carl Caplin, Roderick Cassidy, Ralph G. Lorenz, Austin Stecker, Floyd Tibbitts, George DeGroat, Frank Lodge, Harold Shirey, Horace Thatcher, Violet Roberts, Carri Van Tubbergen, Loren Johnson, Leslie Taylor, James Gallimore, Chloe West, Annette Grady.

**BE IT FURTHER RESOLVED,** that the following persons are hereby appointed associate members of the Committee with the right to attend all meetings and to participate in all deliberations but without the right to vote: The City Manager of Plymouth, the City Attorney of Plymouth, the Plymouth Township Board, the Plymouth City Planning Commission, the Plymouth City Planning Consultant, the Plymouth Township Zoning Board, the Plymouth Township Planning Consultant, the Plymouth Township School District Board of Education.

**BE IT FURTHER RESOLVED,** that the following persons are hereby appointed officers of the Committee: Chairman, Frank Henderson; Vice-Chairman, Carl Caplin; Secretary, Esther Hulsing.

**BE IT FURTHER RESOLVED,** that the Committee be and is hereby authorized and directed to study the question of whether or not the City of Plymouth should expand its boundaries, and to submit to the

Now serving all Plymouth...

Visit Our  
**Newly Enlarged  
Plymouth Office**

We are pleased to announce that, as of March 7, the banking services and facilities of the Penniman and Plymouth Offices have been combined in the Plymouth Office, 306 South Main, which was recently enlarged and modernized for this purpose.

The combined staffs of the two offices are on hand to serve you.

The Penniman Office, which has been a banking landmark in Plymouth for many years, will be modernized. When alterations are completed it will be known as the "Instaloan Office" of the National Bank of Detroit, handling instalment loans exclusively. While work is in progress, the Instaloan Department will be temporarily located in the Plymouth Office.

Please accept our sincere thanks for your confidence and good will. It will always be our purpose to provide you and this community with the best in banking and trust services.

## Proposed North-South Turnpike May Be in Useful Reach of Plymouthites

What effect would a north-south turnpike through Michigan have on Plymouth?

According to engineers for the Michigan Turnpike Authority, the tollroad's exact route still is unknown but from all indications it will closely parallel Telegraph road.

Plymouth motorists know that Telegraph road is a mere 10 to 15 minute drive from here, but there remains another question. Being a limited access highway, entrance can be gained only at an interchange. Location of these entrances and exits are usually far between and might mean additional driving for Plymouth motorists to get onto the road.

Although the exact route of the \$186,000,000 project is still unknown, E. Thomas Baker, head authority engineer, stated that the highway act requires that it be built to touch near Toledo, Detroit, Pontiac, Flint, Bay City and Saginaw, but the authority can build any section of the road it feels is economically possible.

Traffic studies will first be made to determine what section is needed most. Baker states that traffic studies so far have indicated that the highway would have to pass near the Telegraph-Northwestern intersection and run east of Pontiac.

It is believed that commuters would be the greatest users of the road. If the road is constructed

between Pontiac and Northwest-ern highway, Baker believes that over 26,000 cars alone would use this portion each day.

In explaining advantages of a limited access road, Baker claims that traffic safety would not only be greater, but that this type of highway can handle 50 per cent more traffic than usual free ways.

It is believed that many Plymouth motorists heading for the northern vacationlands would find it time-saving to drive as far east as Telegraph road in order to get onto a turnpike. It would cost money, of course, to travel the road but a short weekend vacationer would probably reason that time is worth more than money.

Many residents of Bloomfield and Southfield townships have already expressed their dissatisfaction concerning the highway's route, even though they aren't sure where it will be. They argue that the road will destroy real estate values as well as tend to cut their townships in half.

You can never overcome the universal material revolution by conceding to it materially; you can only overcome it by stressing the moral, intellectual, and spiritual side of your existence.

—Dr. Charles Malik  
Even a mild mistake must be seen as a mistake, in order to be corrected.  
—Mary Baker Eddy

## Lists Social Security Facts on Domestic Help

Householders who employ help in their homes will soon make their first social security report, stated Harry Baltuck manager of the Detroit-Northwest social security office. He recently listed some important facts for these householders to know.

Baltuck explained that earnings of \$50 or more in cash wages during a calendar quarter from household employment are now covered by the social security laws. He added that the employer is now responsible for reporting the wages and the social security tax. The tax rate is two per cent of the wages to be paid by both the employer and the employee.

Furthermore the employer must submit to the Director of Internal Revenue a report, consisting of the worker's name, social security number and the amount of cash wages paid. These report forms are available at the Internal Revenue offices.

Baltuck also pointed out that the employer files this report regardless of the fact that the domestic worker may be employed in more than one household. Aim of the new coverage is to earn for the household worker a valuable insurance protection. Further information about benefits may be obtained at local social security offices.

## MSC Anniversary Features Gifts Of Pine Plantings

The white pine, Michigan's official tree, is being made available for planting to schools, churches and civic groups in the state as a gift from Michigan State College during its 1955 Centennial year.

Such groups have the opportunity to obtain one of the trees from M.S.C. for planting on Arbor day, April 29, or some other occasion. Michigan State selected the white pine 18 months ago for special plantings this year, the College's 100th anniversary.

The legislature and the governor recently named the white pine as the official state tree.

More than 1,500 groups and organizations from all parts of Michigan already have requested one of the trees, said Dr. Paul A. Herbert, director of conservation at M.S.C. The young trees average about 18 inches in height and are accompanied by a small plastic marker.

According to Dr. Herbert, the trees are to be planted on public sites such as parks, school grounds and court house squares. "The white pine will grow on more soil types than any other Michigan tree," Dr. Herbert said. "As a result, it has been used in reforestation projects and for ornamental use in every part of Michigan," he added.

## Taxes, Politics, 3R's Topics of Survey To Determine Attitudes of Communities

Do you agree or disagree with these statements:

1. Most communities are run by a few big shots.
2. The main problem we face is high taxes.
3. The school should stick to the 3 R's and forget about most of the other courses being offered today.

Those statements are only a few of the 60 on a questionnaire developed by the Michigan State College Continuing Education Service to measure the attitudes of the people in their home community.

This survey is a new tool to provide a systematic approach to community problems, contends Dr. Claud Bosworth, head of the Continuing Education Department of Community Services. The survey, used at Jackson, Niles, Sturgis and other communities, has been consistently reliable and valid, reports Dr. Bosworth.

"One of the greatest uses for this approach," Dr. Bosworth points out, "is to help community leaders learn in advance what kind of package the people will buy. We can help community leaders determine if an industrial development, new school, sewer bond issue, recreation or health program, etc., will be approved by the people."

Here are some more questions... try scoring your attitudes on the basis of "strongly agree," "agree," "undecided," "disagree," or "strongly disagree."

1. Most communities are good enough as they are without start-

ing any new community improvement programs.

2. In general, church members are better citizens.
3. The first and major responsibility of each citizen should be to earn dollars for his own pocket.

This questionnaire was devised with the assistance of Chamber of Commerce managers, representatives of community development agencies, and others, to provide a professional approach to the whole problem of community inventory and organized programs.

Mr. Bosworth reports that the study, now in its third year, presents three definite conclusions:

1. That a practical inventory of community assets can be assembled and used to advantage.
2. That attitudes toward progress in a given community can be charted scientifically.
3. That educational background of the person taking the questionnaire is the major determining factor in measuring his attitudes towards progress.

This new questionnaire approach is important, contends Dr. Bosworth, "because the attitude of the people is the key towards community progress. Industrial firms expanding or seeking new locations, city councils planning civic improvements such as sewer and water expansion programs, health services, community centers, and school boards considering new buildings are always con-

cerned with the question 'What is the attitude of the people of the community towards this project?'

Dr. Bosworth also declares that the test will show community leaders which sections of the city or which groups of people will oppose or support community improvement projects.

Sentiment is very far removed from foolish sentimentality. The latter is weakening in its effects, while the cultivation of true sentiment means mental power and moral efficiency.

WHO WILL WIN THE "OSCAR'S"? DON'T MISS THE ACADEMY AWARDS SHOW • NBC TV AND RADIO • WED., MARCH 30

# Miracle Drugs Won't Lick "Flu;" Bed Rest Will, Says U of M Doc

Back-fence practitioners have labeled 1955 a virulent flu year. Is it an epidemic? What are the dangers?

Answers to these questions about influenza are not easy to come by. Your own family physician may have some misgivings about the effectiveness of influenza vaccine.

To get reliable answers, Dr. Fred Davenport, associate professor of epidemiology (field of epidemic diseases) in the U-M School of Public Health and associate professor of internal medicine at the Medical School, was interviewed. The following is the question-and-answer review on influenza.

**WHAT IS INFLUENZA? IS IT THE SAME AS "FLU" OR "GRIPPE"?**

Influenza is an acute infection of the respiratory tract which often occurs in epidemic form and is characterized by the sudden onset of fever, malaise (uncomfortable aches and pains), and respiratory symptoms.

It has been called everything from "the jolly rant," to "the new delight," to "the fashionable illness." More lately it became known as "the flu." Today it is called, "That virus thing."

"Grippe" is the French label which became popular during the great epidemic of 1918 during World War I. The French called influenza, "La Grippe."

Influenza was described in a letter dated 1562; it was recognized in epidemic form in 1557. It is not a new disease, and it has come and gone through history, sometimes in huge waves of illness, and sometimes in little droplets of discomfort.

**HOW MANY KINDS OF INFLUENZA ARE THERE? HOW DO DOCTORS KNOW?**

There are four known types of influenza: A, A-prime, B, and C. Type A was first isolated in England. Dr. Francis of this country isolated the strain shortly thereafter in Puerto Rico.

Type A-prime, isolated in 1947, is the second type. It is related, like a distant cousin, to type A.

Type B was isolated in 1940, again by Dr. Thomas Francis, U of M School of Public Health, along with Thomas P. McGill, professor of bacteriology at Long Island branch of the University of the State of New York.

Type C was discovered by Taylor of Rockefeller Institute. Later Drs. Francis and Quillan and Miss Minuse, all of the University of Michigan, identified the first epidemic of type-C influenza.

Doctors know these distinct kinds of influenza because each produces a different antibody response in the patient. Antibodies are circulating proteins which set up a protective mechanism against outside invaders. As far as symptoms are concerned, there is no practical or noticeable difference between the four types, although type-B is considered the mild form. And, type-C seems to favor children.

**IS IT NECESSARY TO KNOW WHAT TYPE HAS INFECTED THE PATIENT?**

No, because the treatment is the same for all types. Only under unusual circumstances, i.e., to study the efficacy of vaccines or to identify the kind of epidemic, is it necessary to go through the expensive, time-consuming lab tests to identify the strain of influenza the patient has. These tests are not necessary for individual patients.

**IS INFLUENZA DANGEROUS?**

Not in itself. In general no one actually ever dies from influenza. But the disease is known to pick off the very young and the very old. Because such people are greatly weakened by the flu virus, they can fall victim to such secondary complications as pneumonia. In such circumstances, patients also might succumb to heart conditions or kidney disease. Even at that, influenza doesn't generally cause pneumonia; it sets the stage for invasion of bacteria, and the result is sometimes pneumonia.

**ARE MIRACLE DRUGS EFFECTIVE AGAINST INFLUENZA?**

No. In fact, they are useless. Antibiotics such as penicillin combat pneumonia. But the patient cures himself of influenza.

**HOW DOES THE PATIENT RECOVER FROM INFLUENZA?**

By staying in bed, eating moderately, drinking somewhat more than the accustomed amount of water and taking aspirin. In time the patient's strength returns, and his system responds by manufacturing antibodies.

**ARE THERE ANY "SPECIFICS" OR DRUGS ON THE MARKET YET TO KILL THE INFLUENZA VIRUS?**

Not yet. Treatment at present is "symptomatic." That is, your doctor treats the discomforts and symptoms. He has nothing in his bag which will kill the bug itself.

**IS A DOCTOR NECESSARY WHEN FLU HITS THE FAMILY?**

Definitely. He keeps check on your progress, and he knows what secondary infections to look for. These are the dangers of the flu which require the competence of a physician.

**WHAT ABOUT VACCINATION AGAINST INFLUENZA?**

Tests prove that influenza virus vaccines have usually given protection against the disease. Tests show that for three of the four known strains, the protection ratio ranges from 3 to 1, to 8 to 1. That means that for every vaccinated person who gets the flu, three to eight unvaccinated ones in the same population contract the disease. Doctors feel that the influenza vaccines are worth a try.

At present there is no vaccine for Type-C. There seems to be no practical reason for having one, since so few people succumb to this type of influenza.

**IS SCIENCE MAKING ANY PROGRESS IN FINDING DRUGS WHICH ACTUALLY KILL THE INFLUENZA VIRUS?**

Yes, but they are too toxic for humans at this stage. The progress in drug warfare against the flu is slow but promising.

**IS 1955 AN EPIDEMIC YEAR?**

It seems to be, but it is only a mild one. Type-B virus seems to be the culprit.

**CONCLUSIONS . . . . .**

1) You can catch flu; it is infectious.

2) Deaths during a flu epidemic are usually from complications of the disease, not the disease itself.

3) You can be vaccinated against the flu. It is the best known personal and community protection, but to be maximally effective, vaccines must be given before the epidemic occurs.

4) Antibiotics don't work; bed rest does.

5) So-called "Virus X" probably means that the doctor doesn't know what strain of influenza has hit you. He could find out, but by the time the strain was identified, you'd probably be on your feet again.

Galileo, Italian astronomer and physicist, invented a practical thermometer back in 1592, made of a large air-filled bulb and a glass tube containing water. When the air became heated it expanded and pushed the water level down, thus permitting a gauge of the amount of heat.

Hicks is one of the prominent personnel and industrial relations specialists throughout the country who will serve on this year's panel. The Personnel Policies Forum serves as a focal point for the exchange of opinion and information on current personnel practices in American industry, large and small.

He will be consulted, as a member of this year's panel, on such subjects as unemployment compensation problems, supervisory development, problems of the clerical employee, executive development and automation. Reports summarizing the views of forum members will be published by BNA during 1955.

C. Don Hicks, 44475 Governor Bradford road, will be a member of the 1955 Personnel Policies Forum, it was announced today by the Bureau of National Affairs, Inc. He is personnel director of Eaton Manufacturing company, in Detroit.

## Fire Chiefs Association Meets at Mayflower

Fifty-three members of the Southeastern Michigan Fire Chiefs association met last week at the Mayflower hotel to hear Charles Weber, training director of the Civil Service Commission of Michigan.

Weber was a principal speaker at the Fire Department Instructors Conference in Memphis, Tennessee several weeks ago which Fire Chief Robert McAllister of the city and Chief Bud Holmes of Plymouth township attended.

The speaker pointed out the need for more actual fire fighting training. Old buildings and homes are used in many cities by firemen for training purposes by igniting the buildings and then using various means of extinguishing them. The old method of just telling firemen how to use equipment and extinguish fires "is out," Weber declared.

## Ralph Lorenz to Speak At Lions Meeting Tonight

Guest speaker for tonight's meeting of the Plymouth Lions club will be Ralph G. Lorenz, manager of the Mayflower hotel. He will speak on "Froblems of An Inkeeper."

The event will be held at 6:30 p.m. in the local hotel.

Economy is the art of making the most of life.

—George Bernard Shaw

## ORDINANCE NO. 192

An ordinance making it unlawful on Sunday to engage in the business of selling, offering for sale, renting, leasing or exchanging new, used or second hand motor vehicles, furniture, carpeting, linoleum and floor covering, household appliances, televisions or radios, or to keep open any store, office, or other place for the purpose of selling, offering for sale, renting, leasing or exchanging of such articles: To provide certain exceptions thereto, to provide a penalty for the violation thereof and to repeal any ordinance or part thereof in conflict therewith.

THE CITY OF PLYMOUTH ORDAINS:

Section 1. It shall be unlawful for any person, firm or corporation or anyone acting in behalf of any person, firm or corporation whether owner, proprietor, agent or employee, in the City of Plymouth, Michigan, to conduct or engage in the business of selling, offering for sale, renting, leasing or exchanging new, used or second hand motor vehicles, or furniture, carpeting, linoleum and floor covering, household appliances, televisions or radios, or to keep open any store, office, or other place for the purpose of selling, offering for sale, renting, leasing or exchanging any of said articles on the first day of the week commonly called Sunday; Provided, that this ordinance shall not be applicable to any person who conscientiously believes that the seventh day of the week should be observed as the Sabbath and actually refrains from secular business or labor on that day.

Section 2. DEFINITION. As used herein the word "person" shall be deemed to include a firm or corporation, or any agent of the owner, or any person in charge, whether owner, proprietor, agent or employee.

Section 3. PENALTY. Any person violating any of the provisions of this ordinance shall be fined not more than One Hundred (\$100.00) Dollars or be imprisoned for not to exceed Ninety (90) days or both such fine and imprisonment in the discretion of the court.

Section 4. SEVERANCE PROVISION. Should any provision, sentence, clause or phrase of this ordinance be held to be invalid for any reason, such holding shall not affect the validity of the ordinance as a whole or any part thereof other than the part so declared invalid, it being the legislative intent that this ordinance shall stand notwithstanding such holding.

Section 5. INCONSISTENT ORDINANCES REPEALED. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 6. EFFECT. This ordinance shall become operative and effective on the 29th day of March, A.D. 1955.

Made, passed and adopted by the City Commission of the City of Plymouth, Michigan, this 7th day of March, A.D., 1955.

Russell M. Daane, Mayor  
Kenneth E. Way, Clerk

## HEALTH & BEAUTY

All of us have our own personal beauty problems. The best way to cope with them can be very valuable information.

Your trouble may be cold sores that always seem to come at the most inconvenient time. Blame a virus for these hot and irritated bumps which come on your lip at a moment's notice. It is not the same type virus which causes colds, but it is related.

The best treatment is to apply hot compresses to the sores, then dab them with spirits of camphor. Cover the sore with one per cent yellow oxide of mercury. If the cold sores reoccur frequently, they can be treated with small-pox vaccinations.

Cracked lips cause suffering the year around but during the winter they are almost a common sight. This condition can be due to dozens of things. An allergy to certain tooth brushes, drinking cups and cosmetics, to name only a few.

A most common cause is a deficiency of vitamin B. Eat more whole grain cereals, liver, lean meats, milk and eggs. Try eating brewer's yeast for a bad case.

Permanent goose-pimples is a name given to a condition doctors call follicular hyperkeratosis. They are found on almost any part of the body. Particularly on the leg or the underside of the upper arm. It is usually a sign that you lack enough vitamin A, the B complex vitamins and the type fat found in margarine, butter and lard. It is a blemish usually associated with a low-fat diet.

The condition is brought on by months, even years of incorrect eating. So don't expect it to clear up in a couple of weeks. It may take as long as three months.

**HOTTEST BUICK IN HISTORY**  
No wonder you see so many 1955 Buicks on the highways—they're selling up bigger sales than ever before in history—topping the popularity that has already made Buick one of the "Big Three" in total national sales.

**\$2251<sup>88</sup> \* makes it yours**  
**---delivered and ready to roll**

**WE** keep coming across a good many people who still are surprised when they see the low delivered price of the Buick shown here. They're surprised because they know that this price is just about what a lot of the smaller cars are asking—if not more. But that's just the point. What's making the 1955 Buick the hottest one in all Buick sales history is the simple fact that its low delivered price buys so much more automobile. Much more automobile when it comes to the lift and life of great V8 power—Buick power in record might. Much more automobile when it comes to style and size and room and ride steadiness—and the integrity of construction that comes of Buick building. Much more, too, when it comes to matching your motoring needs to the simple practicality of your budget—because Buick offers you a stunning choice in just about every price class. Like the rock-bottom-priced SPECIAL—the high-powered CENTURY—the extra-spacious SUPER—the magnificent and custom-built ROADMASTER. Each is a Buick through and through—and each is a big reason why Buick sales are soaring as never before. Why not drop in on us this week and see how much your new-car dollars can really buy—in thrills and fun and comfort and deep satisfaction—when you buy Buick.

**DID YOU KNOW—**

- ★—that the Buick SPECIAL is priced below any other car of 188 horsepower and 122-inch wheelbase?
- ★—that the Buick SPECIAL is priced below some models of the three best-known smaller cars?
- ★—that the Buick SPECIAL gives you more pounds of automobile than any other car at its low price?

\*Local delivered price of the 2-door, 6-passenger Buick SPECIAL Sedan, Model 48, illustrated. Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities. Even the factory-installed extras you may want are bargains, such as: Heater & Defroster . . . \$81.70; Radio & Antenna . . . \$92.50.

# Chips from the ROCK

For many years, as I have driven to our Lake Huron summer home, I have felt sorry for the thousands of Jamaicans I have observed working in the sugar beet and potato fields in the fertile Saginaw valley. After our visit to their homeland never again shall I have this feeling. Actually, our government is doing them a great favor by letting them participate in our farm-labor program, because it is these same farm laborers who, when returned to their own homes, are now the opportunists of this British Isle.

Instead of returning to their thatched roof farm shacks and cooking out of doors and sustaining their families mainly on fruits, after a visit in America, they become the white collar class of Jamaica, and fill such jobs as waiters, cab and limousine drivers, store clerks, etc. The English they have learned in the States, and their desire for better wages, other than the dollar-a-day laborers pay, has given them a new lease on life and a desire for better living. In fact we couldn't find a Jamaican holding any of the above mentioned jobs who hadn't at one time been a laborer in the fields of Long Island, Michigan, Ohio, Wisconsin or Minnesota.

Jamaica inland, though far less primitive than Haiti, still has a long way to go to catch up with our country today. Pictured above is a typical Jamaican farmer on his wooden-wheeled cart which, as you can see, is pulled by the ever present burro. This particular farmer is considered well off and probably earns \$20.00 a week. The poorer farmer sends his crops to market in Jamaica as in Haiti in a basket on his wife's head. If he is able to save enough money, he will buy a burro which his wife will ride to market as the one pictured below. One noticeable difference was the fact that the Jamaican burro carried two baskets as against one in Haiti.

Touring through the countryside is most interesting, and in a brief 20 mile span we had seen the following fruit growing on trees: Bananas, coconuts, nisperies, breadfruit, cocoa, star apples, civil oranges, cottonwood, pimento, aki, custard apples, pears and mangoes. It is little wonder, when one sees the profusion of fruit growing wild, that a native could survive on this alone.

Most of the fruits are eaten without cooking, but we feasted one night on the natives favorite dinner which was baked breadfruit, cod fish and aki. The breadfruit grows on a tree and ripens into a fruit about the size of an unusually large pear. It is peeled and baked and when served it has the appearance and similar texture of a fresh pineapple but offers a most flat taste. On the breadfruit the native placed a

boiled mixture of aki, another tasteless fruit with the appearance of well cooked scrambled eggs, mixed with small pieces of cod fish. It may be the national favorite, but I would hate to have my traveling secretary serve it at home to a group of friends for a special dinner feature. Though it would be nourishing and filling, I know they wouldn't come back.

Montego Bay like all Jamaican towns has traffic moving forward on the left side of the road, and at first it is most confusing because all of the streets are so narrow. To better testify to the hazardous conditions resultant from this innovation Mrs. Edwin Schrader decked out in her plaid English walking shorts, attempted to brave the traffic on an English bike (furnished all guests free by the hotels) and after picking herself up from a traffic jam on a curve relied on the taxi service from there-on in.

The main street is a quaint collection of shops featuring items of interest to the tourist. All shops selling fabrics offer tailoring service to both men and women so that shirts, sport coats and suits ordered one day may be delivered ready to wear the next, and all at most reasonable prices dependent on the cost of the material.

A surprising revelation came to light one morning as the four of us were having breakfast on our "verandah." We had just read of the approaching visit of Princess Margaret to the island in the paper, and to get a first hand view of the natives reaction to English royalty we queried our waiter as to his sentiments on the forthcoming celebration. To our surprise we found him most unhappy about the great event, and later learned all other natives felt the same as we pursued our questioning. They thought it a crime for the English to spend so much money for celebrations throughout the island when there was so much unemployment and so many natives desperately in need of aid. To us this was most interesting and especially after we learned the fate of a local storekeeper who had failed to close his doors promptly at noon the day before.

It seems British tradition requires all stores close from 12 noon until two. This particular shop was overflowing at the noon hour with customers from a visiting steamer. The owner, desirous of doing all the business he could when he had the opportunity, didn't close as was custom. According to the conversation we heard him having with the inspector of the island, he was fined the next day \$175.00 for the infraction, and ordered to pay his clerks time and a half for the 2 hour period in addition. If the pattern of dissolution of the British Empire has stemmed from such procedure elsewhere it might be well for those great diplomats to have a closer look at their lush island paradise which many inquiring newspapermen found already pulsating with a desire for a change.

The beaches on the island are mostly stoney so swimming is confined to a very few locations. Travel in the mountains is interesting and the miles of sugar cane, tobacco, banana and coconut plantations is a sight well worth seeing. There are times when you travel for two or three miles completely surrounded by giant ferns or high, grotesque bamboo trees. A countryside entirely different than any we had ever seen before. Because it is tropical, vegetation grows fast and thick and cleared areas must be worked constantly to keep ahead of the natural growth.

To close, I might mention a few of the unusual features offered by the hotels on the island. In addition to free bicycles, umbrellas, beach chairs, cruises on sailboats or glass bottom boats, golf and many other items are furnished along with all of the food you can eat, when the price of your room is established. A barber will shave you or cut your hair free on your verandah, and the little woman can have free service in the hair shop in the hotel. The average rate of \$30.00 a day in the better hotels for two is reasonable if the guest takes full advantage of all the services the hotel provides.

For the real sun worshippers Jamaica provides an inviting spot. The temperature remains at 80 degrees the year around and the sea maintains a temperature close to 76. It doesn't cool much at night, but if one remains in the shade there usually is a cooling breeze, and while rummaging in the downtown stores people frequently leave their shopping to sit on a stool in the doorway to cool off before starting over again. One more interesting downtown accommodation for the tourist is the big blackboard on the main square. Here, if parties become separated they merely write their names and directions on the board for their friends to find. And, it was there we wrote to the Schraders, that it was too hot for us, and plane takeoff time was two hours away, and we would see them at the Sugar Refiner's refreshment stand ready and anxious to get our feet back on the good old U.S.A. . . . and that, after a glorious holiday, the four of us did.

## "THIS PRESENT-DAY WOMAN

## Michigan Mirror

### State Politicos Work Hard on Spring Election

Politicians are off and running for the April 4 off-year election with all the energy of the hot campaigns of a presidential year.

Michigan Democrats, counting on the momentum of the 1954 sweep of administrative board offices, are confident.

Republicans, fearing that a loss

this spring would be a harbinger of total collapse in 1956, are determined.

## ★ THINKING OUT LOUD ★

One question, sometimes controversial, sometimes personal, is asked each week by The Mail of four pedestrians along Plymouth's downtown streets. This week's guests are "thinking out loud" on the question:

"The School Community Planning Group recently discussed the control of student drivers. It was suggested that they not be allowed to drive to school if they live within one mile, or that they not be allowed to drive over the noon hour. Do you think some type of controls are necessary?"

SUE ANTHONY, 319 West Ann Arbor Trail: "I think a student should be able to drive to school if they live away from the city. They usually drive others to school. A few of the kids may be reckless but others are as courteous as anyone else. I think I might drive to school myself some day."

WALTER HERMANSON, 260 Haggerty Road: "They could slow down a little. Police should keep a closer eye on them when they go to and from school. Some students do drive recklessly but so do a lot of older people. Kids who live out further should be able to drive but kids in town could walk. I live in the country and ride with another fellow."

SUE SEMPLINER, 40633 Ford Road: "Student drivers aren't any worse than any other kind. There are a few reckless ones, of course, but the rest are as good a driver as any adult. I think that a student wouldn't need to drive if he lived within a mile of the school."

RICHARD MANION, 36440 Elmwood: "Lots of teen-age drivers are judged by actions of a few reckless ones, which is unfair. It's true that many of them just drive around at noon. If a student lives more than one or two miles from school, he should be allowed to drive. Certain colleges clamp down on student drivers. A sticker could be placed on cars whose drivers need to drive."

## — READING THE MAIL —

On January 26th, the New York Times reported that President Eisenhower had ordered all government agencies to review their industrial and commercial activities within the next few months to "determine how many of these activities are in competition with private business and how many can reasonably be ended."

That is squarely in line with a statement he made in 1952: "That no federal project large or small will be undertaken which the people can effectively do or be helped to do for themselves; that no federal project will be undertaken which private enterprise can effectively undertake; that no project and no program will be started on the federal level which can be undertaken and effectively carried through on the state or local level."

Some progress has been made in getting the government out of business. Twenty-seven government-owned synthetic rubber plants are slated to go into private hands; the Navy has stopped manufacturing its clothing; the Army has disposed of a chlorine plant, and the assets of the Inland Waterways Corporation have been sold.

Roger Babson

## Live Longer, Retain Beauty

Babson Park, Florida. This story may be valueless; or it may be most important. It will not cause anyone to eat less canned or frozen fruit and vegetables, but it may develop a new industry.

### SEEDS CONTAIN THE LIFE WHICH WE ALL WANT

There is in this village the Florida Research and Water Company. It owns the local water company and is interested in the study of live seeds small enough to eat alive. It also believes in "raw" water and "raw" milk—that is, pure spring water which has not had the living matter killed by chlorine, and pure milk which has not been pasteurized. It recommends the eating of more "whole cereals," more "raw" vegetables, and "raw" fruits, especially those consisting largely of live seeds, like okra,—but they should be ripe seeds; also live "sprouts and buds." It believes in juicing machines, but not for live seeds.

Let me illustrate: It is impossible to eat a peach seed, and probably unwise to swallow live orange, acerola, or apple seeds, unless they are ground; but ripe tomatoes, strawberries, blueberries, bananas, figs, and pomegranates should be eaten, seeds and all, uncooked. Of course, all raw fruit and vegetables should be carefully washed. The acerola berry of Puerto Rico is reported to have fifty times the Vitamin C—per gram—contained in an orange. The second paragraph on page 59 of the Reader's Digest for January, 1955, is thought-provoking.

### SHOULD PEAS BE SWALLOWED AS PILLS?

All agree that string beans may be cut up and cooked for a few minutes. Some people, however, believe that sunflower seeds, peas, small beans, nuts, and psyllium, onion, and celery seeds should only be softened in warm water and swallowed like pills! The thought is that all vegetables have three functions: (1) Supplying vitamins, minerals, etc.; (2) supplying much-needed bulk; and (3) through their LIVING SEEDS supplying that unknown and intangible "something" known as LIFE.

That people lived, before the days of cooking, to 120 or even 400 years of age MAY have been due to their feeding upon LIFE. Sufficient experiments have not been completed to prove whether live seeds should or should not be eaten uncrushed, before they are "killed" by juicing machines or boiling. They, however, are part of my diet.

### SHOULD WE EAT COOKED EGGS?

Boiling anything long enough kills LIFE. It is believed that some canning, dehydrating, or freezing also destroys this LIFE—though not the vitamins and minerals. However, the age of peas, beans, and corn does not affect their life-giving powers. Corn kernels over 3,000 years old, taken from Egyptian tombs, will sprout the same as if gathered yesterday. It is debatable whether we should eat raw or cooked eggs. When I had T. B., my doctor insisted that I eat only uncooked raw, fertile eggs containing LIFE. He also recommended the uncooked coral of lobsters and the live roe of fish.

All beautiful birds live only on live seeds, live worms, and live spring water. Their food must be ALIVE. The only birds which will eat dead meat are the horrible crows and buzzards; dangerous insects and bacteria will also eat dead things. The same principle applies to animals of the forest. Certain moldy cheese and yeasts contain LIFE. Live seeds in 15-cent envelopes can be purchased at any hardware store.

### HOW TO KEEP BEAUTIFUL

Those who have seen any fish (from mackerel to sharks) pulled alive out of the ocean have been impressed by their natural beauty and proportions. When analyzing the diet of these fish, we learn that the smallest fish live on minute animal and plant life known as plankton and algae; that the larger fish live on the smaller live fish; and so on up to the whale. But, all insist their food be ALIVE.

I am not vouching for any theory of LIFE, but it does seem as if the above evidence should be considered when selecting our diet. Once, no doctor had recommended B12 pills or brewer's yeast; but today they recommend them. Perhaps we will live to see doctors recommend the addition of non-fattening live seeds or phosphatides to our diets.

## QUOTES

DR. GRAYSON KIRK, Editorial, American Medical Association Journal:

"Banning certain types of television programs or comic books is an easy but superficial and hence fruitless answer to the problem of juvenile delinquency."

*the first signs of* **Spring...**

**IN  
PLYMOUTH**

SPRING ALWAYS pays its first visit to the store windows and shelves! Long before the robin returns, the grass turns green or the leaves begin to bud, the merchant has turned his store into a proverbial greenhouse bursting with the season's newest fashions, colors, seeds and supplies. We suggest you examine every page of this special **SPRING OPENING EDITION**.

You'll find all your Spring needs right in **PLYMOUTH** . . . where shopping is convenient and clerks are friendly. From clothes to garden tools and shoes to wallpaper, Plymouth's stores are brimming full for this Grand Season-Opening Event.

**PLYMOUTH  
STORES ARE OPEN  
EACH FRIDAY  
UNTIL 9:00 P.M.**

### Pink Pops Up In Men's Shoes

Will men wear pink shoes? They have accepted pink shirts, especially for wear with new and popular charcoal shades in clothing. The New in Shoes this season includes not overall pink footwear, but pink with black, with navy and with charcoal.

Other newest style footwear highlights for men include black calf with green suede for a two eyelet oxford and yellow calf with red soles and piping in a blucher.

Soft shrunken grains are now very high style in black, navy, darkest brown and charcoal.

The new lower topline is being used on everything from footwear for active sports to town and dancing shoes.

Matching mesh in brown, black or navy is being used for wall last effects in slippers, with the wall of mesh and the vamp and quarter of calf.

The pure white leather slip-in, cut like a slipper and with punched cut-outs and with black sole and heel is here for men.

Pigeon is going high style on men's footwear in wing tip patterns and dark town colors. Charcoal polished calf with matching suede is an elegant town wing tip treatment.

All that is worth reckoning is what we do, and the best of everything is not too good, but is economy and riches.

—Mary Baker Eddy

TAKE A BREATH in airy, moccasin style shoes for spring. Here nylon and grain calf are blended to provide ease and comfort.

UNUSUALLY LOW CUT is this raised seam moccasin slated to be a style winner this season in smooth orange toned leather.

THE MARBLES CLINK as this foursome gets deep into a well-known sign of spring. From left to right is Bob Campbell, hoping to clean the pot, while Steve Scott, Peter Lomonaco and Charles Degenhardt watch carefully. An ex-marble man himself, the Mail's photographer tried his hand at the art once again and proved himself still capable of knocking the pesky agates around.

Sheath skirt with notched bolero jacket contrast cummerbund and tiny pearl button trim. Designed in pastel-colored wool flannel.

FOR CASUAL STEPPING a smart sport model adapted from the Swiss available in the new singer crushed grain or smooth cherry leather.

### Teenagers to Favor Flats of Every Hue

For the teen-ager this spring, little tailored flats in every color under the sun are the "greatest" where shoes are concerned. With Bermuda shorts, kiltie skirts and all her casual sunny-weather wear, the teen-ager will don a neatly-tailored, rather than a feminine, shoe.

Soft-grained leathers are used in many of the new flats. Leading designers stress the pastel and "shock" colors. Woven leathers and embossed leathers that offer a woven look are slated for favor. Two-leather combinations provide more of the textured effect that teens endorse.

Multi-color leather sandals make attractive party-fare. Pink, blue and yellow are the favorite colors.

### Bright, Bold Jewelry Accents Spring Wear

The fashions, flavor, color and fabrics of spring 1955, set the pace for a season of jewelry excitement!

Navy, so important, is perkier when frosted with gobs of white jewelry! It invites too, all the color-bright accents of beads, ropes, necklaces, bands of bracelets and earrings that appear in an exotic profusion of hue, texture and metals.

New synthetic compositions make colored jewelry more exciting and intense!

For open necklines, big earrings that stress clusters and multi-drops are important! "Leis" of beads, buds, or birds... of cork or shells... dress up casual prints, slim sheaths or beach costumes.

Lightweight ropes—by the yard—twist, turn or drape to the wearer's wishes.

Metal-cool, aluminum jewelry comes forth in big and bold bracelets, large earrings and novelty necklaces.

Rhinestones will sparkle cool-as-ice on dark cottons and into-summer silks and blends.

Synthetic "jewels" are brighter, larger and now boast a flat-cut look.

And, the "solid gold" look, the "sterling" look and new, enameled coppers—are all bold accents of luxury-on-a-budget—to dress-up your costumes—with new finesse!

Best way to avoid athlete's foot, which has recently been declared not contagious, is to wear ventilated shoes during the warm months, according to advice from the medical research field. Changing shoes and socks frequently, also is recommended.

WHAT WOULD THE SPRING DAYS BE without a teen-ager's cheery smile and the hand-holding that accompanies it? Here portraying what perhaps a young man's fancy turns to is Carleton Bowling and his companion Ann Finnegan.

PERFORATED AND PERFECT WITH SUITS, the half-high heeled pump tailored in highly polished calf will be seen this spring.

GLOWING ELEGANCE OF THE RENAISSANCE PERIOD is reflected in a fragile-looking late day pump of softly polished calf with distinctive black scrolling.

THE LOAFER LOOK, always popular, is new this year with a wedge heel. The ones shown are hand-sewn in calfskin.

SUITED FOR SPRING silhouettes, the "demi-beau" pump features a perky side tab that follows the slender, moulded lines of the shoe.

### Wedgies Add Flair to Wear

Wedgies have come a long way from their utilitarian start. Today, they're the shoe that you pick to highlight a special costume—the shoe that lends flair to everything from shorts to patio dance frocks.

There's a fine Italian hand around in the opened up look, the lighter construction, the dramatic handling of strap treatments, of colors and leathers. The platform is less cumbersome, a style feature making use of new materials, color contrast and other devices to add chic to the shoe... as well as the comfort for which wedgies were originally designed.

Colors are wonderful. Scarlet, bright cornflower blue or paler wedgewood, soft mauve pinks, pale greens and yellows in plain or lusted kidskin, the new creamy anilines, suedes, pastel dark or bright, polished leathers in beige to brown. In fact, in this particular category, shoes can really go the limit in fashion excitement.

Not all the wedgies are so frivolous. There's still a place for the classic ties and oxfords, on higher platforms, but these too combine smart styling with the maximum of comfort.

They come in basic black and navy, and there's a strong leaning toward the natural, beige or neutral brown shades. Here again red is a favorite, with the very bright spring shade in the lead.

One of the most pronounced trends in footwear today is toward lighter weight, softer leather shoes, in response to popular demand. The answer from the leather industry is glove soft leathers that can be tanned myriad colors for use in building really easy-on-the-feet footwear.

Often there is so much concentration on so-called "school shoes" that it is sometimes forgotten the youngsters wear shoes after school as well, though shoes for each purpose actually lead two different "lives."

The reasons are clear on reflection. During school hours the child is much less active while in classrooms. But after school play is quite another matter.

### BUTTERSOF... DISTINCTIVE WALKERS WITH EASY, SNUG-HEEL FIT

Made of soft, crushed kidskin, these are the featherweights that mean comfort all the way. Cushioned platform sole, cushioned arch... and a great new walking heel. A bonus of comfort for busy women everywhere.

### First Signs Of Spring

UPPER LEFT: Eleven year-old Roger Warner, son of Mr. and Mrs. S. L. Warner of 305 North Holbrook, takes a healthy swing at that ol' elusive baseball as he typifies the growing boy's fling at spring. P.S.—He missed the ball.

UPPER RIGHT: Taking dead aim is Bradley Miller, 8, son of Mr. and Mrs. Douglas Miller, 647 Maple street. The warm days seldom fail to drive out Plymouth's small-fry marksmen.

LEFT: Little girls don't go in for things quite so strenuous as boys, but the warm sun prompted these two young ladies to try out the teeter-totter. Smiling prettily at the camera is five-year-old Donna Tait, while Cindy Potter, also five, concentrates on holding down her end of the board.

## Navy Blue to Lead New in Shoes this Spring

There'll be lots of navy shoes this season. There always are, come Easter. But luster leathers give a completely new style look to navy footwear. Lights up the classic coat or suit of navy silk or wool, and adds a pretty feminine touch to the paler colors, the neutrals and pastels which are appearing in spring tweeds and worsteds.

Thus the navy shoe moves from a staple to an appealing fashion in line with the most colorful season we have had in years.

It prolongs the life of the shoe too. Because these blue lusters, when made in the smart open patterns of sandal or pump can carry forward into summer, no longer restricted to just the Easter season.

Typical of summer styles in navy luster are such nude types as a three-banded mule, backless of course, with high heel, instep band, and two circlets making the vamp. Light enough in design to wear with any summer frock. Charming, too, a T-strap sandal, open toe, sides and back, with graceful curved heel, slim ankle strap, and pleated vamp of the luster leather. Another adaptable warm weather fashion for silk suits and spring dresses. Watch for luster navy to add new lightness and charm to a basic spring color that most women like.

PARTY PERFECTS for Spring, of pink pearlized calf with a frothy pouff ornamenting the strap.

EASTER OUTFIT SPICE this Spring is a licorice black patent shell strap shoe with nailheads accenting the cut-outs.

### Course Teaches Driving, Road Safety

The third Drivers Training course under the direction of Donald Denison of Starkweather school faculty will learn the fundamentals of driving and road safety in the following weeks.

Students will learn how to change a tire, the correct way to wash a car, and a general knowledge of car motors. Most of the driving will be done on Beck road and Blanche street in cars furnished by Paul Wiedman.

Students enrolled in the class are: Wayne Cooper, James Gibson, Sandy Cutler, Barbara Gibson, Pat Dorey, Lee Huber, Sylvia Pritchett, Peggy Roberson, Iris Miller, Joyce Batts, Dave Daton and Arlene Burden.

This course gives the students the benefit of excellent professional teachers. In addition, they will attend regular classes where they will see movies and hear lectures.

### Shirley Whitson Named Local Contest Winner

Shirley Whitson, Plymouth high school senior, has been named the Homemaker of Tomorrow in a recent contest sponsored by General Mills, Inc. of Milwaukee, Wisconsin.

She received the highest score in a written examination which tested the homemaking aptitude of the senior girls in her graduating class. She will receive a golden award pin, cook books for herself and her school, and will be entered in competition to name Michigan's candidate for the title of Betty Crocker American Homemaker of Tomorrow.

National winner among 187,463 young women in 8,040 of the nation's public, private and parochial high schools will be named April 21 at an American table fete in Philadelphia.

Michigan's representative in the national finals will be chosen from 264 school winners in the state. A total of 6,424 Michigan girls participated in this program sponsored by the Wisconsin firm to assist schools in building in young women a deeper appreciation and understanding of the American home, and the personal qualities necessary to successful homemaking.

A scholarship of \$1,500 will be awarded each state winner, and she will receive a trip with her school advisor to Washington, D. C., colonial Williamsburg, Va., and Philadelphia. Her school will receive a set of the Encyclopedia Britannica.

The scholarship of the young woman named All-American Home-maker of Tomorrow will be \$5,000.

### Speech Students Face Heckling from Audience

Students of Karl Kranish's speech classes have for the last couple of days been preparing for speeches on assigned topics which will start on Tuesday.

During this round of speeches the audience will be allowed to heckle and interrupt the speaker at any time during his speech in order to allow students to correct their immediate faults and to adapt themselves to discourteous audiences which are often met with in the course of a speaker's life.

In order to stay in a relaxed state and to restrain one's self from becoming flustered while addressing such an audience, much of this kind of speech training is essential.

Student speakers will also be helped to correct their faults as the audience will point out to such distracting habits as unnecessary gestures and groping for words. The audience will then offer constructive criticisms which the speaker can put to use as he continues his speech.

### Club News

At an informal social meeting on Thursday the Future Teachers of America discussed the curricula they are interested in. Refreshments of hot chocolate and cookies were served.

The Water Waves, under the supervision of Miss Doris Bean, went to Ypsilanti to see a water show yesterday. The club is working on its own water show which will be held in May.

Daughter—Daddy, I heard Auntie say that women have cleaner minds than men.

Daddy—That's probably because they change them more often.

### School to Offer Classes in Radio, TV, Theatre

For those students who wish to speak with people more easily, have a yen for acting, or who want to study television and radio there will be five classes in speech offered next year.

Three beginning speech classes of fundamentals to consist of theory and practice in conversation, discussion, parliamentary procedure and public speaking will be offered.

In the fall, students will be offered one class in advanced speech to consist of arts in debate, radio, television, interpretation and public address.

One class will be offered in drama, include stage craft, lighting, make up, student direction of one-act plays, theory practice in business management of plays.

Extra-curriculum activities to be offered in speech next year are: varsity debate, forensics, for all grades; one-act plays for the festival in 6-B League, and discussion activities also in 6-B League.

### Club News

The Y-Teens of Plymouth high school will play host to their fathers at the father and daughter "A Date with Dad," scheduled for Tuesday. Party arrangements are under the co-chairmanship of Roberta Lidgard and George-Ann Bauer.

A successful bake sale sponsored by the Y-Teens was held at the Kroger store, Friday, March 4.

The G.A.A. club, under the direction of Mrs. Louise Cigile has started a yearly tradition. The girls will sponsor a "Disc Jockey Jump." This year's all-request dance will be held Friday, March 25. "I hope we will continue to have as great a success as we have had in the past," stated Mrs. Cigile.

### New Books at Dunning Library

A host of new books covering a variety of subject matter arrived this week at the Dunning Library. Among the new editions are:

"Trial," 1955 Harper prize novel by Don M. Mankiewicz, currently listed among the best sellers; Zoe Oldenbourg's "The Cornerstone" and "Pray for a Brave Heart" by Helen MacInnes, both best sellers.

Several westerns also came in: Archie Joscelyn's "Gunman" and "Renegade Scout," "Buckskin Cavalier" by John Clayette, Peter Field's "Outlaw of Castle Canyon," "Black Powder Empire" by Rutherford G. Montgomery;

Fred Gipson's "Recollection Creek," E. F. Haggell's "When the Grass Was Free," "Bullets on Bunch Grass" by Louis Tremble and Paul Evan's "Outlaws of Lost River."

Other new additions are: "The Creation of the Universe" by George Gamow, Kilman and Wright's "Hugh Roy Cullen," Egon Hostovsky's "The Midnight Patient," "The Waters of the End" by Charles Ingle and Mortimer Smith's "The Diminished Mind."

Also arriving in this week's shipment were: Veronica Denzel's "All About You," "The Hero of St. Roger" by Jerrard Tickell, Crompton's "Ways of the Ant," "New Guide to Mexico" by Frances Toor, Knoblock's "Above Below," tales and folklore of Michigan's Upper Peninsula.

In addition, the following publications were added to the library collection: "The Guideposts Anthology" edited by Norman Vincent Peale, L. M. Montgomery's "Further Chronicles of Avonlea," "In-Laws Pro and Con" by Dr. Evelyn M. Duvall; "Inventor's Handbook," an Arco handbook; Robert Nathan's "Sir Henry," "The Heart of a Dog" by Albert P. Terhune, Erle Stanley Gardner's "The Case of The Glamorous Ghost," "What Did It Mean?" by Angela Thirkell, Edgar Mittelholzer's "Hubertus."

# SPECIAL SCHOOL ELECTION

NOTICE OF SPECIAL ELECTION OF THE QUALIFIED ELECTORS OF PLYMOUTH TOWNSHIP SCHOOL DISTRICT TOWNSHIP OF PLYMOUTH WAYNE COUNTY, MICHIGAN TO BE HELD

**MARCH 28, 1955**

TO THE QUALIFIED ELECTORS OF SAID SCHOOL DISTRICT:

Please Take Notice that a special election of the qualified electors of said School District will be held in the High School Building, in the City of Plymouth, Michigan, on Monday, March 28, 1955.

THE POLLS OF ELECTION WILL OPEN AT 7:00 O'CLOCK, A.M., AND CLOSE AT 8:00 O'CLOCK, P.M., EASTERN STANDARD TIME.

The following propositions will be submitted to the vote of the electors at said special election:

- I. Shall the limitation on the total amount of taxes which may be assessed against all property in Plymouth Township School District, Township of Plymouth, Wayne County, Michigan, for all purposes, except taxes levied for the payment of interest and principal on obligations incurred prior to December 8, 1932, be increased, as provided by Section 21, Article X of the Constitution of Michigan, by seven-tenths of one per cent (0.7%) of the assessed valuation, as equalized, of all property in the School District for a period of twenty (20) years, from 1955 to 1974, both inclusive, for the purpose of providing a debt retirement fund to pay the principal and interest on bonds of the School District in the principal amount of not to exceed Three Million Dollars (\$3,000,000) to be issued for the purpose, in part, of retiring by redeeming all of the May 1, 1949 School Building Bonds of the District for which other funds are not available, and, in part, of erecting and furnishing a junior high school building and two elementary schoolhouses, acquiring additional land for site purposes, and remodeling the central school buildings, said millage increase to be in lieu of and take the place of an increase of one (1) mill, for the years 1955 to 1958, both inclusive, for building and site purposes, heretofore approved by the electors of the District?
- II. Shall Plymouth Township School District, Township of Plymouth, Wayne County, Michigan, borrow the sum of not to exceed Three Million Dollars (\$3,000,000) and issue its bonds therefor, for the purpose, in part, of retiring by redeeming all of the May 1, 1949 School Building Bonds of the District for which other funds are not available, and, in part, of erecting and furnishing a junior high school building and two elementary schoolhouses, acquiring additional land for site purposes, and remodeling the central school building?

Each person voting on the proposition of increasing the total tax rate limitation must be a citizen of the United States, above the age of 21 years, and have resided in the State of Michigan six months, and in the School District 30 days next preceding the election.

Each person voting on the proposition of borrowing and issuing the bonds of said School District must be a citizen of the United States, above the age of 21 years, and have resided in the State of Michigan six months, and in the School District 30 days next preceding the election, and have property assessed for taxes within the School District or be the lawful husband or wife of a qualified voter of the District having property so assessed.

Only persons registered as electors in the city or township in which they reside are eligible to vote.

### STATEMENT AS REQUIRED BY ACT 293 OF PUBLIC ACTS OF 1947 amending the Property Tax Limitation Act

I, Harold E. Stoll, County Treasurer of Wayne County, Michigan, do hereby certify that, as of March 1, 1955, the total of all voted increases in excess of the Constitutional fifteen mill tax rate limitation and the years such increases are effective are as follows affecting the taxable property of Local Unit:

Local Unit	Date Election	Voted Increase	Years Increase Effective
County of Wayne	None	None	None
Township of Plymouth	Aug. 3, 1954	6 mill	1954 to 1968 inclusive
Township of Canton	None	None	None
Township of Northville	None	None	None
Plymouth Township School District	Mar. 28, 1949	8 mills	1949 to 1968 inclusive
	Dec. 11, 1950	1 mill	1951 to 1968 inclusive
	May 26, 1952	(2 mills)	1952 to 1971 inclusive
		(2 mills)	1952 to 1956 inclusive
	May 10, 1954	4 mills	1954 to 1958 inclusive
<b>Total Increases in Effect</b>			
Years:	1955	1956	1957 1958 1959 to 1968 inclusive 1969 to 1971 inclusive
Mills:	17.6	17.6	15.6 15.6 11.6 each year 2 each year

Signed: Harold E. Stoll  
Wayne County Treasurer

Date: March 1, 1955  
EMC:m

Take Notice that the Board of Education has estimated that it will be necessary to borrow the amount of Three Million Dollars (\$3,000,000) and issue the bonds of the District therefor, in order to provide the necessary funds to erect and furnish a junior high school building and two elementary schoolhouses, acquire additional land for site purposes, and remodel the central school buildings, and to refund the 1949 School Building Bonds of the District for which no other funds are available.

This Notice is given by order of the Board of Education of Plymouth Township School District, Township of Plymouth, Wayne County, Michigan.

Carl Caplin,  
Secretary, Board of Education

# ELECTION NOTICE

To the Qualified Electors of the County of Wayne, State of Michigan:

NOTICE IS HEREBY GIVEN That at the Biennial Spring Election to be held in the County of Wayne, State of Michigan, on Monday, the 4th day of April, 1955, the following propositions will be submitted to the qualified electors of the County of Wayne:

### SINKING FUND TAX PROPOSITION

To authorize the Board of Supervisors of Wayne County to levy a tax of not exceeding one mill each year for a period of ten years, the years 1955 to 1964, inclusive, to create a sinking fund to be used for the purpose of paying the cost of acquiring real estate for sites for and the construction and equipping of public buildings consisting of (A) a five hundred bed general hospital, (B) replacing the laundry and bakery at the Wayne County General Hospital and Infirmary, (C) a new Juvenile Detention Home, (D) an addition to the present County Jail, and (E) paying part of the cost of acquiring real estate for the site for and constructing a water plant intake, water mains and appurtenances in connection therewith to serve those areas of the County in need of water service?

### TAX RATE LIMITATION INCREASE PROPOSITION

Shall the limitation on the total amount of taxes which may be levied against all property in Wayne County, Michigan, for all purposes except taxes levied for payment of obligations incurred prior to December 8, 1932, be increased, as provided by Section 21, Article X of the Michigan Constitution, by three-quarters of one mill on each dollar of the assessed valuation, as equized, of all property in the County of Wayne for a period of fifteen (15) years, from 1955 to 1969, inclusive, the proceeds of the levy thereof to be used for the following purposes and in the following priority: FIRST, to pay principal and interest on bonds of the County in the aggregate principal sum of not to exceed Twenty-Six Million (\$26,000,000.00) Dollars to be issued, if authorized by the qualified electors of the County, for the purpose of paying part of the cost of acquiring and constructing water improvements consisting of a water plant, intake, water mains and appurtenances in connection therewith to serve those areas of the County in need of water service, and acquiring necessary sites therefor, and SECOND, to provide for a sinking fund tax levy to pay the cost of acquiring real estate for sites for and constructing and equipping public buildings consisting of (A) a five hundred bed general hospital, (B) replacing the laundry and bakery at the Wayne County General Hospital and Infirmary, (C) a new Juvenile Detention Home, (D) an addition to the present County Jail, and (E) paying part of the cost of acquiring real estate for the site for and constructing a water plant, intake, water mains and appurtenances in connection therewith to serve those areas of the County in need of water service?

### BONDING PROPOSITION

Shall the County of Wayne, State of Michigan, borrow the sum of, not to exceed Twenty-Six Million (\$26,000,000.00) Dollars and issue its bonds therefor to pay part of the cost of acquiring and constructing water improvements in the County of Wayne consisting of a water plant, intake, water mains and appurtenances in connection therewith to serve those areas of the County in need of water service and acquiring necessary sites therefor?

Only those qualified electors who have property assessed for taxation within the County of Wayne or the lawful husband or wife of such a person may vote on the Bonding Proposition and the Sinking Fund Tax Proposition.

All qualified electors may vote on the Tax Rate Limitation Increase Proposition. The Bonding Proposition set forth above is being submitted in accordance with the following resolution adopted by the Board of Supervisors of Wayne County on the 18th day of February, 1955:

### STATE OF MICHIGAN - COUNTY OF WAYNE

OFFICIAL RESOLUTION ADOPTED BY THE BOARD OF SUPERVISORS OF WAYNE COUNTY, MICHIGAN, ON THE 18TH DAY OF FEBRUARY, 1955, TO PROVIDE FOR THE SUBMISSION TO THE ELECTORS OF SAID COUNTY AT THE BIENNIAL SPRING ELECTION TO BE HELD THEREIN ON THE 4TH DAY OF APRIL, 1955, THE QUESTION OF APPROVAL OF A RESOLUTION TO BORROW THE SUM OF TWENTY-SIX MILLION (\$26,000,000.00) DOLLARS TO PAY PART OF THE COST OF ACQUIRING AND CONSTRUCTING WATER IMPROVEMENTS FOR THE COUNTY OF WAYNE CONSISTING OF A WATER PLANT, INTAKE, WATER MAINS AND APPURTENANCES IN CONNECTION THEREWITH TO SERVE THOSE AREAS OF THE COUNTY OF WAYNE IN NEED OF WATER SERVICE, AND ACQUIRING NECESSARY SITES THEREFOR:

## RESOLUTION

By SUPERVISOR KREGER

WHEREAS, the County of Wayne is authorized by Act 342, Public Acts of Michigan, 1939, as amended and Ordinance No. 100, as amended, duly adopted by the Board of Supervisors of the County of Wayne on May 12, 1947, through its properly designated agent, the Board of County Road Commissioners for the County of Wayne, to acquire water improvements;

AND WHEREAS, there exists an imperative need to acquire a site for and acquire and construct permanent improvements in the County of Wayne consisting of a water plant, water intake, water mains and appurtenances in connection therewith to serve those areas of the County in need of water service, in order to promote the development and growth of said areas of the County;

AND WHEREAS, the cost of said water improvements and the sites therefor is estimated to be Fifty Million (\$50,000,000.00) Dollars;

AND WHEREAS, the Board of Supervisors deems it necessary to borrow the sum of not to exceed Twenty-Six Million (\$26,000,000.00) Dollars and issue bonds of the County therefor for the purpose of paying part of the cost of acquiring and constructing said improvements and acquiring sites therefor, the balance of the cost thereof to be paid from the proceeds of a sinking fund tax levy to be made in the County of Wayne pursuant to Act 14, Public Acts of Michigan, 1926 (Ex. Session) as amended.

NOW THEREFORE BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE COUNTY OF WAYNE THAT:

1. There be submitted to the qualified electors of the County of Wayne at the Biennial Spring Election to be held therein under the laws of the State of Michigan, on Monday, April 4, 1955, the following proposition:

### BONDING PROPOSITION

Shall the County of Wayne, State of Michigan, borrow the sum of not to exceed Twenty-Six Million (\$26,000,000.00) Dollars and issue its bonds therefor to pay part of the cost of acquiring and constructing water improvements in the County of Wayne consisting of a water plant, intake, water mains and appurtenances in connection therewith to serve those areas of the County in need of water service, and acquiring necessary sites therefor?

2. The said proposition shall be stated as a separate proposition on voting machines or on separate ballots to be prepared and distributed by the County in the manner provided by law, which statement on the voting machines and ballots shall state the proposition in the form set forth in the preceding paragraph.

3. All public officials of the County of Wayne, State of Michigan, and all municipal units thereof, within such time as shall be required by law, be and they hereby are directed to do and perform all acts and things which may be necessary to be done or performed in order to submit the foregoing proposition to the electors of said County at the Biennial Spring Election to be held therein on Monday, April 4, 1955.

4. The foregoing resolution shall not become effective or binding on said County until and unless the proposition herein directed to be submitted shall be approved by the qualified electors of the said County at the Biennial Spring Election to be held on Monday, April 4, 1955.

A majority of the members-elect of the Board of Supervisors of the County of Wayne having voted in favor of the adoption of the foregoing resolution, the Chairman thereupon declared that said resolution was duly adopted.

### STATEMENT AS REQUIRED BY ACT 293 OF PUBLIC ACTS OF MICHIGAN, 1947 amending the Property Tax Limitation Act

I, HAROLD E. STOLL, County Treasurer of Wayne County, Michigan, do hereby certify that as of February 25th, 1955, the total of all voted increases in excess of the Constitutional fifteen mill tax-rate limitation and the years that such increases are effective are as follows, affecting the taxable property of the County of Wayne, Michigan:

LOCAL UNIT	Date of Election	Voted Increase	Effective For Years	LOCAL UNIT	Date of Election	Voted Increase	Effective For Years	LOCAL UNIT	Date of Election	Voted Increase	Effective For Years

HAROLD E. STOLL, WAYNE COUNTY TREASURER

EDGAR M. BRANIGIN, WAYNE COUNTY CLERK

EVERYONE GETS INTO THE ACT as the Harley Burk family sets the pace in being outfitted for shoes for this grand new spring season. Pictured left to right are Don Zander, who displays a new pair of shoes to Mr. and Mrs. Burk of 36906 Ann Arbor Trail, while

Kevin, 2. Karen, 7, and Dan, 8, contemplate their new footwear. This week Plymouth shoe merchants are observing the annual "New in Shoes" event. Throughout this Spring Opening edition of the Mail you will find countless suggestions for Spring buying.

SOCIAL NOTES

Miss Marcia Lynn White celebrated her third birthday with 14 of her little friends. They were Tommy and Jimmy King, Tommy, Crysten and Rita Shoemaker, Diane, Donna and Darwin Glass, William and Roxann McTurner, Michael and Cheri St. Louis, Claudia Mills and Allen Pardon. Marcia is the daughter of Mr. and Mrs. Albert White of Holbrook street.

Robert Bowen, son of Mr. and Mrs. Neal Bowen of Penniman avenue, will graduate from Michigan State College this week with a Bachelor of Science degree.

Norman Ruehr of Heide's Greenhouse had his Mercury returned to him by Detroit Police Sunday night after the car had been stolen in the city last Friday evening.

Among the Plymouth hockey fans at Olympia last Saturday night to view the Red Wing-Chicago game were Donald Gray, Donald Zander, Richard Farwell and Charles Truax.

Mr. and Mrs. Kermit Smith returned home Saturday after a two week sojourn in Florida.

Mr. and Mrs. Esten Gray and Mr. and Mrs. Donald Gray spent Sunday afternoon at the Howell where the two Mrs. Grays bowled in a ladies tournament.

Vern Grimes is recuperating in New Grace Hospital in Detroit after undergoing an operation there last Friday.

Mr. and Mrs. P. K. Points of Wayne were Sunday visitors at the home of Mr. and Mrs. Foster Kissabeth.

Mr. Clayton Stokes, local agent for the State Farm Insurance Companies, attended a two-day company sponsored state seminar held at Kellogg Center, Michigan State College, East Lansing, on February 28 through March 1.

Mr. Kenneth Corey, owner of the Perfection Laundry and Dry Cleaners on Wing street, attended the 46th annual convention of the National Institute of Drycleaning in Chicago, March 3-6.

The Plymouth Extension group will meet this Friday, March 18, at 7:30 p.m. at the home of Mrs. Jack Miller, 41956 Ann Arbor trail. Mrs. Miller will host the group and be assisted by co-hostess Mrs. Dallas Houseman. Mrs. Forest Olson will give the lesson entitled "seasonal salads". Members are asked to bring ideas for discussion of lessons for next year.

Carol Kilgore, daughter of Mr. and Mrs. Walter Kilgore, formerly of Plymouth, celebrated her ninth birthday, February 27, with the girls of her Brownie troop. The girls enjoyed skating at the Oaks Roller Rink in Portland later in the day. Mrs. Kilgore was the former Marian White of this city.

Dr. and Mrs. Harold Balfour entertained a group of friends from Detroit at dinner last Sunday.

Realtors Board Meets Monday at Arbor-Lill

Attorney Mathew Tinkham, Sr. of Wayne will address members of the Western Wayne County Board of Realtors at their 6:30 meeting on Monday, March 21, in the Arbor-Lill restaurant.

The guest speaker will discuss legal documents in the field of realty. A question and answer period will follow the talk. Reservations for this meeting must be made with Secretary Gertrude Patton by Saturday, March 19.

Cancer Chapter Plans Tri-Community Crusade

Plans for a tri-community Cancer Crusade got under way Monday at the Plymouth chapter of the American Cancer Society, 821 Penniman avenue.

Charles Wyse, general chairman of the group, announced the following members of the committee: Plymouthites Melvin Blunk, Mrs. Harry Bartel and Mrs. William Norman, Northville resident Mrs. Marie Thompson, Mrs. Joseph Weiland and Mrs. Joe Zahra of Livonia.

The local cancer chapter is a volunteer group which supports a comprehensive program of education, service to cancer patients and research for the control of cancer. During April, which is designated as National Cancer Month, thousands of leaflets will be made available to area residents. Motion pictures on cancer will be shown to adult audiences in Northville, Livonia and Plymouth. Newspapers in these localities will carry weekly articles concerning information on the disease.

Mrs. Harry Fountain, R.N. of Plymouth and Mrs. Joseph Weiland, Livonia, attended a luncheon at the Sheraton Cadillac, Detroit, on March 9 honoring two specialists on the study of cancer. They were Frederick A. Collier, professor of surgery and chairman, Department of Surgery, University of Michigan; and Dr. Alexander Brunswick, M.D. of New York City.

Dr. Brunswick stressed the importance of public attitudes. "Just a few years ago," he said, "a hush-hush attitude made the fight against cancer much more difficult." Both doctors agreed on the importance of early diagnosis. In this connection, the local cancer group is making available informational material on the disease and conducting the educational campaign during April.

Information Chairman Mrs. Claude Gebhardt of the local chapter announced this week the need for more volunteers at the cancer office. The center is open Monday through Friday, 10 a.m. to 12 noon, and 1 to 4 p.m. Anyone wishing to volunteer their services should call Mrs. Gebhardt at the center or at her home.

Local D.A.R. Meets Monday In Northville

Members of the Sarah Ann Cochran chapter, Daughters of the American Revolution, Plymouth and Northville, will gather Monday at the home of Mrs. C. J. Mulligan, 42565 Eight Mile road, Northville.

Special guests for the 1 p.m. meeting will be the five "Good Citizens" recently selected from high schools in this area. An invitation has also been extended to the candidates' mothers.

Speaker for Monday's meeting will be Mrs. George Emrick, national chairman of American music. Mrs. W. C. Gemperline will present a program on "The Story of American Music." Attired in early American costume, Mrs. Gemperline will illustrate her talk with musical compositions. Mrs. Thomas Lock will also assist with the presentation of several selections.

Attending the meeting as Good Citizen representatives will be Jane Nulty of Plymouth, Mary Lovewell, Northville; Barbara Jung, Garden City; Marilyn Pickles, Livonia; and Doreen Bidwell of South Lyon.

On the basis of character and leadership qualities candidates were chosen independently by students and faculty at their high schools. The girls will attend the state D.A.R. conference in Detroit scheduled for March 28, 29 and 30. Plans for the event will be discussed at the March 21 meeting of the local chapter.

The organization has invited the public to attend their meeting on Monday.

Who's New in Plymouth

MODELS OF CARS, ships and what-have-you are being enjoyed in this scene of the Thomas Barton family, 8888 Rocker. In the front row we have Bobby, 7; six-year-old Arthur and Tommy, 8. Busily engaged with the airplane model between Mom and Dad is two-year-old Jon. The newcomers came in March from East Lansing, where Barton was an instructor in landscape architecture at Michigan State. He is presently landscape architect for the Parks and Forestry section of the Wayne County Road commission in Detroit. The Bartons were attracted to Plymouth because of its size and the appearance of the community. They attend the Methodist church.

BIRTHS

Mr. and Mrs. Richard Sackett of Plymouth Hills announce the birth of a daughter, Laura Joan, born on March 11 at St. Joseph's hospital. She weighed six pounds, 12 ounces.

five ounce baby girl. Wendi Lu Palmer was born Monday morning, March 14 at Session's hospital in Northville. Mrs. Palmer is the former Joan Cavell.

Mr. and Mrs. Richard Palmer of 48195 Warren road are the proud parents of a seven pound,

seven pound, three ounce baby boy, Robert Kevin, March 9, at Garden City hospital.

Needs White Goods

The local cancer chapter has stressed the need for white goods used in the making of cancer dressings.

Plymouthites may bring these articles to the office, 821 Penniman avenue. Residents of Livonia may contact Mrs. Joseph Weiland and Northville residents, Mrs. Marie Thompson.

## RIVERSIDE PARK CHURCH OF GOD

Newburg and Plymouth roads  
 E. B. Jones, Pastor  
 292 Arthur Street  
 Residence Phone 2775  
 10:00 a.m. Morning Worship.  
 11:15 a.m. Sunday School.  
 7:30 Evening Worship.  
 Special services will begin at the church Easter Sunday, April 10 in the 10 a.m. service and will continue nightly at 7:30 through Friday, April 15. Rev. O. G. Bogges of Springfield, Ohio will be the evangelist. Rev. Bogges is in full-time evangelistic service, and has been a very successful pastor.  
 The Senior High Class of the Riverside Park Church of God had their class party Friday March 2 at the home of Mr. and Mrs. Guy Brown on Alexander Ave. in Livonia. Benny Kline president of the class was in charge of the class activities and Ginger Freyman was leader of the games. A delightful time was enjoyed by all who attended. Regular meetings are planned by the class in the future.  
 Special services begin Easter Sunday morning at 10:00 a.m. and will continue through Friday, April 15th. Reverend O. O. Bogges of Springfield, Ohio, will be the evangelist. Reverend Bogges is very much in demand for his services, and we are fortunate to secure him at this time. We are looking forward to these services.  
 The State Youth Convention of the Church of God will be held at Flint, Michigan, April 29, through May 1. Reverend E. E. Wolfson and Mrs. Marie Strong of Anderson, Indiana, will be the speakers and conference leaders. Reverend E. B. Jones of the local church will lead a Youth Conference on Youth Problems dealing with the 14 and 15 years olds.  
 The first of May Reverend Jones and several prospective students will attend vocational days at Anderson College Anderson, Indiana. During these days the students are made acquainted with the college and all its activities.

## BETHEL GENERAL BAPTIST CHURCH

 6:30 p.m. Senior M.Y.F.  
 The Intermediate MYF will meet at 7:30 p.m. each Thursday evening following the Youth choir rehearsal.  
 Services. Sermon theme - "Courage for high adventure." Thursday March 17 Dr. Chester A. McPheeters, minister of the Metropolitan Methodist Church of Detroit will preach at the second of our Lenten series. The public is cordially invited to hear this great preacher.  
 DURING THE 7:30 Worship service, after the fellowship dinner, Mr. and Mrs. Harold Grimoldby will take charge of the children. Movies and other entertainment will be provided. If you cannot attend the fellowship dinner, feel free to come to the worship service. Your children will be welcome in the children's group.  
 THOSE WISHING to join this church either on Confession of Faith or by transfer of letter of Palm Sunday are asked to see the minister personally or contact Mrs. Urey Arnold at the church office. Also those who would like to present their children for the Sacrament of Holy Baptism are asked to contact the same persons at least one week before Palm Sunday, if possible.  
 DAILY VACATION Church School plans are under way and the teaching staff is being lined up. Many more workers are needed to make this project a success. To eliminate needless telephone calls volunteer helpers are asked to contact Mrs. Harold Grimoldby at 827-J. No past experience is necessary and part-time workers will be gladly accepted. The school will be held this year from June 20 to July 1.

Ann Arbor Trail at Riverside Dr.  
 John Walaskay, Pastor  
 Phone 410-W  
 Mrs. Juanita Puckett, Sunday school superintendent.  
 10 a.m. Sunday school.  
 11 a.m. Morning worship.  
 6:30 p.m. Young Peoples Service.  
 7:30 p.m. Evening service.  
 Midweek service on Wednesday at 7:45 p.m.

## ROSEDALE GARDENS PRESBYTERIAN CHURCH

9601 Hubbard at West Chicago  
 1 1/4 miles west of Middlebelt  
 3 blocks south of Plymouth road  
 Woodrow Wooley, Minister  
 Phone: Livonia 6045 or 2359  
 Sunday, March 20, 1955  
 Two worship services are held, at 9:30 and 11:00 a.m., and duplicate sessions of Church School at the same hours, except the Adult Bible Class at 9:30 and the Senior High Class at 11:00. The Nursery at 9:30 takes children from three months up and at 11:00 from two years up.  
 3 p.m. Adult Membership Instruction. 4 p.m. Senior High Membership Instruction. 5 p.m. Junior High Westminster Fellowship for 7th, 8th, and 9th graders. 7 p.m. Senior High Westminster Fellowship for 10th, 11th, and 12th graders.  
 Tuesday, March 22, 8 p.m. Women's Association meeting. All women invited. Hear Mrs. Zoltan Irshay of the Delray Christian Neighborhood House.  
 Wednesday, March 23, 6:30 p.m. Family Night Pot-luck dinner, (meat furnished), and book review.  
 Thursday, March 24, 8 p.m. Spring Fashion Show and Tea.  
 As early as 1840, passenger trains employed "watch-boys" who went through the coaches carrying a tray of glasses and a pitcher of ice water.  
 Since 1948, the American Heart Association and its affiliates have channeled more than \$8,000,000 in research for the control and prevention of the heart diseases

## HOW CHRISTIAN SCIENCE HEALS

WHRV (1600 kc) Sunday 9:00 a.m. | CKLW (700 kc) Sunday 9:45 p.m.

## Recollection Day Set for March 27 At Good Counsel

Father Raphael, Order of Friars Minor, Capuchin, Superior of Saint Bonaventure Friary of Detroit, will direct the annual Day of Recollection for the women of Our Lady of Good Counsel Catholic church on Sunday, March 27, from 11 a.m. to 5 p.m., in the parish hall at the corner of Arthur and William avenues.  
 A Day of Recollection is a short retreat, arranged for the convenience of women whose responsibilities prevent their attending longer retreats usually held in special retreat houses or in convents of religious orders. They provide an escape from the cares of a world of materialism and offer an opportunity for spiritual refreshment through prayer and meditation under the guidance of the director.  
 Father Raphael will bring to his task a broad experience in leading perplexed souls to the Peace of Christ. While a member of one of the more austere religious orders, he was once professor of natural sciences at Saint Lawrence seminary, Mount Calvary, Wisconsin. At another time he taught at the Capuchin seminary at Garrison-on-the-Hudson in New York.  
 The Capuchins, so named because of the cowl or capuche they wear, and called the "Marines" of the Church by Pope Pius XI, are a branch of the First Order founded by Saint Francis of Assisi in 1209. The greatest glory of the Order of Friars Minor is the extraordinary number of its members who today are venerated as saints and blessed. While the Capuchins, who keep the Franciscan rule strictly, date from only 1528, seven of their members - four brothers and three priests - have already been canonized, and 11 more have been beautified.

## Bird School P.T.A. Meets Tuesday Night

The March meeting of the Bird school Parent Teacher Association will be held in the multipurpose room on Tuesday evening, March 22, at 7:45 p.m.  
 This meeting is Annual Men's Night program. It will be an adult program, in which the men will illustrate graphically how problems confronting school systems throughout the nation are successfully resolved by the administration of the Plymouth school.  
 A social hour will follow. The public is invited to attend the Tuesday night program.  
 The so-called "cow trees" in Brazil give milk which is edible and may also be used as a glue after being left for a time in the open air.  
 The largest flesh eater on land is the Alaskan brown bear. It may weigh three-fourths of a ton and when standing erect tower nine feet high.  
 All men make mistakes, but a good man yields when he knows he is wrong. -Sophocles

## American Legion News

Enrollment of 1,000,000 members in the American Legion Auxiliary this year appeared highly probable as the organization began its March activities, according to Mrs. Adah Langmaid, membership chairman of the 17th District Association Auxiliary. Approximately 900,000 members had been enrolled up to March 1, and enrollments were running ahead of last year's record when total enrollment for the year fell short of the one million mark by less than 4,000.

"We feel confident that we will reach our one-million-members goal this year," said Mrs. Langmaid. "The Auxiliary has had its eyes on that mark for a number of years, and each year we have been approaching it more closely. A gain of only one member by each of our 14,000 local units will place us well over the mark." Our own unit here in Plymouth is continuing to enroll members for 1955 and we expect to have substantial gain to add to the national goal.

Chairman Marie Thompson states that plans are going forth in good shape for the coming Rummage Sale to be held by the Auxiliary on April 1 and 2. All are reminded that for those special occasion cards and Easter cards, all you have to do is call Gwen Holcombe at 1367-M. At the same time, place your order for a couple bottles of all-purpose cleaning fluid. Stanley Products are still available by calling Melva Gardner at 1989-R. Remember that these are fundraising projects of the Auxiliary.

## Californian Gives Scientist Lecture At Detroit Church

How the understanding of practical Christianity may be applied to meet the problems of everyday living, will be brought out in a public lecture to be delivered at Eighth Church of Christ, Scientist in Detroit on Thursday, March 31, by Arch Bailey of Sacramento, California.

Bailey, who is a member of the Christian Science Board of Lectureship, will speak in the church auditorium at 2011 Grand River avenue, corner Evergreen road, at 8 p.m. His subject will be "Christian Science: The Joyous Way of Love". The lecture is free, and members are inviting the public to attend.  
 Currently on a nationwide lecture tour, Bailey has devoted himself to the practice of Christian Science healing since 1940. Prior to that he had a distinguished career in the field of music. He is a native of Kansas. He was director of the music department of Iowa State College at Ames, and served on the faculty of the Horner Institute of Fine Arts, Kansas City, Missouri and the Chicago Musical College, Chicago, Illinois.  
 For two years he served as Christian Science worker at the Preston school for delinquent boys in northern California.

## Beyer Employee Cited By National Company

Miss Lucille Williams of the Forest Avenue Beyer Rexall Drug store, recently received the Rexall Citation of Merit awarded by the national firm of Los Angeles.  
 Owner Robert Beyer of the local store said the award was made in recognition of Miss Williams' "sincere enthusiasm and desire to serve" and "in acknowledgment of unusual initiative."  
 Of all the salespeople employed in the company's 10,000 locally-owned stores, only a limited number are selected each year to receive the citation.

Every man has freedom to do all that he wills, provided he infringes not the equal freedom of any other man. -Herbert Spencer.  
 Freedom is that faculty which enlarges the usefulness of all other faculties. -Immanuel Kant.  
 Freedom exists only in the land of dreams, and the beautiful blooms only in song. -J. C. F. Schiller.  
 Poise is that state of consciousness which is at rest and peaceful when no one praises, and undisturbed when censured, opposed, or misunderstood. -Clarence H. Howard

**This an' That**

Pitcher Mike Garcia, a tireless performer, is used in relief more often than the other members of the Cleveland Indians "Big Three." Last year he appeared in 45 games. A ruptured blood vessel in his middle finger kept Garcia from coming through with his third 20-game season last year . . . Wally Moon of the St. Louis Cardinals clouted a home run his first time at bat as a major leaguer. In one game last year, he stole four bases in a single contest. Moon holds a master's degree in education from Texas A. and M. J. . . The National Invitation Tournament is getting to be something of a family affair. The University of Louisville made the tournament for the fourth straight year; Dayton for the fourth time in five years; Duquesne for the fourth time; Niagara for the third time; St. Francis, Pa., and Holy Cross for the second year. . . Experts say the basketball scandals four years ago didn't hurt the game at all, pointing out that the sport is more popular now than it ever was before the 1951 scandals.

# Fordson Nabs Regional Basketball Crown

## Tractors Cop 2 Easy Wins

The seventh Michigan class "A" regional basketball tournament, which was held at Plymouth's cage court last week, was completed Saturday with Fordson emerging as victors. The Tractors are now eligible for competition in the state quarter-final play-offs this week.

Fordson, after drawing a bye in the first round pairings, turned in decisive wins over Lincoln Park and Catholic Central to capture the tourney's coveted winner's slot.

In the final contest of the tourney with Catholic Central as the opponent, Fordson slowly but surely pulled away into a commanding lead and continued to build it, finally defeating the Shamrocks, 63-32.

In this battle a sharp-shooting guard, Walter, led the Fordson attack with 24 tallies, while the Callaway brother combination notched 32 more points for the victors.

Two nights earlier against Lincoln Park, who had previously defeated Taylor Center, the smooth Fordson quintet forged an easy 53-37 decision. Although trailing 15-17 at the half-time, the tractor's vaunted scoring attack erupted in the third stanza for 24 counters to salt away the win.

Facing the winners was the Callaway Duo which tallied 29 points. High scorer for Lincoln Park was Yuhasz with 14.

Other action in the tournament was Catholic Central's first-round upset win over top-seeded Dearborn. The Shamrocks raced to a 25-14 half-time tally over the Dearborn five and held onto their lead despite a last minute rally to record a 54-49 final score.

Although Dearborn trailed by as many as 17 points at one time in the contest, the squad managed to pull within two points in the closing moments, only to see CC sew up the victory with two late-minute baskets.

Sheridan, with 18 points, and Skrzycki with 14 counters led the winners, while Dearborn's Johnson and Dunlap combined to score 27 between them in a losing effort.

The only other game was a slow-moving affair between two poorly functioning teams. Taylor Center was handed a 46-32 defeat by Lincoln Park in the first-round pairings. In this battle, which found few rooters for both teams, the two squads battled evenly throughout the first half.

Then in the second portion of the game, Lincoln Park seemed to pick up the tempo and tallied 24 points in the last two stanzas as compared to Taylor Center's 12 to decide the affair. High for Lincoln Park in the scoring column was Dubski with 12, as the losers were headed by Patterson's seven points.

The complete tourney was a huge success from most viewpoints. Two of the four evenings, contests were staged before standing-room-only crowds and even on the slimmer nights a substantial number attended.

**AIMS AT TITLE . . .** British heavyweight champion Don Cockell, 26, signed with IBC to fight world title-holder Rocky Marciano next May in San Francisco's Kesar stadium.

## La Fontaine Captures Play-off Championship

LaFontaine Recreation's basketball quintet was victorious in the recreational post-season play-off between the second, third, fourth and fifth ranked league squads, which decided Plymouth's representative at the Inter-City tourney to be held at Highland Park last month.

The LaFontaine cagers were chased right down to the wire by a stubborn darkhorse, Northville Recreation, who had settled into fifth place after the regular season was ended. LaFontaine had completed the cage card in second place.

After each remaining team had lost one tilt to the other squad, a one period overtime was required in the final contest in order to decide the winner of the local two game knock-out affair.

Last Monday evening on the Plymouth court, LaFontaine and Northville Recreation battled to a dead-lock at the end of the regulation time, but the erection crew managed to dump in sufficient buckets in the overtime period to quench the hopes of the recreation five. The final score was 50-47.

LaFontaine built up a 35-42 lead over its opponents in the first three stanzas and managed to hang on to win despite the collapse of its scoring attack and a last minute rally by the Northville cagers. LaFontaine was outscored 12 to seven in the final period.

Pacing the victors was McDonald with a 27 point scoring

splurge while the losers were led by Fairbank's 16 counters. LaFontaine travels to Hackett Field House in Highland park this week to take part in the Inter-City tournament held there.

Other action last week in the local play-off which decided a Plymouth representative at the other tourney, found Northville Recreation beating Beglinger Olds, 67-61, and LaFontaine turning in a close 56-54 decision over Goulds cleaners. The third game last week was another tilt between LaFontaine and Northville which resulted in a 57-54 win for the erection crew.

In being eliminated from the play-off, Gould's cleaners gave an excellent account by pressing hard after LaFontaine before bowing out for the season. This battle also went into overtime before Goulds lost.

Northville recreation's win over Beglinger Olds was a touch and go affair also going into overtime after being deadlocked 57-57 at the end of regulation play. But in the overtime Northville erupted for ten points where the Oldsmen could muster only four counters.

The first contest between LaFontaine and Northville last week was one more close battle in the play-off. The two teams battled furiously until the erection squad pulled away in the last minutes to record the victory. Tabor led the recreation five with 25 tallies, as Basile counted 24 for LaFontaine.

## Rock Tankers Place in State Meet As Relay Team Earns Two Points

For the first time in the three years that Plymouth has had a swimming team, Rock tankers qualified for the State Class A swimming finals at Michigan State College, Saturday, March 12. In the preliminaries the 200 yd. relay quartet of Jim Zukosky, Don Carney, Dave Beegle, and Chuck McKenna, turned in the sixth fastest time to earn the final spot. That night in the finals the four Plymouth tankers finished in the same position they had pulled in the preliminaries to earn sixth in the state in the event.

In order to even qualify for the finals, the quartet had to turn in a time that was better than its previous best by nearly two seconds. The old Plymouth team record for the 200 yd. relay was 1:43.0. In their qualifying heat the four sprinters combined to drop that standard to 1:41.3. The two points that are awarded for a sixth in the relay put the Rocks in fifteenth spot among the twenty-seven schools that were entered in the big splash. The crowning of Battle Creek Central as new state champ ended the domination of Dearborn-Fordson in the annual event. The Tractors had copped the state title for the previous four years.

Coach John McFall took ten swimmers and two divers to East Lansing to try their luck at qualifying for the finals. Dave Beegle came the closest to qualifying in an individual event when he turned in a time of :57.5 in the 100 yd. freestyle to earn eighth place. The top six swim in the finals. Chuck McKenna and Jim Zukosky also finished high on the list in the 50 yd. freestyle. McKenna placed twelfth out of fifty-five entries as he tied the team record for the event in :25.6. Zukosky, who holds the record was thir-

teenth with a :25.7. Don Carney, Plymouth's promising freshman, finished about half way down the list as he swam a :26.2 for the 50.

In both the 400 and 200 yd. freestyle events, Plymouth's Gary Wright and Bill Brandell came close to getting in the top six for the finals, but missed out by three or four places. Bob Packard and John Gregory both finished about halfway down the list in the 100 yd. backstroke and Packard, Mike Conrad, and Dennis Baker were also entered in the 150 yd. medley relay to complete the list of swimmers who made the trip.

Against some stiff competition in the diving, Art Losse earned thirteenth spot out of thirty-seven entries, with John Walker in twenty-sixth spot.

The state meet ended the season's competition for most of the squad. However, Sunday, March 20, at Patton Pool in Detroit, a number of the tankers will take part in the fourth annual Michigan A.A.U. swimming championships for boys under 17 years of age.

**Unseen Voices**

A psychiatric board was testing the mentality of a Negro soldier. "Do you ever hear voices, without being able to tell who is speaking or where the voices come from?" he was asked. "Yes, suh," answered the Negro. "And when does this occur?" "When I answers te telephone."

## Plymouth Five Loses Thriller

The stardust scattered on Plymouth high school's basketball trail twinkled invitingly for 17 meager seconds last week against Detroit Catholic Central's cage quintet. In this short passage of time the locals wrested an elusive lead from the big city squad and just as quickly passed it back.

As a result the Rocks were defeated by one slim point, 52-51, and eliminated from competition in the seventh Michigan regional class "A" basketball tournament. Prior to this loss in the second round of play, Plymouth had turned in a first-round win over Detroit St. Joseph.

Plymouth's cage coach John Sandmann passed out a verbal pat on the backs of his players this week. "These boys deserve all the credit for their showing against Catholic Central," he said. "That was the best team effort I've seen in the years I've been at Plymouth."

In losing, the locals put on a fired up last stage rally to overcome a one-time 13 point deficit. With 42 seconds remaining in the game Dick Day dumped in the bucket that put the Rocks ahead for the first time in the contest. Plymouth had trailed by five points with less than two minutes to play.

But Catholic Central after a time-out to organize a last second attack came roaring back to score off a rebound from close in with only 25 seconds to go. It was Catholic Central's second win of the tourney and paired it against Fordson in the final battle to decide the regional winner.

As against St. Joseph, Plymouth was slow to start in this Catholic Central tilt and trailed by three points at the first quarter's end and by 11 at the half. But sparked by a furious rush in the second half by Bob Middleton, Dick Day and Lee Juve the locals chipped away at their opponents lead.

Pacing the winners were Jozwiak and Skrzycki with 16 and 13 points respectively, while Plymouth's scoring was shouldered by Middleton with 16, Day with 14 and 12 by Juve.

Plymouth's basketball team completed the regular cage season with a share of the 6-B league title on the strength of a 6-2 record. Trenton is the other champion. In addition the locals progressed as far in the post season tourney as any previous Plymouth squad has.

Four seasons ago the Rocks, still competing in class "B", copped a district championship, drew a bye in the first round pairings of the regionals and were finally defeated in the second round by Utica.

**They Do**

Teacher—Now, Can any boy give me a sentence using the word "diadem."

Pupil—People who drive carelessly across railroad tracks diadem sight quicker than those who stop, look and listen.

Wisdom consists, not in stumbling on truth by chance but in marking, learning and inwardly digesting it.—La Rochefoucauld

## SPORTS FLASHES

The Sporting News by J. G. Taylor Spink

A majority of the nation's leading college basketball coaches were polled on the addition of pro basketball's 24-second rule to prevent stalling. Under the pro rules, a team must get off a shot within 24 seconds after it gains possession of the ball. Elimination of stalling would produce a faster game (according to some coaches) and, naturally, higher scoring. Robin Freeman leads the Big Ten in scoring with a 27.8 average under the present system of collegiate play—and Furman, the nation's leading scoring team has a 95.9 game average.

Can Willie Mays hit .400 this season? The answer to that is that he can't if he slumps as often as he did last season. As Stan Musial of the Cardinals puts it, "To hit .400, you can't afford to have a slump any time in the season." Stan's best shot at it was in 1948, when he hit .376. He might have made the magic .400 had it not been for a four-game hitless streak in September. It's a big order for Mays or anyone. After all, only eight men have done it since the turn of the century.

Casey Stengel is getting tired of having sports writers say he has a language all of his own. In a recent Denver interview, Casey denied that there's such a thing as "Stengelese." Some writers, he said, seem to get a big kick out of quoting him using strange words. "I've gone along with them," he said, "but I don't particularly care for it and some day I may decide to do something about it."

Although Ted Kluszewski led the major leaguers in home runs last year with 49, he insists that he doesn't swing for the fences. Kluszewski said he goes to the plate with only one idea—of hitting the ball safely. "I just try to get as much wood on the ball as possible," he said. "When you're swinging from your heels, you strike out a lot."

Ted Williams seems to be living a life of contentment, with no outward concern for his future in baseball. A recent visitor to Ted on the Florida Keys found him living in "perfect ease" as a fisherman. "Ted lives by himself," the visitor said, "takes care of his own house and cooks his own

## MICHIGAN LIFE LINES!

FROM THE VERY BEGINNING, roads have been built to further commerce and trade, and down through the centuries the first requirement whenever a new territory was to be settled has been to build roads.

Michigan has over 100,000 miles of roads and streets, most of which are surfaced and in good condition. These are Michigan's life lines, without which the State could not exist.

For over these highways farm produce goes to market, raw materials and parts get to factories, finished products reach the consumer. Over these highways trucks bring you everything you eat, wear, or use!

# NEWS FROM OUR NEARBY NEIGHBORS

## Rosedale Gardens

Mrs. Joseph R. Talbot, Jr.  
Phone Liv. 3193

I received a phone call last week from Mrs. William Norman of Plymouth requesting my cooperation in obtaining volunteers for the new Cancer office in Plymouth through this column. We are very glad to help in any way we can for such a worthwhile cause. The office will be open Monday through Friday from 10 a.m. to 12 noon and from 1 p.m. until 4 p.m. This is an information and service center and has nothing to do with the medical phase of cancer. Volunteers would merely be required to answer the phone or possibly dispense dressings to people who come to the center requesting them. Anyone that can afford a few hours a week may call Mrs. Alice Gebhardt at her home. Her phone number is Plymouth 624-J or you may call her any Tuesday at the Center, Plymouth 2-892.

Friday, March 18, is Mary Ellen Darrah's fourth birthday. Her daddy will be out of town so the family will have to celebrate her birthday at a later date. One thing is certain, her mother will be having a cake for her that day and probably will have to bake another one for the second celebration.

We were sorry to have Mr. and Mrs. Louis Balwinski of 9827 Berwick move out of our neighborhood and we wish them luck in their new home. We are happy to know the house will be occupied very soon by Mr. and Mrs. Robert Jenkins of 9826 Auburndale and their four little daughters.

Last Thursday evening, March 10, the Civic association held their monthly meeting at the clubhouse at 9611 Hubbard. Dr. M. M. Reece, professor from Wayne university in Detroit was the speaker and his subject was "Hypnosis". Dr. Reece explained that contrary to public opinion the weak mind or the person with poor mentality could not be hypnotized but someone with a good mind, if he cooperated, could experience the effects of hypnotism. Dr. Reece demonstrated the first steps of hypnotism on three of our illustrious members, Richard Castle, Robert Scott and Robert Jenkins. Mr. Castle and Mr. Scott seemingly were in the first stages but Mr. Jenkins was skeptical and as Dr. Reece pointed out it takes cooperation and belief on the part of the individual to be successful. It was interesting to know that hypnotism is not for the purpose of entertainment and quackery but if used correctly can be of great assistance in the medical field.

## Cherry Hill

Mrs. James Burrell,  
50160 Cherry Hill Rd.

Miss Joyce Buchner spent the weekend with friends at Grand Rapids.

Percy Gotts left Sunday night for a vacation in Florida.

Mr. and Mrs. Art Bunting and family of Pontiac were Sunday guests of Mr. and Mrs. George Dunstan.

Miss Janice Gustin left Monday for Paris Island, North Carolina to take training for the Marines.

Unit I of W.S.C.S. met Thursday afternoon with Mrs. Blanche McKim.

Mr. and Mrs. James Burrell spent Saturday afternoon with Mr. and Mrs. Leon Huston.

Unit II of W.S.C.S. will serve a cafeteria supper at the church house Thursday evening. Everyone invited.

## Newburg News

Mrs. Emil LaPointe,  
Phone 55-J

Mr. and Mrs. John Parmentier and their daughter Joann of Redford were guests in the home of Mr. and Mrs. Arthur DeCoster of Ravine drive on Sunday, February 6.

Bowling-party guests of Mr. and Mrs. E. J. Howden of Joy road on Saturday, February 5, were Mr. and Mrs. Frank Schwartz and daughter Denelda, Richard Mach and his son Dick, Mr. and Mrs. Arthur DeCoster, Mr. and Mrs. Ervin Schwartz, Norman Sylvester and the Howden children, Charles and Donna. After the bowling everyone returned to the Howden home for sandwiches, cake and coffee.

On Tuesday, March 8, Edwin Norris and Clyde Smith and his son Everett, spent the day in Leamington, Ontario, Canada.

E. J. Howden and his son, Charles of Joy road bowled in the Father and Son tournament at the State Fair bowling alleys on Sunday, February 6. The Howdens were quite proud of being only 100 pins under the top score.

Mr. and Mrs. Emil LaPointe and their children, Bruce, David, Mark and Nan, were visitors in the home of Mr. and Mrs. Henry Nida of New York in Dearborn on Friday, March 11.

Attention! The Local American Cancer Society chapter in Plymouth wishes to have volunteer

workers to help in the local cancer office, newly established at 821 Penniman avenue, over the Houston hardware. Anyone interested in giving their time to a very worthy group may call any Tuesday at Plymouth 2892 or contact Mrs. Alice Gebhardt at Plymouth 624-J. The office is open Monday through Friday from 10-12 in the morning and from 1-4 in the afternoon. White goods are also urgently needed for cancer dressings and anyone wishing to donate material may leave it at the Penniman office.

Mrs. Agnes MacIntyre and her son, James were dinner guests in the home of Mr. and Mrs. Robert Buchanan of Redford on Sunday, March 13.

The sympathies of the friends of Mrs. Adolph Bohl are extended to her family on the occasion of her death on Tuesday, March 8. Mrs. Bohl will be missed by those friends, especially, of the Newburg Methodist church who for the past 15 years have enjoyed her organ playing and who have sung in the choir under her very able direction.

The regularly scheduled meeting of Cub Scout Pack 27 of the Rosedale Gardens Presbyterian church will be held on Friday, March 18, at the church. The meeting will begin at 7 p.m. It is important that all parents of the Cubs attend to see everything that the boys have accomplished during the past month as far as crafts are concerned and to also see the individual Cubs receive their awards and applaud them on their way along the Cubbing trail with the ultimate goal, becoming a Boy Scout. This same Pack is also planning a bake sale to be held on Saturday, March 26, at the S. S. Kresge store in the Sheldon center, beginning at 9 p.m.

The regular monthly meeting of the Stark-Newburg PTA will be held at the Stark school on Tuesday, March 22, beginning at 8 p.m., sharp. It will be Fun night at the meeting and the agenda for the evening is as follows: group singing, games and square dancing. There will also be a country store, from which, needle work, candy, cookies, cakes, and home-canned goods may be purchased. Refreshments will be served to the group by the fourth-grade room mothers. Come one, come all and have a fine evening of fun and frolic.

Don't forget Saturday, April 23, the date of a Smorgasbord dinner at the Newburg Methodist church. For excellent eating and an enjoyable evening of fellowship, circle the date on your calendar. All proceeds from this event will go toward selling the building fund of the church.

Today, March 17, the boys of the Thunderbird patrol of Boy Scout troop 270 of the Rosedale Gardens Presbyterian church will meet at the LaPointe home on Joy road where they will be treated to a Weiner roast by their Patrol Dad, Emil LaPointe. The boys, Paul Overmyer, Bruce LaPointe, Harold Heirman, Bob Pregetzer and Richard Kennitz, will also be taught the fundamentals of fire fighting to be used in Civil Defense.

Mr. and Mrs. Verner Nyman and son Eric have recently returned to their home on Laurel avenue after spending three weeks in the deep-south. They traveled, via automobile, all the way down to Key West, Florida and enjoyed the lovely sunshine and warm temperatures all the while they were away.

Mr. and Mrs. Jesse Wheeler of Whitmore Lake, Michigan were visitors in the home of Mr. and Mrs. Emil LaPointe of Joy road on Sunday, March 13.

## Goodwill Trucks Make Local Stops Monday

The slow pickup period preceding spring housecleaning time has hit Goodwill Industries. The organization has sent out a call to local residents for discards to keep handicapped persons employed.

Goodwill pickup trucks will be in Plymouth and Rosedale Gardens on Monday, March 21. Residents may call Miss Edith Sorenson at NORTHVILLE 571 and she will be glad to arrange to have a truck stop at your door.

"This year Goodwill is able to pick up newspapers and magazines for the first time since World War II," said Harold H. McKinnon, executive secretary. "We can now handle paper profitably. Although paper does not furnish job opportunities it does furnish a cushion if other discards are slow coming in and affords Goodwill money to augment salaries."

## Monday Marks Last Entry Date For Arts Exhibit

Monday, March 21, is the last day entries may be made for the Creative Arts Exhibit to be held at Bentley high school in April, if they are to be placed in the program, announced Mrs. A. T. M. Peterson, general chairman of the event.

Twenty classes are open to entrants which include handpainted china and glass, pottery and sculpturing, pottery (molded), oil painting, water colors, porcelain, flower arrangements, jewelry, metals (enamelled copper and acid etchings), leather work, weaving, crocheting and knitting, cake decorating, dressmaking and tailoring, hooked rugs, textile painting, photography, wood carving, basketry and miscellaneous.

The Exhibit will be held at Bentley high school on April 15 and 16. It will be sponsored by the Civic Improvement committee of the Rosedale Gardens Branch, National Farm and Garden Association, in co-operation with the Department of Parks and recreation of the City of Livonia. Creative-minded people in and around Livonia are invited to participate.

Detailed information may be had by calling Mrs. A.T.M. Peterson or Mrs. Paul Harsha, both of Livonia.

A meeting will be held at Bentley high school on Monday evening March 21, at 7:30 to make further plans. All who are interested are asked to attend.

## Legal Notice

To the Mayor, City Manager, City Clerk, and Superintendent of Public Works of the City of Plymouth, Wayne County, Michigan:

You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did at a meeting of said Board held on February 24, 1935, decide and determine that jurisdiction over the certain section of road described in the minutes of said Board should be relinquished. The minutes of said meeting fully describing said section of road are hereby made a part of this notice, and are as follows:

"Minutes of the regular meeting of the Board of County Road Commissioners of the County of Wayne, Michigan, held at 3800 Cadillac Tower, Detroit, Michigan, at 9:30 a.m., E.S.T., Thursday, February 21, 1935.

Present: Commissioners O'Brien and Wilson.

Commissioner Wilson moved the adoption of the following resolution: "BE IT RESOLVED by the Board of County Road Commissioners of the County of Wayne, Michigan, that its jurisdiction over that part of Ann Arbor Trail, also known as Ann Arbor Street, in the south half of Section 26, T18 N. R. 6 E., City of Plymouth, Wayne County, Michigan, between Hamilton Avenue and the east limits of the City of Plymouth, in the City of Plymouth, be and the same hereby is relinquished effective at 12:01 A.M., Eastern Standard Time April 1, 1935, and that notice of such relinquishment be given, all in accordance with the provisions of Section 18 of Chapter IV of Act 283 of the Public Acts of the State of Michigan, for the year 1929, as amended.

The motion was supported by Commissioner O'Brien and carried by the following vote: Ayes: Commissioners O'Brien and Wilson. Nays: None.

THIS NOTICE IS GIVEN UNDER AND BY VIRTUE OF ACT NO. 283 OF THE PUBLIC ACTS OF 1929, AS AMENDED.

In testimony whereof, I have hereunto set my hand at Detroit, Michigan, this 21st day of March, A.D. 1935.

BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF WAYNE, MICHIGAN.

Michael J. O'Brien, Chairman  
Charles L. Wilson, Vice-Chairman  
By Sylvester A. Noetzel  
Secretary and Clerk of the Board  
March 10, 17, 24, 1935.

DISCUSSING WAYS in which to better the Plymouth Educational Association and make it more effective is Miss Ellen Solmonson, state president of the Michigan Educational Association. Pictured with Miss Solmonson is Plymouth Educational Association President Robert Smith (right) and Carvel Bentley (left) who was the first president of the Plymouth Teacher's club.

The genius of a good leader is to leave behind him a situation which common sense, without the grace of genius, can deal successfully.

## Livonia Chorus To Honor Bentley This Sunday

A presentation of the "Requiem" by Johannes Brahms will be given this Sunday by the Livonia Civic chorus in memory of George N. Bentley, who passed away on February 11, 1935. The concert will be held at 4 p.m. in St. Paul's Lutheran church, Eight Mile road and Middlebelt.

The chorus of 50 voices will be under the direction of Don Carl Robinson of Ann Arbor. Featured soloists will be Mrs. Lenore Smith Anderson, soprano, and Baritone John Moses.

The late Mr. Bentley served as treasurer of the Civic chorus for a number of years. Believing in the need for cultural development in Livonia, he worked faithfully to promote the chorus. Brahms' "Requiem" was one of his favorite oratorios.

There will be no admission charge. A free will offering will be made to take care of expenses and to enable the chorus to give a donation to the George N. Bentley Memorial fund. The latter was set up to provide lights and bleachers for the Bentley high school football field.

The public is invited to attend and enjoy an afternoon of music during the Lenten season.

Come see our Grand Array of New Spring . . . .

### Auxiliary Units Stress Service To Communities

Service to the 14,000 American communities in which Units of the American Legion Auxiliary are located will be the organization's emphasized activity during March, Mrs. Gertrude Simonetti, the Auxiliary's local community service chairman, has announced.

Plans are to start a fund within the Plymouth Auxiliary from which donations may be made to various projects in the community. It will be financed by activities sponsored by the post and auxiliary among its members.

"Carrying out at least one project for the benefit of the community in which it is located is an activity expected of every American Legion Auxiliary Unit each year," Mrs. Simonetti said. "These projects, added together, make up a very impressive sum of service for the building of a better America. With the strength of nearly one million members to put into the work this year, the Auxiliary hopes to accomplish more than ever before in this field."

In many of their community service projects, Auxiliary Units work in cooperation with other organizations, Mrs. Simonetti explained. Especially effective cooperation is given each year to the educational and fund raising activities of the national health organizations. Many Units promote community health through purchase of special equipment for hospitals, support of clinics of various kinds, aid to community nurses, and similar activities.

Community beautification projects are widely participated in by Auxiliary Units every spring. These include clean-up and paint-up campaigns, planting of flower beds, shrubs and trees, and encouraging all householders to do their best to make the community an attractive place in which to live. Other community service projects include establishing and maintaining playgrounds and youth centers, aiding libraries to expand their services, assisting Boy and Girl Scouts and other youth groups, taking part in safety campaigns and in "Go to Church" movements.

State and national awards are offered each year to the local Auxiliary units best serving their communities.

### County Board of Realtors Endorses Federal Property Tax; Help to GI's

The Western Wayne County Board of Realtors has endorsed a national move to enable communities to tax federal real property and another to give full veteran rights to GI purchasers of farms, announced Clyde E. Alexander, board president.

The board leader explained his organization supports policy statements of the National Association of Real Estate Boards which has come out in favor of:

1. A revision in federal law to allow communities to receive a tax equivalent from federal real property such as warehouses and office buildings which receive services from local government.

2. A change in the GI bill to enable qualified veterans to enjoy the same mortgage loan guaranty benefits in the purchase of a farm as are now available to the veteran purchasers of urban and suburban homes.

In most cases, the national government does not pay communities any equivalent of taxes. In those cases where it does contribute something, the payments are inequitably small.

GI legislation now permits the veteran buyer of an urban home to receive 60 per cent guaranty of the loan up to a maximum entitlement of \$7,500. Veterans who buy farms, however, receive only a 50 per cent guaranty with a maximum entitlement of \$4,000.

Alexander announced also that his organization is joining in the national drive of NAREB to raise its membership to "55,555 in '55." The local realty body, he said, is seeking to enlarge its rolls of qualified brokers who, upon being admitted, will be entitled to use the term Realtor, which is registered as a trademark with the U.S. Patent Office.

Upon joining, the new Realtor pledges himself to live by NAREB's code of ethics—representing to the Realtor what the Hippocratic oath means to the physician. The formal pledge to the Realtor's code binds the new member to deal fairly in all his transactions and to work for the protection of property rights.

The new member automatically becomes a member of NAREB upon joining the local board, and is thus entitled to use the term Realtor.

Plymouth Realtors are Roy R. Lindsay, Clyde E. Alexander, Kenneth Harrison, Leon Merriam, John H. Jones and Howard W. Stark.

The rate of accidents for private cars and taxis exceed those of all other modes of transportation. Railroads and intercity buses generally have the lowest rates.

### Dean of Women To Address AAUW Tonight

Audrey K. Wilder, Dean of Women of Albion college, will address the Plymouth branch of the American Association of University Women tonight at 6:30 in the Mayflower hotel.

This will be a dinner meeting and election of officers. Members unable to attend the dinner have been urged to be present for the business meeting.

Tonight's program is sponsored by the special study group on the Status of Women of which Dean Wilder is state chairman and Mrs. F. R. Beals, local chairman.

Through this group AAUW has released a new financial guide, entitled "Finance Folder", to better acquaint women with the management of money.

Finance Folder, produced especially for AAUW members by the editors of "Changing Times," the Kiplinger magazine, is also available to the general public.

It contains four study units giving answers to concrete problems on borrowing wisely; investing on a small scale; health, fire, auto, and liability insurance; and bud-

geting, spending and keeping of family records. A handy check list for recording important financial information for the family is a bonus feature of the Folder.

AAUW status of women groups among the 1288 branches in this country, Alaska, Hawaii, and Guam, have received the new guide. The folder was compiled in response to requests by women throughout the country for practical information about stocks and bonds, sound investments, intricacies of banking and insurance and the principles of budget-making.

## keeping in touch

JOANNE PURSELL will represent Denison university at the Four College Conference in Oberlin, Ohio as a member of the Norway delegation. A sophomore Joanne is the daughter of Mr. and Mrs. R. Roy Pursell of South Main street.

A FRESHMAN at the University of Michigan, Mary Carless was recently initiated into Kappa Delta sorority. She is the daughter of Mr. and Mrs. Elmer Carless of 15235 Haggerty.

COMMENCEMENT exercises this evening (Thursday) for 400 Michigan State college students who completed their studies at the winter term will be attended by two Plymouthites, Robert Neal Bowen, who will receive his B. S. in Zoology, and Frederic W. Hopkins, who will receive his B. A. in journalism.

A STORY in the Jewish News of March 4 lauded Plymouth Merchant Dave Galin for his community activities. Recently chosen president-elect of the local Rotary club, Galin has given much time to charitable organizations.

ENTRIES ARE NOW being accepted in the Industrial Arts Awards competition which this year will offer \$50,000 in prizes. Entrants must be enrolled in grades seven to 12 and projects must be made under school instructor supervision.

THE CAMPBELL AWARD, given each year to the Michigan State college student with the highest scholastic record in Home Economics, was this year given to Gladys Witt. She is the daughter of Mr. and Mrs. Elmer Witt of North Territorial and a senior at State.

A THOUGHT FOR THIS WEEK: Get away from the crowd when you can. Keep yourself to yourself, if only for a few hours daily.—Arthur Brisbane.

## Gardening Gyps Can Be Detected With These Rules

It's soon time for homeowners to get out the shovel and rake and perhaps plant a few shrubs, bushes and trees around the house. To these gardeners, the Community Protection Service committee of the Plymouth Chamber of Commerce has a note of warning.

Tempting advertisements on radio, TV, in magazines and newspapers can turn even the best of gardeners into a complete flop—if he isn't careful. Dishonest promoters who use advertising mediums to lure gardeners with "tremendous bargains" are at work all the time. As the Community Protection Service points out, this does not mean that all garden stock advertisers are fraudulent and the gardener should not hesitate to continuing ordering by mail if he desires.

The best way to make sure of what you are getting, of course, is to buy from a reputable local nursery. But if buying by mail, there are several precautions that should be taken.

When looking at an advertisement, compare prices with those of nurserymen of known reputation. If the difference is ridiculous, watch out. The size of the plant should be specifically stated. Some ads may say that the plant is "medium" or "giant," both of which are indefinite.

Age of plants should also be noted in the ad in many cases. You may end up buying puny twigs. Trees, especially, should be advertised as nursery-grown for a tree could easily be dug from a woods which would be unsuspected and disease-ridden.

A "field-grown" rose is preferable over a "bench-grown" rose. The latter has been forced to bloom for cut-flower production and strength is usually sapped from it. Some "new creations" may not be more than a mere variation of an old plant.

If there is a "replacement guarantee" and not a "satisfaction or money-back" guarantee, you may end up paying return postage and may receive an equally defective plant.

Here are a few frequently advertised gyp offers:  
Rose plants at \$2 per dozen. These are usually cuttings which a reputable rose grower would burn. Top-grade nurseries sell good bushes seldom less than \$150 each.

Tulip bulbs costing \$1.84 for 100 are usually mere bulbets less than one-third the size of a top-grade mature tulip bulb. The National Better Business Bureau once had horticultural experts plant 2,734 bargain bulbs. Only 72 bloomed. Dutch imported bulbs all are inspected for minimum size.

Shade and fruit trees may not have ample roots and some trees advertised as "bearing size" may turn out to be a mere 14 inches high, incapable of bearing fruit for years.

"One hundred plants for only \$2" has appeared with pictures of hedge plants many times. But the plants you receive are likely to be mere rooted cuttings or seedlings a few inches high.

It is difficult for advertising mediums to thoroughly screen each advertiser but most reputable media are attempting to check gyp artists.

He that never changes his opinions, never corrects his mistakes, and will never be wiser on the morrow than he is today.  
—Tryon Edwards

## It'll Take An Early Bird To Greet Arrival of Spring

Spring is here—almost. It arrives officially at 4:36 a.m. Monday, March 21, according to Associate Prof. Hazel M. Losh of the University of Michigan's astronomy department.

This marks the time when the Sun is crossing the equator on its way north, and darkness and daylight will be of equal length on that day, she points out.

Our daylight hours will steadily increase from then until the Summer Solstice in June when the Sun reaches its northernmost point.

The brief appearance of Mercury in the sky will highlight the month's planetary configurations. Mercury is usually hard to spot because it is so close to the Sun, Professor Losh explains, but for a few mornings around March 10, the planet will be visible on a line from Venus toward the east point of the horizon, rising about an hour before the Sun.

Jupiter will continue as one of the brightest objects and can be located high in the sky at dark near and to the south of Pollux

## City Officials Attend Meeting In Dearborn

Mayor Russell Daane, Commissioners Ernest Henry and Robert Sincoc and City Manager Albert Glassford were among 56 municipal officials representing 15 cities and villages at the Wayne County Regional meeting of the Michigan Municipal League in Dearborn on March 10.

Officials at the one-day meeting selected the following as their regional officers for 1955-56: Regional chairman, William E. Kregler, Mayor, Wyandotte; regional vice-chairman, E. C. Welch, commissioner, Northville; and regional secretary, R. B. Kleinert, councilman, Livonia.

John C. Kohl, director of the Transportation Institute at the University of Michigan, moderated the afternoon session, which was devoted to a discussion of highways, toll roads, county road programs, state highway program, municipal street program and expressways, and the current highway study.

A panel composed of E. Thomas Baker, chief engineer of the Michigan Turnpike authority; Oscar Guperson, planning engineer, Wayne County Road commission; Jack Schaub, special assignment engineer, State Highway department; Glenn C. Richards, commissioner of Public Works, Detroit; and Alfred Berarducci, expressway engineer, Detroit Department of Public Works; spoke about current programs with which they are associated. Following the panel presentations, comments were made by Howard Dither, Village president; Rockwood; E. H. Pate, City engineer, Lincoln Park; and Wallace B. Arrowsmith, Village manager, Wayne.

The evening session was highlighted by a review of current state legislation of particular interest to municipalities, by John H. Huss, league director.

The Michigan Municipal League is an organization of cities and villages of the state, with headquarters in Ann Arbor. It is devoted to the advancement of home rule and the improvement of municipal government in Michigan.

and Castor in Gemini. On March 3 and 31 the Moon will pass about two degrees below Jupiter.

Saturn will rise around midnight in the southeast in the constellation of Libra, the Scales, and should be easy to identify because there are no other bright objects in the vicinity, Professor Losh declares.

Libra is a four-sided figure and not a very bright constellation. Saturn will be found about halfway between the white star, Spica, in the constellation Virgo, rising two hours earlier, and the red Antares in Scorpius, coming over the horizon an hour or so after the planet.

"Saturn's unique ring system makes it one of the most striking objects to be viewed," says Professor Losh, and the rings can be distinguished even with a small telescope, she adds.

One of the chief star groups in the spring sky is the giant Bear Driver, Bootes. This constellation is easily recognized from its kite-like outline and the bright star, Arcturus in the tail of the kite. During spring evenings this star shines brilliantly above the northeastern horizon being the first of the stars to break through the twilight.

For identification, Professor Losh points out, a prolonged line through the three stars in the handle of the Big Dipper curves down thirty degrees to this star, orange in color and ranking fourth in brightness of the stars visible from this latitude.

It is a vast sun, thirty-six light years distant and one hundred times as bright as our own Sun.

Corona Borealis, or the Northern Crown, rises in the northeast below Bootes and is arranged in a semicircle resembling a giant tiara or the letter "C" backwards. It is composed of seven fairly bright stars set at about equal distances apart.

## MOMS News

The Plymouth unit, Moms of America, will hold their annual Spring Card Party at 8 p.m. on March 28, at the Veterans Community center on Main street. There will be refreshments, table and door prizes. Ticket chairman for this affair will be Mrs. Adolph Kushler.

The public is invited to attend. With all the other projects the Plymouth unit is now visiting the Veterans hospital in Ann Arbor on the second Wednesday evening of the month with hot chocolate and home-made cookies for the boys in the T.B. ward.

There will not be a potluck this month as that evening is the card party. The next business meeting will be April 11.

## Saxtons Attend Course Given by Wisconsin Plant

An instruction course given by Briggs and Stratton, Wisconsin firm, was recently attended by Dean and William Saxton, owners of Saxton Farm Supply, 587 West Ann Arbor trail.

The course demonstrating the firm's engine service techniques was held from February 28 to March 4 at the central manufacturing plant in Milwaukee. Local dealers for the company, the Saxtons also toured the assembly line at the Wisconsin plant.

## Newsboys Elect Officers

The Old Newsboys and Goodfellows Association of Canton Township has installed officers for 1955. Taking office for the year are Ralph Birch, president; Ashley Coburn, vice-president; Robert Soth, secretary; and Fred Korte, Jr., treasurer.

## OUTDOOR NOTES From The MICHIGAN DEPARTMENT OF CONSERVATION

Trappers: Michigan's beaver population needs your help.

Reports of occasional dead beaver seen in streams and marshes in recent months have conservation department wildlife workers speculating on the continued presence of tularemia—a disease now more dangerous to beavers than to humans.

In the springs of 1953 and 1954, trappers reported numbers of beaver dead in the western upper peninsula. Laboratory checks of a number of these showed the "bug" present in two carcasses.

Trappers who find dead beavers are urged to report the number and location immediately to the nearest conservation officer or headquarters. The animals should not be handled.

About 1700 post cards questionnaires were mailed late last week asking for archery deer hunting information.

This is the last of the game polls that will be mailed this year.

About 10 days ago, conservation department workers mailed about 4000 cards in a survey of small game hunting information; about 40 percent of these have been returned.

Shortly before, 175 cards seeking information about deer taken for camp purposes were mailed. All told, five game polls are being conducted this year, including small game, archery, camp and firearm deer and a special opinion survey on deer hunting.

Results of the polls will be reported as they become available.

Michigan received a fifth pine marten from Ontario late last week.

The animal is an adult female and weighs one pound, three ounces.

It is being held at Casino wildlife experiment station while attempts are made to procure others.

Two pairs of the furbearers were released about two weeks ago in a remote wilderness area of Porcupine Mountains state park.

The conservation department hopes to start a colony in an area where the animals once were found commonly. Game workers doubt that the animals will ever become very numerous, but hope some reproduction will establish a small resident population.

Michigan's forest fire season is unusually late in starting this year.

Usually, southern Michigan opens the state's forest fire season with grass fires sometime in the last two weeks of February.

This year, continuing snows and generally wet weather have kept fire hazards low.

The upper and northern lower peninsulas generally report no fires before mid or late March.

Fifty thousand steelhead trout eggs were delivered to Harrietta state hatchery during the week-end.

The eggs came by plane and truck from the state of Washington and will be hatched at Harrietta within the month.

The fish will be used in a number of experimental plantings to test spawning and growth in the Great Lakes.

Steelhead trout are only minutely different in appearance from Michigan's rainbow trout.

It looks like the "Hunkies" may be here to stay.

Let us treat your car to a beautiful, "like-new" finish!

with BONDED BEAUTY ALL WEATHER PROTECTION

"The Standard for Permanent Beauty"

BRIGHTER COLOR — DEEPER COLOR LONGER LASTING FINISH

BONDED BEAUTY is a formulation of new, patented materials for super cleaning and restoring the original color, giving a longer lasting, hard dry, all weather protecting finish, found in all BONDED BEAUTY products, giving a "showroom look" in one operation.

Painters Note: All BONDED BEAUTY products are formulated so that they may be sprayed without treatment.

HAVE YOUR CAR CLEANED THE WEAVER WAY IN A MATTER OF MINUTES!
