

Health Officer Making Plans for Polio Vaccinations

Doctors to Administer Vaccine in Schools

Plans are being made here to administer Salk polio vaccine to all first and second grade children in the Plymouth Township School district, it was announced by Dr. R. R. Barber, health officer of the city health department.

While history-making events were taking place 15 miles away in Ann Arbor last Tuesday, Dr. Barber was preparing

to make arrangements between local physicians and public and parochial school officials for administering free Salk polio shots to children of the first two grades.

Sometime next week, Dr. Barber declared, school officials should have authorization slips to send home with children of the first and second grades. No shots will be given unless parents give their consent.

Since it is still unknown when the vaccine will reach Plymouth, there have been no dates set for inoculations. These dates may be available when The Plymouth Mail goes to press next week, Dr. Barber stated.

The children will not need to go to a clinic or doctor's office to obtain the vaccinations, the health officer added. Instead, local doctors will go into the schools during school hours to administer the vaccine to children with consent forms.

The health officer is working in cooperation with the Wayne County Medical Society and the Michigan State Medical Society to work out a program. It is believed that all present supplies of the vaccine will be needed for first and second grade children. After more vaccine is available, Michigan doctors have been advised by their state society to follow the priority of: 1. children below first grade level and over one year of age; 2. school children in grades three through eight; and 3. pregnant women.

Reports indicate that there will be enough vaccine for everyone in perhaps a year. Whereas the shots are being given free to first and second grade pupils by the National Foundation for Infantile Paralysis, others will need to pay for their inoculations.

Dr. Barber declared that there must be a conscientious effort by the public to understand that a control must be placed on the available vaccine supply. He added that Plymouth and other communities should be alerted to the need for providing methods to administer the vaccine to persons in the priority groups who are unable to pay.

Last Concert Of Season This Sunday

The curtain will fall this Sunday afternoon on the final performance of the Plymouth Symphony Orchestra's ninth season presentation. It has been the most successful season in the relatively short life of the 85-piece orchestra.

Guest Conductor Emil Raab, who will also be conducting his last concert as interim director for Wayne Dunlap, will present a program featuring Beethoven's Concerto No. 3 in C Minor and Brahms' Symphony No. 1 in C Minor. A special presentation of "A Short Overture" will open the program. This composition was written by Leslie Bassett, instructor of composition for the past three years at the University of Michigan. It was written at the university in the summer of 1950 and first presented at Fresno State college.

William Doppmann, 20-year-old brilliant pianist and junior music student at the University of Michigan, will be guest soloist. Doppmann has studied at the Cincinnati Conservatory of Music and performed throughout the country. He has gained very high regard for his successful performances and will be remembered by local concert-goers for a former appearance here.

The concert will begin at 4:00 p.m. in the Plymouth high school gymnasium. There is no charge for admission.

Asks Halt of Burning Rubbish on City Streets

"Don't burn your rubbish or wastepaper in the street," was the word of advice issued today by City Manager Albert Glassford. There are several streets in the city where citizens persist in burning their rubbish on the street, he said, and this must stop.

Even though a home has no alley behind it, an incinerator can be placed on most all properties someplace, the city manager added. Police are being instructed to personally contact each homeowner who uses the street for this purpose.

SPRAYING PLYMOUTH'S American elm trees was started this week on Edison street, along which is an archway of elms. Hugh McAuley, in charge of the spraying, is shown with the spray gun, assisted by Benjamin Zelickman.

Dutch Elm Spray Program Starts; Diseased Tree Found First Day

A tree infected with Dutch elm disease was found the very first hour as the city began its elm tree spraying program Tuesday morning.

Hugh McAuley, head of the city's new parks and forestry department, said that a dying tree that had been cut and was lying along Edison was found infected with the infectious disease. Because the beetle quickly spreads to neighboring trees, spraying was completed in the subdivision as quickly as possible.

Using DDT spray, the city hopes to complete its spraying of all American elm trees within two weeks. Scheduled to be sprayed are all city-owned elm trees and those on private property where the owner gives his consent and pays a \$1 fee.

Civil Defense Has Program Tonight

Movies on "The Atom Smashers" and "The Biological Effect of Fall Out" will be shown and a speaker heard at a meeting of the Plymouth Township Civil Defense unit tonight at the township hall. It will start at 8 o'clock.

Ralph B. Guy, former Dearborn judge, chief of police and president of council, will be the guest speaker. The public is being invited to attend this informative meeting. One film will show some of the peacetime uses of atomic energy.

It was announced by Leo Flowers, director of the CD unit, that the advance first aid class will start April 11 under Mathew Zak of the American Red Cross. There is still time to enroll in this course.

Flowers also announced that several sources have been found for those wanting metal blood identification tags. Any person wanting to learn his blood type can have it typed at any clinic or hospital at a cost of \$3 to \$4. For information about identification tags, telephone 2113.

Merchants to Fete Mother of Year

Who will be Plymouth's Mother of the Year for 1955? Whoever she may be, 23 local merchants have a host of gifts for her and the Plymouth Chamber of Commerce has a \$25 Savings Bond for her son or daughter who can write the best answer to the sentence: "I believe my mother should be chosen Plymouth's Mother of the Year because."

The contest begins next Monday and is open to all residents of Plymouth and Plymouth township. Children must be 17 years old or younger. Sponsored by the Chamber and retail merchant members, it marks the second year of the popular "Mother" contest. Last year's winner was Mrs. James Meyers of 550 Ann street, mother of three children, whose nine-year-old daughter Shirley wrote the winning article.

Shirley had this to say about her mother: "I believe my mother should be chosen Plymouth's Mother of the Year because she shows her loving kindness to us by keeping us clean and neat, makes us mind and tries to help in her community, too."

This year children will have until noon on Monday, May 2 to get their entries to the Chamber of Commerce office at 455 South Main street. Entries are available at any sponsoring store. There is no charge for entering.

Sponsors of the contest and the prizes they will give to the Mother of the Year are: Pape's House of Gifts (pottery casserole and warmer), Beyer's Drugs (cosmetic set), Kreggie's (2 pair nylon), Minerva's (\$5.00 gift certificate), Kennitz Candies (box of candy), Dunning's (nylon slip), Peterson's Drugs (box of soap), Fashion Shoes (choice of any pair shoes), Penn Theatre (5 theatre tickets), Willoughby's (choice any pair shoes), Cadillac Drapery (chromespun bedspread), Community Pharmacy (billfold), Cassidy's (leather handbag), Plymouth Mail (box)

Local Bank to Hold Open House Event

The National Bank of Detroit will officially open the doors to its recently remodeled main Plymouth Banking Office and its new Plymouth Installoan Office this Wednesday, April 20. An "Open House" at both buildings from 10 a.m. until 8 p.m. is slated to highlight the event.

Remodeling of the Plymouth Office at Penniman and Main streets was caused by the consolidation of that office and the smaller Penniman street branch. It is in the former Penniman branch that the new installoan office is located, prepared to handle exclusively all types of instalment loans.

Appoints New Planner

Mrs. Henry Jenson, 1482 Penniman avenue, was appointed to fill a vacancy on the city planning commission by the city commission last Friday night. She was appointed to fill a vacancy left by Mrs. Dorothy Swope, 1395 Park Place, whose term expired last September. Mrs. Jenson's term will end September 11, 1957.

May Annex More Canton Township School Districts

Annexation of one or more Canton township school districts to the Plymouth Township School district may take place this year providing satisfactory arrangements can be reached by the boards of education involved.

Members of Canton District 4 met with the Plymouth school board Monday night and the Canton District 6 board is being invited to a special meeting Wednesday night. The District 4 board of education has made a definite request that their district be annexed to the Plymouth township district.

The Plymouth district already has approximately the northern one-half of Canton township under its jurisdiction. In this area, it operates Bartlett and Hough schools and plans to build a new elementary building in Canton township on Sheldon road, south of Joy road.

But just south of the already-annexed Canton township area lies three small school districts. One on the east, District 6, operates a two-room elementary building on Haggerty road. District 4 operates Wayne county's only one-room school on Canton Center road. District 1, located at the western end of the township, operates a building in Cherry Hill.

All three of these small districts now send their high school students into Plymouth under tuition.

Two years ago the local board of education turned down a request from District 4 for annexation. The board appeared to be more in favor of the proposal at their meeting Monday night.

Superintendent Russell Isbister said that the Plymouth township school district would not derive any particular advantage from annexing any Canton township districts. It is a matter of making sure that boys and girls receive a proper education, he indicated. If one or more of the Canton districts are annexed, he said, their present schools would be kept in operation.

Symphony Holds Annual Dance Tomorrow Night

Plymouth's social set is readying for one of the city's biggest events of the spring season, the annual Spring Ball, sponsored by the local Symphony society tomorrow night, April 15, in the high school auditorium.

Hundreds of residents are expected to attend the event which is held each year for the benefit of the community's Symphony orchestra.

Featured at this year's dance will be the Sammy Woolf orchestra of Detroit, popular band which is making its third appearance at Plymouth Symphony functions by popular request. Well-known as a night club, TV and radio entertainer throughout the metropolitan area, Woolf will feature Dixieland music as one of his specialties.

Decorations for the dance will carry out the springtime theme of "April Showers," with the auditorium of the high school transformed by flowers, simulated rain and umbrellas to carry out the motif.

Refreshments will also be served during the event. Hours for the dance are from 9 p.m. to 1 a.m. Dress may be either formal or informal.

General chairman for the Spring Ball is Mrs. Margaret Hough. Tickets may be obtained from any member of the Plymouth Symphony society or Symphony board. They will also be available at the door the night of the event.

A total of \$50 will be turned over to the Plymouth Junior Police as a result of Friday night's fish fry sponsored by the Veterans of Foreign Wars at their post hall on Lilley road. The benefit dinner was attended by 160 residents.

Low Bidder Expects Completion in 90 Days

With an estimate of \$102,905, a Farmington construction firm has won the contract to rebuild and widen Plymouth's Main street from Penniman to Mill. Work is expected to start within two weeks and is to be completed in three months.

A special city commission meeting was held Friday night to select one of the five bids that were opened Thursday afternoon. The low bid was submitted by A. J. Brighton of Farmington.

Teachers Seek Salary Adjustments

Representatives from the Plymouth Teachers association met Monday night with the Board of Education of the Plymouth Township School district to ask that a new salary schedule be adopted that would grant salary increases ranging between \$400 to \$750 a year.

Although no action was taken on the request Monday, the board has decided to call a special meeting this week to consider the proposed salary schedule. The teacher association voted unanimously at their April 5 meeting to present the new salary schedule. A committee previously met with the school board on March 29 to unofficially ask that consideration be given a new salary schedule.

For teachers with a bachelor's degree, a flat hike of \$400 a year is proposed. A starting teacher in the Plymouth system with an A.B. degree now receives \$3,600. The proposed minimum is \$4,000. As in the present salary schedule, the proposed schedule asks that the maximum be reached in nine years.

First year teachers with master's degrees now receive \$3,800. The salary proposed is \$4,300. The present maximum, now reached in nine years, is \$5,800. A 10-year maximum of \$6,550 is proposed.

Also proposed in the request is partial payment of \$100 to be made by the board for each 10 semester hours a teacher earns toward a master's degree on courses required by the department of education. The association has also asked that an extra day of sick leave be allowed for personal business. This extra day of leave would be granted only with the permission of the school principal.

In concluding their written request, the Plymouth Education association states: "In accordance with suggestions expressed by our teachers and the information obtained from neighboring schools, we believe the above proposals conform to those requested by other schools in this area."

It was a year ago that voters approved a three-mill levy, part of which went for the raising of teacher salaries. The minimum salary at that time was raised from \$3,300 to \$3,600 a year.

To Install New Downtown Lights

A completely new street lighting system for downtown Plymouth is being installed by the Detroit Edison company.

Work has been underway for the past week and a half to replace present lamp posts and increase light radiance several times. Placing all wiring in conduits underground is also part of the project.

City commissioners voted a year ago to improve the city's downtown lighting facilities. It is all part of a 10-year lighting program which will improve street lighting in residential as well as business sections.

City Manager Albert Glassford said that present street lights in the downtown area and along widened Main street to Mill will be brightened from one-half to twice the present illumination. The present program will include Penniman from the post office to Ann Arbor trail, Main from Wing to Mill and Ann Arbor trail from Penniman to Forest avenue.

Taller, ornamental lamp posts are replacing the present ones.

Teachers Seek Salary Adjustments

Herald Hamill, the city's consulting engineer on the project, recommended the Brighton bid after checking all bids to see that they met specifications. The next lowest bid was about \$5,000 higher than Brighton's while the highest bid was \$24,000 higher.

A 90-day completion estimate has been placed on the job by the Farmington construction firm. City Manager Albert Glassford estimates that work can start within 10 days after the contract is signed. Stakes can already be seen along the route, placed there by the consulting engineer.

Other bidders on the project were: Kutchins company, Lansing, \$107,245; Ministrelli Construction company, Birmingham, \$114,520; William J. Kloote, Grand Rapids, \$119,252; Max R. Frisinger, Ann Arbor, \$126,930.

Hamill had placed an estimate of almost \$140,000 on the job. Although the winning bid was \$102,905, it will cost much more than this because there are many other items involved other than construction. For instance, railroad flashers and perhaps signs of business establishments will need to be moved and some lawns replaced. Engineer's fees are also extra.

The first sign of work seen by the public will be the removal of trees, the city manager declared. Water hydrants and other underground facilities will also be moved back. There will be a certain amount of inconvenience for motorists, Glassford said, but he expressed hope that everyone

City Golf League Opens '55 Season

Local working and businessmen-64 strong-turned golfers yesterday afternoon as an organized attack on par was made at Hilltop golf course. The occasion was the start of the 16th annual Plymouth Hilltop golf league at the nearby par-70 layout.

According to Charles Wolfe, secretary of the loop, the competition will carry through from now until Labor day with 16 sponsored teams doing battle. The four man squads will play nine holes each Wednesday evening with an 80 per cent handicap. A banquet for the golfers will be held at the season's end, at which time the victorious team will be honored. Box Bar's squad captured the league title last year.

Wolfe explained that only 14 of the 16 sponsors are at present decided. These are: Davis and Lent, Fisher's shoes, Duke's Barber shop, Lovlee Beauty salon, Box Bar, Pease paints, Terry's bakery, Twin Pines, Daisy Mfg. Co., Shaw electric, Otwell heating, Seyfried jewelers, Roe lumber and Bonded Beauty products.

Extra Money

How would you like to have an income over and above what you are already making? It's possible, and with very little extra effort on your part.

Who's using that unfinished attic? What about the extra rooms in your house that might make a cozy apartment? Renters are ready and waiting in Plymouth. And it's easy and economical to find them.

This classified advertisement in the "apartment for rent" column of The Mail last week brought 10 replies and immediate rental:

3 rooms and bath, vacant April 6, Near Wayne and Ford roads, Parkway 1-4011. Help persons needing housing accommodations and help yourself to extra spending money. Phone 1600 today and place your rental ad in our fast-selling classified columns.

GETTING SET for the big crowd expected to attend the Symphony Spring Ball tomorrow night, April 15. Mrs. Harold Guenther, left, and Mrs. Michael Huber deck the high school auditorium with springtime motifs to carry out the "April Showers" theme of the dance. The event will be held from 9 p.m. to 1 a.m., featuring music by the popular Sammy Woolf orchestra. Proceeds will support the Plymouth Symphony orchestra.

Theatre Guild To Meet Monday

Plans for the two plays scheduled for presentation the latter part of this month will be discussed at the Monday, April 18, meeting of the Plymouth Theatre Guild at 8 p.m. in the Veterans Community center.

As part of the Monday night program, the group will also hear a talk given by a member of the Ypsilanti Players.

The two productions scheduled for Friday, April 29, will be "The Hitchhiker," suspense drama by Lucille Fletcher; and the comedy, "When Shakespeare's Ladies Meet" by Charles George.

Directing the Fletcher drama will be John Lodge, while the comedy will be under the direction of Dorothy Jean Smith. Both are members of the local Guild.

The two shows will be presented in the high school auditorium with entertainment during intermission provided by members of the organization. There will be no admission charge for the production, which will be open to the public.

SOCIAL NOTES

Miss Reiko Sudo of Japan, a student at the University of Michigan, was a dinner guest last Thursday evening of Mr. and Mrs. Miller Ross and daughters of Ann Arbor road.

Mrs. Robert Gardiner and her grandson, Robert Laible, are expected to return to Plymouth from New Smyrna Beach, Florida, on Friday of this week.

Mr. and Mrs. Robert Shingleton of Liberty street were Easter Sunday dinner guests of Mr. and Mrs. Vernon Peck and family of Irvin street.

Easter Sunday dinner guests of Mr. and Mrs. Miller Ross of Ann Arbor road were Mr. and Mrs. Horton Morrow of Ann Arbor and the Rosses daughters, Beverly and Betsy of Northville.

Mr. and Mrs. Milton Curtis and family of Midland left Tuesday after spending several days with Mr. and Mrs. Marvin Terry of Roosevelt avenue.

Mrs. Earl Lyke and children are spending the spring vacation with Mrs. Lyke's parents, Mr. and Mrs. R. L. McLemore in Irvine, Kentucky.

Mr. and Mrs. Cecil Packard and family are vacationing this week in Washington, D.C.

Saturday evening guests of Mr. and Mrs. Robert Beyer in their home on North Mill street were Mr. and Mrs. Gordon Moe and Mr. and Mrs. Martin Waara.

Mrs. Reynold Dodds and daughter, Sharon, of Taylor Township, spent Easter Sunday with Mrs. Dodd's parents, Mr. and Mrs. A. M. Wileon of Pine street.

Easter Sunday dinner guests of Mr. and Mrs. William Hartmann in their home on Blunk street were Mr. and Mrs. Milton Laible of Plymouth; Mr. and Mrs. Graham Laible and daughter, Martha Ellen of Ann Arbor, Mrs. Marha Helt of Plymouth, and their son, Bill Hartmann and buddy of Flint.

Peter Leemon, son of Mr. and Mrs. Roy Leemon, entertained a group of friends at a party Saturday evening in the Leemon home on Ann Arbor road. Present were Jacquelyn Langmaid, Ellen Daane, Ann Hammond, Glenna Fraleigh, Barbara Nelson, Gail Mrstik, Dawn Huebler, Richard Nagel, Richard Huebler, Ralph Wagonschutz and Larry Crouch.

Easter Sunday dinner guests of Mr. and Mrs. Edmond Watson in their home on Coolidge avenue were Mrs. Hattie Peck, Mrs. Marjorie Becker and son, Lynn, of Northville; and Mrs. Minnie Randall of Ann Arbor.

Mr. and Mrs. Albert Groth and daughter, Molly, and Mrs. Joseph Tracy spent the weekend in Hammond, Indiana, with Mr. and Mrs. Valbert Groth and family.

Mrs. Harold Paulger and her three children, Charlene, Bob and Donald, and their friends, Pat Keeler and Dow Swope, spent five days during the Easter holiday in Washington, D.C. where they attended the Easter Sunrise services at Arlington Cemetery and toured the Capital and other interesting places. They returned to Plymouth on Monday morning.

Mr. and Mrs. Earl Myers of North Harvey street were hosts at a family Easter breakfast and Easter egg hunt for all their children and grandchildren. During the day the group were pleasantly surprised to receive a phone call from another daughter, Maxine who resides in San Luis Obispo, California. Two of the Myers other daughters, Mrs. Franklyn Wiltse of Roswell, New Mexico and Mrs. Donald Hendrix of St. Joseph, Michigan, and their families were also present.

Mr. and Mrs. Ora Glass and family of Holbrook avenue spent Easter weekend with relatives in Payne, Ohio.

The Hough Extension group met for their last meeting this spring on Monday evening, April 11, at the home of Mrs. Diana Schmidt on Lilley road. Topic for the evening's discussion was on "Furniture Selections".

WITH ALL PROCEEDS used to benefit the Plymouth Easter Seal campaign, ten local children presented an Easter Story play last week in the garage of one of the children's parents. Pictured above are four of the principles in the play, which was presented at four showings with as many as 25 children and adults attending. Left to right are Doug Cash, 9, Billy Graham, 11, Julie Kay Lent, 9, and Bobby Probeck, 5. The cast earned and turned over to the crippled children fund a total of \$13.40. Other children in the play were: Judy Green, Jimmy Gavigan, Dill Rew, Donnie Gavigan, Bonnie Ingall and Jamie Lent.

BIRTHS

Mr. and Mrs. Peter Aubrey of Plymouth road are receiving congratulations on the birth of a daughter, Nanette Marie, weighing eight and one-half pounds and born at Mt. Carmel hospital, Detroit, on April 3.

Mr. and Mrs. Thomas J. Matthews of Ann Arbor trail announce the birth of a son, Patrick John, born Tuesday, April 6, at Ford hospital, Detroit, weighing seven pounds, five ounces.

Mr. and Mrs. Joseph Yuchasz of Flint, formerly of Plymouth, are the proud parents of a son, Steven Joseph, weighing eight pounds two ounces and born at St. Joseph's hospital, Flint. Mrs. Yuchasz is the former Donna Reed.

Mr. and Mrs. Ronald Matsch of Littleton, Colorado, announce the birth of a son, Ronald George, Jr. born on April 4. Mrs. Matsch is the former Lois Osgood.

Mr. and Mrs. Ora Glass and family of Holbrook avenue spent Easter weekend with relatives in Payne, Ohio.

Six to Represent Club Offering Special Prayers

So significant is the Salk polio vaccine discovery that at least one Plymouth church will make recognition of the event with "special prayers of thanksgiving" this Sunday.

Reverend Edgar Hoenecke, pastor of St. Peter's Lutheran church, announced that prayers of thanksgiving will be made at the 9:30 and 11 a.m. services this Sunday.

Other churches too are expected to take note of the advancement for mankind. Dozens of Plymouth area children as well as some adults have suffered polio throughout the years.

Open House Attended By 630 Residents

Some 630 residents were on hand for last week's grand opening event at Melody House, new record and accessory equipment shop located at 834 Penniman avenue.

Held Thursday through Saturday, the three-day celebration was marked by gifts to children and adults visitors. Highlight of the event was the awarding of the grand prize, a high fidelity three-speed record player, at 5 p.m. Saturday. Lucky winner was Violet Juleff of 8880 Morrison.

Study Committee Has Second Meeting

Reports of the Service and Planning sub-committees were heard at the second meeting of the Plymouth Community Study committee Tuesday night at Bird elementary school. No definite recommendations or conclusions were made.

A report on the Planning sub-committee was made by Frank Lodge. This group has held four meetings and has made preliminary studies of water, sewers, building codes and zoning in the city and township.

The Service committee report was made by Robert Lidgard. At its two meetings, the sub-com-

mittee has done most of its work on the sewer study.

A frequent speaker during the evening was Township Supervisor Roy Lindsay. After each report he told the group that the township was already conducting its own surveys on these subjects. He pointed out that an engineer is making a survey of sewer needs in conjunction with the Wayne County Road commission and Waring and Johnson, planning consultants, have been working on zoning in the township for a year (and is also the city's consultant).

City Manager Albert Glassford outlined the city's water potential for the group after a question about water supply was raised by Mrs. Elizabeth Holmes, township treasurer. The city manager told the history of the water system and how wells last summer reached the maximum pumping stage of 2,700,000 gallons a day. A new well recently completed has a potential capacity of 5,000,000 gallons a day. But this well can be used only for a stand-by in case the others are pumped too low. Water coming into the city is limited by a 16-inch main which is capable of bringing in 4,000,000 gallons a day. The solution is either to install booster pumps along the line or lay a new line. The next meeting will be May 10.

City Negotiating Salem Township Site for Land Fill

City commissioners approved a motion at their special meeting Friday night to negotiate for a sanitary land fill site in Salem township which could solve the problem of disposing of the city's rubbish and garbage.

Located about seven miles from Plymouth, the abandoned gravel pit is owned by the Northville Sand and Gravel company. If purchase of the site is successfully negotiated, health department permits are then needed.

Taking special interest in the negotiations are residents of the Arthur street and Goldsmith avenue area. The city now disposes of its garbage by sanitary land fill method beside the city garage at the northern end of Arthur, but some neighbors resent this use. Refuse is buried in a pit owned by the Schoolcraft Sand and Gravel company but the city has been unable to obtain a signed agreement for continued use of this site.

City Manager Albert Glassford reported at a city commission meeting several weeks ago that Salem township officials are interested in having several abandoned gravel pits filled so that the land can be reclaimed in later years. The site proposed for Plymouth's use is on Chubb road, north of Five Mile road. It has 40 acres of land on which is an old house, two garages, a deep gravel pit and about seven acres of sand and gravel fill suitable for cover.

It is estimated that the disposal site would last the city with its present population for 25 years or more.

Glassford also reported to the commission that an agreement would be made with Salem township to allow residents the privilege of disposing of 40 bushels of refuse per year. Plymouth would maintain responsibility for the land fill, seeing that each load is properly buried.

The refuse disposal problem arose several years ago when a new state law forbid the feeding of garbage to hogs, a practice that Plymouth and most other communities followed. Neighboring cities got together last year to determine what could be done with their refuse and one answer was an incineration unit. Cost of this method would be about \$9,000 to \$10,000 a year.

If Plymouth obtains the Salem township site, garbage and refuse will be picked up from householders at the same time, instead of on separate days.

Air Rifle Safety Urged By City Chief of Police

With youngsters once again getting into the out-of-doors with their air rifles, Chief of Police issued a warning this week about the proper use of the B-B guns. A report was received Tuesday from a mother whose son had been hit near the eye with a B-B, the chief stated.

There is definitely an ordinance controlling the use of air rifles. It forbids the shooting of air rifles in public property such as on the streets, alleys or parks.

GRAND PRIZE WINNER in the big Easter Coloring Contest was Sharon Rohde, 9, shown here at left. Admiring the winning coloring with her are left to right: her mother, Mrs. Gilbert Rohde, Pat Wiltse and salesgirl Pat Wilhelm. Wiltse, owner of Community Pharmacy drug store, sponsored Sharon's drawing. Said the victorious girl when asked how she felt after winning: "Fine."

Nine-Year-Old Judged Grand Winner From 500 Easter Color Contest Entries

A nine year old girl was picked as the grand prize winner of the big Easter coloring contest sponsored last week by ten local businessmen and The Plymouth Mail.

Sharon Rohde, daughter of Mr. and Mrs. Gilbert Rohde of 26251 Five Mile, captured the first place in the contest from among 500 other entries. She will receive a ten dollar cash prize award plus a three dollar gift certificate from Community Pharmacy, sponsor of Sharon's drawing.

She plans to use her ten dollar cash prize as part of the price of a new bicycle for which she

has been saving. "I couldn't believe it," said Sharon when informed she had won. Her mother explained how her daughter had not thought too much about what she will get with her gift certificate.

In addition to the grand prize winner, nine other children will receive three dollar gift certificates from the remaining sponsors as winners of the individual coloring contests. Entries were submitted to respective sponsors with winners selected on this first

level, then the ten top colorings were judged to determine a grand winner.

The other winners and the sponsors of their drawings are: Karen Clyde, 11, Davis and Lent; Pamela Adkins, 8, Kresge's; Barbara Diekman, 9, Pease Paint; Gay Shirey, 10, Beyer Rexall Drugs; Cheryl Richman, 8, Fisher's; Glenn Solesau, 6, Minerva's; Joseph Smith, 7, Stop and Shop; Judy Kisabeth, 8, Dunning's; and Donnie Stamper, 8, Bluford Jewelers.

Local Cancer Chapter Marks Official Opening

The Plymouth chapter of the American Cancer society will officially mark the opening of its new service center at 821 Penniman avenue next Wednesday, April 20.

The event comes mid-way during the observance of Plymouth's Cancer Week, April 17-23, in connection with the nationwide cancer campaign being held throughout the month of April.

Visiting dignitaries from ACS chapter throughout the Detroit area, mayors from Livonia, Northville and Plymouth will be on hand to inspect the new office at 2 p.m.

Principal guest for the open house will be executive director of the ACS southeastern district, Edward Tuescher of Detroit.

Representing the three communities participating in the current educational campaign will be Mayor Elbert Hartom of Livonia, Claude Ely, mayor of Northville, and Mayor Russell M. Daane of Plymouth. Doctors from the tri-community area have been invited to attend the event.

The local office will observe open house hours from 10 a.m. to 5 p.m. and from 7 to 8:30 p.m. Wednesday.

Far East Story Told Kiwanians

"Red China, with or without Russia, would be obliterated by the United States," commented Dr. John G. Van Deussen as he addressed the Plymouth Kiwanis club on the topic "China Sees Red" Tuesday evening. Dr. Van Deussen is professor of American History at Hobart and William Smith colleges at Geneva, New York.

In his review of the Far East situation stemming from the Yalta conference Professor Van Deussen termed it tragic that the problem in Korea is exactly the same today as was before the Korean conflict. "Both sides want unification on their own terms," He added that in his opinion the United States came out second best in the war in Korea.

Looking into the future, Dr. Van Deussen believes that Red China will not risk all out war because of her lack of industrial resources. "As a third rate power, Red China is talking very big," he added. "By waiting the Red Chinese will eventually obtain Formosa," but, he said, "this is but a side act for the real prize—Japan."

Dr. Van Deussen was presented to the Kiwanians by Frank Henderson, who is responsible for the foreign relations expert's presence in Plymouth.

Merry-Hill Nursery Holds Spring Opening

A three-day celebration starting tomorrow, April 15, will mark the spring opening of Merry-Hill Nursery on 49620 West Ann Arbor road.

Mr. and Mrs. George Merryweather, owners, announced that the event would be marked by gifts to children and adult visitors. A total of \$50 worth of shrubs will be awarded as prizes during the open house. As a special feature, a five-foot blue spruce will be given away to some lucky visitor winning the grand prize.

On display during the spring opening will be the new garden center and display room, recently remodeled along colonial lines. The nursery will be open from 9 a.m. to 7 p.m. on Friday, Saturday and Sunday.

Open House - April 20

at our enlarged, remodeled

PLYMOUTH OFFICE

and our new

PLYMOUTH INSTALOAN OFFICE

YOU ARE CORDIALLY INVITED to attend an "Open House" at our recently enlarged and modernized Plymouth Banking Office and at our Plymouth Installoan Office, from 10 a.m. to 8 p.m., Wednesday, April 20.

Our Plymouth Office was recently remodeled so we could include the accounts of our former Penniman Office. This consolidation has permitted us to remodel the Penniman building into our Installoan Office for the exclusive handling of all types of instalment loans. These changes now enable us to provide better and faster banking, loan and trust services for our friends and neighbors in this fast-growing area.

If you are not already doing so, we invite you to use our facilities . . . to open a checking account that will simplify your buying and bill-paying . . . to establish a savings account that will assure a ready cash reserve when you need money for an emergency or an opportunity. Or let our Installoan staff help you now to purchase some of those things on your "Most Wanted" list. Personal Installoans, you know, require only your signature.

You will be pleased to know, too, that another National Bank of Detroit office is being built to serve Plymouth—at Ann Arbor Road and Harvey. The new office, which is scheduled for completion later this year, will provide complete banking and trust services, safe deposit facilities, convenient parking, and the latest in customer service—Drive-In Banking.

It will be a pleasure to welcome you at "Open House"—and to serve your banking and instalment loan requirements "neighborhood style."

Starter Solutions Boost Plants In Home, Garden

Want to give those house plants, or those vegetables you'll have in your home garden a shot-in-the-arm? Starter solutions—concentrated fertilizers in water—may be the thing to use.

When fertilizers are in solution, they can be taken up by the plants immediately and used to grow new roots and tops. Michigan State College horticulturists observe that when starter solutions are used on plants a day before transplanting, more of the plants stay alive.

Starter solutions are handy for gardeners who forget "how much a handful is." When using dry fertilizers, many garden enthusiasts tend to over fertilize.

Most of the common fertilizers to be diluted for starter solutions can be purchased locally in one, five, 10, or 50-pound packages. Still others are available in smaller packages, bottled, or even in tablets—useful to the home-owner of a few shrubs or potted plants, add the experts.

But, warn the horticulturists, watch the price. While these solutions are all right for small operations, the cost will be too high for the commercial gardener.

A home gardener may find the solutions to his liking, and even cheaper, if he has no tools to work the dry fertilizers into the ground in his garden and around his shrubs. Attachments for hoses are available. They make it easy to apply the solution along with the usual watering.

FIRST-PLACE WINNER in the recent Veterans of Foreign Wars essay contest, Bernice Kahler, 17, of 11705 Morgan street receives her \$10 check and medal award from Mrs. Jack Olsaver, general chairman of the event. Open to high school students, the contest was on "What Civil Defense Means to Me." As winner, Miss Kahler will compete in the state contest and, if lucky there, enter national competition.

LOOKING OVER the prize-winning paper of Lea Raye Crane, second from left, which won the local American Legion essay contest are (l. to r.) Legion Auxiliary President Mrs. Marie Thompson, second-prize winner Foster Brown and Mrs. Fern Bursleson, Legion Americanism chairman. The \$10 check for first prize and \$5 for second will be awarded at tonight's Legion meeting. Contest topic was "The Master Link: Our Constitution," which drew 26 papers from local 7th to 12th graders. The two winners will now enter district competition.

William C. Otwells Guests of TV Show

Recent guests of the "Majestic Theatre," WJBK-TV program, were Mr. and Mrs. William C. Otwell of West Ann Arbor trail. Otwell, local dealer for Michigan Heating Supply company, distributors for the sponsors of the TV show, assisted with the commercial on counter-flow furnaces for the April 4 program. Prior to the show the residents were dinner guests of Don Bauerle, owner of Michigan Heating Supply company.

Area Residents Attend Meetings In Washington

Four residents of the Plymouth-Northville area will attend the 64th Continental Congress of the Daughters of the American

Revolution in Washington, D.C., April 18 and 22, and the subsequent Children of the American Revolution National Convention on April 23 and 24 in the same city.

Attending the D.A.R. Convention from Plymouth are Mrs. Harry N. Deyo, regent of the Sarah Ann Cochrane chapter of the D.A.R.; and Mrs. Robert D. Willoughby, newly-elected treasurer of the state D.A.R. and second regent of the local chapter.

In attendance at the C.A.R. meeting will be Miss Janet Willoughby of the Plymouth Corners society of the C.A.R. Mrs. Claude Crusoe of Northville, C.A.R. com-

mittee member of the local chapter, will attend both conventions.

Because of the two conferences, the D.A.R. meeting regularly scheduled for April 18 will be held on April 25, instead. It will take place at 1 p.m. in the home of Mrs. Earl Kenyon, 45011 North Territorial road.

TOO MANY BUFFALO

Austin, Tex.—The Reynolds Cattle Company, owner of a ranch, has been given permission to dispose of a part of a show herd of 250 buffalo. Buffalo, in Texas, are protected under State law.

OBITUARY

Gilbert Warren

Word was received this week from Mrs. Gilbert Warren of Linden, Michigan regarding the death of her husband on Sunday, April 3.

Mr. Warren, who formerly resided for many years in Plymouth, had been in failing health for some time.

Besides his wife, Harriett, he is survived by a nephew, Walter Warren of Washington, Michigan; a niece, Mrs. Florence Krause of Mt. Clemens; Miss Marie Church of Pasadena, California; and several grand nephews.

Services were held from the Bowles Funeral home in Linden with the Reverend John Ambler officiating. Interment was made in Mt. Vernon cemetery, near Washington, Michigan.

UNUSUAL BIRTH

Delaware, Ohio.—Twins, a boy and a girl, were born to Mrs. Bernard Schnees, 35, 48 days apart. The boy, Douglas Lee Schnees arrived by caesarian section on January 28. His sister, Deborah, arrived more than a month and a half later.

STAR PERFORMER at Saturday's open house at Saxton Farm and Garden Supply store, West Ann Arbor trail, was this "Kissing Bunny," shown above going through his act as Dean Saxton, local store owner, looks on. Hundreds of visitors attended the pre-Easter celebration, where 5,000 baby chicks were given away by the store. Winner of the grand prize of the event, a power mower, was Mrs. Olga Landau, of 674 Maple.

Adding Protectant To Seed Package Safeguards Plant

The best protection against disease in the home garden can be applied even before the seeds are put in the ground, or the plants are transplanted.
 Here are some tips from a Michigan State college vegetable disease researcher for cutting down on garden diseases:
 Put a pinch of seed protectant—containing such materials as thiram and captan—into the garden seed package. Shake the package to coat all the seed. Then sift the excess dust from the seed through a fine screen.
 However, you won't have to go to this trouble if the seed has been already treated by the producer, the specialist cautions.
 Buy certified strawberry and raspberry plants for new plantings and make sure that only tomato plants free of disease spots and blemishes are set.
 Look over your bean and pea seed—only seeds free of weevils should be planted. This means you may have to buy new seed.

Legal Notice

Atty. Clifford H. Manwaring
 274 S. Main St.
 Plymouth, Mich.
STATE OF MICHIGAN, County of Wayne.
 No. 426,682
 At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the twenty-fifth day of March in the year one thousand nine hundred fifty-five.
 Present, James H. Sexton, Judge of Probate.
 In the Matter of the Estate of Verlie Morse, Deceased.
 On reading and filing the petition, duly verified, of Lee R. Padgett, Administrator of said estate, praying that he may be licensed to sell certain real estate of said deceased for the purpose of paying the debts of said deceased and the charges of administering said estate:
 It is Ordered, That the twenty-eighth day of April, next at ten o'clock in the fore noon, Judge Joseph A. Murphy, at said Court Room be appointed for hearing said petition, and that all persons interested in said estate appear before said Court at said time and place to show cause why a license should not be granted to said administrator to sell real estate as prayed for in said petition. And it is further Ordered, That a copy of this order be published once in each week for three consecutive weeks previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.
 JAMES H. SEXTON,
 Judge of Probate.
 I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.
 Dated March 25, 1955.
 JOSEPH WURTSMITH
 Deputy Probate Register.
 April 7, 14, 21, 1955.

STATE OF MICHIGAN DEPARTMENT OF CONSERVATION SUPERVISOR OF WELLS
 Notice is hereby given as required by Act No. 81, Public Act of Michigan, 1930, as amended, that a public hearing will be held by the Supervisor of Wells and the Advisory Board in the city of Lansing, ON THE TWENTY-SECOND DAY OF APRIL, A. D. 1955, AT 10:30 A. M., EASTERN STANDARD TIME, the hearing is for the purpose of hearing evidence and testimony pertaining to:

1. Establishing a drilling unit and well spacing pattern for wells drilled for oil in the Wheeland Dundee Formation Pool in and around Sections 6 and 9, Township 14 North, Range 7 West, Wheatland Township, Mecosta County.
2. Reviewing, changing, amending or abolishing a drilling unit and well spacing pattern for wells drilled for oil in the Goodwell Traverse Formation Pool in Township 14 North, Range 11 West, Goodwell Township, Newaygo County.
3. Reviewing, changing, or amending Protraction Order No. 24, effective September 18, 1944, as amended, as it pertains to the Trenton-Black River Formation Oil and Gas Pool in and around Section 1, Township 1 South, Range 7 East, Salem Township, Washtenaw County.

The hearing will be held in Conference Room 123, First Floor, Stevens T. Mason Building, 500 West Michigan Avenue, Lansing, Michigan. Notice as specified by Act No. 81, Public Act, 1930, as amended, and the Rules of Procedure in Public Hearings before the Supervisor of Wells and the Advisory Board is being given.

Proclamation Cancer Control Week

WHEREAS, approximately 1,300 citizens in Wayne County were saved from dying of cancer in 1954, and
 WHEREAS, the American Cancer Society reports that twice this number could be saved with present knowledge in cases where diagnosis is early and treatment is prompt, and
 WHEREAS, new knowledge is improving detection and treatment techniques; the death rate among men, with the exception of lung cancer, is leveling off, and the death rate among women is declining, and
 WHEREAS, bringing cancer under control continues to be a vital problem demanding vigorous action on the part of medicine and science, as well as the government and the people, and
 WHEREAS, lives are being saved daily through the program of research, education, and service conducted by the American Cancer Society, and
 WHEREAS, the President of the United States has proclaimed April as a special month for a concentrated effort to conquer cancer.

THEREFORE, I, Russell M. Daane, Mayor of Plymouth, Mich., do hereby proclaim the 3rd week of April 17 thru 22 as CANCER CONTROL WEEK.

FURTHERMORE, I urge every citizen not only to support the American Cancer Society in its efforts to control cancer through education, research, and service, but also to take advantage of this opportunity to learn as much as possible about this enemy in our midst—cancer.
 Done under my hand and seal this 1st day of April, Nineteen Hundred and Fifty-Five.
 L.S. Russell M. Daane
 Mayor, City of Plymouth
 in the State of Michigan

SOCIAL NOTES

Rodeo to Highlight Bike Safety Week, April 18 to 23

"Make Plymouth the safest cycling city in the world!" This advice was given to local bike riders today by Mayor Russell M. Daane as he proclaimed April 18 to 23 as Optimist Bicycle Safety Week.
 Highlighting the week's observance will be a Bicycle Rodeo sponsored by the local Optimists on Saturday, April 23. Some 1500 bicycles will be inspected and judged, and riding skill contests will be featured for youngsters of all ages. The event will start at 8:30 a.m. at the Junior Police headquarters in the central parking lot back of Kresge's.
 Grand prize to be awarded at the event will be a boy's or girl's bicycle donated by Evans Products company. Nineteen other prizes will be awarded winners in the Rodeo competition.
 Items ranging from softball bats to bicycle equipment have been donated for the event by the Optimist Club and the following merchants:
 Gamble store, Bob's Handy Hardware, Western Auto store, S and W Hardware store, and Davis and Lent. A window display of the prizes will also be set up by the latter store.
 Assisting in the inspection at the Rodeo will be the Plymouth Junior Police and Junior Optimists.
 The week-long observance is being held in cooperation with the Plymouth Police department and public schools. Chairman of the event is Ray Viau of the local Optimist club.

Volunteers to Distribute Cancer Tags This Week

Tag days will be observed this Friday and Saturday as part of the current educational campaign on cancer.

Volunteers from the Veterans of Foreign Wars Auxiliary will distribute tags outlining Cancer's Seven Danger Signals to shoppers throughout the community. Chairman of the event is Mrs. Gerald Krumm.

Cancer Control Sunday will be observed in Plymouth on April 17 as the highlight of the American Cancer Society's current crusade against the disease.

In observance of the event, announcements will be read to congregations in Plymouth, Livonia and Northville regarding the importance of programs planned as part of the tri-community crusade.

Charles Wyse, chairman of the local educational campaign, said

that leaders of all faiths throughout the nation on that date will devote special programs, sermons and prayers to the problem of cancer control. He pointed out that religious approach to the menace of cancer has been an inspiring feature of Cancer Control Month in past years.

"Prayer has a strong influence for good on the mental, emotional and spiritual states of those fighting cancer," he said. "Such help cannot be measured. Many doctors, nurses, and ACA volunteers regard prayer as a valuable aid to the morale of patients."

"This religious aspect of the crusade against cancer, with its message of faith and hope, will be stressed in local pulpits on both Cancer Control Sunday and Sabbath. These special services will be dedicated to all those engaged in the struggle against the disease which now ranks as America's No. 2 Killer."

Announcements will be read to congregations in Plymouth, Livonia and Northville this Sunday in reference to programs on cancer scheduled for the following dates and places:

Livonia, Sheldon Center: First Federal Savings and Loan Association building, Wednesday, April 20, 10:30 a.m. and 1:30 p.m.

Plymouth, Penn Theatre, Thursday, April 21, 1 p.m. Northville, Methodist church, 109 Dunlap, 1:30 p.m.

All programs include medical speakers and an open discussion period.

During next week, proclaimed recently by Mayor Russell Daane as Plymouth's Cancer Week, volunteers will pass out informative literature to residents of the community.

A subscription to the Plymouth Mail is a most welcome gift.

Social Notes

Mr. and Mrs. Herbert Kalmbach and family of Cleveland, Ohio, and Mr. and Mrs. Ray Kalmbach of Milford were the Easter Sunday dinner guests of Mr. and Mrs. Donald Melow and sons of Spring street.

Mr. and Mrs. Julius Saner were hosts at a delightful family dinner on Easter Sunday in their home on Powell road in celebration of their thirty-fifth wedding anniversary. Present were Mr. and Mrs. Fred Balko Jr. and family and Mr. and Mrs. Fred Casterline and son, Ray, of Northville; Mr. and Mrs. Roy Schultz and family, Mr. and Mrs. Avery Penny and son, Terry, Al Huegel, Mrs. Sophie Huegel, Miss Shirley Saner and Charles Brokas, all of Plymouth.

Mr. and Mrs. Eber Readman and daughter, Mary Jane, of Blunk street are enjoying a spring vacation in Washington, D.C.

Mr. and Mrs. Warner Brown and family of Bay City spent last weekend with Mr. Brown's parents, Mr. and Mrs. W. O. Brown on Sheridan avenue.

Mr. and Mrs. George Bauer and family are among the several Plymouth families sightseeing this week in Washington, D.C.

Easter Sunday dinner guests of Mr. and Mrs. Jack Olaver in their home on Holbrook avenue were Jack's parents, Dr. and Mrs. John Olaver of West Maple avenue.

Mr. and Mrs. Charles Themm were hosts at a family dinner on Easter Sunday in their home on Kellogg street. Present were Mr. and Mrs. Donald Themm Sr. of Romeo; Mr. and Mrs. Donald Themm, Jr. of Almont; Mr. and Mrs. Rudolph Knaut of Wayne; Mr. and Mrs. Norman Mahrley and family of Livonia; and Mr. and Mrs. Walter Packer and daughter, Pamela, of Plymouth.

Mr. and Mrs. Harold Behler of Irvin street entertained at dinner Sunday for Mr. and Mrs. Robert Hitt and family of Livonia, Mr. and Mrs. Richard Behler and Mrs. Enry Fisher, of Plymouth.

FIRST PLACE in the wood products division of Junior Achievement competition went to Wudco Specialties, makers of wood stools. Barnes-Gibson-Raymond sponsors the firm. Jane Smith, president of Wudco, shows her company's product to Mark Purple, general manager of Barnes-Gibson-Raymond. The others, from left, are advisors Fred Beattie, Robert Schommer and Bruce Adams.

Junior Achievement Firm Wins Awards

Wudco Specialties, a Junior Achievement company sponsored by Barnes-Gibson-Raymond, was one of 20 J. A. firms in the Southeastern Michigan area named as winners of local industry awards. This is the most coveted honor given by the J. A. region to concerns operated by teen-aged boys and girls.

The local firm won the award over all other J. A. firms that make wood products. The 20 division winners will compete in New York with entries from 63 other J.A. areas in the nation. Announcement of the winners in the nationwide contest will be made in mid-May.

Entries in the competition came from the 236 manufacturing and service companies which were established in Southeastern Michigan last October by 4,500 boys and girls. Each of the firms was capitalized by the sale of stock at 50 cents a share and the Achievers developed their products, manufactured and sold them and ran their companies with the assistance of advisors from senior business and industry.

Wudco Specialties, maker of wooden stools, is advised by Rich Wyatt, Bob Schommer, Fred Beattie and Bruce Adams.

Magician Roy Rew to Perform on TV

MAGICIAN ROY REW and his pretty assistant "Miss Plymouth" (Pat Johnson) will perform this levitation act Saturday evening on WWJ-TV program "Stars of Tomorrow."

Plymouthites who have never seen local Magician Roy Rew perform will have the opportunity to do so this Saturday evening without leaving their homes. Thanks to a new 10-week contract recently signed with the Michigan Milk Producers association, Rew will fill the "guest star" role on the "Stars of Tomorrow" television show over channel 4 at 7 p.m. Saturday. His assistant will be Pat Johnson, "Miss Plymouth."

Rew stated that under the terms of the contract his act will be available to any group or organization without charge under the sponsorship of the Michigan Milk Producers. This announcement will be made on the television program by Master of Ceremonies Jim DeLand, he added. Numerous bookings in schools have already been set but there are still open dates for any organization wishing to take advantage of this offer, Rew said.

Starting Main Street

Continued from Page 1
will lend their cooperation to the project. Detour routes will need to be established at certain times, he added.

An advertisement is being published this week to seek bidders for \$72,000 worth of motor vehicle highway bonds. These bonds will pay for the city-at-large cost of the construction job. The remainder will be paid by private property owners along the street. Special assessment bonds will be issued to cover their share of the cost.

City commissioners approved the Main street project last October. It was originally a \$162,000 plan with a 44-foot wide pavement and eight-foot sidewalks. Vigorous objections came from affected property owners - at public hearings about their proposed assessment and the necessity of a wider street. Plans were re-drawn, narrowing the pavement to 40 feet from the high school to Mill street, and narrowing the sidewalks. This plan also left more trees standing.

New Books at Dunning Library

Books covering a wide range of subject matter arrived in the latest shipment of new publications to the Dunning library. Among them readers will find "Yield to The Night, Joan Henry's novel about the price of murder, "The Treasury of Science Fiction Classics," "Jungle Quest," a journey among primitive tribes of the Amazon by Edward Weyer, Jr.; and Paul Winchell's "Ventriloquism for Fun and Profit."

The new group also contained "Speaker's Handbook of Epigrams and Witticisms" by Herbert V. Prochnow, Dr. Leon F. Whitney's "First Aid for Pets," "Parliamentary Law for the Layman," by Joseph F. O'Brien, covering procedure and strategy for meetings and "Utah," one of the American Guide Series books.

Local Patrol Boy Slated to Journey to Nation's Capital

Arthur Lenaghan, 13-year old safety patrol boy, from Our Lady of Good Counsel School, has been nominated to go to Washington, D.C., May 5-8. Arthur, an eighth grade student and captain of his school's patrol boys is the son of Mr. and Mrs. William Lenaghan, 9826 Rocker.

The Plymouth boy will receive a four-day, all expense paid trip to the nation's Capital as a guest of the Michigan Auto Club.

Our Lady of Good Counsel school was selected to send a representative to the 19th AAA National Safety Patrol rally because of the overall effectiveness of its safety program. The Plymouth youth will join 120 Michigan patrolers in Detroit, May 5, and from there will board the train to the Capitol.

Once in Washington, Arthur will meet government officials, go sightseeing and march down Constitution Avenue with 30,000 patrolers from all over the United States and Canada. After the parade, the largest held annually in Washington, he will return to Plymouth by train, May 8.

WASHINGTON, D.C., is pointed out on the map to 13-year-old Arthur Lenaghan by L. B. Rice, manager of the Plymouth division of the Automobile club of Michigan. Arthur, safety patrol captain at Our Lady of Good Counsel school, will journey to the nation's Capitol May 5-8 as a representative of the nation's safety patrolers. The all-expense, four-day trip will be sponsored by the Auto club.

PROCLAMATION

The First Annual Bike Safety Campaign, sponsored by the Optimist Club of Plymouth opens officially on April 18, and continues through April 23, 1955.

The purpose of this campaign is to acquaint bicycle riders with the rules of the road, and to emphasize the importance of being alert at all times, and using common sense in respecting the rights of others on the road.

May I urge all our citizens to cooperate with the Optimist Club of our city. Let us make OPTIMIST BIKE SAFETY CAMPAIGN WEEK a success, and thereby teach everyone the lessons of safety found in such a worthy project.

Russell M. Daane, Mayor
City of Plymouth, Mich.

NEWS FROM OUR NEARBY NEIGHBORS

Cherry Hill

Mrs. James Burrell, 50160 Cherry Hill Rd.
Mrs. Walter Wilkie and Miss Henrietta Schultz and father of Dearborn motored to Caro Thursday to see Mr. Schultz's sister.

Mr. and Mrs. George Dunstan had friends call from Flint Saturday afternoon.

Mrs. Jennie Hauk is spending the week with Mr. and Mrs. Joseph West of Plymouth.

Mrs. Mary Galloway spent Easter with relatives in Detroit.

Easter guests of Mr. and Mrs. George Dunstan were Mr. and Mrs. Art Bunting and son.

Mr. and Mrs. Earl Buchner entertained Mr. and Mrs. Russell Trowbridge and Mr. and Mrs. Grandson and son for Easter.

Mr. and Mrs. Leslie Freedle spent Easter with Mr. and Mrs. Vern Freedle of Pontiac.

Mr. and Mrs. Walter Wilkie spent Easter with her sister's family in Dearborn.

Easter guests of Mr. and Mrs. John Bordine of Detroit were Mr. and Mrs. Allen Bordine.

Mrs. Grace Conwin and Peggy, together with Mr. and Mrs. James Burrell, spent Easter with Mr. and Mrs. Walter Ash of Plymouth.

Rosedale Gardens

Mrs. Joseph R. Talbot, Jr. GARfield 1-5847

I hope everyone had a very happy Easter. As far as I'm concerned, if I never see any more jelly beans it will be too soon. Oh, well next year I'll be nibbling them again.

Mr. and Mrs. Jack Maloney of 9840 Ingram certainly entertained a multitude of relatives on Easter Sunday. Mrs. Maloney's parents, Mr. and Mrs. William Keller of Milwaukee, Wisconsin drove down to spend the weekend. Joining them for dinner on Sunday were Mr. and Mrs. William Keller, Jr. and their children, Beverly, Bill and Bobby, Mr. and Mrs. Raymond Dunn, Mrs. Mae O'Donnell, Mr. and Mrs. John Coyle and their children, Mary and Johnnie; Mr. and Mrs. Joseph Maloney and Barbara, and last but not least the three Maloney children, Jackie, Pat and Mary Jo.

Poor little Davey Esper had the chicken pox. Davey is the son of Mr. and Mrs. Don Esper of 9611 Fairfield.

Teen-agers attention! Don't forget the dance in St. Michael's hall on Friday, April 15, from 8 to 11 p.m. This dance is for teen-agers only but will be properly chaperoned and will end at 11 p.m. promptly.

Robin Seymour of "Bobbin with Robin" fame will spin the records. A small admission will be charged. Dress will be casual or informal.

Tickets may be obtained at the door.

Next Sunday, April 17, the Mens' club of St. Michael's church will sponsor a Father and Daughter breakfast in the school hall after the nine o'clock Mass. This is a new venture for the club and the attendance next Sunday will determine whether it becomes a yearly affair or not. All Fathers and Daughters are invited to attend so girls get after your fathers, and dads don't disappoint your daughters. There will be no definite admission charge. Contributions will be voluntary.

This event should provide entertainment for all who attend besides very good food since the ladies of the Altar society will again take care of this very important part of the program.

The Rosedale Gardens Co-operative Nursery is now starting its fourth year and is planning a training course for mothers who are interested in joining the nursery group.

The nursery is held four mornings a week from 9 to 11:30 a.m. for children from two and one half years to school age. It is held at Rosedale Gardens Presbyterian church.

Recent activities of the nursery included a train trip to Detroit seeing the Shrine Circus, and this week the group will visit a fire station in Redford.

Mrs. Harold Nutquist is president of the nursery.

As a result of a recent scholarship test offered by Ladywood high school, Miss Margaret Biddinger of St. Michael's school, daughter of Mr. and Mrs. James Biddinger of 10004 Ingram received a two-year tuition scholarship. We are sure Mr. and Mrs. Biddinger are extremely proud of Margaret because it certainly is an honor to place so high when there are eighth-grade students from 18 schools in Metropolitan Detroit that took the test. We also are honored to have

another girl from Rosedale, Miss Eileen Livorno of 9928 Hubbard, daughter of Mr. and Mrs. Jerome Livorno, who received a one-year scholarship.

Congratulations girls and we hope our children do half as well when the time comes for them to take similar tests.

William E. French, 11405 Berwick, has been promoted to private first class, it was announced last week by the 70th Quartermaster company.

French, who graduated from Bentley high school in 1945, is a petroleum specialist in this Detroit Reserve unit. While currently attending the University of Michigan, he reports for training two evenings a month to the 400th Ordnance battalion, but will again be training with his Quartermaster unit in June and attend 15 days summer field training at Camp McCoy, Wisconsin from June 26 to July 10 in order to qualify for further promotion.

When Livonia Civic Theater presents Edward Percy and Reginald Denham's popular drama, "Ladies in Retirement" on April 16, at Bentley high school, it will bring to Livonians its second major production in just a little over one year.

March 1954, saw Livonia Civic Theater ushered in as a reality with its premier production, the old-fashioned melodrama, "East Lynne."

The important role of director is being filled by Mrs. Milton Secor. Pat is a graduate of Northwestern University school of drama in Evanston, Illinois and has her masters degree from the University of Michigan.

Tickets are now available for "Ladies in Retirement". They may be obtained from any member of the Livonia Civic Theater or may be purchased at the door on the night of the performance at Bentley high school, April 16. Curtain time is 8:30 p.m.

Green Meadows

Miss Barbara Johnson Phone 1042-M

Mr. and Mrs. Gilbert Wasalaski and children, Terry, Linda and Larry of Brookline street, visited Mr. Wasalaski's parents, Mr. and Mrs. John Wasalaski of Averill, Michigan last week-end. Sunday afternoon Linda was a flower girl at the wedding of her cousin, Marcia Osborne, to Ray Conklin in Midland, Michigan. They returned home Sunday evening, April 2.

Mr. and Mrs. Don Granger of Sheldon road had Easter Sunday dinner with their daughter and family, Mr. and Mrs. T. P. Lacy, also of Plymouth.

Friday night visitors at the home of Mr. and Mrs. Gary Tubergen of Oakview street were Mr. and Mrs. Frank Zoeller of Berkeley, Easter Sunday Mr. and Mrs. Tubergen were dinner guests of Mr. and Mrs. C. Cannaday of Oakview street.

Mrs. Howard Zander of Oakview street was hostess at a Stanley party, Friday night at her home. Those who attended were Mrs. John Bodnar, Sr. and Mrs. John Bodnar, Jr. of South Lyons; Mrs. Elmer Kerchoff of Detroit; Mrs. Stanley Clinansmith and Mrs. Alfred Houghton of Plymouth; Mrs. Ken Clinansmith and Miss Peg Clinansmith of Northville; Mrs. Fred Bodnar and Mrs. Louise Roberts of Farmington. The demonstrator was Mrs. Florence Silsinger of Saline. After the party Mrs. Zander served a lovely lunch.

Miss Donna Renwick, daughter of Mr. and Mrs. Dale Renwick of Ann Arbor road, is home for a week's visit from Michigan State Normal college for spring vacation.

Mr. and Mrs. Harry Ritchie of Elmhurst had as Easter Sunday dinner guests her parents, Mr. and Mrs. Hugo Nagel, her sister, Mr. and Mrs. Arthur Lea, and Ruth and Richard Nagel, all of Plymouth.

Ronald Roberts of Oakview street and JoAnne Pangburn of North Harvey spent the weekend with her parents, Mr. and Mrs. Henry Pangburn of Bad Axe, Michigan.

Miss Sandra Barlowe of Detroit is spending Easter vacation with her aunt, Mrs. Jesse Roberts of Corrine street.

Mr. and Mrs. Thomas Roberts of Elmhurst street had as Easter Sunday dinner guests, Mr. and Mrs. James Roberts and family, Mr. and Mrs. Charles Roberts and family, Mr. and Mrs. Herbert Allen, Mr. and Mrs. Dewey Stamper, Mrs. Loren Beaver and son, Mrs. Jesse Roberts and Mr. and Mrs. Robert Emerson.

Sunday dinner guests at the home of Mr. and Mrs. Charles Austin of Brookline were Mr. and Mrs. James Downing and son, Jimmy, of Northville.

Mr. and Mrs. Eugene Spencer and daughters of Marlowe were week-end guests at the home of Mr. and Mrs. Jack Spencer and family of Lake Odessa, Michigan.

Mr. and Mrs. James Thompson of Ball street were guests of Mrs. William King of Owendale, Michigan, for the Easter weekend.

Mr. and Mrs. Ira Cude of Northern street visited Sunday with Mr. and Mrs. Leonard Forrester of Irvin.

Milton Haberer of Marlowe street has returned home from St. Joseph's hospital in Ann Arbor, April 7, after an operation and is getting along fine.

Dervin Flowers, son of Mr. and Mrs. Leo Flowers of Ball street, has returned home from the University of Wisconsin. He will receive his doctor's degree in chemistry in June.

Visiting Mr. and Mrs. William Cartwright of Northern street last weekend, were Mr. and Mrs. Myles Isbell and baby, Robbie, from Pontiac, Michigan.

Newburg News

Mrs. Emil LaPointe, Phone 55-J

Easter day guests in the home of Mr. and Mrs. Henry Mende of Newburg road were Gordon Briggs and Mrs. Madeline David of Detroit, Mr. and Mrs. Leo Clausen of Ecorse and Dillys Watson of Dearborn.

The Community club of the Patchen school on Newburg road will meet for their regular monthly meeting at the school on Thursday, April 21. Every member is urged to attend this very important meeting as there will be an election of officers.

Mr. and Mrs. Emil LaPointe and their children Bruce, David, Mark and Nan of Joy road were Easter day dinner guests in the home of Mrs. LaPointe's parents, Mr. and Mrs. E. C. Weiss, Sr., of Graham road, Detroit.

On Monday evening, April 4, a court of honor for Boy Scout troop 270 was held at the Rosedale Gardens Presbyterian church with a full contingent of Scouts and a goodly number of parents present for the program. After a few words of greeting from Bob Angevine, committee chairman, Senior Patrol Leader Steve McCain lead the group in the pledge to the flag followed by the reciting of the Scout oath by the Scouts. A candlelighting service, pointing out the 12 points of the Scout law, with 12 scouts participating, was next on the agenda. New Scouts were inducted into the troop with the ceremony of the circle of square knots. A troop demonstration on signaling with Steve McCain, Don Pope, Jim Culbertson and Ronnie Caldon participating, showed to the parents assembled how well the Scouts were learning the Morse code and their ability to send messages with signal flags. Two boys sent the message and two boys returned an answer. It was all very interesting and informative. Scouts were awarded by the various committeemen and leaders of the troop. Bill Ellis and Bruce LaPointe were presented with a pin symbolic of having served one year in the troop. Tom Lau was presented with a similar pin denoting two years of service, and Steve McCain was given his senior patrol leader arm patch. Receiving tenderfoot awards from Committeeman Paul Campbell were Robert Richie, David Junk and Ed Davis. Second-class awards were given to Gregory Hall and Bill Ellis with Chester Haines being the donor. Tom Lau was the only Scout receiving his first-class award. Several merit badges were awarded by Mr. Jim Dingman. Scouts receiving these merits were: Tom Lau, Gary Palonen, John Champ, Jim Haines, Paul Overmyer, Jim Culbertson and Don Pope. Scouts receiving the Star Scout award were Don Pope and Jim Culbertson. Committeeman Culbertson gave out these honors. Guest for the evening was field commissioner from District 7, Sid Strong. He addressed the group briefly and called to the attention of the assembled parents that he had been active in Scouting for 40 years. Ross Kogel, assistant Scoutmaster, told about some events of the future. These include Camporee for District 7 on the week-end of June 3-4-5, and the canoe trip down the AuSable river on June 18 and 19. Tentative plans also provided for a possible outing at the Camp Howell reservation on the week-end of April 15-16-17. A candlelighting service concerning the four freedoms brought this very impressive evening to a close. Refreshments were served to add fellowship to an already perfect evening.

Mr. and Mrs. George Simon and daughters, Patricia and Peggy, of Joy road had Easter Sunday dinner in the home of Mrs. Simon's mother, Mrs. Elizabeth Shotnik of Mt. Clemens, Michigan.

Mr. and Mrs. Emil LaPointe and two of their children, Bruce and David, attended the 1955 Ice Festival at the Olympia on Saturday, April 9.

It won't be long now! Saturday, April 23, I mean. That's the date for the Smorgasbord dinner at the Newburg Methodist church on Ann Arbor trail and Newburg road. This will be a very sumptuous meal as well as a delightful evening of fellowship with the friendly people of this church. Serving will begin at 5 and last through until 7. All proceeds from this event will go into the church fund for the purpose of building in the very near future. A combination of ham, beef and turkey will be the main part of the meal with many, many other dishes of delightful cuisine. Come out and enjoy yourselves and help a worthy cause.

This is it, teen-agers—the "Platter Hop" dance to be held at St. Michael's hall in Rosedale Gardens on Friday, April 15. Robin Seymour of "Bobbin with Robin" fame will be on hand to spin the records and the dance will be over promptly at 11 p.m. The event is sponsored by the Altar society of the church and will be well chaperoned. Dress will be informal. Come out and dance and have a good time.

Sunday, April 17, is the date for the Fourth Quarterly conference at the Newburg Methodist church. A pot-luck dinner will be held immediately following the morning worship service and then at 2 p.m., Dr. Finch, superintendent of the Ann Arbor district, will be on hand to hear the annual reports from the various organizations of the church. All officers and members of the church are urged to attend this very important function.

Miss Dillys Richards, daughter of the Reverend and Mrs. R. Richards of Newburg road, is in New Grace hospital in Detroit. Best wishes for a quick recovery are conveyed to her from all her friends and members of the Newburg Methodist church.

Tuesday, May 10, is the date set for the Mother and Daughter banquet at the Newburg Methodist church. Program plans are still in the formative stages but further information concerning this event will be had by watching this column.

Visitors in the home of Mr. and Mrs. Clifford Hocking of Narise drive on Saturday, April 2, were John Aniol and his fiancée, Miss Eleanor Stephan.

After cocktails in the home of Mr. and Mrs. Harold Mackinder of Ann Arbor trail on Saturday, April 2, Mr. and Mrs. Ted Zuicky of Dearborn, Mr. and Mrs. John Toorian and Mr. and Mrs. John Chariny, both of Detroit, took in the showing of "Guys and Dolls" at the Shubert-Lafayette theatre in Detroit.

On Saturday, April 2, Mr. and Mrs. John Porte and their two sons, Roger and Richard, were dinner guests in the home of Mr. and Mrs. L. Durbin of Joy road.

The Women's Society of Christian Service of the Newburg Methodist church met for their regular monthly meeting at the home of Mrs. George Hembree of Newburg road on Tuesday, April 5. The meeting began at 12:30 in the afternoon with the usual pot-luck luncheon. Enjoying this fellowship were approximately 20 members. Mrs. Glenn Frye, guest speaker for the afternoon, spoke to the group about mission work in India.

The April meeting of the Sacred Heart circle of St. Michael's Catholic church will be held on Wednesday, April 20, at the home of Mrs. Wilford LaBelle on Joy road. All members of this organization are urged to attend. This meeting will begin at 8 p.m.

The Canasta clan of Joy road met at the home of Mrs. George Simon of Joy road on Tuesday, April 5, with nine members and one guest present. The members were Mrs. E. J. Howden, Mrs. L. Durbin, Mrs. Emil LaPointe, Mrs. William Kenner, Mrs. Clifford Hocking, Mrs. Stuart Flaherty, Mrs. Harold Mackinder and Mrs. Enid Stammitz. The guest was Mrs. Arthur DeCoster who was sitting in for Mrs. Claude Desmond, who was not able to be with the group. Delightful refreshments were served by the hostess at the close of the card session.

The April meeting of Cub Scout Pack 270 of the Rosedale Gardens Presbyterian church will be held on Friday, April 15, at the church beginning at 7 p.m. All parents of Cubs represented by this pack are urged to attend this meeting.

Mr. and Mrs. George Simon and daughters, Patricia and Peggy, of Joy road had Easter Sunday dinner in the home of Mrs. Simon's mother, Mrs. Elizabeth Shotnik of Mt. Clemens, Michigan.

Mr. and Mrs. Emil LaPointe and two of their children, Bruce and David, attended the 1955 Ice Festival at the Olympia on Saturday, April 9.

It won't be long now! Saturday, April 23, I mean. That's the date for the Smorgasbord dinner at the Newburg Methodist church on Ann Arbor trail and Newburg road. This will be a very sumptuous meal as well as a delightful evening of fellowship with the friendly people of this church. Serving will begin at 5 and last through until 7. All proceeds from this event will go into the church fund for the purpose of building in the very near future. A combination of ham, beef and turkey will be the main part of the meal with many, many other dishes of delightful cuisine. Come out and enjoy yourselves and help a worthy cause.

This is it, teen-agers—the "Platter Hop" dance to be held at St. Michael's hall in Rosedale Gardens on Friday, April 15. Robin Seymour of "Bobbin with Robin" fame will be on hand to spin the records and the dance will be over promptly at 11 p.m. The event is sponsored by the Altar society of the church and will be well chaperoned. Dress will be informal. Come out and dance and have a good time.

Sunday, April 17, is the date for the Fourth Quarterly conference at the Newburg Methodist church. A pot-luck dinner will be held immediately following the morning worship service and then at 2 p.m., Dr. Finch, superintendent of the Ann Arbor district, will be on hand to hear the annual reports from the various organizations of the church. All officers and members of the church are urged to attend this very important function.

Miss Dillys Richards, daughter of the Reverend and Mrs. R. Richards of Newburg road, is in New Grace hospital in Detroit. Best wishes for a quick recovery are conveyed to her from all her friends and members of the Newburg Methodist church.

Tuesday, May 10, is the date set for the Mother and Daughter banquet at the Newburg Methodist church. Program plans are still in the formative stages but further information concerning this event will be had by watching this column.

Health Guild Meets April 21 For Last Time

On April 21 at 12:30 p.m. the Livonia Health Guild will hold its last meeting of the spring season in the Newburg Methodist Church hall.

Morton Hilbert of the Sanitation division of Wayne county will introduce the speaker, Dr. William Decker.

Dr. Decker has been Public Health Veterinarian, Michigan Department of Health, since 1950 and will speak on "Meat Inspection" and "Your Animals and Your Health." The work of the Public Health Veterinarian is directed to the control of those diseases of animals which are transmissible to man.

Dr. Decker received his D.V.M. degree at Michigan State College and was Public Health Veterinarian, Kalamazoo City - County Health Department from 1947 to 1950.

At this meeting the new President and vice-president, Mrs. Walter Gregory and Mrs. Anthony Kreger, respectively, will be installed in office.

Cherry Hill Man Succumbs at 81

George Gill of 2495 Ridge road passed away Thursday morning, April 7, at his home after an illness of two years.

He was born March 30, 1874 in Howell, and had lived on his Ridge road farm since he was 9 years of age.

He married Grace Sayre of Sheldon November 29, 1899.

Surviving are his wife and two sons, Gordon of the above address, and Charles of Elsie; two grandsons, two grand daughters and two great-grand children.

Two sisters, Mrs. Wyman Bartlett of Plymouth and Mrs. Grace Bennett of LaJolla, California also survive. Four brothers and two sisters preceded him in death.

Funeral services were held Saturday afternoon at two o'clock at the Cherry Hill Methodist church with the Reverend George Nevins officiating. Interment was made in Cherryhill cemetery.

SAMPLING OF ITEMS to be viewed by the public this weekend at the two-day Creative Arts Exhibit at Bentley high school, Livonia, are shown above with General Chairman Mrs. A. T. M. Petersen, right, and Mrs. Chester L. Tuck, president of the sponsoring organization, Rosedale Gardens branch of the Women's National Farm and Garden association. Hours are from 2 to 8 p.m. tomorrow and on Saturday from 10 a.m. to 8 p.m. Featured will be work done by area residents ranging from painting, photography and woodcarving to cake-decorating. The event has been planned to encourage creative art in the area.

Arts, Crafts of Area Residents Glimpsed by Public This Weekend

Residents of Livonia and surrounding areas will have an opportunity to display the products of their talents this weekend at the two-day Exhibit of Creative Arts to be held Friday and Saturday, April 15 and 16, at the Bentley high school, 15100 Hubbard road, Livonia.

Of all the arts, general chairman Mrs. A. T. M. Petersen announced that paintings would predominate at the exhibit, 82 artists having entered one or more pictures.

In addition to the paintings there will be a display of hand-painted china, ceramics, woven rugs, quilt tops, leather work, knitting and crocheting and many other crafts.

Hours for the event are from 2 to 8 p.m. Friday and from 10 a.m. to 8 p.m. on Saturday.

Concluding the Friday evening hours the Livonia Civic Chorus will present an informal concert in the high school gymnasium. The concert will last about an hour and will be under the direction of Don Carl Robinson, teacher from the Ann Arbor school system. The group will be accompanied by Mrs. Jane Decker, of Ann Arbor, pianist for the Choral Union.

The exhibit is sponsored by the Civic Improvement committee of the Rosedale Gardens branch of the Women's National Farm and Garden association in co-operation with the Department of Parks and Recreation, City of Livonia.

There will be no charge for the event, which is open to the public.

Discover this new Dodge for yourself!

Take command... get the thrill first hand!

See what's happened!
Discover a "New Outlook" through the sweep-around windshield. Sweep back and wrapped around, it encircles you in a glass cockpit.

Feel what's happened!
Command the full range of PowerFlite automatic driving from the control panel. Discover more "go" in this aircraft-type V-8 engine.

Enjoy what's happened!
Admiring looks tell you that this fair-fashioned new Dodge rules the road in style. It's stealing the "Oh's" from the costliest cars.

Size up what's happened!
The new Dodge is up to 9 inches longer than competition! Yet it costs just a little more than the "low priced threat".

It's the biggest rush since the Klondike!
Come in and discover for yourself what's happened to make this new Dodge the most talked-about car of the year.
There's a new driving experience waiting for you when you "Take Command... Get the Thrill First Hand!"
No obligation! Come on in!

DRIVE THE NEW DODGE TODAY!

Grange Cleanings

We had a very nice meeting last Thursday evening and a fine crowd for supper and the meeting. Everything moved along so smoothly that the meeting was closed about 10 o'clock which is much better than having it so late. The program was good, it was for Arbor Day. Mrs. Nash read a short history of how Arbor Day was first started. Mrs. Salow read Joyce Kilmer's poem "Trees." Mrs. Fischer read "What Do You Plant When You Plant a Tree?" and Mrs. Vealey read the story of the dogwood tree. Afterwards there was an interesting little quiz on safety.

Mr. and Mrs. Lloyd Fillmore are on vacation in Florida for a couple of weeks. We have wonderful weather here, why go to Florida?

Mr. and Mrs. Albert Groth and daughter, Molly, and Mrs. Molly Tracy were weekend guests of the former's son, Valbert, in Chicago.

Mr. and Mrs. John Hauk will visit relatives in Ohio next week, near Columbus.

There was a very small crowd at the Lily club on Monday night, everyone was afraid to come out in a gentle little spring rain. We were happily surprised when Mr. and Mrs. Ray Mettetal came in, they came 30 miles. They invited the Lily Club to come up to their place for the May meeting on May 9 for potluck supper at seven o'clock, so let us hope the members appreciate the invitation and turn out in a good number.

Our next Grange meeting on April 21 will have as the program a picture "America the Beautiful" which sounds as though it would be worth seeing.

Said the visitor to the office manager. "That new clerk of yours seems a hard worker." "Yes," sighed the manager. "That's why we're letting him go."

"What — for working hard?" "No — for seeming to."

Work on State Watershed Systems To Begin When Weather Permits
 Conservation department work on seven rivers and watershed systems of Michigan will get under way as soon as weather permits.
 In Clare and Gladwin counties, channel work, stream-bank fencing and upland planting will complete major watershed work on the Cedar River. The project was started last year.
 On the Upper North Branch of the Cedar in Gladwin county, 100,000 spruce trees will be planted. Tree planting and channel work is planned on the headwaters of the Manistee River in Crawford county. Upland plantings are scheduled on the Fox River in Schoolcraft county. Channel work is slated on the Huron River in Washtenaw county.
 Survey and study work is planned on two other streams. The White River in Newaygo county will be studied for possible watershed work and more experimental effort is planned on Pine Creek in Dickinson county.
 Pine Creek is a high-gradient stream, typical of the western upper peninsula. Twenty-one dif-

School Planning Group Hears Pupils Discuss Control of Student Drivers

The problem of how to bring reckless noon-hour drivers under control was tackled at the School Community Planning group last Wednesday night by adults and students. They failed to arrive at a solution.

It had been suggested at last month's meeting that student motorists be given identifying stickers for their cars. Three students were brought to last week's meeting to discuss the idea.

Nancy West declared that "It's a good idea but how are you going to make them register their cars and get tags? The only ones who will do it are the ones who want to cooperate and they're not the ones who drive recklessly."

Tahalia Bairas agreed that the idea would not go over. Those who didn't want to get the stickers would park elsewhere besides on the school grounds. Jim Dyer indicated that perhaps most of the student drivers would get stickers but many of the offending drivers are boys who have quit school or graduated.

High School Principal Carvel Bentley told the group that there is no means of prohibiting students from driving their cars if they are properly licensed. At the noon hour, when the traffic rush is the heaviest, many of the drivers have legitimate excuses for using their cars.

Result of the discussion was a decision to turn the problem over to the Student Council for further study.

In other business before the Planners, Superintendent Russell Isbister gave a report on proposed plans for elementary buildings. The architect, Byron Becker, has come up with four plans. The School Community Planning Group was asked to have a committee to work with the school board in expressing ideas of what should go into both the elementary and junior high buildings. The chairman, Earl West, will make the appointments. Superintendent Isbister said that bids should be taken on the elementary building by August 1 in order to have it completed by September 1956. Bids on the junior high should be taken by March 1, 1956, he added. It is hoped that the junior high can be completed by September 1957.

The curriculum committee

Many Employers Overpaying Tax

Many Michigan employers who are entitled to the Michigan Employment Security Commission's minimum payroll tax rate of one tenth of one percent are paying their first quarter's return at the former minimum rate of one per cent, or ten times what they owe, Gordon Packard, branch office manager, said today.

Last year the legislature revised the commission's tax structure and reduced the minimum rate from one per cent to one tenth of one per cent.

The first quarterly payments of this tax under the new law, which are due this month, are now being received, and show about one third of the early taxpayers are overpaying the commission.

Most of the trouble comes from firms with the most stable employment, whose new rate is at the minimum, Packard said. The commission is forced to return the check and ask for another, 90% smaller.

All types of concerns are included in this error, including several outstate financial firms. One of the latter, which owed the commission \$205 in payroll tax, paid \$2050, on a quarterly taxable payroll of \$205,000.

All employers who pay the commission's payroll tax are urged to inspect the commission's tax bill, Form UC-20, and check the tax rate typewritten in the upper right-hand corner, before sending in their contributions, Packard said.

made a report on the new courses it recommended. It had suggested several months ago that courses in French and business machine operation be added in the high school. Patrick Butler, chairman of the committee, said that the courses have been approved by the school board and that teachers will be selected.

His committee report also recommended that teachers stress fiction in their classrooms. The committee also recommended that the art department be improved. Although space cannot be added at this time, the report asked for an expanded budget to provide more working materials.

At the request of Superintendent Isbister, six persons were appointed to attend a Regional White House Conference on Education to be held in Detroit April 22. Representatives from state regional conferences will attend a state conference in Lansing on May 18 and a state representative will report findings on school problems and solutions to the White House in November.

Appointed were Paul T. Bollinger, Harold Fischer, James Gallimore, Mrs. Esther Hulsing, Patrick Butler and James Spenseller. Superintendent Isbister will also be a delegate.

THE GREAT ATLANTIC & PACIFIC TEA COMPANY

DISPLAYING A SAMPLE of her rug-making hobby is Mrs. W. F. Clark, seated above with her husband at their 41090 Ann Arbor road farm. Originally from Topeka, Kansas, the newcomers came to Detroit in June and moved to their present home in January. A retired engineer, Clark was formerly affiliated with Seymour Packing company in Topeka. The Clarks have a daughter and three sons: Mrs. Jessie Clark Copp, music director of Norden Park Methodist church, Detroit; George who attends high school in Detroit; Robert, an architect in Toledo; and David who is completing his doctorate in parasitology at the University of Illinois. The latter will teach this summer in Michigan State's biology department.

Miss Neva Lovewell, Mrs. Lila Humphries, Dennis Baker, Dennis Campbell, James Vos and Jim Hardiman spent Tuesday visiting the Jack Miner Bird Sanctuary in Kingston, Ontario and a stop at Mt. Pelee.

Dr. and Mrs. Merrell Draper of Ypsilanti and Dr. and Mrs. Elmore Carney and family were Easter day dinner guests of Mr. and Mrs. C. H. Goyer of Church street.

Port Huron guests visiting with Mr. and Mrs. Albert Dayton of Deer street, Sunday, were Mr. and Mrs. Joseph Schreiber, Mrs. Phyllis Hawkins and daughter, Susan, and Mrs. Betty Kreith.

Mr. and Mrs. Earl Myers of North Harvey street had as their guests last week their daughter and son-in-law, Mr. and Mrs. Franklyn Wiltse and children, Frank and Kathy of Roswell, New Mexico; and their daughter and son-in-law, Mr. and Mrs. Donald Hendrix of St. Joseph's, Michigan. On Thursday the birthdays of Mrs. Wiltse and her son, Frank were celebrated with a dinner for Mr. and Mrs. Andrew Nichols; Mr. and Mrs. Raymond Toll, Beauwynn and Robin; Mr. and Mrs. Albert Myers and Toni; Mr. and Mrs. Ralph Stiff, Cheri and Garry; Mr. and Mrs. James Davis, Caryl, Carroll and Craige; Mr. and Mrs. Kenneth Schaufele and Sue, and Bert Putnam. Five generations were present.

Mr. and Mrs. John Britcher of East Ann Arbor trail were pleasantly surprised when their son, Corporal John Britcher arrived home for Easter with his parents. John has spent the past 16 months with the 78th Transportation Company in Bussac, France. John returned to Ft. Sheridan Wednesday for his discharge.

Mrs. C. H. Goyer of Church street was a guest Tuesday at a luncheon honoring the birthday of her sister, Mrs. Paul Healey. Hostess for the party was another sister, Mrs. Sidney Bakewell of Detroit.

Mrs. John Fischer of Allentown, Pennsylvania, is visiting for a few weeks with her son and daughter-in-law, Mr. and Mrs. Gerald Fischer of Arthur street.

Mr. and Mrs. Robert Smith and family of Pacific avenue were hosts for their parents, Mr. and Mrs. Glenn Fraleigh of Gold Arbor road at dinner on Easter Sunday.

The Ladies Mission Society of St. Peter's Lutheran church will meet on Wednesday, April 20 at 2 p.m. in the home of Mrs. Ewald Miller, 7910 Hix road.

Mr. and Mrs. Lloyd Fillmore are vacationing for two weeks in Florida.

Commander and Mrs. Walter Felcyn and family of Charleston, South Carolina, are spending this week with Mr. and Mrs. Roman Arjay of Irvin street.

Mrs. Charles McConnell was most pleasantly surprised last Saturday evening when 10 of her friends arrived at her home on North Harvey street to help her celebrate her birthday.

Mr. and Mrs. Ralph Stiff of Arthur street were hosts at a family party on Saturday of last week.

Children's Nursery Sponsors Egg Hunt

An Easter Egg Hunt on giant scale was sponsored Sunday for members of the Children's Nursery, 620 Penniman avenue.

Some 450 packages of the candied eggs were hidden in the wooded area of Gyde and Ridge road to be discovered by the nursery school youngsters. Following the hunt, Mrs. B. Richards, nursery director, held a party at her home for the returning children.

The local school has announced plans for an open house in mid-May when animals recently acquired by the nursery will be on display. Featured will be a group of Bantam chicks, rabbits, turtles, goldfish, baby chicks, a goat and canary.

Society to Hear Paper By Mrs. Arthur Mills

Mrs. Arthur Mills will be the featured speaker at tonight's meeting of the Plymouth Historical society at 7:45 p.m. in the Veterans Community center.

By popular request Mrs. Mills has been asked to read again her paper on the "Underground Railroad or Fugitive Slave Routes in Michigan, 1840-1860." The paper was written with special emphasis on Plymouth and the surrounding area.

Host and hostess for the evening will be Mr. and Mrs. E. J. Cutler and Mr. and Mrs. Leonard Millross.

CONGRESSWOMAN Martha Griffiths was the speaker Saturday morning before a public gathering sponsored by the State and National Affairs committee of the Chamber of Commerce. She is pictured with Harry O. Mohrmann, left, last year's committee chairman, and George Bowles, the present chairman.

vary.

FIRST CHURCH OF CHRIST SCIENTIST

10:30 Sunday morning service.
10:30 Sunday school.
Classes for pupils up to 20
years of age.
How the law of divine Love re-
vealed by Christ Jesus offers
mankind redemption from sin
and limitation will be set forth at
Christian Science services Sun-
day in the Lesson-Sermon entitled
"Doctrine of Atonement."
Selections to be read from
"Science and Health with Key
to the Scriptures" by Mary
Baker Eddy will include the fol-
lowing (19:8): "Jesus aided in re-
conciling man to God by giving
man a truer sense of Love, the
divine Principle of Jesus' teach-
ings, and this truer sense of Love
redeems man from the law of
matter, sin, and death by the law
of Spirit,—the law of divine
Love."
The Golden Text is from Mark
(10:45): "The Son of man came
not to be ministered unto, but to
minister, and to give his life a
ransom for many."

WSCS to Host District Meeting On April 21

The Woman's Society of Christian Service of the First Methodist Church of Plymouth will be hostess for a meeting of the Ann Arbor district meeting on April 21.

The program will open at 9:45 a.m. with Mrs. Philip Gentile as speaker. Mrs. Gentile is official observer at the United Nations under the auspices of the Ford Foundation. She is also connected with the University of Michigan Extension bureau as a lecturer. Members of the local W.S.C.S. will serve luncheon beginning at 11:45 for the first table setting and 12:30 for the second. Ap-
proximately 400 guests are ex-
pected.

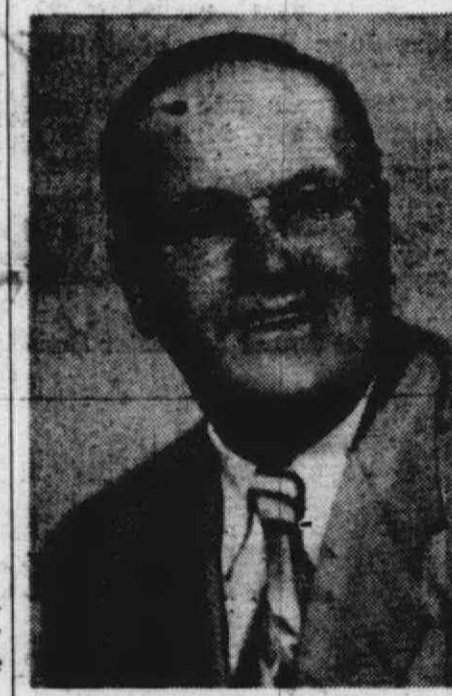

The afternoon session will have as principal speaker, Miss Bertha Starkey, missionary who spent many years in Japan and also did work in Korea. Her topic will be Jesus Christ—"The Way in Japan". She is a graduate of Boston university with a M.A. degree. Miss Starkey was given an Imperial decoration by the ministry of Education in Japan in recognition of her many services there. In addition she worked several years with the Japanese in California and Arizona.

Billy Graham Film, Associate Appearing At Baptist Church

Listening to a spiritual counselor for the Billy Graham Evangelistic association this Sunday morning and seeing the latest Billy Graham film Monday night are two outstanding events planned for members and guests of the Calvary Baptist church.

The Reverend P. J. Clifford, pastor, announced that Dr. Ralph W. Mitchell, who works as spiritual counselor for the association, will speak at 11 o'clock. Dr. Mitchell is a native of Scotland and is a graduate of Spurgeon college in London. He is an outstanding Bible teacher and evangelist.

The public is invited to hear Dr. Mitchell as well as see the Billy Graham film, "Souls in Conflict."

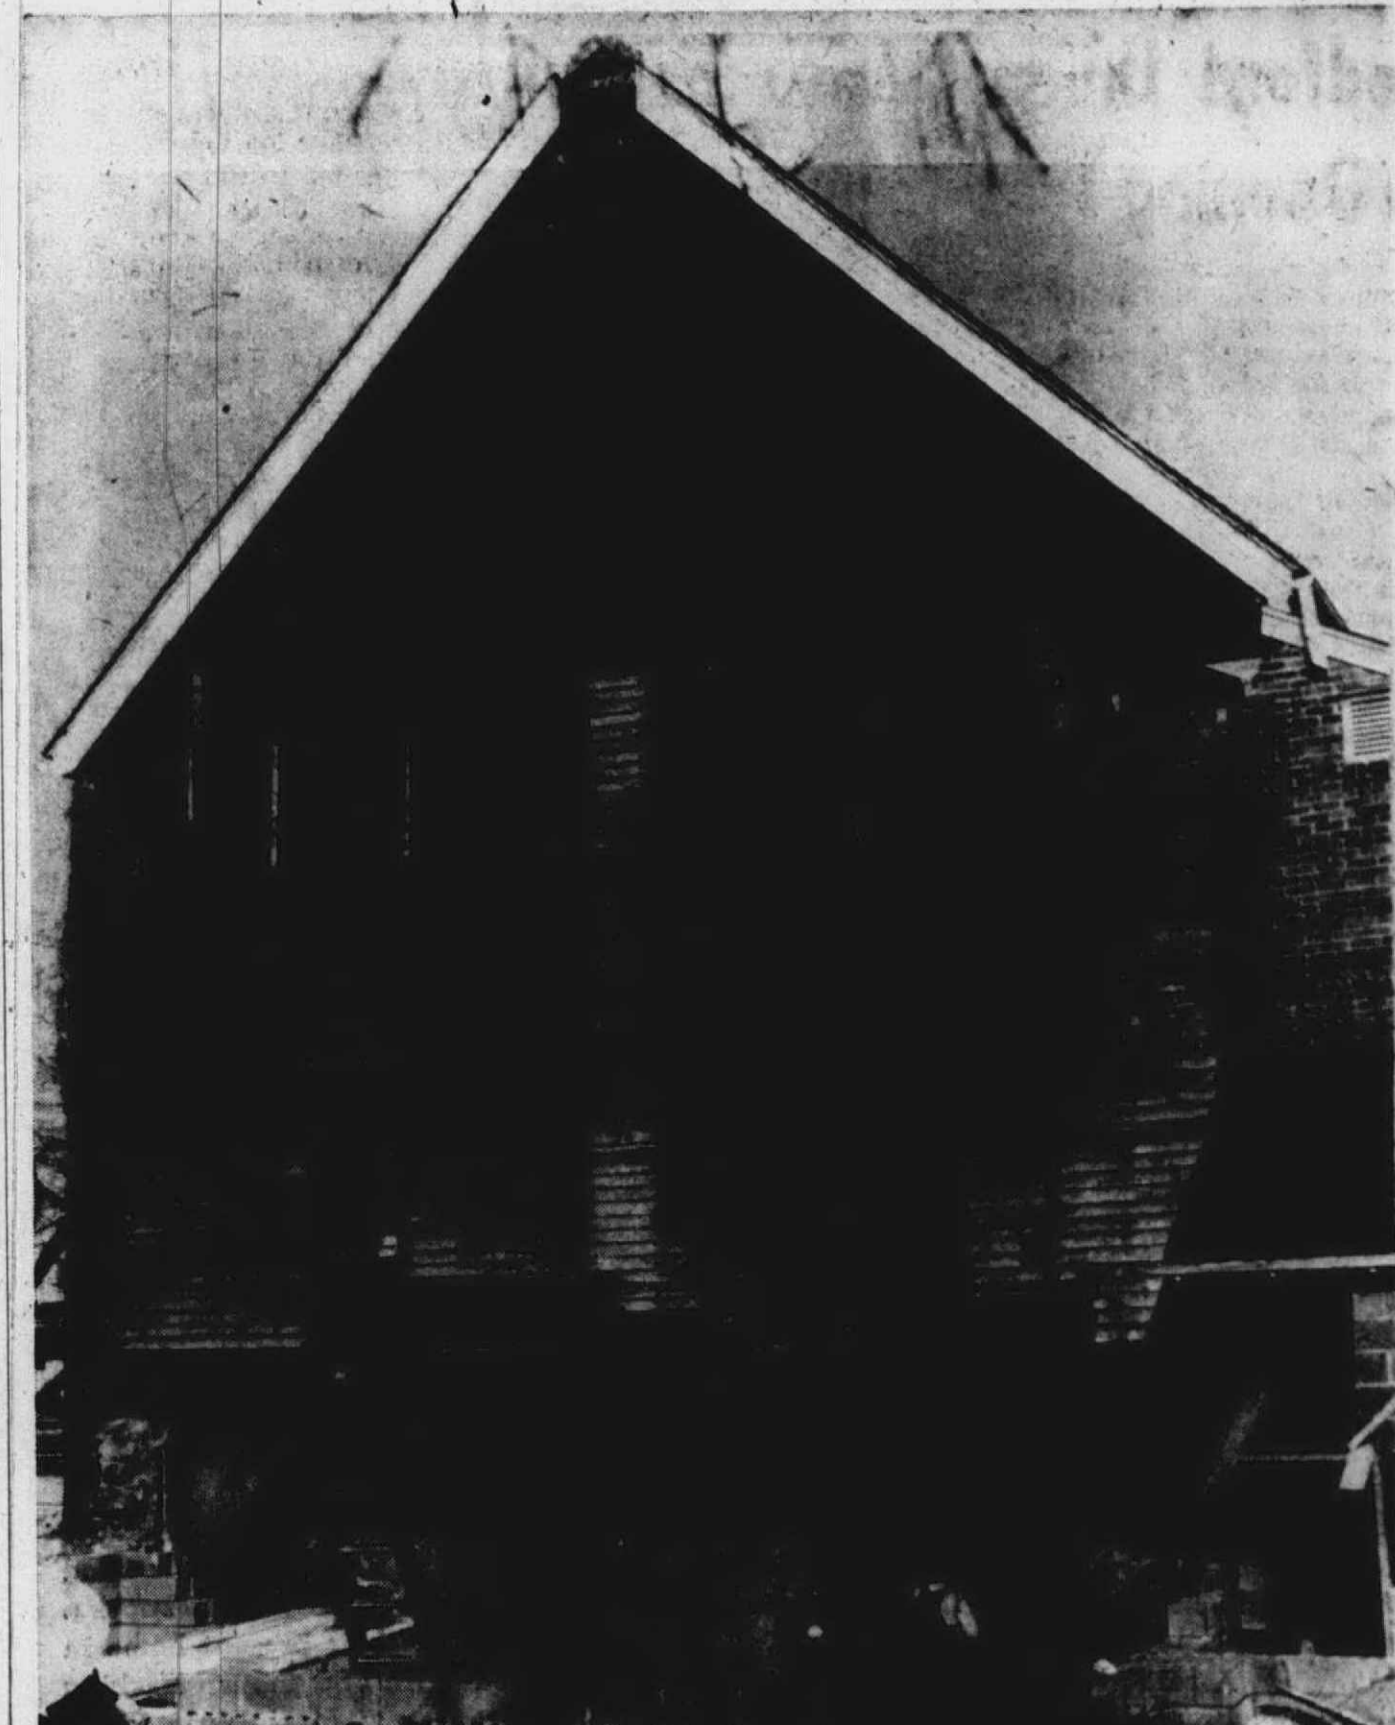

Dr. Ralph Mitchell

"Conflict," scheduled for Monday night at 7:30 o'clock. The picture is a trilogy, a full-length production in color which documents the life stories of an actress, a jet pilot and a factory worker, as they are influenced by Graham's spiritual messages delivered before audiences numbering as many as 120,000 persons in vast Wembley Stadium.

The film was produced for Billy Graham by Great Commission Films in Hollywood in association with Anglo-Scottish Pictures, London. Joan Winmill, star of the British TV spy thriller, "Epitaph for a Spy," and herself a convert to full-time Christianity, plays the actress. Eric Micklewood is the jet pilot and Charles Leno is the factory worker.

Many historians claim that the 1844 discovery of iron ore at Negaunee in northern Michigan was of far greater importance to the economic and industrial development of America than the California gold rush several years later.

More Bibles were published in the last ten years than in the preceding 40 years.

LOOK SOMETHING like a church? Well, it is. This is the rear wall of First Baptist church which has been removed to make way for an addition now being constructed. The \$30,000 project will enlarge the sanctuary and provide additional rooms. The interior of the auditorium will also be modernized.

Attendance Totals Close to 200 At Lenten Event

Nearly 200 women residents gathered at the Presbyterian church Thursday morning for the Sixth Annual "White Breakfast," Lenten observance sponsored by the Women's association of the local church.

Addressing the group as principal speaker for the event was Mrs. Homer Johnson of Detroit, an elder of the Woodward avenue Presbyterian church and past program chairman of the Detroit Presbytery. Mrs. Johnson reviewed the book, "Barabbas," by the Swedish author, Bar Lagerkvist, and told in dramatic style the story of the prisoner who was released in Christ's stead by Pontius Pilate.

Featured soloist for the morning's program was Mrs. Ray Hulce, accompanied by Fred Nelson. Her selection for the breakfast was "Christ Went up into the Hills Alone." The invocation at the event was delivered by Mrs. Thomas Keeffe followed by an introduction from Mrs. Roy Jacobus, general chairman of the White Breakfast Greetings were extended to the group by Mrs. Emerson Robinson. Devotions at the breakfast were given by Mrs. Cass Ker-shaw with closing benediction by Mrs. Henry Walch.

Preceding the 10 o'clock breakfast was a half-hour meditation period in the sanctuary when musical selections for the Lenten season were rendered by the guest soloist, Mrs. Hulce, and Organist Fred Nelson.

Committee members for the event were: Mrs. William Ackerman, breakfast; Mrs. William Clark, dining room; Mrs. Earl West and Mrs. Eugene Crosby, stage setting; Mrs. John Gaffield, table decorations; Mrs. Lee Coolman, programs; Mrs. Carvel Bentley, tickets and publicity.

Eighty-one percent of all types of industry are found in Michigan.

Measle Season Arrives in May

Many parents are seeing "rose colored spots" before their eyes these days, the Michigan Department of Health said today. The spots are one of the first signs of common measles, being reported at a rate of about 1,000 cases each week.

Based on past experience, the health department says the disease will probably reach a peak toward the end of May, and fall off sharply by the end of June.

Incidence of the disease follows the course of the school year, and can be expected to pick up again by mid-September, according to Dr. F. S. Leeder, director of the health department's division of disease control.

Through the week of March 25, Dr. Leeder said Michigan had recorded nearly 11,000 measles cases, against 11,789 for the same period last year.

"Measles is a serious disease in children under six and most dangerous to children under three and to the child who is suffering from some other disease or recuperating from a recent illness," Dr. Leeder said.

If parents know when their children are exposed, he added, their family physician may use immune globulin (gamma globulin) provided by the Michigan Department of Health to modify or prevent the disease if conditions warrant such action.

Local Witnesses To Join Meeting Of Congregations

About 65 members of the local congregation of Jehovah's witnesses anticipate attending a three-day convention in Ypsilanti April 15 through 17, C. Harold Coonce, presiding minister of the local group, announced.

Twenty-three congregations from southern Michigan and metropolitan Toledo will be represented as Michigan Circuit No. 5 holds its semi-annual assembly.

Attendance is expected to be well over 2000 Sunday at 3 p.m. when M.S. Allen, district minister from Brooklyn, New York addresses the assembly on the Bible theme: "Why a New World is Possible." Allen has been with the Watchtower society headquarters in Brooklyn for many years. Much of this time he has spent traveling and has proven a popular speaker. He is well qualified to discuss the subject.

The public is cordially invited to attend this meeting.

An honest error may be a boner but it usually is not as stupid as the snorting which greets it.

Redford Union Downs Rocks In Opening Track Meet, 67-42

Plymouth's track team is the defending league champ, but its initial showing of the year last Wednesday, April 6, indicated that the Rock thinculds will have to improve quite a bit before the league meet if they hope to repeat.

Redford Union's sprinters, hosting Coach Keith Baughman's charges, smothered the Rocks, 67-42, in the first dual meet in the league for both schools. Plymouth was able to take only five firsts in the thirteen-event program as they were thoroughly humbled by the high flying Panthers.

The only bright spots in the whole show, as far as Plymouth fans were concerned, were the individual performances of Russ Mecklenburg and Bob Danol. The pair of seniors accounted for four of the five firsts the Rocks gained as each was a double winner. Mecklenburg topped the field of sprinters in the 100 yd. dash, covering the century in 10.8 seconds. His second victory, gained by taking the broad jump, was more impressive. After losing a 20-foot plus jump because of a foul, Russ came through with a leap of 19' 10 1/4" to outclass the other jumpers. Adding a second in the 180 yd. dash to his set of firsts, Mecklenburg totaled 13 points to lead the Rocks.

Danol was equally impressive in taking his pair of blue ribbons. Strictly a quarter miler for the last two seasons, Bob took a crack at the mile this year and, competing in the event for the first time, ran off with top honors in a time of 5:03.7. For his other first, Danol cleared 9' 6" in the pole vault to bring his total for the meet to ten out of a possible ten.

The only other top spot the locals were able to garner went to the medley relay quartet of John Williams, George Pine, Mike Conrad, and Lee Juve. The four Rocks clipped off the distance in the time of 2:49.0.

Aside from the performances of Mecklenburg and Danol, plus the winning relay effort, Coach Baughman's lads didn't pack much of a punch. Jerry Swain in the 120 low hurdles, Earl Fulton in the 440, and Tom Ferguson in the high jump were the only other Plymouth thinculds to turn in second place performances. Third place efforts were turned in by Wayne Smith in the mile, Swain in the 65 yd. high hurdles, and Steve Jewell, who tied for the show spot in the pole vault.

Next Thursday, April 21, Bentley's powerful Bulldogs invade the Plymouth oval to test the Rocks. The Bulldogs finished behind Plymouth in the league meet last year and have a host of returning letterman who label them a strong threat for the title.

The complete results of the Allen Park meet:

- 1) 65 yd. high hurdles-1. Stauch (R), 2. Morrison (RU), 3. Swain (P); winning time: 9.9;
- 2) Medley relay-1. Plymouth (Williams, Pine, Conrad, Juve), time: 2:49.0; 3) 100 yd. dash -1. Mecklenburg (P), 2. Flynn (RU), 3. Scanlon (RU), time: 10.8; 4) Mile-1. Danol (P), 2. Clark (RU), 3. Smith (P), time: 5:03.7; 5) 440 yd. dash-1. Waters (RU), 2. Fulton (P), 3. Walasky (P, 57.9); 6) 120 yd. time: 14.5; 7) 180 yd. dash-1. Scanlon (RU), 2. Mecklenburg (P), 3. Lentz (RU), time: 2:10; 8) 880 yd. run-1. Steine (RU), 2. Stiles (RU), 3. Ferguson (P), time: 2:10.8; 9) 880 relay-1. Redford Union, time: 1:41.4; 10) Pole vault-1. Danol (P), 2. Strickland (RU), 3. (tie) Jewell (P) and Wordon (RU), height: 9' 6"; 11) Shot put-1. Lentz (RU), 2. Hardin (RU), 3. Hinchey (RU), distance: 45' 2"; 12) Broad jump-1. Mecklenburg (P), 2. Flynn (RU), 3. Stauch (RU), distance: 19' 10 1/4"; 13) High jump-1. Flynn (RU), 2. Ferguson (P), 3. 6-way (tie) three boys from Plymouth and three from R.U.

Anglers: Vary Approach, Seek Many Fishing Sites

Don't be a one-spot or a one-bait fisherman, advises Karl P. Lagler, chairman of the University of Michigan's Department of Fisheries. And try to look at fishing through the eyes of a fish, he adds.

"You'd never find a hunter sitting in one spot all day," says Professor Lagler, "and yet look at how many fishermen just sit and wait for the fish to come to them!"

He suggests that anyone who really wants to catch something go after it. First, start casting the shoreline with a floating-diving lure.

If the water is clear start the bait moving the second it hits the water, he urges, but if the water is cloudy let it stay still for five or ten seconds, then start retrieving, he adds.

"This gives the fish time to find what caused the splash if visibility isn't good," he explains. If you don't hook any near the shore cast into deeper water using a sinking bait which will plumb

the depths, advises Professor Lagler.

And if they're still eluding you, try the heavier cover like lily pad fields, weed patches or the moss beds and cast a slow sinking lure next to this cover, making a steady retrieve, he suggests.

"Excellent places to work are around sunken logs, fallen trees, brush piles and rocky shorelines," he maintains.

And by all means, he declares, approach quietly. Agreeing with a well-known angling expert, Homer Circle, Professor Lagler gives these tips: If you're in a boat don't come up to the spot you've selected plunking your oars vigorously, scrambling around with your tackle, splashing your anchor over the side, and finally standing up where you're clearly silhouetted against the sky.

"The big ones didn't get big through being thoughtless or stupid and they'll give you a wide berth after this sequence," he emphasizes. Be quiet, unobtrusive, and as much like a fish as possible, if you really want loaded lines.

"Don't chug your chugger so loud that you can hear it—it'll sound like a hippopotamus to a fish, and that's not a tempting meal," he concludes.

And for fishermen who want other tips on how to catch their fish, Professor Lagler suggests they come to the Fishing Clinic to be held April 23 in the University's Yost Field House.

For further information write Fishing Clinic, University of Michigan Extension Service, Ann Arbor.

Michigan State College, founded in 1855, was America's first agricultural college. Its research and extension work has helped improve Michigan agriculture.

Remember when a 3-minute call to San Francisco cost \$16.70?

Many folks can, for that was only forty years ago. Long Distance rates certainly have come down since 1915. Today you can call to San Francisco for \$1.90 plus tax. Most calls people make cost less than a dollar.

And remember, rates are lowest when you call after 6 o'clock every evening or any time Sunday. So don't wonder. Don't worry. Call today and be sure.

MICHIGAN BELL TELEPHONE COMPANY

State Plants Trout

Conservation department trout plantings have started in Michigan lakes and streams.

At least 250,000 legal-sized brook, brown and rainbow trout will be released before the general season opens on April 30.

Weather and road conditions limit pre-season plantings, but wherever possible, fish will be released from hatcheries throughout the state.

The stocking work will continue through the summer and fall until 2,200,000 legal, sub-legals and fingerlings have been released.

Trout Season Opens April 30

As the various official fishing seasons arrive or are looming only a step around the calendar corner, local fishermen await opening dates with anxious eyes.

The 1955 Michigan Fish Law digest, issued by the Conservation Department and available in most hardware and sporting goods stores, lists these initial fishing dates and other data pertinent to followers of the rod and reel.

According to the digest trout season for Brook, Brown and Rainbows will get underway April 30 and continue through to September 11. But this does not include the battle for the steelhead trout as these last may be hooked between the dates of April 9 and November 30.

The dates are different due to the fact that the steelhead's spawning season are varied. This trout actually runs twice a year but the season is continuous for those designated waters as listed in the digest.

Walleyed pike are fair game in trout lakes and streams from April 30 to September 11, but in all other than the Great Lakes and trout lakes they may be snagged only from April 30 to March 15.

Most other common species of fish may be caught the year round as the result of a recent change in conservation laws. It used to be that there was a six-week respite for the victims, but now the season is continuous.

An additional point of interest for this area's fishermen is the fact that Pontiac and Whitmore Lakes have been placed on the experimental list of the Conservation department. For this pair of lakes there is no closed season on any type of fish as a result of a change in the laws two years ago.

The Suckers are now running and the bow and arrow season on carp and other rough fish got underway April 1. This last period of catching will last until May 31.

Smelt are due to start running anytime and in some instances the runs have already been reported. One of the best places to capture these wriggly objects is from Port Huron North into the tip of the thumb of Michigan. In all lakes other than the Great Lakes and the trout lakes there is no closed season on smelt.

The Fish digest also lists designated water, other experimental lakes and the definition of various terms used in the conservation laws.

Siesta Key
Sarasota, Florida

LAKELAND, Fla.—Comparing this year's crop of rookies in the Tigers' spring training camp to 1937, when I broke in with Detroit, presents no problem. There simply is no comparison.

This year's squad holds probably the greatest array of rookies ever to train with the Tigers. But back in '37, the only promising newcomer was Frankie Croucher, an infielder tabbed "the Gehring of the minors." He was certainly our most talked-about rookie—outside of Ol' Diz.

However, Frankie broke his right ankle sliding into second base the following spring, an injury from which he never fully recovered, and ruined his chances of becoming an all-time great.

This season, several of the rookie crop could sustain injury and the Tigers would still have many talented newcomers remaining.

Pitching Strengthened
For example, where our pitching has been limited this past 15 years and certainly was not too good in 1954, now we have additional hurlers to strengthen our mound corps and make the new season look as bright as the Lakeland sunshine.

Werner Birrer, Bill Black, Paul Foytack, Bill Froats, Jim Stump and Duane Maas—all are young and throw with exceptionally great speed.

Add Billy Hoelt, Ray Herbert, Bob Schultz, Ned Garver, Bob Miller, Steve Gromek, George Zuverink, Al Aber, Leo Cristante, Bennett Flowers, Van Fletcher.

I don't know how many of them will make the grade—except for some of the regulars, of course—but I'm certain Bucky Harris is going to come up with a good 11-man pitching staff.

Strong Outfield
With the addition of newcomers Jay Porter and Bubba Phillips to our infield, Bucky maintains that in all his 31 years as a manager, this is the best throwing outfield he has ever had. Few base runners are going

Whale of a Catch!

Commercial Fishermen took 27,000,000 pounds of fish from Michigan's Great Lakes waters during 1954, a million pounds above the average annual catch.

Herring provided 8,500,000 pounds and smelt ran second with an all-time record 4,900,000 pounds. Chubs, carp, lake trout and yellow perch combined made up another 9,000,000 pounds and 16 other types of fish comprised the remainder.

Only 85 pounds of lake trout were taken in Lake Michigan and none was caught in either Lake Huron or Lake Erie during the year. Until the sea lamprey depredations of recent years, trout from these lakes provided the bulk of a \$2,000,000 industry. Now, lake trout come mostly from Lake Superior, where the lamprey is still found only in small numbers. Last year, 1,600,000 pounds were produced from Superior.

Lake Michigan produced 14,200,000 pounds of the total catch. Lake Superior gave up 5,800,000 pounds, Lake Huron 5,400,000 pounds and Lake Erie about 1,800,000 pounds.

HOW'S YOUR BUDGET?

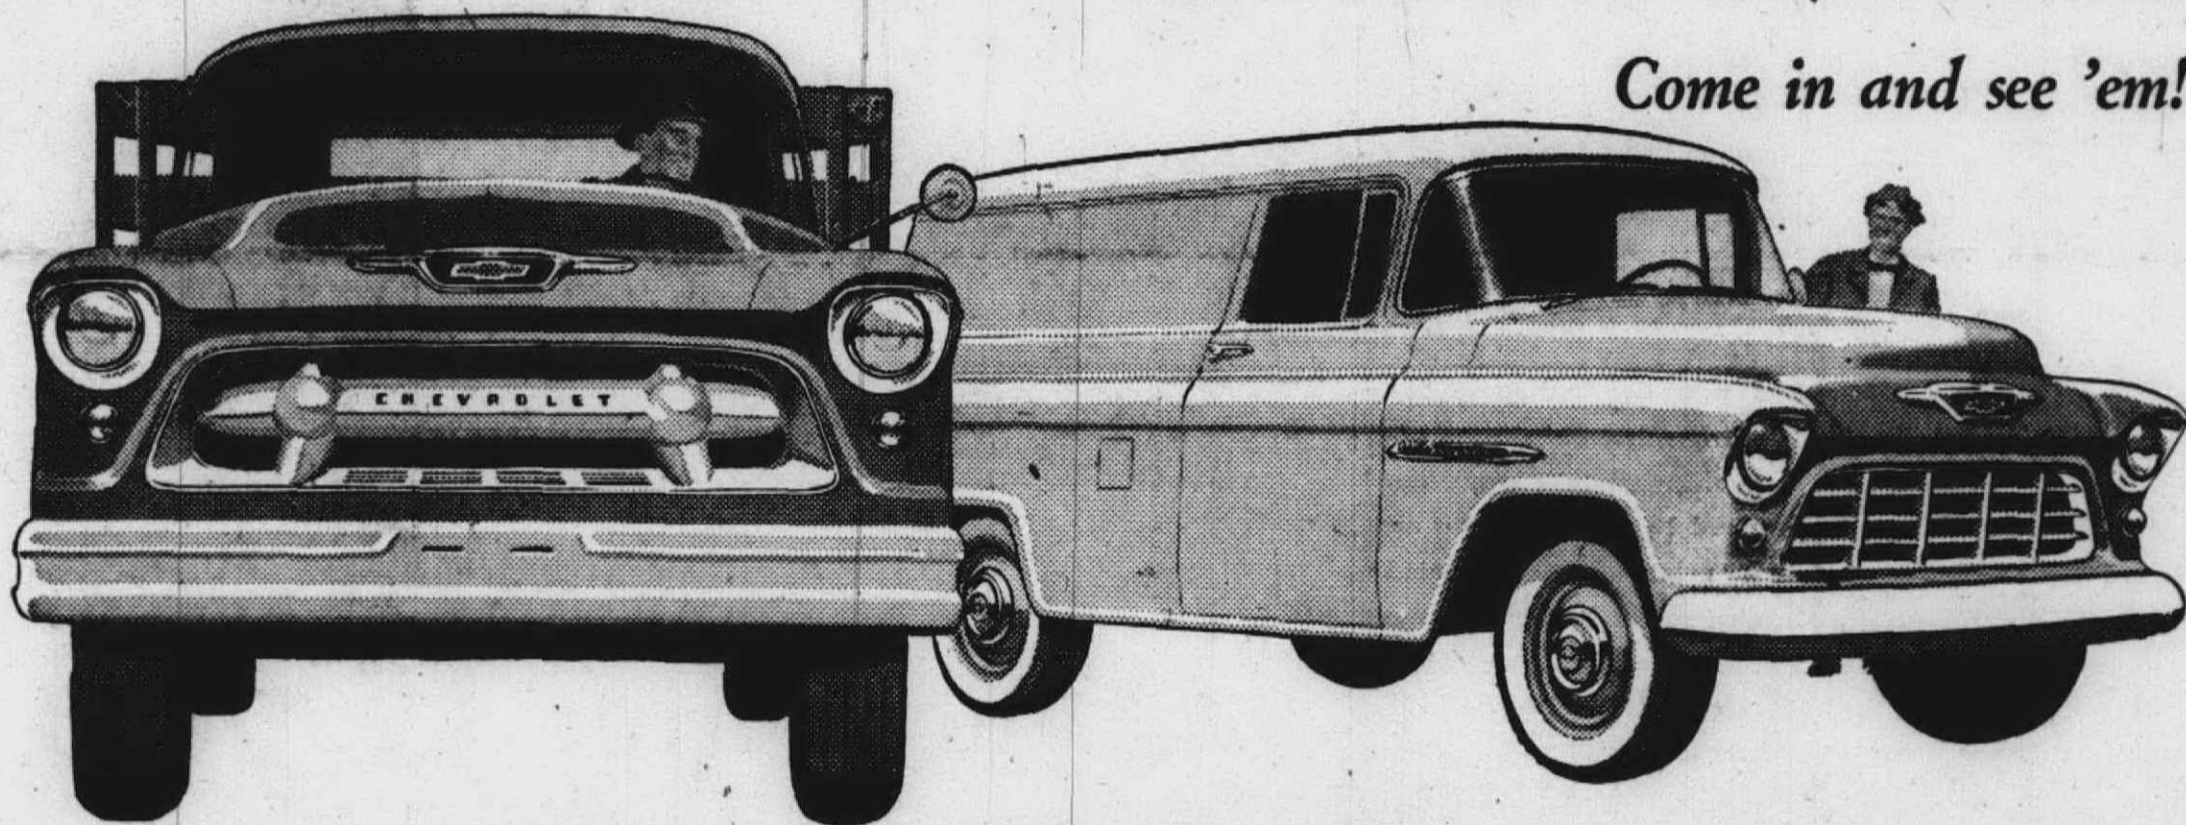

THESE ARE TRYING TIMES for the family paycheck, and the lady of the house has a man's job when it comes to balancing her budget.

She has a friend and helper in the truck, however, for, although she may not realize it, motor transport helps keep the cost of living down by cutting transportation costs.

The average family spends more for transportation than for any other item save food. So it is clear that the ability of trucks to increase the efficiency of moving goods of all kinds results in substantial savings to the consumer.

The thing we have to guard against is allowing politicians to increase taxes on trucks beyond the more than fair share they're already paying, for, you see, every tax increase on trucks actually comes right out of the people's pocketbooks in increased prices for everything they buy.

Come in and see 'em!

NEW CHEVROLET Task-Force TRUCKS

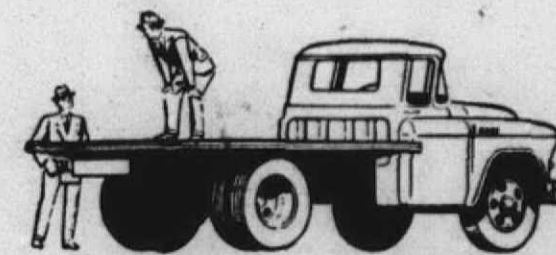

with a whole truckload of new advantages for you!

Here's what happens when America's No. 1 truck builder bulls out all the stops! Here are some of the new advances ready to work for you right now.

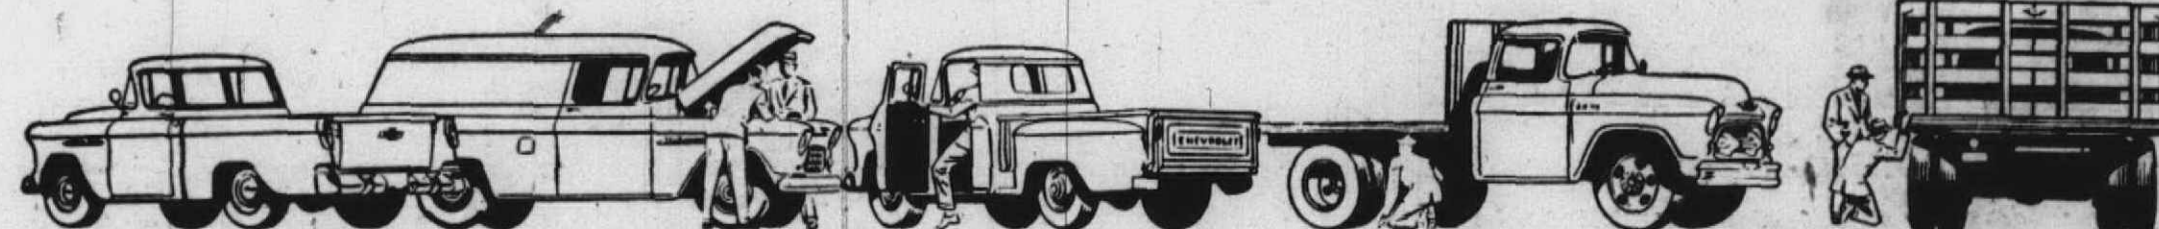

New Chevrolet Task-Force Trucks do more jobs faster, better and with new economy. If you've got a job for a truck, we've got the modern truck for your job! Look over the new features and advances highlighted here—no other line of trucks offers so much that's new. Then come in and look over these Task-Force Trucks in person.

1 New styling in trucks
It's Work-Styling—an exclusive development in truck design with two distinctively different styling treatments to match the job.

2 New 18,000 lb. G.V.W. capacity
New Task-Force Trucks are built to handle loads of all sizes. Capacities now go all the way up to 18,000 pounds G.V.W.

3 Six new "high-voltage" engines
All new engines feature a 12-volt electrical system for faster, surer starts; increased generator capacity—plus many exclusive advances.

4 The cab is as new as the view
New Sweep-Sight windshield—plus more glass all around. New High-Level ventilation. New softer seats—new cab construction.

5 A smoother, load-steady ride
New suspensions front and rear provide a smoother ride. New concealed Safety Steps guard against mud, snow, or ice.

6 New standard-width frames
All models now have new standard-width frames, with larger full-length parallel side members. They're more rigid and durable.

7 New Overdrive or Hydra-Matic
New Overdrive is now available as an extra-cost option on 1/2-ton models and truck Hydra-Matic on 1/2-, 3/4-, and 1-ton jobs.

8 New Power Brakes and Tubeless Tires
Power Brakes are standard on 2-ton models, optional at extra cost on all others. Tubeless tires standard on 1/2-ton models!

9 New handling ease with Power Steering
Chevrolet Power Steering now available on all Chevrolet Task-Force Trucks, optional at extra cost.

10 New colors! New two-tone combinations
Take your choice of a longer-than-ever list of attractive new colors and handsome two-tone combinations.

ERNEST J. ALLISON
345 N. Main Plymouth Phone 87

After European Tour, It's Courier's Life for Student

Clare Colette Bollinger of the junior class would make a very fine European representative for Plymouth high school as she traveled 4,000 miles on the Continent last summer as guest of her college-professor sister.

Arriving in Cherbourg, France Clare then went through war-torn Normandy where the American Troops landed in 1944. She saw the famous Cathedral of Chartres and visited the home of the Little Flower of Lisieux before she went on to Paris.

A short but very enjoyable visit in glamorous Paris, highlighted by tours of the famous landmarks in the city, preceded her trip to Lourdes, Montpellier, Poitiers, the Riviera and then to Rome by the way of Pisa, where she saw the famous leaning tower.

While in Rome Clare saw the canonization of five saints by Pope Pius XII. She also toured the Catacombs, Vatican museum, St. Peter's cathedral and other venerated places. Leaving Rome, Clare went to Assisi, home of St. Francis where her sister had made a pilgrimage about 20 years earlier.

After leaving Assisi the party traveled to Florence where they saw the Saint Marks cathedral in Venice, Doges Palaces, the art treasures of Dante, the Bridge of Sighs and had the experience of being serenaded by moonlight on the Grand Canal.

Clare crossed the Alps by way of Gotthard Pass into Switzerland and then moved on to Luxembourg, Belgium and Holland where she crossed the North Sea

to London. She talks of Napoleons Tomb, the Sacre Calus, Geneva or Petti Gallery with the same ease with which she speaks of the street she lives on.

When asked what impressed her most, Clare answered quickly "Assisi and Venice" and adds that the cultural values and rich historical and spiritual significance of the many European landmarks are so alluring that she hopes to have the privilege of being a courier explaining to American tourists the places there.

Clare crossed both ways on the "Queen Mary." On her return voyage she met Jimmy Stewart, Billy Graham and Spencer Tracy.

School Club Presents Skit At Convention

A skit is being presented by Plymouth's Future Homemakers of America club at a convention of the state organization today and tomorrow in the Pantlind hotel, Grand Rapids.

The skit will be a Mock Chapter meeting, with 18 FHA girls participating in the short play.

Sandra Ortman and Laura Puckett are the two Plymouth delegates attending the convention. The entire club traveled by train, with half of the fare for the two representatives paid by Plymouth high school's FHA club.

Field trips will be taken during a portion of the day. Places to be visited by the group are a furniture store, television broadcasting station, a bakery, food preparation, laundry and switchboard operations at the hotel, and the museum in Grand Rapids.

The rest of the day will be spent at meetings and leadership training. State officers will be elected and a formal candlelight initiation will follow. A banquet in the dining room and dance in the main ballroom will be held Thursday as part of the entertainment.

During the past 30 years, medical science has learned more about diseases of the heart and circulation than in all previous centuries combined.

NOTICE:

The new dog ordinance for Northville Township is now effective, including a regulation required by State law that all dogs must be vaccinated against rabies before a license can be issued. You may obtain license at 430 E. Main Street, Northville.

Township Clerk

Homeroom Sponsors Assembly Program

Mrs. Mary Ellen Cook's homeroom 7A1 presented an assembly for the seventh grade, Friday afternoon, March 25. Theme for the program was "You Bet Your Wife," take-off on a famous television program of a similar title. This was advertised by De Floto Company of America.

The "Grouchy" master of ceremony was Dick Wells. Two contestants were selected from each seventh grade homeroom by popular vote.

Categories for the participants were posted in Principal Arthur Alford's office. A bonus was given to the leading team.

School Club News

The Future Teachers club of America is planning an initiation to be held in the very near future, for the first club of this kind in Plymouth high school.

The Chess club held an election of officers on March 16. Steve Veresh was elected president, Dave Grow, vice president; John Vos, secretary; and Lee Huber, treasurer. The club is recently carrying on a Round Robin. The group is sponsored by Loren Grieves.

A dance play day was held at Redford Union high school for all G.A.A. members. The club, under the direction of Mrs. Louise Cigile, participated in the dance on April 5.

May 9 and 10 are important dates for members of the Water Waves. The club will present its annual water show on those two nights.

Girls of the Future Homemakers' club are now in Grand Rapids to demonstrate their cooking skills. Members are doing the cooking in the Pantlind Hotel today and tomorrow.

Cottagers near Klinger Lake in St. Joseph County can strike water anytime by just thrusting a pipe into the ground.

Junior High Fun Night Features "Hat Hop"

A fun night was recently held for the junior high school students, featuring as its main event, a "Hat Hop" from 7:30 to 9:30 p.m.

Hats were designed by students for the event, "the crazier the better." Prizes were purchased and were awarded by Mr. and Mrs. Eber Readman.

Refreshments of popcorn and cold drinks were sold at the refreshment stand.

Y-Teens Sponsor Project At Maybury Sanitarium

A happy Easter for a Children's Ward in the Maybury sanitarium was the project undertaken recently by the Y-Teens club. They made stuffed animals, colored eggs, and fixed Easter baskets with candy and eggs.

Darlene Adams was chairman of the service committee with her: Iris Miller, Joyce Bates, Peggy Robertson, Vincea Battle and Dorothy Thomas.

Post, Auxiliary Announce Names Of New Officers

Newly-elected officers of the Veterans of Foreign Wars, Mayflower Post No. 6695, and its Auxiliary were announced this week.

Heading the post as its new commander will be William Norman, assisted by Ray Danol, senior vice president; John Schwartz, junior vice president; Charles Olson, quartermaster; Kenneth Fisher, post advocate; Jerry Olson, post surgeon; and Edward Kopenski, three-year trustee.

New Auxiliary officers for the coming year are:

Loretta Young, president; Helen Bowring, senior vice president; Beverly Brown, junior vice president; Marion Dickie, treasurer; Beatrice Walton, secretary; Geraldine Olson, chaplain; Marion Luttermoser,

A lawyer was examining the witness.

"You say you had no education," he said abruptly, "but you manage to answer my questions smartly enough."

"Well," answered the witness calmly, "you don't have to be a scholar to answer silly questions."

guard; and Marie Norman, three-year trustee.

The following will serve as Wayne County council delegates: Bernice Kopenski, Hilda Rorbacher and Ellen Hokenson, with Marie French, Viola Sparkman and Adeline Packer as alternates.

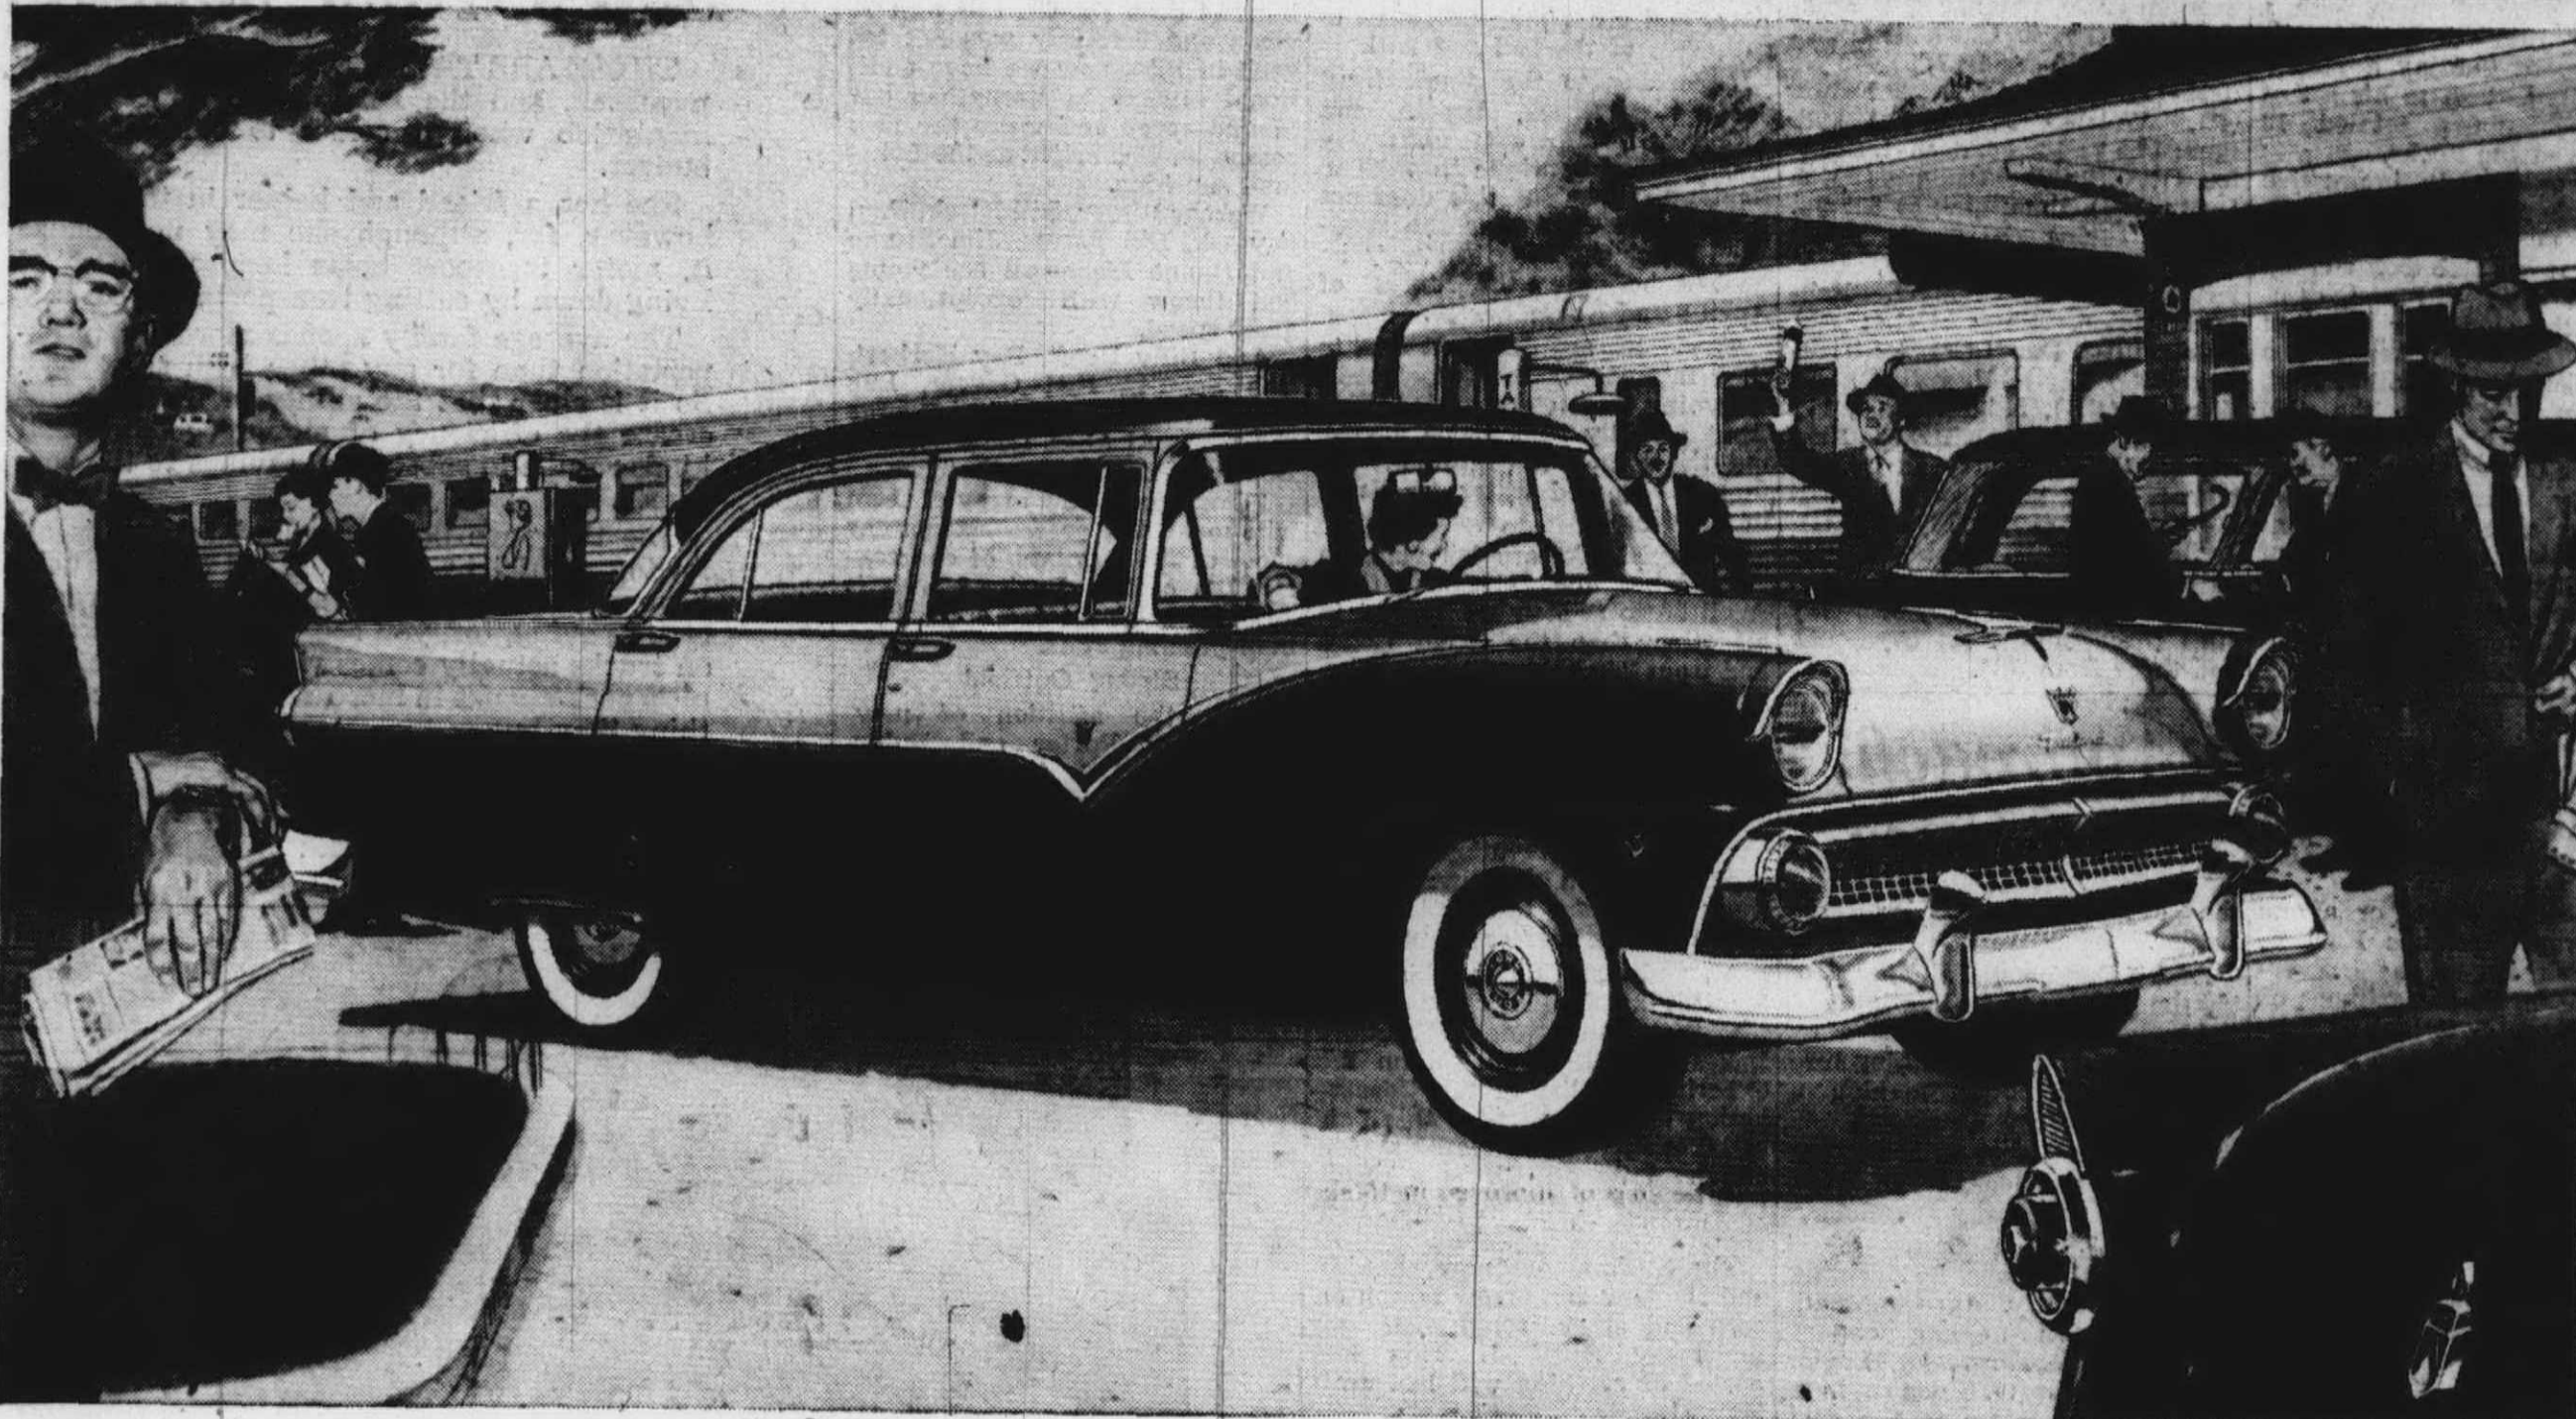

Fourth district delegates are: Marion Luttermoser, Helen Bowring, Marie Norman, LaMay Smith, Gerry Olson, Beverly Brown, Jean Olson and Betty Krumm. Alternates are Alba Van Meter, Ida Nairn, Mildred Dely, Leona Cram, Irene Stroschein, Barbara Nash, Nora McGee and Gertrude Danol.

The organization's installation ceremony will be held in May.

SCHOOL NEWS

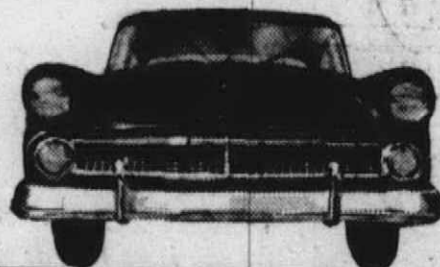

Ford's new Fairlane Town Sedan illustrated above, sets the fashion note wherever it goes

Chances are: If you don't own a Ford you haven't driven one lately!

Once you Test Drive new Trigger-Torque power in Ford, sit back in the luxury of its Thunderbird-inspired styling, and relax to its new Angle-Poised Ride... you'll see why the swing is to Ford!

If you haven't driven a Ford lately, get into a '55 Ford and see why it's America's fastest selling V-8... and your best buy!

LOCAL DELIVERED PRICES
FOR A '55 FORD MAINLINE SIX
START AS LOW AS
\$1605.97*

*Manufacturer's suggested local delivered price. Optional equipment, accessories, and state sales tax, if any, additional.

Ford's new Trigger-Torque or getaway power obeys your commands on the accelerator pedal lightning fast. You'll feel the difference the second you want to pass. How smoothly and quickly Trigger-Torque power moves you out into the traffic flow! What a feeling of confidence it gives you. And this new Trigger-Torque power is yours to command in whichever of Ford's 3 new, mighty engines you choose.

As you relax in Ford's new Luxury-Lounge interiors, you'll realize why even higher-priced car owners are swinging to Ford. You may have seen such handsomely hued, hidden-stitched fabrics on that expensive sofa of yours,

but never before have you seen many of Ford's upholstery combinations in any car.

You'll probably wonder, too, why all the roads you once thought rough seem so smooth all of a sudden. Ford's new Angle-Poised Ride cushions all the bumps—big and little. Steer out onto a highway. Notice the way even the annoying thud of the tarstrips seems to disappear!

There's much more that's news in Ford this year: new Speed-Trigger Fordomatic*; new anti-skid tubeless tires; new, deposit-resistant spark plugs; and new larger brakes. But that's still only part of the story. The rest awaits you in a Test Drive.

FORD the New BEST SELLER... sells more because it's worth more!

Our Rummage Sale was nice success. Many thanks to those Auxiliary members who gave of their time so generously to help put this project across.

Commander Harry Burleson extends an invitation to all honorably discharged veterans of World Wars One and Two and the Korean War to join the American Legion. The invitation is especially extended to veteran newcomers and recently returned Korean Veterans. He pointed out that the local membership was recorded in the state American Legion headquarters. "If our total state American Legion membership is greater than last year, May 2, our parade position and seating at the National Convention will be much better," he said.

Next regular Auxiliary business meeting is Thursday evening, April 14, at 8 p.m. in the Veterans Memorial home. April 14 is Pan-American Day and in observance of this, Matilyn Moore, Pan-American chairman locally, will present some interesting highlights on Panama. Also at this meeting, the winners of the recent essay contest sponsored by the Auxiliary will be present to receive their awards. First prize went to Miss Lea Raye Crane and runner-up was Foster Brown. Our essay contest was really a pleasing success as so many students did participate.

Post and Auxiliary members are reminded again that the April Joint Social will be in the form of a Card Party to be held at 8 p.m. on Saturday evening, April 23, at the Veterans Memorial home. All proceeds of this affair are going to the fund for community projects.

The Plymouth Kiwanis-Girl Scout lodge is very much in demand with the coming of spring. Troop 18 of Wayne enjoyed an overnight on March 25. Mrs. William Edgar and Mrs. L. P. Light accompanied their Scouts of Troop 3 at the lodge for over night on April 1.

Each Monday from 3:30 to 7 p.m. finds Junior high school scouts of Troop 1 enjoying a session of archery and badminton as well as a cook-out. Mrs. Sheldon Baker is the leader. Instructor for Archery is David Baker. Troop 21 with Mrs. Rubey and Mrs. Lorenz held an overnight on April 15. On April 12 Mrs. James Steele and Mrs. George Kunkel brought Brownie Troop 23 out to spend the night. Yesterday and today members of Troop 1 are enjoying two days and nights at the lodge. Finishing out the Easter vacation week will be Mrs. Thomas Thorpe and Mrs. Eldridge Raven with their troop number 10.

Brownie Troop 17 has been having a busy spring. Recently they honored the members of their Troop committee at a tea. Another project was the completion of bags in which to carry their lunches on their next hike. At their last regular meetings an election of officers resulted as follows: Chairman Mary Donnelly; secretary, Nadine Kreiger; treasurer, Chris Cutler; first aid, Sandra Fielden; sunshine, Jenifer Roberts; Brownie flag, Susan Cooper and Sylvia Scollini; American flag, Susan Williams and Patty Lewis. The Brownies and their leaders, Mrs. James Gretzinger and Mrs. Earl Luelfing, hiked to the home of Sylvia Scollini for an Easter party. Refreshments and an Easter Egg Hunt were enjoyed by the girls. Mary Jane Gretzinger is the troop reporter.

Recent visitors to Bartel's greenhouse were members of Girl Scout Troop 6. They were accompanied by Mrs. Troyer and Mrs. Neal, in addition to their leaders, Mrs. Woodrow Tichy and Mrs. Robert Barbour.

A Child Care badge is the present goal of Girl Scouts in Troop 21. Mrs. Gerry Engle visited the last regular meeting to demonstrate bathing a baby and to tell the girls of approved methods of infant care. Mrs. Wayne Rubey and Mrs. Ralph Lorenz are the leaders.

The regular Saturday afternoon swims have been resumed. Information regarding them can be obtained by calling the instructor, Mrs. Harold Shirey.

Mrs. Robert Lytle has been giving knitting instructions to members of Troop 8. At their last meeting the girls were entertained at the Lytle home where they received an additional lesson in knitting and were served hot chocolate as refreshments. Leaders are Mrs. Ray Heldreth and Mrs. Clark Finley.

Ewald Miller (left) and "younger" brother, Carl, reminisce about the years since 1925 when they began working at Ford Motor Company's Northville plant. Both reached the 30-year mark last month and they received pins in recognition of their long service with the company. Although Carl is two years younger than his brother, he has eight days more seniority. Carl Miller lives at 36442 Ford road, Wayne, and Ewald at 7910 Hix road, Plymouth.

County Organic Club To Meet Saturday

The Wayne County Organic Gardening and Farming club will meet on Saturday evening, April 16, at 8 p.m. The place of meeting has been changed from the Romulus Township Fire hall to Mach's Flower store, 7608 South Merriman road, one-half mile south of Ecorse road. The program will be a panel discussion on organic methods and the best varieties of vegetables and flowers to grow in this area. Mr. A. C. Decker will conduct the discussion with Mrs. Mach and Mr. Hildebrand assisting. "What do you take for your insomnia?" "A glass of wine at regular intervals." "Does that make you sleep?" "No, but it makes me satisfied to stay awake."

VETERANS OF FOREIGN WARS

On Sunday, April 3, Delores Olsaver, Irene Stroschein, Jim Wiltsie, Bettie Neale, Jeanette Thomas and Tom Thomas took Easter Baskets to the Veterans of Maybury Sanitarium. This was the last hospital trip under the present chairman, Marilyn Wiltsie!

Our Auxiliary is pleased to announce that we have purchased and installed a new modern coffee urn for use in the Post Hall kitchen. We feel that this is a vast improvement to our modern kitchen and a valuable convenience to anyone wishing to rent the Hall!

The dates for the annual Buddy Poppy days have been set for May 26, 27 and 28. The Department chairman announces that if the department gains 10 per cent over its 1954 sale it could well become the top Poppy selling department in the United States! Michigan was the fourth leading poppy selling department over the past five years, topped only by three other states in the nation! Our Buddy Poppy symbolizes service to needy comrades and their dependents. It is a story written over the past 30 years in one of the most illustrious chapters in V.F.W. history! So let's get a head start and formulate our plans early for one of our biggest projects of the year. Contact Auxiliary Poppy Chairman Marion Dickie or Post Chairman Ray Danol if you are able to participate in this Poppy Sale.

We welcome two reinstated members into our Auxiliary, Marion Pish and Lucile Young! Our next regular business meeting will be Tuesday, April 19. All chairmen are asked to present a summary of their year's activities and turn in their scrapbook to the new chairman. So, please plan on attending and present your full reports!

MEN IN SERVICE

Richard H. Stephens

Private Richard H. Stephens, 19, son of Vincent H. Stephens, 9955 Cavell street, Livonia recently spent a week's leave in Tokyo from his unit in Korea.

Stephens, a 1954 graduate of Bentley high school, is a rail clerk in Headquarters company of the 7th Transportation Port Command C.

He entered the Army in April of last year and received basic training at Fort Jackson, South Carolina, before arriving overseas in October.

Alvin C. Zabell

Army Private First Class Alvin C. Zabell, son of Mr. and Mrs. Emil Zabell, 15350 Deering, Livonia, recently arrived in Hawaii and is now a member of the 25th Infantry division.

The "Tropic Lightning" division is continuing its post-peace training program using valuable experience gained in Korea.

Zabell entered the Army in March 1954 and completed basic training at Camp Chaffee, Arkansas and was subsequently stationed at Camp Desert Rock, Nevada. He is a graduate of Bentley high school in Livonia.

A FORMULA FOR LAWN LUXURY!

It's FERTILENE liquid fertilizer for lawns, gardens - flowers - trees

LET US FERTILIZE FOR YOU WITH NATIONALLY FAMOUS FERTILENE

IT'S LABOR SAVING AND LOW COST TOO! FEED YOUR LAWN PROPERLY

You save money when you have us spray with FERTILENE liquid fertilizer. We do the work quickly and efficiently with the proper equipment. It is no longer necessary for you to labor with heavy ineffective old-fashioned fertilizers.

LET US SPRAY YOUR LAWN

Yes, we have the formula for a luxurious lawn now, and it is ready to serve you. If it grows it will be helped by FERTILENE. Grass, Trees, Flower Gardens, Vegetable Gardens, Golf Courses, City Parks — these and many more of Nature's greeneries — grow more healthy and more beautiful when properly nourished the modern FERTILENE way.

Wasn't the Easter weekend a glorious one The beautiful full moon at night and the perfect Michigan spring weather during the day Is it any wonder that all of us reveled in the spiritual revival to the fullest with these things contributing their glory to the happy Easter event.

Another contributing factor to the healthy joyousness of the Easter weekend to us here at The Mail was the wonderful letter which came to us at the approach of the Easter season. It so pointedly reflects a service and the philosophy of our organization that we pass it on for our readers with the hope that they may gain from its content a sense of security in our actions in the future: that of being of service to all those things which make a healthy, stable community.

No better or more appropriate time for a re-dedication of our efforts to the good things and the material things of our community could be found than on the Holy Easter Sunday. This we do, and . . .

To this end we will continue to devote our combined efforts and hope in the future we shall have been of service to all units of this community to have earned their plaudits and confidence as sincerely as we have those of our schools.

April 5, 1955

Mr. Sterling Eaton, Editor Plymouth Mail Office Plymouth, Michigan Dear Sterling:

Occasionally in the course of my work as a school superintendent, I have time to reflect a bit on the forces at work in the community which tend to improve the schools. Aside from being blessed with a capable and hard working Board of Education and an active, alert and intelligent citizenry, the schools are faithfully served by THE PLYMOUTH MAIL.

During my four years of service in Plymouth, your community newspaper has consistently and fairly presented the school news giving wide coverage to the many activities involving the students, the parents, the staff and the Board of Education. Equally important, and perhaps more so at times, you and your staff have seen fit to comment editorially on some of the important issues facing the schools. Many of us are mindful of the boost given by THE MAIL to the recent school bond campaign.

It is said an organization is no better nor worse than the people who operate it. You are to be commended for surrounding yourself with a very competent staff who are dedicated to a philosophy of service. Moreover, it is a tribute to your leadership to have them perform so faithfully in your absence. A cooperative spirit seems to permeate your staff which adds much to their effectiveness.

Having worked for many years in a community without a local newspaper, I am really cognizant of the value of your weekly publication.

Again, may I thank THE MAIL on behalf of the schools for the continuing interest in helping to improve the total educational program.

Sincerely yours, Russell L. Isbister Superintendent of Schools

THE NEW LOOK

Roger Babson

One Equals Five in Dow-Jones Math Book

Babson Park, Massachusetts. Although the Fulbright Investigation of the stock market is over—probably to the benefit of all concerned—I continue to have questions from readers. Most of these are in regard to the Dow-Jones Industrial Average.

DO FIGURES LIE? This is what seems to trouble readers most. First, they note that

the Dow-Jones Industrial Average has "gone up" or "gone down" four points—for instance—and yet not one of the 30 stocks included in this "Average" has varied this amount! They say: "Wall Street accounting is worse than Truman accounting!"

Another thing bothering stock-minded readers is that from one day to the next this so-called "Average" will move faster and

REASONS FOR WALL STREET ARITHMETIC

The day-to-day changes in the Dow Averages are magnified. In the case of the Industrials, if—on a straight mathematical average—the market prices of the stocks were UP 1 point, the net change down by the Dow Average release would be UP by more than 5 points! The reason for the magnification of changes is that the Dow Averages are no longer arithmetic averages. That is, instead of taking the aggregate value of the 30 stocks in the series and then dividing the sum by 30, they now take the aggregate value and use an adjusted divisor which at the present time is 5.76. THUS, THE DAILY CHANGE IN THE AVERAGE IS ACTUALLY MAGNIFIED IN A RATIO OF 30 TO 5.76, OR ABOUT 5.2 TO 1.

This method of computing the daily Average is to save time, yet preserve the historical continuity of the Average. Under the old method they adjusted each stock in the series for stock splits before computing the daily Average. Under the present method, no such adjustments are made for the individual stocks, the adjustments are made in the divisor. In this way, there is no need to make a great many computations to adjust for the various splits that have taken place over the years.

The present method is satisfactory and simple—the divisor itself is changed from time to time as splits and stock dividends occur. In fact, when this "divisor" idea was first used, the figure was 12.7, whereas the figure now used is 5.76. They first computed the sum of the market prices of the 30 stocks in the series adjusted for splits. The next step was to compute the Average by dividing this adjusted sum of the prices by the number of stocks in the series (i.e., 30). Then the next step was to add together the market prices of the 30 stocks (with no adjustments), and divide this figure by the adjusted Average. The net result was the divisor. The divisor now used to determine the Average at the various times of the day has been computed in this fashion.

MARGIN REQUIREMENTS

Letters have also come to me asking how and when margin requirements have been changed during the past 20 years. Here are the facts regarding these: April 1, 1936, through Oct. 31, 1937, General Rule—55%; Nov. 1, 1937, through Feb. 4, 1945, General Rule—40%; Feb. 5, 1945, through July 4, 1945, General Rule—50%; July 5, 1945, through Jan. 20, 1946, General Rule—75%; Jan. 21, 1946, through Jan. 31, 1947, General Rule—100%; Feb. 1, 1947, through March 20, 1949, General Rule—75%; March 21, 1949 through Jan. 16, 1951, General Rule—20, 1953, General Rule—75%; Feb. 20, 1953, to Jan. 4, 1955, General Rule—50%; Jan. 4, 1955, to date, General Rule—60%.

Would Foot Patrolman Help Plymouth?

A few weeks ago we witnessed a downtown incident which led us to thinking about the debate which has taken place many times in the city commission concerning the value of foot patrolmen.

It was noon, the sidewalks were crowded with school children. At Pen-niman and Main, a boy was trying to provoke a fight with another by slapping his face. The other boy refused to fight, which may have been wise since the aggressor seemed to have the backing of a gang of eight boys who watched. A businessman stepped out of his office and told the boys to break it up. The action continued and the businessman went back into his office. With the cry of "he's calling the law," the boys scattered.

Two of the boys entered Kresge's but quickly came out with one stating that he was no longer allowed in either dime store. (Some merchants have asked a number of boys never to enter their stores again due to previous trouble.) A few minutes later, they joined three other boys and they tramped loudly through the D & C store and out the back door. Later they returned through the back, went out the front door and sat on a car parked in front of Kresge's. Taking dirty snow from the gutter, they threw snowballs down the store aisles while one held open the doors. One of these boys we recognized as being out of jail on bond while awaiting hearing on a breaking and entering charge. Since school had started by this time, we assumed that none of these boys were in school although they looked young enough.

It occurred to us that here would be one occasion that a foot policeman would be worth his pay. It has been successfully argued in city hall that a policeman on foot is not nearly as useful as one on wheels. This argument is undoubtedly correct. Our police, unless working on another call, are usually able to get anywhere in the city within a minute or two. So the patrolman with the most mobility would therefore be the most practical and economical.

But this still does not alter the opinion of many people that there is still a place for the "old fashioned" foot patrolman, even if he worked only several hours a day. A patrolman on foot can see and hear of many more law infractions than one in a car or even a motorcycle. He can become a close ally of each merchant along the beat and learn of the many suspicions and tips which

merchants would not otherwise find time to bring to the attention of police. When a traffic snarl occurs, a foot policeman could easily step into the street to direct vehicles. Double-parked cars would be easy prey.

A foot patrolman could wage a one-man safety campaign. Standing on any downtown corner, a person sees numerous driving infractions. A patrolman could easily note the license number and time and place of the violation. Some sort of form letter could then be sent with this information to the driver, politely telling him of his violation and reminding him that further violations would warrant a ticket. If arrested, these "courtesy warnings" could figure into the severity of the penalty if there is a court hearing. Perhaps every driver in town would someday receive a warning, but every driver needs a reminder that he is operating a lethal machine.

There is another field of opportunity for a foot patrolman. It concerns the noon-time rush of students into our downtown. It is unfortunate that Plymouth high school is only a few blocks from the business section, but the situation must be faced. School officials have no authority to keep students on the campus at noon. The student council is attempting to work out a recreation program to keep boys and girls busy over the noon hour. This program has our best wishes for success.

For anyone who has not been downtown at noon during this school year, it must be explained that our youngsters (bless 'em) are as rambunctious as we were in our youth. There's just more of them now, that's all. A driver with the green light could run over a dozen youngsters at a time if he wouldn't stop his car. We have seen unthinking students chase each other in front of traffic across Main street. When in stores, there are a minority of young people who cause something short of chaos. More than any other time of day, a foot policeman is needed downtown. He could teach our youngsters (and adults too) when to cross the streets. He would need to be tactful and command the respect of young people—a tough assignment.

With these ideas in mind, we would like to see the city commission reconsider the idea of a full or part-time foot policeman, especially during the busy hours of the day or night. With Plymouth's human and automobile population constantly increasing, the downtown situation will never be any better unless something "new" is tried.

Editorials - Features

Published by The Plymouth Mail, Inc. In Michigan's Largest Weekly Newspaper Plant. NATIONAL EDITORIAL ASSOCIATION. Entered as Second Class Matter under Act of Congress of March 3, 1879, in the U. S. Post Office at Plymouth, Michigan.

- Q—I am a member of the organized reserves and am going to school under the Korean GI bill. Will my allowance stop when I am called for reserve training for brief periods of time? A—Your allowance will not be discontinued so long as it is the practice of your school to grant exemptions for those periods without requiring formal interruptions of your training.

Michigan Mirror

State Eyes Business for Financial Help

PROFIT - MAKING business again will be asked to pick up the check for state government.

Just how much will be needed for 1955-56 is still in doubt and the qualified guesses range all the way from \$14 million to \$46 million a year.

We're going to ask business to help us find the new revenue, said Senator Carlton H. Morris (R-Kalamazoo).

Morris, chairman of the Senate Taxation Committee, named the first 41 of a possible 60 members of a new citizen group, heavily laden with business and industrial executives from Detroit.

In the wind is some tinkering with Michigan's \$30 million a year business activities tax, adopted two years ago in a flurry

of political name-calling and confusion.

Co-authors of the tax were Alan L. Gornick, of the Ford Motor Co., and S. M. DuBrul, of General Motors Corp., who were members of the former citizen group and now prominent figures on Morris' new advisory panel.

Ex-Senator George N. Higgins (R-Ferndale) is also listed. He was chairman of the tax committee before Morris and is considered the legislative father of the business activities tax.

Democrats still are insisting, though not so vehemently, on Gov. Williams' \$10 million corporations profits tax, a goal for the last seven years.

Another possibility is the revival of the "Princeton Plan" of two years ago, a survey report which proposed such things as increased taxes on beer, pop and several other "nuisance" levies.

Over in the House, Rep. Rollo G. Conlin (R-Tipton), is thinking along the same line as chairman of the house tax committee.

Whatever happens, business is going to be asked to make up the difference between the \$282 million budget offered by Williams and the existing revenue.

INSURANCE BREAKS continue to come for cars driven by milady.

A few weeks ago, the National Bureau of Underwriters slashed premiums for liability coverage on cars driven by the wife of the insured—and perhaps his daughter under 25.

Going a step farther, the bureau last week decreed that the wife or husband of the policyholder could have the same rights under liability coverage as the insured.

The bureau handles policies covering "the majority of cars in Michigan," said Insurance Commissioner Joseph A. Navarre. "When the bureau moves, the independents generally move in the same direction," he said. Within a year, insurance experts expect the independents to

make the same decision and "eventually all the cars in Michigan will probably get the extended benefits," said Navarre.

WEEKS WILL PASS before the House will make a decision on Michigan's 305-page school code, a streamlined set of laws which are certain to start fresh controversies.

Part of the battle is an attempt to bypass state equalized valuation of property for computing school taxes and a complicated system for collecting them and appealing the assessments.

The Senate defeated a proposal to permit counties whose boundaries bisect school districts to ignore state equalized valuation. It is certain to be revived in the house.

Another battle is expected over the ban on high school fraternities and sororities, written into the code in the Senate at the request of Detroit teachers. Parent-Teacher groups and others.

Teachers for years have fought secret societies, claiming they create cliques among students.

DECENTRALIZATION of education to meet growing demands of increasing numbers of students has become the goal of Senator Don VanderWerp (R-Fremont).

He will direct a study of the feasibility of state aid to parochial colleges, junior and community colleges this summer.

The idea was born of crisis, the plight of four-year colleges which expect to be overwhelmed by doubled enrollments by 1970. Instead of building the big colleges, VanderWerp figures the smaller schools could take over the first two years of higher education.

"That would make the present four-year schools available for the advanced work," he said. Toward that end, VanderWerp is getting started on a committee to study the problem this summer. He already has conferred with church-supported colleges teachers' colleges and businessmen whom he hopes will offer ideas.

★ THINKING OUT LOUD ★

One question, sometimes controversial, sometimes personal is asked each week by The Mail of four pedestrians along Plymouth's downtown streets. This week's quest is "Thinking out loud" on the question:

"Now that the baseball season is here again, it's time to ask the question of where do you think the Tigers will finish in the league this year? Who do you think will win the American League pennant?"

EARL R. THOMPSON, 39659 East Ann Arbor road: "It's hard to say what they will do, but I do think they will not end up last. They won't be in first place either. Cleveland looks about as good as any team for the pennant, not that I wouldn't like to see Detroit win."

LEWIS SCARBOROUGH, 702 North Harvey: "I imagine they will do pretty good this year, maybe third place. They're due to do better. I think the Yankees will take the pennant."

WILLIAM CROWTHER, 11370 Southworth: "About fifth place, I'd imagine. The pitching staff isn't up to par. They have Garver and that's about all. They have a lot of young players and it will take a few more years before they get going."

OTTO MEIER, 41061 Ann Arbor road: "I'm sorry to say that I don't think it will be in first place. The Tigers made a bad trade when they let Drogo go. They will end up in the same place as last year. My choice for the pennant this year is Cleveland."

Mrs. Lindsay Recommends Tasty Spread

Here's a recipe you can concoct from vegetables at your favorite grocer's or, pretty soon now, from your own garden.

Mrs. Roy Lindsay of 11000 McCumpha has suggested for this week's series a delicious sandwich spread. This versatile recipe is not only perfect between bread slices, but may also be served like tartar sauce with fish or meat dishes.

This is the method Mrs. Lindsay uses to whip up her favorite recipe:

Sandwich Spread

- 1 peck (15-19) green tomatoes
 - 6 green peppers
 - 6 red, sweet peppers
 - ½ cup of salt
- Grind above ingredients and let stand overnight. Drain and add the following:
- 1 cup of sugar
 - 1 cup of vinegar
 - 1 cup of water.

Cook for 25 minutes. Cool mixture and add:

- 1 quart of salad dressing
- 1 quart of prepared mustard.

Can in pint or quart mason jars with rubbers. The recipe will make about three or four quarts.

Mrs. Lindsay adds that this spread keeps well in a cool place, such as the basement.

A sandwich spread which also doubles as a fish or meat sauce is one of Mrs. Roy Lindsay's favorite recipes. Above the McCumpha road resident adds sugar during its preparation.

O. E. S. NEWS

Plymouth-Chapter No. 115 will hold a Rummage sale April 15 from 9 a.m. until 5 p.m. at the Masonic Temple. Bring donations to the Temple Thursday afternoon or evening or if you wish them picked up call Chairman Sister Alice Alsbro.

Special Meeting will be held on April 19 at 7:45 p.m. All officers please be there at 7 p.m. sharp to have pictures taken.

The chapter will have its Spring Luncheon on Thursday, April 21, at 12:30 p.m. at the Masonic Temple. For those just wanting lunch the price will be reduced and be served from 11 a.m. until 12:30 p.m.

The chapter extends sympathy to Sister Lottie Miller in the loss of her sister-in-law. Our Worthy

Matron's mother, Mrs. Albert Schauer, is in St. Joseph hospital in Ann Arbor where she underwent surgery on Saturday. Sister Violet Brown was returned to Henry Ford hospital on Thursday. These people would appreciate being remembered by you.

OES Spring Luncheon Bazaar Slated for April 21

Plymouth Chapter No. 115, Order of Eastern Star, will hold a Spring Luncheon and Bazaar on Thursday, April 21, in the Masonic Temple.

Luncheon will be served from 11 a.m. until 12:30 p.m. The event is open to the public.

Four-Year-Old Resident To Make TV Appearance

Making her first TV appearance next Tuesday, April 19, will be Karen McAllister, daughter of Mr. and Mrs. William R. McAllister of 42429 Lakeland.

The four-year-old Plymouthite will be featured as a singer on the "Auntie Dee" TV show over WXYZ-TV, channel 7. Offering a varied musical program for children, the show is televised daily from 5 to 5:30 p.m.

Farm Bureau to Meet

The Canton Center Farm Bureau will hold its next meeting tomorrow night, April 15, at 8 p.m. in the home of Philip Dingeldey, 819 Haggerty, Plymouth.

Topic for the evening's discussion will be the "New Look in Our Extension Program."

Mr. and Mrs. Ralph Carter and daughter, Shirley, of Pacific avenue spent Easter Sunday at a family gathering in the home of Mr. and Mrs. William Erskine in Detroit.

Mr. and Mrs. James Sponseller of Parkview drive spent the Easter weekend in Bucyrus, Ohio, with their parents.

Mr. and Mrs. Walter Abate of Clemons drive were hosts at Easter dinner to 10 guests from Detroit. Their son Walter, a student at Michigan State college in East Lansing, was also present.

Mrs. Alious Owens and sons, Charles and Cecil, of Northville road, and Mrs. Owen's parents, Mr. and Mrs. Calvin Keen, spent Easter in Decatur, Illinois. The Keen's who have been living with relatives in Plymouth for the past several months, will return to their home in Union City, Tennessee, after visiting for a month in Decatur.

Gary Edward Martin, son of Mr. and Mrs. E. J. Martin of Five Mile road, celebrated his fourth birthday on Thursday, April 7, entertaining his little friends, Christina and Lenore Anderson of Plymouth and his little brother, Stephen. Following an evening of entertainment, dainty refreshments, were served.

Reverend Melbourne Johnson is spending a few days this week in New York City and plans on attending several sessions of the United Nations.

Mrs. Harold Todd of Clemons drive and Mrs. James Bentley of North Mill street have been vacationing this week in Georgia with Mrs. Todd's son, Robert.

Mr. and Mrs. Gene Stout and children, Sara and Jimmy, of Ridgewood drive are spending the Easter vacation with Mr. Stout's parents, the Orlen Stouts, in Grundy Center, Iowa.

Mr. and Mrs. Roswell Tanger of Auburn avenue are spending the Easter vacation at White Sulphur Springs, West Virginia.

Mr. and Mrs. Charles Minehart, who have just moved from South Main street to their new home on Clemons drive, were honored at a co-operative buffet dinner Saturday evening by Mr. and Mrs. Jack Gage, Mr. and Mrs. Harry Bucon and Mr. and Mrs. Carl Hartwick. The dinner was held in the Hartwick home on Northville road.

The Robinson Extension group met at the home of Mrs. Alfred Brewer on March 31. After the luncheon, the lesson on "Seasonal Salads" was given by Mrs. Brewer. The next meeting will be held at the home of Mrs. Stephen Cherne on April 20.

Mrs. Walter Ash and daughter, Donna, of Dewey street, were sight-seeing last Thursday in Lansing. Among their interesting visits was a tour of the State Capitol building.

Mrs. Russell Gale and daughters, Carol and Anita, were hosts at a family dinner on Easter Sunday in their home on Eight Mile road. Guests included Mr. and Mrs. Herman Bakhaus and son, Billy, Mr. and Mrs. Gordon Moe, Mr. and Mrs. Michael Schuster and daughter, Gretchen and Mr. and Mrs. Robert Beyer and children, Susan and Michael.

Mr. and Mrs. Dan Julien and son, Paul, of Northville road were holiday weekend guests of Mr. and Mrs. Glenn Jewell in Mecosta, Michigan.

Mrs. Minnie Bakewell of South Main street with Mrs. George Newton and daughter, Leigh, and Mrs. Maizie Slater and children, Pamela and Victor, visited Mrs. Bakewell's son and daughter-in-law, Mr. and Mrs. Nelson Bakewell in Adrian Sunday.

Mr. and Mrs. William Bartel Sr. were hosts at a family dinner Easter Sunday in their home on Plymouth road.

Mr. and Mrs. C. R. Mason have returned from their visit in Lakeland, Florida, to their home on West Ann Arbor road.

Mr. and Mrs. Austin Pino of Forest avenue spent the holiday weekend with their daughter and family, Mr. and Mrs. Emery Seestedt in Romulus. They also celebrated the birthdays of two of the Pino's grandchildren.

Miss Shirley Carter, a student at Hillsdale college, is spending her Easter vacation with her parents, the Ralph Carters of Pacific avenue.

Mr. and Mrs. Jack Gage and son, Jim, and Miss Mary Lou Foote, were Easter Sunday dinner guests of Mr. and Mrs. James Horen of Maceday lake.

Mrs. Milo Corwin has been a guest of her daughter and son-in-law, Mr. and Mrs. Walter Ash of Dewey street.

Easter Sunday dinner guests of Mr. and Mrs. Lisle Alexander in their home on north Mill street were: Mr. and Mrs. John Conley, Mr. and Mrs. William Krause, of Detroit; Mrs. Florence Alexander of Northville; and Miss Sarah Gayde of Plymouth.

Mr. and Mrs. Earl Russell have returned from their two months sojourn in Florida to their home on West Maple avenue.

Mr. and Mrs. Carl Hartwick were Saturday luncheon guests of Mr. and Mrs. Frank Pierce of Northville road.

Mrs. Lila Humphries of Pacific avenue was a dinner guest Easter Sunday in the home of her son, Milton Humphries and family in Wayne.

Miss Neva Lovewell and her mother were dinner guests of Dr. and Mrs. A. W. Emery in Waterford Easter Sunday.

Mrs. Mabel Evans of West Ann Arbor trail, who has been seriously ill in New Grace hospital, Detroit, for the past week, is convalescing very nicely and hopes to return to her home this week-end.

Mr. and Mrs. Walter Dzurus and family of Sheridan avenue were the Easter dinner guests of Mr. and Mrs. A. D. Barry and family in Detroit.

Dr. and Mrs. Eimore Carney of Penniman avenue accompanied by David Mynatt are taking a few days trip to Niagara Falls this week.

Mr. and Mrs. Fay Brown of North Mill street visited in Bucyrus, Ohio, last week, at the home of Mr. and Mrs. Ben Anslow, Sr. Returning to Plymouth with the Browns to spend this week were Mrs. Ben Anslow Jr. and children.

Mr. and Mrs. Walter Ash and daughter, Donna, of Dewey street, had as dinner guests on Easter Sunday, Mr. and Mrs. James Burrell and Miss Peggy Corwin of Cherry Hill, Charles Ash and Arnold Ash of Caster avenue, Plymouth.

Murdock-Cadot Nuptial Rites Read in Presbyterian Church

The First Presbyterian church of Plymouth was the setting on Saturday, April 2, for the marriage of Elizabeth Ann Cadot, daughter of Mrs. Cora Bourbon of Forest avenue and the late Howard Cadot, to Robert Allan Murdock, son of Mr. and Mrs. Leon C. Murdock of Otsego, Michigan.

The double ring service was read by the Reverend Henry J. Walch, pastor, before a group of 150 guests. Fred Nelson was organist for the occasion.

Palms, candelabra and baskets of white gladioli decorated the church for the ceremony.

The bride, given in marriage by her uncle, Clarence Clark of Canada, wore a gown fashioned with a chantilly lace bodice, featuring a decollete neckline, long pointed sleeves and tulle skirt edged with hand-clipped chantilly-lace panels. Her fingertip veil of imported illusion was secured by a double brimmed crown of tulle and chantilly lace edged with seed pearls. She carried a bouquet of white roses, centered with an orchid corsage.

Miss Helen Murdock, sister of the bridegroom, was maid of honor and Mrs. Gerald Shannon of Midland, cousin of the bride, was bridesmaid. They were attired in princess-style royal blue taffeta gowns, fashioned with brief bertha collar, bustle bows and full skirts. Matching head bands and mitts were worn, and they carried bouquets of yellow roses.

Anthony Petryk of Detroit was best man. Seating the guests were Donald Richardson of Otsego and Lyle Meldrum of Grand Rapids.

Mrs. Bourbon, mother of the bride, chose for her daughter's wedding a gown of powder blue nylon lace with pink accessories. Mrs. Murdock selected a blue crepe gown with navy accessories. Both wore orchid corsages.

Following the ceremony a dinner was served at the Bourbon

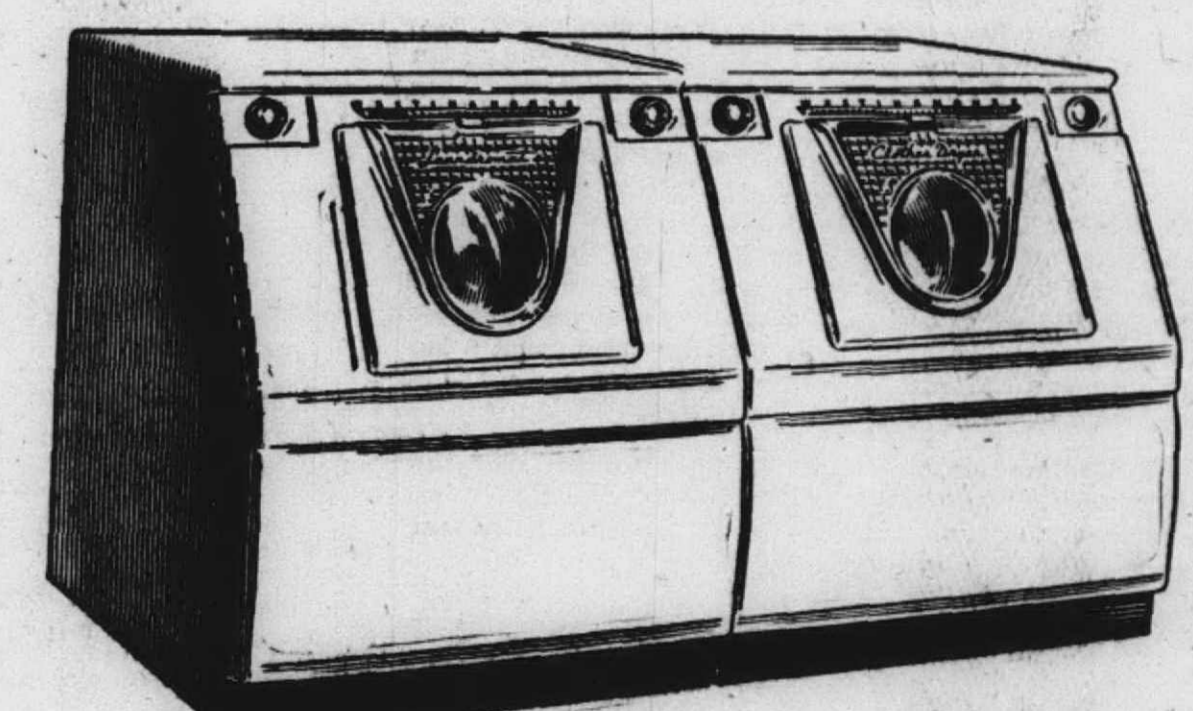

Mrs. Robert Allan Murdock

residence for the out-of-town the couple will reside in Otsego. Both Elizabeth and Robert attended Western Michigan college in Kalamazoo.

Upon their return from their wedding trip through the South,

Salads Spark Appetites, Give Variety, Contrast to Meals

Salads have become an American tradition. Every homemaker should serve one or more salads a day. They make delightful ways to serve those green and yellow vegetables and luscious fruits which should appear on the daily menus of every family. Salads provide appetite appeal and give variety, color and a crisp texture contrast to the meal.

Salads fall into several classes according to the place they take in the menu. The "appe-teaser" salad is served as a first course. The accompaniment salad is one eaten with the meal. The main course salad has egg, cheese or meat added and is served as the main dish at a luncheon or buffet supper. Dessert salads and party salads are similar with perhaps a different dressing. Many women's groups are now serving a salad as their refreshment rather than a heavy dessert.

Often the dressing "makes" the salad, so the clever homemaker will try her hand at blending seasonings to obtain that different flavor. A jar or two of prepared dressings on the emergency shelf may influence the decision to make a salad on a very busy day.

The right dressing is one that brings out and enhances the flavor of the fruits or vegetables. Take care not to drown out these flavors, either by too much dressing or by one with too much flavor of its own. Have the greens and vegetables or fruits quite free of excess moisture when the dressing is added to avoid a soggy, watery result. Add the dressing just before the salad is served in order that none of the crisp texture is lost, unless the salad is to be marinated.

Variety in salads in summer and fall is fairly easy to achieve, but salad making in winter and early spring may prove a real challenge to the homemaker. Experts give these salad suggestions for early spring.

- Salad A La Russe**
3 cups shredded cabbage
1 cup cooked green beans
1 cup grated raw carrot
Oil-less French Dressing
Strips salami or luncheon meat
Strips American cheese
Onion rings
Chopped parsley
Combine vegetables, marinate with oil-less French Dressing and chill. Cut some of meat and cheese strips into cubes and mix with vegetables.
- Oil-less French Dressing**
1/2 cup tomato juice
1/2 teaspoon salt
1/4 teaspoon Worcestershire Sauce
1 teaspoon onion juice
2 tablespoons lemon juice
Beat or shake well
Store in refrigerator.
- Ravigote Mayonnaise**
1/4 cup vinegar
1/4 cup salad oil
2/3 cup sweetened condensed milk
1 egg yolk
1 teaspoon dry mustard
1/2 teaspoon salt
Few grains cayenne
Place ingredients in order given in a pint jar. Fasten top of jar firmly and shake vigorously for 1 or 2 minutes. Chill, then add 1 tablespoon tarragon vinegar, 1 teaspoon finely cut pickle, 1 teaspoon minced parsley, 1/2 teaspoon onion juice, and 1/4 teaspoon salt.
- Lettuce Roll**
1 package cream cheese, or 1/4 cup cottage cheese
Large lettuce leaves
1/4 cup ground cooked ham
2 tablespoons chopped pickle relish
Mash cheese and mix thoroughly with ham and relish. Spread a thin layer on leaves of lettuce. Form into rolls, handling lightly, and chill. Cut into 1-inch lengths and place three or five rolls on shredded lettuce. Serve with a tart dressing.
- Deviled Biscuits (to serve with salads)**
1 cup home prepared biscuit mix
1 can deviled ham
1/2 cup water
Combine ingredients. Drop by spoonfuls on ungreased cookie sheet. Bake in a hot oven (400 deg. F.) about 10 minutes.

Nice, Fresh Insurance ... 37¢ A Pound!

IF INSURANCE were purchased like food — and bought as frequently — each individual purchase would not assume major importance. TO MOST PEOPLE, however, insurance represents not just a purchase, but an investment... an investment that must largely be made on faith. You can see things like the color of the policy or the grade of paper on which it is printed or even the pictures depicted on some. But no one can see that basic element in peace of mind — that is the "priceless ingredient" the exponent of the American Agency System sells to and services for the American public. Into each "piece of paper" he delivers go not only the strength and integrity of sound companies but also wrapped in that package are years of knowledge, the continued study, the priceless reputation of a neighbor and friend. No "hit and run" sales tactics, no "cash and carry" savings can supplant "assured insurance."

These things are important. That is why since 1807 the vast majority of the American people have depended upon their local insurance agent. And are so continuing. And ever shall.

I have that Faith.
Joseph A. Neumann, President
National Association of Insurance Agents
National Headquarters—New York City

YOU'RE A NEIGHBOR, NOT A NUMBER TO YOUR HOMETOWN INSURANCE AGENT! Yes, it is true that the active members of our Association have a total of 167 years experience with which to bring you wise counsel. As our National President, Joseph A. Neumann, states in his message above, no "hit and run" sales tactics or "cash and carry" savings practices are used by your local agent.

LOCAL AGENT OR SALES REPRESENTATIVE, could be your question when you are again approached about your auto or fire insurance renewal. It could mean a great deal to you at loss time. Why? Because your local agent is working FOR YOU. He selected and PURCHASED YOUR INSURANCE FOR YOU from one of his several fine companies. If you have a claim, he will be working FOR YOU in securing a prompt and fair claim payment. Thereby proving to you that he secured the best available FOR YOU. The sales representative has no choice to make. He must sell whatever his particular company offers. When a claim occurs, a sales representative turns you over to "someone else." If you don't like the treatment you receive, who can you turn to? That is the POINT OF DIFFERENCE.

R. Ralph Fluckey, President
Plymouth Association of Insurance Agents

Gives Tips On Window Treatment

Every window in the home should be a "picture" window. Ordinary single windows may seem out of date, but there are many ways you can give them new life. Simply adding width and height to that small window can increase its importance until it can become the focal point of the room.

Matching fabric and wallpaper offers one way to bring attention to a window. Begin the change by first adding a venetian blind. Install it on the outside of the window frame. Choose the blind in a color to blend with the decorating colors to be used in the room. The blind will control the window while the drapery sweeps out over the wall to add more width.

A new novelty treatment uses the same fabric for a gathered skirting from window sill to floor. Give it a finishing touch of the same four-inch ruffle that decorates the drapery. Matching wallpaper can be used to advantage.

Still another way to emphasize a single window on a limited wall area is to extend a plywood cornice or a draw drapery entirely from corner to corner. When using fabric in such a lavish manner, it is best to choose a subdued color or pattern. The small, busy patterns should be used in small amounts.

Quite popular now is the frame treatment for a window. Using plywood, make a frame to extend around the entire window. It should be at least four inches thick and stand away from the window frame. It should not interfere with light or air control. The frame can be painted or covered with wall paper, fabric or leather.

Dutch or cotton curtains are being used more and more to gain privacy. The bottom section can be drawn for privacy while the top section is left open for air and light.

Michigan is the No. 1 producer of salt in the United States, with at least 29 percent of the nation's total salt deposits.

Waldorf Salad With a New Flavor

Want a luscious, spring-time salad your whole family will enjoy? Then you'll like Mince Meat Waldorf Salad with Honey Fruit Dressing. It's tasty, energy-rich and vitamin-packed. It's easy to make, too—only remember it is important to use pieces of mince meat from the 9-oz. condensed package of mince meat. Here's how:

Mince Meat Waldorf Salad (Serves 4)
1/2 of the 9-oz. package of condensed mince meat
2 cups diced unpeeled red apples
1/2 cup chopped celery
1/4 cup coarsely broken walnut meats
A few walnut halves
4 lettuce leaf cups

Break mince meat into small pieces. Dice apple and celery. Add nut meats and toss lightly. Add 1/2 the recipe of honey fruit dressing and let marinate for a few hours or overnight. Place a large spoonful of Waldorf salad on a lettuce cup, garnish with pineapple wedges or fresh strawberries and serve well chilled with the rest of the dressing. Place a walnut half on top of each serving.

Honey Fruit Dressing (Yield: 1 1/2 cups)
1/2 cup salad oil
6 tablespoons lemon juice
1 teaspoon salt
1/2 cup honey
Place all ingredients in jar. Shake well before using.

Recommends Using Bananas For Delicious, Quickie Dessert

Another delightful dessert that requires no cooking is bananas served in the peel. Cut off the tops of both ends of a fully ripe banana which has yellow peel flecked with brown. Remove a lengthwise section of the peel, about 1 1/2 inch slices, being careful not to cut thru peel. Sprinkle with your favorite fruit juice. Top with coconut or sprinkle with ground cinnamon or nutmeg, if desired.

crushed graham crackers, fully ripe sliced bananas and whipped cream. That makes a delicious Banana Pudding.

These dessert shortcuts make it fun to be lazy and fun for your family at the dinner table because fresh banana desserts are as enjoyable as they are easy to make.

Plastic draperies which are faded make wonderful bags or slipcovers in which to store clothing as well as linens. Just fold the draperies and sew the two sides together.

Colored Hose Makes Debut

There's colorful news afoot in the hosiery world, as shoes open up for spring and summer wear. Because this spring opening bares more of the foot, women are becoming more stocking-conscious—and taking to newly colored hose as a result.

The "blended look" above and below the hemline includes novelty. Pastels, for instance, follow the lead of the new pastel shoe leathers. Stockings appear in pale pink, champagne, yellow and particularly pale blue, which blends so well with spring navy.

Gray is very much in evidence, melting into new gray ensembles. The snook colors, while seen less frequently than others, are still more popular than ever before. Purples, deep pinks, strong yellows and bright blues make up the gayest notes in spring footwear.

Reds, so important in shoes, are missing in stockings. Instead, they are subtly blended with pinky stockings tones or else contrasted with gray.

Avocado-colored shoes get the blend treatment also, with yellowed beige hose. Some, however, are a true avocado.

Open-Face Sandwich Meets Snack Needs

Snacks are in demand most any hour of the day—when Junior comes in from playing, after the show, when the gang meets at your house or for a Sunday eve bit to eat.

Here are two open-faced sandwiches that fill the requirement for a snack. They look good, taste good and may be prepared in a hurry. A bacon-egg combination is one you'll serve time and again. For this dish, dice bacon and cook until crisp, then combine with hard-cooked egg and mayonnaise to moisten. Plan on two slices of bacon and one egg per sandwich. Spread on single slices of bread. If for Sunday evening complete your snack with a sliced tomato, cucumber and onion salad. You might have a light dessert of fruit cup and cookies.

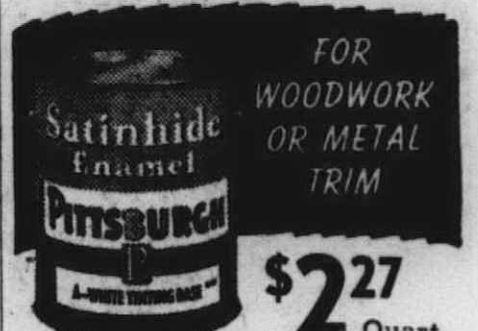

Bacon and applesauce combine for a second treat. Cut strips of bacon in half, then cook until

Researchers have come up with a fat-free, yellow-shaped, puffed potato tidbit that can be flavored and has a crunchy texture and toasted color. It's good for out-of-hand eating, in soups and stuffings.

LIGHTFOOT HEATING

Want to feel like a pilot feels?

Today's the day to "Join The Test Pilot Club" and see what a thrill you get when you try Variable Pitch Dynaflo!

We're not kidding. When you try a '55 Buick with Variable Pitch Dynaflo, you'll feel like a pilot does when he heads his plane down a runway for take-off. For you, in the driver's seat, are doing what that pilot does—you're changing the pitch of your propellers—one way for instant response on getaway—another way for better gas mileage in cruising. Your propellers are whirling in oil, deep inside the Dynaflo unit. When you press the pedal in the normal way, you hold

those propellers in their economy angle—and you enjoy plenty more miles from your gasoline. But when you want instant acceleration—for quick getaway, or for a sudden safety-surge of emergency power—you just press the pedal way down, and—with absolute smoothness—you get the action you want, and split-second quick. It's the thrill that's the talk of the industry—performance unlike anything you have ever known before on the ground.

And so many folks have been asking to try it that we Buick dealers across America have set up April as "Test Pilot Club" Month. All it takes to join the "Club" is a test drive at the wheel of a new Buick. That's all. So we cordially invite you to win your "wings"—to try the spectacular performance of Variable Pitch Dynaflo—and to feel the mighty V8 power that puts the whip to these gorgeous new Buick beauties. Drop in this week.

Local Delivered Price of the 1955 Buick SPECIAL \$2251⁸⁸
2-Door, 6-Passenger Sedan, Model 48 (illustrated) is
Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities. Even the factory-installed extras you may want are bargains, such as: Heater & Defroster—\$81.70; Radio & Antenna—\$92.50.

Thrill of the year is Buick

HOTTEST BUICK IN HISTORY
No wonder you see so many '55 Buicks on the highways—they're rolling up bigger sales than ever before in history—tapping the popularity that has already made Buick one of the "Big Three" of America's best sellers.

Sold a sleuth: Ah! The mystery's unraveled!—About cars that "take off like a javelin." But with Dynaflo's switch Or it's Variable Pitch—You were here. Now you're there. Boy, that's travelin'! (Why don't you try a Buick?)

BUILDING NEWS

Helpful Hints Concerning Building, Remodeling, Repairing & Redecorating

REMODEL
or
BUILD

HERE'S A GLIMPSE OF THE ULTRA-MODERN KITCHEN in the new "all electric" model home of Kenneth Ramseyer, 9284 Morrison, in Rocker subdivision. This view is through the folding louvered window above the kitchen sink. The kitchen is completely panelled in mahogany. Notice the built-in Thermador electric oven and range. The refrigerator is at the left. All units are arranged for maximum convenience with modern, certified, electric lighting and wiring specially installed with the approval of Detroit Edison Co. This home was open for public inspection recently and was designed and built by Ramseyer, of Turk and Ramsey Builders, local building firm.

Light Conditioning - Important Feature When Buying or Building Your Home

Lighting is an important nighttime necessity in any home—large or small, new or old. But, with today's new trends, it's lots more than just a means of seeing your way from one room to another.

New ideas in home lighting are as important to modern living as new miracle fabrics, labor-saving detergents or automatic appliances. While today's lighting is designed for beauty and comfort, naturally for purely practical purposes, good lighting must be functional. It helps you see to do a job quickly and safely with as little strain as possible.

If you want to be sure you get all the benefits of good lighting, don't expect to second guess what you need and want after you buy or build. When selecting a new house, look for good lighting. Make sure to get the most for your money by planning your lighting to suit your own family's pattern of living before you move in. Many builders are offering "pre-tested" light conditioned homes which assure a maximum of lighting beauty, comfort and safety in every style home in every price range. By following light-conditioning recipes developed by the Lighting Laboratories of General Electric Lamp Division, builders know exactly what equipment to use and where to place it for best results.

Newest and most popular trend in modern home lighting is lighted valances. These long lines of fluorescent light concealed in decorative valances over windows or along walls create a sense of spaciousness and a glowing sunshine effect by night. As shown in the picture above, this newest means of creating soft background lighting blends with all types of decorating. Women particularly enjoy the additional beauty lighted valances give to draperies and window hangings by bringing out color and texture of fabrics and shades.

For older homes you can build these valances yourself in the home workshop by following diagram above. Use ready-wired channel strip and finish your valance face board to harmonize with your decorating.

In the room pictured above deluxe warm white fluorescent lights blend, with the cozy warmth of the filament bulbs in floor and table lamps.

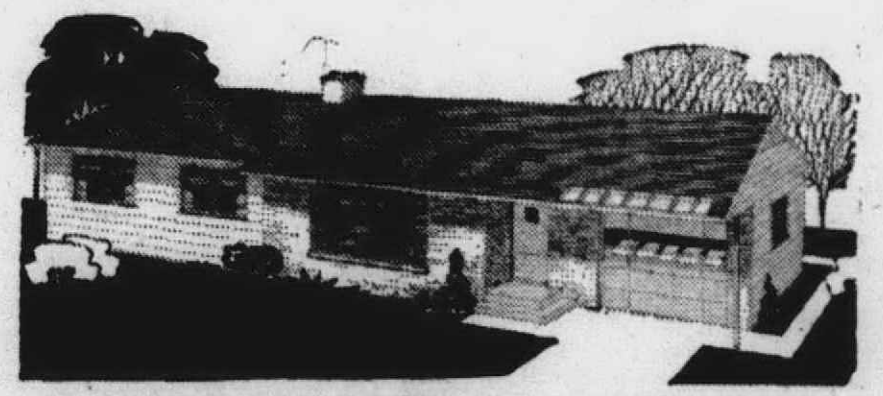

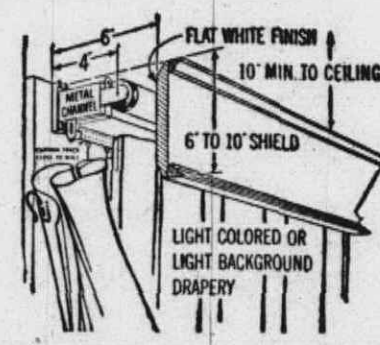

Another idea which is fast becoming a must for homes with

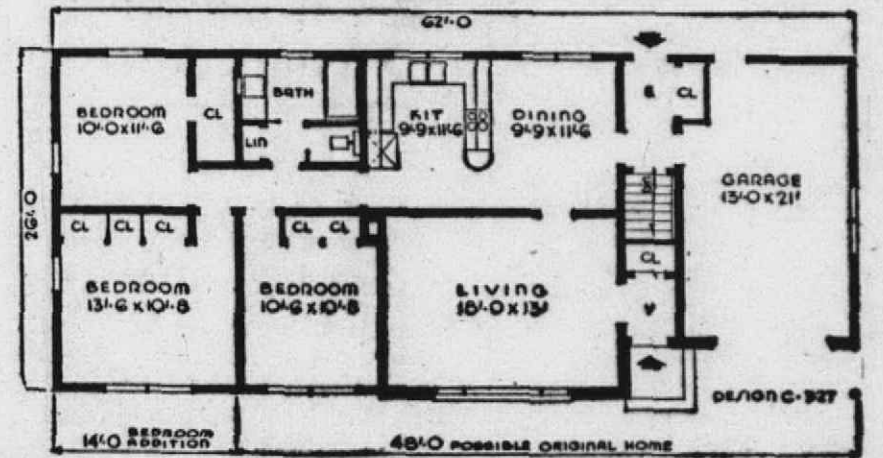

built-in planter-room dividers is ceiling spotlights. Notice in the photograph how two spotlights, (with swivel sockets that turn) attached to ceiling beams, direct light downward on the greens to give interesting highlights and shadow.

The homemaker completes her light-conditioned living room by providing the right floor or table lamp for each reading location in the room. G-E home lighting authorities suggest you'll get most pleasure out of lamps with more than one level of lighting. Turn them on high for reading, sewing or games, medium for TV

viewing and on low for casual conversation. Choose ensembles when buying new lamps or, try improving your present lamps with matching shades for a more harmonious appearance.

A SMALL HOUSE PLANNING BUREAU DESIGN NO. C-327

DESIGN C-327. This house is especially interesting because it can be built in two units, the first consisting of one bedroom and the second of two end bedrooms. Such an addition would call for a minimum of alteration on the first unit. Plans call for frame construction, siding with partial stone facing, asphalt shingles, covered entrance, attached garage and full basement. There are three bedrooms with liberal closet space, large bathroom, living room and combination kitchen-dining room. Floor area is 1243 square feet and cubage is 23,617 cubic feet, not including garage. For further information about DESIGN C-327, write the Building Editor, The Plymouth Mail.

Sign of Progress

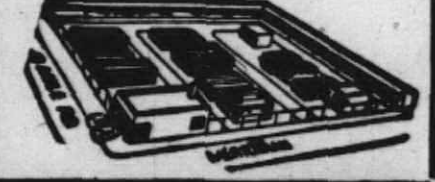

Housing is a good index to the economic health of the nation. Its vigorous activity has meant jobs and high incomes for millions of people. Most experts foresee a continued increase in the number of new homes built and a steady increase in quality, too. The demand is tremendous, spurred by: a rapidly expanding population, couples marrying at an early age, the trend to larger families. The typical new home desired by the new generations includes three instead of two bedrooms, one and one-half to two bathrooms, and space-saving built-in features. By way of quality, they want durable and economical clay tile surfacing in bathrooms and kitchens; seasoned lumber for the house's structure; and air-conditioning and automatic heat for convenience and comfort.

The largest state park in the United States is Porcupine Mountain State Park, located in Michigan's Upper Peninsula. It contains 41,925 acres of timbered highlands.

The big cost in any repair or remodeling job is not materials but labor. It pays in the long run, therefore, to use a waterproof material such as clay tile in modernizing the bathroom, for tile is permanent.

HERE'S HOW... MAKE FLOWER BOXES

Attractive flower boxes are easy to make. For the window-box type (A), make the ends first, add the bottom board, allowing it to extend beyond the edges of the ends, and then plane off the excess to the slope of the ends. Add the sides, allowing them to extend slightly above and beneath the ends; plane to produce an even top and bottom surface. For both A and B use 6-penny non-rusting nails for fastening, and decay-resistant or preservative treated lumber, 1-inch thick. Flower decorators are drawn as shown, using 1-inch squares as guides, on 3/4-inch plywood. Cut them out with a coping saw, paint them, and fasten to the box with 3/8-inch brads. For Box B make the ends first. Draw the shape of the sloping legs, and drill the 2-inch hole before sawing out the leg shapes. Mark off the recesses for the side boards, using a side board as a guide, and saw each end carefully to match. Assemble by adding the bottom; then the two sides. Bore about six 1/2-inch holes in the bottom of each box for drainage.

Gadget Walls Are Space Savers In Compact Modern Dwellings

Gadget walls—more than mere architectural baubles—are finding their rightful niche in today's compact home interiors. In many of the modern smaller homes, storage space is at a premium. It is difficult to break up different areas of work and play without reducing each room area to the dimensions of a closet. Some of the rooms are box-like without any finishing touches to give them a look of individuality. Here's where the gadget walls come in.

To separate dining from living areas, home owners have found that a wall suggestion, such as simple, wide-spaced louvers of west coast hemlock give a spacious airy look while marking the areas of use. To separate dining from kitchen, the peninsula with built-in storage for dishes and linen, will double as a snack bar. These storage peninsulas can be put to use in almost any part of the house. They are easily adaptable to any size area if constructed of versatile Douglas fir, western red cedar or west coast hemlock. Cleverly designed shelving around the fireplace, finished in a natural wood or painted, will dress up a stark wall, and furnish a display rack for cherished art objects, plants or books. The family room is a veritable paradise for these handy installations. Locked gun cabinet, audio wall for television and hi-fidelity equipment, and one wall can become a neat sewing cabinet for mother, with place for patterns, dress form, sewing machine and pull down cutting table. When not in use, the entire unit can be folded away.

These Events Were News

50 Years Ago

April 14, 1905

A meeting of independent telephone managers will be held at Northville today. The Plymouth line will be represented by Chauncey Rauch.

The Daisy Manufacturing company expects to "raise the roof" on their main building this summer and add another floor. They haven't room enough at present for their increasing business.

Arthur Cable having taken up his residence in Plymouth, band meetings will again be held. It is expected the band will turn out for the opening ball game at the new park next week Saturday afternoon.

George Richwine took his wife and a party of friends out riding Sunday afternoon when the team became frightened and ran away, coming down Main street from the railroad crossing at a terrific pace. George succeeded in keeping the horses in the road and they were stopped near the hotel. The occupants of the carriage were badly frightened, and the ride was temporarily abandoned.

F. W. Beals has issued a neat pamphlet which he styles "Price List of the Frank W. Beals Newspaper and Magazine Agency." It also contains some local advertising and will be distributed to a thousand persons within the next few days. Mr. Beals believes in pushing things, and he is a hustler.

A lady writes The Mail a complaint because certain boys do not attend school regularly. If she will make her complaint to the truant officer, it may be attended to.

of Ypsilanti, and Mrs. Janie Freeman of Denton, called on Mrs. Eva Freeman and Mrs. Frank Dicks last Sunday afternoon. Stuart Rambo was home from the Culver Military academy, the latter part of last week.

Professor and Mrs. Hoenecke of Saginaw spent the week with their son, Reverend Hoenecke and family.

J. E. Dayton underwent a successful operation for appendicitis at University hospital, Monday morning. He is getting along nicely at this writing.

L. L. Ball attended the semi-annual meeting of the Michigan Photographic society, which was held in Lansing, Monday and Tuesday.

Arthur Allen and family were Sunday callers at the Home of Joe Zielaso of Newburg.

10 Years Ago

April 13, 1945

As a sort of farewell gesture to his teachers and fellow employees of many years, School Superintendent George A. Smith last week revived his annual custom of holding a "fritter fry" for them in the school lunch room. He mixed all the batter himself for the 77 teachers who attended and ate their fill.

Mr. and Mrs. J. W. Blickenstaff, Mr. and Mrs. John McLara, Mr. and Mrs. Maxwell Moon, Mr. and Mrs. E. V. Jolliffe and Dr. and Mrs. John L. Olsaver were dinner bridge guests, Thursday evening, of Mr. and Mrs. W. W. Lavers in Rosedale Park, having dinner at Botsford Tavern preceding bridge.

Mr. and Mrs. Charles Rathburn, Mr. and Mrs. Harry Mumby and Mr. and Mrs. Harry Brown are to be dinner bridge guests Saturday evening of Mr. and Mrs. LeRoy Jewell on Ann Arbor road.

Frank Dunn was given a surprise Saturday evening when a number of old friends and relatives joined him and Mrs. Dunn in celebrating his birthday anniversary. Visiting and the playing of games followed by dainty refreshments was the evening's entertainment. The guests were Dr. and Mrs. H. A. Mason and Miss Carrie Brooks of Detroit, Mr. and Mrs. William P. Wernett, Mr. and Mrs. Ralph Cole, Mr. and Mrs. Orr Passage, Mr. and Mrs. James Dunn, Mr. and Mrs. Fred Stocken, Mr. and Mrs. Ivan E. Baldwin and Mrs. Harry Davis.

Mrs. Berle Fisher and daughter Sandra left Tuesday to spend a few weeks with her parents in Ashtabula, Ohio.

"Does your public continue to enjoy your after-dinner speeches?"

"Yes," answered Senator Sorghum. "Friends are not particularly attentive to my talk. But the fact that I manage to eat abundantly is a matter of admiring interest."

ABOUT YOUR LAWN AND GARDEN

Flowers, Food Grow Together In This Garden

A treat for eyes as well as appetites, can be enjoyed by home gardeners who place on their tables flowers as well as vegetables grown in their own gardens.

Not that a well-kept vegetable garden with its straight rows of plants in varying tones of green, needs floral adornment. It delights the heart of its possessor to look upon it.

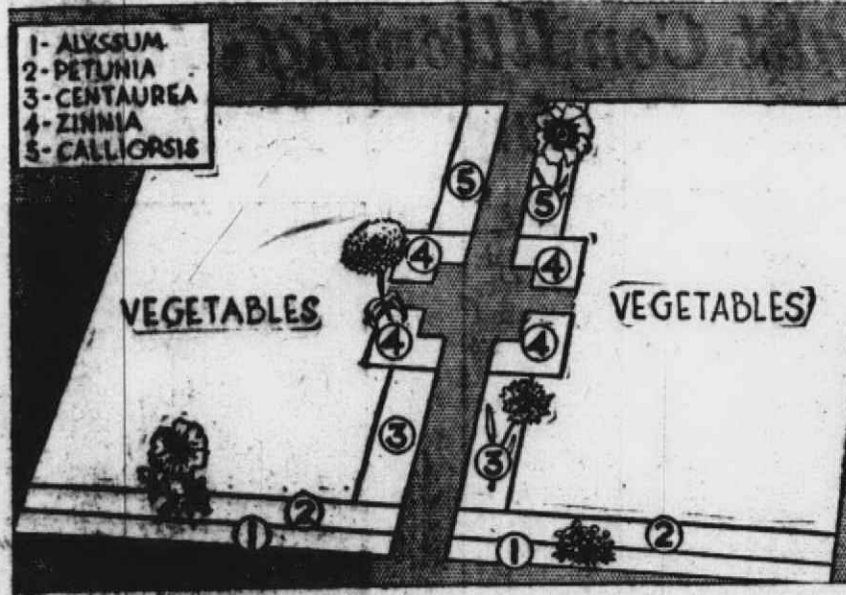

But in the eyes of a visiting friend it may be even more beautiful, if among the vegetable plants and along the paths and boundaries, flowers have been skillfully placed.

Flowers like to grow in a vegetable garden. They like the sunshine, the regular watering, abundant room, the clean cultivation. These are conditions rarely found in crowded borders, too often overshadowed.

This is so true that many flower specialists, who start out growing their favorites in decorative borders, for landscape effect, soon abandon this method in favor of straight rows, which are so easy to keep clear of weeds, to water and fertilize, and which insures each plant an abundance of root-room.

Instead of landscape effect, they find their pleasure in perfect plants, and ideal flowers which are usually cut and carried into the house to enjoy. Much the same attitude should govern the amateur who selects flowers to grow in vegetable garden rows. They should be the kind that make fine cut flowers, growing upright on strong, long stems. These will keep their proper place, and will not interfere with cultivating.

On the boundaries of the garden, and bordering the paths, sprawling plants can be grown, but keep them out of the row section. The plan which accompanies this discussion shows an attractive way to lay out the vegetable plot. Alyssum and petunias are used for border planting; bachelor buttons, calliopsis and giant zinnias for row planting. These are all excellent subjects for the purpose, and should be included in any planting, but there are many other annual flowers from which you may choose, in order to adapt the same idea to your own garden.

When space is limited an attractive garden can be made where vegetables and flowers grow together.

On Old Mission Peninsula near Traverse City, cherry trees grow 20,000 to the square mile. This is the greatest concentration of cherry trees in America.

More than 100,000 different kinds of sea shells are known and named. They range in size from the microscopic to some weighing more than 500 pounds.

Health Board Seeks United Sewer Policy

A letter sent to each city, village and township in western Wayne county by the Wayne County Department of Health has urged that every effort be made to develop a county-wide policy concerning sewer construction to off-set insanitary conditions being created throughout densely populated areas.

Roy Lindsay, supervisor of Plymouth township, said that the health department's letter warns about a health situation which needs "immediate consideration by all public agencies concerned."

According to Dr. Earl H. Engel, chairman of the board of health, "it is the recommendation of this board that all future sewer construction in the Wayne county area be limited to separate sewer systems and that all storm water

overflow construction be discontinued unless the discharge of the overflow from the combined sewer can be emptied into the Detroit river which provides adequate dilution."

Dr. Engel points out that sewage solids are being carried by the Milk river through the high-class residential districts of

Grosse Pointe; it flows in the Lola Valley park area, making it necessary to keep the park closed for extended periods; through Dearborn by the lower branch of the Rouge river; and into Ecorse creek which flows along Wyandotte properties. Children have been observed playing in areas contaminated with sewage solids, he added.

See how Mercury costs you less — gives you more for your money

HERE'S WHAT YOU GET

Exclusive styling—There's no mistaking a Mercury. Its styling is distinctive—designed for Mercury and Mercury alone.

Super-torque V-8 power—Mercury's performance is as unique as its styling. Horsepower is up to 188 in all Customs and Montereys and 198 in the Montclairs. But more important is the new way Mercury puts this power to work for everyday driving. You enjoy far more usable power for lightning-quick getaways.

Special features at no extra cost—Eight of Mercury's eleven models offer dual exhausts as standard equipment. All models have 4-barrel carburetors, ball-joint suspension, and special high-compression spark plugs.

HERE'S HOW YOU SAVE

1. You can get more for your present car. Our high allowances are based on high-volume sales.

2. Mercury's low prices start below 13 models in the low-price field*.

3. You save on operating costs with Mercury's famous economy and low upkeep.

4. You protect future trade-in value. Mercury consistently leads its field for resale value.

*Based on comparison of manufacturers' suggested list or factory retail prices

KING ARTHUR surrounded by a host of "Knights" is shown above as the group appeared at the "Knights of Old" pageant sponsored recently by the Allen School Cub Scouts Pack No. 743. Costumes and armor were made by the Cubs under the direction of King Arthur himself, Scoutmaster Leonard Cole. Held at the school, the event brought to a close the Cub Scouts' project for March.

White Pine Is Blooming Giant of Michigan Forest

White pine, once king of Michigan forests, is staging a comeback. Where the cutting of "round forties" once left thousands of acres of stumpland, there are growing today new forests. At present there are approximately 437,000 acres of young, fully stocked white pine stands. During the past four years, the white pine acreage has increased by approximately 41,000 acres. White pines have two major enemies—forest fires and blister rust. Both are being effectively controlled in Michigan. White pine blister rust is a disease that came to this country from Europe early in the century. It has spread to all important

white pine regions of the United States and Canada. The first report of white pine blister rust in Michigan was in 1916. In order to propagate and spread through a white pine stand, the disease has to grow during summer months on the leaves of currant and gooseberry plants. It cannot spread directly from one white pine to another. The spread of infection is halted by destroying currant and gooseberry plants growing in pine stands or within a 300-foot radius. An effective control program of this kind is being carried out co-operatively between the Bureau of Plant Industry of the Michigan Department of Agriculture and the U.S. Forest Service. Approximately 89 percent of the white pine in Michigan has been given initial protection to date. Last year 18,236 acres of white pine were protected by destroying 381,151 gooseberry and currant plants. Records in the Michigan Department of Agriculture show that on the average one man working one day can afford this protection for six acres of white pines.

Report Earnings Down Despite More Business

The Michigan Bell Telephone Company recently reported that its return on investment failed to improve in 1954 despite a substantially increased volume of business. President Clifton W. Phalen, in releasing the company's annual report, said "earnings were at the inadequate level of six per cent in investment in net plant and other assets—no better than 1953. A wage settlement reached in June added \$2,500,000 a year to the company's payroll costs. Had this been effective throughout the year, earnings would have been even lower."

In a year highlighted by the company's increased emphasis on merchandising its service, Phalen cited continued service improvements and new highs in the number of telephones and volume of calls. The backlog of orders for individual-line and other higher grades of service was sharply reduced. The company spent \$52 million in new construction. Federal excise tax cuts reduced telephone bills an average of 50 cents a month. "In no peacetime years," Phalen said, "has the company done more in service to the Military and Civil Defense."

Michigan Bell handled an average of more than 11 million calls a day, including 223,000 long distance messages. It served nearly 2,250,000 telephones at the end of the year, a gain of 100,000 which approximated the increase of the year before. Eighty-five per cent of the families in the company's territory have service against 55 per cent right after World War II. The 1954 expansion program raised Michigan Bell's construction past the \$422 million mark during the postwar period. Company taxes increased from \$1.29 to \$1.33 per telephone per month in 1954 while total telephone taxes, including the excise tax, amounted to \$2.16 per telephone per month. As the state's fourth largest employer, Michigan Bell paid out more than \$100 million in wages and salaries to its 24,000 employees.

MEN IN SERVICE

John W. Stull

Private First Class John W. Stull, 22, son of Mr. and Mrs. Harold J. Stull, 10005 Berwick, Livonia, is among 26,000 soldiers slated to participate in Exercise Apple Jack during May at the Yakima Firing Center near Fort Lewis, Washington. Apple Jack will test the efficiency of infantry and support units in mountainous and desert terrain. The simulated use of atomic weapons will be one of the conditions of the exercise. Stull, a personnel clerk in Headquarters company of the second Infantry Division's Medical battalion at Fort Lewis, entered the Army in September 1953. A 1951 graduate of Bentley high school in Livonia, he attended the University of Michigan.

Kite Flying Gets More Dangerous

Spring winds remind us that today's jet-age youngsters still have at least one thing in common with the children of yesterday—the love of watching the graceful antics of an airborne kite. But kite-flying now isn't as trouble-free as it was when granddad was a boy. Along with the comforts and pleasures of modern living have come a few drawbacks and hazards which didn't exist when "back forties" were plentiful.

However, R. P. Douglas, head of the Detroit Edison company's safety department, has a few simple rules for keeping the fun in and the danger out of kite-flying. Here they are:

1. Always fly kites in open fields—away from overhead wires and away from streets and roads where traffic is an additional hazard.
2. Use a wooden kite frame; wood is a non-conductor of electricity.
3. Use "plain" kite-string; avoid all tinsel wire or cord that has any appearance of being metallic. Metallic cord can carry electricity to your hand and cause painful injury or fatal shock.
4. If the kite does catch on a pole or tree, leave it there. It's too bad to lose it but making a new kite is fun—and climbing for the old one might result in a fall or electric shock.
5. Never fly your kite during an electrical storm. Ben Franklin used a kite in his experiment with electricity. But he was lucky not to have been killed. When you're running to raise your kite or keep it in the air, watch your step rather than the kite—it may save you a bad jump or tumble. "Kite-flying is a great sport for boys and girls everywhere," Douglas said, "and it can be safe if these rules are observed."

If Noisy Battleships Bother You Take Problem to Univ. of Michigan

There is a division of the University of Michigan that can tell you how to reduce noise in battleships, how a jet engine will run 80,000 feet in the air, and how to fight beach erosion around the Great Lakes. Called the Engineering Research Institute (ERI), this unit has specialized for 34 years in handling tough research prob-

lems from the government, industry and state organizations. Since 1921 it has assigned 2,300 such problems to faculty members throughout the University, and to its own staff of technicians. Last year alone, 1,711 persons worked on 334 projects valued at \$8,000,000. They used the most modern research equipment, including supersonic wind tunnels,

atom smashers, electronic brains, radioactive materials, and the largest college naval tank in the nation. In the case of the noisy battleships, one ERI team has been looking for ways to cut down noise in the smallest motors and the components of the largest warships.

Researchers in another laboratory conducted tests at simulated altitudes of sea level to 80,000 feet. Still another group devises methods for protecting property bordering the Great Lakes. It is once again about time for the graduation orators to begin sipping their horns.

Windstorm Cost Over \$1 Million

The windstorm which struck Plymouth and other parts of the Midwest on March 22, caused an estimated 20,000 to 25,000 losses in the Detroit area and cost between one and one and a half million dollars. This information was revealed this week by the Plymouth Association of Insurance Agents.

Several trees were felled in Plymouth and a large limb crashed through the windshield of a moving car, inflicting minor injuries to the driver.

For public information, the insurance agents association pointed out that if your property ever suffers direct damage by windstorm, the first thing to do is call your insurance agent and give him your estimate of damage. If the damage is covered by your policy, you are advised to have temporary repairs made and reasonably permanent repairs made, provided they are confined to the protection of your building and are made by reliable repairmen.

Keep a record of your expenditures. If the claim is small and you are not in actual distress, be considerate, the agents state. Many others may need help too.

Concerning the March 22 storm, assessment of the needs is being supplied by local agencies and adjustment companies and adjusters will be sent to this area from other sections of the country to assist in the emergency.

Local Auxiliary Honors Panama

Panama, its customs, music and culture, will come to life tonight, April 14, when the Passage-Gayde unit of the American Legion Auxiliary observes Pan American Week, April 11 to 17, with a special meeting at the Veterans Memorial Home.

The observance, incorporated into the organization's regular business meeting, is part of the Auxiliary's Pan-American study program, designed to increase understandings of the republics of Central and South America. Similar meetings are being conducted by Auxiliary units throughout the country during this week.

The observance here will be directed by Mrs. Marilyn Moore, Chairman of the Auxiliary's Pan-American study program, assisted by the members of her committee. A talk on inter-American relations will be given by Mrs. Moore.

The public is cordially invited to attend this meeting.

The fastest train run in the United States was recorded in 1905, when the train now known as the Broadway Limited covered three miles in 85 seconds, traveling at a rate of 127 miles an hour.

OUTDOOR NOTES From The MICHIGAN DEPARTMENT OF CONSERVATION

The extended spring rainbow trout fishing season got under way last Saturday, April 9, on certain lakes and streams throughout Michigan. Fishing will be allowed on certain waters in 10 upper and 15 lower peninsula counties.

Rainbows spawn upstream out of the Great Lakes during spring and fall and in certain streams would be wasted if not taken by fishermen. Annually, thousands of anglers try for the big steel-colored fighters. The season runs into the opening of the general trout season, slated April 30 this year.

Six public agencies and a number of large forest industries are working together again this year to detect and study insects and diseases in Michigan forests.

Two federal agencies, Michigan State College, the University of Michigan, the state department of agriculture and the conservation department are included.

Various aspects of the forest health problem have been parcelled out to agencies best qualified to handle them. Twelve "critical" insects, which have caused considerable damage, are slated for most attention.

A small study plot near Cadillac will be sprayed in the near future to see if the European pine shootmoth can better be controlled in the spring than later in the summer. Pine budworms will be

Warns Farmers, Seed Dealers About State Law

Many Michigan farmers are unknowingly violating the state seed law when they advertise their own seed for sale without first having it tested.

This was disclosed by Director C. S. McIntyre of the Michigan Department of Agriculture following receipt of a report from Edward R. Zemmer, chief of the department's bureau of agricultural industry, which operates the state's seed testing laboratory.

The Michigan seed law requires that seed be tested before it is advertised for sale. This includes farmers as well as seed dealers, and is for the purpose of assuring that the seed from which crops are to be grown is of proper germination and purity and free from noxious weed seed.

Tests must show amount of pure seed, other crop seed, inert matter, amount of weed seeds which must be free of primary noxious weeds and have only a limited number of secondary noxious weeds and buckhorn. Such tests cannot be more than nine months old.

The Department's seed testing laboratory is in the Cass building at Lansing. Tests are made at less than cost at \$1 a test for such things as clovers, timothy and alfalfa. Crop mixtures are \$1 per ingredient running more than five percent of total. Usually a cupful of small seed is enough for a test, while a quart is needed in the case of oats and other grains.

Many lots of seed being offered by farmers are mixed and contain primary and secondary noxious weed seeds. When these weeds become established on farms they are hard to eradicate.

"Farmers who are interested in buying seeds should insist on seeing purity and germination test results before risking their money," Mr. McIntyre advised. In cases of commercial seed the tag on the container should always be read carefully.

collected in Luce county forests this week to check infestations there.

The spruce budworm and European pine shootmoth will be studied on Keweenaw peninsula, the red-headed pine sawfly will be surveyed in Leelanau and Schoolcraft counties and checks of the tent caterpillar will be made throughout northern Michigan.

Spring has come, it seems, even to Michigan's northernmost outpost. That windy station is Fort Wilkins state park on the tip of the Keweenaw peninsula.

Mac Frimodig, manager of the park, wrote his weather report this week:

"Just glanced out the office window and saw my three-year-old son lying asleep atop a six-foot snowbank. Last week, he fell asleep inside one of the trash containers out by the shop. These mid-twenty temperatures sure make a fellow doggy."

"The 'First Robin' is a fake. He has been with us all winter, and is no more a reliable harbinger of spring than the shop windows which begin showing clothes for the Fourth of July the day after New Year's."

Thus starts the article "Tides on The Wing" in the March-April issue of Michigan Conservation, official magazine of the state conservation department.

The article, written by Donald W. Douglass of the department's game division, points out the way birds migrate, how temperatures affect these movements, how the movements themselves occur.

The issue contains a number of other articles, pictures and short features on conservation. The magazine is available from the department's education division at Lansing, 26.

Now is the time to see and photograph waterfowl concentrations in Michigan. Conservation department field workers report that large clusters of ducks, geese, and swans are passing through migration resting areas along Michigan's Great Lakes shorelines.

One of the best ways to learn about fish is to go down where they live and swim with them.

Conservation department researchers tried this on a small scale last year with such success that frogman tactics will be standard procedure in many fish studies from now on.

Garbed in cold-water suits, weighted belts, oxygen tanks, masks and flippers, biologists add materially to their knowledge of fish habits through underwater observations.

Oddly enough, the fish don't seem to mind the intrusions. Actually, they almost welcome visits to their spawning nests and some even form schools around their visitors.

Lake bottoms will come in for expanded study with the new method; so, too, will research on the distribution of fish in inland

lakes. More accurate estimates of fish populations may be possible.

The entire program of warm-water fish management and research will be able to use information frogmen bring up with them from Michigan's watery depths, fisheries workers say.

Compliments and a dollar bill "to help a little in wildlife" came to conservation department offices from an Indian hunter this week.

Robert E. Frame of South Bend reported that he hunted five days at Swan Creek wildlife area in southwestern Michigan, used up one box of shells and bagged nothing. He said he hoped to have the privilege of hunting again this fall.

"We get a lot of letters of appreciation from Indiana hunters," said Charles Freiley, in charge of the station. "On the other hand, Michigan hunters seldom write." The \$1 was returned to Frame.

Freiley pointed out that the hunting license fee and the Pittman-Robertson tax on the shells he fired will help Swan Creek waterfowl in established wildlife programs.

Is your camera insured?

Those who enjoy photography as a hobby know how expensive cameras, projectors, enlargers, meters, lenses, etc. can really be. For many it has taken years to accumulate such costly equipment, and the thought of having to replace such items, due to their loss or damage, is painful to contemplate. It's inexpensive to protect your investment from fire, theft and other perils with a **Camera Floater Policy**, no matter where the equipment is used—at home, when traveling, anywhere.
