

Asks Officials To Annex Factory Site

Petitions for annexation to the city of over 35 acres of the Roderick Cassidy farm have been formally presented to the Plymouth township board and Plymouth city commission. The land is that on which an option is held by the Western Electric company.

Cassidy's petition was presented to the township board Wednesday of last week with several attorneys and company representatives attending the board meeting, along with Mr. and Mrs. Cassidy. Only Mr. Cassidy was present when he presented the petition to the city commission Monday night.

An affirmative vote by both the city commission and township board is necessary to annex the parcel. If either group does not approve the annexation, Cassidy has a petition filed with county supervisors asking for an election on the issue at which only he and his wife and city electors would vote.

Outcome of last week's presentation to the township board was a promise to make a decision at a meeting on Wednesday, June 15. The city commission voted Monday to vote on the annexation petition as soon as the township board renders its decision—perhaps at a special meeting the next day.

George Bowles, Cassidy's attorney, presented the petition to the township board and explained Western Electric's plans to construct a building to be completed by November 1957.

In his presentation of the petition to the township board, Attorney Bowles pointed out that the firm plans to provide recreational facilities for its employees in addition to construction of the 350,000 square foot building. The traffic situation would not be great, he added. There would be six or seven loaded outbound trucks a day and about 16 inbound trucks.

The plant would be operated on a one-shift basis with work beginning at 7:30 a. m. and ending at 4:30 p. m., thus not conflicting with school hours, Bowles declared.

As for plant operation, the board was told that Western Electric would be engaged in maintenance and distribution work and would not be a noisy or dirty operation. He added that workers must be high school graduates and that turnover is only 25 per cent of that in other plants.

"These, I believe, are employees that would fit into a good community such as Plymouth township and Plymouth city and be a due credit to the civic life of these communities," Bowles pointed out.

Cassidy stated that Western Electric is noted for its continuity of employment, having been no general layoffs since 1937 and little labor difficulties.

Clifford VanBlarcon, one of the attorneys for the company, told the board that "We'd like to be located on this particular piece of land. However, we knew that our operation would be such that it would need certain facilities, and therefore we have to make a condition of requiring that annexation be accomplished, and if annexation is not accomplished, we would not be able to locate on this property."

"I do hope that favorable action will be taken by this board. I can say for my own personal experience with Western Electric that they have an operation that will be a great credit to your community. You could not find a better one."

Earl Demel, the township attorney, asked why Western Electric is taking the position that unless the parcel is annexed to the city of Plymouth, the project cannot go through? VanBlarcon answered that the company understood that only the city could furnish the utilities such as water and sanitary sewer.

"Was any attempt made to ascertain if those facilities could be obtained if this site remained as township property?" Demel inquired.

A spokesman for the company answered that "Our position is that the township does not have water or sanitary sewer services in that area."

Demel declared that it is a matter of public interest and there have been incidents where the city has furnished water in the township. The proposed school on Sheldon road has been guaranteed water, he pointed out. VanBlarcon asserted that "It isn't a question of who could give them to us, we have to have them. We have to have annexation, that is what we thought, and I haven't seen anything to change the picture."

Demel then asked if the company has considered the problem of a zoning change. "An attempt was made to rezone the property of the railroad from 1,000 feet from Sheldon to Beck roads. This was met with such a roar of protest that it was abandoned."

Cassidy answered this question by stating that he had talked with some of the residents on Ridgewood drive whose homes back up to the proposed industry site and he has found that they do not object.

Township Treasurer Elizabeth Holmes asked directly if Western Electric has asked the city for facilities? A company spokesman

Township Study Group Delivers Final Report

Recommends Township Status be Retained; Asks Incorporation, Annex Petition Recall

A final report from the Plymouth Township Study committee has recommended that the township retain its present form of government, that water and sewer facilities be constructed as soon as possible, and that petitions for incorporation of the township into a city and for annexing the township to the city be withdrawn.

As a last-minute addition to the report, the Study committee also asked that the group be dissolved by the township board.

City Study Group's Report Coming Up

Formed three months ago by appointment of the township board, the Study committee has met periodically to discuss various township problems revolving around the furnishing of facilities such as water and sewer. The report approved at Monday night's meeting included a summary of their findings and recommendations.

Although the Study committee was formed primarily to determine if incorporation to the city was advisable, the group also delved into the question of whether or not the township should become a city surrounding Plymouth. The report not only recommended that the incorporation petition be withdrawn, but that proper authorities withdraw the petition asking for a vote on township annexation to the city.

Since the Study committee was appointed by the township board, only the board can dissolve the committee as it has asked.

Here is the full report of the Plymouth Township Study committee:

1. The Plymouth Township Study Committee has had a number of meetings of the Committee and sub-committees since early in March of 1955 and with due consideration to all of the information that the Committee has gathered, the Committee recommends to the Plymouth Township Board that Plymouth Township retain a township form of government at this time for the best interest of the majority of residents in Plymouth Township for the following reasons:

a. Generally all of the homes in Plymouth Township are provided with the necessary facilities which make good living conditions, such as heat, light, water, sewage disposal, rubbish disposal, good roads, police protection, fire protection, zoning protection, library service, good schools, school buses, etc.

b. For services received from the operation of the Township government, the tax rate is \$1.04 per thousand. For the same services and additional services, the tax rate in the City of Plymouth is \$15.50 per thousand which is 15 times as much to obtain the necessities facilities plus a few extra benefits. The Township roads are maintained by the Wayne County Road Commission at practically no cost to the Township. The Township police protection is furnished by the Wayne County Sheriff's Department at no direct cost to the Township. The Township has 5 employees with a population estimated at 5900, which means that each 1200 people support one Township employee while in the City of Plymouth there are approximately 60 employees with an estimated population of 7600, which means that each 130 people, including men, women and children, support one person on the City payroll.

2. There are some areas in the Township that have developed to such an extent that individual wells are not satisfactory for a water supply and the residents are in dire need of a Public Water Supply. It is recommended by the Plymouth Township Board that a Township Water System be started as soon as possible using wells with the idea of continuous expansion to serve all of the areas within Plymouth Township as the need arises.

This Committee realizes that a well water source is not the final answer to the water problem. From the information that this Committee has obtained it is understood that the Wayne County Metropolitan Water Supply System is to build a water filtration plant on the shores of Lake Erie to supply western Wayne County with water, which supply should be available in the Plymouth area within ten years. It is suggested that the Township Board have their Engineers check with the Wayne County Master Water Plan to determine that all of the water facilities that the Township builds, such as pumping stations, reservoirs, water storage tanks, size of water mains, etc., can be utilized in the future in the Wayne County Master Water System.

3. There are a few areas in the Township that have developed to such an extent that septic tanks and drainage fields are no longer suitable for sewage disposal. It is recommended that the Township Board build a sanitary sewer system in these stricken areas as soon as possible. From the information that this Committee has obtained it appears that these sewers could be built through the sale of Revenue Bonds, that each

Commission Disagrees On Water

In a session that lasted just short of four hours city commissioners sweltered through a barrage of business Monday evening which proved to be less routine than the agenda would indicate. Aside from the Roderick Cassidy annexation petition (story elsewhere on this page) no other details scheduled to be discussed indicated any necessity for prolonged discussion or controversy.

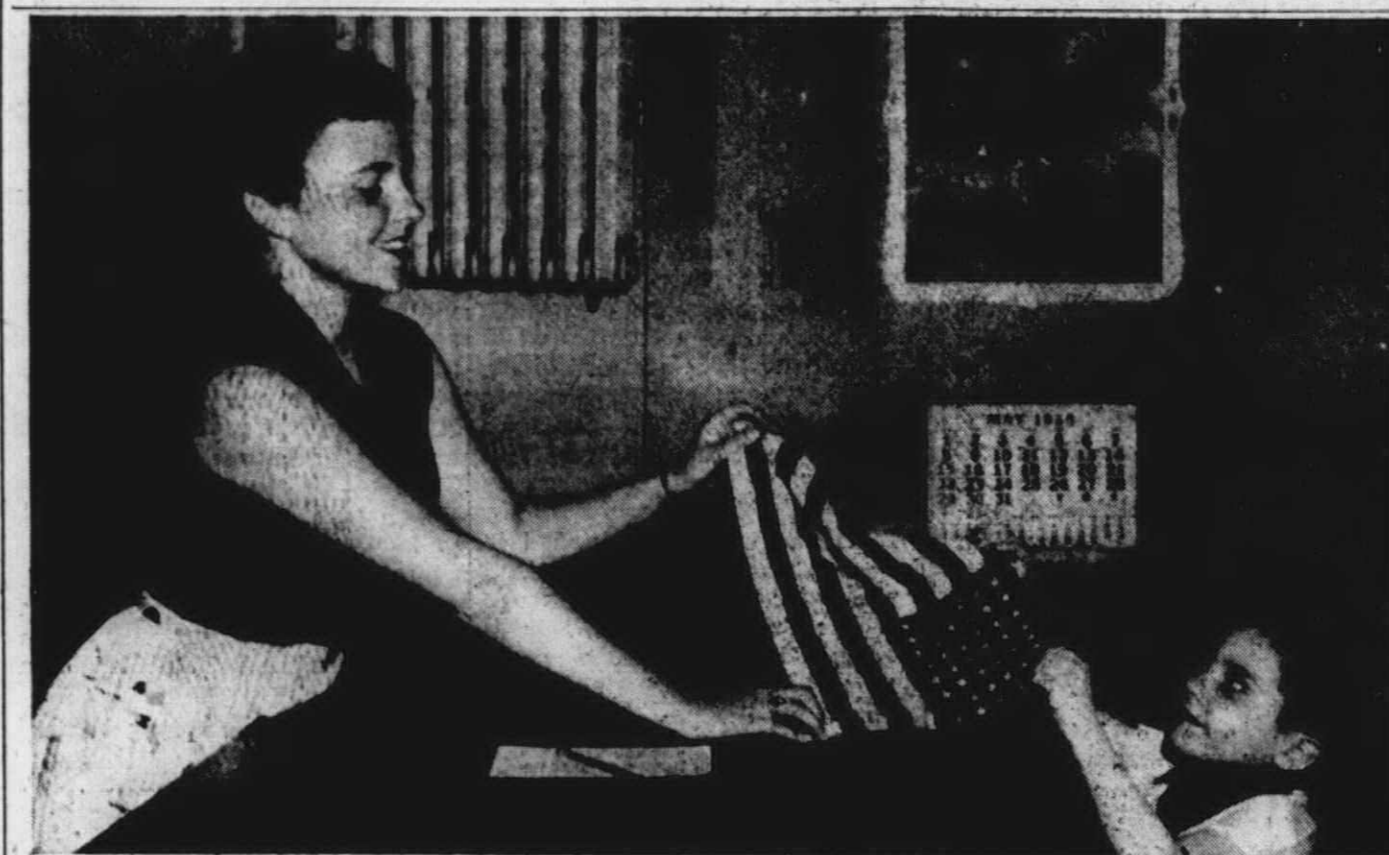

The snag appeared when Jack V. Shy, a resident of Detroit who purchased a lot in Plymouth Colony for the purpose of building his residence here, asked city commissioners to permit him to purchase city water.

For the first time since the commission decided to allow a number of the original homeowners in the Colony to have city water a split in the thinking of city commissioners was voiced.

After Mayor Russell M. Daane had answered Shy's request by saying that it was the city's position to conserve water for the taxpayers of the city, Commissioner Harry Roberts stated that he disagreed with this policy.

Commissioner J. Rusing Cutler took Roberts' position in the discussion stating that "we should eliminate ill-feeling in the township by allowing tap-ins" (in areas bordering the city). Commissioner Marvin Terry pointed out that water engineers had

FLAG DAY is next Tuesday and making sure he has a clean flag for the occasion is five-year-old David Lee Rotarius, son of Mr. and Mrs. Harvey Rotarius, 242 Blunk. The American Legion, in cooperation with five local cleaning establishments, are promoting a free flag cleaning service preceding Flag Day. Peggy Wingard gladly accepts the Stars and Stripes of the patriotic youngster. The flag cleaning campaign extends through Saturday.

Three Men Compete for One School Board Vacancy at Monday's Election

Polls will open at 7 a. m. Monday for an election at which voters will select one of three men to fill a vacancy on the Plymouth Township School district's board of education and decide whether or not the Teacher Tenure act shall be effective here.

Paper ballots will be used for the election instead of voting machines. The only polling place in the school district is the high school.

Harold Fischer

Frank Millington

Stephen Tallian Sr.

Seeking the single board vacancy are Frank Millington, 14900 Beck road; Harold Fischer, 40875 Plymouth road, and Stephen E. Tallian, Sr., 9305 Corrine. The vacancy one of them will fill is the seat now occupied by James Gallimore, board president.

School board terms run three years. Next year, the terms of Horton Booth and Carl Caplin expire. In two years, the terms of Mrs. Kenneth Hulsing and Warren Smith will end.

The following are brief sketches of the three candidates. Each has been asked to state why they are seeking the school board post:

HAROLD FISCHER
Fischer, a horticulturalist, operates a greenhouse at his home. He is a member of the Kiwanis club, First Presbyterian church, is immediate past president of the Allen school P.T.A. and is an active member of the School Community Planning Group, on which he has held several chairmanships. He now has three children in school. He has lived in the Plymouth area all his life.

"I am interested in keeping the school system on its present high level," the candidates stated. "I have been interested in our schools ever since our children started and this interest is a continuing thing. I am not running because I have an axe to grind with anyone. I would, however, like to see the Starkweather school playground situation improved."

FRANK MILLINGTON
Millington, a resident of this community for about four years, is a buyer for the Cadillac Motor Car company. He is president of the Community Improvement Association of Plymouth Township.

"I have no pre-conceived ideas of what should be done," Millington declared. "I believe that I have a good business background with my many years with a large company and I believe this knowledge could be advantageous to the board, if only on business matters."

STEPHEN TALLIAN, SR.
A resident of the Plymouth area for 15 years, Tallian attended the University of Pittsburgh, received a Ph.D. degree and graduated from the Pittsburgh Academy. He has had two sons graduated from Plymouth high school and another entering Junior high this fall.

"Our school has done a wonderful job for my boys as well as for many others in the past that it seems my duty to try and help in what problems may come up, to cooperate and give advice to the best of my ability and to help our schools to gain the highest standards," Tallian also indicated that he is in favor of the Teacher Tenure act.

Voters Also Face Teacher Tenure Decision at Polls

Whether or not the Teacher Tenure act shall be adopted by the Plymouth Township School district will be decided by voters at the annual school election this Monday.

Tenure, which is described as the principle making it possible for legally certified and qualified teachers to hold their positions as long as they fill it efficiently, is a state law which is in effect in school districts only where it is approved by voters.

The act is being placed on the ballot here at the desire of the board of education, although it is not officially endorsed by the board as a group. Promoting the act's approval is the Plymouth Education association (teaching organization). It also has been endorsed by the School Community Planning Group.

Teacher Tenure has been more or less of a controversial issue preceding elections in some other Michigan communities, but in Plymouth school district there has been no open opposition seen. Some sources, however, predict a close vote. Most of Plymouth's neighboring districts have the Tenure act in operation—Ann Arbor, Ypsilanti, Redford Union, Garden City, Dearborn and Wayne.

The Tenure act (published in The Mail on May 19) focuses most of its attention on the hiring and dismissal of teachers. Opponents declare that it is impossible to dismiss a teacher once the act is in effect. Proponents answer that the board can indeed fire a teacher but it must be done in a just and orderly manner as prescribed by the state act.

A newly-hired teacher is first placed on two years' probation during which he "must prove himself." After two years, the teacher shall be placed under continuing tenure and cannot be dismissed except as specified in the act. Should the board feel it necessary to discharge a teacher, the act requires the charges to be placed in writing and signed by the person making the charges.

On the filing of a charge, the board may suspend the accused teacher until a decision is rendered by the board. During the hearing, the teacher and the accuser may have counsel and testimony will be on oath or affirmation. The board's decision must be made within 15 days. A dismissed teacher has the right to appeal any decision of the board to a state tenure commission appointed by the governor.

State and local teacher organizations claim that the Tenure act makes better teachers because it eliminates the emotional instability of instructors who are threatened with the loss of their job through elections or political or community campaigns. Teachers under tenure, it is claimed, are

Car Overtakes, Injuring Driver

Raymond J. Brennan, 20, of 41801 Wilcox road, suffered multiple injuries Tuesday afternoon when his car rolled over on Schoolcraft road near Haggerty. Sheriff's deputies quoted Brennan as saying that his car went off the road and that he lost control as he tried to swing it back. Rolling over, the car was heavily damaged.

Brennan got to his feet and asked a passing motorist to take him to a hospital. The motorist, Henry Arnold of Detroit, was unfamiliar with the area and brought the injured man into Plymouth. Stopping at city hall, Arnold asked police for help in getting Brennan to a hospital.

Police found Brennan in great pain and called an ambulance. Taken to Wayne County General hospital, Brennan was later transferred to Mt. Carmel hospital after it was found that he suffered a possible bruise on the heart, other possible internal injuries and a fractured shoulder blade.

Big July 4 Plans Now Developing

There's every indication that Plymouth will have its biggest Independence day celebration when the national holiday rolls around in about three weeks, according to reports from a score of men and women who are working on Chamber of Commerce committees planning the event.

Citizens will have no need of traveling anywhere except to Plymouth for entertainment during the day which will start with a big parade at 11 a. m. and end with fireworks at 10:30 p. m. Robert Beyer is chairman of this year's July 4th celebration.

Motor State Shows, the carnival which entertained thousands of people last year, will be set up behind the high school on July 4, 5 and 6 as part of the Independence Day attraction. On the afternoon of July 6, children will be able to attend the carnival at half price.

The parade, in charge of Roy Rew, will again include many floats, horses, Army equipment, antique cars, fire trucks and youngsters, in addition to beauty queen contestants. Any organization wishing to enter a float is urged to get in touch with the Chamber of Commerce office. Equipment and old cars may enter the parade without notification of the Chamber.

The judging of floats and horses will start at noon. Many other events are also being planned for the afternoon, including a firemen's exhibition and an exhibition of A.A.U. diving stars at the swimming pool.

A kiddies' draw event will take place at 4 p. m. Children will be given tickets as they enter the grandstand. Fifteen prizes, including bicycles, will be given.

An invitation has again been extended Governor Williams to attend the evening program. There will also be the appearance of TV and radio stars and the judging of the bathing beauties. Chairman of the evening program is Harold Young.

Complete details of the celebration will appear in forthcoming issues of The Mail.

Kiwanis Hosts Daughters

Daughters were the guests of honor Tuesday evening at the Plymouth Kiwanis club meeting at the Mayflower hotel.

The annual Father-Daughter dinner was chaired by Marvin Criger. Magician Roy Rev, performing under the auspices of the Michigan Milk Producers association, entertained the group with his array of sleight of hand feats. More than 50 daughters attended the affair.

A special guest, Miss Diane Franjac, sang "Make Believe" and "Casey the Fiddler." Miss Franjac was accompanied by Mrs. Edna O'Conner, her voice teacher.

Mrs. George Keeping has returned to her home on Hartsough avenue after spending two weeks with her son and family and other relatives in Ohio.

SOCIAL NOTES

Mrs. Robert Hitt and Mrs. Jerry Behler were co-hostesses at a miscellaneous bridal shower Monday evening, June 6, in the Harold Behler home on Irvin street honoring Miss Clarice Hensen of Northville who on June 24 will become the bride of Dale Behler. Twelve relatives were present.

Among those attending the State session of the Daughters of America held at the Sheraton-Cadillac hotel in Detroit on Wednesday, Thursday and Friday of last week were Mrs. Esther Fisher, Mrs. Ella Holmes, Mrs. Edith Rorabacher and Mrs. Libbey Showers.

Saturday evening dinner guests of Mr. and Mrs. Leo Arnold in their home on Beck road were Mr. and Mrs. Charles Arnold and children, Jill and Bobby; Mr. and Mrs. Dale Arnold, of Plymouth, and Mr. and Mrs. Richard Swanson and children, Mary and Kathy of Wayne.

Mr. and Mrs. Vernon Peck had as their guests Saturday evening, Mr. and Mrs. Earl Frick and family of Clarkston.

Mr. and Mrs. Carlton Lewis of Hartsough avenue spent last weekend in Tanawanda, New York, with their son, Orlyn Lewis and family.

Mrs. Jack Reamer of South Main street is still confined to St. Joseph's hospital, Ann Arbor, where she will be for some time due to a painful back injury.

Mr. and Mrs. Guy Fisher, Mr. and Mrs. Henry Ehrensberger and Mrs. Marie Hartung were among those from Plymouth attending the open house in Ann Arbor, Sunday, honoring Mr. and Mrs. Ernest Schockow on their silver wedding anniversary.

Local Equestrians Take Honors at Northville Show

Twelve Plymouthis were among those awarded honors Friday and Saturday at the Northville Junior Horse Show held in Northville Downs. An all-time record was set for the event, with 487 entries listed for the 24 classes and a total of 2500 spectators at the show.

Winners of the first series in the season-long Junior Equestrian Team Competition were: "A" division, Grosse Pointe Racals; "B" division, Toledo Bees. Individual honors went to Kit-

Miss Karen Kops, daughter of Mr. and Mrs. Clayton Kops of Beck road, celebrated her 11th birthday on Tuesday with a picnic supper for a group of girls from her school. Present were Jane Drobeck, Sharon Stremich, Mary Hinkley, Linda Lorenz, Rita Fornwald, Kathleen Keller, Michele Bender, Kathleen Donnelly, Delia Bradley and her teacher, Mrs. McInnis, and Karen's brothers and sisters.

Mrs. Mac J. Donnelly of Sunset avenue attended the Delta Kappe Gamma picnic in Ypsilanti last Saturday.

Dr. and Mrs. Luther Peck returned Friday from Youngstown, Ohio, where they visited with their son-in-law and daughter, Mr. and Mrs. Kenneth Lloyd, and attended the high school graduation of their granddaughter, Jean Ann. They were accompanied to Plymouth by their grandchildren, Mary Margaret and Kenneth Lloyd, who returned to their studies at the University of Michigan.

Karl Starkweather returned to Plymouth Tuesday after spending a week in St. Louis, Missouri, with his daughter, Mrs. Dennis Sabo and family. Mr. Sabo is still confined to the hospital where he has been for the past five weeks.

Dr. and Mrs. Frank M. Field of Mt. Clemens spent Thursday at the home of Mr. and Mrs. Fred Thomas on Blunk street. The Fields will be remembered as former Plymouth residents. Mr. Field at one time was the pastor of the First Methodist church here.

Mrs. Charles Wolfe entertained the members of her Book club Tuesday evening in her home on Roosevelt avenue.

LeRoy Hopper to Wed Garden City Resident

Miss Winnifred F. Dolson

The engagement of their daughter, Winnifred Fay, to LeRoy Hopper of Plymouth, was announced this week by Mr. and Mrs. Leonard V. Dolson of 32258 Maplewood, Garden City. Mr. Hopper is the son of Mr. and Mrs. R. G. Hopper of 1815 Haggerty highway, Plymouth.

A graduate of Garden City high school in June 1954, Miss Dolson is employed at Industrial Wire Cloth Products of Wayne. Mr. Hopper attended school in Plymouth and is affiliated with Champion Corrugated Container company here.

Date for the wedding has not been set.

Hawaii Awaits Local Teacher

Nine weeks of Hawaiian sunshine await Miss Virginia Olmsted, ninth grade English teacher at Plymouth high school, who will be en route next week to attend a summer session at the University of Hawaii.

Leaving on Friday, June 17, Miss Olmsted will take the train for Los Angeles where she'll board the S.S. Lurline for the Islands. Accompanying her on the trip are her sister, Helen Olmsted of Saginaw, and a friend, Virginia Hoelzel of Grosse Pointe. All three have enrolled in the University at Honolulu, where the local teacher plans to take a course in the culture of the Polynesian people.

The trio will return by boat to San Francisco on August 19, taking the train back to Michigan.

Mr. and Mrs. Horton Booth were hosts at a delightful dinner party last Sunday evening in their home on Sheridan avenue in celebration of their twenty-fifth wedding anniversary. Their guests included Mr. and Mrs. Eber Readman, Mr. and Mrs. George Bauer, Mr. and Mrs. Ralph G. Lorenz, Dr. and Mrs. A. C. Williams and Mr. and Mrs. Kenneth Hulsing.

Plymouth Grads Get Diplomas Thursday; Baccalaureate Services Set for Sunday Night

Baccalaureate services this Sunday and commencement exercises a week from today will mark the end of the high school days for the Plymouth class of '55. Approximately 180 diplomas will be issued.

The Reverend Patrick Clifford, pastor of Calvary Baptist church, will deliver the baccalaureate sermon Sunday evening in the high school gymnasium. Speaking at the commencement program next Thursday will be Dr. Glenn Frye, assistant to Methodist Bishop Marshall R. Reed. Both programs will start at 8 o'clock and there will be ample seating for the general public, according to Principal Carvel Bentley.

Joan Ebersole will play the prelude and processional "Pomp and Circumstance," to open the baccalaureate service. An invocation will be sung by the high school choir directed by Fred Nelson, followed by a choir selection, "Once to Every Man and Nation."

Dr. Glenn Frye

Reverend Clifford will speak on the subject, "Three Books." The audience will sing the hymn "All Hail the Power of Jesus' Name" and benediction will then be pronounced by the Reverend John Walaskay, pastor of the Plymouth Assembly of God.

The commencement speaker, Dr. Frye, lives at 1115 Maple, Plymouth. A graduate of Harvard college and the Boston University School of Theology, he held student pastorate in New Hampshire, served an assistant pastorate in Omaha and pastorate in Ithaca and Lansing. In 1936 he was named superintendent of the Grand Traverse district; went to the Methodist Peace Temple in Benton Harbor in 1938 and became assistant to Bishop Reed in 1951.

Dr. Frye has traveled widely throughout the world and his hobby has been speaking and counseling with high school students in Michigan and northern Indiana.

The exact number of graduates will not be known until next week. There are 189 in the class. Dr. Frye's address will follow the processional played by the high school band directed by

Laurence Livingston and the invocation given by the Reverend Thomas Keefe, minister of Christian education at First Presbyterian church.

Seniors Nancy Lock and Joan Donnelly, accompanied by Nancy West, will sing "I Shall Not Pass Again This Way." Principal Bentley will then present the class and James Gallimore, president of the board of education, will present the diplomas.

Closing the exercises, the class of '55 will sing their class song and the band will play the recessional.

The class of '56 will serve as ushers and decorate for the two programs.

Nancy Ann Peck, daughter of Mr. and Mrs. Vernon Peck of Irvin street, celebrated her seventh birthday on June 1, by entertaining the following little friends at a picnic supper in the park: Judy and Betty Moberg, Ray Christensen, Laura Lehnhardt, Cynthia Eley and Linda Baughman.

Three Residents Named Delegates To 15th Girls State

Three Plymouth residents will be among the 300 girls from Michigan selected as representatives to the 15th annual Girls State Assembly, to be held at the University of Michigan campus from Tuesday, June 14, through Wednesday, June 22.

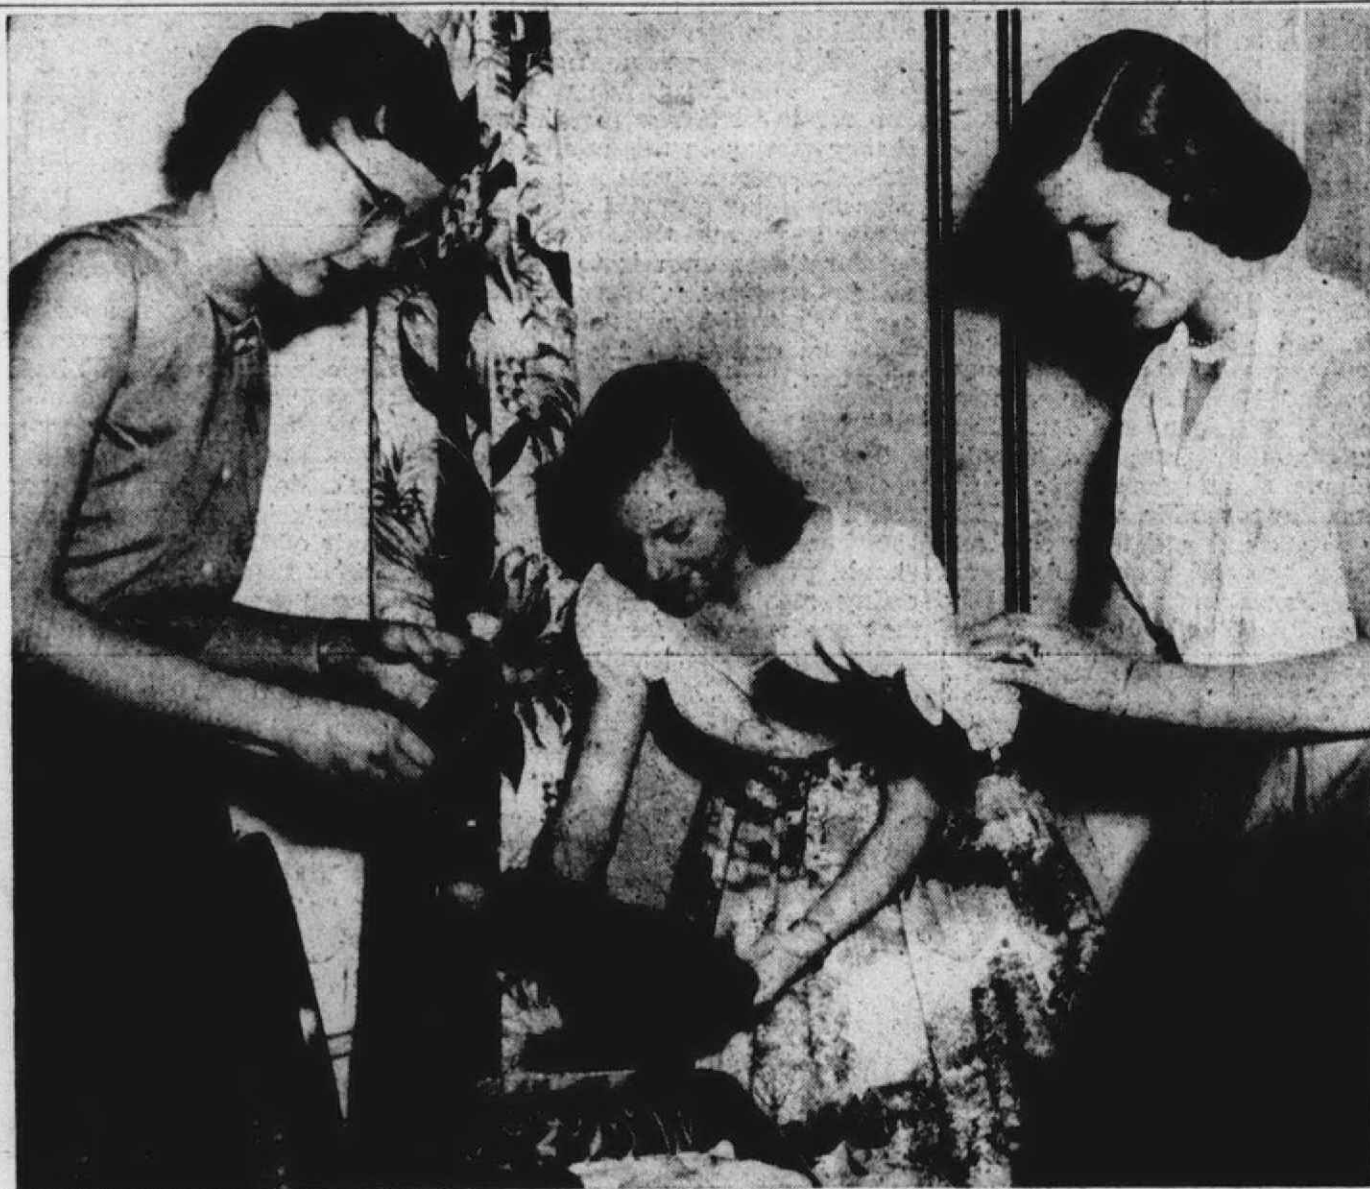

Delegates and their sponsors are: Miss Ann Higley, Woman's club of Plymouth; Miss Carole Partridge, Elks club, and Miss Pat Clifford, Passage-Gayde Auxiliary No. 391, American Legion.

Sponsored by the American Legion Auxiliary, the 1955 Wolverine Girls State program will be dedicated to the training and development of girls who possess inherent qualities of leadership. One of the primary objectives of Girls State is to stimulate girls to take a deep interest in the development of home and community life. Girls State brings to the girls a knowledge of the fundamental principles of American government, through actual practice and control. It gives them a state of their own, a session of governing themselves by democratic procedures, that upon reaching their majority they will as individuals become an integral part of, and be responsible for the character and success of our government.

The 300 girls will be formed into towns of 20 each, with one counselor assigned to each town. A government director and chief counselor will supervise the work of the counselors. This personnel will be members of the U. of M. and the counselors will be leaders in women's activities at the university.

Members of Girls State will be housed in Stockwell hall, where most of the program activities will take place. The girls will assemble as private citizens at 9 a.m. Tuesday, June 14, and the State will be dismissed on Wednesday, June 22.

Two girls will be selected from the 300 to attend Girls Nation in Washington, D.C.

PACKING UP for the 15th annual Girls State Assembly which starts Tuesday on the U. of M. campus is this pretty trio composed of Pat Clifford, center, who gets a helping hand from Ann Higley, left, and Carole Partridge. The three Plymouthites are among the 300 state delegates chosen for the event on the basis of their leadership qualities. Sponsored by the American Legion Auxiliary from June 14-22, the Assembly will provide training in principles of American Government.

News from Our Nearby Neighbors

Newburg News

Mrs. Emil LaPointe, GARfield 1-2029
A baby shower to honor Mrs. James Tomlinson was given by Mrs. David Smith at her home on Newburg road Tuesday evening, May 24. The usual baby shower games were played by the guests and refreshments were served by the hostess. Guests included: Mrs. Oscar Giesner, Louann Giesner, Alice Giesner, Beverly Mende, Mrs. Laura Mende, Mrs. McCann, Barbara Blanton, Mrs. Clyde Smith, Janice Miller, Mrs. Dorothy Schrader, Mrs. Barbara Schrader, Mrs. Margaret Tomlinson, Mary Remy, Wanda McCann, Marilyn Smith, Mrs. Vera Guthrie, Mary Alice Fegan, Mrs. E. Fegan and Mrs. Vivian Fegan.

Monday, June 20, through Thursday, June 30, Daily Vacation Bible school will be held at the Newburg Methodist church. There will be classes to accommodate all ages of boys and girls. Time will be from 9:30 a.m. to 11:30 a.m. each day so come out and have a fine time.

Mr. and Mrs. Henry Mende and daughter, Beverly, of Newburg road visited in the home of Mr. and Mrs. Richard Gallinal in Farmington on Memorial Day. Purpose of the visit was to see the Gallinal's new daughter, Susan.

On Monday, June 13, the Sarah Circle of the Women's Society of Christian Service of the Newburg Methodist church will meet at the home of Mrs. Harold Mackinder on Ann Arbor trail. The meeting will begin at 8 p.m. Anyone desiring to belong to this circle is cordially invited to attend as the business is just getting underway for the coming church year.

Mr. and Mrs. Oscar Giesner of Newburg road entertained Mr. and Mrs. John Nicklick of Highland Park, Michigan, on Sunday, May 29.

Henry Mende, Jr., of Newburg road, Wayne and Richard Manion of Plymouth attended the baseball doubleheader at Briggs Stadium on Memorial Day.

Saturday, June 18, is the day and date for the ice cream strawberry festival to be held at the Newburg Methodist church. Proceeds will aid the church building fund. Strawberries will be available in large quantities and in any desired fashion, shortcake, pie, ice cream with strawberries or just plain strawberries. The festival will begin sometime around 6 p.m. or 6:30 p.m., rain or shine. Come and help a worthy cause.

The Stark school Cub Pack 202, sponsored by the Stark-Newburg PTA, met Friday, May 27, for their regular monthly Pack meeting. The program opened with a parade of Cubs dressed in circus regalia. Due to limited space, Dens 1, 4 and 5 presented circus acts including a strong man, fat lady, lion tamer (with Cub Scout lion) in a cage, snake charmer, hula dancers, cowboy, Indian, kangaroo and, of course, the clowns. The entire group then adjourned to participate in several games of ringtons, with suckers awarded to all. Leonard Ritzler, cubmaster, presented the following advancements: Phillip Schoen, wolf badge, one gold arrow and two silver arrows; Terry Hessler, wolf badge and one gold arrow; Fred Batie, bear badge, one gold arrow and one silver arrow; Dan Burk, one silver arrow; Charles Crane, one silver arrow; Gary Karwich, one silver arrow; and Edward Lodge, one silver arrow. Boy Scouts of Troop 202, also associated with the Stark-Newburg PTA, are selling American flags (3' by 5'). See Tom Batie, James or Pat Robinson or any Scout in the troop and place your order for one of these beautiful flags. A movie, "Here Comes the Circus," ended an enjoyable evening. The annual picnic for the pack will be held on Saturday, June 25, at Elm Grove. Bring a pot-luck lunch. Ice cream and pop will be furnished by the pack.

The Sacred Heart circle of St. Michael's Catholic church will hold their last meeting of the season at the home of Mrs. Arthur Gennis on Joy road on Wednesday, June 15. The meeting will begin at 8 p.m. All members are urged to attend. Meetings of this organization will begin again in September.

The following group of boys and girls enjoyed themselves on a hay ride given by Mr. and Mrs. E. J. Howden of Joy road; Connie Stammitz, Bruce Brown, Barbara Bandy, Gail Lindsay, Jean Kay, Sherrill Louton, Shirley Lowery, Lucille Lada, Penny Blair, Jim Umberzack, Phyllis Gray, Corky Burton, Gerri Repka, Bill Shine, Don Phillippi, Donna Howden and Chuck Howden. After the hay ride the young folks all returned to the Howden home for a weiner roast with pop and all the trimmings. Afterwards they retired to the Howden recreation room for games.

On Saturday, the choir members of the Newburg Methodist church were privileged to go to Detroit to see "Merama Holiday" at the Music Hall. Those who went were Mr. and Mrs. Harold Case, Mr. and Mrs. Ed Reid, Mrs. Agnes MacIntyre and her son James, Mr. and Mrs. James Greenwood, Norman Remy, Mr. and Mrs. Emil LaPointe, Graham Bennett, Henry Sill, Connie Schmidt and Mardell Shear. Upon returning from the theatre the group all met at the Case home on Laurel avenue in Livonia for supper.

The next smorgasbord at the Newburg Methodist church is scheduled for Saturday, October 1. This date may seem far away but nevertheless, mark it on your calendar as something of importance to remember. If you attended the first smorgasbord you know what wonderful food was made available. Well, the same sort of treat is in store for you this time, too. So remember, October 1.

The Boy Scouts of Thunderbird Patrol, Scout Troop 270 of the Rosedale Gardens Presbyterian church, who are Paul Overmyer, Bruce LaPointe, Arnold and Jerry Heilman, Richard Kennitz, Robert Pregitzer and Dennis DeCoster, all had a marvelous weekend at the D-Bar-A ranch with the Sunset District, June 3-4-5. The weather was perfect for the entire event and the boys took every advantage of the privilege of camping out. They want to say "thank you" to those men who gave up their weekend to take the boys on the outing.

Sunday afternoon visitors in the home of Mr. and Mrs. Emil LaPointe of Joy road were Mr. and Mrs. E. C. Weiss, Sr., of Detroit and Mr. and Mrs. J. J. Miller, also of Detroit.

Dinner guests in the home of Mr. and Mrs. Henry Mende of Newburg road on Sunday were Mr. and Mrs. Leo Clausen from Ecorse, Michigan, and Mr. Clausen's mother from Indianapolis, Indiana. Guests for supper on the same day were Mr. and Mrs. Harry Frycklund and their children, Harry Lee and Shirley Ann, and Mr. Frycklund's mother, Mrs. Clara Frycklund, all of Detroit.

Rosedale Gardens

Mrs. Joseph R. Talbot, Jr. GARfield 1-5847

For their June 14 meeting, the members of the Rosedale Gardens branch of the Woman's National Farm and Garden association will visit Fairlane. After a short business meeting and a tour of the grounds, they will enjoy luncheon at the Dearborn Inn. For further information and reservations for the luncheon, which must be in by Saturday, June 11, call Mrs. Phil Dupuis, Mrs. Harry Boorman or Mrs. Charles Gardner, all of Livonia.

Guests are invited.

The St. Michael's Cub Scouts will have a pack meeting a week earlier this month. The meeting will take place on Friday, June 10, in the school hall. The competition is keen among the dens to win the coveted cup that is presented to the den whose project is judged best by some unknown judges. Den No. 2 has won the cup for the last two months and if they win again this month it is theirs to keep. Naturally the other boys are doing everything in their power to prevent this. The project for this month is to paint a picture on glass. Although there are few, would-be artists their enthusiasm makes up for the lack of talent.

The Rosedale Gardens Civic association will hold their monthly meeting on Thursday, June 9, at the clubhouse on Hubbard. It should prove to be a very interesting meeting. The candidates that are running for the school

board have promised to come and give a short talk. The floor will then be open to questions and answers. Now is your chance to praise or complain.

Another item on the agenda is the very important election of officers for the coming year. If you don't show up to vote then you really can't complain next year when things don't go the way you want them to.

Plans will also be made or rather announced for the coming Fourth of July Day that has proved so successful in other years to keep the people home and happy on that holiday.

We would like to extend our sympathy to Danny Darrah of 9835 Berwick. Danny, who is 9 years old, was playing on some new buildings and fell. He has a broken arm and ironically enough St. Michael's school starts its summer vacation on Tuesday, June 7, which isn't a very pleasant way to start a vacation. I sure hope the two Talbot boys who were playing with Dan learned a lesson but it probably won't last and they'll be climbing down the first excavation they see.

Class Leaves for Outing

A full day's outing on a favorite pastime of youngsters everywhere is in prospect for 36 Smith school youngsters.

Starting at 8:30 Friday morning, the second grade class of Miss Shirlee Hopkins will leave for a day's inspection of the inhabitants of the Detroit Zoo. The same tour was taken Monday by the second graders in Miss Olivia Bell's class of the local school.

Green Meadows

Miss Barbara Johnson Phone 1042-M

The seventh birthday of Sheryl Ann Burton, daughter of Mr. and Mrs. William Burton of Elmhurst street, was celebrated Memorial Day. Those to help make the occasion happy were Pat, Joe and Jean Sousa, Ricky Wilson, Janice Reeves, Susan Davis, Susie and Eugene Eicher, and Carlene, Randy and Dennis Burton, all of Elmhurst street, and Lonna and Rick Nolan of Wixom. She received many gifts.

Dolores Aldrich, daughter of Mr. and Mrs. Frank Aldrich of Northern street, participated in a ballet recital, Friday, at Plymouth high school.

Mr. and Mrs. Ernest Honke and children, Peggy and Ernie, Jr., spent their vacation traveling in the South visiting relatives. Miss Geneva Hall of Georgia returned with them and will spend a week.

A birthday party was given in honor of Mrs. Ida Little of Brookline street, and her niece, Cookie Smith, daughter of Mr. and Mrs. Howard Smith. Many guests attended from Plymouth and neighboring districts.

Steven Tallian, Jr., is spending his leave from the U. S. Navy in Coronado, California, with his parents, Mr. and Mrs. Steven Tallian, Sr., of Corrine street.

David Johnson, son of Mr. and Mrs. Loren Johnson of Oakview street, attended the baseball game

at Briggs stadium Friday with a group of safety patrol boys, after having dinner at the Mayflower hotel.

Clyde Sumner of Detroit visited with Danny Christensen and Ernest Christensen of Northern street Sunday afternoon.

Mrs. Ernie Evans of Oakview street and her sister, Mrs. Charles Stacey of Salem, Michigan, celebrated their birthday over the weekend.

Among those who enjoyed the moonlight Bob-Lo cruise Saturday night were Miss Barbara Johnson, Danny Christensen, Miss Janet Spigerella, Jerry Foreman, Miss Arlene Gobel and Jim Parody.

Miss Kay Johnson, daughter of Mr. and Mrs. Loren Johnson of Oakview street, attended a pajama party Saturday night at the home of Miss Barbara Kahler.

Mr. and Mrs. Danny Burnham and son, Danny, Jr., of Northern street, and Mr. and Mrs. Edmund Roginski and children, Ross and Stella, spent Sunday afternoon at Belleville lake, swimming and picnicking.

ODDFELLOW - REBEKAH NEWS

Friday, June 10, Highland Rebekah lodge brings the travelling emblem to Plymouth, so all sisters remember to be there to welcome them. On June 21 Plymouth takes the emblem to Pride of Harlan. Sunday, June 26, we will have Memorial services at New-

Cherry Hill

Mrs. James Burrell, 50160 Cherry Hill Rd.

Mr. and Mrs. Donald Daley and family from South Dakota are visiting her mother, Mrs. Pearl Kessler.

Mrs. Hattie Burrell spent Sunday with Mrs. William Freeman of Kalamazoo, while James Burrell and Douglas, Lloyd Bordine, Jimmie Lobbestall and Johnnie Gustin attended a threshers convention at Comstock, Michigan.

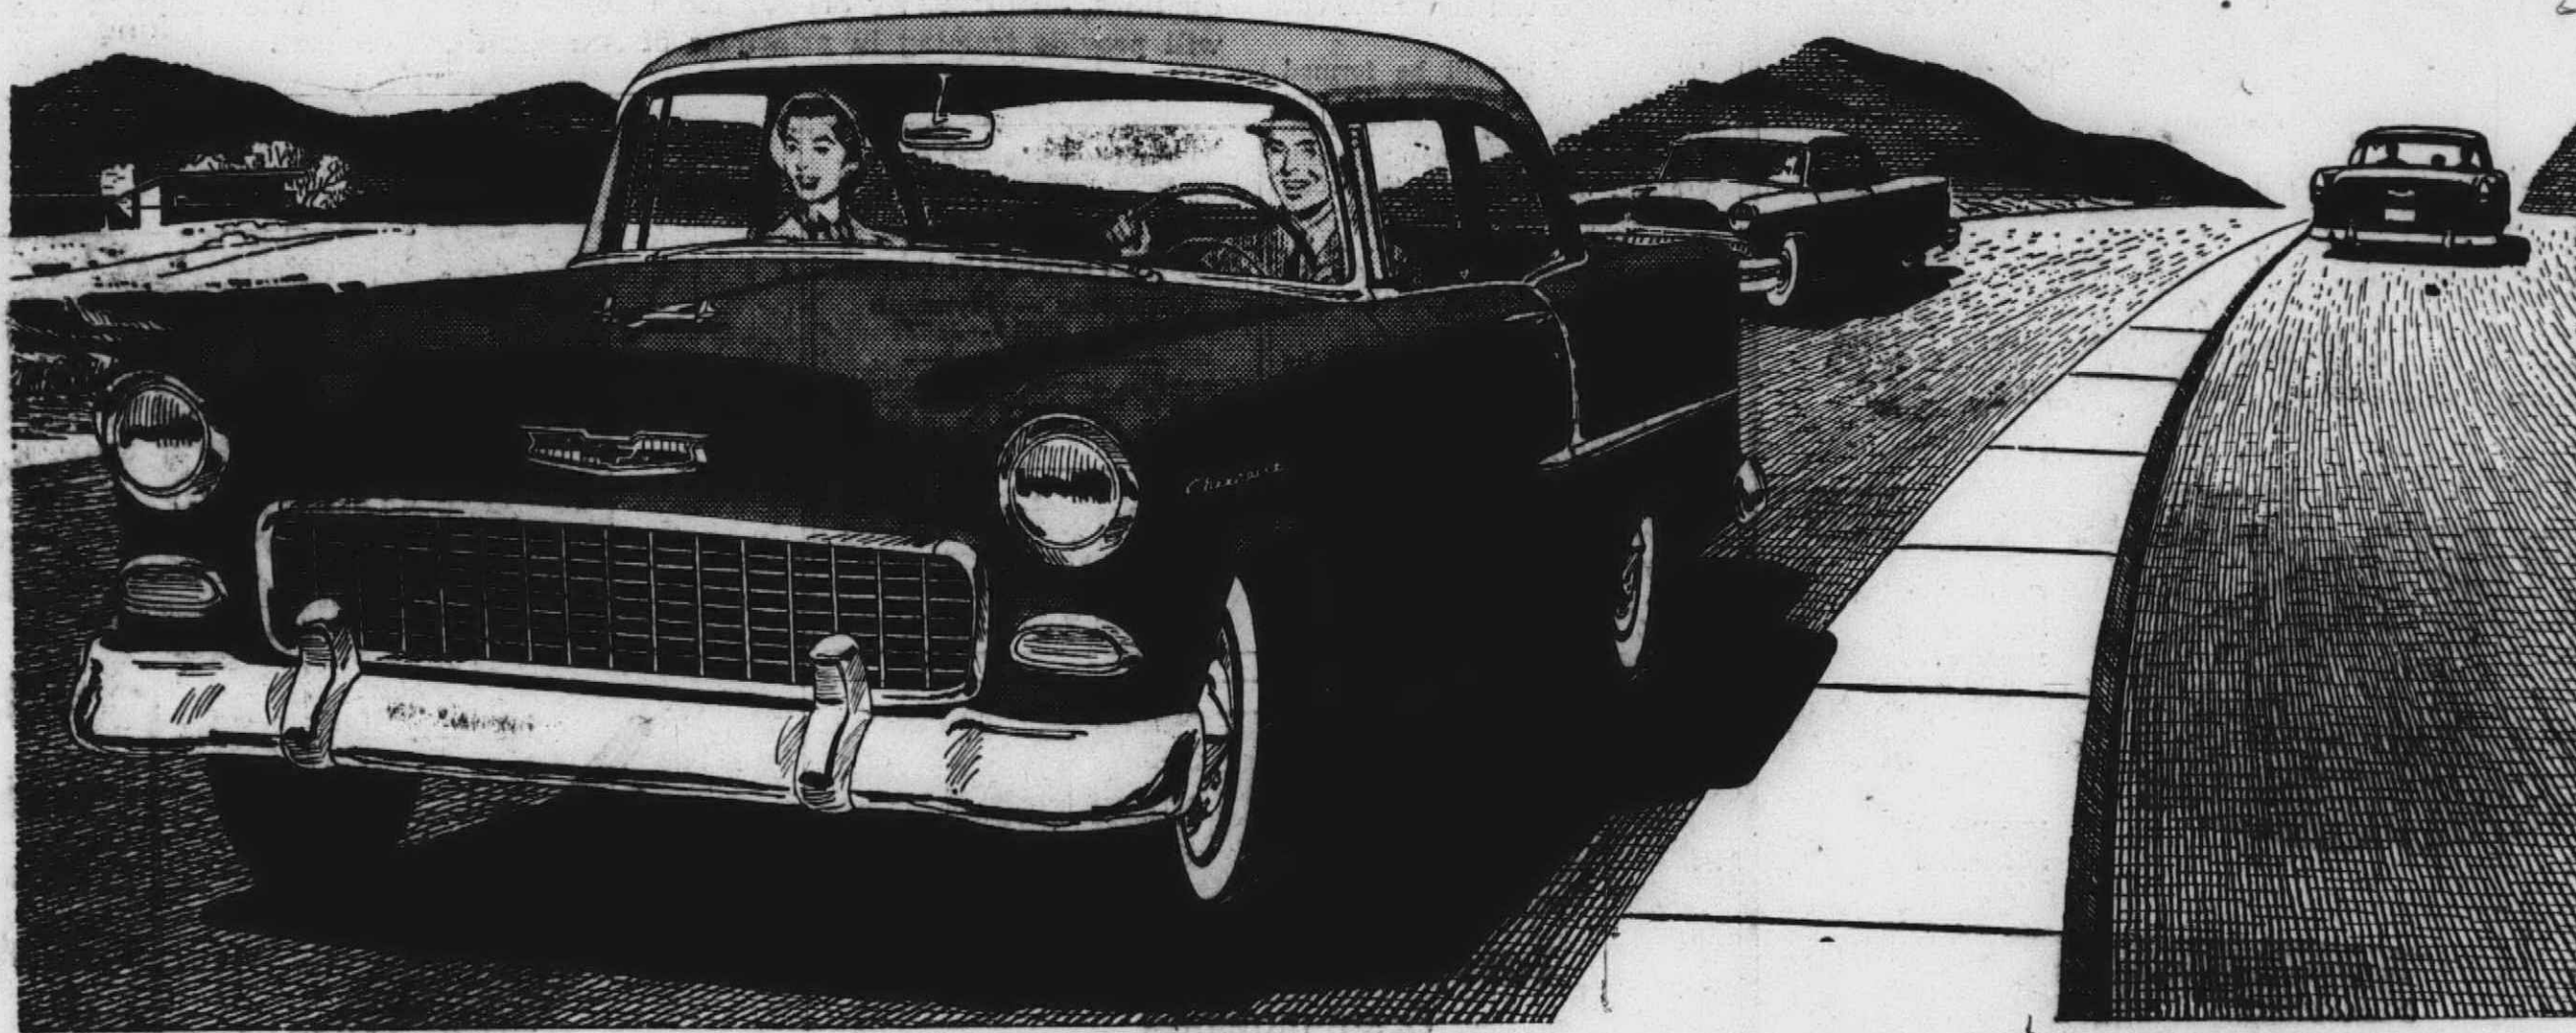

Last Wednesday evening the eighth grade graduation was held at the church house. The following pupils graduated: Jeanette Ridley, Charles Hawk, Mardue Hood, Louise Clem, Rocky Wright, Claudia Kessler, Gail O'Donnell, Robert Schultz and Barbara Mulhern.

Mr. and Mrs. Grant Ridley entertained the seventh and eighth graders at a party that evening. Ridley also took pictures of them.

The Sunday school had a Children's Day program at the church Sunday. Next Sunday they will dedicate the new organ and serve a potluck dinner.

Don't argue with this baby!

All Chevrolet's competitors and most of the high-priced cars tried it recently in official NASCAR* trials—and took a licking!

Meat the champ! The new Chevrolet "Turbo-Fire V8"—the most modern V8 on the road today.

You want facts, don't you? And not ours. Facts instead from an independent, outside source where the only things that count are who came in first, second, and so on. Here they are—

Daytona Beach, NASCAR Acceleration Tests Over Measured Mile From Standing Start. Chevrolet captured the 4 top positions in its class! 8 of the first 11! On a time basis it beat every high-priced car, too—but one!

Daytona Beach, NASCAR Straightaway Running. Open to cars delivered in Florida for \$2,500 or less. Chevrolet captured the first two places. 7 out of the first 11 places!

Daytona Beach, NASCAR 2-Way Straightaway Running Over Measured Mile. Open to cars from 250 to 299 cu. in. displacement. Chevrolet captured 3 of the first 5 places! None of its major competition (what competition?) even finished "in the money"!

Columbia, S. C. NASCAR 100-Mile Race on half-mile track. Very tight turns. Chevrolet

finished first! Way, way ahead—as in sales! With a new car, and no pit stops!

Fayetteville, N. C. NASCAR Late Model Event. After running the fastest qualifying round (with a new car) Chevrolet again finished first. Because of even tighter turns the driver chose to run the entire 150 laps in second gear! Yet no overheating or pit stops!

These facts you can't laugh off. Sales leader. Road leader. A crowning achievement of Chevrolet and General Motors. Try a Chevrolet... and live in a land of going-away where you win all the arguments! Soon, maybe?

"I LIKE OLGA"

Sixty-Eight Seniors File Applications for College

Sixty-eight Plymouth high school seniors have applied for college entrance, seven of whom have chosen schools out of state. Students and out-of-state schools to which they have applied are: Foster Brown, Antioch college; Sally Morgan, Bowling Green and Purdue university; David Beegle, University of Miami; Lee Raye Crane, Connecticut college and Wellesley college; Tom Saward, Stephens college; Susan Gardner, Ohio university, and Michael Conrad, Georgetown university.

Seventeen of Plymouth's seniors who have applied to Michigan State Normal college are Oliver Manwaring, Robert Packard, Sally Black, Kathy Bernash, Joyce Smith, Alvin Kolak, Kenneth Steinke, Diane J. Swope, Geoffrey Hubbell, Willard Thompson, Coin Hauk, Lea Raye Crane, Joan Read, James Zukosky, David Daly, Janet Denhoff and Harold Fulton.

Seventeen students have sent applications to Michigan State university. They are: Susan Sempliner, David Nelson, John Agnew, James Clifford, John Da-

vies, Geoffrey Hubbell, Ella Plant, Kenneth Steinke, Karen Rossow, Jean Rowe, Sally Black, David Beegle, Betty Gregory, Lee Juve, Ellen Travis, Coin Hauk and Robert Packard.

Applications to the University of Michigan have been sent by the following 16 students: Alvin Kolak, Carl Peterson, Wayne Smith, Kathy Bernash, Larry Wilhelmi, Sally Ford, Mildred Green, Charles McKenna, Barbara Carley, Jane Nulty, Mary Lou Fishbeck, Willard Thompson, Joyce Smith, Brian Oliver, Hilton Walaskay and Thomas Rowe.

Five students—Jane Smith, David Bowen, Bruce Campbell, Marilyn Cash, and Thalia Bairas—have applied to Western Michigan college while David Bowen, Earl Fulton, Margie Alford, and Sara Wesley applied to Albion college.

Norma Albright and Kay Zarn have sent application to nursing schools. Norma hopes to enter St. Vincent's School of Nursing while Kay plans to get her training at Joseph's Mercy Hospital School of Nursing.

School Paper Cited By State Chairman

Pilgrim Prints, Plymouth high school newspaper, was cited recently for its section on "Michigan Week" in a letter from Grover C. Dillman, general chairman of the state-wide observance.

Dillman stated in the letter "I was certainly surprised and pleased to read the fine center spread on Michigan Week. I deeply appreciate the interest that your faculty and students have expressed in Michigan Week, and hope that you will extend to all concerned my congratulations on a job well done."

A letter was also received by the Prints staff from Mayor Russell M. Daane commending the fine job that was done on the paper towards the observance of Michigan Week.

Allen School Carnival Realizes \$752 Profit

A net profit of \$752.75 was realized from the Allen school "Spring Fling" held several weeks ago at the school. A report on the carnival and talks on the proposed Teacher Tenure act took place at a recent meeting of The Allen Parent-Teacher association.

This was the second annual carnival held at the elementary school. It was decided to use the profit for the construction of a basketball court, repair of the baseball backstop, purchase of record players and records for classrooms and laying of a cement slab for playground activities such as shuffleboard and other games.

An explanation of the tenure act was given by Charles Kipp, Junior high teacher, and Carl Caplin, secretary of the board of education.

Class Presents Plays

"Diet Begins Tomorrow," "Father Says No," and "If Girls Asked Boys for Dates" were the three plays recently presented by the high school dramatics class before an assembly of junior high school students.

The one-act plays, viewed by the seventh graders last Thursday, fifth hour, were announced by seventh-grader Linda Leet. Friday, fifth hour, the eighth graders saw the plays announced by eighth-grader Betty Carless.

The assembly was held in the junior high school auditorium.

Receive Honors

Three graduating seniors of Madonna college received distinguished awards at the Honors Convocation, held Sunday, May 29, at De Sales auditorium.

Alice Wolak was chosen by the faculty for membership in the Kappa Gamma Pi, a national Catholic honor society.

Meriting special recognition for highest scholastic standing throughout her four years was Joan Kozlowski. Patricia Kaszyk merited distinction for participation in co-curricular activities all four years.

Scholastic class honors were awarded to the following students who maintained a scholastic average of 3.25 points or better in the past two semesters: Joan Kozlowski, senior; Beatrice Czenkusz and Leona Wisniewski, juniors; Mary Ann Barczak, Marjorie Krist and Eileen Murphy, sophomores; Shirley Prusinski, Rose Marie Turonek, Sister Marie Leahy and Sister Cynthia Machlik, freshmen.

Distinguished with co-curricular honors were the following students who together with a good scholastic average maintained a superior record of participation in co-curricular activities: Rose Wolak and Patricia Kaszyk, seniors; Tillie Gresser, Beatrice Czenkusz and Gloria Laginess, juniors; Geraldine Sprywa, Mary Ann Barczak, Mary Ann Niewierowski and Agnes Schettenhelm, sophomores; Ellen Walker, Joan Pushtelniak, Patricia Galvin and Shirley Prusinski, freshmen.

Jan Ponto Heads Honorary Society

Elected president of the Edna Allen chapter of the Quill and Scroll, honorary society of the Journalism staff, for next year was Jan Ponto. Other officers were: Vice-president, John Small; secretary-treasurer, Virginia Larkin.

Elections were held Friday, May 27, in Room 21B. Miss Elizabeth McDonald, chapter advisor, was present at the meeting.

During the past year Quill and Scroll, Livonia.

Scroll has installed two new chapters, one at Belleville high school and one at Bentley high school. William Erdelyi was hostess to the members of her Forest Street Neighborhood Ladies club Tuesday afternoon in her home.

MOMS News

The Moms and their friends have the opportunity to visit the 50-room home and beautiful gardens belonging to the Dodge Estate on Thursday, June 23. Anyone wanting tickets for this affair can get them from Plymouth unit president, Mrs. Bloomhuff, or Mrs. Gladstone at Gladstone's store. This will be a card party and tea starting at 1 p.m. You cannot get on the grounds without a ticket.

A group of the Plymouth unit attended the joint church services and the parade in observance of Memorial Day.

We were all saddened by the sudden death of a charter member, Mrs. Mary Henry. Our sympathy to the family.

Next regular meeting will be Monday evening, June 13, at 8 p.m.

Ford Names Resident Accounting Supervisor

The appointment of R. J. Diekmann of 265 Evergreen as supervisor of Specialty Products Accounting section has been announced by J. L. Bauchat, divisional controller of Ford Motor company.

The announcement was made following the recent reorganization of Ford's divisional controller's office in which the new section was set up.

As supervisor of Specialty Products Accounting, Diekmann is in charge of all phases of accounting for the Ford Motor company's Brooklyn, Manchester, Milford, Northville and Waterford plants as well as plant services and transportation departments located at Ypsilanti.

Diekmann began his career with Ford in 1947 as chief clerk at the Ypsilanti location. He is a graduate of Walsh Institute.

"Girls, you must see the mattress and boxspring we bought in Blunk's special 10 DAY SALE . . . AND FOR ONLY \$38⁹⁸ each!"

..... It's a Stearns and Foster Famous Hotel Bilt Ensemble. It has an insulo cushion—that's a quilted pad of cotton next to the coils. Then there's another deep layer of cotton felt on top of that!"

"The seat edge construction is made from heavier wire so that sitting on the edge of the bed will not break it down. The narrow striped ticking and the tailored edges are beautiful!"

"The springs and mattress in Joe's room has worn out so gradually we didn't realize it until we tried it a few weeks ago. Then we got busy!"

"We shopped a lot before we bought. We saw other outfits at \$15 to \$20 more, that didn't have as much to offer as this one. They have other qualities, too, from Stearns and Foster, Simmons, and U. S. Koylon.

"And oh, I almost forgot! You can get extra length and extra width outfits, too, for as little as \$10 extra per outfit in the higher priced qualities. And you don't need new beds for the extra long sizes, either. They have a bed rail extension that you can buy for your present beds. Don't take my word for it — go in and see them right away!"

Township Study Group

Continued from Page 1

drainage district should include as many residences as possible both in the City of Plymouth, in the adjoining Townships as well as in Plymouth Township, to make the use rate as low as possible for the residences connecting to the sewer.

The capacity of the Parkway Interceptor Sewer is limited. Many adjacent areas are connecting into this sewer and it has almost reached the maximum amount of sewage that it can carry. It is imperative that we have an agreement with the Wayne County Road Commission as soon as possible to tie into the Interceptor sewer.

4. A group of residents in Plymouth Township have circulated and filed a petition to the Wayne County Supervisors to incorporate approximately ten square miles of Plymouth Township as a Home Rule City known as Charleston. It is recommended by this Committee that the Plymouth Township Board request the withdrawal of this petition from the Wayne County Board of Supervisors for the following reasons:

a. After many meetings and many personal contacts with the Township residents by members of this Committee, it is learned that a large majority of the residents of Plymouth Township do not favor a merger with the City of Plymouth at this time.

b. The annexation issue is creating animosity and friction between the officials of the City of Plymouth and the Township as well as the people in both areas. There is no hope of cooperation on an impartial basis with such an issue paramount in the people's minds.

6. It is further requested that this report be accepted as the final report of this committee and that the township board take action to discharge the study committee and consider their work completed.

What children think of home determines whether they stay home much.

City and Citizen Trade Property

A trade of vacant lots between the city and a citizen was approved by the city commission Monday night.

Fifteen lots, 25 feet in width, will be traded by the city to Walter Beglinger, 1115 Roosevelt, for one large lot and \$2,700, according to the agreement. The city lots are located on Sutherland, while Beglinger's lot is on Joy street at the north end of Cooldidge.

Beglinger stated that he plans to construct homes on combined lots. Use of Joy street property has not been determined by commissioners. The newly-acquired property is located beside a larger city-owned parcel at Pine and Joy which was originally purchased for a hospital site. Some commissioners want to sell the properties for home sites while City Manager Albert Glassford has asked that they be turned into playground facilities.

Tax Collection Near Perfect in Township

County Treasurer Harold E. Stoll has announced that Plymouth township collected a larger percentage of its taxes than any other governmental unit in the county.

A report showed that 99.27 per cent of Plymouth township's taxes were collected during the last collection. Township Treasurer Elizabeth Holmes said this week that "I'm proud of the report and I must thank the people of Plymouth township for their cooperation."

Voters Also Face

Continued from Page 1

main in their positions a longer time. "Teachers can thus buy homes in the district and can otherwise become a part of community life." It is also argued that more teachers will attempt to secure jobs where tenure is in operation.

A separate ballot stating the tenure proposition will be given voters when they appear at the polls next Monday. It will ask for an X beside a "Yes" or "No."

Henry Ehrensberger of Joy road was honored by the employees of the Webster office of the Michigan Bell Telephone company last Tuesday, May 31, at the completion of 40 years of constant service with that company. Mrs. Ehrensberger and Mr. and Mrs. Guy Fisher were also guests at the party.

Commission Disagrees

Continued from Page 1

warned against this until the new water field was completed and ready to produce. City Manager Al Glassford stated that the new supply of water would be available in July. At this point Commissioner Ernest Henry moved that the matter be tabled leaving every indication that definite sides have already been drawn for a policy-making decision on how the city's added water supply will be disbursed.

In other business commissioners approved special assessments of \$47,734.93 for the improvement of the Forest avenue alley between West Ann Arbor trail and Wing, and of \$68,286.02 for the paving and widening of Main street from Penniman avenue to Mill street.

Permission was granted the P and A theatre to display a temporary sign calling attention to air conditioning. Fourth of July Chairman Robert Beyer's request for a three-day carnival, fireworks display and parade was also approved along with an expenditure of \$1550.00 as the city's share of the payments to safety patrol employees for the schools. A letter from the State Liquor Control Commission requesting the city's approval of a SDM (beer and wine carry-out) license for Marquis Toll House also won support.

The commission took under advisement a letter from Frank Millington, chairman of the Township Study committee, regarding a series of questions involving the sale of water to the township.

After approving the purchase of a one-ton panel truck from Berry & Atchinson to be used by the fire department for emergency rescue service the commissioners stopped just short of approving the purchase of a garbage truck from West Bros., Inc. The indecision arose regarding the type of load-packer to be used on the truck. A representative of the Gar Wood company of Wayne won enough support from commissioners to gain a demonstration of his product. The city currently uses Leach load-packers, a type which City Manager Glassford indicated had proven to be most satisfactory. An early date was set for the demonstration so that commissioners could then proceed with the purchase of the additional garbage truck.

Commissioners approved the transfer of \$1000.00 from the unappropriated reserve account to meet the expense of a census of the city. It is expected that the census, requested after the petition to annex the township was filed, will begin about June 20. Total expense is estimated at \$500. An agreement with the Wayne County Road Commission for the disposition of sanitary sewage to be transmitted through the Middle Rouge Parkway Interceptor sewer was also approved.

At the conclusion of the meeting commissioners urged police action in the vicinity of Forest avenue particularly on Friday evenings. They cited speeding violations on Forest avenue as well as through the new alley connecting Wing and West Ann Arbor trail. Chief Carl Greenlee stated that extra patrols would be assigned the area.

Before a motion for adjournment was made, commissioners were in general agreement that something should be done to "cool-off" the commission chambers. Mayor Daane set next Monday evening as "test night" and instructed Manager Glassford to have air conditioning units installed in the chambers so that commissioners might determine if such units would be satisfactory.

Name Contest Continues

Entries in the First Federal Savings and Loan Association's "What's My Name" contest are still being accepted despite the fact that the last series of pictures of Plymouth businessmen has been printed in The Mail. Final deadline is Wednesday, June 15.

For those that have not already handed in their identifications of the business-

men, First Federal has posted a complete array of the 104 pictures in the lobby of their offices at 843 Penniman avenue.

By going to the First Federal offices, identifying the well-known faces and filling out the entry blanks on hand, contestants may still submit answers and perhaps win one of the twenty-seven prizes being offered.

Asks Officials to Annex Factory Site

Continued from Page 1

said that the city has been contacted and "we are led to understand that service would not be extended for industry unless within the city limits."

VanBlarcon told the group that "we do not want to be in the middle of any difficulty. We want to live at peace with everybody where we located. . . We put our option in the form that we did because we needed the facilities; we needed sewer and water which we thought we couldn't get if we were not annexed to the city of Plymouth. Now if the board has some proposal to make, I am sure we would be glad to listen to it."

It was then decided by the board to meet again in two weeks.

The nine-point petition given both the township and city contains a legal description of the property being considered. It also points out the benefits of the factory to the whole community including both the township of

Plymouth and the city of Plymouth in that it will supply additional employment for the residents of the area and additional tax revenue for support of the schools of the area."

Bar Association Meets

Ladies night was observed by the Suburban Bar association last evening with a 7 o'clock dinner in the Mayflower hotel marking the event.

Composed of attorneys from the Wayne county area, the group meets the second Wednesday of each month. Present officers are Robert Martin of Wayne, president; Ben Boutell of Detroit, vice president; and J. Rusling Cutler of Plymouth, secretary-treasurer.

Boutell, president-elect, will take office with John Ryan of Wayne, the new vice president, in July. Cutler will continue in the capacity of secretary-treasurer.

Is your camera insured?

Those who enjoy photography as a hobby know how expensive cameras, projectors, enlargers, meters, lenses, etc. can really be. For many it has taken years to accumulate such costly equipment, and the thought of having to replace such items, due to their loss or damage, is painful to contemplate. It's inexpensive to protect your investment from fire, theft and other perils with a Camera Floater Policy, no matter where the equipment is used—at home, when traveling, anywhere.

10:30 Sunday school.
Classes for pupils up to 20 years of age.
How the real man of God's creation is divinely protected, maintained, and sustained will be brought out in the Lesson-Sermon entitled "God the Preserver of Man" at Christian Science services Sunday.

Keynoting the Lesson—Sermon is the Golden Text from Isaiah (43:2,3): "When thou passest through the waters, I will be with thee; and through the rivers, they shall not overflow thee; when thou walkest through the fire, thou shalt not be burned; neither shall the flame kindle upon thee. For I am the Lord thy God, the Holy One of Israel, thy Saviour."
Among the passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (151:23-24): "The divine Mind that made man maintains His own image and likeness."
The Scriptural selections will include the following from Psalms (40:11): "Withhold not thou thy tender mercies from me, O Lord; let thy loving kindness and thy truth continually preserve me."

Charter Member Of Realtors Board Honored Monday

The Western Wayne County Board of Realtors will honor one of its charter members and past presidents, Donald McFarlane of McFarlane Brothers, Garden City, at a special banquet on Monday evening, June 13. The public has been invited to attend the program which will be held at 6:30 p.m. in the Arbor-Lill restaurant, Ann Arbor road.

Roof Fire Extinguished

City firemen extinguished a roof fire in its early stages at 5:45 p.m. Sunday at the home of Ralph Amos, 1342 South Main. Chief Robert McAllister estimated the damage at \$50 to \$75. The chief said that material was being burned in the furnace and sparks ignited the wooden roof shingles.

Rains Cut Fire Threat

General rains damped Michigan last week and lowered the forest fire hazard considerably. Fourteen reported fires burned 13 acres, lowest weekly loss total since the spring fire season got well started in late March. To date, 3626 acres have been damaged.

DETROIT REALTORS AND BUSINESS ASSOCIATES OF THE FIRM ARE EXPECTED TO ATTEND THE EVENT.

Reservations for the program must be made with Gertrude Patton, GA 1-0550 not later than Saturday, June 11.

Residents' Son Feted At Party, Reception

Approximately 400 guests visited the home of the William T. Cummings' 46850 North Territorial road, Sunday where a garden party and reception was held in honor of their son, Reverend William T. Cunningham, who was ordained June 4 at the Blessed Sacrament Cathedral in Detroit.

Father Cunningham celebrated his first solemn high mass Sunday morning at St. Mary's of Redford church in Detroit. A breakfast was held in his honor immediately following the mass at Paul's Adrienne room, Plymouth and Telegraph roads.

Following graduation from Sacred Heart Seminary in Detroit, where he attended both high school and college, Father Cunningham took his theological work at St. John's Provincial Seminary, 44011 Phoenix road.

Reverend William T. Cunningham

Boston Woman Named President Of Mother Church

Mrs. Gertrude W. Eiseman of Boston, Massachusetts was named president of The Mother Church, The First Church of Christ, Scientist, in Boston at the annual meeting of The Mother Church on June 6 attended by church members from many parts of the world.

Mrs. Eiseman has been active in various capacities in the Christian Science movement for many years. A native of New York City, she is now a Christian Science practitioner in Boston. Her appointment was announced by The Christian Science Board of Directors.

Prior to devoting her full time to the public practice of Christian Science healing, Mrs. Eiseman was active on various philanthropic and civic boards. During the Second World War, she served on the Christian Science War Relief Committee.

At the meeting it was announced that a net gain of 31 branches of The Mother Church in the past year had been reported.

DETROIT REALTORS AND BUSINESS ASSOCIATES OF THE FIRM ARE EXPECTED TO ATTEND THE EVENT.

Reservations for the program must be made with Gertrude Patton, GA 1-0550 not later than Saturday, June 11.

Rains Cut Fire Threat

General rains damped Michigan last week and lowered the forest fire hazard considerably. Fourteen reported fires burned 13 acres, lowest weekly loss total since the spring fire season got well started in late March. To date, 3626 acres have been damaged.

DETROIT REALTORS AND BUSINESS ASSOCIATES OF THE FIRM ARE EXPECTED TO ATTEND THE EVENT.

Reservations for the program must be made with Gertrude Patton, GA 1-0550 not later than Saturday, June 11.

FOR JUST A LITTLE MORE YOU CAN ROCKET AWAY!

Mr. Gene Jordan, noted marimba player, will appear at Calvary Baptist Church, Sunday morning, in the opening exercise of the Bible School and at the 11:00 worship service.

Mr. Jordan for the past four years has been Assistant Director of Music at Radio Station HCJB, Quito, Ecuador. At present he is on furlough in the United States and is participating in several large evangelistic campaigns. His most recent campaign was completed Sunday in Winnipeg, Canada.

Early in July he will provide music for a city-wide campaign in Belfast, Ireland. He is scheduled to play Saturday night at the Masonic Temple in Detroit.

The public is cordially invited to hear this talented gospel musician.

Oldsmobile Super "88" Holiday Coupé.

FOR JUST A LITTLE MORE YOU CAN ROCKET AWAY!

YOU CAN ROCKET AWAY!

Go Ahead! Drive it yourself!

A mighty small difference in dollars makes a MIGHTY BIG difference in driving these days. Because now you can put yourself in command of flashing "Rocket" Engine power... thrill to brilliant "flying color" beauty and luxury... and it's easier than you ever dreamed! Actually a very few dollars more a month rockets you right out of the ordinary into an Olds! Before you buy any car, stop in! Get our generous appraisal! Drive the "Rocket"... price the "Rocket"... you'll own an Olds, today!

LOCAL DELIVERED PRICE OF OLDSMOBILE "88"
9-Door Sedan is
\$2280.00
State and local taxes extra.
Your price depends upon choice of model and body style, optional equipment and accessories. Prices may vary slightly in adjoining communities because of shipping charges.

GO AHEAD... DRIVE IT YOURSELF! THE GOING'S GREAT IN A "ROCKET 88!"

Rotary Affair Aids Crippled Children

Talents of television and radio personalities will get behind the job of raising funds to send area crippled children to summer camp when the district Rotarians have their annual Golf Outing and Banquet June 15 at Birch Hill Country club.

WJR announcer Charlie Parks will be master of ceremonies for the three-hour show which will follow a filet mignon dinner at 7:30 p.m. Earlier in the day there will be competition in golf, horse-shoe and baseball. All proceeds go to the Rotary club's Crippled Children's Camp Building Fund. Birch Hill management is furnishing facilities and food for the outing.

Others on the program will be "Guest House" stars Renee McKay and Fred Kendall and television's E & B Barn Dance orchestra. Sponsors of the outing are Rotary clubs of Wayne, Garden City, Dearborn, Westwood and Taylor Center.

The outing is not a closed affair for Rotarians, according to Chairman Chester Matheson. All service clubs and individuals are welcome. "We are only interested in raising money for crippled children."

Republican Women Plan Book Presentation

A presentation of three books to the Dunning library collection will be made Monday, June 13, by the Republican Women's clubs of Plymouth and Plymouth township in memory of three residents locally active in the Republican party.

Representatives of the families of Charles Rathburn, Burton E. Giles and Ruth E. Whipple will be present for the ceremony which is scheduled to take place at 10 a.m. at the library.

In memory of Mrs. Whipple the club president, Mrs. Pearl Lundquist will present "Climbing Roses" by Helen Van Pelt Wilson. "The Roosevelt Family of Sagmore Hill" by Hermann Hagedorn will be presented in memory of Mr. Rathburn and Grantland Rice's "Tumult in the Shouting" in Mr. Giles' memory.

The public is invited to attend the presentation.

Attend Lions Convention

Five members from the Plymouth Lions club will serve as representatives from this area at a state convention of the organization in Grand Rapids this weekend.

Delegates from Plymouth are Frank Weller, the local club's new president, together with William Fehlig, Robert Erdelyi, Bruce Richard and J. Rusling Cutler.

Election of international officers for 1955-56 will be held at the three day Lions convention, set for Saturday through Monday, June 11-13.

Grange Gleanings

We had a very fine meeting last Thursday night. A crowd of about 85 filled the hall comfortably. The Pittsfield degree team came over and put on the work of the third and fourth degrees for our fine class of nine candidates. We enjoyed our usual pot-luck supper before the meeting and ice cream and cookies were served after the meeting was over.

Our charter was draped in memory of our member, Mary Henry, who passed away May 28.

Pomona will be held at Pittsfield hall on Tuesday evening, June 14. We hope to have a good crowd from Plymouth.

Our next Grange meeting will be on June 16. There is to be a little play in charge of the chaplain. Light refreshments will be served after the meeting. This will be our last meeting until September, so come out for once anyway.

The Grange picnic will be at Milan on July 17 at the Community building as before.

Those who are going to Chebaning to see "Show Boat" should leave Plymouth about 4 o'clock. Take your own dishes and food for a pot-luck supper at the picnic grounds there before the show. The date is July 15.

HISTORY OF A PANIC
"Only cheese for lunch?"
"Yes, the cutlets caught fire and it spread to the apple tart, so I had to take the soup to put it out."

In Memoriam
of dear Mother and grandmother, Martha Wheeler, who passed away fifteen years ago, June 1, 1940, sadly missed by her loving children and grandchildren.

My mother's hands were small and rough,
The fingers gnarled from toil
And many washings across the board removing grime and soil

My mother's back was stooped from care,
Her brow was deeply lined,
Her step was weary many times,
Her hazel eyes were kind.

My mother's voice was sweet and low,
Her hair was white and soft,
Her smile would always greet us
when we came home at night.

My mother's hands are folded now,
In peaceful sleep she lies,
Her pretty hair is softly waved
And closed the faded eyes.

My mother's voice is silent now,
In peaceful sleep she lies,
Her prayers forever still
God heard each one and called her home.

Her love to us still filled
the soothing whispers of the pine above her bed of green
Near mother gone, I had to wait
sweet sleep and restful dreams.

Her loving children,
Mr. and Mrs. Roy W. Moore
Mr. and Mrs. Meldrun Smith and family
Mr. and Mrs. Burton D. Zander and family

Keep Abreast Of Your State Legislature Read "MICHIGAN MIRROR" Each Week In The Mail

SAFETY PATROL boys from the public and parochial schools went to the ball game last Thursday as a reward for their vigilance during the school year. After a luncheon furnished by the Mayflower hotel, the 184 boys and

their 17 supervisors boarded three buses bound for Briggs Stadium. To make the happy day complete, they saw Detroit trim Washington.

WITH PLYMOUTHITES IN THE SERVICE

Brief items of interest about Plymouthites in the services are welcomed in this column, providing the information does not conflict with press security policies.

★ ★ ★ ★ ★

BIG MOMENT comes for Private Albert Williams, Jr. as he readies for his fifth parachute jump from a C-119 aircraft with the 82nd Airborne Division, Fort Bragg, North Carolina. The jump marks the end of three weeks of intensive training qualifying Williams as a paratrooper. He is the son of Mr. and Mrs. Albert Williams of 15153 Northville road, Plymouth.

Ray Lane, Jr.

Army Corporal Ray Lane, Jr., whose parents live at 32580 West Six Mile road, Livonia, recently was awarded the Good Conduct Medal at Fort Sheridan, Illinois, while serving with the 5012th Area Service unit. Lane, an information specialist in the unit's Detachment 1, received the decoration for his exemplary behavior, efficiency and fidelity. Corporal Lane, whose wife resides at 329 Highwood avenue, Highland, Illinois, entered the Army in June 1953 and completed basic training at Fort Riley, Kansas.

The 25-year-old soldier was graduated in 1952 from Michigan State college and is a member of Lambda Chi Alpha fraternity.

James C. Finnegan Thomas V. Bombach

Announced this week was the recent arrival of Privates James C. Finnegan of Plymouth and Thomas V. Bombach of Livonia in Goepfingen, Germany. The two youths are serving with the U.S. Army's Ninth Infantry division.

Private Finnegan, a tank mechanic, is the son of Mrs. Marian Finnegan, 634 South Main street. The resident entered the Army last August and completed basic training at Fort Leonard Wood, Missouri. He graduated in 1953 from Plymouth high school.

A fire direction center specialist in the division, Private Bombach entered the Army in December 1954 and received basic training at Fort Ord, California. A 1954 graduate of Bentley high school, Bombach is the son of Mr. and Mrs. Victor M. Bombach, 13411 Leyan road, Livonia.

As part of the U. S. Seventh Army, the 9th Division conducts rigorous training exercises, including realistic maneuvers and field problems, in southern Germany.

James P. McDonald

Private James P. McDonald son of Mr. and Mrs. Fred McDonald, 28652 West Seven Mile road, Livonia, recently arrived in Alaska and is now serving with the Fourth Infantry Regiment at Ladd Air Force Base, Alaska.

Military personnel stationed in the Alaskan territory undergo intensive training while guarding the northern approaches to the U.S.

Private McDonald, who entered the Army in December 1954, completed basic training at Fort Leonard Wood, Missouri.

RALPH FLUCKEY, president of Plymouth association of insurance agents, turns over to Don Denison, driver training instructor at the high school, the certificate showing that Denison's students have passed the driver course. Driver training not only teaches students how to drive properly but also aids them in getting more inexpensive automobile insurance from certain companies. Pictured here from left are: Fluckey, Denison and driver training students Gail Foreman, John Small, Chuck Moisis and Nancy West.

GETTING EQUIPPED for deep-sea diving operations at Pearl Harbor, Hawaii is "Mickey" L. Olds, 20-year-old son of Mr. and Mrs. LaVerne Olds, 338 North Harvey, Mickey, a diving instructor, has been stationed at the Submarine base in Pearl Harbor for the past two years. He will be home on leave in September.

Donald W. Wohlgemuth

Private Donald W. Wohlgemuth of 40615 Ford road, Plymouth, graduated May 27 from the Radio Operators course offered at the Southeastern Signal school, Camp Gordon, Georgia. He is the son of Mr. and Mrs. William Wohlgemuth.

The Radio Operators course, which is 23 weeks in length, teaches selected enlisted personnel to operate radio communications equipment. Students are taught to receive international Morse code at a minimum speed of 25 words a minute.

During his training, Private Wohlgemuth received a technical education worth thousands of dollars. He will now be reassigned to an active unit of the United States Army.

The Southeastern Signal school, largest communications college in the world, is located near Augusta, Georgia. This installation furnishes trained signal technicians to army units all over the world.

Seedbed Mixture May Eliminate Old Soil Methods

A new and simple method of agriculture holds promise of multiplying public benefits gained from state game areas. For centuries, the growth of crops has been based on some system of turning or tilling the soil before seeds are planted. But now, "chemical seedbed preparation" may make it possible largely to do away with costly, time-consuming soil preparation methods. The new approach is to use chemical sprays in the fall to kill weeds and grasses in a field. In the spring, instead of conventional plowing, discing and harrowing operations, a new type of planting machine punches fertilizer and seeds into the untilled soil. The method was developed in New Jersey and is being tested at the Conservation Department's Rose Lake wildlife experiment station near Lansing. State workers are cautious in their optimism, but admit that early work shows "promising possibilities."

For Michigan's public it may mean that thousands of acres of heretofore unusable barren or rocky or partially-cleared public land can be planted cheaply to produce habitat for wildlife.

Alumni Plan Picnic

The Northwest Suburban Alumni club of Michigan State college has announced plans for a picnic on Thursday, June 16. The organization includes residents of Plymouth, Northville, Livonia and Farmington.

A family potluck has been planned for the event which will be held at 6:30 p.m. in the park at Six Mile, corner of Plymouth and Northville roads. Those attending are asked to bring a dish of 25 words a minute.

Announce '48 Reunion

Plans for a reunion of Plymouth high school class of 1948 are getting underway with Saturday, July 9, set for the date.

The event will be held at 7 p.m. in the V.F.W. hall on Lilley road. Program for the get-together calls for a dinner followed by dancing and entertainment.

Those planning to attend should make reservations with Mrs. James Wellman of Plymouth on or before June 15.

GOOD REPORTING

Reporter — What shall I say about the two peroxide blondes who had a fight at the baseball game last night?

Friend — Why, just say the bleachers went wild.

Dairy Month Boosts State Milk Product

June is Dairy Month. And the June Dairy Month committee is boosting dairy products during the month by telling about some of the efforts to improve quality.

Already, Michigan has laws governing the processing of its dairy products—and it has had them longer than any other state. Michigan led the way in compulsory pasteurization of dairy foods.

Researchers at Michigan State college are striving to make products even better by testing various processes to increase shelf-life. And marketing specialists are working on better means to get the product to Mrs. Home-maker in its natural good condition.

Economically, dairy products are important. Estimates are that one of 15 U.S. families depends on the dairy industry for income either as labor wages or for sale of milk. In Michigan the percentage of families deriving their income from milk would be even greater.

Even in Michigan, where the automotive industry is the largest, more motor vehicles are used in the distribution of milk than any other commodity.

And what's the relationship between milk and the feed bill? A quart of milk a day per person will supply nearly one-half the family's food requirements while taking only one-fourth the food budget.

Sixth-Graders Start Their \$1500 Trip

With plenty of work behind them and a total of \$1500 between them, 59 Starkweather sixth graders embarked Thursday, May 26, on a two-day visit to Chicago. Starting last fall, the youngsters earned all the money themselves through bake sales, paper and scrap iron drives, car washing, dances and ice cream socials.

The Chicago tour included special accommodations and a banquet at the Conrad Hilton hotel, Friday morning appearance on the Don McNeil "Breakfast Club," tickets to radio and TV shows, visits to the Museum of Science and Industry and the aquarium.

The group left by train at 7:45 Thursday morning, May 26, and returned by plane the following evening. Accompanying the youngsters were the two sixth grade teachers, W. R. Foster and D. B. Denison. Nine parents also chaperoned the trip.

Who's New in Plymouth

ALL THE WAY from Passau, Germany, came this family of immigrants, who are this week's new Plymouth residents. From left in back are Rosemary and Sebastian Majer and Rosemary's mother, Mrs. Barbara Schmidt. In front from left are Gerhard, 4, and Manfred, 2, the young couple's children. Mrs. Schmidt preceded her daughter and son-in-law to this country by five years due to complicated refugee laws and quotas that held the Majer's in Europe. The family resides at 263 West Ann Arbor Trail.

Passau, Germany Ex-home Of New Plymouth Family

Unlike most of Plymouth's new residents moving to this area from not too far distant places, this week's featured family is a quintet of displaced persons who have lived through Europe's World War II hardships and now plan to start life anew in this city.

Sebastian and Rosemary Majer and their two boys, Gerhard, 4, and Manfred, 2, arrived last April all the way from Passau, Germany, to make their new home with Rosemary's mother at 263 West Ann Arbor trail.

Nearly five years earlier Rosemary's mother, Mrs. Barbara Schmidt, made the long trip across the sea to live in Plymouth. At the time of Mrs. Schmidt's crossing, the younger couple had planned to follow almost immediately, but red tape and other complications caused a five-year delay.

It took a sponsor and job-assurance papers to finally pave the way for the Majers' immigration to this country. Aiding them was Richard Erdelyi and Erdelyi and Sons company, 751 Forest, in getting the husband a job and a home.

Reason for this precaution of a job and home beforehand was so that the U.S. would not have to take the family in as a dependent upon the nation.

Mrs. Schmidt went to work right away at Tait's cleaners as soon as she arrived in Plymouth on June 16, 1950. Sebastian, now a Plymouthite of six weeks, is well established and is working as a roofer and carpenter at the moment. But he hopes to get a job in a factory soon so as to be better employed during the winter months.

In 1944 Mrs. Schmidt lost her home in Yugoslavia under the war's onslaught, and went into Germany with her husband and family to live in refugee camps. Her husband, blinded by the long marches into Germany and badly starved, died in 1946.

Through the aid of the Red Cross Mrs. Schmidt finally managed to come to this country with her son, Rudy, now 23, in 1950. Rudy is now in the United States Air Force.

While Mrs. Schmidt and her family were still living in Passau, daughter Rosemary met and married Sebastian, now 34, in 1949. Sebastian was originally from Rumania and as a 19-year-old youth in 1941 was drafted into the German army as an infantryman.

He served four years as a rifleman and in 1945 at the war's end was placed in a prison camp where he stayed until his release in 1948. It was at this time he moved to Passau, where he met Rosemary and where the two children were born.

Now that the family is reunited, although two of Mrs. Schmidt's children remain in Europe, there is a happy air to the neat upstairs apartment on Ann Arbor trail.

"I'm so thankful to every one of my friends that have helped me and my daughter's family to come to the United States," said Mrs. Schmidt. "I'm so thankful."

IN HONOR of Plymouth's eighth graders, who graduate into the ninth grade with the end of this school year, the teachers and Parent-Teacher-Student association of the Junior High school have slated a "Fun Night" for the 8th grade students. Including dancing, games, various home-room skits and refreshments, the evening of fun will be this Friday night, May 10, in the auditorium. Pictured from left, readying decorations, are William Harding, chairman of the 8th grade, Susan Campbell, a homeroom chairman, Mrs. Foster Calahan, vice-president of the PTSA, and David Dnski, another homeroom chairman.

War Brides Invited To June 21 Gathering

Foreign war brides living in the Plymouth area have been invited to attend the next meeting of the Transatlantic Parents and Brides association on Tuesday evening, June 21, in Garden City.

Largely social in nature, the association is composed of women from foreign countries who married American citizens during World Wars I, II or the Korean conflict. Besides offering social contacts, the organization also assists members in securing cheaper transportation on visits to their native countries.

The group is non-political and non-sectarian and is open to all nationalities. Meetings are held the third Tuesday of each month in Garden City.

Anyone needing transportation or wishing additional information on the June 21 meeting may call Mrs. Raymond Trombley of Plymouth, president of the association.

Fun Night Slated For Tomorrow

"Cherry Pink and Apple Blossom White," to be presented by the P.T.S.A., eighth grade homerooms and teachers, is the title of the Junior High Fun Night to be held tomorrow from 8 to 10 p.m. in the high school auditorium.

The program is open to all eighth graders and will consist of special acts arranged by the various homerooms, dancing and entertainment. Refreshments will be furnished by the P.T.S.A. Chaperones for the party are Mr. and Mrs. Earl Readman and Mr. and Mrs. Eber West.

Chairmen and their various committees for the affair are: Mrs. Dorothy Stein's homeroom, program; Mrs. Foster Calahan, dance programs; Mrs. June Kelly, Mrs. Joan Hayskar and Frank Sullivan's homerooms, decorations.

The fifth grade class of the Smith school gave a surprise bridal shower Friday noon honoring their teacher, Miss Theresa Eccel. Hostesses were Jeanne Schwartz and Donna Ash.

Garden Club Closes Season With 2 Events

An executive board meeting and picnic have been earmarked as the two remaining events on this season's calendar of activities for the Plymouth branch, Michigan division of the Women's National Farm and Garden association.

The board meeting, set for tomorrow, June 10, will be held at 9 a.m. in the home of Mrs. Ralph Lorenz, 45885 Ann Arbor trail.

On June 13 members will gather for the picnic potluck luncheon planned as the last meeting of the group until fall. The event will take place at 12:30 p.m. at the home of Mrs. Ralph Garber, 46225 North Territorial road.

A surprise program has been planned for the social meeting by Chairman Mrs. George Schmeiman. Each member has been asked to bring rootings or cuttings of plants from her garden which will be exchanged or traded with those of other members during the afternoon.

Mrs. Chester Teasel is in charge of the picnic arrangements. She will be assisted by the following committee:

Mrs. Rex Hoffman, Mrs. W. Roberts, Mrs. Russell Roe, Mrs. W. E. Lickfeldt, Mrs. Jesse Tritten, Mrs. Paul Wiedman, Mrs. R. R. Williams, Mrs. Carl Wall, Mrs. Kenneth Wilske and Mrs. Andrew Vargha.

SOCIAL NOTES

The Mission Society of St. Peter's Evangelical Lutheran church will meet on Wednesday, June 15, at 2 p.m. in the home of Mrs. Herbert Ruehlmann, 11205 Laurel street, Livonia, one block east of Wayne road and south of Plymouth road.

Mr. Harold Fischer of Plymouth road entertained the members of the Character Research Group at her home last Wednesday morning, June 1. This was the last regular meeting until fall. A letter concerning the group sponsored Korean child was read by Mrs. Bruce Richard.

Mr. and Mrs. Ray Creith are vacationing at Sault Ste. Marie where Mr. Creith will also attend the Elks State Convention being held at the Soo. They will be gone about 10 days.

Mr. and Mrs. Henry Baker and son, Bill, and the Bakers' daughter and her husband, Mr. and Mrs. D. H. Fritz of Highland Park, Illinois, attended the graduation ceremonies in East Lansing on Saturday when Cynthia Baker received her degree. The Fritzes were weekend guests in the Baker home on Six Mile road.

Mrs. William Farley of Adams street visited Sunday with Mrs. Clara Schaffer in Newburg.

Steven Tallian, Jr., who is stationed with the United States Navy in Coronada, California, is spending his furlough with his parents, Mr. and Mrs. Steve Tallian, Sr., of Corrine street.

Mr. and Mrs. Starr Herrick left Monday for their home in Santa Barbara, California, after visiting with Mr. Herrick's sister and brother-in-law, Mr. and Mrs. Howard Bowring of Bradner road. Mrs. Eva Herrick accompanied them on their return trip and will make her home with her son.

Mr. and Mrs. Lewis Lipscomb of 1189 Ross street are moving to Miami, Florida, where they will make their future home.

Mrs. H. D. Stratton of Blunk street entertained her bridge club Thursday, June 2.

Miss Donna Ash, daughter of Mr. and Mrs. Walter Ash of Dewey street, attended the Safety dance held at the Smith Elementary school auditorium last Friday evening.

Seniors Feted By Madonna Underclassmen

Underclassmen and alumnae of Madonna college sponsored several activities for the seniors at the school during commencement week.

The freshmen paid tribute to the departing class at the Flag Raising ceremony of May 31st when the seniors were given the honor of raising "Old Glory" for the last time.

Madonnites gathered under the seniors' windows to serenade them with school songs and other traditional melodies. The seniors in turn tossed down small tokens to the students expressing their appreciation.

In return, the seniors sponsored activities for the underclassmen as a farewell gesture.

At noon last Tuesday Madonna students took part in the seniors' garden party. This celebration commemorated the students' birthdays, particularly those that occur in the summer months.

Tables were arranged and decorated to depict the seasons of the year and each student was seated at the table in which her birthday occurs.

On June 1 mass for the class of 1955 was celebrated by Reverend James T. Shannon, head of Madonna's Theology department. Students participated in the annual procession around the campus, followed by the senior class program in the auditorium that afternoon.

At this last program the departing class made known its history and last will and prophecy. Alice Wolak, senior, was the class valedictorian.

In addition to commencement activities recently and as a fitting close to Mary's month, the Madonna Sodality crowned the Immaculate Heart of Mary on the campus court on May 31 at 8 p.m. A procession with lighted votive lamps led from the college entrance to the statue, where Leona Wisniewski, Sodality prefect, crowned the Madonna.

Included in the queen's court were Cecelia Jakubielski, vice-prefect, Mary Ann Niewierowski, secretary, Joan Empel, treasurer, and Mary Ann Barezak and Patricia Okray, chairmen of the two Sodality committees.

College Graduates from the Plymouth Area

This is the first in a series of pictures of local young people graduating from colleges and universities this spring. Pictures are furnished by the colleges themselves and were taken for yearbook use. We invite graduates who do not have their pictures on file to submit a billfold-size picture to The Mail.

ARLENE A. DOWLING, 1316 Sheridan, bachelor of arts and elementary certificate from Western Michigan college.

ELAINE K. HARDING, 1239 Penniman, bachelor of arts and secondary certificate from Western Michigan college.

PATRICIA ANN WILKINS, 11350 Gold Arbor, bachelor of science degree from Western Michigan college.

ERNA R. KIENBAUM, 425 Adams, bachelor of arts and elementary certificate from Western Michigan college.

DAVID L. GREEN, 6121 Lotz, bachelor of arts in school of music from University of Michigan.

LOIS G. HOENECKE, 261 Spring, bachelor of science in design from University of Michigan.

RICHARD CHARLES WILTSE, 986 Roosevelt, bachelor of science in pharmacy from University of Michigan.

PHILIP R. JACOBUS, 39936 Warren, bachelor of arts in business administration from University of Michigan.

MARTHA PAPO, 8889 Brookline, bachelor of arts in political science from the University of Michigan.

RICHARD ALLAN UNDERWOOD, 1341 Sheridan, bachelor of arts in journalism from the University of Michigan. Also a second lieutenant's commission in the army.

Plymouthites Named Winners in Contest

Four Plymouth youngsters were named among the winners of the 17th District Poppy Poster contest sponsored recently by the American Legion Auxiliary. Winners were: First class, (4th, 5th and 6th grades): First prize, Margaret Ann Kupsky, Northville; second prize, Marth Bunash, Plymouth; second class (7th, 8th and 9th grades): first prize, Jeanne Cesarz, Livonia; second prize, Judy Robinson, Northville; third prize, Cathy Kops, Plymouth; third class (10th, 11th and 12th grades): first prize, Elaine Drew, Northville; second prize, Myron Severson, Plymouth; third prize, Joan Bassett, Plymouth.

Canton Township Scouts Preparing For Third Annual Beef Pit Roast

If you've never heard of a beef pit roast, you won't have far to get to one on Saturday, June 18 when Scout Troop 298 of Canton Township holds its third annual outdoor dinner. So popular has the event been in past years, that a limitation has been placed on ticket sales, according to Scoutmaster Willard Bowman. Popularity is due to the method of preparing the meat and to the size of the portions which also include seconds, thirds or fourths. Ticket sales have been limited to 500. Scouters and gourmets from as far away as East Detroit have called for reservations. Site of the beef pit roast is on the grounds of the Canton township hall where a grave-sized hole is first dug. It takes several days to cook the meat since five cords of wood must be burned in the hole prior to burying the meat. On the night before the dinner, the meat and bean crock is placed in the hole and buried. The cooks camp at the site overnight and begin preparations for serving the meal the next morning. There will be tables and chairs for 500 persons set up and arrangements to pitch a tent in case of rain. The main courses are dug up shortly before dinner time at 5 p.m. There are but 14 boys in the troop. Tickets may be purchased at the fire hall, Plymouth Mail, National Block company or from Scouts and Scouters.

American Legion News

Commander Harry Bursleson and President Marie Thompson wish to thank their respective Poppy chairmen and those members who were out on Poppy Day for their wonderful help. The full total of receipts is still not in and a full report will be given in a future column.

The Post and Auxiliary again had their usually good representation at the 17th District Association's regular business meeting held Friday evening, June 3, at the Myron H. Beals Post home in Livonia.

Mrs. Alice Mickens, the first Auxiliary president of the then newly-formed 17th District, and husband are leaving later this month to take up residence in Minnesota.

The next regular business meeting of the Post will be Wednesday evening, June 8, at 8 p.m. at the Veterans Community Center. This is one of the most important meetings of the year for each member. Elections of officers for the forthcoming year will be held and every member should be present to voice his opinion.

On Thursday evening, June 9, at 8 p.m. the Auxiliary will hold its regular business meeting at the Veterans Community Center. Their order of business will also be the election of officers for the ensuing year. Let's all be present for this meeting.

Our Annual Carnival is scheduled for June 13 through June 18. This is the Post's biggest fund-raising project of the year. As in the past years, we will need as many members out each night as possible to help sell tickets and to relieve those who have been working. The Auxiliary has given the Post 100 per cent co-operation in the past and they are very wonderful in getting out to help the Post on this project. More detailed information will be available at the respective business meetings on Wednesday and Thursday.

A really modern kitchen includes an extension telephone

Think of all the hours you spend in your kitchen! How many times a day do you have to make "a 50-yard dash" to go and answer the telephone?

Does it make sense when you can have a kitchen extension telephone for only a few cents a day?

It will save you time, steps and energy, make you a more efficient home manager. You'll find its value far beyond its price.

No home is truly modern without an extension telephone in the kitchen and another beside your bed.

Order yours today, from our Business Office or any telephone service man.

You'll see this poster on every telephone vehicle in town, inviting you to ask the driver about more phones for your home.

Here's where all that wonderful performance begins!

They're all true—all the wonderful things you hear about Pontiac's great performance.

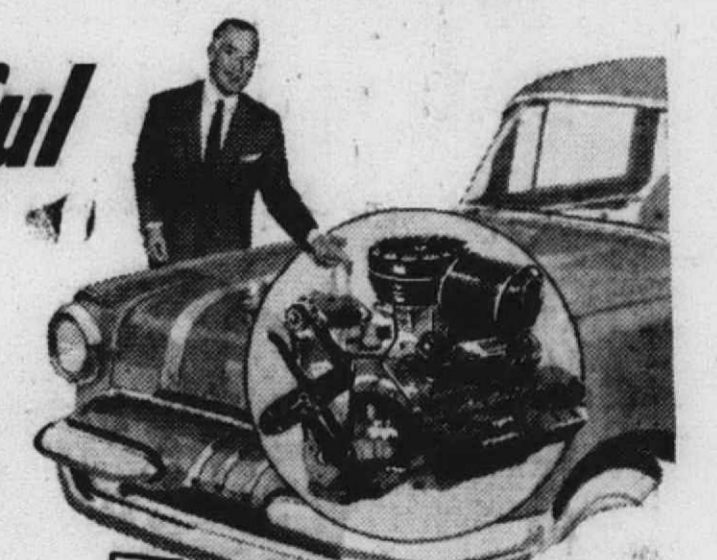

The way it sweeps uphill or down with the same effortless ease. The tremendous burst of passing power that answers the nudge of your toe. The thought-quick response in stop-and-go traffic that makes the car seem part of you. The smooth, quiet way it goes about its business however hard or far you drive.

Lift the hood of a Pontiac and you'll be face to face with the reason. That compact power plant nested there may look much like other V-8's—but that's where your eyes deceive you!

The Strato-Streak V-8 is in a class all by itself—filled with engineering "firsts" that make it the mightiest engine ever to appear in Pontiac's price field. And it's one of the many Pontiac advantages you can't get anywhere else. Pontiac alone gives you the terrific drive of Strato-Streak performance.

This sensational performance, remember, comes in a distinguished, future-fashioned beauty that is tagged with a price any new-car buyer can readily afford.

Here's your wide-open invitation to come in and try the result—the fastest-selling Pontiac of all time. The car is ready whenever you are! Make it soon.

Most Modern Engine in Any Car
THE STRATO-STREAK V-8

The Strato-Streak V-8 is one of the great landmarks of automotive progress—the newest and most advanced engine you can buy. Standard with all three lines of Pontiacs, it develops 180 H.P. and reaches a blazing 200 H.P. with the four-barrel carburetor, optional at extra cost. Either way you get the most power per dollar delivered by any car at any price.

AUTHORIZED FORD SALES & SERVICE

A THRILL OF A LIFETIME was recently given the third grade class of Allen school taught by Mrs. Jean Bows. Usually school children get a look at fire trucks or sometimes climb aboard, but this group actually took a ride on this Plymouth township pumper last week. With siren wide open. Chief Bud Holmes is shown at left. The driver was Lieutenant Barney Maas.

Radio Active Dust Now Being Plotted Throughout State

Under a new arrangement which went into effect June 1, if an atomic or hydrogen bomb falls on Michigan, residents can be immediately notified of the area in which there will be a fallout of the dangerous radio dust so that they can take measures to protect themselves.

Cooperating in the plan are the United States Weather Bureau, the Michigan Office of Civil Defense and the Michigan State Police.

As the result of experience in atomic bomb tests it is now possible to plot in advance with almost invariable accuracy the fallout area of the dust.

Starting the first of the month, this area will be plotted twice daily and, although no one can predict at what point a bomb would drop, the plotting will nevertheless cover the fallout region.

Layers of wind are piled up on the earth's surface, each traveling at different velocities. Twice each day the Selfridge air force base at Mt. Clemens will send a balloon aloft which will be tracked by radar. The wind directions and velocities will be measured at the various altitudes up to 80,000 feet, this operation requiring about two hours.

The data collected will be turned over to the Detroit weather

bureau, which will then do the plotting and send out the information on its teletype to every bureau station. At the East Lansing station the information will be given to the communications office of the State Police at East Lansing, where it will be transferred to a large map.

In the event of a bomb drop the State Police, without further checking, would immediately notify various key warning centers of the fallout area and they, in turn, would disseminate the information to the public.

The area would stretch roughly about 200 miles, and the amount of advance warning of the fallout in Michigan would be from zero up to an approximate five-hour maximum, depending upon the individual's distance from the point of detonation. This maximum, of course, would increase if the bomb were dropped outside the state, such as at Chicago.

In all instances there would be a fallout within a radius of 40 miles, but from there on the drift would be determined by the winds.

Ouch! He—I was up at the zoo yesterday watching the monkeys, it was very amusing. She—It must have been—the monkeys.

Savings Bond Drive Hits 71% at Burroughs

During a corporation-wide campaign last week, 1750 Burroughs Plymouth Plant employees signed up to buy U. S. Savings bonds through the payroll deduction plan. Coupled with those already buying bonds through payroll savings, total participation was swelled to 71% of the more than 3500 men and women employed in the plant.

The drive was conducted at Burroughs following a request from the U. S. Treasury Department that the company spearhead a forthcoming nationwide bond sales campaign.

Martin H. Miller, director of sales for the U. S. Savings Bond Division of the United States Treasury, said, "We are more than gratified with the response of Burroughs employees to the campaign. If more than two-thirds of the employees of all other industries follow this lead, the drive will be an unqualified success, and the government will be greatly aided in its efforts to maintain a sound, stable American economy."

Robert A. Niemi, manager of the Burroughs Plymouth plant, commenting on the success of the campaign stated that "Burroughs people did not need to be convinced of the value of saving. More than two-thirds of them were already members of their own employee credit union. When we launched the bond campaign, we simply imparted to employees basic knowledge of the importance of U. S. Savings bonds to the country's economy, to Burroughs and to the individual bond buyer."

To facilitate the payroll savings plan, Burroughs has provided complete bond buying facilities for employees, including accounting procedures for payroll deductions, beneficiary changes, postage for mailing bonds to employees, etc.

Legion Announces Plans For Annual Carnival

The Annual Spring Carnival sponsored by the Passage-Gayde post of the American Legion, has been scheduled for Monday, June 13, through Saturday, June 18, William Langmaid, chairman for the event, announced this week.

The carnival will be held at Farmer and Karmada streets, located adjacent to the high school athletic field. Featured will be a number of Down Rivers shows, plus a large variety of rides, games and concessions.

The Passage-Gayde Auxiliary will assist post members in staging the event.

The four leading U.S. exports are industrial machinery, automobiles, grain and cotton.

VETERANS OF FOREIGN WARS

The Mayflower Post 6695 and its Auxiliary would like to take this opportunity to express our sincere thanks to all their friends and neighbors who bought a V. F. W. Buddy Poppy during the sale on Friday, May 27. The sale proved to be the most profitable one and it was mainly through the combined efforts of Chairmen Marion Dickie and Ray Danol and last, but not least, the efforts on the part of all members who donated their time selling poppies. Our efforts were well rewarded when the proceeds were counted. This money will be used mainly right here in our own vicinity for our Veterans' hospital work to support our work during the present year. Plymouth citizens were very generous this year which leads us to believe they are interested in the cause of our organization. As publicity chairman for the Auxiliary, I wish to express my thanks to the Plymouth Mail for their generous publicity preceding the sale.

A hospital trip is being planned for this coming Sunday, June 12. Call Chairman Beverly Brown if you are able to make this trip.

There was a record attendance at our Auxiliary's eighth anniversary potluck dinner on Sunday, June 5, at the Post hall. Entertainment for the afternoon consisted of the following: Life memberships to our National Home were presented to our past presidents, Jane Diekman and Eleanor Gust. The Auxiliary is planning to present each past president with these memberships up to the immediate and future presidents. Past President Eleanor Gust joined during her year with five-year membership pins: Lucinda Archer, Virginia Bartel, Marion Warner, Geraldine Olson, Ann Smith, Grace Smith, Betty Krumm, Corrine Clark, Viola Sparkman, Georgia Elliot, Eleanor Epps, Ruth MacDonald, Lillian Voss, Bettie Neale, Helen Shephard, Marion Jackson, Dorothy Wilhelm and Alba Van Meter. Congratulations, girls, for a very successful Auxiliary!

During the course of the afternoon the group did some community singing and four professional archers staged a very exciting archery demonstration, enjoyable both to the children and to the adults. Kay Coolman and her committee are to be commended for a very successful Post and Auxiliary social function. Let's have more of the same!

"If you couldn't have wealth what would you choose?" "Credit."

NOTICE OF ELECTION & ANNUAL MEETING

Election in Plymouth Township School District of Plymouth, Wayne County, Michigan, will be held at the high school building, Monday, June 13, 1955. Polls open at 7:00 o'clock a.m. and close at 8:00 o'clock p.m., Eastern Standard Time.

The qualified voters will elect at said election one trustee for a term of three years. Candidates who have filed nominating petitions and whose names will appear on the ballot at said election are:

Harold E. Fischer
Frank Millington
Stephen E. Tallian, Sr.

The qualified voters will vote at said election on the following proposition:

SHALL THE PROVISIONS OF ACT NO. 4 OF THE PUBLIC ACTS OF EXTRA SESSION 1937, AS AMENDED, (TEACHERS' TENURE ACT) BE ADOPTED BY THE PLYMOUTH TOWNSHIP SCHOOL DISTRICT?

Teachers' Tenure Act: An Act relative to continuing tenure of office of certified teachers in public educational institutions; to provide for probationary periods; to regulate discharges or demotions; to provide for resignations and leaves of absence; to create a state tenure commission and to prescribe the powers and duties thereof; to prescribe penalties for violation of the provisions of the act; and to provide a referendum thereon.

ANNUAL MEETING

The Annual Meeting of the qualified electors of Plymouth Township School District, Wayne County, Michigan, will be held in the high school auditorium Monday, June 13, 1955 at 8:00 o'clock p.m., Eastern Standard Time.

Reports of the Board of Education and other business which may legally come before such meeting will be transacted.

Carl Coplin, Secretary
Board of Education

WHO WANTS TENURE?

- ★ Educators Who Are Teaching Your Children.
- ★ The Plymouth School - Community Planning Group.
- ★ Lay Leaders Who Want the Best School Program.
- ★ The Plymouth Education Association.

WHY Have TENURE?

- To Provide Better Instruction for Boys and Girls in the Schools.
- To Give Greater Professional Security to Good Teachers.
- To Make Teaching a More Desirable Profession.
- To Assure Close Co-Operation Between Teachers and Administrators.

TENURE Will NOT

- Protect Incompetent Teachers.
- Increase Your Taxes.

for the Plymouth Education Association.

Rocks Athletic Fortunes Shine Over Past Season

Fortune smiled broadly on Plymouth high school throughout its athletic year this past year.

Of the eight individual sports carried off throughout the 1954-55 season, the Rocks recorded better than 500 cards in all but a pair of them.

Unprecedented was the triple-sweep of league crowns in football, basketball and baseball, while the swimming and track teams also compiled outstanding showings.

Only the tennis and golf squads failed to hand in shining results. Kicking off the local's winning ways, the gridlers swept mercifully through their fall campaign. Behind retiring grid mentor Charlie Ketterer, the Rocks copped the league title easily by virtue of a five win and one tie record. All told the Rocks won seven and tied one.

Late in the season with the chips down and the championship on the block, the high-flying Rocks rattled Belleville, 27-2, to stroll off with 6-B honors. Only mar on the year's football card was a tight 6-6 deadlock with Allen Park earlier.

Other noteworthy moments came in the non-league Walled Lake battle, when the locals sharpened their defenses in the last minutes of the first half to stop their opponents cold on the Rocks' one-foot line. Then Plymouth turned around to march back up the field and tally six points in the last 10 seconds of the same half.

This TD was the first score of the game and virtually opened the flood-gates on Belleville. The Rocks mauled the Tigers in the second half to the tune of 35-0.

Against the Bentley Bulldogs, the Rocks stood by and watched a 13 point lead fade to 13-12 in the game's closing moments. With a tie and possible loss of the league crown riding on the Bulldog's extra point after touchdown, the visitors elected to run and were stopped shy of the goal, giving Plymouth the win.

John Agnew, tackle, was chosen the Rocks' standout performer, receiving the Most Valuable Player trophy, and Lindy Mills was selected to captain the 1955 eleven. This coming fall will be the freshmen year of Plymouth's new grid coach, John Hoben, who comes to the Rocks from Cheboygan, to head the locals.

At the same time that the gridlers were soaring in the clouds, the cross-country team hindered by a series of injuries dropped lower than third in the league standings for the first time in the many years Konrad Moisieo has headed the squad.

Although a final dual-meet card of three wins and two losses was put together, the team finished a mediocre seventh in the regional meet. MVP trophy winner was Bob Danol, who finished first in the league meet, beating Trenton's distance ace.

The cage quintet, behind the coaching of calm John Sandmann, continued the winning ways of the Rocks during the winter season. After a league championship with an 8-2 record and an overall average of 12-3 the cagers whipped up one victory in the class A regional tourney before being knocked out of contention by Catholic Central in the second-round pairings.

During their victorious campaign, the Rocks scoring record against neighboring Wayne late in the season. All-league center Bob Middleton won the MVF award, while Jack Carter is next year's captain-elect.

Thrills were provided by the cagers when they continually eked out close victories in the fading seconds of the games. Danny Clifford settled in a long shot with one second to go against Walled Lake during regular season play to win for Plymouth.

Then against St. Joseph in the play-offs the Rocks came from behind to notch a 37-33 decision again in the final seconds. Once more Plymouth erupted in the final moments to take a slim one-point lead over Catholic Central in the second-round pairings of the Regional play-off.

But this time the cage fates failed the locals and CC managed a bucket with 24 seconds left to claim a 52-51 win.

Shadowed by the rambling Rock basketball squad the swimmers lost the spotlight but nevertheless put together a remarkable card for a school that has had a tank team only three years now.

Nine wins, two ties and three losses gave the high school its fourth above-average athletic team for the year. Highlighting Coach John McFall's season was a pair of close wins over highly touted Birmingham, 43-41 and 44-40.

Standouts for the tank squad were the quartet of boys on the relay team, Chuck McKenna, Dave Beegle, Jim Zukosky and Don Carney who won all but two of their races. Also diver Art Losse shows brightly with 10 first place showings coupled with four second places.

Most Valuable Player selected was Zukosky, a graduating senior. Prospects coming up to replace the four other seniors were reported good by mentor McFall. Captain-elect for the approaching year will be Bill Brandell.

Tennis and golf teams both battled valiantly during their recent campaigns, but failed to produce more than a mediocre record in either sport. The tennis squad nabbed only three wins out of the 10 matches in which it participated.

Rock golfers racked up two wins, six losses and one tie and came home third in a field of four schools in the league contest.

Completing the triple-win for Plymouth, the high school base-

ball team went all out behind the superlative pitching of ace south-paw Dick Day. With an 8 win and 2 loss record in 6-B battling, the locals coached by Gustav Gorguz managed to nose out runners-up Redford Union and Allen Park.

Day hurled a pair of no-hit wins on the way and Jack Carter blasted out a home-run for the only circuit clout of the year.

A fitting finish was capped onto the sports scene by the track team's second-place finish in the league meet. The locals captured 55 points to grab the runner-up slot behind Bentley (74 points) and ahead of Redford Union (51).

Track coach Keith Baughman watched his team lose its first two dual-meets by 20 points each only to erupt and decision Trenton, Allen Park and Belleville. The squad finally placed fourth out of seven teams in the regional meet.

Five of the local thin-clads travelled to the state meet by virtue of their showings in the regionals, but these failed to garner any points for Plymouth.

As the baseball team beat the Northville Mustangs last Monday to close out the diamond campaign, the curtain fell on the most recent sports year. Highly successful were the various teams as they compiled an overall percentage of victory of .625.

The record:

	Won	Tied	Lost
Football*	7	1	0
Cross-Country	3	0	2
Basketball*	13	0	4
Swimming	9	2	3
Tennis	3	0	7
Golf	2	1	6
Track	3	0	2
Baseball*	10	0	2
Totals	50	4	26

*Denotes league championships.

Softball Program Swings into Gear

Recreation softball swings into action as both the Open men's and the Oldtimer's leagues get underway earlier this week. In charge of the softball program is John Sandmann, high school athletic director.

Sandmann explained recently that only four teams were organized in the Open league, while seven ball clubs will form the Oldtimer's loop.

The Open league ball clubs will compete among themselves on Monday and Thursday nights starting last Monday and continuing the campaign until July 25. Play-offs will begin at that time and will carry through until the second week of August at which time all of the loop's teams will be eligible to compete in the state tourney.

The other league, Oldtimer's, will do battle on Tuesday and Wednesday nights starting last Tuesday and continuing tentatively until July 20. At that time a double elimination tournament will be held lasting until mid-August to determine a league champ.

The Oldtimer league's seven clubs, with their managers are: Wall Wire, Tom Cramb; Plymouth Stamping, Don Gillard; Daisy, Bob Smith; Northville VFW, Gil Perry; Barnes-Gibson-Raymond, Jim Mitchell; Beginger Olds, Doug Egloff, and one team yet with no sponsor.

The quartet of squads and the managers in the Open loop are: Beginger Olds, Doug Egloff; Evans, Herb Little; Cavalcade, Phil Barnes, and the Box-Eagles, Ray Nowry.

COMPLETING PLYMOUTH high school's triple-sweep of 6-B league crowns in football, basketball and baseball was this Rock diamond squad. Closing the season with a 10-2 overall card, the locals managed an 8-2 record in league competition to nail down the title. Pictured from left in the front row are: Jerry Foreman, Jerry King, Henry Bong, Dick Day, Paul Cummings and Jack Carter. Second row—Baseball coach Gustave Gorguz, Kenny Calhoun, Biff Tait, Jerry Drews and Don Wall. Third row—Danny Bennett, Dale Wilkens, Ed Wall, Larry Wilhelm, Danny Clifford and Bob Middleton.

Gatteri's Home Run, Hock's Three-hit Pitching Allow Merchants to Coast to Fourth Straight

Three-hit pitching, a home run, the double and 13 other base-hits allowed the Plymouth Merchants' inner-county baseball team to coast to its fourth consecutive win of the current campaign last Sunday.

The locals breezed to a decisive 11-1 count over the Ypsilanti entry in the sand-lot loop.

This most recent victory pushed the Plymouth ballclub up one more rung to second place in the ladder of league standings. The Merchants are tied for the runner-up slot with a trio of other teams.

Eddie Hock went the route for the Merchants on the mound and turned in a shining three-hitter, allowing only a double and two singles. He fanned 11 opposing batsmen and walked four.

His teammates backed him up solidly with a collection of 15 base knocks and shelled to cover the Ypsilanti starting twirler, Seidl, in the sixth inning.

The decisive blow for the Merchants was provided by center-fielder Joe Gatteri in the sixth frame, when he slammed out a long four-bagger with Dewulf on base. Pitcher Hock contributed a double to drive in one run in the fifth.

A fast start found the locals piling up a six run lead in the first three innings before Ypsi could muster their lone run of the contest in the fourth.

Merchants put together two singles, an error and a pair of fielder's choices to notch three runs in the first frame. Dewulf led off with a single and was followed by Gatteri with a walk. Both runners moved ahead on an error. Then Kubitsky's single drove across two runs.

Schwartz gained first on a fielder's choice, which erased Kubitsky and then an error advanced Schwartz to third. He scored on another fielder's choice.

In the third inning Gatteri singled, stole second and scored on Schwartz' hit. Hock then singled and Schwartz, with the aid of sloppy play from the Ypsi nine, scored all the way from first. Hock moved to second on the same poor play-making and scored from there on Kessler's base-hit.

Ypsilanti finally got to Hock in the fourth and managed the lone run for the visitors. Sloppy base-running by the visitors prevented another run.

An error by Hock, a walk and a double by Dannaw drove in the lone tally. There was another man on base at the time of the extra-base blow, but he failed to touch third on his way around and was called out, nullifying the run.

Merchants upped their lead to 8-1 in the fifth when Gatteri and Kubitsky singled. Both moved ahead on Schwartz' sacrifice, which scored Gatteri on an error. Then Hock singled in Kubitsky.

Three more runs in the sixth

drove Ypsi's pitcher, Seidl, to the showers and completed the locals scoring for the afternoon.

Ageless Harold Williams gained first on an error and promptly stole second, Dewulf singled Williams home and Gatteri unleashed his circuit clout to round out the Merchants' feast.

Gabriel took over the mound duties for Ypsi and held the Merchants in check the rest of the way. Seidl was credited with nine hits, two walks and all of the local's scoring, while Gabriel allowed six hits and one walk but closed the scoring door on the Plymouth club.

First sacker Kessler played the whole game with a wired-up broken jaw and succeeded in contributing two hits in four at-bats. Leading the attack for the Merchants was Gatteri with two singles and a homer in five trips to the plate.

Other action Sunday found Dietrich defeating Allen Park, 7-5, Northville whipping Lincoln Park, 10-0, Garden City decisioning Wayne, 7-4, and Grandale stopping Wallaceville, 9-5.

Sidelights: Two homers in the last inning of the Dietrich vs. Allen Park battle caused the lead in what was a 4-4 deadlock at the close of the eighth to change hands within the space of only a short time.

In their half of the ninth the Parkers went ahead on the strength of a booming circuit clout off the bat of AP's Perching. Score: Allen Park 5, Dietrich 4.

In the Dietrich half, with two men on base via a single and walk, Waltz broke the contest up with a four-bagger to earn a tight 7-5 win for the Dietrich's.

As a result of the Merchants taking the nod over Ypsi, the locals moved into second along with Grandale, Northville and Dietrich. All three teams have 4-2 cards, while Garden City remains atop the league with a 5-1 record. Wayne, after holding down sec-

Season Completed In Grade Softball

On the strength of a season's card of seven wins and three losses, the Starkweather and Catholic day schools wound up in a dead-end softball league in a deadlock for possession of first place.

A play-off game between the two teams, not scheduled in the regular season of play, has been slated for this week to determine a single titleholder.

The recent closing battles of the current campaign found Catholic trouncing Lutheran day school, 14-0, Starkweather whipping Smith, 7-5, and Allen school stopping Bird, 6-3.

The final season standings, not including the play-off battle between Starkweather and Catholic, are:

TEAM	Won	Lost
Starkweather	7	3
Catholic	7	3
Bird	6	4
Allen	5	5
Smith	5	5
Lutheran	0	10

Calls for Boys to Play In Summer Hardball

A call for fifth, sixth and seventh grade hardball players for this summer was sent out this week by high school athletic director John Sandmann.

Now making plans for a summer hardball program for these youngsters, Sandmann named Monday, June 20, as the day when these school boys will gather at the diamond behind the high school and form teams for the league. The time is 3:00 p.m.

Last year, according to Sandmann, 84 hopefuls turned out to play. For the current campaign, the athletic director plans to make a league out of the teams to be formed and play ball during the duration of the school vacation. Some of the tilts will be held under the lights at the softball field.

Victory Over Belleville Clinches Championship

On top of the heap — League champs! Exploding for their biggest scoring output of the season, the Rocks wrapped up the league title last Wednesday on the Plymouth diamond by trouncing Belleville by a 7-1 score.

Dick Day turned in a masterful one-hitter to chalk up his eighth victory of the campaign, the total Plymouth won against league competition. The final tabulations showed Coach Gus Gorguz's charges on top of the other five teams with an 8-2 record. Day won every game for the Rocks while losing in only one starting assignment. Allen Park copped the runner-up slot with a 7-3 slate.

The Rocks had already assured themselves a share of the crown before meeting the Tigers, but had to win this last league tilt to clinch the top spot alone. They answered the challenge with one of the finest ball games turned of this season. Day was in complete control on the mound after the third inning, when Belleville got its lone counter. He was untouchable except in that frame when the Tigers scored on a walk, a stolen base, and a scratch infield single. That single robbed Day of his third no-hitter of the year. Previously he had thrown no-hit-

ters at Trenton and this same Belleville squad.

In other games when a Plymouth hurler came up with a good pitching stint, the hitting fell off. Not so this time. The Rocks pounded out 10 hits, their biggest total of the year, with every member of the line-up getting into the act. Hank Longa collected a pair of safeties to pace the attack on the Belleville chucker and eight other starters gathered a lone single. The big blow for the locals was John Agnew's booming triple in the fifth to drive in the Rocks' sixth run.

Belleville broke the scoring ice in the top of the third when they counted their single run on the scratch hit. In their half of the same inning, the Rocks took over the lead by plating three scores, and never were threatened after that as Day set the Tigers down without a hit in the last four frames.

Plymouth put the game on ice in the fourth when the locals dented the plate twice more. Adding single counters in the fifth and the sixth, the Rocks rounded out their scoring total for the day.

This championship was the second in three years for Plymouth's baseball squad. In 1953 Coach Gorguz piloted the Rocks to their first title in more than 10 years.

A couple of local car dealers provide us a slight laugh this week in the persons of Jack Selle and Ernie Allison. The latter supporting a beautiful new Cadillac and commenting, "he just had to buy it in order to show his many Chevrolet owners just how much better the Chevrolet rides than does his luxurious big sedan."

News just leaked out about Jack Selle's preview of his Florida films taken with his new Christmas movie camera. It seems the busy car dealer hadn't had a chance to run off the films until a recent neighborhood get-together. After much preparation and explanation about the pictures the film was started through the projector and it seems by some unusual chance all he had to show were several uninteresting blank reels.

I laughed heartily at the incident and explanation given by a local youth as to why he had told police the name of only one other boy involved in a youthful prank here recently. It seems a half dozen young high schoolers had laid a dummy in the road near the Willoughby residence on Ann Arbor Trail. As cars would stop they would moan and groan from their hiding spot in the weeds along the side of the highway. One motorist reported the incident to State Police who promptly visited the spot and caught one of the pranksters who informed on another. After the incident was over the youth who was informed on, asked the informer why he had only given his name and not the names of the others... "well, I only told on you because you are my best friend," he quipped.

Of particular interest to us is the fact that the Presbyterian Church is soon to have a new set of Schulmerich Electronic Bells in its belfry. It will not only chime the noon hour and the six o'clock dinner hour but the community will be given a 15 minute musical treat each time by rolls which will provide a variety of music.

Banker Marvin Criger is in Detroit taking a fast course in branch bank management getting groomed to occupy the manager's seat in the new National Bank branch on Ann Arbor road which will open in August.

Dr. and Mrs. Luther Peck entertained their granddaughter Mary Margaret Lloyd and Mr. and Mrs. Edwin Schrader and son Winn at dinner in the Elks club in Ann Arbor last Saturday night. During the visit to the club all guests must register their names sometime in the guest book before leaving. As Mrs. Schrader registered she noted the guest name just previous to hers was Egbert P. Figbe of Bighorn, Alaska. On commenting to the book attendant she was told the Alaskan signer was a youngster in a yellow coat. Thinking it would be interesting for her son Winn and Mary Margaret to meet a youngster from Alaska she spent almost a half hour trying to find the guest from the land of the Eskimo. All at once, after deciding it was hopeless to find the visitor she started thinking to herself how funny it was that her son Winn also had on a yellow jacket... then it dawned... she found her son and asked how he had signed the guest register... "Egbert P. Figby, why?"

THINKING OUT LOUD

One question, sometimes controversial, sometimes personal is asked each week by The Mail of four pedestrians along Plymouth's downtown streets. This week's guests are "thinking out loud" on the question:

"Perhaps you've heard music being played over the public address system in Kellogg park over the noon hour and late in the afternoon. Some people don't like the idea and others don't like the kind of music that is played. What is your opinion?"

MRS. TOM ROBERTS, 9315 Elmhurst: "I think it's a real nice idea. I'm not familiar with the type of music that is played but I would think it would put everyone in a good mood. Music always makes me feel better."

MRS. KENNETH WAY, 302 North Holbrook: "I like it very much. It adds a lot to the community. I am a music lover and I believe they have a very good taste in music. The music should put people in a better frame of mind."

MRS. DON SCATES, 35486 Schoolcraft: "They use it at the Shelden shopping center and it puts people in a gay mood. I don't know what kind of music they play here, but I think the idea is nice."

MRS. NIELS JOHNSON, Livonia: "I do lots of shopping here and I think it's a good idea. It makes it more pleasant to shop and I would recommend keeping it up. They do it at the Shelden center."

Roger Babson

Small Cities To Boom

New York City, June 9.—I am writing this from Room 15T on the fifteenth floor of the Waldorf Astoria overlooking New York City. I have supplemented my fears by talks with leading authorities. I am told that what I see from this window will someday be destroyed; but it is very hard for me to accept.

I LIKE ALL CITIES I like small cities. This is nothing against large cities. Both have their usefulness. In fact, large cities usually have some great national advantage, such as nearness to waterpower, like Buffalo or Minneapolis; or location at the junction of two rivers, like St. Louis, or at the outlet of a river, like New Orleans; or having a wonderful harbor, like New York. Nothing can prevent such fortunately located cities from always being great, even if vulnerable. But today I want to tell you why I like small cities.

The H-Bomb and guided missiles will postpone World War III; but Scriptures teach that there will be at least one more war someday; and it will be the worst one of all. Just now, much is appearing in newspapers and magazines regarding the prospects for peace. Civil Defense has never taken hold; and it is very difficult to interest people in it at present. It seems to me that England, France, and Russia are lulling us to sleep with their "Big Four Conference."

WHAT ABOUT URANIUM? Now speculators are crazy about uranium as an agent which will be switched to peace uses and thus protect the United States from the H-Bomb. Without doubt uranium has many useful possibilities; but these discussions will soon be forgotten as the American people have very short memories. However, the world supply of uranium is very large and is well scattered throughout the leading nations and their possessions.

Certainly, most nations will be making H-Bombs which can be used for "blackmailing" purposes and for attempting to get what they want without World War III. All the above will result in further inflation and continued high taxes. Someday one of these "blackmailing" threats may be "called" and some large cities will be bombed. Then several million innocent citizens in these cities could be killed.

SMALL CITIES TO GROW RAPIDLY

All the above could result in a continued movement of families and industries out of the large cities into the smaller communities. These small cities—when located not too near a big city—should have a great future. Many young people will prefer to live in one of these smaller communities, both from a safety standpoint and also to profit by their growth.

Centralization of industries is also under way. Few manufacturing plants in the big cities are enlarging within those cities; they are building supplemental plants in smaller places. This factor of decentralization will greatly benefit small communities. The big cities are getting more vulnerable to war dangers, labor troubles, and high costs. Corporations are finding it easier to raise money for capital expenditures in the small cities, rather than the large cities. In the end, bankers and investors determine locations.

REAL ESTATE VALUES

I forecast that the prices of the stocks of companies with all their assets in big, vulnerable cities may decline; while those with their assets in small, safe cities may not. My belief is that downtown real estate values in some of the large cities may be at their peak, but that in the smaller cities such real estate is still a purchase. In addition to the factors above, let me remind readers of the curse of the automobile and the downtown parking problem in large cities. Good roads, however, are helping the small cities, which should profit by President Eisenhower's proposal for expending \$101 billion for good roads.

Workers in the smaller cities have a high character, are intelligent, and may give more thought to the ultimate consumer. Owing to the lower cost of living in the smaller cities, there are fewer labor troubles where management is reasonable. Labor has less turnover in these smaller cities. TO AVOID THE HANDICAPS MENTIONED ABOVE, THE LARGE CITIES SHOULD GET SOLIDLY BEHIND THE NEW FEDERAL "URBAN REDEVELOPMENT PROGRAM."

Quotes:

WALTER F. GEORGE, U. S. Senator from Georgia, chairman, Senate Foreign Relations Committee:

"No proposal Russia makes should affect our military efforts until we have had time to see some real change in the world situation."

HAROLD E. STASSEN, new Special Adviser to the President on Disarmament: "One-sided disarmament is very dangerous."

College Graduates and Jobs

Thousands of college graduates are just now entering the world of business and in this boom year, 1955, these graduates find jobs plentiful and opportunities almost unlimited. As a result, it is even difficult to find a good man to fill a job, in many cases.

The graduating class this year is not large like it will be a few years hence. And since business is on an upswing, in most fields, job opportunities match the number of job-seekers.

We have a word of advice to the graduate of 1955, however, which may go unheeded but which we will offer anyhow. Most of the graduates of 1955 have never known hard times. That is evident from simple arithmetic, because times have been good for a lad of twenty, today.

Jobs have been rather easy to get since the war and so today's young graduate might come to the conclusion that things will always be this way. But unfortunately, they will not. In our economics system there are always adjustments and sooner or later, we will run into one.

It is doubtful if we will have another depression like that experienced in the early thirties, but nevertheless, there will be times when jobs will be appreciated and when the least efficient will find themselves on the outside looking in.

When that day comes, the graduate of 1955 who had the foresight to try a little harder, to do a little better than average, to really put his heart into his work, will be secure. The graduate of 1955 who has given his customers (or his boss) service, and value for money received, will not be in danger, except in most unusual cases.

The fellows who will be out of work, who will wonder what has happened to the world, and who will turn sour on our social system, will be the graduate of 1955—or 1954 or 1956—who has had an easy time of it all his life and who has never applied himself to hard work.

So, graduates, these are above average times. Make the most of them, and appreciate your luck in being graduated in 1955 rather than in 1932. Do not loaf through your first years. If you do, you will never catch up with the fellow who started fast at the beginning, which is now.

Support Home Merchants

In this issue of The Mail are to be found the advertisements of many Plymouth merchants. These merchants are, through the medium of our paper, asking for your support.

We all realize that thousands of dollars go out of this area every year which should and could be spent in our community. It behooves all thinking people to consider this matter and keep as much of our money at home as possible.

The idea that the slogan, "Trade at Home," is the despairing cry of a dying community is absurd, although there are some citizens who classify it thus. Town-boasting is an art practiced by those live, wide-awake communities, made so by citizens who believe in their town and support their merchants.

The merchants of Plymouth are not asking for, nor are they entitled to "charity." If they do not offer goods at equal prices, quality considered, they certainly do not expect your trade. If a local purchaser will take into consideration the service that backs up a sale made by a local business house, the immediate delivery effected, the convenient terms often allowed, and the courteous consideration extended, it will be plain that "buying at home" has its advantages.

When you buy here, thereby creating a larger demand, local merchants will be able to increase their stocks, thus offering a larger variety which can compete with some of the stores in the larger cities. They cannot do this, however, until they have some assurance of general local support.

We call attention to the fact that a community, like an individual, cannot spend its money and keep it too, but a community made up of many people who spend their money at home, can spend that money time and time again, among its own people.

Life for Narcotics Salesmen

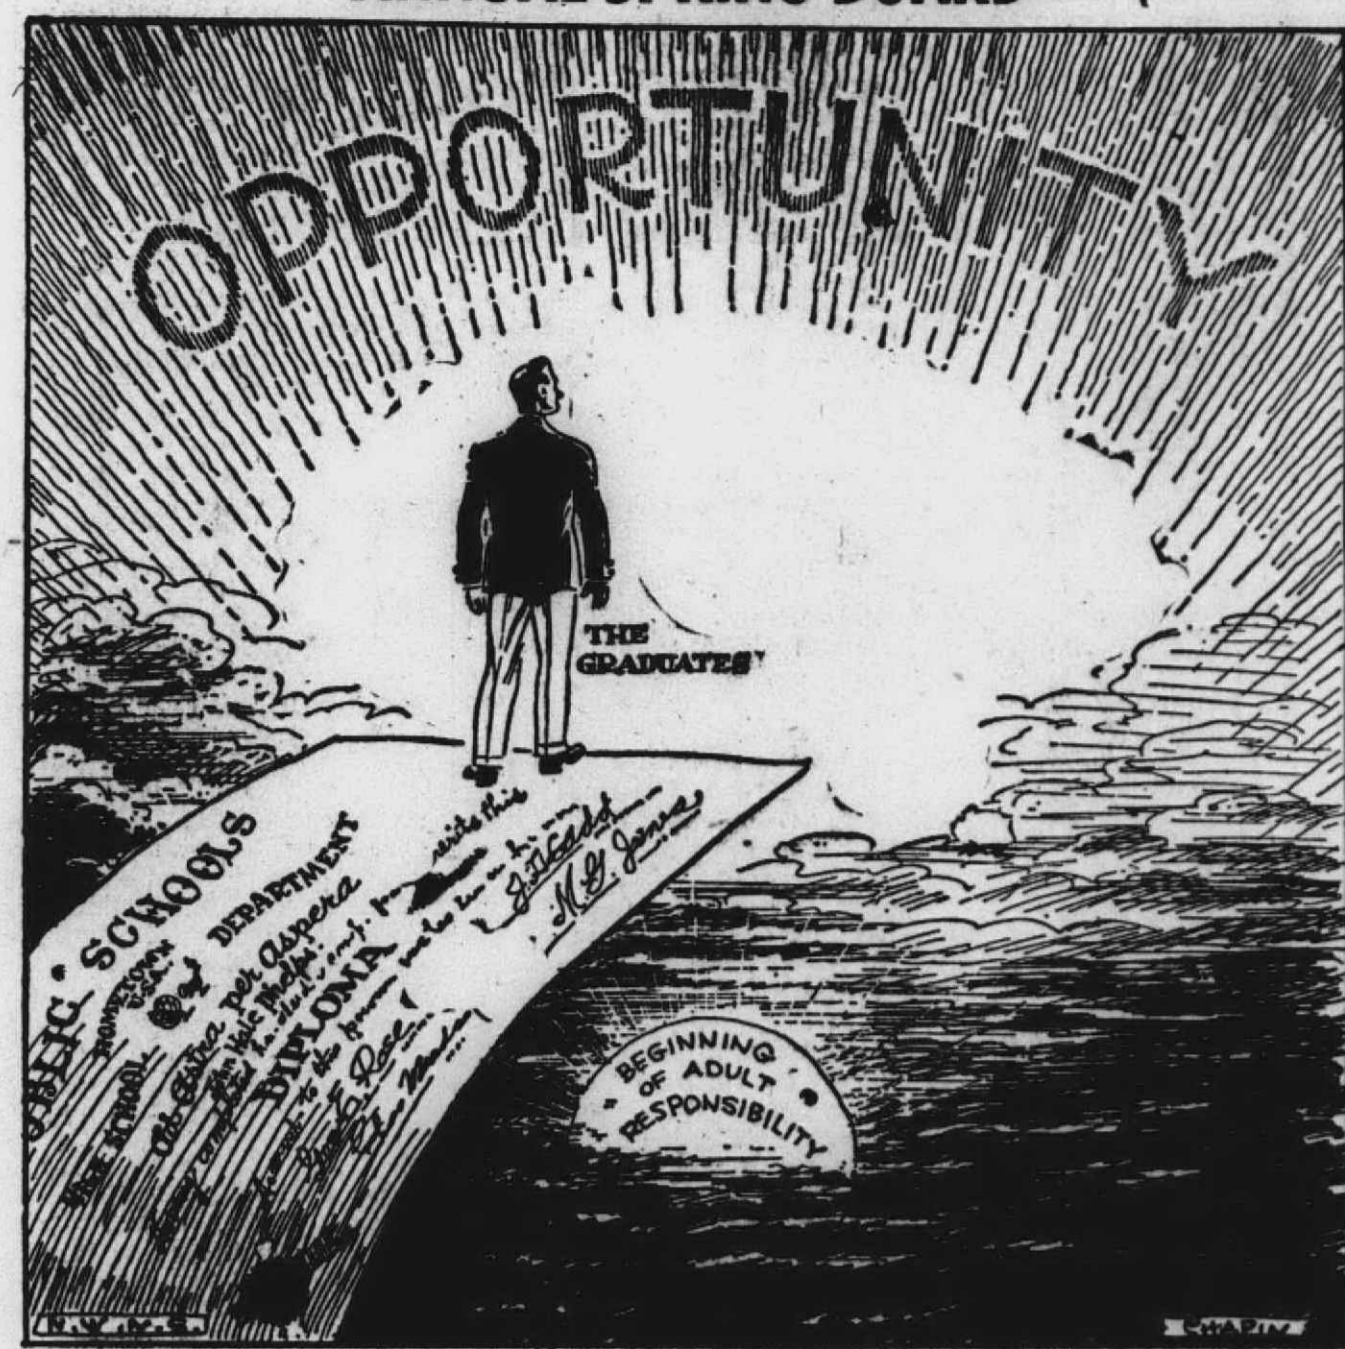

The State of Connecticut recently added to the books a law which would send to prison for life narcotics peddlers who were convicted of a second offense of selling narcotics to minors.

The state legislature also passed a provision which would send those convicted on a third count of selling narcotics to anyone, to prison for life.

Surprisingly, there are still states which have no adequate laws on the books to punish the dope peddler. Yet, this menace has been on the increase in recent years and experts say it is contributing to the rising rate of juvenile crime.

The recently-passed Connecticut law is not too severe, nor is it one which will be lightly regarded by would-be dope peddlers. Life imprisonment lasts a long time, in almost every case, and a few convictions, on second or third counts will make a major impression in Connecticut, among members of the underworld.

ANNUAL SPRING BOARD

Michigan Mirror

State Finally O.K.'s Fair Employment Bill

MICHIGAN WILL HAVE A Fair Employment Practices Commission, for better or for worse.

After 13 years of trying, the supporters of the plan to outlaw discrimination, succeeded in getting the bill through the legislature.

BY DEFINITION, it is aimed at employers who overlook qualifications of job seekers and make their decisions on the basis of race, creed, color, national ancestry or origin.

Michigan will organize a six-member bipartisan commission to administer the law. There will be qualified powers of subpoena to compel witnesses to testify and obtain business records.

THE LAW WILL MAKE IT ILLEGAL to inquire into a job applicant's religion, race or ancestry. The commission will hear complaints but cannot start action on its own.

BUT WHAT ABOUT enforcing the law?

No employer can be punished directly, except through contempt of court when the issue goes that far on appeal from the commission findings.

Actually, conciliation is the stock in trade of the new Michigan FEPC law.

Employers will be asked to take another look at a disappointed applicant. The key will be his qualifications and the law has a number of interesting loopholes on that one.

Another of the informal enforcement weapons will be publicity and the ignominy of being called in before the commission for a hearing on discrimination.

Its enemies are intent on crippling the law, a carryover from legislative wars. One said: "This is merely employment by embarrassment."

POLITICALLY, both Democrats and Republicans expect to benefit.

Democrats have been campaigning for FEPC for years in Michigan and the proposals always have had a Republican sponsor. The leader in Michigan was Rep. Louis C. Cramton (R-Lapeer).

Both parties have included an

FEPC plank in party platforms in the last few years.

CRAMTON HAS BEEN CARRYING the ball virtually alone in the House for years. This year, he asked Democratic leaders to be co-sponsors of the bill and he piloted it through.

"We realized that FEPC is not a political thing," he said.

The last legislative battle was won when the Senate passed the bill, 20 to 10 with 10 Republicans and 10 Democrats overriding the solid opposition of 10 other Republicans.

THE NEXT YEAR will tell whether FEPC will be successful in Michigan. Republicans, Democrats, employers, minority groups—and the public will be waiting for the answers.

GOV. WILLIAMS is displaying something less than reluctance toward becoming a presidential candidate in 1956.

Chronologically, he first mentioned he could be drafted by the Democratic National Convention in a speech in the West. When the papers said he was going for the nomination, he said he was misquoted.

LATER, BACK IN MICHIGAN, he said Adlai Stevenson, the 1952 Democratic nominee, was the odds-on choice but that Williams would be proud to be considered "just as any other American would."

That was the official line out of Williams' office until last week.

In Augusta, Ga., where he lambasted the administration's foreign policy, Williams said he would be happy to be the candidate in 1956 "if the opportunity arises."

SEERS IN LANSING construe Williams' increasing visits to other parts of the country and speeches on national issues as the performance of a man running for the presidency.

"At least people in Georgia, Montana and the West coast do not vote for the governor of Michigan," said one.

WHITE PINE DAYS CELEBRATION at Ontonagon, in Mich-

igan's Upper Peninsula, is a monument to an idea that rebuilt a dying city.

Morris F. LaCroix, mayor, pushed for 20 years a practical process to refine low grade copper ore economically. His vision, which finally became fact, is responsible for the economic rebirth of the area. The White Pine mine at Ontonagon closed down 20 years ago when rich ore supplies ran out; is now in full production again.

THE CELEBRATION THIS YEAR will take place June 9-11. Visitors are expected from miles around to attend the program of pageants, parades, banquets and shows. They can witness the excitement in the revitalized copper city and enjoy the serene quietness of the beautiful northern forests as a contrast.

Quotes:

JOHN FOSTER DULLES, Secretary of State: "A series of small but perhaps significant signs suggest that the time may be nearing when those who have been seeking the conquest of freedom will in fact put their foreign relations on a more tolerable basis."

THOMAS S. FOWER, Lieut.-General, Commander of the Research and Development Command: "Qualitative superiority in material can assure our survival only if it goes hand in hand with qualitative superiority in men."

SIR ROGER MAKINS, British Ambassador to the U. S.: "In negotiation, you don't give away things in a weak sense; you stand up for what you believe in."

DWIGHT D. EISENHOWER, in speaking of Big Four meeting: "There is no appeasement in my heart that I know of."

DWIGHT D. EISENHOWER: "We will stay strong and we'll stay vigilant, but we're not going to extinguish the hope that a new dawn may be coming, even though the sun rises very slowly."

Strawberry Pie Voted Tops by Adkins Family

STRAWBERRY PIE
Here's a recipe from Mrs. Myrtle Adkins of 11460 General drive which makes the most of those luscious strawberries that are ready for the pickin' in most home gardens.
Glazed Strawberry Pie gets more votes in her household than any shortcake she might make with the same berries, says Mrs. Adkins in speaking of the family's favorite dessert. Also, she adds, the same recipe does equally well made up in individual tarts or with raspberries used as the berry substitute.
Procedure for making Mrs. Adkins' scrumptious dessert goes this way:
GLAZED STRAWBERRY PIE
1 baked 9-inch pastry shell
4 cups (2 pints) pulled, washed strawberries
¾ cup of water

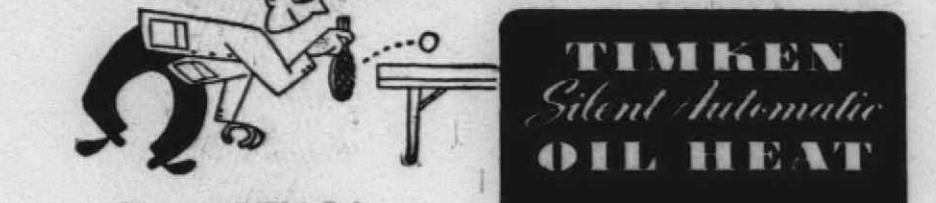

¾ cup of sugar
3 tablespoons of cornstarch
¼ teaspoon of salt
½ cup of cream for whipping
1 tablespoon of sugar (for cream)
Prepare baked pastry shell, using your favorite recipe. Next, crush one cup of strawberries in small sauce pan; add water, bring to boil and let simmer three minutes.
Strain juice from cooked strawberries; add water, if needed, to make one cup of juice, reserve.
Combine sugar, cornstarch and salt in same saucepan. Slowly add reserved strawberry juice, stirring until smooth. Bring to boil, stirring constantly. Cook three minutes or until thick and clear. Cool slightly.
Arrange remaining three cups of strawberries in baked pastry shell. Spoon glaze over berries,

being prepared to coat each one. Chill pie.
Just before serving, whip cream, sweeten, and spoon in ring on top of pie.

Films Available For Club Use

A series of seven motion pictures about Northern Michigan can now be obtained from the University of Michigan for showing to clubs and other organizations.
The films are kinescopes of the programs prepared by U-M Television and are available from the University's Audio-Visual Education Center.
The series covers resources, history, lumbering and railroads, folklore, mining and shipping, the Soo Locks, and recreation and the future.
Another motion picture for those interested in Michigan history is a 30-minute color film, "The Locks of Sault Ste. Marie," which helps mark the 100th anniversary of the opening of the locks. The film was produced by and is available from the Audio-Visual Center.

SOCIAL NOTES

Miss Margaret Wilson of West Ann Arbor road and Mrs. Frank Staffon of Ann Arbor left Friday for a five weeks' vacation in California. They will spend some time with the Harry Lushes in El Rancho Santa Fe.

Mr. and Mrs. Carl Hartwick and daughter, Mary Lou, attended the open house, Sunday, honoring Mr. and Mrs. Ernest Schockow of Ann Arbor on their twenty-fifth wedding anniversary. The Schockows were former Plymouth residents.

Miss Florence Stader of Caro, at one time a teacher in the Starkweather school, spent several days last week with Miss Ada Daggett.

Circle 2 of the First Presbyterian church will meet on Wednesday, June 15, at 12 o'clock noon, at the summer home of Mrs. J. Weed on Silver lake, for a potluck picnic. Bring dishes. Anyone wishing transportation contact Mrs. Clarence Schuler, 602-J.

Mrs. Carl Finney of Arthur street and Mrs. Luella Cutler and daughter, Suzanne, of Palmer avenue spent the weekend in East Lansing at the home of the Henry Hamburgers. Mrs. Finney and Mrs. Cutler attended a meeting of the Mother's Club of Triangle Fraternity and in the evening witnessed the Water Carnival at Michigan State university.

Mrs. Eugene Orndorff of Northville road has returned from a week's vacation with Mr. and Mrs. C. W. Rickett and other relatives and friends in Newark, Ohio.

Miss Mary Lou Hartwick has returned to her home on Northville road where she will spend the summer after finishing her sophomore year at Alma college.

Lawrence Money, an employe of the Detroit House of Correction, spent the holiday weekend at his home in Logansport, Indiana.

Mr. and Mrs. C. C. Wiltse were hosts at a delightful reception to a group of close friends Sunday in their home on Roosevelt avenue honoring their son, John, and his bride who just last week arrived from her home in Austria. Mr. and Mrs. Wiltse were married in Austria last December while John was stationed there with the United States Army.

Mrs. Lemmon Maes of Detroit spent several days over the holiday weekend with Mrs. William Farley of Adams street.

Mrs. Florence Parrott and Mrs. LeRoy Jewell have returned from a week's visit to the Ozark Mountains and a few days at Hot Springs, Arkansas.

The PLYMOUTH MAIL

Thursday June 9, 1955 Section 4

BOY SCOUTS AND CHAPERONES from Plymouth's boy scout troop P-6 recently went on a camping canoe trip down the Au Sable river. Among the group were the five persons pictured here. From left are Scouts Sam Hariloff, Ron Sawyer and Dick Wells, while in the background supervising the loading of the cars are Bill Harloff and scoutmaster Ed Miller. The group of 12 scouts and six men started at Grayling on Saturday morning, canoed during the day and camped over Saturday night in tents and sleeping bags. Then Sunday the troop canoed further down the river and camped out again Sunday evening to be picked up and returned to Plymouth on Monday.

Mrs. Joseph R. Witwer Honored At Michigan State College Event

Mrs. Joseph R. Witwer, 593 Edison, Plymouth, was one of six women today to receive Mortar Board centennial citations at Michigan State college in East Lansing.

The awards were presented at a Mortar Board reunion luncheon. Mrs. Witwer received the citation for her volunteer work in polio, mental health, cancer, tuberculosis and other fields.

A 1924 graduate of Michigan State, Mrs. Witwer formerly was a member of the college physical education department staff. She taught at Buchanan high school and Grand Rapids Central high school.

Mrs. Witwer has been active in youth work, the Choral union at Ann Arbor, the Plymouth symphony, American Association of University Women, P.E.O., Council of Church Women, Michigan Society for Epileptic Children and the Women's Society of Christian Service.

Also receiving Mortar Board centennial citations were:
Dr. Frances W. Lamb, research associate for Ethyl corporation in Detroit and author of several articles in the field of physical chemistry.
Mrs. Sheldon Moyer of Royal Oak, writer for Motor News, official publication of the Automobile Club of Michigan, and formerly a state capital reporter for the Associated Press at Lansing.
Miss Adelia M. Beeuwkes, associate professor of public health nutrition for the University of Michigan at Ann Arbor and currently traveling in Latin America on a World Health organization fellowship.
Mrs. Glen O. Stewart of Lakeland, Fla., widow of the former Michigan State director of alumni relations and active in Lansing area community service.
Mrs. F. Ward Ross of East Lan-

The June meeting of Circle 8 of the First Presbyterian church will be a potluck picnic at the home of Mrs. Earl Russell, 1312 Maple avenue, on Monday, June 13, beginning at 6:30 p.m.

Peter Leemon has returned to his home on Ann Arbor road where he will spend his vacation from Miami University in Florida with his parents, Mr. and Mrs. Roy Leemon.

Mrs. Elmer J. Wieland of Brimley, Michigan, will attend the 20th class reunion of the class of 1935 of Plymouth high school. She will also visit with her mother, Mrs. C. H. Hammond of Ann street.

Spark Family Dinner Menus With This Meat Loaf Variation

Here's a meat loaf that's not a loaf at all. The ground beef mixture is molded in a pie-pan. For even more variation, the beef has a filling of well-seasoned bread stuffing, and it's baked with bacon strips atop.

- PIE-PAN MEAT LOAF**
- 1 1/2 pounds ground beef
 - 1/2 teaspoon salt
 - 1/4 teaspoon pepper
 - 1 cup chopped celery
 - 1 tablespoon minced onion
 - 1 tablespoon minced parsley
 - 1 tablespoon butter or margarine
 - 2 1/2 cups bread crumbs
 - 1/4 teaspoon marjoram
 - 1/4 teaspoon celery seed
 - 1 teaspoon salt
 - 1/4 teaspoon pepper
 - Water or stock
 - 3 slices bacon
- Combine ground beef, salt and

pepper. Line a 9-inch pie pan with the meat mixture, allowing 1 inch to overlap the edge. Cook celery, onion and parsley in butter or margarine for a few minutes. Add bread crumbs, marjoram, celery seed, salt, pepper and enough water or stock to moisten. Place in center of meat and fold edge of meat over dressing to give "crust" effect. Bake in a moderate oven (350° F.) for 15 minutes. Top with bacon slices and continue cooking 30 minutes or until meat is done and bacon crisp. 6 servings.

The U. S. Department of Agriculture reports that both turkey and hams are plentiful right now. On the wholesale meat markets, hams have been selling 15 to 18 cents a pound below last year's prices. Turkey is about 6 to 10 cents a pound below a year ago.

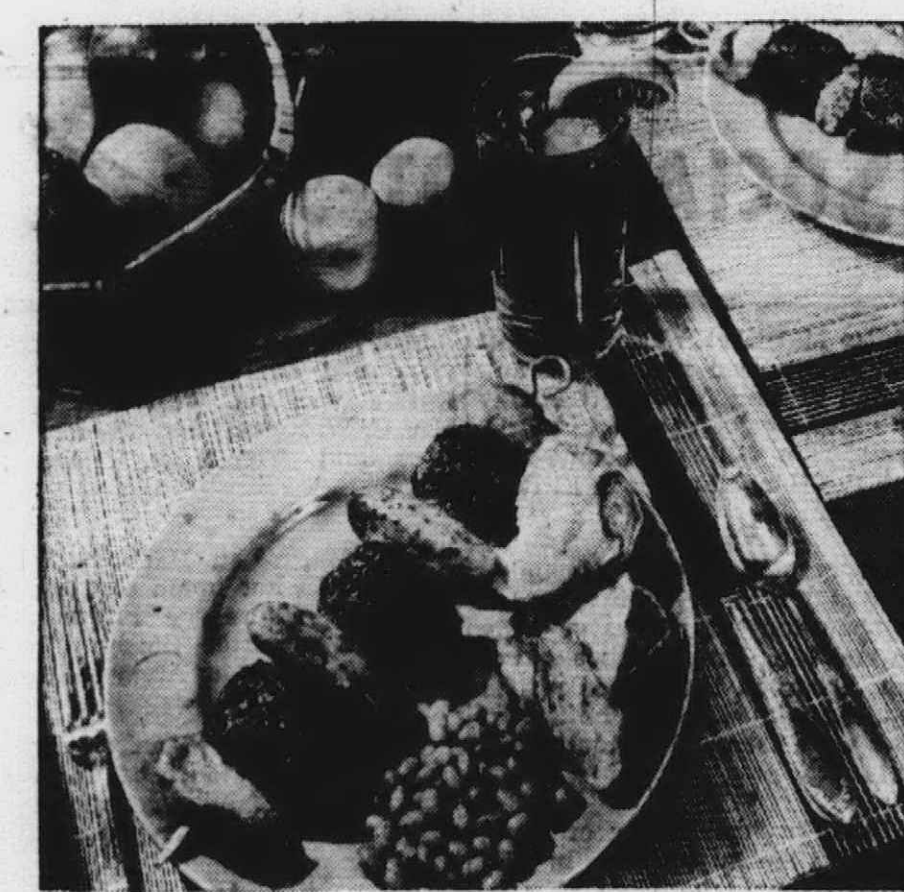

Home Becomes Popular Spot For Picnickers

Time was when a picnic suggested packing your favorite "easy to carry" foods and taking them to eat in a park or some place in the country, but recent years have added more picnic spots to the list. Porches, patios and backyards have become increasingly popular as a place to entertain friends and family with picnic fare. The items on the menu may be prepared in the kitchen, over the backyard fire or the patio grill. Regardless of where or when, the aroma of broiling hamburgers, toasting rolls and boiling coffee gives rise to hearty appetites.

The most important thing to remember is to choose foods that lend themselves to available cooking facilities and combine to provide meals that are attractive to look at as well as good to eat.

FOODS TO CHOOSE

Hamburgers, tender beef steaks, lamb chops, frankfurters, meat loaves, tender beef or lamb cubes, meat balls, bacon, ham, Canadian style bacon, and casseroles are some of the favorite meat dishes. Hamburger buns toasted or not, hard rolls, French and rye bread, and bread sticks offer excellent variety. Salads from the favorite and easy-to-prepare cabbage and potato salads through the wide range of combination vegetable salads to fruit salads are varied to provide the right combination with the rest of the menu. Vegetables range from roasted corn on the cob to baked beans, heated and served the last minute before eating. Relishes may vary from olives and cucumber pickles to spiced watermelon pickles, spiced peaches or crabapples, celery, carrot sticks and radishes. Deviled eggs are a picnic favorite and may find their way with cottage cheese to the relish tray. For des-

sert—only the imagination knows its bounds—apple, cherry, peach, plum and grape pies, chocolate, angel food, or white cakes, cookies, fresh fruit, or combinations of these. As for beverages, the temperature and the time of day will probably be the deciding factors, although coffee and lemonade always have top ratings.

BACKYARD BROILING

It's the fortunate family that has outdoor cooking facilities right in their own backyard. A place for fun and good eating usually accompanies them, and the menu emphasis is often on broiled and roasted foods. Tender beef steaks—club, porthouse, sirloin and tenderloin; hamburgers, frankfurters, tender beef or lamb cubes or meat balls threaded on wooden or metal skewers to appear on the menu as "kabobs" or "en brochette" and bacon, ham and Canadian-style bacon are all excellent for outdoor broiling. Prepare the fire far enough in advance of cooking the meats so that coals rather than flames are

Lists 3 Rules For Milady's Crowning Glory

It looks like longer hair is going to be the most popular type hair-do, in spite of the coming warm weather of summer. It may be a bit early to say but it looks like longer hair will be with us for some time to come.

There is no getting around the fact that this length is more romantic looking and that most men will vote in favor of longer hair any day. There are three rules, you should always go by concerning the care of your hair if you want to look your best. First, and most important, keep it healthy. Next, keep it clean, even if it means shampooing twice a week. Third, find a hair-do that complements you and is easy to care for.

Don't depend completely on your hairdresser. A hairdresser is a must for most haircuts and helpful for advice about the hair style most becoming to you. They are fine for scalp treatments or permanents. However, too many sessions under a dryer will leave your hair looking lifeless and dull. A shampoo at home with a good mild shampoo and drying your hair in the sunshine is a real beauty treatment.

Learn to care for your hair yourself from the roots out; if you have a serious hair or scalp problem, it will be worth your while to consult a dermatologist, not a hairdresser. Go to work now to get your hair in tip-top condition, then choose one of the new and romantic-looking longer hair styles.

Halts Wrinkling of Cottons

Today's crisp summer cotton dresses are easier to keep fresh and well-groomed looking.

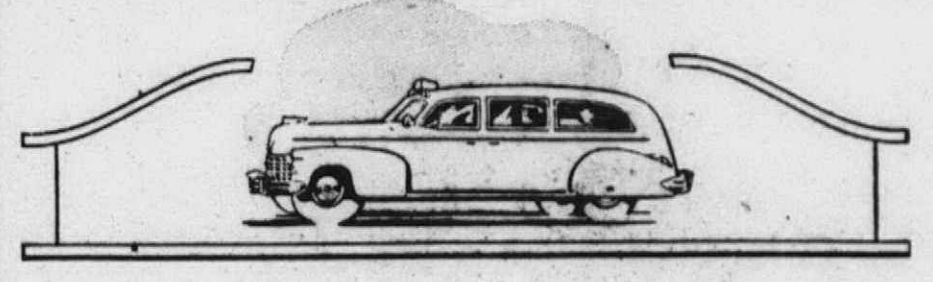

For this we can thank the crease-resistant finishes, says a college extension specialist in textiles and clothing. Cotton fabrics which have been treated with these resin finishes require less upkeep than untreated cottons. They wrinkle less and wrinkles tend to shake out.

She cites the results of laundering tests. They show that wrinkle-resistant cottons generally shrink less and iron more easily and smoothly. But, cautions the expert, they do have some disadvantages.

Some of the treated cottons, especially those which have a glazed polished or embossed surface, are not as cool to wear.

In home sewing, too, dressmakers report difficulty in pressing the seams flat. They also contend it is not easy to get flat, sharp edges on facings and collars when using crease-resistant cottons.

Searing is not usually recommended for broiling meats, say food specialists. It requires very careful watching and even then fat is more likely to spatter and smoke and make the broiling pan and compartment harder to clean.

Exclusive

The Schrader ambulance is an exclusive ambulance; it is used for ambulance work only—never as a hearse. That is one of the reasons why our ambulance service is known throughout Plymouth for its prompt response to all calls. Our oxygen-equipped ambulance is always instantly available.

Banana Cream Pie, Top "Dairy Month" Dessert

June is Dairy Month, a reminder to good cooks that the cream is ready to be whipped and there are plenty of good things to make with it. How about a Banana Cream Pie, topped with a big drift of snowy whipped cream?

The shortest shortcut we know to a wonderful dessert is a Banana Cream Pie made with a packaged vanilla pudding and pie filling mix to alternate with the banana slices. Five minutes is all the time needed to cook the filling. The fully ripe bananas are ready to slice and use. The crust can be made in moments with pie crust mix, and the topping is ready when the cream is whipped. Could any pie be simpler? For that characteristic, mellow banana flavor everyone likes, use bananas which have yellow peel flecked with brown. This color scheme brings you the bananas that are at peak of ripeness, flavor, natural sweetness, and digestibility.

BANANA CREAM PIE

- Cream pie filling (2 to 3 cups)
 - 1 baked (8 or 9-inch) pie shell
 - 2 or 3 ripe bananas*
 - Sweetened whipped cream for garnish
 - *Use fully ripe bananas . . . yellow peel flecked with brown.
- For cream pie filling, use commercial vanilla pudding mix and follow package directions. Cool

the filling thoroughly. Cover bottom of pie shell with small amount of cooled filling. Peel and slice bananas. Add alternate layers of ripe banana slices and filling. Top with sweetened whipped cream and additional ripe banana slices, if desired, just before the meal.

Makes 1 (8 or 9-inch) pie.

Tile Trend

Trim for ceramic tile wainscoting is now being installed in the same shape and color as the tile squares in the wainscoting. The trend is away from the use of a different, usually darker, color in the trim. A darker color—especially black—has been found to reveal dust and slight deposits of dirt too readily. In outstanding installations, the trim will also be of the same shape as the tile field; this practice makes for a harmonious whole.

A milk bottle left standing on a doorstep in direct sunlight may lose 50 to 70 percent of its riboflavin in 2 hours time. So bring milk in promptly from the doorstep and keep it in a refrigerator or other dark cool place.

A pound of rice contains about the same amount of energy as a five-pound bag of potatoes.

Most people have insurance—our policyholders have a "Program of Planned Protection"

Any insurance is usually better than no insurance at all. But, a wise buyer makes sure he gets all the extra benefits possible. For instance, a local agency like ourselves, can give you immediate assistance and counsel before and after a loss. By living and working in this community, we have your welfare uppermost in our minds. Our knowledge of local conditions and local problems enables us to offer you a "Program of Planned Protection"—not just sell you an insurance policy. If you want the most for your insurance dollar, all ways, phone us today for particulars!

PLAN before you plant a tree

One common mistake in planting is putting a new tree too close to the house, garage, other plantings, sewer or other vital household services. Usually several years go by before you discover your error and then there's trouble.

Take a tall tree that's growing under power lines, or very near them. Its branches, during a storm, can break power lines and cause electric service interruptions. And you may not be the only one affected when this happens. Fire and police signal systems, even hospital service in the vicinity, can be seriously hampered—sometimes completely cut off. Even without a storm, there is the potential hazard of having tree-climbing boys touch live wires.

We have prepared a colorful 16-page booklet to help you select the best trees for your home and community. Ask for "Planting for Permanent Beauty" at your Edison office or write Detroit Edison, 2000 Second, Detroit 26, Michigan.

TIMELY TIP ON TREE CARE
Don't leave a stub when pruning. When trimmed branches are more than an inch in diameter, paint the wounds with shellac or tar compound.

"OPERATION BRUSH CUT" An Edison Tree Control Program Designed to Guard Against Interruptions to Your Electric Service.

Crews under trained foresters work constantly to keep 81,000 miles of lines in service, bringing electric power to you and your neighbors.

They systematically trim or remove problem trees growing under or near power lines. (Tree branches, rubbing nearby wires, may affect TV reception.)

These crews work very hard to maintain the beauty of the trees they trim.

When the "OPERATION BRUSH CUT" crew is in your neighborhood . . . if some of your trees near power lines need attention, your permission will be requested.

BUILD

PHOENIX VILLA, a new and modern 25-home subdivision, located at Schoolcraft and Five Mile roads just off Northville road is one of several new housing projects now underway in the Plymouth area. Each home is a three-bedroom, ranch type living unit, with a minimum frontage of 64 feet. Added conveniences are city sewers and paving. Cost of each home is estimated at \$15,575.

Real Beauty of Paneled Walls Depends on Careful Finishing

The real secret in getting the most in beauty and attractiveness out of your wood paneled walls is in the finish, advise wood finishing experts.

Attention to detail at time of finishing coupled with proper materials can make even a dub look like a master craftsman. The trouble is, he said, too many people don't like to put in the extra elbow grease to get a really first class job and sometimes settle for a cheap job that will always look cheap.

The softwoods available today at most retail lumber yards in the country take every conceivable kind of finish. The final appearance of walls, built-ins and other installations of Douglas fir, west coast hemlock or western red cedar are limited only by the tastes and desires of the homeowner.

These popular softwoods can be finished to retain their natural grain, texture and colorings by varnish, rez, lacquer or wax finishes. They can be stained, painted, enameled, or antiqued. There are dozens of variations to each of these individual finishes. For instance, where it is desired to retain the texture and grain of the wood but to change the tone in some manner to fit with color

schemes or other decor, an almost endless variety of stain, paint and rez may be painted on and then wiped off immediately, leaving tints or color shadings.

Here are just a few of the many ways fir, cedar and hemlock walls may be finished by the above method: walnut stain, lead blue paint with chrome green pigments, walnut with chrome yellow in oil added, driftwood rez, oil stain, mahogany stain with chrome green with burnt umber. The combinations, inflections, shadings are endless.

Certain dogmatic rules are laid down when finishing fir, hemlock or cedar or any of the other softwoods. All wood surfaces must be sanded with 4-0 sandpaper or buffed smooth as a starting point. Proper sanding is important in obtaining the most perfect possible finish. Next step is to stain, rez or paint on color—if this is desired—then wipe off. A coat of lacquer sealer is next suggested and when thoroughly dry it should be sanded with No. 300 sandpaper. Subsequent coats of shellac, varnish, rez or lacquer may be applied depending on how much depth and patina is desired, and each must be allowed to dry

thoroughly and each coat must be sanded smooth before another is added. Final coat can be sanded down with No. 500 wet or dry paper plus paraffin oil thinned with mineral thinner, then wiped clean and rubbed with No. 4-0 steel wool.

CARPOT WITH WOVEN FENCE

A carport with a woven wall makes a low-cost, interesting and mighty useful addition to any house. This is especially true if the carport has a storage area for garden tools.

Such a carport is shown in the illustration. A free plan for its construction is available.

The handsome woven wall is made by weaving strips of Masonite 1/4" siding, one foot wide and eight feet long, between 4 by 4-inch posts set into the concrete driveway. Readily pliable

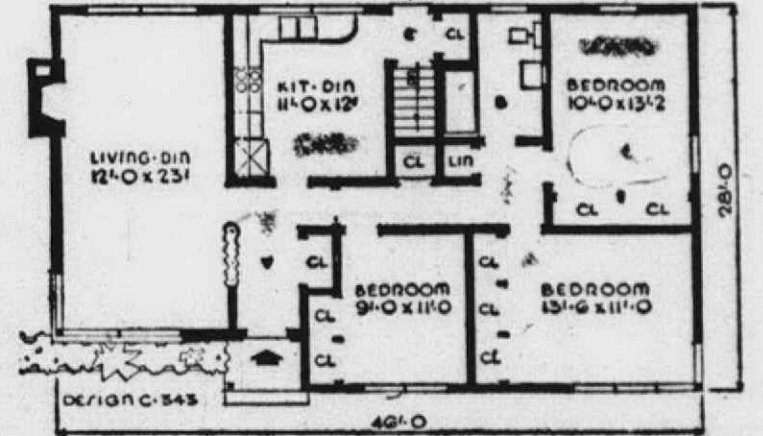

for this weaving process, the Masonite siding is easy to work with, as it is splinter-free and free of defects. It takes a beautiful paint finish and will last for years.

An important feature of the garden tool storage room is the "Peg-Board" paneling on which may be suspended the various tools by means of interchangeable metal fixtures. These perforated panels, the lumber and other materials needed for this project may be obtained at lumber yards. For the free plan write to the Home Service Bureau, Suite 2037, 111 West Washington St., Chicago 2, Ill., requesting Plan No. AE-296.

A SMALL HOUSE PLANNING BUREAU DESIGN NO. C-343

DESIGN C-343. This type of house has become very popular, with good reason. The plan is compact and the rooms are not large, but all have excellent wall space for furniture. Closets for every need are distributed throughout the house, from coat closets at the entrances to wardrobes in the bedrooms. The plan includes a large living room with three-way exposure, three bedrooms, a bath, a combination kitchen-dinette and a full basement. The exterior finish combines wide siding with stone facing from the fireplace to the entrance, asphalt shingles on a hip roof, picture windows, a planter and a covered front door. Floor area is 1218 sq. ft. and cubage is 23,142 cu. ft. For further information about DESIGN C-343, write the Building Editor, The Plymouth Mail.

Look for Quality When Buying Windows, Not Price

What should you look for when selecting new windows? Price is a consideration, but a bulletin issued by the University of Illinois Small Homes Council

FILL FOUNDATION CRACKS
Cracks in foundation walls can be filled with ready-mixed cement. Cracks should be cut to V-shape with a cold chisel, cleaned thoroughly with a brush, well wetted down before filling.

WINDOW WISDOM
Replace double-hung windows, with newer types. Install casement windows, awning windows or louver windows.

FOR OUTDOOR LIVING
Create a play yard for the children or outdoor living room (patio or terrace) for the entire family.

FOR HOLES & CRACKS
Holes in interior walls can be patched and cracks filled with a prepared patching plaster applied with a putty knife. Level off the plaster with a straight-edge and sand when dry.

lists the important factors that should influence your choice.

First, the windows should let in enough daylight and air. The non-glass parts should not seriously interfere with the view. The window unit, both frame and sash, should be economically adaptable to construction techniques used in the house. It should be fitted with hardware that makes operation easy.

Other questions the Small Homes Council advises the homeowner to ask are:

"Is the window weathertight when closed? Can it be opened without interfering with draperies, blinds, or furniture placement? Can it be easily fitted with screen and storm sash?"

"Can it be easily washed and inexpensively maintained?"

Discussing the advantages of wood windows, the Council bulletin observes:

"Wood does not transmit heat readily and does not become as

cold as metal or glass; hence, moisture vapor from the air does not condense on it." Absence of condensation means there is no problem of water collecting on window sash and frame and running down to ruin the wallpaper or paint.

All of the Council's recommendations are built into today's wood windows. Factory-made units of ponderosa pine are treated with a water-repellent preservative which minimizes warping, swelling, shrinking, and rotting. Precision machining and fitting of all parts, and complete weatherstripping, largely eliminate expensive air leakage. Narrower wood members and larger glass areas improve both the view and the appearance of the window.

Many units are made with insulating glass, double panes of glass that keep room heat in the house during winter, and the sun's heat-out of the house in summer.

Pick Right Grade of Lumber and Reduce Cost of Your Job

Your lumber dollar can go twice as far if you select just the right grade and kind of wood for the job you have in mind; i.e., the lowest grade suitable for the project.

Most general construction jobs and home workshop projects use softwood lumber in which the best grades are called "Select" and the lower grades "Common."

The top Select grades are clear or almost clear, while lowest Common grades have the highest proportion of knots or other markings.

If you want the very highest quality of lumber for interior or exterior finish, you would buy A or B Select. However, C and D Select grades also serve these purposes and can be utilized wherever there is no special need

for the work to have perfect uniformity of lumber. All the Select grades take both paint and natural finishes well.

The Common grades, designated No. 1, No. 2, etc., are used for ordinary construction and utility purposes; also, where their knots and other natural characteristics of wood are valued for their decorative effect, as in paneling and other finish work. The better Common grades serve as finish paint grades.

Generally speaking, if the place where you are going to use the lumber will be concealed, or if utility is the main consideration, use the lower Common grades. If you want a good looking finish paint job, use the Select grades or the upper grades of Common.

OUTDOOR Lighting Tips
Ever go on a midnight hamburger spree? Well, you can, right in your own back yard if you light up your barbecue. Simple way is to attach weather-proof floodlights high (about 15 feet) above ground and aim them on the barbecue. To soften shadows, have the light coming from two or more directions.

When lighting your flowers for summer beauty, G-E lighting specialists remind you that white flowers and gardens with mixed and highly saturated colored blooms usually look best when lighted with white light. If you want to heighten the colors of blossoms, or objects, use bulbs of the same hue.

To keep teen-agers at home on more summer evenings, let them fix up their own lighted badminton court. Lighting is done with

two telescopic poles placed about three feet from each end of the net. Three 150-watt PAR floodlamps are attached to the top of each pole, then aimed to cover the playing area but, out of the player's view.

When the summer months are over, don't forget to store your outdoor lighting units where they can be conveniently reached for the Christmas holidays.

A lighted umbrella will give you additional hours of outdoor entertaining after dark.

Almost any one of the many lawnsets of chairs and a table with an umbrella can be lighted by the household handy man. To light the umbrella, use a 150-watt projector bulb (made of hard glass so it's waterproof) in a clamp-on type holder, fastened to the upper stem of the umbrella.

These Events Were News

50 Years Ago

June 9, 1905

Ephraim and Melbourne Partidge and their lady friends called on their cousin Miss Myrtle Nelson on Sunday.

The Burroughs Adding Machine company base ball team of Detroit will play the Plymouths at Athletic Park tomorrow afternoon at 3 o'clock. The machine company boys play a fine ball and as our boys will be in fine form, it will be worth the price to go and see the game.

Nelson Schrader, Clifford McClumpha and Ed Yoxen spent Wednesday and Thursday at Walled Lake fishing.

The Wilcox mill dam was again washed out by the big flood Monday night, as was also the Northville dam.

Reverend and Mrs. Howard Goldie entertained 14 little playmates of their son, Floyd, last Saturday afternoon in honor of his eighth birthday.

Suckling and Elliott, two gentlemen from Detroit, have leased the Hotel Plymouth, together with the bar. They say they will keep a good hotel and thereby merit the patronage of the public.

Glen McEachran of Livonia Center was the only one of our eighth grade class that passed the examination at Plymouth.

The Pastime club will give a social dance in Pennington hall, Friday evening. Dancing from 8 to 3. It is expected a large crowd will be down from Milford for the ball game that day. The dance is prolonged that the visitors may take the three o'clock train for home.

25 Years Ago

June 13, 1930

St. Peter's Lutheran church was the scene of a quiet wedding Wednesday evening, June 11, at six o'clock, when Elsie M. Krauter, daughter of Mr. and Mrs. Christ Krauter of Plymouth, became the bride of Floyd D. Reddeman, son of Mr. and Mrs. William Reddeman, also of Plymouth. Reverend Hoenecke performed the ceremony. Attending the bridal couple were Irene Krauter, sister of the bride, and Elmer Reddeman, brother of the groom. Following a trip to Central New York, Niagara and Vermont, Mr. and Mrs. Reddeman will be at home on Blunk avenue, Plymouth.

Mr. and Mrs. Albert B. Schroder announce the engagement of their daughter, Marion Anna, to Herbert Ellsworth Meredith of Detroit. The wedding will be an event of late summer.

The Helping Hand society met Wednesday of last week with Mrs. Josephine Hix and Mrs. E. E. Pettibone on Ford road. There

was a good attendance of members and an extra large crowd for supper. The next meeting will be with Mrs. Maurice Fullerton, and a picnic dinner will be held on Belle Isle.

Mr. and Mrs. C. H. Bennett were in Alma, Michigan, last week Friday, where Mr. Bennett attended a meeting of the board of trustees of Alma college.

Dewey Smith, who resides at 542 Maple avenue, and is superintendent of the H. E. Penhale woodworking plant on Golden road, had the misfortune to have his right foot caught in a shaper at the factory last Saturday morning, badly cutting the ball of the foot. Mr. Smith will be incapacitated from work for some time.

10 Years Ago

June 15, 1945

Twenty-four ladies met at the home of Mrs. Milton Diedrick to help her celebrate her birthday anniversary Thursday evening.

Present were Mrs. Julian Innis, Ara Fehlig, Minnie Ray, Gertrude Thorpe, Burl Tremain, Clara Mumby, Libbie Showers, Mertie Brown, Alice Rathburn, Fannie Judd, Edna Gray, Evelyn Stanible, Dorothy Finney, Ruth Roy, Wilma Diedrick, Marguerite Orndorff, Aldas Fonger, Jane Judd, Louise and Vernon Diedrick, Milton Diedrick, Ralph, Donald and Betty. Games were played and refreshments served. Mrs. Diedrick received many nice gifts.

Mr. and Mrs. William B. Roe of Dodge street, pioneer residents of Plymouth, celebrated their golden wedding anniversary Monday, June 11.

The Misses Rosemary Herter, Anna Lou Blessing and Mary Schomberger left today for Jacksonville, Florida, to visit the latter's sister, Miss Evelyn Schomberger, a WAVE stationed in the Jacksonville camp.

On Tuesday evening Reverend Francis Tetu, who has been pastor of the St. John's Episcopal church of Plymouth for the past two and one-half years, was tendered a farewell gathering in the parish house by the St. John's Guild.

A group of teachers entertained Miss Florence Stader Tuesday. Besides the guest of honor, those attending included: Mrs. Joyce Roebuck, Miss Kathryn Bock, Miss Lucille Finkbeiner, Miss Hazel Parmelee, Mrs. Jewell Bell, Mrs. Esther Adler, Mrs. Frances Holmes, Miss Helen Farrand, Miss Dorothy Ager.

Let us be patient! These severe afflictions, Not from the ground arise. But oftentimes celestial benediction Assume this dark disguise. —Longfellow.

ABOUT YOUR LAWN AND GARDEN

Prepare Plant For Moving Operations

Transplanting a green and growing plant is far different from moving dormant shrubs. It administers a shock to the plant which is fairly compared to the effect of a serious surgical operation.

Most plants will recover, even though the operator is unskilled, but there are a few simple precautions which will increase the percentage of success.

If you are growing your own plants, prepare them for the experience by giving them an extra feeding a week before the operation. In a bucket of water (2½ gallons) hang a cloth bag containing 10 ounces of your regular plant food, four ounces to the gallon. Let it soak overnight, then water the flat with the solution. This will build up the energy of your plants, for the ordeal to come.

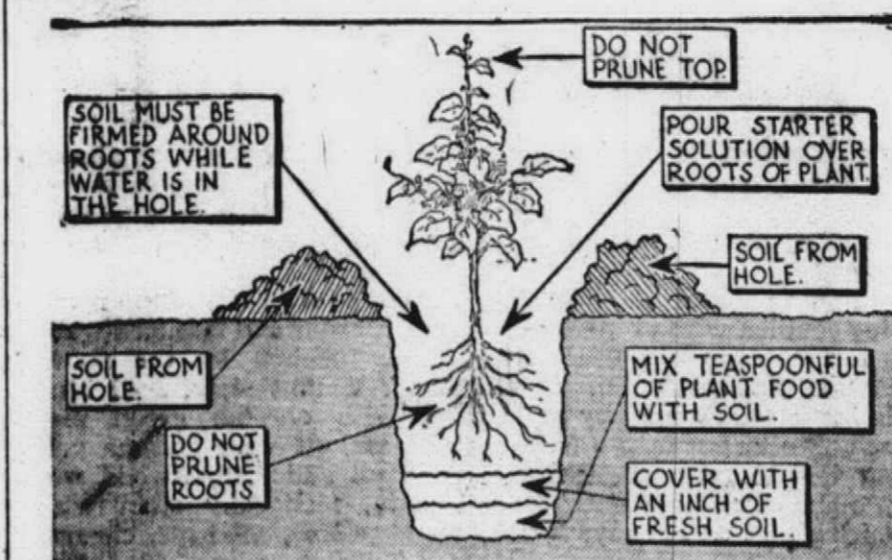

The night before the operation, prepare another bucket of water the same way; or by using a soluble plant food according to the instructions for a starter solution. Take it to the garden along with the plants.

It is important to disturb the roots of the plants as little as possible. If they are in pots, the soil will come out in a ball with little disturbance. If in a flat, they can be lifted with small injury, by taking care. Transplants which have been purchased without soil should not be allowed to dry out, and be kept in the shade.

Dig a hole large enough to hold the plant roots with room to spare, and deeper than necessary. Mix a teaspoonful of plant food with soil at the bottom of the hole; and throw on an inch of fresh soil. Now hold the plant where it is to stand, and pour into the hole, over the plant roots, half a pint of the plant food solution in the bucket. While the water remains in the hole and around the plant roots, draw in soil to fill the hole completely.

Do not prune the roots of the plant in any way, not even to remove broken roots.

Do not cut back the leaves and stem, although this was formerly the accepted practice. Experiment stations who have studied the matter advise that the plant

Latest transplanting methods approved by experiment stations.

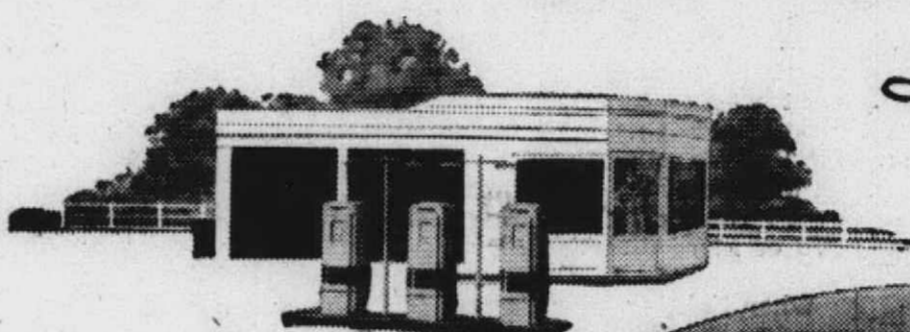

needs all the roots and leaves intact, and will recover faster if you leave them intact.

Pouring water into the hole and drawing earth into the water excludes air pockets, and insures good contact between roots and soil. Do not pack the wet soil; it will settle down by its own shrinkage.

Plants set out in this way seldom wilt but in case they do, no harm is likely to result. They soon recover and begin growth as soon as the shock has worn off.

Want to watch the gas pumps go by?

It's wonderful what Variable Pitch Propellers do for getaway AND gas savings!

It's The Hardtop with Four Doors!

Another big reason for Buick's soaring sales is the 4-Door Riviera—the new hit in hardtops that's taking the country by storm. The "Convertible" look, with no center posts—but with separate doors for rear-seat passengers. Shown here in the low-price SPECIAL model—also available in the high-powered CENTURY Series. Both now in volume production to insure prompt deliveries.

ANY airline pilot will tell you that one big reason for the modern plane's greatly increased cruising range aloft is the variable pitch propeller.

To get off the ground, of course, the pilot needs plenty of acceleration, for take-off and climb. So his propellers must "bite" into air at a certain angle for utmost performance.

But once the plane is at cruising altitude, great power acceleration is no longer needed—fuel efficiency is. So the pilot switches the pitch of his propeller blades to high-economy angle—and gets a lot more mileage from the fuel in his tanks.

That's why Buick's new Variable Pitch Dynaflo* is such a sensation across the nation.

For the same aviation principle that brings this two-way magic to the modern plane is now found in the twenty propeller-like blades whirling in oil inside the Dynaflo unit.

Just by pressing the gas pedal way down, you switch the pitch and get instantaneous getaway response or safety-surge acceleration.

Just by easing up on the pedal, you change the pitch to high-economy angle—and get new and better gas mileage in all normal driving and cruising.

It's a spectacular and sensible achievement—this new Dynaflo Drive—a brand-new thrill and a brand-new thriftiness.

And with it goes the might of record-high V8 power—and the level luxury of Buick's all-coil-spring ride—and the spacious roominess of Buick's broad interiors—and the host of other advanced features that add to Buick's brimming value.

Come in and try what is very definitely the performance thrill of the year—and see for yourself why Buick sales are soaring to all-time best-seller highs.

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

Local Delivered Price of the 1955 Buick SPECIAL \$2251⁸⁸

2-Door, 6-Passenger Sedan, Model 48 (Illustrated) is

Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities. Even the factory-installed extras you may want are bargains, such as: Heater & Defroster—\$81.70; Radio & Antenna—\$92.50.

CONTEST RULES:

1. Plymouth's Father-of-the-year contest is open to all children under 17 years of age, except children of employees of the sponsors or of this newspaper.
2. Using the official entry blank write 25 words (or less) describing and explaining why you think your father should be named Plymouth's-Father-of-the-Year. Entries will not be judged by the literary style or excellence . . . but strictly on the qualifications of the candidate as outlined in the letter. Decisions of the judges will be final. **BE SURE TO INCLUDE YOUR NAME AND ADDRESS ON THE ENTRY BLANK.**
3. Pick up your official entry blank at the store of any retail merchant sponsoring this contest.
4. Bring or mail your entry to the Plymouth Chamber of Commerce office, 455 S. Main St., Plymouth, Mich.
5. All entries must be submitted by noon, Monday, June 13.
6. All entries become the property of the sponsors, who reserve the right to publish the winning names.

These are the gifts Plymouth's Father-of-the-Year will receive!

SPECIAL HONORS were accorded Stewart C. Oldford, son of Mr. and Mrs. Stewart Oldford of 9825 Beck road, at the Honors Convocation at Michigan College of Mining and Technology at Houghton last Friday. Oldford, a junior majoring in chemical engineering, received honors for being in the upper ten per cent of his class.

OUR SLIP IS SHOWING! Last week we reported Lynn J. Osen, son of Mr. and Mrs. John K. Osen of Parkhurst, as being new president of the Western Michigan college Spanish club. Should have been French club. Pardonnez-Moi!

"SHOWBOAT" will open the summer season of the Melody Circus Theatre on the grounds of Botsford Inn June 16. Paula Stewart will play the part of Magnolia, while Ravenal will be portrayed by Arthur Maxwell.

A THOUGHT FOR THIS WEEK: What is intended as a little white lie often ends up as a double feature in technicolor.

OUTDOOR NOTES

From The MICHIGAN DEPARTMENT OF CONSERVATION

Michigan's pike-musky-walleye experiment has entered its second phase successfully.

"We have enough fry-size fish of all three types for the work this year," says M. J. DeBoer, in charge of state hatchery operations. "If all goes well, we should be able to carry off all our experiments the way they've been planned."

Eggs were obtained from a number of lakes and streams throughout the state and some were taken to a northern Wisconsin hatchery. Others went to Thompson hatchery near Manistique. Because of the delicate nature of the eggs, they were moved as little as possible.

After hatching, all the young fish were transferred to Drayton Plains and Wolf Lake hatcheries in southern Michigan.

Experimental plantings have been planned for the fish after rearing on selected waters throughout the state. State workers want to know what will happen to these fish when planted in northern and southern waters and when placed in relation to other fish types.

One interesting development is the use here for the first time of brine shrimp as food for newly hatched fish. A freshly hatched musky or pike is about as big around as a straight pin and one-third as long. Finding live water creatures small enough for these fish to eat and in the amount necessary has long posed a tough problem. But the eggs of brine shrimp can be dried and stored indefinitely and in this form look like sand. Placed in salt water, the eggs hatch and, at present, appear to provide excellent food for the tiny fish.

Last year, the first year of the pike-musky-walleye experiment, the Department was able to rear 125,000 walleyed pike and about 4500 northern. No musky eggs came through, but information gained in last year's loss was the basis of this year's success.

Michigan's Conservation Department, charged with care of all state wildlife, is keeping a weather eye on proposed St. Lawrence Seaway dredging operations slated on Great Lakes connecting waters in the near future.

Through the U. S. Fish and Wildlife Service, the Department has requested hearings with the Army Corps of Engineers before final dredging plans are drawn up. The Corps is in charge of all United States Seaway construction work.

Channel work on the St. Mary's river, the Straits of Mackinac, the St. Clair river, Lake St. Clair and the Detroit river is not expected in itself to cause any major problems for fish, waterfowl and fur-bearers such as muskrats.

But wildlife could be affected when the dredged-up bottom materials are dumped. The department has asked for a voice in deciding where and how this material will be dropped from dredge scows into the Great Lakes.

Another problem that must be faced when channels are widened and deepened is the possibility of lowered lake levels because of more rapid drainage. Present waterfront installations and wildlife marsh areas could be seriously affected, but compensating structures would prevent this.

An estimated \$109,000,000 in dredging is slated for the channels.

Conservation Department fisheries workers report they are releasing because of a press of other work.

Plantings continue throughout the spring, summer and fall, but this spring hatchery crews have been busy with a number of other chores, including warm-water fish experiments.

Two sets of skin-diving gear have been delivered to the Conservation Department for use this summer in underwater investigations of fish.

Fisheries workers will dive in pairs, both for safety and ease in recording data. The old gag about "writing under water" also will take on new significance when the biologists put their special underwater slates to work in keeping records.

Preliminary investigations with makeshift gear last year showed how easily basic information could be obtained by use of diving equipment. Fish showed no fear of the divers and even ap-

peared curious. Lakebed surveys, fish inventories and censuses and other long-needed studies may now be possible.

Fisheries workers emphasize, however, that underwater investigations with this equipment are still considered experimental.

Archers bagged about 1900 deer last fall.

The Conservation Department's annual post-card poll of hunting success showed that 5.5 percent of the 33,400 archers who purchased licenses last year came home with a deer.

Also, about 1050 firearm camp licenses were issued and 500 deer were taken for this use.

Again this year, hunters responded well to the poll. For the last three years, more than 96 percent of the hunters asked to take part in the poll have responded, an unusually high total for this type of poll.

Yates Offered Livonia Schools Superintendency

Benton Yates, business administrator of the Livonia schools for the past year, was offered the superintendency of the Livonia school system at a special meeting of the board of education, Wednesday evening. Pending his acceptance of the offer, Yates will take the position now held by Dr. Cole S. Brembeck, who has accepted the chairmanship of the Department of Teacher Education at Michigan State University beginning August 1st.

Yates came to Livonia from the Lakeview Consolidated Schools of Battle Creek, where he was assistant superintendent from 1951 to 1954. Previously Yates was superintendent of schools at Holt, and at Harbor Springs, Michigan. Yates also served as high school principal at Marine City, and Crosswell, Michigan. He has been a teacher in Michigan schools since 1934, and a school administrator for the past 13 years.

Yates holds an A.B. and M.A. degree from the University of Michigan, and at present is completing his doctoral work at Michigan State University.

While at Holt, Yates directed a teacher training program in cooperation with Michigan State University. He has been active on State administrative and curriculum committees, and has served as a member of the Michigan Committee on Education of Exceptional Children. Since 1953 he has been chairman of the Michigan Committee on School Holding Power.

Yates is a member of Phi Delta Kappa, honorary education fraternity, American Association of School Administrators, Michigan Association of School Administrators, and the Association of School Business Officials, United States and Canada. In Livonia, Yates is a member of the Livonia Lions Club.

Yates is married and is the father of two sons, in the 6th and 11th grades. He resides at 15975 Whitby road, Livonia, Michigan.

Air Reserve NCO Named for Area

Master Sergeant Grant R. Castle is now liaison non-commissioned officer at the 9632nd Air Reserve Squadron in Dearborn, it was announced recently. The squadron has a number of Plymouth reservists among its ranks.

Sergeant Castle will be available from 8 a.m. to 4:30 p.m. Monday through Friday at 1034 Monroe, Dearborn. He was previously assigned to the Air Reserve Center in Detroit. His job as liaison NCO is to establish relations and adjust administrative matters between the Air Force Reserve and personnel of the 9632nd Squadron. His phone number is Logan 3-0603.

In his 13 years with the Air Force, Sergeant Castle has served in a total of 46 countries. He now lives in Pontiac and plans to make his permanent home in Garden City.

New Books at Dunning Library

Interesting reading matter in the form of several new novels and non-fiction books made its way to the library's shelves this week.

Heading the list of new books are the nation's two best sellers, "Bonjour Tristesse" by Françoise Sagan and Robert Ruark's "Something of Value." Other best sellers are "The Scotswoman" by Inglis Fletcher and Colonel Edward L. Beach's "Run Silent, Run Deep."

Also added to the library's collection were Alice W. Graham's "The Vows of The Peacock," story of royal succession in 14th century England; "Carmela," novel set in Spain by Rowland Winn; E. M. Abrahamson, M.D., and A. W. Pezet's "Body, Mind and Sugar," "High Fidelity Techniques" by John H. Newitt;

Nelson and Shirley Wolford's "Green Grow the Rushes," historical tale set in days of Mexican War; "The Thorn Tree," novel by Nella Gardner White; Commager's "Documents of American History," and Robert Neill's novel about life in 18th century England, "Black William."

New editions of the following books also came in: "The Odyssey of Homer" translated by T. E. Shaw, Oliver Wendell Holmes' "The Autocrat of the Breakfast Table," "Mutiny on the Bounty" by Nordhoff and Hall, and "The Complete Poetical Works of Shelley."

Others added to the library collection were: "Spring Came on Forever" by Bess Streeter Aldrich, story which begins in the pioneer days of Iowa and continues to the present time; a McGraw-Hill industrial arts publication, "General Shop" by Groneman and Feiler;

John Dickson Carr's historical novel, "Captain Cut-Throat," tale set in the days of Napoleon; "The Estate of the Beckoning Lady," murder mystery by Margery Allingham; and Robert Raynold's story of Spanish explorers of 1595, "The Quality of Quiros." The atomic bomb and its effects is told in Dexter Master's novel, "The Accident."

Other new arrivals were "As Old as Cain," suspense novel by M. E. Chaber; Margaret Mackay's novel, "The Four Fates"; "Death in Lilac Time," murder mystery by Frances Crane; and Nevil Shute's new novel, "The Breaking Wave."

Concluding the new shipment were "How to Build 20 Boats" by the editors of Mechanix Illustrated and a book containing 221 photographs of "Land Birds of America," by Robert Murphy and Dean Amadon.

Ford leads all low-priced cars

in V-8 power . . . Of all the low-priced V-8's, only Ford's Y-block V-8 has an extra-deep engine block to give you smoother, quieter, longer-lasting "GO"! New Trigger-Torque power obeys your commands instantly, reassuringly.

in years-ahead looks . . . Only Ford brings you the years-ahead beauty of Thunderbird styling. The lower roof line, longer body line and flatter rear deck all say "fine car." And interiors feature new fabrics appearing for the first time in any car.

in smoother going . . . No matter where you go, Ford's advanced form of Ball-Joint Front Suspension smooths your way. Springs have been tilted to smooth out the bumps from the front as well as up and down for a new Angle-Poised ride.

in modern power assists . . . You can have your Ford as automatic as you want . . . at a price you want to pay. Power can help you shift, steer, stop . . . move windows and seat both up and down . . . even condition the air you breathe.

in choice of models . . . No other car offers you so many models to choose from. And in station wagon choice—whether you prefer 2 doors or 4 . . . seats for 6 or 8—Ford has a best-seller beauty to suit your needs.

and in resale value . . . Ford has traditionally returned a higher portion of its original cost at resale than any other car in its field. Why not get the whole story at your Ford Dealer's. You'll never want to settle for less than Ford.

Sells more because it's worth more... **Ford** the new best seller!
