Want to Buy a Newspaper? Goodfellows to Sell 5,000

Although Detroit is going hungry for newspapers nowadays, a group of Plymouth men called the Goodfellows will be at strategic points in the city Saturday to sell 5,000 copies of an edition to brighten the homes of needy Plymouth area families.

The force of former newspaperboys will accept whatever donation customers wish to contribute for the newspapers. Last year, food and clothing costing \$1,278 was given to 30 area families with sale proceeds. The majority of the money, went for the purchase of food. Two families last year were provided badly-needed fuel.

The Goodfellow project is entirely non-profit. All proceeds from the sale go to defray the expense of purchasing and wrapping all gifts. Many of the community's leading and most busy citizens belong to the Goodfellows organization. The newspaper sale is their one project for the year.

Fred Hadley is president of the Goodfellows this year. Goodfellows and the corners on which they will sell are:

James Gallimore, Harry Reeves, David Taylor, bank corner;

George Howell, Harold Stevens, Clifford Smith, Connor corner;

Al Glassford, John Radowsky, Harold Secord, bank to Ann Arbor trail;

Melvin Blunk, Leo Kowalcik, post office to Main street;

Russell Isbister, Martin Schomberger, bank to Michigan Bell;

Earl Gray, Henry Lorenz, Jewell corner to Penn Theatre;

Roy Smith, Marvin Terry, Plymouth Mail to Jewell corner;

Roy Salow, Fred Drews, post office;

Harry Brown, William Hobson, Mayflower Hotel corner;

Richard Straub, James Latture, A & P.

Lester Robinson, Cloverdale to Ann Arbor trail;

Richard Rose, Milan Frank, Cloverdale to Krogers;

Vito Sambrone, Roy Ciochoko, Godber Jackson, Richard Larkin, Kroger parking lot;

Ken Bisbee, Edwin Rossow, John Sprague, Herbert Canady, Jack Elliott, Edward Jewell, Central parking lot;

Gwynne Fulton, Ed Scott, David Reitzel, Stop & Shop;

To Vote Social Security Question

Employees of the Plymouth Community School system and of the city of Plymouth are conducting elections to determine if they want to be included in the social security plan. None of these employees have had Social Security rights in the past.

School employees here and in the entire state are having their election Wednesday and Thursday of this week. It will take a majority vote by all school employees in Michigan (except Detroit which is voting independently) to have social security inaugurated. Any employee who does not go to the polls will be considered as casting a "no" vote.

City employees will cast their votes next Monday. Federal regulations prevent police or firemen from coming under social security.

Both the teachers and city workers have their own retirement systems but these will not be affected by social security if it is approved. Unlike the school elections, which are being conducted uniformly in Michigan, municipalities conduct their elections independently and outcome of the vote in one city has no bearing on other elections.

State employees have voted 94 per cent in favor of social security, University of Michigan employees voted 86.6 per cent and Michigan State University employees voted 94 per cent.

If adopted, social security will be retroactive to January 1, 1955.

TWO GOODFELLOWS, Ernest Rossow, left, and Fred Hadley, help each other load up with the special Goodfellow edition which they will sell on Plymouth streets Saturday for the benefit of underprivileged families. The old newsboys will have 5,000 copies for which they will accept any size of donation.

Soldier Seeking Broken-Hearted Son's Dog Here

A serviceman stationed in Spencerville, Ohio, has made an appeal to The Mail and to police to help make his son's Christmas brighter by locating a dog.

Master Sergeant Arthur R. Hawkins related in a letter that last August he believed that he was to receive orders for overseas duty and was under the impression that his boy, 12, could not take his dog with him. So the dog was taken to an animal shelter in Lima, Ohio.

"My orders were rescinded," the sergeant continued, and then he found out that the dog could have accompanied the family as long as she had the necessary immunization. But when they returned to the animal shelter, they were informed that the dog had been taken to Plymouth, Michigan.

"You would be helping me and a heart-broken kid if I could locate the person who has the dog. Maybe some kind of a deal could be worked out so that the boy could have his dog again," Sergeant Hawkins said. The dog is a black Labrador Retriever, is about a year old and answers to the name of Cinder. Further information can be secured by calling The Mail.

Norman C. Miller, clerk of Plymouth township since 1932, was taken to St. Joseph's hospital in Ann Arbor Sunday night. Relatives report that he is being treated for a re-occurrence of a diabetic condition complicated by a cold.

The clerk is expected to be in the hospital at least another week. His home is at 12303 Ridge road. A farmer by occupation, the well-known township resident is 77 years old.

Northville Adopts New City Charter

Northville citizens went to the polls Tuesday and approved their new city charter 5-1 and re-elected Claude Ely as the mayor of their new city.

The vote on becoming a city was actually taken last spring and was approved, but another election was needed to approve a charter which a specially-elected charter commission has been drafting since the spring vote.

Voters approved the proposed charter with 523 yeas and 115 noes. Seven men competed for the four council and mayor positions. Ely received 650 votes to be elected mayor. The four councilmen will be A. M. Allen, 453; John S. Canterbury, 448; Earl Reed, 375; and John Stubenvoll, 330. Not elected were Ed Welch, 322; and S. Elton Peters, 273.

E.M. Bogart was elected justice of the peace with 605 votes. A treasurer, assessor and city clerk will be appointed. The new council's first meeting will be Monday.

Norman Miller Confined To St. Joseph Hospital

Norman C. Miller, clerk of Plymouth township since 1932, was taken to St. Joseph's hospital in Ann Arbor Sunday night. Relatives report that he is being treated for a re-occurrence of a diabetic condition complicated by a cold.

The clerk is expected to be in the hospital at least another week. His home is at 12303 Ridge road. A farmer by occupation, the well-known township resident is 77 years old.

Post Office Doing Biggest Business

Plymouth post office has started its usual landslide business and by tonight will have about 30 extra employees to handle the big loads, according to Postmaster George Timpona.

"We're already breaking new records," the postmaster declared yesterday. Two National Guard trucks have been acquired to help deliver parcel post. A jeep is being used to deliver special delivery items.

An appeal is being made to the public not to call the post office to find out if a parcel post package has arrived. "Our parcel post is being handled in another location where there is no telephone, making it impossible for us to check them," the postmaster pointed out.

Right now Christmas cards are still being dropped in the usual slots, but a girl will soon be on duty at a desk in the lobby who will accept all mail to be posted. The post office also has a supply of slips with which "out of town" and "local" bundles of letters can be identified for speed and convenience.

Plan Traditional Dinner

The Men's Brotherhood organization of the First Presbyterian church will hold its annual Boar's Head dinner Wednesday evening at 6:45 at the church. Chairman of the program is Meredith Smith.

The traditional dinner will feature trumpeters, flaming fruit cake and, of course, the head of a boar.

New Driving Regulations Liberalized

The new student driving regulation which prohibits students from riding with anyone besides their parents or legal guardian has been given a broader interpretation by the board of education, it was announced Tuesday afternoon.

An appraisal of the new regulations was made at a meeting Tuesday noon by the school board and city and legal officials who drafted the rules. It was their opinion that the regulations have proven to be a success.

The regulation undergoing the change had brought criticism from some parents who complained that it would not allow neighbors to drive each other's children to school (see Letterbox in this issue.)

It was not the intent of the board of education to limit student riding to this extent, Superintendent Russell Isbister said. Instead of only limiting "any student from entering a motor vehicle during school hours and while attending school, unless accompanied by his or her parent or legal guardian," a change has been made which adds:

"... or another parent with full knowledge and approval of his or her own parents."

This allows a parent in the neighborhood, for instance, to drive several neighbor children to school if their parents are aware of the ride.

The regulation also has been liberalized to allow a student who has been issued a permit to drive his or her brothers or sisters to school.

Attending the meeting besides the school board were Superintendent Isbister, Principals Carvel Bentley and Arthur Alford, Chief of Police Kenneth Fisher, City Manager Albert Glassford, Municipal Judge Nandino Perlongo and Robert Anderson, high school driving instructor.

The group talked about pedestrian traffic problems in which adults and students alike ignore traffic signals. Providing noon hour recreation for high school students was also discussed but no decisions made.

Householders Report Missing Decorations

Youngsters may have their fun on Halloween but Christmas time is hardly the season to be stealing things. That is the consensus of opinion of several Plymouth householders who have had some of their Christmas decorations taken.

Police have received numerous reports of Christmas decoration thefts during the past few days in the northwest section of the city. It is presumably the work of youngsters. Most of the decorations have been light bulbs.

Wildlifere Elect Champe President 12th Time

Dr. B. E. Champe was elected to his 12th term as president of the Western Wayne County Conservation association at a meeting Monday night. Dr. Champe is a local dentist.

Others elected to offices were: Vice-president, John Jajuga; secretary, James Turk; treasurer, Norman Wilkerson; board members to fill expired terms, Gar Evans, Gale Brewer, Robert Bensch, William Campbell, George Lane and George Meredith.

Fire Damages Interior Of Small Farm Building

Fire causing an estimated damage of \$500 struck a small storage building on the farm of Edward Ayres, 39560 East Ann Arbor trail, last Saturday afternoon.

Township firemen responded to the call at 2:35 p.m. Although the outside of the 16 by 24 foot building remained standing, much of the material stored inside was damaged. Firemen said that the fire was believed started by children who were playing with candles in the building.

Request for Annexation Rejected by School Board

Hiring of two new teachers and the rejection of a request to annex the Free Church School District No. 3 in Superior township took place at a special board of education meeting Monday night.

The Free Church district school is located on Godfredson road, between Ford and Cherry Hill roads. In a written request signed by William McFarland, director of the school board, it was pointed out that a majority of people in the district do their shopping and banking in Plymouth and consider themselves a part of the Plymouth community.

It was also noted that some of the original district was annexed to the Cherry Hill district years ago. The Cherry Hill district was annexed to the Plymouth Community School district last summer.

After a discussion, the board directed the superintendent to inform the Free Church district board that Plymouth "is not considering further annexations at this time."

The board also discussed the problem of Nankin Mills and

Holiday for Schools Gets Earlier Start

Students in the Plymouth Community schools will get an extra half day of Christmas vacation due to a decision made by the board of education at a special meeting Monday night.

Instead of schools being dismissed at 3:30 p.m. on Friday, December 23, all classes will be dismissed at the noon hour. School will be resumed on Wednesday, January 4.

The extra half day was arranged because a number of the bus drivers will have conflicting factory shifts on that day, and for the convenience of teachers and children whose families have long distances to travel before Christmas day.

Decorations Contest Deadline Extended

You can still enter the Chamber of Commerce "Show Santa Your House" contest and have an opportunity of winning one of the five \$50 Savings Bonds to be awarded for the best Christmas house decorations.

Chamber Secretary Ed Hart said that persons with a Plymouth mailing address have until Wednesday, December 21 to enter. Judging will be done Wednesday and Thursday and bonds will be awarded in the following classifications: religious, humorous, artistry, originality and mechanical action. Entries may be made by simply phoning the Chamber of Commerce.

Driver Critically Hurt in Mishap

Three people have been injured in auto accidents in the city during the past week, one of them remaining in "critical" condition in Wayne County General hospital.

Ward Griswold, 60, of 6667 Salem road, received serious injuries when he was thrown from his car Tuesday morning in a collision at Penniman avenue and Sheldon road. He was enroute to work in Detroit when his car was struck by another driven by Richard Tait, 21, of 729 South Main street.

Police said that Tait had admitted that he failed to heed a stop sign on Sheldon road. He was issued a ticket for reckless driving.

Griswold was driving east on Territorial road into Plymouth and Tait was going south on Sheldon. Relatives said that Griswold seemed somewhat improved Wednesday but still remained critical. He is suffering a broken left arm, severe cuts, fractured ribs and possible internal injuries.

A motorcyclist was injured Saturday morning at Starkweather and Main street. Melvin Snyder, 20, of 36421 Parkdale, Livonia, was going south on Main street when his motorcycle ran into a car driven by Edward Dubisky, 19, of Belleville. Dubisky told police that he had stopped at the stop sign on Starkweather and started to pull out when he saw the motorcycle and stopped again. He was ticketed for pulling in front of oncoming traffic while Snyder, who was taken to the hospital with injuries, was ticketed for driving with defective brakes.

Sam Loicacano, 324 West Pearl street, received multiple lacerations of the face when the car in which he was riding Saturday afternoon struck a parked car on Starkweather avenue. Driving the car was Simon Krutschok, 525 West Ann Arbor trail. The parked car was owned by Roger Moss, 1069 Starkweather.

Brocklehurst Heads Local Insurance Agency

A. K. Brocklehurst has been elected new president of the Plymouth Association of Insurance Agents to succeed Ralph Fluckey.

Officers were elected at a meeting held at Hillside Inn. Brocklehurst is the association's third president, being preceded by Roy Fisher and Fluckey.

Charles Finlan was elected to the vice-presidency and Mrs. William Wood as secretary-treasurer.

Among the projects completed during the past year by the association were the purchase of \$500 worth of equipment for the city's rescue truck; coordination of Fire Prevention Week activities with fire chiefs; and continuance of insurance services for the city and board of education.

Santa Arrives Here By Plane Saturday

While hundreds of children will easily get their gifts ordered in only a few minutes Saturday by personally talking with Santa Claus, thousands of grown-ups will be travelling from store to store during the next nine shopping days to create what merchants believe will be the biggest Christmas business they ever had.

Nearly every merchant contacted yesterday by The Mail reported that business is ahead of last year. Counting today, there are but nine shopping days remaining until Christmas.

Better economic conditions this year may be the chief factor in the increased business outlook. Gradual population increases in the area also would be a contributing reason. It was also suggested that the lack of Detroit newspaper advertising may be keeping more people at home to shop.

Meanwhile, the kiddies will be given a preview of Christmas Saturday afternoon at Kellogg Park. The idol of children everywhere, Santa Claus, will arrive via airplane at Mettetal airport at 1:30 p.m. His plane is scheduled to buzz the community before landing.

Santa will be escorted to the park by members of the BPO-Elks, who arranged for his visit to Plymouth. Each child will be given a bag of candy and also have an opportunity to tell Santa exactly what they would like for Christmas.

Jack Stevenson, chairman of the committee for Santa's visit, said that 1500 bags of candy have been prepared for the children. Last year Santa arrived in a blizzard and only 800 determined friends greeted him. Santa is scheduled to return to the North Pole at 4 p.m.

Telephone calls were made by The Mail to 16 representative merchants this week to ask how Christmas business has been so far and how they expect it to compare with last year. These are their answers:

"Plymouth has become more of a shopping center," said Ralph Rostow of Graham's. He added that business was better this Christmas and that apparently more persons from surrounding areas were shopping in Plymouth.

Jim Houk of Fisher's Shoes: "It's been noticeably better this year. There's been a trend to shop locally where exchange service is easily available. Business for the merchant who continues to improve his store should grow, and this year's Christmas business is definitely better."

Mrs. Roderick Cassidy of Cassidy's stated that Christmas started much earlier this year. "Gift buying began right after Thanksgiving, which is unusual for Plymouth. We expect a larger total Christmas business than last year."

From Jack Porter at Capitol Shirt Shops came the opinion that thus far Christmas business was about the same as last year. "The last 10 days are our busiest, however, and we expect this will hold true again," he added.

"Christmas buying has started much earlier and evening business has been very good," said Dave Galin, appliance dealer. "We expect it will continue. People are beginning to realize that they can obtain 'good deals' right in Plymouth."

Stanley Kirsch of Fashion Shoes: "So far it's been up. Gift buying started earlier this year."

Miss Margaret Dunning of Dunning's department store indicated that business was definitely running ahead of last year. "It's difficult to say whether it will continue but gift shopping has been much earlier this year," she remarked.

At Davis & Lent men's wear store, Owner Wendell Lent felt that the Plymouth Community

# Plymouth Boy Scout Troop 6 To Celebrate 4th Anniversary

Troop Six, Plymouth Boy Scouts, sponsored by the Plymouth Lions club will celebrate its fourth anniversary with a birthday party on Monday, December 19th.

The troop was organized four years ago with a membership of eight leader-foot scouts. Today it has a membership of thirty-nine, ten Explorers and twenty-nine scouts. Of the original members Thomas Ferguson is assistant scoutmaster, and three others, Larry Kunkel, Richard Parker, and Gary Strasen are members of the Explorer Crew. During the four year period sixty-four boys have been members of the troop.

The birthday party will feature demonstrations of scoutcraft by the Explorer Crew and the five patrols of the troop; recognition of all boys who have advanced one rank in the past twelve months; and presentation of service stars to the remaining charter members. All parents and other friends of the troop are invited.

The year 1955 has been a very successful year for the troop. In January the Eagle Patrol won first place in the Dawson City Sweepstakes; in July the troop won first place at the Summer Camp Water Carnival; and in October the troop won first place in the District Camporee. There have been thirty-five promotions to higher rank.

Mrs. Karl Starkweather, Mrs. Ada Murray and Mrs. James Bentley were Monday evening dinner guests of Mrs. Harold Todd of Clemons drive.

The Hough Extension group met with Mrs. William Sempliner Tuesday, December 14.

Mr. and Mrs. John Albertson and daughters and Mr. and Mrs. Perry Hix spent Saturday evening with Mr. and Mrs. James Albert and daughter, Vickey.

# Social Notes

Mrs. William Johnson of Ann street is entertaining members of her sewing group, this Thursday evening.

Mr. and Mrs. John J. McLaren and son, J. D. McLaren, attended a dinner party Saturday evening in the home of Mr. and Mrs. W. E. Silkworth in Ann Arbor.

The Mission Society of St. Peter's Lutheran church will meet for their annual Christmas party and gift exchange on Wednesday, December 21, at 2 p.m. at the church. Each lady is asked to bring a fifty-cent gift.

Mr. and Mrs. Alvin Moss and daughter, Marilyn were Friday evening supper guests of Mr. and Mrs. Buford Conn of Northville road.

Circle 12 of the First Presbyterian church will meet Monday, December 19 at 8 p.m. at the home of Mrs. Eugene Light, 234 Sheldon road. A Christmas program is being planned. Bring gift wrapped with either a toy or canned goods which will be sent to St. John's Presbyterian church.

Miss Loralee Gayde and Gerald Theriault were guests of honor at a party and shower given by Loralee's aunts, Miss Sarah Gayde, Mrs. John Conley, Mrs. William Krause, and Mrs. Lisle Alexander, in the Alexander home on North Mill street last Saturday evening. Twenty-six relatives and friends from Plymouth, Northville, Detroit, Birmingham, Lansing, Brighton and Milford were present. Loralee and Gerald were the recipients of many lovely gifts. They will wed on January 7, in the First Methodist church, Plymouth.

Mr. and Mrs. Paul Bairas of near Brighton, former residents of Plymouth were hosts at dinner Sunday in their new home, to former neighbors on Clemons drive. Invited to the Bairas home were Mr. and Mrs. Steve Veresh and children, Mr. and Mrs. Jack Gage, Mr. and Mrs. Carl Hartwick, Mrs. Harold Todd and Mrs. Eugene Orndorf.

The Library Book Club will meet at the home of Mrs. Joseph Witwer, 593 Edison avenue on Tuesday, December 20, at 2 p.m. A Christmas program has been planned.

## Dorothy Agodorny Weds Roy Pearsall

At a double ring ceremony performed by the Reverend Father Francis C. Byrne on Saturday morning November 26, in Our Lady of Good Counsel church, Miss Dorothy Agodorny, daughter of Mrs. Sylvia Agodorny and the late John Agodorny of Livonia, became the bride of Roy W. Pearsall, son of Mr. and Mrs. Harold Pearsall of Farmington.

Given in marriage by her brother, the bride approached the altar in a floor-length gown of Chantilly lace and nylon tulle over satin. She carried a bouquet of white spider mums.

Matron of honor, Eleanore Gensorowski, sister of the bride, chose a gown of aqua crystallite and net with matching headpiece. She carried a bouquet of yellow mums.

The bridesmaids, Margaret Burnett of Ypsilanti, wore shrimp colored crystallite fashioned like that of the matron of honor. Her bouquet was also of yellow mums.

Eugene Pearsall served his brother as best man.

Following the ceremony, a reception was held at the home of the bride. Over 100 guests were present.

The Get-Together club met last Saturday for their annual Christmas party at the home of Mrs. Archie Herrick on Bradner road.

# Statewide Driver Education Organization Formed

Robert Anderson, driving instructor in the Plymouth Community School system, was among those who attended the driver education and safety education meeting held at the Michigan Education association camp at St. Mary's Lake last Saturday.

A statewide organization to be known as the Michigan Driver and Safety Education association was formed. Officers were elected and committees were appointed to set up organizational machinery. A resolution was passed and forwarded to the superintendent of public instruction, Dr. Clair Taylor, concerning the qualifications of driver education instructors.

A Chrysler corporation safety engineer spoke to the group about the advances in automobile safety and the various items of safety equipment available on most makes of automobiles and the effectiveness of these devices. He pointed out that safety belts should be worn for city driving as well as country driving because the serious injury rate for accidents in the cities can be drastically reduced with them.

Driver education is becoming increasingly important in the state due to legislation approved recently requiring any person under 18 to take a driver course if they want a license. Each school system will offer the course.

### Plans Program On Nativity Masterpieces

Nativity masterpieces will be discussed by the Plymouth branch of the American Association of University Women, at their meeting on Thursday, December 15, in the home of Mrs. E. E. Crosby, 15335 Lakeside drive. Starting time for the event is 8 p.m.

The Arts Study group will sponsor the meeting. They have prepared a program of special interest at the Yuletide season, entitled "The Christmas Story in Art Masterpieces."

The story of the birth of Christ has inspired the world's finest art, and the greatest painters of the western world, especially those of the Renaissance period, who have interpreted the Nativity theme in their works.

Reproductions of famous paintings by Raphael, Crivelli, Bosch, Lippi, Weydon, David and Bellini have been borrowed for this occasion by Mrs. R. L. Nulty, chairman of the Arts group. Mrs. L. T. Scharmen and Miss Irene Truesdell will describe the paintings, giving the background of the artist and characteristics of his paintings.

Also, a short film entitled "Christmas Around the World" will be shown with Mrs. R. N. Fritz presenting the commentary.

The Arts Study group meets the second Thursday of each month. Other members of the group are Mrs. W. H. Bock, Miss Marie Hickey, Mrs. A. E. Gulick, Miss Alma Murphy and Mrs. J. W. Sponseller. Co-hostesses for the evening are Mrs. William Clarke and Mrs. H. E. Raafaub.

### Milton Orr Installed High Priest of Masons

A ceremony at which Milton Orr of Plymouth was installed as excellent high priest of Union Chapter No. 55, Royal High Masons, took place Saturday evening at the Northville Masonic Temple.

Over 100 Masons and guests attended the ceremony which opened with a musical prelude played by Mrs. Edna O'Conner. A welcome and introduction of past high priests and installing officers was made by Laurence Miller, retiring excellent high priest.

Excellent Grand High Priest (Acting) Stewart H. Dodge of Plymouth headed the installation officers. Three solos were sung by Fred Kendall, WJR radio vocalist. This was followed by a proclamation by Martin Sommers, an address by the new high priest and a presentation of the high priest apron.

Union Chapter's new high priest lives at 261 North Mill street and is proprietor of Bill's Market here.

TOLEDO - NORTH EXPRESSWAY PROGRESSES

The above bridge recently completed across the Raisin River in Monroe will carry traffic through the east section of the city on the Toledo - North free expressway. This bridge is one of 34 bridges and grade separation structures on this limited access route which stretches for 24 miles. This four-lane divided highway is being built at a cost of some \$27,000,000 in federal, state and City of Monroe funds. The first contract on this route was let in the

spring of 1953. The total job will be open to traffic in the early Fall of 1956 and will ultimately connect with the projected Detroit - Chicago Expressway. The four-lane divided extension of this Interstate highway to the north with temporary connection to Telegraph Road and the four-lane divided connection with Fort Street at Sibley Road will also be opened to traffic by early Fall of 1956.

MRS. CARRIE HILLMER, center above, had a surprise caller last Sunday at the Masonic Home in Alma. On the right is Mary Lou Hartwick, Plymouth student at Alma college who visits the home each Sunday. The familiar "gen" at the left appeared at the home with hundreds of candy canes and cookies prepared by the ladies of the Eastern Star of Plymouth. Under the beard is Mary Lou's mother, Mrs. Carl Hartwick of Northville road. Mrs. Hillmer is well known locally as a former resident of Plymouth.

### MEN IN SERVICE

Two Plymouth youths who enlisted in the Navy here together, went through boot camp together and are now home on leave together, will report for duty aboard the destroyer USS Raymond at Newport, Rhode Island.

They are Dale A. Nyhus, 6355 Lilley road, and Howard D. Smith, formerly of 6161 Parent road, Plymouth, now living in Wayne. Their parents are Mr. and Mrs. Warren Nyhus and Mrs. Margaret Sciflia.

The boys joined the Navy at the recruiting office located at the post office here. They have now completed nine weeks of basic training at the Great Lakes Naval Training Center. They are home on a 14-day leave before reporting to the same ship.

### Cereal Confections For Holiday Gifts

Try Orange Treats and Quick Fudge Balls the next time you have a yen to make candies for Christmas. Concentrated frozen orange juice gives the unique flavor to ready-to-eat cereal in the Orange Treats. If wrapped in saran and tied with gaily colored Christmas ribbons, Orange Treats make wholesome sweets to decorate the Christmas tree. It's a good idea to try out Christmas candy recipes before making batches for Christmas presents. Then you will develop skill so your gift candies will be of high quality. The use of breakfast cereals in candy making increases the nutritional value of the confection by the addition of protein, B-complex vitamins and minerals.

**Orange Treats**  
1 6-ounce can fresh-frozen orange juice concentrate  
1 cup sugar  
1/2 teaspoon salt  
1 tablespoon butter or margarine  
7 cups pre-sweetened rice cereal or pre-sweetened puffed wheat cereal or 6 cups puffed rice or puffed wheat or oven-toasted rice cereal

Combine orange juice and sugar in heavy aluminum saucepan. Cook slowly to hard ball stage (265° F.), stirring constantly. Add butter or margarine and pour over cereal in buttered bowl. Mix thoroughly. Let cool slightly until it can be handled. Butter fingers lightly and shape mixture into small balls. Place on buttered cookie sheet to harden. Yield: 4 dozen balls, 1 1/2 inches in diameter.

**Quick Fudge Balls**  
1/2 cup sweet cocoa mix  
4 tablespoons butter or margarine  
2 tablespoons milk  
2 cups sifted confectioner's sugar (about)  
1 teaspoon vanilla  
3/4 cup pre-sweetened rice cereal

Combine cocoa mix, butter, and milk in saucepan. Place over low heat until butter is melted and cocoa mix is dissolved, stirring constantly. Remove from heat. Add 1 cup of the sugar and vanilla. Mix well. Blend in remaining sugar gradually until mixture is stiff enough to knead with fingers. Knead for 2 or 3 minutes. Then shape mixture into small balls and roll in the cereal. Shape and roll a few balls at a time. Yield: About 40 balls.

### OBITUARY

**Jay E. Howerter**  
Jay E. Howerter, 16246 Homer road, Plymouth, died suddenly of a heart attack Tuesday night at a Christmas tree sales lot on Five Mile road. He was 64.

He was born June 13, 1891 in Shamokin, Pennsylvania to Benjamin and Anna Howerter. Surviving are his wife, Kathleen, and three daughters, Mrs. E. H. Thielbor of Wallworth, Wisconsin, Mrs. C. J. Day of St. Louis and Mrs. S. P. Hawkins of Farmington; and an uncle, Walter I. Howerter of Centuria, Pennsylvania.

Funeral services will be from the Casterline Funeral home in Northville at 2 p.m. Saturday. The Reverend John Taxes, pastor of First Presbyterian church, will officiate. Interment will be in Rural Hill cemetery.

He had been a resident of the community five years.

**Fred Erb**  
Fred Erb, former Plymouth resident who moved from here to Houston, Texas several years ago, died there Wednesday morning. It was learned here. He was the son-in-law of Mr. and Mrs. William Taylor, 46227 Ann Arbor road.

Funeral services will be held Saturday at 1 p.m. from the Schrader Funeral home with the Reverend Henry Walch, pastor of First Presbyterian church, officiating. Masonic services will be held. Mr. Erb was a past master of Plymouth Rock Lodge, F. & A.M.

Other information was not available at press time.

Mr. and Mrs. Carl Hartwick spent Sunday in Alma with their daughter, Mary Lou and in the afternoon attended the Christmas party given at the Masonic home. The party under the direction of Mary Lou was given by some of the students of Alma college. Mary Lou will arrive home Saturday to spend the holidays with her parents.

Mrs. Eva Herrick spent the past week at the home of Mrs. Laura McGorey on Mill street.

WITH THE WINNING painting as a backdrop, these participants in King Furniture's second annual Christmas painting contest for Plymouth high school art students pose proudly. From left are: Robert O. Wesley, Ed Hart and Fabe Mirto, judges; Frank Walsh, store manager; Doris Wall and Jackie Johnson, third place co-winners and Kaye Meyers, first place co-winner. Kaye's partner was Ann Truesdell. The two shared the work in painting the shepherd scene on the window that won first place prize of \$20. Second place co-winners were Garry Wilson and Judy Van Wagner, who earned \$10. While Doris and Jackie won \$5 as third placers. Also entered in the contest were Judy Foster, Art Losse, Tom Carmichael, and Arlene Kubick.

The Plymouth Corners Society of the Children of the American Revolution will meet Wednesday, December 21, at 5:30 p.m. with John and Mary Crusoe of 43180 West Nine Mile road, Northville as hosts. Members will be asked to donate to the Junior National Officer's Travel Fund. There will be a Christmas program.

### Biggest Holiday Business Looms

(Continued from Page 1)  
Stamp program had definitely helped business this year. "We are quite a bit ahead of last year in Christmas business and I'm sure it will be a better season. The stamps are very popular with the customer," he added. "It's definitely better than last year," declared Ernest Faigle, manager of Kresge's. The Saturday before Christmas will be the biggest day of the year with a 5:30 p.m. closing, he added. "People rush in to buy for those they forgot and they pick up anything. Without a doubt, I'm sure we will end up with the biggest Christmas season we ever had in Plymouth."

Ralph Seyfried of Seyfried Jewelers has found his business about equal to that of a year ago. "It's still too early to tell though," he asserted. He pointed out that the last shopping day before Christmas last year found him doing as much business as the month of March 1934.

In the appliance field, Bert Wyse of Better Home Furniture and Appliances stated that "It's good, but it is still nothing to shout about. Three or four years ago when appliances were harder to get, business was better. Competition is now tougher because of discount houses," he added.

Earl West of West Bros. Appliances believes that business has been better than last year. "We've done a much earlier business — there have been more lay-aways and more larger items being sold such as TV sets and stoves."

Minerva's, a women's apparel store, said that business so far has been slightly better than last year. "People like to wait until the last minute. On the whole, it has been a better year than last," said Herbert Chaiken, store owner.

Blunk's, which has both ap-

pliances and furniture, sees a big jump in business. James Taylor states that sales are ahead of last year. The first three or four days of the month were slow, but the second week was good. He also noted that people are buying bigger units this Christmas.

Looking in on the drug stores, Robert Beyer of the Beyer Rex-all Drug stores declared that he is having the best Christmas business he ever had. "Drug stores are hit hardest during the last week when people like to buy the last-minute stuff. I'm looking for the biggest year ever."

C. C. Witte of Community Drugs observed that business "is a little better than last year—not too much—but it's stepping up right along." His business had a big year last year. "It's got to go some to beat that. It's hard to tell... the biggest business will be during the last week. I think we'll do all right."

## TWO SOULS WITH BUT A SINGLE THOUGHT

### Strange Plant Blooms Once in 15 Years

It took a long time, 15 years to be exact, for Mrs. Frank Vojcek of 41945 Schoolcraft to see the first blossom of her ten-cent "snake plant."

Mrs. Vojcek reported this week that this strange plant, purchased about 1940, recently produced its first blossoms. Numbering in the dozens, the feather-like petals bloomed only at night and have now disappeared. Apparently it will be another 15 years before the blossoms will return.

Robert Bateman has returned to Adrian college after spending the weekend with his parents, Mr. and Mrs. Thomas Bateman of West Ann Arbor trail.

Mr. and Mrs. Charles McConnell will entertain 10 guests at dinner and cards Saturday evening at their home on North Harvey street.

LITTLE DAVID Rotarius, six-year-old son of Mr. and Mrs. Harvey Rotarius of Blunk street, was one of the many children to get a free trial ride on the pony "Easter" at Forest Motor Sales this week. The pony and western saddle is going to be given away to a lucky youngster in the auto agency's "Win the Pony" contest.

RECIPE!

RECIPE!  
KING-OF-LEAVES by Mrs. Berna E. Jorgensen, Portland, Oregon. Bake at 375° F. for 15 minutes, then for 5 minutes. Makes 1 1/2 to 2 doz. rolls. Soften 2 cakes compressed yeast in 1/2 c. lukewarm water, or substitute 2 pkgs. dry yeast, softened in 1/2 c. very warm, not hot, water. Combine 1/2 c. butter or margarine and 3/4 c. hot scalded milk in large bowl. Stir until butter melts. Cool to lukewarm. Add 1/2 c. sugar, 2 t. salt, 2 t. grated orange rind, 2 unbeaten eggs and the yeast mixture. Add gradually 4 to 4 1/2 c. sifted Pillsbury's best and enriched flour to form a stiff dough. Mix thoroughly. Cover. Let stand 30 minutes. Roll out to a 22x12 inch rectangle on floured board. Spread half of dough along 22 inch side with nut filling. Fold uncovered dough over filling. Cut into 1 inch strips, crosswise, twist each strip 4 or 5 times; then hold one end down on baking sheet for center of roll; curl remaining strip around center on baking sheet as for pin wheel, tucking other end under. Cover with wax paper or towel. Let rise in warm place 85° to 90° F. until double in size; 45 to 60 minutes. Bake in moderate oven 375° F. 15 minutes, until light brown. Meanwhile prepare glaze of 1/4 c. orange juice and 3 T. sugar. Brush tops of rolls and bake 5 minutes longer, until deep golden brown. Remove from baking sheet immediately.

**Nut Filling**  
Cream 1/2 c. butter or margarine. Blend in 1 c. sifted confectioners' sugar, thoroughly. Add 1 c. filberts, ground or chopped very fine. (Other nuts may be substituted.)

THE GREAT ATLANTIC & PACIFIC TEA COMPANY

SANTA CLAUS was a generous giver last Friday when he dropped in on a Christmas party given by the Plymouth Rotary club for 75 crippled children living in out-county areas. Santa (Perry Richwine) is shown with a gift he had presented to a youngster on crutches. Gifts for the boys were donated by the Daisy Manufacturing company.

## Watch for Yule Pickpockets

Police Chief Kenneth Fisher and Edward Hart, executive director of the Chamber of Commerce, warned shoppers and store keepers to be on guard during Christmas shopping season against thieves, pickpockets and check forgers. In furtherance of their mutual interests in protecting this community against holiday thievery and in making Plymouth a safe place for Christmas shopping, Police Chief Fisher and Hart issued the following hints to shoppers and store keepers.

10. Do not accept COD packages for absent neighbors except by special arrangement with them.

FOR STORE OWNERS:

1. Do not cash checks for strangers.

2. Do not accumulate cash. Make frequent deposits during bank business hours. Avoid large night deposits.

3. Have safes and cash registers exposed to the view of the patrolman on post. Keep premises lighted at night so that the patrolman may see the interior.

4. Test burglar and fire alarms frequently to make certain they are in good order.

5. Watch out for loiterers at your place of business. If suspicious, call police.

6. Do not stop anywhere or converse with anyone enroute to your place of business after drawing money from the bank or on the way to make a deposit. If at any great distance, ride.

7. Do not carry more cash in your cash register than necessary.

8. Do not open your safe for any purpose while strangers are present. Close the outer door of your place of business before putting valuables into the safe. Do not leave the safe combination in your desk drawer or elsewhere on the premises.

9. Make certain the bank messenger is a trusted and bonded employee. Don't send one man if you can send two. If possible, change the time of deposit and the route to and from the bank day to day.

10. After the commission of a crime avoid handling of articles which might contain finger impressions. These are of great value to the police.

## PLEDGE FOR 1956!

MOM AND DAD...

We resolve to try to help make 1956 a record year for driving safety... to set an example for our children — both as drivers and pedestrians — so that they may ever be safety-minded!

THE KIDDIES...

We resolve to remember that grown-ups are trying to protect us from traffic accidents when they warn us about what to do and what not to do... to mind our elders!

THE MOTORIST...

I resolve to be courteous, patient, and respectful of the right of others whenever I'm behind the wheel (all the time, in fact)... to recognize my "road responsibility" as a member of society.

THE TRUCK DRIVER...

I resolve to continue to operate my truck in such a manner that the truck driver's reputation as the safest, most courteous driver on the highway will be upheld — and strengthened!

Here's A Buy Unmatched For Real Value! Fresh, Lean and Tender "Thrifty"

**ROUND or SIRLOIN Steak**

WHAT ARE "THRIFTY" MEATS?

"Thrifty" meats are from young cattle that have grazed on lush grass. "Thrifty" meats do not carry the amount of fat found on grain fed beef yet laboratory tests prove it has fully as much food value. "Thrifty" meats cost less than grain fed beef, too. Don't be confused! "Thrifty" meats are not Kroger Tenderay Beef.

**Give a room for Christmas!**

Your family can enjoy a room like this, and have it pay for itself too! Start with Balsam-Wool insulation in the attic to protect against winter's cold and summer's heat. Then turn waste attic, storage, or basement areas into a study, recreation, or sleeping room with Nu-Wood interior finish.

Your attic insulated with Balsam-Wool will save enough on fuel bills to pay for itself and the Nu-Wood too! Nu-Wood goes up quickly without muck or fuss... no painting because it's pre-decorated. Let the Balsam-Wool, Nu-Wood System help you play Santa Claus this year.

ALMOST A RITUAL is the purchasing of new shoes as presents for the youngsters at Christmas time. Mrs. Delores Strang, of Farmington, is pictured showing a pair of shoes to daughter Amy, 3, while Salesman Cliff Noll of Fisher's Shoes tries another pair on Susan, 4. Mrs. Strang and her daughters were among the many persons shopping for presents in Plymouth last Saturday.

## SMART PRECAUTION

Before storing your gardening tools for the winter, it's a good idea to re-condition them for next season's use. First, make sure that all metal is free from rust. Bare metal areas should then be primed with one of the rust-inhibiting coatings devised for the purpose. A final coat of exterior enamel will complete the protective treatment.

While you're about it, paint the handles of all your tools in a bright and distinctive color that is easily identified. It will help to keep tools from straying and will make them easy to find in the garden.

**Perfume Racket Hits Merchants**

"If a fast-talking salesman offers you a supposedly 'nationally advertised perfume' at a fraction of that price, investigate before buying," Edward Hart, manager of the Plymouth Chamber of Commerce, warned today.

Hart said that he had received word from the National Better Business Bureau, with which the local Chamber is affiliated, that there is a nationwide campaign to mislead early Christmas shoppers into the belief that they can buy high-priced perfumes at bargain prices. In furtherance of the scheme, prospective purchasers are shown reproductions of magazine advertisements purporting to offer the perfumes at prices approximating \$20 a small bottle.

"In most cases, these advertisements are of ancient vintage," Hart stated, "and the National Better Business Bureau informs us that these so-called bargain perfumes are not known to have any current established retail distribution nationally at the advertised price or any other."

On the basis of the national ad-

SOME IDEA of the size of the audience at Sunday's performance of Hansel & Gretel by the Plymouth Symphony orchestra may be gathered by the two pictures above. In the top photo, children are shown seated on the floor, while others were forced to stand. An overall picture taken from the crowded bleachers shows a portion of the audience seated in the gymnasium. In the photo at far right, a small girl listens dreamily as Hansel and Gretel cringe at the strange noises in the woods.

## 1800 Witness Performance Of Hansel & Gretel Opera

Although the story wasn't definitely confirmed, it was rumored that two violinists and an oboe

player were forced to share the same seat in Sunday's presentation of "Hansel & Gretel" by the Plymouth Symphony orchestra. An overflow crowd estimated at 1800 men, women and children jammed the Plymouth high school gymnasium to watch the thrilling performance of the famous fairy opera. Conductor Wayne Dunlap's orchestra, cast and "gingerbread children" were given an enthusiastic round of applause for a performance termed by many as one of the finest in the orchestra's 10 year history. The huge throng, largest ever to attend a concert locally, caused a 25 minute delay in the program. Spare chairs were distributed to all sections of the gymnasium, while children sat on the floor and 800 more persons filled the bleachers. Probably at no other occasion was the need for a civic auditorium in Plymouth made so apparent.

Joan Zapf Luecke and Ana M. Martinez-Casado were brilliant and most convincing in their roles of Hansel and Gretel. From the opening scene when their mischievous conduct caused them to be sent away from their home by their mother, until their reunion with their parents at the witch's gingerbread house, they demonstrated a combination of fine acting and singing. Robert Waterstripe as Peter, Carolyn Austin as Gertrude, Joyce Edgar as the witch and Anne Welch as the sandman likewise drew spontaneous applause from the audience. The children were particularly impressed by the antics of "the witch" and the climax was reached when Hansel thrust her into the blazing oven.

The Cherub Choir of the First Presbyterian church, directed by Bernice Law, and Lynn Schroeder's Junior Chorus of Bird school completed the cast totaling 180.

### Garden & Farm Club Holds Potluck Dinner

Three huge turkeys with all the trimmings was enjoyed at the December meeting of the Wayne County Organic Gardening and

Farming Club last Saturday evening, when the members met for 7 o'clock dinner. Potluck dishes were brought, and the serving table was decorated with a Christmas centerpiece, surrounded by angels and candelabra lighting. A Christmas tree completed the holiday setting which was at Mach Flowers service room on Merriman Road South.

### Foreign Brides Group Plan Christmas Party

The Transatlantic Brides and Parents association is planning a Christmas party at the Garden City Presbyterian church Tuesday, December 20 at 8:00 p.m.

Walter Mach, president, welcomed the group and introduced the "Mach Flowers" personnel who were honored guests. Christmas music was rendered by Mr. Frank Ross and Miss Joan Yuhasz.

Mrs. Walter Mach and Mrs. A. C. Decker had general charge of the dinner. There were prizes and square dancing was enjoyed by many members with Dr. Wm. C. Kenner, Jr., as caller. About 90 persons were present.

The organization is composed of women from foreign countries who married Americans during world wars one and two and the Korean conflict. The group provides social contact for the new American residents and also assists needy members and helps them to arrange transportation for visits to their native countries.

Gifts will be exchanged at the party and the group urges anyone wishing to attend to contact Mrs. John Cigan of 650 Jener, president of the club.

"This is the big week for the kiddies! The Post and Auxiliary Christmas party is this Sunday, December 18, at the Post-Hall, at 2-p.m. Santa Claus will be there with gifts for all the boys and girls and there will be the usual Christmas goodies! All those who made reservations for their children, please be sure they are there! Bud Krumm is chairman of the event and his committee has put in a lot of work preparing for this party.

Tuesday, December the 20th is the Auxiliary's regular Christmas party and the initiation of new members! Special refreshments will follow the short business meeting and we would like to see all our members out for this Yuletide party!

The Post and Auxiliary held a joint meeting at the Hall on Sunday, December 4, during which a discussion took place for the future plans of the Post and

Auxiliary activities. Commander William Norman and President Lorretta Young presided at the meeting. We feel that these joint meetings are an opportunity for each member to express their viewpoints and for each to become better acquainted with the other's activities during the year! We would like to see more joint Post and Auxiliary meetings!

December 7, Pearl Harbor Day, Auxiliary Chaplain Virginia Bartel presented a wreath on the Memorial in Kellogg Park in observance of that important day in the lives of our American people.

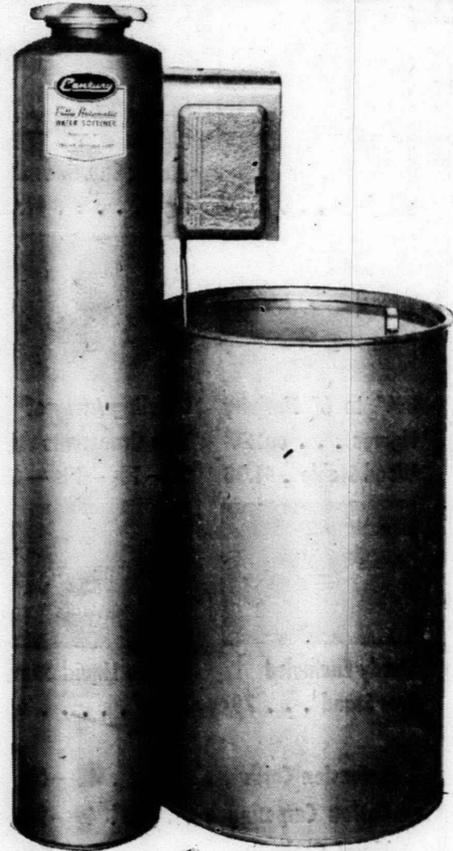

Post member Bud Krumm was ill with the flu this week. Hope he is recovered by now and back on the job!

We also want to remind you of the important hospital trip this Sunday morning, December 18. You will meet at the Veteran's

Memorial Home at 9 p.m. This is the time when we make sure the veterans at Maybury sanatorium have a happy Christmas. They enjoy our visits particularly at this holiday time, so hope you Post and Auxiliary members make this important trip. Call Beverly Brown and volunteer!

You still have time to pay your dues before the deadline! We have new members coming into our Auxiliary, but we would still like very much to keep all of our old ones also! We need every one of you to continue our programs and each and every one is important to the Auxiliary. You may take your dues to either Lucinda Archer, treasurer, Marion Dickie, or Helen Bowring, our membership chairman! Please try and get your dues in before December 31. This is a busy time for our treasurer and we will appreciate the promptness on the part of all members!

# Official Minutes of Your Board of Education

The regular meeting of the Board of Education of the Plymouth Community School District was held in the homemaker room of the high school on Monday, October 10, 1955.

Present: Mr. Booth, Mr. Caplin, Mr. Fischer, Mrs. Hulsing and Mr. Isbister.

Absent: Mr. Smith.

Present also were Mr. Gibson—Plymouth Education Association, Mr. Koch—an interested citizen, and Mr. Pasloski, Mr. Black, Mr. Campbell, Mr. Judson, Mr. Raynor, Mr. Haas, Mr. Heidt—Frains Lake School District of Superior Township, Washtenaw County.

The above named citizens of Frains Lake District discussed with the Board the possibility of annexation to the Plymouth Community School District of all or part of their district.

Mr. Caplin expressed a point of view in regard to the enlargement of the school district. He noted that the Board of Education for some time now has recognized responsibility for the educational needs of boys and girls in the total Plymouth Community.

He pointed out that Plymouth Community included the area which has a natural affinity and cohesive force that tends to pull it together—such elements as a shopping center, church, clubs, neighborhood fraternal orders, and schools tend to fix community boundaries.

It was suggested by Mr. Fischer that contact be made with the boards of education in Ypsilanti, Ann Arbor and South Lyon to determine what responsibility, if any, was being felt by these high school districts for the areas in between not now attached to a high school district. Further study is to be made of the problem.

It was moved by Mr. Fischer and seconded by Mr. Booth that Superintendent Isbister send to the City Commission a letter indicating a desire on the part of the Board of Education to purchase the following parcels of land owned by the City of Plymouth:

1. Land between Blanche and Farmer streets.
2. Land in front of Starkweather school.
3. Vacant lots on Holbrook lynching site of Starkweather school.

Ayes: Mr. Booth, Mr. Caplin, Mr. Fischer, Mrs. Hulsing.

Nays: None.

Mrs. Hulsing and Mr. Fischer reported on the meetings of the Michigan Association of School Boards which they attended in East Lansing. They noted that the teachers given special attention were the teacher supply, teacher salaries, appointment of the state superintendent rather than electing him, state aid, problems of higher education, use of citizens committees, and the teaching of reading.

A special meeting was called for Monday, October 17, 1955 at 8:00 p.m. to consider the new junior high school.

Meeting adjourned at 10:30 p.m.

Respectfully submitted, Esther L. Hulsing, Secretary

Mrs. Hulsing moved and Mr. Fischer seconded a motion to approve for payment vouchers—\$28,498.71 and \$7,036.32 for Building & Site Fund.

A special meeting of the Board of Education of the Plymouth Community School District was held in the homemaker room on Monday, October 17 at 8:00 p.m.

Present: Mr. Booth, Mr. Caplin, Mr. Fischer, Mrs. Hulsing, Mr. Smith and Superintendent Isbister.

Absent: Mr. Alford, Mr. Arnold, Mr. Sullivan, Mr. Gibson, Mrs. Franklin, Mrs. Stecker, Mr. Jaroszewicz, Mr. Tarapata and Mr. Mather.

Mr. Caplin called the meeting to order. He indicated that further delay in deciding on the basic design of the new junior high school building would affect the master plan time schedule. He also noted that while some differences of opinion existed relative to the design, a philosophy of cooperation called for unity and effort and purpose when the final decision was made. A general discussion followed in which both favorable and unfavorable comments were expressed in regard to the multiple-court arrangement.

After a series of questions and answers it was moved by Mr. Smith and seconded by Mr. Fischer that Plan A (multiple-court arrangement) be approved.

Ayes: Mr. Booth, Mr. Caplin, Mr. Fischer, Mrs. Hulsing and Mr. Smith.

Nays: None.

Mr. Mather presented for approval a plot plan of approximate four acres of land between the Starkweather Elementary School, which, by a previous agreement, was to be sold to the school district. All board members expressed favor with Mr. Mather's plan.

A letter from Miss Seneth Thompson, Secretary of the Voice of Christian Youth Club, asking permission to hold meetings in the high school, was read. Superintendent Isbister was instructed to answer the letter explaining the board policy which prevents the use of school buildings for religious purposes.

Meeting adjourned at 10:30 p.m. Respectfully submitted, Esther L. Hulsing, Secretary

A special meeting of the Board of Education of the Plymouth Community School District was held in the business office on Monday, November 7, 1955.

Present: Mr. Booth, Mr. Caplin, Mr. Fischer, Mrs. Hulsing and Mr. Smith. Superintendent Isbister entered the meeting at 9:00 p.m.

Absent: None.

The meeting was called to order by President Carl Caplin. Under discussion was the problem of locating and purchasing sites on which schools might be built when future population growth dictates the necessity. Several possibilities were mentioned and Mr. Fischer and Mr. Isbister were authorized to arrange a joint meeting with the Canton and Ply-

mouth township boards and a representative of the Wayne County Health Department for the purpose of clarifying the position of the newly created Joint Sewer and Water Authority in regard to sewer extensions.

It was suggested that some arrangement might be worked out by the municipal authorities whereby, before final approval was granted on a subdivision development, some provision be made for a school site.

It was also suggested, that, if possible, this meeting be set for Monday, November 21, 1955.

Meeting adjourned at 10:15 p.m.

A special meeting of the Board of Education of the Plymouth Community School District was held in the Homemaker Department on Monday, November 28, 1955.

Present: Mr. Caplin, Mr. Fischer, Mrs. Hulsing, Mr. Smith and Superintendent Isbister.

Absent: Mr. Booth.

Also present were Mr. Elston, Mr. Branch, Mr. Bradley, Mr. Becker, Mr. Sando, Mr. Scherer and Mr. Stevens.

The meeting was called to order by President Caplin at 8:00 p.m.

Mr. Sando, Mechanical Engineer, for Wheeler and Becker Associates, Architects and Engineers, presented some research data relative to the use of a single large boiler versus multiple small boilers for the new elementary school. His research indicated that not only was the single boiler cheaper to install but the actual operation cost was less since a cheaper boiler with a higher BTU content. It was pointed out by the proponents of the multiple boiler installation that there was less chance of a shut down of school due to boiler failure since it was unlikely that more than one boiler would be out of operation at one time. It was also pointed out that the Belleville schools have had successful experience with the multiple boiler installation and are planning a similar installation for the second school. After considerable discussion the Board agreed to accept the recommendation of the school architects in regard to the heating system for the new elementary school.

Some thought was given to the possibility of building two new elementary schools at the same time and thereby effect savings not only in architectural fees but also in construction costs.

It was moved by Mr. Fischer and seconded by Mr. Smith that the officers of the board of education be authorized to transfer stocks and notes issued by the Bondholders Management Incorporated in the name of Plymouth School District No. 1, Fractional of the Townships of Plymouth and Northville, Wayne County, Michigan, High School Building, to the newly named Plymouth Community School District of Wayne and Washtenaw Counties, Michigan, and be designated as the Nichols Trust Fund.

Ayes: Mr. Caplin, Mr. Fischer, Mrs. Hulsing and Mr. Smith.

Nays: None.

It was moved by Mr. Fischer and seconded by Mrs. Hulsing that the following regulations affecting student drivers and passengers be made effective on Wednesday, December 7, 1955:

1. No student will be permitted to drive a motor vehicle to or from school, or during the school day, without special permission from the school, in cases where the motor vehicle is needed for transportation. In such cases the student will be permitted to use his car to transport him to and from school, but will not be permitted to use the car during the time he is in attendance.
2. No student will be permitted to enter a motor vehicle during school hours and while attending school, unless accompanied by his or her parent or legal guardian, as the case may be.
3. Due consideration will be given to cases where the distance from school is too great to walk, and where bus transportation is not available.
4. All special cases will be carefully reviewed and the high school principal is authorized to issue student driver permits where undue hardship would result from the lack of use of a motor vehicle.
5. The school administration is responsible for the enforcement of these regulations and may impose such penalties on violators as it deems necessary in the discharge of this responsibility.

Ayes: Mr. Caplin, Mr. Fischer, Mrs. Hulsing, and Mr. Smith.

Nays: None.

It was moved by Mrs. Hulsing and seconded by Mr. Smith to approve the following adjustments in salaries for the current school year. The money appropriated by the special session of the legislature is to be used for this purpose.

Full Time Certificated Administrators, teachers and others under contract, \$200.00.

Full Time Teachers not under contract Permanent Substitutes \$100.00.

Full Time non-teaching staff, \$150.00.

Part Time non-teaching staff, \$50.00.

Part Time Teachers, \$50.00.

The salary adjustments will be made in two payments, one half in January and one half in June. Employees who work less than a year will receive a proportionately less amount.

Ayes: Mr. Caplin, Mr. Fischer, Mrs. Hulsing and Mr. Smith.

Nays: None.

Several board members expressed a desire to attend the Conference of Michigan Association of School Boards and the Michigan Association of School Administrators at the Kellogg Center in East

Lansing on December 6, 7, and 8, 1955.

The meeting adjourned at 10:30 p.m.

Respectfully submitted, Esther L. Hulsing, Secretary

The regular meeting of the Board of Education of the Plymouth Community School District was held in the homemaker room of the high school on November 14, 1955.

Present: Mr. Booth, Mr. Caplin, Mr. Fischer, Mrs. Hulsing, Mr. Smith and Superintendent Isbister.

Also present were Mrs. Stecker, Mr. Foster, Mr. Elston, Mr. Houghton, Mr. Cook and Mr. Gustafson.

The minutes of the last regular and intervening special meetings were approved as corrected.

Mr. Foster, sixth grade teacher at Starkweather School, asked approval to take the sixth grade students from his school to either New York City or Washington, D. C., on a three day educational tour. He indicated that the trip had the approval of the P.T.A. and it was to be financed through money raised by individual students, group projects and parent participation. Mr. Foster was commended for his interest in his students.

It was moved by Mr. Smith and seconded by Mr. Booth to approve Mr. Foster's class trip.

Ayes: Mr. Booth, Mr. Caplin, Mr. Fischer, Mrs. Hulsing and Mr. Smith.

Nays: None.

Mr. Houghton discussed with the Board the transportation system. He pointed out some of the problems and ways of solving them, such as bus schedules, upkeep and repair of the buses, part-time driver, purchase of new equipment and etc., with which he must deal in managing the program. The Board expressed a willingness to share in the solution of these pressing problems.

Mr. Fischer reported that a joint meeting of the Plymouth Township, Canton Township, and the Community School District Boards was being arranged for Monday evening, November 21, for the purpose of discussing matters of mutual interest.

Mr. Cook and Mr. Gustafson, real estate developer and broker, respectively, who are in the process of developing 300 acres of land in the northeastern portion of the district between Five Mile and Starkweather roads, indicated their willingness to cooperate with the Board in locating appropriate school sites in that area. They pointed out that it was their practice to sell land to school districts for site purposes at the prevailing prices without profit and to provide water and sewer facilities within easy access to the new schools which are built in their developments. Further study is to be made in this area.

It was moved by Mr. Fischer and seconded by Mrs. Hulsing to approve for payment the following bill:

Building and Site Fund 1,287.75  
Paid Bills 131,677.74  
Unpaid Bills 16,455.63

Ayes: Mr. Booth, Mr. Caplin, Mr. Fischer, Mrs. Hulsing and Mr. Smith.

Nays: None.

A letter of resignation from Mrs. Margery Vuillemot, a first grade teacher at Starkweather School, was read. It was moved by Mr. Smith and seconded by Mr. Booth to accept, with regret, the resignation.

Ayes: Mr. Booth, Mr. Caplin, Mr. Fischer, Mrs. Hulsing and Mr. Smith.

Nays: None.

A letter from the Starkweather Parents and Teachers, expressing appreciation for the improvements made at their school, was read.

A special meeting of the Board will be held on Monday, November 28 for the purpose of discussing salary adjustments and the heating system for the new elementary school. Superintendent Isbister was instructed to invite Mr. Becker and Mr. Stevens to be present for the discussion on heating.

The meeting adjourned at 10:40 p.m.

Respectfully submitted, Esther L. Hulsing, Secretary

A special meeting of the Board of Education was held in the Homemaker Department on Monday evening, October 3, 1955.

Present: Mr. Booth, Mr. Caplin, Mr. Fischer, Mrs. Hulsing and Superintendent Isbister.

Absent: Mr. Smith.

Also present were the following members of the Junior High Study Committee, Mr. Gibson, President of Plymouth Education Association, Mr. Jaroszewicz and Mr. Tarapata of Eberle M. Smith Associates.

Mr. Jaroszewicz and Mr. Tarapata presented for consideration another plan for the new junior high school with the dual classroom units arranged around a large open court area, part of the classrooms along a double loaded corridor and part along a single loaded corridor. Considerable discussion followed relative to the educational values of this type of arrangement as opposed to the small open court area for each pair of classrooms as proposed earlier.

The small open court areas are in use and report back to the Board of Education meeting on Monday, October 10, 1955.

It was moved by Mrs. Hulsing and seconded by Mr. Fischer that the following tuition rates be established for the 1955-56 school year: Elementary — \$195.19 and Secondary — \$219.20.

Ayes: Mr. Booth, Mr. Caplin, Mr. Fischer, Mrs. Hulsing.

Nays: None.

It was moved by Mrs. Hulsing and seconded by Mr. Fischer to adjust the substitute teacher salary schedule as follows:

Day to day substitute from \$14.00 to \$16.00 per day.

Special substitute assignments for consecutive days over 20 — \$16.00 to \$18.00 per day.

Ayes: Mr. Booth, Mr. Caplin, Mr. Fischer and Mrs. Hulsing.

Nays: None.

Superintendent Isbister asked for clarification of policy on solicitation by band parents for the

uniform fund. Approval was granted for solicitation of the service clubs as organizations but no solicitation is to be made from individuals, business, or industry. The superintendent was authorized to draw from any unbudgeted operating funds to assist in the purchase of band uniforms.

It was suggested that the participants in last year's School Community Planning Group who are not the official representatives of their schools or organizations this year be encouraged to participate.

It was moved by Mr. Fischer and seconded by Mr. Booth that Earl Gibson be appointed supervisor principal for the outlying elementary schools, the salary to be in accordance with the schedule.

Ayes: Mr. Booth, Mr. Caplin, Mr. Fischer, Mrs. Hulsing.

Nays: None.

Meeting adjourned at 10:45 p.m. Esther Hulsing, Secretary

Considerable discussion followed relative to the educational values of this type of arrangement as opposed to the small open court area for each pair of classrooms as proposed earlier.

It was noted by the architects that no appreciable saving would accrue from the use of either type, although the original plan would have less square feet of floor space and perhaps would be less costly to construct because it would not be necessary to have top lighting. However, some of this saving, if accrued, might have to be added to the heating cost because of additional radiation required if the plan of the multiple open court area were used.

It was agreed that the group would visit the Beverly Elementary School in Birmingham which

## U of M Club Plans Sunday Evening Sing

Sunday evening the Plymouth University of Michigan club will hold its annual Christmas sing at the home of Dr. and Mrs. A. E. Van Ornum, 1348 Maple avenue.

Club President Robert Lawson said the Yuletide songs will be directed by Fred Nelson of the high school music department. Mrs. Nell Curry will be in charge of refreshments and will be assisted by Mrs. George Conover, Mrs. David Mather, Miss Irene Truesdell, Mrs. Fred Green, Mrs. Lawrence Mack and Mrs. William Ackerman. All those interested in college and university activities as well as students returning home for the holidays are invited to attend. The sing will begin at 8 p.m.

## Cash for Kresge Staff

E. F. Faigle, manager of Plymouth's Kresge store, announced this week that 80 of the employees of the local store will receive cash Christmas gifts.

This is the 35th year that the Kresge company has given its employees cash remembrances at Christmas time and this year 603 stores as well as the company's offices and warehouse will participate.

"FEELS FINE" says Barbara LaChance as she and her grandmother, Mrs. Esther Hawley, both of South Lyon, look at chairs at Better Home Appliances with Bert Wyse, manager. Barbara and her grandmother were hunting an easy chair last Saturday as a Christmas gift for Mr. Hawley when The Mail photographer approached them as typical of the many persons shopping for presents.

## Rotary Entertains Handicapped Children at Christmas Party

Seventy-five handicapped children, some in wheelchairs, others on crutches, wearing slings or badly limping, were entertained by the Plymouth Rotarians Friday with a Christmas party held at the Masonic Temple.

Santa Claus, of course, provided the biggest thrill for the youngsters who were brought here by the Out-County Chapter of the Wayne County Association of Crippled Children and Adults. The children represented eight communities in the county outside Detroit, including Plymouth.

Each year the Christmas party is sponsored by some Rotary club in the county. This year, the Plymouth club was selected. A luncheon was served by the Rotary Ams. Children were welcomed as they arrived by Charles Finlan, chairman of the crippled children's committee, and by Rotary District Governor Fred H. Rollins and Past Governor Cass Piotrowski.

Attending the affair besides the children and their hosts were eight homebound teachers and drivers.

Santa Claus, who bore a close resemblance to Perry Richwine of First Federal Savings and Loan company, made his appearance on a Plymouth fire truck. His list of gifts consisted of such items as dolls, travel cases, hol-

## Slate Teen-age Dance For Collegians, Too

A teen-age dance for the area's teen-agers and also vacationing college students has been scheduled for Wednesday night, December 23, from 8:30-11:30 at the Plymouth high school gymnasium, according to the recreation office this week.

Highlight of the night's festivities will be the record-playing of Joe Van, well-known disc jockey from radio station WKMH, who will act as emcee and furnish dance music during the evening.

In announcing the dance, the recreation office accentuated the fact that the entertainment is open to both college students and local teen-agers.

The expression "shell out," meaning to pay, came from the South Seas where shells were used as money.

## There's Many Uses for Buckskin If Given Proper Care, Says Expert

Deer hunters make Michigan's game market several million dollars richer each year, and this season about 70,000 hunters will have brought their bucks home, according to a University of Michigan wildlife expert. And now that the hunting season is over, in case any of them are wondering what to do with the 100-and-more pounds of buckskin they've shot, Prof. Warren W. Chase has some suggestions.

Jackets, gloves, mittens, shirts and pocketbooks can all be made from skins that are properly tanned and of the right size, he declares. "But your finished skins can only be as good as the raw hides you supply, and these need care from the moment they're taken off the deer," he adds.

Although most hunters have already skinned their deer, some tips for those who haven't: Remove the flesh and fat from the skin and place it hair down on a flat surface; rub medium coarse or ordinary table salt into it. At least two pounds of medium coarse salt should be used, and

twice as much if it's the table variety, he says. Next let the hide cure for about two days laying flat.

"Then when it is fairly dry, send it express to a tannery. It's not worth the time and trouble to tan it yourself, and you'll get better leather if the work is done by experts. They'll only charge you about \$3.50 for tanning a medium-sized skin," he amplifies.

About 5 or 6 months is usually required for the tanning process. Many tanneries will also make up the skins into garments, some in a choice of two colors, and they offer some advice on what type of finished product to ask for depending on the size of your skins, the professor points out.

Hides from deer that weigh less than 50 pounds are best finished as women's gloves; those from deer between 75 and 100 pounds are best for men or women's gloves — several of these hides will make a jacket; skins from deer that weigh 135-160 pounds will make an average size jacket, or men's gloves, Professor Chase lists.

And your mid-west deerskin is washable, he concludes.

## Chiefs Issue Tips On Yule Hazards

Some of the most disastrous home fires in the history of our nation have come during the Christmas season, so it may pay to heed the advice of Fire Chiefs Howard Holmes and Robert McAllister during the holiday season.

First, there is the Christmas tree itself which is one of the biggest hazards in a home. The chiefs advise cutting a growing tree or trying to buy one that hasn't dried out from prolonged storage. When too dry, branches are brittle and shed needles easily.

Stand the tree in water or snow outdoors until it's ready to use indoors. Bring the tree indoors just before Christmas and take it out as soon afterwards as possible (December 26 is recommended).

The larger the tree, the greater the hazard. So don't get one any larger than needed, the chiefs pointed out. Just before setting up the tree, saw off the trunk at an angle at least one inch above the original cut.

Place the freshly cut trunk in water and keep level of water above the cut the entire time the tree is indoors. Support the tree well. Don't put it near sources of heat or where standing or fallen, it could block the way out of the room and out of the house in case of fire.

Don't use candles on the tree or near where there is any chance for an open flame to contact the tree or combustibles beneath the tree.

Use only electric lighting sets that bear the UL label. Be sure the fuse on the electrical circuit you use is not over 5 amperes. If any extensive holiday wiring is planned, call a competent electrician; don't try to do it yourself unless you are so qualified.

Don't plug too many cords into one outlet. And lastly, McAllister and Holmes concluded, "make certain that all tree lighting is turned off before retiring or leaving the house."

## Social Security Question Column

The Plymouth Mail is continuing its service of answering Social Security questions for its readers. Letters not answered in this column will be answered directly by the Detroit-Northwest Social Security office at 14600 Grand River, Detroit 27, Michigan.

1. I am going to be 65 next May. Should I get started on filing my claim now so that it will go through on time? J.B.H.  
Answer: You cannot file a claim yet. File your claim when you are 65 if you are no longer working.

2. I own a couple of houses which I rent out. I have never worked under Social Security. Can I report the rent I receive in order to get Social Security credit? B.J.S.  
Answer: No. Income from rentals cannot be considered as earnings from a trade or business.

3. My father can't live on his Social Security and he was told that he can't get any more. Is this right? We know others that get more and really don't need it as much as he does. J.H.D.  
Answer: Social Security payments are based on the worker's average monthly earnings while working under Social Security and not on his need.

## With Plymouthites In Service

FORT EUSTIS, Va. — Pvt. David G. Lea, son of Mr. and Mrs. Richard Lea, 102 N. Holbrook st., Plymouth, Mich., recently took part in Operation Tram Test at Fort Eustis, Va.

The Army's new aerial tramway, tested for a week, was designed for field use when a conventional port is not available for unloading ships. The system uses mechanized "sky cars" which run on steel cables supported by 75-foot high steel towers.

Private Lea, a detail clerk in the 577th Transportation Company, entered the Army last April. He completed basic training at Fort Leonard Wood, Mo.

Lea is a graduate of Plymouth high school.

## Rosedale Gardens

**Mrs. Joseph R. Talbot, Jr.**  
GARfield 1-5847

Welcome to a new little resident of Rosedale gardens. Barbara Ann Bremer was born in Detroit in November. Her parents are Mr. and Mrs. Rex Bremer, 11034 Hubbard.

Ticket reservations are now open for the St. Michael's Snowflake Ball to be held at the Western Golf and Country Club on February 3, 1956. It might be a good idea to reserve your ticket early because it promises to be a nice affair. You may obtain your tickets by calling Mrs. Avis LeRoux, GA. 1-7630, Mrs. Winnie Esper, GA. 2-1217, Mrs. Marie Archer, GA. 2-2618 and Mrs. Virginia Gamber, GA. -6687.

The Rosedale Gardens Civic association held their annual monthly meeting on Thursday, December 8, 1955 at the clubhouse, 9611 Hubbard. The guest for the evening was the popular speaker-artist, Arthur Sinclair, who was invited to give one of his interesting talk-talks again this year.

Refreshments were served to those attending by the Nursery School mothers.

If you are interested in joining the Rosedale Gardens Civic association and live in the area bounded on the West by Farmington road, East by Merriman road, North by Plymouth road, and South by Joy road between Farmington and Hubbard, and West Chicago between Hubbard and Merriman, you are eligible for membership by paying dues of \$7 a year. You may send your check to Mrs. Dolly Maiworn of 9840 Livmore. Remember, you enjoy living in an area where you can take an active part in both civic and social activities.

Congratulations to Mr. and Mrs. Alfred Majewski, 9614 Roseland, on the birth of their daughter, Andrea.

St. Michael's Altar Society held their monthly meeting on Tuesday, December 6, in the school hall. After a potluck supper which consisted of ham, potato salad, scalloped potatoes, numerous jello salads, rolls, butter, pickles, relishes, cakes, pies and coffee there was a short business meeting. The following new officers were elected for the months of January to June 1956: president, Mary Farmer; first vice-president, Margaret Johnson; second vice-president, Hanna Borgna; recording secretary, Joan Goebel; corresponding secretary, Mary Jo Sullivan; and treasurer, Margaret Gillis.

Following the election, Santa Claus passed out gifts to the ladies and everyone joined in singing Christmas carols.

On Sunday evening, December 4, Carol and Peggy Biddinger, 10004 Ingram held a surprise party for Mary Herbst, 9909 Berwick and Judy Kral of Dearborn. The occasion marked the celebration of their birthdays. The girls who attended the party were Judy Dupuis, Joanne Stypula, Joanne Glynn, all of Livonia and Bonnie

Jendersak, Northville, Martha Mulligan, Northville and Dianne Beaver of Plymouth. After enjoying a lovely buffet supper the girls presented Mary with a blouse and Judy with her favorite cologne.

Don't forget the annual Yuletide Residence decoration contest sponsored by the Rosedale Gardens Civic association. The decorations will be judged between 7 p.m. and 12 p.m. on Tuesday, December 27, 1955. Three cash awards will be presented to the winners in all groups. The decorations will be judged in three groups: Religious, original and Yuletide. This is a civic effort to encourage residents to decorate the exterior of their homes for the holiday season. The winners will be announced at the January meeting of the Civic association.

Parent Dislikes Driving Regulations

Plymouth Mail  
Plymouth, Michigan  
December 10, 1955

To the Editor:  
I was interested in your editorial appearing in this week's Plymouth Mail. My curiosity was aroused by the line which read, "Finally they sat down together recently and came up with the set of regulations which each vowed to enforce." Would you please explain whom you mean by "they"? From the meager part of the editorial it sounds as though you have reference to the parents of the high school students. Many parents feel quite disturbed because there was no discussion about the problem prior to the recent school board ruling. Most of them were as surprised by the sudden announcement of the new rule as were the students. If any parents were in on the planning it must have been a select few. The school did a very complete job of notifying parents of the rule after it had been passed. The school is very competent about notifying parents when funds need to be appropriated for new schools or projects. Surely parents should have some explanation if the high school children are being guilty of misconduct to such a degree as to bring about this sudden passing of this new rule.

Most adults would agree that it was time to curb noon time auto cruising. The rule seems to be a good one except that it went too far. Why not just curb the use of automobiles during school hours? The school board declares autonomy over the child between the hours of 8 a.m. and 4 p.m. Let us look at what this means. The rule says something to the effect that no student may ride in a car between those hours except with his legal guardian or parent.

1. A neighbor is not a legal guardian or parent so he cannot drive your child to school.

2. My neighbor cannot drive her nephew to school.

3. The mother of my child's pal can no longer pick up my child and take her to school.

4. An older boy in a family who obtained a permit to drive to school cannot take his sister along, even though the parents consent.

5. This same boy may drive right past my home but he cannot drop my girl off, even on rainy days.

Obviously, parents will use their own judgement but as the rule reads at present, the above acts would be breaking the rule. If parents are expected to cooperate in this plan, they should have at least had an explanation as to the reasons for considering the action, for the children are the concern of all parents.

In closing, there was some mention of the student driving rules at the University of Michigan. I do not believe our situation is comparable to the one at the U of M where the students are almost all in 24 hour residence. There are a few who commute, and have no trouble with automobile permits. The students on campus are the responsibility to a much greater extent, of the school, than are our Plymouth students. For another thing, the student enrollment in Ann Arbor is nearly as great as the city census. The Ann Arbor police have no authority to enforce the driving rules made by the University. Can the Plymouth police legally stop high school students who are not breaking any driving laws? Or must the ruling made by the school be enforced entirely by the school? It looks to me as though

it might be very hard to enforce because it takes in too much territory and because many parents feel that some of their authority has been usurped. I am a member of this group.

Suggests Good Driving Awards

Plymouth Community School District  
Plymouth, Michigan  
Attention: Russell L. Isbister, Superintendent of Schools  
Carvel M. Bentley, High School Principal  
Members of the Board of Education

I would like to offer the following suggestions and personal experiences relative to the control and use of motor vehicles as outlined in a letter to me as a parent, from the Superintendent and Principal of the Plymouth High School. The contents of this mentioned letter did not clearly convey to me the basic factors or situations which could or should cause the educational system to become a traffic enforcing agency.

I questioned my son, a student of the high school, and several adults, including an official of the community, in an effort to ascertain at least some concrete facts for the action being taken by the school. I am a resident of Plymouth but I earn my living in another small community fifty miles away, which does not permit me to view any situation except through the eyes of others who may be present in Plymouth during more lengthy daily periods.

I found at least one condition and time of school day which brought about the vehicle ban as it is referred to. This period has to do with the indiscreet and immature operation of vehicles on the part of some of the students during the noon hour centrally in the town. Incidentally, this type of operation of a vehicle is not solely a monopoly of students; it also is practiced by some adults, which to some degree cause me to recite the experience and to offer remedies which will be contained herein.

I attended Plymouth High School as a student in the late 1920's, and with the advent of my 14th birthday, I became legally licensed to operate a motor car. In this instance, the vehicle was virtually a racing car which was about as lethal by nature of its design as today's high powered modern automobiles. Other student operators of motor cars at this time were approximately 1/3 the number that are now handled by students.

The one traffic officer performed a service to the effort of myself and other youths of my time to at least approach good and sensible use of automobiles, by using and enforcing the available instruments of Law at his disposal, along with a personal willingness to try to guide us by personal warnings. This could and did forestall accidents which might cause us great and permanent injury, along with others who might become involved because of our actions. The very concentration of the driving routes of myself and others in the central area of Plymouth was under the near surveillance of this single traffic officer, during daylight hours. This, without any question, resulted in much less hazard, not alone to ourselves, but sons and daughters of Plymouth who rode with us as we ventured away from our town, where this sincere guidance and concern did not exist.

The very fact that for most young men the necessity of driving a motor vehicle will occupy 15 to 20 % of their lifetime, it would appear that preparation for this job should be entitled to have educational guidance substantially near sports or academic subjects. The thought has even greater significance in view of the tremendous increase in fatal accidents throughout the nation. I am certainly not an expert on traffic control and safety, but I wonder if perhaps a moderate within budget program fostered by the schools could not be a very great assist.

The suggested approach might be to have a system of honorary awards for good conduct in motor vehicles, along the line of similar awards as school letters for sports or medals for scholastic endeavor such as music debate, etc. It would seem any effort of this nature might be effectively administered by a student council, along with record assists from police traffic bureaus and perhaps students themselves—riders or drivers. A system of this nature, if proved at all successful, would be very beneficial locally and even of national note.

My humble though experienced opinion seems to tell me that, as a rule, the majority of automobile mishaps and misconducts are not due to physical failure, but rather they are caused by psychological failure. This, on a small basis, is represented in the proper meaning in action of the following three words—Courtesy, Consideration and Consciousness. These or similar meaning words might be used in a publicity slogan in an educational program.

I have pointed out to several State licensed student drivers that they would literally have to bend over backwards in their efforts to convince adults of their mature motor conduct, in view of opinions which sometimes confuse youthful exuberance and actual driving faults.

The driving ban as now proposed works no great hardship on my son, but it does tend to shock his trust and confidence. These are factors, along with personal dignity and self respect, that any father tries to mold into his son's character as the formative years of manhood are traversed.

This letter is in no way intended to criticize any persons, thoughts, opinions, or actions, but rather to convey some personal views and experiences of my own for whatever useful purpose that might be accomplished in so doing.

WINNER of a new deluxe Hotpoint 30-inch range in Hubbs and Gilles Electric's local store contest recently was Mrs. Ellis Wylie (right) of 9815 Berwick, Livonia. Mrs. Wylie captured first place in the contest, which produced more than 600 entries, when her 25-word essay on why she would like to own a Hotpoint appliance was judged best. The local contest was held in conjunction with Hotpoint's national golden anniversary celebration. Pictured with Mrs. Wylie are Robert Gilles (left) and Al Hubbs, co-owners of the local electric appliance store.

## Two Guests Register at Hotel In City that Never Existed

Ever register at a phantom hotel? It's been done right here in Michigan, says F. Clever Bald, assistant director of the Michigan Historical Collections at The University of Michigan in his book, "Michigan in Four Centuries."

The hotel was the White Rock City Hotel and the guests who signed their names on the register way back in 1837 were Bela Hubbard and Dr. Douglass Houghton. These two gentlemen were engaged in a geological survey on the site of the development, reputed to be on the shore of Lake Huron, about ten miles south of the present location of Harbor Beach.

The catch was that this wond-

erland metropolis was a "paper city" — existing solely on the colorful prints displayed by the promoters who tried to sell the lots.

According to the elaborate pictorial map circulated by the fancy-free founders, the town faced on a spacious harbor. Into it emptied a broad river up which ships were sailing. A public square surrounded by churches, a courthouse, a bank and other attractive buildings were prominently displayed. A wide stream rushed into the woods where saw mills were shown busily producing lumber for new houses.

This was the town as pictured. But the reality was something else, historian Bald says.

Hubbard and Houghton, who were looking for the town, finally found the river — a creek scarcely broad or deep enough to take their canoe. Neither harbor nor town was in sight, only dense woods.

Where the city square should have been three large beech trees were standing. Into the smooth bark of one of them, the members of the survey party carved their names. They claimed they were the first guests to register at the White Rock City Hotel!

### Starkweather to Sing Carols on Lawn Friday

An old-fashioned Christmas carol sing will take place this Friday night on the front lawn of Starkweather elementary school.

The sing will last from 7 to 8 p.m., after which refreshments will be served in the rooms. Under the direction of Mrs. Lynn Schroeder, all children as well as the Junior Chorus will sing. The public is being invited to attend.

## Santa Prepares For 1,500 Young Guests Saturday

Kiddies who sing "Santa Claus is Coming to Town" can begin singing the tune in earnest this week because the jolly fellow with the bushy beard is arriving in Plymouth Saturday afternoon.

Because of his busy schedule, St. Nick will be flying from his North Pole headquarters in a plane which will buzz the community at 1:30 p.m. The plane will land at Mettetal airport and Santa will be escorted to Kellogg park by the BPO-Elks, the organization arranging his visit.

Santa is expected to arrive at his special tent in Kellogg park at about 2 o'clock.

Each child who chats with Santa will be given a bag of candy. Santa's sponsors state that he is prepared to give 1,500 bags of candy away this year. Mr. Claus arrived in a blizzard last year and 800 children (and their parents) braved the weather to get in a word with the old timer. There were 1,200 young interviewees during the previous visit.

Santa will be in town only until 4 o'clock because his heavy schedule demands that he get back to the North Pole as soon as possible.

Chairman of the Elks committee making arrangements is Jack Stevenson.

# Who's New in Plymouth

AN EXCELLENT SCHOOL SYSTEM for the benefit of their daughter, Bonnie Rae, 11, was the main reason that Mr. and Mrs. Ray Horn selected Plymouth as their new home. The family, with Mrs. Horn's mother, Mrs. Hazel Ritter (left), resides at 42461 Clemons drive and moved there from New Boston, Michigan, on October 10. Mr. Horn is employed at the Lincoln-Mercury plant in Wayne. Avid Do-It-Yourself fans, the Horns are doing their own remodeling of their home.

## Teen Club to Learn "Rock & Roll" Dancing

Christmas party plans for the Truesdell Teen Club are underway as Nora Sarah, Janet Campbell, Joe Bushaw and Henry Naasko prepare the evening's entertainment for December 17.

"It is the hope of the teenagers to begin dance instruction, since a great interest was shown toward learning to dance," stated Elizabeth Sarah. Mrs. Alice Hearn, a local mother, is prepared to instruct the teenagers in the "round dance" steps. "Rock and Roll" will be taught by the members who know the various steps.

Carolyn White will assist Mrs. Hubert White, of 40141 Palmer, with the decorating of her home for the Christmas festivities. Mrs. Mary Alonzi, a local mother, has joined in the trend of giving surprises to the club by furnishing hot dogs for the December 3 meeting.

Mr. and Mrs. Lee McConnell of Starkweather avenue entertained Sunday evening in honor of the latter's mother, Mrs. Marie Ann Cobligh on her seventy-ninth birthday. Mrs. Cobligh received many lovely cards and gifts.

Mr. and Mrs. Carl Hartwick, Mr. and Mrs. Jack Gage and son, Jim, and Miss Mary Lou Foote, were Sunday evening supper guests of Mrs. Harold Todd of Clemons drive.

## Grange Gleanings

Let's all go to Grange tonight and surprise Master Oldenburg, he would enjoy that you may be sure. This is Christmas party night and we hope there will be a nice big crowd. Each member is expected to bring a 50 cent gift plainly marked for man or woman. Also, if you bring children, bring a gift for them. There will be a program. Candy, apples and popcorn balls as usual. Everyone always enjoys the happy good fellowship that is in evidence at our Christmas party.

We are very glad to report that Amy Northrup is now out of the hospital and is at her daughter's home in Salem and seems to be improving. We all wish her good luck.

LARGE CROWDS turned out for First Baptist church dedication and 125th anniversary celebration. Services were held in the morning and evening. Cutting the cake during the afternoon open house, from left, are Mrs. Helen Shackleton, Mrs. James Houk and Mrs. Ernest Robinson. The cake, which was in the shape of an open Bible, read "For the Glory of God and the Salvation of Mankind."

SPRING STREET BAPTIST church is selling bonds to purchase the former Lutheran church building and the first private bond buyer was Emerick Clouse who is being shown the bond by Mrs. Dorothy Conn. Using the Broadway bond method of church financing, the city's newest congregation already has 1,600 bonds sold. Bonds are in denominations of \$50, \$100, \$250, \$500 and \$1,000. The congregation was organized August 28 and is holding services in the church they are buying.

## Carelessness Can Spoil Christmas

While you're buying gifts for the rest of the family in preparation for Christmas, don't forget your automobile, Chief of Police Kenneth Fisher advised Plymouth motorists yesterday.  
"Give it the best winter safety job you can afford, because it's the best insurance that YOU and your family will be here to celebrate Christmas," he said.  
Chief Fisher urged particular attention to vision and traction. Vision depends on windshield wipers — live blades that don't smear; defrosters, all lights and rear view mirrors.  
As for traction, he said, cars lose traction dangerously on snow and ice. He noted that tire chains are recommended by the National Safety Council for ice and snow conditions, because Council tests have shown that at a speed of 20 mile an hour on hard-packed snow, reinforced tire chain will stop a car in about 38 feet, compared with a stopping distance of over 60 feet for regular tires.  
On glare ice, the need for reinforced type of tire chains is even greater, because average skidding distances are reduced from about 200 feet to 77 feet, even when the surface of the ice is wet.  
"Even though you have chains, remember they don't permit normal, dry pavement speed," Chief Fisher warned. "They help, but it's up to you to drive slowly enough to keep your automobile under control."  
"Don't let carelessness spoil your family's Christmas."

## Reciprocal Electrical Council Has Meeting

Members of the Plymouth electrical board and City Manager Albert Glasford attended the annual meeting of the Reciprocal Electrical Council held in Detroit last Thursday night.  
On the local electrical board are James Honey, Robert Gillis and Charles Thompson, inspector. The dinner-meeting was sponsored by the Detroit Edison company.  
Paul M. Ried, consultant for the Detroit Metropolitan Area Planning commission, spoke on the projected growth of the area. It is the purpose of the Reciprocal council to register all electricians in the area so that they may work in other communities without passing local examinations. A central file is kept on each licensed electrician.  
The Reciprocal Electrical Council is spreading into St. Clair, Monroe, Macomb and Washtenaw counties. Each county will name a chairman.

THE "YULETIDE GIFTARAMA" held Wednesday, December 7 at the First Methodist church offered Plymouth an excellent opportunity to do their Christmas shopping early. And hundreds of people did just that! Above, making a last minute inspection just before the sale got underway, are: (l. to r.) Mrs. W. C. Gemperline,

Mrs. J. G. Vanhoy, Mrs. Harry Roberts, Mrs. Garold Osborn and Mrs. Stanley Wilt. The event was sponsored by the Women's Society of Christian Service and offered an array of booths filled with attractive gifts. Mrs. Gemperline was chairman of the event, while Mrs. Roberts was co-chairman.

### Regent's Home, Site of DAR Xmas Party

Members of the Sarah Ann Cochran chapter, Daughters of the American Revolution, Plymouth and Northville, will hold their Christmas festivities on Monday, December 19, with a special program planned for the event.

Hostess for the 1 o'clock gathering is Mrs. Claude A. Crusoe, regent of the chapter, who resides at 43180 West Nine Mile road, Northville.

Program for the day, in charge of Mrs. Carl Bryan of Northville, will include both musical and narrative features. A duet, composed of Mrs. W. G. Williams and Mrs. Drake Older, will present a number of Christmas carols. Mrs. John Bosch will be the accompanist.

Following their presentation, a Christmas story entitled "Stars Across the Tracks," from the book, "Journey into Christmas" by Bess Streeter Aldrich, will be given by Mrs. Fred Butler.

Tea will be served at the close of the program by the chapter's social committee. Heading this group are Mrs. Kenneth Hulsing, Mrs. Irving Blunk and Mrs. Howard Sharpley.

The Passage-Gayde Christmas party will be on Sunday afternoon, December 18 at 2 p.m. at the Veteran's Community Center. Men are asked to bring a \$1 gift for a man and the ladies are asked to bring the same priced gift for a lady. Gifts for the children will be on hand.

Ladies are asked to bring a box lunch for a Box Social. There will be a \$2 limit on the adult lunches. Parents with girls are asked to bring a child's lunch with them which will have a 25-cent limit. The proceeds will go towards the Auxiliary's purchase of their long-awaited caps and/or uniforms.

Beginning in January, the post will have two regular meetings each month, the first and third Wednesdays. We feel this will afford the opportunity for some members to catch one meeting where they have missed the other one. The executive committee will meet upon call of the commander.

Melva Gardner and Fern Burleson attended the cancer meeting which was held at the Marquis restaurant.

At the regular business meeting of the post on December 7, an election was held to fill the office of senior vice commander. Congratulations are in order to Raymond Viau. Ray has the com-

plete support of the post for the balance of his term in his new office. Chaplain Hochlowski conducted a short memorial service in honor of Pearl Harbor Day.

On Tuesday evening, Dec. 20, the Passage-Gayde Post and Auxiliary will make their annual Christmas trip to the Maybury Sanatorium where gifts will be distributed to veterans. The local Post and Auxiliary portion of this District project is 35 veterans.

The post is again selling Christmas trees this year. As of this writing, the lot location has not been selected. We suggest all to either phone one of your officers or watch our classified ads in the Plymouth Mail for the lot location. In the meantime, they can be picked up at Harry Burleson's home on Ross street. We have lots of Scotch Pines.

The regular junior activities meeting is scheduled for Wednesday, December 21 at the usual time and place.

The Auxiliary held their regular business meeting Thursday, December 8 at the Veteran's Community Center. Junior vice commander Dorothy Koi was present from the post and reviewed the final plans for the Christmas party. After their meeting, the girls wrapped the gifts for the Maybury San trip.

All those wishing to join in the carol singing during the period between Christmas and New Years should call Bob Wilson, 2771-J, who is in charge of this program.

Melva Gardner attended the polo dinner meeting held at the Dearborn Inn last week. Mrs. Gardner is the chairman of the March of Dimes program for Plymouth township.

The annual Christmas program for the patients will be observed at the American Legion hospital in Battle Creek on Sunday, December 18 at 2 p.m. An excellent program will be presented by the 2nd District Department of Michigan. The members of the committee and staff of the American Legion hospital cordially invite you, members of the American Legion Posts and Auxiliaries, to attend the program. Visit the hospital and help make this a memorable event during the Christmas season.

Our best wishes go to Dottie Koi who is in Mt. Carmel hospital and we hope she will soon be back with us.

Legionnaires are asked to call either Bill Langmaid or Harry Burleson to let them know when you can help sell trees. This is a post project and all who can should make an effort to help a little.

TYPICAL of the colonial styled homes in Plymouth Colony is this ranch-type residence belonging to the John Ryders, 44548 John Alden. The home was built by Turk and Ramsey, local building contractors, and is 70 feet long. Features include: two baths, three bedrooms, full dining room with dinette, laundry room, spacious kitchen, plastered and heated garage, gas heating, thermopane windows, redwood paneled brick fireplace with raised hearth, built-in stove and oven, covered patio in rear, and parkay floors throughout. The Ryders moved into their home in May.

## Luminous Electric Windows May Light Homes of Future

What will the windows in the home of 1975 be like?

If the developments in the glass industry are as rapid during the next 20 years as they have been in the last two decades (and according to the Libbey-Owens-Ford Glass Company researchers, "You ain't seen nothin' yet!"), the glass in your windows may take on the added job of full-time winter heating and be the source of light at night as well as during the day.

Reviewing the progress made in increasing the usefulness of glass, Otto F. Wenzler, LOF's sales technical service director, listed a whole series of products now in common use which were unheard of or deemed impossible 20 years ago. Among these he mentioned were:

Thermopane, the double-paned hermetically sealed window units which insulate better than eight

ment, is so free from distortion and transmits light so evenly, it is almost invisible.

According to Mr. Wenzler, LOF's researchers are continuing their work on glass which "conducts" electricity, grows warm and radiates heat at the touch of a switch or glows with softly diffused light in a variety of colors.

Called "Electrapane," the glass was developed for use in aircraft during World War II and is now widely used as windshields in airplanes, and the bridges of ships to ensure maximum visibility by preventing icing or misting.

A minute film of transparent metallic oxide on the surface of the glass is the secret of Electrapane's ability to "conduct" electricity. This film, Mr. Wenzler said, is 15 to 20 millionths of an inch thick. He compared the film on the glass to a four inch

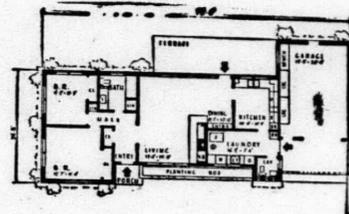

luminescence," Mr. Wenzler said. This is achieved by another minute film of various phosphors. So far the scientists have developed films which glow with blue, blue-green, green and yellow light and are working on a phosphor which produce red which, when fouled will enable them to make Electrapanes glow with almost any color they desire.

So comes 1975, junior's baseball will bounce harmlessly off your window wall. The glass will be heat-tempered twin-ground plate glass so distortionless that from indoors the grass and trees outside will seem to be a part of the room. When the sun goes down, you simply turn a rheostat switch and the window wall becomes a glowing panel with a light as delicate as moonlight or brighter depending on your mood.

On cold days, when the temperature slides below the thermostat setting, another switch will trip and the glass will grow warm, heating the room with radiant heat and preventing the windows from frosting over or collecting condensation.

DESIGN H-300

The spacious living room in this ranch design extends from front to rear and features a lovely corner fireplace. The combined dining area includes a large built-in china cabinet and French doors open off the dining room to an outdoor rear terrace. Both bedrooms have large closets with sliding doors. ### HOME OWNERS' QUESTION BOX

Question: I'm finishing my cellar into a playroom, and want to recess the water pipes, by cutting notches in the floor joists overhead. Joists are 2x10 and the recesses would be cut 1-1/2-inch deep. It is a lot of work, but I want to use ceiling tiles applied directly to the joists without furring and no save headroom. Will this weaken the floor?

Answer: If you don't exceed the maximum span of 15 feet for 2x10 joists, you can cut the notches and recess the pipe. But it would be best to run strap iron across the notches, anchoring it on each side with at least two screws set through holes drilled in the strap iron. You may discover, however, that putting the tiles on the joists will require furring after all, since joists are not always regularly spaced, nor perfectly level across their under sides.

Question: I have recently purchased a house with high ceilings and transoms over the doors. I would like to remove the transoms and have flush panel doors. Would you please tell me the best way that this can be done?

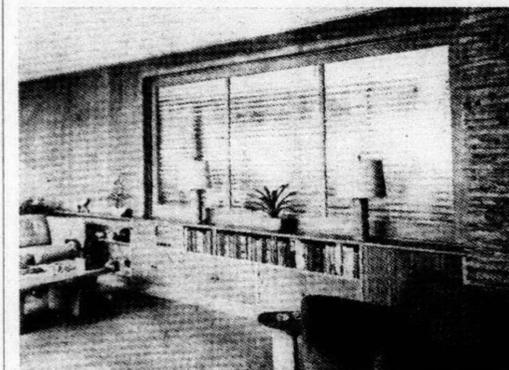

Answer: Remove the casing on each side of the door, then the transoms, and cover the area formerly occupied by the transoms with wire lath and plaster (or plasterboard.) Set in a new lintel at the new doorway height, then cut down and replace the casings which you can salvage for this purpose without loss. You can convert old doors to flush doors by applying 1/8-inch hard-board or 1/4-inch plywood to each side with glue and brads, first removing old varnish. You will then have to reset the door stop to the new door thickness without having to disturb the door hinges which should hold the added weight. Remember, though that

transoms served the purpose of ventilating high ceiling rooms. Without air conditioning, you may be all set to trap hot air in the top of the rooms once you remove the transoms.

Question: We are changing our kitchen door from the end to the side of the house. We have aluminum siding. Our problem is, how do we cut the siding without removing it altogether when making the new door opening. How do we remove the door from its present location without ruining the siding next to it?

Answer: If you make the cut

between studs, and there is no wood sheathing under the metal siding, you can cut the siding with a utility saw — a short wood-metal cutting keyhole saw. If there is wood sheathing beneath the siding, you can use a beveled abrasive disc in a portable drill or power saw. Remove the old door from the inside after first taking off the outside door casing. This way you'll leave the siding undamaged. Remove outer casing, then inner casing, then the door, then the door frame.

inches of stone or 10 inches of concrete;

Tuf-flex, heat tempered plate glass, so tough you can pour molten lead on it while it rests on a block of ice and which resists a vigorously thrown baseball as if it were a marshmallow;

Heat absorbing plate glass which absorbs 53 per cent of the sun's radiant energy;

Mirrorpane, the transparent mirror which is a window from one side and a mirror from the other, and

Parallel-O-Plate glass, plate glass which, because it is ground on new precision grinding equip-

snow on a mile-high mountain.

The film is as durable as the surface of the glass and doesn't create any cleaning problems. Electrapane windows can be cleaned just like any others. The glass itself is semi-tempered during the application of the film and is therefore tougher than regular glass. When an electric current flows through the metallic film, the glass grows warm and radiates heat. The intensity of the heat can be turned all the way up to 450 degrees without endangering the glass.

The Electrapane becomes a lighting fixture through "electro-

## Popular Kitchen Units Made in Many Sizes, Styles

Planning a new kitchen to suit the needs of the individual family is greatly simplified nowadays because of steady progress in designing and manufacturing wood kitchen cabinets, industry sources say.

Cabinets of genuine wood are available in a wide variety of sizes to fill any storage need and space problem. Thus, kitchen planning becomes a matter of choosing the proper cabinets and base units to fit the available space, and arranging the chosen units for maximum efficiency.

The first step is to measure the space to determine which basic floor arrangement is most suitable — the U-shaped, the L-shaped, one-wall or two-wall. It may be that special design features are possible, such as a breakfast bar, a room divider or an island or peninsula unit to free several kitchen functions from the wall.

The next step is to obtain a catalog of wood kitchen cabinets, to choose the best units for the individual case. Many companies make available the services of a

trained kitchen designer at no cost but final decisions are made by the home owner.

The designer will advise a minimum of six square feet of storage space for each member of the family plus added cabinet space for special storage and entertainment supplies. If the family entertains much, a cabinet with sliding racks for storing trays might be useful. If the homemaker has fine china to display, there are cabinets with open shelves on the end. The old-fashioned bread box is supplanted by modern wood cabinets with drawers and bins for bakery goods. Similarly, there are wood cabinets especially designed to store staples and vegetables.

A modern-minded family will want a built-in wall oven and surface cooking unit. Wood cabinets and base units are manufactured to fit any of the built-in appliances on the market. Designers say the sink should come between the refrigerator and the surface range with counter space intervening, for the most effi-

cient routing of meals through the stages of preparation.

Other important design elements are lighting, ventilation and the type of finish given the wood cabinets. There should be artificial lighting over each work center and a duplex electrical outlet for each four lineal feet of work space.

Pre-built wood cabinets enclosing a metal ventilating hood and fan are available for placement over the range.

Wood kitchen cabinets can either be painted or finished naturally. The color of painted cabinets can be changed at any time. Naturally-finished wood is favored by many for its warmth and beauty. Wood tones form the basis of the kitchen motif, blending well with any colors that may be used in appliances, flooring and curtains.

### TWO-STORY COMEBACK

Picking up popularity of late has been the two-story house. Not so long ago this type of home all but disappeared from the new home building scene. Split-levels and the ranch house were in the ascendancy. It's a different story now. Homemakers have found a two-story good for increased privacy and more definite separation of functions. But many of the advances stimulated by split-levels and ranch types are now incorporated in the new two-story's. For example, the minimum of two ceramic tiled baths per house is adhered to in most all new two-story buildings.

### KEEP VARNISH "QUIET"

Avoid shaking or stirring varnish before you use it. This practice tends to create bubbles that may remain in the dried varnish film.

### Decorator's Notebook

The gift that holds more appeal, and warrants more appreciation from a homemaker is something that adds to the loveliness of her home.

From the floor on up, this living room is filled with attractive and functional home furnishings, as well as wonderful Christmas gift ideas.

While all the furniture shown is completely coordinated especially for this room, any individual furniture item can be selected for Christmas giving.

So very popular this year, the lovely Italian Provincial styling of the occasional tables goes well with either traditional or modern decor. A soft neutral pumice finish allows the homemaker a wide choice of upholstery fabrics.

The luxurious concave sofa is upholstered in a polished cotton fabric with the quilted design following the pattern of the fabric. The large lounge chair in the foreground and the smaller organ chair are both upholstered in leather.

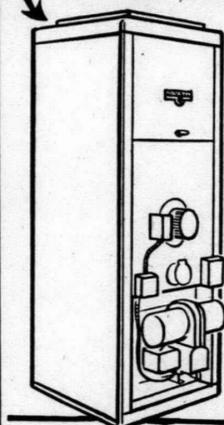

For holiday music, both serious and gay, you'll find a chord organ to suit the size of your home or apartment. This one is finished in walnut, and also is available in blond or ebony.

Lovely carpeting looks and listens well throughout the home. The pattern shown here is loomed with heavy all-wool face yarns in a loop and twist texture.

Don't omit the home this year when you make up your Christmas gift list.

# Cagers Blast Belleville for 2nd Win In Warm-up for Bulldogs Tomorrow

After shaping a stunning 21-2 first quarter lead over Belleville last Friday evening, Plymouth's varsity basketball squad went on to blast the Tigers 61-39 in the Rocks' second cage conquest of the infant season and their first victory in league action.

Ten of the 14 Plymouth hopefuls broke into the scoring column on the way to the Rocks' rout of the Tigers. Pacing his teammates offensively was tall Tom Ferguson, who dumped in 19 points. Contributing to the attack was Ken Calhoun with 10 more tallies, followed by Bob Jenkins with eight.

The locals soared powerfully in the initial quarter of play, which marked Plymouth's opening bid at defending its loop crown, shared presently from last year with Trenton.

With Ferguson, Jenkins, Calhoun, Jack Carter and Jerry King

as starters, Plymouth erupted to a commanding 19-point margin in the first eight minutes, a lead the Tigers never threatened.

Replacing his front line with depth from the bench throughout the second and third periods, Rocks' Cage Coach Charlie Ketterer watched his charges continue to dominate the game. He viewed with pleasure the scoreboard as it winked a 39-15 lead at half-time, flickered 45-25 at the three-quarter mark and came to a halt finally with Plymouth a 22-point victor.

Ketterer inserted his starters once more in the fourth frame after the reserves had mustered only six points in the third stanza. Ferguson and company proceeded to count 16 markers to close out the battle.

Whistling in points with starting regularity over the first and second quarters, Plymouth hit

for an extremely high percentage of shots in the first half and matched the opening output with 22 more points in the closing two portions of play.

Belleville's mentor, "Vits" Commiskis, summed up the Plymouth team victory when remarking to Ketterer after the game that he liked the way the locals had "hustled."

With two decisions under their competitive belts, the Rocks will carry a substantial confidence rating into the Bentley battle tomorrow evening here. But the Plymouth cagers are yet to be definitely tested in a tough encounter.

Prior to this most recent and effortless decision over Belleville, Plymouth coasted to a 42-26 nod over neighboring Northville in the opener two weeks ago. Although Belleville last Friday held a height advantage over the Rocks, the Tigers' lack of play-making ability on both offense and defense tipped the scales in favor of the locals.

Height may play a determining part tomorrow when the Rocks square off against arch-rival Livonia-Bentley. The visitors will send one player, their center, who towers 6'7", nearly four inches over Plymouth's Ferguson, the tallest member on the local quintet.

The scoring last Friday:

Wally Dzurus Ken Kisabeth  
**Former Rocks Dzurus, Kisabeth Perform on LIT's Cage Quintet**

Two former Plymouth high school basketball stars are on the first team of the Lawrence Tech cage squad. They are: Walter Dzurus, 1317 Sheridan (class of '51), and Kenneth Kisabeth, 9301 Haggerty (class of '53).

Dzurus, a 6-4" forward, was a member of the Rocks district championship basketball team in 1951 and received all-state honorable mention. He was second highest scorer for Lawrence Tech last season, rolling up 258 points in 23 game. A member of the starting line-up, Dzurus is a senior majoring in Industrial Management.

Kisabeth, 6'2" guard, was an all-round star at Plymouth where he won four letters in both basketball and baseball and one in football. He holds Plymouth's record for the most points scored in a game (31) and tallied 264 points in his senior year here for an average of 16.2. He is a sopho-

more at Tech, majoring in Industrial Management.

This year's Lawrence Tech team is the first quintet to be housed at the new campus at Ten Mile road and Northwestern highway. The Blue Devils were undefeated in their first four cage battles this season.

In addition to Dzurus and Kis-

aboth stepping into the cage spotlight as a result of their basketball prowess, two other Plymouth grads are listed on college quintets this winter. James Bloomhuff (class of '52) is on the Michigan State Normal cage team and Robert Middleton (class of '54) is on the freshman roster at Western Michigan.

**Woolweaver Elected As MRA Treasurer**

Herb Woolweaver, Plymouth's adult education and recreation director, was elected treasurer of the Michigan Recreation Association in Lansing. He will hold the office for the coming year.

Other new officials elected at the meeting included: President, Malcolm Elliott from Saginaw; vice-president, Benjamin Yack of Wyandotte; second vice-president, Ross Kressler from Mid-

land; and secretary, Harry Burns of Grand Rapids.

All new officers of the association are recreation directors in their respective cities.

# Tripp, Bathey Cagers Notch Wins In Opening Recreation League Play

Basketball action in the local recreation men's league got underway last Thursday evening at the Plymouth high school floor with George Tripp's cagers, last year's champs, showing all indications of a strong bid for a repeat performance.

The Trippers swamped S. L. Brader from Northville, 59-37, in the second battle of the evening. Earlier Bathey Manufacturing exhibited a last quarter spurge of 19 points which offset a seven-point third period deficit and earned the Bathey quintet a 43-34 victory over Tait's cleaners.

Pacing George Tripp to its win was Center Bob Lulfs, who dumped in five field goals and three free throws in the opening half and added three more buckets and one charity toss in the

last two periods to hit 20 points in the scoring column.

Tripp's cagers fell behind by a 4-2 score and then trailed 6-4 in the opening moments of play before unlimbering their shooting arms and fast-breaking their way to an easy and decisive win.

Last year, the Trippers raced to twelve straight wins in the regular season of play before being humbly overturned by Tait's cleaners in the final tilt of the season. Tripp was easily the men's league champion by virtue of its continual domination of opposing teams.

Thursday, S. L. Brader managed to hold the champs in rein for the first period when the scoreboard flickered a 13-6 count favor Tripp. But in the three remaining stanzas, Tripp coasted to the decision.

Backing up Lulfs' contribution of 20 markers were the 15 tallies from Allgood, 12 points from Pierce and 10 more at the hands of Becker.

Carrying the scoring load for the outdistanced Brader's five was McMurray with 17 points. He was aided by Brennen's 10 counters in a losing cause.

Earlier that evening Tait's Cleaners dominated play through three periods and held a commanding seven point buige, at the onset of the fourth stanza when suddenly the cleaners team fell apart offensively and allowed Bathey to notch a 43-34 victory.

Tait's hit for only three free throws during the eight minutes of action in the closing quarter while Bathey exploded with 19 markers to more than compensate for their seven-point shortage at the three-quarter mark.

Bob Arlen's 13 points in the last three periods earned scoring honors for Bathey. Arlen was assisted by Dick Day's 11 tallies and Roger Bogenschultz's nine. The game's high-mark went to Paul Strickland, the Tait's versatile center, who managed 15 points on four field goals and seven charity chances.

Bathey, on the way to its win, trailed 10-6 at the first quarter's end, 20-17 at half-time, and 31-24 at the third period before it finally went to work.

This evening at 8:00 p.m. Tait's faces S. L. Brader in the opening game while Bathey will square off against the Tripp team in the 'cap.

To date, only four teams are in action in the local men's league. League supervisor Dick Huebler and Recreation Director Herb Woolweaver both hope to add further cage quintets to the loop before the second round of play swings into action following the January 3 games.

Last Tuesday the four teams engaged in two more contests with the results not yet reported. Standings with regard to last Thursday's games:

# Swimmers Scuttle Dearborn

The Plymouth high school tankers chalked up their first victory of the 1955-'56 swimming campaign last Thursday night as they swamped the Dearborn high team by a score of 52-35 in the local pool.

Outstanding factor in this victory was that only one Dearborn competitor secured a first place berth. Needless to say, this left an abundance of eight top honors to be compiled by the Rocks. Coach John McFall's boys showed definite improvement since their first dual meet, December 1, when they were dumped by Lincoln Park 55-32. At that time only one local tankman captured a first place finish.

Events and their winners for last Thursday's meet are as follows: Don Carney for Plymouth came in with a time of 25.9 to win the 50-yard free style event as Ken Slogan of Dearborn took second with a 2:16.0; Third place honors went to Dick Showers of the local team.

The visitors took their only first of the evening as Carroll Donahue won with a 1:09.8 in the 100-yard breaststroke. Second place also went to a Dearborn lad as John Opdike followed his teammate in with a 1:13.3 while Mike Todd took a third for Plymouth.

A new team record was set by Plymouth's Bill Brandell who set a mark of 2:10.3 to win the 200-yard freestyle event. Jere Champman followed for Dearborn with a 2:24, while Rocks' Henry Mende received a third place award.

The 100-yard backstroke saw John Gregory of the Rocks take a first with the winning time of 1:17.2. Mike Mathews earned second with the time of 1:11.3 for the visitors, as his teammate Ivan Hill came in third.

Gary Wright swam the 100-yard freestyle in 58.7 good for first place honors. Dearborn's Kenneth Slogan took second with a 59.1 and Larry Liberty a third, also for Dearborn.

The locals continued their success in the diving as Arthur Losse captured a first for the Rocks and John Walker a second. These two were followed by Roger Blum and Nelson Barter who picked up third and fourth for the Dearborn crew.

Dick Showers swam away with the 150-yard individual medley with a time of 2:06.2, as he was followed by Don Reach of Dearborn. Other relays to be held were the 200-yard medley and 200-yard freestyle relay. A winning time of 2:02.2 was awarded Plymouth's team of John Gregory, Mike Todd, Bill Brandell, and Dennis Baker in the 200-yard medley. The Rocks' team of Don Carney, John Williams, Jack Taylor, and Gary Wright night-capped the meet with a 2:59 in the 200-yard freestyle medley.

December 15 the locals will travel to Birmingham for their third dual-match of the current campaign.

**43,000 Hunters Cross Straits During Season**

More than 43,000 hunters crossed the Straits of Mackinac during deer season this year, but the total was a drop from last year's 49,500.

But 11,209 deer were taken across on Straits ferries, compared to last year's 10,020.

Also, 165 bears, 57 coyotes, 36 bobcats, 18 foxes, eight timber wolves and one Canada lynx crossed the Straits this year. Last year, 200 bears, 43 coyotes, 27 bobcats, 12 foxes and nine timber wolves were transported south over the Straits.

The Drummond Island total showed 1207 hunters took 368 deer, three coyotes, three bobcats and one bear from the island this year. Last year, 1150 hunters removed 319 deer, five coyotes, five foxes and two bears from the island.

# Neighborhood Group Goes Looking for Civic Jobs

Thursday, December 15, 1955

EIGHT MEMBERS of the Parkview Circle Homeowners association are taking Civil Defense firemen's training in the city. From left, bottom row, are Walt Lake, Joe Quinlan, Bob Fitzner and Fireman Paul Sanders. Top row: Les Upton, Jack Ruland and Assistant Chief George Schoeneman. Not in the picture are Bill Stang, Al Truax and Ted Kuhns.

ARTIFICIAL RESPIRATION is being demonstrated by William Killion on William Elliott at the first aid class conducted for Parkview Circle Homeowners association members. Sitting, from left, are Mrs. Killion, Mrs. Theodore Kuhns, Mrs. Jack Ruland, Mrs. Elliott, Mrs. Robert Fitzner, Mrs. Robert Sasal, Mrs. Joseph Quinlan and Mrs. Alfred Truax. Standing are Jack Ruland, Joseph Quinlan and Robert Fitzner.

"That bunch amazes me," City Manager Albert Glassford declared recently. "We have spent years trying to get someone interested in Civil Defense and now they have come to us wanting to know what they can do. It's really great."

The city manager was talking about the Parkview Circle Homeowners association of Plymouth—which contrary to all previous public attitudes—has come forth and asked to get a Civil Defense program rolling in the city.

Members of the association include homeowners living on Parkview and Garling drives, known officially as Garling Subdivision No. 2. About 37 privately-owned homes are located in the subdivision with the last of them now being constructed.

Ordinarily it might take years for residents in a new neighborhood to meet someone living in the next block. But not so in this subdivision. A new family is invited to the next meeting of the association and if they come, they will have an evening full of introductions. There are now 51 persons on the membership roll.

One Friday night a month is set aside for meetings. Basements are the only rooms large enough to hold the crowd. Hosts are alternated each month. When neighbors are seen converging on a home with folding chairs, coffee pots, cakes and trays, it's evident that a meeting is ready to begin.

While homeowner associations are not new in some communities, this is the first one known to Plymouth. It was formed in October 1954 when only half of the homes were occupied. Its first president was Harvey Cooper, sales representative for Evans Products company. Heading the group today is Robert Fitzner, employee in the time study department at Burroughs.

Although some business is transacted at the meetings, most of the evenings are devoted to hearing speakers or chatting over light refreshments. During the recent annexation elections, two members debated the pros and cons of township annexation but the association itself took no stand. William Siebert, county director of Civil Defense, was one of the early speakers and got the group interested in Civil Defense. They have also heard a landscape authority and last Friday invited the city manager to speak on city operation and its programs.

Outdoor meetings were held through the summer and fall. One of the summer highlights was a street dance for which the city commission gave its approval. During the previous winter, most of the Adult Education and Recreation department's beginners square dance class was composed of association members. In gratitude, the instructors, Mr. and Mrs. Robert Carson, offered to stage the street dance.

Civil Defense has been one of the group's pet projects. Before learning that the city had a potential Civil Defense organization, some members attended the Plymouth Township Civil Defense meetings. After discovering that Plymouth city had a CD director but no members, they volunteered to carry the ball. Since then, a large group just last week completed a series of first aid meetings taught by Matthew Zak, Red Cross instructor from Detroit. Both men and women took the course which was held in homes of members. Block

SNACK TIME following last Friday night's meeting finds neighbors lined up for coffee and cake at a table decorated in the holiday theme. From left are Alfred Truax, Mr. and Mrs. Harold Kendall, William Stang, James Cameron, Mrs. Alfred Clare and Mrs. Stang. The meeting was held at the home of Mr. and Mrs. Harvey Cooper.

wardens led by Jack Ruland have also been named.

When Fire Chief Robert McAllister issued a call two months ago for men to become Civil Defense fire fighters, just about the only men showing up were eight from the homeowners association. They are currently taking the instruction.

It was probably a natural reaction that the new homeowners formed some sort of an association. Nearly all of the families moving into the subdivision were new to Plymouth—meaning that few had any close-by friends. They all had common problems concerning their new homes such as planting grass, buying storm windows, and selecting shrubbery. The associa-

tion has provided the means of getting acquainted and talking over these problems.

Because most of the couples are comparatively young, children and new babies are inevitable. Hardly a month goes by when the subdivision's population isn't increased by at least one. Intense interest in schools is therefore natural.

To finance the association, dues of \$1 per month is paid by each member family. But the treasury is far short of being flooded, mainly because plants and flowers are sent to all new parents and ailing members—just another act of neighborliness performed by Plymouth's newest citizens.

Educational

"Yes, stamp collecting is educational," said the fond mother to the visitor. "For instance, where is Hungary, son?" Without looking up from his stamp book, the young collector answered promptly: "Two pages in front of Italy."

## How much do you pay yourself each month?

Here is a man who has a checking account and a savings account at the National Bank of Detroit. Each month he makes out a check, payable to himself, and mails it to the bank for deposit in his savings account. In effect, that's the salary he pays himself. And that's good planning.

For when he needs money for an emergency, a business opportunity, a down payment or a vacation, he'll have it.

You could have it too, with a plan like this. For one thing, depositing a check regularly in your savings account is so simple you're not likely to overlook it. And, with your checking account, you have a running control of your budget. You always know how fast your money is going out and how much is left.

Besides helping you to live by your budget and save, money in the bank can make life easier for you in still other ways. A checking account at National Bank of Detroit, for instance, enables you to pay your bills, safely, by mail. And your cancelled checks give you a legal receipt for every financial transaction.

Then too, the National Bank of Detroit can be important to you for other reasons. You have available complete banking and trust services to help you solve almost any money problem.

So if you do not already pay yourself a planned amount each month through regular deposits in a National Bank of Detroit savings account, stop in soon at your neighborhood National Bank and see how easy it is to put yourself on your own payroll. You and your family will be very glad you did.

### Praises Radio's Conelrad System

The Federal Civil Defense Administration today announced that 1,300 of the nation's radio stations will receive special joint awards from FCDA, the Air Force, and the Federal Communications commission, "in recognition of public service to the people of the United States through participation in the Conelrad system of emergency broadcasting."

In announcing the awards, the FCC and the Air Force as a means to minimize the use of radio waves as aids to navigation by hostile aircraft or guided missiles, and at the same time provide a means of broadcasting emergency civil defense information and instructions to the public.

Conelrad was devised by the FCC and the Air Force as a means to minimize the use of radio waves as aids to navigation by hostile aircraft or guided missiles, and at the same time provide a means of broadcasting emergency civil defense information and instructions to the public.

Upon receipt of an alert, all broadcast stations go off the air. FM and TV stations remain off the air while the standard AM stations that are part of the Conelrad system change their transmitting frequency to either 640 or 1240 kilocycles and return to the air to broadcast emergency messages.

The continent of Antarctica is estimated to be an area of six million square miles — approximately the area of the United States and Europe combined.

One of the joys of filling a column is finding yourself confronted with a deadline in an hour or so and not an idea in your head to put on paper. With everyone in the middle of the Holiday rush little other than routine seems to be taking place.

A few observations gleaned here and there to get this in the hands of our typesetters must of necessity fill this space if we are to contribute our share of effort to this week's giant, Christmas gift idea, issue of The Mail.

For several days our printing department has been busy finishing thousands of calendars for members of the Lutheran Churches around America. Harvey Rotarius, who has been putting the final trim on the pages told us if nothing else, by being in contact with all the hundreds of pounds of pages, he had learned that we will have three Friday the thirteenth next year and Easter Sunday will fall on April Fool's Day. Our Jimmy Green carried this news home to his dad, now 52 and whose birthday falls on Easter, to learn that this is the first time in those 52 years that this ever happened.

As guests of the William Swingles at Sunday dinner at Kingsley Inn in Birmingham we further learned of some interesting things to come. Mr. Swingle heads one of the largest stainless steel fabricating firms in the country and included among their products are all of the stainless steel items found in the fountain department of our Kresge store and all of the others around the country. He told of a new oven, now on the market which will completely cook a thick hamburger in a minute and a half. Further, of a revolutionary change in refrigeration as we know it today which will probably come about in three to five years. Already, he says, Chicago packers are able to take any cut of meat, freshly killed, expose it to some new ray, then seal it in air tight cellophane packages and put it in stores and homes for future consumption at anytime without refrigeration. The exposure to the ray kills the germs which cause spoilage if air gets to the meat. By this method and air-tight sealing, meat will keep indefinitely.

Another interesting thought he passed on is that automobile manufacturers already have a brand new kind of motor for automobiles which completely eliminates the piston and its principal. He says his firm has fabricated most of the revolutionary motor out of stainless steel and they are already being tested.

For local collectors of Martini stories one of our trade journals came up with this one.

"It's about a gent who wanders into a bar and tells the barman he wants a real, real dry martini. 'Now make it my way,' he insists. 'Forget the vermouth, pour straight gin and ice into a glass, then just whisper the word 'vermouth' over the top.' The bartender humored his patron, made the concoction as prescribed, then mumbled the word vermouth over the drink. The customer took a sip. 'You ruined it,' he groaned. 'You said it too loud!'"

Barber Curley Gray barely had time to get his razors honed and back in action after returning from his Mexican vacation before vault manufacturer John Jacobs was in to find out about the bathing beauties at Acapulco. Each year the Jacobs' take a trip from their Florida headquarters to a nearby island and after visiting Cuba and the Bahamas are now eyeing some of the delightful Mexican scenery. Said Mr. Jacobs, "I saw that beautiful Senorita in the picture with you last week, in The Mail, and thought you might suggest a similar trip for us."

The old King air rifle plant, now some 90 years old, may be one of the oldest manufacturing buildings in town but it can boast of the newest roof as workmen complete pouring bucket after bucket of tar on its top this week.

For the easiest shopping, for better prices, for better selections, for making Christmas better for everyone concerned, why not trade at home and give your local merchant a chance to fill your Christmas needs. You can trade with him in confidence and know he will bend every effort to satisfy your needs. You'll find hundreds of gift ideas in The Mail this week and remember the stores are open evenings—why not buy at home?

Washington Quiz

- Q—Dose business receive benefits from government as do Agriculture and Labor in certain instances?
- A—Last June the House Committee on Agriculture issued a six page report called, "Government Subsidy Historical Review." The report indicated that American Business since 1949 has received aids, special services and benefits from the federal government totalling \$5,873,000,000. These do not include benefits from federal expenditures, such as those to stimulate Housing construction, nor tax advantages such as rapid amortization or depreciation allowances.
- Q—Is there a record of who the first woman was, employed by the Government?
- A—It is generally believed that Miss Jennie Douglas, who was hired by F. E. Spinner, treasurer of the United States on October 9, 1882, to cut and trim paper currency, was the first woman in government. Women today outnumber men workers in government.
- Q—As a World War II veteran I have a \$10,000 term insurance policy that is nearing the end of its current term. I would like to convert \$5,000 to permanent insurance and drop the other \$5,000. If, at a later date, I want to pick up the insurance I drop, will I be able to do so?
- A—No. Under the law, once a World War II GI term insurance policy is allowed to expire, it may not be reinstated. A term policy expires when you allow it to pass the end of its term without renewing it for another term, or converting it.

Religion, too Feels Demands from Growing Population

We all realize that our community is growing. Elaborate plans and far-reaching studies must continually be made by our local governments and schools to keep up with an increasing population. Sewer and water systems must be built, streets improved, more parking provided, classrooms constructed and dozens of other growing pains cured.

But there is another phase of our community life which we cannot overlook that also must progress and expand. Many of us would consider it the most important phase of all. We are speaking of our spiritual life.

We have churches in Plymouth which have stood 50 to 100 years that have adequately served their congregations. Gradually, the buildings seemed to become a little too small to hold the growing number of worshippers. Even churches built in recent times have been taxed beyond capacity. We would like to think that some of this growth is because more people are turning to religion. We know that the population growth of our community is a contributor.

But whatever the cause, we find that more pastors have had to accept the burden of adding extra services.

And one of the biggest headaches that church administrators have is finding places to put the children. Like our parochial schools, the classroom space has become a problem for Christian education programs.

Fortunately, Plymouth churches have parishioners and pastors at the helm who realize the importance of looking forward. Some congregations have built themselves new churches or Christian education buildings. Nearly all others are making plans or are in the midst of expansion programs.

All of these programs take money and lots of it. Hundreds of Plymouth families have pledged themselves to make regular donations for years in advance. Congregations are going into debt.

We have no doubt that each congregation will be successful in eventually meeting these financial burdens. Certainly, any sacrifices that have been or will be made will prove rewarding—for what greater cause is there than the one served by our churches? These many moves in Plymouth to expand church facilities are all a healthy sign that the spiritual life of our community will not be neglected.

The right of the people to know is basic to the preservation of our freedom, and fundamental to our American way of life. The infringement of this right, whether by government or by groups, or by individuals, no matter in what small measure it may begin, will lead to tyranny and the death of liberty.

War - Threat Reasoning Basic Cause of Prosperity

There are many reasons for inflation. Most important has been the fact that inflation comes when the supply of money exceeds the supply of goods.

We Have A Choice  
The above can occur either by (1) an increase in government or private credit which results in higher prices and higher wages, or (2) an increase in the circulation of money, which can have the same effect as more money; this latter comes as a result of boom times such as are now being enjoyed by New York and other large cities.

Contrariwise, if unemployment increases and advertising appropriations decrease, retail trade will decline and inventories accumulate. Then the supply of goods will increase, credit and money will tighten, wages will decline, and we will have deflation. It's the old story: "We cannot have our pie and eat it too." We can choose between full employment with higher wages and higher prices, or unemployment with lower wages and lower prices.

Today's New Factor  
Since World War II, another very important cause of inflation has become operative. This may be called a psychological cause, but it is really due to the talk about "Atomic Bombs," "Hydrogen Bombs," and Guided Missiles.

To scare us into demanding greater expenditures for defense and a willingness to be taxed therefore, we are fed with this probable fact, — namely: If World War III should now come, the 20 largest U. S. cities with 30,000,000 innocent U. S. citizens would be wiped out.

Saving Becoming a Lost Art  
Constant talk of this sort in the press and over the radio is destroying the American habit of thrift, substituting therefor a spending craze. Before we heard of Atomic Bombs, people would get a mortgage for only about 60% of the cost of a house. Their ambition then was to pay up this mortgage and have the house "free and clear." Furthermore, most mortgages were written for a term not exceeding five years.

Now, as a bribe to voters, the government offers or guarantees credit so that a new house can be mortgaged for 95% to 100% of the cost, with from 20 to 30 years to pay the mortgage. In view of the talk that "World War III is inevitable — although it probably will not come for five years" — people are reasoning as follows.

"World War III will wipe out both me and my house, — then I'll never have to pay the mortgage. Or else the inflation coming with or after World War III will

cause the value of our dollar to go down to ten cents. In that case, if the house and I continue to exist, I can pay this mortgage with these ten-cent dollars!" The same reasoning applies to enjoying automobiles, TV sets, washing machines, and even luxuries now on borrowed money, rather than waiting until World War III when one would have neither these things nor the money, and would perhaps get killed to boot. "Eat, Drink, and Be Merry Now!"

Although the above is very contrary to the way we older people were once taught, yet it is the way young people are now reasoning. I hate to admit it, but it may be logical reasoning under the terrible threat of World War III. This threat our boys are today being fed by their superior officers while in army training. Surely this is the basic reason for the prosperity which I find today in New York and the other 20 cities which we are told are liable to be destroyed.

In addition to the above economic reasoning, there is an important political influence, — one which both Republican and Democratic leaders recognize. This is that in order to "stay in" or "get in" office they must have, or promise, full employment and prosperity NOW. In order to give this to the voters, the government must supply more credit, favor higher wages, and make it easier for the voters to buy — without money — houses, automobiles, and anything else they want. This means more inflation. Since the great number of voters are industrial wageworkers who are being fed the scare threat that World War III will come within five years, do you blame them for their shortsighted income reasoning?

Quotes

JAMES C. DAVIS, Member of Congress from Georgia:  
"I am convinced that the Federal Government can get done all of its essential tasks with 2,000,000 or less employees."

RICHARD M. NIXON, Vice-President:  
"Our agriculture economy is basically sound, but farmers are undeniably caught in a squeeze."

HAROLD MACMILLAN, British Foreign Secretary:  
"The concept of the long haul, already 'familiar' in the context of rearmament must now be applied to diplomacy."

Educators Strive to Remove State Politics from Schools

Educators have launched a campaign to remove the last state-level tinge of politics from the Michigan system of public schools.

They are going about it with the encouragement and the support of the man whose job they want to abolish.

He is Dr. Clair L. Taylor, superintendent of public instruction, who, along with his last two predecessors, wants to make the post appointive by an expanded state board of education.

Spearheading the latest attempt is the powerful Michigan Education Association and its executive director, Dr. J. A. Phillips.

"I think we can do it this time," he said. The plan is to put before the voters in November, 1956, proposals to change the Michigan Constitution to create an eight-member state board of education (from the present six members) which would then appoint the superintendent.

Dr. Phillips said details are being worked out to elect the board on a non-partisan basis.

At present, the board controls Michigan's teacher colleges and fixes policy for the superintendent's office, works on curricula and other matters. The superintendent, himself, is a schoolman first, then, of necessity, a politician. He is nominated by political conventions and must campaign like the rest.

"I am in full support of this movement to take the job out of politics," said Taylor. The reform has arisen and vanished several times in the past decade. One of its latter-day advocates was the "Little Hoover" commission which also wanted to abolish the auditor-general's post.

School districts already are working out the details of distribution for the \$13,500,000 bonanza of sales tax moneys earmarked for salaries and wages by the legislature a month ago.

How the plans are finally developed will be a gauge of political battles yet to come. Gov. Williams lost his fight for the legislature to specify that each of Michigan's 51,000 teachers get a flat \$200 increase, when Republicans turned the money over to local boards with that recommendation.

Taylor made a special plea to local officials to keep the per teacher increase as near \$200 as possible. First reports indicated they would.

Detroit, adding money of its own, said each teacher would get \$200, the same went for Muskegon Heights and Berkley. "When the final reports are in, this to the voters, the government must supply more credit, favor higher wages, and make it easier for the voters to buy — without money — houses, automobiles, and anything else they want. This means more inflation. Since the great number of voters are industrial wageworkers who are being fed the scare threat that World War III will come within five years, do you blame them for their shortsighted income reasoning?"

The extra money came from increased sales tax collections which are earmarked for the schools — two of every three cents. The release of the funds pushed the \$184,000,000 school aid bill to \$197,500,000, the most ever turned over to schools in one year.

Movies are going to patrol Michigan highways.

That was the promise of State Police Commissioner Joseph A. Childs as he planned a "saturation patrol" of the high-accident areas in the state.

Officers already are working on an inexpensive camera mount for police cars and determining whether the operation can be handled by one trooper alone or will need two men.

At the same time Childs said he would assign his 200 new troopers to the high-accident areas for the "saturation patrol" — which he defined as one police car every 10 miles around the clock.

★ THINKING OUT LOUD ★

"Last week we asked some students what they thought about the driving restrictions recently placed on them. None were completely in favor. Today we are asking their opinion. Do you believe student driving restrictions are needed?"

CAROLYN COLEMAN, 829 Forest: "I think they will help. I'm not too familiar with the local problem but I think such restrictions would be good in any town. We had similar rules when I went to school in Seneth, Missouri. Students could not drive at noon and the regulation keep accidents down."

BOB PACKARD, 47380 North Territorial: "I figure it's a good thing to keep kids off the roads at noon when other people are shopping. In a way, it's saving them money. By keeping the car at home and walking to school they can save on gasoline money."

MRS. A. G. TAYLOR, 356 Ann: "I think it's a good idea. Some youngsters don't use common sense when they drive and others are good drivers. Someone has to spoil it for all the rest."

SHIRLEY ALLEN, 16595 Homer: "I believe it's a worthwhile restriction. The kids brought it on themselves by driving the way they do at noon. It should now be safer for other people. If the students would have driven right in the first place, they would be driving today."

From where I sit... by Joe Marsh  
New Light on an Old Subject

Mr. Evans from the Lighting Company gave an interesting talk at the Community Hall last night — on how farmers can cut electric bills. For those who missed it, here's a short recap.

Don't try to light up the cobwebs in the rafters. Use a reflector and a smaller bulb will probably do the job. Too many farmers use naked bulbs that waste 50% of the light.

Try using moveable projector bulbs that beam light the way a searchlight does. A couple of these "spots" will often give you better illumination than a gang of juice-wasting overhead lamps.

From where I sit, it's amazing how often we misuse the things we have... like electricity. We also make a mistake if we misuse our right of personal choice — about which candidate to vote for, say, or whether beer or coffee makes the ideal mealtime drink — by trying to force our opinions on others. Respect for the other fellow's point of view should be our "guiding light."

# Favorite Recipes From Plymouth's Kitchens

## Serve Guests This Delicious Yule Tea Ring

Mrs. Walter Gemperline puts finishing touches on a Yuletide favorite "Christmas Wreath Tea Ring."

Happy the Yuletide guests who wake up to find this delicious coffee ring awaiting their sampling at the breakfast table!

Called "Christmas Wreath Tea Ring" because of its dressy appearance and seasonal decor, the special treat has a flavorsome filling of nutmeats and fruit. It's simple to make, too, according to Mrs. Walter Gemperline who submitted the recipe.

The resident of 47447 North Territorial road whips up two at a time, often storing one in the freezer to be taken out and iced later as she needs them. Here's the recipe for the Gemperlines' Yuletide favorite:

**Christmas Wreath Tea Ring**  
 1 cup milk  
 1/4 cup butter  
 1/2 cup sugar  
 1 teaspoon salt  
 2 cakes (or packages) yeast  
 1/4 cup lukewarm water  
 2 eggs  
 4 1/2 cups all-purpose flour  
 Melted butter  
 Brown sugar  
 Cinnamon  
 Chopped nuts  
 Candied fruit

**Confectioners' Frosting**  
 Scald milk and pour over butter, sugar and salt. Crumble yeast into lukewarm water to soften, or sprinkle packages over the water to dissolve. Cool milk to lukewarm and add yeast. Add well-beaten eggs. Beat in flour to make a soft dough. Turn out on a floured board and knead until smooth. Form into a ball and place in greased bowl. Cover and let rise until double in bulk.

When light roll into two rectangular sheets about 1/4-inch thick and brush with melted butter (or margarine). Sprinkle with brown sugar, cinnamon, chopped nuts and about two ounces of

chopped candied fruit. Roll up as for jelly rolls and shape into rings.

Place on baking sheet and let rise until double in bulk. Bake at 375 degrees about 25 minutes. When cool, frost with confectioners' butter frosting, tinted green, and decorate with candied cherries, nutmeats, to resemble Christmas wreath. If ring has been stored in freezer, let it stand at room temperature for half hour before frosting.

## Social Notes

## "Woman of Achievement" Honors Awarded Miss Helen Beavers

Miss Helen D. Beavers

In keeping with the religious significance of the Christmas season, the Business and Professional Women's club has selected Miss Helen D. Beavers, president of the Plymouth Council, United Church Women, as the "Woman of Achievement" for December. She will be honored at the organization's dinner meeting on Monday, December 19, at 6:30 p.m. in the Mayflower hotel.

Believing that religion should be expressed in terms of social responsibility and its principles applied to individuals, national and world problems, Miss Beavers is active in various phases of volunteer work in addition to her office in the United Church Women.

She serves the Detroit Council of Churches as volunteer staff member of its Committee on Church and Older People. The group endeavors to stimulate interest of Detroit churches in problems arising from the increasing number of older persons in the nation's population.

Men and women of retirement age, she feels, with a life expectancy of from 10 to 15 years, are particularly valuable and in a position to answer the need for civic and social responsibility.

Miss Beavers is herself retired, having worked 35 years with the Young Women's Christian association in both national and local offices. She has served as advisory secretary to city associations at the YWCA national headquarters in New York and has directed YWCA organizations in Warren, Ohio and Wichita, Kansas. Her last position, from which she retired in 1950, was Metropolitan executive director, Detroit office of the YWCA.

Retirement years, she finds, give her an even greater opportunity to serve individuals and the community. She is active in the Women's association of the First Presbyterian church, Plymouth, as chairman of its social education and action committee, as well as other organizations. By

appointment of Mayor Russell M. Daane, Miss Beavers was selected to head the United Nations 10th Anniversary committee.

A native midwesterner, Miss Beavers was born in Iowa and spent her early years in Kansas, Texas and Oklahoma. She received her education at Trinity University in Texas with graduate studies taken at Columbia university, Union Theological seminary in New York, and the University of Chicago.

She resides at 1017 North Holbrook.

## "Moon Cake," Scrumptious Treat for Holiday Entertaining

An All-Chocolate Cake, like this, is a handsome treat! And rich, unsweetened chocolate gives it a wonderful true-chocolate flavor... with allure enough to be a party by itself.

Tender chocolate-y-chocolate layers are lusciously topped with Chocolate Seven Minute Frosting—and those delicious-looking swirls on the very top are half moons of melted unsweetened chocolate, too.

Appropriately — this Chocolate Moon Cake lets itself go all sumptuous for winter parties. So light it with candles — the better to celebrate the holiday season.

### Chocolate Moon Cake

- 2 cups sifted cake flour
- 1 teaspoon soda
- 3/4 teaspoon salt
- 1/2 cup shortening
- 1 1/3 cups sugar
- 2 eggs, unbeaten
- 3 squares unsweetened chocolate, melted
- Milk\*
- 1 teaspoon vanilla

\*With vegetable shortening, use 1 cup plus 2 tablespoons milk. With butter or margarine, use 1 cup milk.

Sift flour once, measure, add soda and salt, and sift together three times. Cream shortening, add sugar gradually, and cream together until light and fluffy. Add eggs, one at a time, beating well after each. Add chocolate and blend. Then add flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Add vanilla; blend.

Pour batter into two round 9-inch layer pans, 1 1/2-inches deep, which have been lined on bottoms with paper. Bake in moderate oven (350° F.) 25 to 30 minutes. Cool. Spread with your favorite light chocolate frosting. Then

## Try Making Your Own Xmas Candles

Soft candlelight adds to the charm of entertaining. If you cannot find just the right candles for your purpose, make your own, suggests a Wayne County Home agent. Making your own helps to stretch your budget during the Holiday Season, just when you find many demands made upon it.

To make your candles, line each ring of a muffin pan or dessert mold with a thoroughly chilled paper cup. Before placing the cups, pull a string with a good knot on the bottom through the cup. Wind the other end of the string around a short stick and lay it across the top of the cup. This will keep the wick in an upright position. Now, melt partially-burned candles over hot water and pour the melted mixture into your molds.

To avoid a possible accident, be sure to melt the candles over hot water. Don't get it too hot. You only want the wax melted.

For any shade or tint you want, add coloring to the wax before you pour it. You can use old lipstick for coloring the traditional red Christmas candles. Cravens are good for various other colors.

If you want to make larger candles, follow the same procedure. Just find a mold of the size and shape you want your finished candles to be.

Candleboards, useful all year round, are made from any piece of wood an inch thick and of almost any shape. Drill holes about 7/8 inch in diameter — the size of the average candle — arranged in any pattern. When painted in seasonal colors and decorated with pompons and greens, these candleboards are most attractive.

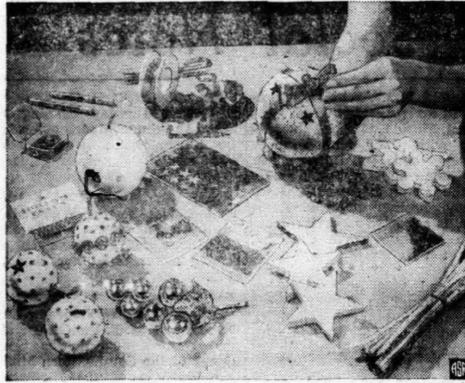

A great variety of arrangements is possible on such a board. A different grouping of candles can be used each time with the unused holes covered by the greenery.

"Christmas Decorations for Fun or Profit" is a booklet containing many suggestions for making wreaths, evergreen ropes, corsages, mantel decorations, tree ornaments and other Christmas decorations. Free copies are available at the Wayne County Cooperative Extension Service, P.O. Box 552, Wayne, Michigan.

### Tenderloin DeLuxe

Here's an attractive and flavorful pork tenderloin serving. Cross 2 slices of bacon and place a pork tenderloin patty on the center. Season. Then place 1/2-inch thick slice of tomato on the patty, season and top with a 1/4-inch slice of onion. Bring bacon ends up over onions and fasten with a wooden pick. Place in a baking dish, cover and bake for 30 minutes at 350° F. Remove cover and continue baking for 30 minutes longer.

## More Modern Than Mistletoe

The Christmas turkey is growing plumper every day, and there's a new crispness in the air that fairly shouts the holidays are on their way. Sleigh bells will soon be jingling on the roof tops, and already Mother is scurrying around making gay Christmas decorations to dress up the house for Santa's annual visit.

She may take her cue from the magic of snow by using sparkling white foam plastic in all its varied shapes. This versatile decorative material can be easily made into eye-catching centerpieces, doorpieces, tree ornaments and many other things that reflect all the gaiety and joyousness of the holiday season.

Perhaps she'll make a Kissing Ball like the one shown. It's so easy to do, and fun besides. Just take a plain snowball of plastic foam, about 6 inches in diameter, and cover it very lightly with glue. Use one of the special plastic foam glues available in all variety stores.

To add sparkle, sprinkle with glitter in green or silver and allow to dry for a few minutes. Then tap the ball sharply to remove excess glitter. Cut two pieces of red satin ribbon, 1/2 inch wide, each long enough to go completely around the ball; fasten in place with straight pins so that the ball is quartered.

Pin star sequins in place at random over the ball. Gummed paper stars may be used if sequins are not available. At the bottom of the ball fasten a few sprigs of prepared princess pine or mistletoe.

Finally, insert a bit of pipe cleaner bent to form a loop at center top of the ball, and attach to this a length of ribbon for a hanger. Make a separate bow of the ribbon and attach at top of ball to cover pipe cleaner and add the finishing touch. Hang the finished Kissing Ball from a ceiling light fixture or in a doorway or archway to spark the Christmas fun.

## Here's Advice for Choosing Best Christmas Tree For Your Home

Selecting the right Christmas tree can bring even more joy and beauty to your home this year.

There's no mystery in this if you know what to look for. There are several kinds of evergreens available for indoor splendor. Most important is a tree that will keep its needles throughout the Yuletide season.

Look for a tree that tapers from a moderately wide base to a graceful spire top. Branches should be close together with abundant foliage of an attractive color and with good texture. Stay away from trees that seem dry and brittle to the touch. They are fire hazards and needle droppers.

Keep the tree in a water-filled base to prolong its needle retention, and change water daily.

Best bet is a balsam fir, if you live in the Northern states. The Norway spruce is fine but is allergic to heated rooms and sheds

its needles quickly. Firs hold their needles particularly well. Pines, though not of the traditional shape, are attractive and popular.

In the South, there is the Fraser balsam fir, the Whitecedar falsecypress, the longleaf and slash pines and eastern redcedar. The Rocky Mountain states have the Englemann spruce, common douglas fir and lodgepole pine, among others.

The West Coast likes the white and silver fir and the California incensecedar.

If you have no objection to a smaller tree, pick one wrapped in now popular plastic materials. This wrapping slows moisture loss, assuring you a "fresher" tree.

Too many people know all the answers and too few have sense enough to know they don't.

## Gift-Wrapping Ideas to Aid Yule Budgets

"I paid almost as much for the wrappings as I did for the gift." How often have you heard that?

With so many Christmas gifts to wrap this month, the paper, cards, ribbons, seals and other decoration for packages can add up to quite a sum, but experts declare, you can wrap quite an attractive package at little expense.

They suggest using a little imagination. Look around the house and see what scrap materials you can find that would make an attractive or unusual wrapping.

Ends of wallpaper rolls, whether left over from your own walls or bought as odd stock at your local paint store, are especially pretty for large packages. Then tie the package with a big red ribbon. Or you may want to use some left-over crepe paper for the bow. Just be sure to crinkle the edges.

Small pieces of aluminum foil or shelf paper from the end of the roll are excellent for wrapping those smaller packages. Or if you have a young child who fingerprints, why not wrap gifts in some of his paintings?

White, green, red or blue tissue paper is quite inexpensive. Make your paper original by pasting on "cut-outs" from last year's Christmas cards. Do this after you have wrapped the package so that you can place them in spots where they will be most effective.

White tissue paper can be made quite appealing by spattering it with red or green ink or water with food coloring added. For a very fine spattering, brush the ink or colored water through a tea strainer. Or you may want to use stencils to make a regular design with the color.

## Nation to Hear Spartan Singers, Ringers of Bells

Two Michigan State University musical groups will make important holiday television and radio appearances before national audiences.

Spartan Bell Ringers, the unusual group of student handbell players, will participate in President Eisenhower's Christmas tree lighting ceremony in Washington, D. C. on Sunday Dec. 18.

The Michigan State Men's Glee Club will appear on the Ed Sullivan television program on Christmas Day.

The Bell Ringers will take part in the tree lighting ceremony beginning at 5 p.m. Sunday at President's park in the nation's capital.

Entitled "Pageant of Peace," the program will be carried by national radio and television networks and the Voice of America for world wide distribution.

The Bell Ringers, organized a year ago by Wendell Westcott, University carillonneur and music department staff member, is a group of 13 students who wield English handbells to provide a distinctively different form of music.

The Glee Club appearance is one of a number of similar presentations by the Sullivan show. They are a consistent favorite with audiences, show directors say.

ONE OF THE CHORAL groups to be featured in the junior and senior high school Christmas concert slated for next Tuesday evening at the Plymouth high school auditorium is the Triple Trios pictured here. From left standing are Karla Herbold, Ann Hulsing,

Beverly Harrison, Beverly Tacia, Sharon Eglloff, Eleanor Skaggs, Marilyn Freyman, Arlene Gobel and Sonya Bench. Accompanying the Triple Trios at the piano (left) is Joan Ebersole.

## Student Choral Groups to Present Concert of Favorite Christmas Carols

A concert of Christmas music will be presented by vocal music groups from Plymouth junior and senior high schools on Tuesday, December 20, at 8 p.m. in the high school auditorium. Urey Arnold will direct the junior high school mixed chorus and Fred C. Nelson, the high school groups.

The Girls Glee club will sing "Gloria," "Jingle Bells," "Over the River and Through the Woods," "Carol of the Bells," "Numbers for the Mixed Chorus are "Angels We Have Heard on High," "Two Christmas Carols,"

"Two Bohemian Carols." The The Girls Glee club will sing "Shepherds Awake," "Toyland," "Sleigh Ride," and "The Christmas Song." "The Angels' Song," "Sleep of the Child Jesus," "Shepherds' Christmas Song," "Twas the Night Before Christmas" and "The Lord Bless You and Keep You" will be sung by the Choir. Also appearing on the program will be the Choralettes singing "No Sound Was in the Village," "White Christmas," and "Winter Wonderland." The Triple Trios will sing "Bring a Torch Jeannette Isabella," "No Candle Was There" and "Jesus, Jesus, Rest Your Head." The Jazz Trio will play appropriate music. Soloist Mary Lou Foote will sing "Moments to Remember."

On the afternoon of December 23 during fourth and fifth hours, several of these groups will participate in the annual Christmas assembly. The Choir, Triple Trios, and Choralettes will sing Christmas carols at Michigan Central Railroad station on Thursday.

### No Chance

After President Coolidge issued his famous "I do not choose to run" statement, he was besieged by reporters seeking a more detailed statement. One, more persistent than his fellows, followed Mr. Coolidge to the door of his library.

"Exactly why don't you want to be president again, Mr. Coolidge?" he asked.

Coolidge turned and looked him squarely in the eye. "Because," he answered, "there's no chance for advancement."

**"Best car manufactured in America today"**

That's what Floyd Clymer, famous automobile authority, said about Chrysler in Popular Mechanics (October)

"I have tested many fine automobiles over all kinds of terrain," writes Mr. Clymer, "and in my judgment Chrysler is the best automobile manufactured in America today."

When you compare this Chrysler with the other two major cars in its price class, you will be in for an electrifying awakening. Because this is power driving as it was meant to be.

You push the "D" on the Pushbutton PowerFlite Drive and a mighty airplane-type engine whisks you away in an instant. There's a new, wonderfully easy feel-of-the-road with Full-time PowerPilot Steering . . . a straight, sure, velvety sense of safety in the stops you get with PowerSmooth Brakes . . . a world of authority in the tremendous response of Chrysler's exclusive airplane-type Fire-Power V-8 engine!

Just one look at this car tells you the power's there. You see it in the flaring "PowerStyle" lines . . . in the flight-swept look of its rear deck and fenders. Let us put you behind the wheel of the "PowerStyle" Chrysler for just 15 minutes this week. Compare its all-around performance with its two price competitors. Then you'll know why "the best car manufactured in America" is your best buy! Come in or call us today!

## HEALTH AND BEAUTY

It has long been said that a woman's crowning glory is her hair. As far as most women are concerned this is true. Although we agree, there are thousands of women who fail to give their hair the simple attention it needs to look its best.

The composition of hair is similar to that of the nails and all horny outgrowths of the skin. The chief substance is called keratin and each hair has an outer and inner skin and a central marrow.

The outer skin is made up of tiny overlapping outgrowths put together very much like a roof of overlapping roof tiles. The overlapping being away from the root and toward the end of the hair.

The inner skin of the corium is the pigment layer of the hair and is where the coloring matter is found. In white hair the pigment is often replaced by air.

The medulla is a central column of a bone. In some very fine hair the medulla is missing.

Each hair has a root which is held in place by the hair follicle. The follicle grows from a small sac known as the papilla.

Your hair cannot look pretty if you are not in good health. You must eat a well-balanced diet including lots of milk and vegetables and fruit. You should have a good amount of vitamin C to keep bright lights in your hair and at least two eggs a week. Calcium is important for hair growth and for strong hair so you should drink at least one pint of milk each day. If you must watch your weight, drink two pints of skim milk.

Brush your hair each day. This is good for oily and dry hair alike. Always brush in upward strokes away from the head. Also massage your scalp at least once each week.

Use a shampoo that is suited to your hair and shampoo your hair as often as is necessary. This may be once every three weeks or twice a week, depending on your system. Rinse the hair thoroughly afterwards.

If your hair needs treatments for some condition such as dryness do not fail to take steps at once. The fewer permanents you have the less trouble you will have with your hair and scalp.

If for some reason you want to change the natural color of your hair, don't try to recapture the shade your hair used to be. A lighter color is usually more becoming to us as we grow older because it makes a softer frame for our faces.

powers rural telephone system! That's the news from Americus, Ga., where successful experiments using the Bell Solar Battery were recently conducted. The Solar Battery, an invention of Bell Telephone Laboratories, is the first successful device to convert the sun's energy directly into a substantial amount of electricity. While it is still too early to predict the future role of the Solar Battery, its development is part of continuing research to help bring more and better telephone service to rural areas.

DID YOU KNOW that Michigan Bell is the largest single taxpayer to the State primary school fund? This year over 8 million dollars was paid by Michigan Bell to the fund. The fund is allocated to school districts throughout Michigan in proportion to the number of pupils in each.

### Supports Efforts For Aged Vets

Efforts of the American Legion to win increased aid for aged war veterans will be vigorously supported by the American Legion Auxiliary.

Mrs. Mildred Hewer, rehabilitation chairman of Passage-Gayde unit of the Auxiliary, has reported.

"With the American Legion, the Auxiliary will urge a 10 per cent increase in the present pensions paid to veterans who are totally and permanently disabled, and who are without adequate income for their support," explained Mrs. Hewer. "We will also ask that income limitations be raised to \$1,800 a year for veterans without dependents and to \$3,000 a year for veterans with dependents."

"We are asking, too, that when a veteran reaches the age of 65, his age alone will satisfy the requirement that he be judged permanently and totally disabled, so that he will be eligible for a pension if his other income does not exceed the limitations."

### Library Helpful On Yuletide Preparations

Dunning library has answers to many of the puzzling questions and problems that come up during the Christmas season.

For instance, books can offer practical help on such aspects of Christmas as recipes for Yuletide cakes and cookies, suggestions for gifts you can make yourself, ideas for decorations, plays for church or school, and the words and music for favorite Christmas carols. In addition, helpful material is available on Christmas customs, holiday parties, Christmas poetry and other related topics.

The story behind the celebration of Christmas is told in such books as "The American Christmas," "All about Christmas" and "The Christmas Book." Songs, poetry and stories are found in "Let's Celebrate Christmas." Many of the books cover aspects ranging from the religious meaning of Christmas to ideas for gifts, greeting cards, and food. Some of the titles include American Home's "Christmas Book," and "Popular Mechanics' Christmas Handbook."

Holiday decorations are a perennial problem and the library has numerous books with new and different ideas. They are "Make Your Own Merry Christmas," "Christmas Make-It Book," "Christmas Lighting and Decorating" and the "Christmas Idea Book."

For holiday menu ideas, the library has "The Christmas Cook Book," while Christmas carols and songs can be found in other publications.

### Ad Women Seek Coins for Hospital

Anybody got an extra quarter? The price of five candy bars, or five cokes?

The 1700 patients of Northville State Hospital have a candy vending machine, and a refreshment counter. Just like you and me, they enjoy candy and pop. There's only one problem. No money.

The Women's Advertising Club of Detroit has collected about 200 quarters. Their goal is 1700, one for every patient. Interested?

You can send your quarter to Hap Hazard, Campbell Ewald, General Motors Bldg. 2) or to Barbara Marx, Bielfield Agency, 740 Free Press Bldg. (26). Quarters anyone?

### Two Residents Get Promotions At Burroughs

Two Plymouth residents have been promoted to more responsible positions at the Burroughs Corporation's Plymouth division.

Wilbur Kincaid, of 9243 Rocker, was appointed superintendent of plant engineering, and Robert Carey, of 8892 Morrison, was made general superintendent of the production control activity.

"These promotions are part of a general realignment of activities since our recent divisionalization," Niemi said, "designed to accommodate expanding production operations and to consolidate supervision of many commercial and defense operations."

Kincaid joined Burroughs in 1947 as a plant layout engineer in the Detroit plant. In 1952, he was made supervisor of plant layout for both the Detroit and Plymouth plants, and following greatly increased activity at Plymouth, he was transferred here later that same year to devote full time to Plymouth plant layout problems.

Carey joined Burroughs in 1937 as a parts manufacturing expeditor in the Detroit plant. He was made assistant superintendent of the production control division, and in 1953, transferred to the Plymouth plant as assistant superintendent of production control and engineering services, the position he held until his current promotion.

Americans who live in mobile homes now total 2,500,000, more than the population of either Los Angeles or Philadelphia. Most of these homes on wheels are concentrated in some 2,000 mobile homes parks throughout the nation.

The difference between profit and loss is often a matter of intelligent advertising.

### Assembly Closes Yule Celebration At High School

A Christmas assembly in the high school gymnasium on Friday, December 23, the last day of school before vacation, will climax Plymouth high school's holiday celebration.

Entertainment at the assembly will include Christmas skits presented by each grade, vocal and instrumental music by special groups, and Christmas carols sung by the student body. A teachers chorus will sing "Deck the Halls" and "Don't Wait 'Til the Night Before Christmas."

The choir will sing "Angel Song," "Twas the Night Before Christmas," and "Jingle Bells." Triple Trios will sing "Bring a Torch, Jeannette Isabella." The song, "Moments to Remember," will be sung by Mary Lou Foote, a twelfth grader. The vocal groups will be accompanied by Fred Nelson, director, at the organ. A saxophone trio will also play.

Ninth and twelfth graders will attend the program fourth hour; sophomores and juniors will attend fifth hour.

To buy and decorate a Christmas tree for the front corridor of the high school has been an annual custom of the Student Council and was continued this year.

Music by Fred Nelson will come from the organ in the front corridor every morning from 8:15 to 8:30.

To the Supervisor and Highway Commissioner of the Township of Canton, Wayne County, Michigan.

You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting of said Board held on November 14, 1955, decide and determine that the certain alley described in the minutes of said Board, heretofore taken over as a County road, should be absolutely abandoned and discontinued as a public highway, reserving therein the easement set forth in said determination.  
The portion of the minutes of said meeting fully describing said alley is

attached hereto and made a part of this notice, which is given under and by virtue of Act 283 of the Public Acts of 1909, as amended.

In testimony whereof, I have hereunto set my hand at Detroit, Michigan, this 23rd day of November, A.D. 1955.  
MICHAEL J. O'BRIEN, Chairman  
WILLIAM E. KREGER, Vice-Chairman  
CHARLES L. WILSON, Commissioner  
BY SYLVESTER A. NOETZEL, Secretary and Clerk of the Board  
Commissioner Wilson moved the adoption of the following resolution:

WHEREAS, pursuant to petition and in accordance with the provisions of Section 12, Chapter 4, Act No. 283, P.A. 1909, as amended, this Board has conducted a hearing to determine the advisability of absolutely abandoning and discontinuing:

The alley 20 feet wide in the rear of or adjacent to Lots 9, 10 and 32, as dedicated for public use in Wayne Garden Park Sub'n. No. 1 of N.E. 1/4 of N.W. 1/4 of Sec. 26, also that part of S.E. 1/4 of S.W. 1/4 of Sec. 25 lying south of the center line of Michigan ave. T. 25, R. 22, Canton township, Wayne County, Michigan, as recorded in Liber 26 of Plats in Page 53, Wayne County Records.

Also that part of said 20 foot alley lying in the rear of that portion of Lot 11 lying Easterly of the northerly extension of the westerly line of Lot 32, as dedicated for public use in Wayne Garden Park Sub'n. No. 1, and

WHEREAS, a view of the premises above described was had in accordance with said statute.

NOW, THEREFORE, BE IT RESOLVED, that it is in the best interest of the public that the above-described County road or portion thereof be absolutely abandoned and discontinued and that said road or portion thereof is hereby absolutely abandoned and discontinued reserving therein an easement for public utility purposes.  
The motion was supported by Commissioner O'Brien and carried by the following vote:  
Ayes, Commissioners O'Brien & Wilson, Nays, None.  
Absent, Commissioner Kreger.

**State Traffic Toll May Exceed 2000**

It now appears almost certain that more than 2,000 persons will lose their lives in Michigan traffic accidents in 1955.

This probability was borne out when the State Police monthly traffic accident report revealed that 204 persons were killed during October, raising the death toll to 1,614 for the first 10 months of 1955.

The October toll exceeded 200 for the second month this year and was up 37, or 22 per cent, over October 1954.

Should the total for the year pass the 2,000 mark, it will be the third time in recorded Michigan traffic history. The high record was in 1937 with 2,175, and the second high in 1941 with 2,133. October's injury toll was 5,657, or an increase of seven per cent over the same month last year. Reported accidents numbered 17,812, a nine per cent increase.

Injuries for the first 10 months of this year total 49,060 and reported accidents 154,571. These figures represent increases of nine and five per cent, respectively, over the same period of 1954. Deaths in rural areas were up 15 per cent while urban deaths were down seven per cent.

Mileage traveled the first nine months of this year, the latest figure available, was 22.1 billion, an increase of nearly nine per cent over 20.3 billion in the same period last year. The death rate of 6.4 per 100 million miles of travel was up two per cent.

To be effective, laws or court decisions must have the support of the majority.

**Professor To Discuss Vegetable Gardening**

Professor John Carew, Michigan State University Vegetable Gardening Specialist, will start the 1955-56 Vegetable Lecture Series for home gardeners and commercial growers at 7:30 p.m. Tuesday, December 20.

All meetings are held at the Cooperative Extension Service Building, 3930 Newberry Street, Wayne, Michigan. They are free and open to the public. Dr. Carew, will discuss the latest developments in vegetable varieties. He is co-author of "Vegetable Production and Marketing" and editorial consultant for Market Grower's Journal. For many years, Dr. Carew was on the faculty of Cornell University. He has traveled extensively in Europe and England to observe vegetable production. Many recently introduced vegetables are superior to older varieties.

# Official Proceedings Plymouth City Commission

Monday, November 21, 1955

A regular meeting of the City Commission was held in the Commission Chamber of the City Hall on Monday, November 21, 1955 at 7:30 p.m.

**PRESENT:** Comms. Cutler, Guenther, Henry, Roberts, Sincoc and Mayor Daane.

**ABSENT:** Comm. Terry.

Since Comm. Terry was ill, his absence was excused by the commission.

Moved by Comm. Cutler and supported by Comm. Roberts that the minutes of the regular meeting of November 7, 1955 be approved as written. Carried unanimously.

Moved by Comm. Sincoc and supported by Comm. Roberts that bills in the amount of \$95,776.87, as approved by the auditing committee, be allowed and warrants drawn. Carried unanimously.

The Clerk presented the following reports for the month of October: Municipal Court, D.P.W. Health, Treasurer, Cash Statement, Police and Fire. The Mayor ordered the reports accepted and placed on file.

The Clerk read a proposed ordinance to amend Ordinance No. 182, Zoning Ordinance.

Moved by Comm. Cutler and supported by Comm. Henry that the proposed ordinance to amend Ordinance No. 182, Zoning Ordinance, be passed its first reading. Carried unanimously.

The Mayor presented a communication and resolution from Trenton, Michigan relative to supporting the moving of Willow Run Airport to the Wayne County Airport. The communication was ordered accepted and placed on file.

Moved by Comm. Guenther and supported by Comm. Cutler that the City Manager be authorized to engage the services of Clifford manuring to aid in the acquisition of rights-of-way for sewer easements in the south end of the city. Carried unanimously.

The City Manager presented 3 methods that are available for financing the sewer project in the south end of the city. Mr. Clarence Elliott presented his views concerning financing and costs. Deciding further study needed to be made, a special meeting was set for November 28, 1955 at 7:30 p.m. to consider the matter further.

The City Manager presented a tabulation of bids for a police car, recommending the bid of Forest Motor Sales for 1 1956 Plymouth Plaza V-8 in the amount of \$728.94, plus a trade-in of 1 1955 Plymouth.

Moved by Comm. Sincoc and supported by Comm. Henry that the City Manager be authorized to purchase 1 1956 Plymouth from Forest Motor Sales as per his recommendation. Carried unanimously.

The City Manager presented a recommendation from Chief of Police Fisher stating that a traffic light not be installed on S. Main street between Ann Arbor road and Ann Arbor trail.

Moved by Comm. Cutler and supported by Comm. Sincoc that the recommendation of Chief Fisher not to install a traffic light on S. Main street be accepted. Carried unanimously.

The following resolution was offered by Comm. Henry and supported by Comm. Guenther:

**RESOLVED,** that until further notice, McNamee, Porter and Seelye, Consulting Engineers, have been designated as the official engineers to act on behalf of the City of Plymouth in the preparation and approval of plans and specifications for water facilities, except laterals, and that Herald F. Hamill, Consulting Engineer, has been designated by the commission of the City of Plymouth to act as its official engineer in the preparation and approval of plans and specifications for water laterals and sewerage facilities, and

**BE IT FURTHER RESOLVED** that plans and specifications for water and sewerage facilities proposed to be installed be submitted in proper form to the Board of Wayne County Road Commissioners and to the Michigan Department of Health for approval. Carried unanimously.

The appointments to the planning commission were postponed until the special meeting of November 28, 1955.

Moved by Comm. Cutler and supported by Comm. Roberts that the meeting be adjourned. Carried unanimously.

Time of adjournment was 8:40 p.m.

**Monday, November 28, 1955.** A special meeting of the City Commission was held in the Commission Chamber of the City Hall on Monday, November 28, 1955 at 7:30 p.m. to consider the following:

## New Books at Dunning Library

Heading the list of new books received this week by Dunning library was Norman Mailer's best-selling novel, "The Deer Park," concerning life in a California movie colony.

Other new arrivals were Lawrence Sanders' "The Queen's Cross," life and times of Isabella of Spain; "The Winged Sword" by Leslie T. White, story of France and the Crusades; and another novel concerning the First Crusade, "Silver Leopard" by F. Van Wyck Mason.

In addition, the library received "The Highwayman," Noel B. Gerson's novel dealing with the capture of Louisburg during the French and Indian War; "Esther," life of the biblical heroine by Nathaniel N. Weinreb; Edith Hamilton's "Mythology."

Third edition of "Sportsmanlike Driving," published by the American Automobile association for high school driver education programs; "The Complete Short Stories of Guy deMaupassant," editing and translations by Professor Artine Artinian; Harry Bloom's novel, "Episode in the Transvaal."

Former circuit books now part of the permanent collection are "Unconditional Hatred; German War Guilt and the Future of Europe" by Captain Russell Grenfell, R. N.; Samuel Eliot Morison's history of U.S. Naval operations in World War II, "The

Battle of the Atlantic, 1939-43; Volume I; and "Dancers of Bali" by John Coast.

Other newcomers are Wayne D. Overholser's western, "Cast a Long Shadow;" "Allergy Cooking" by Marion L. Conrad, George H. Coxe's mystery which was serialized in Chicago newspapers "Top Assignment;" "The Answer Is God," story of Dale Evans, Roy Rogers and the miracle that changed their lives, by Elise Miller Davis.

Edgar Maass' sea tale, "The Magnificent Enemies," concerning piracy in the late Middle Ages; "Castle Garac," novel by Nicholas Monsarrat and Leon M. Uris' spy thriller, "The Angry Hills."

We are not yet convinced that President Eisenhower is out of the political picture.

Locally Trained Dog Sent to Ike

One of the warm greetings that President Eisenhower received when he returned to his Gettysburg farm recently was a Weimaraner hunting dog trained in Plymouth. The dog was a gift to the President from Dr. Richard T. Street, a Dana Point, California dentist.

Dr. Street, who is the author of two books on Weimaraner dogs, comes to Michigan twice a year to hunt and fish. "We trained these dogs at Plymouth just by accident, but we are coming back next spring to get photos to illustrate the book," Dr. Street said.

The President owned a female Weimaraner so Dr. Street sent him a male after the President had written to him asking about purchasing a puppy. The offer was promptly accepted by the President.

The doctor's two books are "Weimaraner Afield" and "Woodcock and Weimaraner." Dr. Street said that the books were read by the President.

Since the dog was to be used for hunting, it was decided to send one that had been partially trained. Last summer Dr. Street trained two of his Weimaraners here at Plymouth, so it was decided to send one of these to Gettysburg.

Most of the material for the two books was gathered while on hunting trips and dog training sessions in this area, Dr. Street said.

OUTDOOR NOTES

From The MICHIGAN DEPARTMENT OF CONSERVATION

Snowshoe hares and cottontail rabbits, Michigan's most popular small game animals, are supplying plenty of sport for hunters at this time of year.

Rabbit populations appear to be increased and successes so far this year give indication of a good season.

Hunting seasons on rabbits extend through January 31 in the southern half of the lower peninsula and through March 1 in the northern portions of the state.

Bag limits are five per day, 10 in possession and 50 for the season.

Last year, hunters killed more than 1,400,000 cottontails and 205,000 hares. Game specialists say hunters could harvest two-thirds of the rabbit population in a single season without reducing next year's production, but actual hunter take is far less than half the population.

Pleasant snowfall has aided rabbit hunters this season in tracking and checking on rabbit activity.

"Tree Farms," a new 15-minute black and white sound film is now available to the public through the Conservation Department's film loan service.

The film was produced in Michigan and tells the story of Michigan's tree farms and the farm forest system.

The state ranks seventh in the nation with 381 tree farm units. More than 734,000 acres are included under the program.

In addition, farm forests produce a large amount of timber each year. Any farmer who has a woodlot can get help and advice from trained Department foresters on timber production. Thirty prints of the film will be available for schools, sportsmen's clubs and other groups.

Applications for employment in Conservation Department field work are now being accepted by the Michigan Civil Service Commission.

Examinations to be given January 28 will fill vacancies in the positions of "Forestry Aide A" and "Forest Fire Lookout B." Deadline for applications is December 21.

Forest fire lookout positions are filled on a seasonal basis while forestry aides are year-round employees.

Application blanks and additional information can be obtained at all county clerk offices, Michigan employment security offices, or from the Civil Service Commission, Lewis Cass Building, Lansing.

Ski tows will run at Porcupine Mountains state park in the western upper peninsula this weekend for the first time this season.

Recent heavy snows blanketed the park. In some places, three to four feet have piled up.

The popular park last year entertained thousands of skiers. Rope-tows and a warming house are available.

Hunters appear headed for a record deer kill in the December 1-11 special season in parts of Allegan county.

Some 1056 hunters, about 70 per cent of the 1500 permitted, bagged 55 deer in Allegan during the first four days of the special season.

The total approaches the record high of 79 deer taken during the 1942 season and already has surpassed the next best kill of 54 during the entire 1949 season.

The special seasons were initiated in 1941 in Allegan county to reduce deer damage to farm crops in the area.

Good snow conditions this year have aided hunters who have bagged 16 adult deer and 39 deer of the current year.

Michigan wildlife workers will speak at the North Central States Weed Control Conference in Omaha, Nebraska this week on the use of chemicals in the production of game habitat.

B. C. Jenkins and Ralph A. MacMullan of the Conservation Department will speak on the use of chemicals in upland habitat work and on the control of undesirable plants in water-fowl flooding projects.

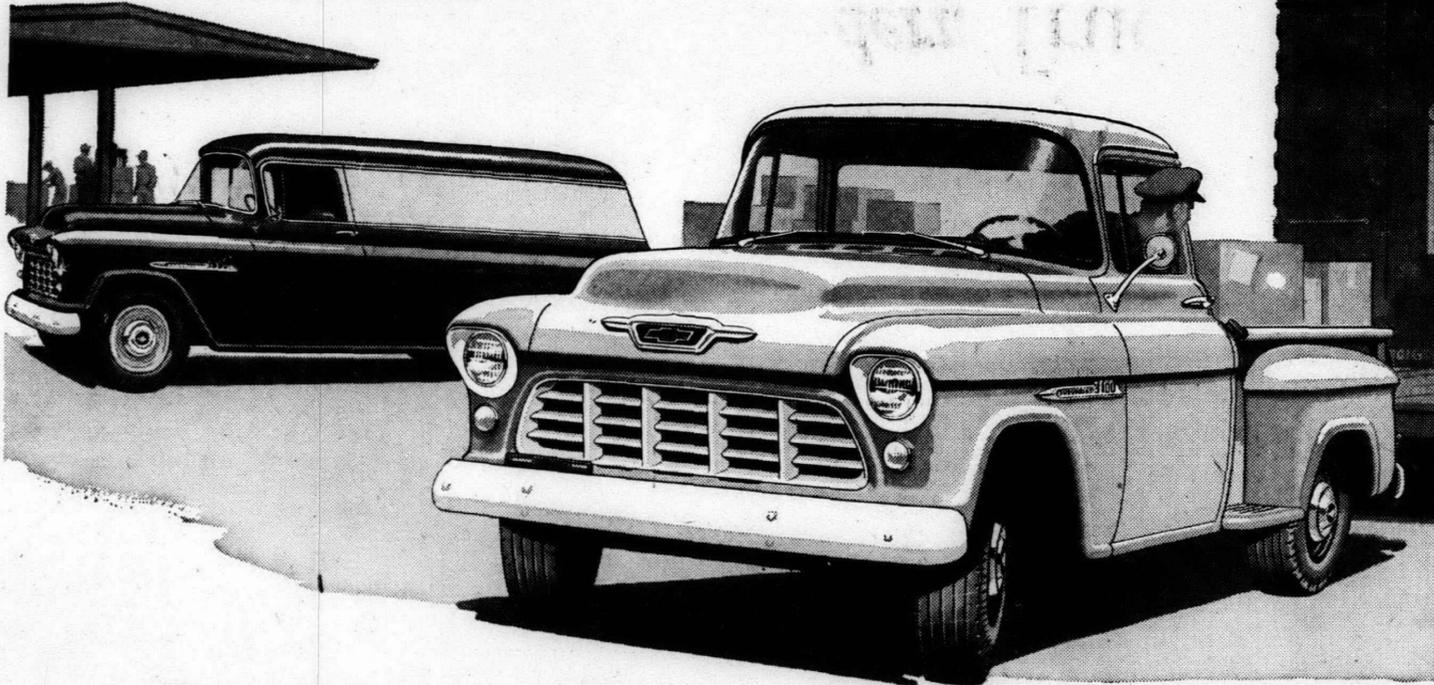

Most of the conference will be concerned with the use of chemicals in agriculture and in right-of-way maintenance.
