City Sewer Finance Plan Approved

Householders Given Estimate Of How Much Project will Cost

City commissioners came to agreement Monday night about how to finance the proposed \$600,000 sanitary sewer for the southern portion of the city and figures have been set down to give homeowners an idea of what they can expect to pay for the project.

Final plans for the city's largest sewer program are expected to be ready for the commission's next meeting on February 6. The city manager was instructed to have the sewer ordinance drawn up by bonding attorneys and it is expected to have the ordinance's first reading at the next meeting.

Fire Siren Keeps Hot in Township

Friday the 13th lived up to its reputation as far as Plymouth township firemen were concerned. They had three runs that day and a total of seven since last Thursday.

The alarm last Thursday was to the Howard Strebbing home, 14835 Eckles road, where a hot water boiler had become overheated. Firemen found that the boiler was still heating but no water was running into it.

The Friday the 13th runs started at 1:05 a.m. when firemen were called to assist Canton township firemen with a house fire. A fire in the basement of the William Witt home, 6345 Haggerty, did damage estimated at \$500. Canton firemen were on the scene until 3 a.m. The blaze was reported due to overloaded fuses.

At 10:30 a.m. that same day, a stubborn fire confined to a bedroom closet, was fought at the home of Edward Nidy, 11020 Southworth. Although flames were confined to the downstairs bedroom, smoke caused damage throughout the house. Firemen have no estimate on the damage and the cause has not been determined.

At 12:45 p.m., a call came from the Marcus Iron & Metal company on Ann Arbor road. Four dual tires on a crane had caught fire; believed due to backing the crane onto a fire, firemen said.

Last Sunday at 9 p.m. township firemen received a call from Harry Wiley, 11420 Gold Arbor. The motor on a furnace had burned out, sending smoke through the home. At 11:01 p.m. Sunday, soot in a furnace caused fire to blow back into the home of Morris Cope, 9051 Elmhurst. Another call was received at 4:18 a.m. Monday when the furnace did the same thing.

Two Local Men Pass Bar Exam

Two Plymouth men were among the 233 applicants who passed the Michigan bar examination last September. The Supreme Court announced this week.

They are Roger G. Kidston, 1107 West Ann Arbor trail, and Robert B. Delaney, 48130 Gyde road. There were 321 who took the examination at the University of Michigan. Seventy-two per cent passed.

Delaney expects to open his own law firm in Plymouth, he announced yesterday. He is currently working in the office of Municipal Judge Nandino Perlongo.

Kidston will be entering the Marine Corps after his graduation in June from the University of Michigan. He has been in the Marine Reserve program and must serve two years of active duty.

Stamp Company Plans General Meeting

The second general meeting of the members of the Plymouth Community Stamp corporation since its inauguration September 22 will be held next Wednesday evening in the Miles Standish room of the Hotel Mayflower.

Corporation President Joseph Rucker stated that all members have been invited to attend the dinner meeting to review the progress of the program to date and to outline plans for the future. He reported that the financial condition of the non-profit corporation had been termed as "excellent" by the accountant firm of Sutherland & Robson. Donald Sutherland, partner in the firm and also a member of the board of directors of the stamp company, will give a financial report to the group.

Time of the dinner will be 7 p.m. Robert Sincock is chairman of program arrangements.

Re-elect Criger As Community Fund President

Marvin Criger, president of the Plymouth Community Fund board of directors for the past year, was re-elected to that post at the annual meeting held Tuesday night at the Veterans Memorial Center. Three new members were also elected to the board to fill vacancies and three others were re-elected.

Named as officers besides Criger were Mrs. L. B. Rice, vice-president; John Pint, treasurer; and Mrs. Carl Caplin, secretary. Mrs. Caplin had served on the board a short time to fill an unexpired term and she continues her job as secretary without being on the board.

The three new members elected and their length of terms are Dr. R. R. Barber, three years; John Pint, three years; and Mrs. Claude Gebhardt, one year.

Former members re-elected were Samuel Hudson, three years; Mrs. Ralph J. Lorenz, two years; and Robert Maurer, three years. Other members rounding out the 12-member board are John Gaffield, Sheldon Baker, A. E. Vallier and Philip Barney. Leaving the board besides Mrs. Caplin are George Witkowski and Harry Roberts.

Several board members of the Plymouth Salvation Army Corps appeared at the meeting to ask that their share of the 1955 fund drive be re-established at \$5,000, the same as in previous years. The corps had been allocated \$4,500. After a lengthy discussion, the board voted to raise the Salvation Army's share to \$5,000 providing that a more detailed budget is submitted for the 1956 drive.

Representing the Salvation Army were Frank Henderson, Mrs. Nell Curry, Mrs. Russell Roe and Robert Willoughby. The resignation of Philip Barney was tendered during the evening but the board took no action.

Salvation Army Directors Meet

Frank Henderson was elected chairman of the Salvation Army Advisory board at its annual dinner meeting held at Arbor Lill last week.

Reports of the local corps' activities were presented by Senior Major and Mrs. H. J. Nicholls, officers in charge and officers of the board.

Elected besides Henderson were Robert Willoughby, vice-chairman; Mrs. Frank Henderson, secretary and Mrs. Daniel Mills, treasurer. Other board members are Mr. and Mrs. Edward B. Gardner, Loren Goodale, Reverend Robert Richards, Mrs. Russell Roe, Mrs. Nell Curry, Mrs. Walter Clark and Mrs. Katherine Todd.

Guest of the group was Lieutenant Colonel T. M. Larsen of Detroit, divisional commander of the Army, who addressed the gathering on the work and objectives of the Salvation Army. Other guests were Mrs. Walter Clark, Mrs. Robert Willoughby and Sergeant and Mrs. Harvey Thomas.

Band Carnival Set for Weekend

The annual Band Carnival gets underway this Saturday at the high school, with a host of activities planned for the entertainment of Plymouth residents from 5:30 to 11 p.m. The event is being sponsored by the Band Parents association as a booster to their drive for purchase of new band uniforms.

Mrs. Eber Readman is general chairman for the affair. Members of the Band Parents association will be in charge of the various concessions.

Featured prize of the evening is a clock radio to be awarded some lucky visitor. Other attractions include a spaghetti or ham loaf supper and a wide variety of concessions.

Starting at 5:30 the supper will be served cafeteria-style. Prompt service has been assured all diners. At 6 p.m. the following concessions will open: Snack bar, fish pond, spook house, white elephant sale, movies, amateur show, pie and cake walk.

Tickets may be purchased from band members or at the door Saturday night.

City's 25 mph Speed Limit Debated by Commission

The question of whether Plymouth's speed limit of 25 miles per hour is too slow was raised by several city commissioners at their meeting Monday night, but there is no indication that any change is forthcoming.

Commissioner Ernest Henry did most of the questioning about the 25 mile an hour limit. He asked if it might be possible to secure a traffic engineer to "bring Plymouth's speed limit up to date."

There is no driver in Plymouth who hasn't sometimes violated the limit, Henry asserted. "If conditions are favorable, he will naturally speed it up."

He maintained that especially the new portion of Main street and Mill street should be allowed faster limits, perhaps 30 or 35. "I would much prefer to see a 35 mile an hour limit properly enforced than a 25 mile limit not enforced," Henry declared.

The discussion arose when Commissioner Marvin Terry questioned Chief of Police Kenneth Fisher about speeders on Main street. He maintained that the electric timing device should be used more often to catch speeding cars on the new street.

City Manager Albert Glassford stated that he doubted if many people in Plymouth want the speed limit any faster. He added that it would be possible for the police department to check average speeds on the city's streets by using the timing device, and setting the speeds accordingly.

Chief Fisher noted that people living along streets would object if faster limits were allowed. "South Main street, for instance, has no curves and offers good vision for cars coming out, making faster speeds possible. But just two months ago we got a petition from residents in that area asking for a traffic light to protect their children."

It was also pointed out that a car going 35 miles an hour on Main street does not reach the other end much sooner than one going 25 miles an hour. No further action was taken.

Symphony To Present Family Bill

A program of all-Viennese music will be presented January 29 by the Plymouth Symphony orchestra for its fourth concert of the current season. Scheduled as the "Family Concert," the music has been selected to appeal to every member of the family, and especially children.

Conductor Wayne Dunlap announced that the newly-formed Plymouth Junior Symphony, directed by Donald Morris, will make its first public appearance as an attraction of the Family Concert. The orchestra is composed of 25 members.

Always a favorite and well-attended performance, the Family Concert will be making its fifth consecutive appearance on the orchestra's yearly schedule. The 90-piece orchestra has been enjoying unusual success throughout its tenth season and its last production of "Hansel and Gretel" played to a standing-room-only crowd. Although the concerts begin at 4 p.m., the public is urged to attend early. Additional seats will be provided in the high school gymnasium to accommodate all concert-goers.

The program will include: Schubert's Marche Militaire; Mozart's Sleighride Dances; Symphony No. 8, second movement by Beethoven; Surprise Symphony; second movement by Haydn; Brahms' Hungarian Dances Nos. 1, 3 and 10; Johann and Josef Strauss' Pizzicato Polka; Perpetual Motion, Tales from the Vienna Woods and Pleasure Train Polka by Johann Strauss, Jr.; and Radezky's March by Johann Strauss, Sr.

Featured in the Tales from the Vienna Woods will be Robert Pfaffhuber, zither player from Bavaria.

Two Boys Caught After Wild Chase

A wild chase by Plymouth police of a car carrying three Detroit teen-agers reached speeds of 95 miles an hour last Thursday morning and resulted in the capture of two of the youths who were believed involved in a breaking and entering in Oakland county.

The two Plymouth patrolmen began their chase at 3:17 a.m. after noting a 1955 car at a filling station at Main street and Ann Arbor road which they believed bore license plates not assigned to the car. A radio check found that they were assigned to a 1951 car.

As the car left the station, the patrolmen began the chase which took them east on Joy road to Newburg, south on Newburg to Ford, east on Ford to Middlebelt, and south on Middlebelt to Ecorse. Not gaining on the car, patrolmen radioed Wayne county sheriff department for aid. At VanBoren road, a sheriff's car joined the chase. Near Ecorse, the pursued car stopped and three boys jumped out and ran into a field. A shot was fired at one of the youths by a deputy. By this time several other sheriff's cars, a patrol car from Inkster and two from Taylor township were on the scene.

Two boys were arrested, 15 and 16 years old. In their car were found cigarettes and wine taken in an Oakland county burglary. Local police indicated that they would like to have the boys when sheriff's detectives are through.

Township Gets New Resuscitator

Plymouth township fire department has added the valuable resuscitator to its rescue equipment. It was announced this week by Fire Chief Howard Honaker.

Although the new piece of equipment was purchased last fall, it had not been put in use until recently. It is now being acquainted with its operation. It will be placed on the truck carrying the remainder of the department's rescue equipment.

The resuscitator is fast becoming standard equipment with fire departments throughout the nation. Township citizens are urged to call their department for use of the resuscitator in cases of asphyxiation, drowning and other cases of impaired breathing. Even heart attack victims are sometimes helped.

All township firemen who work extra hours at the fire station have become qualified to use the resuscitator. The fire department's number is Plymouth 3020.

One run was made with the resuscitator in December, but the heart attack victim was dead on arrival.

Local Defense Contract Renewed by Air Force

The United States Air Force has renewed its contract for the manufacture of gun-bomb-rocket sights at the Burroughs corporation Plymouth plant, it was announced this week by Major General David H. Baker, director of procurement and production air materiel command in Dayton, Ohio.

The contract is for \$1,058,552. Air materiel command is the world wide procurement supply and maintenance source for the entire air force. The manufacture of gun-bomb-rocket sights is among the various defense work projects performed at the Plymouth plant.

Dr. McClusky to Address Character Research Group

The dynamics of the Vicarious Sacrifice unit will be the topic of discussion at a meeting of the Plymouth Character Research group Monday evening at the home of Dr. and Mrs. Barry Alford, 14001 Beck road.

Dr. Howard McClusky, professor of educational psychology at the University of Michigan, will discuss the unit which is based on the meaning of the Cross in Christianity.

Money Taken from Five

A total of \$16.30 was taken from five purses at a teen-age dance held at Plymouth high school last Saturday night.

Five girls reported various sums of money taken from their purses which were left in the ladies rest room during the dance. Police were told that this was the only place the purses could be left since there was no check-room.

Police Seek Stolen Car

A black 1949 Mercury was stolen Tuesday night while its owner bowled at the Parkview Recreation alleys on Ann Arbor trail. Police said that the car of Warren E. Lewis, 11290 Gold Arbor, was taken between 7 and 9 p.m. from the parking lot beside the alleys. A description has been sent to all departments in the area.

TWO YOUNG POLIO victims, Chuck Olson and Verna Spayth, get encouragement from an older one, Miss Mary Anne Witwer, a senior in the School of Nursing Education, Michigan State university. Chuck and Verna both still take treatment at University hospital. Mary Anne was in critical condition when she was stricken in 1952. All are from Plymouth.

Here's How Your Dimes Have Helped Plymouthites

(EDITOR'S NOTE: This is the second in a series of letters written by victims or parents of victims of polio. Their purpose is to tell Plymouth Mail readers of how their dimes and dollars are used to help their neighbors overcome the crippling effects of polio.)

Mary Anne Witwer was stricken with polio on August 5, 1952. She had some facial involvement, a completely paralyzed throat on which they did a tracheotomy; serious involvement of the muscles, both front and back, in the upper left quadrant of the trunk, both hips and both legs.

She had three special nurses during the several days she was "critical." After spending about three and one half months at the University hospital in Ann Arbor, she returned home with a steel corset, wheel chair, spring sling for her left arm, and one crutch.

All of her care, including surgery, special nurses, hospital care and out-patient care not covered by our hospital insurance, was paid by the Wayne County Chapter of the National Foundation for Infantile Paralysis. To them we shall always be grateful.

Mr. and Mrs. Joseph R. Witwer 593 Edison

Verna was just 21 months old when polio struck. With both of her arms, both legs and her back paralyzed, she was taken to University hospital where she remained for five months.

When she came home, she wore two leg braces, one arm brace and sat in a wheelchair, all furnished by the National Foundation. This Tuesday she was two years old. She wears but one long leg brace now and each month returns to the Out-Patient Clinic for treatment. Soon she is to have an operation on her other leg.

We can't say too much in favor of the National Foundation. They have been wonderful. As a coincidence, my little boy was used in the Salk polio vaccine tests at University hospital after he was born there in February 1954. I believe that our consent to have him used in the tests shows our faith in the National Foundation.

Impersonates Cop To Stop Motorist

A man who impersonated a police officer in order to stop a car was able to terrify a Plymouth woman last Thursday night on Schoolcraft road in Livonia.

Mrs. William A. Henry, 38, of 42066 East Arbor trail, was driving east on Schoolcraft near Leving road at 6:45 p.m. when a car forced her to the side of the road.

A man of about 38 years of age told Mrs. Henry that he had been pacing her car for some distance and that he wanted to see her identification. Livonia police said that the stranger then grabbed Mrs. Henry and placed a scarf over the mouth to muffle her screams.

At the same time, Mrs. Henry took her foot off the clutch and her car lunged forward into a ditch, police added. She then broke away toward a nearby house where she called police.

The man ran back to his car and headed toward Plymouth on the wrong lane of Schoolcraft road. Plymouth police were alerted but no trace of the man has been found. He was reported to be about 5 foot 11 inches tall, weigh about 190 pounds, brown hair, wore a brown suit and topcoat and no hat.

Husband, Wife Solo

While most housewives sit at home and fret while hubby leaves the house to pursue his favorite hobby, that's not true in the case of Mrs. Mark Everett, 40826 Gilbert.

Both of the Everetts have taken up flying and both soloed for the first time last Sunday. They are taking their flying instruction with Bob Mettetal, operator of Mettetal Airport. They will receive their license after receiving further instruction.

The Everetts recently purchased a Taylorcraft in which they will pursue their new hobby together.

Police Seek Stolen Car

lysis in the left leg and complete paralysis in the right one. He came home at the end of October with braces and crutches after having had baths, hot packs, and many hours of exercise. The expense at that time averaged \$150 a week. We were covered by special Polio Insurance bought earlier; but all the equipment used for Chuck was financed by the Wayne County Chapter of National Foundation for Infantile Paralysis.

After three years, surgery was needed to correct what couldn't be done by exercise. They transplanted tendons in the right foot in July 1955. The surgery proved to be very successful.

No longer having insurance to cover the great expense, the National Foundation is now making it possible for us to continue having Chuck an out-patient at University hospital in Ann Arbor. The doctors are certain he will remain an out-patient until he is full grown, so there are many months and years to come that we shall be grateful for the March of Dimes.

Coffee Fans to Aid Local Dimes Drive

Two local restaurants will give Plymouth's polio drive a boost by donating a part of their proceeds to the fund. They are Barney's Plymouth Grill, 950 Starkweather, and Jack's Burgers, 794 Penniman.

Jack Young of Jack's Burgers said that the proceeds from coffee and doughnut sales this Saturday will go to the March of Dimes. H. Philip Barney of Barney's Plymouth Grill will give his coffee proceeds to the drive on the following Saturday, January 28. Barney has followed this practice for several years.

Collision Sends Local Motorist to Hospital

George Beard, 137 Union street, was taken to Wayne County General hospital early Sunday morning when his car collided with another at Wilcox drives. Police said that Beard suffered lacerations of the face and neck.

Beard was driving north on Hines drive when his car collided with another driven by John Pendergast of Detroit which was traveling northwest on Wilcox. Pendergast said that he started to cross Hines and did not see Beard's car coming. Beard indicated that he didn't think that Pendergast heeded the stop sign.

Pendergast was issued a reckless driving ticket by police.

### Horie - Swope Nuptials Read

Mrs. Dow J. Swope of 1182 Dewey street, Plymouth announces the marriage of her daughter, Diane Judith, to Paul O. Horie, son of Mr. and Mrs. William J. Horie of 15940 Middlebelt, Livonia.

The ceremony was read at 4 o'clock Saturday afternoon, November 19, by the Reverend William J. Van Vliet at the Chapel in the Garden, Angola, Indiana.

The bride is a 1955 graduate of Plymouth high school. Mr. Horie attended Bentley high school and is now serving with the U.S. Army, 99th Anti-Aircraft battalion. He is stationed on the Detroit east side.

The many Plymouth friends of Mrs. Glen Northrup of Johanna, Michigan, will regret hearing of her death last week at the home of her daughter in Salem. Burial was last Friday for Mrs. Northrup, for many years a resident of Plymouth.

Carl Pursell, son of Mr. and Mrs. Roy Pursell of South Main street, was escort to Miss Peggy Brown of Wyandotte, Queen of the 1956 Military Ball at Michigan State Normal College held at Charles McKenny hall, Ypsilanti on January 13. Miss Brown, who is affiliated with Delta Zeta, is the fiancée of Carl, who is vice-president of Tau Kappa Epsilon.

Mrs. Dorothy Swope, Mrs. Howard Sharpley, Mrs. Lawrence E. Lyons and Mrs. Florence Neale enjoyed dinner at the Hotel Mayflower, Thursday evening, with bridge afterward.

Mr. and Mrs. Hugh R. Stahl of Beck road were hosts Saturday evening at bridge with Mr. and Mrs. Harold Shirey, Mr. and Mrs. Fred Reams and Mr. and Mrs. Woodrow Tichy as guests. Mr. and Mrs. Reams are planning to move to the state of Kansas sometime this month.

### Social Notes

Mrs. Joseph Leeds will be guest of honor at a stork shower tonight, Thursday, when Mrs. Carl Hartwick entertains 18 guests in her home on Northville road. Invited are co-workers of Mrs. Leeds at the Plymouth Mail including: Mrs. William Walmsley, Mrs. George Brodersen, Mrs. Wanda Baxter, Mrs. Carl Finney, Miss Barbara Noe, Mrs. Dale Johnson, Mrs. Buford Conn, Mrs. Carl Stamper, Mrs. William Davis, Miss Margaret McKim, Miss Ruth Kinsey. Also attending will be Mrs. Lester Burden and daughter, Arlene, Mrs. Charles Burden, Mrs. Richard Burden and Mrs. R. E. Taylor of Ypsilanti.

Lawrence P. Money, superintendent of the cannery at the Detroit House of Correction is attending the 50th annual convention of the National Canners Association in Atlantic City this week.

### Mrs. Louisa Casterline Marks 86th Birthday

On Friday evening, January 13, Mrs. Louisa Casterline celebrated her 86th birthday at a family gathering in the home of her daughter and son-in-law, Mr. and Mrs. Howard Dixon of 8818 Rocker street, Plymouth.

Attending were Mr. and Mrs. Clyde Casterline of New Hudson, Mr. and Mrs. Dana Briggs and Mrs. Clifford Casterline of Northville, Mr. and Mrs. Harold Shetler and daughters, Toni and Connie of Plymouth, Mr. and Mrs. Duane Briggs and sons, Duane, Jr., and Brian of Wayne, Mr. and Mrs. Veto Ippolito and children, Victor and Charlotte of Livonia. Mrs. Casterline received many nice gifts.

Mr. and Mrs. Raymond Grimm and their nephew, Robert Grimm, motored to Arizona to spend the holidays with Mrs. Grimm's sister, Mrs. Irene Goracznik. They will return home in about two weeks.

### Lions Aid Band Parents

Another pledge to the Band Parents Association was announced this week by the president of the organization, Mrs. Byron Becker. According to Mrs. Becker, a pledge of \$300 from the Lions club brings the total in cash and pledges to \$5000. The money will be used to purchase new uniforms for the Plymouth high school band.

The Bataks of Sumatra base much of their economy on the palm tree. They make thatch from its fibers, liquor and sugar from its juice, decorations from its leaves, brooms from its stems, ax handles from its branches, and pipes and timbers from its trunk.

### Lutheran Church, Setting For Theriault-Gayde Nuptials

Miss Loralee Gayde, daughter of Mr. and Mrs. Major Taylor, 9414 Rocker, Plymouth, exchanged marriage vows with Gerald Theriault, son of Mr. and Mrs. George Theriault, 7819 West Main street, Brighton, at a candlelight ceremony held Saturday evening, January 7, in the First Methodist church of Plymouth.

Reverend P. Ray Norton, assisted by Reverend Melbourn I. Johnson, read the double-ring nuptial service at 8 o'clock before an altar graced with baskets of white chrysanthemums, gladioli and palms.

The bride, who was given in marriage by her father, wore a ballerina-length gown of white crystallette, styled with bodice of Chantilly lace, scooped at the neckline, wrist-point sleeves and wide, pleated sash with a large bow in back. Her headpiece, a tiara of pearls and iridescent sequins, secured a fingertip veil. She carried a cascade bouquet of white rosebuds.

Johanne Beebe of Brighton, was matron of honor. She was dressed in bronze crystallette and carried a bouquet of pink chrysanthemums. A floral headpiece to match was worn.

Bridesmaids were Judith Ann Foster and Norma Albright. Judith was gowned in coral crystallette with floral headpiece to match her bouquet of bronze button chrysanthemums. Norma's dress was of emerald green crystallette. She carried yellow button chrysanthemums and wore a matching floral headpiece.

The flower girl, Barbara Jean Wip, cousin of the bride, was dressed in a floor-length gown of white crystallette. It was designed with off-shoulder effect and trimmed with lace and iridescent sequins. She carried a white satin basket.

Lee Beebe of Brighton, friend of the bridegroom, served as best man. He was assisted by William Gayde, brother of the bride and the bridegroom's brother, Albert Theriault.

Those from out-of-town included residents of Adrian, Clinton, Flint, Brighton, Howell, Dearborn and Detroit.

For traveling to Cleveland and the south, the new Mrs. Theriault wore an avocado green dress with grecian trimming at the neckline and on the sleeves. She selected matching accessories.

The couple are making their home at 7819 West Main street, Brighton.

The bride graduated from Plymouth high school in June 1955. Mr. Theriault is a 1953 graduate of Brighton high school.

Mayor Russell Daane, Township Supervisor Roy Lindsay and Northville Commissioner J. S. Canterbury, will be the principal speakers for a meeting of the Plymouth branch, American Association of University Women, at 8 o'clock tonight in the home of Mrs. W. R. McCabe, 46271 Ann Arbor road.

Daane and Lindsay will describe local forms of government in the city and township, the various committees and their functions. Canterbury will discuss the problems encountered in changing from village to city status.

The AAUW is particularly interested in good government and also in all local and national questions which concern education, status of women, international relations and social studies, stated Mrs. Ray Collins, president. One of the aims of the organization is to provide opportunities for college-educated women to use their training and abilities in building better communities. By being well-informed each member can take proper action in meeting current problems which affect their homes, schools and communities, she added.

Mr. and Mrs. Kenneth E. Truesdell

### Howell Girl Becomes Bride Of Kenneth Earl Truesdell

Miss Elizabeth Alice Seger of Howell became the bride of Kenneth Earl Truesdell of Plymouth on Saturday evening, January 14, at a ceremony performed by the Reverend Edgar Hoenecke in St. Peter's Evangelical Lutheran church.

The bride's parents are Mr. and Mrs. C. Leon Seger of Ulul, Florida. The bridegroom is the son of Kenneth O. Truesdell of 357 Pacific, and the late Mrs. Truesdell.

The bride was given in marriage at the 7 o'clock ceremony by her brother-in-law, Lewis M. Franklin. Vases of white snapdragons decorated the church altar for the ceremony. Robert Bartel of Plymouth was organist.

For her wedding, the bride chose a waltz-length gown of white net over white satin with veil of fingertip length. She carried white roses, carnations and gardenias.

The maid of honor, Laura Mae Clawson of Howell, wore a waltz-length gown of pastel blue net over blue satin with blue accents.

Her bouquet was of red roses with pink carnations and gardenias.

The services of best man were performed by Paul Miller.

A reception for 100 guests was held in the Veteran's Memorial hall in Northville. Friends and relatives were present from Howell, Brighton, Detroit, Saline, Deerfield, Farmington, Ypsilanti, Livonia, Northville, Plymouth and from Toledo and Sylvania, Ohio.

For motoring to Florida, where they will spend two weeks, the new Mrs. Truesdell changed to a brown suit with pink accessories. Upon their return, the couple will reside at 120 West Cady street, Northville.

The bride, a graduate of Howell high school, class of 1953, was employed by McPherson State bank in Howell. She will become an employee of the Plymouth branch, First National Bank of Detroit, on February 1.

A 1946 graduate of Plymouth high school, the bridegroom is now employed for Michigan Bell telephone company.

AMONG THE SIXTY-THREE members and guests who attended the DAR's 29th birthday luncheon Monday in the Mayflower hotel was this quartette from the local chapter: (l. to r.): Mrs. Frazer Carmichael, decorations chairman; First Vice Regent Mrs. W. C. Gemperline, in charge of the luncheon; Regent Mrs. Claude A. Crusoe, and Mrs. Harry Deyo, past regent and hospital chairman. Mrs. L. Hart Wright of Ann Arbor was guest speaker.

### Reviews DAR Theme, Goals At 29th Birthday Luncheon

A reminder of the DAR's theme this year and review of the organization's objectives was given members of the Sarah Ann Cochran chapter, Daughters of the American Revolution, Plymouth and Northville, by their regent, Mrs. Claude A. Crusoe, at the chapter's 29th birthday luncheon, Monday in the Mayflower hotel.

"Protect America's future through patriotic education," theme of the national DAR, has been carried out in Constitution Week, September 17-23, she said, and again in the organization's designation of February as American History month. During February, special emphasis will be placed on the birthdays of Abraham Lincoln, George Washington, Thomas Edison and others who have made outstanding contributions to the growth of this country. Searching out little-known facts on the history of

this area was also stressed. Turning to DAR objectives, the regent cited the Kate Duncanson and Tamasee schools in addition to the DAR's 11 approved schools as educational institutions supported by the DAR for the benefit of underprivileged.

Other programs sponsored by the organization are conservation national defense, Good Citizens, Junior American citizens and Children of the American Revolution. "DAR accomplishments," she concluded "can best be summed up in this statement by Benjamin Franklin, 'We may make these Times better if we bestir ourselves.'"

Guest speaker was Mrs. L. Hart Wright of Ann Arbor who presented a monologue entitled "Scenes from Victoria Regina." Fifty-five members attended the birthday luncheon in addition to eight regents from neighboring chapters.

Mr. and Mrs. Roy Pursell of South Main street and Mrs. Evangeline Kuni of Birmingham attended the funeral of their uncle, Harry Hobolth in Imlay City last Thursday.

WITH PROFITS destined for the current March of Dimes campaign, local boy scouts sold bags of peanuts on street corners in Plymouth last Saturday. One of the purchasers (above) was Mrs. John Moorhead, 451 Ann, who makes her donation to Scouts Bill Signorelli (center) of troop P-4 and Forest Morgeson of troop P-6. The four boy scout troops, P-1, P-3, P-4 and P-6, grossed \$235.48 on their sale.

**Registration Extended For Adult Ed. Program**

Registration for classes in the second semester of the Plymouth adult education and recreation program has been extended one week, it was announced Friday. Originally the registration was due to end last Friday, January 13, with classes to begin on Monday, January 16. But in an effort to accommodate late enrollees, and also to attempt to organize classes that might not otherwise have sufficient members to merit conducting them, the recreation department has extended the registration date to this Friday, January 20.

At the same time, it was explained that there are still openings for persons in the golf instruction classes, which will be taught by Doug Jetter. Those interested in enrolling in the golf instruction, or any other of the 38 various classes offered during the second semester, may contact the recreation office, phone 285 for further details.

**Seeks Greeting Cards**  
Christmas as well as year-round greeting cards are being sought by the local American Legion post and its auxiliary for their work at the Lapeer hospital for Mentally-Retarded children.  
Residents wishing to donate cards are asked to contact either Mrs. Melva Gardner, Mrs. Al Holcombe or Mrs. Harry Burleson. They stated that cards help to turn idle hours into fun and an enjoyable pastime for these children.

**OBITUARY**

**Amy A. Northrup**  
Amy A. Northrup, former resident of Plymouth, passed away Wednesday afternoon, January 11, at Atchison Memorial hospital, Northville. She was 58 years of age.  
The deceased, whose home was in Johannesburg, Michigan, had been staying with her daughter, Mrs. Noel Bueers, on South street, Salem. She was born June 27, 1898 in Salem, the daughter of Charles and Nellie Allen. Mrs. Northrup had lived in Plymouth most of her life and was a member of the Plymouth Grange.  
In addition to the daughter, who resides at the Salem address, Mrs. Northrup is survived by her mother, Mrs. Nellie Larned of Salem; her husband, Glenn Northrup of Johannesburg; a son, Floyd of Ypsilanti; another daughter, Clara Smith of Farmington; and eight grandchildren.  
Funeral services were held Friday in Northville with the Reverend Richard Burgess officiating. Interment was in Johannesburg.

**Mrs. Mary Corwin**  
Services will be held at 1 p.m. Friday, January 20, from the Schrader Funeral home for Mrs. Mary Ellen Corwin of 2145 Ridge road, Plymouth, who succumbed Tuesday morning, January 17, at St. Joseph Mercy hospital in Ann Arbor, after a lengthy illness. She was 41 years of age.  
The deceased came here in 1920 from Missouri. She attended school in Canton Center and later graduated from Plymouth high school, class of 1932. Mrs. Corwin was a former employee of Daisy Manufacturing company. She was born August 27, 1913 in Wayne county, Missouri to John and Adie Cunningham Mauk, both of whom survive.  
In addition to the parents, Mrs. Corwin leaves a husband, Lester S. Corwin; three children, Peggy M. of South Lyon, and Melvin John, who is stationed with the U. S. Air Force in Italy. Other survivors are four sisters and one brother: Mrs. Delilah Glass,

Plymouth; Amanda Stanley, Belleville; Mrs. Edna Burk, Nankin township; Mrs. Viola Ketcherside, Nankin township; John K. Corwin, Detroit; and one grandchild.  
Reverend Melbourne I. Johnson will conduct the funeral services. Pallbearers will be George Burk, Arthur Stanley, Arthur Ketcherside, Jack and Robert Glass, Jr., and Thomas Stanler. Cherry Hill cemetery will be the place of burial.

**New Firm to Open**  
Plymouth gained a new business this week with the establishment of Diamond Automotive, an affiliate of Detroit Muffler Installers, at 906 South Main.  
The firm officially opens its doors to Plymouth customers today, January 19. Owner Marvin Donn said the local concern will offer free installation of car mufflers and will also stock automotive parts. In addition, he said, Diamond Automotive will be sole distributor in the Plymouth area for U. S. Royal tires.  
At the present time the new enterprise has two employees besides the owner.

**Daisy Credit Union Holds Annual Meeting Monday**

The Daisy Employees Federal Credit union will hold its fifth annual meeting on Monday, January 23 at the V.F.W. hall.  
Dinner will be served at 6 p.m. by the V.F.W. auxiliary, followed by a business meeting and selection of officers.  
Speaker for the evening will be Albert W. Marble, managing director of the Michigan Credit Union league.  
At the close of the meeting there will be entertainment and dancing for everyone.  
Mrs. Harold Todd of Clemons drive spent the weekend with Dr. and Mrs. Gregory in Dearborn.

The Mother's club will serve refreshments following ceremonies.

### Party Slated For Teen Club

Getting the most unusual snapshot will be the goal of Truesdell teenagers at the Snapshot Party to be held from 7:30 to 11 p.m. Saturday, January 21, at the home of Mrs. Hubert White, 41041 Palmer, Wayne.

Snapshots will be taken during the dancing and card games planned for the evening's entertainment. Pictures will be judged at the next meeting, February 4. Prizes will be furnished by the boys, who will each bring a carton. Potato chips will be donated by two or three of the girls. "Don't forget your camera!" warns Nora Sarah.

After skating at Newburg Lake recently, club members returned to Mrs. White's home where hot chocolate and cookies were served. Mrs. Hugh Sarah assisted Mrs. White as chaperone for the evening.

### Hold Card Party Tonight

The public has been invited to attend a March of Dimes card party at 8 this evening, January 19, in the Veteran's Community center on Main street.

The event is being sponsored by the auxiliary to Passage-Gayde Post No. 391, American Legion. All proceeds will go towards the polio fund.

### Niemi Heads Area Junior Achievement

Robert A. Niemi, general manager of the Burroughs corporation's Plymouth division has been named chairman of Junior Achievement for the Plymouth-Northville-Livonia area. It was announced by Don E. Ahrens, General Motors vice-president and president of the board of Junior Achievement of Southeastern Michigan.

Niemi replaces James Mitchell, personnel director for Barnes-Gibson-Raymond, who was chairman of the local JA program since its beginning in the fall of 1954.

In accepting the appointment, Niemi pointed out that Junior Achievement in Southeastern Michigan has grown from a standing start 7 years ago to 274 JA companies made up of over 5,500 boys and girls functioning in 14 business centers in Detroit and suburban communities. "The Burroughs corporation has backed Junior Achievement since its inception," Niemi said, "and I am proud to carry on the work that is building a generation of young men and women endowed with a fuller understanding of how our business system operates."

"At the present time," Niemi added, "the JA Center in Plymouth serves Achievers from Plymouth high school, Bentley high in Livonia, and Northville high school. As the need grows, additional centers will be considered for these communities."

The eight Junior Achievement Companies now operating in the Plymouth Center at 204 South Main street are:

Built-Rite Company, which manufactures a nut and bolt dispenser; Ben-Ply Company, which makes a novelty lamp in the form of a scotty dog; Chevero Products Company, which makes a small utility stool; Floral Novelty Company, which produces a wire planter; Novelty Woodcraft Company, making a wall rack for kitchen use; Wee-Whattit Company, manufacturing a combination child's chair and record rack; JA-CO Products Company, which makes a mail box; and Pict-Ends Company, which manufactures book ends in the form of picture frames.

These miniature corporations are sponsored by the Chevrolet Motor Car Division of General Motors corporation, Barnes-Gibson-Raymond division of Associated Spring corporation, Evans Products company, Michigan Bell Telephone company, Daisy Manufacturing company, and the Burroughs corporation.

The Suburban card club will meet Saturday evening in the home of Mr. and Mrs. Thomas Gardner on Ann Arbor road when the following will be guests, Mr. and Mrs. George Billings, Mr. and Mrs. Perry Campbell, Mr. and Mrs. Harry Mumby, Mr. and Mrs. Earl Gray, Mr. and Mrs. Arthur Blunk and Mr. and Mrs. William Grammel.

### Announce Cast For All-School Play, Feb. 16, 17

### Pupils Ready For Final Exams

With the close of the first semester near, thoughts of final exams are in the minds of students and teachers. Fourth, fifth and sixth hour are to be given during regular class periods in the afternoon of Wednesday, January 26.

If any examinations are to be more than one hour in length, part of the examination will be given during the regular class period prior to the scheduled time.

Students will be excused Thursday afternoon, January 26, and all day Friday, January 27, during examination week to give teachers time to make out grades, mark report cards and complete necessary records. Bus students will be taken home at 11:35 Thursday, January 26. School convenes again Monday, January 30, at 8:30 a.m.

On Monday, January 30, all students are to report to their home rooms where they will be given their credit slips and a copy of their second semester schedule.

Mrs. A. V. Tillotson of Blunk street and her grandson, Vaughn, were dinner guests at the Earl Stewart home in Dearborn last Wednesday.

### Social Notes

Mr. and Mrs. Jack Watt and infant son spent the weekend with relatives in Bay City.

Mr. and Mrs. Glenn Fraleigh were dinner guests Sunday in the home of her brother and wife, Mr. and Mrs. James Maurer, in Detroit.

Mr. and Mrs. Robert Skingley and Mr. and Mrs. Frank Milling plan to do some skiing at Grayling over the weekend and also visit the former's parents in Grayling and Mrs. Milling's mother in St. Joseph.

Mr. and Mrs. David Bowerman of Ann Arbor were guests Saturday evening of Mr. and Mrs. Kenneth Stevens on Ann street for an evening of cards.

Donna Jane Springer of Dunn court celebrated her fourteenth birthday Saturday inviting fourteen friends from Livonia and Plymouth for games and buffet supper.

Mr. and Mrs. Edward Hart of Brookline avenue entertained at dinner Sunday for Mr. and Mrs. Horton Booth and daughters, Jackie and Barbara of Sheridan avenue.

Mr. and Mrs. Arthur L. Shepard entertained Mr. and Mrs. Richard Livingston and family of Detroit Sunday at dinner in their home on Sheridan avenue.

Mr. and Mrs. Carl Stringer of Birmingham spent Sunday in the home of her mother, Mrs. Charles Rathburn on Haggerty road.

Fifteen girl friends of Julie Lent joined her in the celebration of her fifteenth birthday, January 10, in her home on Edison avenue, passing the afternoon in sewing and games followed by supper served by Mrs. Lent.

Suzanne Stecker entertained a group of friends Saturday evening, in her home on North Territorial road, at a farewell party for Roberta Paulson, who with her parents, Mr. and Mrs. Phil E. Paulson of Joy road, plan to move soon to St. Ignace, where Mr. Paulson has recently been transferred.

Mrs. George A. Smith and sister, Mrs. Grace Stowe, will accompany Mr. and Mrs. George M. Chute, Saturday night, to Detroit where they will have dinner at the Rackham building and attend the Audubon program.

### George Bowles to Speak Before Democratic Club

George Bowles of Plymouth, chairman of the Michigan State Labor Mediation board, will be

the speaker at the monthly membership meeting of the Plymouth Democratic club this Friday evening at the home of Mr. and Mrs. Stanley Wilt, 45000 Joy road. Starting time is 7:30 p.m.

### Grange Cleanings

Let's all go to Grange tonight. We got off to such a good start at our first meeting of the New Year we ought to follow it up.

Mabel Loomis is in charge of the program so come and help make it a success. Our next meeting promises to be something special. We are to have a speaker and several guests, so be generous with your dishes of food. The toastmaster will be our past master, Elbert Hartom, so be sure to come as it will be good.

The Lily club meeting on Monday night was a very enjoyable party. A very good attendance and everyone had a good time.

The date and hosts for the next party will be decided on later. Our Grange is saddened by the death of our sister, Amy Northrup, who has been ill for a long time. Her funeral last Friday was very large and our Grange was well represented.

We shall miss her cheerful smile but we cannot wish her back again to suffer as she had been suffering for so many years.

Club President Orville Tungate announced that there would be more discussion on an active program for the rest of this year and reminded members that this is the month to pay dues. He also extended an invitation to the public to attend this meeting and to join the local organization.

### Playground Equipment Starkweather PTA Topic

The Starkweather Parent Teachers Association will meet Tuesday, January 24, at 7:30 p.m. at the school.

The junior chorus, under the direction of Mrs. Lynn Schroeder, will provide special music. A representative from a playground equipment company will discuss equipment that is available.

All parents and interested persons are invited to attend and help select equipment for Starkweather's new playground area.

The world's first concrete road was built in 1907 at Detroit.

### Over 200 Attend Show

Over 200 persons from Plymouth and surrounding areas witnessed Thursday night's annual style show presented by the homemaker students in Mrs. Woodrow Ross' classes at the high school.

Proceeds from the event will go towards the purchase of clothing display racks for the home-making room.

Entitled, "Hawaii, Paradise of the Pacific," the show featured a host of attractive wearing apparel, made and modeled by the individual students. Displayed before a shipboard setting of the SS. Lurline bound for the Islands were such items as Bermuda shorts and other sports attire, tea dresses, blouses, robe and sleepwear. The fashion show was presented in six units, depicting shipboard scenes from departure to arrival in Honolulu.

Misses of ceremonies was Sandra Penney. Music was furnished by William Thomas, don Hartford and Robert Richter, under the direction of Laurence Livingston. Assisting the director of the style show, Mrs. Ross, were Miss Virginia Olmstead and Mrs. Frances Overton.

### Says Automation Will Create Jobs, Not Destroy Them

"Automation is evolutionary, not revolutionary," Plymouth Rotarians were told last Friday when they were addressed by Wayne Stettbacher, general manager of the Employers Association of Detroit. Rotarians heard a UAW-CIO official give his views on the subject of automation several months ago and then invited Stettbacher to give the employer's result in improved industrial viewpoint.

Extensive automation would put and some dislocation of employment, but it would be a matter of gradual, not sudden, introduction, the speaker said.

Machines do not destroy jobs, he added. "Technological progress has been the basis for economic advancement in America." He quoted the late Philip Murray in addressing a CIO convention in 1951 as saying: "I do not know of a single solitary instance when a great technological gain has taken place in the U.S.A. that has actually thrown people out of work."

"At its worst," Stettbacher said, "the machine has re-distributed job opportunities, destroying them at one point, but at the same time creating new ones at the other points. The realignment of job opportunities should not be regarded as an undesirable accomplishment of technological progress."

He then quoted several industrialists who appeared before a joint Congressional investigating committee on automation. Dr. Cleo Brunetti, director of engineering research and development for General Mills told the congressmen that automation methods will result in the addition of 15 million new jobs in the next 10 years and there will be a shortage of labor.

He quoted Ralph J. Cordner, president of General Electric, as saying that the U.S. will require 40 per cent more goods and services in the next 10 years with only 14 per cent more people in sight to man the increased jobs.

The speaker concluded by saying that the one fear for America's future is that we permit road blocks to be placed in the way of the general economy and that "we not restrict tomorrow's job opportunities in the race with our ever-growing population."

### 70 Elks Bowlers In State Tourney

Seventy local BPO-Elks club members took part last Saturday and Sunday in the eight-week long 36th Annual Elks State Bowling Tournament held at the Recreation center in Saginaw. The Plymouth members match their kegling talents against nearly 2000 other Elks bowlers from Michigan.

Final results will not be known until March 4, the close of the tourney. Action takes place each Saturday and Sunday until then.

The Plymouth contingent constitutes 14 five-man teams and 35 doubles pairings. In all there are 2004 men participating in the tourney, shaping 1002 doubles teams and 458 five-man squads. The bowlers hail from 37 various Michigan cities.

At the end of the first round of action high scorers from the Plymouth bowlers included the Twin Pines five-man team with a high local team total of 2818. Leon Walker and D. Bernard tops in the doubles three-game series with 1284; and Clarence Levandowski leading his club members in the high individual three-game department with a 684 total.

Other leading doubles scores for Plymouth keglers were: Nick Buttermore and Harold Williams with 1165; and Joe George and Ed Campbell with 1162.

### New Kresge Manager

Plymouth's S.S. Kresge store is now under the management of Irvin Nance, formerly a manager of a Kresge store in Toledo. Mr. Nance replaces Ernest Faigle who has been promoted to superintendent of the Kresge stores in Ohio and Kentucky.

Mr. Nance is originally from Paducah, Kentucky. He is married and has two boys and one girl. Nance stated that his family will move to Plymouth in February and reside at 9715 Joy road.

### Burroughs Hosts Federal Safety Council Members

Ross Sinclair, safety director for the Plymouth plant of the Burroughs corporation, was the guest speaker last Thursday afternoon when members of the Federal Safety Council met at the Burroughs plant.

Fifty-two members and guests attended the affair which opened with a luncheon furnished by Burroughs. The safety council is composed of men and women employed in the various federal agencies who are responsible for the safety of their fellow workers.

Attending from Plymouth were Postmaster George Timpona, Assistant Postmaster Ernest Henry and James Sponsler of the Plymouth Mail, a guest.

A tour of the plant was taken by the group following the luncheon with special emphasis being placed on noting safety precautions being practiced in the industry.

Sinclair told the council of the safety representatives who meet once a month to talk over phases of safety in their departments. The representatives make inspections of their departments with a check sheet and make recommendations for improvement at the monthly meetings.

There is also a volunteer fire crew composed of men from the shop. This crew also meets once a month and occasionally stages imaginary fires in various sections of the plant.

A safety committee composed of supervisory personnel also takes part in suggesting safety measures. Sinclair made mention of the plant's mandatory eye program. Signs throughout the plant indicating where to use safety glasses were set by the safety representatives themselves. Observing these signs religiously is a necessary part of employment, the speaker added.

The safety representatives have also established a house-keeping program. Each department is rated for its cleanliness and competition between foremen has been strong, Sinclair related.

Another safety measure is the securing of permits before cutting or welding is allowed. The maintenance workers or outside contractor must get a permit from Sinclair before doing any cutting or welding. Sinclair inspects the area first to make sure it is clear of fire hazards in hopes of eliminating a repetition of the Detroit Transmission plant fire.

Posters issued by the National Safety Council displayed throughout the plant are another means of promoting safety, the speaker concluded.

Serving as host for the visit was Russell Creel, director of public relations at the local plant.

### Theatre Guild Seeks Small Fry For Role in Play

The local Theatre Guild is seeking one of Plymouth's small fry to join the 17-member cast of "George Washington Slept Here" which goes into production Wednesday, Thursday and Saturday, February 22, 23 and 25.

Needed is a young boy, between the ages of 8 and 12 for the role of "Raymond" in the show. Tryouts for this and other roles will be held on casting night, set for Saturday, January 21, at 8 p.m. in the junior high school gym.

J. H. Wilcox, Guild president, stated that this is an excellent opportunity for youngsters with acting ability to receive professional training under the show's director, William W. Merrill, who conducts classes of this type at Will-O-Way playhouse, Bloomfield Hills. Merrill will determine selection of the final cast.

"George Washington Slept Here" is a comedy in three acts by Moss Hart and George S. Kaufman. The production calls for nine men and eight women in addition to a large technical staff. Residents wishing to assist in any phase of the production are urged to attend Saturday's casting night. Tryouts for some roles were held at the Monday night meeting of the Guild.

William McKinnon has been designated as producer for the February show; which will be co-sponsored by the Kiwanis club.

### Explains CD Fire Plan

A meeting of all area firemen to explain the new Civil Defense fire plan for Wayne county will be held at the Plymouth township hall this Friday night at 8 o'clock.

Wyatt E. Barnes, technical secretary, will explain the new plan and how it affects this area in case of any emergency. Included in the area fire plan are departments from Northville township and city of Plymouth, Canton township and Detroit House of Correction.

All firemen are urged to attend, CD director Leo F. Flowers declared.

The Couple's Club of the First Methodist church will sponsor a blood bank for individual donors as well as organizations on Friday, February 17.

Max Brillhart, chairman, said arrangements have been made for the appearance of a bloodmobile at the church from 2 to 8 p.m. on that date.

Individuals wishing to donate blood or organizations seeking replacements or additions to their blood banks are urged to notify in advance either the chairman or Mrs. Urey Arnold, secretary, between 9 a.m. and 12 noon. Appointments will be set up at 15-minute intervals.

of years. Many are still paying. The bond that city commissioners expect to sell will run over a period of 28 years. It is pointed out, however, that the bond issue should pay for itself before that time. Bonds issued for the later years will be made callable so that the heavy interest bearing bonds of those years can be paid off early when a surplus develops.

Work has been underway for over a month to obtain rights-of-way for the sewer. Several property owners have indicated their objection to the sewer entering their property, the city manager reported. Most people, however, have been receptive to the attorney obtaining the agreements.

# IN OUR CHURCHES

## FIRST METHODIST CHURCH

Melbourne Irvin Johnson, D.D., Minister  
Mrs. Joyce Heaney Beglarian, Organist  
Urey Arnold, Choir Director  
Robert Ingram, Church School Superintendent  
Donald Tapp, Assistant Superintendent

Sunday, January 22, 1956  
9:30 a.m. — Sunday School  
9:30 and 11 a.m. — Worship service. Sermon theme, "Being Free to Believe."  
Bishop Marshall R. Reed, who has recently visited much of Europe and made extensive trips in Africa, will preach for us on Sunday, January 29 at 10:30 and lead us in the dedication of our new Sunday School facilities. Keep in mind that there will be only one service on that day. The side room and the Fellowship Hall will provide seats for all. This will be a great day in the long life of this church. Invite your friends. A beautiful brochure will be provided for each family and will have many interesting pictures of our church, as well as the order of service for that day. Our entire Sunday school will meet as usual at 9:30.  
Preparatory Membership classes — Junior and Senior High young people, who would like to become members of this church on Palm Sunday, March 25, may take the instruction offered in classes at 11:00 a.m. Saturday mornings, from February 4 through March 24. Please register for attendance either through the church office or with your Sunday School teacher.

## FIRST PRESBYTERIAN CHURCH

Reverend Henry J. Walsh, D.D., Minister  
Reverend Thomas Keefe, Minister of Christian Education  
Richard Daniel, Superintendent of Church School

Morning Worship, 9:30 and 11:00 a.m.  
Church School, 9:30 and 11:00 a.m.  
New members will be received into the church on Tuesday evening, January 31st, at 8 o'clock in the parlor where they will meet with the Session.  
The Sacrament of the Lord's Supper will be observed on Sunday, February 5th, in both services.  
Session will meet on Wednesday evening, January 25th, at 7:30 in the parlor.  
A special meeting of the Session will be held on Tuesday evening, January 31st, at 7 p.m. in the church. New members will be received into the church at this meeting at 8 p.m. in the parlor.  
The World Day of Prayer Services, under the auspices of the Plymouth Council of United Church Women, will be held Friday, February 17th, 1:30 p.m. at St. John's Episcopal church. The service with the theme "One Flock, One Shepherd," was written by the Cook Training School for Indian-Christians leaders in Phoenix, Arizona.

## FIRST CHURCH OF CHRIST SCIENTIST

10:30 Sunday morning service.  
10:30 Sunday school.  
Classes for pupils up to 20 years of age.  
Why the spiritual qualities of honesty, unselfishness, and obedience are important to an understanding of Truth will be brought out at Christian Science services Sunday.  
Scriptural selections to be read in the Lesson-Sermon entitled "Truth" will include Jesus' parable of the sower and his explanation of its meaning for his disciples. (Luke 8).  
Among the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (272:3-8): "The spiritual sense of truth must be gained before Truth can be understood. This sense is assimilated only as we are honest, unselfish, loving, and meek. In the soil of an 'honest and good heart' the seed must be sown; else it beareth not much fruit, for the swinish element in human nature uproots it."  
The Golden Text is from Psalms (86:15): "Thou, O Lord, art a God full of compassion, and gracious, long-suffering, and plenteous in mercy and truth."

## Spiritual Awakening Cited By Science Church Guest

Mankind has great need for the hope, assurance, and well-being which spiritual awakening can bring, said Ralph E. Wagers of Chicago in a Christian Science lecture given at the First Church of Christ Scientist, Main and Dodge streets, Thursday evening.

Casting out the dark shadows of fear, the light of God's healing power has established practical religion as the one dependable moral and spiritual force in the world today, Wagers affirmed.

His subject was "Christian Science: The Dawn of a New Day." Nat Hopkins, first reader, introduced the guest speaker, who is a member of the Christian Science Board of Lectureship.

Even those, he said, who consider man and the universe to be simply material are beginning to look with respect and interest upon the interpretation of Spirit, God, as cause and of effect as spiritual.

Divine healing as practiced in Christian Science is based, he said, on spiritual understanding of the true nature of God and man.

Commenting on Christ Jesus' parable of the prodigal (Luke 15), he said that while, through ignorance and sin the son had seemed to separate himself from the father, this had never really separated the father's love from him. When, he pointed out, "we think of ourselves as mortals, we lose sight of our divine sonship and act as though we were separated from God."

Explaining the essentials of healing through spiritual awakening, Wagers quoted the following words on prayer given in "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"The prayer that reforms the sinner and heals the sick is an absolute faith that all things are possible to God, a spiritual understanding of Him, an unselfed love." Such faith is within the reach of anyone who will follow the rules as unfolded in the Bible and the writings of Mrs. Eddy, he held.

Warning his audience against fears or doubts which would underestimate the healing power of the Christ, he declared that in "divine Science there is no incurable disease, no unforgivable sin, no unsolvable problem, no doomed man."

He continued: "Be as certain of the Christ as you are of the dawn, and accept its promise, knowing that it heralds the day you have been looking for. Go on, and take possession for yourself of the divine gift of spiritual well-being."

## Annual Meeting Of Parish Held By Episcopalians

Members of St. John's Episcopal church held their annual parish meeting last Saturday evening preceded by a potluck supper. Reports submitted showed advance in every department of the church.

Harry J. Christensen, treasurer of the building fund, reported that the new rectory on Sheldon road has been completely paid for. Another item of business was the election of vestrymen, the body that administers the temporal affairs of the church.

The terms of office of Ernest W. Ebert, Jr., Herbert D. DeBrode and Douglas Berry expired at this time. Elected to serve for a period of three years were Louis H. Goddard, William Milne and William Davison.

The chairman of the building planning committee, Sidney D. Strong, submitted a progress report and announced that the firm of Wheeler and Becker of Detroit has been engaged to prepare plans for the new church to be erected on the four acre site on Sheldon road just north of Plymouth Colony.

The senior warden, Frank Henderson, commended the rector, the Reverend David T. Davies, for the fine leadership that he was giving to the parish and those present expressed their concurrence. The meeting adjourned on an enthusiastic note with the hope that construction of the new church will begin in 1956.

## Newburg Men's Club Installs New Officers

Jesse Bennett was installed as president of the recently-organized Men's club of the Newburg Methodist church at a ceremonial dinner held last week in the church hall.

Others installed at that time by Reverend Robert Richards, church pastor, were Leonard Ritzler, vice president; Edward Reid, secretary; and Jerry Baldwin, treasurer.

Signing of the charter was completed at the meeting with a total of 63 names on record. The next meeting of the club will be held Monday, February 13, when a Father and Son banquet is planned. Members of the church and their friends are invited to attend.

## AN INVITATION... to the man who is driving any car in the medium-price class

How you can own a bigger, more powerful Chrysler Windsor V-8 for the cost of a medium-priced car

Frankly, we believe you will find that the Chrysler Windsor is the only real luxury car that sells at a medium price . . . a car far in advance of its contemporaries and ahead of its time. We would like to put you behind the wheel of this car . . . because we've found from actual comparative demonstrations that 3 out of 4 open-minded men who drive a Chrysler for the first time prefer it to anything else.

There are many reasons. In the first place, the 1956 Chrysler is the only car in its price class that has been completely restyled this year. It has that "hair-trigger" look for which designers have been striving many years. We call it "PowerStyle."

But there's more to the Chrysler story than styling. There's power . . . more power to pass safely when necessary . . . more power to drive without effort . . . more power to stop.

There is not a car on the road today as completely power-operated as the "PowerStyle" Chrysler. Its PowerFlite transmission is controlled by pushbuttons . . . the

## Legion District Formulates Plans For May Banquet

Announcement was made at the American Legion's Association convention, by Past District Commander Oscar Hammond of Northville, that the Legion's national commander, J. Addington Wagner, would honor the 17th District with his presence at a testimonial banquet on Thursday, May 10.

General Chairman Hammond pointed out that three high schools within the district were being considered for the banquet site and announcement of the committee's decision would be forthcoming at a later date. Chairman Hammond also noted that 17th District Auxiliary President Adah Langmaid, Passage-Gayde Aux. No. 391, Plymouth, is serving in the capacity of Auxiliary general chairman.

Assisting Hammond on his committee is present District Commander Irving Geer, Myron H. Beals No. 32, Livonia, and Past District Commanders David McDougall, Lloyd H. Green No. 747, Northville, and William Langmaid, Passage-Gayde No. 391, Plymouth. Assisting Adah Langmaid is District Vice President Lena Hammond of Lloyd H. Greene Auxiliary.

General committees are at present formulating banquet arrangements and appointing and co-ordinating efforts of sub-committee chairmen. Sub-committee chairmen already serving in their appointed capacities are: Robert Wilson, Plymouth unit, banquet arrangements; Harold Wilson, Plymouth unit, entertainment committee; George Shannon, Redford-Detroit post, finance-ticket; and Ernest Koi, Plymouth unit, publicity.

Commander Wagner assigned Department Adjutant Lisle Alexander to act in the capacity of Distinguished Guest Committee chairman.

## Announce Meeting-Time

## Trio Featured At Baptist Church

The Northern Messengers, trio of students from Northern Baptist seminary in Chicago, will be featured at services in the First Baptist church, North Mill at Spring streets, on Sunday, January 22.

The group is composed of Al Bernard of New Haven, Connecticut; Bob Anderson of Kenosha, Wisconsin; and Selden Bernauer of Milwaukee, Wisconsin. They will appear at the 10 and 11 o'clock services Sunday morning as well as at 6:30 and 7:30 that evening.

Their talents are such that they can be used as a trio, one playing the piano. All sing and are capable of filling the pulpit for either the morning or evening service. They have a splendid musical program, provide vocal and trombone solos and vocal trio selections. Wherever they have gone, reports have indicated a widespread approval of their efforts.

It would be a great world if jealous people would come out in the open with their stabs-in-the-back, which could then be refuted with facts.

## CALVARY BAPTIST 496 W. Ann Arbor Trail

ultimate in automatic, foolproof control. But do Chrysler's competitors have this mechanical trouble-free system? Not yet! Chrysler's PowerPilot Steering works full time . . . does 80% of the work, not just in parking, but in long distance driving, in traffic and in rough going. Competitive power steering cuts in and out . . . does only a fraction of this job.

And what about engines? Chrysler was first to adopt the principles of the airplane-type V-8 engine. Today's engine is a new and bigger version of this engine . . . 250 hp in the Windsor Spitfire V-8\* . . . 280 hp in the New Yorker FirePower V-8 and now 340 hp in the blazing new Chrysler 300-B.

Then there is the all-important matter of brakes. Chrysler's newly designed PowerSmooth Brakes not only bring you safer, surer, straight-line stops — they outlast the others 2 to 1.

So if you have been driving another make of car in Chrysler's price class . . . ask yourself this question: Don't I want to know what my money can buy before I spend it? Then make a drive-them-both comparison. We'll leave everything else to your judgment. \*With the addition of the Chrysler Power Train at slight extra cost.

## Card of Thanks

Please accept my thanks for all the lovely birthday cards and gifts so kindly sent to me for my birthday. A remembrance means a lot to one confined to their bed. I wish also to thank the "Rosary Society". Our Lady of Good Counsel for the lovely birthday cake.

Sincerely,  
Ella M. Hunter

THIS 45-POUND Amberjack is the one that didn't get away and Marvin Terry, 1075 Roosevelt, has this picture to prove it! Terry, shown above (at left) with fishing vessel owner Hi Ballard, was credited with tying for first place honors in a fishing contest with his catch. Mr. and Mrs. Terry returned last week after vacationing during the holidays at Pompano Beach, a favorite Florida spot for many Plymouthites.

# Who's New in Plymouth

**GOOD SUBJECT** for Wallace Gilbert's photo hobby is a family grouping such as the one above with Mrs. Gilbert, seven-months-old Joan and Karen, 22 months. New-comers to 9566 Gold Arbor, the Gilberts arrived November 14 from LaGrange, Illinois, suburb of Chicago. He is on the consumer research staff at the Ford division in Livonia. Besides an interest in photography, also shared by his wife, sketching is another part-time hobby.

## Garden Workshop Set For February 14, 15

The Woman's National Farm and Garden Workshop No. 3 will be conducted Tuesday and Wednesday, February 14 and 15, in the Civic room of First Federal Savings and Loan association, Sheldon center, Livonia, it was announced this week.

The workshop will be conducted by Dr. H. L. R. Chapman of Michigan State university's Co-operative Extension service. There will be two sessions each day, one from 10 a.m. to 12 noon, and the other from 1 to 3 p.m. The event is open to the public without charge.

The February workshop is co-sponsored by the three Livonia Garden clubs: Rosedale Gardens and Livonia branches of the Woman's National Farm and Garden association; and the Livonia Home Gardeners club.

### Beginners' Square Dance

A square dance class for beginners will be held Tuesday, January 24, from 8 to 11 p.m. in the junior high school gymnasium. It was announced by the Adult Education and Recreation department, sponsor of the activity.

The class is open to all adults who wish to learn square dancing. Beginners' square dance classes are held every second Tuesday evening at the above location.

## American Legion News

Lena Hammond of the Northville auxiliary, who recently resigned as treasurer of the 17th District association, was elected as vice president at the District's regular business meeting on Friday, January 13, at the Redford-Detroit Post home. Armeta Nevins of the Redford-Detroit auxiliary was elected treasurer. Following the election, both newly-elected officers were installed by Past President Marie Kidie.

Announcement was made at the district meeting that on May 10, National Commander Add Wagner will honor the 17th District with his presence at a testimonial banquet. Oscar Hammond is in charge of the project. Further details will be forthcoming in future issues of this column as they are made available.

Local Legionnaires and the public have been invited by the Myron Beals Post of Livonia to attend the March of Dimes dance on Saturday, January 28, to be held at Bentley high school. The Beals post is co-operating host in this year's project.

The Post held the second of their bi-monthly business meetings last night at the Veteran's Community center. Plans were discussed for the initiation of new members at the February 1 meeting.

The Junior Activities resumed their regular meetings on Wednesday, January 17, at the Veteran's Community center at 3:30 p.m. Mrs. Holcombe announced that all future Jr. Activities meet-

ings would be held at the Veteran's Community center.

Approximately 70% of the American Legion Auxiliary's nearly one million members re-enrolled for 1956 in advance of the new year. Mrs. Fern Burleson, treasurer of the Auxiliary, announced the heavy advance enrollment was expected to assure a 1956 membership strength in excess of one million. During 1955, American Legion Auxiliary dues were paid by 997,229 wives, sisters, mothers and daughters of war veterans, and women who themselves were in war service. Mrs. Burleson reported this was a new high record, and was believed to exceed the number in individual, dues-paying members enrolled by any other women's organization in the world.

### Announce Square Dance

The Adult, Recreation department has announced that the next square dance for adults will be held tonight, January 19, from 8 to 11 p.m. at Bird school.

The dances, sponsored by the local department, are held regularly every other Thursday at the above location. They are open to all adults who enjoy or wish to learn square dancing.

Mr. and Mrs. William Hayball of Detroit, formerly of Plymouth, were callers Sunday in the home of Mr. and Mrs. Arthur Blunk on Haggerty highway.

**EMPLOYEES** of Kresge's held a going away party last week for their store manager, Ernst F. Faigle, who was recently promoted to superintendent of Kresge's southern Detroit district which includes 18 stores. He is pictured above with three of the employees who were instrumental in promoting the party, attended by 52 employees. From left are Mrs. Betty Store, Mrs. Mary Nichols, Faigle and Mrs. Vi Sparkman. Active in work in the local chamber of commerce, he had been manager of the Plymouth store for the past two and one-half years. At the party Faigle, of 28428 Elmira, Livonia, received presents and enjoyed the ham dinner, cake and ice cream served.

## VETERANS OF FOREIGN WARS

This is the all-important Polio March which will take place on Thursday, January 26. The new Salk vaccine discovery doesn't mean that the polio fund isn't still in need and still very active. There are thousands of cases of polio which are still desperately in need of financial aid! We urge you to make an earnest effort to give to the Mother's March and to call in and volunteer your time on January 26 to participate in the March of Dimes collection. Call Mrs. Charles Olson if you wish to march and she will see that you get the proper schedule of time and place!

Let's not forget our LUNCHEON IS SERVED program on Tuesday, January 31 at our Post Hall on Lilley road starting at 1 p.m. Every Auxiliary member has tickets but reservations can be made by calling Kay Coolman, legislative chairman, whose committee is sponsoring the event. A program will follow the luncheon and we hope to see all our members and their friends there for the luncheon!

## WHEN THERE'S DAYLIGHT YOU'RE BUSY IN RANCHO SANTE FE

When the first red ray of the brilliant California sun peeks over the top of Black mountain in the east, the day starts at the Harry Lushes at Rancho Santa Fe, California. . . . and long before it blossoms into full bloom you have downed huge glasses of sweet orange juice made from oranges picked in the grove the night before, and gulped out-sized, giant cups of steaming coffee to get you ready for the excitement and work that lays ahead.

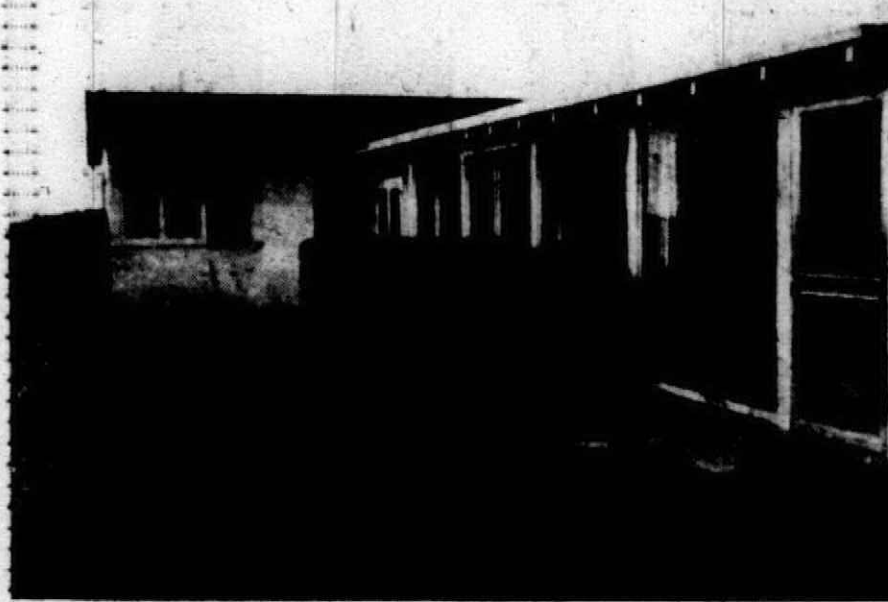

To better start our story of a day with the Lushes, perhaps we might start at the entrance to their home pictured below which greets all visitors with its trim, granite wall and its multitude of brightly flowering plants and shrubs.

On the right as the visitor enters he sees a well-kept lawn, which would do justice to any golf course green. It runs to the south and completely encompasses the low ranch house which nestles in the shadows of the mountains which surround the area.

To the left of the drive is a formal garden, designed and done by Charlotte and Harry themselves. In the center is an attractive wishing well and shady rest arbor where one may sit to enjoy the originality and beauty of the garden. Poinsettias, Monkey trees, Acacia, Bird of Paradise, Hibiscus, Bougainvillea, Holly, Camellia, Pyracantha, Geraniums, Roses and a host of other things make it a sight to see.

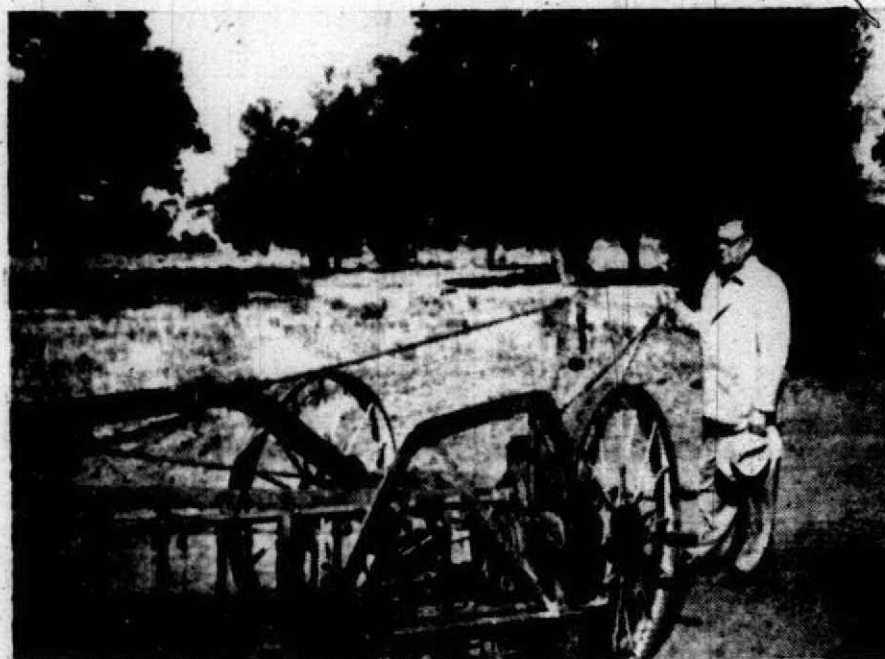

The rear of the house overlooks the Macademia nut grove, and other fruit trees, and is practically one long wall of glass as shown above. Here one may relax and view, in addition to the Lush groves, a nearby golf course and several other beautiful homes in the area.

The local theatre owner is one of the pioneers in the California efforts to grow Macademia nuts and his grove of more than 100 trees is one of the finest in the state. Working hand in hand with the California Agriculture department his development may do much to help other growers divert their ranches from avocado and oranges, which are now grown at a great loss by the ranchers. As an example, an avocado grower this year gets two cents per pound for avocados. . . . the average avocado weighs less than a half-pound yet sells in the store for about 28 cents, even here in California.

Soon after you finish your second cup of coffee Alex, the grove foreman, arrives to get orders for the day. As soon as the day's irrigating and grove trimming is planned the theatre owner-nut grower whisks you away on an hour and a half drive to his newest venture where he dons his third title as "cattleman." Here in beautiful Paradise Valley, directly below Sunshine Summit, lies "Lush Acres", a stone's throw from Palm Springs, a 130-acre new ranch where workmen are building fence, installing irrigation and generally getting things in shape to accommodate young Hereford steers which will be grazing on the land next summer.

Overseeing the repair of farm equipment and the building of their ranch is done by Mr. and Mrs. Lush from a beautiful new trailer located on the property for their convenience and over-night stays when necessary. The ranch program calls for the erection of an adobe block ranch house sometime in the near future and blocks are already being piled under a group of silver oaks in the center of this beautiful farm.

And how do you end a day like this? Well, it's back to Rancho Santa Fe where a porterhouse steak as big as a ham awaits for dinner, and then soft music from the Hammond organ by Mrs. Lush in their living room, and then it's early to bed, because tomorrow is another day, and . . . the sun always comes up at Rancho Santa Fe.

In new models of mobile homes (house trailers) the problem of making rooms smaller or larger is simple. Movable separating walls can be locked in place wherever desired.

# Eight Seconds Left, Cagers Nip Panthers

## Ferguson's Free Throws with Rocks Trailing Earn Squeaky 69-68 Edge over Redford Union

A sudden turn-about in Plymouth's basketball fortunes last Friday evening marked the Rocks as a team still with which to be reckoned in the race for final Suburban Six league cage honors.

Performing before a screaming near-capacity home crowd, the locals eked out a scant one-point victory over highly-touted Redford Union which was previously unbeaten in league battling and held a share of first place on the loop's ladder of standings. Final score was a nerve-shattering 69-68 count.

Plymouth's margin of success was realized when, with only eight seconds left to play in the game, Rocks' Tom Ferguson dropped in two straight free throw tosses thereby boosting the locals to victory after they had hovered on the brink of defeat only moments before.

Redford Union, regarded by many as the team to beat in the scramble for the conference flag, entered the contest as an odds-on favorite to humble the Plymouth quintet. The Panthers carried with them numerous reasons in support of their top-seeded role.

They held a perfect 3-0 card in league play and were tied with Bentley for the loop's top position. In addition, Redford Union had scored a stunning total of 98 points against Belleville five weeks ago. Furthermore, and perhaps more to the point, was the fact that the Panthers boasted an easy 69-39 decision over Trenton, the same squad which only a week earlier had humbled Plymouth 65-39.

But the Rocks paid little heed to the rave notices the Panthers shoved into the Plymouth camp ahead of themselves. And as they shuffled off the locals' court at the final buzzer Friday evening, the Redford Union cagers rested a step lower on the conference stair.

At the same time the Rocks had levered themselves back to a .500 average in league action and had regained their deadlock (this time for third place) with Trenton, a loser to Bentley that same night.

It was a last-ditch offensive maneuver by Plymouth that earned the locals their hard-fought win. With ten seconds remaining, Ken Calhoun from the corner rifled a pass to Ferguson, stationed beneath the Panthers' basket. Leaping high in the air for the shot, Ferguson was fouled by a Redford Union defender and collected a pair of charity attempts as reward for his efforts.

The scoreboard winked eight ominous seconds at the cheering Plymouth partisans as the Rocks' lanky center pumped home his first free throw to deadlock the contest and then proceeded to cash his second, sending the locals out in front to stay. The two free tosses canned by Ferguson were his seventh and eighth in a row.

Yet as time ran out, local fans shuddered collectively when Redford Union made one final assault, a long shot, at the Rocks' basket. But a Plymouth player gathered in the rebound as the try failed and the game ended.

Although it was Ferguson who converted Plymouth's hopes into reality, Cage Coach Charlie Ketterer was impressive after the game when he explained that the victory was a team product and not the result of individual performances.

But a large factor in the Rocks' surge to success against the Panthers was Dick Davidson's 27-point scoring excursion which paced the locals in that department. Davidson hooped 12 field goals and three free throws, threatening the school's individual game scoring record of 31.

Ironically Davidson had ample opportunity to tie or break this mark, set by Ken Kisabeth in 1952. With 23 points going into the fourth period and only four baskets short of the record, Davidson was able to connect on only two more field goals in the closing eight minutes, winding up with his 27-point total. He hit 14 tallies in the first half and added 15 in the last two frames.

Backing Davidson's contribution was Ferguson's 14 points, while Redford Union's scoring load was shouldered by Rantanen with 24 and Karhu with 17.

In the opening moments of play, Plymouth unceremoniously blasted its guests by exploding to a 12-2 lead in the first four minutes. Then the Panthers managed to find the range and closed the gap to 14-8 two minutes later. The first quarter ended with the Rocks in command of an 18-15 bulge.

In the second period, Redford Union moved even closer before the locals mustered three quick baskets late in the half to leave the floor at the mid-way mark leading 37-30.

As the Rocks had seemed to dominate action in the first half, the Panthers seemed to hold the edge throughout the final portions. The visitors gathered six quick points in the early moments of the third frame and stood one point down, 37-35, before Plymouth regained its march.

At the end of three quarters Plymouth held a 55-53 lead but had been outscored 18 points to 23 by the threatening Panthers.

### Bentley Captures Conference Lead

As Plymouth, by nosing out Redford Union Friday, aided Bentley's cagers in gaining sole possession of first place in the Suburban Six league basketball race, the Bulldogs returned the compliment by downing Trenton and thereby earning the Rocks a tie with the Trojans for third position in the loop.

Bentley's Bulldogs carded a close 50-47 decision over Trenton as Plymouth nipped Redford Union, 69-68. At the same time the remaining two teams in the conference, Belleville and Allen Park, battled to a 50-44 final count favor the Belleville squad.

In its next tilt tomorrow evening, Plymouth will visit Allen Park, winding up the first half of a ten-game league schedule. Redford Union will face Bentley in a decisive game for both teams against Belleville.

Suburban Six league standings:

TEAM	WON	LOST
Bentley	4	0
Redford Union	3	1
PLYMOUTH	2	2
Trenton	2	2
Belleville	1	3
Allen Park	0	4

Yet this slender margin held up in the final stanza as Redford Union tallied 15 additional points which the Rocks offset with 14 of their own.

A Redford Union basket in the last minute put the Panthers out in front 68-67 and provided the back-drop for Ferguson's dramatic and successful attempts at his two free throws.

Statistical difference between the two teams was noted in the free throw department as Plymouth caged 17 of 27 charity attempts, while the Panthers struck for only eight of 17 tries. The shooting chart indicated that Redford Union hit on 30 baskets out of 59 attempts for a .508 average and Plymouth scored 26 shots in 48 for a .550 shooting mark.

One other item the Rocks had to overcome was the fact that they lost possession of the ball four more times than did the Redford Union club. Through fumbles, bad passes, walking and other infractions of fundamentals, the locals muffed the ball 17 times while the Panthers suffered only 13 such disadvantages.

RACING STOCK CARS in the Pacific coast NASCAR circuit is former Plymouthite Melvin Larson, who now lives in Phoenix, Arizona, and is pictured here in one of his cars. He is part of a team which consists of such name drivers as Chuck Stevenson, two-time winner of the Mexican road race, and Marvin Pauch, present NASCAR stock leader. Larson, whose parents Mr. and Mrs. H. E. Larson reside at 45245 Joy road, was a sports editor for The Mail and for the high school paper, The Pilgrim Prints.

### Recreation Card Offers Swimming

**Smartest Buy in the fine-car field**

You've probably noticed that more and more people seem to be stepping into the upper circle of fine cars. And there can be no doubt that "good times" have a lot to do with this.

But all by itself, it doesn't explain the sudden spurt in sales of the finest of Buicks—the 1956 ROADMASTER.

For it has always been our experience that folks with the wherewithal to buy any car they choose are apt to be the choicest of all.

So it seems quite clear that the marked and increasing preference for ROADMASTER is in the fitness of the car itself. We can tell you why very simply.

ROADMASTER starts off with all the virtues that have vaulted the full line of Buicks to soaring popular favor—then caps that acclaim with a worthiness all its own.

You sense this especial eminence at once—in the individualized styling of this gracefully proportioned car.

You recognize it again—in the quiet elegance of its custom appointments—and in the good taste of its luxurious fabrics and color harmonies.

But you know it for sure in the lift and thrill and spirit of ROADMASTER performance.

For here is the obedient might of the highest-powered V8 engine in Buick history—coupled to the flash-fast response and absolute smoothness of an advanced new Variable Pitch Dynaflo—most modern transmission in motoring today.

And here is Buick comfort, Buick handling ease, Buick roadability, and the great Buick ride—each brought to its peak in this Buick of Buicks.

In all truth, no man who puts true merit above mere symbol could ask for more than is his in ROADMASTER.

If that applies to you, we'll be happy to arrange an introduction. Will you phone us—or come in—for a demonstration soon?

### Lulfs Widens Gap In Scoring Race

Although shut-out completely in one basketball contest last week, Geo. Tripp center Bob Lulfs retained his hold on first place in the individual men's recreation basketball scoring race by a wide margin. Lulfs, with a 19-point spurge against Tait's in his other game of the week, raised his total scoring to 134, for a 20-point edge over his nearest rival.

In second is Don McMurray of Brader's quintet. McMurray with a total of 23 points in two games last week hoisted himself to a 114 total. Close behind him is Duane Becker of Tripp, with 97 and Bud Nedry of Tait's with 90.

Other leading scorers and their totals are: Dick Day of Bathey and Mac Pierce of Tripp with 84; Ed Hock of Brader with 82; Pat Robinson of Tait's with 67; Bob Bruce of Tait's and Bob Arlen of Bathey with 64; and Bud Lanphear of Tripp with 56.

Three other leading scorers who have dropped off their respective teams yet still hold ranking positions are Paul Strickland of Tait's with 113, Max Allgood of Tripp with 89 and Dwight Eckler of Bathey with 60.

**HEADS UP** was the watchword in this men's recreation basketball battling last week as four cagers scramble for a high-rebounding ball. From left are Bud Young, Don Huebler, Bob Arlen and Jim Bloomhuff. The dark-jerseyed Geo. Tripp players racked up a 49-36 win after white-shirted Bathey had fought them to a 20-20 halftime stand-still.

### Standings Unchanged in Men's Loop As Teams Pass Half-Way Mark

Standings in the Plymouth men's recreation basketball league failed to change after the smoke from last week's battling had cleared. The four contests constituted the close of the first half of a scheduled 36-game slate.

Geo. Tripp sustained its mastery over the other three squads in the loop as Tait's hung onto second place and Bathey and Brader continued to fill the third and fourth positions respectively.

The Trippsters claimed two wins, Tait's notched one victory and suffered one loss as did Bathey and cellar-dwelling Brader was tagged with two defeats. Brader's two losses were its fifth and sixth in a row, while Tripp's pair of decisions stretched its win streak to nine straight.

Highlighting the week's action was Bathey's spirited attempt to overthrow the high-flying Tripp cagers on Thursday, January 12. Bathey scrambled to a 20-20 half-time deadlock with the Trippsters and seemed to dominate play during the opening two periods. The Bathey quintet held scant leads ranging from one to three points on the way to the tied-up mid-way mark.

But in the second half, Tripp regained its stride and turned back the hopeful Bathey cagers. Limiting its opponents to only four points in the third frame, Tripp poured in 12 of its own to step out in front by a 32-24 count. Tripp's 17 tallies in the final stanza broke Bathey's collective back. The end result was a 49-36 Tripp win.

### Plymouth Scuttles Ypsi Swimmers For Third Win

Invading the Ypsilanti pool last Thursday night, the Rock tankers chalked up their third victory of the current season as they smashed their hosts with a decisive 56-31 win.

Grabbing seven first place awards and four seconds in the nine events, the locals held a commanding lead throughout the entire meet. One of the tankers' first place entries was featured in the 200-yard medley relay, at which time the locals racked up a new pool record with a 2:02.3 clocking. Teaming up for this victory were John Gregory, Bill Brandell, Arthur Losse, and Dennis Baker.

Opening the meet was the 50-yard freestyle event which found Don Carney of the Plymouth squad splash out a winning time of :25.7. Finishing behind Carney was Lee McKesell (Ypsi), who trailed with a time of :26.1. Capturing third for the locals was John Williams with a :26.6.

The second event was the 100-yard breaststroke. Bill Scovill of the Plymouth team captured the lead in this action with a winning time of 1:14. The Rock's placed second and third with Bob Isbister succeeding Scovill with a time 1:19 for second place while third was captured by Bob Drobeck of Plymouth in 1:25.

Continuing his success in the 200-yard freestyle, Bill Brandell received an easy first with a 2:11.5. Jerry Seiker (Ypsi) followed Brandell with a time of 2:18.6. Third place points went to Jack Taylor of the locals.

Holding up the Rock's standards was John Gregory as his time of 1:06.8 was good for first and five points in the 100-yard backstroke. Pat McCann and Don Lucas, of the losers, captured second and third in this event respectively.

Diving was another losing event for the Ypsi crew as first and second places were captured by Arthur Losse and John Walker of the local tankers. Placing third was Bill Sorrell for the hosts.

Other events and their winners are as follows: 100-yard freestyle, 1st, Jim Bishop (Y) with a time of :58.5; 2nd, Dennis Baker (P) with a time of :59.4; 3rd, Dick Curtis (Y), time 1:05. The 50-yard medley relay saw Plymouth's Dick Showers capture a first with the time of 1:47.6. Closely following Showers was teammate Jack Taylor with a time of 2:04. Ypsi placed Howard Lucal in third for one point.

The last event of the evening was the 200-yard freestyle relay, with Don Carney, John Williams, Jack Taylor, and Dick Showers of Plymouth capturing first place.

Next dual meet of the season is Friday when the Rocks face Ann Arbor.

Part of Tripp's failure to function properly was attributed to the ineptness of center Bob Lulfs, who failed to cash a single point and fouled out after participating in only about eight minutes of play. Shouldering the scoring for Tripp was Duane Becker who fired in 15 as Jim Bloomhuff hooped 12 more. Bob Arlen's 13 for Bathey was tops for the losers.

The Trippsters, two nights earlier, coasted to a 72-40 nod over Tait's Cleaners, who had previously earned two straight decisions. Tripp's margin sky-rocketed to a 55-30 bulge at the end of the third quarter and leveled off to reach the 72-40 final count. By coincidence, Tait's scored ten points in each of the four periods of play.

Lulfs' 19 points paced the victors in the scoring column, while Mac Pierce tallied 14 and Bud Lanphear hit for 13 to aid the cause. Bud Nedry with 13 and Pat Robinson with 11 led the point-making for Tait's.

On Thursday evening Tait's regained some revenge by tagging a 67-41 loss on Brader behind Nedry's 21 point scoring spree, high individual contribution for the week. The Tait's squad numbed in 26 points in the second period to run up a 40-13 lead at the half, and nearly enough to stop Brader at the final buzzer. Eleven more counters in the third frame and 16 in the fourth climaxed Tait's win.

In addition to Nedry's 21 points, Pat Robinson cashed 13, Ron Pagenkopf garnered 11 and Bob Bruce and Russ Brown each marked 10. Don McMurray's 13 led the Brader scoring. The game was marred by 41 personal fouls in the 32 minutes of play.

The other tilt was Bathey's victory over Brader to a 55-39 tune. From a 26-21 halftime edge, Bathey proceeded to run away with the game in the final two periods. Holding Brader to a meager four points in the third frame, Bathey moved ahead by a 35-25 count and then cracked

## JUNE IN JANUARY!

Time was when fresh fruits made their appearance in Michigan only in the summer — when they were in season.

But—thanks to the fast, flexible, transportation trucks provide—our eating habits have changed a lot the past quarter of a century—and much for the better, of course.

Now, no matter where you live in Michigan, food stores are filled with a bountiful array of choice things to eat in every department. Nowadays, delicacies know no season.

Merchants today don't have to order in large quantities that stay on their shelves until they lose their crispy freshness. Truck transport has turned miles into minutes—and your standard of living is better because of this.

### Police Seek Owner Of Possibly Rabid Dog

Police are seeking a white mongrel dog, with brown spots, that bit a youngster at Rosedale Gardens elementary school a couple of weeks ago.  
 Bitten was Jeff Trick, six-year-old son of Mr. and Mrs. Charles Trick, 31811 West Chicago. The youngster will have to undergo a series of 21 rabies shots if the dog cannot be found.  
 It is reported that the dog resembles a dachshund and is probably owned by someone in the vicinity of the school. Police are seeking the dog only to test it for rabies. Even if the dog is not found until after the youngster starts his series of shots, police said the shots can be discontinued if the animal is found rabies free.  
 Anyone knowing the whereabouts of the dog or its owner should immediately contact the Livonia Police department, GA. 2-2222.

This one was my own idea and the boss said that riding in a postman's bag with no stamp on me is a federal offense and I'm liable to have the F.B.I. on my trail. Says also I always figure out some easy job where I'm riding around. That's not so. The easy job is staying here in the store selling stuff.  
 Just a little reminder to all the folks who got cameras for Christmas. Be sure to read carefully the little instruction booklet that came with your camera. The dealer included it because it would help you get the best kind of performance from his product. You'll save yourself time as well as disappointment by learning as much as you can about the way your camera works before you use it.  
 If you're still not sure about how any part of the mechanism works, come in and let us show you how. We'll be glad to do so without charge—and you'll be a lot happier than if you had tried to force the mechanism and damaged it.  
 For maximum protection, you may want to invest in one of the expensive field cases now available in sizes and shapes to fit all types of cameras. They're designed for easy, over-the-shoulder carrying and you can snap pictures without removing your camera from the case. We have a large selection.  
 See you next week.

# Chips from the ROCK

One of the interesting things we have found so far in our chats with former Plymouthites, now living in California, is that all of them are extremely happy with their new homes here on the coast. All like California and, except for the friends they left behind, they seemingly have few regrets for having left the snow and cold back home.

Anaheim, California is the new home of Mr. and Mrs. Henry Lorenz. Located in the heart of one of California's best oil and orange producing sections these well known former Plymouthites find this place an interesting one in which to live. Mr. Lorenz is superintendent of the Allen Industries plant in Compton as he was with the Allen plant when it was located in Plymouth. They said they particularly enjoy the climate this state has to offer but think California traffic is really something to contend with. They also pointed out the problem that confronts residents here by the wide variety of prices in stores throughout the area in which they live. Shopping is difficult, says Mrs. Lorenz, because it is necessary to travel to several different shopping areas in order to take advantage of the terrific price differentials. The plant Mr. Lorenz operates pioneered in the carpet square field and is now devoted entirely to its production. They asked us especially to convey their best regards to all of their old friends back home and remind all future California visitors not to forget their address when they leave home.

Younger Plymouthites will remember Tom Hopson as will oldsters his aunt and uncle, Mr. and Mrs. James Keyes. Tom, pictured above with his pretty wife, Marilyn, lives in Glendale with their two boys as do the Keyes. Tom is fleet manager for the Murphy Oldsmobile agency of Los Angeles, and the son of Mr. and Mrs. James Peters who reside on Six Mile road near Plymouth. He came to California with the Keyes in 1952 from Plymouth and says he would most like to hear from all his friends that he went to Plymouth high school with. Mr. Keyes is at present associated with the Lloyd Gregg Chrysler-Plymouth sales in North Hollywood, and Mrs. Keyes is credit manager of Judd's of California. Mr. Keyes was formerly a roofing contractor in Plymouth.

You couldn't pass up a California visit without saying hello to the Joe Elliotts. Residents of 876 Church street in Plymouth for several years, Joe was a foreman for the Dunn Steel Products Company and is still with the company here in Santa Anna though it is now known as the Townsend Company. Joe had a wide circle of friends back home, and will best be remembered for his activities in various veteran's organizations. He says the people are real nice in California and the climate is ideal. He says it's a sportsman's paradise and he likes it awfully well, but he sure misses all his old friends back home and wants us to say hello to all of his old buddies.

Remember when Jim Sessions ran the Mobil gas station on Main street at Amelia? Well, we found him doing the same thing out here and looking just as chipper as he used to back in Plymouth. An active former Plymouth Kiwanis member, Jim says he doesn't have time for clubs out here. Jim was in business in Plymouth for 20 years and used to reside at 462 N. Harvey street. He came to California in 1929 and

The right of the people to know is basic to the preservation of our freedom, and fundamental to our American way of life. The infringement of this right, whether by government or by groups, or by individuals, no matter in what small measure it may begin, will lead to tyranny and the death of liberty.

says he wishes some gasoline dealer from home would drop by and say hello and bring him up to date on the gas business back there. With him in the picture is his friend, Mrs. Christine Erick.

Another young Plymouth high school graduate now making his home in Los Angeles is Clark Spargur who is pictured with his girl friend, Rita Busie of Racine, Wisconsin.

Clark, a former track star at Plymouth high school and later Michigan Normal, was most interested to know about his former coach, Conrad Mosio, and one of his teachers, Garret Kramer. After completing a time in the air force he located in Los Angeles where he is now in charge of complaints at the City of Los Angeles regional accounting office. One thing that has impressed us so far is the healthy look all of these Californians support. There is no doubt but what this must be a healthy place to live.

- Q—How do American firms who must pay high American wages meet competition with foreign firms who pay cheap foreign wages?
- A—The answer is a moot one. But there are hundreds of American firms, who are unprotected by tariffs, who are more than meeting foreign competition in their fields by improving manufacturing techniques to lessen unit cost of production; by new improved design concepts and assembly-line technique for greater efficiency.
- Q—Can you tell me what position Secretary of Agriculture Benson holds in the Mormon church?
- A—He is one of the twelve disciples in the Church of Jesus Christ of the Latter Day Saints (The official title of the Mormon church).
- Q—What monies does the President receive for his own use?
- A—Besides his salary of \$100,000 annually which is subject to income tax deductions, he also has the use of \$50,000 annually for travel entertainment expense which is accounted for on his certificate solely. He also has an emergency fund provided by congress for unexpected or unusual expenses which he can spend at his discretion. This fund for the 1954-55 fiscal year was \$800,000. The President also lives rent free at the White House and has the use of furniture and other effects there which belong to the United States.
- Q—Is a special session of Congress limited as to subject matter?
- A—It is usual for the President in calling a special session, to indicate the exact matter which he believes the Congress should consider. However, once convened, a Congress can consider any subject matter it deems advisable.
- Q—Does the American Medical Association oppose the proposal to pay benefits to persons who become totally and permanently disabled, and who are 50 years of age or older?
- A—Yes. The AMA calls these payments "cash handouts" and brands them as another "step toward socialization of medicine." Under present law, the worker permanently and totally disabled must wait until he is 65 years old for any benefits no matter when he was injured.
- Q—Is the Department of Interior still planning to build a dam in Echo Park in Dinosaur National Monument?
- A—No. On November 29, Interior Secretary McKay announced his department is abandoning plans for this dam as part of the upper Colorado River storage project.
- Q—Is it true that the Government control over water pollution will end next year unless a new bill is passed?
- A—Yes. The National water pollution control program under the Taft-Barkley bill of 1948 expires June 30, 1956, leaving the U.S. Public Health Service without authority over water pollution unless the bill is either extended or new authority provided.
- Q—Has the House of Representatives ever lost membership due to reapportionment on population?
- A—Yes. In 1840 after the decennial census, the house membership was reduced from 242 to 232 members.

### Traffic Accidents Claim More Than 5 Lives A Day in State

Police and alarmed state officials again are pounding on themes of highway safety. For the third year in the last 10, more than 2,000 have been killed in Michigan traffic and law enforcement officers admit they are unable to understand.

They point to the speed zones, educational campaigns on local levels, extra patrols, the use of the Michigan National Guard on weekends and new safety devices in automobiles. State Police Commissioner Joseph A. Childs is working on a plan to install movie cameras in patrol cars and institute a "saturation patrol," one car every 10 miles around the clock on high accident stretches of highway.

"We're finding more and more that the final answer to safety lies with the driver," he said.

He estimated that the 13-month highway safety campaign, which started Dec. 1, saved 38 lives—the decrease in the number of traffic deaths from December of last year.

But the 208 November toll was far out of proportion to the year before, assuring Michigan that the total for 1955 would go beyond 2,000.

Here's what Childs says about drivers:

"If drivers would only obey the rules of the road, look out for the other fellow and use common sense and caution, most accidents would not occur.

"But unfortunately, all will not do that. The question that remains to be answered is how

many won't, and as a result, will get into trouble." Experts have been trying for years to discover how to make drivers as safe as their vehicles. Michigan State University and the University of Michigan both are now studying driver attitudes—the forces that cut his efficiency in any given situation on the highway.

Dr. C. W. Muehlberger, director of the crime detection laboratory for the state health department, says that up to 40 per cent of the accidents involve people who have been drinking. Others say that cars have been built with too much power for the human mind and body to control. Automotive leaders answer the extra power is a safety factor.

Here's another factor: Secretary of State James M. Hare said new car purchases hit an all-time high in 1955 with 567,392 new certifications, a 16 per cent rise over the record in 1953.

Transfers of titles of used cars were slightly increased.

He estimates that Michigan will have 3,900,000 vehicles on the highways during 1956. If all were on the road at the same time, the traffic jam would give police nightmares.

The question is how to coordinate all the danger factors into a package and find answers.

The legislature made a start during the special session in November with a new speed limit of 65 in daylight hours and 55 at night starting Feb. 3, money for

200 more state police, and cash to pay for driver education programs in the schools.

Tighter violations records were ordered in an attempt to weed out bad drivers before they become accident statistics.

There will be more proposals in the 1956 legislative session. They will include new attempts to legalize the chemical test for drunks as evidence in court—for or against the driver and bills already have been prepared for the proposal.

The state safety commission is scheduling 14 regional meetings to conduct grassroots safety campaigns and is seeking finances to educate drivers. "We want to do all we can be-

fore the speed limits become effective," said Maxwell Halsey, executive secretary of the commission.

Education, another major legislative problem, is seeking answers on two new fronts this week.

Citizens have organized a 52-member committee to disseminate the findings of the White House Conference on Education to the local areas where it can best be used.

The campaign will be focused on a "Little White House Conference" for Michigan here Feb. 14 when more than 1,800 citizens will be invited to exchange views on the issues.

## ★ THINKING OUT LOUD ★

One question, sometimes controversial, sometimes personal is asked each week by The Mail of four pedestrians along Plymouth's downtown streets. This week's guests are "thinking out loud" on the question:

"Today is Friday the 13th and we are asking people to-day if they have any superstitions."

BERNARD LEVO, 8816 Brookline: "I don't much believe in them myself. You hear expressions about black cats and walking under ladders but they don't bother me. In my hometown of Cincinnati it seems there are more people who are superstitious."

MRS. BONNIE WALKER, 46789 Ann Arbor Road: "I have none. It seems like some of the people living in past generations were more superstitious than the present generation."

ADOLF SCHMIDT, 9044 Sheldon: "Something I have never done in my life is to believe in superstitions. My brother-in-law will see a black cat in front of him and will turn back."

FRANK TAFT, 396 Sunset: "I'm not a superstitious person, except that I don't like black cats. I'll go around them. I do have a question of whether anything important ever happens on a Friday the 13th. I've heard that nothing important ever has."

### Pick Job with Eye to Future

Babson Park, Mass. — Young people who entered college last fall will have a tendency to major in what looks good now. This may be a mistake, I suggest, instead, that they look ahead four years to 1960, and plan accordingly.

Make Use of Your Abilities, But— The difference between a college graduate who gets promoted on a job, and one who just gets a job, is that the successful climber looks ahead. The student who takes what appears to be a good job now may be sorry later. The careful career planner, on the other hand, finds out where he is going. The first step in career planning is an appraisal of one's interests, abilities, personality, and value goals. There is little success or happiness if one does not like the job he is doing. A fellow is just butting his head against the wall if he tries to compete in a job for which he has neither the aptitude nor the personality.

The desire to make money, serve mankind, or lose oneself in research will usually determine success or failure. The successful person is one who develops his asset and does work for which he is fitted, at a job which gives him happiness. Yet, while these steps are essential, they do not go far enough. Seldom, I find, do job hunters include in their search the probable future growth of industries.

A Look at Our Economy in 1960 By 1960, our population will approach 180 million. Approximately 68 million will be employed. Our gross national product will also have climbed from a 1946 postwar figure of \$209 billion to perhaps \$480 billion. With a shorter work week and a more productive work day, our people could receive in wages, interest, and profits about \$365 billion per year by 1960.

I predict consumer spending will expand from our 1946 annual amount of \$150 billion to about \$300 billion, while government expenditures will stabilize around the \$75-billion mark. This \$300 billion opens great opportunities for those engaged in advertising and selling new products. These figures, of course, assume that the cold war will not become "hot"; and they assume

also a favorable political climate within which business can operate easily.

Growth Opportunities in 1960

Since labor costs, both on the farm and in industry are rising, industries that manufacture labor-saving devices such as materials-handling equipment, conveyors, farm machinery, construction machinery, and office machines will show good growth in the years to come. We need a lot of new roads, new hospitals, and new schools; construction must boom. Almost revolutionary developments of new materials will include the growth of light metals and high-speed alloys. The chemical industry could grow four or five times faster than any other industry, spurred by continuous research in synthetic fibers, plastics, petrochemicals, drugs, and farm chemicals.

There will be a tremendous increase in the use of electricity, with output increasing 60%-70% by 1960. There will be marked growth in the great unsaturated market for electronics applications, and for appliances such as air-conditioners, television, dishwashers, electric heaters, electric blankets, clothes dryers, etc. Engineers will be turning loose on us an almost unbelievable array of new products, new materials, perhaps as yet undreamed of gadgets.

Sales Experts Will Be in Demand It will be the responsibility of the men and women engaged in sales and merchandising to persuade you and me to raise our standards of living. There will be excellent job opportunities for those interested in surveying, researching, analyzing, and motivating human wants. And someone will have to finance all this expansion. There will also be an insatiable demand for doctors, nurses, school teachers, and preachers. College freshmen should plan now for 1960!

In conclusion, let me again refer to my first paragraphs above. Seek the job in which you will be happiest and for which you are best fitted. Don't be misled by salary offers. But—if you will be happy selling, then enter this activity that cuts across all lines. This may be the best opportunity in 1960!

## A Wealth of Knowledge

A funeral directing organization which has grown up with its community is naturally able to draw upon a wealth of knowledge concerning the customs, needs and desires of the people in that community. The Schrader organization, serving the Plymouth area since 1904, possesses this natural knowledge.

## Favorite Recipes From Plymouth's Kitchens

### Here's Tasty Chicken Dish

A boon to busy homemakers is this "Easy Chicken" recipe submitted by Mrs. William Saxton of 8850 Brookline as one of her favorite dishes.

It's a snap to prepare and can be placed in the oven two hours ahead of dinner, leaving the cook free to attend to other chores or indulge in some just plain loafing. The recipe came by word of mouth, according to Mrs. Saxton, which tells something of its merit.

Here it is

#### "Easy Chicken"

2½ to 3 lb. frying chicken  
1 can cream of chicken soup  
2-3 tablespoons of flour (to lightly cover chicken)  
salt and pepper to taste.

Cut chicken in serving pieces, season and flour, lay out in loaf pan. Blend soup with one can of water and pour over chicken, covering it evenly. Bake in 275 to 300 degree oven for two hours or until brown. Soup makes the gravy.

#### Plans Luncheon Program

The auxiliary to Veterans of Foreign Wars, Mayflower Post No. 6695, has announced plans for another "Luncheon is Served" program, similar to one held last year, at the post hall on Tuesday, January 31.

The luncheon starts at 1 p.m. and is open to the public. Prizes will be awarded at the event. Tickets are available from Chairman Kay Coolman or at Linda Lee's.

Mrs. Walter Gemperline, who has substituted many times in the Thursday evening contract bridge club, entertained the members, Mrs. Raymond Bachelard, Mrs. Walter Hammond, Mrs. Max Trucks, Mrs. H. D. Stratton, Mrs. William Hartmann, Mrs. Theresa Cameron, Mrs. William Bartel and Mrs. Paul Wiedman in her home on North Territorial last Thursday evening.

## Social Notes

Mr. and Mrs. Carl Hartwick of Northville road were hosts to 21 of their neighbors and relatives at a "Twelfth Night" party January 6. After the singing of Christmas carols and the burning of Christmas trees a lunch was served by the hosts including the "Twelfth Night" cake which held various gifts. Mrs. Harry Bucon received the traditional bean which made her queen for the evening.

Mr. and Mrs. Howard Bowring of Bradner road spent Saturday evening at the home of Mr. and Mrs. Earl Boring in Milford.

Mary Ann Witwer, daughter of Mr. and Mrs. J. R. Witwer, is now taking a four week's course of affiliation training for Nursing in Holland, Michigan, in connection with her studies at Michigan State University.

A delightful bridal shower was held at the home of Mrs. H. Bond on Maple avenue Saturday evening. The guest of honor was Miss Joann Buck, bride-elect of Harold Bond. Twenty-two guests were present. A buffet luncheon was served by Mrs. Bond and the co-hostesses, Mrs. Cora Hardie and Mrs. Lizzie Young. The wedding has been set for February 25.

## Grooming Tools Need Washing

In the interest of health, neatness, and beauty, it's wise to gather family brushes and combs for a scrubbing at least every week or so. An easy, step-saving way is to collect them in a bag or basket during your morning bed-making rounds. You'll probably end your clean-up tour in the bathroom to put out fresh towels and straighten up after the morning rush. With beauty tools in hand, it's simple to put them in the basin for a hot sudsy bath.

Since soap and hot water have a disinfecting action, everything can be dunked together just like the family wash. Even though no one should use another's brush or comb, it's quite safe and much easier to wash these at the same time.

Don't neglect complexion, mascara, lipstick, or clothes brushes. Once in a while, persuade the menfolk to leave their pocket combs for a scrubbing and, of course, do all the combs from your own and other pocketbooks.

Washing is double-quick if you work with both hands—letting brush and comb work soapuds into each other. When everything is clean-as-new, rinse in hot water and shake to remove the excess. Dry brushes with bristles down so that water drains from the tuft holes.

## Audience Heckles Food Experts At Farmers Week Program

How long will frozen turkey keep? What makes angel food cake fall? Is it cheaper to bake bread, cookies and cakes, or to buy them already prepared? These are some of the questions which will confront the food experts at a special feature of Farmers' Week on the Michigan State University campus, January 30 through February 3.

A panel of experts will answer questions from the audience and also questions which are sent in ahead of the event. Anyone with questions about food is invited to try to stump the experts. They will endeavor to answer problems on food preparation, baking, cooking, freezing, canning, keeping of food, food costs, nutrition and other food subjects.

If you would like to send your question in to the experts before Farmers' Week, send it to Roberta Hershey, Home Economics Building, Michigan State University, East Lansing. The food table experts will give their answers Wednesday, February 1, at 1:30 p.m. in the university auditorium. Questions from the audience will be picked up by girls with roving microphones and relayed to the food experts.

Serving as the group of experts are: Beatrice Grant, Mary Morr and Mary Frang, all of the foods and nutrition department at M.S.U.; Pearl Aldrich of the institution administration department; Leroy Mallmann, professor of microbiology and public health; and Lyman Bratzler, professor of animal husbandry. Roberta Hershey, extension nutrition specialist, will act as coordinator of the question-answer session.

Other features of the Farmers' Week program designed for women include looks into the home economics research being done at Michigan State, fashioning the landscape for your home, how foreign students live, consumer problems, and a top-notch style revue put on by the home economics students at M.S.U.

Large quantity cookie and punch recipes come in handy when serving teas or community gatherings. A leaflet, "Cookie and Punch Recipes," contains 20 large-quantity cookie recipes and eight large-quantity punch recipes. It is available by writing to the Tourist and Resort program, Quantity Food Service, Michigan State University, East Lansing, Mich.

When you buy a powdered household bleach these days, be sure to check whether it is a mild bleach or a strong one before you use it. Until recently, the only powdered bleach available was a mild one made of sodium perborate. BUT — a newer, dry calcium hypochlorite bleach is now available for heavy-duty work. Don't confuse the two. Each kind has its place—but either one will make you unhappy if you use it for the wrong fabrics.

For cooked pickles use kettles of enamelware, aluminum or stainless steel to heat the acid pickling liquids. Do not use copper or galvanized containers.

## Add Fashion, Homes, Industry To List of Terry Cloth Users

Terry cloth has now become the popular medium for a host of articles besides toweling. This traditional bathroom utility fabric is fast gaining favor in such uses as automobile seat covers, shorts, chaise lounge covers, curtain, pot holders, couch covers, and aprons.

When Air Force ground crews refuel jet planes, they don terry cloth coveralls. These garments, worn over plastic outfits, are saturated with water to prevent ground personnel from being burned, should the jet fuel accidentally ignite.

Large quantities of terry cloth were used in World War II. In ships powered with reciprocating engines terry cloth was used for filters to remove steam and moisture from the oil. Terry cloth also was used in wrapping artillery shells to prevent rust.

In beachwear and bathrobes, terry cloth is a well known, proven fabric. It is becoming more popular because of better styling and a wider color range. The absorbent, washable cloth is a natural for infants' wear and sportswear.

The growing trend toward casual living is putting terry cloth into many leisure wear items where the accent is on comfort and style—men's, women's, and children's shorts, jackets, and shirts. At the same time, there are now special terry constructions, designed for women's dresses, coats, and jacket that provide a new concept in the combination of appearance, style, ease of care and economy.

Of even greater interest is the broad application of terry cloth in household and industrial uses. For the home, terry curtains and draperies, upholstery, play pen covers, furniture slip covers, pot holders, kitchen aprons, pot cleaners, and waste basket covers for bathrooms. In the industrial field, terry cloth is used for filters, for window and back-ground displays, and in special gloves for handling hot metals.

To get an idea of the increasing popularity of terry cloth, it is estimated that in 1947, 5 million square yards were consumed in uses other than towels. By the end of 1955, it is expected that this share may go even higher.

Manufacturers term terry cloth automobile seat cover sales as "spectacular," and these washable, absorbent covers are expected to be even more popular next year.

Since 1953, sales of terry cloth

covers for patio furniture have skyrocketed. Terry cloth covers provide greater comfort because they are not affected by hot or cool temperatures as much as metal or plastic covered furniture, consumers say.

Industry leaders feel that terry cloth consumption of terry cloth appears very promising.

### VERSATILE TERRY

Terry cloth is being used for a lot of things besides towels nowadays. It's found in military and industrial uses, apparel, and a variety of household products. Because it's comfortable, washable, and absorbent, cotton terry cloth has become a favorite sportswear fabric. Here it's used for a pair of coveralls made for swimmers to don after a dip.

When stuffed, a 20-pound turkey 7½ hours to roast at 325° F. Stuffing can be made the day before and kept refrigerated but should not go into the bird until just before cooking.

Too often habits make men instead of men making habits.

## Fixed Expenses Can "Scuttle" Family Budget

The use of incomes of modern-day families is becoming less and less flexible, with more money being set aside for fixed expenses. Fixed expenses are described by the head of the home management department at Michigan State University, as those which are not quickly or easily changed, if at all. If within the control of the family, they are based on long-time decisions.

Installation payments, insurance premiums and payments on a house are good examples of such fixed expenses. Taxes and social security are another type of fixed expenses set for the family by law. They must also be considered in planning the use of the family's money.

The specialist claims a wise person, when planning the 1956 family budget, will take into account that one-third of the income of an average medium-income family may go into fixed expenses. Then only two-thirds will remain for such items as food, clothing, gifts, recreation and car operating expenses.

This trend of having more money go into channels which have been set for a long period of time, such as mortgage payments, should influence every family when they make their budgets. After all, she explains, "the most a budget can do is open your eyes to whether you are using your money as you really want to. When you take on a fixed expense, you have committed yourself for a long time."

Oysters, nuts, raisins, sausage, cooked cranberries, mushrooms, and tart apples make interesting additions to dry or moist stuffings.

**Farmers Must Apply For Corn Allotments**

Any producer who intends to plant corn in 1956 on a farm where no corn was planted during the years 1953, 1954 or 1955 must apply for a corn acreage allotment if he wants price support on his farm in 1956, said Arthur Monks, chairman of the county agricultural stabilization and conservation committee recently.

Marketing quotas do not apply to corn, the chairman explained. However, under the acreage allotment program, the production of corn in 1956 on a farm which has no corn acreage allotment would make all the corn produced on such farm ineligible for price support in 1956.

Application forms for a corn acreage allotment are available at the County ASC Office located at 3901 Newberry st., Wayne, Michigan February 15, 1956, is the last day such applications may be filed.

Negotiations are progressing favorably with the railroad com-

pany in which the village will furnish water for the railroad at an annual rental of about \$700.00. Councilman McLaren figures that if the deal goes through, together with electric lights, within the next four years the revenue derived from the water and lights will come pretty close to paying all expenses of the village.

Quite a company of friends of Mr. and Mrs. Reiman spent Monday and Monday evening with them, it being their 15th wedding anniversary. The Rebekah's held a very successful meeting last Friday evening and installed the following officers: N. G. Mrs. Felt; V. G. Mrs. Roe; Secretary, Mrs. Reiman; financial, Mrs. VanVleet.

## BUILDING AND REMODELING — NEWS — FOR FARM & HOME

### Floor Drafts Can Be Cut

A new home heating idea called "Comfort Air Circulation" or C.A.C. for short — is intended to help eliminate the old complaint of cold, drafty floors.

In forced warm-air heating, C.A.C. requires adjustment of the heating system so that the blower runs most of the time in mild weather and practically all the time in colder weather, explains the National Warm Air Heating & Air Conditioning Association.

A Blend-Air system of warm-air distribution, which works in conjunction with C.A.C., goes a step further in combating drafts by improved air circulation. In this system, blower-type outlets not only discharge warm air into the room but also circulate the existing room-temperature air.

Coleman Heating and Air Conditioning Institute engineers say that blenders circulate all the air in each room eight times an hour.

A blender, which fits in a wall, ceiling, or floor as a conventional register does, works by drawing room air in, mixing it with warm air coming from the furnace, and immediately discharging the mixture into the room. This action gives the air in a room little chance to stratify in cold layers near the ceiling and warm layers near the floor.

## Asbestos Siding Easily Painted If Color Change Is Desired

Although asbestos-cement siding never requires painting for preservation, an occasional situation may arise where such treatment is desired for a change in appearance, home maintenance authorities report. In such a case, they say, the home owner will find that the siding takes paint readily.

Made from portland cement and asbestos fibers, asbestos siding is rocklike in nature and similarly durable. It will not rot or rust and therefore wears indefinitely without the assistance of a protective coating. Painting is not needed when the siding is first applied, since the shingles come with their own built-in decorative treatment.

Because asbestos siding is a permanent material, however, it follows that with the passing of years, some owners of asbestos-sided houses may wish to switch to new color plan. Or unusual neighborhood conditions may favor a "fresh-up" treatment. Then there is no reason why the paint brush should not be put to use.

In painting asbestos siding, it should be remembered that the material actually is a form of reinforced concrete, in thin-slab form. Therefore, a special type of paint is called for. A number of manufacturers now are marketing paints especially intended for use over asbestos siding. They are readily available at most paint and hardware stores and at lumber yards. The purchaser should be sure, however, to specify paint for use over asbestos-cement and to follow the manufacturer's directions.

In the exceptional case where the painting of asbestos siding is indicated as desirable, maintenance experts point out, the investment is well justified. Examination undoubtedly will show that from the viewpoint of structural performance the siding shingles are as good as the day they were first put on. They will last as long as the building stands and their zero incombustibility factor, which gives them a high first safety rating, remains constant throughout the years.

Other asbestos-cement products, including asbestos-cement board and corrugated asbestos-cement sheets, can be painted in the same manner as asbestos siding. Asbestos-cement roofing shingles also can be painted, although it is seldom that an occasion for the treatment would arise.

## New Home Building Costs To Edge Upward This Year

New home costs, despite the fact that builders are employing every known production technique to effect economies and hold sales prices in line, are edging upward this winter, according to Rodney M. Lockwood, president of the Builders Association of Metropolitan Detroit.

Cost of labor, building materials and land all increased during 1955, he noted, and there are no present indications that upward trend will be halted. In fact, Lockwood added, full impact of the increasing costs will not be felt until late spring, when the "new crop" of 1956 homes enters the market.

Land costs, the Builders Association president pointed out, have more than doubled since 1946 in this area and increased about one-fifth during 1955. Materials, including lumber, cement, hardware and plumbing equipment, all took price upturns during last year, although some others, notably gypsum products, heating equipment and millwork, held the line or decreased slightly.

Building trades unions in 1955 negotiations with the Builders Association were granted an average wage increase of 10 cents an hour, bringing the average craftsman's hourly pay to \$3, Lockwood added. Materials and labor costs, in the aggregate, increased 4 per cent during 1955.

The increase in materials and labor costs alone amounts to about \$600 on a \$15,000 house, the Builders Association official continued. Higher land cost adds another \$600 to the home price, compared to this time last year.

Many new homes now on the market, Lockwood concluded, do not reflect fully the rising costs of the last year. Anyone contemplating purchase of a new home would be well advised to do his shopping now before the spring building season, he said.

### HOME OWNERS QUESTION BOX

Q. — How can I thaw out a frozen pipe?

A. — First be sure the freezing has not ruptured the pipe. If it has, the water should be shut off to prevent flooding. Use an electric iron. Start at the faucet end of the frozen pipe. As the thawing progresses, move the iron away from the faucet.

Q. — I'm planning to insulate an attic room. Does it matter much whether nails or staples are used to fasten the insulation?

A. — Both fastenings are satisfactory. Generally, stapling is faster and easier. Many insulation dealers have stapling guns for rent. If nails are to be used, select a nail with a fairly large head. This will hold the flange of the mineral wool batt or blanket more securely. Whether nails or staples are used, fasten the insulation to the studs every 6 inches. This assures a tight fit. Be sure they are driven flush to the wood.

Q. — I'm planning to do my own decorating. I know I'll need advice, but are there ways to get help without actually hiring someone?

A. — Many department stores maintain a consulting service on home decorating for prospective customers. Some magazines will answer specific decorating questions. A book on the general subject, however, may be the best bet. Two authoritative books are "Decoratively Speaking," by Gladys Miller, and "The Complete Book of Home Decorating," by James E. Mayabb.

Q. — What's the outward difference between a hardwood tree and a softwood tree?

A. — A softwood tree has needles. A hardwood tree has broad leaves.

Q. — Can I remove old wallpaper without expensive equipment?

A. — Yes. One of the best ways is to add a little vinegar or past solvent to warm water. Apply this preparation with a scrubbing brush. When the paper loosens, scrape it off with a putty knife.

### Easy to Figure

Here is an easy way to determine how many tiles are needed for a given size room when installing a floor of Kentile asphalt tile, rubber tile, cork tile or vinyl asbestos tile.

Get the square footage of the room by measuring length and width. Then double the square footage and subtract 10%. That gives the number of tiles needed.

This is based on the fact that a standard 9" x 9" tile is 9/16 of a square foot.

Thus if the room is 9'x12', it has 108 square feet. Twice 108 equals 216. Take 10% of 216. That gives 21.6, or in round numbers, 22. Subtract 22 from 216, leaving 194. The approximate number of tiles needed for a 9' x 12' room is therefore 194.

The auspicious residence, built by Carl Schley, Redford township custom builder, is situated about 300 feet from the highway and consists of three bedrooms, three and one-half baths, living room, dining room, kitchen, library and maid's quarters. Several local contractors were utilized while the home was under construction.

### Peg Board Panels Aid Ventilation

Ventilation in the home is a health factor. Following are several ways in which "Peg-Board" panels, which have rows of holes one inch apart, can be used effectively to improve ventilation.

A panel can be inserted in a partially open window. Spacing of the holes will break the flow but at the same time admit air.

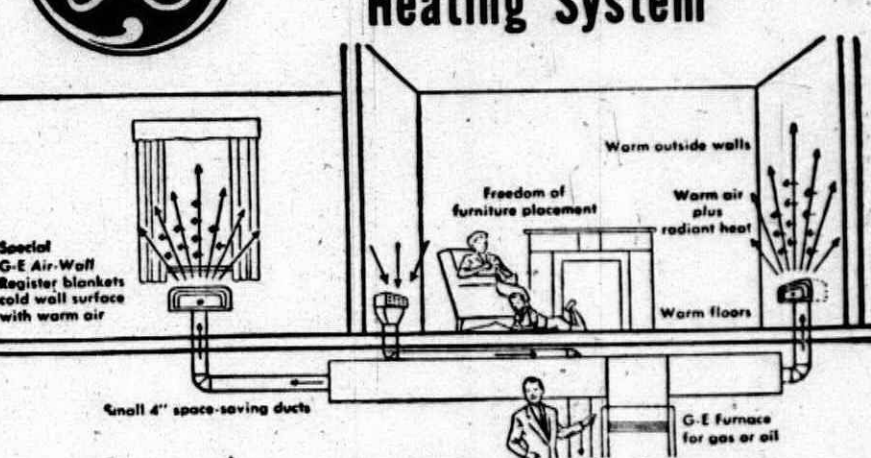

Inside bathrooms without windows may be ventilated by means of this perforated preswood placed in the ceiling. A fan can exhaust the air to the outdoors.

To hide unsightly radiators, make a cover consisting of a wooden framework and sides and top of the perforated hardboard. Rooms having transoms may be ventilated without draft by inserting the "Peg-Board" panel in place of the glass.

A folding screen with panels of the perforated material provide both privacy and ventilation. Incidentally, by using the metal fixtures that fit into the "Peg-Board" holes, the screen readily becomes a closet for an unexpected guest.

**UP IN SMOKE** go thousands of filled Plymouth Community Stamp books redeemed by shoppers for merchandise in local stores. The books, being tossed into the flames by Station Owner Robert Sincock while Frank Smythe of Sutherland & Robson looks on, represent \$280,000 in retail sales. The local stamp-saving program became three months old in December.

### Community Stamp Has Host of Savers, 3-Month Review of Program Shows

The amazing Plymouth Community Stamp plan became three months old the end of December and in its short history presented some facts that have raised many a skeptic's eyebrow.

The plan, born of competition and nurtured by cooperation, was the brain child of a handful of local merchants who realized that, like it or not, they would have to adopt a premium stamp. Fundamental economics teach that what the customer wants, the customer gets, and in this case the Plymouth merchants found themselves caught in the middle of the stamp cyclone.

Within 45 days of its conception, the idea of a community stamp plan for Plymouth had blossomed into a full-fledged nonprofit corporation with 39 members (now 39) offering free stamps to customers shopping in their stores. While many merchants entered into the plan with reservations and would still like to see the "stamp phase" wither away, few can dispute the success of the program.

Women, children and even hard-shelled businessmen are now saving Plymouth Community Stamps. Merchants are promptly reminded if they should forget to give the customer his stamps. So huge was the deluge of filled stamp books in December at the accounting firm of Sutherland & Robson, the company's business office, that thousands of books had to be burned to conserve space. Each book had been turned in at one of the participating

### Still Await Drive For Post Office

Although there was some discussion three months ago that the Plymouth post office may get a rear entrance driveway, there is no indication when the project will become a reality, according to Postmaster George Timpona. Asked this week about the proposed driveway which would relieve traffic congestion in front of the post office on Penniman avenue, the postmaster said that he has not been informed of any definite plans.

He added, however, that an architect had visited the post office a few weeks ago to look over the building. What his recommendations will be concerning a possible addition to the building and the new drive are not known.

Some consideration is being given to increasing floor space 30 per cent, Postmaster Timpona said, either on the east side or rear of the building.

The strip of land for a drive running from the back of the building to Fralick avenue is already owned by the government. The General Services Administration, a branch of the Treasury department, owns the post office building here, not the Post Office department.

### November Traffic Accidents Claim 203 in State

Traffic accidents on Michigan streets and highways during November resulted in 203 deaths, 50 more than in the same month in 1954. It was the third month in 1955 that fatalities exceeded the 200 mark.

According to the State Police monthly statistical report, injuries and accidents also were above those in November, 1954. Injuries numbered 5,488, an increase of 12 per cent over 4,795 for the same period the year previously, and accidents were up 2,868, or 18 per cent above 15,515.

The fatality increase in November was in rural areas, with a gain of 17 per cent. Urban areas had a reduction of five per cent.

The record for the first 11 months of 1955 includes 1,817 persons killed and 54,542 injured in 172,954 reported accidents. Compared to the same period in 1954, deaths increased 226, or 14 per cent, and injuries were up nine per cent, or 4,708. Accidents increased six per cent, or 10,535.

Estimated mileage for the first 10 months of the year, the latest figures available, was 24.45 billion, an increase of nearly nine per cent above 22.5 billion in the same period in 1954. The death rate of 6.6 per 100 million miles of travel was up three per cent.

stores for three dollars in trade. According to Accountant Donald Sutherland, the burned books represented more than \$280,000 in retail business in the three months of the program.

What effect did the stamps have on business in Plymouth? This is an often heard question amongst businessmen. There is no sound answer. Most will agree that it brought some new business to town. All will agree that this year's Christmas business was anywhere from 20 to 50 per cent above last year's. Some will argue that it would have been even without stamps.

At any rate, like it or not, stamps are with us. Blue, gold, green or TV. Mrs. Housewife is responsible for their existence. And as long as she is able to contribute to the family in sticking stamp after stamp in the saver books, stamps will remain.

Most merchants feel a sense of pride in being a part of a cooperative program that urges a customer to spend their dollars in Plymouth. Inquiries from communities throughout the United States have been received by the Plymouth Community Stamp corporation. Each letter carries the same questions — "How does the plan work?" "Has it brought more business?" "How did you ever get 38 merchants together?"

### To Poll Deer Hunters On '55 Hunting Activity

Five thousand firearm deer hunters will receive postcard questionnaires in the next few days, asking for information about their 1955 deer hunting activity.

The Conservation Department's annual poll of hunting information got under way when the first group of cards was mailed early this week. Another 3000 late returns will be mailed in two weeks and a final 2000 will go sometime in March.

Hunters are asked where and when they hunted and if they got a deer or bear or both.

Information from the 10,000 hunters will provide a statistical sample of all firearm deer hunting activity. An estimated 4000-5000 small game hunters will be similarly polled in March, as will 2000 archery deer hunters and about 200 camp deer permittees.

A YUCATAN VACATION of 10 days was enjoyed by Dr. and Mrs. Gerald H. Fitch, 352 North Main, who recently returned from the trip they started December 18. Members of the Reorganized Church of Jesus Christ of Latter Day Saints, the couple became interested in this region from studies in the Book of Mormon. Theory is that migrations of people from Jerusalem and the Tower of Babel came to this continent and founded a civilization in the Yucatan. Supporting evidence is based on hieroglyphics, Egyptian art and other findings in the Mayan Indian ruins. Traveling by air, bus, train and horseback the Fitches visited Uxmal, Chichen Itza and Palenque, near the Guatemalan border. **Michigan Boom Town Beckoned Youth in 1838**

Long-vanished Port Sheldon — most spectacular of Michigan boom towns of the last century — was offering rosy prospects to young men in 1838, according to a letter in the Michigan Historical Collections at the University of Michigan.

Port Sheldon, a resort settlement on Pigeon Lake, which empties into Lake Michigan, was established during early lumbering days by a group of Philadelphians.

Hoping that the city would rival Grand Haven, the promoters created a harbor by digging a canal connecting the inland lake with Lake Michigan. Houses, stores and a luxury hotel were built. A railroad was begun and work was started on a harbor.

In a letter written from Port Sheldon to a Mr. Salmon Kingsley living at Nankin, Michigan, on April 30, 1838, G. M. Barker writes: "You say I must tell you all the news. I tell you once for all that we never hear of abolition or taxes, subtrees or banks — but fine warm weather reaches us far as here. Our two feet of snow has been gone two weeks and the ice banks that lined Lake Michigan 300 feet wide and 15 feet high have all disappeared. The ship Memea sailed for Grand Haven today. Yesterday we had a fine pleasure sail with her."

"Please show this letter to William Johnson as I wish him to be informed of the prospects here. The chance is first-rate for young men who wish to set up for themselves. Common laborers get from \$18 to \$20 per month; carpenters \$30 cash and up — every

month. Speculators have seen the hardest of the rub. Times being a more favorable aspect. Our railroad will be commenced in May and we expect an appropriation for our harbor. We expect daily the arrival of Mr. Jandon from Washington. Then we shall know what to expect. Our last advices were favorable. Village lots are worth \$150 to inhabitants and settlers of this place. Speculators can't have them at any price at present." But after two years the promotion scheme failed for lack of money and settlers. The hotel was razed and its Colonial pillars were sent to Grand Rapids, where they adorn the entrance to the art gallery.

The letter was sent by Lucia Brown of St. Paul in 1940 to Mrs. James K. Pollock who turned it over to the Michigan Historical Collections.

This is a letter of appreciation from the VA hospital in Ann Arbor for work done by the Plymouth unit, Moms of America:

Dear Mrs. Rollins: We wish to sincerely thank you and the ladies of your organization for sponsoring the Social Hour on our Tuberculosis ward the evening of December 14, 1955. The music furnished by the Girl Scouts, the refreshments of Christmas cookies and hot chocolate, and the gifts of cigarettes, white stockings etc., which were given to each patient, were all genuinely appreciated by these patients.

Sincerely,  
Carl J. Pedersen

**World's easiest contest—just go to any Plymouth dealer and register the motor number of your 1950 or newer model car (any make). That's all. Nothing to buy or guess or solve.**

It's our chance to celebrate our record-breaking sales—and to make even more friends. It's your chance to win up to \$50,000 in cash—a thrilling around-the-world trip for two, plus \$5,000—or any one of 783 other big cash prizes.

And it's so easy to win: You merely bring proof of ownership—for your 1950 or newer model car—to any Plymouth dealer, and copy your motor number onto the FREE entry blank. See rules.

That's all there is to it! There's no obligation—nothing whatever to buy or solve or rhyme. (Sure, we hope you'll look over the new jet-age Plymouth... biggest car of the low-price three... only low-price car with Push-Button

Driving. And we hope you'll ask about Plymouth's red-hot deals.) Don't miss this chance at \$50,000 or that exciting world trip for two. Hurry in to your dealer's now. You may have a lucky motor number!

**PLYMOUTH**

Sweepstakes opens January 17—hurry in and enter now!

**OFFICIAL SWEEPSTAKES RULES**

- Contest open to any person in U.S. or territories who owns a 1950 or newer model car, registered in his or her name prior to Jan. 17, 1956, except employees and their immediate families of Plymouth Motor Corp., Plymouth Division of Chrysler Corp., its advertising agencies, The Reuben H. Donnelley Corp., and Plymouth dealers.
- Nothing to buy or solve. Take your title, owner's card or registration certificate—any proof of ownership—to any Plymouth dealer. Register your car's motor or serial number, make and model year on the entry blank. Then sign your name, address and telephone number, and have your entry signed or otherwise validated by a Plymouth dealer or salesman. Place entry in the contest entry box.
- Winners will be selected by The Reuben H. Donnelley Corp. by blindfold drawing. 1st prize winner will be selected first—2nd prize winner, second, etc., in successive drawings. Decisions of judges final.
- All entries become the property of Plymouth Division of Chrysler Corporation and none will be returned. Plymouth and its advertising agencies will not enter into any correspondence with any contestant, except winners.
- Contest opens at beginning of dealer's business day, January 17, 1956. Entries must be placed in entry box before close of dealer's business day, March 10, 1956.
- Winners will be notified by mail by May 10, 1956. Names and addresses of winners will be posted at Plymouth dealers. Prizes awarded at Detroit, Mich.
- Second prize winner must complete around-the-world trip within two weeks, by October 31, 1956. Total cost of trip for two not to exceed \$5,000.
- Contest subject to Federal, State & Local regulations.

### AAA to Distribute Michigan Sports Guide

Automobile Club of Michigan will begin distribution of its 1956 "Winter Sports in Michigan" booklet this week. L. B. Rice, Auto Club's Plymouth division manager, has announced.  
The 40-page booklet describes each of the state's 56 winter sport areas and lists the various activities available as well as nearby accommodations. A map in the booklet shows the location of each area. As a public service, the booklet is available to all Plymouth area residents through the Auto Club office.  
The Club also prepares for the press and its members a weekly ski report giving snow conditions in principal skiing areas and issues daily reports on road conditions throughout the state, Rice said.

### OUTDOOR NOTES From The MICHIGAN DEPARTMENT OF CONSERVATION

A total of 17,845,574 persons entered Michigan's state park system during 1955, a new all-time record and a 19 per cent increase from the record year of 1954.  
Camping, too, showed a sharp rise. Some 99,313 camp permits were issued compared with 80,604 in 1954, an increase of nearly 19 per cent.

All but three of the state's 58 parks and recreation areas showed attendance gains.  
And for the first time in history, a total of four state parks entertained more than 1,000,000 visitors.

Grand Haven in 1955 led the state with 1,485,040 attendance. Holland was second with 1,311,295, Dodge Four third with 1,156,815 and Bay City fourth with 1,013,751.  
In 1954, Holland, Grand Haven and Dodge Four were the million-plus parks and led the state in that order. Some 15,232,985 persons used state parks in 1954.

Of the leading parks, Muskegon showed the sharpest popularity hike, jumping from 530,945 attendance in 1954 to 695,216 in 1955, an 81 per cent increase. The

park moved from eighth to fifth place in public preference.  
Other leading parks were Island Lake with 901,800 attendance, Sterling with 852,613 and Rochester-Utica with 579,057.

Hunters and trappers bountied 2503 predators during November of last year for a total bounty payment of \$15,655.  
The bulk of the payment was for 2190 foxes bountied during the month. Hunters and trappers also bagged 242 coyotes, 66 bobcats and five timber wolves.

With bobcats removed from the predator list in the lower peninsula, total bounty payment fell below the \$18,755 paid in November, 1953.

Thirty-one lakes in Michigan are open this winter to almost unlimited fishing.

Any type or size of fish can be taken from the lakes and the only restriction anglers must observe are daily creel limits.

These are special winter kill lakes where fish often drown in the winter. Ice and snow on the lakes cuts off oxygen supplies enough to cause the mortality.

To save the fish for human use, the Conservation Department each winter opens the lakes to the special angling.

The waters are Crooked, Lower Crooked and Shallow Lakes, Barry county; Cotton and Mud Lakes, Calhoun county; Belas Lake, Cass county; Rose Lake, Clinton county; Sucker Lake, Gogebic county; Batteese, Lake, Merkle and Pond Lily Lakes, Jackson county; Bonnie Castle, Dustin, East and Twin Lakes,

Kalamazoo county; and Tallman Lake, Mason county.  
Others are Bevans and Jehensons Lakes, Mecosta county; Duck, McBrides and Pickerel Lakes, Montcalm county; Blanche, Walk-up and Pettit Lakes, Newaygo county; Backus Lake, Roscommon county; Evans Lake, St. Joseph county; Cassidy, Green and West Lakes, Washtenaw county; and Long Lake, Wexford county.

A new quarterly publication, designed for persons interested in Michigan's water resources, is available from the Conservation Department's geological survey division.

The newsletter, "Water Views," will be distributed without charge to persons requesting future copies. Such requests must be accompanied by four self-addressed, stamped envelope to cover the first year of distribution. All members of the Michigan Water Well Drillers Association have been placed on the mailing list and need not supply requests.

The aim of the publication is to present information on ground water resources in general. Attention will be called to printed material and educational programs of interest to persons in the field.

Michigan's wild turkey experiment apparently is progressing well in several lower peninsula areas.

Reports received by the Conservation Department's game division indicate the big birds are in good condition and quite wild in Allegan and Newaygo counties.

Releases of the wild turkeys were made in 1954 in Allegan state forest and in Lake and Newaygo counties last year in an attempt to re-establish the species in Michigan.

At least 118 turkeys were sighted recently in the southern portion of Allegan state forest, with 16 individual flocks reported.

Four groups of turkeys, numbering from two to 19 birds, have been sighted in Newaygo county. The large group of 19 is isolated and wild and is given the best chance for survival. Of the 79 turkeys released in the county, 35 have been sighted in recent checks.

Success in Lake county has been somewhat lower with reports on only 13 of the 73 birds released. Three or four other birds are thought to be in the county.

The U.S. Forest Service operates a feeding station in the Lake-Newaygo region, using Conservation Department materials, because of the acorn crop failure which caused winter food shortages for the birds.

Private citizens also are lending support to the program and chambers of commerce at Luther and Baldwin have offered a \$50 reward for the arrest of persons killing the protected birds.

Eight dead turkeys were recovered in the Lake-Newaygo area, two killed by automobiles and one each by a dog, a fox and a raccoon. Cause of death was not determined in three cases. Five other birds are believed to have been killed by hunters during the deer season.

### Against Removal Of Immigration Security Checks

Women of the American Legion Auxiliary will raise their voices in protest if efforts are made during the coming session of Congress to weaken the security provisions of the Refugee Act of 1953, according to Mrs. Melva Gardner, legislative chairman of Passage-Gayde unit of the Auxiliary.

Any weakening of the McCarran-Walters Immigration and Nationality Act will also be vigorously opposed by the one-million member organization, Mrs. Gardner stated.

"The removal of the security provisions of the Refugee Act would result in the entry into this country of large numbers of Communist agents and subversive aliens," said Mrs. Gardner. "The American Legion and Auxiliary will oppose any legislation which would in any way destroy the present regulations for screening the aliens admitted to this country under this act, which authorized the admittance of 214,000 refugees within three years, in excess of the quotas set up by the McCarran-Walters Act."

"Any further special privilege legislation designed to circumvent the McCarran-Walters Act by admitting aliens in excess of quota will also be opposed. We feel that hurried entry of large numbers of aliens, especially from behind the Iron Curtain, can be a definite threat to the security of our country. We want all immigrants to pass through the present security checks so that only those who will become loyal Americans will be admitted."

"We expect new efforts to be made to weaken the McCarran-Walters Act itself, so that larger number of immigrants from overpopulated European countries can come to America. We will voice a strong protest against any move to open the gates of America to a new flood of immigration."
