

The MAIL Attitude

Hats Going Into the Ring

Charles Walker of Livonia is circulating petitions and is expected to announce his candidacy soon for the Democratic nomination as state representative from the 21st district.

Perils of Using the Typewriter

In the interests of defining news policy at the outset of his term, the editor in the last issue stated the intention of keeping The Mail a "local" newspaper.

Alas, there is great peril lurking for anyone who fools around with the English language. To at least one reader, and probably others, the conclusion reached was that The Mail now was sternly bent on a policy of concentrating on the city at the expense of all other parts of its zone of circulation.

In the meantime a letter is in receipt from Gerald A. Muir of 14600 Beck road. He is angry:

"When you opened your mouth and made the above statement, you put your foot into it. I have no way of knowing how many subscribers you have in Plymouth Township, but brother, many of them don't like the above thought, or shall we say lack of it. . . for a long time the residents of Plymouth Township have felt ourselves as a part of the Plymouth Community even though the Plymouth City Fathers have done their utmost to prove otherwise through their tactics in phony annexations, tax grabs, etc. . . it now appears they have acquired an ally with a mentality geared to their designs. . . the only difficulty is that the township people won't know too much about it because if the scuttlebutt I hear is true they won't be reading the Plymouth Mail much more. . . unfortunately for me, I just renewed my subscription for a whole year so for the next 11 months I'll be wrapping my garbage in. Yours Sincerely. . ."

Everybody's Happy When the Sun Shines

It's impossible for us to speak accurately for anyone but the neighborhood where we hang our hat, but in that zone there were a lot of scared people last "Tornado Night".

Of the eight families we know best, five laid out their bedding in the basement, ran the kids down there, and made a night of it. Two settled for moving from the second floor to the first floor.

We report this private survey because it has been most difficult for The Mail's "man on the street" reporter to find anybody this week who admits to being really scared during the storm hours.

A couple of conclusions are possible, one of them being that we live in a neighborhood of cowards.

That Tornado Was Mighty Close

Ernest Williams, a resident of Plymouth Township, is chief meteorologist at Willow Run airport, and he "watched" the formation of the tornado which ultimately dropped down and smacked Allen Park and thereabouts.

New Opportunity on Classified Ads

Another commercial message—the system has been changed around now so that it's possible to place a classified advertisement in both The Plymouth Mail and The Livonian in one motion by merely contacting The Mail or The Livonian office.

Time's Factor on Airport Plans

Irrespective of the merits of the proposal, the inside story is that if the proposed extension to Mettetal Airport is to be accomplished, the money will have to be in sight by the end of June.

Area Recoils from 'Worst Storm'

Mayor Exchange To Highlight Michigan Week

While Plymouth's Mayor Russell M. Daane is touring New Buffalo as its "Mayor of the Day", Plymouth will be entertaining Mayor Arthur E. Boelke from the small western Michigan city.

The occasion will be Mayor's Exchange Day Monday, highlight of the week-long Michigan week celebration.

Plymouth Michigan week chairman Harry Larsen reports that plans for observance of the week in Plymouth are being headed by the Chamber of Commerce and the Kiwanis club.

Arrangements for the Mayor's Exchange Day have been made by Fire Chief Robert McAllister. Mayor Boelke is expected to arrive about 11:00 a.m. He will be met by city commissioners and department heads.

A 12:30 luncheon at the Mayflower hotel will be attended by the city manager, city commissioners, superintendent of schools, Chamber of Commerce secretary and other interested businessmen.

A tour of Daisy Manufacturing company, the Townsend company and municipal installations will complete the afternoon agenda.

In other plans for the week, Sunday has been designated Spiritual Foundations day; Tuesday, Hospitality day; Wednesday, Livelihood day; Thursday, Education day; Friday, Heritage day; and Saturday, New Frontiers day.

City to Accept New Play Area

Dignitaries representing the city of Plymouth will be on hand this Sunday afternoon for official dedication ceremonies of the new Wing and Pine street playground at which time a community picnic barbecue will be featured.

Mayor Russell M. Daane will accept the playground equipment from the Plymouth Rotary club on behalf of the city.

Initial ticket sales by the Rotary youth committee has been reported brisk. The committee hopes to sell 2,000 tickets to citizens wanting a chicken barbecue dinner and an afternoon of entertainment.

The Rotarians hope to establish a precedent for other local clubs to provide playground facilities for Plymouth's youngsters.

SADLY SURVEYING the damage to the long-standing fruit and vegetable stand on her farm is Mrs. Otto Kaiser of 46081 Ann Arbor road. Mrs. Kaiser said she saw the winds approaching from the west shortly after 6:00 p.m. Saturday and hurried to the basement. Parts of the 25-year-old vegetable stand were crashed against the Kaiser home 30 yards away. (More storm pictures elsewhere in this section).

Flowers' Petition Declared Invalid

Because his petition did not comply with school code rules governing nominations, the board of education notified Leo Flowers Tuesday that his name could not appear on the June 11 ballot to select two members to the board.

Of six candidates who filed under the May 12 deadline, Flowers' petition was the only one which failed to meet the routine check made at the regular meeting of the board Monday evening.

The five-man field of candidates is not as great as three years ago when 10 people ran for two offices. Two years ago there were also five seeking two offices and last year three competed for one vacancy.

Besides the school board race, several small issues will appear on the June 11 ballot. Both involve the trading of school-owned land with builders.

The other will ask if the school should convey 60 feet off the rear of their Sheldon road school site to a home builder who will use the strip for a paved road.

Registration for the school election will take place until Friday, June 1 at 5 p.m. Prospective voters must register with the city or township clerks where they live.

Pictures and backgrounds of the candidates will be published preceding the election.

City Dog Clinic Opens Saturday

It's license time again for Plymouth dogs and this year the \$5 a "bite" will be given the owners if they fail to get the 1956 tags.

This Saturday and also Friday and Saturday, May 25 and 26 are the dates for the city dog clinic at which license tags and rabies vaccinations can be secured at the same time. The clinic will again be at city hall.

Chief of Police Kenneth Fisher points out that the new dog ordinance which became effective only two months ago will provide a much stiffer penalty for those not purchasing licenses.

Hours for the clinic are from 9 a.m. until noon and 1 to 5 p.m. All licenses, whether the dog is male or female, will be \$2. The vaccination is another \$2.

It is estimated that there are 600 dogs in the city.

Winds Hit Hardest In Southwest Township

Leaving uprooted trees, toppled telephone poles and countless other signs of its tremendous power behind, a wind whose proportions reached hurricane velocity tore through the southwest section of Plymouth township Saturday afternoon.

Its destructiveness alerted area fire departments, police and utility crews to all night duty Saturday as calls of fallen wires and wind damage poured in.

Resignation Ends 24 Years of Service

Twenty-four years of service ended Monday evening for Norman Miller when the Plymouth Township Board accepted his resignation as clerk. Miller, 77, gave ill health as his reason for retirement.

The board promptly appointed Mrs. Rosalind Broome of Lilley road as Miller's successor. She assumed her new duties May 15. Mrs. Broome is the daughter of the late Walter Postiff for many years a justice of the peace in the township.

Claude Buzzard Dies Suddenly

Private funeral services for Claude H. Buzzard, well-known Plymouth attorney, will be held Friday at 2:00 p.m. in Fenton.

The former city attorney died suddenly at his home on South Main street early Tuesday morning. Death was caused by a cerebral hemorrhage.

A resident of Plymouth for 35 years, Mr. Buzzard was general attorney for the Chesapeake and Ohio Railroad. He was due to retire at the age of 65 in July. He served the city as its attorney during the stormy "recall" days of the commission.

Mr. Buzzard also served the community for many years as a member of the board of education.

He was born in North Williams near Bay City the son of Armus and Margaret R. Buzzard. He is survived by his wife, Lucile; two daughters, Mrs. Edmund Yerkes of Northville and Mrs. Earle Lewis of Quantico, Virginia; a sister, Mrs. Bruce Zook of Ft. Lauderdale, Florida; and three grandsons and three granddaughters.

He was graduated from high school in Bay City and received degrees from Albion college and Detroit College of Law. He was affiliated with Sigma Chi fraternity, Plymouth Rock Lodge No. 47, F. and A. M., the Detroit Bar association, Western Wayne County Bar association, the State Bar and the Association of Interstate Commerce Commission Practitioners.

Funeral services will be at the Davis-Graham Funeral Home and interment in the family lot in the Oakwood cemetery in Fenton. The family asks that flowers be omitted.

Emergency procedures were installed at the Plymouth Township fire department when at 6:30 p.m. power went off at the station. To receive calls the department used the radio in a fire truck receiving communications through Canton township fire department.

Township Residents in Path of Saturday Storm Relate Mixed Emotions

What would you do in the face of a tornado?

This is a difficult question to answer unless one has actually experienced the devastation created by the whirling thunder of wind that sweeps up everything in its path.

Most Plymouth residents were completely unaware that at shortly past 6:00 p.m. Saturday a small, but powerful tornado-like formation was wending its way

ward from her window to see the huge wind formation. Picking up her glasses and pocketbook she called to her husband saying, "I think we better get to the basement". Mrs. Penney recalls that the trees and bushes were bent to the ground by the force of the wind. "The house shook and we were both very worried". She added that as a child she had been struck by lightning and that storms always frighten her.

Nearby at 44868 Joy road Mrs. Michael Zdanek reports that she and her husband watched the formation over the trees. "We were very worried but our house is basementless so we just stood in the house and watched", she stated. Mr. and Mrs. C. V. Sparks of 44934 Joy road were in the same predicament as the Zdaneks. "We have no basement and had just returned from a trip to Howell. We simply stood at the window and watched the tree tops twist and twirl", reported Mrs. Sparks. She added that they were without water and lights throughout the night.

Mrs. Stanley Travis of 8980 Canton center road was "scared to death". "We were most concerned about our 14-year-old daughter who was in the barn with her horse at the time the storm struck", Mrs. Travis stated. Mr. and Mrs. Travis stood at the back door to see that their daughter did not try to run to the house.

"It was the strongest wind I ever saw", reported Ed Klinske, building contractor of 45220 Joy road. "I wasn't worried. I figure that if you're going to get it, that's it!" Looking out the back door, Klinske reported that the shingles on the house "stood right up on end".

The small, seven-months-old son of Mrs. Paul Denski of 45181 West Ann Arbor trail was the subject of her concern during the storm. "My husband and father saw the clouds forming in the west, so we ran to the basement".

Mrs. Penney Mrs. Zdanek Mrs. Sparks through the southwest corner of Plymouth township. Residents of the Canton Center-Joy road area knew it, however, and this week told The Mail of their reactions. At 44675 Joy road Mrs. Glen Penney looked west-

Klinske Mrs. Travis Mrs. Denski The pounding rain drove right into the Denski home and ruined their drapes. "We are building a new home nearby and the wind blew all the tar paper and loose lumber completely away", Mrs. Denski added.

## Chain-Williams Wedding Rites Spoken at Presbyterian Church

The wedding of Sharon Lee Williams, daughter of Mr. and Mrs. Gilbert Williams of Fairground avenue and Stanley George Chain, son of Mr. and Mrs. Stanley Chain of Detroit, took place at four o'clock Saturday afternoon, May 12 in the First Presbyterian church of Plymouth with the Reverend Henry J. Walsh, officiating.

The bride, who was given in marriage by her father, wore a gown of white chantilly lace and daron made with scalloped neckline trimmed in seed pearls, long fitting sleeves extending to points at the wrists and full skirt. Her fingertip length veil fell grace-

fully from a lace headpiece. She carried white roses and stephanotis centered with a corsage which she wore on her traveling suit.

The bride chose for her maid-of-honor, Barbara Chain, sister of the bridegroom, who wore a gown of blue daron and carried light pink roses and carnations. The bridesmaids, Barbara Dew of Northville and Joan Topin of Garden City, wore identical gowns in powder blue daron and carried dark pink roses and carnations.

Keith Kline of Detroit, attended the bridegroom as best man. The ushers were Myron J. Dye, of Detroit and Durwood L. Birtles of Port Huron.

Mrs. Williams wore a redingote ensemble in aqua linen with beige accessories and corsage of orchids in a brown shade. Mrs. Chain, mother of the bridegroom, wore an ensemble of linen with orchid corsage in an orchid shade, and patent leather accessories.

A reception followed in the home of the bridegroom's parents on Artesian avenue in Detroit with guests present from Buffalo, N. Y., Carsonville, Port Huron, Coldwater, Fenton, Belding, Detroit, Northville and Plymouth.

The young couple left on a honeymoon trip to Holland and Ludington. For traveling the new Mrs. Chain chose a beige faille ensemble with luggage tan accessories. On their return to Plymouth they will reside at 11817 Morgan street.

### Lesson for Firemen

A training program for volunteer firemen of Novi, Northville, Plymouth, Plymouth township, South Lyon, New Hudson and Walled Lake will be conducted this evening in Novi township.

Plymouth Fire Chief Robert McAllister will conduct the session stressing fog fire-fighting. A house located on the site of the new Ford Lincoln plant on Wixom road north of Grand River will be burned to the ground during the demonstration. The program begins at 6:00 p.m.

### Under New Owners

Frank Johnson, owner and operator of Johnson's Market on Territorial road for the past seven years, announced the sale of his business this week to Basil Barrett and Charles Cole, of Plymouth. The store will be renamed the B & C General Store and will continue to offer the same merchandise and services as before.

Mr. and Mrs. Roy Lyke entertained at a family dinner Mother's Day in their home on Ann street having their son, Clarence, and family of Country Gardens and son, Earl and family of this city.

## 66,500 Orphans ... Not 750,000

By C. C. Wilts, Registered Pharmacists

Thirty years ago, there were no less than 750,000 orphans in this country—750,000 children under 18 who had lost both parents. Today, with a population 50% bigger than it was in 1920, there are only 66,500 orphans. Here is dramatic proof of the effectiveness of modern drugs in keeping people alive in keeping families together. Here is real proof of the fact that TODAY'S PRESCRIPTION IS THE BIGGEST BARGAIN IN HISTORY! Take yours to a quality drug store.

This is the twelfth of a series of informative advertisements appearing in this paper each week, presented by Community Pharmacy, 330 S. Main.

## AAUW Meets Tonight For Achievement Reports

The Plymouth Branch of the American Association of University Women will meet this evening at 8 o'clock in the home of Mrs. L. T. Sharmen, 9101 McClumpha Road.

Mrs. Ray Collins, out-going president, announces that this Achievement Day will give an opportunity to all study group chairmen and other appointive chairmen to present a resume of the accomplishments of her study group.

The aim of each study group is to introduce an intelligent and informed program which will improve in education, legislation, international understanding, current local problems, arts, television and status of women.

Assisting Mrs. Sharmen will be co-hostesses Mrs. W. O. Breed and Mrs. J. M. Robinson.

## Plymouth Democrats To Hear Swainson

State Senator John B. Swainson will head a list of speakers at the meeting of the Plymouth Democratic Party at the Democratic Hall, Pearl and Holbrook, Friday at 8 p.m.

Also on the list of speakers will be State Representative Leonard Wood and Harvey Beadle, who will oppose Rep. Wood in the coming Democratic primaries. Plans for the coming campaign will be discussed.

Elsie Gilmore, Wayne county chairman of the Democratic party will speak on the part that each active member must play to insure success in the coming election.

The recently concluded registration drive in the 2nd precinct, that found approximately fifty-percent of the eligible voters unregistered, ways and means to assist these people in registering will be sought.

## BIRTHS

Because there are so many hospitals in the area which are utilized by Plymouth citizens, it is impossible for The Mail to accurately obtain reports of all births. We therefore must rely on parents or relatives to kindly supply us with this information as soon as possible.

Mr. and Mrs. Ernest Forbing of 954 Mill street announce the birth of a daughter, Lori Ann, on April 30 in Beyer Memorial hospital, Ypsilanti, weighing seven pounds one ounce. Mrs. Forbing is the former Geraldine Carr.

Mr. and Mrs. Marvin Smith of 799 Irvin street are the proud parents of a seven pound 12 ounce daughter, Laurie Rose, born May 15 at University hospital, Ann Arbor. Mrs. Smith is the former Mary Anne Bonnette.

Mr. and Mrs. Donald Wooley of Saltz road are receiving congratulations on the birth of a son, Grant Edward on April 7 at Session's hospital Northville, weight six pounds four ounces.

### Wins Dress

Mother's Day was an extra happy event for Mrs. Burton Rich, 9500 Brookville road, Saturday evening she was informed that the Martha Manning dress given away to an area mother by Dunning's was hers. Each year Dunning's department store presents a new dress as a special Mother's day gift.

Mr. and Mrs. Harlie Harwood, Mrs. Sarathine Harwood, Mrs. Otillia Felch, Mrs. Mable Gallen of Leslie were dinner guests Sunday Mother's Day in the home of the former's daughter, and son-in-law, Mr. and Mrs. Rex Smith on Ann street.

Mr. and Mrs. Llewellyn Lytle and son, Roger, spent the weekend at their summer cottage on Houghton lake.

## Richard Longwish-Violet Webster Wed in Candlelight Ceremony

Miss Violet Lorraine Webster and Richard E. Longwish repeated their nuptial vows on Saturday, May 12, in a candlelight service at the Cherry Hill Methodist church. The Reverend George T. Nevins officiated at the impressive seven o'clock service.

Large baskets of white snapdragons and gladioli graced either side of the altar. Organist was Mrs. Stanley West. She accompanied Miss Nancy West who sang "Because" and "I Love You Truly."

Violet is the daughter of Mr. and Mrs. Jay Webster of Hunt street, Wayne, and her bridegroom's parents are, Mr. and Mrs. George Longwish of Cherry Hill road.

Given in marriage by her father, Violet was radiant in a waltz length gown of nylon tulle and lace over satin. The Chantilly bodice featured long sleeves and sweetheart neckline and the bouffant skirt fell gracefully over a hock of the satin. Her fingertip length veil of nylon tulle was held in place by a crown of seedpearls. She carried a colonial bouquet of white carnations.

Miss Barbara Luckhardt of Saline was the maid of honor. She wore a waltz length gown of Romance Pink crystalet with headdress of the matching net and sprays of tiny pink flowers. She carried a colonial bouquet of blue carnations. Catherine Webster, sister of the bride, was gowned in sky blue crystallet in waltz length with matching net headband sprayed with tiny blue flowers. Her colonial bouquet was of pink carnations. All the girls wore white choker pearls, and earrings, their gift from the bride.

Clarence Reynolds of Ypsilanti was asked to serve Richard as best man. Seating the guests were Donald Webster, brother of the bride, and Duane Flanegin of Ypsilanti.

### Local Class of 1921 To Hold Reunion

The thirty-fifth reunion of the Plymouth high school class of 1921 will be held Thursday evening, May 24, at Hillside Inn. Fifteen of the original class of 28 are expected to attend.

Master of ceremonies will be Arnold Freydl of Detroit. Hostesses will be Ila Roe Fritche, Merle Roe Smith and Edna M. Allen. The dinner will begin at 7:00 p.m.

Engineers now mix salt with earth to give dirt roads a hard and durable surface.

## Social Notes

Mr. and Mrs. Ralph Williams of Monessen, Pennsylvania, are visiting at the home of his sister and brother-in-law, Mr. and Mrs. J. W. Davis of South Main street.

The Starkweather P. T. A. annual picnic will be held Tuesday, May 22, at 6:30 p.m. at the Gun-solly Mill picnic grounds. In case of rain it will be held at the Starkweather Gymnasium.

Miss Sarah Gayde, Miss Amelia Gayde, Mrs. Otto Beyer, Mr. and Mrs. Carl Hartwick, of Plymouth; and Mr. and Mrs. T. L. Sullivan and daughter, Glenna Mary, of White Lake, enjoyed dinner Mother's Day at Black's White House.

Mrs. Della Bingham of Five Mile road is spending this week with her daughter, Mrs. W. S. Martin, in Ludington, while Dr. Martin is on his annual fishing trip into Canada.

Mrs. Ann Allen was the guest of her children on Mother's Day at the home of one of her daughters, Edna M. Allen of Arthur street. Present were Mr. and Mrs. Lester Allen of Ithaca and their three children of Lansing; Dr. and Mrs. E. G. Sluyter of Royal Oak and their two daughters and their husbands and a great granddaughter; Mr. and Mrs. Alger Wood, Mrs. Ella Wood, Mr. and Mrs. Robert Wood and another great grandchild; Mr. and Mrs. Robert Allen, all of Detroit; and Miss Dorothy Allen of Birmingham. Mrs. Allen will be 95 in October.

Mr. and Mrs. Jack Gage of Clemons drive spent from Thursday until Sunday in Buffalo, New York at the Statler Hotel.

Mrs. Lincoln Hale was hostess at a delightful party last Saturday evening in her home on Pacific avenue honoring Miss Lois Whyte of Detroit. Sixteen guests were invited to meet Miss Whyte who will become the bride of Tom Benson, brother of Mrs. Hale, on June 30.

Mr. and Mrs. Herman Bakhaus and son, Bill, and Mr. and Mrs. Robert Beyer and children, Susan and Michael, spent part of last week at Lake Leelanaw with Mr. and Mrs. Michael Schuster.

Robert Lidgard and family, who reside on Pine street, have sold their place and on Saturday plan to move to a new home on Ross street.

Marilyn Wick and cousin, El-don Hart, of Cleveland, Ohio, spent the Mother's Day week-end with her parents, Mr. and Mrs. Neil A. Wick on Holbrook avenue.

Mr. and Mrs. Harry A. Newell of south Harvey street and her niece and husband, Mr. and Mrs. Richard Allwood and family of Detroit were entertained, Mother's Day at dinner in the home of Mrs. Newell's sister and husband, Mr. and Mrs. Don Voorhies in Detroit.

On Wednesday evening Mrs. Walter Anderson of Dewey street was hostess at a miscellaneous bridal shower honoring Wilma Latture, daughter of Mr. and Mrs. James Latture, of Harding avenue. Wilma received many beautiful and useful gifts from the ladies present and later a dainty lunch was served. Those attending were, Mrs. James Latture, Mrs. Russell Powell, Mrs. L. P. McGuire, Mrs. Vaughan Smith, Mrs. Gordon Moe, Mrs. Walter Beglinger, Mrs. Carvel Bentley, Mrs. Norman Atchinson, Mrs. John Hansen, Miss Sarah Lickley and Miss Elizabeth McDonald of Plymouth.

## Optimists Hold Spring Dance

The Plymouth Optimist Club will present its annual Spring Dance for teenagers and college students Saturday evening in the Plymouth High school auditorium. This is the most important of the regular bi-monthly dances sponsored by the Optimists throughout the school year. Lawrence Livingston and his dance orchestra will play from 8:30 until 11:30 p.m. Students from Northville, Livonia and Plymouth schools may attend.

The ladies of St. Peter's Lutheran church are holding a bake sale on Friday, May 25 at Dunning's on Forest avenue beginning at 9:30 a.m.

Published every Thursday at 371 S. Main street, Plymouth, Michigan in Michigan's largest weekly newspaper plant.

## City Writes Governor Williams Concerning Local Disaster Report

A letter from the city of Plymouth signed by Mayor M. Daane was sent to Governor G. Mennen Williams Tuesday in answer to a report that Plymouth had been declared a disaster area during the weekend storms.

The letter was fashioned after Plymouth police received a call from the Redford State Police post checking the extent of damage in the Plymouth area. A call received in Lansing had already alerted the Redford post.

Mayor Daane's letter to the governor read as follows:

May 15, 1956  
Honorable G. Mennen Williams  
Governor of the State of Mich.  
Lansing, Michigan

On Sunday, May 13, 1956, your office received a telephone report from someone in the Plymouth area relative to tornado disaster conditions.

Corporal Budemeyer of the

Redford State Police Post, checked with our police department to determine the extent of the damage. Since we had only wires down, our department called to verify any damages reported to the township fire department. No trouble had been reported.

The Plymouth Township Civil Defense Director, Leo Flowers, was asked by telephone if he had filed the report. Mr. Flowers advised that he had called your office a short time previously. As far as we can determine, there was no cause for filing the disaster report for the Township of Plymouth, the City of Plymouth or the area as a whole.

Should the situation ever arise where it becomes necessary for the City to call upon you for help of this kind, we will do so officially. I hope the need will never occur.

Russell M. Daane

CANTON and Plymouth Township firemen battled the Tuesday evening blaze which destroyed the barn of Edsel Forshee, 47487 Joy road. No one was hurt except the Forshee family dog "Charley", who was believed lost in the fire.

### Overactive Heaters Send Fire Units on Three Runs

Overheated space and water heaters brought about one routine alarm run on the part of the Plymouth fire department and a pair of calls for the Canton township fire unit in the past week.

Plymouth's fire department was called upon Thursday evening at 9:30 to answer an alarm at the home of Bill Savage, 167 Union street, where an overheated oil heater was threatening. The Plymouth truck arrived at the scene and shut off the heater, standing by until the heater was under control. No damage resulted.

An overheated hot water heater at the H. D. Dakin residence, 49890 Michigan avenue, Friday afternoon at 2:35 sent the Canton unit out on its first alarm of the week. The Canton truck stood by until the heater cooled down. No damage was caused.

On Monday at 8:57 p.m. Canton was called to thwart an overheated oil stove at the Gene Norris home, 903 Lotz road. The truck remained until the stove cooled. Again no damage was reported.

Roy Waterman of South Lyon was the dinner guest, Friday evening, of his niece and husband, Mr. and Mrs. Fred Hines on Beck road.

The members of the Stitch and Chatter group will have luncheon today (Thursday) at the Hotel Mayflower after which will be the guests of Mrs. George A. Smith on Sheridan avenue for tea and the afternoon.

## Flames Destroy Barn On Joy Road Farm

A sudden fire that may have been an indirect result of last weekend's intense winds and rains destroyed a huge barn belonging to Edsel Forshee, 47487 Joy road near Beck, last Tuesday evening.

Initial estimates of damage resulting included the loss of \$2000 worth of bottles that Forshee would have used in his creamery plus large amounts of hay and straw stored within the building. A complete damage and loss report was not immediately available.

The Forshee family dog, a Chinese pup named Charlie, was believed to have died in the fire. There were no animals kept in the barn.

Gerry Forshee, the owner's wife said that the blaze was first noticed by the couple's children, Eddie, 8, and Cathy, 6, both of whom were playing with the dog in the barn. The Forshee's have another child, Mary, 11.

"It started at both ends, high up," said Eddie. "Both sides were the first to burn, the middle (of the roof) was last," he said. From that beginning the flames licked and crackled throughout the two-story wood frame building. It was about 50 feet by 30 feet in size. Hay and straw within the barn caught fire quickly and by 9 o'clock the only still-standing portion was the west wall.

Battling the conflagration were firemen from Canton township in which the Forshee home is located, and from Plymouth township. The trucks pumped water from a nearby creek. The barn

was estimated to be sixty years old.

Forshee, his wife said, had surmised that the heavy winds from last weekend might have contributed to the sudden manner in which the blaze ignited. Shingles at that time were stripped from the barn roof, thereby allowing the rain to fall onto the mows of hay and straw.

Forshee guessed that perhaps the rain, in packing the hay and straw down, possibly set the stage for a spontaneous combustion within the tightly crammed material. No reliable source was available for further explanation Tuesday evening.

Although the building was insured for \$6,000 "it isn't possible to rebuild a barn that size for that amount," said Mrs. Forshee. However, the \$2000 worth of creamery bottles reportedly are completely covered by insurance.

The threat of rain failed to discourage spectators who gathered quickly to watch the fire units quell the flames. Rains earlier that evening stopped the chances of flying sparks starting fires on neighboring buildings, including the Forshee house which lies 70 feet nearer Joy road than the barn. A silo directly beside the gutted barn at one end withstood the flames as did another smaller storage building at the other end.

The spiraling pillar of smoke, silhouetted by the bright flames against the black sky, could be seen from miles distant.

Wayne county sheriff's officers quickly barricaded Joy road at Beck to allow ample room for the fire truck passing back and forth.

by Carl Peterson

We hear that the theme for Armed Forces Day on May 19th is going to be "Power for Peace." Without power things are apt to look dark, in any situation. At the same time we're informed that the Army is still looking for a marching song "worthy of being coming an over-all Army song." It'll have to be a melody that will make the lads forget their feet are killing them and they're still 10 miles from camp... where they'll be late forchow.

A song like that would take the lumps in wads of mashed potatoes and part of the Colonel's whiskers with a smile that would make Santa Claus seem like an old grouch. An army may march on its stomach, but there's nothing like a dynamic ditty to keep the sag out of the sad sacks in the rear ranks. The theory is that for a happy army, they have to have music in their soles.

In case you hadn't noticed last week, for your convenience, we now have available the Sunday New York Times. Papers will go on sale at our newspaper & magazine counter every Sunday at about 5:30 p.m.

A fellow who knows says that the Eskimo language is completely lacking in words of profanity or even mild insult. That'd make a great choice for an international language! You'll find a great choice of internationally famous names in perfumes, toiletries and cosmetics featured in our store. Be sure to shop for your choice where you're sure to find what you want. We give S & H Green Stamps, too.

Remember... "someone you know, knows me."

## Professor to Judge \$10,000 Contest

The best answers to the Plymouth Community Stamp corporation's \$10,000 contest will be determined by an assistant professor of journalism at the University of Michigan.

The board of directors of the local stamp company announced that James C. MacDonald would be the sole judge in the giant quiz which asks contestants to complete the sentence "I shop in Plymouth Community Stamp stores because" in 25 words or less.

Professor MacDonald has an impressive career in the field of journalism. Four years a member of the faculty at the University of Michigan, his experience includes general reporting, copywriting, editorial writing and column writing. He began with the Battle Creek Enquirer and News as a reporter and became

chief editorial writer. Later he worked with the Toledo Blade and Detroit Free Press as reporter, editorial writer and columnist.

Professor MacDonald served as one of the judges in 1955 for the Sigma Delta Chi national journalism awards. For the past three years he has been one of the judges in the annual Michigan Associated Press news-writing contests.

In the race for the \$10,000 worth of prizes contestants have until June 16 to submit entries. Free entry blanks with complete information are available at any of the 39 local Community Stamp stores.

Heading the list of 203 prizes is a 1956 Rambler "Cross Country" station wagon. Two second prizes offer an all-expense paid two-weeks' vacation at the De-

lano hotel on Miami Beach, Florida. Travel is provided by Eastern Airlines and a Avis-Rent-A-Car will be at the disposal of each couple during their stay. An additional \$50 per couple will provide spending money.

Other top prizes include a Kelvinator "Foodarama," Motorola color television set, complete house of carpeting by Karpets-Squares, Westinghouse Laundromat, Keepsake diamond ring, Gruen watch, Kelvinator range, Spring-Air mattress and spring, General Electric portable television set, five Evans bicycles, ten \$25 savings accounts at the First Federal Savings and Loan association, ten complete camera outfits, ten Daisy Eagle air rifles plus 155 other outstanding prizes.

Furniture & Appliances

849 Penniman — Plymouth — Phone 293 or 467

OPEN FRIDAY NIGHT ONLY

**OBITUARIES**

**Mrs. Charlotte Baird**  
A former resident of Plymouth who lived in Wayne at the time of her death. Mrs. Charlotte Baird succumbed Saturday following an illness of two months. She was 81 years of age and had resided in Green Meadows subdivision here from 1941 to 1951.  
Funeral services were held Tuesday in Wayne with the burial at Grand-Lawn cemetery in Redford township. She was preceded in death by her husband in 1951.  
Surviving are: a daughter, Mrs. Leah Miller of Plymouth; two sons, Maurice of Jackson and Lawrence of Wayne; a sister, Supter Pittenger of Davison; and a brother, George Macomber of Flint.  
The late Mrs. Baird was born in New York, the daughter of John and Alice McComber.  
\*  
**Timmy Charles Moore**  
The infant child of Mr. and Mrs. Charles F. Moore, 6470 North Territorial, died May 10 at Sesions hospital in Northville, just two days after its birth.  
Services for Timmy Charles

Moore were held Friday at Schrader Funeral home. Burial was in Riverside cemetery.  
Survivors include: the parents; a sister, Terri Ann; grandparents, Mr. Harry Moore of East Detroit, Mrs. Anna Schilling of Pennsylvania, and Mr. and Mrs. Henry Beck of South Lyon; and great grandparents, Mr. and Mrs. Charles Lavelly of Pennsylvania, Mr. and Mrs. Seymour Fine of Indiana and Mrs. Mary Beck of East Detroit.  
\*  
**Linda Jill Kolin**  
Linda Jill Kolin, 22-month-old daughter of Mr. and Mrs. Louis L. Kolin, 47801 North Territorial, died Monday morning at her parents' home following an illness of three months.  
Funeral services were held yesterday at the Schrader Funeral home with Reverend E. T. Hadwin officiating. Interment was at Cadillac Memorial Gardens. The infant was born July 30, 1954, in Ann Arbor.  
Survivors include: the parents; a brother, Louis Jeffrey; grandparents, Mr. and Mrs. Robert Kolin of South Lyon and Mr. and Mrs. John Johnson of this community; and a great grandmother, Mrs. Lota Casper of Cherryvale, Kansas.  
\*  
**Herbert Peter Smith**  
Funeral services were held Monday afternoon at Schrader Funeral Home for Herbert Peter Smith, 37921 Plymouth road, Livonia, who had been a clerk at the Mayflower hotel.  
Mr. Smith died Thursday evening at his home. He had been ill for one year. He is survived by his wife, Mrs. Natalie Smith; one son, Ronald of Livonia; and a sister, Mrs. Daisy Huey of Tawas City. Mr. Smith was born in Williamston in 1877 the son of Peter S. and Alice Sands Smith. The Smiths moved to Livonia in 1941 from Detroit.  
Services were conducted by the Rev. David L. Rieder. Interment was at Tyler Street cemetery in Belleville. Pallbearers were Harry Knierim, Harry Keys, John Miller, Roy Hood, William Lorenz and Harmon Gates.

**WASHINGTON**

Q—Are U. S. Agricultural commodity exports going up or down?  
A—Latest Agricultural Department report shows that for first eight months of the current fiscal year. (July through February) exports were estimated at \$2.1 billion, down about one and a half per cent under the same period of the 1954-55 fiscal year.

Q—Can you tell me how much land is in the national wildlife refuge system?  
A—Approximately 17½ million acres, of which 8 million are in Alaska. The states, under cooperative agreement with the Fish and Wildlife Service manage about 2½ million acres of this land. Of the total only about 7% is actually owned by the Fish and Wildlife Service.

Q—Were the Joint Chiefs of Staff always subject to a civilian cabinet officer?  
A—No. Until the Armed Services were unified by Act of the 80th Congress, the Joint Chiefs of Staff reported only to the President of the United States. This Act of 1947 set up the Department of Defense and made the Joint Chiefs subject to the Secretary of Defense for the first time. The Joint Chiefs now act as the principal military advisers to the President, the National Security Council and the Secretary of Defense.

**Authority Seeks 3rd Well Site**

Start of a third test well in the western part of Plymouth township within the near future is hoped to be the end of a search for water for the Townships of Plymouth and Canton Sewer and Water Authority.  
So far, results of two test wells have been rather disappointing, according to John Welsler, chairman of the authority board. The first well was drilled south of Schoolcraft road, west of Wilcox. This produced a fair amount of water, but not what was expected, Welsler said.  
A second well at Joy and McClumha roads was said to have been "better." "We now have our eye on a third site if it is within a reasonable distance," the board chairman said.  
Finding of sufficient water is necessary in order to assure success of the water and sewer programs in the two townships. The sewer cannot be constructed without water since part of the sewer cost will be paid by homeowners based on the amount of water they will use.

**Plymouth Represented At AEA Conference**  
Plymouth will be one of 12 Michigan communities in the spotlight at the second annual adult education association of Michigan conference, May 23 and 24 at Michigan State University in East Lansing.  
The local adult education and recreation department will send a representative to the conference. Plymouth's portion of the program will consist of presenting a discussion and question and answer period on recreation and leisure time.  
Plymouth's appearance will take place on May 23, the opening day of a two-day event, to which 175 leaders of state and local adult groups will come. Other subjects will be aging, health, home and family living and community education.

## More Evidence of Saturday Storm

FOR FIVE-YEAR-OLD Ronnie Wilamowski surveying the ruins of the storm on Monday was a big adventure. Saturday it was a different story, however. Ronnie, son of Mr. and Mrs. Henry Wilamowski of 45235 Ann Arbor road, was thrown to the ground by the winds as he and his mother raced to a neighbor's basement for shelter. Top and bottom pictures were taken at the Michael Kinski farm on Ann Arbor road next to the Wilamowski residence.

EDWARD HINES drive in Livonia looked more like a shallow canal Sunday as the heavy rains over the weekend slowed traffic and flooded streams throughout the Plymouth area.

GERALDINE MOSHER (center), 16-year-old Plymouth high senior last week was awarded an American Legion National Presidents' scholarship, one of ten such presentations made in the nation this year. The scholarship consists of \$600 per year for four years of college study, depending upon academic requirements. She is pictured here with Mrs. John Starkey, president of the department of the Michigan Legion auxiliary, and J. Addington Wayner, national commander of the American Legion. Geraldine is the daughter of Mrs. Emily Mosher, 963 West Ann Arbor trail, and plans to attend the University of Michigan.

# BPW to Install New Officers

Virginia R. Allen

The new officers of the Plymouth Business and Professional Women will take office this Monday at a special installation dinner meeting at the Mayflower hotel.

Virginia R. Allen, president of the Michigan Federation of Business and Professional Women's clubs, will install the new officers. Miss Allen is executive vice-president of Cahalan Drug Stores, Inc., of Wyandotte. She has been president of the Wyandotte club, state public affairs chairman, chairman of district two, state program co-ordinator and first and second vice-president of the state.

Miss Allen's present activities also include the board of directors of the Detroit Association of University of Michigan Women; the board of directors of the Brightmoor Community Center; chairman of the Community Resource Committee for the Job Upgrading Program of the Detroit public schools; Wyandotte chamber of commerce; Women Principals club of Detroit, Detroit Association of Phi Beta Kappa and the Women's City Club.

New officers who will be installed are: Ada Watson, president; Barbara Cushman, vice president; Mrs. Mary Wagenschutz, recording secretary; and Louise Spence, corresponding secretary. The meeting will begin at 8:30 p.m. Mrs. Mabel Bowers is program chairman.

## City Reviews Plan For Disaster Action

A meeting to coordinate the city's line of action during a tornado disaster was held Monday afternoon in the office of the city manager.

Civil Defense Director Ernest Henry, City Manager Albert Glassford, Fire Chief Robert McAllister, Director of Public Works Stanford Besse and Police Lieutenant Roger Vanderveen attended the promptly called session.

City Manager Glassford stated that in view of the frequent threats of tornadoes the city department heads were again outlining procedure to follow during a crisis.

In the event of a tornado warning from the weather bureau Glassford stated that all department heads will be alerted. Extra manpower will be obtained and debris clearance will begin. Injured will be taken to first aid facilities and the fire department will call in volunteers to stand by.

Upon first word that a tornado is imminent, and sighted, the siren will be sounded for one continuous blast. Three one minute blasts with two minutes of silence between will signal the all clear.

Glassford stated that a more detailed plan of action would be organized by the committee at later meetings.

## Suggests Raw-Packing To Preserve Asparagus

Research shows that the easier, flavor-saving raw-pack may be safely used to preserve asparagus. Count on using about 2 1/2 to 3 1/2 pounds of fresh asparagus for each quart. Choose fresh, tender stalks. Wash, trim off scales and tough ends and wash again. Cut in one-inch pieces.

To raw-pack in glass jars, pack the pieces as closely as possible without crushing, to within 1/2 inch of the top of the jar. Add 1/2 teaspoon salt to pint jars and 1 teaspoon to quarts. Cover with boiling water leaving 1/2-inch space at top. Adjust lids and process in a pressure canner at 10 pounds pressure (240° F.). Process pints for 25 minutes and quarts 30 minutes. As jars are removed from the canner, complete the seal, if the closures are not self-sealing.

For Larger Seeds Make Drill With the Hoe Blade.

Use Hoe Handle to Make Drill For Medium Sized Seeds.

# Orderly Vegetable Plantings Can Make Beautiful Garden

A vegetable garden can be beautiful. Professional gardeners, who devote their lives to maintaining the beauty of private estates, take pride in their vegetable plantings.

The beauty of a vegetable plot lies in its order, with crops growing in straight parallel rows, plants properly thinned to give them room, rows squared with plot boundaries, and not a weed to be seen.

Not only beauty, but efficiency is gained by such a layout. One quick trip with a wheel hoe down the straight aisle between two rows will destroy hundreds of weed sprouts, in a fraction of the time required to cultivate, a disorderly garden.

Rows should be spaced with varying distance between them, depending on two factors; The needs of the crop, and the convenience of cultivation. In rich soil vegetables may be spaced more closely than in poor; but when spaced too close together, it is difficult to cultivate between the rows.

Crops growing twelve inches tall or less may be spaced 10 inches to a foot apart if cultivated with hand tools. For a wheel hoe, eighteen inches is likely to be a minimum distance to avoid disturbing the roots of the vegetables.

Taller vegetables, and those that make vines, large bushes, or have a sprawling habit, must be given more distance between rows. In small gardens, 4 feet will usually be the maximum distance, given only for such crops as bush squash and cucumbers.

After you know where the rows are to be, a line should be stretched to mark the first row. Some gardeners use a straight, narrow board as a ruler to mark the row. A heavy cord wound on an iron reel is handy, but any strong cord stretched between two stakes will do.

Using the corner of a hoe, draw

in the soft soil a shallow trench with this line as a guide. This is known as a drill. Some prefer to use the end of the hoe handle and for very small seeds the corner of a stick pressed into the soil is adequate. Others have small hoes which they like; but it is more a matter of touch than the tool.

For small seeds such as radishes, onions, carrots, lettuce, and endive, a drill half an inch deep is enough. A little deeper for beets and Swiss chard, and an inch for peas, beans, and sweet corn will be sufficient. Shallow sowing is preferred nowadays in the cool, moist spring, but make drills a little deeper when hot weather comes.

## Royal Oak Car Badly Damaged in Tussle with Tree Here

Residents on Ann Arbor Trail near Sheldon road were startled Tuesday night when an automobile driven by Robert L. Randall, 33, of Royal Oak, Michigan, overran a curb and then crashed into a tree before it finally came to rest on the sidewalk.

The accident occurred at 9:05 p.m. in front of the home of Ben Weaver, 1472 W. Ann Arbor Trail. Police said Randall apparently fell asleep at the wheel and lost control of the car. He suffered minor face and head lacerations and was taken to Wayne County General Hospital. He was released from the hospital Wednesday.

The car was reported to be a total loss. Weaver said that considerable damage was done to the tree and to the lawn on his property.

Mr. and Mrs. William Edmunds and son returned from an enjoyable trip to North Dakota. Mrs. Edmunds was raised there and had not been back there for 16 years, saw many old classmates and relations. They visited many interesting places such as Fort Totten, an Indian Reservation at Devils Lake, also saw Paul Bunyan and his blue ox in Bemidji, Minnesota.

Mr. and Mrs. Herbert Famuliner and daughters were Sunday evening visitors at the William Edmunds home.

The Salem Fire Department was called Sunday afternoon to put out a fire which did extensive damage to the interior of the home of Kenneth Graham of West Seven Mile road. No one was home at the time.

Walker Women's Club met at the home of Mrs. George Kelly last Monday evening.

Mr. and Mrs. Lyle Quick of Detroit spent Mother's Day with their daughter Mrs. Louis Sweetman of West Six Mile road.

The Griswold family held open house Sunday at the Griswold home on South Salem road in honor of Mr. Griswold's birthday.

Mr. and Mrs. Donald Tiffin spent Mother's Day at the Tiffin home in Detroit.

Mr. and Mrs. Gilbert Alter spent Saturday evening at Lincoln Park at the Raymond Alter home.

Mr. and Mrs. Charles Stacey spent Sunday at the Gertrude Heintz home on Ford road.

Mr. and Mrs. Glenn Hardesty and family spent the week-end at Port Austin visiting Mrs. Hardesty's parents.

George Brown of Middleton, Ohio spent the week-end with his daughter and family Mrs. C. J. Hardesty of West Six Mile road.

Mrs. Elmer Bennett entertained Friday evening at a clothing demonstration. About 12 were present.

Ruth Birkelbaw of South Salem road is confined to her home with measles.

Mrs. Alta Opydecke of Seven Mile spent Mother's Day with her daughter, Mrs. Cloyd Hardesty, of Whitmore Lake.

**Robinson Subdivision**

**Mrs. Floyd Laycock**  
Phone 1060-R

Mr. and Mrs. Richard Fickle have postponed moving for one week. Sunday visitors at their home were Mr. and Mrs. Gene Kirby and children and Mr. and Mrs. Henry Gray all of Plymouth.

Mr. and Mrs. Charles Spaulding returned Sunday evening from a weekend fishing near Oscoda, Michigan. Their children Jerry and Charlene spent the weekend with Mr. and Mrs. Earl Spaulding Jr. in Livonia.

Mr. and Mrs. Gerald Kitsen visited the Laycocks Sunday afternoon.

Mr. and Mrs. Eugene Schaening attended the wedding and reception of Mr. Schaenings brother in Detroit Saturday afternoon and evening.

**Cherry Hill**

**Mrs. James Burrell**  
50160 Cherry Hill Rd.

Mr. and Mrs. James Burrell spent Saturday afternoon at Mr. and Mrs. E. L. Burrells of Detroit.

Mr. and Mrs. Walter Wilkie spent Sunday with Mr. and Mrs. Fred Heidt and family.

The Mother and Daughter Banquet was well attended last Thursday night.

Mr. and Mrs. James Burrell and Douglas and Mrs. Grace Corwin spent Sunday with Mrs. Alice Freeman of Kalamazoo. They also called on Mr. William Freeman in Bronson Hospital and found him feeling some better.

The Cherryhill cemetery association will have their annual meeting Sunday, May 27 at the church house beginning with a pot luck dinner at 1 p.m.

Unit 1 of W. S. C. S. served a dinner to Kiwanis and their wives on Tuesday, May 15th.

**Newburg News**

**Mrs. Emil LaPointe**  
Garfield 1-3029

Mr. and Mrs. Melvin C. Guthrie, Sr., of Newburg road have returned home after spending two weeks in North Carolina and Georgia. One week-end was spent at the King and Prince hotel on St. Simon's Island and another week-end was spent at Battery Park in Asheville, North Carolina. The remaining time was spent in Greensboro, Georgia.

On Sunday, May 6, Mr. and Mrs. Harold Mackinder, Mr. and Mrs. Charles Chappell, Mr. and Mrs. Harry Gertz and Mr. and Mrs. Walter Gregory and children attended services at the Methodist church in Utica, Michigan and afterwards visited in the home of the pastor and his wife, Rev. and Mrs. G. McDonald Jones. The Jones family are former residents of the Newburg area.

Mrs. Emil LaPointe and her daughter Nan of Joy road attended the annual Mother and Daughter banquet at Preston Methodist church in Detroit on Thursday, May 10.

Guests in the home of Mr. and Mrs. Emil LaPointe on Joy road on Sunday, May 13, were Mr. and Mrs. E. C. Weiss, Sr., of Detroit, Mrs. Mary Weiss, of Dexter, Michigan, Mr. and Mrs. George Weiss and family, Marlene, Skip, Barbara and Tim of Northville, Michigan.

At the home of Mrs. George Simon on Joy road Wednesday afternoon May 9, eight women

assembled for a Stanley demonstration given by Mrs. Tish Dawson of Detroit. After the demonstration the ladies all played canasta. Those who attended were, Mrs. Arthur DeCoster, Mrs. C. A. Overmyer, Mrs. Raymond Peterson, Mrs. Claude Desmond, Mrs. Emil LaPointe, Mrs. Stuart Flaherty and Mrs. Edward Howden.

The General meeting of the Women's Christian Service of the Newburg Methodist church will meet in the church on Monday evening, May 12. Every woman of the church is welcome to attend. The meeting will begin at 7:45 and the highlights of the evening will be the election of officers. This will also be the evening when the two evening circles will be divided to make three and make the membership even. Everyone is urged to attend.

Of interest to the so-called old timers of the Newburg area would be the news of the death of Mrs. Jennie Graham formerly Jennie White.

Mrs. Graham passed away at her home on Saturday, May 12 in Brimley, Michigan. Mrs. Graham formerly resided on Hix road and is the sister of Mrs. Myrtle Bassett.

Attention, women of the Canasta Club. The date for your evening of cards has been changed to Tuesday, May 29 and will be held at the home of Mrs. Raymond Peterson on Ravine drive. Please notify your hostess if you cannot attend.

A surprise birthday party honoring Graham Bennett was given by his parents, Mr. and Mrs. Jesse Bennett at their home on Stark road on Saturday, May 12. Guests present for a pot-luck supper, games and movies were, Mr. and Mrs. Edward Reid, Mr. and Mrs. Leonard Ritzler, Mr. and Mrs. Harold Case, Eric Nyman and his friend Betty, Mrs. James Greenwood, Bill Schmidt, Jr., and Mr. and Mrs. Emil LaPointe and children Bruce, David, Mark and Nan.

The day is fast approaching for the Bridal pageant to be presented by the Rhoda circle of the

Women's Society of Christian Service of the Newburg Methodist church. The day and date is Saturday, June 16 and there are still some tickets available for this interesting event. To be modeled during the course of the pageant will be a wedding gown which is 100 years old. Be sure and get your tickets early.

Parent's day for the fraternity, Tau Kappa Epsilon was held on Sunday, May 13 at Albion College. Spending the day with their son, Tom, for this occasion were Mr. and Mrs. Melvin C. Guthrie of Newburg road.

**Geer School Asks Plymouth Annexation**

A request to consider annexation of the Geer School District was heard by members of the Plymouth Community School board of education Monday evening at its regular meeting.

Leo Haug, Ronald Hesse and Gail Mason of the Geer board of education asked that annexation of the Superior-Salem township school district be considered. The Geer school, located at Goffredson and Ann Arbor roads, has approximately 30 pupils in grades ranging from kindergarten to sixth. Seventh, eighth and high school students now attend Plymouth schools on a tuition basis.

The board moved to postpone any action and study the request.

Official approval was given the extended school program for summer study. Subjects approved are: fine arts, music, industrial arts, science, library, reading, arithmetic, driver training, typing, Spanish, French and aid to mentally retarded and emotionally disturbed children. Teachers for the summer program will be recruited from the regular staff.

**New Headquarters for the 'Jeep' family of 4-wheel drive vehicles**

All-new 4-wheel drive Universal 'Jeep'

We proudly announce the appointment of another dealer for the 4-wheel drive Universal 'Jeep' and other members of the 'Jeep' family of 4-wheel drive vehicles. The extra stamina built into these vehicles assures superior performance on or off the road. They travel on the highway in conventional 2-wheel drive, but they shift easily into 4-wheel drive to go through mud, sand, snow or soft earth where ordinary vehicles can't go. With power take-off they operate a wide variety of equipment for farm or industry. Get the facts on how 'Jeep' 4-wheel drive vehicles can save you time and money.

The 'Jeep' family of 4-wheel drive vehicles WILLYS...makers of the world's most useful vehicles.

PRINCIPLES at the Plymouth Rotary club's Inter-City meeting at the Hotel Mayflower last Monday evening were these five persons. From left: Perry Richwine, chairman of the event; Congresswoman Martha Griffiths; Detroit Police Commissioner Edward S. Piggins; Rotary President Dave Galin; and Rotary District Governor Fred H. Rollins. Piggins, as guest speaker, highlighted the evening with an inspiring talk concerning problems of America's youth today.

### Piggins' Speech Highlights Rotary Inter-City Meeting

An inspiring talk by Detroit Police Commissioner Edward S. Piggins on the problems confronting America's youth today highlighted the Plymouth Rotary club's Inter-City meeting last Monday evening at the Hotel Mayflower.

Approximately 70 Rotarians including visiting members from neighboring communities and additional guests gave Piggins a deserved ovation as he closed his speech.

Club members from Wayne, Northville, Highland Park, Tecumseh and Clinton were in attendance in addition to special guests Congresswoman Martha S. Griffiths and Rotary District Governor Fred H. Rollins.

In his speech Piggins pointed out that the greatest need of the nation's youth today is for recognition of his respective position in our society. Piggins expressed enthusiasm in his respect of today's youth.

He said he held no fear of turning over the reins of our country to these youths when the time comes to do so. Piggins said that America's accelerated social culture with its many mechanical facets tend to cause premature sophistication.

Other contributing factors to the juvenile problems explained Piggins, are brought about by rising population, crowded living conditions and the increasing mechanical advantages such as the automobile.

He accentuated the fact that education and recognition are primary methods of combating delinquency.

Piggins also spoke about the problems of traffic safety. He was emphatic in stating that the Detroit area, as a center of automotive production, should also set an example and be a leader in safety on the highways.

The dinner meeting was arranged by Perry Richwine, chairman of the event. It was sponsored by the local club in an effort to promote inter-community relations.

MRS. ALBERT Minehart of 8911 Brookline examines top portion of the chimney which was blown from the house shortly after 6:00 p.m. Saturday. The Mineharts reported that the strong winds shook the house and crashed the chimney into the ground as they watched from a nearby window.

### To Break Ground Sunday For Easter Seal Center

Ground breaking ceremonies are scheduled to be held Sunday at 3 p.m. at Inkster's Hyde Park, for the new Easter Seal Center which will serve the crippled children and adults in Western Wayne County.

The new Center will be the headquarters of the Wayne Out-County Chapter, Michigan Society for Crippled Children and Adults, which now conducts its offices at 31433 Ford Road, Garden City.

For several months twenty-two Rotary, Kiwanis and Exchange Clubs throughout the county have spearheaded fund raising projects to raise \$112,000 which the Easter Seal Center will cost to build.

Two years ago five lots in the Hyde Park sub-division in Inkster were turned over to the Wayne Out-County Chapter for the Center by the Wayne County Road Commission.

Last summer architectural drawings were made by Bennett and Straight, Architects and Engineers, as part of their contribution to the project.

Harry Birchard of Birchard and Roberts, contractors, will serve as general contractor for the building.

Chapter board members who have served on the building committee from various communities are: Chairman Chester Matherson and Ralph Ellsworth, Jr. of Garden City; Lawrence Bailey, Lincoln Park; Chapter President; Henry Herrick, Allen Park; Harold Guenther, Plymouth; Edward Miller, Flat Rock; George Anderson, Wayne; and Mrs. Herma Taylor, chapter executive secretary of Plymouth.

All members of service clubs in the out-county area as well as the general public are welcome to attend the ground breaking ceremonies.

Construction on the multipurpose building is expected to begin in the near future.

**Wouldn't**  
"We're having a raffle for a poor widow. Will you buy a ticket?"  
"Nope. My wife wouldn't let me keep her even if I won."

The trouble with having a lot of ailments is that one talks about them.

### Airport Committee To Plan Campaign

A meeting of the newly organized committee to purchase and expand Mettetal airport has been called for this evening at 8 o'clock in the city hall. Chairman Harold Guenther reported that each committee member has been directed to bring three more persons who are interested in expanding the airport facilities.

Purpose of this evening's meeting is to indoctrinate workers who must go out and gain support of industry so that necessary funds may be obtained to complete the project. Estimated cost of the land purchase and reconstruction is \$663,000. The city must raise \$294,000 of this figure. State and Federal funds are available for the remainder.

MOST VIOLENT damage caused by the storm in this area occurred in South Lyon. The above home of Mr. and Mrs. Harlan Bryant was leveled Saturday as was a newly built home next door which the Bryants planned to move into Sunday. The Bryants and their eight-week-old son were in the home when the wind struck but escaped with minor cuts. Bryant is employed at Evans Products in Plymouth.

SINGING TOGETHER for the last time in a concert May 22 at 8 p.m. at the high school auditorium will be nine Plymouth graduating seniors, seven of whom are shown here with Director Fred Nelson. The group, known as the Choralettes, has provided choral music for the school and numerous audiences since 1950 when first organized. From left standing are: Members Sonya

Bench, Barbara Baskins, Judy Richwine, Sue Stecker, Ann Knipschild, Shirley Andrews and Connie Schmidt. At the piano as accompanist is Jo-n Ebersole while Director Nelson stands at right. Absent from the picture are Theresa Carpenter and Janet Wickens, also members of the Choralettes.

# Junior Achievers Hit New Sales Record

A record-smashing year in production and gross income from sales was chalked up by the 274 Junior Achievement firms in Southeastern Michigan this year. Eight of the firms are in Plymouth.

Don E. Ahrens, Junior Achievement board president and General Motors vice president, announced that the 5,000 young businessmen and women in JA have grossed \$109,600 in the oper-

ation of their miniature corporations since last October.

Said Ahrens: "Last year dividends averaged nine per cent of each 50-cent share of stock sold. Most firms are liquidated now prior to our May 10 closing, and after taxes are paid we expect their dividends to average 10 per cent."

May 10 was the date of JA's sixth annual "Future Unlimited" celebration held in the main auditorium of Masonic Temple in Detroit.

Largest single sale will be made by the Dodge Achiever Co. of Wyandotte, according to Ahrens. This firm, sponsored by the Marine & Industrial Engine Div. of Chrysler Corp., has assembled one four-door sedan.

The car, the "Royal Achiever," has not been sold as yet, but several offers have been received at the company's asking price of

\$3,600, according to President Randy Peterson, 18, of 28034 Elba Island, Gross Ile.

Singled out by Ahrens for production honors was the Daisy Products Co., of Highland Park, sponsored by Graybar Electric Co. The firm, headed by President Duchesne Nowak, 16, of 20051 Yacama, Detroit, produced and sold a record-setting 2,770 units of its fluorescent light fixtures and grossed more than \$1,430 in sales.

# Rain Halts Races

For the first time since 1950 a night of Wolverine racing was cancelled because of rain Wednesday, May 9, opening night.

The elements were not much better the following evenings, but racing got underway Thursday and more than 7,000 fans turned out. Manager Orlow Owen stated that the Detroit Race course is in good shape despite the rains.

Wolverine has the only horse races in the area until Hazel Park opens Monday.

# Rural Mail Box Fix Up Week to Begin May 21

"Everyone's mailbox is the front door to their home—please look at it—everybody else does."

That is the theme of Rural and Mounted Route Mailbox Improvement week being observed during May 21-26 by post offices across the nation. Carriers are soliciting the cooperation of their patrons to "doll up" their mailbox equipment and approaches so they will not detract from the scenic beauty of the highways or streets or retard efficient mail

delivery.

Postmaster George Timpona said that the improvement program will be extended through June 2 so that everyone will have plenty of time to improve their boxes.

It is pointed out that errors in delivery are sometimes caused by the patrons' names not being on their mailboxes, especially when a substitute carrier serves the route when the regular carrier is on vacation or sick leave. "Please

don't forget the substitute is not acquainted with the route as the regular carrier is," the postmaster stated.

He added that many boxes become unsightly with rust and unserviceable due to their leaky condition, broken doors or no lids, missing signals, no names, supports being bent over or rotted which needs replacing, weeds and wild grass grown around the supports and approaches and in many places the approaches are rough and full of chuck holes.

"And, Mama, I've been voted 'most likely to own an OK Used Car.'"

You're most likely to succeed in making the buy-of-the-year if you shop for an OK Used Car today. That's because volume trade-ins on '56 Chevrolets result in a big selection of models, at extra savings. OK Used Cars are always at the head of the class in value — they're inspected, reconditioned and dealer-warranted in writing.

**MOTHERS OF EMPLOYEES** of the Plymouth traffic department of Michigan Bell telephone company were treated to a Mother's Day tea last Thursday afternoon at the local office. The guests were also toured through the operating room, operator's quarters and the entire building. Above three mothers are being shown the operator's board in action. From left: Mrs. Ward Griswold and Mrs. Albert Smith, both mothers of employees; Miss Dolores Wohlgenuth, chairman of the tea and service assistant who is conducting the tour; and Mrs. Eugene Jordan, another employee mother. The tea consisted of buffet luncheon with cake, ice cream, sandwiches and beverage. The event was the first one of its sort here.

Thomas J. Green, 37721 Grantland in Livonia, was named special representative in the Plymouth and Livonia area for the New York Life Insurance company this week by Michigan Branch Manager Louis P. Gifford. Green has been associated with the Burroughs corporation for nine years. He is married and has two daughters.

**TWENTY-FIVE** year employee pins were presented to two workers of Dunn Steel Products, Division of Townsend company, here recently as they completed a quarter century as employees of the local firm. They are Joe Gellner, 45, 824 Carpenter, Northville, and Roy Helm, 51, 435 Starkweather. Presenting the gold diamond studded lapel pin to Gellner (above) is John G. Spruhan, general manager of the local division, as Helm looks on. Helm, who began work with Dunn Steel in 1929, is a machine operator in the secondary machining department. Gellner, who began in 1927, is assistant foreman in the same department. Dunn Steel was founded in Plymouth in 1926 by Andrew Dunn. It merged with Townsend in 1951.

**CITY OF PLYMOUTH DOG VACCINATION CLINIC**

If you live within the Plymouth City Limits and own a dog, you may have your dog vaccinated at the City Hall and obtain his license all at one time on the following dates:

**SATURDAY May 19, 1956**  
**FRIDAY May 25, 1956**  
**SATURDAY May 26, 1956**

Time each day from 9:00 to noon and 1:00 P.M. to 5:00 P.M. The clinic is under the direction of a Doctor of Veterinary Medicine and each dog will be vaccinated by him.

The fees for vaccination and license are as follows:

**Vaccination . . . . . \$2.00**  
**License—regardless of sex . . . . . 2.00**

**TOTAL . . . . . \$4.00**

All dogs within the City of Plymouth must be licensed by May 31. The City Ordinance requiring licenses and vaccination was passed to prevent the spread of rabies, a disease that is always fatal to both dogs and humans, so to protect your dog, yourself and other people in the City, be sure that your dog is vaccinated and licensed.

**Plymouth Police Department**

**Yellowing Trees May Need 'Shot'**

Trees sometimes get pale as ghosts, but it's for earthly reasons. One or more trace elements may be missing from the soil. Certain trees and shrubs, notably oaks and rhododendrons, suffer from a deficiency "disease" called chlorosis, denoting a yellowing of foliage. Many other species frequently are affected.

A number of trace elements are essential for the healthy complexion of any tree. A soil deficiency in one or more such elements as iron, zinc, manganese, boron and copper, among others, can cause an arboreal jaundiced look.

There are technical differences in the appearance of the trees, but only the professional tree man or horticulturist can spot them. Fortunately, the vast majority of chlorotic cases are caused by lack of iron in available form. Most cases can be treated successfully by the injection of iron solutions into the tree trunk or by soil applications.

Now a new chemical form known as "chelated" iron is available for treating stubborn cases that fail to respond to conventional treatments. Where its use is warranted, it is included in small amounts in tree food applied over root areas. It may also be used as a surface application.

Because of the precise diagnosis and treatment involved, amateur tree doctors are advised to resist the urge to treat chlorotic trees themselves.

The Reader Speaks Up

Starkweather Third Graders Give Advice to Grown-Ups

April 30, 1956

Dear Sir:

The third grade thinks you should put in the Plymouth Mail that when you burn your trash you should watch the fire so some little children won't burn themselves. You should always burn in the proper containers, and not too near houses, trees or fences. If you were burning leaves you should watch the fire, because if it were to blow away it might start a field fire. This would probably save a lot of lives and property.

We also think you should put a reminder about refrigerators. When you put an old refrigerator in the garage or in a barn you should always take off the door so some little boy or girl won't suffocate in the refrigerator. If you leave the door on some little child might be playing hide and go seek and he or she might want to hide in the refrigerator and could suffocate very easily.

Kathleen McIntyre, Third Grade Starkweather School

April 24, 1956

Dear Sir:

The Third grade would appreciate it if you would put this reminder in the Plymouth Mail. It is spring now and almost summer time, and most children are playing their favorite game of hide and go seek. Most children like to hide in things such as boxes and tubs and other things. Some careless people put old refrigerators in their barn or garage. Soon some little boy or girl that is playing hide and go seek climbs in the refrigerator as a hiding place. Then the child closes the door and it locks. After a while the child wants to get out but can't. Then the child yells but nobody hears and the children start looking for the lost child. After a while the mother of the lost child finds the child suffocated in the refrigerator. So that is why we want to remind people to take the door off the refrigerators before storing it away in a garage or barn.

Janice Mattison Starkweather Third Grade

Starkweather School

May 1, 1956

Please Help

Dear People of Plymouth

We are writing you this letter about some people.

These people start fires to burn trash when they walk away. Now little children like to watch fires. They also like to poke at fires. If they are not careful they will get their clothes on fire.

So when you are burning your trash or burning anything, please stay next to the fire until it is dead out. If you will do this many little children will be saved.

Thank you Judy Burgett, Room 8 Third Grade, Starkweather School, Plymouth, Michigan

Dear Sir:

Will you help us save the lives of many people by printing this in your paper.

Many accidents happen by fire so if you start a fire watch it because a small child may catch on fire and you won't know it. That is how so many children die every year in fires.

Marie Sheldon third grade

He that does anything for the public is accounted to do it for nobody. —Thomas Fuller.

# GET MORE LOW PRICES on more items MORE DAYS A WEEK AT A&P!

Just think what that promise means in terms of your total food bill! Doesn't it stand to reason that in buying food for three meals a day, twenty-one meals a week (that's a whopping 1,092 meals a year!)—you are wise to shop where you get more low prices more often! Yes, A&P has plenty of specials!

But much more important for your over-all budget is the steady flow of savings you get on item after item, day after day at A&P. Test-shop A&P all through May . . . and watch your savings grow! Come see . . . you'll save!

Come See, You'll Save at A&P!

**Customers' Corner**  
*Inside A&P*  
Because shopping at A&P is an American tradition, you might be interested in a few did-you-know's about this favorite food store.

- Did you know that A&P was born in 1859 with one small tea store?
- Did you know that today A&P's representatives cover areas from the tropics to Alaska to seek out our prized quality foods?
- Did you know that A&P maintains special testing laboratories to be sure of strict quality?
- Did you know that it's A&P's policy to bring you more low prices on more items more days of the week? Come inside A&P and see . . . you'll save.

**SIXTY BOYS AND GIRLS**, members of the Presbyterian Junior Westminister Fellowship, devoted one after-school session a week for three weeks to sewing layette garments and making pull toys for the Newton Community center for Negroes in Chattanooga, Tennessee. The basement and garage of the E. J. Readman home, 1310 Maple, served as the work center. From left are Barbara Haas, Sandra Hromek, Gary Horndorp and David Rank.

## Annual Meeting Closes Tenth Symphony Season

More than 150 members of the Plymouth Symphony Society gathered Monday evening in the auditorium of the Plymouth high school for the annual meeting of the organization.

Following a potluck supper, President Gerald Fischer opened the business meeting by calling for approval of committee reports of the board which conducts the business of the orchestra. Nominations Mrs. George Conover, Mrs. E. J. Readman, Mrs. Ray Hulce and Ronald Bonamici were elected to the symphony board. They replace outgoing members, Harry Stephens, Hildur Carlson, Mrs. Michael J. Huber and William Sliger.

In his report President Fischer pointed out that the tenth season of the orchestra was perhaps the most successful thus far. The 90-piece orchestra played to its largest audiences, he added, and financial support continued to improve. President Fischer also noted that "the long-sought Junior Symphony became a reality and has already become a strong element in our program to foster good music for the youth of the community." He concluded by urging all members to support efforts to provide adequate facilities for the orchestra's concerts.

The financial report revealed that the orchestra presented its nine concerts, six in Plymouth and three elsewhere, on a budget of \$6,000. The Society closed its books on the 1955-56 season with a balance on hand of \$900. Membership for the tenth season totaled 224, a gain of 25 members over last year.

Conductor Wayne Dunlap had charge of entertainment for the evening and presented Ana M. Martinez-Casado, soprano who played Gretel in the orchestra's "Hansel and Gretel" production, and zither players Hans and Christian Baals.

## Social Notes

Mr. and Mrs. J. W. Fowlkes and three daughters, Nancy, Martha and Mary, of Rocker drive will spend the week-end in Lakewood and Cleveland, Ohio with her parents, Mr. and Mrs. George Bill and attend on Saturday evening the dinner and reception to be tendered her parents on their 35th wedding anniversary in the Lakewood Methodist church.

Mr. and Mrs. Howard Salisbury entertained Mrs. Don Urquhart, Mrs. Jack Roberts and Mrs. Byron Becker, Tuesday, at a luncheon and canasta in her home on Sunset avenue.

Mr. and Mrs. Roy Wilson and family of Dewey street spent Mother's Day with her parents, Mr. and Mrs. Elmer Ricker in Adrian.

Dr. and Mrs. A. E. VanOrnum, son, David and daughter, Ann, were dinner guests, Sunday, Mother's Day, in the home of her parents, Mr. and Mrs. George Ratz, in Brighton.

Mr. and Mrs. Howard Salisbury of Sunset avenue enjoyed dinner Mother's Day at the Highland Manse in Highland.

Mr. and Mrs. R. A. Kirkpatrick of Auburn avenue were in Grossette Pointe to attend the first communion of their grandson, John McGraw with breakfast afterward in the home of his parents, Mr. and Mrs. John McGraw. On the same day they were dinner guests in the home of another daughter and husband, Mr. and Mrs. Emmett Smith in Northville.

Mr. and Mrs. Fred Hines of Beck road were in Detroit Saturday evening to attend a wedding and later a party at the home of friends on Sessex avenue.

Dr. and Mrs. John Olsaver, Mr. and Mrs. C. L. Cowgill and Mr. and Mrs. John T. Neale enjoyed a smorgasbord dinner Saturday evening at Black's White House in Northville.

Members of the Priscilla sewing group were entertained Tuesday afternoon in the home of Mrs. Irving Blunk on Arthur street. The hostess served dessert and coffee.

The Goodwill truck will be in the Northville-Plymouth area on Monday, May 21. For pickup information please call Miss Edith Sorenson at Northville 571.

Mr. and Mrs. John Hoben of South Harvey street spent the week-end in Adrian with his mother, Mrs. Charles Stewart Hoban.

## GIRL SCOUT NEWS

Judy Lowe reports that Brownie Troop 26 entertained their mothers on Tuesday, May 8, in the kindergarten room of Starkweather school. Each mother was presented with a plant by her daughter. Mrs. Charles Zoet and Mrs. Helen Spence are leaders of Troop 26.

Diane Mackie reports that Troop 15 held a cookout at the Kiwanis Girl Scout lodge on Wednesday, April 25. The girls put on a fashion show as one of the requirements for their second class badge. Later they learned how to "whip" a rope, as well as oil and handle a jackknife. Mrs. William Rudick is the leader of Troop 15.

Susan Larkin reports that Troop 3 were guests of Troop 6 at Our Lady of Good Counsel school recently. Mrs. William Edgar talked to both troops on camping. Punch and cupcakes were served at the end of the meeting.

Thursday afternoon, May 10, Brownie Troop 17 toured Sutherland's Greenhouse. After the tour, each Brownie selected a plant to take home to her mother. Mrs. Earl Luefing and Mrs. Clifford Lightstone are leaders of Troop 17.

## Business Women Of Michigan Hold Convention

The Michigan Federation of Business and Professional Women's Clubs, Inc. will hold its 38th Annual Convention at the Hotel Statler, Detroit, Friday, Saturday and Sunday. Mrs. Ada Watson, 602 Coolidge, is president of the Plymouth Business and Professional Women's Club and an official delegate to the Convention. Mrs. Watson will also serve as Chairman of Registrations at the Convention.

Miss Virginia R. Allen, of Wyandotte, president of the Michigan Federation, Grace Greenan of Empire, first vice-president, and Viola M. Wolfe, of Detroit, second vice-president, will preside at the various meetings, beginning with the Club Presidents' Luncheon on Friday.

Marguerite Rawalt, president of the National Federation of Business and Professional Women's Clubs, Inc., and an attorney in Washington, D. C., will come to be the guest of honor and speaker at the Saturday night banquet. Her address is entitled "The President Reports." Michigan clubs are especially honored this year, as this is the first time a national president has been able to attend a Michigan convention.

## Piano Students To Hold Recital

Students from the piano classes of Mrs. James Honey and her daughter Mrs. Thomas Blossom will present a program consisting of solos and ensemble numbers at a Spring Piano Festival at Bird school auditorium Friday at 7:30 p.m.

The following children will participate in the public recital: Jill Allison, James Allison, David Newell, Diane Newell, Susan Hulce, Suzanne Green, Pamela Wilson, Mary Louise Perlongo and Sharon Skaggs.

Mike Evans, Charles Mather, Math Wesley, Virginia Fetter, Pamela Kay, Genie Light, Joe Light, Connie Ritzler, Patricia Honey, Richard Tisch, Pamela Turkett, Marcy Woolweaver, Karen McGeehen, Rhea Fluckey, Krisan Fluckey, Jearold Wallace, James Wallace, Pamela Smith, Sally Gilles, Janet George, Patricia George, Mary Husing, Sara Stout, James Stout, Belinda Pate, Timothy Rosecrans, Tamara Rosecrans and Marilyn Moss.

## Area Realtors Observe Tenth Anniversary

Members of the Western Wayne County Board of Realtors celebrated their tenth anniversary Monday evening at Arbor-Lil in Plymouth.

President Leon Merriman introduced several visiting realtors from this area including Stewart E. Butts, president of the Michigan Real Estate association from Ann Arbor, Executive Secretary Burt Saunders, William J. Butzin of the Ann Arbor Board, Mack C. Cadillo, president of the Dearborn Board, and Fred C. Noll, president of the Ypsilanti Board.

Mr. Saunders spoke briefly and recalled that the present Western Wayne County Board of Realtors was formed ten years ago at a meeting in Roy Lindsay's office.

WITH THE PROCEEDS to go toward the Plymouth Symphony orchestra, the women's committee of the local Symphony society will hold a Geranium Sale here on Friday and Saturday, May 25 and 26. Preparing a sample selling booth are these committee women, from left, Mrs. Ray Hulce (chairman), Mrs. Robert Webber, Mrs. Edwin Schrader, Mrs. William Fronk, Mrs. A. E. VanOrnum and Mrs. Carl Wall. The sale is slated to be held in Plymouth's downtown area with selling points located at the Hotel Mayflower, the central parking lot, on Forest avenue and also Shelden Shopping center in Livonia. The Women's committee is now accepting advance orders which may be placed by phoning Mrs. Hulce.

## Local Cancer Unit Needs More Workers

The American Cancer Society unit of Plymouth this week issued a call for voluntary workers. Announcement was made by Mrs. Harry Bartel that plans are being made to open the local office during morning hours as well as afternoon. To do this, more helpers are needed.

Information concerning cancer detection is being distributed weekly in local doctors' and dentists' offices by voluntary workers, Mrs. Charles Wyse and Mrs. Ray Barber. The society urges residents to take this literature and help combat cancer. The society points out that cancer, when detected early enough, can be cured.

Persons wishing to volunteer their time to work with the local unit may contact Mrs. Bartel.

Humanity is alone real; the individual is an abstraction.

## FIRST METHODIST CHURCH

Melbourne Irvin Johnson, D. D., Minister  
 Mrs. Joyce Heeney Beglarian, Organist  
 Urey Arnold, Choir Director  
 Robert Ingram, Church School Superintendent  
 Donald Tapp, Assistant Superintendent

9:30 and 11:00 morning worship services. 9:30 Sunday school. Sermon theme—"A New Advance in Faith."

Correction! The time for our single summer worship services will be 9:30 a.m. instead of 10:00 a.m. as announced last week. The entire congregation voted in favor of the 9:30 a.m. service. The Sunday school will remain at the same time during the winter months. The single worship service will begin on June 17. Until that date the 9:30 and 11:00 a.m. services will be held.

Next Sunday afternoon from 4 to 6 p.m. there will be a special reception for all new members received during the current conference year. It will be held in the Fellowship Hall. Light refreshments will be served. The entire congregation is urged to attend and extend a warm welcome to these new members.

W. C. S. Night Circles, May 21, Mary, 8:00 p.m.—Mrs. Barton Rogers, 397 Blunk, Rebecca, 8:00 p.m.—Mrs. Bert Coverdill, 9075 Balk.

## Veterans of Foreign Wars And Auxiliary News

May 25 is Poppy Day. When we are standing on the corner selling Buddy Poppies and we are tired and thinking of going home, let us think of the men in hospitals who are also tired and who may never go home. Let us remember them and stand there a little longer and sell a few more poppies. Let us also remember that life itself is not easy for the men and their families benefited by our programs. Remember, too, as you stand on the street, that you are not holding just a bunch of cloth flowers but a symbol of that sacrifice which made and kept us free.

The Post is sponsoring a square dance on May 18th, beginning at 9 p.m. Teenagers are invited to attend. Russ Egloff and his orchestra will be there to furnish the music and Chet Finney will do the calling.

The Fourth District Rally was held at Trenton, Sunday, May 6th. The following local Auxiliary members attended: Helen Bowring, president; Mildred Dely, hospital chairman; LaMay Smith, junior vice-president; Beverly Brown, senior vice-president; Lucinda Archer and Bernice Kopsenski, delegates; Virginia Bartel, fourth district past junior vice-president; Loretta Young (immediate past president of the local Auxiliary), fourth district color bearer; and Marie Norman, fourth district assistant conductor.

The Plymouth Auxiliary received many honors and awards for the fine work done this past year. Special mention was given for the following projects: sending ten patrol boys to Camp Norcom; giving a party for twenty-four underprivileged children; receiving seventy-eight entries in the poster contest; receiving twenty entries in the essay contest and presenting flags. Again this year the Mayflower Auxiliary had the largest cancer donation known in the district and possibly in the department. The donation amounted to over two hundred dollars per member. There are one hundred and eleven members in the local Auxiliary.

Virginia Bartel was unanimously elected senior vice-president. Marie Norman was appointed assistant secretary, and Loretta Young was chosen Americanism chairman of the fourth district for the ensuing year. The other district officers are as follows: Roberta Wilson, president; Leola Radke, junior vice-president; Betty Baird, chaplain; Cora Siegfried, conductress; May Charell, guard; Ruby LaPointe, Leota Wolcott and Claire Rogers, trustees; Helen Pennington, treasurer; and Alice Roche, secretary.

Immediate past president of the local Auxiliary, Loretta Young received a trophy for getting ten new members this past year.

There will be a Memorial Service at Our Lady of Good Counsel Catholic Church on Sunday, May 27th at 12:00 Noon.

To relatives and friends of deceased War Veterans:  
 The Post is going to place flags on the graves May 26th. If a grave is over-looked, please call 9130 for further information.

Ohio Edison Company recently disclosed plans for "electronic brain" supervision of 35 steam generators in nine plants across Ohio, including automatic determination of the heat content of the coal.

## Adventists to Hear Elder Morton Juberg

Elder Morton Juberg will be the guest speaker at the Plymouth Seventh-day Adventist church Saturday.

Elder Juberg is the public relations secretary of the Michigan Conference of Seventh-day Adventists with offices in Lansing. He supervises radio, television and press work of the church in Michigan. In addition to his public relations work, Juberg is also assistant auditor of the conference, auditing the books of each of the 160 Adventist churches in the state at least once a year.

Elder Merton Henry, pastor of the local church, says that Juberg's visit here Saturday is by personal invitation and not primarily directed at promotion of either of his duties.

"The public is always invited to the Seventh-day Adventist Church, especially so whenever there is a guest speaker," states the Pastor.

Work has begun on the new church at 41221 East Ann Arbor Trail. But until the new building is ready for occupancy services are held in the IOOF building in Plymouth.

## Grange Cleanings

We hope there will be a fine big crowd at our meeting tonight as we are to learn something about our Fire department that is well to know. We will also pay tribute to our Mothers, as part of the program is in observance of Mother's Day.

Don't forget the Lily Club up at Ray Mettels on Saturday night, May 19 with pot luck supper at seven o'clock or as near as you can make it.

It is a little early perhaps to speak of the plans that are on foot for a Rummage Sale on September 14 but that will give time enough to hunt up a lot of things for the sale. There will be our Annual Bazaar on October 12 too so be ready for that. The chairman of the various booths will be announced later.

Indian painting, done on rock, bone, hides, wood, pottery and cotton cloth, was already an ancient art when Spanish Conquistadors forded the Rio Grande and moved into the American Southwest.

# Mr. Truck Buyer!

## Why turn your back on the facts?

Buying a new truck is pretty serious business—not exactly a dime-store affair. So why risk not getting the best buy?

Doesn't it make sense to take a few minutes and check to see for yourself just how much more Dodge actually gives you per dollar?

You'll find Dodge leads other makes in the really important ways. For example, when you buy a Dodge, you get:

1. Maximum hauling power. Dodge sets the pace for the entire industry in many models!
2. Top payload capacities—up to 22% more!
3. Lowest operating costs. Exclusive V-8 Power-Dome combustion milks extra miles from every gallon, practically eliminates power-robbing carbon.
4. Sharpest turning—makes parking easier, cuts time loss in maneuvering through traffic.
5. Biggest cab—for real comfort on even the longest hauls.
6. Low cost—lower than any other make for many models.

Do right by yourself—take a few minutes to look into DODGE before you buy your new truck. After all, why pay more and get less?

WITH THE FORWARD LOOK

### HOW CHRISTIAN SCIENCE HEALS

## NEW BOOKS LENDING LIBRARY At The Wayne County

Thirty-nine new books reached the shelves of the Dunning branch of the Wayne County library here last Thursday. Included among this list of various titles are 11 fiction novels and 18 non-fiction.

Tops on the new addition are the fiction releases. They are: *Clouds of Witness*, a detective mystery by Dorothy Sayers; *The Black and the Red*, a murder story by Elliot Paul; *The Island Players*, a humorous writing by Ilka Chase; *Obedience to The Moon*, a love novel by A. Hamilton Gibbs.

Also Brothers in law, the tale of a young lawyer by Henry Cecil; Susan Cornish, a young teacher's difficulties starting out by Rebecca Caudill; *The Great Captains*, early Britain by Henry Treece; *The Outlawed Banner*, a civil war story by Garland Roark; *Beloved*, a personal tragedy by Vina Delmar; *Vorkuta*, about the soviet slave camps by Joseph Scholmer; and *Four Children for the Doctor*, a humorous story by Evelyn Barkins.

The 28 non-fiction new books include: *What to Make*; *Pastry Cook Book*; *The Lark*, a play text by Jean Anouilh; *The Truth About Cancer* by Charles Cameron; *Lucian Cary on Guns*; *Sermons on the Psalms* by Harold Bosley; *Doctor Kate* by Adele Comandini.

Also Nixon, about our present vice-president by Ralph de Tolezano; *How to Live 365 Days a Year* by Dr. John Schindler; *Your Blood Pressure* by Dr. William Brans; *The Columbia River*; *The Wealth Within You* by Elmer Wheeler; *Human Communities* by Robert Park.

Others are: *Working for the People* by Robert Moses; *Pie Cook Book*; *Ford Owner's Manual*; *Zapotec*, about Mexican 3000-year culture by Helen Augur; *Ted Trueblood on Hunting*; *In Search of Maturity* by Dr. Fritz Kunkel; *Atomic Power*; *Physics and Chemistry of Life*; *Automatic Control*.

Also *The Builders' Vest Pocket Reference Book*; *Belgium* by Sydney Clark; *Furniture You Can Build* by Bill Baker; *The Four Continents* by Osbert Sitwell; *A Writer's Dairy* by Virginia Woolf; and *The Handbook of Window Display*.

### MEN IN SERVICE

**Pvt. Ronald D. Nyhus**  
 Todendorf, Germany, Pvt. Ronald D. Nyhus, of Plymouth, Mich., recently completed a month of firing at towed targets with his unit, the 91st Antiaircraft Artillery Battalion, at NATO's Baltic Sea range in Germany.

The 75 mm. "Skysweeper" gun battalion received both combat training and proficiency tests in its semi-annual trip to the range.

Nyhus, son of Mrs. Alice L. Tillotson, 6355 Lilly rd., is a crewman in the battalion's Battery C. He entered the Army in September 1955 and completed basic training at Fort Ord, Calif. He attended Michigan State Normal College.

## State Police Seek 168 New Officers

Sergeant Henry P. Kozowicz, commanding officer of the Detroit post of the Michigan State Police, has issued a reminder that young men desiring to become State Police officers have only until midnight of May 30 to file applications for the next training school.

Recruits are being sought to fill 168 new positions authorized at the 1956 session of the state legislature.

"A career in the Michigan State Police is now especially attractive because of higher pay and other benefits as well as occupation," Sgt. Kozowicz said. "Recruits begin earning a good salary right from the time they enter training school and increase follow regularly thereafter, with a high in the trooper rank alone of \$5,800 a year. In addition, troopers receive \$900 a year in subsistence pay, longevity pay, their uniforms, paid vacations and sick leave.

To be eligible to apply, a man must be between 21 and 29 years of age, inclusive, not less than five feet, nine inches in height, in good health, and of good character. He can be either married or single.

Applicants should go to the nearest State Police post, or talk to any State Police officer. They may also write to the State Civil Service Commission or the Michigan State Police in Lansing.

Few women improve their looks by wearing sun-glasses.

## American Legion News

Members are requested to reserve a portion of Sunday afternoon, May 20 in order for mothers to attend a Mothers' day program to be put on by the Junior Activities of the Auxiliary. Everyone will be contacted by the Auxiliary for more details.

Marie Thompson and Fern Burselson attended the Open House sponsored by the Department of Mental Health, state of Michigan and Wayne University, at the LaFayette Clinic, Detroit on Wednesday, May 9. The building at this address will be a training and research clinic. Escorted tours were conducted and an open discussion forum was conducted by social workers. Refreshments were served. A report on this attendance will be given at the Auxiliaries' next business meeting on Thursday, June 14, 1956.

Congratulations are in order to Russell J. Foster and Sgt. Gerald E. Ruppel who were accepted into the Post membership at their regular business meeting on Wednesday, May 2. Both new members were installed following their acceptance.

Adah Langmaid, Maxine Kunz, Mr. and Mrs. Holcombe, Mr. and Mrs. R. Wilson, Mr. and Mrs. H. Wilson, Mr. and Mrs. E. Koi, Mr. and Mrs. Miller, Mr. and Mrs. Kinghorn, Mr. and Mrs. Thompson, Mr. and Mrs. Zeigler, Mr. and Mrs. Burselson, and guests Dr. Leo Speers and Mrs. E. Mosher and daughter Geraldine attended the Testimonial Dinner in honor of National Commander J. Addington Wagner on Thursday evening, May 10 in Livonia. Auxiliary State President Viola Starkey announced at the banquet that Miss Mosher had been awarded a National Scholarship.

Details will be found elsewhere in the Plymouth Mail.

Members of the Post and Auxiliary wish a most speedy and complete recovery to Auxiliary President Melva Gardner who recently donated a large amount of skin to a child relative who was recently burned seriously. Peter Trudell is now at home from Detroit Memorial Hospital and we hope all will be well.

Maxine Kunz attended the Board of Directors meeting on Girls State at Stockwell Hall in Ann Arbor on May 6, 1956. Mrs. Kunz is member on the State level.

Depth Does Job for Thinclads In 62-47 Win over Allen Park

Solid depth highlighted by nine outright second place finishes helped Plymouth's thinclad team to a 62-47 victory over Allen Park Tuesday, May 8, at Allen Park. It was the Rocks' third dual win of the year against two defeats.

But it wasn't only in the second place results that the Rocks outshone the Parkers. Five firsts and an equal number of thirds gave the locals the necessary balance to capture the decision.

Pacing the Plymouth scorers was Dick Manion who posted eight points via a first in the 180-yard low hurdles with a :24.3 clocking and a second in the 120-yard high in :18.9. Tom Ferguson tallied six points with a win in the halfmile (2:10.7) and a third in the high jump. Dick Showers, with seconds in the 100 and 220 also tallied six points.

Although Allen Park swept the two relays, each worth eight points, thereby grabbing 16 points while Plymouth was scoreless, the locals still had sufficient power to hold back the Parkers. Chuck Westover's 5:04.3 time in the mile earned one of the five outright firsts. Others were: a tie for top honors in the high jump between Bob Young and Paul Cummings, both of Plymouth, at 5' 6"; Lindy Mills' 40' toss in the shot put; Steve Jewell's share of first with an Allen Park vaulter at 9' 8" in the pole vault.

Seconds for Plymouth went to: Dick Showers in the 100; Tony Monte in the mile; Jim Grabowski in the 440; Henry Mende in the 180-yard lows; Showers in

Fred Huber

Ross "Lefty" Wilson

RED WING hockey team representatives, who will appear in Plymouth tonight, are Fred Huber (left) and Ross "Lefty" Wilson. Huber, Wings' publicity director, will be at the local Lions club meeting at the Mayflower Hotel at 6:30. Wilson, assistant trainer and spare goalie, will talk at the Elks club meeting at 41700 Ann Arbor road at 6:30. Both men are part of a state-wide tour designed to enlighten sports enthusiasts concerning hockey. R. K. Creel of Burroughs is chairman of the Lions club arrangements and R. J. McAllister, Plymouth fire chief, is in charge of the Elks club guest program.

John Mitchell

GUEST of the Plymouth Lions club at the Hotel Mayflower tonight at 6:30 will be John Mitchell, chief scout for the Detroit Red Wing hockey team. The program will include highlights of the Red Wing vs. Montreal Stanley Cup play-off games. Russ Creel, of Burroughs corporation, Plymouth, is chairman in charge of the event.

Net Squad Splits Pair of Battles

With a victory and a defeat in two contests, the Rocks' tennis team raised its season record to 2-3 last week. On Monday, May 7, the locals notched a 4-1 win over Northville and absorbed a 7-0 loss at the hands of Trenton Thursday.

In the abbreviated conquest of Northville, the Plymouth contingent took two of three singles matches and swept two doubles pairings to bag an easy victory for Coach Bob Smith. Jerry Steele and Jim Gibson each captured their singles as Bob Kennitz allowed the Northville team its only game point.

In the doubles Fred Libbing and Doug Rowe combined to take one game as Lee Huber and George Losse gathered to stand-off their opponents and close out the battle.

However things were not the same when Trenton played host to the Rocks on Thursday, May 10. Plymouth was swarmed to the identical tune of a Trenton match earlier this year. A shut-out was again the locals best effort in waging a defense against one of the state's best tennis teams.

There are no scheduled tennis tilts this week, however Plymouth has a full slate next week. On Tuesday it will be Allen Park, on Thursday Bentley and Northville on Friday, May 25.

One Consolation

"What do you think of our two candidates for senator?"  
"Well, now, there's one consolation, we can't elect both of them."

Big Innings Earn 2 Victories For Rocks in Baseball Action

Big innings aided the Rocks' baseball team in bagging two diamond victories last week and thereby boosting their 1956 record to 3-2 as of last Monday. Plymouth swamped Belleville 9-0 Tuesday, May 8, and Thursday whipped Trenton 9-4 on five hits.

In the Belleville battle the locals piled up three runs in both the fourth and fifth innings to do the job. Facing Trenton Plymouth pounded out six runs in the third frame to notch that win.

Consequently the Rocks hoisted themselves above the .500 mark for the first time this year. They presently stand at 600 per-cent-age-wise.

Belleville offered little resistance to the rampaging Rocks. Ken Knipschild entered the box scores for the Plymouth variety for the first time and hurled a solid five hitter striking out nine on the way. The loser was Joe Gullstorf.

Although it was two fat frames that made the score soar, the Plymouth club clinched things in the second inning on two hits for two runs, more than enough to turn back the hapless Tigers. However Plymouth was far from finished. In the third two more hits produced another run.

Then came the two three-run bursts that squashed their guests. In the fourth a single and two walks plus convenient errors allowed a trio of Rocks to score. In the fifth it was a near replica. Two singles and an error earned the locals their final bulge.

Guns for the Rocks were Biff Tait with two singles, Paul Cummings with a double and a single and Jack Carter with a triple in three trips to the plate.

Plymouth made it two-in-a-row for the longest winning streak this year when Trenton visited the local diamond on Thursday. The Rocks' 9-4 victory was revenge for an earlier 3-2 loss suffered to the Trojans three weeks ago.

A sudden explosion of six runs in the third inning followed by three runs in the fourth sewed up the nod. Trenton's runs came in the first and second innings, each time with three hits producing two tallies and a 4-0 lead before the Rocks erupted.

John Thomas opened proceedings with a booming home run, the first for the Plymouth nine this year. Dave DeCoster popped out but Bob Clear singled. Ken Calhoun was safe on an attempted fielder's choice. Dan Christensen walked, jamming the bases.

Jack Carter unleashed another of his extra-base knocks, this one a two-bagger, thereby clearing the bases. Paul Cummings doubled home Carter and moments later Cummings himself scored.

Three more runs in the fourth on Christensen's triple and two walks sandwiched between an error earned the Rocks their third win.

Ketterer, with some juggling of his pitchers between the mound, outfield and infield, came up with a pitcher. Bob Clear started the contest and hurled a portion of the first frame. Biff Tait faced two batters to close the inning. Clear returned from the outfield to throw during the second and some for the third when Tait entered again.

He finished the tilt, shutting out the Trojans on two hits, both coming in the seventh. All of Trenton's runs were credited against Clear.

Plymouth faced Allen Park on Tuesday and will travel to Redford Union tomorrow afternoon. Saturday the Rocks take on Thurston behind the high school. Game time is 2:30 p.m.

Golfers Edged By Southfield

Plymouth's high school's golf squad suffered its fifth dual defeat last Thursday afternoon when Southfield tagged the Rocks with 179-174 setback at Plymouth country club. The locals have won two.

It was a mixed-up affair with seven players from each team competing, as Southfield requested, and only the low four scores of each school were recorded for a final result. Had Plymouth's first four squared off with Southfield's top four, the Rocks would have recorded a three-stroke win.

But despite his team's loss, Tom Carmichael maintained his mastery of the coveted medal honors in dual competition as he carded a six-over-par 42. Staton Lorenz matched his teammate with an identical tally, the two Rocks tying for low scoring.

Other, results from the Plymouth team included Bill Rambo's 46, Kurt Atchinson's 49. The Southfield quartet posted a pair of 43's and twin 44's for the nod. Plymouth's two earlier victories have come over Farmington and Allen Park.

A day later, on Friday, May 11, the Rocks wound up seventh in a field of 14 teams entered in the class "A" regionals held at Brighton. Ann Arbor high took the regional title with 336 as the local crew closed with a 374 total.

Carmichael came in with 85 for 18, Rambo fired a 91, Lorenz a '96 and Gary Wilson a 106. Robert Gustino of Ann Arbor's Pioneers was low for the day with a 77. Dearborn high was scored with '86, followed by Gross Pointe, Monroe, Ypsilanti, Bentley and then Plymouth.

Weekend of Rain Delays Opener For Merchants 9

A flooded ball diamond, resulting from last weekend's rains, caused a delay in the official opening of the Plymouth Merchants' 1956 baseball season. The Merchants' team is a local sandlot squad sponsored by 15 Plymouth businessmen.

The inaugural, slated for Sunday, was with Romulus on the diamond in Riverside Park. It will be rescheduled for later in the season.

Co-manager Johnny Schwartz reported that the Merchants' next game will be held at the park next Sunday at 3:30 p.m. with Northville providing the opposition.

The teams entered in the league, the Inter-County circuit, are the Plymouth squad and Romulus, Northville, Wallaceville, River Rouge, Lincoln Park, Club Supino from Dearborn and Presley Club from Detroit. The schedule of games calls for a total of 20 contests with the regular season ending on Labor Day.

Play-offs will get underway at that time. Manager Schwartz explained that the Merchants consist of 13 players and two managers. He issued thanks to the 15 local merchants that have acted as sponsors this year and have furnished the team with uniforms.

"You've got to have heart, miles and miles of heart," goes the song from Broadway musical about baseball. And if ever a song typified a player, this one certainly typifies young Frank Lary.

The 26-year-old-Alabaman, who promises to rank as one of the Tiger's leading pitchers for some seasons to come, reminds veteran baseball observers of Tommy Bridges, who pitched for Detroit in the championship 1934-35 era.

Like Bridges, quiet, intelligent Lary possesses a lot of heart. He exceeds his natural abilities, particularly when in a tense situation, through raw courage.

Not that the 5-foot-11, 180-pounder is lacking in natural ability. He owns a real good fast ball, which is his best pitch, and a good curve. Last year he began developing a slider.

In addition, Frank possesses two other assets, good control and a healthy desire to learn. He sits

with the veteran pitchers when he's not working and discusses hitting weaknesses of opposing batters as they come to the plate. Lary, who likes to pitch, as often as Bucky Harris will let him, has developed greater self confidence after winning 14 games in his first full season with Detroit last year. He dropped 15, but seven of them were by one run.

With greater confidence, better control and any kind of improved luck, he should do very well this year.

Lary's successes are a great source of pride to his father, Joseph, who started Frank and his six brothers (he's the second youngest) in baseball at an early age on their farm in Northport, Alabama.

Northport is a small community directly across the Black Warrior River from Tuscaloosa, home of the University of Alabama, where Frank was later to pitch for two seasons.

## keeping in touch

**JAMES BLANTON**, son of Mr. and Mrs. Winford Blanton of Newburg road, was initiated into the Alpha Omicron chapter of Phi Lambda Upsilon Sunday at Michigan Tech. Phi Lambda Upsilon is a national honorary engineering society. James is a junior.

**THE HOMESTEAD** of local Cadillac-Oldsmobile Dealer Walter Beglinger in Attica, New York, was the subject of a feature article in the Buffalo, N. Y. newspaper recently. The article described the Beglinger "sugar bush", now operated by Walter's brother. The Beglingers have been collecting maple syrup from their farm for over 60 years and Walter's father was well-known throughout the area for his interest in maple syrup production.

**WESTERN MICHIGAN** college senior, J. Lynn Osen, was recently initiated into Pi Gamma Mu, social science honorary society. He is the son of Mr. and Mrs. John K. Osen of 42475 Parkhurst.

**ANOTHER PLYMOUTHITE** at Western Michigan college, Donald Lightfoot, Jr., is co-chairman of the "Toga Twirl", fraternity campus event. He is the son of Mr. and Mrs. Donald Lightfoot of 337 Joy street and also a senior student.

**ON THE HONOR** roll at Hiram college in Ohio is Richard Rowe, son of Mr. and Mrs. Milton S. Rowe of Ford road.

**PHILIP DINGELDEY**, sophomore son of Mr. and Mrs. Philip S. Dingeldey of 815 Haggerty, was recently elected secretary-treasurer of the Men's Inter Residence Hall Council at Michigan State university.

**FORMER PLYMOUTHITE** Tom Benson will graduate as an ensign from the United States Naval Academy on June 1. His parents, Mr. and Mrs. Eugene Benson who now reside on Outer drive, will attend the graduation ceremonies. Tom will be assigned to Pensacola, Florida.

**PAT LIDGARD**, daughter of Mr. and Mrs. Robert Lidgard of Pine street, was on the production staff for the Michigan State Normal college presentation of "Finnans Rainbow". The play was given last week. Pat is majoring in speech and physical education.

**OUTSTANDING SCHOLASTIC** achievement honors were given these Plymouth students studying at the University of Michigan: James Reh, son of Mr. and Mrs. Frederick E. Reh of North Holbrook; and Jane Ellen Nulty, daughter of Robert Nulty, 1385 Park Place.

**A THOUGHT FOR THIS WEEK:** Children need love, especially when they do not deserve it.

## Announces Issue Of 9-Cent Stamp Honoring Alamo

Plymouth Postmaster George Timpona announced recently that the nation's postal department through the San Antonio, Texas Post Office is issuing a nine-cent postage stamp on June 14. It will commemorate the Alamo at San Antonio and is the seventeenth of the new regular series.

The central design of the stamp features a view of the Alamo, reproduced from a drawing by an artist in the Bureau of Engraving and Printing.

At the same time a postal bulletin advised postmasters of the issuance of a revised edition of the official publication entitled Postage Stamps of the United States. The new edition contains descriptions of all U. S. stamps from the date of their introduction through December 31, 1955.

The new stamp book is being issued to the public through the office of the Superintendent of Documents at 75 cents per copy including cost of delivery. Mail order for this book should be addressed to Superintendent of Documents, Government Printing Office, Washington 25, D. C., and should be accompanied by a money order or checks. Postage stamps will not be accepted in payment.

## Provides Regeneration Water Softener Unit

A motorized water softening unit which provides automatic regeneration of the unit has been announced by Earl C. Reynolds, president of Reynolds Water Conditioning company.

The unit with 35,000 grain capacity, features the Reynolds quadra-flow controller. All the owner has to do is to set a clock or press a button. Either type of control assures all the soft water needed.

More than 25 years of experience has gone into developing and manufacturing water conditioning equipment by Reynolds. The modern unit gives 100 per cent softening using Dowex as the softening medium. This advance in water conditioning "is proved in service and guaranteed to provide soft water automatically," Reynolds declares.

## Puzzling Problems Posed By Early Arithmetic Book

An arithmetic book published the year that the Declaration of Independence was signed and used by Plymouth's first family and in the community's first school contains some problems which would give even our modern folks a rough time.

The book, entitled "The Tutor's Guide, Being a Complete System of Arithmetic," has been in possession of Karl Starkweather, 711 Starkweather avenue. Printed in England in 1776, it was brought to the wilderness of Plymouth by William Starkweather in 1825 and may have been used by his father, John, who had been a soldier in the Revolutionary War.

William Starkweather, credited with being Plymouth's first settler, had an older son George, who used the book and another son, Albert, the first child born within the present boundaries of Plymouth.

The arithmetic, now 180 years old, has 356 pages and is replete with many quaint and curious examples. Some of them are believed nearly 400 years old. The book's owner has accumulated about 100 different kinds of old time American school readers, these dating as far back as 1809.

Since the arithmetic was printed in England, use of the English monetary units would confuse most modern mathematicians. Here is an example:

"In distress at sea, they threw out 17 hds. (hogheads) of sugar worth 34.1 per hhd., the worth of which came up to but 4/7 of the Indigo they cast overboard; besides which they threw out 13 iron guns worth 18 1. 10 s. a-piece; the value of all amounted to 3/7 of 9/13 of that and the ship and loading; Pray what of the value came into the port?"

If that was too easy, try this one:

"A lad having stolen 4,000 nuts, in his return home, was met by Mad Tom, who took from him 2/3 of his whole stock. Raving Ned lights on him afterwards, and forced 2/5 of % of the remainder from him. Unluckily, Positive Jack found him and required 7/10 of 17/20 of what he had left. Smiling Dolly was by promise to have 3/4 of a quarter of what nuts he brought home; how many then had the boy left?"

Charles Vyse, the book's author, also tossed in some poetic problems such as this:

"As I was beating on the Forest Grounds,  
Up starts a hare before my two grey-hounds:  
The dogs, being light in foot,  
did fairly run, just 21.  
The distance that she started up before:  
Was four-score, sixteen rods just, and no more:  
Now this I'd have you unto me declare,  
How far they run before they caught the hare?"

And here's two more:

"A water wheel turns a Crank, working three Pumprods, fixed just six feet from the Joint or Pin; by which their several Leavers, each nine feet in length, are fastened, for the sake of the intended Motion, at one End, the Suckers of the Pumps being worked by the other, shews them to be Leavers of the third Order:  
Now I would like to know what the length of the Stroke in each of the Barrels will be if the Crank

## OUTDOOR NOTES

From The  
**MICHIGAN DEPARTMENT OF CONSERVATION**

Losses to the deer herd in the northern lower peninsula during the fall and winter totaled an estimated 41,850 animals, according to a Conservation Department survey. This is exclusive of the legal kill in November. The comparative figure a year ago was 32,500.

Starvation led all causes of death with 16,600, an increase of 11,180 over the number of starved deer a year ago. Other causes reported in the 1956 survey were: shot, 5,680; dog kill, 3,420; accident, 1,080; unknown, 14,870. Of the latter the survey included the probability that shooting and disease took a large number of these animals.

It was pointed out in the survey report that starved deer were more widely distributed during the past winter than they were in 1955 when the bulk of starvation losses was confined to the so-called "club country." Also, about 90 percent of the starved deer were fawns as compared to 30 percent in the "shoot" group and 30 percent in the "unknown."

Results of the survey are based on reports of three-man crews who walked over selected strips of land two and a half miles long throughout an area covering 18,461 square miles. The strips were determined by statisticians on a scientific basis.

The survey of losses to the upper peninsula deer herd was delayed by weather, and results will not be available for several days.

The first issue of "Conservation News," a bimonthly newspaper written by Conservation Department employees, made its debut early this week.

The newspaper, designed to keep employees informed on Department activities and personnel, is the result of requests by conservation workers for an intra-departmental publication.

Fishing without a license proved to be a costly activity for 30

persons listed on the latest conservation law convictions report. The 30 violators were assessed a total of \$357.70 in fines and court costs, an average penalty of almost \$12 per person.

A 1956 resident license costs \$1.50 and permits taking, in season, all species except trout. A similar nonresident license costs \$4 per year or \$3 for a 15-day permit. The annual trout stamp costs an additional \$1 for all fishermen.

Fishing licenses must be purchased by all 17 years of age or older for angling or inland waters, except wives of resident fishermen who may fish for all species, including trout, without a license. No license is required for Great Lakes sport fishing.

Including the fishing license violations, the latest convictions report listed 101 violators—largest weekly total of the year.

Total penalties were \$1086 in fines, \$742 in court costs and 170 days in jail sentences. All money from fines goes to the state library fund.

Two migrating ducks, sporting bright red feathers, were sighted recently by Robert G. Smith of Howell at Winans Lake in Livingston county.

The ducks were dyed during the winter on the east coast of Florida as part of a program to study the flight routes of migrating waterfowl. Many ducks and geese were banded and dyed for easy identification when sighted.

The ducks, part of a flock of 50 sighted by Smith were scap, also commonly called "bluebills," and were the first recorded observation of the technicolor waterfowl in Michigan.

Conservation Department waterfowl workers are urging the public to report any observation of the specially-colored birds. Information gained from this study will be helpful to state and federal waterfowl management agencies.

Reports on dyed waterfowl observations should include the color combinations used, location of the coloring on the birds, and where and when the birds were sighted.

When it comes to stories of vicious animals, the villain usually is a bear, a wolf or a bobcat, but an exceptional black squirrel recently showed an amazing amount of nastiness.

The squirrel leaped from a tree onto the shoulder of Al Snyder, 83-year-old resident of Luzerne, and immediately started clawing him. Snyder was bitten twice on the hand before he could grab the animal and throw him to the ground.

Once on the ground, the vicious squirrel continued the attack, crawling inside the leg of Snyder's pants and biting again. Snyder finally subdued the animal and went to a doctor for treatment. He says he can't understand what provoked the attack.

## Favorite Recipes From Plymouth's Kitchens

## Plymouth Poppy Sale Slated May 24, 25

Poppy Day, at which time tribute is paid to the memory of America's war dead, will be held in Plymouth on Friday and Saturday May 24 and 25 this year. Co-ordinated sponsors of the event are the local posts of the Veterans of Foreign Wars and the American Legion plus the auxiliaries from each unit.

Numerous volunteer workers from these posts will sell the Buddy Poppies on Plymouth street corners during each of those two days. Proceeds from the sale go to aid disabled veterans, who made the poppies.

### D.A.R. Chapter to Hold Annual Meeting May 21

Sarah Ann Cochran chapter of the Daughters of the American Revolution will hold its regular annual meeting at the home of Mrs. Harry Deyo, 808 Church street, at 1:00 p.m. on May 21.

On the agenda for the meeting is the election of officers and the board of directors. Mrs. Carl Bryan of Northville will give a talk "Highlights of her recent trip to Columbia, Ecuador, Peru and Chile." Tea will be served by the chapter's social committee.

### Warm-Weather Treat Offered By Mrs. Wood

With summer nearly here (calendar-wise), Mrs. David Wood, 398 Sheldon, this week offers a tasty frozen dessert that should appease the sweet tooth of any family member in addition to providing a cooling pause on a warm-weather day.

Mrs. Wood selected from her list of favorite recipes a banana sherbet that consists of just five ingredients and takes only moments to put together.

The recipe for banana sherbet:  
1 1/2 cup sugar  
4 cups water  
6 medium sized bananas  
1/2 cup lemon juice  
2 egg whites (stiffly beaten)

Put sugar and water in saucepan and time three minutes after it begins to boil. Set aside to cool. Crush bananas to pulp with silver fork and stir in lemon juice.

Fold in egg whites and in finally cooled sugar syrup. Pour into ice-trays and freeze. Remove from ice-trays to electric mixer and quickly beat until mixture is fluffy. Return to ice-trays to re-set.

The sherbet result has additional taste treat when served with canned black cherries, drained from juice.

### Round-up Times Changed In Outlying Schools

Schedule changes have been made in the 1956 Pre-School Roundup in three of the four outlying elementary schools, according to Principal Earl Gibson. The Roundup is for parents of children who will be entering kindergarten for the first time next fall.

The new schedule is:  
Hough, Tuesday, June 5, 1 to 2:30 p.m.; Truesdell, Tuesday, June 5, 10 a.m. to noon; Canton Center, Friday, June 8, 9:30 to 11 a.m.; and Cherry Hill, (unchanged) Thursday, June 7, 1 to 2:30 p.m.

Conflicts in schedules brought about the change, the principal said.

Rumors are the basis for much opinion and behavior and seldom bear any relationship to the truth.

## Social Notes

In a letter to the Mail from Mrs. Chester Arthur she states that she will be residing in Florida for the next year at the Boulevard Hotel, 775 Dade boulevard, Miami Beach, Florida. She says this is a very fine location which caters to people 55 years of age and older and is located in the center of all activities of that area. Mrs. Arthur has resided in Plymouth for many years.

Mrs. Wesley B. Dunn, who has been confined to Ridgewood hospital, Ypsilanti, for the past two weeks, has returned to her home at 743 Wing street where she is convalescing.

Circle 2 of the First Presbyterian church met on Wednesday, at 12:30 p.m. in the Mimmack room of the church for their business meeting. At one o'clock they were joined Circle No. 3 for a luncheon and program.

Mrs. Richard I. Daniel of Adams street, who has been a patient in St. Joseph's hospital, Ann Arbor, for three weeks returned home.

Sheila Lorenz, daughter of Mr. and Mrs. Ralph G. Lorenz, celebrated her 13th birthday on Friday evening, May 11, by inviting 36 of her friends for a party in the Miles Standish room of the Mayflower Hotel. The group danced and played games and refreshments were served during the evening.

Mr. and Mrs. John Fry and three sons of Naperville, Illinois were guests for four days of her parents, Mr. and Mrs. A. M. Wileiden of 644 Pine.

Mr. and Mrs. A. J. Powers have returned to their home on Joy road after a seven months' long vacation. While away the Powers visited in Illinois, New Mexico and Tampa, Florida.

After 30 years as an employee of the Detroit House of Correction Larry Kiernan has retired and moved with Mrs. Kiernan to St. Petersburg, Florida.

Mr. and Mrs. Wendell Lent were hosts Saturday evening preceding the Symphony Spring Ball having as their guests, Mr. and Mrs. Homer Miller, Mr. and Mrs. Byron Becker and Mr. and Mrs. John Wallace.

Mother's Day guests at a family dinner last Sunday were Mr. and Mrs. Melvin Michaels and son, Richard, Mr. and Mrs. Corliss Allen and Nancy and Michael, Mr. and Mrs. Raymond Michaels, Floyd Burgett and Jack and Judy and Mr. Burgett of Port Huron. They were the guests of Mr. and Mrs. William Michael of Ann street.

Mrs. Ralph J. Taylor of Penniman avenue entertained her bridge club last Friday.

Miss Farrand's fifth grade class of Allen school toured the Ford Museum in Dearborn last Friday.

Mr. and Mrs. C. W. Chappell of Portis drive have moved to Alston, Michigan where they will reside permanently.

Mrs. Leo Kowalcik and Mrs. George Milton, of Dearborn, recently returned from a pleasant vacation through the New England states. They visited with Mr. and Mrs. James Hastings and family of Greenfield, Massachusetts. Mrs. Hastings is the former Elaine Tate of Plymouth.

Mrs. Russell Micol of Dunn Court entertained members of her Samba club on Wednesday evening. The hostess served a dainty lunch following cards.

Mr. and Mrs. John Maxwell of Joy road returned Saturday evening from a business trip to Utica, N. Y., and a visit with friends in Akron, Ohio.

Mrs. Charles Themm of Kellogg has been visiting for several weeks in Romeo, Michigan with her son, Don Themm and family.

### Rosary Society Plans Special Card Party

Co-chairmen of the special card party sponsored by the Rosary Society of Our Lady of Good Counsel church are Mrs. Patrick Dowling and Ann Panburn. The party will feature a variety of games and will be held in the parish hall, corner of William and Arthur. Prizes will be given and a lunch served. The public is invited. The party will be held Saturday, May 26, at 8:00 p.m.

Section 4

## Who's New in Plymouth

NEW PLYMOUTHITES since November 1 are Mr. and Mrs. Quinby Wonn, 432 Evergreen, shown here with their pet cat Spook. The Wonn's moved here from Detroit because they liked the apparent community spirit. They also are nearer to their jobs at the GM Transmission plant at Willow Run where he is an engineer and she is a secretary. Both enjoy music and gardening plus sports such as bowling and golf. Mr. and Mrs. Wonn each play golf in industrial leagues. The suburban atmosphere of Plymouth and its nearness to Detroit also attracted the Wonn's.

### Madonna Sponsors Mathematics Clinic

The second annual meeting of in-service mathematics instructors was held in Detroit on Saturday, April 28, at the Felician Academy under the auspices of Madonna college.

Sister M. Virgilia, head of the college mathematics department, was in charge. Attending the meeting were approximately 100 teachers of mathematics from Detroit and vicinity.

An address, "A Supervisor Looks at the Mathematics Program," by Sister M. Bonfilia, Felician community supervisor of schools began the program.

Secondary education and mathematics was discussed by Sister Virgilia, who spoke on, "Systems of Counting and Notation." Sister M. Gregory, part-time mathematics instructor, presented the topic, "Using Concrete Materials as Teaching Aids."

Elementary mathematics was discussed by Sister M. Martina, college faculty member, in a talk on, "Some Problems of the Arithmetic Teacher." Two films, "Number System," and "Subtraction Is Easy" highlighted her talk.

Sister M. Francine, of St. Michael school, Livonia, prepared an exhibit of instructional material on the elementary level.

Hard work and no play is bad but not nearly as bad as no hard work and too much play.

SUMMER DESSERT

Delicious bright strawberries, creamy rich ice cream and oven-fresh shortcake dainties go together to bring you this special springtime dessert, Strawberry Ice Cream Shortcake. The youngsters especially will love this easy and colorful combination of their favorite foods. The preparation is simple and made even easier by using shortcake dainties. They come four to a package in the perfect size for individual servings, and from your grocer's ready-to-eat cake department.

Strawberry Ice Cream Shortcake

2 cups washed, hulled strawberries  
1 teaspoon lemon juice  
1/2 cup sugar  
1 pint vanilla, New York, or rum ice cream  
4 shortcake dainties  
Sweetened whipped cream  
1 1/2 teaspoons cornstarch

Crush 1/2 of the strawberries in saucepan. Add lemon juice, sugar and cornstarch. Cook over low heat, stirring constantly, until thickened and clear. Cool. Slice remaining berries; add to cooled strawberry sauce. Place shortcake dainties on serving plates, hollow side up. Pour 1 tablespoonful of strawberry mixture into cavity of each shortcake dainty. Top with a scoop of ice cream. Drizzle additional sauce over ice cream. Garnish with whipped cream. Serves 4.

Newest Hats Reflect Styles of 1920's

The big hats which are so fashionable this year seem to be revivals of fashion around the turn of the century and the early 1920's. You will see them as very elaborate creations with flowers, fruits and frills. They are toques and drum-shaped chapeaus. A clothing specialist predicts that if this new style really takes hold in the next few years, we might see a trend towards long hair for the ladies. After all, she says, they will need something to which to pin the big hats.

Clothes Close-ups

FASHION DICTATES PLEATS

Accordion—Mushroom—Sunburst—Crystal-Knife Corrugated—Rolled

The satisfaction you get from your pleated garment depends on: the fiber content of the fabric; the construction of the fabric; the method of pleating used; the conditions of pleating—such as temperature, time, cooling, placing the fabric in the form; garment design.

Pleated garments lose their pleat sharpness and smooth appearance in wear and cleaning. The pleat lines are not removed in dry-cleaning, but they do need to be reset for sharpness... to give you that well-groomed appearance. Consult your cleaner regarding the cleaning and re-pleating of your fine garments.

When you buy a pleated garment, remember:

1. Pleats the same width at the top and bottom, made on the straight of the material, are re-set quite easily.
2. Pleats narrow at the top and wider at the bottom are more difficult to re-set.
3. Pleats made on the bias of the fabric tend to sag with wear and cleaning.
4. Comparatively speaking, pleated garments made of a woven fabric have better pleat retention than garments made of a knit fabric.
5. A pleated garment made of a closely-knit fabric has better pleat retention than one made of a loosely-knit fabric.
6. Petti-pleated or corrugated pleated garments must be taken apart and sent back to the pleating firm for re-pleating.

Upstairs - Downstairs ALL AROUND THE HOME For Interesting Hobby Raise Cacti in Home

Like to try raising cacti for a hobby? Cacti bloom well in any climate—including Michigan's—if given proper care, says Elzada J. Clover, associate professor of botany at The University of Michigan.

The University botanist explains that most of them need a dormant season. "If the lighting conditions are normal in a room which can be kept at a temperature of from 54 to 60 degrees, plants should be watered perhaps every two weeks from November 1 to February 1.

"Less watering should be done during this resting period if plants are taken to a cool room in the basement where there is less light. As soon as the temperature is increased to approach desert conditions, water them normally. Such treatment will result in the production of flower buds on all mature plants," she says.

Professor Clover continues, "The cactus enthusiast may become interested in planting seeds and watching the development of seedlings. This requires a special technique. It is better to plant the seeds when they are fresh as they will germinate within a few days.

"Older seeds require a much longer time. A temperature of 80 to 90 degrees should be maintained for three or four weeks. After growth starts a temperature of 70 degrees is sufficient," she states.

Professor Clover advises washing the seeds in full strength Semesan unless sterilized soil is used. "Square seed pans or low six-inch pots are preferable. Be sure to label carefully using markers which do not come above the top of the container," she adds.

For the soil she suggests equal parts of fine Holland peat and fine sand. "Mix well and rub through a quarter-inch mesh screen. Fill in fragments of broken pot an inch deep in the bottom of the container first, then add enough of the peat and sand mixture to come within an inch of the top when pressed down," she advises.

"Barely cover the seed with the finest sand," the botanist continues. "Spray the surface with Semesan to prevent the growth of fungi. Place the seed-pan in water until moisture shows at the top. Cover it with a glass plate which has been smeared with Bon-ami or white-wash. As soon as the first spines appear between seed leaves, prop the glass slightly by putting a toothpick or splinter under the edge. Gradually raise the cover as the plants increase in size."

Discussing the cacti most satisfactorily grown in the home, Professor Clover says, "Perhaps to the average grower cacti coming from the moist areas will give most satisfaction. The Mammillarias grow easily and have very interesting spine patterns. They bloom early and profusely, although the flowers are small. The Echinocerei are favorites because of the variety of forms and the large flowers. They require a limy soil, and less water than many species. Echinopsis is a very satisfactory genus. It is easy to grow and has most beautiful flowers."

"You should also have in your collection, Peyote, the cactus used by certain Indian tribes in religious ceremonies. This is a soft, pineless, innocent-looking little plant sometimes called 'dumpling cactus,' but more often, and more appropriately called 'devil's root' or dry whiskey." Taken internally, it produces remarkable color visions. I might add, that it also produces a very definite feeling of nausea and fatigue and is not to be recommended as refreshment even for a catalogist except as a scientific experiment.

"As you progress with your hobby you may want a sun porch or a small greenhouse. Then nothing can keep you from going into the field to see how plants grow when undisturbed," the botanist declares.

Prices of clothing, home equipment and consumer services are expected to go up next year, but food prices are likely to be about the same as this year, reports the U. S. Department of Agriculture. Overall increases in the cost of living are expected to be small for 1956.

Bride Should Choose Furniture With Eye Towards Future Use

Choosing furnishings for her new home is one of the tasks of the season's many brides-to-be. Because most newly-wed couples spend at least the first few years of their married life in an apartment, Jessie Marion, home furnishings specialist at Michigan State University, advises that the smart bride will choose furniture for her apartment that she can later move into a more spacious house.

Double duty pieces, which are beautiful yet functional are an asset in a small apartment. Low tables that can also be used as seats, and storage pieces that are decorative and allow flexibility in room arrangement are very popular.

A good idea for the brand new homemaker, continues Miss Marion, is to buy "open stock" furniture. She can choose basic pieces which will fit into her apartment now and add to the group when she moves into a home.

Many lines offer chests and other pieces in a variety of sizes to fit the bride's requirements. Investigate, too, the pieces which are made to fit into usually

Static Fabric

Nylon satin and tricot knit slips cut on the lengthwise grain will cause less static electricity than those garments cut crosswise or on the bias, point out textiles researchers. They found that the weave of the fabric caused as much static electricity as the fiber content. So, electricity may be due to outer clothing and the cut of the slip as well as its being nylon.

Frozen cranberry-orange relish makes an interesting salad. Chop 4 cups fresh cranberries and 2 oranges.

wasted corner space. Italian provincial styling is the fashion news this year. Its straight lines allow it to blend easily with modern or contemporary furniture. It is no longer a crime to mix periods when you are furnishing a room, reminds Miss Marion. It is necessary, though, to make sure the pieces harmonize.

A sofa is the central feature of your living room setting and in a small apartment it can be a problem. Sectional sofas come to the rescue and can be arranged many ways to make the most of the space allowed and even create a feeling of greater space.

# HEALTH AND BEAUTY

## SCARLET FEVER

Most infectious diseases begin with fever, headache, a running nose and sore throat. When your child shows such symptoms, keep him at home away from other children. Put him to bed and send for the doctor. He may have scarlet fever.

If so, the doctor notices that the skin is quite flushed and dry. On inspection he finds the throat and tonsils are red and swollen. A characteristic rash begins to appear on the neck and chest. The next day the surface of the body becomes scarlet and covered with rash.

The worst thing that you have to fear about scarlet fever is the complications that might arise. Helen Keller is a victim of scarlet fever. It left her blind, deaf and speechless.

The period of incubation in scarlet fever varies from a day to a week. It may appear suddenly and be ushered in by convulsions or vomiting. The fever may run to 104 to 105 degrees.

The kidneys may become inflamed and there may be involvement of the heart, the middle ear, the joints, or any part of the body. Pneumonia might be a late complication.

Every effort should be made to protect children against this disease if it is in a community. The patients should be strictly quarantined. A mild case requires little treatment besides rest, baths and a light nourishing diet.

But scarlet fever is increasing due to negligence. Parents send children to school who are sneezing, sniffing and coughing. This infectious material is apt to be sprayed over other children, who may succumb to the infection which may turn out to be more serious than a cold.

Soiled hands can carry contagion. So can pencils, door knobs, erasers, books and what not.

Teach your children to wash their hands before eating and to keep their fingers out of their noses and mouths.

The rash begins to peel in two or three days. It was formerly thought that the desquamating, or peeling scales contained the germs of the disease. This theory has been given up, and it is believed that the discharge from the nose and throat are the chief means of conveying the contagion to others.

Most of you know about the

"Schick" test which tells you whether a child is susceptible to diphtheria, but not many are familiar with the Dick test, which is a similar test for scarlet fever. It is simple and practically painless. The skin is pricked and a drop of solution injected. If the skin around the area becomes quite red it shows that the child would probably contract scarlet fever if exposed and should be inoculated against scarlet fever. It must be stated that the vaccine does not always carry immunity, yet it is of value in the majority of cases.

All those who have had scarlet fever should be isolated for at least a month. It is too serious a disease to expose others and run the risk of their catching it.

It has ruined the careers of many children, who were the victims of others' carelessness.

## Nankin Township Leads in Area Home Building

Nearby Nankin township led the entire Detroit metropolitan area in new home construction during the first quarter of 1956, according to a survey of building permits made by the Regional planning commission.

Plymouth city with only five permits and Plymouth township with 10 looked mighty small in comparison with Nankin township where 878 permits for homes were issued.

Livonia was sixth in Wayne county construction with 364 home building permits. Looking at other Plymouth neighbors, 11 permits were issued in the three townships in Canton township, three in Northville, three in Northville township and five in Salem township.

Following Nankin in Wayne county are Detroit, 611; Ecorse township, 426; Taylor township, 386; Livonia, 364; Dearborn township, 351; Redford township, 206; Garden City, 199; and Wayne, 181.

## Nankin Carnival Slated Saturday

Final plans have been arranged for the Nankin Mills school carnival slated Saturday at 2 p.m. said Mrs. Arthur H. Trost, president of that school's Parent-Teacher organization, the sponsor of the affair.

The carnival, to which the 130 Nankin pupils and their parents are invited, will consist of a number of indoor and outdoor activities. Included will be such high-lights as train rides, pony rides, a shooting gallery, dancing for the teens, a cake walk and plenty of food. The refreshments will be hot dogs and beverages plus additional items.

The carnival will be held rain or shine and should the weather turn bad the activities that can be put on indoors will be held there. Nankin Mills school, at Farmington and Ann Arbor roads, has kindergarten through eighth grades.

Proceeds from the event will go toward the purchase of reference books for the school's library. Chairman and Co-chairman are Mrs. Leo Gruber and Mrs. Paul Cooper respectively.

Among the many contributions of coal chemicals to better living, and undoubtedly one of the most popular, is the "squeeze" bottle used today for lotions, shampoos, and other liquids and made from a coal chemical called polyethylene, produced from coke oven gas.

## There Is A Difference

If you'll ask any of the families we have served, you will be told that Schradler service differs greatly from ordinary service, because all members of our organization are dedicated to their profession; a dedication which results in a finer service, available to all in Plymouth and vicinity.

# Official Proceedings Plymouth City Commission

Monday, April 16, 1956  
A regular meeting of the City Commission was held in the Commission Chamber of the City Hall on Monday, April 16, 1956 at 7:30 p.m.

Present: Comms. Cutler, Guenther, Henry, Sincoc, Terry and Mayor Daane.

Absent: Comm. Roberts. Since Comm. Roberts was ill, his absence was excused by the Commission.

Moved by Comm. Guenther and supported by Comm. Cutler that the minutes of the regular meeting of April 2 and the special meetings of April 4 and April 9, 1956 be approved as written. Carried unanimously.

The Clerk presented bills in the amount of \$52,179.34.

Moved by Comm. Terry and supported by Comm. Sincoc that the bills in the amount of \$52,179.34; subject to the approval of the auditing committee, be allowed and warrants drawn. Carried unanimously.

The Clerk presented the following reports: Municipal Court for February and March, D. P. W., Fire, Health, Police and Treasurer for March, and 1955 police accident survey.

Moved by Comm. Cutler and supported by Comm. Guenther that the above reports be accepted and placed on file. Carried unanimously.

The Clerk read resolutions from the City of Livonia and Village of Wayne relative to taking of a State census every 5 years.

Moved by Comm. Sincoc and supported by Comm. Terry that the resolution be accepted and placed on file. Carried unanimously.

The Clerk read communications from the Wayne County Road Commission and the Wayne County Department of Health relative to the denial of use of combined sewers by the County. The communications were accepted for filing.

The Clerk read a communication from the Plymouth Theatre Guild requesting permission to erect a banner, announcing the play to be presented, in Kellogg Park.

Moved by Comm. Cutler and supported by Comm. Henry that permission be granted the Plymouth Theatre Guild to erect a banner in Kellogg Park, as recommended by the City Manager. Carried unanimously.

Mr. J. D. McLaren requested the commission to ask for an alternate bid using the easements in Maplecroft and Brookview Subdivisions at the time bids are requested for the installation of the sanitary sewers in the south part of the city.

Moved by Comm. Terry and supported by Comm. Cutler that the city engineer be directed to make an alternate plan and profile for bid in Maplecroft and Brookview Subdivisions for sewer installation and if bids come in greater than the present plan and the bid accepted, the additional charge will be assessed against the abutting property owners. Carried unanimously.

The Clerk presented a communication from Ward, Plunkett & Cooney relative to an alternate plan for sewers in the south part of the city, with no plan submitted. The communication was ordered filed until such time as a plan is submitted.

Moved by Comm. Sincoc and supported by Comm. Cutler that the above bids be accepted as recommended by the City Manager, and that the costs be charged to the appropriate accounts. Carried unanimously.

Moved by Comm. Sincoc and supported by Comm. Cutler that all bids for the Ten-ton Trailer be rejected. Carried unanimously.

Moved by Comm. Henry and supported by Comm. Terry that the meeting be adjourned. Carried unanimously.

Time of adjournment was 10:10 p.m.  
Russell Daane  
Mayor  
Kenneth Way  
Clerk

Mr. Robert Marsden, representing the Simpson-Ross Street portion of Birch Estates Subdivision presented a number of questions relative to the proposed sanitary sewer. Questions were also raised by Hargreaves, Mr. Kandt and Mr. Roy Rew.

The Clerk read resolutions from the City of Livonia and the Village of Wayne requesting the Michigan Legislature to provide for a privilege fee for the construction of new homes in order to supply schools with funds until taxes are collected. The communications were ordered accepted and filed.

The City Manager presented a communication from the Mayflower Post No. 6695 of the Veterans of Foreign Wars requesting permission to hold a parade on Memorial Day on May 30, 1956, said parade to climax at Kellogg Park.

Moved by Comm. Cutler and supported by Comm. Terry that the request of the V. F. W. to hold a Memorial Day parade be granted and that the city forces erect the platform in Kellogg Park for the program. Carried unanimously.

The City Manager presented a petition from Hough Park Homesites, Inc. requesting the commission to vacate the west approximately 118.09 feet on the south and approximately 140.0 feet on the north of Elm Street, Hough Park Sub. No. 2.

Moved by Comm. Cutler and supported by Comm. Sincoc that the commission deem it advisable to vacate said described Elm Street and set a public hearing for May 22, 1956 for hearing objections to the vacation of said street.

Yes: Comms. Cutler, Guenther, Henry, Sincoc and Terry.  
No: None. Mayor Daane abstained from voting because of his being an officer of the corporation.

Moved by Comm. Guenther and supported by Comm. Sincoc that the proposed ordinance to amend Ordinance No. 159, Subdivision Ordinance, be passed its second reading, by title only. Carried unanimously.

Moved by Comm. Guenther and supported by Comm. Sincoc that Ordinance No. 202, an ordinance to amend Ordinance No. 159, Subdivision Ordinance, be passed its third and final reading, by title only, and become operative and effective on the 8th day of May, 1956. Carried unanimously.

The City Manager presented his recommendation for acceptance of bids for the following items:

Road Oil	Phillip's Road Oil Service	12 1/2 c/gal.
Addressograph	Addressograph-Multigraph Corp.	\$ 1,482.00
Gas Boiler-City Hall	Als Heating, Inc.	\$ 2,245.00
Calculator-CBA-10	Morse Calculating Machine Co.	\$ 650.00
Dump Truck	West Bros.	\$ 4,981.27
Sensimatic Billing Machine	Burroughs Corporation	\$ 3,727.70
Blacktopping	Detroit Concrete Products	\$10,000.00

(at unit prices quoted)

Moved by Comm. Sincoc and supported by Comm. Cutler that the above bids be accepted as recommended by the City Manager, and that the costs be charged to the appropriate accounts. Carried unanimously.

Moved by Comm. Sincoc and supported by Comm. Cutler that all bids for the Ten-ton Trailer be rejected. Carried unanimously.

Moved by Comm. Henry and supported by Comm. Terry that the meeting be adjourned. Carried unanimously.

Time of adjournment was 10:10 p.m.  
Russell Daane  
Mayor  
Kenneth Way  
Clerk

Monday, April 23, 1956  
A special meeting of the City Commission was held in the Commission Chamber of the City Hall on Monday, April 23, 1956 to consider the following:

- 1956-57 Budget Hearing.
- Authorization to prepare plans, specifications and estimates of cost for:
  - a. Amelia Street paving
    1. Main to Farmer
    2. Main to Mill
    3. Farmer to Liberty
  - b. Karmada Street Sanitary Sewer
  - c. Southwest Storm Sewers.
- Consideration of City Manager's Special Assessment Improvement Reports.

Present: Comms. Cutler, Guenther, Henry, Roberts, Sincoc, Terry and Mayor Daane.  
Absent: None.

The Mayor opened the hearing on the proposed 1956-57 budget.

Mr. Raymond Bachelder of 157 S. Main Street was present protesting the increase of the rent of the above address from \$75.00 to \$100.00 per month. The matter was referred to the City Manager for further study and recommendation.

## NOTICE OF PUBLIC HEARING VACATION OF A PORTION OF ELM STREET

Notice is hereby given that on Tuesday, May 22, 1956, at 7:30 P.M., a public hearing will be held by the City Commission in the Commission Chamber of the City Hall upon the question of whether or not the following street will be vacated:

Elm Street from Sheldon Road easterly 140 ft. on the north side and 118.09 ft. on the south side.

All interested parties will be given ample opportunity to participate in the hearing and, at the close of the hearing, the comments and suggestions of those citizens participating will be considered by the City Commission before making a decision.

Kenneth E. Way, City Clerk

consideration a report upon said improvements, which shall include necessary plans, profiles, specifications, estimates of cost, and estimate of the life of the improvements, a description of the recommended assessment district or districts, and such other pertinent information as will permit the Commission to decide the cost, extent, and necessity of the improvement proposed, and what part or portion thereof should be paid by Special Assessment upon the property benefited, and what part, if any, should be paid by the city at large. Carried unanimously.

The City Manager presented his report relative to Lincoln Avenue Paving, Project 50-2-122. The report was referred to the City Manager to study and report the methods by which the city's share of the paving may be paid by the subdivider requesting pavement.

The City Manager presented his reports relative to the Sheridan Avenue Sanitary Sewer, Project 50-2-123 and the Karmada Street Sanitary Sewer, Project 50-2-126. The commission concurred in the City Manager's recommendation that the projects be included in the \$600,000 Sanitary Sewer Project, proposed.

The City Manager presented his report relative to the Sheridan Avenue Water Main, Project 50-2-124.

The following resolution was offered by Comm. Cutler and supported by Comm. Guenther:

WHEREAS, the City Manager, as heretofore directed, has presented his report to this Commission, dated April 23, 1956, relative to a proposed local or public improvement described as:

Sheridan Avenue Water Main

WHEREAS, this Commission has reviewed said report.

NOW THEREFORE BE IT RESOLVED that the City Commission of the City of Plymouth, Michigan, does hereby find and determine that the above described improvement is necessary and that said improvement is local and of benefit to the property affected thereby and also is a general public improvement, and

BE IT FURTHER RESOLVED that \$2342.80 of the cost of said improvement shall be paid by special assessment upon the property benefited thereby, and the city share of the cost for intersections and side lot frontage be paid by the city at large.

BE IT FURTHER RESOLVED that the limits of the special assessment district within which property is deemed and hereby determined to be specially benefited are as follows:

Lots 322b, 322c, 250, 360 and 361

We Buy All Kinds of Scrap Metals Farm & Industrial Machinery We Sell Auto Parts also structural steel, angle iron, pipe, steel sheets, strips Marcus Iron & Metal Call Plymouth 588 215 Ann Arbor Road (US 12)

of Assessor's Plymouth Plat No. 13.

BE IT FURTHER RESOLVED that benefits of said improvement be measured and assessed upon the property benefited, pro rata, per foot frontage.

BE IT FURTHER RESOLVED that said report of the City Manager and this resolution shall be placed on file forthwith in the office of the Clerk for public examination and shall remain on file therein for at least seven days before any hearing upon said public improvement.

BE IT FURTHER RESOLVED that this Commission hold a public hearing upon said public improvement and the necessity thereof on May 7, 1956 at 7:30 o'clock, P.M. in the Commission Chambers of the City Hall and that notice of the time and place of such hearing and the purpose thereof shall be published by the Clerk in the Plymouth Mail and shall be posted upon three or more of the official public bulletin boards of the city, not less than ten days prior to said date of hearing. Carried unanimously.

Moved by Comm. Henry and supported by Comm. Terry that the meeting be adjourned. Carried unanimously.

Time of adjournment was 9:28 p.m.  
Russell M. Daane  
Mayor  
Kenneth Way  
Clerk

# OVER 175 HORSEPOWER IN RESERVE!

... when you're cruising at everyday speeds!

THE ROCKET'S EXTRA MARGIN OF POWER MEANS AN EXTRA MARGIN OF SAFETY!

HIGH HORSEPOWER... high torque... high compression. It takes all three to describe Oldsmobile's Rocket! But there's still another important side to the picture.

It's reserve power - in abundance! In fact, at normal cruising speeds the Rocket still has more than 175 horsepower left... beyond what it takes to propel the car! It's this reserve that whips you through a passing situation so quickly, so effortlessly.

That means economy, too! The Rocket just eases along, when lesser engines are straining. You can see the result in Oldsmobile's double victory in the Mobilgas Economy Run!

The modern "big bore - short stroke" design cuts friction and power loss. The Rocket's design made high compression practical... and today's Rocket hits a high 9.25 to 1 compression!

Come take the wheel of a Rocket Oldsmobile. You will feel a distinct difference in performance, in riding and handling qualities... just as you see a glamorous difference in Oldsmobile's beauty. We'll be looking for you soon!

### Easy-to-Install Tiles Brighten Old Rooms

The modern kitchen is the new center of family fun! You can make your kitchen bright, charming and easy to keep clean with colorful plastic, or baked enamel on aluminum wall tiles.

Your laundry, or utility room, can be a cheerful place in which to work, when you decorate with bright wall tiles.

Wall tiles will also transform your dark, old-fashioned bathroom into a light, modern room. These new tiles resist water and moisture and are easy to clean.

You'll discover that you can save a lot of money by "doing-it-yourself." But be sure you know what you are doing before you start! Expect the job to take some time and a little effort and make sure that you are using good quality wall tiles. You'll want a tile for beauty, permanency and livability.

Before you can order tile, or know how much the project will cost, you must measure the room to be tiled. Your local dealer can then advise you on just how much tile to order.

He'll also advise you on the type and color of tiles to use for decorating any room.

There is a wide variety of solid colors, patterned tiles and sizes to choose from. Combinations of these tiles can form many attractive patterns.

You'll be wise and money ahead if you buy a type of wall tile that comes with a complete home kit. Such a kit should include: a level and rule, a coping saw, chalk, a notched trowel, a scraper, a chalk line and an easy-to-understand instruction book.

## BUILDING AND REMODELING — NEWS — FOR EVERY HOME

### Gardening is Really an Easy Project If You Will Only Follow Simple Rules

Everyone enjoys having a beautiful garden and yard, but most people think it requires a "green thumb." It doesn't! The garden enthusiast may have a garden and yard to be proud of simply by following a few simple rules and using good, common sense.

One of the real secrets of successful gardening is having the necessary equipment and keeping it all in one location, saving time otherwise spent in looking for a trowel or sprinking can. The garden equipment center may be located in the garage, basement or tool shed.

Every garden and lawn equipment center should contain at least these tools: rake, hoe, spading fork, shears, trowel, cultivator, lawn edger, pruning saw, galvanized steel nail and sprinkling can, stakes, wheelbarrow and galvanized steel basket or laundry tub. Other items to be kept in the garden center other than tools include canvas gloves, fertilizers, lawn and plant foods, mulch or compost, weed killers and potting soil.

Large quantities of fertilizer and potting soil may be kept in galvanized steel garbage cans, either upright or lying on their sides as bins. These containers will help keep the garden center neat and simplify storage of bulky materials.

When planting, consider each individual plant's sunlight and shade preferences, and its space requirements. Always firm the soil around a plant with hands or feet to be sure no air spaces are left to cause roots to dry out.

Cut only one or two inches into the ground when cultivating or hoeing to prevent injuring surface roots and exposing soil to drying winds. Use mulch whenever possible. An inch or so of mulch consisting of peat moss or rotted leaves eliminates most

cultivating, controls weeds and retains moisture.

Apply weed killers diligently. Many good commercial weed killers are available at hardware and garden supply stores and most can be applied easily from a galvanized steel sprinking can.

Neat, clean-cut borders on lawns and gardens helps control weeds and makes grass easier to cut with less edge trimming.

Save time and prevent plants from being burned by excess fertilizer by applying a commercial or natural fertilizer while watering.

Watering is probably the most important single phase of gardening. All flowers, vegetables, shrubs, trees and grass should be carefully watered as often as necessary. Sprinklers will serve for the lawn and some shrubs, but delicate flowers should be given individual, gentle care with a galvanized steel sprinking can.

Lawn and garden experts say early morning is the best time for watering, to keep plants moist through the hot day. The roots of shrubs, trees and perennials should be thoroughly soaked at least twice a month.

### If Your Yard Looks Empty Try Planting a Few Trees

Regardless of how well tended the lawn is, or how many well pruned shrubs there are, a yard without trees looks barren. Evergreens are fast growing trees that will give a yard a complete, permanent look in a very few years. Other types of trees, although slower growers than evergreens, need not be started from seedlings. They may be obtained from a nursery in various sizes with a ball of earth wrapped in burlap around the roots.

There are a few basic rules involved in planting trees which will cut losses. First, don't let the roots dry out. If possible, buy trees with the "balled" roots. Soak the "ball" overnight in a galvanized steel pail or laundry tub of water before planting. Bare-root specimens should be soaked too, and should be wrapped while planting to keep winds from drying them out.

Next, pulverize the soil. While the hole is being dug, remove all rocks, break up big lumps of soil and mix it with humus, decayed manure and bone meal for good, starting plant food.

Be sure the hole is large enough. The roots should be able to spread out completely with a foot or so of loose soil all around.

Make certain enough water is used to give the roots a good start. As the soil is replaced in the hole, make a regular mudbath around the roots with plenty of water from a galvanized steel pail or sprinking can. Leave a shallow depression around the trunk of the tree to allow the rain to run down toward the tree.

When tamping down the soil, be sure it fills all the crevices between the roots. Set the tree to exactly the same depth it had before transplanting.

Finally, don't forget to water newly planted trees frequently. With evergreens, the top should be watered regularly for the first two years after planting. A galvanized steel sprinking can, with a large, finely perforated nozzle, will produce a thorough spray to wash off dust which clogs the pores of evergreens.

Never undertake a varnishing project in a cold room. A desirable temperature is 70° or more. It's also a good idea to let varnish stand in a warm room for several hours before using it.

YOUR ARMSTRONG Home Climate DEALER

### Predictions Say Air Conditioning To Be Vital Factor in Every Home

Your air conditioner may soon be as common a factor in everyday living as your refrigerator.

In 1940, only 11,450 room air conditioners were manufactured! In 1953 more than one million, according to studies by Electrical Merchandising Magazine. Within a few years the non-air conditioned house will be a thing of the past.

Aside from the value to your house, air-cooled living may also make as profound changes in day-to-day living habits as the advent of television. A spot survey made by House & Home Magazine, of owners of air conditioned homes in the Southwest led to these conclusions:

As central air-conditioning and unit room air conditioners come into wide-spread use during hot summer months, you and your family are likely to... stay at home more often where it is cool instead of flocking to the beach or mountains for relief.

In trying to use several appliances simultaneously on the same circuit with a room air-conditioner, there is a good possibility of an increased burden on your wiring system. In the majority of homes, a separate circuit will be needed for any air conditioner that may be installed. Is your wiring up to the job?

The National Adequate Wiring Bureau advises that you check to see whether your existing branch circuits can handle an added load. The size of a room air conditioner dictates the load it will place on your present wiring system.

Plans are sold with a 60 day money back guarantee.

## BUILDING AND REMODELING — NEWS — FOR EVERY HOME

### List Sources for Home Improvement Aid, Guidance for General Public

"Sure we'd like to make some improvements in our home, but we don't know how to do it ourselves. Where do we go to get the right kind of help?"

Recognizing that this may be a common question during 1956, the year of OPERATION HOME IMPROVEMENT, the Insulating Siding Association offers some suggestions on where to get competent assistance and advice.

Association members have considerable experience in the home-improvement field since their product, insulating siding, has been used to modernize more than four million homes during the past 20 years.

"Banks and savings and loan associations, architects, lumber dealers, building contractors, and many contractor specialists like plumbing and heating contractors, and roofing, siding and insulation contractors can help you get started on modernization work," the Association reports.

"The bank or savings and loan association is always a basic partner in home improvements for most families, since many improvements are done with borrowed money. The bank can tell you the best type of financing for your project and give you a definite idea of your financial limitations.

"Knowing how much you can safely spend, you have a better idea of how much of a project you can undertake. The banker can also give you names of building contractors and architects who can help you get the most for your money. You can depend on the banker's opinion because he wants to make sure the money is well spent, just as you do."

Many lumber yards have set up planning centers that will give complete advice on any type of home modernization, making up a bill of materials and even arranging for a contractor to handle the job.

"If your particular project involves altering the basic structure of the house, it's best to seek the help of an architect. He can integrate your improvement plans and help you to modernize to achieve results that are economically and architecturally sound.

"Of course there are contractors who specialize in modernization work and who can give you the benefit of a wealth of practical experience. Locate one of them through your bank or lumber yard and work with him in planning your improvements.

"You'll find all these people competent and willing to help you 'live better where you are,'" the Association states.

#### CHASE MOISTURE

Hot running water, steam from cooking, and various modern appliances add moisture to home interiors. Any steps which can be taken to eliminate excessive humid air from home interiors will prevent moisture from entering walls and ceilings and causing damage that is costly to repair. Excessive moisture within a house can even cause the paint on the outside of the structure to blister and peel. Exhaust fans in kitchen, bathroom and laundry will carry much of this moisture outside. Opening windows for short periods when steam is excessive will accomplish the same result.

The day is fast approaching, says the United States Department of Commerce, when softening water will be regarded in a class with gas, electricity, and refrigeration as a basic home utility. The Plumbing and Heating Industries Bureau points out:

Your hopes of permanent relief from coughing and sneezing can be realized. An ELECTRO-AIR electronic air cleaner, attached to your warm air furnace, eliminates dust and pollens from the rooms, lets you enjoy coughless nights and sneezeless days.

### Chemistry Makes Big Contribution In Modern Home

It may seem like the realm of microscopes and test tubes is far removed from the saw and hammer and the wood and masonry that constitute the tools and materials of modern home building. Make no mistake. No one claims that homes come out of test tubes. But the fact remains that the chemical industry makes invaluable contributions to the beauty and efficiency of the modern home, and in more ways than most people suspect.

Often one material embodies several applications of modern chemistry. A good example is insulating siding. The base of the material is insulation board. Early in its production the insulation board is treated with pentachlorophenol and the Farrox process to prevent damage from fungus, mold, termites and vermin.

Asphalt, one of the oldest building materials, is pumped from the ground, yet the chemical industry has been able to improve on the natural weatherproofing qualities of asphalt through improvements in the refining process. Asphalt is used in insulating siding and asphalt roofing shingles and on the outside of basement walls as a sealer.

Again the chemical industry has served the building industry through the bright, attractive colors of the granules used on the outside of insulating siding and asphalt roofing shingles. Chemistry gave granules their bright colors and their permanence of color.

If you want to move into the world of plastics, you'll find dozens of applications in modern building materials, again the products of chemistry. Vinyl flooring and plastic tile and the hard surface materials used for kitchen and bathroom counter tops are high on the list of plastics. Then there's the polyethylene film used as a vapor barrier under concrete slab. And the new fibrous glass screening which won't rust or corrode, and saves the home owner the trouble of taking down screens every fall and putting them up again in the spring.

Recent estimates show that some 400 million pounds of plastic materials go into construction each year. They're valued at more than a quarter billion dollars. That's plastics alone, and doesn't include the value of the numerous other chemicals used in construction.

When using varnish on floors, use a good 3" brush. A 2" brush will do the job on woodwork, while a 2" one is suitable for furniture.

### HERE'S HOW . . . MAKE A SAW TABLE EXTENSION

A valuable addition to the home workshop with a power table saw is an adjustable saw table extension or support for long timber.

Make the support from 2 by 4-inch lumber. Cut the lower vertical piece so that the support will be the same height as the saw table, with allowance for adjustments up or down.

Cut a slot as shown in the lower vertical member. Bore holes 5/16 inch in diameter in the upper vertical member and join vertical members with 5/16 by 4 1/2-inch carriage bolts with large washers and wing nuts. Cut mortises 1/2 inch deep and assemble pieces as shown, with glue and 3-inch No. 10 wood screws. Attach vertical member to base with 5/16 by 5 1/2-inch carriage bolts. Install diagonal braces, cut from 2 by 4's, under the top. Mount twelve large roller-ball casters staggered on the top.

## THE GOOD OLD DAYS... FROM THE PAGES OF THE MAIL

### 5 Years Ago

May 17, 1951

The new catering manager of the Hotel Mayflower will be Donald S. Cornell of Detroit.

A new television set is the property of Mr. Charles M. Pettibone 399 Sunset, winner of a contest sponsored by Better Home Appliances, Forest avenue.

The cornerstone of the temple being built by Plymouth Elks 1780 was laid during the dedication ceremonies last Sunday.

Mother's Day dinner guests at the home of Mr. and Mrs. William J. Squires of north Canton Center road were Mr. and Mrs. Ray Crieth and Mr. and Mrs. Robert J. Orr and sons, David Scott and Larry Robert, of Farmington. In the evening pleasantly surprising them were Mrs. Squire's sister and husband, Mr. and Mrs. Donald H. Fullerton and Mr. Fullerton's sister, Mrs. Bessie Dewar, of Detroit.

Weekend guests of Mr. and Mrs. Wilfred Thelen of Farmer street, at their cabin near Lincoln, Michigan, were Mr. and Mrs. Levi LaVergne and Mr. and Mrs. Millard Mitchell.

Mr. and Mrs. Loren Hopper and family were guests of Mr. and Mrs. Albert Hart and family for dinner last week.

Swift sophomore John Balogh shattered Plymouth High record time for the mile, Tuesday, May 8 against Ypsilanti.

Recipient of a scholarship to Wayne university was Robert G. Kropf of Butternut street.

Mr. and Mrs. Milton Haberer and Nicky of Marlowe street spent the weekend in Huntington, West Virginia, visiting Mrs. Haberer's brother, William Tower.

Mrs. Helen Smith entertained the members of her entire family Mother's day in her home on Roe street.

Jimmy "Butch" Glotz, 4, and Janet Kay Walker, 5, were chosen by the city of Holland, Michigan to appear on the Arthur Godfrey show and present tulips.

Mr. and Mrs. Edward Klinski held open house last Sunday, May 6, in their home on Joy road honoring their son, Bobby, who made his first communion on that day.

### 10 Years Ago

May 17, 1946

Terry's Bakery curtains pro-

duction 25% as mills slash flour deliveries.

Bread famine hits Plymouth.

Panhandle Gas for Plymouth says Consumer company.

Mary and Ann Donnelly were in Lansing Wednesday visiting Mrs. Peter Plandeck.

Mr. and Mrs. John Wahn held open house Sunday in their home in honor of their daughter, Patricia, and son, John, who were confirmed in Our Lady of Good Counsel church.

Last Friday evening the First Methodist church was the scene of a wedding uniting Eva Scarpulla and Mark B. Underwood.

Mrs. James Herter of Harvey street entertained 20 young ladies at her home Wednesday evening at a miscellaneous shower in honor of Margaret Erdelyi. Miss Erdelyi will wed David Hale on Saturday, May 18.

William Keefe, son of Mr. and Mrs. William Keefe of Forest avenue left for Pennsylvania to obtain a Piper club plane for the Triangle airport which he will fly back to Plymouth.

Mr. and Mrs. William Duguid, Jr., and daughter, Linda Kay, of Northville, Harvey Shaw of Plymouth, and Arthur Frusher of Milford were dinner guests Sunday in the home of Mrs. Edward Heintz and family.

Mr. and Mrs. Lewis Goodard and daughters, Susan and Ann, will attend the tulip festival in Holland Thursday and Friday of his week.

Mrs. Jessie Terry and daughters, Mrs. Wilbur Gould and Mrs. Gladys Baker spent last weekend in Port Huron as the guests of Reverend and Mrs. G. I. Friday.

### 25 Years Ago

May 15, 1931

Village manager L. P. Cookingham was host to ten members of the Southeastern Michigan Association of City Managers at the Mayflower Hotel last Friday noon.

New apartment will be built here during summer by L. Shafer. A five family apartment will be built on Ann Arbor trail and Elizabeth street.

A most impressive part of the Mother's Day service at the Methodist church last Sunday was the presentation of a baptismal font given in memory of the late Mrs. H. A. Spicer. The font was used for the first time

when Mrs. Spicer's only great grandchild Robert Hayes Powell was baptized.

A new Ford Tudor has been purchased to replace the old Model-T Ford acquired by the village in 1926. The new car will be used by the superintendent of public works and the police department. Decision to purchase the new car was made after the rear axle was broken on the old car.

Mr. and Mrs. Loren Goodale have opened their lunch stand at Cass Benton Park for the summer season.

Thirty-five ladies attended the Lutheran Ladies aid society meeting last Wednesday afternoon at the church with Mrs. William Gayde, Mrs. William Petz and Mrs. William Arscott as hostesses.

Berg Moore, secretary of the Chamber of Commerce appeared before the Commission Monday evening and discussed the matter of planning and zoning for the village.

Ernest Roe has informed the Plymouth Mail that he is in possession of a Detroit Free Press that is now 94 years old.

At a meeting of the Plymouth Hills Golf club the following officers were elected: President M. G. Larkins, Vice-president, Frank Rambo, Secretary-treasurer, John M. Larkins, general manager, George Robinson.

### 50 Years Ago

May 18, 1906

Several of the boys from this school will go to Ann Arbor, Sat-

urday, May 25, to take part in the interscholastic meet held here for all the schools in Michigan.

The thirtieth day of May which the 45 states of the now indivisible Union have known as "Decoration Day" will be appropriately celebrated in Plymouth with this year's program in charge of the school.

Born to Mr. and Mrs. C. G. Draper Monday night, a son.

Conductors on the D. P. and N. interurbans are now wearing gold bands on their hats.

W. O. Allen is having an office fixed for him in one of the Connor buildings on Main street.

Circuit court jurors for the month of June are: William Hoops; Harry Cole, Frank Riggs, John Maynard, Otto Ziegler and Charles Teagen.

The Daisy Manufacturing company has posted notices in its factory that the week of July 4 will be given to all employees over ninety for a vacation with full pay. The company will also on some one day during this week take their employees and families on an excursion to some point on the Detroit river.

Ray Smith received a phone call from Midland this week asking him to come up and play on their ball team. He left yesterday to look up their proposition but if not satisfactory he would return home. Of course—we are hoping—we need him on our team.

Some of the boys getting ready for the meet at Ann Arbor are: Shot put, Cortrite; Half-mile

run, Jolliffe; High jump, Warner; Brown; Evans; 100 yard dash, Bentley, Cortrite and Evans; Hammer throw, Cortrite and Brown; 440 yard dash, Bentley; Pole Vault, McLaren, Evans; Mile run, Warner and Jolliffe; the mile run was won by Warner in 5 minutes 29 seconds.

The council will meet next Monday evening to make the tax levy for 1906. We hope that they will make the rate large enough so that the village can pay their current and necessary expenses with out borrowing again. A great deal of last year's money has gone into the building of sidewalks and electric light extensions which made it necessary to borrow \$3,000.00.

There are more than 30 species of olive trees from which Spain produces half the world's supply of olive oil.

### GIRL SCOUT NEWS

Cathy Holts was elected president of Girl Scout Troop No. 4 at a recent meeting. Also taking office were Louise Cummings, treasurer; Jerry Krumm, secretary; Irene Markham, publicity; and Bonnie Anderson, sunshine chairman.

The troop recently took a trip to the Ford Rotunda and ate their supper at Howard Johnson's. Carol Ann North and Chris Baker were helping with the troop's activities. The troop has also placed posters in various store windows advertising the cookie sale.

Seen only on higher priced cars and Chevrolet

The meaningful emblem of Body by Fisher

When you see "sterling" on silver you know what it means—solid silver, all the way through. And when you see the medallion "Body by Fisher" on an automobile it means much the same thing—quality all the way through, in things unseen as well as on the visible, gleaming surface.

The significance of this emblem cannot be tested on the showroom floor. Its meaning was not built up in a day but only after long years in which owners learned that "Body by Fisher" was a veritable symbol of solid, enduring satisfaction. Only one who has owned a Chevrolet for several years can fully know the deep sense of satisfaction this emblem pledges. It is the maker's warranty of an inner soundness that your eye or your touch cannot test. And only Chevrolet in the low-price field is entitled to wear the small, proud plaque that proclaims "Body by Fisher."

America's largest selling car—2 million more owners than any other make!

LITTERBUGS OF ALL kinds took part in a play at Bird school last week with characters dressed as various kinds of litter such as bottles, candy and gum wrappers and cigarette packages. The pile of litter in foreground was picked up by the pupils on the way to school. Similar programs took place in each elementary school.

★ Official Proceedings of the City Commission ★

A special meeting of the Board of Education of the Plymouth Community School District was held on April 16, 1956 in the homemaking room of the high school at 8:00 p.m.

Present: Mr. Booth, Mr. Caplin, Mr. Fischer, Mrs. Hulsing and Superintendent Isbister.

Absent: Mr. Smith.

Also present were Principals Bentley, Eriksson, Gibson, Rank and Tanager.

The meeting was called to order at 8:00 p.m. by the President, Mr. Caplin.

The discussion centered around general administrative problems of the different schools. The proposed teacher Tenure Policy was also discussed and some agreement was reached on a proposed change in the sick leave policy. These matters were to be referred to the respective teachers' committees for their comments and suggestions.

It was moved by Mr. Fischer and seconded by Mrs. Hulsing that the tentative 1956-1957 operating budget of \$1,450,055 be approved and submitted to the Wayne County Tax Allocation Board.

Ayes: Mr. Booth, Mr. Caplin, Mr. Fischer and Mrs. Hulsing.

Nays: None.

The meeting adjourned at 10:30 p.m.

Respectfully submitted,  
Esther L. Hulsing, Secretary

that the staff was ready and willing to work with the Board on these problems but that the basic salary schedule needed an upward revision before giving consideration to merit increases. He urged the Board to change from \$200 to \$300—the differential between the A. B. and A. M. degree teachers. He also requested that teachers with an A. M. degree be given an extra increment of \$250 on top of the salary schedule over teachers with an A. B. degree.

The schedule requested by the teachers was as follows:

A.B.	\$4,300-\$6,550 (9 increments of \$250)
A.M.	\$4,600-\$7,100 (10 increments of \$250)

The Board presented for consideration a salary schedule based on merit increases over and above the regular salary increments of \$250 each. Under this proposal the maximum salary, without merit increases, for the A. B. degree and 9 years of experience would be \$6,350 and \$6,550 for the A. M. degree. Provision for merit increases were in this proposal; teachers, with a permanent certificate, after a two year probationary period would be eligible every other year to be considered for a merit increase. The maximum salary for those who qualify for all the merit increases would be \$8,050.

After considerable discussion, general agreement was reached on the following points:

1. The differential between the A. B. and A. M. degree would be changed from \$200 to \$300.
2. a) No immediate action would be taken on the merit increase proposal.

but a committee, composed of teachers, administrators, board members and lay citizens would be appointed this coming fall to study all facets of merit.

b) The Board would set aside in next year's budget \$5,000 which would be used to implement a merit plan, if adopted. If the merit plan were not adopted, the money would be given to the teachers on some equitable salary adjustment.

It was mutually agreed that another meeting would be held on Monday evening, May 7, 1956 at 8:00 p.m.

Respectfully submitted,  
Esther L. Hulsing, Secretary

Teen-ager Square Dance Scheduled for Friday

Plymouth area teen-agers looking for something to do this Friday night can "swing your partner round and round" at a square dance sponsored by the Veterans of Foreign Wars.

The affair will feature Russ Egloff and his orchestra with Chet Finney doing the calling. Refreshments will be served. Starting time for the dance is 9 p.m.

Every accident prevented increases the national economy.

Canton Township Ordinance

AN ORDINANCE REGULATING THE INSTALLATION OF GARBAGE DISPOSAL EQUIPMENT AND THE DISPOSAL OF GARBAGE; PROVIDING FOR THE ADMINISTRATION AND ENFORCEMENT THEREOF; AND PROVIDING A PENALTY FOR VIOLATION THEREOF.

WHEREAS, it has become necessary for the Township of Canton for the purpose of promoting the health, safety and general welfare of the community by establishing requirements for on-site disposal of waste foods, facilitate enforcement of sanitation, and elimination of breeding places for vermin, and removing the opportunity for the creation and maintenance of public nuisances which generally inhere in areas where such activity is not properly regulated,

NOW, THEREFORE, the Township of Canton ordains:

Sec. 1: Hereafter no structure designed, arranged or intended to be used for purposes which cause, result in or produce food wastes shall be erected, and no structure converted or altered for such purposes on any land within the said Township which adjoins or abuts any road, highway or street in which there is a public sewer unless the said structures shall be equipped with and provide food waste disposal equipment. It shall be unlawful for any person to use, permit or cause to be used any such structures that do not conform to the provisions of this Section.

Sec. 2: The installation, operation and maintenance of any equipment or method to be used for on-site disposal of food wastes shall comply with the applicable provisions and requirements of the building, housing, plumbing, electrical and sanitation ordinances of the Township, and shall be subject to approval by the Building Inspector.

Sec. 3: Any person, firm or corporation violating any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor, and upon the conviction of any such violation shall be punishable by a fine of not more than One Hundred Dollars (\$100.00) or imprisonment for not more than ninety (90) days or by both such fine and imprisonment.

Sec. 4: This Ordinance shall take effect thirty (30) days after the final passage and publication thereof.

I, Andrew G. Smith, Clerk of the Township of Canton, do hereby certify that the foregoing is a correct copy of an Ordinance as passed by the Township Board of the Township of Canton at its regular meeting held on the 8 day of May, 1956.

World's most popular  
**POWER STEERING?**

Buick ROADMASTER 6-Passenger 4-Door Riviera

**Right this way!**

EVERY YEAR, more and more of the new cars sold are equipped with Power Steering. Many a man has bought it "for the wife"—then wondered how he ever got along without it.

And if you have in mind a new car with this increasingly popular feature, you ought to consider this fact:

Since the beginning of last year, Buick has sold far more new cars equipped with Power Steering\* than any other car—over 20,000 more in 1955 alone.

That's the record—and the reasons for it are just as impressive.

Buick brings you In-Line Safety Power Steering. In addition to the one-finger ease of turning common to all such systems in varying degree, it has several distinct advantages.

It gives you surer, steadier, safer control at highway speeds—because it retains that

good natural "feel" of the road. (That's something you really should compare.)

On the other hand, it gives you more power assist when you need it most—at crawling speeds and at full stop. For parking and other tight maneuvering, Buick's Power Steering makes wheel turning nearly twice as easy as other types of systems. (And that's by engineering computation.)

Add another plus: this Buick feature works through the new Buick front end—where a unique new geometry and steering linkage bring a sweet new response and a wonderfully easy handling and a surer "sense of direction" even to new Buicks not equipped with the power system.

So there you are—and here we are, waiting to prove it all to you.

Waiting, also, to let you try the new thrills to be had in Buick's advanced new Variable Pitch Dynaflo—where getaway response and gas mileage both step up even before you switch the pitch.

And waiting to show you how the highest power yet, the sweetest ride yet and the boldest styling yet—all help to make this bright new beauty the Best Buick Yet.

Today is fine with us. How about you?

\*Buick's In-Line Safety Power Steering is standard on Roadmaster and Super, optional at moderate extra cost on other Series.  
†New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

At What Age Should  
**SAVING**  
Start?

Many, many First Federal customers have had savings accounts for their children, opened soon after the youngsters were born. They start with a small account for the new baby. Then, it's surprising how such savings grow with money gifts for Christmas and birthdays. Later, the child's own after-school earnings are added. Besides offering important training in thrift, this plan builds savings for college, or for a start in business. Savings here are insured to \$10,000.

From the Same Tree

A short time ago a 10-year-old California boy won the \$100,000 jackpot on a TV quiz program.

This was a remarkable feat. What makes it still more remarkable is that the questions involved had to do with the stock market. They were tough questions too—it's a safe bet that not one adult in many thousands could have answered them correctly.

There is a further significance in this. It is certainly not possible that many youngsters will become ranking authorities on all the procedures and complexities involved in corporation finance. But it is eminently desirable that great numbers of the adults-of-tomorrow learn the basic principles of finance in a free enterprise system—and learn too what stock exchanges do and why they are necessary.

Under political democracy, everyone has the right to vote. Under economic democracy, everyone has the right to invest in a business and become a partner. The two are branches of the same sturdy tree.

Grass Roots Opinion

HIGHLAND, ILL., NEWS LEADER: "By fighting cancer with a check, we are helping scientists to conquer cancer through research; we are helping cancer patients with a wide variety of comforting services at home and in hospitals; and we are helping the American Cancer Society to spread life-saving knowledge of cancer throughout the nation.

COUPEVILLE, WN., COURIER: "One of our primary editorial policies will be to create an interest in local government. This purpose is founded on the fundamental belief that a true and working democratic federal government is based on strong small units of democratic self-government such as is found in small cities and towns.

ELDORADO, KAN., TIMES: "No longer will government employees be dismissed because of tales told behind their backs by anonymous informers who cannot be faced and cross-examined. The Federal Court of Appeals for the Ninth or Pacific Coast circuit recently ruled that without such confrontation no one could have a fair chance to defend himself. The Justice department has decided not to appeal this decision to the Supreme Court. It therefore stands. The court struck a solid blow for freedom."

Washington Quiz

- Q—Did the Government file anti-trust suit against paper bag manufacturers? If so, what is the status of the suit?
A—The Federal Trade Commission issued a complaint against twenty leading manufacturers of multi-wallpaper shipping sacks on Dec. 7, 1955. The companies in separate answers have denied the charges that they quoted the same delivered price to customers or acted collectively to fix prices. These bags are used to transport and store feed, fertilizer, cement, sugar, flour, and other bulk products. Final decision has not been made by the Commission.
Q—Has the 84th Congress extended the School Milk program?
A—Yes, the measure has been passed and signed by the President, extending the school milk and brucellosis eradication program until June 30, 1958. The measure contains authorizations for \$10 million to continue the school milk program until next June 30 and \$75 million for each of the next two fiscal years; \$17 million was authorized to fight against brucellosis for the remainder of this fiscal year and \$20 million per year for each of the next two fiscal years.

From where I sit... by Joe Marsh

Doc Nurses a Daydream
It's a treat when I get together with Doc Sherman. The Clarion keeps me much too busy—and Doc, well I think he puts in sixteen hours a day at the hospital.
But Tuesday—a beautiful day—he and I slipped away for a ride around Turtle Lake. Doc's driving a 1956 humdinger—it's like riding on a cloud.
Anyway, at one point Doc slowed almost to a halt. "Used to fish there as a boy, Joe," he said. "Used to sit and imagine myself up on the highway driving a high-powered car. Nowadays, I just sit here and wish I were down there again."
From where I sit, few of us are ever content with the way things are at any given moment. It's human nature. On the other hand, I've been rooting for years that someday everybody will show enough good American tolerance to respect his neighbor's right to enjoy a friendly glass of beer. When that day comes I assure you that I'll never want to change back.

Joe Marsh

Roger Babson

Want to Avoid Depression? Don't Worry!

Babson Park, Mass. Continually I am being asked: "What could cause the next Business Depression?" It could be overbuilding, too much installment buying, stock market speculation, or the unreasonable demands of union labor; but I forecast the next depression, with its unemployment, may come from worry, fear, and exhaustion.

REAL CAUSES OF UNEMPLOYMENT

Already worry is causing executives to have heart attacks, causing wageworkers to demand pension security, causing housewives to get divorces, and causing almost everyone to seek more entertainment in order to forget their troubles. If too many people get scared and stop buying, this will surely bring on bad business and unemployment.

Most of us hesitate to discuss our personal religion for fear of being called "hypocrites." But at the risk of being so-called myself, I will this week make a confession:—My education as a statistician taught me to seek the truth. Hence, when I became a Church Member, I naturally sought to learn what Jesus taught. Among other things, I found that He taught us not to worry. One of His most emphatic teachings was to avoid "being anxious about tomorrow."

When Jesus held up the birds as an example for us to follow (Matthew, 6th Chapter, Verses 26 to 29), He realized that the birds are obliged to hunt their own food. God does not throw food in their nests for them, God even compels the birds to build their own nests. Unlike most young people today, the birds build their "houses" and pay for them before "getting married" and raising little birds! Jesus never told us not to THINK about tomorrow, or not to PREPARE for tomorrow. Read His parable of the Ten Virgins in the 25th Chapter of Matthew, Verses 1 to 13. It was Worry which Jesus condemned.

Therefore, I have constantly fought worry and conquered it when it faced me: First, when I had an attack of tuberculosis and was "given up for dead;" then, during the Great Depression when my many clients got scared and left me; and always when

personal misunderstanding arose with some relative, or friend, or businessman. Two things I have learned to avoid—worry and liquor—one often leads to the other.

DEBT TO MY WIFE

Furthermore, I do not give any credit to psychiatrists, or to pills, or to reading books. I give the credit to my Religion and to Mrs. Babson who, until her recent passing, was my companion and counselor for half a century. I feel that those readers that worry are ignoring Jesus' teachings. They, moreover, must realize that worry is a vice which will harm them like any other vice or drug.

Mrs. Babson, more than anyone else, helped me to avoid worry by never talking grief to me after our evening meals. Neither of us ever "carried our troubles upstairs," so to speak. We never discussed anything after going to bed. If ever we had trouble getting to sleep, instead of "counting sheep," we counted our blessings and the many things for which we have to be thankful. Moreover, we have both tried to live naturally, pray sensibly, avoid keeping up with the Joneses, and have kept out of debt!

IMPORTANCE OF CORRECT DECISIONS

Let me guess as to why Jesus believed that worry is so dangerous. I believe it was because worry prevents a person from making correct decisions. Our health, our jobs, our income and our happiness all depend primarily upon making correct decisions,—saying "No," or "Yes," at the right times. Our present and our future depend upon making correct decisions, and we cannot make them unless we are free from worry.

One final thought: I make my important decisions only when I am "alone with God." I may be alone in an "Open Church." I may be quietly in my home garden; or in the N. H. woods; or by the seashore at Gloucester. But to get the cobwebs of worry from my old brain, I surely must be away from a telephone and from other people! Forgive these personal words of confession and warning. I would not give my column this week to such a subject except for the real possibility that "too much worry" could be the cause of the next business depression.

THINKING OUT LOUD

One question, sometimes controversial, sometimes personal is asked each week by The Mail of four pedestrians along Plymouth's downtown streets. This week's guests are "thinking out loud" on the question:

Today we stopped at Allen elementary school and asked some second grade pupils, "What do you want to be when you grow up and how much pay do you think you will get a week?"

JOHN KRIEG, 11253 Haggerty: "I want to be a builder. I'm building a house out in the back yard now. Hammering is what I like to do best and I guess I will just want to build houses. Maybe I'll get \$15 a week."

JANET MARSHALL, 9241 Lilley: "I want to be a school teacher 'cause I think it's fun and I like little kids. Kindergarten is what I would like to teach. It wouldn't matter where. I'd probably get \$10 a week—\$20 would be the best!"

John Janet Carl Sandra

CARL SINGLETON, 40187 Gilbert: "There's so many things I'd like to be that I don't know. I guess I want to be a fire engine man most. It would be fun. I'd get about \$5 a week I guess."

SANDRA BAUMAN, 225 Fair: "I want to be a nurse. They operate and help people. No, I don't know any nurses, I just want to be one. About \$25 a week is what I would probably get."

Quotes

WALTER F. GEORGE, Dean of the U. S. Senate on his 78th birthday: "I feel better than when I was 28 or 30."

HARRY S. TRUMAN, former President: "Unfortunately, things have been going badly of late in the free world's struggle against communism."

STUART SYMINGTON, U. S. Senator from Missouri: "If this nation is to win the peace, we must act with unity and as a dedicated people."

V. MOLOTOV, Soviet Foreign Minister: "We cannot think that the danger of a new war is over."

ARE YOU--

A LITTER BUG, OR A FIRE BUG, OR A VANDAL BUG?

Michigan Mirror

There's New Life in Grand Old Party

New pep is evident among state GOP leaders. It developed at the convention in Detroit when the lurking fear was stilled that Republicans would enter the fall campaign without a leader whom they felt could engender solid support.

The uneasiness gave way to a show of enthusiasm, the likes of which has not been seen in recent years. "A man who gets things done." That's the way Detroit's Mayor Albert E. Cobo will be presented to voters of Michigan. Republican leaders are sure that Cobo's record of accomplishment in the Motor City will appeal to out-state citizens, and that their candidate can be sold as the sound, solid administrator he is.

Party leaders are wondering what to expect from and what to do with the other candidate. He is Donald S. Leonard, who lost to Gov. G. Mennen Williams in 1954 by 250,000 votes. Leonard announced for the contest several months ago, and seemed outwardly unimpressed by Cobo's entry into the campaign.

Though Leonard's presence in the political picture makes an obvious problem for the GOP, there seems little pressure to remove him. There were reports that he was asked to run for Congress in order to clear the field for Cobo. But Leonard stated: "I'm in the race to stay."

At least it shows we've got no

boss in the Republican back-ground, stated a GOP leader, referring to the Leonard situation.

Republicans are also happy about the Governor's "report to the people" which they considered thinly veiled campaign trips. They feel that Democratic machinery is somewhat out of gear as a result of their efforts, and that they have scored a moral as well as strategic victory. Victories of this type have been relatively few in the past, which makes the present situation all the sweeter.

Democrats are biding their time. Apparently concluding the iron is not hot right now, an unusual lack of activity is evident. They have declined to attack either Republican aspirant for governor until after the primary in August. This is said to be Governor Williams' decision. But nobody expects things to stay calm in the camp for any length of time. In fact, it seems like the campaign will be more lively than ever.

A princess was crowned in Michigan. She is Louise Lucille

Lagoy, an MSU freshman from Albion. The Coronation took place at a luncheon which marked the end of the 1956 Michigan Dairy Princess Contest. Her title is Dairy Princess of Michigan and her duties are to represent the industry for the coming year. This includes trips for her to Washington, New York, Philadelphia and many other places. Alternate princess is Muriel M. Goodrich, Walkerville senior in Hart high school. Naturally enough, both girls come from dairy farms.

Michigan is described as the leading state group within American Dairy Association. The Princess Contest, as most other dairy industry promotions, was conducted under the watchful eye of Charles E. Stone, Michigan ADA manager.

This state's contest was more elaborate than others. Some 37 girls, each nominated from her local dairy district, spent two days in East Lansing for final judging. Their stay included tours, gifts and special programs. Parents were invited for the crowning event.

Did you ever have a friend describe in glowing terms his favorite hunting or fishing spot in Canada... Minnesota... the Everglades and, more often than not, end up with, "... but you'd better hire a guide when you get there."

Why? Because the professional guide is a man who KNOWS. Knows every foot of the ground, every stream, every tree... knows where the "big ones" are... knows how to get you there and get you back. Yes, he's worth many times his professional fee.

Similarly, most of us need a guide to reach our goal of being properly insured because insurance is one of the most complicated of today's business sciences. The qualified independent insurance agent is your best source of counsel in this field... first, because he is and must be a student of his ever changing profession... second, he is not a "company employee" but a free agent who prescribes the proper coverage for you at the proper price from the many and varied policies of the nation's greatest insurance companies.

There is never any obligation for such counsel from this office. We will gladly analyze your present insurance position or counsel on new insurance needs as they arise. We will not prescribe "bargain insurance"—we will prescribe complete insurance, fairly priced.

Let's get one thing straight...

CHRYSLER HAS WON EVERY MAJOR COMPETITION ENTERED IN 1956!

And don't confuse Chrysler's grand slam wins in all the big events with those "in their class" wins the others shout about so much. When Chrysler competes it competes against all comers—in performance and economy!

"PowerStyle" CHRYSLER...the year-ahead car!
