

History Book Gets A Dustin'

The new family moves into Plymouth and immediately feels awkward because it knows nothing about the history of the place—it doesn't even know the source of the community's distinguished American name.

So the family research department did a little reading, and the results may interest other newcomers, or old-timers who might be ready for a short refresher course.

It develops that things began to stir hereabouts—as far as white men were concerned—around 1824. That's 132 years ago, and a trip to Detroit was four days away, through deep ruts and with ox cart. (A fellow made it to the city hall in 40 minutes by car last week.) The Indians laid out the route in the first place, a rough wilderness trail that started at Detroit, wound along the Rouge River to Plymouth, and finished in Ann Arbor. If a fellow wanted to go farther west than Ann Arbor he followed the blaze marks on trees, without benefit of a beaten path.

The community had no name in 1824, of course. The hardy pioneers lived on land designated only as "Town One South, Range Eight East."

The Gentry Decides On A Name

And until 1827 there was no name. The center of activity in the area—the intersection of Ann Arbor and Main streets—was known by the unellegant name of Podunk. At the corner of Main and Mill streets there was a neighborhood known as Joppa. These were soon discarded, however, and some of the people began to think that "Pekin" might be an excellent name. (For some reason, China seemed to fascinate the folks in the late 1820's; e.g., Nankin and Canton townships.)

"Pekin" was abandoned, however, and strong sentiment came forth for "LeRoy" as a name. This must have some logical basis, because several towns around the middlewest popped up with the name "LeRoy" about this same time, but the meaning is unknown to this writer.

The matter was settled when William Bartow, then a member of the territorial legislative council (appointed by Gov. Cass) and a resident of Section One, proposed the name of Plymouth. He thought it had a patriotic sound and brought up the subject during a meeting held at the home of John Tibbits. The folks agreed with him and on April 12, 1827, the legislative council of the territory of Michigan passed a resolution and made it official.

Some of our settlers came from New England, to be sure, but the truth seems to be that there was no direct historical link between Plymouth, Mich. and Plymouth, Mass. Our descendants may have been pilgrims but were different ones than the Mayflower crowd. Those pilgrims that appear on page one of The Mail, and the atmosphere around the Mayflower Hotel, and all the rest of it is just good, healthy Americana.

Getting The Community Started

When the settlers pushed from Detroit they usually stopped at a village, Swartzburg, about 15 miles out, before moving on to Section One. Most of the men left their families in Detroit while they were getting established out here.

In 1825 Luther Lincoln built a saw and grist mill on the stream near the present Riverside cemetery. This was our "first industry."

Several settlers arrived in the township within a few days of each other. John, William and Allen Tibbits are sometimes considered to be the very first—the U.S. granted John Tibbits some land in March 11, 1825. (Alanson Aldrich bought land in 1824 but never lived here.) Some of these first deeds were signed by John Quincy Adams.

The first cabins here were made without a nail, board or glass. The Lincoln sawmill turned out the first board in 1826.

In 1825 William Starkweather made a clearing and erected a log cabin on the southwest corner of Main and Ann Arbor streets, present site of the Mayflower Hotel. This was the "first home" in the village.

Mrs. Starkweather was the first white woman to come into Plymouth and her son, George, was the first white child born in the township (on Feb. 20, 1826.)

Until 1834, township one south was called Plymouth and township two south was called South Plymouth, but then the latter was organized as Canton Township.

The first township tax was \$154.40, levied on 140 taxpayers.

Ira Hough was chosen captain of a military company organized in 1827.

The village of Plymouth was laid out and recorded by Henry Holbrook in 1837.

The Tonquish Creek was named after an Indian chief of the Pottawatomie tribe.

"Plymouth Corners" was the name used for the first

Seeking Plymouth Father of 1956

The guy who "brings home the bacon" is stepping into the spotlight this week with the opening of the Chamber of Commerce Father-of-the-Year contest in which he can receive 28 big prizes if his son or daughter writes the winning entry.

This is the third year for the contest which ends just before Father's day, June 17. Not only will some father receive the long list of prizes from Plymouth merchants, but the youngster writing the winning entry will get a \$25 savings bond for himself.

Included in the list of free prizes this year are an electric razor, sports shirts, camera, pens, hat and card table.

All children under 17 years of age are eligible to enter. All they must do is secure an entry blank from any of the participating merchants and complete in 25 words or less the sentence: "I believe my father should be chosen Plymouth's Father-of-the-Year because..."

Rules state that judges will not consider literary style or excellence, but will judge strictly on the qualifications of the candidate as outlined in the letter.

The entry blanks must be mailed or brought to the Chamber of Commerce office at 455 South Main street by 5 p.m. on Monday, June 11. Judging will take place that evening and the winner will be immediately notified.

Winner of the first contest in 1954 was Mac Donnelly, Jr., who wrote the winning entry about his father, Mac Donnelly, Sr., 550 Sunset. Last year's Father-of-the-Year was Clarence Boien, 958 Starkweather, whose daughter, Marie, submitted the entry. Here is the list of gifts and their donors:

Bob's Handy Hardware, garden shovel; Western Auto, car wash brush; Blunk's, card table; Penn Theatre, five free passes; Davis & Lent, Stetson hat; Carl Caplin, choice of sport shirt; Plymouth Hardware, Stanley hammer. D & C Stores, Inc., \$3 in merchandise; Beyer Rexall drugs, men's toiletries set; Capitol Shirt Shops, sport shirt; Terry's Bakery, Father's day hat cake; D. Galin & Son, Counselor bathroom scales, Gaffield Studio, 5 x 7 toned portrait; Kade's, Block's sport shirt.

The Plymouth Mail, business cards or personal stationery; Willoughby Bros., pair of corduroy slippers; Pease Paint & Wallpaper, choice of 1 gal. Caroussel flat paint; Liberty Street Hardware, can of J-Wax and car wash mitt; Plymouth Men's Wear, sport shirt; Fisher's Shoes, Evans-Cherokee slippers.

Pursell Office Supply, Sheaffer pen; Photographic Center, Brownie Hawkeye outfit; Blue-Loed Jewellers, billfold; Kresqna sport shirt; Stop & Shop, carton of cigarettes; West Bros. Appliances, Schick "25" electric razor; Dunning's, special gift certificate; and D. H. Agnew, Jeweler, Waterman sapphire pen.

Mail Goes to a Dime

Reluctantly, under the squeeze of great increases in the cost of newspaper, postage, and ink, the price of the Plymouth Mail next week will be increased from five cents to 10 cents per copy. Most comparable newspapers made this increase long ago. The yearly mailing prices will be \$3.00 (in our trading area, portions of Wayne and Washtenaw counties) and \$4.00 (outside the trading area).

The staff trusts the necessity of the increase is understood by its readers and pledges to continue to make The Mail "the biggest ten cents worth of reading in the world."

Car Takes Dip In Phoenix Lake

A car plunged into Phoenix lake early Monday morning and its driver and a passenger both escaped with comparatively minor injuries. One man was also injured Sunday night in a motorcycle accident on North Territorial road.

The officers said that Julian V. Cella, 26, of 725 LaBrosse, Detroit, drove his 1952 car through a guardrail and over an embankment into the lake at 4:13 a.m. The car was partially submerged.

Cella suffered from shock, a broken nose, cuts and possible internal injuries. His passenger, Richard Diabo, 21, of 328 National, Detroit, received a cut on an ear. Deputies said that the motorist had been drinking and was "driving at an excessive speed." The men were taken to Wayne County General hospital by ambulance.

The motorcycle accident occurred at about 11 p.m. Sunday. The driver, Harold Leslie, 27, of 4394 Six Mile road, said that he did not see ridges in the road and his cycle flipped over. Riding with him was Allen Leslie, 23, of 234 West Ann Arbor trail. Harold received head injuries, sheriff's officers said, and was taken to Wayne County General hospital.

BRACE YOURSELF SUSIE! The setter owned by Bill Morgan, 659 Ann street, is shown getting her rabies vaccination at the city's dog clinic last Saturday. A deadline of June 1 has been set to secure new dog tags in both the city and township. With only half of the expected licenses issued, city and township officials plan to write many tickets within the next few weeks. Dr. Marion Weberlein of Parkway Veterinary Clinic is administering the shot.

Court Order Condemns Home

A circuit court judge has upheld a city commission resolution condemning a home at 644 Herald street.

The court session was held in Detroit on May 16 at which witnesses for the city testified to the condition of the home owned and occupied by Joseph Bailey. Sixty days was given Bailey to have the building razed.

It was last January that the city moved in on Bailey's home to condemn the upstairs apartment occupied by a family of eight. There was no water, heat or sanitary facilities.

Bailey was given a hearing before the commission in February to state why his home should not be condemned. The commission was not convinced with his argument that he did not have time to keep the building fixed and the tenants were not careful. A petition was then filed in circuit court.

Appearing on the stand for the city were Clerk-Assessor Kenneth Way, Dr. R. R. Barber, former health officer; Electrical Inspector Charles Thompson, Fire Inspector Paul Sanders, Building Inspector Stanley Besse and Lieutenant Roger Vanderveen of the police department.

This has been the city's first condemnation proceedings against a sub-standard home. Proceedings against similar other buildings are being considered.

Committeemen Begin \$500,000 Search

Although a meeting of the city airport committee held last Thursday night was intended merely to instruct workers on how to interest investors in the proposed \$500,000 bond offering, a group of irate Canton and Plymouth township citizens appeared to register their protests against the project.

There was standing room only as 75 people jammed the city commission chamber, half of them to lend support to the proposed airport purchase and expansion, the other half bitterly opposed.

Those opposed were mostly people living near Mettetal airport. It was their contention that airports are both noisy and dangerous.

"Is it settled that city people want it?" a spokesman asked. "It seems to me that more people are against it." Other citizens including Canton township's attorney, William Sempliner, asked what people living near the airport would have to say about the proposed expansion.

City Manager Albert Glassford, serving as chairman of the committee in the absence of Commissioner Harold Guenther, replied that he presumed that citizens would be able to protest when it came time to make any zoning changes for the airport, before the Canton township zoning board. Sempliner said, however, that there would not be any zoning changes needed.

"This is not a public hearing tonight," the chairman told the group several times. "We are here to obtain volunteers to contact industry and see if they are interested in the airport."

Taking exception to a statement that airplanes are "dangerous and a menace" was John McDonald of Plymouth, an airlines pilot. "I don't consider my profession as dangerous," McDonald declared. "And a plane is no more hazardous than an automobile or train." He then asked how many people they knew who were killed or disabled in auto accidents, and how many they knew who were killed or disabled in plane accidents.

He pointed out that danger from falling aircraft must be considered very small by insurance companies since their rates of insuring such an occurrence is very small.

A note of humor entered the session here when McDonald said that he would have to sit down because he was nursing a broken leg. "How did you get it?" someone in the back of the room quipped. "In an automobile accident, by gosh!" McDonald retorted.

The airline pilot told Attorney Sempliner that taking the objections to court with an injunction may be one way that citizens can act against the airport. Sempliner answered that the courts will hold for the airport unless it can be proved a nuisance.

As the questions died down, those protesting the airport program filed out of the room and one woman declared, "Now we'll separate the men from the boys." The remaining group were given cards with names of area industry which must be contacted before a general meeting on June 5 at the high school. At this meeting, officials of the state department of aeronautics are expected to voice their support. If a half million dollars worth of pledges are not secured, the airport proposition will undoubtedly die.

One speaker during last Thursday night's meeting was Frank Lodge, a committee member. He told the group that the number of airplanes would increase from the present 100 to about 200. Executive type planes, he explained, operate only five or six days a week. Noise, he added, would be cut because planes using the present airport need a maximum power to get off its short runways while the proposed 3,000-foot paved runway would allow planes to use normal power and also provide a safer take off and landing.

"We feel that basically an airport is as much a part of a community as parking lots and streets," Lodge continued. "It is becoming a necessity, not a luxury. . . . If it is allowed to go by, it will be like our highways—too little and too late."

City Manager Glassford addressed the group in the same vein. "Some people don't like to live beside highways, some don't like to live beside hospitals, schools or railroads—but these are all things that are vital in making up a city."

The city must sell \$500,000 worth of bonds now in order to purchase the land, 276 acres. It can then apply for state and federal aid for half of this amount. There are also \$195,000 in improvements planned, for which state and federal governments will pay 75 per cent.

Revenue from the airport, plus \$5,000 from city appropriations, is expected to pay for operation of the field and for the bonds.

Williams, Cobo Given Invitations For July Fourth

Although Plymouth's Independence day celebration is over a month away, plans are well underway to again make the observance the outstanding community event of the year. And perhaps adding unusual interest this year will be the possible appearance of two candidates for governor, Albert Cobo and G. Mennen Williams.

Invitations have been extended to both men to appear at the same hour, but neither have responded so far. The governor has been a regular visitor during recent years.

Fireworks, a carnival, kiddies events, a parade and an evening full of entertainment will again be a part of the day. Harold Young is general chairman of the celebration. The bathing beauty contest is being organized by James Thornton and Sam Stephens will head the kiddie prize events.

Motor State Shows, the same carnival which has entertained thousands in the past July 4th celebrations, will be in Plymouth for four days starting on the holiday. July 4th falls on Wednesday this year. One of the highlights of the day will be the morning parade in charge of Roy Rew. Organizations wishing to enter floats are urged to contact the Chamber of Commerce office.

The appearance of radio and TV stars will take place during the evening show. Complete details of the celebration will appear in later issues.

Madonna Seniors Bid Farewell Saturday

Graduation time brings color and excitement to the beautiful campus acres of Madonna College this week.

Twenty-nine seniors will appear in caps and gowns at several stately occasions concluding their college careers in De Sales Auditorium at 2:30 p.m. Saturday at the annual graduation exercises.

Auxiliary Bishop John A. Donavon of Detroit will confer the degrees on the candidates, who will be presented by Fr. James T. Shannon, head of Madonna's theology and philosophy division. Msgr. Carroll F. Deady, superintendent of Detroit parochial schools, will be the speaker.

BACHELOR of Arts degrees will be granted to 28 graduates, and a Bachelor of Science diploma

to one. Twenty-three of the seniors will pursue further education and training as members of The Felician Sisters.

The final ceremony will be preceded on Friday afternoon and evening by a senior farewell program that includes a traditional daisy chain procession along the front drive of the campus on Schoolcraft road. In the evening, freshmen will serenade beneath the dorm windows of the seniors.

Thursday afternoon and evening will see the senior garden party, the flag raising ceremony, and an evening candlelight procession climaxed by crowning of the Madonna of the Campus.

THE IMPORTANT days for the seniors actually started with an Honor Convocation on April 22. Held up for distinction on

that day were three seniors for outstanding achievement in their four years of college. Coveted membership in the Kappa Gamma Pi (National Catholic Scholastic and Activity Honor Society) went to senior Beatrice Czernuszka of Detroit. Leona Wisniewski, of Alpena, received special recognition for outstanding student leadership. The distinction for co-curricular activities went to Gloria Lagness.

Next on the Calendar of Activities was the Prom Pre-Social held at the dorm Social Hall on May 4.

ON MAY 7 the Library Club sponsored its annual May outing, which featured a wild-flower contest preceded by a wiener and marshmallow roast.

The sophomores hosted the seniors to a dinner and a movie on the evening of May 10.

Despite rain, Madonnites went on their college picnic Thursday, May 17. The rain soon proved the mightier as drenched collegiennes scurried home early in the afternoon.

Final examinations from May 23 to the 29 hushed the round of activities to some extent, excluding the graduates received their baccalaureate hoods at a morning ceremony after which they entertained their parents and guests at a reception. In the evening a music recital brought the perfect day to a close.

May 29 - Tuesday - Masonic Temple - the Crystal ballroom. The day arrived when Madonnites glided on the ballroom floors at the annual Junior-Senior "Dream" Prom. Senior Tillie Gresser, of Wyandotte, reigned as Prom Queen.

The engagement and approaching marriage of Emily Sue Leonard to John Guettler, son of Mrs. William Bartel, Sr. of Livonia, has been announced by her parents, Mr. and Mrs. Edgar J. Leonard of Lincoln, Illinois and Orlando, Florida. The ceremony will take place June 9 in Lincoln. The bride-elect attended Millikin university in Illinois. Mr. Guettler graduated from Plymouth High school and the University of Michigan where he was affiliated with Theta Chi fraternity. He resides at 1182 Dewey in Plymouth.

BIRTHS

Because there are so many hospitals in the area which are utilized by Plymouth citizens, it is impossible for The Mail to accurately obtain reports of all births. We therefore must rely on parents or relatives to kindly supply us with this information as soon as possible.

Mr. and Mrs. Leigh A. Langkabel of 36658 Richland avenue, Livonia, announce the birth of a six pound 15 ounce son, Joseph Alvin on May 25, St. Joseph's hospital, Ann Arbor.

Will-O-Way Theatre To Open Tuesday

The Muses, Melpomene and Thalia, traditional masks of the theatre that depict comedy and tragedy will be separated for the coming season at Will-O-Way Playhouse. Bill Merrill, director summer theatre and of many Plymouth Theatre Guild productions, feels that the fun loving, informal audiences that are attracted to the friendly atmosphere of his converted cider mill much prefer a chuckle to a tear, so the Muse depicting tragedy has been banished for the season. "Anniversary Waltz", a sparkling three act comedy will be the opening presentation of the '56 season at Will-O-Way beginning Tuesday for a two week run. It is the story of one man's rebellion against the encroachment of television on the routine of family life. Anyone who has had trouble tearing junior away from Howdy-Doodie and Pinkie Lee in time for supper should appreciate this one man battle against the Cycloptic monster.

Busy Season Faces Symphony Conductor

Wayne Dunlap, conductor of the Plymouth Symphony orchestra, announced this week that the West Shore Symphony orchestra will also be under his direction next season. The 65-piece West Shore Symphony represents the communities of Muskegon and Grand Haven. Dunlap said that to direct the West Shore Symphony it will be necessary to discontinue his association with the Grosse Pointe orchestra. In addition duties as director of the local orchestra, Dunlap also will teach instrumental music in the elementary schools next year.

PTSA Slates Meeting

The Parent Teacher Student association of the junior high school has announced a short business meeting Tuesday evening, June 5, prior to the Junior Symphony and Chorus program to be given at 8 in the high school gymnasium. The meeting will be held at 7:30 in the home economics room in the junior high school. All parents are urged to attend as election of officers for next year will be held.

Smorgasbord Dinner

St. John's Episcopal church, Maple and Harvey streets, will hold its annual smorgasbord dinner on Wednesday, June 6 from 5:30 until 7:30 p.m. Reservations may be made by calling Mrs. Sidney Strong.

Mr. and Mrs. Joseph A. Signorelli

Signorelli - Goodale Rites at Good Counsel

Wearing a floor-length gown of rosepointe lace over satin and nylon tulle, Beverly Ann Goodale repeated her marriage vows with Joseph Anthony Signorelli on Saturday morning, May 12, at Our Lady of Good Counsel church. Parents of the couple are Mr. and Mrs. Loren J. Goodale of 196 Hamilton avenue and Mr. and Mrs. Anthony Signorelli of 175 Amelia. The bride was given in marriage by her father. The Reverend Father Francis Byrne performed the nuptial rites before vases of white gladioli and white carnations which graced the church altar for the 11 o'clock ceremony. Musical selections were "On This Day Oh Beautiful Mother" and "Ava Maria." Mrs. Phyllis Mitchell was organist and soloist. The bridal gown was fashioned with fitted bodice, Queen Anne collar and long, pointed sleeves. The four-tiered skirt of lace fell gracefully over satin and nylon tulle underskirts. Three tiers of rosepointe lace composed the detachable train. A half-crown of pearls and sequins secured her fingertip veil of illusion. The bride wore a single strand of pearls, gift of the bridegroom, and carried a bouquet of two white, yellow-throated orchids centered in white rosebuds and stephanotis. Miss Toni Bondi, friend of the bride, was maid of honor and wore a ballerina-length gown of shrimp crystalettes, styled with fitted bodice, sweetheart neckline, cap sleeves and large butterfly bow of romance pink at the back. The elbow-length gauntlets and ruffled headpiece were also of romance pink crystalettes. She carried blue carnations in cascade arrangement and wore a choker of pearls, gift of the bride. Bridesmaids were Mrs. Barbara Shaw of Birmingham, sister of the bride, Miss Rosemary Beltinger and Miss Gloria Lancaster, residents of Livonia and friends of the bride. Their gowns, fashioned the same as the maid of honor's were of romance pink with shrimp butterfly bows, gauntlets and headpiece. They carried cascades of blue carnations and wore choikers of pearls received from the bride. Virginia Signorelli, sister of the bridegroom, was junior bridesmaid. Her gown was also styled identically to that worn by the maid of honor. She carried blue carnations and wore a choker of pearls from the bride. Annette Jeanne McMullen, niece of the bride and flower girl, was dressed in light blue ruffled nylon. She wore a headpiece of pink rosebuds and carried a white basket of pink rosebuds. Alan Jay McMullen, the bride's nephew, was ring bearer. The bridegroom's brother, William Signorelli, was junior usher. Peter Signorelli assisted his brother as best man. Ushers were Loren J. Goodale, Jr., brother of the bride, Douglas A. Shaw, the bride's brother-in-law, and Robert Markley, friend of the bridegroom. Mrs. Goodale wore a dinner-length dress of gray lace over tea rose with accessories in tea rose hue. A silk beige dinner-length dress with lace panel down the back and accessories of darker beige was worn by the bridegroom's mother. Each wore a purple orchid corsage. The reception for 200 guests was held at 8 p.m. in the VFW hall on Lilley road. From out of town were those from Northville, South Lyon, Wixom, Newport, St. Clair Shores, Grosse Pointe, Harper Woods and Toledo, Ohio. For going away, the new Mrs. Signorelli wore a navy blue knit suit with pink accessories and the orchid from her bridal bouquet. A tour of Niagara Falls, New York state, Pennsylvania and West Virginia was planned for the wedding trip. The couple will reside at 14272 Northville road, Plymouth. Both are 1954 graduates of Plymouth high school.

FIREMEN FROM FIVE departments battled this blaze recently near Novi and Novy. It was being burned to make way for the Lincoln plant. Practicing their fire-fighting skills were firemen from Plymouth city, Lyon township, Novi, Northville and Salem township. Chief Robert McAllister (in white coat) and several local firemen are seen in foreground.

Hold Last Meeting

Soroptimists held their last meeting of the season Wednesday evening, May 23, at the home of Miss Neva Lovewell on Pacific. Co-hostess was Mrs. Garnet Trotter. Reports were given on the recent convention held in Akron, Ohio.

Social Notes

Mrs. Paul J. Wiedman will leave by plane, Sunday, from Willow Run, accompanied by Mrs. Carl G. Shear, for Swampscott, Massachusetts, where they will attend the annual meeting of the Woman's National Farm and Garden association which convenes June 4th, 5th, 6th and 7th, as guests of the New England Farm and Garden association. Headquarters for the meetings, dinners, luncheons will be the New Ocean House hotel. Mrs. Wiedman is a member of the council having been chosen last year for a three year term.

Mrs. Oliver Brandon and two daughters, Jean and Joan, of Forest, Ont., were guests over the week-end in the home of Mr. and Mrs. Donald Graham and family on Ann street. On Sunday they were joined at dinner by Mr. and Mrs. McKellar Graham and three children of Detroit and celebrated the third birthday of Martha Graham, daughter of their hosts.

On Sunday Mr. and Mrs. C. H. Goyer of Church street, accompanied the Shrine band of Detroit and their wives, numbering about eighty, to Flushing, where the band gave their annual concert in the high school auditorium honoring one of their members, Rev. Perkins, minister in the Methodist church of that city.

Mrs. Roy N. Leemon of Ann Arbor road is spending a few days at Lake Charlevoix, where a new summer home is being built. Mr. Leemon, who has been on a business trip to Los Angeles, Calif., will join her there the latter part of the week as will their son, Peter.

Mrs. Alford Barber of Hamburg, New York and Mrs. Steven Scheele of Orchard Park, New York, spent several days last week with Mrs. Theodore Scrimger and family in their home on Dunn Court on North Territorial road.

Mr. and Mrs. George Bloss of West Branch will arrive on Memorial Day to visit Mr. and Mrs. Howard Sharpley for a few days in their home on Main street, south.

Mr. and Mrs. Harry Christensen and son, Ray of Irving street, were guests over the week-end of Mr. and Mrs. Albert Dayton in Prospect, Pa. formerly residents of Plymouth.

Mr. and Mrs. Richard Reamer and two daughters, Dianne and Angie, of Junction avenue have been the guests of their grandparents, Mr. and Mrs. Harry Marshall in Charlevoix for a week.

Mrs. James Robinson, who resides on Union street, has purchased a home on Lake Chemung near Howell, where she is now living.

Mr. and Mrs. George Love, daughter, Sue and son, George, of Penniman avenue, left Saturday for a visit with Mrs. Love's father, Victor Werner in Derry, Pennsylvania, and returned Tuesday.

Dr. and Mrs. Elmore Carney and two sons, Don and Jim, and Mr. and Mrs. Edward Dobbs were entertained over the week-end in the home of the former's brother and wife, Mr. and Mrs. Basil Carney in Yale.

TUNING UP for Tuesday evening's Youth Symphony concert is six-year-old Charlotte Hough, who will be featured soloist. Conductor Donald Morris will direct the 35-piece orchestra in a combined concert with the Plymouth junior high school chorus. Dear Customer:

Here is some good news about your 1951 Buick --- something we have been asked to do for it, and absolutely free!

Buick Motor Division has developed, and made available to us, new equipment for testing and inspecting Buick automobiles. Buick has asked that we check every 1951 model in our area and compile reports as to its mileage, condition, etc.

During the period of June 1-30, we will operate a clinic for 1951 Buicks. Your car will be inspected from bumper to bumper --- examining every point. We will furnish you with a complete written report as to its condition.

We believe we are fortunate to have the best of the best points to make sure that you take advantage of this.

No attempt will be made to place parts. We want you to see that you get the best. We want you to be happy.

Don't you drive in the sun? We have the sure of not being hot. We have the sure of not being hot. We have the sure of not being hot. We have the sure of not being hot.

Youth's Snazzy Hurling Earns OLG C Loop Title

A series of stunning pitching performances by 13-year-old John Nance has carried Our Lady of Good Counsel's seventh and eighth grade baseball team to a league title in the OLG's All-Catholic conference.

Most recent displays of superlative hurling on the part of the youthful Nance include no-hit efforts Sunday, May 20, and Wednesday, May 23. John is the son of Mr. and Mrs. Irvin Nance, 9715 Joy road.

By virtue of Nance's fancy twirling OLG has rolled up a record of five straight conquests in league action. Only mar on Our Lady's card this season is a non-league defeat at the hands of Plymouth's junior varsity squad, a powerful club in its own right.

OLG's over-all showing as of May 23 combined a 5-0 league record with a 1-1 standing in non-league tilts for a robust 6-1 result. Nance has won five and suffered the lone loss while Pete Lamanaco boasts a 1-0 card.

Nance's contributions up to Thursday of last week consisted of a no-hitter, a one-hitter, a two-hitter, a three-hitter and a no-hit relief appearance. The relief job came May 23 against Northville's seventh and eighth graders with the local club trailing by two runs.

Nance came on the scene, replacing Lamanaco, and stopped the neighboring Northville nine cold. He allowed no hits and was backed up solidly by his teammates at the plate. OLG scored

four times to pull out a 4-2 nod. His regulation no-hit performance came May 20 against St. Thomas of Ann Arbor when Our Lady notched a 14-1 decision. Nance fanned 13 over the course of the seven innings and allowed only two walks.

St. Thomas scored on an error, successive steals of second and third by the same runner and a balk by Nance which allowed the run to come across. Aside from this one man, no other St. Thomas runners advanced past second base. In addition John smacked out three hits in four trips, including a double.

In the same game Murray Denany tripled in two runs, the three-bagger being a respected feat for youngsters in seventh and eighth grade circles. Manager of Our Lady of Good Counsel team is Mike Spitz.

The two other teams in the four member All-Catholic circuit are St. John's of Ypsilanti and Our Lady of Victory of Northville.

Although the season was not completed last Thursday, the local entry had racked up the crown already on its 5-0 record. The next closest team was St. Thomas at 3-2 while St. John's stood 2-3 and Northville 0-5.

Sports Department Turns Classified

A task that would test the best of The Mail's classified department staff was shuffled to the sports desk this week in a move apparently designed to upset that editor's careful balance. However the threat was quickly thwarted. A "sports page want ad" was the result.

Earl Gray, secretary and treasurer of the Suburban Umpires association, put out a call recently for more umpires in the local recreation softball and baseball leagues. It seems there are not enough of these men in blue. A typical want ad requesting same was devised:

WANTED: Physically fit men. No experience necessary. We train. Must have thick skin and be able to absorb abuse. Call Earl Gray, Plymouth 2018.

Thinclads Wind Up Track Campaign With Third Place in League Battle

Pitchers Switch; Plymouth Mauls Bentley, 12-5

Baseball Coach Charlie Ketterer came up with a neat bit of "shifting pitchers" Thursday afternoon, May 22, enabling the Rocks to notch their fifth diamond victory of the current season. Plymouth turned back Bentley 12-5 as Ken Knipschild and Bob Clear shared equally in mound duties.

Ketterer shuffled Knipschild and Clear back and forth to the hill with tidy regularity as Ken hurled the odd innings and Bob twirled the evens. The pair-in-one combo shaped a six-hit decision over the Bulldogs. At the time the locals had lost three.

Big noise for Plymouth came in the first inning after visiting Bentley had shaped a one run lead in the top half. The Rocks sent 11 men to bat in a spree that featured five hits and seven runs. Ken Calhoun and Jack Carter, each with two-baggers, highlighted the frame.

The locals attempted to duplicate this barrage in the sixth inning. At that time three hits and two walks furnished five more runs and ample margin for the victory. All told the Rocks got 10 hits, paced by Carter and Biff Tait with 2-for-3.

Bentley, meanwhile, was plugged away at Knipschild in the third. A hit and walk gained a run. In the top of the sixth Clear gave up a hit and another run. Knipschild allowed two hits and two runs in the seventh. It was Knipschild's victory, his second according to the scorer.

On Wednesday, May 23, Plymouth was scheduled to face Allen Park but a band festival interfered thereby causing the game's cancellation. It had been postponed twice before. As of May 22 Redford Union's unblemished record of eight wins and no defeats had earned it the 1956 league crown. The next closest teams at that date had each lost three in a 10-game slate. They were Plymouth, Trenton and Allen Park.

Plymouth's thinclads closed out their 1956 cinder session last Thursday at Allen Park when they captured a third place finish in the six-way Suburban Six league meet held there.

The Rocks posted a total of 43 1-5 points, thereby settling into third behind powerful Redford-Union (76 3-5) and Trenton (47). In fourth was Bentley at 28 3-5, while Allen Park (22 3-5) edged Belleville (22) for possession of fifth place this year.

Eight points in three different events plus six points in two others gave the locals the major portion of their total. Redford Union and Trenton scored in all but two of the 13 events. Plymouth placed in eight.

Scoring for the events was broken down into four categories with 16 points awarded in each except in the case of the two relays. First place was worth eight points, second four, third three and fourth one. Thirty-two points in the relay events were issued with the winners' team getting 12, second place eight, third six, fourth four and fifth two.

One record was broken in the course of the afternoon's work. Paul Cummings of Plymouth and Ed Crenshaw of Redford Union tied at 8' 10" in the high jump, cracking the previous standard of 5' 9 1/2" set by Dave Heinsman of the Rocks in 1949. Cummings and Crenshaw split first and second place points, each gaining six.

Other first place honors from among the Plymouth contingent went to Dick Showers in the 440 (his .54 clocking in winning threatened the league mark of .53.8) and Tom Ferguson who copped a victory in the half mile in 2:07.5. (It was two seconds shy of the old record).

Other point-getters for the Rocks included: Ferguson and Young, share of fourth and fifth in the high jump; Stephenson and Jewell, share of fourth and fifth in the pole vault; third place in the medley for the Rocks quartet of Alsbro, Veresh, LaRoche and Norgrove in 2:43.2; fourth in the mile for Chuck Westover in 4:55 (his best this year); Vares's second in the 220 in 2:48; Pardy's fourth in the half mile in 2:11.2; and a second for the Rocks' half mile relay team of Yeoman, Alsbro, Showers and LaRoche in 1:37.3.

Golfers Capture Third Victory, Suffer 7th Loss

A 186-204 victory over Northville's golf squad brought Plymouth its third victory of the season on Monday afternoon, May 21, but the Rocks couldn't get past Dearborn two days later.

On Wednesday at Warren Valley Dearborn thumped the local linksmen to a 337-374 tune thereby handing Plymouth its seventh defeat.

Last Monday the Rocks took on Redford Union and Allen Park in a triangular battle at Western Golf and Country club. Today they square off against Northville for a second time in the final meet of the year. Results of the three-way test were not available.

Northville offered little resistance to the hungry Rocks. The tilt, played at Idyl Wyld golf course in Livonia, was a nine hole affair. Pacing the locals was Tom Carmichael with a two-over-par 37. Other Plymouth cards included Staton Lorenz at 47, Bill Rambo at 52 and Kurt Atchinson at 50.

But, as Northville gave Plymouth no threat, the same was true with the Rocks when they faced Dearborn, one of the better teams in Michigan and an entry in the state meet. Plymouth absorbed a 37-stroke loss in an 18-hole contest at Warren Valley.

However the Rocks retained some prestige as Carmichael once more grabbed medalist honors, sharing them with Dearborn's Fred King. Both fired 80 over the par-72 layout. Other Plymouth scores: Lorenz 98, Rambo 89 and Gary Wilson 107.

Rocks Win Two More

Two more baseball victories, one an extra-inning affair over Thurston, last week stretched the Rocks' win streak to four straight and hoisted Plymouth's diamond record to seven decisions against three losses as of Saturday.

Plymouth toiled eight innings Saturday to eke out a 7-6 win over hosting Thurston behind Bob Clear's relief effort. Clear also was credited with the win Friday when the Rocks romped to a 10-3 conquest of Allen Park.

Against the Parkers, the locals poled out a collection of 12 hits and scored with ease in five innings to send their opponents down in defeat. Successive singles by Ken Calhoun, John Thomas, Biff Tait and Paul Cummings plated two runs in Plymouth's first time at bat, thereby indicating what was to come.

Singles by Cummings and Clear plus a walk, fielder's choice and a sacrifice fly in the fourth produced two more runs. In the fifth a walk, hit batsman and a sacrifice bunt earned a lone counter.

Still the Rocks kept at it. In the sixth a double by Calhoun chased home Jerry King and Jerry Foreman. King's single and an error on Foreman's grounder placed these two on base. Plymouth closed out its fun in the seventh with four more hits for three final tallies.

Big blow was Foreman's two-bagger which scored two of his teammates. It was not so easy against Thurston. Plymouth, trailing by one run in the top of the seventh was forced to rally with three runs to stay in the game. Thurston scored twice in the bottom half to send the battle into overtime.

However, the victory was a gift package in the eighth. Tied at 6-6

when Plymouth came to bat, the game ended quickly. With one out, King singled, Carter singled, Tait walked and Cummings fanned.

But Harry Wells was hit by a pitched ball forcing King home with the winning margin. Ken Knipschild worked the first five innings and was relieved by Clear, who wound up the victor. He has won four and lost two. Other hurlers on the Rocks' staff are Knipschild with a 2-0 record and Tait at 1-1.

Plymouth had three games remaining before the 1956 slate is history. Bentley was the opposition Monday. Northville takes on Plymouth next Monday and again Wednesday as the season ends. The Rocks have a chance at a 10-3 final showing this year.

Thanks Rotary For Gift to City

The Plymouth city commission has passed a resolution thanking the Rotary club for the equipment they donated to the city for the playground at Wing and Pine streets. A ceremony was held at the community picnic on May 20 at which the equipment was turned over to the city. The resolution reads:

"Whereas, the city of Plymouth is indebted to the Rotary club for its generosity in providing playground equipment for a playground located at the east end of Wing streets, and

"Whereas, Mr. Donald Lightfoot, chairman of the club project, has worked diligently to provide committee action for providing the equipment and the community picnic, and

"Whereas, the playground equipment is of great importance to the development of the children of the city of Plymouth and the well being and convenience of the adults, now therefore

"Be it resolved that this city commission of the city of Plymouth does hereby publicly accept, acknowledge and thank the Rotary club, and especially Mr. Donald Lightfoot, for this spontaneous and generous contribution.

"Be it further resolved that this as an expression of grateful appreciation for this aid in improving the playground facilities of the city of Plymouth, the city clerk be directed to supply a copy of this resolution, under the seal of the city of Plymouth, to the Rotary club and to Mr. Donald Lightfoot."

A, B Softball Ready to Roll

Final arrangements apparently have jelled for local recreation softball league supervisor Dick Huebler as the class "A" and "B" starting dates are approached. Huebler reports that the "A" circuit will list six ballclubs this year and the "B" loop a total of ten.

The totals are reportedly the largest number of teams in either league.

Class "A" will kick off its new season on June 5 with the regulation schedule running until July 26. At that time the league playoffs will get under way. The teams are: Beginger, Box Bar, Berry and Atchinson, Cavalcade, Chevrolet Spring and Bumper, Evans Furniture, Main and Mill Standard service, Northville VFW, Price Brothers, Wall Wire and Whitman and Barnes.

Games for class "A" will be played on Tuesdays and Thursdays at 6:15 p.m., 7:30 and 8:45. Class "B" contests will be held Mondays at 6:30 and 8:00 and on Wednesdays at 6:15, 7:30 and 8:45.

Final Grade School Softball Standings

The seven-member elementary school softball league closed out its regular schedule of games recently as Bird school with a perfect record of 6-0 captured the season's championship. Runner-up was Lutheran school with a 4-2 card.

The final elementary school standings:

Team	WON	LOST
Bird	6	0
Lutheran	4	2
Allen	3	3
Smith	2	3
Starkweather	2	3
Catholic	2	4
Canton-Hill	1	5

12 Piano Pupils Play in Detroit

Twelve pupils of piano teacher Mrs. Florence Crandell, 974 Church street, will be among 1200 youngsters who play Sunday in the world's piano concert. It will be held in Detroit's Olympia stadium.

The event is the thirteenth Michigan Annual Music festival, which features the music of more than 200 pianos and 50 organs. Members of Mrs. Crandell's classes will participate in two groups. In group one are Jeanne Harist, Harry Fountain, Geraldine England, George Taylor, Anita and Carole Gale, Carolyn and Paul Rawley.

In group two are Martha Jane West, Norma Congdon, Sylvia Robertson and Marilyn Halst. Mrs. Crandell is a member of the Festival Teachers association. She herself will play in the artist group.

It is the Festival Teachers association which is co-sponsor with Grinnell's for the event. The program will include a variety of popular, light classical and classical numbers specially arranged for ensemble playing. The event was featured in a national magazine last year.

Accordian Recital To Feature 35 Pupils

More than 35 students of Jerry Hoelscher will present an accordian recital Monday evening at 8 o'clock in the Plymouth high school auditorium as a climax to their year's study.

Most of the performances will be solo selections, although an ensemble will feature eight advanced students. One complete group selection will also be presented.

This marks the third annual recital by Hoelscher, who has studios at 44736 Joy road. His classes began with five pupils. Students range in age from eight to 16 in beginning and advanced stages. Two adults will also be included in Monday's recital. The recital is open to the public without charge.

Miss Nancy Campbell of New York City was the house-guest of Mr. and Mrs. Bernan Newbeck over the week-end in their home on Ann Arbor road.

Lawrence P. Money spent last week end with his family at Logansport, Indiana.

Candlelight Ceremony United Richard King - Marilyn Holmes

Glowing tapers and baskets of white mums, snapdragons, gladioli and palms enhanced the chancel of St. Pauls Lutheran church, Livonia on Saturday evening, May 19, when Marilyn Kay Holmes repeated her nuptial vows to Richard Lee King, Marilyn is the daughter of Mr. and Mrs. Carl A. Holmes of LaMoynne avenue, Livonia, and Richard is the son of Mrs. Cyrus King of Plymouth and the late Mr. King.

The six o'clock service was read by the Reverend E. Zell. Soft organ music was played during the ceremony.

Given in marriage by her father, Marilyn was radiant in a gown of ivory antique silk with portrait neckline of lace trimmed in seed pearls and rhinestones. The gown had a long torso bodice and gracefully full skirt which ended in a chapel train. Her fingertip length veil of illusion was held in place by a crown of seed pearls and she carried a colonial bouquet of white rosebuds centered with a white orchid.

Winnifred Harrison, maid of honor, wore a ballerina length gown of delicate pink nylon chiffon with shirred bodice with which she wore matching hat and gloves. Her colonial bouquet was of white and pink carnations.

Sue Ann Passmore, bridesmaid, was gowned identical to that of the honor maid. The junior bridesmaid, Karen Ann Kallungi, wore orchid tulle over taffeta in ballerina length and lace bodice.

She wore matching hat and gloves and carried white carnations in a colonial design. Serving Richard as best man was Jerry O'Neil and seating the guests were Ivan King, Gene Grattan, Floyd Hewson and junior usher Michael Holmes.

Mrs. Holmes wore a biege embroidered silk sheath dress with white accessories and Mrs. King chose a two piece navy suit. She too wore white accessories. Both mothers completed their ensembles with corsages of pink roses.

Following the service a reception for 150 guests was held at Botiford Inn, Redford. Attending were friends and relatives from Chicago, Lapeer, Detroit, Plymouth, Romulus, Utica and Livonia.

The couple are honeymooning in Niagara Falls, New York City and Atlantic City. For traveling the new Mrs. King wore a black and white accessories and the orchid from her bridal bouquet.

Marilyn is a graduate of Bentley high school, Livonia, and her bridegroom was graduated from Plymouth high school and attended Ferris Institute in Big Rapids. They will make their home in Birmingham, Michigan.

Mr. and Mrs. C. W. Jones have returned to their home in Grandville, Ohio, after visiting their son and wife, Mr. and Mrs. Richard Jones on Irving for a week.

Mr. and Mrs. Allen Blair Bass Honeymoon in New York City

The First Presbyterian church of Plymouth was the scene Saturday afternoon, May 26, of the lovely wedding of Wilma Jean Latture, daughter of Mr. and Mrs. James E. Latture of Harding avenue, and Allen Blair Bass, son of Mrs. Marie Bass, of Grosse Pointe Farms. The Reverend Henry J. Walch, D. D., performed the 2 o'clock ceremony before the altar which was decorated with vases holding larkspur, stock and carnations and lighted tapers.

The bride was given in marriage by her father. She wore a gown of white satin, which the bridegroom had brought her from Japan. It was floor length with basque style waist trimmed with seed pearls around the neck. Her fingertip veil of illusion fell from a lace cap with seed pearl trim, and she carried a bouquet of white roses and stephanotis.

The maid-of-honor was Emily Lovell of Grand Rapids, a college roommate, who was attired in a popular, light classical and classical numbers specially arranged for ensemble playing. The event was featured in a national magazine last year.

The bridesmaids, Barbara Clann and Alice Waterhouse of Dearborn, wore identical gowns and accessories and carried yellow daisies.

The bridegroom was attended by John Fulton as best man and the ushers were Charles Fossati, James Keeney and Fred Wreford.

Mrs. Latture, mother of the bride, chose a gown of navy blue organza and her corsage of Amazon lilies was fastened to her purse. Mrs. Bass, mother of the bridegroom was gowned in slate blue organza with matching accessories and a corsage of Amazon lilies.

Following the nuptials a reception was held at the Western Golf and Country club with about 160 guests present. The young couple left later by plane for a honeymoon in New York City, the bride wearing a tan shantung dress with white accessories. Both Mr. and Mrs. Bass graduated from Michigan State University and at present the bride is a social worker in Detroit. Allen is an engineer for the City of Detroit. They will reside on Hazelwood avenue in Detroit.

HEALTH & BEAUTY

It is estimated that common colds are the underlying cause of more time lost from work than any other. People who are perfectly healthy do not take cold readily. Lowered vitality frequently lays the ground work for colds. Resistance is lowered by getting the body chilled.

Most people dress thinly in hot weather. The temperature falls, and they neglect to put on warmer clothing. This results in lowered vitality, and a cold.

Do not think lightly of colds. They may result in influenza, pneumonia, or other dangerous diseases, because the defense of the body are lowered, and the victim readily succumbs to other germs or viruses than those of colds.

It is well to avoid people who have colds, for colds certainly are contagious. Sometimes all the children in a school are exposed to the germs, because some child who is suffering from cold is sent to school, when he should be kept at home.

If your child catches cold, put him to bed, give a light diet, plenty of fruit juices, and two doses of quinine, each three grains, three hours apart. Repeat for several days, if necessary.

When the diet is nourishing, it builds the forces of the body, and increases its resistance to disease; consequently one does not take colds easily.

A varied diet consisting of meat, eggs, whole grain foods and vegetables, is necessary, especially the raw fruit and vegetable salads. A tonic containing iron and quinine is an old standby, and a good one. It helps to build the hemoglobin, and improves the appetite.

Bird Cubs Rally For "Hobo Night"

Friday night, May 25, Bird School Cub Pack 293 was definitely not in uniform for their regular get-together.

All clubs took the theme of Hobo Month to heart and came dressed accordingly as did a mother and father representative from each den. From among the hobo parents, a king and queen of hobos was selected, top honors going to Mrs. Dorothy Roberts and Ronald Pentecost.

Five new Bobcats were also inducted and received their Bobcat pins and neckerchiefs. They are Roger Sand, Bobby Kreitsch, Gerald Pepper, Eldaan Goltz and Clifford Cummings. Den 8, organized by Mrs. Darrel Sand, was officially welcomed to the Pack.

In addition to regular awards, several cubs were awarded neckerchief slides for outstanding sales achievements in the recent Scouting Exposition. Top salesman, who also received a flashlight, was a new cub, Roger Sand. Donald Williams, new chief for Den 1, was welcomed to the pack and presented his Den Chief's cord.

The following den mothers were presented with their registration certificates: Den 1, Mrs. Jack Price; Den 2, Mrs. Violet Roberts; Den 3, Mrs. Marie Huntington; Den 4, Mrs. Herbert Roberts; Den 5, Mrs. Berntha Otwell; Den 6, Mrs. Virginia Yezbick; Den 7, Mrs. Virginia Bartel; and Den 8, Mrs. Darrel Sand.

Future plans for Pack 293 include a picnic, Thursday, June 14, in Edward Hines park.

In a report from the Methodist conference last week it was noted that our local Methodist church had taken in 117 new members in the past year. Since the Reverend Johnson has been with this church, a period of six years, there has never been a year when at least 100 new members were added to the roster.

On Monday, May 14, Mrs. Robert Warner of Evergreen street was hostess at a baby shower honoring Mrs. Lois Plitchta. Twenty-six ladies, members of the C-Me pinnoche club and many neighbors were present at the Warner home. Following luncheon the guest of honor opened the many prettily wrapped gifts.

OVER 30 YEARS as a Sunday school teacher was the record which brought honors to Miss Sarah Gayde by members of St. Peter's Lutheran church. Reverend Edgar Hosencke is shown with Miss Gayde and a painting, "The Walk to Sunday School", presented to her at a congregational potluck dinner Sunday noon. Some of her pupils, past and present, spoke at the affair. Other teachers were also honored.

Raymond Eaton Succumbs on Eve Of Graduation

Plymouth high school's commencement exercises on June 14 will be saddened by the death Tuesday of one of its graduates, Raymond Eaton, 18, son of Mr. and Mrs. Claude R. Eaton, 7773 Canton Center road.

Illness had taken Ray from his classes numerous times during recent months and he continued his studies at home and in the hospital. Taken once again to the University hospital, he passed away Tuesday morning at 9:15 o'clock.

Raymond Delbert Eaton was born on October 22, 1937 in Ypsilanti. He is survived by his parents, a sister, Nancy L., and grandparents, Perry and Elsie L. Campbell of Plymouth.

Coming here from Ypsilanti in 1945, Ray attended high school here and was scheduled to graduate next month. He was a member of the Plymouth DeMolays, the Explorer Scouts and the 4-H. Funeral services will be held Friday, June 1, from the Schrader Funeral home at 1 p.m. The Reverend Henry J. Walsh, D.D., will officiate. Interment is in Riverside cemetery.

Jr. Police Get Archery Awards

Archery competition among the Plymouth Junior Police members closed last Thursday night with trophies and medals being presented to teams and individuals.

Parents were also invited to the affair. Outdoor movies were shown and refreshments served.

Police Chief Kenneth Fisher presented the awards for the shooting taking place since March 28.

First, second, and third place winners in Class A were Ronald Bondie, 1047; Bill Rew, 803; and Ronald Wahn, 802. Medals won by the first three Class B winners were Larry Smith, 701; Ronald Soleau, 698; and Bill Conover, 607. Winning in Class C competition were James Bassett, 643; Dennis Roedding, 458; and Kirk Barnes, 448.

Trophies were given the five-man team of John Robinson, captain; Robert Magee, Lee Witt, Bill Conover and Ronald Soleau for the highest weekly scores. The second place team was presented medals. They were Bill Rew, captain; Ronald Hubbs, Mike Krizman, Don Aryo and Dick Michaels.

Booked on Two Charges

Verne W. Tucker, 155 Blunk street, was released on \$100 bond after being charged with reckless driving and being a disorderly person.

Chief of Police Kenneth Fisher said that Tucker was allegedly speeding on Blunk street last Thursday night and was halted by a police car. Tucker was then said to have pushed Patrolman Calvin Brown away and ran.

Tucker was later caught and booked. He posted \$100 bond pending a future hearing.

Barbecue School Set For MSU June 8-9

Backyard barbecue fans can brush up on their technique at the Chicken Barbecue school slated for June 8 and 9 at Michigan State university.

J. M. Moore, M.S.U. extension poultryman in charge of the school, says instruction will cover how to cook in the open and how to organize a large barbecue. The first day's program is slanted toward the folks who do family meal barbecuing in the back yard. For experience, the second day will be devoted to conducting a large-scale commercial barbecue.

The school begins at 10 a.m. at the M.S.U. poultry building.

Maccabee News

The next general meeting is Wednesday, June 6, starting promptly at 7:30 p.m. It is the last meeting until after summer vacation. Every officer and member should be present to help our Commander prepare to help outline for our fall meetings starting in September.

So pleased to report that our "shut-ins" are out and around.

Please don't forget our meeting Wednesday, June 6, 7:30 p.m. and let's make it the best one yet. Our Commander has been real proud of the attendance so far. Let's keep up the "good work" and be

Grange Cleanings

Our next meeting, June 7, is our usual potluck supper and we hope to see a fine attendance. We have had a splendid attendance at our last three or four meetings so you see it can be done. We hope it will continue. Only one more meeting after June 7, then we have no meetings until the first week of September. We shall miss the get-togethers.

Our program for next Thursday night will be a varied one—perhaps a surprise. We have several new members to be voted in. We have made a good gain this past year which is encouraging.

Luella Partridge is home now from the hospital, so no doubt would be pleased to see visitors. Be sure to keep in mind the rummage sale on September 15, also the bazaar on October 12.

To Mail Tornado Safety Rules to City Homes

A list of "Tornado Safety Rules" prepared by the U.S. weather bureau is being sent out to every city householder this week by the city.

The list of rules is a result of a meeting of the city civil defense director, Ernest Henry, and other city officials following May 12 tornadoes in this area. Published in The Mail several months ago, the list tells what to do when a tornado warning is received and gives information about the nature of tornadoes. The list is being made available through the courtesy of the Detroit Chapter of the American National Red Cross disaster service.

On Memorial Day Dr. and Mrs. Elmore Carney entertained a few guests at their summer cottage on Little Silver lake near Hamburg, for the day.

Rural Mailmen Issue Appeal to Youngsters

Parents of children living along rural and mounted mail routes are being urged this week by Postmaster George Timpona to train their children not to get the mail until after the postman has driven away.

To point up his warning, the postmaster said that two youngsters were nearly struck by a mailman's car last week when they raced out to the mailbox to get the mail from him. Children often wait at the mailbox or run out to meet the mailman.

The postmaster noted that it would aid the rural and mounted carriers considerably if youngsters can be taught to wait until their vehicle leaves before going to the letter box.

post office. Gideon Benton was the first postmaster. He died in 1835 and his estate was the first probated in Michigan.

A bank was in business in 1837. By 1839 there was a Presbyterian church, five stores, three taverns, a drug-gist, a lawyer, three doctors and a population of 300.

The Indians who hung around were lazy alcoholics. Bears and wolves were far more dangerous; the wolves would destroy a flock of sheep in one night.

Trees were planted in Kellogg Park in 1858.

A paper was published in Plymouth in 1860, four inches by six inches in size. In 1875 the "Plymouth Chronicle" was published by D.B. Sherwood—terms, \$2.00 per year, in advance.

Street lights went up in 1880—15 oil lamps and posts tended by a Mr. Knapp.

Detroit and Howell R.R. rolled the first train through Plymouth in 1871.

Riverside Cemetery was established in 1880. It cost \$1,000 and covered 20 acres.

Plank roads ran down Main street to Mill street and from Mill street to Northville in 1860. J. J. Covert kept a toll gate at Main and Mill street until voted out of business in 1872.

Source: Mrs. Dibble's Research

The source of all the foregoing material is a booklet prepared by Mrs. Nettie L. Dibble. We found it in the library, and it's fascinating. If there are any requests, this subject of history could be penetrated deeper in these columns in later issues.

In the meantime, The Mail is cheering for the construction of the new front section of the library. Plymouth is a community of high cultural traditions and a sensitivity to history.

The city administration is dead serious about finishing the library, and soon. One thing that could be included with it is a room for the Historical Society.

He has previously been employed at the Fort Shelby and Book-Cadillac hotels in Detroit and the Fordney hotel in Saginaw.

ORDINANCE No. 203

An Ordinance to amend Ordinance No. 153 entitled "An ordinance to regulate, control and license the sale, storage, delivery, and distribution of food, both wholesale and retail, within the City of Plymouth and to provide for the inspection of restaurants, lunch stands, fraternal, religious and social organizations, hospitals, dormitories, clubs and boarding houses, groceries, meat markets, bakeries, cafes, dining rooms, ice cream parlors, public or private markets, stalls, shops, stores, storehouses, cold storage plants, or where fish, oysters, birds, fowl, vegetables, fruits, milk, ices, beverages, meat, meat food products, bake goods, or any other provision or food, intended for consumption by human beings, is manufactured, held, kept, stored or offered for sale, disposition, or other distribution as food for human beings", and to add a new section to be known as Section 39A.

THE CITY OF PLYMOUTH ORDINANCES

Section 1. Section 17 of Ordinance No. 153 entitled "An ordinance to regulate, control and license the sale, storage, delivery, and distribution of food, both wholesale and retail, within the City of Plymouth, and to provide for the inspection of restaurants, lunch stands, fraternal, religious and social organizations, hospitals, dormitories, clubs and boarding houses, groceries, meat markets, bakeries, cafes, dining rooms, ice cream parlors, public or private markets, stalls, shops, stores, storehouses, cold storage plants, or where fish, oysters, birds, fowl, vegetables, fruits, milk, ices, beverages, meat, meat food products, bake goods, or any other provision or food, intended for consumption by human beings, is manufactured, held, kept, stored or offered for sale, disposition, or other distribution as food for human beings", shall be amended to read as follows:

Section 17. No person who is affected with any venereal disease, or with any infectious disease, or with any communicable disease, shall be permitted to work in any food establishment, shall submit to a physical examination by the Health Officer, or by some physician approved by the Health Officer, at least once each year. All persons successfully passing such examination shall carry on their person a card to be known as "Wayne County Food Handler's Card", which shall be issued by the Health Department of the County of Wayne, Michigan, as a result of such examination, such person shall be found to be affected with any infectious disease, or with any venereal disease, or with any communicable disease, such person shall immediately cease and such person shall not be permitted to work in any such establishment. Further any person suspected of having an infectious, contagious or venereal disease, shall submit to any additional examinations ordered by the Health Officer. The Health Officer may, in his discretion, waive compliance with the second sentence of Section 17 in the case of persons handling foods for religious, fraternal and social organizations. In lieu of such compliance, such persons shall observe and obey the rules and regulations as posted by the Health Officer. Some one person of each such organization shall be made responsible for enforcement of such rules and regulations. All persons handling food for said organizations who fail to observe such rules and regulations, may be required to submit to a physical examination.

Section 2. A new section is hereby added to said ordinance to read as follows:

Section 39A. This ordinance, for brevity, may be cited, pleaded and referred to and may be amended by the short title of "Ordinance No. 153, Food Ordinance of the City of Plymouth, Michigan".

Section 3. This ordinance shall be operative and effective on the 13th day of June A.D., 1956.

Made, passed and adopted by the City Commission of the City of Plymouth on this 22nd day of May A.D., 1956.

American Legion News

The next district meeting will be held Friday, June 1, at the Myron Beal's post No. 32 in Livonia at 8:30 p.m. The Memorial Church services were held May 27 at Our Lady of Good Counsel, church at 12 o'clock Mass.

In behalf of our auxiliary, President Melva Gardner presented four rose bowls to our Gold Star mothers, Carrie Gladstone, Alicia Este, Elsie Tobey

and Lorraine Zeigler on Mother's day.

Commander Holcombe wishes to inform all Legionnaires that they are to report at the Veterans Memorial home at 9 a.m. sharp! on Memorial Day. Auxiliary too!

Any non-affiliated veteran who wishes to participate in the Memorial Day parade may also report to the Veterans Memorial home at 9 a.m. sharp!

★ ★ **New Books at Wayne County Library** ★ ★

A variety of fiction and non-fiction reading material put in an appearance this week at the Plymouth branch of Wayne county library as additions to its new book shelf.

Among the newcomers were Winston S. Churchill's "History of the English Speaking Peoples," Volume 1, "The Birth of Britain; Sea Wif," J. M. Scott's novel based on a series of London newspaper personal ads. A. and P. Shaffer's mystery tale, "Withered Murder;"

Robert Tallant's novel concerning a New Orleans personality, "The Voodoo Queen;" "The Westmore Beauty Book," by the Hollywood experts, Kimball Young's "Isn't One Wife Enough" story of Mormon polygamy; and "Michigan Government in Brief" by Daniel S. McHargue.

Completing the list were "The Exploration of the Moon" by Smith and Clarke, "Merrie Christmas Cook Book," "The Hill of Devi," visits to the Indian state of Dewas by E. M. Forster; "The Case of the Demure Defendant" by Erle Stanley Gardner, "The Royal Anne Tree," novel about the Puget Sound timber country by Patricia Campbell;

Dorothy S. Davis' "Men of No Property," historical fiction concerning the Irish of New York City around 1848; "The Settler," William O. Turner's novel with setting in the Oregon territory of 1805; and the "Complete Book of Cats" by Adie Suehsdorf.

Men In Service

William Labuhn
William Laughn, seaman apprentice, son of Mrs. Della Dunagan of 315 West Ann Arbor trail, Plymouth is now at the U. S. Naval Receiving Station, Norfolk, Virginia, awaiting transfer to U.S.S. Albany.

The Norfolk Naval Receiving station, commanded by Captain J. C. G. Wilson, USN, processes approximately 8,000 men a month on their way to and from naval activities all over the world.

Brownie Troop Meets

Brownie Troop No. 9 met at the Veterans Memorial center Wednesday, May 23, and learned to carry a person on a stretcher made from a blanket.

Girl Scout Helen Otwell visited the troop and taught them two games. At the conclusion of the meeting, Brownie Shirley Walton furnished a treat in celebration of her ninth birthday.

Few friendships avoid at least one acid test.

the first single service will be held
at 9:30 a.m. and continue at that time
until September. Our Sunday school
will continue at the 9:30 a.m. hour.
Our church will continue its Sunday
school program throughout the sum-
mer. As our church increases in num-
bers and more parents have ex-
pressed a desire for a year round Sun-
day school program.
Next Sunday June 3 at both worship
services the Chancel Choir will sing a
Sacred cantata, "Hear My Prayer," by
Mendelssohn. Mrs. Marion Linabury is
the soloist.
Also Next Sunday, those wishing to
join the church either on Confession
of Faith or by transfer of letter, or
those who wish to be baptized or to
present their children for the Sacra-
ment of Holy Baptism may do so then.
Please contact the church office if
arrangements have not been made.

THIS GROUP of 247 Plymouth Safety Patrol boys were rewarded for their year of vigilance over fellow students with a trip to the Tiger-Yankee ball game last Thursday. They were furnished a meal by the Mayflower hotel before leaving by bus.

Veterans of Foreign Wars

Poppy Day Chairmen Ray Danol and Kay Coolman wish to express sincere thanks to all of you who participated in Poppy Day this year. Thanks to those of you who so cheerfully sold poppies, and thanks to all of the people who donated and wore a poppy to help show that they "Remember the dead by helping the living."
Many of us do not realize the days and even the weeks of preparation on the part of the chairmen that goes into making an event such as this a success. I think Ray and Kay should certainly be praised for all of the time, planning, and work spent to put over this very much worth while "Poppy Day."
The Post is indeed grateful to Paul McLean for the new \$50.00 rotary power mower donated to the Club.
Congratulations are in order for Marie Norman. Marie has been appointed as a committeeman in charge of Department Chairman's reports at the Department Encampment to be held in Bay City June 21 through June 24. Heading the chairmanship will be Katherine Beck, past depart-

Roger Babson

Grades Give Little Indication Of Graduates' Intelligence

Babson Park, Mass. The practice now followed by the Personnel Departments of large corporations to secure the best graduates from high schools and colleges is absolutely wrong. They interview those students whose marks place them among the highest 10% or 20% of their class. This custom may disrupt the entire class and spoil some of the graduates. When a graduate, or an one else, gets the idea he is "indispensable," it is a dangerous situation.

The marks which one receives in high school or college are largely due to memory. These marks are no index of industry, loyalty, or even common sense. Educators preparing examinations try to devise questions which determine "judgment," but the students learn the questions and answers in advance. This even results in judgement tests being determined largely by memory. Memory is very important; but it does not take the place of judgement, loyalty, integrity, or the fundamentals which make and break corporations.

\$64,000 QUESTIONS

Educators are greatly disturbed over the fabulous question tests which the radio and television chains are operating. To have a jockey become the leader for data on art or to have a cobbler secure such a reputation for his knowledge of opera; or to hear of others of these "miracles," is very disturbing.

Yet, they get far better results from these jockeys and cobblers than from many professors or experts on the subject. I forecast that these results will completely revolutionize educational methods, standards, and tests. Either the nation is missing the intellectual capacity of thousands of unknown and humble people, or else the professors and experts are standing on very thin ice.

WHAT ABOUT THE QUIZ KIDS

Educational leaders are giving the "Quiz Kids" much thought and worry. The 10-year-old boy who answered questions on the stock market naturally interested me greatly, since I have given my entire life to stock market problems. The answers given by this kid could not be matched by any member of the New York

Stock Exchange. But how much will it amount to? My organization will spend considerable time and money watching this 10-year-old boy.

All I can say now is that I once employed the man who had been the youngest to graduate from Harvard College, up to that time. He could perform wonderful feats in mathematics. I felt he would be a great aid for Babson's Reports. We, however, could not keep him at work on the things for which he was best fitted. He had a hobby of collecting street car transfers. I have in my library a book which he wrote on the subject. Finally, he refused to do anything but run a lawn mower. Yet he received very high marks in college.

NEWSBOYS ARE WORTHY OF ATTENTION

If I were an employment manager, I would make a study of newsboys. A successful newsboy must have a fair memory. He must have courage, initiative, honesty, and industry. I have a friend, Harry B. Taplin of Wellfleet, Mass., who is making a study of newsboys. Certain qualities must be possessed by all boys (and girls) who deliver newspapers to homes. I especially, however, have in mind those boys who hold the busy locations on downtown street corners of our big cities. I have never made a study of these boys, but my hunch is that they often become very successful in business, if given an opportunity. I wish every newspaper in which this column is published would make a study of its newsboys.

It is useless to discuss the great problem of education in a column such as this. I, however, wish to leave with readers two thoughts: (1) That there is something fundamentally wrong with our present educational system of marking and promoting. Those radio and television exhibits should make many college professors and trustees shame-faced. (2) If you have a boy or girl of good character and habits who graduates in the lowest 20% of his or her class, don't be discouraged. The chances of such graduates may be just as good as if graduating at the head of their high school or colleges classes.

Nothing indicates approval of a newspaper like a subscription check.

State to Record Early Days With Aid of Old Residents

Michigan's senior citizens are subject for new appreciation. This became apparent at a Michigan Week luncheon when announcement was made that older residents of the state will be encouraged to record on paper or tape their recollections of the early days of their lives.

Details of plan were announced jointly by Roscoe O. Bonistee, a U-M regent, and Lewis Beeson, secretary-treasurer of the Historical Society of Michigan. The project is an undertaking of the University of Michigan with the cooperation of the Historical Society. Michigan Week, when attention is focused on the state, was considered an ideal time for the announcement.

Specially it is a search to record facts of how people lived during Michigan's early statehood. The finest sources, according to the experts, are the state's older residents. Written records, like letters and diaries are often excellent sources, and so are memories.

Any person who thinks he has stories, letters or other information important in this search is requested to contact Michael Church, supervisor of special projects, University of Michigan Extension Service, Ann Arbor, Mr. Church will help get the information in its best form for preservation.

This may be tape recording of conversation, photostating, or by some other means. Historically valuable information will be preserved in U-M's Historical Collections. Material which produces interesting new accounts will be published in "Michigan History," the Michigan Historical Commission's quarterly journal.

Importance of the project was emphasized by Mr. Church in a quotation from Woodrow Wilson: "History of a nation is only the history of its small towns written large."

How to take quadruple advantage of a single opportunity was demonstrated by Governor G. Mennen Williams when a seat on the Michigan Supreme Court bench needed filling. The chain reaction is a fine example of a technique developed, or at least perfected by the governor.

It calls for filling a vacancy with another official who must be replaced. This in effect makes additional appointments and spreads the resulting happiness over a much wider area. Williams has the reputation for using extreme care in making his selections; for picking men who have done well in positions already assigned them.

The Supreme Court post went to George Edwards. He was appointed to succeed the late Justice Neil E. Reid, Edwards is 41; was appointed earlier by Williams to the Circuit Court in Detroit; was

councilman there for four terms; was probate judge.

His appointment created a vacancy in the position he held. So Williams appointed Victor Tarogonski, auditor general, to be Circuit Judge.

To fill the vacancy left by Tarogonski, the governor picked another young man. He is Frank S. Sczymanski, who rose through the ranks of the Liquor Control Commission as an examiner and was once candidate for appointment to the commission. Sczymanski is a former Notre Dame and professional football player, who earned his law degree the hard way—nights and days in "spare" time.

Now Williams has Sczymanski's post to fill, and with it the opportunity to make still more friends.

In similar previous instances, when an election was coming up, Senate Republicans have delayed confirming the governor's appointments in the hopes that a Republican governor would be elected. If so, the governor could make his own appointments.

Appointments held back by the GOP include John H. McCarthy, chairman and second Democrat on the Public Service Commission, and Frank Blackford, chairman of the Liquor Control Commission.

"It's a traditional move, and Democrats would follow the same policy if they controlled the legislature," said Senator Edward Hutchinson (R-Ferndale).

Michigan has taken a lead in protecting its citizens against natural and manmade disasters. "We can't stop a tornado from occurring, but we can help minimize its effect and develop means to aid its victims," said John Griffin, state civil defense director.

The state organization has whipped together an Emergency Task Force, bringing together top men in state government, to go into action when disaster strikes.

It operated in both the Western Michigan and the latest Flint tornadoes. Griffin and Mayor Albert E. Cobo, of Detroit, testified at recent Congressional hearings on ways to protect or rebuild Michigan's industrial might following a disaster, either natural or war-caused.

Both asked for more Federal aid and a "hard core of professionals" to lead volunteers and serve as the organizing and cohesive force in the system.

They received assurance that the problem is under study in Congress and their action may be forthcoming this year—especially since Michigan has been one of the hardest hit states in the nation by tornadoes.

An individual is as superb as a nation when he has the qualities which make a superb nation.

The Sunday School Worker

One of the unsung heroes in every community is the Sunday School teacher, who often devotes much of his time, over a long period of years, to his church and his Sunday School, without compensation.

These teachers often go to training schools, attend various organizational meetings and help with various forms of church work. In addition, they regularly spend several hours a week preparing for, and teaching, Sunday School.

Often, even a relatively small church will have several dozen teachers, who turn in this time consistently, over the years, as a contribution to the religious life of their community and as an investment in the country's youth.

The Sunday School worker and teacher is often a dedicated person, who has little free time but who gives freely of what he has and expects no reward. To every one, of every faith, we offer a seldom-voiced and respectful appreciation of their services, in an effort to make this a better community, and a little better world.

YOUR INSURANCE GROWS, TOO!

Insurance grows with the man and the family as they grow . . . into a larger home . . . toward a more expensive car . . . into new areas of public liability . . .

Most of us buy insurance and forget it. Forget that our insurance problems have grown in the past three or five years. Yes, our insurance needs— for complete protection— can change in a single year.

That's why it pays to have a qualified, independent agent analyze your insurance position about once a year. You'll be surprised at the results . . . sometimes it means the saving of considerable money . . . or more insurance at no additional cost . . . and, very often, it means a "stitch in time" where coverage has been overlooked with the danger of loss to the extent of thousands of dollars.

Counsel on such matters is available from this office without obligation. Often, we are able to tell clients that their insurance position is good and they need make no changes. In any event, you will KNOW FOR SURE. We do not prescribe "bar-gain insurance" . . . we prescribe correct coverage at the correct price. We are not "company employees" restricted to one kind of policy . . . we represent a blue ribbon list of America's finest insurance companies which allows us to select the very policies your particular situation calls for. Professional advice from this office is backed by our years of professional experience in this complicated business field.

MAY IS SAFETY MONTH... CHECK YOUR CAR—CHECK ACCIDENTS! CAN YOU SEE, STEER, STOP SAFELY?

★ THINKING OUT LOUD ★

One question, sometimes controversial, sometimes personal is asked each week by The Mail of four pedestrians along Plymouth's downtown streets. This week's guests are "thinking out loud" on the question:

"With school vacation only two weeks away, how do you think you will spend your summer?"

KARL WILLIAMS, 1328 West Ann Arbor Trail: I'll probably mow a few lawns and my father has a few big ideas, such as helping to paint the house. I guess I'll probably be roped into it. I'm not going anywhere. At school I'll be taking summer driver education and typing."

CARL BERRY, 1064 Williams: "I'm going on a fishing trip to Canada for one thing and I'll probably be working around the house. Most of my afternoons may be spent swimming at the high school.

Karl Carl Ruth Diane

RUTH ALLRED, 637 South Mill: "I'm going south for a few weeks—to Tennessee. My relatives live there: I'm not sure if I will get a job or not because we may be moving to Ludington, Michigan this summer."

DIANE ROEDDING, 675 Sunset: "Since I'm a senior, I'll be looking for a job, preferably in an office. I've taken some commercial courses. Next September I would like to go to a dramatics school in New York."

From where I sit... by Joe Marsh

More Than She "Bargained" For

Dad Baker retired from active dairying—seven or eight years ago—but still keeps a half-dozen pure-breds more or less as a hobby.

Dad goes all-out for these six. Temperature-controlled barn, expensive feed . . . the works. As a result his milk has a low bacteria count, a high butterfat content. And as a favor to neighbors, he sells it just two cents above the ordinary price.

Recently, a neighbor complained—asked if she couldn't get the milk "at cost." Dad agreed,

sent her a bill for exactly what the milk cost; 75¢ a quart.

From where I sit, it's easy to misunderstand if you don't get all the facts. That's why we ought to consider the other fellow's viewpoint before we talk out. For example, you have your reasons for liking particular beverages. I have mine. And whether we're talking about buttermilk or beer . . . let's try to respect each other's point of view.

Favorite Recipes From Plymouth's Kitchens

There's Gallic Touch to This Chicken Dish!

Here's a real boon of a recipe for those who like to combine out-of-doors work during warm weather and still keep up with the family's mealtime schedule.

"Chicken in Bouillion with Sauce Blanche" is the recommendation from Mrs. Paul A. Emrick of 47060 Territorial road, who often starts the dish brewing on the back of the stove, spends the rest of the afternoon on garden tasks and comes in to find an easy and delicious meal ready for the family dinner table. The recipe is one that belonged to her mother who was born in France, as was Mrs. Emrick's father and most of her kinsmen.

- Here's the procedure:
- Chicken in Bouillion with Sauce Blanche
- 1 chicken (roaster or stewer), fat removed
 - 1 large or two 1-lb. cans of tomatoes, mashed well with fork
 - 2-3 leeks (both green and white parts) or 1 large onion
 - 1 tablespoon celery salt or several stalks celery
 - 3 quarts hot water (or enough to cover chicken)
 - sprig of parsley or 1/2 teaspoon parsley flakes
 - pinch of garlic salt or powder
 - 2-3 carrots
 - salt and pepper to taste

Place chicken in pot, leaving whole if possible, adding other ingredients. Bring to a boil, reduce heat and simmer slowly until chicken is tender. Remove from stove. Remove chicken from pot and keep in warm place until ready to serve.

Strain and save liquid, discarding all else. Correct for seasoning. Bouillon may be served as a first course either plain or with noodles or vermicelli (cooked in the broth) or with croutons sprinkled with cheese.

To prepare Sauce Blanche: Melt two full tablespoons butter in pan, taking care not to brown. Stir in two tablespoons flour until butter and flour are well mixed. Add two cups bouillon and stir constantly until thick, then let simmer for 4 or 5 minutes to "cook" the flour.

Remove from heat and stir in two beaten egg yolks which have been thinned a little with the bouillon, being careful that the eggs do not cook. Return to stove, stirring constantly for several minutes or until sauce is very hot. Salt and pepper to taste. Serve with chicken.

Suggested is that herbs may be added to enhance the flavor of the sauce. Also dry, white wine is a good accompaniment to the dish.

To Attend FHA Camp

Three members of the Future Homemakers of America club at Plymouth high school were appointed last week at a meeting of the organization as delegates to the first state FHA camp to be held this summer.

They are Pat Clixby, Lura Puckett and Sandra Penney. The camp, located on the shores of Lake Michigan near Muskegon, is in process of completion by Mobile Homes foundation, sponsors of the project. It will be used exclusively by Michigan FHA clubs. The local delegates will attend the camp from July 22-27.

Mrs. Paul A. Emrick of 47060 Territorial road gets underway with preparations for a favorite recipe, "Chicken in Bouillon with Sauce Blanche."

Michigan Highlights Shown Kiwanians

Elmer Witt, senior customer business representative for Detroit Edison, told Kiwanians Tuesday evening why "It's Great to Live in Michigan."

Speaking at the regular Mayflower hotel meeting of the local businessmen's club, Witt presented a program of outstanding attractions in southern Michigan. Color slides illustrated the many historical, natural and man-made landmarks of the state.

The program was presented as a feature of Michigan Week, May 20 to 26. Plymouth chairman for the observance is Kiwanian Harry Larsen. Program chairman for the evening was William Sliger.

Who's New in Plymouth

FORMER LIVONIA residents are Carl and mother, Mrs. Rose Haray, who moved to Plymouth April 1. They are now living at 11140 Southway. Employed as an engineer by Chesapeake and Ohio railroad here in Plymouth, Haray devotes leisure moments to music, hunting, fishing and other outdoor sports. He has been with the C & O twelve years. In the realm of music, Haray plays first violin. Mrs. Haray, of Hungarian descent, claims homemaking pursuits as her chief interest.

Madonna Seniors Face Busy Graduation Week

The week preceding the graduation of Madonna college's 1956 senior class of June 2, is filled with traditional activities to honor the departing seniors.

On May 31, the freshmen will sponsor the annual flag raising ceremony in the afternoon and a farewell serenade during the evening.

At noon the seniors will sponsor their annual garden party for the underclassmen.

June 1 marks the traditional Senior Class Day. Commencing the affair is the Daisy Key Chain procession. Dressed in academic attire, the graduates will carry large symbolic keys of wisdom which they will later present to the undergraduates.

Floyd Burgett and children, Jack and Judy, of Northville road spent Saturday and Sunday with Mr. and Mrs. Alfred Burgett and other relatives at Deckerville.

UNCORKING THE NEWS

by Carl Peterson

Every once in a while you find something as cheerful as a radio announcer sounds. We're thinking of a psychologist who was quoted the other day of saying that you can't really judge a man by the way he looks. That's like trying to figure the quality of an egg from the shape of the egg shell.

This fellow, who's been an industrial psychologist, says a buck-toothed lad with a receding chin or a Milquetoast type may be a more valuable employee than a collar-and-shoulder hero or Rock Hudson type. He also claims that some men who combine the looks of Jeff Hunter with the muscles of Mr. America turn out to be liabilities on the job . . . which is something for the young ladies to keep in mind around June. This news is a great triumph for the average "average man." And you know how much good it will do him.

We hope you'll have a very pleasant Memorial Day. Just remember to drive carefully wherever you are. And if you are out driving, stop in and treat that family something special from our soda fountain. We have Sealtest ice cream you know—the best!

A local traffic observer suggests that a motorist should always drive so that his license expires before he does. And we might add . . . safe driving never hurt anyone. Safety is a vital factor in prescription care . . . and you can bring your doctor's prescription to us with every assurance of safety. We have complete stocks of fresh prescription ingredients and we'll fill your prescription with care and accuracy.

Remember . . . "someone you know, knows me."

Bright Cottons to Go Gadding In Summer Social Whirl

Patio parties, dinner and dancing at the country club, or summer outdoor functions call for an entirely different type of dress in keeping with the occasion.

Bright, gay colors, charming prints seem to be the favorite. They fit the mood and the atmosphere of a gala outdoor social. Many of these dresses seem to be full-skirted and fashioned of cotton.

An unusual neckline or strap arrangement usually adds a high light. The color combinations are striking and team together such colors as curry and moss green or shrimp and yellow.

For country clubbing, the dress is a bit more formal than for patio parties. Such fabrics as raw silk and satin cotton are perfect. Those smart little box jacket suits, with their Paris-inspired back interest, are being seen everywhere. The newest line is lowered belt, buckled at the back. They are fashioned of featherlight wool, tweed, linen, rayon, and combinations of these materials. The lines are becoming to almost all figure types and the cut will probably be with us for many seasons to come.

Good sheath lines are still a mark of fashion. Silk shantung and linen are especially well adapted to the cut of this dress for summer.

Chantilly-type lace is the out-

standing type of lace being fashioned into dream dresses for the summer. Not so much cotton lace will be about as in the past.

A dress of Chantilly-type lace may represent an investment but will be a good one. With simple lines, you will be able to enjoy the dress for many years to come. You will find another advantage of good lace to be that it can be worn during all the seasons.

Summer circular skirts are being made of Interlon. Interlon originally and still is also used as a stiff interfacing. It is 85 per cent nylon and 15 per cent viscose and is available in patterns and many colors. Non-woven, it wrinkles resistant and washable when drip-dried.

Herb Fried Chicken

- 1 frying chicken (2 1/2 to 3 pounds)
- 1/4 cup flour
- 1 teaspoon paprika
- 3/4 teaspoon salt
- 1/8 teaspoon pepper
- 1/2 cup shortening
- 1 can condensed cream of mushroom soup
- 1/2 cup milk
- 1/4 cup sliced onion
- 1/2 teaspoon marjoram
- 2 tablespoons chopped parsley

Dredge chicken with flour and seasonings and brown in hot fat. Combine soup and milk. Pour over browned chicken. Top with remaining ingredients.

Cover, and simmer about thirty minutes. Serve with gravy in pan.

Yield: Four servings.

The spring chickens on the market now are also very good when broiled.

That American Custom

Munching on an ear of fresh roasted sweet corn is just about as all-American a custom as you can find. The corn that's available now is a fancy golden variety from Florida and priced very reasonably.

Corn Oven Roasted on Cob

Wash and silk four ears fresh corn. Dry. Brush with melted butter or margarine. Season with salt and pepper. Wrap each ear individually in aluminum foil. Roast in hot oven (400° F.) twenty-five to thirty minutes.

Yield: Four servings.

Be sure to serve the corn right from the oven while it's still piping hot.

Pre-Sweetened Dessert Shells, Easy Treat

Chocolate Glazed Pre-sweetened Rice Cereal Dessert Shells is a basic recipe that lends itself to endless variation. Quick and easy to make—this tart shell has a chewy texture and flavor like chocolate caramels.

This recipe adapts itself to the large or small family. The tarts keep well if wrapped in saran. It is ideal for the small family where two or three servings are all that is needed. Simply store the unused tarts for future use.

Inexperienced homemakers will find this recipe so easy to make and the results so satisfying. Working mothers will like the speed with which the tart shells can be prepared.

If you like to experiment with new flavor combinations this recipe is a natural for you. Stock your shelves with the necessary ingredients so you can surprise your family with this easy to make "new dessert trick."

CHOCOLATE GLAZED PRE-SWEETENED RICE CEREAL DESSERT SHELLS

- 1/2 cup light corn syrup
 - 1/4 teaspoon salt
 - 1 6-ounce package semi-sweet chocolate pieces
 - 3 cups pre-sweetened rice cereal
- Combine corn syrup and salt in large fry pan. Bring to simmering point over low heat, stirring constantly. Remove from heat. Add chocolate pieces; stir until chocolate is melted. Add cereal; stir carefully until cereal is chocolate coated. Cool slightly. Shape into 8 round, fluffy tart shells or nests 3 1/2 inches in diameter on buttered baking sheet. Cool shells at room temperature. Top with one of the following: a scoop of orange, lime, or lemon sherbert; strawberry, coffee, butter pecan, or mint ice cream; apricot whip, heavenly hash, or lime snow pudding. Yield: 8 dessert shells.

Rhubarb Rates "A" In Menu Versatility

There is no end to the way rhubarb can be served. It can be used in Brown Betty, sherbet, custards and tapioca puddings, say home economists at Michigan State university. And it combines well with oranges and gelatin to mold into a salad.

Rhubarb Bavarian—the thickened rhubarb sauce, plain gelatin and whipped cream—will top off a light meal to good advantage. If you are having a spring party, try rhubarb punch for the beverage. Use it, too, in the lunchbox. Pack some of the rosy red rhubarb sauce in a tight-fitting covered container and put in a couple of crisp cookies to eat with it.

To prevent darkening of light-colored fruits such as peaches, sweet cherries and apples when freezing them, scald the fruit or add ascorbic acid to the sirup. Michigan State food experts suggest insuring that the fruit stays under the sirup by crumpling waxed paper on top of the fruit under the lid.

Lamb Gives Breakfast A New Flavor

Who wouldn't get up for a breakfast like this—French toast, butter-browned pineapple slices, and piping hot grilled lamb patties fragrant with the whiff of thyme or savory that seasons them! But don't wait for leisurely Sunday breakfast to enjoy this start to a good morning any day.

So easy to do—the French toast and pineapple slices cook to a golden-brown on the same griddle while the juicy lamb patties sizzle in a frying pan alongside. So good to look at, in their gold and brown dress. Such good eating—this appetizing nourishing meal!

Savory Breakfast Lamb Patties

Yield: 6 servings

To 1 pound lean ground lamb, add 1/4 teaspoon salt, dash of pepper, 1/4 teaspoon powdered savory or thyme (sage or poultry seasoning may be used), 1/4 cup milk. Mix together, shape into 6 balls, then flatten each to 1/2 inch thickness. Stack between squares of waxed paper or foil and place in refrigerator until ready to use. It's a good idea to let patties stand overnight to "season", refrigerated of course.

To cook: melt 1 tablespoon butter in heavy frying pan. When moderately hot, brown lamb patties in the butter, allowing 3 to 4 minutes to a side. Turn and brown the other side about the same length of time. Lamb can well be a bit pink inside. Top each patty with a dot of butter and of tart jelly, if you like.

Serve on heated platter with slices of drained canned pineapple and French toast, each browned on both sides in butter. Serve with maple syrup or with warmed honey or melted jelly to drizzle over the French toast.

Play, Travel Clothes Match Looks, Comfort

Play clothes and clothes to travel in are very much in demand right now. The latest thing in play clothes combines good looks and comfort. Shorts, blouses, bathing suits—all must fit perfectly and allow plenty of room for action.

The new man-made fibers are combined with cotton and silk to make play clothes that are as easy to care for as they are to look at. Plaids and flower prints seem to be the most popular and have a new look to them. Attractive cotton and leather belts are often used to complete or tie together a two-piece outfit of shorts and blouse or full skirt and blouse.

The new look in bathing suits is belted. Many of the latest tank-style bathing suits feature plastic belts to emphasize a small waist. New neck treatment is important. The off-the-shoulder swim suit is becoming, but not too practical. The halter-top suit looks nice on the girl with a small bust. The strapless suit is somewhat dated looking what with all the new neck line interest. However, because it is the only way to get an even tan, the strapless suit will always be a favorite with the sun worshippers.

Cotton lace, rhinestones and pearls are being made into bathing suits that look more at home at a dance or the bedroom than on the beach. The over-done in suits are quite expensive and retailers tell us that they are slow selling. It is not hard to see why.

A great deal has been done in the last couple of years to make bathing suits more attractive. You have almost as many styles and colors to choose from as when buying a more conventional type hat.

Try Liver Fricassee For New Flavor Twist

Warm weather often brings with it the thought that less food is needed. It is true that less of the energy-producing foods are necessary, but it is just as essential that the diet be well balanced in the warmer months as during the winter.

Liver, asserts a meat expert, is recommended because of its high nutritive value.

In Liver Fricassee, a delightful new flavor twist is found, one not usually associated with variety meats. It's delicious; try it and see for yourself.

Liver Fricassee

- 1 pound sliced liver (beef, pork, lamb or veal)
- 1/2 teaspoon salt
- 1/4 teaspoon pepper
- 1/4 cup flour
- 1/4 cup bacon drippings
- 2 cups canned tomatoes
- 2 medium chopped green peppers
- 6 small chopped white onions
- 1/2 teaspoon celery salt
- 1/2 teaspoon poultry seasoning

Cooked rice

Dredge liver with seasoned flour. Brown in hot bacon drippings. Add tomatoes, peppers, onions and seasonings. Cover and simmer about 45 minutes. Serve with cooked rice. Yield: 4 to 6 servings.

IMPROVE YOUR APPEARANCE — APPLY LIPSTICK PROPERLY!

If you stain your garment with lipstick, do not try to remove it with water. Consult your dealer. Have the stain removed immediately. It will become stubborn with age. There are many different types and kinds of lipsticks. Regardless of type, they usually contain fats, oils, waxes and a dye. The fats, oils and waxes can be removed with little or no difficulty. The exception to this is when the stain has been allowed to remain in the fabric for a long time—then it is difficult if not impossible to remove it. Different types of dyes are used to give lipstick its color. It's the dye that causes trouble, since it may penetrate and dye the fabric. Success in removing it depends on the color and type of fabric.

Use lip protectors while putting on or taking off your garments. If you do not use a protector, apply your lipstick after you have finished dressing. Remove your lipstick with cream and a tissue before removing your garments.

Yield: Four servings.

Think of this
next time you're in heavy traffic —

No other transmission is so smooth as Dynaflo*

You know how it is.

Anyone who drives a car these days must sometimes drive in crawling, slow-moving traffic where it's stop-and-go or spurt-and-slow.

And if you're used to a car that handles such traffic with a continuous series of upshifts and downshifts—even automatically—then maybe you think that's the best you can have.

But it isn't. You can have Dynaflo smoothness in a new Buick—and you won't believe the difference until you try stop-and-go traffic.

For here you have absolute smoothness when you accelerate.

Here you have absolute smoothness when you decelerate.

Here you have absolute smoothness under every road condition and traffic pace—with no lags or bumps to mark upshifts and downshifts—because no gears ever shift in Dynaflo.

It's the only transmission on the American scene today where flowing oil does the work of gears every step of the way—and where smoothness is constant, absolute and infinite.

So maybe you ought to sample a new Buick with Variable Pitch Dynaflo—and try the new thrills that go with this smoothness—

The flash-fast new getaway response—and new stepped-up gas mileage—when you press the pedal barely an inch—

The instant new full-power acceleration

when you floor the pedal and switch the pitch for a needed safety-surge—

The walloping new might of the big new 322-cubic-inch V8 engine that puts the ginger to it all—

And the new ride, the new handling ease, the new interiors, the new bold look of racy sweep-ahead styling.

Drop in on us this week—today if you can—and see for yourself what straightforward truth we tell you here—and what great-buy prices are keeping Buick more firmly than ever in the top 3 of America's best sellers.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

You can enjoy June-fresh strawberries all winter long with a home food freezer. (Or a two-in-one refrigerator freezer.) And they'll stay as sweet and juicy as the day they were picked. That's why smart homemakers say:

Fewer Mishaps in Ranch Type Houses

The single-story ranch-type house is less likely to have family accidents than multi-story houses. There's no falling down stairs or being trapped upstairs during a fire. But that's not all. One level is easier to maintain and keep clean; there are fewer odd places where potentially dangerous items can be forgotten. For older folks and children, too, the single-story house is the most safe. Of course, basic materials as well as design play an important role. Such features as fireproof, slip-proof ceramic tile in kitchens and bath, ample protective wiring, and efficient plumbing are major considerations.

Renew a broken drawer bottom with Masonite Presdwood, the material used for this purpose by many manufacturers.

BUILDING AND REMODELING NEWS FOR EVERY HOME

Concerted Drive On to Help Home Owners Repair and Modernize Their Homes in '56

As a result of unprecedented cooperation between the Government, trade associations and manufacturers representing the building materials, home equipment and financing industries, 1956 is "Home Improvement Year."

Albert M. Cole, Administrator of the Housing and Home Finance Agency issued a proclamation to that effect in Washington on January 16.

Briefly, the significance of Home Improvement Year to homeowners is simply that building materials and equipment dealers and contractors, along with banks and savings and loan associations, are more eager than ever before to serve families with the desire to bring their homes up-to-date.

The seal shown here will be used by these dealers, contractors and lenders to identify themselves as participating in Home Improvement Year activities.

Home Improvement Year was created by Operation Home Improvement, a small task force sponsored initially by the United States Chamber of Commerce to coordinate the activities of all of the major trade associations and manufacturers in the home improvement field.

Some six months ago, Operation Home Improvement was given the assignment of correlating the efforts of these associations and manufacturers in urging local businessmen to expand and improve their services for the benefit of all American homeowners.

The executive director of Operation Home Improvement is John R. Doscher, formerly assistant to the publisher of Life Magazine. As Doscher pointed out today, "This is the first time in history that these three basic industries -- building materials, home improvement and financing -- have joined together to make it easy for homeowners to buy materials and services that go into home improvement."

Mr. Doscher explained that the Government considers "Operation Home Improvement" an example of Government cooperation with private enterprise to solve a basic need of the American people. Government and industry leaders believe that Home Improvement Year will see a great deal of progress in the long needed restoration of older homes in the nation, and thereby a dramatic upgrading of the standard of living.

In many cities, Doscher explained, local industry leaders and the local government will cooperate in staging a local Home Improvement Week or Month in cooperation with the national campaign.

The purpose of such local efforts will be to demonstrate to homeowners what can be done in bringing a home into line with modern living standards and to provide for homeowners information on the dealers, contractors and lenders that are eager to be of service to them in achieving their own home improvement desires.

Much of the coordination of these local programs is being carried on by Chambers of Commerce with the cooperation of lumber dealers, builders, plumbing contractors, and financing institutions, etc.

Such community programs as these, Doscher pointed out, can have a tremendous effect upon the general value of all of the homes in a city. "When any homeowner does a thorough job of up-dating his home," Doscher said, "it has an immediate effect upon the value of other older homes in the neighborhood. And of course action by one homeowner frequently stimulates others to get to work on their own homes."

Experts in the industry have long been convinced that the way to stop deterioration of neighborhoods is for individual homeowners to take positive action -- to fix up their own homes and urge their neighbors to do likewise.

HOME OWNERS' QUESTION BOX

Question: Kindly advise if you know of anything that will remove rust stains from a limestone window sill and buff brick walls. The stains are over 2 years old.

Answer: You can remove most of these stains with oxalic acid or dilute muriatic acid, the latter diluted 5 to 1 with water. After scrubbing with this stuff and take care that you avoid splashing yourself, your clothing, or nearby plants as this acid is powerful neutralizer with a rinse of ammonia and water. There's an old trick that works quite easily and less dangerously -- lemon juice and salt. With canned lemon juice available, the trick is simplified. Mix some with table salt to a paste and scrub the stains with a stiff brush, then rinse with clear water.

Question: I intend finishing the inside of a porch, recently enclosed, and then heat it. Walls and roof are insulated. However, the floor is cold and I want to cover it with something with a high insulation value. How do I do this without the costly job of putting down sleepers, a wood floor, then tiles?

Answer: You can use cork tile or bakelite tile, both of which have high insulating properties. To lay cork tiles, apply a sheet of lightweight tar paper to the floor with tile adhesive, then lay the tiles on this with their special adhesive. The bakelite tiles are waffle-like on the underside, and can be laid without adhesive since this creates a suction which holds them in place. They can be pried up without injury for removal later.

Q--I'm planning to pour concrete steps. What's an easy way to be sure the concrete cures properly?

A--For full strength, concrete poured should be kept damp as it hardens. One way to do this is to cover the concrete with burlap after it has set for a day, then keep the burlap damp with a garden hose. Concrete never should be poured when the temperature is below freezing.

Q--What should be done to a furnace during the summer to get it ready for the next heating season?

A--Here's a check list recommended by a heating and air conditioning manufacturer, the Coleman Company: Clean or replace the air filter (replacement is better), vacuum-clean the burner if gas is the fuel you use, and oil the fan bearing assemblies and the fan motor according to the manufacturer's instructions. In addition, call in a service man to make a routine check. Inspection and regulation of the controls and the burner are part of the job he'll do.

Q--I want to build on a pier foundation. How far apart should the piers be?

A--Piers should be about six to eight feet apart around the perimeter of the building. If they are placed much farther apart, the floor will not have proper support and may have an objectionable amount of bounce.

Q--Is there a simple tool for cutting holes in rock or masonry?

A--A star drill will do the job. It is held in one hand and tapped with a hammer. The drill is revolved slightly after each tap.

Q--The walls of my house are brick veneer. I'd like to insulate the walls, but is there any way to get the insulation behind the brick?

A--A few individual bricks would be removed and holes drilled in the sheathing to permit insertion of a hose to blow mineral wool into the walls. When the blowing is finished the hole is sealed and the bricks are carefully replaced. There are similar techniques for insulating walls of all types, including stone veneer, clapboard and shingle. There's a way to insulate any hollow wall with mineral wool.

Voluntary Home Mortgage Credit Helps Ease Building Finance Loans

Home buyers and small builders in rural and outlying areas are finding it much easier to arrange FHA and VA mortgage loans as a result of the successful operation of the Voluntary Home Mortgage Credit Program, according to R. A. Schaub, president of the National Retail Lumber Dealers Association.

"The improvement has come about not only as a result of the 16,500 loans totaling \$141,600,000 which have been arranged through VHMC since it started functioning in March, 1955, but also because the program has focused attention on the difficulty of financing homes in outlying areas and thus has prompted mortgage lenders to pay greater attention to the needs of those areas," Mr. Schaub said.

"In addition by helping make it easier for veterans to obtain home loans through normal private channels, VHMC has greatly reduced the need for direct mortgage loans by the Veterans Administration.

"The voluntary mortgage credit program was authorized by Congress in the Housing Act of 1954 as a means of facilitating the flow of funds to areas where financing has been difficult to obtain and is serving an essential purpose in bringing together eligible borrowers and willing lenders and should be continued as long as the need exists.

"Representatives of the retail lumber industry, which builds or helps to build more than half the nation's new homes, are serving on all of the 16 regional committees which have been set up to operate the program."

EXTRA BATH SPACE

A clever way to enlarge your bathroom facilities without going to unreasonable expense and work is to make practical use of the corridor outside the bath. For example, if your bathroom has a closet adjacent to it, convert the closet into a shower stall or a tub recess. Outside, in the hall, install twin lavatories with a waterproof, decorative countertop of ceramic tile. Absolute privacy is seldom required for the quick clean-ups possible at the counter lavatories. Yet the division of bathroom functions into three areas, all near to each other, is quite practical and saves the expense of installing a whole new bathroom elsewhere.

WATERPROOF ADHESIVE

Homeowners having their bathrooms or kitchens remodeled with life-lasting ceramic tile installed by the new approved adhesive method should insist that their tile contractor use an adhesive bearing the U.S. Department of Commerce hallmark CS181-52. Such an adhesive meets high standards for strength, waterproofness, and durability.

**Windows Tell Much About House
Many Styles Are Now Available**

A house can't be judged by the style of its windows, but it can be judged to a great extent by the way its windows operate. Visit a house on a rainy day and try to open its windows. If they stick and bind because of the damp air, chances are they are not modern.

When windows open easily in all kinds of weather and close snugly, leaving nothing to rattle in the wind, you can almost conclude that similar care and quality have been used throughout in the construction of the house.

However, the style of the window design—small panes or large square panes or horizontal rectangles—is largely a matter of individual preference. There was a reason for small-paned colonial windows. Glass was scarce and valuable. Nowadays great sheets of glass can be had. But lots of people still prefer to cut it into small panes. They like the "looks of colonial style windows."

Something good can be said for almost any type of window. Metal framed windows are precision fitted and when made of aluminum they call for no paint. Wood framed windows, on the other hand have greater insulating value and the sash is not as subject to "sweating" or condensation.

Metal theoretically expands and contracts readily, but it would be hard to find a case of metal framed windows giving any trouble on this score. Wood can swell and warp unless kept hermetically sealed on all surfaces, but modern chemical treatments have eliminated warping, shrinking and swelling from the newest wood windows.

Double hung windows, comprising two sashes which slide up and down in a window frame, are the most widely used windows. Many windows of this type are designed so they can be removed from their frames for easy cleaning inside the house without any ladder work outside. Sash and frame are fitted to each other in

the factory. Such complete units insure a tight fit and smooth operation. Compensating balancing devices have replaced the old sash cord and heavy weights and the complete units is permanently weatherstripped in its prefabrication.

Everybody talks about the weather but nobody does anything about it.—Attributed to Mark Twain.

Slim New Unit Cools and Heats Uses Less Space
To answer the obvious question, this is a furnace. Just as obviously, it's not the bulky contraption that took up half of the cellar twenty years ago and that still exists in many older homes. As proof that times have changed, the photo shows

Inspect Roof Often to Avoid Leak Damage
Many a home-owner who has put off replacing a weathered old roof has had sincere cause to regret it. The interior damage caused by leaks can be more costly than a new roof. The time to prevent interior damage from leaks is before leaks show up, and the best method is to have the roof inspected periodically by a reliable roofing contractor. The National Bureau of Standards says that patching an old roof seldom pays. Research has shown that a roof wears out uniformly—not in one or two places but all over. If a weathered roof starts to leak in one place, chances are it soon will leak in other spots. Time and labor costs of removing the old roof can be saved by installing long-wearing asphalt shingles over the old roof covering. This retains the insulating value of the old roof. During 1956, designated as Home Improvement Year, great emphasis has been placed on color, inside and out. Home-owners planning to reroof will find that asphalt shingles come in a wide range of solid and blended colors suitable for any setting or type of architecture. Asphalt shingles are available in many shapes that form distinctive designs on the roof. These include the designs offered by the three-tab square butt strip shingle, the two- or three-tab hexagonal strip shingle, the individual hexagon shingle, the giant individual shingle, and the lockdown shingle. Floor joists should be spaced 16" on centers and bridged at least every eight feet. If the sub-floor is omitted, 25/32" finish flooring should be used and the joists spaced 12" on centers-bridged every four feet.

Official Proceedings Plymouth City Commission

Monday, May 7, 1956
 A regular meeting of the City Commission was held in the Commission Chamber of the City Hall on Monday, May 7, 1956 at 7:30 p.m.
 Present: Comms. Cutler, Guenther, Henry, Roberts and Mayor Daane.
 Absent: Comms. Sinecock and Terry.
 Since Comm. Terry was ill, his absence was excused by the Commission.
 Moved by Comm. Guenther and supported by Comm. Roberts that the minutes of the regular meeting of April 23 and 27, 1956 be approved as written. Carried unanimously.
 Supervisor Marquis orally presented his report for the month of April.
 This was the time set for the hearing of the Sheridan Avenue Water Main W. Ann Arbor Trail to Lincoln. The Mayor opened the hearing. Mr. Clarence Moore, representing the First Church of Christ, Scientist and Disciples of Christ, presented and voiced no objections. The Mayor declared the hearing closed.
 The following resolution was offered by Comm. Sinecock and supported by Comm. Cutler:
 WHEREAS a public hearing, after due notice thereof, was held in regard to the necessity of the public improvement described as:
 Sheridan Avenue Water Main, W. Ann Arbor Trail to Lincoln Ave. and all persons interested were given an opportunity to be heard upon the question of the necessity of the improvement and no valid objections thereto were made, now therefore be it resolved that the City Commission determine, and it does hereby determine, to proceed with said improvement.
 BE IT FURTHER RESOLVED that the necessary profiles, plans, specifications and estimates of cost as set forth in the report of the City Manager, dated April 23, 1956, be and the same hereby are approved, and
 BE IT FURTHER RESOLVED that the Assessor prepare a special assessment roll in accordance with the Resolution Determining Necessity, adopted by this Commission April 23, 1956, and report said roll to the City Clerk for confirmation, said roll to be made forthwith. Carried unanimously.
 The Clerk presented a bill from the Wayne County Auditor, in the amount of \$507.00, for services rendered in making the 1956 tax roll bills.
 Moved by Comm. Guenther and supported by Comm. Roberts that payment of the above bill be approved and that the moneys be appropriated from Unappropriated Reserve. Carried unanimously.
 The Clerk presented a copy of a letter sent to the Michigan Health Department from the Wayne County Road Commission approving the revised plan for the sanitary sewers in the south end of the city. The communication was ordered accepted and placed on file.
 The City Manager presented a communication from Art Meyers expressing his approval of the efforts of the Commission to promote a municipal airport.
 Moved by Comm. Roberts and supported by Comm. Guenther that the City Manager be authorized with the completion of the East Central Park, et al., said expenses to be charged to capital funds. Carried unanimously.
 The City Manager presented his report relative to the Lincoln Avenue curb, gutter and pavement, Project 50-2-122.
 The following resolution was offered by Comm. Roberts and supported by Comm. Cutler:
 WHEREAS, the City Manager, as heretofore directed, has presented his report to this Commission, dated April 23, 1956, relative to a proposed local or public improvement described as:
 Lincoln Avenue curb, gutter and pavement, Sutherland Avenue to easement south of Brush Street, and
 WHEREAS, this Commission has reviewed said project,
 BE IT FURTHER RESOLVED that all of the cost of said improvement shall be paid by special assessment upon the property benefited thereby except that 20% of the cost of such pavement for the lots be paid by the developers, Parklane Sub., in addition to the intersections.
 BE IT FURTHER RESOLVED that the limits of the special assessment district within which property is deemed and hereby determined to be specially benefited are as follows:
 Beginning at the Southeast Corner of Parklane Subdivision, a part of the E. 1/4 of Section 34, T. 1 S., R. 6 E., City of Plymouth, Wayne County, Michigan; running thence Westerly along the south line of said Subdivision 30.00 feet to the center line of Lincoln Avenue; thence Northerly along said center line of Lincoln Avenue 675.58 feet to the north line of said Subdivision; thence Easterly along said north line and the north line of Wm. Eckman's Subdivision, a distance of 113.01 feet; thence Southerly along the east

line of Lot 2 of said Wm. Eckman's Subdivision, 185.00 feet to the south line of Beach Street; thence Westerly 41.00 feet; thence Southerly along the east line of Lot 3 of said Wm. Eckman's Subdivision, 115.40 feet; thence Southerly 20.00 feet; thence Southerly 154.00 feet to the south line of Carol Street; thence Westerly along said south line 30.00 feet; thence Southerly along the east line of Lots 126 and 125 of Puritan Home Addition 241.00 feet to the center line of Sutherland Avenue; thence Westerly along said center line 31.00 feet to the Point of Beginning.
 BE IT FURTHER RESOLVED that benefits of said improvement be measured and assessed upon the property benefited, pro rata, per foot frontage, upon the property fronting or abutting upon the improvement.
 BE IT FURTHER RESOLVED that said report of the City Manager and this resolution shall be placed on file forthwith in the office of the Clerk for public examination and shall remain on file therein for at least seven days before any hearing upon said public improvement.
 BE IT FURTHER RESOLVED that this Commission hold a public hearing upon said public improvement and the same on June 4, 1956 at 7:30 o'clock, P.M. in the Commission Chamber of the City Hall and that the time and place of such hearing and the purpose thereof shall be published by the Clerk in the Plymouth Mail and shall be posted upon three or more of the official public bulletin boards of the City, not less than ten days prior to said date of hearing. Carried unanimously.
 Mr. Walter Coburn presented the records retention schedule as prepared by the Michigan Municipal League. The schedule was referred to the Commission for further study and action at a later date.
 Robert Nulty, Frank Lodge and Robert Mettel presented a report from the Airport Committee, requesting the Mayor to appoint a standing committee to promote a municipal airport. Mayor Daane appointed the following as the Airport Committee: Harold Guenther, Chairman, Comm. Robert Sinecock, Planning Comms. Lois Jensen, David Wood, Austin Pino and Ezra Rotnour, Robert Nulty, Frank Lodge, Robert Mettel, John McDonald, Art Meyers, Donald Burleson, and Mayor Daane.
 Moved by Comm. Cutler and supported by Comm. Roberts that the Mayor appoint a new police car and Committee be approved. Carried unanimously.
 The following resolution was offered by Comm. Cutler and supported by Comm. Guenther:
 RESOLVED, that the Annual City Budget for the year July 1, 1956 to June 30, 1957, as reviewed at this meeting and previous meeting of the City Commission, in the total amount of \$26,485.00, be approved and adopted and that the same be pro-rated under the various funds as follows:

Unappropriated Reserve	75,900.00
Reserve for Contingencies	526,485.00

 RESOLVED FURTHER, that the non-tax revenues as estimated by the City Manager, in the amount of \$265,965.00, be deducted from the above total.
 RESOLVED FURTHER, that the City Clerk verify the amount of \$260,400.00 to the City Assessor for spreading on the Assessment Roll of the City of Plymouth for the year 1956.
 RESOLVED FURTHER, that the City Clerk verify the additional amount of \$4,225.75 to the City Assessor for spreading on the assessment roll of the City of Plymouth for the year 1956, for retirement of maturing Middle

Rouge Interceptor Drain Bonds, together with interest due, and Motor Vehicle Interceptor Bonds, together with interest due.
 RESOLVED FURTHER, that after spreading on the Assessment Roll the amounts as required to be raised by the general tax, the Assessor certify and deliver the same to the City Treasurer and the Mayor be authorized to attach his warrant thereto, directing and requiring the City Treasurer to collect the same as provided by the City Charter.
 BE IT FURTHER RESOLVED, that the sum of \$20,550.00 be appropriated for current expenses and other expenditures for the Riverside Cemetery, that the sum of \$146,300.00 be appropriated for current expenses and other expenditures for the Water Department, that the sum of \$23,810.00 be appropriated for current and other expenditures for the Parking System, that the sum of \$47,850.00 be appropriated for current and other expenditures for the Equipment Fund, that the sum of \$4,572.30 be appropriated for retirement of maturing Special Assessment Bonds, together with interest due, and other miscellaneous charges, that the sum of \$97,500.00 be appropriated for current expenses and other expenditures for the Sanitary Sewer Department.
 RESOLVED FURTHER that all installments, reported by the City Treasurer as due, be paid by the City, together with interest due thereon; the unpaid charges for tree spraying, unpaid charges for sanitary sewer taps and cleaning, unpaid charges for storm sewer taps, unpaid charges for fire hydrants, unpaid bills, and unpaid charges for construction of sidewalks installed under Ordinance No. 81, be assessed against the properties benefited and included in the 1956 tax roll in the amount of \$5,274.30.
 BE IT FURTHER RESOLVED, that the maximum salaries and wages for the various positions shall not exceed the amount listed in the budget for the fiscal year beginning July 1, 1956.
 BE IT FURTHER RESOLVED, that moneys in the sum or sums above set forth, for the stated municipal purposes, be and the same are hereby appropriated for the fiscal year of July 1, 1956 to June 30, 1957, both inclusive, Carried unanimously.
 Moved by Comm. Roberts that the City Manager be authorized to advertise for bids for a new police car and Fire Chief's car, said bids to be opened on June 8, 1956 at 3:00 P.M. Carried unanimously.
 Moved by Comm. Cutler and supported by Comm. Guenther that the proposed ordinance to amend Ordinance No. 153, Food Ordinance, be passed its first reading. Carried unanimously.
 The following resolution was offered by Comm. Guenther and supported by Comm. Sinecock:
 WHEREAS, there may now be in and may hereafter from time to time come into the hands of Charles H. Garlett, Treasurer of Plymouth, Michigan, certain public monies, belonging to or held for State, County, other political units of the State, or otherwise held according to law, and
 WHEREAS, under the laws of Michigan it is required to provide by resolution for the deposit of all public monies including tax monies coming into the hands of said Treasurer, in one or more banks, hereinafter called banks, to be designated in such resolution.
 NOW THEREFORE BE IT RESOLVED, that said Treasurer, Charles H. Garlett, is hereby directed to deposit all public monies, including tax monies, now in or coming into his hands as Treasurer in his Name as Treasurer, in the following bank:
 National Bank of Detroit—Plymouth Office.
 AND BE IT FURTHER RESOLVED, that funds deposited in any of the said accounts may be withdrawn upon a check, draft, or order of the City of Plymouth when signed by the City Treasurer, and countersigned by the City Clerk or Mayor, whose signatures shall be duly certified to the designated depository and said bank is here-

by authorized to pay said checks, drafts or orders and charge same to the respective accounts without inquiry as to the circumstances of the issue or the disposition of their proceeds. This resolution is to continue in force until notice to the contrary in writing has been received by said bank. Carried unanimously.
 Comm. Cutler was excused at 9:45 P.M.
 Moved by Comm. Henry and supported by Comm. Guenther that the purchase of a new spray rig in the amount of \$2340.00 be approved. Carried unanimously.
 Yes: Comms. Guenther, Henry Sinecock and Mayor Daane.
 No: Comm. Roberts. Carried.
 City Manager Glassford presented a communication from the Optimist Club offering the city a gift of \$800.00 with the designation that it be used for the purchase of playground equipment for the Auburn-Junction Avenue lot.
 Moved by Comm. Sinecock and supported by Comm. Guenther that the gift of money from the Optimist Club be accepted with gratitude, and said money be used for the purchase of playground equipment, which will, for the present, be used at the Auburn-Junction playground. Carried unanimously.
 Moved by Comm. Henry and supported by Comm. Roberts that the meeting be adjourned. Carried unanimously.
 Time of adjournment was 10:06 P.M.

PLYMOUTH

OFFICIAL JACKPOT RULES

- Contest is open to any person in U. S. or its territories who owns any make, model or year passenger car registered in his or her name, except employees and their immediate families of Plymouth Motor Corporation, Plymouth Division of Chrysler Corporation, its advertising agencies, the American Mailers and Brokers, and Plymouth dealers.
- There's nothing to buy. Take your registration certificate or any document proving legal ownership of your car to any Plymouth dealer. Register on the entry blank the state license plate number of your car, its make, model and year.
- Fill in on the drawing of the standard Push-Button drive selector the designations of the push buttons in the proper locations. These designations are: "N" for Neutral, "L" for Low, "D" for Drive and "R" for Reverse. This must be done completely and correctly for you to be eligible for drawing of winners.
- Enter your name and address where indicated on the entry blank and have your entry signed or otherwise validated by a Plymouth dealer or salesman. Place your entry in official contest entry box.
- Winners will be selected by the American Mailers and Brokers, an independent judging organization. Winners will be required to answer correctly a simple quiz on safe driving in order to receive their prize. Decisions of the judges will be final.
- All entries become the property of Plymouth Division of Chrysler Corporation and none will be returned. Plymouth and its advertising agencies will not enter into correspondence with any contestant, except winners.
- Contest opens at beginning of dealer's business day, May 25, 1956. Entries must be placed in entry box before close of dealer's business day, July 14, 1956.
- Winners will be notified by mail by September 14, 1956. Names and addresses of winners will be posted in Plymouth dealerships. Prizes will be awarded at Detroit, Michigan.
- Contest subject to all Federal, State and local regulations.

LAST DAY OF REGISTRATION OF THE QUALIFIED ELECTORS OF PLYMOUTH COMMUNITY SCHOOL DISTRICT OF WAYNE AND WASHTENAW COUNTIES, MICHIGAN

TO THE QUALIFIED ELECTORS OF SAID SCHOOL DISTRICT:
 Please Take Notice That the Board of Education of Plymouth Community School District, Wayne and Washtenaw Counties, Michigan, has called the Annual Election to be held in said School District on Monday, June 11, 1956.

Part II, Act 269 of the Public Acts of 1955, "The School Code of 1955, Revised," provides as follows:
 "Chapter 8, Section 532. The inspectors of election at any annual or special election shall not receive the vote of any person residing in a registration school district whose name is not registered as an elector in the city or township in which he resides . . ."

THE LAST DAY ON WHICH PERSONS MAY REGISTER WITH THE APPROPRIATE CITY OR TOWNSHIP CLERK IN ORDER TO BE ELIGIBLE TO VOTE AT THE ANNUAL ELECTION CALLED TO BE HELD ON JUNE 11, 1956, IS FRIDAY, JUNE 1, 1956. PERSONS REGISTERING AFTER 5:00 O'CLOCK P.M., EASTERN STANDARD TIME, ON THE SAID FRIDAY, JUNE 1, 1956, ARE NOT ELIGIBLE TO VOTE AT SAID ANNUAL SCHOOL ELECTION.

Under the provisions of Act 269 of the Public Acts of 1955, "The School Code of 1955, Revised," registrations will not be taken by school officials and only persons who have registered as general electors with the appropriate clerk of the city or township in which they reside are registered school electors. Persons planning to register with the city or township clerks must ascertain the days and hours on which the Clerks' Offices are open for registration.

This Notice is given by order of the Board of Education of Plymouth Community School District, Wayne and Washtenaw Counties, Michigan.

Ether L. Hulsing
 Secretary, Board of Education
