

Annexation Petition Ruled Invalid

5 Compete In Monday's School Race

Two winners and three losers will emerge from the board of education election as residents of the Plymouth Community School district enter the polling booths next Monday to select two men who will serve for the next three years.

Voting will start at 7 a.m. and will end at 8 p.m. at the high school, the only place where voting will take place.

Paper ballots will be used instead of machines. It is hard to estimate how many of the 7,000 to 8,000 registered voters will bother to cast their votes, but if the past few years are any indication, fewer than 18 per cent will appear. Last year there were 374 casting their ballots. Two years ago there were 382.

The five men seeking the two vacancies are Carl Caplin, Horton Booth, Robert James Mitchell, Austin Stecker and Lester Upton.

There will also be one proposition on the ballot which has been endorsed by the board of education. It asks that one-tenth acre of land behind Starkweather school be traded for an equal amount of land owned by David Mather. The transaction will "square off" the two properties. Although the amount of land involved is small, any land sale or trade by the school needs the vote of the public.

Absentee ballots are now available at the superintendent's office for those having good reasons why they will not be available to vote. This reason must be listed on an application blank.

Like other school board elections which are non-partisan, this one has been conducted in an atmosphere of calmness. Caplin and Booth are incumbent candidates and both state that they want to complete the building program they have started. Stecker and Mitchell both have been endorsed by citizens committees in Plymouth and Canton townships. Upton has the endorsement of the Parkview Circle Homeowners association.

To acquaint readers with the candidates, The Mail has asked each to answer the same questions concerning their personal lives and two questions concerning the jobs they seek. The two questions are:

1. Why do you believe you are qualified for the board of education?

2. What would you like to see accomplished in our school system?

In alphabetical order, their sketches follow:

State, Federal Men Support Airport Issue

State and federal aeronautics officials and representatives of area industries were invited to a meeting Tuesday night to discuss the proposed Plymouth city airport, but most of the audience participation came from those living in the vicinity of the airfield who told why the airport should not be there.

About 75 people attended the meeting held in the high school auditorium with perhaps a fourth of them interested in opposing the purchase and expansion of Mettetal airport in Canton township. Purpose of the meeting was to secure pledges from industries for the purchase of \$500,000 worth of bonds, but no offers were heard during the course of the evening.

Lester Andrews, chief engineer of the Michigan Department of Aeronautics, and L. D. Hays of the Civil Aeronautics Authority, were two of the speakers, both stressing that an airport is needed in the Plymouth area.

"The City of Plymouth seriously needs a good airport—whether it remains at the present site or at a different site, doesn't make any difference," Andrews told the audience. "There are a few who object, but there are many others who recognize what it will mean to their community," he added.

Hale said in his talk that it is not unusual that a public utility, such as an airport, get objections. The federal government has said that an airport is necessary here, have recognized the need and are willing to go along with its development.

With City Commissioner Harold Guenther, chairman of the airport committee, the evening's speakers also included Mayor Russell Daane, City Manager Albert Glassford, Frank Lodge and Cass Hough.

Mayor Daane introduced the airport plan by explaining that this is the last chance for an airport in this community unless there is costly land acquisition in future years when the need for an airport is more plainly seen.

Glassford undertook the job of explaining the financing arrangement; that \$500,000 in bonds will need to be sold and the land purchased before state and federal agencies will match funds. He quoted J. Dean Stanley, financial consultant, as saying that the airport project will be "a good financial project." Bonds sold will not create an obligation upon the taxpayers.

The owner of a parcel of property needed for the airport, Donald Schmidt, 7639 Lilley road, asked about condemnation proceedings (which apparently will be needed to secure his property.)

Mrs. John Schwartz, who lives across from the airport on Lilley road, told about two plane crashes near homes last summer in which several fliers were killed. "Can you guarantee that our homes will not be hit?" she asked the committee.

Chairman Guenther said that no guarantee could be made against an airplane in flight. But Frank Lodge, operator of the Aerial Survey corporation, pointed out that a "Yield Right of Way" sign along Blanche street from Sunset through Adams.

Deadline Near In Father Contest

Plymouth children under 17 have until Monday at 5 p.m. to make a big hit with dad and pick-up a \$25 savings bond for themselves.

All the local small fry have to do to win the bonanza is complete this sentence in 25 words or less: "I believe my father should be chosen Plymouth's Father-of-the-Year because..."

The annual Chamber of Commerce Father of the Year contest is open to any youngster whose parents have a Plymouth mailing address. Entry blanks may be obtained from any of the participating merchants who are offering the host of prizes to the winning father. All entries must be mailed or brought to the Chamber of Commerce office, 455 South Main street, by 5 p.m. Monday, June 11.

In the first contest Mac Donnelly, 550 Sunset, was Plymouth's Father of the Year, while last year Clarence Bolin, 958 Starkweather, won the honors. Next week The Mail will carry the picture of the father who on Sunday, June 17, Father's Day, will reign as "top pop of Plymouth."

Here's How to Get 'Bugs' Out of Car

It looked like curtains for someone last Friday morning when a student enroute to high school noticed a car parked off Fralick avenue with a hose running from the exhaust through a window. So he ran to the police station to report the apparent suicide.

Police Chief Kenneth Fisher and Patrolman Louis Westfall sped to the car parked in the lot of the Plymouth Replacement Paris company. "I sure thought we had a stiff one when I saw that car," the chief later declared. The motor was running and rags were stuffed around the vent window where the hose went through to prevent leakage.

But a look inside the car revealed nothing. Going to the firm's office, one of the owners claimed the car and offered a simple explanation. He was merely trying to exterminate some cockroaches which had invaded his vehicle.

Practice Session Mishap Destroys Fireman's Eye

A Plymouth township volunteer fireman suffered the loss of his right eye Monday evening as a result of an accident while taking part in a department practice session in Riverside Park. He is Vincent Pellerito, 11403 Melrose, Livonia.

He was one of three volunteer firemen working with a 250-pound pressure hose when suddenly the hose whipped out of the men's grasp. The pressurized stream of water reportedly struck Pellerito in the face, destroying his eye.

The two men working with him, Bill Lenaghan, 9328 Rocker, and Ernie Honke, 9271 Elmhurst, suffered bruises of the face and legs. Both were treated and released.

Pellerito was taken to the office of Dr. A. C. Williams here and then rushed to University hospital in Ann Arbor. The eye was removed by surgery.

The difficulty of handling the high pressure hose on the wet ground, made slippery by water, contributed to cause the accident.

Township Fire Chief Howard Holmes said that the mishap occurred so suddenly that it was difficult to relate the event.

A volunteer for about four and one-half years, Pellerito is covered by workman's compensation. He recently moved to the address on Melrose from Green Meadows subdivision. He is married and has two children.

The accident occurred about 7:30 p.m. in Sycamore drive in the park. Pellerito was one of 14 or 15 firemen taking part in the practice. There was one truck involved.

New Street Signs Appear in City

Something new in the way of street signs appeared in Plymouth last week when the police department erected "Yield Right of Way" signs along Blanche street from Sunset through Adams.

The state legislature recently authorized the use of "Yield Right of Way" signs in Michigan in accordance with the revised standards adopted by the Institute of Traffic Engineers, the National Committee on Uniform Laws and Ordinances and the American Association of State Highway Officials.

Chief of Police Kenneth Fisher states that a "Yield" sign means that the driver need not come to a complete halt, such as for a "Stop" sign, but that caution is necessary and that vehicles on the intersecting street have the right-of-way.

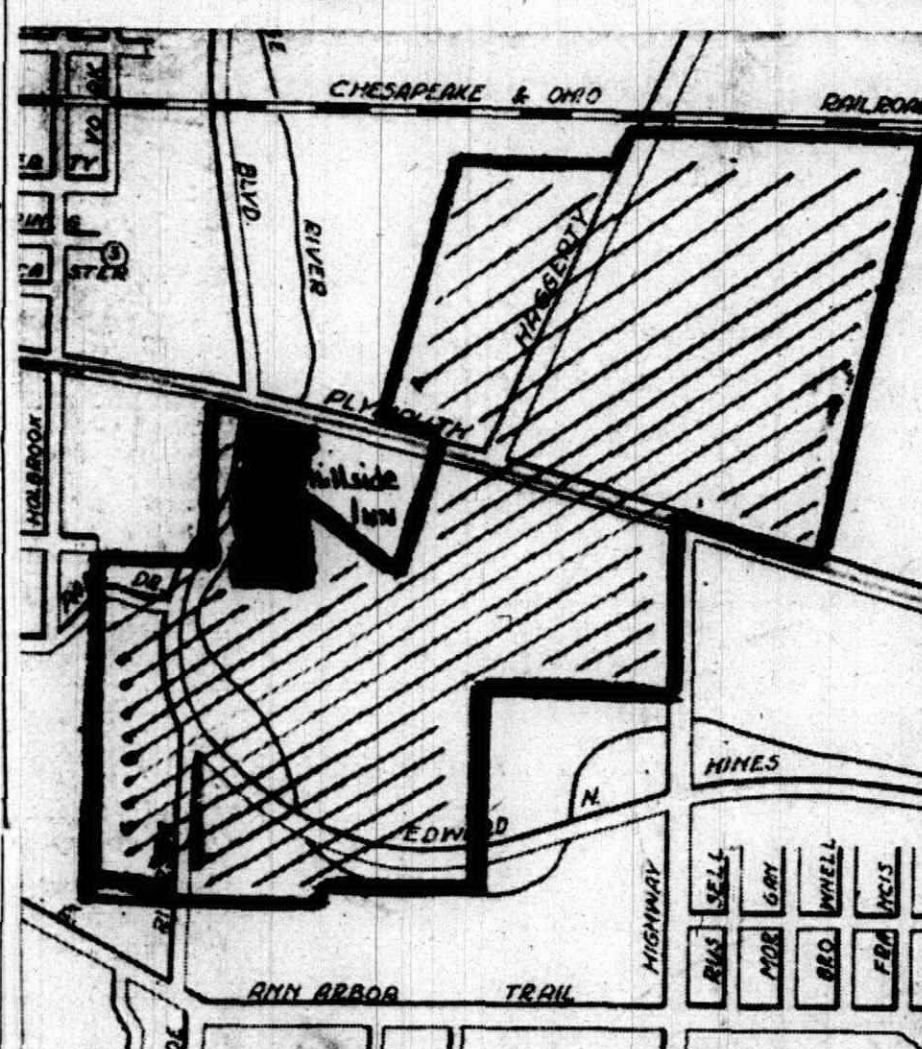

The sign is triangular in shape and has black letters on a yellow background. If the signs prove satisfactory, the chief says, they may be used at other unmarked intersections.

Local Meet to Attract Four Hundred Archers

Four hundred archery enthusiasts will compete Sunday at the Wayne County Conservation Association club on Joy road in a state invitational meet sponsored by the local group.

The bow and arrow experts will begin shooting at 8:30 a.m. with competition continuing all day on the 54-target range. Trophies and special awards will be presented to winners. Most of the state's leading archers are expected to compete, according to James Turk, chairman of the event.

City Moves to Submit 'Corrected' Plan; Burroughs States Opposition More Firmly

AREAS INCLUDED in the annexation issue are outlined here with the unrecorded land shown in solid black. Area north of Plymouth road is Burroughs corporation.

Parents Oppose New School Lines

Plymouth school board meetings are generally held in the comparatively small and quiet confines of the home economics room in the high school.

This was all changed Monday evening as an on-rush of visitors sent school board members scurrying for additional chairs and the wider spaces of the second floor library.

Seventy-five disturbed parents claiming "squatters' rights" turned out to inform the board that they wanted no part of the proposed re-division of Plymouth's school districts.

As the dust cleared, the parents, nearly all from the northwest section of Plymouth township, won the appointment of a study group which Superintendent Russell Isbister stated must come up with an alternate plan within two weeks.

Changing of the schools' boundaries came about in recent weeks and was proposed for next year when the new James Gallimore elementary school will be open. To place 441 children in the new school, 175 would be moved from Allen, 86 from Bird, 128 from Smith and 52 from Bartlett if it is possible to close the latter school. The new western boundary for Bird and Smith schools would be a line connecting Canton Center road and Ridge road. Children west of this line would go to Gallimore.

As chairman of the meeting School Board President Carl Caplin explained that all five elementary schools would be filled to capacity next year. He said that the proposed boundary change was made so as to move as few pupils as possible and keep each school near the ideal size.

Most often voiced complaint by parents present at the meeting was that small children riding the buses to Bird school must rise early and stay on the buses long periods. Under the proposed division they would have farther to journey and would "actually pass two schools enroute to Gallimore," stated one parent.

Ralph G. Lorenz, 45885 Ann Arbor trail, asked "Why should we move our children for new corners? We have squatters' rights." Mrs. Lorenz added that "10 years ago we voted to double or triple our taxes to be a part of the city school district so that our children could become acquainted with the city."

Issue 55 Tickets In City 'Dognet'

We hate to say "we told you so" but there would be 55 happy dog owners in the city today if they had heeded warnings that tickets would be issued for those dogs not having new tags by June 1.

The police department's "dognet" covered the city Monday and Tuesday. In a house-to-house survey, 55 tickets were issued to owners who had neglected to license their canines.

Plymouth township also had a deadline of June 1 but they gave delinquent owners 10 days of "grace" this week when they wrote cards to those who bought tags last year but have not shown up this year for tags. The cards advise them to buy the licenses in 10 days or a ticket will be forthcoming.

Each of the city's tickets will be worth \$5. A ticket in the township means a \$4 fine.

City police will continue their search for unlicensed dogs, calling back at homes where there was no previous answer. In years past, the city dog ordinance only allowed police to issue a warning to dog owners and if they did not heed the warning, a ticket was issued. A new ordinance was enacted several months ago allowing a ticket to be issued immediately.

Because someone neglected, 31 years ago, to legally record a deed to 11.7 acres of land in Riverside park, the Wayne County prosecutor's office has ruled that the city's petition to annex Burroughs' corporation property and other land is invalid.

The key piece of property was essential to the city's having the necessary 51 percent support of its petition.

But, in a quietly-summoned meeting of the council Wednesday night, action was taken to try to file new petitions immediately with the Board of Supervisors.

Sometime Tuesday, city officials hurried through the necessary action to correct the illegal deed. On Wednesday, action began to circulate new petitions, the city hoping to obtain enough names to permit filing of new "corrected" annexation action.

The council vote was 4-1 in favor of the new move. Councilman Harry Roberts dissented and Marvin Terry and Robert Sincok were absent.

Adding to the week's developments in the annexation issue is a new statement from Burroughs which, in stronger terms than before, outlines why they are opposed to joining the city.

The legal opinion from the prosecutor's office came as a surprise since the annexation petition has not yet been presented to the Wayne County Board of Supervisors. Furthermore, it appears that the board will not get the petition until next fall unless a special session can be secured.

Although Burroughs corporation had also learned the prosecutor's opinion, they issued a new statement yesterday which reaffirmed their previous opinion about the annexation. Robert A. Niemi, general manager of the Plymouth division, Burroughs corporation, said this:

"As a corporate citizen of the Plymouth area, we recognize that we have well defined responsibilities to the community. It has always been our objective to take an active interest in matters of community welfare, economic health and cultural progress.

"During the annexation controversy in 1955, we were convinced that consolidation of Plymouth township into the city of Plymouth would not have been in the best interests of township residents. The overwhelming vote against annexation on November 1 has borne out this opinion.

"Therefore, we believe that it is not only reasonable but our responsibility to oppose annexation of all or part of the township to the city of Plymouth at this time for the following reasons:

(1) We sincerely believe interests of the Plymouth Township community would be better served with its present form of government until the services of a city-type government are more obviously necessary.

(2) The tremendous cost of higher taxes to Burroughs.

(3) Because township residents are overwhelmingly not in favor of such a move and to oppose the clearly expressed desires of our own community would certainly not be in the interests of good corporate citizenship."

Hobart Taylor is the prosecutor's assistant in charge of annexation investigations. Copies of his opinion that he will send to the supervisors were given to attorneys for the city and Burroughs corporation Monday and later released to The Mail.

Boiling down the legal terminology of the two-page document, Taylor states that "We, therefore, recommend that the board of supervisors disapprove this petition and that no further action be taken with respect thereto."

The technicality that snagged the city's petition was an area of 11.7 acres in what is now Riverside park. Taylor said that Frank and Helen Shattuck were owners of the land when it was to be conveyed to the city in 1926. He added that apparently someone in the city government pigeonholed the deed and that it was never recorded with the county.

In 1929, the city gave the county a 99-year lease on the property for use as a park.

Law provisions that of the 238 acres of land under consideration, petitioners must hold record legal title to more than half of the property. Included in the petition besides Burroughs property was the Riverside park land, Riverside cemetery and land owned by Garling Realty.

Since the Shattuck land was never recorded and cannot be conveyed toward the 51 per cent needed, the petition was declared invalid.

It was learned by The Mail that not only must an annexation petition lay 30 days before being presented to the board of supervisors, it cannot be presented during the current session unless a special meeting is called. To call a special meeting a supermajority on January 1.

Wyandotte Ceremony Unites Carl Pursell, Peggy Brown

One of the season's loveliest weddings took place in the First Baptist church of Wyandotte, Saturday, May 26, at 7:30 in the evening when the Reverend Robert Leitz united in marriage Robert Jane Brown of Wyandotte and Carl Daune Pursell of South Main street Plymouth. The bride is the daughter of Mr. and Mrs. Homer Brown of Wyandotte. Mr. and Mrs. R. Roy Pursell of Plymouth are the parents of the bridegroom.

The bride entered the church on the arm of her father. She wore a ballerina-length gown of white nylon lace over satin, which was scalloped at the neckline and hem. She carried a white Bible with white orchid and stephanotis. A crown of pearls and rhinestones held her elbow-length veil.

Evelyn Brown, sister of the bride served as maid of honor, and bridesmaids were another sister, Janette, and a friend, Edith Meeks. They wore shell pink organdy dresses with matching crowns and carried rubium lilies surrounded by stephanotis. The bride's mother wore a navy dress with pink accessories and corsage of white and pink carnations, and the bridegroom's mother, a pastel blue gown with pink accessories and corsage of the same floral arrangement.

Mrs. Eleanor Grapentine, church soloist, sang "Through the Years" and the "Lord's Prayer" during the ceremony. A reception for over 200 guests was held at the Masonic Temple hall. The head table was decorated with flowers, centered with a five-tier wedding cake. An orchestra was provided for dancing.

Mrs. Carl Pursell wore for her going-away costume a gold suit with matching accessories. They visited with Mrs. Roy Pursell's sister and brother while vacationing at Niagara Falls, Ontario. The couple are residing at 13185 Superior avenue, Wyandotte.

Norma Bloomhuff Becomes Bride at Methodist Ceremony

Norma Jean Bloomhuff became the bride of Jesse J. Underwood at a ceremony held in the First Methodist church of Plymouth on Tuesday evening, May 29, at 7:30 o'clock.

Parents of the bride are Mr. and Mrs. Orval Bloomhuff of 294 West Ann Arbor trail. The bridegroom is the son of Mrs. C. A. Wheeler of Fulton, Mississippi and Lloyd Underwood of Ty-Ty, Georgia.

For the rites, the bride wore a princess-styled, white crystalline gown with bodice of rose-pointe lace and ballerina-length skirt panelled with rosepointe lace applique in scroll motif. A band of flowers secured her shoulder-length veil of illusion, and she carried a white Bible on which lilies of the valley and stephanotis surrounding an orchid were centered.

The bride was given in marriage by her father. She approached the altar decked with white gladioli, carnations, stock and lighted tapers for the ceremony. The rites were performed by the Reverend Melbourne I. Johnson, Mr. Grant Beglarian was organist.

Sylvia Burden, maid of honor, was gowned in an aqua frock of taffeta, with fitted bodice which was trimmed with matching aqua alencon lace. She carried a colonial bouquet of yellow daisies centered with yellow roses. A hand of the yellow flowers composed her headpiece. She wore a pearl choker, gift of the bride.

Rose-colored crepe dresses with white rosebud corsages were worn by both mothers.

Odin Stivener assisted his cousin as best man. Robert and James Bloomhuff, brothers of the bride, seated the guests. The reception, held at the Veterans Memorial center, was attended by 125 guests from Detroit, Wayne, Romulus, Northville, Capac, Michigan City, Indianapolis.

MOMS News

The local unit, Mom's of America, Inc., will have their next business meeting Monday, June 11, at 8 p.m.

Those attending the National Convention at Niagara Falls, N. Y. were Mrs. Mildred Kushler, delegate; Mrs. Mildred Hewer, Mrs. Hazel Norgrove and Mrs. Rose Smith. The ladies of the convention were guests one afternoon at the Veterans hospital in Buffalo.

Mrs. Mildred Kushler and Mrs. Anna Bartel served hot chocolate and homemade cookies to the boys on the T. B. wards at the V. A. hospital on Decoration Day. Our sincere sympathy to the family of the late Raymond Eaton.

Social Notes

Mrs. Margaret Hough entertained the following guests at supper Sunday evening in her home on Ann Arbor trail: Mr. and Mrs. C. E. Logan, Mr. and Mrs. Neil Bowen, Dr. and Mrs. Henry J. Walch, Mrs. Emily Reid, Mr. and Mrs. Sterling Eaton of this city and Dr. and Mrs. Wesley Reid of Detroit.

Mr. and Mrs. Lincoln A. Lantz of Union street will have as their dinner guests Sunday, Dr. and Mrs. Edward Norbury of Brighton.

Cynthia Eaton was home from the Michigan State university over the week-end and Randy Eaton also spent the week-end at home coming from Cranbrook school.

Mr. and Mrs. Wilbur Kincaide on Rocker drive have as their house guests, her parents, Mr. and Mrs. Wesley B. Orr of La Feria, Texas, who are visiting them for a few weeks before going north for the summer.

Mr. and Mrs. Ralph J. Lorenz were house guests part of last week at the summer home of Mr. and Mrs. M. C. Gunsell of Northville at Sandy Point on Lake Huron.

Gustaf Lundquist is recuperating in his home on Auburn from a recent operation performed at St. Joseph hospital in Ann Arbor.

Randy Eaton leaves Monday with a group of Cranbrook students and their Spanish teacher, Julius Carubia, on a six weeks' trip to Mexico.

Massarello-Hornback Wedding At Our Lady of Good Counsel

Altar bouquets of white carnations, white gladioli and lilies of the valley formed a decorative setting at Our Lady of Good Counsel church Saturday morning, June 2, at 10 o'clock for the marriage of Paula Massarello to Eugene Hornback, performed by the Reverend Father Francis Byrne.

Parents of the couple are Mr. and Mrs. Jack Massarello of 276 Union street and Mr. and Mrs. Karl Hornback of 43944 Shearer drive.

Given in marriage by her father, the bride wore a gown of white chantilly lace and nylon net, its floor-length full skirt terminating in a train of matching lace and net. A half-cap held her finger-tip veil of net, and she carried a bouquet of white carnations and pink sweetheart rosebuds.

Janet Christensen, maid of honor, was gowned in a yellow nylon street-length dress with picture hat and shoes of the same shade. She carried dark pink carnations.

Bridesmaids were Jane Massarello, Eunice Atkinson and Patricia Caska, wearing, respectively, pink, green and blue nylon street-length gowns with matching picture hats and shoes. Gerald Klinske was best man, with Wayne Hornback, Robert

Louis and Richard Hessler as ushers for the nuptial ceremony. Mrs. Felix Cyk was organist. Selections were the Wedding March and Nuptial High Mass.

For her daughter's wedding Mrs. Massarello selected a blue nylon lace dress with navy and white accessories, while a pink and gray lace nylon dress with pink accessories was the choice of the bridegroom's mother. Each wore a corsage of pink roses and white carnations.

A wedding breakfast was held at Hillside Inn at 12 o'clock for members of the immediate family and relatives. Attended by approximately 60. At 7 that evening a reception for 200 guests followed at the Knights of Columbus hall.

For going-away, the bride wore a gold and green print, silk shantung sheath dress with brown coat lined with matching print, brown accessories and green orchid corsage. A tour of upper Michigan was planned by the newly-weds, who will reside on Schoolcraft road in Plymouth upon their return.

The bride graduated from Ladywood high school, Livonia in 1955 and is employed at the Plymouth branch, National Bank of Detroit. The bridegroom, who attended Plymouth high school, works at the Ford Transmission plant in Livonia.

Large Crowd Attends Memorial Program

Sunny weather and a crowd of over 1,000 people helped make Plymouth's Memorial day observance one of the most successful in recent years.

The mid-week holiday honoring the war dead also proved to be one of the safest in the community, as well as in the nation. There were no serious mishaps on area highways, presumably because few wanted to travel far during the day.

Bad weather had cut crowds during recent Memorial day events here but last Wednesday's skies were clear and sunny. Events got underway at 9:20 a.m. when the Navy Mother's club held a brief service at the River Rouge bridge on Plymouth road to honor the Navy dead.

An hour later, the parade moved south on Main street from Main and Mill toward Kellogg park, site of this year's

Me" in honor of Raymond Eaton, a member of the graduating class who died the day before.

Mayor Russell Daane was master of ceremonies for the program. Among his introductions was the communities only known Spanish-American war veteran, Colonel Edward T. Miller, 929 Penniman avenue. Colonel Miller moved to Plymouth from Ohio.

The Reverend Henry Walch, D. D., gave the invocation. The program also included the playing of the National Anthem, reciting the Pledge of Allegiance by the assembly and the recitation of "In Flanders Field" by David Tillotson. Miss Lovewell's address was followed by a solo by Nat Sibbold, "There is No Death" and the benediction by Reverend Father Francis Byrne.

Many of the crowd of spectators were touched by a brief ceremony in front of the Schrader funeral home where the high school band halted, faced the home and played "Abide with

The ceremony was closed by the laying of the wreath by Explorer Scouts, the volley fired by the V.F.W. drill team and taps played by John Gaffield.

Heads of the various organizations introduced were: Albert Holcombe, commander of the Passage-Gayde post, American Legion; Melva Gardner, president of the Legion Auxiliary; Ray Danol, commander of Mayflower post, Veterans of For-

ign Wars; Helen Bowring, president, V. F. W. Auxiliary; Mrs. Erna McLean, Navy Mothers; Mrs. Adolph Kusner, Mom's club; Albert Groth, Ex-Servicemen's club; Mrs. Claude Cruse, Daughters of American Revolution; Mrs. Thomas Gardner, Ex-Servicemen's Auxiliary; Gerald Olson of the V. F. W. was this year's parade marshal, assisted by Albert Holcombe of the Legion.

Text of Miss Lovewell's Memorial Day Address

Somewhere out there where the skies are blue and the sun is always shining is a town called Youth. There, merging with many millions of others are 37 boys called Plymouth. We pause today to say:

We are grateful. We do miss you. We do love you, but we thank God for you.

The speaker can close her eyes and see all but four of them seated in her classroom. That many times her heart was hurt; that many times were families wounded. Time will never know the loss. Boys out there—we owe you much. You closed another door. It has been closed before. We open the door to friendship; close them to foes.

We hope to build as the swift seasons roll a fortress made of white blossoms and over its arch in golden letters, "Peace." Please God, send us this in our time. This we owe to them.

If we carry on we first must trust each other. We must win many more victories. We must learn to live together here in Plymouth. We must make this community one where youth is secure, not by our voice, but by

our actions. Fathers, why not set a better example? Mothers, why not make a better home?

Petty bitterness and selfish desires shall have no place in a town that gave so much. They won their victory as all death does. We fail if we do not carry on. Plymouth can be a center for good homes, not slums; education that only the best can be taught; teachers who teach not for meal tickets but share their experiences and knowledge.

Homes Sold

Dr. and Mrs. Walter Hammond have purchased the Earl Russell home at 1312 West Maple and have sold their previous home at 302 Sunset to Mr. and Mrs. Merle Huntington. The Russells are planning to build a new home in Plymouth Colony.

Mr. and Mrs. Dennis Sabo and three children, Douglas, Ricky and Davis of Lilley road were in attendance Sunday at the Michigan annual music festival held in the Olympia in Detroit when their nieces, Donna and Lois Ryan, of Detroit, took part.

Homeowners Plan Rummage Sale

Plans for a rummage sale this Friday were made by the Parkview Circle Homeowners association at their regular monthly meeting held last Friday night at the home of Mr. and Mrs. Ernest F. Wilson, 250 Garling drive.

The public sale will be under the carport at the home of Mr. and Mrs. Robert Fitzner, 625 Parkview drive. Members will have all types of household goods and miscellaneous items to sell. The sale will be held throughout the day.

Mrs. Jack Ruland was named chairman of a committee to secure prices for American flags which the membership can buy. It is the hope that each household will fly a flag on holidays. Information forms were distributed from which a directory of members will be compiled. The directory will contain information about the family and interests of each member. William Stang is chairman of this committee.

Members were also reminded that Monday, June 11 is election day and that the organization's treasurer, Lester Upton, is a candidate for the board of education. Three members have been appointed by the Weather Bureau as tornado spotters. They are Jack Ruland, Ernest Wilson and Joseph Quinlan.

Refreshments were served and games played at the close of the evening. Next month's meeting will include a picnic on the lawn of the Fitzners starting at 8 p.m.

Honoring Mrs. John Sunderman last week Mr. and Mrs. Charles McConnell entertained at a pot-luck dinner in their home on Harvey street with members of their Monday 500 club and their husbands present.

4-H Club to Sponsor Junior Horse Show

Plymouth 4-H Bridle club under the leadership of Mrs. Leona Hull will sponsor a horse show open to junior equestrians, age 21 and under, on Sunday, June 17, from 10 a.m. to 6 p.m. at the Belleville 4-H Fairgrounds. Proceeds will go towards completing the horse barns at the fairgrounds.

Approximately 100 entries are expected for the show, nearly 30 of which will be represented by the local 4-H club. Grandstands

will be available for spectators who will be admitted at small admission charge.

Entries are still being accepted for the show. Junior equestrians interested should contact Mrs. Richard Erdelyi of Plymouth.

Mr. and Mrs. Walter Ash and daughter, Donna, of Dewey street, attended the Michigan annual Music Festival at Olympia Sunday afternoon in which the Ash's niece Lorraine Ash of Redford participated.

RECALLING that all but four of Plymouth's 37 World War II dead were members of her classes, Miss Neva Lovewell, high school teacher, is shown above delivering the Memorial day address in Kellogg park. Below is the V.F.W. firing squad firing a volley honoring the Navy dead at a ceremony held at the Plymouth road bridge. The Navy Mothers club conducted the program.

FEDDERS

World's Biggest Manufacturer of Room Air Conditioners

breaks the wiring barrier—

amazing new ¾ hp air conditioner runs on regular house current without costly rewiring... uses 40% less electricity

For thousands of homes and apartments that have been barred from enjoying air conditioning by inadequate wiring, here is big news: This new full-size Fedders ¾ Air Conditioner puts 40% less drain on overloaded electric lines... operates at full efficiency on regular house current without special rewiring.

If you've been tempted to try an inadequate ½-ton air conditioner because your wiring cannot accommodate a full-size ¾ unit... don't! This new Fedders model gives you 50% more cooling than a ½ air conditioner from the same amount of electricity... and without the bother and expense of installing new electric lines.

Model 688J Supreme. Built in thermostat and every deluxe Fedders feature, of course.

Your FEDDERS IS AN INVESTMENT that pays dividends in Comfort, Health and Vitality year after year

BY THE WORLD'S LARGEST MANUFACTURER OF ROOM AIR CONDITIONERS

Even if the wiring in your home can accommodate a ¾ hp air conditioner, the amazing new Fedders Supreme is still your wisest choice. Provides full-size ¾ hp cooling on 40% less electricity than standard models. Pays for itself in extra savings.

So don't fall for those cut prices on obsolete "fuse-buster" air conditioners if you have a wiring problem. You can't buy a better air conditioner... can't install it cheaper... can't operate it for less than the new Fedders Supreme.

Flag Day Observance Urged Next Thursday

Although there will be no public ceremonies in Plymouth an appeal is being made by veteran organizations to the public urging them to fly the American flag on Flag day next Thursday, June 14.

That will be the 170th birthday of the stars and stripes. Business establishments and private citizens are being asked to display the flag.

"We who live under that flag, enjoying the God-given freedom it symbolizes, certainly should be proud and eager to display our flag on its birthday," it was stated by chairmen of the American Legion, Americanism committee, Fern Burleson and Barney Kot. Similar pleas were heard from other organizations.

It was on June 14, 1777 that the Continental Congress adopted resolutions designating that "the flag of the United States shall be 13 stripes, alternate red and white, and that the union shall be 13 stars on a blue field to show a new constellation."

Lions General Manager Addresses Kiwanis Club

Detroit Lions General Manager Nick Kerbawy took Plymouth Kiwanians behind the scenes of professional football Tuesday night and immediately stamped the newly acquired "Hopalong" Cassidy as the "nearest thing to Doak Walker I've seen."

Despite the poor showing of the Lions last season, Kerbawy was high in his praise for the team saying "injuries and disappointing performances by rookies" were the chief reason for the team's failure.

Kerbawy could not say enough for the Lions' colorful halfback, Doak Walker, who he termed sensational on the field and at the box office. "His great appeal in the southwest did much to establish the Lions as an exhibition attraction and he has already been missed," said the general manager. Kerbawy opened his informal talk to questions before showing color movies of the highlights of last season's Lion games.

C. L. Porter, program chairman, introduced Kerbawy. Next week the speaker will be Ensign Tom Benson, former Plymouthite, and recent graduate of the U. S. Naval Academy.

Mr. and Mrs. Sterling Eaton are attending the National Editorial association convention this week-end in Louisville, Kentucky. Mr. Eaton is the Michigan director of the association.

THIRTY-FIVE accordion students of Jerry Hoelscher presented a recital Monday evening at the high school auditorium as a climax to their year's study. Pictured here are Hoelscher (left) and a few of his pupils with accordians. Hoelscher has studios at 44736 Joy road.

CANDIDATES FOR DEGREES at the University of Michigan this month include two Plymouth residents. They are: Roger Kidston, 1107 West Ann Arbor trail, and Kurt Hoenecke, 261 Spring street. U-M commencement ceremonies will be held Saturday, June 16. For information concerning Plymouth graduates of Michigan State university this month see section three.

OBITUARIES

Mrs. Vesta Isabelle Allen
Following a three week illness, Mrs. Vesta Isabelle Allen, 37624 Ann Arbor trail, Livonia, died Tuesday, May 29, at the U. S. Public Health Center hospital in Detroit. She was 64.

Funeral services were held at Our Lady of Good Counsel church in Plymouth on Friday, June 1, with the Reverend Francis Byrne officiating. Interment was at Holy Sepulchre cemetery.

Pallbearers were Walther Allen, Donald Allen, Carl Savage, Robert Savage, Melvin Savage and David Savage.

Surviving the late Mrs. Allen are: two daughters, Mrs. Gladys Kisabeth of Wayne and Mrs. Sarah Buckett of St. Clair; two sons, Bernard and Corliss of Livonia; three sisters, Mrs. Vera Neir of Ypsilanti, Mrs. Grace Pruitt of Miami, Mrs. Sara Lezotte of Rockwood; and one brother, Roland Savage of Detroit. Also nine grandchildren.

The deceased was born September 24, 1891, in Belleville, the daughter of Arthur and Sarah Jane Winter Savage. She was wed to Arthur Allen on January 8, 1912. Her husband preceded her in death. The late Mrs. Allen came to Livonia from Detroit with her husband in 191. She was a member of Our Lady of Good Counsel church here.

insurate with the service they render (and because they give more of their time and talents than other comparable groups, they should be paid more than any other such group.) This scale of pay can be reached without raising taxes if we keep our present favorable tax balance. And, by the harmonious working together of our various municipal governments and organizations, this tax balance can be maintained.

Horton Booth, Jr.

Now vice-president of the board, Horton Booth, Jr. lives at 1125 Sheridan avenue and is a sales representative for the American Thread company. He is 41 years old. Booth graduated from Amityville, Long Island high school, Polytechnic Preparatory Country Day school in Brooklyn and Union College in Schenectady, New York. He is the father of two daughters, Jacqueline, a junior, and Barbara, an eighth grader. He is a member of the Methodist church and Kiwanis club.

1. I believe I am qualified for the board of education as I have had several years of close association with the Plymouth Community Schools, first as a member of the P.T.A., secondly as one of the charter members of the School Community Planning group and presently completing three years as a board member. I should like very much to follow through on the building program started during my last three years and realize the completion of our present elementary and junior high schools.

2. I should like to see our school building program speeded up to the point where we can offer each child a classroom in which there would be approximately 30 children, and to release the libraries and gymnasiums to the purpose for which they were planned.

I should also like to see an adoption of some form of merit pay plan for our teachers, particularly to attract and promote career teachers.

Robert James Mitchell

A resident of 12075 Amherst court, James Mitchell is personnel director of Barnes-Gibson-Faymond division. At 25, he is married and has one child. Mitchell was a graduate of Michigan State university in 1952 and is a member of the Masons, past chairman of the Junior Achievement area committee, the American Management association, High-12, Plymouth Chamber of Commerce and Plymouth Theatre Guild.

1. I feel that I am qualified to hold and execute the responsibilities of membership on the board of education for the following reasons: My training in industry has made me recognize the value of decisiveness—decisiveness based on a sound evaluation of factual information. I have also recognized the incon-

sistency of human behavior and have been able to converse and solve problems of both individuals and groups. But the real challenge of qualifications is the ability to manage the administration of large sums of the taxpayers' money. I feel that in this respect I am also well qualified. 2. I feel that there are three areas in which the school board should concentrate its efforts. These are: 1. expansion of the existing school facilities; 2. a consolidation of effort to improve the present school district; 3. to stop expansion of geographical area. The present school buildings, particularly the elementary schools, Bird, Smith, and Allen, were originally designed and built so that they could be added to if more room was needed. This was good planning and should be used from the sound dollar and cents point of view.

Effort should be made to look at the problems confronting the school district and decisions arrived at based on a sound evaluation of all factual information relating to the problem. If the tax paying public is going to get the best education for the money they pay, there can be no favoritism shown on the part of the board, particularly with respect to making public statements on political issues. My third point, to stop geographical expansion, is very important. It comes down to very simple but cold facts of dollars and cents. The added cost of new areas cannot be adequately met with the tax base of these areas which means that more taxes from the present district taxpayers will be needed to support them.

I feel that administering a school system is no different, in respect to money, than operating a business. You have a certain amount of money coming in and if you have more going out than coming in, it is necessary to either cut down expenses or get more money. I feel that the people in the Plymouth Community School district want the best school system rather than the largest.

Austin G. Stecker

Austin Stecker lives at 45455 North Territorial, road and has lived in the community 18 years. He attended high school in Wayne and college at Olivet. At 46, he is married and has two daughters in high school here. In 1934 he joined Ford Motor company and is now manager of the Valve plant in Northville. Stecker is a member of the Engineering Society of Detroit, the Society of Automotive Engineers, the American Society of Metals, past president of the local Optimist club and vice-president of the Plymouth Township Improvement association.

1. My experience in forward planning and in business will enable me to actively assist in the direction and formation of policy for our school system. I am accustomed to operating on a

factual prepared budget and of obtaining a full dollar's value for every dollar spent.

2. I want my children of this community to have the very best in educational facilities and a teaching staff consistent with the ability of the community to support these facilities and staff. I feel that we must consolidate and properly provide for our present greatly expanded school area. We must not seek or be petitioned into further expansion. Our school system is truly a community enterprise, fairly supported by residents, both in and out of the city—there is no need for or any place for politics in the school system or on the school board.

Lester C. Upton

Moving to Plymouth 29 years ago with his family, Lester Upton attended Starkweather school and graduated from Plymouth high school in 1936. In 1941 he graduated from the Detroit Institute of Technology as a mechanical engineer. Until last year he was chief draftsman for Gar Wood Industries and is now a draftsman with the Ford Motor company at Romulus. He is 38 years of age and owns a home at 195 Garling drive. Upton has been a member of the junior high planning committee, the School Community Planning group, First Baptist church and is treasurer of the Parkview Homeowners' association. He has three sons, Ronald in ninth grade, Allan in sixth grade and Wayne in second grade.

1. Because I have three sons in the Plymouth school system, I feel I would like to serve on the board of education. One boy is attending high school, another is entering junior high in the fall and the youngest is in Starkweather school. By being on the board I can see a way of serving my boys and the community at large, which includes people I knew as a young man and those new friends I have made during the last two years.

2. I would like to see a close fellowship between the board of education and the teachers, trying always to promote as many teachers' ideas as possible. If we would only stop to realize that our teachers spend more time with our children than we as parents do, I am sure we would want the best for them. I am in favor of the extended school year, which will increase our teachers' income if they so desire. I know that when I am allowed overtime it is a great help. I will also try to see that each school is given an equal share of supplies. We want our boys to be proud of graduating from the Plymouth school system.

Mr. and Mrs. Roy A. Fisher were hosts at a surprise birthday party on Wednesday evening of last week honoring their daughter, Mrs. Matthew Fortney on her birthday. Ten couples were present in the Fisher home in Plymouth Hills.

Parents Oppose

Continued from Page 1

quainted with city children." She pointed out that children from the northwest area would be attending school with children whom they did not know and could not play with after school. Other parents expressed the same concern that the new Gallimore school would be composed of students who lived far apart and could not easily become playmates after school. Another parent pointed out the emotional effect changing schools has on children.

Quietly agreeing with each argument and praising parents for their concern, Chairman Caplin found the break he was seeking when Robert Lawson, 47818 Powell, asked that more than one boundary plan be arranged.

Moving quickly Caplin and Isbister suggested the formation of a committee composed of parents from each school district. After the audience had departed principals from the four elementary schools named two parents to serve on the committee. They are: William Lyons and Ralph Lorenz from Bird; Mrs. Ervin Franklin and Mrs. Harry Larsen from Smith; Mrs. Russell Magraw and Gene Overholt from Allen; and William Harden and Kenneth Rosecrans from Starkweather.

The group will be assisted by Superintendent Isbister and Mrs. Kenneth Hulsing and Harold Fischer, school board members. First meeting has been called for Friday at 7:30 p.m. in the business office of the high school.

Because of the length of the meeting, the board moved to delay discussion of administrative salaries which are scheduled for a raise. An error in the electrical contracting bid submitted by Hubbs and Gilles resulted in compromise by the board and the firm. The board moved to "split the difference" with the contractors bringing the bid to approximately \$119,000, still more than \$20,000 lower than the nearest competitive bid.

Before adjourning, board members expressed concern over the delay in opening of the Gallimore school. Superintendent Isbister said that more study should be given to half-day sessions for next year. Doubt was raised that the new school would be ready for use during the 1956-57 school year, although completion date is scheduled for January 1, 1957.

A general plan for using temporary classroom facilities until the Gallimore school is ready has been discussed. Board members have reasoned that this would allow teacher and class to be together from the beginning of the term, rather than forming new classes when the school opens. Some opposition to this plan has been expressed because of the difficulty in obtaining temporary classroom space and poor facilities that most of these stand-by rooms would offer.

State, Federal

out that whereby planes take off from five short runways now, there will be one main north-south runway 3,600 feet long used most of the time with no buildings for half a mile. There will also be an east-west sod runway used when there are strong winds from those directions.

Another complaint was heard from a builder who stated that he had land east of the airport, on the south side of Joy road, on which he planned to build several hundred homes. He claimed that no one mentioned the proposed airport to him during his land dealings and that if it goes through, his land will be worthless.

Another Lilley road resident, Walter Henning, voiced his objections to an expanded airport several times during the evening, claiming that planes endanger the lives of those living in the surrounding area.

Closing the program was a talk by Cass Hough, executive vice-president of Daisy Manufacturing and for five years chairman of the Michigan Department of Aeronautics. He explained that during his term, 80 per cent of the state's airports were built or extended. In every case, he added, there were objections to the airports but that in most cases the communities have been "delighted that they have built and wished that they had done it sooner."

There were no commitments

from the industrial representatives present but they were urged to return pledges as soon as possible.

Rules Annexation

visor must circulate a petition among fellow supervisors that must be signed by at least 33 per cent. Such a procedure was needed last fall when a special meeting was called to consider the annexation of Plymouth township.

As far as can be determined, the city has no plans to call such a special meeting.

The petition to annex Burroughs and other property was filed by the city with the board of supervisor's clerk on May 2. It was signed by 164 city and 20 township residents.

Mrs. Edmund Watson of Dunn Court entertained the following guests at a stork shower and luncheon on Saturday of last week. Mrs. Neil Prieskorn of Wayne was the guest of honor. Attending were Mrs. Walter Bohme of Garden City; Mrs. Neva Rapp, Miss Jane Rapp, of Ann Arbor; Mrs. Hope Simpson, Mrs. Marilyn Lentz, Miss Bernadine Melanowski of Dearborn, Mrs. Emogene Schwartz of Livonia, Mrs. Mary Wright and Mrs. Maxine Swanson of Ypsilanti.

Annual Legion Carnival To Open Next Tuesday

Passage-Gayde post of the American Legion will bring its annual Spring Carnival to Plymouth from Tuesday, June 12 through Saturday, June 16. Commander Albert Holcombe, chairman of the event, announced this week.

The carnival will be held in a new location this year on the new junior high school site on Lilley road, near Ann Arbor road. As in the past, the Down River Shows will have a number of rides plus a large variety of games, shows and concessions. The Legion Auxiliary will sponsor a refreshment stand with the usual carnival fare of hot dogs, hamburgers and beverages.

To Open Dairy Stand

John Guettler and Emily Sue Leonard, who are to be married Saturday, will open a Dairy Freez concession stand at 1122 Ann Arbor road about June 12. It was reported this week. Guettler resides at 1182 Dewey while his bride-to-be is from Lincoln, Illinois.

The couple's business venture will feature a novel carry-out service. The concession stand will serve malts, milk-shakes and other various dairy treats.

Guettler has been employed for the past two years with Sports-Service company of Buffalo, New York, a national concession company.

Church School 9:30 and 11:00 a.m.
Beginning with Sunday, June 17, we shall have one worship service at 10 a.m. Provision will be made for babies and small children during the service, but there will be no church school. This arrangement will run until the second Sunday in September.
The annual Children's Day program will be presented in the 9:30 o'clock church service on Sunday, June 16th. We would like to call your attention to the fact that the 11 o'clock service on June 10th will be the regular church service with the children's program and with the Sacrament of Infant Baptism.

The Reorganized Church of Jesus Christ believes in an open canon of scripture. We stand in the position that if God has stopped speaking to man it is because man has alienated himself from God. We believe that God speaks today as he did in Old Testament times. Next Sunday, the morning sermon will be based on the theme "The Lord hath yet more truth and light to break forth from His word." An interesting tract can be had on this subject at the close of the service. If you are unable to attend the service write or call the pastor for your free copy.

WHRV (1000 kc) Sunday 8:00 a.m.
CKLW (700 kc) Sunday 8:45 p.m.

ONE OF THE CEREMONIES prior to commencement at Madonna college in Livonia was the crowning of the Blessed Mother on Thursday evening. Here Mary Ann Barcaak, senior, places the wreath on the statue as the court looks on. The crowning ceremony followed an impressive candlelight procession in which the graduating seniors paraded in their caps and gowns. Graduation was held Saturday at which time 29 girls received their diplomas.

FIVE PLYMOUTH residents are among the officers of the newly organized auxiliary to the Benton Parkway Barracks 267 Veterans of World War One. The group meets in the VFW hall in Northville. Pictured (back row l. to r.) are: Mrs. A. C. Carlson, Mrs. Floyd Rogers, Mrs. Charles Treadwell of Plymouth, Mrs. Ernest Wickstrom of Plymouth, Mrs. Vicent Sheline of Plymouth and Mrs. Leon Gagner. In the front row are Mrs. Elmer Hagadorn and Plymouthites Mrs. Edwin Brown, president, and Mrs. Charles Wilgues, junior vice president.

Grange Cleanings

Yes, this is Grange supper night so come on and bring a dish to share and your own table service. We must be generous with our food tonight as we have several guests, our new members who are to be obligated at this meeting.
Worthy Master John Oldenburg and Mrs. O. are visiting their daughter at Colorado Spring, Colorado for a couple of weeks. Here's hoping the weather there is more like summer than it is here.
Our "Go to Church" Sunday plans have had to be changed, so we shall have to make other arrangements. The date will be announced later.
Mr. and Mrs. Charlie Rienas were weekend visitors at her sister's home in Saginaw.
Mrs. Louise Hutton visited her daughter in Williamston last week, she is at home now.

Garden Club To Hold Potluck

The Plymouth branch, Women's National Farm and Garden association, will gather Monday, June 11, for its last meeting of the season, the occasion making the form of a potluck supper to which members' husbands have also been invited.

Mrs. George Schuman of 7095 North Territorial road is hostess for the event set for 6:30 that evening. Each member has been asked to bring a dish to pass and her own table service.

Supper chairman is Mrs. Edwin Schrader. She will be assisted by Mrs. L. R. Von Stein, Mrs. Carl Wall, Mrs. Neil A. Wick, Mrs. R. R. Williams, Mrs. Kenneth Wilske and Mrs. Edwin Zipse.

Mr. and Mrs. Phil McNulty recently returned from a six-week tour of the west and a visit with their son Phillip and his family of Pomona, California.

DON'T Replace a Furnace With a FURNACE?

when you can have air conditioning!

If you are replacing a worn-out furnace this year, this is the best time to modernize your home with year-round air conditioning. Let us show you how easily we can remove your old furnace and put a new Carrier Weathermaker in its place. The labor costs will be almost the same and you can use the same ducts that you now use for heating. And when it's installed, the Weathermaker will keep you cool all summer as well as warm all winter. You'll want air conditioning for your home someday—why not do it right now?

This is the compact Carrier Weathermaker. It cools with electricity, heats with gas or oil, and needs no water.

We were very pleased and proud of our Memorial Day activities this year. While many people take advantage of a holiday and go away, there are still many who stay at home to very willingly take an active part in these affairs.

Commander Ray Danol would like to express his personal thanks to the many different organizations who marched in the parade, to everyone who participated in any way in the services, to those who furnished transportation, and to those who

Veterans of Foreign Wars

made it possible to have music in the park. It takes many different tasks and people to make a Memorial Day parade and service express the true purpose of the day.

At the last meeting of the Auxiliary, services were held in memory of Helen Burgett and Laura Bredin, deceased.

There was a more or less "record" turnout for the Memorial service, held at Our Lady of Good Counsel church, May 27. The V. F. W. had a very good representation.

To add "a feather to the caps" of the ladies of the Auxiliary, I would like personally to say that they had a very good turnout, took an active part in the parade and made a very impressive appearance.

The following ladies have been elected as delegates to the Department encampment in Bay City, June 21 through June 23: Lucinda Archer, Grace Burley, Marie Norman, and Marion Dickie. The following have been elected as alternates: Virginia Bartel, Mildred Dely, Marion

Rosedale Club to Tour Cranbrook Gardens

Members and guests of the Rosedale Gardens Branch of the Woman's Farm and Garden association will tour the Cranbrook Gardens in Bloomfield Hills at their last meeting of the season next Tuesday.

The tour will begin at the Lone Pine road entrance at 1:00 p.m. Previous to the tour the group will stop at the Devon Club for luncheon. Members are asked to call Mrs. Harvey Atschuetz for transportation.

Democrats Plan Picnic Dinner this Sunday

The annual picnic of the Plymouth Democratic club will be held Sunday, June 10 at Gunsolly Mott, off Edward N. Hines Drive between Wilcox Road and Plymouth Road.

It will be a potluck affair with everyone bringing their own favorite picnic fare. Co-fee for the adults and pop for the children will be furnished.

It will be strictly a social affair and any "politicking" done will have to be on an individual basis, chairman Orville Tungate states. "The opposition is cordially invited to see how the other half lives."

Those planning to attend are requested to contact the picnic chairman, Mrs. Rollins, at Plymouth 834-R.

Barbers in an Ohio town decided not to take any more tips. Now if they'll just stop giving them.—Tulsa Tribune.

GIRL SCOUT NEWS

Girl Scout pins were presented to the following women at an investiture ceremony at the Girl Scout lodge on Monday evening, May 28:

Mrs. Philip Barney, Mrs. Charles Beardslee, Mrs. Helen C. Inasmith, Mrs. Fred Davids, Mrs. Ralph Fluckey, Mrs. Walter Gathe, Mrs. Anne Kyser, Mrs. Harry Larsen, Mrs. Robert McAllister, Mrs. Russell Micol, Mrs. Richard Newton, Mrs. J. H. Roberts, Mrs. William Rudick, Mrs. Helen Spence, Mrs. A. E. Vallier, Mrs. A. E. Van Ornum, Mrs. John Wiles and Mrs. David Wood.

They have recently completed a leaders' training program under the direction of Mrs. Robert Houston, and will assume their duties as leaders or assistant leaders for Brownie and Girl Scout troops in the fall.

At this meeting, five-year membership pins for service in Girl Scouting were awarded to Mrs. Norman Atchinson, Mrs. Sheldon Baker, Mrs. Henry Jensen, Mrs. John Lodge, Mrs. Donald Potter and Mrs. Hugo Russell.

Senior Girl Scout Troop 1 enjoyed a week-end campout from Friday to Sunday afternoon, June 1-3, at Bishop Lake.

The V. F. W. Auxiliary is sponsoring a trip to Bob-Lo for Troop 1 on Wednesday afternoon, June 13. Each troop member will take a guest to enjoy the fun.

Troop 1 reports that they have completed the Senior 5-point program. Mrs. Sheldon Baker is troop leader.

Sandra Keefe reports that Intermediate Troop 21 had an overnight in pup tents on May 25 and 26 at Luefing's farm on North Territorial road. They took nine pup tents and one supply tent for the overnight. Mrs. Lloyd England and Mrs. Thomas Thorpe, troop leaders, and Christine Baker and Carole Ann North, Senior Girl Scouts from Troop 1, accompanied the troop members on the overnight.

On Friday evening Mr. and Mrs. Wayne Rubey and Mr. Lloyd England and daughters were guests for the campfire pro-

gram. Christine and Carole Ann taught troop members new songs for the occasion. Saturday afternoon when the Scouts broke camp, they voted this one of their most enjoyable camping experiences.

On May 29 the Troop had a baby shower for Mrs. Rubey at the home of Mrs. Donald Rank. One of the gifts presented to Mrs. Rubey was a baby quilt made up of patches on which each troop member had embroidered her name.

Don't forget the Rummage sale to be held by Troop 1 on June 15 at V.F.W. hall.

Kirchhoff Ends Michigan Bell 35-Year Career

Martin L. Kirchhoff, 50945 Ann Arbor Road, retired the first of the month from the Michigan Bell Telephone company. He left his duties as general traffic staff supervisor, a position he assumed in 1944.

His 35-year career in the telephone business started in the commercial department at Detroit in 1920. He had graduated from Edwardsport (Indiana) high school, and taught school in Bloomington, West Point, and Vincennes, all in Indiana, before joining Michigan Bell.

Kirchhoff transferred to the traffic department in 1923 and advanced through numerous assignments in Detroit, Flint, Saginaw before he was appointed to the position from which he retired.

He plans to devote full time to the business which he and his son Richard operate at 50975 Ann Arbor Road, the Kirchhoff Implement company.

"Handcuffed!" came a bored voice from the pit. "Why, you haven't even arrested our attention yet!"

Plymouth High School to Award 180 Diplomas Next Thursday

THREE GRADUATING SENIORS check with Mrs. Virginia Calligari, senior class advisor, on some last minute graduation plans. From left: Mrs. Calligari, Larry Keeler, Paul Rimer and Gerry Minehart.

Rev. Reider Speaks At Baccalaureate

Baccalaureate services this Sunday night and commencement ceremonies next Thursday will mark the end of 12 years of schooling for approximately 180 Plymouth high school seniors.

Final exams for seniors were held this Monday and Tuesday and not until the results of these tests are known will the final graduation list be available. Principal Carvel Bentley expects about 180 to don their caps and gowns this

year, not a record, but comparable with classes in recent years. There were 188 given diplomas last year; 172 in 1954; 183 in 1953; 135 in 1952; 161 in 1951 and 163 in 1950. A high of 212 was reached in 1949 when some Livonia youngsters attended Plymouth high school.

The Reverend David L. Reider, pastor of First Baptist church, will deliver the sermon at the baccalaureate service this Sunday night.

The program will open with the prelude played by Berva Adams and the traditional professional "Pomp and Circumstance." Giving the invocation will be the Reverend E. T. Hadwin, pastor of Church of the Nazarene. The sermon will follow the high school choir anthem, "The Nation's Prayer."

The congregation will be asked to sing "God of Our Fathers" and Reverend Melbourne I. Johnson, pastor of First Methodist church, will give the benediction. Ushers and decorations are furnished by the class of 1956.

Both the baccalaureate and graduation exercises will start at 8 p.m. in the gymnasium.

The high school band will play the professional to open the commencement program, followed by the invocation by the Reverend Patrick J. Clifford, pastor of Calvary Baptist church.

Addressing the seniors will be Dr. Lester W. Anderson, assistant professor of education in the U of M School of Education (see

story and picture elsewhere). His address will be followed by a bass solo, "Largo al Factotum," by William Taylor, a senior.

Principal Bentley will present the class. Diplomas will be awarded by Carl Caplin, president of the board of education.

Closing the program will be the singing of the class song by the graduates and the recessional played by the band.

This year's graduating class lost one of its members only last week. Funeral services for Raymond Eaton, son of Mr. and Mrs. Claude R. Eaton, were held last Friday. He died Tuesday, May 29.

MSU Senior Honors Won by Mary Witwer

Mary Anne Witwer, daughter of J. R. Witwer, 593 Edison, Plymouth, was among 50 outstanding senior women honored at Michigan State University's traditional Lantern Night program Sunday night.

The coeds were chosen on the basis of their scholarship and participation in university activities. Nominations are made by residence halls, house mothers and presidents of women's organizations.

The honor seniors were joined in Lantern Night festivities by 50 outstanding women students from each of the other three classes. Each carried a lighted lantern—symbolic of responsibility to the university—passed down by members of the class above.

Lantern night traditionally includes a procession around the heart of the campus, ending at the residence of President John A. Hannah. The president's address, singing by dormitory and sorority groups and a carillon concert are high points.

A wedding ring is where you meet your sparring partner.—The Chicago Daily Tribune.

Educator Will Deliver Commencement Address

A University of Michigan assistant professor of education will be the guest speaker at Plymouth high school commencement exercises on Thursday, June 14.

He is Lester W. Anderson, who will give his address before approximately 180 seniors, their parents and guests. Anderson was appointed assistant professor of education in the School of Education and a consultant in the Bureau of School Services starting in September 1952.

In 1954 he was named chairman of the Michigan State committee, North Central Association of College and Secondary Schools. He received a bachelor of arts degree from Luther college, Decorah, Iowa, in 1940 and a master of arts degree in 1947 and a doctor of philosophy de-

gree in 1950 from the State University of Iowa.

Anderson has specialized in education. After teaching from 1940 to 1942 at Lakefield, Minnesota high school, he became a T. N. T. chemist at the Kankakee Ordnance depot and joined the U. S. Army in 1943 for two years of service. Professor Anderson was assistant principal at the Rochester, Minnesota junior high school from 1946 to 1948 and assistant principal at the State University of Iowa experimental high school from 1948 to 1950.

From 1950 until his appointment at the U of M he was assistant professor of education at Arizona State college.

Plymouthite Addresses Albion Graduates

Dr. Lyman Judson, Assistant to the President, Alfred University, delivered the Alumni Day Address in connection with Commencement weekend activities at Albion college last Saturday.

Formerly president of the New England Albion College Alumni Club, Dr. Judson selected for his subject, "Continuity in Education," and the material for his speech was drawn from the pages of his forthcoming book bearing the same title.

A graduate of Plymouth high school and a former resident of Plymouth, Lyman Judson is the son of the present Mrs. William Pitts of Hollywood, California, whose many Plymouth friends know her better as Mrs. Henry S. Doerr.

J. Lynn Osen Wins Two Student Honors

Two prizes were won by J. Lynn Osen at the recent honors convocation at Western Michigan College, Kalamazoo, where he is now a senior student.

He is the son of Mr. and Mrs. John K. Osen, 42475 Parkhurst, Plymouth.

Osen was awarded the French prize by the French Embassy as the outstanding senior student in that area, and he was given the first James O. Knauss prize in history as the top senior student majoring in history.

Osen will continue his studies next year in France under a grant from the Board of Foreign Missions of the Presbyterian church.

by Carl Peterson

Well, graduation days are upon us again . . . and the nation's high school and university campuses are buzzing with the end-of-the-semester activities. All over the country silver-tongued orators have been spraying their tonsils and practicing their speeches in front of mirrors as they got primed to promise the world to the new crop of graduates.

Some of the boys will be headed for the armed services . . . but most of the "grads" will be fumbling for a foothold in industry. Here prospects are rosier than Technicolor. From all reports there will be more jobs than people to fill them . . . which should give all ambitious graduates a running start on the road to success. So choose your field . . . do your best . . . and good luck to you all.

Incidentally, we have a very large selection of sure-to-be-appreciated gifts for graduates, both boys and girls! Everything from cosmetics to cameras. Stop in this week and pick out something!

In one of our Midwest cities a fellow named Orville L. Stone married Mary Jane Moss. Guess he couldn't very well have been a rolling Stone, could he? You'll find gathered together in our store the finest selection of America's favorite cosmetics and toiletries you could hope to find. 26 Form First National Honor Society Chapter

Twenty-five juniors and seniors last week became charter members of the Plymouth chapter, National Honor Society.

The Ypsilanti chapter conducted a candlelight induction ceremony in the high school auditorium on May 28 at which the local organization was formally started.

To qualify, members must have a "B" average in scholarship and show leadership, service and character. The faculty votes up on those nominated.

Purpose of the National Honor society is to create enthusiasm for scholarship, stimulate desire to render service, to promote worthy leadership, encourage development of character. Faculty advisors for the charter group are Louise Spence, Irene Wall-dorf, Barbara Ann Waters and Walter Goodwin.

Members of the Plymouth chapter are Kay Porter, Sally Williams, Clare Bollinger, Jan Ponto, Geraldine Mosher, Vic Heiskala, Cliff Tait, Lee Huber, Fred Libbing, Wayne Huber, Charles Westover, Fred Heidt, Bob Kemnitz.

Jim Houk, Shirley Austin, Sandy Cutler, Judy Veresh, Rita Salan, Marilyn Paul, Ann Goddard, Joan Salan, Carol Clarke, Eileen Kelly, Lura Puckett and Anita Kintner.

Officers for the Plymouth chapter were elected last Thursday. They are Fred Libbing, president; Carol Clarke, vice-president; Ann Goddard, secretary; and Judy Veresh, treasurer.

Juniors who are members this spring must maintain their scholastic qualifications to remain in the society through their senior year.

CHARTER MEMBERS of the Plymouth chapter, National Honor society are: front row, from left, Geraldine Mosher, Jan Ponto, Clare Bollinger, Sally Williams, Kay Porter; second row, Judy Veresh, Rita Salan, Ann Goddard, Joan Salan, Carol Clarke, Eileen Kelly, Lura Puckett, Anita Kintner; third row, Charles Westover, Fred Heidt, Bob Kemnitz, Jim Houk, Shirley Austin, Sandy Cutler; back row, Vic Heiskala, Cliff Tait, Lee Huber, Fred Libbing and Wayne Huber. Absent was Marilyn Paul.

TRIBUTE WAS PAID by the Plymouth high school band on Memorial day to Raymond Eaton, a member of the class of 1956, who died May 29. As the Memorial day parade moved up Main street, the band stopped before the Schrader Funeral home and played "Abide With Me". Services were held Friday with many of his classmates and fellow members of the DeMolays and Explorer Scouts present. He was the son of Mr. and Mrs. Claude R. Eaton, 7773 Canton Center road.

ONE OF THE preliminaries to graduation is measuring for caps and gowns. Portraying the ceremony for the Plymouth class of 1956 is Phyllis Hood, while Moira McNeil, teacher, handles the yardstick.

CAREFREE SUMMER VACATION days approach as these students leave the high school. Students anticipate the warm-weather season at beaches, at home and in various vacation jobs. And then as school days draw near once more this fall classroom companionships will again be looked forward to, despite the threat of learning.

The Mail's "Thinking Out Loud" columnists stopped at Plymouth high school last week to ask some seniors what they intend to do after they graduate on June 14. These eight were found in a study hall preparing for their final exams this week.

LINDA LENT, 594 Edison: "I want to go to college but I'm not sure which one. I plan to be a home economics major. Whether I'll teach or not I'm not sure."

DONNA KOHLER, 1044 Warren: "My family is moving to Dearborn soon so I am going to try getting a job with the Ford Motor company there in the office. I have taken commercial courses in high school. I would like to do some typing and filing."

BONNIE WOODARD, 8603 Ravine: "I will be going to work someplace, but I have not yet looked for a job. I would like an office job if I can get it. I've had typing and shorthand in school. In another year I expect to get married. Yes, I have someone in mind."

SUE ANTHONY, 319 West Ann Arbor Trail: "After graduation I will be working in the William Wood Insurance Agency. I work there now part time, doing filing and typing. I took shorthand and typing in school. I know I'm going to get married but I don't know when since he is still in the service."

BURNETTE LAZOR, 1004 Beech: "I'm going to college at Michigan State. I was going to be an elementary teacher but I'm not sure now. I guess the reason I want to be a grade school teacher is because I like little kids. No, I'm not getting married."

LOREN TRAPP, 7795 Sheldon: "This summer I want to work at the library and then I will go to college. I am going to Concordia college at Ft. Wayne to study for the Lutheran ministry. This will take six or seven years. After that, it won't make much difference to me where I will live."

DON GILLUM, 40651 Lotzford: "After getting out of high school I am supposed to go to Chrysler to take a draftsman test. If I pass, I hope to spend two or three years there and then go into the Air Force as a jet pilot. Then I want to return to drafting. I took drafting three years in high school."

CHUCK MOISIO, 1164 Hartsough: "I'm going to college at the University of Michigan. I'm not too sure now but I think I will take something in the natural sciences and go on to research work for some large firm."

LEE HUBER received the Daughters of the American Revolution medal for being the outstanding American history student. Three junior high students received certificates for their interest in the subject. From left are Mrs. Claude Cruso, regent of the Sarah Ann Cochran chapter; Gloria Bowles, Nancy Alford and James McCabe, junior high winners; Lee Huber and Miss Ada Murray, historian for the chapter. The award was one of many made at an assembly last week.

Many Plymouthites Attend Opening of Will-O-Way

A large group of Plymouth area residents, including some from the Plymouth Theatre Guild, attended the opening night production at Will-O-Way Playhouse Tuesday. "Anniversary Waltz," a tale of the trials and "trivialities" of family life, was seen by the first night audience. Indications are that the popular summer theatre in Bloomfield Hills has brought forth a hit.

The well balanced cast featured Adeline Herschfeld and Gerald Harrington and has more than adequate support from Robert Bryson, Lillian Hicks, Frederick Morris, Eve Ann Schneider, Brenda Blanchard and Hal Rollins.

AUTOGRAPHING THE YEARBOOK is an old custom with graduating seniors as well as underclassmen. Here Barb Gibson (left) signs Shirley Austin's annual using Virginia Hari's back as a prop. Barb and Virginia, as seniors, await their commencement ceremonies June 14, while Shirley is a junior.

38 Scholarships, Awards Presented

Scholarships, medals and departmental keys were awarded to the outstanding seniors of the class of 1956 at an assembly held last week at the high school. One of the new scholarships given this year was that offered by the Plymouth Association of Insurance Agents. Won by Marilyn Paul, it gives \$250 to the student in both the freshman and sophomore years in a college. If the student proves satisfactory in college, it is possible to extend the scholarship for the remaining two years.

Winners of the University of Michigan Regents scholarship this year were Sandy Cutler, Patricia Clifford and Geraldine Mosher. The Readers Digest scholastic award (year's subscription) for the outstanding scholar in the class was won by Clare Bollinger.

Other awards included the Danforth Foundation award for the outstanding boy and girl citizens.

Ray Spigarelli and Marilyn Paul; the Ford Foundation scholarship award, William Taylor; the American Legion award, Geraldine Mosher; the Houghton College of Mines scholarship, Steven Veresh and James Dyer.

The Eastern Michigan College of Education (Michigan State Normal college) scholarships, Rita Salan, Lydia Menchaca, Virginia Larkin and Ruth Ann Perry; Bausch & Lomb award in science, Lee Huber; and Daughters of the American Revolution award in American history, Lee Huber.

The Ethel Killham Memorial award for the outstanding students in Spanish went to Clare Bollinger and Geraldine Mosher. Ethel Killham was a former teacher in Plymouth high school. The awards are \$25 in cash.

Nineteen key awards were presented during the assembly to outstanding students in the various departments. They were:

Art, Clara Bollinger; athletic, swimming, Madeline Jones; athletic, boys, Jack Carter; band, Gale Foreman; citizenship, Marilyn Paul and Ray Spigarelli; English, Jan Ponto.

History, Clara Bollinger; commercial, Marilyn Paul; journalism, yearbook, Dale Houghton, editor, and Barbara Smith, co-editor; journalism, newspaper, Ruth Ann Perry, editor, Virginia Larkin, assistant editor.

Mathematics, Lee Huber; vocal music, Joan Ebersole; occupational training, Larry Taylor and Alan Woodworth; industrial arts, John Bartz; science Lee Huber.

Resident to Receive M. D.

Believed the first woman graduate from Plymouth high school to become an M.D. is Jo Ann Gorton Levitt of 679 Forest avenue (43), who will graduate June 16 from the University of Michigan Medical school. She will intern at Edward W. Sparrow hospital in Lansing where she received her R.N. from the School of Nursing in 1949. Mrs. Levitt also holds a B.S. degree from the U. of M. Daughter of Mrs. Frances Gorton and the late Forest Gorton, she is married to U.S. Army Captain Robert Levitt, now stationed at Fort Knox, Kentucky. Mrs. Levitt is affiliated with Alpha Epsilon Iota, women's medical sorority.

PROTECT CLOTHING

A tightly closed house often is a merry breeding ground for moths. So if you're among those fortunate folks taking a long summer vacation, make certain your winter clothing and other woollens are well protected against moth damage. Garments stored in a cedar closet generally are safe because the cedar aroma kills moth larvae.

Our sincere congratulations and best wishes to Plymouth's graduating Seniors of '56 . . .

Netmen Conquer Northville, Close With 4-4 Record

Plymouth's tennis team wound up its 1956 playing season Friday, May 25, when it took a 6-1 decision from neighboring Northville to raise the record to a final four-win and four-loss combination.

The Rocks blasted Northville in three of the four singles and two doubles matches. The third doubles test was forfeited to Plymouth when the Mustangs had insufficient players.

Scores included Jerry Steele's 6-2, 6-1 win over Williams; Jim Gibson's 6-0, 6-2 win over Jaretzke; Bob Kemnitz' 6-1, 6-1 win over Wittenburg and Lee Huber's 2-6, 6-2, 2-6 loss to Hammond. In the doubles it was Libbing and Rowe over Fisher and Newton, 6-0, 6-0 and Rimer and Mason over Burnham and Ebert, 6-1, 6-2.

A day earlier, Thursday, May 24, Plymouth was nipped at the wire by Bentley in a battle which remained undecided until the final doubles tilt. The Rocks bowed 4-3.

On Monday, May 21, the Rocks took the measure of Allen Park's netmen by a 6-2 score for their third win of the year. Plymouth swept the singles but lost two of three doubles matches.

The Rocks' league tennis standing was two wins and four defeats. Overall card was 4-4. Most valuable player this past season was Jerry Steele, as voted by his teammates recently. He was also team captain. Steele is a graduating senior.

Dick Huebler, softball league supervisor, put out a call for teen-age boys last week in an effort to rouse interest for a local teen softball league. He implied that if there was enough response a boys league would be formed. Teen-age boys interested may contact the local recreation office at phone 895, no later than June 15.

Hitt Wins \$1,000 In Bowling Tourney

Well known Plymouth area bowler Bob Hitt is \$1000 richer after his performance in the Peterson Classic in Chicago recently.

Hitt finished 17th in a field of 6300 bowlers. The rich Peterson tourney annually attracts the most competitors of any other bowling classic. Last year Hitt also won \$1000 by finishing 25th.

Hitt is a member of the Helin Tackle team, newly crowned state champions.

Golfers Finish Links Season With 5-8 Card

The Rocks' golf squad closed one of its relatively best links slates Friday when Northville was tagged with an 11-stroke defeat by Plymouth in a nine-hole meet. Score was 171-182 favor the locals.

It was Plymouth's fifth win against eight losses and in comparison to last season was by far the better final result. In 1955 John Sandman's golfers brought home only two dual meet victories while suffering six outright defeats and one tie.

Tom Carmichael fired a 39, three over par at Plymouth Country Club, the Rocks' home course. Tom's total also was good for medalist honors in the match. Al Cockin for Northville carded a 41 to pace the Mustangs.

Other Plymouth scores included Kurt Atchinson with 42, Don Rambo with 44 and Gary Wilson at 46.

On Monday, May 28, the Rocks finished second in a triangular battle which featured the Plymouth quartet against Redford Union and Allen Park. The Panthers took the contest with a 179 as Plymouth listed 191 and Allen Park trailed with 244. The tilt was held over Western's par-36 front nine.

Co-medalists in the three-way test were Carmichael and RU's Don Vollick. Both carried 42's. Staton Lorenz fired a 48, Atchinson a 49 and Rambo a 52 to round out the other Plymouth scores.

The Rocks finished second in the Suburban Six league this year and placed seventh out of 14 team entries in the regionals.

Nothing delights a worker more than an advance in pay without additional work.

Merchants Rally To Score Second Inter-County Win

Heavy hitting coupled with a possible assist from some inclement weather has kept the Plymouth Merchants sandlot baseball team on a happy victory path in the Inter-County league.

On Memorial Day the Merchants whacked out 19 base-hits, paced by Ron Bender's four-for-five at the plate, to turn back Club Supino, 8-5. It was the Merchants' second win against no defeats.

However the Merchants have had three games rained out, with the most recent washed-out a contest last Sunday against River Rouge. Team Manager John Schwartz explained that the games will be cancelled and will not be played at a later date.

Thus the Merchants have played in two tilts of five regularly scheduled. They've won both.

Against River Rouge the locals had to rally in the top of the ninth to break a 5-5 tie and wrap up the victory. Bender slapped out a double to lead off and rode home on Don Thomson's two-bagger for one quick run. Norm Mahrley singled Thomson in and a sacrifice and single scored Mahrley. The three runs did the job easily.

Merchants built a 5-0 lead on three runs in the first and one tallies in the fourth and fifth. But Supino rebounded in the bottom of the fifth and paled Plymouth's bulge to 5-3. In the seventh Supino tied it with two more runs. But the Merchants clinched things in the ninth.

Next game is Sunday at Riverside Park. Merchants face Lincoln Park at 3:30 p.m.

When an individual makes his mind to work, he is usually surprised by the pleasant results.

Rocks Thump Bentley, 5-2, Finish Second

Pitcher Bob Clear posted his fifth mound decision of the season and his third in four days when the Rocks' baseball team thumped Bentley 5-2 Monday, May 28, on the diamond behind the school.

The win, Plymouth's second over the Bulldogs this year, showed the locals into a full second place standing in the now-completed Suburban Six league schedule. The Rocks wound up 6-3 while Redford Union scamp-ered away with the 1956 championship by virtue of a perfect 9-0 record.

It was Clear's fifth victory against one loss. He switched off with Biff Tait on the mound as Tait twirled the even numbered frames and Bob worked the odds.

Rain caused the cancellation of a contest with Northville last Monday. Weather permitting, Plymouth ended its current diamond tussling Wednesday against the neighboring Northville nine.

Clear's decision over Bentley marked him as some sort of iron man in Plymouth pitching circles. It was his third win in four days. On Friday, May 25, he beat Allen Park and a day later he stopped Thurston. Then came the nod over Bentley Monday.

Baseball Coach Charlie Ketterer explained his shuffling of Plymouth pitchers. He said that the Rocks could not produce a front-line hurler who could go the route or else if there was one

he was too wild to remain on the hill throughout seven innings. Plymouth's baseball record as of Tuesday was eight wins against three defeats with two games cancelled due to bad weather. Against Bentley the Rocks got eight hits. The Bulldogs had seven.

Richest Harness Race At Wolverine Tonight

Michigan's richest trotting race, the \$25,000 Merchants and Manufacturers Trot, will draw large crowds of harness racing fans to Wolverine Raceway this evening.

Last year's M & M took four heats to decide the winner. The three contending horses—Home Free, Mr. Shelt and Lord Victory—needed a rest after their winning heats and it was well after midnight when Home Free, driven by Joe O'Brien won in a non-betting race to take the major portion of the record purse of \$25,000.

Some of the favorites listed as possible winners of the classic M & M are: Ad Lib, owned by P. V. Sangunet, Montreal, Canada; Indian Raider, from Peter Pan Farms, Washington, Pa.; Miss Titan, owned by John Lullis, Northville, Michigan and Victory Lynn owned by Charles Fowler, Arcadia, California.

Secondary to the M & M, The Ensign Hanover 3 year old pace for a purse of \$7,500 will be Friday night. McGuinea, in the money 10 times in his last 20 starts will be one of the favorites.

Saturday night will see the Wolverine officials presenting a race schedule that will include all the top drivers and horses of the country.

OUTDOOR NOTES

From The MICHIGAN DEPARTMENT OF CONSERVATION

"Michigan Conservation," the Conservation Department's bi-monthly magazine, recently was named the best publication in its field by the American Association for Conservation Information.

The Association award for 1955 was made at the group's annual meeting May 20-23 at Glenwood Springs, Colorado.

Judging the competition, which included magazine entries from the United States and Canada, were: Dr. Ira Gabrielson, president of the Wildlife Management Institute; Michael Huboda, Washington editor of Sports Afield; and Charles H. Callison, conservation director for the National Wildlife Federation.

Particularly praised was the "land use" theme of last year's "Michigan Conservation" magazines. These articles on land and its uses have been collected in booklet form for use by schools or individuals. The booklet, "Land: Our Basic Resource," is available without charge from Conservation Department Publications, Lansing 26.

Conservation law convictions reported last week listed 65 violators who paid \$676 in fines and another \$482 in court costs in Justice courts throughout the state.

Most of the convictions reported were violations of fishing laws, including fishing without a license, illegal methods of taking game fish, and exceeding the legal daily limit of fish.

A L'Anse resident, tried in a L'Anse Justice court, received a 20-day jail sentence for fishing in closed waters.

All fishes assessed in Justice courts for conservation law violations go to the State Library Fund.

A tagged rainbow trout, recently caught from Blue Creek a few miles east of Benton Harbor, had traveled 175 miles from its release point.

The unusually long fish journey was made in less than a year.

The wandering trout was planted in the Betsie River, Benzie county on June 13, 1955 and caught the opening week of trout season this year.

It had traveled down the Betsie River to Lake Michigan, down the lake coast and upstream into the Blue Creek stream system.

The fish was one of 29,000 tagged rainbows stocked at or near the mouths of various Great Lakes streams to see if hatchery rainbows can supplement natural "steelhead" runs from the Lakes.

Mike Kabelis, Bergland, was going out to check his minnow traps early one Sunday morning recently, when he came upon an animal, apparently caught on a steel rail of a spur line of the White Pine, Duluth and South Shore railroad, which runs through Bergland.

Close investigation showed a medium-sized beaver stuck against a rail. The animal was frozen to the metal by its long chest hairs.

Kabelis returned to Bergland and enlisted the help of his friend, John L. Sullivan, also of Bergland.

The two men returned and, holding the beaver's head aside with a stick, poured hot water on the frozen hair until it thawed.

The freed animal scampered to a nearby pond and disappeared beneath the surface, apparently unharmed by the experience.

Kenneth Grant, local conservation officer, reported the incident.

Alfred Masini, manager of Proud Lake recreation area, recently was honored for "outstanding service" by the 8,000-member Clinton Valley Council of Boy Scouts.

The Oakland county group awarded a plaque to Masini with the inscription: "To Al Masini, for outstanding service. In appreciation for your interest in and services to the youth of our community."

The plaque is the highest award that can be given to an individual outside the scouting ranks and was only the second awarded in Oakland county in the last five years.

Arthur C. Elmer, chief of the Conservation Department's parks and recreation division, sent his congratulations to Masini. "No one works harder in the interest of conservation and parks than you, and you surely are entitled to this outstanding award,"

Elmer said in a letter to Masini.

Conservation Department fish division workers have scheduled lake mapping operations this summer and fall on 17 lakes in the lower peninsula and 16 in the U. P.

Upper peninsula lakes scheduled for mapping include: Alice, Big, Charles and King Lakes, Baraga county; Pike, Mud and an unnamed lake, Houghton county; Deer Lake, Keweenaw county; Stone Pond and Tanlund Lake, Ontonagon county; and Boot Jack, Ghost, Jack, Kepler, Plains and Woodruff Lakes, Schoolcraft county.

The lower peninsula schedule includes: Crooked Lake, Emmet county; Nettie Lake, Presque Isle county; Bronson, Brooks, Gerry, Lime, Otter, Pearl, Little Platte, Shorter, Stevens and Turtle Lakes, Benzie county; Bass and Omega Lakes, Leelanau county; Littlefield and Stevenson Lakes, Isabella county; and Center Lake, Jackson county.

Five to Graduate From Ladywood

Ruth Biaharski, Mary Dempster, Faye Lyke, Cherie Magnusson and Theresa Nolan, all of Plymouth will be among the 45 graduates of Ladywood high school, Livonia, on Sunday, June 10.

Father Victor Kolasa, M.F.A., a member of the faculty will celebrate a High Mass in the campus chapel at 10 a.m.

Father Daniel Early, O.S.F.S., will speak at the fourth annual commencement exercise. His topic will be "The Higher Catholic Education of Women." Father Early is principal of Salesian high school, Detroit.

Father Paul Zelaff, chaplain, will distribute the diplomas after Mass. At this time, special recognition will be given to students graduating magna cum laude and summa cum laude.

AMERICAN LEGION NEWS

The Post and Auxiliary held their respective business meetings last night, June 6. Nominations and election of officers was the main order of business and due to press deadline, the results of these proceedings were not available.

Adah Langmaid, Maxine Kunz, Gwen Holcombe, Dorothy Knapp, Marie Thompson, Mr. and Mrs. Harry Burleson, Mr. and Mrs. Ernest Koi, Robert Wilson and Harold Wilson attended the 17th District meeting on Friday, June 1, at the Myron Beal's post home. Marie Kilde was endorsed by the Auxiliary for the office of third Zone vice president. J. Vice Commander Dorothy Koi was endorsed by the District as candidate for office of Department historian.

As all of you know, our carnival starts Tuesday evening and runs through Saturday, June 16. Our arrangements, as at past carnivals, is to furnish ticket-takers at each ride. This means that some of us have to show up each night. Let your commander know which evening you can come so he can make the necessary arrangements and schedules. The Auxiliary will have a stand this year so they will need some of your girls out each evening. Please let President Gardner know of the nights you will work.

The Post and Auxiliary wish to thank the Junior Activities for their making of the poppy wreaths which were placed on veterans' graves with American flags on Saturday, May 26.

The Auxiliary has turned over a check for \$19 to the American Cancer society, representing proceeds from the linen party sponsored in April by the Auxiliary. The party was conducted by Mrs. Hazel Quisenberry. Mrs. Jessie Christenson was the winner of the apron blanket and several other ladies also received gifts.

Favorite Recipes

From
Plymouth's Kitchens

Helping Mom with preparations for banana cake are the D. W. Vandervoort youngsters of 320 Parkview. From left: Susan, 5, Judy, 8, and Jeff, 3.

Try This Recipe for Luscious Banana Cake!

Here's a yummy treat your family will go for come summer or winter—banana cake with butter cream frosting!

That's the choice in the D. W. Vandervoort household at 320 Parkview. This three-layered delicacy has been a favorite ever since Mrs. Vandervoort first came across the recipe a couple of years ago, tried it out in her own kitchen and was soon to find a permanent spot for it in the family recipe file.

Ingredients and procedure are as follows:

Banana Cake

2 cups sifted cake flour
1 teaspoon baking soda
1/2 teaspoon salt
1/2 cup shortening
1/2 cup sugar
1 teaspoon vanilla
1 teaspoon lemon extract
2 eggs, well beaten
1 cup mashed bananas
1/2 cup sour milk or buttermilk

Sift dry ingredients together. Cream shortening until soft and smooth, add sugar gradually, creaming until light and fluffy. Beat in vanilla, lemon extract

and eggs, add bananas. Add dry ingredients alternately with sour buttermilk, stirring batter until smooth after each addition. Pour in greased and floured 8-inch layer pans. Bake in moderate oven, 350 degrees, for 30 minutes. Makes three layers.

Butter Cream Icing:
1 cup white
1/2 cup powdered sugar
1/2 cup butter
1 teaspoon vanilla

Stiffly beat egg white, then beat in sugar. Cream butter and add egg white mixture. Add vanilla a little at a time. Beat mixture until thick enough to spread.

Mrs. Earl Russell of West Maple avenue, will attend a luncheon bridge today (Monday) in the home of Mrs. R. N. Johns in Birmingham.

A dinner party was given Tuesday evening of last week in the home of Miss Ann Donnelly on North Harvey street, when 16 friends of Mr. and Mrs. Herman Erke of South Pasadena, California, came from Birmingham for a social evening.

Mrs. George Cramer visited relatives in Grand Rapids over the week-end and attended a wedding.

Mr. and Mrs. Earl Russell plan to attend a pot-luck dinner and evening of canasta Saturday in the home of Mr. and Mrs. A. L. Richard in Birmingham.

Cancer Film Still Being Shown

The educational film entitled "Self Examination for Breast Cancer" is still available to women's groups in the Plymouth area, it was announced recently by the local Cancer society.

Most recent showing of the film was for the benefit of 250 women employees of Daisy Manufacturing company on Wednesday, May 23. Company nurse Alberta Wenger presented the film during lunch hour. Following the showing, pamphlets were given out and further pamphlets were placed in the company's reading racks.

Any women's groups wishing to show this film or other such films pertaining to Cancer prevention may obtain them by calling Plymouth 2892 between the hours of 1 and 4 p.m. A volunteer worker will assist you.

There is still an urgent need for women in the Cancer society's volunteer work. Plans are in the making to have the Cancer society's offices open during the morning hours as well as in the afternoon. But to do so additional helpers are needed, stated society president Norman Marquis.

Scouts Plan Rummage Sale

Girl Scout Troop 1 is planning a rummage sale on Friday, June 15, from 8 a.m. to 3 p.m. in the front hall on Tiller road. Money raised from the event will be used for a camping trip which the troop expects to take the third week in August.

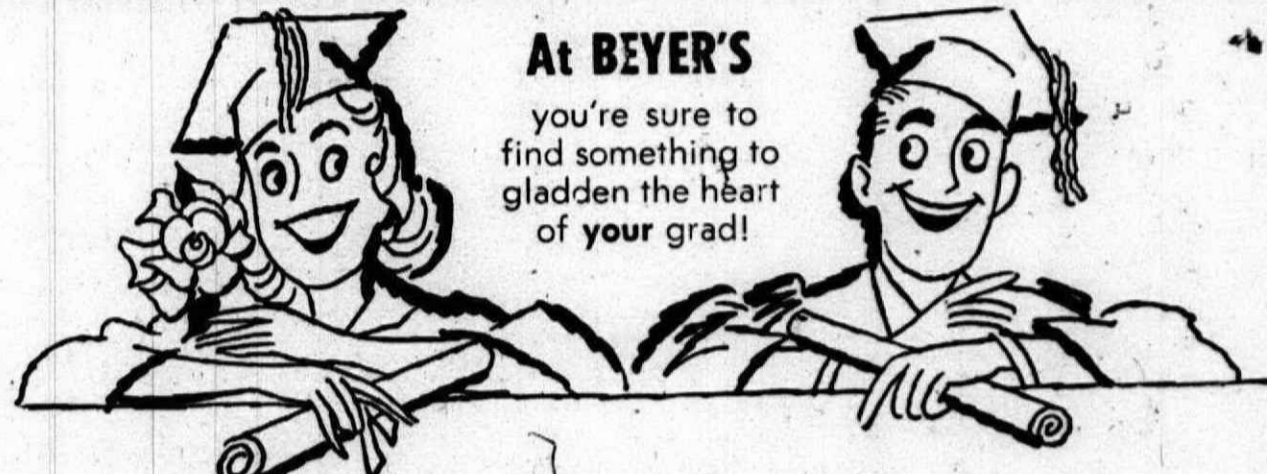

Anyone wishing to contribute articles for the sale may contact Mrs. Sheldon Baker or Mrs. William Edgar.

Delight "City Kin" with This Old-Fashioned Farm Dinner

Plan a special day for your urban friends or relatives to get away from the super-speed, day-to-day living found in the larger cities today, to spend a day down on the farm.

For a menu treat, a meat expert advises a wholesome Farm House Dinner. The type where there is plenty for all and seconds, too.

Farm House Dinner

- 1 1/2 pounds sausage links
- 2 tablespoons water
- 6 cups soft bread crumbs
- 1 teaspoon salt
- 1 tablespoon minced parsley
- 1 medium onion, minced
- 3 tablespoons lard or drippings
- Water
- 3 eggs, beaten
- 4 cups hot mashed potatoes

Make an egg dressing ring by combining the crumbs, seasonings, and parsley. Brown onion in lard or drippings and add to crumbs. Add enough water to slightly moisten mixture. Add well-beaten eggs and mix thor-

oughly. Fill well greased ring mold with mixture. Bake in moderate oven (375° F.) for 25 to 30 minutes or until well browned.

While the ring mold is baking, place the sausage links and 2 tablespoons water in cold frying pan. Cover and cook slowly 8 to 10 minutes. Remove cover and brown links.

Turn dressing ring out of mold onto a hot platter. Fill with hot mashed potatoes. Arrange part of the sausage links over potatoes like spokes of a wheel and surround the rings with remaining links. Make a cream gravy from sausage drippings, if desired. Yield: 6 servings.

When your child tells untruths, hink a little bit; perhaps he's afraid to tell the truth for fear of punishment, censure from the relation specialists at M. S. U. Maybe your demands, as parents, are too stern and punishment is too severe. Relax a little and let him know you are willing to be reasonable and patient in helping him change his behavior.

Foolproof Breakfast— Both Good and Quick

It's a foolproof menu for bringing applause if it features Cinnamon Pecan Brown 'n Serve Rolls.

Orange Wedges
Cereal with Brown Sugar
Cinnamon Pecan Brown 'n Serve Rolls
Beverage

It's a smooth performance—this appetite appealing breakfast—that wins applause from a seasoned theatrical pair, too, with its quick tricks for making the meal in jig time.

While the family enjoy their orange wedges, a fast way to prepare this fruit, mother puts the finishing touches on the hot foods. With the serving of the cereal, the Cinnamon Pecan Rolls are ready to remove from the oven. Cereal with milk, and rolls, supply good protein to make this a satisfying meal. Everyone, too, likes bread and rolls served piping hot in the morning. They are simple to fix when Brown 'n Serve dinner rolls are brushed with butter, sprinkled with cinnamon and sugar, topped with chopped nuts, and popped into the oven to complete their baking.

Brown 'n Serve Cinnamon Pecan Rolls

- 1 teaspoon melted butter or margarine
- 6 Brown 'n Serve dinner rolls
- 1/2 teaspoon ground cinnamon
- 2 1/2 teaspoons granulated sugar
- 1 tablespoon chopped pecans

Brush butter over top of each roll. Combine cinnamon and sugar and sprinkle 1/2 teaspoon of the mixture over each roll. Top with chopped pecans. Bake in a greased, shallow pan in a hot oven (400° F.) for 12 minutes. Serve immediately.

Here's New Cup Cake Treat You'll Want in Recipe File

A neglected chore for most of us is that old recipe file. Dust off the top and take time out to discard the old ideas and refill it with new ones. Keep the children in mind when accumulating new recipes for the file.

A home economist suggests apple cup cakes for a new dessert delight that will make the little lunch box owners and picknickers proud of their Mom.

Made with lard, these cup cakes have a feathery lightness and retain the freshness of the baked product days after they have come from the oven—if they last more than a day!

Apple Cup Cakes

- 1/2 cup lard
- 1 cup sugar
- 1 teaspoon salt
- 1 egg
- 2 cups sifted enriched flour
- 2/4 teaspoon soda
- 2 teaspoons baking powder
- 1/2 teaspoon cinnamon
- 1/2 teaspoon cloves
- 1/2 teaspoon allspice
- 1/2 teaspoon nutmeg
- 1/2 cup chopped nut meats
- 1/2 cup chopped dates
- 1 cup chopped apples
- 1/2 cup cold coffee
- 1 teaspoon vanilla

Cream lard, sugar, and salt. Add egg and beat well. Sift

together flour, soda, baking powder, and spices. Mix well with nuts, dates and apples. Add dry ingredients alternately with coffee and vanilla. Fill greased small muffin pans 2/3 full. Bake in a moderate oven (350° F.) for 25 to 30 minutes. Yield: 24 small cakes.

Furniture Accented In Brilliant New Colors

Color—new color—is among the most contemporary ideas and is found even in the most steadfast traditional styles in today's furniture.

Color is everywhere and used in every possible manner and shade. Modern styles are more dramatic in bright red, deep turquoise, amethyst and combinations of pink and black.

For traditional and provincial furniture, gentle pastels of blues, greens, grays, yellows and beiges are used predominantly, but occasionally, you see brilliant Cerulean blue and Castilian red.

Furniture is dressed with color both on and under the surface. When the more conservative gray, beige and sand tones are on dresser, chest and table surfaces, gay shade of red and blue are often used to line drawers.

CARVING MEAT CUTS

Rolled Rib Roast

Make first slice—The roast is placed on the platter with the larger cut surface down. Use the standard carving set or the slicer and carver's helper. With the guard up, push the fork firmly into the roast on the left side an inch or two from the top. Slice across the grain toward the fork from the far right side.

Lift Slice—Uniform slices of an eighth to three-eighths of an inch thick make desirable servings. As each slice is carved, lift it to the side of the platter or to another hot serving platter. Remove each cord only as it is approached in making slices. Sever it with the tip of the blade, loosen it with the fork and allow it to drop to platter.

TIPS ABOUT EMBOSSED FABRICS

There are two methods of making embossed designs in fabrics: 1. Mechanically—The design is pressed into the fabric under conditions of heat, moisture, and steam. 2. Chemically—The design is pressed into a fabric that has been pre-treated with a resin. This helps to make the design more permanent. Embossed designs are found on many different types of fabrics made of rayon, acetate, cotton, silk, and nylon.

Why do some yellow or turn brown?

Some of the resins used to make the designs more permanent may yellow with age and turn brown. This may also occur if the garment is bleached with chlorine. We are able to control this condition.

Will embossed fabrics clean?

Some embossed fabrics clean beautifully. In some fabrics, the design may be removed slightly; in others, it may be lost entirely. The degree to which the design is removed may depend upon: the fiber content of the fabric; the method used in producing the design. Designs that are imprinted in the fabric by means of moisture, heat, and pressure may be removed by these conditions in wear and cleaning. Heat and the moisture of perspiration underneath your arms, across your back, and around your waistline is sufficient to remove the design.

June's best buys are Dairy Foods!

Look for the gay Dairy Month pennants wherever you go—in food stores, restaurants, dairies, everywhere. Let them remind you to eat more, serve more: milk, real butter and ice cream. To enjoy cheese and real cream more often; to enrich your recipes with evaporated milk and nonfat dry milk. In short, to get more of all the good things America's dairy farmers provide at a time when they are, more than ever, June's Best Buys! When visiting Walt Disney's fabulous "Disneyland" see the exciting dairy foods display in "Tomorrowland." Learn how easy it is to eat better for less! Rediscover the miracle of milk and the foods made from it.

This pennant leads you to them!

Expected Much...and Got More!

He had heard it time and again from his friends who drive Cadillacs.

He had heard, for instance, of Cadillac's marvelous performance ... and of Cadillac's great comfort and handling ease ... and of the satisfaction that comes to the man at the wheel.

And so, when he took the keys to his first Cadillac just a short while ago, he thought he knew what to expect from the "car of cars".

Well, here he is—a few miles out on his maiden journey—and he's learning a great truth about Cadillac: that nothing can adequately prepare a man for Cadillac ownership, save the experience itself.

How, for instance, could anyone fully foresee the joys of owning a new Cadillac car? It gives a man a sense of pride and a feeling of achievement and fulfillment that literally defy description.

Or how could anyone anticipate the thrill of driving a new Cadillac? Smooth and quiet ... eager and responsive ... restful and relaxing—it simply has no counterpart on the world's highways.

And how could anyone foreknow the many other pleasures that await him at the wheel ... the joy of finding that his Cadillac, with all its quality and character, is among the most practical of motor cars to own and operate ... and the satisfaction we believe he will find in his relationship with us as his Cadillac dealer—and in our honest concern with his motoring well-being.

Why not stop in soon for a personal preview of this wonderful experience?

We think you will be delighted to learn how quickly you can get delivery and to find how much your current car is worth to us in trade.

Cottage Need Not Be Insect's Haven

Summer cottage residents soon will be combating two old and wily foes—the fly and the mosquito.

These pests can turn an otherwise perfect vacation into a nightmare. Real estate operators have come up with some advice to both lessee and lessor to keep these aggravating insects under control.

Outdoor protection against insect bites can be achieved by rubbing an insect repellent on the skin. Most convenient of these are the ointment forms in old-up metal tubes that can be carried in pocket or purse without fear of breakage.

As for the cottage, screen doors should be kept open outward to avoid flies and mosquitoes. A free ride into the house. Also 16-mesh-to-16-inch screens on doors and windows will keep out most insects.

Space-sprays and aerosol bombs are effective, particularly the residual sprays that will stick to screens, porches and garbage cans.

Keep water from accumulating in eaves-troughs and gutters and treat standing water in pools or ponds with larvicides.

Screen on a septic tank, septic tanks and rain barrels.

These simple and inexpensive precautions will go a long way in taking the "ting" out of this summer's vacation.

Here's New Economy Way to Floor Added Room With Oak

A new floor construction short cut winning widespread acceptance is effecting substantial savings for many home owners in converting attics and building room additions, the National Oak Flooring Manufacturers' Association reports.

Thousands of home owners are meeting the space needs of their growing families through such expansion projects. Many more are expected to do so in the coming months as Operation Home Improvement, the nationwide home fix-up campaign, gains momentum.

The floor construction short cut enables families to enjoy the advantages of genuine oak floors in new rooms at unusually low cost.

Especially appropriate where the new finished areas are to serve as bedrooms, playrooms, storage or utility rooms, the technique was developed for use with joist construction where subflooring has not yet been installed.

The procedure permits elimination of subflooring calls for use of a particularly economical grade of oak flooring, No. 2 Common.

Noted for its extreme durability, resistance to wear and ease of upkeep, this grade of oak possesses a natural beauty all its own. Whereas the higher grades are comparatively uniform in their lovely grain pattern, coloring and other natural characteristics, No. 2 Common is marked by charming variations which make for strikingly distinctive floors.

The system can be employed in any house where the joists are spaced no more than the customary 16 inches on centers. Only flooring which is tongued and grooved at sides and ends may be used. Most oak flooring nowadays is produced in that style. The oak should be at least 25/32-inch thick.

Joints may occur over joists, but that is not essential. Tongued and grooved flooring joints snugly with the result that joints are strong enough to hold ordinary weight loads without direct bearing support.

Each flooring piece must pass over at least one joist and should be toe-nailed securely to it. A piece spanning two or more joists should be nailed firmly to each. Screw type flooring nails are recommended.

It is particularly important to that joints in neighboring

Taking their cue from top-ranking decorators, more and more homemakers today are casting floors in a star role in their decorative plans by leaving large expanses of handsome flooring exposed. Oak, shown here, is an increasingly popular choice to play this decorative lead. Designers point out that it possesses all the essential qualifications, including striking beauty, extreme resistance to wear, and ease of upkeep. It is the logical choice for many, too, because it provides continuity in the wood motif so extensively employed these days. Here it complements perfectly the attractively grained, natural finished hardwood wall paneling and bookshelves, as well as the graceful wood table which doubles as a seating bench.

Trim Insulation Slightly Oversized

Proper installation of mineral wool batts and blankets is important to attain the highest insulating value of the material. Batts or blankets should be trimmed slightly greater than the exact size of the space to be insulated so that the space will be tightly filled.

To do this, lay the insulation on a flat surface with the vapor barrier down and cut it with a sharp knife. Leave enough of the vapor barrier to make a flange. Wedge the batt or blanket into place and staple the flange to the stud or rafter.

MOVE FIXTURES FIRST

When painting a room, don't try to paint around hardware and electrical fixtures. Loosen or remove them.

PRIMING IMPORTANT

When you're advised by the label on a paint can to apply a priming coat to wood or plaster before the finishing coat, be sure to do so. The primer seals the pores of a surface and prevents the uneven absorption of final coatings. As a prime coat provides a flat surface that is not too smooth, it serves as a good base for your finish coats, too. As there are several sorts of primers, your selection should depend on the job you are doing. Your dealer will help you choose the right type. In some cases — where primers come only in white, it's a good idea to mix a little of the paint color you'll use for finishing. This will tint your base coat.

Spring is the Time To Plan for Home Air Conditioning Unit

It always happens. The lawn mower repair shop gets 30 lawn mowers to fix the day the grass is ready for the first cutting. A few weeks later comes the first heat wave and the air conditioning contractor is swamped with requests to bid on air conditioning installations.

The unlucky owner wive their sweltering brows and resolve that "next year we'll have air conditioning." But then the weather cools off and the summer disappears and other problems make them forget the heat of July and August. If you really want air conditioning or some other home improvement, the time to start planning and making arrangements is right now. Probably the early birds have already made arrangements to have air conditioning installed. But at least you can be right behind the early birds. With luck, you'll be ready for the first heat wave.

While you're waiting for the air conditioning man, you can get your home in shape so that air conditioning will operate more efficiently.

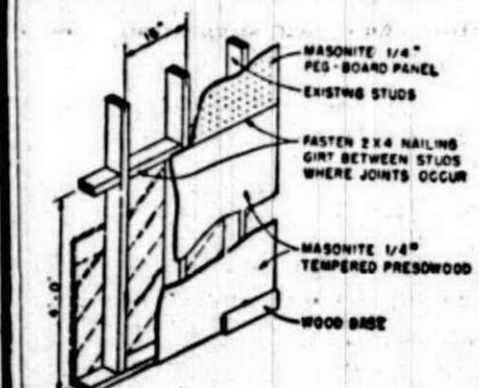

Insulation, for example, has considerable effect on both the cost of installation and operation. A home that's properly insulated in the walls and ceilings often can be cooled by a unit that's a ton smaller than the one used in the uninsulated home.

You need insulation in the walls, ceiling and directly under the roof. If you're in an improving mood, you can prepare for air conditioning and give your home a bright new exterior. How? By putting a coat of insulating siding on the outside walls. Insulating siding not only provides a weather-resistant, colorful finish, but it also insulates the wall since it's made with a half-inch base of insulation board.

Handy Jim's
FIX-UPS TIPS
For the Home

Garage interiors are notoriously unattractive. No wonder so many home owners always keep the garage doors closed.

A neat trim look can be given the interior walls simply by covering the studs. A particularly attractive appearance is achieved by using Masonite 1/4" Tempered Presdwood for a wainscot and 1/2" "Peg-Board" panels over them. On these you can store many garden and lawn tools.

The combination is particularly good because the wainscot panels are made for tough duty. The perforated panels, too, are heavy-duty and will support such weighty objects as a lawnmower and shelves bearing large cans of paint.

The installation is simple. Panels are nailed directly to the wall studs. Be sure to attach a supporting wood member between the studs where joints appear between the two kinds of panels, as shown in the drawing.

Hardwood Flooring For Concrete Slab

Installing hardwood flooring over concrete slabs is gaining in popularity. If the concrete is laid on grade, an underfill of cinder or washed gravel is generally essential. To bar out ground moisture, waterproofing membrane should be used—usually two layers of 15-lb asphalt felt. Butt the joints of both layers tightly and stagger all joints. Mop layers with hot asphalt pitch and carry membrane at least 6" up walls behind baseboard.

Sleepers or screeds should be treated with preservative to retard deterioration. Good results may be had if sleepers or screeds are laid in mastic. Air circulation under finish floor is helpful, especially if there is no basement under the house.

Home-Centered Living Stressed Most As Family Life Dictates Building Design

REFLECTING SOME OF THE RECENT TRENDS in residential architecture, this home was built to "open on itself." A privacy fence permits full enjoyment of the contemporary design and indoor-outdoor living without the loss of privacy. This house is built in an "L" shape with a patio as the "heart" of the home. A post and beam construction was used with the beams left exposed to lend a feeling of height and spaciousness to the interior.

Well aware of the growing size of American families and the greater emphasis on family life, builders on the local Plymouth, as well as the National scene, are adopting design changes and architectural styles which contribute to home-centered living.

Five trends which emerged slowly after World War II are now rapidly gaining momentum and becoming firmly established in American residential architecture.

Just as the two bedroom house became obsolete in recent years, we shall find in the years to come that new houses which lack the family facilities buyers are looking for will be a drug on the market.

The major trends in modern residential architecture are:

1. A family room which may be used as a den, a play area, for entertaining or as a hobby center is replacing the dining room. Often the family room adjoins the kitchen so it can double as a dining room and sometimes it opens onto a patio. Sliding glass doors of plate glass in mild climates or Thermopane insulating glass in less temperate areas are used to make the play area and patio a single living area. In warm weather the doors can be opened to make the play-room and patio one and on cold or rainy days the closed doors do not isolate the outdoor "room" from the interior. In many cases the family room is in the basement or, in the splitlevel house, it is frequently on the lower level in the rear.
2. Homes are more cleanly styled. The lines are simpler and the "gingerbread" look which characterized the houses built in the 20's and 30's is disappearing as builders make better use of materials. Roofs are low pitched. Frequently the post and beam method of construction is used and the beams are left exposed to lend a feeling of strength, height and spaciousness to the interior.
3. Builders are paying closer attention to orienting the house on the lots so the homeowners can enjoy his property to the full. Privacy fences are being used more and more to combine privacy with the freedom of indoor-outdoor living and contemporary design on smaller lots.
4. Built-in type kitchens with plenty of cabinet and counter space and which take much of the druggery out of preparing meals and doing dishes are getting greater emphasis. Many new homes feature a room-length working counter which houses the drier, washer, dishwasher, garbage disposer, sink and range. Appliances and cabinets are finished in colored porcelain to end the bleak look which formalized kitchens. Wood cabinets with natural rubbed finishes are also popular. The built-in range, oven and the one-wall refrigerator are eliminat-

ing much of the back-breaking sloping. The kitchen is being "joined" to the rest of the house through the use of room dividers of patterned glass, half walls and snack bars to keep Mom in on the family activity while she is preparing meals.

5. Interiors and exteriors are becoming more closely integrated. The patio, terrace or porch is an extension of the living area and is in effect an "outdoor room." To heighten the effect, indoor planters next to large windows are frequently used to make the rooms "flow" on outside. In more and more instances, an American version of the European "court" is being used. "L" and "U"-shaped houses are built with a garden-patio-court as the house's center of attraction. The house "opens on itself" so that bedrooms, kitchen, family room and living room face on the court, and the window walls, sliding glass doors or french doors look out on the secluded patio. The union of the central patio with the interior through large glass areas adds space to every room and assures a completely private outdoor living area.

A "Do-It-Yourself" booth at which plumbing contractors will demonstrate easy plumbing repairs and replacements which householders can do themselves will be one of the features of the National Plumbing and Heating Exposition in the Milwaukee Auditorium, June 11 to 14, says the Plumbing and Heating Industries Bureau.

Agricultural Home Ec Scholarships Await Local High School Graduates

High school graduates in this area are eligible to compete for 97 agricultural and home economics scholarships offered under the Kroger Scholarship plan for 1956, it was announced today by C. Olaf Talla, general manager of the retail food firm's Detroit area.

Designed to encourage worthy young men and women to enter college who might not otherwise be able to do so, the \$200 one-year scholarships will be available next fall at land-grant colleges in 19 midwestern and southern states.

Winners are selected by the respective college scholarship committees on the basis of high scholastic achievements and evidence of leadership qualities demonstrated in school, church 4-H Clubs, Future Farmers of America, New Farmers of America, Future Homemakers of America, or similar organizations.

Applications should be made directly to the dean of the college of agriculture, or through county agents, home demonstration agents, home economics teachers, or vocational agricultural instructors.

Colleges participating in the Kroger Scholarship plan and the number of scholarships to be awarded at each are Alabama Polytechnic Institute, Auburn, 4; University of Arkansas, Fayetteville, 4; Arkansas Agricultural, Mechanical and Normal College, Pine Bluff, 2; University of California, Berkeley, 2; University of Florida, Gainesville, 2; University of Georgia, Athens, 4; University of Illinois, Urbana, 6; Purdue

University, Lafayette, Ind., 6; Kansas State College, Manhattan, 4; University of Kentucky, Lexington, 4; Kentucky State College, Frankfort, 2; Lincoln University, Jefferson City, Mo., 2; Michigan State University, East Lansing, 6; Mississippi State College, and Mississippi State College for Women, Columbus, 4; University of Missouri, Columbia, 6; North Carolina State College, Raleigh, and The Women's College of the University of North Carolina, Greensboro, 4; Agricultural and Technical College of North Carolina, Greensboro, 2; Ohio State University, Columbus, 8; Pennsylvania State University, State College, 4; University of Tennessee, Knoxville, 4; Tennessee Agricultural and Industrial State University, Nashville, 3; Virginia Polytechnic Institute, Blacksburg, 4; West Virginia University, Morgantown, 4; West Virginia State College, Institute, 2; and University of Wisconsin, Madison, 4.

HEALTH & BEAUTY

Most parents would be shocked if they thought their child was anemic. However, iron deficiency is so common in infants from about three to six months that it was considered normal for this age by doctors for many years.

This situation is different today because most babies begin eating solid foods by the time they are three months old. Most of the changes are due to the excellent prepared baby foods.

In spite of all these advances in the availability of iron-containing foods, many modern infants develop a considerable degree of anemia. One of two things are usually found responsible. Either the child does not eat well, or some infection is causing trouble.

A sick child will not eat enough food to meet the extra body needs created by illness. A vicious circle is often created as a result. A poorly nourished child or infant is less able to combat infections. He will have one cold or ear infection after another, thus he continues to eat poorly. His blood iron level gets lower and lower.

It is true that premature infants and twins are more apt to be anemic than full term or single birth children. Children born to mothers who did not take extra iron during pregnancy or who were anemic during that period from other causes are apt to be low on blood iron, also.

Often all that is needed is to persuade your child that there are other foods in addition to milk. Occasionally it may be necessary to reduce sharply the amount of milk the child is allowed to have so that he will take his cereals, vegetables and meat his system needs.

Keep in mind that as important a food as milk is, it is not a source of iron. Your child needs minerals he can get from meat, eggs, vegetables and cereals if he is to be well and happy.

Don't expect everybody to agree with you; variety of opinion is what makes the world interesting.

Drug Gives Expectant Mothers Protection Against German Measles

Expectant mothers who think their babies may have been exposed to German measles during their first four months of pregnancy would be wise to consult their physician. Observations have proved otherwise. They have less cause to be worried, however, now that more has been learned about this disease. It is a mild one as a cause of abnormal development at prenatal development.

The risk of the German measles virus injuring the unborn child is less than has been previously believed, says Dr. Warren Pearce, staff obstetrician at the University of Michigan Women's Hospital.

Moreover, Gamma Globulin is often given to early stage expectant mothers who think they have been exposed to German measles, he says. It will keep them from getting the disease.

Admittedly there is some danger present. The findings of recent studies conducted in Sweden indicated that five to seven percent of infants born in mothers who had the disease in early pregnancy, had congenital defects—cataract or deafness mostly, he continues. Ninety-three to 95 percent were perfectly normal.

The generally accepted theory that 80 to 90 per cent of the children born to these mothers are not normal is a carry over from Australia's great German measles epidemic of 1941, the doctor says. Several months following the epidemic a number of children were born with congenital defects. On investigation it was found that most of their mothers had had the disease early in pregnancy.

The Australia experience alerted the world, Dr. Pearce

Entry Deadline Draws Near In Community Stamp Contest

SOMEONE WILL WIN a whole house-ful of Karpel-Squares. Blunk's Walter Rensel points out that there's a variety of colors for all decorating schemes. The carpeting is fourth prize.

The end of largest contest ever to be sponsored by a group of local merchants is fast drawing near and somewhere in this area are 203 Plymouth shoppers who will reap in the prizes.

Featuring a dazzling array of prizes headed by a Rambler station wagon, two vacation trips to Florida, a glamorous "Foodarama" refrigerator-freezer, color television, etc. the Plymouth Community Stamp \$10,000 contest got underway last February. Last day for entries is Saturday, June 16.

The sponsors have made it easy to enter. Contestants must merely complete the sentence "I shop in Plymouth Community Stamp Stores Because" in 25 words or less. Entry blanks are available in each of the local Community Stamp stores.

While interest thus far has been keen, contest managers are insistent that hundreds of local shoppers who could easily win one of the valuable prizes have not entered. They point out that \$10,000 worth of prizes in a shopping area the size of Plymouth makes everyone's chances of winning excellent.

No limit on the number of entries each contestant may submit has been set. All entries must be mailed to Plymouth Community Stamp Contest, 1094 S. Main street, Plymouth, Mich.

Other prizes in the long list include: house of Karpel-Squares, Fedders air conditioner, Kepp-sake diamond ring, Westinghouse laundromat, Gruen watch, Kelvinator range, Spring Air matching spring and mattress, General Electric portable television, five Evans bicycles, 10 \$25 First Federal savings accounts, 10 camera outfits, 10 Daisy repeating air rifles, 50 men's jewelry sets, 50 Colibri cigarette lighters, 25 pairs of stretch nylons and 30 sets of 8 glass tumblers.

All the entries will be judged by James McDonald, University of Michigan journalism professor. Announcement of the winners will be made as soon as possible following June 16.

"HOW'S THIS for freezer and refrigerator space," asks Babe Wyse of Better Home Furniture and Appliances. He's admiring the third prize, a Kelvinator "Foodarama."

KING FURNITURE'S Frank Walsh thinks the Spring Air mattress, ninth prize in the contest, is comfortable enough to sleep on even standing up!

ALL SMILES as he caresses the Rambler 4-door station wagon is local Nash dealer, Bill West. It's the top prize and, according to Bill, every family should have one!

"IT'S ALWAYS cool with a Fedders air conditioner around," says Dave Galin, local furniture and appliance dealer. The air conditioner is eighth prize.

Continuing Prosperity Depends on Advertising

Babson Park, Mass., I am not saying that advertising is the most important factor in business. The location and attitude of every local merchant and each of his clerks are also great factors. This is due to the fact that consumer buying really determines the future of business and employment.

OUR PRESENT PROSPERITY

If economic history had run true to form, we would have had a business depression and unemployment after World War II. But the advent in radio advertising saved the day. It provided the greatly needed "shot-in-the-arm" to the general welfare.

In the last part of the Truman Administration, color advertising was another "shot-in-the-arm" which was then greatly needed. Again, after Mr. Eisenhower became President, we were threatened with declining retail sales. This caused manufacturers to lay off employees. Increased unemployment follows declining sales as night follows day. This time it was television advertising which corrected the situation and kept a million readers of this column on their jobs.

WHAT ABOUT COLORED SAUSAGES?

Unless the national advertisers have something new to offer, we are again likely to see declining sales, whoever may be elected President on November 6 of this year. Clouds are already in the sky. Every merchant should be on his toes and tend to business. Whatever ticket he votes, every manufacturer, merchant, or wage-worker wants good business. Certainly, it will not come by voting any ticket antagonistic to business. The first principle of holding your job and being promoted is to stick by and uphold foundations already built.

I hope the advertising agencies can pull some new rabbit out of their hats to make good times continue considerably longer. Consumers, however, become immune to the same old advertisements presented in the same old way. If I were forced to guess as to the next incentive to business,

I would pick new styles or packaging. This is best illustrated in the supermarkets and in the "five-and-ten" variety stores now being put on a self-service basis. I forecast that the cheapest form, and one of the most effective forms, of advertising during the next few years will be the attractiveness of the package. The Massachusetts Legislature is already being asked to permit the sale of colored sausages. Here is a great opportunity for young people with both imagination and artistic sense. For a modern pulling package there must be a combination of the old trade mark, upon which millions of dollars have already been spent, and a new feature which will catch the eye.

LOCAL NEWSPAPER ADVERTISING

I fear that most newspapers are not helping local merchants in the preparation of their advertisements. While the national advertisers are employing the best psychologists and artists to provide the copy for their advertising in local newspapers, the local merchant is content to use the canned advertising sent to him, without adding a personal or local touch. This is due partly to laziness on the part of the merchant and partly to the fact that it costs the local newspaper to make a change in the advertising copy.

Yet statistics will show that the local newspapers—especially those of smaller cities—are the real determining factors as to future business. My advice to national advertisers is to spend more money. Of course, it is much less work for the national advertiser to get his income from expensive copy in a few magazines of big circulation than to bother with a lot of little daily or weekly newspapers. Let me say, however, that this is a dangerous policy for advertising agencies and also for the national advertisers whom they represent. Remember that the weekly newspaper not only is published once a week but also is being read by some one every day.

Some Will Drown

Already the nation's first summer-season drownings are occurring. Recently, near Seattle, Martin Brown fell out of a boat into a lake and could not save himself.

A teen-age girl managed to make her way to him in her boat, and extended her hand. Brown grasped it and, apparently, was saved. However, when another boat arrived just a few minutes later, the teen-ager had lost her grip and Brown's hand had slipped away and he had disappeared under the water.

We cite this incident only to remind readers that the swimming season is at hand and that drownings are now beginning. Despite all the Red Cross work in swimming training, lessons and so forth, a great many people in this country still cannot swim.

This is particularly true among older people, who did not enjoy the easy access to swimming pools, lakes and so forth, because of inadequate transportation in their younger days. Therefore, many older fishermen and older vacationists, are each year frivolous enough to take to the water, in a boat without adequate safety precautions. They should always sit on a lifesaver-type seat, or wear a life-preserver. It takes only a few seconds to drown, and the number of drownings which occur each year is certainly impressive.

To avoid trouble, swim in safe places, where a life-guard is on duty, keep children well attended, never swim immediately after eating a heavy meal, and never over-extend yourself in the water to the point of utter exhaustion. If you follow these rules, and use life-preservers in boats, you will probably survive the swimming season in 1956, and we can think of no reason why you shouldn't.

A Spacious Establishment

We offer the use of a spacious establishment which includes complete facilities for those who come here to pay their respects or to attend services. Our chapel is large enough to comfortably seat, without crowding, even the largest gathering, and during the services, the family is seated in a family room with a private exit.

★ THINKING OUT LOUD ★

One question, sometimes controversial, sometimes personal is asked each week by The Mail of four pedestrians along Plymouth's downtown streets. This week's guests are "thinking out loud" on the question:

"Since the time for most vacations is approaching, we would like to ask you where you would like to go for two weeks if money was no object?"

JIM ARNOLD, 650 Auburn: "If I had two weeks, there are a couple of places I would like to go. I would like to go to the Lake of the Ozarks and just sit in the sun. The other place would be New York City. I would like to see a few things that I missed when I went there with the Hi-Y for a week. In fact, I would like to go almost anywhere since there are so many places I haven't seen."

MRS. JOHN J. FALLON, 639 Burroughs: "I think I probably would go to Egypt. I have always been fascinated by the pyramids and the Sphinx and have been interested in hieroglyphics and such things."

Arnold Mrs. Fallon Mrs. Compton Mrs. McCullough

MRS. WILLIAM COMPTON, 8700 Brookline: "I suppose I would have to choose what the children want—a trip to Salt Lake City. They have always wanted to go there, I guess because they have read about it in school. When we are finished with our home we may go there later this year."

MRS. RAYMOND McCULLOUGH, 139 East Pearl: "I would go south to Tennessee to visit my relatives. We probably will go this year. The last time was at Christmas."

KNOW HIM BY HIS LABEL . . .

PROFESSIONAL MAN!

You choose your doctor for his medical skill . . . your lawyer for his legal knowledge. Choose your insurance agent on the same basis.

No doctor could sway you with "cut prices" . . . no attorney with a story of a legal defense at a discount. Be wary, then, of insurance that is "cheaper".

Your insurance agent is a professional man who spends his life in the study of one of today's most complex business sciences. His is the knowledge, the know-how that means your insurance coverage is RIGHT and at the RIGHT PRICE.

You foot the bill for "skimpy" insurance, improper coverage, when you suffer a loss, sometimes a bill for thousands that wipes out years of work, a lifetime of savings.

BE SURE. A regular service of this organization, without obligation to our clients, is the analysis of your insurance position. After such analysis, you'll know FOR SURE before it's too late!

Michigan Educators Would Appoint Instruction Head

Voters must deal with an important educational issue this November if petitions of the Michigan Education Association are filed. An earnest effort is being made by the MEA to take the office of State Superintendent of Public Instruction out of politics. Support for the plan has been given by present Superintendent Clair L. Taylor.

Basic provision of the proposal gives the State Board of Education authority to appoint the Superintendent. This would replace the two year elective term now in force.

Election to the board itself, though now on a non-partisan basis, would still be continued. Number of members would be increased from four to eight members; two would be elected each two years.

New plan calls for board members to serve eight year terms. Candidates for these posts would submit petitions from at least 20 counties with a total of 25,000 signatures to secure a place on the ballot. Only restriction is that not more than two members shall reside in the same county.

The 219,000 name goal is in sight according to A. J. Phillips, Executive Secretary of the MEA. His group has passed the half way mark in collecting 218,712 signatures, the required number to place the proposition on the November ballot.

Both political parties remember the bitter and costly fight preceding the last election of a Superintendent in April, 1955.

As a "practical measure" both could be expected to favor a plan which would save their campaign funds for "even" year elections when more political offices are at stake.

Democratic leaders would like to see the office appointive rather than elective. They prefer that the appointment be given to the governor.

Like to sign petitions? At least four other Michigan groups are looking for signatures for proposals. Chances of their success in meeting the July 6 deadline vary.

No pun intended, but Michigan Amvet Commander Edwin Numbers is pushing a proposal to legalize charity bingo. This is a slightly modified version of the amendment which was defeated at the polls two years ago.

Township officials through their state association, are circulating petitions to return property tax assessments to their control. Much of their former assessment power is now in the hands of the State Board of Equalization.

A new method of selecting judges has support of the State Bar. Known as the Missouri plan, this proposal requires that the governor appoint judges from a list of candidates submitted by a panel of laymen and attorneys. After serving one year, the appointed judge must be successful in an election if he is to hold his position.

A curb to limit the garnishment (forced payment) of wages is being presented by a group headed by Detroit attorney Gregory M. Pillon.

If passed, wages could not be garnished to pay bills due on any merchandise except groceries.

One other proposal is certain. The Legislature itself is submitting an amendment. It specifies a minimum age of 21 for all legislators and disqualifies persons convicted of felonies involving a breach of the public trust or subversion.

Watch for the national advertising program Michigan will launch next month to promote our state for new industry.

Keyed to the theme "Michigan is Good to Industry," the Michigan Economic Development Department is readying a campaign based on the \$100,000 fund voted at the last legislative session.

A larger cut of the huge industrial expansion "pie" is the campaign target.

According to Don Weeks, director of the development office, other states spent more than \$3,000,000 last year in an effort to secure new industry.

"We are pleased that Michigan will now have a coordinated campaign to promote the state's virtues," Weeks stated. "We anticipate that the state government's \$100,000 fund will be multiplied several times through tie-in advertisements by numerous companies and organizations."

A five-phase program is outlined, according to Weeks, which includes advertising in national consumer and trade journals, traveling displays, a Michigan movie, a television film and direct mail advertising.
