

Township Citizens Petition for 'City of Plymouth Heights'

Liquor Question Expected On City Ballot in November

Four years have passed since Plymouth voters turned down the question of whether liquor should be sold by the glass, but petitions are a sure circulation, which may place the question on the ballot this year.

At least 300 names are listed on the petitions now circulating in the township. They are being collected by the Plymouth Citizens' Association, which is headed by Mrs. Eugene Beeman.

Supporters of the petition are of the opinion that the township is in a position to have beer and wine by the glass sold in the township. They believe that this will be a boon to the township and will bring in a large amount of revenue to the township.

Plymouth voters last year turned down the question of whether liquor should be sold by the glass. The township is now in a position to have beer and wine by the glass sold in the township.

The number of people voting in the last election for the township is a factor in determining the number of signatures needed on the petition. They must have 35 per cent of this number. Circulators, however, said that they want to have around 2,000 instead of 500. It takes but a simple majority to remove the question.

City residents wanting to register to vote in time for the August 7 primary will be able to easily get their names on the books this Friday and Saturday when the city's registration machinery is moved into two downtown stores.

Deputy registrars will have booths open in Kresges and the Kroger store this Friday and Saturday during store hours. The deadline for registering for the primary is next Monday.

City Approves Sewer Contract
The city board of trustees has approved a contract for the construction of a sewer line from the city to the farm of Mr. J. W. Wood.

George A. O'Brien, Jr., deputy city engineer, has been named as the contractor for the sewer line. The contract is for a length of 1,000 feet and will cost \$10,000.

When this contract is approved, it will be the first of its kind in the township. The township has been in a position to have beer and wine by the glass sold in the township.

A chain-link fence for the proposed playground at the west end of Elm street will be purchased from the Allen Fence company.

Stamp Savers Carry Away 203 Prizes

Three weeks of working every night paid off handsomely for Mrs. Eugene Beeman, an attractive housewife at 14330 Sheldon road. Thanks to her persistence and clever marketing, the Beemans are driving a 1956 Nash Rambler. Chess County state was their six-year-old sedan in the first prize.

As grand prize winner in the Plymouth Community Stamp \$10,000 contest, Mrs. Beeman said she "didn't mind" winning a good prize but not the car. Her husband, an engineer at St. John's Hospital, was a member of the Plymouth Stamp Club.

Each prize winner in the contest was notified by mail. Mrs. Beeman was notified on Friday evening to attend the ceremony, but they were not told what prize they had won. The Beemans interrupted a planned weekend vacation to Detroit.

This is the winning angle that Judge Louis McDonald of the University of Michigan journalism department determined in awarding the 500 prizes of stamps in the contest.

Other major prize winners included Mrs. J. W. DeWitt and Mrs. John Schwartz, both of Detroit. Mrs. DeWitt won a 1956 Nash Rambler and Mrs. Schwartz won a 1956 Nash Rambler.

Mrs. Beeman said that she and her husband were notified by mail that they had won a prize. They were not told what prize they had won until they attended the ceremony.

Plymouth Community Stamp Club members are proud of the success of the contest. They hope to have another contest in the future.

GRAND PRIZE winner in the Plymouth Community Stamp \$10,000 contest Friday evening was Mrs. Eugene Beeman of 14330 Sheldon road. Nash Dealer Bill West is shown giving the keys to the Rambler station wagon to Mrs. Beeman as her husband holds one-year-old daughter Diana, who seems quite unconcerned by all the activity. For pictures of other major prize winners taken at the Kellogg Park awards' ceremony see page four.

Joyner Bound Over to Circuit Court After Two-Hour Courtroom Examination

Staring at his clenched hands on the table before him and with his wife at his side, Joseph E. Joyner listened to nearly two hours of testimony at his courtroom examination Monday that resulted in his case of first degree murder being sent before the Wayne county circuit court.

Purpose of the examination was to determine if a crime had been committed and to show that the defendant was sane at the time of the shooting of Mrs. William Garrett, 52 of 708 Church street, Lyons, Justice of the Peace Lee Nye presided over the examination. Joyner's wife, Fay, sat beside him throughout the examination. The shooting allegedly took place because she was going to take the Garrett home. He is now in jail.

Prosecutor's motion to have Joyner bound over to circuit court was granted. Joyner's attorney declared that he could see nothing in the testimony showing that Joyner's action was premeditated. The prosecution said, however, that Joyner's voluntary statements indicated that he had been lured out of the Garrett home earlier in the afternoon and then went to the father's home for a time.

Five witnesses appeared on the stand during the two-hour session. First was Mrs. JoAnn Layton, 679 Forest avenue, a medical doctor. She testified that she saw Mr. Garrett in the emergency room at the University of Michigan hospital and later at the funeral home.

Prosecutor Dan Johnson, the officer who captured Joyner, was next on the stand and testified that he is a first lieutenant in the police department. He testified that he found Mrs. Garrett on all four and then found Joyner's gun. He finally convinced Joyner to allow him to examine Mrs. Garrett later. Johnson grabbed for Joyner's gun.

A Detroit attorney defending Joyner attempted to have the defendant released to several weeks of confinement. He tried to have Joyner released to his home in Detroit. Nye denied the motion and named an assistant

Two Fill Newly-Created Jobs in City This Week
Two new employees, an assistant superintendent of public works and a superintendent of building and safety, assumed their duties this week at city hall.

Joseph Bida has taken the newly created position of assistant superintendent of public works. He will be an assistant to S. L. Bess, an acting director of the public works program. Bida was superintendent of public works at Garden City before coming here.

Also new is the combined job of building, zoning, housing and electrical inspections, which will be held by Charles Thompson. Thompson has been the electrical inspector for a number of years on a part-time basis. He will now become full-time employee to handle all four phases of the building and safety program. Not included in his job are fire inspections.

Leonard E. Wood Fails to Receive Republican Endorsement at Meeting

Sterling Eaton, former Plymouth publisher, has won the endorsement of the Republican League of Redford Township in his bid for State Representative from the 21st District.

Members of the League, one of two GOP groups in the Township, gave Eaton unanimous endorsement after repudiating incumbent Representative Leonard Wood.

Wood drew the wrath of League members when he bolted the Republican party last year. He was elected on the GOP slate in 1954, but applied for membership in the Democratic Party. He switched his politics again this year when he filed as a Republican for the August 7th primary, when he will oppose Eaton for the nomination.

George Shaffer, Jr. and Byron Walter, chairman and secretary, respectively, of the League, spoke at the meeting. "You're not a Republican, Mr. Wood," said Walter when Wood asked to speak before an endorsement vote was taken. "Mr. Wood, you insulted the Republican Party by leaving," charged Al Bellaire, GOP candidate for Supervisor in 1955. "Weren't you with the Democrats yourself when you supported Al Leggat for Supervisor in 1949?" asked Wood of Bellaire. Bellaire later told the reporter that he had supported Democrat Leggat in preference to ex-supervisor Leonard Broquet, helping Leggat to be a better candidate. After the endorsement vote was taken, the group allowed Wood three minutes to speak.

Move Aimed to Halt Further Annexations

With township citizens calling it "our only means of defense against the city," a petition to incorporate about half of Plymouth township into the "City of Plymouth Heights" was filed last Friday with the county clerk.

This was the second time that an attempt has been made to encircle Plymouth with another city. The first being a year ago when petitioners called the proposed city "Charleston."

There were 257 signatures on the petitions carried to the county clerk by Township Treasurer Roy Larson.

Some of the newly incorporated land to be added to the city would be the area of 500 acres of land, including only the eastern part of the township. The western part of the township would remain in the township. The township is now in a position to have beer and wine by the glass sold in the township.

Members of the board of education inspected land behind Bird and Smith schools preceding a special meeting Monday night to determine if there was sufficient land to construct more classrooms.

There was no decision on their part. Both schools have branches of Township creek crossing corners of the playground. It had been suggested that Bird, Smith and Allen schools could be extended, thus providing more classrooms at less cost than constructing a new building.

In business conducted during the evening, the bid of the American Seating company for desks and chairs for the James Galloway school was approved. The cost was \$10,000 per unit.

Plymouth Paving company was awarded the contract for paving the parking area and driveways at Smith and Bird schools. The cost was 17 cents a yard while Ann Aybo Construction company bid 22.1 cents on one school and 21.6 on another. The project will be completed this summer.

Also scheduled for paving this summer is the upper playground at Starkevatton school, the lamp leading to the locker level and a basketball court.

Gray Mutual Agency of Detroit was low bidder for the new \$5,000 school treasurer's bond.

Also scheduled for paving this summer is the upper playground at Starkevatton school, the lamp leading to the locker level and a basketball court.

Club to Urge 'Night Out'
The club owners were alerted today that their phones may ring next Monday night and the chance are good that it will be a Plymouth Rotarian asking if they want to join "Plymouth's Night Out."

Rotary has purchased the entire July 16 performance of "Anne Get You Gone" at Melody Circus. The circus and proceeds are going for the construction of a \$10,000 out-center on Michigan avenue. The local club has received \$15,000.

An attempt is being made to call as many local people as possible starting at 7 p.m. This Monday evening at Chairman Harold Gierling's special phone arrangement is being installed. If the householder wants tickets a Rotarian will deliver them immediately.

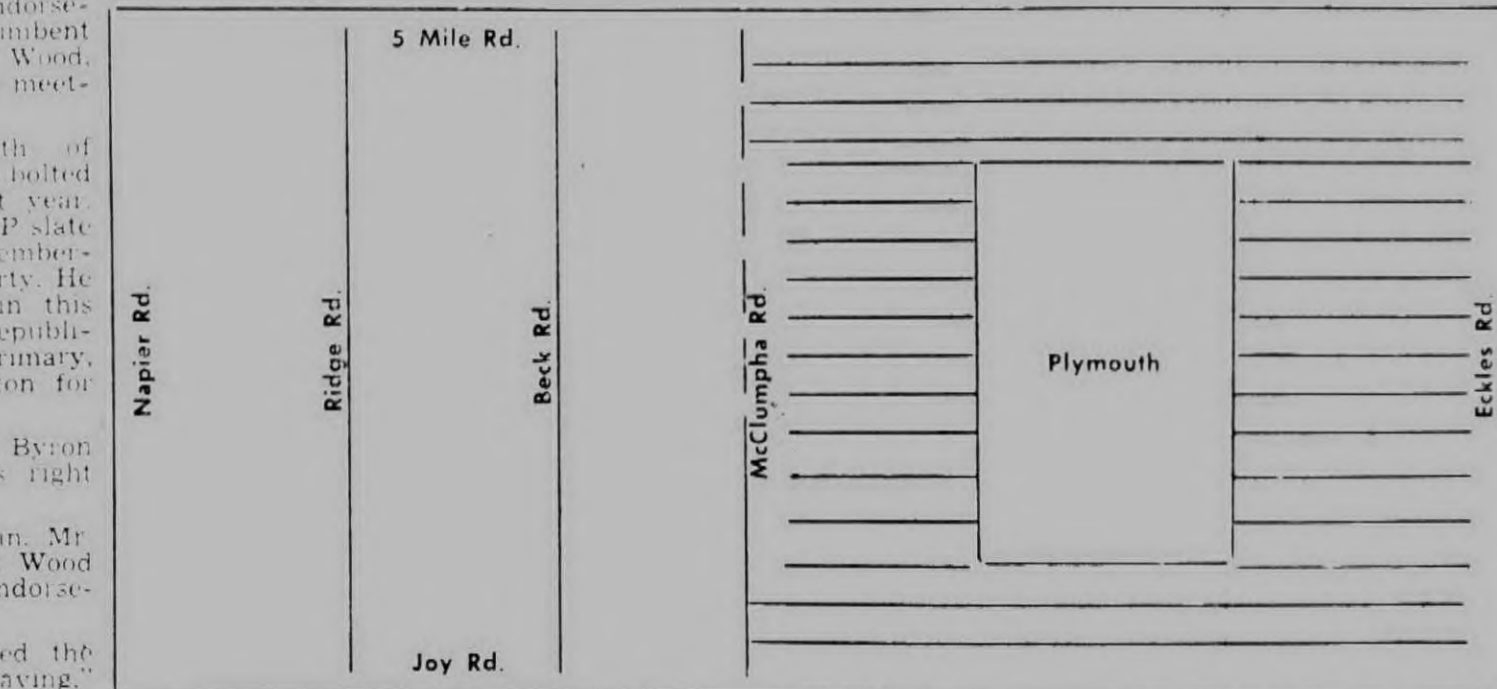

School Windows Broken
Sixty windows were broken at Starkevatton school over the week-end. It is believed to be the work of mischievous youth.

ANOTHER PLAYGROUND was established in the city last week when workmen erected \$350 worth of equipment furnished by the Plymouth Optimist club. Located at Auburn and Junction streets, the playground is the second to be opened within two months. Workmen are shown installing the swings.

PLYMOUTH HEIGHTS, a proposed city that will surround Plymouth, is shown in horizontal lines while area west of McClimphra road is what will remain of Plymouth township. The remaining area could later petition to become a part of Plymouth Heights, spokesmen stated.

BIRTHS

Because there are so many hospitals in the area which are utilized by Plymouth citizens, it is impossible for The Mail to accurately obtain reports of all births. We therefore must rely on parents or relatives to kindly supply us with this information as soon as possible.

Mr. and Mrs. Walter Roberts of Rockford announce the birth of a son, Bradford, born June 23 at Grace hospital, Detroit, weight eight pounds, one and one-half ounces.

Mr. and Mrs. John L. Allord of Five Mile road announces the birth of a daughter, June Anne, June 21 at William Beaumont hospital in Royal Oak, weight seven pounds, one and one-half ounces. Mrs. Allord was the former Joanne Erb.

A little girl, Karen Marjorie, was born June 28 to Mr. and Mrs. Mevin Korte of Warren road, Plymouth. She weighed seven pounds, four and one-half ounces and was born in St. Joseph hospital, Ann Arbor. Mrs. Korte was the former Patricia Larsen.

Mr. and Mrs. Bob Smith, 9004 Marlowe, are the proud parents of a 6 pound, 9 ounce daughter born at St. Joseph's Mercy hospital in Ann Arbor. She has been named Mary Vita.

An eight pound daughter has been born to Mr. and Mrs. Calvin Hicks, 494 Starkweather. She was born at Garden City Osteopathic hospital on June 21. The new arrival has been named Doris Ann.

Reception at Meadowbrook Club Follows Rucker-Johnson Rites

One of the loveliest weddings of the season was that of Patricia Ann Johnson, daughter of Mr. and Mrs. William James Johnson of Ann Arbor and William James Rucker, son of Mr. and Mrs. J. G. Rucker of Dearborn. The ceremony was performed at eight o'clock, Wednesday evening, June 27, in the First Presbyterian church by the Reverend Henry J. Walsh, D. D.

Baskets of white gladioli and chrysanthemums with lighted tapers in silver candelabras decorated the chancel. Proceeding the nuptial service Harold Koch sang, "Because."

The bride, given in marriage by her father, wore a fitted gown of white chantilly lace which formed the bodice, long sleeves ending in points over the hands and the wide panels down the front and back to the floor length hemline. The V-shaped neckline was trimmed with iridescent pearls as was the crown holding in place her fingertip length veil of illusion. The full skirt was of net over satin. Her only adornment was a pearl necklace and matching ear rings centered with diamonds, the gift of her bridegroom. The bouquet was an arrangement of Amazon lilies, white roses and stephanotis with satin ribbon streamers.

The nation-of-honor, Mrs. Jerry Finnegan, of Plymouth, sister of the bride, wore a ball-length gown of blue rayon tulle over taffeta, having a taffeta bodice and a half crown of the same material, with veil, and blue slippers. She carried a domial bouquet of golden Rose-ture roses, daisies and blue delphinium.

The bridesmaids, Mrs. J. G. Rucker, Jr., Mrs. Josephine H. Rucker, both of Ann Arbor, and Miss Jackie Pomeroy, of this city, wore identical gowns to that of the matron-of-honor only in yellow tulle and taffeta and yellow slippers. They also carried colonial bouquets of golden Rose-ture roses, daisies and blue delphinium.

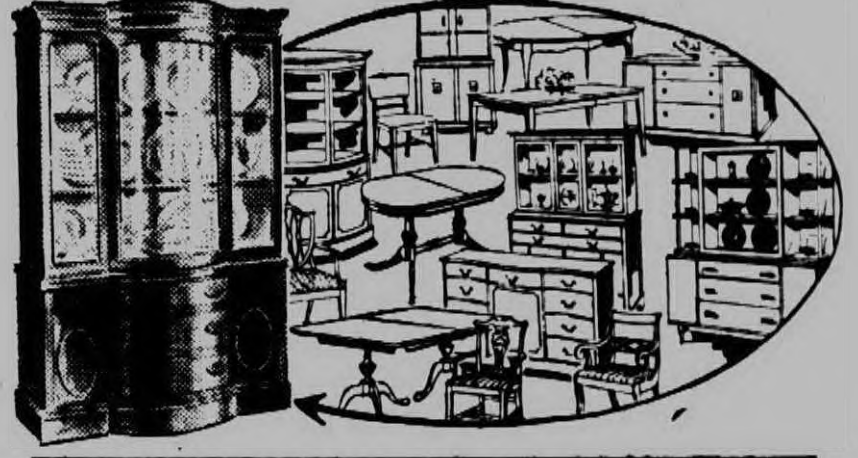

The bridegroom chose his two brothers, J. G. Rucker, Jr., and Joseph H. Rucker, of Ann Arbor, for his best men and the ushers were Carl Clendenning, Richard Mendelsohn and John Pitt of Plymouth.

Legal Notices

To the Supervisor and Highway Commissioner of the Township of Plymouth, Wayne County, Michigan.
Sirs:
You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did at a meeting of said Board held on June 7, 1956, decide and determine that certain streets described in the minutes of said Board should be County roads under the jurisdiction of the Board of County Road Commissioners. The minutes of said meeting fully describing said streets are hereby made a part of this notice, and are as follows:

Minutes of the regular meeting of the Board of County Road Commissioners of the County of Wayne, Michigan, held at the Board's offices on the 7th floor, City-County Building, Detroit 28, Michigan, at 9:00 A.M., Eastern Standard Time, Thursday, June 7, 1956.

Present: Commissioners O'Brien and Wilson. Commissioner Kruger arrived later.

Commissioner Kruger moved the adoption of the following resolution:

BE IT RESOLVED by the Board of County Road Commissioners of the County of Wayne, Michigan, that the following described roads be and they are hereby taken over as county roads and made a part of the county road system of the County of Wayne:

All of Lakeland Court and Finch Avenue as dedicated for public use in Finch Subdivision of part of the N. E. 1/4 of Section 23, T15, R1E, Plymouth Twp., Wayne County, Michigan, as recorded in Liber 79 of Plats on Page 32, Wayne County records, constituting a total of 0.237 mile of county road.

The motion was supported by Commissioner Wilson and carried by the following vote: Ayes: Commissioners O'Brien, Kruger, and Wilson. Nays: None.

THIS NOTICE IS GIVEN UNDER AND BY VIRTUE OF ACT NO. 283 OF THE PUBLIC ACTS OF 1909, AS AMENDED.

In testimony whereof, I have hereunto set my hand at Detroit, Michigan, this 14th day of June, A. D. 1956.

Margie Ouimet, Dallas King Wed in Double Ring Ceremony

On Saturday, May 12 at one o'clock in the afternoon in the First Baptist Church of Plymouth, the Reverend David L. Reider officiated at the double ring ceremony uniting Margie Ouimet and Dallas King.

Margie is the daughter of Mrs. Grace Ouimet of Haggerty road and Dallas is the son of Mr. and Mrs. Dallas King of East Ann Arbor Trail.

Mrs. Dorothy Anderson, accompanied by Mrs. Velma Searfoss on the organ sang "I Love You Truly" and "Because." Large baskets of white gladioli and carnations and rows of lighted tapers were the background for the impressive wedding.

Plymouthites Attend Church Convention

Reverend and Mrs. E. B. Jones, and their daughter, Sandra, and many members of the Riverside Park Church of God in Livonia recently attended the International Convention of the Church of God in Anderson, Indiana. Those members attending were, Mr. and Mrs. Jerry Harder, Ronnie Smith, Gloria DeFilipo, Mr. and Mrs. Gerald Elston and daughter Sherry, Mrs. Evelyn Freyman, James Wright, and Mrs. Mae Beitner, all of Plymouth.

At the convention Reverend Jones was asked to serve as director of the altar committee for the International Youth Convention which is to be held in Springfield, Illinois in August of this year. He has also been asked to serve as leader for an older youth group at the convention.

He is also serving his community as Vice president of the Michigan Alumni and also president of the south eastern district.

Mrs. Ouimet, mother of the bride, chose for her daughter's wedding a turquoise lace dress, over taffeta with beige accessories and wore a corsage of pink carnations. Mrs. Dallas King,

Editor:

I wanted to write to express the deep appreciation the Winterhalter family holds for the Plymouth Fire Department.

As you will recall, at 6 p.m., on May 28, I returned home from my office in Detroit to find the roof of my home at 1302 West Maple burning. I, naturally, rushed in to call the Fire Department and it seemed to me that I had hardly hung up the receiver when I saw the first red truck coming down Maple Avenue and very shortly thereafter the other units arrived—which is quite heart warming, when your house is on fire.

Furthermore, the manner in which the firemen handled the fire was very efficient as there was very little damage to either the roof or bedrooms by water or otherwise. I would appreciate your passing this message along to our very excellent Fire Department.

J. S. WINTERHALTER

Horrible Road

Editor:

In your edition of May 31, you had an account of a motorcycle accident on N. Territorial Rd., a copy of which I am enclosing.

In your inaugural edition, you stated that your aim as a newspaper was to concentrate on local news.

Now, the reason I am writing this is that, as a local newspaper, interested in local conditions, I think that you should write an editorial or article on the terrible condition of N. Territorial Rd. in Wayne County.

This is not a temporary condition. Year after year it is full of holes. Year after year the holes are filled and in a day or so they break open again and remain as traffic hazards for weeks on end. Drivers wander all over the road to avoid these holes and, believe me, some of them are holes.

A yellow line drawn up a hill doesn't mean too much on N. Territorial Rd., and some day someone coming over the top of one of these hills is going to regret it, and it could be anyone.

I am surprised that whoever is responsible for the upkeep of this road has been able to ignore it for so long. The amount of traffic, especially on week-ends, certainly warrants something being done to improve what is probably one of the worst kept-up stretches of road in Wayne County.

SOCIAL NOTES

The Reverend and Mrs. S. Conger Hathaway celebrated their 40th wedding anniversary in June 24 in their home in Battle Creek. Hosts for the occasion were their children, Mrs. Carl Scheffler of Ypsilanti, Francis of Duck Lake and Stephen, of the faculty of Miami University, Ohio. Present from Plymouth were Mr. and Mrs. C. H. Goyer and Mr. and Mrs. Carl January. Reverend Hathaway will be remembered as a former pastor of the First Presbyterian church, Plymouth, and his many friends join in wishing them many continued years of happiness together.

Mrs. Maurine Baldwin and son, Robert, were luncheon guests Monday of Mrs. Meredith Kahler and son, Jimmy, of Napier road, Northville.

Mrs. Robert Wasson of Boston, Massachusetts was a guest last week in her cousins, Mr. and Mrs. Charles Root Jr.

CAROL CLARKE of Plymouth was one of the two delegates at Wolverine Girl's State who was elected last week to attend Girl's Nation in Washington D. C. Her mother is helping her pack for the trip. The other delegate is Jo Lee Hulbut of Holland.

OLDEST SOLON . . . Sen. Theodore F. Green, (D) of R. I., became oldest senator in history on June 17 when he was 88 years, 8 months and 15 days old.

When Lansing, Michigan, became the Wolverine State's capital in 1847, it was a frontier clearing with one log house and a sawmill. Legislators choose it, half jokingly, after rejecting more populated townships, says the National Geographic Society.

THE SMILES on the faces of the trio at the left were brought on by the announcement that they had won the second place prizes, a week-long, all expenses paid vacation to Miami Beach. Stamp Corporation President Joseph Rucker (right) looks on as Mr. and Mrs. J. W. Davis and Mrs. John Schwartz inspect the letter which entitles them to the vacation. Mrs. Schwartz' husband was unable to attend the ceremony and "would surely be surprised when he hears," said Mrs. Schwartz.

MRS. LYNN BECKER receives the Keepsake diamond ring, seventh prize in the contest, from Marvin Bertram, manager of Bluford Jewelers. A crowd of approximately 500 persons turned out for the awards' ceremony Friday evening, climax to the five-month-long contest.

Legal Notices

BEMAN G. NEUBECK, ATTORNEY,
48300 West Ann Arbor Road,
Plymouth, Michigan.
STATE OF MICHIGAN, County of Wayne, ss. 442,233.

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the twenty-eighth day of June, in the year one thousand nine hundred and fifty-six.

Present James H. Sexton, Judge of Probate. In the Matter of the Estate of FRANCES A. STIMSON, also known as FRANCES HELEN STIMSON, Deceased.

Instruments in writing purporting to be the last will and testament of said deceased having been delivered into this Court for probate.

It is ordered, That the thirty-first day of July, next at ten o'clock in the forenoon at said Court Room be appointed for proving said instruments.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulated in said County of Wayne.

James H. Sexton
Judge of Probate.

I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

Dated June 28, 1956
John E. Moore,
Deputy Probate Register.

Merchants Lose Again

The Plymouth Merchants dropped into fifth place after losing a 2-1 decision to the Northville Merchants for their second straight loss. The defeat left the Merchants with a 2-3 record.

Plymouth's only run came as a result of two Northville errors. With one out Fairbanks hit a routine grounder, but the fielder overthrew first and Fairbanks advanced to second, the next batter hit a ground ball to the infield and the throw to third was too high and Fairbanks scored Plymouth's lone run.

Northville's first run came in the second inning on a single, stolen base, and a double. They scored again in the third on a walk, single, and outfield error. Tom Shrake went the distance and allowed only four hits compared to the seven hits collected off McIntyre and Kisabeth, the two Northville hurlers. Kessler and Thompson led the Merchant attack with two hits apiece.

The Merchants will meet Club Supino in a fourth of July contest to be held at the Riverside Park diamond at 3:30. The Plymouth squad will be host at a double header this Sunday, July 8. The first game will feature Saline team and the second the Al Rogers nine.

Other scores around the league were:

River Rouge	20
Preslie	2
Romulus Jaycees	15
Saline	3
Lincoln Park	5
Club Supino	2

Joyner Bound

Continued from Page One

quently by the defense counsel about Joyner's mental condition at the time of his arrest.

Dr. Robert Hendrix, U of M pathologist who performed the autopsy on the victim, gave a medical account of his findings. "Death could have been caused by a bullet" the doctor cautiously declared. Later he added that he was certain that it was. One bullet was extracted in an operation while the other was taken out in the post mortem from the back muscles.

Another witness was Dr. Lee Feldkamp of Plymouth, Mrs. Garrett's physician. He arrived as they placed the victim in the ambulance and administered a sedative. Under the objections of the defense, Dr. Feldkamp reported a conversation with Mrs. Garrett. "Doctor, I'm glad you've come," he quoted her as saying. "What happened?" Dr. Feldkamp asked.

"Joe Joyner shot me," she allegedly answered. "Am I going to die?"

"People who are shot do not always die," he replied.

Officer Calvin Brown was the last witness, telling that he arrived after Patrolman Johnson had handcuffed Joyner. He testified that he had known the victim for 3 1/2 years and that she told him in the ambulance that it was Joyner who had shot her.

When Joyner's case will come before the circuit court is not known. It will depend upon the number of other cases scheduled during the term of court. Meanwhile, Joyner has been returned to the county jail. He cannot be placed on bond while being held on a first degree murder charge.

Leonard E. Wood

Continued from Page One

Wood said he had been unfairly attacked in a telegram sent by Eaton to Republicans, which charged that Wood's voting record in the House was poor.

SPOKESMEN for the League were vehement in their attacks on Wood, calling him a "renegade" and an "uninvited guest."

Brief defense materialized for Wood at the meeting from Dick Wakefield, former Tiger ballplayer who is running for Congress from the 17th Congressional District. Wakefield said, "I don't know anything about the case, but I feel this type of group should hear everybody, including Mr. Wood."

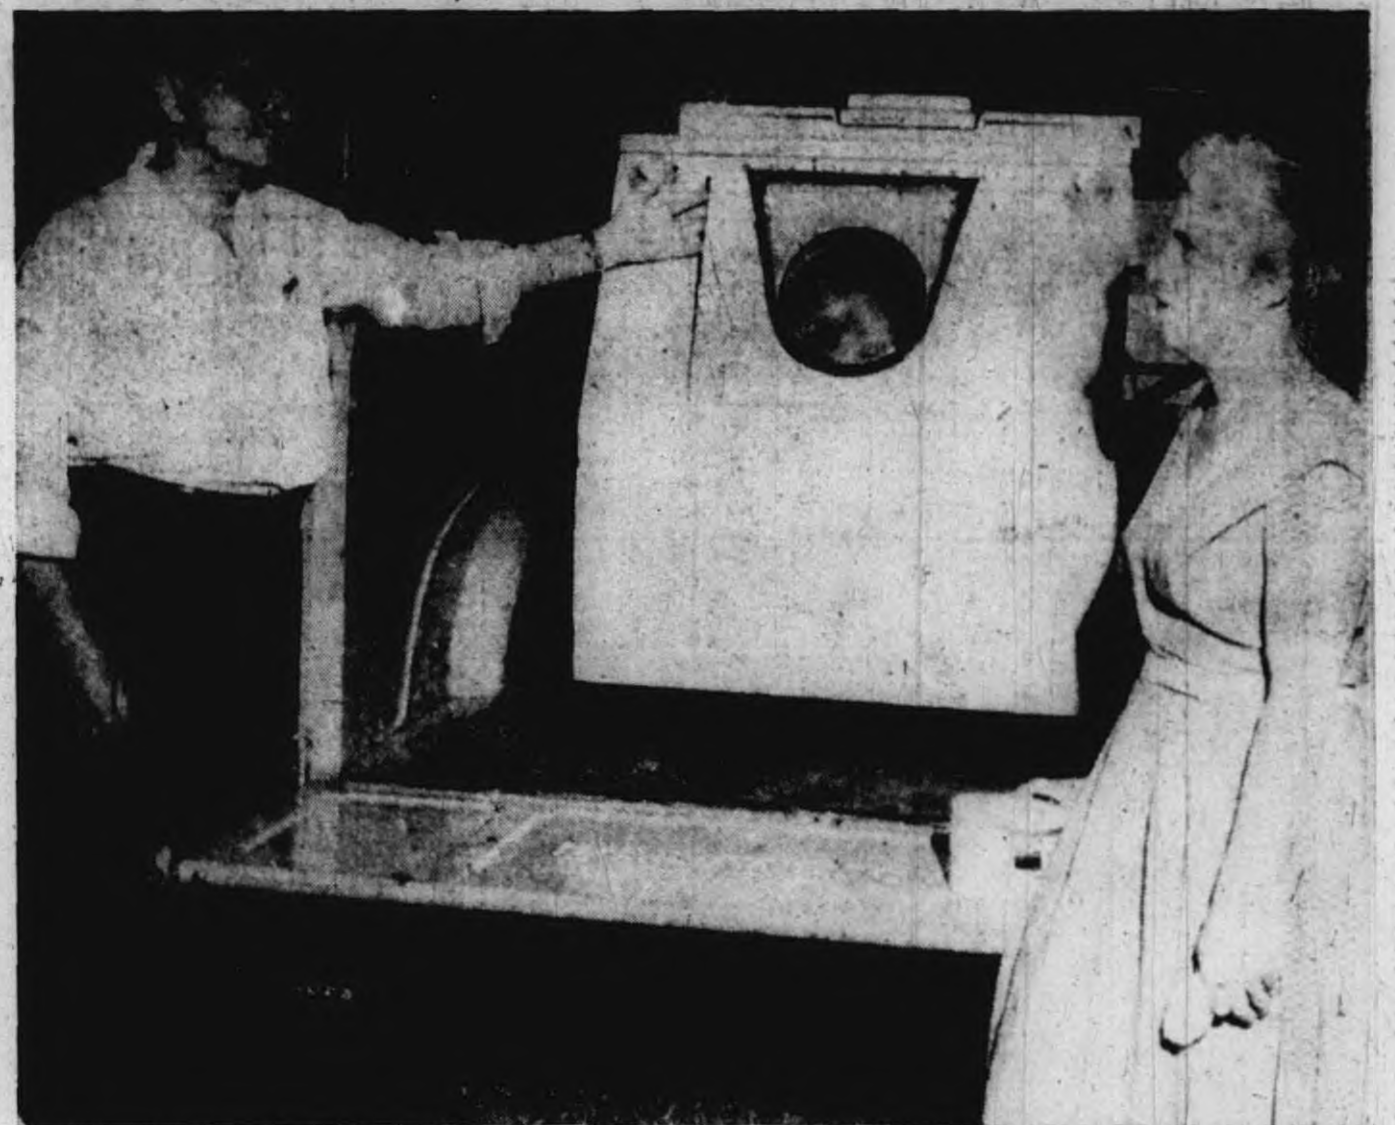

Harlow O. Tubbs, chairman of the Official Republican Club, another GOP group in the community, told reporters, "Our organization never endorses a candidate before a primary election," when asked if Wood or Eaton would receive their approval.

Wood will be opposed by Sterling Eaton of Plymouth in the August 9 primary. On the Democratic ticket are three men, Orville L. Tungate of Plymouth, chairman of the Plymouth Democratic club; Charles Walker of Livonia, defeated by Wood two years ago; and Harvey J. Beadle of Redford.

Democratic candidate Orville Tungate lives at 9433 Brookline and is employed by American Airlines at Willow Run. He was a candidate for Plymouth township treasurer a year ago but was defeated when Republicans regained all offices there.

Seventeenth Congressional district Representative Martha Griffiths is unopposed in her bid for re-election as a Democrat. Five Republicans seeking their party's nomination to the House are Allen Bosworth, Walter Charlton, Gregory Pillon, George Smith and Richard Wakefield.

For the office of State senator from the 18th Senatorial district, Senator John Swainson will be opposed on the Democratic ticket by D. Thomas Cavanaugh, Alex T. Murphy and Roland J. Vandenberg. Republicans seeking the nomination are George F. Boos, James A. Hague and Edison A. Reid.

EARL WEST had the Westinghouse Laundromat all ready to deliver to Mrs. Jesse Tritton of Ann Arbor trail. Her entry won eighth place and thus her wash-day worries are all over, says Appliance Dealer West.

Patricia Rensel Given Miscellaneous Shower

A lovely miscellaneous shower was given in honor of Patricia Rensel, daughter of Mr. and Mrs. Walter Rensel of 987 Dewey, Tuesday evening, June 26. Hostesses were Mrs. Clifford G. Smith and daughter, Janelle of Dewey street. A pink and white color scheme was used in the decorations. Guests present were Mrs. Rensel and Patricia; Mrs. Norman Fulton, the bridegroom's mother; Mrs. Arthur Alford and Marjorie; Mrs. Estle Merrill and Lurie and Glenna; and Mrs. J. D. McLaren and Cynthia.

HONORED BY the Wayne county home demonstration executive committee recently was Mrs. E. W. Moyer (at right) of 50135 Hanford road. Presenting Mrs. Moyer with a commemorative fountain pen is Mrs. Clarence Morris, executive committee chairman. Mrs. Moyer has worked in home demonstration for 40 years and helped to organize the first groups in Wayne county in 1918. A cake was also served in honor of Mrs. Moyer's 81st birthday.

Minutes of the Board Education

A special meeting of the Board of Education of the Plymouth Community School District was held in the home-making room of the high school at 11:30 a.m., April 5, 1956.

Present: Mr. Booth, Mr. Fischer, Mrs. Hulsing, Mr. Smith and Superintendent Isbister.

Absent: Mr. Booth.

Also present: Mr. Peter Tarapata of Eberle M. Smith Associates.

The Board discussed with Mr. Tarapata, Architect, methods of reducing construction costs for the new junior high school.

It was moved by Mr. Fischer and seconded by Mrs. Hulsing that the following resolution be adopted:

WHEREAS, all the school bonds issued in the name of the Plymouth Township School District on May 1, 1948, in the amount of \$1,350,000 have been paid and cancelled, and

WHEREAS, the eight mills voted increase in the tax Levy for the retirement of the said bonds is no longer effective,

THEREFORE, BE IT RESOLVED that the County Treasurer is hereby authorized to remove the above voted increase from the records.

Ayes: Mr. Caplin, Mr. Fischer, Mrs. Hulsing and Mr. Smith.

Nays: None.

Arrangements for the ground breaking ceremony of the new Gallimore School were placed in charge of Mr. Fischer. The date was set for Saturday afternoon, April 7, 1956, at 2:00 p.m.

The meeting adjourned at 12:30 p.m. Respectfully submitted,
Esther L. Hulsing
Secretary

The regular meeting of the Board of Education of the Plymouth Community School District was held in the home-making room of the high school on April 9, 1956.

Present: Mr. Booth, Mr. Caplin, Mr. Fischer, Mrs. Hulsing, Mr. Smith and Superintendent Isbister.

Also present: Mr. Adams, Mrs. Franklin, Mr. Hulce, Mr. Magoon, Mr. Upton, Mr. Stout, Mrs. Stecker and Mrs. Tarapata.

Mr. Hulce, Chairman, Teacher's Relations Committee of the School Community Planning Group, made a progress report on the thinking of the Committee relative to salaries, promotional policies, extended school year, performance reviews, merit increases, and fringe benefits of teachers in the Plymouth Community Schools. He indicated that his Committee planned to make firm recommendations on these matters in a final report which will, with Board approval, be presented to the School Community Planning Group, the Plymouth Education Association, parent groups, and others.

Mr. Caplin commended Mr. Hulce and the Committee for the amount of time, talent and effort which they had given to the study. He also suggested with common consent of the Board that the Committee continue with their plans of communication.

It was moved by Mrs. Hulsing and seconded by Mrs. Fischer that final approval be given to the plans and specifications for the new junior high school. Advertisements for bidders will appear on April 11, plans and specifications are to be available on April 16, and bids will be opened on Monday, May 7, 1956, at 8:00 p.m.

Ayes: Mr. Booth, Mr. Caplin, Mr. Fischer, Mrs. Hulsing, Mr. Smith.

Nays: None.

A special meeting of the Board of Education of the Plymouth Community School District was held on April 16, 1956, in the home-making room of the high school at 8:00 p.m.

Present: Mr. Booth, Mr. Caplin, Mr. Fischer, Mrs. Hulsing and Superintendent Isbister.

Absent: Mr. Smith.

Also present: Principals Bentley, Eriksson, Gibson, Rank and Jones.

The meeting was called to order at 8:00 p.m. by the President, Mr. Caplin.

The discussion centered around general administrative problems of the different schools. The proposed teaching Tenure Policy was also discussed and some agreement was reached on a proposed change in the sick leave policy. These matters were to be referred to the respective teachers' committees for their comments and suggestions.

It was moved by Mr. Fischer and seconded by Mrs. Hulsing that the tentative 1956-1957 operating budget of \$1,450,055 be approved and submitted to the Wayne County Tax Allocation Board.

Ayes: Mr. Booth, Mr. Caplin, Mr. Fischer and Mrs. Hulsing.

Nays: None.

The meeting adjourned at 10:30 p.m. Respectfully submitted,
Esther L. Hulsing, Secretary

Boys Observe Birthdays

Seven little boys on the same street born the same year celebrated their birthdays along with the host celebrant, Gregory Beaver, 398 Auburn.

A frosted Teddy Bear cake was served on Monday of last week to the group of seven boys. While Gregory was the only one actually celebrating on Monday of last week, all others are seven years old this year. They are Gary Herter, Robert Corford, Craig Sincok, Robin Gilles, Edward Osebold and Donald Wilson.

College Trio to Sing Friday at Church of God

A girls vocal trio, students from Anderson college in Anderson, Indiana, will present an evening of music at Riverside Park Church of God this Friday evening.
Hymns, gospel songs, words of personal testimony and special numbers will be given by the group. The trio is composed of Nancy Shumaker of Distant, Pennsylvania, Jo Rene Stiles of Peoria, Illinois and Rita Jo. Lawkins of Depew, Oklahoma. Their pianist is Carolyn Fillers of Chattanooga, Tennessee.
The program will start at 7:30 a.m., followed by a get-acquainted hour with refreshments served by the church youth group. The girls are touring seven states. Church of God is located at Plymouth and Newburg roads. The Reverend E. B. Jones is extending an invitation to the public to attend.

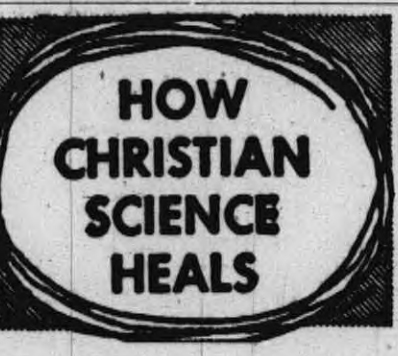

Troop P-3 Plans Outing; Award Won at Camporee

Plans for the summer campout were made when the committee for Troop P-3 met at the home of Jesse Tritten, camp committeeman. The summer camp will be held at Camp Howell from July 25 to 28.
While Scouts are looking forward to the outing with enthusiasm, they are selling salt water taffy to help finance the camp.
Scoutmaster Steven Veresh informed the committee that P-3 has won its second award at the spring camporee held at Big Spring Lake on June 8-10 for all Scouts in the Sunset district. The award was based on camp set-up, camp conduct, following the Robinson Crusoe theme, hiking, camp clean-up and camping in general.
The troop will receive an emblem which it will attach to its flag.
The word "magnet" meaning "follow a winding course," comes from the name of the Menderes River in Turkey.

A WITNESS IN SONG will be held at the Riverside Park Church of God at Plymouth and Newburg Roads on Friday, July 6, at 7:30 p.m. Featured will be the above trio from Anderson College, Indiana; Nancy Schumaker, Jo Rene Stiles, Rita Jo Hankins and accompanist Carolyn Fillers. Hymns and gospel songs will be offered by the trio and a get acquainted hour will follow.

MEDICINE CABINET O.K.?
When's the last time you inspected the family medicine chest? If you take a minute to take a look, you will probably find half-empty medicine bottles that should have been thrown out months ago, rusty razor blades and other miscellaneous items that have been long forgotten. For safety's sake, clean it out and, at the same time, make sure you have stocked the basic necessities that are needed to protect your family.
The word "magnet" is derived from Magnesium, the name of the city—modern Manisa, in Turkey—where in 500 B. C. the magnetic properties of loadstone were first observed.

happy vacations begin in a Chevy

You'll love to travel in it, because it loves to travel! When you get this Chevrolet out on the road, you'll want to keep going—and so will the whole family.

Of course, even in a Chevrolet the happiest vacations may involve one or two minor problems. Like fidgety small fry who want gallons of water and keep asking if you're almost there. The big things, though, are beautifully taken care of by this roomy Chevrolet's smooth and easy way of going.
The fact is, few cars at any price hold the road with a Chevy's grace. That idea about the best riding cars being great oversized affairs went out with the introduction of Chevrolet's outrigger rear springing and low, precisely balanced chassis design. With horsepower up to 225, the Chevrolet moves out like a whiplash, for safer passing. And with it you've always got that solid feeling of stability. It's no wonder that many people who used to buy higher priced cars are changing to Chevrolet! Stop by soon for a ride in your favorite model.

keeping in touch

WESTERN MICHIGAN college at Kalamazoo this week announced its honor roll for the spring semester and receiving all A's was J. Lynn Osen, son of Mr. and Mrs. John K. Osen, 42475 Parkhurst. He was graduated last month with a B.A. degree, magna cum laude.

IT IS OFTEN difficult for Mrs. Jack Ruland, 640 Parkview, to KEEP IN TOUCH with her roving uncle, Captain Robert Leng, but the Ruland family didn't miss the opportunity to see him when he came to Detroit recently. Captain Leng is the skipper of the S.S. Aquarama, the multi-million dollar Great Lakes passenger liner that has been taking thousands of Detroiters on short cruises. The Rulands were guests of the captain on the bridge.

ENROLLED in a special two-week supervising high school publications workshop at Michigan State is Miss Joan Petro, Plymouth high school English teacher. Twenty hours of classes and 10 hours of laboratory work are scheduled each week.

TWO FORMER PLYMOUTHITES, Miss Bertha Warner and Eugene D. Paddock, now residents of Presbyterian Village near West Six Mile road, report that a building program there has turned the village into a "wonderful place to live." Mr. Paddock has lived there since 1946 while Miss Warner went there in 1951. Both were members of First Presbyterian church here.

Annexation Viewed by Citizen Group

To The Editor
The Plymouth Mail:

Since considerable publicity is being given the City of Plymouth's current attempt to annex Burroughs' property, there are many in this community who feel that the over 5,000 residents of Plymouth Township should submit their views on the matter for public appraisal.

It hardly seems necessary to restate the opinions of Township residents, since their feelings were made crystal clear last November when they almost unanimously voted against having their community become a part of the City of Plymouth. But, for the benefit of newcomers and for those who may have forgotten how strongly Township people were opposed to annexation, it might be well to again point out some of the most important reasons for voting as they did.

In the first place, Township people moved here because they did not want to live in a city. They wanted true suburban atmosphere, so they built their homes in country surroundings, dug their own wells, and put in their own septic tanks. Except for a very few who have encountered a water and sewage problem the great majority of Township residents are completely satisfied with this arrangement.

They are also satisfied with their police and fire protection. Crime in Plymouth Township is so low that only minimum service is required from the Sheriff's Office, and should the need for additional police protection become apparent, we can easily get additional assistance from the same source. Township people believe our Fire Department has proved itself fully capable of coping with any emergency.

It is also worthy of note that Plymouth Township people—not unreasonable—do not want to assume debt obligations of the City of Plymouth through annexation, any more than the City of Plymouth wants to assume debt obligations of the Township. However, Township people have no wish to interfere with any financial obligations the City of Plymouth cares to incur.

Plymouth Township residents have emphatically expressed their desire to remain a township at this time. What may be the case five or ten years from now is another story, but as American citizens of a particular community, we believe we have the right to choose the way we live and how we shall be governed.

The City of Plymouth's attempt to inflict its will on the people of Plymouth Township by maneuvering to annex Burroughs' Corporation for financial gain and thus pauperize the township is not in keeping with the American Spirit of fair play. By removing the biggest share of the township's industrial tax base the City of Plymouth is attempting to nullify the vote of last November and deny the citizens of the township the right to choose their own way of life and govern themselves as they choose. It is often said that things like this do not happen in America, but only in places where human rights are not so important.

If the city is successful in its attempt to annex Burroughs' property, it is obviously only a matter of time until all industries in the eastern part of the Township could be annexed by the same method. Thus by pauperizing the Township completely, the City of Plymouth would be able to accomplish by force and through legal manipulation what it has failed to do in a fair and democratic way.

Plymouth Township residents can see no advantage in becoming part of the City of Plymouth at the present time. Neither can they see any advantage to industry in annexation to Plymouth. Township industries are adequately self-sufficient in almost every way, with the possible exception of water, for which Burroughs pays double city rates to Plymouth. Their fire and police protection has proved completely adequate. Burroughs has even provided its own traffic signals on Plymouth Road and at the Haggerty-Schoolcraft intersection.

In closing may we say that Plymouth Township people fondly desire that good-will and harmony will replace the tensions that have arisen out of this controversy in the Plymouth community. We would only ask the people of Plymouth to live and let live in accordance with the Christian spirit which takes full cognizance of the rights and desires of others, even though they do not have the power or the ability to resist a movement that will eventually force upon them a form of government which they rejected in a free democratic election.

OUTDOOR NOTES

From The MICHIGAN DEPARTMENT OF CONSERVATION

Dr. S. C. Whitlock, presently in charge of game research for the Conservation Department, has been named assistant chief of the Department's game division. The appointment, effective July 8, was announced by Harry D. Ruhl, chief of the game division.

Whitlock will replace Joseph H. Stephenson who is retiring July 1 after 40 years of state conservation work. The new assistant chief is a native of Caro and now makes his home in Dimondale. He has been with the Conservation Department since 1936 as a biologist, pathologist and wildlife specialist.

He was an instructor and assistant professor of anatomy in the school of veterinary medicine at Iowa State College from 1929 to 1936.

Whitlock received a bachelor of science degree in zoology at Michigan State College in 1927, a doctorate in veterinary medicine at MSC in 1929, a master's degree in biology at the University of Michigan in 1931 and a doctor of medicine degree at U of M in 1943.

In addition to his academic background, Whitlock has wide experience in field work and is an avid sportsman. He has fished in many areas of the United States, Canada and Central America and hunted in the U.S., Mexico and western and central Canada. A lifetime outdoorsman, he once swam across Saginaw Bay.

He is a member of the Wildlife Society, the American Medical Association and the Michigan State Medical Society and has written technical articles for various scientific journals. Whitlock served in the U. S. Army from 1943 to 1946, rising from the rank of private to captain.

Michigan will receive \$133,474 in additional federal funds for assistance in wildlife restoration projects during the next fiscal year. The money is the state's share of the first appropriation of surplus Peirson-Robertson funds, accumulated from 1939 to 1946.

During that eight-year period, more than \$13,000,000 in P-R funds accumulated when Congress did not appropriate the full receipts annually from the 11 percent excise tax on sporting arms and ammunition. Twenty percent of this surplus will be distributed to the 48 states and U. S. possessions in each of the next five fiscal years.

Michigan's share of the surplus is in addition to the \$580,525 already apportioned for the 1956-57 fiscal year, giving the state a total of about \$714,000 in federal funds for wildlife restoration projects.

Michigan, however, must match the P-R funds with a least \$1 for every \$3 of federal money. In both the original allotment

and the supplemental distribution, Michigan qualified for the maximum any state could get, on the basis of area and licenses sold.

The U. S. Forest Service has announced that Michigan's upper peninsula will become "a center for research activities," following a July 1 expansion of the Lakes States forest experiment station.

Headquarters for the research center will be in the Marquette post office building. The forest service said the extension of activities in the upper peninsula "is in recognition of the widespread interest in forestry which has been evidenced in the U. P. in recent years. It is especially important because of recent industrial developments which will make greater use of timber in upper Michigan."

Early season counts indicate the state's pheasant brood population is up from last spring, but a late spring this year may reduce the total production of young birds.

Department "crowing courts" show the highest number of cock pheasants surveyed during the seven years the counts have been made. Counts are made on 780 miles of highway routes in 30 southern lower peninsula counties.

Field workers travel 20-mile-long road strips on still, early mornings during mating season, counting the number of pheasant calls audible at mile intervals. Each male bird "crows" an average of once every two minutes, providing basis for the study. No attempt is made to count total birds; the survey merely provides an index for comparison with past years.

The survey showed an average of 13.28 birds per survey route stop this year. Last year, the average was 12.49 and the

previous six-year record high was 12.7, counted in 1952.

Other pheasant counts, by rural mail carriers and conservation officers, indicate the hen population also is increased this year. "But wet spring weather pushed the nesting season back several weeks this year," says Ralph I. Blouch, Department game bird specialist, "and there's a strong possibility that total production will be somewhat below last year."

"In any case," he added, "we've certainly recovered from the so-called pheasant depression of the early 1940's and I'll eat my hat if Michigan hunters don't bag in excess of a million pheasants this fall."

Blouch isn't taking too many chances. Michigan hunters have "packed home more than a million birds each year for the last three years and besides, he never wears a hat."

Here's Advice on How to Remove Stains Common in Summertime

Have some of your summer cottons become perspiration-stained? These stains are often the reason a dress will hang in the closet unused.

Nine Lou Baird, Wayne County Home Demonstration Agent, tells us that it is best to remove the stain as soon as possible since the older the stain the harder it is to remove. A fresh stain of this kind usually can be removed by dampening the stained area with water and then holding it over the fumes of a bottle of ammonia for a few minutes. If the fabric will not stain, moisten the stained area with a mixture of half ammonia and half water.

If the color starts to fade beyond the stain, during this process, sponge immediately with white vinegar and the fading will stop. Stains that have been allowed to set for a few days or even longer will become alkaline so reverse this process. That is, use a little white vinegar on the stain first. Then if the material fades, use the ammonia solution.

Perspiration stains on a white garment usually require bleaching in the sun after the garment has been washed. If the stain does not come out with this treatment, sponge with hydrogen peroxide.

Perspiration odors that cling even after washing the garment, may be removed by soaking it in a salt solution made by mixing 3 tablespoons of salt in one quart of warm water.

ICE CREAM STAINS

Ice cream stains are of particular concern to mothers. Mrs. Baird says whether it was chocolate, vanilla, strawberry or some

other kind of ice cream that dripped, may make a difference in the best way to remove the stain.

Ice cream stains are like others in that they come out most easily if treated while fresh and moist. First aid for a stain on washable fabric is sponging in lukewarm water. The water helps remove sugar, egg, milk, and some colors. To remove greasy traces, a cleaning fluid that dissolves grease may be helpful but usually unnecessary on washable fabrics.

After sponging with clear water, vanilla or chocolate ice cream stains usually can be washed out with lukewarm suds. Fruit ice cream stains may need the same treatment as fruit stains. Some fruit stains come out when boiling water is poured on them. Others, like peach or cherry, which contain considerable tannin, may be set by heat. If that happens, try sponging with lukewarm water first, then rub in a few drops of glycerin or soapless shampoo. Let stand a few hours and rinse out.

If after these careful treatments, there are still traces of the stain, try a mild safe bleach, such as sodium perborate. This is sold at drug stores. Shake it on the dampened stain, let stand several hours, then brush and rinse off.

LIPSTICK STAINS

Do you hate to use cloth nap-

kins because they may be badly marked up if someone is careless about their lipstick? Mrs. Baird gives the following advice to help us cope with this problem.

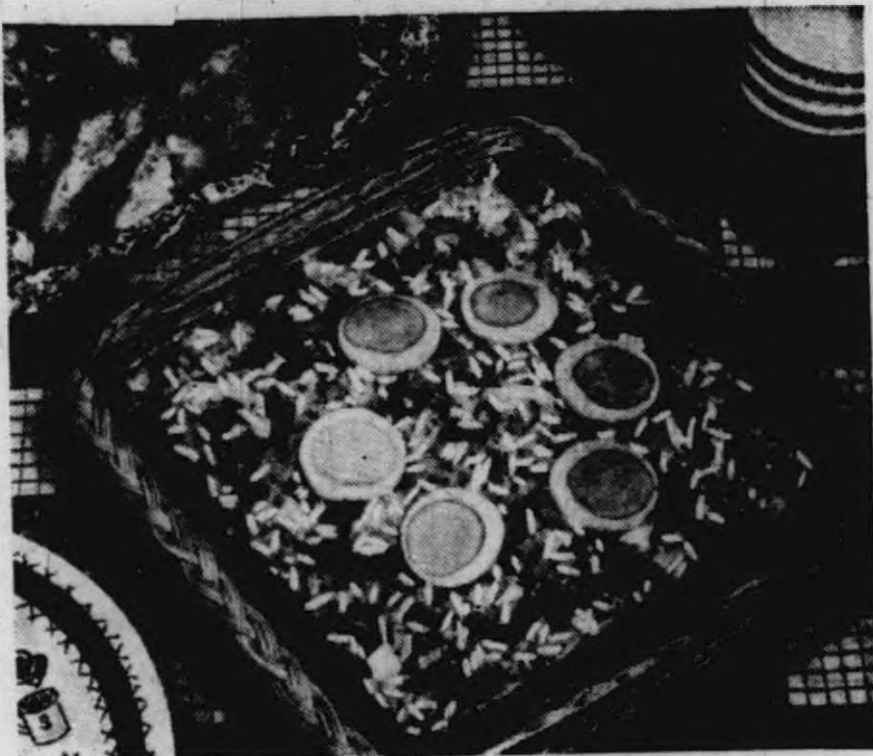

If the material is washable, as a table napkin would be, first loosen the stain with glycerin or petroleum jelly. Work the jelly or glycerine (or lard if you have neither of the others in the house) into the stain. Then launder the napkin. If you try to launder before the stain is loosened, the soap or alkali in the soap will tend to set the stain.

If the fabric is not washable and water spots the cloth, follow the same process of loosening the stain with petroleum jelly or lard. Then, dip the stained part in a bowl of solvent. If a trace of color still remains, sponge with denatured alcohol. On acetate and colored materials, dilute the alcohol by adding 2 cups of water to one cup denatured alcohol.

MILDEW STAINS

Fresh mildew stains may be removed from washable clothing by washing at once with soap and water, then rinsing and drying in the sun. Mildew may be removed from upholstered furniture, rugs, and leather by wiping with a cloth wrung out of a dilute alcohol solution. Use 1 cup denatured alcohol to 1 cup water.

RICE PICNIC SALAD

The secret to making this thoroughly delicious rice salad is to begin with hot rice. The hot rice absorbs the flavors of the other ingredients to make this a salad that will be the highlight of any meal.

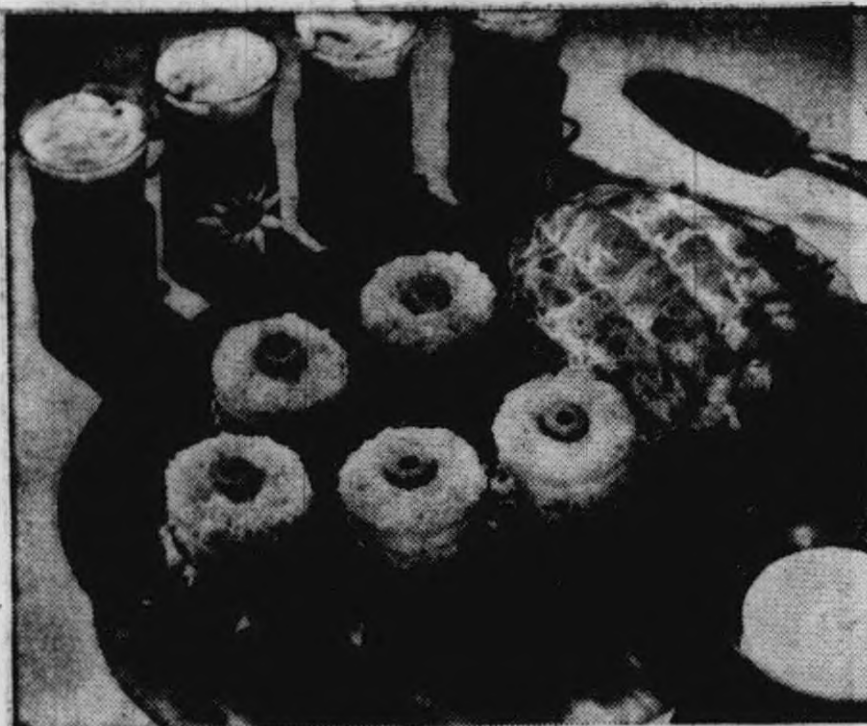

- 3 cups hot cooked rice
- 1/4 cup French dressing
- 1/4 cup minced onions
- 1 teaspoon salt
- 1/4 teaspoon pepper
- 1/2 cup minced celery
- 1/2 cup minced green pepper

- 1/4 cup minced sour pickles
- 1/2 cup sweet relish
- 2 tablespoons minced pimiento
- 2 hard-cooked eggs, chopped
- 1/2 cup mayonnaise

Combine rice, French dressing, onions, salt, and pepper. Let stand while preparing remaining ingredients.

Add celery, green pepper, sour pickles, sweet relish, pimiento, eggs, and mayonnaise; toss lightly. Chill thoroughly. Yields six servings.

PORCH PARTY FOR "THE GIRLS"

It may be too hot to cook but it's never too hot for a porch party for "the girls."

As a matter of fact, that's a mighty fine type of entertaining! No one expects the best linens and gleaming silver, appetizers and fancy desserts.

The menu is simple—pineapple cheese top knots (hot), ribbon jellied perfection salad on water cress, iced coffee with sweetened whipped cream and cinnamon float, salted nuts, mints. Make in the morning and serve in a casual way.

PINEAPPLE CHEESE TOP KNOTS

For each of these sandwiches, dip a large round of sliced bread

in melted butter, then in shredded sharp Cheddar cheese. Place plain side down on cookie sheet. On top place a paper-thin slice of boiled or baked ham, cut to fit the bread, then a slice of tomato about the same size as the bread round.

Add another round of butter-cheese dipped bread and top with a slice of pineapple, well drained. Sprinkle with cheese.

These may be prepared to this stage in the morning and kept in the refrigerator. Just before serving time, place in a hot oven, 450 degrees, until the cheese turns a delicate brown. Garnish each with a slice of pimento-stuffed green olive and serve with crisp cold water cress.

RIBBON JELLIED PERFECTION SALAD

8-10 servings

- FIRST PART:**
- 1 envelope unflavored gelatin
 - 1/4 cup cold water
 - 1 cup hot water
 - 1/4 cup sugar
 - 1/4 cup mild vinegar
 - 1 tablespoon lemon juice
 - 1/2 teaspoon salt

- SECOND PART:**
- 1 cup finely shredded cabbage
 - 1/4 cup chopped celery
 - 1 tablespoon diced pimiento
 - 2 tablespoons chopped green pepper

- 1/2 cup shredded raw carrot
 - 1/2 cup chopped ripe olives
- Soften gelatin in cold water. Add hot water, sugar and salt and stir until dissolved. Then add vinegar and lemon juice. Cool, stirring occasionally.

When mixture begins to thicken and resembles unbeaten egg white, add vegetables and other ingredients. Pour into lightly oiled mold or loaf pan.

- THIRD PART:**
- 1 envelope unflavored gelatin
 - 1/4 cup cold water
 - 1/2 cup milk
 - 1 cup creamed cottage cheese, sieved
 - 1/2 teaspoon salt
 - 1/2 to 1 cup mayonnaise
 - 1 tablespoon lemon juice

Soften gelatin in cold water, then place over hot water to dissolve. Combine milk, salt, and cottage cheese. Add gelatin stirring well. Fold in mayonnaise and lemon juice. Pour mixture over the jellied vegetable mixture when the latter is not quite firm. Chill until set. Unmold on salad greens. Serve with sour cream salad dressing.

Thawed Foods Can Safely Be Frozen Again IF . . .

Keep frozen foods frozen until you are ready to thaw them for use. But, if frozen foods do thaw before needed, they may be safely refrozen under certain conditions.

M.S.U. home economists explain that the process of thawing and refreezing does not in itself make fruits and vegetables unsafe. But, thawed foods spoil more rapidly than fresh foods and may quickly become unsafe to eat if not refrigerated. Foods are not likely to be fit for refreezing if they have reached temperatures of 40 degrees to 45 degrees after having passed

through the slow temperature changes that occur in a freezer when it is not in operation.

Both fruits and vegetables may be refrozen if they have not completely thawed or if they have been thawed for a short time and have been held in a household refrigerator. But the thawing and refreezing will usually cause poorer quality and loss of flavor, specialists warn.

Refrozen vegetables may toughen and refrozen fruits become soft and mushy. If flavor and texture of such refrozen fruits make them unfit for eating uncooked,

ARE YOU GROWING TALLER . . .

OR IS YOUR GARMENT GETTING SMALLER?
Haven't you had your garment cleaned once or even twice and returned to you A-1 condition . . . a perfect fit . . . then after the third, fourth, or maybe fifth cleaning it comes back to you a size too small?

You are a victim of progressive shrinkage!

When a fabric is woven, the yarns are stretched tightly and sized to hold them in a flat or stretched position. This sizing is not always stable to repeated cleanings. It may be retained in the fabric on the first cleaning or even the second cleaning. Then the fabric may lose some sizing during the third and fourth cleaning. Repeated cleanings may entirely remove the sizing which holds the yarns in a stretched position. Therefore on each successive cleaning your garment gets smaller and smaller.

It's a Great Time to Buy a Buick

Buick SPECIAL
6-Passenger 2-Door Riviera

(And at the Best Buy Yet!)

WHAT'S IN IT for you—if you step out and buy yourself a 1956 Buick right now?

Well, first of all—the time is right. Right now, your present car is at its peak worth. And, with the whole summer and almost half of '56 still ahead of you, you'll get more enjoyment out of a spirited new Buick this year—if you buy now.

Second, there's the matter of how much more automobile your money buys in the best Buick yet.

We tell you flatly that nowhere but in a '56 Buick can you get so much bounty for so little booty.

For example, take the beautiful big '56 Buick SPECIAL pictured here.

It's one big reason why Buick now ranks in the top three of America's best-selling cars. Yet, you'll find it priced right close to the well-known smaller cars.

That sure makes Buick a whale of a lot of car for the money. And look:

Nowhere but in a '56 Buick can you get the absolute smoothness and the electrifying performance of Buick's terrific new Variable Pitch Dynaflo.*

Nowhere else can you get the obedient responsiveness of Buick's big and mighty new 322-cubic-inch V8 engine. Or Buick's matchless new handling ease and

ever-level ride buoyancy—or Buick's bold new sweep-ahead styling, and solidity of structure, and stretch-out roominess.

Add it all up and the answer comes out the same, any way you figure it: Now's the time to buy your 1956 Buick

Will you come in—before another sun sets—and get set with your best buy yet?

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

When better automobiles are built Buick will build them

Last Saturday was "Daisy Days" when the Daisy company gave its 100 employees an excursion on Bois Blanc. Nothing was done to make this a memorable day. Early in the morning, men accompanied by their families or best girls thronged the street to the depot where four extra cars

were attached to the 6:55 train. While waiting for the depot W T Conner spied some wild daisies growing along the fence and it was only a few moments before the committee had issued daisies to every guest. On the train each person was furnished with a button which read "Daisy Day," June 30, 1906. In the center of the button was a Daisy with a train ticket and ticket for the boat trip in the center. During the day many games were played with prizes of \$2.00 and \$1.00.

The Common Council of the village of Plymouth ordains that no person shall throw or place in any street, alley, drain or ditch of said village any straw, wood, shavings, stones, earth, ashes, dead animals, rubbish or filth whatsoever. State Fair Lines Up Top Talent for Shows

The Michigan State Fair, famed for its great Coliseum shows, has come up with another array of the nation's leading recording and stage stars for this year's program, August 31 through September 9.

Here is the Coliseum entertainment schedule, announced by Donald L. Swanson, general manager.

August 31, September 1, 2 and 3: Jaye P. Morgan, Don Cherry, The Gaylords, The Platters, The Blockbusters, The Krackerjacks, The Four Step Brothers, Bud and Cece Robinson and Roy Tracey m.c.

September 7, 8 and 9: Julius LaRosa, The McGuire Sisters, The Four Lads, The Platters, The Blockbusters, The Krackerjacks, The Four Step Brothers, Bud and Cece Robinson and Roy Tracey m.c.

Don Ridler, State Fair entertainment director, scored some type of "scoop" when arrangements were made for the appearance of the ex-Arthur Godfrey stars on the same program—LaRosa and the McGuire Sisters.

Health and Beauty

How To Reduce Safely
Food is the fuel of the body. Your automobile requires no oil or gas when it is resting, but your body does. When lying at perfect rest sleeping soundly, the body is using fuel which was taken in as food. It uses much more when exercising.

The foods that store fat in the body are mostly the starches, such as bread, cereals, rice, hominy, potatoes, pastry, cakes, pies and fats of all kinds, cream, butter and fat meats. "Then," queries my overweight friend, "must I leave all those things out of my diet in order to lose weight?"

By no means. That has been tried to the detriment of the health of the victims. Of course, the fat-making foods should be partaken of more sparingly. Many fat people eat too much starch. In fact, they eat too much of everything.

In order to reduce without causing hunger, weakness, or discomfort, the person should never try to reduce too rapidly.

The vegetables such as cabbage, turnips, kale and greens of all kinds, contain valuable vitamins and are laxative. They can be eaten freely, for they do not produce fat. Half a head of lettuce at dinner is quite filling. A combination of raw fruits and vegetables is extremely wholesome and very satisfying. Lemon juice is preferred by some as a dressing.

Liquids are held by the body in the fatty tissues and salt greatly aids in this retention. For this

reason, it is well to reduce the intake of salt and water. No matter how much you exercise, you will not reduce your weight if you continue to overeat.

It is extremely important that overweight people eat more moderately and cut down considerably on starches. Most obese people like fattening foods of all kinds, such as breads, cereals and desserts. Too many starchy foods, as a rule, are served at meals.

Meat, bread, or potatoes, one or two fresh vegetables, and a raw salad and if desired, a simple dessert, is quite enough for a dinner. In fact, one could get along on less, especially if trying to reduce.

If there is a feeling of hunger in the middle of the morning or afternoon, try eating some fruit. It often proves very satisfying. A glass of tomato, orange, or grape fruit juice is strengthening and filling.

If you want to get rid of the disfiguring protrusion in front that is such a source of annoyance to you, you may do so safely and comfortably by eating sanely.

Hot Appetizers

Bacon makes the appetizers. For a delightful treat, wrap bacon strips around stuffed olives or oysters. Broil at a moderate temperature until the bacon is done. Serve immediately.

Not knowing the answer is only half as hard as admitting not knowing it.

Built-in Couch Yields Storage For Fun Room

To avoid clutter in the recreation room, provide plenty of storage space. If there is a couch, giving it a built-in design can yield storage in space that otherwise would be wasted.

To make often-needed articles readily available, fit the couch base with drawers that open at the front. For more storage, though not as handy, an enclosed base may be designed with hinged lids that are reached by removing the seat cushions.

An enclosure may also offer storage behind the couch, with access at top, side or front. A built-in couch can be given a rich cabinet look by surfacing the base with Marlite plastic-finished paneling in one of its select wood grain patterns. This completely prefabricated paneling, which can be applied over solid material or framework, stays attractive despite hard usage; for it is made of strong tempered hard-board and is protected by an armor of baked plastic.

The paneling for a couch base can be chosen to match like panels on walls. Marlite walls can be kept clean by occasional wiping with a damp or sudsy cloth.

EMERGENCY SUPPLIES

Food, water and light are often shut off to families whose homes have been damaged by floods, fires or other disasters. In the event of an enemy air attack, these essentials of life would pose problems for all people in the area. The answer is to keep emergency supplies in the home.

A convenient and safe way to store the supplies is to use covered, galvanized steel cans or pails. These containers are available in several sizes, so there is one to fit the space needs of

every family. They are strong and durable, so fire, moisture and rodents cannot destroy supplies kept in them.

Items stored in the containers should include bottled water, canned foods, flashlights, candles and matches. These are basic emergency supplies.

A family which is isolated from its neighbors might also elect to keep a portable battery-powered radio and extra clothing among the emergency supplies, even though this may require using more than one covered metal storage can.

An important point is to keep the emergency cans of materials where they can be reached quickly and easily.

Natural Wood Grain Enriches New Styles

It's easier than ever to give your home warmth and originality with today's new furniture styles in richly grained and figured hardwoods. After years of "look-alike" furniture, designers have revolted against monotonously uniform wood grains and paint-like finishes.

They've rediscovered the wealth of beautiful natural figure and grain patterns in the favorite woods, and are also using a greater variety of different woods, each with its own distinctive patterns and colors.

The woods used for today's fine contemporary and traditional furniture are as individual as the fabrics in dresses and, like fabrics, come in patterns of many different moods.

Some wood patterns are casual in appearance, others are rather formal. Woods of the same general mood can always be mixed within a room.

Most frequently, wood figure and grain patterns are used in "random" effects for a casual elegance, as in this walnut dresser and add-on top desk unit from the "Mardi Gras" collection. In this grouping, each piece has a varied wood pattern that adds distinction to the simple, basic lines and dispels any feeling of bulk.

For more formal furniture, wood grains and figure types are often specially matched or inlaid in stylized motifs.

Every piece of fine hardwood is an original, distinguished by interesting variations and a depth of beauty which have never been successfully duplicated by wood imitations. That's why genuine hardwoods are the favored furniture material. Many manufacturers now identify their furniture with a "genuine hardwoods" seal so the homemaker can be sure she selects real hardwoods of lasting beauty and individuality.

Check for Fire Hazards Around Summer Homes

Summer cottages often are more dangerous than year-around dwellings, fire officials say, because most cottages are not properly protected against fire.

Most fires in summer homes are caused, like anywhere else, by carelessness. When filled with the spirit of vacation time, many people become more careless, with a resulting increase in destructive fires.

The lake or mountain cottage should be thoroughly cleaned and inspected for dangerous, fire-breeding conditions.

Rubbish, which is allowed to accumulate in places where a carelessly discarded match or cigarette may reach it, is a fire hazard. Galvanized steel refuse cans may be used to eliminate this hazard. These cans are made of fireproof steel and are equipped with sturdy covers to confine any blaze which may result from spontaneous combustion.

When burning rubbish, take care that flying sparks don't spoil holiday happiness by landing on a dry roof and starting a costly and dangerous fire. Burn the rubbish in a galvanized steel rubbish burner, equipped with a cover, and designed to permit free air circulation while confining fire fragments to the interior of the burner.

Safety officials also recommend that electrical wiring be carefully examined for short circuits which can result in fire. Whenever possible, they say, avoid the use of candles and kerosene lamps, and store fuel, for power mowers and outboard motors well away from buildings in safe, galvanized steel fuel cans.

Since most summer cottages are not near organized fire departments, the cottage should be equipped with fire fighting apparatus. A fire extinguisher and several galvanized steel fire pails, filled with sand or water, may be placed at strategic spots around the cottage. Frequently, one pail of sand or water is sufficient to put out a small fire or delay a large one until professional firemen arrive.

Color Effects Apparent Size, Shape of Room

Choice of color—dark or light, warm or cool—can make your rooms seem larger or smaller, appear to change their proportions or give them a character suitable or unsuitable for their location.

A guide to the correct use of color according to decorator's principles is included in a new booklet, "How to Have Modern Carefree Interiors with Marlite," which has been prepared by Marsh Wall Products, Inc., manufacturer of predecorated hard-board panels.

Here are some tips which the booklet offers on common decorating problems:

"Long and narrow rooms—To make a long and narrow room more equal in proportion, panel the end walls in a darker color than the long side walls. Use a light color paneling on the ceiling.

"High ceiling—Use a dark-color paneling if you want a ceiling to appear lower, and install a lighter color on the walls. If you wish, bring the ceiling color down 12 inches onto the walls.

"North, south, east, west exposures—In north and east exposure rooms that receive a small amount of natural light, use warm-color panels. In rooms with south and west exposures, use cool colors such as blues and grays.

"Small kitchens and bathrooms—In small kitchens and bathrooms, use contrast between walls and ceilings sparingly. Larger rooms, of course, can be more colorful and contrasting. Use warm colors in bathrooms; cool colors in kitchens.

"Square rooms—A square, box-type room can be made to appear more spacious and interesting by paneling one wall in a different color than the three others. Ceiling should be a lighter color.

"Light colors—In selecting a color scheme, use light colors for the general area and bright, striking colors for accent feature strips. Avoid large areas of bright colors on walls unless the walls are broken up by openings."

The booklet displays more than 30 colorful room settings with fresh ideas for new and modernized interiors, featuring plastic-finished panels in wood grain patterns, marble patterns and plain colors styled by Raymond Loewy Associates. It is available, for a 10-cent handling charge, from the Home Service Bureau, Marsh Wall Products Inc., Dover, O.

Studies Show Nerve Fatigue Problem Is Caused by Home Noise Sources

Studies of the ill effects of noise in the home reveal that nerve fatigue is increasing rapidly among families as a result of modern ways of living. National tests show that from 35% to 40% of common noise-producers are found in today's home, compared with 25% of common noise-source discovered there by researchers half a dozen years ago.

Blaring television sets, whirring household mechanical appliances, humming air conditioners, the reverberating echo of footsteps, conversation and meal preparation in open-plan living-kitchen areas are just a few of the new noises that originate in today's home. Added to the list of hundreds of other noise-producers in and about the house, the total impact of their innumerable reverberating sound waves can be an actual danger to health, according to medical authorities.

Here are practical ways to reduce home noises:

1. If a mechanical appliance is noisy, have it checked and put into order.
2. Put rubber pads or other resilient material under and behind vibrating equipment, and make sure it is standing level.
3. Acoustical tile on playroom and basement workshop ceilings helps absorb noise.
4. Oil motors, tighten fan belts and rattling metal enclosures; strap down vibrating pipes and secure loose heating ducts.
5. Installation of resilient tile flooring, such as Kentile, on floors throughout the house, will help muffle and absorb the sound of traffic and provide underfoot resiliency and comfort.
6. Close the noise-conducting cracks of loose-fitting connecting doors by tacking strips of felt or rubber along the edges.
7. Play T.V. and radio softly.
8. Increase thickness of window glass, or install double windows.
9. Replace noisy telephone bells with a buzzer, loud door bells with chimes.
10. If noise penetrates partition walls, install a second wall of cork tile.

this is your DREAM HOUSE

Leo M. Zamory, Architect-Engineer House No. A-106

L-Shaped Cottage

There's something appealing and durable about America's justly famous Cape Cod home designs, and here is a plan that incorporates the best from Cape Cod architecture with the convenience and comfort of the newest ranch designs. All the features traditionally found in the best of America's homes can be found here—the separate dining room, only a step from kitchen and living rooms, the staircase in the center hall; the two main floor bedrooms each with double exposure; the thoughtfully-engineered L-shaped kitchen with its delightful breakfast nook. Much of the appeal of this house derives from its marvelous expansion possibilities. You can finish two more bedrooms upstairs and an extra bathroom. Truly, this is a home to grow in—a home keyed to your future.

Area: 1484 sq. ft. Cubage: 23,022 cu. ft. Actual working drawings of this house are available to readers at \$20.00 a set and \$5.00 for each additional set. Send check or money order to Modern Plan Service, Department 106, Lincoln Building, Mount Vernon, N. Y.

BUILDING AND REMODELING NEWS FOR EVERY HOME

Finishing Rooms in Attic Provides More Living Space at Little Cost

America is fast becoming a nation of "attic-finishers," because hundreds of thousands of families who bought postwar homes with unfinished expansion attics now need the extra living space that can be made available there at small cost and with little effort. Most of the finishing work is being done by homeowners themselves, according to the Construction Research Bureau, national clearing house for building information.

The average attic will make at least two rooms without structural changes. At the time of construction, builders of most homes with expansion attics extended electric wiring, heat supply pipes and ducts and, in some cases, roughed-in plumbing to the second floor.

To make attic space livable, the first step is to insulate roof, gable ends and dormers. Then nail 2x4 partition studs upright, fastening at the bottom to the floor joists and at the top to the roof rafters. These should be spaced 24" apart, center to center, and allowance made for required doorways. The studs can extend to the point where the roof slope is 5 feet above the floor. Eight feet above the floor, 2x4's in horizontal position, are nailed at each end to each rafter as structural members for the new ceiling.

Moving? Here's How to Sell Your Home in a Hurry

According to the old English poet, Geoffrey Chaucer, April was the month that "folk longen to goon on pilgrimages." Not so in modern America. Folks are moving all the time, during every month of the year, and moving in larger numbers than ever before. According to the Census Bureau, 20 per cent of the population will move this year. That means no less than 33 million people will change homes.

Since more than 60 per cent of the homes in America are now owned by the people who live in them, this means a lot of homes are going to be changing owners. Gone is the day when just placing a home on the market assured a sale. Real estate is still selling briskly in most areas but the people who are buying are more particular than they were in the days of housing shortage. Here's some advice on how to increase the saleability of your home if the day ever comes to move:

- 1—Check first on minor faults that can be corrected. A dripping faucet, a toilet that runs too long, cracks in the plaster, damp spots on the basement walls... small things in the over-all picture, yes but if they can be corrected, correct them so they won't detract from the advantage of your home.
- 2—Keep things neat. Don't overfill closets. Even if you have to throw some things away, it's better than jamming them into a space that's too small. Think, too, of the money you'll save on the moving bill by cleaning the house before you move.
- 3—Put the yard in order. Keep the grass trimmed, the flower beds weeded and mulched. Even consider buying a tree, or a shrub or two, if the exterior looks a little bare.
- 4—Selling starts on the outside, with the all-important first impression, so make sure the exterior is attractive. Although it will take a modest cash outlay, you'll be money ahead if you put on a new roof and new siding, possibly the shake shingle pattern, insulating a siding which has so many features that appeal to prospective home owners.
- 5—Make sure you have all available information on ways to finance purchase of your home. Money is tight in many areas. If you can find a source of financing, the sale may come a lot easier.

Providing your home is in an acceptable neighborhood and the price is reasonable, you should be able to sell soon, providing you consider these basic points and act on them.

Beglinger Streak Ended King, VFW, Still Unbeaten

Beglinger Olds continues to lead the "A" softball league despite a 3-2 setback at the hands of second running Livonia Office, Thursday, June 28. Beglinger was thanking the rain for their complete domination of the league since it prevented Livonia from finishing its game against the Box Bar, Tuesday, June 26. Daisy dropped their first game of the season to leave King Furniture and Northville V. F. W. alone atop the "B" softball league with four consecutive wins.

"A" LEAGUE
Beglinger started the week with their fifth straight victory and it looked as though they may go through the season undefeated when they encountered James Lowe and his crew from Livonia and POOF by dreams Gabby Street had allowed the visitors only one hit till the bottom of the sixth when Livonia crawled on him for two hits and a walk for three big runs. Street went the distance and struck out eight. Lowe, the winner, struck out 11 in his almost perfect no-hitter. He had retired a string of nineteen when suddenly his control left him and he walked the next two batters to face him, but he settled down to retire the side and lead his team to their fourth victory.

Last place Evans had almost turned the trick in the Tuesday night contest. Dick Stevens was coasting along with a 2-1 edge and he had allowed Beglinger only three scattered hits over the first four innings, but then his command shattered as the Oldsmen cashed in for four runs on five hits, and their streak continued to look good. Joe Thibodeau got credit for the victory as Muggs Hunt hit a circuit blow for the winners.

Walter Tiliski pitched a four hitter as his team mates scored a 7-2 victory over the Box Bar mine. Wallace hit a home run for Chevy as they racked up their third win.

One run on three hits in the first inning proved the winning margin as Cavalcade put Chevy down to its fourth loss. Harleth Marshall got the nod over Walter Tiliski with his brilliant one hit shutout. Tiliski struck out 11 and allowed only three hits in his vain attempt to bring his team

to their fourth victory of the season. Daisy dropped a heartbreaker to their arch rivals the V.F.W. nine from Northville in an extra inning spine tingler. In the top half of the last inning the score stood 9-2 in favor of the visitors, then the home team pushed across four fast ones to leave the score at 9-6, then with two out and two on Bud Nedry belted out the tying score and the game went into extra innings.

Robinson, who had sparked the Northville attack with a single, double, triple, and a home run came to bat with one out and one on and knocked out his second circuit blow of the game to put Northville back in the lead by a 11-9 margin. In the Daisy's half of the inning the best that could be done was one run on two hits for the home teams first loss which dropped them into second place tie with Wall Wire. Atchinson was the winning pitcher. Dickerson hit a four bagger for the winners.

King Furniture scored five runs in the fourth inning against Whitman and Barnes and coasted their fourth consecutive win. Villaret allowed only four hits as King won 8-3.

If it can be done once it can be done twice, must have been the thoughts of Wall Wire as they slipped by Main & Mill 11-10 in extra innings. Wall Wire tied up the score at 6-6 in the top half of the last inning causing the game to go into extra innings. Shonerman collected four hits including a double, two triples, and a home run for the winners to help Thomas grab the win. Batters' three singles, and one double was not enough to keep

the losers in contention. The totals for the game were: Wall Wire eleven runs on seventeen hits Main & Mill had ten runs on fifteen hits.

Chevy collected their second win on a run away 11-2 victory over Evans Products. Seeley was the winning pitcher, he held his opponents to five hits scattered over the seven innings.

Garden City went hog wild on pins against the cellar dwelling Price team crushing them to the tune of 20-7. Garden City scored four times in the first inning, six times in the second once in the third and nine times in the fourth to account for their 20 big runs. Gier was the winning pitcher but he did alright at the plate too, collecting three singles to help out his own cause.

Line Drive
by MEL OTT

Probably the leading citizen of Paw Paw, as well as its unofficial mayor, is Charles Richard Maxwell, Sr., a fugitive from the Boston and Baltimore clubs and right now one of the hottest properties of the Detroit Tigers.

Charles Richard not alone is hitting the baseball at such a furious clip that he is among the league leaders but he also has improved afield to the point where he is making sensational catches and throwing the ball like an arrow.

If the powers running the Red Sox and Orioles are found pounding their heads against the wall, small wonder. They had their chances with Charles Richard and booted them. To be honest, the Tigers almostuffed, too.

Failed to Impress
The pride of Paw Paw, who was born in Lawton and attended high school there before going to Western Michigan College, evidently does not show too well in early spring.

After tenures with Roanoke, Scranton, Wellsville, Birmingham and Louisville, all in the Red Sox farm system at one time or another, Charlie came up to the parent club but failed to impress anybody.

Curiously, Maxwell served under Pinky Higgins on three of the clubs when both were working their way up to the majors. Higgins to manage the Sox, Maxwell to play for them.

Charlie credits Higgins with teaching him much of what he knows about hitting. He was a pull hitter, dragging every ball to right field, when Higgins took the left-hander in tow and taught him how to poke an outside ball to the opposite field.

Infrequent Appearances
But he didn't do well enough to satisfy the Boston moguls and

was sold to Baltimore after the 1954 season. The Orioles despaired of him early last spring and the Tigers obtained him on waivers.

It looked as though Maxwell were to suffer a similar fate here. He got into the line-up only infrequently last year and appeared headed for discard this season before his chance finally came.

In fact, Maxwell was so sure the end was near that he began studying accountancy in preparation for a career outside of baseball. Despite his great success now, Charlie is still taking correspondence courses and plans on becoming a CPA when his playing days are over.

Chopping for Uppercutting
Charlie, who hit only three homers all the time he was in a Boston uniform, attributes his batting success with the Tigers to several factors.

Perhaps foremost is the coaching of Joe Gordon and Billy Hitchcock, who still holler at him to chop the ball as a reminder every time he comes to the plate. Charlie has a tendency to uppercut the ball, which leads to disastrous results, and Gordon and Hitchcock had him substitute the chopping swing.

Then there's the early training by Higgins and, finally, the opportunity to play more or less regularly.

"I never really knew if I could hit big league pitching until I got this chance," Maxwell confesses.

Brave Leader . . . Coach Fred Haney replaced Charley Grimm, who resigned after four years managing Milwaukee Braves. Haney previously managed Pirates for three years, and Browns for two years.

Playgrounds Ready For Fourth Parade

Pet shows, drama, baseball games, and work on floats for the fourth of July parade have kept the playground supervisors and their crews hopping with activity this week. Such themes as "Turning the clock back 100 years on Hamilton" and "Washington crossing the Delaware" were given to the floats built by the children of the various playgrounds.

TRUESDELL PLAYGROUND
A pet show was the main attraction at the Truesdell playground this week with judges Karen Pile, Jerry Harrison, and Tom Wiles choosing the following winners:

Prettiest dog, Johnny Towshick; Cleanest dog, Jerry Cannon; Shyest dog, Gail Russell; Smallest dog, Billy Russell; Funniest dog, Big Woody; Prettiest tailed dog, Jerry Woody; Longest whiskered dog, Tom Tovotick; Biggest goldfish, Ronnie Engler; Prettiest snary, Danny Engler; Most beautiful love birds, Danny Thorpe; Most unusual pet (chicken), Cynthia Thorpe; Only turtle, Tom Phillips; Prettiest horse, Susan White; What? The best dressed dog! Susan Barton.

AUBURN PLAYGROUND
Judges Ross McGuffie, Clifford Caldwell, Dennis Roeding, Tom McGuffie, Larry Barlow, Dave Beach, Jim Hathaway, and Robert Jousma chose the following winners in the doll contest:

BEST DRESSED
Jane Jousma, Kathy Calkins, Bonnie Howitz.

PRETTIEST
Susan Green, Jill Pederson, Barbara Holdsworth.

LARGEST
Sandy Fielden, Joyce Mynatt, Diana Beach.

CUTEST
Susan Covach, Diana Hathaway, Diana Schmidt.

SMALLEST
Barbara Green, Elizabeth Donnelly, Kathy Bararasky.

PRETTIEST
Pat Calkins, Tina Peterson, Judy Hardiman.

Sweated to ride on the Auburn street float were Most Original—Bonnie Howitz, Cutest—Jane Jousma, Joyce Mynatt, Nancy Covington, and Jo Hurder, Prettiest—Donna Schmidt, Judy Hardiman, and Pat Calkins. These ten people were chosen to represent the Auburn Playground.

CENTRAL PLAYGROUND
Sally Gilles, Maureen Wesley, and Midge Arjov will have their plastered figures on display in an art show soon announced Central playground supervisor Jan Ponto.

Pot holders and singing songs taught to them by Miss Johnson are other activities enjoyed by the children on this playground.

SMITH PLAYGROUND
Dee Brandell, Smith playground supervisor announced there is a green thumb in her group. Little Larry Holland has started a garden with beans, potatoes, and a few unknown attractions starting to pop out of the ground which he planted himself.

Peter Maiden, a spatter painter enthusiast is beginning his own little gallery as he continues to paint some rather good pieces.

Paul Densmore and Betty Holland will display some of their plaster of paris figurines at the arts and crafts exhibit to be held at the end of the playground period.

HOUGH PLAYGROUND
"Ask Mr. Bear" was the title given to the play presented by the Hough Playground Friday, June 29. Members of the cast are:

Cow Vickey Allor
Sheep Virginia Dethloff
Goat Patty Condash
Chicken Barbara Hines
Goose Laurie Campbell
Mother Linda Condash
Danny David Schmidt

HAMILTON PLAYGROUND
The Hamilton playground awarded ribbons for the various entries in the pet show held Thursday, June 28. Dogs, cats, turtles, chickens, and a bird were among the twenty animals entered, reported supervisor Dick Manion.

Schedule Change
High school swimming coach, John McFall has announced a change in the swimming schedule. The Thursday night adult swim class has been changed to a Mother and Daughter swim.

Small Colleges Need Help Too

A recent survey showed that there were several hundred private liberal arts colleges throughout the United States not accredited by regional accrediting organizations.

The major regional accrediting bodies are the Middle States Association of Colleges and Secondary Schools, the North Central Association of Colleges and Secondary Schools, the New England Association of Colleges and Secondary Schools, the South Association of Colleges and Secondary Schools, the Western College Association and the Northwest Association of Secondary and High Schools.

These accrediting groups, in the various regions, use various criteria to accredit colleges. Some colleges are without the curriculum or the finances to qualify for accreditation, although they do excellent jobs and turn out well-trained and well-taught graduates.

The development in recent years which makes this situation a serious one is the fact that some philanthropic organizations are now in the process of granting aid to accredited colleges and withholding it from colleges which are not lucky enough, or rich, or even possibly efficient enough, to obtain accreditation.

For example, the Ford Foundation—a foundation which has been concerned with controversial charges and counter-charges recently—made its recent grant of \$260,000,000 to colleges accredited regionally only.

Such an aid program obviously discriminates against the private liberal arts college, which may not be rich, which may not have as strong a curriculum, or as broad, as some schools, or which may need to be improved in its efficiency standards.

We are not surprised to hear that non-accredited colleges are to be organized and are to hold studies on the problems. We hope the larger philanthropic organizations will not neglect the small liberal arts colleges which may not happen to be accredited by a regional accrediting organization.

Stock Market Investors

Babson Park. The only way I have made money in the stock market has been by selling stocks and taking profits at times like this, depositing the money in banks, and waiting until the bottom of the next decline. When the market crash finally comes, I buy stocks.

BUYING INTO NEW INDUSTRIES

In this way I am not a speculator, but am like the ice man in the North who gathers ice in wintery weather and stores it up for people to use during the summer. This same principle, in reverse, applies to those who can fruit and vegetables in summer when they are about to spoil. We all perform a real service and are entitled to be rewarded.

Others make money in the stock market by performing another kind of service—that is by helping new industries when they are unpopular and taking profits when these industries mature and are popular. Those who follow this second program have the additional advantage of diversification. They also always keep their money working, whereas, under my method, my money is idle about a third of the time.

WISCONSIN UNIVERSITY'S PROGRAM

Although swapping maturing EZRA TAFT BENSON, speaking of Soil Bank program: "We should not make the Soil Bank over into a kind of crop insurance program that the farmer takes out if his crop is lost."

SAMUEL J. ERVIN, JR., U. S. Senator from North Carolina: "Work is absolutely indispensable to the maximum development of the individual."

DR. FRANK C. BAXTER, professor, University of Southern California: "When one thinks of the... differences between man and man, one wonders, not at the many failures of mass education, but rather at the amazing degree of its success."

SIMONE H. BOSCH, full-fledged licensed woman stock broker: "The Stock Market is still very much a man's world. No woman ever is allowed on the floor of the exchange, and I am an exception."

ELOISE ENGLISH, business executive and Lt.-Commander, U. S. Naval Reserves: "I think military training would be just as good for girls as for boys, and it certainly makes men out of boys."

PRESIDENT SUKARNO of Indonesia, visiting this country: "Jefferson was one of my teachers who inspired me to work for the freedom of Indonesia and to dedicate my life, not only for the happiness of my people, but for all mankind."

DR. JOHN ISE, professor, economist and author: "Hogwash. That's what most of the courses are in universities today."

Politics Muddle Unemployment Benefit Question

Big question of the day will be answered by next fall.

How valid are claims by Gov. Williams and labor leaders that Michigan's economic structure is in danger of collapse unless unemployment benefits are drastically increased?

A special session of the legislature was called by the Governor to deal "now" with the "emergency." But Republican members failed to see any such "emergency," and recessed until July 17.

Before recessing, a series of hearings took place that underlined one fact, if no other: A tremendous range of opinion exists regarding the state's economic outlook.

Charges of "politics" are still flying in all directions. Democrat leaders charge that the recess is just a way of marking time; that the GOP will not call the fire department because it hopes in the next 30 days that the fire may die down a little.

Apparently seeing more smoke than fire, Republican leaders think the situation is not so serious as Williams defines it; that the Governor is attempting to make hay with a popular issue during a campaign year.

Detroit's Mayor Cobo, who expects to be campaigning against Williams for governor, took what is considered a compromise position. He came out for an extension of unemployment compensation on a temporary basis.

This slowed down the GOP move to dump the entire Williams proposal. But it put candidate Cobo in a position of reacting to this situation without committing himself for the entire future.

What are the facts? There were approximately 207,000 Michigan residents out of work. Unemployment benefits now pay a maximum of \$54 weekly, to a person with dependents, for 26 weeks.

During March, unemployment payments to Michigan workers, both married and single employees, averaged \$34 per week, the highest in the nation, according to the US Department of Labor. In nearby states only Ohio came close with payments of \$31.08. Wisconsin averaged \$29.77, Indiana \$26.19 and Illinois \$25.54. The national average benefit payment was \$27.12, almost \$7 a week less than was paid in Michigan.

Governor Williams, with the backing of labor unions, wants to raise the maximum payments to \$85 per week, for a 39 week period.

How to pay for such a large increase is another matter. Williams gave no clear cut answer to his own proposal. He feels that most of the increase should be passed on to business.

benefits are raised there will be money in circulation to keep the economy on an even keel.

Manufacturing representatives contend, however, that this is unsound. They claim both political parties know all unemployment benefits must be calculated as a share in the cost of doing business. Therefore if benefits are raised, it will not allow Michigan manufacturing to compete equally with products coming from other states.

GOP leaders are not convinced that money for increased benefits can be found. Rep. George Van Pearson (R) of Zeeland, chairman of the labor committee reported to the House: "We feel the program is financially unsound. Unemployment compensation benefits are paid out of a trust which belongs to all of Michigan's labor force—the 2,300,000 who are employed as well as to the 407,000 out of work. We cannot so spend the trust fund that the first man in line would get everything and here would be nothing left for the last man in line."

The GOP statement declared that the governor's program would increase costs by at least 100 per cent and consume the \$340 million account now held in trust.

As it stands now, Republicans are still asking the Governor to be as specific about costs of his plan as he is about the benefits.

Governor Williams is waiting for July 17 when the legislature reassembles, before making his next move.

Both parties are taking a calculated risk. If the unemployment situation eases, the "gloom and doom" philosophy of unions backing the governor will appear empty and unwarranted. If, on the other hand, unemployment continues to increase, the Republican position will be greatly weakened.

The final answer will be available for examination by voters as fall.

"Sour" crude oil found in some wells in northern Michigan counties is forcing scores of wells to shut down. "Sour" crude is oil with a high sulphur content. Refineries in the state find it costly to process this oil because of the high corrosive action on equipment.

Particularly affected are wells in Ogemaw, Arenac, Roscommon and Tuscola counties where a concentration of "sour" wells are located.

According to the Michigan Geological Division, 114 of the 4,223 producing wells in the state are pumping sour crude. Spokesmen for refineries handling this oil state that further acceptance of this oil must be put on a pro-lease basis to compensate for equipment costs.

Lamb Accompaniment

Mint leaves make an attractive garnish and a pleasant flavor accompaniment for lamb. The leaves may be chopped and added to the stuffing.

★ THINKING OUT LOUD ★

One question, sometimes controversial, sometimes personal is asked each week by The Mail of four pedestrians along Plymouth's downtown streets. This week's guests are "thinking out loud" on the question:

"Last week there were two girls arrested in White Plains, New York for violating a law which forbids them to wear shorts downtown. What do you think of such a law?"

NANCY LOCK, 997 Junction: "I believe that girls should be more ladylike and a little more modest in public. Shorts are sportswear and are meant for the park or beach."

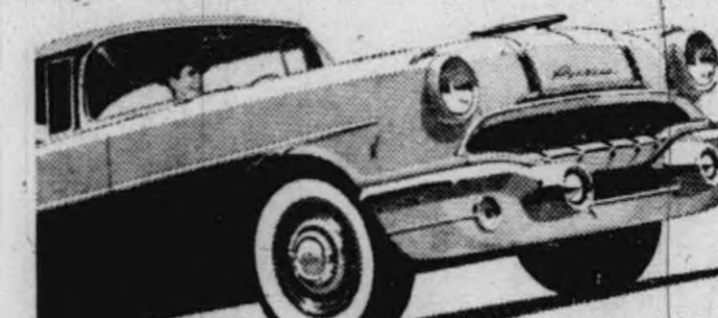

PAT WEAVER, 259 Irvin: "I would not approve of shorts being worn downtown but I can't see anything wrong with them anyplace else. Girls should be able to use their own judgment so that a law isn't necessary. Personally I don't mind seeing shorts downtown but I know the majority of people don't."

Marjorie Pat Nancy Morris

MARJORIE CRAIG, 763 Ann Arbor Trail: "I think there should be a law. I don't like to see a girl expose herself in shorts downtown. If it's in the country or on a picnic it's different. No, I never wear them downtown. I wear slacks because I go to work in them."

MORRIS BEAVER, 2123 Marie: "It should be up to the girl whether they want to wear shorts or not. There certainly shouldn't be any law about it. They wear them on the beach and everywhere else so it would not be any different seeing them downtown."
