

PLENTY OF BABYSITTERS are available for Plymouth's first baby of 1957, shown at right and above being held by her mother. Her sisters, brothers and parents, from left, are Mrs. Marie Hitchcock, Gordon, Mrs. Graham and Kathy Ann, Danny, Mr. Graham, Joan and Wilma. Another brother, Wilbert, is in the Navy.

First Baby Joins Family of Eight

Two hours and 17 minutes after the stroke of midnight on January 1, Kathy Ann Graham came into the world at Ridgewood Osteopathic hospital and became heirress to 16 gifts being offered by local merchants to Plymouth's first baby of 1957.

Photographic Center, camera or baby snapshot album; Seyfried Jewelers, engraved baby's silver cup; Kresge's, \$10 worth of merchandise; Milner's, blanket; Bayer-Rexall drugs, \$5 worth of baby formula plus assorted other gifts; First Federal Savings, will open a savings account with \$5; Stop and Shop, two cases of strained baby food; Blunk's, baby bottle warmer.

Kathy Ann was born to Mr. and Mrs. William G. Graham, 44751 Cherry Hill road, weighing a healthy eight pounds, three and a half ounces, she was delivered by Dr. A. C. Williams, Plymouth osteopath. The new arrival is one of the earliest "first babies" ever to win Plymouth's derby. Some years, the first baby doesn't arrive until after two or three days of the new year have gone by.

Area Cooperation Group Meets Next Tuesday

A meeting of the Area Cooperation Group that had been scheduled for last Tuesday will be held this coming Tuesday, it was announced this week.

Kathy Ann may be Plymouth's first baby, but she isn't the first for her parents. The Grahams have six other children. Their home is located a half mile east of the Canton township hall on Cherry Hill road.

J. H. Wilcox, 676 Penniman, has been appointed manager of the Plymouth Chamber of Commerce, it was announced by Frank Allison, Chamber president.

Carnival to Aid 2 Band Projects

The purchase of risers for the high school gymnasium to be used by the band for concerts is one of the projects being undertaken by the Band Parents association. And to raise money for the project, the association is having its annual Band Carnival on Saturday, January 19.

Breaks in Water Mains Explained

Five breaks in the city's water system due to the laying of sanitary sewers in the southern part of the city has brought words of indignation from some citizens.

Find 41 Suspects Of Diabetes Here

There are 41 suspected cases of diabetes in the Plymouth area, according to a preliminary report made by the Lions club who two months ago conducted a Diabetes Detection Week program here.

Assessment On Annexed Land Fought

Harsh terms were used Monday night as Roderick Cassidy, owner of a farm which last year was annexed to the city, appeared before the city commission to protest a special assessment of \$33,495 for a storm sewer that is now being laid along his property.

Mr. and Mrs. Cassidy both spoke of the "gross unfairness" of the assessment while Mayor Russell Daane defended the commission's position. The Cassidy's still own about 50 acres of the original 85-acre farm, having sold the remainder to the Western Electric company.

A second public hearing on the proposed zoning map for Plymouth township will be held this Saturday at the township hall.

Michigan Bell Starts New Office Soon

Work will start within the next few weeks on a new office building for the Michigan Bell Telephone company and should be ready for occupancy by late spring, Manager Robert Maurer announced this week.

CONSIDERING THAT one polio patient may require thousands of dollars worth of treatment, Plymouth Girl Scouts are hoping that citizens will respond generously to the peanut sale this Saturday. Getting their supply of peanuts from Mrs. William Micol, chairman of the Peanuts for Polio activity, are Cynthia Courure, left, president of Troop 22, and daughter Gale Micol of Troop 15.

Michigan Bell Starts New Office Soon

Local Youth Nominated For Service Academy

One Plymouth youth was listed among those nominated by Congresswoman Martha W. Griffiths for enrollment in three service academies.

SOME COLONIAL touches have been given by architects to the proposed Michigan Bell Telephone building that will soon get underway on South Harvey street. A parking lot for customers will be on the north side of the building while employees will park in the rear. The building will replace the Penniman avenue office.

Mr. and Mrs. E. James Nelson

Nelson-Robinson Ceremony Read at Presbyterian Church

The First Presbyterian church, Plymouth, enhanced with Christmas candles, poinsettia and palms, was the setting for the two o'clock service uniting Luanne Robinson and E. James Nelson.

The Reverend Henry Walch officiated at the service on Saturday afternoon, December 29. Organist was Fred Nelson and the soloist Nat Sibbold sang "Because" and "The Lord's Prayer". Mr. and Mrs. S. H. Robinson of Grace street, Northville, are the parents of Luanne and James is the son of the Helmer Nelsons of West Ann Arbor trail, Plymouth.

Luanne approached the altar in a floor length gown of peau de soie with sabrina neckline of lace and long fitted sleeves. The full skirt extended to a chapel train. Her only adornment was a rhinestone encrusted heart on a silver chain, the gift of her bridegroom. A crown of rhinestones and seed-pearls held in place her fingertip length veil of French illusion and her cascade bouquet was of white roses and variegated ivy.

Judy Robinson was her sister's maid of honor. She wore a floor-length gown of green crystalet with matching velvet bodice and she carried a colonial bouquet of red carnations centered with red rosebuds. Carolyn Larson and Marilyn Nelson, cousins of the bridegroom were gownned like the honor maid and carried bouquets of a lighter shade. All the attendants wore strands of pearls, their gift from the bride.

James asked his brother, David, to assist him as best man and seating the guests were Hal Miller, David Stratton, of Plymouth, Jack Jett of Birmingham and Donald Old of Detroit.

Mrs. Robinson selected a beige lace sheath dress for her daughters wedding. Her accessories were brown and she wore a corsage of yellow roses. Mrs. Nelson chose pink camellias and rose accessories with her gown of toast colored lace.

The reception was held in the church parlors following the ceremony with 125 guests attending from Northville, Plymouth, Detroit, Grand Rapids, Toledo, Ohio, and Clawson. Also present was Mrs. Louise Swenson of St. Peter, Minnesota, grandmother of the bridegroom.

Luanne was graduated from the Highland Park General Hospital School of Nursing in 1955 and her bridegroom graduated from Plymouth high school and is attending the Michigan State University. The young couple will make their home in Lansing for the present.

BIRTHS

Because there are so many hospitals in the area which are utilized by Plymouth citizens, it is impossible for The Mail to accurately obtain reports of all births. We therefore must rely on parents or relatives to kindly supply us with this information as soon as possible.

Mr. and Mrs. John Gotro, Jr. of Hutton street, Northville, are receiving congratulations on the birth of a seven pound three ounce daughter, Renee Carol, Mt. Carmel hospital, Detroit, on December 27. Mrs. Gotro is the former Dottie Stevenson of Plymouth.

Mr. and Mrs. Leonard Pulasky of Belleville are the proud parents of a daughter, Kathleen Ann, born December 28 in New Grace hospital, Detroit, weighing seven pounds five and one-half ounces.

Mr. and Mrs. Sanford Burr of 40620 Ann Arbor road announce the birth of a son, Charles Sanford on December 19, St. Joseph's hospital, Ann Arbor weighing nine pounds five and one-half ounces.

Mr. and Mrs. Raymond D. Homer of 51055 Ann Arbor road have chosen the name Susan for their new daughter born January 5 in Beyer Memorial hospital Ypsilanti. Mr. Homer is a teacher in the Plymouth high school.

Mr. and Mrs. Henry Alverson of West Pearl street are receiving congratulations on the birth of a daughter, Susan Ellen on January 2 in Garden City hospital. She weighed in at eight pounds 10 ounces.

Mr. and Mrs. Edward Ash of 16620 Haggerty highway are announcing the arrival of a son, William Frank on January 5 in Mt. Carmel hospital, Detroit, weighing nine pounds 13 ounces.

Engagement Rush

The great number of engagements announced during the past few weeks has caught The Mail short of space in this issue. In order that all can be presented together with their pictures, the announcements will be found on a special page next week.

We regret that we are unable to meet the demand for space this week, both for engagements and several other features that usually appear.

Guild Slates Play Try-Outs

Tryouts and reading for Plymouth Theatre Guild's February production, to be jointly sponsored by the local Kiwanis club, will be held Monday, January 14, at 8 p.m. in the junior high school gym.

Guild president Jack Scott stated that all residents, whether Guild members or not, are urged to try out for a part in the show which will be presented February 21, 22 and 23. Name of the play will be announced at try-outs since several plays are being considered, Scott added. Bill Merrill of Will-O-Way Playhouse will be directing and will be present at the try-out session to hear the readings.

Monday's meeting is open to the general public. Listeners or participants are equally welcome to attend.

Garden Club Slates Meeting

Mrs. Chester Teasel of 9000 Warren road will host the January meeting of the Plymouth branch, Women's National Farm and Garden association, scheduled for 1 p.m. Monday, January 14.

Featured on the program will be Mrs. L. R. Von Stein who will give a talk on "Flowering Shrubs from Spring to Fall." Tea chairman, Mrs. Kenneth Wiltske, will be assisted by the following committee: Mrs. Jesse Tritton, Mrs. Raymond Bachelder, Mrs. W. J. Roberts, Mrs. Clarence Elliott, Mrs. Ralph Garber, Mrs. Neil Wicks and Mrs. Frank Dunn.

New Class Opens Feb. 8 For Players of Bridge

A new duplicate bridge club for residents of the Plymouth area will be started Friday, February 8 at the high school, Herbert Woolweaver, director of adult education, announced. This is one of the many adult activities being offered by the department.

Woolweaver said, and is designed to provide both instruction and entertainment for bridge players. Play will start at 7:30 p.m. and all those interested are urged to attend the opening night so that permanent dates can be decided.

Further information will be found in the Adult Recreation program booklet available in the library, grocery stores and the city hall. Information can also be obtained at the first bridge session. No advance registration is necessary.

CAR Plans Gathering
 Plymouth Corners society, Children of the American Revolution, will meet Wednesday, January 23, from 5-7:30 p.m. at the home of Ann, Susan and Mary Hulsing, 1010 Church.
 The program will be on the flag of the United States of America with Mrs. Robert Dixon, Northville as guest speaker. Mrs. E. J. Cutler, flag chairman and Sarah Ann Cochrane chapter, Daughters of the American Revolution, Plymouth - Northville, will also be the CAR's guest.

Mr. and Mrs. John W. Stamper

Sally Canning Now Mrs. John Stamper

The marriage of Sally Joanne Canning, daughter of Mr. and Mrs. H. E. Canning of 41683 Schoolcraft, and John W. Stamper, son of Mr. and Mrs. Richard Stamper, 7422 Floral, Garden City, took place Saturday evening, December 15, at an 8 o'clock ceremony read in the Plymouth Church of the Nazarene.

She chose a blue lace dress with red accessories and corsage of red roses for the ceremony. The bridegroom was assisted by Dean Hamlin of Plymouth as best man. Guests were seated by Earl Fulton and Carroll Roose of Plymouth, Eugene Stamper, brother of the bridegroom, and William Bowling of Ypsilanti.

The Reverend Charles D. Ide performed the rites before an altar setting of palms, white mums and gladioli. Mrs. Norma Burnette of Northville was organist for the vocal selections of "The Wedding Prayer" and "True Love" sung by Ray Williams. The bridal gown was styled with bodice of hand-clipped rose-pointe lace over satin, Queen Anne collar, wrist-point sleeves and a full skirt of lace over tulle and satin. Two layers of pleated tulle embroidered the hemline of the gown which was fashioned with chapel train.

A reception for 250 guests was held at the Masonic temple following the ceremony. Attending were those from Garden City, Wayne, Northville, Ann Arbor, Ypsilanti, Detroit, Walled Lake and Plymouth.

For going-away the bride wore a box suit of winter white linen with black accessories and the white orchid corsage from her bridal bouquet. The Stammers are making their home at 508 North Roe in Plymouth following their wedding trip to Kentucky, Tennessee and Georgia.

A Plymouth high school graduate, the bride has had two years of training with the St. Joseph Mercy Hospital School of Nursing, Ann Arbor unit. Her husband is a graduate of Jackson (Ky.) high school.

Prior to the ceremony the bride was feted at a miscellaneous shower given December 8 by fellow students at St. Joseph's and a personal shower given by her sister, Elaine, December 6. On December 10 she was guest of honor at a linen shower hosted by her aunt, Mrs. Cate Little, and the bridegroom's sister, Betty Stamper.

Those wishing to contribute clothing items for the event may call Mrs. Walter Rea, chairman of the township drive, at 177-M11, or Mrs. Virginia Walbridge, in charge of the special events committee, at 2132-W.

Township Rummage Sale To Benefit Polio Drive

A rummage sale to aid the March of Dimes drive is being planned by Canton Township. The event will be held Saturday, January 26, from 9 a.m. to 5 p.m. at Canton Center Fire station on Geddes road.

Those wishing to contribute clothing items for the event may call Mrs. Walter Rea, chairman of the township drive, at 177-M11, or Mrs. Virginia Walbridge, in charge of the special events committee, at 2132-W.

Woman's Club Hears Bank VP

A talk on "Let's Take the Mystery Out of Wills" was given by Carleton B. Leonhard, vice president of Detroit Bank and Trust company, before a gathering of 64 members and guests of the Plymouth Woman's club, Friday afternoon at the Masonic temple.

Introduction of the guest speaker was made by Mrs. Austin Pino, substituting for Club President Mrs. David Wood who was on vacation. The talk was followed by a question and answer period. Also on the program as guest of the club was Miss Carole Clarke of Plymouth, who spoke briefly about her experiences as delegate to Girls State, Ann Arbor, and Girls Nation in Washington last summer.

Other highlights of the club meeting were presentation of a certificate of appreciation from the local organization's contribution to the hospital's volunteer program during 1956. Mrs. Pearl Lundquist, club committee chairman, accepted the award which has been made to the local club for the second year in succession. Announcement was also made that tickets are now on sale for the Woman's club benefit card party and fur style show to be held February 15. Proceeds will aid local charities.

Robert Lidgard Heads Kiwanians

Robert Lidgard, 670 Ross street, was installed as president of the Plymouth Kiwanis club on Wednesday night of last week along with other officers of the organization. Lidgard succeeds Dr. Fred Foust.

Past Governor Clarence "Mike" Loesell of Ypsilanti was the installing officer. Others taking office with Lidgard were: First vice-president, Harold Fischer; second vice-president, William Sempliner; secretary, Ernest L. Henry; treasurer, Marvin Criger; and the following directors, Robert Barbour, Melvin Blunk, John Wallace, Leslie Taylor, John Kamego, Harry Larsen and Ralph Carter. Several of the officers attended the Mid-Winter meeting of the Michigan district of Kiwanis at Battle Creek last weekend. They were President Lidgard, John Wallace, Melvin Blunk and Ernest Henry. New Michigan district officers for 1957 were installed at the meeting.

Plymouth Tastes Revenge by Nipping Bulldogs, 40-32

Plymouth's Rocks gained a huge helping of revenge for three hairline defeats suffered at the hands of Bentley last year, by whipping the Bulldogs in sound fashion, 40-32, at Livonia Friday night.

The victory kept Plymouth unbeaten and at the top of the Suburban Six standings, tied with Trenton, which polished off Allen Park, 42-34. In the third conference game, Redford Union had an easy time racing to a 62-30 win over Belleville.

The loss just about eliminated Bentley from any title consideration. The Bulldogs were last season's champions.

Played on Bentley's floor, there was little in Friday's game for the partisan crowd to get excited about. Coach Les Ander's team led after two minutes of play, 4-2, but it was the last time they were in front.

Plymouth raced to a 17-4 lead in the first period by showing far more alertness than the home town team. They were in front, 23-12 at halftime and were continually out-jumping the falter Bulldogs under both backboards and taking the ball away from them out court.

Sparked by the backboard work and shooting of Ron Gable and the scrappy play of Dick Petrucelli, the Bulldogs made a determined bid in the third period, only to cancel their big opportunity by their own mistakes.

After closing the gap to 26-23, the Bulldogs took the ball away from Plymouth three times and three times they lost possession before getting a shot at the basket. Traveling and sloppy ball handling nullified their chances of taking over the lead.

In all fairness to the losers, they were having a miserable shooting night. Bentley could click on only 13 of 56 shots from the floor and six of 21 free throw attempts.

Coach Charley Ketterer used his two platoon system to good advantage and showed 10 men about matched in skill. However Ken Calhoun proved to be the Rocks' sparkplug and led both teams in scoring with 16 points. Gable had 12 for the Bulldogs.

The home school gained some solace when the Bentley Reserves whipped Plymouth's Reserves in a real close one, 38-37. This was a good ball game all the way with the Little Rocks making a fine rally in the third period by out-scoring Bentley, 13-4, to take a one-point lead after the Bulldog Reserves enjoyed a 20-12 half-time margin.

Dave Philippi with 16 and Bryant Stooks with 10 led the winners. Myron Hopper with 12 and Dave Walasyk with 11 were best for Plymouth.

In the other league games, Trenton had things its own way as it used 14 players in turning back Allen Park, 42-34. George Mans, with 14 points, and Bob

Rock Swimmers Nearly Sweep Dearborn Meet

Plymouth High's sizzling swimmers surged to a totally top-sided, 68 to 28, triumph over Dearborn last Thursday and continued to look as if it might be the top prep team in the state of Michigan.

Coach John McFall's crew swept all but one first place on the card; and by that time (it was the 200 yard medley event) he was not bothering to use as swift a quartet that he could have employed in a tight contest.

Two new Plymouth team records were established. Bob Isbister splashed the 100 yard butterfly breaststroke route in 1:07.8 for one mark and Mike Todd went the standard breaststroke in 1:14.8 for another.

With a 4-0 record now under their belts, the swimmers meet Ypsilanti today and one of the state's top teams, Ann Arbor, there on January 17.

Men's 'A' League Standings Due For Changes

Standings in the men's recreation basketball "A" league were unchanged after six teams battled last Thursday night. Hickory Farms and Beglinger Olds still stood at the top of the league with no defeats.

Beglinger was the idle team last week in the seven club circuit. Their four-game winning streak was surpassed only by Hickory Farms which chalked up its fifth win by submerging Plymouth Independents, 63-27.

Other scores were: Northville Recreation, 67, Daisy Manufacturing, 62; Northville State Hospital, 53, Braders, 47.

In a rugged and rough game Tuesday night, Beglinger Olds squeezed out Hickory Farms, 60-58, when Max Pierce scored with 45 seconds to go. Beglinger had 21 fouls. Hickory arms 22. Details will be reported next week.

Voss, with 10, were high for the winners. Tom Tresh led the losers with 10 counters.

Ten players broke into the scoring as Redford Union walloped Belleville, 62-30. The score at halftime was 38-14. Ray Crenshaw topped the winners with 12 points and Ed Gibson added 10. Belleville had no one in double figures.

BOOK REVIEW

THE FBI STORY

on sale at Purcell Office Supply

THE FBI STORY by Don Whitehead with foreword by J. Edgar Hoover. Published by Random House, Inc. — \$4.95.

It is impossible to conceive of a book which could hold more profound interest at this time, than this story of the magnificent work of the Federal Bureau of Investigation by Don Whitehead, one of America's finest reporters.

Here is the story of how FBI Director J. Edgar Hoover blocked an OSS plan to permit the Soviet secret police to establish an office in Washington during World War II. According to the author, the FBI chief was tipped off early in 1944 that arrangements were being made by the Office of Strategic Services with Soviet Foreign Minister Molotov for "an exchange of missions" between the NKVD and the OSS. This was being done without prior clearance by the White House, Secretary Hull or the Joint Chiefs of Staff. Director Hoover promptly warned that NKVD agents were even then trying to obtain the secrets of the atomic bomb. Although this plan was blocked, Director Hoover was to flush with "shock and anger" in September, 1949, to learn that agents of a foreign power had stolen the very heart out of the atomic bomb.

The tragedy behind the loss of America's vital secret is that it could have been avoided. In April, 1945, the matter of a worldwide intelligence system was discussed. The OSS and the Joint Chiefs of Staff favored creation of an executive agency; the FBI favored extension of its own Western Hemisphere Special Intelligence Service to a worldwide basis.

In January, 1946, President Truman directed the formation of a National Intelligence Authority, with the CIA at the working level. Even so uninformed an observer as this reviewer can see the complications which necessarily followed. As the nation once again faces a critical situation perhaps it is not too late for America to remedy this tragic mistake.—Mary Spargo, National Society of the D.A.R.

OBITUARIES

Dr. John Travis
Word was received here of the death of Dr. John J. Travis, 84, retired Ann Arbor dentist, who practiced in Plymouth 13 years. Dr. Travis died two weeks ago. He came to Plymouth after receiving his degree from the U of M School of Dentistry in 1903. He practiced here 13 years.

Mrs. Stella Kubik
Death came January 2 for Mrs. Stella Kubik, 30151 Ann Arbor trail, a resident of the community for 50 years. She had only a brief illness before her death in Detroit. She was 65.
Born in Czechoslovakia on August 22, 1891, she was united in marriage with Jacob Kubik who preceded her in death 10 years ago.
Survivors include three children, Earl Kubik of Pompano Beach, Florida, Leo Kubik of Plymouth and Mrs. Shirley Mack of Nankin township. There are also four grandchildren.

Last rites were held at 9 a.m. Saturday at St. Damians Catholic church with the Cadwell Funeral home of Garden City in charge of arrangements. Interment was in Holy Sepulchre cemetery.

Robert E. White
Services were held at 3 p.m. Saturday in the Schrader Funeral home for Robert Eugene White, seven-weeks-old son of Albert and Donna Glass White of 4120 Napier road, Canton township. The infant, born November 16 in Garden City, succumbed last Thursday in University hospital, Ann Arbor.

In addition to the parents, surviving are three sisters, Marsha, Phyllis and Cheryl; grandparents, Mr. and Mrs. Ora F. Glass of Plymouth and Mrs. Eva White of Adrian; and a great grandmother, Mrs. Anna Cospsey of Payne, Ohio.
The Reverend David L. Rieder conducted the funeral service. Interment was in Riverside cemetery.

Mrs. Mary L. McClumpha
After a two months illness, Mrs. Mary L. McClumpha of 50385 Warren road, Canton township, succumbed at her residence Wednesday, January 2.

A resident of this area the greater part of her life, she deceased was born November 20, 1875 in Assumption, Illinois, the daughter of Hiram and Mary E. Housel Hurd. She married Clifford E. McClumpha November 2, 1893, who preceded her in death in 1924.
Mrs. McClumpha is survived by a daughter, Mrs. Marilyn L. Marr of Northville, eight grandchildren and eight great grandchildren.

Services were held at 1 p.m. Saturday in the Schrader Funeral home. The Reverend Robert D. Richards officiated. Pallbearers were Clifford McClumpha, Richard, Jack, Robert, Daniel and Dale Wiseley. Interment was in Kenyon cemetery, Canton township.

Mrs. Minnie Hoisington
Services will be held this Saturday at 1 p.m. in the Schrader Funeral home for Mrs. Minnie Hoisington of California, former Plymouth resident. Mrs. Hoisington succumbed Sunday in California after a brief illness. She was 84.

The daughter of John L. and Louise Koemeling Lewis, she deceased was born June 15, 1872 in Detroit. She had lived in Plymouth up until 1933. Mrs. Hoisington was preceded in death by her husband, William Edward, in 1940.

Surviving are three sons, Allan R. Marriott of Oak Park, Lewis M. Marriott of Dearborn and Howard E. Marriott of California.

The Reverend Melbourne I. Johnson will conduct the funeral services. Burial will be in Riverside cemetery.

Mrs. Earl Becker, 47040 Timberlane, Northville, held an open house December 30 in honor of Mr. and Mrs. Lynn Becker who were united in marriage December 22 at the Baptist church in Northville. Guests were present from Northville, Plymouth, Wayne, Benton, Detroit, Ruyun Lake, Romulus, Milford and Ann Arbor.

UNCORKING THE NEWS

by Carl Peterson

One of the big national magazines has been running a story on Walt Disney . . . and a gentleman from India wrote in to say that Disney and his inkpot companions are as familiar as elephants in the land of the Taj Mahal.

That's not too surprising. For some time our armed forces overseas have known that Mickey Mouse is recognized more quickly than any other U.S. symbol. In fact, Michael the rodent, D. Duck, Minnie, Goofy and their chums are probably the most popular Americans in the world. They're as international as the breeze. In Europe, Asia, Africa and South of the Border there are many folks whose opinions of the U. S. wouldn't pass a censor. But they still love Mickey and Donald. Maybe we're missing a bet in not making Walt Disney Secretary of State.

And then there was the hen-pecked husband who was afraid to go home. When asked the stock question as to whether he was a man or mouse, his reply was, "Must be a man, my wife's afraid of mice."

A Michigan couple who met for the first time at a post office stamp window are now getting married. Must have got stuck on each other.

Gardenites Greet New Year With Many Varied Parties

Well, here we are on a new year, although I haven't quite recovered from the last night of the last year yet! My only resolution is to get to bed early this New Year's Eve!

Henry and Lois Durfee of Louisiana street had Henry's brother, James Durfee of Colorado who is with the Air Force, and his mother, Mrs. Greshover of Detroit, as their guests over the holidays. On New Year's Day Lois' folks, Mr. and Mrs. C. W. Fisher of Detroit were the Durfee's dinner guests.

Don and Winnie Esper of Fairfield avenue spent New Year's Eve at a party at the home of Mr. and Mrs. Robert Besneate of Dearborn. This party consisted of school chums.

On New Year's Day the Espers and their children, David, Jane, Scott, Dale, Julie and Edith went again to the Besneates for lunch. Wish I had the strength to take six children out the day after a party!

Mr. and Mrs. Lawrence Borgia, 9910 Blackburn, and their children spent the Christmas and New Year holidays in Florida.

Joanne and Bob Davis, Vermont street, had dinner on New Year's Eve, then entertained several couples at a party at their home.

Nancy Briggs, oldest child of Mr. and Mrs. Briggs of Vermont street started the year out with chicken pox, so if you don't hear much about the

Briggs in the near future it'll be because they have just one down and probably three more to go on the chicken pox!

Vermont street spent New Year's Eve along with Stella and Fred Felice, of Westmore street at the home of Betty and Ted Jayson of Melbourne.

Ruth Beagan returned home to Vermont street New Year's day, bringing with her Cheryl, who has been visiting her grandmother and the brand new baby, Michael Thomas. Ruth, alas, started out the New Year with a bad case of flu.

There was an executive board meeting of the Grant P. T. A. Monday night, January 7 at the home of Alene Hulquist on Hubbard street.

The publicity chairman for this P. T. A. is Betty Dana of Vermont street, and Lillian Forest and Celia Hearon also of Vermont street are on the committee.

Hear the New Year's Eve dance of the Rosedale Gardens Civic Association was really the very nicest yet. Everyone said the food served was just wonderful, and the orchestra was, too. About 110 people attended.

Speaking of the Civic Association, don't forget there is a regular meeting tonight at the clubhouse—see you there!

Vivian and Speedy Quick, Vermont street, and children Wayne, Ron, Connie and Janet Lee, were the guests of Gerald and Norma Sheldon of Livonia for New Year's day dinner. Jimmy Conway, the Quicks' son who is with the army in Augsburgs, Germany, celebrated his 20th birthday January first.

Barb and Bob Jacques, Virginia street, attended a New Year's Eve party at the home of Mr. and Mrs. Dave Scroggie in Redford Township.

Eighteen couples attended a hay ride and party Sunday night, December 30th. The couples had a "motorized" hayride, being pulled by a tractor, rather than old hobbin, and then went to the home of Tom Romanow in Livonia for the party. Local teenagers attending were Claudine Basham, George Stowell, and Connie, Wayne and Ron Conway.

Rosemary and Ed Hilgers of Westmore street attended the Civic dance on New Year's Eve.

January 17th there will be a regular meeting of the Rosedale Gardens Women's Club at the clubhouse on Hubbard street with a short business meeting. After the business meeting Charity Crooks, antique dealer and authority from Farmington, will stage an antique show, which promises to be very interesting, so all of you members try to make it! Hostesses will be Coretta Randall and Phyllis Anschutz and committee.

EARLEEN POMROY
GA. 1-5231

FOSTER DAD . . . Harry Holt, Crestwell, Ore. farmer, has found homes for 89 Korean orphans, adopting 8 himself.

Duplicate bridge instruction is to be resumed at the clubhouse in February and will be held every other week on Tuesdays. Anyone interested in learning this game please call Rita Thompson at GA. 1-6493.

Mr. and Mrs. Secor of Cranston street had Milton Jr. home from Howe Military School in Howe, Indiana for a 2 weeks vacation during the holidays.

The Rosedale Gardens Presbyterian Church Couples' Club held its New Year's Eve square dance December 31st and a good time was reported by all. Among those present were the Hoppes, Drumms, Hartsells, Moelkes, Petersons, Carpenders, Roths, Meplyans, Bowers, Wagners, Rues and small son, Olive Dethloff, the Olsens, Youngs, Laus, Turners, Wilson, Crosses, Sullivans and daughter, Mr. Ross of Plymouth and Bob Carson, caller, and his wife Betty of Plymouth.

The church basement was gaily decorated with balloons and streamers. A Watch Night service was held from 11:00 to 11:45 P.M. upstairs and then the couples went back to the church basement to see the new year in and have a buffet supper of meat loaf, scalloped potatoes, jello salad, coffee and cake. Sorry to report that Mr. Wooley was ill and could not stay.

If any of you parents have teenagers in your home, a piano in your recreation room and Don or Marilynn Pomroy come over, look out-Don and Marilynn celebrated New Year's day by taking the front off our old piano in the basement, and putting thumb tacks into the hammers, converting it to a "honky tonk" piano, and, according to them, improving its tone! New Year's day wasn't exactly the day to prove this theory!

Will you readers please call me at GA. 1-5231 when you have news? Every week I have an occupational disease known as hang nail of the dialing finger from calling you, so how about calling me for a change? ?? See you next week!

Newburg News

Mrs. Emil LaPointe
GA. 1-2029
The Men's club of Newburg Methodist church is celebrating the first anniversary of their charter night by inviting their ladies to have supper with them on Monday, January 14, at 6:30 p.m. at the Newburg Methodist Church hall, Ann Arbor trail and Newburg road. There will be an installation of the newly-elected officers and a special guest from the University of Michigan. All reservations must be in no later than today, Thursday, January 10.

Pre-Christmas activities at the Riverbank Convalescent home on Ann Arbor trail were many this year. Mr. and Mrs. Frank Bazo, who run the home, reported that several Girl Scout troops and Boy Scout groups came and sang Christmas carols, decorated Christmas trees and brought gifts to the patients. Among the troops were troop 1188 led by Mrs. Clark Wallo, Mrs. C. Jackson and Mrs. V. Schaefer. Troop 2299 headed by Mrs. Cooley and Mrs. Rusan. The latter troop has adopted George Green as their troop grand-dad. Mr. Green was blinded in an automobile accident in 1955 and has been at the home ever since. Troop 1093, with leaders Mrs. William Eastlake and Mrs. Alfred Higgins, came for a visit on Christmas eve and Brownie troop 1658, with leaders Mrs. Heimforth and Mrs. Crittendon, also visited.

The Fidelis Sunday School at Newburg Methodist church have sent some of its members for monthly visits all during the year as have the Apostleship of Prayer of St. Michael's Catholic church. These yearly and monthly visits are looked forward to by all of the men in the home who are grateful for the remembrances.

On Christmas evening, December 25, a buffet supper was held at the home of Mr. and Mrs. Arthur DeCoster of Ruine drive with the following guests present: Mr. and Mrs. James Smith and daughter Lynn; Mr. and Mrs. George DeCoster and children, Donna, David and Dana.

Mr. and Mrs. Wilham Oessler and daughters Karen and Nancy; Mr. and Mrs. John Parmentier and daughter Joann; Mr. and Mrs. William McGregor and son Brian; Mrs. Edgar Smith and Edward Oessler.

Dinner guests in the home of Mr. and Mrs. Emil LaPointe of Joy road on Tuesday, January 1, were Mr. and Mrs. Edward C. Weiss, Jr. and son Stephen of Belleville.

Four ladies gathered at the home of Mrs. Claude Desmond of Joy Road on Friday, December 28, for their annual Christmas pot-luck luncheon and afternoon of canasta. Mrs. Arthur Gennis, Mrs. Bert Overmyer, Mrs. Raymond Peterson and Mrs. Arthur DeCoster were guests.

Mr. and Mrs. Emil LaPointe of Joy road and Mr. and Mrs. Henry Nida of Dearborn dined out at Topinka's New Years Eve and then took in a show at the Fisher theatre. The foursome returned to the Nida home for coffee and cake.

In last week's Newburg News an announcement was made concerning the Canasta Clan meeting on January 15. The date has been changed to January 22 and will still be held at the home of Mrs. E. J. Howden on Joy road. Please advise your hostess if you cannot attend.

The Newburg Minstrels of the Newburg Methodist church will again present their featured production at the Myron Beals Legion hall on Newburg road, Friday, January 18. If you missed their first show in November, be sure you don't miss this production.

A New Year's Eve party, held in the home of Mr. and Mrs. James Greenwood on Newburg road, was attended by the following as guests: Mr. and Mrs. Duane Johnson and Mr. and Mrs. Paul Nixon of Livonia; Mr. and Mrs. Robert Anderson of Plymouth; Mr. and Mrs. Charles Menhorn of Belleville and Mr. and Mrs. Jack Eeles of Wayne.

CHIPS

from the
STATE
CAPITOL
DOMES

BY STERLING EATON
STATE REPRESENTATIVE

(Editor's Note: A new session of the Michigan State legislature is underway and it's an important one because of state financial problems. The representative from this district is Sterling Eaton, former publisher of The Plymouth Mail and The Livonian. This is his first term in Lansing. We've asked him, and he's consented, to give some first hand reporting on the life of a new representative. With his background as a writer, this will provide informative and entertaining reading for our subscribers regularly while the Legislature is in session.)

So many people have asked me questions about my new job as a member of the legislature in Lansing I was most happy to have publisher Paul Chandler assign me the job of reporting to the people of my district. Mr. Chandler's three papers, The Plymouth Mail, The Livonian and The Redford Observer cover a large portion of our district.

To be perfectly honest I must admit there is much ahead I shall have to learn even though we have been to schools in Lansing where we were acquainted with the fundamentals of legislative procedure. To solve a friendly argument for Edna Allen and Harry Reeves of Plymouth, I investigated a legislator's salary and found I would receive \$4,000 a year while in office plus \$1,000 each year for expenses. In addition, I shall also be paid for one train trip to Lansing when the session opens, and one trip home at the end of the session.

I was most interested in the expense allotment, particularly in view of the fact that a cozy little apartment in the Hotel Porter, which my traveling secretary and I shall occupy, will cost me \$1,200 for the next six months... without food, et cetera... et cetera. I was quick to learn that financially this job is a losing proposition.

Though I have been in Lansing since last Thursday we were officially given the oath of office this Wednesday noon by Chief Justice of the Supreme Court, John Dethmers. After administration of the oath, the legislative floor were assigned by a drawing; length of service being given preference of selection. After each of us has been officially seated we are from then on a number... our seat, our cloak rack, and our mail box, and all of our official communications being the same number.

Tuesday night previous to the opening ceremony the Republicans caucused and elected a speaker to serve during the next two years. Because of his selection just the evening before, after our seat assignments were over, we immediately adjourned for a week. The purpose of this is to give the new speakers time to appoint the members of the various committees, and this is the most important function he will have during his term of office. No legislation can ever reach the floor of the house unless it has been approved by the committee in whose area it falls... that is the reason committee appointments are the most important part of the whole legislative set-up.

For the most part now little action will actually be seen until sometime in February. The house may meet one or two days a week during this time, but most of the work which will come to the floor later is now being prepared by the legislators who wish to introduce bills, by the committees who may also be preparing legislation. This is the reason that a member of the legislature can only be effective if he is fortunate enough to secure a major committee appointment of which there are only four or five... taxation, labor, ways and means, state affairs, private corporations and municipal corporations.

I shall attempt to keep you posted on items of interest to this area and things which will be happening concerning the people of this district. Your questions and suggestions will be most welcome, and perhaps we all can be enlightened a little more as to how our State Government functions as the 69th legislative scene unfolds during the weeks ahead. I shall also look forward to visits from any and all of the residents of this district if and when they are in Lansing... you will be able to find me in the legislative hall or at the Porter... Please feel free to avail yourselves of my time and efforts... that's why I'm here, you know.

Barbara Nelson, daughter of Mr. and Mrs. Charles Nelson of Blunk street, will graduate from Eastern Michigan college, January 27, and receive her Bachelor of Science degree. She will immediately begin teaching in the kindergarten of the Ashcroft school in south Redford.

Assessment

(Continued from Page 1)

everything it can do," Mayor Daane told the Cassadys. "The planning commission and the city commission have held hearings and not once did you mention a tax burden. The contracts have been let and the assessment spread. You must now accept the responsibility."

The 20-minute battle of words ended as it started—with complete disagreement and harsh feelings.

In other business before the commission, David Galin, local merchant, spoke out against a revision in the zoning ordinance which was given first reading. The revision asks for a 342-foot-long strip of land along Mill street to be changed from light manufacturing to one family residential zoning. Galin, who last year built a small warehouse along the street, said that the proposed zoning would forbid him from developing the land any further "and I would have the most expensive little warehouse in the city."

Commissioners agreed that land along the street should be at least a commercial zoning and voted to send the proposal back to the planning commission for further study. The proposal was made because of plans to build homes in the new Maplecroft subdivision in the area. FHA will guarantee loans only if proper zoning is adjacent.

A public hearing for 8 p.m. on January 21 was set for extending a water main down Harding (Pine) street.

Not many Americans read books... there are people who go to sleep when they try to think.

Council Slates Annual Meeting

The annual meeting of the Plymouth Girl Scout council will be held at 8 p.m. Tuesday, January 15, at the Veterans Memorial center.

All registered Girl Scout adults, which includes board members, leaders, assistant leaders and committee members, have been asked to be present since a change in the constitution is to be voted on and it is necessary to have a quorum.

Two Vacancies Filled

Appointments to two township vacancies were made by the board at its meeting last week.

George DeGroat, 13925 Beck road, was appointed to an unexpired term on the planning commission. The seat was vacated by Harold Belch who resigned.

Filling a vacancy on the board of review was Walter K. Sumner, 15070 Bradner road. That post had been vacated by Earl D. Kenyon. The term expires in the spring of 1959.

Robinson Subdivision

Joins Women's Army Corps

Miss Ina Olson has enlisted in the W.A.C. going to Detroit last Friday where she met other enlistees, and leaving the next day for nine weeks of basic training in Alabama. Ina lived with her parents, the Conrad Olsons, at 11846 Brownell street.

Mr. and Mrs. Charles Spaulding had Mr. and Mrs. James Richardson, Bob Lewis of Milford, Miss Dolly Deleore of Detroit, Ben Pringle and son Bob of Livonia as New Year's eve guests at their home on Gilbert street.

Ivan Laycock of Flint spent New Years with the Floyd Laycocks on Butternut Street.

Mr. and Mrs. Donald Kirby and son Ricky of Mill Street spent Saturday afternoon and evening with the Gene Kirbys of Butternut Street.

Mrs. Ruth Evans and children of Tustin, Michigan and Mr. and Mrs. Charles Vanderhoef of Maben road visited at the Laycock home Sunday evening.

It would be appreciated very much if any one having news items would please call me at 1060-R

Mrs. Virginia Gibson of Butternut Street was very surprised when the family arrived for a

birthday party in her honor Sunday afternoon. Those attending were Mr. and Mrs. Melbourn Gibson and family of Dearborn, Mr. and Mrs. Robert Gibson and family of Fraser, the Milton Gibsons from Morgah Street, Mrs. Gibson's mother, Mrs. Devey, and daughter, Barbara, of Detroit. Virginia received many lovely gifts.

On December 23 Mr. and Mrs. Conrad Olson, their daughter Ina, Mr. and Mrs. Don Nickerson, Patty, Connie and Shirley enjoyed Christmas dinner at the home of the Charles Olsons on Byron Street. Donnie Nickerson was unable to join in the festivities due

to complications following a tonsil operation the week before Christmas. Mr. and Mrs. Wallbridge and sons and Mr. and Mrs. Willard Olson and youngsters from Homer, Michigan, spent the day with the group.

Mrs. Kenneth Harrison of Penniman avenue will be hostess this (Thursday) evening to members of her contract bridge group with the following attending: Mrs. John Paul Morrow of Royal Oak, Mrs. Lisle Alexander, Mrs. John Bloxson, Mrs. Charles Garrett, Mrs. Carl January, Mrs. Sanford Shattuck, Mrs. Harvey Springler, Mrs. Relp West and Miss Regina Polley of this city.

Vivians to Observe Past Presidents Day
 Plymouth Vivians will mark their first "Past Presidents Day" at a meeting scheduled for 8 this evening, January 10, at the Elks lodge on Ann Arbor road. The event it is hoped will become an annual affair.

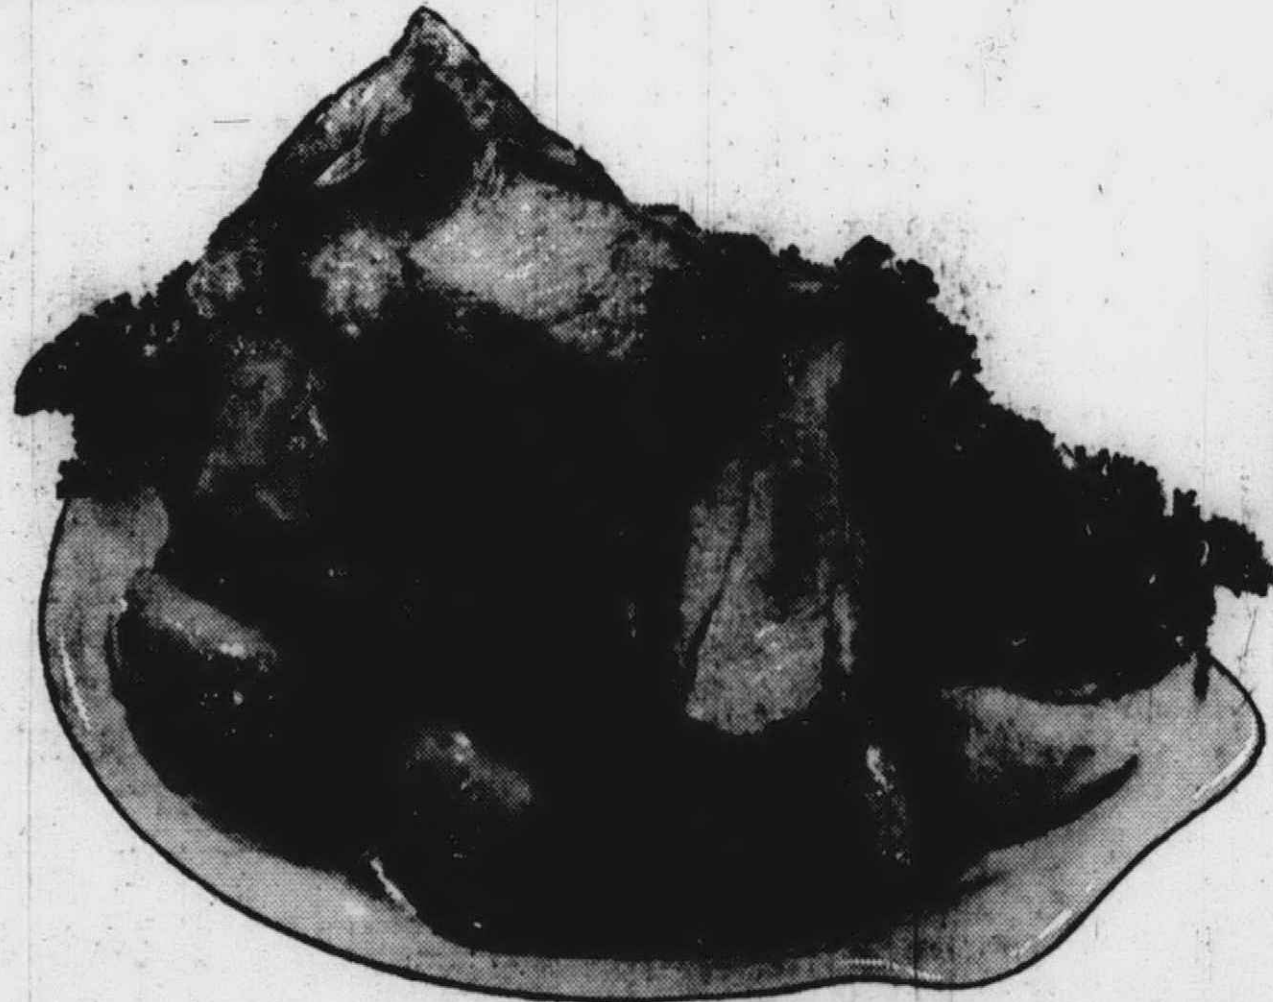

To be honored at the gathering will be Marion Creith, Mildred Musselman, Merle Atchinson and Margaret Walsh. Mrs. Belle Farley Murray will be guest speaker. Vivians is the auxiliary organization to Plymouth Elks lodge No. 1780.

Jensen Home, Setting For PEO Get-Together
 A gathering of the PEO Sisterhood was held Friday evening, January 4, at the home of Mrs. Henry Jensen on Penniman avenue with Miss Helen Moore serving as co-hostess.

Following the serving of dessert and a brief business meeting, a book review was given by Mrs. Harold Fischer before the 14 members in attendance.

PEO's January 18 meeting will be held at 7:30 p.m. at the home of Mrs. Eric Anderson on Bell Creek Lane, Livonia.

3-In Memoriam

In loving memory of our dear Son Bob Waack, whom God called home 3 years ago today. He is gone but not forgotten, as it dawn's another year. In our lonely hour's of thinking, thoughts of him are always near. Days of sadness will come over us. Many think the wound is healed, but they little know the sorrow that lies in heart concealed.

Missed so much, by Mom, Dad, Sisters, Brothers.

4-Card of Thanks

I wish to thank all my friends, for their remembrances at Christmas time.

Mrs. R. G. Henry

The families of Geo. E. Howell and Maud Loveland wish to thank their friends and neighbors for their kind expressions of sympathy during their recent bereavement.

We wish to express our appreciation to our relatives and friends for the lovely flowers sent at the time of the passing of our little son and grandson, Robert Eugene White, also we especially thank Reverend David Reider, Mrs. O'Connor and Mr. Schrader and staff for their many acts of kindness.

Mr. and Mrs. Albert White

Visits Here, Away Mark Subdivision's Social Doin's

Richard Holladay and children of Brookline spent New Year's Day visiting Mr. and Mrs. Raymond Croft in Detroit where they also saw his niece, Miss Virginia Croft, who is home on furlough from Germany. She will be stationed in Virginia until she gets her discharge in March.

Mr. and Mrs. John Harper of Dearborn are the proud parents of a fine baby girl born December 28. The little miss weighed 5 pounds six ounces and has been named Annette Louise. Mrs. Harper is the former Ruth Ellen Kreimes. This is the second granddaughter of Mr. and Mrs. Harvey Kreimes of Northern.

Mr. and Mrs. Harold Carson and children of Gilbert spent Sunday, December 30, with her parents Mr. and Mrs. John Johnson on Oakview.

Mr. and Mrs. Harold Fredrick and family of Marlowe called at the home of his sister and family, the Harold Fultons on Division street the evening of New Year's.

Guests at the home of Mr. and Mrs. Charles Austin of Brookline for New Year's Day were their son and family, Mr. and Mrs. Charles Austin Jr. and baby boy from Northville, Mr. and Mrs. Phillip Payne and family, Mr. and Mrs. Clyde Patterson and daughter and Mrs. Lucy Frizzell of Royal Oak.

Mr. and Mrs. Karl Beard and family of Brookline and Mr. and Mrs. William Crampton and family of Jackson were guests at the home of Mr. and Mrs. Jim Woods of Elmhurst for New Year's dinner.

Mr. and Mrs. Norman Briggs and family of Marlowe spent New Year's eve at the home of Mr. and Mrs. Ernest Wilson on Garling drive in Plymouth.

Mr. and Mrs. Al Jeffrey and daughters Sharon and Susan of East Detroit and Mr. and Mrs. Robert Kujat and children Michele and Keith of Roseville spent Sunday, December 30, with their parents, Mr. and Mrs. David Francis of Brookline.

Mr. and Mrs. Harvey Kreimes and boys of Northern spent New Year's day at the home of their daughter, Mrs. John Harper, and family in Dearborn and met their new granddaughter, little Annette Louise, who was only four days old.

Mr. and Mrs. David Francis of Brookline were pleasantly surprised last Sunday when Mr. and Mrs. Walford Royce and daughter Cheryl from Pennsylvania and Mr. and Mrs. Fred Brinkman of Detroit arrived at their home to spend the day.

Mr. and Mrs. James Gearns of Marlowe were guests at a house party in the home of Mr. and Mrs. Charles Mysza of Lincoln Park Saturday evening, December 29.

Mr. and Mrs. Chester Macer and children of Marlowe returned home last Wednesday after spending Christmas with his mother and other relatives in Allendale, Illinois.

Mr. and Mrs. Douglas Hoeft and children of Saline were guests in the home of Mr. and Mrs. Leslie Hoeft of Brookline Saturday evening, December 29.

Mr. and Mrs. James Gearns and family, Mr. and Mrs. William Schwartz and family, Mr. and Mrs. Jerry Mandler and Henry Tombo of Green Meadows and Pat Thomas and Jenny Stewart of Livonia were guests at a New Year's party given at the home of Mr. and Mrs. William Strautz on Marlowe.

Mr. and Mrs. Henry Johnson and children of Elmhurst spent New Year's day with his parents, Mr. and Mrs. Henry Johnson in Plymouth.

Mr. and Mrs. Edwin Humphries of Elmhurst spent Sunday afternoon, January 6, visiting friends in Flint.

Mr. and Mrs. Richard Holladay of Brookline had as guests in their home last Sunday Mr. and Mrs. Alvie Walton and Mr. and Mrs. Glen Walton from Highland

Park, their sister-in-law, Mrs. Irma McClain, and Mr. and Mrs. James McClain and children from Tecumseh, and Mr. and Mrs. Jim Smith and children.

Mr. and Mrs. Robert Hoeft and family of Belleville visited at the home of his brother, Leslie Hoeft, and family of Brookline last Thursday evening.

Weekend guests at the home of Mr. and Mrs. Gilbert Wasalaski on Brookline were his parents, Mr. and Mrs. Jack Wasalaski, and daughter Mary Jo, her friend Ron Riss and his sister and brother-in-law, Mr. and Mrs. Gary Bretter from Midland.

Mr. and Mrs. Louis Kolin and children of North Territorial spent New Year's eve with his sister, Mrs. William Saxton, and family of Brookline.

Mrs. Raymond Gardner of Elmhurst, who is chairman of the "Mothers March on Polo" for Green Meadows, had their first coffee session Thursday morning at the home of Mrs. Harry Bartel on Dunn court in Plymouth.

Mr. and Mrs. Ernest Evans of Oakview spent last week at the home of Mr. and Mrs. Bud Reifers on Orchard drive in Northville, as they were called to South Dakota where his father is in serious condition.

Driving carefully may not get you anywhere as fast as possible, but it will probably get you there safely.

Tax Filers Being Aided by Punch Card Processing

As a result of surveys and studies conducted by the Internal Revenue Service, several million taxpayers who last year filed their returns on Form 1040 are this year receiving in the mail the simplified punch-card Form 1040A, which makes possible easier preparation of a return and can be more readily processed by the Service.

The card form enables the taxpayer to provide all pertinent information on his income and exemption status, if his income was less than \$5,000 during 1956, consisting of salary or wages from which tax was withheld, and he had no more than \$100 total of other wages, dividends and interest, and if his deductible expenses were less than the standard 10 per cent calculated as part of the tax table for incomes up to that figure.

For those taxpayers with less than \$5,000 income but with allowable deductions exceeding 10 per cent, the regular Form 1040 should be used to obtain a refund or reduce the balance of tax due.

Persons who qualify to use the card form but who did not receive it may obtain a copy from the office of the District Director. An instruction sheet accompanies the card form. It contains a reproduction of the card, to serve as a sample to fill out before preparing the form itself and to be retained by the taxpayer for his records.

A new feature of the card form this year is the addition of lines making it possible for the taxpayer to compute his own tax from the table provided on the instruction sheet. District Director A. M. Menninger urged taxpayers of the Detroit District to make this calculation, rather than have the revenue service do it, so that they may know at once whether they owe additional tax, are due a refund, or have exactly fulfilled their tax obligation by withholding tax payments.

Last year approximately 15 million taxpayers who could have used the card form actually used the longer Form 1040 in order to calculate their additional tax or refund before filing their returns. Provision of the Form 1040A with this new feature will enable them to accomplish the same purpose with the simplified card form.

ORDINANCE NO. 214

AN ORDINANCE TO PROVIDE AN ADDITIONAL METHOD OF PAYING FOR WATER MAIN IMPROVEMENTS.

THE CITY OF PLYMOUTH ORDAINS:

Section 1. The city manager is hereby authorized, in his discretion, to charge for and collect through cash payments the cost of water mains heretofore or hereafter laid or installed for the benefit of property to be served thereby in all cases where property or the owners thereof have not been assessed therefor, such cash payments to be made upon application for water connections.

Section 2. The charge for the cost or installation of water mains is hereby presently fixed at the rate of three (\$3.00) dollars per front foot of the property benefited, and said charge shall be in addition to all water rates and connection charges and deposits required by the water Ordinance, No. 141, as amended, and any other applicable ordinance levying charges based upon water use.

Section 3. The aforesaid procedure, for the cash payment for water main improvements or benefits, is for the purpose of effecting savings for the city and the benefitted property owners; provided, however, that this ordinance shall not prevent assessment and collection of special assessments for such water main improvements under the provisions of the city charter or other applicable law, whenever such action is deemed preferable.

Section 4. This ordinance shall become operative and effective on the 28th day of January, 1957.

Made, passed and adopted by the City Commission of the City of Plymouth, Michigan this 7th day of January A.D., 1957.

The MAIL Attitude

BY PAUL CHANDLER

Two main street signs puzzle us. One is the S.S. Kresge sign. At night, "Kresge" is lighted in rich, red neon but the "S.S." is dark. Why?

The other sign is one on Jack's Burgers that indicates it has "Wafels" for sale.

Inquiry discloses that the absence of "S.S." on Kresge's has nothing to do with company policy. The wires are all there, but something's broken, that's all. This is snowball season and until it ends, the manager thinks it's futile to repair. When Spring comes, "S.S." will glow again.

As for "Wafel", I haven't checked. My guess is that it was a sign painter who didn't spell so well, but that could be unfair. Our Oxford English dictionary says that the origin of our waffle is the Dutch word "wafel" and maybe that's what Jack intends—a quaint, old-country touch to his exterior.

Remember Leonard Wood, who once bolted the Republicans, then turned up with the GOP again last summer to run against Sterling Eaton in the primary for state representative, protesting he always had been a Republican? He's running for the office of Supervisor in Redford Township now... as a Democrat.

SAFE AND SANE. For the first time in many years, our family planned a New Year's Eve where we could be quietly at home. Usually we have been out at some friend's house far away, ducking the car through the open field of erratic traffic both ways of the trip, and generally returning home with a great feeling of gratitude to have encountered no mishap.

Not this time. We saw the New Year arrive on TV, had a sandwich and glass of milk, and turned in about 1:15.

At 3:30 the phone rang. I was sound asleep and the ring in the middle of the night was startling. Thinking, "what's wrong? where!", I dashed for the next room through the darkness.

On the second bound, the bare underarch of a large foot landed on a small bone left there by our faithful dog Daisy Crockett. It was razor sharp. The wound is not too-deep, but long and sore—the first and only hurt I ever encountered on a New Year's Eve.

The phone call was from a fine friend, wishing Happy New Year.

Where do old locomotives go when they die? West, apparently.

An exceptionally long C.&O. train stopped my car at the Starkweather crossing a few days ago. It was composed mostly of empty freight cars, but spaced through the line were five different locomotives, the coal-burning types which now are obsolete, I guess. Their cabs were empty and their boilers cold. Paint was smeared over their serial numbers. Two of the engines were the big 12-wheel dreadnaughts, long and powerful and a wonderful sight in their day.

This day they had a ghostly look—the same thing, I'm sure, that brings tears to the eyes of ship captains when they watch their old ladies being towed to dry-dock for wrecking or to open water for burning.

We didn't see any locomotive engineers around to mourn. At the front and rear of the train line, the power was coming from a couple of small, glossy, enameled diesel engines.

Nobody told us this, but we know that those proud old engines were being hauled somewhere to the silence, west of Plymouth where lies the graveyard of old locomotives; and if you ever find it, the smart-aleck diesels will be switching around, perky and cocky and with no respect for the departed.

Since reading about my misfortunes in picking up a parking ticket in the controversial zone on South Main, The Mail's Elizabeth Hartwick checked in to report that she believes timely tickets are a tradition at this newspaper. Liz herself, she related, was handed the very first parking meter ticket ever written in Plymouth. The installation of meters was only partially completed on a certain block and she thought there would be no enforcement until the job was done, at least. She was wrong.

Bob Maurer of Michigan Bell checked in this week to report that a paragraph in last week's Mail was in error. He had reported that the company had moved its time-table ahead and hoped to have dial phone service in Plymouth sometime in 1957. This is not so, he states. The target date remains 1958.

The man came in, took a seat at the bar stool, and began smoking. He kept it up and the bartender was sure the smoke was marijuana or some drug.

At that point, a woman entered the room. "Darling, at last I've found you! Where have you been? You haven't been home in six months!"

"Go on back," the man growled, "I thought I told you to wait in the car!"

Favorite Recipes From Plymouth's Kitchens

Frozen Cheese Salad Offers Summer Treat

Looking ahead to the summer months when cold dishes are more appropriate, Mrs. Robert Stewart, 1368 Elm, this week suggested one of her favorite recipes to appease your family's taste for salads.

Mrs. Stewart's favorite is a Frozen Cheese Salad, which she says is quite rich, but which is also one of her stand-bys for parties and luncheons. Primarily a hot-weather treat, her suggestion should also find much appreciation even during the winter-time.

The recipe, which follows, is one which Mrs. Stewart has had for 20 years. She got it from her mother, who lives in Port Huron.

Frozen Cheese Salad

- 1 cup diced pineapple
- 1 square Philadelphia cream cheese
- 1 cup boiled salad dressing
- ¼ cup almonds
- ¼ cup celery
- 1 cup whipped cream
- ½ teaspoon salt

Blend a little cream with cheese. Add whipped cream to salad dressing. Add cheese mixture. Add nuts, celery, pineapple and salt. Makes one refrigerator tray-ful. To serve cut in squares. Mrs. Stewart said that mayonnaise may be used in place of the boiled dressing. But she added that she has a special recipe for preparing the boiled dressing which she prefers to use.

Boiled Salad Dressing

- 3 tablespoons sugar
- 1 level tablespoon flour

Mrs. Robert Stewart mixes up a recipe for Frozen Cheese Salad under the watchful eye of her son Dick, 5.

- ½ teaspoon salt
- ½ teaspoon mustard
- 1 egg, slightly beaten
- ½ cup milk
- 1 teaspoon butter
- ½ cup diluted vinegar

Mix dry ingredients. Beat egg. Add milk and dry ingredients. Add vinegar and butter. Place in double boiler and cook until somewhat thick. Stir frequently. Mrs. Stewart reports that her husband likes the salad very much. But her two boys, Bob, 12, and Dick, 5, think it's too rich.

Plan Jan. 26 Wedding For Marilyn Cash

Marilyn Elaine Cash

The engagement of their daughter, Marilyn Elaine, has been announced by Mr. and Mrs. J. Ivan Cash, 9607 Six Mile road, Salem. She will become the bride on January 26 of David G. Lawless, 11741 Centralia, Detroit.

The future bridegroom is the son of Mr. and Mrs. G. Fred Lawless, First Methodist church of Plymouth will be the scene of the wedding.

Madonna Offering Late Afternoon, Evening Courses

Sister M. Remigia, registrar at Madonna college, located at 88800 Schoolcraft road in Livonia, announced that the college will offer late afternoon and evening courses starting January 31.

The late afternoon classes scheduled for 4 p.m. are: international relations 101, Monday, Wednesday; differential calculus 61, Monday through Thursday; integral calculus 62, Monday through Thursday; art for reproduction, Monday, Thursday; and romantic period 163, Tuesday, Thursday. Evening classes starting at 6:30 are: painting 135, 136, Monday; advanced ceramics 132, Tuesday; contemporary social movements 146, Wednesday; introduction to the field of social work 172, Monday; improvement of reading (methods course) 172, Monday, Wednesday; educational measurements (methods course) 124, Tuesday, Thursday; history of music 104, Tuesday, Wednesday.

Registration for the courses will take place at the college on January 16 and 17 between 6:30 and 8:30. The location of Madonna College offers excellent advantages for interested students in the Livonia, Plymouth, Northville, Farmington, West Detroit, Garden City, Dearborn, and Wayne areas.

Most of the courses listed above are courses for which college credit is offered. However, any woman desiring to take one of these courses for non-credit should contact the Registrar at the college, Garfield 1-5290.

In an effort to serve the community in which it is located Madonna College, a liberal arts college for women, would be interested in hearing from the women in the area regarding any particular course that they would like to have offered. Providing the facilities are available and a qualified instructor is on the staff, the college will attempt to offer any course for which ten or more ladies indicate an interest. Women interested in a particular course are asked to contact the Registrar.

American Legion News

The 17th District meeting will be held at Redford-Detroit Post No. 358, Grand River and Burt roads, Friday, January 11, at 8:30 p.m.

On Monday January 14, at 8 p.m. at the V.F.W. hall on Lilley road a card party sponsored by both Auxiliaries of the Veterans of Foreign Wars and the American Legion will be held. All proceeds will go to the polio fund, March of Dimes. Call Melva Gardner for tickets, 1989-R.

The juniors will meet Wednesday, January 17, at 3:30 p.m. in the Sunroom of the Veterans Community center.

The Third Zone Child Welfare conference for Post and Unit Child Welfare chairmen and others interested in the program has been scheduled for Sunday, January 20, at 2 p.m. in the Legion Home, Owosso, Michigan. A roast beef dinner will be served by the Auxiliary at 12:30 noon at the nominal cost of \$1.50 per plate for those wishing to attend. Reservations must be made with Mrs. Florence Goeckel, 1012 South Shiwassee, Owosso, prior to January 14.

There will be outstanding speakers from outside the organization to discuss services to families and children as well as those from the Legion and Auxiliary who will have a special message for you. The meeting will be conducted by Gail Smith of Flint, a member of the Department Child Welfare committee. Much credit is due Oscar Hammond of Northville, Third Zone commander, and Mrs. Marie Kiddle, Third Zone president, for completing arrangements for the meeting. This meeting is very important. Let's have a good turnout from our own Unit and Post. Call Harry Burleson for more information.

The Juniors will appreciate receiving as many Christmas cards and other occasional cards as this is one of their projects for this year. The cards will be sent to Lapeer for mentally retarded children. Please contact Gwen Holcombe, 1859-M for more information or pickup.

Get your table lined up for our monthly card party, Saturday January 26, at the Veterans Community center.

The Auxiliary's first business meeting of the year is tonight! Let's have a good turnout.

Veterans Foreign Wars

The next meeting of the W.C.C. Auxiliary will be held Monday, January 21, at 8 p.m. at the Veterans building, 151 West Jefferson, Detroit.

Mildred Dely and Helen Bowring of the Hospital committee visited Maybury sanitarium December 18. They made a complete tour of the hospital and gave gifts to the Veterans. The committee visited the Veterans hospital at Ann Arbor December 19. They entertained the men with games, gave them gift certificates and cigarettes, and then served Christmas cookies and coffee to them.

The 'coffee-clatch-for-polio' program is underway among the Auxiliary members and their friends. This would appear to be an excellent idea to help raise more money for polio. If you are interested in this project and have not been contacted, why not call Virginia Bartel or Gerry Olson for further information.

There will be a joint card bingo party sponsored by the V.F.W. and American Legion auxiliaries on Monday, January 14, p.m. at the Post hall. A very interesting film on polio will be shown. The proceeds of this party will go to the March of Dimes. Let's get our tickets and have a good turnout of our Auxiliary members.

The annual Daisy Employees Federal Credit Union dinner will again be held at the Hall on January 17th. Barbara Nash is chairman of the dinner which will be served by the Auxiliary.

On January 19 there will be a dinner for Post Commanders and Auxiliary Presidents of the 4th district at the Wolverine post in Redford. Plans are being completed for the essay program which will be starting in the near future.

The Post is going to have a dance the latter part of January. Those attending the New Years Eve party had a very good time and are looking forward to the next party.

The next regular meeting of the Auxiliary will be January 15.

Q. What is the name of this cut of meat?
A. Pork Arm Steak
Q. Where does it come from and how is it identified?
A. It is cut from the picnic shoulder. The picnic shoulder includes the arm and shank section of the shoulder. The pork arm steak contains a small round (arm) bone, is oval at one end, and is squared off at the other.
Q. How is it prepared?
A. It is cooked slowly by braising, a moist method of meat cookery or by pan-frying, a dry method of meat cookery. Steaks cut 3/4 inch thick require about 45 minutes for cooking. To braise, brown the meat on all sides in its own or a small amount of lard or drippings. Season with salt and pepper, add a small amount of liquid, if necessary. Cover tightly. Cook at a low temperature until done.
To pan-fry, brown the meat on both sides in its own or a small amount of lard or drippings. Season with salt and pepper; do not cover. Cook at a moderate temperature until done, turning occasionally. Remove the meat cut from the pan and serve at once.

Quality Cakes
 Thrifty is the homemaker who uses lard as the shortening in making light, tender, delicious cakes, for lard has the greatest shortening value of any fat on the market. It's economical, too. When substituting lard for butter in a recipe, subtract 2 tablespoons of lard for each cup of butter used.

Pointers on Braising
 Pot-roasts, Swiss steaks, "birds," chops and other cuts cooked by braising should be browned slowly in order to retain the attractive brown color during cooking.

New Way To Launder White Nylon

White nylon lingerie and blouses are "basic" in almost every homemaker's wardrobe today—but it has been only recently that scientists have found a way to keep white nylon garments from getting a gray or yellow cast after repeated launderings. Research by Dr. Elaine Weaver, of Ohio State University, has developed this three-step method for restoring the sparkling whiteness of lingerie and blouses:
 First, wash the garment thoroughly in hot water and a controlled suds detergent. Dr. Weaver's tests showed that even the most fragile nylon garments could be automatically laundered with this method.
 Next, add two tablespoons of a liquid chlorine bleach and two tablespoons of the controlled suds detergent to a gallon of water. Immerse the garment and soak for 30 minutes.
 Last, rinse the garment thoroughly in warm water until the odor of the bleach is removed.
 This three-step method will eliminate any dullness which has resulted from inadequate washing, lukewarm water or poor rinsing. If discoloration remains from dye transference (white nylon garments should always be washed separately from colored items), one additional step will remove the remaining color. Dissolve one package of commercial color remover in one gallon of hot water (160 degrees) in an enamel container. Stir the garment gently for 30 to 60 minutes at the maintained 160-degree temperature. Rinse thoroughly in hot water until no odor of the color remover remains.
 Thanks to Dr. Weaver's practical-minded research, white nylon garments may now retain their original white freshness.

Try Saving Your Energy by Sitting Down to Iron

Your ironing chores will be much less tedious if you set up an ironing center.
 To do this home management specialist at Michigan State University suggests you surround yourself with your equipment for an easy flow of work.
 Place all the things you need where you can reach them from a seated position. If you have never sat to iron before, get an adjustable ironing board so that you can give sit-down ironing a fair chance. It may take a while for you to get used to sitting while ironing, but after you become acquainted with this method, you'll not want to stand to iron.
 The specialists suggest you arrange your chair at the ironing board with your laundry basket of clothes to be ironed to your right. Set a table just behind you for placing folded and ironed clothes, and a clothes rack to your left to hang dresses, blouses and shirts.

Another suggestion from the M.S.U. specialists is to use both hands when ironing. Interchange the iron from one hand to the other depending on the direction in which the iron is moving. Arrange, smooth and fold the clothes with your other hand.
 Avoid lifting the iron to an iron stand. Rest it at the point where last used and don't return it to the right end of the board each time. Use long rhythmic strokes; let the heat and moisture do the work. No pressure is needed.

Lamb Accompaniment
 As an unusual accompaniment for a leg of lamb roast, use mint meringue peaches. To prepare, beat 2 egg whites until stiff. Add 1/2 cup mint jelly and continue beating until well mixed. Place a large spoonful of the mint meringue in each of 8 or 10 peach halves and place in the oven or under the broiler just long enough for the meringue to become lightly browned. Serve hot.

Chipped Beef Suggestion
 Chipped beef is usually combined with a creamy white sauce and served over toast points for a light luncheon. Try a change and serve this creamed beef mixture over waffles for a wake-up treat. Garnish the plate with a spiced peach or crabapple.

Health and Beauty

You no longer need to fret about moles or birthmarks. If they are unsightly, have them removed. Often this is not possible. However, it is possible to hide them with one of the new make-ups on the market designed especially for this problem.

Included among birthmarks are a variety of moles, the most common being fleshy, brown moles with or without hairs. These can be removed by electrolysis only if they are benign. If a mole is active, your dermatologist will excise it. It is also recommended that moles at points of friction be removed, as constant irritation can cause them to become cancerous.

Most birthmarks, unless very large, are neither dangerous to health nor hard to treat. Until you can get a doctor and have them removed, cover them with blemish-covering cream to match your skin.
 One type of birthmark can be dangerous and that is the flat

Good Driller Needed for Good Well

How big a well will I need, where should it be located, how much will cost, what pumping equipment will be required? These are questions that come up whenever a city dweller decides to buy a lot and build a new home in the country beyond the water mains, or the farm family decides to have a running water system installed for the first time.

It all boils down to this—when you need a well, consult an expert in the development of underground water supply—a qualified well drilling contractor. Such is the advice of the Plumbing and Heating Industries Bureau.

How can you differentiate between the qualified well drilling contractor and his irresponsible, fly-by-night competitor? You can—and certainly should—check such things as the driller's reputation locally. If he has been in business many years, he should have a number of satisfied customers willing to

vouch for the quality of his work and reliability.

The condition of his equipment and the appearance of his place of business will furnish additional clues to his professional competence and standing.

Another thing—it is a good idea to find out whether he is active in associations dedicated to raising industry standards and improving service to the public.

More than 1,500 of the nation's most progressive well drilling contractors are members of the National Water Well Association and its various state association affiliates.

A responsible well drilling contractor willingly enters into a written contract with the homeowner, covering work to be done and itemizing the cost. In fact, he prefers to operate on this business like basis, because of the protection afforded to both parties.

Besides developing the water source, many well drilling contractors also sell and install the necessary pumping equipment, pipes, valves, and fittings, providing a complete and packaged water supply service.

This centering of responsibility for the entire installation in a single supplier is of distinct ad-

vantage to the homeowner later service is required at some other date.

Members of the National Water Well Association recognize that a good well, properly constructed, is the first step in achieving a safe and sanitary water supply system in rural areas. They have the technical training and know-how to make the most efficient use of existing ground water supplies.

History Sets Door Style For Ranch-Type Homes

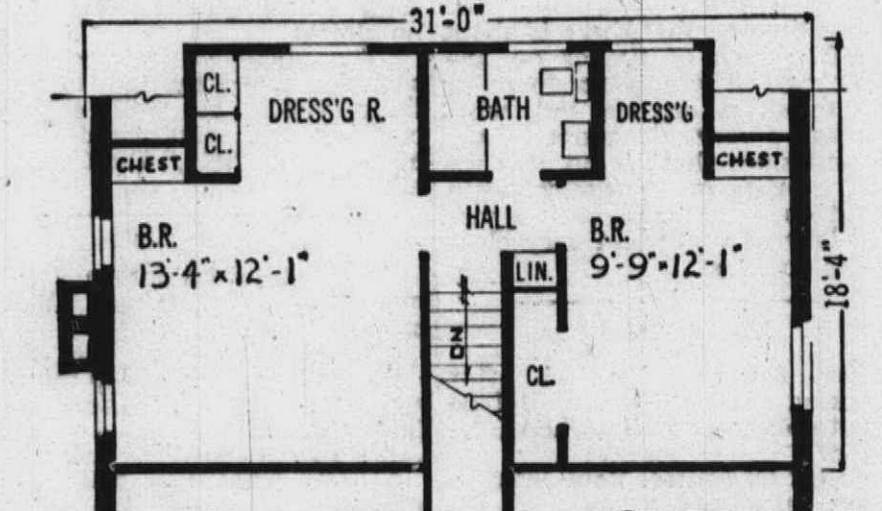

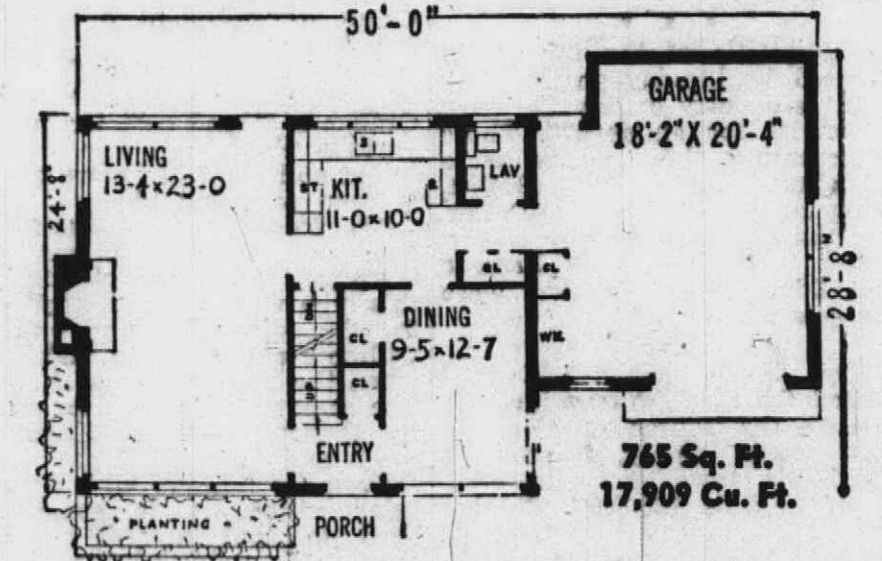

Wood panel doors were first used on the American continent by Spanish dons and Mexican landholders who brought them from Europe. This style was later adopted for ranch homes of the old west.

Because of this historical precedent, panel doors of modern design are correct for modern ranch homes. Many types of these panel doors fit well into the colorful decor of ranch-type homes. A popular style is the "rancho," which has three panels of equal size in a symmetrical arrangement, designed especially to harmonize with modern, ranch-style furnishings.

HOME OWNERS QUESTION BOX

Q—Is it true that painting the inside walls of a house with a rubber base paint will help keep paint from peeling on the exterior siding? If so, why?

A—Many authorities on condensation agree that a rubber base paint or one with a high varnish content will act as an effective vapor barrier. In this respect, it prevents moisture inside the house from condensing in exterior surfaces. It is this type of condensation which usually causes paint peeling.

Q—The home we're building will have an exposed-beam ceiling following the slight pitch of the roof. Since the underside of the roof deck will be the ceiling, how can we make the roof absolutely free from leaks?

A—The most popular roofing used in today's home construction, asphalt shingles, can be safely applied to roofs with a pitch as low as two inches per horizontal foot. This is made possible by a recently developed "low-slope" method of applying three-tab, square-but strip shingles. Asphalt shingles come in many solid colors and color blends. Even an almost-flat roof is plainly visible from the ground, so that attractive roofing material enhances the overall appearance of the house.

Q—I'm installing plastic tile in a powder room. How can I cut the tile to fit around obstructions?

A—Plastic tile can be cut with a coping saw.

Candle Test Reveals Window Leak

A lighted candle and a breezy day are all that's necessary for a quick check of your home's windows to learn if they are tight against the winter's cold.

A flickering candle flame will mean the loss of heat—and dollars—throughout the cold season. There are several solutions to the problem, in the order of their heat-saving effectiveness. They are:

1. Replacement of old windows with stock-size units insulating glass. These "tailor made" windows comprise two lights of high-precision plate glass with a sealed dry-air space between. They provide perfect visibility plus insulation equal to a brick wall eight inches thick.
2. Replacement of multi-pane windows with single lights of "twin ground" plate glass. Here, too, visibility will be much improved and heat loss will be reduced by minimizing the number of frames and the amount of putty seal required.
3. Replacement of cracked and broken putty around the original panes. The old putty should be completely removed, new putty applied, and a sealing paint applied to the putty after drying.
4. Emergency repairs with one or another of the soft, rubber-like putty materials now available. These materials will serve to block the entrance of cold air until a professional-type putty can be applied.

In making the "candle test" for heat leakage, take particular care when working near inflammable curtains or draperies.

Gravity Keeps Water Hot

When the legendary apple plunked down onto the head of Isaac Newton, the discoverer of gravity couldn't have realized the role this force someday would play in keeping homes supplied with a ready flow of hot water.

Water-heating engineers at the Coleman Company, Wichita, Kans., give this explanation of how gravity works in your hot water heater:

Cold water enters from the top of the tank, and is pulled down a long pipe by gravity so that it flows into the tank close to the heating element at the bottom.

As the water is heated, it becomes slightly lighter in weight and rises to the top where it is drawn off through another pipe as you need it. This pipe branches out to hot-water faucets in bathroom, kitchen and laundry.

The tank itself consists of an outer metal jacket surrounding a layer of insulation. Inside the insulation is a lining of galvanized metal, vitreous enamel, or copper. The resistance of the lining to rust and corrosion plays a big part in how long a water heater lasts.

Engineers of the Coleman Company, Wichita, Kans., say that in areas where water is even mildly corrosive a combination of rock and vitreous enamel is highly recommended. Even the finest galvanized linings rust away in these areas.

Cross-section view of a modern automatic water heater.

Vit-rock, a rock-like substance, is proving to be one of the most satisfactory linings. It is impervious to corrosive water.

The rock is applied in a semi-liquid state by centrifugal force. It is poured into the tank, which is then spun at 3,000 revolutions per minute. This plasters the rock evenly over the entire inner surface, providing a waterproof and rustproof lining. The flue and heat exchanger are coated with a glassy film of vitreous enamel.

Industrial Color Signals

Moving objects in industrial areas are always a menace to safety. To minimize this menace, motorized trucks of all types and other moving equipment should demand attention for the sake of safety. Colors that "signal" safety hazards are recognized and used as a means of improving safety.

Floor level moving objects are identified with brilliant Orange for instant recognition. Overhead objects such as cranes, lifts, etc. stand out as possible hazards when painted in high visibility Yellow. "Strike against" hazards are quickly identified with alternating bands of Yellow and Black because of color contrast.

Prime or First Coat Important

Porous surfaces require priming—that is, a first coat—to seal the pores and prevent the uneven absorption of final coats of paint.

Snob

An intelligent snob is a man who can't speak to a pretty girl on a train because he doesn't like the book she's reading.

Worth Knowing

The cure for headaches, it says here, is not to worry. This we must file with the W. C. Fields standard prescription for insomnias: Get a lot of sleep.

Walls Without Studs

Farm buildings and other structures built without inside wall studs can be insulated with mineral wool blankets.

A popular method is to attach the blankets to the wall with furring strips. Nails and washers, nailing clips, or one of the common types of metal clips which stick to the walls with adhesive also can be used.

When the mineral wool is in place, insulation engineers advise covering it with a vapor barrier of waterproof paper. Lower sections of the walls can be protected by a wainscoting of wood or metal.

THE GOOD OLD DAYS... FROM THE PAGES OF THE MAIL

5 Years Ago

JANUARY 10, 1952
Sunday burials in Riverside cemetery will be prohibited in the future. The City Commission passed a resolution to this effect at its regular meeting Monday, January 7.

City Commission voted unanimously at its regular meeting to allow the money in the police equipment fund to be spent on a new pair of trousers for each policeman on the force.

Michael Burton Fish made his entrance into this world at 6:21 p.m. on January 1, 1952 to win the first 1952 baby contest sponsored by seven local merchants and The Plymouth Mail. A close runner-up was a baby girl born to Mrs. Ray Lawson at 6:08 on January 2.

Jack H. Wilcox, 676 Penniman avenue, Plymouth won an automatic washer and a year's supply of soap in the Arthur Godfrey jingle contest.

Mr. and Mrs. Luke McGeorge of Plymouth and Mr. and Mrs. E. M. Gibbs of Dixboro were Saturday evening guests of Mr. and Mrs. A. K. Brocklehurst of Wing street.

Knudt Jorgensen entertained at a family dinner for Christmas on Sunday.

Miss Louise West spent a few days last week with Mr. and Mrs. Earl West of Plymouth.

Proud parents this week: Mr. and Mrs. Nile Gladstone, Mr. and Mrs. Rex Parrish, Mr. and Mrs. Walter Stobbe, Mr. and Mrs. Clarence Schmidt, Mr. and Mrs. Irving Geer, Mr. and Mrs. John Elliott and Dr. and Mrs. John H. Jordan.

Miss Florence Gablemen was a visitor in Plymouth on Monday of this week.

Mr. and Mrs. John Chaney of Pacific avenue were the guests Christmas night of Mr. and Mrs. Martin Jones of Arthur street.

10 Years Ago

JANUARY 10, 1947
Dunbar Davis, a member of the Plymouth City Commission and attorney-at-law suffered extremely painful and multiple head and facial injuries last Saturday night while skiing on Northville Hill.

Mr. and Mrs. William Martin have sold their home on North Harvey street and have purchased the A. Kidston home on Newburg road.

The Happy Six Sewing club met last Saturday at the home of Mrs. Fred Pinnow on Northville road. The following were present: Mesdames Mary Starkweather, Margaret Orndorf, Althena Potter, Lillie Laible and Matilda Reafsnider.

Mr. and Mrs. Henry Baker entertained their bridge club at dinner and bridge last Saturday evening at their home on Sheridan avenue. Their guests were Mr. and Mrs. Austin Whipple, Mr. and Mrs. Carvel Bentley, Mr. and Mrs. William Morgan, Mr. and Mrs. Louis Truesdell, Mr. and Mrs. F. R. Hoheisel and Dr. and Mrs. Van Ornum.

Mr. and Mrs. Clyde Evans of Northville were Christmas dinner guests at the home of Mr. and Mrs. Edward Behling.

Mr. and Mrs. Charles Sawyer are settled in their new home on Sheridan avenue.

Mr. and Mrs. Robert Lidgard attended the hockey game at the Olympia in Detroit last Sunday.

Mr. and Mrs. John Henderson entertained Mr. and Mrs. Russell Powell at dinner Tuesday evening.

Fred G. Vallance of Detroit was the dinner guest of Mr. and Mrs. Leo Kowalcik of North Main street on New Year's day.

Mr. and Mrs. Herbert Norgrove and son, Ronnie, spent last weekend in Erie where they visited with relatives.

25 Years Ago

JANUARY 8, 1932
In accordance with a village charter, petitions are being passed out for Robert Mimmack, village president and Freeman Hoover. Petitions must be filed at village hall before January 15.

The village commission has received a request from the Wayne County Road Commission to take over the maintenance of Mill, Ann Arbor and Schoolcraft streets within the village city limits.

Thursday evening the Pythian Knights will install the following officers for the ensuing year: Chancellor: Commander; Russell Bingley; vice-chancellor: James Gotch; Prelate: Loren Goodale; Master of Work, Glenn Davis; Master of Finance; Ernest Rosow; Keeper of the Records and Seal, Charles Thorpe.

Mr. and Mrs. O. F. Beyer entertained 16 friends at bridge New Year's Eve in their home on Liberty street.

Mrs. George Cramer entertained eight guests at bridge Tuesday evening in her home on North Harvey street honoring Mrs. Effie Howe on her birthday.

Miss Winifred Draper, Miss Ruth Allison, Edwin Schrader and Elmore Carney were dinner guests New Year's Eve of Mr. and Mrs. Basil Carney of North Harvey street.

Do you know that you can buy Pocahontas nut coal at Eccles Coal and Supply company for \$6.50 per ton, delivered?

Try going to church again Sunday, it may have improved since you quit going.

Mrs. Frank Karker, Sr. brought into the office this week a pansy which she picked in her garden on Christmas day.

Mrs. Louis Alkire and son, Lynn of Graveport, Ohio, have been the guests of Mrs. Harry Newell.

Mr. and Mrs. Albert Stever and the latter's mother Mrs. Minnie Wolgast were dinner guests of Mr. and Mrs. H. Tyler in Detroit, Christmas day.

A few days ago officials of the Daisy Manufacturing company received a request from a customer in Georgia asking them to send him a supply of Daisy Air Rifles in exchange for some of that states finest product, namely pecans. Within a few days nearly 300 pounds of the delicious nuts were being bought up by the many employees of this enterprising concern and we believe that many a Georgia lad is now enjoying his Daisy Air gun.

50 Years Ago

JANUARY 11, 1907
The ladies aid society of Murray Corners will hold their annual fair at the home of Mr. and Mrs. James Gates on Saturday, January 26. A chicken dinner will be served and a large crowd will be expected.

Charles Ryder of Stark lost a valuable cow last Saturday.

Mr. and Mrs. George Oldenburg of Stark returned home last Saturday after spending the holidays with her parents at Whittaker.

Mr. and Mrs. John Baze, Jr. of Livonia, attended the pedro party at Asa Lyons last Saturday night and report a fine time.

Reverend Ehnis of the Plymouth church held early services at the German church in Livonia Center Sunday and gave the Lord's Supper.

Mrs. F.J. Tousey, Mrs. Fred Williams and Mrs. J.D. Austin, all of Plymouth were Saturday visitors in Salem.

Albert Groth had the misfortune to fall from a wagon last Saturday fracturing one of the bones of his leg.

Raymond Brown is clerking for Schrader Brothers and Mr. Barnes of Riverdale is taking his place as lampman on the P.M.R.R.

Five ballots were taken Wednesday evening by the Republican caucus for United States Senator, after which the caucus adjourned for one day. The fifth ballot stood, Arthur Hill, 32; McMillan, 24; W.A. Smith 43; Townsend, 27. Necessary to a choice is 64. Balloting will continue for several days unless the unexpected happens.

The pupils of the 6th grade debated Wednesday on the subject "Is country or city life most beneficial for children?" Those representing the country were Madeline Bennett, Velda Bogart, Imogene Smith, Helen VanDeCar. For the city were Henry Baker, Alton Richwine, Helen Passage and Edna Fisher. Winners were the girls for the country.

The village council has purchased the 80 acres on which is located the source of the village water supply, located in Northville township. The price to be paid is \$3600.00. Bidding for the village was Henry Bogart. Part of this land will again be sold to a prospective buyer and it is estimated that there is about \$800.00 worth of timber on another part. There is no doubt in the mind of anyone but what this was a very wise move by the council since there is no way we will ever have to worry again about our supply. There is a virtual lake of water and very close to the surface.

Hidden Talent

Man (in the hospital after breaking arm): "Nurse, will I be able to play the violin when I recover?"

Nurse: Of course. Your injuries aren't serious.

Man: That's funny, I never could play the violin before.

Claims Red Isn't Good for Hunters

Traditional hunting red is one of the most dangerous colors in apparel for hunters to wear because it is not quickly distinguished by either color-blind hunters or those with normal vision, according to a warning issued today by the Michigan Optometric association.

"Optometrists, in cooperation with the National Rifle Association, recently conducted extensive tests of a wide variety of colors and patterns worn by hunters in California under natural conditions," Dr. Wayne H. Chapman, president of the association, stated.

These tests revealed that yellow is by far the safest color. Orange is second best. Green and various plaids can also be detected and identified more quickly than reds and blues.

"Fluorescent clothing was found good under some conditions," Dr. Chapman said, "but clothing of this type was not especially easy for the color-blind and hunters with normal vision to make out when the wearer was in shadow. The same was found true under the difficult light conditions of dawn and dusk."

Even for hunters with normal color vision, it is sometimes hard to spot a red garment against the reddish-brown landscape coloring of the fall season, he claims.

"The Michigan Optometric association urges hunters to check their vision as well as their clothing and equipment before entering the field," Dr. Chapman added.

DEER HUNTING in Upper Michigan proved a little more exciting than usual for Leonard Millross, 10540 Joy road, who encountered a bobcat and brought it home. He was hunting with companions Robert Todd, Dutch Beals and LeRoy Rogers. Millross states that the thrill was even greater than that of several deer he has brought out of the woods in past seasons.

On the Aisle

A woman went into a department store and asked: "Where may I find stockings?"

"Aisle C," replied the clerk.

The woman waited ten minutes, and then repeated: "Where will I find stockings?"

"Aisle C," asked the clerk again.

"That's what you told me a while ago," snapped the woman, "and you didn't even look. I'll see for myself."

This sweet, smooth and sassy new Chevy has its own built-in "dollar-saver." It's the latest and liveliest edition of the six that's famous for its saving ways!

You'd never guess from the way this new Chevy looks and acts that it's so easy going on budgets. It's long, low—and every inch a beauty, with the solid quality of Body by Fisher written all over it. And the interior would go beautifully with just about anybody's Sunday best.

Hard to believe it, but this is a

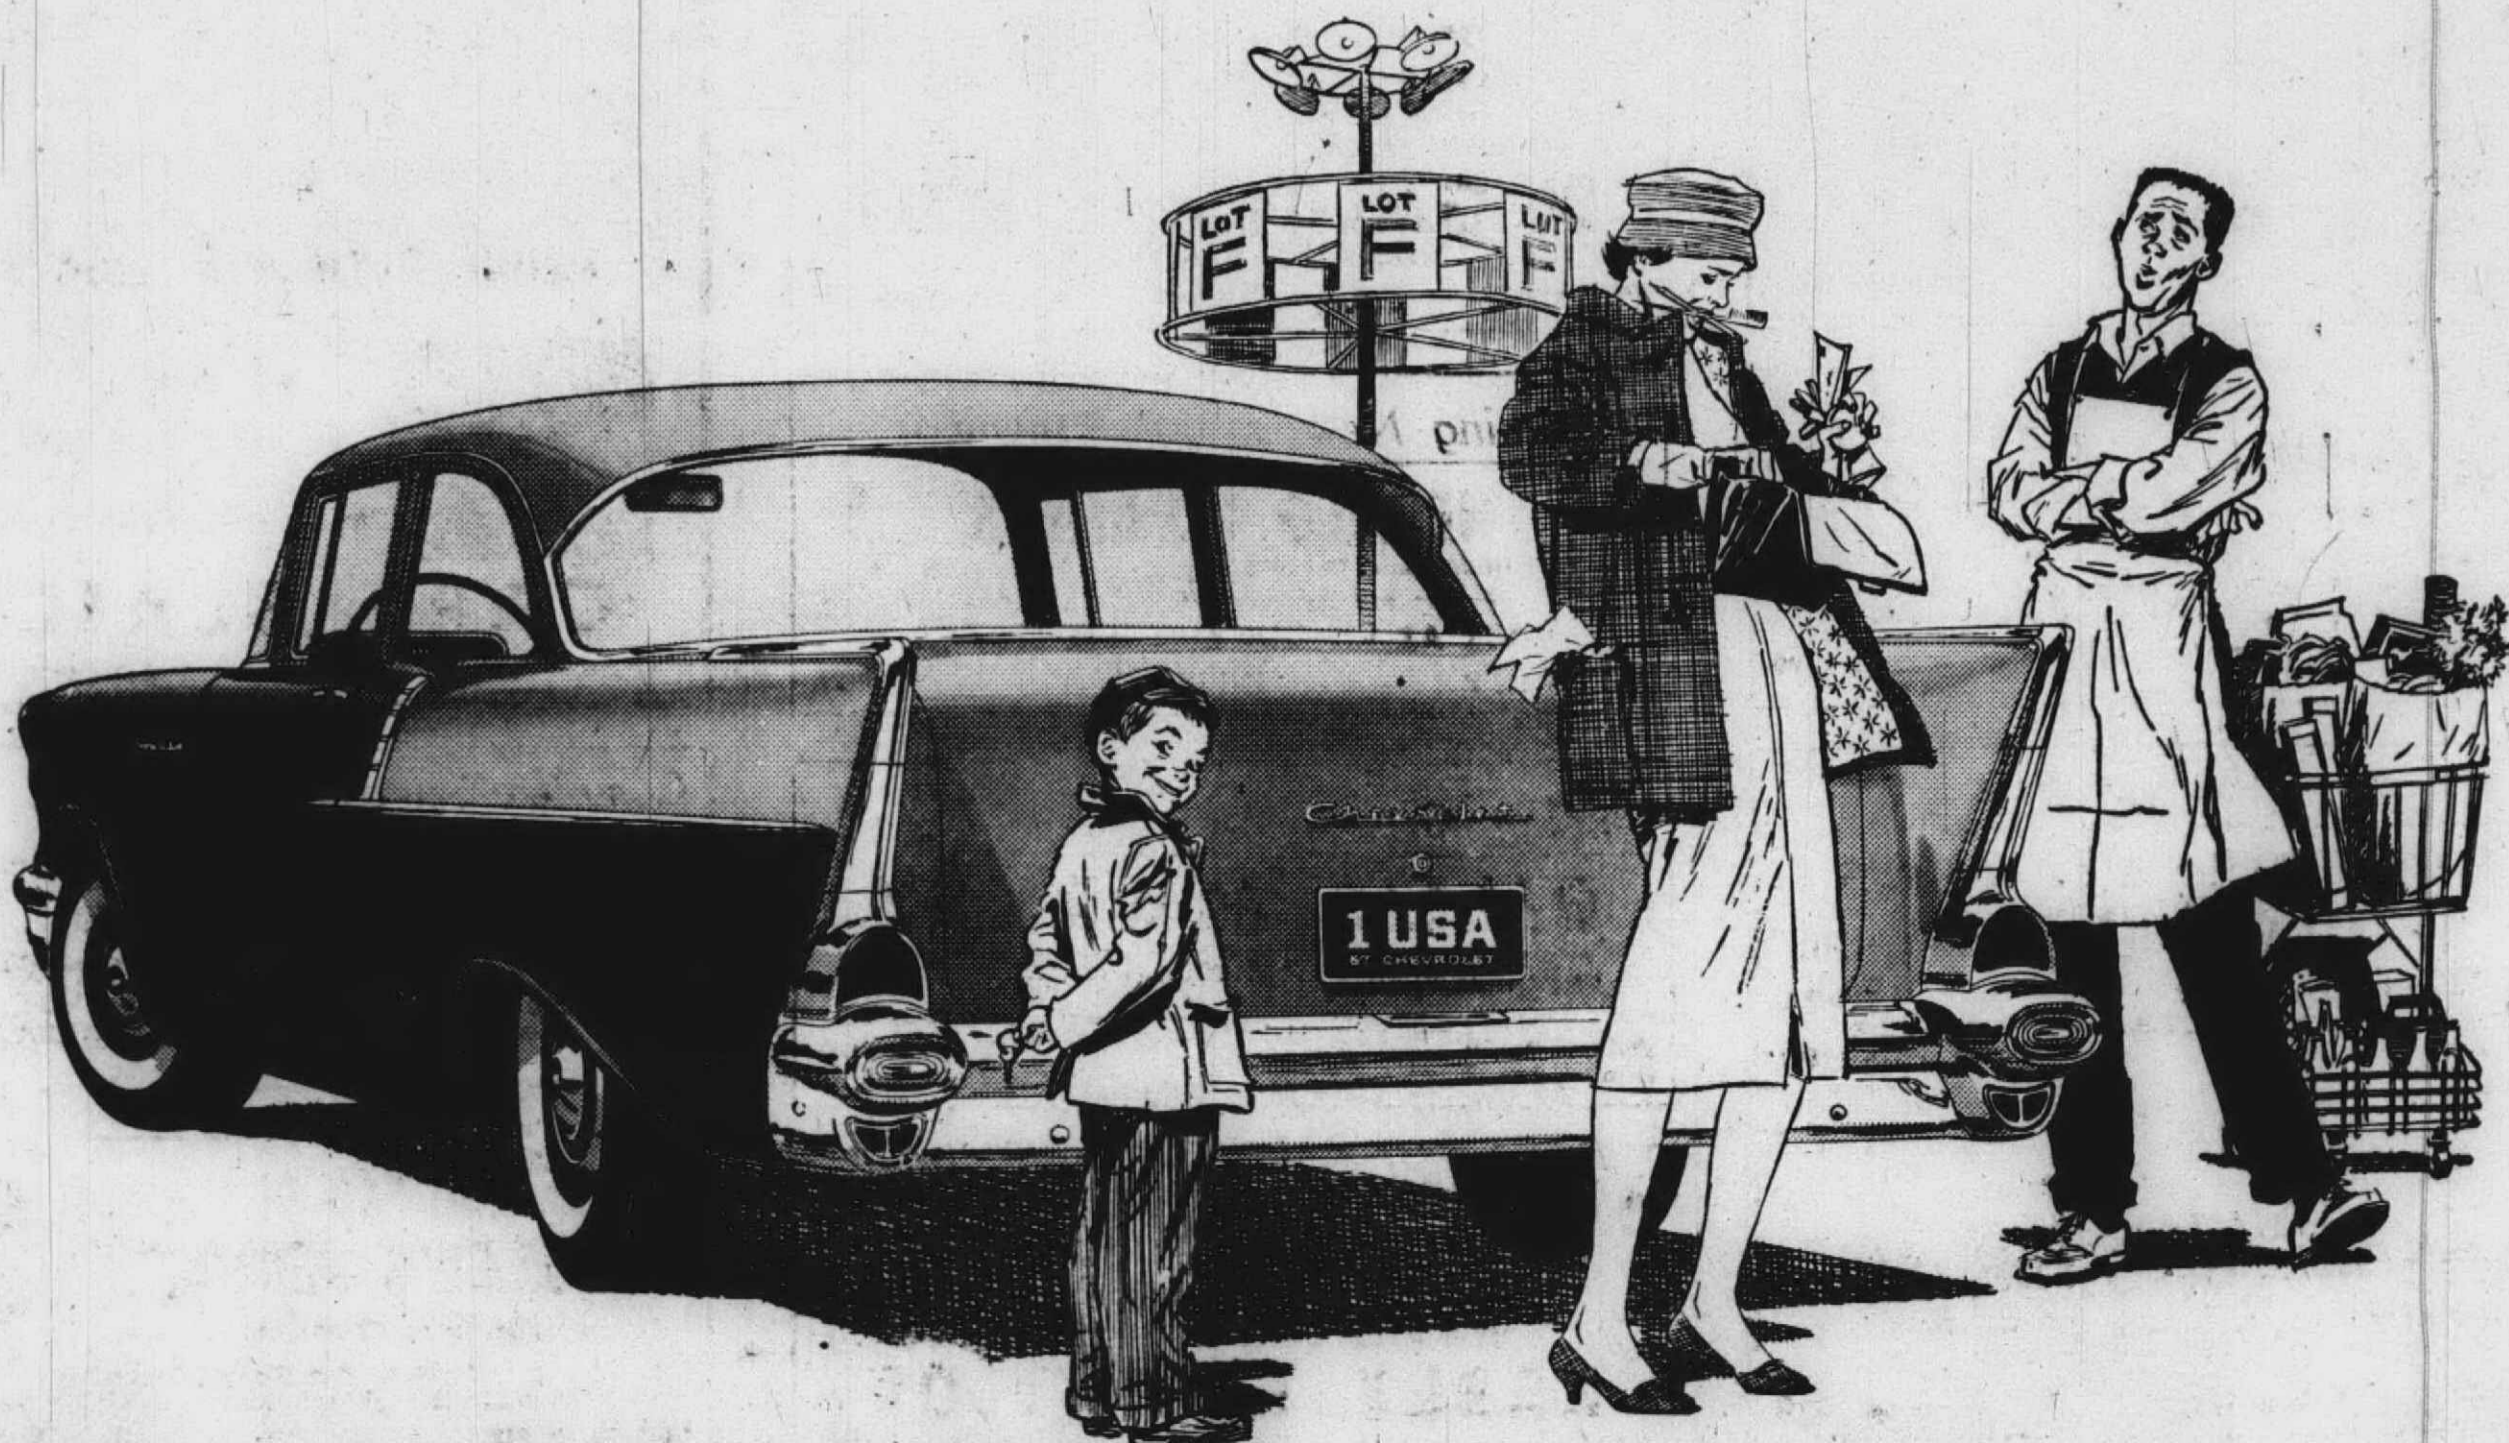

bottom-priced Chevrolet "One-Fifty." And it has a peppery, sweet-running "Blue-Flame" six under the hood to make your gas stops few and far between. This, you know, is the very newest version of America's favorite six. You'll like the "lift" and the thrift it puts in your driving!

And you'll like the special sureness of control you have at the wheel. This is a quality that just can't be measured in dollars and cents. Lots of cars that cost lots more just don't have it. Come in and see how much pleasure we're passing out these days at Chevrolet prices!

Big beauty with small-budget ways!

It's powered by Chevy's famous six

TIPS for TEENS

By ELINOR WILLIAMS

When parents say, "No dates until you're 16" to protect their daughters, some girls have to miss the fun of school and church activities... such as dances, parties.

Adult Stutterers Offered Class Aid

An opportunity for adult stutterers in Plymouth, as well as the rest of the Detroit area, will be offered next semester at Lee M. Thurston High School, 26255 Schoolcraft. Alby Lutkus, 399 Evergreen, Plymouth, who is the speech correctionist for the South Redford School District, will conduct a stutterers' clinic for adults. He will be assisted by George Gaffke, speech correctionist for the Dearborn schools.

The clinic will make use of both individual and group therapy, and participating individuals will study their own case histories to better understand their problems.

The goals of the stuttering clinic are fourfold: to help the stutterer to accept stuttering without embarrassment; to help each individual gain a thorough understanding of his speech problems; to help the stutterer learn to handle his speech blocks; to teach the individual to control his stuttering.

Each person making application for the class will be interviewed by both speech correctionists and will be told at that time whether speech therapy will help him.

Both speech therapists are exceptionally well qualified for their work with stutterers. Lutkus is a clinical member of the American Speech and Hearing Association, the Michigan Speech and Hearing Association, and the Wayne County Speech and Hearing Association. Gaffke is a member of the American Speech and Hearing Association. Each has been working with speech defective children in his school district for several years.

The Adult Stutterer Clinic will be a 12-week program, meeting twice a week, on Mondays and Wednesdays, from 7 p.m. to 9 p.m., beginning on January 28. As with other Adult Education courses, tuition will be charged for the clinic; however, this fee will be waived for persons who cannot afford to pay it.

Interviews for the clinic are being conducted at the present time. Interested persons may make appointments by writing Alby Lutkus, Thurston High School, 26255 Schoolcraft, Detroit 39, Michigan.

plays, after-the-game festivities.

How can 14 and 15-year-old girls in high school enjoy these social doings as a normal, wholesome part of school life, yet not worry their parents by "dating" before 16? A girl's letter explains the problem, so let's try to find an answer.

Q—"Dear Elinor: I am 15 and have never had a date. My parents won't let me have dates until I am at least 16. I accept it until now, but now I know a boy I like and he has invited me to go out with him several times. My parents have met him, but it makes no difference. I'm afraid he'll stop inviting me soon. What can I do?"

Ans.—Many girls who cannot have dates alone with a boy until 16 are allowed to go to school and church events with a boy if their parents meet him and if one of the parents takes them to the affair and brings them home afterward in his car. The boy's father usually does this.

This is a good way to enjoy school activities and parties planned for girls and boys of your age... and carefully chaperoned... without worrying your parents. It's also a good way to get used to a more grown-up social life gradually... and it's time to begin to do this when you're in high school.

Perhaps, after a while, your parents might allow a movie this way, too... once in a while. Why not talk it over with your parents, explaining that a gradual start in dating and social life is usually better than a sudden start, even at 16.

Let's Finish The Job ...

You have helped save hundreds of thousands of lives. The Salk vaccine is a great new weapon in the fight against polio — and you made it possible. It has turned the tide of victory against polio, a ruthless epidemic disease.

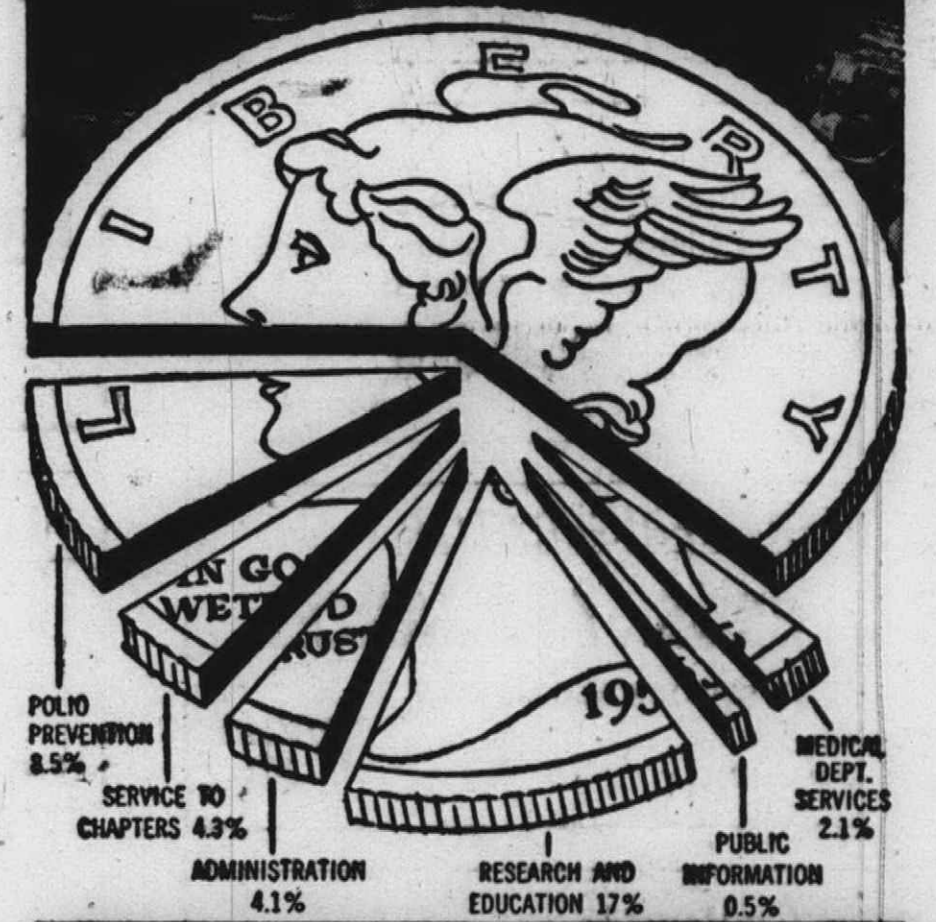

THAT'S ONLY HALF THE STORY

Polio struck down 16,000 Americans in 1956. 80,000 polio patients are struggling against disability and despair. They need YOUR help to return to normal living.

Plan Valley Forge Scout Jamboree

Official Poster of Fourth National Jamboree
Fifty thousand Boy Scouts, Explorers, and leaders from all parts of the nation and some from other lands will camp together at the Fourth National Jamboree July 12-18.
A 1,500-acre tent city is being prepared at historic Valley Forge in Pennsylvania. It will have its own water supply, electricity, telephone service, post offices, and other services for the largest gathering of boys in the Western Hemisphere.
Jamboree campers, all of them at least twelve years old, holding Second Class rank or higher, will share daily camp chores, cook their own meals, take part in displays, campfires, demonstrations, intercamp visits, and excursions to historic shrines in and near Philadelphia.
Outstanding Americans will take part in principal events.

Polio Foundation Workers Ask Americans 'to Finish the Job'

"Let's Finish the Job!" With this slogan the 1957 March of Dimes will make its appeal to Plymouthites and other American people who have supported this fund raising activity of the National Foundation for Infantile Paralysis for 18 years. The campaign throughout America will be conducted January 2 through 31.
"The future of 80,000 human beings disabled by polio is at stake," says Charles L. Gehringer, Wayne County's campaign director. "These are the men, women and children who still need expensive care and whose future usefulness depends directly and immediately upon their getting it from the March of Dimes."
"It is true that the Salk vaccine, developed through long years of research by many scientists, was financed by your March of Dimes. It is a weapon that has cut down

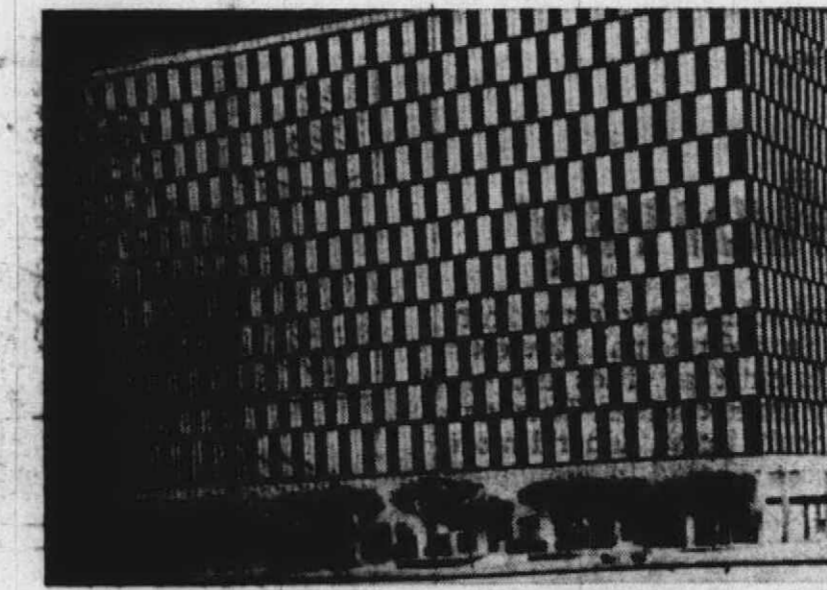

the incidence of polio in the short time since its field testing in 1954. But it came too late for ten of thousands."
The National Foundation for Infantile Paralysis was formed as a people's foundation to "lead, unify and direct the fight against polio," Gehringer pointed out. "The fight won't be over until all of the victims of 1956, and there were 16,000 of them hundreds of whom need long time care, as well as those of previous years make maximum recovery."
Although there are no local goals in the 1957 March of Dimes, the National Foundation sets up a national goal based on needs for patient care, research, professional training and public education. The 1957 budget includes \$5 million dollars for rehabilitation.
"New methods of treatment have cut the death rate for polio down to 4 per cent. It was 43 per cent in 1918. This means that more lives are saved and our responsibility is increased because of the rising costs of hospitalization and long term care."
"We of the Wayne County Chapter know that our devoted volunteers are as ready as they always have been to help polio patients and to finish the job. Many special events are being planned. We know the people of Wayne County are ever generous."

New Books At the Library

Morey Bernstein's "The Search for Bridey Murphy" a book about hypnosis and a reincarnated 19th century Irish girl, was the most asked for non-fiction book at the Plymouth branch library in 1956. Librarian Agnes Pauline announced this week. Published in January, the book became a national craze and a publishing phenomenon in a few short months. There was a long waiting list during the first half of the year, although at the present time interest has declined.
Also asked for frequently were Smiley Blanton's "Love or Perish," Robert Lindner's "Must You Conform?" and Barbara Hooten's "Guestward Ho!" Older titles which continued in steady demand were Anne Lindbergh's "A Gift from the Sea," Edmund Wilson's "Scenes From the Dead Sea," Walter Lord's "A Night to Remember," John Guenther's "Inside Africa," and John Schindler's "How to Live 365 Days a Year."
Leading the library's fiction list was William Brinkley's "Don't Go Near the Water" a story about the wacky activities of a Navy public relations crew in the Pacific. Requests were also frequent for such novels as Edwin O'Connor's "The Last Hurrah," John Hersey's "A Single Pebble," Kathryn Hulme's "The Nun's Story" and Eugene Burdick's "The Ninth Wave."
Continuing in popularity were such older titles as "Auntie Mame," "Andersonville," "10 North Frederick," "Marjorie Morningstar," and "H.M.S. Ulysses." Reservations for any of these books can be made by calling the library at 699.

Postal Drivers Must Now Pass Special Exam

Postal vehicle drivers in Plymouth will begin the New Year with a fresh look toward highway safety, Postmaster George Timpona announced today. All Plymouth postal drivers have qualified for the new U.S. Government Vehicle Operators Identification Card which is required by a law passed by Congress last spring.
Road tests, physical examinations, and safe driver training culminated the intensive safety program in the Post Office Department. All postal drivers in the Chicago Region, which embraces the States of Illinois and Michigan, including rural carriers, now have qualified by taking the comprehensive tests.
When the program is completed nationwide, all of the Postal Department's 86,000 vehicle operators, largest fleet of automobile drivers in the land, will have taken the exams. Collectively it is the biggest safety campaign ever accomplished in America.

AT AN estimated cost of \$15,000,000 the National Bank of Detroit will construct a new main office in Detroit 12 stories high. It is located at Woodward, Congress, Griswold and Fort streets. Demolition of buildings on the site has begun. There will be three floors below street level that will house the most modern vaults in the world.

OUTDOOR NOTES
From The
MICHIGAN DEPARTMENT OF CONSERVATION

Hunters bagged 79 deer during the December 1-9 special season in parts of Allegan county—equaling the highest kill for the hunt in 15 years.
This was the fifth consecutive year that the "any deer" season kill has increased in the Allegan area. The 79 whitetails taken this year compare with 73 bagged in the 1955 special season which was two days longer.
Some 1,155 permits, 77 percent of the 1,500 available, were issued to hunters for the special season. Last year, 1,157 hunters obtained permits.
The special seasons were first established in parts of Allegan county in 1941 because of deer damage to farm crops in the area. This year's "any deer" season was the 16th for the area, but the kill equalled the 79 bagged in 1942. During the last six years, the kill has increased steadily—from the 30 deer taken in 1951.
Of the 79 deer bagged this year, 44 percent were bucks, large or small. Game biologists in the area had estimated that at least 75 deer would be taken by special season hunters.
Physical condition of deer in the area was very good, with the average weight for 1½-year-old bucks at 122 pounds. Fawns averaged about 64 pounds, or about 11 pounds heavier than this year's fawns in poor food areas farther north.
In addition to the special season kill of 79 by firearm hunters, another 24 deer were taken by archers during an October 1-December 15 season in effect throughout the county. The bow and arrow hunters bagged 12 male and 12 female whitetails.
Two cock pheasants were seen in downtown Lansing early this week, about 200 yards from the front steps of the state Capitol.
Victor S. Janson, who coincidentally took charge of the Conservation Department's pheasant research program on the following day, reported seeing the two wild birds, thoroughly surrounded by concrete and civilization.
The nearest, and only, grass within shotgun distance was the Capitol lawn and the birds were obviously not headed that direction. One flew up and perched on the Hotel Wentworth's marquee sign, the other sailed around the corner toward the Grand River, 50 feet from the hotel.

Area 2, a seven-county unit centering around Baldwin, was designated for special "any deer" hunting this fall because deer over-browse their natural food range in the area and sometimes feed on farm crops, causing damage. Reports from residents indicate the area's deer problem isn't solved yet.
A farmer near Luther recently requested a special permit from the Conservation Department to shoot deer damaging his crops. He reported some 20-30 whitetails digging up his wheat field.
Some 2,030 antlerless deer were taken by permit holders in the 930-square-mile Area 2 this fall in a special season which ran concurrently with the regular November 15-30 buck season.
Hunters and trappers collected \$18,675 from the state in bounty payments during November.
The November payments boosted the bounty total to date this year to about \$200,000. In 1955, bounty payments cost the state \$176,000 for the entire year.
Bounty fees are paid for wolves, foxes and coyotes taken anywhere in the state and for bobcats taken in the upper peninsula. Bobcats are protected in the lower peninsula except during a December 15-March 15 hunting season.
The November payments included \$12,080 for 2,416 foxes, \$5855 for 331 coyotes, \$675 for 135 bobcats and \$65 for four wolves. All of the wolves and bobcats and 255 of the coyotes were bagged in the U.P. Some 76 coyotes were taken in the lower peninsula and foxes are bountied generally throughout the state.

Michigan Needs Money

An old problem faces Michigan in the New Year! "Where is the money coming from—and where is it going?" Much more often than not in past years, both state and city governments have had more expenses than bankroll. This has led to a higher and higher tax bill for the man on the street.

Between \$40 million and \$80 million more will be needed to operate the state next year, according to present estimates by legislators. An accurate figure will not be available until the Governor outlines his ideas in his message to the Legislature, due within 10 days after the new group convenes.

His programs will indicate how much more must be raised in the fiscal year beginning July 1, 1957; not whether there will be a deficit.

Already apparent are some of the needs. About \$10 million more will be needed to cover salary increases granted by the Civil Service Commission.

Because income to school funds from state sales taxes are considerably less than was estimated, the Legislature must dip into its general fund to the tune of about \$18 million.

More than \$13 million more is needed by state universities if they are to accommodate young people seeking college education.

Operating costs for state buildings are increasing, and must be covered. Everytime the state opens a new office, or improves an existing service, there is an inevitable price tag.

What are other needs in 1957? Among recommendations made to the Legislature by Gov. G. Mennen Williams are expected to be the following, none very expensive to the state treasury: a campaign to promote industrial safety; more emphasis on highway safety; higher (and more expensive to the employer) unemployment compensation; increased workman's compensation.

The tax problem is in the lap of the House. According to law, bills to raise revenue must originate there. This means that Representatives will spend much time trying to find ways to make ends meet in 1957—and new methods to raise tax money. This is never a pleasant task, and usually a thankless one.

While legislators wrestle financial problems of the state, they will hear cries from the cities. Michigan municipalities, particularly the larger ones, are hard pressed for some new sources of revenue.

This problem was underlined by Dr. Arthur

W. Bromage, political science professor from U-M, in an article in "Municipal Review." Prof. Bromage points out that cities and villages can follow only three courses. They can keep increasing property taxes, depend more on state collected taxes rebated to individual communities, or levy local, non-property taxes.

If they are to do the latter, they must have specific authority from the Legislature. Cities in other states have "successfully" taxed income, utilities and admissions to theater's and athletic events.

If Michigan cities are to do this, existing law must be changed.

Michigan's "Four Under Forty" are said to be one of the big hopes for the state's Republican organization. "Four under forty" is the catchy reference to the four young Republicans who are beginning their first terms as Congressmen in Washington.

They are William S. Broomfield, Oakland County; Charles E. Chamberlain, Lansing—Flint area; Robert P. Griffin from the northern part of the lower peninsula; and Robert McIntosh from the thumb area.

Party hopes for inspiration and leadership rest on the shoulders of these four. All have good records as young GOP leaders. All are considered dynamic, personable, bright and keen politicians.

All are known as "modern" Republicans, subscribing in general to principles and policies of President Eisenhower.

As freshmen Congressmen in the House of Representatives, they will be watched by Michigan's Republicans in the hope that their record of activity there will serve to unify and advance the GOP cause within the state.

Dates have been set for State party conventions. Democrats will be meeting Feb. 23. Republicans will meet in Detroit Feb. 9. Both parties nominate candidates for positions on the spring ballot.

These include candidates for Superintendent of Public Instruction, State Highway Commissioner, Justices of the State Supreme Court, two members of the University of Michigan Board of Regents, two members of the State Board of Agriculture of Michigan State University, a member of the State Board of Education.

The GOP must also select a new chairman and vice-chairman to head the State Central Committee. John Feikens, present chairman, announced he will not continue in the post.

What's Your Question on World Affairs?

By Edgar Ansel Mowrer

"Have you any single best wish for the New Year?" (Mrs. L. J. Brooklyn, N.Y.)

Yes. The collapse of the USSR, with the overturn of domestic communism and the freeing of all the satellites—including China.

"The Israelis deny having chased the Arabs out of Palestine at any time. Explain." (David Biser, Philadelphia)

Technically, the Israelis chased no Arabs out of Palestine. But at the beginning of the Arab-Israeli conflict, Israelis brutalized two Arab villages, thus giving some Arabs the impression that they must flee to save their lives. Most of the Arabs left at the call of the attacking Arab governments in order to facilitate the latter's announced aim of wiping out the Jews.

Charles A. Wellny of St. Albans, N.Y., takes issue with my preference for professional diplomats as U.S. Ambassadors abroad. He says they are just "window dressing. The job of keeping the State Department informed rests equally on the First Secretaries."

Under this administration, Ambassadors are—window dressing. First Secretaries, like all other Embassy "political officers," do help keep the State Department informed. My contention is Ambassadors should be much more—that the top man on the spot is, or should be, responsible for the final word on what is going on in his country, the close adviser of the Secretary of State, etc. I do not think either a traveling Secretary of State or the Central Intelligence Agency can do the work of a diplomatically trained and trusted Ambassador.

"Why shouldn't newspapers or magazines publish a story as to how the building of the Suez Canal was done?" (L. G. Stocum, Coudersport, Pa.)

I haven't much space but here is a brief summary:

1833. Some French followers of the religious socialist St. Simon go to Egypt in order to develop the country along Western lines and build a canal at Suez. (A canal from the Nile to the Red Sea had existed in ancient times.) Ruler Mohammed Ali refuses permission.

1854. Ferdinand de Lesseps, onetime French consul at Cairo and a friend of Mohammed Ali, revives the idea and receives the 99-year Suez

Canal Concession from Egypt.

1854. The Suez Canal Company is organized with mostly French capital. The Egyptian Khedive buys 44 per cent of the stock. Britain's Lord Palmerston opposes unsuccessfully the construction because of the alleged threat to India.

1859. April. Work on the canal begins.

1869. November. Canal opens.

1875. Khedive Ismail, short of cash, sells his shares to the British Government, which thereby becomes the biggest single owner of the canal.

1882. In exchange for helping the Khedive put down a rebellion, Britain is tacitly recognized by Egypt as the custodian of the canal.

1888. The canal is formally internationalized by the convention signed by the heads of several European countries with the Sultan of Turkey, the nominal Suzerain. This convention guarantees the use of the canal to all powers at all times, including time of war. No acts of hostility are to be

committed within the specified confines. This is basic.

The Suez Canal Company is registered in Egypt with headquarters in Paris. In 1956, the Board of Directors consisted of 16 French, 9 British, 5 Egyptians, 1 Dutch, and 1 American member. Profits (gross) for 1955 were \$46.6 million. In 1924, the stock split two for one. Of the 800,000 shares resulting, Britain and France owned approximately 700,000. The Egyptian Government received 7 per cent of the gross profits.

Since the concession was for 99 years from the opening of the canal in 1869 (the Turkish "firman" of concession was of January, 1866), Egypt as heir to Turkey is bound by it until 1968. The Egyptian Government recognized this position by negotiating agreements with the canal company instead of applying its corporation law.

Send that question on world affairs to Edgar Ansel Mowrer in care of this newspaper.

When You Retire

Don't Postpone All Your Fun

BY ROBERT PETERSON

No story better exemplifies the folly of postponing enjoyment than the tale of two sisters who were bequeathed \$25,000 when their father died. After the funeral the girls, who were in their 20s, began wondering what they should do. Marie, the younger one, said, "I'd like to do some traveling and see a little of the world." But Hortense, the older sister, cautioned "we mustn't throw our money away foolishly."

That summer the sisters bought the general store in their village and remodeled and enlarged it. During the next few years the ambitious and attractive girls built it into the most popular general store in the area.

One day a car drove up and a couple of good looking young men came in to buy some fishing gear. They engaged in some mild flirtation with the sisters and then drove away. Marie studied her features in a mirror for a few moments and then turned to her sister and said, "Let's close the store for a couple of months this winter and take a long vacation. It might be fun to use some lipstick we have in stock." But Hortense replied, "People would take their business elsewhere and we'd have to start all over when we came back."

Twenty years later the sisters had accumulated enough money to carry them the rest of their lives. "Come on," said Marie, "let's sell the store and start enjoying life. Let's take some trips. We might even meet a couple of fellows we like and get married." But Hortense said, "we can't sell now—nobody would pay what the store is worth." A few weeks later when a man offered to buy them out, the deal fell through when Hortense demanded nearly twice what the store was worth.

About that time a competitor opened a store across the street and the sisters buckled down for the next five years to stand off the competition. When the competitor finally went out of business the war boom started and Hortense insisted they were fools not to stay on and take advantage of it.

But one night Marie, who was then 60 years old, slipped on the ice in front of the store and struck her head against a fire hydrant. The following day she was dead.

Hortense never returned to the store. She held a funeral for her sister that was the most elaborate ever seen in that area. A few days later she sold the store to the first man who of-

ferred to buy it. For the next few months she stayed home and never went anywhere.

The following spring she made an unusual request to the local authorities. She requested and received permission to remove Marie's body to California. She went along to supervise the reburial. The following year she obtained another disinterment permit and this time flew the coffin to Mexico City for interment. A few months later the coffin was disinterred and flown to Havana.

Well, that's the story. Through Hortense's excessive desire for security these two sisters reached their later years without knowing many of the pleasures and satisfactions that come from travel, family life, and leisurely pursuits. As the story indicates, those who postpone the important pleasures of life may not live to enjoy them.

Words have a different meaning to different ears, so be careful how you use them.

If Your Name Is ELIZABETH

BY ANN REYNOLDS, PH. D.

Elizabeth, your name is tremendously popular; only "Mary" is heard more often. And there are many girls having both these names. The New Testament tells us that Mary, the mother of Jesus, and Elizabeth, the mother of John the Baptist, were kinswomen! And just as was the birth of Mary's son, the birth of Elizabeth's son also was announced by the Angel Gabriel.

While in England the name "Elizabeth" undoubtedly became such a great favorite thanks to the efficient long reign of Elizabeth Tudor, on the continent of Europe it was for quite a different personality that countless baby girls were christened Elizabeth; St. Elizabeth of Hungary. She lived in the thirteenth century. Her charming and gentle nature made her the center of a beautiful legend. Married to Louis II of Thuringia, a man who had no understanding for her charitable good heart, one day down from the castle, the Wartburg, she carried a basket full of bread to the poor in the village. She did so in spite of having been forbidden by Louis to do it. When he caught her on her errand of mercy, Elizabeth in her plight told him that what she carried were roses. Louis would not take her word for it; he tore off the cloth that covered her gift. Miraculously, Elizabeth's words had come true; what he beheld was an abundance of glorious red roses.

No name branched out in more pet forms that grew into independent names than did "Elizabeth." Eliza, Bessy, Betsy, Betty, Elsa, Isabel are just some of them.

One of the most admirable women named Elizabeth was the pioneer woman physician Elizabeth Blackwell, the first woman to receive a degree as an M.D., in America. This was more than a hundred years ago.

(Interested in other names? Is your name unusual? Write about it to Dr. Reynolds, care of this paper.)

Personally, we prefer the go-getter type of women to go-get somebody else.

★ THINKING OUT LOUD ★

One question, sometimes controversial, sometimes personal is asked each week by The Mail of four pedestrians along Plymouth's downtown streets. This week's guests are "thinking out loud" on the question:

"Now that 1956 is over, we would like you to recall for us the most memorable experience you had during the past year."

DAVE STRATTON, 357 Blunk: "Getting out of the service is the best thing that happened to me. I was discharged December 8 after two years. I don't know what I'm going to do now but I'm glad I'm out."

MRS. FRANK ROSS, 39919 Ann Arbor Trail: "We've been working on the remodeling of our home off and on and that has been the biggest project of the year. We still have some work to do."

Stratton Mrs. Ross Shrumm Mrs. Nidy

ROY L. SHRUMM, 48210 Gyde Road: "Nothing happened to me during the year. 1956 was about like all other years."

MRS. EDWARD NIDY, 11020 Southworth: "On January 13 we had a fire in our house with nearly \$2,000 in damage. I never want to go through that experience again."

Whistle Bait with a Wondrous Gait

(Just try today's Instant Dynaflo!)

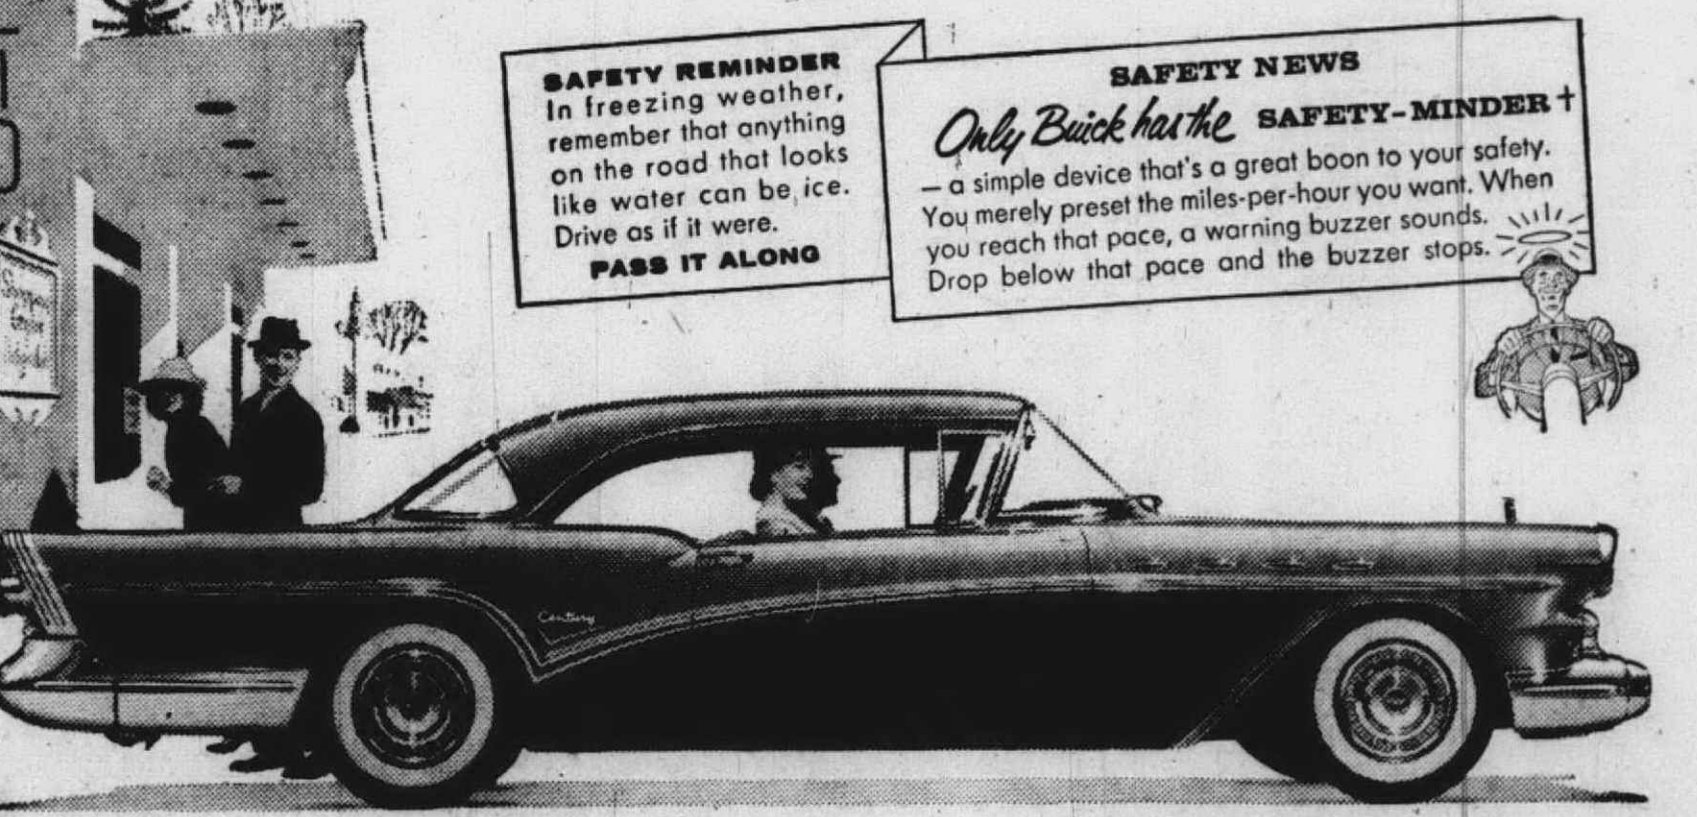

NO MATTER what make of car you're "going with" right now—here's one that will spark a new love light in your eyes.

This Buick's a fresh new beauty in looks, in lines, in sweeping contours. And a beauty in other ways as well.

Even for a Buick, this one's a joy and a treasure in the road-wise way it handles. In the way it levels with you on the turns. In the way it holds up its head whenever you give it the brakes.

But your longest whistle of sheer delight comes when you head this honey out of town and put it through its paces on the expressways and byways.

That's when you discover the exhilaration of power-pitch performance. When you fully appreciate the immediate response of the latest, greatest version of Variable Pitch Dynaflo—Instant Dynaflo.

SAFETY REMINDER: In freezing weather, remember that anything on the road that looks like water can be ice. Drive as if it were. PASS IT ALONG.

SAFETY NEWS: Only Buick has the SAFETY-MINDER—a simple device that's a great boon to your safety. You merely preset the miles-per-hour you want. When you reach that pace, a warning buzzer sounds. Drop below that pace and the buzzer stops.
