

## An Easter Sermon

THE POWER OF THE RESURRECTION

One of the most dynamic personalities and powerful preachers of the Christian church was the Apostle Paul. The force and power that drove him onward in Christian service was not human but divine. In his epistles to the churches he states that in himself dwelt no good thing, but he could do all things through Christ who strengthened him. This strength and power he calls the power of the resurrection, and his desire was that he might know this power continually in his life. "That I may know Him and the power of his resurrection." Phil. 3:10.

That power which he purposed to experience in his own life he also prayed that it might be experienced in the lives of others. In his prayer for the followers of Christ at Ephesus he prays that they might know, "what is the exceeding greatness of God's power to us-ward who believe, according to the working of his mighty power, which he wrought in Christ, when he raised him from the dead, and set him at his own right hand in heavenly places." Here Paul reveals that the resurrection power he desires to know and experience in his life daily is also available to all who believe that Jesus is the son of God; who died for our sins, and was raised again for our justification. This power made Paul a powerful preacher, and a mighty missionary during the difficult days of the first century of the Christian church.

The power that enabled this apostle to do great things in the name of the Lord was also experienced by other followers of Christ. In the twentieth chapter of the gospel of John we read of a group of depressed disciples gathered in an upper room on the evening of the first day of the week. Fear had gripped their hearts. Then suddenly the resurrected Christ came into the room and said, "Peace be unto you." And the record tells us that "then were the disciples glad when they saw the Lord." The power of the resurrection turned the sad and sorrowing disciples into happy and rejoicing disciples.

In the same chapter we read of the doubting disciple Thomas who was absent from the first meeting of the risen Lord and his disciples, but eight days later he came face to face with the risen Lord and exclaimed, "My Lord and my God." Here we see the resurrection power at work turning a doubter into a believer.

In John, Chapter 21, we have the story of Peter, the defeated disciple, meeting the risen Lord and from that time on, Peter becomes the victorious disciple and a willing witness to the death and resurrection of his Lord and Saviour. In the first twelve chapters of Acts we see Peter going forth among men gaining victory over the devil, disease, death. So a defeated disciple becomes a victorious disciple through the power of the resurrected Lord.

A present day illustration of this power at work in the life of a Christian is related in an article in the Reader's Digest entitled "You Can't Hold Back the Dawn" by Clarence W. Hall. The author describes an Arab Christian by the name of Abdul Mohammed as a man with the most triumphant spirit he ever met. In spite of material loss and tough times, living in the midst of strife and black hatred in human hearts, Abdul looked to the future with hope. Why? Because he is a Christian, which means that he believes in the death and resurrection of Christ; and by the resurrection we are begotten again unto a living hope. In this Christian we see a follower of Christ tested, yet triumphant.

May God grant that as we come to the Easter season that it will not be just a period of time when we commemorate the resurrection of our Lord, but may we like the apostle Paul desire to know the risen Lord and the power of his resurrection and experience daily in our lives that resurrection power that we might be believing, rejoicing, victorious followers of the risen Lord.

## Chamber Plans Easter Egg Hunt For Children

Prizes as well as eggs will be given to youngsters this Saturday morning when Plymouth's first Easter egg hunt takes place.

Sponsored by the Chamber of Commerce, the hunt is for all children up to and including 10 years of age. They will meet at the high school at 10 a.m. where they will be given instructions for starting the hunt.

Chamber Manager J. H. Wilcox said that although Senior Girl Scouts will assist in handling the expected crowd of kiddies, parents should accompany the very young.

Several hundred chocolate eggs and several dozen real eggs will be hidden. On some of the real Easter eggs will be messages instructing the finder to take the egg to a certain store for a prize.

While the list of prizes is still not completed, the Chamber expects at least a dozen.

"We haven't the least idea how many kiddies we will have here," Wilcox explained, "but I think they'll all have lots of fun."

## Rodeo Highlights Optimist's Bike Safety Program

A proclamation calling for observance of Optimist Bicycle Safety Week from April 14-20 issued by Mayor Harold Guenther has opened the Plymouth Optimist club's program which will include a Bicycle Rodeo. "Watch That Bike" is the slogan for Bike Safety Week.

Highlight of the week will be the rodeo to be held Saturday, April 20, at 1 p.m. on the athletic field behind Plymouth High School. Boys and girls of all ages are eligible to participate in the rodeo; whether or not they own a bicycle.

All bicycles entered in the rodeo will be safely inspected by police officials and graded accordingly. After the inspection, boys and girls will compete in a number of maneuvering and bike handling events. Winners of the events will receive prizes including an Evans 26 inch bicycle made by the Evans Products Co., Plymouth, a model boat, a model plane, seven baseballs, seven baseball bats, two ball gloves, four bicycle lights, and a saddle bag.

Prizes were obtained for the rodeo from S & W Hardware, Huston & Co., Kresge's, Bob's Handy Hardware, Plymouth Hardware, Hoffman & Holdsworth, Western Auto Supply, Jerry's Hobby Shop, and the Optimist club itself.

## Supervisors Informed That Incorporation Situation is 'Novel'

Plymouth township's petition to incorporate part of its area as a city and the city of Plymouth's recent annexation of 22 acres of the proposed new city have become so legally entangled that not even the Wayne County prosecutor's office has found a precedent upon which to base an opinion.

Members of the Ways and Means committee of the Wayne County Board of Supervisors met Tuesday afternoon to consider the petition requesting the setting of an election date to determine the question of incorporating 8.5 square miles of Plymouth township into a new City of Plymouth Heights.

As in the case of every petition, the committee had turned the incorporation petition over to the prosecutor to study its validity. While the petition may have been valid once, the prosecutor's office isn't sure if it is now or not.

Tossing the legal monkey-wrench into the works was the action a month ago by the city commission to annex 22 acres of its own land east of the city limits. This included part of Riverside Park and part of Riverside Cemetery. This was accomplished only by resolution and filing the necessary papers with the county and state.

This 22 acres was part of the proposed 8.5-square-mile City of Plymouth Heights. By withdrawing this acreage from the proposed city, the city commission expected to cause the incorporation petition to become invalid due to an incorrect description of the land.

In its letter to the Ways and Means committee read Tuesday afternoon, Assistant prosecutor Aloysius Sucky declared that his office had conducted an "intensive and exhaustive" search on the question and found that the legal problem involved "is novel and has never been ruled upon in court in the state of Michigan."

"It is suggested that your honorable body either adjourn action on the petition . . . until

further research has been conducted," the letter continued, "or, that your honorable body table action on the petition for incorporation pending litigation by the various parties involved in order to obtain a court determination of the questions involved."

With this read, Committeeman Eugene VanAntwerp moved that the action be "tabled indefinitely." The motion was approved.

Altogether, the action took about five minutes of the committee's time. Neither Township Supervisor Roy Lindsay and Township Attorney Earl Demel, sitting on one side of the room, nor City Manager Albert Glassford and Supervisor George Witkowski, sitting on the other, said anything during the brief action.

What will happen next is anyone's guess. Unless the prosecutor's office comes up with an opinion on the petition, the issue may remain in committee indefinitely until either the township or city decide to test the petition in court. That may be costly for both sides.

Since the petition to surround the city of Plymouth with another city was originally started to halt any further annexations, township petitioners may sit tight and see what the new commission feels about further attempts to annex land.

The Plymouth Heights petition included only the eastern portion of the township starting at McCumpha road. Lack of population made it legally impossible to include the western portion of the township.

## Palm Sunday Parking Tickets Treated With Forgiveness

by THE EDITOR

Approximately 20 Plymouth families found parking tickets hung on their cars after attending Palm Sunday services Sunday, but the law has been found to have a sense of forgiveness well within the spirit of the Lenten season.

The tickets were written for cars standing in "No Parking" areas in the Adams street area. The signs were placed only about three weeks ago, so they may not have been noticed by some of the drivers. Further, the churches were jammed last week and parking space was at a premium.

After hearing several angry protests, The Plymouth Mail contacted Judge Nandino Perlongo to ask if the Palm Sunday offenders couldn't be treated as special . . . it didn't seem right that a three dollar ticket should be the price for going to church this time of year. (But we admitted we knew that ignorance of the law was no excuse.)

Judge Perlongo gladly assured us he would dismiss any tickets which are protested and brought before him, for that particular church area and on that particular Sunday—only. (There'll be another parking jam next Sunday, and this time the law will stick.)

Some of the tickets already have been paid to the court clerk. There is no way for the court to make refunds, so The Mail itself will reimburse anyone who makes a request—we're into this project, so we accept the responsibility.

Anyhow, thanks to Judge Perlongo.

A GAVEL that may have lots of use before two years are over is being examined by Plymouth's new mayor, Harold Guenther, left, and the new mayor pro-tem, Robert Sincok. They were selected by fellow commissioners as the new commission began work Monday night.

## Seyfried Jewelry Store To Go Out of Business

Manager Ralph Seyfried announced today that Seyfried Jewelry Store of Plymouth would go out of business here about June 13.

Seyfried said that "health factors" and the difficulty of securing administrative help forced the abandonment of the Plymouth operation, though he and his two brothers, Cal and Fred, would continue to operate two other stores in Ann Arbor and one in Ypsilanti.

Seyfried's has conducted operations at the Penniman street address since June 1952, when it acquired the business of Herrick's Jewelers.

A going out of business sale will be held in the near future. Seyfried, his wife, and daughter have resided at 1476 Penniman. They will move their home to Ann Arbor later in the summer.

## Harold Guenther Elected Mayor

Expressing his sincere hope that the commission can utilize its fullest capacity in determining what is best for the city and the area, Harold E. Guenther took office Monday night as mayor of Plymouth.

Three newly-elected commissioners, Richard Wernette, William Hartmann and Carl Shear, took their seats for the first time at the meeting and helped elect Guenther unanimously.

Elected to the job of mayor-pro-tem was Robert J. Sincok.

City Manager Albert Glassford served as temporary chairman of the commission during the election. Hartmann nominated Guenther for mayor and Shear made Sincok's nomination for mayor pro-tem.

Both Guenther and Sincok were appointed to the commission in 1954 to fill vacancies created when Floyd Tibbetts and Henry

Fisher resigned. Sincok's appointed term expired in 1955 when he was elected to a four-year term. Guenther's term did not expire until this year and on April 1 he led the field of six candidates by receiving 801 votes.

The new mayor will serve in that office for two years. All commissioners are paid \$5 a meeting and the mayor receives an extra \$100 a year.

Guenther, 46, is a partner in the E-Z Sew Enterprises of Plymouth and affiliated divisions and has been a resident of Plymouth since 1944. Born in Sheridan, Wyoming, he attended the Detroit Institute of Technology and Wayne university. He is a member of the Plymouth Rotary board of directors and is also a director for the Wayne Out-County Chapter of Michigan Society for Crippled Children and Adults. Before his appointment to the commission in 1954, he was on the city's personnel appeals board.

The mayor lives at 1142 N. Holbrook with his wife and four sons.

The three new commissioners seemed to have no trouble in getting started in their new jobs. Commissioners Hartmann and Shear felt quite at home around the commission tables. They had both served on the commission in years past and both had terms as mayor. They and Wernette participated in the discussions and each got in a few motions or seconds to motions.

Supervisor George Witkowski, who attended his first board of supervisors meeting in Detroit last week, also was at the meeting and was introduced to the group.

## State to Delay Vote on Hunting

A bill to ban hunting in Plymouth Township has been postponed for a year.

Rep. Sterling Eaton of Plymouth introduced the proposal at Lansing and he was supported by a host of requests by citizens of this area. But the township was inspected from the air by a conservation sub-committee consisting of Rep. D. J. Massoglia and Rep. William R. Copeland, and they concluded:

"We feel that there could be some concern as to hunting . . . however, there is still some land available, but we see the possibility of this area becoming critical in the future. We would recommend postponing action on Plymouth Township this year."

Rep. Eaton was instructed to re-submit the proposal in 1958.

In describing their March 28 aerial survey, Massoglia and Copeland also said: "We started at the northwest corner and there was a factory and little population in that section. The population of any density came around the center of the township. Most of the surrounding area consisted of farms and open land with very little wooded sites.

"The northeast corner is most-

ly populated, with very little woods, and it is apparent that the bulk of the population is in that area. As for the entire township, it is spreading out and many new buildings are in the process of being built."

The same committee recommended the immediate closing of Nankin Township to hunting and also the closing of Waterford Township in Oakland County. It advised postponement of a ban for Commerce Township in Oakland County.

The House Bill introduced by Rep. Eaton would not in itself have banned hunting. It asked the legislature to approve an election for Plymouth township to determine if voters wanted to do away with hunting. Township officials had hoped to get the

## Churches Set Tre Ore Program

Tre-Ore services, a Roman term for the services representing the three hours that Christ was on the cross, will be held in several Plymouth churches this Friday afternoon as Holy Week nears its close.

The union Tre-Ore service sponsored by the Plymouth Ministerial association will be conducted from noon to 3 p.m. on Good Friday at the Church of the Nazarene.

Most business establishments will follow the usual custom of closing their doors during the

three-hour period so that employees may attend the services. A Good Friday service is also being held from 1:30 to 2:30 p.m. at St. Peter's Lutheran church and a communion service at 12:15 p.m. at Our Lady of Good Counsel.

Speaking at the union services will be Dr. W. M. McGuire, superintendent of the eastern Michigan district, Church of the Nazarene, who will speak on "The Upper Room"; the Rev. C. C. Hagedorn, supervisor of the chaplaincy department of the Lutheran charities of Detroit, speaking on "An Incident in the Garden of Gethsemane"; and Captain William Roberts, former commander of the Salvation Army

Citadel in Plymouth and now in Detroit, who will talk on the topic of "Calvary."

Pastors of the churches belonging to the Ministerial association will also participate in the program. The public is being invited to attend either part or all of the three hour program which will begin each hour.

Some of the local churches are also having services tonight in celebration of Maundy Thursday and on Saturday, Easter Sunday will bring a change in schedule for some churches. A list of services through Sunday can be found on a special Easter Sunday church page in Section 3.

A PANORAMIC VIEW of the Plymouth Community Junior high shows the progress made on the building since ground was broken last year. This view was taken looking north and shows only part of the sprawling building. Being built at a cost of about \$1,500,000, it is located west of S. Mill street. It is scheduled to open next fall and will accommodate seventh and eighth grade pupils along with some sixth grades on a temporary basis. The present junior high, located behind the high school, will be renovated for high school use. Money for this work was included in the \$3,000,000 bond issue of two years ago. Work on the new junior high continued throughout the winter and is on schedule despite a steel strike.

### City Atmosphere Will Be Keynote Of Pops Concert

Plymouthites who attend the Plymouth Symphony Pops concert and dance Saturday, May 11, will find a gay, informal atmosphere.

Brightly-covered tables, arranged cabaret style, will provide seating from which the audience will hear the music and will be served refreshments. There will be tables for all couples or parties present.

Refreshments will include soft drinks, snacks and cookies, baked by the members of the women's committee of the Plymouth Symphony society. The cooky recipes will be taken from the cook book which the women's committee published this year, "Symphony for Pots and Pans."

Mrs. O. H. Williams, who has spent the past week in the home of her son-in-law and daughter, Lieutenant and Mrs. Ray Highfield in Dayton, Ohio, is expected home Saturday.

### Hunt-Goebel Betrothal Told

### Joan Crawford, William Wallis Speak Vows in Evening Service

In a 7:30 o'clock candlelight service March 23 at the Newburg Methodist church, Joan Lucille Crawford spoke her marriage vows with William Rodney Wallis.

Joan is the daughter of Mr. and Mrs. Harry Crawford of 37500 Plymouth road. The bridegroom is the son of Mr. and Mrs. Ernest Wallis of 1101 Nakomis drive, Lake Orion.

Reverend Robert Richards officiated at the double-ring ceremony. Bouquets of white snapdragons and carnations, palms and candelabra adorned the church.

Musical selections of "Because," "I Love You Truly" and "The Lord's Prayer" were played by organist Mrs. Winifred Nixon, accompanied by soloist Joseph Cicirelli.

The bride, given in marriage by her father, wore a floor length gown of white nylon tulle and chantilly lace with a sabrina neckline and long sleeves extending to points over her wrists.

Her tiara was of seed pearls with a fingertip length veil.

She carried a white Bible with orchids, stephanotis and ivy entwined with ribbon streamers.

Maid of honor, Gail Clark, wore a street length dress of white lace over pink taffeta with a matching headpiece. Her bouquet was of deep pink carnations.

Wearing gowns identical in fashion to that of the maid of honor were bridesmaids Eda Eskola, wearing white lace over lavender taffeta, and Carol Wallis, sister of the bridegroom, wearing white lace over blue taffeta. Both carried pink carnations.

John Kracht served as best man for Rodney, while Richard Crawford, brother of the bride, and Richard Horie ushered.

The bride's mother wore a rose lace dress with matching accessories and an orchid corsage. Mother of the bridegroom chose a white lace over aqua gown with matching accessories and baby pink rose corsage.

A reception was held in the church dining room for 180 wedding guests from Detroit, Grosse Pointe, Lake Orion, Birmingham, Rochester, Brighton, Battle Creek, Wayne, Ypsilanti, Walled Lake, Plymouth and Livonia.

Joan is employed in the purchasing department of the Ford Motor company, and Rodney is with the Harlan Electric company.

After a wedding trip to Indiana, Mr. and Mrs. Wallis are now settled in their new home at 34299 Dover in Livonia.

### Kenyon, Robinson Groups Hear 'Living with Teenagers' Lesson

A lesson on "Living with Teenagers" was presented to the Kenyon Extension Group and the Robinson Home Demonstration group, sponsored by the Michigan State University cooperative extension service.

The Kenyon meeting was April 10 at the home of Mrs. Robert Waldecker on Warren road. Co-hostess was Mrs. Max Allen. Next meeting of the group will be May 29 at the home of Mrs. Robert Delaney.

April 11, the lesson was presented to the Robinson group at the home of Mrs. Linwood Dethloff, by Mrs. John LaGrov. Group chairman was Mrs. Ralph Wagenschutz.

Following a luncheon, the Robinson group presented Mrs. Dethloff with a baby shower gift.

The lesson stressed several points to be observed in living with teenagers: independence, friendship, planning leisure hours and encouragement in acquiring an education.

Next meeting of the Robinson group will be May 16. At 8 p.m. April 18 the Robinson group will have a social at the Veterans Building. April 25 they will tour the national Bank of Detroit.

### Over 100 Attend Lunch, Meeting Of Garden Club

One hundred ten persons attended the April 9 luncheon meeting of the Plymouth branch of the National Farm and Garden club, held at Meadowbrook country club.

The Northville and Rosedale Gardens branches of the club were special guests.

Mrs. Douglas Graham of Lansing spoke on "Black Magic with Herbs."

Committee chairman was Mrs. C. B. Latter. Others working on the luncheon were Mrs. Walter Roberts, co-chairman; Mrs. Neil Wick and Mrs. Russell Isbister, tickets chairman; Mrs. Albert Pint, Mrs. Paul Wiedman, Mrs. Gail Mason and Mrs. W. E. Lickfeldt, decorations chairman; and Mrs. Carl Shear, Mrs. Wiedman, Mrs. Walter Gemperline and Mrs. Walter Becker, hostesses.

### Mayor Proclaims Bike Safety Week

The Third Annual Bike Safety Campaign, sponsored by the Optimist Club of Plymouth opens officially on April 14, and continues through April 30, 1957.

The purpose of this campaign is to acquaint bicycle riders with the rules of the road, and to emphasize the importance of being alert at all times, and using common sense in respecting the rights of others on the road.

May I urge all our citizens to cooperate with the Optimist Club of our city. Let us make OPTIMIST BIKE SAFETY CAMPAIGN WEEK a success, and thereby teach everyone the lessons of safety found in such a worthy project.

Mr. and Mrs. Robert E. Manion

### Wise-Manion Vows Solemnized In Evening Candlelight Service

Before a candlelit altar decked with palms and white flowers, Elaine Mary Wise, daughter of Mrs. Violet Wise of 33445 Morris, Wayne, spoke her marriage vows in the Avondale Wesleyan Methodist church of Wayne, with Robert Edwin Manion, son of Mr. and Mrs. Herbert E. Manion of 681 Jener street.

The Reverend Kenneth Hill officiated at the 7 o'clock ceremony Saturday, April 6.

Musical selections were "Through the Years" and "The Lord's Prayer" with Donald Luther as soloist, accompanied by Mrs. E. Boyer.

The bride, given away by her uncle, Nick Elssesser, wore a gown of white taffeta with nylon lace, embroidered with iridescent pearls and sequins, and pearl necklace and earrings. She carried a bouquet of white rosebuds.

Virginia Duke, maid of honor, donned a frock of pink crystal-lette. She wore a pearl necklace and carried a bouquet of coral carnations.

Bridesmaids Patricia Wise and Jeanne McCormack wore gowns of coral crystallette with pearl

necklaces and pink carnation bouquets.

The bridegroom asked his brother, Donald, to be his best man. Pete Leemon of Plymouth and Robert Flowers of Wayne seated guests.

Mrs. Wise wore a navy blue crepe sheath dress with red and white accessories. Her corsage was of red rosebuds. The mother of the bridegroom chose brown and beige accessories to wear with her rose nylon lace dress to which she pinned a corsage of yellow rosebuds.

Two hundred attended the reception held in the church parlors immediately following the ceremony.

The newlywed couple traveled to Northern Michigan by auto for their honeymoon trip.

They will live at 33132 Alaska court, Wayne.

The new Mrs. Marion graduated from Wayne high school in 1956 and is now employed as a secretary at the Minnesota Mining and Manufacturing company in Wayne. Robert graduated from Plymouth high school in 1953 and is now a senior at General Motors Institute in Flint.

Well, old Br'er Rabbit is back in his glory again as the time rolls around for him to produce his annual miracle of the Technicolor eggs. At the same time the magazines and newspapers have been making a big thing of Easter clothes the past few weeks.

Through the years Easter has become a signal for scuttling the family budget in favor of a new set of pleats and ruffles . . . and milady would just as soon appear barefooted as fail to starfle the Easter Parade with a new bonnet. Maybe it's just because the whole world is waking up after winter. Flowers are bursting with color . . . and trees putting out their new leaves. ### Stuttering Clinic for Adults Open to All in Detroit Area

The spring Adult Stuttering Clinic will be held at Lee M. Thurston high school, 26255 Schoolcraft, beginning April 29. This class, only one of its kind in Wayne county, is offered as a part of the high school's adult education program.

Alby Lutkus, speech correctionist for the south Redford school district, conducts the course, making use of both individual and group therapy to help the adult stuturer learn to control and overcome his speech difficulties. Mr. Lutkus is a clinical member of the American Speech and Hearing association and is also a member of the Michigan and Wayne county speech and hearing associations.

The spring clinic is open to any adults in the Detroit area who need help with their stuttering problems. Registration for the course will take place between 7 and 9 p.m. April 24 and 25 at Thurston high school. Tuition for the course is \$20. However, this may be waived for anyone showing evidence of not being able to afford it. Classes will begin Wednesday, April 29, and will meet each Monday and Wednesday thereafter from 7 to 9 p.m. until June 5.

The goals of the stuttering clinic are threefold: to help each individual gain a thorough understanding of his speech problem, to help the stuturer to accept stuttering without embarrassment and to teach the individual to control his stuttering.

Inquiries pertaining to the clinic may be addressed to Mr. Alby Lutkus, Thurston High School, 26255 Schoolcraft, Detroit 39.

### It's Round-up Time May 4 at Bird School

Bird School will have their annual Spring Round-up from 5:30 to 9 p.m. Saturday, May 4, at the school.

Mr. and Mrs. Joseph Tate

### Charlotte West Becomes Bride In Presbyterian Church Service

Mr. and Mrs. Joseph Tate Before a flower-decked altar of the First Presbyterian church, Charlotte L. West became the bride of Joseph Tate in a candle-light service Saturday, March 22. The Reverend Henry Waich officiated.

Charlotte is the daughter of Mr. and Mrs. Earl C. West of Ball street. Parents of the bridegroom are Mr. and Mrs. Leo M. Kowalcik of Main street.

The bride, given in marriage by her father, wore a waltz length gown of Chantilly lace, featuring a fitted bodice with long tapered sleeves ending in points over the wrist and a Peter Pan collar.

Her Italian illusion skirt was fashioned with a Chantilly lace apron drape, white satin cummerbund and attached bow, falling in a floating panel effect. She wore a coronet of seed pearls and rhinestones, with a finger-tip illusion veil. Her bouquet was a cross fashioned of white roses with satin streamers and ivy.

Cousin of the bride, Nancy West, was maid of honor. Bridesmaids were sisters of the bridegroom Mrs. Janice Sparks of Walled Lake and Sally Kowalcik. They wore ballerina length gowns of confetti silk organza in shades of lavender, burnt red, bronze and aqua, with lavender picture hats, shoes and gloves. Their colonial-designed bouquets were of white daisies and violets. Keith Eversole of Ann Arbor

was best man. Robert N. Ollis of Walled Lake and James Wagen-schutz of Livonia also ushered guests to their seats.

The bride's mother wore a beige street-length gown with pink accessories and a corsage of pink roses. Mrs. Kowalcik chose a royal blue dress with lighter blue accessories, to which she pinned a corsage of red roses.

Musical selections for the ceremony were "Because" and "The Lord's Prayer", performed by organist Fred Nelson and soloist Margie Linbeck, cousin of the bride.

Guests from Ovid, Wayne, Dearborn, Plymouth, Flint, Ann Arbor, Ypsilanti, Waterford, Detroit, Allen Park, Garden City, Livonia and Walled Lake attended the wedding reception, held in the church parlors immediately following the ceremony.

For traveling through the Smoky Mountains, the bride wore an ensemble of powder blue wool with brown accessories.

The newlyweds are now living at 2122 Venoy road, Wayne.

Charlotte is employed in the First National Bank of Detroit, Plymouth branch, while her husband is working at the Moldex Tool and Die company in Dearborn.

Both are graduates of Plymouth high school, Charlotte receiving her degree in 1953 and Joseph in 1951.

## Social Notes

Mr. and Mrs. M. Graham Laible and daughters, Martha and Mary, of Livonia will fly Friday to New Smyrna Beach, Florida, for a visit with his parents, Mr. and Mrs. Milton Laible during the spring vacation.

Mr. and Mrs. Carlton Lewis of 888 Hartsough returned to their home after spending five months in Florida.

A special dinner, open to the public, will be served by the Re-organized Church of Jesus Christ of Latter Day Saints from 5:30 to 8 p.m. Thursday, April 25, at the Masonic Temple in Plymouth.

Mr. Frank W. Scott of Monroe was the weekend guests of Mr. and Mrs. Jack Scott of Parkview drive.

Mr. and Mrs. Jack Scott of Parkview drive and Mr. and Mrs. Hal Young attended the Community Theatre association of Michigan conference in Saginaw last weekend, staying at the Bancroft Hotel. They were guests of the Pit and Balcony Theatre players of Saginaw, hosts for the community theatre workshops.

Mr. and Mrs. Bernard Curtis, Bruce, Bernard and Marcel, plan to leave Friday to spend the spring vacation in Florida.

**GIRL SCOUTS** Diana Allen, 11, and Diana Lewis, 11, drop off an envelope with cancer literature at the home of Mrs. Margaret Hough, as part of their neighbor to neighbor campaign in Plymouth. Since the girls are not allowed to ring doorbells, citizens are to be on the lookout for the envelope this week.

### Girl Scouts Go on Neighbor-to-Neighbor-Drive To Help Raise Money for Cancer Society Fund

During the week of April 15 the Girl Scouts of Plymouth will set out on a neighbor-to-neighbor campaign to bring cancer literature to the people of Plymouth. The Girl Scouts are not allowed to ring door bells so citizens are asked to be on the lookout for the envelope that will be left at corner houses. Take out the literature and pass it on to your neighbor. Girl Scouts will pick up the envelope at the end of the block.

Citizens are asked to cooperate to the fullest in this project. This is a service project for the Girl Scouts. The American Cancer society is working daily to stamp out this killer in our city. It is the sincere hope and goal of the ACS to someday be able to say there are no known cases of cancer in our area. The community can and must help in this work. Volunteers are always needed. Plans to keep the ACS offices

open during the summer months for the convenience of the people we are now serving and those who may need what the ACS has to offer are being formed. To do this, however, we must have the work of the volunteer. Anyone who can help should contact the cancer office between 1 and 4 p.m. Monday through Friday. The volunteer can help with, such as cutting material, making cancer dressings, general office work and the mobile unit.

### Girl Violin Artist Will Give Concert Sunday, April 28

A public violin concert, featuring a guest artist Norma Auzin, will be sponsored by Madonna College at 8 p.m. Sunday, April 28, in DeSales auditorium. Donation is \$1.25.

During the intermission, piano selections of Tartini-Dreisler, Chausson, Chopin, and Rachmaninoff will be rendered by Berzkalns. A native of Brooklyn, Miss Auzin began her early musical training with William Acunto. During her high school days she was appointed, through competitive auditions, concert master of the all-city high school orchestra under the direction of Dr. George H. Gartlan. Later affiliated with the musical school of the Williamsburg settlement, she performed as a soloist with the orchestra. Continuing her musical training at the Julliard School of

Music, Miss Auzin studied with Ivan Galamian of whose symphony she became concert master. In 1951 she appeared as soloist at the Brooklyn Academy of Music. Miss Auzin, Latvian in descent, was guest soloist at the Festival of Baltic Music at Carnegie Hall, New York, in 1952. Again in 1953 she appeared in Carnegie Hall to give a solo recital.

El Paso, Tex., uses mountain standard time although an act of Congress in 1921 placed all of Texas within the central standard time zone.

### Theatre Guild Opens Last Play April 24

Russell Creel Jeannine Dehlager Bob Young Shirley Andrews Dean Saxton Phyllis Kelley

PLYMOUTH THEATRE GUILD will open its last play of the season next Wednesday night in the high school auditorium. "Over 21," a long-run Broadway comedy, will begin at 8:15 p.m. Wednesday through Saturday. The play is being produced by Loretta Young, directed by her husband, Hal Young, with the technical assistance of William Merrill of Will-O-Way Playhouse.

SHOWN ARE TWO OF the three speakers who will be heard at the Tre-Ore services from noon to 3 p.m. Good Friday at the Church of the Nazarene on Ann Arbor Trail. Captain William Roberts, on the left, is a former commander of the Salvation Army post in Plymouth, now director of a Detroit post. Dr. W. M. McGuire, on the right, is superintendent of the eastern Michigan district of the Nazarene church. The third speaker, the Rev. M. C. Hagedorn, is supervisor of the chaplaincy department of the Lutheran charities of Detroit.

### Schools Close Down For Spring Vacation

'Tis a happy day today for the four thousand-and-some Plymouth school youngsters. For the first time in a number of years they are being granted a spring vacation. After classes are dismissed at 3:30 p.m. today, the pupils (and their weary teachers too) need not return until Monday morning, April 29. This is a combination spring and Easter vacation. There will be one more vacation — Memorial Day — before commencement on Thursday, June 13.

The nearest passenger rail service to Death Valley, Calif., is Las Vegas, Nev., 140 miles away. Planes and buses do the shuttle service.

New York City's oldest bridge is Brooklyn Bridge, built in 1883.

### Ask City to Supply Water For Township Subdivision

The city's newly-reorganized commission may soon be faced with one of its toughest decisions—a request involving the granting of water to a proposed township subdivision. A letter was presented to the commission Monday night from the Garling Construction company asking if the city would grant a supply of water for 18 acres of land which the firm owns next to the eastern city limits. Frank B. Swapke, a Garling vice-president, suggested a price of \$5,000 for extending a water main to the property, located between Ann Arbor trail and Riverside Park. The builder would also pay for the taps. The past city commission established a so-called "water policy" which limited water taps only to those township lots abutting present water mains. Present commissioners must now decide whether to loosen the city's policy. City Manager Albert Glassford was instructed to make a report on the city's water policy, supply and other factors which must be considered in making the decision.

## Proper Landscaping Adds Beauty, Increases the Value of Your Property

Proper landscaping offers a "back-thru-h to beauty" for millions of plain and more or less externally uninteresting homes. Not only beauty is afforded but more healthful and more gracious living for the whole family, plus increased property value.

The purpose of landscaping is to blend the house into the landscape, making it more pleasing to the human eye, and to afford extension of the living quarters from indoors to outdoors by means of an outdoor living room, lovely garden, roses, fruits, berries and various other plants that make living more gracious for all the family.

In the foundation planting, there are three main locations for plants, at the corners of the house, at the entrance, as well as in the intervening connecting spaces.

In contemporary housing, entrance plantings require slow-growing, compact shrubs, which, at maturity, do not reach more

than several feet in height. Corner plantings consist of larger shrubs, or low growing trees. The connecting units are the areas in between the corners and the entrance. Usually they are low-growing shrubs that do not, at maturity, reach above the bottom of ground floor windows. Often low, spreading coniferous, or flowering broadleaf evergreens are used for the purpose. Much depends on personal preference in the matter of plants, since flowering shrubs and roses often are used in foundation plantings. Do not plant the shrubs in a straight line along the base of the house. Curved lines, with groupings of plants at the corners are preferred. And pay particular attention to the height of the foundation plants. When the plants are varied, you do not want a repetition of high and low plants, but smooth flowing lines, higher plants at the corners, lower plants in between. For taller houses higher-growing plants

may be used, but for ranch houses lower-growing plants are desirable when they are close to the house.

With the outdoor living room or patio you can really indulge your love of flowering plants. Principally you want a room that is open in the center and surrounded by colorful plant life that will be beautiful all year long. Principally you will seek privacy for family dining, entertaining or just relaxation and sun-bathing and this can be accomplished even on small properties by use of plant screens. Consultation with your nurseryman is advised for the plants which are preferred for screening in your area. But don't deny yourself the pleasures of flowering roses, perennials, for both beauty and cut flowers, as well as other shrubs and trees to supply interesting bloom from the beginning to the end of the growing season. Shade will be necessary.

## Six Steps Taken in Home Planting Said to Assure Top Grade Results

It's easy to plant the home property from a plan and, in the long run, is more economical. A good plan will tell you what and where to plant so you are certain, when the planting is completed, to have a far more beautiful and valuable property providing more gracious living than ever.

There are six steps to be taken in assuring top grade landscaping:

1. Many people will have their own ideas about landscaping. If you are building a new house, however, it is better to consult with your landscape nurseryman before you even start to build. He can tell you where to locate the house so you can take advantage of every opportunity for better living from a landscape viewpoint. Whether you are building anew or have made the best of what you already have, start with a plan.

With respect to older homes whose landscaping is overgrown, such a plan is just as necessary as with a new home. Oftentimes sound planning of re-landscaping can save many overgrown plants by transferring them to locations where they will serve a definite purpose. This first step, planning, is very important. Also sit down with whoever does the planning and discuss with him what you like best in plant life that expresses your own personality.

2. Once you have a good plan the rest is much easier. First comes the planting of one or more shade or flowering trees, depending on the size of your property. Trees take longer to grow than lawn grass, for instance, and you save valuable growing time by planting them at the earliest possible time.

3. Third, make a good lawn. Your nurseryman will advise open lawns for several reasons, mainly because open lawns are more attractive and they are easier to mow.

4. The foundation planting comes next. If your planting has become scraggly and out-moded it may be better for ultimate effect to tear it out and start all over. If an old or new planting, modern practice prescribes curved lines for the overall design. Plants should not be higher than the bottom of ground floor windows. Larger plants at the corners are "tied together" by planting low-growing plants between them.

5. Specimen plants and special gardens—outdoor living can be combined with specimen plants and a special garden that will provide a gracious, lovely outdoor living space. Roses are a must somewhere in this space. Perennials, flowering trees and shrubs should be planted to give a long blooming season, something in flower all the time. Use the very best plants available for this purpose. Dwarf fruit trees can be mighty attractive when in flower and in fruit.

6. Special problem plantings come next. Perhaps you have an undesirable view of somebody's back yard—you can use plants to shut it off at the same time providing beauty. Privacy is important. Traffic noises can be screened off by certain types of plants that are sound barriers. By carrying out a sound plan, family living can be infinitely more gracious and interesting. Whether it takes one week or five years, the home owner eventually come out with a more beautiful and valuable property. For people in a hurry to get the job done, FHA loans are available up to \$3,500, with five years to pay.

## Dwarf Trees Take Little Growing Room

If you have only a small space for your home orchard you can still plant dwarf trees to supply the family with a wide selection of fruit. Dwarf trees need to be set only ten to twelve feet apart. A space 30 feet square thus would contain nine dwarf trees, a fruit harvest sufficient for 4 or 5 people.

For temperate climate, apples, pears, peaches, plums and cherries provide an across-the-board selection. If they are kept cultivated, strawberries can be planted between the trees if desired, with bush fruits at one side of the small orchard.

In the case of all fruit trees two varieties of each type of fruit are desirable, and actually necessary in planting plum and cherry trees. Most dwarf trees usually bear the second year so one does not have to wait 8 to 10 years to get fruit. If plenty of space is available the standard trees provide higher yields and they also provide shade, if needed.

Dwarf fruit trees are ideal for the average family on the average size lot. Their care including spraying, is simple enough, since three sprays annually is usually sufficient—once in early spring, when dormant, just before the

buds break out; a second time during the later part of flowering period as the fruit begins to set, and then a month or so later. Some home owners spray more than three times, since with the dwarf trees one can stand in one spot on the ground and reach every part of the tree with ease. Here are a few varieties from which to select:

Apples—Cortland, Delicious, Macintosh, Rome Beauty, and Milton. Other excellent varieties for specific areas are listed by nurserymen everywhere.

Pears—Bartlett, Clapp's Favorite, Seckel and Bosc.

Plums and Prunes—Green Gage, Stanley, Abundance, Bur-

bank, Reine Claude, Damson, etc. Peaches—Hale Haven, Alberta, Golden Jubilee and Jerseyland.

Cherries—North Star, Brilliant New Meteor; others include Napoleon, Windsor, Montmorency and Black Tartarian.

Consult with your nurseryman for the favorite varieties in your area.

### Trees Lift Tons of Water

A tree will lift several thousand pounds of water for every pound of minerals that are utilized in tree growth. The minerals, in solution, are taken by the roots of the tree in water which continues up the trunk until it evaporates from the leaves, leaving the minerals as plant food on the way.

### Rhododendrons, Azaleas Offer Garden Variety

Fascinating new hybrid rhododendrons and colorful new azaleas of one variety or another can be grown successfully practically everywhere in the country except in areas where soils are heavily alkaline. The plants offer an exciting event in gardening for those who have not tried them. Once planted and mulched they require very little maintenance after they are established, while they produce spectacular masses of bloom regularly, year after year.

Colors range from white and pink through lavender, orange to deep reds. Even in many alkaline soils they can be grown successfully by the addition of peat moss, sulfur, aluminum sulfate or other chemicals to acidify the soil as advised by nurserymen.

Graveside services were held at 1 p.m. Tuesday, April 16, at Riverside Cemetery for Lisa Baughman, one-hour-old daughter of Mr. and Mrs. Keith Baughman of 1124 Carol street.  
She was born at 4:40 a.m. April 15, at New Grace hospital in Detroit.  
Surviving are her parents, sister Linda Baughman, grandmother Mrs. Hattie Peck of Northville and grandparents Mr. and Mrs. William Baughman of Copenish, Mich.  
Mrs. Baughman is the former Louise Peck.

**\$9,400 Street Sweeper Purchased by Commission**

Cleaner streets in the city should become a reality within the next week due to action taken Monday night by the city commission to purchase a new street sweeper.

Approved was a bid of \$9,405 by the Telford Equipment company, Detroit. While they will not guarantee delivery until 45 days, they have promised to loan the city a sweeper until then.  
The Wayne model offered by Telford was not the lowest bid. The R. G. Moeller company offered a sweeper \$193 cheaper, but commissioners looked at features of the two machines and decided that the Wayne model was the "best" bid. Parts for the Wayne model are also readily available, City Manager Albert Glassford reported.

The present sweeper has been in a state of disrepair off and on for several years and commissioners last month decided to advertise for bids. There were five companies bidding, but several were rejected because they did not meet specifications.

In other business before the commission, it was reported by the manager that an attempt must be made to appoint a new health officer. Dr. Barry Alford was appointed by Mayor Russell Daane and approved by the commission at the last meeting, but Manager Glassford said that a check of his address reveals that he does not live in the city, and therefore is ineligible to take office. City charter requires city officers to live in the city.  
Dr. Alford has agreed to serve

as acting health officer until a new appointee is found, the manager added.

A bid for the paving of the east half of McKinley avenue was approved by the commission. Low bidder was G. Tocconino & Sons, in the amount of \$6,197. The Parklane Subdivision is paving the west half of McKinley, and a separate bid had to be taken by the city for pavement of the east half. Abutting property owners will pay for the work.

A half hour of the meeting was devoted to an amendment of the zoning ordinance which has already received its first reading. It concerns the re-zoning of a strip along South Mill near the junior high from light manufacturing to residential. An abutting property owner, Claud F. Wilson, appeared at the meeting to ask that approval be delayed until he works out further real estate deals which would decide if one portion of the proposal should remain two-family residential or be changed to one-family. The commission approved one portion of the proposal dealing with a rezoning of property near the city limits on Starkweather, but decided to delay the Mill street portion.

The newly-elected supervisor for the city, George Witkowski, reported that he had attended his first board of supervisors meeting last week and found that it is "definitely a political job." "I'm getting my feet wet," he added, "and will have to sit back and listen for a while."

Mrs. Edmond Watson, Mrs. Marjorie Becker of Northville and Mr. and Mrs. Charles Minehart of Clemens drive attended a dinner party at Temple's in Wayne Friday evening honoring Mr. and Mrs. Robert Brightman of Romulus who are leaving soon to make their home in California.

**School Board Buys Bus, Re-affirms Salary Proposal**

Purchase of a new bus was approved by the board of education at a special meeting held Monday night. The contract went to the low bidder, Berry & Atchinson, for \$7,151. It is a GMC chassis with a Carpenter body.

The bus has a capacity of 66 passengers, the largest ever purchased for the local bus fleet. It will be an addition to the fleet, not a replacement.  
In other business before the board, members re-affirmed their previous position on the salary schedule which they presented to the salary committee of the Plymouth Education association two weeks ago. Last week the salary committee appeared at a special meeting and presented a salary schedule of their own somewhat higher. The board, however, stated Monday night that they must stick to their original proposal.

The board did rescind previous action which asked administrators to come up with a system of rewarding "merit" teachers. They had asked administrators to present a policy of merit pay by September, but at the suggestion of the Personnel Policies Committee of the School Community Planning Group, the board decided to postpone the September 1 deadline. They have asked for progress reports in June and September.

Optimists says, "Children especially often think traffic rules are applicable only to motorists. This is a mistaken notion."

"Last year there were more than 30,000 accidents and an additional 480 deaths caused by bicycles. An examination of these statistics shows that more than 23,200 accident victims were between the ages of five and fourteen—the "vulnerable age". It is the hope of the Plymouth Optimist Club, through the Bike Safety Week campaign, to encourage intelligent bike safety education, to encourage traffic laws and lead bike riders to an awareness of the responsibilities in traffic.

The bike safety problem is a big one. This fact has been known for a long time. However, the problem can be eliminated with the cooperation of motorists, cyclists, civic leaders and police. Only when everyone in the city becomes bike safety conscious can this program really become a success. Only then can Plymouth take its place among those cities that have eliminated this safety problem.

The Optimist Bike Safety Week campaign is endorsed by the Plymouth Police Department.

**Area's Oldest Resident, Mrs. Moore, Dies at 101**

Plymouth's oldest resident, Mrs. Ella Jane Moore, 253 Irvin street, died at her home April 10 at the age of 101.

Born March 25, 1856 in Allentown, Pennsylvania, Mrs. Moore had been a resident of Plymouth since 1942 when her son retired here from an Army career. Mrs. Moore had not been ill but had been confined to a bed or chair due to her advanced age.

Funeral services were held Saturday, April 13 at the Schrader Funeral home at 1 p.m. The Reverend Henry J. Walch, D.D., pastor of First Presbyterian church, officiated, interment was in Riverside cemetery.

Mrs. Moore was the daughter of William and Mary Ann Klein Kern. She was united in marriage with Lewis C. L. Moore who died in 1883.

She long ago out-lived all of her close relatives and friends, but her four grandchildren, eight great grandchildren and seven great, great grandchildren still held her interest. Her grandchildren were Miss Helen Moore of Plymouth, Wayne L. Moore of Orchard Lake, Mrs. Evelyn Davis of Thompson Falls, Montana, and Col. Richard Moore of Alexandria, Virginia.

Her descendants have fought in four wars and Mrs. Moore herself recalls hearing guns of the Civil War near Allentown. Her son, William was an officer in the Spanish-American War, World Wars I and II. Her grandson, Col. Richard Moore, was also in World War II and a great grandson was in the Korean War. "I hope there won't ever be any more wars," she often declared.

Mrs. Moore had lived with her son and daughter-in-law, Col. and Mrs. William Moore, at many Army posts before they settled in Plymouth. Col. Moore died in 1944 and his wife passed away in 1952.

**Area Western Electric Superintendent Honored**

One of the first Western Electric company officials to move to the Plymouth area in preparation of the firm's new location here has been honored by his friends and associates in recognition of his 30 years of service on April 14.

He is William W. McKeel of 20155 Whipple Drive, Northville, who is production superintendent at the Oakman Avenue plant. He recently built a new home in Northville to be closer to the new Western Electric plant on Sheldon road.

He was born and raised in Murray, Kentucky where he attended Murray State Teachers' college before starting with Western Electric. He is an active Mason and is a member of the Blue Lodge chapter and Knights Templar. He expects to participate in community activities in and about Northville and Plymouth.

At the time of the San Francisco fire of 1906 about 90 per cent of the city's buildings were of wood.

**Historical Society Exhibit Being Set Up in Detroit**

Plans for the final dinner meeting of the Plymouth Historical Society and announcement of the Detroit Historical Museum's Plymouth exhibit were among the topics under discussion at the group's meeting last Thursday night.

With Lawrence Money presiding, the society held its last regular meeting until next fall. The eighth annual dinner meeting will take place Thursday, May 9 at the Oddfellows Hall on Elizabeth street. Starting at 6:30 p.m., the family style chicken dinner will be provided by the Rebeccas. Tickets are \$2.50.

An election of officers will take place at the dinner meeting. Tickets will be on sale at Cassidy's and Huston hardware.

The Plymouth Historical display in Detroit is now being set up. It will remain until July 15. The general public is always welcome but a special Plymouth program with special speakers is now being planned. It is hoped that one of the speakers will be George W. Stark of the Detroit News and on the board of directors of the Detroit Historical Museum.

Doors of the museum are open from 1 to 10 p.m.

The program portion of last week's meeting was provided by Karl Starkweather. He presented the first portion of his paper, "William Starkweather and the Founding of Plymouth." Subsequent portions of his work will be offered next fall.

WHY IS IT THAT MANY BABIES LEARN TO WALK IN A NEW PAIR OF SHOES?

The most probable reason is that the old shoes were too small, if you will notice, babies use their little toes for balance. When they walk in their bare feet, or sox the little toe of the right foot points to two o'clock while the others point to twelve. After the babies learn balance the little toes become less and less important and close in with the other toes, so they can wear shoes in adult life that do not look like rubbers.

# Golfers Impatiently Await Better Weather to Tee Off for Season

(This is the first in a series of three articles concerning Plymouth's golf courses.)

By Dave Jolliffe

Beginners, duffers, and amateurs, all with a spring born boldness, tackled the tough Brae-Burn Golf course two weeks ago to inaugurate the 1957 golf season on a clear but chilly day.

Although a so-far dismal spring has not been encouraging to Plymouth's impatient corps of golfers, Mrs. Fred Block, manager of Brae-Burn, is optimistic over the coming season.

"We were rained out on our last two opening days, so 70 golfers on the first day were real encouraging," she laughed, and at the same time looked hopefully out at the dark soggy day.

This will be Fred and Walter

Block's third summer at operating the 28 year old course, although the two brothers rarely see Brae-Burn during the week because of their Automotive Radiator Repair business in Detroit which takes most of their time.

Last summer the course was expanded to 18 holes, which, in addition to the 18 hole Hilltop Golf Course, gives Plymouth golf enthusiasts plenty of nearby opportunity to beat par.

But at Brae-Burn, par-busting is the exception rather than the rule, according to Mrs. Block. "Most of our members agree that the front nine is a real challenge."

Brae-Burn is an exception to most courses in that both nines are laid out in a circular pattern so that numerically chronological

fairways do not border one another.

The course has been cleared of aggravating brush on the sides of fairways and relies instead on several strategically placed groves of trees which serve a two-fold purpose of beautiful foliage and irksome hazards.

Par is a tough 35 for the front nine and a challenging 33 for the back nine. The longest hole, a 545 yard dogleg, with a par 5 for perfectionists, ruins many potentially good scores early in the game, according to Mrs. Block.

Another tough challenge that reappears during the 18 holes, is an innocent appearing creek which winds through the hill strewn 132 acre course and often exasperates the most even-tempered golfer, who finds his ball half buried in water and an almost impossible shot awaiting his ingenuity.

"Most of our golfers find they use every club in their bag sometime during our 18 holes," Mrs. Block said proudly.

The 1957 vintage golfer will find lockers in the basement of the club-house to round-out last year's shower facilities.

For dedicated golfers who expect to play several times a week the Blocks have instituted what they call an "A" Membership; \$85 for men and \$50 for women on a seasonal basis. The club boasts 40 of these members.

Last year Mrs. Block estimates that over 2,000 golfers preferred the "B" type of Membership. It consists of a \$1.00 fee for new members, 50c for renewals, and regular green fees for every outing.

During the summer months the course requires the services of 5 full-time caretakers and three assistants in the clubhouse. A kitchen and small dining room accommodate guests.

Aptly named William Raeburn, who learned his duties in Scotland, has served as head greenkeeper for two years and is as much a part of Brae-Burn as the first tee, according to Mrs. Block.

"We're looking forward to a good season," Mrs. Block concluded as she looked out of Brae-Burn's bright dining room at the dark snow clouds hovering over the course.

"That is if spring ever arrives."

PHS Golfers Win Opening Match

Coach John Sandmann's varsity golf squad got Plymouth's 1957 spring sports season off on a winning foot by downing Livonia-Bentley 177-186 at Bentley's Ivy Wild home course.

Cold weather and high winds failed to stop the linker's second attempt to inaugurate Plymouth spring schedule. Tom Carmichael was medalist for the meet with 40. Don Kwazney was second with 42. Plymouth's John Taylor pulled a third with 45. Skip Rambo, Kurt Atchison, and a Livonian tied at 46 strokes. Then Bentley had a 48 and 50 to round out the match.

The golf squad had meets scheduled for Tuesday and Wednesday of this week. Tuesday match was Trenton here. Wednesday was Bentley here, and Thursday the locals take on Ypsilanti here.

Local Hardball Team Begins Warm-ups Sunday

Spring warm-ups will start this Sunday afternoon at 2 o'clock for the Plymouth Merchants baseball team which this year will again be entered in the Inter-County Class A League.

Co-managers Warren Bassett and John Schwartz have called practice at the Riverside Park field and are inviting new talent to try out for available positions.

Although most of last year's team are expected to return, there will be some positions in the outfield and infield to fill, the managers said.

The team is sponsored by 15 local merchants. The 18-game regular season has games scheduled on Sundays and holidays. The first game of the season will be Sunday, May 12. Closing the season is the play-off. Last year the Merchants finished second in both the league and play-off.

The league is for amateurs only. Merchants interested in sponsoring the team are also urged to contact Schwartz.

New Adult Classes To Begin Soon

Recreation director Herb Woolweaver has announced the following classes will begin soon: May 2 the dog obedience class will start with instructor Eva Crone handling the classes. The purpose of the class is to teach the dog owners how to train their dogs for obedience and performance. For information and registration call Herb Woolweaver at 895.

Any person interested in golf may call and arrange for instruction at their own convenience. Instructor is pro Jack Millard, who can be reached at Normandy 8-9514 or for information call Herb Woolweaver at 895.

Director Woolweaver states the Recreation department is contemplating a junior golf league for this summer. Holding meets at the Hilltop Golf Course. The league would include a 13 and under class, 15 and under, and 17 and under. He thinks there will be a qualifying meet at which the students would be grouped according to their ability. All rates would be reduced. For further information call Mrs. James Izett at 3418-M or 895.

## Sports Seen

By Bob Young

Do any of you regular readers remember the opening sentence on one of the swimming stories this past season. It started out Grrrrr We're tough. Well the track could easily adopt a similar phrase. Their's would read Brrrrr We're cold. The weather continues to dominate the action on the sport front. The track and golf meets were cancelled last week due to cold weather.

My prediction for a track victory was not right, but then again it wasn't wrong. The Plymouth squad didn't gain a victory, but they didn't suffer a loss as old man weather beat out both teams.

HAYES JONES ATHLETIC CAREER FINISHED is the headline I read in the Eastern Echo, Eastern Michigan College newspaper, last Sunday evening. The two column deck head continued CONTINUOUS CANCELS CHANCES TO TOP CALHOUN AND CAMPBELL.

For those of you who do not know who Hayes Jones is, I will attempt to fill you in. He was probably the most publicized high school track star of last season. He ran the hurdles and participated in a number of field events for Pontiac High School. He is now attending Eastern, where he is running varsity track as a freshman.

Eastern Athletic director Elton Rynearson revealed Jones suffered a contusion on his first fixor longus diffortium of his right tarsal structure—which in simple terminology means that the young man will, in all probability, never again be capable of participating in athletics.

Do you suppose the idea the paper came out on April Fools Day has anything to do with the obscurity of the story? Incidentally the story was written by H. Am.

Joe Bodrie, possessor of the fastest gun alive, gave evidence of that claim last Wednesday evening in the Bronson Building before a capacity crowd of amazed people. Bodrie displayed many of the quick draw, trick turn, and fancy gun handling that won him his job as the first fast draw exhibitionist for the Colt gun company in one hundred and twenty years of service.

Bodrie, who is an honorary marshal of River Rouge, is touring the United States trying to hit as many towns as possible. This is his third time in Michigan this year.

Bodrie has appeared on such

highly rated shows as Arthur Godfrey, Playhouse 90, and Omnibus. On the Godfrey show Bodrie did the same trick that stumped so many of the local people at the exhibition. He stands ready to draw while a person from the audience stands ready to clap. The object is for Bodrie to draw the gun and have it in between the man's hands by the time he claps. It's always the clapper that has the sore palms as Bodrie hasn't failed yet.

I've decided to go big time. Put this as a mental note. About two weeks ago the Detroit Red Wings gave out a list of five they considered as untouchables. That list did not include the Ted Lindsay, who has established himself as one of the ten greatest hockey players in NHL history. Nor did that list include Vezina trophy contender, Glen Hall.

Toward the end of the season Boston goalie Terry Sawchuk, former ace goalie of the Detroit Red Wings, quit his Bruin backstop position. I've heard Sawchuck is in Detroit. Now you figure it out. The only player who's eligible in the NHL who would be big enough for a trade for Lindsay would be Sawchuck, which would also explain why Hall was not included in the untouchable position.

A very dear friend of mine is expecting a blessed event. The happy couple is Mr. and Mrs. Lee Waters of Sheridan Ave. This is a little out of my line, but I like to predict. The crystal ball sees a little bouncing boy. Maybe that should have been a dribbling little boy since this is a sports column. In case the stork does get mixed up and brings a girl, maybe she will be another Babe Zaharias.

# A new age of automobiles begins with this car

Here Today! The FORD SKYLINER—world's only Hide-Away hardtop

Once in a long, long while a car comes along that people remember and talk about for years after its introduction.

The first model "A" Ford was such a car... The first Ford V-8 was such a car... The first Ford Thunderbird was such a car.

Today Ford Division is proud to announce still another car that many say is destined to become the most famous Ford of all: The Skyliner—the world's only hide-away hardtop.

If you plan to buy a new Ford, or already own one, the fact that Ford created this car is important to you. For all the exhaustive research, planning and testing that went into the Skyliner is evidence of the engineering skill you get in every Ford model.

The Ford SKYLINER, the only all-steel hide-away hardtop, is a car for history.

This is an old dream of Detroit, a dream of two generations of motorists. And today Ford has made that dream come true—in steel.

But the story behind this dream is a story of men who refused to accept "no" for an answer. In the Ford tradition they kept striving toward the goal long after others had given up the chase.

To understand this Ford spirit you must go back to 1908. That was the year

when many Detroiters smiled smugly as Henry Ford announced, "We will build a motor car for the great multitude . . . so low in price that no man making a good salary will be unable to own one."

And they did. Today, nearly a half century later, Ford continues to cause the "experts" to change their tune. When you see this all-steel hardtop that retracts into a convertible, you'll be seeing a car that many said would never be mass-produced.

But Ford did it.

It was December 1956—after eight years of research, planning, experimenting and testing—when Ford unveiled this masterpiece . . . unveiled it amid all the pomp and splendor of the New York Automobile Show.

And now this history-making car, this prototype of a whole future generation of cars, is ready for your own personal inspection in the showrooms of many Ford Dealers.

Plan to see it soon. And ask your Dealer to show you the exciting advances in all models of the new Ford line for '57.

## It's the newest new kind of Ford

1. It's an all-steel hardtop with sleek Victoria styling. . . 2. Touch a button and presto! It's a sun-loving convertible!

**THE READER SPEAKS UP**

The glowing tribute by "Grateful Citizen" in the April 11 issue of the Mail for the late departed members of the city council is reminiscent of the eulogy so often delivered at the last rites of a citizen on the way to his reward. His favorable accomplishments are greatly lauded while his not so favorable attributes are permitted to quietly accompany his earthly remains to their crypt in oblivion.

Through the efforts of the deceased, the city of Plymouth may have gained certain material benefits, but also has lost the friendship, respect and trust of its parent and neighbor, the Township of Plymouth. The un-neighboring treatment accorded the citizens and officials and the unethical attempts to confiscate and exploit the resources of the very life blood of the township will forever remain a blot upon the pages of the city's history.

The better parking, the cleaned streets and the other benefits credited by "Grateful Citizen" to the departed will remain a monument to a period in the history that future citizens will not refer to above a whisper when in the company of those who still believe in the policy of "Do unto thy neighbors as you would wish them to do unto you."

In contrast to "Grateful Citizen", the electorate of the City of Plymouth apparently made a more thorough appraisal of their net gain from having chosen unwisely at previous elections and have taken steps at the last election to attempt to recover their lost ground and return to their starting point for another try. So here is a word to your new city council: I am convinced that the citizens of the township will be willing to forgive and forget; so why not start anew and try to solve our community problems by a show of sincerity and good faith.

We extend to you the olive branch and hope that we can meet across the table in a spirit of true neighbors. Each of our communities has something to offer that can be of benefit to all of us, so why not approach the problem with a sense of fairness and equality for all. Let us banish forever the thought that might makes right and that the end result justifies the means.

And to you voters of the City of Plymouth, our sincere thanks and a respectful tip of the hat to each of you, and better luck this time.

Grateful Neighbor

**Biggest Sellers...because they're Biggest Savers!**

THEY STAY ON THE JOB, SAVE ON THE JOB—Middleweight model 6403 with special platform body; 3204 pickup on the road.

**Chevrolet trucks are built to be the biggest savers! They bring you super-efficient power in lean-muscled V8's and hard-working 6's. And they offer modern features that mean greater comfort and easier handling!**

Take a look at the way these Chevrolet trucks are put together. Frames, axles, suspensions, all chassis components are built to shrug off the relentless beating of a long,

tough schedule. You see that stamina and dependability are built right in.

Look at the safety and convenience features in Chevy's handsomely tailored cabs. They're roomy; the sitting's soft and comfortable. You've got Ball-Gear steering, High-Level ventilation, panoramic visibility, modern features that are important to the morale and efficiency of your drivers.

Look at Chevrolet's line-up of super-efficient V8's and 6's. You get the right power for the job—more usable power for pulling your payload; less power lost moving the engine's own weight!

All heavyweight truck models and many middleweights come with V8's as standard equipment. Light-duty Task-Force jobs feature the latest edition of the savingest 6-cylinder engines in the history of the truck industry. High performance V8 power—with the shortest stroke of any V8 in the industry—is optional at extra cost in lightweight haulers.

Stop by and talk it over with your Chevrolet dealer. He'll show you a model that lives up to the latest in engineering advancements; a truck that will stay and save on any job you've got!

**NEW FROM CHEVROLET**

New, bigger capacity pickup added to the Task-Force line!

It measures a full 98 inches in length—the longest size 1/2-ton pickup body money can buy! Like all Task-Force pickups, Chevy's new higher capacity model features a low loading height, flat-ledge side panels, steel skid strips in the box floor and grain-tight tailgate. There are running boards, too, for easier side loading, and no bulging wheelhousings to rob you of valuable load space.

MEMBERS OF THE GREEN-FRENCH wedding party are matron of honor Mrs. Eugene Dallas, Charlene Green, John D. French and best man Carl Green, brother of the bride.

### Charlene Green Becomes Bride In Northville Church Service

Before a candlelit altar decked with carnations, Charlene Green became the bride of John D. French in a 7 o'clock ceremony Saturday, April 7, in the First Presbyterian church of Northville.

Charlene is the daughter of Mr. and Mrs. Emery Green of 41472 Warren road, Plymouth. Mr. French is the son of Boyd Johnson French of Bluefield, West Virginia.

Reverend John O. Taxis officiated at the evening ceremony. The bride wore a navy blue

street-length dress trimmed with white lace, and with white accessories. Her corsage was of pink carnations and baby iris.

Matron of honor, Mrs. Eugene Dallas, wore a navy blue dress trimmed in white, also with white accessories. Her corsage was of pink carnations.

Carl Green, brother of the bride, served as best man. A reception following the ceremony was held at the home of the bride's parents.

The newlywed couple will make their home at 41454 Warren

### K of C Official Conducts Service At Local Meeting

Vincent T. O'Meara, master of the fourth degree, conducted a memorial service for deceased Knights of the local council, at the April 8 meeting of the Plymouth council No. 3292, Knights of Columbus.

The Krazy Cats won after a roll-off of a tie for first with the Krazy Cats in the mixed bowling league. The banquet will be held on Saturday, May 11. Ed Kaunisto may be contacted for information.

Next regular meeting of the council is at 8:15 p.m. Monday evening, April 22, at the council hall on Union street. Past Grand Knight Robert Wilkey of Redford council will continue his discussion.

The 53,000 Knights of Columbus in Michigan will celebrate the founding of their parent order in New Haven, Conn., March 29, 1882, by inducting 650 members, May 4 and 5 in some 15 simultaneous initiations throughout the Detroit Archdiocesan area.

Larry Zielanko, Grand Knight of the Plymouth Council, stated that in 1956, the K of C attained a membership of over 1,000,000 affiliated with 3,900 councils in every State and Province of United States and Canada, as well as Mexico, Cuba, Puerto Rico, Panama and the Philippines.

The May 4 and 5 celebrations will be climaxed by a banquet and dancing party at the Detroit Sheraton-Cadillac, at which the new knights will be honored guests. Locally the council is planning a 75th diamond jubilee anniversary celebration with a party tentatively set for 7:30 p.m. May 8. Newly-initiated members and their wives will be guests. There will be dancing, refreshments and light lunch.

PAST EXALTED RULER of the local Elks, Wayne Cline, hands over the gavel to the new Exalted Ruler, Thomas Argo, at the installation held recently.

### Picking Date of Easter

How is the date of Easter determined? "The date of the full moon of April 14 this year is important," Hazel M. Losh, University of Michigan associate professor of astronomy, says. "It is the determining factor in the fixing of Easter."

"In 325 A.D. the church fathers gathered in council at Nicaea, and among other things set the date of Easter once and for all," the astronomer explains. "It was set as the Sunday following the first full moon that occurs after the Sun enters the equinox." As a result, this year Easter comes late - April 21 - with the full moon on the 14th.

"Perhaps one reason for choosing the time of full moon in fixing this date was to afford pilgrims safe travel on the roads to the Holy City for the Easter festival," Professor Losh points out. "The light of the full moon enabled them to travel in comparative safety by night as well as by day."

This day fluctuates over a period of 35 days between the equinox and April 25, the latest date that Easter may occur. "In 1943, it occurred on this latest day, April 25, but this will not happen again until A.D. 2038," the professor maintains. A March 22 Easter will not take place until A.D. 2285.

### Farmington Players to Present Comedy

Performance of the comedy, "Two Blind Mice," will be put on at 8:30 p.m. by the Farmington Players May 10, 11, 17 and 18, at the Farmington junior high auditorium on School street, one block north of Grand River and two blocks east of Farmington road.

The two blind mice are a pair of sweet, daffy old ladies, who start a Washington scandal, by operating a government office four years after it has been abolished. Tickets are available from Kay Cavanaugh, GR. 4-4466, 33904 Glenview drive, Farmington.

### Winners Chosen In Essay Contest

Winners of the American Legion auxiliary's annual essay contest have been announced by Mrs. Fern Burleson, Americanism chairman, Passage-Gayde unit 391.

Roger Kenner, 11th grade, won first place and Richard Small, 10th grade, second place, in the junior group. Steve Hayskar, 8th grade, took first place, and Susan Neal, 7th grade second place in the junior high school.

There were 53 essays turned in. First place winners are sent to District headquarters for judging, and from there they are sent to the department. Title of the essay was "Heritage of a Free Land."

The winners will receive awards at the business meeting, Thursday, May 9. Last year, Sylvia Robertson was in first place in department.

### DAR Will Hear Reports Of Continental Congress

Daughters of the American Revolution will meet at 1 p.m. April 22, at the home of Mrs. Walter Gemperline, 47447 N. Territorial road, to hear reports of the 66th Continental Congress, held April 15-19 in Washington, D.C.

Local delegates attending were Mrs. Claude A. Cruse, regent; and Mrs. Ernest Shave, member of the board of directors.

### Army Office Offers Aid To Small Businessmen

An advisory service for Michigan small businessmen to help them solve some of their management problems and to answer questions in connection with their efforts to secure government contracts has been offered by an Army Ordnance small business specialist.

Plymouth Chamber of Commerce is among the 42 Chambers in the area cooperating in a plan to post a daily register of all pending Army Ordnance contracts for weapons, ammunition and tank-automotive equipment. Carl Kaltwasser, small business specialist at the Detroit Ordnance District, said that many potential suppliers are not registered with the local Tank-Automotive Command. If representatives of small businesses would write or stop at the office at 574 Woodbridge, "we would be only willing to serve them."

### 'Heart of Home' Classes Planned

There is still time for homemakers in the northwestern area of Wayne County to register for the free "Heart of the Home" classes in work-simplification to be offered at the Rosebade Gardens Civic Association, 9611 Hubbard, Livonia, by the Michigan Heart Association according to Mrs. Hannah R. Pretzer of the Wayne State University Department of Home Economics who conducts the classes. The first class of the series will meet from 1 p.m. to 3 p.m. starting Thursday, May 2.

Any homemaker may enroll in the program although women with an ailment of the heart or blood vessels; hypertension, hardening of the arteries, coronary heart, rheumatic heart, varicose veins, and other disabling diseases, will be admitted to the classes first. The classes are made possible by the Michigan Heart Association through funds received from the United Foundation Torch Drive.

Each homemaker attends four (two-hour) lecture - demonstration classes which will be held on May 2, 9, 16 and 23 from 1 p.m. to 3 p.m.

Any woman in the Northwestern area of Wayne County who would like to attend the free "heart-saving" classes being offered by the Michigan Heart Association can do so by calling the office of "The Livonian", GARfield 2-3160, for complete details.

The "Heart of the Home" Program is endorsed by the Wayne County Medical Society and Doctors of Medicine are being urged to refer their cardiac patients to the classes.

**Boy Scouts Brave Snowy Weather, Pass Outdoor Test**

Sixteen boy scouts from Troop P-4, sponsored by the Presbyterian church, participated in an outdoor camping exercise Saturday, April 13, at a turkey farm on Territorial road, west of Plymouth.

In spite of the cold snowy weather, several of the scouts passed tests in outdoor activities. They followed an elaborate compass course set up by scoutmaster Paul Steencken and assistant scoutmaster Bill Ivey.

The boys learned to construct lean-tos from sticks, leaves and twigs, against the wind. They built fires and cooked in the open and sang songs around the campfire in the evening. The troop meets every Monday evening at the Presbyterian Church from 7 to 9 p.m. Boys interested in joining may call Mr. Steencken or Mr. Ivey.

Nationalism was made possible by the development of siege warfare to reduce the isolated forts that permitted the local autonomy.

## American Legion News

Oratorical winner in the department was Theodore Everingham, 17, of Jackson. He was sponsored by the Richard F. Smith post, No. 29 of Jackson, sponsor of the state winner in last year's contest. Also competing in the finals, held at Eastern Michigan College, Ypsilanti, March 15, were Neil H. Fink of Detroit, Carl E. Lugviel of Marquette, Edward Poyner of West Branch and Calvin Mortenson of Pontiac. Everingham's winning oration was titled "Freedom Plus". He represented Michigan in the region seven finals, held at Crown Point, Ind., April 5.

Testimonial dinner for Anne Gilman, department auxiliary president, will be held April 27 at the Par 4 club in Petoskey. Cocktails will be served from 5:30 to 7:30 p.m., followed by the dinner. All legion and auxiliary members are cordially invited to attend. Send reservations for the dinner to Mrs. Fay Johnson, Box 12, Petoskey, Mich. Officials suggest arranging for hotel or motel rooms beforehand, if planning to remain overnight there.

Mrs. Dorothy Knapp, poppy chairman of the Passage-Gayde unit, said that judging of the poppy posters will be Wednesday, April 24, at her home, 798 Pacific avenue. Unit and post members are to attend.

Orientation and indoctrination course for volunteers will be given at the Ann Arbor V.A. hospital auditorium from 9 a.m. to 4 p.m. Thursday, April 25. Volunteers are needed. Also, those who have been working without the training course should attend. Recognition ceremonies will be at 8 p.m. Tuesday, May 14, at the hospital, honoring volunteers who have 100, 300, 500 or more hours work. Two American Legion auxiliary members, volunteers who started in 1954, have over 500. Call Dorothy Knapp, 3396, or Mildred Hower, 876-W, if planning to take this course.

Mrs. Gwen Holcombe, junior activities chairman of the unit, is asking for old nylon stockings to be used at the V.A. hospital in Ann Arbor for occupational therapy. Stockings are used in weaving, as well as odd lots of yarn. This is a project of the juniors. Contact Mrs. Holcombe for more information or pick-up, 1759-M.

The last card party will be Saturday, April 27, at the Veterans Community center. A spaghetti supper will be served from 5:30 through 7:30 p.m. Those wishing to stay after supper will be able to play cards. This project is the last for the Flag fund.

Next business meeting of the post is at 8 p.m., May 1, at the Veterans Community center.

## Grange Cleanings

Tonight is regular meeting night, and there will be no supper this time. It is hoped there will be a good crowd anyway. The lecturer has a nice program planned, and she is sure all will like it.

Mrs. Farley is home from the hospital and feeling fine. Mrs. Belle Walsh is staying with her for the present.

Local Grange members were saddened last week by the loss of one of their older members, Mrs. Mabel Oldenburg, who passed on April 8, after a long illness. Mrs. Oldenburg was their pianist for some time.

Grange members are to get their tickets early for the last party of the season, April 27. There will be a good supper, followed by cards and dancing, with door prizes as usual. Mary Fillmore and Louise Tritton will have tickets on hand tonight. They request that reservations be in by April 25. Tickets will also be available at the door, but they request that reservations be in by April 25, since it is necessary to know how many to prepare for. On the menu are chop suey with noodles or rice, tossed green salad, homemade rolls and butter, homemade lemon and cherry pies and coffee. It'll be a real old-fashioned, home-cooked meal.

The white stork, one of Europe's best-loved birds, is so fast that when the young are two feet high they are still babies and need their parents' care.

**Brothers Help Father Celebrate 50 Years of Ministerial Work**

Sunday, April 5, Mr. and Mrs. Milton Gibson of Morgan and Mr. and Mrs. Maurice Gibson of Butternut street drove to Nashville to celebrate the men's father's 50th anniversary in the Ministry.

Marilyn Gibson invited 12 girl friends to a party in her home on Butternut street Saturday, in celebration of her 10th birthday. The girls enjoyed an afternoon of games and luncheon.

The neighborhood club met at

the home of Jack Phillips on Thursday evening, April 11. Twenty-three members were present, with Mrs. Rolland Jarskey elected president of the group. Mrs. Phillips, Mrs. Laycock and Ardit Alband prepared dessert for the lunch after the games.

Mr. and Mrs. William Meader have moved from their home on Gilbert street to Detroit. We welcome Mr. and Mrs. Spaulding as the new neighbors living in the Meader home.

Stephen Phillips was guest of honor at a birthday party in the Phillips home. Guests present were Charlotte Hough, Cheryl McConnell and Carl, Gary and Mike Singleton. Robert Phillips arrived from Roanoke, Va., Tuesday to be with his nephew on his birthday and to spend several days in their home.

Mr. and Mrs. Eugene Schaening entertained at a family dinner in their home Sunday afternoon, following the confirmation of their son, Larry, in the Lu-

theran church in Plymouth. Mr. and Mrs. Herb Sill are the Godparents.

Mr. and Mrs. Kenneth Nowry were Sunday dinner guests at the home of Mr. and Mrs. Lee Kenyon on Gilbert street. Mrs. Lee Kenyon and Mrs. Nowry were shopping in Detroit two weeks ago, not Mrs. Robert Kenyon as previously announced.

Mr. and Mrs. Vern Kahler and daughters spent the weekend at their cabin in the north.

**Officials Proclaim Week for Moms**

Governor Williams has proclaimed the week of April 21 through 27 as MOMS Week of Michigan, citing the group for their splendid work in raising funds for hospitalized veterans. Also endorsing this week is Harold E. Guenther, mayor of Plymouth, who states in his proclamation: "Morale of the men in service is compounded of many things, including a feeling that the folks back home are aware of their vital part in our defense, freedom from worry about their loved ones being in need and knowledge that there are those who do not forget them when they are hospitalized."

**NEW BOOKS**  
At The Wayne County LIBRARY

**"The Philadelphian"** by Richard Powell—Best selling novel which covers four generations of a Philadelphia family, beginning with an untutored Irish immigrant girl in 1857 and ending with her great grandson, a Philadelphia lawyer at the top of the social ladder.

**"Fifth Daughter"** by Hal C. Gurney—A novel of the two worlds of Okinawa, of a civilian who went there to set up "an off-Broadway theater on the China Sea" and of the two women in his life, one who draws him into the past and another who bids him follow into an uncertain, troubled future.

**"Father Juniper and the General"** by James Norman—A lively novel of a Mexican village where good opposes evil in the most unexpected ways, a tale is "full of little miracles that gently elbow to one side the world of sophisticated nonsense."

**"The Double Man"** by Elinor Pryor—A Cherokee war chief renowned for his single handed raids discovers his English heritage, and the resulting conflict poses many unusual problems for him. Like his people, he knew no shading of emotion. He was gentle, brutal; savage, full of laughter; loving, killing with equal passion.

**"The Silent Traveller in Paris"** by Chiang Yee—The author's story and illustrations of the world's favorite city give a fresh touch to this book.

**"Spousery, Her Edition"** by Eric Hatch—An intimate, everyday, practical guide on the humorous side to self-help in the marital relationship. The author warns, "It can not be learned overnight in a motel."

**"The Organization Man"** by William H. Whyte, Jr.—The story deals with the middle class American man who has left home, spiritually as well as physically, to take the vows of organization life. He is found in corporations, laboratories, factories, religious groups. He is the man at the center of the deep conflict in American values. He is constructing a new faith, new standards of good and bad.

**"Twilight for the Gods"** by Ernest Gann—Author of "The High and Mighty" tells of one of the last commercial sailing ships trying valiantly to compete in a world of steam. Passenger and crew personalities conflict, and

the voyage becomes a story of heroism and disaster.

**"The FBI Story"** by Don Whitehead—Reader is taken behind the scenes and into FBI files to reveal the record of America's crusade against crime and subversion. Names, places and events which made yesterday's headlines are used.

**"Indians of the Americas"** by the National Geographic Society—Photos, paintings, etchings and words tell the real story of Indian life in America.

**"New Advances in Medicine and What They Mean to You"** by Morris Fishbein, M.D.—A factual reporting of what you should know about latest developments in heart disease, cancer, allergies, nervous diseases, baby and child care and infectious disease, with a forecast of the miracle medicines of the future.

**"Faster Sailing"** by Robert N. Bavier, Jr.—New developments in yacht racing, design, sales, rigs, materials, rules and techniques are discussed.

**AAUW to Discuss State Legislation At Meeting Today**

Current state legislation will be discussed at the April meeting of the American Association of University Women at 8 p.m. tonight.

Hostess for the group will be Mrs. B. William Secord, 46675 W. Seven Mile road, Northville. Assisting her will be Mrs. G. L. Peterson, Lucile McLaughlin and Mrs. T. N. Cummings.

Current bills before the state legislature will be discussed in a panel consisting of members of the different study groups. Under consideration will be new legislation concerning social security, taxes and the bill affecting the location of the proposed boys' vocational school, according to Mrs. R. E. Houston, legislative study group chairman.

The legislative study group is in charge of tonight's program.

The legendary Persian king, Jamshid, according to the 10th century poet, Ferdusi, reigned 700 years.

**GIRL SCOUT NEWS**

A Girl Scout award dinner was held Tuesday evening, April 16, in the basement of the Presbyterian church. After a pot-luck dinner, the troop leaders presented scouts with curved bar pins, first class badges and five-year membership pins.

The curved bar rank is the highest award given a scout. Cynthia Couture and Joyce Allen earned this honor.

The participating junior high intermediate scout troops were troops 3, 6, 12, 21 and 22. The following adult members of the Girl Scout Council of Plymouth were presented their five-year pins by Mrs. Sheldon Baker, president of the council: Mrs. Thomas Adams, Mrs. William Lyons, Mrs. Harold Shirey, Mrs. James Hardimon, Mrs. William Congdon, Mrs. Earl West, Mrs. Thomas Thorpe and Mrs. Wayne Rubey.

Troop 3 had a cold party Saturday evening, March 30, at the Kiwanis Girl Scout lodge. About 30 boys and girls enjoyed the square dancing, games and refreshments. The Rev. Norman Stanhope helped with the games. The P.E.O. sisterhood, sponsors of troop 3, furnished flowers for the occasion. Chaperones included Mr. and Mrs. William Edgar, Mr. and Mrs. E. P. Light, Mr. and Mrs. William Otwell, Mr. and Mrs. Thomas Fair and Mr. and Mrs. Edward Kaunisto.

Troop 2 announced the election of the following officers: Cynthia McLaren, chairman; Sandra Adams, secretary; Barbara Utter, vice secretary; Diane Lewis, treasurer; Linda Wilt, publicity girl; and Nancy Kunkel, sunshine girl. The troop put on a puppet show, "The Choosing of the Easter Rabbit," for the kindergarten department of the Methodist church recently. The scouts made all the puppets used in the show, and every troop member took part. Mrs. Bernard Curtis and Mrs. Ralph Fluckey are troop leaders.

Intermediate scouts of troop 26 have been working to complete their second class rank and adventures' badge requirements. Friday, March 15, they entertained Brownie troop 9 at a St. Patrick's Day party. After a tricky get-acquainted stunt, the girls entertained each other with paper bag dramatics. They sang some old songs and learned some new ones with the help of senior scouts Betsy Edgar and Allison Scott. The party was climaxed by serving gelatin dessert, punch and cookies, made by the girls.

The troop had an overnight at the Kiwanis Girl Scout lodge March 29 and 30. The girls did all the firebuilding, cooking and clean-up. Their stay at the cabin was interspersed with songs, games, a short hike and practicing knots. The girls concentrated on learning to make a klondike bed roll, with each girl making her own. Mrs. Helen Spence and Mrs. Virginia Zoet are troop leaders.

**100 Wayne County Municipal Officials Meet in Plymouth**

What to do to insure a future water supply for southeastern Michigan communities was the chief topic of discussion for some 100 Wayne county municipal officials when they met in Plymouth Wednesday.

The meeting of mayors, councilmen, city managers and other municipal officers was the annual assembly of Region III, of member municipalities of the Michigan Municipal League. They met at the Ik's home on Ann Arbor road at 2 p.m., followed by a dinner and an evening session. City of Plymouth officials were in attendance.

(The meeting was in session Wednesday night as The Mail went to press and a report of the sessions will appear next week.)

All aspects of metropolitan government were discussed, but major interest was focused on the problem of furnishing water and sewer services in the Detroit metropolitan area.

How Detroit plans to solve this problem, and what Wayne County is planning was outlined by Detroit Water Supply Superintendent Gerald J. Remus, and Wayne County Road Commission Attorney Albert A. Campbell.

The area's water and sewage needs as detailed in a recent survey by the National Sanitation Foundation was set forth by Gerald E. Warren of the Detroit Board of Commerce.

Several municipal officials explained how future needs appear from their community's viewpoint. They were: Livonia Mayor William W. Brashcar; Grosse Pointe Woods Mayor Kenneth H. Koppin; and Dale Fillmore, Dearborn Corporation Counsel and chairman of the Wayne County Sewage Disposal and Water Supply Committee.

A panel of resource consultants were also present. Comprising the panel were: Milton P. Adams, executive secretary, Water Resources Commission; Paul M. Reid, executive director, Metropolitan Regional Planning Commission; Morton S. Hilbert, director of Engineering Bureau, Wayne County Health Department; Cecil R. Cummings, vice-president, First of Michigan Corporation; John Rusking, technical director, National Sanitation Foundation Survey; and Albert T. Kunze, Wayne County Metropolitan Water Supply Engineer.

University of Michigan Professor of Political Science Arthur W. Bromage moderated the discussion.

The annual election of officers for Region III followed dinner.

### Grimm's Fairy Tales Will Come to Life In U-M Swim Show

"A Whale of a Tale" is the theme of the 1957 Michifish show at the University of Michigan, to be presented by the women's synchronized swimming group at 8 p.m. Friday and Saturday, April 26 and 27, and 3 p.m. Sunday, April 28, in the Women's Pool.

Depicting a "bop version of Grimm's Fairy Tales," each number will portray a story from the collection, including "Little Red and the Riding Hoods," a comedy skit featuring Michifish members and two varsity swim team stars. In one of the between-scene-breathers, Phyllis Abbott Truesdell, (Mrs. Louis P.) and Shirley Abbott, twin daughters of James F. Abbott, of 763 Lakeview avenue, Birmingham, take a rest during rehearsal. Both are graduates of Birmingham high school and members of Alpha Phi sorority. Phyllis lives at 1236 Lilley, Plymouth.

Michifish members are required to have almost perfect form in the crawl, back crawl, breast stroke and side stroke. They must be able to perform the back dolphin, kip, surface dive in pike position and alternate ballet legs. The swimming club made its official appearance at the U-M about 10 years ago and has produced a show every year since then. This is its fourth annual show in the Women's Pool, which is equipped with underwater floodlights, observation port and a phonograph to accompany the swimmers with music.

**TWINS AT THE UNIVERSITY** who will be taking part in a synchronized swimming show there are Phyllis Abbott Truesdell (Mrs. Louis P.) of 1236 Lilley road and Shirley Abbott of 763 Lakeview avenue, Birmingham. Theme of the show, "A Whale of a Tale," will center around a modern version of Grimm's Fairy Tales.

### EVERYTHING YOU DO!

FROM THE MOMENT you awaken until you go to bed, almost everything you do is closely dependent upon the operation of trucks. In fact, even while you're asleep, trucks are working for you. (Beds arrive by truck, too, of course.)

Without trucks, your favorite food market would have empty shelves. Without trucks, you wouldn't find gas stations located conveniently almost everywhere you turn. Without trucks, the building of new homes, factories, and stores would slow to a walk and businesses of all kinds everywhere would suffer.

Sooner or later, everything you eat, wear, or use depends on trucks for transportation. Eventually, everything has to get to you — the consumer. So, when you consider that trucks haul three times the tonnage handled by all other forms of transportation combined, you realize how very important they are to you!

# The MAIL Attituae

By PAUL CHANDLER

In the not so recent past, I labored as a sports writer in Detroit. They were good days, but we had almost forgotten them and assumed almost everyone else had, too, until we were astounded by a phone call last week. It was from a REAL lady who said, "I remember when you wrote sports for THE NEWS, and it would be wonderful if you could cover the Tigers this year for this paper. Any chance?"

It was downright flattering and recalled fond memories, but there are other matters of higher priority that consume the waking hours these days. My nine-year-old son is flatly on the lady's side, however, he being of the mind that anyone who had a chance and then quit covering sports must be slightly soft in the head. At this definite stage of his career he has narrowed his life's ambitions to three, in order: (1) be a ball-player; (2) write about ball-players; (3) broadcast about ball-players.

Since the lady gave me the opening, I'm snapping at the bait to offer a few confident remarks about the Tigers, which may be timely since they are opening their season this week.

For the first time in years, I find myself on the side of the optimists as far as the home town team is concerned. This is not exactly a snap judgment, because for weeks we have been reading the several million words telegraphed from the southland practice fields. These reports in the early days were in a cheerful vein, then became increasingly more cautious, a switch which left more than one fan perplexed. Now that the downtown writers are back at their desks in Detroit, they seem to have become downright wary of these Tigers.

Our forecast is that Detroit will be in the thick of a fight for first place the whole season. This is based mostly on two factors: (1) There are definite signs of decay in the other contending clubs, while the Tiger pendulum is on the upswing; (2) Detroit's pitching staff is young and under-rated.

It is true that the Tigers of 1957 are essentially the same team as the Tigers of 1956. But it is also a fact that it is a youthful team, grown one year older. A year's maturity, or experience, or whatever you call it, can add 20 percent efficiency to a young club—and particularly to eager pitchers who throw fast balls, of which the Tigers have several.

The record books show that Detroit led the league in team hitting last season. Those same bat-swingers are still in the lineup. The presence of Frank Bolling at second base will make a tighter infield. And, as we said, it is our contention that this is the season when the pitching staff is due to "arrive."

Forgetting injuries (which could make everybody's predictions ridiculous) the Yankees' most notable advantage over the Tigers is Yogi Berra, the catcher. Detroit can't match him. Some experts say that New York's Mickey Mantle is another super-star who must be added to the scales, but a good case can be made to show that Al Kaline counter-balances Mantle. And Detroit has Harvey Keane at shortstop, without a counterpart on the New York squad.

We count the change in managers as worth a few points in the Tiger's favor. Bucky Harris was a settled senior citizen but Jack Tighe is hungry. Defeat will not be taken with a yawn in the manager's office this season.

Probably the Tigers' most dangerous handicap is a lack of reserve strength. That means there can't be many injuries. But they're overdue for a season in which fortune just smiles and smiles upon them.

What happened to the Red Wings in the playoffs? That can be answered quickly. They carried about six players of minor league quality on their squad of 18 this season. Montreal suffered key injuries (to Geoffrion and a couple of defensemen) right at the crucial stretch of the regular season. The Canadiens also were hurt by over-confidence against the weaker teams during the regular season, and lost some games they should have won. So Detroit really "stole" the regular season title.

When the playoffs came, Detroit's minor league players wilted completely when the Bruins started playing rough. Montreal came into the Stanley Cup series sound of limb and full of French fire.

If you want a really safe prediction, it is that the Red Wings will open next fall with at least five new men on the squad.

Connie Kunkel of Livonia was honored guest Friday evening at a linen shower given in the home of Mrs. C. J. Kershaw on Wayne road with Mrs. Harry Brown as co-hostess. Games furnished the entertainment for the evening with the bride-to-be later opening many lovely gifts after which a delicious lunch was served.

**School District Still Operates County's Only 1-Room Building**

Still standing as a testimonial that one room schools can contribute to elementary education of children of this generation as it did their parents and grandparents of the past is Canton Center School, one of five small schools operated by the Plymouth Community School district in Canton township.

Located on Canton Center road, it is the only one-room school building remaining in Wayne county. Although it no longer educates children in all age groups, usefulness as a school is still evident.

Only kindergarten pupils are now found in the school. They come from the Truesdell, Hough, Cherry Hill and Canton Center areas.

Mrs. Cecile Gordon of 707 Maple avenue took command of the classes last September. Before that, the one-room building served as home for six elementary grades with Mrs. Marie Cox

of Ypsilanti conducting classes. Outside appearances of the building are deceiving. It looks much like any school of years ago, but inside it has a comparatively modern look. The familiar pot-bellied stove was replaced with a modern oil furnace years ago and masonite paneling is found on the walls.

Children attend school for only half a day. Morning and afternoon sessions are held for the two separate groups. As a symbol of progress, a telephone was installed recently. Up to that time there was no method of outside communication.

To make devil's food cake, Mrs. Robert McAllister, 685 Jener, likes to use an old-time recipe handed down to her by her great aunt from Belleville, Mich.

Mrs. McAllister says the recipe dates back to before 1923. Here's how she makes it:

**Devil's Food Cake**  
1 cup sugar  
4 rounded tablespoons shortening  
2 eggs  
2 squares chocolate

½ cup water  
½ cup sour milk  
1½ cup sifted flour  
1 teaspoon soda  
1 teaspoon baking powder  
1 teaspoon vanilla  
dash of salt

Cream sugar and shortening. Add eggs. Add cooled chocolate mixture (chocolate and water). Alternate adding sour milk and flour mixture. Add soda, baking powder, vanilla and salt. Bake at 350° F. for 30 minutes.

Serve topped with whipped cream or a white butter frosting.

## A Woman's Eye View

by Virginia Robertson

Cards are all that are asked for nine-year-old Priscilla Gail Tobey who underwent major heart surgery last Friday in Henry Ford Hospital, Detroit. She is on the Fourth floor, Wing I.

Priscilla is the daughter of Mr. and Mrs. Gerald Tobey of 483 Maple. Her mother reports that she is improving now under oxygen, and that last Sunday she seemed to perk up a little as she noticed some of her get-well-cards.

Children in Priscilla's third grade classroom at Allen school have all sent get-well wishes. She has four brothers. Mr. and Mrs. Tobey have lived in Plymouth all their lives.

Any possibility of a local penny shortage ended recently when a man from a nearby town chugged up to the bank and turned in his family's 19-year-old collection of coppers.

The man unloaded his pennies literally by the gallon. They were in three five-gallon pickle jars, a few assorted socks and some odd cans, all jammed full. The whole kaboodle was promptly shipped to the counting machine in the bank's main office. After it whirred and clanked its way through the horde, final figures showed the man had 40,184 pennies, making \$401.84.

Every now and then you'll find a book that has some intriguing slip of paper in it, with what looks to be a coded message or such. Librarians at the local library came across a note that was quite clear in meaning, evidently prepared by a well-meaning homemaker who just couldn't make it through the week. It said:

Saturday—roast  
Sunday—chop suey  
Monday—leftovers  
Tuesday—chili  
Wednesday—pizza  
Thursday—meat loaf  
Friday—shrimp  
Saturday—starve. No money

Joe Gentile and Ralph Binge have been broadcasting over WHRV every Tuesday from 7 to 9 a.m. from the Miles Standish room of the Mayflower Hotel. Everyone seems to have a good time over their breakfast rolls and coffee, as Joe and Ralph let loose some flashing, spontaneous wit.

No one escapes this wit, either. They poked a little fun at everyone. Hostess for the breakfast is Mrs. Byron Champion of 493 N. Harvey.

At the April 9 get-together, the Plymouth Business and Professional Women's club were guests of honor. One of the charter members, called up to say a few words, told a little story of the late Mrs. Ruth Huston Whipple, ex-mayor of Plymouth and club charter member. Mrs. Whipple, a real champion of women's rights, was called in to check the plaque which would commemorate Plymouth's first home, a little log cabin in the woods built in 1825. She noticed that it had William Starkweather's name on it, but had not mentioned any part Mrs. Starkweather, as a pioneer woman, had played in establishing this home.

And, as a result of Mrs. Whipple's observance, passers-by can now see the name of Hezekiah Starkweather, in addition to William Starkweather, on this plaque, located outside the Mayflower Hotel, site of the building. What's more, her name is mentioned first, generally an unheard-of thing in business dealings.

The trouble with foreign affairs today is that you can never tell whether politicians are smart men bluffing or imbeciles who mean it.

Easter's almost here, but to talk to some children today, it has no more meaning than just knowing that Peter Cottontail may pay a visit if they're good.

### New Mrs. Michigan Reveals Prize-Winning Cooky Recipe

Mrs. Mary Weitzel of Detroit, the newly-crowned Mrs. Michigan of 1957, reveals her favorite recipe which helped her win the title plus a free vacation in Florida, a year's supply of groceries and more than \$1,500 in other prizes.

This mother of seven children submitted the recipe for thumbprint cookies on her entry, where it caught the eyes of judges. Asked for the secret of her culinary skill, the new homemaking queen replied:

"I guess you have to be a good cook to keep a husband and seven children happy. They each like something different, so I have to resort to a wide variety of meals to please everybody."

Mrs. Weitzel will compete with winners from 47 other states in the Mrs. America finals at Fort Lauderdale, Fla., May 11.

Mrs. Weitzel agreed to make public her favorite recipe for thumbprint cookies. Here it is:

**Thumbprint Cookies**  
(2 dozen 1 1/2 in. dia.)

- 1/2 cup shortening
- 1/2 cup butter
- 1/2 teaspoon vanilla
- 1/2 teaspoon salt
- 1/2 cup firmly packed brown sugar
- 1 egg
- 1 cup sifted all purpose flour
- 3/4 cup finely chopped nuts (optional)

Cream shortening, butter, vanilla and salt, add sugar and continue creaming. Add egg yolk and blend well. Add flour and mix until dough is smooth. Shape into balls one inch in diameter. Beat egg white slightly with a fork. Roll each ball in egg white then in chopped nuts, if desired. Place about one inch apart on ungreased cookie sheet and bake at 375° F. for five minutes. Remove from oven and quickly press thumb gently on top of each cookie. Return to oven and bake about eight

MRS. MARY WEITZEL'S recipe for thumbprint cookies helped her win the crown Mrs. Michigan.

### Coffee Made In Unclean Pot Is Bitter Brew

Absolute cleanliness of the coffee maker is essential to the production of a fine, tasty brew. Coffee contains oil which forms an almost invisible film on the inner walls and faucet assemblies of coffee makers. Unless this film is completely removed, it turns rancid and will contaminate the flavor of the next brew of coffee.

Many coffee makers are made up of a number of parts. Such devices should be disassembled and each part thoroughly scrubbed or brushed with a cleaning solution and rinsed thoroughly. Ordinary household detergents will do a good job of cleaning.

If you wish to clean a drip coffee pot, first assemble the drip pot, uncovered. Boil enough water in a kettle to fill the pot to capacity. Turn the heat down under the kettle when the water reaches the boiling point and add detergent. Next, pour the solution into the upper section of the drip pot and allow to drip through completely.

When the water has dripped through, disassemble the pot and scrub each part thoroughly with cleaning solution.

Then, empty the cleaning solution from the lower section and rinse each part three or four times, scrubbing until all traces of foreign odor and cleaning agent are removed.

Be sure to rinse all parts of the pot before using again. Just as you do not want the flavor or rancid oil film in the coffee brew, neither do you want the detergent flavor in it. So, be sure to rinse well after washing.

Good coffee flavor depends not only on freshly ground coffee, but also on the use of a clean coffee maker.

### Rummage Sale Scheduled By Newburg Bible Class

The Fidelis Bible class of Newburg Methodist church will open the church hall at 9 a.m., April 27, for their annual spring rummage sale.

This sale is held regularly each spring and fall. Proceeds are used in carrying out charitable projects.

Michigan has a total of 47 state parks and 13 recreation areas.

### Tiny Bonnets Can Be Created in Your Kitchen

Refreshments have a way of assuming a variety of clever shapes at Eastertime, but none is more in keeping with the season nor more fun to make than these edible Spring bonnets.

The miniature chapeaux are easily created in your own kitchen from butter cookies, small cupcakes, icing and assorted trimmings. Let your fashion eye be your guide when it comes to trimming the delectable sweets.

**Easter Bonnet Cakes**  
First step in the hat-making technique is to prepare enough rolled butter cookie dough for about three and a half dozen cookies. Chill dough overnight; then roll it out on a lightly floured surface to 1/8 inch thickness. Cut with floured three inch round cookie cutter. Bake on greased cookie sheets in a 375° F. oven for 10-12 minutes. Cool.

**Gold Cupcakes**  
(3 1/2 dozen)

- 1/2 cup butter
- 2/3 cup sugar
- 2 eggs
- 1/2 teaspoon vanilla
- 1 1/4 cups sifted cake flour
- 2 teaspoons baking powder
- 1/2 teaspoon salt
- 1/2 cup milk

Cream butter and sugar until light and fluffy. Beat in eggs; add vanilla. Add sifted dry ingredients alternately with milk; mix well. Fill greased 1 1/4 inch muffin pans half full. Bake in pre-heated 350° F. oven for 10 minutes. Turn on cake racks to cool.

**Butter Cream Frosting**

- 5 tablespoons cake flour
- 1 cup milk
- 1 cup butter
- 1 cup granulated sugar
- 7 cups sifted confectioners' sugar
- 1 teaspoon vanilla

Combine cake flour and milk. Cook over low heat until thickened, stirring constantly. Cool to lukewarm. Cream butter and add granulated sugar together; add

flour mixture and beat well. Add confectioners' sugar and vanilla; mix well. Divide frosting into four parts. Leave one part white, tint one pink and one green or yellow. Add one square melted, unsweetened chocolate to the last.

Frost cookies with tinted icings. Place a cupcake in the center of

each and frost cupcakes. Decorate bonnets, using shredded coconut, walnut halves and small colored candies. Use decorating tube to trim the cookies with white or contrasting frosting, making flowers, ribbons and bows.

Simple decorating frosting is made by creaming 1/4 cup butter,

then beating in one cup sifted confectioners' sugar until fluffy.

Let Easter bonnet cupcakes stand on cake racks until frosting sets a bit. It will remain creamy. Cakes may be placed in freezer until firm, then wrapped and stored in freezer until one hour before serving.

LET YOUR FASHION EYE be your guide in decorating these edible Easter bonnets. Trimmings of small candies, shredded coconut and decorator icing will provide you with the makings for a wardrobe of stylish hats.

### New Bug Repellent Said to Ward Off 5 Kinds of Insects

Here's a step in the right direction for making Michigan summers spent outdoors more comfortable and safer. A new liquid insect repellent, diethyl toluamide, should soon be on the market.

It can be applied to the skin or clothes to protect against at least five insect pests—mosquitoes, ticks, chiggers, fleas and flies. It is the nearest to an all-purpose repellent yet developed. Other advantages are that it's non-greasy, lotionlike in consistency, has a delicate fresh fragrance and a resistance to rubbing or wearing off that makes its application last several hours.

Diethyl toluamide was synthesized some years ago by U.S. Department of Agriculture research chemists and then was tested against various annoying or harmful insects. The Army cooperated in the tests because the health of its men in the field includes protection against insect attack.

The tests showed that it wards off mosquitoes better than any other chemical or combination of chemicals, rates best against several kinds of biting flies and is highly effective against fleas, ticks and chiggers. For chiggers, clothing may be treated with emulsions of this repellent or by dry-cleaning preparations containing it.

Like most of the repellents developed in recent years, diethyl toluamide is safe to apply to the skin and will not stain fabrics.

Because children playing outdoors often are the chief victims of insect bites, mothers may want to make a memo of diethyl toluamide. It will be listed on the container of new commercial preparations even if they sell under brand names.

It will employ 5,000, some of whom are already living in the Plymouth area. It is one of the largest and most modern automotive

facilities built in Michigan since World War II. Its annual capacity of 112,000 cars will be reached by the summer of 1958. Its parking lot will hold 3,600 cars and its four cafeterias will seat more than 1,000 persons at a time. The plant is about a 15 mile drive from Plymouth.

**Friends Surprise At Housewarming**

New residents Mr. and Mrs. Leander Rae, owners of the Plymouth Plumbing and Heating Supply company, were pleasantly surprised Sunday, April 7, when several close friends from Detroit came to their home at 540 Ross for a surprise party and housewarming.

The Raes were already having three couples over for dinner. After they had finished eating, four more couples came, bringing their own food, refreshments, paper plates, card tables, chairs and everything necessary for a party.

Guests also brought with them a pendulum wall clock which they presented to Mr. and Mrs. Rae.

Having dinner with the Raes were Mr. and Mrs. C. Moss, Mr. and Mrs. H. Frodshan and Mr. and Mrs. Edward Camen. Arriving later in the evening were Mr. and Mrs. Russell R. Cook, Mr. and Mrs. William Lewis, Mr. and Mrs.

"You'll like it even better when you drive it!"

Neighbor: Say, your new Olds sure looks like a lot of car!  
Olds Owner: That's nothing, wait'll you take a ride.

(A few minutes later:)

Neighbor: Man-oh-man, where'd all that power come from? I've never felt anything like that before!  
Olds Owner: That's Oldsmobile's new J-2 Rocket Engine!

Neighbor: What's that? Tell me how it works.

Olds Owner: When you're driving under ordinary conditions, it uses only one carburetor. That means economy with a capital E. But when you need a sudden burst of power, for safety's sake, you just press the accelerator three-quarters of the way down—and two additional carburetors cut in!

Neighbor: In other words, with J-2, you can have economy when you want it and power when you need it. That's for me!

Olds Owner: Better see your Olds dealer. He's expecting you!

**Colorful Kitchen Is a Happy One**

The kitchen is a wonderful place. It's the one room which can establish a happy home and keep it that way—not only for the delicious foods that come from it but because of the cheer and feeling of well being that its colorful contents can impart.  
 Nice thing about kitchens is their magnetism. Parties gravitate to them. New friends relax completely when once made welcome there. It's an old story about children taking all friends and acquaintances right to the kitchen.  
 Undoubtedly the symbol of a friendly household to young and old, no wonder that the way to a home's heart is through the kitchen. That is why it receives so much creative attention from so many talented people.  
 Concentrating on kitchen betterment are architects, decorators, cabinet makers, chemists, electrical engineers, equipment and gadget manufacturers, designers of floor coverings, and makers of every kind of coating. Using everything that art, science and industry can produce, they have made the American kitchen the admiration of the world.  
 With all these people working for you, your kitchen can easily be made a show-place. But if it is to be both inviting and charming, two things are essential.  
 First, you must make sure that all surfaces of your room and equipment are well finished. Keeping your kitchen bright and clean depends on the quality of those finishes. No kitchen can look beautiful long if the finishes

cannot stand wear and frequent cleaning.  
 Second, the room should have individuality and character. Everything in it should harmonize. Thoughtful planning of color can do that for you. It will pay huge dividends by giving you the lift that comes from being in surroundings that are expressive of you... that are congenial to you.  
 If your kitchen lacks natural light, try painting its walls a clear and sunny yellow. Keep the ceiling white so it will reflect as much as possible of the light that strikes it. Pearl gray floor covering, tanned or the new violet shades—and perhaps a pot of ivy on the wall—will complement the color scheme.  
 If your present kitchen is a large one, consider yourself lucky. Just remember that a too-large kitchen need no longer be a problem. It can be converted into the most modern of all kitchens (large kitchens are back in style), combining a streamlined working section, a lunch bar and an informal lounging area. The color scheme for the lounging area can be picked up from the colors in the kitchen proper.  
 Say the kitchen is blue with a white trim—do the lounge in different shades of blue and add warmth by using yellow on the furnishings. If green is your color, try misty green walls, darker green upholstery and a warm rose-red for accent color inside

**HERE'S HOW ...**

**MAKE A COLLAPSIBLE WORKBENCH**  
 A workbench that can be folded when not in use is ideal for the handyman with limited working space, such as in a garage. Except for the braces and back, 2 by 4-inch lumber is used throughout.  
 First, make the frame. Mark the location of the four butt hinges. The two outside hinges are 2 inches in from the ends; the inside hinges are 19 1/2 inches in from the ends. Recess the hinges. The frame is assembled with butt joints using glue and No. 10 wood screws, 2 1/2 inches long.  
 The bench is made by edge gluing and dowel jointing six pieces of 2 by 6's. Holes for the dowel pins are drilled 3/4 inches in diameter and 2 inches deep. Mark the location of the hinges on the back edge of the bench.  
 The 2 by 4-inch braces are fastened with hinges to the base of the wall as shown. The hinges for the underside of the bench are installed in the reverse position to that shown for the base hinges. By removing the base hinge pins, the bench may be closed when not in use.  
 Attach the hooks and eyes on the frame and bench.  
 A peg-board back may be added for ease in hanging tools.

**Helpful Hints**  
**RIGID ASBESTOS SHINGLES**  
 Roofing shingles of asbestos-cement can be identified by their rigidity. Their stonelike nature enables them to hug the roof even in high windstorms. Because it is difficult for the wind to get under them, they are difficult to dislodge.  
**FOR GREENHOUSE BENCHES**  
 Asbestos-cement board is an approved material for making greenhouse benches. The board is water-resistant. Humus, fertilizer and other chemicals do not cause it to rot.  
**AVAILABLE ASBESTOS BOARD**  
 Nails can be driven through most thicknesses of asbestos-cement board the same as through wood. Sheets of extra heavy thickness should be pre-drilled.  
**FIREPLACE SCREENS**  
 Asbestos board used as a fireplace screen is incombustible, tough and durable. It comes in an attractive natural gray. If desired, it can be painted.

**DESIGN C 440.** This three bedroom 1 1/2 bath home features a recessed entry and vestibule providing a direct entrance into the living room, bedroom wing and kitchen.  
 The living room has a gracious corner fireplace and folding doors that enter the dining area. The adjoin-modern kitchen features a built-in oven and counter range.  
 There are spacious wardrobe closets and a full bath in the bedroom wing. One of the rooms, because of its location near the front entrance, can be used as a den or office, with direct entrance from the vestibule.  
 On the outside, brick and vertical siding dominate the wide horizontal siding and add to the simple attractiveness of the front entrance and hip roof.

## TIPS for TEENS

By ELINOR WILLIAMS

Here's a boy who is "in love with a girl he doesn't know"! Can you love a stranger?

Q—"I am 18 and in love with a girl who doesn't even know I exist. I am out of school, but she is a junior in high school. I would like to know how to go about getting acquainted with her. I will be going into the service in a few years and would like to be engaged to her by then. The other fellows tell me she likes me."

Ans.—Take it easy. Until you know this girl well, you can't be sure that you'll want "to be engaged to her."

Don't go too fast. Take first things first, step by step. You can't know how you'll feel about her when you know her... you might like her more or you might find that you two don't get along well at all. Love—the real thing—grows gradually with knowing a person.

So meet her and get acquainted with her before making up your mind about being engaged. Have a friend introduce you to her, if possible, then arrange a double-date for you, if you like. Or, after you've been introduced, ask her for a solo date yourself.

If she refuses the first time, ask her again—she might be telling the truth if she says "she'd love to, but already has a date for Saturday night." Always give a girl a second chance to say "Yes."

If you have no way of being introduced, and you see her often,

it's proper for you to speak to her in a friendly, not a flirty, way. Then it's up to you both to get acquainted well enough for you to pop the date question.

(For help with personal problems, write to Elinor Williams at this paper. As many letters as possible will be answered in this column.)

# Cadillac

## The Choice That is Never Challenged!

Drive a Cadillac over any period of time you wish—and the odds are that no one will ever question your choice of a motor car.

For almost everyone understands the instincts that lead a man to Cadillac. Rare is the motorist, in fact, who does not have his own heart set on the "car of cars."

Certainly, this is as it should be. For Cadillac's virtues are simply too numerous to be overlooked—and too apparent to be misunderstood.

Who, for instance, could behold a new Cadillac and not proclaim it the most beautiful and majestic of automobiles?

Who could ride in a new Cadillac and not recognize its extraordinary luxury and comfort?

Who could drive a new Cadillac and not pronounce it the crowning achievement of automotive engineering?

And who—knowing of Cadillac's many economies of ownership could fail to recognize it as the finest investment in all motordom?

News from Rosedale Gardens

# Residents Find North Chilly After Trip to Sunny South

Hi, Folks! I'm going to start right out with a story of "local boy makes good!" Probably a lot of people here in the Garden will remember Mr. and Mrs. Robert Bryant who lived on Cranston, so I would like to inform you that, as of the recent election, Mr. Bryant is the Mayor of Grand Ledge, Mich., no less!

Mrs. Geraldine Jacobs, Berwick avenue, and Mrs. Helen Wilnus, Auburndale avenue, recently returned from a two-week vacation

in the sunshine at Miami Beach. Mrs. Jacobs said that they returned in suits, but wished they had worn something warmer by the time they got here.

The Yadoskys, Vermont ave., attended the eighth annual dinner of John's Masonic Lodge at the Hungarian Reformed church in Delray. Seventy-five different Masonic lodges were represented at this dinner.

Did any of you members of the

Women's club miss out on the opening dinner because the tickets went so fast? If you did here's a word to the wise: The closing dinner is May 16 at the clubhouse at 7 p.m. There will be only 100 tickets available. This will be a catered dinner. Tickets are \$2.75 each.

The newly-elected officers will be installed at this affair. Guest speaker will be Mary Ford of the Livonia police department. Tickets are available now by calling Ellie Button, ticket chairman at Ga. 2-8310, so hurry, hurry, hurry.

Saturday, April 13, Marion and John Yadosky, Vermont, had as their guests Mr. and Mrs. Ray Hollowell and their four children from Ontario.

Rosedale Gardens Explorer Post No. 761 held a progressive dinner Saturday, April 6. Twelve boys and their dates enjoyed after dinner-dancing in the basement of Rosedale Gardens Presbyterian church. Ed Lewis, Loveland avenue, was in charge of plans for this affair.

Mr. and Mrs. Eates have a new baby girl, born at New Grace Hospital, April 1. The baby's name is Susan Peggy, and she weighed six pounds, 11 1/2 ounces. The Eates have another daughter, Sandra, who is four years old.

The Hearon family, Vermont avenue, believe in getting the inevitable over in a hurry and all had the 24-hour flu at once Monday, April 11 th.

The local bridge club met at Betty Dana's house Monday, April 11 with Betty, Nancy Snowberger and Dorothea Smith and yours truly sitting in for Celia Hearon. Being strictly a rummy (simplified) player, I played pretty fantastic bridge, and the girls will be glad to see Celia next Monday.

The Citizen's Republican club of Livonia met at 8 p.m. April 12 at the First Federal building at Sheldon Center for its monthly meeting. Allen Bosworth spoke on Methods of Judicial Nomination and Phyllis Gaudin gave results in the recent judicial election in Livonia. Refreshments were also served. This club meets the second Friday of each month, and

welcomes anyone interested. Come to the rear entrance.

The Women's club held its spring auction Thursday evening, April 11 at the clubhouse. New officers were also elected. President is Eleanor Curle; first vice-president, Dorothy Burley; second vice-president, Pat Milliman; third vice-president, Doris Sears; secretary, Velma Kastner, and treasurer, Marge Crossett.

Timmy Page, Berwick, avenue, had his tonsils removed April 10.

The Hearons, Celia and Travis, enjoyed an evening of bridge at the Gordon Dana home Saturday evening, April 6.

Kay Durivage, Blackburn avenue, went to Cincinnati, Ohio, over the weekend of the sixth where her brother received his sub deaconate at St. Mary's Seminary. Kay's parents, Mr. and Mrs. Gus Lehnerd of Youngstown, Ohio, came up to get Kay for the ceremony and while they were here Thursday, April 4, they helped Molly Durivage celebrate her eighth birthday at a family dinner. Molly's birthday was really on the sixth, but the time to celebrate is when the grandparents are handy.

Roger Core, who twice escaped the mumps when his sisters had them, has finally gotten them all on his own.

Celia and Earl Puckett, Auburndale avenue, entertained two couples, Mr. and Mrs. William Bock of Dearborn and Mr. and Mrs. Hugel Schaeper of Southfield Township Saturday night, April 13 for an evening of cards and dinner.

Nancy and Phil Snowberger, Oregon avenue, had their bridge club over for the evening of Saturday, April 13. Members present were Mr. and Mrs. Shepperd, Birmingham, Mr. and Mrs. Beer-bower, Northville, and Mr. and Mrs. Culver, Plymouth.

Here's some real good news! Checks for \$247.45 each were presented to Cystic Fibrosis and Muscular Dystrophy by the Women's club. These amounts were the proceeds from the fashion show.

## LANSING REPORTING

By JOHN SWAINSON  
(State Senator)

If pending legislation on motorboats is passed, an interesting experiment will be under way in the "water wonderland". Of the 200,000 or more motorboats in use on Michigan lakes and rivers, the overwhelming majority are more than reasonably courteous and considerate of swimmers and shore property. Unfortunately, as in too many other instances, the need for legislation arises because of a minority who are neither courteous, careful or considerate.

Most Michigan vacationers, and many who live beside water, have experienced a glimpse of the reckless motor boat operator who exceeds reasonable speed, cuts too close to swimmers, upsets other boats—and then disappears. At present, if you were to attempt to place responsibility when life is endangered or property is wrecked, you would be helpless unless you could chase the offender down directly.

One bill pending this year would initiate the issuance of licenses to motor boat owners. Registration numbers would be placed on the boats for identification purposes. The license would be purchased through the county clerk or county sheriff's office in the locality in which the boat is used. The license fee would be applied to covering the costs of license and enforcement.

This type of legislation, obviously made necessary by experience imposed on us by the reckless minority, is experimental. It is probable that it would cause a few more watercraft operators to be considerate. It would make it possible to identify others who endangered life and property.

It is very likely that experience under this watercraft licensing system might indicate additional needs. For example, it may be necessary to specify penalties for chronic offenders in the future. While motorboat speed is a relative question, depending on location, weather, time of day, population nearby—obvious recklessness needs to be identified and checked before any other aspect of watercraft safety. Children are too often the victims of this sort of inconsideration.

Anyone who owns a motorboat and has been "sideswiped" nautically by a reckless operator should be delighted to obtain a license if this will mean better control of the reckless minority. If the opportunity to vote on this bill occurs, I will be voting for it and expect to remain alert for the results of this experiment.

Friday, April 5, was the deadline for introduction of new legislation with the exception of appropriation and tax bills. There are now 381 bills before the Senate and 625 before the House of Representatives. It is inevitable that a great number of these, unfortunately in some cases, will die in committee. Next week, I will try to summarize some of the pending bills briefly. For the present, keep letting me hear from you.

Cottabus was an ancient Greek game in which a recumbent diner threw wine dregs from his cup at a target in such a fashion as to make a slapping noise.

Lake Simcoe, covering 280 square miles not far north of Toronto, was discovered by Samuel Champlain in 1615.

This Women's club really believes in doing good deeds. At the last meeting they voted to turn over the money that had been set aside for the tennis court to civic to fix up and paint the ladies powder room and the kitchen at the clubhouse. Bet the men would like someone to fix up the men's powder room too.

At the next meeting of Women's club there is to be a kitchen shower for the clubhouse kitchen.

Happy belated birthday greetings to Barb Core, Cranston avenue, who celebrated her birthday Thursday, April 11.

The Angers of Melrose avenue had company from Flint. When Mr. Anger's brother and sister-in-law visited them Sunday, April 7.

Tuesday, April 9 the Livonia Business and Professional Women's club elected its new officers. Jenevieve Lewis' daughter was chosen by the club to receive its scholarship to Interlochen Music Camp for one season.

Another neighborhood weekly bridge club met at the home of Mrs. Angers, Melrose avenue, Thursday, April 11. Mrs. Rolen, Mrs. Coutou and Mrs. Murray completed the foursome.

Whatever happened to the pinocle club known as the Friendly Eight? Someone mentioned them the other day to me, referring to them as the "Hungry Eight"—or is that another group? Information, please.

The Kiwanis club met April 3. Bill Dyer, cooperative agent for the 4-H club, spoke on activities of the 4-H club throughout Wayne County.

Livonia Kiwanians just donated \$100 to the Livonia Library Commission, earmarked for books for the children's section of the proposed Livonia City Library. Won't it be nice if we ever do get that library and our teen agers don't have to go to Garden City or Plymouth to get their homework done?

Mr. and Mrs. Angers and Mr. and Mrs. Brooks of Rosedale Garden and Mr. and Mrs. Forsyth of Dearborn attended a party at Wolverine Lake Saturday night, April 6, at the home of Mr. and Mrs. Davis. The couples enjoyed a chuck-lunch dinner and an evening of cards, a game called "Sunday" which Mrs. Angers says she'll teach me. She says its as easy as rummy, so I just might take her up on the offer.

The leader of Brownie troop No. 2295, Mrs. Smith, has resigned.

The Louisiana Pinocle club met April 10 at the home of Beth Theide. Other members present were Gladyn Wendt, Geri Casler, Anita Griffith, Janet Blanchard, Shirley Good, Norma Roberts and Dolores Weinberger.

Marion Yadosky, Vermont avenue, held a demonstration party at her home April 9. Attending were Celia Hearon, Lillian Forest, Joan Beilicki, Margaret Briggs, Shirley Arndt, Irene O'Connell, Irene Ochs, Helen Firnhaber and Helele Fortney. Irene Ochs was the lucky winner of the door prize. Shirley Shearer of Detroit was the demonstrator. The evening was concluded with cake and coffee.

I went to the meeting of the Arts and Crafts club out this way Tuesday evening, April 9, at the home of Nancy Snowberger on Oregon. Next meeting will be April 23 from 8 to 10 p.m. At present the members are working in charcoal, but the club intends to take up just about every kind of art work, including oils, ceramics, water colors, and so on. For more information you may call Ga. 2-8308, 1-4209 or call me. Call me, anyway, and tell me what you've been doing lately, huh? See you next week.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

IF YOU'RE ONE who goes for spirited performance, you'll find the vivacious 1957 Buick CENTURY speaks a language all your own.

Because, this year, we wanted to bring you even finer performance. Engineered a brand-new V8 engine with the "power-pack" built right in, at no extra cost—and teamed it up with a new version of Variable Pitch Dynaflo\* that's instant in response.

**Get behind the wheel** and you'll understand why we say this 1957 Buick is the dream car to drive.

**You sit there with 300 horses at your beck and call**, complete control at your finger tips, and the surety of powerful new brakes at your toe touch.

**You smooth your way over hills** that seem to lose their tops.

**You ride relaxed and composed**—in creature comfort and supreme command.

But the CENTURY—like all 1957 Buicks—speaks also of fresh, new styling—the look you like, the longer you look. And of new luxury—inside and out. New stretch-out roominess—new solid torque-tube steadiness of travel. New buoyancy of ride, and a glorious new ease of handling.

Come let this magnificent new Buick do its own talking. You'll find it sweet listening—right down to the price-talk.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

# What Kind of Tax?

As one small voice in the greater chorus, this newspaper plainly goes on record here today as being opposed to the new corporation tax which is being suggested in Lansing as the way to raise needed state funds.

If we read the papers correctly, the proposal came from the Democrat administration, the Republicans offering resistance. But in the absence of something better, the Republicans are being shoved into a position where it seems they'll ultimately embrace it, like it or not.

The way a "corporation tax" is put across with the voters, of course, is to describe it as a "soak the rich" proposition that will permit the "average citizen" to ride along with no further increases in his personal tax bill.

It requires a lot of stubborn thinking by an "average citizen" not to swallow that kind of reasoning. But those who are sincerely interested in economics realize that not all corporations are "rich" and not all can or should be soaked.

Serious students also know that the ruination of small business, either in the State of Michigan or the union at large, is something to be resisted.

The proposal for a greater state corporation tax comes at an exact moment when on the federal level the economists are seeking relief for small businesses. A recent *Time* magazine stated that "small businesses" account for some 4,000,000 of the 4,250,000 U.S. firms. The same article said that more small concerns went out of business in 1956 than in any year since 1940; and that bankruptcies in 1957 are running ahead of those in 1956. Small business' share of total manufacturing sales slipped from 18.9 percent in 1947 to 12.3 percent in 1956. A small business is

defined as one with annual sales of not more than one million dollars.

The papers lately have been full, too, of stories of an economic survey made by U. of M. people. Gov. Williams quoted a passage or two purported to show that taxation wasn't chasing business from Michigan; but we accept the fuller text of that report. They show that Michigan is one of the high business taxation states and that further increases are risky, if we want new business to come here, or old business to stay.

This newspaper is opposed to the growth of giant cartel-type businesses. The alternative is thriving small businesses.

In addition to that, it would seem to us that in consideration of new taxes at this time, some thought might be given in Lansing to the reason for the need for new money. Is it because of greater services rendered the state's corporations? Or is it because of increased individual needs—schools, sewers, highways, hospitals? And if the needed services are primarily for individual families, is a philosophy justified wherein corporations should be taxed more heavily at the risk of their own survival, while individual taxes remain the same?

It is becoming high time, in our opinion, when our citizens realize that new or increased services do not come free. If we need, or want, something extra, it must be paid for. Otherwise, we should go without it.

We have left ourselves open to the next question: If not a corporation tax, then what do you suggest?

It's a fair question, and we suggest a state income tax, based on a set percentage of what the individual pays in federal income tax.

## 'Tight Money'

By Harry C. France

It is not a propitious time to get bearish about the stock market. For several weeks credit

conditions and tight money have temporarily chilled the feelings of thousands of investors and speculators. Equity prices have suffered as a consequence.

As recently as April 15, 1955, the Federal Reserve Bank of New York (the largest in the country) was making funds available to eligible borrowers at 1 1/4 per cent a year. Then, in rather rapid succession this rate was increased to 2 per cent, to 2 1/4, to 2 1/2, to 2 3/4 and in August, 1956, the rate was raised to 3 per cent. Thus, in less than a year and a half basic interest rates were lifted over 70 per cent.

The Reserve Banks in Boston, Philadelphia, Cleveland, Richmond, Atlanta, Chicago, St. Louis, Minneapolis, Kansas City, Dallas and San Francisco have followed suit. Today tight money grips the country. This action of the 12 Federal Reserve Banks can be felt in every community in America.

It has helped to halt a dangerous inflationary boom and in doing so it has slowed down investment and speculative operations in the stock market. But the fact still remains, despite tight money conditions, there is an abundance of dollars owned by investors that is available for stock and bond purchases.

In my opinion the present lull in the stock market (low volume days) is only temporary. The Federal Reserve Bank authorities have passed down the line to the executives of America's big banks their decision to make money more expensive. And the private institutions have passed that on to bank borrowers.

The result is that tight money has postponed thousands of important investment decisions. In times of uncertainty most investors with idle funds do nothing. That partially explains the low trading volume on the New York Stock Exchange.

Yet today economic America has hoards of money. Demand deposits in commercial banks total more than \$121 billion. Savings deposits in the same banks are more than \$50 billion. Currency in circulation is running around \$32 billion. Individuals own \$87 billion of savings bonds and other government securities. Mutual savings banks have \$30 billion on deposit and Federal Savings and Loan Association have more than \$35 billion of the peoples' money.

All of this totals \$335 billion. That would pay off the Federal debt with about \$60 billion to spare. I know a lot of this money would be very difficult to dislodge from its present resting place. But if only 10 per cent of this \$335 billion pile were to flow into the stock market, a bull market of gigantic proportions would be generated.

Tight money has forced down the prices of sound noncallable preferred stocks. They are selling at the most attractive prices in two decades.

# Bill on Trading Stamps

A MOVE TO PREVENT "UNJUST ENRICHMENT" by trading stamp companies was underway in the Michigan Senate last week.

A bill sponsored by Senators Lewis G. Christman (R-Ann Arbor) and Harold M. Ryan (D-Detroit) would require that the cash value of unredeemed trading stamps that have been issued more than seven years be paid by the trading stamp companies to the state's general revenue fund.

Legally speaking, this action would place unredeemed trading stamps under Michigan's "escheats law."

Supporters of the bill reason that:

- 1. The trading stamp companies sell the stamps at assigned value; 2. Some trading stamps are never redeemed; 3. The companies have received money for the stamps and they no longer own them; 4. Since the true owners cannot be determined, the value of the stamps that are not redeemed should be turned over to the state.

Actual value of unredeemed stamps is a closely guarded secret. Some trading stamp companies say it is very small.

Others contend that a large proportion of the stamps are never turned in and that the issuing companies are reaping large profits.

AN IMMEDIATE SAVINGS OF \$3 TO \$4 MILLION will benefit Michigan taxpayers this year if the legislature approves a new financing method for a Michigan State University building program. This feature is part of a dynamic new plan which could in a single stroke ease the critical college classroom shortage and provide a coordinated expansion program for MSU.

Additional advantages provided by the plan were listed by MSU's President John A. Hannah, who heartily endorsed the proposal. Hannah stated that: 1. The buildings will become available now for immediate needs; 2. The bill provides for necessary expansion without placing large demands upon the current income of the State of Michigan; 3. Assuming that building costs will continue to increase, an additional savings will result by immediate construction; 4. Costs of the new educational buildings will be spread over future generations of students—those that will benefit most.

Heart of the proposal introduced by Senators Frank D. Beadle (R-St. Clair), Robert E. Faulkner (R-Coloma) and Edward Hutchinson (R-Fenton) centers around the use of student fees.

Right now, all student fees are used as part of the operating expenses of MSU. The rest of the operating costs are supplied by the state legislature. Funds for new buildings must be approved separately by the legislature—and come from taxes. This is done on a year to year basis.

Under the new plan student fees would be earmarked for the construction of new classrooms and laboratories at MSU. The state would contribute no money for new buildings. Future legislatures would be asked only to provide operating expenses for the University.

Effect of the bill would be the immediate launching of a \$50 million construction program at the East Lansing University according to President Hannah. The new classrooms would be built during the next three years using private funds. Student fees for the next 10 years would be pledged to repay the loan.

How do we save up to \$4 million? Using the next fiscal year as an example, Hannah points out that "the governor's budget proposes for Michigan State \$23,000,000 for operating

expense, and \$7,314,000 for new construction, a total of \$30,314,000.

"With unpledged student fees for next year estimated at about \$4,000,000, the legislature would be asked to appropriate the full amount of operating costs, (about \$27,000,000) but nothing for new buildings. That's a difference in total budget request of more than \$3,000,000."

The new plan is an outgrowth of the program adopted by President Hannah after World War II. At that time he borrowed capital from private sources to construct dormitories, married student housing, laundry facilities, and to add to the athletic plant, health center, music and student services buildings. Loans were repaid through the earnings of these facilities. Only classrooms and labora-

tories will be included in the new program if it receives legislative approval. Student fees will replace the "earnings" of the earlier project as security for the loans.

As the bill now stands it applies only to Michigan State. However, if other Michigan universities and colleges desire to use the same financial arrangements, the bill can be amended to include them, Sen. Beadle commented.

Famed for its automobile production, Michigan also leads the nation in production of cereal foods, machine tool accessories, salt and furniture for public buildings.

### EASTER SUNDAY IS ONE

of those days all of us like to be with our loved ones. A thoughtful, personal way to remember those who are far away on Easter is with a Long Distance telephone call. Your voice over the telephone will be welcome as Spring. And it will cost

you very little. For a dollar or less you can call places a day's drive away. The usual low "after 6 p.m. or all day Sunday" rates apply all day Easter. Make a list now of those you want to phone a "Happy Easter."

### HAVE YOU NOTICED

how much more color there is around today? Even familiar objects, the telephone for one, have colorful new personalities. We have a talk on the subject called, "Color Comes Calling," that's available to clubs. In an entertaining 30 to 45 minutes, the audience learns a lot about basic color rules and popular color schemes in decorating. You'll hear how to use your color ideas, too. And men like the show as well as women. If you'd like to know more about "Color Comes Calling," call our Business Office.

### FOR FORTY YEARS,

Michigan Bell has given Red Cross First Aid Training to many telephone people. It has proved invaluable on many occasions. For example, a doctor's recent letter to us concerning an auto accident said: "It is entirely possible that a young lady

involved owes her life to your employee. Your organization is to be commended for having such a person, and to have had a hand in his training in such an important matter as First Aid management of accidents." Telephone people in this area are naturally proud that so many of their fellow workers can perform such deeds.
