

## Deluge Which Flooded Neighboring Towns Does Little Damage Here

Plymouth and the surrounding area escaped Tuesday's torrent of water with ease compared with its neighbors east of here where damage was \$1,000,000 or more.

There were a few flooded basements, including city hall itself, as the rain started early Monday morning and stopped shortly before noon.

City Manager Albert Glassford said that the storm sewers in the city easily took care of the run-off water, but that the sanitary sewers backed up. This is due, he declared, to some illegal emptying of storm water into the sanitary sewer.

As a result of the situation the manager said that every home in the city will be checked to determine where its storm water runs. Three years ago a house-to-house check was made in the northwest section of the city but apparently some homes in other sections are emptying storm water in the sanitary sewers, the manager said.

To make the check, a teaspoon of dye is washed down the eaves trough. If it appears in the sanitary sewer under the street there is a violation.

One of the hard-hit flooded basements was that of the Hotel Mayflower. There was also a basement flooded on Sunset, one on Holbrook and also in city hall.

"We will even check city hall to make sure its water runs into the right places," the manager declared.

The township also had only minor flooding to report, with the exception of Riverside Park. The Rouge River valley is maintained for park use purposely to handle heavy rains and is frequently flooded.

Livonia, Redford township and Detroit suffered heavily. Rain was measured in various amounts—from two and a half up to six inches.

## Holiday Crash Fatal To Oak Park Driver

Although Michigan's holiday traffic death toll was well under the number predicted, the Plymouth area was the scene of one of the fatal mishaps last Saturday night when two cars collided at Haggerty road and Ann Arbor Trail.

Killed was Francis Leonard Creighton of 21430 Cooledge, Oak Park. The accident happened at 7:47 p.m.

Sheriff's deputies said that Creighton was driving south on Haggerty while Robert W. Davis, 175 North Mill, was driving west on Ann Arbor Trail.

Davis said that the other car was traveling "very fast" and did not stop for the stop sign. Deputies also quoted a witness as saying that the Creighton car was going "at about 80 miles an hour."

The Davis car struck the side of the Creighton vehicle, turning it over in a ditch after striking a sign. Creighton was taken to Wayne County General Hospital where he died a short time later of head, body and internal injuries.

Plymouth township firemen washed away gasoline from a broken tank.

There had been predicted a highway death toll of 36 during the four-day holiday weekend in Michigan but motorists happily

proved the experts wrong. Twenty highway deaths were recorded.

## Milkman Loses Leg as Truck Turns Over

With only four stops to go on his milk route, tragedy struck Robert John Trombley when his truck overturned July 3. Trombley is in University hospital in Ann Arbor after having his right leg amputated above the knee. His left leg is broken above the knee.

As he was delivering his milk in Plymouth Hills subdivision, the steering suddenly went out, Trombley said, leaving him with no control over the truck. When the truck hit a hole in the road it tipped over to the left, pinning Trombley under it.

The accident was seen by one of the residents, who with other neighbors tried to release Trombley, but found the truck too heavy. Three tractors were used to move the vehicle.

Trombley was rushed to University hospital where his right leg was amputated and his left leg put in a traction. Other than his legs, he suffered minor cuts and scratches. He will remain on his back in the hospital for six to eight weeks. An artificial leg will be fitted at the hospital.

Trombley, his wife Florence and two children, Pamela, 8, and Robert, almost 2, live at 896 Wixom road. Born in Detroit, he is the second youngest of seven children of Mr. and Mrs. Clyde Trombley, 47205 West Ann Arbor Trail.

His parents had been back from Florida five days before the accident occurred. His mother said that Trombley would probably return to his job "because he is the kind of person who won't let this keep him down."

## Still Time to Enter Local Petunia Contest

The deadline for entering Plymouth's petunia contest has been extended to this Saturday, July 13, Mrs. Sidney Strong, chairman announced this week.

There are many people who have decided to plant petunias this year, Mrs. Strong noted, but some have been hesitant in entering the contest. In case people are a little afraid of what their petunia plantings look like now, they have until August 22 to get into full bloom.

But entries are wanted by this Saturday. First prize will be a \$25 savings bond; second prize is \$10 and third prize, \$5. The contest is for city residents and entry can be completed by dropping a card to Mrs. Sidney Strong, 1251 William St. Plymouth.

DIANE FUELLING (Miss Jaycee) was selected as Miss Plymouth of 1957 during the July 4th pageantry. She was crowned by Pat Anderson, last year's queen. Diane will represent Plymouth in a number of ceremonies during the year. Runner-up was Marlene Watchko, (Miss Bob's Paint Spot).

## Miss Plymouth Finds Height Not Hazard After All

A 16-year-old Plymouth girl who has always thought that measuring six feet one in high heels would be a disadvantage in life, isn't sure of her opinion now.

She is Diane Fuelling, the Plymouth Junior Chamber of Commerce's candidate who became Miss Plymouth of 1957 at the July 4th program last week.

Diane, who is the daughter of Mr. and Mrs. Melvin F. Fuelling, of 11767 Priscilla Lane, had always been rather unhappy about her height. In flat shoes, she is five feet, 10 1/2 inches tall. In heels such as she wore in the Miss Plymouth competition, she was two and a half inches taller.

(For the record, Diane has a boy friend who is her height.)

But her height was no obstacle as far as contest judges were

## Thousands Enjoy July 4th Events

Plymouth's Independence Day celebration was hailed as one of the most successful yet despite a rainstorm which forced the evening program inside shortly before it was to start.

A half hour before the night events were to begin at 7 o'clock the weather outlook was so poor that it was decided that the program should be held in the high school gymnasium. Despite the hasty move, things were nearly ready for the crowd which poured into the gym to watch the Miss Plymouth selection, hear a greeting by Governor Williams and other entertainment.

The day's events started at 11 a.m. when a parade moved down Main street before thousands of people. There were over 1,000 people in the parade itself including 81 sailors who were "adopted" by the community during the day. In training at Grosse Ile, the new reservists were guests both for lunch and dinner and many of them were selected as escorts for the Miss Plymouth contestants that evening.

Leading the parade behind the Marine Corps color guard were officials of the city and township who sat side-by-side in convertibles. Township Supervisor Roy Lindsay and Mayor Harold Guenther also appeared on the platform at the evening program and received a round of applause when Chamber of Commerce President Frank Allison stated that it has everyone's hope that the city and township may show friendship and cooperation "as the mayor and supervisor have today."

### Parade

There were three winners in the float competition. The commercial classification ribbon was won by a local painting firm operated by Charles Guideau. His float entitled "Liberty" showed a small girl under a replica of the Liberty Bell.

The best individual float was entered by the Theatre Guild. It presented a "We the People" theme with characters of Wyatt Earp, an Indian, Pilgrim and a spaceman of the future.

Best among the visiting floats was that of the Knights of Columbus brought here from Wayne. It hailed the organization's "75 years for Faith, Flag and Family". Also in the K of

C unit were 22 members of a 4th degree honor guard from Detroit and local K of C members.

Not in competition but outstanding was the float of the Burroughs Corporation. It showed the bow of the ship Mayflower and showed a Pilgrim family. A Barnes-Gibson-Raymond float showed a Pilgrim man and woman shaking hands with an Indian over Plymouth Rock and the Photographic Center had a photographer snapping a group riding in a boat.

There was also competition among playgrounds. Winners in the various classifications were: 1st, Hamilton playground; 2nd, Auburn. Best dressed girl, Linda Ross; best dressed boy, Dennis Roeding; Best decorated boy's bike, Homer Reedy; best girl's bike, Nancy Clark.

Cleverest dressed girl, Nancy Richards; cleverest dressed boy, Alvin Lickfuit. Best decorated boy's wagons, tricycles, etc., none; best girl's tricycles, Debbie Cooper.

### Horse Show

Following the parade was the horse show behind the high school. Ribbons were given to first, second and third places in eight classifications. They were:

Parade class, 1st, Debra Yodsky; 2nd, James Magraw; 3rd, Helen Moers.

Working stock horse class, 1st, Garry Wright; 2nd, James Magraw; 3rd, Betty Weberlein.

Horsemanship (13 and under), 1st, Cindy Hull; 2nd, Bobby Koers; 3rd, David Magraw.

A WELCOME SIGHT to city residents is this new street sweeper, which is now on a regular sweeping schedule. Costing \$9,500 with a trade-in, it has four times the capacity of the old sweeper which has been in disrepair this year. It carries 250 gallons of water, holds four cubic yards of sweepings, has power brakes, power steering and a plastic cab. Superintendent of Public Works Joe Bida, shown handing a work schedule to operator Harold Schremp, states that dust created by the sweeper in some streets will be eliminated once the accumulation of dirt in the gutters is gone. It sweeps five to eight miles of streets a day.

## Some Still Recall 'Terrible Error'

# 32 Died, 103 Hurt Here in Rail Accident Half Century Ago

Thirty-two people died and 103 were injured in a head-on train collision between Plymouth and Salem fifty years ago this month. A seven car freight and an excursion train made up of Pere Marquette employees were involved.

Some Plymouthites probably still remember the tragedy of a half century ago, and perhaps a few still live who joined the many hundreds who went to the scene as spectators.

The accident occurred shortly after 9 a.m. Saturday, July 20, 1907 about three miles west of Plymouth, behind today's Detroit House of Correction. The trains were heading toward one another on a curve where the track goes through Shear's cut. Neither engineer could see the other train approaching.

Thirty-one were killed on that infamous day with one death occurring the following Monday in Grace Hospital.

Ironically the accident was a result of misread orders. The Pere Marquette had distributed a

time-table of the excursion train's schedule.

The schedule read Salem 9:10; Plymouth 9:25. However, the freight crew read it as Salem 9:25 and thought they had ample time to reach a sid-

ing before the passenger train was due. Faulty printing of dots on the schedule reportedly confused train officials.

Four Plymouth doctors boarded a hastily-organized rescue train armed with cheesecloth and

cotton bandages donated by local merchants. They were Drs. Patterson, Kimble, Kenyon and Knight. Later another rescue train from Detroit stopped at Plymouth to pick-up Drs. Cooper and Peck and two nurses—Mrs.

Harrison and Miss Stewart. Dr. Peck still practices here.

Plymouth doctors rendered first aid but it wasn't until 2 p.m. that the first rescue train left the scene of the accident with the dead and survivors. Plymouth's Dr. Cooper was in charge of this train which embarked for Ionia. A second train left later for Detroit to place some of the injured in hospitals there.

Many Plymouth people were reported as assisting the injured at the scene of the accident. The Michigan State Telephone Company put up two emergency telephone poles to transmit messages from the survivors to their families.

The July 26, 1907 issue of "The Plymouth Mail" devoted over a page to the accident.

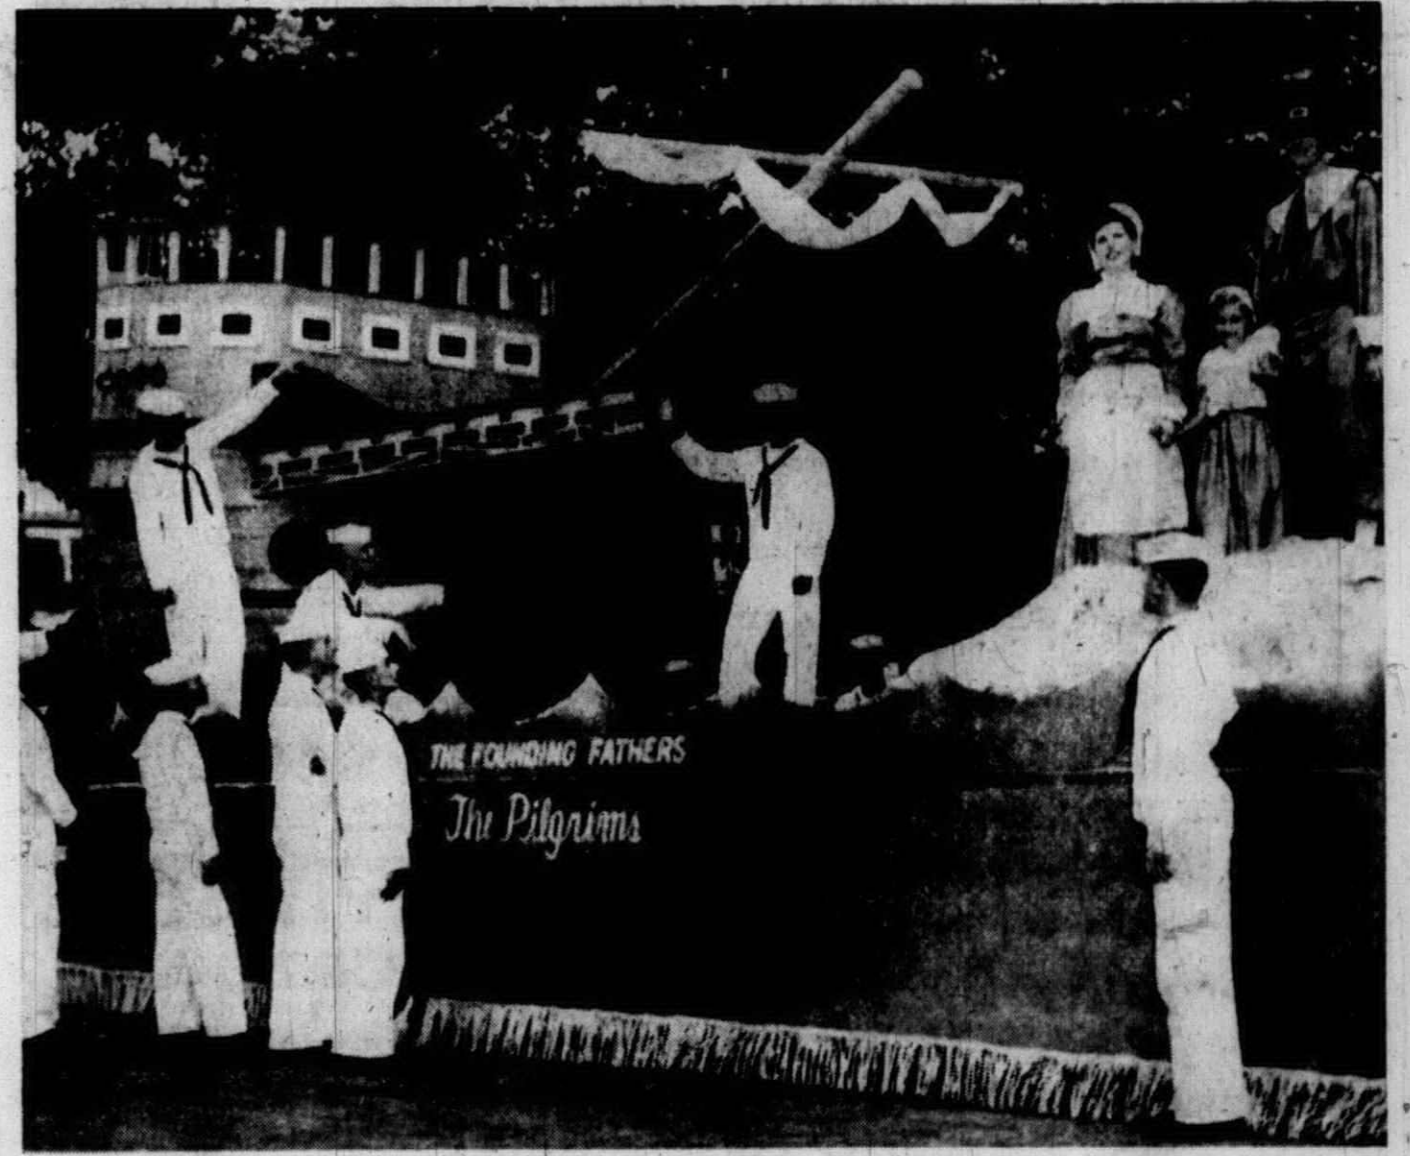

There were three deaths in the passenger train crew. Fireman Kowles died enroute to the hospital of a fractured skull while Conductor Pixley and Brakeman Cowin were found buried in the wreck.

Pixley was taken to Schrader's Funeral Home in Plymouth while Wilson Rogers, engineer of the freight train, was confined to a room at the Plymouth Hotel with scalds and bruises.

(Continued on Page 8)

THIS PHOTOGRAPH, taken from the Plymouth Mail of 50 years ago, pictured the wreckage of an excursion train which took the lives of 32 and injured 103, making it one of Michigan's worst rail disasters. The collision between two trains took place three miles west of Plymouth.

INSPECTING the seaworthiness of the Mayflower III that appeared in the July 4th parade were sailors from Grosse Ile who also were in the line of march. The bow of the Mayflower was designed and built at the local Burroughs corporation plant. Charlotte Dayton and Gene Callais were the Pilgrims.

## Township Planner Named

W. J. Livingston, 41767 Schoolcraft road, has been appointed to fill a vacancy on the Plymouth township planning commission. He was appointed by the township board of trustees.

The vacancy was created by William C. Miller who has moved from the township. The term of office ends in June 1959.

The township's new subdivision and thorough ordinance approved by the planners and board of trustees becomes effective July 13.

## Two Fireworks Bombs Missing, Another Recovered in Sewer

Two fireworks bombs that were stolen from the display as it was being fired Friday night are still missing. Fire Chief Robert McAllister said Wednesday.

Three bombs were taken and one has been recovered. An urgent warning has gone out to the person who took them, stating that the short-fused bombs are powerful and dangerous.

The incident happened sometime while firemen were shooting off the display. Rain had postponed the display from Thursday until Friday. As the fireworks were being shot off in the dark, one or several youths crept into the fireworks area and took three bombs from a box of 12. The bombs were part of the finale of 36 that were to be shot.

WWJ newscaster Carl Cederburg of Plymouth was called shortly before the 11 p.m. newscast and radio and television programs a few minutes later warned the thieves of the danger of attempting to fire the bombs. They measured two inches in diameter and three inches long.

Police received an anonymous phone call Saturday telling that a bomb could be found in a sewer behind the Beyer Rexall Drug store on Forest avenue. The bomb was recovered, but two are still missing.

Bette Lou Ellis

**Candian Girl to Wed Joseph M. O'Hara**

Mr. and Mrs. Edgar Ellis of Walkerton, Ontario announce the engagement of their daughter Bette Lou to Joseph Michael O'Hara, son of Mr. and Mrs. Earl D. O'Hara of Plymouth Road. The wedding will be held at Sacred Heart church in Walkerton at 10 a.m. on August 17.

**Nature Trails, Picnicking At Gallimore Playground**

An interesting and unique setting is the Gallimore playground. Through the ten acres of woods wind nature trails with an unusually large variety of trees of all sizes and shapes and perhaps some of the largest trees in the southern part of the state. Sycamore, Hawthorne, Basswood, Locust, Poplar, Muscledwood, and Beech plus several varieties of Oak, Maple, Elm, Ash, and Hickory are here. Some have not yet been identified. The playground is interested in acquiring new varieties.

Wild flowers are plentiful and there are literally thousands of the somewhat rare Trillium. These flowers and plants attract many interesting insects, including colorful butterflies. Mosquitoes, and poison ivy are present too, but are being combatted. Birds are a part of the scene also and, their musical songs can be heard constantly.

Here too is a fine place for a picnic lunch. There are several picnic tables comfortably situated in shady spots. Wednesday is hot dog roast day and any other time upon request.

The area is open Monday through Friday from 10 a.m. until 6 p.m. Visitors are welcome.

**Rodeo, Western Horse Show Being Held at Northville**

A Rodeo and Western Horse Show will be presented next Sunday July 14 at Northville Downs. It will be started by a parade of the colorful western horses and riders that will proceed from the Community Building to the Downs shortly after noon.

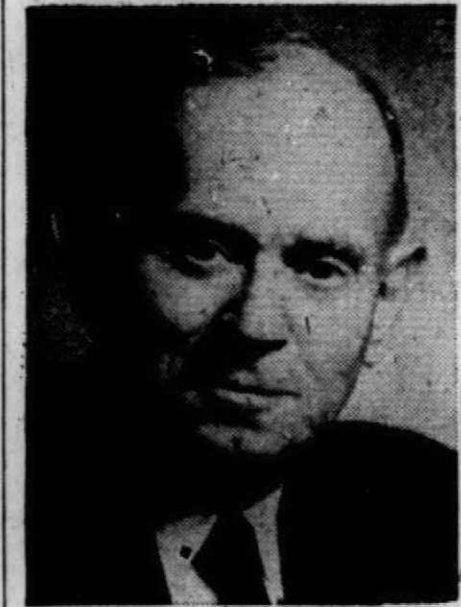

Instead of the usual horse show events, this show will feature competition ranging from bronco-busting to quarter horse racing. Thirteen events are planned: bare back riding for professional riders only, rescue race, boots and saddle race, bending race, musical chairs, quarter horse race, team events, etc.

The junior riders from Ann Arbor, Inkster, South Lyon, Plymouth, Belleville, and Northville will be judged on condition of their horses and equipment as well as their horsemanship.

A rodeo queen will be selected according to points earned in participation of the program. She'll be crowned in one of the late events of the show and will receive prizes as well as a trophy. Winners of the events will receive trophies and ribbons. Others placing in the competition will be awarded ribbons.

About 100 competitors up to age 18 are expected to participate with separate events for various age groups. As in past years it is sponsored by the Northville Optimist Club but is at variance with the traditional type of horse show they have sponsored for the last eight years. The tickets are available at the gate or from Optimist Club members' before the day of the Rodeo.

Mrs. Glenn Guentenberg

**Barbara Kay Rowland Dons Silk, Lace for Evening Service**

Tiers of glowing candles and bouquets of white gladioli and chrysanthemums decorated the altar of the Metropolitan Seventh-Day Adventist church on Southfield road, Sunday, June 30 for the evening ceremony uniting Barbara Kay Rowland and B. Glenn Guentenberg.

The bride is the daughter of Mr. and Mrs. Harry C. Rowland of 47650 West Ann Arbor Trail and the bridegroom is the son of Mr. and Mrs. Bernard G. Guentenberg of Margareta avenue in Detroit.

Elder Robert L. Boothby officiated at the seven o'clock ceremony. Carolyn Kowalski, a friend of the couple, was the organist. The soloist, Lonna Tomczak, sang "At Dawning" and the "Wedding Prayer." White satin streamers and glusters of green marked the church pews.

Given in marriage by her father, the bride wore a gown of imported Dupioni silk with fitted Alencon lace bodice, with seed pearls accenting the sweetheart neckline and the wrists of the long pointed sleeves. She wore a cap of matching lace and pearls which held her fingertip illusion veil. The skirt was fashioned with a bustle and ended in a chapel train. She carried a cascade arrangement of stephanotis and white orchids.

Carol Bakewell, cousin of the bride, as the maid of honor wore a floor-length gown of pale pink nylon chiffon, styled with shirred bodice and draped back. Her headpiece was a matching halo set in seed pearls. She carried a cascade bouquet of white and pink carnations with ivy. The bridesmaids were Ann Edwards of Vassar, Connie Schmidt of Plymouth and Jane Newman of Gaines. They wore gowns and headpieces fashioned after those of the maid of honor and carried cascade arrangements of pink carnations and ivy.

Harold Bush was best man. Assisting as ushers were Kenneth Edwards of Vassar, Richard Hirsch of Bay City and William Franklin of Detroit. Alvin Rol-

## Donna Renwick, Louis Deibel United in Methodist Ceremony

Donna Renwick and Louis Deibel exchanged wedding vows in an evening ceremony Saturday, June 22 at the Methodist Church.

The bride is the daughter of Mrs. Elma Renwick of 1121 Simpson. The bridegroom is the son of Mr. and Mrs. Charles Deibel, 2685 Trenton Drive in Trenton.

The church was decorated with altar vases of white peonies and candelabra. The soloist, Nancy Moll sang "The Lord's Prayer" and "Oh, Perfect Love." Rev. M. Johnson officiated.

The bride, given away by her brother, Dale Renwick, wore a white lace ruffled gown with a chapel train of dotted french tulle. The fingertip veil was of pleated tulle, edged in lace. She carried phalaenopsis, orchids and stephanotis on a Bible.

The matron of honor was Mrs. Jo Ann Johnson, sister of the bride. She wore a sheath of white lace over aqua taffeta with an aqua bow and streamers in the back and carried yellow roses.

The bridesmaids, Mary Hathaway, Gwen Johnson, Beyerly Dildine also wore aqua taffeta and lace dresses. Flower girl Linda Johnson and ringbearer Sunni Lynne Johnson wore floor length dresses of white organdy over aqua.

William Deibel served as best man. Ushers were Jim Kitson, Bob Halle, Chuck Kirkpatrick and Henry Johnson.

Mrs. Renwick, mother of the bride, wore a dress of blue lace over white with white accessories and a white orchid. The bridegroom's mother chose an orchid lace dress with matching accessories and an orchid corsage.

A reception was held at Fellowship Hall for 200 guests from Roseville, Garden City, Livonia, Ann Arbor, South Lyon, Trenton, Wyandotte, Detroit, Ypsilanti and Northville.

The bride graduated from Plymouth high school in 1952 and the bridegroom graduated from Roosevelt high school in 1952. Both are graduates of Eastern Michigan College, where the bride was a member of Alpha Sigma Tau sorority and the bridegroom was a member of Sigma Tau Gamma fraternity.

The newlyweds will make their home at Fort Sill Okla. where the bridegroom will begin officer training in guided missiles.

## Sutphen-Wnuk Vows Repeated

Jeanne Mary Sutphen and Hugh Leonard Wnuk exchanged marriage vows in a double-ring ceremony at Saints Peter and Paul church at 10 a.m., Saturday, June 29.

The bridegroom is the son of Mr. and Mrs. Leonard Wnuk, former Plymouth residents.

Father Edward J. Sobczak offered the Nuptial High Mass which solemnized the rites. Claudia Kolodziej, cousin of the bridegroom and assistant organist of St. John Evangelist church in Detroit, sang the mass and played the organ.

Given in marriage by Leonard Wnuk, father of the bridegroom, the bride's gown was fashioned of nylon applique lace with a ballerina skirt of applique lace tiers over net and taffeta. The gown was topped with a nylon applique lace jacket with long pointed sleeves. To complete the ensemble, the bride carried a white prayer book adorned with two white orchides and white satin streamers. A seed pearl and nylon applique cap held a fingertip illusion veil.

The maid of honor, Betty Ski-wisk, carried a yellow, fuchsia and white carnation bouquet to accent her champagne-colored ballerina dress of net over taffeta. Matching feathers formed a small top.

George Weingartz attended the bridegroom as best man.

The bride's mother, Mrs. James Sutphen, wore a navy blue sheer dress with white accessories. Mrs. Leonard Wnuk wore a shantung silk taffeta white dress dotted in black and black accessories. They wore corsages of white, fuchsia and pink tea roses.

Following the ceremony, breakfast was served at Homestead's banquet hall in Imlay City for friends and relatives. The reception and buffet luncheon was served in late afternoon at the home of the bridegroom's parents.

The couple left for Tahquamenon Falls.

### BAD DISPOSITION OF FURNITURE

Don't group too many pieces of furniture in a single area, or have all the high points in the room confined to one wall. This makes a room appear clumsy, top-sized, and upsets the balance. When properly distributed the furniture will bring out the room's good points, and at the same time...

### CREATE A PLEASING BALANCE

Plan your furniture arrangement so that the height and weight of each group or piece is counter-balanced by another group (or architectural feature) that appears equal in size and weight. Color places an important part in room balance too. Dark colors appear heavier than lighter shades. Strive for an even distribution of color.

**THE RIDER**

BY BOB FRANKLIN

If any one man were to stand up and take a bow for being the man who did the most for the horse-minded small fry of his area, I think it should be Robert Waldecke, Robert, or Butch as he is called by his many small admirers, has been working at the task of making sure the little folks and their mounts were safe and happy since this rider can remember. The horse show after the parade last week was no exception; it found Mr. Waldecke hard at work, in his usual quiet way.

The Plymouth 4-H Bridle Club and the Belleville Galloping Comedians Club are sponsoring a junior horse show on July 14, one o'clock, at the Wayne County 4-H Fairgrounds. This would be a fine chance for anyone in the Plymouth area, who is interested, to see what goes on at a top junior show. Some of the best junior riders from all over the state are expected and the show is sure to be a good one.

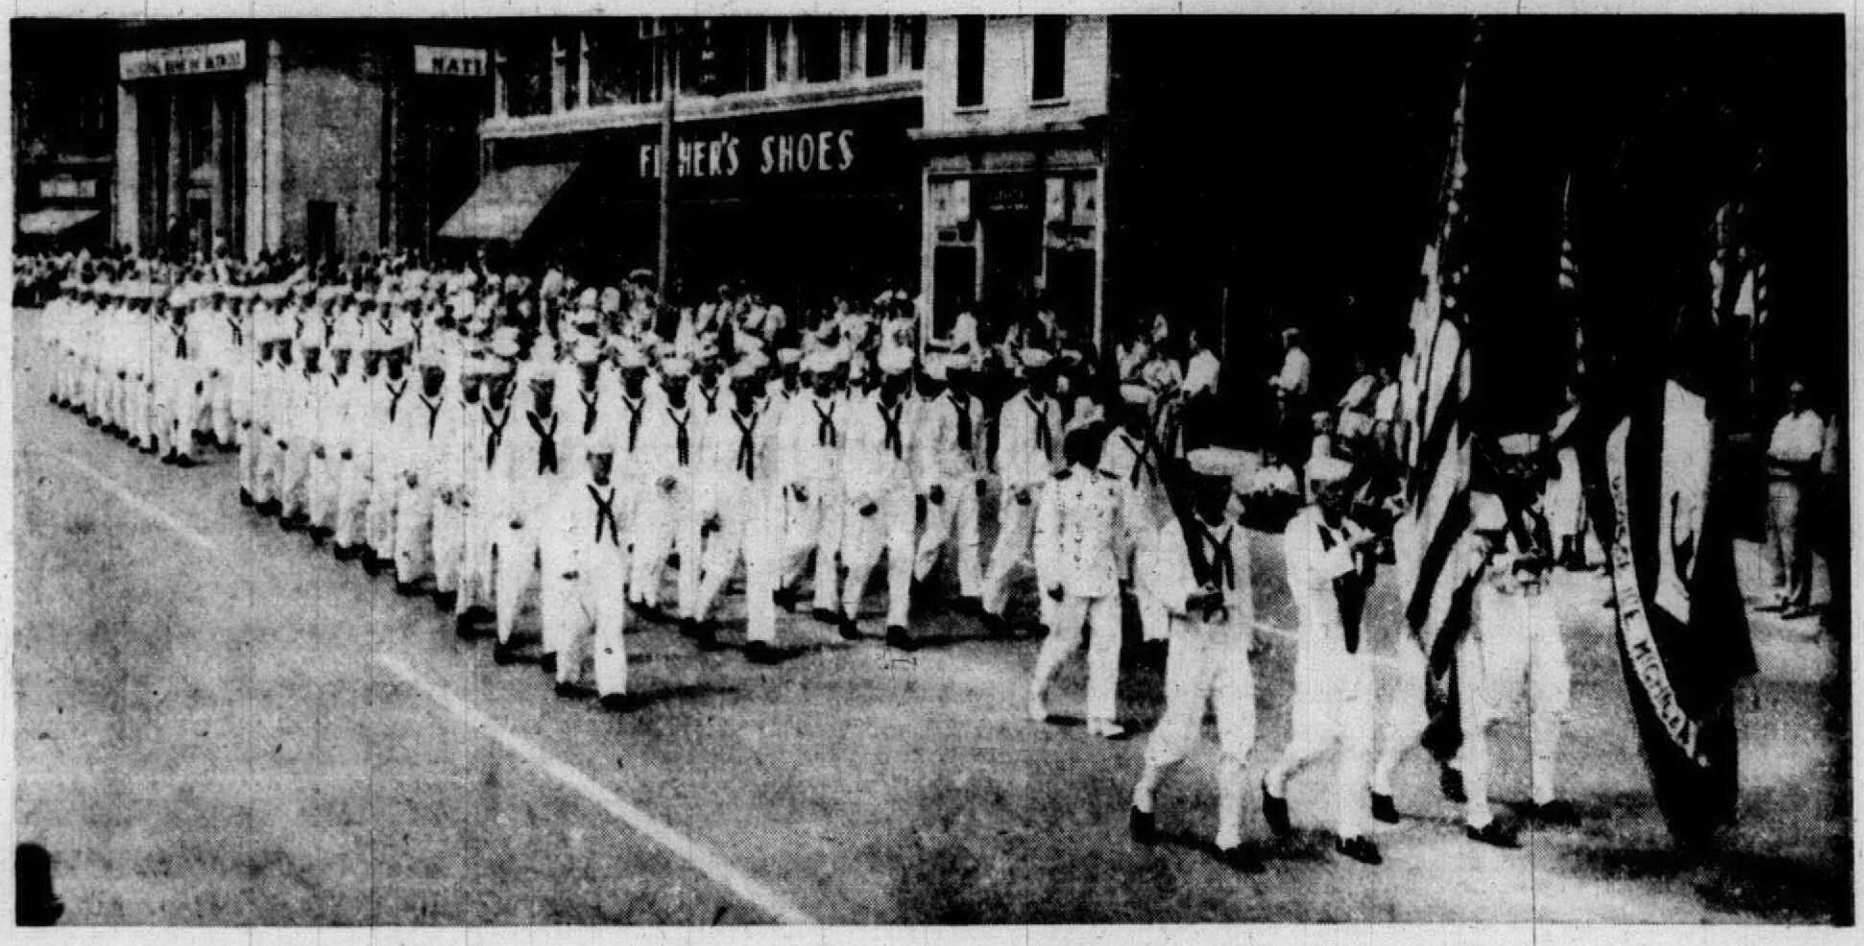

The Dexter Legion Sheriff's posse horse show drew a few local riders, who placed as follows: Judy Wall, third in the Bending Race and also third in the Matched Pair Class with her partner Doug Cline; Sharlene Moers, fourth in the fifteen and over Pleasure Class; Richard Forbush, first, with a fine ride, in the fourteen and under Pleasure Class; Leona Hull, second in the adult Pleasure Class and fourth in the Reining Class.

Richard Forbush, the lad I mentioned in the list of winners at the Dexter show, should get a king-sized pat on the back for the fine job he has done with his new colt. Richard has molded a good pleasure horse out of a very green colt and I am sure that the show ring future for this horse and rider is very bright. The Forbush family plans to move to Plymouth from Dearborn sometime in August.

Most of the space in this column has been devoted to the horses and riders of the show ring, mainly because this is the horse show and rodeo time of year. However, a large number of people ride because they like to ride and because the horse is to them a pleasure. These are the real horse lovers.

**Merchants Alone Atop Inter-County Baseball League**

The Plymouth Merchants took over the first place spot in the Inter-County Baseball League on July 4th when they trimmed the Plymouth Elks and River Rouge lost to Romulus.

Before last Thursday, the Merchants and River Rouge were tied with 3-1 records. The holiday games saw the Merchants beat the Elks 18-12 and Romulus beating River Rouge. Both of the top teams won their Sunday games, the Merchants beating Chelsea, 5-3, and River Rouge downing Detroit Control, 8-3.

A large holiday crowd saw the two Plymouth teams meet in Riverside Park. The new Elks team put up a strong battle. At the start of the fifth, the Merchants led 8-7. Eddie Hock and Jim Shepherd hurled for the Merchants with Shepherd getting credit for the win. The Elks used Johnson, Bruce, Bonga and Foley.

Marley and Kessler both hit round-trippers for the Merchants while the Elks homer was hit by Foley. Hock of the Merchants got five hits for five times at bat.

The Elks lost to Northville Sunday, 7-2 while the Merchants played errorless ball to beat Chelsea, 5-3. In the eighth, Chelsea had a chance to tie or win the game when they got three singles in a row, scoring once. With men on first and second and no one out, Shephard retired the side.

This Sunday, the Merchants are at Northville and Detroit Control plays the Elks here.

**Daisy Unbeaten In 'D' League**

D League baseball for boys 18 and under continued last week with the two teams from Plymouth holding the first two spots in the standings.

Daisy beat Willow Run, 3-2, in a hotly pitched game. Daisy got its three runs in the second inning with Larry Wells walked, Dzurus hit a triple, Paul Woodard walked and stole second; and Ken Knipschild hit a single, scoring Dzurus and Woodard.

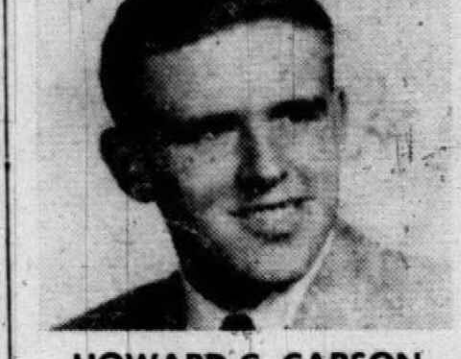

The Elks and Dearborn township game was called a "no contest" when both teams "goofed" in one way or another. The Elks didn't have enough players in time to prevent a forfeit, but the Dearborn manager had failed to bring the necessary bases, so the game was played as a practice session.

**Two Plymouth Class D Ball Players To Appear in Briggs Stadium Game**

Two Plymouth baseball players have been selected to play against the Detroit All-Stars at Briggs Stadium on August 3. They are Ken Knipschild and Eric Goodwell, two of the seven Plymouth players who were on the area team in the Class D All-Star Tournament at Adrian Saturday.

The best players from four Class D leagues in Michigan participated. They went under the names of Plymouth, Jackson, Adrian and Albion. The all-Star Team from Plymouth had players from Dearborn Township, Willow Run, Plymouth Elks and Daisy Manufacturing.

Of the 15 who made up the area team, the seven from Plymouth were Ken Knipschild

(pitcher) Wayne Carrier (catcher); Harvey Wells (outfield), Jim Dzurus (second base), Larry Wells, (outfield) and Paul Woodard (shortstop), all from Daisy Manufacturing. Eric Goodwell represented the Elks team.

Plymouth was defeated 3-2 in a heartbreaker which saw bases loaded and none out for Plymouth in the ninth. The crowd was on the edge of their seats as Plymouth loaded the bases—but:

The runner on third was forced at the plate on a ground ball to third; the second out was caused when the batter failed to push the ball on a squeeze play and out No. 3 came when the batter hit a Texas leaguer which looked like a certain hit. The left fielder,

and shortstop collided but the ball stuck in the mitt of the fielder, ending the game.

Ken Knipschild went the full nine innings for Plymouth and allowed only six hits.

Jackson beat Adrian in the afternoon for another 4-3 thriller. From the four teams at Adrian were culled the All-Star team that will play in Briggs Stadium next month.

**Knot Heads Fail To Tie Up League**

Two of the big guns of the B League collided last week with the Northville V.F.W. overwhelming the Knot Heads, 11-9.

The V.F.W. has undisputed possession of first place in the Class B division with a 5-0 record. The Knot Heads now possess a 4-2 record, being defeated twice during the past two weeks.

The Knot Heads out-hit their opponents, 16-11, but failed to connect at the right moments. Bill's Market, in third place, was defeated 4-2, by the Lutheran Men's team. The Lutherans had 12 hits and Bill's Market six.

In other games of the league, Garden City was submerged 21-3 at the hands of Daisy. The Daisy team slugged out 25 hits.

Continental Can edged out the Chevie team in a 7-5 game, and the Independents downed Strohs, 11-7.

Three A League games were scheduled last week but the Lincoln had to forfeit its game to Chevrolet Spring & Bumper.

Beglinger continued its undefeated season by whipping Box Bar twice. On July 2, the league leaders nosed out, 4-3 win, although they led well in hits, 9-4. The following night the score was more decisive. With 17 hits, Beglinger took Box Bar, 14-2.

## Plymouth's Business

At a recent conclave of the "Knights of the Round Table" that convenes daily at the Mayflower Hotel, we were treated to a fish story to end all fish stories by Wendell Lent, Jim Houk and Doctor Williams. Their account of a fishing expedition that involved Frank Terry, Bud Schrader and Ernie Henry is better left to the imagination. Fortunately, they brought back a couple of snapshots to back up some of their tamer statements and we will print one on the assumption that seeing is believing.

Wendell Lent

From the Small Business Administration: "Many smaller firms fail because no competent manager is set to take over when the boss can't function. In a 'one-

man show' the one man should have a successor well-prepared."

Nice to see Plymouth blossoming out with all those pretty Petunia boxes. Both the merchants who are cooperating and the Garden Club of Plymouth are to be complimented for adding this festive note to our fair city.

The new look at the corner of Main and Dodge is Stadnik and Shekell's black-topped lot and we understand that they are also going to enlarge their building and make other improvements to make it an attractive corner.

Experts who study such things report that a trend today is that of city dwellers picking up buying habits that once were thought

to be typically suburban. For example, 56 percent of all station wagons are sold to owners living in big cities.

### Sewer Tap Assessment Roll Hearing is Monday

A public hearing on a special assessment roll for sewer taps will be held Monday night in the city commission chambers.

The sum of \$90 is being charged for bringing the sewer tap from the main to the property. Those who wish to protest or support the assessment will have their chance to appear before the commission at 7:30 p.m. There are 425 lots affected by the city's new sanitary sewer system.

## The MAIL Attitude

BY PAUL CHANDLER

Monday of this week found me nodding and groggy. Every job I tackled went ahead at a tantalizingly slow pace. It was annoying and frustrating.

So sluggish, in fact, that it wasn't until mid-afternoon that the cause of the weary bones occurred. It was that booming storm Sunday night—it had stolen more sleep than I realized.

After that idea dawned, we checked a few acquaintances. Every one of them said they had been awakened for varying periods during that night, too.

So our not particularly profound thought for this week is that a big, noisy storm is costly in more ways than flooding, etc. If every worker in the metropolitan area suffered, because of lost sleep, a 20 percent loss in efficiency at his work Monday (and that's underestimating in my own case) then what was the total cost in dollars?

The downpour of rain raised havoc, as usual, down the line of the Rouge valley, in Livonia, Redford Township and elsewhere. Basements and streets were more seriously flooded there than at any time in two years.

And what if the rain had continued to pour for another 24 hours? All the damage this week was done in about 8 hours of rainfall. Some of these days it won't quit so soon, and that's a prospect which has the engineers desperately frightened.

Along with loss of worker efficiency, many businesses counted thousands of more lost dollars because of workers who were late or who didn't arrive at all. Other businesses couldn't operate because they were flooded themselves.

Insurance companies are preparing to handle two million dollars in damage claims by Wayne County residents.

Plymouth escaped serious damage, of course, because it is at the high end of the Rouge basin which drains western Wayne County. But our Livonia and Redford Township neighbors to the east had huge rivers—30 feet wide and several feet deep in places—surging right down backyards and across arterial streets.

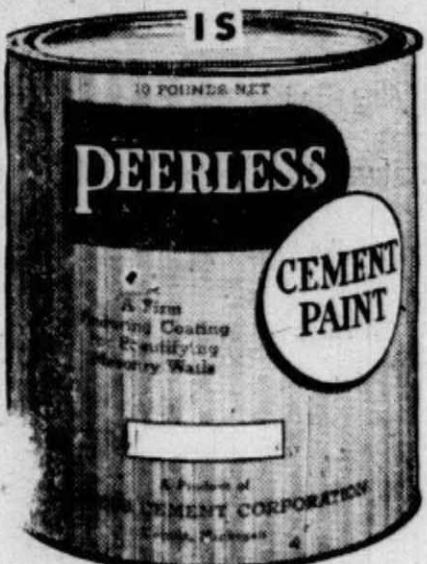

It would take at least 20 million dollars in Livonia and Redford Township alone to install the simple, basic pipes of a storm sewer system which could handle a rainfall such as dropped this week. The citizens of both those communities will be asked (according to last reports) to vote this fall as to whether they want a special assessment to provide about 10 million dollars apiece for new sewers.

Lost sleep, millions of dollars of damage, anguished taxpayers—all because the rain fell for eight hours. This is the Twentieth Century, but Mother Nature still knows how to get tough when she wants to.

#### QUOTATIONS

"The best way to resist temptation is publicly."  
 "An optimist is one who goes to Western movies and bets on the Indians."  
 "A man who is contented with what he has done will never become famous for what he will do."

## THE SECRET OF MY DRY BASEMENT

and Peerless "DIKE" FIRST—I stopped the wall leaks AT ONCE with DIKE, which I mixed into a putty-like cake and plugged into all holes and cracks. DIKE hardens almost instantly, and holds back even heavy water pressure.

SECOND—I painted the walls MYSELF with PEERLESS CEMENT PAINT (it's so easy to apply). Because of its high portland cement content, it produces a strong, durable coating that effectively seals out moisture.

Now my basement is BONE DRY and BEAUTIFUL, thanks to PEERLESS "DIKE" and PEERLESS CEMENT PAINT (12 bright decorator colors and gleaming white).

A SNAPPY SALUTE was given by Governor G. Mennen Williams to an honor guard of sailors as the governor approached the platform in the high school gymnasium on July 4th. The governor, making a whirlwind trip of the state during the day, had to drive to Plymouth from Ypsilanti instead of flying because of a bad storm.

### Junior Golfers Rained Out

The Junior Golf Association which meets on Monday mornings at Hilltop Golf Course was washed out last Monday by the heavy rains.

To make up the lost day of play, the league will meet both Monday and Friday of next week.

Mr. and Mrs. William C. Hartmann of Blunk street were entertained at dinner Saturday evening in the home of Mr. and Mrs. John Riddell, Jr., in Birmingham.

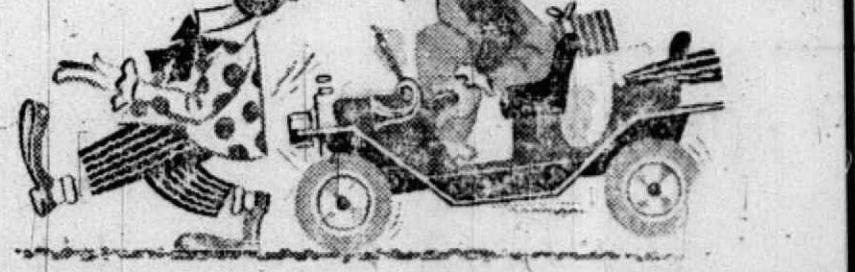

Mr. and Mrs. Clarence Anderson of Louisville, Kentucky, were house guests of his brother and sister-in-law Mr. and Mrs. Walter Anderson from the Fourth until Tuesday of this week.

It will be to your advantage if you use the Want Ads.

### Air Reservists Named To New Flight Positions

New appointments to positions of the U. S. Air Force Flight A of Plymouth were named by Flight Commander Lawrence Ransom. Appointed were Capt. Joe Scarpulla of Plymouth, training officer; Capt. Robert Eck of Plymouth, information service officer; Capt. Leland Philp of Garden City, personnel officer; and Sgt. Richard Koziara of South Lyon, first sergeant. Their first meeting after being named to their posts was held July 9 at the Veterans Memorial Home on Main street. Flight A is attached to the 9632nd Air Reserve Squadron of Dearborn.

A HUNGRY CREW of 81 sailors consumed fried chicken and other fare at noon on July 4th at Fire Station No. 2. Edward Hough, president of Daisy Manufacturing, had a caterer bring in food served by the Navy Mothers club. All but 15 of the sailors were "adopted" for dinner that evening by Plymouth families. The 15 were served by the Navy Mothers at the Veterans Memorial Center.

### THE READER SPEAKS UP

To The Editor:  
I have often heard it said that certain individuals would "rob the dead".  
There is such an individual operating in the vicinity of Plymouth.  
This past weekend, I went to Riverside Cemetery, as I do each week through the summer, to water and care for the urns of flowers on the graves of my parents and brother-in-law.  
To my consternation, I discovered that both urns, which were identical, had been stolen. Since the graves of my parents are not adjacent to that of my brother-in-law, the thief must have carefully surveyed the lots to find ones that were alike.  
The urns being heavy, I know that the culprit was not a child or a woman.  
May the acquisition of these flowers bring great comfort and enjoyment to the thief!  
Of course, the urns and flowers can easily be replaced, but I gladly offer a reward for the apprehension of the thief. (Name Withheld By Request)

PROMOTE YOUR COMMUNITY—BUY IN PLYMOUTH

An angry man is Sylvester T. Bly,  
Who today was sold a piece of "blue sky."  
He'd stepped in a showroom—out of the rain,  
Was sold a new car before he could explain!  
How he hated the styling—so high and square  
And in new features it was really bare.  
"I got a real bargain—the buy of my life—  
But how do I ever convince my own wife?"

Moral: You're paying for a new car... make sure you get one!

When you buy a new car, put your money on tomorrow—not yesterday. Swept-Wing Dodge actually obsoletes other cars in its field. Should you invest in high, boxy styling when Dodge offers the low, low look of tomorrow? Should you invest in outmoded coil springs when Dodge offers new Torson-Aire Ride? Should you invest in an old-fashioned lever-type transmission when Dodge offers the ease of Push-Button Driving? In other things, too—engines, brakes, interiors—Dodge is years ahead. So put your money on tomorrow. See your Dodge dealer. Join the swing to the Swept-Wing Dodge!

PRESENTING RIBBONS to float winners on July 4th were Township Supervisor Roy Lindsay (center) and Mayor Harold Guenther (right). The Theatre Guild with its float carrying characters of the past and future, won a ribbon being accepted by Hal Young, one of its members.

**Christian Service Society Plans TV Appearance On August 8**

The Women's Society of Christian Service of the Newburg Methodist church has thirty tickets for the television program, Ladies Day. They are available at this time simply by calling Mrs. James Greenwood at GA. 2-2452. The date for the group to go to see the program is set for Thursday, August 8 and there will be transportation provided for those who wish to go and have no transportation. More information concerning this event will be found here as the date gets closer.

Mr. and Mrs. Dale Foreman, daughter Jill and sons, Michael and Randy of Horton avenue, Livonia, have returned home after spending two weeks visiting with relatives in Parson, Kan., and Tulsa, Okla.

The Fidelis Class of the Newburg Methodist Sunday school will meet on Saturday, July 13 at the home of Mr. and Mrs. Jesse Bennett on Stark road for a pot luck picnic supper at 6:30 p.m. Bring your bathing suit for a dip in the Bennett's pool.

Mr. and Mrs. Paul Nixon and son David of Wadsworth avenue spent Thursday, July 4, visiting in Windsor, Ontario, Canada.

The Joy road Canasta Clan will meet at the home of Mrs. Enid Stammitz on Ann Arbor trail on Tuesday, July 16 at 8 p.m. Please advise your hostess if you are unable to attend.

Late supper guests at the home of Mr. and Mrs. Emil LaPointe of Joy road on Sunday, July 7, were Mr. and Mrs. E. C. Weiss, Sr., of Graham road, Detroit.

All through the summer months, the adult choir of the Newburg Methodist church, directed by Mrs. Paul Nixon, will be meeting on their regular Wednesday evening at 7:30 p.m. The choir and director extend a cordial invitation to all who wish, to join in an evening of hymn singing.

Dinner guests at the home of Mr. and Mrs. Paul Nixon of Wadsworth avenue, Livonia, Sunday, July 7, were Rev. and Mrs. R. E. Niemann of Newburg road and Mr. and Mrs. Tom Waltz of Elizabeth avenue, Wayne.

Spectacular, to say the least, was the baseball game played between the men of the Rosedale Garden's Presbyterian church and the men of the Newburg Methodist church at the Rosedale school diamond, Tuesday, July 2. After Newburg's pitcher had filled the bases in the first inning, that which followed was phenomenal. The Rosedale batter hit a line to the pitcher and a throw to third and to first caught two men off base, hence the first triple play of the church league season. The game continued on for seven hit and run filled innings but, alas and alack, Newburg ended up on the short end, final score, 12-11. Congratulations Rosedale!

Bruce LaPointe son of Mr. and Mrs. Emil LaPointe of Joy road spent Monday, July 1, at the home of his grandparents, Mr. and Mrs. E. C. Weiss, Sr., on Graham road, Detroit. A real ambitious boy, he picked thirty-two quarts of sweet cherries for his grandmother.

Mr. and Mrs. Tom Waltz of Elizabeth avenue, Wayne, have just returned home after spending the entire fourth of July week end touring around the lower peninsula of Michigan.

The Methodist Youth Fellowship of the Newburg Methodist church is planning a Hayride for Tuesday, July 9 from 8 to 11 p.m. in the evening. All young folks who are planning to attend are to meet at the church. To make your reservations you may contact Sally Pedus by calling Plymouth 1494-M.

Mr. and Mrs. Harold Mackinder of Hanlon, Livonia, celebrated their twentieth wedding anniversary on Tuesday, July 2 with dinner out at the Stockholm in downtown Detroit and afterwards, attending the Fox theater.

On Wednesday, July 3 at 6:30

p.m., the Vacation Church school of the Newburg Methodist church held their closing program for their school. A procession of all the youngsters playing in a rhythm band to the tune of "Stand Up, Stand Up For Jesus" and "Onward Christian Soldiers" entered the basement of the hall and marched around the room. After being placed in their individual seats they all sang the theme song, "Jesus Is Calling". Rev. Niemann, pastor of the church led the group in a short prayer and Mrs. Paul Nixon, director of the school said a few words of welcome and appreciation to the assembled.

The Nursery department did their little part in the program by singing the ever popular, "Jesus Loves Me" and "Into My Heart" also each child in that group brought a piece of fruit which they placed in a basket, which was in turn to be presented to Mrs. Bertha Grimm of Wayne road, one of the oldest members of the Newburg church. The Beginner department presented a skit about little carpenters and sang "Jesus Knocks". The Primary department and Junior department each had a short skit to present and each sang an appropriate song.

Mrs. Gene Page presented the school's collection to Mrs. Emil LaPointe, which is in turn to be sent to the countries of Africa and Japan for Missionary work. Mrs. Page also presented two pictures to the winning group for their most rapid growth in attendance and also a gift of appreciation to Mrs. Nixon for her able direction. Mr. Ed Reid presented certificates and recognized the youngsters with perfect attendance for the eight day period. After a closing prayer by the pastor, children and adults enjoyed refreshments.

**Musicians Return From Interlochen**

Returning from two weeks at the National Band Camp in Interlochen, where they played in the All-State intermediate band are five members of the Plymouth high school band. They are Dee Wernette, Martha West, Sharon Sprague, Charles Ellis and Clare Wilson.

Leaving this week for two weeks participation in the Interlochen band are Betty Worth, Karl Williams, Larry Livingston, Mary Jane West and Betsy Edgar. All of the students were selected on the basis of musical ability and character by William Grimmer, junior high school music instructor. Partial scholarships by the following groups made it possible for the students to attend: the Plymouth Symphony Society, Plymouth Rotary Club, Band Parents Association, Smith Music Company, Livingston Music and the Plymouth Optimist club.

Reports from the students indicate that they gained wonderful experience. It is hoped that next year the number attending will be increased.

**Township Minutes**

OFFICIAL PROCEEDINGS TOWNSHIP OF PLYMOUTH BOARD  
Wednesday, July 3, 1957

A regular meeting of the Township Board was held at the Township Hall, Wednesday, July 3, 1957 at 8:00 P.M.

Present: Supervisor Lindsay, Board members Holmes, Broome, Norman, and Sparks.

The minutes of the regular meeting of June 5, 1957 were read by the Clerk, approved, and accepted. Mr. Lindsay presented a communication from the State Fire Marshal's Office relative to Walter and Minnie Smith's request for an entertainment permit at the Calvacade Bar, 15225 Northville Rd. They stated that although the building complies with present public assembly regulations, it is not of fire resistant construction and would be unsafe for large crowds. Moved by Mr. Sparks and supported by Mr. Broome to deny the request for an entertainment permit. Carried unanimously.

Mr. Lindsay opened the sealed bids for a one-half ton pickup truck. Moved by Mr. Norman and supported by Mr. Sparks to table the matter for further study. Carried unanimously.

Moved by Mr. Norman and supported by Mr. Broome that the bills be paid as presented by Mr. Lindsay and that Mr. Harrison's bill be paid from the Water and Sewer Authority. Carried unanimously. Moved by Mr. Sparks and supported by Mr. Norman and supported by Mr. Sparks that W.J. Livingston, 41767 Schoolcraft, be appointed to the Planning Commission to complete Mr. Miller's term expiring in June, 1959. Carried unanimously.

Supervisor Lindsay presented a report from Mr. Schuman of the Michigan Dept. of Health concerning the noise emanating from Worden Specialty at 15189 Northville Rd. Mr. Schuman stated that the reading at the east property line was 71 to 74 decibels with the punch press in operation.

Mr. Lindsay presented a letter from the Lake Pointe Improvement and Development Co., requesting that the Township take over their 6' test well temporarily. Moved by Mr. Sparks and supported by Mr. Norman that the matter be investigated further before making a decision. Carried unanimously.

Supervisor Lindsay noted that Ordinance No. XIII, Subdivision Ordinance and Thorofare Plan, would become effective July 12, 1957.

Moved by Mr. Norman and supported by Mr. Sparks that the meeting be adjourned at 10:25 P.M. Carried unanimously.

Roy R. Lindsay, Supervisor  
Rosalind Broome, Clerk

**THE BIG SCRAMBLE** was on for about 500 youngsters last Thursday afternoon when an airplane dumped a bushel of peanuts on the football field. Thirty-five of

the peanuts were marked for prizes. The Optimist club and the Plymouth Recreation department were in charge of the afternoon July 4th kiddies events.

ONE OF the most colorful floats in the July 4th parade was this one entered by the Knights of Columbus. Brought here from Wayne, it saluted the K of C's 75th anniversary and its devotion to "faith, flag and family". It won a ribbon as the best visiting float.

**Solid One-Piece Roof**

A solid slab of 2x4s nailed together in one full deck, narrow edge exposed, makes both a roof and ceiling and requires no roof framing. It saves money, has beauty and texture in exposed ceilings, and can be built of lowest grades of Douglas fir or west coast hemlock 2x4s. Ideal, says the West Coast Lumbermen's Association, for open area homes.

**Board Wants Date Of Sewer, Water For New Site**

A special meeting of the board of education of the Plymouth Community School district was held Monday night at which there was a decision to meet with the Greenspan Building company to determine when water and sewer will be available for a proposed school site.

In a recent discussion, Administrative Assistant Melvin Blunk told the board, the builder has expressed doubt that water and sewer will be available at the site by the fall of 1958, the date when

the board would like to open the school. The board directed Blunk to arrange a meeting this week between school officials and the building company to find out when the sewer and water facilities will become available. Greenspan, who is to build 1,200 homes in the township, is now constructing south of Schoolcraft, west of Wilcox road.

In other business before the board, Blunk was asked to contact several appraisal companies relative to appraising all school buildings and their contents. The request came after Roy Jacobus of Plymouth, an industrial insurance authority, informed the board of the advantages of obtaining reappraisals.

Mr. and Mrs. Don Messacar, 540 Adams, were surprised on their fifth wedding anniversary, June 28th, by their neighbors. Since Mr. Messacar works until midnight, the group showed up at 12:15 a.m. with apple pie, ice cream and coffee. Present were Mr. and Mrs. Drews, Mr. and Mrs. Jordan, Mr. and Mrs. Hirth, Mr. and Mrs. Merritt, Jr., Mrs. Merritt, Sr., and Mrs. Binger.

Evening Program

Threatening weather throughout the day was finally unleashed during the evening. Governor Williams and Lt. Governor Philip Hart were to fly from Ypsilanti

to Mettetal Airport here but the weather forced them to drive the route.

Around 1,300 people attended the program which opened with the introduction of Robert McAllister, general chairman of the program; Mayor Guenther and Supervisor Lindsay; Circuit Court Judge George Bowles of Plymouth; and Chamber President Frank Allison.

Serving as masters of ceremony for the evening were Chamber Manager J. H. Wilcox, Lanny West of the Jaycees and radio comedy team, Joe Gentile and Ralph Binge.

Musical for the program was furnished by the Northville High School Swing Band and the Tartans, a quartet of recording artists.

Governor Williams, in a 10-minute address congratulated the community for arranging such a program. He also noted that whatever others may say, "Michigan is still a great state" a comment which brought applause.

Sailors escorted each of the Miss Plymouth contestants to the stage (with the exception of Miss Army who, of course, was escorted by a soldier). The girls were then interviewed by Binge and Gentile.

Because of the weather the fireworks were held until 9:30 Friday night. A dance was held in the gymnasium at the end of the program which proved so successful that the Recreation department wants to make it a permanent feature of future celebrations.

Assisting McAllister in the day's program were Jack Young, chairman of the Miss Plymouth contest; Richard Wernette, parade marshal; Robert Waldecker, horse show chairman; and members of the Junior Chamber of Commerce who performed many of the tasks such as driving the sailors to and from Grosse Ile and selling tickets.

culous escape after their car was thrown into the air. They got out unassisted and uninjured, then walked three miles to Plymouth where they calmly ate dinner at the Commercial Hotel.

There were mixed emotions following the accident. Some panic, some grief, and others who seemed to take the accident without any emotion. One report tells of survivors eating lunch within several feet of the dead.

It took several hours to bring the dead and injured out of the wrecked cars. A special rescue train arrived from Detroit in the afternoon with railroad officials. Section crews were brought in to help clear the wreckage.

After sifting reports, officials finally confirmed that the freight left Plymouth at 8:49 a.m. on the day of the accident. Under the impression that the fast moving passenger train was not due for over 30 minutes, it leisurely dumped two gravel cars a short distance east of the wreck. The crew was enroute to a siding to make way for the excursion train at the time of the accident—9:12 a.m.

An official inquest was scheduled to be held by Justice Jostyn of Northville to place the responsibility of the disaster. However, little official action was taken and memories of the disaster still linger on as a terrible error in human judgment.

Justice Harmon, receiver for the Pere Marquette, partially blamed the lack of double tracks for the disaster. "When a road cannot afford double tracks such things are liable to occur," he said. "And even on double tracks they have rear-end collisions."

**Looks Like a Million**

New wood paneled walls can make a house look like a million dollars, one of the west's leading home decorators reports. Some older homes have been completely redone just in the walls with a resulting market value far higher than its original cost.

MEMBERS OF THE CAST for "Mulligan's Magic," rehearse for tonight's performance of the operetta at Bird Elementary school auditorium. The operetta is a project of the summer music class at Bird school, under the direction of Miss Lynn Johnson. Show time is 7:30 p.m.

## Nearby Lutheran Mission to Lay Cornerstone

One of Livonia's newest churches Timothy Lutheran, will lay the cornerstone of its new building Sunday at 4 p.m.  
 Construction of this new church, located on Wayne Road at Joy Road, began the last week in May and is heading for tentative completion in late summer according to Rev. Glenn Wegmeyer, pastor.  
 "We may be new to Livonia, but we sincerely are most happy to be a part of this community," Rev. Wegmeyer said, "and we will welcome old and new friends to our cornerstone ceremonies."  
 Formation of this newest American Lutheran mission in Livonia began last winter as the joint project of St. Paul's Lutheran Church in Toledo and the Lutheran Church in Michigan.  
 St. Paul's, after much canvassing and searching over a two-year period, selected Livonia as the site of the new mission they wished to sponsor as a part of its centennial celebration.  
 The assistance from St. Paul's in activating Timothy has included: the canvassing for prospective members; purchase of 5.7 acres of land at the church site; purchase of a parsonage at 36808 Angeline Circle, Livonia; and construction of the contemporary red brick church.  
 "Once our congregation moves beyond the mission status, we'll take on many of our responsibilities ourselves," Rev. Wegmeyer points out. "But we are a mighty fortunate group to face the prospect of being in our new building just six months from the date of the first meeting in the basement of one of our member's homes."  
 Until such time as the \$45,000 structure is completed, services—Sunday school and church—are being conducted at 9 and 10 a.m., respectively, in Stark school, Pinetree and Stark.

## Music Class to Present Operetta at Bird School

An operetta entitled "Mulligan's Magic" will be presented by the members of the summer music class at Bird Elementary school auditorium tonight free of charge.  
 The children's musical by Seymour and Wing will go on stage at 7:30 p.m. under the direction of Miss Lynn Johnson, teacher of the summer class. The artwork was done by David McKay.  
 The tuneful and humorous story tells of a country store, located near a new summer colony, which has not been flourishing. While the owner has been trying to arrange a loan, Mr. Mulligan, who sells bottled "magic," discovers that some of the old jewelry in the store is valuable.  
 The cast is as follows: Mr. Mulligan, Christopher Gaffield; shopkeepers: Dick, Thomas Lock; Dorothy, Judy Eley; and Joan, Linda Lumson; customers: Mrs. Skinner, Polly Ellis; Eileen Skinner, Linda Boon; Mrs. White, Cheryl Thomas; Mrs. Jones, Linda Wall; Teddy, Doug Fey; storeowner Mrs. Whitcomb, Joan Ferch; friends: Margie, Susan Cooper; Jerry, Doug Burden; Slump, Dale Livingston; Dan, Kenneth Evans; Barbara, Mary Donnelly; Pete Nosey, a correspondence school detective, Norman Fischer.  
 Solos will be sung by Chris Gaffield, Tom Lock, Judy Eley, Linda Lumson, Polly Ellis, Linda Boon, Susan Cooper, Dale Livingston and Norman Fischer.  
 Members of the chorus will be Judy Kisabeth, Janis Larkin, Carol Otwell, Jeannine Keller, Becky Lyons, Nancy Boon, Jim Perlongo, Mary Perlongo, Barbara Bender, Greg Winterhalter, Lynn Bender, Robert Parsons and Mary Lynne Parsons.  
 Others are Richard Beukema, Nancy Ellis, Ruth Sheldon, Barbara Ross, Linda Thomas, Robert Van Meter, Roberta Van Meter, Tim Wernette, Cynthia Eley, Linda Ross, Mary Ann Schlie and Karen Thomas.

## Veterans Foreign Wars

The installation of Department officers was held June 23 at Grand Rapids. Those installed were: president Esther Mathews, senior vice president Mildred Meuth, junior vice president Alice Roach and Chaplain Dorothy Sterling. The Wolverine Auxiliary won first prize in ritual team competition at the Department Encampment.  
 The Post's drill team performance was enjoyed by all who watched the July 4 parade.  
 A donation was made by the Post and Auxiliary toward the dinner for the sailors July 4, in co-operation with the Navy Mothers who served them at the Veterans Memorial Home.  
 Our yearly trip to the National Home in Eaton Rapids has been planned for August 18, everyone is asked to attend. Bring canned goods to take to the home to our next regular meeting.  
 Start saving all your rummage. The rummage sale is to be September 13 and 14 at the VFW Hall on Lilley Rd. Call Marjorie Swan, chairman, for further information 1846W.  
 The original Westminster Abbey, later reconstructed, was consecrated at London in 1065.

### Mary Jane Woodruff Returns After Year's Study in Ireland

Driving East this week to meet their daughter Mary Jane, who arrived in New York City from Ireland, were Dr. and Mrs. C. E. Woodruff and their son of Beck road. They picked up their daughter Alice in New England before meeting Mary Jane, who studied for a year in Ireland.

Mr. and Mrs. E. V. Ellison of West Dunlap will spend next weekend at Sault Ste. Marie.

Mr. and Mrs. Thomas N. Cummings and children of Wing Court are spending a few days at their cottage at Ipperwash.

Rev. and Mrs. John Taxis and family of West Main are now on vacation in Oceanview, N. J.

Mr. and Mrs. Eural Clare of High street had a guest from White Cloud last week.

Guests at the home of Mr. and Mrs. Bart Connors last week were Mr. Connor's niece and nephew Mr. and Mrs. R. A. Casselman of Florida.

The Palette and Brush Club will hold its annual exhibit of oils and water colors at the J. L. Hudson Company fine arts gal-

eries, eighth floor, through the 20th of July. A reception for members and friends will be held from 6 to 8:30 next Monday.

The Northville branch of the National Farm and Garden Association will meet for its annual picnic this month at the home of Mrs. T. G. Hegge.

Mr. and Mrs. Patric Brady of Eight Mile road announce the engagement of their daughter, Irene Joan to Eddy J. Rowland of Palestine, Texas. A July wedding is being planned.

Mr. and Mrs. Carl Stephens and family of Norton street were Sunday dinner guests of her parents, Mr. and Mrs. Joseph Denton of Randolph street.

Mrs. W. L. Howard of Eight Mile road left by plane Tuesday to attend the funeral of her brother Clifford Rice of Denver, Colo.

Mr. and Mrs. Pete Spagnuolo announce the birth of a son on July 1.

The fountain pen was invented in about 1884.

### Union Schedules Meeting for Friday

Mrs. Mabel Parker, 14354 Northville road, will hold the meeting of the Woman's Christian Temperance Union on Friday, July 12, at 1 p.m. in her home.

This is an open meeting. Former members who have been connected with any branch of the organization are especially invited. Those who moved into the area and are not near their former Union are most welcome.

The District President and Corresponding Secretary will attend. Members of the Loyal Temperance Legion will present a skit.

### Robinson Sub. News

Mr. and Mrs. Eugene Schaening and children Larry and Judy visited his parents, Mr. and Mrs. Geo. Schaening near Holly, Sunday afternoon, and Mr. Schaening's brother Donald Schaening, who is home on leave from Fort Belvoir, Va.

Mr. and Mrs. Jack Sill visited friends in Detroit Friday evening.

Mr. and Mrs. David Sill of Detroit visited the Eugene Schaenings Friday evening.

Mr. and Mrs. Norman Alband

### Mrs. Floyd Laycock 11848 Butternut

Mr. and Mrs. Joseph Distler of Butternut street have returned home from touring several Southern states.

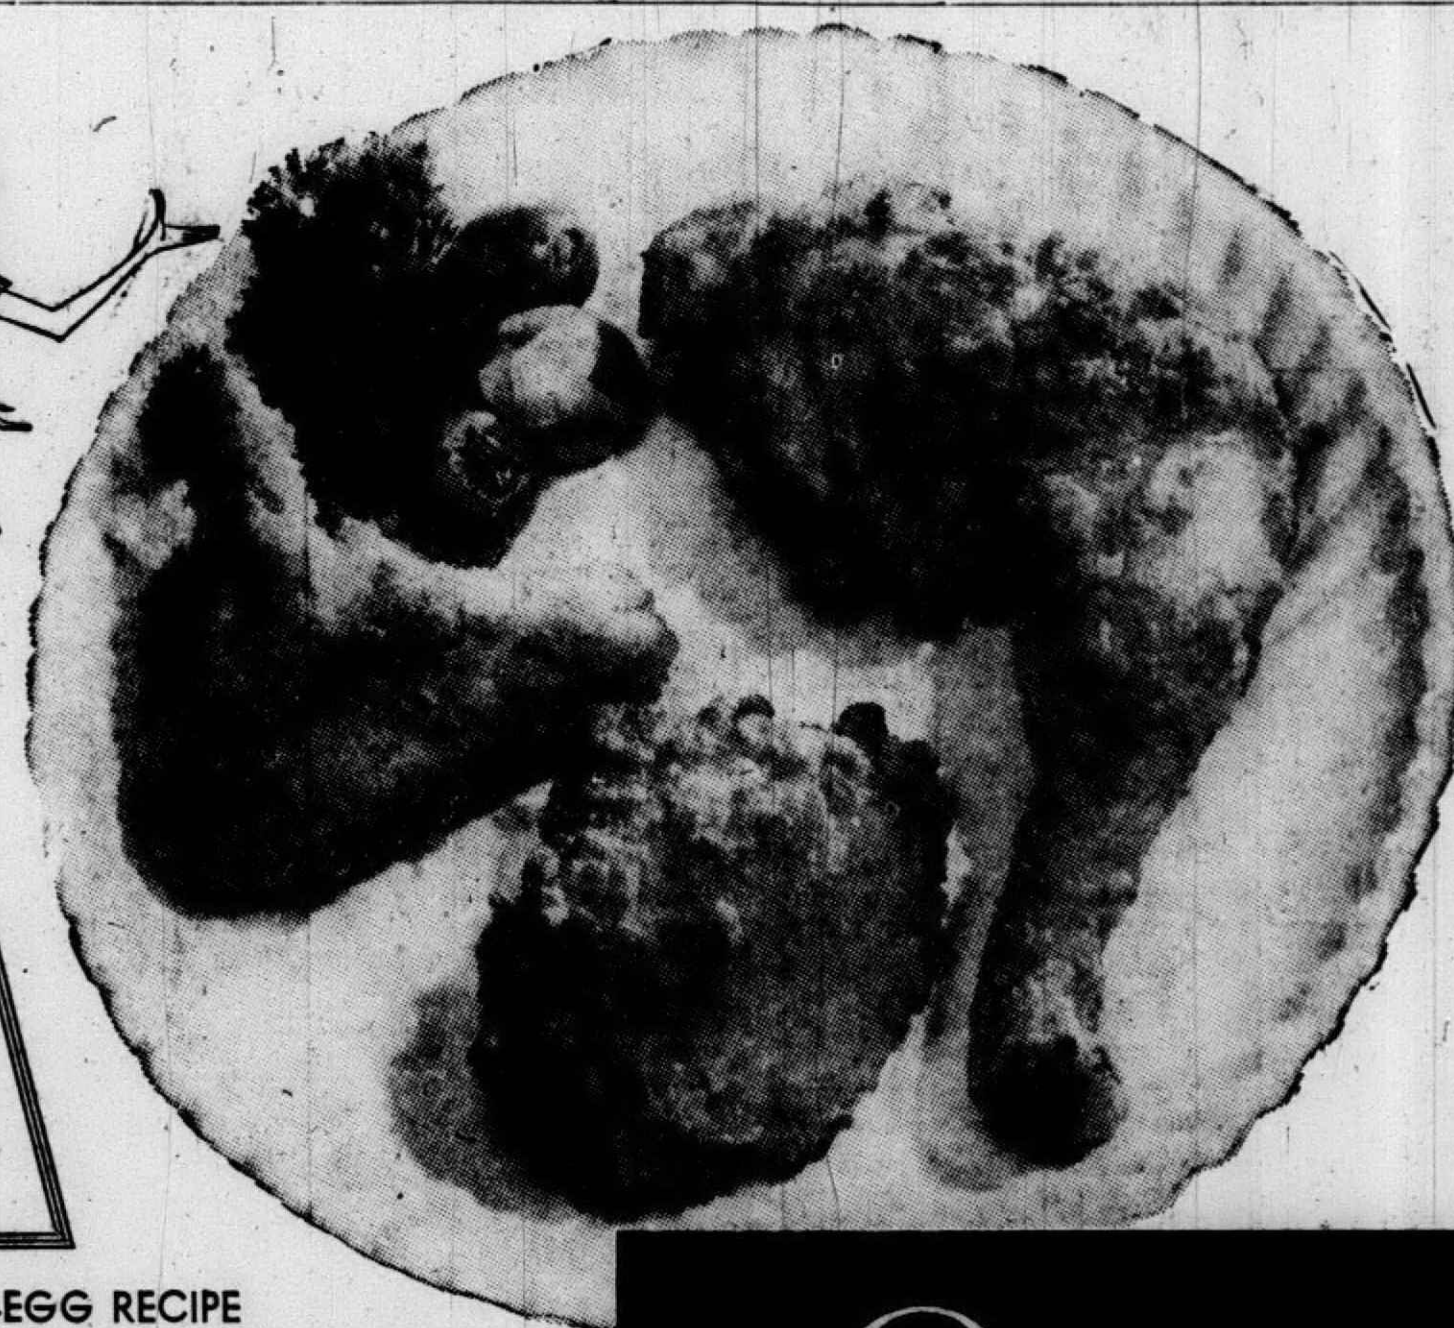

If cloudy iced tea is your summertime menu problem, try using warm water and letting the tea stand from 3 to 6 hours. Use two teaspoons tea for each cup of water. Pour lukewarm water over the tea and let it stand a few hours. The hotter the water, the more tannin that goes into solution; the more tannin in solution, the cloudier the tea.

Circle Well Represented On Fire Trucks in Parade

The Parkview Circle was well represented in the fourth of July parade. The Civil Defense group on board the small fire truck included Walt Lake, Les Upton, Al Truax, Joe Quinlan and Jack Ruland. The Knights of Columbus had our own Marty Kennedy Sr. and among the small fry were Cherri Truax and Terry Wilson on their bikes. Naturally Ted Kuhns was with the regular fireman. The Kuhns opened their home to two of the sailors "Dale" and "Bill" who are stationed at Grosse Pointe and are from Akron, Ohio.

He's doing pretty good; just a matter of diet and rest from here on out. Our sincere thanks to all of you who phoned and sent cards. A special thanks to the Uptons, Kennedys, Lakes, Willsons, and Rulands who made hospital visits.

On Sunday Lila and Doug Vincent gathered their family together for a day of relaxing and picnicing at Silver Lake. Relatives included Doug's parents, Mr. and Mrs. Alfred Vincent and his sister and brother Anne and Jack. An aunt, Mrs. Jean Ryan and her daughter and son-in-law came from Pembroke, Ontario.

I heard via the grapevine that Jean and Jack Scott have rented a cottage for the week at Wolverine Lake and they will commute to Plymouth every day to their respective jobs.

The Association meeting scheduled for last Friday at the Birds was unusual to say the least. The ten of us who showed up decided to call the whole thing off and take in the fireworks instead. After the display we returned to the Birds and launched an all out attack on the coffee and donuts.

Helen and Walter Lake, with children Marilyn and Jimmy, spent the weekend in Mansfield visiting Walt's folks.

Dot and Bud Wilson and children drove up to Hillsdale to be with Bud's parents, Mr. and Mrs. Homer Wilson, over the weekend.

Lois and Robbie Bower of Parkview Drive celebrated the fourth with a family picnic. Guests included Lois' parents, Mr. and Mrs. Paul Clark, her brother and sister-in-law Mr. and Mrs. Donald Clark, Mr. and Mrs. Charles Rogers and Miss Lillian Jennett.

Cousins from Springfield, Ohio were the house guests of Ruth Butts from Wednesday thru Sunday. They were Mrs. Hazel Hagan, Mrs. Margaret McCormick, and Miss Eva Klinch. Ruth's brother and his wife, Mr. and Mrs. A. M. Butts of Lansing were down for the fourth.

It proved to be a safe and sane holiday for everyone in our Circle.

I brought my better half home from the hospital on Sunday.

Bob Darga and his buddy, Gary Straussen, spent Monday and Tuesday skin diving at the Strauss cottage at Base Lake. From what I hear the boys are avid "skin divers" and spent every waking minute hashing over their pet sport.

Mimi and Larry Brennan of Parkview Drive had an enjoyable weekend at the home of Larry's parents in Manchester. The senior Brennans own a stud horse farm where they breed and raise horses for harness racing. The children of course get a kick out of the animals and love the private lake on the farm where they can splash to their hearts content.

Lee and Guy Ruland had Mr. and Mrs. Jack Kellogg of Battle Creek here for a few days visit. They took in the Detroit-Chicago night game among their other activities.

The Bill Stangs and the Jim Camerons, both of Parkview Drive, spent Sunday on their cruiser. They went from the Grosse Ile yacht basin where they have the cruiser berthed to Sterling Beach at Monroe.

Our callers during the past week were Mr. and Mrs. Wilbur Delaney and son Ricky and Mr. and Mrs. Joseph Verbus of Dearborn and Mr. and Mrs. Stewart Dodge of Plymouth.

I'm sure there is more interesting news around the neighborhood but my phone has suddenly gone out of order and I'm not about to go from door to door in this downpour so we'll call it quits for this week.

Hundreds Participate in July 4 Kiddies Contests, Peanut Drop

The most successful July 4th kiddies contest ever held took place last week behind the high school during the afternoon of Independence Day.

Recreation Director Herbert Woolweaver said that more youngsters than ever before attended the events, although the weather was threatening. The Optimist club held a "peanut drop" to start off the afternoon, followed by a series of 16 contests for boys and girls of various ages.

An airplane swooped low over the football field to drop a bushel of peanuts. Thirty-five of the peanuts were wrapped in a paper which qualified the finder for a prize. Shifty winds dropped the majority of peanuts to the south end of the field, but the estimated 400 youngsters wasted no time in finding the peanuts and prizes.

These are the winners in the various contests sponsored by the Recreation Department and supervised by the playground personnel:

- Girls shoe scramble (5-7), 1st, Patty Toth; 2nd, Patricia Ann Reedy; 3rd, Kathy Flora. Boys 3-legged race (11-13), 1st, Mike Yezbeck and John Gilles; 2nd, David Langedam and Billy Russell; 3rd, Mark Toth and Tommy Outman. Girls 3-legged race (11-13), 1st, Donna Cook and Elizabeth Dobos; 2nd, Mary Magnusson and Carol Otwell; 3rd, Cathy Calkins and Patty Calkins. Boys shoe scramble (8-10), 1st, John Park; 2nd, Patrick Yezbeck; 3rd, Donny Cranford. Girls bean race (11-13), 1st, June Walz and Gae Shirey; 2nd, Sally Gilles and Kathleen Voss; 3rd, Kathleen Battle and Kathy Clyde.

Girls 50-yard dash, 1st, Cheryl Stahl; 2nd, Donna Cook; 3rd, Carol Otwell.

Boys 50-yard dash, 1st, Dicky Egloff; 2nd, Robin Wideman; 3rd, Doug Breed.

Girls 75-yard race (11-13), 1st, Sally Gillis; 2nd, Helen Otwell; 3rd, Patty Honey.

Boys 75-yard race (11-13), 1st, Doug Burden, 2nd, Oale Petty; 3rd, Skip Otwell.

Girls 75-yard dash, (14-16), 1st, Helen Otwell; 2nd, Jane Waltz; 3rd, Kathleen Battle.

Boys 75-yard dash (14-16), 1st, George Flora; 2nd, Russell Stalk; 3rd, Ernest Parish.

A baseball exhibition game for boys 14 and under was played during the afternoon with Fisher Shoes beating Plymouth Recreation, 8-5. Another game was played by boys 12 and under with a remarkable showing of ability under the direction of Max Pierce and Bill Foster.

There were at least five race tracks in Virginia in the 1680's. Most of the world's thunderstorms occur on the island of Java.

MRS. ROBERT THAMS, right, of Plymouth, and Mrs. Maureadh Di Marco of Woodside, N. Y. demonstrate the proper way to hold an infant when passing it from one person to another during an American Red Cross volunteer's nursing instructors' course.

## Two Local Women Now in Red Cross Work at European Posts

Two Plymouth women who are in Europe with their husbands, both captains in the Army, are engaged in Red Cross work as one of 5,000 volunteers now serving the military and their dependents in North Africa, the Near East and Europe.

They are Mrs. Helen D. Poczik and Mrs. Robert W. Thams.

Mrs. Thams is a registered nurse and has completed a course qualifying her as an instructor of the Red Cross Mother and Baby Care course. She will work as a volunteer teaching the course to other American military dependents at their stations.

She is in Germany with her husband, Captain R. W. Thams, executive officer of Headquarters Company, 7th Army, Stuttgart. They formerly lived at 475 Jener in Plymouth, with his parents, Dr. and Mrs. S. N. Thams.

Capt. Thams' present foreign duty assignment is his third in an 18 year Army career. The Thams met 10 years ago while both were stationed in Germany with the Army of Occupation. Mrs. Thams was a nurse.

An infantry lieutenant during the Korean War, Captain Thams took part in the En-Chou Reservoir Action.

The former resident attended school in Plymouth, but received his high school diploma from the Georgia Military Academy in 1944. He graduated from the University of Omaha during a three year army assignment as super-

visor of Omaha High School ROTC Units. The Captain previously attended The University of Michigan.

The Thams have five children. Robert 8, Karen 9, Paul 6, Marta 5 and Peter 2.

Mrs. Poczik is completing her third month of service as an American Red Cross Staff Aide in Metz, France, according to information from the Detroit Chapter of the American Red Cross.

Mrs. Poczik is in France with her husband, Capt. Leslie J. Poczik, who is stationed there with the 7867 Headquarters and Service Company. She is the daughter of Mr. and Mrs. Ora E. Branch, 38001 Schoolcraft. Mrs. Poczik attended Chadsey high school in Detroit and lived in Plymouth for four years. Before entering the service for the second time, Capt. Poczik worked for the Employment Security Commission in Plymouth. In August he expects to return to the United States and be stationed at Alexandria, Virginia.

Staff Aides assist the Red Cross field director in his welfare work with servicemen, do clerical and receptionist work in military dispensaries, help in schools and libraries and do a variety of other needed duties. Mrs. Poczik is one of more than 5,000 trained Red Cross volunteers now serving the military and their dependents in Europe, North Africa and the Near East.

## A Woman's Eye View

by Nancy Rigney

Wounded and homeless robins are well taken care of in Plymouth. Lyle Saner of Napier road, pictured on the front page of last week's Plymouth Mail, rescued three victims of a fallen nest. Now they are flying and ready to face the world alone. Lyle fed them milk from an eyedropper and bread.

The latest rescue took place Tuesday, July 2 and the rescuer was Richard Forster of 1052 Ross. I just had a personal interview with "Honk-Honk", and believe me, "Honk-Honk" is the only name for this bird. A robin never sounded more like an angry automobile.

Richard spotted this little feathery fellow, (excuse me, its a she) on his way home from a summer art class at Smith school. Not polished in her get-away ability, "Honk-Honk", was stepped on by a child who didn't see her until it was too late. Richard took the crumpled bird to the veterinarian where she got the needle. With the shot and Richard's care she'll soon be flying.

Young Richard is an old hand at this business. Aside from saving two featherless little robins from the desertion and the elements, he has a robin named "Robin." This fully-grown robin wouldn't leave home when the time came, and has become a household pet.

A fruit celler in the Forster home has been converted into a convalescing home, complete with nests, for Richard's wards. Richard is the son of Mr. and Mrs. Alexis Forster.

From birds to trees. In 1954 a tree grew on a livingroom wall in Bloomfield township with the aid of a paintbrush. That tree now bears golden apples which frame miniature photographs of the family members.

This most unusual way of combining the family tree and the family album of yesteryear involved lots of patient searching and endless patience on the part of a photographer. Some of the persons pictured had to be singled out of a group picture and enlarged to match recently photographed pictures. In one instance, the only available picture of a member deceased for 23 years, was a snapshot taken in the shade of a tree and posed in shirtsleeves. The photographer not only brought out the shaded area of the face, but added a coat and tie.

The artist who painted the tree, spent a cold January morning tramping through old apple orchards in search of the exact tree for sketching that would adapt itself to the plan.

## Simplification Move On for Housewives

"Many principles of industrial work simplification can be applied to the work of the housewife."

So stated Miss Betty Jane Johnston, a leader in the new work simplification movement for homemaker, at a Michigan State University workshop July 2. Miss Johnston, formerly at the Drexel Institute of Technology, Philadelphia, will begin new duties as a home economics administrator at Southern Illinois University this fall.

"Work simplification processes can reduce the monotony in the less interesting day-to-day household tasks," declared Miss Johnston.

"We can release time and energy for creative activities—for all those things we want to do but never seem to have time to do."

Miss Johnston spoke at a M.S.U. College of Home Economics "Work Simplification Workshop," one of three financed in the nation by the United States Office of Vocational Rehabilitation. The workshop, attended by 61 from 13 states and Canada, will continue July 1-12 at Kellogg Center.

Among those attending the workshop was Mrs. Jesse F. Tritten, Michigan State Grange, Plymouth.

## Who's New in Plymouth

LISTENING TO RECORDS is a favorite pastime in the home of Mr. and Mrs. Donald McMillan at 11430 Gold Arbor road. Both teachers, the McMillans moved to Plymouth June 15 from Riverview near Wyandotte. Mr. McMillan will teach at Smith elementary in the fall. Mrs. McMillan is an art teacher at Labadie elementary in Wyandotte. Used to a flat terrain, they particularly enjoy the hilly and wooded countryside in this area. They like a "smaller town atmosphere" and consider the people friendlier.

# Democrats at All Posts

REPUBLICANS HAVE DEPARTED from their last two top elective posts in state government. The party is already working to win back the highway department and the department of public instruction from the Democrats but, for now, they are on the outside looking in.

Highway Commissioner Charles M. Ziegler, in office for 13 years, said he was going fishing, far from the scenes of some of the bitterest political battles in state history.

Dr. Clair L. Taylor, superintendent of public instruction, on July 1 became director of the summer school and the evening college at Michigan State University.

Ziegler's farewell was a veiled challenge to his Democratic successor, Highway Commissioner John C. Mackie. He hinted broadly that Mackie could not take the credit for the \$38,800,000 in trunkline construction contracts awarded before June 30 for completion later this year. Ziegler said another \$64,000,000 in highway building has been planned. Major projects are being worked out for U. S.-31, U. S.-131, M-20, U. S.-12, U. S.-27, U. S.-2, U. S.-23, U. S.-10, U. S.-16, U. S.-112, M-53, U. S.-24 and the Detroit expressways. "I am proud of the condition of the highway department as I turn it over to the incoming administration," Ziegler said.

Democrats also are proud of their new highway commissioner and the start he is making to recognize the department.

They claim a good administrator can do as well or better as commissioner than an engineer—though a state law requires an engineer. Mackie is a graduate engineer, but not a member of certain engineering groups which demand their standards be met.

Mackie already is getting started on a five-year plan of highway construction. Michigan Society of Professional Engineers announced they will file with the State Supreme Court to determine if Mackie is legally qualified to hold the job he won in the election.

Taylor pointed to the problems that will face his Democrat successor, Dr. Lynn C. Bartlett. Since Taylor joined the department 20 years ago, he said Michigan's public school enrollment has increased from 959,147 to 1,451,832.

The state's share of the cost of public

schools has increased from \$37,400,000 to \$256,501,592.

The need for education has grown tremendously in an increasingly complex society, Taylor said, adding that Michigan's educators are faced with the problem of keeping pace. "I extend my greetings to my successor, and I am confident you will accord him the same fine cooperation which I have enjoyed," Taylor said.

Bartlett, too, has been in Lansing for weeks since April 1 election, conferring, reading, checking, and getting ready to take the state's top educational post.

### Prisons need space.

More than 10,000 now populate the state's penal institutions and with the growth of the general population, the need for room to hold prisoners is growing. The problem is more than one of space and cells.

Modern penology is moving toward specialized institutions that concentrate more on rehabilitation than sheer punishment.

Part of Michigan's program calls for a \$20,000,000 prison medical center to treat the psychotic, the mentally disturbed, sex deviates and those with physical illnesses. Because of a shortage of money at the state level and a quiet rebellion against increased taxes, the program may have to wait for years, but this is the direction in which the prisons are going.

Religion is beginning to play an important part in the lives of prisoners.

Officials frankly concur that the lack of guidance in the family, the failure to find a church home have led many young men astray. They sometimes wind up in prison. The situation has developed to the point that prisoners are contributing and working to build their own inmate chapel and furnish it at Southern Michigan prison at Jackson.

The building itself will be constructed by the state on the prison grounds—on the site of the greenhouse which was destroyed in the 1952 prison riots. Inmates have earned their privileges since then, prison officials say. They are serious about the chapel now.

With outside help the inmates have raised more than \$8,000 toward the estimated \$32,000 needed for furnishings. The campaign will last until the goal is reached.

## High Grade Stocks?

BY HARRY FRANCE

Security markets are no respecters of persons. Costlier money has forced down the prices of hundreds of high-grade stocks and bonds and conservative investors are wondering what to do. Five years ago when basic interest rates were around 2 per cent a year (they were 1 1/2 per cent for ten years), the chairman of the board of trustees of a benevolent society recommended to the board that \$50,000 be invested in U. S. Government 2 1/2 per cent bonds. It was done. And until a few months ago this action proved to be sound. Today, with basic interest rates 3 per cent or higher and with government long-term bonds selling to yield 3 1/2 per cent, the trustees are having long and earnest conferences about the trend in interest rates and what the board should do. The bonds the trustees hold are down ten points and even a paper loss of \$5,000 disquiets them considerably.

It is somewhat ironic that all over America there are committees and management boards caught in this dearer money dilemma. They bought the best bonds in the world and the competence of the managers left nothing of tighter money just inundated them.

Likewise, high grade preferred stock prices have declined appreciably. When basic interest rates are low, such prices are high and vice versa.

A skilled investor bought some General Motors 3 3/4 cumulative preferred at \$106 a share when savings banks were paying 2 1/2 per cent. Today, this stock is selling at \$87 and he is wondering if, with money selling tighter and more expensive, he should take a loss and forget forever the vagaries of interest rates.

Another thoroughly intelligent and experienced capitalist bought some Du Pont 4 1/2 cumulative preferred at a time when it looked as if cheap money were a national institution. For the careful pains in selecting such a high-grade stock, he now has an \$18 a share paper loss.

Other investors have paper losses of \$25 a share in Bethlehem Steel preferred, \$30 a share in International Harvester preferred and \$25 a share in U. S. Steel preferred. What should committees and individuals locked into such situations do? How long will more expensive money rule economic America? Will money get still more costly?

I think the country will experience a long period of tight money. Industrial growth and expansion are best financed by the savings of people. But today these savings are not large enough to meet requirements. Borrowers are turning to banks and, with the Federal Reserve Board intent on keeping the discount rate high, interest rates are growing.

The trustees of whom I spoke earlier have other ample investment resources. It would seem logical for them to buy at a 10 per cent discount some 2 1/2 per cent bonds that fall due in ten years. Certain it is that it would be far better to buy more than to take losses.

And the purchasers of the high-grade General Motors and

Du Pont preferreds who have the will and the means to get a better average should take courage and instead of harboring loss thoughts, cultivate some profit ideas.

If the national economy in the immediate years ahead needs some inflationary stimulants to ward off a serious recession, cheap money may again be ensconced. Were this to happen, all high-grade bond and preferred stock prices would advance sharply.

But from the looks of things early in 1957, interest rates will be firm into the indefinite future and those who have paper losses in sound bonds and preferred stocks may well use available funds to average down.

### THE FORUM

(Q) "What might be a signal of cheaper money?" W.B.B.

(A) Any action of the Federal Reserve Board aimed at reducing the discount rate, cutting the reserve requirements of member banks and buying government bonds by the Federal Reserve Banks. Such news would be on the front pages of the newspapers.

# CONVINCED the small- car field is your limit?

**READ THIS  
STARTLING FACT**  
5 out of 10 Smaller Cars  
wear a Pontiac Price Tag  
—yet none gives you Any  
of Pontiac's Advantages

## YOUR MONEY ACTUALLY BUYS UP TO 8.9% MORE SOLID CAR PER DOLLAR IN A PONTIAC!

The so-called "low-price" cars fall far short of Pontiac in actual, measurable car—and your Pontiac dealer has official specification comparisons to prove it! No smaller car comes even close to Pontiac's rock-solid construction... from its rugged X-member frame through every inch of its heavy-duty running gear Pontiac is muscle all the way! This extra left means Pontiac holds the road like no smaller car you've ever driven... gives you a ride remarkably free of bounce, shake and noise! Put all the facts and figures to your own personal road test. Call your own shots and see how Pontiac's Precision-Touch Controls let you relax to steering, braking and parking ease out of reach of the small jobs!

## WITH 4 TO 7 EXTRA INCHES OF WHEELBASE, PONTIAC OUTCLASSES THE SMALLER CAR! IN RIDE AND ROADABILITY!

Pontiac's length is built in—not hung on! Smaller cars extend bumpers and fenders to look big, but Pontiac doesn't need camouflage... it is big! Its man-sized 122-inch wheelbase strides over the bumps instead of riding on them. This extra length, plus a carload of new suspension ideas, results in Pontiac's exclusive Level-Line Ride that no car at any price can surpass! Sample a few miles—and you'll never re-enlist in the small-car army again!

## NO CAR AT ANY PRICE PERFORMS LIKE A PONTIAC... SMALLER CARS AREN'T EVEN IN THE RUNNING!

If it's proof you want, your Pontiac dealer is loaded with it—point-by-point engineering comparisons and on-the-record facts and figures. No smaller car is designed or built to come close to Pontiac's eye-opening response... its smooth, effortless mastery of every driving demand. Put the facts on America's Number One Road Car to a test and you'll leave the little league for good!

## PONTIAC HAS ALWAYS COMMANDED A HIGH TRADE-IN DOLLAR!

When you put your money in a Pontiac you know your investment will be riding high for a long time to come! In fact, over the years, no car has a better reputation for being a top-demand used car. So before you sign on the dotted line for a smaller job at Pontiac's price—get the dollar-stretching good news your Pontiac dealer has waiting for you. Here in the easiest move of your life are the car and the value that will get you out of the small-car class for keeps!

Now! If you want the ultimate in both economy and extraordinary performance, new Tri-Power Carburetion is available at extra cost on even the lowest priced Pontiac model! It's America's newest power advance and exclusively Pontiac's at so low a cost!

By ELINOR WILLIAMS

The Tarbuttons and their children Nancy and Johnny of Vermont, recently made a visit to their old stamping grounds at LaGrange, Illinois.

The Howarths, Mayfield, have a new member of the family, a Beagle puppy whose name is Freckles.

Among the 360 girls attending Girl's State at the University of Michigan at Ann Arbor and sponsored by the American Legion Auxiliary were Ann Young, Claudia Wisniewski and Eleanor Nielson, all of Bentley High.

Happy birthday to Diane Barber and Jim Krcas!

Got a letter from Betty Dana, who is camping with Gordon and the three children, Johnny, Laurie and Kris and they've been enjoying every minute of it! (Bad news to once mercenary neighbor who was planning to buy a lot of camping equipment real cheap!) Camping fever is beginning to spread in these parts, since the Danas stayed another week some of the neighbors are beginning to think maybe it wouldn't be so bad, after all! Pat and Ken Luch got real carried away last week and went right out and bought a big tent and took Tommy, Kenny and baby Danny and lit out early July fourth.

Jean Welch and her daughters Janet and Jill of Fairfield went to Port Elgin, Canada for the long weekend of the Fourth.

Jean and Bob Champe Arden avenue, and the boys' spent the Fourth at Jolly Lodge, on Lake Michigan and Lake Leelanau, returning Sunday, July 30.

The Yadloskys, Vermont, visited Marion's brother in Paulding, Ohio on a recent week-end.

Bev Howarth, Mayfield, who is quite proficient in the art of fancy cake building, got a real thrill last week when she baked her first wedding cake!

Mr. and Mrs. L. Borgia and Leslie, David and Lexie of Blackburn, along with friends Mrs. Fogelberg and her son Mark all visited Hell, Michigan Sunday. It would be fun to say they went there just for the "heck" of it, but they really went to visit friends!

The Gibsons, Rose and Dave and their children Gail, Rick and Roger of Cranston spent the Fourth in Canada at Ipperwash Beach at a family reunion.

What is this I hear about Bob Hancock sporting a beautiful case of poison oak?

Wednesday, June 26 Janice Andrew was hostess for her Brownie troop No. 2252 at the Andrew's cottage at Sylvan Lake. The Brownies had a fine time swimming, a wiener roast and a marshmallow roast. Girls attending were Patty Cooley, Christine Milliman, Martha Nabrezny, Lani Miquelon, Priscilla Jenkins, Patti Randall, Lois Fenn, Wendy Wilhelmson, Marcia Martin and Paula Sanderson. This event concluded the troop's activities for the season. Mrs. Randall and Mrs. Fenn, leaders, feel that the troop had a very successful year and that much of the success was due to the fine cooperation of the parents of the girls.

Well, not much news for Rosedale Gardens this week, so how about calling right now and telling me what you've been doing?

Glass containers are manufactured principally in about 100 factories in various cities in the United States.

**Check Faucets For Water Waste**

The handy man around the house can chalk up big savings by making little repairs. Stopping a "little drip" in a hot water faucet, for instance, can save many gallons in a short time.

First make sure the family is in the habit of shutting off the faucet completely. If the faucet still leaks, shut off the water at the pipe valve, remove the faucet handle and old washer and feel the washer seat. If there are no rough edges, simple replacement of a washer probably will cure the trouble. Any handyman can do this, but he should be sure to use a high quality washer, one made of good rubber or good rubber and cord.

If rough edges are found in the washer seat, it has probably been damaged and it is better to get professional help.

Saving one drop a second can add up to 210 gallons of hot water saved in a month, according to Harry Wagenschutz, local manager at the Detroit Edison Co.

This means saving not only on the cost of water but saving on the cost of water heating. Although electric water heaters heat with nearly 100 percent efficiency, they cannot compensate for a leak, he points out.

**Recruiter Changes Offices**

Sergeant First Class Henry Zaleski, Army recruiter for this area, announced this week that he has changed the location of his Plymouth visits.

The Army recruiter will be at the Chamber of Commerce office Mondays and Wednesdays from 10 a.m. to 3 p.m. He formerly was at the Junior Achievement center.

Thirteen legations and 64 embassies and foreign governments are maintained in the United States.

Q.—"Dear Miss Williams: I am a boy of almost 17 and I am 'going steady' with a girl of 16. My problem is her parents. They won't let her go with me. They force her to go out with boys of their choice. Every time this happens, we quarrel, because I am jealous. My girl-friend won't let me talk to them. I feel that we love each other and I hope to marry her after college. What do I do?"

Ans.—Take it easy! Don't try too hard to "go steady" with this girl, because it might increase her parents' objections: they might not want her to "go steady" and think seriously of love and marriage yet.

Instead, think of ways to meet them and get acquainted with them, so they will know you better and so you can have a friendly talk with them. Meanwhile isn't it better for you to "like each other best," but date others often enough for her parents to begin to relent and allow dates with you? This gradual approach will probably help.

Try to find out why they won't let her date you, so you can do something about it, if possible. Do you know them well

enough to "drop in" casually and talk with them about your problem while you're there? Perhaps you'll have to work up to it more slowly.

The fact that this girl won't "let you talk with them" points to another possibility—this might be her own excuse for keeping you as a "steady" boy friend and dating others when she feels like it.

Mr. Murray's locking up for the night. But Mr. Murray knows that the front door lock of any home has its limitations. He knows that there are some things you can't lock out. Fire, theft, and forgetfulness are good examples.

That's why Mr. Murray, like lots of other people, doesn't trust to luck or locks when it comes to safety of important papers. He keeps his valuables where he knows they're safe. In a safe deposit box!

Nothing else can give you, for less than 2¢ a day, such complete protection and peace of mind. Stop in at either the Plymouth or the Ann Arbor Road-Harvey office of National Bank of Detroit, and find out how easily and economically you can rent a safe deposit box. They're available now, in all convenient sizes.

## For Ease in Sewing, Know Your Machine

Those American homemakers who sew as a hobby or necessity know how useful it is to have a sewing machine. Many who have machines are not getting their full value because they do not handle and adjust the machine properly, use incorrect methods of stitching until they become habits, or do not make use of the attachments.

It is most important to start out with good stitching habits. In preparing to stitch, place the machine so that you get the best possible light on your work. Be sure needle and thread are correct size for fabric you are to stitch. Use the same kind and size thread in the bobbin as on the spool.

When starting the machine place cloth under the presser foot and turn the wheel by hand until the needle enters the cloth at the desired point. Start the machine slowly.

Guide the cloth through the machine with the left hand. Keep the bulk of your work to your left as you sew. Sew at an even rate, letting the feed dog push the cloth along at its own rate. Always stop the machine before you run off the edge of the cloth. The sharp teeth of the feed can scratch the presser foot if the machine is run with no cloth.

When you reach the end of a line of stitching, stop the machine, raise the presser foot, turn the wheel until the takeup level is as high as it will go. This is to release the pull on threads. Pull the cloth toward the back of machine and cut threads on thread-cutter.

Before stitching a garment, try the machine stitching on a sample of your fabric. Use the same number of thicknesses you would be stitching through on the garment. If the stitch is not of suitable length, use the stitch regulator on the machine to obtain the length you want. A coarse stitch cheapens the look of your work.

Is the tension well-balanced? A perfect stitch is rounded on both sides and does not pucker nor pull the fabric. It is usually possible to make all tension adjustments on the upper thread by turning the thumb nut to the right or left. If the upper thread of the stitch is loose or looped tighten top tension by turning the nut to the right. If the upper thread of the stitch is straight and flat on the surface, loosen the top tension by turning the nut to the left. Remember that "right is tight and left is loose."

One of the many timesavers is a cloth guide. It is screwed to the machine so that the straight edge is a seam's width from the needle. A simple substitute is a strip of adhesive cloth or a piece of cardboard taped the desired distance from the needle.

Retracing, or stitching back along a line of stitching saves tying threads. To "stitch a knot on a machine," raise the presser foot slightly and take several stitches over and over the same spot.

Expert pinning can often be substituted for basting on firm fabrics. Place the pieces flat on a table and match the notches, avoiding stretching the cloth. Pin

the edges together on the seamline, taking up a small stitch with each pin. Place the pins at right angles to the edge, pointing away from the edge as the stitch is taken. The pins should be near enough together to keep the cloth from shifting. Now you are ready to stitch with the grain of the cloth, removing pins as you stitch. Stitch from the wide to the narrow part of each section.

Machine basting can be used on long, plain seams when fitting is necessary. Pin the seams as for stitching and use the longest machine stitch and loosing the tension somewhat. After fitting, put in permanent seam stitching, and remove the machine basting. Do not use the machine for basting pleats, lapped seams or curves.

To gather without an attachment, loosen the upper tension and lengthen the stitch slightly if desired. Put two rows of stitching on the section that is to be gathered. One row should be on the seamline and the other should be 1/2 inch nearer the raw edge. Draw the gathers up by pulling up the under threads. Press the gather between your fingers to set them in tiny pleats. Then adjust them to the desired fullness. Pull the threads through to the wrong side and tie them with a square knot at the ends of the rows.

Special treatment is necessary for different types of fabrics. In working with nylon, use very sharp shears when cutting and sharp pointed pins and needles. Leave a generous seam allowance, as many nylons ravel. French, edge-stitched, or overcast seams may be needed. Nylon thread is best for stitching although silk or mercerized cotton can be used. Use the finest machine needle that will take the thread.

Adjust the machine to a long stitch and a loose tension to prevent puckering. This is recommended for both nylon and other threads. Try placing tissue paper under the fabric if puckering occurs during stitching.

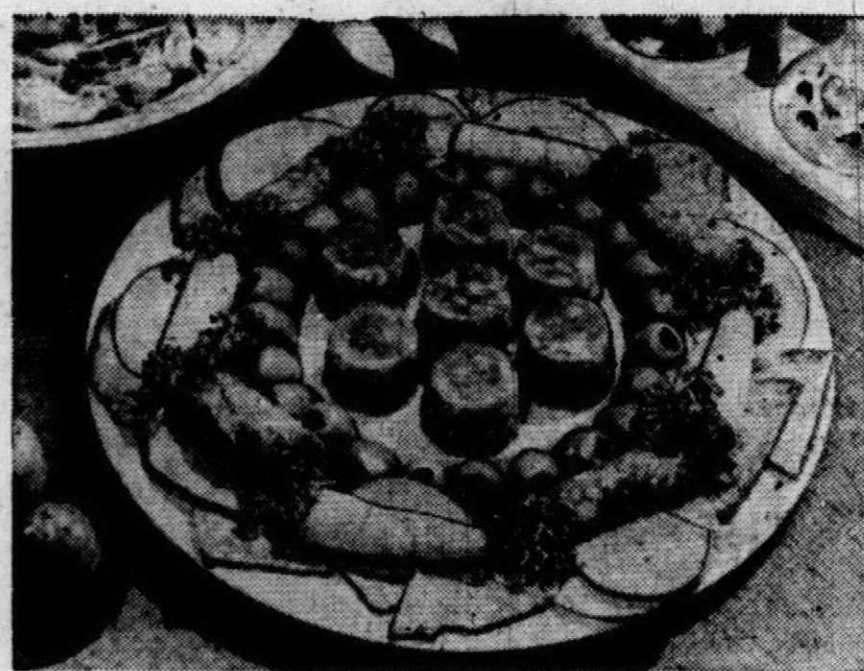

Jersey fabrics require a loose, easy stitch to give elasticity to the seams. This helps prevent breaking of threads and puckering. Use a fine needle, a medium-length stitch and a slightly loose tension.

For decorative lines of stitching, fill the bobbin with yarn or medium-weight, single-strand embroidery floss, such as perle cotton. Wind the bobbin by hand. Use a long stitch (six to eight per inch) and stitch on the lines of the design with the wrong side of the garment up.

To make adjustable gathers or shirring, wind elastic thread on the bobbin by hand without stretching. Use regular thread on the spool pin, and thread the machine as for ordinary stitching. Use a fairly long stitch (eight to ten per inch).

No set rule for the use of attachments can be given. Your most valuable aid is the instruction book furnished by the manufacturer of your machine.

There are a number of good standard makes on the market, in a variety of models and styles. The choice of a cabinet or portable machine depends on your needs, preferences, and living situation.

Give cold cuts extra appeal with this appetizing warm-weather platter. Centered are individual tomato aspic molds.

## Tomato Aspic Molds Pep Up Cold Plates

This is the season when cold cuts make a welcome meat course for the family dinner. How about giving extra appeal to the cold platter by arranging individual tomato aspic molds in the center? Give the aspic extra appeal too. Combine crisp raw cabbage, celery and green pepper with the tomato juice to make a delightful salad aspic.

**Tomato Perfection Aspic**  
 1 envelope unflavored gelatin  
 1 3/4 cups tomato juice  
 1/2 teaspoon salt  
 1/4 teaspoon peppercorns  
 1 bay leaf  
 1/4 teaspoon whole cloves  
 1 small onion sliced  
 2 tablespoons mild vinegar  
 1/2 cup finely shredded cabbage  
 1 cup diced celery  
 2 tablespoons minced green pepper

Sprinkle gelatin on 1/2 cup of cold tomato juice to soften. Heat remaining 1 1/4 cups tomato juice with salt, peppercorns, bay leaf, whole cloves and onion in saucepan; simmer 10 minutes. Strain into bowl over softened gelatin; stir until gelatin is dissolved. Add vinegar.

Chill until mixture is the consistency of unbeaten egg whites. Stir in cabbage, celery and green pepper. Turn into individual molds and chill until firm. Unmold in center of cold meat

platter, or unmold on lettuce and serve with mayonnaise. Makes six servings.

**Rice and Tomato Aspic**  
 2 cups canned tomato sauce  
 1 cup water  
 1 teaspoon salt  
 1/2 teaspoon pepper  
 2 tablespoons unflavored gelatin  
 8 tablespoons lemon juice  
 2 cups cold cooked rice  
 1 cup minced celery  
 1/4 cup sliced stuffed olives  
 8 tablespoons minced pimiento  
 1/2 cup minced green pepper  
 2 tablespoons minced onions  
 1/2 cup grated sharp cheese

Combine tomato sauce, 1/2 cup of water, salt, and pepper in a saucepan and bring to the boiling point.

Soften gelatin in remaining water. Add to hot tomato mixture and stir until gelatin is dissolved. Chill until partially set.

Combine remaining ingredients and toss lightly. Fold into tomato mixture. Pour into 8 1/2 x 4 1/2 inch loaf pan. Chill until firm. Unmold onto platter. Garnish with green pepper rings and additional stuffed olives. Serve with mayonnaise. Makes six servings.

## Ice Cream Wafers

This is a quick and easy recipe that can be stirred up in a jiffy and makes delicate cookies with lacy brown edges caused by the bit of spreading which occurs during baking.

1/2 cup butter  
 1/2 cup sugar  
 1 egg  
 1/2 teaspoon salt  
 3/4 teaspoon vanilla or a blend of almond and vanilla extracts  
 3/4 cup sifted all-purpose flour  
 walnut halves or halved candied cherries.

Whip together until light and fluffy; butter, sugar, egg, salt and flavoring. Stir in the flour and mix well. Drop on cookie sheet, lightly buttered in tiny mounds about the size of small

marbles, 2 1/2 inches apart. Put nut or berry half in center of each. Bake in a 100 degree oven about ten minutes. Yield: about 30 small wafers.

### Tip for Faster Sewing

You can work faster and without tiring if you do your hand sewing on a table rather than on your lap. If a table is in front of you, you will be more inclined to sit straighter. Your arms and hands don't have the extra strain of lifting the fabric, if the fabric is on the table. This is especially true if the garment is large, heavy or slippery. You will also have better control of the fabric while sewing in intricate places if it is on a flat surface.

## Cool Off with a Low-Calorie Drink

PINEAPPLE-LIME COOLER (Low-Calorie)

1 1/4 cups unsweetened pineapple juice  
 1/2 cup fresh lime juice  
 1/4 cup lemon juice

2 tablespoons sweetener solution or 48 tablets, crushed

1 pint no-calorie ginger-ale drink  
 Combine all ingredients except ginger-ale; chill. Just before serving, add ginger-ale. Pour over crushed ice or ice cubes in tall glasses. Garnish with fresh fruits, if desired.

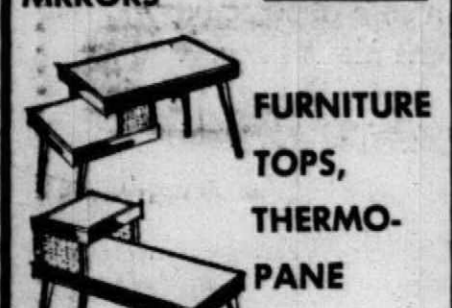

Makes 6 servings. Each serving contains 30 CALORIES; 0.2 gram protein; 0 fat; 8.7 grams carbohydrate. If made with sugar, each serving would contain 150 CALORIES.

Tinware must become darkened before it will bake undercrusts well.

Just plain wonderful on any hot day is this Pineapple-Lime Cooler. Stir up a big pitcherful so that everyone can enjoy seconds. For, unlike many summer thirst-aids, this drink not only is refreshingly cool, but also is calculated low in calories.

To mix this "cooler-offer", you combine pineapple, lime and lemon juice with a calorie-free sweetener. This base can be kept in the refrigerator until serving time. Then you add ginger ale (the non-calorie variety) and pour over ice.

Simply by replacing the sugar you'd ordinarily use you accomplish whopping big calorie savings. The low-calorie cooler contains just 30 calories in every tall icy glassful. If you made the drink with sugar, you'd be adding 129 unnecessary calories to each glass. Best part is, this non-calorie sweetener gives the drink a naturally sweet flavor. You just can't taste the difference.

# For Buick Owners Only

If you own an earlier Buick than our 1957 product, you're probably reluctant to part with it — and who can blame you?

After all — regardless of year or model — there's nothing like a Buick to set you a cut above the ordinary run of mortals — make you feel master of all you survey.

But listen. As wonderful as your present Buick is — we can name at least six good reasons why you should look into a 1957 Buick now.

Six good reasons why you should try this dream car to drive — today. Read 'em — and leap!

### 6 Reasons To See Your Buick Dealer Today

1. Today's INSTANT Dynaflo® — Response? Whew! Smoothness! Wow! Never in history such a sweet sense of control, security, safety for yourself, your family, everyone else on the road!
2. Brilliant V8 Power on Tap! — This big engine — completely new in 1957 — blends plenty of eager energy with silky silence. World's most advanced combination of displacement, compression, bore-stroke ratio, nodal-point balance!
3. Zealful New "Nested" Ride — Take Buick's traditional torque-tube, coil-cushioned ride — cradle it to the lowest center-of-gravity in Buick annals — and brother! You never had it so smooth.
4. Buick's One and Only Safety-Buzzer™ — What's the safest pace you want to drive at? Whatever it is, turn a dial till that figure appears in a "window." If you exceed that pace, the buzz-z-z tells you. Simple. Thoughtful. A great safety advance.
5. Unique Ball-Joint Handling and New Braking — Your steering is amazingly easy. Your cornering is amazingly deft. Your braking stays on the level. (And Buick's powerful new brakes dig in for straighter, swifter, safer stops!)
6. Sweve Low-Sweep Styling — Clean, crisp, classic lines in the finest Buick tradition — beautiful to look at and live with. Up to 3.4 inches lower, yet more room inside. Including legroom for the folks in the middle!

P.S. You'll like today's Buick prices — and your Buick dealer's high trade-in allowances.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century — optional at modest extra cost on the Special. Safety-Buzzer standard on Roadmaster, optional at extra cost on other Series.

**Right Windows Aids Comfort In Hot Weather**

Short of installing a complete air-conditioning system, the average homeowner can make his house more comfortable in summer with good ventilation.

A house is well ventilated when its windows are arranged so that inside heat can escape through an opening at the top and cooler air can come in through an opening at the bottom.

Perhaps the most ideal window for this type of ventilation is the double-hung style shown in the drawing. However, windows of ponderosa pine come in a wide variety of styles which can be arranged for proper ventilation.

Among these are awning and hopper styles installed in banks of two or more. The awning window opens outward, while the hopper style opens into the room. Either of these, when installed one above the other, can be opened to permit the exit of heat at the top and entrance of cooler outside air at the bottom.

The awning window has another warm weather advantage: When open, its surface forms a tiny roof, permitting the window to be left open during a cooling rainstorm.

Sliding and casement windows of ponderosa pine also offer good ventilation. The sliding style opens at either end, creating a cooling draft as heat rushes out one side and cool air comes in the other. A casement window opens completely, offering a large opening for the passage of air.

The Alamo, famous Texas and American shrine, was originally built as a chapel for the mission San Antonio de Valera of the Franciscans.

**Nature Adds Hush to 'Quiet' Room**

A "quiet room" reserved exclusively for reading, relaxing, listening to soft music, or just meditating is becoming an important part of today's living. Here are two such rooms planned to take advantage of a restful scenic setting. The room at left has rows of tall, sliding windows of ponderosa pine which make one entire wall an ever-changing mural. Other features contributing to the room's purpose are the comfortable-looking furniture, the unique magazine rack which acts as a dividing wall, and the slate floor. At right, the quiet of a natural wooded setting seems to be a part of the room. The owners of this home chose casement windows of ponderosa pine for their "picture wall," and have emphasized the "woody" feeling with natural wood paneling on the walls and ceiling. The built-in storage walls add to the room's usefulness. Building materials dealers carry windows and cabinets of ponderosa pine in dozens of stock styles and sizes ideal for "picture walls" and built-in storage.

The annual school meeting was held Monday night and very meagerly attended. President Houghton called the meeting to order and secretary Paul Vochries read the financial report. The board recommended that \$2000.00 be raised by direct tax for teachers wages and that \$2000.00 be raised for the contingent fund, also \$1600.00 for the library fund. Trustees Vochries was re-elected. Total receipts were \$14,211.11 and disbursements \$8,772.42.

About 12 o'clock Monday night Dr. Peck was awakened by a pounding on his door. Upon opening same he found a bedraggled dazed man who claimed he had been shot. The doctor dressed the wound and sent him on his way only to have him return at 5:30 in severe pain. It was found that a bullet was lodged near the heart close to the surface and so the doctor removed the bullet. Upon questioning the man said he was a junk dealer on his way out from Detroit. He gave an unidentified man a ride who demanded his money soon after entering his wagon. When the junk dealer refused the passenger whipped out his gun and shot. Luckily the man got away without losing his money having the neat sum of \$25.00 on his person.

## Civil War Coffee Break Presented Many Difficulties

Be glad you don't have to take your Coffee Break "under fire"! Or maybe it seems like it sometimes? Anyway, a Marshall (Mich.) boy who served his country throughout the Civil War left a lively account of getting the coffee pot to boil during the thick of the Battle of Chickamauga.

His diary is in the possession of The University of Michigan Historical Collections.

His entry for Saturday, Sept. 19, 1863: "Leaving a picket at the ford we fell back to the edge of the cleared field, about 80 rods from the ford and there built a fire, and the men sent back to their-horses for coffee pots and rations."

"I was too tired and sleepy to care for anything but warmth and rest, so I lay down with my back to the fire and was soon asleep. But about this time, 9 o'clock, the battle commenced on the left with a terrific roar. I had not a long sleep but it rested me much and deciding to eat while I could, I got our mess coffee pot filled and nearly boiled when just as the Captain was inquiring if my coffee was done we were saluted with three or four shells in rapid succession from a battery at a very short range, just back of the mill. The first shell proved harmless but the company was instantly ordered back into the woods out of range.

"Not liking to leave my coffee just then, I snatched it from the fire and had only retreated a few steps after the Company when another shell burst close to or directly in the fire scattering the brands in every direction. About this time our pickets in the front were attacked and fell back followed closely by a Regiment or more of Rebs.

The battery was still sending shot and shell after us and we retreated rapidly across the fields to the center of the plantation. Sheltered by the house, cabins and corners we rallied and checked the pursuers, who in turn retreated chased by us to the woods.

"By this time running had given me a severe pain in my side, and while advancing again I left my haversack behind with all my rations except my coffee, which I had set down by a stump near where we were first attacked, and which I suppose ere this had afforded a refreshing and unaccustomed draft of 'Coffee Sure' for some of the 'Johnnies'."

The New England Primer first published the children's prayer "Now I Lay Me Down To Sleep" in 1860.

## Water Shrubs Often In Summer

The lack of rain in midsummer brings problems to shrubs and evergreens as well as lawns, says Joseph T. Cox, extension specialist in landscape architecture at Michigan State University.

The first year is the toughest for landscape plants. They need considerably more care the first year after transplanting. Gentle soaking applications of water at least once a week will bring the best results. Less attention will be needed in later years.

Building surfaces and glass reflect heat strongly enough to injure plants within 3 or 4 feet from the foundation. About the only thing that can be done is to supply enough water to offset the heat. Plants should be planted out from the building if possible.

Cox suggests applying mulch on the surface around plants to conserve moisture, reduce extreme temperatures, reduce soil cracking, discourage weeds and improve soil texture during the summer months.

Burlap sun shades may be hung up on stakes to reduce the mid-day sun on plants that show signs of heat injury such as dry and falling leaves.

With all the rhubarbs and buckses marking the 1957 baseball season, it's interesting to hear that a Senator is trying to promote a bill making it unlawful to throw bottles, cushions or any other missiles at athletic contests. If this happens it'll take a lot of the lumps out of the game. It'll make umpiring about as safe a job as clock winding.

The Senator pointed out that lads who are usually perfect gentlemen often turn into wild men at athletic contests. They'll throw anything that isn't too hot; nothing's too heavy. The new law would restrict them to variations of "Tsk! Tsk!" or maybe a vulgar "Boo!" It sounds great... but umpires and referees better not skip their ducking practice on the strength of it.

The city commission has authorized our consulting engineer, Herald Hamill, to prepare plans and specifications for the widening of South Main street from Burroughs avenue to M-14 (Ann Arbor Road) and consider the blacktopping of the existing pavement.

Mr. Hamill, after a preliminary look into the engineering problem involved, advises that the old pavement is one which was constructed as a county road. It is quite level, and as is customary in outlying areas, is higher than adjoining properties. Highways are usually constructed that way, in order to rid them of surface water quickly and easily. Water is a roadbed's worst enemy.

However, in building city streets, the streets usually are constructed so that properties drain into the street and subsequently into the storm sewers. The question now is how to make the old surface do, whether it will cost more to adjust sidewalks to the old pavement grade so that the water will drain off properly or whether we shall start from scratch by removing all the old concrete and installing the street paving to the proper grades.

At the same time, Mr. Hamill is preparing plans and specifications for the paving of Farmer Street from Blunk, west to Sheldon Road. In a year or so, the Western Electric Plant will be completed and a great deal of traffic may be created.

Another traffic problem is developing on Ann Arbor Trail, between Forest and S. Harvey Streets. The street should be widened to take care of the traffic. This is also on the program for the next year. Tentative plans are to widen seven feet on each side.

At the same time, we want to take care of the curb problem between Forest Avenue and the Mayflower Hotel. Some years ago, a gasoline station was located there. The station was sold and the building converted into stores. The then owner was asked to install curb at the old driveway entrances. He did not comply and we had no means of enforcing compliance, except by special assessment, which is a long, involved, expensive, red-taped procedure for such a small job. This correction will be included in the widening project.

Some communities require that the property owner deposit sufficient money with the treasurer to replace curb at driveways in case they are abandoned, as was the case with the gasoline filling station. For our small community, I don't think such an ordinance is necessary.

We have received petitions from the Hough Subdivision and Nash Subdivision for curb, gutter and pavement. These, too, will be referred to the engineer for his plans and specifications. Heretofore, the city has never had to bond its share of the paving program, but with the number of projects coming up, it may be necessary for the city to bond its share under the special assessment provisions of the charter.
