Goodfellows Paper Sale Is Saturday

Five thousand copies of a special Goodfellow newspaper edition will be on sale Saturday morning with proceeds going for the purchase of gifts that will brighten the Christmas of several dozen needy families. Over 60 members of the Old-Newsboys-Goodfellows will be stationed throughout the city from 9 a.m. to 3 p.m. selling the special edition. Whether a person is driving or on foot, they will stand a good chance of being met by a Goodfellow. There is no set charge for the newspaper, but Goodfellows hope that citizens will again help their needy neighbors by making their donations generous. Money is used to buy such things as complete Christmas dinners, clothing, toys and even fuel. A committee of Goodfellows investigates the need of many families to determine which can use the greatest help. Last year, \$1,675 was collected. This went to help 22 families. Sweaters, coats, gloves and shoes were some of the clothing items purchased. Sizes of clothing must first be determined before being purchased. Not only are Christmas dinners furnished, but food enough to last much longer is usually purchased for a needy family. Anyone knowing of a family in such need can call Fire Chief Robert McAllister or John Lietz. Men from all walks of life make up the Goodfellow organization. They include businessmen, factory workers, policemen, firemen, city and township officials, school administrators and teachers. Officers of the Goodfellows this year are: president, Jim Davison; vice-president, Martin Shomberger; secretary, Jack Thorpe; and treasurer, Bob McAllister. These are the locations of the Goodfellows this Saturday: National Bank corner, David Taylor, Harry Reeves. Conner corner, George Howell, Harold Stevens.

Grocer Solves Burglary Of Store with Alertness

Store owner James Julien, whose Ford road market has been held-up and burglarized a dozen times in that many years, solved his latest burglary himself by noting the license number of a suspicious car parked near his place of business. Julien's Market, located at Ford and Canton Center Roads, was burglarized on Tuesday night of last week. On Thursday, Wayne County sheriff's detectives took into custody George Max, 27, of 7701 Veland, Ypsilanti, and Charles Bowles, 21, of 3902 Newburg Rd., Wayne. About \$260 worth of loot was found stashed away in Bowles' home. He said that they took the food and other items because they were out of work and also to help out his brother and family with whom Bowles lives. Max has a felony record but this was the first offense for Bowles. Both pleaded guilty in an arraignment and were bound over to circuit court. Julien's suspicions brought about the quick arrest. Julien and his wife had been in Plymouth attending an Eastern Star meeting and after taking home a friend, they decided to stop in at the market. About 800 feet west of the store, Julien noticed a parked car with two men inside. He told his wife to get the license number. They then stopped at the market and left at 10:45. At about 12:30, the two men, Max and Bowles, broke through a door and carried away such

Santa Claus Opens Headquarters in Park

Santa Claus' annual visit to Plymouth, previously postponed, will take place tonight and tomorrow night in Kellogg Park. Santa will make his headquarters in a house trailer in the park from 4:30 p.m. until 8:30 p.m. during the two evenings. St. Nick's appearance, which used to be sponsored by the B.P.O. Elks, this year is sponsored by the local Chamber of Commerce.

SNOW AND COLD brought about some excellent sledding conditions in the Plymouth area this week. But the type of coasting demonstrated here by Douglas Fuller (bottom), Frank Curlin and Bobby Fuller, is only for the experienced. Even then, the two top passengers fell off. The boys and many others use the hills of Riverside Park for skiing and coasting.

School Report Wins State Recognition

Plymouth School District today was honored by the Michigan Press Association for having published an annual report that in its class was "the finest in the State of Michigan." The Plymouth report was in the form of a four-page supplement to The Plymouth Mail on October 3. It was prepared with the help of The Mail staff and contained a host of pictures, considerable reading matter, and all the financial statements and records required by law. Reprints of the section were circulated among teachers and parents. Also assisting in its preparation was Robert Wall of the Wayne County Board of Education public relations department. Superintendent Russell L. Isbard was informed of the award by letter this week from Elmer E. White, director of the Michigan Press Association, which includes virtually every regularly-published newspaper in the state. Isbard and other school officials will be guests of the Press Association at an annual convention in Lansing on Jan. 24 and will be awarded a plaque. Wrote White, "A committee of two newspapermen and two executives from the Michigan Department of Public Instruction met recently to examine all available reports published by school districts in their local newspapers. Their aim was to select the report which was most outstanding for its appeal, clarity and content. Districts were judged in three classes, according to the number of students enrolled. "It is a pleasure to advise you that your report published in The Plymouth Mail was selected as the finest in its class. You are certainly to be congratulated for your success in informing the citizens of your school district about school affairs so completely and well." (Continued on Page 8)

System Accepted by Board

Plymouth Township In Water, Sewer Business

The Plymouth Township Board climaxed a historic move at their monthly meeting last week by adopting an ordinance that will put them into the water and sewer business. Culminating many months of work, the board approved Ordinance No. 16 which will regulate water and sewer systems in the township and accepted the systems already installed in Lake Pointe Village. The only actual cost which the township must assume in acquiring the Lake Pointe Village system is 75 percent of the cost of the 400,000 gallon storage tank. This will be a cost of \$75,000 to the township. Payments will be made from net earnings derived from the sale of water. Lake Pointe Village is a subdivision being constructed by the Fred E. Greenspan Building Co. in the northeast section of the township. It will have between 1,000 to 1,200 homes. In addition to approval of the new ordinance, the board discussed the possible sale of \$700,000 worth of bonds to finance a sanitary sewer project for much of the eastern and southern parts of the township. "Much of our work is just now beginning to show," Supervisor Lindsay said this week. "We've been doing the non-glamorous missionary work and now the results are showing." Plymouth Township's move toward water and sewer installations has definitely made obsolete the Townships of Plymouth and Canton Water and Sewer Authority which was formed two years ago to develop systems in the two townships. Although the authority is still in effect, the two townships were never able to develop sewer and water plans and financing arrangements that would fit both of their needs. So both townships have been working on their own plans. The sanitary sewer project proposed is the one drawn up over two years ago for the city and township together. With friction reaching a high ebb between the city and township at that time, the city decided to go ahead on its own with its part of the project. This \$600,000 sanitary sewer has just now been completed. Plymouth Township's part of the installation would originate at the Wayne County Interceptor Sewer just north of Newburg Lake. It would then branch into heavily populated sections in the eastern and southern parts of the township. Supervisor Lindsay said that he hopes to have the Wayne County Road Commission do the sewer job and that he will arrange a meeting to see if they are willing. He also expects to have the Road Commission sell the bonds. One bonding company, Miller & Paddock, have already offered to buy the \$700,000 bond issue. Plymouth Township paid its original share of the interceptor construction several years ago with a bond issue sold at 27 percent. But Lindsay emphasized that at this time it is "impossible to meet or even come close to such a low rate." Payment of principal and interest on the proposed \$700,000 bond issue would come from revenue and assessment, Lindsay declared. The new water and sewer ordinance (published elsewhere in this issue) will become effective today. It provides for the appointment of a Water and Sewer Board of three members to carry on the management of the system, if needed. The supervisor said that the present township board will be able to handle the business at present, but as the system grows, a Water and Sewer Board would probably be appointed. The eight-page ordinance also sets water rates at 34 cents for each 1,000 gallons. In addition, there is also a bi-monthly service charge of \$1.10 for a 3/4 inch meter; \$1.65 for a 1 inch meter and \$2.25 for a 1 1/2 inch meter. Minimum rates have also been established. No water meters have yet been installed in homes already erected in Lake Pointe Village. Until installed, residents will pay a flat rate. Rates for sewer use are based upon water consumption. There is a charge of 17 cents per 1,000 gallons of water used, with a minimum bi-monthly charge of \$1.50. During the summer months, the ordinance says, the Township board can enforce water conservation rules, such as no sprinkling. In other business before the board, Howard Holmes was named temporary assistant. (Continued on Page 8)

Community Fund Board Votes Not to Merge

Members of the board of directors of the Plymouth Community Fund voted unanimously Tuesday night not to affiliate with the United Foundation of Greater Detroit. Eight of the 12 officers and directors were present and all registered their opposition to the United Foundation's invitation to merge the two fund-raising organizations. Disadvantages, the board decided, outweighed the advantages at this time. Most of their comment before the vote brought out the disadvantages of a merger. The United Foundation has made several appeals to the Plymouth Community Fund during the past years, urging a merger of the programs. This year the U-F plea was stronger than ever. Most of the communities in the Detroit area are now affiliated with the United Foundation. Northville and Canton township were two of Plymouth's neighbors that joined the U-F this year. United Foundation people argued that there are many advantages of merging. Among them are the services of an "efficient, professional organization"; eliminate confusion caused by a dual drive, especially in Plymouth area industries; and it would be of mutual benefit to everyone since Plymouth could get outside help in case of need. Community Fund people reasoned that if we joined the U-F, our quota would be more; there would be outside influences in disbursing funds; there would be more solicitors and more effort called for, including a house-to-house drive; joining would mean a loss of community identity; and that there is no need to merge because Plymouth has always met its goal. In other business before the board of directors, it was voted to allot \$700 to the Christmas lighting committee of the Chamber of Commerce—with three provisions. The board asks that the money be used to decorate the six entrances of the city; that the Community Fund board be given an accounting of all funds spent for Christmas lighting; and that the Chamber committee work with other organizations in the future to plan a lighting program. It was announced that the annual meeting of the Community Fund would be held Tuesday, January 14 at 7:30 p.m. in the Veterans Memorial Home. Six directors will be elected at the meeting. Four will be elected for three-year terms, one for a two-year term and one for a one-year term. Anyone who has contributed \$1 or more to the Plymouth Community Fund this year is a member of the organization and is entitled to attend the meeting and vote. An audit report ending in June was given the board and approved. The audit was made by Sutherland and Robson, accountants. Kiwanis Honors Rock Football Squad Forty-four players and coaches of the Plymouth High School football team were honored Tuesday night at a dinner-meeting of the Kiwanis Club at the Hotel Mayflower. The local gridlers were champions in the Suburban Six B League this year by winning four league and two non-league games. Don Dufek, assistant backfield coach of the University of Michigan, was the guest speaker. Following a talk to the team, he showed films of the U of M-lowa game.

RIPE TOMATOES in December are the achievement of Mrs. Julius Saner, 48222 Powell Road, who is growing the plant in her home. At first she carried the plant around to the sunny windows, but finally got better results by putting it under a livingroom lamp. The first tomato, ready to pick, will be a problem. A half dozen people want to get a taste.

Everyone to Get Into Act

Christmas Concert Featured Sunday

The Plymouth Symphony has an unusual treat in store for concert-goers this Sunday when the orchestra will present for the first time "Overture For A Festive Occasion" by Grant Beglarian, written for and dedicated to Wayne Dunlap and the Plymouth Symphony Orchestra. A member of the Symphony and resident of Plymouth, Beglarian is by no means a newcomer to the field of music. His compositions have been played in several major cities all over the country, including New York, Chicago, Detroit, Ann Arbor, Louisville, and Austin, Texas. Also of special interest will be the Bach Cantata No. 142—"Unto Us A Child Is Born"—performed by the Eastern Michigan College Choir, under the direction of Robert Waterstripe. The director, who will be remembered here for his performance as Hansel in "Hansel and Gretel," teaches both voice and choir at Eastern Michigan College, is a member of the University Quartet for radio, soloist at First Church of Christ Scientist in Ann Arbor and has made several appearances in oratorio in this area. The grade school choir, which will sing four numbers with the orchestra, have been trained for their part in the program by Merry Lynn Johnson, Maude Laury, Ann Walkowski and William Grimer. The High School Choir, which will present two Christmas numbers, also with the orchestra, is directed by Fred Nelson. In order that the "Family Christmas Program" may be available to as many as possible, the Girl Scouts of Troop 6, under the leadership of Mrs. Donald Graham and Mrs. George Hudson, will have a Nursery Room at the high school for "baby-sitting" service during the concert. Trained in child care, the girls will have books, games and toys to help entertain their small charges, and the price will not be high. The complete program is as follows: Concerto Grosso No. 8..... Corelli (Christmas)..... Corelli Natalie Dale, violin Jane Flowers, violin Melinda Dalley, cello Overture for Brass for a Festive Occasion.... Beglarian Unto Us A Child Is Born.... Bach Eastern Michigan College Choir Robert Waterstripe, Director Nutcracker Suite.... Tschai-kowsky Christmas music by Plymouth High School Choir and grade school choir with orchestra Christmas Carols.... Choirs, Audience and Orchestra. As usual there will be no admission charge for the concert. However the free-will offering which is accepted at the door

is a means of helping to support the Plymouth Symphony Orchestra which makes the "Music For Everyone" program possible.

City, Township Taxpayers Get Bills

Nearly 7,000 folks who are property owners in Plymouth city and township have by now received their annual "greeting" messages calling for over two million dollars. Tax bills will be higher than ever for everyone this year as the result of a state equalization factor. Township Treasurer Elizabeth Holmes said that she has sent out about 2,800 tax bills while City Treasurer Charles Garlett has sent about 4,000. The township tax bill asks for payment of school, county and township taxes, while the city residents are being billed only for county and school. The city tax bill is paid in July. There has been no rate change for the county and school but the township tax rate has been increased eight-tenths of a mill (80 cents per \$1,000 of valuation). This is the first time that the township has asked for more than a mill for township operations. Should everyone pay their tax bills, Plymouth township should collect \$1,395,521.07. This includes \$996,736 for the school district, \$314,086.93 for the county and \$83,098 for township itself. (Continued on Page 8)

Band, Choral Groups Give Yule Concert

A tradition which has lain dormant for several years will be revived next Tuesday when the Plymouth High school band and chorus present a Christmas concert. Various choral groups, under the direction of Fred C. Nelson, and instrumental groups, directed by James Griffith, will participate in the concert in the high school gym starting at 8 p.m. Using the orchestra shell, the newly-formed Girl's Chorus will begin the program with "Away in a Manger" and "Rudolph the Red-nosed Reindeer." "Little Snowflakes" and a modern version of "Jingle Bells" will be sung by the nine-voice Triple Trios. The Girls' Glee Club will then sing "One Night when Jesus Came" (a Polish carol), and "Silver Bells." The 75-voice Choir will then present a cantata, "Child Jesus" by the contemporary composer, Joseph Clokey. This number will include several soloists and duets, aided by an organ loaned by Grinnells in Ypsilanti. Following the intermission, the band will play "Christmas Fantasy" and Bach's "Gigue and Fugue in D Minor." The popular "White Christmas" by Berlin will close the band solo part of the program. Together with the choir, the band will present "Three Songs for Christmas" which include "Angels We Have Heard on High," "Bring a Torch" and "What Child Is This?" arranged by Grundman. Concluding the program will be a community sing.

Mr. and Mrs. George Wilson entertained her mother and father, Mr. and Mrs. Elmer Rickard of Adrian Thursday and over night.

Mrs. J. Rusing Cutler entertained members of her book club Wednesday evening in her home on Main street, north.

Decorating 60-Foot White House Yule Tree Is No Job for Santa

WASHINGTON (UP) — No, Virginia, it's Earl C. Hargrove Sr. — not Santa Claus — who has the biggest Christmas tree trimming headache in the nation.

Hargrove is in charge of decorating the 60-foot national Christmas tree in the Ellipse Park just south of the White House.

The job calls for the combined abilities of a juggler, an artistic tight-rope walker and an intelligent mountain goat.

A Five-Foot Star
 Hargrove and his merry helpers from his display company will fasten next week to the huge Minnesota spruce: —9,000 nine-watt colored lights.
 —500 nine-inch colored plastic balls.
 —300 to 400 assorted plastic snowflakes. Hargrove's snowflakes come in two sizes — 20-inch and 7-inch.
 —200 clusters of "glitter ornaments."
 —One five-foot plastic star.

Hargrove's men already have built a great scaffold around the tree. Workers will decorate from the top down, dismantling their scaffolding behind them.

Must Keep Going
 "About five men can do the job in six days," Hargrove said. "I direct 'em while watching through binoculars."

He said in the four years he has been decorating the national Christmas trees the biggest problem has been the weather.

"You may not think it's windy on the ground, but when you get up there 60 feet the wind will be swaying the whole tree," he said.

"Sometimes you have to hold on with one hand and decorate with the other. But we have to keep going because Christmas won't wait."

Hargrove said in 1955 he decorated the tree during a near blizzard.

Their Own Way
 "Couldn't see the men on the scaffold," he said. "Then it became so cold we sent up little heaters and the men plugged them into the tree."
 He said he gets lots of free advice on decorating, "just like you do at home."
 "Everyone who comes by has some suggestions," he said. "We're very courteous and then do it our way."
 Hargrove said undecorating is much easier than decorating.

"We just scoop that tree down," he said. "A big crane grabs it in the middle and as it's lowered about 15 men strip it in a few hours."
 "Don't break too much either."

Members of the Just Sew group enjoyed a co-operative dinner Tuesday in the home of Mrs. William Monteith on Adams street.

Betty Leeds Weds In Indiana Dec. 7

Television Sets Stolen

Five portable television sets were stolen early Wednesday morning from Hubbs and Gilles, 1190 Ann Arbor Road.

The five sets, two of the 17-inch models and three 14-inch models, were taken hurriedly between 1 and 1:15 a.m. yesterday.

Richard Rose, 9456 Oakview, called police to report that someone was breaking into the appliance and electrical store across the road. Police arrived a few minutes later but the thieves had left. Entrance was gained by breaking out a large plate glass window at the front of the building.

Police also are reporting the usual wave of Christmas shoplifting. A number of stores have reported stolen items. Three juvenile girls were brought into custody Tuesday and appeared at the police station with their parents.

Several Injured In Area Auto Accidents

Several people were injured in accidents in the Plymouth area during the past week with one of the mishaps involving Homer Martin, widely-known Michigan dairy union leader and former UAW president.

Martin, who lives at 7405 Brookville Rd., Salem township, was driving into Plymouth on N. Territorial road at 7:54 a.m. Tuesday when his car struck another driven by Geraldine Garen, 39, of 107 Middle Rd., Ypsilanti. Mrs. Garen was driving north on Sheldon and failed to heed the stop sign, police said. The impact threw Mrs. Garen onto the pavement. She and a passenger, Betty Rutherford, also of Ypsilanti, were taken to Wayne County General hospital for treatment of cuts and bruises. Martin and his two passengers were not hurt. Both women were nurses at Hawthorne Center.

A Wixom couple, Mr. and Mrs. Samuel Croft, 50200 Pontiac Trail, were hurt Friday afternoon on Northville road at Edward Hines Drive. Sheriff's officers said that Mrs. Croft, 67, was driving a pick-up truck north on Northville road and ran a red light, crashing into a car driven by Archie Hanlon, Romulus.

CHORAL AND instrumental groups will join once again for a Christmas program next Tuesday night at Plymouth High School. Shown making plan for the affair are James Griffith, seated at left, director of the band, and Fred Nelson, choral director. Standing from left are Glyn Norton, Dave Graves, Betty Worth and Laurence Livingston.

Parents Protest Long Haul For School Children

Board of education members of the Plymouth Community School district had lots of company at their monthly meeting held Monday night when a group of parents and another group of insurance agents sat in.

The parents were those of children who live in the western part of Plymouth Township. According to the parents, their children board the school buses as early as 7:15 a.m. and get to school at 7:45, nearly 45 minutes early for class.

These same children, the parents added, are also the last to get home. They wanted the situation corrected.

The board promised to look into the matter for a possible solution. Insurance men were at the meeting for the opening of bids on a big insurance policy that the school board will take out on all school buildings and their contents. The five-year policy, that will cover \$4,545,700 worth of buildings and equipment, is for fire, extended coverage, vandalism and malicious mischief.

Four bids were received, but the board held off approval until bids are examined further. Bids on the five-year policy were: The Bob Johnston Agency, Plymouth, selling Employers Mutual Casualty Co. insurance, \$16,722.77; The Gray Mutuals Agency, Dearborn, selling Improved Risk Mutuals and Building Owners Federation insurance, \$18,237.42; Joe Merritt Agency, Plymouth, selling Northwestern Mutual Fire Insurance Co. & Improved Risk Mutuals

insurance, \$18,526.65; and The Liberty Mutual Insurance Co., Detroit, selling Liberty Mutual insurance, \$28,454.99.

The Merritt Agency was selected by the Plymouth Association of Insurance Agents to bid on the policy. Roy Fisher, representing the association, pointed out to the board that premium profits derived from school policies in the past have been turned back in the form of worthwhile projects, such as scholarships.

In other business before the board, there is some discussion about naming the new elementary school now being built. The board has referred the naming job to the School Community Planning Group for recommendations.

Administrative Assistant Melvin Blunk presented the board with a survey on bus transportation costs. The survey compares Plymouth with other districts in Wayne County.

It was found that Plymouth's bus operations costs considerably less per mile than the average. During the 1956-57 school year, Plymouth buses traveled 163,549 miles at a cost of 343 cents per mile. Total cost of operating the system was \$56,141.29.

This figure includes major items like \$29,124 for driver salaries and \$10,936 for depreciation. The average cost per mile among the school districts surveyed was 41 cents. The highest was 61 cents (Ecorse No. 7) and the lowest was 23 cents (Wayne). Looking at some of Plymouth's neighbors, it costs 37 cents a mile in Livonia, 35

The MAIL Attitude

BY PAUL CHANDLER

Since Daisy Manufacturing Company's decision to move to Arkansas, there have been rumors around this area that Evans Products also was contemplating a switch.

We've gone to the source and been advised there's "absolutely nothing" to the story.

Evans did make news today in another way when it was announced that it had acquired the business and assets of Fiddes-Moore & Co. The latter is an independent warehouse system which distributes plywood, hardboard and other wood products in the Midwest.

Evans traded 83,056 shares of its common stock for the new company.

While it is hardly pertinent to the Plymouth opera-

tion, which manufactures other things, Evans Products on a national basis is one of the 10 largest producers of fir plywood. Its wood processing is concentrated in six plants in the Pacific Northwest.

Locally, Evans makes railroad material-handling equipment and bicycles, plus some other things. It is quite possible that the bike manufacturing will be moved to another plant someday, but that is a small portion of the current production here and doubtless would be replaced by another product.

Christmas lighting of Plymouth has been a problem this year, but more illumination will go up in the next couple of days, and there's an "invisible" factor that many citizens will miss.

In their planning this year, the Chamber of Commerce started on a "permanent" blueprint. As a consequence, they purchased and installed brackets that go on every light pole in the city and also erected tall poles at the six entrances to town.

Then there came a financial problem and much of the hardware and poles were left bare. But nevertheless, the mountings and the poles amount to perhaps \$2,000 in capital improvements, that will be here for the future, and while "invisible", they represent sound planning.

There's much depressing talk being uttered by gloom-mongers these days about business conditions,

and the finest antidote to all of it is simply to step on the streets of Plymouth's business section this holiday season. Stores are crowded, people are happy, the merchandise is the finest ever offered and the store facilities have a wonderful sparkle. This is a good place to shop and business is thriving.

It is our candid opinion that nothing is going to free the pinch of money-shortage harder during the next couple of years than will the public schools.

This is for two reasons: (1) The State now is absolutely at a loss to know where it can raise the multi-millions needed to maintain state aid at the \$190 per-student figure. State tax revenues have slipped, but the school pupil populations are soaring. (2) and on the local level, there is stubborn citizen resistance to increased taxes.

I mention this with two things in mind. First, the time is upon us — now — when our school officials must abandon thinking in terms of "ideal" conditions and turn to emergency thinking where plain, hard austere facilities are the goal. It isn't too drastic, in my opinion, to be planning for year-round operation of all schools; longer days and double-shifts; buildings of two, three or four stories; and a number of other changes which aren't "ideal" but simply constitute the only methods by which plain space can be furnished students.

And, second, the schools must constantly keep

the citizens informed on a frank, simple, completely-honest basis as to where we stand, what the schools are offering, where budget cuts can be made in an emergency, etc.

That involves basic public relations. Schools have a built-in popularity with parents which are a great asset. Schools do wonderful things for children, often with too little public recognition. The public will support schools long beyond the point where other public services will be rebuffed.

But the story must be told. There's a piece in today's paper telling that the Plymouth District was awarded first prize in the entire state for the quality of its annual report to the people this year. This was in the form of a four-page supplement to The Mail and all of us here are proud to have helped in its preparation.

But the bigger point is that Plymouth School's have been judged first in Michigan (in their class) in the way they are informing citizens about what's going on. It's important.

Schools which attempt to pry money from the citizens with a kind of sleight-of-hand, now-you-see-the-facts-and-now-you-don't, and by menacing use of the old "half-day threat" to justify any request, are going to be discovered, embarrassed, and crippled.

X-Way to Open Friday

The Farmington - Brighton Expressway will be officially opened to traffic at a series of ribbon-cutting ceremonies, starting Friday morning at 9:30. After ribbons are cut at Brighton, Wixom, Novi and Farmington, a luncheon will be held in Farmington. State Highway Commissioner John C. Mackie, Lt. Gov. Philip Hart and a representative of Ford Motor Company will be guest speakers.

The new four-lane divided highway marks completion of the first leg of the Detroit-Muskegon Expressway which is to be completed in 10 years. The 23 mile road cost 13 million dollars.

CONTINUOUS PRACTICE and frequent rehearsals are in order for Gay Shirey (left) and Linda Gibson, after being chosen by audition for the Ann Arbor Civic Ballet Company. Thirteen year-old Gay is the youngest member in the troupe. Linda is 16. The company includes

professionals and amateurs ranging in age from 16 to 35. The season will open in February, when the company will begin its tour in Jackson. The girls' instructor, Aleta Nichols of West Ann Arbor Trail, is also a member of the ballet group.

Off-Hour Mailing Urged by Timpona

One good way to eliminate trouble in making your Christmas mailings this year, Postmaster George Timpona advised residents of this area today, is to go to parcel post windows in "off" hours.

Many people mailing Christmas parcels will arrive at the post office at the rush hours in the early morning, around lunch time, and near the closing hours in the late afternoon.

Often these are people, such as housewives, who could very easily come to the parcel post windows at any hour of the day and thereby avoid a lot of trouble and waiting in line.

Often, the mailer can save many minutes and perhaps up to a half hour or an hour by avoiding the crowded hours at the parcel post windows during the Christmas season and taking advantage of the late morning hours and those in mid-afternoon.

ALETA NICHOLS, left, owner of Aleta School of Dance, is shown presenting Dolores Aldrich with her certificate after achieving Grade 4 in ballet instruction.

Two Girls Pass Ballet Exams

Dolores Aldrich, 8847 Northern, and Linda Gibson, 11687 Morgan, have been examined by the Cecchetti Council of America and have satisfactorily passed Grade 4 of classical ballet dancing.

The Cecchetti Council is patterned after the Cecchetti Branch of the Imperial Society of Teachers of Dancing of London, England. This American organization has grown into a council of accredited teachers from 37 states. It has become the first ballet organization to incorporate as an educational institution.

There are four grades and three major examinations, elementary, intermediate and advanced.

Clean Sweep

NORTHAMPTON, Mass.—(UP)—Boy Scout Troop 111 of St. Mary's Church here made a clean sweep of the city recently. They completed a sale of brooms to bring a total of \$1,300 into the treasury to purchase camping equipment.

Arrives Here Today!

SANTA CLAUS is coming to town today and there are hundreds of youngsters eagerly waiting. St. Nick will be located in a house trailer in Kellogg Park from 4:30 to 8:30 p.m. both Thursday and Friday.

The Chamber of Commerce is sponsoring the visit. There appears to be plenty of snow in case the old fellow wants to use his reindeer, but he is probably saving them up for Christmas Eve.

Christmas Cards Tell Political Secrets

LANSING (UP)—Some hints of the future political plans of Michigan's state official can be derived from the lists of persons who will receive Christmas cards from them this year.

Lt. Gov. Philip A. Hart, who was expected to seek the seat of Sen. Charles Potter R-Mich., for example, is sending out from 1,000 to 1,500 more cards this year than he did last year. Hart has had volunteers working in his office until late in the night several days during the last couple of weeks, preparing about 5,000

Christmas cards for the mail.

On the other hand, Atty. Gen. Thomas M. Kavanagh, who will take over as a justice of the relatively non-partisan Supreme Court in January, is dropping his list from 5,000 to 3,000.

Two officials who took office since last Christmas will have sharply lengthened lists this year. Superintendent of Public Instruction Lynn M. Bartlett will send out about 3,000 cards this year. Last year, after he had been elected but before he took office, Bart-

lett sent out about 700. The story was about the same for State Highway Commissioner John C. Mackie, who was elected and took office at the same time as Bartlett.

All of the state officials who have held their office for several years and were expected to seek only re-election increased their Christmas card lists only slightly this year.

Gov. G. Mennen Williams, who was expected to seek re-election as governor in 1958, will send out about 20,000 cards this year, an in-

crease of about 200 over last year.

State Treasurer Sanford A. Brown will send out about 5,000 cards, compared to a little more than 4,000 last year.

Frank S. Szymanski, who will be serving as auditor general for his third Christmas, will jump his mailing list from over 2,000 to about 3,000.

Most of the cards will bear pictures of the officials and their families. Williams, Hart, Hare, Brown, Szymanski and Bartlett will all have family pictures on their cards.

Kavanagh will maintain a personal tradition by sending out religious cards while Mackie will send out cards showing a highway bridge.

New arrivals were slowing up the mailing of

some cards. Hart's cards will show a new addition to the family, a baby boy making eight children. A new baby girl will appear on the family picture on Szymanski's cards. And two new grandchildren, one of whom delayed printing of the picture until he was old enough to have his picture taken, will appear on Brown's cards.

Mailing of the cards, totaling about 50,000, was kept secretaries and volunteers busy in all the state offices. Most offices got an early start on the cards this year and all the envelopes were addressed. But delays in printing of the cards and other factors left the job of stuffing and sealing envelopes still ahead of the secretaries and volunteers in most cases.

New Class Opens For Retarded At Training School

A class for retarded children in this area started this week at the Wayne County Training school with 15 youngsters attending.

Superintendent of Schools Russell Isbister said that one Plymouth child has been enrolled in the new program. Also participating are children from Redford Union, South Redford, Northville, Wayne and Livonia.

Isbister pointed out that the program does not duplicate a class now held in Plymouth schools for retarded children. Those who will go to the Training School classes are a type that cannot get the proper help in the Plymouth classes, the superintendent said.

The Northville school district administers the program. They are billed by Wayne County and in turn bill the State of Michigan and participating school districts for their proportionate shares.

BEITNER Jewelry opened doors at a new location last Friday on Ann Arbor Trail and attracted hundreds of visitors. One of the quite noticeable displays was \$48,000 worth of diamonds. Mrs. William Beitner, right, shows off a \$16,000 ring, \$30,000 brooch and \$12,000 earrings.

Jaycees Carry Out Safety Program in Elementary Schools

Reports on a safety program, fruit cake sale and a state project to combat sex criminals were among the items of business discussed at the Plymouth Junior Chamber of Commerce held Monday night at the Mayflower Hotel.

Officer Gail Stanbury, chairman of the Doll Safety program, a project which has gained recognition by promoting safety among youngsters in the elementary schools, reported that all but two of Plymouth elementary schools have been contacted and presented with doll safety cut-outs. These cut-outs depict the consequences of not following simple safety rules.

Chairman of the fruit cake sales project, Ron Roberts, reports sales are going well but urged Jaycees not having their quota of cakes to contact him this week. A street booth will be set up this Thursday and Friday.

There was a discussion about adopting the state Jaycee project concerning sex criminals. A pamphlet, "Do's and Don'ts on How to Defeat Sex Criminals" may be distributed throughout the schools. The pamphlet was compiled and distributed by the Three Rivers, Mich. Jaycees after a sex criminal situation developed in their community.

The project was adopted tentatively pending a check with local school officials and P.T.A. organizations. Gail Stanbury and Ted Scriminger were named co-chairmen of the project.

Plans were made for a "Bosses Night" to be held Jan. 13. Doug Vincent was appointed program chairman.

The annual Key Man Award committee was appointed consisting of Doug Blunk and last year's award winner, Ted Campbell. The award is given each year to the Jaycee who has given the most to the organization and his community.

Plans were also instigated for a skating party to be held Dec. 28. Members will be no-

tified by Secretary Charles Thompson in the near future.

Those interested in joining the Jaycees are urged to contact President Doug Blunk (1790) or Ron Roberts (481). Young men between 21 and 35 are eligible to join.

 ant to Building Inspector Ernest W. Rossow who has been ill. Holmes has been taking over Rossow's work since he became ill.
 The board made a motion to take \$400 for maintenance of township fire hydrants out of the general fund. The decision centered around the premise that although everyone doesn't benefit from the scattered fire hydrants, insurance rates are lower for everyone located within 1,000 feet of them.
 Supervisor Lindsay reported that on December 3 he was appointed temporary chairman of the Water and Sewer Disposal Committee of the Wayne County Board of Supervisors. He will replace Dale Filmore, former Dearborn attorney, who died suddenly.

School Report

(Continued from Page 1)
 Michigan Press Association has been working with the Michigan Department of Public Instruction for several years so that the public can be better informed. This year for the first time state law required the publication in a newspaper of information which can easily be understood by the layman.
 According to E. C. Hayhow, publisher of Hillsdale Daily News, one of the contest judges, "All three winning reports indicated close cooperation between the school system and the newspaper."
 Saginaw won the plaque for the district with more than 5,000 students; Plymouth was in the 1,000 to 5,000 student class; while Harbor Springs won the under-1,000 division.

SEVERAL PLYMOUTH 4-H members put in a lot of work during the past week getting their animals ready for the Junior Livestock Show in Detroit. None of the local group were winners this year. Shown with their Black Angus steers are Jayson White, Warren Rd.; Janet Willoughby, Ann Arbor Trail; and Susan Campbell, Joy Rd.

Holiday Selling Slump Felt By License Bureau

Business is poor nowadays at one of Plymouth's business places and unfortunately it will get too good all at once—unless folks change their habits.
 Plymouth's license bureau at 181 W. Liberty has been selling 1958 tags for more than a month now and until today has sold only 1,500. Within the next two months they will sell 16,000 more.

Mrs. Doris Root, manager of the local office, doesn't have to worry about not having business. Her worry is getting too much business all at one time.
 The office started issuing licenses Nov. 1 with CA-1001 and now it is at CA-2500. The series goes up to CA-9950. Then there is the series EA covering the same range.

"Some people give license plates for Christmas, and of course we think it's a good idea," Mrs. Root said. "Anyone can buy another person's license tags as long as they have the title."
 "It's surprising how many people don't know that license plates will now stay with the owner instead of with the car," the manager added. Some people, she noted, have delayed buying plates because they expect to buy a different car in the next two months and don't want to buy another license. This won't be necessary under the new system.

Mrs. Root also pointed out that it is not necessary to weigh commercial trailers to get a new license. Trailers that were weighed last year need not be weighed again.

 The city treasurer's office should collect \$202,008.85. Of this amount, \$470,461 goes to the school district and \$154,103 to the county.
 January 19 is the deadline for paying tax bills without penalty. A four percent penalty is added after that date.

To Head State Group

Herbert Woolweaver, director of Plymouth Adult Education and Recreation Department, will be the president of the Michigan Recreation Association in 1958.
 Woolweaver was named first vice-president of the group for 1958 and will take over as president the following year.
 The election took place at the annual Michigan Recreation Conference held last week at Michigan State University.

Who's New in Plymouth

HOLDING ONE of his model cars up for inspection is 13 year-old David Bailey. Giving their approval are his parents, Mr. and Mrs. William Bailey and sister, Sandra, who is 15 years old. The Baileys moved to their present home at 334 Sunset from Livonia, but they consider

Kansas City their hometown. Plymouth reminds them of suburban Kansas City, but with the advantages of well-established shopping opportunities. Bailey is supervisor of vehicle scheduling at the Lincoln Division in Novi.

K of C Receives New Members

Eleven new Knights of Columbus, George Witkowski, Rene Donnelly, Bob Hennelly, Jim Bauman, Ed Kopenski, Herb Bissa, Ed Cheseman, Martin Kennedy, George LeTourneau, Leo Sheehan and Don Skinner, were presented with their membership scrolls at the regular business meeting of the Plymouth Council, 3292 on Monday evening, December 3. Ten other new members were not able to be present for their presentation but will have their scrolls presented at another time. Past District Deputy Francis spoke briefly and complimented the new members on their new association with the Knights of Columbus.

Knights were also urged to place their ticket reservations for the New Years Eve celebration within the next few days as the deadline date for these reservations is December 20. The tickets are twelve dollars per couple and includes dining, dancing and refresh-

ments. Russ Egloffs orchestra will furnish music.

Announcement was also made that a Corporate Communion will be observed on Sunday, December 29 at the 8:00 o'clock Mass at Our Lady of Good Counsel Church. All Knights are urged to be in attendance.

Family Sing at Gallimore

The Gallimore school P.T.A. will hold an indoor family Christmas Sing at 7:30 p.m., Tuesday, December 17 at the school.

Outdoor Sing at Bird

The Bird School P.T.A. Christmas program this year will again be an "Outdoor Sing" on Tuesday evening, December 17 at 7:15 p.m. They will sing on the front lawn around the outside lighted tree. All Bird school children will participate except the kindergartners.

The Outdoor Sing will last about 20 minutes. After the program the children will go to their rooms to be served hot cocoa and cookies by the room mothers. The parents will go to the multi-purpose room for coffee and cookies. Be sure that everyone is dressed warmly with boots, mittens and warm jackets.

Woman's Eye View

by Nancy Rigney

Mr. and Mrs. Ralph Garber of North Territorial road are rejoicing over the birth of two grandchildren, born only 11 days apart. Marcia Lynn Seely was born November 19 to Mr. and Mrs. John Seely (Lou Ann Garber) of Foxcroft, Birmingham. The paternal grandparents are Mr. and Mrs. John F. Seely of West Six Mile road, Livonia.

Ralph Edward Garber was born to Mr. and Mrs. James N. Garber (Marianne Johansson) of Ann Arbor on December 1. Swedish Consul Edward Johansson and Mrs. Johansson of Briarcliffe road, Detroit are the maternal grandparents.

The familiar strains of "Another Opening, Another Show" rang out as the curtain rose for the University of Michigan student production of "Kiss Me Kate" last night (Wednesday) at the Michigan Theater. The play will run tonight and tomorrow night.

Dean Palmer, 5017 Beck road is appearing in the dancing chorus in the all-campus, coed show. Tickets are on sale at the Michigan Union from 1:30 to 5:30 p.m.

In East Lansing, 11 Plymouth High graduates now attending Michigan State University, met with Principal Carvel Bentley and Robert Southgate in the 21st annual High School-Junior College Follow-Up Conference.

Four-hundred principals, counselors from Michigan high schools had the opportunity to chat individually with their former students to check their progress and bring back ideas to help high school students better prepare for college.

Former PHS students participating were: Dennis R. Baker, George-Ann Bauer, Sharon M. Beyer, Thomas F. Carmichael, Kenneth Gregory, Kaye Meyers, Katherine Porter, Richard Snider, Gary Wilson and Richard Noll.

From Chatham College in Pittsburgh, Pa., comes word that Sally Williams, daughter of Mr. and Mrs. Ernest B. Williams, 11919 Amherst Court, took part in the Color Day ceremonies along with 127 other young women. They exchanged their purple caps for the red-and-white of their freshman class.

Edward Miller, a freshman at Montana State University, was elected president of the pledge class of Sigma Chi. On this same night the pledges stole the silverware from the fraternity house. Finding it hard to shake the habit of civilized man, the actives assured the return of the silverware by holding Edward hostage for three hours. The silverware soon returned.

Which brings to mind a time when I "cleverly masterminded" a silverware-stealing, door knob-greasing and soapflakes-in-the-beds episode at my sorority house, plus a clean get-away. Funny how out of 25 pledges, the actives selected three "most likely" which included the mastermind. (As for "cleverly masterminded," I thought so at the time.)

Pick Yule Tree That Best Fits The Holiday Plan

Pick the Christmas tree to suit your holiday plan, Plymouthites are advised.

If you intend to keep the tree for only a few days, the Norway spruce has the traditional shape and good color and is perhaps your best buy. Its one failing is that it sheds its needles fairly soon.

Longer-lasting, but more expensive are the balsam fir, Douglas fir and any of the long needled pines.

Whichever tree you buy, make sure it is fresh and not tinder-box dry. Advise one of the notion's leading tree experts. Any shopper can be an expert at this. Merely feel twigs and needles. If they're dry and brittle, look at another tree. If you're not quite sure about the touch test, bang the tree butt on the floor. A shower of needles will tell you the tree is dangerously dry.

Even the freshest, most fragrant tree needs a helping hand to retain its beauty. It should be placed in a base filled with water. And, like a fresh-cut flower, it should get twigs every day. To make sure it will absorb as much moisture as possible, make a fresh cut across the butt before you place the tree in a base that will hold it erect.

For general attractiveness and quality, select the tree that has pyramidal shape, branches that come well down to the base and abundant and attractive foliage. This applies to all Yuletide trees for ornamentation - spruce, fir or pine.

Allen P.T.A. Wednesday

The December meeting of the Allen school P.T.A. will be held Wednesday, December 18 at 7:30 p.m. It will be the Annual Christmas Sing and will be held in the gym around the Christmas tree.

Refreshments will be furnished for the children in their rooms and adult refreshments will be served in the gym.

Kenyon Group Meets

The Kenyon Home Demonstration group sponsored by the Michigan State University cooperative extension service met at the home of Mrs. G. F. Wright on December 4. The lesson on "Buffet Meals" was given by Amanda Beltz and Mrs. John Nagy and enjoyed by all. Mrs. Mae Lawson was a guest.

Rocks Split Openers, Face Redford Friday

After splitting their opening games last weekend with Ypsilanti and Northville, the Plymouth Rocks open their Suburban Six Basketball season Friday night at Redford High school.

Last season Plymouth and Redford divided their home and home series and if the outcome of non-league games is any criterion, this season could be just as close.

In dividing two pre-season games, Redford scored 26 points, which is the same number scored by Plymouth in their games last weekend with Ypsilanti and Northville.

Bill Hubert, a former Plymouth Mail sports editor who resigned to devote more time to school activities, has benefited from the decrease in time consumed. He is the leading scorer on the Rock squad and carries a 12-point average into the league opener. Ken Knipschild and Captain Jim Dzurus are next with a 9.5 average.

Game time for the Jayvee game will be 7 p.m. The varsity game will follow at about 8:15.

Friday night the Rocks journeyed to Ypsilanti where they met a team that was eager to average a football loss to the Rocks. This they did with some to spare as they defeated Coach Jim Doyle's cagers 60-40.

On Saturday night this same Plymouth team showed little respect for a high scoring trio of Northville cagers as they defeated the Mustangs 46-23.

At Ypsilanti, Plymouth led by one point at the end of the first quarter but could not withstand the scoring power of Lewis, Beaudette Chases and Brose who combined for 54 points. Lewis led the scorers on both teams with 20 points. Bill Hubert with 17 points was leading scorer for the Rocks.

Plymouth treated their home fans to a better exhibition of basketball in winning 46-25 over Northville. They held the high scoring trio of Pethers, Yehne and Biery to just 15 points.

These three had combined for 50 points the night before as Northville romped to an easy 56-37 victory over West Bloomfield. Aiding the Plymouth cause were Captain Jim Dzurus, Bill Hubert and Ken Knipschild. In addition to scoring 11 points Dzurus placed a very effective game as he grabbed many a rebound.

Knipschild led the Plymouth scorers with 14 points. Bill Hubert scored seven points and set up scoring plays. The starting five of Alsbro, Walasky, Dzurus, Knipschild and Hubert forced Northville to make mistakes and then capitalized on them.

Pethers, a six-foot-six giant led the Northville scorers with 12 points. When the Mustangs attempted floor length passes in an effort to cut the Plymouth lead, the lack of glue fingered receivers nullified this type of offensive.

Jayvees Lose Two Close Ones With Ypsilanti, Northville Rallies

Plymouth Junior Varsity basketball team lost two close ones last weekend. On Friday night Ypsilanti defeated them by three points, 31-28, and on Saturday night the Mustangs from Northville staged a brilliant last quarter rally to win with just 29 seconds of playing time remaining, 55-53.

In the Ypsilanti game the Rocks trailed 14-10 at half-time but outscored their opponents in the second half by one point but could not withstand a late rally. Manchester of Ypsilanti led the scorers on both teams with 11 points followed by Taylor of the Rocks with nine.

In the second non league contest of the weekend, the Jayvees appeared to be headed for a victory. They led 29-25 at half-time and had increased that lead early in the second half. However, a man named Deal led the Northville Mustangs in a relentless drive that kept cutting the Plymouth lead.

With a minute of playing time left, Deal intercepted a Rock pass at midcourt to score the tying basket and with just 29 seconds remaining he scored the winner. Ruehr, Sparkman, Thompson and Hubert accounted for 46 of the 53 points for Plymouth. Deal with 25 points and Morgan with 10 were the top scorers for Northville.

SPORTSEEN

A fitting climax to the Plymouth Rocks football season came last Thursday night at a banquet provided by the fathers. At this banquet 24 senior letters, 10 junior letters and 4 manager's awards were presented.

Senior letters went to seniors Don Alsbro, Al Spigarelli, John Walker, Tom Pfister, Harvey Wells, Dick Paudler, Gerry Kleinsmith, Dick Anderson, Wayne Jordahl, Harold Smith, Ken Knipschild and Dave Walasky; juniors Myron Hopper, Larry Wells, Ron Turcott, Wade Schultheiss, Ed LaRoche, Paul Woodward, Al Runge and sophomores Wayne Sparkman, Randy Egloff, Bill Ruehr, John Salan and Jerry Sprouse.

Junior letters were awarded to Dave Green, Dave Hauk, Jim Thompson, Art Nelson, Dick Weiermiller, Scott Soth, John McLennan, Clarence Lusk, Harold White and Jim Hertor. The four awards for managers went to Feligh, Bakhus, Stetzn and Beukema.

It was announced at the banquet that Ed LaRoche, hard running halfback, had been elected captain for next year and Dave Walasky was nominated most valuable player of the 1957 season.

By the time this edition reaches the readers the Rocks will have made their second appearance on the banquet circuit as guests of the Kiwanis club.

Swimmers and basketball players representing Plymouth did not fare very well over last week-end. The swimmers journeyed to Lincoln Park and were outscored 56 to 40. The basketball teams managed to salvage one victory in the week-end doubleheaders. Ypsilanti got sweet revenge for the football loss defeating the varsity team by 20 points 60-40 and just squeaking out a 38-21 win over the junior varsity team.

Back on the home court on Saturday night the Rocks split the doubleheader with Northville. The junior varsity lost a spine tingling thriller in the last 29 seconds 55-53.

The varsity team showed almost no respect for the highly touted Pethers of the Northville team as they held him to 12 points in winning 46-23. An amazing fact in this game was the lack of scoring early in the ball game. The Rocks did not score their first basket until the game was 5 minutes and 50 seconds old. Jim Dzurus was the marksman. Let's hope Coach Doyle is saving the scoring punch for the Suburban Six League games which begin tomorrow night at Redford Union high school.

Don't be surprised if you get a 'cool' reception from Mike Hohen if you mention anything about deals-good or bad. Mike ran into a so-called Deal on the Northville junior varsity team, who ruined his Saturday night. This Deal was all had. All he did was score the basket that tied the game with just a minute left to play and then with only 29 seconds of playing time remaining he scored the winning basket.

80,000 Deer Kill is 13% Increase Over Last Year

Hunters bagged some 80,000 deer in northern Michigan during recently - completed regular and special firearm seasons, according to statistical estimates by Conservation De- partment game specialists.

The total includes 61,800 bucks—a six percent increase over last year's buck kill.

Some 18,400 antlerless deer were bagged by 59,000 permit holders during special seasons in food shortage and crop damage areas.

The overall take of 80,200 deer was up 13 percent over last year when hunters bagged 58,460 bucks and some 12,650 antlerless deer.

Biggest increase in the buck kill was recorded in the north- ern lower peninsula where hunters took some 43,100 legal bucks—a 26 percent increase over last year's tally of 34,240.

Meanwhile, success dipped in the upper peninsula as hunters bagged an estimated 18,700 bucks—about 23 percent below the 1956 figure of 24,220 bucks—despite a 15-20 percent increase in U. P. hunting pres- sure this year.

Some of this decrease in the upper peninsula is thought to be the result of poor hunt- ing weather, past starvation losses and reduced deer pro- duction in some areas.

Preliminary estimates of the kill of antlerless deer are opti- mistic, with some 18,400 deer bagged during concurrent and post seasons in designated areas. The goal for special sea- sons was 17,790 antlerless deer.

In the upper peninsula, special season hunters took 1900 deer—somewhat short of the goal of 2310. Meanwhile, some 16,500 deer were taken during special seasons in the northern lower peninsula— compared with a goal of 15,390.

This statistical estimate of the deer kill is based on a count of whitetails on ears throughout the state and at biological checking stations. Post card polls of hunters will provide more exact informa- tion during the next few months.

Brotherhood To Hold Boar's Head Dinner

The annual Boar's Head dinner sponsored by the Men's Brotherhood of the First Presbyterian church will be held Wednesday evening, December 18.

Between 100 to 130 people are expected at the dinner which follows an old English tradition. Trumpeters and chefs, all dressed in old English costume, will form a procession bearing the boar's head and other food.

The pork dinner is being prepared by Circle 7 of the Women's Association. Mrs. Stanford Besse is chairman of the committee.

This is the third annual Boar's Head dinner. Dr. Henry Welch, pastor, and Robert Delaney originated the festivity here to renew some of the old Christmas customs.

Attending will be Brother- hood members, their teen-age sons and other guests.

Fred Nelson will direct the music. The program starts at 6:30 p.m.

Plymouth Township Ordinance No. 16

An Ordinance to establish a combined water supply system and disposal system of the Township of Plymouth, and to provide for acquiring and/or constructing same; and to acquire, construct and maintain any and all additions and extensions to the water supply system and sewer disposal system; to create a statutory lien on such revenues; and to provide for the safekeeping and expenditure of such revenues.

SECTION I

The Township Board of the Township of Plymouth hereby determines that it is necessary for the public health and welfare of the Township to establish and maintain, and acquire and construct a water supply system and sewer disposal system; to create a statutory lien on such revenues; and to provide for the safekeeping and expenditure of such revenues.

That complete water and sewer system, including sewer and water lines, wells, pumps, gates, etc., shall be provided for the Township by the Township of Plymouth, and that the Township of Plymouth shall be responsible for the maintenance and operation of said water supply system and sewer disposal system; and that the Township of Plymouth shall be responsible for the maintenance and operation of said water supply system and sewer disposal system.

Also such other systems as the Township may deem advisable from time to time. A resolution by the Township Board carried by majority vote shall constitute acceptance of additional systems.

This Ordinance is adopted under the authority provided under Act 94 of the Public Acts for the State of Michigan for 1933, as amended, providing for the fixing, collection, retention and disposition of the revenues of said Water and Sewer Supply System and payment of any outstanding liens out of the revenues thereof by creating a Statutory Lien on such revenues and providing for other matters relating to any liens, the Water and Sewer Supply System and the revenues therefrom.

The Water and Sewer System, as herein defined, shall be and remain under the management of the Township Board. The Supervisor, with the approval and approval of the Township Board, may designate and appoint a Water and Sewer Board of three (3) members to carry on the management, maintenance and operation of the said Water and Sewer System. Terms of such members of the Water and Sewer Board shall be for three (3) years each, so arranged that the term of one Board member shall expire each year, commencing with the end of the fiscal year of the Water and Sewer System. Board members shall receive such compensation as the Township Board shall from time to time determine.

The rates for services furnished by the said Water Supply System shall be as follows:

All water to be furnished by the System to each tap shall be measured by a meter installed and controlled by the Township of Plymouth. Water charges shall be as follows:

For each Bi-monthly (two months) period, to wit:

WATER RATES	CHARGES
Thirty-four cents (34c) for each 1000 gallons	Charges for water service connections to users within the Corporate Limits of the Township of Plymouth shall be the actual cost of making such connection to be at the expense of the property owners or users thereof, and shall be due and payable at the time of installation under the supervision of the Water Department, plus Fifteen per cent (15 per cent) as an inspection fee. The Township of Plymouth is to pay a Fifty Dollar (\$50.00) rental for each hydrant which is a part of said System.
In addition to the above, there shall be a Bi-monthly service charge as follows:	
For service with a 1/2 inch meter \$1.10	
For service with a 3/4 inch meter \$1.65	
For service with a 1 inch meter \$2.25	
The minimum Bi-monthly charge including the service charge, shall be the basis of the following schedule:	
1/2-inch meter, including 3,000 gallons \$2.12	
3/4-inch meter, including 4,000 gallons \$3.01	
1-inch meter, including 7,000 gallons \$4.63	

CONNECTION CHARGES

Charges for water service connections to users within the Corporate Limits of the Township of Plymouth shall be the actual cost of making such connection to be at the expense of the property owners or users thereof, and shall be due and payable at the time of installation under the supervision of the Water Department, plus Fifteen per cent (15 per cent) as an inspection fee. The Township of Plymouth is to pay a Fifty Dollar (\$50.00) rental for each hydrant which is a part of said System.

DEPOSIT

A cash deposit of Fifteen Dollars (\$15.00) as security for the payment of water bills shall be required of each user in such cases as the Township Board shall deem such security to be advisable, or in such cases where a deposit is required by the provisions of Section 21 of Act 94, Public Acts of Michigan, 1933, as amended.

BILLING

Charges for water service furnished by the System shall be collected in bi-monthly (two-month) periods, and bills shall be sent to each user immediately after the end of each bi-monthly period, and shall be due and payable at the office of the Township Treasurer fifteen (15) days after the date of the bill. For all bills not paid within fifteen (15) days of their date, a penalty of Ten Per cent (10 per cent) shall be added.

ENFORCEMENT

Charges for water service shall constitute a lien on the property served, and if not paid within six (6) months shall be placed on the next general tax roll and collected as a part of the general Township taxes.

The Township shall have the right to shut off and discontinue the supply of water to any premises for

the non-payment of water rates, when due. For turn-on charges, a fee of Two Dollars (\$2.00) shall be paid prior to turning on the water to such premises.

SEWER RATES

RESIDENTIAL CHARGES - CONNECTION

All connections to the System shall be made by and at the expense of the property owner or user, and shall be subject to any rules or regulations therefor now or hereafter established by the Township, and subject to inspection and approval prior to use. Permit for such connection shall be obtained in advance from the Township, and the property owner or user making such connection shall pay all inspection charges now or hereafter established by the Township prior to the use thereof.

SEWER CONSUMPTION RATES

Such rates shall be levied on each lot or parcel of land, building or premises now or hereafter having any connection with the System, on the basis of the quantity of water used therein or thereon, as the same is measured by the water meter installed therein.

Such consumption rate shall be as follows, to wit:

For users connecting directly to the sewers of the System, a charge of Seventeen Cents (\$0.17) per 1000 gallons shall be made.

The minimum bi-monthly consumption charge shall be One Dollar and Fifty cents (\$1.50) bi-monthly period.

BILLING

Bills for the connection rates and charges and consumption rates shall be made as separate items on the water bills for those premises served by the System who have connections to the water system of the Township of Plymouth, and separate bills for such rates and charges, or those applicable, shall be prepared for premises having no connection to the water system. For those premises not having a water meter to measure the quantity of water used, a special consumption rate may be established by the Township. Said bills shall be rendered bi-monthly (each two months) during each operating or fiscal year, and shall represent charges for the bi-monthly (each two months) period immediately preceding the date of rendering the bill. Said bills shall become due and payable within Fifteen (15) days from the date thereof, and for all bills not paid when due, a penalty of Ten Per cent (10 per cent) of the amount of such bill shall be added thereto.

SPECIAL RATES

For miscellaneous services for which a special rate shall be established, such rates shall be fixed by the Township Board. Where a user uses a large amount of water which is not discharged into the sanitary sewer system, a special rate for sewer service of such user may be established.

ENFORCEMENT

The charges for sewer services which are under the provisions of Section 21, Act 94, Public Acts of Michigan, 1933, as amended, made a lien on all premises served by the System, unless notice is given that a tenant is responsible, are hereby recognized to constitute such lien and whenever any such charge is not paid, the Township shall be delinquent for Six (6) months, the Township official or officials in charge of the collection thereof shall certify annually on April 1st of each year, to the tax-assessing officer of the Township the fact of such delinquency, whereupon such charge shall be by him entered upon the next tax roll as a charge against such premises and shall be collected and the lien thereof enforced in the same manner as general Township taxes against such premises.

IN ADDITION TO THE REMEDIES PROVIDED IN THIS ORDINANCE, THE TOWNSHIP SHALL HAVE THE RIGHT TO SHUT OFF AND DISCONTINUE THE SUPPLY OF WATER TO ANY PREMISES FOR THE NON-PAYMENT OF SEWER RATES WHEN SUCH CHARGES ARE NOT PAID WITHIN THIRTY (30) DAYS AFTER THE DUE DATE THEREOF, THEN WATER SERVICES TO SUCH PREMISES SHALL BE DISCONTINUED. WATER SERVICES SO DISCONTINUED SHALL NOT BE RESUMED UNTIL ALL SUMS THEN DUE AND OWING SHALL BE PAID, PLUS A TURN-ON CHARGE OF TWO DOLLARS (\$2.00).

No free service shall be furnished by said System to any person, firm or corporation, public or private, or

any public agency or instrumentality.

If the character of sewage from any manufacturing or industrial plant or any other building or premises shall be such as to impose an unreasonable additional burden upon the sewers of the System, then an additional charge may be made over and above the regular rates, or it may be required that such sewage may be treated by the person, firm or corporation responsible therefor before being emptied into the sewer, or the right to empty such sewage may be denied if necessary for the protection of the sewer and sewage disposal facilities of the System or the public health or safety.

The rates hereby fixed are estimated to be sufficient to provide for the payment of the expenses of administration and operation and such expenses for maintenance of the said System as are necessary to preserve the same in good repair and working order, and to provide for such other expenditures and costs for said System as this Ordinance may require. Such rates shall be fixed and revised from time to time as may be necessary to produce these amounts, and is hereby covenanted by the System as shall be sufficient to provide for the foregoing.

RULES AND REGULATIONS

The Board may make such Rules and Regulations governing the operation of said System and the collection of service rates as it shall deem necessary, and for the management and protection of said System. Such rules and regulations shall have the same force and effect as ordinances.

From and after the effective date of this Ordinance, the revenues of the System shall be set aside, collected, and deposited in a separate depository account in NATIONAL BANK OF DETROIT, a bank duly qualified to do business in Michigan, in an account to be designated WATER AND SEWER SYSTEM RECEIVING FUND (hereinafter a receipt, referred to as the "Receiving Fund"), and said revenues so deposited are pledged for the purpose of the following funds and shall be transferred from the Receiving Fund periodically in the manner and at the times hereinafter specified.

OPERATION AND MAINTENANCE FUND

Out of the revenues in the Receiving Fund there shall be first set aside, monthly, into a separate depository account designated OPERATION AND MAINTENANCE FUND, a sum sufficient to provide for the payment of the monthly current expenses of administration and operation of the System and such current expenses for the maintenance thereof as may be necessary to preserve the same in good repair and working order.

The Township Board, prior to the commencement of each operating year shall adopt a budget covering the foregoing expenses for each year, and such total expense shall not exceed the total amount specified in said budget, except by a vote of three-fifths (3-5) of the members of the Township Board.

EMERGENCY CONDITIONS

Under emergency conditions, as determined by the proper authorities and upon notification in a manner as prescribed by such authorities, sprinkling or other non-essential use of water may be banned entirely.

SECTION VII

If any section, paragraph, clause or provision of this Ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Ordinance.

SECTION VIII

All ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this Ordinance are to the extent of such conflict hereby repealed.

This Ordinance shall be recorded in the minutes of the meeting of the Township Board at which it was adopted as soon as practicable after its passage, which record shall be authenticated by the signatures of the Township Supervisor and Township Clerk, and shall be published once in the Plymouth Mail, a newspaper of general circulation in said Township within Ten (10) days after its passage.

This Ordinance shall become effective immediately upon its publication.

This Ordinance is hereby declared to have been adopted by the Township Board of the Township of Plymouth, Wayne County, Michigan, at a regular meeting thereof duly called and held the 4th day of December A.D., 1957, and ordered to be given publication in the manner prescribed by law.

Friends Join Boy For 11th Birthday

Mrs. John Johnson
Plymouth 2525

Mr. and Mrs. Hazen McInnis and daughter Debbie of Windsor, Ont., were Sunday dinner guests December 1 at the home of Mr. and Mrs. Elmer Davis on Northern.
Mr. and Mrs. Orville Tunge with their new baby, Kathy Ann, were dinner guests with his mother, Mrs. Lola Tunge, in Garden City last Thursday.
Tommy Schwartz of Brookline celebrated his 11th birthday, December 7, by having some of his boyfriends in for ice cream and cake, after which they attended a matinee.

Mrs. Grayden Olson and daughter, Mrs. June Peterson of Elmhurst attended a bridal shower in Berkley Sunday evening.

Mr. and Mrs. Henry Schwartz and family of Brookline attended a family get-together in Detroit December 1 at the home of his sister and brother-in-law, Mr. and Mrs. William Cadotte. There were 17 present for the occasion.

Mr. and Mrs. Earl Olson and family from Cincinnati, Ohio spent last weekend with his parents Mr. and Mrs. Grayden Olson on Elmhurst.

Mr. and Mrs. Frank Nicks and daughter Fay of Brookline and his mother, Mrs. Cora Nicks who is visiting at their

home, enjoyed Thanksgiving dinner with their daughter and family, Mr. and Mrs. Homer Barrett, in Wayne.

Mrs. Leslie Hoelt and children of Brookline and her mother, Mrs. Jennie Wilson, and sister, Madeline, of Canton Center road drove to Bridgeway Saturday, December 7, to visit her brother and family, Mr. and Mrs. Russell Wilson.

Mrs. David Francis of Brookline spent last week with her daughter, Mrs. Robert Kujat, in Mt. Clemens to help care for her granddaughter Michele Kujat who had undergone surgery on her eye. She seems to be coming along fine at this time.

David March, formerly of Brookline left December 5 for military service. His wife Doris and Mr. and Mrs. Gilbert St. Louis accompanied him as far as Port Huron.

Linda Lou Briggs of Marlowe has returned home after spending 10 days with her grandmother, Mrs. Gertrude Briggs in Merritt.

Mr. and Mrs. Roger Blood and son Clinton have moved to our neighborhood here in Green Meadows from Keene, New Hampshire. Welcome to our community. Blood worked with the Y.M.C.A. in New Hampshire and has been transferred to Michigan where he is associated with Michigan State Y.M.C.A. staff. They live at 9004 Elmhurst.

Legal Notices

To the Supervisor and Highway Commissioner of the Township of Plymouth, Wayne County, Michigan:

You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting of said Board held on November 21, 1957, decide and determine that the main road described in the minutes of said Board should be a County Road under the jurisdiction of the Board of County Road Commissioners of the County of Wayne, Michigan. The minutes of said meeting fully describing said road are hereby made a part of this notice, and are as follows:

"Minutes of the regular meeting of the Board of County Road Commissioners of the County of Wayne, Michigan, held at the Board's offices on the 7th Floor, City-County Building, Detroit 26, Michigan, at 9:00 a.m., Eastern Standard Time, Thursday, November 21, 1957. Present: Commissioners Kreger and O'Brien. Absent: Commissioner Wilson."

Commissioner O'Brien moved the adoption of the following resolution:

BE IT RESOLVED by the Board of County Road Commissioners of the County of Wayne, Michigan, that the following described road be and it is hereby taken over as a county road and made a part of the county road system of the County of Wayne:

A strip of land being part of the W. 1/2 of the N. W. 1/4 of Section 27 and part of the W. 1/2 of the S. PLYMOUTH, MICHIGAN
STATE OF MICHIGAN,
COUNTY OF WAYNE
NO. 88, 416,035

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the fourth day of December, in the year one thousand nine hundred and fifty-seven.

Present THOMAS C. MURPHY, Judge of Probate.

In the matter of the Estate of JOSEPH F. SLADKY, Deceased.

CHARLES E. NELSON, Trustee under the last will and testament of said Deceased, having rendered to this court his second account in said matter and filed therewith his petition praying that the time for closing said Trust Estate be extended for a period of one (1) year.

It is ordered, That the eighth day of January, next at ten o'clock in the forenoon at said Court Room be appointed for examining and allowing said account and hearing said petition.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulated in said County of Wayne.

THOMAS C. MURPHY, Judge of Probate.

I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

Senior Youth Fellowship meets each Sunday at 7:00 p.m. Miss Carole Bailey, sponsor.
Rev. and Mrs. P. Ray Norton wish to thank all their friends for their many expressions of kindness and remembrance on the occasion of their 50th wedding anniversary. The congregation, choir and both Youth Fellowship groups are cordially invited to attend the family Christmas Party sponsored by the Couples Club this afternoon at 5:30. Everyone is asked to bring a gift suitable for a teenager to be taken to the Methodist Children's Home, instead of the usual gift exchange. The Commission on Membership and Evangelism will meet Tuesday December 17 at 7:30 p.m. The Christmas Eve Communion Service will be held at 8 p.m. this year as last. This earlier hour makes it possible for whole families to attend this most important service in the Christian year. Recognition Sunday, this year we will hear Rev. Wm. Hutcheson who will speak of the work of the Wesley Foundation with young people away from home. Some of our own students will participate in the worship service. All young people of the church are cordially invited to come with their friends to this special Student Sunday Service.

The City Manager's Corner

By Al Glassford

The citizens of Plymouth through its water department own three valuable parcels of property in Northville Township, two of which are used for production of water, and the third for the storage of water.

It appears from the records that the first development of the water supply for the Village of Plymouth from the Beck Road well fields lying between Six and Seven Mile Roads was made in about 1891 or 1892. At that time, the city purchased an acre of land on which was a flowing well on the west side of Beck Road. The remains of this old spring location are still visible today.

From this location a 12-inch vitrified clay and cast iron pipe line was laid easterly and southerly along the bluff on the south side of the south branch of the Middle Rouge River to make a connection with the Village distribution system. Apparently the water production was not sufficient, because of the growth of the village, and it was necessary to acquire an 80 acre parcel immediately across the road. It was acquired in 1907, and a little later, about 47 acres was sold off the north of the 80 acre parcel, in order to recover some of the money paid for the old farm.

Subsequently, gravel companies started their mining operations in the vicinity, and, because operations were begun on the northern part of the once owned property, the city sued in 1948 to restrain the gravel company from further operations. The matter was settled only a few years ago.

The original system operated wholly by gravity from the spring to the consumers up until about 1916. The elevation of the spring was 115 feet higher than the land near the city hall. The water drained into an old earthen reservoir

School Board Lists Tax Levy

The following is a breakdown of the 1957 school tax levy as it is apportioned among the governmental units of the Plymouth Community School District.

Table I is based on the tax rate of 21.95 mills applied on the State Equalized Valuation. This rate has been the same for the past four years. The State of Michigan requires that school tax rates be applied against the State Equalized Valuation.

Table II is based on the tax rate applied on the local assessed valuation.

TABLE I

TOWNSHIP OR CITY	RATE	STATE EQUALIZED VALUATION	AMOUNT OF TAX
Plymouth City	21.95	\$21,433,310	\$470,461.15

Parkview Circle

Christmas Party Opens Season for Circle-ites

Mrs. Robert Fitzner
625 Parkview Drive

There certainly isn't much news this week. Everyone I've talked to says they are busy shopping and getting ready for the holidays.

Co-hostesses Barbara Cooper and Dee Upton did themselves proud last Friday evening when they entertained the Association members at the annual Christmas party. Some hilarious games and a very attractive tasty buffet lunch was enjoyed by twenty-two members.

The Christmas gifts which were purchased for the children at Hawthorn Center were on display and the committee in charge was happy to know that all seemed to approve the selections. I've been asked by the chairman, Helen Lake, to thank the people who have made extra donations towards the project.

Lorraine Quinlan came home from the hospital last Friday afternoon and seems to be back in the swing of things again as though she'd never heard of pneumonia. Mrs. Thelan, Lorraine's mother, returned to her

home in Lansing Friday night. Diane and Bill Stang of Parkview Drive are the proud new parents of a son, Christopher, born at Mt. Carmel hospital in Detroit last Saturday night. The Stangs have one other child, Michael.

Next Saturday morning the Old Newsboys will be out selling newspapers for the Goodfellows. There's a lot of friendly rivalry among the newsboys to see who can sell the most papers so how's about giving your donation to Bob Fitzner who will be representing our circle and will be stationed in front of Kresge's.

Last Saturday evening Lorraine and Joe Quinlan of Garling Drive last Sunday afternoon were Audrey and Nate Burkowitz.

We entertained the Walter Lakes of our circle and the Ray Heblers of Detroit at a dinner party on Saturday evening. Sorry folks, that's all.

O.E.S. Mason Party

The Plymouth O.E.S. and Masonic Lodge Christmas party will be held December 17 at 6:30 p.m. Bring a dish to pass and table service and a 50 cent gift for your child.

Grange Gleanings

Well, there's plenty of activity around town these days. The holiday season sure gets folks touring the boulevard in a way nothing else can. Why, I've seen people hustling around with shopping lists in their hands that I thought moved away right after last year's festivities. I've also seen a lot of busy citizens scurrying around who told me last year that they were going to do their shopping in July. But here it is edging up to Dec. 25 and they're up to their elbows in the big push again.

Still, it's a great time of year. Still, it's friendly, they're thinking of others and you can feel excitement in the air. It's a great time for everybody and if there's a really bored kid in town, I haven't seen him.

Did you hear about the glamorous girl in Texas, who was asked for a date by an oil man she had just met. And she asked, "How much did you say your name was?"

What's in a name? The answer is, "Plenty!" when you're thinking about cosmetics and perfumes. And they're items well worth thinking about when you're studying your Christmas shopping list. See our full selection of beautiful gift packages from the world's leading cosmetic houses and perfumeries.

Plymouth Mother Proves Auto Racing Isn't Just a Man's Game

By Nancy Rigney

Auto racing isn't just a man's sport — and Mrs. Joan Simmons of 40950 Micol has two shiny trophies to prove it. It's a fast and furious sport, a thrill a minute . . . and she loves it. Another thing can be said for auto racing — there's often a spill a minute. And Joan can remember a few cuts and bruises to prove that too.

Joan took her place behind the wheel in 1951, a year after her husband, Dick, entered competition. They've been going strong ever since, with Dick rolling away with a good share of checkered flags and Joan consistently picking up points.

It paid off well — this year she received two trophies for season's performance. This is determined by points, which are awarded according to finishing position in each race. The season is from April to September.

November 9 she was awarded

JOAN SIMMONS is not just idly posing by her husband's racing car—she is a veteran driver herself, and the two trophies perched on the

hood of the car are hers. She recently won them for the 1957 season's performance at the Flat Rock and Motor City Speedways.

ed the eighth place Michigan Powder Puff trophy, which selected the top ten from a field of over 100 competing drivers during the racing season at Motor City Speedway and Flat Rock Speedway.

Her latest trophy came November 23, when she received the Huron Valley Auto Racing fifth place trophy in the women's division, based on points earned at the Flat Rock track.

Joan can't reach the pedals on Dick's car, number 771, so she drives number 500, owned by a Dearborn man. She was at home in it right away — beating the top qualifying time of the owner.

For the past two years they have been racing in the old model stock class. Before that in the modified sportsman class, with a "souped up job." Number 771 was built by Dick and sponsored by Marcus Auto Parts on Plymouth road.

There's no problem of a nervous family biting their nails in the stands — they are all on the field. Even three-year-old Billie, who joins a pit crew family for a ringside view.

Billie doesn't mean to be left behind in a cloud of exhaust for long — he can hardly wait until July, when he'll come of age for the Livonia Quarter Mile & I association races at Sheldon Center. All he needs is a sponsor.

Billie has already been studying up on the sport, his textbook being his parents'

scrapbook. If he's a good student, he probably noticed that he can expect a few unwanted upsets. The pictures show many a wounded car steaming and leaking onto the track. The Simmons' have had seven cars since 1950, most of which have been destroyed in one way or another — but usually in combat.

Most of these accidents are damaging to the cars, but the drivers remain fairly safe. Although, Dick received a brain concussion which sent him to the hospital for three days this season.

Another trophy, more sentimental than shiny, is a piece of wood splintered from the judges stand one night. Dick had hit the stand during the men's competition, causing some unrest among the judges. In the women's race, Joan's car lost two wheels and rammed the stand, sending the judges fleeing and scratching the doctor's medical bag that remained. The doctor presented them both with a piece of the stand as a memento of the evening's performance.

Other accidents Joan recalls are a head-on collision that sent her to the hospital to have a few cuts patched up and the time her car did a "fan dance" down the railroad tie that separated the infield from the track.

In a championship race in 1956, her car rolled over four times, again causing a trip to the hospital for repairs. She held this record of

successive roll-overs until this season when a car rolled six times.

Yes, it's dangerous all right. But as the scrapbook reveals, there are plenty of winning grins and checkered flags that make it all worth while.

How about women drivers? As far as racing drivers go, Joan would rather race against men. (She has never raced against Dick.) The reason for the preference? Men are more experienced drivers than women because the women's races are so infrequent, and many of the drivers lack practice. She was once one of two women who qualified for a mixed race at Flat Rock in which the other woman took first while Joan placed seventh, which goes to show that the fairer sex can hold their own in the toughest of races.

Her highest qualifying time is 16.95 seconds, timed at Flat Rock which is a 1/4 mile track, Motor City as a 1/2 mile asphalt track which is difficult to drive because of the high banks and continuous turns.

Joan can rightfully be called a pioneer in women's racing as she was elected the first president of the Michigan Powder Puff association in 1952, which was the first women's racing association in the United States.

Racing is a time-consuming hobby, but Joan also works as a part-time auditor and husband Dick, very appropriately, is a mechanic.

Favorite Recipes From Plymouth's Kitchens

WALNUT DELIGHTS are a special occasion cookie, says Mrs. Walter Roberts of Beck road, who is pictured making a batch for the Christmas season. Watching are

her two children, Brad, 1½ years-old and Allison, five years-old, and next-door neighbor, Mrs. C. R. Bratton.

Walnut - Filled Cookies are Special Treat

Special favorites at the Roberts' house, which usually appear around Christmastime, are walnut delights. The Roberts family consists of Mr. and Mrs. Walter Roberts and children, Brad and Allison of 12075 Beck road.

The walnut-filled cookies were a favorite of Mrs. Roberts' mother too, who passed it along to her. They have become so popular, that this year Mrs. Roberts is making an extra batch for the local Women's Farm and Garden Association sale on December 13.

Pictured with the Roberts' is another garden club member and neighbor, Mrs. C. R. Bratton, who stopped in to learn the recipe. Here it is.

Walnut Delights
8 egg yolks
2 cups flour
½ pound butter
Mix together until smooth and firm. Butter should be cold and hard. Form into small balls about the size of walnuts. Chill for 2 or 3 hours or overnight in the refrigerator.
8 egg whites, beaten stiff and dry
1 teaspoon vanilla
½ pound confectioners sugar
½ pound walnut meats, finely ground
Mix above filling ingredients together. When ready to bake, roll the dough paper thin and put about 1 heaping teaspoon of filling onto dough and fold to keep filling in. Bake in moderate oven for about 15 minutes or until lightly brown. Dust tops with powdered sugar.

Remember the Post and Unit Christmas pot-luck dinner, Sunday, December 15, 5 p.m. Everyone will be contacted. The main dish and ham will be furnished.

Christmas trees are again at Flagg McCarney's Gas Station, Main and Brush streets. Remember to purchase your tree from your Post. Anyone that can help on this project, please call Harry Burelson, 1068R. Just a few hours of your time in the evening is asked.

The Post's next business meeting is January 15, 1956, 8 p.m. at the Veterans Community Center. The Auxiliary's December meeting is cancelled. The next business meeting is January 23, 8 p.m. at the Veterans Community Center.

The Toy Party was a wonderful success, reports Melva Gardner. Proceeds will go to the Community Fund drive and Christmas Seals.

The birthday apron project turned in \$13.13 to general fund. Louise Trudell won the pink poodle planter (closest guess to amount in apron) and Gertrude Simonetti won the apron. She will start this project again in January, anyone wishing to participate, call her at 2875, she will see that you get the apron and you can then sew on your patch.

Ernest Koi and Robert Wilson attended the 18th District meeting, Friday, December 6, at Rochester.

Sorry to report that Phyllis Miller is again in St. Joseph's Mercy Hospital Ann Arbor.

The Post and Unit will again distribute Christmas gifts at Maybury Sanitarium Monday, December 23.

Attending the Christmas Dinner Sunday, December 8 at the Redford Township post home on Beech road were Mr. and Mrs. Donald Kinghorn, Mr. and Mrs. Robert Wilson and sons, Mr. and Mrs. Harold Wilson and daughter, Mr. and Mrs. Rudy Kunz and son, Mr. and Mrs. Harry Burelson and son, Mrs. Ann Clark, Mrs. Hepner, Ronald Pelley and son, Ernest Koi and Fred Hilliker, Santa put in his appearance and everyone had a wonderful time.

Commander Burelson wishes to thank Fred Hilliker, Harold Wilson and Donald Kinghorn for their help on the Muscular Dystrophy Drive, Tuesday, December 3.

One Hundred fifteen Legionnaires from the state of Michigan have received appointments to national committees of The American Legion for 1957-58 (including three local appointments).

The local appointments are as follows: Irving D. Geer, 8889 Wayne road (Transportation Committee); Robert Wilson, 157 N. Holbrook - Inter-American Committee; and Harold Wilson, 6810 Sheldon road - Membership and Post Activities Committee.

'Detroit Wants to Rule County'

(From the "Lincoln Parker")

Defeated in an attempt to take over Wayne County's water system, Detroit, led by Mayor Louis Miriani, now seeks to grab control of the county's health and welfare departments.

This is all part of a carefully conceived plan by a ruling clique in Detroit to seize power in all county activities.

The rapid growth of urban areas in the county has created many problems that have led some thoughtful citizens to the conclusion that many services now performed by individual cities could better be administered by the county for the cities.

Members of the Detroit "power group" apparently believe that a charter form of government eventually may be adopted for the county, under which many city services would be incorporated within the county government.

In order to retain the power they already have and to protect their jobs, the Detroiters' strategy is to grab control of various county departments. In this way, they hope to assure Detroit domination of county, as well as city, governmental agencies.

Miriani, a few days ago, "pledged" to begin streamlining the city and county governments in an effort to end what he described as the present duplication of public services. He was confident, then, that the Detroit water board's efforts to block construction of a county pumping station in Allen Park, with an intake in the Detroit River, would be successful.

The Detroit mayor was highly incensed when the county board of supervisors, led by a coalition of out-county members and assisted by a few Detroit representatives who put the public interest ahead of power politics, voted in favor of the county project.

He hasn't given up yet, on the water fight. His group lost a suit in circuit court, filed in an attempt to block the county water project, but has appealed to the Michigan supreme court. The appeal still is pending.

The Detroiters hope that, if they can gain control of one or two county services, it will be an easy step to full control of all county agencies. So they are concentrating on the welfare and health departments, with a strong sideswipe at civil service.

Later, they hope to take over street paving, sewers and transportation. As Miriani, himself, said, "The sky is the limit."

The Detroit Clique made its first overt play for control of the county health department a few weeks ago when it suggested that Dr. Joseph Molnar, Detroit's health commissioner, be appointed director of the county agency. Dr. Howard Cadwell had resigned as county director only a short time before.

Molnar's backers indicated that if Detroit was to provide supervision for the county department, then the supervisory and technical staff of the city's health department would be available for service to all of the Wayne County area.

This immediately raises this question: If the Detroit department is so heavily overstaffed that it can afford to donate high-level personnel to out-county communities, at the expense of Detroit taxpayers, why doesn't Detroit reduce its health staff and save money for the taxpayers?

Another pertinent question is: Are the county's health problems so simple and limited that they can be handled as a part-time sideline of Detroit's health officials?

The county health department, in recent years, has been developing a program to assist local communities

with their existing health programs and to supplement services already being offered.

Miriani and his group talk long and loudly about duplication of services, yet they have carefully avoided pinpointing where these duplications occur. Miriani says that combining city and county departments would result in savings up to \$50,000,000 a year.

This statement becomes slightly ridiculous upon careful study. There just isn't any way to save such a huge sum except by eliminating or reducing many needed services in the city and county.

It has been stated publicly by county officials that the health program has been curtailed in out-county areas because of lack of funds. The county health agency operates on an annual budget of some \$500,000. Its officials say that three times that much is required to provide all of the services needed in county communities outside of Detroit.

Yet, these officials say, Detroit has consistently blocked the allocation of more funds for the county program. At the same time, the Detroit health department is badly under-manned and under-equipped, on the basis of accepted national standards.

How could the Detroit agency properly conduct the county program when it lacks sufficient funds to handle the problems in its own area? That is a question the Detroit power-grabbers have never answered.

The county's program has been carefully planned to prevent duplication of services. At the same time, it saves money for many smaller communities by providing needed services which the individual communities could not afford on a full-time basis.

State law prohibits the county health agency from rendering any service within the city of Detroit, so there is no possibility of duplication there.

Inspection services now rendered by some Detroit agencies for out-county areas are not duplicated by the county, which accepts the decision of the Detroit agencies in all such cases.

The county department cannot afford any duplication of services, since budget limitations force it to give only a minimum of help to the townships, villages and cities in the county.

Detroit, while trying in every way to block development of the county's health program, has offered no definite alternate plan, except that the city take over operation of the county agency.

Detroit has never shown a noticeable inclination to help suburban communities to solve any of their problems. With few exceptions, it has been "Detroit first" when conflicts of interest have arisen.

Certainly, there is no special reason to believe that out-county communities would fare better if county agencies were to come under Detroit's exclusive control.

The Detroit clique's efforts to take over welfare civil service, sanitation and other county services are just as bold and as lacking in sound arguments and definite plans for solution of alleged problems as are its attempts to seize the water and health departments.

It is significant that most of those members of the county board of supervisors who strongly support Miriani are residents of Detroit. These include some of the strongest proponents of the Miriani power grab: Chairman Edward Connor, who is a Detroit councilman; County Auditor Charles E. Edgecomb, and John H. Witherspoon, Detroit's city controller.

It is vitally important that the officials and citizens of Wayne County communities outside of Detroit band together and maintain a constant guard to protect themselves from domination by Detroit.

A Bit of Washington

WASHINGTON — Our congressmen and senators—who during 1957 preached more economy than ever before—are bringing their jolly junketing season to an end.

From all over the world—Rome, Paris, Hawaii, the South Pole, Pakistan and the South Sea Islands—they're homing in on their home districts to again take up the cudgel for economy.

The bill for this worldwide vacationing will have been tremendous—perhaps two million dollars.

In taxpayers' dollars, that is. But the lawmakers will spare the taxpayer the burden of knowing the true total of expenditures. Following coveted tradition, they will mark those junketing costs "super secret" as far as the taxpayer is concerned.

Not all congressmen plucked the breadwinners' pockets to have themselves a fling this year. About 200, or almost half, of our \$22,000-a-year lawmakers took advantage of this palatable privilege.

And then, a number of those honestly and truly made their trips for strictly business reasons.

Why are junket costs kept secret from the taxpayers? After all, it is a democratic precept to make an open accounting of all public funds, except where national security is involved.

Is it to hide a \$100 expense item for perfume for midday? Or \$500 for some antique trinkets for a congressman's home? Or \$1,000 for a round of Paris night clubs?

The simple fact that the legislators hide their expenses behind an iron cloak of "immunity" creates this atmosphere of suspicion.

Let's look at an outstanding example of free-spending of all time. This happened in the fall of 1955.

Four senators and their wives set out on an expedition to Europe. It was a lavish seven weeks. In the party were Senators McClellan of Arkansas, Chavez of New Mexico, Stennis of Mississippi and Saltonstall of

Music

United Press Staff Correspondent

NEW YORK — (UP) — Because there are many who believe top musicians and their managers are pricing themselves out of the concert market, the recent experiment in music economics by the brilliant English pianist, Moura Lympany, has much interest although no conclusion.

At her Carnegie Hall concert this season, Miss Lympany drastically cut the prices of admission—by one half and more. The best seats sold for only \$1.50 and the lowest was 75 cents. She played to a full house and Carnegie is a big house.

But musical managers who believe present high concert prices are, if anything, not high enough (the high cost of living considered) argued that any pianist of the first rank such as Miss Lympany would have played to a full house regardless of the prices.

Miss Lympany, as piano virtuoso, wants audiences to play to her interest in how people react to her playing as well as in how to play the piano for an audience. So she was taken aback by some of the music lovers from her audience who went to her dressing room after another concert a few weeks ago.

These music lovers were not so interested in her playing as in her concert gown. The reason was that the concert was in Prague, Czechoslovakia, behind the Iron Curtain. The music lovers were drably dressed women.

"They were starved for information about clothes," Miss Lympany said. "Their persistent question was, 'did you bring any fashion magazines with you?'"

She was one of the first western world musical artists to play behind the Iron Curtain. Now, scores are doing so, while Russian artists are commonplace in western world concert halls. Miss Lympany said this is all to the good—from the western world's viewpoint—it was "wonderful propaganda" for our way of life.

Like performing musicians generally, Miss Lympany had some critical remarks about the critics, though gentle ones. She is not complimented when a critic remarks she "plays like a man." She assumes what is meant is that she has physical strength, but such a remark is obviously meaningless.

She offered to bet "that if you hide the performer behind a screen, even some of the top critics would have a hard time deciding whether a man or woman was playing."

This critic has an idea Miss Lympany will not object to the remark that among practicing piano virtuosos, she is one of the prettiest.

Before a concert, Miss Lympany eats two hard-boiled eggs. After the concert, she has a glass of beer.

Notice of Public Hearing City Planning Commission Plymouth, Michigan

Notice is hereby given that on Thursday, December 19, 1957 at 7:30 P.M. a public hearing will be held by the City Planning Commission in the Commission Chamber of the City Hall to consider the following requests:

- To rezone Lots 10, 11, 12 and 13 of Amelia Starkweather's Addition, Lot 59 and the W. 80 ft. of Lot 60 of Assessor's Plymouth Plat No. 4, generally located north of Liberty St. facing Davis St. and adjacent to the C & O Railway, from R-2 (Two family Residential) to M-1 (Light Industrial).
- To rezone that area now zoned C-1 (Local Commercial) including Lots 11 and 12 of Assessor's Plymouth Sub. No. 2, Lots 41 through 54 and 63 and 64 of Assessor's Plymouth Plat No. 4 and Lots 1 through 13 of George A. Starkweather's Addition and that area now zoned R-2 (Two-family Residential) including Lots 14 through 18 of George A. Starkweather's Addition to C-2 (Commercial Business). These lots are generally located in the blocks surrounded by Spring, N. Mill, Starkweather Streets and the C & O Railway.
- Consideration of a Master Parks and Playgrounds Plan.

All interested parties will be given an ample opportunity to participate in the hearing, and at the close of the hearing, all comments and suggestions of those citizens participating will be considered by the Planning Commission before making its decision.

TELEPHONE lines

IT IS OFTEN SAID that the best gifts you can give are those you'd like to receive yourself. Wouldn't you like to receive, as a Christmas present, a bedroom or kitchen phone, or a phone for the den or workshop? Then wouldn't they make great

gifts for Mother, Dad or the teenagers in your family? Extension telephones (in any of nine decorator colors) cost only about \$1 a month after a one-time installation charge. So order your gift telephones now. It's easy: just call our Business Office.

CHRISTMAS IS GETTING closer and closer and you probably have a hundred and one things to do—presents to buy, holiday parties to plan, and lots of errands to run. Just the spot for your telephone to come to the rescue. You can shop around by phone and find out if certain items are still available and what they cost. And for planning holiday get-togethers, there's no faster, easier way than doing it by phone. Holidays and every day, there's just no end to your telephone's usefulness.

NEWLY-DESIGNED equipment is being used to bring telephone service more quickly to fast-growing sections of town. Called Cable Concentrator, it lets as few as 16 pairs of telephone cable wires do the work of 58. In a new and heavily built-up area, where the Cable Concentrator is most useful, it means more phones can be installed without waiting for additional lines to be built. And it means more people there can have single or two-party lines. The development of these concentrators is one more milestone in Michigan Bell's continuing program to bring you more and better phone service.

"ALMOST, BUT NOT ENOUGH" is our verdict on how close competitive cars have come to matching the Swept-Wing '58. Take style. Other new cars are "almost" as low in inches, but still seem high and boxy in looks. Some of them are "almost" going to fins, but not enough to really make a difference. Then take performance. None of the other 1958 cars have anything to match the sway-free, dip-free, vibration-free ride of Torsion-Aire. (It's standard equipment.) Most of them still don't even have push-button driving! So after you've seen the "almost" cars, come in and drive a Swept-Wing '58. You'll see why we say: They're catching on, but they can't catch up.

SMALL HOUSE PLANNING BUREAU DESIGN NO. C-451

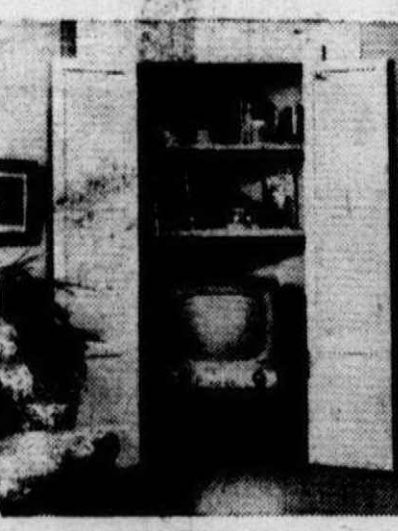

DESIGN C-451. A pleasant combination of vertical siding and horizontal brick or stone veneer offers a contemporary look that in its simplicity, is exceedingly attractive. The large kitchen-dining area provides a view of both the front and back yards and complete access to the rest of the house and to the garage. Note the many well-placed closets throughout the house. Not including the garage, the house has 1017 sq. ft. of floor area and 18,841 cu. ft. There is a full basement. Doors Hide TV's Dull 'Eye'

Turned on, a television set is an animated center of interest in any home, performing for the entertainment and education of the entire family. But turn it off and it becomes an ugly monster, sleeping with one dull eye open. This is the reason more and more home-owners are hiding their TV sets in places where they'll be readily accessible when there's viewing to be done, but out of sight and out of mind when not in use. One of the most practical ideas yet to come along is to build a TV "nook" across a corner of the room, using two louver doors of ponderosa pine as shutters in the photograph. The doors pictured are 1 foot 6 inches wide by 6 feet 8 inches high, large enough when closed to hide a table model or a small console. These doors were hinged to two triangular strips of wood fastened to each wall. The open space between the top of the doors and the ceiling was blocked off with a piece of wallboard and shelves were built to hold a record player, records, books, and knick-knacks. For a deeper nook to conceal a larger set, wider louver doors can be used. Louver doors ranging in widths up to 3 feet are available as stock doors at build-material dealers. In addition to providing a practical "entertainment corner," the louver doors add drama and interest to any home decor, modern or traditional by creating a textured background. Air to circulate inside the nook, and music from the record player can be heard with the doors closed. Fitting the doors into a decorating scheme is easy enough, since the clear ponderosa pine can be waxed or stained to retain the natural grain of the wood, or painted in a variety of ways.

The average altitude of West-Virginia is 1,500 feet.

'Freezeway' Chills Gone

Taking the "breeze" out of a breezeway with windows that shut out cold winds is the best way to enjoy this handy part of the home for the year around. The owner of this home enclosed his breezeway with walls of windows at front and back. This avoids blocking the view, yet shuts out chill breezes and lets sunlight in. The four windows at the top are casement styles of ponderosa pine which open at the turn of a crank. Bottom windows are awning styles hinged at the sides to open at top and bottom. In summer, with screens fitted over them, the windows open fully, and the room becomes a breezeway again.

HERE'S HOW... MAKE A BATHROOM SINK ENCLOSURE

Enclosed bathroom fixtures which provide additional storage space and a counter for accessories add to the beauty as well as the utility of the room. Measure the dimensions of the area to be enclosed keeping in mind that the vertical pieces and the top plate should be of sufficient height to fit under the sink lip. The width (A) extends 3 1/2 inches beyond the sink to provide space for the top plate. Cut the frame to the proper dimensions and assemble with 10-penny nails. Anchor the enclosure to the floor. Fasten a 1 by 6-inch facing to the top front frame flush with the top plate. Center facings on the vertical pieces. Attach the shelving and make the doors. Cover the top with a hard surface covering.

HOME OWNERS' QUESTION BOX

Q—We're trying to choose a home to build from a book of house plans. The one with the most features we want has a flat roof. Is it true that flat-roofed houses are hot in summer?
A—In general, yes. The sun beats directly down on the roof and is radiated into living areas. A house with a pitched roof normally is cooler in summer because it has an attic space large enough for proper ventilation. Air passing through carries heat out through louvers. Another advantage of a pitched roof is that it can be roofed with asphalt shingles in a color of your choice, adding greatly to the appearance of the house, and giving you a "color key" from which to plan other exterior colors. Perhaps the house plan you like can be altered to give it a pitched roof.
Q—Can putty be softened and reused once it has hardened?
A—Yes. Soak it with linseed oil, let stand overnight, and then knead it with your fingers until it returns to its original consistency.
Q—How can I get dust-free ventilation for my photographic dark room?
A—A fan blowing through one or two warm air furnace filters installed in one wall should do the trick. Blowing air in rather than out, will avoid bringing dust in around doors and windows.
 The Nile, 960 miles in length, is the sole river in Egypt.

Smooth Driving Ahead... on concrete
 There's a new thrill awaiting you on Michigan's newest concrete highways. Expressway design makes driving easier and safer... and the concrete pavement is smoother than ever before. Years of research and testing, plus improved construction methods, make new concrete roadways the finest of all pavements. You get a new smoothness and quietness in your ride. New concrete pavement not only gives the best riding qualities but has improved durability. These wonderful new roads will last 50 years... and more.
Concrete is Safer, Too!
 Easy-to-drive concrete highways are safer. Concrete's gritty texture offers better traction and reduces skid danger. You get a smooth, quiet ride and your tires grip better. And at night, your visibility on concrete is up to four times better than on dark asphalt surfaces. Wet or dry, daylight or dark, concrete is the safety pavement.
 This added service life and traditionally lower upkeep cost means tax dollars go further when invested in concrete. Michigan's newest concrete expressways are keeping the Wolverine state's reputation for leadership in highway building. They will carry heavy truck loads safely and efficiently because they are scientifically engineered. Drive one of these new concrete highways and you'll agree you never had a smoother, safer ride.

Complete Christmas Day Menu

Christmas is 13 days away — meaning today is not too soon to plan for the big day. Do your shopping now to avoid last minute crowds and disappointing choices. If you know what your menu will be, it'll be easy to pick up your needs within the next two weeks. (But don't leave everything for the last week.)

The Mail has prepared a complete menu including the recipes. If your meal is already planned, you may find some suggestions among the recipes to add to your menu.

MENU

- Tomato Punch
- Cranberry Salad
- Turkey
- Brazil Nut Dressing
- Sweet Potatoes
- Squash New Orleans
- Corn Relish
- Fruited Holiday Pudding
- Festive Tomato Punch
- Open the meal with simple, yet tasty punch.
- 4 cups tomato juice
- 1 cup sauerkraut juice
- 1 teaspoon onion salt
- 1 teaspoon celery salt
- 1 teaspoon parsley flakes
- 1 tablespoon Worcestershire sauce
- 2 tablespoons lemon juice
- 3 drops Tabasco sauce
- Combine all ingredients, mix well. Chill at least two hours. Yield: Five (8 ounce) servings. Store in a covered container in the refrigerator—it will keep for days.
- Cranberry Salad
- 1 pound cranberries
- 2 1/2 cups miniature marshmallows
- 1 cup sugar
- 1 cup finely cut apples
- 1 cup finely cut celery.

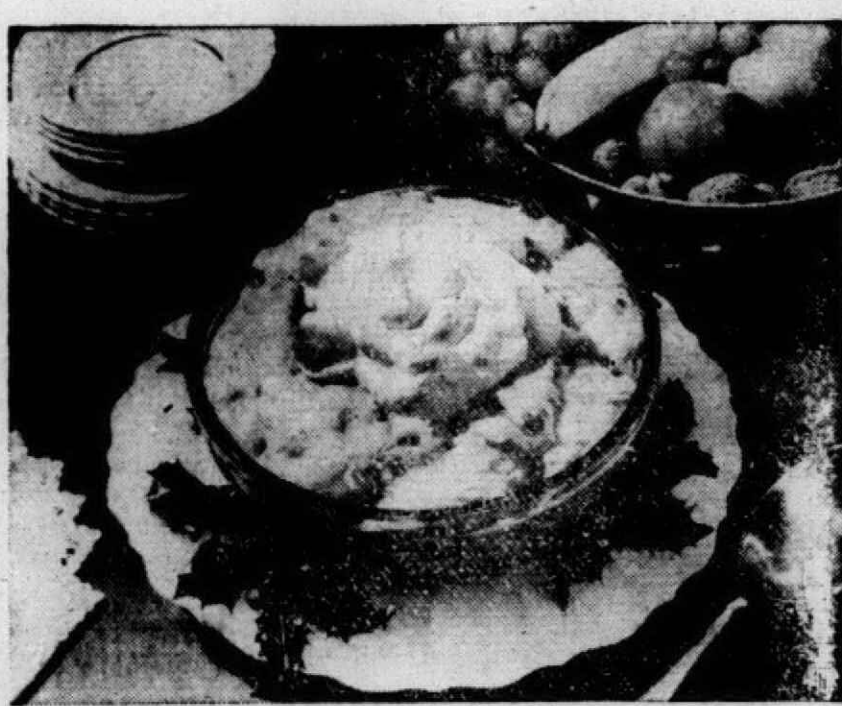

Grind cranberries. Mix with marshmallows and sugar. Chill in refrigerator for about two hours. Add apples and celery right before serving. Yield: Nine to ten servings.

This is a "prepare-in-advance" salad, perfect to have in the refrigerator, always ready for unexpected company. And it makes the holiday easier for you. Just add the apples and celery before you serve it.

Brazil Nut Stuffing
Brazil nuts chopped with all their creamy richness contribute a provocative flavor and texture to poultry dressings. For the holiday table it's sure to get as much interest and praise as the turkey.

If you're baking one of the smaller turkeys, you may want to serve part of the dressing as a side dish. The turkey cavity will probably not hold an adequate supply for all guests. This extra portion can be baked in aluminum foil the last hour the turkey is in the oven. Put the envelope of dressing in the corner of the roasting pan with the turkey. Particularly excellent for flavor, is the addition of raisins. The nuts and raisins give moistness to the bread crumbs, although the raisins are optional.

3/4 cup butter or margarine
1/2 cup finely chopped onion
3 quarts soft bread crumbs
2 cups finely chopped Brazil nuts.

Fruited Holiday Pudding

- 2 cups finely diced celery
- 2 cups raisins
- 1/2 cup chopped parsley
- 1 tablespoon salt
- 1/4 teaspoon pepper
- 3/4 cup water or stock
- 1 8-10 pound turkey
- 1/2 cup brown sugar
- 1/4 cup water
- 3 tablespoons melted butter
- 1/4 cup cinnamon candies.
- Wash potatoes, steam about 30 minutes or until tender. Peel, cut into halves lengthwise. Place in a shallow greased pan with the cut side up. Cut marshmallows in half, and place two halves on each potato. Make a syrup of the brown sugar, water, butter and cinnamon candies. Pour over potatoes and marshmallows. Place in broiler compartment about 3 to 4 inches from the tip of the flame. Glaze at 300 degrees for about 25 minutes.
- Squash New Orleans**
- 2 cups cooked squash
- 4 strips bacon diced
- 1/2 cup onion, chopped
- 1/4 cup chopped green pepper
- 3/4 teaspoon salt
- 2 slices whole wheat bread
- 2 eggs, beaten
- 1/4 cup melted butter or margarine
- Buttered bread crumbs
- Cook bacon until crisp, then drain on absorbent paper. Reserve 2 tablespoons bacon fat in pan. Add onion to bacon fat and cook to a delicate brown. Combine all the ingredients and add the butter and salt. Soak whole wheat bread in water. Squeeze out excess moisture from bread and add to squash. Add eggs and combine well. Place in greased casserole. Top with bread crumbs. Bake, Yields: 5 to 6 servings.
- Corn Relish**
- Drain 1/4 cup liquid from a can (12 or 16 oz.) of whole kernel corn. Add 1 cup sweet pickle relish, 2 tablespoons celery seed and a tablespoons sugar; bring to boil. Add drained corn and simmer 10 minutes. Chill.
- Fruited Holiday Pudding**
- The final compliment to the holiday meal is this fluffy pink dessert, a delightful blend of juicy tangerine sections, figs, almonds, and raspberry flavored gelatin crowned with an extra topping of whipped cream and tangerine sections.
- 1 pkg. raspberry-flavored gelatin
- 1 cup hot water
- 1/2 cup cold water
- 2 tangerines, sectioned and ground
- 1/2 cup ground figs
- 1/4 cup slivered toasted almonds
- 1 cup whipping cream
- Dissolve gelatin in hot water. Add cold water and ground tangerines. Chill until slightly thickened. Whip cream. Then fold in figs, almonds and whipped cream. Turn into serving dish. Chill. Garnish with additional whipped cream and tangerine sections, if desired. Make 6 to 8 servings. Serve in your most elegant crystal bowl.
- A complete timetable for roasting and preparing the turkey will be printed next week. For tips on buying your turkey, see "Buy Your Turkey Now" elsewhere on this page.

Furnish Your 1st Apartment Gradually, Say Decorators

Wedding bells will ring for many Wayne County girls during the Christmas holidays. If you're among these happy people, you're likely wondering how to furnish your first apartment on a limited budget.

Should you buy inexpensive furniture and plan to discard it later, or should you invest in a few good pieces with a plan for completing the furnishings later?

Most decorators recommend buying the furniture gradually, choosing quality items over a period of years. By buying gradually, you'll give your tastes a chance to mature. As a bride, you may find that after living with your decorating ideas for a time, your opinions will change.

Almost every new bride and groom will collect a few family hand-me-downs. These items can be transformed into pieces of distinction by the creative use of paints, paper or fabrics.

For the remaining pieces, invest in a few well designed and well constructed items. Spend your decorating dollars on good spring construction in upholstered furniture, and on good bed springs and mattress. Invest in good appliances, for they can be moved into a permanent home in the future.

Economize on drapery fabrics, lamps, and floor coverings. So often, these are the pieces which never seem to fit into a future decorating plan.

Decorators warn against buying low-quality furniture with the idea of replacing it later. You're likely to sacrifice good construction and design, and chances are the furniture will be around for a surprisingly long time.

If you are faced with decorating a fairly permanent home, invest first in good backgrounds — carpeting, walls, and draperies. These elements are important, for they set the mood for the entire room.

Professional help in home decorating is always advisable. Lucille Monark and Rosella Bannister, your Wayne County Extension Agents in Home Economics, offer help in interior decorating, and their service is free. Their office is located at 3930 Newberry, Wayne, Michigan, and the phone is Parkway 1-6550.

Shopping Every Night

Plymouth merchants have opened their stores until 9 p.m. each evening to meet the needs of Christmas shoppers. The late hours will continue until Christmas eve. Most stores will open their doors at 9 a.m.

For the kiddies, Santa Claus will be stationed in a mobile home at Kellogg Park tonight and tomorrow night from 4:30 to 8:30 p.m.

Buy Your Turkey Now — Prices are Good

This year's turkey crop is large and the prices are expected to be low. Consumer Market agents tell us that the storage holdings are near-record in size, which helps lower the prices.

The turkey of today is truly a family bird... small in size, 4 to 8 pounds, for the small family; a little larger, 8-12 pounder for the larger family; larger still 16 to 20 or the 25 to 30, for entertaining church groups, clubs and so forth.

You may want the popular young fryer-roaster, usually under 16 weeks of age and weighing 4 to 9 pounds. For a medium-sized bird, you should choose a young tom or hen turkey under 8 months of age and weighing 10 to 16 pounds. A mature tom or hen turkey will weigh 16 pounds and up and be over 10 months of age.

In addition, most retailers will split a frozen bird, making it possible for you to roast half-a-turkey, a quarter turkey or parts.

As a rule, the larger sizes will provide the better values price-wise, because they offer more edible meat per pound. Any size family can benefit from the good prices on large turkeys if you have room to stock up the home freezer or locker.

When choosing a turkey, look for these points: young looking, clean-dressed, plump, wide breast and body, meaty legs and body, soft tender and pliable flesh, dry-packed, if not frozen.

Most turkeys are in the ready-to-cook form these days. The "rule of thumb" to follow when buying them is to allow 3/4 to 1 pound per serving if the bird weighs 12 pounds or less. If the bird is larger than 12 pounds, allow only 1/2 to 3/4 pound per serving.

For broiling a 4 to 5 pound bird, allow one-quarter bird per serving. Remember that there is a difference between "per serving" and "per person." Many folks like more than one serving.

For the family that enjoys only one kind of meat... just white or dark meat, there are the individual turkey parts from which to choose. A small family will find it well worth asking the butcher for a rolled turkey breast. When boned from a 20-24 pound bird, the roll will weigh from 7-9 pounds and will yield 35-45 slices one-fourth inch thick.

A whole turkey leg is another good idea for small families or dark meat-lovers. Allow 40 minutes per pound and cover with foil or a fat-moistened cloth to prevent drying out.

For relief from the troublesome stuffing and trussing frozen stuffed turkeys are a blessing. The turkeys are special breeds of young, extra meaty and tender birds. Five to 10 pound turkeys are the right size for the average family while 10 to 15 pounds are perfect for large families.

The birds are stuffed with either the cornbread stuffing of southern fame or the old-fashioned herb-seasoned white bread stuffing of northern preference. The giblets are wrapped in foil and trussed to the turkeys, or they may be chopped in the rich brown giblet gravy which come in 1-pound cans.

Complete cooking instructions are packed inside each individually wrapped turkey. The birds must be kept frozen and roasted without thawing. Commercially stuffed turkeys are sanitary and scientifically controlled. The turkeys and stuffing are kept at temperatures below 35 degrees at all times; stuffing ingredients and equipment are sterilized to reduce possibilities of contamination; minutes after stuffing, turkeys are quick frozen in blast freezers at temperatures of 35 to 60 degrees F below zero.

A frozen unstuffed turkey requires defrosting before cooking. Defrost by leaving the bird in the refrigerator about 2 days, or place it in a pan under running cold water 6 to 8 hours. Either way, leave the bird in the original moisture-proof wrapping.

Knit a Pair of Mittens

Mittens are always a welcome item once the first few wintry blasts are felt. Knit pairs for your children or for someone on your Christmas list. It would also be a good idea to knit a pair or two for the mitten tree in the National Bank. The tree has been erected by the girl scouts to collect mittens for needy children. They will be distributed by the Goodfellows and the American Friends overseas service.

The instructions offer a choice of plain or cable socks. The matching mittens can also be made up in plain stockinette stitched with ribbed wristbands or with a double cable on the back.

If you would like the directions for Knitting Plain and Fancy Mittens and Socks simply send a stamped, self-addressed envelope to the needlework department of this newspaper.

Hi-Fi Hobby Pursued By Judge in Darkness

DAVID JOLLIFFE

You take "hi" and then "fi." Fidelity means faithfulness... loyalty... strict conformity. The "hi" emphasizes all three: That is hi-fi — faithfulness to such a degree that it catches sound vibrations up to 20,000 cycles — the approximate limit of audibility.

And there's something else — dogged determination which should stand for Judge Nandino "Nandy" Perlongo.

Put them both together and you get hi-fidelity equipment that rivals the human ear.

While most of the nation is just now getting acquainted with stereophonic sound on tape, Judge Perlongo, 523 McKinley has been enjoying the process for five years.

After manipulating some complicated knobs on a confusing control panel, you think the Boston Pops Orchestra is at your elbow. And, still twisting knobs, you can have a vibrating seat anywhere from atop the bass to a quiet niche in the Metropolitan Opera's fourth balcony.

He explains stereophonic sound as employing more than one sound track to play back. Two recording microphones are placed on each side of a band, for instance. Each mike picks up music peculiar to one side, much as the human ear would. Thus, when the music is played back, the sounds on two separate sound tracks (on one tape) are transmitted through two amplifiers to two sets of loudspeaker systems on both sides of the Judge's basement recreation room.

The tall stack of equipment is almost human. It contains the brains of all the Judge's operations. Unlike most stereo tape fans who can only play it, Judge Perlongo can also record it, either off other stereo recordings or with microphones. He also records and plays single-track tape and plays records. He can also record from or listen to the FM-AM tuner.

Besides having some complicated apparatus, the Judge waltzes in abstract terms that mean nothing to a novice. His woofers, mid-ranges and tweeters play an integral role in the world of reproducing sound. The former catch an orchestra's bass, while the mid-ranges, as the name implies, sort out middle tones and the tweeters find the high notes.

"The big secret," he says, "is to locate these speakers

DOZENS OF dials and switches fail to confuse Municipal Judge Nandino Perlongo, who has been sightless since childhood. The hi-fi enthusiast installed most of the equipment himself and always is striving to improve the sound. He has been recording and playing stereophonic tape for five years, a sound process just now gaining popularity in the nation.

strategically so similar sounds don't all come from the same spot."

The various combinations of tweeters, mid-ranges and woofers depend on the size and shape of the room. When all of these component parts are organized, you have a triaxial system.

Judge Perlongo explains hi-fi by comparing it with a car radio. "In an automobile you only have one sound control to adjust for bass, mid-range or high notes. But in hi-fi you can leave your bass control constant and adjust the higher notes until you have the true tone, nearly that of a full-scale orchestra."

While Judge Perlongo had his law office above downtown stores, he kept all of his equipment there. But after he moved his office to South Main street, he installed the equipment in his big basement room of his home. His office now has an FM radio through which two Detroit stations play nothing but background music. Many professional and business people utilize this music in their offices and stores.

The judge's favorite selections are "concert and symphony music." Not a be-bop fan, he does like dance music and popular tunes but doesn't care for the way they are played.

In his expensive, highly advanced system, the judge prefers a single-playing turntable. "With long-playing records these really isn't much need of having a changer," he said. "If I can't get up once every 20-minutes to change a record, I might as well never play them."

Then too, experienced hi-fi enthusiasts claim that manual changers don't create jumble and other distortions like automatic changers.

When you fiddle with ultra-high sound waves, as Nandy keeps experimenting to get the best sound combination," he said. "My next project is to install a ceiling speaker that doesn't conflict with those in the wall."

The judge did all the installation himself with the exception of "some soldering." His experience with sound systems has been called upon in a professional way. He directed the installation of the public address system in Kellogg Park which has its source of music from Dunning-Hough Library. He also helped the school board secure an outstanding sound system for the new Junior High.

Perlongo, who has been Plymouth's municipal judge for eight years, works close with his friend, State Supreme Court Justice Talbot Smith of Ann Arbor, also a hi-fi hobbyist.

Enthusiastic moral support is contributed by Nandy's two children, James 12, Mary 10 and his wife Dorian.

The only element that separates his hi-fi equipment and methods from others is that the judge uses a special instrument that emits a "beep" when the level of recording is

Can Now Apply For AF Academy

Applications are now being accepted for nomination to the cadet class that will enter the United States Air Force Academy in June, 1958, T/Sgt. Charles A. Ahnen of the Air Force Recruiting Office at Five Mile and Farmington roads, Livonia, said today.

To meet the eligibility requirements, applicants must be at least 17 and must not have passed their 22nd birthday by July 1, 1958; be male citizen of the United States; morally and physically fit; between 5 feet 4 inches and 6 feet 4 inches in height, and never have been married.

Each individual who meets the eligibility requirements may apply for a nomination by writing to a U.S. Senator from his state or to the U.S. Representative from his Congressional district. In such a letter the applicant should state briefly his qualifications, place of residence, educational background, and reason for wanting to enter the Academy.

Each Member of Congress may nominate ten candidates. All the Congressional nominees in each state will then compete for the vacancies allotted to that state.

Detailed information concerning admission procedures may be obtained upon request from the Director of Admissions, U. S. Air Force Academy, Denver 8, Colorado.

All nominations must be in the hands of the Air Force by January 31, 1958. The Air Force will choose 448 cadets to enter the Academy at its temporary site on Lowry Air Force Base in Denver on June 27, 1958.

Warns of Deceptive Use of 'Wholesale'

Mailing pieces from Detroit which advertise "wholesale prices" may mean an arrest for the senders, according to word received here by the Chamber of Commerce from the Wayne County prosecuting attorney's office.

Plymouth was recently flooded by several circulars which advertised well-known watches, for instance, at wholesale prices. J. H. Wilcox, Chamber manager, wrote the watch companies and the Detroit Better Business Bureau. The Watch firms, Elgin and Hamilton, said that the dealer in question was not a wholesaler.

The prosecuting attorney's office said that where there is deception in use of the term "wholesale" in retail advertising prosecution is possible. Plymouth people were warned this week by the Chamber purchases.

TIPS for TEENS

By ELINOR WILLIAMS

Q.—"Dear Elinor: I am a boy of 13 and I like a girl who is 12. I go to a boys' school and would like to invite this girl to a dance and get to know if she likes me. What should I do if I want to take her to the dance and how can I know if she likes me?"

Ans.—If you want to take this girl to the dance, ask her. It's easy! And if she accepts, that's one way that you can tell that she likes you.

Invite her about two or three weeks in advance, when you see her or on the telephone. Tell her there's going to be a dance at your school on Friday night (and give the date) and you were wondering if she could go with you. That's all! If she accepts, tell her what time the dance begins and ends and what time you'll call for her.

Girls of her age are usually allowed to go to school events if one of your parents or one of her parents take you in their car... or if you go with another couple with one of their parents at the wheel. She'll have to arrange her parents what the arrangements are, in order to get permission, so tell her all the details when

you ask her. An article on how to tell if a girl really likes a boy will appear soon in this column, so watch for it.

Q.—"Dear Elinor: I am 12 and I am going with a boy who is 14. My parents haven't met him yet. He has asked me for several dates, but I had to refuse because my parents have to approve him first. What can I do?"

Ans.—You don't "go" with a boy until your parents have met him and you've had several dates. So start at the beginning and introduce him to your parents. Then you can easily find out whether you can go with him or not—and you won't risk losing his friendship by always refusing his invitations without telling him the reason.

(For free printed tips on "Date Manners for Girls", send a stamped, self-addressed envelope to Elinor Williams at this paper.)

Completes 20th Year Of Yule Toymaking

Children at the tuberculosis sanatorium at Northville will be made happier this year at Christmas through the efforts of Leo Flowers, 9055 Ball St.

Flowers, has been making new and rebuilding used toys for the past 20 years to give to children at Christmas. Each year he selects a different institution or orphanage.

An employe of Burroughs, Flowers does the work in his basement workshop. This year he will have about 75 toys. He is welcoming the public to drop in to see the display and workshop until this Saturday.

Mrs. Flowers does the painting of the toys.

Come try the quickest combination on the road!

CHEVY'S TURBO-THRUST V8 WITH TURBOGLIDE

Chevrolet's radical new Turbo-Thrust V8 and honey-smooth Turboglide* automatic drive form a performance team that spells action. At all speeds, under all driving conditions, they give you the quickest, smoothest response of anything going.

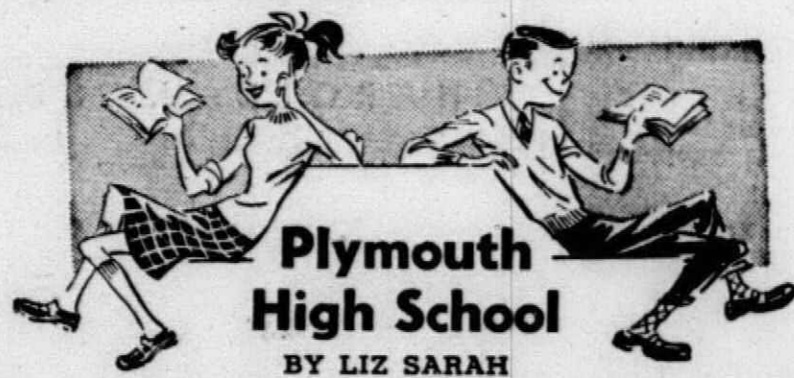

There's never been an engine-drive combination like this one! Chevrolet's Turbo-Thrust V8* introduces a radical new slant on engine efficiency. The combustion chambers are located in the head, and chamber surfaces are precision machined. The result is a wonderfully smooth and even flow of power.

Turboglide*—the other half of the team—is the first and only triple-turbine automatic drive in Chevy's field. It takes you from a standstill through cruising in one continuous sweep of motion, without even a hint of a shift or lag. Harness these triple turbines to a 250-h.p. Turbo-Thrust V8—or the 280-h.p. Super Turbo-Thrust*—and you step out instantly in any speed range. Nothing else on the road turns your touch into action so quickly, so smoothly. Your Chevrolet dealer has the combination!

*Optional at extra cost.

Pure Enchantment! A transformation is about to occur. When crystal snowflakes fall in the high school gym, students will don sophisticated gowns and suits in exchange for their crewneck sweaters and ivy-shirts for the first formal occasion, which has been in preparation for a good while. (Please excuse the repetition, but the J-Hop has been the number one topic since school convened.)

One of the thrilling elements in this formal evening is the parties which are often considered the flourish that completes the frosting. Although there are likely to be many private gatherings and other parties, Julie Stecker, Joan Izett, Janet West, Carol Nesbit, Chris Baker and Janet Willoughby are preparing for a progressive dinner. The guest list includes: David Graves and Julie Stecker;

Joan Izett and Jim Urquhart; Edie Dibble and Bill Jones; M. J. West and Dick Small; Janet West and Bruce Woods; Ann Hulsing and John VanDyke; Betsy Edgar and Hale Huber; Ken Jacobus and Carol Nesbit; Chris Baker and Terry Hoffman; Bob Westover; and Carol North; Sue Campbell and Dave Thrasher; Janet Willoughby and Fred Smith; Ann Taylor and Jim Scott; Gail O'Donnell and Paul Fritz; and Jeannette Ridley and Jim Lobb.

Other parties scheduled for the evening of which we are informed are: an open house before the dance at the home of Kay and Jay Sells; and a party after the dance at Jill Clarke's home. Our MUNA group is no longer a group without a country! Last week they were informed that they would be representatives for Argentina. Dick Small, Edie Dibble, Annie

Dennany, Mary Jane West, Jane Hardimon, Marianna Jensen, Ann Hulsing, Al Spigarelli, Hale Huber, Carin Stofko, Marie Bolen, Betsy Edgar, and Bill Black will proceed to become experts of this country. The ten members chosen to act as delegates from Argentina will represent that country. . . . are MUNAG delegates as insensible and impulsive as some national delegates?

Visions of crisp white uniforms lure the members of the Future Nurses' Club to labor industriously over their sewing of cancer pads. Charity, which plays a major character in any nurse, is very much a part of the girls who are thinking of dedicating their lives to the service of others.

Mary Lee Haug, Christina Stiner, Barbara Steecken, Carol Baker, Barbara Haas, Elaine Mathews, Dawn Miller, Suzy Phillips, Marion Rundall, Evelyn Wing, Sharon Bellville, Judy Bridge, Linda Cutright, Jean Murdock, Sharon Ruby, Peggy Spincer, Marilyn Walters, Sharon Wing, Wilma Wright and Rosemary Kubick, members of the club, are contemplating a trip to either Wayne County General Hospital or Ridgewood. (Incidentally, Mary Lee Haug, president of the club, works as a nurse's aide at Ridgewood) Florence Nightengales of the Satellite Age . . .

Oh to be a football player! They live in a merry whirl of banquets. The Father's Varsity Club, organized this year by Dr. Salan, held a banquet at the Mayflower Hotel on December 4 to present the boys with the certificates for athletic-award letters. The Kiwanis club also sponsored a banquet for the football heroes on Tuesday, December 10 at the Mayflower Hotel. Eat hearty men.

Soph Lites and sweet (record) music welcomed dancers last Friday night, December 6. The dance was a product of the sophomore class. The executive board is comprised of: Jay Sells, president; Jim Herter, vice-president; Dick Hubert, treasurer; Mavis Williams, secretary. Student Council representatives are Gloria Bowles, Mike Porter, Peggy Davidson, and Randy Egloff.

The opening basketball game brought with it a pep assembly sponsored by cheerleaders Karen West, Jeannette Foreman, Janet Spigarelli, Mer Palmer, Bette Argo, Janet West, Jeannette Ridley, Jill Clarke, Gloria Bowles, Nancy Alfred, Barbara Booth, Mavis Williams, and Barbara Schantz. Pep assemblies can be fun. They are perfect for letting off steam. How did the steam come off?

"Chopped Sirloin" announced the chef at the conference at the Sheraton Cadillac Hotel. Annie Dennany and Al Spigarelli prepared themselves for a real treat. They eagerly sat down and feasted on . . . hamburgers. The conference was held to discuss the importance of the polio vaccine. There were also isolated reports that our representatives were seen on a newsreel.

Just like the pros. . . The basketball game between PHS and Ypsi was broadcast over station WHRV. Did you hear us cheering?

YOUR HANDWRITING TELLS YOUR STORY
 With Grapho Analysis
 BY JEAN EVANS

Dear Jean:
 I am only 14 years old but my mother says she is sure you can read my handwriting and tell me about myself. JO

Dear Jo:
 You are a reserved person. You hold back your emotions and your opinions. You have your own views regarding things and are somewhat set in your ways. Once you get a thing stuck in your mind you hold it.

There is a good amount of will power and purpose in your handwriting and you have the determination to succeed accomplishing whatever you begin.

Dear Jean:
 Could you help me please? I like music but my husband says I am too old to start learning to play now. I would like a part time job — perhaps in keeping books or some office work. Does my handwriting say I can do this kind of work?

Mrs. Josephine Curtner
 Dear Mrs. Curtner:
 Age has nothing whatsoever to do with learning or the ability to learn. One's mind is ageless and when one has the desire to learn that is the necessary element. How will you know unless you try? There is some rhythm shown in your handwriting also creative ability.

You have the ability to concentrate on the work at hand so would likely enjoy office work. There is some irritation and impatience shown here which might interfere with success, unless overcome.

Dear Jean:
 Please analyze my handwriting and tell me how I can improve myself. What would be the best line of work for me to get into? KLM

Dear KLM:
 You would do well in anything that required stick-to-itiveness and perseverance, because you will complete whatever you start. You also like variety, change of people, places and things. You have the ability to keep mum about things that do not bear repeating. You can talk and yet not reveal only that which you wish to reveal. PATTY

Big Rouge Plant, Employment Home Of Many Local Folks, In 40th Year

Ford Motor Company's giant manufacturing plant on the banks of the Rouge River in Dearborn, home of employment for hundreds of Plymouthites during the years, is the largest concentration of closely-knit, integrated factories owned by one company in America. It is in its 40th year.

The "Rouge" was the first and remains the only plant on the continent where raw iron ore is unloaded on the docks, smelted into iron, converted into steel and, within a matter

a miracle of manufacturing so vast and complex that few of the 60,000 men and women who work there daily have a full conception of its real magnitude.

It was the late Henry Ford who envisioned a wholly independent, self-contained manufacturing unit where every part needed for an automobile could be produced, machined, finished and assembled into a completed car ready for the road.

The plan was so revolutionary in 1917 that some of Mr. Ford's friendliest critics were skeptical. His enemies said he was crazy.

Congressmen fought him when he sought government approval for deepening and widening the Rouge river channel to accommodate seagoing ships. Stockholders fought him because they wanted the company's profits paid out in dividends, not plowed back into a big expansion program. Landowners boosted the price tags on their acreage along the river to fantastic levels.

But in November of 1917, construction of unloading docks and storage bins for raw materials was well under way. Excavation for the big blast furnaces went forward rapidly, and on January 4, 1918, construction would start on the first manufacturing building.

Work slowed to a snail's pace during World War I, picked up tempo quickly after the Armistice and went forward at an almost frantic pace until Mr. Ford got what he wanted: a manufacturing unit almost entirely independent of outside suppliers.

In its heyday, the Rouge turned out nearly every component needed for the Model T. Today, it is only one of many Ford Motor Company manufacturing and assembling facilities, and a considerable portion of the parts which go into a modern car is supplied by independent manufacturers.

Even so, the Rouge is unique in American industry.

Its fleet of ore boats plies the upper Great Lakes from early spring until late fall, bringing in nearly 5,000,000 tons of iron ore, coal, limestone and other raw materials every year.

Three blast furnaces smelter 3,200 tons of iron a day; 10 open hearth furnaces and the steel mill daily turn out nearly 4,000 tons of steel for frames, bodies, transmissions and consumes enough every day to light the homes in a city of 1,000,000 people. It manufactures its own coke for the

smelting process, generates its own oxygen and nitrogen for the blast furnaces and steel mill operations.

It burns enough coal to supply the domestic heating needs of a city as big as Des Moines, Ia.

Within the Rouge are the largest production foundry in America, an engine plant, tool and die plant, stamping plant, and transmission and radiator plants. Every 24 hours, the glass plant turns out a ribbon of plate glass 102 inches wide and nearly four miles long.

New cars are driven away from the end of the final assembly line at the rate of about one per minute.

The 105 miles of standard gauge track and 19 diesel locomotives in the Rouge comprise the largest industrial railroad network in America. Seven principal outside railroads connect with the system and 250,000 freight cars move in and out of the area annually.

There are 15 miles of paved roads, 1 1/2 miles of unloading docks and 81 miles of conveyors.

In a single 24-hour period, 6,800 trucks, 40,000 automobiles and 150,000 pedestrians pass through the gates of the Rouge plant.

Seven company buses operating on a 10-minute schedule shuttle from building to building, carrying more than 5,000 employe passengers a day on business errands.

As the time approaches for the morning work shift, some 24,000 workers' cars from every point of the compass — and some from 70 miles or more away — pour into the 135-acre parking lot. The payroll in the Rouge is well over \$1,000,000 a day.

The Rouge has its own fire department, its own fire and plant protection force and its own modern hospital with staff doctors and nurses.

In 1956, nearly 200,000 people from the 48 states, U. S. possessions and 86 foreign countries toured the area as guests of the company.

It has been visited by American presidents, foreign dignitaries, Argentine gauchos and barefoot Fiji Island tribesmen in flowing white robes.

The towering silhouette of its giant smokestacks and seven-story-high blast furnaces is as awe-inspiring to the traveler at dusk at the Manhattan skyline, the Golden Gate bridge or the roaring falls of Niagara.

In the sweeping, forward rush of industrial progress, the Rouge still stands as the biggest permanent symbol of the greatest single industry ever created by man.

Miss Alice Bakewell returned from Chicago where she was attending the Wayne Co. 4-H club conference and International Live Stock show as a delegate.

A fire which destroyed their home and all their belongings last Sunday found Mr. and Mrs. Philo Forshee and their four children stranded and without any possessions whatsoever. The farm home on Six Mile road and its contents were completely burned.

Mr. and Mrs. Clair Block and little son, Bill, and Miss Elizabeth Beyer visited Mrs. Block's parents in Adrian last week.

The Lutheran Ladies Aid bazaar which was held in the church basement last Wednesday was a big success and netted the ladies a neat sum. Among those attending were Edith B. Crumb, editor of the antique department of the Detroit News.

Born to Mr. and Mrs. William Arscott on December 18, a daughter, Diana Jane.

Mrs. Ida Nowland has returned home after spending the past three weeks with her daughters, Mrs. Don Voorhies.

Residents of this state will be entitled to a bounty of two cents apiece for English sparrows killed during the month of December, January and February. The dead birds must be delivered in bunches of not less than 10, to the town or township clerk where they are killed.

Ira Wilson hearing a noise in his chicken house the other night started to investigate. Nearing the coop he saw a man hastily retreat to a waiting rig. Ira and his hired man gave chase but had to give up after a while. Chicken thieves have been pretty busy in the area of late.

DONATIONS SCORED

HOWARD S. D. (UP)—The state of South Dakota is peeved because the city of Howard is giving free light bulbs to its electric customers. State Comptroller John Penne said the city is "without authority" to give bulbs to customers who pay their light bills in full. He called it, in effect, "donations of cash."

THE READER SPEAKS UP

Dear Sir:

"Why can't our City Fathers 'let sleeping dogs lie'. There are a lot more important matters to be considered in these days than to devise ways of spending the taxpayers' money for equipment and chemicals so Plymouth may have fluoridated water.

It is certainly nonsensical to fluoridate all of the water when only a very small part is used for drinking purposes. Maybe bathing in it, flushing the toilet, washing the car, dishes, clothes, etc., and sprinkling the lawn will help our teeth.

While it is true that some cities have adopted it, there are others who have thrown it out as a complete failure against good, sound health principles.

Anyone wishing to take fluorine can get the cooperation of their doctor or dentist to prescribe it for them, but why do those who are not in favor of this and do not believe any of the claims made for fluoridation have to have it shoved down their throats by putting it in the drinking water. I still believe we have a God-given right to choose what we want to put into our bodies — or do we? Maybe Commissioner Hartmann can answer this.

Don't be fooled by the claims and statistics of the purveyors of fluorides — they have a product to sell.

by George Spelvin

If you saw the motion picture, "The Joker Is Wild" last week at the Penn Theater, you might want to pick the book up for Uncle Joe or Aunt Minnie. The book, as so often is the case, is more complete and goes into details that the movie couldn't do justice to. I've just finished reading the exciting story of Joe E. Lewis, a most unusual comedian. Art Cohn wrote his biography and did an excellent job. His description of his early run-in with Chicago gangsters packed a narrative punch.

An ironic sentence appears on page five of "The Joker Is Wild" for all of us in Plymouth. It reads in the following fashion: "He (referring to Machine Gun McGurk who was later to be responsible for almost killing Joe E.) stole his first gun, a Daisy repeating rifle, and he learned how to shoot by blasting sparrows off telephone wires." The air rifle in its day has helped many an individual on to fame and fortune. This was one case that was a new one on old George... especially since I spent my early days in the gangster-ridden suburbs of the Windy City.

No gagsters, only gagsters, were present at the big shindig last Saturday night at the Kellys on Penniman Street. Tom and Phyllis were host to some 50 people who worked on flats, props, programs, costumes, makeup during the run and preceding the run of the "Desk Set." Major and Pete, the Kellys' canine two-some shook their tails gleefully on the full house. A good time was had by all as they recalled the hours of hard work (Director Hal Young estimated at least 1700 man hours) and all those crazy books that had to be painted into the scenery (2,400 books). So many people were coming and going at the Saturday night party that Don Kelly threatened to set up a hot dog stand to take advantage of the traffic.

"Double Door" is the next big production coming after the holidays. The play books have been ordered and the casting call will be announced in a couple of weeks. Start thinking about this next play—it'll be a shocker. Jim Blackman had a meeting

of the Theater Guild Workshop group last week in the old Junior High gym. Fifteen people braved the cold weather to pick a play for the January meeting of the Guild. As has been the custom this year, the Workshop group will present a one-act play for the members. Betty Houghton has been chosen as the director of the January show. A farce comedy entitled "Company House" by Seymour Sheldon was selected by the Workshop members. A cast of four people will be needed. A casting call was issued last night. As soon as we get the final results, we'll let you know who the lucky people are with the parts. Phyllis Coleman, who handled the prompting job on Desk Set, was considering the position of producer for this production.

This is the week that Wayne University is putting on "The Playboy of the Western World." If you like Irish comedy, take a trip down to 3900 Woodward Avenue to see this play. We have tickets for Friday night. Always found that this University group does a professional production for the small sum of one dollar and thirty-five cents. This is the biggest bargain in Detroit.

Speaking of Irish drama or comedy reminds me that while in New York a few weeks back, the wife and I went to Greenwich village to an off-Broadway theater called the Cherry Lane Theater to see Sean O'Casey's "Purple Dust." Here was a play that you sat back and listened to for the sheer enjoyment of its lyrical poetry. What lulling laughter from those polished lines! What comical situations! I swear that the Irish playwrights are the only ones that can come up with such fun. And underneath all the fun and frivolity a social message is being sent home to your head and heart. Darn clever way to make a person think. Remind me to tell you what the message was later this month.

Right now see that it is time to stop painting the paper scenery with my verbal brush and get the car out of the garage. Young George and I are going over to Ann Arbor to see O'Neill's "Desire Under the Elms." They tell me that Paramount has made a movie out of this powerful drama. How they can whitewash this tale of raw emotions for an audience of pop corn chewers will bear watching. We might as well be watching something other than satellites for a change of pace.

Official Proceedings Plymouth City Commission

Monday, November 18, 1957
A regular meeting of the City Commission Chamber of the City Hall on Monday, November 18, 1957 at 7:30 p.m.

PRESENT: Comms. Hartmann, Roberts, Shear, Sinecock, Terry, Wernette and Mayor Guenther.

Moved by Comm. Sinecock and supported by Comm. Wernette that the minutes of the regular meeting of November 4, 1957 be approved as written. Carried unanimously.

Moved by Comm. Shear and supported by Comm. Terry that the bills in the amount of \$120,970.11, as audited by the auditing committee of the balance unexpended, \$20,000 be carried over to the current budget, and any remaining balance be applied to the budget contingency fund, and after said adjustments made, the Annual Audit be accepted. Carried unanimously.

The Clerk presented the following reports for the month of October: Building & Safety, D.P.W., Engineering & Planning, Fire, Health, Municipal Court, Police and Treasurer.

Moved by Comm. Hartmann and supported by Comm. Sinecock that the above reports be accepted and placed on file. Carried unanimously.

The Clerk presented communications to the settlements agreed to between the George Odien Company and the city, and the D'Angelo and Policelli Co. and the city, recommending that the payment be made to the two companies.

Moved by Comm. Sinecock and supported by Comm. Terry that the recommendation of Harold Hamill be accepted and that final payment be made to George Odien, Inc. and D'Angelo & Policelli, and that letters acknowledging their fine work be sent to the two companies. Carried unanimously.

The Clerk presented a letter from Mr. and Mrs. James E. McCann, Jr., of Detroit, Michigan, commending the fire department on its rapid service in answering a call for a fire in their car. A letter from the Plymouth Rock Building Association, thanking the city for blacktopping behind its building, was also read. Both communications were ordered accepted and filed.

The City Manager reported relative to the request for a water tap for Richard Myers, 16400 Homer Road, stating that his house had been started by the city under its water policy and recommended that a tap be allowed.

Moved by Comm. Hartmann and supported by Comm. Shear that a water tap be granted to Mr. Myers, as recommended by the City Manager. Carried unanimously.

The City Manager reported relative to the installation of blacktop curb in the Masserman Springdale Subdivision recommending that it be permitted on the 18 foot service drive along Sheldon Road.

Moved by Comm. Shear and supported by Comm. Hartmann that blacktop curb installation be allowed on the 18 foot service drive along Sheldon Road in the Masserman Springdale Subdivision, as recommended by the City Manager. Carried unanimously.

Mr. Donald Sutherland and Mr. Roland Lutz of Sutherland and Roberson, Certified Public Accountants, were present to answer questions relative to the annual audit for the year ending June 30, 1957, as presented by them.

Moved by Comm. Shear and supported by Comm. Wernette that the over-expended accounts, as shown in the audit, be offset against the under-expended accounts, and that the balance unexpended, \$20,000 be carried over to the current budget, and any remaining balance be applied to the budget contingency fund, and after said adjustments made, the Annual Audit be accepted. Carried unanimously.

The Mayor appointed Mrs. Eleanor Hammond and Austin Pino as members of the Planning Commission, to succeed themselves, term to expire November 7, 1960.

Moved by Comm. Terry and supported by Comm. Sinecock that the appointments of Mrs. Eleanor Hammond and Austin Pino to the Planning Commission, term to expire November 7, 1960, be approved. Carried unanimously.

The Clerk read a proposed ordinance to amend the Zoning Ordinance No. 182, changing the north three lots on the east side of N. Mill Street from R-2 (Two-family Residential) to C-1 (Local Business) zoning.

Moved by Comm. Sinecock and supported by Comm. Shear that the proposed ordinance to amend Ordinance No. 182, Zoning Ordinance, be passed its first reading. Carried unanimously.

The matter of the reclassification of ordinances was brought to the attention of the commission by City Attorney Deyo.

Moved by Comm. Hartmann and supported by Comm. Sinecock that the matter be tabled and referred to the City Manager for his recommendation. Carried unanimously.

Moved by Comm. Roberts and supported by Comm. Hartmann that the meeting be adjourned. Carried unanimously.

Time of adjournment was 9:11 p.m.

Harold Guenther, Mayor
Kenneth Way, Clerk

Senator Potter reports

... the latest news from Washington of special interest to Michigan ...

fill us in on these details?

DETROIT'S MAYOR LOUIS C. MIRIANI has joined the crowd of Mayflower II enthusiasts. A few days ago he wrote me a letter saying Michigan's metropolis will go all out to make the occasion memorable. And Mayor Miriani wants some experienced Great Lakes sailors aboard and a detachment of sea scouts.

UNHEALTHY INTER-SERVICE COMPETITION in the Armed Forces of the United States continues to worry the American people and their representatives in the Congress. I am giving my fullest cooperation to all efforts to stop this rivalry from halting the speed-up of efforts in the missile field.

A lack of real interchange of information between the various service groups working in the missile programs suggests that some brass within the services have a tendency to forget the identity of the enemy. Each service's struggle to be top-dog in one field or another has a tendency to weaken rather than strengthen the over-all defense position and keep the United States from being top-dog in the world's military picture.

My curiosity about the details of that party I couldn't attend whistles questions around in my head. Was Minnie on a receiving line? Did she shake a front hoof with all the guests, or did she retain the charming habit of cud-chewing in the meadow? Were Minnie milk shakes served instead of highballs? Were refreshments made from cheese originating in Minnie herself? Was there a little spot of hay for Minnie on the tray? And did Minnie wear a yellow daisy over her left ear and keep the fete, or a lei of cowbells?

Maybe the Guernsey Cattle Club sponsoring the party will
