Flag Ceremony
 (Continued from Page 1)
 following the flag burning ceremony.
 Many of the Plymouth area Cub and Boy Scouts, Brownies and Girl Scouts along with their leaders will be among those on the sidelines and interested participants. Chairman Koi states "We sincerely hope that many adults will take a little of their time to attend and refresh their individual respects to the American Flag."
 "As evidenced during the recent Memorial Day parade and program, too many adults failed to show any respect at all for the passing American Flag or during the playing of the National Anthem." He further states "We epitomize the deeds and valor of our hero dead on Memorial Day and on many other occasions, and then fail to show our respect for the one link and reminder of these hero dead... the American Flag... for which they died."
 The Plymouth Mail has offered their offices as the collection point for unserviceable flags which may be turned in by citizens, organizations and business firms for proper disposal on Friday evening. If these flags cannot be left at the Mail, they may be brought directly to Kellogg Park and placed in the hands of one of the Legionnaires on Friday night.
 There will be no charge of any kind to attend this ceremony and the general public is invited.

West Bros. Change
 (Continued from Page 1)
 posed of five West brothers wants to consolidate its efforts into one operation instead of two. The appliance store has been in operation 10 years.
 Remaining in the building will be a service firm headed by Owen Gorton, "Van" Sickle and Bill Paschal, all former employees. They will service TV, radio and washers. Manager Earl West will join the West Bros. Edsel sales staff.

Managers Corner
 (Continued from Page 1)
 manent jobs for the unemployed in business and industry. Our Plymouth people can help a neighbor get over this rough spot.
 We need only to organize the group to get the project going. There is enough volunteer talent, I am sure, to provide secretarial service, personnel placement clerks, the taking of applications and categorizing of aptitudes so that the job may be done efficiently and thoroughly.
 If anyone wants to talk about this, I will be at the City Hall on Friday, June 13 at 8 p.m. to help plan a drive for jobs. Gordon Packard of the Employment Security Commission has volunteered to come to tell about services available, how to get surplus foods and job possibilities.
 Let's prove the sociologists wrong, at least in the case of Plymouth.

Annexation
 (Continued from Page 1)
 board of supervisors setting a date for the election. There seems to be a difference in opinion this week if the township would get a vote in this case or not.
 The city is taking no part in the Garling petition. They were asked Monday night, however, to approve a combination storm and sanitary sewer that Garling hopes to use in the subdivision. Several acres of the subdivision are located inside the city limits.
 Garling wants to run the combination sewer to the Eastlawn Drain which goes down Riverside Drive to the county's interceptor sewer in the park. Commissioners decided that they would approve the combination sewer only if it were approved first by county, health, township and any other official bodies which must pass judgment.

Seek Plans
 (Continued from Page 1)
 arrangement for a municipality to get into." However, Trustee Louis Norman thought it was general practice to include such a clause and the rest of the board agreed with Trustee Eliaabeth Holmes who maintained that "it might be thankful to have that clause — it can work both ways."
 The vote was 4-1 to approve the contract. Leasing will cost \$460 a year, but the payment creates problems. The supervisor pointed out that "it would be unfair to take money out of the general fund to pay for the hydrants that would benefit only a few residents." The hydrants will save affected residents over \$2,600 a year through insurance rates.
 An old issue of whether or not the board can set up a Township Violation Bureau was discussed when Lindsay discussed setting up a delinquent fee for dog violations. It was decided to change the expiration date of a dog ordinance to extend from May 1 to April 30.
 Lindsay insisted on a "grace" period of 30 days. This dog owners who fail to register their pets before June 1 will have to pay a higher fee.
 There was a little confusion as to whether or not the township has the power to assess a higher fee as punishment. Attorney Demel will investigate this aspect. He will also see if the township can make arrangements to back up their ordinances through the courts, yet still keep any fines levied. In the past a 1/2 fine collected through a justice of the peace were turned over to the County Library Fund.
 An old problem was wiped off the township business slate when Lindsay received an answer from the Civil Aeronautics Commission regarding a warning light on the 140-foot Lake Pointe Village water tower.
 The letter states that if a plane should hit the tower it would be the airplane's fault — the township would not be responsible because the tower is located more than three miles from an airport. This removes a burdensome worry from the board. They were afraid that any damage done to the tower would have to be repaired by the township. The letter clearly states the airplane would be responsible.

Residents Tell
 (Continued from Page 1)
 parties except along Main St. would be \$10 a front foot and \$5 for a sideyard foot.
 Petitions for paving all of Hough Park had been petitioned on, but as the hearing went on, it became apparent that many people had changed their mind. Pointing to the change of mind was the hearing on McKinley Ave. City Commissioner Harry Roberts, himself a resident of McKinley, declared that the recession had changed many property owner's decisions. A number, he later said, are auto company officials who aren't sure from day to day where they stand.
 A neighbor, Judge Nandino Perlongo, spoke in favor of the paving and pointed out that with some signing petitions both favoring and opposing paving, another expression of opinion should be obtained. It was later decided to poll residents by mail and adjourn the hearing until June 23 at 7:30 p.m.
 Postponed were Elm and Wing Streets (Evergreen to Harvey), Park Place (Evergreen to McKinley), Evergreen (Elm to Ann Arbor Trail), McKinley (Elm to Ann Arbor Trail) and Maple (Harvey to Sheldon Rd.).
 Not postponed were Sutherland Ave. (S. Main to McKinley), and the Hartsough and Main St. projects.
 Mayor Harold Guenther answered most of the questions directed at the commission. Questioning brought out that the city is now paying out about one and a half mills (\$23,000) annually to maintain unpaved streets. The mayor said that bidding by contractors is now very competitive and that the job can perhaps never again be done as cheaply and that concrete is now almost as cheap as asphalt.

Dr. and Mrs. Walter McBride of Detroit were hosts at dinner on Sunday at the Detroit Yacht Club honoring the birthday anniversary of Fred J. Thomas. Guests included Mr. and Mrs. Thomas Batesman, Mr. and Mrs. Jess Hines and Mrs. Fred Thomas.

Farm Bureau Meets
 The Pilgrim Group of the Wayne County Farm Bureau met at the home of Mr. and Mrs. Matt Everett of Canton Center Rd. on Wednesday, May 21. Mrs. Miller Ross lead the discussion on proposed methods of establishing feed grain price supports. The group will resume its regular monthly meeting in September.

Committee Completing
 (Continued from Page 1)
 worth of fireworks will be purchased.
 A feature returning to the observance this year will be the giving away of a new car. Most merchants have details of the contest displayed at their counter.
 Fireworks, which last year were postponed a night because of rain, will follow the beauty contest. Around \$500 outstanding prizes will again be offered to the winner and the two runners-up.

Supplement Your Summer Wardrobe in One Afternoon

Dirndl

No Pattern Necessary for Dirndl or Circular Skirt

One more cotton skirt is an inexpensive addition to a summer wardrobe. Either a dirndl or a circular skirt can be cut out and sewed without a pattern. Three to three and a half yards of cotton make a dirndl, four yards a circular skirt.

For either style, the first step is to measure and cut the waistband. A comfortable width is between 1 and 2 inches wide. Too wide a belt will buckle.

To make a dirndl skirt, all three yards of material are gathered at the top on a machine. Two or three rows of gathering should be stitched evenly so that the fullness is distributed smoothly all the way around. Gather the skirt so that the top is the same measurement as the waistband.

There's only one side seam to stitch on a dirndl skirt, but an opening should be left for a side zipper. Insert the zipper and stitch it as well as the side seam before putting the dirndl on its waistband.

To put the two parts of the skirt together, the length of the waistband is stitched around the skirt on the inside. Then turn the waistband material over to the front of the skirt and stitch it again, thus making a finished waistband of 1 to 1½ inches. Now that the skirt is com-

plete, it can be hung at the desired length and a 2 inch deep hem put in.

A circular skirt takes more time to cut than the dirndl, but is no more difficult to make. Cut and fit the waistband first, and remember that the top of the skirt and the waistband must be the same length.

Fold the material for the circular skirt over to the length of the skirt and allow an extra 6 inches of material for hem and the cut-out waist. The fold of the material marks the center of the skirt and the selvage edges will be the side seams. Then cut out the top of the skirt as a quarter circle, equivalent in width to one-quarter of the waistband. When unfolded, this piece makes the front half of the skirt.

The bottom of the skirt also is cut in the shape of a quarter moon, but a much wider one than at the waistband. Mark it for cutting with chalk which has been tied to a string, so that the chalk can be strung to indicate a quarter circle.

The circular skirt is sewed together and fastened to the waistband by following the same steps as for the dirndl. Ease the circular top of this skirt into the waistband so that it is perfectly smooth with no tucks or pleats to mar its graceful fullness.

Don't try to hang and hem the circular skirt as soon as it is finished. If it is, then sooner or later the hem will be uneven. Place the circular skirt on a hanger for a couple of days so that the material will fall in place. Then it can be hung and hemmed without fear of having to do it over after wearing it for a few weeks.

ONE HALF OF SKIRT

Circular

Honey-Baked Apples

Detroit's Consumer Marketing Information agent suggests trying honey-baked apples for dessert. Wash and core apples, leaving part of the core in the bottom of each apple to act as a plug. Fill the cavity with honey and bake in moderate oven . . . simple to make and delightful to eat.

Look at the tip of asparagus for a guide to its tenderness. If the tip is open, resembling fingers spread apart, the asparagus is old. In the best quality asparagus, the tip resembles your thumb and fingers held closely together.

Sauces & Toppings

Ice cream is especially useful over cake-type desserts or warm puddings. Cream . . . either plain or whipped and flavored with spices . . . is also good sauce for pouring over fruits or cobbler type mixtures. Whipped, sweetened heavy cream makes an elegant icing for angel-type cakes.

Often we overlook frozen fruit concentrates as possibilities for sauces and toppings. Orange concentrate . . . slightly thawed . . . is flavorful when served over fruits and ice cream.

For spur-of-the-moment toppings, try jam, jellies, and marmalades. These are nice for cakes and ice cream.

Suburban Living

Living

Honey Meringue

Honey meringue, as a topping for pie, is a pleasant change. According to Detroit's Consumer Marketing Information agent, mix one-half cup honey, one eighth teaspoon salt, one egg white, and beat until stiff. Spread it over the pie and brown in the oven.

Wash Swim Suit After Using To Save It From Sun, Sand

A bathing suit that fits and is taken care of will give several seasons of service. This is true, even though swim suits during the summer get more wear — and take more abuse — than any other article in a person's wardrobe.

For the boy or girl, man or woman who is near enough to the ocean, a lake, river or the backyard swimming pool to take a swim two or three times a day, more than one suit is essential. The owner of two or more swim suits should alternate wearing them and for each dip put on a dry and clean suit.

The style and the material of a new swim suit are up to the wearer. Woolen, cotton, rayon, lastex and synthetic fibers are available in a variety of styles. More important to the comfort and long wear of a suit is its fit.

To determine whether or not a swim suit is the right size, try it on in the store. Most stores will not accept later returns for sanitary reasons. Try on the suit as you would wear it, with or without foundation garments. To be completely certain that the suit is a good investment, notice how it is made and the seams stitched and finished. Also, read any tags or labels to see if the fabric has been preshrunk and is colorfast.

Every swim suit, new or old, and no matter what its material, should be treated in the same way. After each wearing for swimming or paddling, rinse out the wet suits or trunks in clean, fresh water, as soon as possible.

Then hang it up carefully, out of the sun, to dry. If at all possible, don't wear it again until it is dry.

If a beach club or dressing rooms at a fresh-water swimming spot has no facilities for rinsing out the suit after it is taken off, then it should be rolled in a towel or placed in a plastic bag to be taken home for rinsing and drying. Roll each suit in its own towel or plastic bag to prevent the color of one suit from staining another suit.

Every so often, even if the swim suit has been worn only in fresh water, wash the suit. If it is worn regularly in salt or chlorinated water, than washing after each wearing is good. Use lukewarm water with mild soap suds, rinse twice in clear water and then hang the suit, again in the shade, to dry thoroughly. Shape the suit gently before hanging it over a line or rod.

Sun, sand and especially salt water take their toll of swim suit fabric. That's why alternating wearings of suits, always rinsing them and occasionally washing them are important.

Handbags are softer, rounder and slimmer this year. They may be large, but they are flat. Some are of the flower garden variety, trimmed with massive bunches of flowers. Others are trimmed with fruit, braids or laces. Look for straw—crunchy straw cloth, rough straw or the new satin straw.

Keep frozen foods at 0 degrees F. or colder for the best tasting foods when you thaw and serve them.

Pre-Schooler Sees Rival in New Baby

When you walk in the door with a new baby, it may seem like a grand entrance to you, but it can be pretty miserable for your pre-schooler. Mrs. Lennah Backus, child development specialist at Michigan State University, says that it will be some time before your child gets used to his new brother or sister.

It is perfectly natural for your child to be jealous of the baby. Up to now, he has been the center of attention; all your love has been directed toward him. Now he must share both your love and attention—and it's very hard for young children to share anything!

There's one problem you may run up against—your child hurting the baby. He may not mean to hurt him; it may just be an over-enthusiastic display of affection. Then again, he may know that this is one way to get a "rise" out of someone. He may be craving the attention which you have neglected to give him.

Of course, the child sees the baby as a rival, but you can help him turn his rivalry into his helpfulness. Show him how he can help take care of the baby and show appreciation for the things he does. He will probably want to hold the baby—let him! He can sit on the floor on a rug or blanket, or in a large stuffed chair, or in the middle of a bed, and with your supervision the baby will be safe.

Don't overdo your "act like a grownup" approach. If you

term everything for which he temporarily yearns (like a bottle) "babyish" and everything that he doesn't want to do "grownup", he will decide that he definitely wants to be a baby! Humor him when he seems to especially want to be babied. If you don't deny him these experiences, he will soon find that they aren't as much fun as he thought they would be.

Clutch purses are still good this season, some are embroidered and other are flowered prints. Tapestry silks covered with embroidery are also featured.

Balanced Diet

The recommendation for part of a balanced daily diet is to include at least four servings of breads and cereals that are whole grain, enriched, or restored. Foods in this group furnish worthwhile amounts of protein, iron, several of the B-vitamins and food energy. Count as one serving: one slice of bread; one ounce ready-to-eat cereal; one-half to three-fourth cup cooked cereal, cornmeal, grits, macaroni, noodles, rice or spaghetti.

Treasury Not Bare

Michigan's treasury is solvent as 1957-58 enters its last days. It is a temporary respite from poverty that can be attributed to Rep. Rollo G. Conlin (R-Tipton) whose talents as chairman of the House Taxation committee are sometimes not appreciated by all.

With his plan to postpone payments for liquor purposes, Conlin has again stymied Gov. Williams and the Democrats, and has given a special research project on revenue time to act.

Williams predicted in January and in March that the state would go broke again this year. Conlin's idea was to extend the normal 30-day payment for purchases by the state's liquor monopoly to 90 days. In effect, the state would pay its bill as it sold the goods. It went into effect almost unheralded after stiff debate in the legislature.

There were dire predictions that the plan would open the gates wide to bootlegging from states adjoining Michigan; that distillers would demand extra compensation and other benefits.

"These people are doing a favor for Michigan by waiting for their money," said one expert. "They will want something in return." Up to this point, there have been no unusual overtures by distillers and, Conlin said, the plan works like a charm.

Michigan's schools remember him for his "Conlin Plan" in 1954. Until then, state school aid was based on collections two years before. His plan put school aid on a current-year basis.

It wiped out the "time bomb" created by fluctuating sales tax collections.

Conlin's latest idea helped wipe out the threat of poverty this year. It will give a special revenue study a year in which to revise the state's tax structure and achieve permanent reform.

Republicans realize that the new Conlin Plan is not alone responsible for the rare feat of governmental solvency.

Williams weeks ago passed down an order to the dozens of state agencies to cut financial corners wherever possible to save money. The highway department alone reported that it had saved more than \$1,000,000. Other agencies are leaving positions vacant and curbing travel which they considered necessary in other years. State government is trimming its sales to weather the economic storm.

Progress, too, brings its economic crises.

The more than 900 miles of limited access superhighways are leaving businesses stranded along the "old routes" being replaced.

Highway Commissioner John C. Mackie has established a policy to protect, as much as possible, the businesses being bypassed while building highways designed to save lives.

Businesses placed in peril by the changes are allowed restricted advertising on the nearby expressways. No others can compete.

Mackie is asking only for patience to give his policy a chance. He is certain that, when the five-year \$1,250,000,000 building program is completed, Michigan will be a better place in which to travel — and to do business.

Washington Highlights . . .

By Roy Vernon

POLITICAL PULSE. The approaching Fall elections will be the real acid test on how successful the Republicans have been in developing a two-party system in the South.

Most of the handful of Southern Republican Congressmen can attribute their election in part to the one-time strong popularity of President Eisenhower. Today Mr. Eisenhower is a "lame duck" President and his popularity is on the wane.

The Republican party will concentrate its fire on the South and "Operation Dixie" will answer many questions. Their big argument is that the National Democratic Party is dead forever in the South.

KILLER ON WHEELS. Congress may be forced to impose horsepower limitations on automobiles in an effort to curb death and destruction on the Nation's highways. More than 37,000 persons were killed and more

than a million maimed in traffic accidents last year.

The lawmakers also may consider requirements for additional safety devices on vehicles such as electronic gadgets to automatically apply brakes when dangerous conditions loom ahead.

BACK-STAGE MANEUVER. It isn't generally known but two powerful Texans — one a Republican and the other a Democrat — have succeeded in warding off a premature slash in taxes.

Treasury Secretary Robert B. Anderson and Speaker of the House Sam Rayburn wield tremendous influence and their "gentleman's agreement" on taxes has helped to prevent both parties from bidding against one another on a tax cut that later could prove to be an economic blunder.

The result is that both Congress and the Administration have soft-pedaled talk of major tax reductions until it can

be seen more clearly whether one is necessary to bolster the sagging economy.

HIT OR MISS. Everyone in this country is naturally concerned over Russian success in the missile field. Overlooked, however, is the fact that these missiles are far from accurate at this point.

Scientists have calculated that two missiles, launched at 1,000 miles range, would have to be fired at every target to achieve 90 percent certainty of a hit. But 12 missiles would have to be launched at a range of 2,000 miles, 18 at 3,000 miles and 26 at 4,500 miles — just to be sure of hitting a single target.

And to destroy 4,000 Western missile-launching sites at various ranges, Russia would have to fire 50,000 to 60,000 missiles almost simultaneously. Remember, too, these missiles are expensive and hard to turn out in volume.

THOUGHTS FOR FATHER'S DAY

INTEGRITY STARTS IN THE HOME

If Your Name Is 'ROSE'

By ANN REYNOLDS, Ph.D.

This name is popular all over the western world, and especially with the Irish; maybe because it reminds us of the beautiful flower. The name and the rose have come to be identified in our minds. Yet scholars claim a less poetic derivation for "Rose," alleging that it developed from the Old Germanic word for "horse," which was "hros."

Not satisfied merely with the name "Rose," a number of variations were made from it, more or less hinting at the word for the flower. There is, for instance, "Roseanna," put together from "Rose" and "Anna," first used in the 18th century. "Rosette" is a French diminutive, widely occurring also beyond the borders of France. "Rosemond," regarded in the Middle Ages as meaning "pure or clean rose," also contains the Old Germanic word for the horse, coupled with "mund," meaning "protection," in the same language. "Rosemary" is not composed of "Rose" and "Mary" but is another flower name, not of a rose at all. "Rose of Sharon," too, is a different plant; it occurs in the Bible. The Song of Songs 11:1 where it says, "I am the Rose of Sharon." What flower was meant has not been established; it could be that it was the crocus or the narcissus, growing at Sharon, a region between Joppa and Mount Carmel in Palestine.

"Rose" and "Rosalie" are not the same name at all. "Rosalie" referring to an Italian ceremony of hanging rose-garlands on tombs. Yet some girls named "Rose" sign their name alternately both as "Rose" and "Rosalie." Rose Bonheur, for instance, the famous French animal painter of the last century, is recorded by both these names.

Born of an artist family, Rose showed her great gift already when a small child, and when she was in her teens, she would go to the slaughterhouses of Paris, and crouching in a corner of these dismal places, draw the animals. At 18, two of her paintings were exhibited at the Paris "Salon." Her most famous painting is "The Horse Fair"; it was bought by Cornelius Vanderbilt, and given to the Metropolitan Museum, New York. Rose Bonheur was the first woman to receive the Grand Cross of the French Legion of Honor; it was pinned on her breast by the Empress Eugenie herself in 1894. In later years Rose Bonheur, whose art often has been called mascu-

"Life Begins at Forty"

By ROBERT PETERSON

PEOPLE ARE STILL TALKING about that list in Fortune Magazine of the 75 richest people in the nation. It was fascinating to read about these modern Midases even if you didn't have an uncle among them.

One of the well-heeled lads listed was Leo F. Corrigan, 64, of Dallas, Texas. He may not be the richest senior citizen in the country but he is some 500 million dollars this side of the poorhouse. And he made it in suburban shopping centers.

Corrigan grew up in a St. Louis slum in a family of ten. He never got past the fifth grade—a fact you'd best conceal from the youngsters. In his late teens he wandered down to Texas and at 20 got a job selling office and store space in Dallas. As he paddled around town peddling space he apparently had more in mind than the top tune on the hit parade for he found himself wondering why people in the suburbs had to go all the way into town to do their shopping.

As no one else seemed to be doing anything about it, he decided to pioneer in developing suburban shopping centers. And he did right well.

His estate now includes 34 giant shopping centers, plus real estate including hotels and office buildings. But even with his millions he's human enough to want things he can't have. Friends say he pines over a deal which fizzled and lost him the Empire State Building—a jewel he'd love to see topping his realty crown.

"I've made my larger deals since the age of forty," says Corrigan, "and while many insist that the day of opportunity is past, I believe that opportunities have never been greater."

He stresses the opportunities in suburbia. "There is tremendous

need for development," he says, due to the transition from central city living to suburban living. I think the greatest charge we have is to develop people qualified to explore, examine, and obtain sites for development, and from that point on plan, finance, construct, lease, and operate these suburban sites."

IF YOU'RE EAGER to take out after your first million, perhaps you'll profit from Corrigan's views. In our lazy moments, of course, we like to tell ourselves that the day of great opportunity is past. But Corrigan finds that opportunities have never been greater—and he's got half a billion in the till to prove it.

"The installment collector has a hard time keeping up with the Joneses, too!"

... And I Quote

"There is just as much authority in the family today as there ever was — only now the children exercise it." — Rev. H. C. Phillips.

"A woman who's too tired for words will usually tell you all about it." — Franklin P. Jones.

"Credit as an asset is desirable, but cash as an accessory is more so." — Vincent Jones.

"The average man would rather you criticized his morals than his driving." — Bill Laughan.

"Middle-age when you're grounded for several days after flying high for one night."

"Hard Times — When hitchhikers are willing to go either way."

"Don't worry about finding your station in life. Someone will tell you where to get off. There are 116 taxes included in the price of a man's suit."

"Egotist one who remembers big."

Concert Records

NEW YORK (UPI) — There rarely has been a finer Italian hand than that of Gioacchino Rossini; we're still finding out how very fine it was. Recently an "album of music" which he presented to Miss Louise Carlier in 1835 turned up. It was an album of love ballads, most of them sticky, composed for her alone. Rossini composed the first one, and 16 of the leading Parisian composers of the day contributed one each.

And who was Miss Carlier? The daughter of a Parisian impresario who employed composers and had many from whom to choose. Rossini was a retired millionaire, but he loved intrigues to help his friends along.

This album of manuscripts has been committed to a record by Suzanne Danco, soprano, who gives the songs more art than most of them deserve. Trivial music but fascinating background (Epic-LC-3442).

Record-makers are never slow in getting with a popular tide, and Epic has a recording of the Russian folk music which the Moiseyev Dancers used in their sensational tour of the United States. The recording even has the company's conductor, Sampson Galperine, conducting. Its lively, danceable music, certainly, and without the monotony of folk dance music since it has been re-composed (Epic-LC3459).

The Philadelphia

pail after pail after pail . . .

there's always plenty of hot water

the new electric water heater way

House cleaning is so much easier, so much faster when there's plenty of hot water.

You can be confident that an electric water heater, plus Edison's Super Supply Plan, will provide round-the-clock hot water for cleaning and all the rest of the family's needs, too.

Here's the convenient, modern way to GET IT HOT . . . GET A LOT for an operating cost as low as \$3.88 per month.

- Only electric water heaters give you all these important advantages:
- Efficient—the heat goes into the water
- Fast—new, more efficient heating units
- Install anywhere—need not be near a chimney
- Outer shell—cool to the touch all over
- Long life—meet Edison's rigid standards
- Edison maintains electrical parts without charge
- Automatic—all the time
- Safe—clean—quiet—modern

YOUR HANDWRITING TELLS YOUR STORY

With Grapho Analysis
BY JEAN EVANS

Dear Jean:
I enjoy reading your column and questions rise in my mind from time to time. Would you please tell me if a person with criminal tendencies and a knowledge of Grapho Analysis could conceal this in his handwriting?
Thank you.
RIP

Dear RIP:
When a person applies for entrance to the school of Grapho Analysis his handwriting is completely analyzed to determine whether he would be a desirable person to have in the profession. No one is accepted who would use this knowledge maliciously or for gainful purposes. Our Code of Ethics must be adhered to at all times. Therefore, a person possessing these undesirable traits could not possibly learn which traits to conceal.
The literature available to the public explaining various traits is only an introduction to the science. A criminal is not revealed by one or two traits alone but a combination or combinations of various traits when added together and weighed one against another. Thus, the would-be deceiver will be easily detected by the expert eye of a trained Grapho Analyst.

Dear Jean:
Your handwriting analysis column has always been of great interest to me, as I believe it's the only true way of revealing a person's character.
I would be very pleased if you would read my handwriting, and then maybe you could tell me what I constantly seem to be in search of.
An ardent reader B.R.

Dear B.R.:
There is true artistic ability shown in your handwriting. You express yourself in a down-to-earth manner without benefit of a great deal of imagination. To you, fact is more interesting than fiction.
You will be successful in whichever phase of the arts you pursue whether it be music, art or literature. That inherent desire for creative expression should be put to good use.

Dear Jean:
Wouldn't miss your article for anything. In fact, when you stop writing I'm stopping my subscription. I've always had a secret ambition to be a surgeon. Can you tell me if I have the basic characteristics for such? I'm exceptionally neat with a needle and thread.
F.L.K.

Dear F.L.K.:
There is more to becoming a surgeon than sewing up the incision! However, you do have an inquisitive, investigative mind always desirous of learning. You also possess the ability to analyze the facts. You would probably do well as a diagnostician.
There is intuition present in your handwriting and you are loyal to what you think is right.

You need to pay more attention to details or you might become the type of surgeon who finds one sponge missing after he has done an elaborate job of sewing up the patient!

Dear Jean:
I am interested in having my handwriting analyzed. Please may I?
M.G.R.

Dear M.G.R.:
There is much resentment shown in your handwriting and this can cause you much

NOTICE OF HEARING CLAIMS STATE OF MICHIGAN THE PROBATE COURT FOR THE COUNTY OF WAYNE
No. 461-527
In the Matter of the Estate of Edson O. Huston, Deceased.
Notice is hereby given that a 11 creditors of said deceased are required to present their claims, in writing and under oath, to said Court at the Probate Office in the City of Detroit, in said County, and to serve a copy thereof upon AUSTIN WHIPPLE, ADMINISTRATOR WITH WILL ANNEXED of said estate, at 939 Penniman Avenue, Plymouth, Michigan, on or before the 30th day of July, A.D. 1958, and that such claims will be heard by said court, before Judge James H. Sexton in Court Room No. 1221, City County Building in the City of Detroit, in said County, on the 30th day of July, A.D. 1958, at two-thirty o'clock in the afternoon.
Dated May 19, 1958
JAMES H. SEXTON, Judge of Probate.
I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

AN INSPECTION of the Salem Township Sheriff's Department unit was recently made by Sheriff Lillie of Washtenaw Co. From left are Officer Carleton Hardesty, Deputy William Edmunds, Sheriff Lillie and Supervisor William Scheel.

New Patrol Car Adds To Salem Township Protection

By Mrs. Herbert Famuliner

Salem Township Supervisor William Scheel and Washtenaw County Sheriff Lillie recently inspected the Salem Township patrol car and officers William Edmunds and Carleton Hardesty. The Salem Township sheriff's car is owned by William Edmunds, who is deputized, in uniform and operates under the direction of the sheriff of the county.

Northfield and Ypsilanti Townships own their own police or sheriff cars painted sheriff's colors, their officers operating under the direct command of the Sheriff's Office. Dexter Township has a setup similar to that of Salem Township with the local sheriff officer owning the car and the Township participating in the expense of the car and officer's salary.

Regardless of who owns the car, the township or the individual, the setup is not only good for the local community but for the county as a whole. The county has no money invested in the automobiles, participates in no car expense and yet the sheriff, through these deputies of his, has full command of the officer and the car in areas quite distant from the Ann Arbor office.

Salem Sheriff officer Edmunds since last August 1 has been operating for the township at \$100 per month. He also acts as Township liquor inspector. The Township at its annual meeting in April voted to pay Edmunds \$200 per month for patrolling the township and inspection of taverns and beer sales places. The Sheriff office also makes its contribution to Sheriff Lillie as to his activities for the month.

the time the deputy spends in county service.

Salem Supervisor Scheel stated that many of the Township citizens feel that this sheriff's car stationed in the township has been of real value to the township and particularly the business people, knowing that an officer is checking their establishments several times each night after closing time. Scheel said that a few breaking and entering cases in the township have been solved by the local Sheriff's officer alertness, being able to concentrate his time and efforts in the locality watching suspicious persons and by being at the right place at the right time. Scheel said that this is no reflection upon the Sheriff's department since the sheriff has not the manpower to patrol all the county properly during the night hours.

The two township officers are all under the call of Sheriff Lillie 24 hours a day. Sheriff Lillie, in recognizing this additional service to the county as well as to the township owning and operating these cars, made this tour of inspection, checking the cars for safety, conditions, and equipment and interviewing the deputy officers under his jurisdiction.

The Salem sheriff's car has a two-way radio. Officer Edmunds in starting out reports to the Ann Arbor sheriff's office that he is on patrol and again when he stops for the night. The Ann Arbor office is in constant touch with Edmunds during the hours he is on and off duty. Officer Edmunds reports monthly, both to the Township Board and to Sheriff Lillie as to his activities for the month.

Tips for Teens

By ELINOR WILLIAMS

If you want to be "in the money" this summer, perhaps you'll have to invent your vacation job yourself. It can be done.

The more dependable you are, the more money you'll earn. So if you start a self-made job, keep it up; don't drop it on the first steamy-hot or rainy day... or when you feel like extra shut-eye after a late date.

Your best bet is probably providing service... possibly service for housewives. For them, "convenience" and "moderate cost" are the big appeal. So keep your prices or rates low as possible for a reasonable profit.

Begin with people you know — friends and neighbors. Show them samples of your work or explain your services, giving prices or rates. Ask them to suggest other people who might be interested in your project or wares. Perhaps these "teen jobs" will give you an idea of your own:

Resident to be Granted Degree from Albion

Margaret A. Burr, daughter of Mr. and Mrs. George S. Burr of 1463 Sheridan, received her bachelor of arts degree at Albion college Monday morning, June 9, during Commencement ceremonies in Goodrich chapel.

The Commencement address was given by Dr. Claude J. Lapp of Washington, D.C., director of fellowships of the National Academy of Sciences and a member of the National Research Council. President W. W. Whitehouse of Albion college conferred the B.A. degree on 221 young men and women who have completed their undergraduate work at Albion. And he also bestowed honorary doctorates upon three others.

Goodwill Pick-Up

The next visit of Goodwill Industries pick-up trucks to Plymouth is scheduled for Monday, June 16. Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards. To arrange for a Goodwill Industries truck pick-up, call the local Goodwill representative, Mrs. Lora Ault, telephone number GR. 4-4294.

Shopping service — Many housewives shop for family food once a week, then pick up perishables such as bread, milk, fruit and party food as needed. A boy with a bicycle or a car can do these errands profitably for 15 to 25 cents per trip, doing errands for ten or more people at a time.

Pet parking — A girl or boy can make money feeding and walking dogs for 75 cents

Local Teacher Initiated Into Honorary Society

Mrs. Mary M. Hilbert Fritz of 160 Amelia was initiated into Phi Lambda Theta, an honorary society honoring outstanding students in education and such related fields as counseling, library science and social work.

Mrs. Fritz teaches at Starkweather school and is a graduate student at the University of Michigan.

The initiation banquet was held at the Michigan Union Tuesday, when new members were received into Phi Lambda Theta and a similar men's honorary, Phi Delta Kappa.

Rebekah News

The next meeting of Rebekah Lodge 182 will be June 13. We hope for a one-hundred per cent turn out of members to welcome our visitors as this is Vistation Night.

Sunday, June 8 was the joint Odd Fellow and Rebekah Memorial Service at Saint John's Episcopal Church at 11 a.m.

Plymouth's Summer School Program Is Only One Kind in Michigan

Plymouth's happy students are singing and shouting the praises of their summer education and recreation program. And they have reason to be bursting with pride. Plymouth is the only school system in Michigan with such an advanced summer program.

Many communities in the Wayne County area have summer programs, but they are strictly remedial or the penalty-type program. You only take this program if you need to make up some work or if you want to go faster than your classmates. Such programs are in existence in Garden City, Dearborn, Grosse Pointe, and Detroit.

In the Plymouth Community School district the summer program has a wider approach than in the neighboring Wayne County school system. The local program gives all students an opportunity to find a summertime activity that will be meaningful whether it be recreational or educational.

Registration for the summer courses continues through June 6 with the principals at all of the schools in the Plymouth system.

Completing last week's schedule, the summer listing for Laurence Livingston's and Wayne Dunlap's classes have been issued.

The summer band program is for all students below the ninth grade level and will meet at the new Junior High building. The schedule is as follows:

Livingston
Monday: 9 a.m., beginning Clarinets; 10, beginning flutes; 11, beginning percussion; 1 p.m., 6th grade brass, 2, 6th grade woodwind.

Dunlap
Monday: 9, beginning cornets; 10, beginning violins; 11, Junior Orchestra strings; 1, advanced orchestra strings; 2, beginning trombone; 3, individual help.

Wednesday, same as Monday.

Thursday: 9, 6th grade percussion; 10, Junior High woodwinds; 11, Junior High brass; 1, Junior High percussion; 2, individual help.

Friday: 9, 6th grade band; 10, Junior High band; 11, 5th grade band; 1, individual help.

Notice of Public Hearing City Commission City of Plymouth, Mich.

At a regular meeting of the City Commission to be held in the Commission Chambers of the City Hall on June 16, 1958, at 7:30 p.m., a public hearing will be held to consider the vacation of the following alleys:

Alley between Adams Street and Karmada Street from Farmer Street south across Blanche Street to south side of Lot No. 1, Kate E. Allen's Addition to Plymouth Village, and then west to Adams Street.

Alley south of Blanche Street from Theodore Street to rear of lots facing Adams Street.

Alley between Farmer Street and Blanche Street from alley at rear of lots facing Adams Street east to east edge of Lots No. 9 and 19 of Thomas Subdivision.

All interested parties will be given ample opportunity to participate in the hearing, and at the close of the hearing, all comments and suggestions of those citizens participating will be considered by the City Commission before making its decision.

KENNETH E. WAY, City Clerk

Notice of Public Hearing City Planning Commission City of Plymouth, Mich.

At a regular meeting of the City Planning Commission to be held in the Commission Chambers of the City Hall on June 19, 1958 at 7:30 p.m., a public hearing will be held to consider the amendment to Ordinance No. 182, known as the Zoning Ordinance, as follows:

THE CITY OF PLYMOUTH ORDAINS:

Section 1. There is hereby added to said ordinance a new section to be known as Section 13.09 to read as follows:

Section 13.09. Powers of the Board of Appeals relative to signs. The Board of Appeals, subject to the procedure, provisions and limitations of Section 13.07 may permit a variance from the requirements of Section 9.01 (i) hereto, by granting a temporary permit for a sign to project more than eighteen (18) inches beyond the building line when the building line, as established by the Master Thoroughfare Plan, forces the sign to be so located that it will be hidden or partially hidden from view of the street by existing buildings or structures so as to render the sign ineffective, subject to the following conditions:

- The sign shall not project more than eighteen (18) inches beyond the building line as established by the majority of the buildings in the block.
- The temporary permit as to location of the sign shall be effective until the authorization of the street improvement, at which time the City shall notify the owner that the temporary permit shall cease and that the sign shall be removed, or removed and replaced in a position in compliance with the Zoning Ordinance.
- The cost of removal or replacement of the sign shall be paid for by the owner or lessee of the building or land upon which the sign is located.
- The sign construction shall comply with the requirements of the Building Code.

All interested parties will be given ample opportunity to participate in the hearing, and at the close of the hearing, the comments and suggestions of those citizens participating will be considered by the Planning Commission before making its decision.

KENNETH E. WAY, City Clerk
June 5 & 12, 1958

are you waiting for what I was?

Let me tell you what I saved when I drove a new Plymouth...then bought one!

Just like a lot of other people, I was putting off buying a new car... even though we sure needed one. Then I found out what my Plymouth dealer was offering in the way of low prices and really big trades.

Mister, when I saw what I saved I knew there was no use putting off any longer! Got more for my old car than I believed possible. (Plymouth dealers need used cars and can sell all they get!) Got a terrifically low price on the new Plymouth... and choice of models besides... hard-tops, sedans, convertibles, wagons.

And I saved a cool \$140 on the ride alone! Plymouth's top-luxury ride, Torsion-Aire Ride, is standard at no extra cost, while you have to pay up to \$140 for the top ride of competing "low-price 3" cars.

What's more, I got the car that proved it can save me gasoline, by winning the 1958 Mobilgas Economy Run. A car with Silver Dart Styling that is so far ahead right now it will still be worth more when I trade. With the kind of easy handling that makes every minute of driving a downright thrill! The stamina to stand up, without nagging adjustments and big repairs... a car as much better built as it is better looking!

Any wonder I quit waiting? Take my tip... get your Plymouth bargain right now.

For he's a Jolly good father

South Plymouth: Cub Circus, Baseball Games, Traveling Keeps Area Busy

Covering the area bounded by Main St., Joy Rd., Ann Arbor Rd. and Haggerty, including Rocker Subdivision and Arbor Village.)
MRS. ROBERT A. BASKINS
 GL. 3-2608

At Smith school Pack 6 of the Cub Scouts turned to the circus life. The boys of Den 5, headed by Mrs. Robert Dirlam, presented the side show. In costume were David Dirlam, Tommy Bowman, John Cummings, Larry Southard, Randy Blackford, Bobby Schaefer and Dennis Rickard.

Mr. and Mrs. Levi Sockow and boys, Jim and David, attended the Detroit Tiger doubleheader in Detroit. They enjoyed the games more than usual because Detroit won both games.

Residents of this area had a variety of plans for the Memorial Day weekend and others just spent a quiet weekend at home.

Mr. and Mrs. Robert Richardson of Morrison traveled to Canada with Mr. and Mrs. Glen Bennett of Lansing to find a suitable place for their family vacation this summer. Mrs. Richardson and Mrs. Bennett are sisters.

Other travelers to Canada were Mr. and Mrs. Joseph Thom and daughter Joanne of Ann Arbor Rd. They visited Mrs. Thom's mother, Mrs. Fred Dorman and the Thom's other daughter, Shirley in London, Ontario.

Mr. and Mrs. Ralph Aldenderfer of Rocker drove to Columbus, O., to visit Mabel Aldenderfer, Ralph's sister and then to Circleville to visit Mr. and Mrs. Harry Köhler and Mr. and Mrs. P. Straus, two more sisters of his.

Among those spending a restful weekend at a lake were Mr. and Mrs. Charles Guidot and children Kris, Charles and Debra of Marilyn who traveled to Portage Lake.

Wolverine Lake beckoned Mr. and Mrs. George Shores and daughter of Rocker, who spent their time boating and relaxing with friends.

Mr. Shores and E. J. Rowe of McClumpha have just started a new business in West Dearborn. Rand H. Brooks Service at 5920 Telegraph. They sell and service lawn mowers now and will branch out to include space heaters later. Good luck in your new venture.

Mr. and Mrs. Steven Klepac and daughter Linda Marilyn were in Indianapolis, Ind. over the holiday weekend to see the exciting 500 mile speedway race.

Those entertaining at home included Dr. and Mrs. Fred Foust and family of Main St. who had Mrs. Foust's parents and sister, Mr. and Mrs. Fred Luiermore and daughter as visitors.

Mr. and Mrs. George Dill of Cleveland, O. visited their daughter and her family, Mr. and Mrs. J. William Fowlkes and daughter Nancy, Martha and Mary Beth of Rocker. Mrs. Studybaker, who has been visiting the Fowlkes, returned to Cleveland with Mr. and Mrs. Dill.

Mr. and Mrs. Arthur Krueger of Rocker visited Mr. and Mrs. Walter Fulton at Traverse City during the Memorial Day weekend.

Scott Allen is the name of the new son of Mr. and Mrs. Charles Guideau of Judson. The baby was born Saturday, May 24 at St. Joseph's Mercy Hospital, Ann Arbor, and weighed 7 pounds, 13 ounces.

Among those traveling on the Memorial Day weekend were Mr. and Mrs. Frank Palmer and children Judy, Marie, Charles and Paul, who went to Coshocton, O. to visit Mr. and Mrs. Alfred Mortini, parents of Mrs. Palmer. While in Coshocton, the Palmers were also able to attend the alumni dinner of Mrs. Palmer's high school graduating class and a family reunion dinner.

Mr. and Mrs. Chalmers Juleff of Morrison went to Tawas City during the holiday to visit Mr. and Mrs. James Jenkinson and son Jerry. The Jenkinsons and their 10-year-old son were hit by a truck recently, resulting in serious injuries. All were hospitalized and will be for some time.

Jenkinson is the brother of Mrs. Juleff.

Recently, Mr. and Mrs. John Bowman and children Bonnie, Johnny, Tommy and Randy attended the baccalaureate services at North Adams High school where Dena Lee Randall, niece of Mrs. Bowman is a June graduate. Dena was valedictorian of her class, received a pin for music, a homemaking award and a nursing scholarship to Sparrow Hospital in Lansing. We all congratulate this talented and versatile young lady.

Base Lake, near Dexter, was the destination of the Donald Hay family and the Robert Erdelyis over the holiday. These two families, with a total of five daughters between them, spent the holiday relaxing and enjoying themselves at the cottage of Mrs. Hay's mother, Mrs. Margaret Stremich.

The Motor City Speedway races beckoned Levi Sockow and son David, along with neighbor, Kenny Moore. The hot rod races were a "thrill a minute."

A very important baseball game took place recently in the Robert Dirlam backyard when Cub Scout Den 5, under leader, Mrs. Robert Dirlam, met Den 8, led by Mrs. Van Buren. Den 5 won the hard-fought battle by a close score, 9 to 8. Winning team members are David Dirlam, Randy Blackford, Tommy Bowman, Johnny Bowman, Dennis Rickard, Larry Southard and Bobby Schaefer.

The 14th birthday of Dick Stone was celebrated at a party in the Stone home on Morrison. The teenagers attending were Sandra Tabbert, Frosty Morgeson, Ann Thomas, Jim Sockow and Sandra Vogel.

Another birthday party was attended recently by Mr. and Mrs. Robert Richardson and children, Brenda, Rosemary and Pamela of Morrison. They celebrated the birthday of Mrs. Josephine Wright, mother of Mrs. Richardson. On her 84th birthday Mrs. Wright was honored by 60 guests who were all her children, grandchildren and great grandchildren.

The Harold Shirey family of Ann Arbor Rd. is always a busy group. Some of their recent activities included a trip to Detroit by Mrs. Shirey and daughter Virginia to the Grand Assembly of Rainbow Girls of the state. This year Virginia is the worthy adviser of the local group and Mrs. Shirey is the mother adviser. The Shirey family spent a weekend at the Jackson Recreation area camping with their new trailer.

Our family had three happy young children on Memorial Day, when their uncle, Buryl Baskins of Northville, asked them to ride in a parade at Wayne in his Model A Ford. Brian, almost 8 years-old, Jack, 6 years-old, and Linda, 5 years-old happily accepted.

R. E. Forster, of 1143 Simpson St. attended a meeting of Kimberly Clark Corporation service products salesmen in Genoa City, Wisconsin June 9-10. Forster is affiliated with the company's midwestern sales district.

Woman's Eye View

by Nancy Rigney

To some people, a pony's just a pony; but to those who entered a recent pony-naming contest promoting Edsel cars, a pony can be called almost anything under the sun.

Consider some of the names submitted from among the more than 100,000 youngsters who entered the contest.

Many took a classical approach to their names, but the original punsters were probably older family members. There was Mount Frisko, Neighpooleon, Charlemane, Supcules, Sir Prancelot, Little Lord Funtaride and Scamper Fidelis. Probably the biggest stretch of the imagination is Patter Hoffski... obviously a music lover.

World news influenced another group, which came up with choices like: Pace Kidette, Spurtnik, Strutnik and Sputsel.

Punsters loosed their minds for such gems as: Bounding Mane, Pearly Gait, Fancy Prance, Mane Spring, Smartie Prance and Canterlope. A skin-topped movie hero inspired a youngster to suggest Yul Braymore.

Millions of combinations of the name Edsel turned up along with many "regular" pony names. The task of choosing local winners for each of the 900 participating dealers, fell to an independent judging organization.

Here in Plymouth, West Brother Edsel will announce the winner within the next week. They are awaiting shipment of the pony.

Mary Sullivan, niece of the Bob Beyers and the Carl Hartwicks of Plymouth was the winner in White Lake, with the name of "Palami."

The newest addition to Plymouth's long list of clubs and organizations is of a civic and cultural nature and at present has 14 members, nine of which are pledges. Locally it will be known as Eta Psi chapter of Beta Sigma Phi, part of an international network of chapters.

Mrs. Robert Brown of S. Main St., the first president of Eta Psi, tells me that the group plans active participation in civic projects as well as their own yearly philanthropic project. Good luck ladies, in your future plans.

Mrs. Walter Nichol, 985 Church St., will be among the 1,000 alumnae returning to Wellesley College for the annual get-together this weekend on the campus in Wellesley, Mass.

Members of 14 classes from 1888 to 1943 will hold reunions. They will attend lectures, a variety of social and traditional events, and the 78th annual meeting of the Alumnae Association. A special event will be the dedication of a new unit of the college library, which has doubled the size of that building.

For the fairer sex who enjoy fishing, Mrs. Florence Wood Eagen of the Wood Insurance firm brought back a real fish story last week. While fishing at the Woodland Spring Club's pond in Northern Michigan she pulled out a 14-inch brook trout. But the fish hadn't swallowed her lure. It appears that the trout had swallowed a hook on a previous occasion and snapped off the catgut leader from the line. Mrs. Eagen's midget Daredevil lure hooked onto the loop of the leader. She wisely points out that there were witnesses.

Leah Irwin
Leah Irwin's Troth Told by Parents

Mr. and Mrs. Everett Irwin of 51215 Hanford Rd., announce the engagement of their daughter, Leah Irwin, to Kenneth Pelchat, son of Mrs. Roland Pelchat of East Detroit. The bride-elect is a June graduate of Plymouth High school.

A fall wedding is being planned.

O.E.S. News

Plymouth chapter 115 of the Order of Eastern Star will hold its annual picnic at Riverside Park Tuesday, June 17 at 6 p.m. across from the concession stand. Members should bring their own silverware, a dish to pass and their own beverage. Meetings have been discontinued for July and August.

NEW BOOKS At The Wayne County LIBRARY

"Ice Palace" by Edna Ferber — An angry novel of a 50 year battle between two titans trying to dominate Alaska, which depicts today's people, dramatic scenery and weather and the struggle for statehood.

"Purely Academic" by Stringfellow Barr — An ex-college president takes apart the top layer of a small university (the politicking, fund-raising, rivalries of faculty wives and foundation-wooing) in this not altogether kindly comedy about campus life.

"The Other Side of the Sky" by Arthur C. Clarke — As fact leaps forward to overtake science fiction, these brilliant short stories dramatize the next moves: platforms in space, expeditions to the moon and flights far beyond.

"Psychiatry and the Bible" by Carroll A. Wise — How to relate the insights of the Bible to recent findings of psychology and medicine.

"UNESCO" by Walter H. Laves and Charles A. Thomson — A realistic account of the story behind the United Nations Education, Scientific and Cultural Organization and the growth, disappointments, progress and prospects.

"Freedom in Contemporary Society" by Samuel Eliot Morison — A retired Rear Admiral and professor emeritus of American history at Harvard discusses political, economic and academic freedom.

"Last Voyage" by Warren Armstrong — Stories of famous shipwrecks and disasters at sea written by an experienced seafarer man who was shipwrecked himself twice.

"Hilda Take Heed" by Jerome K. Jerome — A mystery novel about Hilda, whose life is endangered by two men desparately seeking the jewels from a robbery her father was involved in several years before.

"The Way Back" by Vincent Brome — The true story of Dr. Albert Guerisse, a doctor in the Belgian army at the fall of France, who escaped to England where he was trained to return to France as an undercover agent, 'Pat O'Leary.' He was one of the most celebrated and mysterious secret operators of World War II.

"Eisenhower's Six Great Decisions" by Walter Bedell Smith — An account of General Eisenhower's actions in Europe between 1944 and 1945, told by the chief of staff during that time.

"History of Witchcraft" by Montague Summers — Firmly believing in the whole paraphernalia of Satanism, the author has a wonderfully good time describing the nefarious orgies with gusto.

"The Seventeen Book of Young Living" by Enid Haupt — Mrs. Haupt, editor and publisher of Seventeen magazine, brings together what all young people want to know about exciting but disturbing aspects of growing up.

"Cope's Plastics Book" by Dwight Cope — Shows how to make more than 90 useful and colorful craft projects from Armstrong — Stories of fa-plastic.

Name Christian Scientist Mother Church President

Leonard T. Carney of Boston, Mass. was this week named president of the Mother Church, The First Church of Christ Scientist, in Boston.

His appointment was announced by the Christian Science board of directors at the annual meeting of the denomination attended by more than 7,000 Christian Scientists from many parts of the world.

A native of Marshalltown, Iowa, he has been an authorized teacher of Christian Science since 1934 and a practitioner since 1919. From 1943 to 1947 he served as a member of the Christian Science Board of Lecturers.

The honor of being named to the Board of Lecturers has been accorded Gertrude E. Velguth of Flint. The appointment will take her throughout the U.S. and other countries to lecture on Christian Science. In Flint she is a member of the Second Church of Christ, Scientist board of directors and second reader.

In their annual message, the Christian Science Board of Directors declared that "in spite of material progress being made, it is becoming evident that material discoveries are not really solving the basic problems." They added that people are beginning to realize that only through a higher power than nuclear fission can men hope to nullify evil elements of the human mind which threaten the misuse of inventions of the space age.

Local Pastor Opens Session of Senate

Opening The United States Senate's session Tuesday with prayer was Rev. Truman Y. Felkner, pastor of the new Trinity Baptist Church of Plymouth.

Rev. and Mrs. Felkner drove to Washington, D.C. Monday so that the pastor could be in the Senate chamber Tuesday noon. Senator Charles Potter of Michigan had invited Rev. Felkner to perform the honor. The two men had met several times while the pastor served congregations in Michigan.

This is the prayer delivered by Rev. Felkner which will be entered into the Congressional Record: "Holy and most righteous Heavenly Father, Thou who art the Creator and Overseer of all men, unto Thee we come. Fill our hearts with love and understanding in this sacred moment of prayer."

"We bow our heads in reverence before Thy Throne of Grace, asking humbly for Thy divine presence and spiritual guidance. Almighty God, be the invited guest in every heart in this Senate chamber today."

"Holy Father, grant wisdom, knowledge, understanding, insight and loving concern unto these, the selected

CHEVROLET

Above, new Fleetside pickup. At right, Series 60 medium-duty tractor.

More models with more ways to save!

Chevrolet's got a specialist for every job, starting with the lowest priced popular pickup you can buy and including the new Fleetside, with the biggest capacity of any comparable pickup. There are Step-Van delivery models complete with walk-in bodies. New medium-duty models—some with a new 72-in. cab-to-axle dimension that's tailor-made for tractor-trailer use; others with a new extra-long wheelbase that's ideal for big van bodies. If your job calls for trucks that are big and tough, consider Chevy's hefty-hauling tandems, the most advanced heavyweights out. A quick call to your Chevrolet dealer can start a Chevy saving on your job right away.

SOCIAL NOTES

Mrs. Doy Pritchett and Mrs. Don Aughenbaugh were co-hostesses at a going-away shower for Mrs. Nadine Bolen. Mrs. Bolen is moving to Arkansas in the near future. Thirteen guests were present to wish her lots of happiness in her new home. Many lovely gifts were received.

Mr. and Mrs. Vern Kohler and family entertained at a Memorial Day picnic. Those present were Mr. and Mrs. Mel Roberson, Mr. and Mrs. Robert Covey, Mr. and Mrs. Doy Pritchett and son Jim, Mr. and Mrs. Wesley Brightbill, Jim Sagers, Joyce Batt and Linda Ford.

Mr. and Mrs. Irving Stewart, formerly of Ann Arbor, are en route to Sacramento, Calif., where Stewart has accepted an engineering position with the Aerojet General Corporation. Mr. Stewart, son of Mrs. E. M. Stewart and the late Mr. Stewart graduated from Plymouth High school, class of '49, and subsequently received BSE and MSE degrees from the University of Michigan's college of engineering. He has been teaching in the engineering college until his recent resignation.

American Legion News

All Legionnaires and Auxiliaries are urged to attend the flag raising and flag burning ceremony on June 13, 8 p.m. in Kellogg Park, and support the officers in this public appearance and to honor our flag. This will be in conjunction with the Elks and VFW.

Flag Day on June 14 will be the 181st birthday of "Old Glory." The American Legion and Auxiliary are calling for a city-wide display of the flag to celebrate the day. It was on June 14, 1777, that the Continental Congress adopted the following resolution: "That the flag of the thirteen United States be thirteen stripes, alternately red and white, that the union be thirteen stars, white in a blue field, representing a new constellation." "Of the new flag George Washington said: 'We take the stars from Heaven, the red from our Mother Country, separating it by white stripes, thus showing that we have separated from her, and the white stripes shall go down to posterity representing liberty.' The flag was first flown in combat at Fort Stanwix at Rome, New York, on August 3, 1777, made by women in the fort, the blue from a captain's cloak and the red from a woman's petticoat.

Important Date: The Auxiliary will hold election of officers, Thursday June 26, 8 p.m. at the Veterans Community Center. All members who can possibly attend please do so and select the slate of officers for the ensuing year. Annual reports will also be read so all officers and chairmen should have them ready.

All members of the Legion and Auxiliary wish to thank Dorothy and Ernest Kai for their gracious open house at their home after the Memorial Day Parade. Everyone had a most wonderful time. A weiner roast was also held.

Keep this date open... July 2, Legion and Auxiliary installation of officers, 8 p.m., at the Elks Club, Ann Arbor Rd.

Loren Trapp Graduated From St. Paul's College

Loren Trapp, son of Mr. and Mrs. Albert N. Trapp of 7995 Sheldon Rd., was graduated from St. Paul's College in Concordia, Mo. on May 30. He has completed the two year course preparatory to studying for the Lutheran Ministry, Missouri Synod. In the fall he will enter Concordia Senior College in Fort Wayne, Ind. to begin five years of training.

THE READER Speaks Up

Mr. Paul Chandler, Editor Plymouth, Michigan Dear Mr. Chandler:

Mrs. Curtiss and I were present during the Memorial program at Central Park, Plymouth, on 30 May and listened with particular attention to your fine address.

If your address is available for distribution, I would be pleased to receive one or two copies of it for the files of the adult education department of the Detroit Board of Education.

Very truly yours, DALE CURTISS Administrative Assistant Detroit Public Schools

Lake Pointe Village Families Start Summer Vacationing

By Mrs. Arthur Cooksey GL 3-2871 As the vacation season draws near many families in the area are picking up travel folders and dreaming a bit for the time when the "children are free".

When this column is read the local school election will be on record. How many people will be able to say "voted"? The newcomers to Plymouth have until July 1 to register for the August state primaries.

Front Row Center

by George Spelvin The Plymouth Theater Guild had an election a few weeks ago. New officers were elected.

Some of the other jobs assumed by the Board of Directors were the following: Jim Blackman, corresponding secretary; Jeanne Frank, recording secretary; Adele Miller, trustee.

DuRay E. Stromback

Burrough Names New Manager Here

DuRay E. Stromback was named general manager of Plymouth Manufacturing and Engineering, Burroughs Division, Burroughs Corporation, effective June 1, according to an announcement by Carl E. Schneider, vice president and general manager, Burroughs Division.

Stromback, former manager of engineering at Plymouth, succeeds Robert A. Niemi who has resigned to accept a position outside the Corporation.

Stromback joined Burroughs in 1949 as design engineer at the firm's Research Center located in Paoli, Pa. He came to the Plymouth plant in 1955 to the post he now vacates.

Stromback lives with his wife and two children in Farmington, Michigan.

Seems they thought they had missed a few! Before we go, remember the Music Circle theater is hosting Frank Parker in "Bloomer Girl" this weekend.

Switching rather abruptly from a successful play to a "D" class horror film is as shocking as the title of the movie under consideration - "Macabre, Macabre" played in Detroit recently and last week at the P and A Theater.

Of course, you can always wait for these monstrosities to be shown on "Shock" Theater, Channel 7, in the Detroit area. They tell me that the first series of films on the Shock series of horror films was so gruesomely successful that the TV-film boys have put a second series on the market under the title of "Son of Shock."

Speaking of TV, our series "Concept" is over for the season. Before we finished we had an excerpt of "Oklahoma" that Livonia Bentley High School students did on May 16th.

Before we drop the curtain for this week, remember that "Oklahoma" opens at the Music Circle Theater over at Eight Mile and Grand River.

father's day SUNDAY JUNE 15 We have a wonderful selection of RUST CRAFT FATHER'S DAY CARDS for him MELODY HOUSE
