Community Fund Goal Set

Quota Up Only \$560; Drive Opens Sept. 29

A Plymouth Community Fund goal that is only \$560.50 higher than last year's has been set by the Fund board of directors as they prepare for the 1959 campaign that opens in the last week of this month. A goal of \$34,098.50 was established by the board of directors at a meeting held last week. Last year's goal was \$33,537. Named to head this year's campaign was Orin Scrimger, a local barber. Other members of the board were appointed to committees as follows:

Treasurer, Robert Barbour; Industrial Solicitation, Charles Stofko (chairman), Hugh Griffin, Carl Shear, Thomas Rossetti; Residential and School, Mrs. Claude Gebhardt (chairman), Mrs. Carl Caplin; Commercial and Professional, C. V. Sparks (chairman), John Lint, Richard Wernette; Publicity, James Sponseller.

The drive is officially slated to get underway on Tuesday, Sept. 29. As in past years, there will be no house-to-house solicitation. Instead, literature concerning the drive and pledge cards will be mailed to each household, business establishment and industry. Plymouth's Community Fund drive is the only independent drive remaining within the metropolitan area. All other communities have drives operated through the United Foundation. Fifteen percent of Plymouth's collection, however, goes to 21 selected united health and welfare fund agencies administered through the United Foundation. The remaining 85 percent goes to 10 local agencies, including one new one, the Plymouth Symphony.

Like numerous other small communities which have symphonies aided by the Community Fund, Plymouth's Community Fund this year has been asked to allot \$2,000 toward the musical organization. In meetings between Symphony Society leaders and the Community Fund Board, it was learned that a lack of financial support could force the symphony to charge admission. So far it has been the policy of the Symphony to keep concerts open without charge so that all may take advantage of the cultural asset, regardless of their financial status. The Fund Board also decided to include the Symphony when it was shown that the Symphony underwrites a number of activities for youth, such as the Junior Symphonies and trips to the Detroit Symphony concerts.

Other amounts granted this year are: Boy Scouts, \$4,500; Girl Scouts, \$3,000; Salvation Army, \$6,000; Visiting Nurse Association, \$5,000; Veterans Memorial Center, \$1,700; Red Cross, \$3,000; Cancer Society, \$3,750; Junior Police, \$3,500. The united health and welfare fund agencies will receive \$4,447.50. These include the R.B. Jackson Memorial Laboratory (cancer research), Leader Dogs for the Blind, Michigan Association for Better Hearing, Michigan Epilepsy Center, Michigan Heart Association, Michigan Chapter of the Arthritis and Rheumatism Foundation, Michigan Multiple Sclerosis Society, Michigan Chapter of Sister Kenny Foundation, Michigan Children's Aid Society, Michigan League for Nursing. Also, National Recreation Association, Michigan Society for Mental Health, United Seamen's Service, Michigan Welfare League, Natl. Com-

Workers of America, A two-year contract expired midnight Tuesday but workers are continuing on the job in hopes of a settlement, according to A. D. Johnson, general manager of the Western Electric Distributing House here.

Recreation swimming for the entire family opens a new season this Monday night at the Senior High School, Recreation Director Herbert Woolweaver announced. Five nights a week the pool is open to some segment of the public. Hours are from 7:30 to 9 and the cost is 50 cents for adults, 25 cents for children. Monday is Family Night; Tuesday, Mother and Daughter night; Wednesday, Father and Son Night; Thursday and Saturday, open swimming.

While the Evans Products Co. strike enters its fourth week tomorrow with the first incident being reported, Western Electric workers here and across the nation are sticking to their jobs despite the expiration of their contract. The Evans incident happened Tuesday when the Detroit, Toledo and Ironton Railroad sent two carloads of workers into the plant to load up boxcars that they wanted to remove from the building. As the railroad workers drove away down Eckles Rd. to Plymouth Rd., six carloads of strikers followed. One of the cars driven by Everett Lampton of Garden City struck a car driven by Wayne County deputy sheriff Lampton was ticketed for reckless driving. The railroad workers were ordered to the side of Plymouth Rd. until deputies arrived. Picketing, otherwise, has been peaceful. Meanwhile, negotiations are going on a New York between Western Electric and the Communications

14th Season Will Be Most Ambitious Ever

Symphony Week Opens Annual Membership Drive

With the most ambitious series ever attempted ahead of them, the Plymouth Symphony Society will open its annual membership drive this Monday in connection with Plymouth Symphony Week. Letters are going out to all former members again asking for their support in keeping the cultural organization alive for another year. This is the Symphony's 14th season. The Society has set a goal of \$5,500 — a little more than half the annual budget. Miss Margaret Wilson is chairman of the family membership committee while David Mather is chairman of the business drive. While the drive will be conducted mainly among those who have supported the Symphony in the past, memberships are open to anyone. Active memberships are \$7.50; supporting, \$15; sustaining \$25; and patron, \$50 and up. Brochures giving further information are available at the Penn Theatre, Melody House, Cassidy's and Carl Caplin's. As in past years, the regular concerts will be open to the public without charge. There will be six concerts in the regular season, with the first being Sunday, Oct. 11. Other dates are Nov. 15, Dec. 13, Jan. 24, Feb. 28 and April 3. Two of the notable concerts this season will be the December concert in which the Ann Arbor Civic Ballet will appear, and the April concert when Symphony No. 9 by Beethoven will be performed. This symphony is considered one of the most difficult as it is seldom performed except by the most professional of symphonies. The 90-piece Plymouth Symphony will again stage its annual Family Concert on Friday, featuring a "Musical Portrait of America" and "A Young Persons Guide to the Orchestra." Wayne Dunlap will again conduct the Symphony, this being his eighth season here. All concerts are given in the Plymouth High gymnasium at 4 p.m.

In addition to the regular season, the Symphony presents other events. Perhaps the most exciting of the season will be the NBC production of "Amahl and the Night Visitors." Featured each Christmas time on television, this original cast production is expected to draw a capacity crowd. The Symphony also presents the annual Symphony Ball, the Pops Concert in the spring and the outdoor Plymouth Colony Concerts.

Walter Smith Loses Life in Auto Crash

Funeral services were held Wednesday afternoon in Plymouth for Walter A. Smith, 42-year-old manufacturer and restaurateur who was killed Sunday morning when his car struck a tree along Plymouth Rd. in Livonia. Smith was owner of the new Thunderbird Inn and was one of the owners of Worden Specialty and Machine Co., both on Northville Rd. Previously he was owner of the Cavalcade Inn which burned in 1958. Livonia police said the accident occurred at 6:08 a.m. in front of Bartel's Flowers. His 1959 Thunderbird was headed west toward Plymouth when it left the road on the left side, sideswiped a utility pole and struck a sign post before hitting the tree 24 feet from the road. Police said the exact cause of the accident is not known, although they indicated he may have fallen asleep. The impact pushed the driver into the back seat where he died. Livonia police said that an autopsy has been performed but results have not been reported. He had suffered severe multiple injuries, especially about the head. First to arrive on the scene, coincidentally, was another restaurant owner and his son, John Zittel and John, Jr., of Plymouth. Young John ran to Bartel's to call police. A fire broke out under the

hood and Mr. Zittel and several other passers-by attempted to extinguish it by throwing road gravel on it. The fire had not spread by the time firemen arrived. The Zittels reported that Smith was still alive when they first arrived. Mr. Smith was born in Detroit on Oct. 16, 1916 to Walter and Mary (Crossan) Smith. He was married on May 6, 1943 and his wife, Ezell, lives at 304 W. Liberty with his two sons, Walter D., 21, and Richard A., 12. Also surviving are his mother, Mrs. Mary Smith; his sister, Lillian Smith; and a brother, Earl L. Smith, an resident of Plymouth; and another brother, William B. Smith of Livonia. A lifelong resident of Plymouth, Mr. Smith was a member of the Northville Masonic Lodge. The Rev. Henry J. Walsh, D.D., officiated at services at 1 p.m. Wednesday from the Schrader Funeral Home. Interment was in Riverside Cemetery. Pallbearers were John Duke, Peter DesCamp, Bruce Cook, Arthur J. Stewart, Bruce Abrahams and David Schaasmith.

DEMOLISHED COMPLETELY was the car driven by Walter A. Smith, local manufacturer and restaurateur who died in the crash Sunday morning on Plymouth Rd. The car struck a tree.

NEWS BEAT

City firemen got a call all the way from Cincinnati recently about a possible fire in Plymouth... The Doughman family, who live at 1083 Starkweather, had left on a trip and got as far as Cincinnati when they remembered they had left a kettle of water on the stove... Firemen climbed a ladder through the kitchen window and found the kettle about to melt down.

BIDS OPENED: Enlargement of the Post Office, delayed once this summer because of bid technicalities, is expected to start soon... The government opened bids in Chicago this week... Purchase of more land will extend the Post Office property through to Fraick Ave.

CRACK DOWN: A number of high school students found out this week that the student driver regulations are more than a theory... Police have stopped numerous students driving cars without permits. Names are turned over to high school authorities and a suspension for a week is the usual penalty.

CLOSE CALL: In a brief item in The Mail recently telling young men to phone a certain number if they were interested in joining the Army, there was a transposition of two figures in the number. Any young man calling the number would not have talked with the Army recruiter, Sgt. William Allen, but with Harry Hunter, Plymouth's representative on the draft board!

AFRICA TRIP: Those interested in travel films and especially Africa will want to see an adventure movie being sponsored by the Kiwanis and Rotary Clubs for the benefit of crippled children. Jack Van Coevering, a Detroit-er with a national reputation, shot the movies in Africa early this year. The premier showing will be Oct. 8 and 9... More will be said next week.

Work Starts Soon On New Township Fire Hall

SOON BEING BUILT in Lake Pointe Village is this new additional fire station for the Plymouth Township department. Voters approved an advisory question last February giving the township board the signal to spend general fund money for the building and to erect an addition to the township hall. The addition has been completed.

Work Starts Soon On New Township Fire Hall

Work is expected to start soon on a new fire station for Plymouth Township that will be located in the middle of Lake Pointe Village. A special township board meeting was called last week to open and approve the bids. Its total cost will be \$29,040. D. S. Mills & Sons of Plymouth will be the general contractor. The plumbing and heating contract was awarded to Acton Plumbing Co. of Detroit while the electrical work will be performed by Plymouth Electric.

The northside fire station is being built to give added fire protection to that heavily populated section. It will also be closer to many of the heavy industries. Plans call for the fire station to be built near the water tower in Lake Pointe Village. Access will be from Schoolcraft Rd. The building, 45 by 53 feet, will have a bedroom, office, bath and a room for the township water department in addition to the fire equipment room. The equipment room can also be used for meetings. Details of what equipment or personnel will be placed in the new station have not been worked out. It is hoped to have the building under roof before cold weather sets in so that it can be completed this winter. These were the bidders for the three contracts: General Contract: Burger Construction, \$23,998; D. S. Mills and Sons, \$20,590; Lynn A. Dunn Industries, \$24,900; T & D Builders, \$22,400; Wilson & Sons, \$23,439; R. O.

Don't Forget — Many Stores Now Open Monday Nights

Want to shop in comfort and without competition from big crowds? Twenty-four downtown Plymouth stores began Monday night hours last week for the convenience of shoppers. They will be open until 9 p.m. Mondays as well as Fridays. Each Monday night from 6 to 9 p.m. also offers a featured bargain in the 24 stores.

Schools Enroll Record 4,686

Only one school appears to be having space trouble this year, the board of education learned Monday night as the initial enrollment report was issued. The report showed that there are 4,686 in the public schools, 36 more than the estimates made a month ago. Supt. Russell Isbister said that the figure will probably climb higher during the next few weeks to around the 4,700 mark. Last year there were 4,417 enrolled after the first month. Smith Elementary school is the only one actually overcrowded. There are 497 students enrolled there. The school is designed to comfortably hold 420. Besides the usual morning and afternoon kindergarten sessions, there is an afternoon session in the gymnasium. And in about 30 days after first grade students their reading readiness program, a third group of first graders will be formed that will meet in the library. There is also a special reader class that meets in mornings taught by the kindergarten teacher who has only the afternoon session. A break-down of schools is as follows: High School, 1,199; Junior High, 893; Allen Elementary, 400; Bird Elementary, 400; Canton Center, 41; Cherry Hill, 54; Farrand Elementary, 327; Gallimore Elementary, 430; Hough, 43; Smith Elementary, 497; Starkweather Elementary, 344; Truesdell, 53.

There are a total of 2,594 in the elementary grades and 2,092 in the upper six grades. Here's a break-down by classes: Kindergarten, 439; first grade, 374; second grade, 352; third grade, 374; fourth grade, 341; fifth grade, 356; sixth grade, 341; special education class, 17. Seventh grade, 407; eighth grade, 349; ninth grade, 412; tenth grade, 320; eleventh grade, 311; twelfth grade, 290; special education class in junior high, 3.

Water Main Breaks Causing the Rust

Two broken water mains in the city over the weekend has caused rusty water in some areas, DPW Superintendent, Joseph Bida said this week.

One break was on Elm between McKinley and Evergreen and the other was at Ross and Harvey. A crew worked all Saturday night.

Whenever there is a sudden surge of water, such as during a break, the rust scale breaks loose from the pipes.

Such breaks are common when there is a sudden change in temperature, Bida added.

Canton Township Prepares For Third United Fund Drive

Canton Township householders received their first about the approaching United Foundation Drive when Boy Scouts distributed leaflets from house-to-house.

The U-F drive, third to be held in Canton Township, will get underway Tuesday, Oct. 13 throughout the metropolitan area. Canton Township's quota has not been established as yet.

The committee headed by Mrs. Ashley R. Coburn met last Friday at the Coburn home to discuss plans for the house-to-house campaign. Area chairmen are:

1-Northwest Section, Mrs. William Sprengel; 2-Northeast section, Mrs. Robert Soth; 3-Southwest Section, Mrs. William Harrison; 4-Southeast Section, Mrs. Louis Stein; 5-Denton Area, Mrs. Richard Dunton; Community Business Chairman, Perry Hix.

"The purpose of a united effort is to help those who ask only enough to stand alone and help themselves," the committee pointed out this week. There are over 190 agencies which cover youth to old age and from recreation to medical research.

The agencies are supported by money from one drive; and it is recognized that this is a major undertaking and that all people taking part in the drive are local, conscientious, civic-minded volunteers serving without pay.

Beauty School Official To Speak Before B & P W

Business and Professional Women's Club of Plymouth, will present Miss Phyllis Coren at their September 21st meeting at the Hillside Inn at 6:30 p.m.

Miss Coren holds the position of Assistant Director of the American Beauty Finishing School, located in the Book Building in downtown Detroit. The school teaches self improvement and modeling and holds classes in six areas, Makeup, Fashion, Figure Control, Charm and So-

cial Graces, Visual Poise, Voice and Personality.

Miss Coren is also casting director of American Beauty models from 4 to 34 in fashion, filmwork, photographic, convention and promoter work.

Before coming to the American Beauty, Miss Cor-

Phyllis Coren was active as a free lance model, lecturer and wrote a beauty column in the Downtown.

President Velma Bartel and Vice President Mae Beitner attended the Grand Conference last Saturday of the Michigan Federation of B & P W held at the Grand Hotel, Mackinaw Island.

Three hundred women attended from all over Michigan. State President Armilla Winegard gave a report on the National Board meeting in Las Vegas.

There were several leadership programs presented Saturday afternoon and evening and Sunday morning. A tea honoring Virginia Allan, National Membership Chairman, was held in the lobby of the Grand Hotel at 3 p.m. Saturday. Mrs. Nancy Williams was also present, greeting all the members.

THE MAIL ATTITUDE

BY PAUL CHANDLER

Residents of most communities realize that the presence of industry within the limits helps keep down the home-owner's tax bill. But always the question: where should plants be located?

The easiest answer always is, "over near somebody else's neighborhood." Easy, of course, except for the residents there.

A case in point involves some border property between Plymouth Township and Livonia, and it's a live issue at the moment. The Livonia industrial development commission has spotted some open land at the very western limits of Livonia, north of Plymouth Rd., west of Newburg, on the railroad tracks. A petition to have it zoned M-2, for heavy industry, has been filed. If granted, the Commission would then go out and try to sell it to some site seeker.

But, unfortunately, homes were built years ago west of Newburgh along Grantland and Amrhein—maybe 35 or 40 homes. Modern zoning theory would insist that this is not the correct place for residences, on land located so near a railroad and in a general industrial belt, but nonetheless, there they are.

So the residents are objecting, though Livonia is promising a 600 foot "buffer" between the nearest home and any industry which might locate on the site.

John Schulz argued on behalf of the home owners at a hearing. "We have businessmen, retired folks and professional people in our neighborhood. Our homes are average or above average, all on half acre lots or more. There have been many improvements in the form of additions and expensive landscaping. We are proud of our neighborhood as it is a good place to raise the 40 children in the subdivision.

"Practically every land purchaser bought his property in good faith that the zoning would remain stable.

"We feel that industrial development would tend to discourage the present high level of home development. We have fears that the proposed M-2 zoning would furthermore tend to result in mass deterioration of a wholesome residential area. It would increase the traffic hazard in the area.

"We believe there is ample other area along the railroad within Livonia for industry which is more desirable than the relatively small parcel mentioned."

And so on. Even the main owner of the land himself is said to be opposed to the M-2 zoning plan.

There's no particular heat or anger in the arguments and everyone recognizes it's just simply a tough problem. Whatever the answer, somebody will lose.

We discuss it here as more evidence of the pains that accompanying growing.

We'd never think of printing any such thing ourselves, but I almost understand how this other editor felt when he wrote:

"In case you find a mistake today, please consider that it was put there for somebody's benefit. We try to get something in the paper for everybody, and some of our readers are always looking for mistakes."

This is the best genuine Start-of-School anecdote I've heard so far.

Don Stewart's tot enrolled in kindergarten for the first time and brought home the news that she had to return to class with a clean rug, a man's shirt, and a box of Kleenex.

"That's a strange one," observed father, "a clean rug? What for?"

"So we can take a nap on the floor," was the learned reply.

"And the shirt?"

"To wear over our good clothes when we paint, what did you think, daddy?"

"And what's the Kleenex for?"

"To blow my nose, what else?"

A number of guests, me among them, were downright amazed at the size of a meeting of Bentley High alumni in Livonia last week. Perhaps 200 young men and women were out for an evening.

In this sophisticated age, and in our ever-shifting metro-suburban society, the old fashioned qualities of pride, sentiment, "school spirit," friendship and affection for classmates—devotion to an ideal—tend to be difficult to find anywhere.

Yet here was a large group, still in the area, still harboring fond memories of their high school and their fellows, still proud of the "tradition" that previously was theirs in common.

It was wholesome and heartening. It was the complete opposite of the negative, all-is-vain "beatnik" mood which is being peddled around the country by smart-alecks.

To project the idea on a larger scale, "beatnikism" could bring only anarchy and self-destruction to our people and our country. But mutual belief in ideals made the United States in the first place and is what will preserve it.

We haven't heard of any suburban high school alumni association as large or as active as Bentley's. The group deserves Livonia's admiration. It's one more little thing which makes the City a nice place to live.

4 Wonderland Stores Opened

Western Wayne County's most ambitious shopping center opened its first stores this week, four major merchandisers greeting the public for the first time at Wonderland in Livonia, Middlebelt and Plymouth Rds.

The biggest store in the center, Montgomery Ward, is one of the first four to open. Elaborate ceremonies will surround the ribbon cutting at 9:30 a.m. Thursday. It's the largest Ward store in the world.

Kresge's, Food Fair and Wrigley also have opened at Wonderland. Special buses to the Center will leave Plymouth every half hour starting at 7:50 a.m., with return trips, also, at 30 minute intervals, until 9:30 p.m.

When completed, Wonderland will contain more than 60 stores and be approximately the same size as Northland.

POTENCY ISN'T A MATTER OF SIZE

In what they accomplish, the potency of many of today's drugs is as dramatic as the power that thrusts a giant space rocket into orbit.

Because they are so potent, these drugs are prescribed and dispensed in small quantities—in tiny capsule, tablets and drops. So effective are they that a single dose effects more cure than a bottle-full of yesterday's medicines.

At first consideration you may feel that you pay a lot of money for a little medicine—but measured in terms of speedy recovery and fewer and smaller medical bills—you appreciate that they are the world's biggest bargains.

GARDEN NOTES

Now is the correct time to start planting daffodils, and while it is really too early to actually plant tulips this is an excellent time to buy them... while selections are still good. Always use bone meal when planting bulbs.

Do not feed evergreen trees or shrubs at this time of year. Fall fertilization forces new growth which will not have sufficient time to harden before the fall frosts. Heavy freeze back will result.

Still plenty of time to rebuild your lawn this fall. However, seed and fertilize as soon as possible while the warm weather is still with us. Stop in for additional help and advice.

Starkweather School Fencing Being Completed; Facilities Talks Set

Starkweather Elementary school parents and children will have one of their wishes come true due to board of education action Monday night—a meeting that also brought about a little more discussion on plans for more facilities.

For several years the P.T.A. of Starkweather has been asking that the entire playground be enclosed by fence. Right now, only part of the area is fenced and it has been feared that molesters might enter the playground from the park. The school board Monday night approved the completion of the fencing. It will take 800 feet of fence. Along with a survey of the property line, the job is expected to cost around \$2,200.

Also approved was the purchase of a backstop for a ball field. The school has been without one while some other schools have several. The board had no discussion among members concerning the future facilities.

committee of the Planning Group for study. This committee will study it a week and return their recommendations to the board. Sometime in October, the board should be ready to make its proposal to the public, along with reasons for their conclusions.

A number of meetings have been planned by the board at which they expect to come up with some conclusions about facilities. They are expected to announce early next month a five-year plan for school construction that will require voter action, either through a bond issue or transferring of millage.

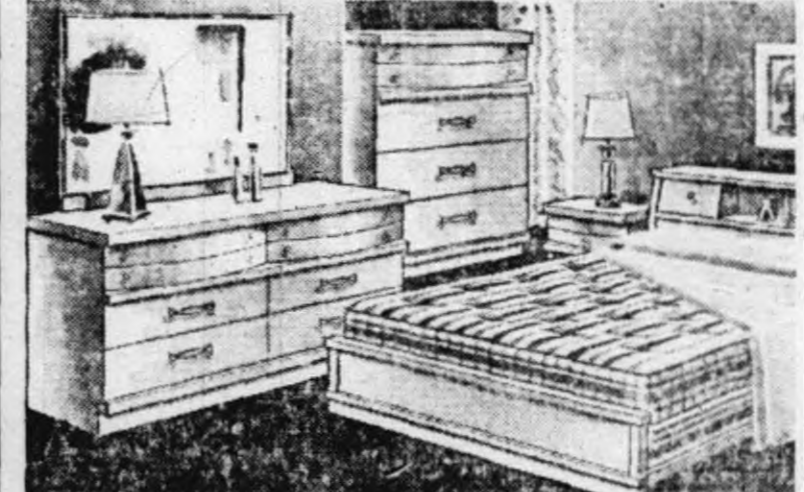

While early discussions centered upon the alternatives of building a new high school or enlarging the old one, a popular new alternative is to construct a combination junior-senior high.

Rebekah News

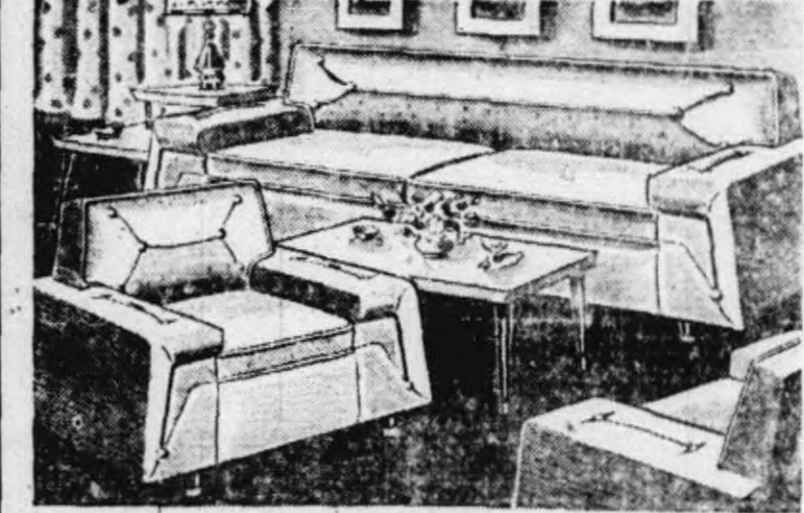

The meeting of September 11 was well attended with many old members present. Our "Luncheon Is Served" party was a huge success thanks to so many taking part. Our prayers and best wishes go to Sister Mott who is still on the sick list. Monday, September 21 is visitation at Pride of Western 330. Hope for a good attendance from here. Tuesday, September 22, Plymouth Rebekahs are invited to Windsor to attend their lodge.

BY BILL SAXTON

Ivan Seaton, the capable master of our service shop, gives us some interesting information on lawn mower maintenance. Dirty fuels are a major problem. Keep your fuel container clean and replace it immediately if it is rusting inside and you have licked over half of the usual problems.

Another minor but annoying problem on four cycle engines which have oil in the crankcase results from tipping the mower up the wrong way to clean the clippings out or service the blade. Always tip the machine with the carburetor up. This will prevent oil from draining from the crankcase into the cylinder and fouling the plug.

Many mowers come in with the complaint of hard starting. About one quarter of these have a loose blade. On a rotary mower the blade acts as the flywheel but a loose blade will act like a brake and keep it from starting. The clutch parts may need replacing or the bolt might be loose.

When you are working on the underside of the mower be absolutely sure to disconnect the wire to the spark plug and clip it to some part of the engine or housing to ground it as a safety precaution.

Be sure to replace the blade bolt if the corners are stripped and use a box type wrench on it so it won't slip off. I received a nasty cut over the eye and many a skinned knuckle from a blade slipping out of my hand so I'll pass the warning along.

The main serious problem on 4 cycle engines is freezing up the piston or throwing a rod from running low on oil. Always check oil before mowing. Also never run it fast when not cutting, lubrication is very poor then. Two cycle engines which use a gas-oil mixture often come in with improper mixtures causing hard starting.

More seriously, they come in frozen up from no oil in the gas. If you own a two cycle don't let anyone use it who doesn't know the correct mixture.

One of the best ways to prevent gum formation in carburetors on both two and four cycle engines which are idle for long periods is to simply run them until the fuel is gone.

A rotary blade should be sharpened and balanced often. It is not possible to get a clean cut with a dull blade as you may have experienced on razor blades.

We are frequently asked if the reel type mower does a better job of cutting than the rotary. Up to this year the difference was quite wide in favor of the reel cut. The development by Toro of a superior housing design has changed the picture some. Grass ejection on the new Toro is so efficient that clippings are removed before they can fall down in front of the cutting edge and interfere with the cut. Vacuum is so strong that it has permitted putting a bag on to collect clippings and offset another former advantage of the reel type. The advantages of the rotary in side trimming, sucking the grass up to trim it evenly and the relatively easier maintenance make a strong incentive for rotaries.

Vacationers Report From Town Crier

By MARGIE SPRATLING
GL 3-3111

Mrs. Vina Galloway, her daughter and son-in-law, Mr. and Mrs. Clarence Alandt, and the Alandt's four sons, recently returned from a month-long vacation covering the 8,300 miles. They went through Canada, down to California and on to Tijuana, Mexico. Among the many places of interest their tour included was Glacier National Park and Disneyland, where they spent two days. And here is a fashion note: Mrs. Galloway said that in August long fur coats were being worn in the evening in San Francisco.

Mr. and Mrs. Thomas Foley and their son Tommy spent the month of August at a cottage in Canada where

they all enjoyed a good rest. Mr. and Mrs. Sam Fogo and Sandy recently returned from a two week vacation spent at Fort Lauderdale, Florida visiting Bill and Sarah Cappon and their children, Betty and Charles. Mrs. Fogo said the weather was warm but it was still warmer when they returned home. They went deep sea fishing several times but caught a shark and some barracuda.

Mr. and Mrs. Elmer H. Smith and family of Amherst Court recently spent 10 days at a cottage at Wampers Lake. They all enjoyed the water, in fact, Mrs. Smith wished herself right back there on the hot day they talked with her.

Everett Reynolds of Priscilla Lane spent a two week vacation recently at Grand Bend, Ontario, enjoying the fishing and swimming and particularly the nice weather.

Mrs. Arthur Smith, Beech Rd., and her daughters, Virginia, Pamela and Deborah,

went to Mississippi in July to visit Mrs. Smith's parents, Dr. and Mrs. T.F. Cly. Mrs. Smith spent three weeks there. The girls stayed on until the last of August. Mrs. Smith said her daughters picked up quite an accent while they were "down south."

Margie Reddeman, daughter of Mr. and Mrs. Lester Reddeman of Territorial Road will soon be on her way back to Lansing and another college year. Margie was happy to learn earlier this month her scholarship has been renewed.

The Knipschids of Evergreen have had as a guest for three weeks, Jim Dzurus, a former resident of Plymouth. After his visit with Kenny, Jim is returning to the University of Florida.

The Town Crier has been silent the past two weeks due to my recent hospitalization. I'm doing fine, thanks. Now, if my phase will just jingle occasionally, I'll try not to miss any more deadlines. The number is GL 3-3811. Let me hear from you.

BIRTHS

Albert, Allen, Michelle, and Andrew Carrievau announce the birth of their new baby sister, Diana Lynn, born August 24 at Beyers Memorial Hospital. She weighed seven pounds, nine ounces. Her proud parents are Mr. and Mrs. Charles Carrievau of 42051 Schoolcraft. The maternal grandparents are Mr. and Mrs. Albert Aquino of St. Joseph; Michigan, formerly of Plymouth.

Pontiac. The Wagenschutz have another son, Craig Allen, 16 months old. Mrs. Wagenschutz is the former Patricia Wendland. Mr. and Mrs. Ernest Wendland of Plymouth and Mr. and Mrs. Harvey Wagenschutz of Livonia are the grandparents.

Symphony Week Is Proclaimed

Next week has been proclaimed "Plymouth Symphony Week" by Mayor Harold Guenther as the Symphony opens its membership drive. The following proclamation has been issued:

WHEREAS, the Plymouth Symphony Orchestra is preparing to embark upon its 14th season of fine music that can be enjoyed free of charge by all; and

WHEREAS, such concerts provide culture and beauty with an appeal to better people to reside in our community, to contribute to our community and to its economic health; and

WHEREAS, such beauty and culture also fosters strong churches, a better school system and a healthy business community; and

WHEREAS, continuation of the Plymouth Symphony depends entirely upon the support of our citizenry;

NOW, THEREFORE, I Harold E. Guenther, Mayor of the City of Plymouth, do proclaim the week of September 20 to September 26 as PLYMOUTH SYMPHONY WEEK and call upon all citizens interested in the wholesome growth of our community to give support to Symphony endeavors.

Harold E. Guenther, Mayor

New Columnist Covers Parkview Circle Vicinity

By JOAN COSLOW
GL 3-5029

The Parkview Circle Association of the Garling Subdivision will start the fall season with a rummage sale on September 25th from 8 to 5. The sale will be held at the residence of Abraham Koolman at 765 Parkview Drive. The purpose of the sale is to raise money for some charitable cause. In previous years the group has purchased Christmas gifts for the children at Hawthorne Center.

The association, comprised of approximately 18 families living in the subdivision and conceived five years ago to promote greater interest in home and community, has had an active summer. Family picnics were held in June and July in the Riverside Park located behind the subdivision. A fish fry, at the home of the Walter Lakes, provided a pleasant evening in August. This is an annual event with the spouses of the group serving as chefs. Plans for the fall and winter season as announced by Marty Kennedy, President, will include a dinner and speaker for November and a Christmas party.

Jack Ruland family returned Labor Day from a three thousand mile excursion through the New England states. They toured a great many of the famous historic spots in this area including Lexington, Concord, Plymouth Rock and Salem. Young men from the nearby colleges and high schools conducted tours and were also attired in costumes from that period. The Ruland children, Robert, Rochelle, and Ricky got their first taste of swimming in salt water when they visited Martha's Vineyard. On the return trip the family stopped at West Point and were fortunate to witness a full dress parade. Ricky was particularly interested in the huge cannons that he saw on the old battlefields. After a great deal of explanation (he's just entered first grade) his family finally convinced him that the cannons were no longer in use and merely there to display methods used a long time ago. This explanation was acceptable until he saw the parade at West Point—they used the cannon to signal the raising of the American Flag at the start of the parade!

Mrs. Albert Morin of the Pilgrim Apartments on East Liberty Street spent the month of August visiting her daughter, Mrs. Frank Niederledner and family in Canoga Park, California. The trip was an eventful one for Mrs. Morin—she saw her second granddaughter for the first time. The Niederledner children are Sarah, three years old and Lorrie, just one year old.

Labor Day guests of Joe and Louraine Quinlan were Mr. and Mrs. Richard Kline of Johnstown, New York. Mr. Kline was a high school classmate of Joe Quinlan's. Mr. John Battle left today for England to visit his family who live in Leicester, approximately one hundred miles from London. Then he will go on to France to attend the International Machine Tool Exposition. Mr. Battle is a Process Engineer at General Motors located in Willow Run. Remaining at

home are Mrs. Battle and three daughters, Kathy, Jackie, and Barbara. The Battle family moved to Detroit from Leicester four years ago.

Quite a few new families have moved into the Parkview area over the summer. Mr. and Mrs. William Arndt and their daughter Chris were transferred from Canfield, Ohio. Mr. Arndt is employed by the Motors Insurance Company in Detroit. The Robert Lucchetti and their son David returned from a summer in Chicago to their new residence at 380 Parkview Drive. Bob is a teacher of chemistry at Bentley High School in Livonia. In June, Mr. and Mrs. Donald Moore moved to their new home at 680 Parkview Drive. The Moores have a daughter Deborah who is four years old. Don is a fireman for the City of Plymouth.

Parkview Circle has also increased its population by adding to the "diaper set": Bonnie Lynn Lake, daughter of Walt and Helen Lake, arrived on June 4th; Gail Karen Sponseller greeted parents Jim and Doris on June 1st; Winifred Louise was born to Shirley and Ray Snowden on May 9th; Peg and Paul Kauffman ordered and received a sister for their two boys—Ann Louise was born on August 22nd.

The week of August 24th found Mr. Karl Starkweather attending the 100 year celebration of the discovery of oil by Colonel Drake. The celebration was held in Titusville, Pennsylvania, the birthplace of our modern day petroleum industry and the site of the world's first producing oil wells. Mr. Starkweather is now engaged in gathering together the historical facts and interesting sidelights of his trip.

Twp. Firemen Battle Costliest Blaze of Year

Plymouth Township firemen battled their biggest blaze of the year last Saturday morning on Lilley Rd. when the attic of a ranch home was gutted.

Firemen were called at 11:33 a.m. to the Richard Powell home, 9402 Lilley Rd. where they extinguished a fire that apparently started from a smoke pipe leading to the chimney.

Fire Chief Howard Holmes said that a complete estimate of the damage has not been made but that it would be "several thousands of dollars."

The fire traveled up the wall into the attic where it spread. Firemen had to chop a hole in the roof to reach the blaze with hoses. The remainder of the house was damaged by smoke. The Powells were not home when the fire broke out.

An electric dryer that burned up the clothing inside brought firemen out last Wednesday night at 10:32 p.m. The dryer was in the home of John Moorhead, 9229 Ball St. Firemen said that the shut-off switch failed to operate and the dryer became so hot that it ignited the clothes inside.

City firemen had several alarms last week. The car of R.L. Shrumm, 48210 Gyde Rd., was burning under the hood and started to reach the dashboard. It was caused by a backfire through the carburetor, firemen said.

No general alarm was sounded when firemen extinguished a fire burning in a hollow tree at Penniman and Church St. Friday. There was also a grass fire at the east end of Roe St. Friday afternoon.

Mrs. Russell Isbister, GL. 3-2794, and Mrs. Elmore Carney, GL. 3-2846, are taking reservations for the first fall meeting and luncheon of the Plymouth Woman's Club to be held at Meadowbrook, October 2. Mrs. Max Todd is Chairman and has announced Meredith Bixby will discuss "Women in Communications."

The Lutheran Ladies Bake Sale will begin again on Friday, September 25 at 9:30 a.m. at Dunning's. Anna Heintz will act as Chairman of the monthly bake-sales that have proven to be a hi-light for shoppers.

VFW Post auxiliary Fall Fashion show with styles by Gramms will be held at the post home on Lilley Road, September 24. Mary Hardsworth, GL. 3-5668 and Cathy Cline, GL. 3-7467, are taking reservations for the 8 p.m. affair. There will be refreshments and door prizes.

Prospective members are particularly invited to the Sarah Cochrane Chapter of the D.A.R. meeting to be held Monday, September 21, at the Dunning-Hough library. Two recipients of D.A.R. scholarships, Jim Brown and George Dikeman, teachers at the junior high, will tell of their experiences at the Conservation School at Higgins Lake. There will also be a film shown on the U.S. Constitution in keeping with Constitution Week.

Bird School P.T.A. will start the 1959-60 season by having their first meeting on Tuesday, September 22nd, in the multi-purpose room at 7:45 p.m. There will be a short business meeting and an introduction of the Bird School Staff. After this parents are to go to their child's room for an explanation of the work for that grade. The teachers are planning on meeting you and you will be able to see your child's room and work.

Farrand School P.T.A. will hold their first meeting Tuesday, September 22 at 8 p.m. School principal, Mr. Gerald Elston, will present a briefing of school curriculum and introduce the teachers of the school. There will also be a film, "Discovering Individual Differences." Parents of kindergarten students and new students are particularly urged to attend and become acquainted.

Passage Gayde Post No. 391 American Legion will hold a Rummage Sale Sept. 25 from 9 to 6 p.m.; and Saturday, Sept. 26, 9 to 12 noon. This will be held in the Veterans Community Center, 173 N. Main, in the basement.

Burroughs to Manufacture

(Continued from Page 1)

reads information directly from checks, deposit slips and other documents of varying sizes and thicknesses, processes the information and automatically computes, selects and posts directly to the correct customer's account record.

The system utilizes Magnetic Ink Character Recognition (MICR), the term for numbers that can be read by electronic machines as well as by people. MICR was announced last winter by the American Bankers Association as the "common language" for that industry.

The new Burroughs system will extend electronic data processing to a large number of banks of all sizes. Because of its low cost many banks heretofore unable to justify the cost of a computer can now have the benefits of high speed computation, Eppert said. He also stated that large banks who may have

been considering large-scale general purpose computers will find many advantages in this system.

A marriage of high speed electronic computation, advanced magnetic techniques and automatic handling of accounting forms, the system will automatically perform all of the work in a bank's bookkeeping and statistical analysis departments, including check handling, proving, bookkeeping and preparation of customers' statements and bank records.

In addition, flexibility of the system will permit banks to use it for checking and savings accounts, installment loans, mortgages and other accounting operations. It will also provide accounting and statistical reports vital to bank management.

Instructions can be given the system to reject checks on which stop payment orders have been placed and refuse payment of checks if an account is overdrawn. It also can accomplish balance transfers, compute and post services charges and accumulate trial balances all at the same time.

The new system's initial cost is low compared to other automatic data processing systems. Installation costs are also held to a minimum.

Community Fund

(Continued from Page 1)

Community Service Organizations (13), United Cerebral Palsy Association of Michigan, United Defense Fund, USO, United Health and Welfare Fund, USO of Metropolitan Detroit, American Social Hygiene Association and Michigan Association for Retarded Children.

It will again be possible for those working outside of Plymouth to contribute to the Plymouth Fund through the United Foundation. It requires a notation on the company's pledge card asking that the money be credited to the Plymouth Community Fund.

This will be the 15th annual Community Fund drive in Plymouth. The community has been successful in meeting its goal each year.

Garden City Group Plans 'Hasty Heart'

With October 1, 2, and 3 rapidly approaching, the production staff is hard at work planning the many details required to stage a play. The Footlighters have 17 committees working on this production involving 31 members.

Working with the Director, Alice Morrill, and the Assistant Director, Marilyn Jackson, the Producer, Art Brooks has a staff of 17 committee men. They are: Kay Hall, tickets; Dorothy Robertson, stage manager; Jean Bonfiglio, stage props; Mary Puffer, hand props; Glenda Lucas, costumes; Dolores Daugherty, house committee; Harriet Johnson, refreshments; Arne Erickson, business manager; Larry Hubbard, lighting; Bob Robertson, publicity; Art Morrill, program; Ellen Hubbard, research; Don Patrick, sound; Marie and Ben Hill, makeup; Doris Pagan, set design and Nancy Kovach, curtain.

Anyone interested in any phase of amateur theater work would be welcome at the Footlighters' next monthly meeting October 13, 1959, 8:30 p.m. at the Log Cabin located at Garden City Park.

Newlyweds U. of M. Students

Sandra Frieswyk and George Weemhoff were united in marriage September 12 in an afternoon double ceremony held at Wm. Memorial Church in Detroit with Dr. Bartlett Hess officiating. Brother-in-law of the bride, Rev. Richard Messner assisted Dr. Hess.

The bride is the daughter of Mr. and Mrs. Sid D. Frieswyk of Southworth, Plymouth and the bridegroom, the son of Mr. and Mrs. George Weemhoff of Dearborn.

Given in marriage by her father, the bride wore a white full length gown of Italian silk peau du soie with a farthingale skirt showered with bouquets of applique lace. The dress fastened down the back with miniature lace buttons and the Sabrina neckline was plain and elegant. Her long sleeves buttoned from the elbow to the wrist with a circular fingertip veil of illusion was secured by a queen's contour crown of tiny appleblossom flowers. She carried a bouquet of white roses.

The maid of honor, Miss Janet Frieswyk, sister of the bride, wore a dusty rose pink lace sheath with a Sabrina neckline and empire waist. A flat satin bow matching the bow at the empire waist was worn for a headpiece with a small circular veil which fell to her shoulders.

The bridesmaids were dressed similarly and were Jean Fishack of Margate, N. J.; Ann Beuhrer of Detroit; Jill Dinwiddie of Detroit; and Marianne Weemhoff, sister of the bridegroom of Dearborn.

Tom Bergman of Detroit served the groom as best man and the groomsmen were Jim Rooke and Clair Novotny of Detroit, Paul Herbert of Ann Arbor and Dick Babcock of Kalamazoo. Mrs. Frieswyk, mother of the bride, wore a jade blue shantung dress with a bell skirt complimented by a bow

Mrs. George A. Weemhoff

at the waist. Her variegated blue flowered hat blended with her dress. A corsage of white roses was pinned at her shoulder. Mrs. Weemhoff, mother of the groom, wore a sapphire blue silk dress with matching accessories and a corsage of roses.

Immediately following the ceremony, a reception for 200 guests was held at the home of the bride's parents in Plymouth.

Leaving for Chicago that evening, the bride chose a grey suit with a grey mink collar and black accessories.

The couple enrolled at the University of Michigan, the bride for her senior year and the groom for his master's degree in Business Administration. The groom has an undergraduate degree in Chemical Engineering. The bride plans to teach English and physical education upon her graduation.

Mrs. Lawrence Money To Address University Women For First Fall Meeting

The first fall meeting of the Plymouth Branch of the American Association of University Women will be held at 7:45 p.m. Thursday, September 17th, in the Plymouth Junior High School multi-purpose room.

Mrs. D. H. Sutherland, President, and Mrs. Wm. Medlyn, Membership Chairman, extend an invitation to all eligible women to attend this orientation meeting.

The holders of any degrees from the 12 approved colleges in Michigan plus over 100 other colleges and Universities in the United States are eligible for AAUW membership.

This first meeting is designed to acquaint new members and guests with the scope, history and operation of AAUW on a national basis in addition to introducing local Branch Study Group Chairmen and their plans for the coming year. Co-hostesses for the social hour preceding the general meeting are Mrs. M. R. Troyer, Mrs. L. T. Scharmen, Mrs. E. E. Crosby and Mrs. Hugh Harsha.

In addition to the orientation portion of the program, slides of the new AAUW Educational Center in Washington, D.C. will be shown. Also

Guild Rodeo Is Fun For All

Don't forget these two important dates, September 26 and 27, the two days the St. Mary Hospital Guild is sponsoring a Rodeo approved by the Midwest Cowboy Association at the Detroit Race Course in Livonia. Show time — 2:00 p.m.

The five main Rodeo events of the day are:

1. Saddle Bronc Riding
2. Bareback Horse Riding
3. Bull or Steer Riding — Brumba Bulls
4. Bulldogging
5. Calf Roping

The Rodeo will be highlighted by many special acts including clowns, a trick mule, trick roping, trick horses and a thrilling exhibition of sharp shooting. The Wushte-Nong (Land Beyond) Indian Dancing Society from Ann Arbor will be featured during the intermission presenting authentic, interpretive Indian dances. Al Temple of the Livonian group is a member of the Metropolitan Indian Dancers Association of Michigan.

A bunk house, donated by Sheldon Land of Livonia and built by Farmington Lumber and two bicycles will be given to three lucky children. A week-end all expense paid vacation in New York City will be awarded to an adult

Cape Cod Honeymoon Chosen by Newlyweds

Miss Helen M. Soos, daughter of Mr. and Mrs. William A. Soos of Shadyside in Livonia, and Mr. Robert R. Penhale, son of the Randall Penhales of Plymouth, were wed in an afternoon ceremony in the First Methodist Church of Plymouth, Rev. Melbourne I. Johnson officiated at the August 15 ceremony.

Given away by her father, the bride wore a gown of white taffeta and lace with an oval neckline and short sleeves. A chapel length train added a delicate touch to the gown. She carried a cascade bouquet of white roses.

Maid of honor, Miss Ruth Ann Coleman chose a dress of white silk organza and carried a bouquet of blue and white carnations. A crown of blue and white flowers was a her only adornment. Pamela

Soos was the flower girl. Carrying blue and white flowers, she wore a dress of white organza.

Assisting the groom as best man was Edward Snyder, Donald Dirven and Walter Trucks were ushers.

Mrs. Penhale, mother of the groom, wore a dress of pale blue lace and chiffon; while Mrs. Soos chose beige silk organza with yellow roses for her dress.

Guests were received at the bride's home.

For the wedding trip to Cape Cod, the new Mrs. Penhale chose a red and white check cotton dress with white accessories. She is a graduate of the Rhode Island School of Design. Her husband is affiliated with the D.I.T. College of Pharmacy.

The couple's future home will be at 17171 Telegraph in Detroit.

Farm Committeeman Named
Albert F. Ruhlig of 11591 Colby Road, Dexter, is the new member of the Washenaw-Wayne Area committee for the Farmers Home Administration. He succeeds LaVerne Coy of 1481 Parker Road, Dexter, whose three-year term expired June 30.

The Farmers Home Administration makes loans to farmers to buy livestock and machinery, to finance annual operating costs, to improve buildings and fences, and to purchase land.

Red life, the first Canadian rust-resistant wheat, was developed by David Fife of Peterborough, Ont., who died in 1877.

JA Recruiting Plans Announced

Plans for a schedule of high school assemblies to give teenagers the opportunity to participate in Junior Achievement were announced by the president of Junior Achievement of Southeastern Michigan, James M. Roche.

Roche said school assembly programs to be conducted by JA staff personnel will be held for high school juniors and seniors.

The story of the 'learn by doing' organization will be presented to high school students and those eligible to participate (minimum age requirement is fifteen) may apply for JA membership at the conclusion of the planned presentation.

JA's eleventh program year in southeastern Michigan starts during the first two weeks of October.

For Plymouth special JA presentations will be made at Plymouth High School and Bentley High School (Livonia). Teenage business people will conduct their business affairs at the area center at 680 Dodge Street, Plymouth.

Choral Union Auditions Open

The University Musical Society announces that auditions for new members for the University Choral Union are being held for a week beginning September 15. Singers interested in joining this renowned group of 325 musicians may make further inquiry and appointments for auditions by calling the offices of the University Musical Society in Burton Tower, Ann Arbor (N O R m a n d y 8-7513). Membership in the Chorus is open to all adults who qualify.

LEGAL NOTICE

Rules and Regulations — Pointe Mouillee State Game Area
The Conservation Commission, by authority of Act 17, P.A. 1921, hereby orders that for a period of five years from September 15, 1959, it shall be unlawful to use the lands and waters within the Pointe Mouillee State Game Area in Sec. 21, 24, 25, 26, 35, and 36, T 5 S, R 10 E; Sec. 1, 2, and 11, T 6 S, R 10 E; Sec. 39 and 41, T 5 S, R 11 E; as posted, except under the following rules and regulations:
HUNTING, TRAPPING, AND FISHING RULES AND REGULATIONS

The Pointe Mouillee State Game Area shall be divided into three units described as follows:
A. CONTROLLED HUNTING UNIT:

This unit shall include the area bounded by a line starting at northwest corner of Sec. 25, T 5 S, R 10 E, and running easterly along south bank of Huron River to Pointe Mouillee Canal in the SE 1/4 of said section; thence southerly along said canal to the west line of Sec. 31, T 5 S, R 11 E; thence south along said section line to the shores of Lake Erie; thence southwesterly along shore line to the most westerly part of Cripple Point in SW 1/4 Sec. 1, T 6 S, R 10 E; thence west to north and south quarter line of Sec. 2, T 5 S, R 10 E; thence north to the center of Sec. 36, T 5 S, R 10 E; thence east 1/4 mile; thence north 1 mile; thence east 1/4 mile more or less; thence north to point of beginning, as posted; except the portion set aside as the Waterfowl Refuge Unit.

Within this unit it shall be unlawful for any person:

1. To hunt during the period beginning with the opening of the waterfowl hunting season and extending through October 19 or to trap at any time without first securing a written permit from the authorized representative of the Conservation Department in charge of the area. Such permit shall be issued only upon presentation by applicant of his valid hunting or trapping license and, if the permit is to be for waterfowl hunting, his valid migratory bird hunting stamp.

2. To fish during the waterfowl hunting season.

3. To hunt after 4:00 p.m., E.S.T.

B. WATERFOWL REFUGE UNIT:

This unit shall include the area bounded by a line beginning (near the mouth of the Huron River) at the intersection of the canal and Vermet Channel with the Huron River as posted and running S 32 degrees W 11 chains along east side of Vermet Channel; thence S 22 degrees E 12 chains to northeast corner of Sec. 36, T 5 S, R 10 E; thence S 18 degrees W 13 chains; thence S 36 degrees W 31 chains; thence S 5 degrees W 20 chains; thence S 62 degrees W 18 chains; thence S 28 degrees W 21 chains; thence S 60 degrees E 40 chains; thence N 37 degrees E 50 chains; thence due north 30 chains; thence N 18 degrees W 40 chains; thence northwesterly to point of beginning, as posted.

Within this unit it shall be unlawful, during the waterfowl hunting season, for any person:

To hunt, fish, trap, or disturb waterfowl or to enter for any other purpose without written permission of a duly authorized representative of the Conservation Department.

C. UNRESTRICTED HUNTING UNIT:

This unit shall include all remaining lands within the Pointe Mouillee State Game Area not included in the Controlled Hunting and Waterfowl Refuge Unit, as posted and as described above.

POINTE MOUILLEE STATE GAME AREA — ALL UNITS:

Within the entire Pointe Mouillee State Game Area it shall be unlawful for any person:

1. To conduct commercial fishing operations of any kind.

2. To take fur-bearing animals except under special permit.

3. To possess or use firearms during closed seasons on waterfowl and upland game without written permission.

PENALTY

Violation of any rule or failure to perform any act set forth in the rules is punishable by a fine of not more than \$100 and costs of prosecution, or by imprisonment in the county jail for not more than 90 days, or by both fine and imprisonment in the discretion of the court.

By order of the Conservation Commission this ninth day of July, 1959.

Who's New in Plymouth

THAT'S JOHN KEATS in the center. He's not much of a poet, and he hasn't visited the Queen, but that doesn't matter to Mr. and Mrs. Robert Dunlap, because he is an art patron, and partial to Mrs. Dunlap's paintings. She is an art consultant for three elementary schools in Farmington, so the couple's apartment is full of all sorts of paintings, terra cotta and plaster figurines and one very special mosaic table. Mrs.

Dunlap and her husband are University of Michiganites — in January, Bob will graduate with degrees in engineering and math — and before that, attended Dearborn High. They're classical music fans, though any kind of sports will interest them, too. This summer, Bob worked in the engineering department at GM and in his spare time (while his wife paints) he loves to read poetry.

Report Whooping Cough Cases Extremely High

More whooping cough cases were reported in Detroit last week than during the entire first six months of 1958. Dr. Joseph G. Molner, City-County Health Commissioner, states. Eighty-eight new cases were reported last week compared with 63 the previous week. So far this year the number reported has increased each month over that for the preceding month. This is unusual because whooping cough usually decreases in the summer-time.

A good many of the patients were babies six months old or younger and whooping cough is dangerous for babies — the younger the child the greater is the hazard if he has whooping cough. So far this year 910 cases were reported compared with 90 for the corresponding period last year. Cases reported during the first six months of this year showed that more than half of the cases were under five years old.

During 1957 and 1958, the number of cases in Detroit was unusually low and Detroit has not had a death from whooping cough in two and one-half years. Never before 1957, has the city had a year when no death from whooping cough occurred and records are available for more than 50 years. In some years as many as 155 children died from whooping cough. This saving of children's lives was a direct result of the high percentage of children protected against diphtheria, whooping cough and tetanus by the three-in-one vaccine during Detroit's diphtheria outbreak in 1956.

Treatments to protect your baby against these three diseases should begin by the time he is three months old. It takes several months after the treatments are given for the child's body to develop the protection, so guard him against exposure to these diseases. Keep him away from anyone who has a beginning cold or sore throat. The

whooping cough virus is carried in the discharges from the nose and throat and it is most likely to be given off in the earliest stages before the coughing begins. Your young child needs a booster treatment when he is two to three years old and another before he begins school. This is an important part of maintaining his protection. This triple vaccine is provided free to physicians by the Michigan Department of Health through the Detroit and Wayne County Health Departments.

If your child has whooping cough, he should be under the care of a doctor. He should be kept away from persons outside the family. This is necessary to stop the spread of the disease and also to protect the sick child from getting another infection which could bring serious complications.

Bring Outdoor Game Indoors

By Ann Jermy

If shuffleboard is a game the family has learned to play on trips to the beach or on shipboard this summer, there's no reason why they shouldn't continue to enjoy it at home during fall and winter. It's amazingly simple to lay out a court in the driveway or in a suitable room in the house.

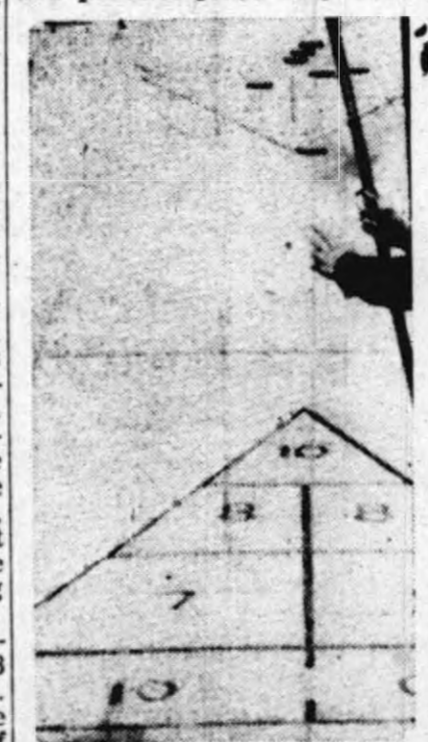

A set of playing equipment, white paint to outline the court and a small blackboard are the essentials. Two hours after these materials have been collected, the game can be on.

A strip of the concrete or other hard surface from street to garage provides a satisfactory playing surface as the wooden deck of a ship. Equipment can be stored conveniently in the garage or carport. However, the house rule, strictly enforced, should be that all equipment must be put away after the game and not left lying along the driveway.

The shuffleboard court requires a strip of driveway 3 feet wide and 28 feet long. Directions for laying out the court come with the set of equipment. Outlines for the court can be traced on concrete with chalk and a rule, and the lines and numerals filled in with white paint. If a

small blackboard with chalk can't be tacked to the garage wall, then store it with the playing equipment.

Two or four persons can play on any court and with one set of equipment. When two persons play, they shove

A Shuffleboard Court can be marked out on the driveway or indoors on the floor of a recreation room.

the disks first from one end of the court and then from the other. When four persons play, one on each side stays for the length of the game at each end. Directions for play and scoring come with the equipment.

If painting the court on the floor permanently would be undesirable, then it could be chalked on and wiped up after play has ended. Linoleum inlaid with the shuffleboard sections can be handsome but is a more expensive way to set up an indoor court.

An indoor court, even one painted on the floor, doesn't interfere with other activities when no one wants to play shuffleboard. That is, it won't if the equipment has been put away wherever it should be. On stormy fall and winter days, the indoor shuffleboard set-up is a fine outlet for youngsters' energy — or pastime for their elders with leisure on their hands.

Indoors, shuffleboard can be played as successfully if the house has a recreation room or a utility room or a basement that isn't too

Views New Ford

Paul J. Wiedman of Plymouth was among the 7,000 Ford dealers from throughout the nation who visited the Ford Motor Company headquarters in Dearborn last week to view the 1960 cars and trucks, meet face-to-face with the engineers who designed them, and discuss with Henry Ford II and others the promise that the forthcoming decade holds for the national economy and the automobile industry.

This Dearborn Preview marks the first time in a quarter century that all Ford dealers were invited to the company's headquarters.

CAPITAL NEEDED

NEW YORK — (UPI) — Around \$125 billion in individual and corporate savings will be needed to finance the capital needs of customers, business and government by 1970, according to the National Commission on Money & Credit.

The comparable 1957 figure was \$65 billion.

Autumn Begins September 23

Fall will begin on Wednesday, Sept. 23 at 2:09 p.m. At that time the sun will cross the equator on its way south and will arrive at the autumnal equinox. It will rise and set exactly at the east and west points and the day and night will be said to be equal.

The daylight hours, however, will exceed those of darkness by as much as nine minutes and the actual length of day and night will not come until Sept. 26.

Although the sun will be above the horizon for only 12 hours on the day of the equinox, it will be possible to see it for a while longer because of atmospheric refraction, or bending power of the earth's atmosphere. Light coming in from space is bent on striking this denser medium — the atmosphere — and objects always appear higher in the sky than they actually are.

Therefore the sun comes fully into view in the morning before any part of it really comes above the horizon and it remains visible in the eve-

ning after it would otherwise have passed out of sight. In other words, the rising of the sun is hastened and the setting delayed, resulting in the lengthening of the daily duration of sunlight.

For this reason, we do not get our day and night equal until a few days after the equinox, when the refraction effect will be balanced by a slightly longer night. As the sun apparently moves farther and farther south, the days will become correspondingly shorter and shorter until the shortest day of the December.

Canton Township Welcomes New (baby) Residents

By ESTHER SPRENGEL
GL 3-0194

I have some apologies this week to make. First my apologies to the Democratic Club of Canton Township. They called to give me an announcement, and I promised Mr. Bradley I would do my best to get the article in, but I didn't. Try us again. We'll be sure to please next time.

We have some newcomers to the column this week, so on with the news. The Democratic Party held a coronation September 12 at the home of Mr. and Mrs. George Bradley. Besides the corn, the guests were served "sloppy joes" and coffee. Some of the persons responsible for helping make the affair a success were Mr. Sid Easton, Mr. Colburn Dennis, Mr. Jack Boltrick, Mrs. Margie Bretzlaff, Mr. Richard Lehman and Mr. Ashley Colburn. We haven't heard the results of the picnic, but the plans spelled fun.

Paul, Minnesota to visit her parents, and especially her mother, who is recuperating from a recent operation, was Miss Beverly Harrison, daughter of Mr. and Mrs. William Harrison of Lotzford Rd. Beverly has returned to her job in Minnesota.

Last Sunday, September 13, the Cherry Hill Methodist Church held their annual Harvest Home Festival, a custom from England, directed by Mrs. Dorey and Mrs. Dunstan. The church altar was decorated with items from the harvest, corn stalks, greens and items from the garden. The display made an impressive sight, and a special reason for being thankful. The youngsters in the Sunday School took a special offering to be sent to the Methodist Old People's Home in Chelsea, Michigan.

The ladies of the Faith Circle, of Cherry Hill Methodist Church want to extend a cordial invitation to every one interested to attend a Stanley Party demonstration at the church, September 30 at 7:30 p.m. To those planning some fall house-cleaning this might be just the answer to getting items to make the job a little easier.

Who else but the grandmother would be happy to give the full details of a new grandchild? Working on this theory, I called Mrs. Marcel Duthoo of Ford Rd. to ask about the new member to the Robert Gentz family on Hanford Rd. Mrs. Gentz gave birth to Steven Patrick, September 6 at the Garden City Osteopathic Hospital in Garden City. Steven weighed 8 pounds, 6 1/4 ounces. Waiting for his new brother to come home and enjoying a visit with his grandparents, Mr. and Mrs. Duthoo is Raymond, three years old.

We want to extend our sympathies to the Home of Benoit of Canton Center Rd. Mrs. Benoit's mother, Mrs. Southall passed away this past week from an extended illness.

John Pernicaro, son of Mr. and Mrs. Peter Pernicaro of Ford Rd., left on his voluntary enlistment to the army last week. John will be stationed in Missouri for his basic training eight to twelve weeks. John was a graduate from the Plymouth High 1957 class. Labor Day, a going away party was given for John by his parents for relatives. The guests numbering approximately 35 arrived from Mt. Clemens, St. Clair Shores, Roseville and East Detroit. John has been employed by Western Electric.

Rd. called to announce their new son Dennis was born August 1, weighing 5 lbs., 1 oz. Born prematurely, Dennis' progress made it possible for him to join his five brothers and sisters at home September 5.

Another new arrival to the Township born on July 30. However, we didn't know about him until we met the young man in person. His name is Robert Lee, son of Mr. and Mrs. Eugene Armstrong of Canton Center Rd. Robert has two sisters and two brothers.

Henry Naasko, son of Mr. and Mrs. George Naasko of Lotz Ford Rd. left this past week for his studies at the University of Michigan in Ann Arbor. Henry plans to major in music to prepare him for a teaching career upon graduation.

A very special wish to Mr. and Mrs. Elton Ritter of 40040 Five Mile Rd. "Pudge" and Ann Ritter, former residents of the Township will be celebrating their 25th wedding anniversary at their home Saturday with 130 friends and relatives on hand to share their happiness. We know they have the best wishes of all their former friends of Canton Township.

Mr. James Spigarelli, his brother, Mr. Frank Spigarelli and his two sons, Ray and Fred, all of Beck Rd., motored to Utah to visit friends and relatives and plan to fly back to Michigan.

Mr. and Mrs. Willard Bowman of Ford Rd. and sons Richard and Bob returned recently from their vacation in Elk Rapids, Michigan, where they visited with Mrs. Bowman's sister, Mrs. Paul Hjetta and mother, Mrs. Barker. The group motored to Alpena, Michigan, to visit the National Guard Show. By all reports a good time was had by all.

Mr. and Mrs. Wesley Kais-

er returned after a very pleasant experience to Bruin Lake over the Labor Day holiday with their house trailer or a camp-out.

Canton Township is again organizing for a United Foundation Drive. The committee, headed by Mrs. Ashley R. Coburn, met last Friday at 125 Canton Center Rd., to discuss plans for the drive to raise campaign funds. The area chairmen in attendance: Area 1, Northwest, Mrs. William Sprengel; Area 2, Northeast, Mrs. Robert Soth; Area 3, Southwest, Mrs. William Harrison; Area 4, Southeast, Mrs. Louise Stein; Area 5, Denton Area, Mrs. Richard Dunton; Community Business Chairman, Mr. Perry Hix. The Township quota has not been established as yet, and the chairmen names not recorded.

The Township Boy Scout Troop 298 will assist in distribution of the United Foundation leaflets. It is hoped by the Chairman that you will read the leaflet when you receive them and prepare to help make Canton Township 3rd United Foundation drive a success. It is hoped that the residents will hold their contribution until the township drive, which begins October 13 through November 4.

We would like to hear from our young people planning to leave for college. The PTA groups and their plans in schools located in Canton or any other news you might have.

An item reaching us just in time for this column, which might be of interest to many of you hereabouts, was related to me by Mrs. Gladys Gotts of Ridge Rd. A farewell party is being given by the family for her aunt and uncle, Mr. and Mrs. Russell (Mac) McKay. The get-together will be held in the Superior Township Hall on

Cherry Hill and Prospect Rd. on Sunday, September 27, from 2:00 p.m. until 5:00 p.m. It is planned so that many of the friends, relatives and neighbors of the McKays for the past 38 years might have a chance to wish them well on their trip and happiness in their new home in California. The McKays have a daughter who resides in California and they are anxiously looking forward to meeting their new grandchild, Mr. McKay was formerly employed by the Farm Bureau before his retirement. Refreshments will be served the 150 to 200 guests expected to greet the McKays before they leave for their new home. We want to add our wishes for happiness.

1959's Fall Furniture Has New Livability, And Function!

"Form must follow function," said the great architect, Frank Lloyd Wright. And today's furniture designers have taken the hint with more beautifully formed furniture that is also more functional.

Some of the most exciting new advances are already in the stores, according to a Home Furnishings Industry Committee report.

Many women will like the new dresser designed to hold every small and foldable item in a woman's wardrobe. Compartments are scaled to store everything from earrings to stockings, lingerie and handkerchiefs. There is even a special section where large handbags can stand upright.

The do-it-yourselfers will be attracted to a new "knock-down" collection that includes white plastic tops in six different sizes, high or low legs and a three-drawer chest base.

Headboards and hanging night shelves are also available in this group allows complete freedom of design for the handy man of the house.

Stay-a-beds, get special coddling with two new night ta-

bles. One has what appears to be three drawers, but the third knob pulls out to reveal a formica topped shelf, proofed against moist glasses or hot cups. The other has a sliding bowl-shaped tray in the bottom drawer designed to hold small clutter. It slips easily from side to side.

A new group of upholstered sofas and chairs comes with what is practically a "built-in interior decorator." With this group are a large assortment of differently colored and textured fabrics. When you select your cover color, you will also receive three swatches of related or go-with colors, and textures from which you can harmonize your draperies.

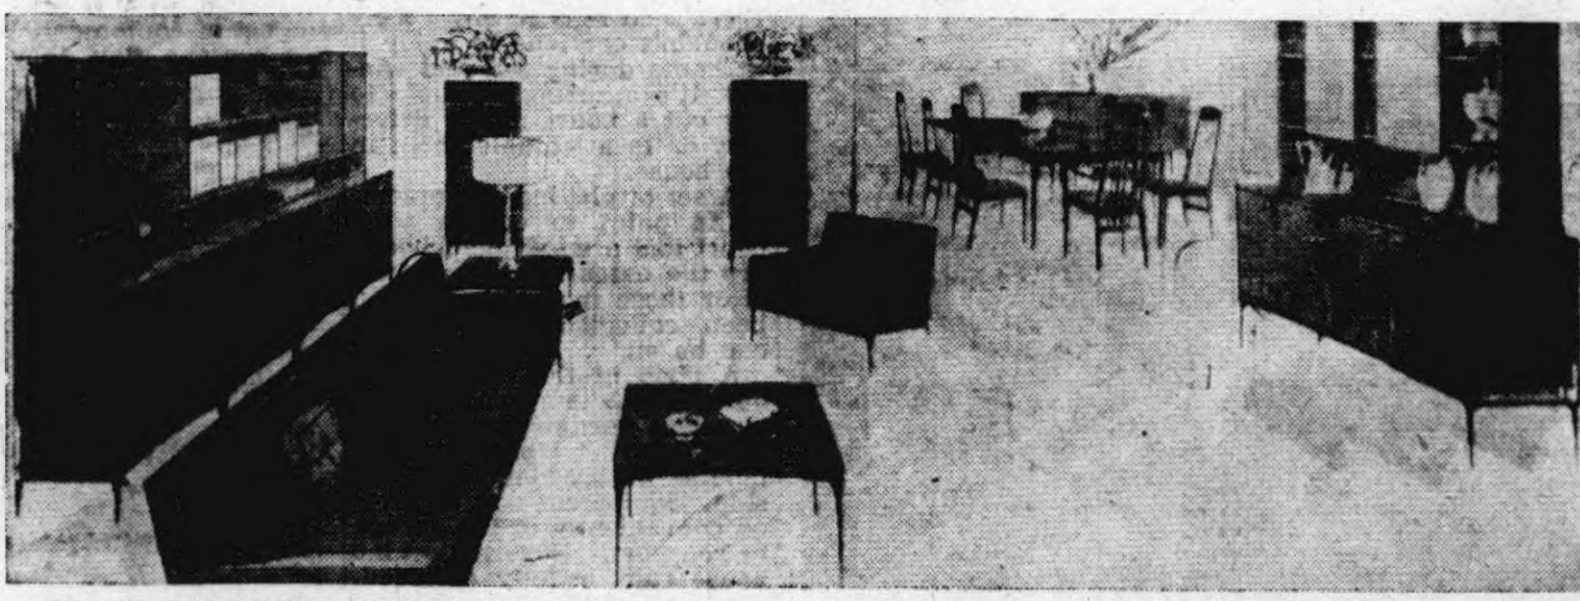

These innovations are a great help in solving many furnishing problems with a minimum of time and effort.

Many chairs are now upholstered in two contrasting colors, and accented with button tufting in a third.

Sofa beds, sleep lounges and studio couches are tops on the nation's best-seller list. They are smartly styled, comfortable and are a perfect solution to space problems.

As for color, the neutrals, beige, grey, off-white, gold charcoal - still hold sway as the overwhelming choice for backgrounds and floor coverings.

New accent colors will create plenty of excitement in a breathtaking array of rich purples, cobalt and sapphire blues, sharp greens, magenta, cerise marigold, burnt-orange, and apricot tones.

SIMPLE ELEGANCE with the accent on airiness and spaciousness is the underlying theme of the many coordinated groupings being featured in new-season furniture collections. Shown above are some of the exciting matched-in-mood-and-materials pieces. Furniture on the market this season combines birch wood, brass, glass, steel, plastic and cane and may be combined and coordinated for modern functional

beauty and decor. This combination living-dining room features full wall storage ensemble and open and closed hutches fitted with mail-slot compartments. The china cabinet has cane panel hutch doors that slide on nylon bearings. All upholstered pieces have steel frame construction and foam rubber cushioning. This grouping was shown at the Los Angeles Furniture Mart.

Fashionettes

The toddler set gets an old-fashioned look with new pantalettes and bloomers. The bloomers are knee-length, and pantalettes are lace-trimmed and reach the ankle. Knickers also turn up. All match dresses. The two-piece "costumes" come in corduroy, no-iron cotton, and cotton and Arnel.

Ancient tartans rate "A" on the campus. They are the strongest plaids and appear in skirts, slacks, shorts, jumpers and ponchos. Color combinations include taupe, black and white or dim green and blue. Sweaters and jerseys are knit to coordinate with the tartans.

Velveteen and corduroy are strong for day and evening for high school and college girls. Both fabrics are shown in neutral shades, black, and bright colors.

Star Mold Will Be A Menu Hit

Let your menu be in keeping with modern streamlined living and make a star mold of unflavored gelatine, tomato juice and plentiful canned grapefruit juice. The gelatine combines the tomato and grapefruit flavors without introducing any of its own.

Slash the star mold with lettuce and plump tart-canned grapefruit sections so rich in vitamin C like their fresh counterpart. At serving-time you will have a salad that is colorful and delightfully refreshing.

Star Mold

- 3 whole cloves
- 1 bay leaf
- 1/2 cup chopped celery with leaves
- 1/2 teaspoon salt
- 1 teaspoon sugar

2 envelopes unflavored gelatine
1 1/2 cups canned grapefruit juice, divided
2 1/2 cups tomato juice
1 onion slice
2 peppercorns

Soak gelatine on 1 cup of the grapefruit juice to soften; remove. Combine tomato juice, onion slice, peppercorns, cloves, bay leaf and celery in saucepan. Bring to a boil. Reduce heat and cover; simmer 15 minutes. Remove from heat; strain. Add softened gelatine and stir until thoroughly dissolved. Stir in remaining 1/2 cup grapefruit juice. Pour into a 4-cup mold or star mold; chill until firm. Unmold on salad greens; garnish with canned grapefruit sections. YIELD: 6 servings.

Four Homes To Be Given Away Prepare to Greet Fall September 23

Grand prizes in a new \$100,000 national contest will be four Living Medallion Homes valued at \$20,000.

Announcement was made today by the Edison Electric Institute of New York and The Detroit Edison Company.

The contest is designed to acquaint entrants with proper lighting needs in the home. A 16-page Lighting Booklet which includes the contest entry blank will be available at all Edison offices beginning September 12. The contest closes November 15.

Since particular emphasis is being placed on lighting fixtures and portable lamps, the booklets and contest blanks can also be obtained at retail lighting outlets, lamp stores, fixture stores, furniture and appliance dealers, and Medallion model Homes.

Containing information on how to live better electrically in a home that has proper lighting, this booklet covers Lighting for Atmosphere and Accent, Light for Living in the Kitchen, Lighting in the Living and Dining Areas, Lamps, Light Control, Bathroom Lighting, Outdoor Light

for Living, and Light for Safety and Convenience.

The contest will consist of true or false questions based on the text of the booklet, and a 20-word statement by the entrant telling why she or he would like to live in a Light for Living Medallion Home.

The homes, to be awarded to four regional winners, will be built from plans which earned top prizes in a contest conducted for student architects earlier this year.

They were designed to accommodate a family of four and to be built for \$20,000, exclusive of lot but including electrical equipment and major appliances.

There will be a top winner in each of four sections of the country. The Edison Electric Institute, of which Detroit Edison is the local member, will construct one of these

Homes on each of the winners' own lots.

Four second place prizes will be groups of electric kitchen appliances valued at \$1,500. Four hundred other winners will receive portable lamps.

Besides the information in the booklet, help in writing entries can be obtained through visits to Model Medallion Homes. In addition to Light for Living, Medallion Homes have certified wiring and installed major electric appliances. Gold Medallion homes have all the Medallion features, plus electric heat throughout.

Slavik Builders has Gold Medallion Home models in Burton Hollow Estates, Farmington and Six Mile Roads, and at 2320 Manchester in Ann Arbor Woods. Other Gold Medallion Homes in the Detroit area are located in Hollywood Heights at

Grandon, Jo Anne and Ann Arbor Trail, Livonia. There are other Gold Medallion Homes in Golf Greens Subdivision, Ypsilanti, and at 300 Lillian Court, Whitmore Lake. There is a Gold Medallion Home at 23894 Penton Avenue in Rivercrest Subdivision, Mount Clemens; one built by E. J. Millikin, 5621 Main Street, Dryden; and one by Gage Permbill, 1747 Vermont Avenue, Marysville.

Medallion Homes featuring Light for Living include the Edward Schultz model at 619 Peach Tree Lane, Grosse Pointe Woods, Iott and Iott model, 6732 Linden, Monroe; Thompson Model in Newport Woods, Carleton; Hidden Valley, 5669 Rochester Road, Rochester; Rorabacher model at 301 Lillian Court, Whitmore Lake; and a modernized home that has earned a Medallion at 74 Bellevue, Mount Clemens.

harvesting well into the evening, if necessary.

Instead of harvest, autumn means planting for a family who garden. It also means football games, picnics, fishing and hunting, walks and rides to see the autumn coloring of the trees.

The entire countryside changes color in fall. Already hillsides and roadsides lined with deciduous trees are splashed with gold, scarlet and crimson. Nowhere in the world is this coloring more brilliant than in Northeastern United States. By early October, vivid coloring stretches the length of the Appalachian Mountains from Canada to Alabama.

Wooded areas in other sections of the country also have a brilliant color display. Among notable ones are the Ozarks in Missouri, the lake regions of Michigan, Wisconsin and Minnesota, and the mountainous areas in Wyoming, Colorado and Utah where the aspen trees turn golden and glitter against the somber darkness of the evergreens around them.

The intensity of color from deciduous trees and its peak vary from year to year. In New England and the Middle-Atlantic States, the peak is usually around Oct. 12.

Outgrown Before Outworn

From the time a child begins to clutch at objects that will help him stand up, a mother should begin to think about his feet and the proper fit of his shoes.

Foot care authorities believe that often, without realizing it, a parent's lack of understanding about the child's true foot needs leads to foot defects before he has reached the age of ten.

The National Shoe Institute has compiled a list of DO'S and DON'T'S in buying children's shoes, based on years of study.

- DO choose a store which makes a specialty of fitting children.
- DO establish a relationship with a particular salesman. Continuity of contact gives him a picture of your child's walking habits, his rate of growth, and his progressive needs. He sees many children during a day and can often spot foot trouble early enough to suggest you see a doctor. Pediatricians believe that shoe salesmen are their best allies in keeping children's feet healthy.
- DON'T ever hand-down shoes from an older child to a younger. Even if they seem to fit perfectly, and hardly seem worn enough to throw away, they can do serious damage. A shoe conforms to a child's foot within a week or two after it is bought, and then really "belongs" to that foot. It cannot change its shape to fit another foot, but a tender foot can be twisted and turned to fit the shape of someone else's shoe, and therein lies the danger.
- DON'T think that the only criterion of fit is that there seems to be enough room for the foot inside the shoe. When a child's bones are soft and still growing, his feet can be injured without any pain.
- DO take your child to have his feet measured at the intervals recommended for his age in the following chart:

Age	Size changes every:
1 to 6 yrs.	1 to 2 mos.
6 to 10 yrs.	2 to 3 mos.
10 to 12 yrs.	3 to 4 mos.
12 to 15 yrs.	4 to 5 mos.
15 yrs. and up 6 mos. or more	

- DO have the child walk around the store wearing both shoes to make sure that the shoe does not ride up and down on the heel. Properly fitted heels prevent rotation on the ankles, and give the feet support for proper stance.
- DO change your child's socks during the day. A child's feet get damp from exercise. Remember that a child outgrows his socks as he outgrows his shoes. Socks that are too small are as harmful as shoes that are too small.
- DO have an older child change from his school shoes to lightweight shoes when he comes home, and see he changes his socks at the same time.
- DON'T hesitate to ask questions in the shoe store. Shoe salesmen are glad to tell you but of their experience, all about the construction and wearability of the shoes you are considering.

NO MORE BIG HEATING BILLS. Fuel bills start low and stay low with the Marafuel Budget Plan. They are at a 10-month low from September through June. There's no sudden jump when winter cold moves in and you need all the money you can spare for Christmas, warm clothing, taxes and such.

MORE REAL COMFORT ALL WINTER. Here's a great new heating oil—produced by an exclusive new Marafuel formula. This sensational new kind of heating oil has the highest heat content you can buy—that means real economy and comfort even in the coldest weather. Just as important, Marafuel heating oil is specially refined, screened and filtered to flow freely and burn clean for extra-long, money-saving burner life.

Call your nearest Marafuel dealer. Sign up for the best deal in heating oil. Do it today—you'll be glad you did all winter long.

Plymouth High School

By Gloria Bowles

The Plymouth High calendar has been a busy one ever since students trooped back to school last Wednesday, September 9.

The big word on that day was "Big Brother" and "Did you hear we're going to have something new in the way of an opening day assembly?"

All the credit for the success of the first—the Student Council Big Brother project, goes to its chairman, blond senior Brenda Richardson. Brenda spent hours in the guidance office at the school this summer, seeing to it that each freshman and all new students to the school would be welcomed, and squored around by a big brother or sister.

The project was a tremendous success, received a lot of favorable comment... and there were less unwary, innocent freshmen who were told "the room you are looking for is on the fourth floor." There are only three floors in the high school.

As for the second topic of conversation... every year the Assembly Committee... that's also under Student Council auspices... presents an opening day assembly. And every year it's the same old stuff—comments about clubs and school rules are directed to freshmen. Seniors see this four times... each year.

But this year, revolutionary, get-up-and-go Peggy Davidson, Assembly committee chairman, decided there'd be some changes made. Freshmen received leaflets which covered all of the rather dull information usually presented.

In the '59 opening assembly, Varsity cheerleaders—seniors Karen West, Mavis Williams, Jill Clarke and Barb Browne and juniors Barb Schantz and Karen Rank provided the pep; Mayor Dick Hubert, the jokes, and an introduction of Plymouth's two exchange students, they are Ursula Kell, 18, whose home is near Hamburg in northern Germany, and Anneke ("Kiek") Thang, 16 of Amsterdam, Holland. Peg spoke, so did Assistant Principals Gustav Gorgeuz and Bob Smith.

Very good assembly... very welcome change.

The next day, Thursday, bookstore lines were miles long... when John Kichy joins those long lines in college, he won't have to be terribly concerned about those steep book prices. Only a junior, John has won a scholarship already... and a \$500 one at that. He entered a Detroit News competition, exclusively for the paper's newsboys, was one of 20 to top 400 others in academic tests.

Impressions made in personal interviews counted, too. Although he hasn't made a career choice yet, John is interested in the fields of engineering and electronics, likes anything mechanical.

By Friday everyone had done some homework... at least been assigned some... whether it got done is another thing. At any rate, by Friday night, PHS'ers were ready for some fun, and the first dance of the school year, the "Kount Kickoff" (The Student Council sponsored, too).

The weekend was fun... and full of homework. Earlrier in the week senior Mavis Williams and soph Carolyn Scott, co-chairmen for the 1959 Homecoming celebration told me that Monday would mark the start of the selection of girls for the Homecoming Court. Sure nuf, it came to pass... details next week. Homecoming is slated for October 2... so on!

Tuesday saw "Pilgrim Prints" staff members scurrying around on their deadline day, working toward the publication of the school year's first issue, to hit the stands Tuesday, September 22.

The staff, a few days previously, received a notice from a high school publication rating service, announcing that their 1958-59 publication captured the Quill and Scroll "A" award plus the International First Place Award. That's a high honor in scholastic journalism.

By Wednesday, PHS'ers were acquainted with the new teachers—there are six of them; everyone was "back in the groove." (Some call it a "rut.")

But it won't be until Friday night when things seem to really be back in swing. That's when the Rocks will meet traditional rival Northville for the first football contest of the season.

See you at the game tomorrow night in Northville! And yell loud... for the Rocks!

An estimated 18,000 migrant farm workers come to New Jersey each year, mostly from Puerto Rico.

IT'S ONLY A PREVIEW... but even the preview was exciting. These Livonia young people performed for St. Mary Hospital Guild members at a recent planning meeting for the Annual Guild Rodeo to be held September 26 and 27. Over 40,000 tickets are available for the event. Contests

in wild steer riding, bronco busting, bull dogging, calf roping and hareback horse riding will be presented at the Detroit Race Course. The holder of the winning ticket in a drawing the day of the rodeo will be treated to a weekend in New York for two.

FOR VOLUNTARILY developing an athletic program at the Ft. Leonard Wood, Missouri Reception Center, 1st Lt. Carl Pursell, formerly of Plymouth, has been awarded a commendation ribbon with metal pendant. Carl, the son of Mr. and Mrs. Roy Pursell, 639 S. Main, entered the service two years ago and for the past 16 months has been supply officer and athletic-recre-

ation officer at Leonard Wood. The commendation for meritorious service pointed out that he has "consistently demonstrated exceptionally outstanding initiative and devotion to duty. He devotes many off-duty hours to organizing and coaching team events. Carl will soon be discharged and he and his wife plan to teach school this fall in the Wyandotte area.

WILLIAM D. FULTON, communications technician second class, USN, son of Mr. and Mrs. Norman C. Fulton of 8915 Corinne St., and husband of the former Miss Patricia A. Rensel of 987 Dewey St., is congratulated by his Commanding Officer, Capt. Allyn Cole, Jr., upon being selected "Sailor of the Month" August 14. Fulton, serving at the U.S. Naval Security Group Activity in Bremerhaven, Germany, received an engraved cigarette lighter in recognition of this honor. Before entering the Navy in February, 1956, he graduated from Plymouth High School and was employed by the Ford Motor Company in Livonia.

Bill Ruehr — Jack of All Positions

Bill Ruehr is a coaches' dream, but he is real and very important to Coach Hoben and the Plymouth football squad.

Every coach wishes for a player that can handle himself in every position and function well. Bill is such a player. A senior and three year varsity man, he has handled every offensive and defensive role but guard, tackle and fullback.

Bill has been playing football since the fourth grade of grade school. He picked up pointers from the varsity players that worked for his father in the greenhouse during the summer months.

This season he has been holding down an end

spot but is equally at home in the center position or at quarterback. On defense, he again handles himself at any given assignment.

During his Jr. High playing, he handled the command spot of quarterback. Last season he was a center among other things.

Hoben lists Bill as one of the most important players that he has on the squad and expressed the wish for more players of this type, but just doesn't have them.

Bill's other sport is track.

"GET THAT BALL and run," instructs freshmen coach Frank Sullivan as the freshmen prepare for their opening game on the 24th of this month. The squad will travel to Willow Run for their opener. The bulk of the freshmen are footballers that he coached in Jr. high last season. Since school has started, a few more have joined the practice sessions.

COACH JOHN SANDMANN and co-captain Jeff Huntington look over the list of cross-country runners that are out for the team this season. The roster includes eight men from last year. The opening meet is set for the 22nd at Wayne. Last fall, Plymouth finished third in the league with Redford Union taking the first place position.

Cross-Country Men Report For Practice

This year's cross-country team will be co-captained by Dave Mynatt and Jeff Huntington as they started practice Friday for their Sept. 22nd meeting with Wayne at Wayne.

Fifteen runners turned in their medical certificates Thursday and drew sweat suits for practice that started Friday after school. Practice sessions are conducted by John Sandmann, on the track behind the high school and down in the park.

Of the fifteen that reported for cross-country, eight had been on the squad last season. They are: Dave Mynatt, Jeff Huntington, Dick Hubert, Mike Knapp, John Vincent, John McLaren, Dave Rank and Mike Porter. Last year Redford Union took the league title and

Plymouth held the third place.

Coach Sandmann reports that the loss of four men, two on the football squad, one moved and one not going out this season, is bound to hurt. But that with some extra practice the Rocks will hold their own this year.

He is withholding any further comment on the team until they have a chance to run some time trials in the park this week.

As far as league competition is concerned, Redford Union is the power that must be reckoned with. They have taken the league title for the past two years.

JV Game Draws Near

The tempo of JV practices has been increased as the 22nd draws closer with much work remaining before meeting Northville.

Eighteen JVs have been working together for about a week now and with the addition of seven more from the varsity, final position practice will move at a faster pace.

Thursday was the first time that Coach Boering had a chance to work with his total squad.

The JV game, with Northville, will come four days after the Varsity meets Northville. The reserve game being played on the Plymouth field at 4:00 p.m. The rest of the season's games will be played on Thursday afternoons.

"SKULL SESSIONS" are a large part of every practice. Here Coach Hoben is using the blackboard to make a point clear to the squad. These sessions have been lasting about forty-

five minutes before each practice. The sessions cover both the offensive and defensive moves that are most often used by their opposition.

Rocks Open Against Northville Friday Night

This Friday night Plymouth will open their football season at Northville after a stepped up practice program that was outlined after the scrimmage with Highland Park last Saturday night.

The Saturday night action with the Highland Park club brought to light some of the changes that had to be made before meeting arch rival Northville.

Last season the Northville squad downed Plymouth by one touchdown, 12-7. This was the first time in many years that the Rocks were on the short end of the score. In the two preceding years a one point difference, 13-12, kept the locals on top.

Last Thursday coach Hoben made the final cut to trim the varsity down to 28. Of this number only 10 are returning lettermen.

tried to move the pigskin from the 50 yd. line to the goal line. No score was kept.

Officials and a chain gang were supplied by Plymouth to keep play moving somewhat like a regular game. The use of the chains gave the coaches a chance to record the gain on the various plays that were run.

Considering the entire scrimmage, Plymouth came out looking the best. Yet they left gaps that must be filled before tomorrow evening.

High on the list of needed players ranks Ends. Without this position filled, the Rocks are in for trouble all season.

Plymouth seems to have the potential for a good season, if it can be developed before going too far. He a d

coach Hoben will be forced to make considerable changes in the present positioning of various players to accomplish this. Yet changes in one or two areas could weaken the squad in others.

To change or not to change is the big issue that has to be faced. And if to change, where, to accomplish what result. So somewhat like a checker game, where it is profitable to lose something to save the total.

A Plymouth spectator expressed his opinion of the scrimmage session in this way, "If they (Plymouth) can get the ball, they stand a good chance of moving it for points."

Game time is 8:00 at the Northville field.

TRUCKS THAT DO THE NEXT BEST THING TO PAVING EVERY ROAD IN AMERICA!

Imagine a truck ride so smooth and cushioned that fragile loads can travel the worst "wash-board" roads with ease. Imagine a truck ride that virtually eliminates shimmy and wheel fight, cuts side sway on curves, makes steering far steadier and easier, keeps drivers far fresher. Imagine a truck ride that permits higher safe cruising speeds, more trips per day with all kinds of cargo over every type of road surface. Imagine a ride that keeps up to 78% of all objectionable road shock and vibration from ever reaching the driver and cargo, a design that sharply reduces twisting and fatigue forces on chassis, cabs and bodies, that keeps trucks young for extra thousands of miles. / Soon you won't have to just imagine such a ride. You can try it for yourself in the trucks that do the next best thing to paving every road in America—new Chevrolet trucks for 1960. You'll see what happens when Chevy's truck engineers design a whole new line of trucks around a whole new kind of torsion-spring suspension. These trucks are new from the ride on up —with wonderfully roomier cabs, brawnier frames, style that's fresh as sixty and more! Don't decide on any new truck till you see the newest of all.

See them soon at your local authorized Chevrolet dealer's.

Overloaded School Schedule Is Harmful

Jean K., a sixth grader, had registered for Scouts, signed up for trumpet lessons and joined the staff of the school paper. When her parents said no to a place on the swimming team, she was furious.

She stormed around the house, declaring her hatred for both parents, but the K.'s held their ground. If Jean wanted to swim, she would have to eliminate something else.

The K.'s, of course, were right.

Early in the school year, it is important for parents to be on guard against an overloaded schedule. Youngsters have to learn how to make choices, and parents must learn when to say no.

An overloaded person never does anything to his own satisfaction. Enthusiasm diminishes for everything and anything because he has no time to look around or catch his breath. The individual whose schedule is overloaded feels driven by midwinter; by spring he is exhausted.

The resulting fatigue—physical, mental, emotional—can cause frequent illness and continual irritability.

Obviously this situation is a greater problem with a popular, aggressive youngster than with a quiet, retiring child.

A good rule to follow is that youngsters below the Junior High level should be allowed no more than two regular activities a week beyond classroom assignments, homework and home chores. Such activi-

ties would include music and dancing lessons, Scouts, athletics, etc.

Babysitting may or may not be rated an extra activity. Sitting with an opportunity to do homework can hardly be classed as an extra. If it involves entertaining the children, that is another matter.

Senior High students should have at least two days in the school week that are free of commitments other than normal classroom assignments and home chores. (Saturdays and Sundays should not be counted free times, since weekends usually are crowded with social activities or family plans.)

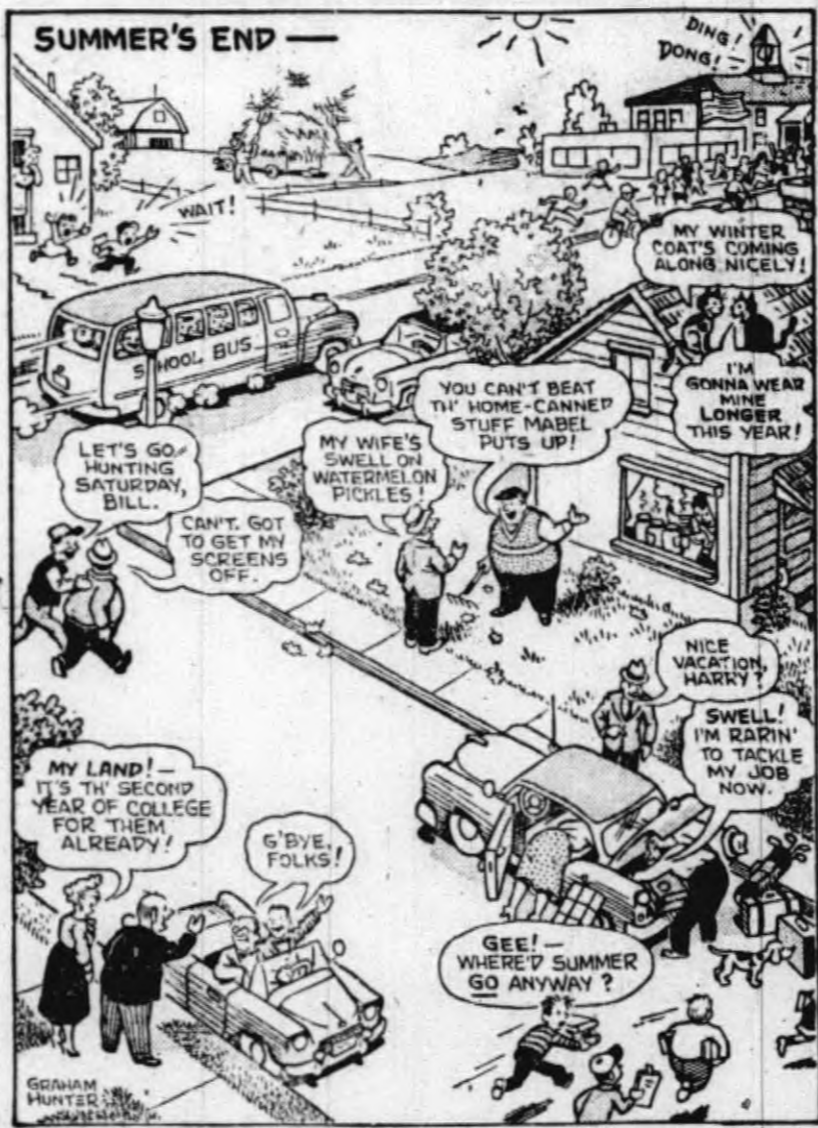

Extras should be allowed only if they do not crowd out or interfere with basic responsibilities like homework and household duties. And only if they do not cut into the hours of rest.

Parents, of course, can overload the same as children, and with just as dire results. A danger in the early autumn are the easy promises to assume committee duties or similar tasks later on in the season when demands on a parent's time have a way of snowballing at an alarming rate.

Parents must have time for rest and relaxation. In taking on the extra activities of community and social life, they also must make sure that these do not take precedence over the love and attention their children need.

It is a wise—and happy—family in which every member reserves some time each week for doing anything he chooses, or nothing at all.

Your Handwriting Is Clue About You

Dear Miss Williams:

Would you please make an analysis of my handwriting and point out what you believe to be my better and poorer qualities as well as any special talents?

Would you also make an analysis of the enclosed handwriting which belongs to another member of our family.

Lois Barns

Dear Miss Barns:

I cut some of your letter because it was quite long for printing. You are inconsistent in many things, for instance you can be quite diplomatic in handling others, but it does not run all through your writing. Your determination is very flexible, applied only when you wish. You do have an analytical type mind and like to acquire more knowledge on a given subject. You will strive to learn and sift out facts.

There is conservatism and you like things properly organized. You have quite a humor streak and are constructive with your hands. You hold some resentment and are easily irritated, supporting some emotional expression. You are very close-mouthed and do not discuss affairs that are personal or do not concern others. You have pride and very little sensitivity.

The other letter:

This person is very creative, builds, shapes and forms—has constructive ability. He has a very good memory, gives attention to details and retains anything gained. He can be emphatic at times and make decisions if he has to. Will power is strong but not long lived. Friends are carefully chosen and few as far as close friends are concerned. He can accept criticism and use it to advantage. There is a tendency to look at things in terms of how it will affect himself. He is practical minded but determined.

Dear Miss Williams:

What can you find in my handwriting. It seems a little uncanny the things you discover in people's handwriting.

Mrs. J.R.A.

Dear Mrs. J.R.A.:

You are a very emotional person and show your feelings outwardly. You have quite a temper and are easily irritated.

You speak out and do not hold back on any of your

personal feelings. You are very sensitive and feel everyone is criticizing you—so you strike back with your temper and resentment.

However you do like music and have a little literary talent. If applied and worked with it may be very helpful to you.

You are emphatic and sometimes stubborn. When your mind is made up no one can change it.

If you would like a free analysis of your handwriting, write to Lucille Williams in care of this newspaper.

SCATTERING REMARKS

AT THE close of a church meeting the writer recently attended the presiding Bishop made, as someone facetiously called them, "some scattering remarks." They were the appointments, read just the benediction. Soon several hundred preachers and laymen were on their way homeward, some of the preachers to prepare to move to a new home.

The writer could not escape a contrast between that time and others that he had known. Nearly all those who had been in at the time set out in their own automobiles with the expectation of reaching home by bedtime. Time was when we traveled by train and before that the brethren went by steamboats. Ofttimes they were days on the way.

Unquestionable, the new way is easier and may be better than the old. But the writer can but pause to indulge memories of the days he has known, the camaraderie of the train trip, and the swapping of recollections of experiences, and the greater length of the annual meeting that gave more time for renewing of old acquaintance.

But let me not be of the number to complain about the "way things are going." No way of doing things is indispensable. We are out of the "horse and buggy days" and we must keep step with the faster pace of the present in the work of the kingdom.

in home after home after home...
there's always plenty of hot water
the new electric water heater way

In home after home there's a new electric water heater. And the families in these homes enjoy all the hot water they want.

You can be confident that an electric water heater, plus Edison's new Super Supply Plan, will provide round-the-clock hot water for all your family's needs, too. Then you can plan your day more efficiently—do the laundry, wash dishes, schedule showers when you want to.

Here's the convenient, modern way to **GET IT HOT... GET A LOT** for an operating cost as low as \$3.88 per month.

Only electric water heaters give you all these important advantages:

- ☑ Efficient—the heat goes into the water
- ☑ Fast—new, more efficient heating units
- ☑ Install anywhere—need not be near a chimney
- ☑ Outer shell—cool to the touch all over
- ☑ Long life—meet Edison's rigid standards
- ☑ Edison maintains electrical parts without charge
- ☑ Automatic—all the time
- ☑ Safe—clean—quiet—modern

If Your Name Is Judith

"Judith" is a Hebrew name, and means "a Jewess". Nevertheless it has always been used also for non-Jewish girls. The very first Judith mentioned in the Old Testament was a Hittite woman who became one of Esau's several wives.

Far better known is the Judith of the Hebrew city of Bethulia who saved her native town from the Assyrians. Her heroic deed took place in the 8th century B.C. and is known to us from a Greek manuscript written in the 1st century B.C.

Nebuchodonosor, King of the Assyrians, decided to conquer "the whole world", and sent out his general named Holofernes to do the job. When Holofernes arrived near Bethulia he cut off the tongue of the city. The languishing population was already on the point of surrender when Judith promised to save them.

Judith had been mourning her husband Manasse for over three years, hiding her gorgeous looks in garments of sackcloth. Now she discarded her "widows weeds", and put on the precious finery she had worn in her husband's lifetime so that every man who saw her was amazed at her beauty. Accompanied by her maid who carried provisions of wine, oil, corn, figs and fine bread, she set out for the Assyrian camp. There she told the watch that she had come to show Holofernes how to subjugate Bethulia without the loss of even one man.

The guard was impressed, gave Judith an escort of 100 men, and sent her on to the general. Holofernes was resting in his tent under a magnificent canopy interwoven with purple and adorned with precious stones. He was enchanted by his visitor, a nd made Judith and her maid remain in his camp for three days hoping that he would succeed in winning her favor.

All the while Judith and her maid lived only on their own food and drink, and worshipped according to their own faith. With the consent of Holofernes they went out into the valley of Bethulia every night after midnight,

and there they washed in the fountain and prayed. On the fourth day Holofernes arranged a stupendous feast for Judith. She accepted, confining herself to eating and drinking merely what her own maid prepared, while the general drank more wine than he had ever drunk in his life. When he fell into a stuporous sleep Judith had the opportunity to carry out her plan.

Holding his head by his hair, with his own sword she smote him cutting off his head. Then she tore down the jeweled canopy, wrapped the head in it, and left, together with her maid, going toward Bethulia as they had done every night, taking along the head in the very bag that had held their food.
