

Just How Much Will It Cost Me?

By James Sponseller

If I vote for these school bond issues, how much will it raise my tax bill?

This is the most frequently-asked question that electors going to the polls Monday, Nov. 23 want answered. On the ballot will be four propositions, two of them dealing with a \$4,000,000 bond issue and two others with a \$500,000 issue.

With the multi-million dollar bond issue being the largest ever attempted in the community, taxpayers naturally will want to know exactly what kind of havoc this will raise with their tax bills.

Most voters recognize that a community can't keep on building several hundred new homes each year without adding more classroom space along with it. But the taxpayer who must keep an eye on his pocketbook wants to make sure that he's getting his money's worth without being soaked beyond reason.

The board of education, knowing full well that a proposal asking for an excessive hike in taxes would face certain defeat, has advanced a package that they feel is quite reasonable.

The two bond issues, if approved, would mean an increase in the tax rate. For over six years, the Plymouth district's rate stood at 21.95 mills. When bills are sent out in December, the rate will be a fraction smaller—21.07 mills (\$21.07 per \$1,000 valuation).

On top of this there is an "equalization" by Wayne County and the State. Each city and township received an equalization factor of its own—a factor which tax people say brings the community's assessments up to a point where they compare with other cities and townships. In the city of Plymouth this year, for instance, there is a 20 percent equalization figure added to the city's assessment.

But laying aside the complicated equalization factors for a moment, the cost of the two bond issues to an "average" taxpayer would be this:

An average property owner has about a \$5,000 assessment on his home and property.

The two bond issues will raise the millage 1.45 mills over the present rate of 21.07 mills. For the average homeowner, this would be a total of \$7.25.

If one wants to figure out how much higher it was over the old 21.95 rate that was in effect over six years, it will be .57 mills higher. This would be \$2.85.

Owners of big homes, commercial buildings and industry, of course, would be able to notice the increase more readily.

Should the bond issues be approved, the higher rate will take effect on the 1960 tax bill, not this December.

An increase of less than a mill over past years to finance a \$4,500,000 bond issue seems impossible. But this is made possible for two reasons:

1. A bond issue voted in 1952 will be retired after this December. The district is paying 1.15 mills this year on this issue.

2. A building and site sinking fund approved by voters two years ago would be curtailed. This was for 2.5 mills.

By adding these two together, the board has 3.65 mills free to work with.

The \$4,000,000 bond issue requires a voted millage of 6.5 mills. The school board intends to actually levy only 4.53 mills of this. The remaining millage is needed for "insurance" to the bond buyers in case the school district should suddenly lose some valuation.

The \$500,000 bond issue requires a voted millage of .75 mills, but the board intends to levy only .57 mills.

These two add up to 5.10 mills. Subtract from this the 3.65 mills that are being dropped, and it leaves you with 1.45 mills. This is the increase over the 21.07 mills being levied this December.

The figures are based on the premise that the state equalized valuation in 1960 for the school district will be \$95,000,000. This year it is \$92,865,687.

It is proposed to buy "intermediate" term bonds with a maturity schedule of 18 years. These would be less, however, depending upon the interest rate.

What will be purchased for the \$4,500,000?

The PLYMOUTH MAIL

Area School Wants Annexation

PLYMOUTH HIGH School's powerful football squad posed last week for their last picture as the season ended. Shown from left, are, front row: Don Williams, David Hauk, David Beach, David Green, David Timcoe, Walter Smith, Andy Kurklitis, Carey Black. Second row: Art Anderson, Bill Ruchr, Bernard Curtis, Ron Nickerson, Jim Herter, Wayne Sparkman, R a n d y

Egloff, John Salan. Third Row: Larry Popp, Art Nelson, Ralph Spigarelli, Jim Lockwood, Murray Denny, Ray Liimakka, Bob Montieh, Don Argo. Top row: Johnnie Gillis (mascot), Dick Alsbro, Peter Steiner, Mike Kisabeth, Dan Stremick, John Spigarelli, Gary Fillmore (mgr.) and Doug Valeck (mgr.)

Gridders End Brilliant Season

With a share of the Suburban Six League crown and an enviable record of having been scored upon by only two of the eight teams they played this season, Plymouth High School's football team turned in their uniforms this week. They finished with a 7-1 record.

The near-perfect record included a 4-1 total in tough Suburban Six League competition, and the Rocks earned a share of the title with Bentley and Trenton.

In compiling their 7-1 record, the Rocks defeated two league champions, Northville of the Wayne-Oakland League and Walled Lake of the Inter-Lakes League. Plymouth was the only team to defeat either of these teams.

The Rocks opened with a 9-0 win over Northville and followed with a 20-13 victory over Bentley. Trenton upset Plymouth 14-13 in the third game of the season with Plymouth missing a potential game-winning field goal in the last eight seconds.

Plymouth got back on the victory trail to stay the next week with a 52-0 win over Redford Union, followed with victories over Allen Park, 20-0, Belleville, 19-0, Thurston 30-0, and the final big win over Walled Lake, 26-0.

Only 27 points were scored on the stout Rock defense in eight games. Six of them were shut-outs. Meanwhile Plymouth's offense rolled to 189 points.

Overall Plymouth football teams won 15, lost four and tied one this year. The Freshman posted a 4-1 record and the JVs a 4-2-1.

Season's Second Concert

Ex-Naval Academy Musician Is Symphony Soloist Sunday

The Plymouth Symphony Orchestra's second concert of its new season, will be presented this Sunday afternoon with an outstanding trumpet and cornet soloist as guest performer.

Held in the Plymouth High School gymnasium, the free concert starts at 4 p.m.

Donald R. Tison, cornet and trumpet soloist, will join the orchestra in the Concerto for Trumpet and Orchestra in E Flat by Franz Joseph Hayden. Mr. Taylor, currently training for a degree in wind instruments at the University of Michigan, has had wide experience in his field.

While in the Navy he was assigned to the Naval Academy Band where he played solo cornet. During his three years in the Navy he also studied privately with Lloyd Geisler of the National Symphony Orchestra, Washington, D.C. He is currently cornet soloist with the Michigan Symphony Band and shares the first trumpet chair in the University Orchestra.

The melodic Symphony Number 1 in D Major by Gustav Mahler will be presented to mark the centennial of the composer. The orchestra will be enlarged to 100 pieces in order to present the symphony as intended by Mahler who in his symphonic composition planned on a gigantic scale for an orchestra nearly doubled in strength. This was the first of nine symphonies written by Mahler.

The third selection to be presented by the orchestra will be Hively's Tres Himnos or Three Hymns. Contrary to the title, the Tres Himnos is not solemn but instead embraces a light, gay quality in keeping with the Mexican theme.

This series of afternoon concerts, under the direction of Wayne Dunlap, is, of course, without charge to the public.

School Board Calls for Look At Complaints

Some accusations concerning Plymouth High School's band director and complaints about picture-takers and "orphans" were all part of Monday night's lengthy Board of Education meeting.

A list of nine grievances against band director James Griffith was read by a parent who declared that his statements represented the feeling of 34 parents.

Leonard Cole read the lengthy statement which dealt with the conduct of the director. It demanded that Griffith be dismissed.

Following Cole, Clarence Wilson, president of the Band Parents Association, spoke in defense of Griffith and offered a rebuttal to Cole's statements, point-by-point.

In the end, Supt. Russell Russell Isbister was directed to make a full investigation of the situation and report back to the board.

Some of these similar changes were made by individuals to the administration last spring. The band director's probation, given to all new teachers for the first several years, was extended a year longer.

The charges listed were use of bad judgement concerning the welfare and safety of pupils (such as playing in the rain), unfair practice in grading, destroying enthusiasm of the band through remarks, making impractical demands of time upon the pupils, deriding individuals and encouraging them to drop out, exceeding budget allowances so making money-raising projects necessary, using his office for smoking and avoiding complaints by having an unlisted phone.

Wilson defended the director by noting that a talk with bus drivers will show the concern of the director for his students; that "incompletes" are given in grading only when there is a need; that those who have a grievance have not tried to work it out through the Band Parents Association; that more demands must be made in a band program than in ordinary student activities; that it is the Band Association that has decided upon money-making projects, not the director, and that anyone is entitled to an unlisted telephone.

Donald R. Tison, cornet and trumpet soloist, will join the orchestra in the Concerto for Trumpet and Orchestra in E Flat by Franz Joseph Hayden.

Mr. Taylor, currently training for a degree in wind instruments at the University of Michigan, has had wide experience in his field.

While in the Navy he was assigned to the Naval Academy Band where he played solo cornet. During his three years in the Navy he also studied privately with Lloyd Geisler of the National Symphony Orchestra, Washington, D.C. This series of afternoon concerts, under the direction of Wayne Dunlap, is, of course, without charge to the public.

State Law May Require Taking Over Small Nearby Districts

A unanimous decision last month by residents of the Geer School District in Washtenaw County to ask that their district be annexed to the Plymouth Community School District, was one of the important matters coming before the board Monday night.

Also facing the board was a detailed report from several citizens asking that the board reconsider its method of financing new construction.

Two members of the Geer school board appeared, director. A letter was read to the board which noted the purposes of the proposal.

Geer School is a one-room building located on Ann Arbor Rd. at Gotfredson. The Plymouth district runs along boundary. Twenty-two of its secondary school children already come here on a tuition basis. There are 48 in grades one through six in the one-room building, making the situation critical.

The statement declared that members of the district perform nearly all of their everyday business in Plymouth, go to church here, and live within the Plymouth possible zone.

A professional planning firm, working for Superior Township, has stated that the school district will not develop as an urban community, the statement said.

Plymouth's school board, who in the past few years said they could not consider further annexations at that time, were a little more receptive Monday night. They have a reason.

The state is contemplating a law which would make it mandatory for districts such as Plymouth's to annex adjoining districts (called fractional districts) where high schools are not feasible.

With this in mind, the board suggested that Washtenaw County School Superintendent J.W. Haab call boards of neighboring secondary schools together and discuss dividing up the fractional districts.

Other fractional districts in the area are South Salem, Stone, Lapham and Frains Lake.

It is expected that such a meeting will be arranged. Looking at the forthcoming bond issue, the school board had a new proposal to consider. Several members of the Fact Finding Committee of the School Community Planning Group have spent much time and effort working over new figures and methods of meeting the district's future building needs.

Donald Marsden and Dr. Ensign Clyde were two of those making the personal survey. They approached the future growth of the district from a different angle and concluded that the growth will not be as high as the school board foresees.

They also propose that \$2 million of the board's \$4.5 million proposal be a bond issue and the remainder be a levy that would out the construction on a "pay-as-you-go" basis.

Harold Neimi, who drafted much of the statistical work for the board's report, said that the enrollment estimates of the independent group ran about a year behind the board's, but that he still feels that the board's figures are still more realistic.

He also felt that to raise money through millage (instead of having bond money available immediately), would more likely require a higher millage rate than for the bond issue.

It was the consensus of the board that while they were appreciative of the work going into the report, they felt that the enrollment estimates and how to obtain the money was a matter of judgement made after consideration of many approaches.

(The Nov. 23 election would have to be called off if any changes were made in the proposals.)

Fund Lag To Call for Action

With only 57 percent of the Plymouth Community Fund goal being reached at the end of six weeks, the fund board of directors is calling a special "crash" meeting this week to take steps to get the campaign moving along.

Plymouth's fund drive normally is slower than the United Foundation held in the metropolitan area. It takes extra weeks to get reports from those who contribute through the U-F with their donations earmarked for Plymouth.

But this year's campaign is slower than usual. Two more industries reported donations this week to add another \$2,753.10 to the campaign, but there are still some major industries and many business establishments not reporting.

The total pledged so far is \$19,493.40. The major contributors during the past week were Whitman and Barnes Corp. and employees, \$2,403.10; and Dunn Steel Products Division of Townsend Co., \$350.00.

boundary. Twenty-two of its secondary school children already come here on a tuition basis. There are 48 in grades one through six in the one-room building, making the situation critical.

(The Nov. 23 election would have to be called off if any changes were made in the proposals.)

NEWS BEAT

Patrolman Henry Berghoff is presenting Andrew Hunter, 969 Sutherland, with a souvenir of a recent incident that could have cost Hunter his life. The Barnes-Gibson-Raymond foreman stepped out into his back yard one recent morning when he was knocked down by a blow to the abdomen. Examination of the bruise showed that it may have been a rifle slug. Searching the ground, Berghoff found the .22 slug, but after an investigation of the area did not find the one who fired the shot ... The slug was turned over to Hunter this week as a souvenir of the occasion.

AT WORK: Excavators arrived in town Monday to start work on the \$205,000 Post Office enlargement and improvement. An addition 65 feet deep will be added to the rear of the building with property being purchased to Frankel Ave. The work will not be an asset to the big Christmas rush ahead.

FIRE RUNS: Contrary to rumor that the city fire department set an old barn along S. Mill afire deliberately for practice last Friday night, it was probably set by vandals. Firemen extinguished the fire in the vacant barn, although it was scheduled to be torn down. Plymouth Township firemen were called Monday morning when a water hose of a Michigan Bell car broke, setting fire to the anti-freeze and causing much damage under the hood.

MISTAKEN: William C. (Top) Taggart, well-known by many Plymouth people due to his oil wildcatting in the area, was due to be the victim of either a robbing or kidnapping Monday night in his hometown of Big Rapids. Two thugs hauled another oilman into an alley and then commented: "that's not Taggart." The other oilman was slashed with a knife. Taggart, worth millions even before he sold his gas and oil wells here to Consumers Power, lived at the Mayflower Hotel for two years following the first oil strike in Salem Township in 1954.

JUNIOR Achievement's new business center next to city hall had its official opening Monday night with Mayor Harold Guenther cutting the ribbon. From left are City Manager Albert Glassford; Frederick Vollbrecht, of Plymouth, a head of Southeastern Michigan J-A advisory board; Mayor Guenther; Hugh Griffin of Burroughs and Achievers Mari Lynn Walters and Jim McCabe.

Jr. Achievement Opens Bright New Headquarters

Official opening of the new Junior Achievement headquarters in Plymouth was held Monday night by ceremony, speechmaking and a banquet attended by community leaders, sponsoring industries and some of the Achievers themselves.

The new J-A business center is located in the basement of the city-owned building next to the city hall, formerly the Christian Science Church.

Mayor Harold Guenther cut the ribbon in a brief ceremony Monday night that officially opened the center. A segment of the Plymouth High band played as the public and youngsters entered the center and were treated to cider, doughnuts and favors.

Junior Achievement, the miniature corporations that are set up and run by the young people themselves, has been in Plymouth since

1953. Until now, the business center was across the street in the Joliffe building. The new location offers more and brighter surroundings.

Tenagers perform all duties in these small, often successful miniature manufacturing and service companies. They comprise the board of directors, department heads, officers, salesmen and employees. They plan sales campaigns, straighten out production and management problems and pay and receive wages and bonuses, the latter coming at the end of the current school year.

Most companies have now been fully capitalized by selling preferred stock to the public at 50 cents a share. This stock is paid back first when the firms liquidate and dividends are declared if business has been good.

There are now eight industries counseling J-A companies in Plymouth. They are Chevrolet Spring and Bumper division of GM, Barnes Gibson-Raymond Division of Associated Spring, Chrysler Engineering Division, Michigan Bell Telephone Co., Evans Products Co., Consumers Power Co., Western Electric Co., and Burroughs Corp.

Monday night's affair opened with a banquet at the Mayflower Hotel. Hugh Griffin of Burroughs was toastmaster. Short talks were given by Mayor Harold Guenther, City Manager Albert Glassford, Plymouth High Assistant Principal Gustav Gorguze, Plymouth Mai Managing Editor Jim Sponseller and Wallace Fleming, executive director of J-A in Southeastern Michigan.

Each complimented the J-A progress in Plymouth and the local merit.

Area Employment Managers Gather For Meeting

Richard Muttschall, supervisor of the Field Audit Division of the Michigan Unemployment Compensation Commission, will be the guest speaker at a luncheon of the Area Employment Managers.

The meeting will be at the Mayflower Hotel, Wednesday, Nov. 18, at 12:15 p.m.

Muttschall will discuss the composition of the Unemployment Compensation fund, the depletion and the increase in percentage changes.

The Employment Managers are comprised of personnel from all the industries in the Plymouth, Livonia, Ann Arbor, Ypsilanti, Walled Lake and Wayne area.

This group has continuously met over the past two years and has been interested in all phases of employee and employer relations.

It had its initial conception in Plymouth through the Local Employment Office, spearheaded by Gordon Packard, manager of the local office of the M.U.C. Commencing with six members it has now grown to well over fifty members.

Plymouth High School

By Gloria Bowles

Parent-teacher conferences tomorrow evening, one event in a series of those planned in the high school observance of American Education Week, are a fine opportunity for parents to become acquainted with the instructors of their sons and daughters.

From 7 to 9 Thursday is the time scheduled for the meetings, report sophomore Mary Hulsing and junior Jerry Fischer, Student Council members who are co-chairmen for the observance. They add that parents who have not yet made appointments for conferences should do so now by calling the high school.

Another phase of American Education Week at the high school will be Student-Teacher Day. It was today that teens had an opportunity to learn to appreciate the problems of their instructors.

After several (wet) tryouts, Water Waves, the girl's swim club, has 26 new members, all of whom were selected after judging by club president Marilyn Holst, vice-president Susan Hulsing and secretary-treasurer Fran Smith.

New Water Waves are: Freshmen Marcile Curtis, Bonnie Gibson, Gerry Krumm, Sue McIntyre, Sharlene Stofko and Barb Utter, sophomores Gloria Adams, Bonnie Gay Anderson, Mary Lou Argo, Karen Clyde, Kathy Clyde, Jody Edgar, Carol Hudson, Mary Hulsing, Sue Larkin, Genie Light, Helen Otwell, Gay Shirey, Marianne Shirk, Lynn Van Dyke, Penny Wolfe, Marcy Woolweaver, and Jeanne Wright.

Barb Schantz, Marcia Randall, and Janice Holloway are the new junior members.

A senior class of Plymouth High School, in order to plan a class trip, must have the interest and support of half the class. In the case of the class of '60, that's 150 people ... the Senior Executive Board, feeling that not nearly that many students would be interested in spending \$40 to \$50 for a three or four day excursion, is unofficially attempting to bring a small group together.

With that in mind, the Board called a noon meeting, set for tomorrow, of seniors interested in a trip. Class president Jay Selle and secretary Nancy Alford will conduct the meeting; also attending will be class vice-president John Salana and treasurer Janet Frieswyk.

Seventeenth district representative in the legislature in Washington, Mrs. Martha Griffiths, is in the high school today, speaking to Miss Gertrude Fiegel's morning history classes.

A house and an apple tree! That's what the crew of the coming All-School play, "On Borrowed Time," is building for the November 19, 20 production.

The sociology classes of Mr. James Marshall and Mr. Bill Brown, studying people and their environment, visited the Detroit House of Correction last week.

Twelve, aspiring to engineering and science careers, attended a Fall Vocational Guidance Conference in Detroit last week.

Guests of the Engineering Society in the Auto City were seniors Lee Feldkamp, Tim Graves, Jim Herter, Gary Honder, Jeff Huntington, Andy Krukltis, John McLaren, Martin Oldford, Dennis Parker, Jay Selle, Barbara Steencken (she's a brave one!) and Jim Thompson.

"Pilgrim Prints" is out today.

Seniors: the class of '60 will not be able to have a banquet ... if we don't get

Practical Nurse Week Nov. 9-26 Proclaimed

Governor G. Mennen Williams proclaimed the period from November 9 through November 26 as Practical Nurse Week in Michigan and urged all people to join in recognizing the valuable contribution of Practical Nurses in the life of their communities.

To Attend Finance Association Confab

When the Michigan Consumer Finance Association holds its annual convention in Detroit Nov. 10, 11, and 12, the Plymouth Finance Co. will be represented by Myrn R. Smith, president.

Smith is vice president of the State Association and chairman of the public relations committee. The three-day session for small loan companies throughout the state will feature such distinguished guests as Dr. John M. Chapman, Columbia University; E.F. Wonderlie, president of General Finance Corp.; and Dr. Thomas G. Gies, of the U of M.

Each year the dollar volume of cash installment loans runs into the millions. In 1957 the consumer finance companies in Michigan made loans to the equivalent of one out of five families totaling \$700 million.

Attends TV Show
Cub Scout Pack 766 of Galimore School went to Detroit Oct. 18 where they attended the telecast of the Sagebrush Shorty Show. Awards were received there by several boys with two Den mothers being judges.

Chess club officers are president Jeff Huntington, vice-president Bob Wall, secretary Barb Steencken and treasurer Jim McCabe.

The Girls' Athletic Association, too, has several irons in the fire ... the feminine athletes are playing volleyball, tennis and soccer, report club officers, president Karen West, vice-president Barb Brown, secretary Sandra Bailey and treasurer Linda Leet.

Mrs. E. V. Jolliffe asked The Mail to explain that her Jolli-Lodge at Lake Leelanau, Mich. will continue as a summer resort.

The Mail ran a story describing a new program where retirees can live at Jolli-Lodge year-around, in company with other older people.

Mrs. Jolliffe wanted it understood that the new program did not mean the end of the Lodge's regular resort business.

ONE HUNDRED AND THREE candles on a birthday cake would be a real fire hazard, however, this is what Mrs. Mary Shannon (center above) rates for she celebrated her 103 birthday last Sunday. Surrounded by just a few of "her clan" (l-r) Mrs. Bernice Brown, daughter holding great-grandson, Mark Hrbal, and Mrs. David Francis of Plymouth, granddaughter, holding great-grandson Patrick Francis.

Two of Mrs. Shannon's five children are living. She has six grandchildren, 11 great-grandchildren and 11 great-great-grandchildren. She enjoys her family, her T.V., especially "It Could Be You" and "Truth or Consequences," and also the yearly greetings from her many fans, particularly the birthday greetings she received from Mamie Eisenhower and also one from the President of the United States.

Resident Active In Phi Mu Tea

Mrs. Lewis Litzberg, 44500 John Alden, Plymouth is serving as social chairman for a Presentation Tea to be given this Sunday, Nov. 15, 1959, by Delta Xi Chapter of Phi Mu Sorority at the University of Michigan, Ann Arbor. The sorority, second oldest secret society for women, established Delta Xi Chapter at the University in 1956. Last year the chapter purchased the Phi Chi Medical Fraternity House at 1541

Washtenaw Avenue. With the house newly redecorated, the alumnae and collegiate members are formally presenting the house to the campus this Sunday.

The tea will be from 3 to 5 p.m. and any Phi Mu alumnae in the Plymouth-Livonia area interested in attending are asked to call Mrs. Litzberg, GL 3-4456.

Before compasses were fixed on a pivot, they were floated in a liquid.

State Jaycees to Circulate Petitions Calling Constitutional Convention

A Michigan Junior Chamber of Commerce study committee co-chaired by Robert Dwyer of Plymouth has prompted the state organization to adopt an action program called "Operation Constitutional Survey."

Fred Warner, president of the Michigan Jaycees, said that after extensive study and review of Michigan's problems as they relate to the present-day constitution, the Operation Constitutional Survey committee headed by Dwyer and Jack Racklvef of Garden City presented their recommendations to the State Jaycee board of directors.

Dwyer is owner of Pizza Pete's on Penniman Ave. The recommendation as approved by the board calls for the circulation of petitions to acquire a sufficient number of signatures to place a Constitutional Amendment on the November 1960 Ballot. This amendment would call for changing Article 17, Section 4 of the Constitution of the State of Michigan to read, in part, as follows:

"At the biennial spring election to be held in the year 1961, in each 16th year thereafter and at such times as may be provided by law, the question of a general revision of the Constitution shall be submitted to the electors qualified to vote for members of the Legislature. In case a majority of the electors voting on the question decide in favor of a convention for such purpose, an election to be held not later than three months after the proposal shall have been certified as approved, the electors of each House of Representatives shall elect one delegate for each State Representative to which the District is entitled, and the electors of each State Senatorial District as then organized shall elect one delegate for each State Senator to which the District is entitled."

Warner continued by stating that, "This amendment will change part of Article 17, Section 4 of the State Constitution in four ways:

1. It will provide for again placing, in the spring of 1961, the question of calling for a Constitutional Convention;
2. It will change the requirement for passage of the convention call from a majority of those voting in the election to a majority of those voting on the question;
3. It will expedite the selection of the delegates;
4. It will change the basis for selecting the delegates."

Warner concluded, "Petitions will be circulated by over 5,000 Michigan Jaycees to acquire the necessary number of signatures for the placing of the amendment on the November 1960 ballot."

Grange Cleanings

The Grange sponsored 4-H Group met at the Hall last Wednesday night with much enthusiasm under the leadership of Mrs. Virginia Fehlig.

Their new projects are well underway. Anyone interested in enrolling in this worthwhile group may do so by calling Mrs. Fehlig before December 15. A Christmas party is planned for their December meeting.

Now that our new officers have been installed for the ensuing year every member should support them by attending meetings regularly and assist in any way possible.

Only by working together can we retain our title "Friendly Family Fraternity."

The installing officer and his assistants deserve much credit for a good job well done.

The charter was draped for sister Jennie Cramer who will be missed by everyone, also brother Perry Greenley Holden, nearly 94 years old, who was in a rest home at Mason, Michigan. He was a member of Belleville Grange for years, however, when Belleville Grange membership became so few they joined with us to retain their life membership. There were very few of our members that knew him, however, he was one of the world's outstanding pioneers in agriculture. Anyone more interested in his life will find an editorial comment in the October 17 issue of the Michigan Farmer.

Members reported sick or in the hospital are sister Mabel Mott, Elizabeth McCoy and brother Sam Spicer.

Thursday, Nov. 12 we are invited to a joint installation of Submontane and Promona officers at Pittsfield Grange.

It is always enjoyable to attend these affairs and we hope to have a large group attend.

Due to lack of time the report from State Grange had to be omitted last Thursday night, but will be given on November 19, at the next regular meeting.

Be sure and call Mrs. Squires, GL 3-3030 for reservations for the roast beef dinner on November 14, also for the "Luncheon is Served" on November 19 at 12:30. We can only serve so many so get your tickets early. Both events are open to the public.

The precious metals are platinum, gold, silver, palladium, rhodium, ruthenium, iridium and osmium.

Local Committee Readies Christmas Seal Campaign

1959 Christmas Seal Edition on the Plymouth committee are Mrs. May Beitner of the Plymouth Lumber and Coal Co.; Harry A. Roberts of Caplan and Roberts; and George F. Lawton, manager of the Plymouth community Federal Credit Union.

Judge Sexton said: "We are starting immediately with the annual Seal campaign and hope to come up with some new ideas and additional funds. All of us are concerned about tuberculosis this year. Plymouth had 18 new cases of TB last year and Plymouth Township had 20."

The Christmas Seal dollars contributed voluntarily by the people of our community, so much to help prevent TB and to bring those who have the disease under the care of physicians," Judge Sexton said.

Plymouth residents will begin receiving the colorful Christmas Seals in the mail this week. The drive begins Nov. 16 and continues through December.

Citing the program financed by Christmas Seals, Judge Sexton said: "The TB and Health Society and the Detroit Tuberculosis Sanatorium work constantly to protect us from this disease and to safeguard our children, now and in the future. Christmas gives each of us an opportunity to support this program by contributing for and making liberal use of, tuberculosis Christmas Seals."

Obituaries

Catherine S. Donnelly, 93
Mrs. Donnelly passed away November 6 at the residence of her daughter, Mrs. George May, 24365 Powers Road, Farmington Township, from a heart condition.

She was born in Merlin, Raleigh Township, Ontario, Canada Nov. 29, 1866, the daughter of William and Margaret (Dowling) Finlin. Her husband, Thomas Donnelly preceded her in death March 1929.

Mrs. Donnelly leaves four daughters, Mrs. Roy Rogers of Plymouth, Mrs. George May of Farmington, Mrs. Ray Francisco of Florida, and Mrs. Joseph A. Sweeney of Birmingham; two sons, Murry Donnelly and Russell Donnelly, both of Detroit; also 24 grandchildren and 33 great grandchildren.

Rosary services were recited at eight o'clock Sunday evening at the Spencer J. Heeney Funeral Home, 23720 N. Farmington Road, Farmington. Requiem Mass was held from Our Lady of Sorrows Church, Farmington at 10:00 a.m. Monday.

Interment was in Mt. Olivet Cemetery, Detroit.

Ivah A. Roberts, 66
Funeral services will be held Thursday, Nov. 12 for Miss Ivah A. Roberts from the Salem Federated Church, Salem. Rev. Richard Burgess will officiate at the 2 p.m. services. Friends may call at the Casterline Funeral Home, Northville, until noon on Thursday. Interment will be at the Salem-Walker Cemetery.

Miss Roberts, 9660 W. Six Mile Road, Salem, passed away November 9 after a four week's illness.

She had been a resident of Salem all her life, born August 16, 1893. She was a member of the Salem Federated Church. Her father, George, 93, is her sole survivor.

Help Fight TB

Use Christmas Seals

This week. The drive begins Nov. 16 and continues through December.

Citing the program financed by Christmas Seals, Judge Sexton said: "The TB and Health Society and the Detroit Tuberculosis Sanatorium work constantly to protect us from this disease and to safeguard our children, now and in the future. Christmas gives each of us an opportunity to support this program by contributing for and making liberal use of, tuberculosis Christmas Seals."

Oldford Opens Real Estate Office Here

A new real estate firm has opened in Plymouth, owned by a man who has been a builder here 12 years.

Stewart Oldford, senior member of Stewart Oldford and Sons, builders, has announced that he has begun a real estate business. He will operate out of his construction company office at 1270 S. Main.

The construction firm will continue to be operated by Oldford and his sons but the father will concentrate on the real estate business.

Licenses Revoked
 Names of two Plymouth motorists were among those whose drivers' licenses were suspended or revoked in Michigan.

Secretary of State James M. Hare announced the Plymouth drivers as George W. Johnson, 336 W. Pearl; and Jack A. Warkup, 575 Main St.

SPORTSEEN

By BILL NELSON

There are a lot of reasons why one could hang the label "great" on the 1959 Plymouth High School football team. Certainly Friday's 26-0 upset of undefeated Walled Lake is one solid reason. The fact that this was the fifth shutout in a row and the sixth in eight games (this column erroneously reported last week that Northville got a field goal in the opener; actually that was a 9-0 shutout) augments the argument.

Only 27 points have been scored against Plymouth this year, 14 by Trenton and 13 by Bentley. In eight games this averages out to 3 and three eighths points per game.

In beating Northville 9-0 and Walled Lake 26-0, Plymouth has beaten the league champions of the Wayne-Oakland League and the champs of the Inter-Lakes league. Both opponents are otherwise unbeaten.

Wayne Sparkman and Randy Egloff are two Rocks that one must see to appreciate. They have been the two most exciting backs on either side of the line in all Plymouth games.

In talking of the Walled Lake game, Coach John Hoben said, "It was the best effort this year with real hard line play on both sides. We just kicked the devil out of them."

"We didn't expect to come home with anything like we did," Hoben added, "they are a well coached team."

He attributed the performance to the fact that most of the players figured some state recognition could come Plymouth's way if they could upset the Inter-Lake champs.

"Many of the players are seniors who were playing their last game," he said, "and this could have had something to do with it."

He modestly mentioned that the coaching staff had been saying all week that Suburban Six was a better league but that Plymouth would need a good game to win. "They began to believe it," he said.

Plymouth outgained Walled Lake and chalked up 5 first downs to six. Hoben didn't put much stock in the wideley quoted alibi in Detroit papers that the absence of Walled Lake back Bob Christian meant the difference.

"It might have made a touchdown difference, but not four," Hoben said, "I don't think one back can make that much difference—especially in a game fought in the line."

"More pertinent," he said, "is the fact that they lost their fullback early in the game on a good, hard tackle. The quarterback was shaken up with driving tackles a couple of times, and he got nervous," Hoben added.

"Egloff and Sparkman had real good efforts," he said, and David Beach was terrific at defensive end. Egloff was good deep on defense and Sparkman made a lot of tackles at line-backer."

The coach saved his highest praise for guard Cary Black. "His downfield blocking was the best we ever had," Hoben said.

What was the single reason for the upset? "Your guess is as good as mine," Hoben said. "It was pretty much a team effort."

Thus licensed to speak it is necessary to add that our guess is this:

Plymouth lost the Trenton game, but came back to learn and got better in every game. There is little doubt that Plymouth is a better team than Trenton, then and now.

But it was the Trenton game that gave the Rocks their maturity and made them great. They seemed to learn from that 14-13 loss that you must play hard football a full sixty minutes to win.

In the Trenton game they were spotty, though brilliant. Their most fantastic drive of the year was in the final period against Trenton when they moved 65 yards in 12 plays in the last two minutes only to miss a field goal.

The Rocks seemed to know after that game that they were the best team in the league—a group that somehow might have cheated itself out of top State recognition by a one point loss.

There has been good talent for Plymouth all season long, directed by brilliant coaching. It's a great team that played a great game Friday.

Bill Hubert Among Lettermen Back On College Team

Mt. Pleasant—Sixteen men, including six returning lettermen and four freshmen, are drilling daily with Central Michigan University's basketball team in preparation for the Chippewas' opening game against Alma College, Dec. 1.

Sophomore Bill Hubert of Plymouth, who played with the Rocks before attending Central, is among those working for a varsity spot with the Chippewas.

Back from last year's young team which compiled a 9-15 record and finished in a tie for fourth place in the Interstate Conference, is the entire starting five.

Central Coach Ted Kjolhede expects to trim his varsity team to 11 men for road games, but intends to keep a larger squad ready for the season lid fight against Alma, a home game for the Chips.

Chow Mein Dinner to Help Send Band to Interlochen

The Band Parents' Association of the Senior High School is sponsoring a chow mein dinner on Saturday, Nov. 21 in the High School auditorium.

This event is one of a series of money-raising ventures planned for the year to finance a post-season stay next August at Interlochen for the entire band. The Parents' Association is just completing the first of these projects, its annual peanut brittle sale.

The chow mein dinner will be served at 5 p.m. and again at 6 o'clock. Charges for the tickets will be \$1 for adults and 50 cents for children under Junior High School age.

LEGAL NOTICE

J. RUSLING CUTLER, ATTY., 152 N. MAIN STREET, PLYMOUTH, STATE OF MICHIGAN, J.S.S. 466,603

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the fifth day of November, in the year one thousand nine hundred and fifty-nine.

Present Ira G. Kaufman, Judge of Probate.

In the Matter of the Estate of NORMAN C. MILLER, Deceased.

Harry W. Miller, Executor of the last will and testament of said deceased, having rendered to this Court his first and final account in said matter and filed therewith his petition praying that he be instructed regarding the specific request in Paragraph Third of said Last Will, that the fees as set forth in said account be allowed and that the residue of said estate be assigned in accordance with the provisions of said last will and the determination of this court:

It is ordered, That the Seventeenth day of December, next at ten o'clock in the forenoon at said Court Room be appointed for examining and allowing said account and hearing said petition.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulated in said County of Wayne.

Ira G. Kaufman, Judge of Probate.

I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

Dated Nov. 5, 1959.
 Cecil A. Bernard, Deputy Probate Register.

11-11, 11-18, 11-25, 1959.

Plymouth Township Minutes

November 4, 1959

A regular meeting of the Township of Plymouth Board was held at the Township Hall, Wednesday, November 4, 1959 at 8:02 p.m.

Present: Supervisor Lindsay, Board Members, Holmes, Miller, Norman, and Sparks.

The minutes of the last regular meeting of October 7, 1959 were approved and accepted as read by the clerk.

A list of bills totaling \$28,921.01 was approved for payment on a motion by Mr. Sparks, supported by Mr. Miller.

On a motion by Mr. Miller, supported by Mr. Norman, a resolution was adopted to accept the sewer and water main systems in Lake Pointe Village Subdivision No. 4.

The supplying of water for residents of Clemons Drive was discussed on the basis of Engineer Hamill's estimate of a cost of \$8992.50 for the mains. The Board took no further action, pending receipt of petitions from the residents requesting water service.

Auditor Markin's quarterly audit for the period ending Sept. 30, 1959 was discussed and accepted. The Board agreed to continue the audits on a quarterly basis for the remainder of the current fiscal year.

Mr. Lindsay read a letter from the Chamber of Commerce, extending an invitation to the Township officials and their wives to attend the annual dinner to be held at the Masonic Temple on November 4.

Those wishing to attend were instructed to contact the Township Clerk for tickets.

There being no further business, the meeting was adjourned at 11:20 p.m. on a motion by Mr. Miller, supported by Mr. Norman.

Fred L. Miller, Clerk

A quarter million tourists visited Britain in July, 1958. The biggest national groups were Americans and Germans.

Upset Walled Lake 26-0

Rocks Roll To Sixth Shutout

By dunking unbeaten Walled Lake 26-0 amidst snow flurries last Friday evening, Plymouth's 1959 football team warmed hearts of its fans and added fire to the idea that it is one of the best teams in the State.

The Rocks put together fierce line play and hard running for their fifth consecutive shutout. It was the final game of the season for both schools. For Plymouth, it was the second time this season they have beaten a league champion.

Quarterback Randy Egloff and fullback Wayne Sparkman each scored two touchdowns for the Rocks, but it was in the line that the Rocks piled up their victory advantage.

A jarring tackle set up the first Plymouth score, when a halfback Dave Green pounced on a fumble on the Walled Lake 27. Sparkman punched three yards for the score, after carrying to the three from the 19 on a fourth and eleven play.

Egloff's kick was wide to the right, but the Rocks were right back for another first period score three plays later, when another Plymouth shoulder shook Walled Lake quarterback Keith Green loose from the football on the Walled Lake 23.

Sparkman turned right end on the first Rock play and powered through three tacklers to the three. On the next play he blasted to the one and Egloff then took it over on a sneak. His kick was good, and Plymouth was leading 13-0.

Rugged line play also set up the third score, when a Walled Lake punt was blocked and covered by fullback Mike Kisabeth on the Walled Lake 37.

Eight tough offensive plays later, Sparkman took a right side pitchout and dove two yards into the end zone three minutes before the end of the half. Egloff's kick was wide and Plymouth led 19-0 at the half.

The third quarter was an exhibition of terrific line play on both sides, most of it at Plymouth's end of the field. Neither team was able to put together an offense until midway in the quarter.

Walled Lake moved from the Plymouth 33 to the 4 in eight plays. Here halfback Mike Hinkley was jolted and fumbled. Plymouth's Dave Green recovered and Plymouth had taken the best Walled Lake could offer.

Late in the fourth quarter, Egloff plunged one yard for the final touchdown, kicked another point and Plymouth led 26-0.

The score was set up by a 33-yard pass from Egloff to Dave Green, who maneuvered behind defenders on the Walled Lake 12.

A few moments later the game ended 26-0, and 600 frozen Plymouth fans who trekked to Walled Lake for the game and sat through snow flurries had fuel for hot-stove league discussions. Their Rocks had pulled one of the upsets of the year.

Fourteen Rocks Selected To Suburban "All-League!"

Fourteen Plymouth football players were honored by selection or honorable mention on the 1959 All Suburban Six League football team.

Four were selected on the first team, four on the second team and another eight received honorable mention. The complete dominance of the team by Plymouth players pretty well reflects that, in the judgment of the coaches in the league who voted, that Plymouth is the best team in the league.

Named to the first team were: Guard Cary Black, Center Ronald Nickerson, Quarterback Randy Egloff and Fullback Wayne Sparkman.

Plymouth men named to the second team are: End Bill Ruehr, Tackle Walter Smith, Guard Richard Alsbro (a junior) and Halfback John Salan.

Those receiving honorable mention are: Tackles Art Anderson, Ralph Spigarelli, Scott Soth and end David Beach, Ray Liimakka and halfback Dave Green.

In all, four tacklers, three ends, two guards, four backs and a center were named from Plymouth.

The complete list of first and second team selections are:

Good Counsel Athletic Fund Up To \$500

"It is better to build a boy than to mend a man." This was the theme for the athletic dinner staged in Our Lady of Good Counsel hall last week. An attendance of some 305 people interested in furthering the athletic program in the school, boosted the fund over the \$500 mark on this first fund raising venture.

To make the goal of \$2,000 of more realistic attainment, three boys from the school donned new sports uniforms to demonstrate to the parents just what the athletic committee desires to purchase.

A new football outfit to match the school colors was shown, along with the foam rubber padding required for protection. Golden pants, green jerseys, and golden helmets completed the football appearance. Newly acquired basketball uniforms in green, and baseball outfits of shirts, pants, hats and socks were on exhibit. Cheerleader sweaters with chenille school letters rounded out the colorful display.

At the conclusion of the dinner, film highlights of the Good Counsel football games of this past year were viewed with special interest, particularly by the boys.

All league games were sponsored by the Catholic Youth Organization, and although Our Lady of Good Counsel team did not fare well this season in the competition, the games were always in good sportsman-like spirit.

Farmers in Sweden invested about \$270,000,000 in tractors and other machines between 1950 and 1958.

FIRST TEAM ALL LEAGUE
Ends-Jim Carmichael, Bentley; Ken McCullers, Belleville.
Tackles-Bill Skrobe, Belleville; Robin Doty, Trenton.
Guards-Cary Black, Plymouth; Clifford Thompson, Bentley.
Center-Ronald Nickerson, Plymouth.
Backs-Randy Egloff, Plymouth; Wayne Sparkman, Plymouth; Maddox Stokes, Trenton; Mike Bratterton, Bentley.

SECOND TEAM ALL LEAGUE
Ends-Bill Ruehr, Plymouth; Jeff Pearl, Trenton
Tackles-Walter Smith, Plymouth; Ronald Mitchell, Bentley.
Guards-Richard Alsbro, Plymouth; John Scheffler, Trenton.
Center-Louis Troth, Belleville.
Backs-John Salan, Plymouth; Joe Antanazo, Bentley; Jerry Lucidi, Trenton; Gerald Backman, Belleville.

Honorable Mention from Plymouth
Arthur Anderson, Tackle; Ralph Spigarelli, Tackle; Scott Soth, Tackle; David Green, Back; David Beach, End; Ray Liimakka, End.

JVs Win 32-6 At Belleville

Halfback Chuck Kehoe scored two touchdowns Thursday as Plymouth's Junior Varsity rolled past Belleville 32-6 for their fourth victory of the season.

It was the final game for the JV's and gave them a season record of four wins, two losses and a tie.

Plymouth scored twice in the first period. Halfback Gary Mirto scampered 32 yards around end for the first score, and guard Dave Gothard faked a kick and passed to halfback Pete Lomonaco for the extra point.

Kehoe provided the second score, when he dove four yards through the line. Belleville intercepted a pass in the second quarter and returned it 30 yards for their only score. The Rocks led at halftime 13-6.

In the third quarter Kehoe ripped off tackle 14 yards for his second touchdown to give Plymouth a 19-6 lead. Later in the same period, halfback Eloy Menchaca rolled 25 yards around end to make it 25-6.

Halfback Jim Fraser added the final touchdown in the last quarter when he slipped through tackle six yards to score. Guard Gothard kicked the extra point, and Plymouth had its 32-6 margin.

During the season the JV's tied Northville, lost to Bentley and Allen Park, but beat Trenton, Redford Union, Thurston and Belleville.

Coach Brian Boring praised the performance of his line. Tackles Jim Bassett and Dale Hauk and guard Robert Ward "did a good job," Boring said.

Backs Kehoe, Mirto and Lomonaco performed well. Boring also mentioned that he was appreciative of the help of student teacher Tom Workman. Workman, a student teacher from Eastern Michigan, "has been a great help and responsible for a lot of the success we've had," Boring said.

Plymouth's freshman team concluded its 1959 activity by rolling up its largest score of the season and by holding its opposition scoreless for the first time this season.

The young Rocks tallied 39 points against Emerson Junior High and won their fourth game of the season, against a single loss.

Quarterback Dick Schryer and fullback Tom McElroy each scored a pair of touchdowns. In addition, Schryer tossed a 25 yard pass to left end Mark Schultheiss for another score.

Plymouth scored early on a five yard right end run by halfback Jim Walaskay. The Rocks rolled 85 yards for this score. The big play was 30 yard end run by McElroy.

An alert Plymouth line set up the next score. Plymouth kicked off at the half, and when the Emerson backs stood watching the ball bound around on the five, Plymouth pounced on it. A kick off is a free ball unlike a punt.

A five year penalty set the Rocks back to the 10. McElroy ripped off tackle 12 yards for the score and Plymouth led 32-0.

Plymouth drove 65 yards for the final score in the fourth period with Schryer driving over from the one for the score. Livingston added the point to make it 39-0.

Coach Frank Sullivan summarized the season by saying, "We improved as we went along. The Emerson game was the best ball game we played. Our boys were beginning to move out and go down field to block."

He added that "We were a better team than any we faced, but it doesn't always work out that way in the score."

Plymouth beat Willow Run 16-14, South Lyons 34-0, Belleville 12-0 and Emerson 20-0. The sole loss was to Allen Park 12-7 during the third game of the season. The previous season's record was 4-2 for the freshmen.

PHS Presents All-School Play November 19-20

Plymouth High School seniors of November 19 and 20. Directed by Mr. Robert Grace Wigley have the lead roles in the ambitious production of the all-school play, "On Borrowed Time," which and paths must depend on the acting ability of the young cast. Eleven-year-old Norman Fischer will be seen as the wistful grandson, Pud, who passes the time of day with death.

Assistant directors, seniors April Corey and Judy Bullington, will aid Mr. Southgate; student directors are seniors Brenda Richardson, Marilyn Carr, Barbara Steenken, and Alice Olendorf.

Carol Kubick and Dianne Van Loo, both seniors, are co-chairmen of the art committee which paints and designs the scenery for the set. Construction crew for the set will be headed by senior Earl Wright with co-chairmen Gordon Jewell (12) and Donn Kelley (11) in charge of lighting and special effects.

Sophomore Mary Hulsing and senior Geralee Rehben head the ticket and publicity committee; the ushers will be the responsibility of Sally Sawyer and Janice Rafe. Costumes committee will be headed by Georgina Dabresse, make-up by Nancy Mettetal and Nancy North and props by seniors Sharon Roberts and Mari Lynn Walters.

The \$500,000 bond issue has a more complex purpose. Half of it, around \$2,000,000, would go for the initial phase of a new secondary school that would hold 800 students. Preliminary plans for this are now being drawn up by the firm of Bennett & Straight. This building would be erected somewhere just outside the city limits (land south and west of city is being considered).

Although amounts designated to certain projects are not pointed out on the ballot for the sake of making them flexible, the board believes that its Five Year Plan must provide for elementary school facilities for 350 students. This would take a nother \$1,000,000 or so.

Also included in their thinking is the erection of a multipurpose room at Starkweather School, the district's oldest full-scale elementary building. Rehabilitation and additions to the Senior High would also require some of the money. The board has tentatively ear-

marked this project at \$615,000. As has been announced by the State Fire Marshal's office has set up some stiff requirements in to make the 42-year-old building more safe from fires. Part of the consideration is the replacement of much wiring and heating installations, use of fire-resistant paint throughout and changing of stairwells.

The board also will use some of the money to buy future building sites and to construct an instructional swimming pool at the Junior High. This pool would cost around \$250,000.

How does Plymouth's school tax rate compare with those in other districts of the area?

This is another often-asked question. The last statistics available were for the 1958-59 school year when Plymouth's rate was 21.95 mills.

In a list of 33 districts in the metropolitan area, there were 21 with a higher rate, 11 with a lower rate. They ranged all the way from Dearborn Township No. 7 which was paying 31.95 mills, down to Hamtramck paying 10.95.

The differences, of course, are a result of the number of students and the valuation that lie behind each. A community with plenty of industry can have a comparatively low tax rate, while the community with lots of homes but little industry must have a high rate.

Plymouth, in 1958, has a valuation of \$19,413 behind each of its 4,448 students, which was fifth highest in the list of 33. The school board and heads of local government are now trying to form a development group to lure industry and maintain the ratio between valuation and students.

THIS GRAPH illustrates how the school millage was divided last year (1958-59), the current year (1959-60) and how it would be divided if the bond issues were both approved (1960-61).

Just How Much Will it Cost?

(Continued from Page 1)

The \$500,000 bond issue has a more complex purpose. Half of it, around \$2,000,000, would go for the initial phase of a new secondary school that would hold 800 students. Preliminary plans for this are now being drawn up by the firm of Bennett & Straight. Refresherments were served concluding the evening.

TOGETHERNESS

STOWE, Vt. (UPI)—Mary Twitchell won the Stowe single tennis championship by defeating her mother. Later, she teamed up with her father, Dr. Coleman Twitchell, to win the mixed doubles.

Anyone who has Girl Scout news may have it printed by calling Kathy White, Glenview 3-3856.

All Girl Scout leaders who are Catholic or have Catholic girls in their troops may register with the Archdiocese in Detroit.

The Huron Valley office staff has been able to set up an accurate membership list of girls and adults. Any adult not receiving council membership should contact Miss Margaret Combs, HUnter 3-2370.

All scouts who plan to participate in this winter's swimming program must have a physical. If the physical form has been lost, another may be obtained from the council office.

Four local girls from troop 254 of Ladybird, Joyce Allen, Dawney Miller, Marsha Rubey and Kathy White, went to a Senior Conference in Royal Oak this past weekend.

Some of the highlights of the conference was a square dance Friday evening and the international program Saturday. At the program Mrs. Gentle from Washington and three foreign exchange students from Royal Oak schools spoke.

Two other senior scouts Jody Edgar and Barb Haas, pledged their continued support.

Fleming declared that the cooperation in Plymouth "has been outstanding." He cited one Plymouth citizen, Frederick Vollbrecht, who is a past National Executive Committee member and heads the J-A board in Southeastern Michigan and who donated the J-A headquarters on Grand River.

The Southeastern Michigan J-A program is the largest in the U.S.

Public Thursday Plan Goes Before Northville Hospital

A reminder was issued this week to those interested in the future of Northville's Community General Hospital (formerly Sessions) which is undergoing a reorganization. A public meeting has been called for Thursday, Nov. 12 in the Community Hall. At this meeting the public will learn first-hand about the new community ownership program. The meeting will start at 8 p.m.

School Board Calls

(Continued from Page 1)

Wilson said that the matter was brought before the Band Parents last year and that a vote, 42 were in a agreement with the band director. Nine were non-committal and two were in disagreement. Wilson pleaded that the director be not called guilty before a full investigation is made.

The other two complaints heard were aired by Robert Richardson. He questioned the "high pressure" selling techniques used by Powell Studio, photographer for the high school yearbook. Richardson recited his daughter's experience in buying pictures and felt the prices unusually high.

Board President Esther Hulsing added that she was surprised that unlike some previous years, seniors had to have their pictures taken by Powell, instead of making it optional.

The superintendent was then asked to make a report on this situation.

Finally, Richardson was concerned with the status of the 150 freshmen at the Junior High. The remainder are at the Senior High. He felt that the Junior High freshmen were not getting the same extra-curricular opportunities as those at the Senior High.

Mrs. Hulsing said that since this is the first year that this arrangement, mistakes have been made, but that attempts are being made to correct them.

Township Honors Burroughs Corp.

Members of the Plymouth Township official family and several other invited guests held a "Burroughs Night" program Tuesday at the Township hall in honor of the community's biggest industry.

Elected and appointive officials, their wives, husbands and several other guests attended the affair along with representatives of the Plymouth plant of Burroughs Corp.

Movies of the Burroughs Day program held last spring were shown. Also on the program was the presentation of a photo mural of the Burroughs plant that will be placed on a township hall wall.

Refresherments were served concluding the evening.

Girl Scout News

Girl Scout Calendar Weeks are from November 9-23 in this area.

The money, 20 cents for each calendar, is due November 26, and is to be turned in to the neighborhood calendar chairman. The chairman of Ladybird is Mrs. Don M. Whitesell and Mrs. Thomas Adams is chairman of neighborhood two.

All Girl Scout leaders who are Catholic or have Catholic girls in their troops may register with the Archdiocese in Detroit.

The Huron Valley office staff has been able to set up an accurate membership list of girls and adults. Any adult not receiving council membership should contact Miss Margaret Combs, HUnter 3-2370.

Ordinance No. 258

AN ORDINANCE TO AMEND AND ADD TO ORDINANCE NO. 233, ENTITLED "AN ORDINANCE TO PROVIDE FOR THE CONSTRUCTION AND REPAIR OF SIDEWALKS IN THE CITY OF PLYMOUTH."

THE CITY OF PLYMOUTH ORDAINS:

Section 1. Section 10 of Ordinance No. 233, entitled "An Ordinance to Provide for the Construction and Repair of Sidewalks in the City of Plymouth" is hereby amended and a new section to be known as Section 12a is added to read as follows:

Section 10. That in order to insure the quality and guarantee the maintenance of sidewalks hereafter laid in the City of Plymouth, every person, firm or corporation engaged in the business of laying and constructing sidewalks in the City of Plymouth shall for each job first obtain from the Building Department a permit to proceed with proposed work, said permit to be issued upon receipt of Two Dollars (\$2.00) as a permit fee; and the execution of a good and sufficient bond to the City of Plymouth in the penal sum of One Thousand Dollars (\$1,000.00), said bond to be a surety company bond or a personal bond with two sureties owning real property in the County of Wayne. Only one such bond shall be required for each party in such business. Every person, firm or corporation laying or constructing his, her or its own sidewalk shall for each job first obtain such a permit and pay said fee, but shall not be required to file said bond. Every permittee shall comply with all requirements as to grade, width, specifications and all other terms and conditions contained in this ordinance relative to laying and constructing and repairing sidewalks, and failure so to do shall be a violation of this ordinance.

Section 12a. Any person, firm or corporation engaged in the business of laying and constructing sidewalks, or who shall lay or construct his, her or its own sidewalk, in the City of Plymouth, who shall fail to comply with any of the provisions hereof, shall upon conviction thereof, be punished by a fine of not more than One Hundred Dollars (\$100.00), together with the costs, or by imprisonment of not more than ninety (90) days, or both, at the discretion of the court.

Section 2. This ordinance shall become operative and effective on the 24th day of November A.D., 1959.

Made, passed and adopted by the City Commission of the City of Plymouth, Michigan, this 2nd day of November A.D., 1959.

Harold E. Guenther, Mayor
Joseph F. Near, Clerk
(Nov. 12, 1959)

Girl Scout Calendar Weeks

are from November 9-23 in this area.

The money, 20 cents for each calendar, is due November 26, and is to be turned in to the neighborhood calendar chairman. The chairman of Ladybird is Mrs. Don M. Whitesell and Mrs. Thomas Adams is chairman of neighborhood two.

All Girl Scout leaders who are Catholic or have Catholic girls in their troops may register with the Archdiocese in Detroit.

The Huron Valley office staff has been able to set up an accurate membership list of girls and adults. Any adult not receiving council membership should contact Miss Margaret Combs, HUnter 3-2370.

All scouts who plan to participate in this winter's swimming program must have a physical. If the physical form has been lost, another may be obtained from the council office.

Four local girls from troop 254 of Ladybird, Joyce Allen, Dawney Miller, Marsha Rubey and Kathy White, went to a Senior Conference in Royal Oak this past weekend.

Some of the highlights of the conference was a square dance Friday evening and the international program Saturday. At the program Mrs. Gentle from Washington and three foreign exchange students from Royal Oak schools spoke.

Two other senior scouts Jody Edgar and Barb Haas, pledged their continued support.

Fleming declared that the cooperation in Plymouth "has been outstanding." He cited one Plymouth citizen, Frederick Vollbrecht, who is a past National Executive Committee member and heads the J-A board in Southeastern Michigan and who donated the J-A headquarters on Grand River.

The Southeastern Michigan J-A program is the largest in the U.S.

Public Thursday Plan Goes Before Northville Hospital

A reminder was issued this week to those interested in the future of Northville's Community General Hospital (formerly Sessions) which is undergoing a reorganization. A public meeting has been called for Thursday, Nov. 12 in the Community Hall. At this meeting the public will learn first-hand about the new community ownership program. The meeting will start at 8 p.m.

Robert Gones, vice-president of the new corporation, will be in charge of the meeting.

To Women It Plymouth Methodist Women May Concern Turn Back Clock For Fair

By MYRA COX

According to Jim Houk of Fisher's Shoes, it is really more healthful for women to go barefoot. Because of the Romans, who started the shoe business with Roman Sandals, it is now quite unfashionable to go without. He cautioned women, since shoes are here to stay, they should be really fitted, not bought in a hurry in a guess-or-by-golly fashion.

Mr. Houk was a guest of the Newcomers' Club at their luncheon meeting at the Thunderbird Inn last week. He probably relieved the mind of all the pointed-toe fanciers when he assured them the pointed toe was not on the wane, nor was it conducive to making us eventually all have feet like razors.

He tipped the ladies off on the creamy shades that would be good color-wise for Spring and the fashion-wise woman would choose the soft subdued shades this winter.

Frances Carmine and Pauline Penland were the lucky winners of new shoe certificates, given as door prizes by Mr. Houk. He also gave a handbag and several shoe shine kits which made the afternoon even more entertaining, for the winners anyway.

Also highly entertained (I was) were Plymouthites attending the Theater Guild's production of "Mr. Roberts" this past week-end.

There are really talented, dedicated people in this group, the Youngs, Kellys (particularly 15-year-old Donn with his imaginative skill), Bob Wahl, Ford Sutherland—it was marvelous the way he did not remind you of the sensitive, rather high speaking Sukini (of Teahouse) in his part of the gravel-voiced, narrow-minded Captain. There are others, too, possessing tremendous talent for creating authenticity with props, background, and make-up.

I wish they would do a real production in combination with the Plymouth Symphony—like the "Mikado," "Naughty Marietta," or even "Porgy and Bess—I'll help sell tickets. Incidentally I would like to see more of Jack Wilcox on stage—he had a small bit but projected well and with realism to the last row. It truly is a credit to the group that anything could be realistic or entertaining that could project to the last row to someone sitting on their evening purse with their neck full tilt back to see the tops of the actors' heads.

A gift came to us this week for the Dunning-Hough Library and we are proud to deliver it. It was a book "Lord of the Harvest" and was sent and written by Nettie Edell (Hart) Lewis of St. Petersburg, Florida. She was born here and received her inspiration for writing this book in Plymouth. Maybe someone will remember Mrs. Lewis and if they do would appreciate having them call and tell us more about her. I believe she had a sister living here, too.

Here is the letter Mrs. Lewis sent to us and we share it with you.

Dear Editor: "Will you kindly glance over this book 'Lord of the Harvest' and then place it in your public library? Since I was brought up in your city and remember when the Library was built (no doubt it is the present one) I would like to give it one of my books. I am 87 years old and this is the first and only book I have written. It is a study concerning the day of the Lord and the return of Christ. It deals with the timing of events to close this age, often overlooked or misunderstood by many Christians.

"I was saved some 75 years ago in the dear old Plymouth First Methodist Church (Rev. Norton H. Clark was pastor) and attended the school next to the church. Anna Smith and Lydia Hood were our wonderful teachers in those days. My early faith in God and His Word were fostered and nourished by these devoted teachers. Memory of them has lingered through the years. After 75 years our appreciation grows in valuation of their influence and help through the happy school days."

Mrs. Lewis was consecrated at the annual Methodist Conference in Michigan in 1897 and subsequently took missionary nurses' training in Detroit's Grace Hospital.

If you care to drop Mrs. Lewis a note after reading her book, her address is 3132 Sixth Ave., North, St. Petersburg 13, Florida.

MRS. JACK E. COOPER (left) shows some of the items from Cooper's Cabbage Patch to Mrs. Marshall North. Doll clothes cute mittens, and children's clothes made this booth popular. Mrs. Betty Leemon of W. Ann Arbor Road guessed most accurate in

the bean-counting contest with 4,124. She won her choice of a colored telephone installed, or a five minute conversation with anyone of her choice, within the jurisdiction of Michigan Bell Telephone Company.

IN THE "SQUAT and Kacle" room Mrs. George Hake, Fair Co-Chairman and Mrs. Walter Gemperline enter into the spirit of the day and pause for a cup of

tea and some interesting conversation. Mrs. A. D. Johanson, Mrs. Harry Roberts and Mrs. Donald Tapp were co-chairmen with Mrs. Hake.

MRS. BERNARD CURTIS in her "down on the farm" outfit looks right at home beside the corn husker and huge farm milk wagon that transformed the Plymouth Methodist Church base-

ment into a Country Fair. The ladies netted over \$1,500 on the day's sale and hope to have some of the items available at the November and December meetings.

RIGHT OUT of the pages of a 1900 fashion book, Mrs. Charles Rienas (above) shows off one of her aprons to the mamas of Vicki

Sand and Mollie Jewell, Mrs. Darrel Sand and Mrs. Gordon Jewell. No doubt she made a sale.

Rebekah News

Next general meeting is Friday, November 13. We hope even with the amount of our members ill and in the hospital that we still have a good attendance.

Sister Irene Broegman is home feeling fine after being hospitalized for surgery. Sister Mae Prieskorn and Sister Mildred Collins have returned home from the hospital and are getting along well.

Sister Betty McCoy is still in St. Joseph Hospital, Ann Arbor, awaiting surgery. Best wishes and prayers go to all our sisters who are and have been on the sick list.

Christening

Steven Ronald Wendland, infant son of Mr. and Mrs. Ronald Wendland, was christened at St. Peter's Evangelical Lutheran Church on Sunday, Nov. 1. The sponsors were Janice Bond, Leroy Bond, and Allen Wagenschutz. Following the christening a dinner was held at the parents' home, 42314 Schoolcraft. Guests were Cheryl Ann Wendland, Mr. and Mrs. Ernest Wendland of Plymouth; Mr. and Mrs. Allen Wagenschutz and sons of Livonia; Mr. and Mrs. Donald Luerssen of Alden, Illinois; Mr. and Mrs. Earl Bond of West Valley, N.Y.; Mr. Leroy Bond of Chillicothe, Ohio; Mr. Hans Zinkenat of Dearborn; Mr. and Mrs. Cecil Bond of Springville, N.Y.; and Miss Janice Bond of Springville, N.Y.

Golden Anniversary

Mr. and Mrs. Fred Schmidt of Parkdale, Livonia, celebrated their 50th wedding anniversary last Thursday at the VFW Hall in Plymouth. Present were their six children; Mr. and Mrs. Chester Henning, Mr. and Mrs. Roy Schmidt, Mr. and Mrs. Howard Stickle, Mr. and Mrs. James Stimpson, Mr. and Mrs. Fred Patterson, and Mr. and Mrs. Fred Schmidt, Jr. There were also 21 grandchildren, one great grandchild, friends and relatives from Livonia, Plymouth, Detroit, Milan, South Lyon, Gregory, Northville, Farmington and Bedford, Ohio. Mr. and Mrs. Fred Schmidt were married in Detroit in 1909 but have resided in Livonia for the past 41 years.

The next visit of Goodwill Industries pick-up trucks to Plymouth is scheduled for Monday, November 6. Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards. To arrange for a Goodwill Industries truck pick-up, call the local Goodwill representative, Maybury Men's Club, telephone number F1eldbrook 9-2682.

Wedding Setting Is Greenfield Village

Mr. and Mrs. Gary Hees

Greenfield Village, Dearborn, was the setting for the wedding ceremony of Annabelle Buxton, daughter of Mr. and Mrs. Allen J. Buxton of Livonia, to Gary Hees, son of Mr. and Mrs. Henry Hees, formerly of Plymouth.

The bride chose a Bianchi white Deluster satin street length gown with a portrait neckline and fitted bodice, accented with seed pearls. Her ensemble was completed by a fingertip veil held in place by a satin beaded crown. She carried a bouquet of white sweetheart roses, stephanotis, and drocena.

The bride's sister, Miss Caroline Buxton, was the maid of honor, gowned in a sheer champagne nylon over satin of street length. She carried a bouquet of yellow and bronze mums with fall foliage. Ronald Hees, brother of the groom, served as best man. Tom Aspenliemter of Dearborn and Ben Romans of Melvindale seated the 120 guests.

Hostesses were Mrs. Florence Holden of Big Rapids, Miss Helen Ossian of Detroit, and Miss Donna Schnute of Northville. The Rev. Ralph Brown of Livonia Methodist Church officiated at the ceremony. A reception followed the wedding at the Clinton Inn at the Village. The young couple took up residence in Livonia following their two week wedding trip through Pennsylvania, Vermont, and New Hampshire.

Double Ring Ceremony Unites Bonny Parker, James Pardy

Mr. and Mrs. James V. Pardy

Bonny Lee Walker and James V. Pardy were united in a double-ring ceremony October 24 in the Presbyterian Church in Plymouth. Rev. Henry J. Welch officiated at the 7:30 p.m. service.

Bonny is the daughter of Mr. and Mrs. William Lee Walker of Northville and James, the son of Mr. and Mrs. George Pardy of Plymouth.

Judy Hobson sang "Because" and "The Lord's Prayer" for the bride. She walked down the aisle on the arm of her father, gowned in a white silk taffeta, floor length with imported Irish lace trim. Her fingertip veil was held in place by a seed pearl crown.

Mrs. Priscilla King was matron of honor in emerald green taffeta and Sharon Hill, Frannie Wahler, Pat Florence as bridesmaids were similarly gowned. They carried bouquets of yellow fugi mums and green grapes and the matron of honor's bouquet was white fugi mums.

Barrie Lightfoot served the groom as best man with Jim Arnold, Ronald Bondie, and James Wick seating the guests.

A reception was held following the ceremony in the VFW Hall in Plymouth for over 200 guests from Snow, Dearborn, Canada, Indiana, Detroit, and Howell. The newlyweds have established their home on Karmada Street in Plymouth. Mr. Pardy is presently attending Lawrence Institute of Technology.

Voilez le Marche aux Puces Dans Plymouth (Come To The Fair)

A gay continental atmosphere will prevail Thursday, Nov. 19 from 10 a.m. to 9 p.m. when women of St. John's Episcopal Church hold their annual bazaar in the church hall.

The affair has taken on a French theme this year with decorations following a pattern of the Marche aux Puces or "Flea Market"—the famous area in Paris where skillful buyers find many bargains.

In keeping with the European mood, booths featuring a wide variety of gift articles will be labeled with such appropriate French names as "Centre des Enfants," "Pat-

isserie," "Confiserie," "Decorations de Noel," "Articles Religieux," "L'elephant Blanc," "Boites de Surprises" and "Tabliers et Travaux a L'Aiguille" (aprons and needlework).

A sidewalk cafe "Terrasse Le Pellerin" will be set up for snacks in the morning and afternoon and a luncheon will be served there from 11 a.m. to 1 p.m. by reservation. It has been requested that reservations be made with Mrs. Howard Beck at GL 3-0138 before Nov. 14. Price of the luncheon will be 75 cents. Mrs. Beck and Mrs. Joseph Thom are in charge of the cafe.

The bazaar will culminate a busy season for the imaginative women who have been meeting in workshop sessions for several weeks where they have sewed and assembled the various items to be sold.

Booths will contain many moderately priced articles including aprons (cobbler, party and utility) for all ages, needlework, knitwear, colorful Christmas decorations and novelties, grab bags, stuffed toys and special children's attractions—one example being personalized handkerchiefs.

In charge of the sewing booth are Mrs. Ralph J. Taylor and Miss Ruth Rounsville and Mrs. John Eley and Mrs. Joseph Fink are co-chairmen of the "Boites de Surprises." Mrs. Robert Hameister and Mrs. Howard Houghton are chairmen of the Christmas booth.

The children's booth of which Mrs. Lawrence Harper and Mrs. Harold Schoen are chairmen also will be stocked with gifts which the youngsters may purchase for persons on their own Christmas list.

In the religious booth will be crosses, medals, pictures, books and Christmas cards. In charge of this section are Mrs. Stanley Kane and Mrs. E.C. Meredith.

At the "L'elephant Blanc" booth of which Mrs. James Scott and Mrs. Gilbert McLacklin are chairmen, will be all sorts of interesting articles for both the browser and buyer.

Chairmen of the baked goods booth are Mrs. Gustav Phillips and Mrs. H.B. Corwin Jr. who promise a wide assortment of tempting breads, rolls, pies, fruitcake, decorated cookies and other delicacies.

Attractively packaged homemade candies will be found in the booth of which Mrs. Robert Willoughby and Mrs. L.B. Rice are in charge and candy and popcorn will also be available throughout the day for light snacks.

Proceeds from the event will be used in the church building fund. A new edifice is now in the process of being constructed on Sheldon Road.

General bazaar chairman is Mrs. James Hardimon, assisted by her co-chairman, Mrs. Chester Teasel. Their committee is composed of Mrs. Donald Whitsell, Mrs. Harry Draper, Mrs. William Scott, Mrs. Walter B. Reed, Mrs. Douglas Berry and Mrs. Robert F. Anderson.

A FEW OF THE ITEMS already completed for the St. John's Episcopal Church Fair November 19 are displayed above. A little girl's pinafore is proudly worn by three-year-old

Martha Jo Houghton, daughter of Mr. and Mrs. Howard E. Houghton, Livonia. Mr. James E. Hardimon, Bazaar General Chairman; Mrs. Ralph J. Taylor, Chairman of Sewing Booth.

Ordinance No. 259

ZONING MAP AMENDMENT No. 24

CITY OF PLYMOUTH, MICHIGAN

ADOPTED BY THE CITY COMMISSION NOVEMBER 3, 1959

Harold E. Guenther MAYOR
Joseph F. Near CLERK

AN ORDINANCE TO AMEND AND ADD TO ORDINANCE NO. 182, ZONING ORDINANCE OF THE CITY OF PLYMOUTH, MICHIGAN. THE CITY OF PLYMOUTH ORDAINS:

Section 1. The Zoning Map of the City of Plymouth, Ordinance No. 182, is hereby revised as follows:

A. That part of the E. 1/2 of Section 26, T. 1 S., R. 8 E., Plymouth Township, Wayne County, Michigan, described as:

Beginning at the E. 1/4 corner of Section 26 and proceeding thence S. 0 degrees 19' 40" W., approximately 1020 feet along the east line of said Section; thence Westerly approximately 600 feet along the southerly boundary of Plymouth-Riverside Cemetery; thence along the boundaries of land owned by the City of Plymouth and presently leased to the Board of (Wayne) County Park Trustees, 10 courses as follows: Running thence Southerly approximately 904.00 feet; thence N. 67 degrees 08' 40" W., 164.85 feet; thence N. 39 degrees 22' 00" W., 228.60 feet; thence N. 58 degrees 42' 00" W., 281.05 feet; thence N. 82 degrees 56' 40" W., 357.31 feet; thence S. 0 degrees 10' 20" W., 1155.43 feet; along the east line of Park Entrance Drive; thence N. 69 degrees 48' 40" W., 63.86 feet along the north line of Ann Arbor Trail; thence N. 0 degrees 10' 20" E., 1140.81 feet; thence N. 0 degrees 20' 40" W., 480.06 feet; thence N. 67 degrees 56' 10" W., 425.39 feet; thence Northerly approximately 754.00 feet along the east line of the City of Plymouth; thence Easterly approximately 1948 feet along the East and West 1/4 line of said Section 26 to the POINT OF BEGINNING. Also that part of the W. 1/2 of Section 25, T. 1 S., R. 8 E., Plymouth Township, Wayne County, Michigan described as:

Beginning at a point on the west line of said Section 25, said point being S. 1 degree 39' 00" W., 1019.37 feet from the W. 1/4 corner of said Section 25; thence along the southerly and easterly boundaries of Plymouth-Riverside Cemetery 3 courses as follows: S. 79 degrees 58' 40" E., 5.91 feet; thence S. 75 degrees 26' 00" E., 214.77 feet; thence N. 0 degrees 44' 40" W., 346.89 feet; thence N. 89 degrees 51' 50" W., to the said west line of Section 25; thence S. 1 degree 39' 00" W., along the said west line of Section 25, to the POINT OF BEGINNING, containing in the aggregate, 55.166 Acres of land, more or less,

be zoned R-1, One Family Residential District.

B. Lot 596, Assessor's Plymouth Plat No. 17, be changed from M-1, Light Industrial District, to M-2, General Industrial District.

C. Lots 52 and 53, Auburn Addition to Plymouth Heights Subdivision be changed from R-2, Two Family Residential District to C-2, Commercial District.

Section 2. Section 2.03 is hereby amended to read as follows:

Section 2.03. The Zoning Map of the City of Plymouth originally made a part of this Ordinance, as such map has been heretofore amended and as now further amended by "Zoning Map Amendment No. 24 of the City of Plymouth" which map is hereto attached and made a part of this Ordinance, shall be the official Zoning Map of the City of Plymouth.

Section 3. This ordinance shall become operative and effective on the 24th day of November, 1959.

Made, passed and adopted by the City Commission of the City of Plymouth, Michigan this 2nd day of November, 1959.

Harold E. Guenther, Mayor
Joseph F. Near, Clerk

Recruiter Seeks Men for Guided Missile Training

The United States Air Defense Command has openings for alert young men who are capable of absorbing highly specialized on-the-job training in Guided Missile units. Today, you can receive your choice of assignments from several metropolitan areas in the United States before enlistment.

Here is the opportunity to serve your enlistment in the metropolitan area of your choice. Learn to operate or maintain the fantastic futuristic surface-to-air guided missiles comprising the arsenal of the United States Army Air Defense Command, the Nike-Ajax, Nike-Hercules and the Hawk.

For complete information contact SFC W.J. Allen, local US Army Recruiter, Wayne Chamber of Commerce Bldg., 3747 Wayne Rd., Wayne, or call PA 2-3388.

New Invention Goes on Market

A new invention which supplies pre-heated fresh air to the home during the winter months is being marketed locally by Rynco, Inc., 1627 W. Fort, according to Thomas K. Connellan, president. The D. Ibert Pressurizer, trade name for the product, has been tested for two years in the Flint market, Connellan said, with very satisfactory results. Bi-products of the process of bringing fresh air into the home, according to Connellan, are elimination of many of the drafts, more even temperatures throughout the home, dispelling cooking and tobacco odors, and in most instances a savings in fuel bill will be noted.

The inventor, Fred D. Ibert, of Flint, will conduct tests this winter to determine whether there is sufficient carbon monoxide found in well-insulated homes to become a health factor. Testings last spring showed as much as .004 carbon monoxide in some homes. A much larger sampling will take place this fall and the Michigan State Department of Health has been invited to verify the findings. The D. Ibert Pressurizer makes living in the home healthier and more comfortable, Connellan said.

Researchers say children's accidents increase in number in proportion to temperature rises.

Value of British Columbia's pulp and paper production in 1957 exceeded \$231,500,000.

DETROIT EDISON

STOCKHOLDERS INFORMATIONAL MEETING

2:00 p.m. Monday

November 16, 1959

at the

Ford Auditorium, Detroit

This meeting provides an opportunity for Detroit Edison stockholders to become acquainted with management and to receive up-to-date reports on the affairs of the company.

All stockholders are cordially invited to be present at this 8th annual meeting.

Starting Nov. 12th with "The Pink Jungle" at the Schubert theater, downtown Detroit lights up with a few pre-Broadway hits. "The World of Carl Sandburg" with Bette Davis and Gary Merrill rolls into town on November 20th for a couple of nights. A few nights later the curtain goes up on "Mary Stuart" at the Cass Theater with the incomparable actress, Eva Le Gallienne. Who said that Detroit wasn't a dynamic town for drama, comedy, and genuine theatrical excitement?

"The Pink Jungle" - a satirical treatment of the comic business in comedy form with lighting (no pun intended) music, breezes into the Schubert Theater on Thursday, November 12th. Ginger Rogers, long a favorite on the silver screen and now on many TV screens,

has the lead in this tenuous musical. Vernon Duke wrote the music for the production. All advance reports from other cities playing the show prior to its New York opening indicate that the producers have a smash hit on their hands.

Carl Sandburg's poems and prose set to musical accompaniment and read with rare interpretation mean a delightful evening in the theater. The Riviera Theater has booked this show in for only two days so plan to get your tickets well in advance. I'm sure this program will be well worth the admission price.

While you're considering going down Detroit way to catch a legitimate play, stop for a moment and give the Trans-Ginger Rogers, long a favorite on the silver screen and now on many TV screens,

entitled "The Lovers" that makes the British "Room at the Top" shocker seem as tame as "The Bobbsey Twins". "The Lovers" is an adult movie that treats a delicate subject in a subtle, poetic manner. French Director Louis Malle has taken a bold approach to a story that could only be told by a foreign film company.

"Anatomy of 'Murder' has broken ground and no doubt, in a few years, our Hollywood people will be producing films with such sizzling scenes. Of course, the beauty of this film comes of its artistic approach and sensitive use of the movie camera to tell a touching love story. Take time to put the Krim theater (on Woodward at 6 Mile) on your entertainment list for a film that is sure to pique your imagination.

Last week, old George had a rare treat in meeting Hans Conreid at a video-taping session in the studios of WWJ-TV. Mr. Conreid impressed me as every bit the gentleman and scholar that seems to be his forte on the Jack Parr show. Hans indicated that he was leaving for the Coast immediately after his "Tall Story" engagement in Detroit. He will be doing a TV spectacular in a couple of weeks plus the filming of a pilot film program for the Desilu studios. We talked about community theater.

It was his feeling that "Tall Story" will be a popular play with amateur groups. He opened to mention that young George had snagged the lead in "On Borrowed Time." Hans wondered if the High School players had had any difficulty in casting the part of the ten-year-old boy, Pud. I assured him it was an easy task for High School Director Southgate since we were fortunate enough to have a Children's Theater Workshop group. Mr. Conreid said more towns should support such creative dramatic groups for the tots.

Children's theater is becoming more evident every year in this area and in the surrounding communities. Over in Wayne, a Children's Theater production of "The Elves and the Shoemaker" proved so popular that a third performance was added. When you sell 1,000 tickets and then have to print up another 1,000 to meet the demand—brother, that's show biz. Dearborn and Livonia adult thespians put on one production a year for the moppets.

Contrary to what one might think, the kids love real, live actors as against the flat imitators on the TV tube. Hope in the not too distant future our Plymouth Theater Guild can follow the happy financial path of our neighbors and establish a Children's theater. Ed Sullivan's TV show a couple of Sundays ago featured two Broadway attractions if you fly out to New York. Ed had the two performers

that are the entire show in "At the Drop of the Hat." Swan and Flanders sing, joke, and play the piano for two hours in this two man revue-type show. Six Broadway critics found the show delightful.

Speaking of Broadway reminds me again about "The Pink Jungle" coming to Detroit for ten days, already has built up a million dollar advance sale of tickets.

"Pink Jungle" promises to be one of the most glamorous events of the new theatrical season. Ginger Rogers acts, sings and dances the role of a beauty executive having her share of troubles with the cosmetic industry. Agnes Moorehead and Letty Erickson lend their talents to make this a top-flight production. Remember it will be at the Schubert in Detroit for ten days starting Nov. 12.

Only Brooks Atkinson, the N.Y. Times man, found the show a bit too long. It's a rare occasion when Brooks disagrees all by himself. The other Broadway show on TV was "The Gang's All Here." Ed presented a cutting from Act II of the show.

Chatter Chamber

By DON MILLIKIN

A dean in the field of organization management met with the 1960 directors of the Chamber last week. George E. Underwood who is executive secretary of the Chamber in Bristol, Connecticut, and secretary of a national spring manufacturers group was brought here by incoming President Charles Stofko. Much of what was said by Mr. Underwood told the success of the Bristol Chamber's program and gave some savory food for mental digestion.

Significant in Bristol's plans were programs adaptable to Plymouth in terms of industrial development, urban renewal and favorable business climate. The program developed two years ago in its initial stages. It is just now bearing fruit. The downward trend of industrial employment intensified by the loss of several manufacturing plants pointed up the need for the expansion of established industries and the attraction of new plants.

Loss of local business out of town was related to poorly maintained commercial areas, and lowered tax base. Factors affecting business climate were listed including tax load, good schools, recreational and cultural activity, progressive community, friendly attitude toward business, attractive surroundings, and availability of skilled labor.

To meet the problems came a Chamber organized industrial development group, urban renewal plans and means to develop a favorable business climate.

But what happened in Bristol is not so much concern to us here in Plymouth as how it happened. How Bristol met its challenges was perhaps the most important part of Mr. Underwood's visit.

First it became apparent that any program of such broad scope required the support of the total community. Through a medium of questionnaires the public at large conveyed their views as to what were the problems and solutions for Bristol.

Next the planning and programming of the Chamber's activity was drafted in terms of the public's view. Finally the program drawn up by the community was communicated and support obtained by graphic presentation to businessmen, government and local community groups.

The enthusiasm general in the Board of Directors from the meeting proved its timeliness and import. The idea was a credit to the president who arranged the meeting, a credit to Mr. Underwood in his effectiveness and to the board in its obvious enthusiasm.

By now here is our challenge to regenerate the direction and enthusiasm for the strength and progress of the Plymouth Community. How this challenge is met will depend not just on a Board of Directors, its leaders and the management of the Chamber but on how closely the leaders and the plan reflect an interest and response to the desires of the public at large.

The factors are in our favor — the means to accomplish our objectives lie at hand. This is the basis for success of the Chamber of Commerce, more broadly for the entire community in 1960.

A tree continues to grow until death. Some botanists believe trees die only from such causes as disease and injury.

For complete information contact SFC W.J. Allen, local US Army Recruiter, Wayne Chamber of Commerce Bldg., 3747 Wayne Rd., Wayne, or call PA 2-3388.

In less than an hour, a typical hurricane expends more energy than the amount of electric power produced in the United States in 50 years.

"Here is Livonia's Newest Most Sensational Home Value-with 5 exterior designs to choose from!"

THE MAISON RIVIERA

NOW OPEN FOR YOUR INSPECTION!

If you like pleasant surprises... visit this model this week end! When you step into the entrance a new and unusual approach to home planning will meet your eyes... so different it will arouse exciting interest... so practical you'll see its advantages at once!

SECOND FLOOR STUDIO ROOM!

A few steps down from the entry brings you to a big, unobstructed family room-dining area ideally suited to leisurely living... a few steps up and you enter a big, high ceilinged studio room with a balcony overlooking the rear garden and outdoor living area!

This Model will truly fascinate you!

The unusual design of this home provides two separate "living rooms," allowing for separate family groups when entertaining without cross traffic between the two areas (ideal for families with teen-age children!)

The floor planning is a delightful solution to the problem of eliminating needless steps and minimizing housework. The spacious interior areas are ideally suited to pleasing and comfortable arrangement of furniture.

This model is tastefully furnished and we believe you'll really enjoy seeing it!

Friday the Thirteenth Lucky for Gamblers Who Want to Lay Off

SAN FRANCISCO (UPI)—Thirteen gamblers made Friday the 13th the luckiest day of their lives two years ago when they met to form "Gamblers Anonymous."

Now there are 150 members of GA throughout California and Nevada, men—and several women—who have joined forces to help themselves, each other and anyone else suffering from their common illness: compulsive gambling.

What makes a person a compulsive gambler? GA calls it the "desire to lose." Mr. X, founder of the year-old San Francisco chapter, put it this way:

"If a compulsive gambler wins \$150,000, he must gamble to win \$300,000. It's a form of masochism because eventually everyone loses. One member here is a businessman who gambled 18 cents up to \$35,000, but just had to win more. He lost."

The first GA chapter was founded in Los Angeles on Friday, Sept. 13, 1957, by an ex-alcoholic who had cured his drinking through Alcoholics Anonymous only to succumb to an obsession for gambling. Knowing the value of group therapy, he formed GA.

GA holds weekly meetings modeled after AA meetings. Members rise to share their experiences and problems with others, but there is no coercion.

A "12-step" method—a list of 12 promises, stressing self-honesty and self-inventory—and the knowledge that others have succeeded in curing themselves of gambling is the GA course of treatment.

"Many members, like myself," said X, "first join because their wives called the GA first." Others come in voluntarily telephoning GA headquarters.

"Take my case," X offered. "I'm 33, married and have two young daughters. For the past five years I've made a better than average income but it was always all gone."

He added that an estimated six million other men and women in the United States are in the same predicament but receive no help.

"My wife was in Los Angeles, heard about the club, and asked me to join. I did; it worked and I, in turn, formed the San Francisco club last year."

GA members believe that gambling is as serious an affliction as narcotics addiction or alcoholism.

"Our illness just doesn't show," admitted X. "Anyone can put on a white tie, a smile and a fresh shine and fool the public." The only one he can't fool, X added, is himself and the family he may have ruined or even lost.

"All of us are expert con men," he continued. "How else can a man keep three, four or even five different loan companies on the string?"

By the time a man will admit to himself that he's hooked, the GA found, he has usually piled up a string of bad checks and has the law on his trail.

X said some members of the San Francisco Chapter—there are 30 of them—have been gambling for many years, some for only one.

"We believe gambling is the symptom of a much deeper neurosis," he said. "But

GRANDMA'S MUMPS

LIBERAL, Kan. (UPI)—An 80-year-old grandmother who attended her granddaughter's wedding came down with the mumps shortly after kissing the bride.

Mumps is a rarity in persons over 60 years old. But Mrs. C.M. Bright got a full-blown case of the disease.

LEGAL NOTICE

J. RUSLING CUTLER, ATTY., 183 N. MAIN ST., PLYMOUTH STATE OF MICHIGAN, 1-11-59

County of Wayne.

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the third day of November, in the year one thousand nine hundred and fifty-nine.

Present Ernest C. Boehm, Judge of Probate.

In the Matter of the Estate of SALLY E. NUQUIST, also known as SALLY ERICKSON, and SALLIE ERICKSON, Deceased.

Joyce Mae Banks, administratrix of said estate, having rendered to this Court her first and final account in said matter and filed therewith her petition praying that the fees as set forth in said account be allowed and that the residue of said estate be assigned to the person or persons entitled thereto.

It is ordered, That the Seventh day of December, next at ten o'clock in the forenoon at said Court Room be appointed for examining and allowing said account and hearing said petition.

And it is further Ordered, That a copy of this order be published once in each week for three weeks commencing previous to said time of hearing, in the PLYMOUTH MAIL, a newspaper printed and circulated in said County of Wayne.

Ernest C. Boehm, Judge of Probate.

I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

Cecil A. Bernard, Deputy Probate Register.

Dated Nov. 3, 1959

11-11, 11-18, 11-25, 1959

unlike most treatments we first work on the symptom in hopes that getting rid of it will help iron out the other problems."

When a person seeking help phones the GA, two or three members immediately make a social call. Secrecy is up to the individual and some visits are made in the

home, others in a restaurant or cafe.

X explained why more than one GA member makes such a call:

"After a man has gambled for maybe 30 years, he realizes that he might be able to stop after all when he sees two or three of us who did." GA is completely dependent

on the voluntary contributions of its own members, since there are no dues. The only requirement for membership is an honest desire to quit gambling.

Through still a West Coast program, GA hopes to expand nationwide. The group will send a packet of instructions for forming new

chapters to any interested person.

GA urges the friends and relatives of compulsive gamblers to persuade them to contact Gamblers Anonymous, P.O. Box 2738, San Francisco 26, Calif.; P.O. Box 17173, Los Angeles 17, Calif.; or P.O. Box 216, Las Vegas, Nev.

GA neither promises nor claims any miracles. The key to its success is expressed in a prayer spoken at the end of each meeting.

"God grant me the serenity to accept the things I cannot change, courage to change the things I can, and the wisdom to know the difference."

What Patients Can Expect To Be Discussed

"What the Patient Can Expect of Modern Nursing Service" will be discussed from the viewpoints of the patient, hospital nurse, public health nurse, hospital administrator and physician at the fall meeting of the Detroit and Tri-County League for Nursing.

The program, which will be headlined by a five-person panel and a moderator, is slated for Tuesday noon, November 17 in the David Whitney House of the Wayne

County Medical Society, 1010 Antietam.

The panel and the viewpoint each member will discuss includes: patient, Jerome H. Remick Jr., executive director, Metropolitan Detroit building fund; hospital nurse, Elizabeth Downorowicz, RN, director of nursing, Providence Hospital; public health nurse, Betty Ruano, RN, staff nurse of Detroit Visiting Nurse Association; hospital administrator, Franklin D. Carr, administrator, Detroit Memorial Hospital; and physician, Dr. Ralph A. Johnson, staff member at Jennings Memorial Hospital.

The luncheon meeting is open to the general public, according to Mrs. Marguerite Murray, executive secretary of the Detroit and Tri-County League for Nursing. Reservations should be made at the League's headquarters, 151 West Warren avenue, by Friday, November 13.

Who's New in Plymouth

The Alexander family moved into their new home on Russett Lane October of this year. They are Don K. Alexander, 1 1/2 year old Michael; Margaret; and 4 year old Anne; plus George the very intelligent and decorative family daschund. Mr. Alexander is a teacher at Gallimore School of the new split level class of the fifth and sixth grade. He has his Master's degree in Administrative

Elementary Education, and is anticipating working on his Doctorate in education also. In fact, Mrs. Alexander says education is not only her husband's profession, his recreation, but it is also his hobby. They share also an interest in choir work. Mr. Alexander as previously directed a youth choir in Kalamazoo, their former residence.

Visit of Former Resident

Mrs. Phillip (Kathy) Kisabeth and nine months old son, Thomas, spent last Wednesday evening and Thursday at the home of Mrs. Foster Kisabeth. Mrs. Phillip Kisabeth stopped off in Plymouth enroute to Campbell, California, her home since leaving Plymouth about six years ago. Mrs. Kisabeth was here to see her mother who was ill in the hospital in Lansing. Among those present Wednesday evening were Mrs. James Birchall and son, Michael, who flew here from Avon, Ohio; Mrs. Jack D'Hane, Mrs. Denzel Kisabeth, and Mrs. W. Frost and son, Kenneth.

Canton's U-F Donations Higher

By ESTHER SPRENGEL
GL 3-0194

At the close of the Township's United Foundation drive, our contribution came to \$1,774.24 or 117 percent of quota. This figure might be increased some when the contributions of the select prospects are tallied.

I know it is the sincere wish of Mrs. Ashley Coburn of Canton Center to thank all her area chairmen and their volunteer workers for their fine work and effort in making this drive a success and we don't want to forget the residents of the Township who contributed so generously to put the drive ahead of its quota. While thanks are being dishd out we want to thank Mrs. Coburn for her work and many hours given to keep the drive in check-working order.

at her parents' home and continuing on her trip.

The Higgs also had a very pleasant surprise visit from Mrs. Higgs' brother and family, Mr. and Mrs. Kenneth Champagne of Pittsburgh, Pa., and their five children. It was an extra special occasion, as the Higgs got to meet their new nephew who is now 13 months old.

We want to extend a get-well wish to Mrs. Ava Bordine of Saltz Rd. Mrs. Bordine fell recently and broke a bone in her shoulder and after several days of pain entered the Beyer Hospital in Ypsilanti for x-rays.

Mrs. Roger Bordine of Saltz Rd. served as hostess for the Faith Circle of the Cherry Hill Methodist church at their regular monthly meeting at the church. After the meeting the members were served light refreshments.

Just a short reminder to parents. In November, your individual P.T.A. meetings will be acting as host to a member of the school board, who will be on hand to explain the new bond issue which will be presented to you at the school election on November 23. It will be to the advantage of every voting adult to hear one of these speeches so that they may go to the polls and vote intelligently whether it be for or against the proposal.

If you do not have a child in school you are cordially welcome to attend any meeting that would be convenient for you, or there will be a Town Hall meeting for this purpose, so watch the paper for announcement of the meeting which has been planned for November 19.

Laurie Markham, daughter of Mr. and Mrs. Ronni Markham of Beck Rd., was christened at the First Methodist Church in Plymouth Sunday, Nov. 1. The honor of serving as her godparent was given to Miss Janet Spigarelli of Beck Rd. and Mr. Jim Archer of Plymouth. Following the church ceremony the young lady's great-aunt and great-uncle, Mr. and Mrs. Howard Sallee of Fort Rd., held a dinner in honor of the occasion at their home. The guest list included Laurie's grandparents, Mr. and Mrs. Theron Palmer her grandmother, Mrs. W. Markham, her uncle and aunt, Mr. and Mrs. Theron Palmer and their young daughter, and Mr. and Mrs. Lee Archer and her godparents, Miss Spigarelli and Mr. Archer.

Mrs. Victoria Kowalski, town resident, now residing in Detroit was in our Township for a day visiting with her daughter, Mrs. Edward Bertzloff and family of Centon Center Rd. Mrs. Kowalski took her visit as an opportunity to phone some of her former neighbors and friends. It was good to hear from her.

The Township has another 4-H group. They call the group the "Busy Bakers." The girls' leader is Mrs. Ira Hauk of Warren Rd. The group meets every other Thursday and at present is learning to make different kinds of milk drinks. Toward the end of the year the girls will invite their parents to a full-course meal which will be prepared by them.

At their first meeting, the following officers were elected: Susie Hauk, president; Mary Ferguson, vice president; Sue Roberts, secretary-treasurer; Nancy Spigarelli, news reporter; and Cathy Fersche, arranges the games. Besides the officers, the following girls are members of the group: Connie Hoffman, Bonnie Hoffman, Barbara Smith, Ginny Butt, Bernore, Gretchen Steiner. I am very glad the group has chosen Miss Spigarelli as their news reporter and she promises to keep us informed of their meetings and accomplishments.

If a young boy or girl in the 11 to 12 year old bracket approaches you with Christmas cards, but seems a little shy, let us explain. The Gallimore sixth grade students are busily trying to raise money for their camping trip next summer. They try to get as much money toward the trip as possible so it won't work too big a hardship on their parents' budget, so if you haven't already purchased your Christmas cards the kids would sure like to be your sales person.

Open Friday 'Til 9 P.M.

READY FOR enjoyment, this music corner provides plenty of space for any special hi-fi equipment that might be installed as well as room for record storage.

Building materials specialists report that hammer (or stapler) and saw were only basic construction tools required.

Build Your Own Music Corner

Whether you prefer your music hot, long hair or "cool," the whole family will enjoy it "the most" if it emanates from an up-to-date music corner.

It takes only a hammer and saw and some easy-to-obtain materials to transform a corner of a basement, attic, bedroom or living room into an attractive, acoustically-planned stereo, hi-fi or just plain low-fi nook.

The music corner is designed to contain the sound within the room so that those listening can enjoy it without disturbing the rest of the family. In the corner illustrated there is plenty of cabinet room behind the sliding

doors to house a record collection and install any pre-amplifier, speakers, record changer, tuner or TV chassis that may be added.

On top of the counter, there's room for a table radio and a record player, in case dance music is your dish.

The materials needed to build the corner are perforated tiles to absorb excess noise, lumber for furring strips and cabinet frame-work and colorful translucent plastic panels to serve as sliding doors.

The furring strips are fastened to the ceiling and wall areas that will later be covered by the perforated tiles. The wood strips should be 12 inches apart between centers so that the 12" x 12" tiles can be joined in the center of each strip.

The exposed edges of each tile are nailed or stapled to the furring. Interlocking tongue and groove features make it possible to connect one tile to the other in such a way that all nails and staples are hidden.

The corrugated plastic panels can be sawed to exact size to provide the sliding doors for your cabinet. The perforated tiles, made of fibreboard can also be sawed to fit an area less than 12" x 12".

All the materials and tools needed for this job are available at your local lumber or home improvement dealer. He can also give you some additional pointers to help you do a good job.

Ginger Nuts

The molasses-and-raisin flavor of spicy Ginger Nuts will make a hit with youthful cookie connoisseurs on your holiday guest list.

Baking and eating holiday cookies are two activities children love. Plan your baking sessions so the youngsters can help mix, bake and decorate.

Even if your helpers eat all they make, you'll know that cookies made with enriched flour give important amounts of three B-vitamins and food iron. When guests arrive, nothing brings as much pleasure as a tray of assorted holiday cookies, your own home-baked specialties and your baker's.

- GINGER NUTS**
- 3 cups sifted enriched flour
 - 1/2 cup sugar
 - 1/2 teaspoon soda
 - 1/2 teaspoon salt
 - 1 teaspoon cinnamon
 - 2 teaspoon ground cloves
 - 1/2 teaspoon ground ginger
 - 1/2 cup dark molasses
 - 1/2 cup melted shortening
 - 1 egg, beaten
 - 1/2 cup raisins
 - 1-3 cup plain or colored sugar, or decorettes (2 1/2 ounces)

Sift together flour, sugar, soda, salt and spices. Add molasses and shortening to beaten egg. Add raisins to flour mixture and stir to coat raisins with flour. Add liquid to dry ingredients and stir with a spoon, then knead by hand until well blended. Roll dough into pieces, the size of large marbles. To decorate, roll each piece in plain or colored sugar or multi-colored decorettes. Place on ungreased baking sheet and bake in moderate oven (350 degrees F) 10 to 12 minutes. Makes 6 to 7 dozen cookies. These will keep up to 4 weeks.

Cookies may also be left plain before baking. Then, while cookies are still oven-warm, shake them in a paper bag with confectioner's sugar until coated. These make attractive cookie "snowballs."

STRICTLY FRESH

Best way to find something is tell a small boy not to touch it.

Doctor to patient after the operation: "How does that suture?"

HI-FI
By PRESTON MCGRAW
United Press International

General Electric has broken precedent by offering a 10-day home trial of its VR-22 stereo cartridge.

Home is the best place to test all high fidelity components, since that is where they have to be used. But all too frequently, dealers won't let you try components at home and return them if they aren't satisfactory. This is especially true with cartridges.

Under the GE plan, a customer who buys a VR-22 signs a card which permits him to return the cartridge to the dealer within 10 days on a guaranteed money-back basis.

"The hi-fi customer has been bewildered by a steady barrage of conflicting reports, claims and counter-claims on the wide variety of stereo cartridges now available," explained S. J. Welsh, GE audio components marketing manager.

"Now the customer can take the GE cartridge home, use it in his own equipment, and if he is not satisfied with its performance, he can return it within 10 days for full refund, no questions asked."

The Institute of High Fidelity has published "Standard Methods of Measurement for Amplifiers," setting up for the first time ground rules for telling what amplifiers will do.

The new booklet defines terms and test conditions and lists tests and ratings for amplifier output, sensitivity, frequency response, distortion, hum and noise and damping factor.

It was prepared by the Institute's Standards Committee of which Joseph N. Benjamin of New York is chairman. Benjamin also is president of the Institute.

SEA SHELLS - Dolly Barribeau, of Sarasota, Fla., listens to a sea shell on the local beach.

Fashionettes

Look for a variety of raincoat silhouettes this season. There are raincoats shaped like Granny's nightgown, two-piece suits, hacking coats, and copies of Parisian gendarmes' capes. Trenchcoats turn up in modified versions in all sorts of fabrics—velvet, cotton twill, iridescent poplin, cotton satin, and corduroy.

The oyster wouldn't recognize the pearl these days. It's shown in new shapes, sizes, colors and finishes. Cultured pearls are set in gold and combined with jade or turquoise. Costume pearls range from tiny seeds to imitations of birds' egg sizes. Shapes include oval and flat as well as the traditional round. Colors—of both costume and cultured pearls—include pink, blue and black, plus silver, gold, red and green in the costume line. Finishes include matte, pearly, lustrous, and translucent.

New accessories team: handbag and jewelry to match. Nettie Rosenstein, the designer, showed for resort wear a rose-red handbag in neepleep with double strands of polished beads in the same shade.

The rigid bangle bracelet gets a new look this winter. It's set with stones for daytime or evening wear.

Interest in casual shoes is centered on the heel. Made in every height, heel styles include stacked leather styles, curved Louis types and squashed Queen Annes.

A hit in Paris—a fringe necklace to which you can add all kinds of baubles.

Wood gabardine and pastel wool plaids are favored in "pants" suits for resort wear. Silk linens, too, are used in the two-piece ensembles.

With another severe winter, snow mold will show up badly in the spring. Extraordinary winter-killing will add to the damage in poorly drained areas, while exposed ridges may suffer from dehydration and "winter scald." Where snow mold has caused a matted thatch to form, this must be raked off gently, using care to avoid damaging the weakened crowns and rhizomes of the turf.

All fungi are best controlled by prevention and snow mold is no exception. The good turf fungicides all provide control in varying degrees if applied in late fall, when mowing is no longer necessary and cold weather has arrived to stay. Treatment rates at that time should be double the strength used for summer dosages to control brown patch, dollar spots and the like. There is considerable evidence that mercury fungicides provide the surest control particularly in fall application. If it is possible to get on the turf very early in the spring, another effective treatment may be given, using Tersan, Puratuf, "531", Semesan or PMAS—again at double the summer rates. Your garden dealer will very likely have a favorite fungicide that has worked well in his area, and

Snow Mold — An Enemy of your Lawn

will undoubtedly be the best to use. Little can be done after the grass starts to grow in mid-April, so further treatment should be deferred until fall.

If a lawn has been severely damaged by snow mold, it is particularly important not to shock the grass further by the application of a harsh, quick-acting fertilizer. Your garden supply dealer can no doubt supply you with one of the new "Urea-Form," 10-6-4's of which the gentle action and steady feeding will insure complete recovery of the injured turf.

Natural GAS YOUR SILENT SERVANT

Your gas meter is similar to a healthy lung. It actually goes through the motions of breathing—inhaling and exhaling gas by means of little diaphragms of leather or plastic. At each intake of "breath," the meter registers how much gas is consumed.

The "lung" and other vital parts of your gas meter are regularly inspected to insure accurate measurement of gas consumption. More than 300 gas meters a day go through the scientific test and repair cycle at Consumers' General Meter Building in Jackson.

Here gas meters are tested, adjusted and repaired. Even new meters, fresh from the manufacturer, must undergo rigid tests before going into service. Only a meter of demonstrated accuracy is permitted to measure the gas that serves you.

FROM THE TV, radio and Hi-Fi department at Better Home Appliance and Furniture will come one of the many door prizes being presented during the grand opening. Babe and Bert Wyse hold the 17 inch television that will be among the prizes.

BERT AND BABE Wyse, co-owners of Better Home Appliances and Furniture, relax in the midst of their vast showroom of merchandise. The new store on Ann Arbor Rd. has twice the floor space as the former building on Forest Ave.

Better Home Doubles Floor Space In Sparkling New Building

Better Home Furniture and Appliances, for 11 years located on Forest Ave., has opened its doors at a new location on Ann Arbor Rd. and will stage its grand opening celebration starting Thursday. Hundreds of dollars worth of prizes will be awarded. The bright and modern building at 1009 Ann Arbor Rd. is located across from A & P. It boasts twice the floor space as the former storeroom. Two brothers, "Bert" and "Babe" Wyse, are co-owners of Better Home Furniture and Appliances and are responsible for guiding the store through 11 years of progressive merchandising. Because of the doubled floor area, the owners note that they will be able to offer a much expanded inventory. Emphasis has been placed on expanding the Early American and carpeting lines. In addition, there will be a larger television, radio and phonograph department, including stereo equipment. Better Home Furniture and Appliances holds the exclusive General Electric and Maytag appliance franchises in Plymouth. The grand opening celebration that opens this Thursday will run through Saturday, Nov. 21. As the public makes their inspection of the store, they will be invited to register for the many door prizes that will be given away at the end of the celebration. In addition, there will be many sale specials. Prizes include a Dearborn - Provincetown maple breakfast, a 17 inch GE portable TV, a Serta-Restokraft mattress, a 9 by 12 Aldon carpet, a cocktail table, six months supply of Tide, a tree lamp, a GE handmixer, two living room chairs, two patio chairs and a GE clock radio. The store is open every week day evening until 9 p.m. until Christmas.

Rexall Stores Open Annual Contest for Kids

Two Evans bicycles will be the grand prizes in the annual Boys' and Girls' Contest sponsored by the Beyer Rexall Drug Stores of Plymouth. In addition there will be five other prizes both for boys and girls. The annual contest is open to any child 16 years of age or under. To enter, a nomination blank can be picked up at any of the three Beyer Rexall stores. After having an adult fill it out, it should be returned to the store. A signature card is then issued to help gain the support of the contestant's family and friends. Each time they buy an item at a Rexall store, every penny they spend earns one vote. The Evans bikes, made in Plymouth, are the grand prizes. Other boys' prizes include an electric train, movie camera, powered model airplane, magnetic hockey game and microscope set. Girls' prizes are a magnetic recorder, table radio, doll carriage, a Mary Jane doll and guitar. Complete rules are available at the Beyer Rexall stores.

YOU ARE CORDIALLY INVITED

No need to FIGHT
over whether the window should be open or closed for sleeping. Solve your problem by installing a Dibert Pressurizer, and fight over something else.
Here are some of the things a Dibert Pressurizer will do:
1. Brings pre-heated fresh air into the living quarters all the time the furnace is running.
2. Greatly improves the humidity content of the home. Relieves dryness of nasal membranes and skin.
3. Cooking and tobacco odors are quickly dispelled. Home has that fresh smell.
4. Eliminates many of the drafts.
5. Makes heating more economical.
6. More even distribution of heat. Makes it possible to heat rooms that are otherwise hard-to-heat.
Send for our Free folder on "FRESH AIR IS THE KEY TO GOOD HEALTH"

Got a Cold? You're Not The Only One
If you have a head cold and are sneezing, you are not alone in this. Dr. Joseph G. Molner, City of County Health Commissioner, says early Fall is one of the three periods in the year when colds are most prevalent. The other two are January and late March or April. The average person has three or more colds each year with the acute stage lasting about two or three days.
There is just one way to catch a cold and that is from another person who has one. The common cold is caused by any one of a dozen or more viruses. These viruses are not destroyed by a drug or remedy known at present. However, infections which may follow a cold may respond to treatment with antibiotics.
You will be wise to take every possible precaution to avoid a cold and if you do get one, to take care of yourself during the first day or two. Colds are dangerous chiefly because they lower resistance of the breathing passages to germs such as the pneumococci and streptococci, which are often present in the nose and throat, but cause illness only under conditions which permit them to multiply. This is the reason a cold often precedes pneumonia, sinus infection or ear infection. Children younger than five years old are most likely to take colds. Dr. Molner suggests the following precautions for avoiding colds:
1. Whenever possible, stay away from anyone who has a cold and be especially careful to protect young children from anyone who coughs or sneezes carelessly.
2. Get enough sleep to wake refreshed, get enough rest.
3. Wash your hands thoroughly with soap and warm water before eating or handling food.
4. Eat meals that are well balanced.
5. Avoid overfatigue, but do plan to have some recreation.
6. Dress according to the weather. Wear light clothing when doing hard work and keep extra clothes ready to put on when you are inactive.
When you catch a cold, it is usually milder and ends more quickly if you take good care of yourself from the beginning. Get as much rest as you can. Keep comfortably warm and dry and if you must go outdoors, dress suitable for the weather. Eat simple easily digested foods; drink plenty of liquids, especially water and citrus fruits.
Consult your doctor if you have chills, fever and aching, or if the cold is more than usually severe. Medicines, including antihistamines, should be taken only under the physician's direction. Even those which relieve discomfort may be harmful if used without the doctor's advice.
If you have a cold and feel you must work, be sure to do everything you can to protect others.

Northville Parish Holds Bazaar Next Tuesday Afternoon
The Mothers' Club of Our Lady of Victory Parish, Northville, will hold its annual "Holiday House" on Tuesday, Nov. 17 from 1 to 5 p.m.
Bazaar items will be displayed at the church hall and at the home of Mrs. Frank Pauli, 508 Gardner. The tea will be held at the home of Mrs. Orlow G. Owen, 50085 West Seven Mile Rd.
A collection of antiques including iron stone, Toby jugs, Bohemian glass, pewter ware, hand blown glass, early American cast iron ware and furniture will be highlighted. There will also be toys, baked goods, knitted goods and many other items.
The public is being invited. Tickets may be obtained at the door and door prizes will be awarded. Winners need not be present.
In 1824, the Marquis de Lafayette, then 67, visited each of the 24 states.

SPONSORED BY THE PLYMOUTH CHAMBER OF COMMERCE

THROUGH A combination of efforts on the part of the Plymouth Symphony Society and the Theatre Guild the above backdrop for the ballet "Coppelia" was accomplished. Mr. and Mrs. Tom Kelly and their son Don constructed the 15 ft. high and 45 ft. long setting. John Glanz drew the scene and various members of both groups painted the huge backdrop. The Kellys moved the

set to Saginaw when Wayne Dunlap guest conducted "Coppelia" with the Ann Arbor Ballet Company performing. Sunday, Dec. 13, in the Plymouth High School, local people will have an opportunity to enjoy the same program and get a close look at this most unique backdrop. This performance will be sponsored by the Plymouth Society.

WHILE PHEASANT hunters are still banging away by day, there is a smaller number who track down coon by night. Three avid Plymouth coon hunters are (from left) R.O. Reed, 1988 Elmhurst; Malcolm Henson, 41954 Joy; and Clifford Mills, also 1988 Elmhurst. They spent one night

hunting near Mason, Michigan, and brought home these eight coon. Henson's coon hound, Elmer, won third place in a state meet last month and fifth place in a national coon hunt. The season ends Dec. 31. There is no limit.

To the Supervisor and Highway Commissioner of the Township of Plymouth, Wayne County, Michigan Sirs:
You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting of said Board held on October 15, 1959, decide and determine that certain streets described in the minutes of said Board should be County roads under the jurisdiction of the Board of County Road Commissioners. The minutes of said meeting fully describing said streets are hereby made a part of this notice, and are as follows:

"Minutes of the regular meeting of the Board of County Road Commissioners of the County of Wayne, Michigan, held at the Board's offices on the 7th Floor, City-County Building, Detroit 26, Michigan, at 9:00 a.m., Eastern Standard Time, Thursday, October 15, 1959. Present: Commissioners Wilson, O'Brien and Kreger.
Commissioner O'Brien moved the adoption of the following resolution: BE IT RESOLVED by the Board of County Road Commissioners of the County of Wayne, Michigan, that the following described roads be and they are hereby taken over as county roads and made a part of the county road system of the County of Wayne:
All of Betty Hill, Bonnie Brook, Danbridge, LeBlanc and McClunpha Roads, also all of Danbridge and Danbury Courts and all of Drury Lane, as dedicated for public use in Glenview, a subdivision of part of the N.W. 1/4 of Sec. 28, T. 1 S., R. 4 E., Plymouth Township, Wayne County, Michigan, as recorded in Liber 84 of Plats on Pages 31 and 32, Wayne County Records, constituting a total of 1,538 miles of County roads.
The motion was supported by Commissioner Kreger and carried by the following vote: Ayes: Commissioners Wilson, O'Brien and Kreger. Nays: None.
THIS NOTICE IS GIVEN UNDER AND BY VIRTUE OF ACT NO. 283 OF THE PUBLIC ACTS OF 1909, AS AMENDED.

In testimony whereof, I have hereby set my hand at Detroit, Michigan, this 22nd day of October, A.D. 1959.
BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF WAYNE, MICHIGAN
Charles L. Wilson, Chairman
Michael J. O'Brien, Vice Chairman
William E. Kreger, Commissioner
By Sylvester A. Noetzel, Secretary and Clerk of the Board 10-29-59, 11-5, 11-12, 1959

THANKS TO U.S. GRANT BIRMINGHAM, Ala. (UPI) Gen. U.S. Grant was largely responsible for the founding of this steel city when he won the Battle of Shiloh. Obediah McElwain and Dwight Merrill lost their iron blast furnace in the battle and retreated to the site where this city is located today.
A proposal to give women the vote was first introduced to the Senate in 1878.
In New Guinea in the South Pacific the natives range from pygmies to six-footers.

From where I sit... by Joe Marsh
"Sizing-up" the Situation

When a lady in our town's looking for a new dress... her first target is Sandy Philip's Shop. The other day I finally asked Sandy how come he's been so successful.
"Well," Sandy said, "I've always treated my customers with courtesy. And my secret ingredient—which isn't really a secret—is flattery."
"Whenever a new shipment of dresses comes in, I cut off the size markers in every dress—and make them a size smaller. Size 16 becomes size 14 and so on. Course, all the ladies know I change the number—but they like it. Helps them pretend their figures are a little better than they really are."
From where I sit, we all like to think the best of ourselves—often "shrink" the truth to do it. Reminds me of people who claim they're not prejudiced then turn around and argue against a neighbor's choice of a glass of beer. Even a little intolerance is too much in a person or in a town—and that's exactly the size of it.
Joe Marsh

Answer to TV Boredom Is To Dial With Care

It has become the fashion to pan television for the inanities with which so many stations and networks are filling in the long broadcast day. There is considerable justice in the charge that the TV industry is pandering to our lowest tastes rather than seeking to elevate and educate us. The classic reply, of course, is that every set includes a knob for shifting channels and another that will turn it off.

But before adding our voice to the clamor of condemnation, perhaps we ought to look around and see what opportunities, if any, TV does give us for discriminating viewing. It brings us news in-the-round, puts us on the spot in swift-moving world events, provides interviews and panel discussions with the most provocative figures and the keenest minds of the day—if we but look for such things.

And, on the entertainment side TV offers more than old movies and half-sole westerns and mysteries. An outstanding example is the DuPont "Show of the Month" series which began its third year over the CBS network with "Body and Soul", featuring Ben Gazzara—to be followed by "The Fallen Idol" with the British star, Jack Hawkins. "I, Don Quixote", a free adaptation of the Cervantes novel dramatizing events in the author's life and starring Lee

G. Cobb was the Nov. 9 offering. Presented early in the evening of Dec. 4th (7:30 to 9:00 p.m.), for the benefit of the youngsters, will be "Oliver Twist". Later will come "Arrow-smith" and perhaps an original, modern play—in all, a series of nine noteworthy 90 minute productions.

Last year, audiences estimated at 30 million or more witnessed such plays as J.M. Barrie's "What Every Woman Knows", Herman Melville's "Billy Budd", the Broadway award-winning comedy "Harvey", William Saroyan's "The Human Comedy" and Shakespeare's "Hamlet" on the Show of the Month series with such outstanding stars as Siobhan McKenna, Art Carney, Frederick March and Florence Eldridge and John Gielgud.

In fact the TV producers boast that more people saw their production of "Hamlet" than had previously witnessed this classic since the Bard of Avon first presented it more than 356 years ago!

The crux of the TV argument, we think, is that this medium should no more be swallowed whole than a restaurant menu. If you can decide on what you want, you will very likely find it. TV is hardly to blame for those who sit aimlessly, hour after hour watching they know not what. But it could be the whipping boy of those who are annoyed at themselves.

If Your Name Is 'Margaret'

By ANN REYNOLDS
Where did we get the popular and beloved name "Margaret" from? Its cradle was Persia, and it evolved from the Persian word for "pearl". The Persians had frequent dealings with the ancient Greeks, and so the word was taken over into that language, appearing there as "Margarites". In Latin it became "Margarita", but how and when this word came to be used as a first name we don't know.

The earliest Margaret was the 3rd century saint and virgin martyr St. Margaret of Antioch. No facts of her life have been recorded other than her martyrdom. Later, life-stories of the saint were written, and these relate her having vanquished a vicious dragon. Even without factual evidence St. Margaret of Antioch came to be one of the most popular saints in the Middle Ages. This was due to the legend that she, allegedly with her last breath, prayed that every man, woman and child who, in times to come would write or read about her life and works, should have his

name written in the book of eternal life. She also used to be invoked by women in childbirth, and in past centuries more than one Margaret was given the name because her mother asked St. Margaret's assistance at the time of giving birth. A later St. Margaret added to the popularity of the name. She was the wife of Malcolm III, King of Scotland in the 11th century. She was baptized Margaret because of her Hungarian connections; the name was by then firmly entrenched in Eastern Europe. Her engaging personality helped to make the name a favorite in Scotland. Another St. Margaret, daughter of a Hungarian king in the 11th century, spent her life as a nun on an island in the Danube, situated between Buda and Pest, and it was later given the name of St. Margaret's Isle. That St. Margaret also helped to make the name so well liked as it has remained to this day and age. I am sure none of my readers needs to be reminded that Queen Elizabeth II of England has a sister called Margaret, and

"Here's a used car in the Want Ads that should interest you—it's equipped with overload springs!"

Sun Moves South, Our Daylight, Too

ANN ARBOR—Robert Louis Stevenson once wrote:
In winter I get up at night
And dress by yellow candlelight.
In summer, quite the other way,
I have to go to bed by day."

November marks the beginning of the season for starting the day "at night," begins a University of Michigan astronomer.

Associate Prof. Hazel M. Losh (Ph.D.) says: "The fast shortening of the days from now until the shortest in December will probably be the most noticeable feature of the month."

"The sun is rapidly moving south, causing a marked decrease in the daylight hours. By the end of November, the day will have decreased to about nine hours and 20 minutes with only 15 minutes to go to reach the shortest day of December."

"The sun will be swinging relatively short daily arcs across the southern sky with its altitude at noon above the south horizon having decreased from 48 degrees in September to 34 degrees by early November. It will drop to 26 degrees by the end of the month."

Another attraction in the cold November skies will be the appearance of more "shooting stars" than usual, Professor Losh continues. "Three minor meteor showers are scheduled. Although no unusual displays are expected, the dates for these showers are distributed over quite an interval."

"Therefore, occasional stragglers from the swarms may add their bit to the average number of sporadic meteors observed on clear nights."

"These showers come from the general direction of Taurus, the bull (Nov. 10); Leo, below the eastern horizon (Nov. 14-15); and Andromeda, high in the sky (Nov. 17-27)."

STATE VISIT—Princess Grace of Monaco chats with French Premier De Gaulle in Paris. She and her husband, Prince Rainier made an official visit to the city.

Conflicts Common In Nursery Schools

Nursery schools can have all the characteristics of miniature blackboard jungles, according to Elton B. McNeil (Ph.D.), associate professor of psychology at The University of Michigan.

Reviewing the research work that has been done in this field, McNeil says, "Conflict is a major activity of preschool children. On the average, a conflict occurs every five minutes for children from two to four years of age. "It must be pointed out, however, that these conflicts are not severe, they do not last long, and there are great differences in the total number of conflicts for each individual child. Studies show that conflicts among two-year-old children seldom go past one round before they are settled. But among four-year olds, two-thirds of the conflicts are likely to flare up a second time. "Boys argue more than girls, even though girls regularly prepare to fight it out with words rather than blows. Boys more often choose other boys to be the target of their hostility. At the same time, they prefer other boys or adults when they wish to express affection. "In general, disputes are more frequent between children of the same sex, but of different ages, with the younger child being the less aggressive of the two. Actually, younger children are more likely to start a fight. "But once it has been started they tend to engage in a holding action rather than an active, assaultive one. The younger child holds on to a toy for dear life while the older one is seeking actively to separate him from it."

Hows Business? Fear of Tight Credit Valid

By Roger W. Babson's Staff
Public sentiment sometimes overestimates actual conditions. At the present time, there is considerable concern about tight credit; hence, it would be well to ap-

praise this situation. The sharp and sustained decline in the bond market and the flurry of successive increases in borrowing costs have been instrumental in focusing public interest upon credit. These, however, are merely symptoms of a condition brought about by the long-term expansion of credit during which total net debt has risen nearly five-fold in the past two decades. Of more immediate influence, it can be said that the economy is experiencing the aftermath of an incomplete business correction occurring during the 1937-38 recession. That is, the readjustment did little to deflate bank credit. The economy, instead, embarked upon a business upturn with many leading banks loaning close to the desired maximum ratio (60 to 65 percent) of loans to deposits. Furthermore, strike-hedge inventory accumulations created a contra-seasonal credit strain through 1959.

Clergy Charges Into Traffic Death Problem

"Traffic Safety Sabbath," a time for sober consideration of the moral responsibility of the individual driver, has been called by a state committee of clergymen representing Catholic, Jewish and Protestant denominations.

By official proclamation, Governor Williams has designated the week-end of Nov. 15 for the state-wide observance. This is the sixth such state-wide observance.

The Inter-faith Committee sponsoring the program includes: Rev. Fr. John D. Slowey, Director, Catholic Social Service, Lansing; Dr. Stanley Buck, Methodist Peace Temple, Benton Harbor; Rabbi Philip Frankel, Congregation Shaarey-Zedek, Lansing and Mr. Arthur H. Brandt, Executive Secretary, Lutheran Center, Detroit.

The special committee, part of a larger group of clergymen, which started meetings in Lansing earlier this year, is concerned with the serious increase in the number of deaths and other human loss stemming from traffic injuries.

Included in the information mailed to religious leaders is the statement that four times as many people are killed by motorists as by criminals. The committee is concerned with the double standard of morality which many people seem to establish between their driving and the balance of their life.

It is not the purpose of the program to try to cut accidents for one week-end, according to the Chairman, Rev. Fr. John Slowey. The intent is to enlist the clergy of all faiths in a year-round teaching and preaching involving traffic on the same basis as other life situations. Dr. Stanley Buck writes — "Let your religion show when driving. "The Golden Rule, basic to all religions is a desperate 'must' for those who drive automobiles, if some of the needless slaughter on our highways is to be stopped."

Rabbi Morris Adler of Detroit is quoted, "Skill, training and experience are not enough in driving a car. Needed also are a sense of responsibility, consideration and maturity of judgement. Religion is profoundly and intimately involved in the program of traffic safety."

OPENING SPECIALS

"America's easiest range
to keep clean"

Caloric

THE FIRST GAS RANGE
WITH A
KEEP WARM OVEN

Caloric

30" DELUXE GAS RANGE

Enjoy home automation with a 30" Deluxe gas range. The new Caloric does your cooking for you. It's easy, it's fun... even for a beginner!
For maximum cooking convenience Caloric offers a door seal and chrome non-tilt oven racks. Prepare a spacious, extra-capacity oven (24" x 20") with silicone banquet with ease in this giant 6600 cubic-inch oven. With Thermo-Set top burners food stays at temperature set, automatically.
The Roto-Roaster Rotisserie turns on an automatic spit... bastes meat in its own juices. Look at the hi-lo broiler, hi-speed burners and clock, too. And remember Caloric is America's easiest range to keep clean.
