175 Mothers on March Sunday Afternoon

Arrest of Four Clears Up Long List of Burglaries

A youth described as "a whiz in the field of electronics" has been arrested by Plymouth police as the leader of a group of three others who during the past year have committed a long series of burglaries and night-time entries.

The boy, 16, was picked up early Sunday morning after police gave chase downtown and fired a shot over his head. Because he remains under juvenile court jurisdiction, his name has been withheld.

The police property room was filled with items that have been recovered. These include:

A microphone stolen from First Presbyterian Church, three pellet guns from Davis & Lent, transistor radio, voltage meter, speakers, wires and other items valued at \$324 from West Side Electric, flares, electric lanterns and a phone from the C & O Railroad, brief case, slide rule and other supplies from Pursell's Office Supply, and a tube tester from the High School.

Also cleared up were cases where bricks were thrown through back display windows at the Dixie Shop and Plymouth Men's Wear, the rifling of the ice machine coin box at McLaren's and several instances where coin boxes of pay phones have been blown open.

They also admitted taking cigarettes at Old's Grocery

where the front door glass was blown open by a firecracker taped to it. Several other stores that reported entries, but nothing taken, were also on the list.

Police said that the 16-year-old usually performed most of the burglaries himself while the other three were instructed to pick him up at the burglarized stores at a certain time. The other three participated in various combinations.

Some of the loot was given away, police said, and a few articles were sold. The ring-leader used some of it in his workshop where he put together some complicated electronics mechanisms. Thirty-five dollars taken from Pursell's was recovered, but a savings account had been opened with other stolen money.

The end came at 2 a.m. Sunday when the youth was seen lurking behind the Davis & Lent store. Police had pulled into the alley beside Pursell's Drug Store. Officer Tom Ferguson got out

while Officer Henry Smith, behind the wheel, radioed for another car and he drove around the other side of the Central Parking lot. The youth ran toward the passageway between Plymouth Office Supply and First Federal where Officer Ferguson fired a shot over the boy's head.

Running down the passageway along the Post Office, the boy circled back and hid in the shadows alongside the office of Dr. Elmore Carney. Police found him standing in his black clothing with his face hidden. Later he told police not to bother looking for fingerprints, for he had worn gloves on all the jobs.

The boy's parents were phoned and they thought he had been in bed since 10 o'clock. But he had gone out a window, probably the same as he had done on other occasions.

The boy will be turned over to Wayne County juvenile authorities.

Ends Dimes Drive

One hundred and seventy-five women will stage their annual march for funds this Sunday afternoon in Plymouth City and Township to fight the three crippling of arthritis, birth defects and polio.

Even though there is no set goal locally, the committee expects the \$2,470 donated last year to be surpassed.

The Mothers' March is the climax of the annual March of Dimes Drive in Plymouth and across the nation. Local drive leaders point out that funds for the National Foundation are raised in a separate drive "because it is the only way to let the individual decide for himself if he wants to give directly to a cause that he understands and believes in."

Mrs. Charles Olson, chairman of the Mothers' March, announces that her volunteers expect to call at every home between 2 and 4 p.m. Workers will be wearing name plates bearing a golden key and carrying their New March of Dimes mason jars.

Mrs. Olson also announced the following area chairmen: Mrs. Nelson Altenberg, Mrs. Roger Bogenschutz, Mrs. Jerry Coslow, Mrs. Louis Dely, Mrs. Robert Diekmann, Mrs. Leslie Hoelt, Mrs. Jack Olsaver, Mrs. Gerald Olson, Mrs. Alexis Skoglund, Mrs. Robert Spaveth, Mrs. Arthur Walker, and Mrs. Bill Young.

The marching mothers are collecting funds for:

1. An expanded research program which is seeking to prevent and relieve crippling birth defects and arthritis, and to speed the day when everyone will be protected against polio.

2. A patient aid program aimed at ever-improving medical care for the crippled and direct financial assistance to families needing help.

3. The training of research workers, doctors, nurses, and therapists to relieve the terrible shortages of medical manpower.

Following the March, volunteers will return to the Veterans Memorial Home for refreshments served by Girl Scout Troop 248. Mrs. Thomas Adams is the leader.

There will be nearly 40,000 volunteer mothers and some fathers substituting for wives who can't make it on the march in Wayne County.

"Please Say Yes to the March of Dimes" is the 1961 slogan. But when the Mothers' March was recently changed from a Thursday night to a Sunday afternoon, the slogan could appropriately be "A Good Day for a Good Deed."

Resident Killed As Locomotive Rams Car

Enroute from his home on Ridge Rd. to work in Birmingham, Albert W. Plummer, 59, was killed at 7 a.m. Jan. 18 when his car was struck by a southbound train at Seven Mile Rd.

Mr. Plummer, a painter and decorator, had just inside the car and State Police and ambulance attendants had stopped at the crossing, and then pulled slowly onto the tracks. Flashers were operating, they said.

A southbound Chesapeake & Ohio train smashed into the car and carried it down the tracks nearly three quarters of a mile before the engineer was able to stop the train. The body was pinned inside the car and State Police and ambulance attendants had stopped at the crossing, and then pulled slowly onto the tracks. Flashers were operating, they said.

Other JA Week highlights include the JA Presidents Banquet to be held in Detroit on Feb. 1 with advertising executive Thomas B. Adams, president of the Campbell-Ewald Company, as the main speaker and JA's eleventh annual Sno-Ball to be held at Cobo Hall in Detroit, Feb. 3.

The Sno-Ball which will be held in the River Front Ballroom is open to the public and will feature Richard Maltby and his orchestra. Tickets can be purchased at Cobo Hall the night of the dance for \$3.50 per couple. Hours of the dance are 9 p.m. to 1 a.m.

National Junior Achievement Week, which runs from Jan. 29 through Feb. 4, will honor the 4,200 JA companies and 70,000 teenagers now active in the organization in 42 states including Hawaii.

Junior Achievers Sell Wares at Annual Fair

Local small-time business tycoons have made big plans for next week's 1961 Junior Achievement Industrial Trade Fair designed to celebrate national Junior Achievement Week in Plymouth.

The junior business executives — better known as Achievers — will display and sell scores of locally produced merchandise at mark-down prices in a trade fair atmosphere complete with exhibits, grand prizes and souvenirs.

On hand for the affair will be outstanding Achievers, teenage salesmen, adult advisers and Mr. and Miss Achievement who will welcome visitors to one of the world's few teenage trade fair exhibitions.

Shiny new products fresh from the production line will offer trade fair visitors a

wide range of merchandise in different price categories.

The local trade fair exhibition will be open to the public on Monday, Jan. 30 from 5 p.m. and will be held at the Junior Achievement business center located at 187 South Main St. next to City Hall.

Last year an estimated 250 persons attended the event locally with some eleven thousand people visiting 16 JA Achievement trade fairs throughout southeastern Michigan. In all, five thousand dollars worth of JA merchandise was bought by the general public.

Barbour Heads J-A Fund Drive

Junior Achievement's 1961 Fund Raising Campaign officially gets underway on Jan. 30 with an appeal to business, industry and community leaders to put more teenagers into the business world via the nation's largest business education organization.

Hugh M. Griffin, head of the Public Relations Department for Burroughs' Plymouth Division and chairman of the Junior Achievement Board of Directors in Plymouth, announced that the chairman of the Plymouth Junior Achievement Fund Raising Campaign is Robert K. Barbour. Active in civic affairs, Barbour serves as a member of the 12-man Board of Directors which oversees the J. A. program in Plymouth. He headed up the J. A. Fund Raising Drive last year, the most successful ever held in the Plymouth area.

Junior Achievement is a non-profit educational program offering high school students free business experience by organizing and operating their own small scale

Multitude Given Write-in Votes

Who DIDN'T Run For Office?

As one comedian often declares: "Every one's trying to get into da act."

But there were undoubtedly lots of people who unknowingly got into the act last Tuesday when their names showed up among the write-ins for jobs in the proposed City of Plymouth Heights government.

Plymouth Heights offered 13 jobs, but only three people bothered to file nominating petitions.

This left plenty of blank space on the ballot and it was an open invitation to electors to write in names of their friends, relatives — or perhaps, enemies.

ins kept Township Clerk Fred L. Miller busy most of the next day. The names were written in by sliding a back metal tab and writing on a long paper roll that winds each time the voting machine is used.

Names of some people appeared under almost every office. Many people whose names were written in probably never knew someone had voted for them — until they read it here.

Only one write-in gathered enough votes to actually qualify for election — had the charter been approved.

Township Treasurer Elizabeth Holmes received 12 write-in votes. Ten votes were needed to qualify for election.

There were 1,629 people voting in the election of which 818 were male and 811 female. The charter was turned down, 1,589 to 35.

The three candidates who filed for election were: mayor, John D. McEwen, 558; councilman, Donald King, 429; Peter Tonkovich, 300.

Here are the names of all the write-in candidates, just as they were written in. See how many you know:

BUSINESS NOTES: Earl Merriman, in the insurance business since 1953, has merged with the business of C. L. Finlan & Son, owned by Charles Finlan, on Feb. 1. Sherwin-Williams Paint Co. will soon open an outlet on Pennington Ave. in the building formerly occupied by Michigan Bell and Plymouth Office Supply. Most stores are continuing the January Clearance Sales and reports indicate that shoppers are turning out heavily for the yearly bargain-hunt. Firemen still haven't pinpointed the cause of the fire that ruined the inside of Evans Discount Furniture and Appliances two weeks ago. Owner Bernie Berman noted this week that those ironical signs on the windows advertising "Must Liquidate" had been up since Christmas.

PLYMOUTH HIGH School's debate team last week won its third straight Suburban Six League championship. The four debaters, in foreground, from left, are David Raafaub, Paul Malboeuf, Jim Kropf and Dave Fey. Dave and Jim, now juniors, have been on the team all three

years. In back row are Bob Winterhalter, a timer, Miss Betty Stevens, the team coach, and Al Larson, timer. Debating the question, "Resolved: That the United Nations Should be Significantly Strengthened," the team won all 10 of its league debates and four district debates so far.

Pupils, Adults Ready Musical Old Favorite, 'The Mikado'

By Lester Barton

"The Mikado," Gilbert and Sullivan's well-known operetta, is to be presented by Plymouth High School on April 21 and 22.

The production is a "first timer" in several ways, but it is unique in the high degree of inter-department cooperation that is required for its success.

Along with the vocal and dramatic, industrial arts, art, journalism and instrumental

music will be fields of activity. Another innovation is the Saturday matinee that is scheduled.

Cast members, announced last Friday by producer Robert Stenger, English instructor, are: Yum Yum, Grace Kuhns; Pitti Sing, Jody Edgar; Ko Ko, Bob Evans; Pooh Bah, Paul Malboeuf; Peep Bo, Shirley Blanton; Nanki-Poo, Tom Lock; Katsisha, Marilyn Moss; the Mikado, Leroy Lane; and Pish-Tush, Art Gulick.

A large number of teachers and townspeople are to participate in the production of "The Mikado." The director is Robert Southgate, guidance counselor and English instructor, already known for his many school plays. Teachers Fred Nelson and James Griffith represent vocal and instrumental music respectively.

House manager is Lawrence Ordowski, yearbook adviser. Art teacher Frances Overton and Phyllis Kelly have charge of set design. Bowlsman and Dan McLaughlin are to supervise construction. Other teachers involved are: librarian Patrick Butler, posters: William Campbell, Leonard; Adrienne Zahnizer, tickets; Robert Ingram, lighting; Elizabeth McDonald, publicity; Merle Atchinson and Betty Wolford, costumes. Consultant is Bill Grimmer.

The light and humorous plot of the operetta concerns the events that ensue when an oriental ruler — the Mikado — orders an execution, "because no one has died for so long." The antics of the various characters and the eventual union of the lovers Nanki-Poo and Yum Yum have endeared the comical production to many.

300 Youngsters Sing In Symphony Family Program

Three hundred sixth grade pupils from the Plymouth Community Elementary Schools will join the Plymouth Symphony Orchestra and the Junior Symphony for the popular annual Family Concert this Sunday, Jan. 29.

The Family Concert, which offers music that will be enjoyable to all members of the family, will start at 4 p.m. in High School. Conductor Wayne Dunlap declared that the concert is themed to the introduction of the percussion instruments of the orchestra and that selections played will be equally enjoyed by children and adults.

As a special feature, "Six Hungarian Folk Songs," arranged by former Plymouthite Grant Beglarian, and edited by Marguerite Hood of the University of Michigan School of Music, will be sung by the combined sixth grade choruses from the schools.

The "Hungarian Songs" were prepared and first performed at the 1959 May Festival in Ann Arbor.

Cymbals and songs will be featured in the first selection "Second Movements," from Symphony No. 100 in G Major, Military, by Haydn. Unusual South American percussion instruments will be introduced in "The Little Train of Capira" by Villa Lobos.

Also on the program will be "The Viennese Musical Clock" from the Hary Janos Suite by Kodaly, "Jonathan and the Gingersnaps" and "The Little Train of Capira" by Villa Lobos.

Persons interested in discussing the possibility of initiating YMCA programs in Plymouth are invited to attend a meeting in the library of the Plymouth Community Junior High School on Wednesday evening, Feb. 1, at 8 o'clock. Marshall North will preside.

Roger Blood, staff member of the State YMCA of Michigan, and a local resident, will tell of the numerous possibilities of "Y" programs which are not duplicate programs already in operation within the community. He will also explain the various types of autonomous YMCA organizations from the comprehensive building centered operation of the large cities to the extended facilities to the affiliated community committee.

Such a committee is responsible for discovering unmet community needs and relating them to the numerous programs of the local YMCA which give emphasis to a better understanding of family life and to the moral and spiritual needs of youth.

Also attending as a resource person will be C. Gerald Wood, general secretary of the Detroit Metropolitan YMCA, or a member of his staff.

One of the most welcome pieces of news this week was the arrival in town Monday of the board of directors of a Detroit area firm to look at the Daisy Manufacturing Co. property. City officials hosted the group as they toured the building and later dined at the Hotel Mayflower. The property has been vacant since Daisy moved to Arkansas in May 1958. There will, of course, be no announcement of the company's name unless the purchase is imminent.

GOOD ICE: Cold weather, though not much good for other things, is keeping the area's ice ponds and lakes in good shape for skaters. One skater, however, was injured at Wilcox Lake Saturday night and was taken by ambulance to a hospital.

HIGH INTEREST: Second class in a series for training medical aides will be held tonight (Wednesday) at the VFW Hall. The first class two weeks ago drew a surprising 40 people and more are expected tonight. It is taught by City Health Officer Dr. Lee Feldkamp. Information can still be secured at City Hall.

POLICE BEAT: Burglars broke into Pease Paint & Wallpaper store over the weekend and although there was some ransacking, there appeared to be nothing taken. Police were happy that they had cleared up many burglaries with the arrest of the wrong-doers (see story elsewhere), but as a Safety Director Kenneth Fisher de-

The Grimm fairy tale has been adapted for the stage by Mrs. Wisniewski. Girl Scouts To Honor Fred Van Dykes

As an expression of their appreciation, the 10,000 adult and Girl Scout members of the Huron Valley Girl Scout Council will present a statuette to Mr. and Mrs. Fred Van Dyke of 9885 Joy Rd.

For the past four years the Van Dykes have been host each summer to several hundred Scouts from Livingston, Washenaw and Wayne County and for two weeks each summer the wooded area behind the Van Dyke farm hums with the sound of woodcutting, tent pitching, fire building, and the laughter of many teenage girls practicing their outdoor skills.

The Van Dykes furnish the camp site, water, storage space and a friendly cup of coffee to an occasional harried adult and during the fall and spring, the farm often becomes the scene of Adult Training Events.

The Huron Valley Girl Scout Council will make the official presentation Thursday, Jan. 26.

Jean's Jottings

By JEAN CAMPAU

"Our youth now loves luxury. They have bad manners, contempt for authority, disrespect for older people. Children nowadays are tyrants. They no longer rise when their elders enter the room. They contradict their parents, chatter before company, gobble their food and tyrannize their teachers."

If these words mirror your thoughts from time to time, take comfort from the fact that they were uttered by Socrates in the year 5 B.C.

With so much negative news about teen-agers these days, we thought we would like to offer a positive note on the subject. At their 34th birthday luncheon, the Sarah Ann Cochrane Chapter of the D.A.R. presented their annual Good Citizens Award to five young ladies from neighboring high schools. Outstanding winners were: Carol Simon from Northville, Pat Farmer from Bentley, Livonia, Kathy Whiting, Garden City, Judy Showenman, South Lyon, and Plymouth High's Celeste Arjay.

In an interview with the girls we learned that they are all 17 years old and are A and B students and enjoy a variety of extra-curricular interests which include painting and drawing, dancing, baby-sitting, sewing and cooking. Two of the girls manage part-time jobs after school hours.

Bears Beat VFW As Local Hockey Squads Meet

Two games were played last weekend by the two Plymouth teams in the Nankin Hockey League on the rink located at Ford and Wayne Roads.

The Plymouth Bears tied Saturday 7-7 in a game with the Nankin Mills and on Sunday beat the hometown Plymouth VFW team, 6-4.

While the VFW lost its Sunday game, it won its game Saturday with the Nankin Lions, 3-2.

The VFW, coached by James McKindles, won Saturday's match with two goals scored by Randy Sharland and another by Terry Cosgrove. Sharland scored two more on Sunday and Jim McKindles pushed through the other two.

The Bears led the Nankin Mills squad 4-0 in the first period Saturday. A hard-checking game was played with Nankin scoring three times with seconds to play. Bear's right winger Bob Cothers scored four goals and one each was drilled in by center Mike Materna, and left wingers John Price and Don Gavigan.

In Sunday's match, Bear goalie Dennis Tonkovich and his teammates cut the two-game winning streak of the VFW. The Bears jumped into a first period 3-0 lead and then out-skated the VFW to win.

Managers Joe Gates of the Bears and James McKindles of the VFW would like to stimulate more interest in hockey in the Plymouth area and urges hockey fans to come out and watch their teams. This Saturday at 8 a.m. the Bears meet the Rams and at noon the VFW faces Nankin Mills.

Point standings with two more matches to play are: Nankin Township 4, Plymouth VFW 4, Nankin Mills 4, Plymouth Bears 3, Nankin Lions 2.

Swimmers Win 83-22

To no one's great surprise, Plymouth swimmers sped past Allen Park Thursday for their 27th consecutive win. The margin was a fabulous 83-22.

Plymouth took every first and set one pool and team record. Records in the Plymouth pool are getting a little more difficult to break.

However, Warren Smith, Dick Gretzinger, Jim Izzet and Bob Daley combined efforts in the free style relay to set a pool and team record of 1:36.1. The effort chopped one and three tenths seconds off the old pool record and a little more from the old team record.

Bob Daley won the 400-yard free style in 4:26.5, while Lee Benz finished

third. Gary Gould was first in the 50-yard freestyle, and Dave Dunning was second. The winning time was 25.2.

Dick Gretzinger and Barry Corwin finished one-two in the 100-yard butterfly. Gretzinger was timed at 58.2. Dick Michelson won the 100-yard backstroke and Tom Hoffman was second. The winning time was 60.3.

Phil Bender was first in the 100-yard breaststroke with a 1:09.5 effort. Ron Daley and Win Schrader were 1-2 in the 100-yard freestyle. The winning time was 54. flat.

Mark Schultheiss won the diving with 49.7 points and Wayne Stephenson was second. Nick Herrick performed in exhibition. Dick Michaels won the 200-yard individual medley in 2:20.3 and Barry Corwin was second.

Bill Rossow was first in the 200-yard free style, while Bob Koers was second. The winner's time was 2:05.0. Hoffman, Doug Cash, Herrick and Ken Fisher combined to win the medley relay race. They were timed at 1:54.2.

Plymouth travels to Belleville tomorrow

to shoot for number 28 in a row.

Setter Fun Trial Set for Sunday In Canton Twp.

The Irish Setter Club of Michigan will stage an All-Setter Fun Trial this Sunday from 9 a.m. to 4:30 p.m. in Canton Township. It was announced this week by Roger Woboril, 1404 Penniman, chairman of the event.

Held at the Edgar Melvor home, 40367 Ford Rd. (between Haggerty and Lotz), the trail is open to all setter owners, whether the dogs be new or experienced. Two judges will be on hand. Pigeons will be released for the trials. For beginners, there will be a training circle. Visitors will be welcomed. Woboril said, and there will be hot meals served and door prizes given.

Allen Park Wins With Big Quarter

Plymouth trailed by only one point at the end of the first period, but Allen Park cut loose with a barrage of fast field goals in the second quarter to go ahead 36-18 at the half.

Plymouth narrowed the margin by two points in the third quarter to enter the final period trailing 28-44. The Rocks chipped away until they were within 10 points, 38-48, midway in the fourth quarter.

The defeat gave Plymouth a 1-4 record in league competition, while the victory boosted Allen Park to a 2-3 record. Trenton is in sixth place with a 0-5 record. Redford Union moved into sole possession of first place last week with a thrilling two-point victory over Bentley in the last 10 seconds. RU has a 5-0 record, while Bentley is in second with 4-1. Belleville, which Plymouth meets next week in Plymouth, has a 3-2 league mark.

In the Allen Park-Plymouth game, Allen Park's Nickels walked off with 18 points and teammate Chumita had 17. Sophomore Dick Schryer led

Area Buyers Share In Rambler Profit

Because they purchased new Ramblers during December, many Plymouth area people are receiving savings bonds in the mail this month, Clarence A. DuCharme, president of Fiesta Rambler, Inc., declared.

Bonds are being sent to the purchasers automatically by American Motors. Under American's progress sharing plan, Rambler buyers receive bonds as the ratio of Rambler sales increase between Dec. 1 and March 31 for a 10 per cent monthly increase, buyers will receive \$25 bonds.

If the cumulative gain goes up to 50 per cent, each buyer will receive \$125 in bonds. Bonds will be awarded at the end of each month. Should accumulative sales go up further between now and March 31, the December buyers will receive additional bonds, DuCharme said.

If the minimum increase is made in the four-month period, American Motors will spend \$2.8 million for bonds, and if the maximum gain is made, expenditure would total \$18.7 million. "Customer reaction is the greatest I've seen in my 13 years in the automobile industry," DuCharme added.

The program was started by George Romney, president of American Motors, to give further lift to rising sales volume by sharing nearly all of the economies of the gain with the customer. Total Rambler sales in December climbed to 34,324, a 13.8 per cent gain over 1959. "Rambler prices are already substantially below competitive cars, and with the bonus plan in effect, buyers will realize additional savings," DuCharme said.

Open House, Registration Set at Ladywood

Open House and registration for incoming students for the school year 1961-62 will be held at Ladywood High School on Jan. 26 at 8 p.m. at the school on Newburgh, midway between Five Mile Rd. and Schoolcraft. An entrance examination will be taken by the applicants at the registration, after which a luncheon will be served.

Parents of the applicants are invited to attend a special meeting on that evening. Points of discussion will include school policies, curriculum, activities and fees. Both newcomers and their parents will also tour the school building and examine the available facilities, such as the classrooms, science laboratories, business room, choral room, sewing room, library and cafeteria.

Conducted by the Felician Sisters, Ladywood High School offers the following curricula: college preparatory, business and general education. Clubs, such as Civics, Missions, Third Order, Press, Library, Future Nurses, Future Teachers and Sports, provide students with co-curricular and extra-curricular activities.

Letters TO THE EDITOR

Dear Sir:

In the "Jean's Jottings" column, The Plymouth Mail, Jan. 18, the film "Operation Abolition" is heartily recommended to the program committees of clubs and PTAs. Before any group schedules this film, they would do well to inquire into its making. In the Nov. 24 issue of *The Reporter*, an article, "Movie with a Message," by Paul Jacobs, gives the facts on "Operation Abolition." The film attempts to prove that the San Francisco demonstrations against the House Un-American Activities Committee were Communist inspired and led. It was made from newsreel shots filmed by San Francisco TV cameramen whose film was subpoenaed by the Committee after the hearings. The Committee staff made prints of the footage they wanted, edited the film, wrote a commentary and turned it over to a commercial film company. The Committee has furnished free advertising for the film by making it an official House document and advertising it in a special publication.

Mr. Jacobs points out that in an effort to prove assertions that the demonstrations were Communist-led the film was edited to distort a number of facts; "separate sequences have been run together to give the impression of mob action"; the commentary justifies the police use of fire hoses on the students by claiming that they were trying to rush police barricades inside the City Hall when actual photographs taken at the time show the students sitting in the corridors. Mr. Jacobs further states that "no evidence has been offered proving that their original demonstration was under the control of the Communist Party" and that a member of the Committee staff "has admitted on a Los Angeles TV program that there were distortions in the film."

Herb Caen, columnist on the San Francisco Chronicle, has criticized both the film's distortion of the facts and its promotion. The Washington Post has editorially called it "Forgery by Film."

The House Un-American Activities Committee has been criticized many times by many people and groups for its disregard of civil liberties to protect the United States from subversion. The production and promotion of a film such as this which deliberately distorts what actually happened and unjustly plants suspicion and distrust does no service to America and is subversive of our traditional freedoms of thought and action. Is the HUAC really interested in uncovering subversion, or is it interested merely in smearing with Communist label those who happen to disagree with their methods.

Sincerely yours,
Margaret J. Kaufman

Still Can Send In Christmas Seal Donations

Detroit and Wayne County residents today were urged to send in a late Christmas Seal contribution to help make enough money available for this year's fight against tuberculosis.

Detroit Postmaster Edward L. Baker, chairman of the 1960 Christmas Seal Campaign, revealed that \$50,000 was needed to equal last year's funds.

"Mail your contribution in your Christmas Seal envelope or if you do not have it send your gift to the TB and Health Society, 153 East Elizabeth, Detroit 1," Baker said. "Tuberculosis does not wait until we have enough money to work on its program. TB is infectious. It can spread readily if we are not continually alert to its dangers. If we must cut back the program of the TB and Health Society and the Detroit Tuberculosis Sanatorium it is possible that we might see an increase in the number of new cases this year," he pointed out.

Case finding through free tuberculin tests for children and chest X-rays for adults is part of the program supported through Christmas Seal funds. Cut backs in funds might also result in less aid being available to TB patients and a reduction in preventative services to adults and children.

Mr. Baker pointed out that 8,000 fewer people have sent in contributions to the present campaign than responded last year.

"I realize that perhaps more people are out of work this year and that many of our faithful contributors are not able to send in their usual amount. I would like to appeal to those who are working regularly and have a steady good income to fill in the gap."

Reminder letters are being sent to 150,000 people in the community, who received Christmas Seals to inform them of the continued need, the chairman said.

JV Rocks Win; Stevens Gets 16

Plymouth dropped into fifth place in the Suburban Six basketball race last Friday when Allen Park pulverized the Rocks 58-40 at Allen Park.

Plymouth's Junior Varsity basketball team dumped Allen Park 52-28 last Friday, outscoring their opponents 21-6 in the second period and 16-4 in the third period.

The two teams were tied at 10-10 at the end of first quarter, when Plymouth began a

powerful two-quarter push to victory. The Rocks tossed in a total of 97 points in the next two periods, while holding Allen Park to 10.

Jared Stevens led Plymouth with 16 points and Dave Gotthard contributed 10 to the festivities.

FOR NEARLY a year, six City department heads have been taking a Supervisory Methods in Municipal Administration course sponsored by the International City Managers Assn. Last week they received their certificates of completion. From left are Public Safety Director Kenneth Fisher, Assistant Fire Chief Charles Groth, Nino DelCampo of the Wayne County Training

School, Planning-Engineering Supervisor Stanford Besse, Teresa Feigenauer and Dorothy Janchick of the Felington School, Clerk Joseph Near, City Manager Albert Glassford and class instructor Ray Wardell of Wayne. Sunday is Busy Day For Church of Christ

The Church of Christ, located on South Main St., just south of Ann Arbor Rd., Plymouth, is on the march. Sunday morning they add another worship service and in the afternoon a large delegation of young people will take the spotlight. Because of crowded conditions at one service, an 8:45 a.m. period of worship will be initiated. This will be followed by Sunday School for all at 10 a.m. and the usual 11 o'clock service.

Young people from throughout Southeast Michigan are expected at 3 p.m. Sunday. It is hoped that this will become a regular practice of the churches in this area. This program will be conducted by the young people themselves, consisting of talks, prayers, Bible reading, songs, pictures, and refreshments.

The 8:45 a.m. and 11 a.m. services will be identical, with the minister, Reeder Oldham, preaching the same sermon at both. Many visitors are expected Sunday. One may attend either the early or later service and the Bible school, Sunday evening and Wednesday night services.

Other regular services of the church throughout the week are: Sunday, 9:30 p.m. classes for Junior and Senior High School students, 8:15 p.m. a children's class and 8:30 p.m. evening services. Wednesday, 7:30 p.m. Bible study for all ages. Some 60-70 percent of the Sunday morning crowd returns for Sunday and Wednesday nights, an unusually high percentage.

Churches of Christ present the nation-wide television and radio program, "Herald of Truth" each week. Locally it can be seen on OKLW-TV (Channel 9) each Sunday, at 8:30 a.m. The radio program is carried by WXYZ (1270 kc) at 10 p.m. Sunday.

Plans for the year call for two revivals, vacation Bible school, three weeks music instruction, participation in a Training for Service series, expanded missionary activity, building improvements and long range planning for the future of the church.

In the past 20 years the Church of Christ has made rapid progress in Plymouth. It has grown from a mere handful to its present status. It has increased some 20-25 percent during the past year alone. New records in most every department were established in 1960. This is true of churches of Christ throughout America. Newly-released statistics in the "Yearbook of American Churches" show that Churches of Christ, for the first time in American history, rank among the 10 largest religious bodies in the nation. According to this book the church's membership in the United States stands at 2,007,653.

La Taylor, holding her to win your admiration. Emotion under control, apparently, the English motion picture people have gone on location to give this picture a true ring of authenticity.

Ingenar Bergman's "The Virgin Spring" follows "Tunes of Glory" at the Campus Theater in Ann Arbor. I'll keep you posted for the exact dates of this stirring Swedish film that has had all the critics tossing their hats high in the air.

Speaking of musical comedies, Detroit will be flooded with them starting in February. An intimate musical "At The Drop of A Hat" opens on Feb. 13 for a two week engagement. New York City chuckled at the witty songs and sayings of the two performers that make up the entire cast of this most unusual musical revue. "Drop of the Hat" lays claim to be a most literate musical. Satire will be the order of the evening when this "different-type" revue heads into town come February.

Right after "Drop of the Hat" Detroit will be favored with the road company of "Sound of Music." Mary Martin and the original cast continue to play to capacity houses (\$15,000 every week) nightly even after 57 weeks.

Florence Henderson, who you see on TV every now and then, has been checked for the Mary Martin lead role in the road company that re-lights the Riviera Theater on Feb. 27 for a two-week stand.

Vanguard Theater stays lit these evenings, with the exception of Mondays, with "The Lady's Not For Burning." You have a couple of more weeks to make reservations for this captivating comedy. The Cass Theater remains dark. Genevieve was to have opened with a new musical, but at the last minute more money was needed to ring up the curtain. A little Pixie from Parce reported on the tube the other evening, she had to go to Roger Steevens and get the more money was needed for herself. She snagged \$1000 from Roger. Just think what she could do if she could talk clearly.

Enjoyed the hour-long documentary the other evening over Channel 4 honoring President Dwight D. Eisenhower. A job well done by the network. Ike will be long remembered for his eight effective, efficient years at the helm of our nation.

Lois Granberg (Campus Theater's astute manager) informs me that Alec Guinness and company open a two-week engagement on Jan. 27 with "Tunes of Glory," one of the year's 10 best films, is currently drawing huge crowds on Broadway. Alec once again plays a British commander as he did in "The Bridge on the River Kwai." Only this time he has a more sympathetic role as the old warhorse, grazing contentedly in the pastures of peace, thoughtful more of his contentment than of the responsibility he serves. For a fine, dramatic study of military men in a famous Scottish regiment "Tunes of Glory" is a motion picture certain

Entertainment Chairman O. Luttermoser wishes to announce a square dance to be held at the Post Home on Saturday, Feb. 18. Bring your friends and let's fill up the floor.

On Saturday, Jan. 21, the Plymouth VFW hockey team met the Lions, claiming victory with a score of 3-2. Sunday, Jan. 22 a make-up game was played off against the Plymouth Bears in which our boys were defeated. Weather permitting our boys will meet the Nankin Mills team at 12 noon on Jan. 28.

The Civil Defense course held at the Post Home, Jan. 11 was very well attended. Dr. Gordon Eady, Wayne County Civil Defense Director, spoke briefly and expressed his gratitude to the VFW organization for their cooperation and enthusiasm in this project. Preparedness is the key work in any disaster, natural or otherwise, not only for the individual and his home, but for the community and the nation. This course is under the direction of Dr. Lee Feldcamp, City health officer, and will be held at the Post Home the second and fourth Wednesday of each month through April. The second meeting in the series is tonight, Jan. 25, at 7:30 p.m.

In Print

By PAT BUTLER

Plymouth Community School District Librarian

This column started with a suggestion made by the people on Plymouth's Citizens' Committee for Decent Literature.

As anxious to promote entertaining and intelligent reading as they are to smite smut, the Committee hit on the idea of using the pages of the paper everybody reads to do so. Some pieces on books, magazines and reading in The Plymouth Mail, they thought, might help folks keep up a bit.

As a librarian, we were asked if we thought this a good idea. As a librarian, we replied that it certainly was.

As a Committee they replied that, well, as long as it was a good idea, would we like to see that it was carried out? So this column is an attempt to put the Committee's proposal into action.

"In Print" will appear weekly. Drawing on the experience of the librarians in our Dunning-House Library as well as on the librarians in our schools the column will touch briefly on news of books, magazines and paperbacks, for loan or for sale in our libraries, bookstores and newsstands.

Coverage will vary from week to week, speaking of books for adults one week, of books for children or teenagers the next. If you occasionally catch sight of some reading matter you might otherwise have missed, "In Print" will serve its purpose.

One more thing. While credit for initiating this service goes to the Citizens' Committee, blame for anything said here lies with the writer.

Picking the Paperbacks

A good share of the books read by Americans today come from the racks found in drug stores, dime stores and super markets in the form of inexpensive paperback editions. In the year just ended, in fact, almost 1,000,000 paperbacks were sold each day, and there are now 12,000 different titles in print.

These books, as you know, range from just plain awful to the best ever written. But one thing is sure: anyone willing to look around and part with 50 cents need never go without something worth reading.

Here are a few worthwhile paperbacks currently on sale: **Act One** by playwright and director Moss Hart, one of the finest autobiographies in recent years. Mr. Hart tells us of his own life, from childhood in the Bronx, work from the eighth grade on lowly jobs with theatrical agencies and summer camps, all climaxed with sudden success on Broadway. He is the author of a comedy with

George S. Kaufman.) We have heard this before but seldom has it seemed as real and dramatic as it does here.

The theater is Mr. Hart's own true love, but he regards her with neither sentimentality nor cynicism; the result is comic, pathetic, suspenseful, and engrossing. **Act One** ends in 1930 when Hart's years of glory still lay ahead (he had not, for instance, co-authored *The Man Who Came to Dinner* or *My Fair Lady*); even so, he will have a hard time topping *Act One* with *Act Two*.

What with all we have suffered through in the past six or eight months, it is not surprising that the top two non-fiction best sellers in the paperback book field this winter have to do with politics. What is odd is that the books should be by political figures who are, as the saying goes, miles apart, and have nothing but authorship in common.

On the top is Senator Barry Goldwater's *Conscience of a Conservative*. This little work is being read, apparently, by conservatives and liberals alike; by conservatives for inspiration and hope, by liberals, we imagine, for laughs.

Right behind the Goldwater book is *Profiles in Courage*, the 1957 Pulitzer Prize winner by President John F. Kennedy. This work deals with a diverse assortment of Americans who took difficult and courageous stands at crucial moments of their public life. It is a dramatic and reassuring book—and non-partisan.

Some novels: *Wickford Point*, one of the late John P. Marquand's earlier and better tales of life among an old New England family... *Plot Yourself*, a top-grade Nero Wolfe mystery, by one of the masters of the craft, Rex Stout... *The Darkness and the Dawn* by Thomas Costain, a historical novel based on the life of Attila the Hun, whose accomplishments make most of the Untouchables look like Junior Achievement... and, if you haven't got around to it yet, *Exodus* by Leon Uris, the dramatic adventure of the creation of Israel, told in fictional form.

Next week: The best books for children.

Need for Community College Is Urgent, Says Coordinator

The importance of a community college in Northwest Wayne County was detailed by Dr. Albert Ammerman, coordinator of the proposed college, at a meeting of the Plymouth Optimist Club.

Six school districts have been at work for the past few years laying groundwork for a community college that in all probability would be located either in the Livonia or Plymouth School Districts. Other districts taking part in the preliminary preparations are South Red-

ford, Redford Union, Garden City and Clarenceville.

Dr. Ammerman, a dean at the Henry Ford Community College, has been retained as coordinator for the Northwest Wayne County Community College.

The speaker said that large numbers of potential scientists finally wind up with jobs like pushing carts around supermarkets or being filling station attendants. A junior college (same as a community college) for the area, he assured his hearers, is not a luxury, as some might suppose, but an urgent and immediate need.

If there were a community college, Dr. Ammerman noted, "many of these low-paid young people within this northwestern local area would find themselves able to enroll and complete a close-in two-year college course who otherwise would be forever denied the opportunity for college training."

"So the big question would seem to be, not can the northwestern Wayne County area afford to sponsor a junior college, but the more obvious one—can it afford not to?"

It was also pointed out that the first two years in an area-located community college would in all probability be conducted on a higher academic level, and the students would get more out of it than would be the case during the first two years at a big university. The speaker then explained why this would be so.

"Once the area junior college course would be completed," he asserted, "the way to the second two years at the big university would be already paved. In other words, the second two years were not to be worried about—ways and means would then more easily be found for every worthy student to continue on."

The speaker's discourse was replete with statistics, potentialities and possibilities. Though the need is now, he said, the need will be far greater 10 years from now.

Dr. Ammerman showed that the number of one-year-old babies within the areas

enumerated for the 1950 census have increased tremendously in the same class for 1960. This factor will continue to ever increase, and by 1970, in comparison, will be staggering.

Despite some possible local opposition, the speaker said, the community college for Northwest Wayne County is bound to come. Certain definite plans are already in the offing. Seven tentative sites within the area have already been selected. One hundred and fifty acres will be needed. The cost to purchase now, while high as compared with yesteryear, would be a fraction of the cost 10 or 15 years from now.

Plans for the proposed new college call for a plant to properly take care of 2,000 students, plus several thousand more part-time pupils.

Everyone, Dr. Ammerman continued, has become more and more tax conscious. Costs continue to mount. People seem faced with more taxes. But he went into detail concerning the whys and wherefores for cost.

Letters TO THE EDITOR

Dear Mr. Chandler:

The writer is one of the Seventeenth District Congressional Republican delegates who received your letter and circular of January 18th.

While I cannot confirm or deny any of the allegations, most of them are entirely credible on the basis of my own observation and experience. I do not agree with some of the evaluations you have made of your difficulties, but I can heartily confirm that there is something rotten a hell of a lot closer than Denmark.

My own disillusionment is rooted in the same condition as yours, and perhaps it will be useful to air them a bit.

Although I have been a precinct delegate since 1956, I was unable to be active until early in 1960. My first real experience came when, having noticed the savage undercurrents which were rending the Seventeenth District into two factions, I attempted to serve the Republican cause by acting as a self-appointed peace-maker. I felt that such an innocent as I (even as you, Paul) who was not identified with either side or any of their subdivisions might appeal to both and influence them to see that the best interests of all would best be served by devoting our militant energies against our political opponents instead of ourselves.

It was soon apparent that each individual, clique and faction was also yearning for party harmony—by their own terms. As the time passed, it likewise became obvious that if I wanted to have any opportunity to serve in the campaign, I would have to align myself with one group or the other. In all candor, it cannot be said that either was all right and the other all wrong. But with only my own judgment of people to guide in a decision was made, and the ensuing months have confirmed its wisdom or luck or what have you?

It seemed then and it seems now that the active leaders in the district who supported Mr. Darrel Berry for District Chairman were honestly conciliatory and less inclined toward vindictiveness and recrimination.

But there were other differences. They were sharply defined the evening of the Seventeenth District's August convention, where Mr. Somerson defeated Mr. Berry for the two-year chairmanship of the district. Mr. Somerson's victory was quite clear cut, and insofar as I am concerned, as honest as such things ever are. Mr. Berry honored him as the choice of the delegates and has since done everything for the party that he has been asked or allowed to do.

But the group you call the "balance guard" indulged themselves in a cheap and unnecessary orgy of petty ruthlessness which sickened and disgusted me, and, I have since learned, many others, including many who were very honestly and favorably disposed toward them and Mr. Somerson. I went home and have not participated in politics until very recently, when I have begun to think of my duties as delegate at this Wednesday's convention. (I voted Republican, but then I always do that.)

This is why I am so glad to have received your "Chronology of A Candidate." Regardless of the merits of your candidacy for regent, your opposition to the treatment you have received is most timely, and I feel it will benefit many people that you will never meet.

In closing, I must candidly tell you that the loss of the Swinson to the Democratic Party, for whatever reason, does not in the least dismay my partisan heart. Anybody who can change his political principles as readily as you have indicated he did, is no political asset, even if he wins every election and every office available.

Most cordially,
Bert W. Engle

Editor's note: Mr. Engle is the President and Editor of The Industrial Development News Bureau, Inc. He says he has always voted straight Republican. Some readers may remember him as the writer of a column entitled "The Independent Voter" in the "Seventeenth District Republican," a monthly published by that district's headquarters.

But the path of the just is as the shining light, that shineth more and more unto the perfect day.

—(Proverbs 4:18)

Each one of us knows in his heart when he has done unjustly, unkindly by his brother, and though he may present an unconcerned face to the world, the injustice, unkindness he has done will lay like a heavy, cold stone on his conscience, his soul—in the quiet of the night, alone with his God, he cannot escape it.

Sales Slow At License Tag Office

Unless business picks up in a hurry, there's going to be a crush at the license bureau at the Feb. 28 deadline nears, Mrs. Doris Root, head of the Plymouth Secretary of State's office said this week.

The license office at 181 Liberty St., which serves both Livonia, Plymouth and other nearby areas, is not getting the volume of business it should have to avoid a last-minute rush.

The office is open from 9 a.m. to 5 p.m. Mondays through Fridays and from 9 a.m. to noon Saturdays.

The 1961 tabs will cost 35 cents more than last year, due to a state law which provided for the additional fee to pay for reflectorized plates. The plates, however, won't be issued until next year.

Applicants must first fill out a registration blank which in Plymouth are available at the National Bank of Detroit offices and First Federal Savings and Loan Ass'n. The registration blank and the certificate of title are then needed to obtain the license.

Community Fund Elects Officers

Hugh Griffith, director of Community Relations at Burroughs Corp., has been re-elected president of the Plymouth Community Fund Board of Directors. This will be his second year.

The election took place Tuesday night of last week following the Annual Meeting of the Community Fund. Directors were elected at the meeting with Mrs. Elizabeth Holmes, treasurer of Plymouth Township, being newly elected to the board.

Re-elected were Griffith, Albert Glasford and James Sponseller.

Elected as officers with Griffith were Robert Barbour as vice-president and Mrs. Carl Caplin as treasurer.

Announce Area Liquor Violation

Two Plymouth area establishments have been fined for liquor violations, the Michigan Liquor Control Commission announced this week.

Toll House Inn, 355 N. Main, has been fined \$150 for "selling to a minor" and "minor consuming." The violation took place Oct. 1.

Tony's Market and Service, 9047 Schoolcraft Rd., was fined \$150 and its license suspended seven days for selling to a minor. The violation dates back to May 28.

A HISTORICAL moment for Plymouth Township was noted the afternoon of Jan. 16 when a check for \$1,100,000 was turned over by a bonding company to finance the Township's new water system. From left are Clark Finley, supervisor of accounting for the County treasurer's office; Supervisor Roy Lindsay; T. A. Frincke, treasurer of First of Michigan Corp., the bond buyers; and James Garber, Road Commission attorney. Both Finley and Garber happen to be Plymouth Township residents but worked on the transaction in the course of their County positions. School Board Compares Junior High With Dr. Conant Recommendations

A special meeting of the Board of Education was held Monday night for the purpose of comparing the Plymouth Community Junior High School program with that proposed by Dr. James B. Conant, noted educator, who has compiled reports on both junior and senior high schools.

Gerald Fischer, chairman of the curriculum committee, presided at the meeting at which Junior High Principal William Harding compared his school's program with that as proposed by Dr. Conant. Fischer noted that Conant's report should not be established as the "ideal" but can be used as a departure for discussion.

Of the 14 recommendations made by Dr. Conant, Principal Harding reported that seven are in line with present practices of the Junior High, four offer some slight differences and three are very different.

Most controversial of the recommendations is the "grouping" of students according to their interest and rate of progress in specific subjects. Dr. Conant recommends three groups for a course — one for the slow learners, and another for the bulk of students in the middle group.

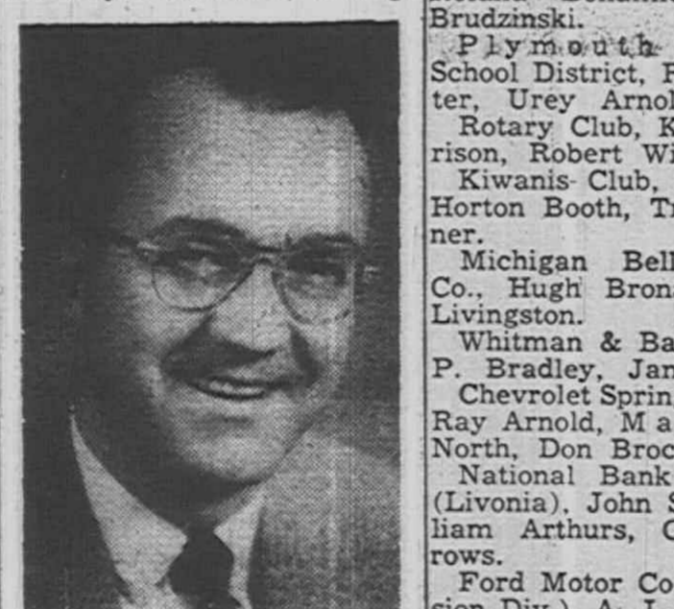

Principal Harding and three of the Junior High staff members, Mrs. June Kelly, counselor, and Carl Taylor and Nicholas E. Carpenter, science and math teachers, all commented that the present Junior High program allows a certain amount of specialized work with students.

Companies. Citing that over half of those who apply for J. A. membership are turned down because of limited facilities, Griffith said these are the same young people who are "ready, willing and eager to grasp the opportunity to learn firsthand how our American system of business operates."

Solicited funds will enable the J. A. organization to offer economic education to scores of local young people who, according to Griffith, "will be our successors before too long." He said, "the teenagers of today are the voters of tomorrow who in a few short years will be making the major decisions, through

Robert Barbour

their voting franchise, on taxes, government regulation and control of business, and the type of economic system under which we will live."

Junior Achievement began operations in Michigan in 1949 with 63 companies. Now the nation's largest J. A. program, the Michigan program has 361 miniature firms in which some 8,000 high school students participate.

Established in 1953 in the Plymouth area, Junior Achievement now operates nine local companies involving 170 teenagers who are gaining firsthand knowledge of the often complicated world of business.

The Achievers meet once a week at the Junior Achievement Business Center, 187 S. Main St. in Plymouth where they manufacture their own products and handle the affairs of their own miniature organizations. Over 1,200 students from Plymouth High School and Bentley High in Livonia have participated in J. A. since it started in Plymouth eight years ago.

Griffith announced that the campaign goal for the Plymouth program is \$5,000. He said that more than 40 volunteers in the Plymouth and Livonia areas will work on the drive which will get underway on Jan. 30 with a luncheon meeting of the fund raising organization.

The following organizations and individuals have been named to serve in the campaign:

Associated Spring Corp. (B-G-R), Robert Hostetter, Robert Gilmore, Burroughs Corp., B. E. Brotherton, Robert Fitzer, John Walaskay.

U-M Study Shows Plymouth Will Be Next Area to Grow

Plymouth will be in the next area that will see rapid growth, according to a Detroit Area Study completed by the Survey Research Center at the University of Michigan. During the past two decades, the fastest rate of population growth in metropolitan

Detroit has come in a six to eight mile "belt" just outside the city limits, the report declared. In the future, DAS Director Harry Sharp predicts, the most rapid growth will come further out, in a "middle area" which includes Plym-

outh, Canton, Northville and Brownstown Townships in Wayne County; Bloomfield, Farmington, Novi, Troy and West Bloomfield Townships in Oakland County; and Clinton and Sterling Townships in Macomb County. Within the city of Detroit

itself, heavy population losses in the central and middle portions have been partially offset by gains in the outlying area—that portion which is more than six miles from city hall. "But even this zone now shows unmistakable signs of a declining rate of growth,"

he notes. Moving outside the city limits, the area adjacent to Detroit and two and a half times as many people early this year as it did back in 1940. The middle area, in a ring lying six to 12 miles outside the city limits, fell somewhat short of tripling its pop-

ulation in the same period, while the balance of Wayne, Oakland and Macomb Counties more than doubled in population. "Just 20 years ago," Sharp comments, "more than two out of every five people in Wayne, Macomb and Oakland Counties lived within six miles of downtown Detroit. Today, only one out of every five residents is this close to the center."

"The Detroit experience is similar in many respects to that of other large urban places in this country. For a variety of economic, social, and psychological reasons, the core cities, particularly their innermost regions, are falling short of compensating for the residents they are losing to the suburbs. "As of early 1960, the predominant patterns of movement have resulted in a fantastically rapid population accumulation for the ring directly surrounding the cen-

tral city. More distant areas have also shared in this growth, but, at least until now, to a lesser degree. "Huge suburban shopping centers, readily accessible expressways, and other relatively recent inventions may function to continue this pattern of suburban movement for some time. In any event, there is some evidence that in the immediate future the area of greatest population expansion probably will slip even further away from the central city."

Population gains and losses for the six major Detroit metropolitan belts studied by Sharp for the period 1940-60 were as follows: "Inner City," up to three miles from Detroit City Hall, lost more than 100,000 persons, a 35 percent drop. "Middle City," from three to six miles from city hall, lost more than 200,000 persons, a 29 percent decline. "Outer City," more than six miles from city hall, but with-

State Hunting, Fishing License Sales on Decline

Michigan's hunting and fishing license sales remain on the downhill grade, latest Conservation Department figures show. As of Dec. 31, license sales

revenue totaled \$6,433,207, nearly \$265,000 below a year ago. The final figure on 1960 license revenue should be known sometime in March. All receipts from these

sales go into the Game and Fish Protection Fund which finances more than half of Michigan's conservation programs. These programs include law enforcement, game and fish management, land acquisition for state game areas and public fishing sites, information and education, predator control and others.

The latest reading on 1960 sales reveals that resident fishing licenses total 725,889, some 11,000 less than a year ago. Temporary and annual nonresident fishing licenses have sagged to 191,791, almost 10,000 below the Dec. 31, 1959 level. Trout stamps stand at 191,408, a drop of 2,700.

Hunting license sales also fall short of their year-ago level. Resident small game licenses are down 14,475, totaling 324,986. Nonresident small game sales are off by 376 licenses. Firearm deer license sales number 387,527, about 20,640 behind the 1959 record pace. A reversal is also noted in archery deer licenses which total 31,542. Last year at this time, some 35,450 were reported sold.

Five Secretaries of Agriculture To Speak at MSU

Five Secretaries of Agriculture, whose combined length of service in that office stretch from 1933 to today, are to appear together on a Michigan State University Farmers' Week program Feb. 1.

They are Henry A. Wallace, Claude R. Wickard, Clinton P. Anderson, Charles F. Brannan and Ezra T. Benson.

All have accepted invitations to appear together in a non-political discussion of the nation's agriculture. MSU President John A. Hannah will moderate the forum. The theme of the forum, to be held on Wednesday afternoon of the annual mid-winter educational event will be "Agriculture in an Uneasy

World." Farmers' Week runs from Jan. 30 to Feb. 3, 1961 on the MSU campus. Several Plymouth area farmers are expected to attend.

Wallace and Wickard served in the administration of President Roosevelt; Anderson and Brannan in the administration of President Truman, and Benson has been in office throughout the administration of President Eisenhower.

The five make up one-third of the 15 persons who have served as secretary of agriculture since the agricultural department commissioner became a member of the President's cabinet in 1889. The department was created by act of Congress in 1862.

Anderson, who is a Senator from New Mexico, and Benson, current secretary, hold public office, and Benson will return to private life after President Eisenhower's term expires in January.

All have agriculture-related backgrounds.

NATURAL GAS

1858 FIRST NATURAL GAS CORPORATION

In 1858, the first Natural Gas Corporation was formed near Fredonia, New York. Not until 53 years after its discovery was Natural Gas used industrially—another 50 years before many people began to benefit from this wonderful fuel. Today, a century later, millions of Americans enjoy this "stored sunshine."

1958 NATURAL GAS 28% OF UNITED STATES ENERGY

In 1900, Gas supplied only about 3% of the total energy needs of the nation! After 1920, its growth was greatly expanded by the development of transmission pipe (to carry the Gas to market) and the demand for a superior, low-cost fuel. This obliging Giant now supplies more than 1/4 of the wealth-producing energy of the nation!

1960 CONSUMERS POWER COMPANY'S GAS EXPANSION PROGRAM EXCEEDED \$35,000,000.

Consumers Power Company maintains a continuous expansion program of its Gas facilities to meet the ever-increasing demands of homes, factories and commercial establishments that are finding this clean, low-cost fuel so adaptable to today's better way of life.

Time for Senators To Say Their Piece

Inauguration Day being close behind, it might be appropriate to quote from an article by the Minority Leader of the House, Rep. Charles A. Halleck of Indiana which appeared in the December issue of Tax Review:

"...under the administration starting January 20 we can have good government, sound government, responsible government ... if enough people in this country continue to make their voices heard as they did on election day.

"I am convinced, and Congressional election returns support this view, that the majority of this country stands for the principles of fiscal responsibility which President Eisenhower made of cardinal importance in his Administration.

"And remember this: all of the people who reject excessive Federal spending and abhor the concentration of more and more power in the Federal government are not necessarily members of the party I happen to represent. Many bear the other party's label, but they can be counted upon to put principle above partisanship when the welfare of our country is at stake!

"For those of us who so believe, our job, it seems to me, is to let the American people know what we are for, rather than what we are against ..."

This is a reasonable and constructive viewpoint and one which should help the Minority Leader in his job which he says is "to keep government from trying to take corners too fast." But, we should be reminded specifically that the most reliable indication of what our solons are for is indicated less by their words than by their votes.

Thus, one thing that we are for is the outlawing of the "voice vote" in Congress.

Under 21

By DAN HALLIGAN

You 1961 high school graduating seniors who are looking ahead to college this fall will be interested in this particular "Under 21" column. This is the first mention of the 1961 "Under 21" college scholarship project and I hope it brings a lot of response from you teen-agers and also from you adults.

Last year enough of you readers contributed enough dimes, quarters, half dollars and dollars so that you were able to offer a \$250 college scholarship to a needy and worthy 1960 high school graduate. This year I hope enough contributions are made so that two \$300 scholarships, one for a boy and one for a girl, may be offered. A \$300 college scholarship won't take care of all your expenses but it will help pay some room and board, buy books and benefit you in many other ways. I know the girl who won last year's scholarship, now attending Radford College in Virginia, is certainly thankful for the interest you showed.

If you're planning to attend college and have a financial worry, let me hear from you. Remember, this scholarship project is not a contest. Simply tell me all about yourself, your grades, your need and your personal background, and if your particular case is considered to be the most worthwhile, you'll receive a scholarship.

Several hundred 1960 high school graduates applied last year, including many juniors. All those letters from juniors have been saved and if any of you who wrote last year while you were juniors would like to bring me up to date on your status, I'll be glad to hear from you.

Okay, now that we've got you thinking about applying for one of the scholarships, we'd better be able to offer them. It takes money to offer scholarships and that's where you readers come in. Whether you're eight or 80

and whether you send five cents or \$5, your help is needed. Those of you who contribute and wish to have your contribution acknowledged, I'll certainly write you a personal letter of thanks. Remember, dollars will make up the two scholarships, but nickels, dimes and quarters make up dollars. Don't hesitate in making a donation because you feel your nickel or dime won't be appreciated. Every penny will be appreciated.

Last year's contributions ranged in size from 15 cents to \$15 and believe me, the smaller amount was just as gratefully accepted as was the larger amount. Your nickel or dime may help mold a future teacher, a doctor, a nurse or a scientist. I'll keep you posted as to the progress of the project in the coming weeks and I hope you readers don't let me down. Your donations are important but no more important than your applications for the scholarships. Let me hear from you as soon as possible and thanks a million times.

Dear Dan: I like Bob very much and was told by a friend of his that he didn't like me. He is bashful at times but when we're together he acts as though he likes me. Recently I was with another boy, Bill, at a party when Bob walked in. I was flirting with Bill and Bob got mad when he saw Bill kiss me.

Do you think Bob was jealous? Should I forget him? I don't like Bill at all. Please tell me what to do.—Worried

Dear Worried: I may not be able to tell you what to do but I'll tell you what not to do. Never kiss a boy in public when you're trying to make a second boy interested in you. It's the wrong approach and isn't very lady-like.

How's Business?

Trouble Spots For 1961

By ROGER W. BABSON

Last week, this column pointed out the encouraging and constructive aspects of the economic outlook for 1961. Lest our readers over-emphasize the tinge of optimism which, incidentally, pervades most 1961 business forecasts, we call attention to the following potentially troublesome sectors.

Prospects for higher levels of unemployment loom large on the horizon. Already in the new year there have been layoffs in such important industries as the railroads and automotive manufacturing. Anticipation of further deterioration in industrial activity and efforts to shore up dwindling profits may bring additional cuts in work forces. Unemployment, moreover, is likely to persist at relatively high levels and thus exert a restraint upon consumer spending.

Another vital consideration is the squeeze on business profits. There is little evidence of any material relief here. Wage costs have remained high irrespective of the unfavorable business background. Existing labor pacts dictate automatic wage hikes in a number of industries in 1961. Labor costs, therefore, seem destined to apply continued pressure upon profit margins. This could have adverse effects upon business policies with regard to capital expenditures, employment, and prices.

Already keen competition will become more intense. Industrial raw materials will vie intensely for markets. Furthermore, lethargic consumer demand foreshadows a more pronounced battle for the consumer dollar. The element of foreign competition remains a long-term problem for

our economy and could serve to heighten the competitive struggle. Last, but not least, is the abundance of world-wide troubles. A turn for the worse in any one of the domestic business and investment psychology.

If Your Name Is Abbie or Gail

By ANN REYNOLDS
"Abbie" is short for "Abigail," and so is "Gail"; this latter is a name sounding so streamlined that it has more than once been picked for a screen star's professional name. "Abigail," however, is an ancient Hebrew appellation; it means, oddly enough "father of joy," although it is a girl's name. "Joy of her father" would sound more appropriate.

Beauty and Brains
The Old Testament tells us about one Abigail who was famous for her good looks and her smartness. She was married to Nabal, a man who enjoyed quite a different reputation. "Churlish and evil in his doings," he was; rich, too, he owned 3,000 sheep and 1,000 goats. But he was stingy. Altogether not what a beautiful and brainy girl would expect in a husband. Incidentally, "Nabal" means "a fool," and a fool he proved to be.

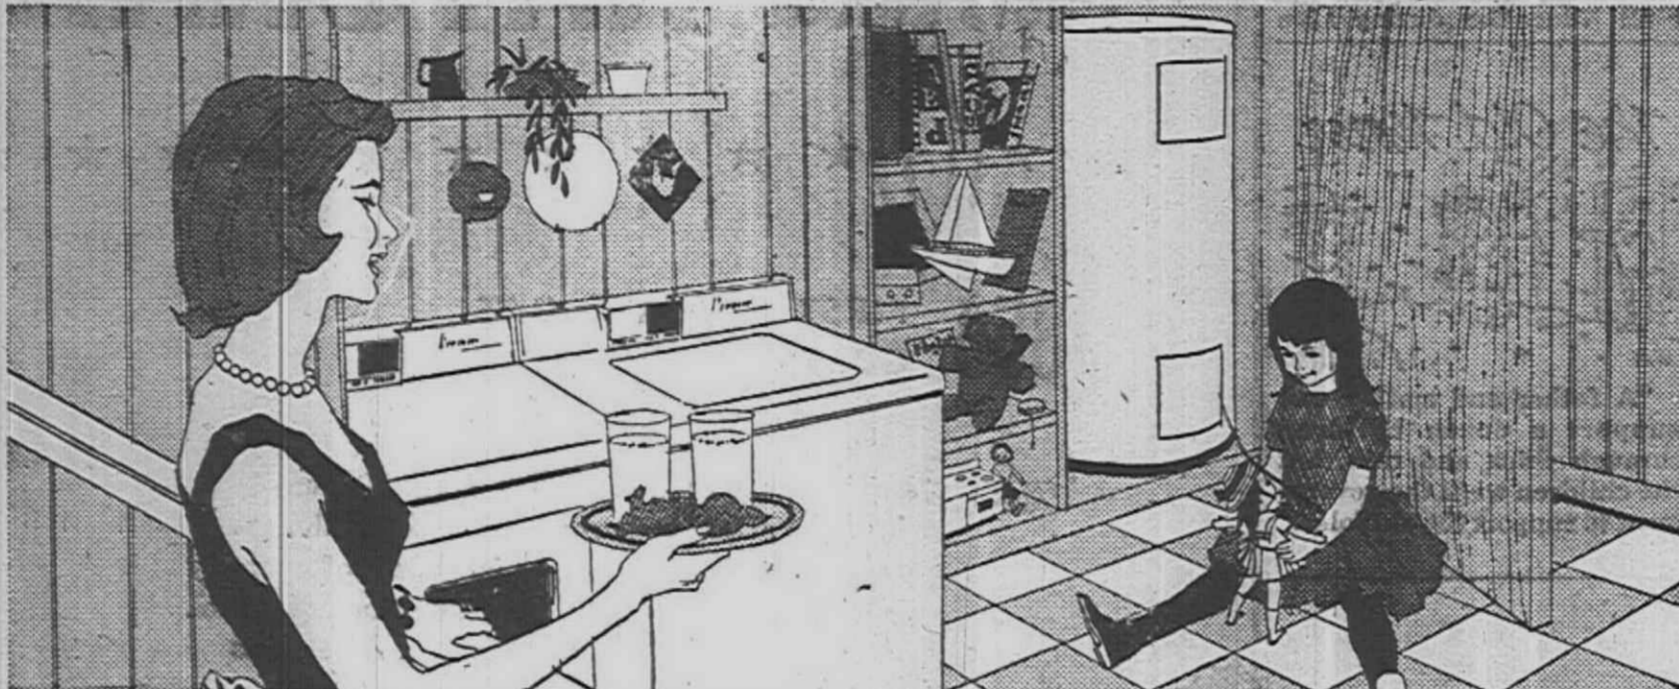

Abigail and Nabal were contemporaries of King David; when they met with him he was not a king yet but a shepherd. David's men did some service for Nabal, for which they were not rewarded. This brought David and Nabal close to blows. It was then that Abigail proved her mettle.

Abigail the Peacemaker
This smart girl pacified David, giving him gifts, and saved her husband from possible death for the time being.

David was satisfied. Not so the Lord; He smote Nabal dead, and the beautiful and intelligent Abigail, having become a widow, later got married to David. — When Abigail first encountered David, she referred to herself as his "handmaiden," or "servant girl." That's why two 17th century English playwrights, Beaumont and Fletcher, chose to name a lady's maid "Abigail" in a play. The name came to be used generally for a lady's maid.

Eclipse of a Pretty Name
When one servant girl, maid to Queen Anne of England, a woman named Abigail Hill, proved to be an unsavory character who loved to plant discord between her employer and her employer's friends, the name became hateful to a great many men

why there's no water heater like an ELECTRIC WATER HEATER

YOU CAN PUT IT ANYWHERE—even in an air-tight closet. Because there's no flame, an electric water heater doesn't need air flow to support combustion, or a vent to carry off fumes. There's even a table-top model you

can put under the counter in the kitchen or utility room. Here's the only heater you can always place close to point of greatest hot water use.

PLENTY OF HOT WATER ROUND THE CLOCK. For dishes, laundry, baths, there's always plenty of hot water available. Electric water heaters have two heating units: one for normal use, the other for those occasions when there's an extra demand for hot water.

HOTTER HOT WATER WHENEVER YOU NEED IT. Some laundering requires very hot water to get clothes really clean. Dishwashers, too, need water that's very hot. Remember, an electric water heater can keep on and on, delivering the extra-hot water needed without burning out.

OPERATING COSTS ARE AMAZINGLY LOW. The popular 50-gallon heater will meet the needs of 8 out of 10 families. Using estimated operating costs for this size unit, a plentiful supply of hot water for all family needs should cost you less than 15c a day!

1. Look down the side of a new Pontiac
2. See how wheels and body form one line
3. That's Wide-Track balance (No other car has it)

Pontiac holds, hugs and hangs on to the road like no other car. There's no outside-of-the-wheels weight to cause lean or sway. More weight is balanced between the wheels for improved stability. Another Wide-Track advantage: There's more room between the wheels to mount

the springs, shocks and control arms at more stable angles to the wheels. This prevents drifting and wandering, allows Pontiac to track flat and level as it travels around corners and curves. New Wide-Track feels every bit as steady as it looks. Test it soon!

Pontiac has the widest track of any car. Body width trimmed to reduce side overhang. More weight balanced between the wheels for sure-footed driving stability.

Primary elections will be held Feb. 19 for the purpose of nominating a county auditor, it was announced by City Manager Albert Glassford. The office of three city commissioners, Perry Richwine, Cass S. Hough and Henry Fisher, will expire in April and nominating petitions for these three vacancies are now being circulated. Deadline for filing petitions is 12 noon, Jan. 27.

Longtime Plymouth resident and businessman, proprietor Abe Goldstein, announced Monday that continuing ill health has forced the closing of the Goldstein Department Store on Penniman Ave. Dr. Harold J. Brisbois, a Plymouth physician for 25 years, will discontinue private practice on Feb. 15 to devote his full time to industrial medicine and surgery with the GM Corp.

Samuel K. Stephens of The Plymouth Mail advertising staff, will report Feb. 5 to the naval base in Key West, Fla., for active duty. He has been a reserve officer since his release from active duty in 1946.

Girl Scouts of Troop 1 plan to visit Coleen Moore's \$435,000 Doll House, Jan. 26, where it is on display at J. L. Hudsons. Drilling for oil out on the Murray Spicer farm at the corner of Warren and Napier Roads has started and the pipe is now down a considerable distance. Jerry Lewis has been busy for some time securing oil leases from farmers in this locality.

Outstanding civic leader, Dr. Freeman B. Hoyer, former mayor of Plymouth, died suddenly Wednesday morning following an illness of less than a week from pneumonia. Firemen were called to the home of Mrs. Lilly Karker, 827 Forest St., when sparks from the chimney ignited the roof. Neighbors attached a hose to the faucets at the Lee Sackett home and had the fire well under control when firemen arrived.

Thirty ladies were entertained at a five o'clock tea given by Mrs. Jennie Voorhies, last Saturday, at her home on Penniman Ave. In the evening the ladies were delightfully entertained by Mr. P. W. Voorhies who read some exceedingly humorous selections from "The Molly-joggers."

A horse belonging to Leonard Stark ran away Wednesday afternoon on Main Street. It collided with a tree in front of Mrs. George Wills', breaking away from the vehicle, and was stopped within a few rods. No serious damage.

Farmers are very busy drawing off their potatoes. The good condition the roads are in makes it possible to draw all the wagons can hold. We are happy to welcome some newcomers to our column this week, and, of course, we are always happy to hear from those folks we already know.

A family night to the opera was planned by Mr. and Mrs. Wilson of Canton Center Rd. but as the evening grew near only Mrs. Wilson, (Angel) and daughter Vera Lind were able to attend the opera "La Boheme" on Friday, the 13th. The performance was held at the Institute of Arts auditorium and Mrs. Wilson noted that students from our Plymouth High School and Pershing High acted as usherers.

The family of Mr. and Mrs. William Hawk joined together to honor their parents on their 30th wedding anniversary. The 35 guests included friends and relatives from Howell, Walled Lake, Allen Park, Ypsilanti and Plymouth. A table appropriately decorated with wedding bells, white birds and pink roses held a wedding cake baked by Mrs. Ruby Doolin. Mrs. Hawk's mother, Mrs. Myrtle Hearl, from Howell, was among the honored guests. The party was a complete surprise for the couple. Their children and families, Mr. and Mrs. Richard Hawk, Mr. and Mrs. Bud Hassett, Mr. Charles Hawk and Miss Pattie Hawk, presented their parents with a dinette set. To the many good wishes they received, may we add ours for many more such celebrations.

It was a very festive get-together for the family of Mr. George Longwish of Cherry Hill. The family gathered to celebrate Mr. Longwish's birthday (we hold it that he's over 16) It was really a triple birthday cakes on hand. The Longwishes' great niece and nephew, Bonnie, 5, and Paul, 2, children of Mr. and Mrs. Albert and Birken of Ypsilanti, celebrated their birthdays with Uncle George. The birthday cakes for the occasion were baked by the Longwish's daughter, Mrs. Norman Freese. The guests list of 27 included three of the Longwish children and their

families. Their son, Lawrence, was unable to attend, but his wife, Ann, and four children were on hand to congratulate Grandpa. The other children, Mr. and Mrs. Norman Freese and four children, Mr. and Mrs. Don Longwish and three children, Mr. and Mrs. Richard Longwish and one child were unable to attend. On Wednesday evening, Mr. and Mrs. Longwish celebrated the event at the home of Mr. and Mrs. Millard of Dearborn. Also present were Mr. and Mrs. Robert Longwish, Mr. Longwish's brother, and Mr. and Mrs. Milton Manchester. The date of Mr. Longwish's birthday is Feb. 18, to which we add a late many more happy.

Reporter Nancy Spigarelli of Girl Scout Troop 270 reports election of new officers. Patrol Yellow Birds leader, Marsha Havorka, assistant leader, Linda Wilson, Gypsy patrol: leader, Cathy West, assistant, Mary Ellen Ferguson; Green Elves patrol: leader, Cornelia DeLaney, assistant, Caroline Dunston.

The group is under the leadership of Mrs. Lamar Authier and Mrs. Frederick Steiner. The girls enjoyed a skating party at the home of Mr. and Mrs. Robert Delaney. Hostess was their daughter, Cornelia. Later the girls enjoyed outdoor refreshments.

It appears that Nancy Spigarelli is getting quite a bit of experience in the reporting field as she is also reporter for the Plymouth Clover's 4H Group. The young lady reports the group enjoyed a skating and tobogganing party on Thursday of last week. Under the leadership of Mrs. Ira Hawk they will go to the Wayne Fabric Center for a tour and while there they will select material for the aprons they will prepare for 4H Achievement Day.

The Teen Club of Our Lady of Good Counsel Church of Plymouth held a hayride and weenie roast at the home of Mr. and Mrs. Albert Wietcha of Beck Road. A tractor driven by Ivan Keeler, towing two hay-racks held the festive 54 guests. The group was entertained by a band com-

posed of members of the Teen Club. The surrounding grounds around the Wietcha home were gaily lit with different colored lights and gay music floated down the road during this pleasant evening.

A little late, but better late than never, comes the news that Alex and Johnny Paskevich, sons of Mr. and Mrs. Steve Paskevich of Beck Rd. spent Christmas with their sister and her family, Mr. and Mrs. Charles Watts, now of N. Carolina. This news will be of special interest to the neighbors of the Paskevichs as Sonja attended Plymouth High and many of her friends would like to know that she and her husband now have three children, a son and two daughters.

The executive board of the Gallimore PTA met on Jan. 18 to discuss plans for the coming months. As many PTA members know, the greatest problem of PTA is getting people out to their meetings and getting acquainted with each other and the school staff. The group would like to hold an activity which would be fun for the children and bring all the parents together, so the discussion of carnival plans, whether to have such an affair or not, will be the topic for discussion at the meeting Feb. 28.

It is the hope of the Executive Board and Mr. Gibson, principal, that all the parents will come out and discuss the project of a carnival and express their ideas on such plans. Once again, we want to extend an invitation to our new families from the Cherry Hill district and hope they will join us and feel very much at home. Won't you all circle Feb. 28, we are giving you ample notice, so come out and join in the discussion. I would like to welcome more of you to our column, so let's hear from you sometime before next Thursday evening.

Barbizon was the French school of middle nineteenth century artists who took their subjects straight from nature.

PLYMOUTH
Telephone lines

By HUGH C. BRONAUGH, Manager

"NUMBER, PLEASE" . . . According to our best information, this famous phrase originated in Chicago, way back in 1895. Before this, telephone operators responded with such phrases as: "What do you want?", "Hello", "Number?", and "What number?". The whole Bell System adopted the words in 1904—so you can see that our present operators are following a long tradition of courteous service.

SOMETHING NEW ON THE DIAL of most telephones being installed these days is an Area Code. The Area Code is part of your telephone "address," indicating your section of the country. Printed on the dial, it's easy to give your Area Code to persons in other parts of the country who call you. If they use the Area Code when calling you, their calls will go through faster, whether dialed direct or put through by an operator. Your Area Code is used only for calls from distant places—never on local calls, or calls to phones with the same Area Code.

A NEW VOICE aid has been developed by Bell Telephone Laboratories for those who have lost the use of their vocal cords. Weighing only seven ounces, this artificial larynx is battery-operated. It comes in two types: one unit simulates a man's voice, one a woman's. It is being made available on a nonprofit basis. For more information, just call your Michigan Bell business office.

**Who's Who
in the
Plymouth
Community Schools**

Betty Jean Stevens

This week our Who's Who teacher is Miss Betty Jean Stevens, the young lady who so capably plans and carries out the Spring Forensic program for Plymouth High School, coaching the debating team which competes in the Suburban Six League. She is also the Secretary of the League.

Miss Stevens is a native Detroit, the daughter of Phillip W. Stevens, president of the Lincoln Oil Co. She grew up in Detroit and was graduated from Cooley High School, going on to Michigan State University where she completed her Bachelor of Arts Degree. Further study at Eastern Michigan University and the University of Michigan in her chosen field has kept her summers filled with activity, but in addition she is also a very well traveled young woman.

She spent a month in Mexico in 1957, and the following year went to Hawaii for three weeks. In 1959 a tour of Europe included the Scandinavian countries, England and Central Europe covering thirteen countries in all. Her first teaching assignment was in Coldwater High School where for two years she taught Senior English, speech, coached debating and directed all dramatic productions. From Coldwater Miss Stevens returned to the Detroit area coming to Plymouth to teach sophomore English, speech, debating, and to direct the spring forensics.

**Chorus In Rehearsal
For 'Romeo and Juliet'**

The Plymouth Civic Chorus will resume rehearsals Monday night, Jan. 30 at 7:30 in Room A-4 of the Plymouth High School. A musical work new to the repertoire of the chorus is "Romeo and Juliet," a dramatic symphony by Hector Berlioz. The music was scored for chorus, soloists and orchestra. The effort is of particular interest because it is believed to be a musical "first" for this area.

Anyone interested in singing in the chorus is invited to attend rehearsals held each Monday night from 7:30 to 9. The only cost involved is the purchase of music. The performance is scheduled for Sunday, April 16 with the Plymouth Symphony Orchestra, Wayne Dunlap, conductor. The chorus is prepared by Fred Nelson, vocal music instructor at Plymouth High School. Mrs. Thomas Lock is accompanist.

Suburban Six League champion! That's what Paul Malboeuf, Dave Raaflaub, Jim Kropf and Dave Fey have made the debate team. With 10 league wins to its credit, the team is soon to finish up the first round of state-wide competition—in which it now has a record of four wins and two losses—by debating Cass Tech. Then the boys can compete in the state semi-final tournament at Royal Oak-Kimball High School, taking on that school, and possibly others. Victory there will lay open the way to the state quarter finals, and with luck, state championship.

Attention to all those whose idol is Lloyd Bridges, or who dream of snatching dubloons from Davy Jones' Locker! The Recreation Department will provide a start in fulfilling such aquatic desires with its eight week skin diving course beginning next Tuesday from 9 to 11 p.m. at the High School. The minimum age is 14. And all that Spanish gold should more than compensate for the \$10 fee!

Senior Ann Gilles has been announced as the Plymouth High Betty Crocker Homemaker of Tomorrow. This honor was accorded to her for scoring highest in the school on a written examination of homemaking knowledge. This makes her a candidate for the State Homemaker of Tomorrow Award, to be announced this March.

Ann is to receive a pin in commemoration of the award, and should she win state honors, she will get a \$1,500 scholarship and a glamorous all-expense trip to New York City, colonial Williamsburg, and Washington D.C. for herself and her teacher. At the end of this trip, Ann would have the chance of being named All-American Homemaker and getting a \$5,000 scholarship.

At last, the International Relations class has reached its original goal of \$1,100 for its long awaited trip to the United Nations. Last Saturday evening's spaghetti dinner — where, while carrying out their various duties and waiting tables, the boys sported sombreros, coolie hats, lederhosen and turbans and the girls adorned themselves with ribbons representing the national colors of various countries—was a success, with about \$500 taken in.

Added to the \$825 the class already had, the net profit from this amount surpasses the goal. However, each student will still have to add some money to cover the train and hotel costs completely, so a car wash is planned for this spring to compensate for individual contributions. All expenses in New York are on a personal basis.

A class spokesman said that the entire group wishes to express its thanks to all the townspeople who have helped this project to succeed.

**Northville

The Northville Newcomers' Club which will meet Jan. 25 at 2 p.m. at the Thunderbird Inn, will have Bruce McAllister of McAllister's House of Decorating speak to the group. **Rotary Society Social
Depicts 'Great Women'**

"Great Women of Romance" is the theme the Rotary Society from Our Lady of Good Counsel Church has chosen for the annual membership social which will be held Wednesday, Feb. 1 at 8 p.m. Mrs. James Holland and Mrs. John Donohue are co-chairmen for the event. Other participating chairmen are: Mrs. Fred Smarzo, costumes;

Mrs. Charles Stephenson, refreshments, Mrs. Joseph Voss, decorations, Mrs. Raymond Maly, publicity and the hostess committee is headed by Mrs. Martin Bever. The "Great Women" will be taken from history and fiction and the audience will attempt to identify the characters from a running commentary of clues to be given by Mrs. John Brodwick and Mrs. Ralph Heid. Prizes will be awarded to those who guess the names of the most characters.

Lists Rules On Educational Material Mailing

"The exceptionally low rate of postage on books and certain other educational materials makes them inexpensively available to millions of our people," Postmaster George Timpona said today. "This contribution of the Postal Service to a well-informed public is important to our free democratic way of life and to world understanding and peace."

Under the present rate, parcels weighing 16 ounces or more, containing books; 16-millimeter film and 16-millimeter film catalogues (except films and film catalogues mailed to commercial theaters); printed music, printed objective test materials, phonograph recordings, and manuscripts for books, periodical articles and music, may be mailed at the rate of nine cents for the first pound and five cents for each additional pound. Thus, five pounds of books may be mailed from New York to Los Angeles for just 29 cents, while the ordinary parcel post rate would be \$1.05.

All parcels to be mailed at the special rate must be clearly endorsed on the addressed side of the wrapper "Educational Materials" and are subject to the following qualifications:

- Books must contain 24 pages or more, of which at least 10 must be printed, permanently bound and consisting wholly of reading matter. No advertising, other than incidental announcements of books, is permissible.
- 16-millimeter films must be positive prints in final form for viewing, and 16-millimeter film catalogues must be 24 pages or more, at least 22 of which are printed.
- Printed music must be in bound or in sheet form.
- Printed objective test materials and related accessories must be used by or in behalf of educational institutions in the testing of ability, aptitude, achievement, interests, and other mental or personal qualities with or without answers, test scores, or identifying information recorded thereon in writing or by mark.

Parcels containing books may weigh up to 70 pounds and measure a maximum of 100 inches in length and girth combined. The following items may be enclosed in such parcels without affecting the rate of postage: A reply card or envelope; a single order form; a printed circular relating exclusively to the book with which enclosed; incidental announcements of books printed in book pages or as loose circulars; and an invoice.

"When depositing books or other educational materials in the mails, be sure to tell the accepting postal employee," says Postmaster Timpona, "so that he may see that your parcel is correctly endorsed and charge the proper rate of postage."

Child's Mental Health Keyed to Image of Parents

Teachers must be careful not to rob the parent of prestige in the eyes of his child, says William C. Morse (Ph.D.), University of Michigan professor of education psychology.

Widely known for his work with emotionally maladjusted children, Dr. Morse says, "If you take from the child his notion that his parent is a fine and dependable person, you remove the greatest mental health asset he has."

"We need to build up parents. Many parents come home from a talk with the teacher feeling inadequate and discouraged. This is communicated to the child who reflects the parent's sense of failure. We must try to be more supportive of parents."

Dr. Morse urges teachers to be more frank with parents called in for conferences. "We've gone to them with pseudo-diagnoses too often. We go to them with something like 'Your child is a non-believer or an introvert or a delinquent.'"

"Of course, if the parent has an ounce of pride he says, 'He is not!' We need to be both more subtle and more direct. We should say something like 'I am trying to help him learn this and this, but so far I haven't succeeded. What am I going to do next?'"

"We must be honest with the parent without being insulting. We don't ask 'Is your child a delinquent?' but 'How has he been getting along in the neighborhood lately?'"

LIGHT FROM DEPTHS
ANGOLA, N. Y. (UPI)—A huge wrought-iron anchor nine feet long, with flukes six feet across, was recovered from 40 feet of water in Lake Erie by three skindivers — one with great imagination.

Asked what he would do with the anchor, believed lost about the time of the War of 1812, Albert Greenwood, 19, replied: "Make a lamp out of it, I guess."
