## Insurance Firm Making Home Here

### Santa Lands Saturday!

Saturday is THE day!  
That jolly red-nosed, white-whiskered man in the red suit will make his first appearance of the season in Plymouth at 10 a.m. this Saturday. His helicopter will bring him directly from the North Pole and the chopper will land right in the middle of Main St., in front of Kellogg Park.

The street will be blocked off in order to give the helicopter landing room. Several thousand children are expected to be on hand to greet Santa Claus as he lands.

As soon as Santa clears the helicopter, the machine will take off again, giving no time for the children to close in on their chubby friend.

Santa will go to his igloo set up in Kellogg Park where he will greet his young admirers. Each will be given candy. Children may also have their pictures taken with Santa for \$1. Proceeds will go for financing the free candy.

The Chamber of Commerce is again arranging for the visit of St. Nick. These are the hours that he will be in Plymouth:

Saturday, Dec. 10, 10 a.m. to noon; 3 to 7 p.m.  
Thursday, Dec. 15, 5 to 7 p.m.  
Friday, Dec. 16, 5 to 7 p.m.  
Saturday, Dec. 17, 3 to 7 p.m.  
Thursday, Dec. 22, 5 to 7 p.m.  
Friday, Dec. 23, 5 to 7 p.m.

Most Plymouth merchants began last Friday with their night-time opening hours. They will remain open until 9 p.m. daily, except Sunday, until Christmas Eve.

### Symphony, Chorus Join in Handel's 'Messiah' Sunday

The Plymouth Civic Chorus will join the Plymouth Symphony Orchestra for the presentation of the Christmas section of George Frederick Handel's "The Messiah" this Sunday, Dec. 11, at 4 p.m. in the Plymouth High School Auditorium.

Four popular Detroit area artists — Eleanor Burton, soprano, Shirley Love, mezzo-soprano, Fred Kendall, tenor, and Nat Sibbold, bass — will be featured soloists with the chorus. Wayne Dunlap, conductor of the Plymouth Symphony, has announced that "The Messiah" will be performed in the original form — equal balance of orchestra and chorus — as it was conceived by Handel. The chorus will be under the direction of Fred C. Nelson.

Written in the last years of his career, Handel's oratorios, or religious music with chorus, solo voices, and orchestra themed to the scriptures, undoubtedly voiced his most profound religious feeling and faith. At the age of 55 in 1740 and he had fully recovered from an apoplectic stroke and devoted his new energies to the composition of oratorios.

All of his talent, experience, knowledge and ideas were garnered in this work and vouchsafed his fame to future generations. The first section of The Messiah (1741) depicts the longing of the world for its Saviour, prophecies His appearance and announces His birth.

Additional selections for the third concert of the season will include "Fanfare for a Festive Occasion" composed

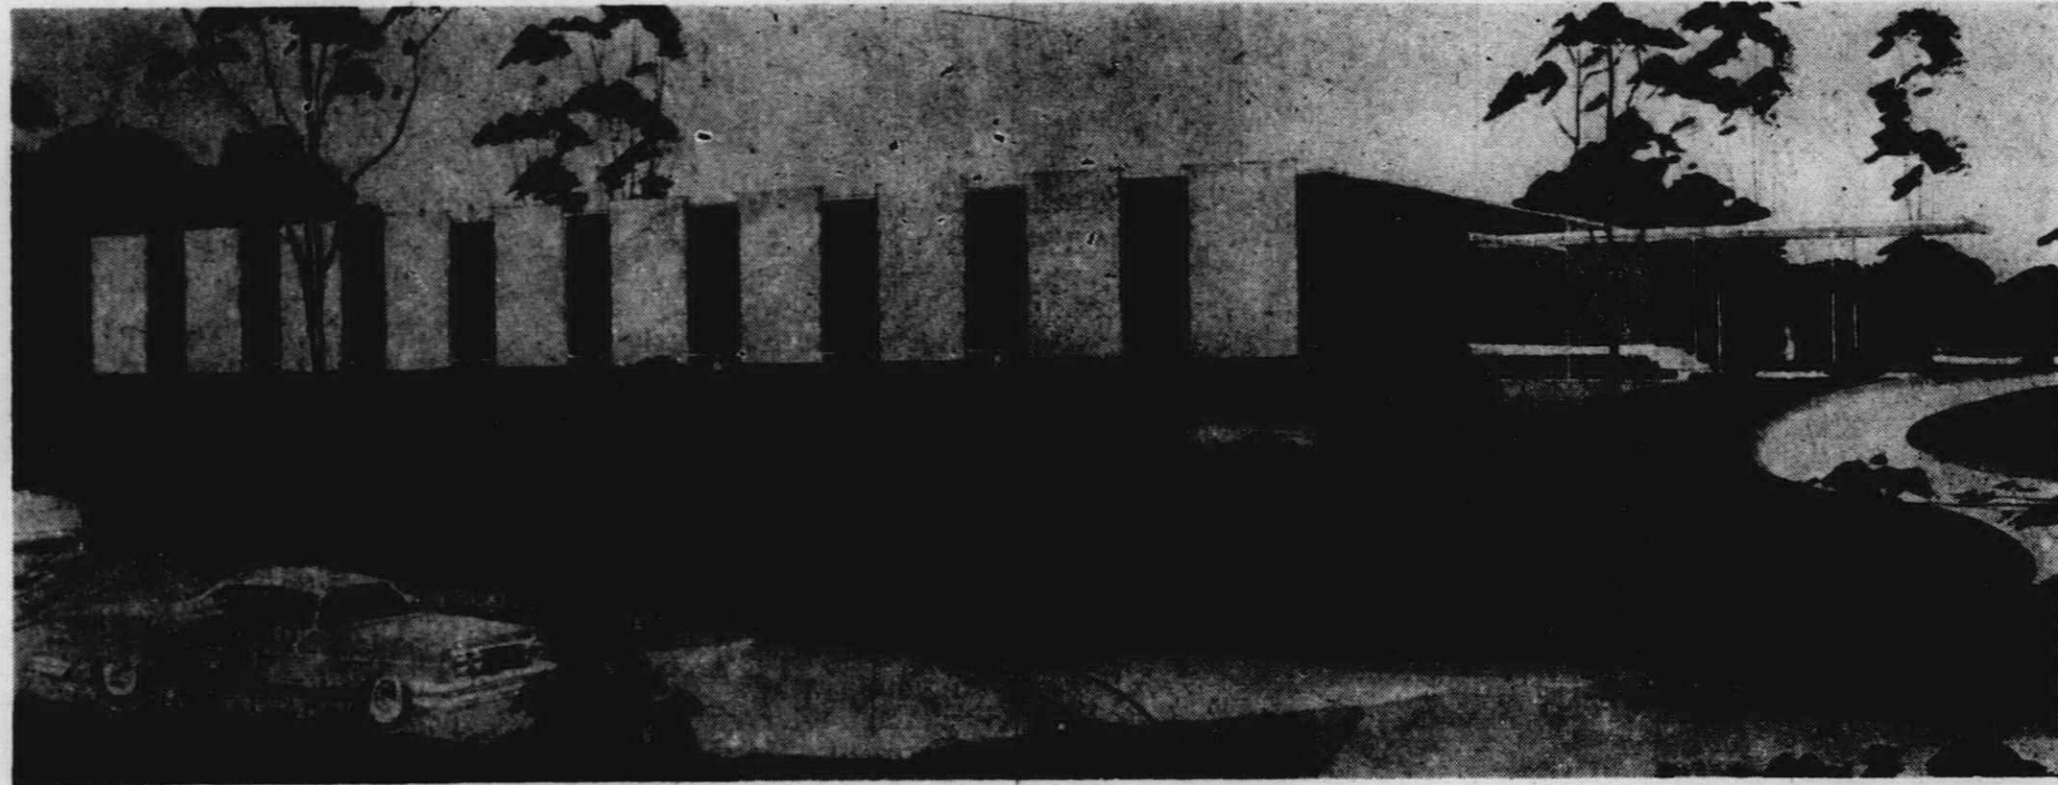

Kendall Sibbold

"Suite for Viola and Orchestra Number 1" by Ralph Vaughan Williams will feature Jean Harter, violist with the orchestra.

All concerts are open to the public without charge. Baby sitting facilities will be available at the concert for a nominal fee.

Future concerts are slated for Jan. 29, March 19, and April 16.

SCHEDULED FOR COMPLETION in nine months is this modern structure that will be the home office of the Detroit Mutual Insurance Co. The building along Plymouth Rd. will have two floors. Half of the first floor will be devoted to parking. Pre-cast concrete with quartz is used on the

front of the building. At right is the covered entrance-way. The building will be next to the American Hospital and Medical Benefit insurance firm which moved its home office here several years ago.

## Detroit Mutual Begins Construction Of Office Building On Plymouth Rd.

Construction of a building on Plymouth Rd. that will become the home office for the Detroit Mutual Insurance Co. was announced at a luncheon meeting last Thursday before representatives of business, industry and civic officials.

Located just west of the present home office of the American Medical Benefit Insurance, the new facility will represent an investment of a half million dollars. Ground for the new office was broken following the luncheon and completion is expected within nine months.

Detroit Mutual Insurance Co. now has its headquarters at 8855 Woodward Ave., corner of Hazelwood in downtown Detroit. But because of lack of space, the firm has its heavy business machines at another address.

The new building in Plymouth will bring all of Detroit Mutual's operations under one roof and will allow ample space for future expansion.

The Plymouth Community Chamber of Commerce was host for the luncheon at which Detroit Mutual officials announced their plans and unveiled an architect's sketch of their proposed building. The luncheon was also used to officially welcome Detroit Mutual into the community.

Five and a half acres of land has been purchased by Detroit Mutual, including two lots along N. Holbrook Ave. The site includes land from the present American Hospital and Medical Benefit office, west to the service station on the corner of Holbrook, and as far back

as the Starkweather School property. The land was purchased from David Mathal and Frank Arlen, who were also developers of the property upon which American Hospital built their home office three years ago.

Fred Schoettley of the architectural firm of Palmer and Schoettley was present to explain details of the building. It will contain 21,500 square feet with a 192-foot width facing Plymouth Rd. and 30 feet of depth.

The building will be of contemporary design. Pre-cast concrete slabs embedded with quartz crystals will be employed on the front of the structure. The covered entrance-way will be on the east side of the building. Half of the main first floor of the building will be devoted to parking space with the building rising on "stilts." The other half will be devoted to the IBM equipment, a lunch room, supply room and mechanical equipment room for heating, air conditioning and air conditioning.

On the second floor will be the lobby, executive offices facing the front and the general offices. Detroit Mutual now has 270 employees, of which 70 work in the home office. But, according to David W. Nelson, controller and chairman of the building committee, the new building will have ample room to expand with the company's growth. The insurance firm is now licensed to do business in Michigan, Arkansas, Florida, Illinois, Indiana and Louisiana.

Detroit Mutual Insurance Co. was incorporated under the laws of Michigan as a cooperative assessment organization on May 29, 1949 and began business on July 24 of that year.

On Nov. 1, 1948, Detroit Mutual Insurance Co. absorbed the Detroit Mutual Accident Insurance Co. On Dec. 21, 1953, it was converted to a mutual legal reserve life and accidental and health company. The company is controlled by its policyholders. Its affairs are conducted by individuals who have had long experience in the insurance field. Ray E. Larimer, its president, started the firm with his wife, Lauren W. Schlegel, executive vice-president, joined the organization in 1950 after 20 years' experience in actuarial capacities.

John J. Temple is chairman of the board and general counsel. Temple is also president of American Hospital and Medical Benefit Insurance that will be the next-door neighbor of the new firm.

Frank Arlen served as chairman of the luncheon-meeting held at the Hotel Mayflower. George Lawton, president of the Chamber of Commerce, expressed the community's welcome to Detroit Mutual and later presented a certificate to President Ray Larimer making the new firm an honorary member of the Chamber.

Mayor Harold Guenther also expressed a welcome, indicating the community's pride in being accepted as the site for Detroit Mutual's home office.

## City Tax Bills Coming; Winter Bill Held Up

Owners of property in the City of Plymouth can expect their City tax bills later this month but they shouldn't look for their County and school tax statements until January or later.

That was the word yesterday from City Treasurer Kenneth Way following an opinion given to the City Commission by City Attorney Harry Deyo.

The City, through its County supervisor, George Witkowski, is filing suit in State Supreme Court against the State Tax Commission over equalization. The City tax bills have been held up since last July while the State Tax Commission considered the City's appeal.

When the appeal was rejected last month, the City filed a request for a new hearing, which was turned down, and last Tuesday night decided to take the Tax Commission to the Supreme Court.

On Dec. 20, the State Supreme Court will hold a hearing on the "application for leave to appeal." This, in effect, determines if the case has enough merit to be submitted to the Supreme Court. Deyo has advised the City that it will not prejudice the City's case if the treasurer goes ahead and sends out the City tax bills. But Deyo advised that the City not send out County and school tax bills until the case is decided. This could mean that this bill could be delayed until any-time next year.

But, of course, it is possible. (Continued on Page 8)

## Choral Groups Present Annual Holiday Concert

The annual Plymouth High School Christmas Choral Concert will be next Tuesday, Dec. 14, with four vocal groups participating.

Held in the High School gymnasium, the concert starts at 8 p.m. Fred Nelson will direct. There is no admission charge and the concert is open to the public.

Taking part will be the Girls' Chorus and Glee Club, Mixed Chorus, Triple Trios and Choir. The program is as follows:

Girls' Chorus and Glee Club: "Unto Us a Child Is Born," "Sing Ye Glory, Alleluia," "O Harken Ye," "O Leave Your Sheep" and "Ring Those Christmas Bells."

Mixed Chorus: "Lo How a Rose," "A Joyous Christmas Song," "Carolling, Carolling," and "Santa's Cha Cha Cha."

Triple Trios: "Jesus, Jesus Rest Your Head," with Jody Edgar as soloist, "Away In a Manger" with Faith Raycroft as soloist, and "Dance of the Sugar Plums."

Grace Kuhns, soprano, will sing "No Candle Was There and No Fire."

Choir: "Benedictus and Hosanna," "A Virgin Unspotted," "Joseph Dearest, Joseph Mine" with Grace Kuhns and David Bickle as soloists, "A Joyous Christmas Carol," "A Child This Day Is Born," "Deck the Hut with Coconut" and "The Lord Bless You and Keep You."

The deadline for paying the bills is Jan. 19.

Should a non-City dweller pay more for Riverside Cemetery lots than a City resident? That was the question raised by City Commissioner Carl Shear. The City-owned cemetery, although making profit last year, has a deficit of \$20,000. Shear believes that a person paying taxes in the City or living in the City should subsidize a cemetery for those living outside the City. Some communities do have a different sale price for lots for residents and non-residents, a survey showed. The Commission, in a short discussion of the matter Monday night, decided to give the proposal more thought.

ON CAMERA: One of the judges for the Milky's Party judges for the Saturday night show this Saturday at 4:30 (WWJ-TV) will be Symphony Conductor Wayne Dunlap. He will discuss the forthcoming Symphony concert during an interview.

FAST CATCH: Thomas Hodge of Flint broke out a window last Saturday night to get into Pease Paint & Wallpaper store. The noise was so loud he fled. Ten minutes later police on patrol in Plymouth Colonial Plaza, Lillie Rd. and Ann Arbor Trail, corner. He admitted his guilt when police found bits of a charge of malicious destruction of property, and is served with a \$300 fine.

CLARIFICATION: Following a story in last week's Mail telling that the Wise Men figures in Kellogg Park cost \$479 each, there was some grumbling heard concerning the "waste of taxpayers' money." As noted in the story, such decorations are paid for by merchants. This year the Chamber is selling candy for the decorations fund and will be selling it on the street this Friday and Saturday.

## Collect \$1,146 In Muscular Dystrophy Drive

In spite of a stormy night, 61 volunteer marchers collected \$1,146.02 for the fight in muscular dystrophy last week.

The house-to-house drive was held Tuesday, Nov. 29 in the City of Plymouth, Lake Pointe Village and Sun Valley subdivision. Mrs. Mae Beiter, general chairman, said that last year a total of \$250 was collected. She expressed her gratitude to the 12 area eaders and all the marchers "for the job well done."

Members of the Northland Chapter of the Dale Carnegie Alumni marched as one of their monthly Good Human Relations projects.

NINETEEN YEARS ago today 100 Japanese planes and several midget submarines attacked Pearl Harbor. It was 1:25 p.m. in Plymouth. As a result of the attack, there were 2,117 Navy men killed, 960 missing and 876 wounded and 226 Army men killed, 396 wounded. Dec. 7 is commemorated in Plymouth each year by placing of a wreath at Plymouth Rock. Here, Mrs. Eileen Williams, left, president of the Veterans of Foreign Wars Auxiliary, and Mrs. LeMay Smith, chaplain, are shown placing this year's memorial wreath.

## Predict 8,000 Would Use Area Community College

Estimated most conservatively, 8,000 students would be using a local Community College by 1970, coordinators for the project asserted today.

Dr. David Ammerman, coordinator of the proposed college which would be conducted jointly by six districts (Plymouth, South Redford, Redford Union, Livonia, Clarenceville and Garden City), added that the total number of students could mount as high as 13,286 over the next eight years.

There was variance in the conclusions because four different methods of "projecting" were employed. However, simple estimates of growth were awesome enough by themselves.

In 1960, for instance, there are 2,379 students in high school senior classes of the six districts. By

1965 the figure will be 4,122 seniors and by 1971 it will be 9,566 seniors.

Total high school enrollment (grades 9 through 12) today is 10,530. By 1971 the figure will be 53,146—five times as many.

Several sites are being eyed as possible choices for the campus. Most of the most probable ones are in the western Livonia or Plymouth area.

A ballot proposal to set up a governing board and other necessary details will be offered the voters of the six school districts early in 1961.

Sometime later, the voters will be asked to approve something between .7 and 1.5 mills to finance the College.

Anticipated growth figures of the local high

schools were in some cases staggering.

Livonia is down in Dr. Ammerman's report for a growth (in grades 9-12) from 3,668 today to 30,818 by 1971.

South Redford is down from an increase from 1,403 today to 6,248 ten years later.

Redford Union's ten year growth is estimated at from 1,878 to 5,713.

Plymouth's is from 1,390 to 2,317.

Clarenceville's from 554 to 1,481.

Dr. Ammerman's report contended that "graduates from high schools of this northwest Wayne County area are not pursuing higher educational opportunities." (Continued on Page 8)

Dartmouth College in New Hampshire was founded in 1769 for "spreading Christian knowledge among the savages of our American wilderness."

Ninety-one percent of all American individuals and families with incomes of more than \$5,000 a year own cars.

(UPI) — City Commissioner phone at a late hour: C. R. Eisler has what he believes an effective method to next night about the same handle telephone calls from time, or a little later, to give querulous constituents who them their answer.

THESE ITEMS are among the many hundreds being sold by Rotary Anns for the handicapped at the Kroger store. From left are Mrs. Elmore Carney and Mrs. Martin Kirchoff, sales co-

chairmen, and Mrs. Perry Richvine, Rotary Anns' president. The two paintings were done by a paralyzed young adult who held the brush in his mouth.

**Painting Done by Brush In Mouth Among Items Sold For Handicapped**

Paintings by a young adult paralyzed in both his arms and legs and who must hold the brush in his mouth will be among the objects of art and toys being sold in Plymouth this week by Rotary Anns in behalf of handicapped children and adults.

The annual Christmas sale of items produced by the handicapped began yesterday and will continue through Saturday at the Kroger store. Hours are from 9 a.m. to 9 p.m.

All year long the handicapped of Western Wayne County labor to make their objects. But even after they make their products, it is often difficult to market them. To help get the products before the public, the Rotary Anns place them on sale each Christmas time and all profits go directly to the maker of the individual product.

The program is carried on through the Easter Seal Society of Western

Wayne County with headquarters in Inkster. They often show the handicapped how to make the objects and furnish them with the proper tools.

Some of the items shoppers will find (included in photograph) are Mr. and Mrs. Mouse — a pair of unusual toys made by a girl confined to her wheelchair with muscular dystrophy. Although she has not been able to use her legs for several years, her workmanship on her toys is excellent.

There's a soft cuddly toy, Humpty Dumpty, made by a lady who has suffered lateral sclerosis for many years.

And one will find foam rubber toys made by a lady who is paralyzed in the lower extremity from a fall down her basement stairs.

Willy-Worm is a stuffed toy made by an arthritic and there's a circus clown made by a lady confined to her wheelchair with polio.

**BIRTHS**

Rhea Claryse Moore arrived Nov. 30 at St. Mary Hospital to Mr. and Mrs. William L. Moore, Sheldon Rd., Plymouth. She weighed 7 lb., 14 oz. Mrs. Moore is the former Kathleen Greenlee.

Mr. and Mrs. Jerry Harder, Brentwood, Lake Pointe Village, announce the birth of their second daughter, Jacquelyn Marie, December 5 at St. Joseph Hospital. She weighed 5 lb., 4 oz.

Dr. and Mrs. James P. Parshall, Dewey, announce the birth of their first daughter, Nancy Joy, Nov. 30 at Garden City Osteopathic Hospital. She weighed 7 lb., 9 1/2 oz. and has a brother, David, 2 1/2.

Mr. and Mrs. James Robinson, N. Harvey St., announce the arrival of James Lee, November 19 at Dearborn Medical Center. He weighed 7 lb., 14 oz. Mrs. Robinson is the former Mary Lou Stroud.

Mr. and Mrs. Edward Dely announce the birth of a son, Brian Lewis, Nov. 2 in St. Joseph Hospital, Ann Arbor. Little Brian weighed 9 lb., 9 oz. Mrs. Dely is the former Violet McCartney.

Mr. and Mrs. Donald Zander announce the arrival of Donna Jean, Dec. 1 at St. Joseph Hospital, Ann Arbor. She weighed 6 lb., 8 oz. and has a brother, Mike, and a sister, Deborah. Grandparents are Mr. and Mrs. Carlos Kellems, Cherry Hill, and Carl Zander, Starkweather.

**Traveling Counselor Visits Plymouth High**

Miss Beatrice Patterson, traveling Enrollment Counselor at Cazenovia Junior College, Cazenovia, N. Y., will visit Plymouth High School on Monday morning, Dec. 12. She will interview students interested in attending a junior college and describe curricula offered at Cazenovia and student life at the College.

### Aquarium Society Meets Dec. 21

Like tropical fish — angel fish, veiltailed guppies, jet black mollies or red sword-tails? You can join others who share the same interest at the next meeting of the Wayne Aquarium Society on Dec. 21 at 8 p.m. The group meets in the Rouge Recreation Center in Rouge Park on Spinoza Drive about a block north of Warren. Spinoza is about a half mile east of Outer Drive.

The agenda includes a talk on the pros and cons of the use of rocks in the aquarium.

### CHANGE OF HEART

BURLINGTON, Vt. (UPI) — Lt. Gov. Robert S. Babcock declined an invitation to attend the 125th anniversary of Vermontville, Mich., pleading "Vermont parsimony and thrift." But he accepted when town officials said they would pay his way.

### Arlene Gabel, James Preston United in October Ceremony

Miss Arlene Elizabeth Gobel became the bride of James Earl Preston Saturday, Oct. 8, at Our Lady of Good Counsel Church. Rev. Fr. Francis Byrne officiated. Music was provided by Phyllis Mitchell.

Miss Gobel is the daughter of the Vern W. Hitts of Evergreen and Mr. Preston is the son of the Maxwell E. Prestons of Brookline Ave. Given away by her brother Robert, the bride wore a white delustered satin and Alencon lace gown with bouffant skirt ending in a court train and featuring an Italian neckline and cuccpie sleeves. An Alencon lace crown secured her shoulder length veil and she carried white roses and red baby carnations with ivy on a pearl prayer book.

Attending the bride as matron of honor was her sister, Mrs. Marilyn Larson. She wore a waltz-length gown of white chiffon with red velvet cummerbund and draped neckline and sleeves. She wore a red velvet bow as a headpiece and carried an arm bouquet of large white mums and red baby carnations.

Bridesmaids were Mrs. Joanne Mathias, sister of the bride; Mrs. Betty Gobel, sister-in-law of the bride; Mrs. Janet Hessler, cousin of the bride; and Mrs. Joanne Rowe, sister of the groom. They were gowned identically to the matron of honor. Miss Joanne Larson and Miss Kathleen Larson, nieces of the bride, wore flower girl dresses and white eyelet organza dresses with red velvet cummerbunds and car-

ried miniature arm bouquets similar to the bridesmaids. Mr. Preston asked Robert Straub to be best man and ushers were Jack Prystup, Andrew Haines, Warren Westfall and Rolland Gaab, cousin of the groom.

Mrs. Hitt wore a brown schiffli embroidered dress and Mrs. Preston chose a candlelight embroidered dress. Both mothers wore brown and beige accessories and cymbidium orchid corsages.

A reception was held at Wildwood Hall for 250 guests from California, Tennessee, Minnesota, New York, Ann Arbor, Ironwood, Plymouth, Northville, Detroit and surrounding areas.

For a wedding trip to Pennsylvania and Washington, D.C. the new Mrs. Preston wore a green wool dress with black accessories.

Both Mr. and Mrs. Preston were 1957 graduates of Plymouth High School. Mrs. Preston is employed by State Bank and Trust Co., Ann Arbor and Mr. Preston is employed by Fisher Body, Willow Run.

Mr. and Mrs. Preston are at home at 1303 Sharon Dr., Wayne.

Mr. and Mrs. James Earl Preston

### Betsy Edgar Gives Sophomore Recital Dec. 8

Miss Betsy Edgar, sophomore vocal student from Plymouth, will present her sophomore recital at Western Michigan University's Karley Memorial Chapel Dec. 8.

She has studied voice with Sant Adams and will be accompanied by Dave Cogswell.

Selections by Miss Edgar will include "Si Mes Vers A vaient Des Ailes" (Hahn), "Romance" (Debussy), "Ouvre Tes Yeux Bleux" (Massenet), Carmen vante" (Bizet), "Pa Lindekvist" (Folksong), "Tis Snowing (Bemberg), "The Little Road to Bethlehem" (The Golden Apple).

### Sixty Plus Club Has Annual Christmas Party

December 12 will be the third annual Christmas meeting of the Sixty Plus Club of the Methodist Church. There will be a potluck meal at noon, followed by the business meeting and a program of Christmas singing, special music presented by Mrs. George Griggs and the Christmas program by Mrs. Richard Jones.

The activities include helping with painting and materials for the nursery departments of the Church School — work for the Methodist Children's Home — rolling bandages for mission hospitals, sewing cancer pads for the Society — being foster parents for a forgotten child at Lapeer Home — donations to Mayberry Center and serving for Church World Service.

A variety of programs, playing scuffleboard, checkers, etc. provide fellowship also throughout the year.

All are welcome to meet with us in Fellowship Hall at the Church the second Monday of each month.

The Richmond-San Rafael Bridge, on the upper part of San Francisco Bay, is the world's fourth largest island, is the world's vanilla capital.

# Engagement

Mr. and Mrs. Jack Minton, South Lyon, announce the engagement of their daughter Vickie, to Larry Westphal of Hartland.

Miss Minton is a senior at South Lyon High School and Mr. Westphal is employed by his father.

No date has been set for the wedding.

## MOM'S NEWS

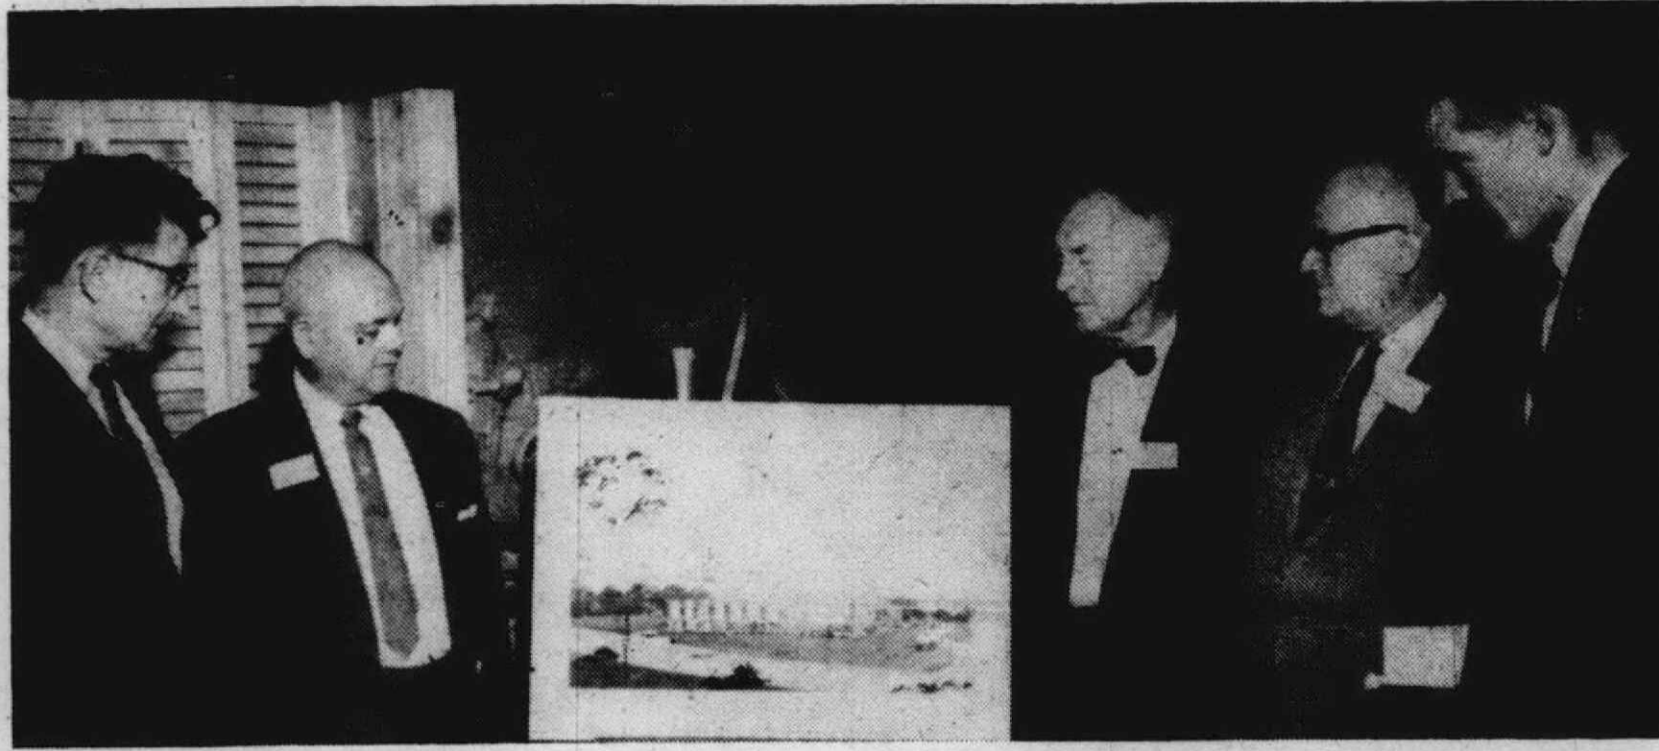

Mrs. Kushler and her committee went to the V.A. Hospital, Ann Arbor, Thursday, Oct. 1 and put on a games party for 140 veterans.

The annual Christmas dinner will be Dec. 12 at 6:30 at the Veterans' Community Center with a 75 cent gift exchange.

Miss Vickie Minton

A NEW METHOD of hauling new cars — via Rack-type flat cars — is being tried by Ford Motor Co. with their loading being done temporarily in the Plymouth yard of the C & O Railroad. Haul-away trucks, shown in foreground, are bringing hundreds of new cars, mostly Thunderbirds, to Plymouth for loading onto the three-deck flat cars. Each flat car carries 12 vehicles.

A LOOK AT the architect's sketch of the future home of Detroit Mutual Insurance Co. is being taken by several principals in last week's announcement dinner-meeting. From left are Mayor Harold Guenther; L. W. Schleh, executive vice-president; John J. Temple, chairman of the board of directors; R. E. Larimer, president; and George Lawton, president of the Plymouth Community Chamber of Commerce.

# Garden Club Invites Public To Take 'Christmas' Walk

What's a Christmas Walk? To members of the Plymouth Branch of the Women's Farm and Garden Association, this will be an often-asked question during the next week as they go about selling their tickets.

The tickets, costing \$1.50, will give the public an opportunity to visit some of Plymouth's fine homes, see how they use Christmas decorations, and purchase decorations for their own use.

Officially called "The Christmas Tour and Tea," it will take crowds to nine homes in the Plymouth area. At each home the visitors will be guests for a short stay as they see the interior of the home and how it is decorated for the season.

Homes to be visited are those of Donald Ward, Dr. A. E. Van Ornum, Dr. Charles Westover, Edwin Schrader, Byron Becker, Loren Gould, James Amick, Earl Demel and George Schmeman.

The tour will end with a tea at

the Schmeman home on N. Territorial Rd.

Those on tour will see wreaths, roping, bows and other Christmas decorations, all made by members of the Garden Club. The items will be on sale. In some homes there will also be home-made baked goods and candies. There will be something shown in every home.

Men as well as women are invited on the tour. Visitors can stop at the homes in any order. Hours will be from 10 a.m. to noon, 2 to 5 p.m. and 7 to 9 p.m. A map showing the location of each home is on the back of each ticket.

Garden Club members will be at each home to conduct the tour.

Tickets are available from any Garden Club member, at the Hotel Mayflower, Beyer Rexall Drug stores and from Mrs. Cass Kershaw, GA 1-7653; Mrs. Donald Ward, GL 3-3246; Mrs. Edwin Schrader, GL 3-5295.

## PIPELINE STARTED

WARSAW (UPI) — Polish workmen have begun laying the first sections of the Communist bloc pipeline which will carry Russian oil from the Volga to the Elbe.

This year's section of the line in Poland will reach east and west from Plock, northwest of Warsaw, where a huge oil refinery is to be built. The first oil is expected to flow into the line in 1964.

## THEY FOUND A HOME

FT. CARSON, Colo. (UPI) — Men of the 1st Battle Group, 60th Infantry, must like the Army. The Army said 101 of the 156 soldiers in the group re-enlisted here between July 1, 1959, and Feb. 29, 1960.

# Did You Know...

By GEORGE-ANN BAUER

Mr. and Mrs. George T. Bauer, Irvin St., announce the engagement of their daughter, George-Ann, to Donald R. Golem. Mr. Golem is employed by the Plymouth Mail as an advertising salesman and was this writer's supervisor while working at The Livonian. The wedding will take place on the 31st of December.

For an act of true Christmas feeling we urgently remind you of the Christmas card sale sponsored by the Michigan Assn. for Emotionally Disturbed Children, Hawthorn Chapter.

These cards, illustrated by an 11-year-old patient of Hawthorn Center, are simple yet deeply moving. The colorful crayon drawing of the Nativity Scene has been reprinted on high quality paper.

All proceeds of the sale will go to the Association for further exploration into the dark world of the emotionally handicapped child.

Cards may be purchased at Minerva's Wearing Apparel, across from the Post Office on Pennington Ave., and also at the Plymouth Mail, or by contacting the president of the chapter, Harry Van Hook, GA 2-9144.

Trans World Airlines has a Plymouth girl in its hostess ranks. Miss Margaret Mary Pletcher has recently earned her air-hostess wings following the completion of a training course in Kansas City, Mo. She is currently based in Newark Airport, N. J.

Miss Pletcher is a graduate of Plymouth High School and is the daughter of Mr. and Mrs. Milo Pletcher of Five Mile Rd.

And word of another Plymouth graduate—Miss Patricia Burton, class of 1937. Until last January she was associated with the Fred Burton Abstract Co. as executive vice-president.

Since then she has been building up her breeding farm at Dryden, Mich., which houses the most famous Shetland stallion in the country, Captain Topper.

For the winter months, Miss Burton, along with Captain Topper, are taking up residence at the fabulous Los Establos del Retiro in California, the estate of the noted author, Ernest K. Gann.

Western Michigan University Greeks send this notice to us. Miss Marilyn Holst has pledged Alpha Omicron Pi sorority, Kappa Rho chapter.

A 1960 Plymouth High graduate, Miss Holst is the daughter of the Merlin J. Holsts of Pacific.

# Interstate Road System Now One-Fifth Complete

This nation's 41,000-mile Interstate Superhighway System, inaugurated four years ago, is more than one-fifth completed, according to the latest figures available from the U.S. Bureau of Public Roads.

Actually, the bureau said, 9,107 miles of Interstate highways are now in use. They consist of 3,693 miles built to 1975 traffic standards, 3,140 miles that are adequate now but will need improvement to reach 1975 expectations, and 2,274 miles of toll expressways incorporated into the Interstate system.

Total outlay for completed Interstate roads has reached \$3.6 billion in federal state funds, with the federal government paying 90 percent of the total cost, the bureau reported.

Another 15,000 miles of the coast-to-coast system are in various stages of development — from planning to paving. These projects, the bureau said, add up to another \$4.1 billion in cost, making a total of \$8.7 billion spent or committed for the Interstate network in its first four years.

Conventional primary, secondary and urban highways receiving federal aid also have experienced a tremendous spending spurt during the same period. Bureau figures show that 100,000 miles of non-interstate road projects — involving \$9.5 billion in combined state and federal spending — are completed, with 20,000 more miles under way.

All revenue for the federal share of the more than \$18 billion spent or committed to highway projects since 1956 — and most of the money for the state's participation — comes from special taxes on gasoline, a survey showed. Nationwide, these have risen to an average of 10 cents per gallon, four cents of which is federal taxes.

To put the federal system on a pay-as-you-go basis, the federal gasoline tax was

boosted in 1956 from two to three cents per gallon. Proceeds from this levy, along with taxes from heavy vehicles, tires and tubes and half the proceeds from the tax on new trucks and buses, were earmarked for a special federal Highway Trust Fund.

Bureau figures showed that during the first four years, the federal government collected \$14.3 billion from all its taxes on motor vehicle ownership and use, but \$6.2 billion of this money did not go into the Highway Trust Fund.

Last year, when the Highway Trust Fund was headed for a deficit, Congress again increased the gasoline tax — to four cents a gallon effective Oct. 1, 1959, but with the provision the added cent of tax would expire June 30, 1961.

On that date, according to the legislation, the expired would be replaced by allocating to the trust fund one half of the proceeds from the 10 percent tax on new automobiles plus five-eighths of the receipts from the 8 percent tax on automotive parts and accessories. The legislation provided that this financing arrangement would stay in effect until June 30, 1964.

If Congress adheres to this plan, the result will be an actual increase in funds available to the highway program, according to official government estimates.

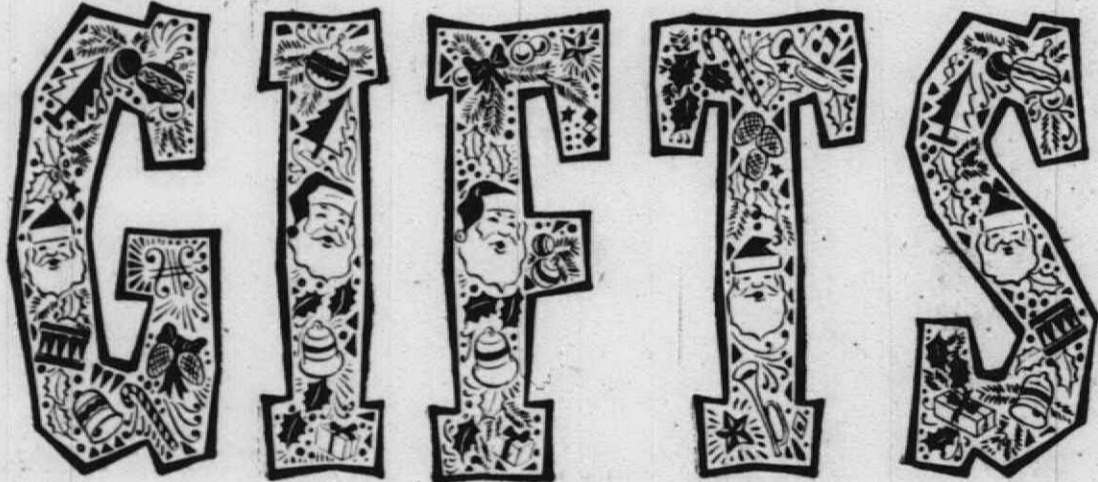

## PHOTOGRAPHER FOOLS THIEF

HARTFORD, Conn. (UPI) — After a camera was stolen from his automobile, Hartford Times photographer Eillery G. Kington telephoned camera shops on his mobile phone as he drove back to town.

He warned that the thief might try to pawn his camera, and 10 minutes later received a call that a suspect was in a shop. Kington drove to the store, identified his camera and the man was arrested.

## Burns Fatal To William Swan

Severe burns from a fall into a vat of hot pickling acid were fatal to William O. Swan, 59, of 764 N. Harvey St.

The accident took place Friday, Nov. 25 at Pilgrim Drawn Steel where Mr. Swan was a foreman. He was working near the wall of the vat when he fell in. All but his face was burned. The pickling solution is used to clean metal. It is a diluted acid and is heated to a high temperature.

He was rushed to St. Mary Hospital and later to University Hospital where he showed some signs of progress a week ago. He died Thursday, Dec. 1.

Mr. Swan is survived by his wife, Leitha, and three children, Harold and William Swan and Mrs. John (Thelma) Wilkie; a sister and seven grandchildren.

Mr. Swan was born in Grays Landing, Pa. on Jan. 11, 1901. He was a member of First United Presbyterian Church.

The Rev. Henry Walch, of First United Presbyterian services at 11 a.m. Monday from the Wilkie Funeral Home, Detroit.

Pallbearers were Merle Makepeace, William Hann, Roy Spaulding, J. J. George, Ewing Eberhart and Paul Eberhart.

## Thelma A. Dickie

Funeral services were held Monday, November 28 for Mrs. Thelma A. Dickie, 444 W. Lake, South Lyon, who passed away Friday, November 25 at her home. She was 60.

She was born August 19, 1900 in Sargent, Minn., the daughter of Mr. and Mrs. George (Julia) Foreman. She resided in Salem until her marriage to James Dickie August 11, 1921, and was a member of the Salem Congregational Church.

Mrs. Dickie is survived by her husband; two brothers, Harold D., Texas and Hugh, South Lyon; and two sisters, Mrs. Marcell Renwick, South Lyon and Mrs. Ruth Foster, Livonia.

She was preceded in death by her parents and a sister, Mrs. Dorothy Clark.

Services were conducted at the Phillips Funeral Home, South Lyon, with Reverend Faze Larudee officiating.

Interment was in South Lyon Cemetery.

## Infant Randall Scott Phalen

Funeral services were held Thursday, December 1 for Randall Scott Phalen, who passed away November 28 at St. Mary Hospital. He was three days old.

The infant was born November 25 to Mr. and Mrs. William (Elaine Butler) Phalen, Sr., 5715 Napier Rd., Plymouth.

Surviving with the parents are one brother, William T., Jr., and grandparents, Mr. and Mrs. Obie H. Butler, Northville and Mr. and Mrs. William E. Phalen, Livonia.

Services were conducted at the Casterline Funeral Home at 10 a.m. with Reverend B. J. Pankow, St. Paul's Evangelical Lutheran Church, officiating.

Interment was in Rural Hill Cemetery.

## Eber H. Stewart

A heart attack took the life of Eber H. Stewart, 955 Lilley Rd. on November 27 at St. Mary Hospital. He was 68.

Mr. Stewart was born in Ypsilanti on September 20, 1892, lived in Detroit except for the past 11 years when he moved to Plymouth.

He began work at the Ford Highland Park plant in 1916 where he worked in the First Aid department for 42 years. Following this, he worked in the Rouge plant and later joined the Engineering staff in Dearborn.

His outside interests were many and varied, but collecting, cutting and mounting stones received much attention. His museum displays specimens of rocks and minerals, artifacts and fossils, collected from many parts of the United States and Canada. He delighted in sharing his knowledge and specimens with others. Often he conducted lecture and field trips for the pupils of Plymouth Community Schools.

He held membership in the Michigan Mineralogical Society, Michigan Lapidary Society, Midwest Federation, Rock Exchange Club, and Detroit Coin Club.

Survivors are Adell, his wife of 45 years; a son, Ralph; a daughter in law, Edith; a granddaughter, Tami; two brothers, George of Alma and Walter of Kalamazoo.

Funeral services were held Wednesday, Nov. 30, at the Ross B. Northrup & Son Funeral Home in Redford, with interment in Grand Lawn Cemetery.

# OBITUARIES

## Helen A. Parker

An illness of two years took the life of Mrs. Helen A. Parker, 561 Virginia, Dec. 5 at St. Mary Hospital. She was 44.

She was born Jan. 12, 1916 in Grindstone City, Mich., the daughter of Mr. and Mrs. Adam R. (Clara Hattie Thuemmel) Hunter. On Dec. 28, 1935 she married Dale L. Parker and came to Plymouth in 1940 from Pontiac.

Mrs. Parker was an active member of the Reorganized Church of Jesus Christ of Latter Day Saints of Plymouth.

Mrs. Parker was preceded in death by one brother, Howard John Hunter, in 1956. Survived by her husband and parents of Saginaw, Mrs. Parker is also survived by one daughter, Carol, three sons, Richard, Dennis and David, all of Plymouth; one Smith, Saginaw; two brothers, Charles H. and James G. Hunter, Saginaw; one grandchild and several nieces and nephews.

Funeral services will be held at the Re-Organized Church of Jesus Christ of Latter Day Saints of Plymouth under the direction of the Schrader Funeral Home on Thursday, Dec. 8 at 1 p.m. Elder Robert Burger, Livonia, will officiate.

Interment will be in Oakland Hills Memorial Gardens.

## Fred A. Jondreau

Fred A. Jondreau, a retired machinist formerly with Burroughs Corp., died Dec. 6 at Veterans Hospital in Allen Park at the age of 68. His home was at 10040 Cavell, Livonia.

Born July 24, 1892 in Ishpeming, Mr. Jondreau was the son of Joseph and Rose (Lord) Jondreau.

He is survived by his wife, Ruth (Larzelere) Jondreau; a son, Donald of Livonia; three brothers, Napoleon Jondreau of Negaunee, George Jondreau of Ishpeming and John Jondreau of Negaunee; Mager of Negaunee.

A resident of Livonia 19 years, the deceased was a member of Christ the King Evangelical Lutheran Church of Livonia, VFW Post 3941, and the Livonia School Advisory Board.

Funeral services will be Friday, Dec. 9 at Christ the King Church at 2:30 p.m. with the Rev. Kenneth D. Larkin officiating. Interment

is in Glen Eden Memorial Park, Livonia. Friends may call at the Schrader Funeral Home in Plymouth until 11 a.m. Friday.

## Mrs. Sara Young

Funeral services will be at 1 p.m. Friday at Schrader Funeral Home for Mrs. Sara Young, 15930 Marlynn, who died Tuesday morning at St. Mary Hospital following a long illness.

Mrs. Young was born Oct. 27, 1886 in Belfast, Ireland to William and Margaret (Bell) Magill. Her husband, Thomas, preceded her in death in 1952.

Surviving are a son, William T. Young, Farmington a daughter, Mrs. Marion Hinderleider, Plymouth; a brother, James Magill, Plymouth; a sister, Mrs. Anna Smith, Ormond Beach, Fla.; and three grandchildren.

Mrs. Young moved to the community 10 years ago from Detroit.

The Rev. Richard Markham of Farmington will officiate at funeral services. Interment is in Grand Lawn Cemetery.

## Edward Eugene Parsons

An illness of six weeks took the life of Edward Eugene Parsons, 1127 Pennington Ave., December 2 at St. Joseph Hospital, Ann Arbor. He was 74.

Born July 4, 1886, Mr. Parsons was the son of Mr. and Mrs. Frank (Alma Isbell) Parsons. He was preceded in death by his wife, Ethel Madeline Parsons in 1955.

After retiring from the Ford Motor Co. in 1951 where he was a superintendent in the Plating Department, Mr. Parsons raised guinea pigs and hamsters to be used for research by Parke-Davis and the University of Michigan.

Mr. Parsons was a member of the First Methodist Church of Plymouth.

Survivors include: two sons, Harold L., Rochester, N. Y., and Carl E., Plymouth, two daughters, Mrs. H. Dorothy Cell, Livonia, and Mrs. Betty Jean Stevens, Garden City; two brothers, Walter, Florida, and Ralph, Milan; five sisters, Mrs. Bessie Jennings, Milan, Mrs. Floy Snyder, Livingston, Mrs. Mary Cranson, Milan, Mrs. Ruth Cranson, Milan and Mrs. Hazel Ostrander, Washington; and 11 grandchildren. Funeral services were held

December 5 at the Schrader Funeral Home at 1 p.m. Reverend Melbourne I. Johnson officiated.

Interment was in Riverside Cemetery.

## Harry Roy Landau

A heart attack took the life of Harry Roy Landau, 28565 Elmira, Livonia, December 1 at St. Mary Hospital. He was 57.

Mr. Landau was born February 21, 1903 in Northville, the son of Mr. and Mrs. Julius (Minnie Meisner) Landau. On December 19, 1925 he was married to Sadie (Simms) Landau.

Mr. Landau spent his entire life in this area and was an employee of the Livonia Department of Public Works. He was a member of the Hosanna Tabor Lutheran Church, Redford Township.

Survived by his wife, Mr. Landau is also survived by one son, Raymond R., Livonia; two daughters, Mrs. Marion J. Eichstadt, Dearborn and Mrs. Norma J. Randazzo, Livonia; one brother, Carl, Detroit; and nine grandchildren.

Funeral services were held December 3 at the Schrader Funeral Home at 2 p.m. Reverend R. G. Pranschke officiated.

Interment was in Glen Eden Memorial Park. Pallbearers were C. Rhode, M. Lee, P. Hill, B. Kay, R. Teeter and H. Mueller.

Let us hear the conclusion of the whole matter: Fear God and keep his commandments: for this is the whole duty of man.—(Ecclesiastes 12:13)

Why are we here? Through the centuries man has tried to discover the purpose of life. Is it to acquire wealth or wisdom or happiness? To do good for other people? The only satisfactory answer is found in the Book of answers; our goal should be to fear God and keep his commandments.

# SPORTSEEN

By BILL NELSON

Plymouth's varsity basketball team bounced back from Friday's opening defeat to handily whip old rival Northville. More than anything else the game was a demonstration of coaching ability.

Stripped of their gladiator suits, high school athletes are actually teenagers with the same elevator emotions as the kids down the street who don't play varsity sports. After the Ypsilanti game Basketball Coach Jim Doyle sensed that some of his lads were giving themselves self-appointed blame for the opening defeat.

The coach took note of this and quietly led his team to the belief that there still was a world of future opponents to deal with. Consequently it was a high spirited club that broke loose in the second period against Northville.

Belleville will be tough this week, but Plymouth has already demonstrated ability to play over a defeat. They have also shown great speed—although height is still a problem, that is the lack of it is a problem for Plymouth.

Plymouth may not win the title this season. Bentley is strong again and other teams have great height. Belleville has Ellwood, a six-foot giant, back.

But there is that rebounding win. There is also a brilliant second period against Northville. And Ralston did get 25 points. These are, at least, good qualities with which to start a season.

All boys interested in playing hockey this winter should call Mr. McKindles, at GL 3-7038. This is for all age groups. The league will be sponsored by the Recreation Dept.

Larry Horwath, formerly of Plymouth, has been picked by the Fort Lauderdale News as an all-county end.

The 6-foot 190-pound senior is described thusly by the Florida paper: "Pennie... and Horwath were the top performers in South Broward's (high school) massive line. The two were almost unmovable on defense."

South Broward's Bulldogs won the Gold Coast Conference Northern Division championship and were named "mythical" county champions.

Paul Cummings of the Adult Education office at Plymouth High School invites all interested adult males to a meeting at 7:30 p.m. today in the high school to organize a men's basketball league. The teams will play one night a week.

# Rocks Second Best In State? Swimmers Shine In Kimball Relays

Is Plymouth the second best swimming team in Michigan?

Last Saturday the Rocks placed second in the Royal Oak Kimball Relays with 62 points. The winner: last season's state champions, Grosse Pointe, with 90 points.

Swimming Coach John McFall said "The Kimball Relays are a pretty good test of overall team strength because you've got to have a lot of good swimmers to do well in that meet."

McFall, like most coaches is hesitant to get overly exuberant about a team so early in the season. Redford Union was eighth in the 15 school meet at Royal Oak and Plymouth must swim them twice yet in addition to other opponents.

High School athletes are subject to fluctuating seasonal performances, but Plymouth units performed well in the Kimball Relays and set two records.

Dick Michaels, Phil Bender, Bob Daley and Warren Smith posted a 4:10 flat in the 400 yard medley relay. It was good for first and bettered the old mark of 4:11.8 set by Birmingham last year.

In the 400 yard individual medley relay Jim Izett, Ron Daley, Bob Daley and Dick Gretzinger chopped a full seven seconds off the old meet record by swimming

the distance in 4:17.7. Kimball had a 4:24.7 last year.

Plymouth was second in the 400 yard free style relay when Dick Gretzinger, Doug Balfour, Ron Daley and Jim Izett combined talents.

Plymouth was third in the 200 yard butterfly relay. Swimming for Plymouth were Barry Corwin, Bill Rossow, Gary Gould and Nick Herrick. Tom Hoffman, Warren Smith, Bill Britchard and Dick Michaels were fourth in the 200 yard backstroke. Hofman, Don Cash, Herrick and Gould added another fourth in the 200 yard medley.

Balfour, Rossow, Win Schrader and Britchard were fifth in the 200 yard free style.

Among the teams trailing Grosse Pointe and Plymouth were: Royal Oak Kimball, third; Ann Arbor, fourth; born, sixth; and Fordson and Wyandotte, tied for seventh.

Things just went swimmingly for the Rocks. Are they the second best team in the state?

GOING IN FOR a fast lay-up shot, Plymouth scores two more in the win over Northville last Saturday night. Plymouth won the game, 57-48. Over in Ypsilanti the

night before, the Rocks suffered a defeat, 48-40. Both were non-league games. This week Plymouth plays on the Belleville hardwood.

# Dunk Lincoln Park For 80-25 Win

Plymouth's 1960-61 swimming team plunged into its old habits last Thursday with an 80-25 victory over Lincoln Park in the season's opener.

The Rocks took 10 of 11 firsts in the meet and eight of nine seconds. Plymouth was unbeaten in 14 dual meets last season and hasn't lost a dual meet since the Birmingham encounter in the spring of 1959. They haven't lost a league meet since 1957.

Records were hung up by Bob Daley in the 400 yard free style and Dick Gretzinger in the 200 yard individual medley. Gretzinger's effort was also a team record. Daley turned in a 4:32.1 in the 400 and Gretzinger was timed at 2:17.4.

Ron Daley won the 50 yard free style and Doug Balfour took the 100 yard butterfly. Dick Michaels added a first in the backstroke and Phil Bender won the 100 yard breaststroke.

Gretzinger won the 100 yard freestyle, giving him two firsts. Nick Herrick dove to a first place and Ron Daley beat brother Bob (who was second) in the 200 yard free style.

Plymouth also won the 200 yard medley relay and the 200 yard free style relay. Bill Britchard, Bob Crosby, Nick Herrick and Gary Gould combined for the 200 medley relay win. Doug Balfour, Win Schrader, Bob Koeks and Rick Sweet each had a leg of the free style relay.

Seconds were won by: Bill Rossow (400 freestyle); Jim Izett (50 freestyle); Doug Balfour (100 butterfly); Tom Hoffman (100 backstroke); Warren Smith (100 freestyle); Mark Schultheiss (diving); Dick Michaels (200 individual medley) and Bob Daley (200 freestyle).

# JVs Lose To Ypsi, Beat Northville

Plymouth's Junior Varsity basketball team lost its opener to Ypsilanti 47-35 and beat Northville last Saturday 42-39. Jared Stevens led the Rock scoring in the opening game with 12 points while Dave Gotthard had nine.

Against Northville, Charles Worthington was high with 11 points and Stevens and Gotthard each added nine.

The Northville game was a close throughout. Plymouth trailed at the first quarter 8-7, but moved to an 18-17 halftime lead. When the third quarter began Plymouth led 30-23.

Scoring

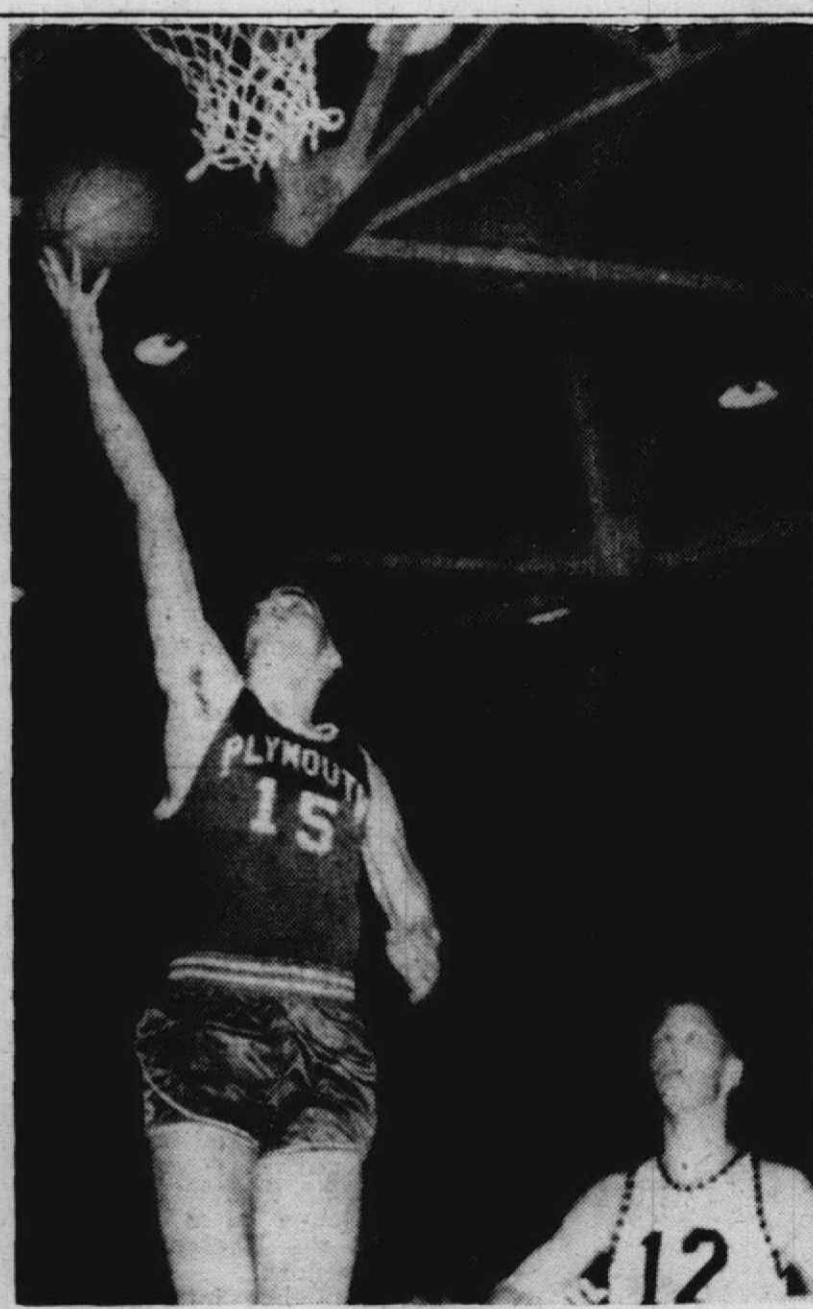

Plymouth JVs (43)	
Wyman	2 1 5
Gotthard	4 1 9
Worthington	5 1 11

# Ypsi Wins Opener With Late Spurt

A third quarter fast break offense by Ypsilanti split Plymouth led until late in the third quarter, when Ypsilanti surged ahead 31-30. A moment later Center Dan Stremmick sunk a foul shot to tie the score 31-31. Ypsilanti drove back with a fast break offense, however, and

lead to 43-40 on baskets by guards Dave Palmer and Jim Ralston. With a minute left Ypsilanti stalled and added another five points.

Scoring

Plymouth (40)	5	0	10
Schryer	1	0	2
Lomonaco	1	2	4
Spigarelli	3	2	5
Stremmick	2	2	4

## TAKING DIFFERENT PATHS

LOVELL, Wyo. (UPI)—George and Jack Asay of Lovell may do a lot of arguing this year. Jack was re-elected Democratic county chairman the same week George was named Republican chairman.

# Cagers Win 58-47

With an outstanding performance from Captain Jim Ralston Plymouth ploughed Northville 57-48 last Saturday for its first win of the season.

Going into the Belleville game this Friday, the Rocks have a 1-1 non-league record. The game at Belleville is the first for both schools.

Plymouth trailed good for three quarters of the pening game against Ypsilanti Friday, but the next evening against Northville they put together a fast pace and led most of the game.

Center Dan Stemmick tossed in 12 points and forward John Spigarelli lofted 11. It was Ralston, however, with 26 points that led the way. The lithe guard is accurate and can move swiftly.

Plymouth trailed 13-10 at the end of the first quarter but to a half-time lead of 27-19. They maintained their eight point advantage at the beginning of the fourth quarter to lead 44-36 and increased the margin to 57-48 by the end.

The second quarter by Plymouth was a dazzling display of speed and spirit. This could be an interesting basketball team.

PLYMOUTH (57)

Schryer	1	0	2

Austria has 132 schools where special care is provided for handicapped children.

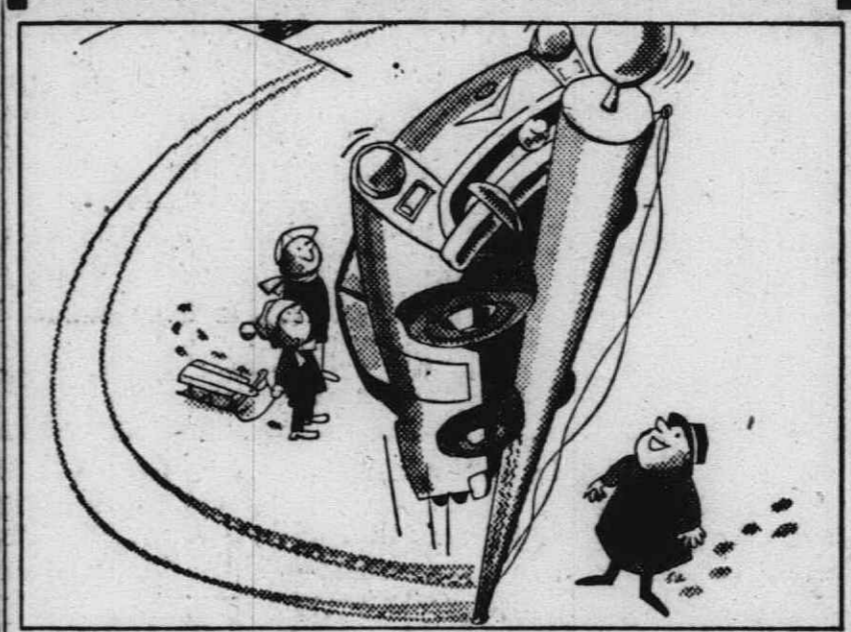

**DEFENDANT PROSECUTES**  
HOUSTON, Tex. (UPI)—W. C. Moore, an assistant district attorney, couldn't have been more embarrassed during a recent prosecution of a man on drunk driving charges. Moore made a big point out of the arresting officer's testimony that the defendant was so intoxicated he lit a filter tip cigarette on the wrong end. "Isn't it a fact," Moore asked the defendant, "that you were so drunk you didn't know what you were doing?" The accused man pointed a finger at his prosecutor and answered: "You're doing it right now." Sure enough, Moore was smoking the wrong end of a filter tip. He lost the case.

## Fact Finding for 1961 Deer Season

Michigan's November firearm deer season is the starting point for year-round conservation Department studies which shape next season's regulations. The traffic survey (top) provides a quick and accurate summary of fall kill and is used later in weighing results of the Department's hunter postcard poll, the major source for basing the final take figure. Deer are studied for antler development, age, weight conditions, and other data at roadside biological checking stations (bottom) to give game men an insight to the general physical condition of the herd and trouble areas in its range. Other checks are made at locker plants, special study areas, Department headquarters, and hunting camps.

# Competition Looks Tough For City Elective Jobs

There appears to be a revival of interest in the City Commission jobs, the City Clerk indicated this week as he listed names of seven people who are filing for Commission seats and two seeking the job of supervisor.

There will be four Commission vacancies next year and one vacancy as the City's representative to the Wayne County Board of Supervisors.

The filing deadline for nominating petitions is Jan. 3. Two present commissioners, Richard Wernette and J. Rusing Cutler, have indicated they will seek re-election. Wernette has already filed.

Another petition on file is for Robert O. Beyer, local druggist who lives at 725 N. Mill.

Petitions are also circulating for James Randall, 728 Burroughs; Mrs. Catherine Henderson, 725 Auburn; James Houk, 346 Irwin and Richard Merriam, 505 Byron. Merriam was one of two candidates who in 1959 unsuccessfully tried to win office through a write-in campaign.

City Clerk Joseph Near said that he has heard that several other people intended to take out petitions.

Looking at the job of Supervisor, Mrs. Henderson has also taken out a petition for this job as well as for Commissioner. There is no law to prevent this. Also expected to file a petition is Fred Thomas, 345 Blunk.

The present supervisor, George Witkowski, said several weeks ago that he intends to seek a Commission job.

# Insurance Firm

(Continued from Page 1)

chairman of the Board, John J. Temple; executive vice-president, L. W. Schleg; secretary, R. E. Hupert; assistant secretary, Gerald Fields; treasurer, Mrs. Marian Hobart; vice-president, Herman Taylor; actuary, E. R. Porter; controller, David Nelson; attorney, Arthur Brown. Also attending were the architect, Fred Schoettley, and the general contractor, Charles Residor, Sr.

Assets of Detroit Mutual as of Oct. 31 were about \$4.9 million and will be nearly \$5 million at the end of this year. The premium income will be near \$4 million and the total payments to policyholders and beneficiaries is \$10 million. There is now \$70 million of life insurance in force.

Dunne's Insurance Report gives Detroit Mutual an A-plus (excellent) rating.

# Burglars Busy On Weekend

Two auto dealerships, an appliance store and service station — all along Ann Arbor Rd. — were the victims of burglaries last Saturday night.

Beukema's Mobil Service station at Ann Arbor Rd. and Sheldon was perhaps hardest hit. The burglars may be trying to do their Christmas shopping with trading stamps, owner Ed Beukema reports, for between 40,000 and 50,000 Top Value trading stamps are missing. Also taken were three batteries, ground 10 new tires and \$220 from a cigarette machine.

Further down Ann Arbor Rd. at Hubbs & Gillis, a television set was stolen.

Beginner Oldsmobile-Cadillac reported that someone broke into their garage and made off with an undetermined amount from a cigarette machine. And at 200 Ann Arbor Rd., Selle Buick had visitors the same night who broke into a cashier's desk and took \$260 in cash.

Early Monday morning, thieves took a car from the front of the S. W. Scott home, 48 Sunset. The owner said that the car was unlocked but had no keys inside. As of Monday the car hadn't been located.

During the night of Nov. 28, burglars entered Don's Plymouth Holbrook (Sunoco) service and used tools from the garage to attempt opening the safe. Police said that the safe was damaged, but unopened and nothing else was apparently taken.

# Predict 8,000 in College

(Continued from Page 1)

opportunities in as high proportions as Wayne County as a whole.

"During the years 1956-60, 74 percent of the top quarter of high school graduates demonstrated an intent or interest in further education... Of these, 67 percent actually enrolled... this means that 479 high-ability youth, or one-third of them, all definitely capable of college work, did not do so.

"...49 percent of all youth could successfully profit by at least two years of education beyond high school.

"But 764 graduates in the area during the five year period who were in this group did not enroll in further education..."

"They represent a large cumulative loss of potential human resources."

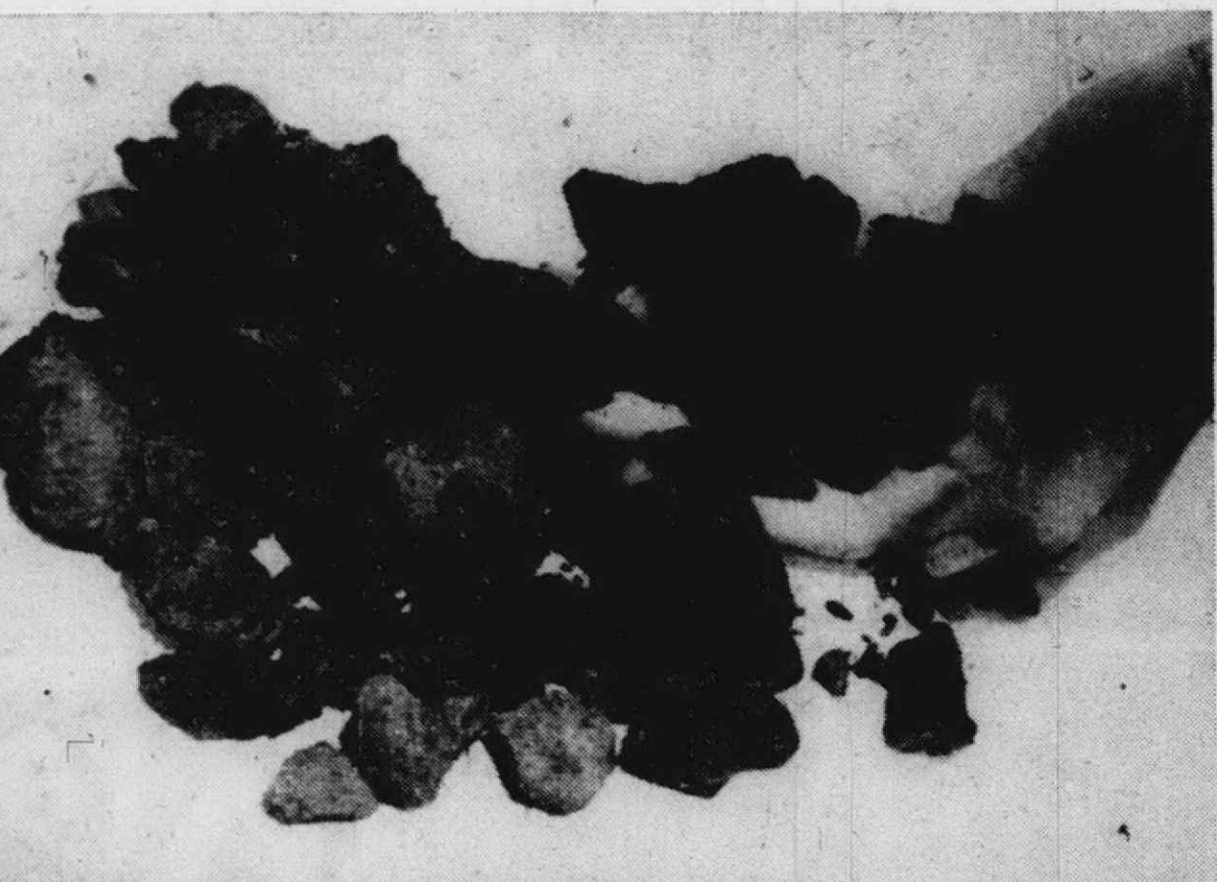

# City Tax

(Continued from Page 1)

sible that the Supreme Court will decide on Dec. 20 that the appeal should not be submitted to the court. In that case, the City's fight would be over, and the county and school tax statements would be issued.

Treasurer Way said that he will notify the County today to start printing the City statements. (The County makes out all tax statements for local governments.) He added that it will be later this month before they will be ready for mailing.

Winchester, one of England's great privately operated schools, was founded in 1394, about 40 years before Eton.

**GOLD NUGGETS?** Quite the contrary — and, especially to the housewife who is washing clothes. These are chunks of rust that were flushed from City hydrants. Since last summer the City has been adding Calgon to the city water to suspend iron particles. Through flushing, deposits that have built up for decades are being broken off. The DPW expects the flushing to increase water pressure and prevent future deposits. Flushing will take place each Wednesday night until it becomes too cold and water freezes.

# See You There

The Plymouth Chapter, O.E.S. will hold "Luncheon is Served" at the Masonic Temple Dec. 13, at 12:30. For reservations please call Juanita Hessler GL 2-7396 or Carolyn Sursaw GA 2-1797.

REPRESENTATIVES OF Plymouth's industry, business and government watched last Thursday afternoon as Detroit Mutual Insurance Co. broke ground for its new home office. R. E. Larimer, president of the firm, is shown turning over the first shovelful of dirt on the building site located along Plymouth Rd. just inside the City limits. Earlier, the Plymouth Community Chamber of Commerce had hosted the insurance firm at a luncheon.

# Township GOP Incumbents To All Seek Re-election

All of the present Plymouth Township Board members will file nominating petitions for re-election for Township posts, but so far there have been no interest for the jobs offered by the proposed City of Plymouth Heights.

Supervisor Roy Lindsay, who has held the Township's top job since June 1953, will seek another term, he declared this week. Also circulating petitions are Treasurer Elizabeth Holmes, Clerk Fred L. Miller and Trustee Louis Norman. All are Republicans.

The other Township trustee, C. V. Sparks, has two more years to serve on his present term.

Petitions must be filed by Jan. 3.

No petitions have been seen yet from Democrats. The Democrats fielded an almost complete slate of candidates in the last Biennial Election of 1959. But Plymouth Township is traditionally Republican and those winning the Republican nomination are certain to win the office.

While petitions are being signed by Township offices, Township Clerk Fred Miller reports that there is apparently little interest in the Plymouth Heights election. Miller said that perhaps many people feel that the charter has little chance for approval.

However, if there is a slim turnout at the Jan. 17 election and the majority decide to approve the charter, there will be a new city and officials will be needed to run it. The jobs available would be mayor, clerk, treasurer, seven councilmen, a municipal judge and two constables.

The deadline for filing nominating petitions for these jobs is Wednesday, Dec. 28.

The last day to register for the Jan. 17 election is Dec. 19. In the Dec. 21 issue of The Plymouth Mail, a special section will contain the entire charter proposal.

**Who's Who in the Plymouth Community Schools**

**Robert S. Southgate**  
Following his graduation from Ypsilanti High School, he attended Central Michigan University, but received his bachelor of science degree at Eastern Michigan University where he is now working on his master's.  
While going to school he worked one summer as a guide at the Ford Rotunda. In the service, he served for two years in the U. S. Army stationed in Arkansas. In addition to membership in the National Thespian Society, Mr. Southgate belongs to the National Education Association, the Michigan Education Association and on local branch, the Plymouth Education Association.  
Mr. Southgate and his wife Ypsilanti when he was 10 years old. His father, Robert T. Southgate, owns the Southgate Studio and Camera Shop in Ypsilanti.

**Plymouth High School**  
By Lester Barton

Seems that class rings, once reserved strictly for the senior year, are being bought earlier by each successive new class, as is evidenced by the current ordering of sophomore rings.  
The rings are 10 carat gold, with the school crest mounted on a white gold background. Ordering at Beitar's Jewelry store was begun last Thursday. Those sophs who have not yet placed their orders may do so today.  
Prices of the rings are as follows: small, \$15.95; girls' medium, \$17.50; boys' medium, \$18.95; large, \$19; extra large, \$21.95.  
Considering the investment made, it does seem a good idea for classes to get their rings earlier, and enjoy the benefits of them that much longer.  
That globe-trotting cosmopolitan, Plymouth math teacher Miss Sarah Lickly, writes home about her fabulous round-the-world tour — At the time, she and her traveling companion Miss Katherine Diamond were floating up the storied River Nile on a first class barge, pushed along with several others by a colorful paddlesteamer, heading toward the heat of the "Dark Continent."  
They have seen crocodiles, hippos, countless exotic birds, and of course, the interesting natives, while on the leisurely trip. As they go further south, they hope to see even more spectacular examples of the area's famous wildlife. Points they plan to visit include Kenya, Uganda and South Africa.  
The pair spent the summer traveling through Europe and visited the Holy Land and the Middle East before going through Egypt and setting out on the Nile journey.  
Miss Lickly, who is on sabbatical leave, will not return until next September after having travelled extensively in the Far East and Pacific areas.  
Swimming fans will be happy to hear that a new scoreboard is to be provided for the pool room through the joint efforts of the Student Council and the Dolphin Club. The two organizations will share the expenses, the Council contributing \$250 toward the \$550 purchase price of the board.  
The board, which is to be automatic, will show the winning time and winning lane. What's more — it is portable and can be used at track meets too!  
The daily weather reports are again being provided to PHS'ers by Mr. Smithling's Physical Science class. Every day after careful observations and calculations the class submits its forecast to be read over the public address system with the announcements.  
Thus the group not only has an opportunity to make practical use of its work, but the wide circulation of its forecasts undoubtedly gives incentive for accuracy!

### High School Girls Invited To Madonna

High school juniors, seniors, and their parents are invited to attend an Open House scheduled for Sunday, Dec. 11 from 3-5 p.m. at Madonna College, Livonia.

### PTSA Holds Annual Christmas Program

Charles Derr, president of the P.T.S.A. at the Junior High, announces the annual Christmas program will be held Dec. 12.

professional training offered by Madonna. Departments of the College are preparing exhibits for the event. The faculty will be on hand on that day to discuss plans concerning requirements of their respective departments.

Latin, French, journalism, Spanish, and speech are offered as minors. The College is approved by the Department of Public Instruction to recommend its graduates for teacher certification on either the elementary or secondary levels in public or parochial schools.

### Rev. Burgess Leaving Salem Church Dec. 27

Rev. Richard S. Burgess, pastor of the Salem Federated Church, Salem, since August 1955, has accepted a call to become pastor of the Inter-city Bible Church of Lansing. His duties there will begin Jan. 1.

STRAIGHT FACTS CHICAGO (UPI) — There is new hope for adults whose mouths are crippled by crooked teeth, the American Dental Association reports.

### What Makes a Woman Choose Such a Life?

You see her walking down the street... and you wonder about her. She isn't fashionably dressed like other women. She wears no lipstick, no make-up, no high heels or nylon.

their every need and wish? What is the spark that fires their zeal for God, and for humanity?

The answer is, of course, that the heart of a nun is filled with the desire to serve God. And that desire is the product of her Catholic Faith.

Perhaps you would not or could not become a nun, or a priest, or a religious of the Catholic Church. Perhaps you would not even want to be a Catholic.

What is it, then, that prompts a woman to turn her back upon the pleasures and luxuries of the world for a life of poverty, chastity and obedience? How is it that hundreds of thousands of women do this... many-to-do families which could supply

## Fabulous Gifts in History

Try it. Some comfortable moment during the holiday season when the menfolk are contentedly enjoying their cigars and the girls are stirring saccharine into their coffee to compensate for the rich Christmas desserts they've been nibbling, ask your listeners what they consider to be the biggest gift ever given. The diversity of answers will provide an interesting discussion — and perhaps a revealing clue to your listener's values.

Some may cite the Hope diamond, recently given to the people of the United States. The famous gem appraised at \$176,200 was donated to the Smithsonian Institute in November 1958 by

diamond merchant Harry Winston. Others, asked to cite history's biggest gift, might name the \$500 million given at one time to schools, hospitals and other institutions by the Ford Foundation. The gift was announced in December 1955 — an appropriate time if ever there was one.

Ranking high on anyone's list of fabulous presents would be the 200,000 tons of food given to starving people each year by private American citizens through CARE — Committee on American Remittances to Everywhere.

Less famous but more striking than any of these is history's strangest giveaway — the gift of an entire country! It happened hundreds of years ago during the reign of Charles V who ruled over the Holy Roman Empire. Short of cash with which to repay a loan from his banker, Charles gave him the country of Venezuela instead. (Anything but a cheerful giver, the emperor later took back his present without repaying the loan.)

Operating on a more modest scale, the French emperor Charlemagne rewarded victorious generals by giving them all the land they could walk around from sunup to sundown. An earlier potentate — that ignoble Roman known as Nero — had the enduring habit of throwing numbered balls into a crowd of guests and awarding cash, mansions and jewels to the lucky numbers. Whatever people said about Nero fiddling away his time, no one ever denied that he was the life of the party — or that his guests had a ball.

While it's the spectacular gifts that crowd the headlines and the history books many would argue that the little presents, by sheer weight of numbers and cumulative cash value are really the most fabulous of all.

Let us ponder this statistic: over \$31 million was spent on perfume in the United States last year. A healthy chunk of this dough was put up by people buying gifts. In fact some sales people maintain that most of their sales come from gifters rather than wearers of the heady fragrances!

Husbands discussing history's most fabulous gifts had better keep quiet about Napoleon's present to Josephine: a tiara blazing with 880 diamonds. On the other hand, a couple of cows given to the right man (the bride's father) may win you a bride in Africa — and the standard present from groom to bride in Java is a measly ginger root!

Who can understand his errors? Cleanse thou me from secret faults. — (Psalm 19:12)

It is easy enough to see the faults of other people, difficult to recognize our own. When we notice traits we do not like in others, should we not prayerfully examine ourselves to discover whether we, too, are guilty of the same faults?

MARY JANE KAISER, 8-year-old blind daughter of Mr. and Mrs. Glenn Kaiser, 15760 Haggerty Rd., Plymouth, hears her parents describe a display at

the Christmas Fantasy in the Ford Motor Co. Rotunda. Susan and other blind students at the Adams School in Livonia attended a special showing of the Fantasy.

## Buy Toys to Please Kids, Not Yourself

Christmas is the biggest "toy time" of the year and if you intend to give toys, find out what the child can use before you buy them, Dr. Joseph G. Molner, City-County Health Commissioner, advises.

Grownup gifters should take care not to select gifts to please themselves, but rather to please the child and meet his needs. Your first consideration should be the child's happiness, but remember that safety and suitability for age are important if they are to bring happiness. Being wise in your selection of toys as gifts if you are an aunt, uncle or other relative will help give the child's parents an enjoyable Christmas.

this requirement include dolls, wagons which have pull strings or round handles and blocks which have rounded corners. These are universal favorites with children and they can be used by youngsters of various ages and under almost all circumstances.

Avoid buying toys which do things. It is wise to remember that children need to do things with their toys. Activity should come from the child — not from the toy. Avoid buying toys which children can only sit and look at.

Physical growth and personality development require opportunity for wholesome play and toys are the tools of play. Make sure to take into consideration the age and living conditions of the child before you buy toys. Skates or a sled for one who has no

safe place to use them will only tempt him to take unnecessary risks and use them in unsafe places or else they will make him frustrated because he cannot enjoy them.

The tiny baby's first toy should be a bright one to hang where he can follow it with his eyes. It is certain the first thing he will enjoy is something that moves.

When he is three or four months old he can grasp and hold a rattle. A child one or two years old is learning safety and needs toys to pull and push, to pile up and knock down again, to load and unload. A young child will be happier if his holiday celebration is spread over several days. Do not confuse him by giving him too many toys at once. His enjoyment is diminished by confusion or bewilderment.

Make sure that the toys you give him do not have sharp points and that they are not splintered or broken. Avoid stuffed animals which have glass or button eyes which a child might pull off and breathe into his windpipe or shove into his ear.

Babies and young children are sensitive to the emotions of those closest to them. If there is a baby or young child in your family, surround him with the security and warmth of a happy family holiday and try to make it not too different from the experience he is accustomed to on other days. Don't overwhelm him with too many visitors, too many toys or too much excitement. If you expect him to have a happy Christmas, make sure he has enough rest by preventing overexcitement.

## NOTICE OF REGISTRATION To The Qualified Electors Of Plymouth Township

Monday, December 19, 1960, will be the last day you may register for the January 17, 1961, Special Election, when the question of adoption of the charter and the election of officers for the City of Plymouth Heights will be submitted.

Registrations will be taken at the Township Hall, 42350 Ann Arbor Road, Monday through Friday, 9:00 A.M. to 5:00 P.M., Saturday, December 10, 9:00 A.M. till 12:00 Noon, and Saturday, December 17, 9:00 A.M. till 2:00 P.M.

## Mayflower, Hillside Listed In New Duncan Hines Edition

Two Plymouth establishments will receive national recognition in the new 1961 edition of the Duncan Hines Travel Book "Adventures in Good Eating" coming out this month, according to an announcement from Roy H. Park, editor-in-chief of Duncan Hines Institute here, publisher of the travel book.

The Plymouth establishments are among 4,500 eating places in North America "Recommended by Duncan Hines." They are the Hillside Inn and Mayflower Hotel. Other Duncan Hines books are the companion travel book "Lodging for a Night," also newly republished; and the Duncan Hines guide to resorts and holiday spots, "Vacation Guide," now in preparation for publication in February, 1961.

"This edition marks the beginning of our second quarter of a century of service to the American traveling public," Park stated. "In 1935, the first 'Adventures in Good

Eating" launched a new and unique publishing venture, one that has pioneered in upgrading the standards of service offered the American traveler."

"The establishments which are truly a select group," Park said. "They represent the top two percent, for we recommend only 9,200 out of nearly half a million eating and lodging places in North America."

Once again the new editions have been completely revised, listing by listing Park explained, as well as having new covers which were designed for quick identification.

NEW YORK (UPI)—Trading stamp exchanges are doing a thriving business swapping stamps to aid housewives who receive several kinds from various stores. An operator of two Texas exchanges swaps five kinds of stamps and charges 25 cents a book for the service.

## STRONG VERSUS WEAK

NEW YORK (UPI) — The "wearer of the pants" in a marriage often turns out to be not the stronger but the weaker partner, a Seattle psychiatrist reported in Medical Times.

Dr. Walter J. Garre also said a wife possessing a normally adequate ego, upon discovering that her husband's deficient in ego strength, may deliberately play a subordinate role to elevate hubby's sense of his own value.

George II was the last British King to actively participate in a battle (1743).

### Army Enlistment Starts with Leave

Sgt. William J. Allen of the United States Army Recruiting Service, 3602 S. Wayne Rd., Wayne, announced today that male applicants enlisting in the Army between Dec. 12 and Dec. 31 may be granted up to 15 days leave to allow them to remain home over the holidays. Although the enlistees will be sworn in and placed on a full pay status, they will not depart for Basic Training until after Jan. 1, 1961.

Details on how young men may take advantage of the Christmas Leave Program may be obtained by phoning Parkway 2-3388 or visiting the U. S. Army Recruiting Station located at 3602 S. Wayne Rd., Wayne.

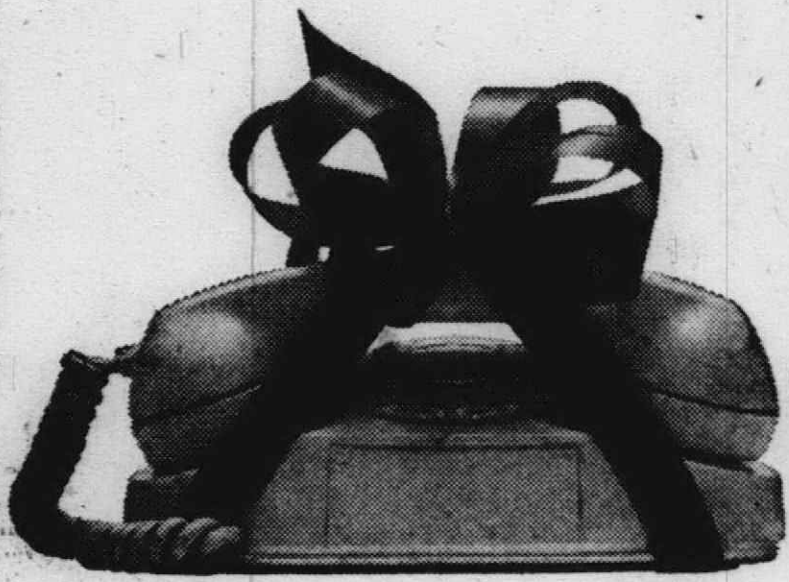

### PROMISE A Princess!

Let this lovely little phone light up the season for someone you love

What a wonderful, colorful telephone! The new Princess extension phone is so small you can hold it easily in your hand. It will go beautifully anywhere in the home. Its dial glows softly at night (no need for a separate night light).

Order a Princess phone for someone special. Five Princess colors: white, beige, pink, blue or turquoise. A call to your Bell Telephone business office will arrange it. Or ask the man on the telephone truck.

### Automatic Blankets Are Here to Stay

BY ROSELLA M. BANNISTER

Wayne County Extension Agent, Home Economics

Automatic blankets are here to stay—over 12 million American families are now using them. People often ask these questions about automatic blankets: Are they safe? How much do they cost to buy—to operate? Do they require special care?

The main advantage of automatic blankets is that a single layer of blanket provides the desired degree of warmth with little sensation of weight.

From the safety standpoint modern electric blankets should give the user complete peace of mind. These blankets are extremely well insulated and they have built-in protective action to break the circuit if over-heating should occur. Always look for the U.L. seal of electrical safety.

The price of automatic blankets varies from \$10 for a cotton flannel twin-bed size to \$34 for the 100 percent Acrilan blanket in the double bed size with dual temperature controls.

The average cost of operation is 67 cents a month for the 180 watt blanket. When used with reasonable care and laundered according to instructions, an automatic blanket will give many years of satisfactory service.

Good automatic blankets have nylon bindings which will last the life of the blanket. Look for the contour feature which makes it possible to snap-fit the bottom corners of the blanket to keep it firmly in place. This feature should add nothing to the price of the blanket.

Blanket size is important. The length should be at least 84 inches and the width varies according to bed-size.

Never leave an automatic blanket turned on when it is not in use. Wired areas should not be tucked between

mattress and footboard or jammed against the wall.

Launder automatic blankets with mild lukewarm suds. If a washing machine is used, keep to a short washing cycle. Line drying is recommended. Never dry-clean an electric blanket. The insulating materials which sheath the wiring may disintegrate on contact with cleaning solvents.

### All About BABIES

By James Marvin Baty, M.D. Physician-in-Chief

The Boston Floating Hospital

An acute illness in a child, severe enough to require a visit by the doctor, is usually an upsetting event to the family.

Parents naturally become anxious and their uneasiness may be increased by many things such as an epidemic of poliomyelitis or some other dreaded disease in the community, or the recent critical illness or death, either of a member of the family or of a friend.

As a result, the emotional reactions of the family undergo more or less marked changes which may have various effects on the sick child. He may be gratified to find himself the focus of his parents' time and care, often lavished on him to the point of unusual indulgence. He may be confused by his mother's attitude, for anxious mothers tend to forget, or at least to relax, all the good principles which usually determine their behavior toward the child.

Mothers who under ordinary circumstances would never deceive or force their children will unhesitatingly pretend that applesauce is the only thing in the spoon containing a bitter-tasting medicine. They may give an enema without preparing the child or force fluids or food with an intensity which can be explained only by their desire to get the child well as quickly as possible.

The child senses his parents' apprehension and the changes in their approach to him, but does not understand what has happened. At the same time, he has to give up gains in independence which he may only recently have acquired.

He has to stay in bed, and there is nothing harder on children than restriction of motion, unless they are too sick to move. His bowel movements and his urinary functions become a matter of concern again. How much or how little he eats is now a major issue and his diet frequently changes too.

At the same time, the child has to handle the effect of illness on his own body and emotions. He may become withdrawn and want nothing to do with anyone, or he may change into a clinging, whiny, contrary "brat" demanding to be held and comforted constantly by his mother. Other children revert to an infantile state, sucking their fingers, wetting themselves and wanting to be babied.

What can parents do to offset these psychological disturbances? There are no ready answers. Each situation is different.

### Christmas Tree Vendors' Clinic Slated in Area

Those persons who will be selling trees on the many lots in the Detroit area this year are invited to attend any one of three workshop sessions to learn more about the products they are selling. Meetings have been arranged for Redford, Allen Park and at Eastern Market.

Ed Kidd, Wayne County Extension Agent in Agriculture, will be in charge. Kidd has had close contact with the Christmas tree industry of Northern Michigan for many years. He feels that Service Club members, Boy Scouts, church groups and others who retail trees could well afford to learn more about the various species of trees, their needle holding abilities, comparative prices, selling methods and many other aspects of producing satisfactory customers.

Sample trees will be on display. Everyone who will be selling trees at retail is invited to these open, public sessions. No charge for admission, and no attempt will be made to sell Christmas products.

The Redford meeting: Dec. 5, 8 p.m., Redford Branch, Manufacturers National Bank Bldg., rear door, 26095 Five Mile Rd., near Beech Rd.

### Ground Pork For A Hearty Winter Lunch

Winter is a good time to take inventory of your lunch menus. Everyone needs a good lunch of high quality protein every day, especially during the cold winter days. It's protein that has the stick-to-the-ribs quality that keeps you going all day.

Sausage-Corn Fritters, featuring ground pork, is a hearty dish that adds variety and good nutrition to your family lunch. A pitcher of maple syrup to pour over the top adds to their success.

Sausage-Corn Fritters would be especially delightful at a brunch for holiday guests. Reba Staggs, home economist, suggests a first course of fresh fruit.

**Sausage-Corn Fritters**  
 1/2 pound pork sausage  
 1 tablespoon water  
 1/4 C. sifted enriched flour  
 2 teaspoons baking powder  
 1/2 teaspoon salt  
 1 cup milk  
 1 egg, slightly beaten  
 1 C. drained whole kernel corn

Lard for deep-fat frying  
 Place sausage and water in cold frying-pan. Cover tightly and cook slowly five minutes. Pour off drippings. Sift flour, baking powder and salt together. Mix milk with egg, and stir into sifted ingredients. Add sausage and corn. Drop by tablespoons into deep hot lard (360 degrees F.) for four to five minutes or until golden brown. Yield: 15 to 18 fritters.

### Holiday Warning Issued By Michigan State Police

With November and December averaging a fifth of the annual Michigan traffic deaths, Sgt. Ellis Potter, of the Detroit State Police post, is warning motorists and pedestrians to be unusually vigilant in these hazardous months.

The toll for last November and December was 2, or 20 per cent of the 15 to 20, the same as the 33-year average computed since traffic records were begun.

More hours of darkness due to shorter days mean more driving and walking is done in reduced visibility. Potter pointed out. Frequent unfavorable weather and road conditions increase the hazards. In addition, holiday shopping adds to the volume of pedestrian and vehicle traffic in these two months.

"More alert driving and walking can cut down this year end toll," Sergeant Potter emphasized. "To increase their safety, motorists and pedestrians must work at it every day. You can't take safety for granted."

Sergeant Potter offered these safety tips:

To drivers: Because traffic hazards increase in November and December, increase your alertness. Take it easy after dark and in bad weather. Increase your caution at hills, curves and intersections. There may be ice or snow. Obey the traffic laws and signs and watch out for the motorist or pedestrian who may not. Safe driving can prevent accidents.

To pedestrians: Be especially alert for the added walking hazards of the season. Don't block your vision with packages or other objects. Walk only where drivers expect you, but be on guard for the motorist who may be inattentive or careless. Be extra cautious at night and in bad weather. Remember, careful walking can keep you unharmed so always take your best steps in traffic.

### THE READER Speaks Up

Editor:

What we need this Christmas is less parties and more getting together in family groups to worship. We are entirely missing the point of Christmas. It isn't how much money you spend on presents but what goes with it. Whether it's big or small, just as long as Christian love goes with it.

Forest Beardslee  
 Age 13, 585 Maple

Egyptian banks are opening branches in Damascus, Latakia and other places of what was once Syria but is now in the Northern part of the United Arab republic.

The Philippine Independence Day is the same as that of the United States, July 4.

### O.E.S. Highlights

The Annual Christmas Party, sponsored by Plymouth Chapter, Order of Eastern Star and Plymouth Rock Lodge, will be held Friday, Dec. 16 at the Masonic Temple for members and their families.

A potluck dinner will be served at 6:30 p.m. and those attending are reminded to please bring their own table service and a passing dish. The "Christmas Spirit" will be carried out by a program following the dinner. Santa Claus will make his usual annual visit. We are sure an enjoyable time will be had by all.

Your Worthy Matron, Juanita Hessler and your Worthy Patron, Clay Weathers, wish to extend to all their most sincere wishes for a Happy Holiday Season and a successful 1961.

The Jesuit missionary Poncet, is believed to have been the first white man to have seen the Thousand Islands, St. Lawrence area, in 1653.

### From where I sit... by Joe Marsh

### Shorty Johnson's "Sound" Remover

Our volunteer firemen's convention is quite a noisy affair. It often takes 15 minutes to bring the meeting to order. So this year, "Shorty" Johnson, our chairman, tried a new approach.

Amid all the noise, Shorty got up and began to speak. At first, you couldn't hear a word he said. But he kept on until things suddenly quieted right down.

Said Shorty, later: "I figured if I spoke softly enough, someone would wonder what I was saying and shush the man next to him. That man would quiet down the man next to him, and so on. All I was saying up there was 'Meeting will come to order.' And it did."

From where I sit, Shorty's quiet method proves there's more than one way to do things. If a neighbor, for example, prefers a glass of beer while you prefer iced tea, that's just two different ways of cooling off. It's all a matter of personal taste. And when you're tolerant of the other fellow's choice, you can be sure of "meeting" with friendship.

Joe Marsh

### Join our 1961 Christmas Club Now!

This is the time to start your planning for a merry Christmas in 1961! And the way to do it is to open a 1961 Christmas Club account at any of National Bank of Detroit's 66 offices. A few dollars every two weeks (25 payments) is all the care your Christmas Club account requires. But how it will grow! For example, \$4 every other week adds up to \$100 by next Christmas.

So stop in this week at your nearest National Bank of Detroit office—make Christmas 1961 happier for you and your family by planning for it now.

# New Office for Bagwell

(Editor's Note: (The author of this column is paid to write it by Republicans.)

By FRANK G. MORRIS

There is a surprising maneuver in the Republican Party to make Paul D. Bagwell the next State Superintendent of Public Instruction.

The strategists have been working quietly, fearing that a premature announcement of their plans might send Bagwell running in panic to a safe haven back of the boiler room at Michigan State University.

But the idea is by no means as witless as the recent GOP nominee for Governor might judge it.

Never has the party been in more desperate need of a victory. With the 1961 Spring election only four months away, most leaders cringe from the thought of another campaign. Most are depressed by hopelessness and confusion.

No qualified Republicans have appeared to run against Superintendent of Public Instruction Lynn Bartlett or Highway Commissioner John Mackie, who will be seeking new terms in the April election. So far, dejected chiefs have not been interested.

But Bagwell could get the show back on the road if he could be persuaded to make the race. His long experience at MSU qualifies him to head up the state's school system with firm direction on the road to basic scholarship and tolerance.

Not all Republicans have agreed with the program the professor proposed for Michigan during his two attempts to be elected Governor. But few could disagree with his educational philosophy in this era when the schools have become the major influence in shaping the destiny of American freedom.

Bagwell came closer to the governorship last month than any GOP

candidate since 1952. He lost to Governor-elect Swainson by only 41,000 while Vice President Nixon was losing the state to President-elect Kennedy by 67,000.

Bagwell ran far ahead of all candidates on the state ticket. With 3,245,656 votes cast, the GOP nominee had 49.37 percent. Only a descendant of misfortune (like Nixon in the popular vote for the Presidency) can come that close to victory.

The originators of the move to bring Bagwell back for the Spring election are on a rough road. One objection is that his candidacy for Superintendent of Public Instruction might indicate that the MSU professor is willing to accept any elective office that might be dangling.

Another is that his return to the voters so quickly after being defeated in November might weaken his leadership.

But the duties of leadership are demanding. Bagwell today is the titular head of the party. Until he returns to the comfort of a teaching job free of entanglements, he must manage its affairs. A victory in the April election is his obligation as long as he holds his high political rank.

If the MSU professor can be persuaded that the party can win in April only if he is back on the ticket, Bagwell might plug his ears against the reaction of his family — and step into the ring.

He met last week with Dr. John A. Hannah, president of MSU, to discuss the termination of the leave he took to run for Governor.

As long as Bagwell is not on the faculty, he can be active in politics. But when he returns to his job on the campus, Bagwell's political career has come to an end.

No date was set for his return.

## Handwriting Is Clue About You

Dear Lucille:  
I heard about your column and I would like to have you analyze my handwriting.

Yours truly,  
B. B.

Dear B. B.:  
You are an emotional type person — show your feelings and are of an expressive nature. You're a deep thinker, exploring at times but more the analytical type. You have a desire to probe, sift facts and find out what you can. There is the urge for acquiring, to add to what you have and possess, also for self improvement.

There is no sensitivity to criticism, and you are more

practical than future minded, but you are also broadminded.

You are a deep thinker with a good memory. There is appreciation for music.

Dear Miss Williams:  
I've read your column for quite a while and I think you have done very well. I'm sending you some writing and I'd like you to analyze it for me. Would you analyze the handwriting enclosed and also my own?

Thank you  
Rosemary

Dear Rosemary:  
The handwriting enclosed shows an emotional person, not too extreme however, but expressive in a moderate way. Good or bad, the feelings are usually outwardly expressed.

There is no sensitiveness to criticism but a lack of faith in their own ability. Also, some self-consciousness and some suppressed thinking.

This person can be alert and quick thinking and has a good imagination and good memory. He or she enjoys variety and going a way (outing).

Your analysis shows rhythmic and a sense of humor. You have a strong determination, good thinking — also along the analytical side. There is a desire to stand out, to do well and also for attention.

You like variation and have some organizational ability. You are close mouthed and inclined to be thrifty.

You have some creative tendencies but not much imagination. You are sensitive.

Dear Miss Williams:  
Does handwriting reveal the kind of work one is good at? I am at present looking for employment and would appreciate anything enlightening about my personality.

Sincerely,  
Doris

Dear Doris:  
You would like to handle responsibility but lack faith in your own ability. You have the will and purpose and a certain amount of determination.

You're a good thinker and even though you do get tired of details you can handle detail work. You have ability to express yourself on paper. There is a desire to be active and moving and you want to progress.

## How's Business?

# Curve Hits 1960 Bottom

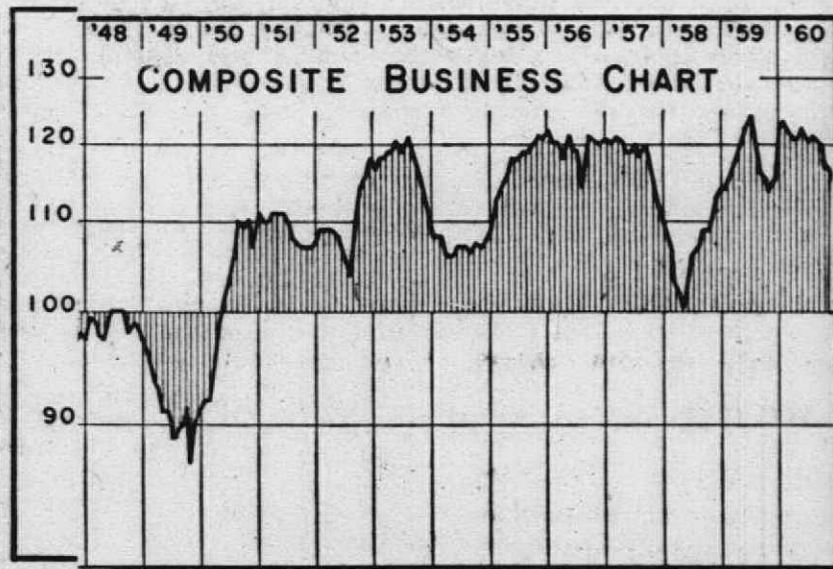

By ROGER W. BABSON

A further decline in our Composite Business Curve occurred in November. The 116 reading was the lowest for 1960 thus far, and was 6 percent below the peak at the beginning of the year.

During the previous two months this barometer had held fairly steady around 117. This was due largely to the bolstering influence of the earlier-than-normal effort on the part of automobile manufacturers to supply dealers with new models.

This stimulus to the economy lost its zip in November as auto producers began to trim output to ward off an excessive buildup of dealers' inventories; in the past it has been normal to expect a sizable hike in new car production at this time of year.

Another disappointing aspect of the business picture for November was the continued inability

This shows current business compared with the same time for the previous twelve years

of the steel industry to life itself out of the doldrums. Output fell off to around 50 percent of capacity compared with 54 percent in October. Production of appliances, paperboard, and textiles also declined in November.

In other sectors of the economy, however, business held up well, although the increasing

trade during October. Undoubtedly consumer disinterest was due partly to the month-long spell of warmer-than-normal weather throughout most of the country. But the further deterioration of employment and income conditions also was a factor.

Business should continue to jog along for a while longer. Rising government spending is beginning to generate some stimulus and the building and construction fields are picking up a bit. But while these should bolster activity, they are not, of themselves, enough to restore a strong upbeat to business.

Merchants were much disappointed with November's abrupt easing of consumer spending compared with the surge in

tendency to grant price concessions indicates the presence of fundamental weaknesses and of supply-demand imbalances. These must be corrected before a business revival of any consequence can be expected.

Beauty Preparations

The Scythian women make a mixture of cypress, cedar, and frankincense wood, which they pound into a paste upon a rough piece of stone, adding a little water to it. With this substance, which is of a thick consistency, they plaster their faces all over, and indeed their whole bodies. A sweet odor is thereby imparted to them, and when they take off the plaster on the day following, their skin is clean and glossy.

—HERODOTUS (c.484-425 B.C.) Greek historian

Women are everywhere conscious of the value of their own beauty. And when they have the means they take more delight in decorating themselves with all sorts of ornaments than do men. They borrow the plumes of male birds, with which nature has decked this sex in order to charm the females.

—CHARLES DARWIN (1809-82) English naturalist

I have heard of your paintings too, well enough; God has given you one face, and you make yourselves another.

—SHAKESPEARE

## If Your Name Is Victor

By ANN REYNOLDS

This name is Latin, and means just what we guess it means, "victor" or "conqueror." Although there were some Christian martyrs so called, among English speaking men it came into wider use for Queen Victoria. This is the opposite of the usual way with first names; many were applied first to men, then adapted to women.

Our most famous Victor, fondly remembered by lovers of popular music, was Victor Herbert. Born in Ireland, educated in Germany, this

good looking, genial musician with a tremendous zest for life had a thorough understanding for the musical preference of his adopted country.

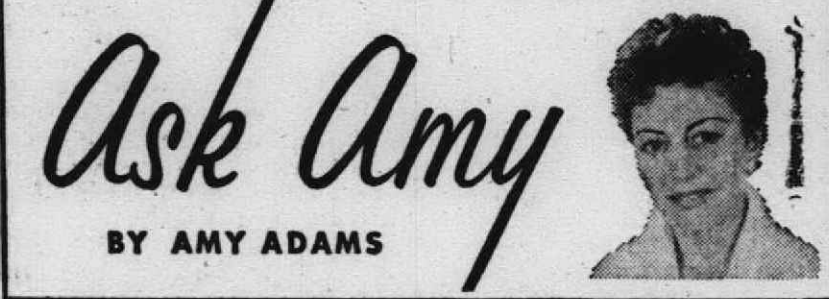

He realized that men and women expected, of what is called "light" or "popular" music, romance, warmth and charm. This he offered in his operettas, for instance in "Naughty Marietta."

Victor Herbert began his career as an orchestra and concert violoncellist. When a fellow orchestra player overheard his improvisations on the piano, he suggested that Victor try composing. Young Herbert began writing music. He tried his hand at serious music first, and only later found the true scope for his musical gift with operettas.

One of France's greatest writers had "Victor" for his first name. He was Victor Hugo, among whose numerous novels "Notre Dame de Paris," and "Les Miserables" are still widely read in our country. Victor Hugo's father was a general in Napoleon's army, and it would be easy to believe that the boy got his name for some glorious military feat. But this was not so. The infant Victor was named for General Victor Lahorie, a friend of the Hugo family.

There are many more "Victorias" and "Vickers" among us than there are "Victors." But, fates of names are unpredictable. Maybe "Victor" is going to catch on one of these days, for one reason or other.

Want to know about some other name? Write to Ann care of this paper. For a personal reply enclose a stamped, self-addressed envelope, always printing the name requested.)

## STAY A FRIEND—DON'T INTERFERE

Dear Amy:

I know a lady whose husband, for a year or more, has been going out with another woman. She knows he does. They have grown children and they know it too. She and the children are respectable. They don't approve of what he is doing even though they act as if nothing is wrong—just hoping that he will change and stay home and take over the responsibilities of the home and pay his debts instead of spending his money on this other woman.

Everyone knows that he is neglecting his good family. Is his wife doing right by going on and living a life like this, hoping that he might change?

Should a friend talk to her and try to help her, or just let her go on living this kind of life and lose the respect of her friends and children?

Just Concerned

Dear Concerned:  
It's not a friend's place to talk to her. It's up to her to talk to him! If she didn't want to live this kind of life, she would have done something about it a long time ago.

Some women enjoy being walked on and made a fool of. Don't interfere!

Dear Amy:

Possibly you can answer this question for me. I am a widower and have my own home and have a nice car. I am lonesome and have been going with a widow who has been married three times. I did everything for her I possibly could but she has gone to Florida with another man who is about half-baked, and she lied to me something terrible. What makes people lie like that? I am afraid the law of averages will catch up with her and punish her for telling so many lies.

What can you tell me about such a person who would do such a thing like that?

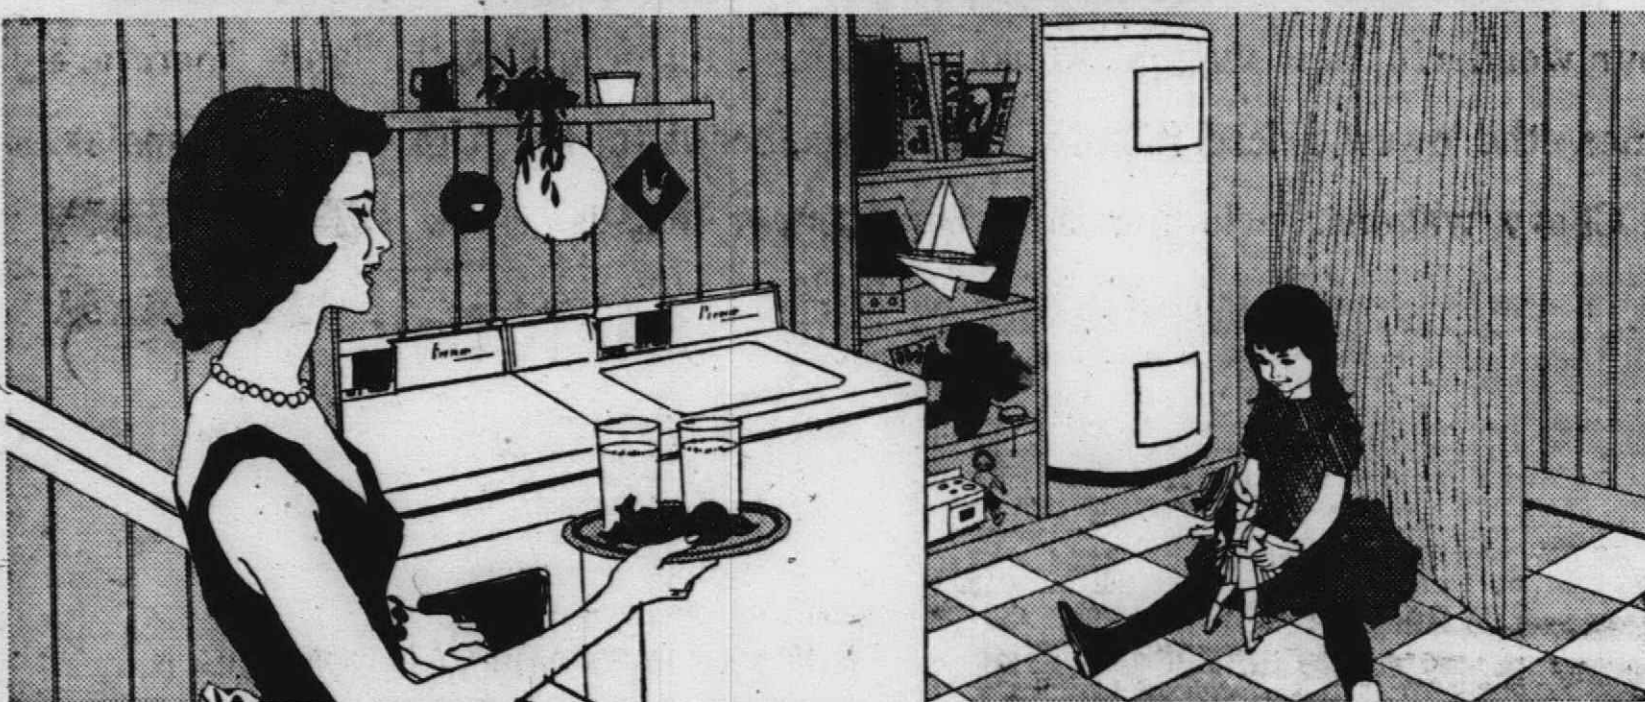

Lonesome

Dear Lonesome:

In affairs of the heart, a woman lies to cover up the truth and her insincerity.

I don't know about the law of averages, but I'll bet there are other laws which will eventually catch up with her. Pity the poor sucker who will become No. 4, and thank the good Lord it wasn't you!

# why there's no water heater like an ELECTRIC WATER HEATER

**YOU CAN PUT IT ANYWHERE**—even in an air-tight closet. Because there's no flame, an electric water heater doesn't need air flow to support combustion, or a vent to carry off fumes. There's even a table-top model you can put under the counter in the kitchen or utility room. Here's the only heater you can always place close to point of greatest hot water use.

**PLENTY OF HOT WATER ROUND THE CLOCK.** For dishes, laundry, baths, there's always plenty of hot water available. Electric water heaters have two heating units; one for normal use, the other for those occasions when there's an extra demand for hot water.

**HOTTER HOT WATER WHENEVER YOU NEED IT.** Some laundering requires very hot water to get clothes really clean. Dishwashers, too, need water that's very hot. Remember, an electric water heater can keep on and on, delivering the extra-hot water needed without burning out.

**OPERATING COSTS ARE AMAZINGLY LOW.** The popular 50-gallon heater will meet the needs of 8 out of 10 families. Using estimated operating costs for this size unit, a plentiful supply of hot water for all family needs should cost you less than 15¢ a day!

10 Years Ago

The Red Cross Bloodmobile's visit to Plymouth Tuesday was successful with 128 pints of blood donated by Plymouthites. A total of 171 people registered. This brings the Plymouth Blood Bank quota beyond its goal of 100 pints. A number of pints of blood will be sent to Korea.

A Latvian family, Mr. and Mrs. John Bortins and their 11-month son, was welcomed to Plymouth last week by the Methodist Church, who sponsored the family's trip here in cooperation with Church World Service.

The University of Michigan C. L. Christmas Sing will be held Dec. 10 at 8 p.m. at the home of Evered Joliffe. Everyone interested in the university is invited to attend the holiday event.

The life of Robert Wesley, the sales and advertising director of Daisy Manufacturing Co., will be dramatized Thursday, Dec. 7 over Detroit radio station WJW. The Mark Adams program, which is sponsored by the Employment Assn. of Detroit, will present the program of their regular dramatization feature hour.

Next Monday, Dec. 11 is the date of the special election called by the board of education when Plymouth voters will consider the proposal of an additional mill to school taxes. The additional mill is necessary to raise \$245,000 needed by the board to complete the present school building program.

Cecil Creel, Lions deputy district governor, will address members of the Plymouth Lions club tonight at the meeting in the Hotel Mayflower. Every member is urged to be present to hear this important speaker.

25 Years Ago

Winter cracked down on Plymouth with plenty of fury Tuesday night. There was not a heavy snowfall but the mercury started to drop early in the evening and by Wednesday morning it was down to zero in some places about Plymouth.

This week opens the annual national sale of Christmas seals to raise money for charity on the campaign for "The Cure and Prevention of Tuberculosis."

The trophy won last December by Wild & Co. under the supervision of Carl Caplin will be placed into the mailstrom and every able minded and enterprising merchant should throw off his coat, get out the tack hammer, get a little evergreen from the floral shops or the Chamber of Commerce, put up a few strings of lights, plus some merchandise from the shelves or better still, new merchandise and set up his mark to win the coveted prize.

So that all the needy boys and girls of Plymouth and vicinity will be sure and have a visit from good old Santa at Christmas time, the American Legion is making plans for a big newspaper sale on Saturday, Dec. 14 and a prize party on Friday night, Dec. 13.

Many friends of Mr. and Mrs. Kenneth Corey will be glad to know that their little son Tommy, who has been so seriously ill in St. Joseph's Hospital in Ann Arbor, is now believed to be on the road to recovery. The father and mother have been almost constantly at his bedside during the past few days. He was stricken with pneumonia about a week ago and his condition became exceedingly alarming almost immediately.

50 Years Ago

The International Amusement Co. of Detroit will present "Them Hersons Kids" at the opera house Tuesday evening, Dec. 13. Charles Gardner of Northville—a everybody knows Charley—is a member of the "kids" and comes as a full-fledged actor. You will want to see Charley, of course. The performance is for the benefit of the K.P.'s.

The second mile of road east of Plymouth, has been completed, extending past James Joy's house. That constructed a year ago suffered considerably from the heavy loads of gravel drawn over it with the heavy road engines while the ground was soft. When the final dressing and leveling is done in the spring it will be a fine stretch of first class road.

Judge Mandel on last Friday pronounced sentence of burglary on the store of Joseph Boston and torturing the old man. The sentence of the court was that Hudson be confined in Jackson Prison for a period of from seven to 15 years, with the recommendation that he serve eight. This will keep him quiet for some time.

Miss Cora White and Elmer Blank, both of this village, were married in Detroit yesterday. Their many friends extend congratulations. They will occupy part of Mrs. George VanVleet's house on Ann Arbor St.

Plymouth Township Ordinance Concerning Water Finances, Operation

An Ordinance establishing and fixing rates and charges for the use of sewage disposal and water supply and distribution facilities owned or operated by the Township of Plymouth; providing for the allocation and use of the revenues derived therefrom; providing for the levying of a minimum tax to provide additional funds to meet indebtedness incurred for water supply and distribution facilities; prohibiting unauthorized connections and providing penalties for the violation thereof; and repealing certain Ordinances.

WHEREAS, the Township of Plymouth owns or operates pursuant to law sanitary sewer facilities providing proper disposal of sewage from a large area of said Township;

AND WHEREAS, the Township of Plymouth presently owns and operates water supply and distribution facilities in the Township, and in addition pursuant to Contract entered into pursuant to the authorization of Act 342, Public Acts of Michigan, 1939, as amended, with the Board of County Road Commissioners of the County of Wayne, acting for and on behalf of the County of Wayne, dated as of November 3, 1960 (hereinafter referred to as "Water Contract"), certain additional water distribution mains and facilities are to be constructed which will serve additional large areas of the Township with water from the City of Detroit Water Supply System which said City, by its Board of Water Commissioners, has contracted to supply the Township for a period of not less than thirty-five (35) years;

AND WHEREAS, under the authorization contained in the above described Water Contract and Act 342, Public Acts of Michigan, 1939, as amended, the County of Wayne, by action of its Board of Supervisors, has adopted the necessary ordinance providing for the issuance of WAYNE COUNTY METROPOLITAN WATER SUPPLY SYSTEM BONDS (PLYMOUTH TOWNSHIP SECTION) (hereinafter referred to as the "Water Bonds"), in the aggregate principal amount of \$1,100,000.00 to provide funds to pay the cost of said additional water distribution mains and facilities;

AND WHEREAS, under the terms of said Water Contract the full faith and credit of the Township of Plymouth has been pledged for the payments therein specified which are in an amount sufficient to pay the principal of and interest on said bonds when due;

AND WHEREAS, under the provisions of said Act 342, Public Acts of Michigan, 1939, as amended (Section 5(a) thereof), the Township has several optional means of raising the necessary funds to meet the obligation of its contractual full faith and credit pledge including

"(e) from any other fund or funds which may be validly used for such purpose . . . ."

AND WHEREAS, the qualified electors of the Township of Plymouth, at a special election held in said Township on March 28, 1956, approved the following tax rate limitation increase proposition:

Shall the limitation on the total amount of taxes which may be assessed against all property in the Township of Plymouth, County of Wayne, Michigan, for all purposes except taxes levied for the payment of principal and interest on obligations incurred prior to December 8, 1932, be increased, as provided by Section 21, Article X of the Constitution of Michigan, by four mills (\$4.00 on each \$1,000.00) of the assessed valuation, as equalized, of all property in the Township for a period of twenty (20) years, 1956 to 1975, both inclusive, for the purpose of acquiring and constructing sanitary sewers and (or) water supply and distribution facilities in said Township and paying indebtedness or other contracts which obligations incurred for such purposes subsequent to March 1, 1956?

AND WHEREAS, the Township Board by resolution adopted 1958, has bound itself to levy annually one and one-half (1½) mills of said voted millage for the purpose of providing the required funds to pay indebtedness incurred by the Township under the terms of a contract dated July 2, 1958, between the Township and the Board of County Road Commissioners of the County of Wayne when due, which contractual payments are pledged for the payment of Wayne County Metropolitan Sewerage and Sewage Disposal System Bonds (Plymouth Township Section) in the aggregate principal amount of \$750,000.00, the proceeds of which were used to construct sanitary sewers in the Township which are now constructed, and are being operated and maintained by the Township pursuant to said Contract;

AND WHEREAS, in the judgment of the Township Board of the Township of Plymouth it is to the best interest of the Township and its citizens that the funds necessary to meet the Township's contractual obligation pledged for the payment of the Water Bonds be raised by service charges to users of the Township owned and (or) operated sewage disposal and water supply and distribution facilities, and to the extent necessary a tax levy in accordance with the authorization of the electors of the Township hereinbefore referred to, and to that end, that all of said sewage disposal and water supply and distribution facilities be operated on a public utility rate basis as a single system (being hereinafter referred to as the "System"); that the users of services furnished by said System pay uniform and reasonable rates in order to provide funds for operation and maintenance thereof, and to meet, as far as possible, the contractual obligation of the Township pledged for the payment of the Water Bonds;

AND WHEREAS, in the judgment of the Township Board this method of raising funds is the fairest and most equitable method of providing funds to meet its contractual obligation pledged to the payment of the Water Bonds and will result in only a minimum tax levy for a period of not exceeding sixteen (16) years, and will constitute and provide full compliance with the requirements set forth in the Water Contract (particularly Section 7 thereof).

The Township of Plymouth Ordains:

Section 1. In construing this ordinance, the terms and words hereinafter defined, unless the context clearly establishes otherwise, shall be given the meanings hereinafter set forth:

SYSTEM shall be construed to mean all sewage disposal and (or) water supply and distribution facilities owned and (or) operated by the Township of Plymouth, including, but not limited to, sanitary sewers, combined sanitary and storm sewers, water mains, wells, and all works, instrumentalities and properties used or useful in connection with the collection, treatment and disposal of sewage or industrial wastes, or the supply, treatment and distribution of water.

WATER BONDS shall be construed to mean the Wayne County Metropolitan Water Supply System Bonds (Plymouth Township Section) in the aggregate principal amount of \$1,100,000.00 to be issued pursuant to the provisions of the Water Contract, and ordinance adopted by the Board of Supervisors of the County of Wayne under the provisions of Act 342, Public Acts of Michigan, 1939, as amended.

SEWER CONTRACT shall be construed to mean the contract between the Township of Plymouth and the Board of County Road Commissioners of the County of Wayne, dated as of July 2, 1958, and referred to in the preamble hereto.

SEWER BONDS shall be construed to mean the Wayne County Metropolitan Sewerage and Sewage Disposal System Bonds (Plymouth Township Section) in the aggregate principal amount of \$750,000.00 issued pursuant to the provisions of the Sewer Contract, and ordinance adopted by the Board of Supervisors of the County of Wayne under the provisions of Act 342, Public Acts of Michigan, 1939, as amended, the proceeds of sale of which were used to construct the sanitary sewers described in the Sewer Contract.

WATER CONTRACT shall be construed to mean the contract between the Township of Plymouth and the Board of County Road Commissioners of the County of Wayne, dated as of November 3, 1960, and referred to in the preamble hereto.

FIXED DEBT RETIREMENT PAYMENTS shall be construed to mean the payments required to be made by the Township to Board of County Road Commissioners of the

County of Wayne for the retirement of the Water Bonds pursuant to the provisions of the Water Contract. TOWNSHIP BOARD shall be construed to mean the Township Board of the Township of Plymouth, the legislative and governing body of the Township. TOWNSHIP shall be construed to mean the Township of Plymouth, County of Wayne, Michigan.

Section 2. From and after the date of adoption of this Ordinance the System, as herein defined, shall be operated and maintained on a public utility basis as authorized by law, particularly Act 342, Public Acts of Michigan, 1939, as amended, and Act 94, Public Acts of Michigan, 1933, as amended. It is hereby declared to be the intent and purpose of the Township Board to establish reasonable and uniform rates and charges applicable to various classifications of users of the services furnished by the System, so as to provide funds to as far as possible (a) operate and maintain said System in a reasonable, proper and efficient manner, and (b) to pay the obligations of the Township expressed in the Water Contract consisting of the Fixed Debt Retirement Payments.

Section 3. The System, as herein defined, shall be and remain under the management, supervision and control of the Township Board or such agency or department of the Township as it may designate, subject to the provisions of the Water Contract and Sewer Contract in relation thereto. The Township Supervisor, with the approval of the Township Board, may employ such person or persons as may be deemed necessary to carry on the management, maintenance and operation of said System.

Section 4. The System shall have an operating or fiscal year commencing on April 1st and ending on March 31st of each year.

Section 5. The rates and charges for the services and benefits provided by the System shall be as prescribed from time to time by the Township Board. The initial rates and charges shall be as follows:

WATER RATES

Applicable to each premises having any connection to the water mains of the System.

- (1) Consumption Rate: First 17,000 gallons at 34c per 1,000 gallons. All over 17,000 gallons at 28c per 1,000 gallons. (2) Bi-Monthly Service Charge (in addition to consumption rates)

Table with columns: Meter Size, Service Charge. Rows: 5/8", 1", 1 1/4", 1 1/2", 2", 3".

- (3) Minimum Bi-Monthly Rate: Table with columns: Meter Size, Minimum Bill, Gallonage Allowed. Rows: 5/8", 3/4", 1", 1 1/4", 1 1/2", 2", 3". (4) Debt Service Rate

- (a) Residential-\$3.00 per front foot at rate of \$18.00 per year, payable bi-monthly. (b) Industrial, Commercial & Schools - \$3.00 per front foot to be paid on a bi-monthly basis within a ten-year period.

- (5) Water Connection Charge: A connection charge of not less than the cost of connection plus twenty per cent (20 per cent) shall be made for each connection to the System. Such initial connection charge shall be as follows, to wit:

Table with columns: Size of Service Meter, Size of Meter, Minimum Bill, Gallonage Allowed. Rows: 3/4", 1", 1 1/4", 1 1/2", 2", 3".

Rates for larger sizes and/or lengths shall be computed on request. Permit for such connection shall be obtained in advance from the Township, and the property owner or user making such connection shall pay any inspection charges now or hereafter established by the Township prior to the use thereof.

- (6) Fire Hydrant Rates: For water used through fire hydrants for fire protection and other purposes the Township shall pay in equal quarterly installments during each fiscal year the sum of Fifty (\$50.00) Dollars for each fire hydrant.

SEWAGE DISPOSAL RATES

- (1) Debt Service Rates: For all new residential buildings constructed or completed subsequent to September 17, 1958, which are connected directly to those sanitary sewers of the System constructed with the proceeds of the sale of the Sewer Bonds a debt service charge of Four Hundred (\$400.00) Dollars in cash shall be paid prior to the issuance of the building permit by the Township.

- (2) Sewage Disposal Use Rates: Such rates shall be levied on each lot or parcel of land, building or premises now or hereafter having any connection with the sewers of the System. Such rate shall be based on the quantity of water used therein or thereon, as the same is measured by the water meter installed therein (if there is such a meter), and shall be as follows:

- 17c per 1,000 gallons of water used, with a minimum charge to all users of \$3.00 bi-monthly.

The above rates include rates imposed by the County of Wayne for the treatment and disposal of sewage through its sewage treatment and disposal facilities.

- (3) Special Rates: Where sewage disposal service is furnished to users not connected to the water system, or if connected to the water system no meter is used to measure the quantity of water used, or in cases where users make use of large quantities of water which may be discharged into storm sewers, or for other miscellaneous users of water for which special consideration shall be given, special sewage disposal rates may be fixed by the Township Board.

The Township Board may establish special rates to meet special circumstances where in its judgment the application of the rates herein provided would be inequitable.

BILLING

Bills for the debt service rates (where payable in installments), and sewage disposal use rates, shall be made as separate items on the water bills for those premises served by the sewers of the System who have connections to the water mains of the System, and separate bills for such rates and charges, for those applicable, shall be prepared for premises having no connection to the water mains. Bills shall be rendered bi-monthly during each operating or fiscal year and shall represent charges for the two-month period immediately preceding the date of rendering the bill. Said bills shall become due and payable within fifteen (15) days from the date thereof, and for all bills not paid when due, a penalty of ten per cent (10 per cent) of the amount of such bill shall be added thereto.

ENFORCEMENT

The charges and rates herein specified shall constitute a lien on the property served and benefited, and if not paid within six (6) months after the same are due, the official or officials in charge of the collection thereof shall, prior to September 1st of each year, certify to the Township Supervisor the fact of such delinquency, whereupon such charge shall be entered upon the next tax roll as a charge against such premises and shall be collected and the lien thereof enforced in the same manner as general Township taxes against such premises are collected and the lien thereof enforced: Provided, However, as provided in Section 21, Act 94, Public Acts of Michigan, 1933, as amended, where notice is given that a tenant is responsible for the payment of the consumption rates and debt service rates, no further water or sewer service shall be rendered to such premises until a cash deposit of not less than Twenty-Five (\$25.00) Dollars shall have been made as security for the payment of such charges and service.

In addition to other remedies provided, the Township shall have the right to shut off and discontinue the supply of water to any premises for the non-payment of charges and rates herein specified when due. A turn-on charge of \$2.00 shall be paid before such service is restored.

Section 5. No free service shall be furnished by the System to any person, firm or corporation, public or private, or to any public agency or instrumentality, but service so furnished by the System shall be paid for in accordance with the foregoing schedule of rates, or any revision thereof, in compliance with the provisions of this Ordinance. The Township of Plymouth shall pay from its general funds, or from the proceeds of taxes which it is authorized to levy within constitutional limits, the water rates and sewage disposal rates herein set forth, for any connections serving said Township or any of its departments or agencies.

Section 7. The gross revenues of the System are hereby ordered to be set aside, as collected, into a separate depository account in National Bank of Detroit, Detroit, Michigan, designated as WATER SUPPLY AND SEWAGE DISPOSAL SYSTEM RECEIVING FUND (hereinafter referred to as the "Receiving Fund"), and said revenues so deposited are pledged for the purpose of the following funds and shall be transferred from the Receiving Fund periodically in the manner and at the times hereinafter specified: (A) OPERATION AND MAINTENANCE FUND:

Out of the revenues in the Receiving Fund there shall first be set aside during each quarterly period into a separate depository account designated OPERATION AND MAINTENANCE FUND, a sum sufficient to provide for the payment of the next quarter's current expenses of administration and operation of the System and such current expenses for the maintenance thereof as may be necessary to preserve the same in good repair and working order.

The Township Board, prior to the commencement of each operating year, shall adopt a budget covering the foregoing expenses for each year, and such total expenses shall not exceed the total amount specified in said budget, unless approved by a three-fifths (3-5) vote of the members of the Township Board.

(B) CONTRACT PAYMENT FUND: There shall next be established and maintained a separate depository account designated CONTRACT PAYMENT FUND, the moneys from time to time on deposit therein to be used for the purpose of making the fixed debt retirement payments required by the provisions of the Water Contract.

All moneys remaining in the Receiving Fund after the foregoing provisions have been made for the requirements of the Operation and Maintenance Fund, shall semi-annually on September 1st and March 1st of each year be set aside and transferred to the Contract Payment Fund, which said moneys shall then be used as follows and in the following priority:

First: For the fixed debt retirement payments due on October 1st and April 1st of each year, representing interest on the Water Bonds due on October 1st and principal and interest due on April 1st of each year.

Second: To the establishment of a Contract Payment Reserve Fund which shall be maintained as a separate account, until said fund shall equal the maximum principal and interest becoming due on the bonds in any future year. The moneys in said Contract Payment Reserve Fund shall be used solely for the payment of the fixed debt retirement payments to the extent of any deficiency in current revenues available therefor. Any moneys so used shall be replaced from the next revenues available therefor. Moneys in the Contract Payment Reserve Fund may be invested in obligations of the United States of America, and any income therefrom shall be credited to said fund.

Third: For advance payments, or redemption of Water Bonds prior to maturity in accordance with the authorization contained in Section 6 of the County Ordinance and the provisions of the Water Contract, at the written option of the Township or, at the option of the Township Board for the construction of additional extensions and improvements to the System, or the payment of indebtedness incurred therefor.

Section 8. Pursuant to authorization of the qualified electors of the Township of Plymouth at the special election held on March 28, 1956, wherein the constitutional tax rate limitation in said Township was increased by four (4) mills of the assessed valuation as equalized for a period of twenty (20) years, 1956 to 1975, both inclusive, and specifically earmarked:

"... for the purpose of acquiring and constructing sanitary sewers and water supply and distribution facilities in said Township and to pay any indebtedness or other contractual obligations incurred for such purposes subsequent to March 1, 1956."

There shall be levied on the tax rolls of the Township for the purpose of providing additional funds to meet the Fixed Debt Retirement Payments and creating a reserve supply and distribution facilities) in each of the years 1960, 1961 and 1962, not less than one (1) mill (\$1.00 on each \$100.00), and in each of the years 1963 to 1975, both inclusive, not less than one-half (½) mill (\$.50 on each \$100.00), on the assessed valuation, as finally equalized, of all property in the Township. All income received from all tax levies authorized and required by this section shall be considered as revenues of the System, and be deposited as collected in the Receiving Fund and subject to the requirements hereof set forth in Section 7 of this Ordinance.

Section 9. Nothing contained in this Ordinance shall be construed to prevent the Township from entering into additional contracts with the County under the provisions of Act 342, Public Acts of Michigan, 1939, as amended, for the acquisition, construction and financing of additional sewers or sewage disposal facilities, or for water distribution improvements or facilities, and the use of revenues derived from such additional projects for the payment of any obligations incurred thereby.

Section 10. The rates and charges specified in Section 5 of this Ordinance shall be subject to revision from time to time by the Township Board, it being the intent that such rates shall as far as reasonably possible provide sufficient funds to enable the Township to efficiently operate and maintain the System and to meet its fixed debt retirement payments required by the Water Contract without recourse to its general funds, or any tax levies over and beyond the specific levy provided in Section 8 of this Ordinance.

Section 11. If the character of the sewage of any

manufacturing or industrial plant or any other building or premises shall be such as to impose an unreasonable burden upon the sanitary sewers of the System, the Township Board shall require that such sewage be treated by the person, firm or corporation responsible therefor before being emptied into the sewer or the right to empty such sewage may be denied, if necessary, to protect the said System or any part thereof.

Section 12. The Township shall cause to be maintained and kept proper books of record and account, in which shall be made full and correct entries of all transactions relating to the System. Not later than two (2) months after the close of each fiscal year, the Township shall cause to be prepared a statement in reasonable detail, showing the cash income and disbursements of the System at the beginning and close of the operating year and such other information as may be necessary to enable any taxpayer of the Township, user or beneficiary of the service furnished to be fully informed as to all matters pertaining to the financial operation of the System during each year. Such an annual statement shall be filed in the office of the Township Clerk, where it will be open to public inspection. Such books of record and account shall be audited annually by a certified public accountant, to be designated by the Township Board, and a certified copy of such audit shall be filed with the Township Clerk.

Section 13. No connection shall be made or permitted to be made to any of the sewers or water mains of the System without obtaining a permit therefor. Application for such permit shall be made and filed with the Township Clerk, and the issuance of such permit approved by the Township Board. No connection shall be made or permitted to be made to any of the sanitary sewers of the System which will in any way cause storm water or surface drainage to be carried into said sanitary sewers. Any person, firm or corporation violating the provisions of this section by making unauthorized connections to the System shall be guilty of a misdemeanor and upon conviction thereof shall be fined in an amount not exceeding Twenty-Five (\$25.00) Dollars for each violation. Each day in which any such violation shall continue shall be deemed a separate offense.

Section 14. If any section, paragraph, clause or provision of this Ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Ordinance.

Section 15. All ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this Ordinance, are to the extent of such conflict hereby repealed.

Ordinance No. XVI of the Township as amended by Ordinance No. XVI-A, Ordinance No. XIX and Ordinance No. XIX-A of the Township are specifically rescinded and repealed, said ordinances having been superseded by the provisions of this Ordinance.

Section 16. This Ordinance shall be immediately recorded by the Township Clerk in the Township Ordinance Book as soon as it is adopted, which record shall be authenticated by the signatures of the Township Supervisor and Township Clerk, and shall be published once in The Plymouth Mail, a newspaper of general circulation in said Township, within ten (10) days after its passage, and shall become effective upon date of publication.

Section 17. This Ordinance is declared to be immediately necessary for the protection of the public health of the Township.

I hereby certify that the foregoing constitutes a true and complete copy of an Ordinance duly adopted by the Township Board of the Township of Plymouth, County of Wayne, Michigan, at a Special Meeting held on November 30, 1960.

I further certify that the following Board Members were present at said meeting: Roy R. Lindsay, Elizabeth Holmes, Fred L. Miller, Louis J. Norman, C. Veach Sparks and that the following Board Members were absent: None.

I further certify that Board Member Elizabeth Holmes moved adoption of said Ordinance, and that said motion was supported by Board Member Louis J. Norman.

I further certify that the following Board Members voted for adoption of said Ordinance: Roy R. Lindsay, Elizabeth Holmes, Fred L. Miller, Louis J. Norman, C. Veach Sparks and that the following Board Members voted against adoption of said Ordinance: None.

I further certify that said Ordinance has been recorded in the Ordinance Book and that such recording has been authenticated by the signatures of the Supervisor and Township Clerk.

Fred L. Miller, Township Clerk

Minutes of the Plymouth Township

MINUTES OF REGULAR MEETING Held at Township Hall - Wednesday, November 9, 1960

BOARD MEMBERS PRESENT: Lindsay, Holmes, Miller, Sparks, ABSENT: Norman. There being a quorum present, the meeting was called to order by Mr. Lindsay at 8:00 p.m.

The minutes of the meeting of October 11, 1960, were read by the clerk and were approved as read.

Mr. Lindsay read a list of bills totaling \$16,157.37, and payment was approved, on a motion by Mr. Sparks, supported by Mr. Miller.

On a motion by Mr. Sparks, supported by Mrs. Holmes, a verbal request that the Township provide bleachers and backstops for ball diamonds for Little League Baseball was denied on the grounds that state statutes do not permit such expenditure of township funds.

A discussion was held regarding an increase of the minimum area required for new residential construction. It was the general consensus of the board that such increase was necessary to provide the standard of housing desirable to our area, and therefore the clerk was directed to include this item in the agenda for the next meeting of the Planning Commission.

The subject of minimum size and approved varieties of trees and shrubs for planting of greenbelts was next discussed. It was brought forth that in most cases undersize plantings were used, which resulted in delaying the expected benefits therefrom and therefore the purpose for which such plantings are required. It was also stated that undesirable varieties had been planted, and that in order to obtain the adherence to the intent of our ordinance, definite specifications and restrictions must be adopted. The Board then directed the clerk to include this matter in the agenda for the next meeting of the Planning Commission for their study and recommendation.

Mr. Miller read a letter from Wayne County Road Commission, wherein they stated that they were prohibited by law from participating in condemnation proceedings to obtain access right-of-way for the proposed subdivisions 5-6-7, Lake Pointe Village. The Clerk was directed to refer the matter to the Planning Commission. Mr. Miller read a letter from Mr. Johnson, Planning Consultant, outlining the changes in legislation regarding provisions of the zoning laws as enacted during the 1960 State Legislature, which removed the provision for a mandatory public hearing and publication of notice which had been enacted by the 1959 session of the legislature. The law now provides that it is only necessary to hold such public hearing before the Township Board on any proposed ordinance change when a request for hearing is made by certified mail addressed to the Township Clerk.

On a motion by Mr. Sparks, supported by Mr. Miller, Detroit Bank and Trust Company was named an additional depository for Township funds.

Mr. Sparks supported a motion by Mr. Miller that National Bank of Detroit be designated as the depository for funds collected under the 1960 tax roll.

On a motion by Mr. Sparks, supported by Mr. Miller, a resolution was adopted reaffirming the Township's responsibility to meet its obligation to provide sufficient funds for the payment of the principal and interest under the \$1,100,000 Water Bond Issue, as outlined in Section Six of the contract between the Township of Plymouth and Board of Wayne County Road Commissioners.

There being no further business, the meeting was adjourned at 9:30 p.m. Roy R. Lindsay, Supervisor Fred L. Miller, Clerk

## Mail Early In High Gear

Postmaster George Timpona put his "Mail Early For Christmas" Campaign into high gear today. "We're heading into an all-time record for Christmas mail this year. Every facility of the Post Office has been expanded to render maximum service. We've added extra trucks and personnel. Special mailing schedules have been set up to insure prompt handling of the tremendous flood of both incoming and outgoing Christmas mail."

"The vast volume of Christmas mail is only part of our problem," the postmaster continued, "Carelessly written names and addresses, poorly wrapped packages, insufficient postage, and other oversights are bound to result in delays and disappointments."

You can be sure of delivery of your Christmas cards and gifts before Christmas

Sometimes the Christmas season with its elaborate meals leaves busy homemakers completely without a holiday. No need, however, to despair during this joyous season. Rice Lemon Cups are the answer to any cook's dilemma.

Eggs, milk, and fluffy rice form the basis of this cup dessert. You know that these are nutritious ingredients, an important benefit with the overabundance of sweets served during the holiday season. And rice contributes the vital family of B vitamins.

Preparation of Rice Lemon Cups is so simple. Then, being a baked dessert it cooks gently by itself, leaving you free to tackle those last details of holiday decoration.

The first spoonful unveils a two layer treat: tender sponge on top and creamy rice custard on the bottom. Serve plain or for that magical touch, right before serving, top the Rice Lemon Cups with rum flavored whipped cream or a fruit sauce. Varying the topping creates a new dessert each time.

### RICE LEMON CUPS

- |  |                        |
|--|------------------------|
| 1 cup sugar                              | 1/2 cup lemon juice    |
| 1/4 cup flour                            | Grated rind of 1 lemon |
| 1/2 teaspoon salt                        | 4 eggs, separated      |
| 2 tablespoons melted butter or margarine | 1 1/2 cups milk        |
|  | 1 cup cooked rice      |

Combine sugar, flour, salt and melted butter. Add lemon juice and rind. Stir in well beaten egg yolks and milk. Add rice and blend thoroughly. Fold in stiffly beaten egg whites.

Pour into 8 greased custard cups. Place cups in a pan of hot water and bake at 325° F. about 45 minutes, until set. Makes 8 servings.

Serve plain or topped with rum flavored whipped cream or a fruit sauce.

## TIPS FOR TEENS

By ELINOR WILLIAMS

Q.—"Dear Elinor: I am 14 and would like to baby-sit. I

know lots of people I might be able to work for, but I don't know what to say to them. I had child-care in home economics class in school and in Girl Scouts. Will you help me?"

Ans.—Tell people you know that you're planning to do some baby sitting and hope they'll call you when they need a sitter. Be sure to tell them also that you studied child-care in school and in Girl Scouts. This will give them more confidence in you, because some parents might consider you a little young, especially to sit with small babies. It would be better if you start at first with young children instead of babies... children you can play with and read to if necessary.

Q.—"Dear Elinor: My girlfriend isn't being fair to me. Every time a boy starts to like me, I introduce her to him and she likes him too. Behind my back she tries to get him away from me. What do you think I should do about her and my boyfriends?"

Ans.—She's a friend? You have two choices: (1) Keep her as a friend but also keep her away from your dates or (2) drop her as a friend because you can't trust her. Some girls just can't resist the boy-stealing bit. So if you continue to consider her a friend, keep your doings with her completely separate from your dates... only girl-activities with her. Don't talk about boys with her or let her know whom you like and when you plan to be with him. If this doesn't keep her from boy-snatching, drop her and find a friend who is satisfied with her own boyfriends.

## Some Claims for Tires' Ability In Winter Not Always Factual

MADISON — A University of Wisconsin research professor who has conducted winter driving tests on Wisconsin's ice and snow for the past dozen years has revealed that some winter tire advertisers occasionally "get carried away and present misleading information which is unfair to the majority of companies which stick to factual information."

He called attention to a national safety committee resolution warning that "misleading advertising concerning nonskid properties of tires can become an indirect cause of costly traffic tie-ups and painful accidents by leading motorists into taking risks of which they are not fully aware."

He is Prof. Archie H. Easton, director of the Motor Vehicle Research Laboratory at the University of Wisconsin, who points to results of comprehensive tests by the National Safety Council's Committee on Winter Driving Hazards. He is chairman of the committee and is described as the outstanding authority on "coefficients of friction as related to winter road surfaces."

Prof. Easton's favorite subject, when he isn't teaching his engineering classes at the University, is to talk about the facts of safe winter driving. He points out that during snow months, rural traffic death rates are three times higher than in urban areas.

Having risked his limbs and life time and again in winter test driving, Easton can tell about hundreds of test results with all types of vehicles, tires, tread and chains to reduce dangers of

skidding or stalling. He recommends that all snow-belt drivers, particularly those in rural communities, study the following facts:

**WINTER STARTING** — When it comes to starting and pulling ability on glare ice, snow tires are 28 per cent better than regular tires; regular tire chains are 231 per cent better, while reinforced tire chains are 409 per cent better. On loosely packed snow, the snow tires are 51 per cent better than regular tires, whereas reinforced tire chains provide 313 per cent better traction.

**STOPPING ABILITY** — On glare ice, at only 20 mph, braking distances for regular tires average 195 feet. Snow tires take 174 feet, regular tire chains 99 feet, and reinforced tire chains 77 feet. At 20 mph on loosely packed snow, regular tires stopped in 60 feet, snow-tires 52 feet, regular tire chains 46 feet, and reinforced tire chains 38 feet.

**BASIC CONCLUSIONS** — Prof. Easton summarizes other basic conclusions from his winter driving tests, to aid drivers in 43 snow-belt states just before severe weather and road conditions set in, as follows:

1. The most hazardous winter surface condition is ice near or at the freezing temperature;
2. Braking distances on winter surfaces are 3 to 12 times as great as those on bare pavement;
3. Tires and traction devices listed in the approximate order of increasing effectiveness on winter surfaces are as follows:
  - A. Smooth tires — very

poor in cornering. Should not be used on glare ice.

B. Regular tires — inadequate under many winter conditions.

C. Winterized tire (tread treatment or breakout material) — provide better traction on ice, not much improvement in snow over regular tires.

D. Mud-snow modern design — provide better snow and ice traction than regular tires.

E. Embedded metal coils, serpentine ribs — provide better snow and ice traction than regular tires. Effective on wet ice.

F. Sanders — performance outstanding in traction on ice only.

G. Regular round wire tire chains — Good stop-and-go performance on ice and snow. Side-skid resistance low compared to reinforced tire chains.

H. Reinforced tire chains — best in overall performance on both ice and snow.

**WHAT TO DO?** — 1. A driver should select the tire that best suits his situation and supplement it by always having reinforced tire chains available in the car trunk. They are often needed for severe conditions.

2. Pump brakes to reduce skidding, maintain steering control, and shorten stopping distance. Use brakes judiciously to evaluate road surface if questionable.

3. If a vehicle begins to skid, the driver should reduce the power and turn the steering wheel in the direction of the rear end skid until recovery begins.

4. The application of power and steering forces should be gradual and smooth on winter surfaces.

5. Use recommended tire pressures for best tire performance on ice.

## Home Ec. Club Holds Meeting

The Allen Club of the Wayne County Home Economics Group held their November meeting on the 28th at the home of Mrs. Francis Travis on Canton Center.

The meeting was very informative with "Short Cuts in Sewing" as their project discussion. Lots of good hints and helpers were given by Mrs. Busha, project director.

Everyone who attended craft school at the 4H Fairgrounds in Belleville brought the Christmas trimmings they made. Also discussed

was the Christmas party which is to be held at the home of Mrs. Phyllis Goltz. Mrs. Travis served refreshments using a beautiful pewter coffee and tea service given to her by daughters as an anniversary gift.

Congratulations on your 25th anniversary Mr. and Mrs. Stanley Travis.

Industry sources estimated that more than 40,000 swimming pools were built this year, of which 36,000 are residential or backyard pools.

## Old Favorite—New Taste Version

Autumn brings us riotous colors, newly bountiful gardens, and best of all, pumpkin pie. But tastes, like times, change and today's families vote for up-to-date, tantalizing additions to standard favorites. They want pumpkin pie spiced with sippy ginger, nutmeg and cinnamon, certainly. But they demand a thickened-textured filling that also appeases their hearty appetites.

Tangy nutmeg and cinnamon are here plenty. Brown sugar adds an enticing sweetness. But the smooth-textured filling comes from the use of evaporated milk. The pliable qualities complement every ingredient and each flavor, to assure you of taste-tempting success every time.

The family will love your "new" pumpkin pie and friends who drop by will want your "secret" ingredient. But it really is no secret. Pumpkin pie, made with always dependable and easily available evaporated milk, is a treat any family can enjoy. They can have it with a crunchy, cracker crust or a pastry shell, whichever they prefer. Either way there'll be demands for seconds.

### Pumpkin Chiffon Pie

- |  |   |
|--|---|
| 1 envelope unflavored gelatine             | 1 teaspoon cinnamon                       |
| 3/4 cup firmly packed brown sugar, divided | 3/4 cup evaporated milk                   |
| 1/4 teaspoon each, salt, nutmeg and ginger | 3 eggs, separated                         |
| 1/4 teaspoon cloves                        | 1 1/2 cups canned pumpkin                 |
|  | 1 9-inch baked crumb* or pastry pie shell |

Mix together gelatine, 1/4 cup of the brown sugar, salt and spices in medium saucepan. Stir in evaporated milk and egg yolks; blend well. Place over low heat and cook, stirring constantly, until gelatine dissolves and mixture thickens slightly (about 3 minutes). Remove from heat; stir in pumpkin. Chill, stirring occasionally, until mixture mounds when dropped from a spoon (about 1 hour). Beat egg whites until stiff, but not dry. Gradually add remaining 1/4 cup of brown sugar and beat until very stiff. Fold into pumpkin mixture. Turn into pie shell; chill until firm (4 to 6 hours or overnight). Yield: 1 9-inch pie.

## Men In Service

Army Pvt. Charles K. Heffner, whose parents, Mr. and Mrs. Frank B. Harmon, live at 1031 Cherry St., Plymouth, recently arrived on Okinawa and is now a member of the 30th Artillery Brigade.

Heffner, a security guard in the brigade's Headquarters Battery, entered the Army last June and completed basic training at Fort Jackson, S.C. The 23-year-old soldier is a 1956 graduate of Greensboro (N.C.) High School.

David C. Wickens, fireman apprentice, USN, son of Mrs. Harry C. Wickens of 309 Blunk St., Plymouth, is serving aboard the Pacific Fleet amphibious attack cargo ship USS Seminole, operating out of San Diego, Calif.

Before entering the service in July 1960, Wickens graduated from Plymouth High School.

New Hampshire, one of the 13 original states, was first settled in 1623.

## New Books At The Wayne County Lending Library

These are the latest books at the Dunning-Hough Library. Mrs. Agnes Pauline, librarian, reports that the library will be closed Christmas Eve as well as the 26th. It will, however, be open until 4 p.m. New Year's Eve, but will be closed on the 2nd.

**JOURNEY INTO CRIME**, by Don Whitehead. True stories of the world's most bizarre crimes.

**THE MANY COLORED COAT**, by Morley Callaghan. A startling novel by an author of international reputation which offers a penetrating revelation of today's business world.

**ELLERY QUEEN'S 15th MYSTERY ANNUAL**. The year's best from Queen's Mystery Magazine. It also includes F. Scott Fitzgerald's first published work, "The Mystery of the Raymond Mortgage."

**FOUR BIG YEARS**, by Richard S. Smith and Howard Sneathen. Vital information for all young persons planning a college education.

**LOOK TO THE ROSE**, by Shirley Seifert. A story of the Civil War and its effect on a southern wife and her southern husband, the parents of Juliette Gordon Lowe.

**THE GOVERNOR'S LADY**, by Thomas Raddall. A biographical novel of Frances Wertworth whose husband governed Nova Scotia but could not govern her.

**THE INHABITANTS**, by Julius Horwitz. A story of the civilized hell of New York City. A shocking, moving, frightening novel of those inhabitants.

**MINISTER OF DEATH**, The Adolf Eichmann story by Quentin Reynolds.

**WHERE THE HIGH WINDS BLOW**, by David Walker. A story of the hard challenge of life in the immense frozen Northwest.

**THE LONG HAUL**, by D. A. Raynor. A brilliantly detailed and memorable sea story of the men on a destroyer in the Atlantic during World War II.

**THE EMERALD WHALE**, by William J. Laubenstein. A saga of the sea and the men who risked all for freedom.

**THERE'S GOOD NEWS TONIGHT**, by Gabriel Heatter. The story of the man who found the good with the bad.

**ZAZIE**, by Raymond Queneau. A popular Parisian novel of a little girl.

**ASSIGNMENT IN ISRAEL**, edited by Bernard Mandelbaum. The accomplishments and the hopes for the future of Israel as seen by 16 experts from the fields of science, the arts, religion and the military.

**THE RISE AND FALL OF THE THIRD REICH**, by William L. Shirer. A factual account of the history of Nazi Germany. A must on any list.

**THE SABBUCKET GENIUS**, by Pierre Sichel. The story of a poetic genius who won raves and women and what happened to him when the party was over.

**THE MOST OF P. G. WODEHOUSE**. A collection of the incomparable stories of P. G. Wodehouse together with a complete and hilarious novel.

**THE DAY BEFORE**

## Front Row Center

**Mail N. Front Row Center**  
By **GEORGE SPELVIN**

Time to glance out New York way and assess what shows are going to make the grade. From all reports it would seem that "Camelot" the new show written by the authors of "My Fair Lady," will have little to worry about in the realm of box office success. Already over \$4 million worth of tickets have been purchased prior to opening night. The show has been out on the road breaking in. The big job seems to be cutting material out of the show. Little by little whole sections have been cut in order to get it down to a three hour running time.

The \$4 million advance sale of tickets is the highest ever recorded in theatrical history. Let's hope that the critics all agree that Messrs. Lerner and Lowe have another artistic hit on their hands. Advance reports would seem to indicate that the show misses the one ingredient that made "My Fair Lady" an outstanding hit — the touch of a George Bernard Shaw. In creating an original musical play from T. H. White's novel about King Arthur, our lucky authors realized their need for the wit, satire, and irony of G. B. Shaw. You can't beat the old Irishman as a source for snappy dialogue.

The Irish can be proud of their playwrighting ancestors. In Ypsilanti at the Quirk Theater Sean O'Casey's "Cock-o-Doodle Dandy" will be presented by the Eastern Michigan Players in a week or so. Old George saw this play out in New York and enjoyed it immensely. This is the show by O'Casey where he raises some philosophical questions about church and state.

In fact, the second act ends with a priest hitting one of his parishioners. The unlucky fella meets a most untimely end since his head can't withstand the sudden contact of a brick wall that gets in his way as he falls down. How O'Casey gets the priest out of this rather sticky situation makes for a most controversial play. Believe me, in Boston they physically protested so violently at the opening of this show that it brought back memories of an earlier O'Casey play, "The Plough and the Stars."

This production was shown prior to England's entry into World War I. O'Casey voiced his protest most vigorously against the bloody, futile prospects of going to war. Needless to say, the time was ripe for riots at this play. And riots they had. The play had to be shelved until the public could accept such strong medicine.

Incidentally, O'Casey's "Plough and The Stars" opens this week on Broadway at the Phoenix Theater. The Phoenix is the brave Broadway theater that will show the classics. A most successful run of "She Stoops to Conquer" has recently ended. All the critics were completely crazy over this production. More community theaters in our area should consider some of these classics for production. They are more difficult to direct, but the rewards for all are tremendous.

O'Casey pops into view over in Ann Arbor this week (Dec. 8 through Dec. 11) also with a production at the Lydia Mendelssohn Theater. Dr. Hugh Norton is directing the University Players in a fast, hilarious version of his "Purple Dust." Sure an yud better pluck a shamrock or two and gae o'er to see the old son of the sod, Sean O'Casey. His plays stick to your ribs like corned beef and cabbage.

Looking into our files marked "Money" we found little that looked like dollar bills, but we did have some items that made reference to the great quantities of "filthy lucre" being made in the TV industry. The money is not to be made acting in the TV shows or being a shouting, squirming singer. If you want to be rich, be tagged to do a commercial. Be sure the commercial is shown via the network several times plus a plethora of repeats over the years.

A case in point is the cherubic washing machine repair man. You've seen him pull

## Musical Program For Christmas At Farrand School

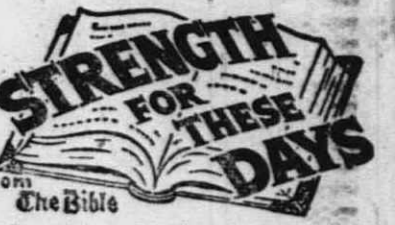

On the evening of December 13, at 7 p.m., the children of Farrand School, grades kindergarten through sixth will gather around their Christmas tree to sing carols.

Their voices will be under the direction of Miss Bettie Norman.

All the parents are invited to join in the singing.

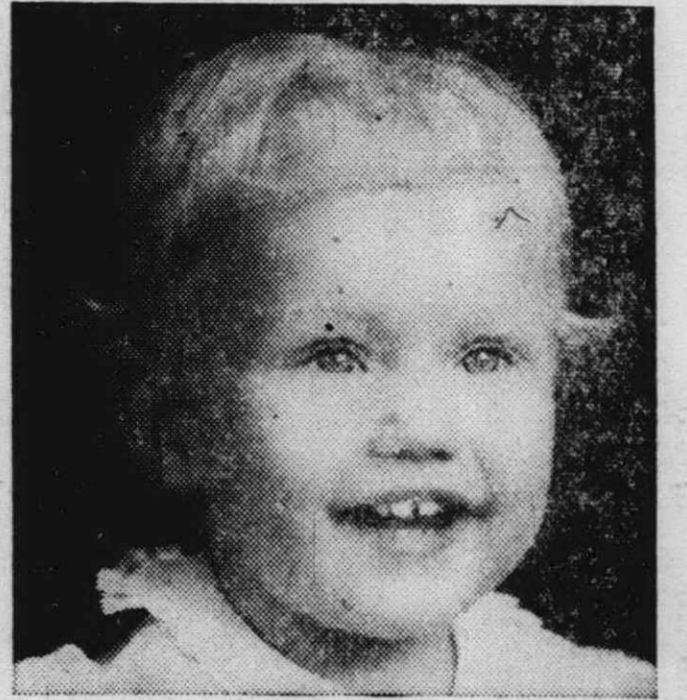

The Junior Choir will entertain with additional Christmas songs in the auditorium while the parents are having their refreshment.

The children will be served their treats in their own class-room.

Putting on the breastplate of faith and love; and for an helmet, the hope of salvation. —(Thessalonians 5:8)

St. Paul truly describes the only defense against all the ills of human life. He who clothes himself with faith in God, an outgoing love for all mankind, and an enduring hope in heaven wears an armor that no earthly misfortune or disaster can penetrate.

**Pontiac trims side overhang to give you a new Wide-Track...greater stability**

Notice that the sleek lines of the body are closer than ever to track width. We've trimmed side overhang. Every inch and ounce of this '61 Pontiac travels with steadier footing. The change is also noticeable inside. We've increased seat height and allowed more headroom, legroom and footroom. Clearance between steering wheel and seat is 12 per cent more than before. Doors are wider, swing open farther. More balanced in motion. More comfortable inside. That's the Wide-Track way to travel. And there's only one place to try it... in a '61 Pontiac! Take a deciding drive soon.

THE ONLY WIDE-TRACK CAR! Pontiac has the widest track of any car. Body width trimmed to reduce side overhang. More weight balanced between the wheels for sure-footed driving stability.

TWO PLYMOUTH artists having items for sale at the Three Cities Art Club sale this Saturday and Sunday are Mrs. Mable Bacon, left, president of the club,

and Mrs. Jessie Hudson. The art objects are in demand for those wanting original and unusual Christmas gifts.

## Three Cities Art Club Sells Objects for Christmas Gifts

The Three Cities Art Club, Walled Lake and Wayne will hold its annual sale of art objects on Dec. 10 and 11, Saturday, from 11 a.m. to 9 p.m., and Sunday, from 11 a.m. to 7 p.m. at the Northville Community Building, Main and West Streets, Northville.

The co-chairmen, Mrs. Kathleen Edgerton and Linda Kate Edgerton, have announced that both craft work and fine art objects will be placed on sale. Among the articles at the Community Building will be paintings, ceramics, jewelry, puppets, mosaics, Christmas cards and other craft work.

Artists from Northville, Plymouth, Livonia, Farming-

ton, Walled Lake and Wayne will have work in this display. They invite the public to visit the exhibit-sale and to select Christmas gifts

from these original art objects and paintings. Artists from the Plymouth area who will have work in the exhibit are Mrs. Mable Bacon, president; Mrs. Jessie Hudson, Jack Van Haran, Roy Pederson, Mr. and Mrs. Paul Herig, Mrs. Shirley Dennison and Orville Barron.

CHICAGO (UPI) — Cool, calm, collected people don't necessarily make the best problem-solvers, a psychologist at Michael Reese Medical Research Institute reports. During research, Dr. Sidney J. Blatt found that the most efficient problem-solvers show marked physical reactions when given a challenging test to work out. Pulse pounds, breathing rate quickens and they may even perspire.

## OLGC Holds Conference

On Sunday, Dec. 11, Our Lady of Good Counsel Parish will sponsor its first Cana Conference, in the church hall from 2 to 5 p.m.

This is an opportunity for married couples to reappraise the marriage vows for the purpose of helping husbands and wives spiritually and practically to find in their marriage the joy and satisfaction intended.

This type of conference takes its name from the wedding feast at Cana, where Christ performed His first miracle.

Father William J. Dowell, a member of the faculty of Sacred Heart Seminary will conduct the conference.

# News from Salem Tells of Dance

By Mrs. Herbert Famuliner

The dance this Saturday night at the Salem Town Hall will be sponsored by the Salem Firemen with dancing from 9 to 1. Square and round dancing with Jack Scheel as caller, along with door prizes and refreshments will be featured.

Worden Farm Bureau will meet this Friday evening at 8 p.m. at the Frank Geiger home on Five Mile Rd.

The Sunshine Club will meet Dec. 14 at the home of Cora Blunk with Mrs. L. Adams as co-hostess for a Christmas party and gift exchange.

Mrs. Earl Roberts, Kay and Don, spent Thursday and

Friday in Uby, Mich., at the William Raitz home.

The Fire Department answered a call last Wednesday when a small shed on Six Mile Rd. was on fire.

Dick and Barbara McKinley, Fernan and Barbara Rohraff enjoyed square dancing at New Hudson on Saturday night.

Mrs. Donald Tiffin and Jimmie were lunch guests at the amuliner home on Thursday and Mrs. Myrtle Kennedy was a dinner guest.

Don't forget the joint Christmas dinner and party for the Suburban and N.E.W. Farm Bureaus to be held Dec. 17, at the Salem Town Hall. The Gordon Culperts of Detroit were Sunday guests at the Raymond Kelly home.

The Rohraff family spent Sunday visiting relatives in Pinckney and in Ann Arbor.

The Don Tiffins of Godfredson Rd. were Sunday dinner guests at the Lewis Tiffin home.

The Elmer Bennetts visited the W. J. Jodways of Farmington on Sunday.

Mr. and Mrs. Gerald Raymond of Chelsea spent Sunday at the Charles Raymond home.

Mrs. Harold Heintz of Florida and Mrs. George Wilbey of Bellevue were

Sunday evening callers at the Carleton Hardesty home.

Mr. and Mrs. Edward LaVoie and sons, Mr. and Mrs. Stanley Browne of Farmington, Mr. and Mrs. Fredrick Fisher and son of East Detroit were Sunday dinner guests at the Famuliner home.

## VIVIAN NEWS

The Vivian's Christmas Buffet is this Thursday, Dec. 8, at 6:30. If you haven't been contacted call Martha Lytle, GL 3-5428.

Each woman is to bring a fifty cent gift for a woman and each man a fifty cent gift for a man.

There are still a few fruit cakes left. You may get one at the Lodge. See you at the Christmas Party.

## Wins ROTC Ribbon

John L. Stephenson, 11737 Amherst Ct., as among 18 University of Michigan army ROTC students winning ribbons as the outstanding performers in best drill squads of three companies.

## IT'S THE UPKEEP!

NEW YORK (UPI)—Americans spend more for the purchase and operation of their 70 million motor vehicles than the combined national incomes of Canada and Mexico, the publication Petroleum Today noted.

# Starkweather Auditorium Moves Ahead

WORK ON Starkweather School's multi-purpose room is moving steadily ahead, but may not be completed until after Christmas vacation, school officials said this week. Jacqueline Joseph of the architectural firm of Gould,

Moss & Joseph, is shown studying plans with Ed Jowski of Yauch Electric. The former multi-purpose room is used for a kindergarten. Until the new addition is completed, there are no cafeteria facilities.

## Veterans of Foreign Wars

A Thanksgiving Basket was prepared by Rehabilitation Chairman Delores Ol sayer and given to a needy family in Plymouth. The basket consisted of a turkey and all the trimmings to make a very wonderful holiday dinner. Needless to say the family was very thankful for our consideration. Thanks to all the girls who donated.

Just a reminder about your 1961 dues — they should be paid by December 20 to be counted toward our 100 per cent paid up membership. If you haven't paid your dues contact either membership chairman, Betty Krumm or treasurer, Virginia Bartel.

All members who received Christmas Seals from the National Home please send in your donation as soon as possible. This is one way in which we can help to make it a Merry Christmas for the children there.

Legislative chairman Lucille Johnson reports that the first order of Christmas candy sold so rapidly that it has been necessary to re-order. She now has a fresh supply so call her and order yours. She has several varieties available.

Next regular meeting Dec. 20. See you there.

Editor's Note: The author of this column is paid to write it by the Republican party.)  
By Frank G. Morris  
Detroit was given another black eye when the American Legion cancelled arrangements to hold its 1962 national convention in fantastic Cobo Hall.  
To some extent, the decision discredited all of Michigan.

For the truth is far removed from the reason given by the Legion's executive committee.

With pious fallaciousness, the committee announced that Detroit was being dumped because it had promised 5,000 hotel rooms and apparently will be able to produce only 4,780. The latter total does not include 2,500 motel rooms, many of them near the downtown area. And more are being built.

Mayor Miriani has accepted the Legion's excuse at face value and is making plans to renew the campaign when the committee meets in Washington next February. The loss of an \$8,000,000 spending spree by Legionnaires rightfully has panicked the Mayor.  
But if Miriani really thinks hotel capacity is the true reason, he is the only politician in Detroit so naive.

The honest fact is that the American Legion has no part of Detroit's atmosphere. There are several reasons.

Since World War I, the Legion has been a most powerful defender of the American system of free enterprise. Its vigorous fight against all forms of socialism has been unrelenting. When most of the nation was regarding Communism as an amusing experiment by incompetents, the Legion was alert and alarmed.

Most of the socialistic goals of the outspoken Democratic Party in Michigan are anathema to the organization of war veterans. The recent election proved again that the ultra-liberals of the Democratic Party are solidly entrenched here.

Shortly before the election, members of the executive committee learned that the 10-year rule barring Communist propagandists from the classrooms of Wayne State University had been repealed by the Board of Governors. Four of the five members of the WSU Board are Democrats chosen for the nomination by the UAW.

The decision at Wayne State is exactly the kind of encroachment the Legion has been fighting.

Then came the big squabble over union control of Cobo Hall. This controversy started the day the immense and beautiful structure was dedicated. The National Automobile Show opened the building, and within hours the automobile manufacturers were being gyped by excessive labor rates.

The present storm broke because of a rebellion by exhibitors at the recent national convention of American Bottlers of Carbonated Beverages.

They screamed they were being charged as much as \$11 an hour per workman to set up their exhibits. They complained that the unions would not permit them even to plug in an electrical extension cord or spread a rug.

Detroit taxpayers who have been wondering how they will be able to pay for the \$54,000,000 building were startled to learn that exhibitors are compelled to hire union labor for the simplest tasks. The bottlers weren't allowed even to carry a case of pop.

Under the city's agreement, anyone using the hall must pay \$6 an hour to electricians, painters, decorators, plumbers and the like. The overtime and Sunday rate is \$11 an hour. The rate for unskilled help is \$5 an hour straight time and \$7 for overtime.

The minimum charge is four hours.  
With the cancellation of the Legion convention, Mayor Miriani announced that labor rates will be cut. But the Mayor is whistling in the dark.

These developments helped bring about the Legion's decision. There was at least one other that didn't help.  
That was the Associated Press story — given prominence nationally — that the school board of Wyoming Township in Kent County has decreed that the Bible shall not be read in classrooms and that no prayers shall be said aloud.

The American Legion opposes all moves toward Godlessness.

TRAVEL BAROMETER  
NEW YORK (UPI)—American Express Co. estimates that two out of every three tourists abroad and one out of every five domestic travelers use travelers' checks.  
The company said it had \$150 million in uncashed checks outstanding at the beginning of this year.

**MOVE CONTINUES**

**KARACHI (UPI)** — The government has finished the second stage of its program for shifting to the new capital area at Rawalpindi. A total of 1,180 civil servants and their families were transported in seven special trains. The bulk of the central government civil service is still in Karachi, but the remainder will shift north gradually as the new capital is developed.

**Three Named To Community Fund Board**

Three appointments to the Board of Directors of the Plymouth Community Fund have been confirmed by the Board. Attending their first meeting this Thursday will be Mrs. Marshall North, 344 Jener; Frank Palmer, 9014 S. Main; and Russell Isbister, 5005 Ann Arbor Rd.

All three of the appointees were chairmen during the past successful campaign. Superintendent of Schools Russell Isbister was general chairman, Mrs. North was Residential Division chairman and Palmer headed the Retail Division.

The three replace three others who have resigned. They are Mrs. Claude Gebhardt, C. V. Sparks and Thomas Rossette.

Board President Hugh Griffin declared that "all three of these appointees will be valuable assets to the board, just as they proved to be valuable in the recent successful campaign."

There are 28 glaciers, some of which are 500 feet thick, in the Mount Rainer National Park in West Central Washington.

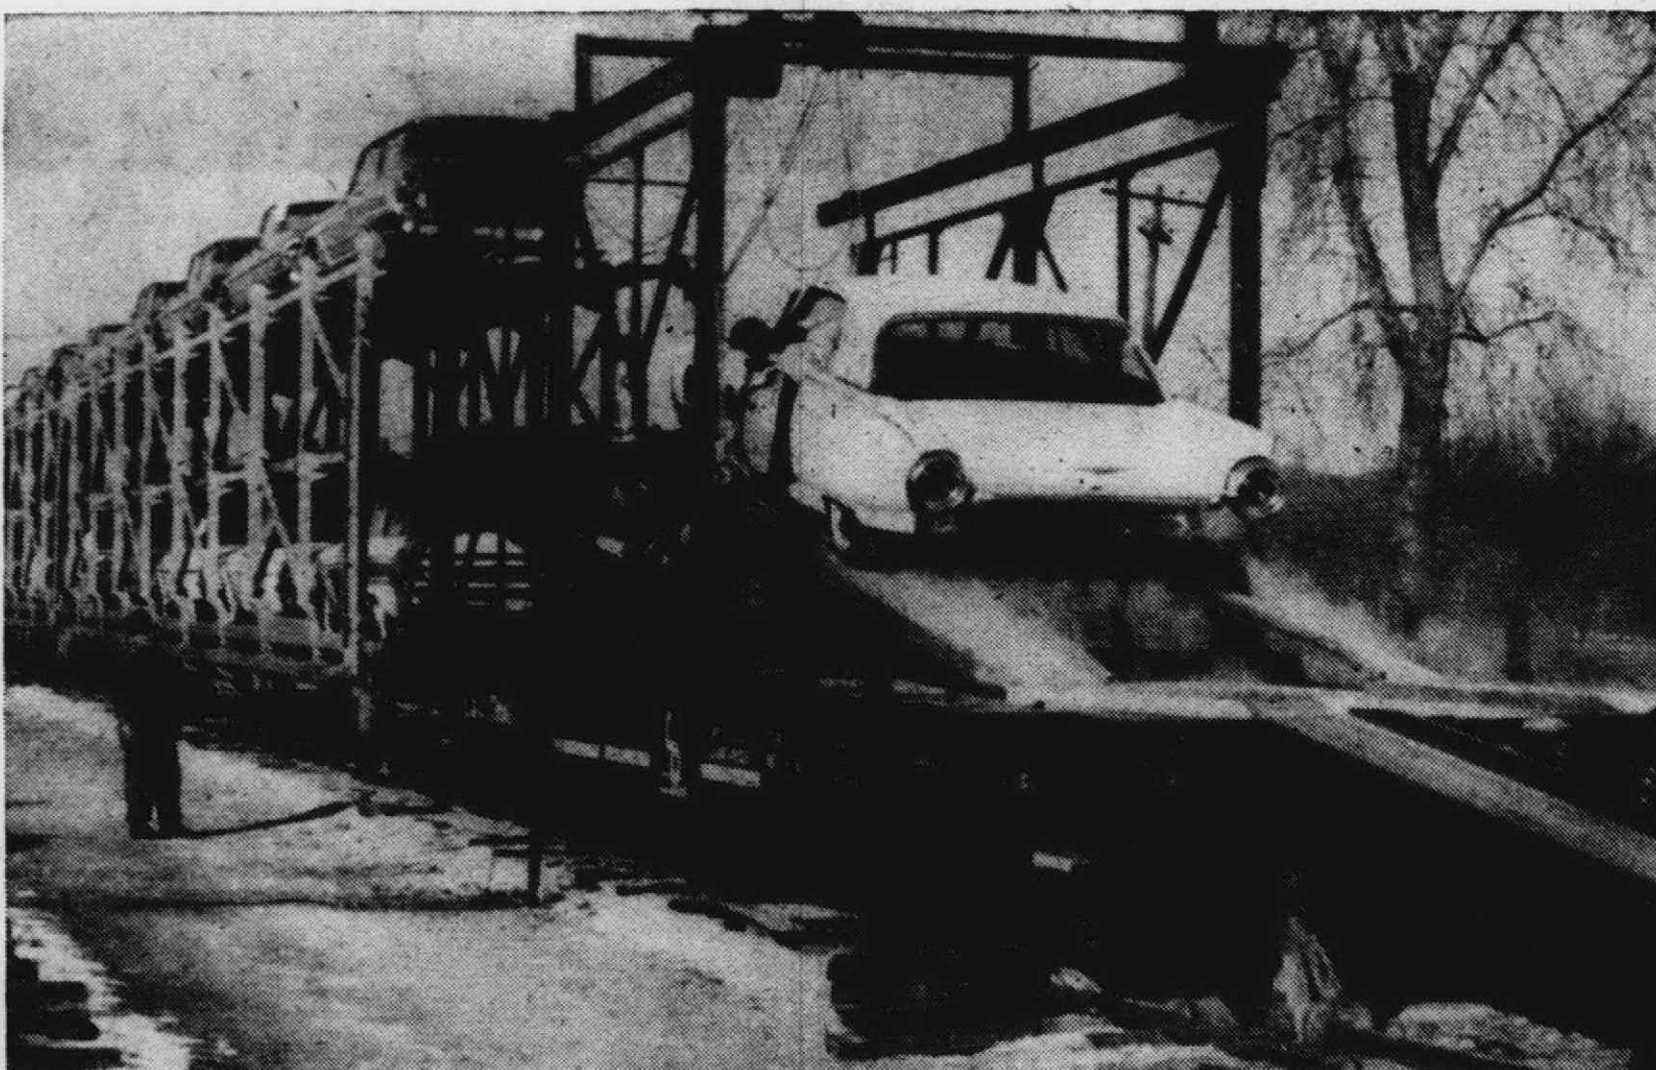

**1960 Northville Township Taxes**

Due and payable starting Tuesday, Dec. 13. I will be at Manufacturer's National Bank in Northville and every Tuesday & Friday thereafter until the last of February.

Please bring your tax bill or you may pay by mail, if you wish.

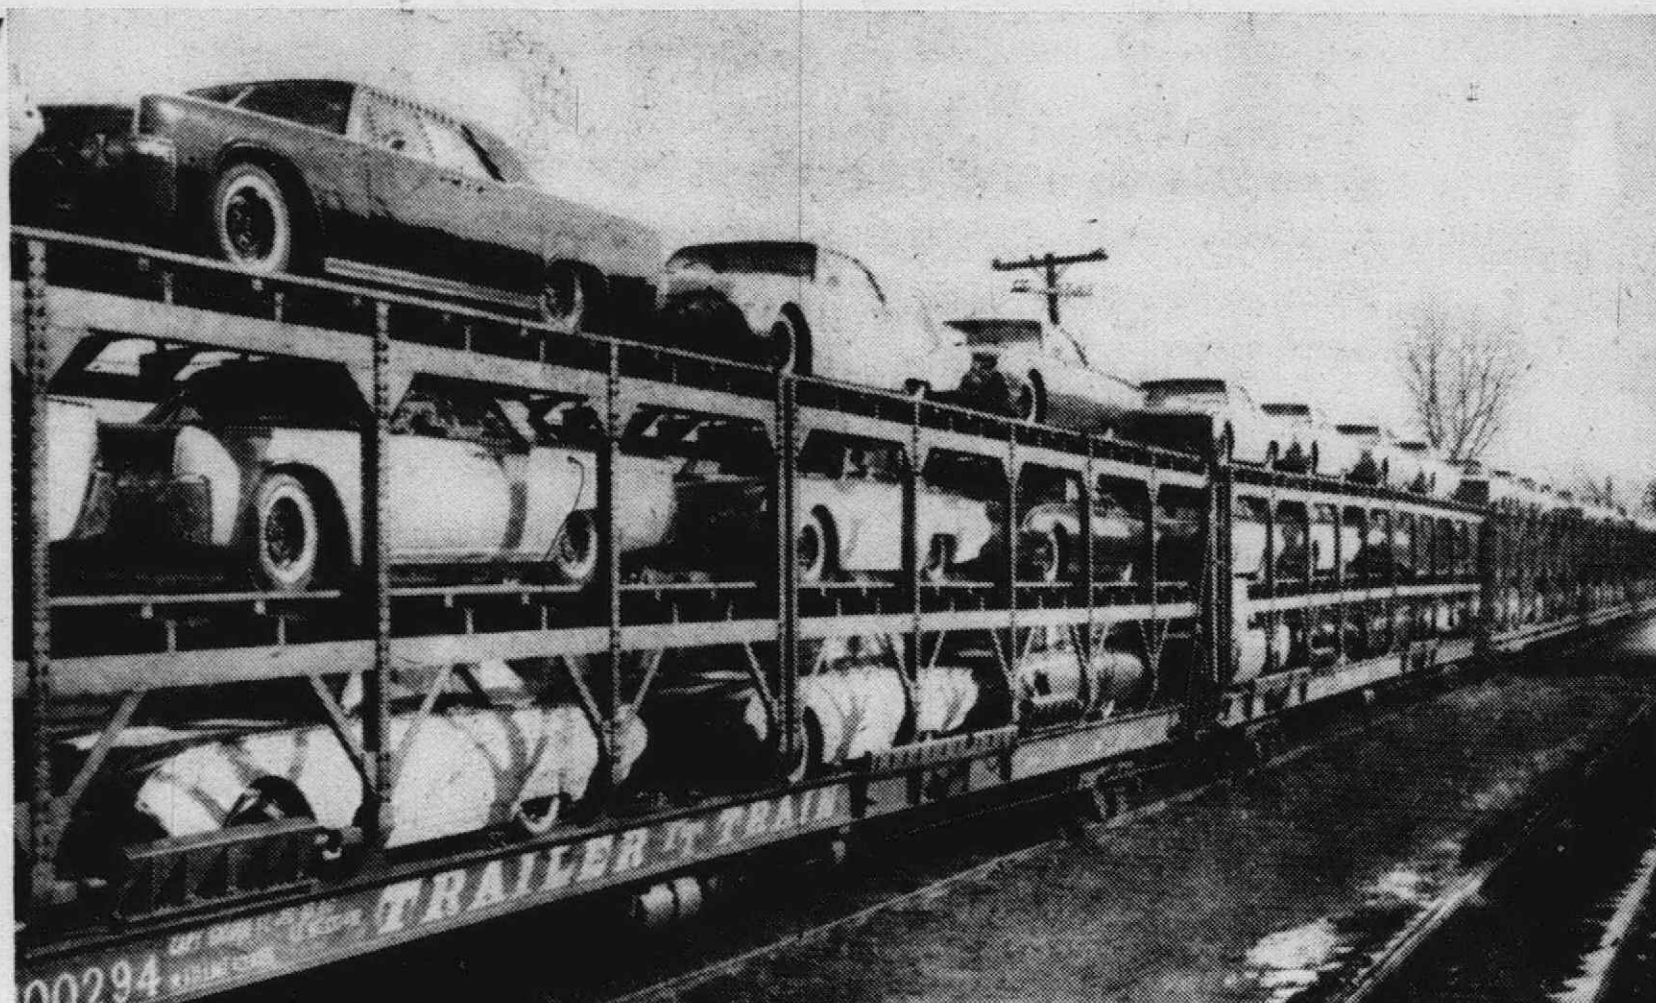

Receipted bill will be returned.

**ROY M. TERRILL**  
Northville Township Treasurer

**CARS BY the hundreds** are being loaded onto new-type railroad cars in Plymouth. Called "Rack-type" railroad flat cars, they are being loaded in the C & O Roundhouse yards by the Ford Motor Co. for shipment to far-away spots in the nation. Most of the cars are Thunderbirds being brought here by haul-away trucks from

Wixom. There are also some Lincolns, Fords and Mercurys. Each railroad car carries 12 vehicles. The C & O loading car shown in foreground lowers and raises its ramp to the three levels. Cars drive from one railroad car to the other until the train is loaded.

**NEARLY LOADED,** the string of railroad cars is ready to leave Plymouth. Ford is experimenting with the hauling process here and intends to install a permanent facility at its Thunderbird and Lincoln plant in Wixom. Dozens of

haul-away trucks arrive here daily to unload the new cars. A Ford spokesman said that it intends to haul about a third of its cars by the new method.

**Letters TO THE EDITOR**

Editor:  
In the Nov. 30, 1960 issue of The Plymouth Mail, attention is once again drawn to the efforts to put Christ back into Christmas.  
I believe a pep and progress report is due, i.e.:  
**YEA PLYMOUTH!!**  
Well pat us on our sun burned backs. To preach good works, we're never lax. We're all for putting first things first. To straighten the path of the universe. We're one town, in this northern isthmus. That's putting Christ back into Christmas. What gain's been made in this just cause? He's sharing the park with Santa Claus.

# Tree Plantations Now Virtually Tailor-Make Christmas Trees

The best way of assuring yourself an ideal Christmas tree in years gone by was to grab an ax, go outdoors and cut yourself one. Most folks today, however, buy their trees at a nearby shopping center, gas station, or at a tree lot run by the Boy Scouts or other organization. In many areas of the country they're finding an ever-increasing variety of trees from which to

choose and some species they've never seen before. How — with many retailers in this short-season Christmas sideline knowing little more about trees than most of their customers — can you tell one species from another? What is the best Christmas tree? There's a short and simple answer to this problem in most of our western states. Fir, Douglas fir, or red fir,

or white fir. All are native to the region and still in fair supply with cypress and juniper likewise having their loyal adherents. But in the Midwest and in the East the situation has been a changing and of ten confusing one. The original Christmas tree throughout most of the eastern half of the country is an ever fir — the balsam. This is the tree with the woody scent reminiscent of Christ-

mas mornings of years ago. Lately, however, it has seemed to many that Christmas trees, much as they may look as they used to, no longer have the fragrance they once did. Not so, necessarily. The chances are, instead, that the purchased "balsam" was, in fact, a spruce. Yet the buyer has not been cheated, for both of these short-needed evergreens make equally attractive Christmas

trees, although the spruce is somewhat less aromatic. And both trees, if freshly cut and properly cared for in the home, will do a reasonably satisfactory job of holding their needles. For generations America's Christmas trees were cut "wild," just as they grew in northern fields and woods as seeded by winds or birds or squirrels. A large share of them still are. But as popula-

tion and demand increased, the supplies of balsam and spruce dwindled and so has their quality as cutters were no longer able to be as choosy as in the past. They had to go further back along abandoned logging roads, deeper into second or third growth woods — even well north into Canada — to find their trees. They've had to cut earlier, too, for there's no more worthless Christ-

mas commodity than a stack of felled trees barricaded from highways by several feet or many miles of pre-Christmas snows. And this, in turn, has meant that an increasing share of both balsam and spruce have been inevitable needle droppers by the time they've been transported to the local lot where you've bought them. Even so, you can occasionally still find some fine and

fragrant specimens — and if you've a preference for one over the other, here's how to tell them apart. Both are short-needed. The balsam, however, has flat needles growing straight out from either side of its branches. The spruce has round needles, growing out from all around its branches. If you come upon one that's well shaped — if it looks and feels, and smells fresh —

you've a good Christmas tree. Especially if you fresh-cut the base of its trunk as soon as you get it home and stand it in a carefully tended supply of water, brightening Christmas tree horizons in the form of species and strains of pine that are being plantation-grown to produce trees that are ideal on the counts of contour, density, and of needle retention. The short-needed Scotch pine is fast becoming a favorite of both tree growers and tree buyers. For a time, a native of Europe, it was unwanted and the Scotch languished. Then, undoubtedly more by necessity than by choice, a few were cut for Christmas — and the discovery was made that here was a tree no more given to parting with its needles than, allegedly, its human namesakes are to waftly scattering about their pennies. A fresh start was made with the Scotch pine. Seeds were brought over from the lowlands of France and Spain. New stocks of seedlings were grown and then transplanted, throughout the various soils and altitudes of our northeastern states. And, logical or not, these products of moderate climates not only thrived, but grew into deep green trees with shorter than average needles of marked staying power. Millions upon millions of Scotch pine of many strains — and many red and white pines, too, as they share the aversion to needle dropping — were planted in plantations. The products of both nurseries and plantations are sheared and shaped with equal care, so that they will rebud into bushy trees. The clearing and fitting of land, annual and unpeping shearings, constant inspection for attacks of insects and disease, remedial sprayings, fertilization for soil deficiencies — all are part of tree farming. Then, too, the industry is highly competitive. You may have noticed, last Christmas, the heavy surplus of trees in almost every retail lot? The chief reason for this went back one year to 1958 when there weren't enough trees to go around. They'd been grown and many had been cut. But early snows made it impossible to get the trees out. As a result tree wholesalers and retailers hiked their orders in 1959, often well above the quantities they actually needed. Thousands of new comers rushed into retailing, thinking to make themselves a quick killing. But the snows came late last year. Fields and woods and up-country roads remained open, right up until the holidays. Every tree ordered came through, and then some, with the result that most retailers were stuck with a large percentage of their stocks. This year, of course, wholesalers and retailers are holding back. Still smarting from last year's surpluses, they're more exacting than ever about the trees they select. In 1960, unless over-caution by buyers and foul play by the weatherman combine to produce another shortage, you can be sure of having your choice of better looking and better lasting Christmas trees — trees that are virtually tailor-made to your every expectation.

N)W YORK (UPI)—This is the season when new product releases include such items as fluorescent wrapping papers and kits for simulating stained glass windows.

For do-it-yourselfers seeking an unusual Christmas decoration, Stained Glass Color Art, Waukesha, Wis., offers a variety of window patterns, up to 34 by 44 inches in size, on a special translucent paper which, when colored according to key, gives the effect of stained glass. Patterns are done in small sections and taped to window in sequence.

For unusual Christmas wrappings, Memphis Converter Co., Memphis, Tenn., has Fire-Glo papers in a variety of rich colors which have a fluorescent effect.

An unusual gift for the Christmas stocking is a new variation of the old favorite kaleidoscope. The Telescope Kaleidoscope, product of Edmund Scientific Co., Barrington, N.J., gives a new look to familiar scenes, magnifying a view and repeating it eight times in a kaleidoscopic pattern.

Toys always loom large on any Christmas shopping list and one of the most unusual ones is a new Fun Factory stamping toy, product of Rainbow Crafts Co., Cincinnati, Ohio. The toy, in the shape of a factory, extrudes modeling material through 12 different dies so that children may stamp out such things as simulated miniature concrete blocks.

LOCAL KIWANIS president, Millar Ross, donned the symbolic attire of the Chief of the Mothermac branch of the warlike Crees (Chatham Ontario's town tribe of Indians) when his "tribe" was in-

itiated into the Chatham "tribe" at the inter-club meeting Nov. 15. Here Chief Ross is "scalping" a Chatham brave, Fred Armitage, while Sam Burton, chairman of the event, looks on.

## Madam President

The president of one of the hardest working and busiest organizations in this area, Beta Sigma Phi sorority, is this week's featured Madam President, Mrs. Craig Stover.

The largest non-academic Greek letter organization in the world boasts a membership of over 150,000 affiliated with 7,000 chapters in 14 countries. Because of this, a member can transfer to any city or country which has an existing chapter. The local chapter has 18 members with recent member, Mrs. Henry Breneman.

The sorority has its International Headquarters in Missouri, which suggests projects for the year to all of the organizations. This year's project is cystic-fibrosis — the study and aiding of this children's disease.

The club has many activities during the year. The members sponsor a Brownie troop, led by Mrs. Donald Holt and a Girl Scout troop, led by Mrs. Robert Baxter;

they take part in the Mother's March on Polio, contribute to the Wayne County Training School, the Church Thrift Shop, decorate a mitten tree each Christmas for the Wayne County Training School, are charter members of the St. Mary Hospital Guild and give a Thanksgiving basket to a family each year.

The meetings are concerned with a program of self-improvement as suggested by International Books and lectures on modeling, music, art, sculpturing, the dance, poetry and similar subjects are studied throughout the year.

The sorority holds events throughout the year which include the husbands, Christmas dances, box socials, corn and steak roasts and progressive dinners are some of the activities.

Mrs. Stover is formerly of Coldwater, Mich., and now lives on Roslyn in Livonia. The Stovers have one son, Scott, who is eight years old.

Mrs. Craig Stover

## Gift Wrapping Demonstrated to Senior Citizens

The Senior Citizens meet every Thursday from 1 to 5 in the Odd Fellow Hall on Elizabeth Street. For transportation call GL 3-1830 or GL 3-7575.

This week there will be a demonstration of Gift Wrapping. There will also be work to do on tray favors and place mats to be used at Convalescent Homes during the Christmas Holiday.

Please bring any old Christmas cards you have to be used on the place mats. Also bring shears and glue to work with.

The music by the Junior High School Band was enjoyed by all present last week.

The V.F.W. Auxiliary is the hostess this month and they are planning a nice Christmas party.

The first Bible published in what is now the United States was in the language of a Massachusetts Indian tribe, translated by John Eliot. The second Bible published here was in German printed in 1743 at Germantown, Pa.

## Familiar Salvation Army Kettle on Street Friday

The Salvation Army will formally open its Christmas program this Friday when the familiar kettle and stand will be placed at the S. S. Cressge store.

To kick off the program, the Army young people will sing and present musical selections starting at 6:30 p.m. at the kettle location.

Captain John Cunard, commanding officer of the Plymouth Citadel, reports that due to working men and women being hard-pressed this year, the Army's Christmas Cheer program anticipates a heavy case load.

Those needing help are urged to write to Capt. Cunard before Dec. 21 in order that they may be placed on the list.

The Army's League of Mercy will also be active in packing Christmas candy, fruit and a personal gift for some 270 patients in a convalescent home.

Salvationists carry on their work with the sick through the League of Mercy, an organization of volunteers who serve in general hospitals, veterans hospitals, homes for aged, sanatoriums and mental institutions. Their service includes feeding patients, doing mending and shopping, providing entertainment and parties, distributing reading material, and helping patients with any family problems that may arise.

Each year, League of Mercy members visit some two and a half million people in hospitals and other institutions throughout the country. In our own community, the League of Mercy makes regular visits to six convalescent homes with a total of 270 patients.

## Rebekah News

The next general meeting is Friday, Dec. 9 at 8 p.m. Our combined Odd Fellows and Rebekah Christmas dinner will be Sunday, Dec. 11 at 4. The meat will be furnished but bring your own table service and dish to pass.

Next visitation is Dec. 15 with Jericho No. 328.

Sister Irene Broegman hopes to be home from the hospital this week. Our best wishes to her.

Our sympathy goes to Sister Miller in the loss of her husband.

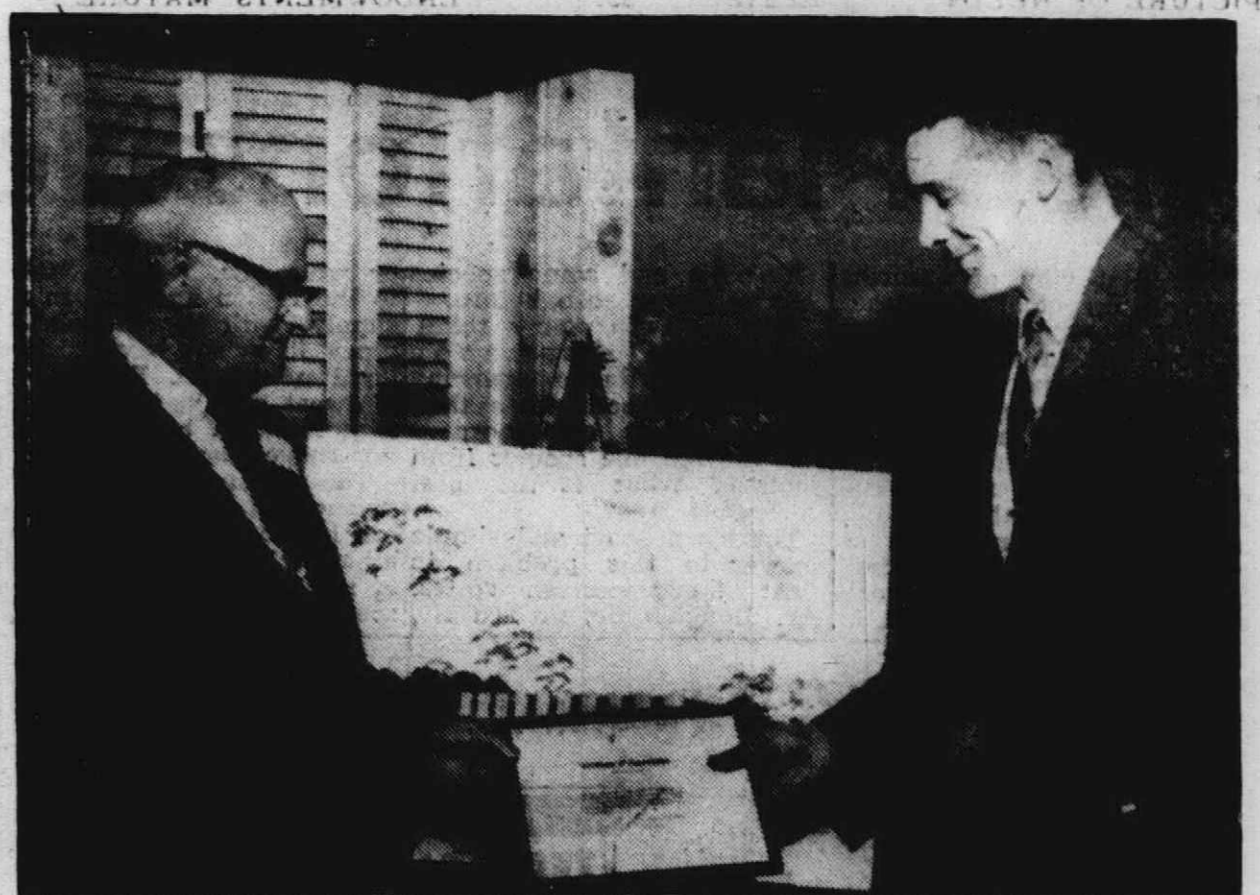

Sister Minnie Smith is still in the hospital.

## TEETH HELD FIRM

MEMPHIS, Tenn. (UPI)—Will Hamilton was on a stretcher in the hospital heading for surgery when a nurse started tugging on his teeth.

Hamilton opened his eyes. The nurse told him that false teeth were removed before surgery.

The 72-year-old Hamilton politely explained that he didn't have false teeth.

HONORARY membership in the Plymouth Community Chamber of Commerce was given to Detroit Mutual Insurance Co. last week as the firm announced it was

moving its home from Detroit to Plymouth. President R. E. Larimer, left, is shown receiving the certificate from George Lawton, Chamber president.

## Casserole's Easy For Busy Season

BY ROSELLA M. BANNISTER  
Wayne County Extension Agent, Home Economics

Have you done your Christmas shopping? Addressed the Christmas cards? Baked any holiday cookies? Wrapped gifts? Entertained friends?

No doubt you too, have many things left to do between now and Dec. 25 — and I suggest that gourmet casserole dishes can be your menu mainstay during the busy holiday season.

A beautiful, steaming casserole can be a real time and effort saver. Preparing, cooking and serving the main course in one dish cuts down considerably on dish-washing, and you can prepare two meals at once, storing one in the freezer until you're ready to use it.

There is no limit to the kinds of "good for you" foods that a casserole can include. Meat, eggs, milk and vegetables, when disguised in a casserole, can be slipped into Junior without a murmur.

Don't be guilty of short-changing your family by stretching the protein in casseroles too far. Protein rich foods are meat, fish, poultry, cheese, eggs and milk. Allow 3 or 4 ounces of meat, or 2 or 3 ounces of cheese for each serving.

Casseroles are easy on the holiday food budget too. Skillfully combined leftovers can be as tasty as they were in their first appearances. Always keep pieces of food large enough to be identifiable.

Season casseroles imaginatively, making the most of herbs and spices. Popular casserole seasonings are thyme, sage, garlic, onion, basil, marjoram and lemon juice. For extra color as well as flavor, add pimiento, green or black olives, green pepper or crisp celery.

To dress up any casserole, be creative with toppings — crisp, buttered crackers, corn flakes, puffs of cornbread or biscuit, toasted almonds, fluffy potatoes.

Here's our recipe for baked chicken salad — a time-saver and a pretty casserole for family fare or for guests at a holiday buffet.

**BAKED CHICKEN SALAD**  
2 cups cooked, cubed chicken or turkey  
1 1/2 cups diced celery

- 1/4 cup chopped toasted almonds
- 2 teaspoons finely chopped onion
- Grated rind of 1/2 lemon
- 1 tablespoon lemon juice
- 1/2 teaspoon pepper
- 1/2 to 2-3 cup salad dressing
- Salt and pepper
- 1 cup (3/4 lb.) grated cheddar cheese
- 1 cup crushed corn flakes
- 1 tablespoon butter
- Measure chicken, celery, almonds, onion, lemon rind and juice, and pepper into mixing bowl. Add salad dressing. Toss lightly to blend ingredients. If desired, add additional salt and pepper. Place in a 1-quart casserole. Sprinkle cheese over top. Top with buttered corn flakes. Bake casserole in a moderate oven (375 degrees) 25 minutes, or until cheese begins to bubble. Makes six servings.

**INSECT PROTECTION**  
COLLEGE STATION, Tex. (UPI) — Insect troubles don't stop after a farmer gets his grain in storage, warns Texas A&M College entomologist C. F. Garner.

Garner said infested grain which is stored may continue to suffer insect damage in storage. Fumigation is the best protection, he said, for insects such as the rice weevil and grain moth continue to live in storage.

Chief products of the Somalilands in East Africa (British, French, Italian), are hides, ivory and incense.

WASHINGTON (UPI)—The typical recipient of old age assistance is a widow aged 75, living alone in her own quarters, able to care for herself and receiving assistance of about \$75 a month.

The word portrait is from Gladys White, home economist with the Department of Health, Education and Welfare.

WASHINGTON (UPI)—"Goethe completed Faust at 83. Ben Franklin invented bifocals at 78. Albert Schweitzer is a young 84."

Robert A. Forsythe, assistant secretary of health, education and welfare, repeated these facts recently in a lecture on retirement. And then he asked — "How do YOU really feel about retirement at 65?"

NEW YORK (UPI) — Nearly 30 million endowment insurance policies are now owned by American families and these are now maturing at the rate of 900,000 annually, the Institute of Life Insurance reported. Last year, \$632 million was paid to policy-holders under maturing endowments.

A TELEVISION SET for one of the wards at Plymouth State Home and Training School was presented by the Hi-12 Club last Friday. From left are George Ebling, public information director of the Home; C. L. Chall, associate director of nursing; Albert Hubbs, president-elect of Hi-12; and Earl Merriman, retiring president. The Home will be in need of record players, wheelchairs, TV sets and other items as it continues to grow.

**Sixth Graders Give Christmas Readings to Historical Society**

Twelve sixth grade girls from Bird School will give Christmas choral readings at the annual Christmas meeting of the Plymouth Historical Society on Dec. 8 at the Veterans' Memorial Center.

A reading appropriate to the season will be given by Mrs. Howard Bowring.

A \$1 gift exchange will be held with each woman bringing a gift for a woman, and a man for a man.

Hosts for the evening are: Mr. and Mrs. Roswell Tangar, Mr. and Mrs. Fred Thomas, Mr. and Mrs. Jesse Triton, Mr. and Mrs. Edmond Watson, Miss Helen Farrand, Mrs. M. I. Livingston and Miss Loverne Sly.

**Grange Cleanings**

Many thanks to brother and sister Brown for making arrangements for the entertaining program at the last regular meeting featuring Mr. and Mrs. Blum of Dearborn and their Mynabirds.

Mr. Blum has appeared with his hobby on television and also furnishes programs for hospitals and organizations.

Dues are now payable and should be in by Jan. 1. Contact the secretary, Hilda Lunn, GL 3-1066 as soon as possible.

Plans for a delightful Christmas program are in the making by the lecturer. As in years past, there will be a 50 cent gift exchange, Santa Claus, tree and all the trimmings. Remember to mark gifts for man or woman and to write the children's names on the presents.

The legs of amouse deer are about as thick as pencil.

**Presbyterian Men Hold Festive Boar's Head Dinner Next Week**

The colorful Boar's Head Dinner, with its pageantry dating back to the early English court, will again be served by the Men's Council of the First United Presbyterian Church.

Scheduled for Wednesday, Dec. 14, the dinner will be

man of the Easter Seal Committee, and a check for \$150 to Capt. John Cunard for \$150. Much of the Easter Seal Society money was given in memory of the late Lawrence Lyons, who was chairman of the Easter Seal drive here several years.

**Maccabee News**

The next meeting of the Maccabees will be on Dec. 14, which will be a Christmas party for all members. The Maccabees are furnishing the turkey with the remainder being potluck.

Bring your own table service and a 50 cent exchange gift.

Carrie Gladstone and Arbutus Munch are planning the entertainment for the evening.

An excellent attendance was at the Thanksgiving party and all enjoyed the party.

Sorry to report that Bessie McCullough was in an accident and is in St. Mary Hospital. She is improving and her room number is 139. Cards would be appreciated.

Australia was first settled by the Dutch and called New Holland. The British did not take over until 150 years later in 1788.

**Plymouth Cow Given Highest Classification**

Clara Calamity Enchanter, a registered Holstein cow owned by Charles J. Rogers, Plymouth, has been officially classified "Excellent" — the highest designation attainable in the type classification program of The Holstein-Friesian Assn. of America.

This highly select designation is applied only to animals scoring 90 or more of the 100 points representing theoretical perfection in body conformation.

Of 57,000 registered Holsteins officially classified for type last year, only 511 were rated "Excellent."

The Rogers Holstein moved to the "Excellent" bracket for the first time during a recent classification of the herd by J. A. Fairchild of Berwick, Pa. — an official inspector on the staff of the national Holstein organization. She scored 91 points. Animals scored "Excellent" in previous programs are not included in this listing.

Although 5,140,000 housing units have been built since the end of the war, Japan has a serious housing shortage, with an estimated 2,000,000 more units needed.
