

Near Complete Slate, Proposal Face Township Electors

Democrats are again challenging Republicans in Plymouth Township with a full slate of candidates at next Monday's Biennial Spring Election at which Township voters must also decide if they want to add two more trustees to the Township Board.

In some of the past "grass roots" elections, Township Democrats failed to provide opponents for the incumbent Republicans. But two years ago, and again this year, the

Plymouth Democratic Club has filled in almost the entire Democratic side of the ticket, with the exception of a candidate for the Board of Review.

Leading their party's slates are Roy R. Lindsay, Republican supervisor of the Township since 1953, and Dr. A. Leo Speer, Democrat, a newcomer to politics who is a chiropractor by profession.

Other Republicans seeking election are:

Clerk, Fred L. Miller; treasurer, Elizabeth Holmes; trustee, Louis J. Norman; justice of the peace, Martin Schomberger; Board of Review, Loyd Sharland; constables (to elect four) Donald King, Robert Burns, Richard C. Powell, Gene E. Leader; commissioner of highways, Frank Milington. All are incumbents except Powell and Leader.

Democratic candidates running with Dr. Speer are:

Clerk, Hoyt G. Hessler; treasurer, Lois M. Lane; trustee, Walter A. Anderson; justice of the peace, William Crowther; constable, William A. Mulhall; Robert Barnhill, Fred L. Lester, Richard Simmons; commissioner of highways, Donald Nickerson.

Precincts will remain the same as in the past elections, with Precinct 1 at Fire Station No. 2 and Precincts 2 and 3 at the Township Hall. Voting hours are from 7 a.m. to

8 p.m. In addition to the local offices, a dozen other offices on the state and county levels will be on the ballot. Voters will find columns for the Democratic, Republican, Socialist Workers, Prohibition, Socialist Labor and Independent American parties with candidates for most state offices. On the red portion of the voting machine will be three proposals. On top is the most familiar — the question of whether a constitutional convention should be called. Proposal No. 2 asks if the Constitution should be amended to allow the state to aid in financing industrial, manufacturing and municipal development projects.

The third proposition asks if at the election to be held in April 1963 there should be two additional trustees elected. There are now five people on the Township Board — the supervisor, clerk, treasurer and two trustees.

When the population reaches 5,000 and over 3,000 registered voters, law requires that voters be asked if they want two additional trustees. The last census gave Plymouth Township 8,364 people.

If the proposition is approved, the two new trustee positions would not be open until the 1963 election. Purpose of the law is to allow growing townships a larger representation on the Board. Trustees receive pay of \$10 a

meeting. Despite a fierce battle by Democrats two years ago when Orville Tungate faced Supervisor Lindsay, Republicans maintained their firm grip on Plymouth Township offices. Lindsay won over Tungate, 526 to 590 — the narrowest margin of all contests in that election. There were 1,583 voters going to the polls in that election. There could possibly be more this year because of a population increase.

Eight Seek 4 Commission Jobs

★ ★ ★
Meet The Candidates Tonight!

It's Town Hall tonight! Starting at 8 p.m. in the Junior High tonight (Wednesday), candidates for Plymouth Township and City offices will appear before voters. Each candidate will be introduced and invited to speak a few minutes. Later, the audience will be able to submit written questions to any of the candidates.

Appearing will be candidates for City Commission, the City's representative to the Wayne County Board of Supervisors and the Democratic and Republican candidates to the Township Board.

City Corner Re-zoning Moves On

A City Planning Commission vote denying a change of zoning to provide for 38 apartments was over-ruled by the City Commission in a joint meeting of the two bodies held last Thursday night. The unusual meeting was called last week when it was learned that the party wanting to invest money in the apartments at N. Territorial and Sheldon Roads may soon drop the project unless the zoning question isn't resolved.

It appeared that the zoning question had been settled March 16 when the Planning Commission deadlocked with a 3-3 vote on changing the zoning from one family residential.

(Continued on Page 14)

Churches Observe Holy Week With Special Services

Christianity's solemn observance of Christ's death is now taking place throughout the world and Plymouth's churches, representing most of the major denominations, are holding special services that are expected to bring large crowds of worshippers.

Holy Week, which begins with Palm Sunday, is filled with many special services. (For a listing of churches with these services, turn to page 15.)

Most business establishments and public buildings will close their doors from noon until 3 p.m. this Friday while many churches conduct Tre-Ore services.

Largest of these Tre-Ore services is the one sponsored by a body of Protestant denominations. It will be held at First United Presbyterian Church. The first hour, starting at noon, will consist of prayer, meditation and music.

The next two hours, with services starting at 1 and 2 p.m., will have programs of worship cen-

SOME OF THE fanciest Easter bonnets in town were on parade Tuesday when first grade pupils at Bird School brought their home-built hats. The youngsters got some real laughs looking at each other as they donned bonnets made

from such things as strainers, Easter eggs, stuffed rabbits and baby chick nests. From left are Stephanie Flora, Mary Alice De Groat, Craig Duke and Kenneth Amick. Miss Marjorie Alford is the teacher.

New Junior High Coming Up

Start \$1 Million School Jobs

Two large school projects costing over \$1 million will start this Monday in Plymouth — one the construction of the first phase of a new junior high, and the other the remodeling of the 42-year-old Senior High School.

The junior high going up at Ann Arbor Trail and Sheldon Rd., will cost \$810,693. Cost of the remodeling and additions at

the Senior High will be \$264,800. Both projects are being financed from the Building and Site Sinking Fund that voters approved last June.

Hickson - Costigan, Inc., Detroit, was low bidder among nine submitting bids for the junior high last week for the general contract. The mechanical contract is going to Allen Briggs Co., Oak Park, and electrical work will be performed by P as Electric Corp., Dearborn. The junior high architects, Bennett & Straight, Inc., had estimated the cost at \$815,000. The actual bids had come in so low that several alternate bids were accepted, such as paving the parking lot, use of solar glass and terrazzo floors in the halls.

Administrative Assistant Melvin Blunk declared that this has proved to be an excellent time for taking bids. Some of the state's biggest contractors, such as the builder of Cobo Hall, had bid on the Senior High work.

The first phase of the junior high (still named less) is to be completed by July 1, 1962, in time for occupancy by that September. It will be used by seventh graders and possibly by some sixth graders until the second phase is completed in 1964.

The first phase will include the two-story classroom unit consisting of 19 classrooms. This will include temporary library, home economics shop and art rooms. Another unit will have the gymnasium and locker rooms. The boiler room will have one boiler with provision for the second.

A short time after the first phase is completed, the second phase will be started that will contain permanent rooms for the library, home economics, shop and art departments. The completed new school will have a capacity of 960, the same as the present Junior High. After the second phase is opened in 1964, both junior highs will have similar seventh, eighth and ninth grade programs.

In many ways, the Senior High remodeling job is more complicated. There are 12 separate projects to be completed by the time school opens in September. Work is to start Monday only on projects outside that will not interfere with school.

F. W. Markward Co. of Warren is the general contractor. Mechanical work will be by A & J Heating Co., Detroit, and electrical work by Plymouth Electric. The architect, Wheeler & Becker, had estimated the cost at \$272,000. There were 15 bidders.

The 12 projects undertaken are:

1. A three-story stair tower in front of the building (cost, \$97,944).
2. Enclosure of two stairs

(Continued on Page 18)

Voters to Also Name County Supervisor

Eight people competing for four City Commission jobs will present the biggest decision-making job for City of Plymouth electors as they go to the polls next Monday.

The Biennial Spring Election ballot will also offer a race for the City's representative to the Wayne County Board of Supervisors and a

host of other candidates seeking a dozen offices on the State and County levels.

This year's race for City Commission is one of the most competitive in many elections. Eight is the maximum number that can run in the Biennial Spring Election for the Commission.

Statewide Candidates, Issues Also On Ballot

Besides the local candidates on Monday's Biennial Spring Election ballot, there will be names of 56 other candidates that electors must consider as they push down the keys. There will also be two statewide proposals.

Most prominent of the proposals is the question of calling a state constitutional convention. At present the constitution can be changed only by amendment, but many feel that the entire document needs overhauling. Doing a "patchwork" job is costly, and time-consuming, they feel.

Opponents, however, claim the amendment method is less complicated and that changes should be considered one issue at a time so that electors can consider each on its merits instead of being buried in a maze of changes.

Proposal 2 asks to change the constitution so that the legislature can provide credit of the state to aid public benefit corporations for the purpose of financing industrial, manufacturing and municipal development projects. Very little public discussion has taken place on this amendment.

Here are the candidates for state and county offices. The letters after their name designate their party: D-Democrat, R-Republican, SW-Socialist Workers, P-Prohibition,

SL-Socialist Labor, IA-Independent American.

University of Michigan Regent (to elect two): Theodore Sachs, Allan Sorenson, D; James Zeder, Paul Goebel, R; Sarah Lovell, Edith Gbur, SW; Rollin Severance, Harold Munn, Jr., P; Theos Grove, James Horvath, SL; Wheeler Kern, Daniel Wadowski, IA.

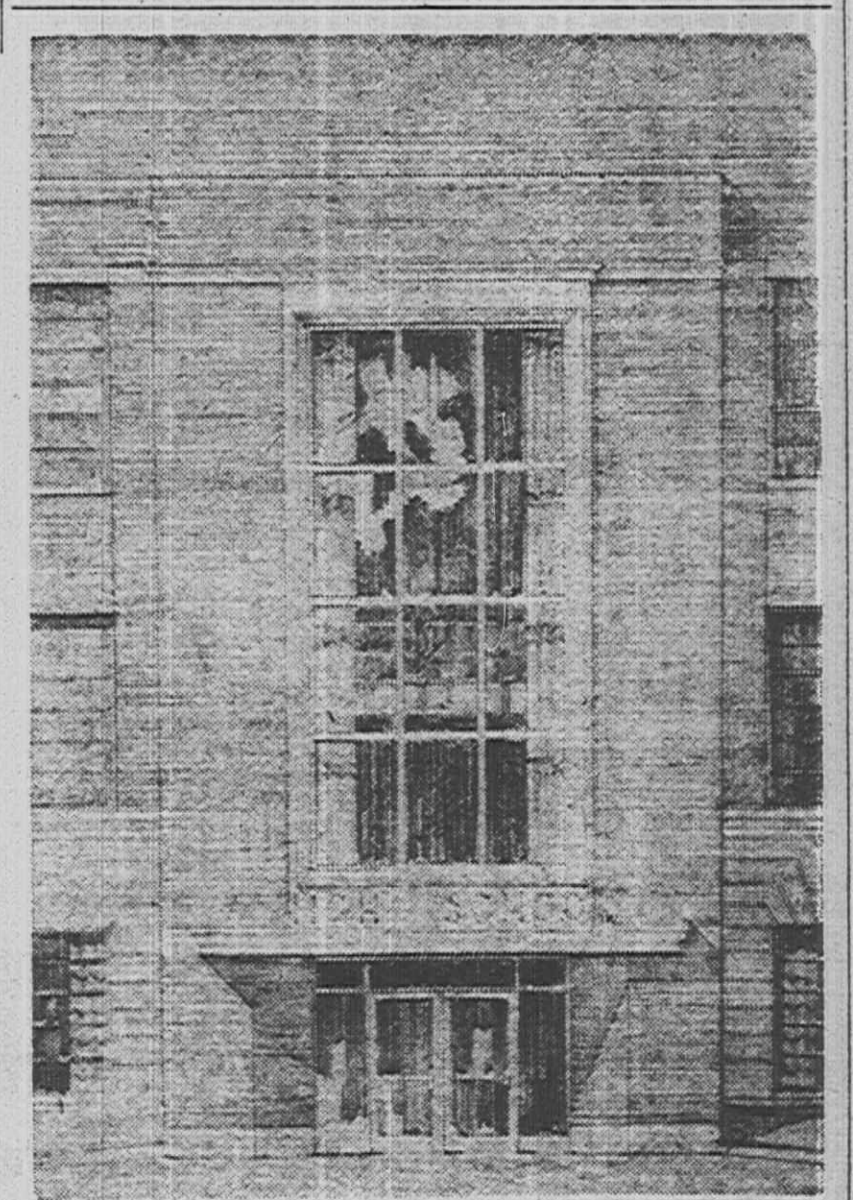

Superintendent of Public Instruction: Lynn Bartlett, D; Hugh Holloway, R.; Robert Himmel, SW; Harold Munn, Sr., P; Clifford Bentley, SL; Glenn Green, IA.

State Board of Education: Frank Hartman, D; Charles Rogers, R.; Larry Dolinski, SW; Oscar Griswold, P; Edna Conklin, IA.

Michigan State trustees (to elect two): Allen Harlan, Connor Smith, D; John Pingel, Fred England, R; Merlin Voller, Paul Kyburz, P; Charles Schwartz, John Zywicki, SL; Clair Bishop, Ronald Hadley, IA.

State Highway Commissioner: John Mackie, D; Charles Bedwell, R; William Pearsons, P; Ralph Muncy, SL.

(Continued on Page 14)

LARGEST OF the many projects at the Senior High that will start Monday is the stair tower to be built onto the front of the building. It will replace the central stairway inside, one of the many changes asked by the state fire marshal.

Three of those seeking Commission posts are incumbents while five others are attempting to gain their first terms.

Polls will open at 7 a.m. Monday and will close at 8 p.m. There will be no change in precinct locations, according to City Clerk Joseph Near.

Voting machines will again be keyed to the three color system. The white portion will contain the partisan offices. There are six parties entering candidates — Democratic, Republican, Socialist Workers, Prohibition, Socialist Labor and Independent American.

They have candidates competing for two regents of the University of Michigan, two trustees for Michigan State, a state superintendent of public instruction, a State Board of Education member, a sioner, and two governors State Highway commissioner, and two governors for Wayne State. Three parties also have one county auditor candidate each.

There is also a blue section on the voting machines. This is the non-partisan ballot where it is impossible to vote a "straight ticket" such as on the partisan ballot.

The non-partisan section contains names of four men seeking two State Supreme Court justice jobs. The City ballot is also on this blue section.

On the right side of the voting machine panel is the red section devoted to two state questions. One is the highly-publicized constitution convention question and the other deals with permitting the State to aid in financing industrial and municipal development projects.

The seven persons seeking City Commission seats are: Robert O. Beyer, 725 N. Mill, drug store owner; J. Rusing Cutter, 193 N. Main, attorney, an incumbent candidate.

William Hartmann, 383 Blunk, oil company supervisor, an incumbent.

Mrs. Catherine Henderson, 725 Auburn, interior decorator-counselor.

James Houk, 346 Irvin, shoe store owner.

F. Richard Merriam, 565 Byron, Ford Motor Co. engineer.

Fabe Mirtto, 185 Blunk, insurance agency manager. Richard Wernette, 387 Adams, Probate Court analyst, an incumbent candidate.

The two seeking the Wayne County supervisor post are: Mrs. Catherine Henderson (same as Commission candidate).

A. E. Vallier, 1338 Pennell (Continued on Page 14)

WORK WILL start Monday on the first phase of a new junior high school at Sheldon Rd. and Ann Arbor Trail. The first phase will include the two story building at left (classrooms) and the taller building in the middle (gymnasium).

Mrs. Arman Patchanian

Former Plymouthite Wed In Double Ring Ceremony

Dorothy Sue Mandt and Arman Patchanian joined hands in a double ring ceremony, Saturday, March 18, before Rev. Raymond B. Barr at the United Presbyterian Church in Ypsilanti.

The bride was gowned in chantilly lace with a tiered and ruffled bouffant skirt that ended in a train. The neckline of the fitted bodice was accented with pearls and sequins and her illusion fingertip veil fell softly from a pearl crown. She carried a cascade arrangement of sweetheart roses and stephanotis with a white orchid in the center.

The white satin Bible Mrs. Patchanian carried was a keepsake belonging to her grandfather, the late Dr. David Littlejohn.

Liza Bedian from Evanston, Ill., wore an emerald green flowing chiffon frock with matching accessories and veil. Her bouquet was of Talisman roses in a white lace parasol.

Bridesmaids were Mrs. Margaret Burr Kidston and Mrs. Ann Sumner Willoughby, both of Plymouth and Miss Nancy Walls from Dearborn. They were dressed in gold chiffon gowns with matching accessories and veils and carried colonial bouquets of Talisman roses.

Yasken Alvasian of Evanston was best man and William Mandt, brother of the bride, served as head usher. Other ushers were Edward Flood of Hampshire and Suzanne Willoughby from Gambier, Ohio was the flower girl. Her dress was yellow and white and she carried a basket of Talisman rose petals down the aisle.

The mother of the bride, Mrs. Ernest Mandt, wore a beige ensemble with olive green accessories accented

Jean's Jottings

With Spring in full swing (or at least it was at the time of writing), our thoughts turned this week toward summer camping opportunities, so we contacted the "Y", and for those who may be interested we will pass along some of the suggestions offered by Jerry Manlove, Camp Executive, and Bob Rick, Associate, advise the following checkpoints to parents in selecting a reputable camp for their children. "Is there a nurse or doctor in residence?" "Does the camp comply with State health laws?" "Is there fire fighting equipment handy?" "Are living areas tightly screened and waterproofed?" "Are the grounds free from debris and litter?" "Is there a some system of assuming control in the event of an emergency?"

A good camp will spell out in pre-camp staff training the essential skills by which a counselor will be most effective and sensitive to individual differences and will welcome inquiry from parents. Further, says Manlove and Rick, "A clear statement of the camp's aims should be included in their literature and brochures as well as statements of procedure in accomplishing specific objectives such as riding, swimming, hiking and boating."

The YMCA has three camps for various age levels. Camp Ohiesya, for lads 9-16, is located 45 miles northwest of Detroit and the first 12 day period begins June 26. Camp Nissokone, outside Oscoda, on Lake Van Etan is for boys 8-16 and the initial four week session begins June 29. A variety of activities is offered at both camps.

Older boys, 14-17, camp at Loud Island and after a rigorous training period and a canoe trip on the AuSable, campers take a 10 day trip in the Ranger Lake area above Saulte Ste. Marie. Mr. Glen McAdams, assistant principal of Bentley High, is the director in charge of this operation.

David Green, of 595 Simpson, and a 1960 graduate of Plymouth High, will be spending his second summer on the staff of YMCA Camp Ohiesya. Incidentally, David, who is attending Albion College, has just been put on the Dean's list for his outstanding scholastic achievements.

YWCA Camp Cavell plans for 1961 include Camp Northwood for fourth through sixth graders, Southwood Camp for girls in seventh through ninth grades, and Brookside for 10th graders. Except for the Family Camp program, which goes from Aug. 19-27, all other sessions are divided into four sessions, the first commencing on June 24.

The lure of no cooking, no dishwashing and good child care is ample bait that will attract many moms interested in family vacations. Each family, which lives together in separate cabins, can participate in the many special activities covering swimming, tennis, archery, badminton, volleyball, crafts, riding, golf, and fishing as well as a variety of side trips that may be selected. The children's program is operated separately from that of the adults.

Further details on camping can be obtained by phoning the YMCA at WO 2-1590 or the YWCA at WO 1-9220.

Volunteers Needed For April Cancer Crusade

Heading the April Cancer Crusade for the Plymouth Branch of the Michigan Cancer Foundation will be Mrs. Louis Dely, who is appealing for volunteer workers for the Women's March for Crusade on April 10 and 11. However, those giving their help need not work both days or even all day either day, according to Mrs. Dely.

Other appointments made recently by the local board are Mrs. Carol Porter, service chairman, and Mrs. Francis Patterson, office chairman. Mrs. Porter is asking Plymouth residents for "white goods" to be used in the preparation of cancer pads.

Also appointed to with Thomas Adams, president, on the budget committee are Mrs. Harry Bartel, Mrs. L. C. LeFever, Mrs. E. I. Carless, Dr. William Van Newkirk, Miss Elizabeth McDonald, Mrs. Porter and Mrs. Patterson.

The Michigan Cancer Foundation is a United Foundation Agency which should not be confused with the ACS which refuses to be a part of the united effort. The Detroit Cancer Center, Yates Memorial Clinic, Michigan Cancer Registry and Detroit In-

stitute of Cancer Research all operate under the title of Michigan Cancer Foundation.

The annual Crusade of the Foundation is a door-to-door educational drive to promote knowledge about cancer, its cures and research, and to remind citizens of this area that they have contributed \$763,758 to the service, research and education through the 1960 Torch Drive or Plymouth Community Chest as it is named locally.

P.T.S.A. Invites Psychologist To Return April 10

The April meeting of the P.T.S.A. will be held Monday, April 10, in the general purpose room of the Junior High School at 7:45 p.m. So many persons expressed interest in the March meeting, that as a follow-up to that meeting the group will once again hear Dr. Clayton Lafferty, psychological consultant of Wayne County Board of Education, as their speaker.

Dr. Lafferty will deal with case studies of behavior problems and the program will include the analysis and discussion of portions of actual recorded interviews. Underlying causes of behavior problems will be developed along with possible remedial corrective action.

There will be a brief business meeting prior to the program, at which time officers for next year will be nominated and elected.

The April program should be of extreme interest to parents of children of all ages. It should also stimulate a great deal of discussion. So often parents are confused by their children's behavior, even shocked, the program committee notes. "Perhaps this program presented by Dr. Lafferty will help us understand their problems and aid in the correction."

PEO Sisterhood Observes 25th Birthday

Chapter AI of the PEO Sisterhood observed its Silver Anniversary in Plymouth last Thursday with a birthday party at the Hillside Inn. Three charter members of the chapter were present to join the observance. They were Mrs. Nell Curry, Mrs. Harold Stevens and Mrs. Austin Whipple.

CUTTING THE Silver Anniversary cake are, from left, Mrs. Harold Stevens, Mrs. Nell Curry and Mrs. Austin Whipple. The three are charter members of the local PEO chapter, formed 25 years ago.

Guests included past state officers Mrs. Marion Maddock of Ann Arbor, Mrs. Eva Annette Boyle of Detroit and Mrs. Olive Cook.

Following the dinner the program was held at the home of Mrs. Harold Curtis.

The PEO Sisterhood is an educational organization, international in scope, which owns and operates Cottey College, a junior college for girls, in Nevada, Mo.

It also helps many girls through its \$2,000,000 educational loan fund and International Peace Scholarship.

The PEO was the second sorority organized in this country after the Civil War.

Eta Phi Elects New Officers

Eta Phi Chapter of Eta Sigma Phi held a progressive dinner for 28 recently. First course was served at the home of Mr. and Mrs. Craig Stover in Livonia followed by the salad and main entrée at Mr. and Mrs. William Bailey's and at the Robert Probeck's home dessert and coffee concluded the repast.

At the March 21 meeting at Mrs. Lee Rehbein's, the new slate of officers was elected. They are Louise Byrd, president; Evelyn Bailey, vice-president; Flo Fuelling, treasurer; Cella Fuelling, recording secretary and publicity; Betty Swanson, extension officer; Shirley Mayes, City council representative; Janet Luce, alternate representative; and Clyda Holt, corresponding and sunshine secretary.

The first order of business under the administration will be the celebration of Founder's Day, this year to be held at 8 p.m. at the Thunderbird Inn. At the conclusion of the banquet new members will be initiated.

Otwell Heating Participates in Dealer School

Bill Otwell, Howard Stickle and Roy Rutledge of Otwell Heating and Supply Co., have just returned from the two day Majestic Dealer School at Huntington, Ind. Otwell Heating participated with 300 other Majestic furnace and air conditioning dealers in a series of sales and service training sessions. Howard Stickle was awarded his one year service pin by the Majestic Company.

Easter Starts Revival Week

Rev. George Allen will be the guest evangelist at the Faith Tabernacle Pentecostal Church of God on East Spring St., for one week, beginning Easter Sunday. The young evangelist, 17 years old, despite going to school, devotes much time to church work. The coming revival will be held during his Easter holiday.

Assisting Evangelist Allen will be Pastor C. C. Satterfield. All faiths are invited to attend.

On Easter Sunday and on the Sunday following, the mid-day services will begin at 11 a.m. The revival meetings will be held nightly at 7:30 p.m. beginning Easter night and continuing through April 9.

Congregation Sending Pastor, Wife on Holy Land Pilgrimage

A 37-day pilgrimage to Europe and through the Holy Land has been presented to the Rev. and Mrs. Patrick Clifford by their congregation, Calvary Baptist Church. They will leave Plymouth April 3.

The trip is being provided as a Silver Wedding anniversary gift to the couple and it also marks the 12th year that Rev. Clifford has served the congregation.

Driving to New York, they will join the Prophetic Pilgrimage tour April 5 by boarding the Queen Mary. Five days later they will be in London where Rev. Clifford and other Bible scholars will take part in Prophetic Congress, held in conjunction with the Advent Testimony and Preparation Movement in Great Britain.

On April 13 the group will fly to Cairo. In Egypt they will see all of the historical attractions. In the Near East they will also visit Beirut, Damascus, Amman, Jerusalem, Haifa and Tel Aviv. Some eight days will be spent in the area of Jerusalem.

The pilgrimage will move on to Athens May 3, then to Rome, Switzerland and finally Paris. They will fly from Paris to New York May 12.

Throughout the tour, including the boat trip, the group will participate in devotional and prophetic studies. Among the speakers and leaders heading the tour are such men as Dr. William Culbertson, president of the Moody Bible Institute.

This will be the first trip abroad for either Pastor or Mrs. Clifford.

Engagements

ELLA PLANT

Mr. and Mrs. Ernest W. Plant, of 45004 Ford Road, Plymouth, announce the engagement of their daughter, Ella, to William Hawes, son of Mr. and Mrs. William K. Hawes, of 1309 North Congress, Ypsilanti. Miss Plant is a graduate of Plymouth High School and has a B.A. degree from Michigan State University at East Lansing. She is presently teaching second grade in the Farmington Public Schools.

Her fiancé is a graduate of Ypsilanti High School, has a B.A. degree from Eastern Michigan University at Ypsilanti and an M.A. and Ph.D. from the University of Michigan at Ann Arbor. Dr. Hawes is Director of Radio-Television at Texas Christian University, Fort Worth, Texas.

A summer wedding is planned.

TRY OUT COSTS BENNINGTON, Vt. (UPI) —Michael T. Farmer, 17, was fined \$20 for driving 70 miles an hour in a 40-mile-an-hour zone because "I was buying a car and naturally wanted to try it out."

Marjorie Lee Taylor

Mr. and Mrs. Lester Redeman of 48640 N. Territorial Rd. announce the engagement of their daughter, Marjorie Lee, to Mr. William J. Taylor, son of Mr. and Mrs. William S. Taylor of 135 N. Holbrook.

Marjorie is a 1958 graduate of Plymouth High School and is a junior at Michigan State University. William is a 1956 graduate of Plymouth High and is a senior at the University of Detroit.

"ON THE CORNER" — MAIN and PENNIMAN

St. Peter's Schedules Special Holy Week Services

Special Holy Week services are scheduled at St. Peter's Ev. Lutheran Church, 1343 Penniman Ave.

On Maundy Thursday evening, the institution of the Lord's Supper will be celebrated with a Communion service at 7:30 p.m. Pastor Norman Berg will preach on the theme: "Behold the Lamb of God at the Last Supper."

On Good Friday, the annual noon-time service for the congregation and community will be held at 1:30 p.m. The Rev. Mr. Robert Baer of Ann Arbor, will preach the series of meditations on the Seven Last Words. Anthems will be sung by the Children's, Junior, and Treble Choirs of the church.

At the Easter Sunrise Service at 7 a.m., a "son" of the congregation, Loren Trapp, will deliver the sermon. Mr. Trapp is attending Concordia Lutheran Seminary, St. Louis, Mo. He is the son of Mr. and Mrs. Albert Trapp, Sheldon Rd. At the Easter service at 10 a.m. Holy Communion will be celebrated. Pastor Berg will speak on "Our Easter Joy: He Is Risen."

On Good Friday, Pastor Berg of St. Peter's Lutheran Church, will be the guest speaker at the joint Synodical Conference Lutheran Good Friday noon-day service in the Civic Auditorium, Saginaw.

A class of 22 children was received into the communicant membership of St.

Peter's Lutheran Church by the Rite of Confirmation on Palm Sunday.

The class included: Christine Arison, Michael Bartel, Judy Burgett, Cynthia Conant, Douglas Jaskierny, Susan Lockwood, Pamela Packard, Mildred Perry, Kathy Rehbein, Ronald Tisch, James Whitmore, Patricia Barry, William Bartel, III, Gary Clark, Diane Eckles, Jay Kendall, James Nuoffer, Tina Pedersen, Robert Reddeman, Darel Stevens, Wendy Weidland and Nancy Young.

The Confirmation Class presented the church with the gift of a copy of The Lutheran Liturgy for service use and a sterling silver communion paten. The Rite of Confirmation was administered by Pastor Berg.

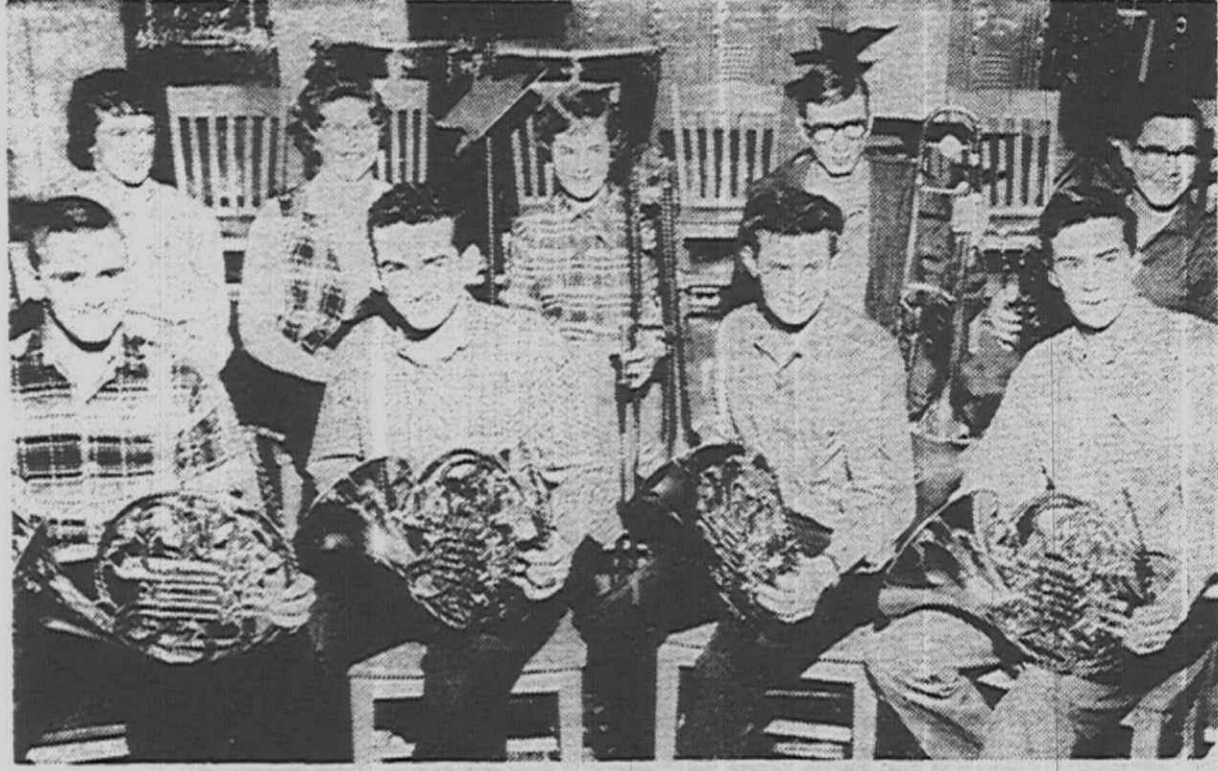

Newcomers Alter Luncheon Date

The Newcomers' Club Social Chairman, Mrs. Al Miller, reports that the April luncheon will be held a week later, April 13, to enable her to engage Mrs. Helen McGivney, Home Economist for the Iron-rite Company, to give her interesting demonstration on the lease and convenience of ironing on an Iron-rite. Guests will be welcome at this luncheon.

WASHINGTON (UPI)—The Public Health Service reports that 1,878 communities are fluoridating water.

By the end of 1959, the percentage of all communities that had adopted fluoridation was as follows: population over 500,000, 61 percent; 500,000 to 100,000, 35 percent; 100,000 and under, 42 percent.

In back row are first division superior winners Sharon Sprague, flute solo; and Clare Ann Wilson, clarinet solo; second division trombone duet winners Cheryl Wright and Russell Stahl; and Jim Yost, cornet solo, first division winner. Not pictured was Dale Livingston, also a cornet solo first division winner.

CAR Convention In Battle Creek

Children of the American Revolution of the Plymouth Corner Society attended the 28th annual convention of the C.A.R. at the Hart Hotel in Battle Creek, Saturday, March 25. Those from Plymouth were Janet Stuart, Elizabeth and Steven Carlson. Susan Templeton, Richard Martin and Vicki Merwin attended from Northville.

Mrs. Robert Willoughby and Mrs. George Merwin accompanied the young people.

Susan Templeton read the Plymouth Corner Society report for the assembly and Richard Martin offered the State Committee report for radio, television and movies. Vicki Merwin recited the State Merit Award report and was elected state organization secretary for the coming year. Also appointed was the senior parliamentarian, Mrs. Willoughby and senior organization secretary, Mrs. Merwin.

The original Australian aborigines are believed to have gone there thousands of years ago by land bridges long since submerged.

Senior Citizens Plan Bake Sale

Mrs. Herbert Famuliner
FI 9-0924

A delicious luncheon was served by the Senior Citizens of Plymouth at their March 23 meeting. A handsome birthday cake in honor of birthdays was furnished by the Vivian's Club who also supplied door prizes. Following the luncheon, Miss Neva Lovell showed films of the Passion Play, assisted by Mrs. Helen Caplin. Card playing and sewing cancer pads were part of the afternoon's activities.

The Senior Citizens offer their thanks to the Vivian's Club, Miss Lovell and Mrs. Caplin and Mr. and Mrs. Paul Nash, who served as host and hostess during the month of March.

The next gathering of the group will be April 6. There will be no meeting March 30, and the guest speaker will be a visiting nurse from the Nurses Association. A bake sale has been planned for April 1 and will be held at Kroger's.

Volunteers for the Barber-

shop quartet are still needed and are urged to come to the Senior Citizens next meeting from 1 p.m. to 5 p.m. at the Odd Fellow Hall.

Seniors Take Trip To Washington D.C.

Monica Rohrff is home sick with the mumps.

A Sunshine Shower was held Thursday evening at the Bennett home on Six Mile Road. The party was held in honor of Mrs. Gilbert, a South Lyon teacher. Miss Gail Bennett was the hostess. Eighteen classmates were present and five teachers. Mrs. Gilbert received many beautiful gifts for the baby-to-be. Gail served her guests cake, jello, coffee and punch.

Mr. and Mrs. Harlow Ingall spent Tuesday and Wednesday with Harlow's sister in Morenci.

Mr. and Mrs. James Tanner and their baby spent Sunday evening at the Bennett home.

Holy Week Begins At Good Counsel

The annual Holy Week services held in Our Lady of Good Counsel Catholic Church will commence Holy Thursday evening at 7:30 with the traditional celebration of the Mass of the Last Supper. At this service, Father Jerome Fraser will deliver the final sermon in his Lenten series on the sacraments; this sermon will concern the institution of the Holy Eucharist.

Upon completion of the nocturnal liturgy, the main altar will be stripped of its altar coverings, and the side altar of reposition will become the center of attention. The Blessed Sacrament is contained at this side altar throughout the night with a silent "guard" of 40 candles burning constantly. The church remains open throughout the evening so the faithful may visit quietly all hours of day and night in commemoration of our Lord's last evening on earth.

Good Friday is especially emphasized with the Tre Ore service at noon. During this service the passion according to St. John is solemnly sung by three chanters: Father Francis Byrne presenting the Christus, Father William Child narrating, and Father Harold C.P. representing the people. This is the one time of the year in which three priests sing the gospel.

From 3 p.m. on Friday until 11 p.m. Saturday, there is no liturgy performed in the church to maintain the chronology of Our Lord's final rest

in the tomb. Saturday evening the vigil service begins with the blessing of the paschal candle, a six foot candle which burns throughout the Easter season, representative of Christ. Complete darkness in church is broken by the light of this candle during the service.

With the litany of the saints invoked and the renewal of the baptismal vows and blessing of new baptismal water, the midnight Easter Mass is offered; the Lenten season has passed. Forty days of fast and abstinence have given way to the feast of the resurrection.

Easter Sunday Masses are as usual, a complete schedule appearing elsewhere in this paper. At the high Mass, 9:30, the choir under the direction of Mr. William Grimmer and organist, David Conrad, will sing "Haec Dies Quam Fecit" and "Surrexit

Dominus" along with the four part Palestrina Easter Mass.

Rebekah News

Don't forget Friday, March 31, at 6:30 p.m. is a family potluck. Come and bring your own table settings and a dish to pass. Brother and Sister Gray are host and hostess.

We enjoyed our guest, Zetta Timpson, past president and treasurer of Rebekah Assembly very much.

Sorry to say Brother Bill Roach is still in the hospital. It was nice to have Sister McCoy with us again, also Sister Kathie and Sister Hartung should come out more often.

Obituaries

Charles R. Mason

Charles R. Mason, at the age of 77, passed away Friday, March 24, 1961 in Lakeland, Fla. His Plymouth home was at 10390 W. Ann Arbor Trail. Mr. Mason, before his death, was a member of the local Masonic Lodge and served as chairman of the board for the Warm Air Heating and Supply Co., on W. Ann Arbor Rd.

Surviving him are his wife, Ann, two sons, Gail C. and William A. Dodd, and one daughter, Helen, all from Plymouth, three sisters, Maude McCabe of Plymouth, Daisy Toney of Peoria, Ill., Bessie Ball of Toluca, Ill., four brothers, Forest, of Spokane, Wash., Lon of Fullerton, Calif., and seven grandchildren.

Funeral services were held at 2 p.m. from the Mason Funeral Home in Metamora, Ill. Interment was in Long Pointe, Ill., in the family plot.

Anna M. Dibble

After a long illness, Mrs. Anna Dibble died March 22, 1961, in Henry Ford Hospital.

She was born in Hancock, Michigan to Elizabeth (Nichols) and John Nankervis and came to this community 15 years ago with her husband, Samuel.

Mrs. Dibble was Past President and Honorary Life Member of the North Woodward Women's Club of Detroit. She was also a member of the First Methodist Church of Plymouth, of the Plymouth Woman's Club and a member of the Hannah Circle of the Methodist Church.

Surviving her is her husband, Samuel, and one son, Samuel, Jr., of Plymouth.

Funeral services were held from the Schrader Funeral Home March 24. Reverend Melbourne I. Johnson officiated.

Interment was in Riverside Cemetery.

Infant

Robert James Rutherford

Baby Robert James Rutherford died March 23, at the age of 13 days. He was born March 10, 1961, in Pontiac.

Surviving the child are his parents, Mr. and Mrs. Thomas Rutherford and grandparents, Mr. and Mrs. Harvey Rutherford and Mr. and Mrs. Derward Jewell.

Reverend Henry J. Walch officiated at the funeral services held at the Schrader Funeral Home, Saturday, March 25.

Interment was in Parkview Memorial Cemetery in Livonia.

Roy Chilton Lostutter

Following a two year illness, Roy Chilton Lostutter died March 25, 1961, at the age of 74, in the Tolfree Memorial Hospital in West Branch, Mich.

He was born September 10, 1886, in Carrollton, Ky. to Kate (Chilton) and Peter Grant, and married Gussie (Sherritz) July, 1920.

Following his retirement from the Wayne County Road Commission he became a carpenter and contractor. The family made their home in Livonia from 1936 to 1954.

Surviving Mr. Lostutter are his wife, Gussie, two daughters, Mrs. Katherine Maley of Chicago and Mrs. Martha Klus of Livonia, two sons, Edward G. Lostutter of Detroit and Robert C. Lostutter of Livonia, two sisters, Mrs. Ray Montgomery of Vincennes, Ind., and Mrs. Doris Fisher of Fort Worth, Tex., six grandchildren and three great grandchildren.

Reverend Melbourne I. Johnson officiated at the 2 p.m. funeral service from the Schrader Funeral Home March 28.

Palbearers were Norman Cassie, Dave Sherwin, Roy Wolfrom, Fred Gullstorf, Erich Maers and W. M. Nestler.

Interment was in Riverside Cemetery.

Louis William Mayer

Louis William Mayer of 34120 Plymouth Rd., Livonia, died March 28, 1961, at the age of 38 in Ridgewood Hospital following a five day illness.

He was born in Louisville, Ky., March 20, 1923 and lived in Livonia the past 20 years. He was a plater at Burroughs Corp. Mr. Mayer was a member of Northville Lodge 186 F. & A.M.

Surviving him are his wife, Mildred, his stepson, William R. Staniski of the U.S. Air Force, his father, George Mayer, Sr., of California, two sisters, Mrs. Agnes Fox of Detroit, Mrs. Marie Falter of Athica, Ohio, and one brother, George, of Hazel Park.

The funeral will be held at 11 a.m. Friday, March 31 from the Schrader Funeral Home. Masonic services will be conducted by Northville Lodge 186 F. & A.M. at the graveside in Cadillac Memorial Gardens.

Margaret Millmore

Funeral services were held Friday, March 24, for Mrs. Margaret Millmore, 9206 Elmhurst, who died March 22 at St. Mary Hospital, Livonia. She was 60 years old.

An employee of the Kroger Co., Mrs. Millmore is survived by her husband, Eben; a son, Robert A. Millmore; a daughter, Mrs. Betty Jones, Dearborn; and a brother, Henry Doxsee, Chicago.

Mrs. Millmore was born June 23, 1900 in Rockford, Ill. Services were held at the Burpee-Wood Funeral Home in Rockford.

Taillight Stops One Of Two Tire Thieves

Two Detroiters setting out on a journey to load their cars with stolen wheels and tires had their venture cut short last Friday night when one of them was arrested shortly after stealing a pair of wheels in Plymouth.

Philip Hetzel, 20, Detroit, and a companion, Irvin McHaley, had each driven their cars to Plymouth to start an evening of thievery. Hetzel was caught — but McHaley is still at large, according to Plymouth police.

Hetzel said that McHaley has been stealing tires and wheels for a month and has an outlet for his stolen goods. After "casing" several used car lots around Plymouth, they took two wheels and tires from a 1961 car at Paul

Can Pay U-M Fees Next Year In Installments

Financing education at The University of Michigan will be easier for many students and parents this fall when they pay fees by the installment plan.

Under new U-M regulations, payment of instructional fees can be split in half. The first

is due Oct. 2, the last on Nov. 29.

Basic semester fees for Michigan residents are \$280 yearly. Average expenses are about \$1,555. For non-residents, yearly semester fees total \$750. Expenses average \$2,025.

The optional plan will make payment easier for students working for all or part of their expenses and parents desiring to cover college costs out of their current income, U-M officials comment.

A national U-M survey shows parents pay the major share of college expenses for their children. It reveals that 37 percent of those planning to send a child through col-

lege within a year have savings for this purpose. On the average, parents pay \$950 of an average national cost of \$1,500 yearly. Students pay the bulk of remainder by working or with scholarships.

At the U-M a third of all single students earn between 75 and 100 percent of their college expenses. Another third earn between 10 and 75 percent of their expenses. The remainder comes from parents' pockets.

WILLMAR, Minn. (UPI) — Willmar Township has voted in favor of having the tax assessor also collect for a 11 charity drives when he makes his annual rounds.

Arrange Trip To Latin America

The Graduate Division of Eastern Michigan University has appointed the Travel Centre in Plymouth to make all arrangements for their 1961 Central American Geographical Field Trip, visiting Yucatan, Guatemala, El Salvador and Mexico City.

Kurt Thrun of the Travel Centre is flying to Guatemala, San Salvador and Mexico City next week to make all arrangements for this trip.

The tour leaves on July and returns on August 24.

Know Your Township Board Candidates

Republicans

Roy R. Lindsay
For Supervisor

Lives at 11000 McClumpha Rd. Resident of Plymouth since 1938, he was appointed supervisor in June 1953 and was re-elected in 1955, 1957 and 1959. Member of the Wayne County Board of Supervisors and its Ways and Means Committee, Sewer and Water Committee and Wayne County General Hospital Committee. He has also served on Civil Service legislative committee. Is a veteran of World War I.

eran of World War I, is first vice-president of Michigan Township Assn., past president of Out-County Supervisors Assn., past president of Western Wayne County Board of Realtors. Belongs to National Assn. of County Officials, Michigan State Assn. of Supervisors, United North-western Realty Assn., Plymouth Chamber of Commerce, Veterans of World War One, and U.S. Army Ambulance Service Assn., started present real estate and insurance business in 1946.

"If elected I would like to see the following accomplished:

"I will continue to work with cooperation of Wayne County Metropolitan Sewerage Disposal Department and the City of Detroit water department, for the expansion of the now installed sewer system and the presently being constructed 17 miles of water lines in the eastern half of the Township. This now places us in a position to be attractive for industrial and residential development in the western half of the Township.

384 Starkweather - Plymouth

Dear Neighbor:

I am concerned about the future of our Township and, since my family will grow up here, I would like to help our community develop and be able to enjoy the "out of the city" type living.

Our community is bigger than any one man and it disturbs me to see "personality conflicts" impair our community, whenever it may be. I have the time and the desire to be supervisor. Now if you will vote for us—we will win.

Thank You.

A Paid Political Advertisement

Each candidate for the Township Board (supervisor, clerk, treasurer and trustee), in addition to providing his biographical sketch has been, asked the question: "If elected, what would you like to see accomplished?"

"The continuing of planning our area for orderly and balanced growth in cooperation with any other bordering municipality desiring to do so.

"Plan for the expansion of the crowded space of the administration offices, which would mean adding on in some direction.

"As assessor of the Township, I would like to see the continuation of the present low tax assessment and remain a Township.

"As a member of the Wayne County Supervisors Sewer and Water Committee, I would like to see, and will do everything possible to get the present County sewer ban lifted."

Fred L. Miller
For Clerk

Lives at 46303 Phoenix Rd. Elected Township clerk two years ago. Before that was a supervisor of accounting for Ford Motor Co. for 24 years before retiring. Was sergeant of ordnance during World War I in France. Attended LaSalle University. Member and treasurer of Community Improvement Assn. of Plymouth Township. Has lived here since 1947.

"Whether elected or not, I would like to see the following accomplished:

"A continuation of the present sound and proven policies for the administration of the affairs of our Township.

"An orderly, balanced industrial and residential development, at a rate within our ability to provide the necessary services and control in order to maintain the present high standard and character of our community.

"Extension of water service to all needy areas, including neighboring communities.

"Relief for those areas, now compelled to pay double water rates.

"Lifting of the state ban on sewer line expansion in order to provide sewer service for all existing needy areas and to provide for new development.

"A continued policy of cooperation on a reciprocal basis with neighboring communities, on problems of mutual interest."

Elisabeth Holmes
For Treasurer

Lives at 41390 Joy Rd. Appointed Township treasurer in 1933 and re-elected in 1957 and 1959. Is a member of the Order of Eastern Star, the P.T.A., the Michigan Townships Assn., and the Plymouth Community Fund Board of Directors. Moved to Plymouth in 1943.

"As a member of the Township Board, there are some things I would like to see in common with the rest of the Board members. After many years of effort, we have a sewer and water system in the Township that eventually will be extended to cover the entire Township. We hope this will also make the area attractive to additional industry, provide more local employment, and in turn help to keep our tax rate at its present enviable low.

"In addition to this major project, I would like to see continued administrative efficiency, a continuation of operating within our budget, continued service to all Township residents in any field of Township operation. We are ready to help at any time."

Louis Norman
For Trustee

Lives at 4188 E. Ann Arbor Trail. A resident of Plymouth for 40 years, he is an excavating contractor. Was elected a Township trustee for a two-year term in 1955 and re-elected in 1957 to a

(Continued on Page 18)

Walter A. Anderson
For Trustee

Lives at 11349 Gold Arbor. Resident here since 1944. A salesman by profession, he is a member of the Industrial Photographers of Michigan, Society of Reproduction Engineers, Plymouth Democratic Club and Knights of Columbus. He graduated from Technical Sales Management at Rochester, N. Y. in 1953.

"I believe in representative government and a township for the people. I want to develop a good, strong community which will, at all times, be a servant of the people. If elected, I will vigorously support the formation and activity of the Citizens Committee which is outlined in our four point program. This committee will provide a forum for all groups and individuals who wish to contribute to better government for Plymouth Township. This should give us the needed wide-spread representation which is needed to formulate important policy on our Township Board.

"As a member of the Township Board, I would like to see the following accomplished:

"1. Immediately appoint an Economic Development Commission. After eight years of unbroken rule, no new industrial base has been added to our township. We need new jobs and must get desirable industry.

"The job of this commission will be to lure new industrial base into the Plymouth Community. This must be done to hold a line on real, personal, public participation. We can keep our separate unit of government and also cooperate school district.

"2. Encourage citizen participation in all phases of present high standard and character of our community. After eight years of indifference toward township residents we will give conspicuous advance notice of all township board meetings and work toward an open "Town Hall" type meeting to encourage public participation. After eight years of snubbing the press, we will institute a weekly information column presenting the day to day operation of township government to the citizen. We will work to improve the public image of our Community.

"3. Promote broad community development effort. After eight years of one man rule, we will appoint a citizens committee representative of all groups in our community. It would be an advisory committee, working without pay, to improve communication with the citizens and provide us with the added foresight which would prevent costly mistakes as made in the past. After eight years of a "Go it Alone" attitude, we will develop a community bond with all our neighbors, similar to that of our school district and the community college district which came about despite the present administration.

"4. Improvement of officials attitude to the public. After eight years of being unavailable and hard to approach, we will have an "open door" policy. We will be available to all residents at all times. After eight years of hostility with all of our neighbors, we have suffered through lack of adequate water and sewer facilities."

Hoyt Hessler
For Clerk

A resident of Plymouth for 25 years, he is a salesman. Member of the Plymouth Democratic Club and the Allen and Junior High P.T.A's. Was in the Army during World War II. Was at one time supervisor of 45 employees for Kaiser Motors.

"I will safeguard the precious election franchise and the right of the secret ballot for all of our citizens. As Township Clerk, my office will be open to all our citizens and will provide them with prompt, courteous service. As the qualified candidate for this, the most difficult public office in our Township, I will see to it that the records and public books are, at all times, up to date and open to public inspection."

Lois M. Lane
For Treasurer

Lives at 9665 Haggerty Rd. Resident of Plymouth since 1945. Mrs. Lane is employed at Whitman & Barnes and Hillside Inn. Has been secretary and chairman of election committee of Local 577, AFL-CIO. Is member of Episcopal Women's Club and Plymouth Democratic Club. Husband is Raymond Lane.

"As Township Treasurer, I will be a member of the Township Board. It is in this capacity that I will be most useful to the citizens of our Township. My basic interest is in the success of the program of our slate, a program that takes into consideration the needs of our citizens and the ability of the township to deliver and, at the same time, hold the tax line!

"I am particularly interested in representing the families and the women of our Township. Our Township sorely needs a government which cares about our youth and senior citizens.

"A township tax bill is felt more by a mother, charged with the welfare of her family, than by any other single person. Actions of this government are of great concern to homemakers and I intend to make their voices heard.

"Economic development, communication with our people and citizen participation in community affairs are the roots of sound government. It will be my personal duty to carry these issues to the homes and homemakers of our Township."

Dr. A. Leo Speer
For Supervisor

Lives at 9400 S. Main St. A chiropractic physician by profession, he has lived in Plymouth area since 1953. Graduate of Purdue University and Lincoln Chiropractic College. Is senior vice-commander of American Legion, chairman of Audit and Membership Committee and secretary of House of Delegates of Michigan State Chiropractic Society. Member of Plymouth Democratic Club, U.S. Naval Reserve, Smith School PTA and Knights of Columbus. Was local representative for National Correct Posture Week and President Eisenhower's Youth Fitness Program. Was a Little League baseball commissioner. Was instructor in U.S. Naval Hospital Corps eight years.

"When elected, I intend the Democratic ticket will:

"1. Immediately appoint an Economic Development Commission. After eight years of unbroken rule, no new industrial base has been added to our township. We need new jobs and must get desirable industry.

"The job of this commission will be to lure new industrial base into the Plymouth Community. This must be done to hold a line on real, personal, public participation. We can keep our separate unit of government and also cooperate school district.

"2. Encourage citizen participation in all phases of present high standard and character of our community. After eight years of indifference toward township residents we will give conspicuous advance notice of all township board meetings and work toward an open "Town Hall" type meeting to encourage public participation. After eight years of snubbing the press, we will institute a weekly information column presenting the day to day operation of township government to the citizen. We will work to improve the public image of our Community.

"3. Promote broad community development effort. After eight years of one man rule, we will appoint a citizens committee representative of all groups in our community. It would be an advisory committee, working without pay, to improve communication with the citizens and provide us with the added foresight which would prevent costly mistakes as made in the past. After eight years of a "Go it Alone" attitude, we will develop a community bond with all our neighbors, similar to that of our school district and the community college district which came about despite the present administration.

"4. Improvement of officials attitude to the public. After eight years of being unavailable and hard to approach, we will have an "open door" policy. We will be available to all residents at all times. After eight years of hostility with all of our neighbors, we have suffered through lack of adequate water and sewer facilities."

ELECT JAMES C. HOUK

"JIM" HOUK COMMISSIONER

Monday, April 3

HERE IS WHY:

1. Jim Houk has an important stake in the future of this community. He has been a businessman for 30 years. He was a charter member of the Junior Chamber of Commerce (1934), a member of the Chamber of Commerce since 1941, served 12 years on the Chamber Board of Directors, has been a member of Kiwanis for 17 years, was a member of City Charter Commission.
2. He is, and always has been, an active participant in almost every project or function which aims to promote and boost Plymouth.
3. He believes in equitable taxes for all and absolute economy in government.
4. Through his church and his personal life he has contributed heavily to the betterment of youth and education.
5. In his own business he has exemplified a vigorous and forceful outlook always searching for new ideas and progress.

If elected Jim Houk will listen to YOU... solicit your counsel. He will be willing to weigh each matter with an open mind and not make quick decisions without getting the facts.

American Legion News

Lillian Kinghorn, Americanism Chairman, announced at the last meeting the winners of the Essay Contest. Thomas E. Hoffman, 11th grader, was the winner in the Senior Group and Terry Kot, was the ninth grade winner in the Junior Group. The winning essay will now enter the district competition.

President, Fran Burleson states that the following members in the Auxiliary received pins and cards at the American Legion's 42nd Birthday Party. Five year pins went to Anna Clark, Marion Kot, Marilyn Moore, Louise Trudell and Lorraine Zeigler. Mildred Hower, Phyllis Hower, Maxine Kunz and Ada Langmaid received their 15-year pins. Gertrude Simonetti will be awarded her 30-year pin at the Past President's Parley meeting, which will be Monday, April 3, at 8 p.m., at Fern Burleson's home, 1122

Calvary Baptist Holding Bible Conference

Rev. Franklin Logsdon

A Bible Conference is being held at Calvary Baptist Church. It started Sunday, March 26, and is running through Friday night, March 31.

Rev. S. Franklin Logsdon, noted Bible teacher, is the speaker. Widely known as a pastor, Rev. Logsdon resigned the pastorate of the Immanuel Church, Holland, early in 1958, in order to devote his time to a teaching ministry.

Other pastores include the First Baptist Church, London, Ontario, and the Moody Memorial Church, Chicago.

His engagements cover a wide range, including union campaigns in which his Bible teaching messages are turned to evangelistic purposes.

Sunday services will be held at 11 a.m. and 7 p.m. Monday through Friday sessions will be held from 10 to 11 each morning, and at 7:30 each evening.

Rev. P. J. Clifford is the pastor. The public is invited to attend these meetings.

Ross St., Past President's cards were given to Melva Gardner, 1955-56 and 1956-57, and Gwen Holcombe, 1957-58.

Remember the April Fool's Dance at the Post Home, 888 N. Sheldon, Saturday, April 1, beginning at 9 p.m. Music will be by Don Bernard's band. Donations will be \$1.50 per couple. For tickets call Don Kinghorn, at GL 3-3995.

Commander Ryder wishes to see many members out for their business meeting on Wednesday, April 5 at 8 p.m. Remember the Square and Round Dance, Saturday, April 8, starting at 9 p.m. Donations are \$1.50 per couple and tickets may be had by calling Mr. Kinghorn.

A Rummage Sale is scheduled for April 20, 21 and 22 at the Post Home. Anyone cleaning house and wishing to discard furniture, appliances, clothing, etc., please call GL 3-3995 for pickup.

The Home will be open April 17, 18 and 19 in the evening from 8 to 10 p.m. for anyone wishing to leave their articles. Harry Burleson at GL 3-3571 will also supply pickup information and details for those wishing to help at the sale.

Veterans of Foreign Wars

The regular meeting of auxiliary 6695 was held Tuesday, March 21. After the meeting, the Past Presidents of our auxiliary were honored with a special party. The tables were gaily decorated in pink, blue and white, and a beautiful white floral arrangement was in the center of the guest table. Following a delicious lunch served by Geraldine Olson and her committee, each Past President was presented with a gift in appreciation of her year of service. The following girls were so honored, Virginia Bartel, Gertrude Danol, Loretta Young, Helen Bowring, Beverly Brown, LeMay Smith, and Mildred Dely. Congratulations to all of you.

Plans for the 15th Anniversary Party to be held Saturday, April 8, are nearly completed. A wonderful dinner will be served promptly at 7 p.m. Entertainment and dancing will follow. Reservations must be made not later than March 29. Tickets are \$2.50 per person and may be purchased from Dick Neale, Ray Danol or from Burley's Service Station. Be sure to call and make your reservations now so that you won't miss out on this special party.

The auxiliary wishes to express their deepest sympathy to Catherine Holman on the loss of her mother-in-law.

Alba VanMeter is a patient at St. Joseph Hospital in Ann Arbor, Room 3013. Hope you are feeling better, Alba.

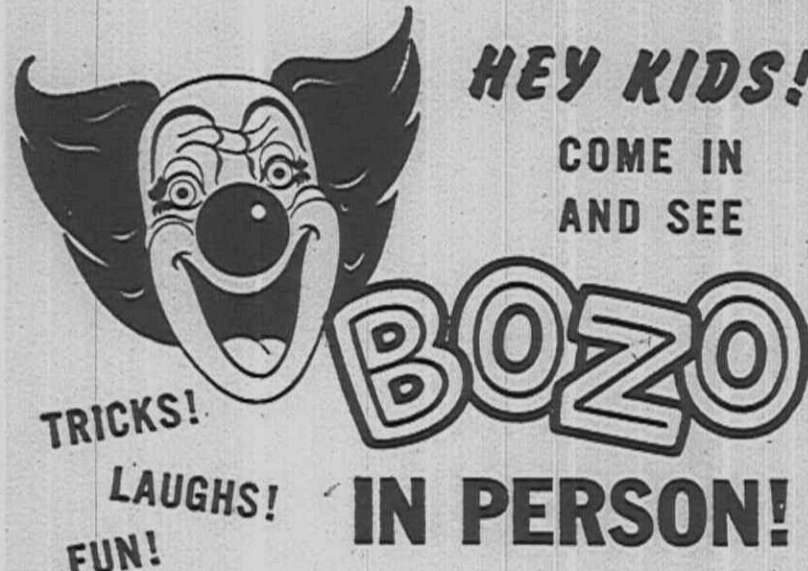

We hear that Mrs. Grubisch, a member of our auxiliary who now lives in South Bend, Ind., has been seriously ill. Although we don't see Mary too often, we do wish her a speedy recovery.

Next regular meeting April 4th at 8 p.m. See you there.

MONTGOMERY WARD

Meeting Airs Chartered Township Proposition

By Esther Sprengel

Canton Township residents received a clearer picture last Wednesday night of the meaning of a "chartered township" when a special public forum was held in the Geddes Rd. Hall. A proposal to place Canton Township under a charter form of government will be on the ballot this Monday.

Supervisor Louis Stein first addressed the group, presenting the resolution regarding a chartered township and then turned the meeting over to Joseph Parisi, executive secretary of the Michigan Township Supervisor's Assn. Parisi presented the Charter Township act to the group section by section in the language understood by the average voter. Some members of the audience felt that from Mr.

Parisi's talk, that a Chartered Township sounded like a "Utopia" and I think it is the common question of many. "We have heard the good side — what is the bad part of a Charter."

Your writer and other people asked this question have summed up the lesser advantages of a Charter being, the additional power the Board will have in levying millage, more mill in addition to the four already granted.

After the audience was told that a budget shall be fixed and that the Township Board is required to stay within that budget, the question was asked what if an emergency arrives where more money is needed? Most emergencies mentioned were covered by insurance, smaller emergen-

cies could possibly be taken care of under surplus of other departments of the budget. A member of the Board stated that he could not conceive of any great emergency that isn't protected by insurance or law, that could happen to our Township.

Mr. Parisi opened his talk with the summarization of a charter. The charter township was devised for growth and development, additional services to the people. It is a specific act to meet demands he said. It gives the Township greater bonding power, at a lower interest rate. Mr. Parisi stated that there are 41 possible charter townships to be formed. He stated the reason for so few charters at the present time is that the original act did meet the need, but since the revision, the charter has drawn the attention of many more townships.

He expects that there will be at least 30 such townships by the end of the year in Michigan. To become a chartered township the population must be 5,000. The people may petition it to be placed on the ballot by 10 percent of the voters. Mr. Parisi then went on to elaborate on the act:

(1) Under a charter your Board shall (and this was explained as a must rather than it is now may) publish in a locally-read paper the minutes of the Board meetings.

(2) The Board may create additional Township departments. It may have a Township superintendent in addition to a supervisor. However, the usual procedure is that the supervisor takes on the additional duties.

(3) The chartered township may have its own police department in addition to the State Police and County Sheriff, who will still patrol our roads.

(4) The chief of police would be known as the marshal. The police could double as watchmen in the Township rather than full-time police. However, Mr. Stein stated that the Board had no intentions of forming such a police force.

(5) The fire department would remain basically the same as is presently.

(6) A charter gives the Board the right to sell or purchase land or properties provided that there will be no additional tax levy. The money must be available in the Township without additional

tax; otherwise the vote of the people would be necessary.

(7) A charter gives the Board the right to bonded indebtedness up to 10 percent of assessed valuation. This would not mean that the entire Township would be assessed for improvements, but only the area benefiting.

(8) A charter insures the peace, health and safety under the ordinance. As is the rule now, the township's health and safety is preserved.

(9) A charter controls all streets, alleys, bridges, and the opening and closing of streets in the Township. It has jurisdiction over utility companies under this act, whereas they must secure a permit from the clerk to close or disrupt a Township road. This section especially protects the businessmen. As explained, if in the middle of a busy season or holidays a utility company decides to tear up the street in front of a business place, the owner or proprietor could then request the Board to delay the action until a more convenient time.

(10) A charter gives greater power over regulating and restricting the contracting and building of homes, stores, etc.

(11) A charter gives the Township a more responsible position in bargaining with the governing bodies. It makes them do-equal partners.

(12) Our present ordinances will remain as are, if a charter is decided upon, until necessary changes can be made to bring the rules and regulations governing our Township up to date.

(13) Under a Charter Act, all ordinances and changes of law must be made by resolution and a roll call vote of each member of the Board taken.

(14) We would have the disposition of all fines, the funds remaining in the Township, months. However, this does not include penal fines. Penal fines are for felonies, high misdemeanors, or major violations, having a \$100 penalty or more and a 90 day sentence or more. This fine goes to the State.

(15) Under the adoption of a budget, each department head must submit a budget for his department by Aug. 1. The supervisor has the authority to revise all budgets Board for study. A fiscal and then submit them to the year runs from Jan. 1 to Dec. 31.

(16) A charter provides the Board with the right to levy five mills and five additional mills, by the vote of the people only. At the time of a vote the ballot proposition must state the exact time length that the mills will be needed. Each year at the budget hearing the Board

must state the amount of millage needed for the year.

(17) No expenditures may be made, except that which is appropriated in the budget. If there is a balance from any one of the items listed on the budget, that amount must be put in the general fund and reappropriated.

(18) A detailed budget shall be drawn up and shall show what has been spent the previous year, current year and proposed expenditure for the next year. The budget must also justify an increase or decrease.

(19) The Board shall determine the need for bonds pledged for improvements for the Township. The selling power of bonds shall be greater and at a lower rate of interest.

(20) Becoming a charter Township shall not stop annexation or incorporation.

(21) A charter township shall have control over all drainage — sewers and storm sewers and may maintain same.

The group was then introduced to Edward Orr, Township engineer. Mr. Orr has had 30 years' experience in his field in Oakland, Wayne and Monroe Counties. He informed the audience of the progress of sewers and water service and felt we had a need for a charter township to progress efficiently.

William Sempliner, Township attorney, was introduced. Mr. Sempliner felt as a township we were girded for strictly a rural area. He stated that a charter township would give us greater growth value, control over our drain laws, etc. He stated that the Charter Township Act is fixed so that the Board has power to levy five mills, but felt that they will not be

levied unless the people demand and want improvements needing the millage.

Mr. Sempliner further stated that he could see no tax increase in the very near future of the Township.

Philip Dingley, treasurer, spoke to the group and stated each week some persons interested in developing land have asked him about the progress of Canton. Mr. Dingley felt it our duty to keep developing the land in an orderly manner and that plans must be made for the future and that a charter township seemed to fill this need. He further stated that at present 30 percent of our Township is still in farm land and that the farmer is paying high taxes and thus operating at a loss.

To develop, he said, we need our own taxes, pure sewage treatment, which the law does not require, but the Board feels is the right of the residents to know. However, this does not insure that another Board would do this if we remain as we are, it was noted.

Supervisor Stein then stated that the Township taxes have not gone up for four years, which brought groans and comment from the audience. However, after an ex-

planation from the Supervisor, his statement was proven correct. Many of our taxes have gone up, but due to State equalization and due to school tax increase. Our tax bill is split into three parts, and only two percent of this goes to our Township.

Would a charter be good for our Township? This decision must be yours, but before you vote April 3, be sure to hear both sides of the argument and only then decide how to vote.

Mr. Parisi complimented our Board and stated that we were fortunate indeed, as our Board is now doing many things, such as a detailed budget, which the law does not require, but the Board feels is the right of the residents to know. However, this does not insure that another Board would do this if we remain as we are, it was noted.

Another question raised was if under a chartered township there was a development started and this development needed water and sewers, would the board have the say that this water and sewer would be put through, or would it still need the signatures on petition of 51 percent of the land surrounding the development? It was answered that it is the same as now — 51 percent of the land owners must be for sewer and water.

Supervisor Stein then stated that the Township taxes have not gone up for four years, which brought groans and comment from the audience. However, after an ex-

planation from the Supervisor, his statement was proven correct. Many of our taxes have gone up, but due to State equalization and due to school tax increase. Our tax bill is split into three parts, and only two percent of this goes to our Township.

planation from the Supervisor, his statement was proven correct. Many of our taxes have gone up, but due to State equalization and due to school tax increase. Our tax bill is split into three parts, and only two percent of this goes to our Township.

Would a charter be good for our Township? This decision must be yours, but before you vote April 3, be sure to hear both sides of the argument and only then decide how to vote.

Mr. Parisi complimented our Board and stated that we were fortunate indeed, as our Board is now doing many things, such as a detailed budget, which the law does not require, but the Board feels is the right of the residents to know. However, this does not insure that another Board would do this if we remain as we are, it was noted.

Supervisor Stein then stated that the Township taxes have not gone up for four years, which brought groans and comment from the audience. However, after an ex-

planation from the Supervisor, his statement was proven correct. Many of our taxes have gone up, but due to State equalization and due to school tax increase. Our tax bill is split into three parts, and only two percent of this goes to our Township.

All About Babies

By Kenneth S. Shepard, M.D.,
Pediatrician
St. Francis Hospital
Evanston, Ill.

Responsible for the production of diaper rash are moisture, heat, trauma and chemical irritation.

Moisture is present because of urine and stool and excessive excretion of the sweat glands.

Heat is present because of the infant's normal body temperature plus, in many instances, the use of an impervious diaper covering such as rubber, plastic or treated silk.

Trauma (injury to the skin) is the result of rubbing of the wet diaper, which is frequently pinned rather tightly.

Chemical irritation is due in large part to ammonia produced by urea-splitting bacteria acting on the urine. In some instances, highly acid stools may be a factor.

In the prevention and the treatment of diaper rash, an

effort is made to eliminate or minimize the preceding offending factors.

Moisture and heat are decreased by changing the diaper more frequently and by excluding the use of the water-repellent diaper covering.

Trauma is reduced by pinning the diaper less tightly and by leaving the diaper area exposed to air for varying periods of time.

Chemical irritation is decreased by washing the diapered area with soap and water with each diaper change.

In the laundry, a bland soap should be used, and the diapers should be well rinsed or boiled. The use of a rinse such as borax is sometimes thought to be of value in neutralizing the ammonia produced by urea-splitting bacteria.

EDITOR'S NOTE: The Medical Committee of the National Baby Care Council recommends that home laundering of diapers include three pre-rinses, four separate sudings, six hot water rinses to remove all soap, boiling for 30 minutes to sterilize the diapers, a vinegar-water rinse to reduce alkaline content and treatment with a special diaper antiseptic. If another uses professional diaper service the assured baby's diapers are processed scientifically using all the mandatory steps under strict laboratory control.

The use of powders and ointments is of secondary importance. Silicone-containing ointments are of limited value in preventing diaper rash and are of no value in treatment. Erythematous (inflamed) rashes can be treated with cornstarch or a mild powder to absorb some moisture. Very dry diaper rashes should be treated with a mild lubricant such as petroleum jelly.

In weeping, noninfected rashes, powders and ointments should be avoided. Judicious use of soap and water to keep the area clean, exposing the area to air, and the use of mild, dry heat are of value.

Infected diaper rashes should be treated with non-sensitizing antibiotic ointments prescribed by a physician.

Newburg Couple Back from Sunny South

Mrs. Emil LaPointe
GL 3-3797

Mr. and Mrs. Clyde Smith of Newburgh Rd. are home after spending an enjoyable three months in the sunny climes of Marathon, Fla. During the last two weeks of the Smiths' vacation, Mr. and Mrs. James Tomlinson and children, also of Newburgh Rd., joined the Smiths to round out an altogether enjoyable time.

Mr. and Mrs. Henry Grimm of Wayne Rd. were hosts to their daughter and her family, Mr. and Mrs. Robert Fugenschuh and children Amy and Eddie, from Mt. Pleasant on a recent weekend.

It is good to report that Guy Taylor of Ann Arbor Trail is home from the Garden City Osteopathic Hospital after having been hospitalized for two weeks. He is convalescing nicely and cards of cheer would be most welcome.

In support of the Penrickton School of the Blind program, a few ladies from the Newburgh area recently attended a card party for this school's benefit. Those attending were Mrs. Harold Mackinder, Mrs. Frances Bazo, Mrs. Lilja, Mrs. Henry Grimm, Mrs. Raymond Grimm, Mrs. Harbin and Mrs. Clyde Smith.

Mrs. Mary Watt of Mason,

has been a guest, for the past two weeks, in the home of Mr. and Mrs. Arthur Gennis on Joy Rd. Mrs. Watt is Mrs. Gennis' mother.

Congratulations are in order at the home of the Andersons on Joann St. A new baby daughter, born at the Garden City Osteopathic Hospital and named Jill Lisa, has arrived to be loved by all.

The Joy Rd. Canasta Clan met at the home of Mrs. Harold Mackinder on Hanlon Ave. on Tuesday, March 21, for the regular get together each month. Those present for the evening were Mrs. Irene Deter, Mrs. Stella Hocking, Mrs. Jane Kenner, Mrs. Margaret Desmond, Mrs. Brownie Flaherty, Mrs. Georgiana Pregitzer, Mrs. Eleanor Rawsky, Mrs. Dorothy Dickie, Mrs. Florence Peterson, Mrs. Mary Watt and Mrs. Edith Gennis. The mystery prize for the evening was won by Mrs. Watt. The girls plan to get together again in April at the home of Mrs. Flaherty and there to plan for their annual night out in May.

Mrs. Leonard Titzler of Plymouth Rd. entertained a group of ladies for luncheon at her home on Tuesday, March 21. This was another in a series of diminishing luncheons to aid the Woman's Society of Christian Service of the Newburgh Methodist Church in meeting their pledge to the Expansion fund of the church. Ladies attending were Margaret Baldwin, Florence Crawford, Bertha Ayres, Edna Smith, Martha Smith, Barbara Ketchum, Florence Mahl, Sarah Henning and Florence Ritzler.

With the passing of the Lenten season and Easter, the folks of the Newburgh Methodist Church have many things planned which will be of interest to all of you in the area and to your friends. On Sunday evening, April 30 at 7:15 p.m. the Lincoln Park Chorale will present their annual Spring Musical Festival with the highlight of the evening being a portion from the "Flower Drum Song," which will be presented in complete costume. This will be held at the church hall, Ann Arbor Trail and Newburgh, Rds.

The next event on the cal-

endar is the Mother and Daughter Banquet which will be held at the church on Friday, May 5 at 6:30 p.m. Plans for the program for the evening are still in the formative stages, but will be something for all ages to enjoy. Plan now to attend. Also in May, May 20 to be exact, the much talked about and the most popular event, Smorgasbord a la Newburgh. All who have attended this smorgasbord and have tasted of the delightful cuisine will not want to miss this one. Be sure to tell your friends. Times for serving have been set for 4:30 p.m.; 5:45 p.m.; 7 p.m.; and 8:15 p.m. This should afford a time opportunity for all. Tickets are set at \$2.50 for adults and \$1 for all children under 10 years of age.

Cotton Shirts In for Change

What changes are in the wind in sport shirts?

News is being made as the males of the species exchange their conservative pull-overs for bright stripes and fancy necks, reports Everett Matlin, editor of Gentlemen's Quarterly, the fashion magazine for men.

Yes, indeed, this is the time for bold fun shirts! Men and boys have lots of fancy shirts to choose from this spring. Hot orange, gold, green, carnation pink, air-force blue, all in vivid hues, make news in lustrous highly polished cottons. A process called mercerization makes these fine cotton fabrics more acceptable to the new bright dyes. It is a method of polishing the cotton yarn so that colors appear more shiny, more lustrous, brighter. Many sport shirts manufacturers carry the Duren label to show consumers the yarn of their shirts has been mercerized.

The new hot colors show up in multi-color stripes, vertical stripes, horizontal stripes, boater stripes, ticking stripes and candy stripes. Stripes patterns go hand-in-hand with the paisley and batik prints that are prominent in lightweight sport coats this season.

Polished cotton shirts too, are a smart contrast to the cool soft shades of new season sport coats. Pullovers, sport shirts, the kind most popular, feature deep front plackets with three or four buttons. On some shirts the placket practically reaches the belt line of the slacks.

NESTING

SAN ANGELO, Tex. (UPI) — Willard Cates hung his waders and trousers on the clothesline to dry, and returned to find a mockingbird had appropriated one of the pockets for a nest.

THIS TEAM HAS ACCOMPLISHED THE FOLLOWING:

Established a Township Water Department. City of Detroit water is now assured resulting in lower Fire Insurance Rates. Further expansion planned.

Established a Township sewer system in co-operation with Wayne County Metropolitan Sewer and Sewage Disposal System.

Plymouth Township is recognized as having one of the best tax base areas in the State of Michigan.

Plymouth Township maintains a Favorable Industrial Climate.

Modern, efficient administrative services without deficit spending.

Expanded services provided during the past two years:

Enlargement of Township Hall

Establishment of a Second Fire Station

Commenced Parks and Recreational Facilities

Improved Voting and Parking Services

All of the foregoing accomplished without penalty of City Taxes or Special Assessments!

SPORTS OBSERVER

By George Maskin

President Kennedy's nationwide physical fitness drive has started to jell.

Oklahoma football coach Bud Wilkinson already has been named to serve as the President's aide in an attempt to curb what the chief executive deprecates as "a terrible situation" — the deterioration of the physical condition of the country's younger folks.

Throughout our area — in Plymouth, Livonia and Redford Township — various gents connected with physical education in the school systems and through recreation activities are standing as one to cheer the president.

And, it's not because they might happen to be of the same political affiliation.

"Sometimes we feel like crying when we see what's happening to the youngsters in the community when it comes to physical stamina," declared Gordon Young, the athletic director at Thurston High.

"At least half, yes even more than 50 per cent, of the boys and girls can't pass the physical tests we conduct in our gyms. On top of that, boys who should be out for varsity sports teams, are staying away not only at the high school level, but down in the junior highs as well."

Young, and other prep athletic directors like Les Anders over at Bentley, or John Sandman at Plymouth, or Howard Kraft at Redford Union, know why the kids are flunking physical aptitude tests. They also know what's behind the smaller athletic turnouts.

It simply boils down to our modern way of life. Too much driving around... not enough walking.

Then, too, there's the matter of "keeping up with the Joneses."

You're a 17-year-old in high school. Pal Bill has his own car in which he pulls up at school to attract the attention of the female beauties. So, you also have to have an auto.

Operating a car costs money, which means you must find some kind of a job. Hence, you no longer have time to play football or basketball or run on the track team.

Your school is a loser because they lack your services on the athletic field, but more important, your body is a bigger loser. But you are too young to realize what danger you're creating for yourself. You must keep pace with the others.

"Schoolmen are doing everything in their powers," says Redford Union's Kraft, to get more students interested in some phase of athletics or physical activity.

"There's never been a time when our schools had better all-around gym facilities. Just a few years ago, most of the schools in the area had small gyms. The school with a swimming pool was a rare one."

"Now all of our area schools have fine gyms. This is true in the senior highs, the junior highs and the elementaries. We have fine pools and constantly are improving and expanding our outdoor facilities."

"Yet, after participating in the compulsory-class programs, a great percentage of the students want no part of the extra curricular interscholastic and intramural athletic program we stage."

Recreation leaders throughout the Redford Township-Livonia-Plymouth sector agree with Kraft and his school colleagues.

"We keep hearing complaints from some people about what we are doing with the tax dollars our department receives," declared Bob Girardin, the Livonia "Rec" chief.

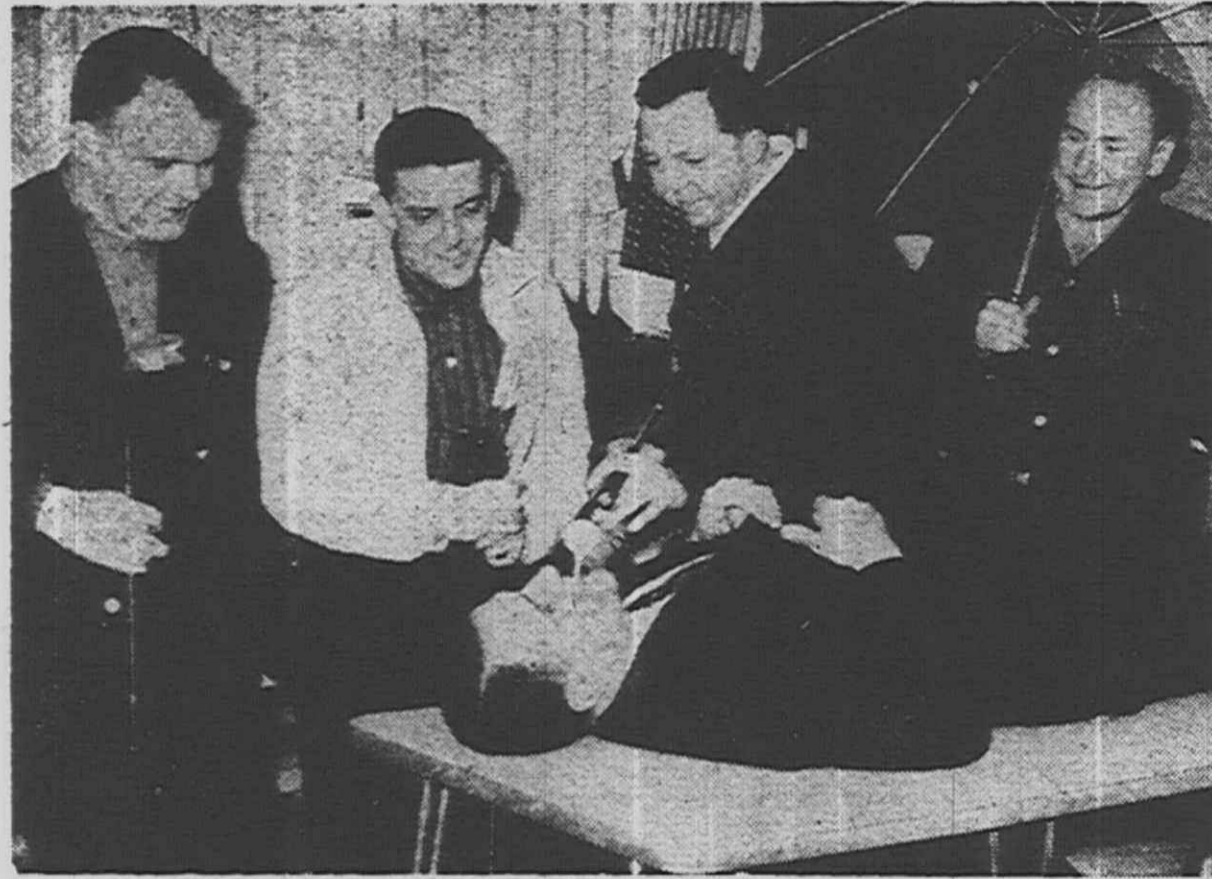

"When we expound what we are doing, a lot of folks confess surprise. They never realized we're doing so much in so many different ways for virtually every age level."

"These people are strange to our efforts even though we keep advertising what we have on the agenda through the use of the newspapers and other media at our disposal."

In Livonia, Redford Township and Plymouth, the physical end of the recreation program lures its greatest turnouts from youngsters 14 and under.

The teenagers seemingly are too busy. Ditto for adults. Somehow as you add years to your life, it's easier to enjoy sports by just being a watcher. Spiritually, this might be okay, but physically — well, try running a half block and see what happens.

Just how much headway the new Presidential physical fitness program makes remains to be seen. Certainly school men and recreation workers will do everything in their powers.

ONE OF THE oldest golf leagues in the area, the Plymouth Businessmen's League, will open its season April 5 at the Hilltop Golf Course. Meeting each Wednesday evening, the league will have 16 teams this season. Cue shots off the tee held in the teeth of Roland Bonamici aren't usually allowed in the league — but they will get to re-learn the game after a few rounds. From left are Bob Hennley, Jim McAlister, Ed Wingard and Harry Shoemaker.

For Bentley and Redford Union

It's Sort of Consolation!

CUFFNOTES PENNED AT THE STATE HIGH SCHOOL BASKETBALL TOURNAMENT FINALS:

If it's any consolation, Redford Union bowed to Livonia Bentley which in turn was beaten by Catholic Central which went on to capture the State Class A championship.

What happened in East Lansing Saturday night as Catholic Central, River Rouge and Grosse Pointe St. Paul swept to titles should end for all time the talk heard in outstate ports that the calibre of prep basketball played in the

Detroit area is "second rate."

"Twas a shame that Reg Harding of Detroit Eastern, Michigan's equivalent to Will Chamberlain and Jerry Lucas (when they were preps) didn't get a chance to perform in any phase of the state meet."

"Twas a shame, too, Detroit TV stations passed up a chance to put the games on hereabouts. The four finals were carried on an outstate network and proved a smash hit, from all reports."

It also should be noted that despite the TV, a record attendance was set at Saturday's finals.

Auxiliary To Give Sons a 'Lift'

A spaghetti dinner for the benefit of the Little League program will be served Wednesday, April 19, by the Little League Auxiliary.

The complete dinner will be served from 6 to 7:30 p.m. at the VFW Hall on Mill St. Tickets are \$1.25.

Tickets should be purchased by Wednesday, April 5, the planning committee announced. Tickets are available by the Auxiliary's team captains, at Breneman's Toy Shop and Duke's Clip Joint. They can also be sured by calling Mrs. Joan Congdon at GL 3-0647 after 4:30 p.m.

Giving the Auxiliary a "boost" with its dinner is Mango's Restaurant, which is donating some of the dinners, and the VFW which is donating use of the hall.

The Little League Auxiliary is composed of mothers of Little League players from both the National and American Leagues. The Auxiliary raises money to help finance costs of the program.

This will be the second year for Little League in Plymouth. The diamonds will be moved this year from behind the High School to a larger site owned by the City, just beyond Hillside Inn along Plymouth Rd.

Two registration days brought out 180 new boys. Any boys who missed registration can come out to the first day of try-outs on April 8.

The tribute paid by ex-Wisconsin coach Harry Stuhldreher to the 600 prep mentors at their annual dinner.

"My how the country needs men like you," Stuhldreher declared.

Michigan's Fritz Crisler and Michigan State's Biggie echoed similar remarks. So did Governor Swainson who declared:

"It was what I learned playing football at Port Huron High School that saved me the biggest battle I ever had."

The battle of which the governor spoke was World War II in which he lost both his feet and the doctors rated his chances for survival at far below 50 percent.

Sitting face to face with coaches young and old and wondering just how many young men — and the figure runs into the millions — these men have helped in their devoted duties as schoolmen."

"Some of the coaches haven't finished a year on the job. But there were several in the group who have passed the 30-year mark."

The best team in this year's finals: River Rouge by a run-away. The Panthers should have played in Class A.

The kids from Marquette Pierce (Class D champs) turned in the finest job of outstate in 20 years at East Lansing... The complete coliseum shooting these eyes have lapse of Muskegon Heights something that seldom has against Catholic Central was

Beware of Bentley In Track Again

Watch out again for Livonia Bentley High School in track this Spring.

In 1960, the forces of Jim McDonald went unbeaten through their dual meet campaign. But in the Suburban Six League championships, Bentley was nipped by one-fifth of a point as Plymouth squeezed home with the golden honors.

"I'll make these predictions," says McDonald as the season's opener with Farmington next month approaches:

"I think e'll be tough to beat, just as we were last year. But we won't have what you might call a spectacular team."

Names like Don Hearn, Tom Handyside, Dennis Snarey, Harry Atkinson, Cliff Thompson, Herb Taylor, Ron Taylor (no relation), Dick Smalley and Dennis Buchanan rate high on McDonald's list of candidates this spring.

Hearn shapes up as one of the top milers hereabouts. He on the league run in '60. Handyside will add a flock of points in the half mile.

Snarey, the all-leaguer in basketball, probably will be the workhorse of the Bentley track team. He's listed as No. 1 in the 440 with Atkinson right behind.

But Snarey also is the top man in the broad jump where he holds the school record of 20 feet, 4 1/2 inches, and heads the field bidding to score for Bentley in the high jump. His best height so far has been 5-8.

Thompson with Soph Jim Long should give Bentley a strong one-two punch in the hurdles. Long already has shown considerable promise. The dashes pose a

problem. The Taylors, along with Dick Smalley and Bob Ivanicci will carry the Bentley hopes.

Buchanan tops the shot put contingent with Brian Ciccarielli No. 2. Brian Anderson leads the pole vaulters.

The Bentley schedule includes appearances in the Monroe and Wayne Relay carnivals along with the state regionals and the annual league meet.

happened for a team coached by the venerable Okie Johnson.

Let them say what they do about score-crazy, modern basketball teams, but as Coach Bob Bentley has proved at Bentley High, defense still pays off.

The pressing tactics paved the way for Detroit C.C. River Rouge and Grosse Pointe St. Paul to cop their titles.

GEORGE MASKIN

EIGHT teams of Plymouth Junior High students have completed an eight-week Junior High Bowling League at Parkview Recreation. Trophies to winners were presented Saturday to winning teams by the Junior Chamber of Commerce, represented by Harold Schultz and Doug Blunk (far right). On the winning team are Bill Brooks, captain; Dave Easton, Mike Reece, Russ Carlson, Paul Carlson. In second place were Joe Roberts, Dave Parker, Dave Coleman, captain; Chuck Olson, Charles Hinderliter. Third place team was composed of Norman Freeman, captain; Bob Reddeman, David McGraw, Dick Goethe and Randy Bircheball. Gil Pearson was the sponsor.

Robinson slipped to .230, but knocked in 13 runs last year, after a 499 mark in his sophomore campaign. Dennis Adams will spell off Robinson behind the bat.

All Leaguer Larry Robinson will be back for his fourth season as catcher.

Thurston opens April 11, meeting Riverside.

Another Big Year Eyed at Thurston

They've never had a losing baseball team in seven years at Thurston High School.

"And I don't think we'll have one this Spring," says Coach Don Riehl.

Reason: Riehl is solid with pitchers, has good catching, veteran talent in the outfield and also in the infield.

Can Thurston improve on its 12-6 record of last year when the team placed second behind Taylor Center in the Mid-Wayne League?

"We could," adds Riehl, "but you never know when you have a team with so many seniors. Sometimes they disappoint a coach just when he expects he'll have a strong club."

McALEEN, Tex. (UPI) — Firemen in this lower Rio Grande Valley city were almost called upon recently to fight water with water.

A passerby noticed smoke coming from the roof of a building and sounded the alarm. Firemen arrived, bells clanging, to find steam rising from a metal roof still warm enough from the sun to turn a cool summer rain into vapor.

The trio of Frank Santangelo, Larry Berry and Don Steinbach figures to give Thurston the soundest pitching in the league.

All will be hurling for their fourth year on the Thurston varsity. Berry, a southpaw, has a 10-3 record as a prep moundsman. Santangelo stands 11-5, while Steinbach, who has been troubled by an ailing back, has won four and lost two.

Only first base poses a problem for Riehl. He's set at third with Rick Morrell, an all-leaguer in 1960 who clubbed the ball at a .454 clip as a sophomore and then slipped to a mere .348 in '60.

Keith Spicer is back to patrol shortstop while Marty Suchik, a newcomer, will work at second. Suchik played considerable summer baseball under Riehl last year.

Spicer's older brother, Doug, of wrestling fame, will get a starting call again in the outfield. He hit .350 last season. Doug Schyck also is back after a .271 with the bat in '60. The third outfield slot is

wide open. Ron Hawkins, the basketball veteran, Jim Urick, the all-leaguer in football, and Gene Lynn, are fighting for the job.

Thurston opens April 11, meeting Riverside.

Robinson slipped to .230, but knocked in 13 runs last year, after a 499 mark in his sophomore campaign. Dennis Adams will spell off Robinson behind the bat.

All Leaguer Larry Robinson will be back for his fourth season as catcher.

Thurston opens April 11, meeting Riverside.

Sophs Eyed In Track

Rebuilding Starts For Redford Union

The rebuilding program is on at Redford Union in track this Spring. "We have some lettermen returning, but we'll have to count heavily on our sophomores," says Coach John MacKenzie as he girds his charges for the first meet of the season next month.

The lettermen returning include Capt. Bob Davis, who should pick up points in the pole vault, dashes and the hurdles. Gary Ruetnik and Bob Gibson are back to run the 400, while Bob Jones in the mile, Ken Wangbichler in the shot and Jim Corbat (sprints) have had previous experience. Terry Qua, a half-miler, also figures prominently in MacKenzie's plans, as

do Doug Caudill, who can run either the 880 or mile and Vince Salvia, a field event specialist.

Len LaPla, who had a brilliant sophomore year in basketball, is among the new faces out for track.

LaPla is being counted upon to score in the high jump, hurdles and shot put.

Rick Coleman is a fine soph prospect for the hurdles and shot put while Don McLachlan (sprinter), Jack Mitchell (sprints), Ron Tengel (high jump), Vic Pegg (440) and Jim Mawhinney (distances) have shown enough in practice to indicate they'll help Redford Union in their first seasons as varsity thinclads.

Letters TO THE EDITOR

EDITOR:

I've been following with great interest the SUDDEN all-out campaign for aid to parochial schools, since we have a Catholic in the White House. I'm not so heartless that I can't understand the Catholics' objection to paying taxes for the public school they don't use, and the Catholic school they do use. So they should surely be able to understand why I object to paying for two, one I use, and one I'm excluded from, especially when their schools do not exist out of necessity, but religious preference.

I have a religious preference also, and if they can't afford theirs, why should I be asked to pay for it just because their burden is heavy? I have assumed that if they feel they must have luxuries, then they can afford to pay for them. I can't!

But if aid to parochial schools goes through, and I am forced to pay for their schools, then I know they won't mind giving a little aid so my church can build the Christian Day School we'd love to have if we had the funds, and the Methodist, Presbyterian, Seventh Day Adventist, Church of Nazarene, and all the others who so desire.

I might add that there are things in the public schools that are very offensive to me, for instance the Goddess, atheistic teaching of evolution—which teaches that God was not our creator, but that the universe just got here all by itself somehow (?)—and we evolved from a blob of nothing which crawled out of the ocean, to become a monkey, which in turn became a man over the process of ages. These things are hard to take, and I'd love to see the Bible put back into the classroom—as a piece of literature if nothing else, and read without comment, or interpretation, in order to offend none.

But it seems our leading educators have interpreted our Constitution to mean FREEDOM FROM RELIGION, instead of FREEDOM OF RELIGION. So my Catholic friend, I'm not satisfied either. Maybe you've got the answer for us all.

Kenneth Hulsing

K. L. Hulsing Receives New GM Diesel Post

Kenneth L. Hulsing of Plymouth has been appointed assistant director of engineering at the Detroit Diesel Engine Division of General Motors.

A 1936 graduate of the University of Michigan, Hulsing joined Detroit Diesel in 1942 and has held various executive engineering positions at the Division since that time.

Prior to his present appointment Hulsing was staff engineer in charge of product design. In this capacity he has had much to do with Detroit Diesel product expansion programs which have received world-wide recognition in the Diesel engine industry.

Hulsing has been active in Plymouth civic affairs and is a former school board member. He lives at 1010 Church St.

Explorer Scouts Sponsor Some Big-Time Wrestling

Big-time wrestling returns to Plymouth for a one night stand on Saturday, April 15 in the High School gym. Devotees of wrestling will note that it has been a number of years since a wrestling

show has been held in Plymouth. This show will consist of the widely-known "Leaping Larry" Chene, "Crusher" Cortez, Ali Bey, Dick Brower, and a team of midjets.

Explorer Scouts of Post 1533 are sponsoring this wrestling show to help pay for their expenses of a coming summer camping trip.

These summer camps are usually a 10-day affair and cover such well-known spots as Muskegon State Park, Crystal Lake, and Copper Harbor in Michigan's Upper Peninsula.

A group of Scouts, plus two assistant advisors and Post Advisor Slim Mathias, made the trip to Copper Harbor

last August. The Scouts have been busy placing posters in the stores around town and they hope to contact most everyone in Plymouth personally about the purchase of tickets. Call GL 3-2715 or GL 3-4808 for reservations.

Tickets are also available at Willoughby's and Betner's. Prices are \$1.50, \$2 and \$2.50.

Local Artists

Exhibit Works

Several Plymouthites, who are members of the Three Cities Art Club, have their work currently on display.

Mr. and Mrs. Paul Herig have several of their paintings on exhibit at the Dunning-Hough Library and Mrs. Mabel Bacon of 10151 Joy Rd. and Mrs. Shirley Denison of 48230 Gyde Rd., are showing some of their works at the Annual Ann Arbor Art Association Exhibition. Mrs. Bacon, who is serving her second year as president of the club, has two paintings and Mrs. Denison, two sculptures. During the year, Mrs. Denison creates cloth hand puppets which are retailed by the J. L. Hudson Co at Christmas time.

Mrs. Lynn D. Schmiedeke of 131 S. Holbrook, is displaying some of her photography work as part of the Ann Arbor Art Teachers Faculty Exhibit. The photographs were all taken in the Plymouth area, and may be seen until the end of March in the Ann Arbor Library Council Room. Mrs. Schmiedeke teaches art and photography in the Ann Arbor High School.

OPEN FRIDAY EVENING UNTIL 9 p.m.

Wedding Is Among Highlights Of Canton Township

Edna Hampton, daughter of Mr. and Mrs. Berl Hampton of Ford Rd., became the bride of Robert Monroe at a beautiful candlelight service at the Garden City Community Baptist Church, with Pastor James B. Allen officiating.

The bride appeared in a floor-length lace gown and fingertip veil. Her bouquet of white roses was attached to a white Testament. Miss Hampton's maid of honor was Doris Hampton, her sister. Her aunt, Freda Summers, served as bridesmaid. Bobby Summers, uncle of the bride, assisted Mr. Monroe as best man and the ushers were Larry Lee and Don Haney.

The couple spent their honeymoon in Canada and will make their home in Plymouth. Edna was a 1960 graduate of Plymouth High and Robert a 1960 graduate from Garden City High.

The Phil Dingsley family had some very special visitors last Thursday, March 17. Returning from his duty in the armed services was the couple's son, Jake, and his wife, Mary. The very special guest was Teresa Ann, weighing 9 lbs. and meeting with her grandparents, aunts and uncles for the first time. Jake and his family returned from Mary's hometown of Henderson, Minn., to reside with the Dingsleys. The little lady has been the center of attention from relatives, friends and neighbors of the family.

Ralph Lefler, scoutmaster for Troop 238, called to report the Pancake Supper a success with the group serving approximately 228 guests. The boys were pleased with the turnout, since it will finance their forthcoming camping trips. On May 5, 6, and 7, the boys, along with

the Garden City Scout unit will camp at the Lower Huron Metropolitan Park. On May 19, 20 and 21, the boys will have a troop campout at the D Bar A Scout Ranch. Mr. Lefler wanted to thank all the people who helped in making this affair a success and a special thanks went to the Detroit Edison Co. for their loan of an electric griddle, which made preparing the pancakes a pleasure.

At the last count, Tim Fotovich and Jim Ashman had been top ticket salesmen for the supper. Mr. Lefler further stated that their troop has now incorporated in their Scout meetings a physical education program, which the boys are enjoying and Mr. Lefler feels that it is one of the reasons for the approximate 90 percent attendance of the troop.

Girl Scout Troop 270 has reported on their annual Girl Scout Cookie Sale. Miss Nancy Spigarelli reports that the troop sold 399 boxes, with Scout Mary Ferguson selling the largest amount of 123 boxes. Cathy West came in second by selling 50 boxes. The girls also inform us that they had a display at the Scout-A-Rama and the young ladies modeled clothing they made for the badges they earned.

Fire Chief Fred Korte called to give a few Spring clean up do's and don'ts. Spring clean up in each home is a do-it-yourself project, but there are some things the average householder is better off not trying to do himself, says Chief Korte. Here is a list of do's and don'ts for home fire safety:

DO — a thorough cleanout of closets, basements, attics and get rid of unused clothing, old drapes, lamp shades

and discard old mattresses and papers. Also, go over that workshop and get rid of scraps and old paint cans and other accumulated necessities. Do spruce up your yard, clean out last fall's dry grass and weeds and any other quick burning grass.

DO replace all frayed extension cords, clean and oil appliances and motors and power tools, but leave the new wiring project to a reliable, competent electrician.

DON'T tinker with your furnace or stove, but have it cleaned and checked by a trained serviceman. Don't allow cleaning fluids in your home, use only safe material or send them out to the dry

cleaners. Don't give a fire a place to start. This, says Chief Korte, is the whole reason for Spring cleaning.

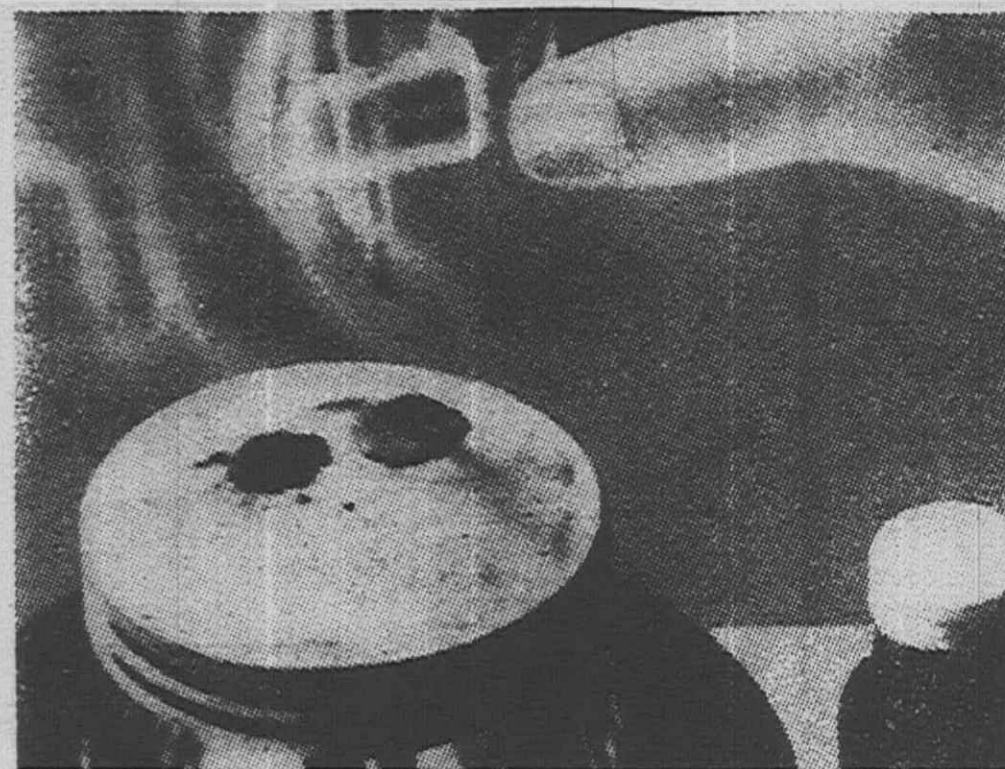

Chief Korte also wants to remind residents that the Fire Department is still being plagued with grass fires due to careless burning of rubbish. The chief asks residents to take greater caution in burning rubbish. In speaking with Chief Korte we discussed many trash burning containers we have observed made by the residents, which are safe, and do a bang-up job. These containers can be made by the residents economically and may save them many dollars in fire prevention.

Maybe we should give detail on some of these burners in future articles. The Sprengels have a homemade container, which we think does a great job. I have rattled on enough, but please, keep checking on our forthcoming vote April 3.

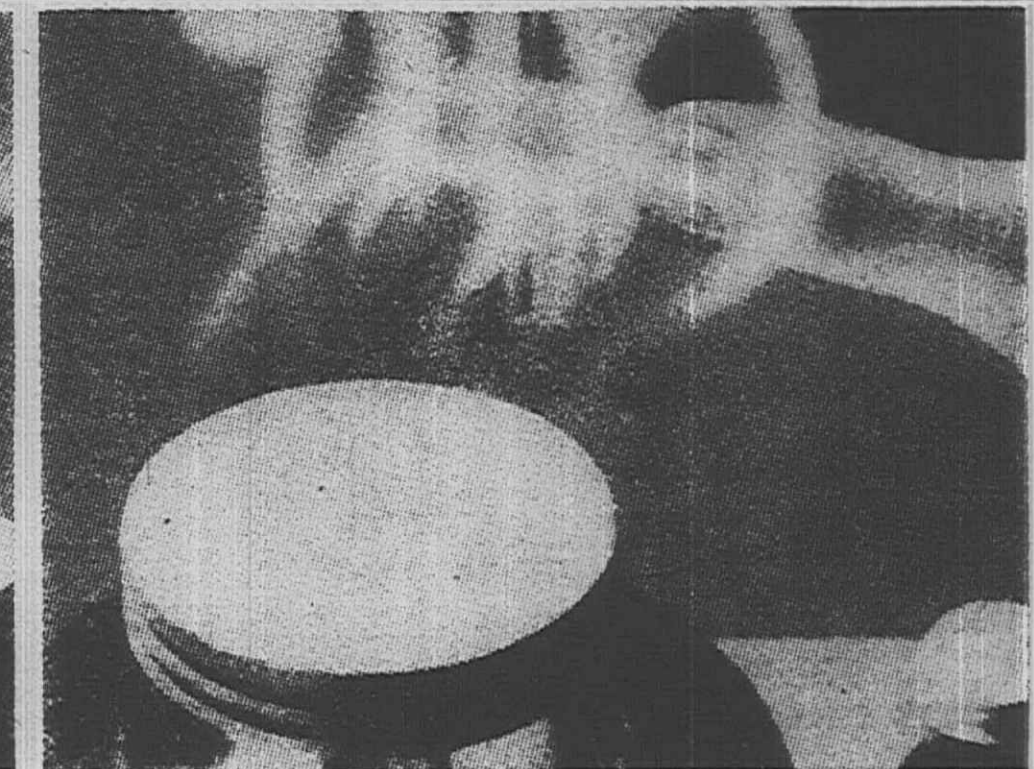

On Albion Dean's LIST

David W. Green, freshman, son of Mr. and Mrs. F. Harger Green of 595 Simpson, Plymouth, has been named to the Dean's list at Albion College because of his high scholastic standing during the first semester of the present college year, according to an announcement just received from the college.

Hot piston test reveals the ash-free secret of Shell X-100 Premium. A simulated piston is heated and a few drops of conventional multi-grade motor oil dropped on it. As the picture

on left shows, this oil leaves a deposit of additive ash. When the test is repeated, as at right, with Shell X-100 Premium, all the oil vaporizes. It leaves no additive ash.

BREAKTHROUGH:

Suddenly Shell makes every other motor oil obsolete —with a revolutionary new formula which fights the five internal troubles that can shorten engine life

Shell's research reveals five common internal troubles that can shorten the life of your car. All five work silently and unseen.

These troubles are additive ash, crankcase dirt, temperature changes, engine acid and cooling system leaks.

Read how new Shell X-100 Premium fights all five internal troubles.

TODAY, every Shell dealer in America has new Shell X-100 Premium Motor Oil ready for your Spring oil change. New Shell X-100 Premium is a genuine breakthrough because it is the only motor oil available that protects your car simultaneously against these five internal troubles that can shorten engine life.

Trouble #1—additive ash
 Up to now, even the best premium motor oils were powerless to guard against additive ash—because they actually created it. While endeavoring to keep your crankcase shipshape, some of the ingredients in these oils contributed to the hard crust of ash inside your combustion chamber. All other premium motor oils still have the same snag. The trouble stems from the metallic additives used to prevent scuffing, dirt deposits, oxidation and so forth. These additives do what's expected of them, but with each stroke of the piston, they can leave a tiny amount of metallic salts in the combustion chamber where they burn and form additive ash. This crusty ash, when allowed

to build up, can affect your car's performance—can make it knock and run roughly. New Shell X-100 Premium doesn't add to this problem—because it doesn't contain a single metallic additive.

Trouble #2—crankcase dirt
 All engines accumulate crankcase dirt no matter how well they are protected by filters. The problem is to stop this dirt from getting together and forming sticky sludge which can clog your engine. Most premium oils use a detergent additive to do the job. And they perform well. But, like other additives, most detergents are metallic and cause that old devil—ash. Shell's solution is to replace detergent with a remarkable new ingredient known as a dispersant, called Alkaldine.

The Alkaldine in new Shell X-100 Premium helps keep your engine clean by holding dirt particles apart. Thus they don't form sticky sludge. Some particles can be trapped by the oil filter; most are drained out when you change your oil.

New Shell X-100 Premium.

Oddly enough, nobody yet knows exactly how Alkaldine works. But the proof of the pudding is in the testing. After 1,200,000 miles of city driving, engines of test cars lubricated with Shell X-100 Premium showed so little sludge that it could hardly be measured.

Trouble #3—temperature changes
 Many motor oils tend to become too thick when cold and too thin when hot. New Shell X-100 Premium is an all-year oil. Here's how it works. Alkaldine has a molecular structure that resembles a basket of eels.

When the oil is cold, Alkaldine's eel-like molecules curl up as if for comfort. In effect, they take up less space in the oil—and the oil flows freely through the tightest bearing, even on cold nights. Conversely, when the Alkaldine in new Shell X-100 Premium is hot, its molecules uncurl. They take up more room. And

the oil resists thinning. Thus, new Shell X-100 Premium eliminates trouble from sudden temperature changes. It lubricates just as efficiently in June as it does in January.

Trouble #4—engine acid
 All automobile engines manufacture acid. This acid can do far more damage than friction. It can eat away at engine parts in much the way stomach acid can cause ulcers. Then you're really in trouble. One way to combat engine acid is to make the oil alkaline. Many oils use this method. But here's what happens.

The neutralizing effect of alkaline oil inevitably gets weaker and weaker as engine acids eat up the alkalinity—till it eventually stops working completely. Then your oil no longer gives you anti-acid protection. Shell tackles this troublesome acid problem in a new way. Shell X-100 Premium actually plates all engine surfaces with a thin chemical film. The metal literally adsorbs some of Shell X-100 Premium's protective qualities. Chemists call this phenomenon "chemisorption."

"Chemisorption" offers a longer-lasting protection against acid attack than any other method yet invented.

Trouble #5—cooling system leaks
 Tiny leaks of permanent anti-freeze can play nasty tricks with many motor oils. These oils can react chemically with permanent anti-freeze and form a horrible sludge which can actually bring an otherwise healthy engine to a standstill.

Then you're on the way to a major repair bill. New Shell X-100 Premium sets all such fears at rest. It resists reaction with any sort of anti-freeze. It shrugs it off.

The additives in Shell X-100 Premium resist washing out with water, too. In some oils, additives can be lost to water leaks. In Shell X-100 Premium, they stay.

How much does Shell X-100 Premium cost?

If you drive the national average of 10,000 miles per year, the switch to Shell X-100 Premium (with regular oil changes) will cost you only \$3.60 more than ordinary oil—give or take a nickel. And probably nothing extra if you already use a premium grade.

Drive to your Shell service station and ask the dealer to change your oil while the engine is still hot. Be sure to ask for Shell X-100 Premium in the white can. It protects your engine from all five internal troubles listed above.

A BULLETIN FROM SHELL RESEARCH —where 1,997 scientists are working to make your car go better and better.

Elder Norton Ends Holy Series Easter

In observance of Holy Week, Elder Trevor Norton, guest minister at the Reorganized Church of Jesus Christ of Latter Day Saints, will offer the last three sermons of his series entitled "Communion Service," "It Is Finished" and "To Newness of Life." Thursday and Friday services will be held at 7:30 p.m. and Elder Norton will address the congregation at 11 a.m. Easter Sunday. The church is located at Schoolcraft and Bradner Rd.

Who's Who in the Plymouth Community Schools

Myrtle Lee Read

Few of her colleagues have any knowledge of the interesting background of experience that Mrs. Myrtle Read brings with her into her second grade classroom at Bird School. Some people's lives are filled with the slightly unusual; Mrs. Read is one of these.

From the time that she was graduated from high school in Carrington, N.D. where her family were early settlers, (and had the town of Arnegard named for them), she began to aim at a teaching career. With that in mind, she went to Valley City Teachers College, taught for one year and then returned to the University of North Dakota for her bachelor of science degree. Two more years of teaching and then she decided to try another type of work in the State Health Department at Bismarck.

While there she received a scholarship through the Rockefeller Foundation to study at Johns Hopkins in Baltimore. There were about one hundred other students, only five of which were from the United States and Canada. The other ninety-five were medical doctors from forty-eight foreign countries. This proved a rare experience, especially since many of the students did not speak English. Her research took her to Albany, New York and down to Montgomery, Ala. to study public health work, and at the end of the year she returned to Bismarck, N.D. to become the Head of the Bureau of Vital Statistics, a position she held until her marriage a few years later.

Mr. Alan Read, also a graduate of the University of North Dakota, is an engineer with the Jervis B. Webb Company in Detroit. He designs and estimates the cost of conveyors. Their son, David, is attending Lawrence Tech and daughter, Donna, is married. Mrs. Read's brother, Orlando Lee, is the District Superintendent of the Methodist Church in Nebraska. Her mother, Mrs. Martin Lee is currently making her home with him since she managed miraculously to survive a vicious but slow-moving tornado which completely demolished her family home along with 1,500 others in Fargo, N.D. a few years ago. She was trapped in the basement until rescued. Mrs. Lee plans to visit the Reads sometime this spring.

Mr. and Mrs. Read both enjoy the outdoors and one of the ambitious family projects was to clear the land for a summer log cabin which they built on a small lake near Charlevoix. They also have traveled rather extensively throughout most of the United States this side of Denver.

Mrs. Read belongs to all three of the educational organizations: National Education Assn., Michigan Education Assn., and the Plymouth Education Assn. She finds time, also, to engage in activities promoted by the American Association of University Women, and is a member of Delta Zeta Upsilon, her college sorority.

THE MAIL ATTITUDE

BY PAUL CHANDLER

There are three parts to the ballot which will face voters Monday. Each is important, but past experience sadly indicates that many voters won't get around to all of them.

This is a plea that all who read this newspaper act as conscientious, thorough citizens when they are inside the booth, and make their choices across the whole ballot.

Part One is the partisan ticket. This covers the race among parties for State offices — governors of the universities, the state highway commissioner, the superintendent of public instruction. In the case of the Townships, the local races are in the "partisan" section of the ballot.

A second portion of the ballot is non-partisan. This involves the Supreme Court Justices. In the case of non-partisan cities (Plymouth), that is where the local contests will be found.

And there are two measures in a third part of the ballot, the "questions" portion. Here is the proposal, "Shall a convention be held to consider revision of the Michigan Constitution for subsequent submission to the voters?" And also a second "question" asks if the State may be permitted to set aside \$5 million to help local corporations to finance industrial development.

The partisan portion is in white on the ballot; the non-partisan is in blue; the "questions" are in red. The latter are segregated off to the right hand side of the machine and there might be a tendency to overlook the "questions."

Yet, the Con-Con issue has had more publicity and is just as urgent as any other matter on Monday's electorate agenda. It is in the "red" section.

In a general way, this newspaper believes that CIO-Democrat philosophy has made all the political penetration in our State we can stand for the time being.

We advocate almost a completely Republican vote this time.

Aside from the merits of the individual candidates (and the Republican State ticket is possibly the strongest and most colorful it ever has fielded in a Spring election), there are matters of political philosophy at stake.

The men who are placed on the boards directing our State universities will set the philosophy under which our future college students and faculties will be shaped.

If the CIO-Democrats win this election, they will hold virtually every seat on every college governing board in Michigan.

Their philosophy has brought business and job expansion almost to a halt in Michigan. It is shaping a local society of "minimums" where to excel in any field is almost regarded as unclean, but where to conform to the multitude is hailed as "success."

We believe it will lick America, if it prevails over the long run.

Similar issues are involved in the construction of the Courts. Here the Republicans Monday are offering two "non-partisan" incumbents, Justices Dethmers and Kelly, and if they should lose, it would leave a GOP shutout on the State Supreme Court.

As for the Constitutional Convention, we'd vote "yes" if for no other reason that it would provide our citizens with an opportunity to really inspect their government under a microscope, to understand it better, to weigh it and discuss it.

As has often been said, if the citizens don't approve of any document which would come from a Convention, they can reject it when it is brought to the ultimate ballot.

The only people who can be opposed to the Convention can be those who don't have faith in the intelligence of the voters. We don't share that distrust.

Cancer Control Month

WHEREAS The President of the United States, by direction of an Act of Congress, has proclaimed April as CANCER CONTROL MONTH, and

WHEREAS Progress is being made against cancer on every front — in research and in both public and professional education toward earlier detection and better treatment, and

WHEREAS IT is the personal responsibility of every citizen to acquaint himself with all available facts on the Warning Signals of Cancer, the importance of early detection and prompt medical treatment and the fact that regular physical checkups are the best insurance against this disease, and

WHEREAS The efforts of the Michigan Cancer Foundation, a Torch Drive (United

Fund) agency, are completely altruistic, asking no money but seeking only to save the lives of fellow citizens from cancer.

THEREFORE, BE IT RESOLVED, that every citizen of the City of Plymouth be urged to observe

CANCER CONTROL MONTH through increased support of the Michigan Cancer Foundation, its three-fold program of cancer research, education and service and that special recognition be made of its two-day Educational Crusade, volunteers be made welcome in every home in the City of Plymouth and that each person living therein devote time to read the life-saving literature provided by Michigan Cancer Foundation volunteers.

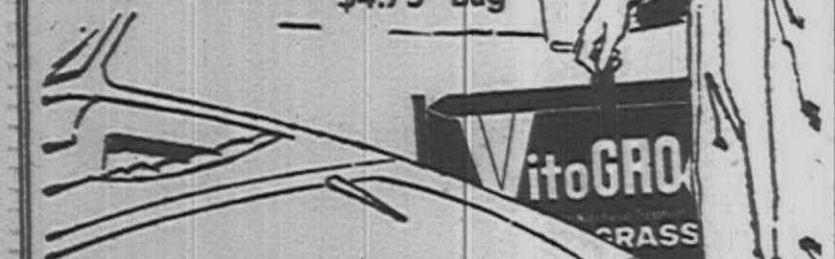

Given under my hand and seal this 29 day of March 1961. Harold E. Guenther

NEW LAWN FOOD

FEEDS 6 MONTHS AND WILL NOT BURN!

The VitoGRO formula contains every nutrient grass needs... a complete nutritional treatment. The special formula feeds the entire growth zone—builds deeper roots that help grass stay greener and thicker with slower waterings.

VitoGRO is all plant food. There's actually 30% more plant food per bag than in other high-analysis, lightweight lawn foods, and one bag covers up to 5,000 sq. ft. We're so sure you'll have a lovelier lawn after feeding VitoGRO, a money-back guarantee is on every bag. Costs only \$4.75 Bag

City Corner

(Continued from Page 1)

dential to R-2 (multiple dwellings).

The realtor handling the project, J. L. Hudson, appealed the decision to the City Commissioners expressed their opinion that unless apartments were built on the corner lot, the day may come when a less desirable commercial venture may be pushed through.

The land is owned by Rodrick Cassidy and is part of the farm annexed to the City in 1956. Western Electric built on one parcel and the Masserman - Springdale Subdivision is located on another portion.

Across the road, on the southwest corner of the intersection, the Township Planning Commission is considering a request to change zoning to accommodate a service station.

At last Thursday's meeting, the City Commission convened, then recessed while the Planning Commission met to discuss the change. Planning Commissioner George Bauer offered a motion to refer the matter to the City Commission for its examination and final decision. This motion died due to a lack of support.

Planning Commissioner Sidney Strong then stepped down as chairman of the body and turned it over to a temporary chairman, Carroll Porter. Strong then made a motion to have the action recommending the change at

the March 18 meeting (which failed) reconsidered. This too died for lack of a second.

Some planners noted that they had already voted on the question, so saw no reason for voting again.

The Planning Commission meeting was adjourned and the City Commission then moved back into their chairs.

Several residents of Masserman - Springdale Subdivision re-expressed their neighbors' opposition to the apartment units. One resident on the east side of Sheldon who originally signed a petition against the apartments, however, wrote that he wanted his name withdrawn from the petition.

City Commissioners then voted to change the zoning ordinance and accepted the first reading. The developer must submit proper plans and elevations for the buildings before further action is taken.

Second and third readings will be presented at the April 17 meeting of the City Commission.

Dr. John Dawson

Dr. Dawson, president of Albion College, will speak at the Tre-Ore service Friday afternoon at First United Presbyterian Church. He will address the 2 p.m. service. For story, see Page 1.

Statewide

(Continued from Page 1)

Wayne State Board of Governors (to elect two): DeWitt Burton, Ralph Richman, D. Thomas Adams, Charles Brake, R. Harriet Talan, S.W. Alfred Halesed, Alan LaRose, P. James Sim, Frank Troha, S.L. Cameron MacKenzie, Roman Geglowski, IA.

County auditor: Charles Edgcomb, D; Vincent Murray, R; Joseph Basso, IA.

Justices of the Supreme Court (to elect two, non-partisan): Ernest Boehm, John Dethmers, Harry F. Kelly, James McLaughlin.

Eight Seek

(Continued from Page 1)

man, Ford Motor Co. engineer.

The three Commission candidates receiving the highest votes will each win four-year terms. The fourth-running candidate will receive a two-year term.

The City Commission is composed of seven members. Mayor Harold Guenther is ineligible to run this year because of a two-term limitation in the charter. The three commissioners whose terms do not expire until 1963 are Marvin Terry, Robert Sincok and Carl Shear.

Plymouth is the only community that expressly elects its representative to the Wayne County Board of Supervisors. The present supervisor, George Witkowski, is not seeking re-election.

Terms for the supervisor's job are for four years. Perhaps confusing voters somewhat Monday will be the appearance of the name of Catherine J. Henderson as a candidate for both commissioner and supervisor. This is entirely legal and both offices are part-time. In fact, present City commissioners have twice approached voters with a proposal to make the supervisor's job appointive so that someone closer to City government could serve on the Board of Supervisors. The proposal was rejected both times.

A. E. Vallier and Mrs. Henderson were winners in the Primary Election last February when four people competed for nominations.

Exactly how many voters will turn out Monday is difficult to judge. In the last similar election two years ago, 1,472 voters went to the polls. In that election, there were only four candidates filing for the four openings, but two men, John Truer and Richard Merriam, carried on a write-in campaign. The four incumbents, Commissioners Terry, Sincok, Cutler and Shear, won. Cutler drew the two-year term.

For those not too familiar with the City's commission-manager form of government, it is noted that voters do not elect a mayor. After the election, the new Commission meets and elects a mayor from its own ranks. Mayor Guenther has been a mayor for the past four years.

The name of one former Plymouth resident appears elsewhere on the ballot. Charles E. Brake, former resident of Ann St. and retiring as Wayne County superintendent of schools, is a Republican candidate of the Wayne State University Board of Governors.

CLY WAS A WINNER CLEVELAND (UPI)—Denton (Cy) Young pitched three no-hitters and won 511 games during his brilliant 22-year major league career.

NEWS BEAT

Donations to the Easter Seal drive haven't been up to par this year and some burglar breaking into Selle Buick last week didn't help. He broke out several windows, finally rolled a 25 gallon drum into place to crawl through a rear window, tried unsuccessfully to break into the office and finally settled for an Easter Seal canister with an estimated 60 cents inside.

RED CARPET: Mayor Harold Guenther, who will leave office after the April 3 election, was given another tribute last Friday when the Rotary Club and three members who are past mayors reviewed his years in office. The three former mayors are Perry Richwine, Frank Henderson and Carl Shear. City administrators and commissioners were guests.

ANNUAL REPORT: A year ago The Mail ran a story on the successful start of a "Dial-A-Devotion" program. Sponsors of the telephone operation are Calvary Baptist Church, Pastor Patrick Clifford reports 47,400 calls have been placed in the first year. By phoning GL 3-0890, the caller receives a minute's worth of devotion from one of two automatic answering devices. Letters of praise for the program continue to pour in from Ann Arbor, Livonia, Ypsilanti and other communities in the area. The message is changed every day.

BIG HAUL: A thief (or thieves) broke into the tool room of Bathey Manufacturing last week and stole nine pairs of micrometers and several other small tools. The total value of the loot was \$384, police said.

Off-Asked Questions On Social Security

For the benefit of our readers, Harry Baltuck, manager of the Detroit-Northwest Social Security Office, answers some of the questions most frequently asked about Social Security.

Q. My maid will not get a social security number for me to report her wages. What can I do about this?

A. If your maid earns enough to get social security coverage you must report her wages even though she does not have a social security number. In making your quarterly earnings report (Form 942), give her full name and address and the amount paid to her in cash wages.

Q. I have a small business in which I employ three people. Is it all right if I report social security for my household help on my business return?

A. Yes, if you are the sole owner of the business. Identify your household employees by placing an H after their names on the report.

Q. My maid does not want social security credit and has threatened to quit if I deduct social security taxes from her wages. How may I fulfill my

responsibilities for reporting her wages and still keep her on the job?

A. By law, you have a right to deduct her part of the tax from her wages. There is nothing in the law to prevent you from paying the entire social security tax, including her share, if you so desire. It is better, though, if she can be persuaded to contribute her part since this will help her understand her own responsibility and that she is paying toward future benefits that have real value. Your social security office has several free booklets telling household workers of protection they get through social security coverage. You may get copies of these booklets mailed to you by calling Broadway 3-1717.

Q. What form is used to report household workers?

A. Form 942. It comes in an easy-to-use envelope folder, ready for mailing.

Q. What records should I keep and what information is needed in reporting social security for household workers?

A. All you need is a record of each worker's name, social security number, and amount of cash wages paid in the calendar quarter.

Q. How do I start reporting my maid's social security?

A. Phone or write your nearest office of the Internal Revenue Service or your nearest social security office and ask for Booklet OASI-21. This booklet contains full information on reporting social security taxes for household workers and includes a handy postcard form that you can use to get reporting forms you need.

Q. My cleaning woman works only one day each week. I don't have to pay social security on her, do I?

A. It depends on how much you pay her in each quarter of the year. If you pay your maid as much as \$50 cash in a quarter, the law requires that you pay social security taxes on her wages. (\$4 a week paid regularly amounts to more than \$50 a quarter).

Q. Does the term "quarter" refer to any three-month period?

A. No, it means a "calendar quarter" — a three-month period beginning on the first day of January, April, July, or October each year.

Charles Ketterer Heads Committee For U-M Regent

Charles L. Ketterer, former University of Michigan basketball and baseball player and active University of Michigan alumnus, is chairman of the Plymouth University of Michigan Alumni for Goebel-Zeder for Regent Committee.

His appointment was made by Don W. Robinson, Ann Arbor insurance agent and former University of Michigan assistant football coach, who is state chairman.

The Goebel-Zeder for Regent Committee in the Plymouth area was organized by University of Michigan alumni to promote the candidacies of Paul Goebel, former Michigan football great, and James C. Zeder, former vice-president of Chrysler Corp., in the Monday, April 3, Spring election. Zeder and Goebel are Republican candidates for regent of University of Michigan.

Eastern Michigan Lists 20 From Here on Honors List

Twenty Plymouth students attending Eastern Michigan University have been named to the semester honors list compiled at the completion of the 1960-61 fall semester.

All students named to the list compiled a grade point average of 3.00 or better. (4.00 is A; 3.00 is B). Of the 778 persons on the honors list, 32 compiled a straight 4.00 or A averages for the semester.

Those from Plymouth on the list, and their averages, are:

Marie B. Arnold, 3.33; Patricia J. Clixby, 3.40; Susan R. Horvath, 3.20; Jessie W. Hudson, 3.53; Mary Gladys Hunt, 3.00; Lawrence F. Keeler, 3.07; James S. Keith, Jr., 3.33; Rita Mills Kimbrough, 3.33; Carole L. Kissner, 3.20.

Also, Lorraine P. Konke, 3.06; Frederick J. Libbing, 3.00; William David Mandt, 3.38; Ruth Helen Manzi, 3.75; Kay Meyers, 3.20; Jacquelyn J. Potter, 3.00; Sharon Roberts, 3.13; Rosemary Tallman, 3.44; Louvinia Tidwell,

3.00; Gladys K. Tillotson, 3.00; and Jeanne Van Aken, 3.15.

Fruit Growers' Meeting April 4

All fruit growers of Wayne County, whether they have one fruit tree or several hundred, are invited to the annual fruit meeting on Tuesday, April 4, at the 4-H Fairgrounds north of Belleville.

Dr. Al Dowdy, entomologist, and Dr. Paul Larsen, fruit specialist, both of MSU, will be in charge of the session. The meeting will start at 8 p.m. sharp, but both Larsen and Dowdy will be on hand at 7 p.m. for personal consultation with growers before the meeting.

Problems in spraying, pruning, thinning, varieties and many other phases of fruit growing will be discussed. Special attention will be given to those "in-between" semi-commercial growers who have very small commercial orchards.

The 4-H Fairgrounds are located on Quick Rd., just west and north of the Belleville interchange of the Edsel Ford Expressway.

Plymouth Township Proceedings

OFFICIAL PROCEEDINGS
TOWNSHIP OF PLYMOUTH BOARD MINUTES OF REGULAR MEETING HELD AT TOWNSHIP HALL TUESDAY, MARCH 14, 1961
 Board members present: Lindsay, Miller, Holmes, Norman, Sparks.
 Absent: None.

There being a quorum present, the meeting was called to order at 8:02 p.m. by Supervisor Lindsay.

The minutes of the last regular meeting of February 14, 1961, were read by the Clerk, and there being no objections or corrections, they were adopted as read.

Mr. Lindsay read a list of bills totaling \$1,890.06, payment of which was approved, on a motion by Mr. Norman, supported by Mrs. Holmes.

On a motion by Mr. Miller, supported by Mrs. Holmes, the following resolution was adopted:

RESOLVED, that a General Election shall be held in Plymouth Township on Monday, April 3, 1961, for the purpose of electing the following Township Officers: Supervisor, Clerk, Treasurer, 1 Trustee, 1 Justice of the Peace, 1 Highway Commissioner, Constables, 1 Member of the Board of Review, and 3 Party Committeemen. Also there shall appear on the ballot a proposal to increase the number of trustees from two to four, beginning with the election of April, 1963.

On a motion by Mr. Norman, supported by Mrs. Holmes, the Board approved the transfer of \$57,240.56 from the 1960 tax collection Account at National Bank of Detroit to the 1961 \$1,000,000 Water Bond Debt Retirement Fund at Detroit Bank and Trust Co.

The Board agreed that a census be taken this year of all dogs in Plymouth Township. Motion by Mrs. Holmes, supported by Mr. Sparks.

A discussion was held regarding the rustproofing of the interior of the Lake Pointe elevated water tank by the installation of anodes to provide cathodic protection against corrosion and scale as recommended by Mr. Hamill. It was agreed to defer action until a meeting can be arranged with a representative of the Electro-Rust-Proofing Corporation, who can further explain the process and required equipment.

Mr. Lindsay read a resolution adopted by Redford Township, wherein they have authorized the hiring of unemployed residents on a part time basis for odd jobs in order to alleviate hardship to these unfortunate persons.

It was explained that the Township of Plymouth Board concurs with the principle of such action, and declared that wherever possible, preference in hiring part time help should be given to those who are unemployed.

Moved by Mr. Miller, supported by Mr. Norman, the motion carried.

Mr. Lindsay read a letter signed by Mr. Gene R. Overhall, 11609 Brownell Street, as a member of the Civil Service Commission, and advised of his acceptance.

The Township Board decided to defer selection of a member to the Civil Service Commission until a later date. Motion by Mr. Sparks, supported by Mrs. Holmes.

On a motion by Mr. Miller, supported by Mr. Sparks, a resolution was adopted declaring the necessity for acquiring property for the construction of a Booster Water Pumping Station to serve the water system presently under construction. Since the property selected, identified as tax item 25-B, located on the northwest corner of the intersection of Eckles Road and the C & O Railroad right-of-way is considered suitable for this purpose, and of such size and shape as to make it unsuitable for almost any other purpose, and since all offers by the Township for either lease or purchase have been refused by the owners, the Township attorney is hereby authorized and directed to institute condemnation proceedings for the acquisition thereof as provided by statute.

Mr. Norman supported a motion

Appointment To American Hospital Post Announced

Linton Copeland has been elected assistant secretary and assistant treasurer of the American Hospital-Medical Benefit of Plymouth, it is announced by John J. Temple, president.

Copeland joined American in 1947 as manager of the claims department. He has a varied business background. He was chief of the internal auditing department of the Michigan Hospital Service in Detroit and technical advisor to the Central District Auditor of the U.S. Army Air Force. He also has had positions as chief accountant and auditor of Consolidated Vultee Aircraft Corp., controller of a Battle Creek manufacturing firm, auditor for Packard Motor Car Co. and vice-president and controller of Continental-Leland Corp.

He attended Tyler College in Texas. Copeland, who lives in Detroit, has been active in many organizations. He was president of the Life, Accident and Health Claims Assn. of Detroit and of the Covenant Baptist Men's Bible Class.

These are City Candidates on Monday, April 3 Ballot

Each candidate, in addition to his biography, has been invited to answer the question: "If elected, what would you like to see accomplished?"

Supervisor (To Elect One)

Catherine J. Henderson
Lives at 725 Auburn and has lived in Plymouth since 1930. An interior decorator-counselor, Mrs. Catherine (John) Henderson was a member of the City Planning Commission seven years and was a Charter Commissioner 10 years ago. Is past president of Plymouth Woman's Club, charter president of Soroptimist Club, past-matron of Eastern Star and a Girl Scout Commissioner. Served during World War II as chairman of Consumers Council, War Chest chairman, Red Cross industrial collections and OPA. Member of Plymouth-Northville Hospital committee and St. Mary Hospital Memorial Committee. Owns Style-rite Co. in Livonia.

"First, I wish to stress the importance of my election to both the City Commission and Board of Supervisors and secondly, to accomplish better coordination as representative of the people in both government positions as to their needs."

Legal Notices

STATE OF MICHIGAN
IN THE CIRCUIT COURT FOR THE COUNTY OF WAYNE
At a session of the Circuit Court for said County held in the City-County Building, 400 Woodward Avenue, in the City of Detroit, on the 23rd day of March, A.D. 1961.
PRESENT: HONORABLE GEORGE E. BOWLES, Circuit Judge.

RE: The acquisition of land for the construction of a Booster Water Pumping Station located in the vicinity of Eckles Road, with the Chesapeake and Ohio R. R. Right-of-Way in the Township of Plymouth, Wayne County, Michigan.
No. 218-355

ON MOTION OF Earl J. Demel, attorney for Petitioner, and in the presence of the Court on the 23rd day of March, A.D. 1961, at 10:00 o'clock, eastern standard time, in the forenoon, in Room No. 1921, in the City-County Building, 400 Woodward Avenue, in the City of Detroit, this Court will hear the Petitioner and the persons named in such Petition as parties in interest, who are:

1. Center-Spray Corp., a Michigan Corporation, and the Manufacturers National Bank of Detroit, Michigan, a Banking Corporation, concerning the matters set forth in said Petition, the purpose of said Petition being the taking of private property without the consent of the owners for a certain public improvement, to-wit: The acquisition of land for the construction of a Booster Water Pumping Station located in the vicinity of Eckles Road, with the Chesapeake and Ohio R. R. Right-of-Way in the Township of Plymouth, Wayne County, Michigan.

IT IS FURTHER ORDERED that the above named persons mentioned in the Petition as parties in interest appear before this Court on Wednesday the 29th day of May, A.D. 1961 at 10:00 o'clock, eastern standard time, in the forenoon, in Room No. 1921, in the City-County Building, 400 Woodward Avenue, in the City of Detroit, to show cause if any they have, why the prayer in said Petition should not be granted.

IT IS FURTHER ORDERED that a copy of this Order be served in accordance with the provisions of Act No. 149 of the Public Acts of 1911, as amended, on all parties named in said Petition interested in the land described therein, at least six (6) days before the day of such hearing, and that a copy of this Order be published in the City of Plymouth, Michigan, a newspaper published within the County of Wayne, and that the last publication be before the day of such hearing.

A. E. Vallier

Lives at 1338 Penniman. An engineer for Ford Motor Co., he has lived in Plymouth since 1951. Graduated from Iowa State College in mechanical engineering. Member of Plymouth Kiwanis Club, American Society of Mechanical Engineers and Society of Automotive Engineers. He is a past director of Plymouth Community Fund. During World War II served as an officer in Army Ordnance.

"I am now completing my 15th year as an official of the City of Plymouth. I have enjoyed this work and I believe that my service to the community has always been to me a matter of civic pride and responsibility. It has never been performed for monetary benefits or for personal gain."

Commissioner (To Elect Four)

Robert O. Beyer
Lives 725 N. Mill St. Owner of the three Beyer Rexall Drug stores in Plymouth. Attended Wayne University, U of M and Ferris Institute. In 1946 purchased first drug store from his mother, started by his father in 1907. Born in Plymouth, he served in Navy 1943-46. Member of a Plymouth Chamber of Commerce of which he was a director, is member and now director of Plymouth Rotary Club, member and former president of Michigan Association of Retail Druggists, former member and president of St. Peter's Lutheran Church Council, member of Michigan State Pharmaceutical Association and American Pharmaceutical Association.

"I would like to see the following accomplished:
"First, I would like to say that my profession is pharmacy and not politics.
"My petition for city commissioner was originally circulated without my knowledge.
"Secondly, I have always felt and still do, that the present commissioners have done a good conscientious job. I appreciate very much that they are in a thankless and unrewarding position. Their decisions can not always please 100 per cent of the people in our community.
"I, perhaps like most of the citizens of Plymouth, have either friends or relatives, or both, living in Plymouth Township. I have a business in Plymouth and in Plymouth Township. I believe that one could say this side of the street is Plymouth and the other side is a foreign government in whom we have no interest.
"I believe that in our time the most important consideration we should have is the close understanding and cooperation of the citizens and officials of Plymouth with our friends and relatives in the Township.
"The fine cooperation of Mayor Guenther and the City Commission and Supervisor Lindsay and the Township Board in the past few years has certainly been gratifying and they certainly should be commended.
"The Plymouth area with its fine school system, Symphony Orchestra, Theater Guild, library, and churches is a cultural center we are all certainly proud of. We take a back seat to no other community. But we cannot just sit back and admire ourselves. Our criticism should be constructive. Our goal should be to work for a still better Plymouth, as so many people have done in the past few years — not be complacent to stay in a rut. As we know, the only difference between a rut and a grave is just a few feet."

William C. Hartmann
Lives at 383 Blunk. Is general manager of Royal Gas & Oil Co. Retired from Sinclair Refining Co. He retired from Sinclair Refining Co. as manager of operations and credits in Michigan last October, due to reaching the age limit. Attended Sales Analysis Institute in New York City, his birthplace. Came to Plymouth in 1936. Member of First Presbyterian Church, Masonic Lodge, Order of Eastern Star and Elks. Was justice of the peace 1924-26 in Monaquon Township. Appointed to City Commission in 1948 to fill a vacancy, elected in 1949. Elected mayor in April 1949. Elected to present term in 1957.

"I would like to see the following accomplished:
"1. Increase lighting in the residential neighborhood so as to eliminate the dark places that now exist in many areas.
"2. Implementation of the Central Business Plan.
"3. Kellogg Park be refurbished, place proper walks through it, cut out unnecessary trees, and thoroughly overhaul it completely.
"4. Arrange to pave all existing streets, save present pavement by recapping where feasible.
"5. Establish Economic Development Committee to study and attract diversified industry.
"6. Acquire for further use, and improve existing free parking lots.
"7. Increased attention to tree care in the city proper, replace where necessary.

J. Rusling Cutler
Lives at 193 N. Main St., where he maintains his law office. Resident of Plymouth since 1924. Was a municipal judge here 1941-49; assistant City Attorney, 1953-54; City Commissioner, 1955-57 a member of Detroit College of Law. Member and former secretary, treasurer, president of Suburban Bar Assn., member of Lions Club, member and former trustee of B.P.O. Elks, member of Chamber of Commerce, Wayne County and Michigan Bar Associations. Opened law practice here in 1933.

"I am now completing my 15th year as an official of the City of Plymouth. I have enjoyed this work and I believe that my service to the community has always been to me a matter of civic pride and responsibility. It has never been performed for monetary benefits or for personal gain."

James C. Houk
Lives at 346 Irvin, Owner Fisher's Shoe Store, he has been a resident of Plymouth since 1934. Member of Kiwanis Club for 17 years member and former board member of Michigan Shoe Retailers Assn.; board of directors member of Michigan Retailers Assn. for past six years member of First Baptist Church. Elected to City Charter Commission in 1950 and charter was adopted in 1951. Started in partnership with B. W. Fisher in shoe business in 1941 and recently bought out Fisher's interest.

"I am not seeking support for the City Commission in order to further any certain individual projects. Instead, I plan to go into the office with an open mind on all subjects, ready to listen to the problems of each individual or group.
"Much has been accomplished by past City Commissioners, but there still will be many serious and difficult decisions to make in the future. Having been a businessman in Plymouth for nearly 30 years, I have been able to keep in close contact with a good cross-section of our population, and have been made aware of their ideas, their problems and their hopes concerning the future of our community. If elected, I would make decisions that would take into consideration the thinking of the many people I meet."
F. Richard Merriam
Lives at 505 Byron. An engineer for Ford Motor Co., Dearborn, he has lived in Plymouth since 1956. Graduated from Case Institute of Technology, Cleveland. He is a registered professional engineer and holder of several patents assigned to present and previous employers. Member of First Presbyterian Church, Society of Automotive Engineers, Plymouth Symphony Society, Smith School PTA, former member of American Institute of Electrical Engineers and Toastmasters Club 904, Grand Rapids.

"Having attended several City Commission meetings as well as City and Township planning commission meetings during the past few months, I am convinced that our elected commissioners and City employees are sincere and doing a good job in running our City. However, they could be doing a lot more — and there are some shortcomings which I believe could be improved upon.
"1. There is a great need for improved communications — from the people to the commissioners, and from the commissioners to the citizens. When zoning changes or assessments are proposed, a full and complete story must be delivered to the people immediately affected as well as to the City at large — prior to the public hearings. I would take on this responsibility.
"2. There is a need for the commissioners to be better informed on all items coming before them for their attention for action. This is primarily an individual matter.
"3. There is a need for better relations and cooperation with individual citizens on behalf of some of the commissioners.
"4. There is a need for more consideration and long

"8. New City Hall where all departments (DPW, offices and fire station) can be brought under one roof, likewise provide proper space for the convenience of the workers and citizens.
"9. Plan to erect a Community Center to house the historical museum, Community Fund activities, together with an auditorium and recreational facilities.
"10. Study housing needs for the aging population.
"11. Develop the walkway along Tonquish Creek west of Harvey Street."

Catherine J. Henderson
(Also a candidate for City representative to Wayne County Board of Supervisors. Her petition for nomination is under that heading.)

James C. Houk
Lives at 346 Irvin, Owner Fisher's Shoe Store, he has been a resident of Plymouth since 1934. Member of Kiwanis Club for 17 years member and former board member of Michigan Shoe Retailers Assn.; board of directors member of Michigan Retailers Assn. for past six years member of First Baptist Church. "Having attended several City Commission meetings as well as City and Township planning commission meetings during the past few months, I am convinced that our elected commissioners and City employees are sincere and doing a good job in running our City. However, they could be doing a lot more — and there are some shortcomings which I believe could be improved upon.
"1. There is a great need for improved communications — from the people to the commissioners, and from the commissioners to the citizens. When zoning changes or assessments are proposed, a full and complete story must be delivered to the people immediately affected as well as to the City at large — prior to the public hearings. I would take on this responsibility.
"2. There is a need for the commissioners to be better informed on all items coming before them for their attention for action. This is primarily an individual matter.
"3. There is a need for better relations and cooperation with individual citizens on behalf of some of the commissioners.
"4. There is a need for more consideration and long

"I am not seeking support for the City Commission in order to further any certain individual projects. Instead, I plan to go into the office with an open mind on all subjects, ready to listen to the problems of each individual or group.
"Much has been accomplished by past City Commissioners, but there still will be many serious and difficult decisions to make in the future. Having been a businessman in Plymouth for nearly 30 years, I have been able to keep in close contact with a good cross-section of our population, and have been made aware of their ideas, their problems and their hopes concerning the future of our community. If elected, I would make decisions that would take into consideration the thinking of the many people I meet."
F. Richard Merriam
Lives at 505 Byron. An engineer for Ford Motor Co., Dearborn, he has lived in Plymouth since 1956. Graduated from Case Institute of Technology, Cleveland. He is a registered professional engineer and holder of several patents assigned to present and previous employers. Member of First Presbyterian Church, Society of Automotive Engineers, Plymouth Symphony Society, Smith School PTA, former member of American Institute of Electrical Engineers and Toastmasters Club 904, Grand Rapids.

The building of a huge tank plant on the Ryder and Grimm Farms was announced by the Ford Motor Co. Buildings covering an area of 1,500,000 square feet will soon be spread over the fertile lands of these two

farms. The company will manufacture medium tanks for the U.S. Army. When at full capacity the plant will employ 8,000 people.

About midnight Mrs. Fannie Steinhurst of 984 Wing St., heard a scream which she thought was the cry of a rabbit. After she switched on the porch light, she saw that the scream belonged to a small, dark-furred animal. Her two cats chased the animal into the garage and in the morning light it turned out to be a mink which had escaped from a nearby mink farm.

Thomas Hirzel, son of Mr. and Mrs. Harold Hirzel of 14592 Northville Rd., left March 10 for the Army Air Force. He is stationed at Lackland, Tex.

Larry Finney returned to his studies at the University of Notre-Dame after spending his Easter vacation with his parents, Mr. and Mrs. Carl Finney of Arthur St.

An ultra-modern drug store will be opened by Bob Beyer at 505 Forest St. With the exception of a soda fountain, the new store will be complete in every way.

25 Years Ago

Oil well drillers who have been working for the past two months drilling a well on the Spicer farm located at the corner of Warren and Napier, struck first indications of oil in this locality. Oil men say it is of a much higher quality than the oil found up in Central Michigan. It is said that there is not a sufficient amount to justify pumping but they have strong hopes now of being able to find a good supply of oil at a little greater depth.

A northbound Michigan Central train was stopped eight miles south of Grayling to save the life of a deer. For two days the train had roared past the helpless animal as it struggled in deep snow. On the third day the deer was still there, apparently much weaker and the train was stopped. The frightened and exhausted deer was placed in the baggage car, taken to Grayling, and turned over to a conservation officer.

Chapter A.I. of the P.E.O. Sisterhood was organized at the home of Mrs. Paul J. Nutting, March 21. Mrs. Eva Boyle, Michigan State Organizer for the P.E.O., officiated. As of Jan. 1, 1936, every unit in the county will receive its share of the state

THE GOOD OLD DAYS ... FROM THE PAGES OF THE MAIL

50 Years Ago

The Plymouth Creamery Co. has leased its plant and turned its business over to the Detroit Creamery Co., the latter taking possession April 1.

A pretty home wedding occurred at the pleasant farm home of Mr. and Mrs. A. M. Eckles, Wednesday, March 29, 1911, when their daughter, Mabel, was married to Sylvester Shear of Beech Rd. A small barn belonging to William Baxter was destroyed by fire yesterday. The barn was used as a chicken house and Baxter lost over a hundred Red Rhode Island chickens. The fire undoubtedly caught from the explosion of a lamp in an incubator.

Louis Keehl met with a painful accident at the Daisy factory Wednesday morning. While working on a press his hand became entangled, causing the thumb and forefinger to be badly crushed so that amputation was necessary.

C. S. Merritt will have an auction sale on the premises one-half mile west of Plymouth on Ann Arbor Rd., including the farm and also a number of graded cattle and hogs, buggies, cookers, harness, etc., on Saturday, April 8 at 1 p.m. A surprise party was given

Mr. and Mrs. Dan Jolliffe, it being their 27th wedding anniversary. Refreshments were served and an enjoyable evening was passed.

A new enamel for house hold use on interior or exterior surfaces dries in 15 minutes.

Observes 25th Year with Bell

Walter A. Hall, 297 N. Harvey, will celebrate his 25th anniversary with Michigan Bell Telephone Co. on March 27.

After starting with Michigan Bell in Ann Arbor, Hall worked there for a year before he was transferred here in 1938 to install telephones. Named switchboard repairman early in 1944, he helped maintain telephones and typewriters at the Romulus Air Base during World War II.

Hall and his wife, Margaret, have two teenage children: Margo and Larry.

Prize Books for Children

During the past couple of weeks a number of prizes have been given to authors and artists of children's books. We'd like to sort some of them out for you today.

Scott O'Dell was named winner of the 39th annual Newberry Medal. The Newberry Award is given each year to the author of "the most distinguished contribution to literature for children." Mr. O'Dell's prizewinning book is called *Island of the Blue Dolphins*, a fictional recreation of a true story of an Indian girl who was marooned on an island off the coast of California for 18 years. (For ages 10-15.)

Runners-up in the Newberry race were: *America Moves Forward* by Gerald W. Johnson. Mr. Johnson's book is the last of a series of three American histories written for the 10 to 15 year old group. It is a spirited account of the great events from 1917 to Eisenhower.

Old Ramon by Jack Schaefer. The author of *Shane* and other adult novels came close to the Newberry Medal with this simple but meaningful story of an old shepherd and a boy in the Southwest. *Old Ramon* can be read with pleasure from junior high up.

The Caldecott Medal, the annual award to the artist creating the outstanding picture book for children, has gone to Nicolas Sidjakov for his striking illustrations for *Baboushka and the Three Kings*.

Other awards for books for youngsters: *An Edge of the Forest* by Agnes Smith took the American Library Association's prize for the best children's book of the year dealing with animal life. *Janine* by Robin McKown has been named "the best book dealing with problems confronting young people today" by the Child Study Association. *Janine* is an unusual teenage novel depicting realistically what a French family in a coal mining village came up against immediately after the Second World War.

The Best Ever Written

A while ago 18 literary critics delivered themselves of a list of what they call "the best books ever written for adolescents." The pundits don't say precisely what they mean by "adolescents" but if you have one around the house you probably know, anyway. As a guess we would say these books are meant for youngsters from around the sixth grade to the tenth (give or take a grade — or child.)

The book receiving the greatest number of votes from the critics is *Johnny Tremain* by Esther Forbes, a vivid novel of the American Revolution. Right behind were: *The Yearling* by Marjorie Rawlings, *Seventeenth Summer* by Maureen Daly, *My Friend Flicka* by Mary O'Hara and *Goodbye, My Lady* by James Street.

An interesting fact is that these and all the books on the honored list were written the last twenty years or so. Maybe this will help scotch the prevalent parental superstition that all "classics" for the young were written during the Grant administration or before.

Buying An Easter Ham

BY ROSELLA M. BANNISTER
Wayne County Extension Agent, Home Economics

Easter always brings a rash of questions about ham. What kind of ham should I buy? How should ham be cooked? How is the best way to carve a ham?

Kinds of Ham: There are only two kinds of ham sold in meat stores today. They are either "fully cooked" or "cook before eating." Canned hams are fully cooked.

Fully cooked hams can be served cold, without further cooking. Or they may be reheated to an internal temperature of 125 degrees F. Allow 10 minutes per pound for reheating a whole ham in a 325 degree F. oven.

Cook - before - eating hams require additional cooking before serving. They should be cooked to an internal temperature of 160 degrees F. Allow 18 to 20 minutes per pound for a whole ham, 22 to 25 minutes per pound for a half ham.

Allow three servings per pound from cook - before - eating hams, five servings per pound from canned hams. Shank halves are easier to carve than butt halves.

Glaze the ham during the last half hour of baking time. An excellent ham glaze is made from one cup brown sugar mixed with the juice and grated rind of one orange.

To carve a ham: Be sure that the ham has been out of the oven for at least 20 minutes before carving. Before bringing ham to the table, a lengthwise slice from the side of ham opposite the meaty or cushion side. This forms a flat base on which to stand the ham for carving.

Place the ham platter on the table so that the shank end of the ham is to your right; and stand the ham on the cut side. Hold ham firmly with a carving fork placed through meaty part of ham.

Make first cut straight down to bone a few inches from shank end. Then cut and remove a wedge of meat near shank end. Use a firm cutting motion with the knife blade going as far as possible into the meat with each stroke. Do not saw back and forth.

SCHMALZRIEDT SONS

Funeral Home
16625 GRAND RIVER AVE.
BETWEEN GREENFIELD and SOUTHWFIELD

IT WAS around two a.m. when the family called for our services. Within a matter of minutes, competent, understanding assistance was on its way. Later, the family apologized for calling in the middle of the night, but certainly no apology was necessary.

The comfortable roominess of a modern tri-level, 3 bedrooms, office, separate dining room, 2-car attached garage. The perfect grade-school location you wanted for your children.

As easy to buy as a car. Three bedroom brick ranch, finished basement recreation room that makes you want to have a party. Paved streets and sidewalks, city sewer and water.

Three bedroom brick and frame tri-level, 1 1/2 baths, fun room for youngsters, from toddlers to teenagers. 2 1/2 car garage, shaded by graceful spreading trees, that will make you want to call this spot home.

Three bedroom frame. Den of a dozen uses, the whole family would enjoy. Rare opportunity. Owner will finance this home. Hillcrest Ave., Livonia.

80 acre farm located at 5435 Goffredson Rd. Seven room house and large barn.

We have several choice building lots and more homes, farms, business and vacant property.

Michigan Bell
Indicates Boost
To Economy

The Michigan Bell Tele-
phone Co. this week reported
its operations pumped more
than a quarter of a billion
dollars into the state's econ-
omy in 1960.

In its annual report, the
company—as the state's
fourth largest employer—
cited a \$140 million payroll to
24,000 employees throughout
the state as the main ingredi-
ent in its economic package.

The package also included
the non-payroll portion of a
new record \$101.5 million
construction program, "equi-
valent to building Detroit's
entire Civic Center, or the
Mackinac Straits Bridge, in
only one year." It was the
second highest construction
program in Michigan Bell
history and brought to total
postwar construction up to
\$935 million.

William M. Day, president
of the company, said he is
hopeful that Michigan Bell's
growth will continue to ap-
proximate six per cent an-
nually, as it has in the past
five years. This, he said, "is
above the nationwide target
strongly advocated in Wash-
ington and more than double
the rate of growth of the
state's economy as a whole."

Day reported earnings at
\$1.40 a share, an increase of
10 cents a share over 1959.
He attributed the gain to ag-
gressive marketing of serv-
ices, careful expense con-
trol, and to a less extent,
the March 16 rate increase
that netted the company
about \$1.9 million on an an-
nual basis.

The company's taxes in-
crease in our earnings left them still
below what is needed to do
the kind of job we could and
should do for our customers,"
Day said. "Progress always
involves some risks—risks
that can be taken only by a
company with some margin
in its return."

O.E.S. Highlights

It was so very pleasant
to see so many members at-
tend the last special meeting-
Friend's Night.
A lovely dinner, which was
enjoyed by all before the
meeting, was prepared by
Mrs. Helen Ingram and her
committee of Past Matrons of
Plymouth Chapter No. 115,
Order of Eastern Star. Also
the dinner was efficiently
served by Mrs. Brock-
lehurst and her committee of
Past Patrons of Plymouth
Chapter No. 115, O.E.S.

The next regular meeting
will be April 4, at 7:30 p.m.
with a social hour and re-
freshments immediately fol-
lowing. There will be a Rum-
mage Sale at the Masonic
Temple, April 8. All mem-
bers should keep this date in
mind.
The Annual Spring Luncheon
and Card Party will be
held April 25. Luncheon will
be served from 11 a.m. to
1:30 p.m. For reservations
call Mrs. Grace Hunt, GL 3-
0692.

Enroll in Green Thumb Course

Home gardeners who long for a "green thumb" but seem to have ten thumbs in the garden can find answers to some of their questions at an informal course offered here this spring by Michigan State University.

The course will be presented under the auspices of the MSU Liberal Arts Adult Education Program, in cooperation with the Plymouth Public Schools.

"Cultivating a Green Thumb: Botany for Gardeners" will be offered 7:30 to 10 p.m. Thursdays at the Plymouth Library, beginning March 30. The course, consisting of eight sessions, will be taught by Professor Emeritus H. L. R. Chapman of the MSU department of horticulture.

Participants will receive a thorough schooling in the many aspects of gardening, beginning with a study of the types and natures of various soils, fertilizers and plants, and the selection, planting and care of trees, shrubs, vines, perennials, biennials and annuals. The course will also cover landscaping techniques and the building of rock, wall and water gardens.

Adults are invited to enroll now by contacting Dr. Daniel McLaughlin, director of the MSU Continuing Education Center, MSU-Oakland, Rochester, or Herbert Woolweaver, director of adult education for the Plymouth Public Schools.

The final day for enrolling will be at the first class session.

BEAUMONT, Tex. (UPI)—"How long should I boil crabs?" a voice on the phone asked policeman J. J. Bodine.

Bodine forwarded the question to Sgt. John Gilbert, then repeated Gilbert's reply of "about 20 minutes" into the phone. "Thanks," a man said, "my wife said the police would know."

THERE IS NO DEATH!

With His resurrection Christ has broken the power of death over those who come to God through faith in Christ.

"O death, where is thy sting? O grave, where is thy victory? Thanks be to God which giveth us the victory through our Lord Jesus Christ."

Because of His resurrection Christ can say to His believers, "I am the Resurrection and the Life... Whosoever liveth and believeth in Me shall never die."

By His death in the place of men, Christ has paid the penalty for the sins of all men. By raising His Son on Easter morning the Father showed that He had accepted the payment.

And now because Christ died and rose again, the believer, too, shall rise to live with Him forever. That is why the Christian poet could write, "It is not death to die."

Our Church will be happy to tell you more about Christ and His great blessings for you.

Front Row Center

by George Spelvin

Holy Week approaches. In the dim light of early dawn on Good Friday the most dramatic moment of all recorded history took place. Forces were set into motion on that fateful day that have lived through the centuries.

Christ began the long journey to the cross and eventual crucifixion Good Friday. His death on the cross remains as a symbol for all that profess the Christian faith. And His resurrection on the Sunday following completes the cycle so well-known to all non-churchgoers plus the devout church members that fill the pews every Sunday.

The last days of Christ forms the basis of many dramatic offerings through the ages. In fact, most early plays in medieval times did nothing more than tell this story in a variety of ways. Dramatic art had its beginnings in the church. With the formalizing of religious ritual and the advent of the protestant pastor, Christianity became less dramatic and more staid.

Nowadays, a few ministers attempt to inject a bit of drama into their sermons via highly-colored anecdotes or imaginative examples. Of course, many men of the cloth stay to the old-time religion and present the word of God in a straight-forward, literal manner. Some folks like their sermons spiced with topical references and a dash of the dramatic. Others prefer the salt-free diet. Well, old George will remain neutral and claim preference for a little bit of each.

Back a few years ago I had the opportunity to give the sermon on Layman's Sunday in a small town Methodist church. I was grateful for the invitation and spent weeks preparing a rather involved, imaginative topic. Being of theatrical temperament, it was only natural to compose in terms tinged with the smell of greasepaint. Accordingly my topic for the morning was announced as "Is Christianity A Cinematograph?"

community during the Easter and Christmas seasons. It's a wonderful time to do a production built around one of the most dramatic situations of all times.

If you haven't seen "Ben-Hur" as yet, Eastertime is an ideal moment for viewing this film. "Ben-Hur" finishes up a 64-week run in downtown Detroit on May 14. Ann Arbor's Michigan Theater is showing the "chariot-spectacular" over the holidays. Take the entire family to this fine Biblical film with only occasional Hollywood touches.

For the finest in foreign or art films, take an evening off and hop over to Ann Arbor's Campus Theater. During the next few weeks their schedule calls for a couple of light-hearted British comedies. Starting March 31, Peter Sellers can be seen in "Man In The Coked Hat," a delightful spoof of the British foreign office. One week later on April 7, you'll be able to see film's latest married couple, Laurence Olivier and Miss Joan Frowlight in "The Entertainer."

Ironically, in the film Laurence runs into a sticky wicket and does not win Joan's fair hand. Mr. Olivier does his usually fine job of characterization. Go to this film and see if Sir Laurence deserved to be nominated for an Academy Award for such an unusual acting chore. His work in this cinema is a far cry from his many Shakespearean and serious drama roles.

On April 17, Mr. Olivier comes to the Riviera Theater in Detroit with "Becket." It's a pity that this rousing and colorful play has been booked for only one week.

Next week Ethel Merman takes up financially and artistically where Miss Florence Henderson left off with "Sound of Music." Joe Ned-

erland, flushed with the financial success of "Sound of Music," confided to me that "Gypsy," with Merman and company will add two more capacity weeks to the past five as racked up by "Sound." Get your tickets right now for "Gypsy" at the Riviera Theater, another sell-out looms on the immediate horizon.

Next week's report on show biz should fairly reek with realism, inasmuch as old George will be taking a quick Easter trip to New York. I might even send a column back Plymouth-way if I get locked in my hotel room of an evening.

DINING OUT

Local Students

Visit College

Wesley Sims, 1440 Northern, and Faith Raycroft, 41550 E. Ann Arbor Trail, were members of a motorcade that visited the Olivet Nazarene College campus (Kankakee, Ill.) Thursday, March 16 from the congregations of the Eastern Michigan District of the Church of the Nazarene.

Approximately 92 high school juniors and seniors with their sponsors, under the leadership of Rev. Bernard Gill, Flint, were entertained by the students of Olivet from the Eastern Michigan District with Ralph Close, an Olivet junior from Swartz Creek, acting as campus host.

The high school students were the guests of the college at an evening dinner Thursday, followed by a variety program. The following morning they heard a panel of Olivetians discuss the topic "What Olivet Offers." After their noon meal Friday, the motorcaders made their return trip to Michigan.

Olivet Nazarene College is one of seven colleges sponsored by the Church of the Nazarene. It has an approximate enrollment of 1,200 students and is a fully accredited liberal arts college.

There are 347 students from the United States now studying in Vienna. Most of them are in art schools.

Sanders
good things to eat
FOR A Sweeter Easter

Easter Buttercream Layer Cake

Two layers of moist, fine-textured yellow-batter cake filled and frosted with Sanders luscious buttercream. The bunny's eyes are big because he saw this cake made!

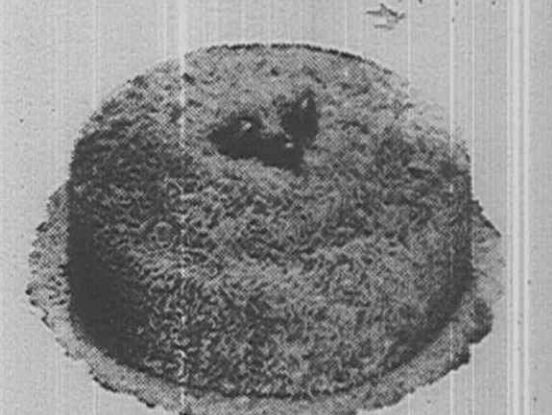

FRIDAY AND SATURDAY ONLY \$250

Pink or Yellow Coconut Layer Cake

The yellow cake: two layers of delicious chocolate batter, frosted all over with creamy marshmallow icing and covered with sweet shredded coconut. The layers in the pink cake are Sanders moist yellow batter.

FRIDAY AND SATURDAY ONLY \$125
