

Parking Lot Assessment Roll Okayed

The assessment roll for making \$118,900 worth of improvements and additions to the Central Parking Lot was approved by the City Commission Monday.

'Edge of Knowledge' Returns

"Foreign Affairs for Everyone" is the topic of an evening program next week, to discuss opportunities for individual activities in improvement of international relations.

Scheduled for 7:30 p.m. next Thursday, Sept. 28, at the Plymouth High School auditorium, the program will be the fourth in the annual Edge of Knowledge presentations initiated as a memorial to Kim Worland.

Mr. and Mrs. Charles Worland now live in Palo Alto, Calif. Their friends here are continuing the series, which is intended to enlighten both youth and adults of the area on significant goals which may become either careers or avocations for the good of all.

Although the three preceding programs have been in the field of science — atomic energy, astronomy and genetics — the local group felt that no subject was as vital and timely as foreign affairs.

The general field of foreign affairs, with specific references to individual opportunities and to probable areas of future achievement, will be discussed by William W. Bishop, Jr., professor of international law at the University of Michigan.

Police Youth Club Begins Another Year

A new season of the Plymouth Police Youth Club is opening today for young students of archery and next week for those interested in rifle.

The club, which is supervised by the Plymouth Police Department and taught by experts in rifle and archery, meets in the Bronson Building in the Central Parking Lot. It is available to anyone in the area.

The Archery Club will open at 6:30 p.m. today (Wednesday) and will meet each Wednesday and Thursday. Boys and girls must be at least 11 years of age.

The Rifle Club, according to Public Safety Director Kenneth Fisher, will have its first class Monday, Sept. 25. Weekly classes are Mondays and Tuesdays. Participants must be 12 years or older.

Last year there were around 100 in the Archery Club and 80 in the Rifle Club. There is no charge for archery shooting and a minimum charge for rifle supplies. Otherwise, the program is supported by the Plymouth Community Fund.

Two Features Returned

Two features of last year's Plymouth Mail that were absent during the summer for vacations are back again.

"In Print," the column by High School Librarian Pat Butler about books, is again featured in this issue. This column is valuable to both young folks and oldsters as Mr. Butler relates how to get the best out of your reading time. Today, he tells how a five-inch shelf of paperback books can give a student a good reference library.

Making its re-appearance last week was the "Plymouth High School" column, giving in capsule form the happenings at the Senior High. It is written by Janet Gusham, editor of the school newspaper, "Pilgrim Prints."

THE COLOR AND pageantry of high school football opens Friday night in Plymouth when the Rocks face Farmington in a non-league match. The 78-piece High School Band will be on hand to help give the squad a lift (following a 19-0 defeat at Northville last Friday).

Leading this year's marching band are a drum major, four majorettes and one mascot majorette, Connie Jo Palmer, 9, shown in foreground. Others, from left, are Karen Dickenson, Marilyn Gibson, Jerry Lee, JoEtte Dyson and Mary Lou Smith.

Lions Club Bringing Travel Series Here

A series of six travelogues featuring such colorful places as Brazil, Africa, Canada and the high seas will be held during the 1961-62 season in Plymouth sponsored by the Lions Club.

Some widely-known names to lovers of travel films will be here, such as Stan Midgley, Dennis

Glen Cooper, Julian Groemer and Capt. Irving Johnson.

The new series will start Saturday, Oct. 28. Each of the films will be on Saturdays at 8 p.m. and will be shown at the Plymouth Junior High.

Kiwanis Backs Band for Teens Without Band

A teenage band for young musicians who have had at least one year of experience on the Junior High level but are not playing in the Senior High Band is being sponsored by the Plymouth Kiwanis Club.

At a board of directors' meeting of the Kiwanis last week, it was voted to support the band. Special consideration will be given to younger students by the directors and recent High School graduates are welcome. It is the hope of the Kiwanis Club to reach youngsters who have instruments but find it impossible to give more than one night a week to band, but would like to play for fun.

Last year, it was found, there were some 80 High School students who had learned to play a musical instrument but were not playing in the band, principally because they could not fit it into their schedule.

The Kiwanis Club said that Superintendent of Schools Russell Isbister and Director of Music Wayne Dunlap have cooperated to make music rooms available at the Junior High Thursday evenings from 7:30 to 9, beginning the week of Sept. 21.

Help has been offered by a local parents' committee and many directors in the area, the Kiwanis committee announced. Eastern Michigan University has expressed interest and it is hoped to obtain clinical help from the University of Michigan.

Directing the first few sessions will be William Grimmer and Laurence Livingston, Junior High School musical directors. "If you are young, have an instrument, want to play or spend another evening a week having fun with music, you are welcome to attend," the Kiwanis committee declared.

Lot More Than Meets the Eye In That H2O

In High School chemistry we learn that water is H₂O, but a look at a chemical analysis of the City of Plymouth's water shows that folks are getting lots more than oxygen and hydrogen for their money.

Hall Laboratories of Pittsburgh, Pa. has just completed the analysis, the first one since 1947, according to Supervisor Joseph Bida.

These are the chemical elements, listed in parts per million of gallons: Bicarbonate, 252; sulfate, 65; chloride, 49; nitrate, 5; metaphosphate, 8.6; calcium, 97; magnesium, 23; iron, 0.4; fluoride, 0.85; and sodium, 13. Total hardness is 336 parts per million — which, as anyone knows, without knowledge of chemistry, is pretty hard water.

Damage Over \$4,000

Flood Closes Well House

The City of Plymouth's newest and largest well is expected to be back in operation this weekend after an accident last week caused flooding of the well house and damage estimated at over \$4,000.

Located on Six Mile Rd. near Beck, the well house became flooded some-

time during the night of Sept. 11 and by morning water was pouring from the building's windows and door.

Superintendent of Public Works Joseph Bida said that he was to meet with insurance companies today to determine who will pay for the damage.

Law Finally Catches Up with Runaway Boy

A runaway youth who was being pursued by his parents almost made good his escape last Saturday night by walking a half mile through a storm sewer, attempting to steal a car and finally hiding out in an automatic laundry.

Plymouth police said that the 14-year-old Belleville boy was caught by his mother. But he broke loose and ran into a local home and out the back door. At Harvey St., near the Central Parking Lot entrance, he crawled into a manhole leading into the storm sewer that carries Tonquish Creek underground.

He walked through the sewer to a point near Kellogg and Deer Streets. Climbing into a parked 1961 car, he started the engine and started driving away. James Thompson, 680 Deer, said he heard the motor start and looked out to see his car being driven away. But the car got bogged down in some sand that had been dug out in connection with a sewer-laying job.

Thompson collared the boy as he jumped from the car and led him into his home to call police. But the boy broke loose again and ran out the door. Thompson and his brother, Donald, followed.

The youth ran toward downtown and ducked into the Forest Ave. Laundromat where Donald Thompson and officer Robert Colburn found him hiding behind a machine.

The youngster has been turned over to the Wayne County Juvenile Court authorities, police said. He had recently been returned home by Indiana State Police after stealing a car.

Another young man, 17-year-old Richard Dahmer, 1135 Starkweather, did not fare so well either. Last Saturday night police were making a routine check at the Twin Pines Dairy, 1165 Starkweather, when their spotlight picked up a pair of feet sticking out of a window. Investigating, they found Dahmer

The well was closed down two weeks ago to allow the Kodiak Scott Co. of Detroit time to install chlorinating and metering equipment. Bida said that workmen had not finished putting two bolts into a plate where the equipment was being tied into the water main.

So a Water Department employee pulled the master switch, but it evidently did not break contact, Bida asserted.

Automatic equipment which turns on and off the wells based upon demand in the City was put into play sometime during the night and the pump went on in the supposedly shut-off well house. The next morning, a neighbor noticed water pouring out of the windows and door of the brick well house and he called City police.

By the time that Bida and workmen arrived, the door had collapsed and all of the water, which had risen nearly four feet in the building, had poured out.

High voltage electrical equipment had shorted out. Several motors were damaged by the water, although the larger pump motors were high enough not to be affected. Twenty-nine bags of Calgon were ruined and added to the mess.

The well has been shut down since then and workmen have been busy getting it back in shape. Bida said that it should be back in operation this weekend. The well, drilled in 1954, has an output rating of four million gallons a day and is the largest of the City's water system. Other wells have been supplying sufficient water to meet the demand, Bida said.

Insurance companies representing the contractor and the City will meet today to fix blame.

Township Seeks Sewer Fund Surplus

A resolution asking that Plymouth Township be given the surplus funds from the \$790,000 bond issue was passed by the Township Board at their regular monthly meeting last week.

It is estimated that there is \$130,000 remaining in the sewer bond issue from the original \$790,000. The Wayne County Road Commission has had charge of the fund during construction of the sewer.

Now that the main sewer project has been completed, the Township Board would like the surplus returned to them so that they can keep track of its disposal. The Township Board has a half dozen requests for sewer service expansion which they are considering. One is a sanitary sewer for Plymouth Colony.

Cite 3 Scout Troops for Long Service

Three Plymouth Boy Scout Troops will be among the seven in the Sunset District being honored Sept. 28 for having 25 or more years of continuous operation.

Several cities in the district have a single unit honored — but Plymouth will have three recognized at the Sunset District Annual Dinner meeting at the Ford Wayne Civic Center in Wayne.

Among the "Silver Bar" troops to be honored is the oldest Scout troop in the community, No. 1531, which has been in continuous operation since 1923 (38 years). This troop is headed by Scoutmaster Bill Congdon and meets weekly on Mondays at Bird School. Troop 1531 is sponsored by the Kiwanis Club.

Next oldest is Troop 1532, organized in 1923 (38 years old) and headed by Scoutmaster Dick Jackson. Troop 1533 meets Mondays at the weather School and is sponsored by the Rotary Club.

Also a Silver Bar Troop is Troop 1524, organized 29 years ago in 1932. The troop is headed by Scoutmaster Paul Stechen and meets Monday nights at First Presbyterian Church, its sponsor. Annual Meeting Chairman (Continued on Page 10)

Vacant Factory Building Filled by New Industry

Formation of a new small manufacturing corporation in Plymouth was announced this week.

Moving into the former Peerless Industries plant on Fair St. near Mill was the Mok-A-Panel Co., which will make teaching aids for industry.

Its president, M. R. Glutting, said that the initial product will be for people enrolled in learning IBM machine wiring. Visual aid devices and assembly of other types of products are being planned.

The 5,000-square foot plant on one and three-quarter acres of land has been vacant this summer. Peerless, maker of plumbing supplies, moved to a plant near Willow Run Airport.

Glutting said that his firm, which just this week signed incorporation papers, plans to pick up an option to purchase the property next month. He started the firm seven months ago after completing engineering on the product and accepting investors.

Applications for positions are not being taken at this time, however, the president said. When they are, applications will be handled through the Employment Security office on Mill St. and preference will be given Plymouth residents.

Glutting said. Production is not expected to start for another four to six weeks.

Glutting is a resident of Nankin Township and has a sales and management background.

MOVING INTO an empty factory building on Fair St. this week is Mok-A-Panel Co., headed by M. R. Glutting, shown with the firm's first product. It is a teaching aid for IBM circuits. The plant plans to begin operation in about six weeks.

Peanut Sale Set for Sept. 22

The Plymouth Kiwanis Club announces its annual Peanut Sale Friday, Sept. 22. In conjunction with Kid's Day, Kiwanians will be on the street from noon on Friday for the one-day sale. Proceeds will be used to help underprivileged and crippled children as well as benefiting other youth work in the community.

**Latter Day
Saints Observe
Mission Week**

The Plymouth congregation of the Reorganized Church of Jesus Christ of Latter Day Saints, Schoolcraft at Bradner, plans to join over 1,000 other RLDS congregations throughout the world in the observance of "World Missions Week", Sept. 24 to Oct. 1. The special week has been designated to give emphasis to the purpose and importance of the church's foreign missions.

The first Sunday's services, Sept. 24, include: Church School at 9:45 a.m.; Morning Worship, with Bishop O. Kenneth Byrn speaking, at 11 a.m.; and a 7 p.m. evening Worship Service. Elder G. Jack Surbrook speaking.

A sound filmstrip entitled, "Ye Are My Witnesses" is to be shown Sept. 24, Sunday evening at 7 p.m. The week's activities will close with the regularly scheduled October Communion Service. Elder Robert C. Burger will preside at this service.

Prayers will be offered throughout the week for the church's Missions abroad. The local membership will also be encouraged to support the foreign missions through contributions.

The RLDS Church is represented throughout the United States and in 35 foreign countries. They are presently engaged in a construction program of completing The Auditorium, world headquarters building of the church, located in Independence, Mo. The \$4,500,000 Auditorium houses 180 offices, a 5,800 seat Conference Chamber and other meeting rooms. One of the major features of the building is the Auditorium Organ located in the Conference Chamber. It is a 6,300 pipe Aeolian-Skinner, considered to be one of the finest in the country.

Mr. and Mrs. William Guy Bradley

**Double Ring Nuptials Spoken
At Candlelight Ceremony**

Ennice Marie Brown and William Guy Bradley repeated their nuptial vows at a candlelight double ring ceremony Sept. 2 at Trinity Lutheran Church in Clawson. The Rev. Edwin C. Wagstaff officiated.

Given in marriage by her father, Elsworth F. Brown, the bride wore a gown, made by her mother, of imported French Chantilly lace trimmed in sea pearls and sequins. The bodice featured a bateau neckline. Sea pearls and sequins trimmed the appliques of lace arranged on the skirt of silk organza on nylon tulle over taffeta. Her chapel train was fashioned of the same fabric. Her crystal crown, made by her father, secured her ballerina-length veil. She wore a diamond and pearl pendant, a gift of the groom, and her bouquet was a single white orchid, surrounded by stephanotis and ivy.

Miss Judy Bradley, the groom's sister, was maid of honor and wore an apricot sheath of silk organza over taffeta with a net overskirt of the same shade. Her apricot headpiece was trimmed in sequins and pearls with a matching veil and she carried apricot carnations with toast ribbons. Miss Bradley's accessories were an aurora borealis brooch and toast colored shoes.

Joyce Shoad, another sister of the groom, Sharon Ries of Tecumseh, Sharon Sanderson of Clawson, and Barbara Martin, Royal Oak, were bridesmaids. They wore toast colored dresses similar to that of the maid of honor.

with apricot net overskirts. Their headpieces, in the same shade of toast, also matched that of Miss Bradley's, as did their accessories and bouquets.

Susan Kaiser, the bride's cousin from Clawson, was flower girl and wore a white nylon tulle over taffeta with apricot trim and carried a basket of apricot carnations. Philip Marks of Kenmore, N. Y., was best man while David Payne, of Kenmore; Lee Crosby, of Three Oaks; Mac Brown, of Lake Orion, and Larry Kaiser of Clawson, ushered. Eddy Brown, the bride's brother, was a junior usher.

Mrs. David Lowe, accompanied by Mrs. Valdor Haggund on the organ, sang "O Perfect Love" and "The Lord's Prayer."

Immediately following the ceremony a reception was held in the church basement. A buffet was held later at the home of the bride's parents.

Out-of-town guests came from Pennsylvania, New York, Minnesota, Florida, Georgia, Ohio, Clawson and Plymouth.

For her going-away costume Mrs. Bradley chose a royal blue wool sheath with jacket and black patent leather accessories. She wore the white orchid from her bridal bouquet.

The bride is a 1958 graduate of Clawson High School and the groom graduated from Kenmore High School, N. Y. The couple returned to Michigan State this September to complete their senior year.

**Mr. and Mrs. Ed Cutler
Make Home in Ann Arbor**

Edward Bayler Cutler, grandson of Mrs. Edward J. Cutler and the late Mr. Cutler of Plymouth, was married to Norma Johanna Guezen Friday evening, Sept. 15, at Trinity United Church of Christ on W. Seven Mile Rd., Detroit. The couple's parents are Mr. and Mrs. Frederick H. Guezen and Mr. and Mrs. E. Malcolm Cutler of Detroit. Officiating ministers were the Rev. T. C. Wiemer of Trinity Church and the Rev. Virgil Jones of Wayne State University's United Christian Fellowship, where the young couple met. Both are graduates of W.S.U.

A reception followed the ceremony in the church's Huffer Hall. The bride's only attendant was Mrs. William Hamilton of Ann Arbor.

M. Rupert Cutler of Richmond, Va., served as best man for his brother. Ushers were the bride's brother, Fred Guezen of Detroit, and two Gamma Alpha Fraternity brothers of the groom, Larry Wolgomuth of Tucson, Ariz., and Dean Hough of Almont, Mich. Mrs. Gerald Bennett was organist and Mrs. John Steininger soloist.

The bride wore a short gown of cotton lace over de-lustered satin and her shoulder length illusion veil was held in place by a cap of matching lace. Her flowers were white carnations and stephanotis.

The matron of honor wore a green sheath with white lace overskirt and carried yellow and bronze mums.

The bride's mother also chose green for her sheer wool crepe dress, worn with gold-trimmed hat and corsage.

The groom's mother wore navy lace with matching hat and pink corsage. Pink corsages were also worn by the groom's grandmothers, Mrs. C. G. Plymouth and Mrs. J. G. Bayler of Detroit.

After a brief trip to the Upper Peninsula the couple

Summer on Canvas At Joy Road Studio

During the 'open house' hours of 3 to 5 p.m. visitors may see and examine the products of the summer students enrolled at Marion Sober's Joy Road Studio.

On exhibit will be oil paintings reflecting subjects and still-life in and around outdoor Plymouth as well as examples of chair caning, rush weaving and baskets fashioned by members of the summer class.

Of special interest to lovers of the treasures of yesterday will be a number of rare old antiques that have been refinished and refurbished by Mrs. Sober's students.

Enrollment for fall classes in oils and crafts begins Oct. 2. Further information may be obtained by calling Mrs. Sober at GL 3-9180. The Studio is located at 48234 Joy Rd. between Beck and Joy Roads.

BIRTHS

A daughter, Marie Ellen, was born Sept. 4 at St. Mary Hospital to Mr. and Mrs. Lloyd Graham, 871 Hix Rd., Wayne. She weighed 7 lbs., 5 ozs. Her grandparents are Mr. and Mrs. George Graham and Mr. and Mrs. Delbert Groom, all of Plymouth.

Mr. and Mrs. F. Andrew Fedus, Jr., announce the arrival of a son, Mark Andrew, on Sept. 10 weighing 10 lbs., 6 ozs. Grandparents are Mr. and Mrs. Lester E. Martin and Mr. and Mrs. Andrew Fedus, Sr., all of Livonia.

Mr. and Mrs. James L. Lobbestael

Ridley-Lobbestael Joined At Afternoon Ceremony

Jeannette Marie Ridley was given in marriage by her father to James L. Lobbestael on Sunday, Aug. 27. Rev. R. E. Niemann officiated at the double ring ceremony in the Cherry Hill Methodist Church.

The bride, daughter of Mr. and Mrs. Grant Ridley of Plymouth, designed her own gown of ivory satin, featuring a scoop neckline trimmed with tatted lace, long pointed sleeves, and a full skirt ending in a chapel train. Her fingertip length illusion veil was held in place by a coronet of white roses and Stephanotis. Her cascade bouquet consisted of white carnations and Stephanotis, highlighted with tiny pink roses and English ivy. She carried her grandmother's handkerchief.

As her sister's attendant, Carolyn Dee (Penny) Ridley wore a dress green silk afternoon dress. Her bouquet, similar to her sister's, was of pink carnations and roses, trimmed with English ivy.

Michael Patrick served his cousin as best man. The ushers were David Lobbestael, Lee Hirth and Richard Ridley.

The bride's mother wore old rose lace with gold accessories and a corsage of cymbidium orchids.

The groom is the son of Mr. and Mrs. A. J. Lobbestael of Ann Arbor. His mother chose natural linen with lace inserts and a corsage of white roses.

Assisting at the reception in the church house were Mrs. Stanley West, Mrs. Keith Baughman and Mrs. Jack Contario. The guest book was attended by Mrs. John Hildinger, the groom's sister of Milwaukee, Wis. Miss Ethel Schoeck poured punch, while Miss Karen West and Miss Claudia Kessler presided at the cake and coffee table.

For her wedding trip the new Mrs. Lobbestael had made a three-piece ensemble of navy blue linen, trimmed in white, with which she wore red accessories.

The young Mr. and Mrs. Lobbestael are at home on Harvey St. in Plymouth.

The soft, dry taste of **Plymouth Gin** is its most distinguishing characteristic.

Jean's Jottings

JEAN CAMPAU, WOMEN'S EDITOR

The National Button Society will hold its annual fall meeting this Saturday, Sept. 23, at the Mayflower Hotel. During the all day affair, which includes luncheon and a program, members, guests and visitors will have the opportunity to inspect dealers' tables and examine the array of mounted button collections of Society members.

Buttons, to my point of view, have always served one purpose; to close an opening. After talking with Milla Livingston, of Schoolcraft Rd., however, my respect for the oft taken for granted gadget takes on a new perspective.

The word button itself is derived from the French word 'bouton' which means bud or knob. In ancient China, buttons were worn on the hat to indicate rank of station. Greeks and Romans of yore used buttons more as ornaments than clothes fasteners.

Louis XV of France is said to have paid \$100,000 for the buttons on one of his vests. And according to folklore the custom of putting buttons on the sleeves of men's coats started in the Prussian army during the time of Frederick the Great. It is said Frederick ordered buttons put on the upper side of the uniforms to break the soldiers of the sloppy habit of wiping their faces on their sleeves.

During the 16th and 17th centuries the gentry wore such elaborate buttons that the Puritans classed them as worldly vanity and in opposition to this affected ornamentation, elected hooks and eyes for their own garments.

While the Puritans on one hand are probably the most anti-button conscious group, the Costermongers of London's East End are no doubt the most button-minded. Each year they don suits and dresses of pearls for their annual festival, the climax of which is the selection of a king and queen. (Naturally those chosen are the ones with the most buttons. Perhaps he who hasn't all his buttons becomes court jester).

Currently all buttons rank third with the two other top American hobbies of stamp and coin collecting. Some buttons go back hundreds of years such as those handmade of Wedgewood set in solid gold dating to the 1700's. Others are fashioned from hand carved shells, ocean mother of pearl, copper, bone, brass, silver, staghorn, ivory, enamel, ceramics, acorns, nuts, cork and wood to catalogue but a few varieties.

But for a first hand look at this favored American hobby why not set aside part of your Saturday and see for yourself the interesting and pretty exhibit brought to the Mayflower by collectors from all over Michigan for the annual fall meeting.

In the interim, button displays can be seen in the windows of Cassady's, Dunning's, Carl Caplin's and the Dunning-Hough Library.

USING THE colonial theme ladies of the Lake Pointe Branch of the National Women's Farm and Garden Club kick off the first get-together of the fall season with the 'Kaffee Kall.' Show

sitting before the Mail camera are (l-r) Fern Ursa, Arline Motzkas, Edna Stevenson, Helen McCuaig, Shirley Berry, and Alva Holk.

Community College Topic at A.A.U.W. Meeting Thursday

The more than 100 members of the American Association of University Women and guests will be welcomed to the Plymouth branch's first fall meeting by Mrs. B. William Secord, president, and branch officers. The Plymouth Community Junior High School multipurpose room will open its doors to the group at 7:45 p.m. Thursday, Sept. 21.

Greeting the members along with Mrs. Secord will be the officers for the coming year: Mrs. Sidney Cady, first vice-president and program chairman; Mrs. J. M. Hookins, second vice-president and membership chairman; Mrs. Henry J. Walch, recording secretary; Mrs. D. K. Tutting, corresponding secretary; and Mrs. F. C. Beach, treasurer.

During the social hour preceding the meeting a "Study Group Fair" will be held. This will permit members and prospective members to meet each study group chairman and learn more about each group's program and objectives for the coming year. This year's study groups and chairmen are: Arts, Mrs. Lyle Wimmergren and Mrs. Gordon Vetal; Elementary and Secondary Education, Mrs. E. Olson; Higher Education, Mrs. L. T. Scharman; International Relations, Mrs. J. Pursell; Mass Media, Mrs. Howard Raaflaub; Social and Economic Issues, Mrs. N. E. Cimoch; Status of Women, Mrs. R. H. Larson; Fellowship, Mrs. John W. Moehle; Legislative, Mrs. John Haas; Newsletter, Mrs. Bernard Bach; Publicity, Mrs. Arthur Basel.

Mrs. J. M. Hopkins will have membership portfolios for all eligible women who attend this orientation meeting. Women who have de-

John Mason Brown Opens Northville Town Hall Series

The Northville Town Hall Series will open the 1961-62 season in just one month with a lecture by John Mason Brown at 11 a.m., Oct. 19 at the P & A Theatre, Northville.

Four other speakers will follow Mr. Brown, who is widely known as an editor of the Saturday Review, author and drama critic.

Madame Ginette Spanier, Directress of the House of Balmain, presents "The Le Coutourier" Nov. 15.

Anthony Wedgewood Benn, member of Parliament of Great Britain and informed political columnist with special interests in the UN and Afro-Asian affairs offers "Under Big Ben" January 18, 1962.

Ian Ross MacFarlane, a leading authority on and widely traveled in Africa discusses "Dawn on Self Rule" Feb. 15.

Bennett Cerf, publisher, author and favorite TV panelist closes the series April 3 at a "Morning With Bennett Cerf".

The Town Hall Committee has also arranged for a Speaker's Luncheon at Lofy's Arbor-Lill in Plymouth after each lecture. Mrs. R. D. Willoughby, co-chairman noted, "Many of the members are forming their own groups for the luncheon and we want it known that advance reservations for tables should be made by mail or telephone since only 350 can be served. Reservations should be sent to Box 93, Northville, Michigan. Telephone reservations can be made by calling Miss Ruth Knapp, FI 9-1829 before Oct. 15.

Rotary Anns Plan Unusual Format

Plymouth Rotary Anns will hold their first meeting of the fall season Monday, Sept. 25 at the Mayflower Hotel at 12:15 p.m.

Mr. Gordon Moe, from American Telephone and Telegraph, in cooperation with the North Atlantic Region Area Defense, will be speaker for the day. Mr. Moe will explain how the area defense system works and will establish direct communication with the briefing office at Colorado Springs, Colo.

Members will then have the opportunity to ask questions and have them answered directly by the briefing officer in Colorado.

Farrand PTA Has Open House

The Helen Farrand PTA will hold the first meeting of the school year Tuesday, Sept. 26 at 8 p.m. Mr. Gerald Elston, the principal, will explain to the parents the coming Grade Level program.

An 'open house' will follow where parents will be able to visit the classrooms and meet the teachers. Refreshments will be served by the fourth, fifth and sixth grade room mothers.

Many interesting projects for the school year have already been started and a very enjoyable evening is promised.

Antique Street Lights Get National Mention

Those 36 antique street lights that have attracted much comment at Plymouth's Hillside Inn were the subject of a magazine article this month.

The magazine "Cooking for Profit" is a gas trade publication circulating among restaurant owners. The article was written by Cy Lindroth of Plymouth, a free lance writer.

This is the text of the article:

Plymouth, Michigan, a charming city of some 9,000 citizens, takes its antecedents seriously.

One of several American communities named for the original landing site of the Pilgrim's, Michigan's Plymouth works hard to maintain its colonial heritage. Its public buildings and the majority of its business places feature early American architecture as a matter of civic pride and official policy. The colonial atmosphere is also apparent in the architecture of its residential areas.

Perched on a slope at the east outskirts of the city is Hillside Inn, Plymouth's most famous eating place. It was originally a converted farmhouse of a design that is best described as "ugly" American. Today, however, after some 27 years of operation by the Stremich family, it has evolved through an almost continuous process of reconstruction into a fine example of early American.

The visitor approaching Hillside for the first time will note with approval the glistening white exterior with its red shutters and awnings, two

story pillars and cupola combining to present an authentic and inviting effect.

But most of all, he will be intrigued by the ring of closely placed old fashioned gas street lights casting a warm glow over the entire premises. Of all the improvements made in the transition of Hillside from ugly to early American, none has been so rewarding as the installation of 36 antique street light poles rescued from Eastern seaboard junk yards. Burning 24 hours a day with magnificent economy, they have transformed the Hillside parking facilities from a costly necessity to promotional bonus. Instead of merely accommodating patrons, they attract them... like moths to a flame.

Thus Hillside owners, Bob and Margareta Stremich (nephew and aunt) rather by accident discovered that the newest thing in lighting is something quite old with a timeless charm. The element of luck figures here because had not the Stremichs spent a frightening sum for a fill project to expand their parking facilities, they would probably have settled for conventional lighting.

Seeking a less costly substitute, Bob Stremich had an idea: "Whatever became of all those old street lights of the early part of the century?" he wondered. "Surely, there must be lots of them cheap if we could find them."

As it turned out he was right, although it took many months of searching before he located the real thing in the number required. They were pretty sorry looking when they arrived, covered with rust and remnants of countless paintings. But the tough old cast iron poles responded splendidly to renovation and, with the installation of new globes and three-mantle clusters, they were as good as new. And, best of all, total cost including gas lines and placement was only a fraction of the bill for artificial replica equipment. Fuel and maintenance costs proved almost too trivial to be computed.

Now for all practical purposes Hillside Inn is an all gas equipped establishment—inside and out. The gleaming spacious kitchens where nearly a quarter million meals are custom prepared annually are completely gas-equipped—ranges, steam tables, broasters, soup kettles, ovens, washers and boilers.

Only hold-out is the Fireside Lounge where the kitchen size open hearth still burns hickory and the message over the backbar reads: "A loaf of bread... a jug of wine... and Throu beside me."

NEW BOOKS At Dunning - Hough

COURT OF CROWS by Robert A. Knowlton. A novel depicting a relationship between a beautiful married woman and an illiterate local Adonis leads to murder. Set on a small island resort off the Carolina coast.

MY FATHER SITS IN THE DARK - Jerome Weidman. A compilation of the author's stories as they have appeared in The New Yorker, Good Housekeeping and other popular magazines.

TWELVE DEAD GEESE - Eugene DeThassy. A humorous novel about a Hungarian bank employee who takes off for Paris, after the Communists have seized the bank's money, where he attempts to live, love and learn how to be a writer.

1913 - James Cameron. The book tells a simple story of one year, 1918, in the life of Britain and which more than any other year in history, can now, in retrospect, be considered the end of an era.

THE OTHER WOMAN I AM - Genevieve Gennari. Few novels manage to achieve such universality as this intimate narrative of a woman in the first lonely year of her widowhood. It is the plight of the superfluous woman in today's society.

EATING PEOPLE IS WRONG - Malcolm Bradbury. A mild, liberal English professor is thoroughly bewildered by his postwar generation of students, even more so when he chances to fall in love with one of them.

JESUS AND HIS STORY - Ethelbert Stauffer. Not a biography of Jesus exploring the development of His personality, but, rather, a pragmatic history of the facts of His life and of what He had to say about Himself. Contemporary history has been synchronized with the Gospel narrative.

THE CARLTON FREDERICKS COOK BOOK. The Carlton Fredericks cook book for good nutrition includes such toothsome recipes as Sea Food Rarebit, Tamale Pie, Deviled Oxtails and Stuffed Cabbage Leaves.

Lions Club Hears Talk on Pharmaceuticals

The lives of two million Americans have been saved by the sulfa and antibiotic drugs in the last 20 years, a spokesman for the pharmaceutical industry told the Lions Club of Plymouth, recently.

The speaker, Robert Iles, of American Cyanamid Company's Lederle Laboratories, said new drugs save both lives and dollars. As an example, he cited the present day treatment of pneumonia. "With today's antibiotics, speaker said, the drug industry spends millions of dollars for research. In 1958 industry research expenditures amounted to \$170,000,000, and last year research spending reached \$194,000,000.

"No other industry spends such a big part of its income on research," the speaker said. "This is 9 percent of sales compared with 2 percent for industry in general." He pointed out that the United States now leads the world in new drug development, largely as a result of pharmaceutical industry research.

He illustrated by saying that last year the industry worked with 114,600 different compounds, and that probably less than 40 of these will ever become useful drugs.

Despite rising research and other costs, he said that "the price of drugs and prescriptions has risen only 21.4 percent over the past 12 years. This compares with a 23.7 increase for the cost of living generally. In fact, the price trend of major new drugs such as antibiotics and hormones has been generally downward."

The factors which enter into the price of a prescription drug, he said, are research,

quality control, distribution, administrative costs, and losses on rarely used but essential drugs and unsold drugs that are returned by the pharmacist. "And if the remarkable progress in new life-saving drugs is to continue," he added, "there must be profits to support the research that produces them."

Gallimore PTA Meets on Sept. 26

Mrs. Gordon Vetal, second vice-president, and program planning chairman of the Gallimore School PTA, announced that the Sept. 26 meeting, which will begin at 7:45 p.m., has been planned as an informative type get-acquainted evening.

The meeting will begin with the business portion of the meeting, followed by a brief but complete report on the planned Community College election to be held Oct. 24.

Mr. Russell Isbister, superintendent of schools, will present to the parents of Gallimore a more over-all view of Plymouth's educational system, followed by a progress report of the system.

For the lighter side of the evening will be a program that has been enjoyed by the parents of Gallimore in previous years. The staff of Gallimore will be introduced to the group, and along with their introduction, the parents will be given a little biography of each one, bringing out the serious and lighter side of the teachers.

Guests are always welcome to join the parents of Gallimore in their meetings.

Instructor Billy Reynolds (turning front wheel) and Shell dealers check out a car at one of Shell's 123 training centers.

HOW TO SPOT TROUBLE:

Shell instructor Billy Reynolds reveals 10 trouble signals he tells Shell dealers to watch for. You should know about them too. They may help you spot trouble before it starts.

Shell's Billy Reynolds

More than 12,000 Shell dealers go to Shell's 123 training centers every year. Classes cover the gamut of station operation. But trouble-spotting gets special emphasis. Here are 10 trouble signals that Billy Reynolds, one of Shell's chief instructors, stresses.

If you notice any of them in your car, tell your Shell dealer. His advice may help you head off a big repair job.

- Mushy brakes.** When your car is standing still, push your brake pedal down with a firm, steady pressure. If the pedal feels soft and sinks all the way to the floor, you've got trouble that should be fixed right away. Could be a leaking wheel cylinder. Or, more likely, a leaky master brake cylinder. A well-trained Shell dealer can track down brake troubles quickly.
- Wandering wheels.** If your front tires show more wear on one side of the tread than the other, your wheel alignment is probably a fault.
- Jiggly front end.** Put your foot on

either bumper, and shove down hard. If your car bobs up and down for a long time, ask your Shell service man to check your shock absorbers.

4. Decrepit tail pipe. If your tail pipe is rusted through in spots, it should be replaced. Same thing for your muffler. A worn-out exhaust system can make your car roar like a wounded hippo. Worst of all, you run the danger of exhaust fumes seeping into the passenger compartment. Your Shell dealer can take care of the whole problem.

5. "Bloated" radiator hose. Inspect all of the rubber hoses that interconnect your cooling system. If they are cracked or swollen, they can fail at any time and cause your engine to overheat. Replacing hoses is a simple task for any Shell dealer.

6. Marred windshield. Feel the blades on your windshield wipers. If they're hard, they can scar the glass. If they're frayed, they can streak it. Ask your Shell dealer to check the spring pressure on your wiper arms too. If the blades rest too lightly against the windshield, they can blow away from the glass and let the rain swamp your view.

7. Strange noises. Listen for squeals, squeaks, rattles and other mysterious noises. Strange noises are often warnings of troubles on the way. So, don't be afraid to ask your Shell dealer about sounds you haven't heard before.

8. Under-the-hood clues. You can learn a lot just by looking at your engine. Watch for oil, fuel or water leaks. Even tiny leaks can lead to big trouble later on. You can also make a quick visual check of wiring and electrical connections. If wires are hanging loose—or insulation has worn away—see your Shell dealer.

9. Sluggish battery. If your engine turns over more slowly than usual when you start up, an inspection of your electrical system is in order. A run-down battery is usually the cause of starting problems. But the real trouble may be elsewhere. Something as simple as a loose battery connection can do it. Or your voltage regulator may need a minor adjustment. Play safe and tell your Shell service man.

10. Oil-streaked sidewalls. It may take a bit of back bending, but it's worth the effort to check the side of your tires for signs of leaking fluid on the tire walls. Could be a leaking brake cylinder, or faulty oil seals on the rear wheels. Both can be serious. Any trained Shell dealer knows many more trouble signals than the ten listed here. Ask him to give your car a bumper-to-bumper inspection next time you stop in for a Shell lubrication—or any service job. One last tip: when you've got your car in top condition, keep it

filled with the gasoline that's made for top performance—today's Super Shell with 9 ingredients.

- Super Shell's 9 Ingredients for top performance**
- #1 is TCP*—for power, mileage, longer plug life.
 - #2 is Pentane mix—for fast warm-ups.
 - #3 is anti-knock mix—for resistance to all kinds of knocks.
 - #4 is Alkylate to control "high-speed knock."
 - #5 is Butane—for quick starts.
 - #6 is "cat-cracked" gasoline—for power.
 - #7 is an "anti-icer." Added in cold weather.
 - #8 is gum preventive to keep carburetors clean inside.
 - #9 is Platformate for extra mileage.

A Bulletin from Shell —where 1997 scientists are working to make your car go better and better

*Trademark for Shell's unique gasoline additive. Gasoline containing TCP is covered by U.S. patent 290228.

LAST DAY OF REGISTRATION SCHOOL ELECTION

NOTICE OF LAST DAY OF REGISTRATION OF THE QUALIFIED ELECTORS OF PLYMOUTH COMMUNITY SCHOOL DISTRICT WAYNE AND WASHTENAW COUNTIES, MICHIGAN

TO THE QUALIFIED ELECTORS OF SAID SCHOOL DISTRICT:

Please Take Notice that the Board of Education of Plymouth Community School District, Wayne and Washtenaw Counties, Michigan, has called a special election to be held in said School District on Tuesday, October 24, 1961.

Section 532 of the School Code of 1955 provides as follows:

"The inspectors of election at any annual or special election shall not receive the vote of any person residing in a registration school district whose name is not registered as an elector in the city or township in which he resides"

THE LAST DAY ON WHICH PERSONS MAY REGISTER WITH THE APPROPRIATE CITY OR TOWNSHIP CLERK, IN ORDER TO BE ELIGIBLE TO VOTE AT THE SPECIAL ELECTION CALLED TO BE HELD ON TUESDAY, OCTOBER 24, 1961, IS MONDAY, SEPTEMBER 25, 1961. PERSONS REGISTERING AFTER 5 O'CLOCK, P.M., EASTERN STANDARD TIME, ON THE SAID MONDAY, SEPTEMBER 25, 1961, ARE NOT ELIGIBLE TO VOTE AT SAID SPECIAL SCHOOL ELECTION.

Under the provisions of the School Code of 1955, registrations will not be taken by school officials and only persons who have registered as general electors with the city or township clerk of the city or township in which they reside are registered school electors. Persons planning to register with the respective clerks must ascertain the days and hours on which the clerks' offices are open for registration.

This Notice is given by order of the Board of Education of Plymouth Community School District, Wayne and Washtenaw Counties, Michigan.

Esther L. Hulsing
Secretary, Board of Education

'Listening Post' Series Makes Debut October 5

Dr. Margaret Sterne, associate professor of history at Wayne State University, will introduce the distinguished Detroit sculptor Walter Midener to Plymouth audiences Thursday, Oct. 5, for the first lecture of the "Plymouth Listening Post" series.

Midener's talk, "The Creative Artist in American Life," is one of three to be offered this year by the local branch of the American Assn. of University Women, assisted by "Detroit Adventure."

Dr. Sterne was the winner three years ago of the Wayne State alumni award as outstanding faculty member. She has studied abroad extensively as a Fulbright scholar and lectured several times in Germany as a representative of the United States Department of State. A former publisher of children's books in Germany, she took her advanced degree at the University of Michigan.

She will introduce "Mr. Midener on the stage of the Plymouth High School auditorium, where several pieces of the sculptor's work will be displayed during the lecture.

Russell Isbister, superintendent of schools, will introduce Professor and Mrs. Fred Dohrs Jan. 31, when they present an illustrated lecture on "An American Scientist in the Soviet Union: Observations of the Soviets' Use of Their Land." Doctor Dohrs is a W. S. U. geographer, who has traveled extensively in

Russia, and Mrs. Dohrs, who sketched Russian life while the couple traveled, will show her drawings at the Plymouth lecture.

The third lecture, March 6, will be given on international relations. Scheduling of the speaker or speakers will be arranged so that experts on the areas most in the news at the time may be obtained as they come to this country.

Tickets for the series are now on sale at \$4 for three lectures. Mrs. John W. Moshle, chairman, has announced that ticket holders this year will become charter subscribers to the "Plymouth Listening Post," and as such will have first priority to obtain tickets the following year.

A. A. U. W. members have tickets for sale, or prospective purchasers may call the ticket chairman, Mrs. C. C. Wiltse, at GL 3-4592.

A RECORD of 743 working days — over two years — without a serious accident has resulted in recognition to employees of the Plymouth Plant of Continental Can Co. Shown, from left, in last Friday's ceremony are William Booser, industrial relations; Robert Sparkman, superintendent; Roger Geartz, plant manager; Lester Reddeman, maintenance; and Allen Morton, industrial truck operator. Refreshments were served to employees following the ceremony.

Allen PTA To Meet Tuesday

The first Allen Parent-Teacher Assn. meeting of the season will be Tuesday, Sept. 26 at 8 p.m.

This is a get-acquainted meeting and all parents are urged to attend and meet their children's teachers and to get acquainted with their fellow parents.

New Pontiac Line Unveiled Thursday

Beginning Sept. 21 through Sept. 23, Berry Pontiac will introduce the public to the 1962 models of the Pontiac line.

Sharing the spotlight will be a new sports model coupe, the Grand Prix, and the Tempest convertible.

Berry Pontiac, 874 W. Ann Arbor Rd., will hold open house Thursday through Saturday from 11 a.m. to 11 p.m. with refreshments and gifts for all.

Letters TO THE EDITOR

I am one of the tax payers of Plymouth who feels it is a right to protest the placing of fluoride in our drinking water. I go to Northville spring to get water to drink, and I am not the only one.

I think it would be a wise idea, for those who are not in

Ply. Garden Club Meets Next at Haven Hill Lodge

The Plymouth branch of the National Women's Farm and Garden Association held its Sept. 11 meeting at the North Territorial Rd. home of Mrs. Paul Wiedman.

Speaking on the subject of "Our Own Flower Show" was Mrs. A. T. M. Petersen of Livonia, well-known flower show judge.

Assisting Mrs. Loren Gould at the tea table were Mrs. A. C. Dohmen, Mrs. William Hartmann, Mrs. Virgil Haws, Mrs. Carlton Lewis, Mrs. R. J. Lorenz, Mrs. L. G. Manner and Mrs. B. Schroeter.

The next meeting, Oct. 16, will be at Haven Hill Lodge in the Highland Recreation Area.

I do not agree with the City Attorney. I do not think their actions were truly representative. Representative government is not a matter of a few officials voting a matter thru according to their own thinking.

The \$876 used to buy a machine to inject another chemical into our water, could well have been used for a better purpose.

G. I. Friday

Editor:

After reading your account of the fluoridation hearing, I am disturbed at the high-handed attitude some of our City Commissioners assume toward those who exercise their democratic right to disagree. I saw the same shabby treatment given the residents of Mill St. last year during a hearing on the assessments for paving Mill St.

I don't know whether fluoridation is good or bad but I want to congratulate Dr. Ashton for his sincerity and high principles. I also want to thank the Mail for covering these hearings the way they happen.

William Baumgartner

Cafeteria Workers Clarify Position

Clarification of a story appearing in last week's Mail pertaining to cafeteria employees in the Plymouth Community School District was issued this week by a spokesman of the employees.

A delegation representing the employees attended last week's Board of Education meeting to protest a move to take away 11 paid holidays that the cafeteria workers have previously been paid for.

A spokesman said that they are not sure which 11 days are affected, but that they are days that teachers and other employees are paid for. The administration had declared that it intended to cut the paid holidays to save money. The district is attempting to "cut corners" because of a cut in state equalized tax assessment this year which will result in around \$40,000 less revenue than a year ago.

The cafeteria workers maintain that they "cut corners" themselves in an attempt to put the cafeterias on a self-sustaining basis.

Attends Wizard of Oz Convention

Dr. Henry Kolbe, 43550 Reservoir Rd., attended the first convention of the International Wizard of Oz Society held Sept. 8-10 at Culver, Ind.

The unusual group is composed of Ozmopolitans, Baumophiles and all collectors of Ozmania, including professors, writers and students from all over the country. They gathered to discuss and compare notes on their favorite subject and hobby — the collection of Oz books and other writings and materials by and about L. Frank Baum, author of the famous books.

Adding to the interest of the occasion was the fact that the Wizard of Oz Lodge at Bass Lake near Culver was recently opened by the author's son, Harry Neal Baum.

Among the guests were Russell McFall, biographer of Braun; Henry Regnery, publisher who has recently taken over publishing of the Oz books; Dick Martin, illustrator of several new editions of Oz books; and Justin Schiller, founder of the Wizard of Oz Society.

REGENT Virginia Bake and Mrs. Jack Kadey of the Sarah Ann Cochran Chapter of the Daughters of the American Revolution looking on as Mayor Robert J. Sincok affixes his name to the proclamation designated by

President Kennedy signifying Sept. 17-23 as National Constitution Week. The week-long observance is designed to remind the population of the advantages of American citizenship.

Mayor Proclaims Sept. 17-23 National Constitution Week

The week of Sept. 17-23 has been set aside by President John Kennedy as National Constitution Week, honoring the 174th year since the American Constitution set the pattern of ideas and ideals followed throughout the land.

Below follows the proclamation signed by Mayor Sincok signifying his part in the observance.

PROCLAMATION

WHEREAS, September 17, 1961 is notable as marking the one hundred seventy-fourth anniversary of the adoption of the Constitution of the United States of America by the Constitutional Convention; and

WHEREAS, To accord official recognition to this memorable anniversary, and to the patriotic exercise which will form a noteworthy feature of the occasion, seems fitting and proper; and

WHEREAS, In accordance with Public Law No. 915, the President of the United States has issued a Proclamation designating Sept. 17 through 23 as Constitution Week;

NOW, THEREFORE, I Mayor Robert J. Sincok by virtue of the authority vested in me as Mayor of the City of Plymouth (in the State of Michigan) do hereby proclaim the week of Sept. 17-23, 1961 as CONSTITUTION WEEK in the City of Plymouth and urge all our citizens to pay special attention during that week to our Federal Constitution and the advantages of American citizenship.

In Witness Whereof, I have hereunto set my hand and caused the Seal of the City

to be affixed at Plymouth City Hall this day of Sept. 18 in the year of our Lord one thousand nine hundred and sixty-one, and the independence of the United States of America, the one hundred and eighty-fifth.

Signed
Mayor Robert J. Sincok

Adult Education Class Offers Recorder Lessons

Want to learn how to play a recorder?

No — not a tape recorder, or even a wire recorder.

This recorder is a musical instrument that was popular centuries ago and started to decline toward the end of the 18th century. Essentially a flute, it is an instrument that you blow straight into (like a whistle).

A class in "Recorder" is scheduled by the Plymouth Recreation and Adult Education Dept. for its fall program on Thursday nights from 7:30 to 9:30. Anyone can learn how to play the recorder, according to School Music Director, Wayne Dunlap, who is promoting this unique class.

To get people acquainted with the recorder, the class instructor, Mrs. Gustav

Rabson, wife of a U of M professor, will give a concert at the Junior High this Thursday at 8 p.m. There is no charge. Mrs. Rabson will be a soloist later this season with the Plymouth Symphony.

The recorder is a woodwind instrument that flourished during the Renaissance. It was played in ensembles with other recorders and was used with other instruments in every sort of musical form, including street music, chamber ensembles, vocal

cantatas and operas. It comes in soprano, alto, tenor and bass ranges. The cost of a soprano recorder is about \$6 and there is much music available for the instrument, Dunlap states. "The beginner can master the elementary stages of playing with ease," he added.

SPORTSEEN

By Bill Nelson

It's a sadder, but wiser Plymouth football team that is making preparations for the game here with Farmington at 8 p.m. Friday.

"We'll make some more mistakes before we're through," football coach Mike Hoben cautions, "but every so often you have one of those nights."

He was referring to the Northville game last week, when the Rocks fumbled four times in the first half (recovered two of them) and lost one on an intercepted pass. The key play, however, was a bad pass from center which gave Northville the ball on Plymouth's one-yard line early in the second period. The score was 0-0 then.

Plymouth seemed to be playing defense in their own end of the field most of the game. The offense was throttled, too, because they played most of the game around their own 20.

Good news, however, was that Plymouth came out of the game with no serious injuries. "We've got the usual share of bumps and bruises," Hoben said.

Hoben found at least a couple of good performances in the game. He singled out the play of end Dan Stremick and halfback Brian Gilles. He also complimented the play of Northville's 290-pound center, John Dowd, and quarterback Steve Juday.

Dowd is new to Northville, having transferred from Detroit's Catholic Central, according to Hoben. "He covered the whole line from tackle to tackle," Hoben said, "and effectively bottled up our running game."

The visit of Farmington to Plymouth for the Rock home opener this week will be something of a pleasant reunion. Jack Cotton, the athletic director at Farmington for the last six years, is an old associate from Wayne State University.

He was one of Wayne's all-time great linemen and later an imaginative backfield coach. In addition, he was a good student. Of the Farmington team he says, "We've lost nine in a row that I can keep track of." That includes a loss to Edsel Ford last week and a 0-8 record the previous year. The year before that the Falcons were unbeaten in eight games.

Farmington wears royal blue and white uniforms, but Cotton says "We'll wear whatever they (Plymouth) desire."

Resumes Travel Show on Radio

The Kurt Thrun Travel Show will be a new one half hour radio program over Station WPAG 1050 each Sunday afternoon from 4:30 to 5 p.m. starting on Oct. 1. Kurt Thrun of the Travel Centre in Plymouth will host the show.

It will feature music from foreign countries, travel information, interviews with

travelers from various countries. Thrun had a similar show three years ago which grew from a one half hour program to a full four hour show and had six local and four national sponsors.

The new travel show will be limited to one half hour and four sponsors and plans are underway to syndicate the show to be featured on other stations.

Northville Scatters Rocks, 19-0

Fumbles Plague Plymouth

THE SMILES that make us happy — were noticeably absent from the Northville encounter last week. Pictured at a practice session, before the season, are (left to right) Rock Head Coach Mike Hoben, Line Coach John McFall and End Coach Tom Workman. Maybe this Friday?

The 1961 football season opened last Friday, but Plymouth couldn't get started. Rock fumbles, and a bad center pass combined with an aggressive Mustang team to produce the first defeat of the season for Plymouth.

Before it was over Northville posted a 19-0 score on the board. Meanwhile, Farmington—Plymouth's next opponent—was taking a 34-7 lashing from Edsel Ford.

In the Northville game quarterback Steve Juday scored twice for the Mustangs on runs of three and ten yards. Halfback Dennis Gilbert scored on a one yard dive. The extra point came after the third Mustang touchdown, when Juday passed to end Jay Sugrue, after two earlier kicks had been low and wide.

Northville kicked off to Plymouth to start the game. The first indication of things to come came when quarterback Dick Schryer returned from the 15 to his own 35 and then fumbled. The ball was covered by Northville.

Northville moved to the Plymouth 20, but the Rocks held. The ball changed hands five more times during the first quarter, but Plymouth was unable to get out of its own territory.

A couple of short Plymouth kicks hurt during this period. As the second quarter began, Plymouth attempted to kick from its own 31, but a high pass from center sailed over Schryer's head and by

the time he covered it Northville was set up with a first down on the Plymouth one yard line.

On the next play, halfback Gilbert dove over right tackle for the touchdown. The kick was wide.

Schryer took the ensuing kickoff for Plymouth and returned it to the 33. Fullback Mike Kisabeth made it to the 38 on the next play, and Brian Gilles followed by tearing through left tackle to the 48, a gain of 10 yards that was enough for a first down.

Two plays later, halfback Jim Dart was joined and fumbled. The ball was covered by Northville on the 50. The ball changed hands a couple of times more, before Northville got started on its second scoring march.

Late in the second period, the Mustangs moved 48 yards in seven plays. The key play was a 23-yard draw play from the 25-yard line. Time was running out (1:33 left) and Northville's quarterback sent halfback Dick Bathey up the middle on a draw play. On the next play Juday went through center for the second Northville touchdown. The kick was wide and Northville led, 12-0.

With only a minute left, Plymouth brought the crowd to its feet for the first time. Halfback Gilles took the kick on the 15 and broke up the middle to the Northville 44, where the last man — Juday — tackled him.

With time running out, the Rocks set to work in earnest. Schryer passed to end Dan Stremick on the Northville 30 for a 14-yard gain.

Another pass, this one intended for Dart, was intercepted by Ron Rebitzke, and Northville took over. The Rocks held, however, and on fourth down, Juday was given a bad center pass while trying to kick. He returned it to his own 22 and Plymouth took over on downs.

With only five seconds left, Schryer hit Kisabeth on a swing-screen pass and the Rock fullback powered to the seven-yard line as time ran out. The third and fourth quarters were dull affairs until Plymouth got its first break with seven minutes left in the game. Schryer intercepted a pass by Juday on the 42 and returned it to the 44.

Governor's Cup On Tap

The campaign ends Sept. 30, to wind up harness racing in the Detroit area.

Racing Secretary Bill Connors believes the Governor's Cup field is the best of the season since it matches all of the free-for-all pacers on the grounds.

Governor John B. Swainson will be on hand to present the Governor's Cup to the winner. Former Governor G. Mennen Williams made the presentation 11 times at Wolverine Harness Raceway. The starters include:

Viçki's Jet, Michigan's fastest home bred with a mark of 2:00.1 who is owned by Les Alford of Flint; Poplar Sonny, the pride and joy of Pete Katona of Milan with a record of 2:00; Hawthorn, a star of the Michigan Colts Stakes two years ago with a clocking of 2:01.1; C. M. Saunder's Fort Knox, who won the Livonia Pace earlier and has a winning time of 2:02 this year; and Everett Hammell's Cold Sunday with a time of 2:02.2.

Farmington Visits With Nine Losses

Farmington High School brings a nine-game losing streak into Plymouth for the Rock home opener. The Falcons lost last week to Edsel Ford, 34-7. Last season they lost all eight games. The year before, however, they won all eight.

Leading the Falcon attack, according to Farmington Athletic Director Jack Cotton, will be a 185-pound fullback, George Becker.

For the season, Plymouth and Farmington have identical 0-1 records. The Falcon colors are also blue and white. Game time is 8 p.m. at the Plymouth High School.

Foes Win, Lose, Tie

Plymouth opponents won three, lost three and tied one, while Plymouth was getting beat by Northville last week. Most surprising score was posted by Trenton, which beat Wyandotte, 27-0.

Complete scores of Plymouth's 1961 foes are listed below:
Trenton 27, Wyandotte 0
Allen Park 7, Melvindale 7
Belleville 12, Wayne 7
Walled Lake 34, Redford U. 28
Dearborn 7, Bentley 6
Edsel Ford 34, Farmington 7

NOW! A NEW WORLD OF WORTH!

NEW FROM DIESEL TO DAZZLE!

'62 CHEVROLET JOBMASTER TRUCKS!

WITH NEW High Torque Power

Here they are—handsome, functional '62 Chevrolet trucks powered to work harder in every weight class with the highest torque in Chevrolet history.

Meet the eagerest, earningest crew of new trucks that ever shouldered a load!

There's a wider choice of power, a wider choice of torque, across the board. For heavies, there's the new High Torque 409 V8*, with 16½ per cent more torque than ever before available from Chevrolet. Big news in the middleweight class is the new Chevy-GM 4-53 Diesel, backed by years of GM Diesel experience. In the light-duty line-up, the High Torque 281 Six* adds new sock in extra-tough applications. All told, you can pick from nine rarin'-to-work, ready-to-save '62 Chevrolet truck engines.

Handsome new work-styling includes forward-sloping hoods that allow drivers to see as much as 10½ feet more of the road. Chevrolet's famous Independent Front Suspension gives you a smoother riding, easier working, longer lasting truck. New heavier duty, smoother hypoid rear axles add new beef and brawn in the middleweight class. Rugged new I-beam front axles* of 9,000- or 11,000-lb. capacity are available on Series 80 heavyweights. Mufflers are longer lived on all models.

You'll find a total of 198 models in the new '62 Chevy line—including three work-proved, versatile Corvair 95's. Every model is built to out-haul, out-last and out-value any other truck at anywhere near the price. See your Chevrolet dealer!

*Optional at extra cost

New FLEETSIDE PICKUP. Most modern version of America's most popular pickup.

New SERIES 60 DIESEL Diesel savings and Chevy durability.

New SERIES 80 TANDEM. Best choice for the big ones! Has extra-rugged K-braced ladder frame and true-tracking Eaton-Hendrickson tandem bogie.

See your local authorized Chevrolet dealer

Burroughs Corporation Enters Punched Card Electronic Computer Business

Burroughs Corp. today announced its entry into the punched card electronic computer business, putting the company squarely into competition for the largest single bloc of the billion dollar a year market for automatic business data processing equipment. The firm's Plymouth plant is involved in production of the machine.

Ray R. Eppert, president, said the company's program includes a new family of four solid-state computer systems, an expanded customer training program, a sizeable increase in the company's U.S. data processing sales and technical support force, and a manufacturing program that will utilize resources of four plants in Detroit and Pasadena, Calif.

The basic punched card system in the new Burroughs B200 series—called the B260—was described by Eppert as a "workhorse computer" which will increase productivity significantly in medium and large-scale punched card applications.

"It is not a stripped-down version of a high-priced computer, but the first completely integrated, moderately priced system designed especially for the punched card market," he said.

In addition to the basic B260 punched card electronic computer system, the new series includes the B280, a

magnetic tape system, and the B250, which includes a hard-copy record processor in addition to punched card handling equipment.

A fourth system in the series was introduced earlier this year. Called the B270, it is particularly suited to financial data processing applications because of its ability to accept documents encoded with magnetic ink as well as punched cards.

The Burroughs president said the world market for automatic data processing equipment is growing at a faster rate than the rest of the business machines industry. The market for all business figuring machines (\$2 billion in 1960) has been doubling in size every five years.

"Within the growth pattern predicted for automatic business data processing machines in the United States—from \$1 billion in 1960 to approximately quadruple that by 1970—lower priced equipment will continue to make up the lion's share of the market," Eppert said.

"Our own studies show that during the past five years, there has been a 250 per cent increase in the number of users in the fields which the new B200 series will serve," he commented.

Wholesale and retail commercial concerns, manufacturers, public utilities, governmental agencies, insurance companies, financial and educational institutions as well as other service industries, make up a large part of the broad market for the new B200 line.

In preparing for entry into this mass market, Burroughs has systematically realigned its marketing organization during the past two years. The company's U.S. equipment and systems sales, technical support and field engineering units have been consolidated into one marketing division employing more than 7,500 people.

Eppert stated that "this enables Burroughs to supply equipment, customer training and systems counsel for the widely varied needs of punched card equipment users."

The new B200 systems were developed to meet the spe-

cific requirements of high-volume, low investment business data processing applications. The result is equipment offering advantages previously available only in more costly machines, assuring increases in speed and productivity.

For example, the new Burroughs systems are the only

ones in their price class that utilize two high-speed card reading units. This feature not only doubles input speed, but, in many applications, eliminates much of the time-consuming sorting and rehandling of cards now necessary before they are fed into the system.

One of the most significant

contributions to greater productivity is the system's internal "buffering." Because the electronic central processor operates at speeds many times that of the mechanical units, magnetic core "buffers" (temporary data storage devices) were installed to compensate for these differences and balance the flow

of information through the system.

Buffering, in effect, allows simultaneous, continuous operation of all system components at their true maximum speeds.

Another innovation in lower priced computing systems is the technique employed for feeding punched cards into the system. B200 system card readers pass cards "on demand" of the central processor by using an electronic impulse to trigger a magnetic band, rather than the slower method of engaging a mechanical clutch to move a card into the "read position."

Burroughs also has simplified the costly process of preparing written instructions (the program) for the machine by paring the body of basic computer commands to less than 20 and by making one instruction do what formerly has required three separate instructions.

A complete punched card electronic computer system will sell for \$183,650 and rent for \$3,750 monthly. Sales prices of magnetic tape systems will range from \$252,180 to \$384,780, with monthly lease rates extending from \$5,235 to \$8,435.

First deliveries of B200 systems will be made in the fall of 1962.

BURROUGHS Corp. President Ray R. Eppert, right, inspects new electronic production facilities with marketing vice-president Ken Bement, left, and V. J. Ford, data processing sales

manager. Manufacturing facilities at Plymouth will be among those utilized in the production. A complete unit will sell for \$183,650 and rent for \$3,750 monthly.

Punting Contest Open for Plymouth Boys

An opportunity for Plymouth area boys to compete in a football punting, passing and place-kicking contest, with trips to National Football League games among the prizes, was announced today by Frank Palmer, general manager of Paul Wiedman, Inc.

Palmer said the Plymouth competition is part of a nationwide program sponsored by Ford Division of Ford Motor Company in cooperation with the National Football League. Known as "P. P. & K."—Punt, Pass and Kick—the competition will culminate with all-expense trips by five national winners and their fathers to the National Football League Championship game, and an official reception at the White House.

Selection of the National Champions will be made as a result of televised competitions at a home game of each of the 14 National Football League teams.

The Plymouth P. P. & K. competition is open to grade school boys aged six through 10, and will be held early in October. Registration for the event will be at Paul Wiedman, Inc., 470 S. Main,

through Sept. 25. There is no cost, but entrants must be accompanied by a parent or guardian. Each entrant will receive a P. P. & K. badge, an instruction book written by NFL stars Johnny Unitas, Yale Lary and Paul Hornung, and an official 1961 NFL Guidebook.

After the Plymouth competition is held, the scores of the most skillful punters, passers and place-kickers—one in each age group—will be compared with the scores of boys in the other competitions held in the area covered by telecasts of the Lions.

The top five boys in this region and their fathers then will be given an all-expense trip to see a home game of the Lions, and the boys will punt, pass and kick at the stadium either just before the game starts, or during half-time.

The five top winners in the Plymouth contest, whether or not they qualify for the national eliminations, will receive National Football League type football uniforms, the five boys who place second will receive warm-up jackets, and third place winners will receive footballs.

Scores of competitors in the 14 NFL regions will be made to play off all ties both regionally and nationally.

Palmer said the P. P. & K. competition had been developed by Ford Division and the NFL to give every boy a chance to take part in football competition, and to encourage physical fitness. He pointed out that early development of physical conditioning on the part of the nation's youth is one of the prime objectives of the President's Council on Youth Fitness. The Council, he added, will present letters of commendation to the five National Champions during their White House visit.

This contest will be handled in conjunction with Paul J. Wiedman, Inc., and the City of Plymouth Park and Recreation Department—Mr. Joe Bida is in charge of the local contest to be held at Hamilton Playground.

Obituaries

Ray C. Rorabacher

Ray C. Rorabacher of 243 Union St., passed away Sept. 18 after a long illness at Mt. Carmel Hospital at the age of 68.

Born to Ella (Herrick) and Cyrus Rorabacher Jan. 15, 1893 he married Edith (Meining) on May 4, 1916. A retired driver for the Wayne County Road Commission, he came to this area from South Lyon in 1914.

He is survived by his wife, Edith; one son, Sterling of Wayne; two sisters, Mrs. Mabel Midgley of Florida and Mrs. Bessie Reamer of Plymouth; and one brother, Mr. Merle Rorabacher of Plymouth.

Services will be held Thursday, Sept. 21 at 1 p.m. from the Schrader Funeral Home, Reverend Melbourne I. Johnson will officiate. Interment is to be in Riverside Cemetery.

Nicholas Stelate

Nicholas Stelate, of 39729 Warren Rd., Plymouth, died Sept. 13 at the age of 61. He had been employed as a farmhand at this address for over 30 years, and for the past seven weeks had been hospitalized for the treatment of cancer. He leaves no known relatives.

Services were held Sept. 15 at Caldwell Funeral Home in Garden City, with Rev. James B. Allen officiating. Burial was in Parkview Memorial Cemetery.

Mrs. Evard Dodge

Word has been received here by friends that Mrs. Evard Dodge, former Plymouth resident, died Saturday morning at Racine, Wis.

The Dodges moved to Racine a year ago from Ann Arbor Trail. Mr. Dodge preceded her in death last spring. Funeral services were held Tuesday. Other details were not available at press time.

Canton Kids Found Napping

By Esther Sprengel
GL 3-0194

Gallimore School's executive board of the PTA held its first meeting at the home of Mr. Earl Gibson, principal of Gallimore. The group went over their plans for the coming year and enjoyed refreshments prepared and served them by Mrs. Gibson.

A happy birthday cook-out party (with Pop doing the cooking) was held for Mrs. Sam Grady (Opal) on Thursday, Sept. 14. The guests (a surprise to Opal) were family and friends of the couple.

A little late, but we just heard that a daughter has been added to the Harold Voss family of Ford Rd. Eden Maria, the young lady's name, was born on Aug. 27 at Beyer Hospital. Eden is now home and being admired by her two big brothers and four sisters.

The Pilgrim Hill residents are hoping that they never spend a night like they did this past week. The neighbors were alerted when two youngsters were found missing from their home. With the assistance of the State Police, the children were found safely asleep at 3 a.m. in a vacant, newly-built home in the subdivision, much to the relief of parents and neighbors.

Missing: "Nicky." Reward offered for information or return. Nicky is the seven-year-old black with light blond face family dog. Described as having long hair and slightly smaller than a collie, with a face much like a shepherd. Nicky is friendly and may turn over on her back when approached. Nicky is a spayed female and the John Contario family of Ridge Rd. is very anxious to have her back home. The family pet left home on vacation and had once been seen at the Cherry Hill Methodist Church where the family usually attends. Since the report of Nicky's disappearance, the family has been offered new dogs, but they are holding out for Nicky's return. If you have any information, the Contario family can be reached at HUinter 2-1300.

Mr. and Mrs. John Contario and son John, along with the couple's four grandchildren, children of Mr. and Mrs. Leon Rutley, recently returned from a visit with Mr. Contario's father, Mr. John Contario, Sr. He is 82 years old and resides in Peoria, Ill. Also while in Illinois the group visited with Mr. Contario's sister and family, Mr. and Mrs. Henry Moreuil, and expect to enjoy a return visit from them at their home on Ridge Rd. in the near future. The Contarios' sanitation business was attended to by their daughter, Mrs. Leon Rutley, during their absence.

Just in case you are interested in facts, approximately 218 persons got out to vote for the Con-Con delegates at the Sept. 12 election from Canton Township.

We had a card from the Robert Mitchells, who had been visiting Canton from their home in Florida. They report a wonderful trip, but expressed their disappointment at not getting to visit with all their friends here.

Farmers to Elect ASC Committee In Wayne County

In a statement released today, Donald M. Korte, chairman of the Wayne County Agricultural Stabilization and Conservation Committee named some of the requirements necessary for a person to be eligible for election to the county committee. The committee will be elected by farmer-chosen delegates to a county convention to be held on Sept. 29 at Wayne ASCS County Office, 3901 Newberry Street, Wayne Michigan.

A candidate for the county ASC committee must be eligible to vote in the county, must be a resident of the county, and, generally, must not have been actively engaged in politics, such as serving as a member of a political committee or doing political work. Also, he must not be a full-time employee of the U. S. Department of Agriculture.

Chairman Korte added that there were other restrictions and requirements concerning a candidate for the county committeeman post, but that these were the important ones.

He also noted that the date of the election is Sept. 29 and urged all ASC farmer-delegates to the county convention to be sure to attend. Further information is available at the County ASCS office.

They said they will be back to visit again. The couple reported that Hurricane Carla passed them by this time. A visit from Donna had taught them the way of these gusty girls.

Are you looking for an adorable puppy? If you are, I can

THE GOOD OLD DAYS...

10 Years Ago

Plymouth's school attendance, according to figures that have just been compiled, have jumped to nearly 300 more than a year ago, the total now being over 2,600. Last year the high was 2,384.

Mrs. Walter K. Sumner of 1078 W. Ann Arbor Tr., has some Forsythia blossoms in her living room which she picked from her garden this week. This is very unusual since this is one of the earliest shrubs to begin flowering in the spring, and is unheard of in the fall.

Formal dedication of the Bird Elementary School will take place Sunday, Sept. 30, in the auditorium of the school. Ceremonies are scheduled to begin at 4 p.m.

The General Unit of the W.S.C.S. of the First Methodist Church met on Sept. 12 and was very well attended with over 114 members present. Mrs. Frank Field, wife of a former Methodist pastor of Plymouth, was the guest speaker, her theme being "World Peace."

Magie was the order of the day when members of the International Brotherhood of Magicians descended upon the city to enjoy their annual picnic in the beautiful garden of Mr. and Mrs. Roy Rew of Harding St.

Mr. and Mrs. Roy Jewell of East Ann Arbor Rd., celebrated their 40th wedding anniversary last Saturday with a dinner at the Farm Cupboard. Their guests included Mr. and Mrs. Derward Jewell and three children.

The Library Book Club will meet at the home of Mrs. Charles McConnell on Tuesday, Sept. 25 at 2 p.m. Mrs. Ada Murray will review the Ethel Waters' book "His Eye in on the Sparrow."

Roy Lare of Mill St., believes he grew the biggest beet that ever came out of the ground around Plymouth. The big red beet weighed a trifle over two pounds and was 17 inches in circumference.

25 Years Ago

Mrs. J. R. Rauch of Penniman Ave., was honored by a group of her neighbors yesterday afternoon, the occasion being her birthday. The affair, which was a surprise, lasted two and a half hours. Each guest brought a flower to present to Mrs. Rauch, so that she had a lovely bouquet to mark the day.

Among the new books listed by head librarian, Ada Murray for the year 1936 were: "Who Run America" by A. D. Howden Smith; "The Soviet Union and World Problems" Harria Foundations Lectures; "Thank You Mr. Moto"; "Marquand"; and "Gone With the Wind" by Margaret Mitchell.

Duck hunters in Michigan may legally use sneak boats during the hunting season this fall, even though the summary of federal and state migratory bird regulations accompanying the 1936-37 game law digests implies that it is forbidden.

This (Friday) evening the Rebekahs will have a potluck supper in celebration of the 86th anniversary of the Rebekah-Odd Fellowship. All members are urged to be present.

A lovely party was given Monday afternoon by Mrs. Austin Whipple, in the garden of her home on Penniman Ave., in honor of the fifth birthday of her son, Edson. Games were enjoyed by the little folks and at 5 p.m. a delicious supper was served to them.

The guests were Patsy Lou Gallagher, Carol Ann Miller, Robert Logan, Patsy and Sally Zink, Bruce Besse, Arthur Schlanderer, David Henry, Betty Crane, Jared Jolliffe, Billy Moon, Freeman Hover, Ann John, John Bachelder, Margaret Jean Willoughby, Nancy Mastick and Joan Steinhurst. Teachers in Plymouth will hear Glenn Frank, president of the University of Wisconsin, and Amelia Earhart, world-famous aviatrix, at the Michigan Education Assn. re-

furnish the names of owners of such pets. All they require is that you furnish them a good home and a lot of affection.

I've heard a lot of things are going on in Canton, but I'm waiting to hear you tell me about it first hand.

50 Years Ago

Friday evening, Sept. 15, Mr. and Mrs. F. L. Becker celebrated their silver wedding anniversary, and their daughter Mildred was united in marriage to Roy Jewell of Plymouth. Rev. E. E. Caster, the same pastor who officiated at the marriage of Mr. and Mrs. Becker 25 years ago, tied the nuptial knot. The wedding ceremony was performed outdoors at 6 p.m.

William Krumm has his threshing outfit in running order again and is busy doing up the jobs he had on hand when the accident occurred that came near to being a fatal affair.

John Harlan did a land office business around here with his pictures of the engine and bridge collapse. A new bridge will be built at once where Krumm's engine went through.

Mr. and Mrs. Frank Brown and family presented the portrait of Mr. Brown's father, Chauncey Brown, former commander of the G.A.R. of Newburg. The pastor presented it in a few well chosen words, which were responded to by Mrs. James King. The portrait will be greatly appreciated and will be placed in Newburg hall.

What might have been a serious accident occurred near James Levan's Sunday night, when Louis Krumm and family in their carriage collided with Harvey Proctor's vehicle. The rigs were badly smashed up. The occupants all escaped without injury with the exception of Mrs. Krumm, who was somewhat hurt.

Harry Shattuck and family spent Sunday in Pontiac.

PLYMOUTH

By HUGH C. BRONAUGH, Manager

FIFTY YEARS AGO about 250 people met in Boston—birthplace of the telephone—to form the Telephone Pioneers of America. It's an organization dedicated to promoting ideals in the telephone business, and serving communities where Pioneers live. This fall nearly a quarter of a million active and retired members of this international organization—all having at least 21 years of telephone service—will celebrate the Pioneers' 50th Anniversary across the United States and Canada. The 6,000-member Michigan Wolverine Chapter will mark the occasion in special observances at nine state points. We salute the Pioneers on 50 years of accomplishment.

TO EACH HER OWN PRINCESS! Like to surprise the lady of your life with something lovely as a princess, yet practical as a telephone? Well, you can, easily and economically with the Princess phone! Mother, teen-ager or grandmother will love the Princess. It's little, it's lovely, and the dial lights up in the dark! Comes in five regal colors, too. Order hers from our business office today.

MICHIGAN REACHED A MILESTONE in its communications history on September 14. Michigan Bell installed its 3,000,000th telephone—an outdoor public phone—at a safety rest area on Interstate Highway 94, seven miles west of Ann Arbor. It took 65 years to reach our first 1,000,000th telephone, back in 1942. In 1952 we put in the 2,000,000th. Only seven countries outside the United States have more telephones than the 3,000,000 we serve here in Michigan. We're proud indeed to contribute to the progress of our State by serving its growing communications needs.

Cite Three Local Boy Scout Troops for Long Service

(Continued from Page 1) Richard M. Hansz of Livonia said "We are proud of these troops which have been in continuous operation for 25 years or more. Because this is a milestone meeting, the first since our district area has been reduced, we think it is especially fitting to recognize these troops whose long service to boys exemplifies the growth that has necessitated the reduction in the size of the district."

Beginning this fall, the district will serve only boys in the Northville, Plymouth, Livonia, Garden City, Inkster and Wayne areas. The Belleville-Romulus area will be part of a new district created to serve boys in southwestern Wayne County.

"We just got too big to do efficient jobs, so we have reduced the size of our district," Hansz declared.

Lions Club Travelogue

(Continued from Page 1)

film, "White Hunter of Brazil." The bearded speaker is the only white man who hunts tigers for a living with a hand-made spear.

Appearing Jan. 13 will be Len Stutman. His film will be on the topical subject, "Africa."

Readers of the National Geographic are well familiar with Capt. Irving Johnson who will appear Feb. 17. Capt. Johnson and his wife have guided the ketch Yankee around the world many times. The title of his film here will be "The Yankee Sails Across Europe."

Our neighbor to the north, Canada, will be the subject of the March 10 travelogue. Julian Gromer, widely-known for his

professional photography, will bring the Plymouth audience his film, "Canada Coast to Coast." Gromer has won two Grand Awards from the Photographic Society of America for his films.

Closing the series on March 31 will be another familiar name to television viewers — Dennis Glen Cooper. While he has traveled widely, Cooper is perhaps best known for his films of Michigan and he will show "The Wonders of Michigan" here.

Township Seeks

(Continued from Page 1)

Sets Millage
In another resolution, the Board set the millage for the 1961 tax roll at 3.5 mills. This is the amount estimated when the 1961-62 budget was approved at the Annual meeting last April.

The state equalized valuation on Township real and personal property has been established at \$54,645,140. This is nearly \$3 million less than last year. The dip was due to the decrease in personal property assessments as ordered by the State. But despite the decrease in valuation, the revenue produced by 3.5 mills will yield taxes amounting to \$191,258, enough to meet the budget.

Re-zones Property
Approval was given to the

re-zoning of property that is being developed at Ann Arbor and Beck Roads for Woodlore Subdivision. Stewart Oldford is the developer. The 50-lot Township water be made available for the subdivision, but the Board would not make a commitment at this time.

To Clean Sewers
Fred Bisballe was hired at a cost of \$3,000 to clean sewers in Robinson Subdivision. The sewers, owned by the County, evidently have never been cleaned and are filled with debris. The Township will ask the County for jurisdiction of the sewer system.

Supports Resolution
Support was given by the Board to a resolution suggested by the UAW-CIO at subdivision was zoned R-1-E and will become R-1-H. Oldford also requested that Chrysler's Dodge Division for extension of unemployment benefits from 39 weeks to 52 weeks. There are still 200,000 in Michigan unemployed, the resolution says. Copies of the resolution will be mailed to legislators.

Plymouth High School

By Janet Graham

Maybe Norberts are fated to be exchange students, or, even more likely, maybe Plymouth just has extraordinary luck — two Norberts (Norbert Vos last year and now Norbert Meyer) in two years!

Norbert (Meyer), an 18½-year-old Parisian, came to Plymouth under the auspices of the Michigan Council of Churches, and is now a member of the Harry Berry family of Elm St. Dick Berry, a freshman, is Norbert's American brother. Dick's French counterpart is 16-year-old Walter.

Soccer is Norbert's favorite sport, and he has hopes of joining a professional team when he returns to France. Norbert, who's from the Montmartre section of Paris, has studied English, Latin, Italian, calculus, philosophy, history and geography. More about our new exchange student in next week's column.

Homecoming is a week from Friday and the Homecoming Court was elected last Thursday. Class representatives are Kathy McIntyre for the freshmen, Sandy Popp for the sophomores and Faith Raycroft for the juniors. The queen will be chosen by balloting on Homecoming Day from Seniors Mary Lou Argo, Michelle Bender, Helen Otwell and Carolyn Scott.

Co-chairing this event are Kathy Holt ('63) and Mary Lou Argo, who've arranged for different clubs to take charge of each part of the celebration.

GAA is sponsoring the Homecoming Dance on Saturday, Sept. 30. Senior Sue Tichy is general chairman; Junior Jo Mecklenburg is decorations chairman; Sophomore Sue Larson is lining up chaperones; Senior Sue Larkin is head ticket-seller and Senior Lynn VanDyke is in charge of refreshments.

Don't forget: Sept. 29 is Homecoming Day, color day and open house at the High School. Christmas card sales start next week. Aiming for a record \$10,000, the seniors will sign up under captains Rich Alford, Frosty Morgeson, Ken Fischer, Zach Homes, Bill Brennan, Sam Dibble, Mike Kisabeth, Dick Michaels, Dick Illy, Sue Tichy, Carol Stephenson, Judy Lodge, Michelle Bender, Marcy Woolweaver and Donna Ash.

Chairman of the sale is Georgina Daubresse. Her committee is made up of Dave Fey, Eloy Menchaca, Tom Hoffman, Craig Blackford, Al Larson, Karen Dingley, Janet Fair, and Hollis Haynes.

Underclassmen pictures were taken this week and senior ones, which started last Monday, will also be taken next week.

Do you have a copy of last year's PLYTHEAN? Well, turn to Page 127 and you'll see what Edwards Brothers considers a real fine layout. They included that page (on it, there's a picture of '61 grad Dick Gretzinger as he breaks the state record in the individual medley) in their book demonstrating good layouts for annuals. As far as Editor Sue Larkin can check, it's another first for Plymouth.

People are really wondering what the summer in Holland did to Sue Tichy — everytime anyone asks her what day it is, she automatically glances at her watch!

The first issue of PRINTS came out Tuesday and by now it's a pretty safe bet that the 'senior song' (sung to the Battle Hymn of the Republic, naturally) won't make the top ten with underclassmen — especially juniors! Seems the chorus, "Glory, glory for the seniors... Hail Class of '62!" kind of grinds them. And certain seniors complained that it doesn't tell the true class story. Explain the composers (who really prefer to remain as anonymous as possible), "The less said — and sung — about our 'true class story' the better!" The next issue of PRINTS will feature a full page of Homecoming pictures, so don't miss it.

That week at Interlochen last summer had real positive results for Mr. James Griffith's band. General opinion at the Northville game last week was that they looked pretty great. And they have a new drill for the traditional "Mr. Touchdown, USA" that you'll have to watch for at half-time entertainment.

The Varsity Club is talking about selling popcorn in junior-sized megaphones instead of ordinary popcorn boxes. The Pep Club and cheerleaders think that's a fine idea, too.

Speaking of cheerleaders, they wore their new sweaters (white crew-necks with a megaphone and 'P' in dark blue) for the game last week, but they still say that they're saving the whole uniform for Homecoming.

Garden Club Meets Thursday

The Lake Pointe branch of the National Women's Farm and Garden Assn. will have its first fall meeting Thursday, Sept. 21 at 8 p.m. at the home of Mrs. Eric McCuaig, 42035 Clemons Dr.

Speaker for the evening will be Mrs. Thomas Ronk of Birmingham, whose topic will be "Let's Do Flower Arrangements". Following her talk there will be a workshop in which the ladies will create their own arrangements.

Big Jets Are Old Stuff, But Blimp Causes Real Excitement

Huge jets that whistle over Plymouth every few hours fail to lift the eyes of today's young folks anymore — but when a blimp floated lazily across the town last Thursday night, it was cause for real excitement.

Not a great number of people noticed the airship as it quietly moved around the City at about 9:30 p.m. For nearly 20 minutes it lumbered about, moving slowly as it bucked a westerly wind. Heading back toward Detroit,

where it is temporarily tied down, it moved more swiftly with the wind.

Used for advertising and public relations purposes by the Goodyear Tire and Rubber Co., the airship is the last commercial non-rigid airship in the world.

Along its 150-foot sides are 3,640 incandescent bulbs on which are flashed all types of messages. Over Plymouth, it invited people to vacation in Miami, to drive safely because school is starting and, of course, extolled the virtues of Goodyear products.

For many adults, it has been years since they have seen an airship. And for most children, this was the very first time and it was a cause for much excitement. Some parents reported their children even became alarmed. Because of the darkness, it was difficult to distinguish the exact outline of the airship.

The Goodyear blimp is named "Mayflower II" which made its visit to Plymouth quite appropriate. It makes seasonal goodwill tours of the U.S. and operates winters in Miami.

Its top speed is 60 knots per hour and it cruises at 35. The two-ply rubberized Dacron airship has no internal framework.

It has air compartments fore and aft to compensate for expansion and contraction of the 132,500 square feet of nonflammable helium. Air is expelled as the blimp rises, pumped back as it descends.

Lift and weight are balanced before takeoff by adding or subtracting sandbag ballast. Climb is regulated by pusher propellers blowing air through ducts into the aft air compartment. This forces helium forward, deflating forward air space and causing the nose to rise. The procedure is reversed for descent.

The blimp has two 175-horsepower engines. According to Capt. Verner Smith, dean of the world's blimp pilots with 21,000 hours, weather presents less of a problem with the airship than with conventional aircraft.

Designed and built by Goodyear Aircraft Corp. of Akron, Mayflower II is the 13th non-rigid airship operated by Goodyear since 1928.

Woman's Auxiliary Seeking Volunteers

The Woman's Auxiliary of The Plymouth State Home and Training School are inviting all women interested in assisting with mentally retarded children, doing library work, or aiding in medical records to call the volunteer office at GL 3-1500, Ext. 227.

There will be an expansion of facilities to take care of the children being brought from the Farmington unit in October, consequently, there will be a need for many new volunteers.

THESE ARTICLES of handicraft made by Minnie Felsner, left, are the type that will be for sale at the Senior Citizens Club Card Party on Thursday, Sept. 28. She is co-chairman of the event, while Grant Camphausen, right, is chairman. The public is invited to the Card Party at the

Masonic Temple starting at 1 p.m. There will be dessert, followed by cards and awarding of prizes. Baked goods and handicraft articles will be for sale. This is the first such major public event sponsored by Senior Citizens.

Veterans of Foreign Wars

On Sunday, Sept. 17 our Post was host to the Fourth District Rally. The new district commander ran a good meeting, and produced some interesting plans and ideas for the coming year.

A Fourth District caravan to the National Home at Eaton Rapids is planned for Sept. 24. Everyone is invited to go along for the day. Tours of the Home and a picnic are included on the agenda. One purpose of the trip is to present funds for all new furniture for the nursery.

Our Post dues are now being paid by many prominent members. How about each and everyone of our members getting their dues in early, so as to cut down on expenses and also to help out our quartermaster and junior vice commander.

Congratulations to Harry Krumm on his recent engagement.

Any Post member who would care to try out for the Color Guard team should get in touch with Hal Young.

We need to enlarge the squad to get a higher general effect score to go along with the other good scores we have attained.

Auxiliary
Tuesday, Sept. 12, Marion Skoglund, hospital chairman, President Geraldine Olson, Bettie Neale, Helen Lutermoser, Virginia Bartel and Eileen Williams went to Camp Woodbury to serve luncheon for 45 patients and attendants from the V.A. Hospital in Ann Arbor. Ham, turkey, baked beans, corn on the cob, tomatoes, bread, coffee, milk and cake were served. Although it was a damp, dreary day, the fellows played cards, fished and listened to piano music.

For these men, who are mostly veterans of the Korean War, this is a phase of their therapy and one more step toward their becoming rehabilitated and ready for civilian life once more. Although they are under close supervision at all times, they thoroughly enjoy these trips and an outing provided by auxiliaries such as ours. It is a big boost in the right direction for them. Ruth Otto, department director of this hospital district, was also there.

The 1962 dues are due and payable now. Let's get busy and mail a check today to Virginia Bartel. One way to guarantee the Auxiliary 100 percent paid-up membership before Dec. 31 is to do it NOW.

Detailed and descriptive reports were given on the National Convention by Maria Terry and Loretta Young. Both attended as many of the activities as they possibly could and expressed gratitude at being able to represent our Auxiliary this year.

The new national officers are as follows: president, Miss Beuhla Adamson of Denver; senior vice-president, Elfrida Tice; junior vice-president, Lillian Campbell; chaplain, Marie Klugow; conductress, Sophia Goldstein; guard, Georgia White; secretary and treasurer, Hazel Miller.

Rummage sale hours are Sept. 22 from 12 noon to 9 p.m. and Sept. 23 from 9 a.m. until 2 p.m. Call Marion Skoglund or Geraldine Olson for a pickup.

During the auxiliary year of 1960-61, members of the VFW gave 10,654 flags to student groups and 18,810 flags to other groups. More than 90,000 flag etiquette booklets were distributed during flag presentation programs. Over

Goodwill Trucks
Here next Monday

The next visit of Goodwill Industries pick-up trucks to Plymouth is scheduled for Monday, Sept. 25. Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards.

\$4,000 was contributed to the Radio Free Europe Fund through National headquarters. The special project of

Blanche Loewen, national Americanism director, was to distribute over 1,300 booklets of patriotic songs.

Course for Small Business Proprietors Offered Here

A course designed for local proprietors of small businesses is being offered for the first time by the Plymouth Adult Education Department with the cooperation of the Plymouth Community Chamber of Commerce.

Called "Practical Management for Smaller Business," the training course is for owners and managers only. Registration is now taking place at the Adult Education office and will be limited to a minimum of 12 and a maximum of 24. It will be reserved for local people until Sept. 22. After that, if the class is not filled, it will be opened to those outside the community.

A fee of \$30 will cover costs of instruction, textbooks and materials.

Classes start Wednesday, Oct. 4 and run each Wednesday for eight sessions. Experts in the various topics under discussion will be brought in to lead each session.

These are the weekly topics:

1. Introduction and Organizational Planning for Smaller Business, Jess Farris, director of Industrial Relations Center, Detroit Institute of Technology.
2. Creative Thinking, taught by Alfred Jantz, Management Department, Cleary College.
3. Personnel Problems of a Small Business, Marshall

North, personnel director of Chevrolet Spring & Bumper Plant.

4. Distribution and Advertising, John Farsakian, chairman, Department of Marketing, Detroit Institute of Technology.

5. Finance for Smaller Business, Robert Axlin, vice-president, Marketing Division, National Bank of Detroit.

6. Human Relations in the Management of a Business, Robert A. Boyll, manager of Affiliated Divisions, Michigan

Retailers Assn. 7. Financial Control and Taxation, Donald Sutherland, C.P.A., Sutherland & Robson.

8. Smaller Business and the Community, Dr. Ruth Schaffer, professor of sociology, Cleary College.

Additional information can be secured from the Chamber of Commerce office or Adult Education office. Coordinators of the course are George Lawton, president of the Chamber, and James Houk. Hours of the classes are 7:30 to 9:30 p.m.

New Medical Superintendent Begins Duties at State Home

Appointment of Dr. Robert I. Jaslow to the post of medical superintendent of the Training School was announced by Mr. Charles Wagg, director of the State Mental Health Department. The appointment was confirmed by the State Mental Health Commission at its August meeting in Lansing.

Prior to joining the institution's staff in April 1960 as clinical director, Dr. Jaslow served as clinical director of the Pennhurst State School Annex 1, a 400-bed unit for the mentally retarded located in Chambersburg, Pa. He was in private practice in

Chambersburg from 1953-60. Dr. Jaslow, a pediatrician, is a graduate of Lehigh University and the Jefferson Medical College.

The Plymouth State Home and Training School is the newest state facility for the mentally retarded. With a current population of 490 patients, an expansion program is underway which will eventually provide facilities for 2,500 patients.

Dr. Jaslow resides with his wife and three children at 15480 Sheldon Rd., Northville.

Local Legionnaire Wins Convertible

Denver, Col. — Legionnaire Paul Fisher, 14401 Ridge Rd., Plymouth, a member of Roy B. Sallotte Post 319, Ecorse, was one of four lucky Legionnaires who submitted a winning coupon in the Seagram Posts' 15th annual free award of four new Ford convertibles. The drawing for the four awards took place during the Senior Drum and Bugle Corps Parade of Champions competition, Sunday, Sept. 10 on the eve of the official opening of the 43rd National Convention of The American Legion.

Sponsored by the Seagram Posts of New York; Illinois, and California, the annual drawing is traditionally a high point in National Convention activities, and has drawn wide-spread attention and interest. The drawing is open to all Legionnaires and Auxiliary members.

American Hospital Offers New Policy

Two all-new life, hospital, medical and surgical and health and accident package policies have been introduced for "small" groups, it is announced by the American Hospital-Medical Benefit of Plymouth.

John J. Temple, president, said one plan is for groups of five to 10 persons and another plan (which does not require a health statement) is for larger groups of 10 to 25 persons.

The plans include supplementary hospital coverage up to \$5,000, he said.

An average adult breathes 10,000 to 12,000 quarts of air per day.

Ryders University was founded in 1766 as Queens College.

IT WAS IN 1956 that Hendrika Boersma-Smit of Amsterdam, representing her government and the Dutch Reformed Youth Board, visited Plymouth's Adult Education Department for three weeks to see how it operates. Last week, her son, Rein Boersma, 26, visited Plymouth several days after serving in a technical exchange program in Toronto this summer. He is shown at left with Adult Education Director Herb Woolweaver looking down Plymouth's Main St. Several Plymouth people have visited the Boersma home while traveling in The Netherlands.

Four From Here Enlist in Navy

Four Plymouth young men were sworn into the U. S. Navy on Sept. 11 at the New Federal Building in Detroit. They were:

Gordon W. Kisabeth, son of Mr. and Mrs. Foster B. Kisabeth, 9301 Haggerty.

Robert A. Evens, son of Mr. and Mrs. August Evens, 40961 Ann Arbor Trail.

Howard R. McKillip, Jr., son of Mr. and Mrs. Howard R. McKillip, 575 Irvin.

James E. Haynes, son of Mr. and Mrs. Chester H. Haynes, 1146 Simpson.

After being sworn in, Kisabeth, Evens and McKillip were transferred to the Recruit Training Center at Great Lakes, Ill. Haynes was transferred to the Recruit Training Center at San Diego, Calif.

The sailors will be in recruit training for nine weeks. Application for the Navy was made at the Navy Recruiting Branch Station in Northville.

A minimum of 52 pounds of protein food per person each year is recommended by diet authorities. It is found chiefly in meat and dairy products.

ONLY PERFECTION REGULAIRE HEATING GIVES YOU ALL 3

1. EXCLUSIVE REGULAIRE air control insures perfect, luxurious comfort . . . prevents hot and cold air blasts.

HOW REGULAIRE WORKS:

- CLOSED**—When furnace comes on, air vane is closed, permits only a gentle stirring of warmth.
- PARTLY OPEN**—Gradually, quietly, warm air flows into your living area.
- FULLY OPEN**—Vane remains open only as long as full warmth is needed. No long, high-heat periods necessary!

2. FUEL- SAVING 3-STAGE FIRE burns only the amount of fuel required to heat your home comfortably — moderate flame for cool weather, high flame when it's blustery cold.

3. WORLD'S FAIR STYLING — Perfection was the only furnace chosen to represent "residential heating of the future" at Brussels World's Fair. Perfection's modern styling is typical of quality inherent in every component.

When a car is this beautiful, you know Pontiac built it!

Who else but the builder of those front-running Wide-Track Pontiacs could bring out a car so freshly and finely styled! It's longer, with a crisp, low silhouette. It's distinctly Pontiac, with a new twin-scoop grille you can recognize a block away. Powered by the potent Trophy V-8, with 215 to 348 h.p. Beautifully poised on Pontiac's famous Wide-Track stance. We've even cut the turning radius as much as 3 1/2 feet to make handling easier. The result is a pride-pleasing new version of America's Number One Road Car. Come on in—and let a Pontiac show you its stuff while it's showing you off!

The '62 Wide-Tracks are here!

Thunderbird Inn Changes Operation
 Thunderbird Inn on Northville Rd. will change certain aspects of its operation starting this week, the new owner, Robert Campbell, announced. Full-course dinners will no longer be served at the establishment. Instead, only sandwiches and drinks will be offered. The business will continue under the name of Thunderbird Inn. There will be dancing each Friday and Saturday nights

with a combo headed by "Big John" furnishing the music. There will also be a Sunday matinee at noon, Campbell said. Opening hours will be 4 p.m. daily except Sunday. Banquet rooms will still be available. Campbell, who has been with Thunderbird Inn for seven months, succeeds Henry Helprin as owner and proprietor.

Social Security Representative No Longer to Call in Plymouth
 Harry Baltuck, manager of the Detroit-Northwest Social Security Office, announced today that after Thursday, Sept. 28, a social security representative will no longer be available here at the Michigan Employment Security Commission on the second and fourth Thursday of each month.

Beginning in October all persons in the Plymouth, Northville, and Livonia area who wish to file claims or have social security questions should contact the office at 18500 Grand River, Detroit 23. Anyone who is physically unable to get into the Detroit-Northwest office should tele-

phone BRoadway 3-1717 to arrange for a representative to call at his home. "Although a representative of this office has been going to Plymouth two days a month for many years, the few callers we now have on these Thursdays do not warrant continuation of the visiting hours," Baltuck explained. "Because of the accessibility to the office at 18500 Grand River, most persons have already found it more desirable to go directly to that office. Better and faster service can be provided at the district office." The Detroit-Northwest office is located at 18500 Grand River just west of Southfield, and across from the Grandland Shopping Center. It is open Monday through Friday between 8:30 a.m. and 4:30 p.m. The telephone number is BRoadway 3-1717.

THE MAIL ATTITUDE
By Paul Chandler

Today the editor is in a philosophical mood and he wonders why. Maybe it's the headlines in the bigger newspapers.

What sort of person was Dag Hammarskjold? The editor would have liked to have met him before the plane crash ended his human existence. What sort of man to face up — a single, mortal soul — to the mustered wrath of Soviet Russia, to the tricks, pressure, devices of power international politics, for no personal comfort, for no financial profit, at the expense of a personal home life? Gone all the time. Traveling. Making no money. Was he "frustrated" with the "normal" things in life? Was the United Nations his "escape"?

Was he a dreamer, "with" us but not "of" us? Did he drink? Was he independently wealthy, so that money was no concern?

Why is it so important to the millions of other humans on earth that a single person named "Hammarskjold" was so destroyed this week? Isn't everybody expendable? Won't the patterns which remain carry through, by momentum, whatever the loss the world has suffered by the death of a single Swede, utterly unknown before his entrance into the United Nations, that controversial, questionable, device laid into international law by dreamers?

And how does Dag compare to that Archduke whose death triggered World War I, as we were taught in our hard seats in our hard schoolrooms by our hard teachers, in the earnest days of America? Where was he from, that Archduke? Serbia?

What was Serbia? Where is Serbia? Didn't that faroff offer the life and personality of your father and mine? Was Serbia bigger than Laos?

Philosophers ask questions, you probably know. They rarely offer answers. And it's true too of those who aren't philosophers but in a philosophical mood.

Another election is presenting itself soon in this area on the matter of a community college.

It passed the last time by a large majority, yet there are those who remember that an unsigned, anonymous letter was placed on their doorstep, attacking the proposal.

"A YES VOTE means HIGHER TAXES", it began. And there followed a score of appeals to passion, prejudice, to selfish emotion more than reason.

There are those in Plymouth, including a Lutheran pastor, who remember that this orange-colored, unsigned flyer contended that "a new, 6 million dollar Junior College on a 180 acre site, is to be built and ready for use, located west of the Plymouth area without taxing our people... Every area student will have the opportunity to attend this facility at the normal tuition rates."

And the Lutheran pastor still is annoyed at being asked to pass out these flame-colored leaflets after his service. And he recalls writing to his congregation a letter titled "An Untruth" which explained that the new Missouri Synod Junior College "will be only available for Lutheran pre-ministerial and pre-teacher students." The Pastor was ruffled by being asked to pass out an "anonymous flyer, involving a Lutheran Church school... which was an untruth."

Why was the flyer passed out? Why did its perpetrators seek to use the offices of the church, to give it status? Why couldn't the author sign his name?

Didn't the author know that somebody, somewhere, will educate our high school graduates? And it's only a question of which governmental body levies the taxes? And, whichever levies them, it still means paying for a responsibility we have been thrust with? And that to keep the control close to home, and the tax money passing through as few governmental pipelines as possible will reduce the dollar slippage?

Maybe he knew all this. But why didn't he sign his name to the livid-colored literature? Was there something in his childhood, about Sarajevo time, which explains? How would Freud have explained the man who passed out anonymous anti-community-college literature? How would Freud have explained Hammarskjold?

We read of the Hurricanes. "Carla" we're told was about as powerful a natural wind as ever has hit the United States.

In more primitive times — and only a few years ago constitutes "primitive" — it would have been regarded as a supernatural omen.

But today we have radar, and weather balloons, and airplanes, and meteorologists. We have "perspective" our ancestors couldn't have had, because these modern tools didn't exist then.

Yet, "Carla" could at one time have caused a whole new religion, based on human surrender to Nature. Do we know all of Nature? Is it no longer necessary to offer human sacrifice to make the volcano quit belching lava? Will the heavy winds quit blowing if we build our concrete shelters thick enough? Should we create a novel religion based on windstorms? Namely, meteorologists?

Do we build "fallout shelters" under FHA terms as protection against the fragileness of men's minds, or against the 140 m.p.h. winds of "Carla"?

It's easy to ask questions. Hard to answer them, when suicide-headed are involved and nature is taken for granted. Those of a "philosophical mood" are poor advocates.

Yet, it is a challenging life. The fresh Autumn air still smells good. The thrill of a single seed — best, a sunflower seed — starting small and emerging awesome, still commands the attention of thinking people. You can't explain what happens in the earth, to seeds, by "practical" logic. The seeds just grow, without explanation.

In a philosophic mood? Your editor today would like to spend half a day listening to a philosopher. A good one, though.

The headlines in the bigger newspapers are extremely disturbing.

THE ANNUAL CHURCH dinner for Our Lady of Good Counsel parish is scheduled for Sunday, Sept. 24 from noon until 5 p.m. The pastor, Father Francis Bryne is shown meeting with some of his lay workers in preparation for the dinner at which 2,000 servings are expected. Mr. Raymond Maly

and Mrs. Bernice Kopenski are co-chairmen seated at the table, along with Mrs. Foster Kisabeth and Mrs. Joseph Thuer. Reservations for the event may be made by calling GL 3-2335 or GL 3-6369. All local families are invited to participate in the meal and the exhibits on the church grounds.

Church of God Opens Visitation with Banquet

The Riverside Park Church of God will hold its annual fall visitation kick-off banquet at the church recreation hall at 6 p.m. Saturday, Sept. 23. The Rev. Patrick J. Clifford, pastor of the Calvary Baptist Church of Plymouth will be the guest speaker. Rev. Rolla O. Swisher, pastor of the Riverside Park Church of God and his Sunday School workers and leaders are looking forward to Rev. Clifford's inspiring message. The banquet is the opening visit for the regular fall visitation program.

THE FIVE-INCH REFERENCE SHELF
When we were in college, getting a reference book from the library presented the same difficulties that crop up when you try to borrow money from a teacher in September. That is, the source of supply always dried up before we got there. Things are better now. The paperback revolution has made it possible for anyone not completely pauperized to build up a valuable reference library in his room. Here are a few inexpensive reference works the student will find useful:

another standard reference work for almost a century, has been brought up to date once more in a new paperback which runs to 528 double-column pages. For each word listed in this alphabetical ending from five to 50 synonyms are given. Students should be warned that neither *Rogel's* nor *Soule's* is meant to be a dictionary; that is, they do not define words or discriminate between different shades of meaning. As an aid to finding the right word for those college compositions, however, either one can be extremely useful.

The Reader's Companion to World Literature (Mentor, 75 cents) is invaluable for the student to consult when confronted with the name of an author, a literary work, a literary term or type of which he has little knowledge—and he will be confronted almost daily with these in class lectures. *The Companion* includes, besides the items mentioned, brief summaries of the thought and contributions of men outside literature who have had great influence on their times (Aquinas, Marx, Freud, etc.), mythological figures, and histories of literary periods and movements (for example, Classical Antiquity, Romantic Movement).

The Evangelical Lutheran Church of the Epiphany of Plymouth, along with some 36 other Lutheran churches in the Metropolitan area, is participating in a Lutheran Evangelism Mission. The Mission is sponsored by the United Lutheran Church in America for its own congregations in the area as well as those Lutheran congregations which will be joining together this coming summer to form the new Lutheran Church in America.

The Shorter Bartlett's Familiar Quotations (Perennial Books, 50 cents) is an abridged (10,000 quotations) version of the century-old *Bartlett's* known to all who read and write. The quotations are arranged alphabetically by author and include memorable utterances of men from Aesop to Eisenhower (or from Marcus Aurelius to Mae West, if that sounds more interesting.) A fine browsing book rewarding to leaf through, it is also extremely helpful to college writers. There is a comprehensive subject index.

The highpoint of the area Mission will be a rally this Sunday afternoon in Ford Auditorium. The Rev. Dr. Franklin Clark Fry, president of the United Lutheran Church in America will deliver the keynote address. A combined choir of some 300 voices will help lead the liturgical part of every member.

The New American Rogel's College Thesaurus (New American Library, 50 cents) is the most recent revision of the book that has been standard in its field since 1852 when the first slim edition was brought out by Peter Mark Rogel, a British medic who collected words the way some people do stamps. The thesaurus, or "storehouse" of words, is arranged in dictionary form from "abate" to "zology." Each word is followed by a list of words and phrases (ranging from the technical to slang) in some way related to the entry word: either they mean the same, or nearly the same, or they mean pretty much the reverse. All important words have lengthy listings of like-meaning words. Opening at random we found that the idea of "concealment" can be indicated by 420 words: 110 nouns, 120 verbs, 115 adjectives and 75 adverbs, which helps explain, perhaps, why so many library books get lost. The type in this edition is clear and legible and a list of foreign phrases is appended.

Born In October?

Register Your Child With The Mail

This popular birthday feature will continue through the next few months. Now, The Plymouth Mail would like to take pictures of Plymouth area children age 1 to 5 born during the month of October. We are in need of a picture of a child for each day of the month. No charge will be made for photographs that will appear in The Mail.

Send a postcard with the following information. Name, phone number, age, birthdate, to Birthday Editor — The Plymouth Mail, Plymouth, Michigan. Cards bearing earliest postmark will be called.
