

# \$1.2 Million Township Water System Operating

## Detroit Water Now Flows Through Mains

Dedication of the new Plymouth Township water system in which Detroit water is now flowing took place last Friday noon outside a tiny pumping station along Eckles Rd. — hardly evidence of the \$1,200,000 that went into the system that will serve half of the Township's 8,400 residents.

Representatives of the Detroit Water Board, Wayne County, Plymouth Township, and the contracting firm gathered in a light rain to take part in the dedicatory ceremony. Plymouth Township became the 51st community to be served by the Detroit Department of Water Supply.

The \$50,000 pumping station on Eckles, near Schoolcraft, makes it possible to pump and distribute the Detroit water into the Township system. During the past year, the Township constructed 17 miles of mains and the pumping station.

Mrs. Elizabeth Holmes, who serves as both the Township treasurer and head of the Water Department, said that there are now around 100 applications filed for tapping into the new water main. With the homes that were already connected into the Township's Lake Pointe Village system, the department now has 400 customers.

With the arrival of Detroit water, which is much softer than the well water that supplied the Lake Pointe Village system, many more applicants are expected.

Gerald J. Remus, general manager of the Detroit Board of Water Department, cut the ribbon at the doorway of the pumping station Friday noon. Other Water Department members present were Mel Stewart, Ronald Bekkala and Edwin Raisnen. Also attending with members of the Township Board were Herald Hamill, engineer of the project; Celeste D'Agostini, the contractor; Morton Hilbert, Wayne County Health Department director; and Fire Chief Howard Holmes.

At a luncheon at Lofy's Arbor Lill afterward, Supervisor Roy Lindsay predicted that installation of the new system will bring about big things in the township, "much

more than visible to the eye as time goes on. This is a joyful occasion. Everybody has taken a cooperative and willing part in this affair," he said.

The Water Board general manager, Gerald Remus, declared that "the job here is just really started." Plans call for extending a larger transmission line to Northville along Eight Mile Rd., and southward to Plymouth. (The Township now receives its Detroit water through Livonia.)

"I hope that the City of Plymouth takes a good look at costs of using hard water," Remus said. "I believe they would find that after softening water and taking into consideration the damage that hard water does, it will pay to buy Detroit water."

The Health Department director, Morton Hilbert, noted that the new water system is not merely a convenience, but it was basically built for the protection of a great number of people. Using wells in congested areas along with septic tanks presents a health menace and Hilbert cited the growing number of hepatitis cases. "This new water system therefore makes our job much easier," he concluded.

Engineer Herald Hamill reviewed some of the system's history, which dates back to 1955 when the Township started looking for water. In 1956 a well was found in the area of the present Lake Pointe water tower. "At that time, the Township didn't have a dime in its treasury for water department — not even a hand shovel."

The Lake Pointe builder erected the tower which the Township later purchased. Two weeks ago, the first De-

## Will Raze Downtown Buildings Soon

According to First Federal Savings and Loan Company's president, Hans Gehrke, Jr., Plymouth can look for a major face-lifting at Penniman and Main Streets after the holidays.

In an exchange of letters between Mayor Robert Sincock who alerted Mr. Gehrke to the corner's present condition, local motorists will probably benefit soon by a complete removal of the present buildings which have now been abandoned. Last week the service station beside the Plymouth Mail was emptied.

Mayor Sincock suggested that the empty buildings be removed and that the land be conditioned temporarily for courtesy parking while a future development is being formulated.

In his reply, Mr. Gehrke indicated that a tenant for the major section of the property was about ready to announce his intentions and that he hoped to be able to make the announcement by the time removal work is started.

"In either case," Gehrke said, "we will clean up the corner in the next 30 to 60 days."

## Nurse Group Stands By for Emergencies

(EDITOR'S NOTE: This is the last in a series of articles dealing with Civil Defense and what Plymouth is doing about it.)

By Jean Campau

Plymouth Registered Nurses (PRN) an organization of 80 or so nurses, will play a vital and effective role in the community should disaster, tornado or nuclear war, become a reality.

The group founded several years ago works in close harmony with City Health Officer, Dr. Lee Feldkamp.

Since the time they formed they have met regularly to keep abreast of the changes in Civil Defense and the newest methods of caring for disaster victims.

Currently they are enrolled in a Casualty Care course being conducted by Dr. Gordon Eadie from the Wayne County Health Department. At each meeting a different phase of the subject of survival is covered.

"In conjunction with the overall Civil Defense Plan for Plymouth," says Mrs. Douglas Vincent, president of P.R.N., "we would go into immediate action should disaster strike."

It would be the responsibility of each nurse to get to the school nearest her as soon as possible. There, rooms would be set up according to the master

plan. In the triage room, patients would be channeled according to their needs; to first aid, maternity, surgery and the like.

Another active group is the practical nurses who are presently studying advanced methods of first aid. In the event of calamity these women might administer injections, check pulse and blood pressure and manage first aid treatment.

Each school will have its own medical team comprised of doctors, dentists, nurses and practical nurses to look after the needs of the part of the community for which it is responsible.

After receiving the warning signal from City Hall which in turn is alerted by Civil Defense headquarters in Detroit, the school would move into action to evacuate students to the shelter areas. At present the tunnels in the two junior high schools would be used for this purpose.

Eugene Guido of the Wayne County Civil Defense Dept., estimates that it takes a minute and a half for the warning to reach Detroit from NORAD headquarters in Colorado.

Other adequate fall-out shelters for Plymouth citizens might be the underground tunnels at St. John's Seminary, the basement of the Post Office and basement areas of the Wayne County Training School.

These locations will augment the family-type fall-out shelters that individual families construct.

On the Federal level mass evacuation of the population has been substantially abandoned in favor of shelter erection on a nation-wide basis.

The subject of shelters is extensively dealt with in the Civil Defense booklet "The Family Fall-out Shelter." In it various types are outlined and sketched.

Within the next two weeks Howard Holmes, chief of the Plymouth Fire Department, will be working with area Boy Scout leaders to distribute four Civil Defense booklets to homes in Plymouth.

If, however, you do not receive them, they may be picked up in the office of City Manager Albert Glassford (who is also director of Civil Defense), Plymouth Township Town Hall, and The Plymouth Mail.

## England Too

## Club Carries Goodwill To 4 Plymouths

"Operation Goodwill" during which Plymouth Rotary Club members made up meetings in Plymouth, England and Plymouth, Mass. is being hailed as a success by the club.

Just returned from their European trip are Loren "Bud" Gould and Charles Finlan, whose tour there aroused so much interest that their story and pictures appeared in the London newspapers.

The idea was hatched two months ago at a Rotary Club meeting when it was decided that one way to promote goodwill would be to have members visit other Plymouths where there are Rotary Clubs. Selected were the Rotary Clubs in Plymouth, England, Massachusetts, North Carolina and Indiana.

Members who were interested placed \$5 into the fund and last month their names were drawn. Insurance agent Finlan and builder Gould, who had put in \$5 together, were selected for the first prize trip to England. Wesley McAtee of Plymouth Office Supply was selected for the Massachusetts trip. Perry Rich-

A LOVELY SIGHT is both the report showing that Plymouth Community Fund went over its goal, and the four ladies who are admiring the effort. They are members of the

Yankee Misses, a quartet that was international champion of Sweet Adeline Society competition. They entertained the 182 volunteers and guests at Friday night's victory dinner.

## City To Buy K of C Hall For Youth Club, Other Functions

A new home for the Plymouth Police Youth Club was assured Monday night when the City Commissioner voted to purchase the Knights of Columbus building at Union and Dodge Streets for a price of \$20,000.

The building will also serve as polling place, as a possible meeting place for the Senior Citizens Club and the site itself may eventually become part of a new city hall location.

The agreement to purchase the building was the result of a recommendation from the Mayor's Plymouth Tomorrow Committee, a group appointed by Mayor Robert Sincock to look into steps for future planning.

Built in 1931 the basement unit will be converted soon into a home for the Plymouth Youth Club, which is being "evicted" from its Bronson Building home. This building will soon be razed to provide for a Central Parking Lot expansion.

Many youngsters and their parents have become concerned about the rifle and archery club's future because of the lack of a site for its meetings which have been suspended for the past three weeks. Enough space is needed to set up target ranges for both archery and rifles.

Mayor Pro Tem Marvin Terry is making plans to move the ranges to the new location as soon as possible, so that the program will not be disrupted any longer. The Bronson Building was also the voting place for Precincts 4 and 5 and the voting machines will be moved into the newly-purchased building as soon as possible.

The Plymouth Tomorrow Committee has also proposed that the Senior Citizens meet in the room. Looking further into the future, the Downtown Development plan calls for relocat-

A LETTER OF intent to sell the Knights of Columbus building on Union St. to the City was delivered to the City Commission Monday night by William A. Leonard, right, chairman of the K of C Building Corp. The Commission later accepted the terms. Mayor

## Reaches \$45,245 In Final Thrust

In a surprise even to leaders of Plymouth's Community Fund, the 1961 goal of \$44,347 was exceeded by the time that total figures were added up at last Friday night's victory dinner.

As division leaders stood to announce their results, the figures were recorded on a chart while the 182 people anxiously watched. Then, as the final figure from industry was added and the five divisions were totaled, the Plymouth Community Fund had hit \$45,245.56 — some \$898 over the goal.

Up until Friday night, Drive General Chairman Russell Isbister was pessimistic about the results of the three-week effort. As of the previous Monday, the campaign was still \$18,000 short of its goal.

Achievement of the goal maintains Plymouth's record of never failing to meet the goal. The division results as of Friday night were as follows:

Advanced Gifts-Residential	\$ 6,365.50
Professional-Business	2,526.50
Industry	11,692.10
	20,983.46

While the Industrial Division again led the campaign effort, it was the Business Division that brought about the surprises and helped greatly to put the drive over the top. The Business Division, headed by Frank Palmer, was several thousand dollars higher than last year and a concentrated effort during the last few days hiked the total greatly.

Mrs. George Bauer, chairman of the Residential Division, was winner of the Go-Go Bird, an award first presented last year to the outstanding drive worker. Russell Isbister, also general chairman last year, won the Go-Go Bird last year. The unusual trophy is made up of scrap pieces from Burroughs machines and looks something like a pheasant.

But other division chairmen were also rewarded something for the efforts when the Go-Go Bird hatched out some baby birds, one for each of the chairmen. Community Fund Board President Hugh Griffin, toastmaster for the evening, made the awards.

Other division chairmen are: Professional, Dr. John Salan and Dr. John Robison; Industrial, Donald Ward; Advanced Gifts, Floyd Kehr; and Business, Frank Palmer.

The dinner, held at Lofy's Arbor Lill, was given as a plus donation by the Barnes-Gibson

## 3 Fall-Out Shelters To Go Up Here

Santa Claus won't get a chance to use a fall-out shelter in Kellogg Park for his headquarters this Christmas season — although some kiddies may think that it might be a good idea for the invaluable old man.

City Commissioners Monday night gave approval to setting up two or three prototype fall-out shelters in Kellogg Park, with the stipulation that they be put up after the holidays, not before.

City Manager Albert Glassford, who is also the City Civil Defense chief, proposed the idea. Local builders were called into session Nov. 1 to find out if they were interested in setting up some prototype shelters. They indicated interest and one member at the meeting, James Jabara, of the Plymouth Tank and Fabricating Co., of Ann Arbor Rd., said that he would be willing to set up a tank-type shelter.

Manager Glassford said that while many people are not interested in providing shelter for themselves, "there is a tremendous interest in this thing and we should be able to help those prepare who want to."

He also added that there are many unknown firms in Detroit displaying "CD" emblems in their advertising "whom we are not sure are reliable." He added that local builders should be given a chance to do the work.

Several commissioners felt that some other location than Kellogg Park would be desirable. Commissioner Marvin Terry said he would go along with it if they were put up after Christmas.

"Maybe Santa could use one for his headquarters," one Commissioner suggested. But the motion to allow them after Christmas was approved, 4 to 3. The tank type shelter may be temporarily erected in the Central Parking Lot.

The Commission also voted a sum of \$80 to bring an instructor here to conduct a course in Householders' Basic Civil Defense.

## Non-Licensed Peddlers Fined

The City of Plymouth's ordinance requiring permits for selling from house-to-house took another bite out of the profits of three salesmen last week.

Fined \$15 each for soliciting without a license were James Tanner, 28, David White, 36 and John Crosswell, 61, all of Detroit. They were selling Bibles house-to-house when police received a complaint from a householder.

Peddlers must wear a large four-inch badge issued by the City if they have been given a permit. The badge should contain their photographs.

Walsh.

Soloist Donald Pickel, cousin of the groom, sang "O Perfect Love" and "The Lord's Prayer".

Given in marriage by her father, the bride wore a white brocaded satin gown that featured a scoop neckline with chapel-length train. Her long tapered sleeves were accented at the wrist with small buttons. The fingertip veil of French illusion was secured by an opening crown of pearls. Her necklace, a cultured pearl surrounded by a spray of diamonds, was a gift of the groom brought from Turkey.

Her cascade bouquet was made up of white fugi mums, white roses, and stephanotis with ivy.

Sister of the groom, Miss Barbara Brott, was maid of honor. She wore a street-length dress of contrasting tones of beige satin featuring a scoop neckline, cap sleeves, with brown accessories. Bridesmaids were Miss Joyce Beller, cousin of the bride, and Mrs. Darlene Liebetreu. Junior bridesmaid was Miss Dianne Stroschein, cousin of the bride. They were dressed the same as the maid of honor. They carried a double satin ring harvest bouquet which consisted of mums, wheat, bittersweet, and ivy spruce leaf.

Flowergirl Mary Hegwood, cousin of the groom, wore a yellow silk organza dress and carried a small basket of yellow button mums.

Ringbearer Thomas Maitland, cousin of the bride, carried the rings on a heart shaped satin pillow.

James Hegwood, cousin of the groom, served as best man. John Shoultz, Arthur Gribben, and Michael Reece were ushers.

### Scandinavia Is Club Topic

On Tuesday, Oct. 24, 15 members of the Plymouth Pioneers, a local home economics extension group enjoyed a most unusual and delicious dinner at the home of Mrs. Isabelle Taylor, 353 Starkweather, assisted by co-hostess, Mrs. Lee Coolman and the two project leaders for the evening, Mrs. Forest Olson and Mrs. Eric Nilson.

The menu was made up of many varieties of "Scandinavian Foods" which were later discussed during the study hour. The leaders presented interesting information about the geography, climate and customs of Norway, Sweden, Denmark and Iceland. The use of maps, colored illustrations and booklets, giving recipes of these countries made the lesson especially effective and one which will be long remembered.

A craft lesson featuring Christmas gifts and decorations will be the subject of the next lesson, Nov. 28. Mrs. Otto Reamer, 1380 Junction will open her home to the group at 8 p.m. She will be assisted by co-hostess Mrs. Emma Schaufele.

# Symphony's 'Starlight Ball' Coming Earlier at New Place

A new location and a new time have been set by the Plymouth Symphony Women's League for the Starlight Ball, name of this year's dance that will be held Dec. 2 at the Junior High School.

Formerly named the Symphony Ball, it was held at the Senior High in previous years and between Christmas and New Year's.

This year's event will be held before the busy holiday season starts and will be moved to the more modern Junior High cafeteria.

The "all new" dance will also offer several silver serving pieces to be given away at 10 p.m. The guests must be present to win.

"There will be a limited number of tickets available for the dance," the general chairman, Mrs. Ray Hulce announced. The committee also announced that music will be provided by Bob Durant and his orchestra.

Tickets are available now from members of the Symphony League, at Melody House (open evenings), from the William Sempliner law office, 1205 S. Main (open weekdays, except Thursday, from 10 to 12 and 1:30 to 4 p.m.), and from the office of Dr. John Robison, 884 Pennington.

Tickets will cost \$4 a couple. Bob Durant is a talented composer, arranger and pianist and his orchestra appeals to those people who appreciate the best in repertoire and performance.

Combining the styles of George Shearing and Carmen Cavallero, Bob Durant's piano magic and orchestra performance are crowd pleasers. He is a regular performer at the Bloomfield Hunt Club and

Grosse Pointe Hunt Club. He is now writing a show for the Birmingham Junior League Follies. Combining the favorite sounds of some of the national name bands, Bob Durant's orchestra

offers special arrangements of "Slaughter on Tenth Avenue," "Rhapsody in Blue" and many others. Hours of the dance from 9:30 p.m. to 12:30 a.m.

## Jean's Jottings

It's no small feat to feed 160 dinners at a time anytime, but when one feeds 160 each hour for five hours it becomes something out of the ordinary.

This is what Mayflower Auxiliary, 6695 of the V.F.W. did this past Sunday when they held their 13th annual Smorgasbord Dinner.

Through the combined teamwork of the male side of the V.F.W. and the Auxiliary a variety of foods burdened the serving table from which guests helped themselves.

By splitting forces in a highly efficient manner, Mayflower Post and Auxiliary members worked in groups to set up tables, prepare food, work in the kitchen, serve and wash dishes.

That their system is a success and has earned an enviable reputation can be substantiated by the proof that hundreds come each year to this annual event.

While we were there, members of the Jim Bassett family occupied three tables. Jennie Tallmadge, daughter of the Bassett's was ticket chairman for the Smorgasbord.

Some of the many responsible for the dinner were these committee chairman.

Marion Skoglund, Marion Robertson, Lucille Johnson, Mary Schwartz, Eleanor Gust, Rosemary Kooiman, Bettie Neale, Lucinda Archer, Mildred Dely, Geraldine Olson, Shirley Kubik, Loretta Young, Delores Shaw, Helen Luttermoser, Jane Diekmann, Dolly Bouterse, Eileen Williams, Gert Danol and Beatrice Walton.

After the receipts have been counted some of the monies will be allocated to various community service projects, hospital work and the purchase of American flags, which the V.F.W. and Auxiliary donate to organizations throughout the year.

## Canton Goodfellows Plan for Needy

By Esther Sprengel  
GL 3-0194

Although the reports have it that the pheasant catch this year is very slim, a certain father and son team seem to be doing all right. The Canton Hunting Club holds a contest each year for their members, for the hunter getting the pheasant with the longest tail feathers and the pheasant weighing the most.

Capturing the honors, so far, and we still have a ways to go, are Kerry Bordine, son of Mr. and Mrs. Roger Bordine of Saltz Rd. Kerry has bagged the pheasant with the longest tail feathers to date. The tail measures 20", but sharing the honors with his son, is Roger Bordine, who to date has the heaviest bird, weighing in at 3 lbs. ½ oz. So, fellows you will have to top that to take home the trophy this year. Thought you should know what you are up against.

Mrs. Liz Variot, district chairman for Canton Township Torch Drive, proudly announced that the residents of Canton have gone over their quota this year. The quota was set at \$1,037, and the volunteer workers collected \$1,055. The quota for the township's business was set at \$517 and to date the amount collected has not been announced.

A little late perhaps, but a birthday wish goes to Jackie McTurner, daughter of Mr. and Mrs. W. C. McTurner. Jackie celebrated her birthday with all the little goblins on Halloween.

As in other years, Canton Township Goodfellows are busily making plans to make Christmas a merry one for less fortunate residents. The group held a meeting Wednesday, Nov. 1, at the Township Hall.

This year the president is Mr. Colburn Dennis, Jr., vice president, Robert Simmons, secretary, Mr. Lovett Gee; and treasurer, Mr. Robert Waldecker.

The annual Goodfellow paper will be on sale to Township Residents on Dec. 2, but we will remind you again of this date later.

A dual birthday celebration was held at the Round Table Club by Mrs. Walter Ash of Plymouth. Her guests of honor were her sister, Mrs. Fred Aldrich of Ford Rd. and their

mother, Mrs. Grace Corwin, also of Plymouth. Beside the wonderful luncheon, the two ladies were the recipients of two beautiful corsages.

Mrs. Aldrich's birthday is on Nov. 1, and Mrs. Corwin's is on Halloween.

Mr. and Mrs. Fred Aldrich just returned from a week-end at Bay City where they visited with cousins, Mr. and Mrs. Harry Dixon. Other members of the family from Detroit were on hand to celebrate (once again), Mrs. Aldrich's birthday. After all the birthday celebrating, she is now resting up for a two week vacation trip to Florida.

Mrs. Aldrich will chauffeur her daughter-in-laws, grandmother, Mrs. Bella Malen and companion, Mrs. Martin of Detroit, to Mrs. Malen's Florida home. The ladies plan a scenic trip and a stop-over in Hollywood and then two weeks rest in the sun before Mrs. Aldrich's return to Canton.

The young people of the Cherry Hill Methodist Church recently held a Shoppers' Show for the ladies of the church. The group is now planning their 25th anniversary luncheon on Nov. 14.

The group was formerly known as Unit No. 2 and invitations have been sent out to all present and past members who could be located, according to the group's president, Mrs. Stanley West of Ridge Rd.

The Men's Club of the Cherry Hill Methodist Church held a very successful Halloween masquerade party Oct. 28 for adults and children. The group's president is Mr. Duane Bastian.

The Gallimore School children enjoyed their annual Halloween party, under the direction of the room mothers. The festivities started at 1:30 p.m. with the traditional parade of costumed children into the multi-purpose room, where they started things off with songs of Halloween under the direction of their music teacher, Miss Susan Emmett.

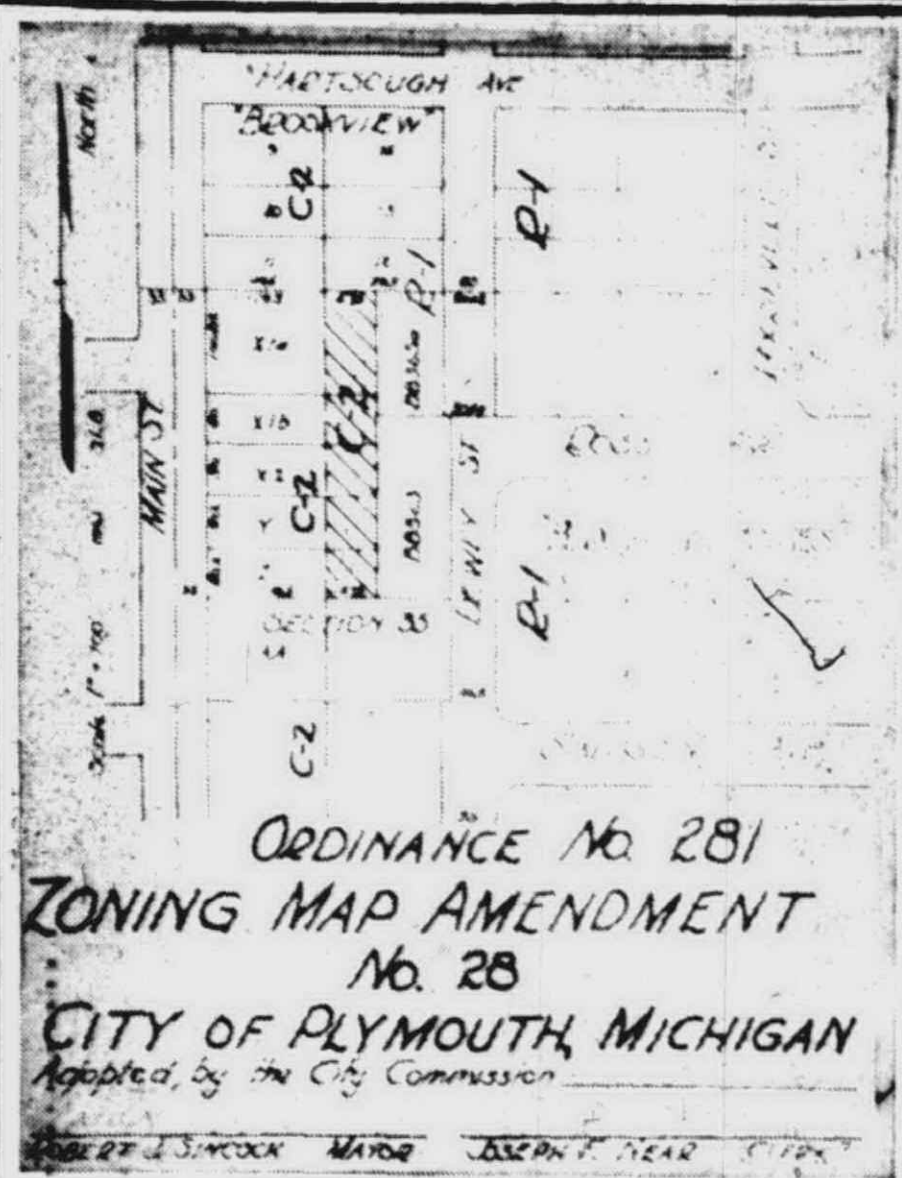

Between songs there were squeals of delight over the big gorilla (Hank Rupert, the school custodian) who insisted upon peeking at them over, under and around the big black board in the corner of the room.

Rumors have it that Hank (Mr. Rupert) has more fun than the kids on Halloween, and one thing for sure, they look forward to his pranks each Halloween.

Following the song session, each room was introduced with their teacher, as they paraded across the stage for all to see, especially their guests, the parents. Following the parade each room returned to their home room for refreshments provided by the room mothers. Appropriate Halloween games followed.

It never ceases to surprise your writer the many unusual costumes the children wear, and the unusual ideas put into them by them or their parents. It is one time of the year, each and everyone may be just what he or she wants to be.

Just in case you're interested, I may now be contacted anytime of the day (usually) and would like very much to hear about those news items.

## Public Tours Chevrolet Plant Friday

Thousands of local residents will have an opportunity Friday to tour one of the area's major industries.

Leo M. Seidl, manager of Chevrolet Motor Division's Spring and Bumper plant at 13000 Eckles Rd. said all preparations have been made to give visitors an interesting and educational tour of the local facility.

The open house, from 9 a.m. to 9 p.m., Nov. 10 was scheduled in observance of Chevrolet Motor Division's Golden Anniversary. It was 50 years ago this month when Chevrolet was incorporated.

"Children and adults alike are

most cordially invited to visit our operations Friday," Seidl said. "There will be special exhibits of our local products and souvenirs for everyone."

The plant manager said that Chevrolet plant is one of 31 Chevrolet plants across the nation holding similar open houses Friday.

"These open houses were scheduled in order to give our friends, neighbors, customers and suppliers in the areas where we have operations an opportunity to become more familiar with us," Seidl said.

"Our open house program has been built around our Golden

Anniversary theme: 'Thank you, America, for 50 years of confidence!'

Chevrolet-Livonia manufactures suspension parts and bumpers for Chevrolet vehicles. The plant currently employs about 2,000 persons, many of them from Plymouth.

## Evangelist Begins Nightly Meetings at Baptist Mission

Canton Baptist Mission located at 44205 Ford Rd. corner of Brookline, Canton Township, will be in revival starting Wednesday, Nov. 15 through Sunday, Nov. 19 at 7:30 p.m. each evening.

Francis M. DuBose, superintendent of City Missions, Baptist State Convention of Michigan, will be the evangelist bringing the message each night.

Brother DuBose has been in Michigan since June of this year working with the Southern Baptist Churches in this area organizing missions. He came to Michigan from Texas where he pastored the Bethany Baptist Church in Breckenridge and taught at the Southwestern Baptist Theological Seminary, Fort Worth.

Brother Cecil Dyer, pastor of Canton Baptist Mission, welcomes all to attend these services and feel some "spiritual food" from these messages.

Canton Baptist Mission just started services in this building one month ago. They have been increasing in attendance each Sunday in all services. Everyone in this area is very welcome to attend regular services and each night of the revival.

## City To

(Continued from Page 1) ing City Hall in that area. The City already owns property on three sides.

It was in 1931 that Our Lady of Good Counsel Church was burned to the ground on the corner site. A basement unit was built and used by the congregation until 1945 when the present church was opened. The temporary church basement unit was purchased then by the K of C from the Diocese of Detroit.

The K of C Building Corporation chairman, William A. Leonard, said that the group has no firm plans for its future location.

In other action, the Commission voted to sell an acre of City-owned land along Six Mile Rd. for \$750 to the Northville Sand and Gravel Co. The property, which borders the company's quarry is mostly swamp.

## Speeds from Police, Crashes Motorcycle

A chase by police ended up in injury for Leonard Shirk, Jr., 22, of 41395 Wilcox Dr., last week. Police said that as they were driving east on Penniman Ave. at 11:30 p.m. on Oct. 30, Shirk sped past them on his motorcycle. Police started chase and turned on their red flasher. They said they hit a speed of 50 miles an hour.

As the motorcycle reached the Speedway Service station at Penniman and Harvey, Shirk turned into the station drive and went around the gasoline pumps toward Harvey St. when the cycle hit a curb.

Police said that the driver was hurled 20 feet into the air and landed 69 feet from the point of impact on a pile of lumber from a home that is being torn down next door. The motorcycle landed on top of him.

He was taken to Wayne County General and ticketed for reckless driving.

# City To Urge March of Dimes To Join Community Fund Drive

A request for conducting a March of Dimes house-to-house drive in the City of Plymouth was granted by the Commission Monday night but a letter will be sent to campaign leaders advising them that perhaps next year approval may not be given.

The letter will recommend that the March of Dimes affiliate itself with the Plymouth Community Fund.

The request to conduct the drive in January was made by letter by Mr. and Mrs. Joseph Witwer, 593 Hartsough, co-chairmen of the annual appeal for the past two years.

While Commissioners made it plain that they had no complaint against work performed by the

March of Dimes, they were against multiple household appeals.

Two weeks ago, Commissioners turned down a request by the Muscular Dystrophy Assn. for a drive early next month. The association had been told by the Commission a year ago that they should join a united drive and that they may not expect to be granted permission this year.

The Commission carried out the threat.

No such warning was given the March of Dimes a year ago,

so the permission was granted for the coming drive, but it may be a different story the following year. Commissioner Albert Glassford was instructed to write the March of Dimes leaders.

The motion also gave permission for a peanut sale in January.

City Attorney Edward Draugelis said that in some communities, household calls cannot be made unless a porchlight is turned on. This, in effect, is an invitation to be solicited, he said.

## Township Water System

(Continued from Page 1)

troit water was pumped into the system and has been mixing with the well water during tests. Now, all the water comes from Detroit and the wells will be used only on a stand-by basis.

"Plymouth Township officials are to be congratulated on the excellent job they have done in building facilities to take Detroit water," Remus stated Friday. "Cooperation on the part of local officials is vital to the development of an adequate, reliable, area-wide water system."

Township officials expect to build facilities to distribute Detroit water in the future.

Extension of water to the Township was made possible last year when the Detroit Water Department completed a \$2,200,000 transmission line along Eight Mile Rd. and enlarged storage and transmission facilities it took over from Wayne County as part of a \$57 million dollar lease-purchase agreement.

wine, vice-president of First Federal Savings & Loan, won the North Carolina trip; and Superintendent of Schools Russell Isbister was to go to Indiana.

McAtee was the first to report back. Instead of flying by himself, he used the money to drive his entire family to Plymouth, Mass. where he attended the Rotary Club meeting and was hosted for an entire weekend. He reported that Plymouth, Mass. is a progressive city which has increased its popularity as a tourist spot. After-effects of a hurricane however, prevented tourists from boarding the Mayflower during his visit.

Charles Finlan and Bud Gould split the one round-trip air ticket and each paid the other half themselves. They had wired ahead that they were coming and when they arrived reporters and photographers were at London Airport to greet them.

"They just couldn't understand that we had come to England to make up a Rotary Club meeting," Gould declared. They then took a five-hour train trip to Plymouth where they were amazed at the modern city of 200,000 population.

"The areas bombed out in World War II have now been replaced with modern buildings," Gould added. At the Friday noon Rotary Club meeting, the American visitors brought greetings from Plymouth, Mich. "We think that the British have no sense of humor but they were cut-ups at their meeting. They

thought that if the crazy Americans can send someone over there to attend a meeting, they can send someone to America," Gould said. So they are arranging a similar affair in their 150-member club and will send someone here next spring.

Since Gould is a builder, he was shown by the Rotary president the new housing projects in the Plymouth area, where homes range from \$3,000 up to a lavish home of \$15,000.

The two visitors spent two days in Plymouth, then hopped to Berlin to attend another Rotary Club meeting. After this they split up and Finlan went to Munich to visit his mother who is touring Europe. Gould stopped a day at Paris and returned to Plymouth last Wednesday. Finlan made a business stop in Puerto Rico and is expected back today or tomorrow.

Perry Richwine turned his winning trip ticket over to Dr. William Covington while Supt. Russell Isbister has not yet made his trip to Plymouth Ind.

## Estimate Penniman Avenue Renewal Job at \$29,000

A motion to move ahead another step for paving Penniman Ave. from Main to Harvey was approved by the City Commission Monday night.

Engineering on the project has been completed and City Manager Albert Glassford presented the proposal before the Commission to determine how much of the project should be paid by abutting property owners and how much the City should pay.

The entire project will cost an estimated \$29,000. This would include repaving and raising the street and installing all new curb and sidewalk.

Commissioners decided that the City-at-large should pay two-thirds of the project while the

property owner would pay one-third. This would amount to \$10 a front foot for property holders.

Purchasing some property and cutting back the sharp corner on the northeast side of the Penniman-Harvey intersection is also part of the project.

Public hearings will be held.

## Fund Drive

(Continued from Page 1)

Raymond Division of Associated Spring, Evans Products, Western Electric and Michigan Bell.

General Chairman Isbister, in acknowledging the effort of all campaign workers, noted that one of the products of the drive is the "spirit generated during the campaign — what it does for the spirit over and above the dollar tag and the unification of achieving a common goal."

It is expected that even more money will be added to the total as some of the late contributions are reported. The Community Fund Board has anticipated some trouble in attaining the goal this year because of the strikes which hit most of the area automobile industry and one of the Plymouth Township plants, Whitman & Barnes.

Mrs. Bauer, who carried home the Go-Go Bird for the year, was cited for her effort in organizing some 200 women for the house-to-house campaign. While it was acknowledged that the household drive does not result in any great amount of money (\$3,678), it does serve the purpose of giving personal contact to those who are otherwise not reached.

Entertainment was provided during the evening by the Yankee Misses, a girl's barbershop quartet who were international champions. They are members of the Sweet Adeline Society.

by George Spelvin

Pa Pennypacker has packed up his plus fours and his persnickety plethora of problems. Plagued as he was by the perplexing pathways of polygamy, Pa showed noble restraint as he pontificated amid the persistent persiflage of the hilarious evening. Those of you that were lucky enough to see Dr. Richard Darling, Mrs. Carl Cederberg, Mr. Jacob Rumpf, Russ Wallace and a host of other local citizens "acting up a storm of evocative emotions" at the Plymouth High School Auditorium last week can agree with old George that the Guild's 40th production was a gem.

Saturday night was S.R.O. (Standing Room only) with over 400 people attending. Barbara Elliot, ticket sales chairman for "Mr. Pennypacker," felt that the advanced reserve ticket plan had much to do with the fine turnout to this opening production. Close to a thousand people enjoyed every minute of Pa Pennypacker's problems and were so happy when he was fully accepted by his 17 children.

Dr. Harry Oknaian, 792 Ann Arbor Trail, and his petite wife were heard commenting to Bob Wall, the director, that "Pennypacker" was as good as anything he had seen lately at the Shubert Theater in downtown Detroit. High praise, indeed. Bob grinned shyly, shuffled his un-shined shoes, and straightened his spotty cravat as he admitted that the cast was excellent.

It's Bob's contention that when you have 20 cooperative people as you did have on stage most anything is possible. Russ Wallace has worked George C. Scott who you could have seen the other evening on you TV screens or last year on the silver screen in "Anatomy of a Murder". Or take Aunt Jane (Kathleen Dodds) ... her work with Rod Serling while she was in Texas

gave her background that made the director's job that much easier. And Jake Rumpf as explosive Grampa brought years of experience to his role. Back in the 1920's Mr. Rumpf was active in Detroit circles. He has had the good fortune to appear in a minor capacity with some great actors: Katherine Cornell, Walter Hampden and Jesse Bonstelle.

What about the folks backstage? William Moore of Karmada Street could relate many a hair-raising tale of horror. It was his gargantuan task to cue characters on and off the stage. With 20 actors underfoot it's a wonder that Bill retained his happy disposition. Merle Heft, Guild president, and Kathy Moore with her cue gal, Ann Tillotson handled the comings and goings of the large cast as Bill's assistants.

Vice-President Hal Young with his assistant William Kamen twisted the dimmer dials and gave us that rich, warm light that made the 1890 room of Pa's radiant with family comfort. Loretta Young, the chairwoman of the make-up committee, marshaled her crew (Rose Kooiman, Betty England, and Ruth Popovich) with the efficiency

and expertness of Hollywood's Perc Westmore. Young folks took on age, old folks became young under their magic touch. Let's not forget those gals in the kitchen that provided the Pennypacker Phosphate, a special pixillating punch that only Pa knows the formula.

Those cookies baked by the Guild members added the right epicurean touch to the evening. The usherettes provided by Mrs. Cameron Lambe and Linda Wall took your ticket with a courtesy and efficiency that bespoke years of training. Cindy Lacy, Marilyn Wall, Patty Fehlig, and Rosa Battle, provided quick service to an appreciative line of theater patrons. Alice Wright, costume Chairman, altered Grampa's suit minutes to go to the opening curtain and proved the point that Guild members are always resourceful.

It was a nice change to come to community theater and have ushering just like downtown. Part of going to the theater is being given this personal attention. Let's hope the Guild keeps this highly professional approach to the "house" side of their thespian operations.

The Plymouth Theater Guild has been in existence now for 14 seasons. Little by little a genuine professional attitude has been developing. Next meeting of the Guild will be on Monday, Nov. 20. Mr. J. A. C. Rumpf, "Pennypacker" producer and currently chairman of the Guild Workshop, has announced his plans for a spectacular drama on November 20.

Rumor hath it that "J. Z." will be in this production also. Meeting will start at 8 p.m. on the 20th of this month. Plan now to bring a host of your friends and see a Workshop production at the November meeting. Entire cast of "Pennypacker" will be honored at this monthly meeting too. If you'd like to visit with them and find out more about the inner workings of the past production, come over on the 20th to chat with them. They'd like to meet you in this informal manner.

Before we close the curtain this week, I'd like to pay tribute to the gal that worked hard and long behind the scenes that we have occasion to forget: the prompter. Or as Bob Wall would like to have her named: the assistant director. Night after night she watches the play page by page and when it's all over few folks take time to shake her hand. So here's to Mrs. Jean Konke of Harvey St. for her fine work as assistant director. And Mary Ann Nichols as the prop gal for gathering all the authentic 1890 pieces of furniture pictures, etc. our derby is doffed to you. Even the "Gay 90" tunes played by Mrs. Inez Locke during the intermissions filled the auditorium with an aura of nostalgia that gave added effect to the Pennypacker lines.

It's difficult to tear myself from the marvelous local production in the field of drama, but we must admit that other plays are being given. Over at Ann Arbor, the U of M players are opening this week with G. B. Shaw's "Arms and the Man." If you like your comedy served on the controversial side, "Arms and the Man" is your dish. Shaw belittles war and class distinction in this play. Both of those topics are as topical today as they were many years ago when the show opened in London. The four-day run opens on Wednesday, Nov. 8. Get your tickets at the Lydia Mendelssohn box office which is open from 10 a.m. to 5 p.m.

"La Dolce Vita", the much-discussed Italian movie, is now being shown at the Campus Theater in Ann Arbor. Call NO 8-6418 for exact starting time. This foreign film runs for three hours and is in Italian with English sub-titles. Ray Dennis on out Gyde Road way has seen the movie in Detroit and has pleaded with old George to be sure and see this most unusual motion picture. "Splendor in the Grass" continues at the Penn.

# Walled Lake Swamps Rocks

## Dart Scores TD In Last Game

It took another unbeaten football team to do it, but Plymouth suffered its second defeat of the year in the final game of the season.

The Rocks, previously beaten only by undefeated Northville, succumbed to the superior effort of Walled Lake last Friday, 26-6. It was the first time that Walled Lake had beaten Plymouth in four years.

Plymouth found itself behind 13-0 before the end of the first quarter after the Lakers struck quickly for two touchdowns. A 56 yard pass play from quarterback Green to halfback Ron Wik sent the Lakers out in front 6-0 early in the first quarter.

Another pass from Green to halfback Jim Webb covered 39 yards and produced the second score after a Plymouth punt had been blocked on the Rock 40.

The Rocks came to life in the second quarter and moved 65 yards in eleven plays to score. Jim Dart went around end to score from the two yard line, but the big plays were a 20 yard run by Quarterback Dick Schryer and a 14 yard pass from Schryer to Rick Sweet, playing end.

Plymouth mounted another drive that ended on the 17 yard line before Walled Lake took over just before the half ended.

For the past two weeks Plymouth halfbacks have been hampered by leg bruises and injuries. The injuries finally began to be felt in third period, when halfback Jim Webb of Walled Lake burst through the middle and went 68 yards for a

touchdown in the third period. Plymouth's backfield men simply couldn't catch him in the mud on their bad legs.

The Lakers added the final score in the fourth period on an end run by quarterback Thomas that covered nine yards.

Rock Tackle Jim Gavigan suffered a dislocated shoulder late in the third period and was treated at St. Joseph Hospital.

The defeat made Plymouth's final season record 6-2. In the league, the Rocks posted a 5-0 record for sole ownership of the league title.

Only Northville and Walled Lake, both unbeaten and champions of their own leagues, were able to beat them. It's not a bad record.

## Northville Wins All

Last week was the final week-end of high school football in the area. Below are the results of how Plymouth's 1961 opponents fared in the last games. Walled Lake 26, Plymouth 6. Northville 33, Clarenceville 6. Allen Park 32, Roseville 0. Bentley 21, Farmington 14. Monroe 41, Trenton 6. Berkley 24, Belleville 18.

## THE APPRAISER'S JOB

There was a time, not so long ago, when a dealer appraising a customer's car would take a walk around it, glance at the tires, bounce it to test the shocks and "guess" he could allow so much.

In today's competitive market, a dealer cannot afford an "approximate" idea of what a customer's car might be worth. He must know exactly. If his appraisal is too low, he could lose the new car sale. If it is too high, he could lose money.

A quality dealer, therefore, is as much interested in the good points of a car being traded in as he is in the items that will need reconditioning. If he plans to retail the car on his own lot, and therefore stake his reputation on it, he must know the state of wear of the engine, transmission and other major components.

We are especially anxious to acquire top quality used cars, for these are the class of used cars for which we have a premium market among buyers who rely on our reputation for quality. They are always in short supply. Because of a pre-sold market, we can generally offer you more competitively for your trade-in.

This is not so with a dealer whose main appeal on used cars is low price alone. He finds difficulty convincing his prospects, lured to his lot by his low price appeal, that one particular offering is worth more than other worn-out models that have been dressed up to look good.

Plymouth, the only Suburban Six League team in the finals, placed 10th in the 12 team meet with 209 points. For the Rocks, Tony Hunt was 23rd, Byron Latter 40th and Dennis Knapp was 43rd.

## RU Edges JVs; Clark Gets Two

Redford Union, which produced a surprising varsity football team this year, promises to be better in the future. Plymouth JV's found that out last Thursday as they lost to the RU JV's 28-20. It was the second Rock JV loss against five victories.

Plymouth scored in the first period on a 10 yard pass from Quarterback Roger Wilhelm to halfback Terry Clark. The Rocks had recovered a Redford Union fumble on the RU twelve yard line just after the kickoff.

RU scored twice in the first period to go ahead 14-6. The second touchdown came when an alert Panther stole the ball and galloped thirty yards to score.

RU displayed a tough ground game throughout, and went ahead 21-6 in the second period. Plymouth came back with 14 points in the third period to close the gap to 21-20.

Wilhelmi dove over from the two for one score and Clark scooted through tackle for four yards for the final Plymouth touchdown. Halfback Dave

Agnew scored both extra points on runs in the third period. The loss gave Plymouth JV's a final season record of 5-2 and 4-1 against Suburban Six Junior Varsity teams. It is the best record in the league.

## SPORTSEEN

By Bill Nelson

This was the week for Plymouth to lose. The varsity lost to Walled Lake; the JVs lost to Redford Union and the cross-country team finished 10th in the state meet, where they were expected to do better by Coach John Sandmann.

Maybe the season was too long, because Plymouth athletic teams this season posted superb overall records. The varsity won the league championship, the JVs won a mythical JV league championship and the cross-country team won the league title. The freshman footballers were unbeaten.

Coach Mike Hoben said, "I don't want to take anything away from Walled Lake, but two things hurt us. We've had practically no practice for two weeks because of injuries."

"In addition," he said, "we just ran out of gas. Walled Lake scored awfully easy. I think that when we beat Trenton badly we took a pretty good beating ourselves."

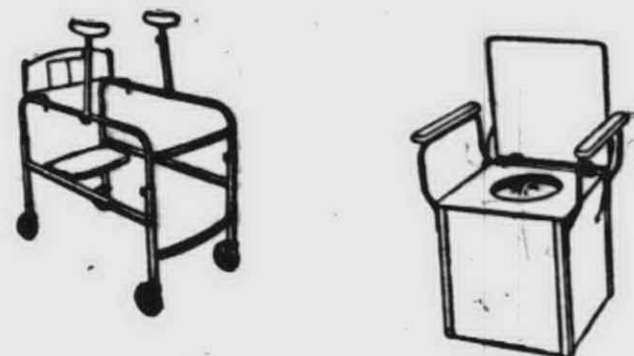

Plymouth fans will recall that Trenton was the game in which Plymouth won the championship. The Rocks haven't been the same since.

Although Rocks rallied to beat Redford Union, they gave up 46 points in their last two games — after the championship was won. Earlier it was practically impossible to score upon Plymouth.

"I'm proud of this team," Hoben added. And so, we think, is Plymouth.

Next week in this spot you will find Jerry O'Neil who is no stranger to Plymouth. Jerry is taking over the duties of writing sports for the Plymouth Mail and we wish him well.

Plymouth football teams provide an exciting adventure which it is certain Jerry will enjoy. The writer is indebted to the Plymouth coaches during the past several seasons. They have helped immensely and made the writing of sports an easy task.

# Riverside Coin Club to Hold Coin Show in Plymouth Sunday

The Riverside Coin Club, organized this year to serve coin enthusiasts of Plymouth, Northville, Livonia, Garden City, Novi, Wayne, the Redford area and the surrounding communities, will hold its first Fall Annual Coin Show and Bourse on Sunday, Nov. 12. The show will be held at the American Legion Hall, 888 Sheldon Road, Plymouth and the doors will be open to the public at noon and will

close at 6 p.m. Coin Show Chairman James Perna, of Northville, states that several coin dealers from the metropolitan Detroit area have procured tables in the local show and will be on hand with their bourse tables for trading, buying and selling of coins and supplies. Several of the Club's members will also have portions of their personal collections on exhibit.

Ernest Koi, president of the Riverside Coin Club, invites all interested coin enthusiasts to view the show. "There will be no charge to come to our show," states Koi. "Our Club is for both the youngsters and the adult collector and our aim and purpose is to give the youngster and the beginner a helping hand and the opportunity for them to intensify their interest in the hobby of coin collection."

The Riverside Coin Club meets bi-monthly, the first Thursday of the month at 8 p.m. and the third Sunday of the month at 3 p.m. at the Legion Hall. Due to the show being held on the 12th, there will be no regular Sunday meeting in November. The auction which is conducted during each meeting has become a highlight of the club's activities. Recently, a section of the auction was set aside strictly for the Junior members of the Club.

Other coin enthusiasts interested in becoming members of the local Club may attend any of the regular meetings or may join during the Show this Sunday. Charter memberships will close on Dec. 31.

Refreshments in the form of sandwiches, coffee and so forth will be available during the show.

Bisbee, not pictured, was chairman of the Christmas booth, which offered many clever ideas for the holiday season just ahead.

ELIZABETH HOLMES, Plymouth township treasurer, was only one of many that had lunch at the First Methodist Church Nov. 2, when ladies of the W. S. C. S. held their annual Harvest Bazaar. Shown on the serving team are Mrs. Lester Couts, food

kitchen chairman, Mrs. Eric McCuaig, Mrs. John Miner and Mrs. Hall Bailey. The menu included ham and escalloped potatoes, homemade biscuits, jello salads, and a variety of desserts, all prepared by women of the church.

## WHAT HAPPENS AFTER DEATH?

In a few score years, all who read these lines will have vanished from the earth.

Every day, almost a hundred thousand human beings finish their earthly span and pass off into the vast beyond. Our turn will come we all know, but when, where and how we cannot be sure.

No merely human being ever has been able to look into eternity and tell us what it is like. No scientific knowledge or instruments can pierce the curtain that divides this world from that into which all of us must eventually journey.

All we know about God's eternal plans for us... all we know about what lies beyond the grave... comes from the God Who made us and to the extent He has seen fit to reveal it to us.

But we can face eternity without fear. For we have a definite answer to the mystery of death. With the facts God has put at our disposal through the inspired books of the Old and New Testaments, the Catholic Church always has given, and gives today, a definite answer to the important questions raised by the fact of death.

Death does not bring merely a long unconscious slumber, but rather a quick awakening to the irrevocable judgement of our Creator. Nor does it bring us a second chance to prove ourselves or to amend our erring ways. In our own hands rests the opportunity... and upon our own heads the responsibility... to determine if death shall be the threshold to everlasting life among the blessed, or among the lost.

Men blessed by youth and good health often feel that death for them is far away... something to be worried about only in the twilight years. Some scoff at the suggestion that an everlasting hell could be permitted by a merciful God. Others seem to think that God will treat them kindly if they live reasonably moral lives, even though they pay Him no special honor which is His due.

If you would like more information on Heaven, Hell, Purgatory, the end of the world and the resurrection and judgement of all men... we shall be happy to send you an interesting pamphlet, in a plain wrapper. And nobody will call on you. Write today for your copy of Pamphlet No. KC-14.

Yesterday students had a chance to recuperate while parents discussed their offspring's many merits with eager teachers. These parent-teacher conferences—the main part of American Education Week—will be continued tomorrow (Thursday) night from seven to nine. GL 3-3100

**TUBERCULIN** tests, a free service offered by the Tuberculosis and Health Society in cooperation with the Wayne County conducted today. The skin testing method was employed and all students and teachers who participated must be in school on Friday to determine reaction, otherwise, the test will be worthless.

**PLYTHEAN** Editor Susy Larkin, '62, has announced that the theme for the 1962 book will be moods and faces. Because of the really great pictures by nationally known photographer Irving Lloyd, the staff decided to change from the original theme. Some of 'Irving's' pictures—featuring people and atmosphere—are on display in the main hall this week.

**GRAND OPENING** of The Teen Shop was Thursday through Saturday. On hand to welcome the public, especially the teenagers, were merchants Inge Dietrich, Doug James, Sally Gilles, Larry Carver, Bob Lesch, Greg Holland, George Klepack, Shirley Nickerson, Mary Rupert, Jeanine Wright, and Jim Yost. Free coke was served and sweaters, a jacket, slacks and a tie given away during the grand opening.

The Teen Shop is located on the second floor of Davis and Lent and is actually a department of Davis and Lent run by teens who are required to take a special course in retailing.

**SENIOR CLASS** President Harold Fischer is calling an executive meeting this week to start plans for the prom. Last Tuesday, Harold went to a band show at the Latin Quarter (it pays to have Mr. Fred Nelson, who has many connections, as a class advisor) and was really impressed by a 15 piece orchestra—so the seven-man executive board will be discussing the state of the class treasury to see if seniors can afford this "terrific group."

Vice-Mayor Carolyn Scott, senior representative, Janet Graham, and Council advisor Mr. Gustave Gorguz, attended the planning session for the League Student Council conference at Belleville last week. Carolyn will be 'leader' of the discussion group on school spirit and Janet will be 'recorder' for a group concerned with the leadership role of the Student Council as applied to the smoking problem. Ten Council members will attend the all-day conference at Belleville.

**ONLY THE** Class of '63 would do it—buy eight (no lie, eight.) MILES of crepe paper. Marcia Livingston, Nancy North and their committee-men will be up late the night of December 15 to transform the gym into a snowy Central Park. Remember, just 38 days 'til the J-Hop!

The curtain will go up November 16 on the fall all-school play "You Can't Take It With You." Dress rehearsals are November 14 and 15 with Director Robert Stenger working the cast every day 'til then.

**CLUBS** in a Capsule: FTA will have Mrs. Warren Pelton, who works at the Ann Arbor Clinic with the mentally ill, talk with members on special education tomorrow. On November 15, Judy Yount, '62, and Sally Ward, '63, will attend a special education day at U of M and Eastern.

Pep Club is selling "PLY-MOUTH" pine and members have made wooden blocks to use as noise-makers at games. Water Waves and Ripples are discussing the theme for the annual water show.

Some Eskimos believe that the souls of the dead reincarnate themselves in newborn babies, and protect the growing children from harm. They hold that a parent should not punish a child because the spirit might resent the interference. When the child grows old enough to take care of himself, the spirit departs.

## What's Cooking In Plymouth Kitchens?

Edna M. Allen, this week's Mail guest cook, is well known to Plymouthites, young and old. A former principal of Plymouth High School she also taught aspiring high school authors the four W's of writing.

The community gave tangible proof of their esteem and affection for her when they named the Edna M. Allen school in her honor.

Since her retirement she occupies herself with writing a family history. Her outside interests include membership in the Woman's Club and the Birthday Club.

Her recipe for Veal Casserole, which follows, is a favorite hot dish with the Birthday Club. It originally came from her sister, Mrs. E. G. Sluyter in Royal Oak and they have been making it for some 20 years.

### Veal Casserole

1 lb. of veal, exclusive of bone and gristle, cut into half inch cubes  
 1/2 c. butter; no more if extra meat is used  
 4 tbs. flour, rounded up well  
 1 four oz. can Brandywine mushrooms, pices and stems  
 1 pint milk  
 1 can Oriental noodles (to be put on top, when meat is done and left only a few minutes in hot oven, heat turned off.)  
 Season well with Laury's Seasoned salt, be generous if you like it.  
 Bake at least one hour, covered. When bubbles begin to show, turn down to 350. If well-done meat is desired leave oven at 300 for some time.

# Township Carves Another Niche

Official dedication of the newly-expanded Plymouth Township water system last Friday noon was another real milestone in the history of the Township.

It is difficult to believe that less than 15 years ago Plymouth Township didn't even have a Township Hall. Elected officials worked out of their homes and there was no Township fire department.

In 1948, the Township Hall was erected and some fire equipment was purchased. In 1958 the Township moved ahead on its first sanitary sewer project by selling a \$790,000 bond issue. After that came the effort to build its first water system, and for this a \$1.1 million bond issue was needed.

A second fire station has been opened within the past year, a custom fire truck will be purchased and the Township Hall has been expanded and will soon undergo more alterations to fit its expanding business.

The credit, of course, goes to the elected officials who have been steadily pushing ahead with a program that is often difficult under the Township form of government. To sell the bonds, it was necessary to obtain the "faith and credit" backing of Wayne County. Financial consultants get the first look at the projects. When they okayed it, and the county gave it their

blessing, the engineer had to have his plans approved by the State Department of Health.

Then came the time-consuming job of writing ordinances, taking bids on bonds, signing bonds, obtaining bids for the work and finally signing contracts. Both the water and sewer projects were the results of two to three years of preliminary work.

The major job of expediting the work fell on the shoulders of Supervisor Roy Lindsay. Since he is the Township's delegate to the Wayne County Board of Supervisors, he made scores of special trips to Detroit to hustle things along. Once there was a long delay when the Livonia Council decided not to allow Plymouth Township to tap onto the Detroit City water source at Eckles Rd., but this obstacle was finally removed.

Now that a large portion of Plymouth Township has both water and sewer service, we can foresee a steady surge of business, industrial and residential growth. And more important, the threat to health caused by inefficient septic fields seeping into well water sources will be eliminated.

So it's hat's off this week to our Township officials, engineers and others who have helped achieve another milestone in the progress of the community of Plymouth.

# Bouquets to Two Fine Businesses

Two local business firms celebrated anniversaries last week. Norbert Lofy at Arbor-Lill completed 10 most successful years in business and we most certainly would like to hand him a bouquet for the fine job he has done with his fine dining establishment.

Few of us realize the important contribution Lofy's, Hillside and the Mayflower make in bringing people and dollars into this community. We are especially fortunate to have these unusually fine eating places at our door step and certainly the name of Plymouth has been spread far and near as their reputations are broadcast across the land.

Mr. and Mrs. Lofy have done a magnificent job and we wish them the best of everything during the years ahead.

Secondly, we would like to doff our hat to Nelson Schrader who celebrated his

first successful year of business in the furniture field on Penniman avenue. His fine store has been a stimulant to that street and a salvation to downtown Plymouth.

No doubt he is grateful for the reception Plymouth has given him and without doubt, as he strolls about the store, he must think about the days before he was born when his father Nelson Sr. and his uncle Fred D. Schrader, father of our local mortician Edwin Schrader, first started their mortuary in the upstairs of this building. Later they expanded to Northville and the main street of Plymouth with their funeral parlors and two fine furniture stores for these communities.

We hope he too will prosper as the days pass by knowing his contribution to our city will help the rest of us make this a better place to work and live.

## Gov. Swainson's Bid Is No Surprise

By Elmer E. White  
Michigan Press Association

THE NOVEMBER, 1962 election was brought sharply to the attention of Michigan Republicans with the formal announcement Gov. John B. Swainson of Plymouth would seek another term.

Although it was assumed Swainson would want another two years as Governor, there were some in the GOP who hoped his problems in the first term would be great enough to discourage him.

Reports of lack of "communication" within the Democratic party, a term used by party chairman, John J. (Joe) Collins, apparently were not enough, however, to cause the leadership to look for another candidate.

ful one of the six officeholders. Adams was very disappointed he did not receive one of the several judgeships which were appointed recently.

With or without Adams, however, Republicans face a big task in attempting to unseat the incumbents.

CONGRESSMEN Gerald R. Ford of Grand Rapids and Robert P. Griffin of Traverse City were among Republicans most often mentioned as possible candidates for the Number One spot on the ticket.

State Sen. William Milliken of Traverse City and Rep. Gilbert E. Bursley of Ann Arbor showed promise in the future but lacked experience. Each was in his first term in the state Legislature.

American Motors President George Romney was still given top ranking by some party spokesmen but his unsuccessful battle for the presidency of the Constitutional Convention left a bad taste in the mouths of some of the more conservative party members.

MSU President John A. Hannah is considered by some as an outstanding possibility if he could be interested in the government job.

THE GOVERNOR'S communication problems during his first year in office, when even Democrats commented on his mistakes, gave Republicans one of the most advantageous opportunities in many years.

The fact that Swainson and his team were in office and started campaigning some time ago, however, made a quick, wise decision by the GOP an urgent requirement.

A DICTATE by the Liquor Control Commission prohibiting sale of non-returnable beer bottles in Michigan after mid-January threatened as much fireworks as the anti-bias real estate rule tied up in court for more than a year since it was promulgated by the Corporation and Securities Commission.

Breweries and beer distributors did not threaten court action to halt effect on the rule. They did let it be known they would prefer if it never became a reality.

The theory behind the rule was that people would be less careless about littering parks and highways with bottles if deposit containers were more widely used.

Chief argument against the commission rule was that people would switch to beer in cans instead of returning to deposit bottles.

From where I sit... by Joe Marsh

## Makes A "Lot" of Sense

The other day I was driving by Slim Thomas' used car lot, when I noticed he'd put up a big neon sign. Trouble was, one of the letters was upside down. So I drove in. "Hey, Slim," I said, "that's a nice new sign—but one of the letters is wrong-side up!"

"Heck, I know that," laughs Slim. "Matter of fact, I had it made that way deliberate. Figure folks were bound to come in to tell me about it—and it works! I must get four or five new prospects a day."

Then he grins down at me. "By the way, Joe," he says, "I could give you a pretty good

deal on that car of yours..."

From where I sit, "look before you leap" is especially true whenever you start to give advice. Unlike Slim, some folks may not welcome your suggestions—especially about personal tastes! Whether your neighbor takes coffee with his meals, or prefers a glass of beer—that's really his own "business." Giving folks credit for knowing their minds is a good way of keeping friendships bright-side up.

Mrs. Craig Stover, ex-president of Eta Psi and the present advisor of Phi Gamma Alpha, presided at the tea table, where the gleam of special silver appointments enhanced the tea

service and the centerpiece of yellow roses.

Approximately 30 members and guests attended from Ann Arbor, Livonia, Garden City, Wayne and Plymouth.

**Oh Happy Days! Tax Rate Drops**

There was good news yesterday for City taxpayers from Treasurer-Assessor Kenneth Way — a reduction in the tax rate for the coming year of 97 cents per \$1,000 of valuation.

Way learned of the reduction during a trip to the County Bureau of Taxation Tuesday.

The new rate for schools, city and county will be \$51.17 per \$1,000 valuation. The old rate was \$52.14. The change came about through the reduction of state equalization.

"This will mean a few extra dollars in the pockets of taxpayers," Way said, "to which there should be no objection."

# Plymouth Marine Retires After 20 Years Service

Marine Master Sergeant Earl Wilson, formerly of 681 Deer St., Plymouth, was retired Tuesday, (Oct. 31) during formal parade ceremonies at the Marine Corps Air Station, El Toro, Calif.

Sgt. Earl Wilson

Completing his 20-year career, Wilson has accepted the position of city editor of the Orange Daily News, Orange, Calif.

A graduate of Plymouth High School in 1940, Earl has had a widely-traveled and illustrious career in the Corps, having served as a publicist for the Marine Corps Recruiting Service in Detroit, Benton Harbor, Kalamazoo and Saginaw in Michigan and as Public Information Chief at Indianapolis, Ind.

He also was a reporter-photographer with the Sixth Fleet in the Mediterranean where he visited Gibraltar, Cannes, France; Golfe Juan and Marseilles, France; Paris; Athens, Greece; Naples and Rome, Italy; the islands of Crete, Malta, Sardinia and Capri; and Oran, Algeria.

Enlisting in the U.S. Marines at the outbreak of World War II, Earl served with the famed Second Marine Division in the Pacific, participating in the bitter campaigns for Tarawa, Saipan and Tinian.

As a combat correspondent with the First Marine Division in Korea, Earl was awarded the Navy Commendation Medal for "meritorious achievement and outstanding service in the line of his profession during operations against the enemy."

The citation reads in part: "Assigned as a combat correspondent to front line units, he worked tirelessly to ensure the accurate and factual reporting of all action. Time and again during fierce action, he managed to obtain prompt and accurate information for the civilian news media that would otherwise not have been available. On several occasions, he expressed complete disregard for his own personal safety and exposed himself to intense enemy fire to aid and assist in the evacuation of the wounded."

In addition to the Navy Commendation Medal, Earl wears the Purple Heart for wounds received in Korea, the Presidential Unit Citation, Navy Unit Commendation, Six Marine Corps Good Conduct Medals, American Campaign Medal, Asiatic-Pacific Campaign Medal with three battle stars, World War II Victory Medal, National Defense Service Medal, Korean Service Medal, United Nations Service Medal, Navy Occupation Medal, and the Korean Presidential Unit Citation.

He is the son of Mrs. Mary A. Wilson, now of 606 Washtenaw St., Ypsilanti. He gives his permanent address as 2133 N. Pacific Ave., Santa Ana, Calif., where he resides with his lovely wife, Lora, and their six children, Barry, 14; Larry, 12; Harold, 10; Cheryl, 8; Debbie, 6; and Phillip, 2.

## Wartburg College Choir Sings In Ann Arbor Church

Making its 24th annual tour since its founding, the Wartburg College a cappella choir will appear in Ann Arbor on Nov. 15. Curtain time will be 8 p.m. in Zion Lutheran Church, 1501 W. Liberty St.

Under the direction of Dr. Edwin Liemohn, head of the Wartburg music department, the choir is making a fourteen-concert junket through Illinois, Indiana, Ohio, Michigan and Wisconsin before returning home for a concert in Waverly on Nov. 19.

Since its organization in 1937 the 58 piece choir has traveled from the east coast to the west coast and from the deep South into Canada. Last year, the group toured Tennessee, Alabama, Florida and Indiana.

Yearly trips are made by the much-traveled singers, who three years ago sang their way through Denmark, England, Holland, Germany and Belgium. Since 1937, they have had 490 concerts in 26 states, the District of Columbia, Canada and Europe.

The choir has received rave notices wherever it has appeared. A California paper said, "A superb choir of unusual quality," while the Stuttgart (Germany) Zeitung stated, "... an amazing performance." A new breed of cattle developed in Australia is called the Droughtmaster and is resistant to both heat and cattle tick. It is a cross between the Brahmin and a red English beef breed.

## Delinquency Linked to 'Image' of Father

ANN ARBOR — A father, just by being in a low social class, may contribute to his son becoming a delinquent, says a University of Michigan psychologist. Evidence drawn from recent studies show that young boys in general compare their fathers to

the American image of "the successful man," reports Study Director Martin Gold (PhD) of the U-M Institute for Social Research. He suggests that a father's lower class status has the effect of weakening his control over his son and allowing the boy, in the face of other class-linked provocations, to become delinquent. The implication is, Dr. Gold notes, that the father's social position plays an important part in checking his son's delinquent behavior. From the material Dr. Gold and his colleagues at the Institute have collected recently in extended studies of delinquency and youth, the U-M psychologist reports: First, that in a study of delinquents, occupation was cited most frequently by the boys as the characteristic of a man which makes him a model adult for a boy. Second, that the number of boys who wanted to be like their fathers decreased as the job-prestige of their fathers diminished. This explains in part the relative ineffectiveness of the lower class father's control over his son, notes Dr. Gold, who is also an assistant professor in the U-M Department of Psychology. After comparing 92 delinquent boys with 92 non-delinquent boys, Dr. Gold reports that on the whole the delinquent boys' father-son relationships were poorer than that of mother-son. Specifically, they were "less likely to take personal problems to their fathers, or to participate with them in work or recreational activities."

"Delinquents are more likely to disagree with their fathers about standards of proper behavior, and to ignore their fathers' wishes when it comes to choosing their buddies." The father's job-prestige is also closely linked to the degree of influence he may wield in his family, which in turn influences his relationship with his son, Dr. Gold continues. His studies contradict the common image of the working class male as "the burly lord of his household" while the middle class male has been eased out of most of the decision-making function, he said. In fact, "the more prestigious the occupation of the father, the more influence he is accorded by members of his family." Evidence shows in addition that "the more influence a man has in his family, as perceived by his son, the more sure his son is that he wants to be like his dad when he grows up."

# The Professor Sez . . .

By Ed Brown

Here we are together again after a lapse of a few years and may I add that it is a most pleasant feeling to be associated with this paper once more and all the fine people on its staff. I think it was some 8 or 9 years ago that I left this column when I became hospitalized for some time, and had to drop some of my extra work. It didn't take me long to say I would be glad to renew my column, and I sincerely want to try and provide the readers of this news column with an insight on life, sports, philosophy and a variety of interesting experiences as viewed by an average individual, who enjoys living even though it is becoming more complex as the years roll around.

**AS AN OPENING** topic, we will write about the great country in which we live. Did you ever stop to realize how vast your country really is? We all look at maps and see pictures of interesting cities in the papers and magazines, and watch travelogues on television, but most of us have no conception of its bigness until we try to visit every 'nook and corner' in our wanderings.

For the past seven summers our family has been traveling about North America and the past summer saw us complete all 48 states on the mainland. We have also visited some of Mexico, and over half of Canada, including the Gaspe Peninsula, Prince Edward Island and Nova Scotia.

We do this the only way a family of modest circumstances can, and that is by camping in our Heilite tent-trailer which is pulled by our station wagon. Even if we were able to afford the luxuries of hotels, motels or what-have-you, none would be as nice as our little camp under the stars with the sky overhead for a roof. We usually spend about 4 to 6 weeks going to different sections of the country each summer.

I REMEMBER one night in particular near Santa Barbara, California, in a nice little State Park on the Pacific Ocean. We had a fire and could hear the huge waves smashing against the shoreline not too far distant. What a peaceful place it was — one just could not help but feel free of the everyday tensions, and could just relax and sleep all night with a rested mind. Then, up at the crack of dawn, breakfast of bacon and eggs around the fire, and off to another wonderful day of just going

*What a difference a year makes!*

If anyone had told him, a short while ago, that his 1961 Cadillac could be improved on—he would have regarded them with disbelief.

And yet, after only half an hour in the newest "car of cars", he knows that a year of Cadillac progress has made a world of difference.

In fact, the list of Cadillac advancements for 1962 embraces each of the great motoring virtues.

For added beauty, there is a lower, longer silhouette . . . greater simplicity and dignity of line . . . and new interior elegance and luxury.

For improved comfort, there is increased spaciousness . . . new convenience of appointments . . . and a ride that is unbelievably quiet and smooth.

For finer performance, there is greater power . . . more responsive handling . . . and a degree of all-around road ableness that is new even to Cadillac.

For increased safety, there is a new dual braking system . . . a new three-phase rear warning light system . . . and new cornering lights that illuminate your way around turns.

And we would like to say that even Cadillac quality has been enhanced for 1962. But the truth is simply that the car continues to be built to the highest standards that can be brought to the production of an automobile.

Stop by your dealer's showroom soon, won't you? He'll be happy to demonstrate to you what a difference a year can make—when the year is this one and the car is Cadillac.
